C. **Liability.** Except as otherwise expressly allowed or provided under this Agreement, the City's sole liability upon termination shall be to pay for goods already manufactured and/or acceptable work performed prior to the Contractor's receipt or issuance of a notice of termination; provided, however, that a notice of termination shall not nullify or otherwise affect either party's liability for pre-termination defaults under or breaches of this Agreement. The Contractor shall submit an invoice for such work within thirty (30) days of receiving or sending the notice of termination. **THIS PROVISION IS NOT EXCLUSIVE AND**

DOES NOT WAIVE THE CITY'S OTHER LEGAL RIGHTS AND REMEDIES CAUSED BY THE CONTRACTOR'S DEFAULT/BREACH OF THIS AGREEMENT.

The Contractor acknowledges that all sums received hereunder are personally reportable by the Contractor for income tax purposes, including without limitation, self-employment tax and business income tax. The Contractor agrees not to purport to bind the City unless the Contractor has written authority to do so, and then only within the strict limits of that authority.

10. Assignment

The Contractor shall not assign or transfer any interest in this Agreement or assign any claims for money due or to become due under this Agreement without the prior written approval of the City.

11. Subcontracting

The Contractor shall not subcontract any portion of the services to be performed under this Agreement without the prior written approval of the City. No such subcontract shall relieve the primary Contractor from its obligations and liabilities under this Agreement, nor shall any subcontract obligate direct payment from the City.

12. Non-Collusion

In signing this Agreement, the Contractor/Contractor certifies the Contractor/Contractor has not, either directly or indirectly, entered into action in restraint of free competitive bidding in connection with this offer submitted to the City.

13. Inspection of Plant

and upon prior written notice, the Contractor's plant or place of business, or any subcontractor's plant or place of business, which is related to the performance of this contract.

The Contractor agrees that the tangible personal property or services furnished under this Agreement shall be covered by the most favorable commercial warranties the Contractor gives to any customer for such tangible personal property or services, and that the rights and remedies provided herein shall extend to the City and are in addition to and do not limit any rights afforded to the City by any other clause of this order. The City shall have the right to audit billings both before and after payment. Payment under this Agreement shall not foreclose the right of the City to recover excessive or illegal payments.

17. **Appropriations**

The terms of this Agreement, and any orders placed under it, are contingent upon sufficient appropriations and authorization being made by the City Council for the performance of this Agreement. If sufficient appropriations and authorization are not made by the legislature, this Agreement, and any orders placed under it, shall terminate upon written notice being given by the City to the Contractor. The City's decision as to whether sufficient appropriations are available shall be accepted by the Contractor and shall be final. If the City proposes an amendment to the Agreement to unilaterally reduce funding, the Contractor shall have the option to terminate the Agreement or to agree to the reduced funding, within thirty (30) days of receipt of the proposed amendment. The City shall pay for any goods manufactured or acceptable work performed prior to Contractor's receipt of notice of termination or amendment.

18. **Release**

The Contractor, upon final payment of the amount due under this Agreement, releases the City, its officers and employees, from all liabilities, claims and obligations whatsoever arising from or under this Agreement. The Contractor agrees not to purport to bind the City, unless the Contractor has express written authority to do so, and then only within the strict limits of that authority.

B. The Contractor further represents and warrants that it has complied with, and, during the term of this Agreement, will continue to comply with, and that this Agreement complies with all applicable provisions of the Governmental Conduct Act, Chapter 10, Article 16 NMSA 1978.

C. Contractor's representations and warranties in Paragraphs A and B of this Paragraph are material representations of fact upon which the City relied when this Agreement was entered into by the parties. Contractor shall provide immediate written notice to the City if, at any time during the term of this Agreement, Contractor learns that Contractor's representations and warranties in Paragraphs A and B of this Paragraph 20 were erroneous on the effective date of this Agreement or have become erroneous by reason of new or changed circumstances. If it is later determined that Contractor's representations and warranties in Paragraphs A and B of this Paragraph 20 were erroneous on the effective date of this Agreement or have become erroneous by reason of new or changed circumstances, in addition to other remedies available to the City and notwithstanding anything in the Agreement to the contrary, the City may immediately terminate the Agreement.

