**To:** SFSWMA Joint Powers Board Members  
**From:** Randall Kippenbrock, P.E., Executive Director <sup>RLK</sup>  
**Date:** April 11, 2025  
**Subject:** Request for Approval of Amendment No. 1 to the Services Agreement with Enchantment Transport, Inc. of Albuquerque, NM, for Scrap Tire Hauling for the Buckman Road Recycling and Transfer Station (ITB No. 24040)

**SUMMARY**

The Agency is requesting the Board approve Amendment No. 1 (Amendment) to the Services Agreement (Agreement) with Enchantment Transport, Inc. of Albuquerque, NM, for scrap tire hauling services.

Per the Amendment, Enchantment Transport has agreed to extend the terms of the Agreement for a second year through April 18, 2026, at the same price and conditions. Per Article 5, the Agreement can be renewed annually, not exceeding four years, upon Board approval.

The Amendment increases the compensation for Enchantment Transport by \$17,250 for a not-to-exceed total of \$52,050.

Funding is available in 8100852.510310 (Service Contracts).

**BACKGROUND**

On February 20, 2020, the Board awarded ITB No. 24040 to Enchantment Transport for scrap tire hauling services.

On March 18, 2024, the Agency issued Invitation to Bid (ITB) No. 24040 for scrap tire hauling services. On April 18, 2024, the Board approved a Services Agreement with Enchantment Transport for \$34,800.

The ITB does not commit the Agency to a definite quantity or specific dollar value of scrap tire hauling. Instead, the ITB allows the Agency to procure the service from Enchantment Transport as needed.

Enchantment Transport hauls scrap tires to State Rubber & Environmental Solutions' (State Rubber) crumb rubber processing facility in Denver City, TX, at \$1,450 per semi-trailer load (128 cubic yard capacity). A load in an open-top semi-trailer can have about 1,200 passenger tires, 280 truck tires, or any combination thereof.

If State Rubber cannot accept scrap tires, Enchantment Transport will haul scrap tires to CRM of America's crumb rubber processing facility in Mesa, AZ, for \$2,050 per semi-trailer load.

The Agency receives scrap tires from customers at the Buckman Road Recycling and Transfer Station (BuRRT). The scrap tires handled by the Agency are predominantly passenger tires; however, the Agency accepts all tires, regardless of size. The following table summarizes the tire generation for the past three years:

Description	Calendar Year		
	2022	2023	2024
Total (pounds)	431,420	471,280	467,960
Ave Weight/Load (pounds)	25,378	26,182	25,998
No. of Passenger Tires	9,587	11,559	11,694
No. of Truck Tires	2,052	2,267	2,334
No. of Loads to State Rubber	17	18	18

The Agency has used State Rubber since 2014. State Rubber's fee for processing scrap tires is \$80.00 per ton. State Rubber accepts rimmed tires and oversized tires.

The State Rubber processing facility produces crumb rubber, steel, and fibers. Crumb rubber is primarily used in rubberized asphalt pavements; it is also used in molded rubber products, athletic surfaces, playground materials, landscape products, and oil industry products. Steel in tires is recycled at steel mills, and fiber from tires is used as a soil amendment, absorbent material, and molded rubber product.

**ACTION REQUESTED**

The Agency requests the Board approve Amendment No. 1 to the Services Agreement with Enchantment Transport for scrap tire hauling services.

The Agency also requests:

- Approval to extend the term of the Agreements through April 18, 2026.
- Increase the compensation by \$17,250 for a not-to-exceed total amount of \$52,050.
