

1. **ENN NAME**

Santa Fe Median Gateway Improvement Design Early Neighborhood Notification Meeting #1

2 **PROJECT ADDRESS**

City Gateway Medians

3 **DESCRIPTION**

The City of Santa Fe is in the preliminary stages of creating a plan for Median Gateway's that will highlight the city's history, culture, arts, and style, while being sustainable from a water and environmental perspective. We would like your help! The project will start by working with you in a workshop setting to start to unfold ideas, concepts, and strategies for four important entries in the City of Santa Fe. The Gateway Medians, once completed, will then be expanded into a template for median improvements citywide to help establish consistency while highlighting the entry points north and south into the City.

The City of Santa Fe requires an Early Neighborhood Notification (ENN) meeting be conducted for the City's capital infrastructure projects. It is intended to provide opportunity for the community to review, comment and provide significant feedback on such projects before plans become too firm to respond meaningfully to community's concerns.

This new median project is being designed by Sites Southwest, a Landscape Architecture and Planning firm, along with Souder, Miller & Associates, an engineering firm. We were contracted by the City's Parks and Open Space Division for the project.

4 **APPLICANT**

Parks & Open Space Division

5 **STAFF**

Scott Overlie, Project Administrator
Parks & Open Space Division

(505-231-6194, saoverlie@santafenm.gov)

EARLY NEIGHBORHOOD NOTIFICATION MEETING #1 Santa Fe Median Gateway Improvements Design

Dear Neighbor,

The City of Santa Fe is in the preliminary stages of creating a plan for Median Gateway's that will highlight the city's history, culture, arts, and style, while being sustainable from a water and environmental perspective. We would like your help! The project will start by working with you in a workshop setting to start to unfold ideas, concepts, and strategies for four important entries in the City of Santa Fe. The Gateway Medians, once completed, will then be expanded into a template for median improvements citywide to help establish consistency while highlighting the entry points north and south into the City.

The City of Santa Fe requires an Early Neighborhood Notification (ENN) meeting be conducted for the City's capital infrastructure projects. It is intended to provide opportunity for the community to review, comment and provide significant feedback on such projects before plans become too firm to respond meaningfully to community's concerns.

We wish to inform you that an ENN hosted by Sites Southwest, a Landscape Architecture and Planning firm is scheduled for:

Date: June 29, 2024
Time: 10:30 am-12:00 pm
Location: Southside Library, 6599 Jaguar Drive, Santa Fe, NM 87507

This new median project is being designed by Sites Southwest, a Landscape Architecture and Planning firm, along with Souder, Miller & Associates, an engineering firm. We were contracted by the City's Parks and Open Space Division for the project. The gateway medians will be located at the following zones:

- St Francis Drive – Hwy 285 to W Alameda (8 medians)
- South Cerrillos Road – Beckner to Jaguar (14 medians)
- Airport Road – Country Club Road to NM 599 (7 medians)
- Old Pecos Trail – Rodeo Rd to St Michaels Dr (8 medians)

If you have any questions or comments, please contact Scott Overlie at 505-231-6194 or saoverlie@santafenm.gov; George Radnovich at 505-822-8200 or grad@sites-sw.com or Shasta Meehan at smeehan@sites-sw.com. Person with disabilities in need of special accommodations or the hearing impaired needing an interpreter, please contact Scott Overlie (listed above) 5 days prior to the meeting date.

Sincerely,

George Radnovich, FASLA
Principal