D. All terms defined in the Governmental Conduct Act have the same meaning in this section.

21. **Approval of Contractor Representative(s)**

The City reserves the right to require a change in Contractor representative(s) if the assigned representative(s) are not, in the opinion of the City, adequately serving the needs of the City.

22. **Scope of Agreement; Merger**

24. **Equal Opportunity Compliance**

The Contractor agrees to abide by all federal and state laws, and local Ordinances, pertaining to equal employment opportunity. In accordance with all such laws, rules, and regulations, the Contractor agrees to assure that no person in the United States shall on the grounds of race, religion, color, national origin, ancestry, sex, age, physical or mental handicap, or serious medical condition, spousal affiliation, sexual orientation or gender identity, be excluded from employment with or participation in, be denied the benefits of, or be otherwise subjected to discrimination under any program or activity performed under this Agreement. The Contractor shall hold the City and its employees harmless and shall indemnify the City and its employees against any and all claims, suits, actions, liabilities and costs of any kind, including attorney's fees for personal injury or damage to property arising from the negligent acts or omissions of the Contractor, its agents, officers, employees or subcontractors. Exhibit 1 PALLET VILLAGE DIGNITY STANDARDS

INHERENT & ABSOLUTE

Pallet's mission is to end unsheltered homelessness. Pallet villages are operated by community partners who collaborate with village residents to end their unhoused status, while transitioning into stable housing as quickly as possible. Villages provide life-sustaining services in a manner that fosters a safe, affirming, and dignified atmosphere for all residents. Discrimination or disparate treatment toward village residents on the basis of race, religion, national origin, immigration status, gender or nongender conforming, sexual orientation, or any other protected class is strictly prohibited.

At Pallet, we believe in all people's inherent and absolute dignity. Guided by feedback from village operators and Pallet team members with lived-experience, we have created a set of dignity standards intended as universal and irreducible requirements for the purchase and use of Pallet shelters. These are organic principles intended to evolve and refine as we learn more about what works best.

HYGIENE FACILITIES

Everyone is entitled to hygiene and sanitation that is clean, safe, secure, and that provides privacy and ensures dignity. Well-maintained toilets are mandatory at all Villages and must be available at all times. Flush toilets are strongly preferred, especially as the number of residents increases. Well-maintained hand-washing facilities are mandatory and must be available at all times. Residents must have access to showers. Showers on site are preferred. An alternative shower plan is acceptable assuming reasonable distance and safety. Residents must be able to wash their clothes as needed. Laundry on site is preferred. An alternative laundry plan is acceptable assuming reasonable distance and safety.

MEALS

All people should live free of hunger, food insecurity, and malnutrition and Villages are required to confront and solve for these issues. Clean, safe drinking water must be available to all residents at all times. The provision of two-to-three nutritious meals daily and a place to prepare meals is strongly preferred. Operators should ensure that all areas used for food storage or preparation are kept sanitary and comply with local health codes. When needed, residents should be aided in signing up for food based government benefits upon moving in.

TRANSPORTATION

Access to essential services is a basic human right. Villages must not be more than one mile from an active public transportation hub allowing access to essential services such as food, healthcare, public benefits, and employment. Where not possible, shuttle services or other alternative transportation must be provided. Accommodations should be made for disabled persons who are unable to access general means of transportation.

SAFETY

We all want to feel safe in our neighborhoods. Residents, staff, and the surrounding communities should be afforded every available measure of safety and security. Site infrastructure must include exterior fencing, locking gate/monitored entrances, and operable lighting. Cabin spacing must be approved by the local fire authority, addressing the risk of fire and its potential to spread. Village operators must maintain and ensure clear pathways between and in each cabin. Operators must enforce a strict policy against smoking or open flames inside cabins. Operators must have sufficient staff on duty at all times and enforce established safety measures. Staff with de-escalation and trauma-informed training is strongly preferred. A zero-tolerance policy toward violence, abuse of power, threats/intimidation, sexual harassment/assault, or discrimination of any kind is mandatory for all persons at the village.

