Subject: Amendment #1 to On-Call Construction Contract 23-0221

Vendor Name: EMCO of Santa Fe, LLC

Munis Vendor Number: 1254

ITEM AND ISSUE:

Request for Approval of Amendment No. 1 to Construction Contract Item 23-0221 with EMCO of Santa Fe, LLC to Extend the Term through May 30, 2026, Update the Price List and Allow Contract Extensions for Up to Ten Years. (Romella Glorioso-Moss, Capital Projects Manager, rsglorioso-moss@santafenm.gov)

CONTRACT NUMBER:

The Munis contract number is 3204004.

BACKGROUND AND SUMMARY:

On May 14, 2023, the Governing Body approved on-call construction contracts with EMCO of Santa Fe, LLC and three other vendors. These on-call contracts are essential to efficiently deploy funds for pavement rehabilitation and roadway and trails construction projects.

This amendment adjusts the pricing on the contract as provided for in Article 2, paragraph D “Escalation/Reduction Clause” which allows the contractor, at the time of contract renewal, to adjust pricing not to exceed 10% annually. Based on the contractor’s request and verification by staff of increased costs for paving and concrete projects as published by NMDOT, prices will increase by 20%, cumulative for 2 years since contract establishment. The amendment also allows for adjusting pricing for changes in law such as tariffs that could affect costs.

Note that on-call contracts are not a guarantee of work and that task orders are issued as needs arise and funding is available. Staff requests quotes from multiple contractors for each project and Contractors may quote pricing that is lower than the contract price list.

This amendment also extends the contract through May 2026 and modifies the term to allow for extensions up to 10 years in accordance with NMSA 1978, Sections 13-1-150 through 152.

Re: **On Call Construction Contract Renewal Justification Letter – revised April 10, 2025**

Mr. Keelin:

Pursuant to Article 2, paragraph D “Escalation/Reduction Clause” in the On Call Contract between EMCO of Santa Fe, LLC and the City of Santa Fe, this letter serves as justification for a 20% increase across the board for all items listed in Attachment #1, enclosed.

As the City is aware, there has not been an escalation to the On Call contract since it was executed effective in May 2023. Since then, costs have increased dramatically for EMCO of Santa Fe as well as similarly situated contractors in the Santa Fe area.

Enclosed, please see a sample price comparison between 2023 and 2025. As you can see, prices on certain key items have increased since 2023 between 10% and 56%. Just about every aspect of the road construction industry has seen a minimum increase in prices of at least 20%-30%, including trucking, tires, parts, employee wages, health insurance and general liability insurance. For this reason, yearly price increases on the On Call contract are absolutely essential for the contractors to keep up with costs.

Also enclosed, please find Amendment #1 which reflects a 20% change across the board on all prices. This 20% increase is reflective of a 10% price increase for the period May 2024-25 and another 10% increase for the period May 2025-26.

EMCO appreciates the opportunity to work with the City of Santa Fe and looks forward to its continued association with the City on future On Call projects.

Sincerely,

Katharine C. Fishman
Manager of EMCO of Santa Fe, LLC

CITY OF SANTA FE
CONSTRUCTION CONTRACT

THIS AGREEMENT is made and entered into by and between the City of Santa Fe, New Mexico, hereinafter referred to as the “City,” and **EMCO of Santa Fe, LLC.**, hereinafter referred to as the “Contractor,” and is effective as of the date set forth below upon which it is executed by the Parties.

RECITALS

WHEREAS, the City, through its Governing Body, is authorized to enter into a construction Contract for the project; and

WHEREAS, the City has let this Contract according to the established State and Local Purchasing procedures for contracts of the type and amount let; and

WHEREAS, construction of this Project was approved by the Governing Body of the City of Santa Fe at its meeting of _____, 2023.

The CITY and the CONTRACTOR agree:

1. Scope of Work.

The Contractor shall perform all the work required by the Contract Documents for On Call Roadway and Trails Construction Services (Bid # 23/48/B) as follows:

A. General:

The City of Santa Fe Public Works Department wishes to establish a City-wide Price Agreement for on-call roadways and trails construction services, which consists of, but is not limited to: construction of new pavement, multi-use trail sections, and related infrastructure such as storm water drainage, bicycle and pedestrian facilities throughout the City of Santa Fe.

The construction of this project will be in accordance with the New Mexico Department of Transportation Standard Specifications for Highway and Bridge Construction, 2019 Edition (NMDOT, SSHBC).

Public Works Department shall provide, at a minimum, a detailed scope of work and/or drawings, generally defining the roadway, storm water drainage, streets, trails, bicycle and pedestrian facilities, signage, and pavement markings required for the project.

The work to be performed shall consist of furnishing all tools, equipment, materials, supplies, and manufactured articles and furnishing all labor, transportation, and services, including fuel, power, water, and essential communications, and performing all work, or other operations required for the fulfillment of the Contract in strict accordance with the contract documents.

The work shall be complete, and all work, materials, and services not expressly indicated or called for in the contract documents which may be necessary for the complete, safe and proper construction of the work in good faith shall be provided by the awarded Contractor at no increase in cost to the City:

- Contractor must have sufficient experience in constructing this type of work and therefore is familiar with all combinations of materials, labor, and equipment that are required for the successful completion of this project.
- Contractors shall have the technical staff to perform diagnostic services and provide professionally prepared, stamped drawings, if needed, to obtain installation or construction permits.
- Contractor shall be responsible for adherence to the contract documents, specifications and approved directives and change orders.
- Contractor shall be responsible for verifications of all existing conditions, measurements and dimensions.
- Contractor shall be responsible for all permits, fees, and State and/or City inspections associated with the construction.

