Subject: Amendment #1 to Contract for Balanced Resources Acquisition and Information Network (BRAIN) Grid Modernization Project

Vendor Name: Paradise Power Company, Inc.

Vendor Number: 9115

ACTION:

Request for Approval of Amendment No. 1 to General Services Contract Item No. 24-0715 with Paradise Power Company, Inc. for Implementation of the Balanced Resources Acquisition and Information Network (BRAIN) to Extend the Term to June 30, 2026. (Caryn Grosse, Public Works Project Manager III, clgrosse@santafenm.gov)

CONTRACT NUMBER:

The original FY25 Munis Contract Number is 3250276.

BACKGROUND AND SUMMARY:

The City received a \$550,000 EMNRD grid modernization grant to implement a Balanced Resource Acquisition and Information Network (BRAIN) which consolidates energy usage data from facilities and renewable energy generation into an intuitive, single-station control center. The tool will show real-time production and usage, provide alerts when operation parameters are not being met, incorporate billing data, produce energy reports and collect production and consumption data. The system will support optimization of building controls, energy generation resources and future storage resources.

In December 2024, the Governing Body approved both the grant and the agreement with Paradise Power Company (PPC) to install the BRAIN. The grid modernization grant agreement is being amended to extend the term from June 30, 2025, to June 30, 2026, and so the agreement with PPC is also being amended to extend the term to June 30, 2026. The grant amount of \$550,000, which remains unchanged, will cover a majority of the costs associated with this project, with additional funds, in the amount of \$39,730.06, provided by the Facilities Division FY25 operating budget to complete the project.

Implementation of the BRAIN is expected to be completed by September 30, 2025, with 120 days of essential maintenance following project sign-off.

Munis Contract# 3250276
Original Contract Item# 24-0715
SWPA #: 20-00000-21-00029

**CITY OF SANTA FE
AMENDMENT No. 1 TO
General Services Contract
ITEM# 24-0715**

This AMENDMENT No. 1 (the "Amendment") amends the CITY OF SANTA FE GENERAL SERVICES CONTRACT, dated 12/15/2024 (the "Contract"), between the City of Santa Fe (the "City") and Paradise Power Company, Inc. (the "Contractor"). The date of this Amendment shall be the date when it is executed by the City and the Contractor whichever occurs last.

RECITALS:

A. Under the terms of the Contract, Contractor has agreed to provide implementation of the Balanced Resource Acquisition and Information Network (BRAIN).

B. Pursuant to Article 7 of the Contract, and for good and valuable consideration, the receipt and sufficiency of which are acknowledged by the parties, the City and the Contractor agree as follows:

1. TERM:

Article 4 of the Contract is hereby deleted in its entirety and substitute the following Article 4 in its place:

THIS CONTRACT SHALL NOT BECOME EFFECTIVE UNTIL APPROVED IN WRITING BY THE CITY. This contract shall terminate **June 30, 2026**. The City reserves the right to renew this contract on an annual basis by mutual agreement not to exceed a total of ten (10) years in accordance with NMSA 1978, Sections 13-1-150 through 152.

2. OB:

Article 1 of the Contract is hereby amended to add the following paragraph:

B: Contractor shall complete the Project Milestones in Exhibit A, Attachment 1, on the

following schedule. These deadlines may be extended in writing at the discretion of the City's Director of Public Works or Facilities Director upon Contractor's written request showing good cause.

Milestone	Completion Date
Milestone 1—Project Kickoff	Completed
Milestone 2—Billing Data Correlation and API Portal Data Assessment	Completed
Milestone 3—Billing Data Configuration, Initial BRAIN Structure, and Billing Account Data Integration	May 30, 2025
Milestone 4—API/Real-time Electric Usage Integration	June 27, 2025
Milestone 5—Alerting and Reporting / Real-time Electric Data Validation	July 31, 2025
Milestone 6—Project Sign-off	September 30, 2025

3. CONTRACT IN FULL FORCE.

Except as specifically provided in this Amendment, the Contract remains and shall remain in full force and effect, in accordance with its terms.

IN WITNESS WHEREOF, the parties have executed this Amendment No. 1 to the Contract as of the dates set forth below.

Subject: Contract for Balanced Resources Acquisition and Information Network (BRAIN) Grid Modernization Project

Vendor Name: Paradise Power Company, Inc.

Munis Vendor Number: 9115

ACTION:

Request for Approval of a General Services Contract with Paradise Power Company, Inc., in the Total Amount of \$589,730, Including NMGRT, for Implementation of the Balanced Resources Acquisition and Information Network (BRAIN) a Consolidated Energy Information Tool, with a Term Ending June 30, 2025. (Caryn Grosse, Public Works Project Manager, clgrosse@santafenm.gov)

CONTRACT NUMBER:

The FY25 Munis Contract Number is 3250276.

BACKGROUND AND SUMMARY:

Facilities Division applied for and received a \$550,000 EMNRD Grid Modernization Grant to implement a Balanced Resource Acquisition and Information Network (BRAIN) for the City of Santa Fe. The BRAIN assesses and consolidates energy usage data from facilities and renewable energy generation into an intuitive, single-station control center. The tool will show real-time production and usage, provide alerts when operation parameters are not being met, incorporate billing data, produce energy reports and collect production and consumption data.

The system will help measure performance and efficiency and support optimization of building controls, energy generation resources and future storage resources.

Paradise Power Company (PPC) has proposed to install the BRAIN, via Statewide Price Agreement #20-00000-21-00029. The grant amount of \$550,000 will cover a majority of the costs associated with this project, with additional funds, in the amount of \$39,730.06, provided by Facilities Division to complete the project.

The Facilities Division met with the Vendor and the City's ITT Department to review this application. The ITT Department provided the Facilities Division with their approval for this project to proceed.

Implementation of the BRAIN is expected to be completed by June 30, 2025.

Department Contract Administrator Contact Info: Lisa Kahahane (elkahahane@santafenm.gov)

**CITY OF SANTA FE
GENERAL SERVICES CONTRACT**

GridWatch Balanced Resource Acquisition Information Network (BRAIN)

THIS CONTRACT is made and entered into by and between the City of Santa Fe, herein after referred to as the "City," and **Paradise Power Company, Inc.** herein after referred to as the "Contractor."

IT IS MUTUALLY AGREED BETWEEN THE PARTIES:

1. **Definitions**

- A. "Products and Services Schedule" refers to the complete list of products and services offered under this Contract and the price for each. Product and service descriptions may be amended with the prior approval of the Contract Administrator. New products and services shall not be added to the Products and Services Schedule.
- B. "Business Hours" means 8:00 a.m. to 5:00 p.m. Mountain Time.

2. **Scope of Work**

- A. The Contractor shall perform the following work:

Implementation of secure, cloud-based, Balanced Resource Acquisition Information Network (BRAIN) to provide a city-wide, city-owned utility monitoring, analysis and reporting solution to assess and consolidate usage data from water, power and renewables into a single-station control center.

3. **Compensation**

Compensation Schedule. The City shall pay to the Contractor based upon fixed prices for each Deliverable, per the schedule outlined in Exhibit A, less retainage, if any, as identified in paragraph C of this Clause.

- A. The total amount payable to the Contractor under this Agreement, excluding gross receipts tax and expenses, shall not exceed five hundred forty-five thousand one hundred dollars (\$545,100.00) for labor and materials
- B. Payment. The total compensation under this Agreement shall not exceed five hundred eighty nine thousand seven hundred thirty dollars and six cents (\$589,730.06)], including New Mexico gross receipts tax. This amount is a maximum and not a guarantee that the work assigned to be performed by Contractor under this Agreement shall equal the amount stated herein. The Parties do not intend for the Contractor

to continue to provide Services without compensation when the total compensation amount is reached. Contractor is responsible for notifying the City when the Services provided under this Agreement reach the total compensation amount. In no event will the Contractor be paid for Services provided in excess of the total compensation amount without this Agreement being amended in writing prior to services, in excess of the total compensation amount being provided.

Payment shall be made upon Acceptance of each Deliverable and upon the receipt and Acceptance of a detailed, certified Payment Invoice. Payment will be made to the Contractor's designated mailing address. In accordance with Section 13-1-158 NMSA 1978, payment shall be tendered to the Contractor within thirty (30) days of the date of written certification of Acceptance. All Payment Invoices MUST BE received by the City no later than fifteen (15) days after the termination of this Agreement. Payment Invoices received after such date WILL NOT BE PAID.

C. Retainage. Not Applicable – The Parties agree there is no retainage.

D. Performance Bond. Not Applicable. The Parties agree there is no Performance Bond.

4. Term

THIS CONTRACT SHALL NOT BECOME EFFECTIVE UNTIL APPROVED IN WRITING BY THE CITY. This contract shall terminate **June 30, 2025**. The City reserves the right to renew this contract on an annual basis by mutual agreement not to exceed a total of ten (10) years in accordance with NMSA 1978, Sections 13-1-150 through 152.

5. Default and Force Majeure

The City reserves the right to cancel all, or any part of any orders placed under this contract without cost to the City, if the Contractor fails to meet the provisions of this contract and, except as otherwise provided herein, to hold the Contractor liable for any excess cost occasioned by the City due to the Contractor's default. The Contractor shall not be liable for any excess costs if failure to perform the order arises out of causes beyond the control and without the fault or negligence of the Contractor; such causes include, but are not restricted to, acts of God or the public enemy, acts of the State or Federal Government, fires, floods, epidemics, quarantine restrictions, strikes, freight embargoes, unusually severe weather and defaults of sub-contractors due to any of the above, unless the City shall determine that the supplies or services to be furnished by the sub-contractor were obtainable from other sources in sufficient time to permit the Contractor to meet the required delivery scheduled. The rights and remedies of the City provided in this paragraph shall not be exclusive and are in addition to any other rights now being provided by law or under this contract.

6. Termination

A. Grounds. The City may terminate this Contract for convenience or cause. For contracts within their authority, the City Manager or their designee is authorized to provide the notice of termination, otherwise such notice of termination shall be provided by the Mayor, or their designee as authorized by the Governing Body. The Contractor may only terminate this Contract based upon the City's uncured, material breach of this Contract.

B. Notice: City Opportunity to Cure.

1) The City shall give the Contractor written notice of termination at least thirty (30) days prior to the intended date of termination.

2) Contractor shall give City written notice of termination at least thirty (30) days prior to the intended date of termination, which notice shall (i) identify all the City's material breaches of this Contract upon which the termination is based and (ii) state what the City must do to cure such material breaches. Contractor's notice of termination shall only be effective (i) if the City does not cure all material breaches within the thirty (30) day notice period or (ii) in the case of material breaches that cannot be cured within thirty (30) days, the City does not, within the thirty (30) day notice period, notify the Contractor of its intent to cure and begin with due diligence to cure the material breach.

3) Notwithstanding the foregoing, this Contract may be terminated immediately upon written notice to the Contractor (i) if the Contractor becomes unable to perform the services contracted for, as determined by the City; (ii) if, during the term of this Contract, the Contractor is suspended or debarred by the City; or (iii) the Contract is terminated pursuant to Paragraph 17, "Appropriations", of this Contract.

C. Liability. Except as otherwise expressly allowed or provided under this Contract, the City's sole liability upon termination shall be to pay for acceptable work performed prior to the Contractor's receipt or issuance of a notice of termination; provided, however, that a notice of termination shall not nullify or otherwise affect either party's liability for pre-termination defaults under or breaches of this Contract. The Contractor shall submit an invoice for such work within thirty (30) days of receiving or sending the notice of termination. *THIS PROVISION IS NOT EXCLUSIVE AND DOES NOT WAIVE THE CITY'S OTHER LEGAL RIGHTS AND REMEDIES CAUSED BY THE CONTRACTOR'S DEFAULT/BREACH OF THIS CONTRACT.*

7. Amendment

A. This Contract shall not be altered, changed, or amended except by instrument in writing executed by the parties hereto and all other required signatories.

B. If the City proposes an amendment to the Contract to unilaterally reduce funding due to budget or other considerations, the Contractor shall, within thirty (30) days of receipt of the proposed Amendment, have the option to terminate the Contract, pursuant to the termination provisions as set forth in Paragraph 7 herein, or to agree to the reduced funding.

8. Status of Contractor

The Contractor, and Contractor's agents and employees, are independent Contractors for the City and are not employees of the City. The Contractor, and Contractor's agents and employees, shall not accrue leave, retirement, insurance, bonding, use of City vehicles, or any other benefits afforded to employees of the City because of this Contract. The Contractor acknowledges that all sums received hereunder are personally reportable by the Contractor for income tax purposes, including without limitation, self-employment tax and business income tax. The Contractor agrees not to purport to bind the City unless the Contractor has written authority to do so, and then only within the strict limits of that authority.

9. Assignment

The Contractor shall not assign or transfer any interest in this Contract or assign any claims for money due or to become due under this Contract without the prior written approval of the City.

10. Subcontracting

The Contractor shall not subcontract any portion of the services to be performed under this Contract without the prior written approval of the City. No such subcontract shall relieve the primary Contractor from its obligations and liabilities under this Contract, nor shall any subcontract obligate direct payment from the City.

11. **Non-Collusion**

In signing this Contract, the Contractor certifies the Contractor has not, either directly or indirectly, entered into action in restraint of free competitive bidding in connection with this offer submitted to the City.

12. **Inspection of Plant**

The City may inspect, at any reasonable time during Contractor's regular business hours and upon prior written notice, the Contractor's plant or place of business, or any subcontractor's plant or place of business, which is related to the performance of this contract.

13. **Commercial Warranty**

The Contractor agrees that the tangible personal property or services furnished under this Contract shall be covered by the most favorable commercial warranties the Contractor gives to any customer for such tangible personal property or services, and that the rights and remedies provided herein shall extend to the City and are in addition to and do not limit any rights afforded to the City by any other clause of this order. The contractor agrees not to disclaim warranties of fitness for a particular purpose or merchantability.

14. **Condition of Proposed Items**

Where tangible personal property is a part of this Contract, all proposed items are to be NEW and of most current production, unless otherwise specified.

15. **Records and Audit**

During the term of this Contract and for three years thereafter, the Contractor shall maintain detailed records pertaining to the services rendered and products delivered. These records shall be subject to inspection by the City, the State Auditor and other appropriate state and federal authorities. The City shall have the right to audit billings both before and after payment. Payment under this Contract shall not foreclose the right of the City to recover excessive or illegal payments.

