- Your Comment: The planning for a deceleration lane should have been done without using park land. The park land was protected. Traffic on Zia Road has been a problem for years already and a deceleration lane will allow drivers to drive faster rather than slowing for the intersection. Zia is up hill there and the speed limit should be enforced. Save The PARK. Do not let this become a precedent for taking community parkland, this is not public parkland as has been clarified by others. Thank You.