SUPPORTIVE SERVICES

The primary function of villages is to provide a supportive, safe community for residents to access services needed to permanently end their unhoused status. Village operators must engage residents in supportive services/case management. Supportive services must be client-centric with an emphasis on attaining stable housing, publicly available benefits, holistic health care, vital documents, and employment. Case management should be frequent, consistent, and transparent. It must be offered by trained staff.

Ms. Lovato,

I am writing as an authorized representative of Pallet, which is a Public Benefit Company and fair chance employer. We are interested in being the Manufacturer and Supplier for the City of Santa Fe's ITB opportunity for manufacturing and assembling up to 100 single occupancy emergency shelter units.

Pallet is the national leader in rapid-response shelter villages. We are "Buy America" compliant and exclusively manufacture in the U.S. Our unique and patented shelters (US Patent #10,260,228 B2) are the only known shelters on the market that can be put together quickly with minimal tools required and are made 100% of inorganic material -making them mold, mildew and rot resistant. Additionally, our shelters come with R-value 7.5 insulation, climate control appropriate for Santa Fe temperatures, 120-volt electrical connections, shelving, integrated bed platforms, and fire safety equipment like an emergency escape hatch, making our shelters the only know turn-key solution.

Pallet has manufactured, delivered and set up villages of the same scale requested by the City of Santa Fe, as well as at larger scales, 100 times working with 76 municipalities in the process. To see some examples, refer to the impact reports and product drawings in the Appendix.

I, Sammi Anderson, have the authority to discuss with the City of Santa Fe and to execute on behalf of Pallet any agreement that may result from the bid. I or Elizabeth Rugg may be contacted during the period of proposal evaluation.

We attest that all information submitted with the proposal is true and correct.

Changing Lives, One Stay and One Day at a Time

The Safe Stay Communities are helping turn lives around. They are another one of the City's solutions to help end homelessness; an immediate, compassionate alternative for people living on our streets so they can move toward gaining employment and living indoors again. And some people are doing just that. People like Michael Eddy and Wesley Roseberry. **Scan the QR code to watch their story.**

PALLET VILLAGE DIGNITY STANDARDS

INHERENT & ABSOLUTE

Pallet's mission is to end unsheltered homelessness. Pallet villages are operated by community partners who collaborate with village residents to end their unhoused status, while transitioning into stable housing as quickly as possible. Villages provide life-sustaining services in a manner that fosters a safe, affirming, and dignified atmosphere for all residents. Discrimination or disparate treatment toward village residents on the basis of race, religion, national origin, immigration status, gender or non-gender conforming, sexual orientation, or any other protected class is strictly prohibited.

At Pallet, we believe in all people's inherent and absolute dignity. Guided by feedback from village operators and Pallet team members with lived-experience, we have created a set of dignity standards intended as universal and irreducible requirements for the purchase and use of Pallet shelters. These are organic principles intended to evolve and refine as we learn more about what works best.

HYGIENE FACILITIES

Everyone is entitled to hygiene and sanitation that is clean, safe, secure, and that provides privacy and ensures dignity. Well-maintained toilets are mandatory at all Villages and must be available at all times. Flush toilets are strongly preferred, especially as the number of residents increases. Well-maintained hand-washing facilities are mandatory and must be available at all times. Residents must have access to showers. Showers on site are preferred. An alternative shower plan is acceptable assuming reasonable distance and safety. Residents must be able to wash their clothes as needed. Laundry on site is preferred. An alternative laundry plan is acceptable assuming reasonable distance and safety.

MEALS

All people should live free of hunger, food insecurity, and malnutrition and Villages are required to confront and solve for these issues. Clean, safe drinking water must be available to all residents at all times. The provision of two-to-three nutritious meals daily and a place to prepare meals is strongly preferred. Operators should ensure that all areas used for food storage or preparation are kept sanitary and comply with local health codes. When needed, residents should be aided in signing up for food-based government benefits upon moving in.

