CITY OF SANTA FE

Date: October 11, 2025

To: Sam Burnett, Interim Public Works Director

From: Christine Chavez, CSD Director CyC

Via: Mark Scott, City Manager MS (Mark Scott)

Jesse Roach, Public Utilities Director JR (Jesse Roach)

Subject: Initiation of Remodel for new CSD Building (Carlos Ortega Center)

The Conservation and Sustainability Division (CSD) is in the process of developing a formal cost split for CSD start-up and ongoing activity costs between the Utility Enterprise Funds and the General Fund. While that structure is being developed, and in the interest of moving things forward as quickly as possible, the Water Division has agreed to cover all costs associated with the remodel until the cost share has been formalized. Once finalized, the Water Division may be reimbursed for expenditures as appropriate.

Please proceed with initiating the remodel per the cost estimate prepared by the Facilities Division dated October 6, 2025. The approved scope includes:

- Roof, stucco, and exterior repairs;
- Replacement of HVAC units and upgrades to the fire alarm system;
- Removal of the kitchen hood and interior clearing;
- Installation of new windows, interior walls, and doors;
- Furniture layout and procurement per Creative Interiors design plans;
- Electrical and data upgrades.

The total project cost, inclusive of a 15% contingency, is $525,385.71.

A Budget Adjustment Request (BAR) will be prepared and moved through the Governing Body for approval. However, as discussed, with this agreement in place, the remodel may begin right away so that the team can move in as anticipated before the end of the year.

Thank you for your continued partnership and support in preparing this space for the new Conservation and Sustainability Division.

Subject: Settleability and Phosphorus Removal Chemical Aid Purchase (goods)

Vendor Name: Brenntag Pacific, Inc.

Munis Vendor Number: 10943

ITEM AND ISSUE:

The Santa Fe Public Utilities Department respectfully requests your review and approval of a General Services Contract for Goods and Services in the total amount of $4,000,000.00, including gross receipts tax for the purchase of a chemical aid to enhance settleability of mixed liquor suspended solids and increase phosphorus removal within the activated sludge wastewater treatment process for a term of four years with Brenntag Pacific, Inc.

The Waste Management Division respectfully requests your approval of a Budget Adjustment Resolution (BAR) in the amount of $1,000,000 from Enterprise funds to Operating Supplies.

CONTRACT NUMBER:

The FY26 Munis contract number is **3260246**

BACKGROUND AND SUMMARY:

Invitation to Bid (ITB) number 25114 completed 30 April 2025, lists the price of the chemical (Brenn floc 5000) as $8.93 per gallon. The dosing rate, that was recommended to us from our engineers to treat an average of 5 million gallons of wastewater per day, is 261 gallons of the chemical. Multiplied by 365.25 days in a year the dosing total is 95,330 gallons per year. This totals $851,296.90 per year excluding taxes. With $69,699.93 in taxes at the rate of 8.1875% the grand total per year is $920,996.83. The contract including gross receipts tax and expenses shall not exceed $1,000,000.00 per year.

.

PRIOR APPROVALS AND SUPPORTING INFORMATION:

FUNDING SOURCE:

Fund Name/Number: Wastewater Management -500

Munis Org Name/Number: WW Treatment Plant -5000367

Munis Object Name/Number: Operating Supplies-530200

Budget Officer / Designee: Andy Hopkins **Date:** 12/04/2025

Budget Officer Comment/Exceptions: _____

PROCUREMENT METHOD:

The procurement method used was NMSA 1978, Section 13-1-102, ITB

An Invitation to Bid (25114) was advertised on 26 March 2025 and three vendors (Brenntag Pacific, Inc., Thatcher Company, Inc. and USALCO) responded. Each vendor had to test their chemical on site to determine if it could assist settling and remove all phosphorus from the Paseo Real wastewater. All three vendors had a chemical that could do the job, so they were all accepted. Finally, all vendors sent a sample of their chemical so that it could be tested to use the smallest amount possible. Of the three, only Brenntag was selected because it had the only chemical that could eliminate all phosphorus with a single tote per day.

CITY OF SANTA FE
GENERAL SERVICES CONTRACT

Goods and Services

THIS CONTRACT is made and entered into by and between the City of Santa Fe, herein after referred to as the "City," and **Brenntag Pacific, Inc.** herein after referred to as the "Contractor."

IT IS MUTUALLY AGREED BETWEEN THE PARTIES:

1. **Definitions**

A. "Products and Services Schedule" refers to the complete list of products and services offered under this Contract and the price for each. Product and service descriptions may be amended with the prior approval of the Contract Administrator. New products and services shall not be added to the Products and Services Schedule.

B. "Business Hours" means 8:00 a.m. to 5:00 p.m. Mountain Time.

2. **Scope of Work**

- The Contractor shall perform the following work:
  - PROCESS DESCRIPTION
    - The Paseo Real Wastewater Treatment Facility ("PRWWTF"), owned by the City, has a permitted capacity of 13 million gallons per day ("mgd") as average daily maximum month flow ("ADMMF") and discharges into the lower Santa Fe River.
    - The activated sludge treatment process utilizes microorganisms to remove organic matter and other pollutants from wastewater. The secondary treatment infrastructure includes two anoxic bioselectors (each including two cells that can operated as aerobic or anoxic), followed by two aeration basins (each of which is a four-pass carrousel oxidation ditch, followed by six secondary clarifiers used to separate mixed liquor suspended solids ("MLSS") from secondary effluent.
  - CHEMICAL AID
    - The City is seeking chemical aid to enhance settleability of MLSS and increase phosphorus removal within the activated sludge wastewater treatment process.
    - Aluminum-based chemical aids are acceptable but iron-based chemical aids such as ferric chloride are not acceptable.
    - The chemical aid shall meet the following performance criteria:
      - MLSS sludge volume index ("SVI") (30-minute test) less than or equal to 100 mL/g using a standard 2-liter SVI settleometer test.
      - Supernatant Total Phosphorus ("TP") must be less than or equal to 2.5 mg/L as P.

    - Supernatant Total Suspended Solids ("TSS") must be less than or equal to 20 mg/L.
  - Minimum product storage life shall be 3 months.
  - The Contractor must offer technical support regarding their product when requested by the City.
- SPECIFICATIONS
  - The on-call contract will be contingent upon continued performance in compliance with the minimum specifications outlined herein and in accordance with the initial performance test results. If for any reason the performance of this product degrades, the City reserves the right to cancel the on-call contract(s). However, the Contractor will receive written notification not less than thirty (30) days prior to contract cancellation and will have the opportunity to troubleshoot and make recommendations to achieve satisfactory performance.
  - The City will make reasonable efforts to comply with the Contractor's recommendations but reserves the right to make the ultimate determination about product effectiveness and contract cancellation, if required. Contract cancellation will be in effect thirty (30) days from the date of written notice unless the City withdraws the cancellation notice.
- DELIVERY CONDITIONS
  - Chemical can be delivered in pallet-based totes of 275 or 330 gallons, by refill of delivered totes left on site with the use of a tanker, or in portable tankers provided by the Contractor that can be left on site and swapped out.
  - If chemical is delivered in totes, PRWWTF staff will unload the totes to storage and make totes available if Contractor is able to refill them on site.
  - Each chemical delivery shall contain a minimum of 2,750 – 3,850 gallons of chemical.
  - Certified gross and net weights shall be supplied to the City with each delivery to determine the net weight of chemical delivered.
  - Chemical can be delivered to PRWWTF at 73 Paseo Real, Santa Fe, NM 87507 between 7:00am and 5:00pm seven (7) days a week.

3. Compensation.

Compensation Schedule. The City shall pay to the Contractor based upon
fixed prices for each Deliverable, per the schedule outlined in Exhibit A, less retainage, if any, as identified in paragraph C of this Clause.

A. The City shall pay to the Contractor in full payment for services satisfactorily performed at the rate of $924,321.20 per year, excluding gross receipts tax. The New Mexico gross receipts tax levied on the amounts payable under this Agreement totaling $75,678.80 per year shall be paid by the City to the Contractor at the rate of 8.1875%. The total amount payable to the Contractor under this Agreement, including gross receipts tax and expenses, shall not exceed **one million dollars ($1,000,000.00) per year**. Total not to exceed amount payable under the term of this Agreement is $4,000,000.00 including gross receipts tax. This amount is a maximum and not a guarantee that the amount of Service and Goods supplied by Contractor under this Agreement shall equal the amount stated herein. The Parties do not intend for the Contractor to continue to provide Services or Goods without compensation when the total compensation amount is reached. Contractor is responsible for notifying the City when the Services and Goods provided under this Agreement reach the total compensation amount. In no event will the Contractor be paid for Services and Goods provided in excess of the total compensation

amount without this Agreement being amended in writing prior to services, in excess of the total compensation amount being provided.

Payment shall be made upon Acceptance of each Deliverable and upon the receipt and Acceptance of a detailed, certified Payment Invoice. Payment will be made to the Contractor's designated mailing address. In accordance with Section 13-1-158 NMSA 1978, payment shall be tendered to the Contractor within thirty (30) days of the date of written certification of Acceptance. All Payment Invoices MUST BE received by the City no later than fifteen (15) days after the termination of this Agreement. Payment Invoices received after such date WILL NOT BE PAID.
Payment for polymer deliveries will normally be made within three (3) weeks of receipt of the invoice. To expedite payment, a copy of the invoice should be emailed to:

Efren (Manny) Morales, (505) 910-7627
Moralesemmorales@santafenm.gov

Mr. Morales should also be contacted regarding any questions concerning payment.

If Contractor does not receive a response that payment is in process within seven (7) days, the contractor will resubmit the invoice to the City of Santa Fe, Accounts Payable Division, accountspayable@santafenm.gov and copy the ordering department.

Payment for a polymer delivery will be calculated based on the weight of the polymer delivered as follows:

Payment = Bid Unit Price ($/lb of chemical solution) × Net Weight Delivered (lb of chemical solution)

The unit price shall include all handling and delivery costs.

C. Retainage. Not Applicable – The Parties agree there is no retainage.

D. Performance Bond. Not Applicable. The Parties agree there is no Performance Bond.

5. **Term**

THIS CONTRACT SHALL NOT BECOME EFFECTIVE UNTIL APPROVED IN WRITING BY THE CITY. This contract shall terminate **four (4) years from date of final signature.** The City reserves the right to renew this contract on an annual basis by mutual agreement not to exceed a total of ten (10) years in accordance with NMSA 1978, Sections 13-1-150 through 152.

6. **Default and Force Majeure**

The City reserves the right to cancel all, or any part of any orders placed under this contract without cost to the City, if the Contractor fails to meet the provisions of this contract and, except as otherwise provided herein, to hold the Contractor liable for any excess cost occasioned by the City due to the Contractor's default. The Contractor shall not be liable for any excess costs if failure to perform the order arises out of causes beyond the control and without the fault or negligence of the Contractor; such causes include, but are not restricted to, acts of God or the public enemy, acts of the State or Federal Government, fires, floods, epidemics, quarantine restrictions, strikes, freight embargoes, unusually severe weather and defaults of sub-contractors due to any of the above, unless the City shall determine that the supplies or services to be furnished by the sub-contractor were obtainable from other sources in sufficient time to permit the Contractor to meet the required delivery

scheduled. The rights and remedies of the City provided in this paragraph shall not be exclusive and are in addition to any other rights now being provided by law or under this contract.

7. **Termination**

A. Grounds. The City may terminate this Contract for convenience or cause. For contracts within their authority, the City Manager or their designee is authorized to provide the notice of termination, otherwise such notice of termination shall be provided by the Mayor, or their designee as authorized by the Governing Body. The Contractor may only terminate this Contract based upon the City's uncured, material breach of this Contract.

B. Notice: City Opportunity to Cure.

1) The City shall give the Contractor written notice of termination at least thirty (30) days prior to the intended date of termination.

2) Contractor shall give City written notice of termination at least thirty (30) days prior to the intended date of termination, which notice shall (i) identify all the City's material breaches of this Contract upon which the termination is based and (ii) state what the City must do to cure such material breaches. Contractor's notice of termination shall only be effective (i) if the City does not cure all material breaches within the thirty (30) day notice period or (ii) in the case of material breaches that cannot be cured within thirty (30) days, the City does not, within the thirty (30) day notice period, notify the Contractor of its intent to cure and begin with due diligence to cure the material breach.

3) Notwithstanding the foregoing, this Contract may be terminated immediately upon written notice to the Contractor (i) if the Contractor becomes unable to perform the services contracted for, as determined by the City; (ii) if, during the term of this Contract, the Contractor is suspended or debarred by the City; or (iii) the Contract is terminated pursuant to Paragraph 17, "Appropriations", of this Contract.

C. Liability. Except as otherwise expressly allowed or provided under this Contract, the City's sole liability upon termination shall be to pay for acceptable work performed prior to the Contractor's receipt or issuance of a notice of termination; provided, however, that a notice of termination shall not nullify or otherwise affect either party's liability for pre-termination defaults under or breaches of this Contract. The Contractor shall submit an invoice for such work within thirty (30) days of receiving or sending the notice of termination. *THIS PROVISION IS NOT EXCLUSIVE AND DOES NOT WAIVE THE CITY'S OTHER LEGAL RIGHTS AND REMEDIES CAUSED BY THE CONTRACTOR'S DEFAULT/BREACH OF THIS CONTRACT.*

8. **Amendment**

A. This Contract shall not be altered, changed, or amended except by instrument in writing executed by the parties hereto and all other required signatories.

B. If the City proposes an amendment to the Contract to unilaterally reduce funding due to budget or other considerations, the Contractor shall, within thirty (30) days of receipt of the proposed Amendment, have the option to terminate the Contract, pursuant to the termination provisions as set forth in Paragraph 7 herein, or to agree to the reduced funding.

9. **Status of Contractor**

The Contractor, and Contractor's agents and employees, are independent Contractors for the City and are not employees of the City. The Contractor, and Contractor's agents and employees, shall not accrue leave, retirement, insurance, bonding, use of City vehicles, or any other benefits afforded to employees of the City because of this Contract. The Contractor acknowledges that all sums received hereunder are personally reportable by the Contractor for income tax purposes, including without limitation, self-employment tax and

business income tax. The Contractor agrees not to purport to bind the City unless the Contractor has written authority to do so, and then only within the strict limits of that authority.

10. **Assignment**

The Contractor shall not assign or transfer any interest in this Contract or assign any claims for money due or to become due under this Contract without the prior written approval of the City.

11. **Subcontracting**

The Contractor shall not subcontract any portion of the services to be performed under this Contract without the prior written approval of the City. No such subcontract shall relieve the primary Contractor from its obligations and liabilities under this Contract, nor shall any subcontract obligate direct payment from the City.

12. **Non-Collusion**

In signing this Contract, the Contractor certifies the Contractor has not, either directly or indirectly, entered into action in restraint of free competitive bidding in connection with this offer submitted to the City.

13. **Inspection of Plant**

The City may inspect, at any reasonable time during Contractor's regular business hours and upon prior written notice, the Contractor's plant or place of business, or any subcontractor's plant or place of business, which is related to the performance of this contract.

14. **Commercial Warranty**

The Contractor agrees that the tangible personal property or services furnished under this Contract shall be covered by the most favorable commercial warranties the Contractor gives to any customer for such tangible personal property or services, and that the rights and remedies provided herein shall extend to the City and are in addition to and do not limit any rights afforded to the City by any other clause of this order. The contractor agrees not to disclaim warranties of fitness for a particular purpose or merchantability.

15. **Condition of Proposed Items**

Where tangible personal property is a part of this Contract, all proposed items are to be NEW and of most current production, unless otherwise specified.

16. **Records and Audit**

During the term of this Contract and for three years thereafter, the Contractor shall maintain detailed records pertaining to the services rendered and products delivered. These records shall be subject to inspection by the City, the State Auditor and other appropriate state and federal authorities. The City shall have the right to audit billings both before and after payment. Payment under this Contract shall not foreclose the right of the City to recover excessive or illegal payments.

17. **Appropriations**

The terms of this Contract, and any orders placed under it, are contingent upon sufficient appropriations and authorization being made by the Governing Body for the performance of this Contract. If sufficient appropriations and authorization are not made by the legislature, this Contract, and any orders placed under it, shall terminate upon written notice being given by the City to the Contractor. The City's decision as to whether sufficient appropriations are available shall be accepted by the Contractor and shall be final. If the City proposes an amendment to the Contract to unilaterally reduce funding, the Contractor shall have the option to terminate the Contract or to agree to the reduced funding, within thirty (30) days of receipt of the proposed amendment.

18. **Release**

The Contractor, upon final payment of the amount due under this Contract, releases the City, its officers, and employees, from all liabilities, claims and obligations whatsoever arising from or under this Contract. The Contractor agrees not to purport to bind the City, unless the Contractor has express written authority to do so, and then only within the strict limits of that authority.

19. **Confidentiality**

Any confidential information provided to or developed by the Contractor in the performance of this Contract shall be kept confidential and shall not be made available to any individual or organization by the Contractor without prior written approval by the City.

20. **Conflict of Interest**

A. The Contractor represents and warrants that it presently has no interest and, during the term of this Contract, shall not acquire any interest, direct or indirect, which would conflict in any manner or degree with the performance or services required under the Contract. The Contractor shall comply with any applicable provisions of the New Mexico Governmental Conduct Act and the New Mexico Financial Disclosures Act.

B. The Contractor further represents and warrants that it has complied with, and, during the term of this Contract, will continue to comply with, and that this Contract complies with all applicable provisions of the Governmental Conduct Act, Chapter 10, Article 16 NMSA 1978.

C. Contractor’s representations and warranties in Paragraphs A and B of this Paragraph are material representations of fact upon which the City relied when this Contract was entered into by the parties. Contractor shall provide immediate written notice to the City if, at any time during the term of this Contract, Contractor learns that Contractor’s representations and warranties in Paragraphs A and B of this Paragraph 20 were erroneous on the effective date of this Contract or have become erroneous by reason of new or changed circumstances. If it is later determined that Contractor’s representations and warranties in Paragraphs A and B of this Paragraph 20 were erroneous on the effective date of this Contract or have become erroneous by reason of new or changed circumstances, in addition to other remedies available to the City and notwithstanding anything in the Contract to the contrary, the City may immediately terminate the Contract.

D. All terms defined in the Governmental Conduct Act have the same meaning in this section.

21. **Approval of Contractor Representative(s)**

The City reserves the right to require a change in Contractor representative(s) if the assigned representative(s) are not, in the opinion of the City, adequately serving the needs of the City.

22. **Scope of Contract; Merger**

This Contract incorporates all the Agreements, covenants and understandings between the parties hereto concerning the subject matter hereof, and all such covenants, agreements, and understandings have been merged into this written contract.

All terms and conditions of the Invitation to Bid and the Contractor's response to such document(s) are incorporated herein by reference and are included in the order of precedence.

23. **Notice**

The Procurement Code, NMSA 1978, Sections 13-1-28 through 13-1-199, imposes civil and criminal penalties for its violation. In addition, the New Mexico criminal statutes impose felony penalties for bribes, gratuities, and kickbacks.

24. **Equal Opportunity Compliance**

The Contractor agrees to abide by all federal and state laws, and local Ordinances, pertaining to equal employment opportunity. In accordance with all such laws, rules, and regulations, the Contractor agrees to assure that no person in the United States shall on the grounds of race, religion, color, national origin, ancestry, sex, age, physical or mental handicap, or serious medical condition, spousal affiliation, sexual orientation or gender identity, be excluded from employment with or participation in, be denied the benefits of, or be otherwise subjected to discrimination under any program or activity performed under this Contract. If Contractor is found not to be in compliance with these requirements during the life of this Contract, Contractor agrees to take appropriate steps to correct these deficiencies.

25. **Indemnification**

The Contractor shall hold the City and its employees harmless and shall indemnify the City and its employees against any and all claims, suits, actions, liabilities and costs of any kind, including attorney's fees for personal injury or damage to property arising from the acts or omissions of the Contractor, its agents, officers, employees or subcontractors. The Contractor shall not be liable for any injury or damage as a result of any negligent act or omission committed by the City, its officers or employees.

26. **New Mexico Tort Claims Act**

Any liability incurred by the City of Santa Fe in connection with this Contract is subject to the immunities and limitations of the New Mexico Tort Claims Act, Section 41-4-1, et. seq. NMSA 1978, as amended. The City and its "public employees" as defined in the New Mexico Tort Claims Act, do not waive sovereign immunity, do not waive any defense and do not waive any limitation of liability pursuant to law. No provision in this Contract modifies or waives any provision of the New Mexico Tort Claims Act.

27. **Applicable Law**

The laws of the State of New Mexico shall govern this Contract, without giving effect to its choice of law provisions. Venue shall be proper only in a New Mexico court of competent jurisdiction in accordance with NMSA 1978, Section 38-3-2. By execution of this Contract, Contractor acknowledges and agrees to the

jurisdiction of the courts of the State of New Mexico over any and all lawsuits arising under or out of any term of this Contract.

28. **Limitation of Liability**

The Contractor's liability to the City, for any cause whatsoever shall be limited to the purchase price paid to the Contractor for the products and services that are the subject of the City's, claim. The foregoing limitation does not apply to paragraph 25 of this Contract or to damages resulting from personal injury caused by the Contractor's negligence.

29. **Incorporation by Reference and Precedence**

If this Contract has been procured pursuant to a request for proposals, this Contract is derived from (1) the request for proposal, (including any written clarifications to the request for proposals and any City response to questions); (2) the Contractor's best and final offer; and (3) the Contractor's response to the request for proposals.

In the event of a dispute under this Contract, applicable documents will be referred to for the purpose of clarification or for additional detail in the following order of precedence: (1) amendments to the Contract in reverse chronological order; (2) the Contract, including the scope of work and all terms and conditions thereof; (3) the request for proposals, including attachments thereto and written responses to questions and written clarifications; (4) the Contractor's best and final offer if such has been made and accepted by the City; and (5) the Contractor's response to the request for proposals.

30. **Workers' Compensation**

The Contractor agrees to comply with state laws and rules applicable to workers' compensation benefits for its employees. If the Contractor fails to comply with the Workers' Compensation Act and applicable rules when required to do so, this Contract may be terminated by the City.

31. **Inspection**

If this contract is for the purchase of tangible personal property (goods), final inspection and acceptance shall be made at Destination. Tangible personal property rejected at Destination for non-conformance to specifications shall be removed at Contractor's risk and expense promptly after notice of rejection and shall not be allowable as billable items for payment.

32. **Inspection of Services**

If this contract is for the purchase of services, the following terms shall apply.

A. Services, as used in this Article, include services performed, workmanship, and material furnished or utilized in the performance of services.

B. The Contractor shall provide and maintain an inspection system acceptable to the City covering the services under this Contract. Complete records of all inspection work performed by the Contractor shall be maintained and made available to the City and for as long thereafter as the Contract requires. The City has the right to inspect and test all services contemplated under this Contract to the extent practicable at all times and places during the term of the Contract. The City shall perform inspections and tests in a manner that will not unduly delay or interfere with Contractor's performance.

C. If the City performs inspections or tests on the premises of the Contractor or a subcontractor, the Contractor shall furnish, and shall require subcontractors to furnish, at no increase in contract price, all reasonable facilities and assistance for the safe and convenient performance of such inspections or tests.

D. If any part of the services do not conform with the requirements of this Contract, the City may require the Contractor to re-perform the services in conformity with the requirements of this Contract at no increase in contract amount. When the defects in services cannot be corrected by re-performance, the City may:

(1) require the Contractor to take necessary action(s) to ensure that future performance conforms to the requirements of this Contract; and

(2) reduce the contract price to reflect the reduced value of the services performed.

E. If the Contractor fails to promptly re-perform the services or to take the necessary action(s) to ensure future performance in conformity with the requirements of this Contract, the City may:

(1) by contract or otherwise, perform the services and charge to the Contractor any cost incurred by the City that is directly related to the performance of such service; or

(2) terminate the contract for default.

33. **Insurance**

If the services contemplated under this Contract will be performed on or in City facilities or property, Contractor shall maintain in force during the entire term of this Contract, the following insurance coverage(s), naming the City as additional insured.

A. Commercial General Liability insurance shall be written on an occurrence basis and be a broad as ISO Form CG 00 01 with limits not less than $2,000,000 per occurrence and $2,000,000 in the aggregate for claims against bodily injury, personal and advertising injury, and property damage. Said policy shall include broad form Contractual Liability coverage and be endorsed to name the City of Santa Fe their officials, officers, employees, and agents as additional insureds.

B. Broader Coverage and Limits. The insurance requirements under this Contract shall be the greater of (1) the minimum coverage and limits specified in this Contract, or (2) the broader coverage and maximum limits of coverage of any insurance policy or proceeds available to the Named Insured. It is agreed that these insurance requirements shall not in any way act to reduce coverage that is broader or that includes higher limits than the minimums required herein. No representation is made that the minimum insurance requirements of this Contract are sufficient to cover the obligations of Contractor hereunder.

C. Contractor shall maintain the above insurance for the term of this Contract and name the City as an additional insured and provide for 30 days cancellation notice on any Certificate of Insurance form furnished by Contractor. Such certificate shall also specifically state the coverage provided under the policy is primary over any other valid and collectible insurance and provide a waiver of subrogation.

34. **Impracticality of Performance**

A party shall be excused from performance under this Contract for any period that the party is prevented from performing as a result of an act of God, strike, war, civil disturbance, epidemic, or court order, provided that the party has prudently and promptly acted to take any and all steps that are within the party's control to ensure performance. Subject to this provision, such non-performance shall not be deemed a default or a ground for termination.

35. **Invalid Term or Condition**

If any term or condition of this Contract shall be held invalid or unenforceable, the remainder of this Contract shall not be affected and shall be valid and enforceable.

36. **Enforcement of Contract**

A party's failure to require strict performance of any provision of this Contract shall not waive or diminish that party's right thereafter to demand strict compliance with that or any other provision. No waiver by a party of any of its rights under this Contract shall be effective unless express and in writing, and no effective waiver by a party of any of its rights shall be effective to waive any other rights.

37. **Patent, Copyright and Trade Secret Indemnification**

A. The Contractor shall defend, at its own expense, the City against any claim that any product or service provided under this Contract infringes any patent, copyright to trademark in the United States or Puerto Rico, and shall pay all costs, damages and attorneys' fees that a court finally awards as a result of any such claim. In addition, if any third party obtains a judgment against the City based upon Contractor's trade secret infringement relating to any product or services provided under this Contract, the Contractor agrees to reimburse the City for all costs, attorneys' fees and amount of the judgment. To qualify for such defense and or payment, the City shall:

1) give the Contractor prompt written notice within 48 hours of any claim;
2) allow the Contractor to control the defense of settlement of the claim; and
3) cooperate with the Contractor in a reasonable way to facilitate the defense or settlement of the claim.

B. If any product or service becomes, or in the Contractor's opinion is likely to become the subject of a claim of infringement, the Contractor shall at its option and expense:

1) provide the City the right to continue using the product or service and fully indemnify the City against all claims that may arise out of the City's use of the product or service;
2) replace or modify the product or service so that it becomes non-infringing; or,
3) accept the return of the product or service and refund an amount equal to the value of the returned product or service, less the unpaid portion of the purchase price and any other amounts, which are due to the Contractor. The Contractor's obligation will be void as to any product or service modified by the City to the extent such modification is the cause of the claim.

38. **Survival**

The Contract paragraphs titled "Patent, Copyright, Trademark, and Trade Secret Indemnification; Indemnification; and Limit of Liability" shall survive the expiration of this Contract. Software licenses, leases, maintenance and any other unexpired Agreements that were entered into under the terms and conditions of this Contract shall survive this Contract.

39. **Disclosure Regarding Responsibility**

A. Any prospective Contractor and any of its Principals who enter into a contract greater than sixty thousand dollars ($60,000.00) with any City for professional services, tangible personal property, services or construction agrees to disclose whether the Contractor, or any principal of the Contractor's company is presently debarred, suspended, proposed for debarment, or declared ineligible for award of contract by any

federal entity, state agency or local public body.

B. Principal, for the purpose of this disclosure, means an officer, director, owner, partner, or a person having primary management or supervisory responsibilities within a business entity or related entities.

C. The Contractor shall provide immediate written notice to the City if, at any time during the term of this Contract, the Contractor learns that the Contractor's disclosure was at any time erroneous or became erroneous by reason of changed circumstances.

D. A disclosure that any of the items in this requirement exist will not necessarily result in termination of this Contract. However, the disclosure will be considered in the determination of the Contractor's responsibility and ability to perform under this Contract. Failure of the Contractor to furnish a disclosure or provide additional information as requested will be grounds for immediate termination of this Contract pursuant to the conditions set forth in Paragraph 7 of this Contract.

E. Nothing contained in the foregoing shall be construed to require establishment of a system of records in order to render, in good faith, the disclosure required by this document. The knowledge and information of a Contractor is not required to exceed that which is the normally possessed by a prudent person in the ordinary course of business dealings.

F. The disclosure requirement provided is a material representation of fact upon which reliance was placed when making an award and is a continuing material representation of the facts during the term of this Contract. If during the performance of the contract, the Contractor is indicted for or otherwise criminally or civilly charged by any government entity (federal, state or local) with commission of any offenses named in this document the Contractor must provide immediate written notice to the City. If it is later determined that the Contractor knowingly rendered an erroneous disclosure, in addition to other remedies available to the Government, the City may terminate the involved contract for cause. Still further the City may suspend or debar the Contractor from eligibility for future solicitations until such time as the matter is resolved to the satisfaction of the City.

40. **Suspension, Delay or Interruption of Work**

The City may, without cause, order the Contractor, in writing, to suspend, delay or interrupt the work in whole or in part for such period of time as the City may determine. The contract sum and contract time shall be adjusted for increases in cost and/or time associated with Contractor's compliance therewith. Upon receipt of such notice, Contractor shall leave the jobsite and any equipment in a safe condition prior to departing. Contractor must assert rights to additional compensation within thirty (30) days after suspension of work is lifted and return to work is authorized. Any compensation requested for which entitlement is granted and the contract sum adjusted, shall have profit included (for work completed) and for cost only (not profit) for Contractor costs incurred directly tied to the suspension itself and not otherwise covered by Contract remedy. Any change in Total Compensation must be reflected in an Amendment executed pursuant to Section 8 of this Contract.

41. **Notification**

Either party may give written notice to the other party in accordance with the terms of this Paragraph. Any written notice required or permitted to be given hereunder shall be deemed to have been given on the date of delivery if delivered by personal service or hand delivery or three (3) business days after being mailed.

To the City: **Efren (Manny) Morales, 73 Paseo Real, Santa Fe, NM 87507**

To the Contractor: **Justin Grillo, 2801 Broadbent Pkwy. NE, St. G, Albuquerque, NM 87107**

Either party may change its representative or address above by written notice to the other in accordance with the terms of this Paragraph. The carrier for mail delivery and notices shall be the agent of the sender.

To the Contractor: **Justin Grillo, 2801 Broadbent Pkwy. NE, St. G, Albuquerque, NM 87107**

42. **Succession**

This Contract shall extend to and be binding upon the successors and assigns of the parties.

IN WITNESS WHEREOF, the Parties have executed this Contract as of the date of the signature by the required approval authorities below.

ACTION:
Request for Approval to Reauthorize the $1,000,000 Budgeted in FY 2023-24 to Facilities WIP Construction for Security Camera Replacement to Allocate the Unspent Balance of $426,831 to City Hall Security Improvements. (Tim Farrell, Interim Facilities Division Director, tgfarrell@santafenm.gov)

BACKGROUND AND SUMMARY:
In Fiscal Year 2024, the City allocated $1,000,000 in ½% GRT for Infrastructure to the Facilities Division budget to support a security camera project. Installation was completed in FY25, and a remaining balance of $426,830.15 is now available for reallocation to the high-priority City Hall Security Improvements Project.

The reallocation of these one-time funds will support planning and design for security, accessibility, and interior layout upgrades at City Hall. The project will assess current conditions, identify vulnerabilities, and develop design solutions to improve safety, functionality, and public accessibility. Key components include:

- **Physical Security Enhancements:** Evaluate and implement measures such as controlled access points, expanded surveillance coverage, and hardened entries and glazing at primary access locations.
- **Space Reconfiguration:** Improve security and operational efficiency by relocating senior staff to upper floors and consolidating high-traffic and cargo-handling functions (e.g., Parking Coin Collection and the Print Shop) on the ground floor.
- **Council Chambers Design:** Prepare schematic and design documents for a remodel of the Council Chambers to enhance public accessibility, safety, and broadcast capabilities.

These activities will result in a comprehensive design package and cost estimate to inform future construction funding requests.

The Purchasing Memo

Date: December 2, 2025

To: Governing Body

From: Sebastian Gallegos, Airport Project Manager SFG

Via: Jimmy Gunn, Interim Airport Director JG
James Garduno, Airport Project Manager

Subject: HEI On-Call Construction Services

Vendor Name: HEI Inc

Vendor Number: 2385

ACTION:

Request for Approval of an On-Call Price Agreement with HEI Inc. in the Total Amount of $10,000,000 Including NMGRT for Construction Services for a Term of 2 Years. (Sebastian Gallegos, Project Manager, sfgallegos@santafenm.gov)

CONTRACT NUMBER:

The FY26 Munis Contract Number is 3260188.

BACKGROUND AND SUMMARY:

On-call Construction Service is directed towards specialization in new construction, renovations, remodeling, repairs, and emergency response services. HEI is a dependable, on-demand construction support ensuring projects are completed on time, within budget, and to the highest standards of workmanship. Recognizing a growing demand for dependable construction services that respond quickly to project timelines and emergency needs, On-call positioned itself as a responsive and flexible contractor capable of handling a broad range of construction and renovation projects. HEI comprises itself with seasoned professionals with years of experience in general contracting, project management, site supervision, and skilled trades. By combining hands-on expertise with a customer-first approach, we have built a reputation for professionalism, integrity, and consistent delivery.

Amendment No.: **Two**

Term: **December 29, 2023 – December 28, 2025**

Procurement Specialist: **Yvette Anaya** ya

Telephone No.: **(505) 500-9737**

Email: **Yvette.anaya@gsd.nm.gov**

Title: **General Construction Services**

This amendment is to be attached to the respective Price Agreement and become a part thereof.

In accordance with Price Agreement provisions, and by mutual agreement of all parties, this Price Agreement is extended from December 29, 2024 to December 28, 2025 at the same price, terms and conditions.

This amendment is issued to reflect the following effective immediately. See Attached pages for vendor information and pricing escalation for (BF) B & D Industries, Inc.

Except as modified by this amendment, the provisions of the Price Agreement shall remain in full force and effect.

Accepted for the State of New Mexico

Electronic Record and Signature Disclosure

ELECTRONIC RECORD AND SIGNATURE DISCLOSURE

A. ELECTRONIC RECORD AND SIGNATURE DISCLOSURE (ERSD)

From time to time, New Mexico General Services Department (GSD), on behalf of the State of New Mexico (SONM), may be required by law to provide you with certain written notices or disclosures. Stated below are the terms and conditions for GSD's providing you such notices and disclosures electronically through the DocuSign system. Please read this information carefully. If you are able to access this information electronically and agree to **this Electronic Record and Signature Disclosure (ERSD)**, please confirm your agreement by selecting the check-box next to "I agree to use electronic records and signatures" before clicking "CONTINUE" within the DocuSign system.

B. Obtaining paper copies

At any time up to twenty (20) calendar days following your use of DocuSign to electronically sign a document, you may request a paper copy of any record provided or made available electronically to you by GSD. You will have the ability to download and print documents SONM sends you through the DocuSign system during and immediately after the signing session and, if you elect to create a DocuSign account, you may access the documents for a twenty (20) calendar day period after such documents are first sent to you. Following the twenty (20) day period, if you want GSD to send you paper copies of any such documents from GSD's office, you will be charged a $1.00 per-page fee plus postage. You may request delivery of such paper copies from GSD by following the procedure stated in Section H, below.

C. Withdrawing your consent

If you decide to receive notices and disclosures from GSD electronically, you may at any time change your mind and inform GSD you want to receive required notices and disclosures only in paper format. The procedure concerning how you may inform GSD of your decision to receive future notices and disclosures in paper format as well as withdraw your consent to receive notices and disclosures electronically is stated in Section D, immediately below.

D. Consequences of changing your mind

If you elect to receive required notices and disclosures only in paper format, it will slow the speed with which GSD will be able to complete certain steps in specific transactions and deliver paper copies to you. GSD will need: (1) to send the required notices or disclosures to you in paper format; and (2) wait until GSD receives your acknowledgment of your receipt of such paper notices or disclosures. Further, you will no longer be able to use the DocuSign system to receive required notices and consents electronically from SONM or to electronically sign documents generated and sent to you from SONM.

E. All notices and disclosures will be sent to you electronically

Unless you inform GSD otherwise according to these procedures, GSD will electronically provide you through the DocuSign system all required notices, disclosures, authorizations, acknowledgements and other documents that are required to be provided or made available to you during the course of your electronic signature relationship with SONM. To reduce the possibility of inadvertent non-receipt, GSD prefers to provide all required notices and disclosures by the same method and to the same email or physical address that you furnish to GSD. Thus, you may receive the disclosures and notices electronically or in paper form. If you do not agree with this procedure, please inform GSD according to the procedures stated in Section I, below. Please also refer to Section D, immediately above, which states the consequences resulting from your declination of electronic delivery of notices and disclosures.

F. How to contact GSD:

You may inform General Services Department (GSD) of any changes you select regarding State Purchasing Division's (SPD) electronic communications with you, to request paper copies of certain information from SPD, and to withdraw your prior consent to receive notices and disclosures electronically by emailing your request(s) to SPD at: *GSD.SPDinfo@state.nm.us*

G. To advise SPD of your new email address

To inform SPD of a change in the email address to which SPD sends you notices and disclosures electronically, you must send an email to SPD at *GSD.SPDinfo@state.nm.us* and in the body of such request you must include your previous and new email addresses.

H. To request paper copies from SPD

To request delivery of paper copies of electronic notices and disclosures that DocuSign and/or SPD have previously provided to you, you must send an email to SPD at *GSD.SPDinfo@state.nm.us* and in the body of your email request state your email address, full name, mailing address, and telephone number. SPD will charge you a $1.00 per page copy fee plus postage.

I. To withdraw your consent with SPD

To inform SPD that you no longer wish to receive notices and disclosures in electronic format you may:

(1) Decline to sign a document from within a signing session, and on the subsequent page, select the check-box indicating you wish to withdraw your consent, or you may:

(2) Send SPD an email to *GSD.SPDinfo@state.nm.us* and in the body of your request state your email address, full name, mailing address, and telephone number.

J. Required hardware and software

The minimum system requirements for using the DocuSign system may change over time. The current DocuSign system requirements may be found at:
https://support.docusign.com/guides/signer-guide-signing-system-requirements

K. Acknowledging your access and consent to receive and sign documents electronically

To confirm that you are able to electronically access the information contained in this Electronic Record and Signature Disclosure (ERSD), please confirm that you have: (1) read this ERSD, and either: (2) you are able to print on paper or electronically save this ERSD for your future reference and access; or (3) you are able to email this ERSD to an email address where you will be able to print this ERSD on paper and/or save this ERSD for your future reference and access. Further, if you consent to receiving notices and disclosures from DocuSign and/or SPD exclusively in electronic format, then select the check-box next to "I agree to use electronic records and signatures," before you click "CONTINUE" within the DocuSign system.

By selecting the check-box next to "I agree to use electronic records and signatures," you confirm that:

- You have read this Electronic Record and Signature Disclosure (ERSD); and
- You can print this ERSD on paper, or you can save and/ or send this ERSD to a location where you can print this ERSD, for your future reference and access; and
- Until or unless you notify SPD as stated in this ERSD, you consent to exclusively receive through electronic means all notices, disclosures, authorizations, acknowledgements, and other documents that are required to be provided or made available to you by SPD during the course of your electronic signature relationship with SPD.

Electronic Record and Signature Disclosure

ELECTRONIC RECORD AND SIGNATURE DISCLOSURE

A. ELECTRONIC RECORD AND SIGNATURE DISCLOSURE (ERSD)

From time to time, New Mexico General Services Department (GSD), on behalf of the State of New Mexico (SONM), may be required by law to provide you with certain written notices or disclosures. Stated below are the terms and conditions for GSD's providing you such notices and disclosures electronically through the DocuSign system. Please read this information carefully. If you are able to access this information electronically and agree to **this Electronic Record and Signature Disclosure (ERSD)**, please confirm your agreement by selecting the check-box next to "I agree to use electronic records and signatures" before clicking "CONTINUE" within the DocuSign system.

B. Obtaining paper copies

At any time up to twenty (20) calendar days following your use of DocuSign to electronically sign a document, you may request a paper copy of any record provided or made available electronically to you by GSD. You will have the ability to download and print documents SONM sends you through the DocuSign system during and immediately after the signing session and, if you elect to create a DocuSign account, you may access the documents for a twenty (20) calendar day period after such documents are first sent to you. Following the twenty (20) day period, if you want GSD to send you paper copies of any such documents from GSD's office, you will be charged a $1.00 per-page fee plus postage. You may request delivery of such paper copies from GSD by following the procedure stated in Section H, below.

C. Withdrawing your consent

If you decide to receive notices and disclosures from GSD electronically, you may at any time change your mind and inform GSD you want to receive required notices and disclosures only in paper format. The procedure concerning how you may inform GSD of your decision to receive future notices and disclosures in paper format as well as withdraw your consent to receive notices and disclosures electronically is stated in Section D, immediately below.

D. Consequences of changing your mind

If you elect to receive required notices and disclosures only in paper format, it will slow the speed with which GSD will be able to complete certain steps in specific transactions and deliver paper copies to you. GSD will need: (1) to send the required notices or disclosures to you in paper format; and (2) wait until GSD receives your acknowledgment of your receipt of such paper notices or disclosures. Further, you will no longer be able to use the DocuSign system to receive required notices and consents electronically from SONM or to electronically sign documents generated and sent to you from SONM.

E. All notices and disclosures will be sent to you electronically

Unless you inform GSD otherwise according to these procedures, GSD will electronically provide you through the DocuSign system all required notices, disclosures, authorizations, acknowledgements and other documents that are required to be provided or made available to you during the course of your electronic signature relationship with SONM. To reduce the possibility of inadvertent non-receipt, GSD prefers to provide all required notices and disclosures by the same method and to the same email or physical address that you furnish to GSD. Thus, you may receive the disclosures and notices electronically or in paper form. If you do not agree with this procedure, please inform GSD according to the procedures stated in Section I, below. Please also refer to Section D, immediately above, which states the consequences resulting from your declination of electronic delivery of notices and disclosures.

F. How to contact GSD:

You may inform General Services Department (GSD) of any changes you select regarding State Purchasing Division's (SPD) electronic communications with you, to request paper copies of certain information from SPD, and to withdraw your prior consent to receive notices and disclosures electronically by emailing your request(s) to SPD at: *GSD.SPDinfo@state.nm.us*

G. To advise SPD of your new email address

To inform SPD of a change in the email address to which SPD sends you notices and disclosures electronically, you must send an email to SPD at *GSD.SPDinfo@state.nm.us* and in the body of such request you must include your previous and new email addresses.

H. To request paper copies from SPD

To request delivery of paper copies of electronic notices and disclosures that DocuSign and/or SPD have previously provided to you, you must send an email to SPD at *GSD.SPDinfo@state.nm.us* and in the body of your email request state your email address, full name, mailing address, and telephone number. SPD will charge you a $1.00 per page copy fee plus postage.

I. To withdraw your consent with SPD

To inform SPD that you no longer wish to receive notices and disclosures in electronic format you may:

(1) Decline to sign a document from within a signing session, and on the subsequent page, select the check-box indicating you wish to withdraw your consent, or you may:

(2) Send SPD an email to *GSD.SPDinfo@state.nm.us* and in the body of your request state your email address, full name, mailing address, and telephone number.

J. Required hardware and software

The minimum system requirements for using the DocuSign system may change over time. The current DocuSign system requirements may be found at:
https://support.docusign.com/guides/signer-guide-signing-system-requirements

K. Acknowledging your access and consent to receive and sign documents electronically

To confirm that you are able to electronically access the information contained in this Electronic Record and Signature Disclosure (ERSD), please confirm that you have: (1) read this ERSD, and either: (2) you are able to print on paper or electronically save this ERSD for your future reference and access; or (3) you are able to email this ERSD to an email address where you will be able to print this ERSD on paper and/or save this ERSD for your future reference and access. Further, if you consent to receiving notices and disclosures from DocuSign and/or SPD exclusively in electronic format, then select the check-box next to “I agree to use electronic records and signatures,” before you click “CONTINUE” within the DocuSign system.

By selecting the check-box next to “I agree to use electronic records and signatures,” you confirm that:

- You have read this Electronic Record and Signature Disclosure (ERSD); and
- You can print this ERSD on paper, or you can save and/ or send this ERSD to a location where you can print this ERSD, for your future reference and access; and
- Until or unless you notify SPD as stated in this ERSD, you consent to exclusively receive through electronic means all notices, disclosures, authorizations, acknowledgements, and other documents that are required to be provided or made available to you by SPD during the course of your electronic signature relationship with SPD.

Natalie Martinez

Date: 12/29/2023

Dorothy Mendonca
New Mexico State Purchasing Agent

x **This Agreement was signed on behalf of the State Purchasing Agent**

MS

DocuSign Envelope ID: 9C0D0BCE-1F94-4323-9C4D-6BA4D233D2D9

Terms and Conditions

(Unless otherwise specified)

1. **General:** When the State Purchasing Agent or his/her designee issues a purchase document in response to the Vendor's bid, a binding contract is created.

2. **Variation in Quantity:** No variation in the quantity of any item called for by this order will be accepted unless such variation has been caused by conditions of loading, shipping, packing or allowances in manufacturing process and then only to the extent, if any, specified in this order.

3. **Assignment:**

a. Neither the order, nor any interest therein, nor any claim thereunder, shall be assigned or transferred by the Vendor, except as set forth in Subparagraph 3b or as expressly authorized in writing by the State Purchasing Agent or his/her designee. No such assignment or transfer shall relieve the Vendor from the obligations and liabilities under this order.

b. Vendor agrees that any and all claims for overcharge resulting from antitrust violations which are borne by the State as to goods, services, and materials purchased in connection with this bid are hereby assigned to the State.

4. **State Furnished Property:** State furnished property shall be returned to the State upon request in the same condition as received except for ordinary wear, tear and modifications ordered hereunder.

5. **Discounts:** Prompt payment discounts will not be considered in computing the low bid.

6. **Inspection:** Final inspection and acceptance will be made at the destination. Supplies rejected at the destination for nonconformance with specifications shall be removed at the Vendor's risk and expense, promptly after notice of rejection.

7. **Inspection of Plant:** The State Purchasing Agent or his/her designee may inspect, at any reasonable time, the part of the Contractor's, or any subcontractor's plant or place of business, which is related to the performance of this contract.

8. **Commercial Warranty:** The Vendor agrees that the supplies or services furnished under this order shall be covered by the most favorable commercial warranties the Vendor gives for such to any customer for such supplies or services. The rights and remedies provided herein shall extend to the State and are in addition to and do not limit any rights afforded to the State by any other clause of this order. **Vendor agrees not to disclaim warranties of fitness for a particular purpose of merchantability.**

9. **Taxes:** The unit price shall exclude all state taxes.

10. **Packing, Shipping and Invoicing:**

a. The State's purchasing document number and the Vendor's name, user's name and location shall be shown on each packing and delivery ticket, package, bill of lading and other correspondence in connection with the shipments. The user's count will be accepted by the Vendor as final and conclusive on all shipments not accompanied by a packing ticket.

b. The Vendor's invoice shall be submitted duly certified and shall contain the following information: order number, description of supplies or services, quantities, unit price and extended totals. Separate invoices shall be rendered for each and every complete shipment.

c. Invoices must be submitted to the using agency and NOT the State Purchasing Agent.

11. **Default:** The State reserves the right to cancel all or any part of this order without cost to the State, if the Vendor fails to meet the provisions of this order and, except as otherwise provided herein, to hold the Vendor liable for any excess cost occasioned by the State due to the Vendor's default. The Vendor shall not be liable for any excess costs if failure to perform the order arises out of causes beyond the control and without the fault or negligence of the Vendor, such causes include but are not restricted to, acts of God or the public enemy, acts of the State or Federal Government, fires, floods, epidemics, quarantine restrictions, strikes, freight embargoes, unusually severe weather and defaults of subcontractors due to any of the above, unless the State shall determine that the supplies or services to be furnished by

DocuSign Envelope ID: 9C0D0BCE-1F94-4323-9C4D-6BA4D233D2D9

the subcontractor were obtainable from other sources in sufficient time to permit the Vendor to meet the required delivery scheduled. The rights of the State provided in this paragraph shall not be exclusive and are in addition to any other rights now being provided by law or under this order.

12. **Non-Collusion:** In signing this bid the Vendor certifies he/she has not, either directly or indirectly, entered into action in restraint of free competitive bidding in connection with this offer submitted to the State Purchasing Agent or his/her designee.

13. **Nondiscrimination:** Vendor doing business with the State of New Mexico must be in compliance with the Federal Civil Rights Act of 1964 and Title VII of the Act (Rev. 1979) and the Americans with Disabilities Act of 1990 (Public Law 101-336).

14. **The Procurement Code:** Sections 13-1-28 through 13-1-199 NMSA 1978, imposes civil and criminal penalties for its violation. In addition the New Mexico criminal statutes impose felony penalties for bribes, gratuities and kickbacks.

15. **Items:** All bid items are to be NEW and of most current production, unless otherwise specified.

16. **Payment for Purchases:** Except as otherwise agreed to: late payment charges may be assessed against the user state agency in the amount and under the conditions set forth in Section 13-1-158 NMSA 1978.

17. **Workers' Compensation:** The Contractor agrees to comply with state laws and rules pertaining to Workers' Compensation benefits for its employees. If the Contractor fails to comply with Workers' Compensation Act and applicable rules when required to do so, this Agreement may be terminated by the contracting agency.

18. **Submission of Bid:** Bids must be submitted in a sealed envelope with the bid number and opening date clearly indicated on the bottom left hand side of the front of the envelope. Failure to label bid envelope will necessitate the premature opening of the bid in order to identify the bid number.

19. **Contractor Personnel**: Personnel proposed in the Contractor's written bid to the Procuring Agency are considered material to any work performed under this Price Agreement. Once a Purchase Order or contract has been executed, no changes of personnel will be made by the Contractor without prior written consent of the Procuring Agency. Replacement of any Contractor personnel, if approved, shall be with personnel of equal ability, experience, and qualifications. The Contractor will be responsible for any expenses incurred in familiarizing the replacement personnel to insure their being productive to the project immediately upon receiving assignments. Approval of replacement personnel shall not be unreasonably withheld. The Procuring Agency shall retain the right to request the removal of any of the Contractor's personnel at any time.

20. **Subcontracting:** The Contractor shall not subcontract any portion of the Price Agreement without the prior written approval of the Procuring Agency. No such subcontracting shall relieve the Contractor from its obligations and liabilities under this Price Agreement, nor shall any subcontracting obligate payment from the Agency.

21. **Records and Audit:** The Contractor shall maintain detailed time and expenditure records that indicate the date, time, nature, and cost of services rendered during this Price Agreement's term and effect, and retain them for a period of three (3) years from the date of final payment under this Price Agreement. The records shall be subject to inspection by the Agency, State Purchasing Division, Department of Finance and Administration, and for Information Technology contracts, State Chief Information Officer. The Agency shall have the right to audit billings, both before and after payment. Payment for services under this Price Agreement shall not foreclose the right of the Agency to recover excessive or illegal payments.

22. **Subcontracts:** The foregoing requirements for Contractor Personnel, Subcontracting, and Audit shall be inserted into all subcontracts from the prime contractor to the subcontractor.

New Mexico Employees Health Coverage

A. If Contractor has, or grows to, six (6) or more employees who work, or who are expected to work, an average of at least 20 hours per week over a six (6) month period during the term of the contract, Contractor certifies, by signing this agreement, to have in place, and agrees to maintain for the term of the contract, health insurance for its New Mexico

DocuSign Envelope ID: 9C0D0BCE-1F94-4323-9C4D-6BA4D233D2D9

Employees and offer that health insurance to its New Mexico Employees if the expected annual value in the aggregate of any and all contracts between Contractor and the State exceeds $250,000 dollars.

B. Contractor agrees to maintain a record of the number of its New Mexico Employees who have (a) accepted health insurance; (b) declined health insurance due to other health insurance coverage already in place; or (c) declined health insurance for other reasons. These records are subject to review and audit by a representative of the state.

C. Contractor agrees to advise all of its New Mexico Employees of the availability of State publicly financed health care coverage programs by providing each of its New Mexico Employees with, as a minimum, the following web site link to additional information: https://bewellnm.com.

D. For purposes of this Paragraph, the following terms have the following meanings:

(1) "New Mexico Employee" means any resident of the State of New Mexico employed by Contractor who performs the majority of the employee's work for Contractor within the State of New Mexico, regardless of the location of Contractor's office or offices; and

(2) "offer" means to make available, without unreasonable restriction, enrollment in one or more health coverage plans and to actively seek and encourage participation in order to achieve the goals of Executive Order 2007-049. This could include State publicly financed public health coverage programs such as *Insure New Mexico!*

Statewide Price Agreement

Article I – Statement of Work
Under the terms and conditions of this Price Agreement all State of New Mexico agencies, commissions, institutions, political subdivisions and local public bodies allowed by law may issue orders for items and/or services described herein. The terms and conditions of this Price Agreement shall form a part of each order issued hereunder.

The items and/or services to be ordered shall be as listed under Article IX - Price Schedule. All orders issued hereunder will bear both an order number and this Price Agreement number. It is understood that no guarantee or warranty is made or implied by the New Mexico State Purchasing Agent, his/her designee or the user that any order for any definite quantity will be issued under this Price Agreement. The Contractor is required to accept the order and furnish the items and/or services in accordance with the articles contained hereunder for the quantity of each order.

Article II – Term
The term of this Price Agreement, for issuance of orders, shall be as indicated in the specifications.

Article III – Specifications
Items and/or services furnished hereunder shall conform to the requirements of specifications and/or drawings applicable to items listed under Article IX-Price Schedule. Orders issued against this schedule will show the applicable Price Agreement item(s), number(s), and price(s); however they may not describe the item(s) fully.

Article IV – Shipping and Billing Instructions
Contractor shall ship in accordance with the following instructions: Shipment shall be made only against specific orders which the user may place with the Contractor during the term; The Contractor shall enclose a packing list with each shipment listing the order number, price agreement number and the commercial parts number (if any) for each item; Delivery shall be made as indicated on page1. If vendor is unable to meet stated delivery the State Purchasing Agent or his/her designee must be notified.

