Aerial Photo

The property is near the northern edge of the City limits, east of US 84-285. It is along a private road and the home can only be seen from one (1) public road north of the property, Bishops Lodge Rd. The existing home is built within the escarpment-ridgetop overlay, shown in green, and the rest of the property is a forested downhill slope going north.

Existing Conditions

Photo of the south side (front) of home. Addition is proposed behind the brown wooden gate on the left of this photo.

Photo of the north side (back) of home. A portal is proposed to be added on top of the existing patio left of the blue window in this photo.

Photo on the patio on the northwest side of the home. The existing patio here will be used to create the addition of the laundry/mud room and dining room.

Zoomed out photo of the patio on the northwest side of the home, where the addition is proposed.

190 Brownell-Howland as seen from the City (south) along Sierra Del Norte Rd. 195 Brownell-Howland is behind this home and cannot be seen.

View of 195 Brownell-Howland (left) from Bishops Lodge Road (north). The proposed addition would be right of the turquoise window, behind existing and new screening trees.