16. **Appropriations**

The terms of this Contract, and any orders placed under it, are contingent upon sufficient appropriations and authorization being made by the Governing Body for the performance of this Contract. If sufficient appropriations and authorization are not made by the legislature, this Contract, and any orders placed under it, shall terminate upon written notice being given by the City to the Contractor. The City's decision as to whether sufficient appropriations are available shall be accepted by the Contractor and shall be final. If the City proposes an amendment to the Contract to unilaterally reduce funding, the Contractor shall have the option to terminate the Contract or to agree to the reduced funding, within thirty (30) days of receipt of the proposed amendment.

17. **Release**

The Contractor, upon final payment of the amount due under this Contract, releases the City, its officers, and employees, from all liabilities, claims and obligations whatsoever arising from or under this Contract. The

Contractor agrees not to purport to bind the City, unless the Contractor has express written authority to do so, and then only within the strict limits of that authority.

18. **Confidentiality**

Any confidential information provided to or developed by the Contractor in the performance of this Contract shall be kept confidential and shall not be made available to any individual or organization by the Contractor without prior written approval by the City.

19. **Conflict of Interest**

A. The Contractor represents and warrants that it presently has no interest and, during the term of this Contract, shall not acquire any interest, direct or indirect, which would conflict in any manner or degree with the performance or services required under the Contract. The Contractor shall comply with any applicable provisions of the New Mexico Governmental Conduct Act and the New Mexico Financial Disclosures Act.

B. The Contractor further represents and warrants that it has complied with, and, during the term of this Contract, will continue to comply with, and that this Contract complies with all applicable provisions of the Governmental Conduct Act, Chapter 10, Article 16 NMSA 1978.

C. Contractor's representations and warranties in Paragraphs A and B of this Paragraph are material representations of fact upon which the City relied when this Contract was entered into by the parties. Contractor shall provide immediate written notice to the City if, at any time during the term of this Contract, Contractor learns that Contractor's representations and warranties in Paragraphs A and B of this Paragraph 20 were erroneous on the effective date of this Contract or have become erroneous by reason of new or changed circumstances. If it is later determined that Contractor's representations and warranties in Paragraphs A and B of this Paragraph 20 were erroneous on the effective date of this Contract or have become erroneous by reason of new or changed circumstances, in addition to other remedies available to the City and notwithstanding anything in the Contract to the contrary, the City may immediately terminate the Contract.

D. All terms defined in the Governmental Conduct Act have the same meaning in this section.

20. **Approval of Contractor Representative(s)**

The City reserves the right to require a change in Contractor representative(s) if the assigned representative(s) are not, in the opinion of the City, adequately serving the needs of the City.

21. **Scope of Contract; Merger**

This Contract incorporates all the Agreements, covenants and understandings between the parties hereto concerning the subject matter hereof, and all such covenants, agreements, and understandings have been merged into this written contract.

This Contract is issued against the state or agency Master Agreement, established, and maintained by the State of New Mexico General Services Department, Purchasing Division (issuing entity), 20-00000-21-00029 Photovoltaic Systems, and through this language hereby incorporates this agreement by reference and is included in the order of precedence.

22. **Notice**

The Procurement Code, NMSA 1978, Sections 13-1-28 through 13-1-199, imposes civil and criminal penalties for its violation. In addition, the New Mexico criminal statutes impose felony penalties for bribes, gratuities, and kickbacks.

23. **Equal Opportunity Compliance**

The Contractor agrees to abide by all federal and state laws, and local Ordinances, pertaining to equal employment opportunity. In accordance with all such laws, rules, and regulations, the Contractor agrees to assure that no person in the United States shall on the grounds of race, religion, color, national origin, ancestry, sex, age, physical or mental handicap, or serious medical condition, spousal affiliation, sexual orientation or gender identity, be excluded from employment with or participation in, be denied the benefits of, or be otherwise subjected to discrimination under any program or activity performed under this Contract. If Contractor is found not to be in compliance with these requirements during the life of this Contract, Contractor agrees to take appropriate steps to correct these deficiencies.

24. **Indemnification**

The Contractor shall hold the City and its employees harmless and shall indemnify the City and its employees against any and all claims, suits, actions, liabilities and costs of any kind, including attorney's fees for personal injury or damage to property arising from the acts or omissions of the Contractor, its agents, officers, employees or subcontractors. The Contractor shall not be liable for any injury or damage as a result of any negligent act or omission committed by the City, its officers or employees.

25. **New Mexico Tort Claims Act**

Any liability incurred by the City of Santa Fe in connection with this Contract is subject to the immunities and limitations of the New Mexico Tort Claims Act, Section 41-4-1, et. seq. NMSA 1978, as amended. The City and its "public employees" as defined in the New Mexico Tort Claims Act, do not waive sovereign immunity, do not waive any defense and do not waive any limitation of liability pursuant to law. No provision in this Contract modifies or waives any provision of the New Mexico Tort Claims Act.

26. **Applicable Law**

The laws of the State of New Mexico shall govern this Contract, without giving effect to its choice of law provisions. Venue shall be proper only in a New Mexico court of competent jurisdiction in accordance with NMSA 1978, Section 38-3-2. By execution of this Contract, Contractor acknowledges and agrees to the jurisdiction of the courts of the State of New Mexico over any and all lawsuits arising under or out of any term of this Contract.

27. **Limitation of Liability**

The Contractor's liability to the City, for any cause whatsoever shall be limited to the purchase price paid to the Contractor for the products and services that are the subject of the City's, claim. The foregoing limitation does not apply to paragraph 25 of this Contract or to damages resulting from personal injury caused by the Contractor's negligence.

28. **Incorporation by Reference and Precedence**

If this Contract has been procured pursuant to a request for proposals, this Contract is derived from (1) the request for proposal, (including any written clarifications to the request for proposals and any City response to questions); (2) the Contractor's best and final offer; and (3) the Contractor's response to the request for proposals.

In the event of a dispute under this Contract, applicable documents will be referred to for the purpose of clarification or for additional detail in the following order of precedence: (1) amendments to the Contract in reverse chronological order; (2) the Contract, including the scope of work and all terms and conditions thereof; (3) the request for proposals, including attachments thereto and written responses to questions and written clarifications; (4) the Contractor's best and final offer if such has been made and accepted by the City; and (5) the Contractor's response to the request for proposals.

29. **Workers' Compensation**

The Contractor agrees to comply with state laws and rules applicable to workers' compensation benefits for its employees. If the Contractor fails to comply with the Workers' Compensation Act and applicable rules when required to do so, this Contract may be terminated by the City.

30. **Inspection**

If this contract is for the purchase of tangible personal property (goods), final inspection and acceptance shall be made at Destination. Tangible personal property rejected at Destination for non-conformance to specifications shall be removed at Contractor's risk and expense promptly after notice of rejection and shall not be allowable as billable items for payment.

31. **Inspection of Services**

If this contract is for the purchase of services, the following terms shall apply.

A. Services, as used in this Article, include services performed, workmanship, and material furnished or utilized in the performance of services.

B. The Contractor shall provide and maintain an inspection system acceptable to the City covering the services under this Contract. Complete records of all inspection work performed by the Contractor shall be maintained and made available to the City and for as long thereafter as the Contract requires. The City has the right to inspect and test all services contemplated under this Contract to the extent practicable at all times and places during the term of the Contract. The City shall perform inspections and tests in a manner that will not unduly delay or interfere with Contractor's performance.

C. If the City performs inspections or tests on the premises of the Contractor or a subcontractor, the Contractor shall furnish, and shall require subcontractors to furnish, at no increase in contract price, all reasonable facilities and assistance for the safe and convenient performance of such inspections or tests.

D. If any part of the services do not conform with the requirements of this Contract, the City may require the Contractor to re-perform the services in conformity with the requirements of this Contract at no increase in contract amount. When the defects in services cannot be corrected by re-performance, the City may:

- (1) require the Contractor to take necessary action(s) to ensure that future performance conforms to the requirements of this Contract; and
- (2) reduce the contract price to reflect the reduced value of the services performed.

E. If the Contractor fails to promptly re-perform the services or to take the necessary action(s) to ensure future performance in conformity with the requirements of this Contract, the City may:

- (1) by contract or otherwise, perform the services and charge to the Contractor any cost incurred by the City that is directly related to the performance of such service; or
- (2) terminate the contract for default.

32. **Insurance**

If the services contemplated under this Contract will be performed on or in City facilities or property, Contractor shall maintain in force during the entire term of this Contract, the following insurance coverage(s), naming the City as additional insured.

A. Commercial General Liability insurance shall be written on an occurrence basis and be a broad as ISO Form CG 00 01 with limits not less than \$2,000,000 per occurrence and \$2,000,000 in the aggregate for claims against bodily injury, personal and advertising injury, and property damage. Said policy shall include broad form Contractual Liability coverage and be endorsed to name the City of Santa Fe their officials, officers, employees, and agents as additional insureds.

B. Broader Coverage and Limits. The insurance requirements under this Contract shall be the greater of (1) the minimum coverage and limits specified in this Contract, or (2) the broader coverage and maximum limits of coverage of any insurance policy or proceeds available to the Named Insured. It is agreed that these insurance requirements shall not in any way act to reduce coverage that is broader or that includes higher limits than the minimums required herein. No representation is made that the minimum insurance requirements of this Contract are sufficient to cover the obligations of Contractor hereunder.

C. Contractor shall maintain the above insurance for the term of this Contract and name the City as an additional insured and provide for 30 days cancellation notice on any Certificate of Insurance form furnished by Contractor. Such certificate shall also specifically state the coverage provided under the policy is primary over any other valid and collectible insurance and provide a waiver of subrogation.

33. **Impracticality of Performance**

A party shall be excused from performance under this Contract for any period that the party is prevented from performing as a result of an act of God, strike, war, civil disturbance, epidemic, or court order, provided that the party has prudently and promptly acted to take any and all steps that are within the party's control to ensure performance. Subject to this provision, such non-performance shall not be deemed a default or a ground for termination.

34. **Invalid Term or Condition**

If any term or condition of this Contract shall be held invalid or unenforceable, the remainder of this Contract shall not be affected and shall be valid and enforceable.

35. **Enforcement of Contract**

A party's failure to require strict performance of any provision of this Contract shall not

waive or diminish that party's right thereafter to demand strict compliance with that or any other provision. No waiver by a party of any of its rights under this Contract shall be effective unless express and in writing, and no effective waiver by a party of any of its rights shall be effective to waive any other rights.

36. **Patent, Copyright and Trade Secret Indemnification**

A. The Contractor shall defend, at its own expense, the City against any claim that any product or service provided under this Contract infringes any patent, copyright to trademark in the United States or Puerto Rico, and shall pay all costs, damages and attorneys' fees that a court finally awards as a result of any such claim. In addition, if any third party obtains a judgment against the City based upon Contractor's trade secret infringement relating to any product or services provided under this Contract, the Contractor agrees to reimburse the City for all costs, attorneys' fees and amount of the judgment. To qualify for such defense and or payment, the City shall:

- 1) give the Contractor prompt written notice within 48 hours of any claim;
- 2) allow the Contractor to control the defense of settlement of the claim; and
- 3) cooperate with the Contractor in a reasonable way to facilitate the defense or settlement of the claim.

B. If any product or service becomes, or in the Contractor's opinion is likely to become the subject of a claim of infringement, the Contractor shall at its option and expense:

- 1) provide the City the right to continue using the product or service and fully indemnify the City against all claims that may arise out of the City's use of the product or service;
- 2) replace or modify the product or service so that it becomes non-infringing; or,
- 3) accept the return of the product or service and refund an amount equal to the value of the returned product or service, less the unpaid portion of the purchase price and any other amounts, which are due to the Contractor. The Contractor's obligation will be void as to any product or service modified by the City to the extent such modification is the cause of the claim.

37. **Survival**

The Contract paragraphs titled "Patent, Copyright, Trademark, and Trade Secret Indemnification; Indemnification; and Limit of Liability" shall survive the expiration of this Contract. Software licenses, leases, maintenance and any other unexpired Agreements that were entered into under the terms and conditions of this Contract shall survive this Contract.

38. **Disclosure Regarding Responsibility**

A. Any prospective Contractor and any of its Principals who enter into a contract greater than sixty thousand dollars (\$60,000.00) with any City for professional services, tangible personal property, services or construction agrees to disclose whether the Contractor, or any principal of the Contractor's company is presently debarred, suspended, proposed for debarment, or declared ineligible for award of contract by any federal entity, state agency or local public body.

B. Principal, for the purpose of this disclosure, means an officer, director, owner, partner, or a person having primary management or supervisory responsibilities within a business entity or related entities.

C. The Contractor shall provide immediate written notice to the City if, at any time during the term of this Contract, the Contractor learns that the Contractor's disclosure was at any time erroneous or became erroneous by reason of changed circumstances.

D. A disclosure that any of the items in this requirement exist will not necessarily result in termination of this Contract. However, the disclosure will be considered in the determination of the Contractor's responsibility and ability to perform under this Contract. Failure of the Contractor to furnish a disclosure or provide additional information as requested will be grounds for immediate termination of this Contract pursuant to the conditions set forth in Paragraph 7 of this Contract.

E. Nothing contained in the foregoing shall be construed to require establishment of a system of records in order to render, in good faith, the disclosure required by this document. The knowledge and information of a Contractor is not required to exceed that which is the normally possessed by a prudent person in the ordinary course of business dealings.

F. The disclosure requirement provided is a material representation of fact upon which reliance was placed when making an award and is a continuing material representation of the facts during the term of this Contract. If during the performance of the contract, the Contractor is indicted for or otherwise criminally or civilly charged by any government entity (federal, state or local) with commission of any offenses named in this document the Contractor must provide immediate written notice to the City. If it is later determined that the Contractor knowingly rendered an erroneous disclosure, in addition to other remedies available to the Government, the City may terminate the involved contract for cause. Still further the City may suspend or debar the Contractor from eligibility for future solicitations until such time as the matter is resolved to the satisfaction of the City.

39. **Suspension, Delay or Interruption of Work**

The City may, without cause, order the Contractor, in writing, to suspend, delay or interrupt the work in whole or in part for such period of time as the City may determine. The contract sum and contract time shall be adjusted for increases in cost and/or time associated with Contractor's compliance therewith. Upon receipt of such notice, Contractor shall leave the jobsite and any equipment in a safe condition prior to departing. Contractor must assert rights to additional compensation within thirty (30) days after suspension of work is lifted and return to work is authorized. Any compensation requested for which entitlement is granted and the contract sum adjusted, shall have profit included (for work completed) and for cost only (not profit) for Contractor costs incurred directly tied to the suspension itself and not otherwise covered by Contract remedy. Any change in Total Compensation must be reflected in an Amendment executed pursuant to Section 8 of this Contract.