B. Specific:

1. Maintenance of Traffic

The Contractor shall furnish traffic control devices, take protective and safety measures, and complete the work. If the Contractor fails to do so, the Construction/Project Manager (The Construction/Project Manager will be listed on each Task Order) will notify the Contractor in writing of the deficiency and the Contractor shall take corrective action within the time-frame specified by the Construction/Project Manager. Failure by the Contractor to take the corrective action as directed by the Construction/Project Manager shall result in the City assessing to the Contractor the incurred costs for the corrections plus an additional 10% for administrative costs.

The Contractor shall not endanger the traveling public when moving equipment on or across the Right of Way (ROW) and roadway. The Contractor's equipment shall enter and leave the ROW and roadway in the direction of the traveled way, except with the written approval of the Construction/Project Manager.

The Construction/Project Manager may direct the Contractor to maintain the pavement surface, which the City will pay for.

The City is responsible for snow removal on sections of roadway open to the traveling public.

The Construction/Project Manager will coordinate snow removal with the Contractor and the City maintenance patrol.

The Contractor shall furnish warning devices, take protective and safety measures, and complete shoulder work, drainage structures, or other features of the work. If the Contractor fails to do so, the Construction/Project Manager will notify the Contractor in writing of the deficiency and the Contractor shall take corrective action within the time-frame specified by the Construction/Project Manager.

The Contractor shall provide reasonable vehicular and pedestrian ingress and egress to adjoining properties during the duration of the Contract. The Contractor shall advise and schedule access modifications with local business owners and residences and the Construction/Project Manager at least 24 hours in advance.

The Contractor shall not open partially completed sections of the traveled way unless directed or approved by the Construction/Project Manager. If the traveled way is opened at the Contractor's request, the Contractor remains liable for costs associated with the opening until final acceptance of the project. The Construction/Project Manager will provide written instructions approving any sections, which are to be opened. Such an opening shall not constitute a full or partial acceptance of the work or a waiver of any Contract provisions.

2. Rights in and use of Materials

The Contractor may use materials found in the excavation for completing pay items. Payment will be made for both the excavation of such materials at the corresponding contract unit price and for the pay item for which the excavated material is used.

If the excavated material would have been used to construct embankments or bridge approaches or for other purposes, any of which would have been required to complete the contract, the Contractor shall replace the excavated material with acceptable material at no additional cost to the City. The City will not charge the Contractor for the use of the excavated material. The Contractor shall obtain written authorization from the Construction/Project Manager before excavating material that is within the ROW but outside the grading limits, as shown by the slope and grade lines. Prior to granting approval, the Construction/Project Manager will verify that the requirements of Section 107, "Legal Relations, Environmental Requirements, and Responsibility to the Public" (NMDOT, SSHBC 2019 Edn.) have been met. If not previously cleared environmentally, meeting these requirements will be the responsibility of the Contractor.

Unless otherwise provided, the Contractor may temporarily use the material from existing structures in the erection of a new structure but shall not, without the approval of the Construction/Project Manager, cut or otherwise damage such materials.

3. Storage of Materials

The Contractor shall request from the Construction/Project Manager written approval to store

equipment or materials within the ROW for the adequate execution of the work. The Contractor shall store equipment and materials to preserve quality and fitness, to protect against vandalism or theft, and to facilitate inspection. The Contractor shall be responsible for the replacement or repair of materials affected by inadequate protection.

4. Final Clean Up

Pits located on state or federal land are governed by the appropriate requirements of the City. The requirements of this section do not apply to a commercial source.

Before final acceptance all areas occupied by the Contractor or in connection with the work shall be cleaned of all deleterious material, rubbish, excess materials, temporary structures and equipment, and all parts of the work shall be left in a condition acceptable to the Construction/Project Manager or otherwise required by the Contract. To avoid the requirement of removal of equipment from private property before final acceptance, the Contractor shall make appropriate arrangements with private property owners and provide documentation of the arrangement to the Construction/Project Manager.

The Contractor shall not allow borrow pits and surfacing pits to change the general pattern of existing drainage. Unless borrow pits or surfacing pits are suitable to develop as ponds or lakes and the property owner has notified the City in writing that such development is planned, the Contractor shall where practicable leave all pits well drained.

The Contractor shall, when excavation is complete, contour grade pits, except quarry pits, to blend with the natural topography of the surrounding area or in accordance with the Contract or agreements with the property owners.

5. Compliance with Plans and Specifications

The Contractor shall perform the work and provide the materials in substantial compliance with the lines, grades, cross sections, dimensions, and material requirements as specified by the Contract. The City's failure to discover or reject work or materials not in substantial compliance with the Contract during the work shall not be considered an acceptance of the work or materials, or a waiver of defects. The City's failure to properly perform inspections or tests shall not relieve the Contractor from its obligation to perform the work and provide materials in substantial compliance with the Contract and shall not be considered the City's acceptance of the work or materials.

If the Construction/Project Manager determines that work or materials are unacceptable, the Contractor shall remove, replace and correct the work or materials at no additional cost to the City. The Construction/Project Manager's determination that the work or materials are unacceptable shall not form the basis of a claim for additional contract time or additional compensation.

