**Subject:** Public Comment regarding November 24 neighborhood notification from MRA

Greetings,

I was disappointed that it was chosen to not notify both of the registered neighborhood association contacts for Casa Alegre regarding the request for public comment on the proposed amendments to the Midtown Master Plan. Casa Alegre is adjacent to Midtown and fully expects an impact to the quality of life in our neighborhood. Please review the list of contacts for all neighborhoods adjacent to Midtown that is maintained by the City. It is unfortunate that there was not enough time to enable feedback from the residents and businesses of Casa Alegre. But, I am glad to see for the first time an attempt to communicate with the Casa Alegre Neighborhood.

Personally, I do not see any impact on the form or format of Casa Alegre with these changes. In fact what gets built in Midtown should be different than the design and style of Casa Alegre. What is being proposed seems to reflect the architectural history of the three cultures of Santa Fe; Pueblo, Spanish and American. And supportive of the desire to make Midtown the "center" of Santa Fe.

Sincerely,

William (Bill) Adrian