40. **Notification**

Either party may give written notice to the other party in accordance with the terms of this Paragraph. Any written notice required or permitted to be given hereunder shall be deemed to have been given on the date of delivery if delivered by personal service or hand delivery or three (3) business days after being mailed.

To the City:

Caryn Grosse, PMP
Project Administrator Sr
City of Santa Fe Public Works
2651 Siringo Road, Building E
PO Box 909
Santa Fe, NM 87504-0909
clgrosse@santafenm.gov

CITY OF SANTA FE BRAIN PROPOSAL

October 3, 2024

Project Overview:

Paradise Power Company (PPC), based in Taos, NM, features the secure, cloud-based GridWatch LLC Balanced Resource Acquisition Information Network (BRAIN) to address the City of Santa Fe's (CoSF) long-term need for a city-wide, city-owned utility monitoring, analysis, and reporting solution. GridWatch assesses and consolidates usage data from every CoSF facility's water, power, and renewables into an intuitive, single-station control center.

The GridWatch BRAIN allows the CoSF to prioritize energy initiatives and measure and report to constituents, stakeholders, and other government incentivizing agencies.

Pricing and Fees:

GridWatch Implementation Cost: \$545,100.00

- Implementation costs include labor and material required to accomplish the scope and payment milestones defined in "Attachment 1: City of Santa Fe BRAIN." The BRAIN allows existing systems to pull signals from the existing electric, gas, and water meters. The cost excludes tax, which we assume is billable and allowable.
- ***GridWatch Unlimited Software as a Service (SaaS) Use: \$0.00***
Upon successful implementation, the City of Santa Fe retains the rights to use the BRAIN indefinitely with as many concurrent users it requires.
- ***Annual Maintenance and Services: \$0.00*** (separate agreement following integration)

GridWatch provides "Essential" annual maintenance and services to include:

- "P1-P4" software support and escalation
- Building additions/removal within the software
- Administer cloud services
- BRAIN platform bug fixes and patches

We propose no cost for Essential maintenance for 120 days following project sign-off. Except as the parties may otherwise agree, retaining Essential annual maintenance is \$69,000/year (exclusive of NMGRT) with savings available for longer-term agreements. Note: annual maintenance agreement is required to receive software support, patches, software updates, or software customizations.

PCC Solar Fee: \$545,100.00

NM GRT (8.1875%): \$44,630.06

Total Price: \$589,730.06

The cost includes all applicable NM Statewide Price Agreement retail reductions.

Thank you for your consideration of PPC Solar for this project. We look forward to working with you and your team on this unique opportunity. Please feel free to contact me anytime with questions or for any clarifications or scope modifications.

Attachment 1:

CITY OF SANTA FE BRAIN

This proposal includes the following Execution Plan and Project Milestones:

The Balanced Resource Acquisition Information Network (BRAIN) integrates distributed energy resources to visualize utility data, usage and spend by site, department, and specified groups. The BRAIN enhances grid response/resiliency by improving and measuring building system performance/efficiency, optimizing existing building assets, and enabling adaptability of resources to interact with the modern grid.

The milestones below are not considered sequential; milestone efforts can overlap and potentially complete prior to another.

Milestone 1 – Project Kickoff

Conduct Project kickoff with an agenda to include points of contact, initial log-in permissions, approved ENTITY logos, general communication approach, issue escalation and resolution approach, milestone and milestone schedule review, milestone “completion state” alignment, and other administrative project management topics as identified.

Completion State: Project Kickoff meeting conducted.

Milestone 2 – Billing Data Correlation and API Portal Data Assessment

Billing Data Correlation: Query and identify facility information necessary for appropriate BRAIN functionality. Information to identify includes but not limited to:

Building / Facility Name	Existing Facility/Equipment Monitoring Software
Building / Facility Organization/Dept.	Issue notification methodology
Physical and Billing Address	Utility Providers (all)
Own, Lease, or Other (Status)	Utility Bills (historical thru current)
Current Facility Energy Assets	Facility Accounts (all)
Existing Controls if Applicable	Mechanical system

API Portal Data Assessment: Determine data available through each API’s portal. Potential portals can include mechanical systems, solar systems, EV charger systems, and others.

Completion State: Facility information collected for each building and API available portal data known from each portal source.

Milestone 3 – Billing Data Configuration, Initial BRAIN Structure, and Billing Account Data Integration

Applying information identified during Milestone 2, specific tasks and BRAIN functionality created for Milestone 3 include:

- Create “Landing Page” with standard BRAIN “Widgets.” ENTITY branding applied.
- Create “Public Interface Page” with standard BRAIN content, accessible to public without Login.

- Complete “Facility Mapping” (note: a facility can consist of multiple buildings and/or multiple meters), representing each facility on a map, along with appropriate standard “group” icon. Facility map includes standard BRAIN widgets/icons.
- Complete “Facility Grouping” – categorize each facility into a collection of like-type facilities (all police facilities become a “group,” for example). Must appropriately define and assign groups.
- Initiate “Facility Dashboards” – each facility receives its own page to include standard BRAIN display and information: overhead (satellite) view of mapped facility; electric, gas, water, and solar usage/spend charts based on historical/most current provided billing data; standard filters; and standard BRAIN widgets. Note, billing data display not functional until completion of Milestone 4 activities below.
- Provide User Access – assumes two permission levels for access: Read Only and Read/Write. Must identify personnel and access level.

Billing Data Processing

Specific tasks and BRAIN functionality for Milestone 3 include:

- Provide utility bill upload automation and user training to manage and upload bills without intervention (automate). Work with utility providers to present billing data in a standard BRAIN-configured Excel (.csv) format.
- Display utility spend/usage/historical billing data on each Facility Dashboard.
- Display utility spend/usage/historical billing data for each group.
- Create “Facility Information” standard file structure allowing ENTITY to post files associated with an individual facility.
- Provide “Facility Comparison” standard functionality, allowing energy consumption comparison between buildings in the same group.
- Create “Data Export” report capability – standard PDF file summarizing utility spend/usage by group or facility.
- Provide “Building Performance” – measurements based on DOE calculations.
- Provide “Building Systems” – display existing systems for each facility to ease navigation

Completion State: Observe and confirm Milestone 3 functionality.

Milestone 4 – API/Real-time Electric Usage Integration

Specific tasks and BRAIN functionality and eGauge installation includes:

- BRAIN pulls appropriate data from each existing API portal and incorporates into current BRAIN configuration to analyze and display (no custom programming).
- Supply and install at main breaker eGauge core meter/data logger/server with necessary routing hardware (up to eight hardware installations). GridWatch procures equipment warranties; PPC performs eGauge hardware installation.

Milestone 4 assumes:

- City of Santa Fe provides all Third-Party Consents for PPC/GW to log in to City of Santa Fe third-party software (API) providers. City of Santa Fe will also facilitate and/or allow direct communication from PPC/GW to third-party software (API) providers if needed.
- PPC/GW granted full access to all Client Data from relevant third party (API) vendors.

Completion State: Observe and confirm software functionality for APIs described above and eGauge hardware installed.

Milestone 5 – Alerting and Reporting / Real-time Electric Data Validation

Specific tasks and BRAIN functionality for Milestone 6 include:

- Provide an alert via standard icon on the Alert Map and Facility Table with alert management.
- Provide “Basic” alerts based on analysis of historical usage data against a ENTITY-provided threshold.
- Provide “Advanced” alerts from APIs based on email notifications originating from capable and available third-party software.
- Onboard eGauge data to BRAIN and integrate to support data reporting

Completion State: Observe and confirm BRAIN functionality described above.

Milestone 6 – Project Sign-off

Specific tasks and BRAIN functionality for Milestone 7 include:

- Formal event validating all functionality described in Milestones 1-6 above.

Completion State: Observe and concur integration complete.

Additional Contribution

- One eGauge core meter/data logger/server unit and installation at main facility breaker
- One Dell 75 4K interactive touch monitor or equivalent and installation (unless City must install its own office equipment)

Assumption/Exclusions:

1. GridWatch assumes the data provided for the BRAIN is accurate as provided
2. Any efforts in addition to those described in Attachment 1
3. Liability for existing controls and equipment
4. Startup and commissioning existing third-party controls and/or equipment
5. Permits or performance and/or payment bonds; priced separately if/when required
6. Hardware procurement and/or installation except as described
- 7.

Payment Milestones:	PRICE	NMGRT	TOTAL PRICE
Project Kickoff	\$143,750.00	\$11,769.53	\$155,519.53
Billing Data Correlation and API Portal Data Assessment	\$86,250.00	\$7,061.72	\$93,311.72
Billing Data Configuration, Initial BRAIN Structure, and Billing Account Data Integration	\$115,000.00	\$9,415.63	\$124,415.63
API/Real-time Electric Usage Integration	\$149,500.00	\$12,240.31	\$161,740.31
Alerting and Reporting / Real-time Electric Data Validation	\$39,100.00	\$3,201.31	\$42,301.31
Project Sign-off (withhold)	\$11,500.00	\$941.56	\$12,441.56
TOTAL	\$545,100.00	\$44,630.06	\$589,730.06

Electronic Record and Signature Disclosure		

ELECTRONIC RECORD AND SIGNATURE DISCLOSURE

A. ELECTRONIC RECORD AND SIGNATURE DISCLOSURE (ERSD)

From time to time, New Mexico General Services Department (GSD), on behalf of the State of New Mexico (SONM), may be required by law to provide you with certain written notices or disclosures. Stated below are the terms and conditions for GSD's providing you such notices and disclosures electronically through the DocuSign system. Please read this information carefully. If you are able to access this information electronically and agree to **this Electronic Record and Signature Disclosure (ERSD)**, please confirm your agreement by selecting the check-box next to "I agree to use electronic records and signatures" before clicking "CONTINUE" within the DocuSign system.

B. Obtaining paper copies

At any time up to twenty (20) calendar days following your use of DocuSign to electronically sign a document, you may request a paper copy of any record provided or made available electronically to you by GSD. You will have the ability to download and print documents SONM sends you through the DocuSign system during and immediately after the signing session and, if you elect to create a DocuSign account, you may access the documents for a twenty (20) calendar day period after such documents are first sent to you. Following the twenty (20) day period, if you want GSD to send you paper copies of any such documents from GSD's office, you will be charged a \$1.00 per-page fee plus postage. You may request delivery of such paper copies from GSD by following the procedure stated in Section H, below.

C. Withdrawing your consent

If you decide to receive notices and disclosures from GSD electronically, you may at any time change your mind and inform GSD you want to receive required notices and disclosures only in paper format. The procedure concerning how you may inform GSD of your decision to receive future notices and disclosures in paper format as well as withdraw your consent to receive notices and disclosures electronically is stated in Section D, immediately below.

D. Consequences of changing your mind

If you elect to receive required notices and disclosures only in paper format, it will slow the speed with which GSD will be able to complete certain steps in specific transactions and deliver paper copies to you. GSD will need: (1) to send the required notices or disclosures to you in paper format; and (2) wait until GSD receives your acknowledgment of your receipt of such paper notices or disclosures. Further, you will no longer be able to use the DocuSign system to receive required notices and consents electronically from SONM or to electronically sign documents generated and sent to you from SONM.

E. All notices and disclosures will be sent to you electronically

Unless you inform GSD otherwise according to these procedures, GSD will electronically provide you through the DocuSign system all required notices, disclosures, authorizations, acknowledgements and other documents that are required to be provided or made available to you during the course of your electronic signature relationship with SONM. To reduce the possibility of inadvertent non-receipt, GSD prefers to provide all required notices and disclosures by the same method and to the same email or physical address that you furnish to GSD. Thus, you may receive the disclosures and notices electronically or in paper form. If you do not agree with this procedure, please inform GSD according to the procedures stated in Section I, below. Please also refer to Section D, immediately above, which states the consequences resulting from your declination of electronic delivery of notices and disclosures.

F. How to contact GSD:

You may inform General Services Department (GSD) of any changes you select regarding State Purchasing Division's (SPD) electronic communications with you, to request paper copies of certain information from SPD, and to withdraw your prior consent to receive notices and disclosures electronically by emailing your request(s) to SPD at: GSD.SPInfo@state.nm.us

G. To advise SPD of your new email address

To inform SPD of a change in the email address to which SPD sends you notices and disclosures electronically, you must send an email to SPD at GSD.SPInfo@state.nm.us and in the body of such request you must include your previous and new email addresses.

H. To request paper copies from SPD

To request delivery of paper copies of electronic notices and disclosures that DocuSign and/or SPD have previously provided to you, you must send an email to SPD at GSD.SPInfo@state.nm.us and in the body of your email request state your email address, full name, mailing address, and telephone number. SPD will charge you a \$1.00 per page copy fee plus postage.

I. To withdraw your consent with SPD

To inform SPD that you no longer wish to receive notices and disclosures in electronic format you may:

(1) Decline to sign a document from within a signing session, and on the subsequent page, select the check-box indicating you wish to withdraw your consent, or you may:

(2) Send SPD an email to GSD.SPDinfo@state.nm.us and in the body of your request state your email address, full name, mailing address, and telephone number.

J. Required hardware and software

The minimum system requirements for using the DocuSign system may change over time. The current DocuSign system requirements may be found at:

<https://support.docusign.com/guides/signer-guide-signing-system-requirements>

K. Acknowledging your access and consent to receive and sign documents electronically

To confirm that you are able to electronically access the information contained in this Electronic Record and Signature Disclosure (ERSD), please confirm that you have: (1) read this ERSD, and either: (2) you are able to print on paper or electronically save this ERSD for your future reference and access; or (3) you are able to email this ERSD to an email address where you will be able to print this ERSD on paper and/or save this ERSD for your future reference and access. Further, if you consent to receiving notices and disclosures from DocuSign and/or SPD exclusively in electronic format, then select the check-box next to “I agree to use electronic records and signatures,” before you click “CONTINUE” within the DocuSign system.

By selecting the check-box next to “I agree to use electronic records and signatures,” you confirm that:

- You have read this Electronic Record and Signature Disclosure (ERSD); and
- You can print this ERSD on paper, or you can save and/ or send this ERSD to a location where you can print this ERSD, for your future reference and access; and
- Until or unless you notify SPD as stated in this ERSD, you consent to exclusively receive through electronic means all notices, disclosures, authorizations, acknowledgements, and other documents that are required to be provided or made available to you by SPD during the course of your electronic signature relationship with SPD.

