

Airport Terminal and Parkin Lot Expansion Amendment #4

Contact # 3203030

Original Contract Item # 21-0552

The signed Amendment has official documentation for this Change Order, however this document is to supplement with specific amounts, A&E drawings, and extra documentation to corroborate the Amendment. These were removed from the formal documentation, due to the bulk number of pages in the document rendering the file unable to be routed. This information has specific importance to the Amendment but is added separately for your review.

Sincerely,

Sebastian Gallegos, Airport Project Administrator.

A handwritten signature in black ink, appearing to read 'SFG', is positioned below the typed name of Sebastian Gallegos.
