Dear Daniel,
Thanks for reaching out to support the important vote tonight regarding pallet communities. As you note in your email, pallet communities work—and work well. Your support is vitally important. Please continue to speak up and stand up on this issue. I'm very grateful to you.
Alan

Mayor Webber and Members of the Santa Fe City Council,

I am a resident of Santa Fe, New Mexico and I am writing to express my support for one of two courses of action:

1) Expanding Pallet Communities and transitional housing throughout Santa Fe. This innovative and compassionate model provides immediate shelter, stability, and dignity to those experiencing homelessness, while beginning to address our community's larger housing challenges.

The Pallet Community model is not just a temporary solution—it is an integral part of a broader strategy to create a healthier, safer, and more inclusive Santa Fe. By supporting this model, you are giving individuals the opportunity to stabilize their lives, access essential services, and transition to permanent housing. At the same time, you are addressing public health and safety concerns for our entire community.

I urge you to:

1. Vote in favor of the BAR for \$2 million to expand Pallet Communities and invest in transitional housing.
2. Show leadership by championing effective, compassionate solutions to homelessness.
3. Partner with the community to ensure we are all part of the solution to this complex issue.

Santa Fe has the opportunity to be a leader in addressing homelessness with innovative approaches that make a real difference for our residents. Please vote in support of this critical initiative.

or

2) Approve the request for approval of a BAR in total of \$2,000,000 from the general balance to support non-congregate sheltering solutions.

Thank you for your leadership and for working toward solutions that benefit all members of our community.

Daniel Craig
