- Your Comment: I am writing to support extending the lease on pete's place. Our city desperately needs more space for our homeless population and ending a lease on the only low barrier shelter in the city would have catastrophic results. I understand the impact on local businesses and neighborhoods, but blaming the one shelter offering services to the most vulnerable and volatile of our homeless population will only make the issue worse. I live only a few blocks away from Pete's place and I would like to see more interventions by the city and the state to help people get on their feet and also address the issues of addiction and housing that are driving the problem.
