Proposed Location: 730 Saint Michaels Drive Suite 3-F, Santa Fe, NM 87505

The Director of the Alcoholic Beverage Control Division (ABC) has reviewed the referenced Application and granted **Preliminary Approval.** It is being forwarded to you for Local Option District approval or disapproval of the Liquor License Application.

Notice of the Public Hearing required by the Liquor Control Act **shall be given by the governing body by publishing a notice** of the date, time, and place of the hearing **twice during the 30 days prior to the hearing** in a newspaper of general circulation within the territorial limits of the governing body. **The first notice must be published at least thirty (30) days before the hearing. Both publications must occur before a hearing can be conducted.** The notice shall include:

(A) Name and address of the Applicant/Licensee;
(B) The action proposed to be taken;
(C) The location of the licensed premises.

In addition, if the Local Option District has a website, **the Notice shall also be published on the website.**

While the law states that "within forty-five (45) days after receipt of a Notice from the Alcoholic Beverage Control, the governing body shall hold a Public Hearing in the question of whether the department should approve the proposed issuance or transfer", we recognize the potential for conflict between the requirement for publication of 30 day notice and the 45 day hearing requirement.

With that in mind, when a local governing body receives a liquor license application from ABC, that governing body has a couple of options:

1) Hold a hearing on the license application within the statutory time frame of forty-five (45) days, as required by the Liquor Control Act, and comply with all other statutory and regulatory procedures and notify ABC of your decision within thirty (30) days of the hearing;
2) Request from ABC an extension of time, past the forty-five (45) days, designating how much additional time will be needed to conduct the hearing in compliance with all statutory and regulatory procedures. After the extension is granted and the hearing is held, notify ABC of your decision within thirty (30) days of the hearing;

ABC has no preference in the option you choose.

The governing body is required to send notice by certified mail to the Applicant of the date, time, and place of the Public Hearing. The governing body may designate a Hearing Officer to conduct the hearing. **A record shall be made** of the hearing.

The Applicant is seeking a Transfer of Location of Inter-Local Dispenser Liquor License #DIS-001027. The floor plan does include an outdoor patio.

Within thirty (30) days after the Public Hearing, the governing body shall notify ABC of their decision to approve or disapprove the issuance or transfer of the license by signing the enclosed original Page 1 of the Application. The original Page 1 of the Application must be returned together with the notices of publication. **If the Governing Body fails to either approve or disapprove the issuance or transfer of the license within thirty days after the Public Hearing, the Director may issue the license.**

If the Governing Body disapproves the issuance or transfer of the license, it shall notify ABC within thirty (30) days setting forth the reasons for the disapproval. A copy of the Minutes of the Public Hearing shall be submitted to ABC with the Notice of Disapproval (*Page 1 of the Application, noting disapproval*).

RE: Zoning Verification for Farafina, LLC and Pajarito Spirits, LLC located at 730 Saint Michael's Dr, Suite 3-E, Santa Fe, NM

Dear Mr. Sylla,

This letter provides zoning verification on the above referenced property. According to the Official Zoning Map, this property is zoned SC-2 Planned Shopping Center and is in the Midtown Local Innovation Corridor (LINC) overlay district.

14-4.3 (K) SC PLANNED SHOPPING DISTRICTS

The purpose of the SC districts is to provide new neighborhood, community, and regional shopping centers. The SC-1, SC-2 and SC-3 districts are intended for a unified grouping, in one or more buildings , of retail establishments , stores and services that provide for the regular needs and convenience of families residing in the adjacent residential neighborhoods or in the larger community.

(a) The purpose of the SC districts also is to allow uses and structures customarily accessory and clearly incidental and subordinate to the permitted principal uses and structures as stated and restricted in Subsection 14-4.3(K)(1)(a); provided that the accessory uses and structures are in keeping with the character of the district.

(b) The further purpose of the SC districts is that the three types of SC districts are defined and distinguished by scale of development, using trade area, market and number and variety of retail establishments to determine whether the district should be zoned SC-1, SC-2 or SC-3 as follows:

(ii) SC-2 community shopping center district:

1) radius of trade area is approximately four miles or more;
2) minimum market is approximately five thousand families; and
3) composition of center is ten or more retail establishments; the major retail establishment is usually a variety or department store, in addition to convenience goods and personal services as in SC-1. Other retail establishments may include filling stations, department stores, discount stores, furniture stores and other stores and services that provide for the regular needs of families residing in the adjacent residential neighborhoods or in the larger community; and

14-5.5 – HIGHWAY CORRIDOR PROTECTION DISTRICTS

(D) Midtown Local Innovation Corridor (Midtown LINC) Overlay District

(1) Purpose and Intent The purpose and intent of the Midtown Local Innovation Corridor (LINC) Overlay Districts to:

(a) Strengthen and animate the built environment and the business and population links within the demographic and geographic center of the city between the existing employment centers of the Santa Fe University of Art and Design and surrounding uses to the west and the Christus St. Vincent Regional Medical Center and related medical uses to the east;
(b) Incentivize multi-family residential development, complementary non-residential uses, and an enlivened, street-oriented pedestrian environment by freeing development capacity of existing under-developed land and buildings for these targeted uses, while allowing existing uses to continue as redevelopment occurs;
(c) Allow for innovative development and redevelopment of the district while providing buffering between the district and existing residential development outside of the district by the application of amended land development regulations and fees and by establishing conditions precedent for future infrastructure enhancements and the application of other redevelopment and financing tools;
(d) Promote a more healthy, safe, and enjoyable environment within the city's midtown area through the enhancement of pedestrian and bicycle accessibility and safety, landscaping and other street-related amenities and the eventual reduction of traffic speeds and provision of on-street parking, bicycle lanes, and improved crosswalks; and (e) Provide flexibility in sign design and location so as to maintain effective communication, business identification and wayfinding for existing buildings whose visibility maybe reduced by new development.

Full-Service restaurants which may or may not have patio services, with incidental alcohol service for on-site consumption are permitted uses in the SC-2 shopping district.

For additional information, please reference City of Santa Fe Chapter 14 SFCC regarding these districts (Chapter 14-4 – Zoning Districts/14-6 Permitted Uses) https://library.municode.com/nm/santa_fe/codes/code_of_ordinances?nodeId=CH14LADE. All uses are subject to compliance with applicable development standards such as parking, lot coverage, etc..

Note: The information provided in this letter is solely derived from the Official Zoning Map and the minimum requirements set forth in Chapter 14, SFCC 1987. This letter intends to provide advice regarding zoning regulations. It is not the intent to state that the subject property complies with zoning requirements. Occupancy is determined based on zoning compliance at the time of building permit or certificate of occupancy, whichever applies. Additionally, it is not the intent to interfere with or to abrogate or annul any official document including conditions or safeguards made a part of the subject property at the time of any public hearings. Applicants are advised to pursue an independent search of official documents.

Lic. No. /Appl. No.:	**License No. DIS-001298**
Name of Applicant:	G.L.A. Santa Fe Hospitality, LLC
Doing Business As:	Piazza Caffe
Proposed Location:	2574 Camino Entrada Road, Santa Fe, New Mexico 87507

The Director of the Alcoholic Beverage Control Division (ABC) has reviewed the referenced Application and granted **Preliminary Approval.** It is being forwarded to you for Local Option District approval or disapproval of the Liquor License Application.

Notice of the Public Hearing required by the Liquor Control Act **shall be given by the governing body by publishing a notice** of the date, time, and place of the hearing **twice during the 30 days prior to the hearing** in a newspaper of general circulation within the territorial limits of the governing body. **The first notice must be published at least thirty (30) days before the hearing. Both publications must occur before a hearing can be conducted.** The notice shall include:

(A) Name and address of the Applicant/Licensee;
(B) The action proposed to be taken;
(C) The location of the licensed premises.

In addition, if the Local Option District has a website, **the Notice shall also be published on the website.**

While the law states that "within forty-five **(45)** days after receipt of a Notice from the Alcoholic Beverage Control, the governing body shall hold a Public Hearing in the question of whether the department should approve the proposed issuance or transfer", we recognize the potential for conflict between the requirement for publication of 30 day notice and the 45 day hearing requirement.

With that in mind, when a local governing body receives a liquor license application from ABC, that governing body has a couple of options:

1) Hold a hearing on the license application within the statutory time frame of forty-five (45) days, as required by the Liquor Control Act, and comply with all other statutory and regulatory procedures and notify ABC of your decision within thirty (30) days of the hearing;
2) Request from ABC an extension of time, past the forty-five (45) days, designating how much additional time will be needed to conduct the hearing in compliance with all statutory and

regulatory procedures. After the extension is granted and the hearing is held, notify ABC of your decision within thirty (30) days of the hearing;

ABC has no preference in the option you choose.

The governing body is required to send notice by certified mail to the Applicant of the date, time, and place of the Public Hearing. The governing body may designate a Hearing Officer to conduct the hearing. **A record shall be made** of the hearing.

THE APPLICANT IS SEEKING A TRANSFER OF OWNERSHIP OF DISPENSER LIQUOR LICENSE NO. DIS-001298 WITH ON PREMISES CONSUMPTION WITH PATIO SERVICE

Within thirty (30) days after the Public Hearing, the governing body shall notify ABC of their decision to approve or disapprove the issuance or transfer of the license by signing the enclosed original Page 1 of the Application. The original Page 1 of the Application must be returned together with the notices of publication. **If the Governing Body fails to either approve or disapprove the issuance or transfer of the license within thirty days after the Public Hearing, the Director may issue the license.**

If the Governing Body disapproves the issuance or transfer of the license, it shall notify ABC within thirty (30) days setting forth the reasons for the disapproval. A copy of the Minutes of the Public Hearing shall be submitted to ABC with the Notice of Disapproval (*Page 1 of the Application, noting disapproval*).

Master Lease Agreement

Agreement No.	0078057

Lessee:	**CITY OF SANTA FE** 1142 SILER RD, , SANTA FE, NM 87507-3127
Lessor:	**DEERE CREDIT, INC.** 6400 NW 86TH ST, PO BOX 6600, JOHNSTON, IA 50131-6600

This Master Lease Agreement ("Master Agreement") is entered into between Deere Credit, Inc., as Lessor ("we", "us" or "our"), and the Lessee and any Co-Lessee identified below ("you" or "your"). "Schedule" shall mean any Lease Schedule signed by you and us, which incorporates the terms of this Master Agreement. "Lease" shall mean this Master Agreement and any Schedule.

TERMS AND CONDITIONS

1. **Lease Term; Payments.** You agree to lease from us the property ("Equipment") described in each Schedule for the Lease Term. The Lease Term will begin on the Lease Term Start Date and end on the Lease Term End Date. All attachments and accessories itemized on the Schedule and all replacements, parts and repairs to the Equipment shall form part of the Equipment. A Schedule is not accepted by us until we sign it, even if you have made a payment to us. You agree to remit to us the Lease Payments indicated in the Schedule and all other amounts when due and payable each Billing Period, even if we do not send you a bill or an invoice. To the extent funds have been appropriated, **YOUR PAYMENT OBLIGATIONS ARE ABSOLUTE AND UNCONDITIONAL, AND ARE NOT SUBJECT TO CANCELLATION, REDUCTION OR SETOFF FOR ANY REASON WHATSOEVER.** For any payment which is not received by its due date, you agree to pay a late charge equal to 1.5% per month of the unpaid balance due, but in no event more than the maximum lawful rate set by NMSA 1978, § 13-1-158, of the New Mexico Procurement Code. Restrictive endorsements on checks you send us will not change or reduce your obligations to us. If a payment is returned to us by the bank for any reason, you agree to pay us a fee of $25.00, or the maximum amount permitted by law, whichever is less. Lease Payments and other payments may be applied, at our discretion, to any obligation you may have to us or any of our affiliates. If the total of all payments made during the Lease Term (and any Renewal Term), exceeds the total of all amounts due under the Lease by less than $25.00, we may retain such excess.

2. **Security Deposit.** If the Schedule provides for a Security Deposit, the Security Deposit will be held by us in a non-interest bearing account, commingled with other funds. We may apply the Security Deposit to any amounts due under the Lease and, if we do so, you agree to promptly remit to us the amount necessary to restore the Security Deposit to the original amount. The Security Deposit will be returned to you within thirty days of termination of a Schedule and final inspection by us, provided you are not in default.

3. **Taxes.** Although you may be exempt from the payment of certain taxes, you agree to pay us when invoiced (a) all sales, use, rental, gross receipts and all other taxes which may be imposed on the Equipment or its use, and (b) all taxes and governmental charges associated with the ownership, use or possession of the Equipment including, but not limited to, personal property and ad valorem taxes ("Taxes"). Taxes do not include those measured by our net income. If applicable law requires tax returns or reports to be filed by you, you agree to promptly file such tax return and reports and deliver copies to us. You agree to keep and make available to us all tax returns and reports for Taxes paid by you.

4. **Security Interest; Missing Information.** We are the owner of the Equipment and you have the right to use the Equipment under the terms of the Lease. If a Schedule is deemed to be a secured transaction and not a lease, you (a) grant us and our affiliates a security interest in the Equipment (and all proceeds) to secure all of your obligations under the Lease and any other obligations, which you may have, to us or any of our affiliates, and (b) authorize us to file financing statements naming you as debtor. You agree to keep the Equipment free and clear of liens and encumbrances, except those in our favor, and promptly notify us if a lien or encumbrance is placed or threatened against the Equipment. You irrevocably authorize us, at any time, to (a) insert or correct clearly erroneous information on the Lease, such as a correct legal name, serial numbers and Equipment descriptions; (b) submit notices and proofs of loss for any required insurance; and (c) endorse your name on remittances for insurance and Equipment sale or lease proceeds. Notwithstanding any other election you make, you agree that (1) we can access any information regarding the location, maintenance, operation and condition of the Equipment; (2) you irrevocably authorize anyone in possession of that information to provide all of the that information to us upon our request; (3) you will not disable or otherwise interfere with any information gathering or transmission device within or attached to the Equipment; and (4) we may reactivate any such device.

5. **Equipment Maintenance, Operation and Use.** You agree to (a) USE THE EQUIPMENT ONLY FOR AGRICULTURAL, BUSINESS OR COMMERCIAL PURPOSES AND NOT FOR PERSONAL, FAMILY OR HOUSEHOLD PURPOSES; (b) not move the Equipment to another county or state without notifying us within 30 days; (c) operate and maintain the Equipment in accordance with all (1) laws, ordinances and regulations, (2) manuals and other instructions issued by the manufacturer(s) and supplier(s), and (3) insurance policy terms and requirements; (d) perform (at your own expense) all maintenance and repairs necessary to keep the Equipment in as good a condition as when delivered to you, reasonable wear excepted; (e) not install any accessory or device on the Equipment which affects the value, useful life or the originally intended function or use of the Equipment in any way, unless it can be removed without damaging the Equipment; (f) allow us and our agent(s) to inspect the Equipment and all of your records related to its use, maintenance and repair, at any reasonable time; (g) keep any metering device installed on the Equipment connected and in good working condition at all times; (h) affix and maintain, in a prominent place on the Equipment, any labels, plates or other markings we may provide to you; and (i) not permit the Equipment to be used by, or to be in the possession of, anyone other than you or your employees.

6. **Insurance.** You agree, at your cost, to (a) keep the Equipment insured against all risks of physical damage for no less than its Termination Value (as such term is defined in Section 7 below), naming us (and our successors and assigns) as sole loss payee; and (b) maintain public liability insurance, covering personal injury and property damage for not less than $1,000,000 per occurrence, naming us (and our successors and assigns) as additional insured. All insurance must be with companies and policies acceptable to us. Your obligation to insure the Equipment continues until you return the Equipment to us and we accept it, which acceptance will not be unreasonably withheld or delayed. Each insurance policy must provide that (a) our interest in the policy will not be invalidated by any act, omission, breach or neglect of anyone other than us; and (b) the insurer will give us at least 30 days' prior written notice before any cancellation of, or material change to, the policy.

Unless you provide us with evidence of the required insurance coverages, we may purchase insurance, at your expense, to protect our interests in the Equipment. This insurance may not (1) protect your interests; or (2) pay any claim that you make or any claim that is made against you in connection with the Equipment. You may later cancel any insurance purchased by us, but only after providing us with evidence that you have obtained the insurance required by the Lease. The cost of the insurance may be more than the cost of insurance you may be able to obtain on your own.

7. **Loss or Damage.** Until the Equipment is returned to us in satisfactory condition, you are responsible for all risk of loss, damage, theft, destruction or seizure of the Equipment (an "Event of Loss"). You must promptly notify us of any Event of Loss. If the Equipment can be repaired or replaced, you agree to promptly repair or replace the Equipment, at your cost, and the terms of the Lease will continue to apply. If the Equipment cannot be repaired or replaced, you agree to pay us, within 10 days of the Event of Loss, its Termination Value as of the day before such Event of Loss occurred. Upon receipt of the Termination Value, we will transfer to you (or the insurance company) all of our right, title and interest in such item(s) of Equipment (each, an "Item") AS-IS, WHERE-IS, WITHOUT ANY WARRANTY AS TO CONDITION OR VALUE. All insurance proceeds must be paid directly to us, and we may apply any excess insurance proceeds to any other amounts you owe us or any of our affiliates. "Termination Value" for any Item shall be the net book value calculated as the sum of (1) all Lease Payments and any other amounts then due and payable to us; plus (2) the present value of all remaining Lease Payments and other amounts, discounted at the Internal Rate of Return or, if a discount rate is set forth in the applicable Schedule, such discount rate (the "Discount Rate"); plus (3) the present value of the Purchase Option Price (or, if there is no Purchase Option Price, the residual value that we assumed in calculating Lease Payments), discounted at the Discount Rate. "Internal Rate of Return" shall be calculated using standard finance techniques with the Equipment Cost, Lease Payments, Lease Term and Purchase Option Price (or residual value assumption) as the variables.

Upon receipt of the payoff amount, we will transfer to you all of our right, title and interest in such item of Equipment AS-IS, WHERE-IS, WITHOUT ANY WARRANTY AS TO CONDITION OR VALUE.

9. **Return of Equipment.** If a Schedule is terminated for any reason and you do not (a) return the Equipment to us, (b) exercise any Purchase Option, or (c) exercise any Renewal Option, you agree to remit to us, until such time as the Equipment is returned to us in accordance with the provisions of this Section, lease payments each month equal to the higher of (i) the monthly fair market rental value of the Equipment, as determined by us in our sole discretion using market based internal tools, or (ii) the monthly Lease Payment set forth in the Schedule (or the monthly lease payment equivalent if the Lease Payments are other than monthly (e.g., for annual Lease Payments, the monthly lease payment equivalent would be calculated by dividing the annual Lease Payment by 12)). Equipment is in satisfactory condition if it is in as good a condition as when the Equipment was delivered to you, reasonable wear excepted, and conforms to the standards of any Equipment Return Provisions incorporated into the Lease.

These remedies are cumulative, are in addition to any other remedies provided by law, and may be exercised concurrently or separately. Any failure or delay by us to exercise any right shall not operate as a waiver of any other right or future right.

12. **Assignment.** You will not assign, pledge or otherwise transfer any of your rights or interests in the Lease or any Equipment without our prior written consent. Any assignment without our consent will be void. The Lease shall be binding upon any successor or permitted assignee. We may assign the Lease or our interest in the Equipment at any time without notice to you and without your consent. We may provide information about you to any prospective assignee or participant. You agree not to assert against our assignee any claims, offsets or defenses which you may have against us.

13. **Claims.** To the extent permitted by law, You are responsible for all losses, damage, claims, injuries to or the death of an individual, and attorneys' fees and costs ("Claims"), incurred or asserted by any person, in any manner related to the Equipment or the lease thereof, including its use, condition or possession for acts or omissions, which occurred during the Lease Term. You will promptly notify us of all Claims made. You agree not to assert against our assignee any claims, offsets or defenses which you may have against us. Your liability under this Section is not limited to the amounts of insurance required under the Lease.

WE HAVE NOT MADE, AND DO NOT MAKE, ANY REPRESENTATION OR WARRANTY, EXPRESS OR IMPLIED, AS TO THE EQUIPMENT'S MERCHANTABILITY, FITNESS FOR A PARTICULAR PURPOSE, SUITABILITY, OR OTHERWISE. WE ARE NOT LIABLE FOR CONSEQUENTIAL OR SPECIAL DAMAGES.** You acknowledge that no supplier or dealer of the Equipment is an agent of ours, or authorized to act for or bind us. You agree not to withhold any amount you owe us if you believe you have a claim against us, or any Equipment supplier(s) or manufacturer(s), but to pursue that claim independently. Any claim you have against us must be made within two years after the event that caused it. All notices must be in writing and will be deemed given 5 days after mailing to the intended recipient at its address indicated above, unless changed by a notice given in accordance with this Section. Purchase Option. You may purchase the Equipment on the Lease Term End Date (or the Renewal Term End Date) for the applicable Purchase Option Price (plus applicable Taxes including estimated property taxes), provided (1) you are not in default; and (2) we receive the Purchase Option Price and any other amounts you owe us on or before the Lease Term End Date (or the Renewal Term End Date). (vi) The Grantee's submission of documentation of all Third Party Obligations and amendments thereto (including terminations) to the Department and the Department's issuance and the Grantee's receiving of a Notice of Obligation for a particular amount in accordance with the terms of this Agreement shall be governed by the following:

a. The Grantee shall submit to the Department one copy of all Third Party Obligations and amendments thereto (including terminations) as soon as possible after execution by the Third Party **but prior to execution by the Grantee.**

b. Grantee acknowledges and agrees that if it chooses to enter into a Third Party Obligation prior to receiving a Notice of Obligation that covers the expenditure, it is solely responsible for such obligations.

c. The Department may, in its sole and absolute discretion, issue to Grantee a Notice of Obligation for the particular amount of that Third Party Obligation that only obligates the Department to reimburse Grantee's expenditures made on or before the Reversion Date or an Early Termination Date. The current Notice of Obligation form is attached to this Agreement as Exhibit 2.

d. The date the Department signs the Notice of Obligation is the date that the Department's Notice of Obligation is effective. After that date, the Grantee is authorized to budget the particular amount set forth in the Notice of Obligation, execute the Third Party Obligation and request the Third Party to begin work. Payment for any work performed or goods received prior to the effective date of the Notice of Obligation is wholly and solely the obligation of the Grantee.

A. **Early Termination Before Reversion Date Due to Completion of the Project or Complete Expenditure of the Adjusted Appropriation or Violation of this Agreement**

Early Termination includes:

(iii) Termination for violation of the terms of this Agreement; or

(iv) Termination for suspected mishandling of public funds, including but not limited to, fraud, waste, abuse, and conflicts of interest.

Either the Department or the Grantee may early terminate this Agreement prior to the Reversion Date by providing the other party with a minimum of fifteen (15) days' advance, written notice of early termination. Grantee hereby waives any rights to assert an impairment of contract claim against the Department or the State of New Mexico in the event of Early Termination of this Agreement by the Department pursuant to Article V(A).

B. **Early Termination Before Reversion Date Due to Non-appropriation**

The terms of this Agreement are expressly made contingent upon sufficient appropriations and authorization being made by the Legislature of New Mexico for the performance of this Agreement. Throughout this Agreement the term "non-appropriate" or "non-appropriation" includes the following actions by the New Mexico Legislature: deauthorization, reauthorization or revocation of a prior authorization. The Legislature may choose to non-appropriate the Appropriation referred to in Article I and, if that occurs, the Department shall early terminate this Agreement for non-appropriation by giving the Grantee written notice of such termination, and such termination shall be effective as of the effective date of the law making the non-appropriation. The Department's decision as to whether sufficient appropriations or authorizations are available shall be accepted by the Grantee and shall be final. Grantee hereby waives any rights to assert an impairment of contract claim against the Department or the State of New Mexico in the event of Early Termination of this Agreement by the Department pursuant to Article V(B).

C. **Limitation on Department's Obligation to Make Grant Disbursements to Grantee in the Event of Early Termination**

In the event of Early Termination of this Agreement by either party, the Department's sole and absolute obligation to reimburse the Grantee is expressly conditioned upon the limitations set forth Article II.

ARTICLE VI. SUSPENSION OF NEW OR FURTHER OBLIGATIONS

A. The Department may choose, in its sole and absolute discretion, to provide written notice to the Grantee to suspend entering into new and further obligations. Upon the receipt of such written notice by the Grantee:

(i) The Grantee shall immediately suspend entering into new or further written obligations with third parties; and

(ii) The Department will suspend the issuance of any new or further Notice of Obligation under this Agreement; and

(iii) The Department may direct the Grantee to implement a corrective action plan in accordance with Article VI(D) herein.

B. In the event of Suspension of this Agreement, the Department's sole and absolute obligation to reimburse the Grantee is expressly conditioned upon the limitations set forth in Article II herein.

C. A suspension of new or further obligations under this Agreement shall remain in effect unless or until the date the Grantee receives written notice given by the Department informing the Grantee that the Suspension has been lifted or that the Agreement has been Early Terminated in accordance with Article V herein. If the Suspension is lifted, the Department will consider further requests for Notice of Obligation.

D. Corrective Action Plan in the Event of Suspension

In the event that the Department chooses, in its sole and absolute discretion to direct the Grantee to suspend entering into new or further written obligations with third parties pursuant to Article VI(A), the Department may, but is not obligated to, require the Grantee to develop and implement a written corrective action plan to remedy the grounds for the Suspension. Such corrective action plan must be approved by the Department and be signed by the Grantee. Failure to sign a corrective action plan or meet the terms and deadlines set forth in the signed corrective action plan, is hereby deemed a violation of the terms of this Agreement for purposes of Early Termination, Article V(A)(iii). The corrective action plan is in addition to, and not in lieu of, any other equitable or legal remedy, including but not limited to Early Termination.

ARTICLE VII. AMENDMENT

This Agreement shall not be altered, changed, or amended except by instrument in writing duly executed by both the parties hereto.

ARTICLE VIII. REPORTS

A. Database Reporting

The Grantee shall report quarterly Project activity by entering such Project information as the Department and the Department of Finance and Administration may require, such information entered directly into a database maintained by the Department of Finance and Administration (Budget & Formulation Management System). Additionally, the Grantee shall certify on the Request for Payment form (Exhibit 1) that updates have been maintained and are current in the database. The Grantee hereby acknowledges that failure to perform and/or certify updates into the database will delay or potentially jeopardize the reimbursement of funds. The Department shall give Grantee a minimum of thirty (30) days' advance written notice of any changes to the information the Grantee is required to report.

Quarterly reports shall be due on the last day of the month that is 30 days prior to the end of the quarter following execution of this Agreement by the Department and ending during the quarter of the submission of the final request for reimbursement for the Project, or the following quarter.

B. <u>Requests for Additional Information/Project Inspection</u>

During the term of this Agreement and during the period of time during which the Grantee must maintain records pursuant to Article VIII, the Department may:

(i) request such additional information regarding the Project as it deems necessary; and

(ii) conduct, at reasonable times and upon reasonable notice, onsite inspections of the Project.

Grantee shall respond to such requests for additional information within a reasonable period of time, as established by the Department.

ARTICLE IX. REQUEST FOR PAYMENT PROCEDURES AND DEADLINES

A. The Grantee shall request payment by submitting a Request for Payment, in the form attached hereto as Exhibit 1. Payment requests are subject to the following procedures:

(i) The Grantee must submit a Request for Payment; and

(ii) Each Request for Payment must contain proof of payment by the Grantee or liabilities incurred by the Grantee showing that the expenditures are valid or are liabilities incurred by the Grantee in the form of actual unpaid invoices received by the Grantee for services rendered by a third party or items of tangible personal property received by the Grantee for the implementation of the Project; provided, however, that the Grantee may be reimbursed for unpaid liabilities only if the Department, in its sole and absolute discretion, agrees to do so and in accordance with any special conditions imposed by the Department.

(iii) In cases where the Grantee is submitting a Request for Payment to the Department based upon invoices received, but not yet paid, by the Grantee from a third party contractor or vendor, if the invoices comply with the provisions of this Agreement and are a valid liability of the Grantee, the Grantee shall make payment to those contractors or vendors within five (5) business days from the date of receiving reimbursement from the Department or such shorter period of time as the Department may prescribe in writing. The Grantee is required to certify to the Department proof of payment to the third party contractor or vendor within ten (10) business days from the date of receiving reimbursement from the Department.

C. **Deadlines**

Requests for Payments shall be submitted by Grantee to the Department on the earlier of:

(ii) Twenty (20) days from date of Early Termination; or

(iii) Twenty (20) days from the Reversion Date.

D. The Grantee's failure to abide by the requirements set forth in Article II and Article IX herein will result in the denial of its Request for Payment or will delay the processing of Requests for Payment. The Department has the right to reject a payment request for the Project unless and until it is satisfied that the expenditures in the Request for Payment are for permissible purposes within the meaning of the Project Description and that the expenditures and the Grantee are otherwise in compliance with this Agreement, including but not limited to, compliance with the reporting requirements and the requirements set forth in Article II herein to provide Third Party Obligations and the Deadlines set forth in Article IX herein. The Department's ability to reject any Request for Payment is in addition to, and not in lieu of, any other legal or equitable remedy available to the Department due to Grantee's violation of this Agreement.

ARTICLE X. PROJECT CONDITIONS AND RESTRICTIONS; REPRESENTATIONS AND WARRANTIES

A. The following general conditions and restrictions are applicable to the Project:

(v) The Grantee shall comply with all federal and state laws, rules and regulations pertaining to equal employment opportunity. In accordance with all such laws, rules and regulations the Grantee agrees to assure that no person shall, on the grounds of race, color, national origin, sex, sexual preference, age or handicap, be excluded from employment with Grantee, be excluded from participation in the Project, be denied benefits or otherwise be subject to discrimination under, any activity performed under this Agreement. If Grantee is found to be not in compliance with these requirements during the life of this Agreement, Grantee agrees to take appropriate steps to correct any deficiencies. The Grantee's failure to implement such appropriate steps within a reasonable time constitutes grounds for terminating this Agreement.

B. The Grantee hereby represents and warrants the following:

(i) The Grantee has the legal authority to receive and expend the Project's funds.

(ii) This Agreement has been duly authorized by the Grantee, the person executing this Agreement has authority to do so, and, once executed by the Grantee, this Agreement shall constitute a binding obligation of the Grantee, enforceable according to its terms.

(iv) The Grantee has independently confirmed that the Project Description, including, but not limited to, the amount and Reversion Date, is consistent with the underlying appropriation in law.

(v) The Grantee's governing body has duly adopted or passed as an official act a resolution, motion, or similar action authorizing the person identified as the official representative of the Grantee to sign the Agreement and to sign Requests for Payment.

(vi) The Grantee shall abide by New Mexico laws regarding conflicts of interest, governmental conduct and whistleblower protection. Further, Grantee shall require all of its contractors to incorporate in all subcontracts the language set forth in this paragraph prohibiting conflicts of interest.

(vii) No funds have been paid or will be paid, by or on behalf of the Grantee, to any person for influencing or attempting to influence an officer or employee of this or any agency or body in connection with the awarding of any Third Party Obligation and that the Grantee shall require certifying language prohibiting lobbying to be included in the award documents for all subawards, including subcontracts, loans and cooperative agreements. All subrecipients shall be required to certify accordingly.

ARTICLE XI. STRICT ACCOUNTABILITY OF RECEIPTS AND DISBURSEMENTS; PROJECT RECORDS

A. The Grantee shall be strictly accountable for receipts and disbursements relating to the Project's funds. The Grantee shall follow generally accepted accounting principles, and, if feasible, maintain a separate bank account or fund with a separate organizational code, for the funds to assure separate budgeting and accounting of the funds.

B. ARTICLE XIII. LIABILITY

If sufficient appropriations and authorization are not made by the Legislature, the **City of Santa Fe** may immediately terminate this Agreement by giving Contractor written notice of such termination. The **City of Santa Fe**'s decision as to whether sufficient appropriations are available shall be accepted by the Contractor and shall be final. Contractor hereby waives any rights to assert an impairment of contract claim against the **City of Santa Fe** or the Department of Finance and Administration, Local Government Division (DFA/LGD) or the State of New Mexico in the event of immediate or Early Termination of this Agreement by the **City of Santa Fe** or the "Department."

"This contract is funded in whole or in part by funds made available under a DFA/LGD Grant Agreement. A. Grantee acknowledges and agrees that the underlying appropriation for the Project is a severance tax bond or general obligation bond appropriation, and that the associated bond proceeds are administered by the New Mexico State Board of Finance (SBOF), an entity separate and distinct from the Department. Grantee acknowledges and agrees that (i) it is Grantee's sole and absolute responsibility to determine through SBOF staff what (if any) conditions are currently imposed on the Project; (ii) the Department's failure to inform Grantee of a SBOF imposed condition does not affect the validity or enforceability of the condition; (iii) the SBOF may in the future impose further or different conditions upon the Project; (iv) all SBOF conditions are effective without amendment of this Agreement; (v) all applicable SBOF conditions must be satisfied before the SBOF will release to the Department funds subject to the condition(s); and (vi) the Department's obligation to reimburse Grantee from the Project is contingent upon the then current SBOF conditions being satisfied.

B. Grantee acknowledges and agrees that the SBOF may in its sole and absolute discretion remove a project's assigned bond proceeds if the project doesn't proceed sufficiently. Entities must comply with the requirement to encumber five percent (5%) of Project funds within six months of bond issuance as certified by the grantee in the Bond Questionnaire and Certification documents submitted to the SBOF. Failure to comply may result in the bond proceeds reassignment to a new ready project. If this should occur this grant agreement will be suspended until the entity has demonstrated readiness as determined by the SBOF and the Department.

C. Grantee acknowledges and agrees that this Agreement is subject to the SBOF's Bond Project Disbursements rule, NMAC 2.61.6, as may be amended or re-codified. The rule provides definitions and interpretations of grant language for the purpose of determining whether a particular activity is allowable under the authorizing language of the agreement.

CITY OF SANTA FE

The Purchasing Memo

Date: June 30, 2025

To: Mark Scott, City Manager

From: Joshua Chandler, Contract Administrator

Via: Eric Candelaria, ITT Department Director

Subject: Lumen Technologies Addendum

Vendor Name: Century Link Business

Munis Vendor Number: 3590

ITEM AND ISSUE:

Request for Approval of an Amendment/Addendum to Order Addendum with Century Link Business/ Lumen Technologies Government Solutions, Inc to Adjust the Scope, and Increase the Compensation by $7,546.68. (Eric Candeleria, ITT Department Director; edcandelaria@santafenm.gov)

CONTRACT NUMBER:

The FY25 Munis contract number is 3250299.

BACKGROUND AND SUMMARY:

Following comprehensive technical consultations between Lumen engineering teams and City engineering personnel during the discovery phase, it was determined that the originally proposed IPVPN and ANS Services would not adequately address the City's evolving technical requirements, particularly regarding VPN services and contemporary cybersecurity implementations. To better align with the City's infrastructure needs, Lumen is proposing the following addendum offerings that represent a strategic enhancement to the original service design. The revised solution includes the deployment of four dedicated internet firewalls configured for high availability network redundancy, with two units allocated to each City data center and corresponding Lumen redundant network sites. This re-engineered network architecture will meet or exceed the performance specifications of the original ANS design while providing superior security capabilities. Additionally, Lumen will double the current internet bandwidth allocation to support the City's growing connectivity demands. As part of this enhanced service offering, the unrealized and uninstalled IPVPN and ANS services from the previous proposal will be formally cancelled and removed from the contract scope. Due to unforeseen deployment delays that provided an opportunity for technical reassessment, both parties agree that this modernized technology approach represents the optimal solution for the City of Santa Fe's long-term network infrastructure requirements. This addendum ensures the City receives a more robust, scalable, and security-focused network solution that better positions the organization for future technological advancement.

This **ADDENDUM TO CUSTOMER ORDER(S)** ("Addendum") is entered into as of the last date of signature below (the "Addendum Effective Date"), by and between **Lumen Technologies Government Solutions, Inc.** ("Lumen") and **City of Santa Fe – NM** ("Customer"), and modifies the Customer Order(s) with Document and/or Order Number(s) **DOC-0001533936** (the "Customer Order(s)"), copies of which are attached hereto following EXHIBIT. A Lumen and Customer may be referred to herein collectively as the "Parties" and individually as a "Party."

WHEREAS the Parties wish to modify the Customer Order(s) to incorporate revised terms applicable to the same.

NOW THEREFORE, the Parties agree to modify the Customer Order in the following limited respects:

1. **Order Submittal.** Contemporaneously with the execution of this A, Customer Addendum shall execute and deliver the Customer Order to Lumen.

2. **Section 4**. The Parties acknowledge and agree that Section 4 of the Order terms and conditions is replaced with the following:

"4. Customer places this Order by signing (including electronically or digitally) or otherwise acknowledging (in a manner acceptable to Lumen) this document and returning it to Lumen. The Service identified in this Order shall be governed by and subject to the contract number **47QTCA20D0077** between GSA and Lumen Technologies Government Solutions, Inc. Customer agrees to the terms and conditions set forth in the Schedule 70 contract between Lumen Technologies Government Solutions, Inc. and GSA and hereby confirms that it will follow the cooperative purchasing requirements set out by GSA. The service level agreement(s) for the Service(s) contained in this Order are subject to Lumen's standard Service Schedule(s) (as of the date of this Order), a copy of which are available upon request. Services contained within this Order that are not contained on the Schedule 70 contract shall be governed by and subject to the Master Service Agreement(s) and Service Schedule(s) (if any) between Lumen and Customer for those Service(s) not contained on the Schedule 70 contract applicable to such Service(s). The applicable agreement may be between Customer and Lumen's affiliate if expressly provided for under such affiliate Master Service Agreement. If Customer has not executed a Master Services Agreement with Lumen but has executed a services agreement (including but not limited to Standard Terms and Conditions) with an affiliate of Lumen ("Affiliate Agreement"), then the terms of the most recent such Affiliate Agreement shall apply to the Service herein (to the extent not inconsistent with this Order) provided that in such cases, the current standard Lumen Service Schedule applicable to the Services shall apply. In the event that Lumen and Customer have not executed a Master Service Agreement and/or applicable Service Schedule(s) with respect to such Service and have not executed an Affiliate Agreement, (i) Lumen's standard Master Service Agreement/Service Schedule(s) (as of the date of this Order) shall govern, a copy of which are available upon request and (ii) the Lumen contracting party shall be the Lumen entity invoicing such Services. Notwithstanding anything in any Affiliate Agreement to the contrary, Lumen's acceptance of this Order will be evidenced by (and this Order will be binding on both parties upon) the earlier of Lumen's written delivery of a Customer Commit Date ("CCD") (i.e. the projected installation date) or Lumen's delivery of the requested Service, and, at the end of the Service Term the Services set forth herein shall renew on a month to month basis, terminable by either party with 30 days' advanced written notice and the rates are subject to change upon 30 days' notice from Lumen. "Affiliate Agreement" for CenturyLink Communications. LLC d/b/a Lumen Technologies Group ("Lumen") or any companies that were affiliates of Lumen before the merger between CenturyLink, Inc. and Level 3 Communications, Inc. means only an applicable Interexchange Carrier network agreement (e.g. CenturyLink Total Advantage Agreement, CenturyLink Total Advantage Express Agreement, CenturyLink Wholesale Services Agreement or CenturyLink Master Service Agreement) for non-government customers. In the event of a Lumen Affiliate Agreement, (a) Lumen will deliver a written or electronic notice that the Service is installed (a "Connection Notice"), at which time billing will commence, and (b) if Customer cancels or terminates Service for any reason other than Lumen's uncured default or if Lumen terminates due to Customer's uncured default, Customer shall pay Lumen's standard early termination liability charges as identified in Lumen's ancillary charge summary, a copy of which is available upon request."

3. **Services Purchased Open Market –** Any Services purchased outside of the GSA schedule referenced above are subject to the current Lumen Master Service Agreement(s), State, Local and Education Government Agencies Version, (each, a "Lumen MSA"), and the applicable Service Attachment(s) for the Services described in the Customer Order.

4. **Limitation**. This Addendum shall apply to the Customer Order and shall have no applicability to any other Customer Order(s) that Customer may have submitted or may submit to Lumen in the future.

These terms and conditions have been read, are understood, and are hereby accepted as of the Addendum Effective Date.

LUMEN SASE SOLUTIONS SERVICE SCHEDULE

1. General. "Lumen" is defined for purposes of this Service Schedule as CenturyLink Communications, LLC d/b/a Lumen Technologies Group or its affiliated entities providing Services under this Service Schedule. This Service Schedule applies when Customer orders Lumen SASE Solutions ("SASE Service") which may be designated as "Lumen Secure Access Service Edge", "Lumen Secure Access Solutions Edge", "Lumen Secure Access Software Edge", "Lumen SASE", "Lumen SASE with Fortinet", "Lumen SASE with VMware", or "Lumen SASE with Versa" in the Customer Order, pricing attachment, Order acceptance, service delivery, billing and related documents. This Service Schedule incorporates the terms of the Master Service Agreement or other service agreement pursuant to which Lumen provides services to Customer (the "Agreement"). Terms used but not defined in this Service Schedule will have the meaning set forth in the Agreement. In the event of any conflict between the terms of the Agreement and the terms of this Service Schedule, this Service Schedule will control with respect to the Services.

1.1 Additional General Terms. These additional terms apply only if they are not already included in your Agreement. Customer expressly agrees that Lumen may use third party suppliers to provide the Service, provided that Lumen remains responsible to Customer. If changes in applicable law, regulation, rule, or order materially affect delivery of Service, the parties will negotiate appropriate changes to this Service Schedule. If the parties cannot reach agreement within 30 days after Lumen's notice requesting renegotiation, Lumen may, on a prospective basis after such 30-day period, pass any increased delivery cost on to Customer. If Lumen does so, Customer may terminate the affected Service on notice to Lumen delivered within 30 days of the cost increase taking effect.

All invoices will be issued to Customer and paid in the currency specified in the Order. Customer will pay such invoices free of currency exchange costs or bank charges. Service charges are exclusive of taxes and presented without reduction for any Withholding Tax, all of which are the responsibility of the Customer. "Withholding Tax" means any amount or account of tax on sources of income which a payor is obliged to deduct from payments due to a recipient and account for or to any tax authority. If any payment to be made to Lumen under this Service Schedule should be subject to reduction by reason of a Withholding Tax, Customer agrees to pay Lumen such amounts as would have been necessary so that the aggregate net amount received by Lumen after application of a Withholding Tax is the same amount as would have been received by Lumen if there had been no requirement to deduct or withhold such tax. For Services provided outside the United States, Customer or its local affiliate may be required to enter into a separate local country addendum/agreement (as approved by local authorities) ("LCA") with the respective Lumen affiliate that provides the local Service(s). Such Lumen affiliate will invoice Customer or its local affiliate for the respective local Service(s).

2. Services.

2.1 SASE Service Description. SASE Service is a portfolio of WAN and security solutions: Software Defined WAN (SDWAN), Security as Next Generation Firewall (NGFW), Secure Web Gateway (SWG), and Remote Access/Zero Trust Network Access (ZTNA). SASE Service utilizes a management portal and software deployed on a Lumen-provided customer premise equipment ("CPE"), into a Lumen Edge Gateway Service, or into a cloud environment (collectively "SASE Node"). If Customer orders SASE Service provisioned through a Lumen Hosted Gateway, the Lumen Hosted Gateway will include one SDWAN instance and one NGFW or SWG instance. Except for Lumen Hosted Gateway, SASE Service is available in a single or high availability configuration. SASE Service is offered as a Self-Managed or Pro-Managed service. SASE Service is further defined in the Lumen SASE Solutions Service Guide located at https://www.lumen.com/en-us/about/legal/business-customer-terms-conditions.html and subject to change upon posting.

2.2 Service Levels. SASE Service is subject to the Lumen Service Level Agreement available at https://www.lumen.com/en-us/about/legal/business-customer-terms-conditions.html and is subject to change upon posting. If Lumen changes the Lumen Service Level Agreement and the change is material and detrimental, Customer may request and receive the last version of the Service Level Agreement in effect before the change.

3. Customer Responsibilities.

3.1 Charges. Notwithstanding anything in the Agreement to the contrary, Lumen will notify Customer of acceptance of requested Service in this Order by delivering (in writing or electronically) a confirmation notice ("Order Confirmation Notice"). Lumen will send Customer a confirmation notice when the CPE arrives at Customer's service location ("Delivery Confirmation Notice"). The Service Term and Billing will begin on the date Lumen sends the Delivery Confirmation Notice ("Service Commencement Date"). Lumen will bill for any On-Site Installation work when the installation is complete. Customer will pay the monthly recurring charges ("MRCs") and non-recurring charges ("NRCs") as set forth in the Order in accordance with the Agreement. Customer agrees to pay and/or reimburse Lumen for its additional time for fees, costs and expenses resulting from Customer's failure to comply with this Service Schedule and/or Customer's request for changes in Services, unless such change is due to an act or omission of Lumen. In the event that Customer terminates the SASE Service prior to the end of the Service Term, Customer must provide Lumen with 60 days' advanced written notice and Customer will pay: (1) all unpaid amounts for Service actually provided; (2) 100% of the remaining monthly recurring charges for months 1-12 of the Service Term; (3) 50% of the remaining monthly recurring charges for month 13 through the end of the Service Term; and (4) if not recovered by the foregoing, any termination liability payable to third parties resulting from the termination and any out-of-pocket costs undertaken by Lumen to provide Service.

Charges for certain Services are subject to (a) a property tax surcharge and (b) a cost recovery fee per month to reimburse Lumen for various governmental taxes and surcharges. Such charges are subject to change by Lumen and will be applied regardless of whether

Customer has delivered a valid tax exemption certificate. For additional details on taxes and surcharges that are assessed, visit www.lumen.com/taxes.

3.2 SASE Specific Responsibilities. Customer is responsible for providing design specifications and technical data such as WAN circuit information to deploy the Service. Customer is solely responsible for all equipment, software, and other facilities used with the Service which are not provided by Lumen. Customer is responsible for scheduling Lumen support resources regardless of service management support level. Resource scheduling is available to Customer in the management portal.

Unless Customer purchases On-Site Installation, Customer is responsible for installation. If Customer purchases On-Site Installation, Customer will schedule the installation in the management portal and ensure Lumen and its representatives have access to Customer sites for installation as scheduled, including obtaining all landlord approvals or letters of agency. Customer will timely perform all inside wiring, outside plant, work, cabling, openings, connections, and/or building alterations and provide standard AC power within 5 feet of the installation location to enable delivery of the Service and CPE. Customer will provide adequate wallboard or rackmount space for the CPE to be installed. Customer will remove any existing CPE or equipment.

If Customer orders Self-Managed service, Customer is resonsible for activating the SASE Service in the management portal. If Customer orders Pro-Managed service, Customer must schedule activation by a Lumen engineer in the management portal.

Customer may not resell the Services and may use the Services only within Customer's sites. Lumen may provide Customer with guidelines for Customer's network minimum system requirements, environmental requirements, compatibility, and other information necessary to use the SASE Service. If Lumen determines that SASE Service is not available at a particular location or if the Customer's environment or network does not meet the specifications needed to use the SASE Service, Lumen has no obligation to provide Service at that location. Move or relocation of SASE service requires the Customer to submit and receive approval from Lumen. Customer must provide Lumen with 30 days notice before any move or relocation of SASE Service. If Customer fails to so notify Lumen, Customer will not be entitled to any service level credits for any service deficiencies that occur as a result of the move or relocation of SASE Service.

3.3 Use Restrictions. Customer will not use Service: (i) for fraudulent, abusive, or unlawful purposes or in any other unauthorized or attempted unauthorized manner, including unauthorized or attempted unauthorized access to, or alteration, or abuse of, information; (ii) in any manner that causes interference with Lumen's or another's use of the Lumen-provided network or infrastructure. Customer will cooperate promptly with Lumen to prevent third parties from gaining unauthorized access to the Services, including via Customer's facilities, if applicable; or (iii) in violation of Lumen's Acceptable Use Policy. Customer will ensure that all Customer data stored, transmitted, or processed via the Service complies with applicable law and reasonable information security practices, including those involving encryption.

3.4 CPE Return or Replacement. Lumen will provide Customer with instructions on return of CPE. Customer will either (i) deliver CPE to Lumen or its supplier or (ii) provide Lumen or its supplier reasonable access to Customer's premises to retrieve the CPE. CPE must be in the same condition it was on delivery to Customer, normal wear and tear excepted. If the return instructions provided to Customer state that Customer must deliver CPE to Lumen, Customer must give Lumen written notice of such return. If CPE is not delivered to Lumen within 30 calendar days of termination, Customer will become owner of and bear all responsibility for the terminated or replaced CPE and Lumen may invoice Customer the then-current value of the applicable CPE model ("Replacement Cost"). If the return instructions provided to Customer state that Lumen or its supplier will retrieve the CPE and Customer fails to provide Lumen with reasonable access to Customer's premises within ten (10) calendar days of termination, Lumen may continue to charge for the SASE Service. Where CPE is replaced due to loss or damage (for example, damage from accident, misuse, or abuse), Customer will pay: (i) the Replacement Cost for the damaged CPE, and (ii) a one-time charge to cover Lumen's cost to ship the new CPE. Customer is responsible for any claim for reimbursement from its insurance carrier. Replacement CPE may or may not be the same model, but will provide equivalent functionality in either case.

3.5 Privacy/Data Protection. Customer acknowledges that the Service enables the collection, access, use, storage and sharing of Customer traffic, which may include personal information and usage data, and that Lumen and its underlying vendor may have access to such information in connection with providing and managing the Services. Customer authorizes Lumen and its underlying vendor to collect, access, use, store and share such information for purposes of providing the Services and as otherwise described in this Service Schedule and any applicable end user agreement. Customer is responsible for complying with all laws and regulations in connection with its use of the Service, including, but not limited to: (a) all privacy and data protection laws and regulations, including those applicable to personally identifiable information, Customer traffic, or other sensitive information collected, stored, accessed, processed, or transmitted by Customer or its end users and those relating to the encryption of data; and (b) providing notice to, and obtaining any necessary consents from employees, end users, contractors, or other users that the Customer traffic and their content or personal information may be transferred internationally and accessed, collected, processed and stored by Lumen or its underlying vendor in accordance with this Service Schedule and any applicable end user agreement.

In addition, Customer consents to Lumen's processing and use of Customer traffic and personal information solely in connection with its performance of the Services, including any applicable monitoring. Customer is solely responsible for properly configuring and using the Service and taking its own steps to maintain appropriate security, protection and backup (if applicable) of any information, data or content, which may include the use of encryption technology to protect such information, data or content from unauthorized access or use while in transit and at rest. Given that Customer can provision and configure the Services and the Customer environment in ways that may reduce its security, notwithstanding anything else to the contrary in the Agreement, Customer acknowledges that it and not Lumen will be responsible for whether the Services and Customer environment are configured in a secure manner.

 © Lumen Technologies. All Rights Reserved.

3.6 Data Compilation. Customer authorizes Lumen or its underlying vendor to use inspection and monitoring methods to collect, gather and compile security event log and similar operational data to look at trends, real or potential threats, and in order to provide and improve Service. Lumen may compile or otherwise combine this security event log data with similar data of other customers so long as such data is compiled, combined and/or anonymized in a manner that will not in any way reveal the data as being attributable to Customer. Aggregated data may be used to market and communicate to customers or shared to assist in mitigating suspected cyber security incidences. Customer specific event log data will not be shared without Customer's consent unless otherwise required by law. Lumen may retain event log data for as long as necessary or useful for its uses consistent with this Service Schedule. Lumen has no obligation to provide log data to Customer.

3.7 Customer's Security Policies. Customer is responsible for Customer's own network security policy and security response procedures. Customer acknowledges that Lumen will implement security policies as reasonably directed by the Customer and, accordingly, that Customer maintains overall responsibility for maintaining the security of Customer's network and computer systems. Lumen makes no guarantee that the Services under this Service Schedule will be invulnerable to malicious code, deleterious routines, and other techniques and tools employed by computer "hackers" and other third parties to create security exposures. LUMEN MAKES NO WARRANTY, EXPRESS OR IMPLIED, THAT SECURITY THREATS AND VULNERABILITIES WILL BE DETECTED THAT CONTENT WILL BE BLOCKED OR ALLOWED IN ACCORDANCE WITH CUSTOMER'S POLICIES OR THAT THE SERVICES WILL RENDER CUSTOMER'S NETWORK AND COMPUTER SYSTEMS SAFE FROM INTRUSIONS AND OTHER SECURITY BREACHES. LUMEN MAKES NO WARRANTY THAT THE SERVICES WILL BE UNINTERRUPTED. If any equipment or software not provided by Lumen impairs Customer's use of any Service, Customer will nonetheless be liable for payment for all Services provided by Lumen. Furthermore, Customer understands and agrees that as a consequence of the operation of the service, Lumen makes no warranty, guarantee, or representation, express or implied, that all legitimate communications will be received by Customer. Customer will ensure that its systems and networks will have up-to-date security controls and patches and that its systems and networks that connect with those included with SASE Service, or that use common network features, have appropriate security controls. Customer agrees to notify Lumen in advance of any network changes or activities that could impact Service or reasonably interfere with the monitoring of the Service, such as planned outages, configuration changes, maintenance, or systems changes.

3.8 Customer Technical Contacts. Customer will designate one primary and up to two additional Customer technical contacts and provide email and telephone contact details for each contact (the "Customer Technical Contacts"). Customer will ensure Customer Technical Contacts and all associated details are accurate and current at all times and that at least one Customer Technical Contact is reachable 24/7. Lumen will only accept, discuss, or make changes to the Service with the registered Customer Technical Contacts or via the management portal. Requests for changes to the list of Customer Technical Contacts must be made by an existing Customer Technical Contact.

3.9 Lumen Provided IP Addresses and Domain Names. If Lumen assigns Customer an IP address as part of the provision of Service, the IP address will (to the extent permitted by law) revert to Lumen after termination of the applicable Order for any reason whatsoever, and Customer will cease using the IP address. At any time after termination, Lumen may re-assign the IP address to another user. If Lumen obtains a domain name for Customer (which may be required in some jurisdictions), Customer will be the sole owner. Customer will be solely responsible for: (i) paying any associated fees (including renewal fees); (ii) complying with legal, technical, administrative, billing or other requirements imposed by the relevant domain name registration authority; and (iii) modifying the domain name if Customer changes service providers. Customer will defend Lumen from any claims arising from Customer's use of domain names (including claims for intellectual property infringement) and pay for any resulting damages or settlement costs.

3.10 Third Party Software. Customer acknowledges and agrees that it is solely responsible for selecting and ensuring that Customer provided software and systems, including third party software, is up to date and supportable. Customer's failure to do so may result in Lumen's inability to provide the Services and Lumen will have no liability therefrom, including for missed Service Levels.

Customer understands that such Residential Use is an extension of Customer's SASE Service and Customer is still responsible for compliance with the terms of this Service Schedule and the Agreement. Customer acknowledges and agrees that even if Service utilizes the end user's residential internet connection, the Service is solely intended to enable remote connections between Customer corporate networks and Customer-authorized, work-related devices. Customer further acknowledges and agrees that improper installation or configuration by its end users of personal devices to the Service could potentially result in exposure of personal material, content, or traffic for such personal devices to Customer, Lumen and its underlying vendors in the course of configuring, providing and supporting the Service. SLED Terms and Conditions Governing This Order

1.“Lumen” is defined for purposes of this Order as CenturyLink Communications, LLC d/b/a Lumen Technologies Group or its affiliated entities providing Services under this Order. The Lumen entity providing Services is identified on the invoice. This Order is subject to the applicable state or municipal public records laws governing Customer and is non-binding until accepted by Lumen, as set forth in section 4. Customer places this Order by signing or otherwise acknowledging (in a manner acceptable to Lumen) this document and returning it to Lumen. Pricing is valid for 90 calendar days from the date indicated unless otherwise specified.

2. Prior to installation, Lumen may notify Customer in writing (including by e-mail) of price increases due to off-net vendors or increased construction costs. Customer has 5 business days following notice to cancel this Order without liability; or otherwise, Customer is deemed to accept the increase.

3. If a generic demarcation point (such as a street address) is provided, the demarcation point for on-net services will be Lumen’s Minimum Point of Entry (MPOE) at such location (as determined by Lumen). Off-net demarcation points will be the off-net vendor's MPOE. If this Order identifies aspects of services that are procured by Customer directly from third parties, Lumen is not liable for such services.

4. The service(s) identified in this Order (the “Service(s)”) is/are subject to the current, unexpired services agreement between Customer and Lumen (“Existing Agreement") provided if a service attachment describing the Services is not included in the Existing Agreement, then the current standard applicable Lumen Service Attachment(s) will apply in addition to the Existing Agreement. If Customer and Lumen do not have a current Existing Agreement,Services are subject to Lumen’s standard Master Service Agreement(s), State, Local and Education Government Agencies Version, Public Safety Version for public safety services, or E-Rate Version for E-Rate eligible services (each, a “Lumen MSA”), and applicable Service Attachment(s) for the Services described in this Order will govern, copies of which are available at https://www.lumen.com/en-us/about/legal/business-customer-terms-conditions.html or upon request, unless Customer has executed a service agreement with Lumen or one of its affiliates applicable to the Services on this Order. In that case, the most recent service agreement will apply to the extent not inconsistent with this Order and the current Service Schedule(s) will apply and is/are specifically incorporated into the applicable agreement by this reference. Customer will accept and pay all charges indicated on invoices for the Services.

Notwithstanding anything to the contrary, Lumen will notify Customer of acceptance of requested Service in this Order by delivering (in writing or electronically) the date by which Lumen will install Service (the "Customer Commit Date"), by delivering the Service, or by the manner described in a Service Schedule. Lumen will deliver a written or electronic notice that the Service is provisioned, at which time billing will commence. At the expiration of the Service Term, Service will continue month-to-month at the existing rates, subject to change by Lumen on 30 days' written notice. If the service agreement or applicable service specific terms do not include cancellation or early termination charges and if Customer cancels or terminates Service for any reason other than Lumen's uncured default or if Lumen cancels or terminates or cause, then Customer will pay Lumen's standard cancellation or early termination liability charges in the current standard Lumen MSA.

5. Neither party will be liable for any damages for lost profits, lost revenues, loss of goodwill, loss of anticipated savings, loss of data or cost of purchasing replacement service, or any indirect, incidental, special, consequential, exemplary or punitive damages arising out of the performance or failure to perform under this Order. Customer's sole remedies for any nonperformance, outages, failures to deliver or defects in Service are contained in the service levels applicable to the affected Service.

6. Transport services ordered from Lumen will be treated as interstate for regulatory purposes except as otherwise agreed to in writing.

7. Charges for certain Services are subject to (a) a monthly property tax surcharge and (b) a monthly cost recovery fee per month to reimburse Lumen for various governmental taxes and surcharges. Such charges are subject to change by Lumen and will be applied regardless of whether Customer has delivered a valid tax exemption certificate. For additional details on taxes and surcharges that are assessed, visit http://www.lumen.com/taxes.

8. Unless otherwise set forth in a Service Attachment, Customer will pay Lumen's standard ancillary charges for expedites and additional activities, features, or options as set forth in the Ancillary Fee Schedule, available at http://www.lumen.com/ancillary-fees. If Lumen cannot complete installation due to Customer delay or inaction, Lumen may begin charging Customer and Customer will pay such charges.

