To the Santa Fe Ethics and Campaign Review Board:

I am writing in regards to the ethics complaint filed on August 13, 2025.

In the complaint, it alleges my mayoral campaign/campaign committee sent an email on August 12, 2025 with a flyer that violated Section VI (a).

Complaint does not provide the email in question nor provide any proof that it was disseminated to more than 100 people.

Here is what my campaign and campaign committee can prove:

1. My campaign did not email this graphic out to anyone on or near August 12, 2025. Please see Exhibit A: Action Network\_Team Tarin Emails
2. My campaign did not distribute the flyer on August 12, 2025 on social media or promote the event online. Even if the campaign had, the website and social media channels have the appropriate disclaimers. Please see Exhibit B: Tarin for Mayor\_Facebook August Posts
3. The campaign nor campaign committee has never emailed the address VictoriaSantaFe@gmail.com. Please see Exhibit C:View Activist\_ Victoria Murphy - Action Network

It is my intent, as well as my campaign committee's intent, to always provide all legally required information on any materials sent by the campaign. Myself and my campaign team will continue to be vigilant in our adherence to the code and ensure the treasurer's name is on all distributed materials.

Sincerely,
