- Section of Agenda you would like to comment on: Public Comment
- Your Comment: I cannot select public comment on a particular item and also petitions from the floor. When you view the packet there is no way to comment on either a consent or action item. How does this change make the city of Santa Fe more transparent and its system more user-friendly? From my perspective it does NOT

Consent Item K This contract of the Marty Sanchez golf course is in addition to the new management contract that also runs in the millions. What other major costs are anticipated? Will they be outsourced or done by city staff?

Q Underpasses have proven dangerous for pedestrians....Is there a way to manage the traffic lights to allow pedestrian only crossings instead?

MUFFLER Noise ordinance will do no good without enforcement, and I am not sure even with the increase that it will prove a deterrent.

How about a penalty for businesses installing these noise devices?

The photo is of a very red building on Otero between marcy and paseo de peralta. How come no one in enforcement noticed?