If work does not comply or substantially comply with the Contract, the Construction/Project Manager may determine the work is nonetheless acceptable. If accepted the

Construction/Project Manager will, by change order, provide an adjustment for work or materials.

6. Coordination with Utilities

The Contractor shall comply with the Notice to Contractors regarding cooperation with utilities for relocations, adjustments, and installations of utilities. The Contractor's responsibility is to adequately coordinate, notify, or comply with the Contract and failure to do so shall not form the basis for an extension of contract time or additional compensation.

The Contractor shall copy the Construction/Project Manager on all communications with utilities. For telephonic communications a summary of the communication shall be provided to the Construction/Project Manager monthly.

The Contractor shall be responsible for complying with the New Mexico Excavation Law, NMSA 1978, Section 62-14-1 through -10 (NMDOT, SSHBC 2019 Edn.), which provides the procedures and requirements related to the performance of project excavation work.

Failure by the utility owner to relocate, adjust, or install the utility in accordance with the Contract may result in the Construction/Project Manager issuing written direction to the Contractor directing that the Contractor shall relocate, adjust, or install the utility.

The Contractor shall terminate operations in the immediate area of a utility conflict not identified in the Contract and encountered during the work. The Contractor shall immediately provide written notice to the Construction/Project Manager of the conflict. The Contractor shall continue work in other areas. The Construction/Project Manager shall provide written notification to the Contractor when work may commence in the area of terminated operations. The Contractor shall make requests for additional contract time or compensation. Where utility conflicts not identified in the Contract are present, the Contractor shall provide the Construction/Project Manager, on a weekly basis, evidence of adequate coordination and cooperation with utilities. Neither additional contract time nor compensation will be provided where the Contractor fails to provide the Construction/Project Manager, on a weekly basis, evidence including a telephonic log of communications concerning the Contractor's continued cooperation and coordination activities with utilities.

7. Cooperation between Contractors

The City reserves the right at any time to contract for and have performed other work on or near the Project.

When separate contracts are let within the limits of any one project, each Contractor shall conduct the work without interfering or hindering the progress or completion of the work being performed by other Contractors. Contractors working on the same project shall cooperate with each other as directed.

Each Contractor involved shall assume all liability, financial or otherwise, in connection with

the Contract and shall protect and hold harmless the City for all damages or claims.

If the Contractor and one (1) or more other Contractors are unable to agree upon the sequence of work or other matters, the Contractor(s) shall request that the Construction/Project Manager provide a written decision on the issue. The Construction/Project Manager will allow a reasonable time for all parties to respond and, after reviewing the information received, will issue a decision binding on all parties within seven (7) days of receiving such information.

8. Inspection of Work

The Contractor shall provide the Construction/Project Manager with 48-hour notice for inspection of the work. Failure by the Contractor to provide the proper notice may result in the City directing the work performed without inspection to be removed at no cost to the City.

The Contractor shall provide the City access to the work and provide all information, equipment, and assistance requested or required to make a complete and detailed inspection of the work. All materials and each part or detail of the work shall be subject to inspection by the City.

The Construction/Project Manager may direct the Contractor to remove or uncover portions of the finished work, at any time before final acceptance of the work. The Contractor shall restore the portions of the work to the standard required by the Contract after the Construction/Project Manager's examination. If the examined work is acceptable, the City will pay for the removal and restoration as extra work. However, if the examined work is unacceptable, the Contractor shall remove and restore the work at no additional cost to the City.

Action or inaction by a City Inspector shall not relieve the Contractor from any responsibility under the Contract for acceptable work in conformity with the Contract. The failure to properly perform inspections, tests or approvals by the City shall not relieve the Contractor from its obligation to perform the work in strict conformance with the Contract.

9. Removal of Unacceptable and Unauthorized Work

Work that does not conform to the requirements of the Contract shall be unacceptable unless it is determined by the Construction/Project Manager to be acceptable. Should any defective work or material be discovered, before final acceptance, the City will issue a non-conformance.

Prior to City acceptance, the Contractor shall replace or repair materials damaged in transit or during handling at no additional cost to the City.

The Contractor shall remove unacceptable work resulting from causes existing before the final acceptance of the work and replace in an acceptable manner at no additional cost to the City. The Construction/Project Manager will set the time limit for the replacement work.

The City shall not pay for the following under the provisions of the Contract:

Work performed contrary to the Construction/Project Manager's direction or as provided in the Contract; work performed beyond the lines and grades on the plans; or, work performed without authority.

Upon failure of the Contractor to comply with the removal and replacement of unacceptable or unauthorized work within the time specified by the Construction/Project Manager, the Construction/Project Manager shall have authority to cause unacceptable work to be removed and replaced. The Construction/Project Manager will then deduct from the monies due or that become due to the Contractor the cost of removing or replacing the unacceptable or unauthorized work.

10. Maintenance During Construction

The Contractor shall maintain the work during construction and until the City accepts the work. This maintenance shall consist of continuous, daily work with adequate equipment and work force so that the roadway and structures are kept in satisfactory condition. The Contractor shall be responsible for maintaining the project free and clear of deleterious materials including debris, weather related remnants, snow, loose materials and trash. The City will be responsible for snow removal operations on travel lanes open and utilized by the public.

The Contractor shall maintain the previous course and subgrade when the plans require the Contractor to place traffic on the unfinished roadway.

All maintenance work during construction and before the project is accepted shall be incidental. The City shall not pay the Contractor an additional amount for this work.