Article V – Termination
The Agency may terminate this Agreement for convenience or cause. The Contractor may only terminate this Agreement based upon the Agency's uncured, material breach of this Agreement. Contractor shall give Agency written notice of termination at least thirty (30) days prior to the intended date of termination, which notice shall (i) identify all the Agency's material breaches of this Agreement upon which the termination is based and (ii) state what the Agency must do to cure such material breaches. Contractor's notice of termination shall only be effective (i) if the Agency does not cure all material breaches within the thirty (30) day notice period or (ii) in the case of material breaches that cannot be cured within thirty (30) days, the Agency does not, within the thirty (30) day notice period, notify the Contractor of its intent to cure and begin with

DocuSign Envelope ID: 9C0D0BCE-1F94-4323-9C4D-6BA4D233D2D9

due diligence to cure the material breach. Termination of this Contract, however, shall not affect any outstanding orders. This provision is not exclusive and shall not waive other rights and remedies afforded either party in the event of breach of contract or default. In such instances the contract may be cancelled effective immediately.

Article VI – Amendment
This Price Agreement may be amended by mutual agreement of the New Mexico State Purchasing Agent or his/her designee and the Contractor upon written notice by either party to the other. An amendment to this Price Agreement shall not affect any outstanding orders issued prior to the effective date of the amendment as mutually agreed upon, and as published by the New Mexico State Purchasing Agent or his/her designee. Amendments affecting price adjustments and/or the extension of a price agreement expiration date are not allowed unless specifically provided in the bid and price agreement specifications.

Article VII – Indemnity Clause
Contractor shall indemnify and hold harmless the State, its officers and employees, against liability, claims, damages, losses or expenses arising out of bodily injury to persons or damage to properties caused by, or resulting from Contractor's, and/or its employees, own negligent act or omission while Contractor, and/or its employees, perform or fails to perform its obligations and duties under the Terms and Conditions of this agreement. This save harmless and indemnification clause is subject to the immunities, provisions, and limitations of the Tort Claims Act (Section 41-4-1, et seq., N.M.S.A. 1978 comp. and Section 57-7-1 N.M.S.A. 1878 comp. and any amendments thereto.

It is specifically agreed between the parties executing this agreement that it is not intended by any of the provisions of any part of the agreement to create in the public or any member thereof a third party beneficiary or to authorize anyone not a party to the agreement to maintain a suit(s) for wrongful death(s), bodily and/ or personal injury(s) to person(s), damage(s) to property(ies) and/or any other claim(s) whatsoever pursuant to the provisions of this agreement.
Vendor shall provide all insurance necessary to employees on the work site, including but not limited to Worker's Compensation.

Article VIII – Issuance or Orders
Only written signed orders are valid under this Price Agreement.

Article IX – Packing (if applicable)
Packing shall be in conformance with standard commercial practices.

Article X – Price Schedule
Prices as listed in the price schedule hereto attached are firm.

Specifications:
Establish a Statewide Price Agreement for on-call general construction services work by New Mexico licensed contractors to provide miscellaneous repairs, upgrades, improvements and new construction services for facilities and properties throughout the state of New Mexico. This Price Agreement may be utilized by all New Mexico State Agencies, commissions, political subdivisions and local public bodies applicable by law (using agency or local public body).

Term:
The term of this Price Agreement shall be for one (1) year from date of award with the option to extend for a period of two (2) additional years, on a year-to-year basis, by mutual agreement of all parties and approval of the New Mexico State Purchasing Agent at the same price, terms and conditions. This Price Agreement shall not exceed three (3) years.

Compensation Caps:
The total cost of each project, shall not exceed Four Million Dollars ($4,000,000.00). This cap includes all change orders associated with the project. Since NMSA 1978 Section 13-1-154.1 sets the cap thresholds, if modified during the term of this Agreement, any revisions to the NMSA will apply.

Legislation Affecting Price Agreement:
If future legislation affects any terms or conditions of the Price Agreement the Price Agreement may be amended to comply with the legislation.

Insurance:
The Contractor shall provide all insurance necessary for its employees on the project, including, but not limited to, Workman's Compensation Insurance. The Contractor agrees to comply with state laws and rules pertaining to Workers' Compensation Insurance coverage for its employees. If the Contractor fails to comply with the Workers' Compensation Act and applicable rules, when required to do so, this Price Agreement will be cancelled immediately.

Contractor shall indemnify and hold harmless the State and local public body, its officers, and employees, against liability, claims, damages, losses, or expenses arising out of bodily injury to persons or damage to properties caused by, or resulting from, Contractor's and/or its employees, own negligent acts or omissions while Contractor, and/or its employees perform or fail to perform its obligations and duties under the terms and conditions of this Price Agreement. This Save Harmless and Indemnification Clause is subject to the immunities, provisions, and limitations of the Tort Claims Act (Section 41-4-1, et seq., NMSA 1978 Comp. and Section 56-7-1 NMSA 1978 Comp.) and any amendments thereto.

It is specifically agreed between the parties executing this Price Agreement that it is not intended by any of the provisions of any part of the Price Agreement to create the public or any member hereof a third party beneficiary or to authorize anyone not a party to the Price Agreement to maintain a suit for wrongful death, bodily and/or personal injury to persons, damage to properties and/or other claims whatsoever pursuant to the provisions of this Price Agreement.

The Contractor shall provide public liability insurance for the minimum amount of one hundred thousand dollars ($100,000) for damage to or destruction of property arising out of each occurrence; the amount of three hundred thousand dollars ($300,000) to any person for any number of claims arising out of each occurrence for all damages other than property damage as permitted under the New Mexico Tort Claims Act; and the amount of five hundred thousand dollars ($500,000) for all claims arising out of each occurrence. Umbrella or excess liability coverage shall not be considered as any part of the primary coverage.

The vendor shall request from his insurer that the agency or local public body be named "Additional Insured" on an insurance certificate showing the vendor's insurance coverages.

All work covered by this Invitation to Bid shall be in accordance with applicable state laws, the International Building Code (IBC) and New Mexico building codes and is subject to the minimum wage rate determination issued by the New Mexico Department of Workforce Solutions, if applicable.

DocuSign Envelope ID: 9C0D0BCE-1F94-4323-9C4D-6BA4D233D2D9

Wage Rates:
All work covered by this Invitation to Bid shall be in accordance with applicable state laws and is subject to the minimum wage rate determination issued by the Department of Workforce Solutions (DWS), if applicable.

A wage rate decision is required by the Public Works Minimum Wage Act for construction, demolition or renovation purposes on projects costing sixty thousand dollars ($60,000) or more and funded in part by state or local funding. The Contractor agrees to comply with the current prevailing wage rate schedule when applicable. For current wage rates or for additional information, visit: http://www.dws.state.nm.us. The agency or local public body will request a wage rate determination from the DWS.

Bonding:
A one hundred percent (100%) performance bond and a one hundred percent (100%) payment and material bond executed by a surety company authorized to do business in the state of New Mexico will be required of the successful bidder(s) prior to each project over twenty-five thousand dollars ($25,000). Said bonds must be provided to the requesting agency and are to be filed with the agencies purchasing office. Failure to comply shall result in the order being issued to another vendor and the difference being charged back to the awarded Contractor(s). The cost of the bonds may be passed on to the agency or local public body.

A Subcontractor shall provide a performance and payment bond on a public works building project if the subcontractor's contract (to the Contractor) for work to be performed on a project is one hundred and twenty-five thousand dollars ($125,000) or more. Failure of a Subcontractor to provide required bond shall not subject the Owner to any increase in cost due to any substitution of an approved Subcontractor.

Other:
The awarded Contractor shall be responsible for all permits associated with this work as required by the State of New Mexico Construction Industries Division (CID) or the local Authority Having Jurisdiction (AHJ). The CID will issue permits for work performed at state-owned buildings.

Escalation / Reduction Clause:
Contractor shall keep pricing fixed for each year of this Agreement. Thereafter, SPD and the Contractor may adjust pricing no more than once annually through an amendment to the Agreement at the time of Agreement renewal. Contractor shall submit all pricing increase requests to SPD directly or through the agency contact in writing and provide substantiating evidence that each request is based on demonstrable market changes impacting the cost of products. The request must show all proposed increases by line item and include supporting documentation acceptable to SPD (such as a letter from a manufacturer indicating price increases, etc.) SPD's decision on what is acceptable in this context is final and shall be accepted by all parties to the Agreement. ***Requested price increases that exceed 10% will not be accepted*.** **No** price increase may result in a higher profit margin for the Contractor than at the beginning of the initial term of this Agreement. Pricing changes will apply to Agreements and amendments to Agreements entered on and after the effective date of the price change. Price decreases as well as increases shall apply in the same manner. If vendor's prices are reduced for any reason, users shall receive the benefit of such reductions, immediately. Price increases will not be retroactive to orders already in house or backorders. Orders will be filled at the price in effect on the date of receipt of the order by the vendor. To facilitate prompt consideration, all requests for price increase must include all information listed below:

1. Agreement Item Number
2. Current Item Price
3. Proposed New Price
4. Percentage of Increase
5. Mill/Supplier Notification of price increase indicating percentage of increase including reason for increase.

Contractor Note:
No person shall act as a Contractor without a license issued by the Construction Industries Division, classified to cover the type of work to be performed. No bid on a contract shall be submitted unless the Contractor has a valid Contractor's

DocuSign Envelope ID: 9C0D0BCE-1F94-4323-9C4D-6BA4D233D2D9

license issued by the CID to bid and to perform the type of work to be undertaken, as set forth in § 60-13-12, NMSA 1978.

Contractor shall provide the following information:

Contractor's New Mexico license no.: _____
Contractor's classification no.: _____
State tax identification no.: _____
Public Works Registration Number*: _____
*Pursuant to: 13-4-13.1 Public Works Contracts; Registration of Contractors and Subcontractors

When submitting a quote for a specific project valued at more than sixty thousand dollars ($60,000) for any portion of a public works project greater than sixty thousand dollars ($60,000) that is subject to the New Mexico Public Works Act, the Contractor is required to be registered with the Labor and Industrial Division of the Department of Workforce Solutions prior to submitting its quote. The using agency may reject any quote that fails to provide a Public Works Registration Number for the prime Contractor and all other listed Contractors or subcontractors. In order to submit a bid for this invitation to bid the bidder must have an Active registration for the Public Works Act.

The Contractor will be contacted on an as needed, on-call basis to perform work associated with this Price Agreement. A Price Agreement award is without assurance of quantity or dollar amount of work to be performed. Failure to respond to the Using Agency's requests may be grounds for termination of this Price Agreement. Awards for these services will be made on a statewide basis. If the awarded contractor does not wish to travel to other parts of the State, it is acceptable to decline work.

Scope of Work:
Contractors shall provide their cost for performing all the work called for in the Using Agency's scope of work for the project. Projects may be of short or long term duration, throughout the state.

Contractors shall have the technical staff to perform diagnostic services; provide incidental design services as needed; and to provide professionally prepared, stamped drawings, if needed, to obtain installation or construction permits. The Contractor is responsible for obtaining all required licenses, fees and permits required by government agencies to perform the work.

Contractors shall be 'licensed Contractors" capable of providing all coordination, supervision and services required for comprehensive general building construction, renovations, upgrade and improvement projects and to provide new construction services including incidental design. The scope of an individual project may include equipment, fixtures and furniture whether attached or not to the building. It can include site and utility work including landscaping and parking lot/ minor road/ minor bridge work. The utility work can include building power systems such as solar panels, geothermal systems, water sourcing systems, water treatment and waste disposal/treatment systems. It may also include demolition and abatement projects. Identification and abatement of asbestos containing materials (ACM) may be performed under separate contracts. It can also include security and other low voltage installations with related controls and equipment.

Contractors shall provide all materials, labor, equipment and tools required to successfully complete the work requested. The Contractors shall be capable of providing a work force with supervision, adequate to perform work for a forty (40) hour work week during normal working hours with the option of working non normal or overtime hours if required.

Replacement systems and related equipment shall meet current minimum state mandated "Energy Star" energy conservation standards.

Subcontracting of work is allowed and shall be prior approved by the Using Agency. Subcontractors shall have the appropriate current and valid Contractor's licenses for their work. And shall furnish proof upon request.

DocuSign Envelope ID: 9C0D0BCE-1F94-4323-9C4D-6BA4D233D2D9

Furnishing of submittal data for any/all new equipment and materials as well as O&M's when either/or are required, and deemed necessary for the facility is required. Training of site personnel for the proper operation of newly installed equipment/systems and its related controls will be performed and required for completion. This training must be acceptable to the person in charge of the facility.

Replacement mechanical/electrical/plumbing systems and related equipment shall meet current minimum state mandated "Energy Star" energy conservation standards.

The Contractor shall provide all protective coverings necessary to protect existing, adjacent finishes while performing its work. If any damage is encountered during the contractor's work, to other areas, the contractor will be held responsible for repairing any damage done by his employees, subcontractors and vendors.

The Contractor shall, at his own cost, restore any damage to existing, adjacent finishes damaged as a result of performing its work and to make new work inconspicuous with the existing, adjacent finishes.

The Contractor shall provide all clean-up for its operations and control of all construction debris. All work areas shall be maintained in a neat and workmanlike manner. All construction debris shall be removed from the work areas and disposed of at an approved waste disposal site. The Using Agency's trash container for the building shall not be used for disposal of any construction debris.

All work shall be according to current applicable State and National codes. All work shall be in strict compliance with the national and state building mechanical, plumbing, fire and electrical codes including SMACNA, and ASHRAE standards.

Safety shall be of main concern and enforced by the contractor on site and will be periodically inspected by the State's qualified safety personnel. The Contractor shall comply with all local, state and federal laws governing safety, health and sanitation. The on-site Superintendent shall have a minimum OSHA 10 and preferably OSHA 30 card with them at all times when on the jobsite. The Using Agency shall not in any way be responsible for any fines set forth for such violations of codes, OSHA standards or any other governing agency having jurisdiction at the work site. The Contractor shall provide all needed safe guards, safety devices and protective equipment; take any actions necessary to protect the life and health of employees on the job; the safety of the public; and to protect the property of the Using Agency in connection with the performance of the work covered by this Price Agreement. Any work involving disconnect or switching of electrical service to a work area shall utilize LOCKOUT/TAGOUT identification practices.

All personnel working on the project and providing these services shall be experienced and certified in all areas related to this work and required by this Price Agreement. Journeymen level personnel shall have the ability and necessary skills to diagnosis problems and to make the appropriate decisions needed to provide these services.

Contractor's price shall cover all labor costs, tools, equipment, materials, permits, overhead, profit, insurance and any other fees necessary to perform the work called for in the Using Agency's scope of work and drawings for this project. Any equipment required to have licensed operators shall be the responsibility of the contractor before any equipment is turned on at the jobsite. The prices quoted for each project represent the total compensation to be paid by the Using Agency for the goods and/or services provided including any and all labor, equipment, tools, materials, taxes, permits, licenses, or other costs necessary to complete the service or goods provided.

Taxes shall be added by the Contractor to its quote (line item on schedule of values) at the current tax rate at the project's location. As a separate item, the Using Agency shall ensure the appropriate gross receipts tax is added to the Contractor's project proposal and that it is encumbered in the Purchase Order.

The Contractor shall provide all the services needed and called for in the Using Agency's scope of work, in addition to the requirements set forth in this Price Agreement.

DocuSign Envelope ID: 9C0D0BCE-1F94-4323-9C4D-6BA4D233D2D9

Request for Quote (RFQ):
Each project under this Price Agreement will be individually described in a "Request for Quote (RFQ)". The RFQ will describe the scope of work, the duration of the project with the date of Substantial Completion and if there are liquidated damages for not meeting the date of substantial completion. The date of Substantial Completion is the date when the space can be occupied or the Work used/operated and is turned over to the User Agency. Final completion is the date when the project is totally complete, the punch list work complete and the Contractor's final pay application/invoice is approved. The terms and conditions of the Contractor's Statewide Price Agreement will apply to all Purchase Orders which result from the accepted quote in response to the RFQ. The Contractor's written quote will be valid for thirty (30) days, unless otherwise stipulated on the quote.

There will be NO markups allowed. A negotiated fixed fee may be added as a cost for compensation to cover the cost of overhead, profit and any other general expenses as it pertains to the project.

All subcontractor quotes shall be broken down by labor and materials costs and the Contractor shall be allowed a maximum of five percent markup for administrative costs.

The Contractor and its employees agree to cooperate with and to abide by the rules and requirements of the requesting Using Agency to not interfere with the daily operations of the Agency or to jeopardize the health, safety or welfare of the employees or general public conducting business with the Using Agency.

The Using Agency reserves the right to purchase materials directly from existing Statewide Price Agreements and other sources, and to provide these materials to the Contractor. To that end, the Contractor shall provide an itemized, quantifiable list of materials required for the project.

If the Contractor is requesting reimbursement for materials used on the work, copies of the invoices for the materials may be included when submitting invoices/pay applications. The Contractor may NOT add markups for the materials purchased. Contractor shall submit billings, based on actual Contractor costs for materials, less any applicable percentage for discounts. Contractor shall provide verification that materials purchased were used for the project if requested. Any unused, billed for materials shall be turned over to the Using Agency for which the work was provided.

The Using Agency reserves the right to procure specialty services directly from its other Statewide Price Agreements and other sources to the awarded Contractor. Specialty services provided from other Statewide Price Agreements and other sources shall be coordinated by the Contractor.

The Using Agency reserves the right to obtain quotes from multiple vendors covered under this Statewide Price Agreement and award a project to a Contractor based on the quotes.

When a service is needed, the Using Agency shall provide, at a minimum, a detailed scope of work and/or drawings defining work required.

If any equipment or building system cannot be economically repaired or has reached the end of its life cycle, the Contractor shall justify with costs and other information the need for replacement. If replacement is recommended, the Contractor will provide written justification for system and/or the model, size and type of unit recommended along with any applicable efficiency data. The Using Agency's and energy standards will be discussed and taken into consideration when proposing replacement units or systems.

The State of New Mexico requires that all materials shall be new and of the highest quality and at the best attainable price available for the type of work being performed.

No used materials shall be used on the project. Recycled materials specifically prepared for reuse to meet "LEED" certification may be permitted, with the User Agency's approval.

DocuSign Envelope ID: 9C0D0BCE-1F94-4323-9C4D-6BA4D233D2D9

The Contractor shall visit the site and compare the Using Agency's scope of work and/or drawings to the existing conditions and provide all services called for in addition to the requirements set forth in this Price Agreement.

The Contractor will be required to provide a written quote, to include the work to be performed and the amount of time required for the completion of the project and submit to the Using Agency at no cost to the Using Agency. The quote shall separate the cost of itemized materials (with any applicable discounts), labor, per diem and mileage, bonds, permits, insurance, subcontractor quote(s), itemized equipment costs, any design fees needed for stamped drawings, gross receipts tax, itemized direct site overhead costs such as portable toilets, dumpsters, temporary fencing, scaffolding, signage, traffic management, work area barriers and protective equipment, materials testing, job trailers, storage pods, etc. Job workers/project manager/superintendent's cost for vehicles or phones or gas is **not** permitted.

The Contractor's quote for mileage and per diem must be priced as follows:
"Per Diem Rate" means lodging, meals, and incidentals (excluding taxes). Reference the GSA rates in Section Lodging by month and Section Meals & Incidentals Breakdown link: https://www.gsa.gov/travel/plan-book/per-diem-rates
"Mileage Rate" for any mileage quoted for contracted work as defined below: "Mileage Rate" means "Only the mileage from the dispatch to the job site for each mile traveled by vehicle as referenced in IRS standard mileage rates using link https://www.irs.gov/taxprofessionals/standard-mileage-rates in excess of 50 miles one way". The mileage shall be calculated with https://tripmaker.randmcnally.com

Prior to commencement of any work performed the Using Agency will issue a notice to proceed for the work upon receipt of a purchase order, based on the prices set forth by Contractor's quote. The work on any project to be performed under this Contract shall commence no later than ten (10) consecutive calendar days after the date of written "Notice to Proceed." On smaller projects, an email will suffice.

The Contractor shall begin the work based on the priority identified by the Using Agency. Any delay beyond the stated completion date shall be upon agreement by the Using Agency and the Contractor.

Where work is to be conducted in a state or local correctional or secured facility, security clearances and background checks that may be required by the facility for the Contractor and its employees must be obtained prior to commencement of any work at that facility. The Using Agency reserves the right to deny any employee of the Contractor, access to the facility should the employee be in violation of any criteria required for the security clearance.

The User Agency reserves the right to provide an escort and/or full time supervision of the Contractor and its employees during any or all phases of a project, should the Using Agency feel it is in its best interest to provide these extraordinary security services.

The Using Agency reserves the right to escort any or all employees of the Contractor off its property, for any inappropriate conduct or actions that jeopardize the safety, security or wellbeing of the facility or any individual. Inappropriate behavior by the Contractor, its employees or subcontractors may be grounds for immediate removal from this Price Agreement. Any employee of the Contractor found in violation of any law, while on the User Agency's property, may be prosecuted.

Change Orders:
Any change orders to the project scope will require an additional RFQ requesting the backup materials and labor costs and shall be substantiated without a doubt there was no way of knowing the additional services were needed when the original quote was provided. The pricing shall conform to the SPA. Change orders shall be managed closely by the Using Agency. Change order abuse shall be reported to the Procurement Specialist listed on the cover page of this Price Agreement. Preventative measure shall be taken by both the contractor and the Using Agency prior to issuing the Notice to Proceed. Such measures may include: soil tests (soil boring); clarification of ambiguity in the project plan, the scope of work, the RFQ, the drawings, etc.; the project scope should be completely defined and agreed upon before any work begins.

DocuSign Envelope ID: 9C0D0BCE-1F94-4323-9C4D-6BA4D233D2D9

Using Agency's obligations:

- Shall provide, at a minimum, a detailed scope of work and/or drawings defining work required.
- Allow the Contractor limited use of on-site utilities for projects at an existing building.
- Shall provide periodic and/or random inspections of its projects. Using Agencies shall be responsible for providing its inspections, photography of the project's progress, and preparation of field observation reports.
- Conduct weekly on-site meetings with the Contractor, or on an as-needed basis, to ensure compliance with the scope of work for the project; provide assistance and guidance; to resolve problems arising during the project; and to ensure quality of work and materials being incorporated into the project.
- Process requests for payment within twenty-one (21) days of time/date stamped receipt of proper invoice and/or G702 & G703 Schedule of Values, Application and Certificate for Payment, when more than a single invoice applies to the contracted amount.
- If applicable, procure independent special inspections, commissioning, structural, soils testing with geotechnical reports and/or topographical survey.

Other Construction Related Terms and Conditions:

Time Considerations:
The work on any project to be performed under this Agreement shall commence no later than ten (10) consecutive calendar days after the date of written "Notice to Proceed." On smaller projects, an email will suffice. The date of Substantial Completion shall be described in the RFQ or related construction contract. The date can be extended by the Using Agency by valid written Change Order.

Should the Contractor neglect, refuse, or otherwise fail to complete the Work on the project within the time specified in the RFQ or related construction contract, the Contractor agrees, in partial consideration for the award of the Purchase Order, to pay to the Using Agency the amount of dollars named in the RFQ or construction contract per consecutive calendar day, not as a penalty, but as liquidated damages for such breach of the Purchase Order or related construction contract under this Price Agreement.

Mediation:
Any controversy or claim arising between the parties shall be settled by mediation if the parties cannot reach a mutually agreeable solution. The parties shall endeavor to resolve their disagreement by mediation which, unless the parties mutually agree otherwise, shall be in accordance with the procedures of the New Mexico Public Works Mediation Act (NMSA §13-4C-1 et seq.) except that before any party may select a mediator it must confer in good faith with the other party concerning the selection of a mutually acceptable mediator. Mediation shall proceed in advance of legal or equitable proceedings, which shall be stayed pending mediation for a period of **sixty (60) days** from the date of notice of mediation session, unless stayed for a longer period by agreement of the parties or court order.

Inspection of Work:
If a Purchase Order is issued for the purchase of services, the following terms shall apply when applicable:

A. Services include services performed, workmanship, and material furnished or utilized in the performance of services.
B. The Contractor shall provide and maintain an inspection system acceptable to the Using Agency covering the services under the Purchase Order. Complete records of all inspection work performed by the Contractor shall be maintained and made available to the Using Agency or other party to the Purchase Order during the term of performance of the Work and for as long thereafter as required.
C. The Using Agency has the right to inspect and test all services contemplated to the extent practicable at all times and places during the term of the Project. The Using Agency shall perform inspections and tests in a manner that will not unduly delay or interfere with Contractor's performance.
D. If the Using Agency performs inspections or tests on the premises of the Contractor or a subcontractor, the Contractor shall furnish, and shall require subcontractors to furnish, at no increase in Purchase Order price, all reasonable facilities and assistance for the safe and convenient performance of such inspections or tests.

DocuSign Envelope ID: 9C0D0BCE-1F94-4323-9C4D-6BA4D233D2D9

E. If any part of the services do not conform with the requirements, the Using Agency may require the Contractor to re-perform the services in conformity with the requirements at no increase in Purchase Order amount. When the defects in services cannot be corrected by re-performance, the Using Agency may:
   (1) Require the Contractor to take necessary action(s) to ensure that future performance conforms to the requirements;
   (2) Reduce the Purchase Order price to reflect the reduced value of the services performed.

F. If the Contractor fails to promptly re-perform the services or to take the necessary action(s) to ensure future performance in conformity with the requirements, the Using Agency may:
   (1) By Agreement or otherwise, perform the services and charge to the Contractor any cost incurred by the Using Agency that is directly related to the performance of such service; or
   (2) Cancel the Purchase Order for default.

THE PROVISIONS OF THIS ARTICLE ARE NOT EXCLUSIVE AND DO NOT WAIVE THE USING AGENCY'S OTHER LEGAL RIGHTS AND REMEDIES CAUSED BY THE CONTRACTOR'S DEFAULT/BREACH OF THE PURCHASE ORDER/PRICE AGREEMENT.

Suspension, Delay or Interruption of Work:
The Using Agency may, without cause, order the Contractor, in writing, to suspend, delay or interrupt the Work in whole or in part for such period of time as the Using Agency may determine.. Upon receipt of such notice, Contractor shall leave the jobsite and any equipment in a safe condition prior to departing. Contractor must assert rights to additional compensation within thirty (30) days after suspension of work is lifted and return to work is authorized.

Time Extension Costs:
Agreed Compensation for Overhead "General Conditions" for Changes to Time for Completion or Contract Completion Date for Changes to the Work**:** If the change in the Work also changes the Time for Completion or the Agreement Completion Date by adding days to complete the Work, an itemized accounting of the following General Conditions costs for direct Site overhead set forth in the subparagraph below may be considered as allowable costs for compensation. Home office overhead and other indirect overhead expenses are not added into the General Conditions expenses.

Direct Site Overhead Expenses:
The Contractor's per diem expenses, as shown by the itemized accounting, for the following allowable, applicable, direct Site overhead expenses: The Site superintendent's pro-rata salary, temporary Site office trailer, temporary fencing, building utility costs, security, temporary storage and temporary Site utilities including electricity, heat, water, and sanitary/toilet facilities, etc. for each day added.

If at any time there is a delay in the critical path of the Work due to postponement, due to the Contractor's efforts to justify an extension of the time or an increase in the Agreement Price beyond the deadlines or due to the Contractor's refusal to proceed with any of the approved Work, such delay and any Contractor costs resulting from it shall not serve as the basis for the extension of the Time for Completion or Agreement Completion Date or for an increase in the Contract Price.

Clean Up and Storage:

A. The Contractor will provide off-site legal disposal of all waste products, trash, and debris. Using Agency's trash receptacles will not be used by the Contractor. Sanitary facilities will "not" be available at the job site. Contractor shall be responsible for the provision and maintenance of portable toilets.
B. The Contractor on a daily basis shall keep the premises and surrounding area free from accumulation of waste materials or rubbish caused by operations under the Agreement. At completion of the Work, the Contractor shall remove from and about the Project waste materials, rubbish, the Contractor's tools, construction equipment, machinery and surplus materials and shall then thoroughly clean the premises and the site to the Using Agency's satisfaction.
C. Materials or equipment shall be delivered to the project in the manufacturer's original sealed, labeled containers and shall be adequately protected against moisture, dust, tampering or damage from improper handling or storage. Materials shall not be delivered to the site before they are needed.

DocuSign Envelope ID: 9C0D0BCE-1F94-4323-9C4D-6BA4D233D2D9

D. Storage of materials and construction equipment shall be coordinated with the Using Agency.

Permits and Fees:

A. IF APPLICABLE- The Contractor shall secure and pay for the Building Permit and other permits and governmental fees, licenses and inspections and Certificate of Occupancy necessary for proper execution and completion of the Work. Changes or modifications to the Work shall include all requirements of this paragraph.

B. The Contractor shall comply with and give notices required by laws, ordinances, rules, regulations and lawful orders of public authorities applicable to performance of the Work.

C. IF APPLICABLE- Certificates of Inspection, use and occupancy will be delivered to the Using Agency upon completion of the Work in sufficient time for occupation of the facility in accordance with the approved schedule for the Work. Contractor shall deliver a photocopy of the Building Permit to the Design Professional and Using Agency as soon as it is obtained.

Schedule, Progress Meetings and Reports:

A. The Contractor, promptly after being awarded a Project and before the first payment application, shall prepare and submit for the Using Agency's information a Critical Path Construction Schedule for the Work that indicates the intended start and completion of the various construction activities, which shall be implemented and adhered to by the Contractor, Subcontractors, material suppliers and equipment suppliers. At a minimum, the schedule shall be a GANTT type schedule and shall not exceed time limits allowed by the RFQ or Notice to Proceed with no fewer work breakdown events than line items of the Schedule of Values.

B. The Contractor shall perform the Work in general accordance with the most recent schedule submitted to the Using Agency.

C. Progress meetings shall be scheduled on a regular basis. The purpose will be to review the upcoming activities, any open issues and current progress. The Contractor shall keep any meeting minutes as needed. Progress schedules shall be updated regularly. A three week look-ahead schedule should be presented at every project meeting. An updated critical path schedule shall be presented with any change orders and with every pay application.

D. The Contractor shall prepare a Daily Report each day that Contractor, Subcontractors or any other entity are on the Project. The Daily Reports shall be maintained at the site and be well organized. The Using Agency may request copies at any time. The reports may include:
   1. Report date and who prepared the report;
   2. Weather conditions - low temp, high temp, visibility, humidity, wind, wind direction, cloud conditions, precipitation amount, other notes;
   3. Companies present by name and their number of workers, work location, total man hours that day for each company;
   4. Equipment - type, source, units of work done, location of work, hour meter reading;
   5. Material brought to site - description, units, quantity, quality, location, time;
   6. Visitors to site - name, company, time;
   7. Safety concerns - company, contact, noticed by, work activity, safety issue, requirement, outcome;
   8. Quality assurance and control - company, description of issue, specification section, issued by.

Close-out Requirements:

The Contractor shall submit to the Using Agency a separate and detailed Closeout Schedule indicating the date of Final Completion and all work to be completed before Final Completion including Close-Out requirements. The punch list of incomplete or inadequate work shall also be submitted when the work is substantially complete. Failure to include any item on the punch list does not alter the responsibility of the Contractor to complete all work in accordance with the Contract Documents.

DocuSign Envelope ID: 9C0D0BCE-1F94-4323-9C4D-6BA4D233D2D9

Before final completion can be achieved, all Work must be complete and accepted including the following as applicable:

a. Work associated with Punch List(s);
b. Testing, balance or performance operations complete and in agreement that associated work is in compliance with the Contract Documents;
c. One hard copy and one electronic copy in .pdf format of final approved test, balance or performance report(s) complete with directory of contents submitted to Using Agency;
d. As-Built drawings delivered in autocad or electronic format;
e. Written certification signed by Using Agency of delivery and stocking of extra material, equipment or components required by the Purchase Order at a location established by the Using Agency;
f. Delivery of all warranties required by the Work;
g. All keys, passes, codes, software or other methods or components of control or security which have been correctly and adequately accounted for and closed-out;
h. Completed Operations Liability insurance policy certificate, if applicable;
i. Training of staff on all applicable building systems;
j. All Storm Water Pollution Prevention Permits (SWPPP) have been updated or closed;
k. Utility transfer to User/Using Agency;
l. Operations and Maintenance Manuals;
m. Certified statement of Release of Liens (AIA Document G706A or approved form) and Consent of Surety.

Warranty:
The Contractor shall warrant its work (non-roofing and equipment), for materials and for workmanship furnished and performed under this Price Agreement for a period of one (1) year minimum from the date of acceptance or Substantial Completion whichever is longest. The Contractor shall warrant its work for repairs or restoration of existing systems, appliances and work for ninety (90) days from the date of acceptance or Substantial Completion. It is understood that some equipment is far beyond its normal life and a warranty cannot be extended/supplied. Contractor must pass on to the User Agency warranties of replaced roofs and equipment offered by the manufacturer.

Payment Provisions:
Generally payments are made on a thirty (30) day billing cycle. Payment for projects of less than thirty (30) day duration shall be paid upon the Using Agency's acceptance of the work.

All payments under this Agreement are subject to the following provisions:

A. Acceptance - In accordance with Section 13-1-158 NMSA 1978, the Agency shall determine if the Construction Work provided meets specifications. No payment shall be made for any work until the Work has been accepted in writing by the Using Agency. Unless otherwise agreed upon between the Using Agency and the Contractor, within fifteen (15) days from the date the Using Agency receives written notice from the Contractor that payment is requested for work, the Using Agency shall issue a written certification of complete or partial acceptance or rejection of the Work. Unless the Using Agency gives notice of rejection within the specified time period, the Work will be deemed to have been accepted.

B. Payment of Invoice - Upon acceptance that the Work has been received and accepted, payment shall be tendered to the Contractor within twenty one (21) days after the date of acceptance of an undisputed invoice.

C. The Contractor, before final payment of the amount due under this Contract, shall provide requested Close-out documents including any release of liens.

DocuSign Envelope ID: 9C0D0BCE-1F94-4323-9C4D-6BA4D233D2D9

BID INFORMATION:
"Tax" The bid prices for this ITB shall **not** include New Mexico gross receipts tax or local option tax(es).

"Hourly Rate" means the proposed fully loaded maximum hourly rates that include fringe benefits and any overhead costs for contractor personnel, as well as subcontractor personnel, if appropriate. The Hourly Rate does not include mileage, per diem or lodging.

"Offeror" shall reference all work positions associated with this project, and each position's firm, fixed hourly rate. This hourly rate does not include billable reimbursable rates for mileage, meals or lodging. The State of New Mexico, at its discretion, may negotiate lower rates on a project by project basis, with the awarded Contractor.

Hourly rates are requested for the three (3) levels of personnel. ***All items for pricing must be filled in.*** If one of the personnel listed is not relevant to your company, fill in a rate for a comparable employee that is on staff or could be on staff at a future time. For example, if the Superintendent also functions as the Journeyman or Experienced worker or vice versa, enter his rate for both items. Any blank items will cause a possible rejection of the bid for non-compliance.

Labor Rates:
1. Superintendent: a person with supervisory experience who maintains control of the work and work site. This person may or may not actually perform work on the project.

2. Journeyman or Experienced Worker: a person licensed by the State of New Mexico as a journeyman in the specialized field of work required and being performed or a person with many years of experience with a high rate of pay.

3. Laborer: a person with minimal experience, performing minor forms of labor.

Hours Worked:

Regular Hours: Monday through Friday and 8 am through 5 pm.

After Hours: All hours not within the days and times listed for "Regular Hours".

Holidays: Holidays will be considered "After Hours" and paid at "After Hours" rates.

The State of New Mexico reserves the right to award this Price Agreement to multiple vendors. Bidders must include pricing for ALL items in order to allow for accurate comparisons. If a Bidder fails to include one or more of those items, his Bid may be rejected.

Bids for these services are requested on a statewide basis. The intent in the bid evaluation is to add up all of the items from Items 1 through 16 in order to determine the low bidders.

Electronic Record and Signature Disclosure

ELECTRONIC RECORD AND SIGNATURE DISCLOSURE

A. ELECTRONIC RECORD AND SIGNATURE DISCLOSURE (ERSD)

From time to time, New Mexico General Services Department (GSD), on behalf of the State of New Mexico (SONM), may be required by law to provide you with certain written notices or disclosures. Stated below are the terms and conditions for GSD's providing you such notices and disclosures electronically through the DocuSign system. Please read this information carefully. If you are able to access this information electronically and agree to **this Electronic Record and Signature Disclosure (ERSD)**, please confirm your agreement by selecting the check-box next to "I agree to use electronic records and signatures" before clicking "CONTINUE" within the DocuSign system.

B. Obtaining paper copies

At any time up to twenty (20) calendar days following your use of DocuSign to electronically sign a document, you may request a paper copy of any record provided or made available electronically to you by GSD. You will have the ability to download and print documents SONM sends you through the DocuSign system during and immediately after the signing session and, if you elect to create a DocuSign account, you may access the documents for a twenty (20) calendar day period after such documents are first sent to you. Following the twenty (20) day period, if you want GSD to send you paper copies of any such documents from GSD's office, you will be charged a $1.00 per-page fee plus postage. You may request delivery of such paper copies from GSD by following the procedure stated in Section H, below.

C. Withdrawing your consent

If you decide to receive notices and disclosures from GSD electronically, you may at any time change your mind and inform GSD you want to receive required notices and disclosures only in paper format. The procedure concerning how you may inform GSD of your decision to receive future notices and disclosures in paper format as well as withdraw your consent to receive notices and disclosures electronically is stated in Section D, immediately below.

D. Consequences of changing your mind

If you elect to receive required notices and disclosures only in paper format, it will slow the speed with which GSD will be able to complete certain steps in specific transactions and deliver paper copies to you. GSD will need: (1) to send the required notices or disclosures to you in paper format; and (2) wait until GSD receives your acknowledgment of your receipt of such paper notices or disclosures. Further, you will no longer be able to use the DocuSign system to receive required notices and consents electronically from SONM or to electronically sign documents generated and sent to you from SONM.

E. All notices and disclosures will be sent to you electronically

Unless you inform GSD otherwise according to these procedures, GSD will electronically provide you through the DocuSign system all required notices, disclosures, authorizations, acknowledgements and other documents that are required to be provided or made available to you during the course of your electronic signature relationship with SONM. To reduce the possibility of inadvertent non-receipt, GSD prefers to provide all required notices and disclosures by the same method and to the same email or physical address that you furnish to GSD. Thus, you may receive the disclosures and notices electronically or in paper form. If you do not agree with this procedure, please inform GSD according to the procedures stated in Section I, below. Please also refer to Section D, immediately above, which states the consequences resulting from your declination of electronic delivery of notices and disclosures.

F. How to contact GSD:

You may inform General Services Department (GSD) of any changes you select regarding State Purchasing Division's (SPD) electronic communications with you, to request paper copies of certain information from SPD, and to withdraw your prior consent to receive notices and disclosures electronically by emailing your request(s) to SPD at: *GSD.SPDinfo@state.nm.us*

G. To advise SPD of your new email address

To inform SPD of a change in the email address to which SPD sends you notices and disclosures electronically, you must send an email to SPD at *GSD.SPDinfo@state.nm.us* and in the body of such request you must include your previous and new email addresses.

H. To request paper copies from SPD

To request delivery of paper copies of electronic notices and disclosures that DocuSign and/or SPD have previously provided to you, you must send an email to SPD at *GSD.SPDinfo@state.nm.us* and in the body of your email request state your email address, full name, mailing address, and telephone number. SPD will charge you a $1.00 per page copy fee plus postage.

I. To withdraw your consent with SPD

To inform SPD that you no longer wish to receive notices and disclosures in electronic format you may:

(1) Decline to sign a document from within a signing session, and on the subsequent page, select the check-box indicating you wish to withdraw your consent, or you may:

(2) Send SPD an email to *GSD.SPDinfo@state.nm.us* and in the body of your request state your email address, full name, mailing address, and telephone number.

J. Required hardware and software

The minimum system requirements for using the DocuSign system may change over time. The current DocuSign system requirements may be found at:
https://support.docusign.com/guides/signer-guide-signing-system-requirements

K. Acknowledging your access and consent to receive and sign documents electronically

To confirm that you are able to electronically access the information contained in this Electronic Record and Signature Disclosure (ERSD), please confirm that you have: (1) read this ERSD, and either: (2) you are able to print on paper or electronically save this ERSD for your future reference and access; or (3) you are able to email this ERSD to an email address where you will be able to print this ERSD on paper and/or save this ERSD for your future reference and access. Further, if you consent to receiving notices and disclosures from DocuSign and/or SPD exclusively in electronic format, then select the check-box next to “I agree to use electronic records and signatures,” before you click “CONTINUE” within the DocuSign system.

By selecting the check-box next to “I agree to use electronic records and signatures,” you confirm that:

- You have read this Electronic Record and Signature Disclosure (ERSD); and
- You can print this ERSD on paper, or you can save and/ or send this ERSD to a location where you can print this ERSD, for your future reference and access; and
- Until or unless you notify SPD as stated in this ERSD, you consent to exclusively receive through electronic means all notices, disclosures, authorizations, acknowledgements, and other documents that are required to be provided or made available to you by SPD during the course of your electronic signature relationship with SPD.

SWPA #: 40-00000-23-00074

CITY OF SANTA FE

CONSTRUCTION CONTRACT

THIS CONTRACT is made and entered into by and between the City of Santa Fe, New Mexico, hereinafter referred to as the "City," and **HEI Inc.**, hereinafter referred to as the "Contractor," and is effective as of the date set forth below upon which it is executed by the Parties.

RECITALS

WHEREAS, the City, through its Governing Body, is authorized to enter into a construction Contract for the project; and

WHEREAS, the City has procured this Contract according to the established State and Local Purchasing procedures for contracts of the type and amount; and

The City and the Contractor hereby agree as follows:

1. Scope of Work

A. The Contractor shall perform the following work:

The Contractor shall perform all the work required by the Contract Documents for the City of Santa Fe.

Contractor shall bid for each Task Order based on, and follow after receiving a Notice to Proceed, the process below.

Mobilization

- Site setup and mobilization of resources
- Erecting temporary facilities (trailers, utilities, safety barriers)
- Permitting and regulatory compliance documentation

Site Preparation

- Clearing
- Demolition (if required)
- Excavation, grading, and compaction

Construction Work

- **Structural Work**
  - Foundations, slabs, columns, beams, structural framing
- **Architectural Work**
  - Walls, roofing, insulation, windows, doors, interior finishes
- **Civil/Infrastructure**
  - Roadways, sidewalks, parking lots, storm drainage

Quality Assurance & Inspections

- Submit and follow a quality control plan

- Conduct and document required inspections and testing
- Resolve any deficiencies or punch list items

Health, Safety, and Environmental Compliance

- Implement a project-specific safety plan
- Comply with OSHA and environmental regulations
- Dust, noise, erosion, and waste control

Project Closeout

- Final inspections and approvals
- Delivery of as-built drawings, warranties, manuals
- Demobilization and site cleanup

The Contractor shall be responsible for verifications of all conditions, measurements, and dimensions for bidding.

The Contractor shall be responsible for all permits, fees, and State inspections associated with the construction.

Task Orders:

Under the terms and conditions of and this contract, the Airport Director, Director of Public Works, Facilities Division Director, Project Manager, and Project Administrator (collectively "Project Manager") may issue Task Orders for items described herein. The terms and conditions shall be incorporated in each Task Order issued hereunder.

The Project Manager may issue a written Task Order to the Contractor detailing the services required. Upon receiving the Task Order, the Contractor shall promptly provide the Project Manager with an estimate, based upon the rates included in Contractor's Statewide Price Agreement (SWPA), a cost summary, and a proposed schedule required to complete the assignment or task. project schedules, negotiated price, and completion dates shall be determined on project-by-project basis and dependent upon the urgency of that task. The Contractor may be required to do some of the work in phases. The Project Manager may issue a Notice to Proceed by signing the Notice after the task price and schedule are finalized by the Contractor. The Contractor shall be required to provide the requested labor and all equipment and materials within one week of a request issuance of a Notice to Proceed unless otherwise arranged. The Contractor shall agree to provide required labor within 24 hours for emergency situations whenever possible. The Contractor shall not perform any work without a Notice to Proceed signed by the Project Manager, and the City shall not pay for any work performed without a signed Notice to Proceed.

The items to be ordered shall be as listed in the Price Schedule. All orders issued hereunder will bear both an order number and the Purchase Order Number.

Items and/or services furnished hereunder shall conform to the requirements of specifications and/or drawings applicable to items listed under the Price Schedule. Orders issued against this schedule will show the applicable item(s), number(s), and price(s); however, they may not describe the item(s) fully.

Price Adjustments:

The awarded vendor shall maintain fixed pricing for each year of this contract, defined as twelve (12) months starting on and including the Effective Date. Pricing may be adjusted no more than once annually to

commercially reasonable rates through an amendment to the price list attached as Exhibit A signed by Contractor and the City's Director of Public Works. Amendments to Exhibit A do not alter Contractor's maximum total compensation pursuant to Article 2 (Compensation) below. The vendor must submit all pricing increase requests in writing to the Director of Public Works, providing evidence that the request is based on demonstrable market changes impacting the cost of products and services. The request must itemize all proposed changes by line item and include supporting documentation deemed acceptable by the City of Santa Fe (such as a letter from a manufacturer indicating price increases, etc.). The Airport Director's or Project Manager's decision on acceptable documentation in this context shall be final and binding upon all parties to the contract. No price increase shall result in a higher profit margin. Pricing changes will apply to Task Orders for which the Notice to Proceed is signed by the Project Manager on or after the effective date of the price change. Price increases will not be retroactive to purchase orders already issued. The maximum payment for each Task Order shall be the price indicated in the purchase order issued by the City.

To facilitate prompt consideration, all requests for price increases must include the following information:

Contract Item Number
Current Item Price
Proposed New Price
Percentage of Increase
Supplier Notification of price increase indicating percentage of increase and including the reason for the increase.

B. Project: City Wide Oncall Construction with HEI

C. City Department: Airport

D. Distribution:

City: James Garduno, Airport Project Manager
jdgarduno@santafenm.gov, 505-670-3232

Contractor: Rachelle Casuga, HEI Inc., Business Owner
rcasuga@heinm.com, 505-880-1819

Neil Hurd, HEI Inc., Business Owner
nhurd@heinm.com, 505-880-1819

2. **Compensation**

A. The City shall pay to the Contractor in full payment for services satisfactorily performed at the (BASED UPON DELIVERABLES, MILESTONES, BUDGET, ETC.), such compensation not to exceed $10,000,000.00 (ten million dollars) excluding gross receipts tax. The New Mexico gross receipts tax levied on the amounts payable under this Contract shall be paid by the City to the Contractor only on the labor rate listed within the Statewide Price Agreement (40-00000-23-00074).

The Unit Bid Contract Total is determined as follows:

On-Cal for Construction Services

The total amount payable to the Contractor under this Contract, including Alternates (if needed) gross receipts tax and expenses, shall not exceed Ten Million Dollars ($10,000,000.00). This amount is a maximum and not a guarantee that the work assigned to be performed by Contractor under this Contract shall equal the amount stated herein. The parties do not intend for the Contractor to continue to provide services without compensation when the total compensation amount is reached. Contractor is responsible for notifying the City when the services provided under this Contract reach the total compensation amount. In no event will the Contractor be paid for services provided in excess of the total compensation amount without this Contract being amended in writing prior to those services in excess of the total compensation amount being provided.

A. The total amount payable to the Contractor under this Contract, excluding/including gross receipts tax and expenses, shall not exceed $10,000,000.00 for the term of this Contract.

The City shall pay to the Contractor in full payment for services satisfactorily performed pursuant to the Task Order assigned to Contractor at the rate set forth in [procurement – offer in response to SWPA # 40-0000-23-00034.

B. Payment in future fiscal years is subject to availability of funds pursuant to the Appropriations Paragraph set forth below and to any negotiations between the parties from year to year pursuant to Paragraph 1, Scope of Work, and to approval by the City. All invoices MUST BE received by the City no later than fifteen (15) days after the termination of the Fiscal Year in which the services were delivered. Invoices received after such date WILL NOT BE PAID.)

C. Contractor must submit a detailed statement accounting for all services performed and expenses incurred. If the City finds that the services are not acceptable, within thirty days after the date of receipt of written notice from the Contractor that payment is requested, it shall provide the Contractor a letter of exception explaining the defect or objection to the services, and outlining steps the Contractor may take to provide remedial action. Upon certification by the City that the services have been received and accepted, payment shall be tendered to the Contractor within twenty-one days after the date of acceptance. If payment is made by mail, the payment shall be deemed tendered on the date it is postmarked. .

D. If the City fails to pay the contractor within twenty-one days after receipt of an undisputed request for payment, the City shall pay interest to the contractor beginning on the twenty-second day after payment was due, computed at one and one-half percent of the undisputed amount per month or fraction of a month until the payment is issued. If the City receives an improperly completed invoice, the City shall notify the sender of the invoice within seven days of receipt in what way the invoice is improperly completed, and the owner has no further duty to pay on the improperly completed invoice until it is resubmitted as complete.

E. **Notice of Extended Payment Provision for Grant Funded Contracts**. This contract allows the City to make payment within 45 days after submission of an undisputed request for payment for contracts funded by grant money consistent with NMSA 1978, sec. 57-28-5(B).

3. Term

THIS CONTRACT SHALL NOT BECOME EFFECTIVE UNTIL APPROVED IN WRITING BY THE CITY. This contract shall terminate **two (2) years from date of final signature**.

4. Termination

A. Grounds. The City may terminate this Contract for convenience or cause. For contracts within their authority, the City Manager or their designee is authorized to provide the notice of termination, otherwise such notice of termination shall be provided by the Mayor or their designee as authorized by the Governing Body. The Contractor may only terminate this Contract based upon the City's uncured, material breach of this Contract.

B. Notice; City Opportunity to Cure.

1) Except as otherwise provided in Paragraphs 7.A and 17, the City shall give Contractor written notice of termination at least thirty (30) days prior to the intended date of termination.

2) Contractor shall give City written notice of termination at least thirty (30) days prior to the intended date of termination, which notice shall (i) identify all the City's material breaches of this Contract upon which the termination is based and (ii) state what the City must do to cure such material breaches. Contractor's notice of termination shall only be effective (i) if the City does not cure all material breaches within the thirty (30) day notice period or (ii) in the case of material breaches that cannot be cured within thirty (30) days, the City does not, within the thirty (30) day notice period, notify the Contractor of its intent to cure and begin with due diligence to cure the material breach.

3) Notwithstanding the foregoing, this Contract may be terminated immediately upon written notice to the Contractor (i) if the Contractor becomes unable to perform the services contracted for, as determined by the City; (ii) if, during the term of this Contract, the Contractor is suspended or debarred by the City; or (iii) the Contract is terminated pursuant to Paragraph 5, "Appropriations," of this Contract.

C. Liability. Except as otherwise expressly allowed or provided under this Contract, the City's sole liability upon termination shall be to pay for acceptable work performed prior to the Contractor's receipt or issuance of a notice of termination; provided, however, that a notice of termination shall not nullify or otherwise affect either party's liability for pre-termination defaults under or breaches of this Contract. The Contractor shall submit an invoice for such work within thirty (30) days of receiving or sending the notice of termination. *THIS PROVISION IS NOT EXCLUSIVE AND DOES NOT WAIVE THE CITY'S OTHER LEGAL RIGHTS AND REMEDIES CAUSED BY THE CONTRACTOR'S DEFAULT/BREACH OF THIS CONTRACT.*

5. Appropriations

The terms of this Contract are contingent upon sufficient appropriations and authorization being made by the Governing Body for the performance of this Contract. If sufficient appropriations and authorization are not made by the Governing Body, this Contract shall terminate immediately upon written notice being given by the City to the Contractor. The City's decision as to whether sufficient appropriations are available shall be accepted by the Contractor and shall be final. If the City proposes an amendment to the Contract to unilaterally reduce funding, the Contractor shall have the option to terminate the Contract or to agree to the reduced funding, within thirty (30) days of receipt of the proposed amendment.

6. Status of Contractor

The Contractor and its agents and employees are independent contractors performing construction services for the City and are not employees of the City. The Contractor and its agents and employees shall not accrue leave, retirement, insurance, bonding, use of City vehicles, or any other benefits afforded to employees of the City as a result of this Contract. The Contractor acknowledges that all sums received hereunder are reportable by the Contractor for tax purposes, including without limitation, self-employment and business income tax. The Contractor agrees not to purport to bind the City unless the Contractor has express written authority to do so, and then only within the strict limits of that authority.

7. Construction Contract Performance and Payment Bond

A. When a construction contract is awarded in excess of twenty-five thousand dollars ($25,000), the following bonds or security shall be delivered to the City and shall become binding on the parties upon the execution of the contract. If the Contractor fails to deliver the required performance and payment bonds, the Contractor's bid shall be rejected, its bid security shall be enforced to the extent of actual damages. Award of the contract shall be made pursuant to the Procurement Code in the following manner:

(1) a performance bond satisfactory to the City, executed by a surety company authorized to do business in this state and said surety to be approved in federal circular 570 as published by the United States treasury department or the state board of finance or the local governing authority, in an amount equal to one hundred percent of the price specified in the contract; and

(2) a payment bond satisfactory to the City, executed by a surety company authorized to do business in this state and said surety to be approved in federal circular 570 as published by the United States treasury department or the state board of finance or the local governing authority, in an amount equal to one hundred percent of the price specified in the contract, for the protection of all persons supplying labor and material to the contractor or its subcontractors for the performance of the work provided for in the contract.

B. A subcontractor shall provide a performance and payment bond on a public works building project if the subcontractor's contract for work to be performed on a project is one hundred twenty-five thousand dollars ($125,000) or more.

8. Assignment

The Contractor shall not assign or transfer any interest in this Contract or assign any claims for money due or to become due under this Contract without the prior written approval of the City.

9. Subcontracting

The Contractor shall not subcontract any portion of the services to be performed under this Contract without the prior written approval of the City. No such subcontract shall relieve the primary Contractor from its obligations and liabilities under this Contract, nor shall any subcontract obligate direct payment from the City.

10. Release

Final payment of the amounts due under this Contract shall operate as a release of the City, its officers and employees from all liabilities, claims and obligations whatsoever arising from or under this Contract.

11. Confidentiality

Any confidential information provided to or developed by the Contractor in the performance of this Contract shall be kept confidential and shall not be made available to any individual or organization by the Contractor without the prior written approval of the City.

12. Product of Service -- Copyright

All materials developed or acquired by the Contractor under this Contract shall become the property of the City and shall be delivered to the City no later than the termination date of this Contract. Nothing developed or produced, in whole or in part, by the Contractor under this Contract shall be the subject of an application for copyright or other claim of ownership by or on behalf of the Contractor.

13. Conflict of Interest; Governmental Conduct Act

A. The Contractor represents and warrants that it presently has no interest and, during the term of this Contract, shall not acquire any interest, direct or indirect, which would conflict in any manner or degree with the performance or services required under the Contract.