9. For colocation, data center and/or hosting services, pre-arranged escorted access may be required at certain locations, and cross connect services are subject to whether facilities are available at the particular location to complete the connection.

10. Compliance with Laws. The parties comply with all laws and regulations applicable to the execution of this Order and to the provision of Services by Lumen, including, as applicable, procurement laws or regulations regarding cumulative purchases of Services by Customer.

11. E-Rate and/or RHC/HCF Funding. If Customer applies for or seeks E-Rate and/or RHC/HCF funding for the Service(s) to be provided under this Order, Customer's Service(s) will be governed by a current eligible Existing Agreement, or if Customer and Lumen do not have a current eligible Existing Agreement, the Lumen E-Rate MSA or Lumen SLED MSA with the E-Rate and/or RHC/HCF Program Addendum will apply and must be executed contemporaneously with this Order.

12. If your network service utilizes TDM technologies, then the following applies: (a) During the Service Term and on 60 days' prior written notice, Lumen may re-provision Customer's off-net TDM services ("Service Re-provision"). If Customer objects to the Service Re-provision, Customer may terminate the affected service by notifying Lumen in writing within 30 days of the date of the Service Re-provision notification; and (b) During the Service Term, Lumen may increase rates for off-net TDM services. Lumen will provide Customer 60 days' prior written notice before implementing the increase ("Rerate Notice"). If Customer objects to the increase, Customer must notify Lumen in writing within 30 days of the date of the Rerate Notice whether Customer will (i) receive the affected service on a month-to-month basis or (ii) terminate the

affected service, subject to early termination liability charges. Under subsection (ii), Customer's requested disconnect date must be within 90 days of the Rerate Notice. Unless Customer so notifies Lumen, the affected service will continue to be provided at the increased rates. If Customer does not respond to the Rerate Notice, the affected service will continue to be provided at the increased rates set forth in the Rerate Notice.

13. Infrastructure Investment and Jobs Act (IIJA) Grant Programs. If Customer participates in an IIJA program, including but not limited to, the Middle Mile Grant, Tribal Connectivity Broadband, and the Broadband Equity Access and Deployment (BEAD) Grant Programs, then Customer cannot pay for Services with funds obtained through the IIJA or other similar grants that would obligate Lumen to provide certain information or perform certain regulatory compliance functions, unless each of those functions and obligations is explicitly identified and agreed to by the parties in the Agreement or in an amendment to the Agreement.

Additional Terms and Conditions

SASE Solutions Terms and Conditions

The Lumen SASE Solutions Service ("SASE Service" or "Service") identified in this Order is subject to the Lumen or CenturyLink Master Service Agreement(s) between Lumen and Customer (or its affiliate if expressly provided for under such affiliate Master Service Agreement). If Lumen and Customer have not executed a Lumen or CenturyLink Master Service Agreement, Lumen's current standard Master Service Agreement will govern. In all cases, the current standard Lumen SASE Solutions Schedule will apply. Lumen's current Master Service Agreement and Lumen SASE Solutions Service Schedule are available at https://www.lumen.com/en-us/about/legal/business-customer-terms-conditions and subject to change upon posting. The Lumen entity providing Services is identified on the invoice. SASE Service is also not available to federal government customers. Notwithstanding anything in the Master Service Agreement or elsewhere to the contrary, Lumen will notify Customer of acceptance of requested Service in this Order by delivering (in writing or electronically) an Order Confirmation Notice, at which time billing will commence and the Service Term will begin ("Service Commencement Date"). Customer agrees that Lumen's right to bill is not dependent on complete service delivery of all service components, Customer's activation of Service, or Customer's use of the Service. At the expiration of the Service Term, Service will continue month-to-month at the existing rates, subject to adjustment by Lumen on 30 days' written notice. If Customer cancels or terminates Service for any reason other than Lumen's uncured default or if Lumen terminates due to Customer's uncured default after the Service Commencement Date, then Customer will pay: (1) all unpaid amounts for Service actually provided; (2) 100% of the remaining monthly recurring charges for months 1-12 of the Service Term; (3) 50% of the remaining monthly recurring charges for month 13 through the end of the Service Term; and (4) if not recovered by the foregoing, any termination liability payable to third parties resulting from the termination and any out-of-pocket costs undertaken by Lumen to provide Service.

Lumen and Customer may be referred to herein collectively as the "Parties" and individually as a "Party."

WHEREAS the Parties wish to modify the Customer Order to incorporate revised terms applicable to the same.

NOW THEREFORE, the Parties agree to modify the Customer Order in the following limited respects:

1. **Order Submittal.** Contemporaneously with the execution of this Addendum, Customer shall execute and deliver the Customer Order to Lumen.

2. **Section 4**. The Parties acknowledge and agree that Section 4 in the terms and conditions is replaced with the following:

"4. Customer places this Order by signing (including electronically or digitally) or otherwise acknowledging (in a manner acceptable to Lumen) this document and returning it to Lumen. The Service identified in this Order shall be governed by and subject to the contract number **47QTCA20D0077** between GSA and Qwest Government Services, Inc. Customer agrees to the terms and conditions set forth in the Schedule 70 contract between Qwest Government Services, Inc. and GSA and hereby confirms that it will follow the cooperative purchasing requirements set out by GSA. The service level agreement(s) for the Service(s) contained in this Order are subject to Lumen's standard Service Schedule(s) (as of the date of this Order), a copy of which are available upon request. Services contained within this Order that are not contained on the Schedule 70 contract shall be governed by and subject to the Master Service Agreement(s) and Service Schedule(s) (if any) between Lumen and Customer for those Service(s) not contained on the Schedule 70 contract applicable to such Service(s). The applicable agreement may be between Customer and Lumen's affiliate if expressly provided for under such affiliate Master Service Agreement. If Customer has not executed a Master Services Agreement with Lumen but has executed a services agreement (including but not limited to Standard Terms and Conditions) with an affiliate of Lumen ("Affiliate Agreement"), then the terms of the most recent such Affiliate Agreement shall apply to the Service herein (to the extent not inconsistent with this Order) provided that in such cases, the current standard Lumen Service Schedule applicable to the Services shall apply. In the event that Lumen and Customer have not executed a Master Service Agreement and/or applicable Service Schedule(s) with respect to such Service and have not executed an Affiliate Agreement, (i) Lumen's standard Master Service Agreement/Service Schedule(s) (as of the date of this Order) shall govern, a copy of which are available upon request and (ii) the Lumen contracting party shall be the Lumen entity invoicing such Services. Notwithstanding anything in any Affiliate Agreement to the contrary, Lumen's acceptance of this Order will be evidenced by (and this Order will be binding on both parties upon) the earlier of Lumen's written delivery of a Customer Commit Date ("CCD") (i.e. the projected installation date) or Lumen's delivery of the requested Service, and, at the end of the Service Term the Services set forth herein shall renew on a month to month basis, terminable by either party with 30 days' advanced written notice and the rates are subject to change upon 30 days' notice from Lumen. "Affiliate Agreement" for CenturyLink Communications. LLC d/b/a Lumen Technologies Group ("Lumen") or any companies that were affiliates of Lumen before the merger between CenturyLink, Inc. and Level 3 Communications, Inc. means only an applicable Interexchange Carrier network agreement (e.g. CenturyLink Total Advantage Agreement, CenturyLink Total Advantage Express Agreement, CenturyLink Wholesale Services Agreement or CenturyLink Master Service Agreement) for non-government customers. 3. **Limitation**. This Addendum shall apply to the Customer Order and shall have no applicability to any other Customer Order(s) that Customer may have submitted or may submit to Lumen in the future.

SLED Terms and Conditions Governing This Order

1.“Lumen” is defined for purposes of this Order as CenturyLink Communications, LLC d/b/a Lumen Technologies Group or its affiliated entities providing Services under this Order. The Lumen entity providing Services is identified on the invoice. This Order is subject to the applicable state or municipal public records laws governing Customer and is non-binding until accepted by Lumen, as set forth in section 4. Customer places this Order by signing or otherwise acknowledging (in a manner acceptable to Lumen) this document and returning it to Lumen. Pricing is valid for 90

calendar days from the date indicated unless otherwise specified.

2. Prior to installation, Lumen may notify Customer in writing (including by e-mail) of price increases due to off-net vendors or increased construction costs. Customer has 5 business days following notice to cancel this Order without liability; or otherwise, Customer is deemed to accept the increase.

3. If a generic demarcation point (such as a street address) is provided, the demarcation point for on-net services will be Lumen's Minimum Point of Entry (MPOE) at such location (as determined by Lumen). Off-net demarcation points will be the off-net vendor's MPOE. If this Order identifies aspects of services that are procured by Customer directly from third parties, Lumen is not liable for such services.

4. The service(s) identified in this Order (the "Service(s)") is/are subject to the current, unexpired services agreement between Customer and Lumen ("Existing Agreement") provided if a service attachment describing the Services is not included in the Existing Agreement, then the current standard applicable Lumen Service Attachment(s) will apply in addition to the Existing Agreement. If Customer and Lumen do not have a current Existing Agreement,Services are subject to Lumen's standard Master Service Agreement(s), State, Local and Education Government Agencies Version, Public Safety Version for public safety services, or E-Rate Version for E-Rate eligible services (each, a "Lumen MSA"), and applicable Service Attachment(s) for the Services described in this Order will govern, copies of which are available at https://www.lumen.com/en-us/about/legal/business-customer-terms-conditions.html or upon request, unless Customer has executed a service agreement with Lumen or one of its affiliates applicable to the Services on this Order. In that case, the most recent service agreement will apply to the extent not inconsistent with this Order and the current Service Schedule(s) will apply and is/are specifically incorporated into the applicable agreement by this reference. Customer will accept and pay all charges indicated on invoices for the Services.

Notwithstanding anything to the contrary, Lumen will notify Customer of acceptance of requested Service in this Order by delivering (in writing or electronically) the date by which Lumen will install Service (the "Customer Commit Date"), by delivering the Service, or by the manner described in a Service Schedule. Lumen will deliver a written or electronic notice that the Service is provisioned, at which time billing will commence. At the expiration of the Service Term, Service will continue month-to-month at the existing rates, subject to change by Lumen on 30 days' written notice. If the service agreement or applicable service specific terms do not include cancellation or early termination charges and if Customer cancels or terminates Service for any reason other than Lumen's uncured default or if Lumen cancels or terminates or cause, then Customer will pay Lumen's standard cancellation or early termination liability charges in the current standard Lumen MSA.

5. Neither party will be liable for any damages for lost profits, lost revenues, loss of goodwill, loss of anticipated savings, loss of data or cost of purchasing replacement service, or any indirect, incidental, special, consequential, exemplary or punitive damages arising out of the performance or failure to perform under this Order. Customer's sole remedies for any nonperformance, outages, failures to deliver or defects in Service are contained in the service levels applicable to the affected Service.

6. Transport services ordered from Lumen will be treated as interstate for regulatory purposes except as otherwise agreed to in writing.

7. Charges for certain Services are subject to (a) a monthly property tax surcharge and (b) a monthly cost recovery fee per month to reimburse Lumen for various governmental taxes and surcharges. Such charges are subject to change by Lumen and will be applied regardless of whether Customer has delivered a valid tax exemption certificate. For additional details on taxes and surcharges that are assessed, visit http://www.lumen.com/taxes.

8. Unless otherwise set forth in a Service Attachment, Customer will pay Lumen's standard ancillary charges for expedites and additional activities, features, or options as set forth in the Ancillary Fee Schedule, available at http://www.lumen.com/ancillary-fees. If Lumen cannot complete installation due to Customer delay or inaction, Lumen

may begin charging Customer and Customer will pay such charges.

9. For colocation, data center and/or hosting services, pre-arranged escorted access may be required at certain locations, and cross connect services are subject to whether facilities are available at the particular location to complete the connection.

10. Compliance with Laws. The parties comply with all laws and regulations applicable to the execution of this Order and to the provision of Services by Lumen, including, as applicable, procurement laws or regulations regarding cumulative purchases of Services by Customer.

11. E-Rate and/or RHC/HCF Funding. If Customer applies for or seeks E-Rate and/or RHC/HCF funding for the Service(s) to be provided under this Order, Customer's Service(s) will be governed by a current eligible Existing Agreement, or if Customer and Lumen do not have a current eligible Existing Agreement, the Lumen E-Rate MSA or Lumen SLED MSA with the E-Rate and/or RHC/HCF Program Addendum will apply and must be executed contemporaneously with this Order.

12. If your network service utilizes TDM technologies, then the following applies: (a) During the Service Term and on 60 days' prior written notice, Lumen may re-provision Customer's off-net TDM services ("Service Re-provision"). If Customer objects to the Service Re-provision, Customer may terminate the affected service by notifying Lumen in writing within 30 days of the date of the Service Re-provision notification; and (b) During the Service Term, Lumen may increase rates for off-net TDM services. Lumen will provide Customer 60 days' prior written notice before implementing the increase ("Rerate Notice"). If Customer objects to the increase, Customer must notify Lumen in writing within 30 days of the date of the Rerate Notice whether Customer will (i) receive the affected service on a month-to-month basis or (ii) terminate the affected service, subject to early termination liability charges. Under subsection (ii), Customer's requested disconnect date must be within 90 days of the Rerate Notice. Unless Customer so notifies Lumen, the affected service will continue to be provided at the increased rates. If Customer does not respond to the Rerate Notice, the affected service will continue to be provided at the increased rates set forth in the Rerate Notice.

13. Infrastructure Investment and Jobs Act (IIJA) Grant Programs. If Customer participates in an IIJA program, including but not limited to, the Middle Mile Grant, Tribal Connectivity Broadband, and the Broadband Equity Access and Deployment (BEAD) Grant Programs, then Customer cannot pay for Services with funds obtained through the IIJA or other similar grants that would obligate Lumen to provide certain information or perform certain regulatory compliance functions, unless each of those functions and obligations is explicitly identified and agreed to by the parties in the Agreement or in an amendment to the Agreement.

Additional Order Terms

Invoices

Single prices shown above for bundled Services, or for Services provided at multiple locations, will be allocated among the individual services for the purpose of applying Taxes and regulatory fees and also may be divided on Customer's invoice by location served.

ORDER ADDENDUM

This **ADDENDUM TO CUSTOMER ORDER** ("Addendum") is entered into as of the last date of signature below (the "Addendum Effective Date"), by and between **Lumen Technology Government Solutions, Inc.** ("Lumen") and **City of Santa Fe** ("Customer"), and modifies the Customer Order with **SM10650391/R694949, SM10650373/R694953, R701684/59508228, R573499/58967262** (the "Customer Order"), a copy of which is attached hereto as EXHIBIT A. Lumen and Customer may be referred to herein collectively as the "Parties" and individually as a "Party."

WHEREAS the Parties wish to modify the Customer Order to incorporate revised terms applicable to the same.

NOW THEREFORE, the Parties agree to modify the Customer Order in the following limited respects:

1. **Order Submittal.** Contemporaneously with the execution of this Addendum, Customer shall execute and deliver the Customer Order to Lumen.

2. **Section 4**. The Parties acknowledge and agree that Section 4 in the terms and conditions is replaced with the following:

"4. Customer places this Order by signing (including electronically or digitally) or otherwise acknowledging (in a manner acceptable to Lumen) this document and returning it to Lumen. The Service identified in this Order shall be governed by and subject to the contract number **47QTCA20D0077** between GSA and Qwest Government Services, Inc. Customer agrees to the terms and conditions set forth in the Schedule 70 contract between Qwest Government Services, Inc. and GSA and hereby confirms that it will follow the cooperative purchasing requirements set out by GSA. The service level agreement(s) for the Service(s) contained in this Order are subject to Lumen's standard Service Schedule(s) (as of the date of this Order), a copy of which are available upon request. Services contained within this Order that are not contained on the Schedule 70 contract shall be governed by and subject to the Master Service Agreement(s) and Service Schedule(s) (if any) between Lumen and Customer for those Service(s) not contained on the Schedule 70 contract applicable to such Service(s). The applicable agreement may be between Customer and Lumen's affiliate if expressly provided for under such affiliate Master Service Agreement. If Customer has not executed a Master Services Agreement with Lumen but has executed a services agreement (including but not limited to Standard Terms and Conditions) with an affiliate of Lumen ("Affiliate Agreement"), then the terms of the most recent such Affiliate Agreement shall apply to the Service herein (to the extent not inconsistent with this Order) provided that in such cases, the current standard Lumen Service Schedule applicable to the Services shall apply. "Affiliate Agreement" for CenturyLink Communications. LLC d/b/a Lumen Technologies Group ("Lumen") or any companies that were affiliates of Lumen before the merger between CenturyLink, Inc. and Level 3 Communications, Inc. means only an applicable Interexchange Carrier network agreement (e.g. CenturyLink Total Advantage Agreement, CenturyLink Total Advantage Express Agreement, CenturyLink Wholesale Services Agreement or CenturyLink Master Service Agreement) for non-government customers. Off-net demarcation points will be the off-net vendor's MPOE. If this Order identifies aspects of services that are procured by Customer directly from third parties, Lumen is not liable for such services.

4. The service(s) identified in this Order (the "Service(s)") is/are subject to the current, unexpired services agreement between Customer and Lumen ("Existing Agreement") provided if a service attachment describing the Services is not included in the Existing Agreement, then the current standard applicable Lumen Service Attachment(s) will apply in addition to the Existing Agreement. If Customer and Lumen do not have a current Existing Agreement,Services are subject to Lumen's standard Master Service Agreement(s), State, Local and Education Government Agencies Version, Public Safety Version for public safety services, or E-Rate Version for E-Rate eligible services (each, a "Lumen MSA"), and applicable Service Attachment(s) for the Services described in this Order will govern, copies of which are available at https://www.lumen.com/en-us/about/legal/business-customer-terms-conditions.html or upon request, unless Customer has executed a service agreement with Lumen or one of its affiliates applicable to the Services on this Order. In that case, the most recent service agreement will apply to the extent not inconsistent with this Order and the current Service Schedule(s) will apply and is/are specifically incorporated into the applicable agreement by this reference. Notwithstanding anything to the contrary, Lumen will notify Customer of acceptance of requested Service in this Order by delivering (in writing or electronically) the date by which Lumen will install Service (the "Customer Commit Date"), by delivering the Service, or by the manner described in a Service Schedule. Lumen will deliver a written or electronic notice that the Service is provisioned, at which time billing will commence. At the expiration of the Service Term, Service will continue month-to-month at the existing rates, subject to change by Lumen on 30 days' written notice. If the service agreement or applicable service specific terms do not include cancellation or early termination charges and if Customer cancels or terminates Service for any reason other than Lumen's uncured default or if Lumen cancels or terminates or cause, then Customer will pay Lumen's standard cancellation or early termination liability charges in the current standard Lumen MSA.

SLED Terms and Conditions Governing This Order

1.“Lumen” is defined for purposes of this Order as CenturyLink Communications, LLC d/b/a Lumen Technologies Group or its affiliated entities providing Services under this Order. The Lumen entity providing Services is identified on the invoice. This Order is subject to the applicable state or municipal public records laws governing Customer and is non-binding until accepted by Lumen, as set forth in section 4. Customer places this Order by signing or otherwise acknowledging (in a manner acceptable to Lumen) this document and returning it to Lumen. Pricing is valid for 90

calendar days from the date indicated unless otherwise specified.

2. Prior to installation, Lumen may notify Customer in writing (including by e-mail) of price increases due to off-net vendors or increased construction costs. Customer has 5 business days following notice to cancel this Order without liability; or otherwise, Customer is deemed to accept the increase.

3. If a generic demarcation point (such as a street address) is provided, the demarcation point for on-net services will be Lumen's Minimum Point of Entry (MPOE) at such location (as determined by Lumen). Off-net demarcation points will be the off-net vendor's MPOE. If this Order identifies aspects of services that are procured by Customer directly from third parties, Lumen is not liable for such services.

4. The service(s) identified in this Order (the "Service(s)") is/are subject to the current, unexpired services agreement between Customer and Lumen ("Existing Agreement") provided if a service attachment describing the Services is not included in the Existing Agreement, then the current standard applicable Lumen Service Attachment(s) will apply in addition to the Existing Agreement. If Customer and Lumen do not have a current Existing Agreement,Services are subject to Lumen's standard Master Service Agreement(s), State, Local and Education Government Agencies Version, Public Safety Version for public safety services, or E-Rate Version for E-Rate eligible services (each, a "Lumen MSA"), and applicable Service Attachment(s) for the Services described in this Order will govern, copies of which are available at https://www.lumen.com/en-us/about/legal/business-customer-terms-conditions.html or upon request, unless Customer has executed a service agreement with Lumen or one of its affiliates applicable to the Services on this Order. In that case, the most recent service agreement will apply to the extent not inconsistent with this Order and the current Service Schedule(s) will apply and is/are specifically incorporated into the applicable agreement by this reference. Customer will accept and pay all charges indicated on invoices for the Services.

Notwithstanding anything to the contrary, Lumen will notify Customer of acceptance of requested Service in this Order by delivering (in writing or electronically) the date by which Lumen will install Service (the "Customer Commit Date"), by delivering the Service, or by the manner described in a Service Schedule. Lumen will deliver a written or electronic notice that the Service is provisioned, at which time billing will commence. At the expiration of the Service Term, Service will continue month-to-month at the existing rates, subject to change by Lumen on 30 days' written notice. If the service agreement or applicable service specific terms do not include cancellation or early termination charges and if Customer cancels or terminates Service for any reason other than Lumen's uncured default or if Lumen cancels or terminates or cause, then Customer will pay Lumen's standard cancellation or early termination liability charges in the current standard Lumen MSA.

5. Neither party will be liable for any damages for lost profits, lost revenues, loss of goodwill, loss of anticipated savings, loss of data or cost of purchasing replacement service, or any indirect, incidental, special, consequential, exemplary or punitive damages arising out of the performance or failure to perform under this Order. Customer's sole remedies for any nonperformance, outages, failures to deliver or defects in Service are contained in the service levels applicable to the affected Service.

6. Transport services ordered from Lumen will be treated as interstate for regulatory purposes except as otherwise agreed to in writing.

7. Charges for certain Services are subject to (a) a monthly property tax surcharge and (b) a monthly cost recovery fee per month to reimburse Lumen for various governmental taxes and surcharges. Such charges are subject to change by Lumen and will be applied regardless of whether Customer has delivered a valid tax exemption certificate. For additional details on taxes and surcharges that are assessed, visit http://www.lumen.com/taxes.

8. Unless otherwise set forth in a Service Attachment, Customer will pay Lumen's standard ancillary charges for expedites and additional activities, features, or options as set forth in the Ancillary Fee Schedule, available at http://www.lumen.com/ancillary-fees. If Lumen cannot complete installation due to Customer delay or inaction, Lumen

may begin charging Customer and Customer will pay such charges.

9. For colocation, data center and/or hosting services, pre-arranged escorted access may be required at certain locations, and cross connect services are subject to whether facilities are available at the particular location to complete the connection.

10. Compliance with Laws. The parties comply with all laws and regulations applicable to the execution of this Order and to the provision of Services by Lumen, including, as applicable, procurement laws or regulations regarding cumulative purchases of Services by Customer.

11. E-Rate and/or RHC/HCF Funding. If Customer applies for or seeks E-Rate and/or RHC/HCF funding for the Service(s) to be provided under this Order, Customer's Service(s) will be governed by a current eligible Existing Agreement, or if Customer and Lumen do not have a current eligible Existing Agreement, the Lumen E-Rate MSA or Lumen SLED MSA with the E-Rate and/or RHC/HCF Program Addendum will apply and must be executed contemporaneously with this Order.

12. If your network service utilizes TDM technologies, then the following applies: (a) During the Service Term and on 60 days' prior written notice, Lumen may re-provision Customer's off-net TDM services ("Service Re-provision"). In the event of a conflict among the Appropriation Amount, the Reversion Date, as defined herein and/or the purpose of the Project, as set forth in this Agreement, and the corresponding appropriation language in the laws cited above in this Article I(A), the language of the laws cited herein shall control.

This project is referred to throughout the remainder of this Agreement as the "Project"; the information contained in Article I(A) is referred to collectively throughout the remainder of this Agreement as the "Project Description." [OPTIONAL LANGUAGE: "Optional Attachment A sets forth additional or more stringent requirements and conditions, which are incorporated by this reference as if set forth fully herein. ARTICLE II. LIMITATION ON DEPARTMENT'S OBLIGATION TO MAKE GRANT DISBURSEMENT TO GRANTEE

A. Upon the Effective Date of this Agreement, for permissible purposes within the scope of the Project Description, the Grantee shall only be reimbursed monies for which the Department has issued and the Grantee has received a Notice of Department's Obligation to Reimburse[24] Grantee (hereinafter referred to as "Notice of Obligation"). This Grant Agreement and the disbursement of any and all amounts of the above referenced Adjusted Appropriation Amount are expressly conditioned upon the following:

(i) Irrespective of any Notice of Obligation, the Grantee's expenditures shall be made on or before the Reversion Date and, if applicable, an Early Termination Date (i.e., the goods have been delivered and accepted or the title to the goods has been transferred to the Grantee and/or the services have been rendered for the Grantee); and

(iii) The Grantee's expenditures were made pursuant to the State Procurement Code and execution of binding written obligations or purchase orders with third party contractors or vendors for the provision of services, including professional services, or the purchase of tangible personal property and real property for the Project, hereinafter referred to as "Third Party Obligations"; and

(iv) The Grantee's submittal of timely Requests for Payment in accordance with the procedures set forth in Article IX of this Agreement; and

---

[23] The AIPP amount is "an amount of money equal to one percent or two hundred thousand dollars ($200,000), whichever is less, of the amount of money appropriated for new construction or any major renovation exceeding one hundred thousand dollars ($100,000)." Section 13-4A-4 NMSA 1978.

[24] "Reimburse" as used throughout this Agreement includes Department payments to the Grantee for invoices received, but not yet paid, by the Grantee from a third party contractor or vendor, if the invoices comply with the provisions of this Agreement and are a valid liability of the Grantee.

(v) In the event that capital assets acquired with Project funds are to be sold, leased, or licensed to or operated by a private entity, the sale, lease, license, or operating agreement:
   a. must be approved by the applicable oversight entity (if any) in accordance with law; or
   b. if no oversight entity is required to approve the transaction, the Department must approve the transaction as complying with law.

Prior to the sale, lease, license, or operating agreement being approved pursuant to Articles II(A)(v)(a) and II(A)(v)(b) herein, the Department may, in its sole and absolute discretion and unless inconsistent with State Board of Finance imposed conditions, reimburse the Grantee for necessary expenditures incurred to develop the Project sufficiently to make the sale, lease, license, or operating agreement commercially feasible, such as plan and design expenditures; and

(vi) The Grantee's submission of documentation of all Third Party Obligations and amendments thereto (including terminations) to the Department and the Department's issuance and the Grantee's receiving of a Notice of Obligation for a particular amount in accordance with the terms of this Agreement shall be governed by the following:

   a. The Grantee shall submit to the Department one copy of all Third Party Obligations and amendments thereto (including terminations) as soon as possible after execution by the Third Party **but prior to execution by the Grantee.**
   b. Grantee acknowledges and agrees that if it chooses to enter into a Third Party Obligation prior to receiving a Notice of Obligation that covers the expenditure, it is solely responsible for such obligations.
   c. The Department may, in its sole and absolute discretion, issue to Grantee a Notice of Obligation for the particular amount of that Third Party Obligation that only obligates the Department to reimburse Grantee's expenditures made on or before the Reversion Date or an Early Termination Date. The current Notice of Obligation form is attached to this Agreement as Exhibit 2.
   d. The date the Department signs the Notice of Obligation is the date that the Department's Notice of Obligation is effective. After that date, the Grantee is authorized to budget the particular amount set forth in the Notice of Obligation, execute the Third Party Obligation and request the Third Party to begin work. Payment for any work performed or goods received prior to the effective date of the Notice of Obligation is wholly and solely the obligation of the Grantee.

B. The Grantee shall implement, in all respects, the Project. The Grantee shall provide all necessary qualified personnel, material, and facilities to implement the Project. The Grantee shall finance its share (if any) of the costs of the Project, including all Project overruns.

Funds are expended and an expenditure has occurred as of the date that a particular quantity of goods are delivered to and received by the Grantee or title to the goods is transferred to the Grantee and/or as of the date particular services are rendered for the Grantee. Funds are ***not*** expended and an expenditure has ***not*** occurred as of the date they are encumbered by the Grantee pursuant to a contract or purchase order with a third party.

ARTICLE V. EARLY TERMINATION

A. **Early Termination Before Reversion Date Due to Completion of the Project or Complete Expenditure of the Adjusted Appropriation or Violation of this Agreement**

Early Termination includes:

(i) Termination due to completion of the Project before the Reversion Date; or

(ii) Termination due to complete expenditure of the Adjusted Appropriation Amount before the Reversion Date; or

(iii) Termination for violation of the terms of this Agreement; or

(iv) Termination for suspected mishandling of public funds, including but not limited to, fraud, waste, abuse, and conflicts of interest.

Either the Department or the Grantee may early terminate this Agreement prior to the Reversion Date by providing the other party with a minimum of fifteen (15) days' advance, written notice of early termination. Grantee hereby waives any rights to assert an impairment of contract claim against the Department or the State of New Mexico in the event of Early Termination of this Agreement by the Department pursuant to Article V(A).

B. **Early Termination Before Reversion Date Due to Non-appropriation**

The terms of this Agreement are expressly made contingent upon sufficient appropriations and authorization being made by the Legislature of New Mexico for the performance of this Agreement. Throughout this Agreement the term "non-appropriate" or "non-appropriation" includes the following actions by the New Mexico Legislature: deauthorization, reauthorization or revocation of a prior authorization. The Legislature may choose to non-appropriate the Appropriation referred to in Article I and, if that occurs, the Department shall early terminate this Agreement for non-appropriation by giving the Grantee written notice of such termination, and such termination shall be effective as of the effective date of the law making the non-appropriation. The Department's decision as to whether sufficient appropriations or authorizations are available shall be accepted by the Grantee and shall be final. Grantee hereby waives any rights to assert an impairment of contract claim against the Department or the State of New Mexico in the event of Early Termination of this Agreement by the Department pursuant to Article V(B).

C. **Limitation on Department's Obligation to Make Grant Disbursements to Grantee in the Event of Early Termination**

In the event of Early Termination of this Agreement by either party, the Department's sole and absolute obligation to reimburse the Grantee is expressly conditioned upon the limitations set forth Article II.

ARTICLE VI. SUSPENSION OF NEW OR FURTHER OBLIGATIONS

A. The Department may choose, in its sole and absolute discretion, to provide written notice to the Grantee to suspend entering into new and further obligations. Upon the receipt of such written notice by the Grantee:

(i) The Grantee shall immediately suspend entering into new or further written obligations with third parties; and

(ii) The Department will suspend the issuance of any new or further Notice of Obligation under this Agreement; and

(iii) The Department may direct the Grantee to implement a corrective action plan in accordance with Article VI(D) herein.

B. In the event of Suspension of this Agreement, the Department's sole and absolute obligation to reimburse the Grantee is expressly conditioned upon the limitations set forth in Article II herein.

C. A suspension of new or further obligations under this Agreement shall remain in effect unless or until the date the Grantee receives written notice given by the Department informing the Grantee that the Suspension has been lifted or that the Agreement has been Early Terminated in accordance with Article V herein. If the Suspension is lifted, the Department will consider further requests for Notice of Obligation.

D. Corrective Action Plan in the Event of Suspension

In the event that the Department chooses, in its sole and absolute discretion to direct the Grantee to suspend entering into new or further written obligations with third parties pursuant to Article VI(A), the Department may, but is not obligated to, require the Grantee to develop and implement a written corrective action plan to remedy the grounds for the Suspension. Such corrective action plan must be approved by the Department and be signed by the Grantee. Failure to sign a corrective action plan or meet the terms and deadlines set forth in the signed corrective action plan, is hereby deemed a violation of the terms of this Agreement for purposes of Early Termination, Article V(A)(iii). The corrective action plan is in addition to, and not in lieu of, any other equitable or legal remedy, including but not limited to Early Termination.

ARTICLE VII. AMENDMENT

This Agreement shall not be altered, changed, or amended except by instrument in writing duly executed by both the parties hereto.

ARTICLE VIII. REPORTS

A. Database Reporting

The Grantee shall report quarterly Project activity by entering such Project information as the Department and the Department of Finance and Administration may require, such information entered directly into a database maintained by the Department of Finance and Administration (Budget & Formulation Management System). Additionally, the Grantee shall certify on the Request for Payment form (Exhibit 1) that updates have been maintained and are current in the database. The Grantee hereby acknowledges that failure to perform and/or certify updates into the database will delay or potentially jeopardize the reimbursement of funds. The Department shall give Grantee a minimum of thirty (30) days' advance written notice of any changes to the information the Grantee is required to report.

Quarterly reports shall be due on the last day of the month that is 30 days prior to the end of the quarter following execution of this Agreement by the Department and ending during the quarter of the submission of the final request for reimbursement for the Project, or the following quarter.

B. <u>Requests for Additional Information/Project Inspection</u>

During the term of this Agreement and during the period of time during which the Grantee must maintain records pursuant to Article VIII, the Department may:

(i) request such additional information regarding the Project as it deems necessary; and

(ii) conduct, at reasonable times and upon reasonable notice, onsite inspections of the Project.

Grantee shall respond to such requests for additional information within a reasonable period of time, as established by the Department.

ARTICLE IX. REQUEST FOR PAYMENT PROCEDURES AND DEADLINES

A. The Grantee shall request payment by submitting a Request for Payment, in the form attached hereto as Exhibit 1. Payment requests are subject to the following procedures:

(i) The Grantee must submit a Request for Payment; and

(ii) Each Request for Payment must contain proof of payment by the Grantee or liabilities incurred by the Grantee showing that the expenditures are valid or are liabilities incurred by the Grantee in the form of actual unpaid invoices received by the Grantee for services rendered by a third party or items of tangible personal property received by the Grantee for the implementation of the Project; provided, however, that the Grantee may be reimbursed for unpaid liabilities only if the Department, in its sole and absolute discretion, agrees to do so and in accordance with any special conditions imposed by the Department.

(iii) In cases where the Grantee is submitting a Request for Payment to the Department based upon invoices received, but not yet paid, by the Grantee from a third party contractor or vendor, if the invoices comply with the provisions of this Agreement and are a valid liability of the Grantee, the Grantee shall make payment to those contractors or vendors within five (5) business days from the date of receiving reimbursement from the Department or such shorter period of time as the Department may prescribe in writing. The Grantee is required to certify to the Department proof of payment to the third party contractor or vendor within ten (10) business days from the date of receiving reimbursement from the Department.

B. The Grantee must obligate 5% of the Adjusted Appropriation Amount within six months of acceptance of the grant agreement and must have expended no less than 85% of the Adjusted Appropriation Amount six months prior to the reversion date.

C. **Deadlines**

Requests for Payments shall be submitted by Grantee to the Department on the earlier of:

(i) Immediately as they are received by the Grantee but at a minimum thirty (30) days from when the expenditure was incurred or liability of the Grantee was ~~a~~approved as evidenced by an unpaid invoice received by the Grantee from a third party contractor or vendor; or

(ii) Twenty (20) days from date of Early Termination; or

(iii) Twenty (20) days from the Reversion Date.

D. The Grantee's failure to abide by the requirements set forth in Article II and Article IX herein will result in the denial of its Request for Payment or will delay the processing of Requests for Payment. The Department has the right to reject a payment request for the Project unless and until it is satisfied that the expenditures in the Request for Payment are for permissible purposes within the meaning of the Project Description and that the expenditures and the Grantee are otherwise in compliance with this Agreement, including but not limited to, compliance with the reporting requirements and the requirements set forth in Article II herein to provide Third Party Obligations and the Deadlines set forth in Article IX herein. The Department's ability to reject any Request for Payment is in addition to, and not in lieu of, any other legal or equitable remedy available to the Department due to Grantee's violation of this Agreement.

ARTICLE X. PROJECT CONDITIONS AND RESTRICTIONS; REPRESENTATIONS AND WARRANTIES

A. The following general conditions and restrictions are applicable to the Project:

(i) The Project's funds must be spent in accordance with all applicable state laws, regulations, policies, and guidelines, including, but not limited to, the State Procurement Code (or local procurement ordinance, where applicable).

(iv) The Grantee shall not for a period of 10 years from the date of this agreement convert any property acquired, built, renovated, repaired, designed or developed with the Project's funds to uses other than those specified in the Project Description without the Department's and the Board of Finance's express, advance, written approval, which may include a requirement to reimburse the State for the cost of the project, transfer proceeds from the disposition of property to the State, or otherwise provide consideration to the State.

(v) The Grantee shall comply with all federal and state laws, rules and regulations pertaining to equal employment opportunity. In accordance with all such laws, rules and regulations the Grantee agrees to assure that no person shall, on the grounds of race, color, national origin, sex, sexual preference, age or handicap, be excluded from employment with Grantee, be excluded from participation in the Project, be denied benefits or otherwise be subject to discrimination under, any activity performed under this Agreement. If Grantee is found to be not in compliance with these requirements during the life of this Agreement, Grantee agrees to take appropriate steps to correct any deficiencies. The Grantee's failure to implement such appropriate steps within a reasonable time constitutes grounds for terminating this Agreement.

B. The Grantee hereby represents and warrants the following:

(i) The Grantee has the legal authority to receive and expend the Project's funds.

(ii) This Agreement has been duly authorized by the Grantee, the person executing this Agreement has authority to do so, and, once executed by the Grantee, this Agreement shall constitute a binding obligation of the Grantee, enforceable according to its terms.

(iii) This Agreement and the Grantee's obligations hereunder do not conflict with any law or ordinance or resolution applicable to the Grantee, the Grantee's charter (if applicable), or any judgment or decree to which the Grantee is subject.

(iv) The Grantee has independently confirmed that the Project Description, including, but not limited to, the amount and Reversion Date, is consistent with the underlying appropriation in law.

(v) The Grantee's governing body has duly adopted or passed as an official act a resolution, motion, or similar action authorizing the person identified as the official representative of the Grantee to sign the Agreement and to sign Requests for Payment.

(vi) The Grantee shall abide by New Mexico laws regarding conflicts of interest, governmental conduct and whistleblower protection. The Grantee specifically agrees that no officer or employee of the local jurisdiction or its designees or agents, no member of the governing body, and no other public official of the locality who exercises any function or responsibility with respect to this Grant, during their tenure or for one year thereafter, shall have any interest, direct or indirect, in any contract or subcontract, or the proceeds thereof, for work to be performed or goods to be received, pursuant to this Grant. Further, Grantee shall require all of its contractors to incorporate in all subcontracts the language set forth in this paragraph prohibiting conflicts of interest.

(vii) No funds have been paid or will be paid, by or on behalf of the Grantee, to any person for influencing or attempting to influence an officer or employee of this or any agency or body in connection with the awarding of any Third Party Obligation and that the Grantee shall require certifying language prohibiting lobbying to be included in the award documents for all subawards, including subcontracts, loans and cooperative agreements. All subrecipients shall be required to certify accordingly.

ARTICLE XI. STRICT ACCOUNTABILITY OF RECEIPTS AND DISBURSEMENTS; PROJECT RECORDS

A. The Grantee shall be strictly accountable for receipts and disbursements relating to the Project's funds. The Grantee shall follow generally accepted accounting principles, and, if feasible, maintain a separate bank account or fund with a separate organizational code, for the funds to assure separate budgeting and accounting of the funds.

B. For a period of six (6) years following the Project's completion, the Grantee shall maintain all Project related records, including, but not limited to, all financial records, requests for proposals, invitations to bid, selection and award criteria, contracts and subcontracts, advertisements, minutes of pertinent meetings, as well as records sufficient to fully account for the amount and disposition of the total funds from all sources budgeted for the Project, the purpose for which such funds were used, and such other records as the Department shall prescribe.

C. The Grantee shall make all Project records available to the Department, the Department of Finance and Administration, and the New Mexico State Auditor upon request. With respect to the funds that are the subject of this Agreement, if the State Auditor or the Department of Finance and Administration finds that any

ARTICLE XII. IMPROPERLY REIMBURSED FUNDS

If the Department determines that part or all of the Appropriation Amount was improperly reimbursed to Grantee, including but not limited to, Project funds reimbursed to Grantee based upon fraud, mismanagement, misrepresentation, misuse, violation of law by the Grantee, or violation of this Agreement, the Grantee shall return such funds to the Department for disposition in accordance with law.

ARTICLE XIII. LIABILITY

Neither party shall be responsible for liability incurred as a result of the other party's acts or omissions in connection with this Agreement. Any liability incurred in connection with this Agreement is subject to immunities and limitations of the New Mexico Tort Claims Act.

ARTICLE XIV. SCOPE OF AGREEMENT

ARTICLE XV. REQUIRED NON-APPROPRIATIONS CLAUSE IN CONTRACTS FUNDED IN WHOLE OR PART BY FUNDS MADE AVAILABLE UNDER THIS AGREEMENT

The Grantee acknowledges, warrants, and agrees that Grantee shall include a "non-appropriations" clause in all contracts between it and other parties that are (i) funded in whole or part by funds made available under this Agreement and (ii) entered into after the effective date of this Agreement that states:

"The terms of this Agreement are contingent upon sufficient appropriations and authorization being made by the Legislature of New Mexico for the performance of this Agreement. If sufficient appropriations and authorization are not made by the Legislature, the **City of Santa Fe** may immediately terminate this Agreement by giving Contractor written notice of such termination. The **City of Santa Fe**'s decision as to whether sufficient appropriations are available shall be accepted by the Contractor and shall be final. Contractor hereby waives any rights to assert an impairment of contract claim against the **City of Santa Fe** or the Department of Finance and Administration, Local Government Division (DFA/LGD) or the State of New Mexico in the event of immediate or Early Termination of this Agreement by the **City of Santa Fe** or the "Department."

ARTICLE XVI. REQUIRED TERMINATION CLAUSE IN CONTRACTS FUNDED IN WHOLE OR PART BY FUNDS MADE AVAILABLE UNDER THIS AGREEMENT

Grantee acknowledges, warrants, and agrees that Grantee shall include the following termination clause in all contracts that are (i) funded in whole or part by funds made available under this Agreement and (ii) entered into after the effective date of this Agreement:

"This contract is funded in whole or in part by funds made available under a DFA/LGD Grant Agreement. Should the DFA/LGD early terminate the grant agreement, the **City of Santa Fe** may early terminate this contract by providing Contractor written notice of such termination. In the event of termination pursuant to this paragraph, the **City of Santa Fe** only liability shall be to pay Contractor for acceptable goods delivered and services rendered before the termination date."

Grantee hereby waives any rights to assert an impairment of contract claim against the Department or the State of New Mexico in the event of Early Termination of this Agreement by the Department.

ARTICLE XVII. COMPLIANCE WITH UNIFORM FUNDING CRITERIA.

A. Throughout the term of this Agreement, Grantee shall:

B. In the event Grantee fails to comply with the requirements of Paragraph A of this Article XVII, the Department may take one or more of the following actions:

1. suspend new or further obligations pursuant to Article VI(A) of this Agreement;
2. require the Grantee to develop and implement a written corrective action plan pursuant to Article VI(D) of this Agreement to remedy the non-compliance;

4. terminate this Agreement pursuant to Article V(A) of this Agreement.

ARTICLE XVIII. [OPTIONAL IF THE APPROPRIATION IS FUNDED BY SEVERANCE TAX BONDS OR GENERAL OBLIGATION BONDS] SEVERANCE TAX BOND AND GENERAL OBLIGATION BOND PROJECT CLAUSES

A. Grantee acknowledges and agrees that the underlying appropriation for the Project is a severance tax bond or general obligation bond appropriation, and that the associated bond proceeds are administered by the New Mexico State Board of Finance (SBOF), an entity separate and distinct from the Department. Grantee acknowledges and agrees that (i) it is Grantee's sole and absolute responsibility to determine through SBOF staff what (if any) conditions are currently imposed on the Project; (ii) the Department's failure to inform Grantee of a SBOF imposed condition does not affect the validity or enforceability of the condition; (iii) the SBOF may in the future impose further or different conditions upon the Project; (iv) all SBOF conditions are effective without amendment of this Agreement; (v) all applicable SBOF conditions must be satisfied before the SBOF will release to the Department funds subject to the condition(s); and (vi) the Department's obligation to reimburse Grantee from the Project is contingent upon the then current SBOF conditions being satisfied.

B. Grantee acknowledges and agrees that the SBOF may in its sole and absolute discretion remove a project's assigned bond proceeds if the project doesn't proceed sufficiently. Entities must comply with the requirement to encumber five percent (5%) of Project funds within six months of bond issuance as certified by the grantee in the Bond Questionnaire and Certification documents submitted to the SBOF. Failure to comply may result in the bond proceeds reassignment to a new ready project. If this should occur this grant agreement will be suspended until the entity has demonstrated readiness as determined by the SBOF and the Department.

C. Grantee acknowledges and agrees that this Agreement is subject to the SBOF's Bond Project Disbursements rule, NMAC 2.61.6, as may be amended or re-codified. The rule provides definitions and interpretations of grant language for the purpose of determining whether a particular activity is allowable under the authorizing language of the agreement.

ACTION:
Request for Approval of a Budget Adjustment Resolution (BAR) to Allocate Road Impact Fees in the Total Amount of $1,220,000 to FY2026 Revenue and Expenses for the Completion of the Guadalupe Street Reconstruction Project (Romella Glorioso-Moss, rsglorioso-moss@santafenm.gov)

BACKGROUND AND SUMMARY:
The construction of the Guadalupe St. Reconstruction Project has been fully funded to date by a Federal Highway Safety Improvement Program (HSIP) grant for $10M with no City match. The project was a result of the road safety audit conducted in 2014 funded by HSIP – a federal-aid program with a purpose to achieve a significant reduction in traffic fatalities and serious injuries on all public roads. The substantial completion date for roadway construction is August 30, 2025.

During the construction, several issues were identified and remedied including archeological assessment of an old stormwater channel and artifacts, replacing failed storm drainpipes, installing missing foundation under sidewalks, replacing leaking water valves, adding irrigation for new landscaping, etc. The cost of this additional scope was approximately $334,000 for design and construction management and $886,000 for construction. This BAR will cover those costs. See table below for a breakdown of the City's share of costs for this project.

HSIP also does not pay for landscaping on roadway projects. Staff is securing quotes for construction of extensive landscaping improvements and will return to Governing Body for another BAR from Roadway Impact Fees for this work, estimated to cost $1,200,000.

Guadalupe Street Reconstruction Project Cost Breakdown (including 8.1875% NMGRT)

PROJECT SCOPE	HSIP FUNDED	CITY FUNDING

Subject: Amendment #2 to Lease Agreement between City of Santa Fe and Challenge New Mexico to Assign the Agreement to The Life Link

Vendor Name: Challenge New Mexico and The Life Link

Vendor Number: 1333 (CNM) and 1340 (TLL)

ITEM AND ISSUE:
The Office of Economic Development, Asset Development, respectfully requests your review and approval of Amendment #2 to the City of Santa Fe Amended Lease Agreement (574384) dated February 18, 1987, (the "1987 Agreement"), as amended, between the City of Santa Fe and Challenge New Mexico to, among other things, assign the Agreement to The Life Link. (Terry Lease, Asset Development Manager, tjlease@santafenm.gov).

CONTRACT NUMBER:
The Original Lease Number is 574384, as amended.

BACKGROUND AND SUMMARY:
In 1983 the City of Santa Fe ("City") was the sole owner of a tract of land known as Disposition Parcel D-73-3, currently identified as 631, 633 and 635 Agua Fria Street, Santa Fe, New Mexico. In 1983 the City and Challenge New Mexico ("Lessee"), a New Mexico non-profit corporation formerly known as the Santa Fe Association for Retarded Citizens, entered into a lease agreement for land ("1983 Agreement"), which allowed Lessee to build "group homes for the mentally and physically handicapped." Under the

terms of Ordinance No. 48, 1985, the City deeded a portion of Disposition Parcel D-73-3, identified as 631 Agua Fria, to Lessee; leaving the City as sole owner of the land only under a duplex with the address of 633 & 635 Agua Fria.

On February 18, 1987, the City and Lessee entered into the 1987 Agreement that replaced the 1983 Agreement and provided for Lessee's continued occupancy of the City owned land (633 & 635 Agua Fria). Currently, Lessee owns two residential duplexes, one on the City owned land (633 and 635 Agua Fria) that is the subject of the Agreement and one on Lessee owned land (631 Agua Fria, Units A & B).

The termination date of the 1987 Agreement is September 30, 2042 (60-year lease) and the rent is set at one dollar per year. Improvements on the land were financed by a Housing and Urban Development mortgage to serve the developmentally disabled.

Lessee's mission has transformed over the years and they now focus on providing therapeutic horseback riding opportunities for people with special needs and disabilities; it is no longer Lessee's mission to provide group home living situations for the disabled community. As a result, Lessee now desires to sell and transfer the improvements that were erected on the City owned land, and assign the 1987 Agreement, to The Life Link, who has funding to renovate and rehabilitate the now unoccupied improvements.

2. Term of Lease. The term of this lease is for a period of sixty (60) years commencing on the 1st day of October, 1982, and expiring at midnight on the 30th day of September, 2042, provided, however, that in the event that Lessee does not commence construction of group homes for the mentally and physically handicapped citizens within one year from June 29, 1983 the lease shall terminate.

3. Rent. Lessee agrees to pay to Lessor as rental for the premises an annual rent of one dollar payable each year in advance on the 1st day of October.

4. Use of Leased Premises. Lessee shall not use or permit the leased premises or any part thereof to be used for any purpose other than group homes for the mentally and physically handicapped and purposes related thereto, without the prior written consent of the Lessor.

5. Buildings and Structures Severable. Lessee may erect on the leased property such buildings, structures, equipment and other improvements as it may desire for carrying out the purpose of this lease. All buildings and structures placed on the leased property by the Lessee shall be and remain the property of the Lessee on termination of this lease. Lessor may require the removal of said buildings and structures within ninety (90) days after such termination. All other removable improvements, additions, appliances, fixtures placed upon the premises by Lessee, shall be and remain the

property of Lessee and may be removed by it, in whole or in part, within ninety (90) days days after termination of this lease, unless they are subject to a landlord's lien.

6. Utilities Paid by Lessee. The Lessor shall not be required to furnish any service to the leased property, including but not limited to heat, water, power and sewer. The Lessor shall not be liable for any failure of water supply or electric current or of any service by any utility; for injury to persons (including death) or damages to property resulting from steam, gas, electricity, water, rain or snow which may flow or leak from any part of the leased property, or from any pipes, appliances or plumbing works from the street, road or subsurface, or from any other place; or for interference with light or other easements however caused. The Lessee shall pay all charges for gas, electricity, light, heat, power and telephone or other communication service used, rendered or supplied upon or in connection with the leased property, and shall indemnify the Lessor against any liability or damage on such account.

7. Lessee to Pay All Assessments. The Lessee shall pay off, satisfy and discharge, as they become due, all assessments, charges, mortgages, liens and taxes whatsoever which may exist or be payable for, on, against, or in respect to the leased premises and any improvements thereon or appurtenances thereto, or any part thereof, and upon Lessee's default, at Lessor's option, but without any duty to do so, Lessor may pay off, redeem, satisfy or discharge any assessment, charge, mortgage, lien, or tax and thereupon have a lien therefor against all of Lessees property on the premises.

8. Termination of Lease. Lessee shall at the termination of this lease by lapse of time or otherwise, surrender up the leased premises in good order and condition, reasonable use and ordinary wear and tear, damage by the elements and other casualty excepted. Should there at any time be any default in the covenants, agreements, or conditions of this lease, such default continuing for thirty days after written notice, it shall be lawful for the Lessor to declare this lease cancelled and terminated, whereupon the leased premises shall be delivered by the Lessee. If at any time the term shall be ended at the election of Lessor, its assigns or successors in interest, or in any other way, Lessee does hereby covenant and agree to surrender and deliver up the above described premises and property peaceably to Lessor, immediately upon the termination of the term and if Lessee shall remain in possession of the same, such default continuing thirty days following notice of default, or at the termination of the lease in any of the ways above named, Lessee shall be deemed guilty of a forcible detainer or otherwise, and shall be subject to eviction and removal pursuant to the applicable New Mexico statute. The Lessee shall pay and discharge all costs, attorneys fees, and expenses that shall arise from enforcing the covenants of this lease by Lessor.

9. Failure to Terminate. The failure, neglect or omission of Lessor to terminate this lease for any one or more breaches of any of the covenants hereof, shall not be deemed a consent by Lessor to such breach and shall not bar or prevent Lessor from thereafter terminating the lease, either for such violation, or for prior or subsequent violation of any covenant hereof.

10. Lessor's Right of Entry. The Lessor, its agents and other representatives shall have the right to enter into and upon the leased property or any part thereof, at all reasonable hours for the purpose of examining the

leased property, performing any work thereon that may be necessary under the terms of this lease or in carrying out any necessary municipal function or protecting municipal property.

11. Right to Sublease. Lessee may continue to occupy the premises for any of its purposes or may sublet subject to the written approval of Lessor, which written approval shall not be unreasonably withheld. Nothing in the Amended Lease Agreement shall serve to change, alter, amend, negate or avoid the Lease and Sublease Agreement by and between Santa Fe Association for Retarded Citizens and New Vistas, entered into on June 12, 1985. See Exhibit "C" attached and made a part hereof.

12. Quiet Enjoyment. The Lessee, upon the payment of the rent herein reserved and upon the performance of all the terms of this lease, shall at all times during the lease term and during any extension or renewal term, peaceably and quietly enjoy the leased property.

13. Lessor's Remedies. No remedy herein conferred upon or reserved to Lessor is intended to be exclusive of any other remedy herein or by law provided; and each shall be cumulative and be in addition to every remedy given hereunder or now or hereafter existing at law or in equity or by statute.

14. Non-Liability of Lessor. Lessee for and in consideration of this lease and in the demise of the premises, hereby covenants with Lessor that Lessor shall not be liable for any damage to persons or property arising from any cause whatsoever, which shall occur in any manner in or about the premises, and Lessee hereby agrees to indemnify and save harmless Lessor from any and all claims and liability for damage to persons or property arising from any cause whatsoever, which shall occur in any manner in or about the leased premises, except as may be caused by negligence of Lessor's

agents, representatives or employees. This provision shall be binding upon and become a part of any sublease entered into by the Lessee and approved by the Lessor.

15. Lessor's Right to Grant Easements. The Lessor shall have the right to grant easements and rights-of-way in areas of the leased property for the installation of utilities, roads and provisions of the pedestrian easement. The said pedestrian easement will connect Barela with Agua Fria Street. Furthermore, for the purpose of upholding the City's neighborhood planning policy, the Lessor may require that the Lessee provide an easement designated for passive recreation on part of the leased premises, said part to be designated by the Lessor. The Lessee shall not be entitled to any compensation or abatement of rent on account of the Lessor's exercise of its rights hereunder.

16. Lease Embodies All Agreements. This lease incorporates all of the agreements, covenants and understandings between the parties hereto concerning the subject matter of this lease, and that all such covenants, agreements and understandings have been merged into this written lease. No prior agreements or understanding, verbal or otherwise, of the parties or their agents shall be valid or enforceable unless embodied in this lease. This lease shall not be altered, changed or amended except by instrument in writing, executed by the parties hereto.

17. Lease Binds Successors. The covenants and agreements herein contained shall bind, apply to and inure to the benefit of the parties hereto, and to their respective successors, assigns and legal representatives.

18. Correspondence. Any correspondence concerning the provisions of this lease agreement shall be made to:

ITEM AND ISSUE:
Request approval to re-appropriate funding from FY25 in the amount of $3,400,000.00 into FY26 that was allocated for two (2) Urban Alchemy contracts.

BACKGROUND AND SUMMARY:
The Governing Body approved two contracts with Urban Alchemy at a special meeting on June 3, 2025, as part of a broader initiative to improve Santa Fe's homelessness response system. These contracts were the result of months of planning and coordination, and while they were executed at the end of FY25, the associated funding had been allocated well in advance.

The first contract—**Contract No. 25-0217 (Munis Contract No. 3250623)**—supports the emergency management and operation of the City's low-barrier, 24-hour shelter at 2801 Cerrillos Road. This $1,498,303 contract, procured under emergency authority per NMSA 1978, §13-1-127, enables Urban Alchemy to provide consistent shelter operations, maintain safety and dignity for up to 100 adults experiencing homelessness, and support service and housing connections while the City evaluates long-term use of the facility.

The second contract—**Contract No. 25-0216 (Munis Contract No. 3250602)**—was competitively procured under RFP #25131 and establishes a $7.95 million, four-year agreement for street outreach and community-based public safety services. This initiative prioritizes non-policing engagement strategies, harm reduction, and trust-building in the Cerrillos Corridor, Downtown Santa Fe, and other areas as needed, helping de-escalate crises and connect unsheltered individuals to resources.

A total of **$3.4 million** was allocated to cover the first year of these contracts. Of this, **$1.375 million** came from one-time funds, while the remaining **$2 million** was reprioritized from previously designated homelessness response funding, including funds originally set aside for pallet shelters. This carryforward request ensures the continuity of these priority initiatives into FY26.

ACTION REQUESTED:
The Community Health and Safety Department/Youth and Family Division requests the approval of the Carryforward Request.

CITY OF SANTA FE

The Purchasing Memo

Date: May 23, 2025

To: Governing Body and Finance Committee

From: Henri Hammond-Paul, Director, Community Health and Safety Department

Subject: Street Outreach Services Contract

Vendor Name: Urban Alchemy

Munis Vendor Number: 9716

ITEM AND ISSUE:

Community Health and Safety Department Respectfully Requests your Review and Approval of a Service Contract with Urban Alchemy in the Total Amount of $ 7,948,133.59 for Street Outreach and Community-Based Public Safety Services for a Term of 4 years. (Henri Hammond-Paul, Director, Community Health and Safety; hmhammondpaul@santafenm.gov)

CONTRACT NUMBER:

The FY25 Munis contract number is 3250602.

BACKGROUND AND SUMMARY:

Over the past 10 years, the City of Santa Fe has experienced a significant increase in calls for service, including emergency medical response, law enforcement activity, and community complaints related to public safety and sanitation. These challenges include reports of drug use, aggressive behavior, unsanitary conditions, and visible mental health crises. The high concentration of vulnerable individuals in both the Cerillos Corridor and the Downtown areas—many of whom are unsheltered and face complex behavioral health needs—has strained both emergency services and neighborhood relationships.

To address these concerns, the City is launching a community-based public safety initiative that prioritizes proactive engagement, harm reduction, and service connection. Rather than relying solely on traditional law enforcement responses, this approach aims to build trust, reduce conflict, and create safer conditions for both unhoused individuals and surrounding residents and businesses.

The selected Contractor will provide a consistent presence in affected areas, using de-escalation techniques, supportive engagement, and coordination with housing, behavioral health, and outreach services. The goal is to reduce risk, improve safety outcomes, and support long-term stabilization for individuals and the broader community.

I. INTRODUCTION

A. PURPOSE OF THIS RFP

The purpose of the RFP is to solicit sealed proposals to establish a contract through competitive negotiations for the procurement of street outreach services to address public safety concerns, build community relationships, and provide unhoused individuals with access to supportive services in safe locations.