TRANSPORTATION

Access to essential services is a basic human right. Villages must not be more than one mile from an active public transportation hub allowing access to essential services such as food, healthcare, public benefits, and employment. Where not possible, shuttle services or other alternative transportation must be provided.

Accommodations should be made for disabled persons who are unable to access general means of transportation.

SAFETY

We all want to feel safe in our neighborhoods. Residents, staff, and the surrounding communities should be afforded every available measure of safety and security. Site infrastructure must include exterior fencing, locking gate/monitored entrances, and operable lighting. Cabin spacing must be approved by the local fire authority, addressing the risk of fire and its potential to spread. Village operators must maintain and ensure clear pathways between and in each cabin. Operators must enforce a strict policy against smoking or open flames inside cabins. Operators must have sufficient staff on duty at all times and enforce established safety measures. Staff with de-escalation and trauma-informed training is strongly preferred. A zero-tolerance policy toward violence, abuse of power, threats/intimidation, sexual harassment/assault, or discrimination of any kind is mandatory for all persons at the village.

SUPPORTIVE SERVICES

The primary function of villages is to provide a supportive, safe community for residents to access services needed to permanently end their unhoused status. Village operators must engage residents in supportive services/case management. Supportive services must be client-centric with an emphasis on attaining stable housing, publicly available benefits, holistic health care, vital documents, and employment. Case management should be frequent, consistent, and transparent. It must be offered by trained staff.

ITEM AND ISSUE:

Request for Approval of a General Services Contract with Pallet PBC, ITB #23-43-B for the purchase of up to 100 emergency shelter units, in an amount not to exceed \$1,466,100.00, including NMGRT, over two years. (Kyra Ochoa, Community Health and Safety Department Director, krochoa@santafenm.gov (505) 955-6603; Brian Williams, Emergency Management Director, bgwilliams@santafenm.gov (505) 955-6537; Julie Sanchez, Youth and Family Services Division Director jjsanchez@santafenm.gov (505) 955-6678)

BACKGROUND AND SUMMARY:

In response to Resolution no. 2023-16, A Citywide Response to Provide Pathways to Permanent Housing for Homeless Individuals, the Community Health and Safety Department's Emergency Management and Youth and Family Services Divisions would like to enter a contract with Pallet PBC allowing for the purchase of modular cabins. These units can be quickly deployed and are a safe, effective option to get people on a pathway out of homelessness. The cabins are also a valuable asset to have available for providing non-congregated shelter to community members that may be displaced by a future disaster.

Providing emergency shelter for homeless individuals is a humanitarian concern and an important aspect of ensuring the well-being and dignity of every individual. Homeless individuals are at a higher risk for health and safety issues, such as exposure to harsh weather conditions and increased vulnerability to violence. By providing emergency shelters, the city can ensure the health and safety of its residents, which can save money in the long run by reducing the burden on public services that homeless individuals may frequently utilize.

These types of shelters can be quickly deployed with minimal setup in a variety of settings following a disaster. They can serve as emergency housing for individuals displaced from their homes due to flood or fire, or as temporary employee housing for relief workers, allowing them to stay close to their work sites. They may also serve as emergency housing for a sudden influx of refugees should the situation arise.

The cabins are appropriately insulated for our climate with each containing heating and cooling options, storage, and a collapsible bunk for increased space during non-sleeping hours. All units have a lockable front door in addition to a secondary emergency escape hatch on the rear of the unit. All units contain a smoke detector, carbon monoxide detector, and a fire extinguisher for occupant safety.

The contract will allow for purchasing up to 100 units over 2 years at a total of \$1,466,100. The city intends to make an initial investment in 25 units as part of a pilot "Safe Outdoor Space". The agreement will allow for flexibility to purchase an additional 75 units over two years, should project success and operator capacity be demonstrated or another emergency need arise. The Office of Emergency Management in

partnership with the Youth and Family Services Division plans to make an initial investment in 25 units at a total of \$366,525.00.