B. The Contractor further represents and warrants that it has complied with, and, during the term of this Contract, will continue to comply with, and that this Contract complies with all applicable provisions of the Governmental Conduct Act, Chapter 10, Article 16 NMSA 1978.

C. Contractor's representations and warranties in Paragraphs A and B of this Article 12 are material representations of fact upon which the City relied when this Contract was entered into by the parties. Contractor shall provide immediate written notice to the City if, at any time during the term of this Contract, Contractor learns that Contractor's representations and warranties in Paragraphs A and B of this Article 12 were erroneous on the effective date of this Contract or have become erroneous by reason of new or changed circumstances. If it is later determined that Contractor's representations and warranties in Paragraphs A and B of this Article 12 were erroneous on the effective date of this Contract or have become erroneous by reason of new or changed circumstances, in addition to other remedies available to the City and notwithstanding anything in the Contract to the contrary, the City may immediately terminate the Contract.

D. All terms defined in the Governmental Conduct Act have the same meaning in this section.

14. Amendment

A. This Contract shall not be altered, changed or amended except by instrument in writing executed by the parties hereto and all other required signatories.

B. If the City proposes an amendment to the Contract to unilaterally reduce funding due to budget or other considerations, the Contractor shall, within thirty (30) days of receipt of the proposed Amendment, have the option to terminate the Contract, pursuant to the termination provisions as set forth in Article 4 herein, or to agree to the reduced funding.

15. Change Orders

A. Changes. The Contractor may only make changes or revisions within the Scope of Work as defined by Article 1 and/or Exhibit 1 after receipt of written approval by the City Manager or his/her designee. Such change may only be made to Tasks or Sub-Task as defined in the Scope of Work. Under no circumstance shall such change affect the:

1) Deliverable requirements, as outlined in the Scope of Work;
2) Due date of any Deliverable, as outlined in the Scope of Work;

3) Compensation of any Deliverable, as outlined in the Scope of Work;
4) Contract compensation, as outlined in Article 2; or
5) Contract termination, as outlined in Article 4.

B. Change Request Process. In the event that circumstances warrant a change to accomplish the Scope of Work as described above, a Change Request shall be submitted that meets the following criteria:

1) The Project Manager shall draft a written Change Request for review and approval by the City Manager to include:
(a) the name of the person requesting the change;
(b) a summary of the required change;
(c) the start date for the change;
(d) the reason and necessity for change;
(e) the elements to be altered; and
(f) the impact of the change.

2. The City Manager shall provide a written decision on the Change Request to the Contractor within a maximum of ten (10) Business Days of receipt of the Change Request. All decisions made by the City Manager are final. Change Requests, once approved, become a part of the Contract, and become binding as a part of the original Contract.

16. Merger

This Contract incorporates all the agreements, covenants, and understandings between the parties hereto concerning the subject matter hereof, and all such covenants, agreements and understandings have been merged into this written contract.

Statewide/Existing Agreements 13-1-129

This Contract is issued against the state or agency Master Agreement, established and maintained by the State of New Mexico, SWPA# 40-00000-23-00034, and through this language hereby incorporates this Contract by reference and is included in the order of precedence.

No prior Agreement or understanding, oral or otherwise, of the parties or their agents shall be valid or enforceable unless embodied in this Contract.

17. Penalties for violation of law

NMSA 1978, sections 13-1-28 through 13-1-199, imposes civil and criminal penalties for its violation. In addition, the New Mexico criminal statutes impose felony penalties for illegal bribes, gratuities and kickbacks.

18. Equal Opportunity Compliance

The Contractor agrees to abide by all federal and state laws and rules and regulations, and Santa Fe City Code, pertaining to equal employment opportunity. In accordance with all such laws of the State of New Mexico, the Contractor assures that no person in the United States shall, on the grounds of race, religion, color, national origin, ancestry, sex, age, physical or mental handicap, or serious medical condition, spousal affiliation, sexual orientation or gender identity, be excluded from employment with or participation in, be denied the benefits of, or be otherwise subjected to discrimination under any program or activity performed under this Contract. If Contractor is found not to be in compliance with these requirements during the life of this Contract, Contractor agrees to take appropriate steps to correct these deficiencies.

19. Applicable Law

The laws of the State of New Mexico shall govern this Contract, without giving effect to its choice of law provisions. Venue shall be proper only in a New Mexico court of competent jurisdiction in accordance with NMSA 1978, section 38-3-2. By execution of this Contract, Contractor acknowledges and agrees to the jurisdiction of the courts of the State of New Mexico over any and all lawsuits arising under or out of any term of this Contract.

20. Workers Compensation

The Contractor agrees to comply with state laws and rules applicable to workers compensation benefits for its employees. If the Contractor fails to comply with the Workers Compensation Act and applicable rules when required to do so, this Contract may be terminated by the City.

21. Other Insurance

If the services contemplated under this Contract will be performed on or in City facilities or property, Contractor shall maintain in force during the entire term of this Contract, the following insurance coverage(s), naming the City as additional insured.

A. **Commercial General Liability** insurance shall be written on an occurrence basis and be a broad as ISO Form CG 00 01 with limits not less than $2,000,000 per occurrence and $2,000,000 in the aggregate for claims against bodily injury, personal and advertising injury, and property damage. Said policy shall include broad form Contractual Liability coverage and be endorsed to name the City of Santa Fe their officials, officers, employees, and agents as additional insureds.

B.

C. **Broader Coverage and Limits**. The insurance requirements under this Contract shall be the greater of (1) the minimum coverage and limits specified in this Contract, or (2) the broader coverage and maximum limits of coverage of any insurance policy or proceeds available to the Named Insured. It is agreed that these insurance requirements shall not in any way act to reduce coverage that is broader or that includes higher limits than the minimums required herein. No representation is made that the minimum insurance requirements of this Contract are sufficient to cover the obligations of Contractor hereunder.

D. Contractor shall maintain the above insurance for the term of this Contract and name the City as an additional insured and provide for 30 days cancellation notice on any Certificate of Insurance form furnished by Contractor. Such certificate shall also specifically state the coverage provided under the policy is primary over any other valid and collectible insurance and provide a waiver of subrogation.

22. Records and Financial Audit

The Contractor shall maintain detailed time and expenditure records that indicate the date; time, nature and cost of services rendered during the Contract's term and effect and retain them for a period of three (3) years from the date of final payment under this Contract. The records shall be subject to inspection by the City. The City shall have the right to audit billings both before and after payment. Payment under this Contract shall not foreclose the right of the City to recover excessive or illegal payments

23. Indemnification

The Contractor shall defend, indemnify and hold harmless the City from all actions, proceeding, claims, demands, costs, damages, attorneys' fees and all other liabilities and expenses of any kind from any source which may arise out of the performance of this Contract, caused by the negligent act or failure to act of the Contractor, its officers, employees, servants, subcontractors or agents, or if caused by the actions of any client of the Contractor resulting in injury or damage to persons or property during the time when the Contractor or any officer, agent, employee, servant or subcontractor thereof has or is performing services pursuant to this Contract. In the event that any action, suit or proceeding related to the services performed by the Contractor or any officer, agent, employee, servant or subcontractor under this Contract is brought against the Contractor, the Contractor shall, as soon as practicable but no later than two (2) days after it receives notice thereof, notify the legal counsel of the City.

24. New Mexico Tort Claims Act

Any liability incurred by the City of Santa Fe in connection with this Contract is subject to the immunities and limitations of the New Mexico Tort Claims Act, Section 41-4-1, et. seq. NMSA 1978, as amended. The City and its "public employees" as defined in the New Mexico Tort Claims Act, do not waive sovereign immunity, do not waive any defense and do not waive any limitation of liability pursuant to law. No provision in this Contract modifies or waives any provision of the New Mexico Tort Claims Act.

25. Invalid Term or Condition

If any term or condition of this Contract shall be held invalid or unenforceable, the remainder of this Contract shall not be affected and shall be valid and enforceable.

26. Enforcement of Contract

A party's failure to require strict performance of any provision of this Contract shall not waive or diminish that party's right thereafter to demand strict compliance with that or any other provision. No waiver by a party of any of its rights under this Contract shall be effective unless express and in writing, and no effective waiver by a party of any of its rights shall be effective to waive any other rights.

27. Notices

Any notice required to be given to either party by this Contract shall be in writing and shall be delivered in person, by courier service or by U.S. mail, either first class or certified, return receipt requested, postage prepaid, as follows:

To the City: Sebastian Gallegos, Airport Project Administrator,
sfgallegos@santafenm.gov
505-695-3538

To the Contractor: Rachelle Casuga, HEI Inc., Business Owner
rcasuga@heinm.com, 505-880-1819

Neil Hurd, HEI Inc., Business Owner
nhurd@heinm.com, 505-880-1819

28. Authority

If Contractor is other than a natural person, the individual(s) signing this Contract on behalf of Contractor represents and warrants that he or she has the power and authority to bind Contractor, and that no further action, resolution, or approval from Contractor is necessary to enter into a binding contract.

29. Progress Payments

Based upon Application for Payment submitted to the City by the Contractor and Certificates for Payment issued by the City, the City shall make progress payments on account of the Contract sum to the Contractor as provided in the Contract documents for the period ending the last day of the month as follows:

Not later than twenty-one (21) days following the end of the period covered by the Application for Payment, one hundred percent (100%) of the portion of the Contract Sum properly allocable to labor, materials, and equipment incorporated in the work and one hundred percent (100%) of the portion of the Contract sum properly allocable to materials and equipment suitably stored at the site or some other location agreed upon in writing for the period covered by the Application for Payment, less the aggregate of previous payments made by the City; and upon substantial completion of the entire work, a sum sufficient to increase the total payments to one hundred percent (100%) of the Contract sum, less such amounts as the City shall determine for all incomplete work and unsettled claims as provided in the Contract documents.

30. Final Payment

Final payment, constituting the entire unpaid balance of the Contract sum, unless it is a disputed payment, shall be paid by the City to the Contractor within twenty-one (21) calendar days, after all deficiencies to the Contract document that were noted during the Substantial Completion Inspection and listed on the attachment to the Certificate of Substantial Completion have been corrected, and provided the Contract has been fully performed and a final Certificate for Payment has been issued by the City. In addition, the Contractor shall provide to the City a certified statement of Release of Lien (AIA Document G706A or approved form), Consent of Surety, Warranty from Prime Contractor, Warranties from Suppliers and Manufacturers, training sessions, equipment/operating manuals, and as-built drawings.

31. Schedule

The Contractor shall, within five (5) days after the effective date of Notice to Proceed, prepare and submit a progress schedule covering project operations for the 30-day Contract period. This progress schedule shall be of the type generally referred to as a Critical Path Method (CPM), Critical Path Schedule (CPS), and Critical Path Analysis (CPA), and other similar designations. The CPM shall be used to control the timing and sequences of the project. All work shall be done in accordance with the CPM Planning and Scheduling. A written statement of explanation shall be submitted with the progress schedule. All costs incurred by the contractor to implement the CPM shall be borne by the Contractor and are part of their Contract.

32. General and Special Provisions

A. Terms used in this Contract which are defined in the Conditions of the Contract shall have the meanings designated in those Conditions.

B. An enumeration of the Contractor's General Comprehensive Liability Insurance requirements appears in the General Conditions of the Contract for construction. Insurance requirements are also described in the Instructions to the Bidder section of the Project Manual. Contractor shall maintain

adequate insurance in at least the maximum amounts, which the City could be liable under the New Mexico Tort Claims Act and shall provide proof of such insurance coverage to the City. It is the sole responsibility of the Contractor to comply with the law.

C. This Contract shall not become effective until: (1) approved by the Governing Body; and (2) signed by all parties required to sign this Contract.

D. The Contractor shall maintain detailed time records which indicate the date, time and nature of services rendered. These records shall be subject to inspection by the City, the Department of Finance and Administration and the State Auditor. The City shall have the right to audit billings both before and after payment. Payment under this Contract shall not foreclose the right of the City to recover excessive illegal payments.

E. The Contractor warrants that the Contractor presently has no interest and shall not acquire any interest, direct or indirect, which would conflict in any manner or degree with the performance or services required under this Contract.

F. The Contractor hereby warrants that the Contractor complies with the Americans with Disabilities Act, 29 CFR 1630.

G. Gender, Singular/Plural. Words of any gender used in this Contract shall be held and construed to include any other gender, and words in the singular number shall be held to include the plural, unless the context otherwise requires.

H. Captions and Section Headings. The captions and section headings contained in this Contract are for convenience of reference only, and in no way limit, define, or enlarge the terms, scope, and conditions of this Contract.

I. Certificates and Documents Incorporated. All certificates and documentation required by the provisions of the Contract shall be attached to this Contract at the time of execution and are hereby incorporated by reference as though set forth in full in this Contract to the extent they are consistent with its conditions and terms.

J. Separability. If any clause or provision of this Contract is illegal, invalid or unenforceable under present or future laws effective during the term of this Contract, then and in that event, it is the intention of the parties hereto that the remainder of this Contract shall not be affected thereby.

K. Words and Phrases. Words, phrases, and abbreviations, which have well-known technical or trade meanings used in the Contract documents shall be used according to such recognized meaning. In the event of a conflict, the more stringent meaning shall govern.

L. Relationship of Contract Documents. The Contract Documents are complementary, and any requirement of one Contract Document shall be as binding as if required by all.

M. Pursuant to NMSA 1978, section 13-1-191, reference is hereby made to the Criminal Laws of New Mexico (including NMSA 1978, sections 30-14-1, 30-24-2, and 30-41-1 through 30-41-3) which prohibit

bribes, kickbacks, and gratuities, violation of which constitutes a felony. Further, the Procurement Code (NMSA 1978, sections 13-1-28 through 13-1-199) imposes civil and criminal penalties for its violation.

N. Pursuant to NMSA 1978, section 13-4-11. Reference is hereby made to the Minimum Wage on Public Works; weekly payments; posting wage scale; withholding funds.

IN WITNESS WHEREOF, the Parties have executed this Contract as of the date of the signature by the required approval authorities below.

The Purchasing Memo

Date: November 24, 2025

To: Governing Body, Finance Committee, and Public Works & Utilities Committee

From: Brian Moya, Fire Chief BRIAN MOYA

Via: Brian Moya, Fire Chief BM

Subject: Systems Design West, LLC Amendment No. 1

Vendor Name: Systems Design West, LLC

Munis Vendor Number: 10373

ITEM AND ISSUE:

Fire Department respectfully requests your review and approval of a Amendment #1 to 3250025 with Systems Design West, LLC for Ambulance Services Billing. Amendment 1increased the amount of compensation. The annual cost for service would amount to approximately $329,000.00 including New Mexico gross receipts tax for a total compensation of for the remainder of this contract would be $849,919.00 for a term of four years.

CONTRACT NUMBER:

The FY25 Munis contract number is 3250025.

BACKGROUND AND SUMMARY:

The Fire Department operates all the 911 ambulance services for the City of Santa Fe. As an operator of ambulance services, the New Mexico Public Regulatory Commission grants us the authority to bill for patient transports. With a high volume of billable 911 calls (14,000) which generates a revenue for the City of about $2,000,000 annually.

Systems Design West, our billing contractor, is requesting rate increase of one dollar ($1.00) per billed transport. The current rate is $22.50/transport and would increase to $23.50/transport. The rate increase would cost the Fire Department approximately $14,000/year. The annual cost for service would amount to approximately $329,000.00. The total for the remainder of this contract would be $849,919.00.

This rate increase is acceptable to Fire Department administration. We are requesting approval for the remainder of the current contract.

Hi Travis,
Trying to guess our procurement vehicle has me stuck between two. Would this be a continuation of the original determination…exempt or would it be an existing contract?

Toniette,
Also attached is a memo, 99% complete for the packet.

Thank you both,

Hi Travis,

This is amendment is for a rate increase on our ambulance billing contract.
The increase amounts to $14,000/yr. $34,000 for the remainder of the contract.
Total amount of the contract will be $850,000 for the remainder of the term, 1/1/26 – 8/1/28.
What will our procurement vehicle be?

Morning Chief Johnson,
Can you please prepare the Purchase Memo and I also need a copy of the original SDW Contract. I'll then upload to OpenGov and request Emily's signature. Once I have Emily's signature I can add it as an Item on the agenda for Committee Review.

Thanks for your help with this 🙂

CITY OF SANTA FE, FIRE DEPARTMENT
AMENDMENT No. 1 TO
Contract # 3250025

AMBULANCE SERVICES BILLING

This AMENDMENT No. _1_ (the "Amendment") amends the CITY OF SANTA FE CONTRACT, dated _August 1, 2024__(the "Contract"), between the City of Santa Fe (the "City") and _Systems Design West, LLC_. (the "Contractor"). The date of this Amendment shall be the date when it is executed by the City and the Contractor whichever occurs last.

RECITALS:

A. Under the terms of the Contract, Contractor has agreed to provide ambulance services billing.

B. Pursuant to Article 8 of the Contract, and for good and valuable consideration, the receipt and sufficiency of which are acknowledged by the parties, the City and the Contractor agree as follows:

3. COMPENSATION.

Article 3, paragraph A reads in its entirety as follows:

A. The City shall pay to the Contractor based upon fixed prices for each Deliverable item as listed here.

Deliverable item:	U/I (unit of issue)	Price
01	per transport	$23.50

The total compensation under this Contract shall not exceed $300,000.00 for year one, including New Mexico gross receipts tax. Subsequent years will be based on the available budget.

CONTRACT IN FULL FORCE.

Except as specifically provided in this Amendment, the Contract remains and shall remain in full force and effect, in accordance with its terms.

IN WITNESS WHEREOF, the parties have executed this Amendment No. __ to the Contract as of the dates set forth below.

Munis Contract #: 3250025

CITY OF SANTA FE
GENERAL SERVICES CONTRACT

Goods and Services

THIS CONTRACT is made and entered into by and between the City of Santa Fe, herein after referred to as the "City," and **Systems Design West, LLC.** herein after referred to as the "Contractor."

IT IS MUTUALLY AGREED BETWEEN THE PARTIES:

1. **Definitions**

A. "Products and Services Schedule" refers to the complete list of products and services offered under this Contract and the price for each. Product and service descriptions may be amended with the prior approval of the Contract Administrator. New products and services shall not be added to the Products and Services Schedule.

B. "Business Hours" means 8:00 a.m. to 5:00 p.m. Pacific Time.

2. **Scope of Work**

A. The Contractor shall perform the following work:

The City, with assistance from the Contractor, shall apply for Provider Status or updated Status with Medicare, Medicaid, and all public and private insurances which will be billed as a part of this Scope of Services. The City is responsible for informing the Contractor of any subsequent changes that necessitate updates (e.g. changing an Authorized Official) so that the Contractor may complete its duties. The City shall assist the Contractor to obtain the necessary certifications, numbers and documentation needed for the Contractor to provide the services identified in sections 1.2 and 1.3 below, obtain and maintain credentials for payer websites that require vendor access to be given only through a Provider representative and facilitate access for the Contractor's representatives. The City agrees to furnish and assist the Contractor with the following:

(a) The City agrees to provide a complete and legible "PCR" (Patient Care Report) to the Contractor including patient name, address and pertinent billing and insurance information from the field, including a copy of the patient signature for authorization of benefits and responsibility for payment, authorizing billing of Medicare, Medicaid and any insurance the patient is a subscriber to. The original patient signature must be maintained by the City and made available to the Contractor and/or insurance payers upon request. The amounts to be billed are determined by the New Mexico Public Regulation Commission Transportation Division, and are set forth in section 3.B Compensation. Any subsequent increases to established fees must be communicated to the Contractor, in writing, prior to the submission of affected PCRs. PCRs must be sent using a NEMSIS compliant XML format, or an additional fee may be charged.

(b) The City agrees to furnish the Contractor with hospital ER forms (face/admit sheets) with demographic and insurance information attached to the PCR if requested by Contractor. Copies of any payments made directly to the City will be forwarded to the Contractor for accounting purposes in a timely manner. The City agrees to generate any refund checks due to overpayments identified by the Contractor directly to the payer to which the

refund is due, based on detailed information provided by the Contractor. The City shall provide additional information as may be required by insurance companies or other agencies in order to facilitate the Contractor's obligations to the City.

(c) Fees for ambulance transportation, emergency, life support and related services are charged according to the New Mexico Public Regulation Commission as described in section 3.B Compensation. The collection by the City of unpaid accounts is at the City's discretion, as controlled by applicable laws and regulations, and the removal of uncollectable accounts from the list of accounts receivable is as controlled by Section 3-37-7, NMSA 1978, Determination of Uncollectable Account; Removal from Accounts Receivable, attached as Exhibit A. The City agrees to inform Contractor of any subsequent changes to these documents in writing in advance of when the new policies, procedures and/or rates take effect.

(d) The City agrees to complete registration with Contractor's vendors as applicable for Contractor to be able to fulfill its obligations to the City. Such vendors may include e-payment and merchant services portal, remote deposit capture services, and clearinghouse registration.

1.2 Upon receipt of the PCRs from the City, the Contractor shall: set up a patient account in Contractor's proprietary software application and create a patient record; perform claim submissions, including follow up statements and any necessary rebilling of EMS patient transport services provided by the City to the subscriber's medical insurances, Medicare, Medicaid and any and all known secondary insurance providers; produce and forward CMS 1500 forms and/or electronic medical claims; produce and mail an initial invoice and subsequent statements to all private patient accounts on behalf of the City; file any applicable appeals to insurance payers and/or Medicare and Medicaid on behalf of the patient if necessary to pursue the claim. The City shall maintain a system to reconcile the number of PCRs sent to the Contractor monthly.

1.3 The Contractor shall: receive at its facilities all payments (except those directly deposited into the City's account by insurances and Medicare/Medicaid via EFT) Explanations of Benefits and Electronic Remittance Advices; account for all payments; deposit all funds directly into the City's "deposit only" account; forward deposit information to the City within 24 hours of such deposit; initiate and forward refund information and adjustments made on behalf of the patient's account to the City. The Contractor shall provide to the City a minimum of four (4) standard reports each month including: a) Aged Accounts Receivable b) Month End Summary c) Annual Collection Statistics d) Transaction Journal. These reports will include information related to amounts billed, amounts collected and uncollected, insurance and Medicare/Medicaid allowable and disallowable. For payments and remittances that are wholly electronic portal-based, the City shall grant access to Contractor's representatives as needed for various payer portals.

1.4 The Contractor shall provide live customer service to the City's patients via toll free phone numbers to answer patient billing questions Monday through Friday from 8:00am through 6:00 pm, Pacific Standard Time (except Federal holidays).

1.5 The Contractor shall provide all labor, materials and equipment necessary to perform the work specified in the above scope of services. The Contractor is responsible for ensuring any subcontractor or vendor agencies are fully licensed and qualified to perform such work. For subcontracted payment processing and merchant services, Contractor is responsible for ensuring subcontractor or vendor maintains PCI compliance, and that the vendor or Contractor must be able to provide a PCI compliance certificate to the City annually, at most.

1.6 Additional services: Additional services not specified in this Scope of Services (e.g. transferred accounts, non-routine auditing, targeted trainings, paper PCRs) may be added for an additional fee agreed upon in writing.

1.7 Parties acknowledge that despite best efforts, billing errors may occur from time to time. Each party will promptly notify the other party of the discovery of a billing error unless the error is found by the Contractor and corrected without consequence to the City. Contractor's sole obligation in the event of a billing error will be to correct the error, at no cost to the City, by making the appropriate changes to the information in its system, posting a refund if appropriate, and rebilling the underlying claim if permissible.

1.8 The Contractor will ensure all applicable data transferred from the prior ambulance billing vendor, EF Recovery, is secured within Systems Design West database. This will be accomplished no more than thirty (30) days from the initiation of this contract. If transfer is necessary in the future, the Contractor agrees to transfer City related data to the newly selected vendor.

3. **Compensation**

A. The City shall pay to the Contractor based upon fixed prices for each Deliverable item as listed here.

Deliverable item:	U/I (unit of issue)	Price
01	per transport	$22.50

The total compensation under this Contract shall not exceed $300,000.00 for year one, including New Mexico gross receipts tax. Subsequent years will be based on the available budget.

B. Ambulance billing will follow the established New Mexico Public Regulation Commission tariff.

16-00031TRR
New Mexico Public Regulation Commission Transportation Division
Statewide Ambulance Tariff Effective February 1, 2017
THE AMBULANCE PROVIDER MAY SEEK TO OBTAIN WRITTEN CONSENT FOR TREATMENT/SERVICES FROM THE PATIENT PRIOR TO TREATMENT/SERVICES

SERVICE RENDERED RATE
BASIC LIFE SUPPORT (BLS) NON-EMERGENCY
Applies when non-emergency BLS transportation, assessment or intervention is provided by licensed Emergency Medical Technicians.

Assessment or intervention, with or without $355.00 transport:
Per patient mile: $12.75

BASIC LIFE SUPPORT (BLS) EMERGENCY
Applies when emergency (immediate response made to 911 or equivalent call) BLS transportation, intervention, or assessment is provided by licensed Emergency Medical Technician.

Assessment or intervention, with $512.00
or without transport:
Per patient mile: $12.75

ADVANCED LIFE SUPPORT LEVEL 1 (ALS1) NON- EMERGENCY
Applies when non-emergency ALS assessment or at least one ALS intervention is provided by licensed EMT-Intermediate or an EMT- Paramedic.

Assessment or intervention, with or without transport to a treatment facility: $385.00
Per patient mile: $12.75

ADVANCED LIFE SUPPORT LEVEL 1 (ALS1) EMERGENCY
Applies when emergency (immediate response to a 911 or equivalent call) ALS assessment or at least one ALS intervention is provided by a licensed EMT- Intermediate
or a licensed EMT- Paramedic.

Assessment or intervention, with or without transport: $607.00
Per patient mile: $12.75

ADVANCED LIFE SUPPORT LEVEL 2 (ALS2) EMERGENCY

Applies when emergency medical service is provided for an event such as a football game or county fair where the potential for illness or injury exists.
First Hour or any portion thereof: $145.00
Second Whole Hour and any whole hour thereafter: $108.00

Fifteen (15) minute increments after first hour: $27.00

4. **Payment Provisions**

All payments under this Contract are subject to the following provisions.

A. Acceptance - In accordance with NMSA 1978, Section 13-1-158 the City shall determine if the product or services provided meet specifications. Until the products or services have been accepted in writing by the City, the City shall not pay for any products or services. Unless otherwise agreed upon between the City and the Contractor, within thirty (30) days from the date the City receives written notice from the Contractor that payment is requested for services or within thirty (30) days from the receipt of products, the City shall issue a written certification (by letter or email) of complete or partial acceptance or rejection of the products or services. Unless the City gives notice of rejection within the specified period, the products or services will be deemed to have been accepted.

B. Payment of Invoice - Upon acceptance that the products or services have been received and accepted, payment shall be tendered to the Contractor within thirty (30) days after the date of certification. Contractor may submit invoices for payment no more frequently than monthly. Payment will be made to the Contractor's designated mailing address. Payment on each invoice shall be due within 30 days from the date of the acceptance of the invoice. The City agrees to pay in full the balance shown on each account's statement, by the due date shown on said statement.

5. **Term**

THIS CONTRACT SHALL NOT BECOME EFFECTIVE UNTIL APPROVED IN WRITING BY THE CITY. This contract shall terminate four (4) years from the date of final signature.

6. **Default and Force Majeure**

The City reserves the right to cancel all, or any part of any orders placed under this contract without cost to the City, if the Contractor fails to meet the provisions of this contract and, except as otherwise provided herein, to hold the Contractor liable for any excess cost occasioned by the City due to the Contractor's default. The Contractor shall not be liable for any excess costs if failure to perform the order arises out of causes beyond the control and without the fault or negligence of the Contractor; such causes include, but are not restricted to, acts of God or the public enemy, acts of the State or Federal Government, fires, floods, epidemics, quarantine restrictions, strikes, freight embargoes, unusually severe weather and defaults of sub-contractors due to any of the above, unless the City shall determine that the supplies or services to be furnished by the sub-contractor were obtainable from other sources in sufficient time to permit the Contractor to meet the required delivery scheduled. The rights and remedies of the City provided in this paragraph shall not be exclusive and are in addition to any other rights now being provided by law or under this contract.

7. **Termination**

A. Grounds. The City may terminate this Contract for convenience or cause. For contracts within their authority, the City Manager or their designee is authorized to provide the notice of termination, otherwise such notice of termination shall be provided by the Mayor, or their designee as authorized by the Governing Body. The Contractor may only terminate this Contract based upon the City's uncured, material breach of this Contract.

B. Notice: City Opportunity to Cure.

1) The City shall give the Contractor written notice of termination at least sixty (60) days prior to the intended date of termination.

2) Contractor shall give City written notice of termination at least thirty (30) days prior to the intended date of termination, which notice shall (i) identify all the City's material breaches of this Contract upon which the termination is based and (ii) state what the City must do to cure such material breaches. Contractor's notice of termination shall only be effective (i) if the City does not cure all material breaches within the thirty (30) day notice period or (ii) in the case of material breaches that cannot be cured within thirty (30) days, the City does not, within the thirty (30) day notice period, notify the Contractor of its intent to cure and begin with due diligence to cure the material breach.

3) Notwithstanding the foregoing, this Contract may be terminated immediately upon written notice to the Contractor (i) if the Contractor becomes unable to perform the services contracted for, as determined by the City; (ii) if, during the term of this Contract, the Contractor is suspended or debarred by the City; or (iii) the Contract is terminated pursuant to Paragraph 17, "Appropriations", of this Contract.

Liability. Except as otherwise expressly allowed or provided under this Contract, the City's sole liability upon termination shall be to pay for acceptable work performed prior to the Contractor's receipt or issuance of a notice of termination; provided, however, that a notice of termination shall not nullify or otherwise affect either party's liability for pre-termination defaults under or breaches of this Contract. The Contractor shall submit an invoice for such work within thirty (30) days of receiving or sending the notice of termination.

THIS PROVISION IS NOT EXCLUSIVE AND DOES NOT WAIVE THE CITY'S OTHER LEGAL RIGHTS AND REMEDIES CAUSED BY THE CONTRACTOR'S DEFAULT/BREACH OF THIS CONTRACT.

8. **Amendment**

A. This Contract shall not be altered, changed, or amended except by instrument in writing executed by the parties hereto and all other required signatories.

B. If the City proposes an amendment to the Contract to unilaterally reduce funding due to budget or other considerations, the Contractor shall, within thirty (30) days of receipt of the proposed Amendment, have the option to terminate the Contract, pursuant to the termination provisions as set forth in Paragraph 7 herein, or to agree to the reduced funding.

9. **Status of Contractor**

The Contractor, and Contractor's agents and employees, are independent Contractors for the City and are not employees of the City. The Contractor, and Contractor's agents and employees, shall not accrue leave, retirement, insurance, bonding, use of City vehicles, or any other benefits afforded to employees of the City because of this Contract. The Contractor acknowledges that all sums received hereunder are personally reportable by the Contractor for income tax purposes, including without limitation, self-employment tax and business income tax. The Contractor agrees not to purport to bind the City unless the Contractor has written authority to do so, and then only within the strict limits of that authority.

10. **Assignment**

The Contractor shall not assign or transfer any interest in this Contract or assign any claims for money due or to become due under this Contract without the prior written approval of the City.

11. **Subcontracting**

The Contractor shall not subcontract any portion of the services to be performed under this Contract without the prior written approval of the City. No such subcontract shall relieve the primary Contractor from its obligations and liabilities under this Contract, nor shall any subcontract obligate direct payment from the City.

12. **Non-Collusion**

In signing this Contract, the Contractor certifies the Contractor has not, either directly or indirectly, entered into action in restraint of free competitive bidding in connection with this offer submitted to the City.

13. **Inspection of Plant**

The City may inspect, at any reasonable time during Contractor's regular business hours and upon prior written notice, the Contractor's plant or place of business, or any subcontractor's plant or place of business, which is related to the performance of this contract.

14. **Commercial Warranty**

The Contractor agrees that the tangible personal property or services furnished under this Contract shall be covered by the most favorable commercial warranties the Contractor gives to any customer for such tangible personal property or services, and that the rights and remedies provided herein shall extend to the City and are in addition to and do not limit any rights afforded to the City by any other clause of this order. The contractor agrees not to disclaim warranties of fitness for a particular purpose or merchantability.

15. **Condition of Proposed Items**

Where tangible personal property is a part of this Contract, all proposed items are to be NEW and of most current production, unless otherwise specified.

16. **Records and Audit**

During the term of this Contract and for three years thereafter, the Contractor shall maintain detailed records pertaining to the services rendered and products delivered. These records shall be subject to inspection by the City, the State Auditor and other appropriate state and federal authorities. The City shall have the right to audit billings both before and after payment. Payment under this Contract shall not foreclose the right of the City to recover excessive or illegal payments.

17. **Appropriations**

The terms of this Contract, and any orders placed under it, are contingent upon sufficient appropriations and authorization being made by the Governing Body for the performance of this Contract. If sufficient appropriations and authorization are not made by the legislature, this Contract, and any orders placed under it, shall terminate upon written notice being given by the City to the Contractor. The City's decision as to whether sufficient appropriations are available shall be accepted by the Contractor and shall be final. If the City proposes an amendment to the Contract to unilaterally reduce funding, the Contractor shall have the option to terminate the Contract or to agree to the reduced funding, within thirty (30) days of receipt of the proposed amendment.

18. **Release**

The Contractor, upon final payment of the amount due under this Contract, releases the City, its officers, and employees, from all liabilities, claims and obligations whatsoever arising from or under this Contract. The Contractor agrees not to purport to bind the City, unless the Contractor has express written authority to do so, and then only within the strict limits of that authority.

19. **Confidentiality**

Any confidential information provided to or developed by the Contractor in the performance of this Contract shall be kept confidential and shall not be made available to any individual or organization by the Contractor without prior written approval by the City.

20. **Conflict of Interest**

A. The Contractor represents and warrants that it presently has no interest and, during the term of this Contract, shall not acquire any interest, direct or indirect, which would conflict in any manner or degree with the performance or services required under the Contract. The Contractor shall comply with any applicable provisions of the New Mexico Governmental Conduct Act and the New Mexico Financial Disclosures Act.

B. The Contractor further represents and warrants that it has complied with, and, during the term of this Contract, will continue to comply with, and that this Contract complies with all applicable provisions of the Governmental Conduct Act, Chapter 10, Article 16 NMSA 1978.

C. Contractor's representations and warranties in Paragraphs A and B of this Paragraph are material representations of fact upon which the City relied when this Contract was entered into by the parties. Contractor shall provide immediate written notice to the City if, at any time during the term of this Contract, Contractor learns that Contractor's representations and warranties in Paragraphs A and B of this Paragraph 20 were erroneous on the effective date of this Contract or have become erroneous by reason of new or changed circumstances. If it is later determined that Contractor's representations and warranties in Paragraphs A and B of this Paragraph 20 were erroneous on the effective date of this Contract or have become erroneous by reason of new or changed circumstances, in addition to other remedies available to the City and notwithstanding anything in the Contract to the contrary, the City may immediately terminate the Contract.

D. All terms defined in the Governmental Conduct Act have the same meaning in this section.

21. **Approval of Contractor Representative(s)**

The City reserves the right to require a change in Contractor representative(s) if the assigned representative(s) are not, in the opinion of the City, adequately serving the needs of the City.

22. **Scope of Contract; Merger**

This Contract incorporates all the Agreements, covenants and understandings between the parties hereto concerning the subject matter hereof, and all such covenants, agreements, and understandings have been merged into this written contract.

It is determined this agreement meets the criteria for exemption, per NMSA 1978, Section 13-1-98.1(B). This determination is based on the operation of a common health care service, which satisfies the following key criteria:

A. Reduces Health Care Costs: While ambulance transport rates are regulated by the Public Regulation Commission, the revenue generated from ambulance billing enables the City to maintain adequate emergency response resources, thereby avoiding potentially higher costs associated with delayed response times or insufficient coverage.

B. Improves Quality of Care: The arrangement ensures the City can staff every ambulance with trained paramedics and maintain a sufficient number of emergency response vehicles on the street. This improves the quality of pre-hospital emergency care provided to Santa Fe residents.

C. Improves Access to Care: Ambulance billing revenue allows the City to fund appropriate levels of emergency medical staffing, supplies, and apparatus. Without this funding source, the Fire Department's ability to respond to emergency medical calls and provide timely access to emergency care for citizens would be diminished.

23. **Notice**

The Procurement Code, NMSA 1978, Sections 13-1-28 through 13-1-199, imposes civil and criminal penalties for its violation. In addition, the New Mexico criminal statutes impose felony penalties for bribes, gratuities, and kickbacks.

24. **Equal Opportunity Compliance**

The Contractor agrees to abide by all federal and state laws, and local Ordinances, pertaining to equal employment opportunity. In accordance with all such laws, rules, and regulations, the Contractor agrees to assure that no person in the United States shall on the grounds of race, religion, color, national origin, ancestry, sex, age, physical or mental handicap, or serious medical condition, spousal affiliation, sexual orientation or gender identity, be excluded from employment with or participation in, be denied the benefits of, or be otherwise subjected to discrimination under any program or activity performed under this Contract. If Contractor is found not to be in compliance with these requirements during the life of this Contract, Contractor agrees to take appropriate steps to correct these deficiencies.

25. **Indemnification**

The Contractor shall hold the City and its employees harmless and shall indemnify the City and its employees against any and all claims, suits, actions, liabilities and costs of any kind, including attorney's fees for personal injury or damage to property arising from the acts or omissions of the Contractor, its agents, officers, employees or subcontractors. The Contractor shall not be liable for any claim, injury or damage as a result of any negligent act or omission committed by the City, its officers or employees.

26. **New Mexico Tort Claims Act**

Any liability incurred by the City of Santa Fe in connection with this Contract is subject to the immunities and limitations of the New Mexico Tort Claims Act, Section 41-4-1, et. seq. NMSA 1978, as amended. The City and its "public employees" as defined in the New Mexico Tort Claims Act, do not waive sovereign immunity, do not waive any defense and do not waive any limitation of liability pursuant to law. No provision in this Contract modifies or waives any provision of the New Mexico Tort Claims Act.

27. **Applicable Law**

The laws of the State of New Mexico shall govern this Contract, without giving effect to its choice of law provisions. Venue shall be proper only in a New Mexico court of competent jurisdiction in accordance with NMSA 1978, Section 38-3-2. By execution of this Contract, Contractor acknowledges and agrees to the jurisdiction of the courts of the State of New Mexico over any and all lawsuits arising under or out of any term of this Contract.

28. **Limitation of Liability**

The Contractor's liability to the City, for any cause whatsoever shall be limited to the purchase price paid to the Contractor for the products and services that are the subject of the City's, claim. The foregoing limitation does not apply to paragraph 25 of this Contract or to damages resulting from personal injury caused by the Contractor's negligence.

29. **Incorporation by Reference and Precedence**

If this Contract has been procured pursuant to a request for proposals, this Contract is derived from (1) the request for proposal, (including any written clarifications to the request for proposals and any City response to questions); (2) the Contractor's best and final offer; and (3) the Contractor's response to the request for proposals.

In the event of a dispute under this Contract, applicable documents will be referred to for the purpose of clarification or for additional detail in the following order of precedence: (1) amendments to the Contract in reverse chronological order; (2) the Contract, including the scope of work and all terms and conditions thereof; (3) the request for proposals, including attachments thereto and written responses to questions and written clarifications; (4) the Contractor's best and final offer if such has been made and accepted by the City; and (5) the Contractor's response to the request for proposals.

30. **Workers' Compensation**

The Contractor agrees to comply with state laws and rules applicable to workers' compensation benefits for its employees. If the Contractor fails to comply with the Workers' Compensation Act and applicable rules when required to do so, this Contract may be terminated by the City.

32. **Inspection of Services**

If this contract is for the purchase of services, the following terms shall apply.

A. Services, as used in this Article, include services performed, workmanship, and material furnished or utilized in the performance of services.

B. The Contractor shall provide and maintain an inspection system acceptable to the City covering the services under this Contract. Complete records of all inspection work performed by the Contractor shall be maintained and made available to the City and for as long thereafter as the Contract requires. The City has the right to inspect and test all services contemplated under this Contract to the extent practicable at all times and places during the term of the Contract. The City shall perform inspections and tests in a manner that will not unduly delay or interfere with Contractor's performance.

C. If the City performs inspections or tests on the premises of the Contractor or a subcontractor, the Contractor shall furnish, and shall require subcontractors to furnish, at no increase in contract price, all

reasonable facilities and assistance for the safe and convenient performance of such inspections or tests.

D. If any part of the services do not conform with the requirements of this Contract, the City may require the Contractor to re-perform the services in conformity with the requirements of this Contract at no increase in contract amount. When the defects in services cannot be corrected by re-performance, the City may:

(1) require the Contractor to take necessary action(s) to ensure that future performance conforms to the requirements of this Contract; and

(2) reduce the contract price to reflect the reduced value of the services performed.

E. If the Contractor fails to promptly re-perform the services or to take the necessary action(s) to ensure future performance in conformity with the requirements of this Contract, the City may:

(1) by contract or otherwise, perform the services and charge to the Contractor any cost incurred by the City that is directly related to the performance of such service; or

(2) terminate the contract for default.

33. **Insurance**

If the services contemplated under this Contract will be performed on or in City facilities or property, Contractor shall maintain in force during the entire term of this Contract, the following insurance coverage(s), naming the City as additional insured.

A. **Commercial General Liability** insurance shall be written on an occurrence basis and be a broad as ISO Form CG 00 01 with limits not less than $1,000,000 per occurrence and $2,000,000 in the aggregate for claims against bodily injury, personal and advertising injury, and property damage. Said policy shall include broad form Contractual Liability coverage and be endorsed to name the City of Santa Fe their officials, officers, employees, and agents as additional insureds.

B. **Broader Coverage and Limits.** The insurance requirements under this Contract shall be the greater of (1) the minimum coverage and limits specified in this Contract, or (2) the broader coverage and maximum limits of coverage of any insurance policy or proceeds available to the Named Insured. It is agreed that these insurance requirements shall not in any way act to reduce coverage that is broader or that includes higher limits than the minimums required herein. No representation is made that the minimum insurance requirements of this Contract are sufficient to cover the obligations of Contractor hereunder.

C. Contractor shall maintain the above insurance for the term of this Contract and name the City as an additional insured and provide for 30 days cancellation notice on any Certificate of Insurance form furnished by Contractor. Such certificate shall also specifically state the coverage provided under the policy is primary over any other valid and collectible insurance and provide a waiver of subrogation.

34. **Impracticality of Performance**

A party shall be excused from performance under this Contract for any period that the party is prevented from performing as a result of an act of God, strike, war, civil disturbance, epidemic, or court order, provided that the party has prudently and promptly acted to take any and all steps that are within the party's control to ensure performance. Subject to this provision, such non-performance shall not be deemed a default or a ground for termination.

35. **Invalid Term or Condition**

If any term or condition of this Contract shall be held invalid or unenforceable, the remainder of this

Contract shall not be affected and shall be valid and enforceable.

36. **Enforcement of Contract**

A party's failure to require strict performance of any provision of this Contract shall not waive or diminish that party's right thereafter to demand strict compliance with that or any other provision. No waiver by a party of any of its rights under this Contract shall be effective unless express and in writing, and no effective waiver by a party of any of its rights shall be effective to waive any other rights.

37. **Patent, Copyright and Trade Secret Indemnification**

A. The Contractor shall defend, at its own expense, the City against any claim that any product or service provided under this Contract infringes any patent, copyright to trademark in the United States or Puerto Rico, and shall pay all costs, damages and attorneys' fees that a court finally awards as a result of any such claim. In addition, if any third party obtains a judgment against the City based upon Contractor's trade secret infringement relating to any product or services provided under this Contract, the Contractor agrees to reimburse the City for all costs, attorneys' fees and amount of the judgment. To qualify for such defense and or payment, the City shall:

1) give the Contractor prompt written notice within 48 hours of any claim;
2) allow the Contractor to control the defense of settlement of the claim; and
3) cooperate with the Contractor in a reasonable way to facilitate the defense or settlement of the claim.

B. If any product or service becomes, or in the Contractor's opinion is likely to become the subject of a claim of infringement, the Contractor shall at its option and expense:

1) provide the City the right to continue using the product or service and fully indemnify the City against all claims that may arise out of the City's use of the product or service;
2) replace or modify the product or service so that it becomes non-infringing; or,
3) accept the return of the product or service and refund an amount equal to the value of the returned product or service, less the unpaid portion of the purchase price and any other amounts, which are due to the Contractor. The Contractor's obligation will be void as to any product or service modified by the City to the extent such modification is the cause of the claim.

38. **Survival**

The Contract paragraphs titled "Patent, Copyright, Trademark, and Trade Secret Indemnification; Indemnification; and Limit of Liability" shall survive the expiration of this Contract. Software licenses, leases, maintenance and any other unexpired Agreements that were entered into under the terms and conditions of this Contract shall survive this Contract.

39. **Disclosure Regarding Responsibility**

A. Any prospective Contractor and any of its Principals who enter into a contract greater than sixty thousand dollars ($60,000.00) with any City for professional services, tangible personal property, services or construction agrees to disclose whether the Contractor, or any principal of the Contractor's company is presently debarred, suspended, proposed for debarment, or declared ineligible for award of contract by any federal entity, state agency or local public body.

B. Principal, for the purpose of this disclosure, means an officer, director, owner, partner, or a person having primary management or supervisory responsibilities within a business entity or related entities.

C. The Contractor shall provide immediate written notice to the City if, at any time during the term of this Contract, the Contractor learns that the Contractor's disclosure was at any time erroneous or became erroneous by reason of changed circumstances.

D. A disclosure that any of the items in this requirement exist will not necessarily result in termination of this Contract. However, the disclosure will be considered in the determination of the Contractor's responsibility and ability to perform under this Contract. Failure of the Contractor to furnish a disclosure or provide additional information as requested will be grounds for immediate termination of this Contract pursuant to the conditions set forth in Paragraph 7 of this Contract.

E. Nothing contained in the foregoing shall be construed to require establishment of a system of records in order to render, in good faith, the disclosure required by this document. The knowledge and information of a Contractor is not required to exceed that which is the normally possessed by a prudent person in the ordinary course of business dealings.

F. The disclosure requirement provided is a material representation of fact upon which reliance was placed when making an award and is a continuing material representation of the facts during the term of this Contract. If during the performance of the contract, the Contractor is indicted for or otherwise criminally or civilly charged by any government entity (federal, state or local) with commission of any offenses named in this document the Contractor must provide immediate written notice to the City. If it is later determined that the Contractor knowingly rendered an erroneous disclosure, in addition to other remedies available to the Government, the City may terminate the involved contract for cause. Still further the City may suspend or debar the Contractor from eligibility for future solicitations until such time as the matter is resolved to the satisfaction of the City.

40. **Suspension, Delay or Interruption of Work**

The City may, without cause, order the Contractor, in writing, to suspend, delay or interrupt the work in whole or in part for such period of time as the City may determine. The contract sum and contract time shall be adjusted for increases in cost and/or time associated with Contractor's compliance therewith. Upon receipt of such notice, Contractor shall leave the jobsite and any equipment in a safe condition prior to departing. Contractor must assert rights to additional compensation within thirty (30) days after suspension of work is lifted and return to work is authorized. Any compensation requested for which entitlement is granted and the contract sum adjusted, shall have profit included (for work completed) and for cost only (not profit) for Contractor costs incurred directly tied to the suspension itself and not otherwise covered by Contract remedy. Any change in Total Compensation must be reflected in an Amendment executed pursuant to Section 8 of this Contract.

41. **Third-Party Beneficiaries**

By entering into this Agreement, the parties do not intend to create any right, title or interest in or for the benefit of any person other than CITY and CONTRACTOR. No person shall claim any right, title or interest under this Agreement or seek to enforce this Agreement as a third-party beneficiary of this Agreement.

42. **Severability**

In case any one or more of the provisions contained in this Agreement or any application thereof shall be invalid, illegal or unenforceable in any respect, the validity, legality, and enforceability of the remaining provisions contained herein and any other application thereof shall not in any way be affected or impaired thereby.

43. **Notification**

Either party may give written notice to the other party in accordance with the terms of this Paragraph. Any written notice required or permitted to be given hereunder shall be deemed to have been given on the date of delivery if delivered by personal service or hand delivery or three (3) business days after being mailed.

To the City:

City of Santa Fe Fire Department

APPROVED FOR FINANCES:

Emily K. Oster

EMILY OSTER, FINANCE DIRECTOR

EXHIBIT A

3-37-7. Determination of uncollectable account; removal from accounts receivable.

If the finance officer of a municipality states:

A. the manner in which a utility account or any unsecured account has been incurred;

B. the efforts made to collect the utility account or unsecured account and to locate the debtor;

C. that the utility account or unsecured account has been uncollectable for a period of more than four years; and

D. that in his opinion the utility account or unsecured account is uncollectable, the governing body of a municipality may, by resolution, remove the uncollectable utility account or unsecured account from the list of accounts receivable of the municipality.

History: 1953 Comp.,§ 14-36-7, enacted by Laws 1965, ch. 19, § 1.

ANNOTATIONS

This procedure enables a municipality to adjust its financial books so as to reflect a more favorable financial picture. Presumably, if the uncollectible accounts were later shown to be collectible in some manner, the rights of the municipality would not have been extinguished by the removal procedure and the municipality could proceed to collect from the debtor unless it was barred by the statute of limitations. 1970 Op. Att'y Gen. No. 70-88.

EXHIBIT B

Business Associate Agreement
Between City of Santa Fe and Systems Design West, LLC

This Business Associate Agreement ("Agreement") between City of Santa Fe ("Covered Entity") and Systems Design West, LLC ("Business Associate") is executed to ensure that Systems Design West, LLC will appropriately safeguard protected health information ("PHI") and personally identifiable information ("PII") that is created, received, maintained, or transmitted on behalf of the City of Santa Fe in compliance with applicable federal, state, and local statutes, regulations, rules and policies—including but not limited to, the provisions of Public Law 104-191 of August 21, 1996, known as the Health Insurance Portability and Accountability Act of 1996, Subtitle F – Administrative Simplification, Sections 261, *et seq.*, as amended ("HIPAA"), and with the Public Law 111-5 of February 17, 2009, known as the American Recovery and Reinvestment Act of 2009, Title XII, Subtitle D – Privacy, Sections 13400, *et seq.*, the Health Information Technology and Clinical Health Act, as amended (the "HITECH Act").

A. General Provisions

1. **Meaning of Terms**. The terms used in this Agreement shall have the same meaning as those terms defined in HIPAA.

2. **Regulatory References**. Any reference in this Agreement to a regulatory section means the section currently in effect or as amended.

3. **Interpretation**. Any ambiguity in this Agreement shall be interpreted to permit compliance with HIPAA.

B. Catch-all Definition

The following terms used in this Agreement shall have the same meaning as those terms in the HIPAA Rules: Breach, Data Aggregation, Designated Record Set, Disclosure, Health Care Operations, Individual, Minimum Necessary, Notice of Privacy Practices, Protected Health Information, Required By Law, Secretary, Security Incident, Subcontractor, Unsecured Protected Health Information, and Use.

Specific definitions:

(a) Business Associate. "Business Associate" shall generally have the same meaning as the term "business associate" at 45 CFR 160.103, and in reference to the party to this agreement, shall mean Systems Design West, LLC.

(b) Covered Entity. "Covered Entity" shall generally have the same meaning as the term "covered entity" at 45 CFR 160.103, and in reference to the party to this agreement, shall mean the City of Santa Fe.

(c) HIPAA Rules. "HIPAA Rules" shall mean the Privacy, Security, Breach Notification, and Enforcement Rules at 45 CFR Part 160 and Part 164.

C. Obligations of Systems Design West, LLC

Systems Design West, LLC agrees to:

1. Use appropriate safeguards and comply, where applicable, with the HIPAA Security Rule with respect to electronic protected health information ("e-PHI") and electronic personally identifiable information ("e-PII") as well as implement appropriate physical, technical and administrative safeguards to prevent use or disclosure of PHI and PII other than as provided for by this Agreement;

2. Report to the Covered Entity any use or disclosure of PHI and PII not provided for by this Agreement of which it becomes aware, including any security incident (as defined in the HIPAA Security Rule) and any breaches of unsecured PHI and PII as required by 45 CFR §164.410. Breaches of unsecured PHI and PII shall be reported to the Covered Entity and affected parties without unreasonable delay but in no case later than 30 days after discovery of the breach;

3. In accordance with 45 CFR 164.502(e)(1)(ii) and 164.308(b)(2), ensure that any subcontractors that create, receive, maintain, or transmit PHI and PII on behalf of Systems Design West, LLC agree to the same restrictions, conditions, and requirements that apply to Systems Design West, LLC with respect to such information;

4. Make PHI and PII in a designated record set available to the Covered Entity and to an individual who has a right of access in a manner that satisfies the Covered Entity's obligations to provide access to PHI and PII in accordance with 45 CFR §164.524 within 30 days of a request;

5. Make any amendment(s) to PHI and PII in a designated record set as directed by the Covered Entity, or take other measures necessary to satisfy the Covered Entity's obligations under 45 CFR §164.526;

6. Maintain and make available information required to provide an accounting of disclosures to the Covered Entity or an individual who has a right to an accounting within 60 days and as necessary to satisfy the Covered Entity's obligations under 45 CFR §164.528.

7. To the extent that Systems Design West, LLC is to carry out any of the Covered Entity's obligations under the HIPAA Privacy Rule, Systems Design West, LLC shall comply with the requirements of the Privacy Rule that apply to the Covered Entity when it carries out that obligation;

8. Make its internal practices, books, and records relating to the use and disclosure of PHI and PII received from, or created or received by Systems Design West, LLC on behalf of the Covered Entity, available to the Secretary of the Department of Health and Human Services for purposes of determining Systems Design West, LLC and the Covered Entity's compliance with HIPAA and the HITECH Act;

9. Restrict the use or disclosure of PHI and PII if the Covered Entity notifies Systems Design West, LLC of any restriction on the use or disclosure of PHI and PII that the Covered Entity has agreed to or is required to abide by under 45 CFR §164.522; and

10. If the Covered Entity is subject to the Red Flags Rule (found at 16 CFR §681.1 *et seq.*), Systems Design West, LLC agrees to assist the Covered Entity in complying with its Red Flags Rule obligations by: (a) implementing policies and procedures to detect relevant Red Flags (as defined under 16 CFR §681.2); (b) taking all steps necessary to comply with the policies and procedures of the Covered Entity's Identity Theft Prevention Program; (c) ensuring that any agent or third party who performs services on its behalf in connection with covered accounts of the Covered Entity agrees to implement reasonable policies and procedures designed to detect, prevent, and mitigate the risk of identity theft; and (d) alerting the Covered Entity of any Red Flag incident (as defined by the Red Flag Rules) of which it becomes aware, the steps it has taken to mitigate any potential harm that may have occurred, and provide a report to the Covered Entity of any threat of identity theft as a result of the incident.