B. BACKGROUND INFORMATION

Santa Fe, like many communities across the country, is grappling with an escalating public health crisis at the intersection of opioid misuse, untreated mental illness, and homelessness. The rise in fentanyl-related overdoses has placed immense pressure on emergency responders, hospitals, and public services. At the same time, a shortage of behavioral health resources has left many residents without access to necessary care, further compounding the crisis. These issues are exacerbated by the region's housing affordability challenges, which continue to push vulnerable individuals into homelessness. The result is a growing strain on city infrastructure, from emergency departments and law enforcement to local businesses and public spaces.

The need for targeted, coordinated interventions has never been greater. Without expanded outreach services, individuals in crisis will continue to cycle through emergency rooms, jails, and temporary shelters without long-term solutions. The absence of early intervention mechanisms not only places lives at risk but also increases financial and social burdens on the community. By investing in proactive and responsive service delivery, Santa Fe can reduce the harms associated with opioid use and mental health crises while improving public safety and overall community well-being.

C. SCOPE OF PROCUREMENT

The City of Santa Fe seeks proposals from qualified service providers to deliver **street outreach services** in two key areas but could expand to include more areas in the city:

1. **Cerrillos Corridor**
2. **Downtown Santa Fe**

The city is seeking a four-year contract with an estimated $1.5-2M/year. This initiative aims to address public safety concerns, build community relationships, and provide unhoused individuals with access to supportive services in safe locations. The selected provider will implement community-based public safety practices that foster positive outcomes for individuals and the broader community.

Goals and Objectives:

- Engage with unhoused individuals through **street outreach** to build trust and connect them with resources and services.
- Enhance public safety by intervening in non-emergency situations related to homelessness, mental health, and addiction.
- Provide **safe spaces** within the Cerrillos Corridor, Downtown area and any other area(s) as determined by the city for individuals to access day services.

- Activate public spaces to foster positive community interactions and improve perceptions of safety.

Key Service Areas:

1. **Street Outreach:**
    - Deploy outreach teams in the **Cerrillos Corridor, Downtown Santa Fe and any other area(s) as determined by the city.**
    - Engage unhoused individuals with a compassionate, non-policing approach.
    - Build relationships to reduce isolation, loneliness, and distress among vulnerable populations.
    - Provide referrals and connections to housing, medical care, substance use treatment, mental health services, and other community resources.

2. **Safe Spaces and Day Services:**
    - Establish or manage **designated safe spaces** in both the Cerrillos Corridor and Downtown areas and any other area(s) as determined by the city.
    - Provide day services such as:
        - Access to basic needs (e.g., hygiene facilities, climate stations, and food/water).
        - A welcoming environment for both housed and unhoused community members to foster inclusivity.

3. **Community-Based Public Safety:**
    - Activate public spaces through positive engagements that encourage safe behaviors.
    - Train outreach workers to de-escalate conflicts and address safety concerns with professionalism and empathy.
    - Foster collaboration between outreach teams, local law enforcement, and emergency services to ensure coordinated responses.
    - Collect data on outreach activities and outcomes to inform ongoing service improvements and impact evaluation.

Deliverables:

- **Staffing:**
    - Provide outreach workers for each service area (Cerrillos Corridor, Downtown and any other area(s) as determined by the city).
    - Ensure staff are trained in street psychology, trauma-informed care, conflict de-escalation, and community resource navigation.
- **Implementation:**
    - Define outreach schedules and coverage areas.
    - Establish safe spaces with access to day services in both areas.
- **Reporting:**
    - Submit regular updates on outreach activities, challenges, and outcomes.
    - Provide data on the number of individuals served, types of services provided, and any measurable impacts on public safety.
    - A detailed budget for outreach operations and the establishment/management of safe spaces.
    - A timeline for implementation and ongoing service delivery.

- **Collaboration:**
  - Work closely with city departments, local service providers, and law enforcement to coordinate responses and services.
  - Participate in city-led meetings or planning sessions as needed.

The resulting contract may be a multiple award.

This procurement will result in a Citywide Price Agreement/Contract that may be utilized by all agencies, commissions, institutions, political subdivisions, and local bodies, etc. allowed by law.

*See local preference requirements below

A. DESCRIPTION OF EVALUATION

To ensure that a proposal is complete and addresses all key RFP issues, proposals should adhere to the following format. Proposals shall be organized into the following sections, in the order listed, and inclusive of all requested information:

a) **Proposal Cover Page, Declaration, and Checklist:** Offerors will prepare and submit the Proposal Cover Page, Declaration, and Checklist (Attachment A).

b) **Key Offeror Project Lead.** Using Attachment E, complete the Key Personnel Lead Proposal Form. The Offeror shall provide the name of the Primary Project Lead (the personnel should be the person who will

be interviewed if shortlisted) that the offeror proposes to execute the project pursuant to a resultant contract.

c) **Project Cost Proposal Form.** The offeror will prepare and submit a cost proposal and breakout (see Attachment F). Attachment F should be submitted in a separate electronic document from the rest of the proposal. The rest of the proposal shall not include any financial information in regard to the overall project. Any financial information associated with a Value Add (Attachment G2) can be included in that section and will be seen by the Evaluation Committee.

d) **Project Capability (PC) Submittal.** The Project Capability Submittal has two components: Scope/Level of Expertise Plan (SC/LE), and Value-Added Plan (VA). (See Attachments G, G1 and G2).

i. Purpose of PC Submittal

i. Assist City in prioritizing Offerors' submittals based on their scope, expertise, and ability to understand and deliver the intended project.
ii. Provide high performing offerors the opportunity to differentiate themselves from their competitors due to their experience and expertise by using verifiable performance metrics and previous relative project performance results.

ii. PC Submittal Format Requirements

i. PC submittal should NOT contain any names that can be used to identify who the offerors are (such as firm names, personnel names, Project names, or product names).
ii. A PC proposal template is included in this RFP. This document should be used by all offerors. Offerors are NOT allowed to re-create, re-format, or modify the template in any manner. Offerors should type their responses on the Word template provided.
iii. Failure to comply with any of the PC format requirements may result in disqualification.
iv. The PC submittal shall not contain any marketing information. The submittal should be used to prove to the City that the offeror has expertise for the specific project being proposed on.
v. References used in the PC submittal should be listed in the Attachment H Reference List. The Reference List is not seen by the Evaluation Committee until after PC submittal evaluations are performed.

iii. Overview of the Scope/Level of Expertise Plan - The Scope/Level of Expertise Plan is to allow offerors to differentiate themselves based on their technical capability and understanding of the City's specific needs. It should summarize the metrics that show the offeror can accomplish the subject project with the Scope defined by past experiences on similar projects. Offerors should identify scope claims based on their expertise and experience supported by verifiable performance metrics that show the capability to this specific project environment and requirement. All cost associated with technical capabilities listed in the SC/LE plan should be included in the proposed base project cost (see Attachments F and G1).

iv. Overview of the Value-Added Section - The purpose of the Value-Added Plan is to provide offerors with an opportunity to identify any value-added options or ideas that may benefit the City at a change in cost or revenue. These options or ideas may also be referred to as additional or optional services. Where applicable, the offeror should identify: 1) what the City may have excluded or omitted from its scope; and 2) how these options or ideas have been successful through verifiable

performance information of previous projects. The offeror should list the cost and time impact of its options or ideas. All cost and revenue impacts associated with these Value-Added options (Attachment G2) should NOT be included in the proposed base Cost (see Attachment F).

v. Reference List - There will be a designated area on both the Scope/Level of Expertise Plan and Value-Added Plan where performance claims are supported by an indicated reference. As the PC submittals are anonymous, the reference will be indicated only by a reference number which corresponds to the matching number on the Reference List (Attachment H).

e) Interviews - Offerors may be required to participate in an interview to evaluate expertise. If interviews are not conducted, each offeror will receive maximum points in this category. This is not a presentation. The Evaluation Committee will interview the Key Personnel Lead on the Interview date specified in the Project Procurement Schedule. The individual is required to be in person for the interview. A second individual may be present (standby) to clarify Pricing Proposal if requested.

f) Local Preferences

Purpose:
The City of Santa Fe recognizes the economic value of supporting local businesses. Local preferences are intended to enhance the competitiveness of local businesses in the procurement process, in alignment with the City's Procurement Manual and applicable ordinances. These preferences are applied to promote local economic growth while adhering to the governing laws and regulations.
Usage:
Local preferences are applied in the evaluation of proposals received in response to the City's Requests for Proposals (RFPs). These preferences are granted to businesses that meet specific qualifications, as outlined below, and can only be applied to procurements funded by the City. They are not applicable to purchases using state, federal, or grant funds.
Application:

1. **Local Preference Qualification**
   - To qualify, an Offeror should attach a Resident Business certification issued by the New Mexico Taxation and Revenue Department to their proposal. This certificate should verify that the business is located within Santa Fe municipal limits.
   - Proposals without a valid certification will not be eligible for local preference consideration.
2. **Evaluation in the Formal RFP Process**
   - **Point-Based System:**
     - Local resident businesses are awarded additional points equivalent to 3% of the total possible points.
     - Businesses with all local resident business subcontractors receive an additional 3% of the total possible points.
     - Maximum local preference: 6%.
3. **Solicitations Above $1,000,000**
   - Proposals from resident businesses are deemed 6% lower than their submitted bid, provided at least 50% of subcontracted services are performed by resident businesses.
   - Proposals from non-local resident businesses are deemed 3% lower, provided at least 50% of subcontracted services are performed by resident businesses.
4. **Restrictions**
   - Local preferences are not applicable when federal funds are part of the expenditure or anticipated to be used for the contract.

- If multiple preference certificates are submitted by a vendor, only one preference will be applied per solicitation, as determined by the City.
  Additional Information: Applications for Resident Business certification can be downloaded at: http://www.tax.newmexico.gov/Businesses/in-state-veteran-preference-certification.aspx.

B. PROJECT REVENUE CONTROLS OF THE BEST VALUE APPROACH (BVA)

There are two revenue controls in the BVA including:

a) Best Value Check: After the prioritization of offerors, if the best value Offeror(s) is within 15% of the next best value cost proposal, the best value Offeror(s) will be prioritized first. If not within the range, the best value Offeror(s) will attempt to justify why they should be awarded the contract. If the justification is clear to the Evaluation Committee, they will move into the clarification period.

b) Selection Check: Before the contract is awarded, an evaluation committee report should be given for the best value Offeror(s). If the justification is not sufficient, the award may go to the next best value who has met all the requirements of the BV approach. The Selection Check will provide the justification for hiring the highest prioritized Offeror(s). Selected proposal should be a proposal that is responsive, responsible, and is the most advantageous to City, as determined by the City in its sole discretion.

C. CLARIFICATION

The potential best value Offerors may be required to complete the Clarification Phase as outlined in the Clarification Phase Guide (Attachment I). The intent of this phase is to allow the Offerors an opportunity to clarify their proposal, address any issues or risks, any concerns to be resolved, develop a Weekly Risk Report (Attachment J), and prepare a presentation for the Clarification Meeting.

D. AWARD

The City will notify each offeror in writing of the City's decision.

a) The City reserves the right to reject any or all proposals and to award more than one offeror and to a offeror other than the lowest-priced offeror. The decision of the RFP awards by the City is final.

b) The City at its sole discretion may decide to take no procurement action as a result of the RFP and/or may re-issue all or portions of the RFP.

c) The City reserves the right to accept or reject without consideration proposals that do not address the full requirements of the RFP or that do not reach the designated address and contact before the proposal due date and time identified.

The final awards is/are dependent upon the Offeror's Scope of Work (SOW) being acceptable to the City. Proposals and contents provided by the Offeror will be considered contractual obligations. Any new or unique requirements included in the proposal can be added or amended, at the City's sole option, to the final contract. Obligations of confidentiality will be an important condition of resulting contracts. The selected Offeror and all employees performing duties on this project will be required to keep all aspects of this project in confidence unless otherwise allowed by the City.

All Offeror's performance will be tracked by the Department POC through the Weekly Risk Report System (See Attachment J).

ATTACHMENT I – CLARIFICATION PHASE GUIDE

1. OVERVIEW

a. The Clarification Phase is not a negotiation phase. Offerors will not be permitted to modify their cost/fee/financial rates, project durations, or project team unless the City requests changes. The Clarification Phase is started by the notification of the Prioritized highest scoring Best Value Offerors and ended by the final presentation to the City after all issues have been addressed. If the City is not satisfied during the Clarification Phase, or upon completion of the First Clarification Meeting and Clarification Summary Meetings, the City may consider another Offer for potential award (this Offeror would also have to participate in a Clarification Phase). If the Offeror provides all required documents and meets the requirements of the city with the potential Best-Value Offeror, The City may proceed with awards.

b. The Clarification Phase is carried out prior to the signing of the contract. The City's objective is to have the products/services maximized without any Offeror price increases, and with high customer satisfaction. At the end of the contract period, the City will evaluate the performance of the Offeror based on these factors, so it is very important that the Offeror pre-plans the project and utilizes the Weekly Risk Report to mitigate risk.

c. It is the Offeror's responsibility to ensure they understand the scope of their product/service offering and to clearly identify what they are delivering. It is the Offeror's responsibility to manage and mitigate the risk of their offering. It is the City's responsibility to ensure that it conveys any potential concerns and issues before the contract is signed.

d. The Clarification Phase provides the Offeror with an opportunity to identify their scope with a detailed specification and a simplified list of their tasks and financial streams. The City has the right to accept or reject this proposal. The City also has the right to identify its perceived risks, concerns, and issues which it will require the Offeror to mitigate and manage. The major deliverables in the Offeror's scope of services in the Clarification Phase include:

   i. Proposed detailed plan from beginning to end.
   ii. Integrated cost/time schedule that the BV Offeror will use to track cost/time deviations.
   iii. Simplified milestone schedule that non-technical stakeholders can follow to track deviations.
   iv. A Cost Proposal presented in two ways: milestone schedule and major areas.
   v. If any risk is identified, the Offeror should ensure that meeting minutes identify that the Offeror has a mitigation plan for the perceived risk to their proposed plan.
   vi. A Weekly Risk Reporting System (WRRS, Attachment F), which will track the implementation or delivery of the service. The service should never be executed without a Purchase Order (PO) and the WRR. The Offeror will be responsible for using the WRR to track the performance of the project, update the WRR, and send all stakeholders a copy of the WRR on a weekly basis. The WRR shall include updated: 1) cost and schedule status, 2) milestone schedule status, 3) project cost and time deviations, 4) risk mitigation and other performance metrics.

2. PRE-PLANNING AND COORDINATION

a. Offerors may be required to provide the City with supporting documentation for any information listed in their submittals before entering the Clarification Phase.

b. The City requires that the Offeror attend a First Clarification Meeting to present its proposal and to identify additional issues or concerns that the City may have. It is also an opportunity to meet all

participants who may be a stakeholder in the project. The Offeror is required to perform the following functions as part of, or in preparation for, this Meeting:

vii. Ensure that the City has invited all its stakeholders and participants to the meeting (including the City, sub-Offerors, designer / AE, interested parties, etc.).
viii. Present the scope of services (schedule, cost, deliverables, etc.).
ix. Identify the City's responsibilities.
x. Propose the Weekly Risk Report (WRR) format.
xi. Field questions and concerns from City stakeholders.
xii. Listen to concerns, issues, and comments from the City stakeholders.
xiii. Propose a schedule to finalize the Clarification Phase and the contract documents.

c. Once the First Clarification Meeting is held, and if the City is comfortable with the Offer, the Clarification Phase begins. The Offeror may be required to complete the following:
   i. Revisit the site/buildings/campus to do any additional investigating.
   ii. Coordinate with all parties that will be involved with the delivery of products/services.
   iii. Resolve concerns and issues with mitigating actions. Prepare to summarize resolutions in the final Clarification Phase Summary Presentation meeting.
   iv. Finalize the Clarification Document (contract, WRR, payment schedule, scope of work).

3. CLARIFICATION DOCUMENT

The final Clarification Document will include the following:

a. Executive Summary - high level summary of scope documents that clearly addresses what is in scope [being delivered] and what is out of scope for the project.
b. Finalized scope documents which include details on how the tasks will be completed.
c. Description of the end deliverable in terms of simplified metrics.
d. Detailed scope descriptions– A specific breakout of every action required for the Offeror to perform the work. Including all activities required by the Offeror, City and stakeholders to perform the work, inclusive of a detailed schedule and milestone schedule.
e. Weekly Risk Report format (WRR)
f. Project financial summary.
   i. The Offeror's Original Price Proposal.
   ii. A list of agreed/accepted Value-Added Options (with impact to price)
   iii. A list of agreed upon Scope Changes or Additional Work with impact to price.
   iv. A Price Breakout and Payment Schedule.
   g. Project and emergency contact list.
h. PowerPoint presentation that describes the scope of the project in terms of cost, time, deliverables and how the deliverables acceptance will be decided.

4. FINAL CLARIFICATION MEETING

a. The Final Clarification Meeting is held at the end of the Clarification Phase and is used to present a summary of what was developed and agreed upon during the Clarification Phase. The final Clarification meeting is not a question-and-answer session. The Offeror and City stakeholders should not wait for the meeting to ask questions. All coordination and planning with the City should be completed prior to the Clarification Phase Summary Presentation meeting on the RFP Procurement schedule.
b. The Offeror should give a presentation, which walks the City through the entire contract period and summarizes all the coordination and planning done during the Clarification Phase. The Offeror should bring its team, and all the documents specified in the Clarification Document. The Offeror should come

with documents explaining what the City is responsible for during the contract period. The Offeror should convince the City that they have minimized or mitigated all risks and will not be surprised once the service/production begins. The Clarification meeting presentation (and meeting minutes, if applicable) will become part of the contract along with the other documents from the Clarification Phase.

ATTACHMENT J – WEEKLY RISK REPORTING SYSTEM GUIDE

Overview

The City may choose to use the Weekly Risk Reporting System (WRRS). The Weekly Risk Reporting System (WRRS) is a companion to the Quality Control Plan that is created by the best value Offeror during the Clarification Phase. The report serves as a tool for the City in analyzing the performance of the Project based on risk. The WRRS does not substitute or eliminate weekly progress reports or any other traditional reporting systems (that the Offeror may do).

The purpose of the WRRS is to allow the Offeror to document and manage all risks that occur throughout a project. Risk is defined as anything that might impact the project scope, cost, and schedule. This includes risks that are caused by the Offeror (or entities subcontracted by the Offeror), and risks that are caused by City (scope changes, unforeseen conditions, etc.). The City's Project Manager may also require the Offeror to document risks that may impact the City satisfaction.

Submission

The weekly report is an Excel file that should be submitted every week. The report is due every week once the Contract Award is issued, until the Project is 100% complete (and final payment is made). The Excel spreadsheet will be available from the City upon request.

The completed report should be saved using the date and name of the Project given by the City (Format: YYMMDD_Project Name; For example, 'HCM Project' for the week ending Friday, Oct 7, 2021, should be labeled '211007_HCM Project'). Weekly Reports are to be emailed by Monday.

The weekly risk report consists of reporting the project performance metrics, cost, scope changes or unforeseen events that are risks to the project in terms of scope and cost deviations, or City satisfaction including any risks that could potentially develop into an issue. When a new risk is identified, it is added to the weekly risk mitigation log.

When a risk has become an issue and causes deviation to project cost, time or quality, it is added to a project deviations log, along with the following: Identification date (date the issue was identified), plan to resolve issue, resolution due date, impact to critical path or schedule (in days), and impact to final cost (in dollars).

As deviations arise that warrant attention, the Offeror should not wait to submit the weekly risk report. The Offeror should contact the City if there are any risks or potential risks identified that are or could be rated at a high level. When a risk is eliminated or the issue is resolved, the actual date of elimination or resolution should be listed.

The City will analyze the reports for accuracy and timeliness. The reports will be used in part by the City to determine the overall final performance rating of the Offeror (and its team).

PROCUREMENT METHOD:

The procurement method used was NMSA 1978, Section 13-1-127, Emergency

The current conditions at 2801 Cerillos Road and the surrounding area have become an emergency impacting public health, safety, and welfare. Data from Santa Fe Police, Fire, and Constituent Services about the change in conditions in this area clearly demonstrate escalating health and safety risks and a serious strain on emergency response and public safety systems.

- Santa Fe Police responded to 3,224 calls for service in 2024 in the vicinity of Pete's Place (3.8% of all citywide calls). So far in 2025, that number is 1,350 calls (4.9% of citywide total), averaging 11.25 calls per day.
- In the first four months of 2025 alone, SFPD has conducted 618 proactive actions at the site (e.g., close patrols, traffic stops).
- Santa Fe Fire Department responded to 583 calls in 2024 and 243 in early 2025. These include overdoses, injuries, and other emergencies totaling over $3.4M in public cost over two and a half years.
- Constituent Services, from 2022-2025 ,reports 153 complaints regarding feces, syringes, drug activity, unsanitary conditions and violence in and around the shelter.
- At current rates, 2025 is projected to result in approximately 4,050 police calls for service, 1,854 proactive police actions, 729 fire department calls, and $1.95 million in fire department response costs.

These conditions pose an imminent threat to shelter guests, surrounding residents and businesses, and first responders.

Compliance and Performance Metrics

Adhere to all City, State, and federal requirements related to shelter operations, data privacy, and non-discrimination. Required City performance metrics include the following and shall be submitted in quarterly reports:

Quarterly reports must include the following:
- Average occupancy rate
- Number of guests connected to identified services
- Guest and facility incident reports and responses
- Guest and neighbor feedback (anecdotal or survey-based)
- Bed utilization (target: >85%)

- Percent of guests connected to the Coordinated Entry System (CES), a system for prioritizing people experiencing homelessness based on their vulnerability, measured by a VI-SPDAT assessment in order to quickly and effectively provide assistance; or case management that assist with the planning, facilitation, and coordination of resources and services, promoting your and your family's safety, quality of life, and overall wellbeing.
- Percent of guests who exit to permanent housing
- Safety and cleanliness indicators
- Basic guest intake data (demographics, personal identifier) and track shelter utilization.
- Number of guests enrolled into the Homeless Management Information System (HMIS) and CONNECT when possible.

F. Site Safety, Neighborhood Relations, Facility Maintenance, and Appearance

- Implement professional security measures, both inside and around the facility.
- Ensure the Shelter is not contributing to blight conditions or illicit activity.
- Conduct regular trash pickup and exterior maintenance.
- Coordinate and participate with City staff and law enforcement as needed to maintain public safety and responsiveness.
- Establish a public-facing complaint and response protocol for neighborhood concerns.
- Make all non-capital repairs and ongoing maintenance necessary to ensure Shelter structural integrity and function and safe and functional operations. This responsibility includes, but is not limited to servicing the HVAC, repairing plumbing, keeping up of life safety systems (e.g., alarms, extinguishers, emergency lighting), and maintaining doors, windows, and basic building systems.

IV. Provide an explanation for the justification of the procurement including a description of the emergency condition(s) requiring use of emergency procurement and the practicable competition utilized in compliance with NMSA 1978, § 13-1-127.

The current conditions at 2801 Cerillos Road and the surrounding area have become an emergency impacting public health, safety, and welfare. Data from Santa Fe Police, Fire, and Constituent Services about the change in conditions in this area clearly demonstrate escalating health and safety risks and a serious strain on emergency response and public safety systems.

- Santa Fe Police responded to 3,224 calls for service in 2024 in the vicinity of Pete's Place (3.8% of all citywide calls). So far in 2025, that number is 1,350 calls (4.9% of citywide total), averaging 11.25 calls per day.

- In the first four months of 2025 alone, SFPD has conducted 618 proactive actions at the site (e.g., close patrols, traffic stops).

- Santa Fe Fire Department responded to 583 calls in 2024 and 243 in early 2025. These include overdoses, injuries, and other emergencies totaling over $3.4M in public cost over two and a half years.

- Constituent Services, from 2022-2025 ,reports 153 complaints regarding feces, syringes, drug activity, unsanitary conditions and violence in and around the shelter.
- At current rates, 2025 is projected to result in approximately 4,050 police calls for service, 1,854 proactive police actions, 729 fire department calls, and $1.95 million in fire department response costs.

These conditions pose an imminent threat to shelter guests, surrounding residents and businesses, and first responders.

V. **Please describe what measures are being taken to minimize the duration and effect of this particular emergency procurement (for example: is the emergency only in place until a competitive process can be completed, etc.).**

This emergency procurement is limited to a 14-month term to allow for immediate stabilization while the City conducts a feasibility review of the site and develops a long-term plan for shelter operations.

During the emergency term, the City will:

- Conduct an evaluation of whether 2801 Cerrillos Road is an appropriate long-term shelter location
- Explore alternative locations or potential redevelopment opportunities for community-serving uses
- Develop and issue a competitive procurement (or use a cooperative agreement) for a permanent shelter operator during the emergency contract period

These steps are intended to ensure accountability, improve long-term outcomes, and prevent future reliance on emergency procurement under similar circumstances.

The Community Health and Safety Department will coordinate a feasibility study regarding transitioning the shelter from its current location into an area that can better serve its needs and mitigate impacts to surrounding areas. The City will either release an RFP for a new permanent operator or procure services using another non-emergency method, such as cooperative agreement or an existing contract.

VI. **Describe what measures the Department will take in the future to prevent/mitigate use of emergency procurement under similar circumstances.**

The Community Health and Safety Department is taking several steps to reduce reliance on emergency procurement moving forward. These include:

- Building formalized contingency plans for shelter operations and emergency protocols for operator transitions.

- Increasing interdepartmental coordination and data-sharing to monitor public safety and public health indicators in real time.

These strategies aim to improve operational resilience and ensure that future service transitions can be handled through standard procurement methods with minimal disruption.

The Contractor and its agents and employees shall not accrue leave, retirement, insurance, bonding, use of City vehicles, or any other benefits afforded to employees of the City as a result of this Contract. The Contractor acknowledges that all sums received hereunder are reportable by the Contractor for tax purposes, including without limitation, self-employment and business income tax. No such subcontract shall relieve the primary Contractor from its obligations and liabilities under this Contract, nor shall any subcontract obligate direct payment from the City.

10. Release

Final payment of the amounts due under this Contract shall operate as a release of the City, its officers and employees from all liabilities, claims and obligations whatsoever arising from or under this Contract.

11. Confidentiality

Any confidential information provided to or developed by the Contractor in the performance of this Contract shall be kept confidential and shall not be made available to any individual or organization by the Contractor without the prior written approval of the City. If it is later determined that Contractor's representations and warranties in Paragraphs A and B of this Article were erroneous on the effective date of this Contract or have become erroneous by reason of new or changed circumstances, in addition to other remedies available to the City

and notwithstanding anything in the Contract to the contrary, the City may immediately terminate the Contract.

D. All terms defined in the Governmental Conduct Act have the same meaning in this section.

14. Amendment

B. If the City proposes an amendment to the Contract to unilaterally reduce funding due to budget or other considerations, the Contractor shall, within seventy-five (75) days of receipt of the proposed Amendment, have the option to terminate the Contract, pursuant to the termination provisions as set forth in Article 4 herein, or to agree to the reduced funding.

15. Entire Agreement.

This Agreement, together with any other documents incorporated herein by reference and all related Exhibits and Schedules constitutes the sole and entire agreement of the Parties with respect to the subject matter of this Agreement, and supersedes all prior and contemporaneous understandings, agreements, representations, and warranties, both written and oral, with respect to the subject matter. In the event of any inconsistency between the statements in the body of this Agreement, and the related Exhibits and Schedules, the statements in the body of this Agreement shall control.

16. Merger

This Contract incorporates all the Agreements, covenants and understandings between the parties hereto concerning the subject matter hereof, and all such covenants, agreements, and understandings have been merged into this written contract.

No prior Agreement or understanding, oral or otherwise, of the parties or their agents shall be valid or enforceable unless embodied in this Contract.

17. Penalties for violation of law

If Contractor is found not to be in compliance with these requirements during the life of this Contract, Contractor agrees to take appropriate steps to correct these deficiencies.

19. Applicable Law

The laws of the State of New Mexico shall govern this Contract, without giving effect to its choice of law provisions. Venue shall be proper only in a New Mexico court of competent jurisdiction in accordance with

The insurance requirements under this Contract shall be the greater of (1) the minimum coverage and limits specified in this Contract, or (2) the broader coverage and maximum limits of coverage of any insurance policy or proceeds available to the Named Insured. It is agreed that these insurance requirements shall not in any way act to reduce coverage that is broader or that includes higher limits than the minimums required herein. No representation is made that the minimum insurance requirements of this Contract are sufficient to cover the obligations of Contractor hereunder.

D. Contractor shall maintain the above insurance for the term of this Contract and name the City as an additional insured and provide for 30 days cancellation notice on any Certificate of Insurance form furnished by Contractor. Such certificate shall also specifically state the coverage provided under the policy is primary over any other valid and collectible insurance and provide a waiver of subrogation.

23. Records and Financial Audit

The Contractor shall maintain detailed time and expenditure records that indicate the date; time, nature and cost of services rendered during the Contract's term and effect and retain them for a period of three (3) years from the date of final payment under this Contract. The records shall be subject to inspection by the City. The

City shall have the right to audit billings both before and after payment. Payment under this Contract shall not foreclose the right of the City to recover excessive or illegal payments.

24. Indemnification

The Contractor shall defend, indemnify and hold harmless the City from all actions, proceeding, claims, demands, costs, damages, attorneys' fees and all other liabilities and expenses of any kind from any source which may arise out of the performance of this Contract, caused by the negligent act or failure to act of the Contractor, its officers, employees, servants, subcontractors or agents. The indemnification obligations herein do not apply where any such claim is caused in whole or in part by the City, its officers, employees, servants, subcontractors, or agents and their negligent act or omission or intentional misconduct. To the extent any claim arises from the negligence of Contractor and the City, Contractor's indemnification obligations herein shall be limited only to Contractor's proportionate share of fault. If any action, suit or proceeding related to the services performed by the Contractor or any officer, agent, employee, servant or subcontractor under this Contract is brought against the Contractor, the Contractor shall, as soon as practicable but no later than two (2) days after it receives notice thereof, notify the legal counsel of the City.

NMSA 1978, as amended. The City and its "public employees" as defined in the New Mexico Tort Claims Act, do not waive sovereign immunity, do not waive any defense and do not waive any limitation of liability pursuant to law. No provision in this Contract modifies or waives any provision of the New Mexico Tort Claims Act.

No waiver by a party of any of its rights under this Contract shall be effective unless express and in writing, and no effective waiver by a party of any of its rights shall be effective to waive any other rights.

31. Default/Breach

In case of Default and/or Breach by the Contractor that is not cured within a reasonable time period after Contractor receives notice of such default and/or breach, for any reason whatsoever, the City may procure the goods or services from another source and hold the Contractor responsible for any resulting excess costs and/or damages, including but not limited to, direct damages, indirect damages, consequential damages, special damages, and the City may also seek all other remedies under the terms of this Contract and under law or equity.

32. Equitable Remedies

The Contractor acknowledges that its failure to comply with any provision of this Agreement will cause the City irrevocable harm and that a remedy at law for such a failure would be an inadequate remedy for the City, and the Contractor consents to the City 's obtaining from a court of competent jurisdiction, specific performance, or injunction, or any other equitable relief in order to enforce such compliance. The City's rights to obtain equitable relief pursuant to this Agreement shall be in addition to, and not in lieu of, any other remedy that the City may have under applicable law, including, but not limited to, monetary damages.

33. Default and Force Majeure

The City reserves the right to cancel all, or any part of any orders placed under this Agreement without cost to the City, if the Contractor fails to meet the provisions of this Agreement and, except as otherwise provided herein, to hold the Contractor liable for any excess cost occasioned by the City due to the Contractor's default and failure to cure such default within a reasonable time period. The Contractor shall not be liable for any excess costs if failure to perform the order arises out of causes beyond the control and without the fault or negligence of the Contractor; such causes include, but are not restricted to, acts of God or the public enemy, acts of the State or Federal Government, fires, floods, epidemics, quarantine restrictions, strikes, freight embargoes, unusually severe weather and defaults of subcontractors due to any of the above, unless the City shall determine that the supplies or services to be furnished by the subcontractor were obtainable from other sources in sufficient time to permit the Contractor to meet the required delivery scheduled. The rights and remedies of the City provided in this Clause shall not be exclusive and are in addition to any other rights now being provided by law or under this Agreement.

From: Kristen Woods, Youth and Family Services Program Manger

Via: Henri Hammond-Paul, Community Health and Safety Department Director

Subject: Consuelo's Place Fiscal Sponsorship

Vendor Name: Interfaith Community Shelter Group LLC

Munis Vendor Number: 3783

ITEM AND ISSUE:

Request for Approval of Amendment No. 1 to Professional Services Contract 24-0490 With Fiscal Sponsorship of Consuelo's Place in the Total Amount of $1,530,000 and Extend the Term Through June 30 2026 to Provide Case Management and Property Management Services . (Kristen Woods, Youth and Family Services Program Manager; krwoods@santafenm.gov)

CONTRACT NUMBER:

The FY26 Munis contract number is 3250019.

BACKGROUND AND SUMMARY:

In 2020, the City deployed dormitory rooms located on City property at the former Santa Fe University of Art and Design campus, as temporary non-congregate shelter for people experiencing homelessness. Since then, the shelter has housed 50 – 100 residents per night, with stays lasting from a few days to several weeks. Over 40% of guests have exited into long-term stable housing situations. In 2023, The City's Office of Affordable Housing in collaboration with the Youth and Family Services Division released RFP # 24081 in which Interfaith was chosen as the new fiscal sponsor.

Contracted funds will be used to pay for a leadership position, several case managers, and materials costs related to operating the facility. Support services are onsite to ensure that residents are stabilized through access to health care services, mental health counseling, food, and communal spaces. On March 27th, Consuelo's Place has requested an extension of their Fiscal Sponsorship and additional funding under Contract 33250019.

Consuelo's Place provides non-congregate shelter for vulnerable individuals and families who are transitioning into permanent housing or whose unique circumstances make it difficult to succeed in a congregate setting; and provides life-stabilizing services for those individuals.

May 2, 2025

Henri Hammond-Paul
Kristen Woods
Office of Community Health and Safety
City of Santa Fe
Santa Fe, NM 87501

Dear Mr. Hammond-Paul and Ms. Woods:

The Consuelo's Place Board of Directors voted unanimously to begin the process of securing 501(c)3 status for the organization. The Board is committed to building on Consuelo's progress and momentum to become a stand-alone organization. While we are excited to become an independent organization, we also want the transition to be well-planned and purposeful.

The Board is finalizing our Form 1023 to the Internal Revenue Service with the intention to file by March 31, 2025. The timeline of our transition is being developed and will, to some extent, be contingent on the timeliness of the IRS's approval of our Form 1023 and additional logistics. In light of this transition, we formally request that Interfaith Community Shelter's Professional Services' Agreement with the City of Santa Fe, Munis contract #3250019, to support Consuelo's Place, be renewed for FY 2025-2026 with the caveat that the Agreement can be amended at some point during FY 2025-2026 when Consuelo's Place has the legal and fiscal ability to act independently. Additionally, we have projected finances for services for FY 2025-2026 to increase by an estimated $50,000. If it is desirable for Consuelo's Place to contribute to any "Code Blue" servicing, we ask for added funds of $15,000 be included in this contract. In summary, a total of $815,000 is requested for amendment to adequately provide all services currently offered by Consuelo's Place.

Consuelo's Place remains committed to serving our community's most vulnerable populations, and we greatly appreciate the City of Santa Fe's continued partnership and support. We welcome the opportunity to discuss this request further and provide any necessary documentation to facilitate the

amendment process.

Thank you for considering our request, and we look forward to your response.

Sincerely,

Michele Williams

XX. Retroactive Approval for a Contract or Contract Amendment
The Procurement Code requires that all non-exempt procurement by the City shall be achieved by competitive sealed bids or competitive sealed proposals except for small purchases, sole source procurements, emergency procurements, and existing contracts. Failure of retroactive approval for contracts and contract amendments that fulfill all of the requirements of this manual and the Procurement Code, the City will approve the date requested in writing by the Requesting Department on the memo accompanying the request as long as the requested approval date is within thirty (30) days of the expiration of the contract.

Request for Approval of a Professional Services Contract with Interfaith Community Shelter LLC for Fiscal Sponsorship and Oversight of Operations of Consuelo's Place Emergency Non-congregate Shelter in the Total Amount Not to Exceed $750,000 including NMGRT through June 30, 2025 (Kristen Woods, Youth and Family Services Program Manager krwoods@santafenm.gov)

BACKGROUND AND SUMMARY

In 2020, the City deployed dormitory rooms located on City property at the former Santa Fe University of Art and Design campus, as temporary non-congregate shelter for people experiencing homelessness. A primary goal was to mitigate the potential for a COVID outbreak among unhoused people by reducing the population density at local shelters and coordinating testing and isolation for those people who would otherwise be on the streets. Another objective was to relieve hospitals by creating a place where vulnerable patients and/or those with positive COVID tests could be discharged, as well as sheltering people leaving detox/recovery programs or detention centers. Since then, the shelter has housed 50 – 100 residents per night, with stays lasting from a few days to several weeks. Over 40% of guests have exited into long-term stable housing situations. The New Mexico Coalition to End Homelessness (NMCEH) took on the role of fiscal sponsor for the shelter, hiring staff, securing insurance, security and maintenance contracts, managing the invoicing process and applying for additional operational funding.

In late 2023 NMCEH reached out to the City of Santa Fe's Office of Affordable Housing and formally requested to no longer be the fiscal sponsor of Consuelo's Place due to their capacity to oversee operations. The City's Office of Affordable Housing in collaboration with the Youth and Family Services Division released RFP # 24081 in which Interfaith was chosen as the new fiscal sponsor. NMCEH requests a release of obligation to Consuelo's Place by the end of July 2024.

Contracted funds will be used to pay for a leadership position, several case managers, and materials costs related to operating the facility. Support services are onsite to ensure that residents are stabilized through access to health care services, mental health counseling, food, and communal spaces.

The City's Youth and Family Services Division in partnership with the S3 funders collaborative will work with Interfaith to ensure a smooth transition plan for the residents and staff of Consuelo's Place.

Subject: RFP for Consuelo's operations

Hi Travis and Kathy,

We are planning to issue an RFP for an operator for Consuelo's Place Shelter (the emergency non-congregate shelter at Midtown) – contract period starting 7/1/2024. NM Coalition to End Homelessness is the current fiscal agent for the shelter and do not want to continue in this role past 6/30/24. Below is a draft scope of work. It will likely be changed a bit, but not substantively. The budget for the yearly operations of the shelter is roughly $900k. Is an RFP the correct route to go for this? Would you be able to meet sometime in the next week or two to discuss?

The Contractor shall perform the work as follows:

A. Provide 24/7 staffing for "Consuelo's Place Shelter" to be operated at its current location documented as follows:

a. The staff on the payroll must be directly involved in the daily operation, provision of direct services, or administration of the Shelter;

b. Time sheets are required and the number of hours in the payroll must match the time sheets.

c. Contractor will provide to the City a staffing plan and time commitments (by percentage of an FTE) to be allocated to the operations and administration of the Shelter, if applicable.

B. Ensure that services are provided on-site, including emergency shelter stays, case management, formal and informal skill building for clients, quarantine services, housing navigation, and security services.

C. Prioritize individuals who meet federal definitions of homelessness or other standards of housing instability.

D. Participate in the NM Coordinated Entry System (CES), managed by the NM Coalition to End Homelessness (NMCEH), as follows:

a. Ensure that all staff is trained in completing an assessment (VI-SPDAT) identified by the New Mexico Coalition to End Homelessness (NMCEH) CES.

b. Complete the Assessment with all persons experiencing homelessness who present to the agency for housing services and provide the completed assessments to NM CES by either sending them to NMCEH or entering them into HMIS (depending on Contractor's level of HMIS and CES Access).

c. Select from the NM CES prioritized list to fill openings when appropriate.

d. Participate in Case Conferencing and focus on action-oriented housing outcomes.

E. Become familiar with the Built for Zero methodology and contribute to the by-name list by submitting at minimum a monthly report of unduplicated and deidentified individuals experiencing literal homelessness to the Built for Zero Data Manager, located at the NMCEH and commit to quality improvement practices.

F. Work with each guest to determine long term housing needs and assist them with a housing plan, including searching for housing options, applying for and securing subsidy when appropriate.

G. Work with City staff to develop a relocation plan for the closure of the current location (estimated for June 30, 2025) and potential relocation at a new location, including a phased intake process as needed.

H. Report to the City on a quarterly basis the use of funds, program outcomes achieved, specifying eligibility of people served, and the percentage of guests who achieve long-term and affordable housing

Thank you!

32. Equitable Remedies

The Contractor acknowledges that its failure to comply with any provision of this Agreement will cause the City irrevocable harm and that a remedy at law for such a failure would be an inadequate remedy for the City, and the Contractor consents to the City 's obtaining from a court of competent jurisdiction, specific performance, or injunction, or any other equitable relief in order to enforce such compliance. The City's rights to obtain equitable relief pursuant to this Agreement shall be in addition to, and not in lieu of, any other remedy that the City may have under applicable law, including, but not limited to, monetary damages.

33. Default and Force Majeure

The City reserves the right to cancel all, or any part of any orders placed under this Agreement without cost to the City, if the Contractor fails to meet the provisions of this Agreement and, except as otherwise provided herein, to hold the Contractor liable for any excess cost occasioned by the City due to the Contractor's default. The Contractor shall not be liable for any excess costs if failure to perform the order arises out of causes beyond the control and without the fault or negligence of the Contractor; such causes include, but are not restricted to, acts of God or the public enemy, acts of the State or Federal Government, fires, floods, epidemics, quarantine restrictions, strikes, freight embargoes, unusually severe weather and defaults of subcontractors due to any of the above, unless the City shall determine that the supplies or services to be furnished by the subcontractor were obtainable from other sources in sufficient time to permit the Contractor to meet the required delivery scheduled. The rights and remedies of the City provided in this Clause shall not be exclusive and are in addition to any other rights now being provided by law or under this Agreement.

IN WITNESS WHEREOF, the Parties have executed this Contract as of the date of the signature by the required approval authorities below.

ELECTRONIC RECORD AND SIGNATURE DISCLOSURE

A. ELECTRONIC RECORD AND SIGNATURE DISCLOSURE (ERSD)

From time to time, New Mexico General Services Department (GSD), on behalf of the State of New Mexico (SONM), may be required by law to provide you with certain written notices or disclosures. Stated below are the terms and conditions for GSD's providing you such notices and disclosures electronically through the DocuSign system. Please read this information carefully. If you are able to access this information electronically and agree to **this Electronic Record and Signature Disclosure (ERSD)**, please confirm your agreement by selecting the check-box next to "I agree to use electronic records and signatures" before clicking "CONTINUE" within the DocuSign system.

B. Obtaining paper copies

At any time up to twenty (20) calendar days following your use of DocuSign to electronically sign a document, you may request a paper copy of any record provided or made available electronically to you by GSD. You will have the ability to download and print documents SONM sends you through the DocuSign system during and immediately after the signing session and, if you elect to create a DocuSign account, you may access the documents for a twenty (20) calendar day period after such documents are first sent to you. Following the twenty (20) day period, if you want GSD to send you paper copies of any such documents from GSD's office, you will be charged a $1.00 per-page fee plus postage. You may request delivery of such paper copies from GSD by following the procedure stated in Section H, below.

C. Withdrawing your consent

If you decide to receive notices and disclosures from GSD electronically, you may at any time change your mind and inform GSD you want to receive required notices and disclosures only in paper format. Further, you will no longer be able to use the DocuSign system to receive required notices and consents electronically from SONM or to electronically sign documents generated and sent to you from SONM.

E. All notices and disclosures will be sent to you electronically

3. **Assignment:**

a. Neither the order, nor any interest therein, nor any claim thereunder, shall be assigned or transferred by the Vendor, except as set forth in Subparagraph 3b or as expressly authorized in writing by the State Purchasing Agent or his/her designee. No such assignment or transfer shall relieve the Vendor from the obligations and liabilities under this order.

b. Vendor agrees that any and all claims for overcharge resulting from antitrust violations which are borne by the State as to goods, services, and materials purchased in connection with this contract or procurement are hereby assigned to the State.

4. **State Furnished Property:** State furnished property shall be returned to the State upon request in the same condition as received except for ordinary wear, tear and modifications ordered hereunder.

The rights and remedies provided herein shall extend to the State and are in addition to and do not limit any rights afforded to the State by any other clause of this order. **Vendor agrees not to disclaim warranties of fitness for a particular purpose of merchantability.**

7. **Packing, Shipping and Invoicing:**

a. The State's purchasing document number and the Vendor's name, user's name and location shall be shown on each packing and delivery ticket, package, bill of lading and other correspondence in connection with the shipments. The user's count will be accepted by the Vendor as final and conclusive on all shipments not accompanied by a packing ticket.

b. The Vendor's invoice shall be submitted duly certified and shall contain the following information: order number, description of supplies or services, quantities, unit price and extended totals. Separate invoices shall be rendered for each and every complete shipment.

c. Invoices must be submitted to the using agency and NOT to the State Purchasing Agent.

8. **Default:** The State reserves the right to cancel all or any part of this order without cost to the State, if the Vendor fails to meet the provisions of this order and, except as otherwise provided herein, to hold the Vendor liable for any excess cost occasioned by the State due to the Vendor's default. The Vendor shall not be liable for any excess costs if failure to perform the order arises out of causes beyond the control and without the fault or negligence of the Vendor, such causes include but are not restricted to, acts of God or the public enemy, acts of the State or Federal Government, fires, floods, epidemics, quarantine restrictions, strikes, freight embargoes, unusually severe weather and defaults of subcontractors due to any of the above, unless the State shall determine that the supplies or services to be furnished by the subcontractor were obtainable from other sources in sufficient time to permit the Vendor to meet the required delivery scheduled. The

rights of the State provided in this paragraph shall not be exclusive and are in addition to any other rights now being provided by law or under this order.

9. **Non-Collusion:** In accepting these terms and conditions the Vendor certifies that the Vendor has not, either directly or indirectly, entered into action in restraint of free competitive procurement in connection with this offer submitted to the State Purchasing Agent or his/her designee.

10. **Nondiscrimination:** Vendors doing business with the State of New Mexico must be in compliance with the Federal Civil Rights Act of 1964 and Title VII of the Act (Rev. 1979) and the Americans with Disabilities Act of 1990 (Public Law 101-336).

11. **The Procurement Code:** Sections 13-1-28 through 13-1-199 NMSA 1978, impose civil and criminal penalties for its violation. In addition the New Mexico criminal statutes impose felony penalties for bribes, gratuities and kickbacks.

15. **Subcontracting:** The Vendor shall not subcontract any portion of the Price Agreement without the prior written approval of the Procuring Agency. No such subcontracting shall relieve the Vendor from its obligations and liabilities under this Price Agreement, nor shall any subcontracting obligate payment from the Agency.

16. **Records and Audit:** The Vendor shall maintain detailed time and expenditure records that indicate the date, time, nature, and cost of services rendered during this Price Agreement's term and effect, and retain them for a period of six (6) years from the date of final payment under this Price Agreement. The records shall be subject to inspection by the Agency, State Purchasing Division, Department of Finance and Administration, and for Information Technology contracts, State Chief Information Officer. The Agency shall have the right to audit billings, both before and after payment. Payment for services under this Price Agreement shall not foreclose the right of the Agency to recover excessive or illegal payments.

17. **Subcontracts:** The foregoing requirements shall be inserted into all subcontracts from the prime Vendor to the subcontractor, if such subcontracting has been approved in writing by the Procuring Agency.

New Mexico Employees Health Coverage

ITEM AND ISSUE:

Request for approval of a Budget Amendment Resolution (BAR) in the amount of $3,047,327 to cover debt service for the 2021 GRT Refunding Bonds.

BACKGROUND AND SUMMARY:

During each budget season, the Budget Office works with the Treasury Division to budget debt service payments for the upcoming fiscal year's budget. During the FY25 budget process (occurring in late winter to spring of 2024), an error was made in the spreadsheet calculating and compiling these debt payments. Unfortunately the error was not caught until the final FY25 debt service payments were entered in late June of 2025. This BAR will correct that error, and will facilitate the payments via the Capital GRT Fund (365) which has sufficient resources to cover the payments that are normally paid from this fund.

ACTION RECOMMENDED:

Finance staff recommend that the Governing Body approve the BAR correcting the debt service budget and associated transfers for FY25.

I reserve the right to revise this determination should there be any changes to the scope of work from what was originally submitted. The procurement process must adhere to the policies and procedures outlined by the City of Santa Fe, Central Purchasing, the Procurement Manual, and all relevant state statutes.
Please note:

Here is a breakdown of the fees I anticipate for FY 2026. The fees are based on the fee schedule attached to the most recent contract, which has not changed in the last 20 years, and are discounted from the contract fee where noted.

- Clean Water State Revolving Fund loan agreements ($114,000,000 Wastewater Utility System Loan, $17,000,000 Water Utility System Loan, and $20,000,000 Environmental Services Division loan): $100,000*
- $25,000,000 General Obligation Improvement Bonds (bond and disclosure counsel): $106,000
- $5,500,000 Water Project Fund loan/grant, $2,000,000 WPF loan/grant, and $7,750,000 Agreement: $41,775**
- Drinking Water State Revolving Fund loan agreement: $25,000.

Total Fees: $289,266.33

_____

* This fee amount reflects a discount from fees of (1) $293,900, if the fee for each loan is computed separately, and (2) $258,975, if the 3 loans are treated as a single $151,000,000 loan.

** This fee amount reflects a discount from fees of $80,500, if the fee for each transaction is computed separately; the fee is instead computed by treating all 3 transactions as a single $15,250,000 loan/grant.

*** This fee is based on the minimum fee charged for a revenue bond transaction.

Costs (primarily FedEx and publications) and GRT will be charged in addition to the fees described above. Additional work requested by the City that is not related to a pending transaction will be billed separately at the blended hourly rate of $285, for a total of $289,266.33 including GRT.

Notwithstanding the foregoing, this Contract may be terminated immediately upon written notice to the Contractor if the Contractor becomes unable to perform the services contracted for, as determined by the City or if, during the term of this Contract, the Contractor or any of its officers, employees or agents is indicted for fraud, embezzlement or other crime due to misuse of City funds or due to the Appropriations paragraph herein. The Contractor and its agents and employees shall not accrue leave, retirement, insurance, bonding, use of City vehicles, or any other benefits afforded to employees of the City as a result of this Contract. The Contractor acknowledges that all sums received hereunder are reportable by the Contractor for tax purposes, including without limitation, self-employment and business income tax. No such subcontract shall relieve the primary Contractor from its obligations and liabilities under this Contract, nor shall any subcontract obligate direct payment from the City.

10. **Release**

Final payment of the amounts due under this Contract shall operate as a release of the City, its officers and employees from all liabilities, claims and obligations whatsoever arising from or under this Contract.

11. **Confidentiality**

Any confidential information provided to or developed by the Contractor in the performance of this Contract shall be kept confidential and shall not be made available to any individual or organization by the Contractor without the prior written approval of the City.

12. **Product of Service -- Copyright**

All materials developed or acquired by the Contractor under this Contract shall become the property of the City and shall be delivered to the City no later than the termination date of this Contract. Nothing developed or produced, in whole or in part, by the Contractor under this Contract shall be the subject of an application for copyright or other claim of ownership by or on behalf of the Contractor.

13. **Conflict of Interest; Governmental Conduct Act**

D. The Contractor further represents and warrants that it has complied with, and, during the term of this Contract, will continue to comply with, and that this Contract complies with all applicable provisions of the Governmental Conduct Act, NMSA 1978, Section 10-16-1 et seq.

E. Contractor's representations and warranties in Paragraphs A and B of this Article 13 are material representations of fact upon which the City relied when this Contract was entered into by the parties. Contractor shall provide immediate written notice to the City if, at any time during the term of this Contract, Contractor learns that Contractor's representations and warranties in Paragraphs A and B of this Article 13 were erroneous on the effective date of this Contract or have become erroneous by reason of new or changed circumstances. If it is later determined that Contractor's representations and warranties in Paragraphs A and B of this Article 13 were erroneous on the effective date of this Contract or have become erroneous by reason of new or changed circumstances, in addition to other remedies available to the City and notwithstanding anything in the Contract to the contrary, the City may immediately terminate the Contract.

F. All terms defined in the Governmental Conduct Act have the same meaning in this section.

14. **Amendment**

G. This Contract shall not be altered, changed or amended except by instrument in writing executed by the parties hereto and all other required signatories.

H. If the City proposes an amendment to the Contract to unilaterally reduce funding due to budget or other considerations, the Contractor shall, within thirty (30) days of receipt of the proposed Amendment, have the option to terminate the Contract, pursuant to the termination provisions as set forth in Article 4 herein, or to agree to the reduced funding.

15. **Merger**

This Contract incorporates all the Agreements, covenants and understandings between the parties hereto concerning the subject matter hereof, and all such covenants, Agreements and understandings have been merged into this written Contract. No prior Agreement or understanding, oral or otherwise, of the parties or their agents shall be valid or enforceable unless embodied in this Contract.

If Contractor is found not to be in compliance with these requirements during the life of this Contract, Contractor agrees to take appropriate steps to correct these deficiencies.

18. **Applicable Law**

The laws of the State of New Mexico shall govern this Contract, without giving effect to its choice of law provisions. Venue shall be proper only in a New Mexico court of competent jurisdiction in accordance with NMSA 1978, Section 38-3-1 (G). By execution of this Contract, Contractor acknowledges and agrees to the jurisdiction of the courts of the State of New Mexico over any and all lawsuits arising under or out of any term of this Contract.

Over $5,000,000	$55,000 plus $4.00 per $1,000 principal amount over $5,000,000

Industrial Revenue Bonds

$0.30 per $1,000 face amount of the bonds with a minimum fee of $25,000 per issue.
(The cost of FRB review counsel services as bond counsel to the City will be passed through to the developer of the IRB project).

Fixed Rate Public Improvement District Bonds	
Size of Issue	Fee
$3,000,000 or less	$45,000
Between $3,000,000 and $5,000,000	$45,000 plus $5.00 per $1,000 principal amount between $3,000,000 and $5,000,000
Over $5,000,000	$55,000 plus $4.00 per $1,000 principal amount over $5,000,000

Modrall, Sperling's bond counsel review of an application for a public improvement district ("PED") and issuance of PID bonds will be billed to the City separately, at the hourly rates described above. Those fees are recovered by the City from the application fee required from the applicant. The application fee paid by the developer of the ND project is generally recoverable from bond proceeds.

Fixed Rate Tax Increment Development District Bonds	
Size of Issue	Fee
$3,000,000 or less	$45,000
Between $3,000,000 and $5,000,000	$45,000 plus $5.00 per $1,000 principal amount between $3,000,000 and $5,000,000
Over $5,000,000	$55,000 plus $4.00 per $1,000 principal amount over $5,000,000

Modrall Sperling's bond counsel review of an application for a tax increment development district ("TIDD") and issuance of TIDD bonds will be billed to the City separately, at the hourly rates described above. Those fees are recovered by the City from the application fee required from the applicant. The application fee paid by the developer of the TIDD project is generally recoverable from bond proceeds.

In the event that the securities are not issued, Modrall, Sperling will charge the City for professional fees at hourly rates for services provided up to the time the decision was made by the City to stop efforts to issue securities. We would also seek reimbursement of reasonable out-of-pocket expenses. We understand that payment in that situation would be dependent on the availability of funds and appropriations by Council in the discretion of the City.

2. Hourly Rates Not Relating to Securities to be Issued by the City. For tasks not related to issuance of a specific series of securities or substantial post-issuance tax or securities compliance matters, Modrall, Sperling agrees to bill the City at a blended rate of $285 per hour for the services of Peter Franklin, Ian Bearden, Chris Muirhead; and/or Katherine McKinney, in an amount not to exceed $100,000, unless otherwise negotiated and agreed by the City and Modrall Sperling based on the scope and complexity of a particular task.

Modrall, Sperling utilizes specialized computer software for compiling and maintaining client bills and routinely provides its clients with detailed monthly billings summarizing the work performed.

3. New Mexico Finance Authority and New Mexico Environment Department Loans. Our fee for New Mexico Finance Authority or New Mexico Environment Department loans will be the same as the bond counsel fee-based on the principal amount of the loan. There is no disclosure and/or underwriter's counsel fee for New Mexico Finance Authority loans or New Mexico Environment Department loans.

4. Fees Relating to Work as Disclosure and/or Underwriter Counsel. The fee for disclosure and/or underwriter counsel service such as the preparation of the preliminary official statement, the official statement and the 10b-5 opinion shall be 75% of the bond counsel fee outlined above. We recognize that some bond underwriters currently require independent counsel for preparation of the disclosure documents and the related due diligence investigation.

5. Fees Relating to Complex Issues. In unusual circumstances, where the complexity of the issue warrants an adjustment in the fees, we propose that Modrall, Sperling and the City negotiate a mutually acceptable fee prior to the date of the adoption of the final bond ordinance by the City. We believe that the rates we are quoting in this proposal are fair and at the "market rate." We do not follow the practice of bidding low on a proposal and then requesting an adjustment in the fee after issuance of the bonds, hoping to convince the public officials, overseeing the contract that the work was more complex than normal. No request for upper adjustment will be made by us unless it is clear to both the City and us that the issue was so out of the ordinary that the documents essentially had to be recreated. In such case, the City will be consulted as the issue progresses.

The fees quoted above do not contemplate issues involving multi-mode issues, credits swaps, interest rate swaps or other similar types of complex or nontraditional techniques, including those which may develop over the period of time covered by this proposal. With respect to such financing techniques, we would propose to negotiate a mutually acceptable fee, based upon the complexity of the transaction.

6. Advice Against Issuance Modrall, Sperling has provided and will continue to provide objective legal advice with respect to a proposed securities issue, without regard to fees, including advice against issuing of securities, if warranted.

It is our philosophy, if there are legal problems with respect to a proposed structure, to find a different structure or procedure to accomplish the goals of the client. Before advising against issuance, we will exhaust our resources to find a manner in which the issue can be restructured to accomplish the financing,

EXHIBIT B

Current Projects and Compensation

The City shall compensate the Contractor for the projects listed below according to the following rates:

C. Clean Water State Revolving Fund loan agreements ($114,000,000 Wastewater Utility System Loan, $17,000,000 Water Utility System Loan, and $20,000,000 Environmental Services Division Loan): $100,000

F. $25,000 Drinking Water State Revolving Fund loan agreement: $25,000

For the services described in this Exhibit B, the City agrees pay the Contractor fees equal to $267,375.00, applicable gross receipts taxes (at 8.1875%) equal to $21,891.33, and applicable costs (Federal Express delivery of bonds and IRS Form 8038G) and publication costs, if any. The total compensation for the contract including GRT but excluding costs is $289,266.33.

CITY OF SANTA FE

Memorandum

Date: May 30, 2025

To: Governing Body and Quality of Life Committee

From: Marci Eannarino; Legislation and Policy Innovation Manager ME

Via: Erin K. McSherry; City Attorney EM

RE: Ballot question to require consent to a mayor's removal of a city manager, city attorney, or city clerk

---

EXECUTIVE SUMMARY:

The resolution proposes to submit a ballot question to the City of Santa Fe ("City") voters during the November 4, 2025, regular election. Currently, Section 5.01(G), of the City's Charter allows a mayor to "have the authority to remove the city manager, city attorney and city clerk without council approval". The ballot question would amend the City's Charter to require governing body consent before removal of a city manager, city attorney, or city clerk.