11. Failure to Maintain Roadway or Structure

If the Contractor fails to maintain the project, the Construction/Project Manager shall notify the Contractor in writing of the failure. If the Contractor does not take corrective action in the timeframe specified, the Construction/Project Manager may issue a written notice of "Non-Conformance" or notice of the Contractor's apparent "Default of Contract."

If the Contractor does not begin maintenance after notice of non-conformance or default of contract, the Construction/Project Manager may begin maintenance of the project. For corrective actions implemented by the Construction/Project Manager, the Contractor shall reimburse the City for any incurred costs of such maintenance plus an additional ten percent (10%) for administrative costs.

12. Project Closure

- a. Step I. Contractor Notice of Projected Substantial Completion Date
- b. Step II. Completion Conference
- c. Step III. Termination of Contract Time
- d. Step IV. Project Inspection and Development of Punch List
- e. Step V. Notice of Punch List Completion and Request of Final Inspection

- f. Step VI. Final Inspection
- g. Step VII. Contractor Submittal of Final Documentation
- h. Step VIII. Physical Completion and Release of Retainage and Final Payment

a. Step I. Contractor Notice of Projected Substantial Completion Date

The Contractor shall provide written notification to the Construction/Project Manager of the projected substantial completion date. This notice shall be provided a minimum of 30 days prior to the projected date unless otherwise approved by the Construction/Project Manager.

b. Step II. Completion Conference

Prior to the projected substantial completion date, the Construction/Project Manager shall conduct a completion conference with the Contractor to review the project and determine conformance with the Contract. The City and Contractor will address all outstanding work needed for substantial completion. The City and Contractor will agree on the schedule for completion of all work necessary for project closure.

Within five (5) days of the completion conference or as directed by the Construction/Project Manager the Contractor shall submit for approval by the Project Construction/Manager the Contractor's proposed updated schedule for project closure.

c. Step III. Termination of Contract Time and Determination of Substantial Completion

After the Steps I and II of project closure are complete and the Contractor has determined it is ready to request substantial completion, the Contractor shall provide to the Construction/Project Manager a written request to determine substantial completion. Within two (2) days of receipt of the request for substantial completion the Construction/Project Manager will issue a determination of substantial completion, contract time or, if applicable, liquidated damages assessments will cease upon substantial completion.

d. Step IV. Project Inspection and Development of Punch List

The Construction/Project Manager shall inspect the project to verify that all work is complete or develop punch list items upon the determination of substantial completion.

The Construction/Project Manager shall provide the Contractor written notice that all work is complete or shall provide a punch list. Contract time shall resume if the Contractor fails to provide acceptable work associated with the punch list within the agreed upon schedule that shall not exceed thirty (30) days and resumed contract time shall continue until all punch list work is accepted.

e. Step V. Notice of Punch List Completion and Request of Final Inspection

The Contractor shall provide written notification to the Construction/Project Manager that the punch list is complete and request final inspection.

f. Step VI. Final Inspection

The final inspection by the Construction/Project Manager will be scheduled and conducted within five (5) days of the Contractor's written request for final inspection. If the inspection reveals unacceptable or unsatisfactory work, the Construction/Project Manager shall give the Contractor written instructions for correction and set the time limit for the Contractor to comply with these instructions. Upon the Contractor's correction of the work, written notification shall be provided to the Construction/Project Manager, the Construction/Project Manager shall make an additional inspection and notify the Contractor within four (4) days of the findings.

The Construction/Project Manager shall provide written notification of the final inspection acceptance to the Contractor within four (4) days.

The City will accept the project as soon as practicable after completion and inspection of the work. Acceptance is final and conclusive, except for the following situations:

1. Latent defects;
2. Fraud;
3. Gross mistakes that amount to fraud; or,
4. The City's warranty or guaranty rights.

g. Step VII. Contractor Submittal of Final Documentation

The Contractor shall submit a schedule for submittal of the following documents required by the Contract including the Final Payment Voucher, Certificate of Payment of Claims, Summary to Contractor, Pit Release Letter, additional named insured Insurance Bonding Release, Affidavit of Wages Paid, and Surety Release within five (5) Days of the date of the written notice of final inspection acceptance. For the Pit Release Acceptance by the Construction/Project Manager of a letter of intent from the landowner for future use may exempt haul roads or other areas from their vegetation requirements.

The Contractor shall furnish a completed Certificate of Payment of Claims form from persons or firms, including the Contractor, who have filed claims for additional compensation, for labor performed, or for material, supplies, or services furnished to the Contractor or its subcontractors.

The City shall withhold final payment and no late payment interest shall be due for the withheld payments until the Contractor furnishes all documents required by the Contract.

h. Step VIII. Physical Completion and Release of Retainage and Final Payment

Upon the completion of Steps "a" through "g" of Project Closure the Construction/Project Manager shall provide a written determination of physical completion to the Contractor. The City shall not release retained amounts until physical completion and when the Contractor fully

complies with all Contract requirements.

Until physical completion of the project, the Contractor shall have the charge and care thereof and shall take every precaution against injury or damage to any part thereof, by the action of the elements or from other causes, whether arising from the execution or from the non-execution of the work.

The City shall prepare an estimate summary to the Contractor, which is used for the proposed final payment voucher. The proposed final payment voucher shall correct all prior progress payments and release retainage. The City shall withhold from the proposed final payment voucher liquidated damages and overpayments. The Contractor shall sign, approve and return the City's final payment voucher. Upon receipt of a signed and approved final payment voucher, the City shall accept the work and pay the balance due on the final payment voucher. The City paying the balance due on the final payment voucher constitutes final acceptance.