11. Comply with all current rules and regulations pertaining to the OIG Compliance Program for ambulance suppliers and special bulletin regarding LEIE recommended screening of employees and any subcontractors.

D. Permitted Uses and Disclosures by Systems Design West, LLC

Systems Design West, LLC may use or disclose PHI and PII as required by law and consistent with the Minimum Necessary standard—specifically, the use and disclosure of PHI and PII will be limited to the minimum necessary for accomplishing the intended purpose of the use and disclosure. The specific uses and disclosures of PHI and PII that may be made by Systems Design West, LLC on behalf of the Covered Entity include:

1. The preparation of invoices to patients, carriers, insurers and others responsible for payment or reimbursement of the services provided by the Covered Entity to its patients;

2. Preparation of reminder notices and documents pertaining to collections of overdue accounts;

3. The submission of supporting documentation to carriers, insurers and other payers to substantiate the healthcare services provided by the Covered Entity to its patients or to appeal denials of payment for the same; and

4. Other uses or disclosures of PHI and PII as permitted by HIPAA necessary to perform the services that Systems Design West, LLC has been engaged to perform on behalf of the Covered Entity.

E. Termination

1. The Covered Entity may terminate this Agreement if the Covered Entity determines that Systems Design West, LLC has violated a material term of this Agreement.

2. If either party knows of a pattern of activity or practice of the other party that constitutes a material breach or violation of the other party's obligations under this Agreement, that party shall take reasonable steps to cure the breach or end the violation, as applicable, and, if such steps are unsuccessful, terminate the Agreement if feasible.

3. Upon termination of this Agreement for any reason, Systems Design West, LLC shall return to the Covered Entity or destroy all PHI and PII received from the Covered Entity, or created, maintained, or received by Systems Design West, LLC on behalf of the Covered Entity that Systems Design West, LLC still maintains in any form. Systems Design West, LLC shall retain no copies of the PHI and PII. If return or destruction is infeasible, the protections of this Agreement will extend to such PHI.

THE CITY OF
SANTA FE

MEMORANDUM

DATE: December 2, 2025

TO: Mark Scott, City Manager
Emily Oster, Finance Director
Andy Hopkins, Budget
Erika Lujan, Grants Administrator

FROM: Toniette Candelaria-Martinez, Fiscal Administrator

VIA: Brian Moya, Fire Chief

SUBJECT: Ambulance Supplemental Payment Program

ITEM AND ISSUE:
Request for Approval of a Budget Amendment Resolution (BAR) to Allocate $158,624 as per the terms of the MOA between New Mexico Health Care Authority (HCA) and City of Santa Fe to pay Public Consulting Group the 14% contingency fee from 1000001.470400 to 1002001.510300:

From Line Items:

- 1000001.470400 $(158,624)

To Line Items:

- 1002001.510300 $158,624

BACKGROUND AND SUMMARY:
The Fire Department entered into Memorandum of Agreement with New Mexico Health Care Authority (HCA) to facilitate an Inter-Governmental Transfer (IGT) of funds for the purpose of participation in the New Mexico Ambulance Supplemental Payment Program (NM ASPP).

The NM ASPP is a state directed payment that assists in promoting the continued delivery of high-quality Emergency Medical Services (EMS) to Medicaid patients. The NM ASPP emergency ground ambulance services (EGAS) providers are paid a quarterly supplemental payment tied to actual utilization.

The City pays the IGT to HCA. HCA applies the funds as a grant share to draw down supplemental payment from Managed Care Organizations (MCOs)/Medicaid. The supplemental

payment then comes back to the City.

ACTION REQUESTED:
The Fire Department respectfully requests your review and approval.

MEMORANDUM OF AGREEMENT

THIS MEMORANDUM OF AGREEMENT (MOA) constitutes an agreement between the **New Mexico Health Care Authority (HCA),** and The **City of Santa Fe (Ambulance Services)**, collectively referred to as the "Parties," regarding the implementation of Ambulatory Supplemental Payment Program (ASPP).

I. DEFINITIONS

A. Intergovernmental Transfers or IGTs means transfers of funds from a non-Medicaid governmental entity (e.g., counties, hospital taxing districts, providers operated by state or local government) to the Medicaid agency. IGTs must be compliant with 42 CFR Part 433, Subpart B. In this MOA, the IGT Provider is the City.

B. Medicaid means the medical assistance program authorized by Title XIX of the Social Security Act, 42 US.C. §§ 1396 et seq., and regulations, as administered in New Mexico by the Agency

C. Agency means HCA.

II. GENERAL PROVISIONS

The IGT Provider and the Agency agree that the IGT Provider will remit IGT funds to the Agency in an amount not to exceed $871,970.20.

A. . The IGT Provider and the Agency have agreed that these IGT funds will only be used for the ASPP.

B. The IGT Provider will sign and return this MOA to the Agency.

C. The IGT Provider will pay IGT funds to the Agency in an amount not to exceed $871,970.20. The IGT Provider will transfer payments to the Agency in the following manner:
   i. The Agency will bill the IGT Provider when payment is due.
   ii. The IGT Provider and the Agency agree that the Agency will maintain necessary records and supporting documentation applicable to health services covered by this MOA in accordance with public records laws and established retention schedules.

III. AUDITS AND RECORDS

A. IGT Provider agrees to maintain books, records, and documents (including electronic storage media) pertinent to performance under this MOA in accordance with generally accepted accounting procedures and practices, which sufficiently and properly reflect all revenues and expenditures of funds provided.

Docusign Envelope ID: A8FA310F-3FDD-45A1-A626-4376CC33201A

B. IGT Provider agrees to assure that these records shall be subject at all reasonable times to inspection, review, or audit by state personnel and other personnel duly authorized by the Agency, as well as by federal personnel, if applicable.

C. IGT Provider agrees to comply with applicable public record inspection and retention laws.

IV. RETENTION OF RECORDS

A. The IGT Provider agrees to retain all financial records, supporting documents, statistical records, and any other documents (including electronic storage media) pertinent to performance under this MOA for a period of six years after termination of this MOA, or if an audit has been initiated and audit findings have not been resolved at the end of six years, the records shall be retained until resolution of the audit findings.

B. Persons duly authorized by the Agency and federal auditors will have full access to and the right to examine any records and documents from this MOA. The rights of access in this section will not be limited to the required retention period but will last as long as the records are retained. IGT Provider agrees to permit persons duly authorized by the Agency to inspect any records, papers, and documents of the IGT Provider which are relevant to this MOA.

V. ASSIGNMENT AND SUBCONTRACTS

The IGT Provider agrees to neither assign the responsibility of this MOA to another party nor subcontract for any of the work contemplated under this MOA without prior written approval of the Agency. No approval by the Agency of any assignment or subcontract will be deemed in any event or in any manner to provide for the incurrence of any obligation of the Agency in addition to the total dollar amount agreed upon in this MOA. All assignments or subcontracts shall be subject to the conditions of this MOA and to any conditions of approval that the Agency shall deem necessary.

VI. AMENDMENT

This MOA may only be amended upon a written instrument signed by the parties.

VII. ASSURANCES

A. IGT Provider confirms that there are no pre-arranged agreements (contractual or otherwise) between the respective counties, taxing districts, and/or the providers to re-direct any portion of these aforementioned supplemental payments in order to satisfy non-Medicaid, non- uninsured, and non-underinsured activities.

B. IGT Provider agrees the following provision will be included in any agreements between IGT Provider and local providers where IGT funding is provided pursuant to this MOA:

Docusign Envelope ID: A8FA310F-3FDD-45A1-A626-4376CC33201A

Funding provided in this agreement will be prioritized so that designated IGT funding must first be used to fund the Medicaid program and used secondarily for other purposes.

VIII. TERM

A. The duties under this MOA will be performed from January 1, 2024, through June 30, 2024, and this MOA terminates June 30, 2025, which includes the states certified forward period.

B. This MOA may be executed in multiple counterparts, each of which will constitute an original, and each of which will be fully binding on the party signing at least one counterpart.

Local Intergovernmental Transfers	
Program / Amount	
Estimated IGTs	$871,970.20
Total Funding Not to Exceed	$871,970.20

Docusign Envelope ID: A8FA310F-3FDD-45A1-A626-4376CC33201A

INTRODUCTION

The NM ASPP allows government-owned Emergency Ground Ambulance Services (EGAS) providers to access additional federal funds for provided and billed Medicaid Managed Care Organization (MCO) transports. The effective date of the NM ASPP is **1/1/2024**, allowing participating EGAS providers to claim allowable costs for the CY24 cost reporting period.

HOW IT WORKS

The NM ASPP requires participating providers to complete an annual cost report that includes an average cost per transport used to calculate the supplemental add-on rate paid to providers when billing Medicaid MCO patients. The cost report is used to determine eligibility for the NM ASPP.

Upon completion of the NM ASPP cost report containing an average cost per transport, an intergovernmental transfer (i.e., grant matching) will be issued to participating EGAS providers so that they may yield their supplemental payments. The supplemental payment process is summarized below.

1. NM EGAS providers provide and bill for Medicaid MCO transports.
2. NM Healthcare Authority (HCA) invoices participating NM EGAS providers for the state share of their supplemental payment.
3. HCA uses provider's grant matching funds to draw down matching federal funds.
4. Each provider's grant matching dollars are returned, along with the matching federal share funds.

NEXT STEPS

CY24 Cost Report Submission

The CY24 (1/1/24 – 12/31/24) cost report must be uploaded to the Myers & Stauffer (M&S) web portal by Friday, 5/31/25 @ 5PM MT. **PCG will submit all required documentation on your behalf.**

CY24 M&S Audit

Shortly after cost report submission, M&S will perform cursory audits on all submitted CY24 NM ASPP cost reports. **PCG will address any potential follow up questions on your behalf.**

CY24 Payment

Supplemental payment for this program will not occur until the Preprint is submitted by HCA and CMS approves. Payments will be administered through a grant matching process between the providers and HCA. The payments will come directly from the MCOs.

PCG will invoice you for our provided CY24 cost reporting services after you confirm you receive payments.

Subject: MOA with NM Health Care Authority

Hi Travis and Joann,

I just submitted this on SharePoint. I don't have the MOA back from Legal yet but they are moving forward without changes to the MOA.
HCA is waiting on City of Santa Fe to begin this program so I am working to move this a quick as possible.
I think I recall a conversation that Travis made his determination of Exempt Purchase but I cannot find an email from you on this.

Can you please return a written determination? Also wanted you all to get your eyes on this asap. I'll send the approved MOA from Legal as soon as I get it.
The spreadsheet attached is pertinent because it shows the City's obligation to participate as well as the return back from Medicare.

As usual, call anytime if you have questions.

Thank you,

Sten A Johnson

CITY OF SANTA FE

The Purchasing Memo

Date: December 23, 2025

To: Governing Body, Finance Committee, and Public Works & Utilities Committee

From: Daniel Garcia, Fire Fleet Manager Daniel Garcia

Via: Scott Ouderkirk, Interim Fire Chief SCOTT OUDERKIRK

Subject: Ferrara HD77 Ladder/Quint and equipment

Vendor Name: 411 Equipment LLC

Munis Vendor Number: 8725

ITEM AND ISSUE:

Fire Department respectfully requests your approval to purchase a Ferrara HD77 Ladder/Quint and equipment totaling $1,670,000.00 with 411 Equipment, LLC.

CONTRACT NUMBER:

NA – utilizing CES Contract #2024-25-C115-All.

BACKGROUND AND SUMMARY:

The City of Santa Fe Fire Department received a grant award (Item #25-0499, Appropriation #25-J3149) in the amount of $1,900,000.00 from The State of New Mexico, Department of Finance & Administration (DFA). Fire Department requests to purchase a new Ferrara HD77 Ladder/Quint and equipment. This new apparatus will replace the current aged-out unit which has high mileage due to heavy utilization in the field. The new apparatus will provide service to the City of Santa Fe. Fire Department will purchase the apparatus from 411 Equipment, LLC. located in Albuquerque.

FIRE APPARATUS PROPOSAL

A.C. Brian Moya

Santa Fe Fire Department

We hereby propose to furnish the following Ferrara HD77 Ladder/Quint and equipment, as described by the accompanying detailed specifications via our CES Contract #2024-25-C115-ALL. The apparatus and equipment will be delivered F.O.B., Santa Fe, NM within 410 calendar days from receipt of an order. Payment is due upon receipt of apparatus. The pricing in this proposal is valid through February 28, 2026 and may be extended, in writing, at the discretion of 411 Equipment LLC. I have attached a copy of our CES contract.

ITEM	DESCRIPTION	PRICE
1	CES-06 Ferrara HD77 Ladder on an Inferno Chassis, $1,883,402.00, Less Fleet Discount of ($203,402.00)	**$1,670,000.00**

Please let me know if you have any questions.

Thank you for the opportunity,

Pete Marquez, Jr,
General Manager/Owner

RE: Service Determination Request for Fire Dept Apparatus, Ladder 7

From DUTTON-LEYDA, TRAVIS K. <tkduttonleyda@santafenm.gov>
Date Thu 12/18/2025 5:03 PM
To CANDELARIA MARTINEZ, TONIETTE O. <tocandelariamartinez@santafenm.gov>; Procurement/Purchasing <ProcurementPurchasing@santafenm.gov>
Cc VELARDE, VICTORIA E. <vevelarde@santafenm.gov>; MOYA, BRIAN J. <bjmoya@santafenm.gov>

Greetings,
Based on the provided scope of work, it has been classified as General Services. This determination is solely focused on that classification and does not address whether the scope of work or procurement method complies with all relevant legal requirements. I reserve the right to modify this determination should the scope of work differ from what was originally submitted. The procurement must follow the processes and procedures established by the City of Santa Fe, Central Purchasing, the Procurement Manual, and applicable state statutes.
Please note:

- Save this email as a PDF and upload it into the corresponding packet and Munis records.
- Check with WorkQuest dba Horizons of New Mexico (vendor # 8673) (mloehman@horizonsofnewmexico.org) ***if*** this service appears on their approved list.
- If your request includes anything that needs to be reviewed and preapproved by another City Department/Division, please send the same SOW to the corresponding email address and include their response in your packet/Munis.
- If your request includes anything that needs to be reviewed and preapproved by another City Department/Division, please send the same SOW to the corresponding email address and include their response in your packet/Munis.
    - Treasury (Point of Sale Systems) – questions: drsena@santafenm.gov; clromero@santafenm.gov. Request signature from: clromero@santafenm.gov
    - IT components (everything IT) – questions: ereview@santafenm.gov. Request signature from: edcandelaria@santafenm.gov;
      Copy: zxdushdurova@santafenm.gov; lenobes@santafenm.gov; lfworstell@santafenm.gov
    - Vehicles – questions: fleet@santafenm.gov. Request signature from: dmjaramillo@santafenm.gov
    - Grants – questions: grants@santafenm.gov. Request signature from: evlujan@santafenm.gov
    - Construction, Facilities, Furniture, Fixtures, Equipment, etc. – questions: fmdreview@santafenm.gov. Request signature from: jsburnett@santafenm.gov
    - Emergency Related Purchases – questions oem@santafenm.govand. Request signature from: klmorgan@santafenm.gov
    - Asset over $5k – questions: accountspayable@santafenm.gov. Request signature from: jxbolden@santafenm.gov

- Ensure that the current and appropriate templates and forms are used, they can be found on the intranet https://intranet.santafenm.gov/finance_1 and OpenGov https://procurement.opengov.com/governments/1784201/projects and documented procedures/laws/rules are followed.
- > $20k per year, when processing this procurement, please ensure the procurement number issued by Munis and the procurement name are used in the appropriate documents and the subject of emails.
- If you are processing a procurement where the forecasted amount is =/> $60k, per NMSA 1978, Section 13-1-102, the procurement method must be ITB (if you choose not to use a cooperative or an existing contract). If you feel you need to process an RFP, you must get an Authorization and Plan approved before you process.
- < $20k per year, one quote is acceptable.
- From $20k to $60k per year, if you aren't using a cooperative or existing contract, you must provide 3 quotes in your req. Must use the Munis Bid Module, OpenGov, or Pavilion.
- **Identify your funding source and notify Purchasing.**
  It's essential to determine the funding source early, as it impacts the required documentation and contract language. For example, if federal funds are being used, specific federal provisions must be included in both the procurement request and the resulting contract. Notifying Purchasing of the funding source upfront ensures compliance and avoids delays.
- Follow the link below to review existing price agreements, contracts, or cooperative agreements that might be applicable to this request. You might be able to use an existing price agreement/contract to save time and money.
- Pavilion: Free Cooperative Contract Search for Governments (please work with Purchasing if you think you found an existing or cooperative contract that might work)
- Submit via **Submit Purchase Requests** or the appropriate email address:
- Determination requests to purchasing_det@santafenm.gov
- All other requests to purchasing@santafenm.gov

Thank you for submitting this scope of work for my review.

Book time to meet with me

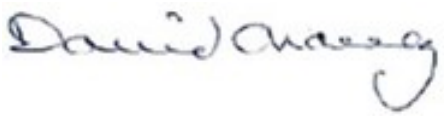
Contract Award Letter

May 22, 2024

411 Equipment LLC
1815 4th Street Northwest
Albuquerque, NM 87102

RFP NUMBER: 2024-25
RFP DESCRIPTION: Truck Bodies
CONTRACT NUMBER: 2024-25-C115-ALL
Category 1 - Lot 1 - Truck Bodies

Dear Procurement Partner



Cooperative Educational Services (CES) thanks you for responding to our 2024-25 solicitation. The responses have been reviewed and it is our pleasure to inform you that your company has been selected to provide the products and services indicated in your response.

The Contract, in conjunction with the Contract and RFP documents, constitute the Agreement between the parties. Please retain all documents for your records. This Indefinite Delivery and Indefinite Quantity contract, as defined in NMSA 13-1-63; beginning May 22, 2024 and expiring May 21, 2028, pursuant to 13-1-150 NMSA.

It is the vendor's responsibility to keep pricing up to date throughout the life of the contract.

Sincerely yours,

Cooperative Educational Services

David Chavez
Executive Director, Chief Procurement Officer
Office: 505.344.5470

ACCEPTANCE OF PROPOSAL AND OFFER
AND CONTRACT AWARD

RFP NUMBER: 2024-25
RFP DESCRIPTION: Truck Bodies
CONTRACT NUMBER: 2024-25-C115-ALL
Category 1 - Lot 1 - Truck Bodies

CONTRACT

This contract award is being made by Cooperative Educational Services ("CES"), 10601 Research Rd. SE, Albuquerque, New Mexico 87123 effective this 22nd day of May 2024, to 411 Equipment LLC, with its principal office located at 1815 4th Street Northwest, Albuquerque, NM 87102, pursuant to the above referenced CES conducted Request for Proposal ("RFP") or Request for Bids ("RFB") procurement, and Contract Holder accepts the award and enters into this contract pursuant to the following terms and conditions.

RECITALS

Cooperative Educational Services (CES) is a cooperative procurement agency created by a Joint Powers Agreement as authorized by Section 11-1-1, et. seq., N.M.S.A., 1978, and Section 13-1-135 and procures tangible personal property, services and construction services ("Products, Services and/or Construction Services") pursuant to the New Mexico Procurement Code for the benefit of its Members and Participating Entities. The Members consist of public educational institutions in New Mexico that are signators to a Joint Powers Agreement establishing CES as their procurement agency. The Participating Entities are governmental and 501(C) (3) organizations that have entered into Participating Entity Agreements with CES which allow them to take advantage of the procurement efforts of CES.

The undersigned ("Contract Holder") has successfully responded to a RFP or RFB published by CES in accordance with the Procurement Code, (13-1-103, 111, 112), and Contract Holder is being awarded this RFP or RFB contract by CES which allows Contract Holder to offer Products, Services and Construction Services in accordance with the terms and conditions set forth herein and in the RFP or RFB documents and this contract award.

CONTRACT TERMS

1. The initial contract term shall be from the effective contract award date May 22, 2024 through May 21, 2028. CES reserves the right to renew the Contract through a written amendment signed by all required signatories, but in any case, the Contract shall not exceed the total number of years allowed pursuant to NMSA 1978 13-1-150. CES reserves the right to offer month-to-month extensions if it is determined by CES to be in the best interest of CES Members/Participating Entities

2. Contract Holder agrees and acknowledges that the contract terms and provisions are those contained in the above referenced RFP or RFB and agrees to furnish all Products, Services and/or Construction Services in compliance with all terms, conditions, specifications of and amendments to this RFP or RFB. Contract Holder understands that his obligations under this RFP or RFB contract extend to CES Members and Participating Entities who are third party beneficiaries of

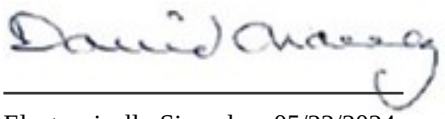
this RFP or RFB procurement process. The Members/Participating Entities may negotiate with Contract Holder certain additional terms and conditions relating to the scope of services and other performance details. However, the terms and conditions of the RFP or RFB may not be altered or amended except with the approval of CES and in accordance with the State Procurement Code.

3. Contract Holder acknowledges and agrees that CES' purpose and function is to act as a cooperative procurement agent on behalf of its Members and Participating Entities so that they may take advantage of these procurement efforts. CES does not have any subsequent responsibility relating to the quality and fitness of any Products, or the performance of any Services and Construction Services by Contract Holder. Any purchase orders placed by a CES Member or Participating Entity with Contract Holder directly or through CES and any resulting contract between the Contract Holder and a CES Member or Participating Entity do not create any additional obligations on the part of CES.

4. For transactions which involve CES transmitting purchase orders from a Member/Participating Entity to Contract Holder, CES volunteers to act as a payment facilitator to make payments to Contract Holder with funds transferred to CES by the Member/Participating Entity in accordance with Member/Participating Entity's written instructions and to provide an accounting of all monies paid or received by CES pursuant to this Agreement. CES also volunteers to provide informal mediation services between Contract Holder and Member/Participating Entity in the event any dispute arises between them.

5. Contract Holder understand and agree that upon CES' receipt of funds from the Member/Participating Entity, CES has no right or authority to thereafter apply those funds to any purpose other than as instructed by Member/Participating Entity. CES shall incur no liability to Contract Holder except for liability arising from CES' own gross negligence or willful misconduct, to the extent allowed by New Mexico law. Through this procurement process, Contract Holder is authorized to provide the described Products, Services or Construction Services. CES has no obligation or right to involve itself with the manner or method by which Contract Holder provides these Products, Services or Construction Services.

6. To the extent allowed by New Mexico law, Contract Holder agrees to hold CES harmless from all costs, expenses, attorney fees and judgments based upon claims between a Member/Participating Entity and Contract Holder in connection with the specified Products, Services or Construction Services provided by Contract Holder



7. Contract Holder agrees that it will not assert any claim against CES in the event that a dispute arises regarding the alleged failure of Contract Holder or a Member/Participating Entity to perform as provided for in the RFP or RFB documents, any purchase order or other contract between Contract Holder and a Member/Participating Entity. This does not include claims against CES based upon the alleged gross negligence or intentional acts of CES.

8. Any liability incurred in connection with this Agreement shall be subject to the immunities and limitations of the New Mexico Tort Claims Act, §§ 41-4-1 et seq, NMSA 1978, as amended.

The Recitals are incorporated herein as contract terms.

Agreed effective the above date.

GENERAL SCOPE OF WORK AND SPECIFICATIONS

PART I INTRODUCTION

A. GENERAL

The purpose of this Request for Proposal is to solicit sealed proposals to establish, through competitive public solicitation and negotiation, a multi-year cooperative contract, or contracts, between Cooperative Educational Services (CES) and the successful Offeror(s).

In order to assist CES Members or Participating Entities which consist of over 440 educational and governmental entities in New Mexico, CES is seeking proposals from Offeror(s) who have the experience and can provide all types of truck bodies for Class 1 to Class 8 truck chassis and cutaway van; parts and accessories; maintenance and repair services; and warranty service and repairs.

It is the intent of CES to establish a contract with multiple vendors who can supply the desired items and services listed above and throughout this Scope of Work, for direct purchase, and as needed. All vehicles and services are to be supplied according to industry standards, according to the material manufacturers' recommendations and to the satisfaction of CES' Membership. Selected Contractors shall provide the items, and/or services as requested by the Member's Representative or their designee. CES or its Membership offers no guarantee of products or services to be purchased under the Contract.

B. NOTICE

If practicable, CES intends to make multiple awards for sufficient coverage statewide. Price agreements` term, resulting from this RFP, are pursuant to New Mexico Procurement Code, NMSA, 1978, 13-1-150.

This is an open-ended RFP. At the discretion of CES, the RFP may remain open for accepting additional proposals after a source award or multiple source awards are made to allow CES to make additional source awards if CES determines in accordance with ¶13-1-154 NMSA 1978 that such additional awards are necessary to fully meet CES member or participating entity service or economy needs identified by CES prior to a source award(s) or identified after a source award(s) is made. Any new Offeror may not have access to any RFP documents submitted by another Offeror or to documents involved in the rating or ranking process of Offerors, as this would negate the open and fair competition process. Offerors that submitted a proposal for this RFP event and did not receive a recommendation for award may not submit a new proposal for the same RFP event. New proposals will be evaluated as prescribed in the original RFP and evaluated against all other RFP proposals. Any new source awards will be aligned with the contract end date of the original source awards. CES reserves the right to terminate the opportunity for submittal of additional offers at any time prior to the original contract award expiration date.

C. DEFINITIONS

Class: GVWR class ratings. “Light Duty Class” trucks and vans are: Class 1: 0 to 6000#; Class 2: 6001 to 10000#; "Medium Class" trucks are: Class 3: 10001-14000#; Class 4: 14001-16000#; Class 5: 16001¬19500#; Class 6: 19501-26000#. "Heavy Class" trucks are: Class 7: 26001-33000#; Class 8: over 33000#.
Dealer Prep: An amount or fee that the dealer charges to receive and prepare the purchase vehicle fordelivery to the customer.
EPA: Environmental Protection Agency
Factory Invoice: The actual invoice the manufacturer sends to the dealer for the vehicle.
FMCSR: Federal Motor Carrier Safety Administration
FMVSS: Federal Motor Vehicle Safety Standards
GVWR: Gross Vehicle Weight Rating; the maximum allowable weight of the fully loaded vehicle, permanufacturer, including liquids, passengers, cargo, and the tongue weight of any towed vehicle.
Insurance Institute for Highway Safety (IIHS): Tests new models by crashing them into an energy-absorbing, deformable barrier at 40 mph.
Manufacturer’s Suggested Retail Price (MSRP): The retail price of the new motor vehicle suggested by the manufacturer, including the retail delivered price for each accessory or item of optional equipment physically attached to the new motor vehicle at the time of delivery to the new motor vehicle dealer thatis not included in the retail price suggested by the manufacturer for the new motor vehicle.
National Highway Traffic Safety Administration (NHTSA): A federal agency that regulates safety featuresof vehicles and that crash tests new cars for front impact into a flat, rigid barrier at 35 mph, and side impact with the test car traveling 17 mph being hit broadside by another car traveling 34 mph.
NMDOT: New Mexico Department of Transportation
NMMVD: New Mexico Motor Vehicle Department
OEM: The original equipment manufacturer
Wholesale Price: The cost of the vehicle to the dealer minus the holdback, any factory incentives andrebates.
49CFR393: Parts and Accessories Necessary for Safe Operation
49CFR571: Federal Motor Vehicle Safety Standards

PART II SCOPE OF WORK AND SPECIFICATIONS

CES is seeking proposals from Offeror(s) who have the experience and can offer the products and services listed throughout this RFP, which can be configured and equipped to meet individual CES Members or Participating Entities’ needs.

The standards and specifications provided below are intended to establish minimum requirements for the Offeror and provide a general overview of the quality and type of products and services being requested. Always use the latest up to date versions of a standard, code, or specification.

A. GENERAL REQUIREMENTS

1. The Contractor is responsibility to keep current all required New Mexico Motor Vehicle Division licensing requirements during the term of the contract, and to furnish license copies at any time on request by CES, its Members or Participating Entities. If Contractor does not maintain current any required New Mexico Motor Vehicle Division licensing requirements, CES reserves the right to immediately terminate the contract.

2. All bodies shall be the new.
3. The Offeror will demonstrate that its facility(s) possesses the resources to supply and support the vehicles offered under this solicitation.
4. All billings and invoices must identify the CES purchase order number, complete description of vehicle with all associated options being billed, and include the name of the vehicle, model number and vehicle identification number.
5. The contractor shall include a copy of any manufacturers' order guide with this proposal. Upon request, the dealer will provide a copy of the order guide to any CES Member or Participating Entity wishing to purchase a vehicle.
6. The prices for all bodies shall be F.O.B. the Offeror's dealership, or any location within 100 miles of the dealership.
7. The Offeror will furnish a complete set of specifications for all bodies offered that include all weights, heights, widths, etc. and other information to assist in the evaluation process.
8. It shall be the responsibility of the Offeror to assure that all recall notices and other technical service bulletins or notifications from the factory are sent directly to the CES Member or Participating Entity in a timely manner.
9. All optional equipment and accessories shall be original equipment from the body manufacturer, or third party authorized by the body manufacturer and installed at the factory or by the dealer.
10. Any dealer provided option must be priced separately and may only be included if specifically ordered by the CES Member or Participating Entity. Under no conditions may a CES Member or Participating Entity be charged additional costs for items such as conveyance or document fees, or advertising surcharges.

B. DELIVERY

1. All bodies ordered must be delivered within 5 days of the quotes delivery date that has been accepted by a CES Member or Participating Entity. If a vehicle is delayed beyond the original quoted date, or if the delayed delivery is beyond the fiscal year (ending June 30th), CES with the agency approval, reserves the right to cancel the purchase order and the member agency will be under no obligation to select a different vehicle if the vendor is unable to deliver on time.
2. In the case of a delay, CES Member or Participating Entity needs to be notified within five (5) business days of notice from the manufacturer to Offeror. The CES Member or Participating Entitywill notify CES and the Offeror within seven (7) business days whether to proceed or cancel the order. CES, CES Member or Participating Entity will be under no obligation to select a different vehicle if the order is cancelled or to select a different vehicle if the contractor is unable to deliveron time.
3. All deliveries will be made Monday through Friday during normal business hours. Vendor will contact the CES Member or Participating Entity 72 hours prior to delivery to schedule a delivery time, location and date.
4. Offeror will provide owners with two (2) complete sets of operations and parts manuals and one (1) operational and parts manual in electronic format on CD-R, CD-RW, DVD-R or DVD-RW. If safety videos and handbooks are available, two (2) sets will be provided to the member at no coston CD-R, CD-RW, DVD-R or DVD-RW.
5. If required, Manufacturer's Certificate of Origin (MCO) or Manufacturer's Statement of Origin (MSO) needs to be provided to CES Member or Participating Entity after the Offeror receives payment from CES. All documents must show the legal name of the CES Member or ParticipatingEntity.

C. PRE-DELIVERY SERVICE

Each unit shall be DOT inspected and include the appropriate documentation and decal. In addition, each unit shall be equipped with the required fire extinguisher and reflective triangle kit.

1. Complete lubrication
2. Checking of all fluid levels to ensure that they are filled to manufacturers' specifications.

D. VEHICLE INSPECTION

1. Prior to acceptance by the ordering agency, each vehicle shall be subject to a complete inspection by CES Member or Participating Entity.
2. Inspection shall include, but not necessarily be limited to, conformity to the specifications, mechanical integrity, quality or workmanship and materials, and appearance defects.
3. If a body fails inspection, corrections shall be made within seven (7) calendar days or time as mutually agreed to by the CES Member or Participating Entity and contractor. After corrections are made, the normal inspection time will start fresh. All corrections shall be made without any inconvenience to CES Member or Participating Entity.

E. WARRANTY

1. At the minimum, warranties shall be the manufacturer's standard new vehicle warranty. All warranties shall begin when the vehicle is placed in service. It shall be the responsibility of the ordering CES Member or Participating Entity to notify the contractor when a vehicle is actually put in service.

F. EXTENDED WARRANTY OPTIONS

1. Offeror is encouraged to offer extended warranties for all major mechanical, electrical and electronic components to cover the member after the standard warranty has expired.
2. The terms, conditions, stipulation, exceptions, limitations and warrantee periods will be clearly identified.
3. The Offeror must provide all warrantee work, ongoing maintenance, have an inventory of parts and have access to specialized or custom parts within 72 hours.
4. The term of a warranty is extended by any period of time during which repair services are not available to the CES Member or Participating Entity because of any war, invasion, strike, fire, flood or other natural disaster.

G. SAFETY

1. The Offeror will provide, at no charge to the Member/Participating Entity, MSDS information providing asbestos content of friction materials (brake pads, brake shoes, clutch discs, etc.), upon request.
2. All bodies offered shall comply with most current for FMVSS standards if applicable.

H. EXTENDED WARRANTY OPTIONS

1. Offeror is encouraged to offer extended warranties for all major mechanical, electrical and electronic components to cover the member after the standard warranty has expired.
2. To cover parts, labor, and towing.

3. To include maintenance service plans.

4. The terms, conditions, stipulation, exceptions, limitations and warranty periods will be clearly identified.
5. Warranty and all terms, conditions, stipulation and warranty periods will be clearly identified to the CES Member or Participating Entity.

I. BODIES AND UTILITY BED OPTIONS

1. The Offeror is encouraged to propose a full line of bodies for various members' operations.
2. May include, but not be limited to: Stake beds, flatbed, box bodies, dump beds, lift beds, lift gates, rear and side loader garbage truck bodies, roll-off bodies, miscellaneous trash truck bodies, tanks bodies, component body, service bodies, van bodies, haulers, service and utility bodies landscaper, refuse bodies all types, mounted cranes or booms, refrigerated bodies, brush truck, custom designed bodies or bed, etc.
3. Third-party equipment is permitted, and factory or dealer installed is preferred.
4. Bodies or utility beds offered may be hydraulically, mechanically, and/or electrically operated, powered by the vehicle's electrical supply, a power-take-off (PTO), independent or separate power source. PTO's shall be installed in accordance with vehicle manufacturer's recommendations.
5. In the event the factory installed vehicle electrical system requires modifications/upgrades to provide power to the optional utility bed, installing dealer shall ensure modifications/upgrades will be in accordance with the vehicle manufacturer's specifications, and not void the manufacturer's warranty.
6. Must be securely fastened to the basic vehicle structure and bolted securely through chassis rail flange as per chassis manufacturer design specifications.
7. Bodies shall not exceed the manufacturer's vehicle load recommendations or the gross vehicle weight rating (GVWR). The factory-installed vehicle braking system shall meet or exceed the US Department of Transportation (USDOT) and New Mexico Department of Transportation (NMDOT) stopping requirements for the total vehicle GVWR.
8. All options provided shall comply with USDOT and NMDOT requirements for width, height, weight, lighting, safety, and other requirements for operation on city, and county roads, and state and federal highways. Vendor agrees to consult and provide CES Member or Participating Entity requirements and specifications for bed and options to comply with USDOT and NMDOT requirements.
9. Dealer shall supply to the CES Member or Participating Entity any USDOT and/or NMDOT certificates stating compliance for the vehicle, and/or utility bed installed on the vehicle, if applicable and/or required for registration and use on highways.
10. Upon request by the CES Member or Participating Entity prior to vehicle delivery, the dealer will assist in obtaining, or provide service to obtain any required vehicle inspections. Vehicle shall pass all required inspections prior to passing of vehicle title to CES Member or Participating Entity.
11. Optional Equipment can be offered to include but not limited to wet kits, refuse containers, roll- off containers, tarp systems, snowplows, salt spreaders, lift gates, GPS tracking systems, in vehicle monitoring systems, winches, custom fabrication, metal work services, various type containers for trash pickup, etc.
12. Each equipment shall be a new and currently advertised model of the manufacturer's latest design, equipped with all standard component items identified in the manufacturer's description and specification publications, whether or not specifically requested and except where optional components are specified herein.
13. Manufacturer's Standard Equipment: All equipment and components listed as standard by

the manufacturer for models offered shall be furnished.

14. Manufacturer's Specification: Complete manufacturer's specification, published literature, and photos or illustrations of units proposed should be furnished with your proposal. Only new models in current production and in service that are catalogued by the manufacturer, and forwhich printed literature and specifications are available will be accepted.
15. Hose And Wiring Routing, Hardware Requirements: All hoses and wiring shall have adequate protective covers wherever there is a possibility of contact with any other components. Separators shall be used where applicable. No tape or adhesive fasteners will be accepted. All hoses, wiring and pipes shall be routed to be clear of all heat sources and shall be protected fromany present or potential source of snags, abrasions or sharp edges. If any wiring for any lamps is routed through any tool compartment or canopy, these wires shall be enclosed. All fasteners (nuts,bolts, rivets & etc.) shall be per manufacturer specification with a rust inhibiting coating.

J. WELDING

1. All welding shall be continuous where applicable. All welding shall be performed in accordance with the applicable requirements of the latest codes, rules or specifications of the American Welding Society, (AWS).

K. Furnish two (2) complete sets of Operator, Parts, and Technical manuals including electrical wire diagrams.

L. BACK-UP WARNING DEVICE

1. Shall be waterproof that is readily audible outside each vehicle when the transmission is in reverse.
2. A rear obstacle detection system can be offered.

M. BUMPERS

1. The front bumpers shall be OEM standard design.

N. BODY

1. Corrosion Protection: Per OEM manufacturer's specifications.

O. EXTERIOR LIGHTING

1. All lights for taillights, brake light, turn signal, back-up, collision avoidance lights and clearance marker lights shall be Light Emitting Diode (LED).

P. PAINT AND TRIM

1. Color shall be standard colors offered from the OEM manufacturer. Custom paint colors can be Offeror as an option.
2. All exterior surfaces shall be smooth and free of wrinkles and dents.
3. Exterior surfaces to be painted shall be properly prepared as required by the paint system supplier.

4. Drilled holes and cutouts in exterior surfaces shall be made prior to cleaning, priming and painting to prevent corrosion.
5. To the degree consistent with industry standards for commercial vehicle finishes, painted surfaces shall have gloss and orange peel shall be minimized.
6. All exterior finished surfaces shall be impervious to diesel fuel, gasoline and commercial cleaning agents.
7. Paint shall be applied smoothly and evenly with the finished surface free of dirt and the following other imperfections:
   a. Blisters or bubbles appearing in the topcoat film
   b. Chips, scratches, or gouges of the surface finish
   c. Cracks in the paint film
   d. Craters where paint failed to cover due to surface contamination
   e. Over spray
   f. Peeling
   g. Runs or sags from excessive flow and failure to adhere uniformly to the surface
   h. Chemical stains and water spots

Q. SAFETY EQUIPMENT

1. Shall at the minimum comply with FMVSS.

R. LICENSE PLATES

1. Provisions shall be made to mount standard size U.S. license plates per SAE J686 on the rear of the body if applicable.

S. OPTIONAL EQUIPMENT AND FEATURES

1. The Offeror is to provide a list of optional equipment and features that can be offered to customize the body to meet the CES Members or Participating Entities needs, such as hydraulic and electric gate lifts, ramps, tow hooks, generators, lift buckets, power take off unit (PTO), ladder racks, wet unites, fire truck bodies, etc.
2. The Offeror will need to provide details on the process that will be used by CES Members or Participating Entities to identify the optional equipment and features and how they will be implemented in to the design of the vehicle.

T. REPLACEMENT PARTS

1. OEM or aftermarket parts approved by the OEM.
2. If aftermarket parts are provided for warranty repair, they must not void the manufactures warranty.

U. SERVICES

1. Repair, maintenance and warranty repair services may be offered. Body repair services are requested. Specialty repairs may be performed by an authorized sublet repair facility.

V. USED BODIES

1. Used bodies may be offered under solicitation. Pricing shall be based upon Dealer acquisition price + cost to comply to Federal and NMDOT safety standards + body service

+transportation + dealer markup not to exceed a maximum of XX.XX% to arrive at Selling Price

2. According to the requirements for 13-1-155 A NMSA 1978, any used item of "… tangible personal property the estimated cost of which exceeds five thousand dollars ($5,000), …" requires at a minimum "… a written warranty for at least ninety days after date of delivery and an independent "certificate of working order" by a qualified mechanic or appraiser."
3. contract shall have only ASE-Certified Master Truck Equipment Technicians, or at a minimum, a technician with prior medium-heavy duty truck/bus experience in air brake systems, steering and suspension, to repair vehicles.
4. Warranty repairs shall only be performed by manufacturer authorized repair facilities for vehicles and/or optional installed equipment.
5. Tire repair and maintenance services may include, but not be limited to: balancing, re-grooving, rotating, patching, tube replacement, wheel stud replacement, etc.

W. TRAINING

1. Training for maintenance staff on the proper service and repair of the vehicle and body.
2. Training for drivers on the proper and safe operation of the vehicle and body with special emphasis on how the emission control's function.

X. PUBLICATIONS AND PRINTED MATERIALS:

1. Each vehicle will have a complete set of operation, and warranty publications. The following shall be provided at time of delivery:
   a. Operation Manual: A complete operations manual and troubleshooting guide with a detailed manufacturer's parts list that covers the conversion features on the vehicle as listed in this specification. The manual will provide complete, comprehensive instructions to include but not limited to air conditioning systems, tie downs, heater, emissions, engine operations, lights, radio, wiring diagram and body modifications, accessories and related equipment.
   b. A complete schematic diagram of all hydraulic lines, air lines and electric circuits.
   c. Warranty Information: Each vehicle will have a published listing of contractor warranty repair locations, including address, telephone number, and contact name.

Y. ADDITIONS TO THE SCOPE OF WORK

Offerors who receive a contract as a result of this solicitation, and through the duration of the contract, may propose vehicles, equipment, products, and related services that were either inadvertently left out of this RFP, or are new technology. Such proposed items shall be submitted to CES for review and must remain consistent with the spirit of the RFP. Items approved shall be added to the contract through an amendment, mutually agreed upon by all parties to the contract.

Omissions in this proposal of any provision herein described shall not be construed as to relieve the vendor of any responsibility or obligation to the complete and satisfactory delivery, operation, and support of any and all equipment or services.

ATTACHMENT B
TO
ACCEPTANCE OF PROPOSAL AND OFFER
AND CONTRACT AWARD

PRICING

All pricing including updates/changes must be uploaded through the vendor portal in the eProcurement System for review and approval by CES.

A Price List/Pricing: The Offeror will upload through the vendor portal electronic copies of or provide electronic access to the approved current price list(s) for products and services offered under this solicitation (RFP) upon execution of this contract. The Offeror must keep current all pricing for any contract issued as a result of this solicitation. Should the Offeror fail to update pricing with CES, the Offeror shall honor their pricing on file with CES at the time of their quote submittal to the CES Member/Participating Entity. Discounts off the current price list are permitted and must remain firm throughout the life of the contract. Discount off list price must be clearly noted in the price quote to the member. All pricing must include the CES administration fee.

B New Technology and Products: New products or related services announced by manufacturer and/or Contractor may be added to this existing contract. Pricing shall be equivalent to the percentage discount of other product(s); is substantially superior to the original product(s) offered; is discounted in a similar or to a greater degree; and if the product(s) meet the requirements of the original RFP. No products may be added to avoid competitive procurement procedures. CES is responsible for approving any product, service or technology for this contract. CES can reject any approved additions, any new product, service or technology for this contract, without cause.

C Price Quote/Proposal: When preparing a quote/proposal under a CES awarded contract, the Offeror must clearly identify and break out quantities, descriptions, supplies, materials, equipment and services into individual line items as they appear on the Offeror’s awarded price schedule or pricing methodology. At a minimum all quotes or proposals shall include the following: description, “hourly labor rate or the list/catalog unit price”, “the per cent discount offered” and the final “CES price”. All stated prices must include the CES one point two five percent (1.25%) administrative fee. Shipping/Freight costs and the New Mexico Gross Receipts Tax as applicable must be stated in separate lines.

D Price Reduction, Promotional and Special Pricing: A price reduction can be offered at any time and will become effective upon approval by CES. CES reserves the right to approve or disapprove such requests.

E Price Increases: Anytime during the life of the contract, pricing can be updated (increased/decreased) with proper justification letter from the manufacturer or distributor thereof and will become effective upon approval by CES. CES reserves the right to approve or disapprove

such requests.

F Price Surcharges: Depending on current market conditions, surcharges may apply as approved by CES.

NEW MEXICO CAPITAL OUTLAY GRANT AGREEMENT
CAPITAL APPROPRIATION PROJECT

THIS AGREEMENT is made and entered into by and between the State of New Mexico, Department of Finance & Administration, 407 Galisteo Street, Santa Fe, NM 87501, ("**Department**") and the City of Santa Fe, ("**Grantee**") (individually "**Party**" and collectively "**Parties**"). This Agreement shall be effective as of the date the Department executes it ("**Effective Date**").

WITNESSETH

WHEREAS, in the Laws of 2025, Chapter 159, Section 494, Paragarph 33, the Legislature made an appropriation to the Department, funds from which the Department is making available to the Grantee pursuant to this Agreement; and

WHEREAS, the Department is granting to Grantee, and the Grantee is accepting the grant of funds from this appropriation, in accordance with the terms and conditions of this Agreement;

NOW, THEREFORE, in consideration of the mutual covenants and obligations contained herein, the parties hereby mutually agree as follows:

AGREEMENT

I. PROJECT DESCRIPTION, GRANT AMOUNT, AND REVERSION

A. **25-J3149** ("**Project**") 6/30/2027 ("**Reversion Date**"). Laws of 2025, Chapter 159, Section 49433, One Million Nine Hundred Thousand Dollars and No Cents, $1,900,000.00, to purchase and equip a ladder truck for the fire department in Santa Fe in Santa Fe county;.

B. Grantee's total reimbursements shall not exceed $1,900,000.00 One Million Nine Hundred Thousand Dollars and No Cents, ("**Appropriation Amount**") minus the allocation for Art in Public Places ("**AIPP amount**"), if applicable, $0.00 No Dollars and No Cents, which equals $1,900,000.00 One Million Nine Hundred Thousand Dollars and No Cents ("**Adjusted Appropriation Amount**").

C. In the event of a conflict among the Appropriation Amount, the Reversion Date, as defined herein and/or the purpose of the Project, as set forth in this Agreement, and the corresponding appropriation language in the laws cited above in this Article I, the language of the laws cited herein shall control.

The information contained in Article I is referred to collectively as the "**Project Description**."

II. DISBURSEMENT LIMITATION

A. Upon the Effective Date, the Grantee shall submit to the Department a comprehensive procurement plan and expenditure plan, detailing a Project timeline with milestones, required procurements, and identifying expected expenditures per milestone (collectively, "**Project Budget**"). The Department shall review and approve the Project Budget by approving a Notice of Department's Obligation ("**Notice of Obligation**"), in accordance with the Project Description, a

Docusign Envelope ID: B69E7954-A830-4D78-AF50-806A2ADA6A8E

sample of which is attached hereto as **Exhibit B** and incorporated herein by reference. After receipt of approved Notice of Obligation, the Grantee may be reimbursed for allowable costs up to the Adjusted Appropriation Amount. This Agreement and any reimbursements up to the Adjusted Appropriation Amount are expressly conditioned upon the following:

a. Irrespective of any Notice of Obligation, Grantee's expenditures shall be made in accordance with the Project Budget, on or before the Reversion Date and/or, if applicable, any Early Termination Date; and
b. The total amount received by Grantee shall not exceed the lesser of:
    i. the Adjusted Appropriation Amount identified in Article I (B) herein; or
    ii. the total of all amounts stated in the Notice(s) of Obligation evidencing the Department has received and accepted Grantee's Third Party Obligation(s); and
c. Grantee's expenditures are made and accounted for pursuant to the State Procurement Code, State's Model Accounting Practices, and execution of binding written obligations or purchase orders with third-party contractors or vendors for the provision of services, including professional services, or the purchase of tangible personal property and real property for the Project ("**Third Party Obligations**"); and
d. Grantee's submittal of timely Requests for Payment and supporting documentation in accordance with the procedures set forth in this Agreement; and
e. In the event capital assets acquired with Project funds are to be sold, leased, or licensed to or operated by a private entity, the sale, lease, license, or operating agreement:
    i. must be approved by the applicable oversight entity (if any) in accordance with §§ 13-6-2, 13-6-2.1, and 13-6-3; or
    ii. If no oversight entity is required to approve the transaction, the Department of Finance and Administration's Infrastructure Planning Development Division (IPDD) must approve it as complying with the law.

B. Prior to the sale, lease, license, or operating agreement being approved pursuant to Articles II(A)(e)(i) or (ii) herein, the Department may, in its sole and absolute discretion, unless inconsistent with State Board of Finance imposed conditions, reimburse Grantee for necessary expenditures incurred to develop the Project sufficiently to make the sale, lease, license, or operating agreement commercially feasible, limited to planning and design expenditures; and

C. Grantee's submission of documentation of all Third Party Obligations and amendments thereto (including terminations) to the Department and the Department's issuance of a Notice of Obligation for a particular amount in accordance with the terms of this Agreement shall be governed by the following:

a. Grantee is authorized to budget the particular amount set forth in the Notice of Obligation, execute the Third Party Obligation, and request the Third Party to begin work after issuance of a Notice of Obligation by the Department.
b. Grantee acknowledges and agrees that any Third Party Obligations agreed to prior to receiving a Notice of Obligation are its sole responsibility.
c. Grantee shall submit to the Department one copy of all Third Party Obligations and amendments thereto (including terminations) as soon as possible after execution by the Third Party but prior to execution by the Grantee.
d. Department may, in its sole and absolute discretion, issue a Notice of Obligation for the particular amount of a Third Party Obligation that only obligates the Department to

Docusign Envelope ID: B69E7954-A830-4D78-AF50-806A2ADA6A8E

reimburse Grantee's expenditures made on or before the Reversion Date or an Early Termination Date. The current Notice of Obligation form is incorporated herein and attached hereto as **Exhibit B**.

D. Grantee shall provide all necessary qualified personnel, materials, and facilities to implement the Project. The Grantee shall finance its share (if any) of the costs of the Project, including all Project overruns.

E. Prior to entering into this Agreement, the Department conducted a risk assessment on the Grantee and a project readiness review for the Project. In accordance with State Model Accounting Practices, FIN 9.2, if the Department determines that the expenditure of Project funds by the Grantee requires special conditions, those conditions are identified and listed in **Exhibit C**, which is attached and incorporated by reference. The Parties agree that, to the extent the Department, in its sole and absolute discretion, determines additional special conditions are necessary or that existing special conditions are no longer required, it may update **Exhibit C** from time to time without the need for a formal amendment of this Agreement.

F. Project funds shall not be used for purposes other than those authorized by the Department in accordance with the Project Description.

G. Project funds cannot be used to reimburse the Grantee for indirect Project costs unless specifically allowed by law.

III. NOTICES

The following provisions shall apply whenever written notices, including written decisions, are to be given or received related to this Agreement.

A. The Grantee designates the person(s) listed below, or their successor, as their official representative(s) concerning all matters related to this Agreement:

Grantee: City of Santa Fe
Name: Alan Webber
Title: Mayor
Address: PO Box 909, Santa Fe, NM 87504
Email: mayor@santafenm.gov
Telephone: 505-955-6590

B. The Grantee designates the person(s) listed below, or their successor, as their Fiscal Officer or Fiscal Agent concerning all matters related to this Agreement:

Grantee: City of Santa Fe
Name: Emily Oster
Title: Finance Director
Address: PO Box 909, Santa Fe, NM 87504
Email: ekoster@santafenm.gov
Telephone: 505-629-3411

Docusign Envelope ID: B69E7954-A830-4D78-AF50-806A2ADA6A8E

C. The Department designates the persons listed below, or their successors, as the Points of Contact for matters related to this Agreement.

Department: DFA/Local Government Division
Name: Daniel Catanach
Title: Grant Manager
Address: Bataan Memorial Bldg. Rm 202, Santa Fe NM 87501
Email: danieln.catanach@dfa.nm.gov
Telephone: 505-231-6090

The Parties agree that all notices, including written decisions, related to this Agreement shall be sent to the persons named above by email or regular mail. For mailings, notices shall be deemed to have been given and received upon the date of the receiving party's actual receipt or five (5) calendar days after mailing, whichever shall first occur. In the case of email transmissions, the notice shall be deemed to have been given and received on the date reflected on the delivery receipt of the email.

IV. TERM & DEADLINE TO EXPEND FUNDS

A. The term of this Agreement shall begin on the Effective Date and terminate on the 30th day of June during the calendar year of the Reversion Date unless Terminated Before Reversion Date ("**Early Termination**") pursuant to Article V herein (collectively "**Term**").

B. The Project's funds must be expended on or before the Reversion Date and, if applicable, the Early Termination Date of this Agreement.

a. For purposes of this Agreement, it is not sufficient for the Grantee to encumber the Project funds on its books on or before the Reversion Date or Early Termination Date.
b. For purposes of this Agreement, an expenditure of funds has occurred on the date the particular quantity of goods is delivered to and received by the Grantee, title to the goods is transferred to the Grantee, and/or as of the date particular services are rendered to and accepted by the Grantee.
c. For purposes of this Agreement, an encumbrance of funds pursuant to a contract or purchase order with a third party does not qualify as an expenditure.

V. EARLY TERMINATION

A. General Provision. The Department may terminate this Agreement before the Reversion Date based on the Completion of the Project, Complete Expenditure of the Adjusted Appropriation, and/or Violation of this Agreement. Early Termination hereunder includes:

a. Termination due to completion of the Project before the Reversion Date;
b. Termination due to complete expenditure of the Adjusted Appropriation Amount before the Reversion Date;
c. Termination for violation of the terms of this Agreement; or
d. Termination for suspected mishandling of public funds, including but not limited to fraud, waste, abuse, and conflicts of interest.

Docusign Envelope ID: B69E7954-A830-4D78-AF50-806A2ADA6A8E

B. Non-appropriation. This Agreement is expressly contingent upon the New Mexico State Legislature making sufficient appropriations and authorizations for the Project Description.

a. If the Legislature does not appropriate the Appropriation Amount, this Agreement shall terminate upon the Department giving the Grantee written notice of such termination. Such termination shall be effective as of the effective date of the law making the non-appropriation.
    i. The Department's decision as to whether sufficient appropriations or authorizations are available shall be final. Grantee hereby waives any rights to assert an impairment of contract claim against the State of New Mexico in the event of Early Termination of this Agreement.
b. As used herein, "non-appropriate" or "non-appropriation" includes the following actions by the New Mexico Legislature:
    i. Deauthorization, reauthorization, or revocation of a prior authorization.

C. Grant Disbursements in the Event of Early Termination. In the event of Early Termination, the Department's sole and absolute obligation to reimburse the Grantee is expressly conditioned upon the limitations set forth in Article II above.

D. Notice. Either Party may terminate this Agreement prior to the Reversion Date by providing the other Party with a minimum of fifteen (15) days advance written notice of the Early Termination. Grantee hereby waives any rights to assert an impairment of contract claim against the State of New Mexico in the event of Early Termination of this Agreement by the Department.