BACKGROUND:

The process for placing a question on the ballot considers the following items:

- Section 10.02 of the City's Charter states, "This Charter may be amended or repealed as provided by law. The city attorney shall review and render and publish a public opinion as to the legality and form of any proposed charter amendment before it is submitted to the voters."
- State law, NMSA 1978, Section 3-15-16 states that a home rule municipality may amend its Charter "by a proposal submitted by the governing body of the municipality to the qualified electors."
- Therefore, a Resolution adopted by the Governing Body describing a proposed ballot question is the mechanism the City uses to document its wish to submit a proposal to the electors.

Summary:
The resolution proposes a ballot question to be submitted to the City of Santa Fe ("City") voters during the November 4, 2025, regular election. Departments Affected:
Mayor; Governing Body; City Manager; City Attorney; City Clerk

Consequences of Not Enacting Legislation:
If this legislation is not adopted, then the proposed ballot question will not be added to the ballot for the general election on November 4, 2025.

Conflict, Duplication, Companionship, or Relationship to Other Legislation:
None.

Performance and Administrative Implications:
This Resolution would require the City Clerk to present the ballot question to the Santa Fe County Clerk no later than August 26, 2025.

Fiscal Implications:
*** Should the Governing Body adopt the Resolution, the City Clerk would then present the approved ballot question to the Santa Fe County Clerk by August 26, 2025.

RE: Ballot question to provide for a vote of six councilors to remove or suspend the city manager, city attorney, and city clerk

---

EXECUTIVE SUMMARY:

The resolution proposes to submit a ballot question to the City of Santa Fe's ("City") voters during the November 4, 2025, regular local election. The ballot question would ask voters whether or not to amend Article VI, "Governing Body", Section 6.02 of the City's Charter ("Charter") to give the governing body the authority to suspend or remove the city manager, city clerk, and/or city attorney by a vote of five councilors at a regularly scheduled meeting. Additionally, as a matter of technicality, should the voters approve the change to Article VI, Section 6.02, the amendment would also remove Section 8.04 from Article VIII, "City Manager" from the Charter because the language in this section would become duplicative.

BACKGROUND:

The process for placing a question on the ballot considers the following items:

- Section 10.02 of the City's Charter states, "This Charter may be amended or repealed as provided by law. The city attorney shall review and render and publish a pubic opinion as to the legality and form of any proposed charter amendment before it is submitted to the voters."
- State law, NMSA 1978, Section 3-15-16 states that a home rule municipality may amend its Charter "by a proposal submitted by the governing body of the municipality to the qualified electors."
- Therefore, a Resolution adopted by the Governing Body describing a proposed ballot questions is the mechanism the City uses to document its wish to submit a proposal to the electors.

RE: Santa Fe Trails Updated Requirements for Public Transportation Agency Safety Plan

---

EXECUTIVE SUMMARY:

The proposed resolution would approve the Santa Fe Trails Fiscal Year 2025 Public Transportation Agency Safety Plan ("PTASP"). The Santa Fe Trails PTASP is a requirement of the United States Department of Transportation, Federal Transit Administration ("FTA") for public transportation systems that receive federal funding under the FTA's Urbanized Area Formula Grant.

BACKGROUND:

On July 19, 2018, the Federal Transit Administration ("FTA") published the Public Transportation Agency Safety Plan's ("PTASP") Final Rule, which requires certain operators of public transportation systems that receive federal funds under FTA's Urbanized Area Formula Grants (49 U.S.C. § 5307) to implement Safety Management Systems ("SMS"). The PTASP rule became effective on July 19, 2019. Santa Fe Trails PTASP was approved by the Governing Body on December 9, 2020, and was subsequently submitted to FTA to fulfill this requirement.

The PTASP was updated in January 2023 to include requirements enacted under the Bipartisan Infrastructure Law. As a result, transit agencies that receive federal financial assistance under 49 U.S.C 5307 and serve urbanized areas with populations under 200,000 are required to develop an PTASP in cooperation with frontline employee representatives. On April 9, 2024, the FTA published the first major update to the PTASP's required regulations. These updates are a part of a continuing effort to improve transit safety performance on federally supported transit systems, and PTASP is the first rule finalized by the FTA under the Bipartisan Infrastructure Law's requirements to make transit safer for both transit workers and passengers.

The Santa Fe Trails May 2025 updated PTASP was developed in full cooperation with frontline employee representatives and is intended to ensure compliance with the FTA's new regulatory standards while continuing to prioritize the safety and well-being of transit personnel and riders.

The updated plan also includes new requirements addressing transit worker assault, safety reporting and hazard identification, additional safety performance targets and the consideration of infectious disease data from the CDC or state health authorities.

System Description

History
In 1991, the City of Santa Fe ordinance was passed enabling the formation of Santa Fe Trails. The purpose of this legislation was to:

- provide safe and efficient transit services
- reduce congestion, crashes, and pollution caused by single-occupant vehicles;
- extend the life of the city's roads by reducing traffic;
- provide transportation alternatives to residents, particularly transit-dependent groups such as seniors, youth, low- income, and mobility-impaired residents;
- provide residents with better access to educations and higher-paying jobs, and;
- reduce oil dependence by incorporating the use of alternative fuels; such as CNG.

Governing Body
Santa Fe Trails is governed by the Transit Advisory Board (TAB) along with the Mayor and an eight-member Council that represents the four districts within the City of Santa Fe. The TAB consists of nine representatives who represent Seniors, At-large, ADA, Business, Tourism, Intuitions and Government, and Education.

Description
The Santa Fe Trails fixed route system launched in January of 1993, which is the city of Santa Fe's small urban transit system and provides the greatest level of fixed service to the area. Santa Fe Trails is serviced by a fleet of 32 state-of-the-art buses and hosts ten distinct routes. The Transit Division also operates the Santa Fe Pick-Up, which provides free shuttles around downtown and to Museum Hill, utilizing four cutaway vans. The Transit Division also operates Santa Fe Ride, the Complementary Paratransit Service for ADA and Seniors, using 18 vehicles of varying sizes. Santa Fe Trails was the nation's first transit system to operate its entire fleet with cleaner-burning compressed natural gas (CNG). Its mission is to provide transit service in the City of Santa Fe (and parts of Santa Fe County) to get area residents and visitors where life takes them and boasts an annual ridership close to 1 million.

Santa Fe Trails Executive Leadership
The Interim Director of Operations and Maintenance serves as the Accountable Executive for the City of Santa Fe Transit Division's Agency Safety Plan and Safety Management System and is also responsible for the Transit Asset Management (TAM) Plan. The Director of Operations and Maintenance also presently has safety oversight responsibilities. Santa Fe Trails does not have a safety manager position, therefore the Transit Director of Administration serves as the SMS Executive.

Goals

- provide a level of service that meets, if not exceeds, industry standards;
- identify, eliminate, minimize, and control safety hazards and their associated risks, and;
- comply with the applicable requirements of regulatory agencies.
- Update ASP in cooperation with front line transit worker representatives.

Agency Safety Plan and Safety Management System (SMS)
Santa Fe Trails developed this safety plan to comply with 49 CFR Part 673, the PTASP regulation. This plan also serves as an "SMS user's manual" that guides Santa Fe Trails in the successful implementation and operation of its SMS.

The FTA defines SMS as:

> "The formal, organization-wide approach to managing safety risk and assuring the effectiveness of a transit agency's safety risk mitigation. SMS includes systematic procedures, practices, and policies for managing hazards and safety risk."

Furthermore, SMS is a comprehensive, collaborative approach that brings management and labor together to build on the transit industry's existing safety foundation to control risk better, detect and correct safety problems earlier, share and analyze safety data more effectively, and measure safety performance more carefully. The SMS is appropriately scaled to size, scope, and complexity of Santa Fe Trails.

Santa Fe Trails' SMS has four distinct components, which are discussed in subsequent sections of this safety plan:

- Safety management policy
- Safety risk management
- Safety assurance
- Safety promotion

4. Safety Management Policy

Santa Fe Trails Safety Management Policy Statement (SMPS)

To all Santa Fe Trails Staff:

In accordance with the Federal Transit Administration's (FTA) final rule 49 CFR Part 673, Santa Fe Trails has developed a Public Transportation Agency Safety Plan (PTASP) to establish a uniform system of public transit safety management, known as the Safety Management System (SMS). As the Director of Operations and Maintenance, I will serve as the Accountable Executive responsible for ensuring the successful implementation of these new safety standards throughout our organization.

I will support the integration of this Policy Statement to guide us as we adopt and follow the federal safety guidelines.

Safety has always been a core value and business commitment for Santa Fe Trails. The agency is dedicated to developing, implementing, maintaining, and continuously improving its daily practices to ensure the safety of customers, employees, contractors, and the public. To guide the prioritization of safety and integrate it into everyday operations, Santa Fe Trails will utilize safety management processes to allocate necessary resources, such as personnel, funding, and technology.

The goal is to promote a robust safety culture and achieve the highest levels of safety performance set by the FTA. The agency's safety management plan reflects a thoughtful, collaborative approach to working with frontline transit worker representatives. This recognizes the vital role these workers play in operating and maintaining the public transportation systems essential to the communities they serve.

By actively engaging with frontline worker representatives, the agency demonstrates a commitment to open, transparent communication, as well as a willingness to incorporate the insights and concerns of those on the ground. This collaboration allows for a deeper understanding of the challenges and needs faced by transit workers, enabling the development of policies and programs that better support them in their critical duties.

Furthermore, this approach emphasizes the importance of nurturing strong partnerships between transit agencies, policymakers, and the frontline workforce. This synergy helps ensure the public's mobility needs are met efficiently and fairly, while also addressing the interests and well-being of the dedicated individuals who keep transit systems running smoothly. Ultimately, this inclusive stance towards frontline worker representatives reflects an all-inclusive, people-centered vision for the future of sustainable, accessible public transportation.

Santa Fe Trails Transit has installed a drop box to enable transit workers to report safety concerns, including assaults, near-misses, and unsafe acts or conditions, to senior management. The drop box includes protection for workers who report issues, as well as a description of worker behaviors that may result in disciplinary action.

To ensure effective communication, Santa Fe Trails Transit will notify employees via email and post updates publicly on the operator notification board for notification and participation. Additionally, the

transit agency must disseminate the Safety Management Policy throughout its entire organization.

Santa Fe Trails Transit will establish the necessary authorities, accountabilities, and responsibilities for the management of safety within its organization. This will be done in collaboration with the TAB transit advisory Board and the AFSCME Union, as they relate to the development and management of the transit agency's Safety Management System (SMS).

Santa Fe Trails is committed to the following core capacities:

Executive Commitment to Safety - Executive Management will cultivate an organizational culture that prioritizes safe operations. We will dedicate appropriate resources to develop the PTASP, development and ensuring safe practices, improving procedures when necessary, and encouraging effective employee safety reporting and communication. Santa Fe Trails will hold every executive, manager, and employee accountable for upholding our commitment to safe operations. Santa Fe Trails will leverage multiple communication channels to keep employees, policymakers, and the broader community informed.

Communication & Training - Frontline worker representatives and employee engagement are crucial to a well-functioning safety management system (SMS). To enable greater awareness of our safety objectives, performance targets, and ongoing safety communication, we will develop and fine-tune our communication systems at every level of the organization. All levels of management must proactively engage employees and continuously work to keep safety communication simple, honest, and open. Importantly, all employees will be made aware of the importance of our SMS and trained in any new or improved safety reporting procedures. Santa Fe Trails will utilize a comprehensive communication strategy, leveraging all available platforms, to effectively inform its employees, policymakers, and the broader community.

Responsibility & Accountability - All Santa Fe Trails employees, including managers, frontline workers, and contractors, are responsible for providing safe and high-quality transit services that meet the department’s performance standards. Each manager will take an active role in the Safety Management System (SMS) process, ensuring that Safety Assurance functions are supported and advocated. Managers are also accountable for overseeing Safety Risk Management in their operational areas, assessing and mitigating the safety risks associated with identified hazards. Safety performance will be a significant factor in the annual performance evaluations for all Santa Fe Trails employees and managers.

Employee Reporting - Santa Fe Trails will implement a safety reporting program that empowers all frontline employees to voice their safety concerns. Employees are required to use this program as part of the organization's safety management system (SMS). No employee will face retaliation for reporting a safety issue through the program, unless the report indicates an illegal act, gross misconduct, negligence, or a deliberate disregard of department and/or City of Santa Fe’s rules and policies.

Performance Monitoring & Measurement - To drive continuous safety improvements, Santa Fe Trails will establish realistic safety performance measures and targets. A diverse team, including employees and frontline staff, will work closely with management to ensure the proposed safety risk mitigation strategies are suitable, beneficial, and impactful.

Review & Evaluation - To measure and improve our safety management system (SMS) performance, Santa Fe Trails will analyze key safety indicators, review inspections, and evaluate corrective action

reports. These assessments will inform revisions or development of safety objectives, performance targets, and the overall Agency Safety Plan, with the aim of driving continuous, effective safety enhancements. As a living document, the Agency Safety Plan undergoes regular monitoring to ensure its ongoing applicability and functionality.

We appreciate your full cooperation in creating a safer work environment for our employees and customers.

Sincerely,

Andrew J. Baca
Interim Director of Operations and Maintenance
Santa Fe Trails Transit – City of Santa Fe

Safety Management Policy Communication

Santa Fe Trails' Safety Management Policy (SMP) will continue to undergo an annual review. Once the SMP has been updated and presented before the City's Governing Body for approval. The Transit Training Administrator will distribute a physical copy of the Safety Management Policy Statement (SMPS) and each employee will sign an acknowledgment of receipt during the next bi-monthly staff training for all employees. Any updates, amendments, or new agreements will be communicated to all employees during the bi-monthly training sessions, where the SMP will be presented as an agenda item. Additionally, the SMPS will be posted on facility bulletin boards and presented during a regularly scheduled Transportation Advisory Board meeting for discussion. This policy will also be provided to all new hires as part of Transit's new hire training.

Santa Fe Trails' Key Staff has the following accountabilities and responsibilities of this plan. Its roles include, but are not necessarily limited to:

- Assisting the Accountable Executive and the SMS Executive in developing, implementing, and operating the SMS. Based on responsibilities and expertise, the Key Staff assist in hazard identification, safety risk assessment, safety risk mitigation, safety performance monitoring, safety performance measurement, safety training, and safety communication activities.
- Key staff plays a significant role as subject matter experts in hazard identification, safety risk assessment, safety risk mitigation, and safety performance monitoring activities.

    - Bus Operators;
    - Vehicle Mechanics, and;
    - Other skilled professionals as needed.
- Safety Meetings: All staff are mandated to attend our Safety Meetings which are held the 3rd Wednesday of each month. With the purpose of presenting and discussing potential hazards

- and strategies to mitigate the consequences of those hazards. Management and Supervisors are required to attend a weekly meeting with the same mission.
- During the safety meetings, the Agency Safety Plan is presented to frontline safety representatives.

Employee Safety Reporting Program

Santa Fe Trails has implemented a voluntary safety reporting program that encourages employees to report any safety concerns, including assaults on transit workers, near-misses, unsafe acts or conditions, or other issues observed during transit service delivery. This voluntary program operates separately from the company's mandatory reporting requirements for accidents and incidents.

The employee safety reporting program (ESRP) provides protections for employees who report safety issues, concerns, or conditions and ensures that discipline will not be applied, and employees have protection against reprisal or any other adverse action for reporting a safety issue, concern, or condition.

The ESRP also describes employee behaviors that are not protected under the program and may result in disciplinary action, such as an employee engaged in an illegal act, committed gross negligence, or deliberately or willfully disregarded regulations or Santa Fe Trails' procedures.

The ESRP clarifies:

- What to report, what not to report, and how to report;
- What managers should do when employees report safety concerns;
- How reports are documented; and
- How employees will receive feedback about the results of their reports.

The reporting system is simple to use and available to all Santa Fe Trails employees. Santa Fe Trails' ESRP addresses the following:

- Who is responsible for developing and managing the employee safety reporting program;
- Timely response to employee safety reports.
- How the agency provides feedback to employees on the action(s) taken to address the reported safety issue, condition, or concern;
- Investigation of reported safety issues, conditions, or concerns for causal or contributing factors.
- How the transit system documents and reviews safety issues, conditions, or concerns to determine if a hazard exists; and
- If the issue is determined to be a hazard, how the hazard is then entered into the safety risk management process.

Santa Fe Trails is committed to providing feedback to its employees who report a safety issue, condition, or concern. This feedback is provided either directly in a one-on-one conversation or through the safety meeting platform. The feedback addresses what, if any action, will be taken to address the reported safety issue, condition, or concern.

Forms are available in dispatch for employees to fill out and report any safety issues, conditions, or concerns along with a dispatch log for employees who report over the radio. There is also the ability for each employee to e-mail a safety issue, concern, or condition directly to management. If an employee

does not have access to e-mail, they can contact the call center at 505-955-2001 and the safety issue, condition, or concern will be logged and management immediately informed via email. The general public can also utilize e-mail via the City of Santa Fe website and the call center as mentioned above.

A description of the ESRP is kept in the Accountable Executive's office at Santa Fe Trails Headquarters. The ESRP is distributed to all current employees during the training provided on employee safety reporting and new employees during their new-hire orientation.

6. Safety Risk Management (SRM)

Santa Fe Trails uses the SRM process as a primary method to ensure the safety of our operations, passengers, employees, vehicles, and facilities. It is a process wherein hazards and their consequences are identified, assessed for potential safety risk, and resolved in a manner acceptable to Santa Fe Trails' leadership. The Santa Fe Trails SRM process allows us to carefully examine what could cause harm, determine whether we have taken sufficient precautions to minimize the harm, or if further mitigations are necessary.

The Accountable Executives supported by the SMS Executive leads the Santa Fe Trails SRM process to identify hazards and consequences, assess safety risk of potential consequences, and mitigate the safety risk. The results of the SRM process are documented in the Safety Risk Register and referenced materials.

The SRM process applies to all elements of the system, including operations, maintenance, facilities, vehicles, personnel recruitment, employee training, and supervision.

Overall, the Santa Fe Trails SRM process includes the following steps that are carried out under the guidance of the Accountable Executive, supported by the SMS Executive, with input from appropriate subject matter experts:

- Identify hazards
- Identify the potential consequences of each hazard
- Evaluate consequences in terms of probability and severity
- Prioritize risk using our formal risk matrix
- Communicate prioritized risk to the Accountable Executive
- Based on the Accountable Executive's approval, create safety risk mitigations to eliminate or reduce the effects of hazards.
- Implement the mitigation
- Create a strategy for monitoring mitigation effectiveness

In carrying out the SRM process, Santa Fe Trails uses the following terms:

- **Safety Event** – An unexpected outcome resulting in injury or death; damage to or loss of the facilities, equipment, rolling stock, or infrastructure of a public transportation system; or damage to the environment.
- **Hazard** – Any real or potential condition that can cause injury, illness, death, damage to/loss of facilities, equipment, rolling stock, or infrastructure belonging to SANTA FE TRAILS, or damage to the environment.
- **Risk** – Composite of predicted severity and likelihood of the potential effect of a hazard.
- **Safety Risk Mitigation** – a method(s) to eliminate or reduce the severity and/or likelihood of a potential consequence of a hazard.
- **Consequence** – An effect of a hazard involving injury, illness, death, or damage to SANTA FE TRAILS property or the environment

Hazard Identification

All subsequent safety risk management activities are contingent on effectively identifying sources for hazard identification and the processes to obtain information on hazards.

Santa Fe Trails has developed methods and processes to identify hazards and consequences of the hazards. Santa Fe Trails considers, as a source for hazard identification, data and information provided by City Management and the City Council, the FTA, and NMDOT. Santa Fe Trails also considers the results of its asset condition assessments when performing safety hazard identification activities through its SMS. The results of the condition assessments and safety risk management activities help inform Santa Fe Trails' determination as to whether an asset meets the state of good repair standards under 49 CFR Part 625.

The Accountable Executive, supported by the SMS Executive, is responsible for overseeing and facilitating Santa Fe Trails' hazard identification process. The Accountable Executive is also responsible for documenting identified hazards and ensuring that subject matter experts identify the potential consequences of those hazards. Information related to hazard identification and consequence determination is stored in the Santa Fe Trails' Safety Risk Assessment register, which is an Excel spreadsheet that allows for the documentation of all identified safety hazards and the subsequent activities related to addressing those hazards. This risk register is maintained by the Accountable Executive.

The safety hazard identification process helps Santa Fe Trails identify hazards and potential consequences in the operation and maintenance of the system. Hazards are identified through a variety of sources, including:

- Employee Safety Reporting
- Review of Vehicle Camera Footage
- Review of Monthly Performance Data Sheets
- Data and information regarding exposure to infectious diseases provided by the Center for Disease control (CDC) or a State health authority
- Safety concerns identified through the agency's Safety Assurance activities
- Observation from Supervisors
- Maintenance Reports
- Comments from Customers and Passengers
- Employee Safety Meetings
- Manager and Supervisor Safety Meetings
- Results of audits and inspections of vehicles and facilities
- Results of training assessments
- Results of internal safety audits
- Investigations into safety events, incidents, and occurrences
- Safety concerns identified through Safety Assurance activities and;
- FTA, the New Mexico Department of Transportation, and other oversight authority agencies.

The Accountable Executive, with support from the SMS Executive, reviews these sources for hazards and documents them in Santa Fe Trails' safety risk register.

The Accountable Executive also enters hazards into the safety risk register from reviews of the Santa Fe

Trails operations and maintenance, results of audits and observations, and information received from FTA, New Mexico Department of Transportation, and other oversight authorities, including the National Transportation Safety Board.

The Accountable Executive or SMS Executive may conduct further analysis of hazards and consequences entered into the Safety Risk Register to collect information, identify additional consequences, and to inform management which hazards should be prioritized for safety risk assessment. In following up on identified hazards, the Accountable Executive or SMS Executive may:

- Reach out to the reporting party, if available, to gather all known information about the reported hazard;
- Conduct a walkthrough of the affected area, assess the possible hazardous condition/s, generate visual documentation (photographs and/or video), and take any measurements that are deemed necessary;
- Conduct interviews with employees in the area to gather potentially relevant information on the reported hazard;
- Review any documentation associated with the hazard (such as records, reports, procedures, inspections, technical documents, etc.);
- Contact other departments that may have association with or technical knowledge relevant to the reported hazard;
- Review any previously-reported hazards of a similar nature; and
- Evaluate tasks and/or processes associated with the reported hazard.

Any identified hazard that poses a real and immediate threat to life, property, or the environment must immediately be brought to the attention of the Accountable Executive and addressed through the SRM process for safety risk assessment and mitigation. This signifies the belief that immediate intervention is necessary to preserve life, prevent major property destruction, or avoid harm to the environment that would constitute a violation of the Environmental Protection Agency or NMDOT environmental protection standards.

Santa Fe Trails involves subject matter experts in safety hazard identification processes by matching the experience and expertise of the individual(s) with the type of hazard to be analyzed. For example, if the hazard is operations related, then the primary subject matter experts will be from operations; if the hazard is vehicle maintenance related, that type of hazard requires vehicle maintenance expertise and skills.

Determination of the potential consequences of hazards drives our safety risk assessment activities. Hazards in and of themselves do not cause damage. It is the consequences of hazards that cause injuries and death, destroy property, harm the environment, or impair the ability of a transit provider to deliver transit services. Santa Fe Trails subject matter experts identify the potential consequences of hazards, keeping in mind that a single hazard could have many potential consequences. Each potential consequence is identified and recorded.

The Accountable Executive is responsible for ensuring that the documentation of hazards and consequences is taking place.

Safety Risk Assessment

Santa Fe Trails has established processes to assess the safety risk associated with identified safety hazards. These safety risk assessment processes include an assessment of the likelihood and severity of the potential consequences of identified hazards, taking into account existing mitigations, to determine if safety risk mitigation is necessary and to inform prioritization of safety risk mitigation.

Assessing the likelihood and severity of hazard consequences is the first step in prioritizing safety risk. Santa Fe Trails has established a process for assessing the potential safety risks of identified hazards and prioritizing them accordingly. The agency evaluates safety risk in terms of likelihood (the probability of a consequence occurring) and severity (the seriousness of a consequence, if it does occur). A color-coded safety risk index provides a rating system that is used in conjunction with a safety risk assessment matrix to prioritize safety risks. This matrix helps determine the probability and severity of potential consequences, allowing Santa Fe Trails to prioritize safety risks. The specific safety risk assessment matrix used by the agency is presented in Appendix E.

To conduct safety risk assessments, Santa Fe Trails selects subject matter experts whose experience and expertise align with the specific hazards or potential of being evaluated. The Accountable Executive or SMS Executive oversees this assessment process, which utilizes Santa Fe Trails' established safety risk assessment matrix.

Safety risk prioritization is linked to safety risk mitigation creation. Prioritizing our safety risk provides the Accountable Executive with the information needed to make decisions about resource application. It helps Santa Fe Trails apply its limited time, financial, and human resources to the highest priority transit safety risk. The Accountable Executive is the ultimate decision-maker on applying resources to mitigate high priority transit safety risk.

Safety Risk Mitigation

Santa Fe Trails' safety risk management process culminates in the development of proactive safety risk mitigation measures. The agency has established processes to identify necessary mitigations and strategies to reduce the likelihood and severity of safety risks that was assessed during the safety risk assessment process.
The Accountable Executive, supported by the SMS Executive, is responsible for guiding and overseeing the subject matter experts involved in the risk mitigation process. Any safety risk mitigations requiring additional resources or changes to agency policy must be approved by the Accountable Executive.

Santa Fe Trails has implemented a comprehensive process to mitigate its prioritized safety risks. This process clearly defines when risk mitigation is necessary and assigns specific roles for developing those mitigations. Key elements include:

- Incorporating guidance from oversight authorities like the FTA or the NMDOT
- Adhering to infectious disease prevention guidelines from the CDC or state health department
- Referencing any required forms
- Documenting and storing the results of the risk mitigation process

Santa Fe Trail’s safety risk mitigation steps include:

- Examining the potential consequences of hazards and their probability and severity
- Develop strategies to reduce the probability and/or severity of those potential consequences

- Ensure the strategy can be realistically implemented with available resources
- Turn the strategy into a mitigation plan
- Put the mitigation plan into place
- Create a plan for monitoring the effectiveness of the mitigation

Santa Fe Trails develops and documents a strategy to implement a safety risk mitigation plan that drew on subject matter expertise. These implementation strategies include:

- who is responsible for implementing the mitigation;
- where the mitigation will reside within agency activities;
- how the mitigation will be implemented, and;
- how long implementation should take.

Santa Fe Trails needs to know that its mitigations are working. When we develop a mitigation, we also define and document the way the mitigation will positively impact safety performance so that we can then monitor whether that positive impact is taking place and if the mitigation is effective. Under the guidance of the Accountable Executive and/or SMS Executive, the subject matter experts involved in creating a safety risk mitigation also decide on the best ways to monitor the effectiveness of the mitigation being implemented. This includes developing and documenting monitoring strategies. Santa Fe Trails created strategies for monitoring the effectiveness of mitigations. These strategies provide consistency in monitoring activities, regardless of whether the mitigation is implemented in operations, maintenance, or administration.

Santa Fe Trails understands that successful mitigation implementation and monitoring activities depend on having a process for how it will formally communicate mitigation and monitoring strategies to operations, maintenance, or administration staff who will implement and monitor the mitigations. Santa Fe Trails has documented this process. This communication feeds cross-functional ownership in SMS processes since employees who create the mitigations may not be the same employees that implement and monitor the mitigations.

Strong documentation of safety risk mitigations feeds safety performance monitoring. Santa Fe Trails has established and documented how it will record all of its various safety risk mitigation activities and their outcomes. Within this process, Santa Fe Trails references any forms that it uses during safety risk mitigation activities and where the completed records of safety risk mitigation activities are stored.

7. Safety Assurance

Santa Fe Trails has established processes to:

- Monitor its operations for compliance with and sufficiency of its policies and procedures;
- Santa Fe Trails works to ensure that it is performing maintenance which is consistent with Santa Fe Trails' ability to safely meet its operational requirements and in compliance with all safety policies and procedures;
- Monitor its operations to identify any safety risk mitigations that may be ineffective, inappropriate, or that were not implemented as intended;
- Conduct investigations of safety events to identify causal factors, and;
- Monitor the effectiveness of its employee safety reporting program.

Safety Performance Monitoring and Measurement

Santa Fe Trails has many processes in place to monitor its entire transit system for compliance with operations and maintenance procedures, including:

- Safety audits;
- Informal inspections;
- Regular review of on-board camera footage to assess drivers and specific incidents;
- Investigation of safety occurrences;
- Safety review prior to the launch or modification of any facet of service;
- Daily data gathering and monitoring of data relating to the delivery of service using its Dispatch Management software, and;
- Regular vehicle inspections and preventative maintenance.

Results from the above processes are compared against recent performance trends both quarterly and annually to determine where corrective actions need to occur. The Accountable Executive enters any identified non-compliant or ineffective activities, including any resulting mitigations, back into the SRM process for reevaluation.

Operations Monitoring

The Accountable Executive and operations supervisors are responsible for ensuring and documenting the system's compliance with and sufficiency of its operations policies and procedures. Santa Fe Trails has checklists and forms that it uses to drive and document its operations monitoring activities. This documentation is stored within Santa Fe Trails' safety performance monitoring files located in the Accountable Executive's office.

The operational areas that are monitored for compliance with policies and procedures include but are not limited to:

- Bus operator pre-trip inspections;
- Bus operator behind the wheel performance;
- Bus operator passenger assistance;
- Bus operator emergency response, and;
- Operation Supervisor and Dispatch activities.

When Santa Fe Trails' monitoring activities determine lack of compliance with operations policies and procedures or inadequacies of those policies and procedures, it then uses this information to feed Santa

Fe Trails' hazard identification and safety risk assessment process.

Within these documented processes, Santa Fe Trails describes:

- the job functions responsible for the different areas of field observations;
- how it will record the results of field observations;
- where these records are stored, and;
- how it will address hazards or safety issues identified during field observations.

Santa Fe Trails has established and documented emergency procedure checklists that supervisors and dispatchers can readily access to help direct their response to bus operators who may experience an emergency during revenue service. These procedures include, but are not limited to:

- responding to accidents and incidents;
- evacuating a vehicle under smoke and fire conditions, and;
- responding to a potentially dangerous passenger and other security threats.

Vehicle Maintenance Monitoring

Santa Fe Trails monitors the following areas of its vehicle maintenance and documents all monitoring activities and their results:

- Mechanic skills and performance;
- Adherence to preventive maintenance schedules;
- Effectiveness of corrective maintenance activities, and;
- Maintenance-related vehicle road calls.

Facility Safety Inspections

Santa Fe Trails maintenance management with support from City personnel conduct periodic facility safety, shop safety, and HAZMAT inspections. These inspections are documented as well as activities to mitigate any problems identified during the inspections. These records are kept in the Accountable Executive's office.

Fire Hazard and Fire Extinguisher Inspections

Santa Fe Fire Department and Risk Management division conduct independent annual fire inspections at our facilities. Santa Fe Trails utilizes independent contractors to inspect and replace facility and vehicle and facility fire extinguishers as well as fire safety systems on an annual and as needed basis.

Field Observations of Service Delivery

Santa Fe Trails has documented processes that it uses to conduct field observations of safety-related aspects of the following elements of service delivery:

- bus stops;
- bus transfer locations;
- fixed-route schedules and service delivery; and
- paratransit/demand response scheduling and service delivery.

The Accountable Executive, supported by the SMS Executive, has overall responsibility to ensure that this monitoring is carried out and documented. Field observations are carried out by operations, maintenance, and administrative staff. If deficiencies are noted during the monitoring process, these deficiencies are documented and addressed as a source of proactive hazard identification through Santa Fe Trails' safety risk management processes. All these service delivery monitoring activities are

documented and stored in the Accountable Executive's office.

Risk Mitigation Monitoring
The Accountable Executive with support from the SMS Executive and operations, maintenance, and administrative staff has responsibility for monitoring operations to identify any safety risk mitigations that may be ineffective, inappropriate, or not implemented as intended. The actual field monitoring of the mitigations is often carried out by subject matter experts, including those that assisted in the creation of the mitigation of the SRM process.

Santa Fe Trails documents how it carries out these monitoring strategies to periodically assess the effectiveness of safety risk mitigations.

Activities to monitor the effectiveness of safety risk mitigations ultimately assist Santa Fe Trails in determining whether:

- the existing mitigation is working as desired;
- the existing mitigation needs some modification to work as desired;
- the existing mitigation is not working and needs to be replaced, or;
- the existing mitigation is no longer needed.

The results of mitigation monitoring activities are made available for further safety risk management activity if needed. Mitigation monitoring documentation is stored in the Accountable Executive's office.

Safety Event Investigation
Responsibility for Santa Fe Trails safety event investigation process is shared by the Accountable Executive and the SMS Executive. Actual performance of safety event investigations, including identifying causal factors, involves not only the Accountable Executive and SMS Executive but also Operations Supervisors, Maintenance Staff, and Training Staff. Local law enforcement responds to accident scenes, as well.

Safety event records provide critical baseline information to support SMS implementation, operation, and safety performance target achievement.

Santa Fe Trails has documented procedures for safety event investigation. Santa Fe Trails has forms, consistent with industry standards, for documenting the results of safety events as well as the subsequent investigation. Safety event documentation is on file in the Accountable Executive's office.

After a safety event investigation is complete, Santa Fe Trails management, with input from subject matter experts, determines whether the safety event was preventable or non-preventable and based on that decision, whether discipline of employees involved is required.

Santa Fe Trails takes the process a step further and performs causal analysis of safety events to help determine if latent organizational factors, beyond individual employee behavior, may have contributed to the event. The results of causal analysis are documented on a causal analysis form. Records of the results of the analysis of the forms are kept in the Accountable Executive's office.

Results of this analysis for causal factors provide potential hazard identification information that may need to be put through Santa Fe Trails' safety risk management process to reduce the potential risk of recurrence of a similar accident or incident.

Employee Safety Reporting Program Monitoring
An effective ESRP supports hazard identification. The Accountable Executive with support from the SMS Executive is responsible for monitoring the transit agency's ESRP.

Santa Fe Trails has established and documented the activities it will use on an ongoing basis to monitor whether its ESRP is effective and achieving desired outcomes. Within this process, Santa Fe Trails has established criteria that will determine if the program is performing as desired. Some of the criteria include: volume of reports received, value of reports received, response to reports received in terms of hazard identification risk assessment and risk mitigation, how information gathered from the ESRP is shared and communicated, and the timeliness and accuracy of feedback provided to employees who have reported a safety issue, concern, or condition.

Documentation on all aspects of monitoring the safety reporting program is stored in the Accountable Executive's office.

Continuous Improvement
Santa Fe Trails annually assesses its safety performance using key safety indicators to track progress towards its safety targets and to identify any deficiencies in safety performance against its targets, including when the agency fails to meet a target. This process also evaluates how effectively the agency addresses safety risks across all aspects of service delivery.

Santa Fe Trails annual assessment also includes conducting a comprehensive audit of the existing SMS, examining its policies, procedures, and implementation across all levels of the organization. This involves meticulously reviewing documentation, observing safety practices in the field, and conducting interviews with employees at different levels to gain a holistic understanding of the system's effectiveness. Deficiencies in the agency's SMS include concerns with the processes and procedures defined by the agency to carry out its SMS.

Based on the findings of this annual assessment, Santa Fe Trails develops and carries out a plan, under the direction of the Accountable Executive, to address any identified deficiencies. The plan includes the agency's efforts to address underlying hazards and potential consequences through Safety Risk Management, changing data collection or analysis techniques to better understand what is really going on, and/or testing and evaluating new approaches to SMS processes.

The results of these assessments are documented and kept on file in the SMS Executive's office.

8. Safety Promotion

Competencies and Training

Under the guidance of the SMS Executive, the Santa Fe Trails Training Administrator has the day-to-day responsibility for the development, delivery, and documentation of all SMS-related safety skill competencies and SMS training.

Santa Fe Trails has established competencies and training for all operations transit workers and transit workers directly responsible for safety. Training is provided to employees at-hire and on an ongoing refresher basis.

Training Needs Analyses
Santa Fe Trails periodically conducts training needs analyses to ensure that its training is up to date, and addresses critical, safety-related concerns. It carries out these training needs analyses by doing the following:

- Reviewing existing job descriptions;
- Identifying which positions, including contractors, have direct responsibility for determining when safety training is needed;
- Determining what SMS roles, responsibilities, and processes are missing from job descriptions, and;
- Updating job descriptions to reflect SMS practices.

New-Hire Bus Operator Training Program
Santa Fe Trails has comprehensive lesson plans for new-hire, classroom, and hands-on bus operator training. Continuation of skill training helps it identify hazards, such as training gaps or outdated lesson plans. Lesson plans and schedules not only assist the instructor in delivering the training but also provide a record of the content of the training should it be needed for any other purpose. All Santa Fe Trails new-hire bus operator lesson plans and schedules are kept on file a in the Training Administrator's office.

Bus Operator Refresher Training
Santa Fe Trails presently provides monthly bus operator refresher training on a variety of topics, including defensive driving, bloodborne pathogens, wheelchair securement, emergency procedures, active shooter, de-escalation, and ergonomics.

Santa Fe Trails maintains lesson plans, agendas, and sign-in sheets to document the content of refresher training and individual attendance at that training. These documents are on file in the Training Administrator's office.

Santa Fe Trails also provides retraining for Bus Operators for performance deficits.

Supervisors, Dispatchers, and Mechanic Training
Supervisors, dispatchers, and mechanics play a critical role in identifying and responding to hazards, and helping to both proactively and reactively mitigate risk. Training for supervisors, dispatchers, and mechanics primarily consists of mentoring, coaching, and on-the-job training.

Mentoring, coaching, and on-the-job training are very appropriate training approaches, but ones that need to be guided by a structured agenda of topics. Santa Fe Trails has developed checklists with topics for experienced supervisors, dispatchers, and maintenance staff to use during on-the-job training, coaching, and mentoring of trainees.

These checklists are also used to document an employee's satisfactory completion of the training and include instructor and trainee signatures and the dates the training took place. These documents are kept on file in the Training Administrator's office.

SMS Orientation
A cross-functional and multi-level understanding of SMS supports all SMS-related activities. Successful SMS implementation and operation require employee involvement and ownership at every level of the agency and within every service-delivery related function. Employees need to understand SMS; what their role is within SMS; and how they, the organization, and customers benefit from SMS success. This knowledge will nurture employee "buy-in."

Santa Fe Trails presented SMS orientation sessions for all employee functions and addressed the implications of SMS for all agency functions. This initiative addressed SMS with experienced employees. Santa Fe Trails has also plugged information on SMS into all new-hire employee orientations. Documentation of these orientations, including agenda of topics covered, signatures of trainer/trainee, are kept on file in the Training Administrator's office.

Safety Risk Management Orientation for Subject Matter Experts
Successful proactive safety risk mitigation begins with subject matter experts who have a clear understanding of their responsibilities and the skills required to carry them out.

Employees who participate in safety risk management activities as subject matter experts need to understand how to carry out their responsibilities. The SMS Executive makes sure that subject matter experts are orientated on their safety risk management responsibilities, the desired outcomes of safety risk management activities, and the importance of the effort to Santa Fe Trails' safety performance.

Documentation of the orientation process, as well as the orientations themselves, includes how the agency:

- assesses hazards for consequences;
- conducts safety risk assessments, and;
- creates safety risk mitigations.

Documentation of this ongoing activity is on file in the Training Administrator's office.

Safety Performance Monitoring Orientation
The quality of safety performance monitoring is reflected in an agency's overall positive safety performance. Employees who participate in safety performance monitoring activities need to know how to carry out their responsibilities. The Accountable Executive and SMS Executive make sure that these employees receive orientations on what their responsibilities are, the desired outcomes of safety performance monitoring, and the importance of the effort to overall agency safety performance.

Orientations include how to perform monitoring activities of both internal and contracted operations as well as external maintenance activities. Performance monitoring includes such activities as:

- field observations to ensure operations and maintenance policies and procedures are being followed correctly;
- assessing and documenting employee safety performance; monitoring the effectiveness of safety risk mitigations, and;
- evaluating the effectiveness of the employee safety program.

Documentation of these activities is kept on file in the Training Administrator's office.

Orientation on Employee Safety Reporting Program
An effective ESRP is one of the most important tools for hazard identification.

Santa Fe Trails' ESRP, at a minimum, provides the following information:

- the purpose and benefits of the program;
- guidelines on the types of safety concerns and issues employees should report;
- the reporting methods available to employees (how to report);
- an explanation of how the information will be managed and shared;
- the protections for employees who report safety concerns;
- a description of the operational behaviors that are not protected and may result in discipline, and;
- the agency's commitment to providing feedback on reported safety concerns.

Agendas of the ESRP orientation and attendance records are on file in the Training Administrator's office.

Training Documentation
Training documentation is a source of hazard identification.

Training documentation provides formal proof that employees were trained and shows that employees received timely certification and recertification in critical skill areas. Up-to-date training documentation also assists Santa Fe Trails in forecasting future training schedules.

Santa Fe Trails training documentation includes:

- records of training needs analysis for lesson plan development;
- curricula for initial and refresher training;
- training schedules and records of all completed training;
- procedures for revising training materials;
- course assessment materials, and;
- copies of individual employee training records.

Santa Fe Trails records of course completion include:

- date the training was held;
- content covered during the training session;
- length of the session;
- training format, and;
- signatures of instructor and trainee.

Records of training documentation and course completion are kept on file in the Training

Administrator's office.

Conflict Training and De-escalation Skills

Santa Fe Trails provides conflict management and de-escalation training to all staff, via on line training module and in person training.

Training Monitoring
Santa Fe Trails regularly monitors its training to ensure effectiveness. Specifically, the training monitoring process addresses the following:

- monitor training to make sure it delivers the necessary SMS skills and information;
- establish a process for reviewing and revising training courses and consider review frequency, reviewers, and decision-making process for revisions.

Safety Communication

The Accountable Executive and SMS Executive are responsible for ensuring the distribution and communication of safety and safety performance information throughout Santa Fe Trails. They are assisted in this responsibility by appropriate managers and supervisors.

Effective safety communication is the foundation for developing robust Safety Management System (SMS) processes and activities at Santa Fe Trails. Santa Fe Trails regularly informs its workers of safety actions taken in response to reports submitted through the transit worker safety reporting program. The department has ensured, and will continue to ensure, that all employees are aware of safety-related information and responsibilities across multiple communication channels including conveying all reports to frontline transit worker representatives. This includes providing clear explanations, documentation, training, and notifications about any changes to relevant policies, activities, or procedures. Santa Fe Trails has documented its comprehensive approach to safety communication and supporting activities, which is maintained on file in the Accountable Executive's office.

In general, Santa Fe Trails' documentation of safety communication includes details about:

- objectives of the communication;
- content;
- target audience;
- format;
- frequency of the communication; and
- ways to ensure communication was understood.

Safety Meetings
Santa Fe Trails holds monthly employee safety meetings. These safety meetings provide a strong platform for safety-related communication and dialogue, identification of safety hazards, concerns, and issues, and the delivery of refresher training. It is through employee safety meetings that the agency conveys the results of cooperation with frontline transit worker representatives in updating the Agency's Safety Plan

Agendas for these meetings are comprehensively documented.

Santa Fe Trails' documentation of its safety meeting process includes:

- how often it schedules employee safety meetings;
- the job functions that are required to attend meetings;
- how it chooses topics to discuss during the meetings, and;
- how it addresses those topics within the employee safety meeting.
- The safety meeting provides employees and frontline transit worker representatives with the ability to provide input for the safety plan.

Organization-Wide Communication of Safety Hazard and Safety Risk Information

A goal of safety risk management processes is to reduce safety risk for employees and customers. Safety-sensitive employees are always vulnerable to the consequences of safety hazards within the transit environment. Timely reporting to employees of newly identified safety hazards and the safety risks those hazards present can help reduce that vulnerability.

Santa Fe Trails has documented procedures for communicating hazards. The Accountable Executive and SMS Executive are responsible for making sure this communication takes place. The documentation of these procedures is on file in the SMS Executive's office.

Communication about Safety Risk Mitigations

Santa Fe Trails is committed to informing employees at every level of operations about the safety risk mitigations it is putting into effect. The reasons it provides this information are:

- it tells employees that the transit agency is doing all it can to reduce risk;
- it brings attention to employee roles and responsibilities that may be affected by new mitigations, and;
- informed employees are better situated to be a source of information on determining how well mitigations are working.

Santa Fe Trails has documented its procedures for communicating safety risk mitigations to employees along with who is responsible for making sure this communication takes place. The Accountable Executive and SMS Executive share responsibility for making sure that this communication takes place. This documentation is on file in the SMS Executive's office.

Organization-Wide Communication of Agency Safety Performance

Transit agencies implement SMS to help them continuously improve their safety performance. Communicating agency safety performance information promotes employee "buy-in" to SMS processes, thus further improving the agency's overall safety performance.

Santa Fe Trails employees should have ownership of safety. To reinforce this ownership, Santa Fe Trails periodically communicates statistics on the agency's overall safety performance to all employees regardless of job function. This includes providing information on Santa Fe Trails' status related to achieving its safety performance targets.

Santa Fe Trails has documented how it communicates safety performance information throughout its organization. The Accountable Executive is responsible for taking the lead on this communication and

making sure that it takes place. The documented procedures are on file in the SMS Executive's office.

Additional Information

Santa Fe Trails will maintain documents that describe the programs, policies, and procedures it uses to carry out its agency safety plan. It will also maintain documents not included or referenced elsewhere in this safety plan, related to the implementation of the transit agency's SMS, as well as results from SMS processes and activities.

These documents will be maintained for at least three years after their creation and made available upon request by the FTA, other federal entities, or the NMDOT. The Accountable Executive and SMS Executive will be points of contact for providing Agency Safety Plan-related information to external agencies to ensure access to these documents.

EXECUTIVE SUMMARY:

The Resolution designates authorized representatives and agents for an agreement with New Mexico Department of Transportation (NMDOT), regarding Appropriation ID number F3057, and Control number C5213057 ("Grant Agreement"). The Grant Agreement makes available three hundred thousand dollars ($300,000), appropriated by the New Mexico State Legislature for a project to acquire rights of way and to plan, design, construct and improve pedestrian, bicycle, and drainage infrastructure on Governor Miles Road in the city of Santa Fe.

Attachment A of the Grant Agreement also requires that the City "Adopt a written resolution of support for the Project, including as applicable an assumption of ownership, liability, and maintenance responsibility for the scope, or related amenities and required funding to support the project. Adoption of this Resolution will satisfy these requirements and allow the City to enter into the Grant Agreement. The Grant Agreement will be presented to the Governing Body and executed in an action separate from the Resolution; and the Resolution will not be implicated if the Governing Body does not later approve the grant agreement.

The Laws of 2025, Chapter 158, Senate Bill 425, Section 360, reauthorized or re-appropriated funding for the Grant Agreement, and extended the expenditure period from June 30th, 2025, to June 30th, 2027.

ARTICLE IV. REVERSION DATE, TERM, DEADLINE TO EXPEND FUNDS

A. As referenced in Article I(A), the applicable law establishes a date by which Project funds must be expended by Grantee, which is referred to throughout the remainder of this Agreement as the "Reversion Date." Upon being duly executed by both parties, this Agreement shall be effective as of the date of execution by the Department. It shall terminate on 6/30/2025 the Reversion Date unless Terminated Before Reversion Date ("Early Termination") pursuant to Article V herein.

B. The Project's funds must be expended on or before the Reversion Date and, if applicable, Early Termination Date of this Agreement. For purposes of this Agreement, it is not sufficient for the Grantee to encumber the Project funds on its books on or before the Project's Reversion Date or Early Termination Date. Funds are expended and an expenditure has occurred as of the date that a particular quantity of goods are delivered to and received by the Grantee or title to the goods is transferred to the Grantee and/or as of the date

particular services are rendered for the Grantee. Funds are *not* expended and an expenditure has *not* occurred as of the date they are encumbered by the Grantee pursuant to a contract or purchase order with a third party.

ARTICLE V. EARLY TERMINATION

A. Early Termination Before Reversion Date Due to Completion of the Project or Complete Expenditure of the Adjusted Appropriation or Violation of this Agreement

Early Termination includes:

(i) Termination due to completion of the Project before the Reversion Date; or
(ii) Termination due to complete expenditure of the Adjusted Appropriation Amount before the Reversion Date; or
(iii) Termination for violation of the terms of this Agreement; or
(iv) Termination for suspected mishandling of public funds, including but not limited to, fraud, waste, abuse, and conflicts of interest.

Either the Department or the Grantee may early terminate this Agreement prior to the Reversion Date by providing the other party with a minimum of fifteen (15) days' advance, written notice of early termination. Grantee hereby waives any rights to assert an impairment of contract claim against the Department or the State of New Mexico in the event of Early Termination of this Agreement by the Department pursuant to Article V(A).

B. Early Termination Before Reversion Date Due to Non-appropriation

The terms of this Agreement are expressly made contingent upon sufficient appropriations and authorization being made by the Legislature of New Mexico for the performance of this Agreement. Throughout this Agreement the term "non-appropriate" or "non-appropriation" includes the following actions by the New Mexico Legislature: deauthorization, reauthorization or revocation of a prior authorization. The Legislature may choose to non-appropriate the Appropriation referred to in Article I and, if that occurs, the Department shall early terminate this Agreement for non-appropriation by giving the Grantee written notice of such termination, and such termination shall be effective as of the effective date of the law making the non-appropriation. The Department's decision as to whether sufficient appropriations or authorizations are available shall be accepted by the Grantee and shall be final. Grantee hereby waives any rights to assert an impairment of contract claim against the Department or the State of New Mexico in the event of Early Termination of this Agreement by the Department pursuant to Article V(B).

C. Limitation on Department's Obligation to Make Grant Disbursements to Grantee in the Event of Early Termination

In the event of Early Termination of this Agreement by either party, the Department's sole and absolute obligation to reimburse the Grantee is expressly conditioned upon the limitations set forth Article II.

ARTICLE VI. SUSPENSION OF NEW OR FURTHER OBLIGATIONS

A. The Department may choose, in its sole and absolute discretion, to provide written notice to the Grantee to suspend entering into new and further obligations. Upon the receipt of such written notice by the Grantee:

(i) The Grantee shall immediately suspend entering into new or further written obligations with third parties; and

(ii) The Department will suspend the issuance of any new or further Notice of Obligation under this Agreement; and

(iii) The Department may direct the Grantee to implement a corrective action plan in accordance with Article VI(D) herein.

B. In the event of Suspension of this Agreement, the Department's sole and absolute obligation to reimburse the Grantee is expressly conditioned upon the limitations set forth in Article II herein.

C. A suspension of new or further obligations under this Agreement shall remain in effect unless or until the date the Grantee receives written notice given by the Department informing the Grantee that the Suspension has been lifted or that the Agreement has been Early Terminated in accordance with Article V herein. If the Suspension is lifted, the Department will consider further requests for Notice of Obligation.

D. Corrective Action Plan in the Event of Suspension

In the event that the Department chooses, in its sole and absolute discretion to direct the Grantee to suspend entering into new or further written obligations with third parties pursuant to Article VI(A), the Department may, but is not obligated to, require the Grantee to develop and implement a written corrective action plan to remedy the grounds for the Suspension. Such corrective action plan must be approved by the Department and be signed by the Grantee. Failure to sign a corrective action plan or meet the terms and deadlines set forth in the signed corrective action plan, is hereby deemed a violation of the terms of this Agreement for purposes of Early Termination, Article V(A)(iii). The corrective action plan is in addition to, and not in lieu of, any other equitable or legal remedy, including but not limited to Early Termination.

ARTICLE VII. AMENDMENT

This Agreement shall not be altered, changed, or amended except by instrument in writing duly executed by both the parties hereto.

ARTICLE VIII. REPORTS

A. Database Reporting

The Grantee shall report monthly Project activity by entering such Project information as the Department and the Department of Finance and Administration may require, such information entered directly into a database maintained by the Department of Finance and Administration (http://cpms.dfa.state.nm.us). Additionally, the Grantee shall certify on the Request for Payment form (Exhibit 1) that updates have been maintained and are current in the database. The Grantee hereby acknowledges that failure to perform and/or certify updates into the database will delay or potentially jeopardize the reimbursement of funds. The Department shall give Grantee a minimum of thirty (30) days' advance written notice of any changes to the information the Grantee is required to report.

Monthly reports shall be due on the last day of each month, beginning with the first full month following execution of this Agreement by the Department and ending upon the submission of the final request for reimbursement for the Project.

B. Requests for Additional Information/Project Inspection

During the term of this Agreement and during the period of time during which the Grantee must maintain records pursuant to Article VIII, the Department may:

(i) request such additional information regarding the Project as it deems necessary; and

(ii) conduct, at reasonable times and upon reasonable notice, onsite inspections of the Project.

Grantee shall respond to such requests for additional information within a reasonable period of time, as established by the Department.

ARTICLE IX. REQUEST FOR PAYMENT PROCEDURES AND DEADLINES

A. The Grantee shall request payment by submitting a Request for Payment, in the form attached hereto as Exhibit 1. Payment requests are subject to the following procedures:

(i) The Grantee must submit a Request for Payment; and

(ii) Each Request for Payment must contain proof of payment by the Grantee or liabilities incurred by the Grantee showing that the expenditures are valid or are liabilities incurred by the Grantee in the form of actual unpaid invoices received by the Grantee for services rendered by a third party or items of tangible personal property received by the Grantee for the implementation of the Project; provided, however, that the Grantee may be reimbursed for unpaid liabilities only if the Department, in its sole and absolute discretion, agrees to do so and in accordance with any special conditions imposed by the Department.

(iii) In cases where the Grantee is submitting a Request for Payment to the Department based upon invoices received, but not yet paid, by the Grantee from a third party contractor or vendor, if the invoices comply with the provisions of this Agreement and are a valid liability of the Grantee, the Grantee shall make payment to those contractors or vendors within five (5) business days from the date of receiving reimbursement from the Department or such shorter period of time as the Department may prescribe in writing. The Grantee is required to certify to the Department proof of payment to the third party contractor or vendor within ten (10) business days from the date of receiving reimbursement from the Department.

B. The Grantee must obligate 5% of the Adjusted Appropriation Amount within six months of acceptance of the grant agreement and must have expended no less than 85% of the Adjusted Appropriation Amount six months prior to the reversion date.

C. Deadlines

Requests for Payments shall be submitted by Grantee to the Department on the earlier of:

(i) Immediately as they are received by the Grantee but at a minimum thirty (30) days from when the expenditure was incurred or liability of the Grantee was approved as evidenced by an unpaid invoice received by the Grantee from a third party contractor or vendor; or

(ii) July 15 of each year for all unreimbursed expenditures incurred during the previous fiscal year; or

(iii) Twenty (20) days from date of Early Termination; or

(iv) Twenty (20) days from the Reversion Date.

D. The Grantee's failure to abide by the requirements set forth in Article II and Article IX herein will result in the denial of its Request for Payment or will delay the processing of Requests for Payment. The Department has the right to reject a payment request for the Project unless and until it is satisfied that the expenditures in the Request for Payment are for permissible purposes within the meaning of the Project Description and that the expenditures and the Grantee are otherwise in compliance with this Agreement,

including but not limited to, compliance with the reporting requirements and the requirements set forth in Article II herein to provide Third Party Obligations and the Deadlines set forth in Article IX herein. The Department's ability to reject any Request for Payment is in addition to, and not in lieu of, any other legal or equitable remedy available to the Department due to Grantee's violation of this Agreement.

ARTICLE X. PROJECT CONDITIONS AND RESTRICTIONS; REPRESENTATIONS AND WARRANTIES

A. The following general conditions and restrictions are applicable to the Project:

(i) The Project's funds must be spent in accordance with all applicable state laws, regulations, policies, and guidelines, including, but not limited to, the State Procurement Code (or local procurement ordinance, where applicable).

(ii) The Project must be implemented in accordance with the New Mexico Public Works Minimum Works Act, Section 13-4-10 through 13-4-17 NMSA 1978, as applicable. Every contract or project in excess of sixty thousand dollars ($60,000) that the Grantee is a party to for construction, alteration, demolition or repair or any combination of these, including painting and decorating, of public buildings, public works or public roads and that requires or involves the employment of mechanics, laborers or both shall contain a provision stating the minimum wages and fringe benefits to be paid to various classes of laborers and mechanics, shall be based upon the wages and benefits that will be determined by the New Mexico Department of Workforce Solutions to be prevailing for the corresponding classes of laborers and mechanics employed on contract work of a similar nature in the locality. Further, every contract or project shall contain a stipulation that the contractor, subcontractor, employer or a person acting as a contractor shall pay all mechanics and laborers employed on the site of the project, unconditionally and not less often than once a week and without subsequent unlawful deduction or rebate on any account, the full amounts accrued at time of payment computed at wage rates and fringe benefit rates not less than those determined pursuant to Section 13-4-11 (B) NMSA 1978 to be the prevailing wage rates and prevailing fringe benefit rates issued for the project.

(iii) The Project may only benefit private entities in accordance with applicable law, including, but not limited to, Article IX, Section 14 of the Constitution of the State of New Mexico, the "Anti-Donation Clause."

(iv) The Grantee shall not for a period of 10 years from the date of this agreement convert any property acquired, built, renovated, repaired, designed or developed with the Project's funds to uses other than those specified in the Project Description without the Department's and the Board of Finance's express, advance, written approval, which may include a requirement to reimburse the State for the cost of the project, transfer proceeds from the disposition of property to the State, or otherwise provide consideration to the State.

(v) The Grantee shall comply with all federal and state laws, rules and regulations pertaining to equal employment opportunity. In accordance with all such laws, rules and regulations the Grantee agrees to assure that no person shall, on the grounds of race, color, national origin, sex, sexual preference, age or handicap, be excluded from employment with Grantee, be excluded from participation in the Project, be denied benefits or otherwise be subject to discrimination under, any activity performed under this Agreement. If Grantee is found to be not in compliance with these requirements during the life of this Agreement, Grantee agrees to take appropriate steps to correct any deficiencies. The Grantee's failure to implement such appropriate steps within a reasonable time constitutes grounds for terminating this Agreement.

B. The Grantee hereby represents and warrants the following:

(i) The Grantee has the legal authority to receive and expend the Project's funds.

(ii) This Agreement has been duly authorized by the Grantee, the person executing this Agreement has authority to do so, and, once executed by the Grantee, this Agreement shall constitute a binding obligation of the Grantee, enforceable according to its terms.

(iii) This Agreement and the Grantee's obligations hereunder do not conflict with any law or ordinance or resolution applicable to the Grantee, the Grantee's charter (if applicable), or any judgment or decree to which the Grantee is subject.

(iv) The Grantee has independently confirmed that the Project Description, including, but not limited to, the amount and Reversion Date, is consistent with the underlying appropriation in law.

(v) The Grantee's governing body has duly adopted or passed as an official act a resolution, motion, or similar action authorizing the person identified as the official representative of the Grantee to sign the Agreement and to sign Requests for Payment.

