- Your Comment: I wanted to thank the City for putting the necessary resources towards redoing the turf field at Salvador Perez. As someone who has played there since it was first installed, having new turf made an immense difference. My aging back is thankful as well, as the new turf is much more forgiving to bodies. My main concern is that the field continues to mostly be surrounded by dirt. Leaving this open dirt around the field will inevitably lead to mud being tracked on to the field, thereby reducing the useful life of the field. You made a big investment, please complete the project to ensure that that investment is protected and taken care of. Thank you.