VI. SUSPENSION OF NEW OR FURTHER OBLIGATIONS

A. Department, in its sole and absolute discretion, may provide written notice to Grantee to suspend entering into further obligations. Upon the receipt of such written notice by the Grantee:

a. Grantee shall immediately suspend entering into new or further written obligations with third parties;
b. Department will suspend the issuance of any new or further Notice of Obligation under this Agreement; and
c. Department may direct the Grantee to implement a corrective action plan in accordance with Article VI (D) herein.

B. In the event of Suspension of this Agreement, the Department's sole and absolute obligation to reimburse the Grantee is expressly conditioned upon the limitations set forth in Article II herein.

C. A suspension of new or further obligations under this Agreement shall remain in effect unless or until the date the Grantee receives written notice given by the Department informing the Grantee that the Suspension has been lifted or that the Agreement has been Early Terminated in accordance with Article V herein. If the Suspension is lifted, the Department will consider further requests for a Notice of Obligation.

D. Corrective Action Plan in the Event of Suspension. Where the Department, in its sole and absolute discretion, directs Grantee to suspend entering into new or further written obligations

Docusign Envelope ID: B69E7954-A830-4D78-AF50-806A2ADA6A8E

with third parties pursuant to Article VI(A), the Department may, but is not obligated to, require the Grantee to develop and implement a written corrective action plan to remedy the grounds for the Suspension.

a. Such a corrective action plan must be approved by the Department and be signed by the Grantee.
b. Failure to sign a corrective action plan or meet the terms and deadlines set forth in the signed corrective action plan is hereby deemed a violation of the terms of this Agreement for purposes of Early Termination, Article V(A)(c).
c. A corrective action plan shall be in addition to, and not in lieu of, any other equitable or legal remedy authorized hereunder or at law, including but not limited to Early Termination.

VII. AMENDMENTS

Unless expressly stated otherwise herein, this Agreement shall not be altered, changed, or amended except by an instrument in writing duly executed by both parties hereto with the same formalities as this agreement.

VIII. REPORTING

A. Database Reporting

a. Grantee shall provide the Department with quarterly reports of Project activity, entering the required Project information directly into a database required by the Department.
b. Additionally, Grantee shall certify on each Request for Payment form, attached hereto as **Exhibit A** and incorporated herein, that all information provided in the database is true and accurate, updates to the database have been maintained, and all Project activity complies with applicable law and the terms of this Agreement.
c. Grantee hereby acknowledges that failure to perform and/or certify updates to the database will jeopardize the reimbursement of funds. The Department shall give Grantee a minimum of fourteen (14) days' advance written notice of any changes to the information the Grantee is required to report.
d. At the Department's discretion, all reports required hereunder may be directed to and facilitated through an electronic database.
e. Quarterly reports shall be due on the last day of the month, that is, 30 days prior to the end of the quarter following the execution of this Agreement by the Department and ending during the quarter of the submission of the final request for reimbursement for the Project, or the following quarter.

B. Requests for Additional Information/Project Inspection

During the term of this Agreement and during the period of time during which the Grantee must maintain records pursuant to Article VIII, the Department may:

i. request such additional information regarding the Project as it deems necessary; and
ii. conduct, at reasonable times and upon reasonable notice, onsite inspections of the Project.

Docusign Envelope ID: B69E7954-A830-4D78-AF50-806A2ADA6A8E

Grantee shall respond to such requests for additional information within a reasonable period of time, as established by the Department.

B. Requests for Additional Information/Project Inspection

a. During the term of this Agreement and the Record Retention Period, the Department may:
   i. Request additional information regarding the Project as it deems necessary and
   ii. Conduct on-site inspections of the Project at reasonable times and upon reasonable notice.
b. Grantee shall respond to such requests for additional information within the time established by the Department.

IX. REQUEST FOR PAYMENT PROCEDURES

A. Grantee shall request payment by submitting the form attached hereto as **Exhibit A**. Payment requests are subject to the following procedures:

a. Each Request for Payment must be in accordance with the Project Budget and contain proof of payment by the Grantee or liabilities incurred by the Grantee.
   i. Proof of payment must demonstrate the validity of an expenditure or liabilities incurred by Grantee.
   ii. However, Grantee may be reimbursed for unpaid liabilities only if the Department, in its sole and absolute discretion, agrees to do so and in accordance with any special conditions imposed by the Department.
   iii. The Grantee shall make payment to those contractors or vendors within five (5) business days from the date of receiving reimbursement from the Department or in a shorter period than the Department may prescribe in writing.
   iv. The Department reserves the right to make such payments directly to the contractors or vendors as a special condition under this Agreement.
   v. The Grantee is required to certify to the Department proof of payment to the third-party contractor or vendor within five (5) business days from the date the Department reimburses the Grantee.

B. Until the Project is fully planned, designed, and all necessary procurements identified in the Project Budget are completed, Grantee's reimbursements will be limited to the planning, design, and procurement costs outlined in the Project Budget. Once the planning, designing, and procuring stages are complete, the Grantee must obligate at least ten percent (10%) of the Adjusted Appropriation Amount within one (1) year and must have utilized at least eighty-five percent (85%) of the Adjusted Appropriation Amount six (6) months before the reversion date.

C. Deadlines. Grantee shall submit requests for Payments to the Department on the earlier of:

a. Immediately as Grantee receives them, but at a maximum of thirty (30) days from when Grantee incurred the expenditure or liability; or
b. Twenty (20) days from the date of Early Termination or Reversion Date for expenditures or liabilities incurred before the Early Termination date or Reversion Date.

Docusign Envelope ID: B69E7954-A830-4D78-AF50-806A2ADA6A8E

D. Grantee's failure to abide by the requirements set forth in Article II and Article IX herein may result in the denial of its Request for Payment. Department reserves the right to reject a payment request for the Project unless and until it is satisfied that the expenditures or liabilities are for permissible purposes within the meaning of the Project Description, identified within the Project Budget, and that the Grantee is otherwise in compliance with this Agreement.

a. Department's authority to reject any Request for Payment is in addition to, and not in lieu of, any other legal or equitable remedy available to the Department under this Agreement, at law, or in equity.

X. PROJECT CONDITIONS AND RESTRICTIONS

A. The following general conditions and restrictions shall apply to the Project:

a. The Project's funds must be spent in accordance with all applicable state laws, regulations, policies, and guidelines, including, but not limited to, the State Procurement Code.
b. The Project's expenditures and liabilities must be accounted for in accordance with the State's Model Accounting Practices, as amended from time to time.
c. The Project must be implemented in accordance with the New Mexico Public Works Minimum Wage Act, Section 13-4-10 through 13-4-17 NMSA 1978, as applicable.
d. The Project must provide a public benefit above and beyond any incidental benefit to private entities in accordance with applicable law, including, but not limited to, Article IX, Section 14 of the Constitution of the State of New Mexico.
e. Without prior written approval from the Department and State Board of Finance, for the useful life of any asset purchased under this Agreement, Grantee shall not convert any property acquired, built, renovated, repaired, designed, or developed with Project funds to uses other than those specified in the Project Description.
    i. In addition to other remedies available at law or in equity, any disposal or conversion of property acquired, built, renovated, repaired, designed, or developed with Project funds without the Department's and the Board of Finance's express written approval will trigger the Department's right to reimbursement from Grantee of the Appropriated Amount, transfer proceeds from any disposition of property to the State, or otherwise provide consideration to the State for the Appropriated Amounts.
f. Grantee shall comply with all applicable federal and state laws, rules, and regulations pertaining to civil rights and equal employment opportunity.
    i. In accordance with all such laws, rules, and regulations, the Grantee agrees to assure that no person shall, on the grounds of race, color, national origin, sex, sexual preference, age, or handicap, be excluded from participation in the Project, use of the Project, employment with Grantee, or otherwise be denied benefits/subject to discrimination for any activity performed under this Agreement.
g. Where the Department, in its sole and absolute discretion, determines Grantee has failed to comply with the above conditions and restriction, Grantee agrees to take appropriate steps to correct any deficiencies immediately. The Grantee's failure to implement such appropriate steps within a reasonable time, but no longer than thirty (30) days after

Docusign Envelope ID: B69E7954-A830-4D78-AF50-806A2ADA6A8E

notice from the Department, constitutes a breach of this Agreement and grounds for Early Termination.

XI. REPRESENTATIONS AND WARRANTIES

A. Reliance by Department.
   a. Grantee expressly acknowledges that the Department relies on the representations and warranties made by Grantee in this Agreement. Grantee acknowledges that such representations and warranties are a material inducement for the Department to enter into this Agreement and provide the Appropriated Amount.
   b. Grantee shall ensure all representations and warranties provided herein are true, accurate, and complete as of the date of the Effective Date and shall remain so throughout the Term of this Agreement. Grantee is responsible for promptly notifying the Department in writing of any changes or inaccuracies in the representations and warranties contained herein.

B. Grantee hereby represents and warrants the following:

   a. Grantee has taken all necessary steps to attain the legal authority to receive and expend the Project's funds.
   b. Grantee has duly authorized this Agreement, and the person executing it has authority to do so. Once executed by Grantee, this Agreement shall constitute a binding obligation of Grantee, enforceable according to its terms.
   c. Grantee's obligations hereunder do not conflict with any law, ordinance, or resolution applicable to Grantee, Grantee's charter (if applicable), or any judgment or decree to which Grantee is subject.
   d. Grantee has independently confirmed that the Project Description, including, but not limited to, the Appropriated Amount and Reversion Date, is consistent with the underlying appropriation in law.
   e. Grantee's governing body has duly adopted or passed as an official act a resolution, motion, or similar action authorizing the person identified as the official representative of the Grantee to sign and submit Requests for Payment on behalf of Grantee.
   f. Grantee will abide by New Mexico laws regarding conflicts of interest, governmental conduct, and whistleblower protection.
      i. Grantee agrees explicitly none of its officers or employees or its designees or agents, no member of the governing body, and no other public official of Grantee who exercises any function or responsibility with respect to this Agreement, shall have any interest, direct or indirect, in any contract or subcontract, or the proceeds thereof, for the Project.
      ii. Further, Grantee will require all of its contractors to incorporate the language set forth in this paragraph prohibiting conflicts of interest in all subcontracts.
   g. No funds have been paid or will be paid, by or on behalf of the Grantee, to any person for influencing or attempting to influence an officer or employee of the State, any agency, or body in connection with the awarding of any Third Party Obligation.
      i. Grantee will require certifying language prohibiting lobbying to be included in the award documents for all subawards, including subcontracts, loans, and cooperative agreements.

Docusign Envelope ID: B69E7954-A830-4D78-AF50-806A2ADA6A8E

C. Consequences of False or Misleading Representations. If any representation or warranty made by Grantee is found to be false or misleading, the Department shall have the right to exercise any or all of the following remedies:

a. **Termination of Agreement:** Department may terminate this Agreement immediately upon written notice to the Grantee.
b. **Repayment of Grant Funds:** Grantee shall repay all Appropriated Amounts disbursed under this Agreement, upon demand by the Department.
c. **Other Remedies:** Department may pursue any other remedies available at law or in equity.

D. Survival of Representations and Warranties. The representations and warranties made by the Grantee shall survive the Early Termination or expiration of this Agreement.

XII. PROJECT RECORDS

A. Grantee shall be strictly accountable for receipts and disbursements relating to the Project's funds. The Grantee shall follow generally accepted accounting principles and the State's Model Accounting Practices and, if feasible, maintain a separate bank account or fund with a separate organizational code to ensure separate budgeting and accounting of the funds.

B. For six (6) years following the Project's completion ("**Record Retention Period**"), Grantee shall maintain all Project-related records, including, but not limited to, all financial records, requests for proposals, invitations to bid, selection and award criteria, contracts and subcontracts, advertisements, minutes of pertinent meetings, as well as records sufficient to fully account for the amount and disposition of the Appropriated Amount from all sources budgeted for the Project, the purpose for which such funds were used, and such other records as the Department may prescribe.

C. Grantee shall make all Project records available to the Department, the Department's Independent Public Accountant, and the New Mexico State Auditor upon request. With respect to the funds that are the subject of this Agreement, if the State Auditor or the Department finds any funds were improperly expended, Grantee shall be required to reimburse the State all amounts found to be improperly expended.

XIII. IMPROPERLY REIMBURSED FUNDS

If the Department determines part or all of the Appropriation Amount was improperly reimbursed to Grantee, including but not limited to funds reimbursed to Grantee based upon fraud, mismanagement, misrepresentation, misuse, violation of law by the Grantee, after ten (10) days' notice to Grantee and the opportunity to return such funds to the Department, the Department may offset any funds due to Grantee from the State, until the Appropriation Amount is fully repaid.

XIV. LIABILITY

Neither Party shall be responsible for liability incurred as a result of the other Party's acts or omissions in connection with this Agreement. Any liability incurred in connection with this Agreement is subject to

Docusign Envelope ID: B69E7954-A830-4D78-AF50-806A2ADA6A8E

immunities and limitations of the New Mexico Tort Claims Act.

XV. SCOPE OF AGREEMENT

This Agreement constitutes the entire and exclusive agreement between the Parties concerning the subject matter hereof. The Agreement supersedes all prior or contemporaneous agreements, understandings, discussions, communications, and representations, written or verbal.

XVI. REQUIRED NON-APPROPRIATIONS CLAUSE

A. Grantee acknowledges and agrees to include a "non-appropriations" clause in all contracts between it and other parties that are (i) funded in whole or part by funds made available under this Agreement and (ii) entered into after the effective date of this Agreement that states:

   a. "The terms of this Agreement are contingent upon sufficient appropriations and authorization being made by the Legislature of the State of New Mexico ("**Legislature**") for the performance of this Agreement.
   b. If the Legislature does not make sufficient appropriations and authorization, City of Santa Fe may immediately terminate this Agreement by giving Contractor written notice of such termination.
   c. The City of Santa Fe's decision as to whether sufficient appropriations are available shall be final and accepted by the Contractor. Contractor hereby waives any rights to assert an impairment of contract claim against the City of Santa Fe or the State of New Mexico in the event of immediate or Early Termination of this Agreement by the City of Santa Fe or the State Department of Finance and Administration."

XVII. REQUIRED TERMINATION CLAUSE

A. Grantee acknowledges and agrees to include the following termination clause in all contracts that are (i) funded in whole or part by funds made available under this Agreement and (ii) entered into after the effective date of this Agreement:

   a. "This contract is funded in whole or in part by funds made available by the State of New Mexico ("**State**"). Should the State terminate its Agreement with the City of Santa Fe, the City of Santa Fe may terminate this contract immediately by providing Contractor written notice of such termination.
   b. In the event of termination pursuant to this paragraph, the City of Santa Fe's only liability to Contractor shall be for goods and services delivered and accepted prior to the termination date."

XVIII. COMPLIANCE WITH UNIFORM FUNDING CRITERIA

A. Throughout the term of this Agreement, Grantee shall:

   a. Submit all reports of annual audits and agreed-upon procedures required by § 12-6-3(A)-(B), NMSA 1978 by the due dates established in § 2.2.2 NMAC, reports of which must be a

Docusign Envelope ID: B69E7954-A830-4D78-AF50-806A2ADA6A8E

public record pursuant to § 12-6-5(A), NMSA 1978 within forty-five (45) days of delivery to the State Auditor;

b. Have a duly adopted budget for the current fiscal year approved by its budgetary oversight agency (if any);
c. Timely submit all required financial reports to its budgetary oversight agency (if any); and
d. Use accounting methods and procedures consistent with Generally Accepted Accounting Principles and the State's Model Accounting Principals to expend the Appropriated Amount in accordance with applicable law and account for and safeguard Project funds and assets acquired with Project funds.

B. In the event Grantee fails to comply with the requirements of subparagraph A of this Article XVIII, Department may take one or more of the following actions:

a. Suspend new or further obligations pursuant to Article VI(A) of this Agreement;
b. Require the Grantee to develop and implement a written corrective action plan pursuant to Article VI(D) of this Agreement to remedy the non-compliance;
c. Impose special conditions to address the non-compliance by giving Grantee notice of such special conditions in accordance with Article III of this Agreement;
    i. The Parties agree that any special conditions imposed to address non-compliance shall be incorporated into this Agreement, through **Exhibit C**, upon notice to Grantee, without need for formal amendment of this Agreement;
    ii. Special conditions shall be binding and effective on the date that notice is deemed to have been given pursuant to Article III or
d. Terminate this Agreement pursuant to Article V(A) of this Agreement.

XIX. SEVERANCE TAX AND GENERAL OBLIGATION BONDS

A. Grantee acknowledges and agrees that the underlying appropriation for the Project may originate from the issuance of tax-exempt severance tax bonds or general obligation bonds by the State. Proceeds from such bonds are administered by the New Mexico State Board of Finance ("**SBOF**"), an entity separate and distinct from the Department.

a. Grantee acknowledges and agrees:
    i. It is Grantee's responsibility to determine through SBOF what (if any) conditions are currently imposed on the Project;
    ii. Department's failure to inform Grantee of an SBOF-imposed condition does not affect the validity or enforceability of the condition;
    iii. The SBOF may in the future impose further or different conditions upon the Project;
    iv. All SBOF conditions are attached to the Project and Appropriation Amount without the need for formal amendment of this Agreement;
    v. All applicable SBOF conditions must be satisfied before the SBOF will release to the Department funds subject to the condition(s) and
    vi. The Department's obligation to reimburse Grantee from the Project is expressly contingent upon the satisfaction of the then-current SBOF conditions.

B. Grantee acknowledges and agrees SBOF may, at its sole and absolute discretion, require reimbursement or remove eligibility for bond proceeds for the Project if the Project doesn't

Docusign Envelope ID: B69E7954-A830-4D78-AF50-806A2ADA6A8E

proceed sufficiently.

a. Grantee must comply with the requirement to encumber five percent (5%) of Project funds within six months of bond issuance as certified by Grantee in the Bond Questionnaire and Certification documents submitted to the SBOF.
b. Failure to comply may result in the reassignment of the bond proceeds. Upon reassignment of bond proceeds, this Agreement will be suspended until the entity has demonstrated readiness as determined by the SBOF and the Department.

C. Grantee acknowledges and agrees that this Agreement is subject to the SBOF's Bond Project Disbursements rule, § 2.61.6, NMAC, as may be amended from time to time or re-codified.

XX. GENERAL PROVISIONS

A. Assignment: Grantee's rights and obligations under this Agreement are personal and may not be transferred or assigned without the prior written consent of the State. Any attempt at assignment or transfer without such consent shall be void. Any assignment or transfer of Grantee's rights and obligations approved by the State shall be subject to the provisions of this Agreement.

B. Subcontractors: Grantee shall not enter any subgrant or subcontract in connection with its obligations under this Agreement without the prior written approval of the State. Upon request, Grantee shall submit to the Department a copy of each such subgrant or subcontract.

C. Binding Effect: Except as otherwise provided, all provisions of this Agreement, including the benefits and burdens, shall extend to and be binding upon the Parties' respective successors and assigns.

D. Authority: Each Party represents and warrants to the other that the execution and delivery of this Agreement and the performance of such Party's obligations have been duly authorized.

E. Captions and References: The captions and headings in this Agreement are for the convenience of reference only and shall not be used to interpret, define, or limit its provisions. All references in this Agreement to sections (whether spelled out or using the § symbol), subsections, exhibits, or other attachments are references to sections, subsections, exhibits, or other attachments contained herein or incorporated as a part hereof, unless otherwise noted.

F. Counterparts: This Agreement may be executed in multiple, identical, original counterparts, each of which shall be deemed to be an original, but all of which, taken together, shall constitute the same agreement.

G. Digital Signatures: If any signatory signs this agreement using a digital signature in accordance with the State Policies regarding the use of digital signatures, then any agreement or consent to use digital signatures within the electronic system through which that signatory signed shall be incorporated into this Agreement by reference.

H. Modification: Except as otherwise provided in this Agreement, any modification to this Agreement shall only be effective if agreed to in a formal amendment, properly executed and approved in accordance with applicable New Mexico law and State fiscal policies and rules.

Docusign Envelope ID: B69E7954-A830-4D78-AF50-806A2ADA6A8E

Modifications permitted under this Agreement, other than Agreement amendments, shall conform to the policies issued by the State.

I. Statutes, Regulations, Fiscal Rules, and Other Authority: Any reference in this Agreement to a statute, regulation, policy, or other authority shall be interpreted to refer to such authority then current, as may have been changed or amended after the Effective Date of this Agreement.

J. External Terms and Conditions: Notwithstanding anything to the contrary herein, the State shall not be subject to any provision included in any terms, conditions, or agreements appearing on Grantee's or a subcontractor's website or any provision incorporated into any click-through or online agreements related to the Work unless that provision is specifically referenced in this Agreement.

K. Severability: The invalidity or unenforceability of any provision of this Agreement shall not affect the validity or enforceability of any other provision of this Agreement, which shall remain in full force and effect, provided that the Parties can continue to perform their obligations under this Agreement in accordance with its intent.

L. Survival of Certain Agreement Terms: Any provision of this Agreement that imposes an obligation on a Party after the termination or expiration of this Agreement shall survive the termination or expiration of this Agreement and shall be enforceable by the other Party.

M. Third Party Beneficiaries: Except for the Parties' respective successors and assigns described in this Agreement, it does not and is not intended to confer any rights or remedies upon any person or entity other than the Parties. Enforcement of this Agreement and all rights and obligations hereunder are reserved solely to the Parties. Any services or benefits that third parties receive as a result of this Agreement are incidental to this Agreement and do not create any rights for such third parties.

N. Waiver: A Party's failure or delay in exercising any right, power, or privilege under this Agreement, whether explicit or by lack of enforcement, shall not operate as a waiver, nor shall any single or partial exercise of any right, power, or privilege preclude any other or further exercise of such right, power, or privilege.

O. Standard and Manner of Performance: Grantee shall perform its obligations under this Agreement in accordance with the highest standards of care, skill, and diligence in Grantee's industry, trade, or profession.

P. Licenses, Permits, and Other Authorizations: Grantee shall secure, prior to the Effective Date, and maintain at all times during the term of this Agreement, at its sole expense, all licenses, certifications, permits, and other authorizations required to perform its obligations under this Agreement and shall ensure that all employees, agents, and subcontractors secure and maintain at all times during the term of their employment, agency or subcontractor, all license, certifications, permits and other authorizations required to perform their obligations in relation to this Agreement.

Q. Publicity: Any Publicity regarding the subject matter of this Agreement may not be released without prior written approval from the Department. For purposes of this agreement, "**Publicity**"

Docusign Envelope ID: B69E7954-A830-4D78-AF50-806A2ADA6A8E

means notices, informational pamphlets, press releases, email responses, research, reports, signs, and similar public notices prepared by or for the Grantee or jointly with others.

a. Grantee shall obtain written approval prior to issuing any press release or making any public announcement regarding this agreement. Grantee agrees to obtain approval of the Department in advance with respect to all Public Relations, all communications with media, or all communications with any other member of the public with respect to this agreement, except to acknowledge that an agreement does exist.
b. For purposes of this agreement, "Public Relations" includes community relations and means those activities dedicated to maintaining the Department's image or maintaining or promoting understanding and favorable relations with the community or public at large or any segment of the public.
c. Violations of either Article XX (Q)(a) or (b) shall constitute a material Breach of Agreement.

R. Data Sharing: The State intends to secure and collate specific data generated by Grantee under this Agreement to use in support of the State's organizational, policy-making, and management of public resource functions. State, in accordance with **Exhibit E**, attached hereto and incorporated herein by reference, reserves the right to require Grantee and/or its subcontractors to provide specific data relevant to the above-listed functions. Data provided by Grantee may be incorporated into existing or future developed State integrated analysis tools or databases, including but not limited to geographic information system (GIS) networks and databases accessible by the public. Dissemination of data collected may include historical data and projections based on such historical data.

a. To the extent any data transferred as part of this Agreement is legally determined to be the property of Subrecipient or its subcontractors, Subrecipient and/or its subcontractors grants State a nonexclusive, fully paid-up right and license to reproduce, use, distribute, do derivative works based on, and archive data transferred as part of this Agreement.

S. Venue and Choice of Law: This Agreement shall be governed by and construed in accordance with the laws of the State of New Mexico, without regard to any conflict of law provisions. Any legal suit, action, or proceeding arising out of or related to this Agreement shall be instituted exclusively in the district courts located in Santa Fe, New Mexico. The Parties hereby irrevocably submit to the exclusive jurisdiction and venue of such courts in any such suit, action, or proceeding. The Parties waive any objection to the laying of the venue of any such suit, action, or proceeding in the district courts of Santa Fe, New Mexico, and irrevocably waive and agree not to plead or claim in any such court that any such suit, action, or proceeding brought in any such court has been brought in an inconvenient forum.

As the designated representative of the Department for Grant Agreement number _____ entered into between Grantee and the Department, I certify that the Grantee has submitted to the Department the following third party obligation executed, in writing, by the third party's authorized representative:

Vendor or Contractor: _____

Third Party Obligation Amount: _____

Vendor or Contractor: _____

Third Party Obligation Amount: _____

I certify that the State is issuing this Notice of Obligation to Reimburse Grantee for permissible purposes within the scope of the project description, subject to all the terms and conditions of the above referenced Grant Agreement.

Grant Amount (Minus AIPP if applicable): _____

The Amount of this Notice of Obligation: _____

The Total Amount of all Previously Issued Notices of Obligation: _____

The Total Amount of all Notices of Obligation to Date: $ 0.00

Note: Contract amounts may exceed the total grant amount, but the invoices paid by the grant will not exceed the grant amount.

Department Rep. Approver: _____

Title: Grant Manager

Signature: _____

Date: _____

1 Administrative and/or Indirect Cost – generally, the legislation authorizing the issuance of bonds prohibits the use of its proceeds for indirect expenses (e.g. penalty fees or damages other than pay for work performed, attorney fees, and administrative fees). Such use of bond proceeds shall not be allowed unless specifically authorized by statute.

EXHIBIT C

Special Conditions (If Fiscal Agent Required or Anti Donations Issues Exist)

OPTIONAL EXHIBIT C
SPECIAL CONDITIONS

The capital outlay oversight requires grantees' accounting methods and procedures, including their internal control framework, to be scrutinized, so as to safeguard State capital outlay appropriations and assets acquired with such appropriations.

This Capital Outlay Special Grant Condition(s) **Exhibit C** is necessary pursuant to § 6-3b-1 et seq., NMSA 1978 (Public Finance Accountability Act) and MAPS Fin 9.2, due to the Grantees' material weaknesses, significant deficiencies, or findings that raised concerns as to the ability to expend grant funds in accordance with applicable law in the organization's FY[20XX] audit. The Special Conditions identified below apply to the authorized agent, [insert the Grantee or Fiscal Agent name].

Procurement - All purchases or contracts the Grantee enters that shall use funding from the Department capital appropriations grant must be approved by the Department prior to the initiation of implementing purchasing documents. The Grantee shall receive such prior approval via official correspondence from the Department, which may be through letter or email. The Grantee shall submit the following to the Department in pursuit of prior approval: purchasing policies and procedures, CFO certification, documentation of management and program approval, policies and procedures governing purchasing and contracting, a copy of the current procurement and contracting policies, and documentation regarding informing staff responsible for purchasing and contracting on such policies and procedures.

Budget - Provide documentation of approval of your current budget from DFA Local Government or other authoritative agency. Provide policies and procedures on who is responsible for and how annual budgets (expenditures and revenue) are established, monitored and adjusted. Provide a corrective action plan on how budget issues identified in your audit will be/have been addressed. Also include documentation on how staff responsible for budgeting is informed on budget policies and procedures.

Capital Assets - Provide a complete list of inventory including inventory control numbers and current location. Provide policies and procedures on capital assets and inventory and specify how the proposed purchased items will be included, tagged, and tracked in capital asset inventory. Also include documentation on how staff responsible for capital assets is informed on capital asset policies and procedures.

Travel and Per Diem - Provide policies and procedures on travel and per diem. Also include how staff who travel and those responsible for travel reimbursement are informed on travel and per diem policies and procedures.

Timely Audits – Provide policies and procedures on annual audits. Provide documentation on how and who is responsible for insuring that annual audits are completed timely. Also include documentation on how staff responsible for the annual audit is informed on audit policies and procedures.

Cash Management – policies and procedures on cash management of federal funds. Provide procedures used to draw and disburse federal funds. Provide procedures to reconcile draw amounts, deposits and disbursements; and to prepare federal cash reporting documents to ensure compliance with federal regulations.

The <Grantee> was required to, and has provided sufficient documentation regarding [insert specific names of the Special Condition(s)], as referenced in the <Grantee>'s [20XX] Audit file. Therefore, the criteria to enter into this agreement have been met.

Exhibit E

Data Sharing Provisions for New Mexico Capital Outlay Agreements

I. Introduction:

This Data Sharing Provisions Exhibit ("Exhibit") is incorporated into the New Mexico Capital Outlay Agreements ("Agreements") between the State of New Mexico ("State") and [Insert Partner Name] ("Partner"). This Exhibit outlines the terms and conditions under which data will be shared between the Parties to ensure compliance with New Mexico state laws and regulations, focusing on data privacy, security, and compliance.

II. Definitions:

a. Authorized User: An employee, agent, assign, representative, independent contractor, or other person or entity authorized by Partner or State to access, use, or disclose information through this exhibit.

b. Confidential Information: All data or information shared in confidence, with the expectation that it will not be disclosed in an identifiable form. This includes data that is exempt from public disclosure under the New Mexico Inspection of Public Records Act (§ 14-2-1 et seq. NMSA 1978) or other relevant laws.

c. Data Storage: Electronic media that hold recorded information.

d. Data Transmission: The process of moving information over a network from its source to one or more destinations.

e. Direct Identifier: Records or data containing personal identifiers such as names, addresses, and social security numbers.

f. Disclosure: Permission to access, release, transfer, or otherwise communicate confidential information by any means to any third party, except as authorized by the Party that controls the record.

g. Encryption involves using algorithms to encode data, rendering it unreadable without a specific key. It may be necessary during data transmission and/or storage.

h. Information: Any data, figures, statistics, or other facts provided or learned about someone or something, including Confidential Information, that may be legally transmitted under this Exhibit.

i. Limited Dataset: A data file that omits Direct Identifiers.

j. Protected Personally Identifiable Information: Sensitive personal details such as social security numbers and financial account numbers, with specific exclusions as outlined in the Agreements.

III. Purpose:

The purpose of this exhibit is to promote transparency, facilitate information sharing between the parties, support better policy and decision-making, and enhance public services through collaborative

[THIS SPACE LEFT BLANK INTENTIONALLY]

Docusign Envelope ID: B69E7954-A830-4D78-AF50-806A2ADA6A8E

data analysis from various sources.

IV. Use of Information:

a. Use of Information obtained or created under this exhibit shall be strictly limited to the purposes stated herein and in the agreements. The parties agree not to sell Information to third parties or use it for commercial, solicitation, or political purposes.

b. Each Party shall serve as the custodian of the Information and comply with all conditions for its use, including security measures to prevent unauthorized access.

c. The Parties shall follow all relevant federal and state laws and regulations governing the use of such Information.

V. Safeguarding Information:

a. Confidentiality: Access to Confidential Information shall be limited to the minimum necessary to accomplish the purposes of this Exhibit. Authorized Users must adhere to the confidentiality requirements.

b. Security: Security practices shall comply with the requirements of the New Mexico Department of Information Technology Act and related regulations. The Parties agree to notify each other within three business days of any suspected or actual security breach.

c. Information Storage and Transmission: Data Storage and Transmission shall take place on an encrypted server with appropriate security controls.

VI. Re-Disclosure of Information:

The Parties agree not to disclose Information except as required by law or with prior written approval of the other Party. If there is a public records request, the Party receiving it shall notify the other Party within three business days.

VII. Ownership of Information:

Legal title to Information shall remain with the provider. The Partner grants the State a royalty-free, non-exclusive, non-transferable license to use the Information in furtherance of the purposes outlined in this Exhibit.

Form **W-9**
(Rev. March 2024)
Department of the Treasury
Internal Revenue Service

Request for Taxpayer Identification Number and Certification

Go to *www.irs.gov/FormW9* for instructions and the latest information.

Give form to the requester. Do not send to the IRS.

Before you begin. For guidance related to the purpose of Form W-9, see *Purpose of Form*, below.

Print or type. See *Specific Instructions* on page 3.

1 Name of entity/individual. An entry is required. (For a sole proprietor or disregarded entity, enter the owner's name on line 1, and enter the business/disregarded entity's name on line 2.)

411 Equipment LLC

2 Business name/disregarded entity name, if different from above.

3a Check the appropriate box for federal tax classification of the entity/individual whose name is entered on line 1. Check only **one** of the following seven boxes.

☐ Individual/sole proprietor ☐ C corporation ☐ S corporation ☐ Partnership ☐ Trust/estate

☑ LLC. Enter the tax classification (C = C corporation, S = S corporation, P = Partnership) . . . . S

Note: Check the "LLC" box above and, in the entry space, enter the appropriate code (C, S, or P) for the tax classification of the LLC, unless it is a disregarded entity. A disregarded entity should instead check the appropriate box for the tax classification of its owner.

☐ Other (see instructions)

4 Exemptions (codes apply only to certain entities, not individuals; see instructions on page 3):

Exempt payee code (if any)

Exemption from Foreign Account Tax Compliance Act (FATCA) reporting code (if any)

(Applies to accounts maintained outside the United States.)

3b If on line 3a you checked "Partnership" or "Trust/estate," or checked "LLC" and entered "P" as its tax classification, and you are providing this form to a partnership, trust, or estate in which you have an ownership interest, check this box if you have any foreign partners, owners, or beneficiaries. See instructions . . . . . ☐

5 Address (number, street, and apt. or suite no.). See instructions.

7324 4th St NW

Requester's name and address (optional)

6 City, state, and ZIP code

Los Ranchos, NM 87107-6626

7 List account number(s) here (optional)

Part I Taxpayer Identification Number (TIN)

Enter your TIN in the appropriate box. The TIN provided must match the name given on line 1 to avoid backup withholding. For individuals, this is generally your social security number (SSN). However, for a resident alien, sole proprietor, or disregarded entity, see the instructions for Part I, later. For other entities, it is your employer identification number (EIN). If you do not have a number, see *How to get a TIN*, later.

Note: If the account is in more than one name, see the instructions for line 1. See also *What Name and Number To Give the Requester* for guidelines on whose number to enter.

Social security number

			–			–				

or

Employer identification number

8	4	–	2	0	7	8	0	9	8

Part II Certification

Under penalties of perjury, I certify that:

1. The number shown on this form is my correct taxpayer identification number (or I am waiting for a number to be issued to me); and
2. I am not subject to backup withholding because (a) I am exempt from backup withholding, or (b) I have not been notified by the Internal Revenue Service (IRS) that I am subject to backup withholding as a result of a failure to report all interest or dividends, or (c) the IRS has notified me that I am no longer subject to backup withholding; and
3. I am a U.S. citizen or other U.S. person (defined below); and
4. The FATCA code(s) entered on this form (if any) indicating that I am exempt from FATCA reporting is correct.

Certification instructions. You must cross out item 2 above if you have been notified by the IRS that you are currently subject to backup withholding because you have failed to report all interest and dividends on your tax return. For real estate transactions, item 2 does not apply. For mortgage interest paid, acquisition or abandonment of secured property, cancellation of debt, contributions to an individual retirement arrangement (IRA), and, generally, payments other than interest and dividends, you are not required to sign the certification, but you must provide your correct TIN. See the instructions for Part II, later.

General Instructions

Section references are to the Internal Revenue Code unless otherwise noted.

Future developments. For the latest information about developments related to Form W-9 and its instructions, such as legislation enacted after they were published, go to *www.irs.gov/FormW9*.

What's New

Line 3a has been modified to clarify how a disregarded entity completes this line. An LLC that is a disregarded entity should check the appropriate box for the tax classification of its owner. Otherwise, it should check the "LLC" box and enter its appropriate tax classification.

New line 3b has been added to this form. A flow-through entity is required to complete this line to indicate that it has direct or indirect foreign partners, owners, or beneficiaries when it provides the Form W-9 to another flow-through entity in which it has an ownership interest. This change is intended to provide a flow-through entity with information regarding the status of its indirect foreign partners, owners, or beneficiaries, so that it can satisfy any applicable reporting requirements. For example, a partnership that has any indirect foreign partners may be required to complete Schedules K-2 and K-3. See the Partnership Instructions for Schedules K-2 and K-3 (Form 1065).

Purpose of Form

An individual or entity (Form W-9 requester) who is required to file an information return with the IRS is giving you this form because they

CITY OF SANTA FE

The Purchasing Memo

Date: December 23, 2025

To: Governing Body, Finance Committee, and Public Works & Utilities Committee

From: Daniel Garcia, Fire Fleet Manager Daniel Garcia

Via: Scott Ouderkirk, Interim Fire Chief SCOTT OUDERKIRK

Subject: 2025 Ferrara Custom Cinder Fire Engine/Pumper

Vendor Name: 411 Equipment LLC

Munis Vendor Number: 8725

ITEM AND ISSUE:

Fire Department respectfully requests your approval to purchase a 2025 Ferrara Custom Cinder Fire Engine/Pumper totaling $980,043.00 with 411 Equipment, LLC.

CONTRACT NUMBER:

NA – utilizing CES Contract #2024-25-C115-All.

BACKGROUND AND SUMMARY:

The City of Santa Fe Fire Department received a grant award (Item #25-0500, Appropriation #25-J3150) in the amount of $525,000.00 from The State of New Mexico Department of Finance & Administration (DFA). Additionally, The New Mexico Public Relations Commission State Fire Marshal Division provided approval to purchase a 2025 Ferrara Custom Cinder Fire Engine/Pumper. Santa Fe Fire Department requests to purchase a new fire engine for the Operations Division. This apparatus will replace the current aged-out unit which has high mileage due to heavy utilization in the field. Fire Department will purchase the apparatus from 411 Equipment, LLC. located in Albuquerque.

DEPARTMENT OF HOMELAND SECURITY
AND EMERGENCY MANAGEMENT

11/4/2025

Brian Moya, Fire Chief
Santa Fe Fire Department

Chief Moya ,

The specifications you submitted dated December 4, 2025, for the purchase of a Class A pumper have been reviewed and are approved. The Santa Fe Fire Department is authorized to use fire protection fund monies for the purchase of the said apparatus.

Please be advised that the apparatus **SHALL** comply with **NFPA 1900 Standards for Aircraft Rescue and Firefighting Vehicles, Automotive Fire Apparatus, Wildland Fire Apparatus, and Automotive Ambulances 2024 Edition. Any exceptions made to NFPA requirements will not be approved.**

This letter shall serve as approval to expend fire protection fund monies to finance the cost of Tender. The Santa Fe Fire Department is currently an ISO rating of 2 with a minimum yearly Fire Protection Fund Allocation of *$722,554.00*

If there are any changes in the specifications, or waivers presented at any time during the process, this office must approve the changes. If prior approval and authorization is not obtained from this office, the expenditure shall be rendered null and void.

If you anticipate a loan, I recommend that you contact the New Mexico Finance Authority {NMFA} at 505-984-1454 to finance the Class A Pumper. A loan through NMFA will be at minimal interest. This letter shall serve as authorization for you to enter into an agreement with NMFA for the commitment of fire protection fund monies.

For future references, please be reminded that all purchases shall be accomplished in accordance with the policies and guidelines of your governing body, the provisions of

the Public Purchase Act, and as approved by the New Mexico Department of Finance and Administration.

If you have any questions, please do not hesitate to contact me.

Sincerely,

Steven Gonzales, Captain

Fire Support Coordinator

City of Santa Fe
Fire Department
Brian Moya
Fire Chief

I am pleased to offer your department a 2025 Ferrara Custom Cinder Pumper with shelving for $980,043.00 via my CES Contract #2024-25-C115-ALL Code: CES-13
The price breaks down as follows:

Item	Description	Price
CES-13	Custom Cinder, 4-Door, 1500 GPM	$963,298.00
517	Add Foam System, Foam Pro 2001	$24,909.00
	Sub Total	$988,207.00
	CES 2% Discount	($19,764.00)
	Sub Total Less Discount	$968,443.00
	Extra Discount (1.9%)	($18,400.00)
	Subtotal Less Extra Discount	$950,043.00
411 Equipment	Shelving	$30,000.00
	Grand Total	**$980,043.00**

The total includes the CES 2% Discount with an additional 1.9% totaling 3.9% discount. The price of this unit includes graphics, delivery and training. This is for the truck and shelving only. All NFPA Complaint equipment can be quoted separately. 411 Equipment will be responsible for paying the CES fee. This unit is subject to prior sale. This quote is valid for 60 days.

If you have any questions, please don't hesitate to call.

Thank you for this opportunity,

Alexis Marquez

== Legals - Pumpers - 622.001 06/06/22 ==

PAYMENT TERMS

Full payment shall be made upon delivery and acceptance of the apparatus. The vehicle(s) shall not be released to the BUYER until payment is made. If the selling price is subject to any taxes, the taxes added will be that which are prevailing at the time of delivery.

Payment shall be made directly to Contractor. Payment shall be made in United States Currency. No checks or any other form of payment shall be made to any sales representatives, dealer, agents, etc.

If these payment terms are not strictly adhered to, Contractor shall assess a daily interest charge based on an annual percentage rate of 18% on the unpaid balance. If more than one vehicle is covered by this contract and the vehicles are shipped on different dates, the terms stated above shall apply to each vehicle.

SINGLE SOURCE MANUFACTURER

To provide the customer with a single point of contact for service, warranty, and parts, proposals shall only be accepted from manufacturers who assemble the complete apparatus in their own facility.

VIRTUAL MANUFACTURING

The manufacturer shall have a web site available for the customers to watch their unit being produced.
The "Trucks in Production" photos shall be updated as progress has been made to the unit.

The web site shall also include documentation of cab and body crash tests, take a virtual tour of the production facility, videos of both current and new innovative products, updates on trade shows, photos of new deliveries and the opportunity to include customer 'Action Photo's.

Customer shall be able to access the web site without the requirement of a password.

PRINCIPAL DIMENSIONS

The apparatus shall have the following dimensions:

Overall Length: ~31' 11-1/8" (NOT TO EXCEED 32')
Overall Height: ~9' 6" (NOT TO EXCEED 9' 8")
Wheelbase: ~188" (NOT TO EXCEED 188")
Cab to Axle: ~126" (NOT TO EXCEED 126")

CERTIFIED WELDERS

The manufacturer shall employ individuals that are certified aluminum and stainless steel welders. The welders shall be certified by an outside testing laboratory. The certifications shall be available for viewing through the Human Resources office upon request.

DRAWING, APPROVAL

Prior to construction, the contractor shall provide three-(3) approval drawings of the apparatus for the fire department's review. The drawings shall show such items as the chassis being utilized, lights, horns, sirens, pump panels, and all compartment locations and dimensions. The blueprint shall be a visual interpretation of the unit as it is to be constructed, In the event of discrepancies on the print the specifications shall prevail. The buying authority shall sign all drawings. One-(1) print shall be retained by the Fire Department, the dealer/sales representative shall retain one-(1) print, and one-(1) print shall be returned to the manufacturer.

TRANSPORTATION

To insure proper break-in of all components while still under warranty, the apparatus shall be delivered over the road under its own power (Rail and/or truck freight shall not be acceptable).

The Fire Department shall be responsible for driving the completed apparatus back to the station.

DELIVERY TIME

The apparatus shall be delivered within One (1) calendar days after receipt of the approved signed off pre construction changes.

The manufacturer shall not be held liable for changes arising from its failure to make or delay in making delivery because of fire, flood, strike, riot, chassis shortage, accidents, acts of God, or any circumstances beyond our control.

VEHICLE FAMILIARIZATION & DEMONSTRATION

Familiarization and demonstration of the vehicle shall be by a competent and qualified person as defined in the current standard of NFPA 1901 standard.

Familiarization of the vehicle shall include the following:

How to locate gauges or indicators and check all fluid levels and operational issues of the vehicle

How to tilt the chassis cab or hood assembly for access to the engine, fire pump, or aerial control, or any other device to allow access to fluids or for required maintenance

Interior cab controls, instruments, mirrors, safety devices or alarms, brake operations, transmission control, pump controls, exhaust regeneration (if provided), seat adjustments, warning light engagement, and other operational equipment

If the apparatus is provided with a fire pump system, the following minimum instructions:

a) Setting of parking brake, proper transmission gear, and fire pump engagement operations
b) Throttle control
c) Primer and tank-to-pump operation
d) Use of pressure control devices
e) Tank refilling operations
f) Proper operation of discharge controls
g) Proper shutdown and draining of system

If the apparatus is provided with a generator, the following minimum instructions

a) Proper engagement if driven by the chassis
b) Startup, operation, and shutdown of generator
c) Monitoring of controls and instruments

If the apparatus is provided with a foam system, the following minimum instructions:

a) Startup, operation, and shutdown of foam system
b) Setting of foam percentages and other operational settings
c) Proper flushing and draining of the system

If the apparatus is provided with a water tower or aerial device, the following minimum instructions:

a) Positioning and locating the vehicle for safe operations
b) Chassis parking brakes and engagement of hydraulic system
c) Deployment of stabilization devices and use of ground pads
d) Operation of elevation, extension, and rotation of the aerial device
e) Operation of waterway, nozzle, and other firefighting devices of aerial device
f) Operation and use of breathing air system (if provided)
g) Specific aerial device maintenance and service areas for operators
h) Shutdown and return to service operations
i) Operation of tip controls and platform controls
j) General familiarization and demonstration of aerial device
k) Review of all safety devices, interlocks, and operational Hazards

MANUFACTURER SERVICE CONTACTS

The manufacturer must have a 24 hour/ 7 day a week, toll-free emergency hot line. The manufacturer must be capable of providing both in-house and on-site service for the apparatus. The service technicians shall be EVT certified in compliance with NFPA 1071 classifications F2 through F6. On-site service and maintenance shall be the primary function, to eliminate the vehicle having to leave the fire department jurisdiction. Copies of the certifications shall be made available through the Human Resources office.

SERVICE VEHICLES

The manufacturer shall have a minimum of 10 full time, company owned, service vehicles. The vehicles shall be available 24 hours a day, seven days a week to respond to customer needs. The Service Vehicles shall be operated by full time EVT Certified Technicians.

REPLACEMENT PARTS

Replacement parts shall be available directly from the manufacturer, as well as the dealer and or service centers.

== CHASSIS - Ferrara Custom Tilt Cab - 622.001 06/06/22 ==

CUSTOM CHASSIS

It is the intent of the technical specifications contained herein to ensure the custom cab and chassis specified shall be engineered, designed, and manufactured exclusively for heavy-duty continuous use in extreme environments and rigorous adverse conditions.

H7195 Cinder Pumper Retail

Each custom cab and chassis shall be manufactured in strict compliance with all applicable requirements as set forth in the current edition of the NFPA (National Fire Protection Association) pamphlet 1901 with maximum safety as the key focus throughout the design and development phase of each fire and rescue chassis.

CHASSIS WHEELBASE

The chassis wheelbase shall be 188" inches.

CHASSIS FRAME RAILS, DOUBLE

The chassis frame rails shall be constructed of 110,000-PSI minimum yield steel that has been formed into a "C" channel shape with dimension of 10.50" x 3.50" x .375 inches.

An inner frame liner of 110,000 Pound minimum yield with dimension of 9.69" x 3.13" x .313" shall be provided for additional strength and to reduce deflection. The frame liner shall run from centerline of front axle to rear of the main frame rail. This liner shall be mitered at 45 degrees at the front axle.

The resulting frame system shall have a minimum section modulus of 28.50 cubic inches with a resisting bending moment of 3,135,498-inch pounds per rail.

The frame rails shall be powder coated in order to insure superior paint adhesion. Frame cutouts for the engine shall be made with a plasma torch in order to minimize the heat-affected zone caused by the cut.

The left and right side frame systems shall be fastened together using cross members and Grade 8 fasteners.

PAINT, FRAME RAIL

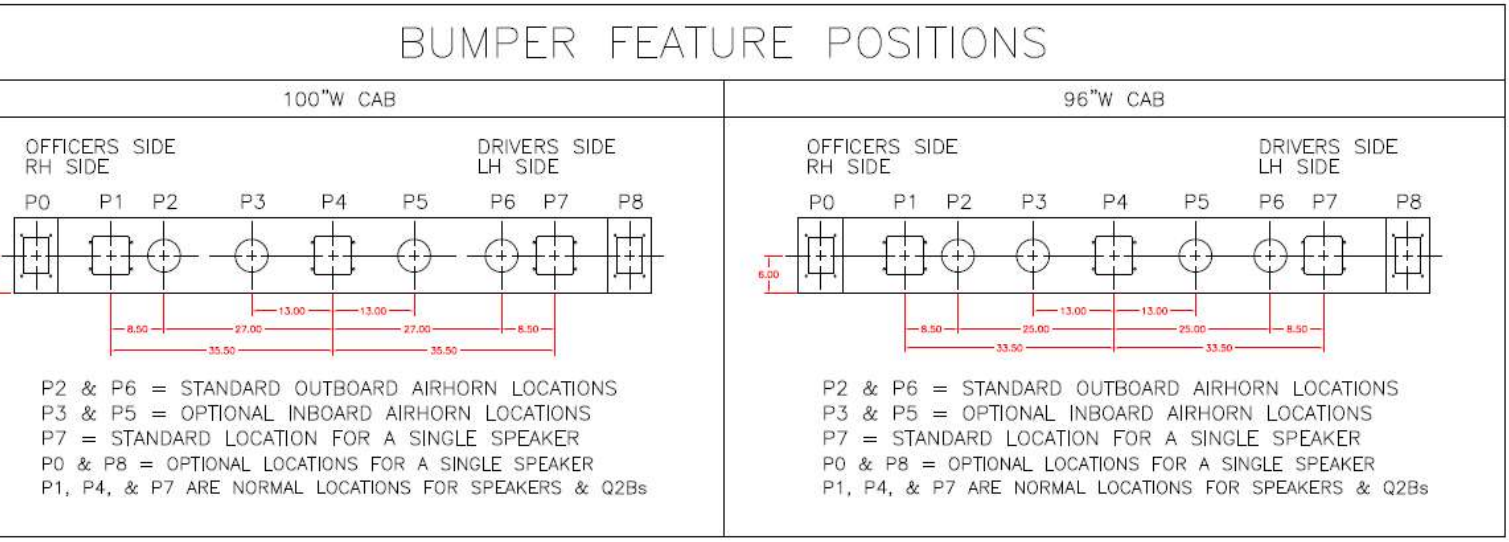
The frame and running gear shall be painted gloss enamel black. The running gear shall consist of the axles, drive lines, air tanks, steering gear, frame mounted brackets, drag link, and fuel tank.

The air system piping and electrical harnesses shall not be installed until after the paint has cured. This shall insure complete coverage behind those items as well as that air piping and wiring harnesses are not.

TOW HOOKS, FRONT

Two-(2) chrome plated tow hooks will be mounted to the bottom of the front bumper frame extension rails. The tow hooks will be attached with Grade 8 bolts.

FRONT BUMPER



There shall be a 12” high, two rib front bumper constructed of highly polished, 10 gauge stainless steel. The bumper shall be a full wrap around type extending across the entire width of the cab. The return portion of the wrap around shall make up the majority of the bumper extension, measuring up to 24” in length.

There shall be a structural steel backing plate to reinforce the stainless steel bumper. This backing plate shall match the contour of the stainless steel bumper and shall be fabricated from 1/4" steel C-channel. The backing plate shall be attached to the chassis frame rails with Grade 8 bolts.

FRONT BUMPER POSITIONS

H7195 Cinder Pumper Retail

FRONT BUMPER EXTENSION

There shall be twenty-four inch (24”) frame extension provided. The extension shall be made from heavy-duty steel in both C-channel and tubular shapes. The frame rail extension material shall measure 7” high x 3-1/2” wide x .375” wall thickness.

The extension rails shall be bolted to the chassis frame rails through reinforcement plates, backed by the engine mounting cross member. Fasteners utilized shall be Grade 8 bolts.

GRAVELSHIELD

A gravelshield constructed of 1/8" (.125") embossed aluminum tread plate shall be installed above the frame extension between the bumper and the front face of the cab.

BUMPER COMPARTMENT, CENTER

There shall be a compartment provided in the front bumper gravelshield, centered between the frame rails fabricated of 1/8" (.125) smooth aluminum plate with drain holes to allow drainage.

A safety sign FAMA22, which warns of the need to secure hose, shall be visible to personnel at the hose storage area.

COVER, CENTER FRONT BUMPER COMPARTMENT

The center bumper compartment will have a hinged aluminum tread plate cover to secure the contents. The cover will be secured in the closed position with a latch mechanism.

The cover will have a cut-out to allow the hose to be pre-connected.

MECHANICAL SIREN

One (1) Federal Signal Q2B siren model #Q2B-012PSD electro-mechanical siren shall be mounted on the extended front bumper gravelshield. The Q2B siren shall be a streamlined, chrome plated siren designed to provide reliable and long-life operation. The electro-mechanical siren shall produce the distinctive Q2B sound that is a registered trademark of Federal Signal, and shall be provided with a heavy duty clutch and an electric brake.

H7195 Cinder Pumper Retail

The siren will be mounted on the extended front bumper gravelshield on the driver's side.

The siren brake switch will be located in the center dash panel per the dash panel layout.

SIREN WIRING

The siren activation switch shall be wired thru the chassis park brake and operate in the "Response Mode" only.

SIREN FOOT SWITCH

A foot operated switch will be installed on the driver's side wired to the mechanical siren.

Switches - Siren, Officer Overhead

There a officer's side Q2B activation switch will be located in the officer's overhead dash panels per the dash panel layout.

SWITCH, ADDITIONAL SIREN BRAKE

An additional mechanical siren brake switch will be installed in the officer's overhead dash panel per the dash panel layout.

AIR HORN, DRIVER'S SIDE

There will be one-(1) Hadley E-Tone air horn installed in compliance with NFPA thru the driver's side front bumper outboard of the frame rails. The air horn will be plumbed to the chassis air supply system thru an air protection valve. The air horn shall be trumpet style with a chrome finish on the exterior and a painted finish deep inside the trumpet.

The air horn will be located on the driver's side of the front bumper in position P6.

AIR HORN, PASSENGER'S SIDE

There will be one-(1) Hadley E-Tone air horn installed in compliance with NFPA thru the passenger's side front bumper outboard of the frame rails. The air horn will be plumbed to the chassis air supply system thru an air protection valve. The air horn shall be trumpet style with a chrome finish on the exterior and a painted finish deep inside the trumpet.

The air horn will be located on the passenger's side of the front bumper in position P2.

AIR HORN FOOT SWITCH

A foot operated switch will be installed on the driver's side wired to the air horn(s).