(vi) The Grantee shall abide by New Mexico laws regarding conflicts of interest, governmental conduct and whistleblower protection. The Grantee specifically agrees that no officer or employee of the local jurisdiction or its designees or agents, no member of the governing body, and no other public official of the locality who exercises any function or responsibility with respect to this Grant, during their tenure or for one year thereafter, shall have any interest, direct or indirect, in any contract or subcontract, or the proceeds thereof, for work to be performed or goods to be received, pursuant to this Grant. Further, Grantee shall require all of its contractors to incorporate in all subcontracts the language set forth in this paragraph prohibiting conflicts of interest.

(vii) No funds have been paid or will be paid, by or on behalf of the Grantee, to any person for influencing or attempting to influence an officer or employee of this or any agency or body in connection with the awarding of any Third Party Obligation and that the Grantee shall require certifying language prohibiting lobbying to be included in the award documents for all subawards, including subcontracts, loans and cooperative agreements. All subrecipients shall be required to certify accordingly.

ARTICLE XI. STRICT ACCOUNTABILITY OF RECEIPTS AND DISBURSEMENTS; PROJECT RECORDS

A. The Grantee shall be strictly accountable for receipts and disbursements relating to the Project's funds. The Grantee shall follow generally accepted accounting principles, and, if feasible, maintain a separate bank account or fund with a separate organizational code, for the funds to assure separate budgeting and accounting of the funds.

B. For a period of six (6) years following the Project's completion, the Grantee shall maintain all Project related records, including, but not limited to, all financial records, requests for proposals, invitations to bid, selection and award criteria, contracts and subcontracts, advertisements, minutes of pertinent meetings, as well as records sufficient to fully account for the amount and disposition of the total funds from all sources budgeted for the Project, the purpose for which such funds were used, and such other records as the Department shall prescribe.

C. The Grantee shall make all Project records available to the Department, the Department of Finance and Administration, and the New Mexico State Auditor upon request. With respect to the funds that are the subject of this Agreement, if the State Auditor or the Department of Finance and Administration finds that any or all of these funds were improperly expended, the Grantee may be required to reimburse to the State of New Mexico, to the originating fund, any and all amounts found to be improperly expended.

ARTICLE XII. IMPROPERLY REIMBURSED FUNDS

If the Department determines that part or all of the Appropriation Amount was improperly reimbursed to Grantee, including but not limited to, Project funds reimbursed to Grantee based upon fraud, mismanagement, misrepresentation, misuse, violation of law by the Grantee, or violation of this Agreement, the Grantee shall return such funds to the Department for disposition in accordance with law.

ARTICLE XIII. LIABILITY

Neither party shall be responsible for liability incurred as a result of the other party's acts or omissions in connection with this Agreement. Any liability incurred in connection with this Agreement is subject to immunities and limitations of the New Mexico Tort Claims Act.

ARTICLE XIV. SCOPE OF AGREEMENT

This Agreement constitutes the entire and exclusive agreement between the Grantee and Department concerning the subject matter hereof. The Agreement supersedes any and all prior or contemporaneous agreements, understandings, discussions, communications, and representations, written or verbal.

ARTICLE XV. REQUIRED NON-APPROPRIATIONS CLAUSE IN CONTRACTS FUNDED IN WHOLE OR PART BY FUNDS MADE AVAILABLE UNDER THIS AGREEMENT

The Grantee acknowledges, warrants, and agrees that Grantee shall include a "non-appropriations" clause in all contracts between it and other parties that are (i) funded in whole or part by funds made available under this Agreement and (ii) entered into after the effective date of this Agreement that states:

"The terms of this Agreement are contingent upon sufficient appropriations and authorization being made by the Legislature of New Mexico for the performance of this Agreement. If sufficient appropriations and authorization are not made by the Legislature, the City of Santa Fe may immediately terminate this Agreement by giving Contractor written notice of such termination. The City of Santa Fe's decision as to whether sufficient appropriations are available shall be accepted by the Contractor and shall be final. Contractor hereby waives any rights to assert an impairment of contract claim against the City of Santa Fe or the Department of Transportation or the State of New Mexico in the event of immediate or Early Termination of this Agreement by the City of Santa Fe or the Department"

ARTICLE XVI. REQUIRED TERMINATION CLAUSE IN CONTRACTS FUNDED IN WHOLE OR PART BY FUNDS MADE AVAILABLE UNDER THIS AGREEMENT

Grantee acknowledges, warrants, and agrees that Grantee shall include the following termination clause in all contracts that are (i) funded in whole or part by funds made available under this Agreement and (ii) entered into after the effective date of this Agreement:

"This contract is funded in whole or in part by funds made available under a Department of Transportation Grant Agreement. Should the Department of Transportation early terminate the grant agreement, the City of Santa Fe may early terminate this contract by providing Contractor written notice of such termination. In the event of termination pursuant to this paragraph, the City of Santa Fe only liability shall be to pay Contractor for acceptable goods delivered and services rendered before the termination date."

Grantee hereby waives any rights to assert an impairment of contract claim against the Department or the State of New Mexico in the event of Early Termination of this Agreement by the Department.

XVII. COMPLIANCE WITH UNIFORM FUNDING CRITERIA.

A. Throughout the term of this Agreement, Grantee shall:

1. submit all reports of annual audits and agreed upon procedures required by Section 12-6-3(A)-(B) NMSA 1978 by the due dates established in 2.2.2 NMAC, reports of which must be a public record pursuant to Section 12-6-5(A) NMSA 1978 within forty-five days of delivery to the State Auditor;
2. have a duly adopted budget for the current fiscal year approved by its budgetary oversight agency (if any);
3. timely submit all required financial reports to its budgetary oversight agency (if any); and
4. have adequate accounting methods and procedures to expend grant funds in accordance with applicable law and account for and safeguard grant funds and assets acquired by grant funds.

B. In the event Grantee fails to comply with the requirements of Paragraph A of this Article XVII, the Department may take one or more of the following actions:

1. suspend new or further obligations pursuant to Article VI(A) of this Agreement;
2. require the Grantee to develop and implement a written corrective action plan pursuant to Article VI(D) of this Agreement to remedy the non-compliance;
3. impose special grant conditions to address the non-compliance by giving the Grantee notice of such special conditions in accordance with Article III of this Agreement; the special conditions shall be binding and effective on the date that notice is deemed to have been given pursuant to Article III; or
4. terminate this Agreement pursuant to Article V(A) of this Agreement.

ARTICLE XVIII. SEVERANCE TAX BOND AND GENERAL OBLIGATION BOND PROJECT CLAUSES

A. Grantee acknowledges and agrees that the underlying appropriation for the Project is a severance tax bond or general obligation bond appropriation, and that the associated bond proceeds are administered by the New Mexico State Board of Finance (SBOF), an entity separate and distinct from the Department. Grantee acknowledges and agrees that (i) it is Grantee's sole and absolute responsibility to determine through SBOF staff what (if any) conditions are currently imposed on the Project; (ii) the Department's failure to inform Grantee of a SBOF imposed condition does not affect the validity or enforceability of the condition; (iii) the SBOF may in the future impose further or different conditions upon the Project; (iv) all SBOF conditions are effective without amendment of this Agreement; (v) all applicable SBOF conditions must be satisfied before the

SBOF will release to the Department funds subject to the condition(s); and (vi) the Department's obligation to reimburse Grantee from the Project is contingent upon the then current SBOF conditions being satisfied.

B. Grantee acknowledges and agrees that the SBOF may in its sole and absolute discretion remove a project's assigned bond proceeds if the project doesn't proceed sufficiently. Entities must comply with the requirement to encumber five percent (5%) of Project funds within six months of bond issuance as certified by the grantee in the Bond Questionnaire and Certification documents submitted to the SBOF. Failure to comply may result in the bond proceeds reassignment to a new ready project. If this should occur this grant agreement will be suspended until the entity has demonstrated readiness as determined by the SBOF and the Department.

C. Grantee acknowledges and agrees that this Agreement is subject to the SBOF's Bond Project Disbursements rule, NMAC 2.61.6, as may be amended or re-codified. The rule provides definitions and interpretations of grant language for the purpose of determining whether a particular activity is allowable under the authorizing language of the agreement.

[THIS SPACE LEFT BLANK INTENTIONALLY]

IN WITNESS WHEREOF, the parties have duly executed this Agreement as of the date of execution by the Department.

AGREEMENT

NOW, THEREFORE, in consideration of the mutual covenants and obligations contained herein, the parties hereby mutually agree as follows:

ARTICLE I. PROJECT DESCRIPTION, AMOUNT OF GRANT AND REVERSION DATE

A. The project that is the subject of this Agreement is described as follows:

DFA Appropriation ID F3057 NMDOT Control Number C5213057 $300,000
APPROPRIATION REVERSION DATE: 6/30/2025
Laws of 2021, Chapter 138, Section 33, Subsection 98, Three Hundred Thousand Dollars and No Cents ($300,000), to acquire rights of way and to plan, design, construct and improve pedestrian, bicycle and drainage infrastructure on Governor Miles road in Santa Fe in Santa Fe county; .

The Grantee's total reimbursements shall not exceed Three Hundred Thousand Dollars and No Cents $300,000 (the "Appropriation Amount") minus the allocation for Art in Public Places ("AIPP amount")[1], if

[1] The AIPP amount is "an amount of money equal to one percent or two hundred thousand dollars ($200,000), whichever is less, of the amount of money appropriated for new construction or any major renovation exceeding one hundred thousand dollars ($100,000)." Section 13-4A-4 NMSA 1978.

applicable, Zero Dollars and Zero Cents ($ 0.00), which equals Three Hundred Thousand Dollars and No Cents ($300,000) (the "Adjusted Appropriation Amount").

In the event of a conflict among the Appropriation Amount, the Reversion Date, as defined herein and/or the purpose of the Project, as set forth in this Agreement, and the corresponding appropriation language in the laws cited above in this Article I(A), the language of the laws cited herein shall control.

This project is referred to throughout the remainder of this Agreement as the "Project"; the information contained in Article I(A) is referred to collectively throughout the remainder of this Agreement as the "Project Description." Optional Attachment A sets forth additional or more stringent requirements and conditions, which are incorporated by this reference as if set forth fully herein. If Optional Attachment A imposes more stringent requirements than any requirement set forth in this Agreement, the more stringent requirements of Attachment A shall prevail, in the event of irreconcilable conflict. The Grantee shall reference the Project's number in all correspondence with and submissions to the Department concerning the Project, including, but not limited to, Requests for Payment and reports.

ARTICLE II. LIMITATION ON DEPARTMENT'S OBLIGATION TO MAKE GRANT DISBURSEMENT TO GRANTEE

A. Upon the Effective Date of this Agreement, for permissible purposes within the scope of the Project Description, the Grantee shall only be reimbursed monies for which the Department has issued and the Grantee has received a Notice of Department's Obligation to Reimburse[2] Grantee (hereinafter referred to as "Notice of Obligation"). This Grant Agreement and the disbursement of any and all amounts of the above referenced Adjusted Appropriation Amount are expressly conditioned upon the following:

(i) Irrespective of any Notice of Obligation, the Grantee's expenditures shall be made on or before the Reversion Date and, if applicable, an Early Termination Date (i.e., the goods have been delivered and accepted or the title to the goods has been transferred to the Grantee and/or the services have been rendered for the Grantee); and

(ii) The total amount received by the Grantee shall not exceed the lesser of: (a) the Adjusted Appropriation Amount identified in Article I(A) herein or (b) the total of all amounts stated in the Notice(s) of Obligation evidencing that the Department has received and accepted the Grantee's Third Party Obligation(s), as defined in subparagraph iii of this Article II(A); and

(iii) The Grantee's expenditures were made pursuant to the State Procurement Code and execution of binding written obligations or purchase orders with third party contractors or vendors for the provision of services, including professional services, or the purchase of tangible personal property and real property for the Project, hereinafter referred to as "Third Party Obligations"; and

(iv) The Grantee's submittal of timely Requests for Payment in accordance with the procedures set forth in Article IX of this Agreement; and

(v) In the event that capital assets acquired with Project funds are to be sold, leased, or licensed to or operated by a private entity, the sale, lease, license, or operating agreement:
   a. must be approved by the applicable oversight entity (if any) in accordance with law; or
   b. if no oversight entity is required to approve the transaction, the Department must approve the transaction as complying with law.

[2] "Reimburse" as used throughout this Agreement includes Department payments to the Grantee for invoices received, but not yet paid, by the Grantee from a third party contractor or vendor, if the invoices comply with the provisions of this Agreement and are a valid liability of the Grantee.

Prior to the sale, lease, license, or operating agreement being approved pursuant to Articles II(A)(v)(a) and II(A)(v)(b) herein, the Department may, in its sole and absolute discretion and unless inconsistent with State Board of Finance imposed conditions, reimburse the Grantee for necessary expenditures incurred to develop the Project sufficiently to make the sale, lease, license, or operating agreement commercially feasible, such as plan and design expenditures; and

(vi) The Grantee's submission of documentation of all Third Party Obligations and amendments thereto (including terminations) to the Department and the Department's issuance and the Grantee's receiving of a Notice of Obligation for a particular amount in accordance with the terms of this Agreement shall be governed by the following:

a. The Grantee shall submit to the Department one copy of all Third Party Obligations and amendments thereto (including terminations) as soon as possible after execution by the Third Party but prior to execution by the Grantee.
b. Grantee acknowledges and agrees that if it chooses to enter into a Third Party Obligation prior to receiving a Notice of Obligation that covers the expenditure, it is solely responsible for such obligations.
c. The Department may, in its sole and absolute discretion, issue to Grantee a Notice of Obligation for the particular amount of that Third Party Obligation that only obligates the Department to reimburse Grantee's expenditures made on or before the Reversion Date or an Early Termination Date. The current Notice of Obligation form is attached to this Agreement as Exhibit 2.
d. The date the Department signs the Notice of Obligation is the date that the Department's Notice of Obligation is effective. After that date, the Grantee is authorized to budget the particular amount set forth in the Notice of Obligation, execute the Third Party Obligation and request the Third Party to begin work. Payment for any work performed or goods received prior to the effective date of the Notice of Obligation is wholly and solely the obligation of the Grantee.

B. The Grantee shall implement, in all respects, the Project. The Grantee shall provide all necessary qualified personnel, material, and facilities to implement the Project. The Grantee shall finance its share (if any) of the costs of the Project, including all Project overruns.

C. Project funds shall not be used for purposes other than those specified in the Project Description.

D. Unless specifically allowed by law, Project funds cannot be used to reimburse Grantee for indirect Project costs.

In the case of email transmissions, the notice shall be deemed to have been given and received on the date reflected on the delivery receipt of email.

ARTICLE IV. REVERSION DATE, TERM, DEADLINE TO EXPEND FUNDS

A. As referenced in Article I(A), the applicable law establishes a date by which Project funds must be expended by Grantee, which is referred to throughout the remainder of this Agreement as the "Reversion Date." Upon being duly executed by both parties, this Agreement shall be effective as of the date of execution by the Department. It shall terminate on 6/30/2025 the Reversion Date unless Terminated Before Reversion Date ("Early Termination") pursuant to Article V herein.

B. The Project's funds must be expended on or before the Reversion Date and, if applicable, Early Termination Date of this Agreement. For purposes of this Agreement, it is not sufficient for the Grantee to encumber the Project funds on its books on or before the Project's Reversion Date or Early Termination Date. Funds are expended and an expenditure has occurred as of the date that a particular quantity of goods are delivered to and received by the Grantee or title to the goods is transferred to the Grantee and/or as of the date

particular services are rendered for the Grantee. Funds are *not* expended and an expenditure has *not* occurred as of the date they are encumbered by the Grantee pursuant to a contract or purchase order with a third party.

ARTICLE V. EARLY TERMINATION

A. Early Termination Before Reversion Date Due to Completion of the Project or Complete Expenditure of the Adjusted Appropriation or Violation of this Agreement

Early Termination includes:

(i) Termination due to completion of the Project before the Reversion Date; or
(ii) Termination due to complete expenditure of the Adjusted Appropriation Amount before the Reversion Date; or
(iii) Termination for violation of the terms of this Agreement; or
(iv) Termination for suspected mishandling of public funds, including but not limited to, fraud, waste, abuse, and conflicts of interest.

Either the Department or the Grantee may early terminate this Agreement prior to the Reversion Date by providing the other party with a minimum of fifteen (15) days' advance, written notice of early termination. Grantee hereby waives any rights to assert an impairment of contract claim against the Department or the State of New Mexico in the event of Early Termination of this Agreement by the Department pursuant to Article V(A).

B. Early Termination Before Reversion Date Due to Non-appropriation

The terms of this Agreement are expressly made contingent upon sufficient appropriations and authorization being made by the Legislature of New Mexico for the performance of this Agreement. Throughout this Agreement the term "non-appropriate" or "non-appropriation" includes the following actions by the New Mexico Legislature: deauthorization, reauthorization or revocation of a prior authorization. The Legislature may choose to non-appropriate the Appropriation referred to in Article I and, if that occurs, the Department shall early terminate this Agreement for non-appropriation by giving the Grantee written notice of such termination, and such termination shall be effective as of the effective date of the law making the non-appropriation. The Department's decision as to whether sufficient appropriations or authorizations are available shall be accepted by the Grantee and shall be final. Grantee hereby waives any rights to assert an impairment of contract claim against the Department or the State of New Mexico in the event of Early Termination of this Agreement by the Department pursuant to Article V(B).

C. Limitation on Department's Obligation to Make Grant Disbursements to Grantee in the Event of Early Termination

In the event of Early Termination of this Agreement by either party, the Department's sole and absolute obligation to reimburse the Grantee is expressly conditioned upon the limitations set forth Article II.

ARTICLE VI. SUSPENSION OF NEW OR FURTHER OBLIGATIONS

A. The Department may choose, in its sole and absolute discretion, to provide written notice to the Grantee to suspend entering into new and further obligations. Upon the receipt of such written notice by the Grantee:

(i) The Grantee shall immediately suspend entering into new or further written obligations with third parties; and

(ii) The Department will suspend the issuance of any new or further Notice of Obligation under this Agreement; and

(iii) The Department may direct the Grantee to implement a corrective action plan in accordance with Article VI(D) herein.

B. In the event of Suspension of this Agreement, the Department's sole and absolute obligation to reimburse the Grantee is expressly conditioned upon the limitations set forth in Article II herein.

C. A suspension of new or further obligations under this Agreement shall remain in effect unless or until the date the Grantee receives written notice given by the Department informing the Grantee that the Suspension has been lifted or that the Agreement has been Early Terminated in accordance with Article V herein. If the Suspension is lifted, the Department will consider further requests for Notice of Obligation.

D. Corrective Action Plan in the Event of Suspension

In the event that the Department chooses, in its sole and absolute discretion to direct the Grantee to suspend entering into new or further written obligations with third parties pursuant to Article VI(A), the Department may, but is not obligated to, require the Grantee to develop and implement a written corrective action plan to remedy the grounds for the Suspension. Such corrective action plan must be approved by the Department and be signed by the Grantee. Failure to sign a corrective action plan or meet the terms and deadlines set forth in the signed corrective action plan, is hereby deemed a violation of the terms of this Agreement for purposes of Early Termination, Article V(A)(iii). The corrective action plan is in addition to, and not in lieu of, any other equitable or legal remedy, including but not limited to Early Termination.

ARTICLE VII. AMENDMENT

This Agreement shall not be altered, changed, or amended except by instrument in writing duly executed by both the parties hereto.

ARTICLE VIII. REPORTS

A. Database Reporting

The Grantee shall report monthly Project activity by entering such Project information as the Department and the Department of Finance and Administration may require, such information entered directly into a database maintained by the Department of Finance and Administration (http://cpms.dfa.state.nm.us). Additionally, the Grantee shall certify on the Request for Payment form (Exhibit 1) that updates have been maintained and are current in the database. The Grantee hereby acknowledges that failure to perform and/or certify updates into the database will delay or potentially jeopardize the reimbursement of funds. The Department shall give Grantee a minimum of thirty (30) days' advance written notice of any changes to the information the Grantee is required to report.

Monthly reports shall be due on the last day of each month, beginning with the first full month following execution of this Agreement by the Department and ending upon the submission of the final request for reimbursement for the Project.

B. Requests for Additional Information/Project Inspection

During the term of this Agreement and during the period of time during which the Grantee must maintain records pursuant to Article VIII, the Department may:

(i) request such additional information regarding the Project as it deems necessary; and

(ii) conduct, at reasonable times and upon reasonable notice, onsite inspections of the Project.

Grantee shall respond to such requests for additional information within a reasonable period of time, as established by the Department.

ARTICLE IX. REQUEST FOR PAYMENT PROCEDURES AND DEADLINES

A. The Grantee shall request payment by submitting a Request for Payment, in the form attached hereto as Exhibit 1. Payment requests are subject to the following procedures:

(i) The Grantee must submit a Request for Payment; and

(ii) Each Request for Payment must contain proof of payment by the Grantee or liabilities incurred by the Grantee showing that the expenditures are valid or are liabilities incurred by the Grantee in the form of actual unpaid invoices received by the Grantee for services rendered by a third party or items of tangible personal property received by the Grantee for the implementation of the Project; provided, however, that the Grantee may be reimbursed for unpaid liabilities only if the Department, in its sole and absolute discretion, agrees to do so and in accordance with any special conditions imposed by the Department.

(iii) In cases where the Grantee is submitting a Request for Payment to the Department based upon invoices received, but not yet paid, by the Grantee from a third party contractor or vendor, if the invoices comply with the provisions of this Agreement and are a valid liability of the Grantee, the Grantee shall make payment to those contractors or vendors within five (5) business days from the date of receiving reimbursement from the Department or such shorter period of time as the Department may prescribe in writing. The Grantee is required to certify to the Department proof of payment to the third party contractor or vendor within ten (10) business days from the date of receiving reimbursement from the Department.

B. The Grantee must obligate 5% of the Adjusted Appropriation Amount within six months of acceptance of the grant agreement and must have expended no less than 85% of the Adjusted Appropriation Amount six months prior to the reversion date.

C. Deadlines

Requests for Payments shall be submitted by Grantee to the Department on the earlier of:

(i) Immediately as they are received by the Grantee but at a minimum thirty (30) days from when the expenditure was incurred or liability of the Grantee was approved as evidenced by an unpaid invoice received by the Grantee from a third party contractor or vendor; or

(ii) July 15 of each year for all unreimbursed expenditures incurred during the previous fiscal year; or

(iii) Twenty (20) days from date of Early Termination; or

(iv) Twenty (20) days from the Reversion Date.

D. The Grantee's failure to abide by the requirements set forth in Article II and Article IX herein will result in the denial of its Request for Payment or will delay the processing of Requests for Payment. The Department has the right to reject a payment request for the Project unless and until it is satisfied that the expenditures in the Request for Payment are for permissible purposes within the meaning of the Project Description and that the expenditures and the Grantee are otherwise in compliance with this Agreement,

including but not limited to, compliance with the reporting requirements and the requirements set forth in Article II herein to provide Third Party Obligations and the Deadlines set forth in Article IX herein. The Department's ability to reject any Request for Payment is in addition to, and not in lieu of, any other legal or equitable remedy available to the Department due to Grantee's violation of this Agreement.

ARTICLE X. PROJECT CONDITIONS AND RESTRICTIONS; REPRESENTATIONS AND WARRANTIES

A. The following general conditions and restrictions are applicable to the Project:

(i) The Project's funds must be spent in accordance with all applicable state laws, regulations, policies, and guidelines, including, but not limited to, the State Procurement Code (or local procurement ordinance, where applicable).

(ii) The Project must be implemented in accordance with the New Mexico Public Works Minimum Works Act, Section 13-4-10 through 13-4-17 NMSA 1978, as applicable. Every contract or project in excess of sixty thousand dollars ($60,000) that the Grantee is a party to for construction, alteration, demolition or repair or any combination of these, including painting and decorating, of public buildings, public works or public roads and that requires or involves the employment of mechanics, laborers or both shall contain a provision stating the minimum wages and fringe benefits to be paid to various classes of laborers and mechanics, shall be based upon the wages and benefits that will be determined by the New Mexico Department of Workforce Solutions to be prevailing for the corresponding classes of laborers and mechanics employed on contract work of a similar nature in the locality. Further, every contract or project shall contain a stipulation that the contractor, subcontractor, employer or a person acting as a contractor shall pay all mechanics and laborers employed on the site of the project, unconditionally and not less often than once a week and without subsequent unlawful deduction or rebate on any account, the full amounts accrued at time of payment computed at wage rates and fringe benefit rates not less than those determined pursuant to Section 13-4-11 (B) NMSA 1978 to be the prevailing wage rates and prevailing fringe benefit rates issued for the project.

(iii) The Project may only benefit private entities in accordance with applicable law, including, but not limited to, Article IX, Section 14 of the Constitution of the State of New Mexico, the "Anti-Donation Clause."

(iv) The Grantee shall not for a period of 10 years from the date of this agreement convert any property acquired, built, renovated, repaired, designed or developed with the Project's funds to uses other than those specified in the Project Description without the Department's and the Board of Finance's express, advance, written approval, which may include a requirement to reimburse the State for the cost of the project, transfer proceeds from the disposition of property to the State, or otherwise provide consideration to the State.

(v) The Grantee shall comply with all federal and state laws, rules and regulations pertaining to equal employment opportunity. In accordance with all such laws, rules and regulations the Grantee agrees to assure that no person shall, on the grounds of race, color, national origin, sex, sexual preference, age or handicap, be excluded from employment with Grantee, be excluded from participation in the Project, be denied benefits or otherwise be subject to discrimination under, any activity performed under this Agreement. If Grantee is found to be not in compliance with these requirements during the life of this Agreement, Grantee agrees to take appropriate steps to correct any deficiencies. The Grantee's failure to implement such appropriate steps within a reasonable time constitutes grounds for terminating this Agreement.

B. The Grantee hereby represents and warrants the following:

(i) The Grantee has the legal authority to receive and expend the Project's funds.

(ii) This Agreement has been duly authorized by the Grantee, the person executing this Agreement has authority to do so, and, once executed by the Grantee, this Agreement shall constitute a binding obligation of the Grantee, enforceable according to its terms.

(iii) This Agreement and the Grantee's obligations hereunder do not conflict with any law or ordinance or resolution applicable to the Grantee, the Grantee's charter (if applicable), or any judgment or decree to which the Grantee is subject.

(iv) The Grantee has independently confirmed that the Project Description, including, but not limited to, the amount and Reversion Date, is consistent with the underlying appropriation in law.

(v) The Grantee's governing body has duly adopted or passed as an official act a resolution, motion, or similar action authorizing the person identified as the official representative of the Grantee to sign the Agreement and to sign Requests for Payment.

(vi) The Grantee shall abide by New Mexico laws regarding conflicts of interest, governmental conduct and whistleblower protection. The Grantee specifically agrees that no officer or employee of the local jurisdiction or its designees or agents, no member of the governing body, and no other public official of the locality who exercises any function or responsibility with respect to this Grant, during their tenure or for one year thereafter, shall have any interest, direct or indirect, in any contract or subcontract, or the proceeds thereof, for work to be performed or goods to be received, pursuant to this Grant. Further, Grantee shall require all of its contractors to incorporate in all subcontracts the language set forth in this paragraph prohibiting conflicts of interest.

(vii) No funds have been paid or will be paid, by or on behalf of the Grantee, to any person for influencing or attempting to influence an officer or employee of this or any agency or body in connection with the awarding of any Third Party Obligation and that the Grantee shall require certifying language prohibiting lobbying to be included in the award documents for all subawards, including subcontracts, loans and cooperative agreements. All subrecipients shall be required to certify accordingly.

ARTICLE XI. STRICT ACCOUNTABILITY OF RECEIPTS AND DISBURSEMENTS; PROJECT RECORDS

A. The Grantee shall be strictly accountable for receipts and disbursements relating to the Project's funds. The Grantee shall follow generally accepted accounting principles, and, if feasible, maintain a separate bank account or fund with a separate organizational code, for the funds to assure separate budgeting and accounting of the funds.

B. For a period of six (6) years following the Project's completion, the Grantee shall maintain all Project related records, including, but not limited to, all financial records, requests for proposals, invitations to bid, selection and award criteria, contracts and subcontracts, advertisements, minutes of pertinent meetings, as well as records sufficient to fully account for the amount and disposition of the total funds from all sources budgeted for the Project, the purpose for which such funds were used, and such other records as the Department shall prescribe.

C. The Grantee shall make all Project records available to the Department, the Department of Finance and Administration, and the New Mexico State Auditor upon request. With respect to the funds that are the subject of this Agreement, if the State Auditor or the Department of Finance and Administration finds that any or all of these funds were improperly expended, the Grantee may be required to reimburse to the State of New Mexico, to the originating fund, any and all amounts found to be improperly expended.

ARTICLE XII. IMPROPERLY REIMBURSED FUNDS

If the Department determines that part or all of the Appropriation Amount was improperly reimbursed to Grantee, including but not limited to, Project funds reimbursed to Grantee based upon fraud, mismanagement, misrepresentation, misuse, violation of law by the Grantee, or violation of this Agreement, the Grantee shall return such funds to the Department for disposition in accordance with law.

ARTICLE XIII. LIABILITY

Neither party shall be responsible for liability incurred as a result of the other party's acts or omissions in connection with this Agreement. Any liability incurred in connection with this Agreement is subject to immunities and limitations of the New Mexico Tort Claims Act.

ARTICLE XIV. SCOPE OF AGREEMENT

This Agreement constitutes the entire and exclusive agreement between the Grantee and Department concerning the subject matter hereof. The Agreement supersedes any and all prior or contemporaneous agreements, understandings, discussions, communications, and representations, written or verbal.

ARTICLE XV. REQUIRED NON-APPROPRIATIONS CLAUSE IN CONTRACTS FUNDED IN WHOLE OR PART BY FUNDS MADE AVAILABLE UNDER THIS AGREEMENT

The Grantee acknowledges, warrants, and agrees that Grantee shall include a "non-appropriations" clause in all contracts between it and other parties that are (i) funded in whole or part by funds made available under this Agreement and (ii) entered into after the effective date of this Agreement that states:

"The terms of this Agreement are contingent upon sufficient appropriations and authorization being made by the Legislature of New Mexico for the performance of this Agreement. If sufficient appropriations and authorization are not made by the Legislature, the City of Santa Fe may immediately terminate this Agreement by giving Contractor written notice of such termination. The City of Santa Fe's decision as to whether sufficient appropriations are available shall be accepted by the Contractor and shall be final. Contractor hereby waives any rights to assert an impairment of contract claim against the City of Santa Fe or the Department of Transportation or the State of New Mexico in the event of immediate or Early Termination of this Agreement by the City of Santa Fe or the Department"

ARTICLE XVI. REQUIRED TERMINATION CLAUSE IN CONTRACTS FUNDED IN WHOLE OR PART BY FUNDS MADE AVAILABLE UNDER THIS AGREEMENT

Grantee acknowledges, warrants, and agrees that Grantee shall include the following termination clause in all contracts that are (i) funded in whole or part by funds made available under this Agreement and (ii) entered into after the effective date of this Agreement:

"This contract is funded in whole or in part by funds made available under a Department of Transportation Grant Agreement. Should the Department of Transportation early terminate the grant agreement, the City of Santa Fe may early terminate this contract by providing Contractor written notice of such termination. In the event of termination pursuant to this paragraph, the City of Santa Fe only liability shall be to pay Contractor for acceptable goods delivered and services rendered before the termination date."

Grantee hereby waives any rights to assert an impairment of contract claim against the Department or the State of New Mexico in the event of Early Termination of this Agreement by the Department.

XVII. COMPLIANCE WITH UNIFORM FUNDING CRITERIA.

A. Throughout the term of this Agreement, Grantee shall:

1. submit all reports of annual audits and agreed upon procedures required by Section 12-6-3(A)-(B) NMSA 1978 by the due dates established in 2.2.2 NMAC, reports of which must be a public record pursuant to Section 12-6-5(A) NMSA 1978 within forty-five days of delivery to the State Auditor;
2. have a duly adopted budget for the current fiscal year approved by its budgetary oversight agency (if any);
3. timely submit all required financial reports to its budgetary oversight agency (if any); and
4. have adequate accounting methods and procedures to expend grant funds in accordance with applicable law and account for and safeguard grant funds and assets acquired by grant funds.

B. In the event Grantee fails to comply with the requirements of Paragraph A of this Article XVII, the Department may take one or more of the following actions:

1. suspend new or further obligations pursuant to Article VI(A) of this Agreement;
2. require the Grantee to develop and implement a written corrective action plan pursuant to Article VI(D) of this Agreement to remedy the non-compliance;
3. impose special grant conditions to address the non-compliance by giving the Grantee notice of such special conditions in accordance with Article III of this Agreement; the special conditions shall be binding and effective on the date that notice is deemed to have been given pursuant to Article III; or
4. terminate this Agreement pursuant to Article V(A) of this Agreement.

ARTICLE XVIII. SEVERANCE TAX BOND AND GENERAL OBLIGATION BOND PROJECT CLAUSES

A. Grantee acknowledges and agrees that the underlying appropriation for the Project is a severance tax bond or general obligation bond appropriation, and that the associated bond proceeds are administered by the New Mexico State Board of Finance (SBOF), an entity separate and distinct from the Department. Grantee acknowledges and agrees that (i) it is Grantee's sole and absolute responsibility to determine through SBOF staff what (if any) conditions are currently imposed on the Project; (ii) the Department's failure to inform Grantee of a SBOF imposed condition does not affect the validity or enforceability of the condition; (iii) the SBOF may in the future impose further or different conditions upon the Project; (iv) all SBOF conditions are effective without amendment of this Agreement; (v) all applicable SBOF conditions must be satisfied before the

SBOF will release to the Department funds subject to the condition(s); and (vi) the Department's obligation to reimburse Grantee from the Project is contingent upon the then current SBOF conditions being satisfied.

B. Grantee acknowledges and agrees that the SBOF may in its sole and absolute discretion remove a project's assigned bond proceeds if the project doesn't proceed sufficiently. Entities must comply with the requirement to encumber five percent (5%) of Project funds within six months of bond issuance as certified by the grantee in the Bond Questionnaire and Certification documents submitted to the SBOF. Failure to comply may result in the bond proceeds reassignment to a new ready project. If this should occur this grant agreement will be suspended until the entity has demonstrated readiness as determined by the SBOF and the Department.

C. Grantee acknowledges and agrees that this Agreement is subject to the SBOF's Bond Project Disbursements rule, NMAC 2.61.6, as may be amended or re-codified. The rule provides definitions and interpretations of grant language for the purpose of determining whether a particular activity is allowable under the authorizing language of the agreement.

[THIS SPACE LEFT BLANK INTENTIONALLY]

IN WITNESS WHEREOF, the parties have duly executed this Agreement as of the date of execution by the Department.

Summary:
The Resolution designates authorized representatives and agents for an agreement with New Mexico Department of Transportation (NMDOT), regarding Appropriation ID number F3057, and NMDOT Control number C5213057 ("Grant Agreement"). The Grant Agreement makes available three hundred thousand dollars ($300,000), appropriated to acquire rights of way and to plan, design, construct, and improve pedestrian, bicycle, and drainage infrastructure on Governor Miles Road. Additionally, the State reauthorized or re-approved funding of NMDOT Control Number C5213057, and extended the expenditure period from June 30th, 2025, to June 30th, 2027.

Departments Affected:
Public Works Department.

Consequences of Not Enacting Legislation:
If this legislation is not adopted, the City of Santa Fe ("City") will not satisfy Article X.B (v) of the Agreement, which requires the Governing Body to adopt a resolution authorizing the person identified as the official representative of the City to sign the Agreement and to sign Requests for Payment. The City would also not satisfy additional requirements in Attachment A of the Grant Agreement which requires the City to accept responsibility for the project and assume ownership, liability, and maintenance responsibility for all amenities related to the project. Additionally, without the adoption of this Resolution the expenditure period would not be extended from June 30th, 2025, to June 30th, 2027.

Conflict, Duplication, Companionship, or Relationship to Other Legislation:
The Governing Body will approve the agreement through a separate action.

Performance and Administrative Implications:
Public Works Department staff will acquire easements and rights of way for and to plan, design, and construct and improve pedestrian, bicycle and drainage infrastructure on Governor Miles Road. Public Works staff and Finance Department staff will also administer the grant.

Fiscal Implications:
None.

ITEM AND ISSUE:

The resolution approves budget amendments and associated New Mexico Department of Finance and Administration/Local Government Division (DFA/LGD) Summary Schedules, and requests Department of Finance and Administration approval of City of Santa Fe ("City") budget amendments for the fiscal year quarter ending June 30, 2025 (Fourth Quarter).

BACKGROUND AND SUMMARY:

Attached is a resolution listing increases/decreases to the Fiscal Year 2024-2025 (FY2024/25) operating and capital projects budget. These amendments are included in this resolution because they result in a net increase or decrease to the various funds affected and thus require approval from the New Mexico Department of Finance/Local Government Division (DFA/LGD) as part of the quarterly budget resolution. The schedule of detail supporting these increases/decreases is presented as Exhibit A of the proposed resolution in four sections:

A. Sub-Section A: Amendments to FY 2024/25 Budget That Have Previously Been Approved by the Governing Body: these budget amendments have been previously approved by the Governing Body and reflect amendments that exceed $60,000 and result in a net increase or decrease to any funds (and that exclude permitted unspent budget amounts for capital projects and grant-funded projects from the prior year); per City ordinance, such amendments require Governing Body approval. They are included in this resolution for the purpose of summarizing all quarterly budget amendments on a single resolution to provide to DFA/LGD for its review and approval. Presentation of these amendments in a single resolution in this way is much more efficient than the alternative of presenting a revised resolution to DFA/LGD for each individual budget amendment approved by the Governing Body.

B. Sub-Section B: Amendments to FY 2024/25 Budget Previously Approved by other City Actors pursuant to SFCC 1987, Section 11-4 (A), (B) and (F): these amendments were approved by and executed under the authority of the Finance Director (if the net budgetary change to any fund was under $5,000) or the City Manager (if the net budgetary change was between $5,000 and $60,000), per City ordinance. Also included are purely technical corrections and re-

appropriations of unspent prior year budget amounts (including amounts over $60,000 for capital projects and grant-funded projects), which, per City ordinance, the Finance Director may approve based on the prior year's Governing Body-approved budget authority.

C. Sub-Section C: Joint Operations (Buckman Direct Diversion & Santa Fe Solid Waste Management Agency) – Board-Approved Amendments to FY 2024/25 Budget: as the title of this section states, these amendments reflect net changes to the Buckman Direct Diversion and Santa Fe Solid Waste Management Agency joint operations budgets, approved and entered under the authority of the governing boards of those entities, contingent upon City approval. Like the amendments outlined above, these budgetary changes are included in this resolution for the purpose of presenting all quarterly net budgetary fund changes to DFA/LGD for its approval as required by New Mexico state statute.

D. Sub-Section D: Summary of All Quarterly Amendments to FY 2024/25 Budget by Fund: this section summarizes the net changes to all City funds detailed in the previous two sections (A-B). As shown at the bottom of this section, these amendments result in a net increase to the City's overall expenditure budget of $32,040,775 and a net increase to the overall revenue budget of $24,813,764. The resulting net expenditure increase is $7,227,011.

E. Sub-Section E: Summary Schedule – Quarterly Budget Amendments Resolution (BAR) – LGBMS Reconciliation: as required by DFA/LGD, this section summarizes the City's submittal of fourth quarter budget amendments to DFA/LGD, expressed in both the City of Santa Fe fund structure and the DFA/LGD Local Government Budget Management System (LGBMS) fund structure.

Pursuant to SFCC 1987, Section 11-4 (D), the Budget Office summarizes all amendments resulting in net budgetary fund changes in a Resolution on a quarterly basis for Finance Committee consideration and Governing Body approval of the Resolution and subsequently submits said amendments to DFA/LGD for its approval.

ACTION RECOMMENDED:

Finance staff recommend that the Governing Body approve the resolution. Upon approval, the Resolution will be forwarded to DFA/LGD for its approval as is required by New Mexico state statute.

APPROVING BUDGET AMENDMENTS AND ASSOCIATED NEW MEXICO DEPARTMENT OF FINANCE AND ADMINISTRATION/LOCAL GOVERNMENT DIVISION SCHEDULES SUMMARIZING THE FOURTH QUARTER AMENDMENTS AND REQUESTING THAT NEW MEXICO DEPARTMENT OF FINANCE AND ADMINISTRATION APPROVE THE CITY OF SANTA FE'S FOURTH QUARTER BUDGET AMENDMENTS FOR FISCAL YEAR 2025.

WHEREAS, SFCC 1987, Section 11-4(D), provides that budget adjustments approved by the City of Santa Fe's ("City's") Finance Director, City Manager, and the Governing Body shall be included by fund in a quarterly budget resolution approved by the Governing Body; and

WHEREAS, NMSA 1978, Section 6-6-2, provides that the Local Government Division of the New Mexico Department of Finance and Administration ("DFA/LGD") has the power and duty to authorize local public bodies to transfer funds from one budget item to another when the Secretary of the Department approves and a need exists meriting the transfer and the transfer is not prohibited by law; and

I reserve the right to change this determination if the scope of work differs from the scope of work submitted for the original determination. This procurement must be conducted using the processes and procedures set forth by the City of Santa Fe, Central Purchasing, the Procurement Manual, and state statutes.

Figure out your funding source and **inform Purchasing**. To ensure that the proper documents and language are used, it is important to identify the funding source for the subsequent contract. For instance, if federal funds are involved, the procurement request and subsequent contract must include the necessary federal language. Therefore, it is crucial to determine the funding source beforehand.

RE: **Request for Retroactive Approval and Contact Extension -Animal Shelter Services**

In accordance with the Procurement Code and applicable procedures, this memo is to respectfully request retroactive approval and an extension of services for the emergency contract for Animal Shelter services. The original contract, City Clerk's #25-0011, was executed on January 14, 2025. During the term of this emergency agreement, a Request for Proposals (RFP) was issued and is still under active review. As of today, a new agreement between the City of Santa Fe and the Animal Shelter has not yet been finalized; however, an extension of the emergency determination has been approved.

The current contract is set to expire on July 14, 2025. We made efforts to include the contract extension on the Governing Body's July 9th agenda; however, we were unable to meet the submission deadline due to the shelter and legal not finalizing the contract amendment until July 3rd and purchasing requiring additional documentation, which delayed the routing of the packet for necessary approvals. The contract extension request is scheduled to appear on the Governing Body's agenda on July 30. To ensure there is no disruption in critical services, we are requesting a retroactive approval and a short-term extension of the existing contract until a new agreement is fully reached.

We confirm that the following conditions for retroactive approval have been met:

A. the services performed without the City's prior approval of the contract did not occur as the result of repeated mistakes or willful misconduct of the Requesting Department;
B. the failure to obtain City's retroactive approval will prevent the Requesting Department from fulfilling its obligations;
C. the Requesting Department provides to the City Manager a written, factual, explanation of the matters described in Paragraphs (1) and (2) signed by the department director;

D. the Requesting Department requested, through a public officer or employee with authority to make such a request, the contractor to perform services that were then actually performed by the contractor in good faith reliance that it would be paid for those services;

We respectfully request retroactive approval with an effective date of **July 14, 2025**.

Please let me know if further documentation is required.

Thank you for your consideration.

- **Collaboration with City Representatives**: Work with city representatives to manage intake processes when city staff are unavailable and handle the release of impounded animals to owners outside regular operating hours.

VII. **Provide an explanation for the justification of the procurement including a description of the emergency condition(s) requiring use of emergency procurement and the practicable competition utilized in compliance with NMSA 1978, Section 13-1-127.**

The emergency procurement for animal services in Santa Fe is justified due to the immediate need for continued animal shelter operations, veterinary care, and compliance with public health regulations. The city's ability to care for stray, injured, and abandoned animals is essential for public safety and animal welfare. Without an established vendor, Santa Fe faces risks, including:

1. Public Health Risks: Managing rabid or diseased animals is critical to prevent the spread of diseases like rabies. The inability to quarantine, vaccinate, or euthanize animals as necessary could pose a health risk to the community.
2. Legal and Regulatory Compliance: The city is mandated to uphold Chapter V of the Santa Fe City Code, which outlines strict requirements for shelter operations, animal handling, and licensing. Failure to comply could lead to legal repercussions and public safety risks.

3. Immediate Animal Welfare Concerns: Without shelter and veterinary care, the city cannot meet basic animal welfare needs. This would likely lead to overcrowding in temporary holding facilities, inability to provide adequate care, and compromised humane treatment for animals.

4. Practicable Competition: In compliance with NMSA 1978, Section 13-1-127, an expedited yet practicable competitive process was utilized. Potential service providers within a reasonable distance of Santa Fe were considered, ensuring that the selected vendor meets city requirements and can initiate services without delay.

This emergency procurement process enables the city to fulfill essential animal services swiftly and within compliance, ensuring safety, welfare, and public health for the residents of Santa Fe.

VIII. **Please describe what measures are being taken to minimize the duration and effect of this emergency procurement (for example: is the emergency only in place until a competitive process can be completed, etc.).**

Measures to Minimize Duration and Impact of Emergency Procurement

This emergency procurement is structured as a temporary solution to address the city's immediate need for animal services. To ensure it is in place only as long as necessary, the following measures are being taken:

1. Transition Plan to Competitive Procurement: The emergency contract will remain active only until a standard competitive procurement process can be completed. The city is actively preparing the necessary documents to initiate a formal Request for Proposals (RFP) to secure long-term service providers through a competitive, transparent process.

2. Short-Term Contract with Defined Limits: The emergency procurement has clear limits in scope and duration to minimize dependency. The city has restricted services to the most critical functions, such as shelter operations, veterinary care, and public health compliance, essential for public safety and animal welfare.

3. Monitoring and Evaluation: The city will monitor the contractor's performance under the emergency contract, using this data to refine service requirements and improve the competitive bidding process. Monthly status reports from the contractor will ensure oversight and facilitate a smoother transition to long-term providers.

These measures are intended to minimize both the impact and duration of the emergency contract, ensuring that the city's animal services can return to a competitively bid, stable solution as soon as possible.

IX. **Describe what measures the Department will take in the future to prevent/mitigate use of emergency procurement under similar circumstances.**

To prevent or mitigate the need for emergency procurements in similar situations, the Department will take the following proactive steps:

1. Immediate RFP Process: The Department will issue a Request for Proposals (RFP) as soon as possible to secure long-term, competitively bid contracts for essential animal services. This proactive approach will reduce reliance on short-term emergency measures.

2. Advanced Contract Planning: In the future, the Department will implement advanced planning for contract renewals and potential vendor changes. This will include monitoring contract timelines and setting internal reminders to initiate competitive bidding well before contract expiration dates.

3. Contingency Partnerships: The Department will work to establish contingency agreements with additional animal service providers to ensure a rapid response in the event of vendor loss or service disruption. By having alternative providers identified, the Department can reduce delays and maintain service continuity.

4. Regular Market Assessments: Conducting periodic market assessments will help identify qualified vendors within the region, ensuring that the city has a pool of providers ready to respond to an RFP, if needed. This process will also aid in securing providers who meet the city's specific needs, reducing the likelihood of service disruptions.

By taking these steps, the Department aims to enhance preparedness and reduce reliance on emergency procurement, securing uninterrupted, compliant, and humane animal services for the City of Santa Fe.

BACKGROUND AND SUMMARY:

Since 2020, the City of Santa Fe has provided cash assistance to eligible constituents. UpTogether was contracted to disburse these funds, provided logistical support to ensure the funds are reaching eligible individuals in Santa Fe, and monitored submissions to ensure funds are protected against fraud and abuse

The City of Santa Fe will continue disbursement of cash assistance through fiscal year 2027 with one time funding from the City's General Funds. To continue this work, the City requires assistance from UpTogether to assess participant eligibility, distribute funds, and track relevant data.

2. Contractor shall give Agency written notice of termination at least thirty (30) days prior to the intended date of termination, which notice shall (i) identify all the Agency's material breaches of this Agreement upon which the termination is based and (ii) state what the Agency must do to cure such material breaches. Contractor's notice of termination shall only be effective (i) if the Agency does not cure all material breaches within the thirty (30) day notice period or (ii) in the case of material breaches that cannot be cured within thirty (30) days, the Agency does not, within the thirty (30) day notice period, notify the Contractor of its intent to cure and begin with due diligence to cure the material breach.

3. Notwithstanding the foregoing, this Agreement may be terminated immediately upon written notice to the Contractor (i) if the Contractor becomes unable to perform the services contracted for, as determined by the Agency; (ii) if, during the term of this Agreement, the Contractor is suspended or debarred by the State Purchasing Agent; or (iii) the Agreement is terminated pursuant to Paragraph 5, "Appropriations", of this Agreement.

C. Liability. Except as otherwise expressly allowed or provided under this Agreement, the Agency's sole liability upon termination shall be to pay for acceptable work performed prior to the Contractor's receipt or issuance of a notice of termination; provided, however, that a notice of termination shall not nullify or otherwise affect either party's liability for pre-termination defaults under or breaches of this Agreement. The Contractor shall submit an invoice for such work within thirty (30) days of receiving or sending the notice of termination. *THIS PROVISION IS NOT EXCLUSIVE AND DOES NOT WAIVE THE AGENCY'S OTHER LEGAL RIGHTS AND REMEDIES CAUSED BY THE CONTRACTOR'S DEFAULT/BREACH OF THIS AGREEMENT.*

D. Termination Management. Immediately upon receipt by either the Agency or the Contractor of notice of termination of this Agreement, the Contractor shall: 1) not incur any further obligations for salaries, services or any other expenditure of funds under this Agreement without written approval of the Agency; 2) comply with all directives issued by the Agency in the notice of termination as to the performance of work under this Agreement; and 3) take such action as the Agency shall direct for the protection, preservation, retention or transfer of all property titled to the Agency and records generated under this Agreement. Any non-expendable personal property or equipment provided to or purchased by the Contractor with contract funds shall become property of the Agency upon termination and shall be submitted to the agency as soon as practicable.

5. Appropriations.

The terms of this Agreement are contingent upon sufficient appropriations and authorization being made by the Legislature of New Mexico for the performance of this Agreement. If sufficient appropriations and authorization are not made by the Legislature, this Agreement shall terminate immediately upon written notice being given by the Agency to the Contractor. The Agency's decision as to whether sufficient appropriations are available shall be accepted by the Contractor and shall be final. If the Agency proposes an amendment to the Agreement to unilaterally reduce funding, the Contractor shall have the option to terminate the Agreement or to agree to the reduced funding, within thirty (30) days of receipt of the proposed amendment.

6. Status of Contractor.

The Contractor and its agents and employees are independent contractors performing professional services for the Agency and are not employees of the State of New Mexico. The Contractor and its agents and employees shall not accrue leave, retirement, insurance, bonding, use of state vehicles, or any other benefits afforded to employees of the State of New Mexico as a result of this Agreement. The Contractor acknowledges that all sums received hereunder are reportable by the Contractor for tax purposes, including without limitation, self-employment and business income tax. The Contractor agrees not to purport to bind the State of New Mexico unless the Contractor has express written authority to do so, and then only within the strict limits of that authority.

7. Assignment.

The Contractor shall not assign or transfer any interest in this Agreement or assign any claims for money due or to become due under this Agreement without the prior written approval of the Agency.

8. Subcontracting.

The Contractor shall not subcontract any portion of the services to be performed under this Agreement without the prior written approval of the Agency. No such subcontract shall relieve the primary Contractor from its obligations and liabilities under this Agreement, nor shall any subcontract obligate direct payment from the Procuring Agency.

9. Release.

Final payment of the amounts due under this Agreement shall operate as a release of the Agency, its officers and employees, and the State of New Mexico from all liabilities, claims and obligations whatsoever arising from or under this Agreement.

10. Confidentiality.

Any confidential information provided to or developed by the Contractor in the performance of this Agreement shall be kept confidential and shall not be made available to any individual or organization by the Contractor without the prior written approval of the Agency.

11. Product of Service -- Copyright.

All materials developed or acquired by the Contractor under this Agreement shall become the property of the State of New Mexico and shall be delivered to the Agency no later than the termination date of this Agreement. Nothing developed or produced, in whole or in part, by the Contractor under this Agreement shall be the subject of an application for copyright or other claim of ownership by or on behalf of the Contractor.

12. Conflict of Interest; Governmental Conduct Act.

A. The Contractor represents and warrants that it presently has no interest and, during the term of this Agreement, shall not acquire any interest, direct or indirect, which would conflict in any manner or degree with the performance or services required under the Agreement.

B. The Contractor further represents and warrants that it has complied with, and, during the term of this Agreement, will continue to comply with, and that this Agreement complies with all applicable provisions of the Governmental Conduct Act, Chapter 10, Article 16 NMSA 1978. Without in anyway limiting the generality of the foregoing, the Contractor specifically represents and warrants that:

1) in accordance with NMSA 1978, § 10-16-4.3, the Contractor does not employ, has not employed, and will not employ during the term of this Agreement any Agency employee while such employee was or is employed by the Agency and participating directly or indirectly in the Agency's contracting process;

2) this Agreement complies with NMSA 1978, § 10-16-7(A) because (i) the Contractor is not a public officer or employee of the State; (ii) the Contractor is not a member of the family of a public officer or employee of the State; (iii) the Contractor is not a business in which a public officer or employee or the family of a public officer or employee has a substantial interest; or (iv) if the Contractor is a public officer or employee of the State, a member of the family of a public officer or employee of the State, or a business in which a public officer or employee of the State or the family of a public officer or employee of the State has a substantial interest, public notice was given as required by NMSA 1978, § 10-16-7(A) and this Agreement was awarded pursuant to a competitive process;

3) in accordance with NMSA 1978, § 10-16-8(A), (i) the Contractor is not, and has not been represented by, a person who has been a public officer or employee of the State within the preceding year and whose official act directly resulted in this Agreement and (ii) the Contractor is not, and has not been assisted in any way regarding this transaction

by, a former public officer or employee of the State whose official act, while in State employment, directly resulted in the Agency's making this Agreement;

5) in accordance with NMSA 1978, § 10-16-13, the Contractor has not directly participated in the preparation of specifications, qualifications or evaluation criteria for this Agreement or any procurement related to this Agreement; and

6) in accordance with NMSA 1978, § 10-16-3 and § 10-16-13.3, the Contractor has not contributed, and during the term of this Agreement shall not contribute, anything of value to a public officer or employee of the Agency.

C. Contractor's representations and warranties in Paragraphs A and B of this Article 12 are material representations of fact upon which the Agency relied when this Agreement was entered into by the parties. Contractor shall provide immediate written notice to the Agency if, at any time during the term of this Agreement, Contractor learns that Contractor's representations and warranties in Paragraphs A and B of this Article 12 were erroneous on the effective date of this Agreement or have become erroneous by reason of new or changed circumstances. If it is later determined that Contractor's representations and warranties in Paragraphs A and B of this Article 12 were erroneous on the effective date of this Agreement or have become erroneous by reason of new or changed circumstances, in addition to other remedies available to the Agency and notwithstanding anything in the Agreement to the contrary, the Agency may immediately terminate the Agreement.

D. All terms defined in the Governmental Conduct Act have the same meaning in this Article 12(B).

13. Amendment.

A. This Agreement shall not be altered, changed or amended except by instrument in writing executed by the parties hereto and all other required signatories.

B. If the Agency proposes an amendment to the Agreement to unilaterally reduce funding due to budget or other considerations, the Contractor shall, within thirty (30) days of receipt of the proposed Amendment, have the option to terminate the Agreement, pursuant to the termination provisions as set forth in Article 4 herein, or to agree to the reduced funding.

14. Merger.

This Agreement incorporates all the Agreements, covenants and understandings between the parties hereto concerning the subject matter hereof, and all such covenants, Agreements and understandings have been merged into this written Agreement. No prior Agreement or

understanding, oral or otherwise, of the parties or their agents shall be valid or enforceable unless embodied in this Agreement.

15. Penalties for violation of law.

ITEM AND ISSUE:
Request approval to re-appropriate funding from FY25 in the amount of $1,000,000.00 into FY26 that was allocated for the Mayors for a Guaranteed Income Program.

BACKGROUND AND SUMMARY:
Mayors for a Guaranteed Income (MGI) was founded in June 2020 in Stockton, CA. Mayors across the nation, including Mayor Alan Webber, came together on this network to implement guaranteed income projects across the country to lift up adults in these communities. A guaranteed income is an unconditional monthly cash payment given directly to individuals meant to supplement, rather than replace, the existing social safety net services available to these individuals.

In 2021 the City of Santa Fe received a grant for $500,000 from MGI to help young student parents enrolled at Santa Fe Community College. The work continued with an additional $500,000 in American Rescue Plan Act (ARPA) funding that was approved by Mayor Webber and the City Council in 2022. This third year of MGI is supported through one time funding provided by the City of Santa Fe in the amount of $1,000,000.00.

The goal of the Santa Fe MGI project is to assist young parents attain their educational goals so that they can provide a stable income for themselves and their families in the future. This funding will target up to one hundred (100) young parents, making less than 80% of the Average Median Income (about $63,700 for a family of two or $79,600 for a family of four) enrolled in a degree, certificate, apprenticeship, or GED program at the Santa Fe Community College (SFCC).

ACTION REQUESTED:
The Community Health and Safety Department requests the approval of the Carryforward Request.

The City of Santa Fe's current platform is Tyler Technologies MUNIS version 19.3 and data are Cloud Based and hosted on Tyler Technologies. The City implemented Tyler Technology utilizing version 11.3 in 2019. Tyler Technologies consists of MUNIS Financial and MUNIS Human Capital Management (HCM), MUNIS has over 1,100 City staff end users, 7,000 registered City vendors, and has processed over 10 million transactions. Version 11.3 was over two (2) years in existence with the City of Santa Fe when a necessary upgrade to version 19.3 was required.
A prerequisite for a successful MUNIS upgrade implementation was to bring on board a dedicated Contractor who was involved in both planning the MUNIS upgrade and providing necessary training. Best Practices dictated hiring external resources who are experts in local government management, technology systems, organizational management, guidelines, requirements, business processes, user roles, workflows, training, policies, and procedures. For continued success in this implementation Ciber Pathway will continue functionality for daily operations of the City of Santa Fe providing production support with Tyler Applications, UKG (Time Clock Management) Applications, and other operations as detailed in the attached statement of work.

For a detailed Statement of Work please see Exhibit (A) for the Quote of Services to be Provided.

2. **Provide a detailed explanation of the criteria developed and specified by the department as necessary to perform and/or fulfill the contract.**

The City of Santa ITT Department determined a need to utilize an external resource with the necessary expertise to support multiple functions within Tyler Technologies. During the initial implementation phase Ciber Pathway established a statement of work that would meet the initial desired requirements and expertise for the sections identified that required additional support. Through implementation and upgrade the ITT Department identified and determined the following needs for continued support:

1. Work with the payroll team to ensure timely and accurate payroll processing.
2. Troubleshoot and provide technical support with issues in the Tyler Munis database.
3. Provide assistance with the Tyler Munis and UKG (Employee Time Management) processes.
4. Preform various analysis for better understanding and streamlining Tyler Munis functions.
5. Create and/or update documentation to reflect the changes made to the system as a result of problem solution for Tyler Munis.
6. Shall assist preparing data
7. Will assist with data validation and verification in the database.
8. Assist in the continued development of materials for the new version 19.3 systems and functions.

