ITEM AND ISSUE:

Request for Approval of a Cooperative Project Agreement with the Federal Highway Administration via the New Mexico Department of Transportation, to Design S100900 Acequia Trail Extension from Otowi to La Cieneguita in the Total Amount of \$250,000 through December 31, 2028. (Romella Glorioso-Moss, Capital Projects Manager, rsglorioso-moss@santafenm.gov)

Request for Approval of a Budget Adjustment Request (BAR) to Allocate Grant Proceeds of \$213,600 to Complete Streets FY26 Revenue and Expenses.

BACKGROUND AND SUMMARY:

This memorandum requests acceptance of \$250,000 in federal funding to design a 0.5-mile extension of the Acequia Trail from Otowi Street to La Cieneguita Street. The Federal Highway Administration's share is \$213,600, with the required \$36,400 local match funded through road impact fees.

The Santa Fe Metropolitan Planning Organization (SFMPO) ranked this project highest for accessibility, mobility, integration, and connectivity. The extension will improve access to Maclovía Park, Hermanos Rodríguez Park, Salazar Elementary School, Ashbaugh Park, and downtown Santa Fe for nearby neighborhoods, including Maez, Gallegos, Rosina, Maclovía, and Declovina, which include significant low-income housing.

The project also addresses a critical transportation safety need. Between 2019 and 2023, the Santa Fe region experienced 63 pedestrian and bicycle crashes resulting in fatalities or serious injuries, concentrated along the Cerrillos Road corridor. Currently, pedestrians and bicyclists west of Maez Road must either travel significantly out of direction or use heavily trafficked roadways such as Cerrillos Road to access the trail system.

By extending the Acequia Trail as a physically separated facility, the project will provide a safer, more direct route for pedestrians and bicyclists, reduce exposure to high-traffic corridors, and close a critical gap in the City's trail network.

Under the funding agreement, the City will be responsible for any costs exceeding the federal award. The project is eligible for up to \$1.65M in road impact fee funding to cover the local match and potential cost overruns.

Approval of this funding will advance a critical safety and connectivity project that supports equitable access and safer walking and bicycling throughout the community.

Uniform Administrative Requirements and Audit

2 CFR § 200, Uniform Administrative Requirements, Cost Principles, and Audit Requirements for Federal Awards, applies to each non-profit organization, each institution of higher education, and local governments as a whole when they or one of their departments receives federal funds. 2 CFR § 200 is formally OMB Circular A-133. Any non-profit organization, institution of higher education, or local government spending more than \$750,000 in federal funds from all sources within a 12-month period must have an audit performed on the use of the funds. The Department defines the 12-month period as July 1 to June 30.

Federal Funding Accountability and Transparency Act (FFATA).

The FFATA requires full disclosure to the public of all entities or organizations receiving federal funds. Central to this law is www.USASpending.gov, a publicly available website with searchable information on each federal grant and contract over \$25,000. In addition, the Federal Subaward Reporting System (FSRS), www.FSRS.gov, was developed for reporting on executive compensation and first-tier subawards. The Local Agency is required to register with the US Contractor Registration (System for Award Management [SAM] System) and get a Unique Entity Identifier (UEI) number. The Local Agency is responsible for providing their executive compensation and subaward information to the Department for entry into FSRS.gov. The Department is responsible for providing award information to USASpending. The type of information reported includes:

- Name of Local Agency receiving the award
- Amount of Award
- Funding Agency
- NAICS code for contracts or the Catalog of Federal Domestic Assistance program number for grants
- Program source
- Award title descriptive of the purpose of the funding action
- Location of the Local Agency, including the Congressional District
- Place of performance of the program or activity, including the Congressional District
- UEI number of the Local Agency and its parent organization if one exists
- Total compensation – If the Local Agency in the preceding year received eighty (80) percent or more of its annual gross revenues in federal awards, which exceeds \$25 million annually, and the public has no access to this information under the Securities Exchange Act or the Internal Revenue Code, then the names of the top five executives of the Local Agency are also required to comply with the FFATA.
- The Department will extract as much information as possible from the Local Agency's grant application and standard reports.

Office of Inspector General Review

The Local Agency, when procuring services, shall provide to all bidders the reporting and oversight requirements that they are bound to from the time of bid submission. The following provisions must be included in all prime contracts, subcontracts, and other contracts for services for a federally funded project:

1. **Inspector General Reviews:** Any Inspector General of a federal department or executive agency shall review, as appropriate, any concerns raised by the public about specific investments using federal funds. Any findings of such reviews not related to an ongoing criminal proceeding shall be relayed immediately to the New Mexico Department of Transportation or the agency concerned.

2. **Access of Offices of Inspector General to Certain Records and Employees:** With respect to each contract or grant awarded using federal funds, any representative of an appropriate Inspector General appointed under the Inspector General Act of 1978, 1,5 USC App. 3 and specifically § 8G, 5 USC App. 3 (2014) is authorized to examine any records of the contractor or grantee, any of its subcontractors or sub-grantees, or any state or local agency administering such contract, that pertain to, and involve transactions relating to, the contract, subcontract, grant, or sub-grant; and to interview any officer or employee of the contractor, grantee, sub-grantee, or agency regarding such transactions. In addition, the Local Agency should do the following:
 - a. Allow access by the Government Accountability Office Comptroller General and his representatives to examine any records of the contractor or any of contractor's subcontractors, or any state or local agency administering such contract that directly pertain to, and involve transactions relating to, the contract or subcontract
 - b. Allow the Comptroller General and his representatives to interview any officer or employee of the contractor or any of contractor's subcontractors, or of any state or Local Agency administering the contract, regarding such transactions

Nothing in this section shall be interpreted to limit or restrict in any way any existing authority of an Inspector General. The Department's Office of Inspector General (OIG) has the authority to carry out all duties required. The duties are the same as those specified in Federal Law: OIG, 23 USC § 302 (1998) (the capability to carry out the duties required by law); 23 USC § 112(2) (2012) (contracting for engineering and design services); the review of Federal-aid construction contract.