AIR HORN WIRING

The air horns shall be active in both the "Scene" and "Response Mode".

SIREN SPEAKER(S)

{Quantity} Cast Products model SA2401 100-watt speaker(s) will be provided wired to the electronic siren.

The speaker will be located on the passenger's side of the front bumper in position P1.

FRONT AXLE

The front axle shall be a Hendrickson Steertek fabricated box beam axle with an 20,000-pound rating. The axle shall be equipped with removable kingpins & oil seals with transparent covers for oil level inspection.

STEERING SYSTEM

The vehicle shall be equipped with a Sheppard M110 power steering gear, used in conjunction with a M90 power assist gear. The steering assembly shall be rated to statically steer up to a maximum front axle load of up to 23,500-pounds. Relief stops shall be provided to reduce system pressure upon full wheel cut. The system shall operate mechanically should the hydraulic system fail.

CHASSIS ALIGNMENT

The chassis frame rails shall be measured to insure the length is correct and cross checked to make sure they run parallel and are square to each other. The front and rear axles shall be laser aligned. The front tires and wheels shall be aligned and toe-in set on the front tires by the chassis manufacturer. Cramp angle is set to achieve the greatest turning radius possible with the selected components of the vehicle. Each front wheel is set to zero degrees. The wheel is then turned until it reaches the steering stops. This measurement is the cramp angle.

FRONT SUSPENSION

The front suspension shall be parabolic (taper leaf) spring type, with three-(3) leaves with an 20,000-pound serving rating. The leaves shall be a minimum of 4" wide x 56.4" long (flat), with grease fittings for lubrication installed in the spring pins. Axle stops with energy absorbing bumpers shall be attached to the chassis frame. Two-(2) ZF Sachs twin-tube shocks shall be provided with the front suspension assembly. The shocks shall feature multi-stage piston and base valves.

FRONT BRAKES

The front axle shall be equipped with 16-1/2" x 6" S-Cam air operated brakes and automatic slack adjusters.

CRAMP ANGLE

The cramp angle of the front axle shall be 45 degrees.

FRONT TIRES

The front tires shall be Michelin 385/65R22.5 Load Range "L" X Multi HL Z all-weather treads.

The Intermittent Fire Service load capacity shall be 20,000 pound with a speed rating of 75 miles per hour when properly inflated to 120 pounds per square inch with steel or aluminum wheels.

The Michelin Intermittent Fire Service Rating limits the operation of the emergency vehicle to one-(1) hour of loaded travel with a one-(1) hour cool down prior to another loaded run.

WHEELS, FRONT ALUMINUM

The front wheels shall be Alcoa hub piloted, 22-1/2" x 12-1/4" aluminum wheels featuring a mirror polish on the outer face. The hub piloted mounting system shall provide easy installation and shall include two-piece flange nuts.

WHEEL TRIM, FRONT WHEELS

The front wheels will be provided with nut covers and baby moon hub caps.

MUD FLAPS, FRONT

The front axle mud flaps shall be constructed from hard black rubber and installed behind the tires.

REAR AXLE

The rear axle shall be a Meritor RS-25-160 with a 27,000-pound service rating. The axle shall be equipped with oil seals.

REAR SUSPENSION

The rear axle suspension shall leaf spring type rated at 27,000 pounds capacity. The main spring pack shall have fourteen (14) leaves with a four (4) leaf auxiliary pack. The suspension shall be a torque leaf, variable rate, self-leveling slipper type.

DIFFERENTIAL, REAR AXLE

The rear axle shall have a standard differential from the axle manufacturer.

VEHICLE TOP SPEED

The rear axle shall be geared for a top speed of 65-68 MPH at governed engine speed.

REAR BRAKES

The rear axle shall be equipped with 16-1/2" x 7" S-Cam air operated brakes with automatic slack adjusters.

REAR TIRES

The rear tires shall be Michelin 12R22.5 Load Range "H" XZE highway threads.

The load capacity shall be 27,000 pound with a speed rating of 75 miles per hour when properly inflated to 120 pounds per square inch with steel or aluminum wheels.

WHEELS, REAR ALUMINUM

The outer rear wheels shall be Alcoa hub piloted, 22-1/2" x 8-1/4" aluminum wheels with a mirror polished outer surface. The inner rear wheels shall be Alcoa hub piloted, 22-1/2" x 8-1/4" aluminum wheels with bright machine finish. The hub piloted mounting system shall provide easy installation and shall include two-piece flange nuts.

WHEEL TRIM, REAR WHEELS

The rear wheels will be provided with nut covers and high hat hub covers.

TIRE PRESSURE MONITORING SYSTEM

Each tire installed on the apparatus shall be equipped with a tire pressure monitoring device. The device shall consist of a valve stem cap to with an LED tire alert to indicate tire pressure conditions. The LED shall flash when the tire drops 8 psi below the factory setting.

HOSE AND HARNESS ROUTING

Battery cables, hydraulic hoses and air lines shall be routed through the vertical face of the chassis frame rails using bulkhead connectors. The use of grommets through frame rails, as well as running hoses or cables under, over or ahead of the chassis frame rails to achieve positive connections shall not be acceptable.

For ease of maintenance, the wiring harnesses, hydraulic hoses and air hoses shall be divided down each frame rail. The hydraulic and air hoses shall be run, primarily, down the inside of the right side frame rail, while the electrical harnesses shall be run, primarily, down the left side frame rail. Harnesses and hoses shall be mounted using rubber coated, stainless steel holders and, where necessary, heat resistant zip loom.

AIR BRAKE SYSTEM

The air brake system shall meet the requirements of FMVSS-121. The system shall consist of three-(3) reservoirs with a total capacity of 5100 cubic inches. The system shall be of dual circuit and quick build up design powered by an engine mounted gear driven air compressor. The system shall be protected by a heated air dryer with heated automatic moisture ejector on the wet tank and quarter turn brass drain valves on the other tanks.

The entire chassis air system shall be plumbed utilizing reinforced nylon air lines in conformance to SAE J 844-94, Type B and USDOT standards. All of the airlines shall be color coded to correspond with an air system schematic and shall be adequately protected from heat and chafing.

Color coding shall be as follows:
Blue: Supply Lines
Green: Primary Lines
Red: Secondary Lines
Orange: Park Brake Lines
Yellow: Accessory Lines
Purple: Pump Shift - Supply Line
White: Pump Shift / Road Mode Line
Black: Pump Shift / Pump Mode Line

The compressor discharge shall be plumbed with stainless steel braided hose lines with a Teflon lining.
The system shall be plumbed using color-coded nylon airlines with brass push-lock fittings.

COMPRESSOR

Air compressor shall be a Wabco brand, minimum of 18.7 cubic feet per minute capacity. Air brake system shall be the quick build up type. The air compressor discharge line shall be stainless steel braid reinforced Teflon hose.

A pressure protection valve shall be installed to prevent the use of air horns or other air operated devices should the air system pressure drop below 80 psi (552 kPa).

The chassis air system shall meet NFPA 1901 latest edition for rapid air pressure build-up within sixty-(60) seconds from a completely discharged air system. This system shall provide sufficient air pressure so that the apparatus has no brake drag and is able to stop under the intended operating conditions following the sixty-(60) seconds build-up time.

ANTI-LOCK BRAKES W/ATC & ELECTRONIC STABILITY CONTROL

The apparatus shall have a Wabco ABS-based Electronic Stability Control (ESC), which offers another level of vehicle control. This automatic braking management system reduces the possibility of a side rollover and assists in the directional stability of apparatus. Upon reaching critical lateral acceleration thresholds, the system intervenes to regulate the vehicles deceleration and braking functions. Reducing the engine's RPM by overriding the foot throttle input and applying the engine retarder (if equipped) to slow the apparatus giving the driver added control and maneuverability. The ESC shall also apply braking power to selective wheel of the front and rear axles to assist in stabilizing the apparatus to its intended direction. This selective braking application and reduction of speed and torque reduces the possibility of spinouts and side rollovers even in adverse conditions.

The system includes a Wabco 4-channel Anti-Lock Braking System shall be installed which includes four-(4) wheel sensors and four-(4) modulators to control and compensate braking force at each wheel. This system shall monitor all wheel ends regardless of suspension type, and which axle it sees braking forces first.

An ABS warning light shall be installed on the driver's dash that remains illuminated until the vehicle is moving at least four-(4) miles per hour. An ABS test switch shall be installed in the "Diagnostic Information Panel" that when pressed, sends the system into diagnostic mode causing the ABS light to blink (I/O) indicating a flash code. A listing of flash code definitions is listed in the Wabco Owner's Manual.

Automatic Traction Control (ATC) shall be installed to sense wheel slip, apply air pressure to brakes, and reduce engine torque to provide improved traction. An ATC indicator light shall illuminate when the system is active.

A mud and snow switch shall be provided. When the switch is in the "ON" position, it shall allow momentary wheel slip to obtain traction under extreme mud and snow conditions.

The system also includes a Steering Angle Sensor (SAS), which informs the system of the degree in which the steering is turned to one side or the other. Along with the SAS, an ESC module is mounted mid frame at the rear of the chassis cab to detect roll, pitch, and yaw angles and computes which wheel(s) brake(s) shall be acted upon.

NOTE:
The following restriction apply to the ESC system:
160" - 176" wheel base range with 1500-gallon maximum water on non-aerial units.
177" - 304" wheel base range with 2200-gallon maximum water on non-aerial units.
177" - 304" wheel base range with 2200-gallon maximum water on aerial units.

If the proposed unit does not fall in these parameters then it will have to be tilt table tested.

AIR DRYER

The air system shall include a Bendix AD-9 air dryer with integral 12-volt heated moisture ejector. The air dryer shall have a desiccant cartridge and incorporate an integral turbo cutoff valve. The turbo cutoff allows the air dryer to purge water and contaminants without any loss of turbo boost or engine horsepower.

H7195 Cinder Pumper Retail

ENGINE

The vehicle shall be equipped with a model year 2022 Cummins L9 450 horsepower turbo charged diesel engine.

ENGINE COMPRESSION BRAKE

The engine shall come equipped with a Jacobs “C-Brake” compression brake controlled by two-(2) switches located in the cab, an on/off and low/medium/high. The compression brake shall interface with the anti-lock brake controller to prevent engine brake operation during adverse braking conditions.

A pump shift, interlock circuit shall be provided to prevent the engine brake from activating during pumping operation.

ENGINE COOLING SYSTEM

The engine cooling system shall have the capacity to cool the engine according to the engine manufacture’s requirements.

RADIATOR

The engine radiator shall be of a bolted design and have a minimum core area of 1400 square inches. The top and bottom tanks shall be stamped 16-gauge steel. The tanks shall be attached to the header assemblies with a minimum of fifty-(50), 5/16" bolts. The spacing between fasteners shall not exceed 2.00 inches in order to minimize the possibility of leaks.

The header plates shall be made of 16-gauge brass while the tubes shall be .0068-inch thick brass and .076 by .625 inches in size. The tubes shall have a smooth bore with welded seems which allows for cleaning of the radiator.

The radiator shall contain three rows of tubes with a minimum of 87 tubes per row for a total of not less than 261 tubes. The tubes shall be arranged in an inline profile across the core. Louvered serpentine fins constructed of copper with a density not greater than 16 fins per inch shall be used in the construction of the radiator.

The radiator tubes shall be attached to the header plates with a dual bonding process. The coolant side connection shall be welded, while the air side shall be soldered.

The top tank shall include an integral de-aeration tank, which removes air from the engine water. A low coolant warning shall be incorporated to alert the driver.

The bottom tank of the radiator shall incorporate an oil to water plate-type cooler for the transmission. The cooler is designed to cause a turbulent flow of the transmission oil through the core to force heat transfer. The cooler shall be sufficient to cool Allison Transmission without output retarders.

A high efficiency fan shall be direct driven by the engine and surrounded by a fan shroud. The sweep of the fan shall not exceed the width of the radiator core.

CHARGE AIR COOLER

The charge air cooler shall be constructed of aluminum with cast, aluminum side tanks. The cooler shall have a frontal core area of not less than 888 square inches.

The exterior fins shall be louvered serpentine design constructed of .006-inch thick aluminum and have a density no greater than seven-(7) fins per inch. The internal fins shall be designed to create air turbulence in order to increase heat transfer efficiency.

The charge air cooler shall be mounted directly ahead of the radiator and to the radiator headers. Rubber isolators shall be used at the mounting points to reduce transmission of vibrations.

The piping between the charge air cooler and engine shall use four-(4) ply silicone woven Nomex hoses with stainless steel bands. The bands are used to maintain the shape of the hose during changing turbo boost pressures. The hoses shall be attached with stainless steel constant tension hose clamps.

COOLING SYSTEM FAN

The engine cooling system shall incorporate a thermostatically controlled fan clutch. When the fan clutch is disengaged, the vehicle shall have improved vehicle performance, cab heating in cold climates, and fuel economy.

The fan shall automatically lock-up when the vehicle is placed in pumping mode.

A shroud and recirculation shields system shall be used to ensure that once air has passed through the radiator, the same air is not drawn through again.

RADIATOR COOLANT, LONG LIFE

The coolant system shall contain a mixture to keep the coolant from freezing to a temperature of -34 degrees F.

The coolant supplied shall be Long Life Coolant compatible with the engine manufacturer's requirement.

COOLANT HOSES

The entire chassis cooling system shall have premium rubber hoses.

COOLANT HOSE CLAMPS

Gates PowerGrip clamps shall be provided for all coolant and heater hoses. The maintenance-free clamps retain dynamic tension and never need re tightening. These clamps stop leaks, even on out-of-round applications. The clamps are made from a heat sensitive thermoplastic with memory to prevent over or under tightening. The clamps shall have a temperature range of -40 degrees F to -302 degrees F.

AUXILIARY ENGINE COOLER

The cooling system shall have a tube and bundle engine cooler mounted in the upper radiator water pipe. Water from the fire pump shall be circulated through 1/2" tubing to the cooler. A valve located on the pump panel shall control the cooling circuit.

ALTERNATOR

The alternator shall be a Delco Remy model 55SI 430 amp. The alternator shall be engine driven via a poly-groove power belt with an automatic tensioner. The alternator shall be a brush less design. The alternator shall meet all current applicable NFPA 1901 Edition requirements for performance.

BATTERY SYSTEM

The battery system shall be a single system consisting of four-(4) Exide Group 31, 12-volt DC, heavy-duty, high cycle automotive batteries. The battery bank shall have a group rating of 3000 cold cranking amperes (CCA) and a reserve of 720 minutes at zero degrees Fahrenheit.

All battery wiring shall be welded battery cable capable of handling 125% of the actual load. It shall be run through a heat resistant flexible nylon "HTZL" loom rated at a minimum of 300 degrees Fahrenheit. All cable connections shall be machine crimped and soldered.

BATTERY BOXES

The chassis batteries shall be mounted in welded and bolted stainless steel battery box. The battery hold-downs shall be made of structural, stainless steel angle. Painted carbon steel battery boxes shall not be acceptable.

BATTERY JUMPER STUDS

One-(1) set of battery jumper studs shall be provided on the chassis. The studs shall be connected to the chassis batteries with 1/0 color coded cables, red for the positive cable and black for the negative cable. The studs shall be protected with color coded plastic covers when not being used.

A tag shall be provided for positive/negative terminals.

The battery jumper studs shall terminate at the driver's side battery box.

SWITCH, MASTER BATTERY DISCONNECT

The chassis batteries shall be wired in parallel to a single 12-volt electrical system, controlled through a heavy-duty, Guest brand rotary type, master disconnect switch. The master disconnect switch shall be located within easy access of the driver upon entering or exiting the cab. All electrical circuits shall be disconnected when the switch is in the "OFF" position.

AIR COMPRESSOR/BATTERY CHARGER

A Kussmaul Pump Plus 1200 air compressor and battery charger package Model 091-9-12V-1200 shall be installed. The Auto Pump 12 volt driven air compressor shall ensure that the air brake system is properly pressurized for immediate response of the unit. A pressure switch shall regulate operation and shall automatically sense low air pressure in the brake system and restore the proper pressure. The unit shall have no interference with the vehicle mounted air compressor. The compact compressor shall have sealed bearings and a 15 amp circuit breaker installed in pressure switch assembly. The air compressor power mode selector switch shall select: 1) DC power full time from vehicle battery 2) AC powered only from the battery when vehicle is plugged into shore power and automatically shuts off air compressor when disconnected from shore power.

The air compressor shall have the following ratings:

1) 100 PSI maximum rating
2) Pre-set at 75 PSI “ON” and 95 PSI “OFF”
3) Adjustable differential range of 20 PSI to 100 PSI
4) Output:
   0.30 SCFM @ 80 PSI
   0.35 SCFM @ 60 PSI

5) Rating: 12 volt at 11 amps

The battery charger shall be a Pump Plus 1200 Series 40 amp high output battery charger shall be installed.

The charger shall have the following operational specifications:
a) 120 volts AC input at 10 amps
b) 12 volts DC output at 40 amps

The battery charger shall supply a 'single battery bank' with automatic operation and with an aluminum enclosure. The system shall have a built-in sense circuit to check battery voltage 120 times a second; the system shall compensate for voltage drop in charging wires and provide quick recharging with no over-charging. The unit shall include front panel connections for a remote display and auxiliary loads.

SUPER AUTO-EJECT(S), 20 AMP

one (1) Kussmaul Super Auto-Eject type receptacle(s) model 091-55-20-120, 20 amp 120 volt shore power assembly shall be installed. A solenoid wired to the vehicle starter is energized when the engine is started. This instantaneously drives the plug from the receptacle. The receptacle shall be provided with a weatherproof cover. The cover shall be spring loaded to close, preventing water from entering when the shoreline is not connected. The super auto eject receptacle shall be mounted in a location specified by the department and is designed to accept a 120V AC from a shoreline plug.

The UL maximum allowable amperage draw on receptacles is generally 80% of their listed rating, for example, the 20-amp receptacle should not carry more than 16-amp continuous load. When adding the different amperage draws of the components being installed on the chassis, be sure to figure in whether the components shall draw a continuous load or intermittent load.
The receptacle shall be located in the driver's side cab wheel well area.
The Auto Eject cover(s) shall be a Kussmaul 091-55-234-YW, yellow in color.

The cover shall include a built in easy to see bar graph indicator display for charging status.

SHORE POWER INLET PLATE

A shore-power "Inlet Plate" shall be permanently affixed at or near the power inlet.

The plate shall indicate the following:

- Type of Line Voltage
- Current Rating in Amps
- Power Inlet Type (DC or AC)

TRANSMISSION

The chassis shall be equipped with an Allison 3000 EVS automatic transmission. It shall have 4th gear operating controls and programmed for Fire Apparatus vocation. An electronic oil level indicator shall be provided as well as a diagnostic reader port connection. The transmission shall be geared to provide one-to-one ratio in fourth gear for fire pump applications. This dedicated "lockup" circuit is provided for pump operation. The transmission fifth gear shall be an overdrive ratio, permitting the vehicle to reach its top speed at the governed engine speed.

The transmission shall be equipped with an automatic neutral feature. Applying the parking brake shall command the transmission to neutral, regardless of drive range requested on the shift selector which shall require re-selecting the drive range to shift out of neutral.

The transmission shall be equipped with dual PTO ports with engine speed capabilities. The transmission shall be cooled by the radiator-mounted heat exchanger. The transmission fluid shall meet Allison specification TES-295.

TRANSMISSION SHIFTER, PUSH BUTTON

The transmission shall be controlled by an Allison push button shifter internally illuminated for night operation. The shifter shall be mounted on the dash to the right of the steering column. The transmission shall be capable of five-(5) speed operation.

The transmission shall be equipped with the oil level sensor (OLS); this sensor shall allow the operator to obtain an indication of the fluid level the shift selector. The sensor display shall provide the following checks, correct fluid level, low fluid level and high fluid level.

DRIVELINES

The chassis shall be equipped with Neapco 1710 series drive shaft with full round yokes and universal joints. The drive shaft tubing shall be a minimum of 4.00" diameter with .134" wall thickness. The drive lines shall be balanced at a minimum of 3000 RPM.

FIRE PUMP MOUNTING

Extra heavy-duty mounting brackets shall be bolted to the chassis frame rails for the installation of the fire pump. The mounting brackets shall be positioned aligning the pump insuring the angular velocity of the drive line joints are the same at each end allowing for full capacity performance with minimal vibration.

FUEL TANK

The chassis will be equipped with a 65-gallon rear mounted fuel tank. The tank will be constructed of 12-gauge steel with stainless steel mounting straps and rubber isolators secured to the bottom flange of the chassis frame rails. The tank will be baffled to prevent sloshing, vented, and have a drain plug installed on the bottom. A 240-33 ohm fuel-sending unit will be provided and broadcast across the SAE J1939 data link.

The tank will be certified to meet FMCSR 393.65 and 393.67.

FUEL LINES

The fuel lines shall be wire braid reinforced fuel grade hose. They shall have reusable fittings and be routed along the inside of the frame rails. Fuel lines shall be protected against chaffing by non-conductive, frame mounted standoff fasteners and, where necessary, with heavy-duty plastic zip loom.

FUEL/WATER SEPARATOR, PRIMARY FILTER

The Cummins ISL engine shall be supplied with a primary fuel water separator with a bottom drain valve mounted in the chassis frame. The LMC will display "WATER IN FUEL" and an alarm will sound when the water needs to be drained from the fuel water separator.

FUEL FILTER, SECONDARY

The Cummins engine shall be supplied with a secondary fuel filter mounted to the engine.

UREA STORAGE TANK

There shall be a 5-gallon urea tank located under the extended portion on the cab. A urea level gauge shall be provided in the cab on the main instrument panel.
There shall be a DEF fuel fill assembly mounted in the left crew cab extension. The fill assembly shall have cast aluminum door and fuel fill cap with retention ring. The assembly shall be properly labeled "DIESEL EXHAUST FLUID ONLY".

EXHAUST SYSTEM

The apparatus shall contain a single module devise that houses a particulate filter and SCR (Selective Catalytic Reduction) downstream of the engine's turbo. This single module devise is required to maintain US 2022 Emissions Certification. This filter and SCR device replaces the conventional style filter. The location has been engineered, tested, and set to allow for proper regeneration. Therefore, this filter cannot be removed, altered, or relocated.

A LMC (Lightbar Message Center) shall include lights for this system and shall be located in the cab informing the driver of the systems status. At times a forced regeneration may be required, which would be indicated by a combination of illuminating and/or flashing lights depending on the engine model.

A dual momentary switch labeled "REG. INHIBIT / NORMAL / REG. FORCED" shall be located within reach of the driver's seated position. The momentary REG. FORCED position initiates the forced regeneration if a regeneration is required. The momentary REG. INHIBIT position prevents the vehicle from having the ability to regenerate. Once the inhibit feature has been activated the ignition switch must be cycled off/on to return the vehicle to normal regen. All vehicles equipped with pumping applications shall allow for passive regeneration whenever the system requires and the engine is at its proper parameters unless inhibited by the DPF inhibit switch. In no way shall this feature affect the RPM of the engine being controlled by the pump operator.

The engine exhaust system shall be horizontal in design using stainless steel tubing mounted under the frame rail right side extending forward of the rear wheels.

An exhaust temperature mitigation device shall be installed. The temperature mitigation device shall lower the temperature of the exhaust by combining ambient air with the exhaust gasses at the exhaust outlet.

HEAT SHIELDS EXHAUST SYSTEM

Heat shields shall be provided as needed to prevent damage to body and wiring from excessive exhaust temperatures. The exhaust pipe shall be wrapped in multi-layered insulation blankets, from just aft of the turbo down to inlet side of the DPF. Each blanket shall have a fiberglass inner layer and a silicone impregnated fiberglass cloth outer layer.

All harnesses and cables, in proximity to exhaust system components, shall be protected with insulation.

DPF REGENERATION PROCESS

NFPA 12.2.6.7.1 the regeneration process shall be activated by two methods:

1) Automatically by the engine system but only when the transmission is in gear and the speedometer indicates a speed above 5 mph (8km/hr) whether the apparatus is in motion or is operating in stationary pump mode with an engine rpm sufficient to register 5 mph (8 km/hr) on the speedometer.

2) Manually when initiated by activation of a switch located in the driver's area of the driving compartment.

There shall also be an inhibit switch placed near the driver to inhibit an automatic Regen.

The LMC shall include the following three lights. HIGH EXHAUST TEMP, REGEN INHIBIT and DIESEL PART FILTER.

The dual momentary switch labeled "REG. INHIBIT / NORMAL / REG. FORCED" shall be installed to the right of the steering column, momentary up shall be Regen Inhibit, middle shall be Normal, and momentary down shall be Reg. Forced. The LMC will light up indicating the regeneration is inhibited whenever the Inhibit has been selected.

CUSTOM CAB

The cab shall be custom, fully enclosed, engine forward full tilt cab. The cab shall be an "Open Interior" roll cage design requiring no inner walls or vertical interior supports.

All storage areas inside the cab shall fully comply with NFPA 1901 restraint requirements of 9G’s.

Crash Test

The cab shall exceed the strict and detailed requirements of the Economic Commission for Europe Structural Standard, ECE-29R. The test shall consist of an impact load test and a vertical load test to the cab.

The cab shall have a frontal impact tests via pendulum, with an impact load in excess of 127% of the ECE-29R Standard. The estimated speed of the 3736-lb (1698-kg) pendulum shall be a minimum of 18.2 mph. The cab doors shall be closed during the impact test but be able to open after impact. There shall be no passenger intrusions or any structural component failures. The cab shall meet or exceed all criteria of this portion of the test.

In conjunction with the frontal impact test, a vertical load test shall be implemented to the cab. The cab roof shall be loaded with a minimum of 65,979 lbs. (29.53 metric tons). There shall be no failure to the cab structure or mountings, any passenger compartment intrusion or degradation of occupant survival space, or any other structural failure. The cab shall meet or exceed all criteria of this portion of the test.

A complete photographic, video, data, and dimensional record of these tests shall be available and placed on record for customer evaluations.

Cab Material

The cab shall be constructed entirely of aluminum alloy extrusions and 3/16" (.188) thick, 5052-H32 alloy, marine grade aluminum sheets. The corner posts, door slam posts, roof rails and doorframes shall be made of custom extrusions designed specifically for this cab with slots for inserting the skin. The rear wall and roof shall be reinforced with a grid of rectangular extrusions, which are welded to the overall cab extrusion framework. The front corner caps shall consist of

castings designed specifically for this cab with relief areas cast in place for attachment of roof skin and intersecting structural extrusions. Overlapping formed corner caps are not acceptable.

Cab Face, Double Wall

The cab front shall be of double wall construction resulting in a sealed firewall. The inner and outer shall both be formed from 3/16" thick, 5052 H32 alloy aluminum with structural aluminum reinforcements. This design provides for increased structural integrity, crew safety, and reduced road noise in the passenger area. The outer wall is used for mounting forward lighting, grill and windshield wipers. The inner portion shall be treated with a heavy black undercoating material for corrosion prevention.

Cab Floor

Cab floors shall be constructed from an aluminum extruded frame and 3/16” thick aluminum plate. Floor mats and insulation are detailed later in this specification.

The forward cab floor shall be as large as possible for both the driver and officer. Floorboards shall extend in width from the side of the engine tunnel, all the way to the cab door inner panel. They shall extend forward from the seat riser to the inner portion of the double wall cab face. The officer shall have approximately 28” of foot room.

The entire rear floor of the cab, to reduce trip and fall hazards, shall be a single plane. In applications requiring the use of a top-mounted PTO, a raised area in the floor may be required.

For maximum crew comfort and eliminate leg fatigue during emergency responses, the floor beneath the rear facing jump seats shall be large enough for a seated firefighter to rest both feet side-by-side. Cab floor designs that are wide enough for only one foot shall not be accepted.

Cab Corrosion Protection

A corrosion preventative material shall be applied during cab construction. A ten-(10) year warranty against corrosion perforation shall be provided for the cab.

Wheel Well Liners

Full wheel well liners shall be installed beneath the cab to protect the bottom of the cab from road splash. The liners shall be constructed of aluminum and be full width.

The wheel well liners shall be attached with threaded fasteners and be easily removable for service.

Windshield Wipers, Intermittent

Two-(2) electric "Pantograph" style windshield wipers shall be installed on the front face of the cab. The motors shall operate through a 72-degree sweep and include 24-inch blades to give superior wiper coverage. A washer reservoir of not less than 70 ounces shall be mounted a latched door recessed in the officer's step.

A switch located on the turn signal control arm shall operate the intermittent wipers.

H7195 Cinder Pumper Retail

Cab Interior, Extreme Duty

Cab floors shall be covered with a pebble grain rubber matting with barrier type insulation. Edges of the insulation shall be trimmed with a cast aluminum foot plate for a pleasing appearance.

An insulated covering shall be fitted over the engine tunnel. Made from the same material as the cab floor insulation, this covering shall insulate the cab from engine heat and noise. A Cast Products aluminum door on the engine tunnel shall provided access for fluid checks.

The back side of the engine cover, as well as a 2” to 3” return on the top side, shall be covered with a sprayed aluminum panel and be of sufficient strength to allow for 9G resistant mounting of any optional hand lights, entry tools, or other fire rescue equipment specified by the customer.

The cab shall have a custom built, smooth aluminum plate dashboard, overhead console, glove box, instrumentation panel and switch panel. The front overhead shall include room for the three sun visors and the door open indicator light.

The front door posts shall be trimmed with styled aluminum covers that conceal any wiring, as well as including a mounting area for rubberized grab handles. The center windshield post shall be covered F-Shield paint finish.

Prior to installing the headliner and rear wall padding, minimum R-7 insulation, shall be installed between the interlocking extrusions.

These covers serve to finish the interior, cover wiring harnesses and insulate the interior from sound and heat.

Cab Steps

All cab steps shall be of a stationary, fixed design that use no moving parts and requires no periodic maintenance other than cleaning.

There shall be an open-grip, bright finish step at each cab door opening. The area under the step shall be enclosed to prevent road dirt from entering the cab. There shall be provisions made at the front of the step for easily flushing out any dirt accumulation.

At each door, opening there shall also be an intermediate cab step. Intermediate steps shall be full width of the doorstep area and overlaid with embossed aluminum tread plate.

Cab Step Heights

The distance from level ground to the first cab step shall be 19-21 inches without using swing-down style or under-cab stirrup auxiliary steps.

The distance from first cab step to intermediate step shall be approximately 12-1/2 inches front and rear.

The distance from intermediate step to cab floor shall be approximately 9-1/2 inches in the front and 12 inches in the rear.

H7195 Cinder Pumper Retail

Cab Style

The cab will be a XMFD (extended medium four door) with seating up to eight-(8) seating positions.

Cab Dimensions

The exterior width of the cab will be 96" wide (skin to skin) and 116" wide with standard mirrors. The overall cab length will be 136" with a dimension of 62" from the centerline of the front of the axle to the back of the cab.

Sealed Engine Tunnel

The engine tunnel shall be a structural part of the passenger cab, constructed from welded 3/16" aluminum plate and reinforced with aluminum extrusions. The rear of the engine tunnel shall be no less than 57" inches from the rear wall of the cab, allowing maximum legroom for forward facing passenger. After welding, the seams shall be completely sealed with silicone caulking.

Engine enclosures that are not an integral part of the cab structure are not acceptable.

The interior of the engine tunnel shall be insulated with 1" thick foil backed insulating foam, attached with stud and button method. A cross-section analysis of the insulation shall reveal a 1/8” thick barrier material for additional noise and heat insulation.

The engine tunnel height will not exceed 27-1/2" front to back and side to side. The driver will have no less that 24-1/2" hip room and the officer no less that 23-1/2" of hip room.

Windshield

The standard windshield shall have approximately 4100 square inches of unobstructed viewing area. It shall be a two-(2) piece design with tinted automotive safety glass, with a wraparound design. A .030-inch thick vinyl layer shall separate the laminated glass.

All other cab glass shall be tinted and tempered.

Cab Roof

The cab roof will be raised 8" providing additional headroom above the crew area. The raised portion will start midway over the driver and officer seats.

The cab will offer an interior height of 60" from the front floor to the headliner in the non-raised roof area and a rear floor to headliner height of 66" in the raised roof area.

CAB DOORS

HINGES, CAB DOOR

Each cab door will be attached to the cab with consealed stainless steel hinge with restraining strap.

CAB DOOR LOCKS

There shall be individual manual twist type door locks at each door interior handle. In accordance with FMVSS 206 all exterior door locks shall be keyed alike.

CAB DOOR WINDOWS, ELECTRIC

All cab door windows shall be electrically operated. The driver shall have four-(4) switches located overhead to control the operation of each door. All remaining doors shall contain one-(1) heavy-duty switch to control the window operation located on top of the door panel.

NOTE: On the E2020 electrical system the power windows can't be wired to direct battery power.

DELETE LEFT SIDE FIXED CAB WINDOW

The left sidewall cab window between the front and rear door will be deleted to accommodate an exterior access door for the crew cab EMS compartment or a smooth exterior surface.

DELETE RIGHT SIDE FIXED CAB WINDOW

The right sidewall cab window between the front and rear door will be deleted to accommodate an exterior access door for the crew cab EMS compartment or a smooth exterior surface.

CAB TILT LOCK

The cab shall be supported at four points. At the front, there shall be two center bonded bushings. At the rear, there shall be two hydraulic locking latches.

The cab shall tilt 45 degrees by means of a pair of hydraulic cylinders driven by the electric pump. The tilt system geometry shall be designed in such a way that the maximum hydraulic pressure in the system does not exceed one-half the pressure rating of the cylinders or pump when the cab is empty. This allows the Fire Department to leave some equipment in the cab when maintenance is required (although this equipment must be secured).

Once the cab is fully tilted, a safety latch shall automatically engage and act as a positive lock. The lock is released by a pull cable. The hydraulic cylinders shall be equipped with velocity fuses to prevent the cab from falling, should the hydraulic system fail.

The front of the cab pivots and rides on the center bonded bushings by means of lubricated pivot pins that retain the cab yoke in the bushings. The bushings allow limited movement of the cab, and isolate the cab from noise and vibration.

The rear mounts consist of a pair of hydraulic cab latches mounted on rubber cushioned mounting brackets. Latches release when the pressure in the tilt system exceeds 500 PSI.

An ignition interlock system shall be installed for cab tilt operation. Cab tilt operation requires the master battery switch to be in the on position with the parking brake applied.

CAB TILT PUMP

An electric over hydraulic cab lifting pump shall be provided to tilt the cab for engine and transmission service. The pump shall be operated by a remotely wired control box with coiled cord, weather resistant plug, and receptacle. An

interlock shall be provided preventing the cab from inadvertently rising until the transmission is placed in the neutral position and the parking brake is set.

The entire cab shall be capable of tilting approximately 45-degrees to allow for easy maintenance of the engine and transmission.

FRONT GRILLE

The front grille will be a mirror polished stainless steel box style assembly with 470 square inches of open area on 100" wide cabs and 430 square inches of open area on 96" wide cabs. The grille will be backed with an aluminum honeycomb mesh to protect the radiator.

FRONT GRILLE LOGO

The front grille will be a non-lighted Ferrara logo.

INTAKE GRILLE, RIGHT SIDE W/EMBER SEPARATOR

A right stainless steel grille shall be installed approximately 70" above ground level on the right side of the cab between the front and rear cab doors. The grille shall have a minimum open area of not less than 119 square inches serving as an air intake and warm air dispersant system.

An Ember Separator shall be installed between the stainless steel grill and the air filter system allowing fresh air to pass through to the engine while preventing particles of .039 inches (1.0 mm) or larger from entering the system in accordance with the latest version of NFPA easily accessible through the exterior stainless steel grille.

The grille shall be notched to allow easy access without removing the cab handrail.

HEATED/REMOTE CAB MIRRORS

Two side-mounted Velvac model 713760 rear view mirrors shall be installed with an 8" X 16" mirror head and a separate 6" x 6-1/2" parabolic mirror. The mirror head shall be heated and remotely adjustable by the driver. The mirrors shall be aerodynamically designed to reduce wind buffeting and resultant vibration. The housings shall be polished stainless steel.

The mirrors support tubes shall be stainless steel, with breakaway mounting brackets.

EXTERIOR HANDRAILS, CAB

Four-(4) exterior handrails shall be installed on the cab, one-(1) each side just rearward of the front doors and one-(1) each side just rearward of the rear doors. The handrails shall be 24" in length and constructed from knurled stainless steel with a slip-resistant finish. The handrails shall be mounted with chrome plated end stanchions and will have a molded rubber gasket shall be mounted between the handrails and the cab in order to prevent corrosion.

FENDERETTES, POLISHED STAINLESS STEEL

The cab fenderettes will be bright polished stainless steel securely fastened to the cab wheel wells on each side. A rubber gasket will be installed between the fenderettes and cab to eliminate contact of dissimilar metals.

EXTERIOR TRIM, REAR CAB STEP WELL

The rear cab door stepping surfaces shall be trimmed with aluminum tread plate. There shall be tread plate covers that provide access to the chassis battery system.

TREAD PLATE BACK OF CAB

The entire back wall of the cab shall be covered with 1/8" (.125") thick aluminum tread plate. The tread plate shall be fastened to the cab with stainless steel fasteners. A bead of caulking shall be applied to the perimeter of the tread plate.

TREAD PLATE CAB ROOF

The roof the cab shall be covered with 1/8" (.125") aluminum tread plate. The tread plate shall be fastened to the cab with stainless steel fasteners. A bead of caulking shall be applied to the perimeter of the tread plate.

CAB CORROSION PROTECTION AND SOUND DEADENING

The apparatus cab shall be completely covered in one of two types of paint, prior to installation of any interior or exterior components, including insulation and floor mats. This process shall be required to guard against corrosion as well as to keep the cab as quiet as possible for firefighters.

The entire underside and double wall area at the front of the cab shall be cleaned, primed and sprayed with black F-Shield as a finish coat. This shall include any areas that are not normally visible after the cab is complete.

The entire cab interior shall be sprayed with F-Shield, as described later in these specifications. F-Shield shall be sprayed over the ceiling, floor, side walls, forward fire wall, rear wall, dash, engine tunnel, interior cab doors and both sides of the cab door panels.

The cab exterior shall be completely finish painted as described later in these specifications. This shall include the areas under any optional rear wall or cab roof diamond plate overlays.

The fire department shall, through the Virtual Manufacturing feature described earlier in these specifications, have the ability to see these areas covered with F-Shield prior to installation of items such as engine tunnel insulation, cab interior insulation and headliners, engine tunnel covering, floor mats, cab inner door panels, etc.

As a result of these cab corrosion protection measures, a ten-(10) year warranty against cab corrosion shall be provided to the fire department.

INTERIOR CAB FINISH

The interior of the cab shall be painted with a dark gray “F-Shield”. The cab metal finish shall be covered with a coat of adhesion promoting primer.

The headliner (front and rear) and rear wall (if applicable) shall be covered with heavy-duty gray vinyl.

FLOOR MATS/ENGINE TUNNEL COVERING

The floor mats and engine tunnel shall be covered with gray pebble grain vinyl with 1/4" (.250") foam backing. The edges of the floor mats shall be trimmed with a cast aluminum foot plate for a pleasing appearance.

INTERIOR TRIM, REAR WALL ALUMINUM PANEL

The entire interior rear wall of the cab shall be covered with 3/16" (.1875") smooth aluminum plate coated with “F-Shield”.

The color of the rear wall panel shall match the interior of the cab.

CAB GRAB HANDLES, INTERIOR

Two-(2) interior grab handles installed in the cab on the "A" posts, one-(1) each side. The grab handles shall be constructed of rubberized steel.

Four-(4) interior grab handles installed in the cab, one-(1) each side on top of the front door panels adjacent to fixed window and one-(1) each side on the rear door panels mounted diagonally. The grab handles shall be constructed of 1-1/4" knurled stainless steel. The gab rails shall be mounted with chrome plated end stanchions.

There shall be one-(1) interior grab handle installed on the inside of each rear cab door. The handles shall extend horizontally with width of the window just above the window sill. The grab handles shall be constructed of bright stainless steel.

GLOVE BOX

The glove box will be an integral part of the welded aluminum dashboard assembly and located in front of the officer's seat. The door will be drop down style and constructed from aluminum with latch. The area above the glove box will be flat for a work surface or optional MDT mounting.

SUN VISORS

The cab shall be equipped with three-(3) sun visors. The visors shall be installed on the overhead panel and provide approximately 90 percent coverage across the width of the cab. The visors shall be approximately 26" wide and 6" tall.

UPPER DOOR PANELS, INTERIOR

There shall be four-(4) interior upper front and rear door panels installed covered with “F-Shield” extending from the window down to the lower kick plate. The color of the panels shall match the interior of the cab.

REFLECTIVE STOP SIGNS

There shall be four-(4) "STOP" signs installed in the cab, one-(1) on the lower door panel of each cab door.

EQUIPMENT MOUNTING PLATE, ENGINE TUNNEL

There will be one-(1) equipment mounting plate installed on the engine tunnel constructed of 3/16" smooth aluminum plate covered with "F-Shield".

INSTRUMENTATION

For easy viewing, gauges shall be white faced with black lettering and adjustable intensity LED backlighting. The gauges shall meet SAE J-1939 protocol to eliminate redundant sending units. The gauge crystal shall be flat glass with rubber o-ring seal. The panels shall be divided into groups of instruments that make identification sensible and easy to view.

The following instruments shall be included in the gauge panel in front of the driver:
Left Side-
An all in one gauge that contains; dial type tachometer, dial type engine oil pressure with warning light and alarm and dial type engine coolant temperature with warning light and alarm.

Center-
-Driver information display panel with alarm output for gauge warning lights
-Dial type transmission temperature gauge with warning light
-Dual diesel fuel/DEF level gauge with low level indicators

Right Side-
An all in one gauge that contains; dial type speedometer, dial type primary air pressure gauge with warning light and alarm and dial type secondary air pressure gauge with warning light.

The following indicator lights shall be provided in the gauge panel:
-Air cleaner restriction light
-High beam indicator
-Parking brake indicator
-Turn signal indicators
-Low primary air
-Low secondary air
-Battery voltage error
-Door ajar
-Auto chassis lubrication system (if equipped)
-Emergency engine shutdown (if equipped)
-Diagnostic indicators for airbag (if equipped), engine, transmission and ABS

The electronic diagnostic connections for the engine, transmission, and ABS brakes shall be located in the lower left firewall.

Service Access
The driver's instrumentation area shall be made of textured black non-glare panels affixed to the aluminum dash. There shall be a single gauge panel, secured with a bottom hinge and four-(4) quarter-turn fasteners. Access to the gauge clusters shall be accomplished simply by releasing the latches and pulling the panel outward. Other gauge access designs are not acceptable.

The chassis electrical access panel shall be located in the center of the aluminum dash, between the switch panel and the windshield. There shall be a lift up cover, with two-(2) recessed lift-and-turn latches for quick access to the panel. The opening to the electrical shall measure approximately 15" wide near the switch panel and 37" wide toward the windshield.

DRIVER'S INFORMATION DISPLAY

There shall be a 10.8" x 2.44" display panel on the driver's gauge cluster that will illuminate various caution and warning indicator lamps. This display also contains a 340 x 90 monochrome LCD for display of specific and user selectable data. The display unit reads data from the J1939-11 power train communications network. Display will be capable of but not limited to the following features:

-Auto Self-Test

-Viewing the state of each digital or analog input to the unit
-Viewing the state of each output
-Allows users ability to set service reminders by distance or hours of operation
-Allows users ability to set data screens in various formats i.e. bar graph / text
-Viewable active and stored power train ECU fault data.
-Diagnostics screen allows user to select and view a specific source such as engine / transmission
-Display is selectable between English and metric readings.
-Messages and Icons will pop up in display when a condition exists such as: transmission oil life, filter or other service needed as reported by the Allison Transmission ECU engine conditions: low oil pressure, high coolant temperature, low coolant level, water in fuel, check / stop engine, regeneration needed, high exhaust temperature

Indicator lights may also accompany pop up messages:
Door ajar indicator will also pop up a "Do Not Move Vehicle, Check all doors and Items that Raise or extend beyond apparatus cab or body" message

ELECTRICAL SYSTEM, CHASSIS

The electrical system shall consist of all solid-state components contained inside sealed aluminum castings and/or weatherproof Deutsch enclosures. Each module is to have a set of diagnostic LED indicators. All inputs and outputs shall be configured into a scalable electrical harness utilizing Deutsch connectors. The modules shall not have special mounting requirements.

The system shall consist of a main solid-state control module and the appropriate combination of solid-state distribution modules, switch modules, and other solid-state modules as required for the application. The system will also include a 5-inch screen mounted in the driver side overhead area. This screen will display door ajar & seat belt warnings, electrical system diagnostics and informational screens. The electrical system will also utilize programable Smart Switches, these switches will utilize both ICON and text engraved covers. The switches will be backlit Red when the system is powered up & the switch is not active. When the switch is activated, the ICON on the switch will change color to either, Green, Blue or Cyan, depending on the switch function.

The system, at a minimum, shall be capable of performing the following functions:
-Load management and sequencing
-Switch loads
-Receive digital and analog signals
-Perform and report diagnostics
-Continuously report vehicle status
-System is expandable

The main solid-state control module shall have an integrated Load Manager. The Load Manager Sequencer shall assure that loads are applied and removed gradually, thus eliminating the possibility of inducing failures in the vehicle's equipment.

The load manager shall be a precision, solid state controller which sequentially switches "ON" multiple circuits at 1/2 second intervals. The sequencer shall be initiated by the "Emergency Master" switch. The sequencer priority shall be set at the apparatus pre-build conference.

The Load Manager shall monitor the vehicles battery voltage. Loads may be shed at any voltage at one tenth of volt increments. A low voltage warning may be set at any set point (usually 11.5 volts). The load manager can shed any output that is controlled by the system (there is no limit to the number of loads that may be managed by the network).The load shed priority shall be set by the circuit significance, followed closely by circuit draw. The Load Manager shall shed loads until the voltage level begins to rise.

A voltage monitor shall be built into the electrical system. It shall activate a warning when the alternator output voltage falls below any desired voltage (usually 11.8 volts).

Placement of modules within the cab enables a reduction in wire harness bundles. Elimination of redundant harnessing and separate circuit boards, relay and circuit breakers & electrical hardware. Reducing separate electrical or interlock subsystems and associated electronics for controlling various electrical loads and inputs.

The electrical system shall utilize a Controller Area Network (J1939) protocol to provide control signals for "real time" operation.

The electrical system shall be field reprogrammed and re-configurable by an authorized service center. This complete system eliminates the need for the following separate components or devices: load manager, load sequencer, warning lamp flasher, headlamp flasher, door open notification system, interlock modules, and VDR.

The base system includes:
-Total Load Management
-Load Shedding Capabilities
-Load Sequencing Capabilities
-On- Board Diagnostics Readout
-Very reliable, solid- state hardware
-Error Reporting
-Continuous system monitoring and reporting
-Emergency warning lamp flasher
-Field Configurable
-Expandability Capabilities
-Advanced PC Diagnostics
-VDR

The wiring harness shall conform to SAE J-1128 with GXL temperature properties. All exposed wiring shall be run in loom with a minimum 289 ºF rating. All wiring looms shall be properly supported and attached to body members along the entire run. All wiring shall be mounted as to provide protection from water and heat. All connections shall be crimp type with heat shrink tubing with insulated shanks to resist moisture and foreign debris such as grease and road grime. Weather resistant connectors shall be provided throughout to ensure the integrity of the electrical system. Gold contacts shall be used where required for superior connectivity and improved performance. All wiring looms shall be properly supported and attached along the entire run. At any point where wire or looms must pass through metal, rubber grommets shall be installed to protect the wire from abrasion.

Wiring shall be individually and permanently numbered, function and color-coded using an indexing numbering system in which all circuits are categorized by function and shall be permanently marked every three-(3) inches on the insulation to allow for easy identification.

All internal wire end terminals, including locking bulkhead connectors, shall be mechanically affixed to the wire ends by machine terminal crimping presses. No hand-crimped terminals shall be acceptable.

All internal splices shall be ultrasonically welded connections - no butt style connections shall be acceptable. All internal wiring shall be of the high temperature GXL type wire and shall be protected by wiring duct wherever possible.

As programmed electrical system reports shall be generated by the electrical system software and furnished in the apparatus manuals. A master circuit list of electrical circuits that the apparatus builder installs shall be furnished in the delivery manuals.

MAIN CENTER DASH

The main center dash area shall include three-(3) removable panels located one-(1) to the right of the driver position, one-(1) in the center of the dash and one-(1) to the left of the officer position. The center panel shall be within comfortable reach of both the driver and officer. The panel shall be constructed of 5052-H32 Marine Grade, 1/8 inch thick aluminum plate.

STEERING COLUMN

The steering column shall be a Douglas Autotec tilt and telescope. A lever mounted on the side of the column shall control the tilt and telescope features. A Signal-Stat (self-canceling) turn signal switch shall be mounted to the column. The steering shaft from the column to the meter box shall have a rubber boot to cover the shaft slip and a second rubber boot to seal the passage hole in the floor.

The steering wheel shall be 18 inches in diameter.

The Signal-Stat turn signal switch shall include the following functions:

- Left and right turn signals
- High beam dimmer control
- Hazard warning switch
- Two speed with intermittent windshield wiper control
- Windshield washer control

HEATING/AIR CONDITIONING SYSTEM

The climate control system shall use three-(3) heater-air conditioner units.

The front circuits shall use two-(2) heater-air conditioning units, mounted under the dash on the driver's side and under the officer's side. These units are each rated at 14,700 BTU heating and 19,200 BTU cooling. The units shall blow up toward the windshield through four-(4) fixed vents in the dash. Additionally, there shall be two-(2) adjustable vents each side to direct air at the lower portion of the driver and officer seating areas. Two-(2) switches, including low/med/high and heat/off/ ac, shall control the front system.

A DEFROST / DEFOG switch shall be installed to operate both the front heating, systems in the DEFROST selection to provide pure heat for defrosting. In the DEFOG selection the front heating, and cooling systems are activated. This provides hot and dry air for defogging purposes. In either postion the hot and dry air shall vent through the fixed vents in the dash.

The two-(2) front systems shall combine to put out a total of 688 CFM air flow.

The rear circuit shall use one large heater-air conditioner unit with a rating of 34,150 BTU cooling and 36,000 BTU heating. It shall be mounted under the forward facing rear seats. Ducting shall run up the rear wall to adjustable vents (minimum of six) running along the center of the ceiling toward the front of the cab. Two-(2) switches including high/med/low and heat/off/AC shall control the unit. In addition to the rear control switches, there shall be an ON/OFF switch located near the driver to disable the rear unit if needed.

The rear system shall put out a total of 640 CFM air flow.

The total system shall have a capacity of 72,550 BTU cooling, 65,400 BTU heating and a total in-cab air flow of 1,328 CFM.

The entire roof and back wall shall be heavily insulated with 1" foam to enhance the cooling system.

All three-(3) heaters shall be plumbed with a shut off valve at the engine.

The air conditioning system shall be powered through two-(2) engine driven 9-1/2 cubic inch compressors.

Two-(2) roof top condensers, each rated at 38,700 BTU, shall be provided.
The two-(2) roof top condenser housings shall be black in color.

SEAT MATERIAL

The seats shall be covered with Bostrom Durawear material.

SEAT COLOR

The cab seats shall be gray/black in color.

SEAT BELTS

The seats shall be equipped with a standard 3-point seat belt with single automatic retractor.

NO SCBA BRACKETS REQUIRED

The SCBA brackets shall be provided and installed by the Fire Department, unless otherwise stated later in the specifications.

NO FILLER PANELS REQUIRED

No SCBA seat filler panels shall be provided with the apparatus.

DRIVER'S SEAT

The driver's seat shall be a H. O. Bostrom Sierra, Air-100 RX air suspension, high back bucket seat.

The seat shall have a tapered and padded seat cushion. The seat shall have a five inch fore and aft adjustment, a four inch height adjustment with a reclining seat back. The seat air ride suspension shall be pneumatically controlled from a control switch on the forward lower edge of the seat.

OFFICER'S SEAT

The officer's seat will be a H. O. Bostrom Sierra, Air-100 air suspension, high back bucket seat.

The seat will have a tapered and padded seat cushion. The seat will have a five inch fore and aft adjustment, a four inch height adjustment with a fixed seat back. The seat air ride suspension will be pneumatically controlled from a control switch on the forward lower edge of the seat.

CREW SEAT, INBOARD FORWARD FACING

The inboard forward facing seat installed against the rear cab wall will be a H. O. Bostrom Sierra, 400 Series, FX fixed high back non SCBA bucket seat.

The seat will have a tapered and padded seat cushion.

The forward facing center seating position will include an enclosed style seat riser located and installed at the rear wall. The seat frame will be constructed of Marine Grade aluminum plate and will be sprayed with F-Shield to match the cab interior.

CREW SEATS, OUTBOARD FORWARD FACING

The two-(2) outboard forward facing seats installed against the rear cab wall will be a H. O. Bostrom Sierra, 400 Series, FX fixed high back non SCBA bucket seat with flip bottom.

The seats will have a tapered and padded seat cushion.

The forward facing seating positions will include an enclosed style seat riser located and installed at the rear wall. The seat frame will be constructed of Marine Grade aluminum plate and will be sprayed with F-Shield to match the cab interior.

The seat will be equipped with the Bostrom Fold & Hold option.

COMPARTMENT, DRIVER'S SIDE OUTBOARD REAR FACING

One-(1) EMS compartment constructed of 1/8" smooth aluminum will be mounted in the cab. This cabinet will be installed rear facing behind the driver's seat. The interior dimensions will be approximately 23-1/4" wide x 18-1/4" deep x height to be determined. The cabinet will be supplied with a sprayed finish to match the interior of the cab.

EMS COMPARTMENT NETTING, INTERIOR

Cargo netting will be installed over the interior opening of the driver's side EMS compartment. The netting will be permanently fixed at the bottom of the compartment with self-locking seat belt latches at the top and sides.

LIGHT(S), EMS COMPARTMENT

There will be one (1) LED strip light will be installed in the driver's side EMS compartment.

SHELF, EMS COMPARTMENT

There will be one (1) vertically adjustable shelf (shelves) will be installed in the driver's side EMS cabinet. The shelf will be constructed of smooth aluminum and have a 2" lip at the front, sides and rear of the shelf.

12V POWER OUTLET(S), EMS COMPARTMENT

There will be one (1) 12-volt power outlet(s) installed in the driver's side EMS compartment.

COMPARTMENT, OFFICER'S SIDE OUTBOARD REAR FACING

One-(1) EMS compartment constructed of 1/8" smooth aluminum will be mounted in the cab. This cabinet will be installed rear facing behind the officer's seat. The interior dimensions will be approximately 23-1/4" wide x 18-1/4" deep x height to be determined. The cabinet will be supplied with a sprayed finish to match the interior of the cab.

EMS COMPARTMENT DOOR, INTERIOR

Cargo netting will be installed over the interior opening of the officer's side EMS compartment. The netting will be permanently fixed at the bottom of the compartment with self-locking seat belt latches at the top and sides.