The complex services required by the City of Santa Fe going forward must be built upon the prior service and expertise demonstrated by Ciber Pathway Inc in various systems that the City currently utilizes on a day-to-day basis for payroll processing, budgeting, financials management and employee time tracking. As the current service provider Ciber Pathway Inc is positioned to understand what has been developed to date, what work is needed to advance the project and provide support.

3. Provide an explanation of the prospective vendor's unique qualifications, proprietary rights, or capabilities that make them the only source able to meet the intended purpose of the contract. Uniqueness should be fact-based and substantially related to the contract's purpose. Reasons should focus on factual uniqueness rather than statements such as "best" or "least costly" source.

Please see Exhibit (B) for a detailed description of Ciber Pathway's experience, qualifications, and capabilities which demonstrates their unique ability to assist the City of Santa Fe in this upgrade.

City of Santa Fe, New Mexico
Memorandum

DATE: June 30th, 2025

TO: Mark Scott, City Manager

VIA: Eric Candelaria, ITT Department Director

FROM: Joshua Chandler, Contract Administrator

SUBJECT: Retro-Active Approval for Amendment #3 to PSA Item #22-0266

ITEM & ISSUE:
Request for Approval of a Retro-Active Term (Per Page 31 of the Purchasing Manual) for Ciber Pathway Inc Amendment #3 to Professional Services Agreement Item #22-0266 which expired on June 30th, 2025.

XX. Retroactive Approval for a Contract or Contract Amendment
The Procurement Code requires that all non-exempt procurement by the City shall be achieved by competitive sealed bids or competitive sealed proposals except for small purchases, sole source procurements, emergency procurements, and existing contracts.
Failure of retroactive approval for contracts and contract amendments that fulfill all of the requirements of this manual and the Procurement Code, the City will approve the date requested in writing by the Requesting Department on the memo accompanying the request as long as the requested approval date is within thirty (30) days of the expiration of the contract.

For retroactive approval of contracts and contract amendments apart from the approval given pursuant to the provisions of this manual, the City may grant additional retroactive approval to a contract or contract amendment, based upon exceptional circumstances, where all the following conditions are met:

A. the services performed without the City's prior approval of the contract did not occur as the result of repeated mistakes or willful misconduct of the Requesting Department;
B. the failure to obtain the City's retroactive approval will prevent the Requesting Department from fulfilling its obligations;
C. the Requesting Department provides to the City Manager a written, factual, explanation of the matters described in Paragraphs (1) and (2) signed by the department director;
D. the Requesting Department requested, through a public officer or employee with authority to make such a request, the contractor to perform services that were then actually performed by the contractor in good faith reliance that it would be paid for those services;

The Procurement Code, NMSA 1978 §13-1-182, as amended, governs situations in which the City has denied a request for retroactive approval of a contract or contract amendment due to the department's failure to meet the requirements of this rule.

Part I Taxpayer Identification Number (TIN)

Enter your TIN in the appropriate box. The TIN provided must match the name given on line 1 to avoid backup withholding. For individuals, this is generally your social security number (SSN). However, for a resident alien, sole proprietor, or disregarded entity, see the instructions for Part I, later. For other entities, it is your employer identification number (EIN). If you do not have a number, see *How to get a TIN*, later.

Note: If the account is in more than one name, see the instructions for line 1. See also *What Name and Number To Give the Requester* for guidelines on whose number to enter.

Part II Certification

Under penalties of perjury, I certify that:

1. The number shown on this form is my correct taxpayer identification number (or I am waiting for a number to be issued to me); and
2. I am not subject to backup withholding because (a) I am exempt from backup withholding, or (b) I have not been notified by the Internal Revenue Service (IRS) that I am subject to backup withholding as a result of a failure to report all interest or dividends, or (c) the IRS has notified me that I am no longer subject to backup withholding; and
3. I am a U.S. citizen or other U.S. person (defined below); and
4. The FATCA code(s) entered on this form (if any) indicating that I am exempt from FATCA reporting is correct.

Certification instructions. You must cross out item 2 above if you have been notified by the IRS that you are currently subject to backup withholding because you have failed to report all interest and dividends on your tax return. For real estate transactions, item 2 does not apply. For mortgage interest paid, acquisition or abandonment of secured property, cancellation of debt, contributions to an individual retirement arrangement (IRA), and, generally, payments other than interest and dividends, you are not required to sign the certification, but you must provide your correct TIN. See the instructions for Part II, later.

General Instructions

Section references are to the Internal Revenue Code unless otherwise noted.

Future developments. For the latest information about developments related to Form W-9 and its instructions, such as legislation enacted after they were published, go to *www.irs.gov/FormW9*.

What's New

Line 3a has been modified to clarify how a disregarded entity completes this line. An LLC that is a disregarded entity should check the appropriate box for the tax classification of its owner. Otherwise, it should check the "LLC" box and enter its appropriate tax classification.

New line 3b has been added to this form. A flow-through entity is required to complete this line to indicate that it has direct or indirect foreign partners, owners, or beneficiaries when it provides the Form W-9 to another flow-through entity in which it has an ownership interest. This change is intended to provide a flow-through entity with information regarding the status of its indirect foreign partners, owners, or beneficiaries, so that it can satisfy any applicable reporting requirements. For example, a partnership that has any indirect foreign partners may be required to complete Schedules K-2 and K-3. See the Partnership Instructions for Schedules K-2 and K-3 (Form 1065).

Purpose of Form

An individual or entity (Form W-9 requester) who is required to file an information return with the IRS is giving you this form because they

must obtain your correct taxpayer identification number (TIN), which may be your social security number (SSN), individual taxpayer identification number (ITIN), adoption taxpayer identification number (ATIN), or employer identification number (EIN), to report on an information return the amount paid to you, or other amount reportable on an information return. Examples of information returns include, but are not limited to, the following.

- Form 1099-INT (interest earned or paid).
- Form 1099-DIV (dividends, including those from stocks or mutual funds).
- Form 1099-MISC (various types of income, prizes, awards, or gross proceeds).
- Form 1099-NEC (nonemployee compensation).
- Form 1099-B (stock or mutual fund sales and certain other transactions by brokers).
- Form 1099-S (proceeds from real estate transactions).
- Form 1099-K (merchant card and third-party network transactions).
- Form 1098 (home mortgage interest), 1098-E (student loan interest), and 1098-T (tuition).
- Form 1099-C (canceled debt).
- Form 1099-A (acquisition or abandonment of secured property).

Use Form W-9 only if you are a U.S. person (including a resident alien), to provide your correct TIN.

Caution: If you don't return Form W-9 to the requester with a TIN, you might be subject to backup withholding. See *What is backup withholding*, later.

By signing the filled-out form, you:

1. Certify that the TIN you are giving is correct (or you are waiting for a number to be issued);

2. Certify that you are not subject to backup withholding; or

3. Claim exemption from backup withholding if you are a U.S. exempt payee; and

4. Certify to your non-foreign status for purposes of withholding under chapter 3 or 4 of the Code (if applicable); and

5. Certify that FATCA code(s) entered on this form (if any) indicating that you are exempt from the FATCA reporting is correct. See *What Is FATCA Reporting*, later, for further information.

Note: If you are a U.S. person and a requester gives you a form other than Form W-9 to request your TIN, you must use the requester's form if it is substantially similar to this Form W-9.

Definition of a U.S. person. For federal tax purposes, you are considered a U.S. person if you are:

- An individual who is a U.S. citizen or U.S. resident alien;
- A partnership, corporation, company, or association created or organized in the United States or under the laws of the United States;
- An estate (other than a foreign estate); or
- A domestic trust (as defined in Regulations section 301.7701-7).

Establishing U.S. status for purposes of chapter 3 and chapter 4 withholding. Payments made to foreign persons, including certain distributions, allocations of income, or transfers of sales proceeds, may be subject to withholding under chapter 3 or chapter 4 of the Code (sections 1441–1474). Under those rules, if a Form W-9 or other certification of non-foreign status has not been received, a withholding agent, transferee, or partnership (payor) generally applies presumption rules that may require the payor to withhold applicable tax from the recipient, owner, transferor, or partner (payee). See Pub. 515, Withholding of Tax on Nonresident Aliens and Foreign Entities.

The following persons must provide Form W-9 to the payor for purposes of establishing its non-foreign status.

- In the case of a disregarded entity with a U.S. owner, the U.S. owner of the disregarded entity and not the disregarded entity.
- In the case of a grantor trust with a U.S. grantor or other U.S. owner, generally, the U.S. grantor or other U.S. owner of the grantor trust and not the grantor trust.
- In the case of a U.S. trust (other than a grantor trust), the U.S. trust and not the beneficiaries of the trust.

See Pub. 515 for more information on providing a Form W-9 or a certification of non-foreign status to avoid withholding.

Foreign person. If you are a foreign person or the U.S. branch of a foreign bank that has elected to be treated as a U.S. person (under Regulations section 1.1441-1(b)(2)(iv) or other applicable section for chapter 3 or 4 purposes), do not use Form W-9. Instead, use the appropriate Form W-8 or Form 8233 (see Pub. 515). If you are a qualified foreign pension fund under Regulations section 1.897(l)-1(d), or a partnership that is wholly owned by qualified foreign pension funds, that is treated as a non-foreign person for purposes of section 1445 withholding, do not use Form W-9. Instead, use Form W-8EXP (or other certification of non-foreign status).

Nonresident alien who becomes a resident alien. Generally, only a nonresident alien individual may use the terms of a tax treaty to reduce or eliminate U.S. tax on certain types of income. However, most tax treaties contain a provision known as a saving clause. Exceptions specified in the saving clause may permit an exemption from tax to continue for certain types of income even after the payee has otherwise become a U.S. resident alien for tax purposes.

If you are a U.S. resident alien who is relying on an exception contained in the saving clause of a tax treaty to claim an exemption from U.S. tax on certain types of income, you must attach a statement to Form W-9 that specifies the following five items.

1. The treaty country. Generally, this must be the same treaty under which you claimed exemption from tax as a nonresident alien.

2. The treaty article addressing the income.

3. The article number (or location) in the tax treaty that contains the saving clause and its exceptions.

4. The type and amount of income that qualifies for the exemption from tax.

5. Sufficient facts to justify the exemption from tax under the terms of the treaty article.

Example. Article 20 of the U.S.-China income tax treaty allows an exemption from tax for scholarship income received by a Chinese student temporarily present in the United States. Under U.S. law, this student will become a resident alien for tax purposes if their stay in the United States exceeds 5 calendar years. However, paragraph 2 of the first Protocol to the U.S.-China treaty (dated April 30, 1984) allows the provisions of Article 20 to continue to apply even after the Chinese student becomes a resident alien of the United States. A Chinese student who qualifies for this exception (under paragraph 2 of the first Protocol) and is relying on this exception to claim an exemption from tax on their scholarship or fellowship income would attach to Form W-9 a statement that includes the information described above to support that exemption.

If you are a nonresident alien or a foreign entity, give the requester the appropriate completed Form W-8 or Form 8233.

Backup Withholding

What is backup withholding? Persons making certain payments to you must under certain conditions withhold and pay to the IRS 24% of such payments. This is called "backup withholding." Payments that may be subject to backup withholding include, but are not limited to, interest, tax-exempt interest, dividends, broker and barter exchange transactions, rents, royalties, nonemployee pay, payments made in settlement of payment card and third-party network transactions, and certain payments from fishing boat operators. Real estate transactions are not subject to backup withholding.

You will not be subject to backup withholding on payments you receive if you give the requester your correct TIN, make the proper certifications, and report all your taxable interest and dividends on your tax return.

Payments you receive will be subject to backup withholding if:

1. You do not furnish your TIN to the requester;

2. You do not certify your TIN when required (see the instructions for Part II for details);

3. The IRS tells the requester that you furnished an incorrect TIN;

4. The IRS tells you that you are subject to backup withholding because you did not report all your interest and dividends on your tax return (for reportable interest and dividends only); or

5. You do not certify to the requester that you are not subject to backup withholding, as described in item 4 under "*By signing the filled-out form*" above (for reportable interest and dividend accounts opened after 1983 only).

Certain payees and payments are exempt from backup withholding. See *Exempt payee code*, later, and the separate Instructions for the Requester of Form W-9 for more information.

See also *Establishing U.S. status for purposes of chapter 3 and chapter 4 withholding*, earlier.

What Is FATCA Reporting?

The Foreign Account Tax Compliance Act (FATCA) requires a participating foreign financial institution to report all U.S. account holders that are specified U.S. persons. Certain payees are exempt from FATCA reporting. See *Exemption from FATCA reporting code*, later, and the Instructions for the Requester of Form W-9 for more information.

Updating Your Information

You must provide updated information to any person to whom you claimed to be an exempt payee if you are no longer an exempt payee and anticipate receiving reportable payments in the future from this person. For example, you may need to provide updated information if you are a C corporation that elects to be an S corporation, or if you are no longer tax exempt. In addition, you must furnish a new Form W-9 if the name or TIN changes for the account, for example, if the grantor of a grantor trust dies.

Penalties

Failure to furnish TIN. If you fail to furnish your correct TIN to a requester, you are subject to a penalty of $50 for each such failure unless your failure is due to reasonable cause and not to willful neglect.

Civil penalty for false information with respect to withholding. If you make a false statement with no reasonable basis that results in no backup withholding, you are subject to a $500 penalty.

Criminal penalty for falsifying information. Willfully falsifying certifications or affirmations may subject you to criminal penalties including fines and/or imprisonment.

Misuse of TINs. If the requester discloses or uses TINs in violation of federal law, the requester may be subject to civil and criminal penalties.

Specific Instructions

Line 1

You must enter one of the following on this line; **do not** leave this line blank. The name should match the name on your tax return.

If this Form W-9 is for a joint account (other than an account maintained by a foreign financial institution (FFI)), list first, and then circle, the name of the person or entity whose number you entered in Part I of Form W-9. If you are providing Form W-9 to an FFI to document a joint account, each holder of the account that is a U.S. person must provide a Form W-9.

• **Individual.** Generally, enter the name shown on your tax return. If you have changed your last name without informing the Social Security Administration (SSA) of the name change, enter your first name, the last name as shown on your social security card, and your new last name.

Note for ITIN applicant: Enter your individual name as it was entered on your Form W-7 application, line 1a. This should also be the same as the name you entered on the Form 1040 you filed with your application.

• **Sole proprietor.** Enter your individual name as shown on your Form 1040 on line 1. Enter your business, trade, or "doing business as" (DBA) name on line 2.

• **Partnership, C corporation, S corporation, or LLC, other than a disregarded entity.** Enter the entity's name as shown on the entity's tax return on line 1 and any business, trade, or DBA name on line 2.

• **Other entities.** Enter your name as shown on required U.S. federal tax documents on line 1. This name should match the name shown on the charter or other legal document creating the entity. Enter any business, trade, or DBA name on line 2.

• **Disregarded entity.** In general, a business entity that has a single owner, including an LLC, and is not a corporation, is disregarded as an entity separate from its owner (a disregarded entity). See Regulations section 301.7701-2(c)(2). A disregarded entity should check the appropriate box for the tax classification of its owner. Enter the owner's name on line 1. The name of the owner entered on line 1 should never be a disregarded entity. The name on line 1 should be the name shown on the income tax return on which the income should be reported. For example, if a foreign LLC that is treated as a disregarded entity for U.S. federal tax purposes has a single owner that is a U.S. person, the U.S. owner's name is required to be provided on line 1. If the direct owner of the entity is also a disregarded entity, enter the first owner that is not disregarded for federal tax purposes. Enter the disregarded entity's name on line 2. If the owner of the disregarded entity is a foreign person, the owner must complete an appropriate Form W-8 instead of a Form W-9. This is the case even if the foreign person has a U.S. TIN.

Line 2

If you have a business name, trade name, DBA name, or disregarded entity name, enter it on line 2.

Line 3a

Check the appropriate box on line 3a for the U.S. federal tax classification of the person whose name is entered on line 1. Check only one box on line 3a.

IF the entity/individual on line 1 is a(n) . . .	THEN check the box for . . .
• Corporation	Corporation.
• Individual or • Sole proprietorship	Individual/sole proprietor.
• LLC classified as a partnership for U.S. federal tax purposes or • LLC that has filed Form 8832 or 2553 electing to be taxed as a corporation	Limited liability company and enter the appropriate tax classification: P = Partnership, C = C corporation, or S = S corporation.
• Partnership	Partnership.
• Trust/estate	Trust/estate.

Line 3b

Check this box if you are a partnership (including an LLC classified as a partnership for U.S. federal tax purposes), trust, or estate that has any foreign partners, owners, or beneficiaries, and you are providing this form to a partnership, trust, or estate, in which you have an ownership interest. You must check the box on line 3b if you receive a Form W-8 (or documentary evidence) from any partner, owner, or beneficiary establishing foreign status or if you receive a Form W-9 from any partner, owner, or beneficiary that has checked the box on line 3b.

Note: A partnership that provides a Form W-9 and checks box 3b may be required to complete Schedules K-2 and K-3 (Form 1065). For more information, see the Partnership Instructions for Schedules K-2 and K-3 (Form 1065).

If you are required to complete line 3b but fail to do so, you may not receive the information necessary to file a correct information return with the IRS or furnish a correct payee statement to your partners or beneficiaries. See, for example, sections 6698, 6722, and 6724 for penalties that may apply.

Line 4 Exemptions

If you are exempt from backup withholding and/or FATCA reporting, enter in the appropriate space on line 4 any code(s) that may apply to you.

The following codes identify payees that are exempt from backup withholding. Enter the appropriate code in the space on line 4.

Exemption from FATCA reporting code. The following codes identify payees that are exempt from reporting under FATCA. These codes apply to persons submitting this form for accounts maintained outside of the United States by certain foreign financial institutions. Therefore, if you are only submitting this form for an account you hold in the United States, you may leave this field blank. Consult with the person requesting this form if you are uncertain if the financial institution is subject to these requirements. A requester may indicate that a code is not required by providing you with a Form W-9 with "Not Applicable" (or any similar indication) entered on the line for a FATCA exemption code.

J—A bank as defined in section 581.

K—A broker.

L—A trust exempt from tax under section 664 or described in section 4947(a)(1).

M—A tax-exempt trust under a section 403(b) plan or section 457(g) plan.

Note: You may wish to consult with the financial institution requesting this form to determine whether the FATCA code and/or exempt payee code should be completed.

Line 5

Enter your address (number, street, and apartment or suite number). This is where the requester of this Form W-9 will mail your information returns. If this address differs from the one the requester already has on file, enter "NEW" at the top. If a new address is provided, there is still a chance the old address will be used until the payor changes your address in their records.

Line 6

Enter your city, state, and ZIP code.

Part I. Taxpayer Identification Number (TIN)

Enter your TIN in the appropriate box. If you are a resident alien and you do not have, and are not eligible to get, an SSN, your TIN is your IRS ITIN. Enter it in the entry space for the Social security number. If you do not have an ITIN, see *How to get a TIN* below.

If you are a sole proprietor and you have an EIN, you may enter either your SSN or EIN.

If you are a single-member LLC that is disregarded as an entity separate from its owner, enter the owner's SSN (or EIN, if the owner has one). If the LLC is classified as a corporation or partnership, enter the entity's EIN.

Note: See *What Name and Number To Give the Requester*, later, for further clarification of name and TIN combinations.

How to get a TIN. If you do not have a TIN, apply for one immediately. To apply for an SSN, get Form SS-5, Application for a Social Security Card, from your local SSA office or get this form online at *www.SSA.gov*. You may also get this form by calling 800-772-1213. Use Form W-7, Application for IRS Individual Taxpayer Identification Number, to apply for an ITIN, or Form SS-4, Application for Employer Identification Number, to apply for an EIN. You can apply for an EIN online by accessing the IRS website at *www.irs.gov/EIN*. Go to *www.irs.gov/Forms* to view, download, or print Form W-7 and/or Form SS-4. Or, you can go to *www.irs.gov/OrderForms* to place an order and have Form W-7 and/or Form SS-4 mailed to you within 15 business days.

If you are asked to complete Form W-9 but do not have a TIN, apply for a TIN and enter "Applied For" in the space for the TIN, sign and date the form, and give it to the requester. For interest and dividend payments, and certain payments made with respect to readily tradable instruments, you will generally have 60 days to get a TIN and give it to the requester before you are subject to backup withholding on payments. The 60-day rule does not apply to other types of payments. You will be subject to backup withholding on all such payments until you provide your TIN to the requester.

Note: Entering "Applied For" means that you have already applied for a TIN or that you intend to apply for one soon. See also *Establishing U.S. status for purposes of chapter 3 and chapter 4 withholding*, earlier, for when you may instead be subject to withholding under chapter 3 or 4 of the Code.

Caution: A disregarded U.S. entity that has a foreign owner must use the appropriate Form W-8.

Part II. Certification

To establish to the withholding agent that you are a U.S. person, or resident alien, sign Form W-9. You may be requested to sign by the withholding agent even if item 1, 4, or 5 below indicates otherwise.

For a joint account, only the person whose TIN is shown in Part I should sign (when required). In the case of a disregarded entity, the person identified on line 1 must sign. Exempt payees, see *Exempt payee code*, earlier.

Signature requirements. Complete the certification as indicated in items 1 through 5 below.

1. Interest, dividend, and barter exchange accounts opened before 1984 and broker accounts considered active during 1983. You must give your correct TIN, but you do not have to sign the certification.

2. Interest, dividend, broker, and barter exchange accounts opened after 1983 and broker accounts considered inactive during 1983. You must sign the certification or backup withholding will apply. If you are subject to backup withholding and you are merely providing your correct TIN to the requester, you must cross out item 2 in the certification before signing the form.

3. Real estate transactions. You must sign the certification. You may cross out item 2 of the certification.

4. Other payments. You must give your correct TIN, but you do not have to sign the certification unless you have been notified that you have previously given an incorrect TIN. "Other payments" include payments made in the course of the requester's trade or business for rents, royalties, goods (other than bills for merchandise), medical and health care services (including payments to corporations), payments to a nonemployee for services, payments made in settlement of payment card and third-party network transactions, payments to certain fishing boat crew members and fishermen, and gross proceeds paid to attorneys (including payments to corporations).

5. Mortgage interest paid by you, acquisition or abandonment of secured property, cancellation of debt, qualified tuition program payments (under section 529), ABLE accounts (under section 529A), IRA, Coverdell ESA, Archer MSA or HSA contributions or distributions, and pension distributions. You must give your correct TIN, but you do not have to sign the certification.

Secure Your Tax Records From Identity Theft

Identity theft occurs when someone uses your personal information, such as your name, SSN, or other identifying information, without your permission to commit fraud or other crimes. An identity thief may use your SSN to get a job or may file a tax return using your SSN to receive a refund.

To reduce your risk:

- Protect your SSN,
- Ensure your employer is protecting your SSN, and
- Be careful when choosing a tax return preparer.

If your tax records are affected by identity theft and you receive a notice from the IRS, respond right away to the name and phone number printed on the IRS notice or letter.

If your tax records are not currently affected by identity theft but you think you are at risk due to a lost or stolen purse or wallet, questionable credit card activity, or a questionable credit report, contact the IRS Identity Theft Hotline at 800-908-4490 or submit Form 14039.

For more information, see Pub. 5027, Identity Theft Information for Taxpayers.

Victims of identity theft who are experiencing economic harm or a systemic problem, or are seeking help in resolving tax problems that have not been resolved through normal channels, may be eligible for Taxpayer Advocate Service (TAS) assistance. You can reach TAS by calling the TAS toll-free case intake line at 877-777-4778 or TTY/TDD 800-829-4059.

Protect yourself from suspicious emails or phishing schemes. Phishing is the creation and use of email and websites designed to mimic legitimate business emails and websites. The most common act is sending an email to a user falsely claiming to be an established legitimate enterprise in an attempt to scam the user into surrendering private information that will be used for identity theft.

The IRS does not initiate contacts with taxpayers via emails. Also, the IRS does not request personal detailed information through email or ask taxpayers for the PIN numbers, passwords, or similar secret access information for their credit card, bank, or other financial accounts.

If you receive an unsolicited email claiming to be from the IRS, forward this message to *phishing@irs.gov*. You may also report misuse of the IRS name, logo, or other IRS property to the Treasury Inspector General for Tax Administration (TIGTA) at 800-366-4484. You can forward suspicious emails to the Federal Trade Commission at *spam@uce.gov* or report them at *www.ftc.gov/complaint*. You can contact the FTC at *www.ftc.gov/idtheft* or 877-IDTHEFT (877-438-4338). If you have been the victim of identity theft, see *www.IdentityTheft.gov* and Pub. 5027.

Go to *www.irs.gov/IdentityTheft* to learn more about identity theft and how to reduce your risk.

Privacy Act Notice

Section 6109 of the Internal Revenue Code requires you to provide your correct TIN to persons (including federal agencies) who are required to file information returns with the IRS to report interest, dividends, or certain other income paid to you; mortgage interest you paid; the acquisition or abandonment of secured property; the cancellation of debt; or contributions you made to an IRA, Archer MSA, or HSA. The person collecting this form uses the information on the form to file information returns with the IRS, reporting the above information. Routine uses of this information include giving it to the Department of Justice for civil and criminal litigation and to cities, states, the District of Columbia, and U.S. commonwealths and territories for use in administering their laws. The information may also be disclosed to other countries under a treaty, to federal and state agencies to enforce civil and criminal laws, or to federal law enforcement and intelligence agencies to combat terrorism. You must provide your TIN whether or not you are required to file a tax return. Under section 3406, payors must generally withhold a percentage of taxable interest, dividends, and certain other payments to a payee who does not give a TIN to the payor. Certain penalties may also apply for providing false or fraudulent information.

Ref: Request for patrol vehicles

Chief/Deputy Chief,

The reason for this correspondence is to respectfully request assistance from the City of Santa Fe Police Department with the consideration of donating two (2) to four (4) patrol vehicles. If you can include any equipment the vehicle may be outfitted with (light bars, control boxes, radios, transport partitions, radars, or gunlocks it would be greatly appreciated.

The Truth or Consequences Police Department has had several patrol vehicles decommissioned due to mechanical failures, along with the addition of two patrol officer positions has created a hardship on patrol for us. Public safety is our number one goal, as it is for all police organizations across the nation, and the ability to provide 24-hour coverage through active patrols is key to accomplishing that priority. Any support from your organization in assisting us in accomplishing our goal would be greatly appreciated.

On behalf of my organization and the citizens of Truth or Consequences, I thank you in advance for your time and consideration of the request. Please feel free to contact me at (575)740-5939 or by email at ltavizon@torcnm.org if you have any questions or need additional information.

Respectfully,

Re: Request for K9 Patrol Squad

Chief Paul Joye and Deputy Chief Ben Valdez,

The Village of Milan Police Department has recently gained the opportunity to add a K9 to the department at no cost. Having the opportunity to add a K9 to the department will greatly increase our abilities to combat the drug issues in the community. The K9 is also trained for tracking and apprehension, which will further increase the safety of doing our jobs.

Being a small agency with a budget that needs to be closely watched for spending, purchasing a squad equipped to house a K9 is not possible at this time. The K9 is available currently, but we are in danger of missing out on the opportunity because of the lack of a K9 equipped squad.

The Village of Milan Police Department is requesting your assistance with a K9 equipped patrol squad including any equipment the vehicle may be outfitted with.

Our Village greatly appreciates your consideration and efforts for our request. If you require additional information or have any questions, please let me know.

Thank you,

Chief Carl Ustupski

BACKGROUND AND SUMMARY:

As part of the annual fleet replacement, the Santa Fe Police Department is requesting the purchase of 20 vehicles, including the purchase of equipment and labor costs associated with each vehicle. The 20 police vehicles and associated equipment are imperative to maintain the operational capability of the Police Department. The following is the list of vehicles to be purchased.

VEHICLES	COSTS	ORG#	OBJ#
Ford Police Interceptor (18)	$911,448.00	2230310	570950
Ford F350 (2)	$134,446.20	2230310	570950
Total costs for 20 vehicles:	**$1,045.894.20**		

EQUIPMENT	COSTS
➢ Vehicle emergency/safety equipment, emergency lights, radio speaker, etc.	$704,562.85
➢ Radios	$142,204.13

Total costs for equipment and installation: **$846,766.98**

Grand total purchase cost: Vehicles, equipment and installation $1,892,661.18

Ford Police Interceptor Utility EcoBoost

Eighteen (18) Police Interceptor Utility vehicles will be purchased to replace the current Police Interceptor sedans that need replacement for the Patrol Section. The vehicles will be up fitted with the latest communication equipment, including police radios, mobile data terminals, and modems to work with our Dispatch Communications System, Records Management System and in car camera system.

The vehicle platform can accommodate varying sizes and compositions of officers while wearing protective and duty equipment. The ingress/egress for the vehicle does not require the officer to crouch down when entering the vehicle or to exit the vehicle from a crouched position. This can assist with minimizing issues with back pain, neck pain, and leg strain caused by entering/exiting the vehicle and minimizing lost time due to employee injuries. This remains a challenge with large statured officers who are issued a Police Interceptor sedan and often require them being placed in an Interceptor Utility if available.

The vehicle also provides sufficient secured storage space to accommodate communications equipment, duty equipment while also making it readily available for deployment or service when needed. The vehicle platform is also able to safely operate within the manufacturers' recommended payload capacity and gross vehicle weight rating (GVWR) without causing excessive brake, tire, and transmission wear when police vehicle equipment is installed, and duty equipment is loaded for duty use.

The vehicle comes standard as an all-wheel drive drivetrain providing improved handling stability and traction in all driving conditions. This is well suited for our community as we see all seasons. It is also the only vehicle, worldwide, that is engineered to meet the 75-mph rear-impact crash test that provides significant officer protection during a rear impact crash. Rear impact crashes are prone to occur while conducting traffic enforcement on roadways while a vehicle is parked on or alongside the roadway.

The vehicle is powered by the proven EcoBoost engine, which is reliable, fuel efficient and has allowed our Department to maintain an operational fleet with emergency response capability suitable to stand up to the rigorous work environment for law enforcement vehicles.

Ford F350 Truck

Two trucks will be purchased to increase our rapid response capability for our Hazardous Devices Technicians assigned to the Explosive Ordnance Disposal Team. The full-size truck platform is needed to accommodate the equipment carried by EOD technicians. We are increasing the number of equipment trucks to from two to four to allow for a rapid response to crisis incidents and the ability to resolve these situations as quickly and safely as possible so business can resume soon after. The two F350 EOD trucks have already proven to be an asset, and this will allow all four of our FBI Certified EOD Technicians to immediately have the equipment they need when summoned to an emergency situation. We anticipate these vehicles will remain in service for seven or more years.

The vehicles require four-wheel drive capability to complete the above tasks in inclement weather and in areas where roads are not well maintained within our jurisdiction.

The EOD vehicles will be up fitted with the latest communication equipment including police radio, mobile data terminal, and modem to work with our Dispatch Communications System and Records Management System.

Proposal Terms & Conditions

All proposals are valid for 30 days from the date issued. We reserve the right to withdraw a proposal at any time and for any reason. Shipping or freight charges may be added to the final invoice if they are not explicitly included in the proposal.

Please note that due to ongoing fluctuations in U.S. trade policy, including the implementation and partial suspension of tariffs on goods from countries such as Mexico, Canada, and China, pricing remains subject to change. While we have made efforts to avoid immediate adjustments, the situation remains fluid. We are actively working with our suppliers to mitigate potential cost impacts and maintain the best possible pricing for our customers.

As this situation evolves, customers should be aware that price increases may occur at any time without prior notice.

The anticipated total for the project is eighty-seven thousand six hundred thirty-nine dollars ($87,639). Any dollar spent above the anticipated total ($87,639) will be paid by the City.

BACKGROUND:

In March 2025, the City's Public Works Department applied for a Local Government Road Fund ("LGRF"), administered by NMDOT for improvements at the intersection of Agua Fria Street and Cottonwood Road. This project has been prioritized by the Governing Body in the Impact Fees Capital Improvements Plan Fiscal Year 2021-2027, Resolution No. 2022-18.

The project scope includes the construction of a roundabout, reconstruction of concrete curb and gutter, full pavement reconstruction, permanent signing and striping, pedestrian improvements, roundabout lighting and utility relocations/adjustments at the intersection of Agua Fria Street and Cottonwood Road.

The proposed project agreement, included in the Resolution as Attachment, A, terminates on December 31, 2026. NMDOT requires a resolution documenting acceptance of this funding, approved by the Governing Body.

RE: Charter Amendment Regarding Mayoral Voting Powers

SUMMARY:

The resolution proposes to submit a ballot question to the City of Santa Fe ("City") voters during the November 4, 2025, regular election. Currently, Section 5.01(B) of the City's Charter allows a mayor to "have a vote on all matters that come before the governing body". The ballot question would amend the City's Charter to allow the mayor to vote only when there is a tie.

- Before 2008, the Charter limited the mayor's vote to ties.
- Between 2008 and 2014, the Charter provided the mayor could vote in a tie "or when his or her vote will provide the necessary number of votes required by law for taking action on an issue before the governing body."
- In 2014, the Charter was amended to authorize the mayor to "have a vote on all matters that come before the governing body."

Re: **Appeal # 2025-9812-APPL of Case # 2024-9478-HDRB.** Property owner Miriam Leth-Espensen and agent Stefanie Beninato appeal the Historic Districts Review Board's December 10, 2024, decision denying a request for an exception to exceed the 4'6" maximum allowable height by 1'2", for a fence in front of a contributing house in the Downtown and Eastside Historic and Business Capital Districts.

Date: **April 25, 2025, for the April 30, 2025, Governing Body meeting**

Property owner, Mirian Leth-Espensen, represented by agent Stefanie Beninato ("Appellant") has filed an Appeal challenging a decision by the Historic Districts Review Board ("HDRB" or "Board") denying her application to approve a 5-foot-8-inch-high fence at 614 Paseo de Peralta (the "Property"). A contractor for the Appellant Ms. Leth-Espensen built the fence without applying for a building permit or HDRB approval, and the City issued Notices of Violation to the property owner. The property is in the Downtown and Eastside Historic District and in the Business Capital District, East Marcy / East Palace Subdistrict. After a public hearing on December 10, 2024, the HDRB denied the Appellants' application for retroactive approval of the non-compliant fence and the exception the Appellants sought to the Historic Districts Code. The Appellants appeal the HDRB's denial.

Both the Business Capital District standards and the Historic Districts Code restrict the height of fences. **[Santa Fe City Code ("SFCC" or "Code") Sections 14-7.4(A) and 14-5.2(D)(9)(c)(ii) (C)]** The Business Capital District's height limitations are more restrictive than the Historic District's, and the Code requires that the more restrictive limitation prevails over the less restrictive. **[SFCC Section 14-1.7(B)]** The Historic Districts Code permits exceptions to the Historic Districts standards **[SFCC Section 14-5.2(C)(5)(c)]**, and the Appellant (the "Applicant" in the HDRB hearing) asked the Board to grant an exception. The six exception

criteria require the HDRB to consider elements such as the character of the streetscape, special conditions peculiar to the land, and the preservation of the City's historic areas. **[SFCC Section 14-5.2(C)(5)(c)]** The HDRB also considered that the structure on this property has a historically "contributing" designation, and the Code prohibits the HDRB from approving an alteration that jeopardizes that designation. **[SFCC Section 14-5.2(D)(1)(a)]**

Appellant claims the location of the property in a high-traffic area poses a hazard to her, the high fence is a necessary safeguard against trespass and vandalism, and the HDRB decision was arbitrary, capricious, and not based on the facts or the law. **[Ex. A, Verified Appeal Petition ("Petition"), at 4]** She also argues that other property owners in the Historic Districts and on this streetscape have installed 6-foot fences, approved by the HDRB, and the denial of the exception for her fence is, therefore, unfair. **[Ex. A, Petition, at 3, 9]** In this "de novo" appeal, the Governing Body may uphold or reverse the HDRB's decision to deny the application and the exception. **[SFCC Section 14-2.2(F)]** A "de novo" appeal is one in which the Governing Body conducts an independent application of the law to the evidence to decide whether the facts and the law support the structures' historic statuses.

I. BACKGROUND

A. <u>The Property, its History, and its Relation to the Street</u>

The Property is on the south side of Paseo de Peralta, across the street and to the west of the entrance to Historic Fort Marcy Park. It has a mixed use as a residence and Miriam's Well School of Weaving, which offers small weaving and textile-design classes. **[Ex. A, Petition, at 7; Ex. C, Excerpt from Minutes, at 38]** The Property is listed as historically contributing in the Downtown and Eastside Historic District, and is on the northern edge of the Business Capital District, East Marcy/East Palace Subdivision. **[Ex. C, Minutes, at 32-33]** Seven of the nine houses on Paseo de Peralta between East Marcy and Otero streets have either a contributing or significant status, and the Property is one of the seven. **[Ex. J, Building Historic Status Map, at 117]** The Anglo-American arrival influenced the development of this streetscape, and the houses in this area reflect the Anglo-American style of architecture, including low front-yard fences. **[Ex. C, Minutes, at 33]** The structure has a moderately pitched, gabled roof, deep-set windows, and a large bay of windows on the north where a porch has been enclosed. **[Ex. C, Minutes, at 32]** A photograph from the 1985 Historic Building Inventory illustrates that this house, like others in the streetscape, had low, fenestrated fencing at the property line. **[Ex. D, Staff Memo, at 53]** Although it is difficult to discern the exact fence material in the 1985 photograph, it is clear that historically the house had a direct relationship with the street, as do other historic buildings in the streetscape. **[Ex. C, Minutes, at 33]**

The south side of Paseo de Peralta has several distinguishing characteristics from the north side of the street. On the curve between East Marcy and Otero Streets, only the south side of Paseo de Peralta is within the Business Capital District ("BCD"); the north side of the street is outside the BCD. **[Ex. H, BCD Map Detail, at 115]** The south side of the street is lined with lower fences and yard walls with stepped heights, picket and wire fences, and walls combined with wrought-iron fencing creating an open fenestration of the wall. The north walls of two

structures (one residential and one commercial) abut the sidewalk. **[Ex. C, Minutes, at 34; Ex. D, Staff Memo, at 45, 49, 58]** There is a considerable grade difference between the south side of the street, which has a gradual slope, and the north side, where the steep, switchback trail to the Cross of the Martyrs commences. **[Ex. D, Staff Memo, at 45, 88]** Retaining walls characterize the streetscape on the north side, with additional walls that are substantially set back from the plane of the retaining walls. **[Ex. D, Staff Memo, at 45]**

B. Business Capital and Historic District Standards

Two standards limit the height of walls and fences in the neighborhoods in the northeast downtown area of Santa Fe. Height standards are found in both the Business Capital Districts Code, SFCC Section 14-7.4, Table A-1, and the Historic Districts Code, SFCC Section 14-5.2(D)(9)(c)(ii)(C). Height and other limitations in the BCD Code are more restrictive than those in the Historic Districts Code and, under this section of the SFCC, the more restrictive code section supersedes the less restrictive:

> 14-1.7 – CONFLICTING PROVISIONS: . . . (B) In the case of a conflict within Chapter 14, or between Chapter 14 and any other ordinance, resolution or regulation, the more restrictive limitation or requirement shall prevail, unless an exception is specifically stated, and the provision shall govern that requires: . . .
>
> (2) the lower height of structure or lesser number of stories;

SFCC Section 14-5.1 has similar language: "When the requirements of an overlay district are in conflict with those of the underlying district or those of another overlay district, the more restrictive limitation or requirement controls as provided for in Section 14-1.7."

The BCD has several subdivisions, and 614 Paseo de Peralta is in the East Marcy / East Palace Subdistrict ("BCD EAS") **[Ex. H, BCD Map Detail, at 115]** Table A-1 under SFCC Section 14-7.4 reads, with respect to the BCD EAS subdistrict, "[w]alls, fences, and hedges permitted to maximum of 4 feet." **[Ex. I, BCD Table, at 116]** The Historic Districts Code, SFCC Section 14-5.2(D)(9)(c)(ii)(C), reads, "Yard walls and fences shall be limited to a height that does not exceed the average of the height of other yard walls and fences in the streetscape." In compliance with this formula, the Staff took the measurements of 38 other fences and yard walls along the Paseo de Peralta streetscape and calculated the average, which was 54 inches, or 4 feet, 6 inches. **[Ex. D, Staff Memo, at 56]** Applying the height limitation of the BCD EAS, which is 4 feet, the Appellant's fence, at 5 feet 8 inches, exceeds it by 20 inches, or 1 foot 8 inches. Applying the height limitation of the Historic Districts Code under SFCC 14-5.2(D)(9), which is 4 feet 6 inches, the Appellant's fence exceeds it by 14 inches.

The property at 614 Paseo de Peralta has been designated historically "contributing" under the Historic Districts Code. **[Ex. J, Building Historic Status Map, at 117]** SFCC Section 14-12.1, defines this status level for historic properties:

> CONTRIBUTING STRUCTURE: A structure, located in a historic district, approximately 50 years old or older that helps to establish and maintain the character of that historic district. Although a contributing structure is not unique in itself, it adds to the historic associations or historic architectural design qualities that are significant for a district. The contributing structure may have had minor alterations, but its integrity remains.

The Code expressly prohibits any alteration to contributing, significant or landmark structures that will cause the structures to lose these specially protected designations. SFCC Section 14-5.2(D)(1)(a) reads:

> The status of a significant, contributing, or landmark structure shall be retained and preserved. If a proposed alteration will cause a structure to lose its significant, contributing, or landmark status, the application shall be denied. The removal of historic materials or alteration of architectural features and spaces that embody the status shall be prohibited.

Proposed additions or alterations that do not comply with Code restrictions for significant or contributing buildings are not entirely prohibited; the HDRB can permit them if the property owner or project applicant requests an "exception" and meets six criteria described in the Code at SFCC Section 14-5.2(C)(5)(c). The applicant has the burden of "conclusively demonstrating" the exception criteria. **[SFCC Section 14-5.2(C)(5)(c)]**

II. PROCEDURAL HISTORY

A. Notices of Violation

From at least 2015 through 2023, 614 Paseo de Peralta had a low white frame and wire mesh fence on its north lot line, which permitted an unobstructed view of the house from Paseo de Peralta. **[Ex. D, Staff Memo, at 45-46]** In August, 2023, a constituent complained that workers were building a new fence without a permit, and on August 18, 2023, a Building Inspection officer issued Ms. Leth-Espensen a Notice of Violation and a stop-work order, commonly called a "red tag." **[Ex. F, Notices of Violation, at 108]** Ms. Leth-Espensen sent an e-mail to the Staff apologizing for failing to obtain a permit, and claiming she went to the permit office where she was told she did not need a permit as long as the new fence did not exceed the height of the old fence. **[Ex. D, Staff Memo, at 103]**

The fence had not been removed by February, 2024, and the Building Inspection officer returned to the address and issued another Notice of Violation January 11, 2024. **[Ex. F, Notices of Violation, at 109]** Finding the fence still in place in April, the Historic Preservation Staff issued another Notice of Violation and filed it in Santa Fe Municipal Court, where the City opened a criminal case against Ms. Leth-Espensen, Case # CE 2024-00005. **[Ex. F, Notices of Violation, at 111]** On motions by Ms. Leth-Espensen's defense counsel, Lisa Torraco, that case has been postponed pending the outcome of the Governing Body Appeal hearing. Ms. Leth-Espensen (the "Applicant") applied for an HDRB review. **[Ex. G, HD Application, at 113-114]**

The Staff set an HDRB hearing on her application for December 10, 2024. The Applicant requested that the HDRB consider granting an exception to the fence height restrictions in the City Code, and she offered several reasons why she believed she fulfilled the six exception criteria. **[Ex. D, Staff Memo, at 88-89]**

B. Staff Recommendations

In its Staff Report to the HDRB, the Staff recommended that the application for the fence be denied. **[Ex. C, Minutes, at 35; Ex. D, Staff Report, at 44]** The Staff cited the height restrictions in the BCD East Marcy Subdistrict and the General Design Standards for the Historic Districts under SFCC Section 14-5.2(D) as bases for denying the application. **[Ex. C, Minutes, at 34-35; Ex. D, Staff Report, at 45-48]** In response to the request for exceptions, the Staff provided the following analysis in support of the recommendation to deny:

- Although high retaining walls and yard walls appear on the north side of Paseo de Peralta, they are required because the slope on the north side of the street is extreme while the slope on the south side of the street is more gradual;

- Low yard walls and fences, consistent with the BCD EAS ordinance, and fenestrated walls and fences, such as picket and wrought-iron fences are more characteristic of the south side of the street;

- The Applicant's need for security is no greater than that of other residents on this street, and their houses have low fences and yard walls, and the Applicant could increase her safety by measures other than a high fence that obstructs the view of the house;

- The hardships the Applicant faces without a high fence on her lot line affect all property owners on that streetscape, and the exception criteria requires the Applicant to demonstrate that the circumstances justifying an exception are unique to her property; and

- It is immaterial that the structure on the Applicant's property is a live-in workplace, as there are both residential and commercial properties on that block. **[Ex. D, Staff Report, at 48-52]**

C. Board Decision to Deny Application

On December 10, 2024, the HDRB held a public hearing about the application and request for an exception. Stefanie Beninato represented the Appellant in that hearing. **[Ex. C, Minutes, at 35]** Five members of the Board participated in the hearing. Because the chair only has a vote in the event of a tie, four members voted. **[City Resolution # 2009-20, Art. 11, § 2(B); Ex. C, Minutes, at 42]** The Staff gave a history of the property, described the project application, and recommended that the HDRB deny the project and enter findings that the exception criteria had not been met. **[Ex. C, Minutes, at 34-35]**

In the Applicant's presentation, Ms. Beninato asked Board Member Jennifer Biedscheid to disqualify herself. **[Ex. C, Minutes, at 35-36]** Ms. Beninato expressed concern that Member Biedscheid had a bias against the Applicant because the Applicant had posted a placard on her fence urging voters not to retain Judge Bryan Biedscheid, Jennifer Biedscheid's husband, in the 2024 general election. Member Biedscheid declined to disqualify herself, assuring the Applicant she had no bias, and that her service to the HDRB is not influenced by her husband's career or by cases that he presides over. **[Ex. C, Minutes, at 35-36]**

Ms. Beninato said that when the property had a low, wire fence, salt from the City's treatment of the icy street in the winter damaged the front of the house, and pedestrians coming and going from nearby parks trespassed on the property. **[Ex. C, Minutes, at 36]** Ms. Beninato gave examples of other properties in the Historic Districts with high fences, including one at the Girls, Inc., property at Paseo de Peralta and Hillside Avenue. **[Ex. C, Minutes, at 37]** Ms. Leth-Espensen also addressed the Board, testifying that strangers and homeless persons would pass through her property when she had a low fence, and the contractor told her that if the fence was not 6 feet or taller she would not need a permit. She felt that the fence was a solution to the increased traffic, tourists, and criminal elements of the city. **[Ex. C, Minutes, at 37]** Two members of the public addressed the Board, both expressing disapproval of the fence. **[Ex. C, Minutes, at 40-41]**

Member John Bienvenu moved, and the Board voted unanimously among the four voting members to deny the application, and to deny the height exception the Applicant sought. **[Ex. C, Minutes, at 42]** On February 11, 2025, the HDRB adopted written Findings of Fact and Conclusions of Law reflecting its decisions regarding the Property. **[Ex. B, Findings & Conclusions, at 25-29]**

D. Requirement for Board of Adjustment Review

Although the exception criteria under SFCC Section 14-5.2(C)(5)(c) allow the HDRB to consider many circumstances affecting a property when it reviews a project proposal, variations from the Business Capital Standards can be approved only by the Board of Adjustment. **[SFCC Sections 14-2.4 (Board of Adjustment); 14-2.5 (BCD Design Review Committee); 14-3.16 (Variances)]** For this reason, if the Governing Body grants the Appellant's appeal, the Appellant will have to submit her project to the Board of Adjustment for permission to exceed the height restrictions of the BCD EAS.

III. APPEAL TO THE GOVERNING BODY

A. Applicable Code Sections

Under SFCC Section 14-3.17(A)(2), an appeal of an HDRB decision may be filed for one or more of the following reasons:

(a) To contest non-compliance of a final action with Chapter 14 or

Sections 3-21-1 through 3-21-14 NMSA 1978 (the New Mexico zoning enabling act);

(b) To contest the application of SFCC Chapter 14; or
(c) To appeal a decision lacking substantial evidence to support it.

Although the Appellant claims a violation of her constitutional right of "equal protection," SFCC Section 14-3.17(A)(2) does not permit the Governing Body to base a decision on such a claim.

B. The Appellants' Claims

In her Verified Appeal Petition ("Petition"), the Appellant claims the HDRB made an arbitrary and capricious ruling which was not based on the law or the facts of the case. **[Ex. A, Petition, at 4]** She claims:

1. She is in danger from trespass, vandalism and burglaries, and the Board's decision impairs her physical safety and the peaceful enjoyment of her property. **[Ex. A, Petition, at 3, 7]**

2. Other parts of her property have coyote fencing, and the disapproval of a coyote fence on the street frontage requires two different types of fencing, creates an aesthetically incongruous and disharmonious property and devalues the property. **[Ex. A, Petition, at 3-5]**

3. Coyote fencing is commonplace on the Paseo de Peralta streetscape and elsewhere on the block, notably in the Castillo Plaza, which provides off-street parking to the Appellant's property and other business on that block. **[Ex. A, Petition, at 4-6]**

4. The Appellant has been treated unfairly because property owners at 803 Agua Fria St. and 301 Hillside Ave. (Girls, Inc.) have been permitted to build high coyote fences, the property owners at 803 Agua Fria St. have not complied with conditions the HDRB imposed, and they have not been issued a Municipal Court citation. **[Ex. A, Petition, at 3-5, 9]**

5. The Appellant has suffered a disadvantage by the City's failure to adopt Findings of Fact and Conclusions of Law within 35 days after the HDRB hearing, and the time for the Appellant to file her Appeal starts running on the 35th day after the hearing. **[Ex. A, Petition, at 3-4]**

6. The Board did not correctly apply the definition of "Streetscape," set forth in SFCC Section 14-12.1, which includes both sides of the street for 300 feet in either direction of the subject property. **[Ex. A, Petition, at 4-5]**

7. Member Biedscheid's refusal to disqualify herself resulted in an unfair hearing to the Appellant. **[Ex. A, Petition, at 10-11]**

IV. ANALYSIS

A. Evidence Supporting the Board's Decision

The HDRB had evidence to support its decision to deny the application and to deny the exception the Appellant requested. The Board spent an hour and 15 minutes on this hearing, there are 14 pages of Minutes for this discussion and Board's decision, and it is clear that the Board gave the Appellant and her attorney (Ms. Beninato) ample opportunity to offer evidence and to answer all the Board's questions. **[Ex. C, Minutes, at 32-43]**

In response to the arguments made by the Appellant in her Verified Appeal Petition, the Governing Body may consider, with respect to each of the Appellant's arguments, the following:

1. **The Appellant's exposure to safety hazards:**

The Board found that there are other, unprotected points of access to the house, notably on the east and west sides, and there was no proof that the coyote fence on the street front provides greater protection than any other fence. **[Ex. B, Findings & Conclusions, at 27; Ex. C, Minutes, at 38]** There is no barrier separating the Appellant's house from the adjacent property to the west, which has only a low yard wall, and the coyote fence on the Appellant's north lot line does nothing to prevent access through the neighboring property. **[Ex. C, Minutes, at 38; Ex. D, Staff Report, at 96-97]** The HDRB also found that hazards to the Appellant can be mitigated by other designs, such a lower, picket fence which could have pointed pickets, or a wrought-iron fence which could have pointed finials. **[Ex. B, Findings & Conclusions, at 27; Ex. C, Minutes, at 39-40]**

The exception criteria require special circumstances not applicable to other lands or structures. **[SFCC Section 14-5.2(C)(5)(c)(iv)]** The HDRB found that the Appellant had not shown a need for safety greater than at any other heavily traveled location, and that all the properties on the south side of Paseo de Peralta abut the sidewalk or have a minimal setback, and are similar to the subject property. **[Ex. B, Findings and Conclusions, at 27]**

2. **Aesthetic impairment from disallowance of coyote fencing:**

Photos presented to the Board depicting the property when it had a lower fence show that persons passing on Paseo de Peralta cannot see the coyote fencing in the back of the property. Trees and foliage on the east and west sides of the Appellant's house obstruct the view of the back yard, and fencing in the interior Castillo Plaza is not visible even from the unfenced adjacent property to the west. **[Ex. D, Staff Report, at 46, 96-97]** The Board found the height and its lack of fenestration, greatly obstructing the view of the house, as the fence's problematic characteristics, not necessarily its composition of latillas. **[Ex. C, Minutes, at 38, 40]**

The property owner's personal sense of aesthetics is not among the criteria the Board must consider, for that would make Code-mandated design standards meaningless to the extent a property owner does not like them. **[SFCC Section 14-5.2(C)(5)(c)]** The Board must consider the property's harmony with the streetscape, the preservation of historic areas and the "qualities relating to the history of Santa Fe." **[SFCC Section 14-5.2(A)(1)]** The history of the BCD EAS does not support high, solid fences. **[Ex. D, Staff Report, at 48-49]**

3. **Coyote fencing found elsewhere on the block:**

In a hearing in July, 2024, the Board approved a six-foot-high coyote fence at Girls, Inc., at 301 Hillside Ave., which is down the street to the east and visible from 614 Paseo de Peralta. **[Case # 2024-8626-HDRB]** However, the section of 301 Hillside Ave. that abuts Paseo de Peralta is on the north side of the street, the north side of Paseo de Peralta is outside the BCD EAS, and the fence height restrictions of the BCD EAS do not apply there. **[Ex. H, BCD Map Detail, at 115]**

The Board approved exception criteria for the fence at the Girls, Inc., property, and structures approved by a variance or exception are excluded from the streetscape by SFCC Section 14-5.2(D)(9)(b)(ii). This section reads: "When determining streetscape, the following structure types shall be excluded: . . . existing structures approved by way of a variance or exception, and yard walls and fences whose height is inconsistent with the predominant height of yard walls and fences on an applicable streetscape." When approving the fence at Girls, Inc., the Board considered that that property already had coyote fencing, and a six-foot-high chain-link fence.

4. **High fences have been approved at 803 Agua Fria St. and 301 Hillside Ave.:**

The standards for the BCD EAS, Sections 14-7.4(A), control the *south* side of Paseo de Peralta only, and 301 Hillside Ave. (Girls, Inc.) is on the north side. **[Ex. H, BCD Map Detail, at 115]** The Business Capital District's height limitations are more restrictive than the Historic District's, and SFCC Section 1.7(B), reads that the more restrictive limitation prevails over the less restrictive.

803 Agua Fria St. is in a different historic district: the Westside-Guadalupe Historic District, controlled by a different section of the Historic Districts Code, SFCC Section 14-5.2(I). It is also on a different streetscape. And, because it is not in the Business Capital District or any subdistrict of the BCD, average height on the streetscape is the sole height regulation that applies under the Code. SFCC Section 14-5.2(I)(1)(f) specifically permits coyote fencing for the Westside-Guadalupe Historic District, but coyote fencing is solely at the Board's discretion for the Downtown and Eastside Historic District, SFCC Section 14-5.2(E).

Even if there were non-conforming properties in the vicinity of other structures or walls/fences that do not comply with the City Code, it is no defense to a prosecution for violating an ordinance that others have been permitted to violate it without prosecution or punishment. *City of Santa Fe v. Gamble-Skogmo, Inc.*, 1964-NMSC-016, ¶ 24, 73 N.M. 410, 389 P.2d 13 (1964); *Kansas City v. Wilhoit*, 237 S.W.2d 919, 924 (Kan.App. 1951).

5. **Delay in adopting Findings of Fact and Conclusions of Law:**

The Board approved the Findings of Fact and Conclusions of Law for 614 Paseo de Peralta in its meeting on February 11, 2025, which was 63 days after the HDRB heard the

Appellant's presentation on the project. **[Ex. B, Findings and Conclusions, at 29]** An Appellant's Appeal Petition must be submitted not later than the 50th day after a Land Use Board hearing, in accordance with SFCC Section 14-3.17(C)(1)(c) and (4)(b), but the Appellant does not have to wait until the HDRB approves the Findings of Fact and Conclusions of Law for the project to get a clear understanding how the Board voted. The Appellant can review any dialogue that took place in the hearing by replaying the hearing on the YouTube site. The link to the YouTube video is printed on the Agenda for the respective HDRB hearing.

There is no disadvantage to the Appellant that the Findings and Conclusions are approved after a Land Use Appeal comes due, as they do not control the discussion at the Appeal Hearing. The Appeal procedure, controlled by City Resolution # 2011-24, reads that the parties to the Appeal Hearing may introduce evidence that was not previously part of the Record. **[City Resolution # 2011-24(VIII)(E), Other Evidence]**

6. **Code definition of "streetscape" includes both sides of the street for 300 feet both directions:**

The Code provision the Appellants cite, SFCC Section 14-5.2(D)(9)(a)(ii)(B), is not the only Code section setting the considerations for streetscapes and fence heights. Also bearing on the height calculation are the six Streetscape Standards, found at SFCC Section 14-5.2(D)(9)(b)(i-vi). These standards exclude the Girls, Inc., property at 301 Hillside Ave. because structures approved by variance or exception are not considered, and yard walls and fences whose height is inconsistent with the predominant height of yard walls and fences on the streetscape are not considered. It is immaterial that "streetscape" includes both sides of the street under SFCC Section 14-5.2(D)(9)(a)(ii) because the BCD EAS standards, SFCC Section 14-7.4(A), are more restrictive than the streetscape definition at SFCC Section 14-5.2(D)(9), and under the Code the more restrictive limitation prevails. **[SFCC Section 14-1.7(B)]**

Also, the definition of "streetscape" at SFCC Section 14-12.1, requires the Board to consider the visual character of a street according to its topography, the pattern of structures and open space, building and wall setbacks, street and architectural design, and heights, widths and proportions of the structures. The length of the streetscape under SFCC Section 14-5.2(D)(9)(a)(ii)(B) is only part of the equation.

7. **Member Biedscheid's refusal to disqualify herself:**

The sole reason the Appellant gave for her request that Board Member Jennifer Biedscheid recuse herself was that the Appellant had posted a placard on her fence urging voters not to retain Judge Bryan Biedscheid, Member Biedscheid's husband, in the 2024 general election. **[Ex. C, Minutes, at 35-36]** A person presiding over a quasi-judicial proceeding, such as a land-use hearing, is held to the same standard as a judge, with respect to matters which affect the hearing officer's family member. Rule 21-211(3) NMRA reads that a judge must disqualify herself when "[t]he judge knows that he or she, individually or as a fiduciary, or the judge's spouse, domestic partner, parent, or child, or any other member of the judge's family residing in the judge's household, has an *economic interest* in the subject matter in controversy

or is a party to the proceeding." (Emphasis added.) And under the City Code, a conflict of interest means a prospect of *pecuniary*, or financial, gain or loss from an official act of a public official or any member of her family. **[SFCC Section 1-7.5]** There was never any claim that Member Biedschied or other relevant person, such as a member of her family or family's business, had a financial interest in this project, or that she would gain financially from its defeat.

Member Biedscheid was one of the four voting members of the HDRB who unanimously denied the exception for the fence project. **[Ex. C, Minutes, at 42]** Even if Member Biedschied recused herself, the vote would have been 3-0 to deny it, a unanimous outcome.