If the Contractor disputes the final payment voucher, then the Contractor shall submit the Notice of Intent to Claim form within seven (7) days of receipt of the final payment voucher.

The Contractor shall not change or modify the final payment voucher. If a clerical error on the final voucher is discovered the Contractor shall notify the Construction/Project Manager in writing before the seven (7) day expiration. If the Construction/Project Manager agrees that there is clerical error, the Construction/Project Manager will correct the error and reissue the final payment voucher. If the Construction/Project Manager does not agree, the Construction/Project Manager shall notify the Contractor in writing and the Contractor shall have seven (7) days of receipt to sign the final payment voucher or submit a Notice of Intent to Claim. If the Contractor submits a Notice of Intent to Claim form or the timeframe to submit the Notice of Intent to Claim form expires, the City shall accept the undisputed work, pay the undisputed balance unilaterally due on the final payment voucher. A claim is forever barred if the claim is not timely and properly submitted within seven (7) days of receipt of the City's proposed final payment voucher. The City paying the balance due on the final payment voucher constitutes final acceptance.

Upon final acceptance, the City will complete its administrative process to close the project. Project closure occurs when the Construction/Project Manager signs the Project Closure form or Compass form for federally-funded projects.

This agreement shall not exceed four (4) years.

b. Progress Schedule

The Contractor shall provide a progress schedule (CPM) to the City at the preconstruction conference (or sooner) for approval by the Construction/Project Manager prior to initiating any work on each task order. Contract & substantial completion time shall be shown on the Contractor’s progress schedule.

c. Contract Completion Date

completion date in accordance with the Contract.

d. Cumulative Imposition of Liquidated Damages

The Contract completion time and substantial completion time will be evaluated and applied independently for each task order, and liquidated damages may be cumulatively imposed as specified in the Contract for the failure to achieve any of the required time or date requirements for each and every task order.

5. Night Work and City Noise Ordinance

City Noise Ordinance SFCC §10-2.4 B.5 prohibits “operating, or causing to be used or operated, any equipment used in construction, repair, alteration or demolition work on buildings, structures, streets, alleys or appurtenances thereto: (a) in residential or commercial zone areas between the hours of 9:00 p.m. and 7:00 a.m. the following day; and (b) in any other areas of the city where such operation exceeds the sound level limits for an industrial land use.” However, the City, Public Works Dept. has the ability to request an exemption to this ordinance in accordance with SFCC §10-2.8 PERMITS if it is deemed advantageous to the task order. The Contractor must request, in writing, a possible noise ordinance exemption prior to any work commencing on a task by task basis. If a permit is obtained, any night lane closures must be coordinated at least 48 hours in advance with the Construction/Project Manager and take into consideration times and duration of such night work in the vicinity of hotels and motels. The City reserves the right to restrict night work operations in the near vicinity of hotels and motels as may be necessary. Should the Contractor work nights, the City may require the Contractor to turn off idling equipment and equipment back-up alarms (audible reverse signal alarms) within noise sensitive areas and substitute such use with an observer/signal person per OSHA requirements. Such cases will be evaluated and determined by the city on a case-by-case basis.

6. Cooperation with Utilities

(Includes Products-Completed Operations If Required By Contract)

This endorsement modifies insurance provided under the following:
 COMMERCIAL GENERAL LIABILITY COVERAGE PART

PROVISIONS

The following is added to **SECTION II – WHO IS AN INSURED**:

Any person or organization that you agree in a written contract or agreement to include as an additional insured on this Coverage Part is an insured, but only:

- a. With respect to liability for "bodily injury" or "property damage" that occurs, or for "personal injury" caused by an offense that is committed, subsequent to the signing of that contract or agreement and while that part of the contract or agreement is in effect; and
- b. If, and only to the extent that, such injury or damage is caused by acts or omissions of you or your subcontractor in the performance of "your work" to which the written contract or agreement applies. Such person or organization does not qualify as an additional insured with respect to the independent acts or omissions of such person or organization.

The insurance provided to such additional insured is subject to the following provisions:

- a. If the Limits of Insurance of this Coverage Part shown in the Declarations exceed the minimum limits required by the written contract or agreement, the insurance provided to the additional insured will be limited to such minimum required limits. For the purposes of determining whether this limitation applies, the minimum limits required by the written contract or agreement will be considered to include the minimum limits of any Umbrella or Excess liability coverage required for the additional insured by that written contract or agreement. This provision will not increase the limits of insurance described in Section III – Limits Of Insurance.
- b. The insurance provided to such additional insured does not apply to:

- (1) Any "bodily injury", "property damage" or "personal injury" arising out of the providing, or failure to provide, any professional architectural, engineering or surveying services, including:

- (a) The preparing, approving, or failing to prepare or approve, maps, shop drawings, opinions, reports, surveys, field orders or change orders, or the preparing, approving, or failing to prepare or approve, drawings and specifications; and

- (b) Supervisory, inspection, architectural or engineering activities.

- (2) Any "bodily injury" or "property damage" caused by "your work" and included in the "products-completed operations hazard" unless the written contract or agreement specifically requires you to provide such coverage for that additional insured during the policy period.

