- Your Comment: This is a message in support of Pete's place . As a frequent volunteer I can attest to the high level of care and services that the residents of Pete receive. It is a compassionate environment that serves the most vulnerable folks that would otherwise have nowhere to turn. Moving Pete's to a location far from food sources and public transportation would likely result in further decline of these folks and likely more presence in other parts of the city where there are no services but more situations that could jeopardize safety of citizens. I stand in support of Pete's and their continued presence on cerrillos rd.