B. Standard of Review

On appeal, the Governing Body should independently apply the Code provisions to the facts of this case. *See* Appendix (relevant Code provisions).

V. CONCLUSION

In considering the Appellant's appeal, the Governing Body must address the following question:

Has the Appellant conclusively demonstrated she fulfills the six criteria for an exception to the Historic District standards?

If the answer is "**no**," then the Governing Body should deny the appeal.

If the answer is "**yes**," then the Governing Body should grant the appeal and state the facts supporting each of the six criteria.

VI. MOTION OPTIONS

There are two options for motions in this case:

Motion 1: I move to deny the appeal, on the grounds that the 5-foot-8-inch, solid fence is non-conforming to Historic District height and design standards for that streetscape and the Appellants have not conclusively demonstrated the six criteria for an exception to these standards.

Motion 2: I move to grant the appeal, on the grounds that, although the 5-foot-8-inch, solid fence is non-conforming to Historic District height and design standards for that streetscape, the Appellants have conclusively demonstrated the six exception criteria. The facts supporting the exception criteria are (state (i) through (vi)):

APPENDIX:
EXCERPTS FROM SANTA FE CITY CODE

§ 14-1.7 – Conflicting Provisions

. . .

(B) In the case of a conflict within Chapter 14, or between Chapter 14 and any other ordinance, resolution or regulation, the more restrictive limitation or requirement shall prevail, unless an exception is specifically stated, and the provision shall govern that requires:

(1) the greater width or size of yards, courts or other open spaces;
(2) the lower height of structure or lesser number of stories;
(3) the greater percentage of lot or land to be left unoccupied; or
(4) other higher standards.

§ 14-5.2 – Historic Districts

(A) General Provisions

(1) General Purpose

In order to promote the economic, cultural, and general welfare of the people of the city and to ensure the harmonious, orderly and efficient growth and development of the city, it is deemed essential by the governing body that the qualities relating to the history of Santa Fe, and a harmonious outward appearance, which preserve property values and attract tourists and residents alike, be preserved, some of these qualities being:

(a) The continued existence and preservation of historical areas and buildings;
(b) The continued construction of buildings in the historic styles; and

(c) A general harmony as to style, form, color, height, proportion, texture and material between buildings of historic design and those of more modern design.

. . .

(C) Regulation of Significant and Contributing Structures in the Historic Districts

(1) Purpose and Intent

It is intended that:

(a) Each structure to be recognized as a physical record of its time, place, and use. Changes that create a false sense of historical development, such as the addition of conjectural features or architectural elements from other buildings, shall not be undertaken;

(b) Changes to structures that have acquired historic significance in their own right shall be retained and preserved, recognizing that most structures change over time;

(c) Distinctive features, finishes, and construction techniques or examples of craftsmanship that characterize a structure be preserved; and

(d) New additions and related or adjacent new construction be undertaken in such a manner that if removed in the future, the original form and integrity of the historic property and its environment would be unimpaired.

. . .

(5) Exceptions

Staff shall determine if an exception to this section is required. The historic board may grant or deny an exception to the regulations set forth in this section provided that such exception does not exceed the underlying zoning.

. . .

(c) Height, Pitch, Scale, Massing, and Floor Stepbacks

The board is the city administrative board reviewing and granting or denying requests for exceptions from regulations set forth in Subsection 14-5.2(D)(9). . . . The board may grant exceptions and impose conditions thereon to Subsection 14-5.2(D)(9) for height of structures within the historic districts as specified in Subsection 14-5.2(D)(9)(a). In order to approve an exception, the board shall make findings of fact that the applicant conclusively demonstrated that requested exceptions comply with all the criteria listed as follows: (Ord. No. 2023-27 § 1)

(i) Do not damage the character of the streetscape;

(ii) Prevent a hardship to the applicant or an injury to the public welfare;

(iii) Strengthen the unique heterogeneous character of the city by providing a full range of design options to ensure that residents can continue to reside within the historic districts;

(iv) Are due to special conditions and circumstances which are peculiar to the land or structure involved and which are not applicable to other lands or structures in the related streetscape;

(v) Are due to special conditions and circumstances which are not a result of the actions of the applicant; and

(vi) Provide the least negative impact with respect to the purpose of this section as set forth in Subsection 14-5.2(A)(1).

(D) General Design Standards for All H Districts

In any review of proposed additions or alterations to structures that have been declared significant or contributing in any historic district or a landmark in any part of the city, the following standards shall be met:

(1) General

(a) The status of a significant, contributing, or landmark structure shall be retained and preserved. If a proposed alteration will cause a structure to lose its significant, contributing, or landmark status, the application shall be denied. The removal of historic materials or alteration of architectural features and spaces that embody the status shall be prohibited.

(b) If a proposed alteration or new construction will cause an adjacent structure to lose its significant, contributing, or landmark status, the application may be denied.

. . .

(9) Height, Pitch, Scale, Massing and Floor Stepbacks

The height, pitch, scale, and massing of any structure in a historic district, as defined in this section, shall be limited as provided for in this section, unless further restricted within this chapter.

(a) Applicability

The following sections identify specific areas and specific projects subject to this section. Planning and land use department staff shall determine whether or not properties are included within this section. (Ord. No. 2007-45 § 30; Ord. # 2020-22, § 16)

(i) Specific Areas

A. The authority to limit the height of any structure, as provided in this section, shall apply within the downtown and eastside, Don Gaspar, historic transition, and Westside-Guadalupe historic districts.

. . .

(ii) Project Types

Planning and land use department staff shall determine the applicability of this section to individual projects and the applicable streetscape as follows: (Ord. # 2007-45 § 30; Ord. # 2020-22, § 16)

A. If the project location is sited on a street which extends linearly with no interruptions or truncations, the streetscape shall include buildings, yard walls, and fences on both sides of the street on which the proposed building, yard wall, or fence is to be located, for a distance of six hundred (600) feet measured from the midpoint of the street facing façade(s) of the proposed building, yard wall, or fence in both directions parallel to the street centerline. See Illustration 14-5.2-1, “Linear Street - No Interruptions or Truncations.”

B. If the streetscape is truncated by an intersecting block or a

visual intrusion (such as a curve or turn in the streetscape) before the six hundred (600) feet is measured, the streetscape shall include all buildings, yard walls, or fences up to and including those which front the intersection or intrusion. See Illustration 14-5.2-2, "Truncation by an Intersecting Block or Visual Intrusion."

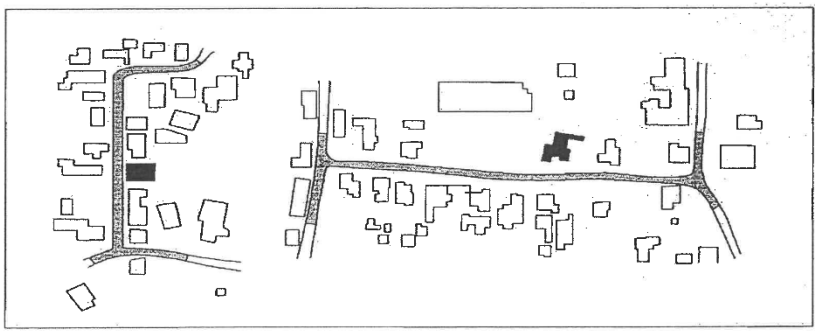

Illustration 14-5.2-2 Truncation by an Intersecting Block or Visual Intersection

(b) Streetscape Standards

. . .

(ii) When determining streetscape, the following structure types shall be excluded: institutional, buildings originally constructed to house a hotel, residential multiple unit, buildings with non-historic multiple stories, non-historic pitched roof, auxiliary outbuildings such as sheds, existing structures approved by way of a variance or exception, and yard walls and fences whose height is inconsistent with the predominant height of yard walls and fences on an applicable streetscape.

. . .

(c) Height

. . .

(ii) In exercising its authority under this section, the board shall limit the height of structures as set forth in this section. Heights of existing structures shall be as set forth on the official map of building heights in the historic districts.

. . .

C. Yard walls and fences shall be limited to a height that does not exceed the average of the height of other yard walls and fences in the streetscape.

(iii) In historic districts, height shall be the vertical distance measured between the highest part of a structure and the existing grade or finished grade, whichever is more restrictive, at the midpoint of the street facing facade, excluding rooftop appurtenances, the increased height of walls or fences over pedestrian and vehicular openings, and gates (either in opened or closed position).

. . .

HARM

1 Severe impairment of physical safety and security, loss of peaceful enjoyment of her property, loss of reasonable use of the yard on her property due to periodic trespasses, vandalism and break in. Increased stress. The owner was in the house when the break in occurred.

2 Economic Devaluation of property due to periodic trespasses and vandalism

3 Aesthetic harm: The insistence of the Board that some other type of fencing than coyote fencing should be used despite the fact that coyote fencing has been on the property for decades. Having two types of fencing meeting is aesthetically incongruous and produces disharmony in the owner who has a highly developed aesthetic/artist sense and values. It devalues the property to have two inconsistent fencing types meet on the same property.

4 Emotional distress: The need to go to court to defend against a misdemeanor concerning the fence filed in city court. The case has been ongoing for 18 months in large part due to no planner being assigned to the case and the city apparently losing the application submitted by Paul Duran, city LUD employee on 1 March 2024. My client believes there are very few cases in which the city engages in this type of criminal action. For example, 803 Agua Fria built a coyote fence to 6 ft on a significant house without permission. The owners got redtagged and came to the Board. The HDRB allowed this fence with certain conditions. Eight months later, the owners have not met the conditions (lower fence slightly, put cross bracing on the inside), but the city is not in court with them on noncompliance.

5 Economic harm the cost of the construction of the fence ($2800) and the potential cost of its removal

6 Lack of equal protection— the HDRB stated that it allowed the owners of 803 Agua Fria and Girls Inc to have higher fences based solely on claims of safety yet denied similar action in this case while acknowledging the precedent the Board set in the other two cases. Girls Inc is within the streetscape of 614 Paseo de Peralta. See Basis for Appeal Unequal Treatment/Protection

7 The cost of an exception in front of HDRB when it seems that perhaps none was needed See Wall and Fence Guidelines: Board can grant an additional 20 percent of height beyond what it is allowed to grant in a historic district) "Wall heights should be carefully regulated by HDRB standards …and should be restricted so as not to increase the allowable height for the streetscape by more than 20 percent") $550 was for the HDRB application and exception request with additional representative fees.) And the cost of this appeal ($200).

8 Due Process/Equal Protection We have only an action letter from the HDRB but no adoption of findings and conclusions within 49 days of the oral decision. We are operating with a limited capacity to respond in accordance with the deadline that creates a disadvantage (14-3.17C4b) for the owner in creating a legally adequate record on which to base a further appeal if necessary. This type of legal harm has safety and economic effects. We are using the reasons given in the

Attachment to Appeal Form

city's response to 614 Paseo de Peralta's application for an exception. The Motion adopted the reasons set forth in the staff report to deny.

BASES FOR APPEAL

The owner requested a height variance on a fence to 5 ft 8 Inches when the HDRB can grant 4 ft 6 inches. The HDRB decision to deny the exception was arbitrary, capricious not based on law or fact and produced unequal protection. The HDRB denial was based on lack of fenestration, height and materials adopting the reasons in the staff's report which stated it was deleterious to the larger downtown/eastside streetscape; to the more immediate streetscape; and that it may potentially impact the character of the house. YouTube 2:39

I General Objection

1. FENCING MATERIAL

1A The decision was based on speculation and violates 14-5.2 C1a and violates HDRB policy of requiring consistent fencing/walls on an individual property; it ignores the existence of coyote fencing in the larger Downtown Eastside historic district as well as within this smaller streetscape. There is no law, and none was cited, that prohibits the construction of the fence because it will impact the "overall character" of the residence/business at 614 Paseo de Peralta.

II REPLY To CITY GROUNDS IN STAFF REPORT USED AS BASIS FOR HDRB DECISION

2A. RESPONSE TO CRITERIA ONE The streetscape has a variety of fences and walls within the streetscape as defined within the HDR ordinance. The staff ignored the existence of coyote fencing that has been on the subject property on Castillo Place for decades and coyote fencing in the streetscape directly across the street between a privately owned property and the Cross of the Martyrs, as well at Girls Inc which is within the streetscape. Moreover, there is several examples of coyote fencing within that square block. Obviously the Downtown/Eastside district allows coyote fencing as an approved fencing type in this district. (See Photos: Streetscape Looking East (7/24 City Docs) p 5/9 Staff Report Street; p15/21 HDRB Application; and Girls Inc and Otero/Castillo Place photos submitted with this Appeal.)

2B The Board and staff did not follow the definition of streetscape under the Historic code which includes both sides of the street and for 300 ft within either direction. Given those parameters, there are 10 and 8 ft masonry walls at street level (Photo p15/21 HDRB Application); a visible coyote fence that divides the Cross of the Martyrs from the adjoining property Streetscape Looking East (7/24 City Docs) ; Girls Inc coyote fencing; coyote fencing on the Castillo Pl side of this property (p2/24 City Docs) and a house wall at the sidewalk (zero lot line) on the adjoining property to 614 paseo de Peralta (Photo p15/21 ibid). The definition of Streetscape (14-12 Definitions) is "The visual character of a street or section of a street as defined by topography; the pattern of structures and open space ; building and wall setbacks; street design; architectural design; and heights, widths and proportions of structures , fixtures and graphics."

2C It does not make exceptions for changes in zoning or in topography. The staff acknowledged the existence of these taller walls and completely omitted consideration of Girls Inc fences which

are clearly in the streetscape. Staff's justification was that Girls Inc "is part of the Hillside streetscape and is part of a different zone district…". It is clearly in two streetscapes since it sits at an intersection. The staff report does not address the house wall at the street or the impact of these high masonry walls on the streetscape or Girls Inc when it stated that the coyote fencing was "deleterious" to this immediate streetscape.(YouTube 3:39)

2D Even if there is an intersection where Girls Inc is located, the 14-5.2-2 indicates "If the streetscape is truncated by an intersecting block or a visual intrusion (such as a curve or turn in the streetscape) before the six hundred (600) feet is measured, the streetscape shall include all buildings , yard walls , or fences up to and including those which front the intersection or intrusion." That definition clearly includes Girls Inc. and all the properties on the north side of the street. The staff stated you could not see Girls Inc from the subject property—that is an untrue statement of fact. See photos Photo Streetscape Looking East (7/24 City Docs) and 14/21 HDRB App). We are attaching additional photos especially of how the exception for the 6 ft coyote fencing at Girls Inc granted by the HBoard is clearly within the streetscape and the fences' overwhelming dominance. See unequal protection below

2E The Board has a precedent of requiring fencing or wall materials to be consistent on the same property. The Board ignored the existence of similar coyote fencing noted on the 2003 survey submitted as Existing and Proposed Site Plan in HDRB Application p16/21 which references an earlier survey as well as photos of the fencing from years prior that the staff produced in City Documents pg 2/34 even though staff stated there were no earlier cases. The existing coyote fencing apparently went unnoticed by the two members who came on the field trip.

2F The HDRB and its staff and the complainant all speculated on the existence of a white picket fence at this home based on its architectural type—not based on historical accuracy (real evidence). In fact, the staff contradicted itself by saying there was no evidence of any fencing on E Marcy and maybe in this area. (YouTube 2:44) Attached Otero/Castillo Place Photos show several examples of coyote fencing in the square block in which the subject property is located.

2G The staff is relying on a very poor quality photo from a 1985 HPIC to determine the fencing on the property. (p4/9 Staff Report) It is not at all clear what type of fencing and how tall it might be etc. Additionally, staff said the porch was open in 1985 but in my professional opinion, it looks like the porch is enclosed on one side by 1985—the HIPC describes it as "recessed in the building volume" before the current owner took possession (1/34 City Docs). Although complainant Mann testified to the existence of a city report on white picket fencing in this area, (YouTube 3:31) the city never produced any such report for this case.

2H The ordinance prohibits conjecture and speculation: 14-5.2C1a Each structure to be recognized as a physical record of its time, place, and use. Changes that create a false sense of historical development , such as the addition of conjectural features or architectural elements from other buildings , shall not be undertaken."

2I Coyote fencing is an appropriate fencing within the Downtown Eastside Historic district and is traditionally found on properties with adobe structures. The statement that this type of fencing is "deleterious to the larger streetscape of the DownTown Eastside" (YouTube 2:39) would be laughable if it were not so grossly incompetent or biased. Despite the sloped roof and non-portal type of porch, this structure is adobe and thus, coyote fencing is historically appropriate. See also Otero/Castillo Pl Photos.
According to the owner, the Antons who built the structure purchased a Sears home plan but used their own materials because they could not afford the kit—only the plan. It should be noted that the 1912 King's Map does not show the current structure or the Antons as owners in that area despite complainant Mann's testimony to Anton ownership prior to 1912. The 1957 aerial shows Hilliside all but disappearing at the curve where the property is located as if Hillside became a one land dirt road. (both on p 8 Staff Report) The establishment of Paseo de Peralta in the 1960s was government action that changed the intensity of use and the width of the street to some extent.

3 **REPLY TO CITY RESPONSE TO CRITERION ii**

3A Although owner acknowledges that the goals of the HDRB are partially correct, Ord 14-5.2A states in its first sentence: "In order to promote the economic, cultural, and general welfare of the people of the city and to ensure the harmonious, orderly and efficient growth and development of the city , it is deemed essential by the governing body that the qualities relating to the history of Santa Fe, and a harmonious outward appearance, which preserve property values and attract tourists and residents alike…". It then goes on to focus on buildings and the harmony between historic and newer buildings.

3B Staff's reasons are not based on law or fact. The statement that coyote fencing "threatens the historic status of the building" is conclusory and is unsupported by law or fact. The Guidelines for Walls and Fences says a fence or wall will not be connected to a significant structure (p2). It is clear from the discussion and Plan submitted, that the fence does not touch the primary façade of the contributing structure which is prohibited in 14-5.2D2c concerning additions to contributing structures. It is set back 10 ft from the primary façade on the W side and does not touch the house See 14-5.2D2d. It should also be noted that the height chart in the Wall and Fence Guidelines (14.70.20 SFCC 1987 does not exist.

3C We can see from Photo Streetscape Looking East (7/24 City Docs) that there is a variety of fencing/wall types in the area, and the coyote fencing on the subject property is not at all disruptive given the fencing/walls directly across the street and the variety of fencing within the designated streetscape. Additionally, according to Member Bienvenu, the exception for 6 ft high fencing on top of retaining walls at Girls Inc will "literally tower over the streetscape." (YouTube 3:31) The Girls Inc fencing is the disruption in the streetscape—not this shorter fencing which is of very little length compared to the fencing at Girls Inc. See Equal Treatment/Protection below. See additional photos with this Appeal.

4 REPLY TO CITY RESPONSE CRITIERION iii

4AThe staff completely ignored two other cases (803 Agua Fria and Girls Inc) where, as pointed out by Member Bienvenu the Board granted height exceptions based solely on safety and which Member Bienvenu said set precedent for this case. YouTube 3:21-3:24 He found the subject property to be unique for a variety of reasons as he stated. However, he never addressed why the Board should treat this property differently from Girls Inc which did no redesign or at 803 Agua Fria where he himself redesigned the fence by imposing conditions lowering the height, staggering top of fence and reversing the cross bracing. See Unequal Treatment/Protection Procedural Due Process below

4B The applicant has clearly stated her concerns for her personal safety and her inability to peacefully enjoy her property before the fencing was in place. The owner is the only owner who continues to live and work on the property. The other properties that were in this zone post 1960 and now part of the BCD are all investment properties—none of the owners occupy these buildings let alone run a business from the location. As stated in Applicant response iii, the owner is and has been a full-time resident at the address since 1988 and in order to continue to reside there safely needs to raise the fence to its current built height. There have been several 911 calls and a break in at the residence which is located in close proximity to two parks-the Cross of the Martyrs and the Tommy Macione Park, the latter park's proximity used as a justification by Girls Inc for needing the safety of higher fences. The entrance to the Cross of the Martyrs is directly across from the subject property. See Affidavit of Miriam Leth-Espensen Attached

4C The Board usually favors those using the rationale of aging in place as part of the exception criteria, but here where someone is literally wanting to maintain her current residence and business safely on a property that she has owned and occupied for over 37 years suddenly aging in place is not a value regarded by the Board.

4D The staff does not take into account that the owner's property is a shortcut from a parking lot on Otero with a walkway into Castillo Place. Her property is directly across from the stairs at the Cross of the Martyrs. This parking area and walkway were established to accommodate the 21 rooms on the Inn of the Paseo a couple of lots down from the subject property in the late 1990s/early 21st century.

4E The owner bought a gun after the breakin and went to be trained at a gun range. The instructor advised her to get rid of the gun because she was never going to fire it at someone. (Apparently she had excellent aim when the gun had no ammo but when it was actually loaded, she shot wild) Motion detectors do not prevent trespass—they only make you get up to see what activated them. Alarms means someone is already in your home. Neither really assure peaceful enjoyment of the property or personal safety and security. The owner has not made a 911 call since the fencing went up in August 2023.

5 REPLY TO CITY RESPONSE CRITERION iv

5A It is untrue that this lot is not unique. It is at the most severe part of the curve in that streetscape. It factually untrue that it has the same setbacks as the other three structures to the

east. It only has a 5.5 ft setback from the bedroom. At 618 Paseo de Peralta next door, the setback is closer to 8 ft and there is a deep porch that runs the length of the building on the street side. The next building east is approximately 10 ft back and also has a porch that runs the length of the building on that side.

5B The structure to the west is of a different historic style and seemingly was on the 1912 Kings Map (p 8/9 Staff report) and is now directly next to the sidewalk. It is impossible to know the setback of this structure before Paseo de Peralta was completely formed and before a sidewalk was put in on the south side of the street. See also 4D re location across from the entry to the Cross of the Martyrs. See YouTube 3:20-3:22 where Bienvenu lays out some of the unique characteristics of the property.

5C Whether other owners of these properties could decide to live-work in these structures is irrelevant to the issues on this property at this time. "Each structure to be recognized as a physical record of its time, place, and use. See 14-5.21a. Again staff is speculating on future possible uses by possible owners of other properties.

5D The maps used as exhibits by the city are unhelpful. The 1912 King's Map does not show the current structure or the Antons as owners in that area. The 1957 aerial shows Hilliside all but disappearing at the curve where subject property is located as if it became a one-lane dirt road.(p 8/9 City Report)

6 REPLY TO CITY RESPONSE CRITERION v

6AThe staff ignores the fact that the owner was advised by Fabian Nava, an alleged licensed contractor that she did not need a permit if the fence was under 6 ft. It is a false and defamatory accusation that the owner brought it upon herself by ignoring the permit requirements. See Owner email to city staff p 20/21 HDRB Application. Despite Ms Lamboy's attempt to defame the owner, the owner in August 2023 met with the Ramon Saracon, who shortly after ended his employment with the city, The city issued a red tag in January 2024 and then a citation in February 2024. The owner met with Paul Duran on 1 March 2024 with the materials for an application. Despite Lamboy's characterization of Paul "just scanning documents", the email thread shows the owner applied for an exception to the HDRB with the help of Paul Duran on 1 March 2024. See p 29/34 City Docs). No one advised her upon receipt of the application that it was incomplete because it lacked the Preliminary Zoning Review (PZR). Ms Lamboy simply says she contacted the attorney who came to an August 2023 meeting with Ramon Saracon and other LUD staff (p20/34 City Docs). She knew or should have known that this attorney no longer represented the owner. There is no correspondence from Saracon or any report on picket fencing in the record. P Duran told the owner that she would be contacted when a new planner was assigned. See Unequal Treatment and Bias/Prejudice below. See Robert Kohn Affidavit.

6B The streetscape includes a house wall of over 10 feet in height on the property next door as well as retaining walls that are 8-10 ft high at the intersection of Otero and Paseo de Peralta so there clearly are walls that far exceed the height of this fence in the streetscape. (Photos p 11/21 HDRB Application and p 6/34 City Docs)

6C The part of the response "All residents may consider responsible and code compliant safety measures to secure their homes and businesses. The applicant should be held to the same

standard as all other structures in the streetscape," shows the staff ignored the exception given to Girls Inc for six-foot coyote fencing on retaining walls thus visually presents a 8-9 ft wall/fence and that was not denied for the reasons staff gave in this Response. See above re: HDRB granting exceptions to height on fencing to both Girls Inc and 803 Agua Fria based solely on safety. YouTube 3:20-3:24 See Unequal Treatment/Protection below

7 REPLY TO CITY RESPONSE TO CRITERION vi

7A The staff again denigrates the intention of the owner by stating that somehow she and her contractor "want to set the rules for permitting". The owner relied on the misrepresentation of the contractor. She has been trying to make it right ever since but is being pushed (Application Packet p 20/21 HDRB Application) to undertake to remove fencing and replace it with inconsistent fencing based on the staff's, the adjoining owner's or Board members' architectural preferences-not on historical documentation-- that will not give her the level of safety she needs and that has been afforded girls attending Girls Inc. for a few hours during the week. The statement that the fence produces a negative impact on the streetscape is conclusory and subjective. As stated above, it is the newly built fences at Girls Inc that are overwhelming dominant and intrusive on the streetscape See Photos attached and Member Bienvenu's remark that these fences recently approved by the Board solely based on safety were going "to tower over the streetscape." YouTube 3:20-3:21 See above.

III BASIS FOR APPEAL UNEQUAL TREATMENT/PROTECTION

IIIA The HDRB granted exceptions to height for both Girls Inc and 803 Agua Fria based solely on safety. In the latter case, the HBoard allowed the owners to keep the coyote fencing next to the significant structure even though rock walls were typical in this area and a detail of the house's columns. In both of these cases, owners justified the need because "someone looked in our bedroom windows" (803 Agua Fria) or fear of potential threats of pedophilia or other crimes from those in Tommy Maccione Park or possible domestic violence. The owner of the subject property had trespass and vandalism routinely on the property and has had to call 911 on a periodic basis. She has two nearby parks: The Cross of the Martyrs and Tommy Maccione Park near her home. Member Bienvenu stated that "personal aesthetic choices had to give way to safety". He also stated that he felt the Board had set a precedent with Girls Inc and 803 Agua Fria by granting height exceptions solely for safety reasons. He also remarked he did "not think there was a good design solution" [at 614 Paseo de Peralta] [given safety considerations] and insisted in his motion that the owner should reconsider the use of the materials [coyote fencing] and height while requiring no redesign for Girls Inc six-foot coyote fencing. (YouTube 3:20-3:24) After Raymond Mann's public testimony that was based on his personal preferences, hearsay, speculation unsupported by fact or law or irrelevant (I personally do not think coyote fencing should face the street"; "My son and I lived at 618 Paseo for ten years [in the 1990s]"), (YouTube3:30-34) Bienvenu changed his mind and decided it was not appropriate to design the fence "on the fly". He gave no reason for ignoring what he described as the unique conditions of this property and the need for safety when he made the motion to deny the exception. Member Bienvenu redesigned the coyote fencing design on the significant structure at 803 Agua Fria by conditioning approval to height, fenestration and bracing of the fence.

IIIB When the staff says the owner did not propose an alternative design that was true in discussions with the staff who apparently kept pushing for total removal of the fence and its replacement with white picket fences—resulting in two inconsistent style fences on the same property. Again this objection seems based on the staff's opinion that white picket fencing is more appropriate without any facts based on historical documentation to support that opinion. See above re prohibition on speculation and policy of consistent fences on same property. Even Member Bienvenu wanted the owner to consider a white picket fence because it "was architecturally appropriate even if not historic" YouTube 3:20 See 14-5.2 C1a

C This staff reason for denial also ignores the fact that at the HDRB meeting on 10 Dec 2024, the owner offered to reduce the height between 2 and 4 inches for the length of the fence on Paseo de Peralta. It is burdensome to ask her to remove it. It has proven effective in stopping trespassers and consequent 911 calls. Girls Inc was not required to redesign the fence and 803 Agua Fria was not required to replace the coyote fencing with fencing that was typical in the area of Agua Fria and Irvine.

IV BIAS The staff went to great lengths to have the HDRB know that the owner was a "scofflaw" even though this term and designation is irrelevant to the granting of an exception under the HDRB ordinance. Such negative terminology, if considered by the Board, is outside the law and fact (HDRB Application p 20/21) and could be prejudicial to the Board reviewing the owner's request objectively and neutrally if the Board reviewed the emails in City Docs.

1A Heather Lamboy says "I think we need to provide some background on the red-tag process and how Ms. Leth-Espensen has been a scofflaw. That is an important point to share with the HDRB."(Email 2 Dec 2024 20/34 City Docs) The use of the term "scofflaw" is irrelevant to whether the property should have been granted the exception and the board's consideration of this characterization, therefore, would be improper.

City staff has fifteen pages of emails in City Docs, but no emails from Ramon Saracon or any other staff member to the owner concerning the application—certainly no reports on the existence of white picket fences in the area that the owner ignored as complainant Mann testified to (YouTube3:31)—although apparently Saracon, like Mann, was influenced by what might be architecturally appropriate for Mann's structure rather than what was historically accurate to the subject property.

1 B The use of a photo of the fence as the first page of the packet that went to the HDRB with the sign DO NOT RETAIN BIEDSCHIED on the fence was prejudicial since Jennifer Biedshied was a board member and the owner was asking that Ms Biedschied recuse herself.

2 Failure of Jennifer Biedshied to Remove Herself

2AThe agent asked the LUD to approach Ms Biedshied and explain the owner's concerns about bias/conflict of interest since her husband had represented a client against the owner 21 years ago; the current complainant had a copy of that 21-year-old letter to someone else; and that her husband as judge found against the owner and for the complainant when the complainant Mann went to court to prevent the acupuncture business he was renting to from improperly operating

during COVID. Biedschied unlawfully suppressed the owner's right to free speech by putting unnecessary prior restraints on it, and it was reversed by another judge.

2B Ms Biedshied testily stated that she "was a bit insulted" that someone should question her ability to be neutral and went on about how she felt insulted for "all working women who were married" even though the city's ethics ordinance considers actions and activities of spouses and other relatives as disqualifying. Biedschied did not acknowledge the effect of the Do Not Retain Biedschied sign on her ability to be neutral which was up in 2022 and 2024 on a route that would be used by her. Biedschied actually reported that her husband does not take any cases relating to the HDRB (YouTube 2;46-47), but she did not apply that standard to this case in which she is ruling on a case involving a woman who her husband has twice acted against as a lawyer and judge. Ms Rios also chimed in about Biedshied's integrity. (YouTube 2:47-2:48). It was improper and prejudicial for the chair to comment on this recusal.

V **PROCEDURAL DUE PROCESS ISSUES**

1A Failure of Bienvenu to explain why he discounted his own findings concerning the unique conditions of this property and the fact that safety was the same concern as two other properties that had been granted fence height exceptions based solely on these concerns

1B Atlixco Coalition v Maggiore 125 NM 786 (1997) ¶24: "An agency's action is arbitrary and capricious if it provides no rational connection between the facts found and the choices made, or entirely omits consideration of relevant factors or important aspects of the problem at hand. Colonias Dev Council v Rhino Envirl Svr 2003 NMSC 005 ¶41 Without a reasoned explanation. . ., it appears that the Secretary ignored an entire line of evidence in reaching his decision on the final order...Allowing the Secretary to ignore material issues raised by the parties in this manner would render their right to be heard illusory."

2NEED FOR RECORD

2AThe 35-day rule for the adoption of a final decision without a written order that contains relevant findings and evidence in the record (14-3.17C4b) is arbitrary, capricious and violates statutory and constitutional requirements for these types of appeal including Ord 14-3.17D7; Ord 14-3.17I; Rule 1-074; Rule 1-075 NMRA and §39-3-1.1 NMSA) The city's own appeal ordinance requires an appeal to follow the procedures under Rules 1-074, 1-075 NMRA and §39-3-1.1 NMSA. 14-3.17D7 states: "District Court Appeals An appeal of a final action of the governing body or a land use board, or of an action of the city manager, the city attorney or the land use director that is only subject to appeal to district court, shall be to the first judicial district court pursuant to Section 39-3.1.1 NMSA 1978, Rule 1-074, NMRA or Rule 1-075, NMRA, as amended, or other relevant statute or court rule." Vandervossen v. City of Espanola, 2001-NMCA-016 ¶¶37, 38: "The Legislature has recognized that administrative agencies must provide written factual and legal bases for their decisions. See, e.g., § 39-3-1.1(B)(2); NMSA 1978, § 74-9-27(B)(1) (1990); § 74-9-29(B)(1)." See also Paule v. Santa Fe County, 2005-NMSC-021,¶12

3 BOARD MEMBERS AND THE PUBLIC BASED THEIR STATEMENTS AND OPINIONS ON FACTS NOT IN THE RECORD.

3A West Old Town Neighborhood Ass'n v. City of Albuquerque, 1996-NMCA-107 ¶11 "…In New Mexico, zoning decisions involving the application of a general rule to a specific property are not legislative acts; rather they are deemed to be quasi-judicial in nature. Paule v. Santa Fe Cnty. Board of Cnty. Comm'rs, 2005-NMSC-021 ¶30: "When we review an administrative decision for arbitrary and capricious conduct, we review 'the whole record to ascertain whether there has been unreasoned action without proper consideration or disregard of the facts and circumstances.' Lopez v Wal-Mart Stores 1989-NMCA-013 ¶6 "…Thus, if the facts essential to the trial court's judgment are not established by substantial evidence in the record, we will necessarily find an abuse of discretion. See Vandervossen ibid.

3B Ms Biedshied wanted to introduce information on the structure on Otero and Paseo de Peralta in terms of the use of that structure based on her belief not facts. She stated there were low walls with wrought iron fenestration on top. (YouTube 3:29-3:30). No photo shows such a wall at Otero. There is one wall with rock and wrought iron fencing with the wrought iron incorporated into and no higher than the rock wall itself at the intersection of Otero and Paseo. (6/34 City Docs) Biedschied was trying to contrast the low walls there with the owner's request at 614 Paseo de Peralta.

3C Ms Denman said she opposed the fence because "she didn't think it would work anyway and it was too tall." (YouTube3:20-3:21) Ms Denman never even asked the owner if there was any change with the installation of the fence. Ms Denman would have found out that there were no 911 calls since the fence was in place. See Miriam Leth-Espensen Affidavit Attached

3D Mr Mann had all kinds of personal preferences that he thought the HBoard should rely on, and he also stated that the fence prevented someone from seeing his building. (Photos p11-13/21 HDRB Application show these statements to be incorrect) He also concluded that the fence would affect the historic status of 614 Paseo de Peralta—see Reply to City Response ii above. It should be noted that the photos on p8-9/34 City Docs were taken by Mann when the fence was being constructed and seemingly he had more access to staff, especially Ramon Saracon, then the owner did. Given the unexplained Brian Biedschied connection with Mann, it would seem my client is spot-on re bias/prejudice by the Board and staff and conflict of interest by Jennifer Biedschied.

REQUEST

We request the Governing Body to consider a third alternative: To approve the fence as submitted to the HDRB with the changes for a slight lowering and staggering offered by the owner at the 10 Dec 2024 as a final decision with no return to the HDRB or the Board of Adjustment.

Respectfully submitted

AFFIDAVIT OF MIRIAM LETH ESPENSEN

FOR GOVERNING BODY APPEAL ON HDRB Case # 24-009478

I, Miriam Leth-Espensen, do hereby affirm under penalty of perjury

That I live and work at 614 Paseo de Peralta and have since 1988;

That my property is a shortcut from Otero Street to the Cross of the Martyrs

That the number of incidents of trespass have increased over the years

That I have called 911 for the past several years once or twice a year because of nighttime trespasses that make me feel unsafe because I hear the people right by my bedroom window;

That I do not report vandalism, the latest of which was around 10 December 2024 and it occurred outside the fenced area.

That there was a break in while I was present a few years ago and I was in fear of my life.

That there have been no nighttime trespass in the past year since the coyote fencing that is the subject of this appeal was constructed.

The above is true and correct to the best of my knowledge, belief and understanding.

AFFIDAVIT OF ROBERT E. KOHN

FOR GOVERNING BODY APPEAL ON HDRB Case # 24-009478

I, Robert E. Kohn, do hereby affirm under penalty of perjury under the laws of New Mexico that:

1. I am over the age of 18 years, and I have personal knowledge of the facts contained in this affidavit.

2. On May 15, 2024, I attended a proceeding in the Municipal Court in Santa Fe, New Mexico, where Ms. Miriam Leth-Espensen had been charged with building a structure without a permit at 614 Paseo de Peralta in Santa Fe.

3. Shortly after the court proceeding, Ms. Leth-Espensen and I met on May 15, 2024 with Mr. Gary S. Moquino at the Santa Fe City Hall. Mr. Moquino gave me a business card, stating that he was a Planner Manager with the Historic Preservation Division of the Planning & Land Use Dept.

4. During our meeting on May 15, 2024, Mr. Moquino stated to me and Ms. Leth-Espensen that a Planner had been assigned to help her with her earlier request for approval of the coyote-style fence at 614 Paseo de Peralta, but that this person had left the Department, and that a new Planner would be assigned soon to help with this request.

5. During the same meeting, Mr. Moquino also stated to me and Ms. Leth-Espensen that coyote fencing is "not historic" and therefore that a permit could not be issued for a coyote fence at 614 Paseo de Peralta. He also stated that he was aware of the pending court case, and that the matter could be resolved immediately – "today" – if Ms. Leth-Espensen were to request permission to replace the coyote fence with a picket fence.

City of Santa Fe
Historic Districts Review Board
Findings of Fact and Conclusions of Law

Case # 2024-9478-HDRB
Address – 614 Paseo de Peralta
Agent's Name – Stefanie Beninato, Attorney at Law
Owner/Applicant's Name – Miriam Leth-Espensen

THIS MATTER came before the Historic Districts Review Board ("Board") for hearing on December 10, 2024.

BACKGROUND

The single-family residence at 614 Paseo de Peralta has a contributing historic status in the Downtown and Eastside Historic District. The Applicant, who owns and lives on the property, has built an unpermitted 5'8" coyote fence, abutting the sidewalk and extending across the entire north street frontage for this property. The streetscape along Paseo de Peralta was built after the Anglo-American arrival and the houses in this area reflect the Anglo-American style of architecture, including low front-yard fences. There is a consistent grade change between the properties on the south side of the street and those on the north side. Retaining walls characterize the streetscape on the north side, where there is a pronounced slope, with some retaining walls substantially set back from the street.

The property has had several fences along the street frontage in the years since 1985. A photograph from the 1985 HCPI shows that this house, like others in the streetscape, had low, transparent fencing at the property line. Historically the house was unobstructed and apparent from the street as were other historic buildings in the streetscape. Photos show a blue board fence present from 2007 through 2014, and a wood-framed wire fence from 2015 to 2023. The coyote fence which is the subject of this application was built in 2023. There is no record of approval from Historic Preservation and no permits on record for changes to the fencing over time. A City inspector issued a Stop Work Order in August, 2023, for construction of the coyote fence without approval from HDRB or the Historic Preservation staff or a construction permit. The City of Santa Fe sent the Leth-Espensen Trust (the owner of record) a Notice of Violation in January, 2024, and the matter is pending in Municipal Court. See Case # CE-2024-5.

The Staff has determined that the Applicant's 5'8"-high coyote fence is inconsistent with this streetscape with regard to height and material. Santa Fe City Code ("SFCC") Section 14-5.2 (D)(9)(c)(ii)(C) reads, "Yard walls and fences shall be limited to a height that does not exceed the average of the height of other yard walls and fences in the streetscape." The Staff's streetscape calculation allows for a 4'6"-high fence. The Staff's opinion is that the 5'8"-high coyote fence disrupts the structure's relationship with the streetscape and, if permitted to remain, threatens the building's historic status. SFCC Section 14-5.2(D)(1)(a) reads, "The status of a significant, contributing, or landmark structure shall be retained and preserved. If a proposed alteration will cause a structure to lose its significant, contributing, or landmark status, the application shall be denied."

The Applicant now requests approval of the coyote fence by proposing the following exterior alterations:

> Construct a 5'8"-high coyote fence with two wood-plank pedestrian gates (one on the street frontage and one on the side property line) where the maximum allowable height is 4'6". An exception to SFCC Section 14-5.2(D)(9) to exceed the maximum allowable height is requested.

This property also is located within the Business Capital District East Marcy / East Palace Subdistrict (BCDEAS). In this subdistrict, fences are further limited to a maximum height of 4'0", per SFCC Section 14-7.4(A)-1, Table of Dimensional Requirements for Townscape Districts. While the applicant is requesting an exception from the HDRB to the streetscape height standard of 4'6", SFCC Section 14-5.2(C)(5)(a) reads:

> "If the applicant requests approval of a height in the historic district that exceeds the underlying zoning district requirement, the applicant shall first receive an exception to this Section 14-5.2. If approved by the historic district board, the applicant shall proceed to the board of adjustment for consideration of the proposed variance."

Therefore, if the HDRB approved the exception, the Applicant would proceed to the Board of Adjustment for a variance to the standards of the underlying zoning.

At the outset of this hearing, Stefanie Beninato, the Agent for the Applicant, asked Board member Jennifer Biedscheid to disqualify herself, claiming Ms. Biedscheid had a conflict of interest in this case. Ms. Biedscheid declined to disqualify herself, denying that she had a conflict of interest and noting that she had consulted the City Attorney's Office about Ms. Beninato's request.

FINDINGS OF FACT

After conducting a public hearing and having heard from the Applicant and all interested persons, the Board hereby FINDS, as follows:

1. Land Use Department Staff conducted a preliminary zoning review ("PZR") and determined that the application appears to meet the underlying zoning standards set forth in the Santa Fe City Code.
2. Historic Preservation Staff reviewed the application and related materials and information submitted by the Applicant for conformity with applicable SFCC requirements and provided the Board with a written report of its findings ("Staff Report"), which evaluates the factors relevant to the application.
3. Historic Preservation Division Staff Recommendation: Staff found that the exception criteria of SFCC Section 14-5.2(C)(5)(c) had not been met and did not recommend approval of the application, as it did not comply with SFCC Sections 14-5.2(D), General Design Standards for all Historic Districts, and 14-5.2(E), Downtown and Eastside Design Standards.

4. The project is subject to SFCC Section 14-5.2(C), Regulation of Significant and Contributing Structures.
5. The project is subject to the requirements and general design standards set forth in SFCC Section 14-5.2(D), General Design Standards.
6. The property is located in the Downtown and Eastside Historic District and is subject to the district design standards set forth in SFCC Section 14-5.2(E).
7. The property is located in the Business Capital District, East Marcy / East Palace Subdistrict (BCDEAS), and is subject to the district and subdistrict design standards set forth in SFCC Section 14-7.4(A) and (B)(3)(e).
8. Under SFCC Sections 14-2.6(B-C), 14-5.2(A)(1), 14-5.2(C)(2)(a-d & f), 14-5.2(C)(3)(a-b), 14-5.2(C)(4), and 14-5.2(D), the Board has authority to review, approve, with or without conditions, or deny, all or some of the Applicant's proposed design to assure overall compliance with applicable design standards.
9. Under SFCC Section 14-5.2(D)(9)(c)(ii)(C), yard walls and fences are limited to a height that does not exceed the average of the height of other yard walls and fences in the streetscape.
10. The Applicant seeks approval for a 5'8"-high coyote fence on the street frontage and on a side property line where the maximum allowable height is 4'6". Staff determined that an exception to SFCC Section 14-5.2(D)(9)(c)(ii)(C) would be required for approval of the application, and the Applicant requested an exception.
11. To obtain an exception, the Applicant was required to conclusively demonstrate that the six exception criteria set forth in SFCC Section 14-5.2(C)(5)(c) have been met.
12. Based on the information set forth in the Staff Report and exhibits, and the evidence and testimony presented at the hearing, the Board agrees with Staff's finding that the Applicant has not conclusively demonstrated that all exception criteria have been met:
    a. Pursuant to SFCC Section 14-5.2(C)(5)(c)(i), the Board finds that granting the exception would damage the character of the streetscape because the height of the fence is inharmonious with the streetscape, and disregards the standards for the BCDEAS district. The heights of the walls and fences along this streetscape of Paseo de Peralta range in height from 24" (2 feet) and 108" (9 feet), with the highest walls being rock or stuccoed-masonry retaining walls on the north side of the street where there is a substantial grade change. The south side of the street, where the house walls do not abut the sidewalk, is lined almost entirely with lower yard walls and fences with stepped heights or wrought iron, picket and wire fences, creating an open fenestration of the wall or fence;
    b. Pursuant to SFCC Section 14-5.2(C)(5)(c)(ii), the Board finds that the exception is not required to prevent a hardship to the Applicant or an injury to the public welfare, because there has been no persuasive showing that the security of the property cannot be upheld by features less harmful to the character of the district, such as a lower fence or yard wall, a fence or wall with more fenestration, or other security measures;
    c. Pursuant to SFCC Section 14-5.2(C)(5)(c)(iii), the Board finds that granting the exception would not strengthen the unique heterogeneous character of the City by providing a full range of design options to ensure that residents can continue to reside within the historic districts, because the Applicant has not

shown a need for safety at her property greater than at any other heavily traveled location, and other design options are available to enhance the occupants' safety there;

d. Pursuant to SFCC Section 14-5.2(C)(5)(c)(iv), the Board finds that there are not special conditions or circumstances that are peculiar to the land or structure involved that are not applicable to other lands or structures in the related streetscape: All the properties on the south side of Paseo de Peralta abut the sidewalk or have a minimal setback, similar to the subject property, and are in a heavily traveled area. The setback, traffic and pedestrian travel are not peculiar to this lot. Some of the properties are commercial and others are residential, but the use of the property can change and is not inherent in the land or the structure;

e. Pursuant to SFCC Section 14-5.2(C)(5)(c)(v), the Board finds there are no special conditions or circumstances affecting this property that fulfill this exception criterion. The Applicant should be held to the same standard as the occupants of other structures in the streetscape, which must follow the height and design restrictions in the ordinances;

f. Pursuant to SFCC Section 14-5.2(C)(5)(c)(vi), the Board finds that granting the exception would not provide the least negative impact with respect to the purposes set forth in SFCC Section 14-5.2(A)(1), because the proposed coyote fence at that height is a threat to the historic status of the historically contributing structure. It obstructs the view of the house, which is uncharacteristic for that streetscape. The standards for the Business Capitol District, East Marcy / East Palace Subdistrict, express a preference for "low walls that are compatible with the characteristic open yards." See SFCC Section 14-7.4(B)(3)(e)(iii).

13. The Board finds that the Applicant has failed to conclusively demonstrate that all of the exception criteria have been met.
14. The information contained in the Staff Report and exhibits, and the testimony and evidence submitted at the hearing, establishes that all applicable requirements for Board review as herein described have been met.
15. The information contained in the Staff Report and exhibits, and the testimony and evidence submitted at the hearing, establishes that all applicable design criteria have not been met.

CONCLUSIONS OF LAW

Under the circumstances and given the evidence and testimony submitted during the hearing, the Board acted upon the application as follows:

1. The Board has the authority to review and approve the application.
2. The Board denies Item # 1 as set forth in the application.
3. The Board denies the exception requested in the application.
4. These denials are without prejudice, and the Board may reconsider the project if the Applicant submits another application with a redrawn design for the fence.

fence currently stands 86” in height and is planned to be cut down and it also notes the maximum allowable height is 59”. Regardless I would say that the fence should be no higher than the maximum allowed height that's calculated for the streetscape. I appreciate the offer of a compromise with respect to the metal structure that's already there but it I think it would be a simple matter to retain that structure and just reweld the top railing to a lower height so that it would be minimal in cost this would permit the gate to remain because it's completely fenestrated and already in existence and that all other aspects of the application be approved

Chair Rios then asked Member Bienvenue, in reference to the making of the motion, if he’d want to indicate the maximum allowable height.

Member Bienvenue stated he thought it was 59” but if that is not accurate, the height should be the calculated maximum allowable height.

Member Mather seconded the motion.

VOTE: The motion passed by (4-0) roll call vote with Members Mather, Degnan, Biedscheid and Bienvenu voting in favor and none voting against.

4. **2024-009478-HDRB, 614 Paseo de Peralta,** Downtown & Eastside Historic District, Contributing, Stefanie Beninato, agent for Miriam Leth Espensen, owner, proposes to construct a 5’-8” high coyote fence with pedestrian gates where the maximum allowable height is 4’-6”. Exceptions are requested to 14-5.2(D)(9) to exceed the maximum allowable height. (Lani McCulley)

BACKGROUND & SUMMARY

The single-family residence at 614 Paseo de Peralta is listed as contributing to the Downtown and Eastside Historic District. The residence is a moderately pitched gabled roof, deep set windows, and a large bay of windows on the north where a porch has been enclosed. It is obvious that the northern portal was enclosed sometime after 1985 because the photo of the 1985 HCPI shows an open portal. There is no case for that enclosure on file with the Historic Preservation Division office.

The property has held several fences along the street frontage of Paseo de Peralta over the years. Figure 1, shows photographic proof of a blue board fence present from 2007 through 2014, and a wood framed wire fence present from 2015 through 2023. The new coyote fence was constructed in 2023. There is no record of an approval from Historic Preservation and there are no permits on record for the changes to the fencing over

time.

The streetscape along Paseo de Peralta was built after the Anglo-American arrival and the houses in this area reflect the Anglo-American style of architecture, including low front yard fences. There is a consistent grade change between the properties on the south side of the street and those on the north side. Retaining walls characterize the streetscape on the north side, with additional walls that are substantially set back from the plane of the retaining walls. The applicant's proposed coyote fence is not in keeping with this streetscape with regard to height and material.

Section 14-5.2(D)(c)(ii) states that, "*yard walls and fences shall be limited to a height that does not exceed the average of the height of other yard walls and fences in the streetscape*." While the Historic Preservation Streetscape calculation allows for a 4'-6" high fence, this property is located within the BCDMAR subdistrict. In this subdistrict, fences are further limited to a maximum height of 4'-0" per 14-7.4(A)-1 Table of Dimensional Requirements for Townscape Districts. Per Section 14-1.7 the more restrictive code would apply which means the maximum allowable height at this property is the 4'-0" height per zoning code for the BCDMAR.

Section 14-5.2(C)(1)(a) states that, "*Each structure to be recognized as a physical record of its time, place, and use. Changes that create a false sense of historical development, such as the addition of conjectural features or architectural elements from other buildings, shall not be undertaken.*"

A photograph from the 1985 HCPI (See Figure 2) illustrates that this house, like others in the streetscape, had low transparent fencing at the property line. Although it is difficult to discern the exact fence material, it is clear that historically the house had a direct relationship with the street as do other historic buildings in the streetscape.

Section 14-5.2(D)(1)(a) states, "*The status of a significant, contributing, or landmark structure shall be retained and preserved. If a proposed alteration will cause a structure to lose its significant, contributing, or landmark status, the application shall be denied."*

The 5'-8" high coyote fence causes a disruption in how the structure relates to the streetscape and if allowed, poses a threat to the building's historic status and the legibility of the streetscape. Additionally, the townscape, as set forth in the BCD design standards for the East Marcy/E Palace subdistrict also identifies the unique nature of the streetscape by limiting the height of fences and/or walls to a maximum height of 4'-0".

The city's inspections office issued a Stop Work Order (red tag) in August 2023 for the construction of the coyote fence without approval from the HDRB, the Historic Preservation Division or a construction permit.

The applicant now requests approval of the coyote fence by proposing the following exterior alterations:

1. Construct a 5’-8” high coyote fence with two wood plank pedestrian gates (one on the street frontage and one on the side property line) where the maximum allowable height is 4’-6”. An exception to section 14-5.2(D)(9) to exceed the maximum allowable height is requested.

Ms. Lamboy presented this case in Ms. McCulley’s absence. She stated this contributing building has had some changes over time but has retained much of its historic integrity. One of the changes includes the enclosure of the front porch that was originally there, as well as an addition that was done on the south elevation. However, the coyote fence that is currently standing was not approved administratively or by the Board. To provide some reference to the Board the fence can be seen on the far left here. It is the edge of the coyote fencing of that subject property. Looking west towards the Scottish Rite Temple and Kearney Avenue the fences are either retaining walls with no fencing on top or low walls with some potentially wrought iron on the top of the fence or the walls. So, looking the other way and with the subject property being on the right-hand side, you can see the development pattern illustrates low fences along the streetscape on the south side of the street, without the retaining walls. There is some coyote fencing that is higher, but it is set back from the street and is a side property line, not a front property line. This is an illustration of what the applicant is proposing which is the fencing that was constructed without a permit. This is that part of the street that is adjacent to or in between the subject property to the I guess south as well as the adjacent property to the north. Maybe my directions are wrong, but on both sides of the subject property. This is an illustration of the drawings of the proposed fence. The underlying zoning is something of a unique story here. So, with the Business Capital District a unique approach was taken with reference to the zoning and it all related to townscape districts So, not only was there a Historic Districts Review Board review required at one time but also a Business Capital District Review Board review as well. The townscapes’ character of the downtown changes radically from one block to another and those changes you know are reflected in the plaza area which is in the BCD Plaza Subdistrict. This property is part of the East Marcy/East Palace Subdistrict. There's also the BCD Capital Subdistrict with its unique character. So, there's underlying zoning that relates to the general dimensional standards and there's also underlying zoning that also relates to the character of the district, and in this particular case with the BCD East Marcy/East Palace subdistrict in which the site is located the maximum height for front yard fencing is 4 feet and that acknowledges the development pattern of which I've been speaking. Which is that there are low or no fences in the front yard of the properties therefore that's the reason for the maximum height of four feet and you can see that in the streetscape generally along that corridor this is an illustration of the development pattern. As seen on an aerial and you can see clearly Fort Marcy as well as a development pattern of the East Marcy/East Palace area. The Paseo de Peralta and Hillside intersection is there. So, if this case were to be approved by the Board

tonight as it is submitted then the case will have to be heard by the Board of Adjustment. It's just a reminder to the applicant and for the public's information that this isn't the only hearing that would take place. Also, the board of adjustment would have to hear the case to allow for a variance to allow the additional height over the underlying zoning. The staff's recommendation is that the exception criteria have not been met. It will be deleterious to the streetscape; it will impact the overall character of the Downtown and Eastside Historic District streetscape in this area and can impact potentially the overall character of the building to which it is adjacent which is contributing. The staff recommends denial in this case.

STAFF RECOMMENDATION

Staff finds that the exception criteria of Section 14-5.2(D)(9) have not been met and does not recommend approval of the application as it does not comply with 14-5.2(D) General Design Standards for all Historic Districts, and 14-5.2(E) Downtown and Eastside Design Standards.

While the applicant is requesting an exception from the HDRB to the streetscape height standard of 4'-6", Section 14-5.2(C)(5)(a) states that, "*if the applicant requests approval of a height in the historic district that exceeds the underlaying zoning district requirement, the applicant shall first receive an exception to this Section 14-5.2. If approved by the historic district board, the applicant shall proceed to the board of adjustment for consideration of the proposed variance*."
The underlying zoning district for this property is Business Capital District East Marcy/East Palace (BCDMAR) which permits a maximum height of 4'-0" for fences, per Table 14-7.4 (A)-1. Therefore, if the HDRB approves the exception, the applicant shall proceed to the Board of Adjustment for a variance to the standards of the underlying zoning. If the Board denies the exception, the applicant must produce a new proposal which complies with both the underlying zoning and historic design standards. One motion will be required in this case.

APPLICANT PRESENTATION

Ms. Beninato came forward to present, as she is the applicant. She stated she found herself in an unfortunate situation as they did submit a request for Member Biedscheid to recuse herself and stated she was curious how Member Biedscheid was going to respond.

Member Biedscheid stated she did see a copy of that request and discussed it with the City Attorney's office and that she has no bias against Ms. Beninato's client. She doesn't know her client. She knows Ms. Beninato pretty well from the hearings, but she has no bias against her. Her husband's job has absolutely nothing to do with her responsibilities on the Board. They work to keep things separate and respect ethical boundaries. In fact, she understands that her husband doesn't hear H-Board Appeals as part of his

job, as a State District Judge. She stated she was insulted for herself and all working women that are part of a marriage or partnership that it would be assumed she cannot be independent and capable of an intellectual border between hers and her husband's job duties. She is not influenced by her request, and she will hear this case impartially like all other cases.

Ms. Beninato stated that it was not at her instigation, but at her clients request and the wording is primarily from their sources. I just want to be clear that my client did have a very poor experience and with the other party, and that the complaining party here (for this project) are the same. It just builds that kind of sense of distrust on the part of my client and I.

Chair Rios stated member Biedscheid has been on the Board for quite some time and she agrees with Ms. Biedscheid's comments. She believes Ms. Biedscheid can be impartial and thinks she indicated that her husband's work has nothing to do with this Board and she is a person that will be impartial in this case as she is with every other.

Ms. Beninato thanked them for those considerations and reasons and then proceeded to state that she doesn't agree with Staffs recommendations and does think that her client has met the exception criteria. The fence should not affect whether this is a contributing building or not. This property belonged to the Anton family and was built in 1920 based by hand and is not a home kit Sears. The brothers Alonso and James inherited and split the property in 1935. At that time, both addresses were on Hillside. This residence was owned by James, who sold it in 1979 to Steven Long. Mr. Long later sold to the current homeowner in 1988. The house has been added onto several times between 1988 and 1991. The roof may have been asphalt shingles initially but when Miriam purchased it, it was rolled asphalt. The homeowner replaced it with approval from the Historic office, possibly administratively with a metal roof. She has also had approval to enclose the portal on the front of the building. This was enclosed due to the salt damage that occurred from the care for the icy road in bad weather which splashes onto the property and was damaging the portal. To prevent the salts from damaging the residence, the client put up the previous blue colored board fence. There was wire fencing behind the board fence when it was removed due to damage to the fence. The client tried to incorporate the wire and metal fencing in place of the board fence. However, as a result her property has been subject to a lot of trespassing and people have actually broken into her residence while she has been there. These houses are designed for work/live. The BCD was only introduced in the 1980s. I now see that it is divided into smaller sections, which makes understanding it more confusing. I do question the status of this building. I do not believe it should be a contributing structure. Either way, the fence should not affect the status of the structure. Again, this shouldn't affect the streetscape because the fences in existence are already a variety of fences. She feels it's a necessity to have the fence there, so she can live there safely. It would also be less maintenance from the salt and feels like it will be more durable and tried to make it more visibly interesting.

Ms. Beninato also felt it was important to point out the timeline of going through the process. The fence was put up in August of 2023 by contractor Fabian Nava who told the client that she did not require a permit if the fence was under 6 feet in height. My client met with the Historic Preservation Division in September of 2023 along with her representative, Eric Sommer. They discussed what needed to be done for the client to come into compliance. An inspector issued a red tag on the property in February 2024. My client went to the Historic offices and met with a planner who explained what paperwork she needed to present to Historic. There has not been a single planner assigned to the case for any length of time.

