BIKE PATH ON PACHECO FROM S MATEO TO ALTA VISTA

Pacheco street is extremely narrow N from Monte Rey. I believe there is at least one bldg at the sidewalk. Exactly where would you find the room for a bike path?

PALLET HOMES

If they are such a great idea why has no church or nonprofit stepped up to sponsor such a community? Why are some for those who are sober and others not—and why are those in So Capitol where the one at Christ Lutheran is already for those who have sobriety issues?

Time to Settle

I am attaching a signed off PO for the moving of the weight equipment at Sal Perez in April 2019 into a container on site. No mention of a 2018 plan or that the equipment would be set up as it was in 2018....The everchanging response to Interrog 2 is not really supported by Greg Fernandez's affidavit who said there was a correspondence—none provided— and a recollection of a conversation. A PO dated March 2020—15 months before Perez reopened said Fitness Superstore would move the equipment into the facility—no mention of TFS being responsible for the placement of the equipment and there is no signed off contract or invoice showing it happened in the next FY that is May 2021 when Perez opened.

We also have an invoice for maintenance of the equipment in Jan 2019 after Sal Perez was closed....Why?
