- First Name: Matthew
- Last Name: Topp
- Your District: District 4
- Meeting Date: 01/29/2025
- Section of Agenda you would like to comment on: Public Comment
- Your Comment: I believe I'm in district 6. I live at 1536 Kachina Ridge Drive. How can the city justify spending all this money when we have no police, no first responders, our roads are horrid. Our city is town is nasty nasty. Trash all over the place I have seen people defecating in front of Pete's pets. Again, how in the hell can you guys justify spending all this money to basically build some place where these people can go and allowed to do drugs. I was on my motorcycle westbound on Cerrillos far left lane at the corner of Cerrillos and Richards when I went through the light there was a homeless girl and she had a medium sized dog and what do dogs do when they see motorcycles they want to chase them if that dog would have made me wreck my bike and paralyze me is that homeless person that you want to help so bad , would they have the funds for me to sue them no! The city allows it is the city going to take care of me until I die? Hell no. You folks are destroying this town with the bleeding hearts. Last fall I was in Chows eating dinner and a group of 12 people came in. Come to find out they were tourists I was not eavesdropping but they were talking and I could not avoid from hearing their discussion. They were so disappointed that they drove all the way from Wisconsin to Santa Fe to see Santa Fe and then get here and realize how it is. This is a tourist town who in the heck in their right mind wants to come here with all this crap? During their discussion they were mentioning things like well it seems like the fancy parts the town is fairly clean but everywhere else is trashed. You can't go anywhere without walk somebody walking up to your begging for money as you're coming out of a store or retailer. Or you get the happy go lucky homeless it's begging for food and we'll work for food but don't ever want to work. My son is 24 years old and lives on the street. He has told me multiple times if there's places for people to go if they want help but the people that don't go don't want help. You're not allowed to do drugs and drink inside the Salvation Army shelter. And what does my city want to do they want to build a 265 bed unit to allow people to go in there and basically do what they want to do. So they get to Panhandle all day get the money for their drugs go get their fixed go home to a nice comfy cozy apartment or dorm room and get loaded. Not next to my neighborhood my property values will drop. Put this in your backyard! Why not use the old Juvenile jail on Airport? That's already got facilities built in it. Sinks toilets beds and showers. That area is not surrounded by a bunch of houses why do you want to put this stuff and have no regard to the people's taxes off of their property that helps pay your payroll you're not taking our tax money for us as Citizens you're

taking it to help people that don't want to help themselves! Guaranteed, in 10 years this town will die it's going to be so nasty nobody's going to want to come here. Absolutely horrible. I know folks in my neighborhood will not tolerate at all seeing people defecate on their sidewalk have trash blown around our neighborhood oh no no no no no no. We will not tolerate that!
