3 DESCRIPTION

The City of Santa Fe is designing new pickleball courts adjacent to the existing courts at Ft. Marcy Park near the intersection of Murales & Old Taos Highway. The expanded courts project is being designed by Molzen Corbin & Associates (MCA) – an architecture & engineering design firm contracted by the City's Public Works Department, Parks and Open Space Division.

The City of Santa Fe requires an Early Neighborhood Notification (ENN) meeting be conducted for city's capital infrastructure projects. It is intended to provide opportunity for the community to review, comment, and provide significant feedback on city's capital infrastructure projects before plans become too firm to respond meaningfully to community's concerns.