JDZ MS

State of New Mexico
General Services Department
Purchasing Division
Statewide Price Agreement #: 20-00000-21-00029

Page-2

Terms and Conditions

(Unless otherwise specified)

1. **General:** When the State Purchasing Agent or his/her designee issues a purchase document in response to the Vendor's bid, a binding contract is created.
2. **Variation in Quantity:** No variation in the quantity of any item called for by this order will be accepted unless such variation has been caused by conditions of loading, shipping, packing or allowances in manufacturing process and then only to the extent, if any, specified in this order.
3. **Assignment:**
 - a. Neither the order, nor any interest therein, nor any claim thereunder, shall be assigned or transferred by the Vendor, except as set forth in Subparagraph 3b or as expressly authorized in writing by the State Purchasing Agent or his/her designee. No such assignment or transfer shall relieve the Vendor from the obligations and liabilities under this order.
 - b. Vendor agrees that any and all claims for overcharge resulting from antitrust violations which are borne by the State as to goods, services, and materials purchased in connection with this bid are hereby assigned to the State.
4. **State Furnished Property:** State furnished property shall be returned to the State upon request in the same condition as received except for ordinary wear, tear and modifications ordered hereunder.
5. **Discounts:** Prompt payment discounts will not be considered in computing the low bid.
6. **Inspection:** Final inspection and acceptance will be made at the destination. Supplies rejected at the destination for nonconformance with specifications shall be removed at the Vendor's risk and expense, promptly after notice of rejection.
7. **Inspection of Plant:** The State Purchasing Agent or his/her designee may inspect, at any reasonable time, the part of the Contractor's, or any subcontractor's plant or place of business, which is related to the performance of this contract.
8. **Commercial Warranty:** The Vendor agrees that the supplies or services furnished under this order shall be covered by the most favorable commercial warranties the Vendor gives for such to any customer for such supplies or services. The rights and remedies provided herein shall extend to the State and are in addition to and do not limit any rights afforded to the State by any other clause of this order. **Vendor agrees not to disclaim warranties of fitness for a particular purpose of merchantability.**
9. **Taxes:** The unit price shall exclude all state taxes.
10. **Packing, Shipping and Invoicing:**
 - a. The State's purchasing document number and the Vendor's name, user's name and location shall be shown on each packing and delivery ticket, package, bill of lading and other correspondence in connection with the shipments. The user's count will be accepted by the Vendor as final and conclusive on all shipments not accompanied by a packing ticket.
 - b. The Vendor's invoice shall be submitted duly certified and shall contain the following information: order number, description of supplies or services, quantities, unit price and extended totals. Separate invoices shall be rendered for each and every complete shipment.
 - c. Invoices must be submitted to the using agency and NOT the State Purchasing Agent.
11. **Default:** The State reserves the right to cancel all or any part of this order without cost to the State, if the Vendor fails to meet the provisions of this order and, except as otherwise provided herein, to hold the Vendor liable for any excess cost occasioned by the State due to the Vendor's default. The Vendor shall not be liable for any excess costs if failure to perform the order arises out of causes beyond the control and without the fault or negligence of the Vendor, such causes include but are not restricted to, acts of God or the public enemy, acts of the State or Federal Government, fires, floods, epidemics, quarantine restrictions, strikes, freight embargoes, unusually severe weather and defaults of subcontractors due to any of the above, unless the State shall determine that the supplies or services to be furnished by

State of New Mexico
General Services Department
Purchasing Division
Statewide Price Agreement #: 20-00000-21-00029

Page-3

the subcontractor were obtainable from other sources in sufficient time to permit the Vendor to meet the required delivery scheduled. The rights of the State provided in this paragraph shall not be exclusive and are in addition to any other rights now being provided by law or under this order.

12. **Non-Collusion:** In signing this bid the Vendor certifies he/she has not, either directly or indirectly, entered into action in restraint of free competitive bidding in connection with this offer submitted to the State Purchasing Agent or his/her designee.

13. **Nondiscrimination:** Vendor doing business with the State of New Mexico must be in compliance with the Federal Civil Rights Act of 1964 and Title VII of the Act (Rev. 1979) and the Americans with Disabilities Act of 1990 (Public Law 101-336).

14. **The Procurement Code:** Sections 13-1-28 through 13-1-199 NMSA 1978, imposes civil and criminal penalties for its violation. In addition the New Mexico criminal statutes impose felony penalties for bribes, gratuities and kickbacks.

15. **Items:** All bid items are to be NEW and of most current production, unless otherwise specified.

16. **Payment for Purchases:** Except as otherwise agreed to: late payment charges may be assessed against the user state agency in the amount and under the conditions set forth in Section 13-1-158 NMSA 1978.

17. **Workers' Compensation:** The Contractor agrees to comply with state laws and rules pertaining to Workers' Compensation benefits for its employees. If the Contractor fails to comply with Workers' Compensation Act and applicable rules when required to do so, this Agreement may be terminated by the contracting agency.

18. **Submission of Bid:** Bids must be submitted in a sealed envelope with the bid number and opening date clearly indicated on the bottom left hand side of the front of the envelope. Failure to label bid envelope will necessitate the premature opening of the bid in order to identify the bid number.

19. **Contractor Personnel:** Personnel proposed in the Contractor's written bid to the Procuring Agency are considered material to any work performed under this Price Agreement. Once a Purchase Order or contract has been executed, no changes of personnel will be made by the Contractor without prior written consent of the Procuring Agency. Replacement of any Contractor personnel, if approved, shall be with personnel of equal ability, experience, and qualifications. The Contractor will be responsible for any expenses incurred in familiarizing the replacement personnel to insure their being productive to the project immediately upon receiving assignments. Approval of replacement personnel shall not be unreasonably withheld. The Procuring Agency shall retain the right to request the removal of any of the Contractor's personnel at any time.

20. **Subcontracting:** The Contractor shall not subcontract any portion of the Price Agreement without the prior written approval of the Procuring Agency. No such subcontracting shall relieve the Contractor from its obligations and liabilities under this Price Agreement, nor shall any subcontracting obligate payment from the Agency.

21. **Records and Audit:** The Contractor shall maintain detailed time and expenditure records that indicate the date, time, nature, and cost of services rendered during this Price Agreement's term and effect, and retain them for a period of three (3) years from the date of final payment under this Price Agreement. The records shall be subject to inspection by the Agency, State Purchasing Division, Department of Finance and Administration, and for Information Technology contracts, State Chief Information Officer. The Agency shall have the right to audit billings, both before and after payment. Payment for services under this Price Agreement shall not foreclose the right of the Agency to recover excessive or illegal payments.

22. **Subcontracts:** The foregoing requirements for Contractor Personnel, Subcontracting, and Audit shall be inserted into all subcontracts from the prime contractor to the subcontractor.

New Mexico Employees Health Coverage

A. If Contractor has, or grows to, six (6) or more employees who work, or who are expected to work, an average of at least 20 hours per week over a six (6) month period during the term of the contract, Contractor certifies, by signing

State of New Mexico

Page-4

this agreement, to have in place, and agrees to maintain for the term of the contract, health insurance for its New Mexico Employees and offer that health insurance to its New Mexico Employees if the expected annual value in the aggregate of any and all contracts between Contractor and the State exceeds \$250,000 dollars.

B. Contractor agrees to maintain a record of the number of its New Mexico Employees who have (a) accepted health insurance; (b) declined health insurance due to other health insurance coverage already in place; or (c) declined health insurance for other reasons. These records are subject to review and audit by a representative of the state.

C. Contractor agrees to advise all of its New Mexico Employees of the availability of State publicly financed health care coverage programs by providing each of its New Mexico Employees with, as a minimum, the following web site link to additional information: <https://bewellnm.com>.

D. For purposes of this Paragraph, the following terms have the following meanings:

- (1) "New Mexico Employee" means any resident of the State of New Mexico employed by Contractor who performs the majority of the employee's work for Contractor within the State of New Mexico, regardless of the location of Contractor's office or offices; and
- (2) "offer" means to make available, without unreasonable restriction, enrollment in one or more health coverage plans and to actively seek and encourage participation in order to achieve the goals of Executive Order 2007-049. This could include State publicly financed public health coverage programs such as *Insure New Mexico!*

Statewide Price Agreement

Article I – Statement of Work

Under the terms and conditions of this Price Agreement all State of New Mexico agencies, commissions, institutions, political subdivisions and local public bodies allowed by law may issue orders for items and/or services described herein. The terms and conditions of this Price Agreement shall form a part of each order issued hereunder.

The items and/or services to be ordered shall be as listed under Article IX - Price Schedule. All orders issued hereunder will bear both an order number and this Price Agreement number. It is understood that no guarantee or warranty is made or implied by the New Mexico State Purchasing Agent, his/her designee or the user that any order for any definite quantity will be issued under this Price Agreement. The Contractor is required to accept the order and furnish the items and/or services in accordance with the articles contained hereunder for the quantity of each order.

Article II – Term

The term of this Price Agreement, for issuance of orders, shall be as indicated in the specifications.

Article III – Specifications

Items and/or services furnished hereunder shall conform to the requirements of specifications and/or drawings applicable to items listed under Article IX-Price Schedule. Orders issued against this schedule will show the applicable Price Agreement item(s), number(s), and price(s); however they may not describe the item(s) fully.

Article IV – Shipping and Billing Instructions

Contractor shall ship in accordance with the following instructions: Shipment shall be made only against specific orders which the user may place with the Contractor during the term; The Contractor shall enclose a packing list with each shipment listing the order number, price agreement number and the commercial parts number (if any) for each item; Delivery shall be made as indicated on page1. If vendor is unable to meet stated delivery the State Purchasing Agent or his/her designee must be notified.

Article V – Termination

The Agency may terminate this Agreement for convenience or cause. The Contractor may only terminate this Agreement based upon the Agency's uncured, material breach of this Agreement. Contractor shall give Agency written notice of termination at least thirty (30) days prior to the intended date of termination, which notice shall (i) identify all the Agency's material breaches of this Agreement upon which the termination is based and (ii) state what the Agency must do to cure such material breaches. Contractor's notice of termination shall only be effective (i) if the Agency does not cure all material breaches within the thirty (30) day notice period or (ii) in the case of material breaches that cannot be cured within thirty (30)

State of New Mexico

Page-5

days, the Agency does not, within the thirty (30) day notice period, notify the Contractor of its intent to cure and begin with due diligence to cure the material breach. Termination of this Contract, however, shall not affect any outstanding orders. This provision is not exclusive and shall not waive other rights and remedies afforded either party in the event of breach of contract or default. In such instances the contract may be cancelled effective immediately.

Article VI – Amendment

This Price Agreement may be amended by mutual agreement of the New Mexico State Purchasing Agent or his/her designee and the Contractor upon written notice by either party to the other. An amendment to this Price Agreement shall not affect any outstanding orders issued prior to the effective date of the amendment as mutually agreed upon, and as published by the New Mexico State Purchasing Agent or his/her designee. Amendments affecting price adjustments and/or the extension of a price agreement expiration date are not allowed unless specifically provided in the bid and price agreement specifications.

Article VII – Indemnity Clause

Contractor shall indemnify and hold harmless the State, its officers and employees, against liability, claims, damages, losses or expenses arising out of bodily injury to persons or damage to properties caused by, or resulting from Contractor's, and/or its employees, own negligent act or omission while Contractor, and/or its employees, perform or fails to perform its obligations and duties under the Terms and Conditions of this agreement. This save harmless and indemnification clause is subject to the immunities, provisions, and limitations of the Tort Claims Act (Section 41-4-1, et seq., N.M.S.A. 1978 comp. and Section 57-7-1 N.M.S.A. 1878 comp. and any amendments thereto.

It is specifically agreed between the parties executing this agreement that it is not intended by any of the provisions of any part of the agreement to create in the public or any member thereof a third party beneficiary or to authorize anyone not a party to the agreement to maintain a suit(s) for wrongful death(s), bodily and/ or personal injury(s) to person(s), damage(s) to property(ies) and/or any other claim(s) whatsoever pursuant to the provisions of this agreement.

Vendor shall provide all insurance necessary to employees on the work site, including but not limited to Worker's Compensation.

Article VIII – Issuance or Orders

Only written signed orders are valid under this Price Agreement.

Article IX – Packing (if applicable)

Packing shall be in conformance with standard commercial practices.

Article X – Price Schedule

Prices as listed in the price schedule hereto attached are firm.

Subject: RE: SOW Determination - BRAIN Grid Modernization
Date: Tuesday, October 1, 2024 11:02:34 AM
Attachments: [image003.png](#)

Greetings,

The scope of work as written would be General Services. This determination relates only to that question and is no comment on whether the scope of work or procurement method meet all legal standards. I reserve the right to change this determination if the scope of work differs from the scope of work submitted for the original determination. This procurement must be conducted using the processes and procedures set forth by the City of Santa Fe, Central Purchasing, the Procurement Manual, and state statutes.

Please note:

- Save this email as a PDF and upload it into the corresponding Munis records.
- Check with WorkQuest dba Horizons of New Mexico (vendor # 8673) (mloehman@horizonsofnewmexico.org) if this service appears on their approved list.
- If your request includes anything that needs to be reviewed and preapproved by another city Department/Division, please send your SOW to the corresponding email address, and provide their response to this office when you submit your procurement request for processing.
 - IT components - ereview@santafenm.gov
 - Vehicles – dmjaramillo@santafenm.gov
 - Grants - mtbonifer@santafenm.gov; cmthompson@santafenm.gov
 - Facilities, Furniture, Fixture, Equipment - jsburnett@santafenm.gov
 - Emergency Related Purchases - bgwilliams@santafenm.gov
 - Asset over \$5k - lmstorey@santafenm.gov
- Ensure that the appropriate templates and forms are used https://intranet.santafenm.gov/finance_1 and documented [procedures/laws/rules](#) are followed. _
- > \$20k per year, when processing this procurement, please ensure the procurement number issued by Munis and the procurement name are used in the appropriate documents and the subject of emails.
- If you are processing a procurement where the forecasted amount is => \$60k, per NMSA 1978, Section 13-1-102, the procurement method must be ITB (if you choose not to use a cooperative or an existing contract). If you feel you need to process an RFP, you must get an Authorization and Plan approved before you process.
- < \$20k per year, one quote is acceptable.
From \$20k to \$60k per year, if you aren't using a cooperative or existing contract,

you'll need to provide 3 quotes in your req. Must use the Munis Bid Module after 12/21/2023.

- Please keep this as part of the procurement file for future reference.
- Figure out your funding source and **inform Purchasing**. To ensure that the proper documents and language are used, it is important to identify the funding source for the subsequent contract. For instance, if federal funds are involved, the procurement request and subsequent contract must include the necessary federal language. Therefore, it is crucial to determine the funding source beforehand.
- Please review the pages linked below to determine whether any of the existing contracts/price agreements or cooperative agreements are applicable to this request. You might be able to use an existing price agreement to save time and money.
 - <https://www.generalservices.state.nm.us/state-purchasing/statewide-price-agreements/> (if you choose to use a Statewide, you do not need to ask Horizons if they can do the work. State Purchasing must offer the SOW to Horizons prior to placing the award on their website.)

