Dear Rep. Romero,

As an avid cyclist I support wider shoulders for Hyde Park Rd. NM 475. I have biked up and down the ski road many times and the road is narrow and dangerous as it stands now. There are parts of its shoulder that are giving way. Indeed I saw a cyclist crash because of the soft pavement on the shoulder and he was going quite fast downhill on this steep and twisty road. Please tell me what I can do to make Santa Fe more bicycle friendly. New Mexico is constantly ranked highest in the U.S. for pedestrian and cyclist fatality rates. I lost a good friend of mine when he was hit by a car while on his bike. As someone who commutes daily by bike, this is a very personal issue for me.

Suggestions are:

Create a separated bicycle lane on St. Michael's Drive. There is none to date. St. Mikes is a state highway that is also a city road. There are six lanes for cars; none for bikes. Clearly not transportation equity.

Clean the bike lanes on Osage, Siler, Alameda, Aqua Fria and wherever needed. They are full of scoria (lava) and dangerous to bike.

Remove the construction signs from Agua Fria that are currently in the bicycle lanes. There is no place for cyclists to go but traffic.

Create separated bicycle lanes on Cerrillos Rd. The bike lanes that were installed on Cerrillos are far to close to traffic for the speed on this road.

Otowi is a great bike route, but I suggest removing the stop sign at San Felipe Ave. so it flows better. (The stop sign should face San Felipe traffic.) Santa Fe has no Bicycle Blvd. This would create the first, in one simple move.

VIRTUAL MEETING

Create a dedicated bicycle lane on Paseo de Peralta. Not just a faded sharrow.

Thank you so much for your time. Let's make Santa Fe a cleaner and safer city.

I realize that these are divided into city, state, and MPO boundaries, but I am willing to work with you to make Santa Fe more bicycle-friendly. I am cc'ing some people who might have further input.

I would appreciate hearing back from you.

Jackie Shane

Abstain: None

Mr. Erick Aune stated that there are two amendments in the draft resolution presented to BPAC a month ago to accommodate feedback from BPAC members:

First change: Added another "Whereas" ... WHEREAS, existing roadways in the [City/County/Santa Fe MPO] have not all been designed and built according to the design principles described herein and opportunities may arise to improve the existing infrastructure to improve accessibility, safety, and connectivity, and;

Second change: Added another NOW, THEREFORE, BE IT FURTHER RESOLVED by the [City/County/Santa Fe MPO], as follows: That the [City/County/Santa Fe MPO] shall strive to reconstruct existing roadways and offer design guidelines for new developments in a manner that support the design elements described herein.

Chair Garcia mentioned that he is willing to be a co-sponsor of the Resolution.

- c. BPAC Strategic Plan FY22-27, Yolanda Eisenstein, Planning, Policy & Law Subcommittee Chair

MOTION: Member Spencer moved, seconded by Member Gerlicz, to postpone the adoption of the Strategic Plan plan until a work session is held.

VOTE: The motion was on the following Roll Call vote:

- d. City of Santa Fe Bicycle Friendly Community Application to League of American Bicyclists, Khalil Spencer, BPAC Vice Chair
- e. BPAC Presentation to Public Works Committee and Governing Body, Judith Gabriele, Promotion, Education and Programming Subcommittee Chair
- f. Staff Report

Staff reported that Public Works Department Director added \$1,000 for BPAC use in the proposed budget for FY 23. Also, that the maintenance budget for signage, striping, etc. was raised from \$125,000 to \$500,000. The sharrow maintenance list that BPAC sent to Traffic Operations Manager will cost around \$65,000. The budget for sharrow maintenance last FY was only \$5,000. The BPAC approved striping on Calle Mejia will be implemented via maintenance budget of signage shop. Staff requested the Chair to request funding for bringing back the stenographers for all City Advisory Committees.
