Kevin A. Bowen
Executive Director, Human Rights Alliance
PO Box 8640
Santa Fe, NM 87504

Dear Kevin A. Bowen,

On behalf of the City of Santa Fe Mayor's Committee on Disability, whose vision is to support and advocate for all people with disabilities in the City of Santa Fe, I am writing to report that, at a recent monthly meeting, the Committee unanimously voted to support the Human Rights Alliance (HRA) and its work in our community.

This support reflects the values we hold in common. We recognize the shared civil rights issues that drive our work and the strong overlap among the communities we serve. Many of the people we advocate for belong to both of our constituencies, and we acknowledge and uplift that intersectionality. We stand in solidarity with the HRA, knowing that the fight for the rights and dignity of any community advances the rights and dignity of all. We believe both of our communities are stronger through collaboration and recognition, and we welcome opportunities to partner on shared priorities.

We also want to recognize HRA's stellar work advancing representation at community events, and we hope to find ways to support and amplify that work together in the months ahead.

Thank you for your continued leadership and for HRA's work on behalf of our shared community. We look forward to collaborating.

With respect and appreciation,

Eli Fresquez, Chairperson