Subject: SOW Determination - BRAIN Grid Modernization

Good morning,

Facilities Division is requesting a SOW determination for the following:

Implementation of secure, cloud-based, Balanced Resource Acquisition Information Network (BRAIN) to provide a city-wide, city-owned utility monitoring, analysis and reporting solution to assess and consolidate usage data from water, power and renewables into a single-station control center, using GridWatch Software as a Service (SaaS).

Mahalo!

Best,
Elizabeth "Lisa" Kahahane

Contracts Administrator | Facilities Division | Public Works Dept.

O: (505) 955-5934

CITY OF SANTA FE

FACILITIES

Pre-screening questions for Software/Solution Replacement Request

Information about the Existing System/Solution:

1. Name of the solution you are trying to replace N/A - move to next page
(version/module)_____
2. Number of current users_____
3. Who is responsible for updating / troubleshooting the current solution?
 - ☐ ITT Representative (division/position/name/contact info): _____
 - ☐ Vendor (name / contact info): _____
 - ☐ City Department's representative (name/contact info): _____
 - ☐ 3rd Party Contractor (name/contact info): _____
 - ☐ Other: (Company/name/contact/allocated hours/mo): _____
4. Is the current system hosted in the cloud or locally by the City:
 - ☐ Hosted on ITT servers (name and location): _____
 - ☐ Hosted on Cloud (provider name and link): _____
5. What are main features you are utilizing with the current software:

6. Describe the limitations of the current software that new proposed solution will remedy:

7. What is the extent of the data that will be transferred to the new solution from the current solution:
 - ☐ All the data will be transferred and deleted from existing accounts;
 - ☐ Only partial/or no data will be transferred, and the data will be backed up into local drive. (where?)_____
 - ☐ No data will be transferred and backed up, and
8. Will there need to be an archival copy of the current solution maintained?
 - ☐ Yes (if yes – by who, and how long):_____
 - ☐ No
 - ☐ Unknown (specify): _____

Information about the Proposed System/Solution:

9. Name of the solution/software you are interested in purchasing: Brain / GridWatch
(version/module): Customizable interfaith impact public works and public utilities, solar and other utilities production to monitor power use
10. What is the goal of the requested application? Energy consumption tracking and alerting
11. Number of users that will be utilizing the system and will need licenses: TBD - Unlimited
12. How many users will be covered by current quote?: Unlimited under 1 thousand, mainly for admins
13. Single sign on – is this solution capable of:
- ☐ Azure Entra ID SAML ☒ Other SSO: 2 factor authentication,
☐ Azure Entra ID OAUTH2 not Azure, user will receive email w
14. Will the new solution be hosted:
- ☐ Locally (address): _____
☒ or in the Cloud (address): United states, central data center for Google
15. Will the updates to the new system/solution be performed by:
- ☐ City staff (Name/position/division): _____
☒ or the Vendor (assigned staff): Vendor (contact info #21)
16. What existing IT systems, if any, does this solution need to connect to?:
- ☐ Email ☐ GIS portal/databases* _____ if yes
☒ Network answer GIS Module
(specify) They will use API's to access the systems, and need some portals opened as per future discussion
17. Who will be responsible for installing and configuring the new solution and transferring existing data from the current solution?
- ☐ ITT Representative (division/name/contact info): _____
☒ Vendor (name / contact info): Vendor Contact Info #21: Will work with access to other utilities systems
☒ City Department's representative (name/contact info): _____
☐ 3rd Party Contractor (name/contact info): _____
☐ Other: (Company/name/contact/allocated hours/mo): _____
18. What is the estimated timeframe for standing up this new solution, and transferring from the current solution to the new solution?
- | | | | | | |
|-------------------------------------|---|---|---|--|--------|
| Unknown
☐ | Under 3
months
☐ | 3 to 6
months
☒ | 6-12 months
☐ | More than 1
yrs
☐ | Other: |
|-------------------------------------|---|---|---|--|--------|
- Planning to lunch by mid December, have to be set up by June 30th(end of grant)

19. How or who handles any requests for support for the requested application?

Vendor and designated City Staff

20. What level of support is provided by the vendor for this new system/solution, and what are the applicable SLAs?

No Vendor Support	Limited to # hours:	Unlimited Business Hours	Unlimited 24/7	Other:
☐	☐	☐	☒	Priority based response systems

Please include Service Level Agreement details

21. Vendors contact information for technical questions regarding this new solution:

Matt Hendrickson, CEO, GridWatch Energy Management Systems, matt.hendrickson@gridwatchems.com, 520-369-9664,
Gary Gunthorpe, Paradise Power Company, gary@ppcsolar.com, 505-395-2244, or gary@gridwatchems.com

22. Does the requested application require any specific browser, plugin, security setting, network setting, hardware or setting?

Will need access to certain systems, servers, cloud to cloud level, not on perm level, they will need top reach to ITT to open some of the firewalls.

23. Is there different level of access to the requested application? If so, how is access handled?

Admin, role, read role for reports, for mobile only users, group based permissions

ITT GIS Discovery questions

24. Will you require APA/Map service? N/A

25. Who is your City GIS Contact?:

26. List of data needed for map service: will not use GIS Services or layers, maps are based on Google Maps

27. Is there a data that needs to be reconciled back into City GIS databases?:

28. Will you need City GIS Team to create you field app/ dashboards/ additional services?

29. Will you require City's Esri Licenses and how many?:

30. Will this affect City's ESRI service agreement in any way?:

For ITT Only (End of discovery results):

A. Will this implementation require ITT resources?

☐ Yes (*)

☒ No

B. Will this implementation and management require ITT staff hours?

☒ Yes (*)

☐ No

C. Was the requested software vetted by ITT Security officer?

☒ Yes

☐ No (*)

D. Does the requested solution have Single Sign enabled?

☒ Yes

☐ No (*)

E. Are the deliverables for this solution already exist in City's EAS Library (or is this solution can be substituted by existing City of Santa Fe solution?)

☐ Yes (*)

☒ No

Request Approved?

☒ **Yes**

☐ **No (requires CCB)**

Approver's Name/ Signature: Zarifa Dushdurova Digitally signed by Zarifa Dushdurova

Title: Photovoltaic (Solar Electric) Systems

Term: May 1, 2025, through April 30, 2026

This Price Agreement is made subject to the “terms and conditions” as indicated on subsequent pages.

Accepted for the State of New Mexico

Dorothy Mendonca

Date: 5/1/2025

Dorothy Mendonca
New Mexico State Purchasing Agent

Terms and Conditions

Purchasing Division: 1100 St. Francis Drive, Santa Fe, NM 87505; PO Box 6850, Santa Fe, NM 87502 (505) 827-0472

State of New Mexico
General Services Department
Purchasing Division
Price Agreement #: 50-00000-25-00049

Page-2

(Unless otherwise specified)

1. **General:** When the State Purchasing Agent or his/her designee issues a purchase document in response to the Vendor's bid, a binding contract is created.
2. **Variation in Quantity:** No variation in the quantity of any item called for by this order will be accepted unless such variation has been caused by conditions of loading, shipping, packing or allowances in manufacturing process and then only to the extent, if any, specified in this order.
3. **Assignment:**
 - a. Neither the order, nor any interest therein, nor any claim thereunder, shall be assigned or transferred by the Vendor, except as set forth in Subparagraph 3b or as expressly authorized in writing by the State Purchasing Agent or his/her designee. No such assignment or transfer shall relieve the Vendor from the obligations and liabilities under this order.
 - b. Vendor agrees that any and all claims for overcharge resulting from antitrust violations which are borne by the State as to goods, services, and materials purchased in connection with this bid are hereby assigned to the State.
4. **State Furnished Property:** State furnished property shall be returned to the State upon request in the same condition as received except for ordinary wear, tear and modifications ordered hereunder.
5. **Discounts:** Prompt payment discounts will not be considered in computing the low bid.
6. **Inspection:** Final inspection and acceptance will be made at the destination. Supplies rejected at the destination for nonconformance with specifications shall be removed at the Vendor's risk and expense, promptly after notice of rejection.
7. **Inspection of Plant:** The State Purchasing Agent or his/her designee may inspect, at any reasonable time, the part of the Contractor's, or any subcontractor's plant or place of business, which is related to the performance of this contract.
8. **Commercial Warranty:** The Vendor agrees that the supplies or services furnished under this order shall be covered by the most favorable commercial warranties the Vendor gives for such to any customer for such supplies or services. The rights and remedies provided herein shall extend to the State and are in addition to and do not limit any rights afforded to the State by any other clause of this order. **Vendor agrees not to disclaim warranties of fitness for a particular purpose of merchantability.**
9. **Taxes:** The unit price shall exclude all state taxes.
10. **Packing, Shipping and Invoicing:**
 - a. The State's purchasing document number and the Vendor's name, user's name and location shall be shown on each packing and delivery ticket, package, bill of lading and other correspondence in connection with the shipments. The user's count will be accepted by the Vendor as final and conclusive on all shipments not accompanied by a packing ticket.
 - b. The Vendor's invoice shall be submitted duly certified and shall contain the following information: order number, description of supplies or services, quantities, unit price and extended totals. Separate invoices shall be rendered for each and every complete shipment.
 - c. Invoices must be submitted to the using agency and NOT the State Purchasing Agent.
11. **Default:** The State reserves the right to cancel all or any part of this order without cost to the State, if the Vendor fails to meet the provisions of this order and, except as otherwise provided herein, to hold the Vendor liable for any excess cost occasioned by the State due to the Vendor's default. The Vendor shall not be liable for any excess costs if failure to perform the order arises out of causes beyond the control and without the fault or negligence of the Vendor, such causes include but are not restricted to, acts of God or the public enemy, acts of the State or Federal Government, fires, floods, epidemics, quarantine restrictions, strikes, freight embargoes, unusually severe weather and defaults of subcontractors due to any of the above, unless the State shall determine that the supplies or services to be furnished by the subcontractor were obtainable from other sources in sufficient time to permit the Vendor to meet the required delivery scheduled. The rights of

State of New Mexico
General Services Department
Purchasing Division
Price Agreement #: 50-00000-25-00049

Page-3

the State provided in this paragraph shall not be exclusive and are in addition to any other rights now being provided by law or under this order.

12. Non-Collusion: In signing this bid the Vendor certifies he/she has not, either directly or indirectly, entered into action in restraint of free competitive bidding in connection with this offer submitted to the State Purchasing Agent or his/her designee.

13. Nondiscrimination: Vendor doing business with the State of New Mexico must be in compliance with the Federal Civil Rights Act of 1964 and Title VII of the Act (Rev. 1979) and the Americans with Disabilities Act of 1990 (Public Law 101-336).

14. The Procurement Code: Sections 13-1-28 through 13-1-199 NMSA 1978, imposes civil and criminal penalties for its violation. In addition the New Mexico criminal statutes impose felony penalties for bribes, gratuities and kickbacks.

15. Items: All bid items are to be NEW and of most current production, unless otherwise specified.

16. Payment for Purchases: Except as otherwise agreed to: late payment charges may be assessed against the user state agency in the amount and under the conditions set forth in Section 13-1-158 NMSA 1978.

17. Workers' Compensation: The Contractor agrees to comply with state laws and rules pertaining to Workers' Compensation benefits for its employees. If the Contractor fails to comply with Workers' Compensation Act and applicable rules when required to do so, this Agreement may be terminated by the contracting agency.

18. Submission of Bid: Bids must be submitted in a sealed envelope with the bid number and opening date clearly indicated on the bottom left hand side of the front of the envelope. Failure to label bid envelope will necessitate the premature opening of the bid in order to identify the bid number.

19. Contractor Personnel: Personnel proposed in the Contractor's written bid to the Procuring Agency are considered material to any work performed under this Price Agreement. Once a Purchase Order or contract has been executed, no changes of personnel will be made by the Contractor without prior written consent of the Procuring Agency. Replacement of any Contractor personnel, if approved, shall be with personnel of equal ability, experience, and qualifications. The Contractor will be responsible for any expenses incurred in familiarizing the replacement personnel to insure their being productive to the project immediately upon receiving assignments. Approval of replacement personnel shall not be unreasonably withheld. The Procuring Agency shall retain the right to request the removal of any of the Contractor's personnel at any time.

20. Subcontracting: The Contractor shall not subcontract any portion of the Price Agreement without the prior written approval of the Procuring Agency. No such subcontracting shall relieve the Contractor from its obligations and liabilities under this Price Agreement, nor shall any subcontracting obligate payment from the Agency.

21. Records and Audit: The Contractor shall maintain detailed time and expenditure records that indicate the date, time, nature, and cost of services rendered during this Price Agreement's term and effect, and retain them for a period of three (3) years from the date of final payment under this Price Agreement. The records shall be subject to inspection by the Agency, State Purchasing Division, Department of Finance and Administration, and for Information Technology contracts, State Chief Information Officer. The Agency shall have the right to audit billings, both before and after payment. Payment for services under this Price Agreement shall not foreclose the right of the Agency to recover excessive or illegal payments.

22. Subcontracts: The foregoing requirements for Contractor Personnel, Subcontracting, and Audit shall be inserted into all subcontracts from the prime contractor to the subcontractor.

New Mexico Employees Health Coverage

A. If Contractor has, or grows to, six (6) or more employees who work, or who are expected to work, an average of at least 20 hours per week over a six (6) month period during the term of the contract, Contractor certifies, by signing this

State of New Mexico
General Services Department
Purchasing Division
Price Agreement #: 50-00000-25-00049

Page-4

agreement, to have in place, and agrees to maintain for the term of the contract, health insurance for its New Mexico Employees and offer that health insurance to its New Mexico Employees if the expected annual value in the aggregate of any and all contracts between Contractor and the State exceeds \$250,000 dollars.

B. Contractor agrees to maintain a record of the number of its New Mexico Employees who have (a) accepted health insurance; (b) declined health insurance due to other health insurance coverage already in place; or (c) declined health insurance for other reasons. These records are subject to review and audit by a representative of the state.

C. Contractor agrees to advise all of its New Mexico Employees of the availability of State publicly financed health care coverage programs by providing each of its New Mexico Employees with, as a minimum, the following web site link to additional information: <https://bewellnm.com>.