LIGHT(S), EMS COMPARTMENT

There will be one (1) LED strip light will be installed in the officer's side EMS compartment.

SHELF, EMS COMPARTMENT

There will be one (1) vertically adjustable shelf (shelves) will be installed in the officer's side EMS cabinet. The shelf will be constructed of smooth aluminum and have a 2" lip at the front, sides and rear of the shelf.

12V POWER OUTLET(S), EMS COMPARTMENT

There will be One (1) 12-volt cigar lighter style power supply installed in the officer's side EMS compartment.

ACCESSORY PANEL, BLUE SEA

There shall be a blue sea model 4365 12-volt accessory panel. The panel shall be equipped with one-(1) 12-volt socket outlet and two-(2) 2.1 amp USB connections.

The panel shall be wired to direct battery power with the appropriate wire size and fuse.

The panel shall be in the center emergency switch panel below the Whelen siren.

The fuse black will be located on the side of the engine tunnel behind the officer's seat.

RADIO

A Jensen brand heavy-duty radio with weather band, AM/FM stereo receiver and Bluetooth capabilities will be installed in a customer specified location. Radio will be the current, commercially available heavy-duty single-DIN automotive model at time of vehicle manufacturing date.

A small antenna will be located on the cab roof for AM/FM and weather band reception.

There will be two-(2) speakers installed in the front portion of the cab recessed overhead and two-(2) speakers installed in the rear portion of the cab overhead. The speakers will be provided for connection to the sound system.

The radio will be located in the overhead panels per the dash layouts.

ACCESSORY POWER

The electrical distribution panel shall include two-(2) power studs. The studs shall be size #10 and each of the power studs shall be circuit protected with a fuse of the specified amperage. One-(1) power stud shall be capable of carrying up to a 40 amp battery direct load and one-(1) power stud shall be capable of carrying up to a 20 amp ignition switched load. The two-(2) power studs shall share one-(1) #10 ground stud.

ELECTRONIC SIREN

There shall be one-(1) Whelen model 295SLSA1 siren provided in the cab. The siren amplifier shall incorporate a 12V/200W siren installed on an aluminum alloy chassis covered by a black polycarbonate powder coated housing for maximum protection. The 295SLSA1 shall have the ability for either 100 or 200 watt output. The front overlay shall be made of velvet Lexan™ with a matte finish. The lettering and artwork on the overlay shall be illuminated with adjustable backlighting of soft LED non-glaring green. The operating controls will consist of a power switch, manual button, PA volume switch, horn button, and rotary switch. The 295SLSA1 PC board shall have input polarity protection, output short circuit protection. The siren amplifier shall include a 20A/32V fuse. The solid state siren speaker amplifier shall be vibration resistant. The microphone shall be hardwired to the 295SLSA1.

The 295SLSA1 shall have 21 Scan-Lock™ siren tones with two manual functions for additional siren tones. The siren amplifier shall have the ability to customize the placement of each siren tone with the rotary switch. The siren amplifier shall have a “Siren in Use” icon driver and adjustable preset repeat radio volume. The 295SLSA1 shall have a “Park Kill” feature that disables the siren when the vehicle is in park. The PTT (push to talk) switch on the microphone shall override all siren functions. The 295SLSA1 shall have a combination On/Off and horn ring transfer switch with Bi-polarity horn/ring activation control. The 295SLSA1 shall have SI Test® capability to perform a complete diagnostic silent test of amplifier and speaker(s). The siren amplifier shall have a quick disconnect plug. The 295SLSA1 shall have the ability to activate siren tones with “Aux Enable” input either with a slide switch, power controls, or relay-to-ground connector. The 295SLSA1 shall meet Class A requirement for SAE, AMECA, KKK1822, and California Title XII. The sire amplifier shall have an adjustable bail bracket with installation hardware. The 295SLSA1 is covered by a two year factory warranty.

HORN, ELECTRIC

A single electric horn activated by the steering wheel horn button shall be provided.

BACK-UP ALARM

There shall be one-(1) NFPA compliant electronic back-up alarm installed at the rear of the apparatus. The alarm shall be wired to the transmissions output signal and is automatically activated when the transmission is shifted into reverse.

LIGHTS, CAB DOME

Four-(4) Whelen 6" Round Super-LED model 60CREGCS shall be provided in the cabs headliner. The steady burn 12v interior light shall incorporate six red and six clear Super-LEDs and a clear non-optic translucent hard coated polycarbonate lens for maximum output. The hard coated lens shall provide extended life/luster protection against UV

and chemical stresses. The conformal coated PC board and foam in place gasket shall provide additional protection against environmental elements. The 60CREGCS includes Hi/Low intensity mode standards and On/Off dual switch function. The solid state interior light shall be vibration resistant. The interior light is covered by a five year factory warranty

The white LED lights shall be activated when any cab door is in the open position automatically switching off all red lights currently on and reactivated when the door is closed.

LIGHT, DOOR AJAR

A Whelen model TIR3 door ajar light shall be located on the cab's ceiling. This light shall be a self-contained flashing light that activates when any of the apparatus doors are open. The lens color shall be red.

An audible alarm shall be installed in conjunction with the door-ajar warning light system. The panel only operates when the ignition switch is in the “On” position and the parking brake released.

LIGHTS, STEP WELL

Six-(6) LED lights shall be provided, two-(2) in each front cab step well and one-(1) in each rear cab step well. Each light shall activate when the cab door in opened.

LIGHTS, ENGINE MAINTENANCE

Two-(2) white 4" LED round lights shall be mounted under the cab. The lights shall automatically activate when the cab is tilted.

FRONT LIGHTING

The headlamps, turn signals, front warning and intersection lights shall be located within chrome warning light modules, one-(1) each side front of the apparatus.

HEADLIGHTS

Four-(4) FireTech LED rectangular headlights model FT-4X6-4KIT shall be installed in the warning light modules, two-(2) each side. The headlights shall be mounted in the upper positions of the module.

The kit shall consist of 2 fixtures which operate as SAE VOR “high/low” beams, and 2 fixtures which operate as SAE VO “high-only” beams. All 4 headlights shall have a SAE “P” parking lamp halo surrounding the driving beams, which shall be energized any time the vehicle marker lights are turned “on” (first click of the headlight switch). Optically, on the high/low headlight, an articulated set of elliptical optics must be used to illuminate the foreground while operating in “low” beam mode. The lens of the high/low beam headlight shall be marked “DOT VOR SAE HL P 16.” The lens of the high-only beam shall be marked “DOT VO SAE HL P 16.” All circuits of the headlights shall be designed to operate from 9-32v DC.

All 4 fixtures must be manufactured such that the internal pressure of the headlight remains constant regardless of operating temperature. The housing shall be equipped with a mechanically fastened GORE PolyVent. Similar functioning vent materials affixed to the housing using adhesive shall not be acceptable for substitution.

The headlights shall be installed, wired, and aimed, in accordance with FMVSS108. The manufacturer of the headlights shall warrant the headlights against defects for the life of the apparatus.

TURN SIGNALS, FRONT

Two-(2) Whelen 600 series 5mm LED model 60A00TAR turn signal lamps shall be installed, one-(1) each side directly below the low beam headlights in the warning light modules. The turn arrow light shall incorporate 92 amber 5mm-LED and a clear non-optic hard coated polycarbonate lens. The hard coated lens shall provide extended life/luster protection against UV and chemical stresses. The encapsulated 5 mm-LED populated arrow shaped PC board and foam in place gasket shall provide additional protection against environmental elements. The solid state turn arrow light shall be vibration resistant. The turn arrow light is covered by a five year factory warranty.

LIGHTS, TURN SIGNAL/MARKER

Two-(2) Whelen 400 series model 40A00AAR amber LED lights shall be mounted, one-(1) each side outboard of the turn signal at a 45-degree angle off the front of the cab. The lights shall be part of the warning light module and are visible from both the front and sides of the vehicle.

LIGHTS, LED CORNERING

Two-(2) Whelen 400 series model 40R02Z*R flashing LED cornering lights shall be mounted, one-(1) each side below the marker lights in the warning light module. The lights shall be mounted at a 45-degree angle off the front of the cab and are visible from the sides and front of the vehicle. The warning light shall incorporate four red Super-LED, an optic hard coated polycarbonate lens, and utilize a metalized reflector with integrated TIR hybrid optics for maximum output. The hard coated lens shall provide extended life/luster protection against UV and chemical stresses. The conformal coated PC board and with the lens fitted with foam in place gasket assembly shall provide additional protection against environmental elements. The solid state warning lights shall be vibration resistant. The self-contained flashing light shall have 25 Scan-Lock™ flash patterns including synchronize feature and steady burn. An installation kit including mounting hardware and rubber gasket shall be provided for surface mounting. The 40R02Z*R will contain a 12” non-terminated pigtail. The warning light is covered by a five year factory warranty.

LIGHTS, FRONT DOT

There will be five-(5) DOT required marker lights will be provided in the specified brow light and not mounted to the cab roof.

LIGHTS, INBOARD LOWER FRONT

Two-(2) Whelen 600 Series Super-LED model 60R02FRR shall be installed, one-(1) each side inboard of the turn signal in the warning light modules. The warning lights shall incorporate red Linear Super-LEDs, a red optic hard coated polycarbonate lens, and utilize a metalized reflector with integrated TIR hybrid optics for maximum output. The warning lights is covered by a five year factory warranty.

LIGHTS, CAB GROUND

There shall be one-(1) Whelen 2G Series model 20C0CDCD 4" LED light mounted under each cab door illuminating the area below providing a safe entrance and exit for cab occupants. All cab ground lights shall automatically activate when any cab door is opened and by a switch located on the dash.

The 12v steady burn light(s) shall incorporate 12 clear LED and a clear optic hard coated polycarbonate lens. The hard coated lens shall provide extended life/luster protection against UV and chemical stresses. The encapsulated coated PC board and lens fitted with foam in place gasket assembly shall provide additional protection against environmental

elements. The solid state light shall be vibration resistant. The 20C0CDCD will contain 350 usable lumens. An installation kit including mounting hardware and rubber gasket shall be provided. The 20C0CDCD will contain a 12" terminated pigtail with a waterproof Deutsch® connector. The light is covered by a five year factory warranty.

VIDEO SYSTEM KIT, FRC INVIEW360

The vehicle shall be equipped with an FRC, model SNB100-C00 inView™ 360 Video system. This system shall provide the driver with a 360 degree birds-eye style view of the apparatus, along with individual camera views based on determined conditions.

The inView™ 360 system shall include-(4) four camera's standard, an Electronic Control Unit (ECU), required harnesses and a manual camera switch. The kit shall provide split video feeds with bird's-eye view and individual camera views. It shall be capable of integrating with an existing vehicle system for an automatic camera view, which seamlessly switches from front/left/right/rear views based on turn signal and reverse activation.

The cameras shall have dimensions of 1.3" L (34mm) x 1.9" H (48mm) x 2.4" W (61mm). The cameras shall have a 190-degree horizontal lens view angle, a relative aperture (F-stop) 2.0, and an HD resolution of 1920 x 1080 at 30 FPS (frames per second). The indoor/outdoor camera housing shall be aluminum die cast and be waterproof, rated to IP69.

The ECU (Electronic Control Unit) shall feature AHD video inputs from the cameras. The system shall have two-(2) video outputs, (1) HD (1920 x 1080) and (1) CVBS (SD) 720 x 480. It shall also feature a switch that allows the operator to override the default camera view, a second event switch to flag an event, so the video footage can be located easily at a later time and a third switch to activate a vehicle specific overlay. The ECU shall have dimensions of 6.8" L (173mm) x 1.5" W (38mm) x 4.9" H (123mm). The system operating voltage shall be from 10 to 32 VDC, and shall consume no more than 2.2 amps. The ECU shall feature built-in recording to record each camera input separately and support four-(4) 256GB SD cards (SD card sold separately). The system shall support six-(6) different view modes, configure & customize set up shall be supported via monitor and IR remote control.

IN CAB MONITOR, COLOR

An FRC SNB1option-MH0 360, 7" in cab video monitor shall be provided. The monitor shall include a 7" diagonal color LCD TV display monitor with viewing dimensions of 6.06" W x 3.42" H. The monitor shall be a TFT Active Matrix System display with an 800 x 480 resolution and a display format of 16:9 (aspect ratio).

The monitor will be located in the left front cab corner.

== Chassis Modifications - Custom - 622.001 06/06/22 ==

SAFETY SIGNS, GENERAL REQUIREMENTS

Safety signs with text will conform to the general principles of ANSI/NEMA Z535.4, *Product Safety Signs and Labels*. Safety signs without text will conform to the general principles for two-panel safety signs of ISO 9244, *Earth-Moving Machinery - Machine Safety Labels*.

Apparatus built for sale in the United States will employ safety signage that complies with ANSI/NEMA Z535.4.

Apparatus built for sale outside the United States will employ safety signage that complies with ANSI/NEMA Z535.4 or ISO 9244.

Safety signs referenced in this standard beginning with the letters FAMA will conform to the text and graphics of the referenced safety sign number found in FAMA TC010, *Standard Product Safety Sign Catalog for Automotive Fire Apparatus*.

SAFETY SIGNS, BATTERY EXPLOSION

A safety sign(s) FAMA01, will be provided near the battery location that warns of potential injury or death that could be caused by the batteries. The label will also state precautions that should be taken while working on or around the batteries.

SAFETY SIGNS, ROTATING SHAFTS

Safety signs FAMA02, will be provided on each side of the frame rail and in any other location(s) where rotating shaft hazards are apparent. The label will warn of potential injury or death that could be caused by the movement of the shaft(s) as well as precautions that should be taken while working on or around them.

SAFETY SIGNS, HOT SURFACES

Safety sign(s) FAMA03, will be provided near any hot surface that warns of potential injury or death that could be caused by contact with the surface. The label will also state precautions that should be taken while working on or around the surface.

SAFETY SIGNS, HOT EXHAUST

A safety sign FAMA04, will be provided near any hot exhaust surface that warns of potential injury or death that could be caused by contact with the surface. The label will also state precautions that should be taken while working on or around the surface.

SAFETY SIGN, SPINNING FAN

A safety sign FAMA05, shall be provided on both sides of the engine fan. The label will warn of potential injury or death that could be caused by the movement of the fan as well as precautions that should be taken while working on or around them.

SAFETY SIGNS, SEATED & BELTED

Safety signs FAMA07, which warns of the importance of seat belt use, will be visible from each seat that is intended to be occupied while the vehicle is in motion.

SAFETY SIGN, AIR CONDITIONING REFRIGERANT

If the apparatus is equipped with any type of air conditioning system, a safety sign FAMA09, will be provided that is located in an area that would be visible to service personnel. The label will state that the system contains R134A, the necessary precautions that should be taken and the dangers of working on or around the system.

SAFETY SIGN, CAB EQUIPMENT MOUNTING

A safety sign FAMA10, which warns of the need to secure items in the cab, will be visible inside the cab.

SAFETY SIGN, FIRE SERVICE TIRE RATING

A safety sign FAMA12, which warns of the special requirements for fire service–rated tires, will be visible to the driver entering the cab of any apparatus so equipped.

SAFETY SIGN, ELECTRONIC STABILITY CONTROL

If the apparatus is equipped with an electronic stability control system, a safety sign FAMA13, will be provided inside of the cab in view of the driver warning of the dangers of improper operation of the apparatus and the importance of safe driving. The label will also warn of potential injury or death that could be caused by improper operation of the apparatus.

SAFETY SIGN, CAB SEATING

A safety sign FAMA14 will be located in the cab visible to the operator.

The sign will read:
This vehicle has a seating capacity of __ personnel.

Carrying additional personnel may result in death of serious injury.

SAFETY SIGNS, HELMET WORN IN CAB

A safety sign FAMA15, which warns not to wear helmets while the vehicle is in motion, will be visible from each seat that is intended to be occupied while the vehicle is in motion.

SAFETY SIGN, VEHICLE BACKING

A safety sign FAMA17, will be provided inside of the cab in view of the driver advising of proper procedures to following when the apparatus is in reverse motion. The label will also warn of potential injury or death that be caused by failing to follow proper procedures.

SAFETY SIGNS, INTAKE/DISCHARGE CAP PRESSURES

If the apparatus is equipped with a pump system, safety signs FAMA18, will be provided in all areas that intakes and discharges are capped. The label will give instruction on how to properly remove the cap. The label will also warn of potential dangers, injury or death that be caused by failing to follow proper cap removal procedures.

SAFETY SIGNS, HOSE RESTRAINT REQUIRED

A safety sign FAMA22, which warns of the need to secure hose, will be visible to personnel at each hose storage area.

SAFETY SIGNS, CLIMBING METHOD INSTRUCTION

Safety signs FAMA23, which warns of the proper climbing method, will be visible to personnel entering the cab and at each designated climbing location on the body.

SAFETY SIGNS, RIDING ON EXTERIOR

Safety signs FAMA24, which warns personnel not to ride on the vehicle, will be located at the rear step areas and at any cross walkways.

SAFETY SIGN, PUMP TRAINING

A safety sign FAMA25, which warns of the need for training prior to operating the apparatus, will be located on the pump operator's panel.

SAFETY SIGNS, NO-STEP

Safety signs FAMA26, will be provided in any horizontal location that a firefighter may feel tempted to use as a step but is not designed, constructed or intended to be a stepping, standing or walking surface. The label will state that the surface is not intended for this purpose and indicate potential injury or death in doing so.

SAFETY SIGN, SIREN NOISE

A safety sign FAMA42, will be provided inside the driver's door warning of potential injury that could be received from the noise of the siren. The label will also state safety precautions that should be taken when the siren is in use.

SAFETY SIGN, APPARATUS MOVEMENT

A permanently affixed movement warning plate will be installed near the door ajar light that reads:

"DO NOT MOVE APPARATUS WHEN LIGHT IS ON".

PLATE, FLUID CAPACITY

A permanently affixed fluid date plate will be installed in the driving compartment to indicate the type and quantities of the following fluid used in the vehicle.

Engine Oil
Engine Coolant
Chassis Transmission Fluid
Pump Transmission Lubrication Fluid (if applicable)
Pump Primer Fluid (if applicable)
Drive Axle Lubrication Fluid
Air Conditioning Refrigerant
Air Conditioning Lubrication Oil
Power Steering Fluid
Cab Tilt Mechanism Fluid
Transfer Case Fluid
Equipment Rack Fluid
Air Compressor System Lubricant
Generator System Lubricant
Front Tire Pressure - Cold
Rear Tire Pressure - Cold

The following information will also be supplied on the fluid data plate:

Chassis Manufacturer
Production Number

H7195 Cinder Pumper Retail

Paint Number
Year Built
Date Shipped
Vehicle Identification Number

PLATE, OVERALL HEIGHT / LENGTH / WEIGHT

An overall height / length / weight information plate will be installed that can be clearly identified and visible to the driver while in the seated position showing the apparatus completed overall height, length, (in feet and inches) and gross vehicle weight (in tons) current to the apparatus manufactured date.

If changes to the vehicle occur while in service, the department must revise the overall height-length-weight plate.
== Pump Enclosure - Side Mount - 622.001 06/06/22 ==
PUMP ENCLOSURE, SIDE CONTROL

The pump enclosure superstructure shall be constructed of aluminum tubing.

The front of the pump module shall be covered with aluminum tread plate to keep road debris from the front of the pump.

The pump enclosure shall be supported at the top of the frame rails, in a minimum of four-(4) places. The module shall be secured with brackets bolted to both the pump enclosure support cross rails and the side of the chassis frame rails. This design is required to eliminate shifting and stress on the pump enclosure, pump panels and running boards.

The pump enclosure provides an area above the pump for the installation of crosslays or dunnage area.

Any pump enclosure constructed using any material other than aluminum or utilizing any other mounting method is not acceptable.
SEPARATE PUMP MODULE

The pump module will be a self-supported structure mounted independently from the body and chassis cab. The pump module design must allow normal frame deflection without imposing stress on the pump module structure or side running boards.
DUNNAGE AREA

An open area above the pump enclosure will be provided for additional equipment storage and will be trimmed with 1/8" aluminum tread plate on all vertical interior walls and shall have slotted aluminum floors.
PUMP PANELS

The operator's controls and gauges shall be mounted on pump panels constructed of 1/8" (.125) black anodized, non-glare aluminum. No vinyl coverings shall be acceptable as these surfaces are subjected to rough service and vinyl is susceptible to tearing.

H7195 Cinder Pumper Retail

The operator's master gauge panel shall be vertically hinged with push style latch for access to gauges and auxiliary controls.

The operator's control panel shall be located below the master gauge panel and constructed of 1/8" (.125) black anodized, non-glare aluminum.

All gauges and controls shall be properly identified with color-coded metal tags. The tags shall be affixed with industrial adhesive. The gauges shall be functionally grouped above each control.

The right side upper panel shall be vertically hinged with double doors and push style latches for pump compartment access. The doors shall be constructed of .1/8" (.125) black anodized, non-glare aluminum.

The right side lower panel shall be removable for serviceability. The panel shall be constructed of 1/8" (.125) black anodized, non-glare aluminum.

All instruments and controls shall be provided and installed as a group at the pump panel. The central midpoint or centerline of any valve control shall be no more than 72" vertically above the ground or platform that is designed to serve as the operator's standing position. The instruments shall be placed to keep the pump operator as far as practical from all discharge and intake connections and in a location where they are readily visible and operationally functional while the operator remains stationary.

A safety sign FAMA25, which warns of the need for training prior to operating the apparatus, shall be located on the pump operator's panel.

FULLY HINGED PUMP PANEL, RIGHT SIDE

One-(1) vertically hinged pump panel with push style latch shall be installed and constructed of the same material as stated in the pump module specifications. The hinged panel replaces the current right hand lower removable panel for ease of access to the pump compartment during routine maintenance.

PUMP PANEL LIGHT, LEFT SIDE

One-(1) LED pump panel strip light will be mounted under a light shield above the left pump panel. The light will be control with an on/off switch on the pump panel.

PUMP PANEL LIGHT, RIGHT SIDE

One-(1) LED pump panel strip light will be mounted under a light shield above the right pump panel. The light will be control with an on/off switch on the operator's pump panel.

LIGHT, PUMP COMPARTMENT

One-(1) LED compartment light shall be installed in the pump compartment for inspection or routine maintenance. The light shall be wired to the pump panel light switch.

RUNNING BOARDS, LEFT & RIGHT SIDE

Running boards shall be provided on the left and right side of pump module constructed of "Embossed" 3/16" (.1875) aluminum tread plate that flanges down 2-1/2" and in 1.00" for maximum rigidity then bolted to the modules substructure to facilitate removal.

The running board stepping surfaces shall comply with the latest version of NFPA 1901.

MASTER GAUGES, 4-1/2"

Two compound 4-1/2" master gauges shall be provided and installed on the pump operator's panel. The intake and discharge gauges are liquid filled with a solution to assure visual readings and reduce inner lens condensation. The body of the gauges shall be constructed of Zytel nylon with chrome-plated bezels. The face of the gauges shall be Spun Metal with black background and white markings accurate within 1%.

The pressure gauges shall maintain performance of all features and be free from defects in material and workmanship which includes fluid fill leakage and discoloration for seven years.

PRESSURE GOVERNOR and ENGINE MONITORING DISPLAY

Fire Research PumpBoss series PBA400-A00 pressure governor and monitoring display kit shall be installed. The kit shall include a control module, intake pressure sensor, discharge pressure sensor, and cables. The control module case shall be waterproof and have dimensions not to exceed 6 3/4" high by 4 5/8". The control knob shall be 2" in diameter with no mechanical stops, have a serrated grip, and a red idle push button in the center. It shall not extend more than 1 3/4" from the front of the control module. Inputs for monitored engine information shall be from a J1939 data bus or independent sensors. Outputs for engine control shall be on the J1939 data bus or engine specific wiring. Inputs from the pump discharge and intake pressure sensors shall be electrical.

The following continuous displays shall be provided:

Engine RPM; shown with four daylight bright LED digits more than 1/2" high
Check engine and stop engine warning LEDs
Engine oil pressure; shown on a dual color (green/red) LED bar graph display
Engine coolant temperature; shown on a dual color (green/red) LED bar graph display
Transmission Temperature: shown on a dual color (green/red) LED bar graph display
Battery voltage; shown on a dual color (green/red) LED bar graph display
Pressure and RPM operating mode LEDs
Pressure / RPM setting; shown on a dot matrix message display
Throttle ready LED.

A dot-matrix message display shall show diagnostic and warning messages as they occur. It shall show monitored apparatus information, stored data, and program options when selected by the operator. All LED intensity shall be automatically adjusted for day and night time operation.

The program shall store the accumulated operating hours for the pump and engine to be displayed with the push of a button. It shall monitor inputs and support audible and visual warning alarms for the following conditions:

High Battery Voltage
Low Battery Voltage (Engine Off)
Low Battery Voltage (Engine Running)
High Transmission Temperature
Low Engine Oil Pressure
High Engine Coolant Temperature

Out of Water (visual alarm only)
No Engine Response (visual alarm only).

The program features shall be accessed via push buttons located on the front of the control module. There shall be a USB port located at the rear of the control module to upload future firmware enhancements.

The governor shall operate in two control modes, pressure and RPM. No discharge pressure or engine RPM variation shall occur when switching between modes. A throttle ready LED shall light when the interlock signal is recognized. The governor shall start in pressure mode and set the engine RPM to idle. In pressure mode the governor shall automatically regulate the discharge pressure at the level set by the operator. In RPM mode the governor shall maintain the engine RPM at the level set by the operator except in the event of a discharge pressure increase. The governor shall limit a discharge pressure increase in RPM mode to a maximum of 30 psi. Other safety features shall include recognition of no water conditions with an automatic programmed response and a push button to return the engine to idle.

The pressure governor and monitoring pressure display shall be programmed at installation for a specific engine.

Production to located the pressure governor do that it does not get kicked when climbing the front compartment face steps.

FILL SUBSURFACE/RETURN LINE

There shall be one-(1) subsurface/return line installed in the booster tank. The subsurface/return line shall prevent aeration of the water in the booster tank under low water conditions. The subsurface/return line piping shall be of the same size as the “Tank Fill”.

PRESSURE GAUGES, 2-1/2"

The discharges will be provided with 2-1/2" pressure gauges. The discharge gauges will be liquid filled with a solution to assure visual readings and reduce inner lens condensation. The body of the gauges shall be constructed of Zytel nylon with chrome-plated bezels. The face of the gauges shall be white with black markings reading from zero to 400 PSI.

The gauges shall be installed at each discharge control on the pump operator's panel. On side mount pump applications with push pull handles each gauge shall incorporate a 1-piece module assembly consisting of the gauge, push-pull and trim bezel.

GAUGE BEZELS, CHROME

The pump panel master and pressure gauge bezels will be standard chrome finish.

PUMP PANEL TAGS

All discharges, gauges, and controls will be properly identified by color-coded metal tags. The metal tags will be affixed with 3M industrial adhesive.

PUMP SYSTEM, HALE QMAX SINGLE STAGE

PUMP ASSEMBLY

The entire pump shall be cast, manufactured, and tested at the pump manufacturer's factory.

The pump shall be driven by a drive line from the truck transmission. The engine shall provide sufficient horsepower and RPM to enable pump to meet and exceed its rated performance.

The entire pump, both suction and discharge passages, shall be hydrostatically tested to a pressure of 600 PSI. The pump shall be fully tested at the pump manufacturer's factory to the performance specs as outlined by the latest NFPA Pamphlet No. 1901. The pump shall be free from objectionable pulsation and vibration.

The pump body and related parts shall be of fine grain, cast iron alloy, with a minimum tensile strength of 30,000 PSI. All moving parts in contact with water shall be of high quality bronze or stainless steel. Pump utilizing castings made of lower tensile strength cast iron not acceptable.

Pump body shall be horizontally split, on a single plane, in two sections, for easy removal of entire impeller assembly including wear rings and bearings from beneath the pump without disturbing piping or the mounting of the pump in chassis.

The pump shall have one double suction impeller. The pump body shall have two opposed discharge volute cutwaters to eliminate radial unbalance.

Pump shaft to be rigidly supported by three bearings for minimum deflection. One high lead bronze sleeve bearing shall be located immediately adjacent to the impeller (on side opposite the drive unit). The sleeve bearing is to be lubricated by a force-fed, automatic oil lubricated design, pressure balanced to exclude foreign material. The remaining bearings shall be heavy-duty, deep groove ball bearings in the gearbox and they shall be splash lubricated.

The pump impeller shall be hard, fine grain bronze of the mixed flow design; accurately machined, hand-ground and individually balanced. The vanes of the impeller intake eyes shall be hand ground and polished to a sharp edge, and be of sufficient size and design to provide ample reserve capacity utilizing minimum horsepower.

The impeller clearance rings shall be bronze, easily renewable without replacing impeller or pump volute body, and of wraparound double labyrinth design for maximum efficiency.

The pump shaft shall be heat-treated, electric furnace, corrosion resistant, stainless steel, to be super-finished under packing with galvanic corrosion (zinc separators in packing) protection for longer shaft life. Pump shaft must be sealed with double lip oil seal to deep road dirt and water out of drive unit.

DRIVE UNIT

The drive unit shall be cast and completely manufactured and tested at the pump manufacturer's factory.

Pump drive unit shall be of sufficient size to withstand up to 16,000 ft. Lbs. Torque of the engine in both road and pump operating conditions. The drive unit is designed with ample capacity for lubrication reserve to maintain proper operating temperature.

The gearbox drive shafts shall be of heat-treated chrome nickel steel and at least 2-3/4" in diameter, on both the input and output drive shafts. They shall withstand the full torque of the engine in both road and pump operating conditions.

All gears drive and pump, shall be of highest quality electric furnace, chrome nickel steel. Bores shall be ground to size and teeth integrated, crown-shaved and hardened, to give an extremely accurate gear for long life, smooth, quiet running, and higher load carrying capability. An accurately cut spur design shall be provided to eliminate all possible end thrusts.

The pump ratio shall be selected by the apparatus manufacturer to give maximum performance with the engine and transmission selected.

If drive unit is equipped with a power shift, the shifting mechanism shall be a heat-treated, hard-anodized aluminum power cylinder, with stainless steel shaft. An in-cab control for rapid shift shall be provided that locks in road or pump.

Three warning lights with plates shall be provided to alert the operator when the drive unit has fully shifted from road to pump position. Two lights shall be located on the cabs instrument panel and the other on the pump panel adjacent to the throttle.

A 3" clapper check valve shall be installed between the suction side of the pump and the tank-to-pump valve. This 3" clapper valve shall remove the possibility of a water surge expanding the booster tank.

Pump system shall have an integral discharge manifold system that allows a direct flow of water to all discharge valves.

PACKING GLANDS

The pump shaft shall have only one packing gland located on the inlet side of the pump. It shall be of split design for ease of repacking. The packing gland must be a full circle threaded design to exert uniform pressure on packing and to prevent "cocking" and uneven packing load when it is tightened. It shall be easily adjusted by hand with rod or screwdriver, with no special tools or wrenches required. The packing rings shall be of a unique, permanently lubricated, long life graphite composition and have sacrificial zinc foil separators to protect the pump shaft from galvanic corrosion.

PUMP SHIFT

An air operated pump shift shall be installed in the chassis cab to engage the fire pump. Provisions shall be made for placing the pump drive system in operation using controls and switches that are clearly identified and within convenient reach of the operator while in the cab.

A green indicator light shall be installed on the cab dash and labeled "Pump Engaged".

Where an automatic chassis transmission is provided, a green indicator light in the driving compartment and a green indicator light located at the pump operator's position shall be provided and shall be energized when both the pump shift has been completed and the chassis transmission is engaged in pump gear.

The light in the driving compartment shall be labeled "OK TO PUMP". The light on the pump operator shall be positioned adjacent to and preferably above the throttle control and shall be labeled "Warning: DO NOT OPEN THROTTLE UNLESS LIGHT IS ON". The green light on the pump operator's panel shall be energized when the pump is engaged, the transmission is in drive, and the parking brake is set.

PRIMING SYSTEM, PUMP

A Trident Model 31.001.2 air operated priming system shall be installed. The unit shall be of all brass and stainless steel construction and designed for fire pumps of 1,250 GPM (4,690 LPM). Due to corrosion exposure no aluminum or vanes shall be used in the primer design. The primer shall be two-barrel design with ¾” NPT connection to the fire pump.

The primer shall be mounted above the pump impeller so that the priming line will automatically drain back to the pump. The primer shall also automatically drain when the panel control actuator is not in operation. The inlet side of the primer shall include a brass 'wye' type strainer with removable stainless steel fine mesh strainer to prevent entry of debris into the primer body.

Performance, Safety, and NFPA Compliance

The priming system shall be capable to a vertical lift to 22 inches of mercury and shall be fully compliant to applicable NFPA standards for vertical lift. The system shall create vacuum by using air from the chassis air brake system through a two-barrel multi-stage internal "venturi nozzles" within the primer body. The noise level during operation of the primer shall not exceed 75 Db.

Air Flow Requirements

The primer shall require a minimum of 15.6 cubic foot per minute air compressor and shall be capable of meeting drafting requirements at high idle engine speed. The air supply shall be from a chassis supplied 'protected' air storage tank with a pressure protection valve. The air supply line shall have a pressure protection valve set between 70 to 80 PSIG.

Primer Control

The primer control shall have a manually operated, panel mounted "push to prime" air valve; which will direct air pressure from the air brake storage tank to the primer body. To prevent freezing, no water shall flow to and from the panel control.

Power Requirements

To reduce the electrical power requirements on the fire apparatus the priming system shall be air powered. The system shall not require annual tear-down and maintenance, an electric motor, lubrication, belt drive, or clutch assembly.

Warranty

The primer shall be covered by a five-(5) year parts warranty.

VALVE, MASTER DRAIN

There shall be a master drain valve recessed mounted below the pump module under the side running board, connecting all drain lines, with the capacity to discharge water simultaneously from all locations to below the chassis frame rails.

VALVE, INDIVIDUAL DRAIN

All lines shall drain through the master drain valve or shall be equipped with individual drain valves, easily accessible and labeled.

One-(1) individual quarter turn drain valve shall be furnished for each 1-1/2" or larger discharge port and each 2-1/2" gated auxiliary suction.

The drain/bleeder valves shall be located at the bottom of the side pump module panels.

All drains and bleeders shall discharge below the running boards.

PUMP TEST POINTS

Two-(2) test plugs shall be pump panel mounted for testing of vacuum and pressures.

PUMP CERTIFICATION, 1750 GPM

The pump when dry, will be capable of taking suction and discharging water in accordance with current NFPA 1900. The pump will be tested at the manufacturer's facility by an independent, third party testing service. The conditions of the pump test will be as outlined in current NFPA 1900. The tests will include, at minimum, the pump test, the pumping engine overload test, the pressure control system test, the priming device tests, the vacuum test, and the water tank to pump flow test as outlined in current NFPA 1900.

A Piping hydrostatic test will be performed as outlined in current NFPA 1900.

The pump will meet and perform the following test to receive certification:
100% of rated capacities at 150 PSI net pump pressure
100% of rated capacities at 165 PSI net pump pressure
70% of rated capacities at 200 PSI net pump pressure
50% of rated capacities at 250 PSI net pump pressure

PUMP TEST CERTIFICATION PLATE

A permanently affixed plate shall be installed at the pump operator's panel. It shall provide the rated discharge and pressures together with the speed of the engine as determined by the certification test for each unit. It shall also provide the position of the parallel/series pump used and the no load governed speed of the engine as stated by the engine manufacturer on a certified brake horsepower curve.

A label shall be provided on the pump operator's panel that states the following:
"Warning: Death or serious injury might occur if proper operating procedures are not followed". The pump operator as well as individuals connecting supply or discharge hoses to the apparatus must be familiar with water hydraulics hazards and component limitations.

STEAMER INLETS, 6"

A 6" NST steamer inlet with removable screen and long handle cap shall be provided on the left and right side pump panels.

RELIEF VALVE, INTAKE

There shall be a suction side relief valve provided in the pump system. The relief valve is adjustable from 50-250 psi and set at the factory at 125 psi. The discharge from the valve shall be directed toward the ground and away from the pump operator.

TANK TO PUMP

The booster tank shall be connected to the intake side of the pump with a check valve. The 3" tank to pump line shall run from a bottom sump into the 3" valve. To prevent damage due to chassis flexing or vibration, a short 3" flexible rubber hose coupling shall be used to connect the tank to the intake valve.

The tank to pump valve shall be a quarter turn fixed pivot design. The valve shall be controlled by a chrome push/pull locking "T" handle installed at the pump operator's panel.

TANK FILL

A 2" tank fill line shall be provided, using a quarter turn full flow ball valve and high-pressure flexible hose. The valve shall be push pull controlled from the pump operator's panel.

ENGINE COOLER

The engine cooler shall be installed in-line from the discharge side of the pump, and installed in the engine cooling system. There shall be a 1/2", quarter turn valve installed thru the pump panel and shall be clearly labeled.

PUMP COOLER

The pump shall have a 3/8" line installed from the pump discharge, to the water tank to cool the pump during long periods of pumping when water is not being discharged. The pump cooler shall be controlled from the pump operators panel by a 1/2" valve consisting of a cast bronze body with 1/4 turn chrome plated bronze ball, reinforced Teflon seals, and blow-out-proof stem rated to 600 PSI.

The valve shall be installed thru the pump panel and clearly labeled.

PLUMBING SYSTEM

All inlet and outlet lines shall be plumbed with either, stainless steel pipe, flexible polypropylene tubing or synthetic rubber hose reinforced with hi-tensile polyester braid. All hoses shall be equipped with stainless steel couplings. All stainless steel hard plumbing shall be a minimum of a schedule 10 wall thickness. Where vibration or chassis flexing may damage or loosen piping or where a coupling is required for servicing, the piping shall be equipped with Victaulic or rubber couplings. Plumbing manifold bodies shall be ductile cast iron or stainless steel. All piping lines are to be drained through a master drain valve or shall be equipped with individual drain valves. All drain lines shall be extended with a hose to drain below the chassis frame. All water carrying gauge lines shall be of flexible polypropylene tubing. All piping, hose and fittings shall have a minimum of a 500 PSI hydrodynamic pressure rating.

STAINLESS STEEL FOAM MANIFOLD

The foam manifold will be constructed of stainless steel.

PLUMBING FINISH

The plumbing shall be natural finish and shall not be painted.

APPARATUS VALVES, AKRON

The apparatus valves (unless otherwise specified) shall be Akron heavy-duty swing out 8000 series brass body with flow optimizing stainless steel ball, and dual polymer seats. The valve shall be capable of dual directional flow while incorporating a self- locking ball feature using an automatic friction lock design and specially designed flow optimizing stainless steel ball. The valve shall not require the lubrication of seats or any other internal waterway parts, and be capable of swinging out of the waterway for maintenance by the removal of six bolts. The valve shall a 10- year warranty covered by Akron Brass.

SUCTION(S), 2-1/2" LEFT PANEL

One (1) 2-1/2" swing operated ball valve(s) shall be installed on the left side pump panel plumbed to the suction side of the pump with 2-1/2" piping. The suction(s) shall be equipped with a 2-1/2" FNST chrome inlet swivel, brass inlet strainer, chrome plug with chain and 3/4" drain valve. The control handle shall be located at the valve.

A warning plate permanently affixed in close proximity of the suction inlet shall be installed stating:

"WARNING - SERIOUS INJURY OR DEATH COULD OCCUR IF INLET IS SUPPLIED BY A PRESSURIZED SOURCE WHEN THE VALVE IS CLOSED".

DISCHARGE ELBOWS

All 2-1/2" side discharge outlets shall terminate with chrome-plated 30-Degree elbows with 2-1/2" MNST threads and chrome vented caps/chains.

The caps shall automatically release pressure in the discharge outlet before the threads are completely disengaged unless the outlet and the cap are equipped with drains or bleeder valves.

DISCHARGE, FRONT BUMPER

There shall be one-(1) front discharge installed thru the gravelshield, driver's side outboard of the frame rail.
The front bumper discharge shall terminate with a 90-degree swivel elbow, 2" FNPT x 1-1/2" MNST. One-(1) 2" brass valve with 3/4" drain shall be installed on the discharge side of the pump plumbed to the front swivel with flexible high-pressure hose and victaulic stainless steel couplings tested to 1200 PSI. The front discharge shall be push/pull controlled at the pump operator's panel.
A tread plate stop shall be provided preventing the front bumper discharge swivel from incidental contact with the cab.

CROSSLAYS, 1-3/4" DOUBLE LAY

Two-(2) pre-connected crosslay compartments shall be provided above the pump module. Each crosslay bed shall accommodate 200' of 1-3/4" double jacket hose. Stainless steel nylon guide rollers shall be installed at each end with stainless steel scuff plates around the perimeter to protect the painted surface.

One-(1) 2" ball valve with 90-degree mechanical swivel shall be installed for each crosslay. The valve shall be plumbed to the crosslay with 2" high-pressure flexible hose and stainless steel couplings. The high pressure hose shall be tested to 1200 PSI. The crosslays shall be push pull controlled at the pump operator's panel.

The crosslays shall be equipped with a 3/4 quarter-turn drain valve.

A safety sign FAMA22, which warns of the need to secure hose, shall be visible to personnel at the hose storage area.

CROSSLAY COVER, HYPALON

There will be a Hypalon crosslay cover provided with the apparatus secured by twist-lock connectors along the top protecting the crosslay hose. The cover prevents hose from inadvertently deploying during normal operations meeting the current NFPA requirements.

A safety sign FAMA22, which warns of the need to secure hose, will be visible to personnel at the hose storage area.

The Hypalon end flaps will be secured at the bottom using pushpins. The cover prevents hose from inadvertently deploying during normal operations meeting the current NFPA requirements.
The cover and/or end flaps will be red in color.

DISCHARGES, 2-1/2" LEFT SIDE

There shall be two-(2) discharge outlets with a 2-1/2" valve on the left side pump panel. The outlets shall be push pull controlled from the operator's panel and terminate with 2-1/2" MNST threads.

DISCHARGES, 2-1/2" RIGHT SIDE

There will be two-(2) discharge outlets with a 2-1/2" valve on the right side pump panel. The outlets will be push pull controlled from the operator's panel and terminate with 2-1/2" MNST threads.

DISCHARGE, 4" RIGHT SIDE

There will be one-(1) discharge outlet with a 4" valve on the right side pump panel. The outlet will be hand wheel controlled from the operator's panel and terminate with 4" MNST threads.

DECK GUN PLUMBING, 3"

A 3" deck pipe shall be installed above the pump in such a manner that a monitor can be mounted and used effectively. The piping shall be installed securely so no movement develops when the line is charged. The piping shall terminate with 3" NPT threads and a 4-bolt flange for mounting a monitor. The 3" valve shall be push pull controlled from the operator’s panel.

DISCHARGE, 2-1/2" LEFT REAR

There will be one-(1) discharge outlet with a 2-1/2" valve plumbed to the left rear of the apparatus. The outlet will be push pull controlled from the operator's panel and terminate with 2-1/2" MNST adapter.

30 DEGREE ELBOW(S) - 2-1/2" FNST X 2-1/2" MNST

There will be one (1) Trident model 01.010.0 2-1/2" FNST x 2-1/2" MNST chrome plated elbow(s) supplied with the apparatus. The elbow(s) will have a 30 degree turn down.

DISCHARGE, 2-1/2" RIGHT REAR

There will be one-(1) discharge outlet with a 2-1/2" valve plumbed to the right rear of the apparatus. The outlet will be push pull controlled from the operator's panel and terminate with 2-1/2" MNST adapter.

30 DEGREE ELBOW(S) - 2-1/2" FNST X 2-1/2" MNST

There will be one (1) Trident model 01.010.0 2-1/2" FNST x 2-1/2" MNST chrome plated elbow(s) supplied with the apparatus. The elbow(s) will have a 30 degree turn down.

FOAM SYSTEM

There will be a Foam Pro 2001 fully automatic electronic direct injection foam proportioning system furnished and installed on the apparatus. The system will be capable of Class A foam concentrates and most Class B foam concentrates. The foam proportioning operation will be based on direct measurement of water flows, and remain consistent within the specified flows and pressures. System must be capable of delivering accuracy to within 5% of calibrated settings over the advertised operation range when installed according to factory standards. The system will be equipped with a digital

electronic control display suitable for installation on the pump panel. Incorporated within the control display will be a microprocessor that receives input from the system flowmeter(s), while also monitoring foam concentrate pump output. This compares values to ensure that the operator's preset is proportional to the amount of foam concentrate injected into the discharge side of the fire pump.

Paddlewheel-type flowmeter(s) will be installed in the discharges specified to be "foam capable." When the use of more than one flowmeter is required, an interface electronics module will be provided to totalize these flows and send the flow total to the microprocessor in the computer control display.

The digital computer control display will enable the pump operator to perform the following control and operation functions for the foam proportioning system:
-Provide push-button control of foam proportioning rates from 0.1% to 10.0%, in 0.1% increments
-Show current flow-per-minute of water
-Show total volume of water discharged during and after foam operations are completed
-Show total amount of foam concentrate consumed
-Simulate flow rates for manual operation
-Perform setup and diagnostic functions for the computer control microprocessor
-Flash a "low concentrate" warning when the foam concentrate tank(s) runs low
-Flash a "no concentrate" warning and shut the foam concentrate pump off, preventing damage to the pump, should the foam tank(s) empty

A 12-volt electric motor drive positive displacement foam concentrate pump, rated up to 2.5 gpm (9.5 L/min) @ 150 psi with operating pressures up to 400 psi (27.6 BAR), will be installed in a suitable, accessible location. The system will draw a maximum of 40 amps @ 12 VDC or 21 amps @ 24 VDC. A pump motor electronic driver (mounted to the base of the pump) will receive signals from the computer control display and power the 1/2 hp (0.40 Kw) electric motor directly coupled to the concentrate pump in a variable speed duty cycle to ensure that the correct proportion of concentrate preset by the pump operator is injected into the water stream.

When two types of foam concentrates are to be used, a dual tank switch over system consisting of the following options will be installed to provide rapid changeover of foam concentrate reservoirs. The digital computer control display will interface with the options listed, provide dual foam calibration, and display separate totals for each foam concentrate used.

When two types of foam concentrates are to be used, two foam concentrate tanks will be installed and piped to the foam concentrate pump via the electric dual tank valve or the manual dual tank valve. (The user will determine the tank capacities.)

Full flow check valve will be provided to prevent foam contamination of fire pump and water tank or water contamination of foam tank.

Components of the complete proportioning system will include:
-Operator control and display
-Paddlewheel flowmeter(s)
-Pump and electric motor/motor driver
-Wiring harnesses
-Low level tank switch

-Multi-Flo electronic module (if more than one flowmeter is used)
-Foam tank(s)
-Electronic dual tank valve or manual dual tank valve (if more than one tank)
-Foam injection check valve
-Main waterway check valve

System Capacities:
0.2% = 1,300 GPM
0.5% = 520 GPM
1.0% = 260 GPM
3.0% = 85 GPM

An installation and operation manual will be provided for the unit, along with one (1) year limited warranty by the manufacturer. The system will have passed environmental testing which simulates heavy use on off-road mobile apparatus. Testing will have been conducted in accordance to SAE standards.

GAUGE, FOAM LEVEL

A Fire Research TankVision Pro model WLA360-A00 tank indicator kit will be installed on the pump operator's panel. The kit will include an electronic indicator module, a pressure sensor, a 10' sensor cable and a tank vent. The indicator will show the volume of Class A foam concentrate in the tank on nine (9) easy to see super bright RGB LEDs. A wide view lens over the LEDs will provide for a viewing angle of 180 degrees. The indicator case will be waterproof, manufactured of Polycarbonate/Nylon material, and have a distinctive green label.

The program features will be accessed from the front of the indicator module. The program will support self-diagnostics capabilities, self-calibration, six (6) programmable colored light patterns to display tank volume, adjustable brightness control levels and a datalink to connect remote indicators. Low water warnings will include flashing LEDs at 1/4 tank, down chasing LEDs when the tank is almost empty, and an output for an audio alarm.

LOW TANK LEVEL SWITCH

A low tank level switch will be installed in each foam concentrate tank that supplies the foam proportioning system. The low tank level sensor will be connected to the foam proportioning system to provide protection against dry running of the foam pump. The low tank level sensor can be mounted on the side, bottom, or top of the foam concentrate tank. The low tank level sensor and electrical connections will be sealed to prevent infusion of foam concentrate into the wiring and possible short circuit of the tank level sensor.

FLOWMETER, TEE MOUNT W/COUPLING KIT

There willl be a paddle wheel style flowmeter mounted in a NPT pipe tee for mounting in a properly sized discharge line. A groove less Victaulic coupling will be provided for installation of the flowmeter. A water check valve will be installed before the flowmeter and between the water pump and the foam injection point.

OPERATING SYSTEMS INSTRUCTION PLACARD, SINGLE TANK

There will be a placard installed on the pump panel, a schematic of the Foam Pro (single tank) operating system, which has been installed.

FOAM PROPORTIONING SYSTEM TEST

NFPA 1900 PERFORMANCE REQUIREMENTS

The proportioning system will be capable of proportioning foam concentrate in accordance with the foam concentrate manufacturer's recommendation for the type of foam concentrate used in the system over the system's design range of flow and pressure. The foam proportioning systems water flow characteristics and the range of proportioning ratios will be specified.

The foam system will comply with NFPA 1900 Chapter 17.0 as it relates to the specified system.

FOAM TANK PIPING

The foam supply line will be non-collapsible. There will be a means provided to prevent water backflow in to the foam proportioning system and storage tank(s).

Either a filter or strainer provided on the foam concentrate supply side of the foam proportioning to prevent any debris that may affect the operation of the foam proportioning system from entering the system. The strainer assembly will consist of a removable straining element, housing, and retainer. The strainer assembly will allow full flow capacity of the foam supply line.

FLUSHING

Foam concentrate system flush line(s) will be provided as required by the foam system manufacturer. The design will incorporate a means to prevent water backflow into the concentrate tank or water tank during the flushing operation. Where the foam proportioning system is connected to more than one (1) foam storage tank, provisions will be made to flush all common lines to avoid contamination of dissimilar foam concentrates.

CONTROLS FOR FOAM SYSTEM

The foam proportioning system operation controls will be located at or near the pump operator's position and will be clearly labeled.

All foam-proportioning systems that require flushing will provide controls, which enable the operator to flush the system in accordance with the foam manufacturer's instructions.

Foam proportioning systems that incorporate foam concentrate metering valves will have each metering valve calibrated to indicate the rate(s) of flow of the foam concentrate proportioning available as determined by the design of the system.

Foam proportioning systems that incorporate automatic proportioning features will be equipped with controls, which enable the operator to isolate the automatic feature and operate the system in a manual mode.

NAMEPLATE, LABELS, INSTRUCTION SPECIFICATIONS

There will be a nameplate provided that is clearly marked with the identification and function of each control gauge and indicator related to the foam proportioning system.

There will be a label provided on the operator's panel that identifies the type(s) of foam concentrate(s) the system is designed to use. This label will state the minimum/maximum foam-proportioning rate at the minimum/maximum foam proportioning rated system flow and pressure.

Foam proportioning system instruction plate will be provided. This includes a minimum piping schematic of the system and basic operating instructions.

Two (2) copies of an operations and maintenance manual will be provided. These manuals will include a complete diagram of the system, along with operating instructions and details outlining all recommended maintenance procedures.

FOAM PROPORTIONING SYSTEM TESTING

The apparatus manufacturer will test the accuracy of the foam proportioning system prior to delivery of the apparatus.

If the manufacturer's rated proportioning ratio is below 3%, the foam system will proportion foam concentrate within 0% /+40% of the manufacturer's rated proportioning ratio across the manufacturer stated range of water flow and pressure.

If the manufacturer's rated proportioning ratio is above 3%, the foam system will proportion foam concentrate within 0% /+40% of the manufacturer's rated proportioning ratio or 1 percentage point, whichever is less across the manufacturer's stated range of water flow and pressure.

FOAM TANK, NUMBER 1

The foam tank will have a capacity of 30 gallons designed as an integral part of the water tank and will have a manual fill tower. The fill tower will be constructed of polypropylene and will be a minimum dimension of 8" x 8" outer perimeter. Each A pressure vacuum vent will be provided in the lid of the fill tower.

FOAM OUTLETS

Foam will be plumbed to the following outlets:
Front Bumper Discharge
No. 1 Crosslay
No. 2 Crosslay
Rear of Body Right Side
== Body - Extruded Pumper (500-1250 Gallons) - 622.001 06/06/22 ==

WATER TANK, 750 GALLONS

The tank will have a capacity of 750 U.S. gallons and will be constructed of polypropylene plastic. This material will be a non-corrosive stress relieved thermoplastic and UV stabilized for maximum protection.

The tank will be baffled in accordance with NFPA Bulletin 1900 requirements.

The baffles will have vent openings at both the top and bottom to permit movement of air and water between compartments.

A sump that will be sized dependent on the tank to pump plumbing will be provided at the bottom of the water tank. The sump will include a drain plug and the tank outlet.

The tank will have a combination vent and manual fill tower. The fill tower will be constructed of polypropylene and will be a minimum dimension of 8" x 8" outer perimeter. An overflow pipe, constructed of 4.00" schedule 40 polypropylene, will be installed approximately halfway down the fill tower and extend through the water tank and exit to the rear of the rear axle.

"L" SHAPED WATER TANK

The tank will be "L" shaped in design to allow for a low hose bed height.

WATER TANK SIZE CERTIFICATION

The manufacturer will certify the capacity of the water tank prior to the delivery of the apparatus. This capacity will be recorded on the manufacturer's record of construction and the certification will be provided when the apparatus is delivered.

GAUGE, WATER LEVEL

A Fire Research TankVision Pro model WLA300-A00 tank indicator kit will be installed on the pump operator's panel. The kit will include an electronic indicator module, a pressure sensor, and a 10' sensor cable. The indicator will show the volume of water in the tank on nine (9) easy to see super bright RGB LEDs. A wide view lens over the LEDs will provide for a viewing angle of 180 degrees. The indicator case will be waterproof, manufactured of Polycarbonate/Nylon material, and have a distinctive blue label.

The program features will be accessed from the front of the indicator module. The program will support self-diagnostics capabilities, self-calibration, six (6) programmable colored light patterns to display tank volume, adjustable brightness control levels and a datalink to connect remote indicators. Low water warnings will include flashing LEDs at 1/4 tank, down chasing LEDs when the tank is almost empty, and an output for an audio alarm.

APPARATUS BODY, 96" WIDE

The 96" wide apparatus body and sub frame shall be constructed entirely of marine grade aluminum plate and extrusions.