As for the exception criteria: staff seem to be pushing for a white picket fence to match the neighbors fencing, which is also not historic. They are from the 1980s and the 1990s. There is a variety of fencing in the streetscape including the picket fences, masonary walls, stone walls, and coyote fencing. Therefore, a coyote fence will not harm the district (criteria 1). Regarding the hardship (criteria 2): the homeowner is a longtime resident who is in close proximity to two parks, Cross of the Martyrs and Tommy Masson Parks. She has had to call 911 on several occasions for break-ins. A higher fence to keep trespassers off the property, will help her be able to continue to live in this location because a four-foot fence or wall can be stepped over. Regarding the third criteria, this residence is closer to the street than most on the streetscape, the squashed wire fencing is replaced with a coyote fence which is on the streetscape in a height that will keep the homeowner safe from trespassers and the fence type will help protect the building from damage from salts. Maintenance costs are very high when damage is to the residence. Most of the front area of the streetscape changed when Paseo de Peralta was put in by the government in the 1960's. This is unique to this streetscape and is not the cause of Ms. Epsensen. The issue with the care and maintenance of the road, the location proximity to the parks, and the rise in crime are not the homeowners cause either.

Ms. Beninato continued: the Board has issued exceptions for safety reasons at Girls Inc most recently for a 6' fence on that streetscape due to safety concerns for the girls and their family's due to the proximity to Tommy Masson Park. My client's safety should be a concern and a reason for approval of this exception as well. Ms. Beninato gave several other examples of higher fences at properties for safety concerns including a significant structure on Saint Francis.

Ms. Beninato concluded that this request is for a safety concern of the elderly owner, and she was sorry that the homeowner was given bad advice from the contractor.

Ms. Espensen stated that when she moved in the fence was a white fence and before it was a white fence it was a natural fence. She didn't know anything about Historic but after a few years of getting all the dirt and salt on the fence, it looked terrible, so every spring she would sand, wash and repaint it, but after a while the white became too difficult to maintain. So, it then changed into the blue fence that everyone has seen in the pictures. It became tiresome to care for and she really wanted a coyote fence. She couldn't afford it, so she went with a wire fence and the issue with the wire fence is that it did not prevent people from jumping over it. She had a lot of strangers and homeless that would pass through her property and even though she locked the gate people would still jump over it. She was informed that if the fence wasn't 6 feet or taller she wouldn't need a permit, so based off of that information she put in the coyote fence with the help

of Fabian Nava. She felt that the fence was a solution to dealing with the increased traffic, tourists, and criminal elements of the city.

Chair Rios acknowledged and stated she always appreciates it when the owners of the property come to speak to the Board. She thinks even though the owners have representatives, it's important to hear from the owners and she feels for Ms. Espensen's situation. She doesn't know what the Board will decide in terms of the height, unfortunately she does think this fence impacts the street in a negative way, but that is her opinion. She would recommend something shorter and that the coyote fence, while popular through the city is not in keeping with this particular streetscape.

Ms. Beninato stated there are coyote fences in that area, for instance there is one directly across from her client's residence and one for Girls Inc. and the picket fence is not historic.

Ms. Espensen stated that allowing the neighbors to have coyote fencing but not her makes absolutely no sense to her and she believes that it is discrimination.

Chair Rios stated the main question here was height and asked to hear from other members of the Board.

Member Degnan stated she appreciates that Ms. Espensen has been able to maintain a successful business in this town all these years. She just thinks it's their role is to try to honor what the rules and regulations are and certainly sometimes it requires flexibility which is why you applied for an exception. She just thinks that while there may be another example of a tall coyote fence that generally speaking, tall fences are like creating a wall. I respect the fact that you want to be safe and understand that entirely. However, that due to all of the access around the property just having the coyote fence on Paseo de Peralta isn't going to keep people out of the property. It is her opinion that it will not be effective, and the fence is too tall.

Member Bienvenue stated that he felt this is a strikingly unattractive feature on the streetscape and it really would be aesthetically nicer if it was a small picket fence just like the neighbors even if they're not historic in that area though they certainly are. Even if the particular ones nearby are not historic that's certainly a historic feature for the style of architecture in that area, but I do see your situation as being unique and that is what is to me feeling the most important consideration in this particular case. We have in recent times gone beyond the boundaries of what both the code say and what I think our personal aesthetic choices would be in an ideal world with respect to safety issues and that has come up both in terms of neighborhood safety for a residential house and that was the case for the significant structure and then most recently with respect to the Girls Inc where an extremely tall fence was approved. That literally towers over the streetscape purely for safety reasons and that was the only reason it was allowed. Your property does strike me, the more I looked at it today and also hearing tonight has

similarly unique situation because of the fact that it's on such an incredibly narrow section of Paso de Peralta that your house is located so very close to the street. This is most likely because of the reconfiguration of Paeo de Peralta and its location with respect to very public areas both the park nearby and the park across at the martyr's walkway. On top of it you're using it as a residence which is also unusual in that particular location which is something that I think we want to encourage in our downtown. So, I am inclined to think that because of all of those very unique circumstances even though I do believe that this is not aesthetically a very good design solution to your difficulties; I'm not I'm not certain there is a really good design solution; you need a certain height where 4 feet will probably not be sufficient for purposes of your safety concerns. I would prefer it to be fenestrated in some way like picket fences are but that would also perhaps be a little averse to the safety issues that you have and in addition to safety it does seem that you do have some issues with respect to the maintenance of the road that's impacting on your property. The fencing all of which strike me as a little bit not as applicable to the immediate properties surrounding you which are commercial properties that are set back more from the street and therefore can accept that kind of more aesthetically appealing picket fence. So, I do think with the precedence we've set in some of these other cases that your circumstances may be unique enough to suggest that we should grant an exception, I don't know how the rest of the board feels. I think they might feel different but if we were to go down that path is there any kind of a compromise that can be reached from what you have right now such as any kind of lowering of the fence that would still give you sufficient privacy? I mean I note for one thing it's a fairly it's cut straight across as far as the top of the fencing goes. You probably know that we usually mandate that there be staggering of the latillas which hasn't happened here. If it were staggered by three or four inces would bring some of the height down. So, I'm wondering if you could live with something that's more like a 5-foot coyote fence or a 5ft. or 5ft 2in. coyote fence with some staggering involved. Also, we could suggest that you and could also add plantings on top of the fencing, which will bring it up in height. This is one of the things that our fence guidelines permit or even suggest and encourage as a possibility for privacy purposes without it being so dramatic from the point of view of the passerby.

Chair Rios stated she thought Stephanie indicated that there was another possibility of another type of fence and then asked Ms. Beninato if she heard her say that.

Ms. Beninato stated that was not correct and what she said was that the gate is a different material than the fencing to try and visually break up the coyote fencing. She believed her client would be willing to make it irregular, but she doesn't think a 5'-2" is sufficient and anything less than that doesn't give protection. She thinks 5'-5" might work with a couple of inches variations, but nothing less than that will give the protection needed. Generally, she likes lower fences as well, but she believes as it was stated this is a unique situation and all the other properties are being rented out and not needing the same exception.

Chair Rios clarified that Ms. Beninato said 5½'.

Ms. Beninato stated 5'-6" but not 3" or 4" in variation, so 5'-4" or 5'-6" will give Ms. Espensen the safety she needs.

Ms. Lamboy stated in reference to the width of the street she presented the 1930 Sanborn map and stated that when it was Hillside Avenue you could see the subject property at that curve and the street neck down to 28 feet but here it was 30', So the street itself in its width has not changed very much over time.

Member Biedscheid stated she does believe there are a few other residential properties on this street, especially at the intersection of Otero and Paseo De Peralta which have fences that are higher but are fenestrated on the top with wrought iron. This fence, the material is definitely out of character for the streetscape. A fenestrated fence or even a wire fence would be more appropriate so that it could be seen through. She doesn't think there's a wall that's even 3' on this street. It's very out of character but she does understand the safety concerns. She doesn't think this is the right solution for that.

PUBLIC HEARING

Mr. Mann stated that his family also lives in a house built by the Anton family on 618 Paseo De Peralta and the 4-foot white fence has been there for 36 years. The history of the Anton family built both houses around 1900 and 1912. He recently talked with Waldo Anton who is now 97 years old, and they discussed the house that he grew up in. He also spoke with Sarah Melton who had lived in the area, stated she spoke for the houses because the houses didn't have a voice. He's heard a lot discussion about what someone needs and how in fact it will dimmish the historic character of a contributing structure. His structure where he resides is contributing, the house next door is significant, and it is his understanding that Ramon Sarason delivered Ms. Espenson a report telling her what style and height the fence would need to be. He personally objects to the coyote fence, as it is ugly on a primary façade, and it would diminish the architectural and historic view of their properties. The idea that you can put that fence up and then plead necessity puts a personal need ahead of a federal historic structure and I personally feel that all that testimony about need should be put aside and to the point made that she's the only one who lives there we have a tenant living upstairs. I lived up there. We raised our child there. I certainly understand people's necessity for security, but do we want to sacrifice the way a building looks and maybe have the federal government look at the way we maintain our historic district and say we're willing to compromise so easily. I'm sorry I wish that it could be a win-win when you deliberately say I didn't know I needed a permit. However, that's no excuse.

John Eddy, previously sworn, stated that on occasion you do get cases like this and one thing that needs to be said is that this house is too close to Paseo De Peralta. The

biggest problem being its 6’ away from the curb of this street and that will continually be affected by weathering of the traffic on that road. As we keep repaving the roads they continue to get higher, extenuating the potential damage being splashed onto this fence and house. He is very conflicted and thinks the needs of the people living in houses should be addressed and is a valid concern.

Ms. Beninato stated she wanted to clarify that she has known many contractors who do not get permits even when they’re supposed to. Her client relied on a licensed contractor, Fabian Nava, who informed her that she didn’t need a permit. Her client was just given bad advice. She is being pushed and pushed that she has to have a picket fence which is actually not true. Ms. Beninato understands that some people may think that this (the coyote fence) doesn't really work, but this works in terms of maintenance. Ms. Beninato thinks this is one of the issues. Also when you look at the streetscape, it's not just the south side of the street it is the entire streetscape; north and south of that street. Overall, what you see are some retaining walls that are about 4’ high, a 10’ high retaining wall, for some distance, and then right across the street at Otero there's an 8’ retaining wall. So, if you're looking at the streetscape within 300’ from her property, you will see these high retaining walls that are massive. Ms. Beninato pointed out that as Member Bienvenue stated, it’s a unique situation.

BOARD DISCUSSION/ACTION:

Member Degnan asked Ms. Beninato for clarification that it was mentioned that perhaps it would be amendable, or agreeable to a 5’-6” fence to satisfy to some extent their concerns.

Ms. Beninato said yes, they believe a 5’-6” for the safety concern could still be effectively met. Her client is even willing to make it vary every couple of inches so it would be the 5’-4” to the 5’-6”.

Member Degnan moved to suggest that the fence be amended or adjusted or redone lowered to 5’-6”. No second was given so the motion died.

Member Bienvenue stated he has had concerns as the hearing has gone forward about trying to do a redesign on the fly because the issues are both height and the materials. He thinks a compromise solution can be reached someplace but it is going to have to address both the height the materials and some kind of fenestration because it really is very important section of our historic district where this is located. I do think that some design work on the part of the applicant in conjunction with staff is probably the only way we're going to be able to find a solution that would be acceptable to all of the Board members. So unfortunately, I think that leaves us in my mind no choice but to deny the application as submitted with the hope that the applicant will resubmit with a new proposal that will address their legitimate concerns in a manner that will be acceptable

to staff.

MOTION: In Case 2024-009478-HDRB, 614 Paseo de Peralta, Member Bienvenue moved that findings be entered by adopting the reasoning set forth in staff's report that the exception criteria have not been made met, for the application as submitted and the fence as currently existing and that the application therefore be denied without prejudice to a resubmittal. Member Mather seconded the motion.

VOTE: The motion passed by (4-0) roll call vote with Members Mather, Degnan, Biedscheid and Bienvenu voting in favor and none voting against.

Chair Rios explained after the motion that this had been denied but without prejudice, which means that you can come back before the board with a different application that's indicates exactly the kind of material you're going to use, the exact height, or you can appeal it to the city council.

Ms. Beninato stated that's right because what the Board is asking her to do is take down the coyote fencing even though her property has coyote fencing on it now. You don't want the same fencing that she actually has all over her property she's supposed to do a new type of fencing and then asked if that's what they're stating and would not approve a coyote fence.

Chair Rios stated she did not hear that in the motion.

Ms. Beninato then stated the Board said something about the materials being unacceptable.

Chair Rios stated she believed that was a personal statement she gave earlier in case and asked Member Bienvenue for clarification.

Member Bienvenue stated his motion stated but I did say that there were concerns with respect to both height and materials and that I would hope that the applicant could address those concerns and redesign. That doesn't mean there is direction as to what material materials have to be, or what the exact height needs to be. I truly believe something can be designed here that will meet the needs of your client as well as the board and the staff but and I'm not and purposefully did not want to get involved in trying to design from this perspective which is you came in you asked for exactly what you have and that's been denied. There may be someplace other that you can find a solution that the board will approve.

Ms. Beninato stated she wanted clarity that the board was basically rejecting the coyote

material because it's being said that they should look at other material and proceeded to ask if that is correct.

Chair Rios stated that options are open in other words if they would want to resubmit with that then she does not know if the applicant would get a denial. The Board is just saying there's other options.

Ms. Beninato stated that was not much direction.

Ms. Lamboy stated this case has gone to municipal court and the Applicant is before the Board based on some direction that this be considered by the H-Board. Since this particular design was denied, Ms. Lamboy would like to just communicate to the applicant that they can come back to the Board within 90 days, or remove their fence within 90 days. She wanted to provide them with some parameters, as to what the next City action would occur since it is being considered by the Court. She stated Mr. Frank Ruybalid could affirm they have three months either to come back to the Board, or then they will need to remove the fence to comply with the code.

Mr. Ruybalid stated as he understood at that time. He asked if a red tag had been issued.

Ms. Lamboy stated yes, and a citation to Municipal Court, so the applicant has been to court already regarding this issue.

Mr. Ruybalid stated he would have to look at the Municipal Court order, he didn't know what the municipal court order said.

Ms Beninato stated she just wanted it to be on record that her client is being treated differently in this manner than many other people.

Mr. Ruybalid stated this was out of order.

Chair Rios stated this case was over and thanked them for stating their concerns and stated to have a discussion with Staff and they will guide them through the process.

STAFF RECOMMENDATION:

Staff finds that the exception criteria of Section 14-5.2(D)(9) have not been met and does not recommend approval of the application as it does not comply with 14-5.2(D) General Design Standards for all Historic Districts, and 14-5.2(E) Downtown and Eastside Design Standards.

While the applicant is requesting an exception from the HDRB to the streetscape height standard of 4'-6", Section 14-5.2(C)(5)(a) states that, "*if the applicant requests approval of a height in the historic district that exceeds the underlaying zoning district requirement, the applicant shall first receive an exception to this Section 14-5.2. If approved by the historic district board, the applicant shall proceed to the board of adjustment for consideration of the proposed variance*."
The underlying zoning district for this property is Business Capital District East Marcy/East Palace (BCDMAR) which permits a maximum height of 4'-0" for fences, per Table 14-7.4 (A)-1.

Therefore, if the HDRB approves the exception, the applicant shall proceed to the Board of Adjustment for a variance to the standards of the underlying zoning. If the Board denies the exception, the applicant must produce a new proposal which complies with both the underlying zoning and historic design standards. One motion will be required in this case.

Sample motion:

A. Approve or deny Case #2024-009478 to allow an exception to 14-5.2(D)(9) to construct a coyote fence to a maximum height of 5'-8" where a maximum allowable height of 4'-6" is allowed.

BACKGROUND & SUMMARY:

The single-family residence at 614 Paseo de Peralta is listed as contributing to the Downtown and Eastside Historic District. The residence is a moderately pitched gabled roof, deep set windows, and a large bay of windows on the north where a porch has been enclosed. It is obvious that the northern portal was enclosed sometime after 1985 because the photo of the 1985 HCPI shows an open portal. There is no case for that enclosure on file with the Historic Preservation Division office.

The property has held several fences along the street frontage of Paseo de Peralta over the years. Figure 1, shows photographic proof of a blue board fence present from 2007 through 2014, and a wood framed wire fence present from 2015 through 2023. The new coyote fence was constructed in 2023. There is no record of an approval from Historic Preservation and there are no permits on record for the changes to the fencing over time.

The streetscape along Paseo de Peralta was built after the Anglo-American arrival and the houses in this area reflect the Anglo-American style of architecture, including low front yard fences. There is a consistent grade change between the properties on the south side of the street and those on the north side. Retaining walls characterize the streetscape on the north side, with additional walls that are substantially set back from the plane of the retaining walls. The applicant's proposed coyote fence is not in keeping with this streetscape with regard to height and material.

Section 14-5.2(D)(c)(ii) states that, "*yard walls and fences shall be limited to a height that does not exceed the average of the height of other yard walls and fences in the streetscape*." While the Historic Preservation Streetscape calculation allows for a 4'-6" high fence, this property is located within the BCDMAR subdistrict. In this subdistrict, fences are further limited to a maximum height of 4'-0" per 14-7.4(A)-1 Table of Dimensional Requirements for Townscape Districts. Per Section 14-1.7 the more restrictive code would apply which means the maximum allowable height at this property is the 4'-0" height per zoning code for the BCDMAR.

Figure 1: Board fence 2007-2014, Wire fence 2015-2023, and Coyote Fence 2023

Section 14-5.2(C)(1)(a) states that, "*Each structure to be recognized as a physical record of its time, place, and use. Changes that create a false sense of historical development, such as the addition of conjectural features or architectural elements from other buildings, shall not be undertaken.*"

A photograph from the 1985 HCPI (See Figure 2) illustrates that this house, like others in the streetscape, had low transparent fencing at the property line. Although it is difficult to discern the exact fence material, it is clear that historically the house had a direct relationship with the street as do other historic buildings in the streetscape.

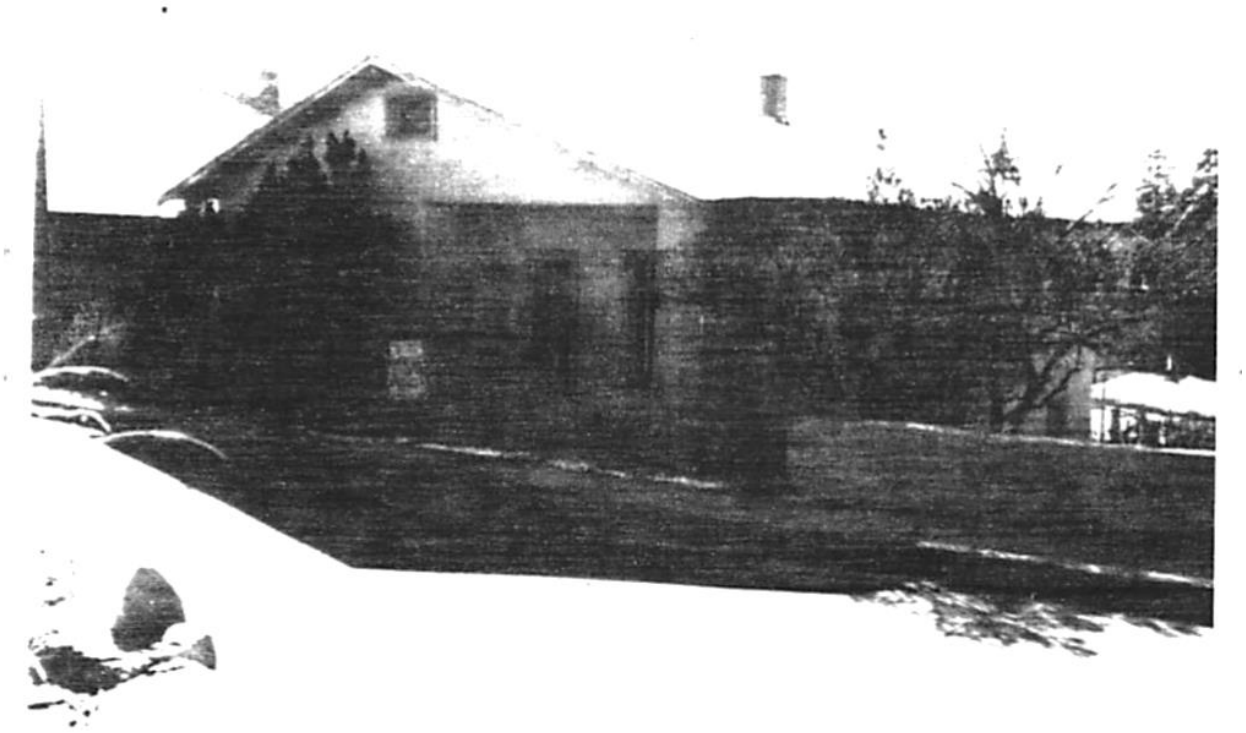

Figure 2: Photo from the 1985 HCPI

Section 14-5.2(D)(1)(a) states, "*The status of a significant, contributing, or landmark structure shall be retained and preserved. If a proposed alteration will cause a structure to lose its significant, contributing, or landmark status, the application shall be denied."*

The 5'-8" high coyote fence causes a disruption in how the structure relates to the streetscape and if allowed, poses a threat to the building's historic status and the legibility of the streetscape. Additionally, the townscape, as set forth in the BCD design standards for the East Marcy/E Palace subdistrict also identifies the unique nature of the streetscape by limiting the height of fences and/or walls to a maximum height of 4'-0".

The city's inspections office issued a Stop Work Order (red tag) in August 2023 for the construction of the coyote fence without approval from the HDRB, the Historic Preservation Division or a construction permit.

The applicant now requests approval of the coyote fence by proposing the following exterior alterations:

1) Construct a 5'-8" high coyote fence with two wood plank pedestrian gates (one on the street frontage and one on the side property line) where the maximum allowable height is 4'-6". An exception to section 14-5.2(D)(9) to exceed the maximum allowable height is requested.

EXCEPTION CRITERIA AND RESPONSES:

Exception to Section 14-5.2(D)(9): The applicant requests an exception to exceed the maximum allowable height of a fence.

(i) *Do not damage the character of the district;*

Applicant Response: The streetscape has a variety of fencing types from stone and solid masonry walls to wood fencing including coyote and picket fencing. There are 8 and 10 ft retaining walls less than half block away at the intersection of Paseo and Otero (NW and NE corners) and several coyote fences across the street.

Staff Response: Staff does not agree with this statement. The coyote fence as proposed damages the character of the district, is a violation so the streetscape standards and the underlying BCDMAR zoning standards. The heights of the walls and fences along this streetscape of Paseo de Peralta range in height from 24" (2'-0") and 108" (9'-0") and the walls and fences vary from retaining walls constructed of rock or stuccoed concrete masonry on the north side of the street. The tallest wall is a retaining wall with yard wall on top. The combination of a yard wall with retaining wall is allowed at a height greater than properties with no retaining wall. There is a grade change between the properties on the south side of the street and those on the north side. Retaining walls characterize the streetscape on the north side, with additional walls that are substantially set back from the plane of the retaining walls. The south side of the street is lined with lower yard walls and fences with stepped heights or wrought iron creating an open fenestration of the yard wall, two picket fences, one wire fence, and at the edge of the streetscape there is a single coyote fence located on the Girls, Inc. Property. The Girls, Inc property is part of the Hillside streetscape rather than the Paseo de Peralta streetscape, and is visually disrupted from the property, as it is located around the curve from the subject property. Furthermore, the Girls, Inc. property is part of a different zone district than the subject streetscape.

Streetview images have been provided to illustrate the streetscape and context of yard walls and/or fences in the streetscape.

Figure 3: Streetview looking west

Figure 4: Streetview looking east

(ii) *Are required to prevent a hardship to the applicant or an injury to the public welfare;*
Applicant Response: The owner is and has been a full-time resident at the address since 1988 and in order to continue to reside there safely needs to raise the fence to its current built height. There have been several 911 calls and a break in at the residence which is located in close proximity to two parks-the Cross of the Martyrs and the Tommy Macione Park.

The owner had replaced a blue wood fence with a lower chain link fence that supported the older wire fencing in 2003. However, with the increase in trespass and robbery at her residence, the owner felt her only recourse was to replace the damaged wire fencing with a fence made of stronger material that will deter unwanted entries.

The coyote fencing will also be easier to maintain given the heavy barrage of salt that it gets in the winter due to the location of the residence at a curve and its extreme proximity to Paseo de Peralta.

Staff Response: This criterion has not been met. There is no hardship that is unique to this property; other residences/shops in the streetscape have direct access to the street. Through the establishment of the Downtown & Eastside Historic District and the adoption of the historic districts ordinances, it was determined by the community that the preservation of historic streetscapes and buildings is important to retain the overall character of Santa Fe.

The proposed coyote fence is a threat to the historic status of the historically contributing residence, and furthermore it disrupts the streetscape as is regulated by both the Historic Districts Ordinance and the Business Capitol East Marcy/East Palace subdistrict standards.

(iii*) Strengthen the unique heterogeneous character of the City by providing a full range of design options to ensure that residents can continue to reside within the historic districts;*

Applicant Response: The streetscape has a variety of fencing types from stone and solid masonry walls to wood fencing including coyote and picket fencing. The increased height will allow the continued use of the structure as a residence since it will increase the owner's personal safety and decrease maintenance costs.

Staff Response: The Applicant's response does not address the approval criteria. While safety and security are concerns for all residents within the city, they are not a valid reason to violate the height and preservation standards established in the ordinance, which inherently considers the welfare and safety of residents. Other security measures could be employed that would not violate the ordinance.

(iv) *Are due to special conditions and circumstances which are peculiar to the land or structure involved and which are not applicable to other lands or structures in the related streetscape;*

Applicant Response: Other structures have more setback from the street. This lot lost most of its setback when Paseo de Peralta was created in the 1960s. Additionally this structure is the only one that still serves as a live workspace, which has been the historic use of these homes since the 1960s.

Staff Response: The Applicant's response does not address the approval criteria and staff disagrees with this statement. While most of the properties on the north side of Paseo de Peralta are set back further from the road, all the properties on the south side of Paseo de Peralta are set back similarly to the subject property. The setback is not peculiar to this lot. Staff does recognize that some of the properties are commercial such as the art galleries, but the use of the property can change and is not peculiar to the land or structure, other uses are permitted, and other structures could be converted to live work as well, or the existing property could be similarly repurposed.

Street map and aerial images have been provided to illustrate the streetscape and context of yard walls and/or fences in the streetscape.

Figure 5: 1912 Kings map of the vicinity

Figure 6: 1957 Aerial of the vicinity

(v) *Are due to special conditions and circumstances which are not a result of the actions of the applicant; and*

Applicant Response: The owner is not responsible for the rise in property crime and drug use. Her property is located near two parks which at times serve as magnets for these types of behavior.

Staff Response: The Applicant's response does not address the approval criteria. While staff recognizes that the property owner is not responsible for crime rates, the presence of crime or an incidence of crime is not a justification to violate the preservation or height standards of the ordinance, which is the law of the city. All residents may consider responsible and code compliant safety measures to secure their homes and businesses. The applicant should be held to the same standard as all other structures in the streetscape, which must follow the height and design restrictions set in the ordinance. It should be noted that this exception request is due to the action of the applicant to build a fence without a permit and Historic Districts Review Board approval. Had the applicant proceeded through the typical review process there may not have been a need for this request.

(vi) *Provide the least negative impact with respect to the purpose of this section as set forth in Subsection 14-5.2(A)(1).*

Applicant Response: The owner understood from the contractor that if she kept the fence below six feet, she would not need a permit. She deliberately kept the fence to 5 ft 8 inches for its entire length whether on the street or on a sideline. It is the minimum she feels will deter entry onto her property from Paseo. The type of material being used is compatible with the existing streetscape. There are fences and walls in close proximity that are or will be higher

Staff Response: The Applicant's response does not address the approval criteria. The applicant and her contractor are not in a position to set the rules for permitting, or for height standards and design standards within the historic district, and ignorance of the appropriate processes and standards is not valid justification for violating those standards.

The proposed coyote fence negatively impacts the historic streetscape and a design that does not negatively impact the streetscape has not been considered or proposed by the applicant.

Hi all,

I think we need to provide some background on the red-tag process and how Ms. Leth-Espensen has been a scofflaw. That is an important point to share with the HDRB. Please see below.

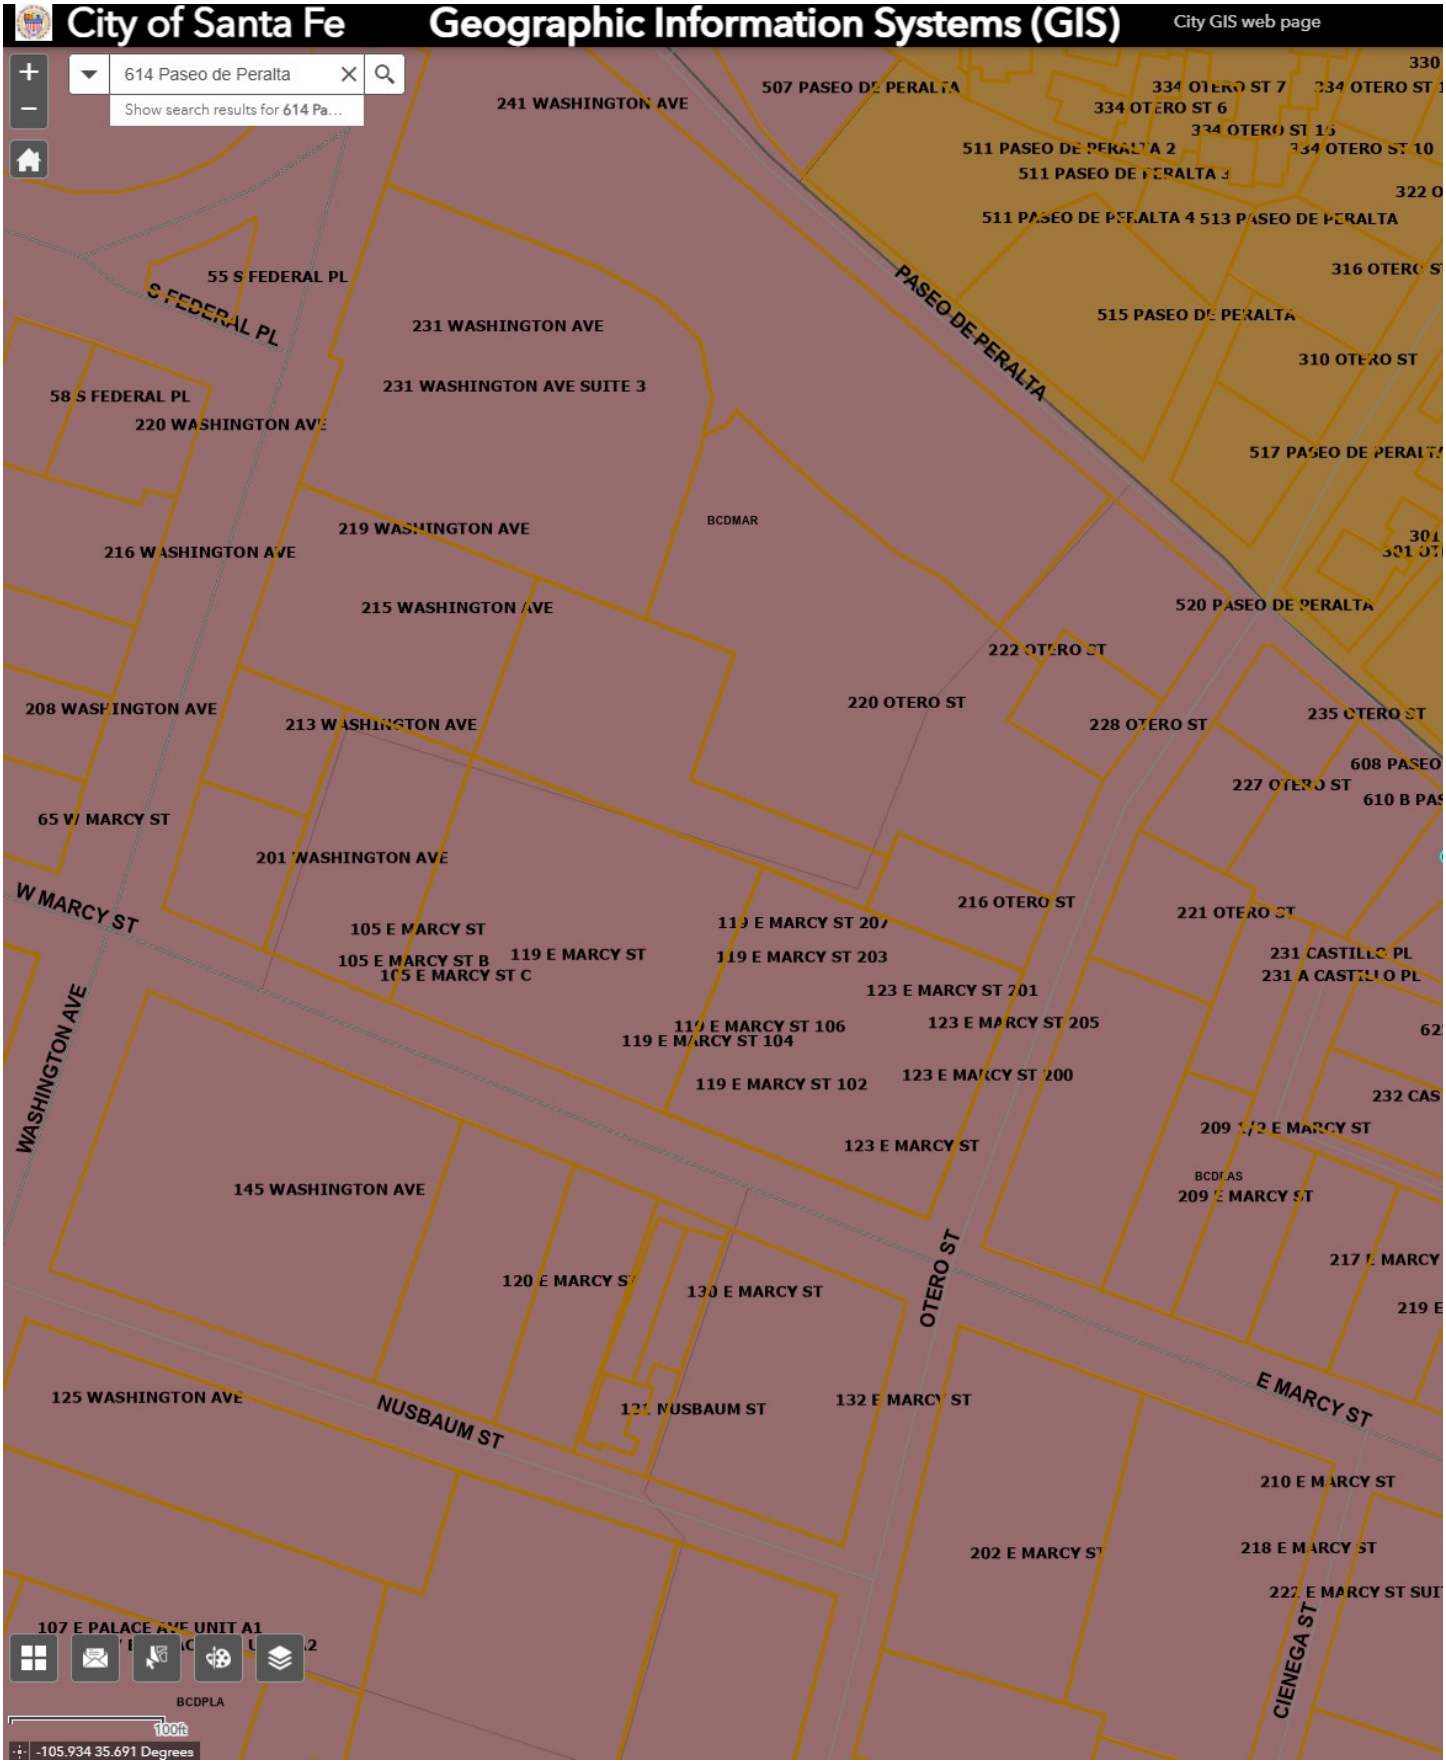
Good afternoon, Stefanie,

The property was red tagged by Kevin Smith, a citation was given by Anthony Maestas, and finally a citation referring the matter to court was issued (please see file link below with the paperwork).

While Paul may have assisted Ms. Leth-Espensen with scanning some paperwork, she did not do anything further. The first step is to obtain a preliminary zoning review (PZR) to assure that the proposed use and height is permitted in the zone district. The Code reference that Ms. Clouser cited has to do the with Business Capitol District (BCD) zone district standards. We do not accept an application without the PZR form, as that communicates that Current Planning has reviewed the proposal and that there are no zoning issues. The map below is from the City's Geographic Information Systems (GIS) zoning map, a link to which can be found on the City's website: https://gis.santafenm.gov/portal/apps/webappviewer/index.html?id=8cbbefaf87d44d99b4f379564e9f3c83. On a related matter, the Girls Inc property is in an R-2 zone district and not subject to the same standards as the East Marcy/East Palace BCD subdistrict.



As you can see, the subject property is in the Business Capitol District. The subdistrict is East Marcy/East Palace. The BCD has many subdistricts which reflect the unique character of each district; for example,

a subdistrict for the Capitol campus, Cerrillos Road, Don Gaspar, etc. The table of dimensional standards for the BCD Zone District can be found in Section 14-7.4(A) SFCC 1987. https://library.municode.com/nm/santa_fe/codes/code_of_ordinances?nodeId=CH14LADE_ART14-7BUENOPSPSTME_14-7.4BUPIDI

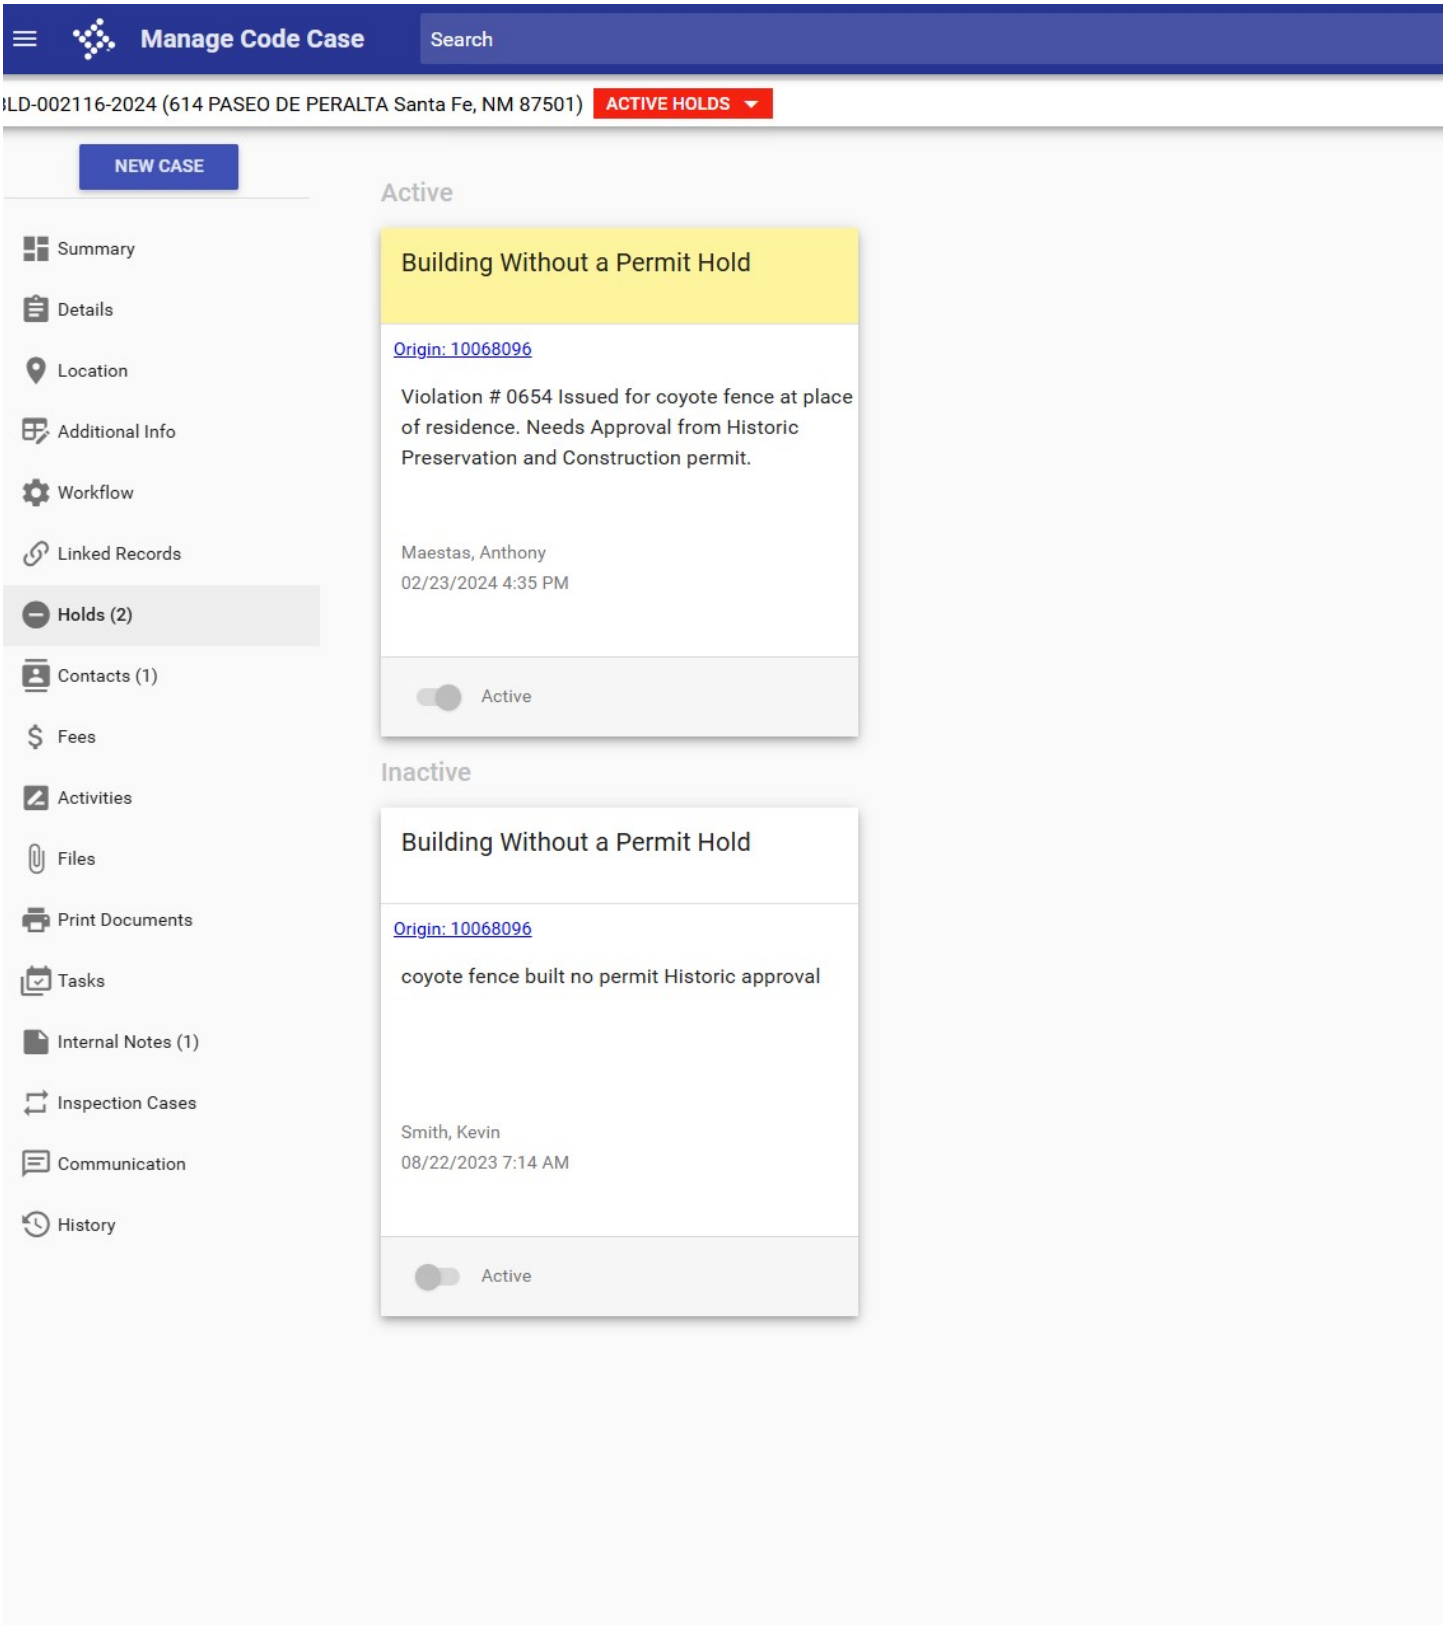
Ms. Leth Espensen was originally given a red tag by Kevin Smith (our Zoning Inspector) in August 2023 and January 2024. Anthony Maestas issued a citation on February 23 noting that Ms. Leth-Espensen had

not submitted an application and had not removed the fence. Anthony reinspected on April 26 and the fence remained and yet no application had been submitted. That is when Anthony referred this issue to municipal court. Since then, Assistant City Attorney Kyle Hibner has been processing this case. When the fence was originally constructed in August 2023 Constituent Services received a complaint from a community member, which was investigated and as a result the red tag issued.

Here is a snip from our computer system documenting dates:



We do try to work with applicants so they can come into compliance with the Historic Districts Ordinance. Over the past year, there have been several interactions with Ms. Leth-Espensen with staff as well as with the attorney at municipal court. Mr. Hibner shared with me that the judge most recently requested that Ms. Leth-Espensen make application to the City. As of yet, all that we have processed is a PZR. Even if the Historic Districts Ordinance permits a higher height, the underlying zoning permitted

height of 4 feet still applies; therefore, a variance to the height permitted by zoning (4 feet) will need to be reviewed and acted on by the Board of Adjustment. If a variance is granted, then the Historic Districts Review Board may then review the case.

Finally, you will find the application for a variance on this web page: https://santafenm.gov/land-use/current-planning/application-forms-and-fees.

Heather Apparently my client and her son have a difference of opinion with your staff. I don't see Paul Duran's name on this thread. He is the one who on 1 March 2024 sent Miriam's application in—I believe he helped her scan the documents. See email below
It should be noted that Ms Clousure is citing fence heights for E Marcy and E Palace. This property is not located on either street. It is located on Paseo de Peralta. There is a 4 ft 8 inch picket fence at 618 visible from the street.
Also Ms Leth-Espensen is adamant that her fence was never redtagged. I am not surprised since there are people in my neighborhood who have been reported for unpermitted work and NEVER redtagged such as at 1008, 1023, 1025 Don Diego and 1030 Don Cubero.
My goal is to move this case to a resolution so Ms Leth-Espensen can live there safely.
What is the next step? I would like a clear pathway to resolution—no changes seven months later…like going to BOA instead of Historic…
If it is really necessary to go to the BOA, why was your staff ready to schedule this for a HBoard meeting? Really it seems even with digitalized files the right and left hands in your dept do not know what the other is doing. Please send all necessary applications today to avoid even more delay. I have submitted the PZR application; perhaps you can find the 1 March 2024 H Board application or I can submit a new one. Otherwise please send correct application for variance with instructions.
Thank you
Stefanie Beninato

Dear Stefanie,

It is wrong for Heather Lamboy to say that Miriam supposedly caused delays because she supposedly "has not formally applied for a permit." (As stated by Ms. Lamboy in her email sent to lots of people on Oct. 28, 2024.)

Miriam applied for a permit on March 1, 2024. (Please see below.) Would you please consider noting this fact to Ms. Lamboy and her colleagues?

Thank you,
-Rob

LAMBOY, HEATHER Thank you for city's history of the case. Would you cite the ordinance re BCD height variations by variance? And also what zone is Girls Inc in since it just got an exception to raise the height of its coyote fencing beyond what is allowed by the HBoard. Same concerns as Ms Leth-Espensen.
Thank you

Historic Design Review Board

Proposal Letter

Coyote Fencing at 614 Paseo de Peralta

The owner mistakenly put up a 5ft 8 in coyote fence based on the advice of the contractor (FabianNava) who installed the fence.

It is made of wood coyote fencing approximately 2 inches in diameter. The frame is 2 3/8 steel vertical bars placed every 4 feet and 1 inch steel pipes for the cross bracing at top and bottom of fence. Bracing is on the inside of the fence as it faces the street. The vertical bars are placed in 2 ¾ inch steel pipes in the ground. On the W side, there is 15 ft of coyote fencing starting at the corner of Paseo de Peralta that is connected by a 5 ft extension to the residence. The elevation drops sharply at this point on the W side. The fence extends the 35 ft length of the property facing Paseo de Peralta with a white-painted, three-foot wide, solid wood gate with a curved top placed approximately midway down that line. The fence then angles behind a utility pole and extends another 60 feet with the elevation dropping at approximately 20 ft from the street. There is a second gate at the lower elevation just where the elevation change occurs on the E side. The fence runs approximately 36 ft past the gate on the E side and attaches to the pre-existing coyote fencing on the lower part of the property. The fence is partially hidden on the E side by the existing picket fence on the neighboring property. Other than the top, it is not visible approximately 20 feet from the street on the E side because of the elevation change.

REQUEST FOR AN EXCEPTION TO FENCE HEIGHT
Historic Districts and Historic Landmarks
Height, Pitch, Scale, Massing, and Floor Step backs Exception Criteria

(i) Do not damage the character of the streetscape

Response: The streetscape has a variety of fencing types from stone and solid masonry walls to wood fencing including coyote and picket fencing. There are 8 and 10 ft retaining walls less than half block away at the intersection of Paseo and Otero (NW and NE corners) and several coyote fences across the street.

(ii) Prevent a hardship to the applicant or an injury to the public welfare

Response: The owner is and has been a full time resident at the address since 1988 and in order to continue to reside there safely needs to raise the fence to its current built height. There have been several 911 calls and a break in at the residence which is located in close proximity to two parks—the Cross of the Martyrs and the Tommy Macione park.
The owner had replaced a blue wood fence with a lower chain link fence that supported the older wire fencing in 2003. However with the increase in trespass and robbery at her residence, the owner felt her only recourse was to replace the damaged wire fencing with a fence made of stronger material that will deter unwanted entries.
The coyote fencing will be also be easier to maintain given the heavy barrage of salt that it gets in the winter due to the location of the residence at a curve and its extreme proximity to Paseo

(iii) Strengthen the unique heterogeneous character of the city by providing a full range of design options to ensure that residents can continue to reside within the historic districts

Response: The streetscape has a variety of fencing types from stone and solid masonry walls to wood fencing including coyote and picket fencing. The increased height will allow the continued use of the structure as a residence since it will increase the owner's personal safety and decrease maintenance costs.

(iv) Are due to special conditions and circumstances which are peculiar to the land or structure involved and which are not applicable to other lands or structures in the related streetscape

Response: Other structures have more setback from the street. This lot lost most of its setback when Paseo de Peralta was created in the 1960s. Additionally this

Request for Exception

structure is the only one that still serves as a live work space which has been the historic use of these homes since the 1960s.

(v) Are due to special conditions and circumstances which are not a result of the actions of the applicant

Response: The owner is not responsible for the rise in property crime and drug use. Her property is located near two parks which at times serve as magnets for these types of behavior

(vi) Provide the least negative impact with respect to the purpose of this section as set forth in Subsection 14-5.2(A)(1)

Response: The owner understood from the contractor that if she kept the fence below six feet, she would not need a permit. She deliberately kept the fence to 5ft 8 inches for its entire length whether on the street or on a side line. It is the minimum she feels will deter entry onto her property from Paseo. The type of material being used is compatible with the existing streetscape. There are fences and walls in close proximity that are or will be higher

Good morning!
I couldn't fall asleep last night, till I remembered why I thought, I did not need a permit for the Peralta fence.
When I came in 1988, there was a wooden fence on my Peralta property, it was natural wood. After a couple of years the fence started to deteriorate, in part because when it snows and the city truck sprays salt on the street, it sprays the nasty salt mixture onto my fence. So, for a couple of years in the spring I would clean it off, and then I began painting it white to make it look nice. I finally had enough and thought that if I replaced it with a coyote fence, which I wouldn't have to paint.

I did go to the permit office to make sure that was ok, and I was told that as long as the new fence did not exceed the old one in hight, I did not need a permit. As it turned out I could not afford the coyote fence at the time with two kids still in college, so I opted for the cheap wire fence.
I don't remember exactly how many inches the wooden fence measured, but it was tall enough, so I didn't need curtains for privacy and similar in hight to the new fence.

The rules may have changed since that time, and I should have checked back. I apologize.
I hope everything will turn out okay, because in addition to aesthetics, I also have security concerns. In the second picture I sent you see a large police presence. There are regular 911 calls from this area. I myself had to call three times during COVID, and before that several times, including when I was robbed at by home.

Thank you for your help and consideration.

HDRB Application Supplement
TIME LINE ACCORDING TO OWNER's DOCUMENTATION

Ms Leth-Espensen (Miriam) hired Fabian Nava in August 2023 to build the fence. Nava, holding myself out as a licensed contractor, assured Miriam that she would not need a permit if the fence was under 6 ft tall. She chose to make it 5 ft 8 inches.

The first LUD meeting was with Eric Sommer who accompanied Miriam to the meeting, Lani McCullen, Ramon Sarason and one other member from zoning on 9/14/2024. Mr Mann, Miriam's neighbor, filed a complaint about the fence. This meeting was in response to the complaint. At that meeting Miriam was told by Lani that coyote fences visible from the street were not allowed in the Historic district and the only fencing in that area that would be allowed was a 4'6" white picket fence.

Anthony Maestas inspected the fence and told Miriam not to change the current fence without a permit because it would cause a lot of trouble. Miriam received 2 red tags by mail dated 2/23/24 and 4/17/24 from Mr. Maestas following his inspection. NO redtag was ever posted on the property and Miriam did not remove any redtag.

After the first redtag by mail, Miriam met with Paul Duran who helped her with the application form (Email 3/1/2024). The email from Mr. Duran indicates that a 48" coyote fence was ok without a permit and at that time he also told Miriam what documents to prepare for the application.
Mariam prepared the documents but was told by Mr. Duran not to bring them in until a planner was assigned and that a planner would be assigned shortly. 3/8/2024 email.

Miriam and her son Rob Kohn met with Gary Moquino on 5/15/2024 following her court appearance in municipal court when she pleaded not guilty to the criminal charge the city lodged against her for construction of the fence. Again Gary Moquino assured them a planner would be assigned shortly. Gary Moquino told them he could administratively approve a 6 ft high white picket fence.

Miriam hired Stefanie Beninato as her agent on approximately 9.26.2024 when there was no movement by the city to assign a planner and resolve this issue.

Beninato requested a planner for the case and followed up with the LUD (9/30/2024 email) on the matter and was assigned HDRB staff, Lani McCulley in the beginning of October 2024.

Beninato submitted the PZR on 10/21/2024 and was told on 10/23/2024 that the case would have to first go to the BOA and that dual approval was needed.

After speaking with Beninato on 11/1/2024, the LUD agreed to have the HDRB decide the case first and then send it to the BOA. The HDRB application was submitted on 11/11/2024

WALL AND FENCE GUIDELINES
SANTA FE HISTORIC DISTRICTS

[ADOPTED 24 AUGUST 1999]

Purpose and intent: These guidelines are offered to promote continuity and harmony of design elements that comprise streetscape in the Santa Fe Historic Districts, including, but not limited to walls, fences, open space and landscaping and their connectivity to the primary structures(s) on the property and the physical character of the street or public façade of the property. These guidelines are consistent with the purpose and intent, and standards in the Historic Districts Ordinance [Section 14-70 SFCC 1987].

SCALE:

Walls should not extend for more than 50 feet in a single, horizontal plane without a plane change of at least one foot.

Wall heights should modulate a minimum of 8 inches, or one block course, at least every 25'.

Walls should include openings such as gates, windows and nichos at appropriate intervals.

Walls and fences in excess of 4 feet in height and having street frontage or visibility shall be brought to the HDRB for review and approval prior to submission for building permit review. Where there is a conflict between this guideline and the allowable height as calculated under Section 14-70.20 SFCC 1987, the latter shall prevail. [This supersedes the HDRB's 8/13/96 policy requiring the same for walls or fences in excess of 3 feet in height. It encourages the construction of lower privacy walls that still allow the structure on the site to make a contribution to the streetscape, and provide for a view shed into the property. This is recommended in response to the proliferation of inappropriately high yard walls that have been and are being constructed throughout the city's historic districts, causing an impact on the historic and visual character of the historic districts.]

Wall heights should be carefully regulated by the HDRB standards as calculable for the particular streetscapes [Section 14-70.20 SFCC 1987]; and should be restricted so as not to increase the allowable height for the streetscape by more than 20%.

Solid fences should be stepped back and modulated the same as walls.

Fences with fenestration, such as coyote fences, may continue in an unrestricted horizontal distance at the same height and in the same horizontal plane.

SETBACK:

Unfenestrated walls and fences (e.g. cedar stake, ponderosa slat) should setback from the front property line an average of 1 foot for every 10 feet of horizontal length of the wall. This could be accomplished in a single plane or with step backs as outlined above.

Open fences (e.g. wire and post, picket) or fenestrated fences (e.g. coyote) may be constructed without setback at the front property line, unless otherwise regulated by the underlying zoning.

Walls with openings comprising 20% of the surface area of a single plane may be constructed at the property line, unless restricted by the underlying zoning.

Side or rear walls or fences may be constructed at the property line as per that allowed by the underlying zoning.

Walls or fences within existing compounds should be restricted to privacy barriers to enclose courtyards, parking and private areas; and should be connected to and not extend more than 25 feet from the main structure. However, walls or fences should not be connected to significant structures. Desired connections may be made to significant structures by way of other means [e.g. Landscaping]. These treatments will help maintain traditional compound common elements, such as open space and the ability to communicate with neighbors, and therefore assist in the preservation of the character of existing compounds.

MATERIAL, TEXTURE AND COLOR:

Walls should be predominantly of the same material, texture and color as the main structure(s) to be located on the property, or may be of material indigenous or traditional for the area such as river rock, limestone, flagstone or slate.

Fences should be of the material, texture and color of fences typical of the existing streetscape or design vernacular if applicable to a particular H-District or streetscape.

GATES:

Vehicular gates should be permitted only at entrances to private driveways or compounds and set back in accordance with the underlying zoning.

Vehicular gating of subdivisions or other large-scale developments is strongly discouraged, and may be prohibited [See City of Santa Fe 1999 General Plan].

Gates should be designed to complement the wall or fence treatment containing them with respect to scale, height, material, texture and color. Fenestrated gates should be encouraged as opposed to solid gates.

LANDSCAPING (Suggested Options)

Walls and fences in excess of 50' in length should install landscaping along the exterior façade within the suggested setback or step back.

Landscaping on top of or over a wall is encouraged to provide for additional screening if desired from the interior of the property.

Terracing of walls is encouraged and should be landscaped.

The use of native, drought resistant plant material is encouraged in all wall, fence or terrace landscaping.

The decision of the Board was to deny the application without prejudice finding the exception criteria have not been met for the application as submitted, citing the fencing material, the height, as well as the impact on the streetscape as the three primary concerns. A new application with a different design must be submitted within 90 days from the hearing date. The existing fence must be removed within 90 days.

For further information please call 505-955-6605.

Sincerely,

Lani McCulley
