RECITALS

WHEREAS, the City, through its Governing Body, is authorized to enter into an On-Call Price Agreement for the project; and

WHEREAS, the City has procured this Contract according to the established State and Local Purchasing procedures for contracts of the type and amount; and

The City and the Contractor hereby agree as follows:

1. Scope of Work

A. The Contractor shall perform the following work in accordance with their Bid Pricing, attached hereto and made a part thereof, as Exhibit A:

1. This work shall include Miscellaneous General Contracting work for the City of Santa Fe.
2. The Contractor shall be required to provide On-Call Miscellaneous Construction Services for any number of the activities listed under this Scope of Work upon the request of the City. Once a need is identified, the City’s Engineers, Project Managers, and Project Administrators (collectively “Project Manager”) may issue Task Orders for items described herein. The terms and conditions shall be incorporated in each Task Order issued hereunder. Once a need is identified, the Project Manager will issue a written Task Order to the Contractor detailing the services required. Upon receiving the Task Order, the Contractor shall promptly provide the Project Manager with an estimate, based upon the rates included in their ITB, a cost summary, and a proposed schedule required to complete the assignment or task. Project schedules, negotiated price, and completion dates shall be determined on project-by-project basis and dependent upon the urgency of that task. The

Contractor may be required to do some of the work in phases. The City’s Project Manager may issue a Notice to Proceed by signing the Notice after the task price and schedule are finalized by the Contractor, subject to the exception in Article 1(A)(3) below. The Contractor shall be required to provide the requested labor and all equipment and materials within one week of a request issuance of a Notice to Proceed unless otherwise arranged. The Contractor shall agree to provide required labor within 24 hours for emergency situations whenever possible. The Contractor shall not perform any work without a Notice to Proceed signed by the Project Manager, and the City shall not pay for any work performed without a signed Notice to Proceed.

3. If a Task Order does not specify which City division is issuing the Task Order, Contractor shall enquire before acting on a Notice to Proceed. For any City division other than the Public Works Facilities Division the Notice to Proceed is effective only if written approval of the scope of work from the Facilities Division Director is attached.

4. Contractor is responsible for all required permits, licenses, and inspections required to perform this work, and shall comply with applicable municipal, county, state, and federal requirements. Contractor shall be responsible for verification of all existing conditions, measurements, dimensions, adherence to the Contract Documents, Construction Documents, Specifications, and approved directives.

C. Price Adjustments:

The awarded vendor shall maintain fixed pricing for each year of this contract, defined as twelve (12) months starting on and including the Effective Date. Pricing may be adjusted no more than once annually to commercially reasonable rates through an amendment to the price list attached as Exhibit A signed by Contractor and the City’s Director of Public Works. Amendments to Exhibit A do not alter Contractor’s maximum total compensation pursuant to Article 2 (Compensation) below. The Contractor must submit all pricing increase requests in writing to the City of Santa Fe designated department contact, providing evidence that the request is based on demonstrable market changes impacting the cost of products and services. The request must itemize all proposed changes by line item and include supporting documentation deemed acceptable by the City of Santa Fe (such as a letter from a manufacturer indicating price increases, etc.). The City’s decision on acceptable documentation in this context shall be final and binding upon all parties to the contract. No price increase shall result in a higher profit margin. Pricing changes will apply to orders entered on or after the effective date of the price change. Price increases will not be retroactive to purchase orders already issued. Orders will be filled at the price indicated in the purchase order issued by the City.

To facilitate prompt consideration, all requests for price increases must include the following information:
