

**AGUA FRIA MULTI FAMILY REZONE AND MASTER PLAN
EARLY NEIGHBORHOOD NOTIFICATION MEETING NOTES**

Date: April 23, 2024
Time: 5:30 to 6:30 PM
Location: Virtual Meeting held via Zoom
Attendees: City Land Use Department Representative (Maggie Moore) (Daniel Alvarado)
JenkinsGavin, Inc. (Jennifer Jenkins) (Angelica Reed)
Project Team
±17 Attendees

A presentation was given by Jennifer Jenkins of JenkinsGavin, Inc. regarding upcoming Rezone and Master Plan application to the City of Santa Fe for the property located at 2768 Agua Fria Street.

Following the presentation, a Question & Answer session was held. The following notes capture the questions and concerns raised and the responses by the Project Team.

Questions/Comments	Responses
Is there affordable housing provided?	This is a combo where 10% (13) affordable houses and a 5% fee in lieu.
There are concerns about the location of this project and the industrial site to the west.	We took that into consideration and shifted the buildings to give a better buffer.
Will the Traffic Impact Analysis be made public? You should look at Osage as well.	When we submit to the City of Santa Fe everything will become public record. We will be looking at the Agua Fria and Siler intersection. Noted.
There are several traffic issues on Agua Fria that need to be addressed.	There is a road redesign that has been adopted for Agua Fria that includes road improvements but I don't have a precise date on when that is to begin.
Daniel Alvarado: Can you let people know what a Conceptual Plan is and its intent?	A Conceptual Plan creates an envelope for what is acceptable to be developed in the area. It's a high level/ conceptual level.
Could the street be named El Llanito?	Noted, we like that.
What is the closest transit and trail connectivity?	Frenchie's Park is ½ mile, which is a bike able distance. There is also an existing bike lane on Agua Fria and you can connect to the River trail via Siler Rd. Bus transit is Route 1, East to West.

What will the sizes of these apartments be?	Likely there will be a variety of studio, 1, 2 & a few 3 bedroom apartments.
What size will the affordable housing apartments be?	They will match in proportion of the market rate units.
Who had this zoned Transitional Mixed Use?	The previous owner did so in 2007 with a plan to develop however the recession hit and it did not move forward.
Why are we switching from Transitional Mixed Use to C-2?	For the unit count, we can only achieve this density for our housing needs with a C-2 zoning. It also includes the neighborhood/commercial aspect for us to utilize.
Could you have done a variance?	We cannot do a variance for density.
This is an opportunity zone how does that help the project?	Yes, it incentivizes projects to generate economic developments, there are great tax benefits after 10 years.
How are you handling the industrial side of this?	We are proposing a significant wall on the South and West side as well as placing the parking on the West side nearest the industrial yard.
Does the 3 story building meet the criteria for this neighborhood?	Context is important, this is a very diverse neighborhood and we want to respect our neighbors. But because this is a residential and industrial it's a balancing act.
What is the highest point for the building?	C2 Zoning is 42' and our building will be between 36-38'.
Why was R29 not acceptable for this?	C2 does not have a maximum density and it will allow for the commercial space which R29 does not.
What will the rental rate be?	That depends, we are about 3 years away from that. We will need to see what the market is doing at that time.
The Cooks Road connection is not maintained by the city, this a concern for more congestion on the street.	Thank you we will research further.