D. For purposes of this Paragraph, the following terms have the following meanings:

- (1) "New Mexico Employee" means any resident of the State of New Mexico employed by Contractor who performs the majority of the employee's work for Contractor within the State of New Mexico, regardless of the location of Contractor's office or offices; and
- (2) "offer" means to make available, without unreasonable restriction, enrollment in one or more health coverage plans and to actively seek and encourage participation in order to achieve the goals of Executive Order 2007-049. This could include State publicly financed public health coverage programs such as *Insure New Mexico!*

Department Price Agreement

Article I – Statement of Work

Under the terms and conditions of this Price Agreement, the using agency may issue orders for items and/or services described herein.

The terms and conditions of this Price Agreement shall form a part of each order issued hereunder.

The items and/or services to be ordered shall be listed under Article IX – Price Schedule. All orders issued hereunder will bear both an order number and this Price Agreement number. It is understood that no guarantee or warranty is made or implied by either the New Mexico State Purchasing Agent or the user that any order for any definite quantity will be issued under this Price Agreement. The Contractor is required to accept the order and furnish the items and/or services in accordance with the articles contained hereunder for the quantity of each order issued.

Article II –Term

The term of this Price Agreement for issuance of orders shall be as indicated in specifications.

Article III –Specifications

Items and/or services furnished hereunder shall conform to the requirements of specifications and/or drawings applicable to items listed under Article IX - Price Schedule. Orders issued against this schedule will show the applicable price agreement item(s), number(s), and price(s); however they may not describe the item(s) fully.

Article IV – Shipping and Billing Instructions

Contractor shall ship in accordance with the instructions of this form. Shipment shall be made only against specific orders which the user may place with the contractor during the term indicated in Article II – Term. The Contractor shall enclose a packing list with each shipment listing the order number, price agreement number and the commercial parts number (if any) for each item. Delivery shall be made as indicated on page 1. If vendor is unable to meet stated delivery the State Purchasing Agent must be notified.

Article V - Termination

The Agency may terminate this Agreement for convenience or cause. The Contractor may only terminate this Agreement based upon the Agency's uncured, material breach of this Agreement. Contractor shall give Agency written notice of termination at least thirty (30) days prior to the intended date of termination, which notice shall (i) identify all the Agency's

State of New Mexico
General Services Department
Purchasing Division
Price Agreement #: 50-00000-25-00049

Page-5

material breaches of this Agreement upon which the termination is based and (ii) state what the Agency must do to cure such material breaches. Contractor's notice of termination shall only be effective (i) if the Agency does not cure all material breaches within the thirty (30) day notice period or (ii) in the case of material breaches that cannot be cured within thirty (30) days, the Agency does not, within the thirty (30) day notice period, notify the Contractor of its intent to cure and begin with due diligence to cure the material breach. Termination of this Contract, however, shall not affect any outstanding orders. This provision is not exclusive and shall not waive other rights and remedies afforded either party in the event of breach of contract or default. In such instances the contract may be cancelled effective immediately.

Article VI – Amendment

This Price Agreement may be amended by mutual agreement of the New Mexico State Purchasing Agent or his/her designee and the Contractor upon written notice by either party to the other. An amendment to this Price Agreement shall not affect any outstanding orders issued prior to the effective date of the amendment as mutually agreed upon, and as published by the New Mexico State Purchasing Agent or his/her designee. Amendments affecting price adjustments and/or the extension of a price agreement expiration date are not allowed unless specifically provided for in the bid and price agreement specifications.

Article VII – Issuance of Orders

Only written signed orders are valid under this Price Agreement.

Article VIII – Packing (if applicable)

Packing shall be in conformance with standard commercial practices.

Article IX – Price Schedule

Prices as listed in the price schedule hereto attached are firm.

Specifications:

Establish a Statewide Price Agreement for Photovoltaic (Solar Electric) Systems. This Price Agreement may be utilized by all New Mexico State Agencies, commissions, political subdivisions and local public bodies applicable by law.

The term of this Price Agreement shall be for one (1) year from date of award with the option to extend for a period of two (2) additional years, on a year-to-year basis, by mutual agreement of all parties and approval of the New Mexico State Purchasing Agent at the same price, terms and conditions. This Price Agreement shall not exceed three (3) years.

Compensation Caps:

The total cost of **each project**, excluding applicable gross receipts tax, shall not exceed Four Million Dollars (**\$4,000,000.00**). This cap includes all change orders associated with the project. NM Gross Receipts Taxes is not included on the Compensation Cap, however it is billed on the pay application/invoice.

The total cap for **this Statewide Price Agreement** is **Twelve Million Five Hundred Thousand Dollars (\$12,500,000) per awarded Contractor** for the whole term of the Statewide Price Agreement.

MANDATORY REPORTING FOR AGENCIES AND LOCAL PUBLIC BODIES

The Agency or Local Public Body **MUST** report all work issued under this Price Agreement to the State Purchasing Division so that the cap thresholds can be monitored.

When the total cap of **Twelve Million Five Hundred Thousand Dollars (\$12,500,000)** for this Statewide Price Agreement has been reached, the Contractor will be terminated from the Price Agreement.

Overview

The intent of the Invitation to Bid is to obtain bids for photovoltaic (PV) systems with system output power and support structure combinations that may be acquired for use by State and Local Government Facilities. Each PV system includes, but is not limited to, PV modules, inverter, wiring, conduit, display devices, disconnects, and support structure. System installation services shall include performing electrical system and structural system design, obtaining necessary permits, collaborating with utility and procuring agency staff, performing system installation including maintenance and related work. Additional system features are available through a variety of additive alternates.

Every six (6) months, an escalation/de-escalation clause may be incorporated into this Price Agreement based upon changes in retail or wholesale module prices as presented and compared by manufacturer/supplier quotes. Please be aware this measure is not intended to allow any increase in profit margin, only to compensate for an actual cost increase. Price decreases as well as increases shall apply. If vendor's prices are reduced for any reason, users shall receive the benefit of such reductions. Price increases will not be retroactive to orders already in house or backorders. Orders will be filled at the price in effect on the date of receipt of the order by the vendor.

It is requested that price information be provided for each base bid item and each additive alternate bid item below. The bid item descriptions and the attached specifications shall be the basis for bid item prices. Do not include Local and State taxes in prices for solar equipment, installation and labor due to the New Mexico Gross Receipts Exemption; they will be included after the vendor selection process for specific project sites, if applicable.

The Contractor shall provide all the equipment, materials and labor for a complete operable system that meets the attached specifications. The Contractor shall also provide the system design for review and approval by the using State or Local Governmental organization. After the vendor selection process is completed and project sites are selected, the Contractor shall meet with the Owner at a site audit meeting and final acceptance inspection, at a minimum, for each project site. On a project by project basis, if unforeseen or unusual conditions are found, the contractor may be allowed to add for additional costs to overcome these issues. Some examples could be: Rocky underground conditions or hidden underground utilities.

State of New Mexico
General Services Department
Purchasing Division
Price Agreement #: 50-00000-25-00049

Page-9

The PV systems will offset electricity consumption used in lighting, heating, cooling, and other facility energy needs of State and Local Government Facilities. It is the intent that each PV system installed will be interconnected with the utility grid and an interconnection agreement will be established, enabling the facility to receive reimbursement and/or credit from the utility company for electricity generated. It is also the intent to utilize the PV systems for educational purposes, related to the benefits of renewable energy, in the communities where the systems are located. Since installation of power storage (battery) systems is also included, there may be cases where the PV system is not interconnected with the utility grid.

In order to provide flexibility to the purchasing Agency in selecting PV systems for a variety of sites with different conditions, the bid form is subdivided into ten (10) parts. Two (2) base bid items are provided with eight (8) additive alternates. Once the Price Agreement is established, purchasing Agencies will select systems to install at specific sites. Both Owner and Contractor will be encouraged to collaborate during the design and installation process, understanding that an experienced vendor is likely to suggest design and installation options that will benefit overall performance and longevity of the proposed system installation.

Where discrepancies exist between the bid form and the specifications, the specifications shall govern.

Data Communications and Monitoring

The Bid Form includes price quote requests for data communications and monitoring devices. The intention is to provide Owners with options in addition to the inverter for enhancing their understanding of the systems, to offer troubleshooting assistance to facility managers, and to support renewable energy education. Many modern data communication and monitoring systems allow remote access by internet, such that data monitoring also allows the installation vendor to monitor and troubleshoot each system as well as the facilities' manager.

Method of Award

The State of New Mexico reserves the right to make vendor selection decisions that are in the best interests of the State. This Invitation to Bid is intended to solicit bids from qualified bidders and could result in multiple awards. Bidders who at least meet the minimum qualifications and experience will have their bids tabulated for inclusion in the award. Once the Invitation to Bid results in a Statewide Price Agreement; purchasing Agencies may make their selection decisions based on cost-effectiveness over the twenty (20) year life of the system. The following subsections describe how the State of New Mexico plans to conduct the selection process.

Bidder Experience and Qualifications. This subsection describes information required for purposes of validating Bidder experience and qualifications. Multiple vendors may be selected for each zone and each system size class based on the information submitted. In order to verify that a bidder meets the minimum qualifications, each bidder shall provide:

- A brief statement of the number of years of experience the company has installing grid-connected and/or standalone PV systems;
- Experience in demand reduction technology- give any examples with savings;
- Information on each PV system that has been installed in the format of the table below. Enter details on at least twenty-five (25) systems for the smallest system size class, enter details on at least five (5) systems for the fifty (50)kW and over size class, etc. (note that a bidder may be qualified for one (1) or more of the system size classes based upon the experience information provided in this table).

State of New Mexico
General Services Department
Purchasing Division
Price Agreement #: 50-00000-25-00049

Page-10

kW system size class	Minimum # of installs required*	License required**	Customer Point of Contact	Utility of Interconnection	Size of system (kW)	Location	Date
1 - 50	25	EE98 OR GB98					
50.1 and over	5	EE98					

* A statement to the effect certifying the number of installs.

** The name of the license holder at the time of bid opening must be provided.

- A brief statement that describes the bidding firm's aggregate and individual contract bonding capacity and includes the name and address of the Bonding Company and Bonding Agent.
- Attach a copy of the bidding firm's standard insurance certificate indicating coverages and limits provided by your insurance carriers.
- A brief statement that describes whether the bidding firm has had any OSHA violations in the past five (5) years with an explanation of any violations.

TECHNICAL SPECIFICATIONS:

A. GENERAL

1. These specifications cover the procurement of equipment, hardware, documentation, labor, and supervision required for the installation of grid-connected photovoltaic (PV) systems for State and Local Government Facilities. There can be energy storage systems (e.g. Batteries) used.
2. Bids shall include a cost estimate identifying equipment necessary to complete system installations and their costs. The cost categories shall include, at a minimum, PV modules, inverter, disconnects, support structure and foundation, digital display unit, data communications devices, and labor. In addition, documentation on the design, configuration, installation, operation, and maintenance of the complete system must be provided prior to installation.
3. All systems shall be designed for outdoor installation based on the annual ambient temperature range of the facility location or nearest location having long-term temperature records, using the lowest-record-low and highest-monthly-average-high temperatures to determine the appropriate inverter temperature range. Supplied equipment must be rated and warranted to withstand and operate under these conditions.
4. Prior to hardware procurements, the selected vendor will provide Owner a complete design package for each system showing a complete parts/equipment list, full system electrical schematics, mechanical design, and all calculations required to meet the requirements of the National Electrical Code, New Mexico Electrical Code, and any applicable building codes. The design shall be stamped by a professional engineer if required by interconnection utility or state or local statute or if the system is twenty-five (25) kW or larger. Owner approval of this design package is required prior to any hardware being procured.
5. The Contractor shall provide pole mounting, ground mounting, or roof mounting that is acceptable to the Owner. This structure shall provide a tilt and orientation for the PV array that maximizes annual energy production. Alternative tilts and orientations require approval by the Owner.
6. The PV system shall be connected to the utility electric grid through a grid-interactive inverter. The Contractor shall provide a minimum of one (1) disconnect acceptable to the local utility for the utility company to access at any time

State of New Mexico
General Services Department
Purchasing Division
Price Agreement #: 50-00000-25-00049

Page-11

providing that the disconnect is required by the utility for the installation. The design and specification of the PV modules, inverter, utility interconnection, PV system wiring and conduit, PV array support structure, and the entire installation shall be in full compliance with the National Electrical Code, the New Mexico Electrical Code, and any National, State, and Local Building Codes in effect.

7. The Contractor shall obtain a permit from the New Mexico Construction Industries Division and/or appropriate local authority and include associated costs in bid. The Contractor shall comply with all applicable Municipal, State, and National Codes.
8. The PV system installation shall be performed in a workmanlike manner by, or under, the direct supervision of a licensed electrician. No person shall act as a contractor without a license issued by the Construction Industries Division classified to cover the type of work to be undertaken. No bid on a contract shall be submitted unless the contractor has a valid license issued by the Construction Industries Division to bid and perform the type of work to be undertaken (reference: § 60-13-12, NMSA 1978).
9. The Contractor shall provide a minimum system warranty on labor of two (2) years. Owner may extend the warranty an additional five (5) years upon selection of the Additive Alternate for this purpose. This does not extend the warranties of factory-warranted components, such as the modules or inverters, but includes any labor required to change out these or other components that fail during the minimum warranty or extended warranty.
10. The Contractor shall conduct a site visit, jointly with the Owner to demonstrate the system is operating properly at final inspection and to accept the system after complete installation. An acceptance test shall be performed for all systems.
11. Each PV system purchased, installed, maintained, and warranted for a total cost exceeding twenty-five thousand (\$25,000) must require performance, payment, and labor bonds prior to execution of a contract.
12. The cost to the bidder of these bonds is to be included in the unit pricing for each item.
13. Wage Rate Requirements:
In submitting this bid, the Contractor must satisfy all terms and conditions of the Invitation to Bid. All work covered by this Invitation to Bid shall be in accordance with applicable state laws and, if the bid amount exceeds sixty thousand dollars (\$60,000) or more, is subject to the minimum wage rate determination issued by the New Mexico Department of Workforce Solutions, Labor and Industrial Division, for this project. If the bid amount of the contractor or any tier of the subcontractor exceeds sixty thousand dollars (\$60,000), the contractor and subcontractor must comply with the registration requirements pursuant to the Public Works Minimum Wage Act. Wage Decision No. SF-13-1102 B is part of this Contract. The user agency must verify the awarded vendor has an active registration with the New Mexico Department of Workforce Solutions.
14. The Contractor shall warranty all components of additive alternates for each base bid PV system, including the digital display unit and data communications devices, if installed, for the same warranty period given the base bid PV system.

B. PRODUCTS

1. PV Modules and Array
 - a. The PV modules for each system shall be in accordance with the requirements of the National Electrical Code and listed by a Nationally Recognized Testing Laboratory (NRTL).
 - b. The PV array shall be sized and configured to provide the DC input power necessary for efficient operation and power production of the inverter.

State of New Mexico
General Services Department
Purchasing Division
Price Agreement #: 50-00000-25-00049

Page-12

- c. Each PV module shall be warranted by the manufacturer for at least ninety-five (95) percent of its minimum rated power for ten (10) years and at least ninety (90) percent for twenty-five (25) years from the date of system acceptance.

2. Inverter

- a. The inverter or micro-inverters for each system shall be provided and installed in accordance with the requirements of the National Electrical Code and "listed" to Underwriters Laboratory 1741 specifically for utility grid interconnection of PV arrays.
- b. The inverter or micro-inverters for each system shall be properly sized for the proposed PV system. The inverter shall be capable of connecting to multiple PV module strings, data communications with other compatible devices, and future system expansion. Derating of inverter shall be avoided to the maximum extent possible by configuration of the PV modules.
- c. The inverter or system shall include an automatic visual indicator showing system status, as well as at least a two-line LCD display of PV system operation and performance. The inverter shall have a communications port to enable data connection to a computer (provided by agency). The data connection shall be functional in the electrical system environments of typical State and Local Government Facilities, including three (3) phase systems, heavy machinery, air-conditioners, and computers.
- d. The inverter or system shall include an automatic visual indicator showing system status, as well as at least a two-line LCD display of PV system operation and performance. The inverter shall have a communications port to enable data connection to a computer (provided by agency). The data connection shall be functional in the electrical system environments of typical State and Local Government Facilities, including three (3) phase systems, heavy machinery, air-conditioners, and computers.
- e. The inverter shall have at least a ten (10) year repair or replacement warranty from the manufacturer.
- f. The inverter and any other required electronics installed in outdoor locations shall be designed for outdoor application in direct exposure to the elements or placed in lockable electrical enclosures suitable for housing these components. These enclosures shall be rated as NEMA 3R or better and have superior strength and corrosion resistance properties. These enclosures shall be pole and/or wall mountable, depending on the support structure. If inverter has exposure to south, east or west sun, shading will be required. Inverter shall be placed to avoid exposure to rain or snow fall from the building roof structure; however, if placement is unavoidable, protection from rain and snowfall from roof system will be required. Alternative enclosure and mounting configurations may be proposed by the contractor to the Owner and require approval by the Owner.
- g. The inverter and any other required electronics installed in indoor locations shall be securely mounted in rooms under control of the Owner. An indoor location will be made available at the facility and identified by the Owner. Inverters and electronics installed in indoor locations do not require additional electrical enclosures for weather protection.
- h. The inverter shall be provided with the wiring necessary to enable communications with a computer (provided by others) or digital display unit. Data communications wiring shall be CAT5e or better, or wireless as determined by manufacturer and installer.

3. Utility Company Disconnect

State of New Mexico
General Services Department
Purchasing Division
Price Agreement #: 50-00000-25-00049

Page-13

- a. A single system wide disconnect shall be provided and installed for use by the utility company and shall comply with all utility company requirements for interconnection of a PV system. This disconnect shall be in an outdoor location and shall be in a location accessible by the utility company at all times.

4. Other Disconnects

- a. The following requirements exclude utility company disconnects. For utility company disconnect requirements, see the subsection above by that name.
- b. AC and DC disconnects shall be provided, located, and installed in accordance with the requirements of the National Electrical Code.
- c. One disconnect shall be located between the PV array and the inverter at the PV array and meet requirements of installation in outdoor locations.

5. Digital Display Unit

- a. The digital display unit shall be integrated with or compatible with the system inverter. The digital display unit shall have communications ports to enable communications with the system inverter. It shall also be capable of communications with a computer provided by others, if that additive alternate is selected.
- b. The digital display unit shall be capable of data acquisition and display of the PV array and the inverter. The digital display unit shall have an LCD display of PV system operation and performance. The system and display shall be capable of display and storage to include the following operation and performance parameters, at a minimum: instantaneous AC current of the inverter (amps), instantaneous AC voltage of the inverter (volts), instantaneous AC power output of the inverter (Watts), cumulative energy production of the current day (kW), and cumulative energy production since system installation (kW).
- c. The Contractor shall initiate operation of the digital display unit and verify proper operation.
- d. The digital display unit shall be provided with the wiring necessary to enable communications with a computer (provided by others), depending on the additive alternates selected.

6. Performance Monitoring Software

- a. The Contractor shall provide monitoring software that is compatible with the inverter and computers operating with current Microsoft OS, or equivalent. The monitoring software shall be capable of accessing stored measurements of the inverter and enable the Owner to check operation of the PV system at any time.
- b. The Contractor shall purchase and provide the hardware for data transmission from the digital display unit or inverter to the computer (provided by others) or to the Internet.
- c. Performance monitoring software provided by the Contractor shall be installed on a computer provided by others. The computer shall operate with current Microsoft OS, or equivalent. The Contractor shall demonstrate the monitoring software to the Owner.

C. EXECUTION

1. PV System Electrical Design

State of New Mexico
General Services Department
Purchasing Division
Price Agreement #: 50-00000-25-00049

Page-14

- a. The electrical design and installation for the PV system shall conform to the most recent New Mexico Electrical Code and National Electrical Code (NEC) in effect at time of installation.
- b. All wiring shall be listed for a minimum operation of six hundred (600) volts and temperature rating of ninety (90) degrees C in wet locations. All current carrying conductors shall be enclosed in conduit, with the exception of module wiring as allowed by the NEC. Smaller systems may not need to comply with this.
- c. Roof-mounted or pole mounted systems shall have array ground-fault protection devices included as part of the inverter packages as required by the NEC.
- d. System arrangement shall comply with utility company requirements. A licensed electrician must make all final AC connections and is recommended to make all electrical connections in the system

2. PV Array Mechanical Design

- a. The Contractor shall provide the mechanical hardware for mounting the photovoltaic arrays. The Contractor shall provide all other hardware required for assembling the photovoltaic modules and structurally attaching them to the base support structure.
- b. The PV array, including modules, hardware, support structure, pole, foundation, and attachments shall be structurally designed to withstand the minimum wind loads and seismic loads of the applicable building code for the project site.
- c. Array mounting hardware supplied by the bidder shall be compatible with the site considerations and environment. Bolts shall have anti-theft heads to the extent provided by the rack manufacturers to prevent to the maximum extent possible the removal of PV modules. Special attention shall be paid to minimizing the risk from exposed fasteners, sharp edges, and potential damage to the modules or support structure. Corrosion resistance and durability of the mechanical hardware shall be provided by the use of stainless steel fasteners and an aluminum or polymer support structure. The use of other metals, or wood, components is not allowed, with the exception of the pole for pole mounted PV arrays. Galvanic corrosion shall be avoided.
- d. The pole for pole-mounted tracking and fixed PV arrays shall be structural steel pipe or square tubing. The bottom end shall be flanged for attachment to a concrete foundation. Embedment of the pole in the concrete foundation is not allowed. The pole shall have a non-corrosive protective coating, technique, or system for outdoor installation to maintain the design structural strength for a minimum of twenty (20) years. The concrete foundation mounting surface shall be a minimum of 1 foot above grade. For all pole or tracking mount pole systems, regardless of size, the pole and concrete foundation design shall be stamped by a professional engineer.
- e. The carport shade structure mounting option for PV systems greater than 50kW and less than 50kW shall be constructed of structural steel pipe or square tubing with a non-corrosive protective coating, technique, or system for outdoor installation to maintain the design structural strength for a minimum of twenty (20) years. All carport shade mounting structures pole systems, regardless of size shall have the structure and concrete foundation design stamped by a professional engineer. Snow stoppers will be an additional allowed cost if needed in any array where snow form the array has the potential to slough on the parking lot users.

State of New Mexico
General Services Department
Purchasing Division
Price Agreement #: 50-00000-25-00049

Page-15

- f. Spacing between individual modules shall be kept to a minimum to maximize utilization of the surrounding area. As much as possible, all mechanical hardware, conduit, junction boxes, and other equipment shall be concealed beneath and/or behind the array.
- g. The array layout shall be installed in a manner consistent with the ordering and labeling of source circuits. Ease of access for array troubleshooting, maintenance, and replacement shall be provided by allowing access to the back of the array. Removal/replacement of individual source circuits and modules must be possible.
- h. The Contractor shall consult with the Owner on where the PV mounting system shall be located. The Contractor shall verify with the Owner the location of utilities within the limits of the project site work area and include this information in the site audit report. Roof-mounted PV systems shall be designed to either be installed as ballasted systems that have no roof penetrations or to attach to roof stand-offs with roof contact points waterproofed as approved by the Owner. Ground-mounted PV systems shall be designed to attach to reinforced concrete support footings. The location of pole-, roof-, and ground-mounted base support structures and foundations require approval of the Owner. Disturbance to the roof, soil, and/or vegetation in contact with or adjacent to the PV mounting systems shall be repaired to original condition at the expense of the Contractor and shall be assessed 6 months and one year after completion of the project. Damage to utilities by the Contractor which were previously verified with the Owner and included in the site audit report shall be repaired to original condition at the expense of the Contractor.

3. Related Documents

- a. The Contractor shall conduct a site audit and provide a report of the project site to the Owner and, for State Agencies, to EMNRD before the installation begins. The site audit report shall address work and conditions within the limits of the project site work area, including a proposed system layout plan, work area plan, existing utilities plan, unusual soils conditions needing evaluation (if applicable), solar access evaluation, grid-interconnection schematic, and building electrical panel connection schematic.
- b. The Contractor shall provide electrical schematics and one-line diagrams showing all major components and devices, including conductor types and sizes, connections of individual modules and array source circuits, terminations at junction boxes, connection to surge suppression devices and the inverter, and the inverter interface with the utility grid.
- c. The Contractor shall be responsible for obtaining all necessary permits and payments of permit fees. The Contractor shall be responsible for preparing and submitting the required Utility interconnection agreements and payment of all interconnection application fees. These fees will be allowable and listed individually as a line item(s) on a project quote.
- d. The Contractor shall provide a complete parts lists of all items needed for the installed PV system, excluding small parts. Parts lists information shall include the description, make, and quantity of all electrical components, mechanical hardware, and other equipment required. Model/part number and manufacturer are also required for the PV modules, inverter, and digital display unit.
- e. The Contractor shall provide mechanical drawings showing details of module/array mechanical supports. Manufacturer's literature providing this information is acceptable.
- f. The Contractor shall provide installation instructions for mounting array, junction boxes, and enclosures; wiring arrays; and terminating conductors at array and the inverter. Manufacturer's literature providing this information is acceptable.

State of New Mexico
General Services Department
Purchasing Division
Price Agreement #: 50-00000-25-00049

Page-16

- g. The Contractor shall provide procedures for commissioning, operating, disconnecting, servicing, and maintaining the complete system and individual components. Manufacturer's literature providing this information is acceptable.
- h. The Contractor shall demonstrate operation of the inverter and digital display unit to the Owner.
- i. The Contractor shall demonstrate operation of the monitoring software to the Owner.
- j. The Contractor shall provide to the Owner estimates of the rated DC and AC delivered output of the PV system, as installed, at the site based upon location, weather, mounting and installation approach, irradiation and shading. The modeled projection of first-year annual AC energy production shall be from DOE-NREL's PV-Watts Calculator and must use default inputs unless alternate inputs are supported with product documentation.

D. RECORDS AND DOCUMENTATION

The Contractor shall maintain a written record of the results of all acceptance tests. The acceptance test form will be provided by Owner. The Contractor shall provide acceptance test results and a completed acceptance test form to Owner.

1. Information to be provided by Contractor to Owner Prior to Approval of PV System Installation
 - a. As-built sizing and configuration data for inverter and PV modules. Vendor must include as built rendered drawings for roof, ground, or carport shade structure mounts.
 - b. Clear physical permanent labeling of installed array components such as inverters, disconnects and electrical panel inputs.
 - c. As-built schematics and one-line diagrams indicating overall layout and location of entire system, including PV array, balance-of-system hardware, digital display unit, and inverter. As-built shall also include subsurface wire and conduit locations clearly located using tie-line distances to fixed site features, at a minimum.
 - d. A copy of the permit obtained from the appropriate legal authority for system installation.
 - e. The Contractor's system warranty, including parts and labor.
 - f. PV system electrical design information stamped by a professional engineer. Manufacturer's literature for electrical equipment used in the installation stamped by a professional engineer is acceptable for projects smaller than twenty-five (25) kW. Projects for systems sized twenty-five (25) kW or larger will require project-specific electrical design information stamped by a professional engineer. For these larger systems, stamped Manufacturer's literature is not sufficient.
 - g. PV array structural design information stamped by a professional engineer. Manufacturer's literature for structural equipment used in the installation stamped by a professional engineer is acceptable for projects smaller than twenty-five (25) kW. Projects for systems sized twenty-five (25) kW or larger will require project-specific structural design information by a professional engineer. For these largest systems, sealed Manufacturer's literature is not sufficient.
 - h. A completed interconnection request or interconnection application package to the utility company, as applicable. Include appropriate payment to the utility company for interconnection services or application fees for submittal by the Owner to the utility company. Supplemental Review Fees are not included in base price (Must be at COST).

Page-17

2. Information to be provided by Contractor to Owner upon completion of PV System Installation
 - a. One complete copy of manuals for installation, operations and maintenance, and related documents noted in Section A-2.D-3 and E-1.
 - b. Report of Acceptance Test required upon completion of installation.

BID FORM

GB 98: Contractor License(s): if applicable

Contractor License(s): _____

Contractor License Number(s): _____

Qualifying Party Name: _____

Contact Information: _____

EE 98: Contractor License(s): if applicable

Contractor License(s): _____

Contractor License Number(s): _____

Qualifying Party Name: _____

Contact Information: _____

Bidder must be licensed by the New Mexico Construction Industries Division for the work they will perform. Include the bidders licensing information above. Bidder must have this active licensing at the time of bid opening and throughout the term of the price agreement.

Bidder must have a Public Works Registration which is active at the time of bid opening. List that Public Works Registration Number: _____

Bidder agrees to provide base bid and additive alternate services for project sites based upon the following zones. In order to be considered for installation of a PV system in a particular zone, a qualified bidder must submit a bid for that zone. An acceptable bid submittal is not required to have prices submitted for all base bid items and additive alternates. In Base Bid Item No. 1, prices are not required to be provided for all combinations of power output and support structure types. An acceptable bid at a minimum must provide prices for some mounting options of Base Bid Item Nos. 1-2 and some Additive Alternates Nos. 1-7. An acceptable bid is not required to have prices submitted for all purchasing zones. Bidders shall provide prices for those mounting options and purchasing zones of interest to bidder for potential work.