- c. The additional insured must comply with the following duties:

- (1) Give us written notice as soon as practicable of an "occurrence" or an offense which may result in a claim. To the extent possible, such notice should include:

- (a) How, when and where the "occurrence" or offense took place;

- (b) The names and addresses of any injured persons and witnesses; and

- (c) The nature and location of any injury or damage arising out of the "occurrence" or offense.

- (2) If a claim is made or "suit" is brought against the additional insured:

COMMERCIAL GENERAL LIABILITY

- (a) Immediately record the specifics of the claim or "suit" and the date received; and
 - (b) Notify us as soon as practicable and see to it that we receive written notice of the claim or "suit" as soon as practicable.
- (3) Immediately send us copies of all legal papers received in connection with the claim or "suit", cooperate with us in the investigation or settlement of the claim or defense against the "suit", and otherwise comply with all policy conditions.
- (4) Tender the defense and indemnity of any claim or "suit" to any provider of other insurance which would cover such additional insured for a loss we cover. However, this condition does not affect whether the insurance provided to such additional insured is primary to other insurance available to such additional insured which covers that person or organization as a named insured as described in Paragraph 4., Other Insurance, of Section IV – Commercial General Liability Conditions.

PROVISIONS

A. BROAD FORM NAMED INSURED

The following is added to Paragraph A.1., **Who Is An Insured**, of **SECTION II – COVERED AUTOS LIABILITY COVERAGE**:

Any organization you newly acquire or form during the policy period over which you maintain 50% or more ownership interest and that is not separately insured for Business Auto Coverage. Coverage under this provision is afforded only until the 180th day after you acquire or form the organization or the end of the policy period, whichever is earlier.

B. BLANKET ADDITIONAL INSURED

The following is added to Paragraph c. in A.1., **Who Is An Insured**, of **SECTION II – COVERED AUTOS LIABILITY COVERAGE**:

Any person or organization who is required under a written contract or agreement between you and that person or organization, that is signed and executed by you before the "bodily injury" or "property damage" occurs and that is in effect during the policy period, to be named as an additional insured is an "insured" for Covered Autos Liability Coverage, but only for damages to which

this insurance applies and only to the extent that person or organization qualifies as an "insured" under the Who Is An Insured provision contained in Section II.

C. EMPLOYEE HIRED AUTO

1. The following is added to Paragraph A.1., **Who Is An Insured**, of **SECTION II – COVERED AUTOS LIABILITY COVERAGE**:

An "employee" of yours is an "insured" while operating an "auto" hired or rented under a contract or agreement in an "employee's" name, with your permission, while performing duties related to the conduct of your business.

2. The following replaces Paragraph b. in B.5., **Other Insurance**, of **SECTION IV – BUSINESS AUTO CONDITIONS**:

b. For Hired Auto Physical Damage Coverage, the following are deemed to be covered "autos" you own:

- (1) Any covered "auto" you lease, hire, rent or borrow; and
- (2) Any covered "auto" hired or rented by your "employee" under a contract in an "employee's" name, with your

COMMERCIAL AUTO

permission, while performing duties related to the conduct of your business.

However, any "auto" that is leased, hired, rented or borrowed with a driver is not a covered "auto".

D. EMPLOYEES AS INSURED

The following is added to Paragraph A.1., **Who Is An Insured**, of SECTION II – COVERED AUTOS LIABILITY COVERAGE:

Any "employee" of yours is an "insured" while using a covered "auto" you don't own, hire or borrow in your business or your personal affairs.

E. SUPPLEMENTARY PAYMENTS – INCREASED LIMITS

1. The following replaces Paragraph A.2.a.(2), of SECTION II – COVERED AUTOS LIABILITY COVERAGE:

(2) Up to \$3,000 for cost of bail bonds (including bonds for related traffic law violations) required because of an "accident" we cover. We do not have to furnish these bonds.

2. The following replaces Paragraph A.2.a.(4), of SECTION II – COVERED AUTOS LIABILITY COVERAGE:

(4) All reasonable expenses incurred by the "insured" at our request, including actual loss of earnings up to \$500 a day because of time off from work.

F. HIRED AUTO – LIMITED WORLDWIDE COVERAGE – INDEMNITY BASIS

The following replaces Subparagraph (5) in Paragraph B.7., **Policy Period, Coverage Territory**, of SECTION IV – BUSINESS AUTO CONDITIONS:

(5) Anywhere in the world, except any country or jurisdiction while any trade sanction, embargo, or similar regulation imposed by the United States of America applies to and prohibits the transaction of business with or within such country or jurisdiction, for Covered Autos Liability Coverage for any covered "auto" that you lease, hire, rent or borrow without a driver for a period of 30 days or less and that is not an "auto" you lease, hire, rent or borrow from any of your "employees", partners (if you are a partnership), members (if you are a limited liability company) or members of their households.

(a) With respect to any claim made or "suit" brought outside the United States of America, the territories and possessions of the United States of America, Puerto Rico and Canada:

(i) You must arrange to defend the "insured" against, and investigate or settle any such claim or "suit" and keep us advised of all proceedings and actions.

(ii) Neither you nor any other involved "insured" will make any settlement without our consent.

(iii) We may, at our discretion, participate in defending the "insured" against, or in the settlement of, any claim or "suit".

(iv) We will reimburse the "insured" for sums that the "insured" legally must pay as damages because of "bodily injury" or "property damage" to which this insurance applies, that the "insured" pays with our consent, but only up to the limit described in Paragraph C., **Limits Of Insurance**, of SECTION II – COVERED AUTOS LIABILITY COVERAGE.

