- Your Comment: I support the removal of the Obelisk from the Plaza. I understand it represents a time in history, but it hurts a portion of our population. Please remove it and put it in a museum of history, where context can be provided to its purpose. There is so much beauty in this city - I hope the council can agree on an artist who could render something beautiful to represent ALL of Santa Fe. Or create a living piece of art that the children of Santa Fe can contribute to on a recurring basis. There are more creative people than me with ideas. I support removing the Obelisk, dubbing it a historical artifact moving forward with something that showcases the beauty of everyone who makes up Santa Fe.