Base Bid Item No. 1

Base Bid Item No. 1 PV System with Audit and Mounting Base bid prices for the audit, proposal, purchase, supply, and installation of PV systems. Conduct site audit and provide evaluation report and site-specific proposal for installation of photovoltaic (PV) system. Conduct site audit to determine size, configuration, tilt and orientation of PV system, including location of PV array, wiring and conduit routes, inverter location, utility grid interconnection, disconnect locations, and digital display unit location. The system audit shall include annual system-delivered AC electricity production in the first year of operation of the project as modeled by DOE-NREL’s PV Watts Calculator. Provide evaluation report and site-specific project proposal to Owner. The report and site-specific project proposal is intended to serve two purposes. It will allow the owner to possibly obtain PV system pricing that may be less than the generic pricing provided in this invitation to bid. It will also give qualified vendors included in the Statewide Price Agreement the opportunity to demonstrate what sets their work apart from other qualified vendors. Purchasing entities will be encouraged to acquire proposals from multiple qualified vendors before purchasing a system to compare pricing, quality of proposals and capability of vendors. No projects shall be purchased without

State of New Mexico
General Services Department
Purchasing Division
Price Agreement #: 50-00000-25-00049

Page-19

the inclusion of this base bid item. Travel for the site audit shall be included in the price for the item in each zone for which bids are submitted.

Bidder shall provide base bid prices on a per unit basis for materials and labor for complete operable and code-compliant systems, including but not limited to PV modules, support structure, inverter, wiring, conduit, and disconnects. Prices shall be provided for the PV system one (1) kW to fifty (50) kW, PV system fifty-one point one (50.1) kW to one hundred (100) kW, PV systems from one hundred point one (100.1) kW to five hundred (500) kW and PV system greater than five hundred point one (500.1) kW. The following five (5) support structure types are designated: fixed-pole mount, dual axis tracking pole mount, ground mount single axis tracker, pitched-roof, flat-roof, ground-mounted and car port- mounted. The system AC power output shall be estimated based on Standard Test Conditions. Fixed-pole, tracking-pole, pitched-roof, flat-roof, and ground-mounted support structures shall be included in the price, as given in the combinations below, and meet the specifications attached. Carport structures are in an Additive Alternate. Fixed-pole mount support structures shall be priced for a pole that extends six (6) feet above the adjacent ground. Additional poles shall be included in the base bid price if necessary to support the PV array.

Tracking option shall be for a ground mount single-axis tracking system or pole mounted dual axis tracking system. The base bid shall include disconnects as required by code, including one that is provided for the interconnecting utility. The base bid system shall include wiring and conduit for individual PV modules to the PV array junction. The base bid system shall include a warranty by the Bidder for equipment, parts, and labor. No wiring and conduit for PV array junction to inverter and inverter to electrical panel is included in this item; wiring and conduit prices per lineal foot are requested in a different base bid item below. No data communications wiring for inverter to digital display unit and computer is included in this item; data communications wiring prices are included in an additive alternate below. No maintenance is included; a maintenance plan price is requested in an additive alternate below. The base bid shall include a demonstration of PV system operation to the Owner and performance of a system acceptance test (described below) to obtain approval of installation completion. The prices provided shall assume that efficient system design and system sizing will be developed during the site- specific project proposal process to ensure that racking and mounting will be utilized in a cost-effective manner and the number of modules will be adjusted to that efficient optimum. Because of this emphasis on design efficiency, it is understood that there will be inherent increments in system wattages available at this pricing.

Acceptance Test and Annual System Performance Reporting An acceptance test shall be performed on all systems once the installation is complete. The acceptance test shall occur on a clear day with the plane of array irradiance at eight hundred (800) Watts per square meter or greater. The Contractor shall measure and report the short circuit currents and open-circuit voltages on all source circuits while measuring irradiance and module temperature. The Contractor shall also measure and report the instantaneous DC input (voltage and current), AC output (voltage and power), while measuring irradiance and module temperature, to determine its efficiency. In addition to the acceptance test performed at the time of system installation, for systems installed on State of New Mexico property, an annual report of generated energy produced and delivered to the grid shall be prepared and provided to the Owner and the Energy, Minerals and Natural Resources Department for the first two (2) years of operation if applicable.

Additive Alternate No. 1 - Monitoring System						
A. Bidder shall provide a price for purchase and installation of monitoring hardware/software on a per system basis. Computer or internet connection shall be provided by agency. Data communications wiring to the computer hub is not included in this item, but will be purchased separately through the additive alternate for data communications wiring. Discounts may be given for larger sizes on a project by project basis. This is for a basic monitoring system to be set up on the Agency –provided stand-alone computer or Agency provided internet connection. Features for public display of data with graphics, etc. can be quoted as additional items.

Additive Alternate No. 2 - Data Communications Wiring for Monitoring & Display Functions						
A. Bidder shall provide a price for purchase and installation of low voltage wiring on a per lineal foot basis. The wiring shall enable data communications originating at the inverter to the Ethernet hub which feeds the digital display unit and computer (provided by others), for monitoring and display functions of PV system performance shall include required wiring rating and conduit and shall conform to all applicable codes.						
42	Per Lineal Foot, Data Communications Wiring mounted in or on building					
	Vendor: (AA)	\$16.00	\$16.00	\$16.00	\$16.00	\$16.00

Additive Alternate No. 3 - Extend Warranty an Additional Five (5) Years						
Bidder shall provide a price for an extension for an additional five (5) year warranty on parts, equipment, and labor on a per installed system basis. The cost of the required five (5) year warranty for the base bid shall not be included in this item. Selection of this additive alternate extends the warranty to a total of seven (7) years from the date of installation completion. Travel for warranty work shall be included as a part of this item.						
A. Price per kW per year for systems with power system size up to <u>50 kW</u> for each of the following support structures:

Additive Alternate No. 4 – Operations and Maintenance Plan for Five (5) year

Bidder shall provide a price for a five (5) year operations and maintenance plan on a per unit basis and a price per year basis. The maintenance plan shall be in effect for five (5) years starting from the date of the final acceptance inspection. The maintenance plan shall include labor and materials for the following: a) repairs and replacement of system components and equipment; c) system testing; and d) other tasks essential for system operation. The maintenance plan shall not include labor and materials for damage due to vandalism or acts of God. Travel costs for system maintenance shall be included as a part of this item. Maintenance can be different from troubleshooting. Troubleshooting shall be dealt with on an 'on-call' basis hourly rate with travel costs. The cost of the Maintenance Plan depends on the size of the system. The Maintenance System Plan shall be adequately described such that it is clear what is covered and what is not.

Item	Article/Description	Zone 1	Zone 2	Zone 3	Zone 4	Zone 5
A. The use of ESS is becoming a viable option for Governmental Agencies with the reduction in the price of Lithium Ion batteries. These systems are used for frequency regulation (avoiding peaks), spin reserve (picking up demand spikes immediately), time-of-use billing management, increased PV self-consumption and back-up power. They include engineering analysis to verify the economic justification for such a system including consideration of life cycle cost. Typical battery types include Lead Acid (LA) which can be sealed or not sealed and Lithium Ion. Voltage sag, off gassing, number of cycles in its life, adequate space, current utility pricing and battery prices are all important factors. They can be installed inside or outside of a building. Modifications to interior space to accommodate the batteries may be involved. Exterior modifications would require concrete pads and other possible structures. The building's electrical infrastructure may require updating. Equipment rental and additional permitting with electrical stamped drawings could be needed. Any additional scope to create a turnkey ESS is included in this scope. With the evolving technology, it is not practical to list all of the options. Thus this section is set up for discounts off of retail/market price/ published prices on all materials. Then labor categories are shown. Other scope (construction, electrical stamped drawings, equipment rental, interfacing with existing Building Management Systems, etc.) that is subcontracted can be marked up at 5% maximum for administrative costs. There will not be any additional Overhead and Profit allowed. All quotes will be broken down by the listed items. Items:

Additive Alternate No. 7 – Building Energy Management Systems

A. The Building Energy Management System controls the HVAC and electrical use for the building. This system would be used in conjunction with an ESS in order to regulate the use of grid power with solar generated power live or stored in batteries. Many government buildings already have such systems in place and have ESS software modules available. This additive would be for buildings without an existing system and would cover installing a controls monitoring system. Other scope (construction, electrical stamped drawings, equipment rental, etc.) that is subcontracted can be marked up at 5% maximum for administrative costs. There will not be any additional Overhead and Profit allowed. All quotes will be broken down by the listed items. Items:

Additive Alternate No. 8 – Carport Structures

A. The carport structure may not be in place for many of the Agencies. The carport structure specifications are discussed in previous sections. They need to be designed and the drawings stamped by a structural engineer. If subcontractors are used for parts of this construction, three quotes shall be obtained and presented. Markup is allowed to cover administrative costs on subcontractor quotes and equipment rental quotes. Permit costs will be allowed at cost with no markup. Any work listed below that is not self-performed may be shown as ‘no bid’. If this alternate is not offered by the vendor, leave this section blank.

Electronic Record and Signature Disclosure		

ELECTRONIC RECORD AND SIGNATURE DISCLOSURE

A. ELECTRONIC RECORD AND SIGNATURE DISCLOSURE (ERSD)

From time to time, New Mexico General Services Department (GSD), on behalf of the State of New Mexico (SONM), may be required by law to provide you with certain written notices or disclosures. Stated below are the terms and conditions for GSD's providing you such notices and disclosures electronically through the DocuSign system. Please read this information carefully. If you are able to access this information electronically and agree to **this Electronic Record and Signature Disclosure (ERSD)**, please confirm your agreement by selecting the check-box next to "I agree to use electronic records and signatures" before clicking "CONTINUE" within the DocuSign system.

B. Obtaining paper copies

At any time up to twenty (20) calendar days following your use of DocuSign to electronically sign a document, you may request a paper copy of any record provided or made available electronically to you by GSD. You will have the ability to download and print documents SONM sends you through the DocuSign system during and immediately after the signing session and, if you elect to create a DocuSign account, you may access the documents for a twenty (20) calendar day period after such documents are first sent to you. Following the twenty (20) day period, if you want GSD to send you paper copies of any such documents from GSD's office, you will be charged a \$1.00 per-page fee plus postage. You may request delivery of such paper copies from GSD by following the procedure stated in Section H, below.

C. Withdrawing your consent

If you decide to receive notices and disclosures from GSD electronically, you may at any time change your mind and inform GSD you want to receive required notices and disclosures only in paper format. The procedure concerning how you may inform GSD of your decision to receive future notices and disclosures in paper format as well as withdraw your consent to receive notices and disclosures electronically is stated in Section D, immediately below.

D. Consequences of changing your mind

If you elect to receive required notices and disclosures only in paper format, it will slow the speed with which GSD will be able to complete certain steps in specific transactions and deliver paper copies to you. GSD will need: (1) to send the required notices or disclosures to you in paper format; and (2) wait until GSD receives your acknowledgment of your receipt of such paper notices or disclosures. Further, you will no longer be able to use the DocuSign system to receive required notices and consents electronically from SONM or to electronically sign documents generated and sent to you from SONM.

E. All notices and disclosures will be sent to you electronically

Unless you inform GSD otherwise according to these procedures, GSD will electronically provide you through the DocuSign system all required notices, disclosures, authorizations, acknowledgements and other documents that are required to be provided or made available to you during the course of your electronic signature relationship with SONM. To reduce the possibility of inadvertent non-receipt, GSD prefers to provide all required notices and disclosures by the same method and to the same email or physical address that you furnish to GSD. Thus, you may receive the disclosures and notices electronically or in paper form. If you do not agree with this procedure, please inform GSD according to the procedures stated in Section I, below. Please also refer to Section D, immediately above, which states the consequences resulting from your declination of electronic delivery of notices and disclosures.

F. How to contact GSD:

You may inform General Services Department (GSD) of any changes you select regarding State Purchasing Division's (SPD) electronic communications with you, to request paper copies of certain information from SPD, and to withdraw your prior consent to receive notices and disclosures electronically by emailing your request(s) to SPD at: GSD.SPDinfo@state.nm.us

G. To advise SPD of your new email address

To inform SPD of a change in the email address to which SPD sends you notices and disclosures electronically, you must send an email to SPD at GSD.SPDinfo@state.nm.us and in the body of such request you must include your previous and new email addresses.

H. To request paper copies from SPD

To request delivery of paper copies of electronic notices and disclosures that DocuSign and/or SPD have previously provided to you, you must send an email to SPD at GSD.SPDinfo@state.nm.us and in the body of your email request state your email address, full name, mailing address, and telephone number. SPD will charge you a \$1.00 per page copy fee plus postage.

I. To withdraw your consent with SPD

To inform SPD that you no longer wish to receive notices and disclosures in electronic format you may:

(1) Decline to sign a document from within a signing session, and on the subsequent page, select the check-box indicating you wish to withdraw your consent, or you may:

(2) Send SPD an email to GSD.SPInfo@state.nm.us and in the body of your request state your email address, full name, mailing address, and telephone number.

J. Required hardware and software

The minimum system requirements for using the DocuSign system may change over time. The current DocuSign system requirements may be found at:

<https://support.docusign.com/guides/signer-guide-signing-system-requirements>

K. Acknowledging your access and consent to receive and sign documents electronically

To confirm that you are able to electronically access the information contained in this Electronic Record and Signature Disclosure (ERSD), please confirm that you have: (1) read this ERSD, and either: (2) you are able to print on paper or electronically save this ERSD for your future reference and access; or (3) you are able to email this ERSD to an email address where you will be able to print this ERSD on paper and/or save this ERSD for your future reference and access. Further, if you consent to receiving notices and disclosures from DocuSign and/or SPD exclusively in electronic format, then select the check-box next to “I agree to use electronic records and signatures,” before you click “CONTINUE” within the DocuSign system.

By selecting the check-box next to “I agree to use electronic records and signatures,” you confirm that:

- You have read this Electronic Record and Signature Disclosure (ERSD); and
- You can print this ERSD on paper, or you can save and/ or send this ERSD to a location where you can print this ERSD, for your future reference and access; and
- Until or unless you notify SPD as stated in this ERSD, you consent to exclusively receive through electronic means all notices, disclosures, authorizations, acknowledgements, and other documents that are required to be provided or made available to you by SPD during the course of your electronic signature relationship with SPD.