(v) We will reimburse the "insured" for the reasonable expenses incurred with our consent for your investigation of such claims and your defense of the "insured" against any such "suit", but only up to and included within the limit described in Paragraph C., **Limits Of Insurance**, of SECTION II – COVERED AUTOS LIABILITY COVERAGE, and not in addition to such limit. Our duty to make such payments ends when we have used up the applicable limit of insurance in payments for damages, settlements or defense expenses.

(b) This insurance is excess over any valid and collectible other insurance available to the "insured" whether primary, excess, contingent or on any other basis.

(c) This insurance is not a substitute for required or compulsory insurance in any country outside the United States, its territories and possessions, Puerto Rico and Canada.

You agree to maintain all required or compulsory insurance in any such country up to the minimum limits required by local law. Your failure to comply with compulsory insurance requirements will not invalidate the coverage afforded by this policy, but we will only be liable to the same extent we would have been liable had you complied with the compulsory insurance requirements.

- (d) It is understood that we are not an admitted or authorized insurer outside the United States of America, its territories and possessions, Puerto Rico and Canada. We assume no responsibility for the furnishing of certificates of insurance, or for compliance in any way with the laws of other countries relating to insurance.

G. WAIVER OF DEDUCTIBLE – GLASS

The following is added to Paragraph D., **Deductible**, of **SECTION III – PHYSICAL DAMAGE COVERAGE**:

However, the most we will pay for any expenses for loss of use is \$65 per day, to a maximum of \$750 for any one "accident".

I. PHYSICAL DAMAGE – TRANSPORTATION EXPENSES – INCREASED LIMIT

The following replaces the first sentence in Paragraph A.4.a., **Transportation Expenses**, of **SECTION III – PHYSICAL DAMAGE COVERAGE**:

- (1) Owned by an "insured"; and

- (2) In or on your covered "auto".

This coverage applies only in the event of a total theft of your covered "auto".

No deductibles apply to this Personal Property coverage.

K. AIRBAGS

The following is added to Paragraph B.3., **Exclusions**, of **SECTION III – PHYSICAL DAMAGE COVERAGE**:

Exclusion 3.a. does not apply to "loss" to one or more airbags in a covered "auto" you own that inflate due to a cause other than a cause of "loss" set forth in Paragraphs A.1.b. and A.1.c., but only:

- a. If that "auto" is a covered "auto" for Comprehensive Coverage under this policy;
- b. The airbags are not covered under any warranty; and
- c. The airbags were not intentionally inflated.

We will pay up to a maximum of \$1,000 for any one "loss".

L. NOTICE AND KNOWLEDGE OF ACCIDENT OR LOSS

The following is added to Paragraph A.2.a., of **SECTION IV – BUSINESS AUTO CONDITIONS**:

Your duty to give us or our authorized representative prompt notice of the "accident" or "loss" applies only when the "accident" or "loss" is known to:

- (a) You (if you are an individual);
- (b) A partner (if you are a partnership);
- (c) A member (if you are a limited liability company);
- (d) An executive officer, director or insurance manager (if you are a corporation or other organization); or
- (e) Any "employee" authorized by you to give notice of the "accident" or "loss".

M. BLANKET WAIVER OF SUBROGATION

The following replaces Paragraph A.5., **Transfer Of Rights Of Recovery Against Others To Us**, of **SECTION IV – BUSINESS AUTO CONDITIONS**:

5. Transfer Of Rights Of Recovery Against Others To Us

We waive any right of recovery we may have against any person or organization to the extent required of you by a written contract signed and executed prior to any "accident" or "loss", provided that the "accident" or "loss" arises out of operations contemplated by

COMMERCIAL AUTO

such contract. The waiver applies only to the person or organization designated in such contract.

N. UNINTENTIONAL ERRORS OR OMISSIONS

The following is added to Paragraph B.2., **Concealment, Misrepresentation, Or Fraud**, of SECTION IV – BUSINESS AUTO CONDITIONS:

The unintentional omission of, or unintentional error in, any information given by you shall not prejudice your rights under this insurance. However this provision does not affect our right to collect additional premium or exercise our right of cancellation or non-renewal.

THIS ENDORSEMENT CHANGES THE POLICY. PLEASE READ IT CAREFULLY.

BLANKET ADDITIONAL INSURED
(Includes Products-Completed Operations If Required By Contract)

This endorsement modifies insurance provided under the following:
 COMMERCIAL GENERAL LIABILITY COVERAGE PART

PROVISIONS

The following is added to **SECTION II – WHO IS AN INSURED:**

Any person or organization that you agree in a written contract or agreement to include as an additional insured on this Coverage Part is an insured, but only:

- a. With respect to liability for "bodily injury" or "property damage" that occurs, or for "personal injury" caused by an offense that is committed, subsequent to the signing of that contract or agreement and while that part of the contract or agreement is in effect; and
- b. If, and only to the extent that, such injury or damage is caused by acts or omissions of you or your subcontractor in the performance of "your work" to which the written contract or agreement applies. Such person or organization does not qualify as an additional insured with respect to the independent acts or omissions of such person or organization.

The insurance provided to such additional insured is subject to the following provisions:

- a. If the Limits of Insurance of this Coverage Part shown in the Declarations exceed the minimum limits required by the written contract or agreement, the insurance provided to the additional insured will be limited to such minimum required limits. For the purposes of determining whether this limitation applies, the minimum limits required by the written contract or agreement will be considered to include the minimum limits of any Umbrella or Excess liability coverage required for the additional insured by that written contract or agreement. This provision will not increase the limits of insurance described in Section III – Limits Of Insurance.
- b. The insurance provided to such additional insured does not apply to:

- (1) Any "bodily injury", "property damage" or "personal injury" arising out of the providing, or failure to provide, any professional architectural, engineering or surveying services, including:

- (a) The preparing, approving, or failing to prepare or approve, maps, shop drawings, opinions, reports, surveys, field orders or change orders, or the preparing, approving, or failing to prepare or approve, drawings and specifications; and
- (b) Supervisory, inspection, architectural or engineering activities.

- (2) Any "bodily injury" or "property damage" caused by "your work" and included in the "products-completed operations hazard" unless the written contract or agreement specifically requires you to provide such coverage for that additional insured during the policy period.

- c. The additional insured must comply with the following duties:

- (1) Give us written notice as soon as practicable of an "occurrence" or an offense which may result in a claim. To the extent possible, such notice should include:
 - (a) How, when and where the "occurrence" or offense took place;
 - (b) The names and addresses of any injured persons and witnesses; and
 - (c) The nature and location of any injury or damage arising out of the "occurrence" or offense.
- (2) If a claim is made or "suit" is brought against the additional insured:

COMMERCIAL GENERAL LIABILITY

- (a) Immediately record the specifics of the claim or "suit" and the date received; and
 - (b) Notify us as soon as practicable and see to it that we receive written notice of the claim or "suit" as soon as practicable.
- (3) Immediately send us copies of all legal papers received in connection with the claim or "suit", cooperate with us in the investigation or settlement of the claim or defense against the "suit", and otherwise comply with all policy conditions.
- (4) Tender the defense and indemnity of any claim or "suit" to any provider of other insurance which would cover such additional insured for a loss we cover. However, this condition does not affect whether the insurance provided to such additional insured is primary to other insurance available to such additional insured which covers that person or organization as a named insured as described in Paragraph 4., Other Insurance, of Section **IV** – Commercial General Liability Conditions.

4. Other Insurance

If valid and collectible other insurance is available to the insured for a loss we cover under Coverages **A** or **B** of this Coverage Part, our obligations are limited as described in Paragraphs **a.** and **b.** below.

As used anywhere in this Coverage Part, other insurance means insurance, or the funding of losses, that is provided by, through or on behalf of:

- (i) Another insurance company;
- (ii) Us or any of our affiliated insurance companies, except when the Non cumulation of Each Occurrence Limit provision of Paragraph **5.** of Section **III** – Limits Of Insurance or the Non cumulation of Personal and Advertising Injury Limit provision of Paragraph **4.** of Section **III** – Limits of Insurance applies because the Amendment – Non Cumulation Of Each Occurrence Limit Of Liability And Non Cumulation Of Personal And Advertising Injury Limit endorsement is included in this policy;
- (iii) Any risk retention group; or
- (iv) Any self-insurance method or program, in which case the insured will be deemed to be the provider of other insurance.

Other insurance does not include umbrella insurance, or excess insurance, that was bought specifically to apply in excess of the Limits of Insurance shown in the Declarations of this Coverage Part.

As used anywhere in this Coverage Part, other insurer means a provider of other insurance. As used in Paragraph **c.** below, insurer means a provider of insurance.

a. Primary Insurance

This insurance is primary except when Paragraph **b.** below applies. If this insurance is primary, our obligations are not affected unless any of the other insurance is also primary. Then, we will share with all that other insurance by the method described in Paragraph **c.** below, except when Paragraph **d.** below applies.

b. Excess Insurance

- (1) This insurance is excess over:
 - (a) Any of the other insurance, whether primary, excess, contingent or on any other basis:
 - (i) That is Fire, Extended Coverage, Builder's Risk, Installation Risk or similar coverage for "your work";

- (ii) That is insurance for "premises damage";

- (iii) If the loss arises out of the maintenance or use of aircraft, "autos" or watercraft to the extent not subject to any exclusion in this Coverage Part that applies to aircraft, "autos" or watercraft;

- (iv) That is insurance available to a premises owner, manager or lessor that qualifies as an insured under Paragraph **4.** of Section **II** – Who Is An Insured, except when Paragraph **d.** below applies; or

- (v) That is insurance available to an equipment lessor that qualifies as an insured under Paragraph **5.** of Section **II** – Who Is An Insured, except when Paragraph **d.** below applies.

- (b) Any of the other insurance, whether primary, excess, contingent or on any other basis, that is available to the insured when the insured is an additional insured, or is any other insured that does not qualify as a named insured, under such other insurance.

- (2) When this insurance is excess, we will have no duty under Coverages **A** or **B** to defend the insured against any "suit" if any other insurer has a duty to defend the insured against that "suit". If no other insurer defends, we will undertake to do so, but we will be entitled to the insured's rights against all those other insurers.

- (3) When this insurance is excess over other insurance, we will pay only our share of the amount of the loss, if any, that exceeds the sum of:

- (a) The total amount that all such other insurance would pay for the loss in the absence of this insurance; and

- (b) The total of all deductible and self-insured amounts under all that other insurance.

- (4) We will share the remaining loss, if any, with any other insurance that is not described in this Excess Insurance provision and was not bought specifically to apply in excess of the Limits of Insurance shown in the Declarations of this Coverage Part.