BODY SUBFRAME

The main body support cross member extrusions shall be 3" x 4" 6061T6 aluminum alloy, double "I" beam with a wall thickness of 7/16" (.438"). These cross members shall extend the full width of the body to support the compartment framing. The cross members shall be welded to a 3/4" (.750") x 3" solid aluminum, 6061T6 aluminum (alloy frame rail) extrusion. The frame rail extrusion shall be shaped in contour with the chassis frame rails. The frame rail extrusion shall be mounted over a 1/2" (.5") thickness, reinforced rubber cushion to isolate the aluminum sub frame from the chassis steel frame rails. The apparatus body structure shall be securely fastened to the chassis frame rails with a minimum of six-(6) 5/8" (.625") cross member OD, steel U-bolts. The main body support cross member shall have a gusset above and below each cross member. The gussets shall be constructed of 2.0" x 4.0" 6063T6 aluminum alloy extrusion with a .190" wall thickness. The gussets shall be continuously welded with 5356 aluminum alloy welding wire to add support to the body sidewalls. The main body supports and the longitudinal double "I" beam supports shall have a "C" shaped rubber tank cushion installed on the top of each member. This rubber extrusion shall conform to the shape of the double "I" beam extrusion to keep the tank cushion in place. This method is used to prevent damage to the tank.

Absolutely no pop-rivets, screws or any other hardware shall be used to hold the rubber tank cushion in place.

BODY CONSTRUCTION

The complete apparatus body structure shall be an all welded construction and be free from nuts, bolts and other fasteners. Upon completion of the weldments, the body shall be completely sanded and deburred for removal of all sharp edges.

The body framework shall be formed from beveled aluminum alloy extrusions and electrically seam welded at each joint using 5356 aluminum alloy welding wire. Body sides shall be formed from 5052 H-32 (marine grade) smooth aluminum plates. The horizontal surfaces above the compartment tops shall be constructed from aluminum tread plate.

The horizontal and vertical frame member extrusions shall be 2.0" x 4.0" with a .190" wall thickness. The extrusion shall be made from 6063T6 aluminum alloy. This extrusion shall have .190" outside radius corners. The longitudinal frame member, below the lower compartments shall be a 2.0" x 4.0" 6063T6 aluminum alloy extrusion with .190" radius corners. Each body corner shall be a 3.5" x 9-3/4" 6063T6 extruded aluminum section with .210" wall thickness, and shall be welded as an integral part of the body. This extrusion shall have a 1" corner radius.

COMPARTMENT CONSTRUCTION

The compartment sidewalls shall be of one-piece construction. The walls shall be formed from 3/16" (.1875") 5052 H-32 (marine grade) smooth aluminum plate. All compartment floors shall be formed from 3/16" (.1875") aluminum tread plate. The floors shall be welded in place with a continuous weld all around the perimeter to insure maximum strength.

The compartment seams shall be sealed with permanent pliable silicone caulking.

Each compartment shall be vented through a 3" wide x 15" high louver that is machined stamped in a panel located in each body corner extrusion. The panel shall be removable to provide access to service wiring and other mounted components.

COMPARTMENT TOPS/CATWALK

The external compartment tops shall be constructed of 1/8" (.125") aluminum tread plate. The tops shall have a formed edge, which serves as a drip rail for the compartments below. The compartment tops shall be secured with stainless steel screws to allow for ease of removal for access to the bodies wiring harnesses.

WHEEL WELL PANELS

The wheel well shall be constructed from 2" x 4" x .190" wall thickness. The extrusion shall be made from 6063T6 aluminum alloy and have .190" outside radius corners. The extrusion shall be slotted the full length to permit an internal fit of 3/16" (.187") painted aluminum panels. The wheel well liners shall be constructed of 3003 H-14 smooth aluminum plates. They shall be bolted in place for ease of maintenance.

A deflection shield shall be mounted to the body sub frame to keep road debris from entering the water tank area.

FENDERETTES, POLISHED STAINLESS STEEL

The body fenderettes will be bright polished stainless steel securely fastened to the body wheel wells on each side.

HOSEBED

H7195 Cinder Pumper Retail

The hose bed sides shall be constructed of 3/16" (.1875") 5052 H-32 (marine grade) smooth aluminum plate welded to the extruded framework. There shall be a 3" x 3.5" 6063T6 aluminum extrusion with .190" wall thickness running the entire length of the hose bed at the top for structural rigidity. The hose bed decking shall be constructed from anodized aluminum extrusions. The extrusions shall be 3/4" (.750") x 8.125" and have 3/4" (.750") x 3.00" hat channel attached to the underside to form a one-piece grid. The entire deck shall be removable, in one piece, to allow ease of serviceability to the tank. The hose bed shall include an extrusion across the front and rear of the compartment for the installation of adjustable hose bed dividers.

The fire apparatus hose body shall be 67-1/2" wide.

A safety sign FAMA22, which warns of the need to secure hose, shall be visible to personnel at the hose storage area.

COMPARTMENTS, LEFT SIDE

L1
There shall be one-(1) left front compartment installed ahead of the rear axle. The interior dimensions will be approximately 36" wide x 73" high x 25" deep.

L2
There shall be one-(1) compartment installed above the wheel well. The interior dimensions will be approximately 58" wide x 41" high x 25" deep.

L3
There shall be one-(1) left rear compartment installed behind the rear axle. The interior dimensions will be approximately 44" wide x 73" high x transverse in the lower section and 25" deep in the upper section.

COMPARTMENTS, RIGHT SIDE

R1
There will be one-(1) right front compartment installed ahead of the rear axle. The interior dimensions will be approximately 36" wide x 64" high x 25" deep in the lower section and 12" deep in the upper section.

R2
There will be one-(1) compartment installed above the wheel well. The interior dimensions will be approximately 58" wide x 32" high x 12" deep.

R3
There will be one-(1) right rear compartment installed behind the rear axle. The interior dimensions will be approximately 44" wide x 64" high x transverse in the lower section and 12" deep in the upper section.

R1
There will be one-(1) right front compartment installed ahead of the rear axle. The interior dimensions will be approximately 36" wide x 73" high x 25" deep in the lower section and 12" deep in the upper section.

H7195 Cinder Pumper Retail

R2
There will be one-(1) compartment installed above the wheel well. The interior dimensions will be approximately 58" wide x 41" high x 12" deep.

R3
There will be one-(1) right rear compartment installed behind the rear axle. The interior dimensions will be approximately 44" wide x 73" high x transverse in the lower section and 12" deep in the upper section.

COMPARTMENT, CENTER REAR

B1
There shall be one-(1) compartment installed at the center rear of the apparatus. The compartment shall have an interior dimension of approximately 46" wide x 28" high x 31" deep.

COMPARTMENT DOOR(S), HINGED

The specified compartments will have doors constructed entirely from 5052-H32 smooth aluminum plate using a box pan configuration. The outer panel shall be constructed from 3/16" (.1875") smooth aluminum plate and the inner pan stitch welded in place from 1/8" (.125") smooth aluminum plate.

There shall be a 1/4" (.250") hole installed in the lower corners of the inside door pans for drainage. The doors shall have a closed cell neoprene rubber gasket installed around the perimeter of the door to remove water.

Exterior door latches shall incorporate a polished D-paddle handle with rotary style latch. For ease of operation, the D-handle opening shall be large enough to accommodate a gloved hand. The D-paddle latching design shall be subjected to corrosion, water infiltration, and cycle testing to 35,000 cycles. Double doors shall utilize concealed rotary latches on the secondary door, actuated by a recessed stainless steel paddle handle. The door design shall not impede into the compartment opening when in the open position. The watertight door seal shall exceed the current KKK-1822 water infiltration standards. The doors shall be securely fastened to the apparatus body with full-length stainless steel piano hinges using 1/4-20 stainless bolts and locking nuts. The hinges shall be slotted to allow for adjustments.

Absolutely no self-tapping screws or pop rivets shall be acceptable to mount the door mechanisms or slam latch assemblies.

The hinged door will be located on compartment B1.

COMPARTMENT DOOR(S)

A satin finish roll-up door will be installed on the specified compartment(s).

There shall be an aluminum drip rail above each compartment door with a built in replaceable wiper seal.

There will be a ROM satin finish roll up door installed on compartment L1, compartment L2, compartment L3, compartment

R1, compartment R2 and compartment R3.

REAR BODY CONSTRUCTION, FLAT BACK DESIGN

The rear of the apparatus will be flat back design. No beavertails will be installed on the unit.

VERTICAL LOAD TEST, APPARATUS BODY

The fire body shall exceed a vertical load testing. The vertical load test to the fire body shall follow the same strict and detailed requirements of the Economic Commission for Europe Structural Standard, ECE-29R as applied to the cab.

The fire body shall be placed under a vertical load test to show structural integrity. There shall be 65,979 lbs. (29.53 metric tons) applied to the fire body. There shall be no structure failures to the body and body compartments.

A complete photographic, video, data, and dimensional record of these tests shall be available and placed on record for customer evaluations.

FULL DEPTH COMPARTMENT(S)

The specified compartment(s) of the apparatus shall have full-depth configurations that extend the interior depth of the compartment to match to lower compartment depths. The exact dimensions and storage capacity is completely described in the "Compartment" section of the specification.

The left side compartments will be full depth.

COMPARTMENT, LADDER STORAGE

There shall be one-(1) equipment storage compartment installed beside the tank on the right side constructed of 1/8" (.125) smooth aluminum plate for the storing of NFPA required equipment. Individual internal compartments shall house one-(1) 24' extension ladder, one-(1) 14' roof ladder, one-(1) 10' folding ladder, and two-(2) pike poles with silencing pads made from Polypropylene installed on each compartment floor to assist in the loading and unloading of the required equipment.

The compartment shall have vertically hinged door constructed from 1/8" (.125) smooth aluminum plate with stainless steel piano hinge and paddle latch door open mechanism. The door shall be installed utilizing stainless steel nuts and bolts, other fastening device such as self-tapping screws or pop rivets shall not be acceptable.

STORAGE TUBES, PIKE POLE

Two-(2) aluminum tubes shall be installed on the apparatus for pike pole storage. One-(1) end shall be notched to allow the poles to be locked in place.

The tubes will be located in the ladder tunnel.

WHEEL WELL AIR BOTTLE COMPARTMENT, LEFT FRONT

There shall be an air bottle compartment located in the left front body wheel well to house two-(2) spare SCBA cylinders.

The compartment shall be constructed of high-density polyethylene to provide scuff protection. The compartment shall be vented to facilitate moisture drainage. The compartment door shall be brushed stainless steel with a push button trigger latch.

WHEEL WELL AIR BOTTLE COMPARTMENT, LEFT REAR

There shall be an air bottle compartment located in the left rear body wheel well to house two-(2) spare SCBA cylinders. The compartment shall be constructed of high-density polyethylene to provide scuff protection. The compartment shall be vented to facilitate moisture drainage. The compartment door shall be brushed stainless steel with a push button trigger latch.

WHEEL WELL AIR BOTTLE COMPARTMENT, RIGHT FRONT

There shall be an air bottle compartment located in the right front body wheel well to house two-(2) spare SCBA cylinders. The compartment shall be constructed of high-density polyethylene to provide scuff protection. The compartment shall be vented to facilitate moisture drainage. The compartment door shall be brushed stainless steel with a push button trigger latch.

WHEEL WELL AIR BOTTLE COMPARTMENT, RIGHT REAR

There shall be an air bottle compartment located in the right rear body wheel well to house two-(2) spare SCBA cylinders. The compartment shall be constructed of high-density polyethylene to provide scuff protection. The compartment shall be vented to facilitate moisture drainage. The compartment door shall be brushed stainless steel with a push button trigger latch.

BODY TRIM

The standard body trim shall include the following:

There shall be drip rail installed over the compartment door openings.

A drip rail shall be located over each compartment door. This drip rail shall form a lip over the exterior door pans to prevent water from running into a compartment.

The vertical rear face of the body shall be covered with smooth aluminum plate.

Two-(2) handrails shall be located on the rear of the apparatus, one-(1) handrail per side. Each handrail shall be constructed of 1-1/4" knurled aluminum. The handrails shall be mounted with chrome plated end stanchions. Each handrail shall be sufficient in length to meet all standard requirements.
Two-(2) stanchions shall be mounted at the rear of the apparatus hose bed, one-(1) each side. The stanchions shall be 11" long x 3-3/4" wide. Stainless steel scuff plates shall be installed in the hose bed area to prevent deploying hose from damaged on stanchion supports. The stanchions shall provide mounting positions for the Zone C warning lights and additional hose bed lighting. All wiring for the upper rear lighting shall be concealed inside the stanchions.

The stanchions will be lowered so that the top of the warning beacons are even with the hose bed sides.

FUEL FILL, RECESSED WITH DOOR

There shall be a recessed fuel fill assembly with a non-locking door mounted on the left side of the apparatus body. The fuel fill assembly shall be equipped with a fuel fill cap, retention ring and hinged door. The assembly shall be properly labeled "DIESEL FUEL ONLY".

MUD FLAPS, REAR

The rear axle mud flaps shall be constructed from hard black rubber and installed at the rear of the body fenders.

RUBRAIL

There shall be an aluminum rub rail installed on both sides of the lower body compartments. The rub rail shall be constructed from "C" channel extrusion. The aluminum rub rail shall be bolted in place with stainless steel bolts, and spaced from the fire body to provide body protection. The solid rub rail shall serve as protection to the side doors when encountering close objects. Tread plate rub rails or welded on shall not be acceptable.

REAR STEP

The 12" rear step will be constructed of 3/16" (.1875") aluminum tread plate. The rear step will be flanged down 2.50" and in 1.00" to maximize strength and rigidity. The rear step will be bolted on for removal or replacement.

All running board and step surfaces will comply with NFPA 1900.

CHROME FOLDING STEP(S), FRONT OF BODY

There shall be two (2) large chrome-folding step(s) with a minimum surface area of thirty-five (35) square inches. The step(s) shall be mounted on the front face of the forward compartment as directed by the customer.

There shall be an LED light installed above and below each step.

There will be one-(1) step located on each side of the apparatus on the front compartment faces.

CHROME FOLDING STEP(S), REAR OF BODY

There shall be three (3) rear chrome folding step(s) installed on the rear of the body. Each step shall have a minimum of thirty-five (35) square inches of surface area.

There shall be an LED light installed above and below each step.

TOW EYES, REAR

Two-(2) 1" thick rear tow eyes constructed of A-36 steel shall be mounted below the frame at the rear of the vehicle. The tow eyes shall be attached to steel weldments that are mounted to the apparatus. The eyes shall have a minimum dimension of three-(3) inches. The tow eyes shall be used for towing, not lifting the vehicle.

HANDRAIL, BELOW HOSE BED

There shall be an intermediate handrail installed on the apparatus below the hose bed. The handrail shall be constructed of 1-1/4" knurled aluminum. The handrail shall be mounted with chrome plated end stanchions.

HANDRAIL(S), FRONT OF BODY

There shall be two (2) 1-1/4" knurled aluminum handrails installed on the front face of the compartments. They shall be approximately 12" in length. The handrail(s) shall have chrome plated end stanchions.

The steps will be mounted at final inspection.

HOSE BED DIVIDER(S)

Two (2) hose bed divider(s) shall be manufactured from 1/4" (.250") smooth aluminum plate with an extruded aluminum base welded to the bottom. The divider shall have an extruded track to slide in to allow the hose bed to adjust for different hose capacities. One end of the divider shall have a 3" radius corner. The divider shall be sanded to prevent damage to hose.

HOSE BED COVER

The cover and/or end flaps shall be black in color.

HOSE BED CAPACITY

The hose bed shall have the capacity to hold the following (left to right):

600' of 1-3/4" Double Jacket Fire Hose
1500' of 5" Large Diameter Supply Hose
600' of 2-1/2" Double Jacket Fire Hose

A safety sign FAMA22, which warns of the need to secure hose, shall be visible to personnel at the hose storage area.

== Body Components - Pumpers - 622.001 06/06/22 ==
== Elec. Components - Pumper Custom - 622.001 06/06/22 ==

ELECTRICAL SYSTEM, BODY

The body electrical system shall be designed as an integrated electrical package specifically engineered for fire apparatus application. The integrated electrical system shall interface the body and chassis through an engineered system.

All body electrical equipment installed shall conform to current automotive electrical system standard, the latest Federal DOT standards, and the requirements of the applicable NFPA Apparatus Standard. Twisted pair shielded wire shall be provided within the electrical system for noise reduction.

The wiring harness shall conform to SAE J-1128 with GXL temperature properties. All exposed wiring shall be run in loom with a minimum 289 ºF rating. All wiring looms shall be properly supported and attached to body members along the entire run. All wiring shall be mounted as to provide protection from water and heat. All connections shall be crimp type with heat shrink tubing with insulated shanks to resist moisture and foreign debris such as grease and road grime. Weather resistant connectors shall be provided throughout to ensure the integrity of the electrical system. Gold contacts shall be used where required for superior connectivity and improved performance. All wiring looms shall be properly

supported and attached along the entire run. At any point where wire or looms must pass through metal, rubber grommets shall be installed to protect the wire from abrasion.

Wiring shall be individually and permanently numbered, function and color-coded using an indexing numbering system in which all circuits are categorized by function and shall be permanently marked every three (3) inches on the insulation to allow for easy identification.

All internal wire end terminals, including locking bulkhead connectors, shall be mechanically affixed to the wire ends by machine terminal crimping presses. No hand-crimped terminals shall be acceptable.

All internal splices shall be ultrasonically welded connections - no butt style connections shall be acceptable. All internal wiring shall be of the high temperature GXL type wire and shall be protected by wiring duct wherever possible.

The body shall have an in-vehicle networking system, to provide real time or current state diagnostic capability and reduce troubleshooting or down time.

An electrical harness quick disconnect shall be provided to facilitate removal of the body in the future. All circuit protection shall be integral of control modules. There shall not be automatic reset circuit breakers located in the body main harnessing and distribution system.

The system shall have the capability of delivering multiple signals via a data bus, utilizing specifications set forth by SAE J1939.

The body includes strategically located solid-state modules within the body. The modules are for the body lighting and controls.

The system shall consist of all solid-state components contained inside sealed aluminum extrusions and/or weatherproof Deutsch enclosures referred to as nodes. The system shall also incorporate, as needed, miniature nodes. The nodes shall not have special mounting requirements.

The system, at a minimum, shall be capable of performing the following functions:
-Load management and sequencing
-Switch loads
-Receive digital and analog signals
-Perform and report diagnostics
-Continuously report vehicle status
-System is expandable
-Power distribution outputs
-Switch input capability
-Solid state circuitry
-Self-contained LED diagnostic indicators
-PWR for input power status (red)
-COM for communication status (green)
-The complete body electrical system shall be 100% documented and contain independent circuit diagrams with point to point wiring information, as shall as a general component diagram be included in the apparatus manua

12-VOLT TESTING

The apparatus low voltage system shall be tested and certified. A copy of certification shall be provided to the purchaser with the apparatus.

Reserve Capacity Test
The unit shall be run until all engines, engine compartment temperatures are stabilized and the battery system is fully charged. The engine shall be shut off and the minimum continuous electrical load be activated for ten-(10) minutes. All electrical loads shall be shutoff after ten-(10) minutes and the battery system shall then be capable of restarting the engine.

Alternator Performance Test at Idle
Minimum continuous electrical loads shall be activated while the unit is at idle speed.

Alternator Performance Test at Full Load
The total continuous electrical load shall be activated with the engine running up to the manufacturer's governed speed. The test duration shall be a minimum of two-(2) hours. Activation of the load management system shall be permitted during the test. If however, an alarm is sounded by excessive battery discharge as detected by the system or a system voltage of less than 11.8 volts DC for a 12-volt nominal system for more than 120 seconds, shall be considered a test failure.

Low Voltage Alarm Test
The engine shall be shut off and the total continuous electrical load shall be activated and continue to be applied until the excessive battery discharge alarm activates. The test shall be considered a failure if the alarm has not sounded within 140 seconds after the voltage drops to 11.8 volts.

WIRING PROTECTION

All 12-volt wiring shall be run in high temperature, rated at a minimum of 275º F, split loom for easy access to wires when trouble shooting.

EMI/RFI PROTECTION

The apparatus shall be manufactured to incorporate the latest designs in the electrical system with components that are state of the art to insure electromagnetic interference (EMI) and radio frequency interference (RFI) emissions are suppressed at the source.

The apparatus shall have the ability to operate in typical fire and rescue situations with no adverse effects from EMI and/or RFI.

The apparatus shall utilize components that are fully protected and wiring that utilizes shielding and loop backgrounds where required to control EMI/RFI susceptibility. The apparatus shall be bonded through ground straps. Relays and solenoids that are suspect to generating spurious electromagnetic radiation are diode and/or resistor protected to prevent transient voltage spikes.

In order to prevent the radio frequency interference completely the purchaser shall be requested to provide a listing of the type, power output, and frequencies of all radio and bio medical equipment that is proposed to be used on the apparatus.

LIGHT(S), LED COMPARTMENT

H7195 Cinder Pumper Retail

Fourteen (14) Amdor Luma Bar LED surface mount light(s) shall be installed as specified by the customer.

There will be two-(2) lights installed in each compartment.

LIGHT(S), LED COMPARTMENT

One (1) On Scene Solutions Access Series LED surface mount light(s) shall be installed as specified by the customer. Each light produces 400 lumens if light per 18" length.

The light stick shall be waterproof and rated at 100,000 hours of service. Each light stick shall be provided with a 5 year free replacement warranty.

The light will be located on the front inside wall of the hose bed.

The light will be wired to the WORK LIGHT switch in the dash panel.

GUARD(S), COMPARTMENT LIGHT

There shall be one (1) guards provided to protect the specified compartment light(s). The guards shall be fabricated from stainless steel.

The guard will be installed over the hose bed light.

DOOR AJAR SWITCHES

All apparatus body doors shall be provided with an auto door switch. These switches shall operate the compartment interior lights and activate the door ajar indicator on each side of apparatus body when the door is opened. There shall be a red door ajar light mounted in the cab, in view of the driver to indicate an unsecured door. There shall be a buzzer mounted in the cab that shall alert the driver.

LIGHTBAR, 72" WHELEN FREEDOM IV

A Whelen Edge Ultra Freedom IV Linear Super-LED LC Series 72" Lightbar model F4N7QLED shall be provided. The F4N7QLED Lightbar shall incorporate an anodized extruded heavy duty aluminum base and cover chassis with two front red corner modules with two red end cap modules, two interior white modules and two interior red modules.

The Lightbar shall be controlled in the following manner:

Calling for Right of Way - All Positions
Blocking Right of Way - Clear shall not be Active

The lights shall be activated by a single emergency light switch located on the master light switch panel in the cab.

The Lightbar shall meet NFPA 1901 edition as configured.

LIGHTS, ZONE C UPPER

Two-(2) Whelen model B6MMRRP LED lights shall be installed, one-(1) each side on the upper rear outer corners of the apparatus. The combination tailboard light shall incorporate a L31 series beacon and a 700 series warning light in a polished aluminum housing. The high profile beacon shall incorporate 32 red Super-LEDs, a red optic hard coated polycarbonate lens, and a metalized reflector with clear optic collimators. The hard coated lens shall provide extended life/luster protection against UV and chemical stresses. The four conformal coated PC boards shall provide additional protection against environmental elements. The high profile beacon shall include 28 Scan-Lock™ patterns including four simulated rotating patterns and synchronized features.

The lower level warning light shall incorporate eight red Super-LEDs, a red optic hard coated polycarbonate lens, and utilize a metalized reflector with integrated TIR hybrid optics for maximum output. The hard coated lens shall provide extended life/luster protection against UV and chemical stresses. The conformal coated PC board shall provide additional protection against environmental elements. The self-contained warning light shall have 14 Scan-Lock flash patterns including steady burn and hi/low power.

The L31 dome lens shall be sealed to a die cast aluminum base with an “O” ring gasket assembly. The 700 series warning light lens shall be fitted with foam in place gasket assembly to the die cast aluminum base to provide additional protection against environmental elements. The solid state beacon light shall be vibration resistant. An installation kit including mounting hardware shall be provided for surface mounting. The B6MMRRP will contain a 12” non-terminated pigtail. The tailboard light will meet NFPA zone C upper requirements when used as a pair and is covered by a five year factory warranty.

There will be one-(1) light located on each side of the apparatus on the the upper stanchions.

LIGHTS, ZONE B/D FRONT LOWER

Two-(2) Whelen TIR6 Series Super-LED model 50R03ZRR lights shall be installed, one-(1) each side forward portion of the apparatus. The warning lights shall incorporate red Linear Super-LEDs, a red optic hard coated polycarbonate lens. The surface mount module includes a chrome flange and hardware for horizontal mounting.

There will be one-(1) light located on each side of the apparatus on the front bumper ends.

LIGHTS, ZONE B/D MIDSHIP LOWER

Two-(2) Whelen TIR6 Series Super-LED model 50R03ZRR lights shall be installed, one-(1) each side midship of the apparatus. The warning lights shall incorporate red Linear Super-LEDs, a red optic hard coated polycarbonate lens. The surface mount module includes a chrome flange and hardware for horizontal mounting.

There will be one-(1) light located on each side of the apparatus in the body wheel well area.

LIGHTS, ZONE B/D REAR LOWER

Two-(2) Whelen LINZ6 Series Super-LED model LINZ6R lights shall be installed, one-(1) each side rearward portion of the apparatus. The warning light shall incorporate six red Super-LEDs, a clear non-optic hard coated polycarbonate lens, clear optic collimator and utilize a metalized reflector for maximum output. The hard coated lens shall provide extended

life/luster protection against UV and chemical stresses. The encapsulated lens/reflector assembly and conformal coated PC board shall provide additional protection against environmental elements. The solid state warning lights shall be vibration resistant. The self-contained flashing light shall have 69 Scan-Lock flash patterns including synchronize feature and steady burn. The warning light is covered by a five year factory warranty. The surface mount module includes a black flange and hardware for horizontal mounting.

There will be one-(1) light located on each side of the apparatus below compartments L3 / R3.

LIGHTS, ZONE C LOWER

Two-(2) Whelen 600 Series Super-LED model 60R02FRR shall be installed, one-(1) each side on the lower rear of the apparatus. The warning light shall incorporate red Linear Super-LEDs, a red optic hard coated polycarbonate lens, and utilize a metalized reflector with integrated TIR hybrid optics for maximum output. The hard coated lens shall provide extended life/luster protection against UV and chemical stresses. The encapsulated lens/reflector assembly and conformal coated PC board shall provide additional protection against environmental elements. The solid state warning lights shall be vibration resistant. The self-contained flashing light shall have 14 Scan-Lock flash patterns including synchronize feature and steady burn.The warning light is covered by a five year factory warranty.

There will be one-(1) light located on each side of the apparatus in the rear tail light housings.

STOP, TURN AND BACK-UP LIGHTS

The stop, turn and backup lights will be Whelen 600 Series individual LED fixtures.

HOUSING, REAR TAIL LIGHT ASSEMBLY

The fixtures shall be mounted on each rear face of the body in a model CAST4, four-(4) light head cast aluminum housing.

LIGHT, REAR DIRECTIONAL

A Whelen Traffic Advisor model TAL65 will be provided. The traffic advisor will incorporate a rectangular extruded black powder coated aluminum chassis with six amber 5mm series LED lights with waterproof connectors. The 5mm series lights will be installed with an amber non-optic hard coated polycarbonate lens. The 5mm series lights will incorporate 40 amber 5mm LEDs. The hard coated lens will provide extended life/luster protection against UV and chemical stresses. The encapsulated coated PC board and foam in place gasket will provide will provide additional protection against environmental elements. The 5mm lights are installed with waterproof connectors.

The solid state traffic advisor will be vibration resistant. The traffic advisor will include model TACTL5 control head that includes remote flash control. TACTL5 will have four programmable directional sequence flash patterns of left, right, split, The traffic advisor will include model TACTL5 control head that includes remote flash control. The TACTL5 will have four programmable directional sequence flash patterns of left, right, split, and flash. The LED display on the control head will replicate the traffic advisor directional sequence. The traffic advisor control head will have a rear panel dip switch for the ability to set eight additional Scan-Lock™ flash patterns. The TACTL5 will contain a 10 amp external fuse for reverse polarity protection. The TACTL5 will include a bail strap mounting kit. The traffic advisor will contain a 15’ 9/C 14/18 AWG interconnecting cable with quick disconnect feature.

The control head will be located on top of the driver's dash panel per the dash layouts.

The rear directional light will be surface mounted to the body.

CLEARANCE LIGHTS AND REFLECTORS

Clearance lights and reflectors shall be LED lights, which include two-(2) red marker lights, four-(4) red rectangular reflectors, two-(2) amber rectangular reflectors and one-(1) red three light cluster recessed in the rear step.

LIGHT(S), UNDERBODY

Five (5) Luma Bar H20 20" LED underbody "Ground Effect" light(s) shall be installed at a location to be determined by the Fire Department. The underbody light(s) shall illuminate the ground beneath the apparatus.

The lights shall be controlled by a switch in the cab.

There will be one-(1) light located below left pump panel running board, compartment L3, compartment R1, compartment R3 and front bumper.

LIGHT(S), UNDERBODY

One (1) Luma Bar H20 40" LED underbody "Ground Effect" light(s) shall be installed at a location to be determined by the Fire Department. The underbody light(s) shall illuminate the ground beneath the apparatus.

The lights shall be controlled by a switch in the cab.

The light will be centered below the rear step.

LIGHT, LICENSE PLATE

A Whelen OS Series LED model OACOEDCR shall be provided at the rear of the apparatus to illuminate the license plate. The steady burn illumination light shall incorporate three clear LED and a clear non-optic hard coated polycarbonate lens. The hard coated lens shall provide extended life/luster protection against UV and chemical stresses. The encapsulated assembly shall provide protection against environmental elements. The solid state illumination light shall be vibration resistant. An installation kit including mounting hardware, neoprene gasket and 45 degree angle chrome housing shall be provided for surface mounting. The light will contain a 12" non-terminated pigtail. The illumination light meets SAE J592 requirements and is covered by a five year factory warranty.

12-VOLT FUSE BLOCK(S)

There will be two (2) Blue Sea fuse block(s) 5025 installed in a location determined by the customer. The unit will include a six-(6) 12 volt constant power supply ports and grounding buss with easily changeable fuses. The unit will have a 100 amp total operating range.

There will be a fuse block located on the upper front side wall of compartment L3 and compartment R3.

LIGHTS, 12-VOLT SURFACE MOUNT SCENE

H7195 Cinder Pumper Retail

One (1) pair of Whelen 600 Series Model 6SC0ENZR 12 diode, 8-32 degree scene lights shall be provided and installed on the apparatus. The lights shall have a linear designed Super LED light head with a four screw mounting assembly and chrome plated trim ring flange.

The scene lights shall be controlled by switch located in the cab.

There will be one-(1) light installed on each side of the apparatus on the upper rear of the unit.

The lights will be controlled by a switch in the driver's overhead dash panel per the dash layouts.

LIGHTS, 12-VOLT SURFACE MOUNT SCENE

One (1) pair of Whelen 900 Series Model 9SC0ENZR super LED scene lights will be provided and installed on the apparatus. The steady burn scene light will incorporate Linear Super-LED® and Smart LED® technology. The Whelen 900 Series Super-LED® model # 9SC0ENZR will be provided. The steady burn scene light will incorporate twenty four clear Super-LEDs, a clear gradient optic hard coated polycarbonate lens, and utilize a metal reflector for maximum output. The hard coated lens will provide extended life/luster protection against UV and chemical stresses. The conformal coated PC board and sealed lens/reflector assembly will provide additional protection against environmental elements. The solid state scene light will be vibration resistant. The 9SC0ENZR is certified to meet KKK 1822F requirements and AMD 024 standards.

The scene lights will be controlled by switch located in the cab.

There will be one-(1) light located on each side of the apparatus directly behind the cab front doors in the raised roof section.

The lights will be controlled by a switches in the driver's overhead dash panel per the dash layouts.

ADDITIONAL SWITCH(ES), SCENE LIGHTS

Besides the cab mounted switch(es) for the scene lights there will be six (6) additional switches install on the apparatus to control the scene lights.

The additional switches will be located in the overhead panels per the dash layouts.

The additional switches will control the following:
LEFT FRONT TELE-LIGHT
RIGHT FRONT TELE-LIGHT
FRONT SCENE
LEFT SCENE
RIGHT SCENE
REAR SCENE

ADDITIONAL SCENE LIGHT WIRING, UPPER REAR MOUNTED

The upper rear body mounted scene lights shall also be wired to come one when the transmission is placed into reverse.

LIGHT(S), 12-VOLT BROW MOUNT

One (1) HiViz LEDs FireTech brow light, Model FT-B-72-ML-W will be provided. The light will be low in profile with a mounting bracket allowing installation to the top edge of the cab.

Length: 75"
LEDS: 59
Lumens: 28,512 (each)

The scene light(s) will be powered by the 12-volt chassis electrical system.

The light(s) will be warranted against defects for the service life of the apparatus.

LIGHTS, TELESCOPING BACK OF CAB

There will be two-(2) telescoping lights will be installed, one-(1) each side, on back of the cab.
Two (2) Whelen Pioneer Plus Model PFH1 light head will be provided. The 80 watt +12v DC Pioneer light head will incorporate Super-LED® floodlight installed in a die-cast white powder coated aluminum housing. The PFH1 configuration will consist of 18 white Super-LEDs. The PFH1 will produce 8,875 useable Lumens. The assembly will use a collimator/metalized redux flood light reflector assembly with Proclera™ silicone optics and a clear non-optic polycarbonate lens. The lens/reflector assembly will utilize a liquid injected molded silicone gasket to be resistant to water, moisture, dust, and other environmental conditions. The hard coated lens will provide extended life/luster protection against UV and chemical stresses. The PFH1 will be will be vibration resistant. The Pioneer™ PC boards will be conformal coated for additional protection. Two breathable membrane patches will be installed to the housing to maintain a consistent internal pressure. The PFH1 will have extended LED operation with low current consumption and low operating temperature. The PFH1 will be furnished with a 20’ 2/C 16GA cable. The PFH1 is covered by a five year factory warranty.

A Whelen 3000 series Pole System will be provided. The telescopic side mount pole assembly will incorporate 57" internal aluminum alloy pole with an outer diameter of 1.125" and an inner diameter of 0.875". The 3000 series pole will also include a 12" bottom mount silver aluminum alloy collar/handle assembly. The outer body will meet NFPA 1900 “15.8” access hand rails and hand held guidelines. The pole will slide on a Teflon “O” ring and collar to reduce friction during movement. The upper body will contain a polycarbonate sleeve to prevent water, moisture, dust, and other environmental conditions from entering the interior of the pole assembly. The aluminum side mount brackets will be powder coated silver. The side mount brackets will contain two types of mounting gaskets; 1/16” for painted surfaces and 1/8” for diamond plated surfaces. Both gaskets will be a 40 durometer neoprene black rubber with PSA on one side. All mounting hardware will be stainless steel. The internal coil cord cable will be UL© listed and have a Heyco® liquid tight strain relief. All aluminum pole components will be clear anodized to eliminate yellowing and corrosion.
The telescoping lights will be controlled by a switch located on the light head.

== Paint - SM Extruded - 622.001 06/06/22 ==

PAINT FINISH, CAB/BODY

The apparatus cab/body shall be painted with AkzoNobel Sikkens brand paint. The paint process shall meet or exceed current state regulations concerning paint operations. Pollution control shall include measures to protect the atmosphere,

water, and soil. Contractor shall, upon demand, provide evidence that the manufacturing facility is in compliance with State EPA rules and regulations.

The body exterior shall have no mounted components prior to painting to assure full coverage of metal treatments and paint to the exterior surfaces of the body. Any vertically or horizontally hinged smooth-plate compartment doors shall be painted separately to assure proper paint coverage on body, door jambs and door edges.

Paint process shall feature AkzoNobel Sikkens high solid BTLV products and be performed in the following steps: Corrosion Protection - all aluminum surfaces shall be treated with the AkzoNobel Sikkens LV 260 Epoxy coating to provide superior corrosion resistance and excellent adhesion of the base coat.

AkzoNobel Sikkens Sealer/Primer BTLV - acrylic urethane sealer/primer shall be applied to guarantee excellent gloss hold-out, chip resistance and a uniform base color.

AkzoNobel Sikkens High Solid BTLV650 (Base coat) - a lead-free, chromate-free high solid polyurethane base coat shall be applied, providing excellent coverage and durability. A minimum of two-(2) coats shall be applied.

AkzoNobel Sikkens High Solid BTLV650 (Clear coat) - high solid LV clear coat shall be applied as the final step in order to ensure full gloss and color retention and durability. A minimum of two-(2) coats shall be applied.

Any location where aluminum is penetrated after painting, for the purpose of mounting steps, hand rails, doors, lights, or other specified components shall be treated at the point of penetration with a corrosion inhibiting pre-treatment (ECK Corrosion Control). The pre-treatment shall be applied to the aluminum sheet metal or aluminum extrusions in all locations where the aluminum has been penetrated. All hardware used in mounting steps, hand rails, doors, lights, or other specified components shall be individually treated with the corrosion inhibiting pre-treatment.

After the paint process is complete, the gloss rating of the unit shall be tested with a 60 degree gloss meter. Coating thickness shall be measured with a digital MIL gauge and the orange peel with a digital wave scan device.

PAINT COLOR/CODE

The paint color/code will be red FBCH 992103.

INTERIOR COMPARTMENT FINISH

The interior of the body compartments shall be a natural finish.

NFPA Striping - Customer / Dealer Supplied

STRIPE, REAR CHEVRON

A minimum of fifty percent of the rear vertical surface of the unit shall be overlaid with a reflective material, installed in an alternating "Chevron" pattern (sloping down and away from the centerline) at a 45-degree angle. Each stripe shall be 6” wide and the colors of stripping shall be in compliance, with the current edition of NFPA 1901.
The Chevron striping shall be 3M red and lime green.

REFLECTIVE MATERIAL, DESIGNATED WALKING SURFACES

1" wide yellow perimeter marking consisting of individual Reflexite diamonds shall be applied to indicate the outside edge of designated standing and walking areas above 48" from the ground in compliance with 2016 NFPA 1901. Steps, ladders and areas with a railing or structure at least 12" high are excluded from this requirement.

== Warranty / Manuals - Pumpers Custom - 622.001 06/06/22 ==

WARRANTY, BODY MATERIAL & WORKMANSHIP

The purchaser shall receive a general two-(2) year or 36,000 miles limited warranty in accordance with, and subject to, warranty certificate RFW0002. The warranty certificate is incorporated by reference into this proposal, and included with this proposal or available upon request.

WARRANTY, CUSTOM CHASSIS MATERIAL & WORKMANSHIP

The purchaser shall receive a custom chassis two-(2) years or 36,000 Miles limited warranty in accordance with, and subject to, warranty certificate RFW0102. The warranty certificate is incorporated by reference into this proposal, and included with this proposal or available upon request.

WARRANTY, CAB STRUCTURAL

The prchaser shall receive a cab structure (Aluminum) ten-(10) years or 100,000 miles limited warranty in accordance with, and subject to, warranty certificate RFW0602. The warranty certificate is incorporated by reference into this proposal, and included with this proposal or available upon request.

WARRANTY, BODY STRUCTURAL

The urchaser shall receive a body structure (Aluminum) ten-(10) years or 100,000 miles limited warranty in accordance with, and subject to, warranty certificate RFW0502. The warranty certificate is incorporated by reference into this proposal, and included with this proposal or available upon request.

WARRANTY, CAB PAINT / PERFORATION

The purchaser shall receive a paint and finish (Exterior Clear coated) ten-(10) years limited warranty in accordance with, and subject to, warranty certificate RFW0710. The warranty certificate is incorporated by reference into this proposal, and included with this proposal or available upon request.

WARRANTY, BODY PAINT / PERFORATION

The purchaser shall receive a paint and finish (Exterior Clear coated) ten-(10) years limited warranty in accordance with, and subject to, warranty certificate RFW0710. The warranty certificate is incorporated by reference into this proposal, and included with this proposal or available upon request.

WARRANTY, FRAME ASSEMBLY STRUCTURE

The purchaser shall receive a frame assembly structural twenty-(20) years or 100,000 miles limited warranty in accordance with, and subject to, warranty certificate RFW0304. The warranty certificate is incorporated by reference into this proposal, and included with this proposal or available upon request.

WARRANTY, MERITOR AXLE

FRONT AXLE

The front axle shall be warranted by Meritor for two-(2) years with unlimited miles under the general service application.

REAR AXLE

The rear axle shall be warranted by Meritor for two-(2) years with unlimited miles under the general service application.

WARRANTY, DIESEL ENGINE

The Cummins engine shall be warranted for a period of five-(5) years or 100,000 miles, whichever occurs first.

WARRANTY, REGULATED EMISSIONS SYSTEMS

Non-California Engines-
The purchaser shall receive a Regulated Emissions Systems five-(5) years or 100,000 miles limited warranty in accordance with, and subject to, warranty certificate RFW0140. The warranty certificate is incorporated by reference into this proposal, and included with this proposal or available upon request.

Cummins L9 California Engines-
The purchaser shall receive a Regulated Emissions Systems five-(5) years or 150,000 miles limited warranty in accordance with, and subject to, warranty certificate RFW0141. The warranty certificate is incorporated by reference into this proposal, and included with this proposal or available upon request.

Cummins X12 / X15 California Engines-
The purchaser shall receive a Regulated Emissions Systems five-(5) years or 350,000 miles limited warranty in accordance with, and subject to, warranty certificate RFW0142. The warranty certificate is incorporated by reference into this proposal, and included with this proposal or available upon request.

WARRANTY, TRANSMISSION

The Allison EVS series transmission shall be warranted for a period of five-(5) years with unlimited mileage. Parts and labor shall be included in the warranty.

WARRANTY, ANTI LOCK BRAKE SYSTEM

The ABS brake system shall be warranted for a period of three-(3) years/300,000 miles.

WARRANTY, HALE FIRE PUMP

EXPRESS WARRANTY
Hale Products, Incorporated (“Hale”) hereby warrants to the original buyer that products manufactured by Hale are free of defects in material and workmanship for a period of five-(5) years from the date the product is first placed into service or five and one-half (5-1/2) years from date of shipment by Hale, whichever period shall be first to expire. Within this warranty period Hale will cover parts and labor for the first two-(2) years and parts only for years three (3) through five (5).

LIMITATIONS
HALE’S obligation is expressly conditioned on the Product being:

- Subjected to normal use and service
- Properly installed and maintained in accordance with HALE’S Instruction Manual and Industry Standards as to recommended service and procedures
- Not damaged due to abuse, misuse, negligence, or accidental causes

- Not altered, modified, serviced (non-routine), or repaired other than by an Authorized Service facility
- Manufactured per design and specifications submitted by the original buyer
- Used with an appropriate engine as determined by the engine manufacturers published data
- Excluded are normal wear items identified as but not limited to packing, strainers, anodes, filters, light bulbs, intake screens, wear rings, mechanical seals, etc.

WARRANTY, PLUMBING SYSTEM

The purchaser shall receive a plumbing and piping corrosion-free (Stainless Steel) ten-(10) years or 100,000 miles limited warranty in accordance with, and subject to, warranty certificate RFW0801. The warranty certificate is incorporated by reference into this proposal, and included with this proposal or available upon request.

WARRANTY, WATER TANK

The poly tank manufacturer warrants each tank to be free from manufacturing defects in material and workmanship for the service life of the original vehicle (vehicle must be actively used in fire suppression). The warrant is transferable, with written approval of the manufacturer. Each tank is inspected and tested for leaks prior to leaving the manufacturing facility. The tank shall be installed in the vehicle in accordance to the manufacture's guidelines.

There are no warranties, expressed or implied, which extend beyond the description of the face hereof. There is no expressed or implied warranty of merchantability or a warranty of fitness for a particular purpose. Additionally, this warranty is in lieu of all other obligations or liabilities on the part of the Manufacturer.

MANUAL, CHASSIS OPERATION

There shall be two-(2) digital copies of the chassis operation manual provided with the chassis. The digital data shall include a parts list specific to the chassis model.

MANUALS, ENGINE AND TRANSMISSION OPERATION

There shall be two-(2) printed hard copy sets of the engine operation manual and two-(2) printed hard copy sets of the transmission operation manual specific to the model ordered included with the chassis.

MANUALS, APPARATUS BODY

The contractor shall supply, at time of delivery, at two-(2) sets of complete operation and service documentation covering the completed apparatus as delivered and accepted.

The documentation shall address at least the inspection, service, and operations of the fire apparatus and all major components thereof.

MANUALS, FIRE PUMP

There will be two-(2) copies of pump manuals provided to the department.

SAFETY GUIDE

One-(1) copy of the latest edition of FAMA's Fire Apparatus Safety Guide shall be provided with the completed apparatus.

WIRING DIAGRAMS, CAB/CHASSIS

There will be a complete digital set of electrical schematics provided at the time of delivery. These schematics will have

each circuit properly numbered and in color.

The schematic will show each connector in the circuitry and the position in which each circuit enters, exits, or terminates. The schematic will be drawn in such a manner as to allow individual circuitry to be followed throughout the apparatus.

These schematics will not have the circuitry condensed into a single line or sets of lines. Multiple sheets will be acceptable so long as each of the harnesses is properly identified to the connecting sheet and harness. There will be a border around the paper(s), which contain alpha and numeric characters for indexing coordinate reference. There will be an indexing or part reference document for quick location of items shown on the schematics.

WIRING DIAGRAMS, APPARATUS BODY

There will be a complete set of generic electrical schematics provided at the time of delivery. These schematics will have each circuit properly numbered and in color.

The schematic will show each connector in the circuitry and the position in which each circuit enters, exits, or terminates. The schematic will be drawn in such a manner as to allow individual circuitry to be followed throughout the apparatus.

These schematics will not have the circuitry condensed into a single line or sets of lines. Multiple sheets will be acceptable so long as each of the harnesses is properly identified to the connecting sheet and harness. There will be a border around the paper(s), which contain alpha and numeric characters for indexing coordinate reference. There will be an indexing or part reference document for quick location of items shown on the schematics.

This document will refer the user to the appropriate drawing and page number and to sections of the drawing(s) by the means of letter and number coordinates. The schematic will show all harnesses used in the apparatus cab, chassis and body that is supplied by the chassis and body manufacturer.

Modifications to the manufactured standard harnesses are to be documented and properly indexed for quick identification.

A complete wire number, color, and function listing will accompany the schematics.

== Loose Equipment Pkg. - Pumper - 622.001 06/06/22 ==

NFPA REQUIRED EQUIPMENT, FD SUPPLIED

The loose equipment as outlined in NFPA 1901, 2016 edition, section 5.9 thru 5.9.4 shall be provided by the fire department unless it is listed in this proposal. All loose equipment shall be installed on the apparatus before placed in emergency service, unless the Fire Department authorized agent signs the State of Exception as listed in the NFPA 1901 Standard for Automotive Fire Apparatus sections 4.21 thru 4.21.2.

The loose equipment as outlined in NFPA 1901, 2016 edition, section 5.9 thru 5.9.4 shall be provided by the fire department unless it is listed in this proposal. All loose equipment shall be installed on the apparatus before placed in emergency service, unless the Fire Department authorized agent signs the State of Exception as listed in the NFPA 1901 Standard for Automotive Fire Apparatus sections 4.21 thru 4.21.2.

LADDER(S), 10' FOLDING

H7195 Cinder Pumper Retail

There shall be one (1) Alco-Lite Model FL-10, 10' folding ladder(s) provided with the apparatus. The ladder(s) shall be aluminum, single-section with rubber feet. The ladder(s) shall meet or exceed the latest NFPA standards.

LADDER(S), 14' ROOF

There shall be one (1) Alco-Lite model PRL-14, 14' roof ladder(s) supplied with the apparatus. The ladder(s) shall be aluminum, single-section with folding steel roof hooks on one end and steel spikes at the other. The ladder(s) shall meet or exceed the latest NFPA standards.

LADDER(S), 24' 2-SECTION EXTENSION

There shall be one (1) Alco-Lite model PEL-24, 24' two-section ladder(s) supplied with the apparatus. The extension ladder(s) shall be aluminum with steel spurs on one end. The ladder(s) shall meet or exceed the latest NFPA standards.

Elbow - 4" FNST RL x 5" Storz 30 Degree

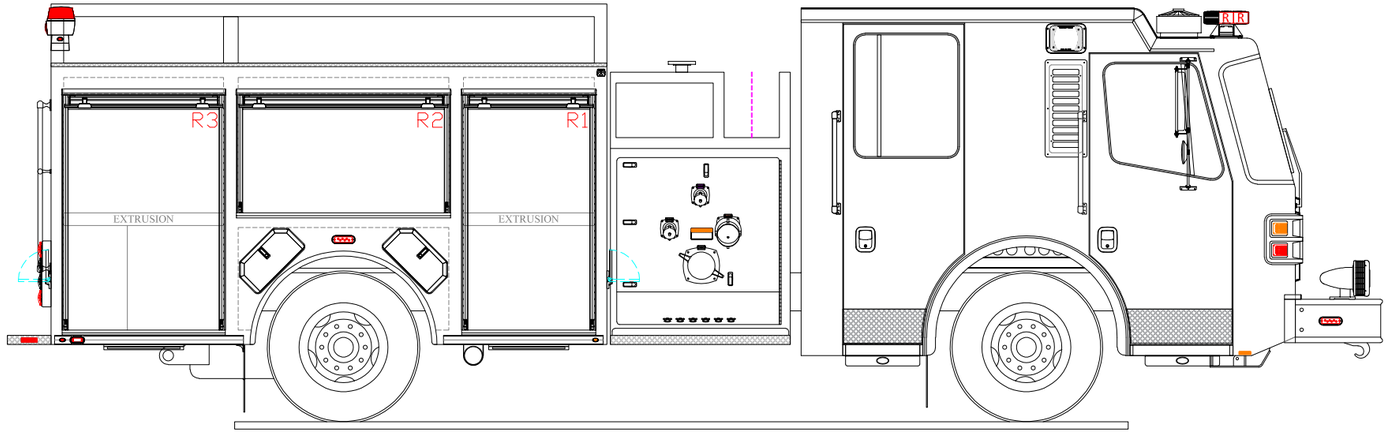
The elbow will be located on the 4" right side discharge.

CAP(S), 5" STORZ

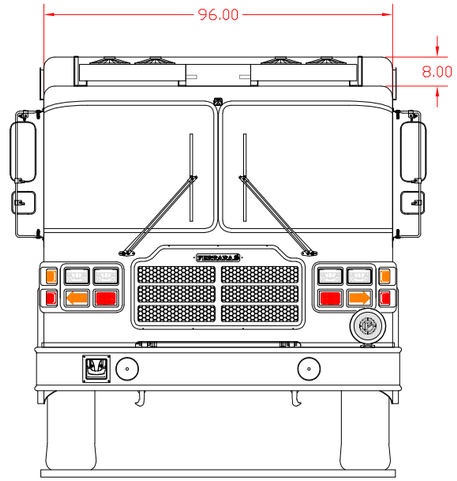
There shall be one (1) Kochek model CC507, 5" Storz cap(s) with chain provided with the apparatus.

The cap will be located on the 4" right side discharge elbow.

WHEEL CHOCS



There will be a pair of Ziamatic model SAC-44-E folding wheel chocs supplied with the apparatus.



HOLDER, WHEEL CHOCS

There will be a Ziamatic model SQCH-44-H horizontal wheel choc holder installed on the apparatus as directed.

The holders will be located below compartment L1.

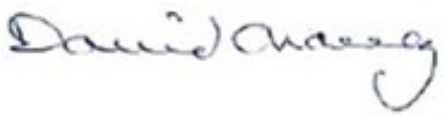
RFP NUMBER: 2024-25
RFP DESCRIPTION: Truck Bodies
CONTRACT NUMBER: 2024-25-C115-ALL
Category 1 - Lot 1 - Truck Bodies

Dear Procurement Partner



Cooperative Educational Services (CES) thanks you for responding to our 2024-25 solicitation. The responses have been reviewed and it is our pleasure to inform you that your company has been selected to provide the products and services indicated in your response.

The Contract, in conjunction with the Contract and RFP documents, constitute the Agreement between the parties. Please retain all documents for your records. This Indefinite Delivery and Indefinite Quantity contract, as defined in NMSA 13-1-63; beginning May 22, 2024 and expiring May 21, 2028, pursuant to 13-1-150 NMSA.

It is the vendor's responsibility to keep pricing up to date throughout the life of the contract.

Sincerely yours,

Cooperative Educational Services

David Chavez
Executive Director, Chief Procurement Officer
Office: 505.344.5470

ACCEPTANCE OF PROPOSAL AND OFFER
AND CONTRACT AWARD

RFP NUMBER: 2024-25
RFP DESCRIPTION: Truck Bodies
CONTRACT NUMBER: 2024-25-C115-ALL
Category 1 - Lot 1 - Truck Bodies

CONTRACT

This contract award is being made by Cooperative Educational Services ("CES"), 10601 Research Rd. SE, Albuquerque, New Mexico 87123 effective this 22nd day of May 2024, to 411 Equipment LLC, with its principal office located at 1815 4th Street Northwest, Albuquerque, NM 87102, pursuant to the above referenced CES conducted Request for Proposal ("RFP") or Request for Bids ("RFB") procurement, and Contract Holder accepts the award and enters into this contract pursuant to the following terms and conditions.

RECITALS

Cooperative Educational Services (CES) is a cooperative procurement agency created by a Joint Powers Agreement as authorized by Section 11-1-1, et. seq., N.M.S.A., 1978, and Section 13-1-135 and procures tangible personal property, services and construction services ("Products, Services and/or Construction Services") pursuant to the New Mexico Procurement Code for the benefit of its Members and Participating Entities. The Members consist of public educational institutions in New Mexico that are signators to a Joint Powers Agreement establishing CES as their procurement agency. The Participating Entities are governmental and 501(C) (3) organizations that have entered into Participating Entity Agreements with CES which allow them to take advantage of the procurement efforts of CES.

The undersigned ("Contract Holder") has successfully responded to a RFP or RFB published by CES in accordance with the Procurement Code, (13-1-103, 111, 112), and Contract Holder is being awarded this RFP or RFB contract by CES which allows Contract Holder to offer Products, Services and Construction Services in accordance with the terms and conditions set forth herein and in the RFP or RFB documents and this contract award.

CONTRACT TERMS

1. The initial contract term shall be from the effective contract award date May 22, 2024 through May 21, 2028. CES reserves the right to renew the Contract through a written amendment signed by all required signatories, but in any case, the Contract shall not exceed the total number of years allowed pursuant to NMSA 1978 13-1-150. CES reserves the right to offer month-to-month extensions if it is determined by CES to be in the best interest of CES Members/Participating Entities

2. Contract Holder agrees and acknowledges that the contract terms and provisions are those contained in the above referenced RFP or RFB and agrees to furnish all Products, Services and/or Construction Services in compliance with all terms, conditions, specifications of and amendments to this RFP or RFB. Contract Holder understands that his obligations under this RFP or RFB contract extend to CES Members and Participating Entities who are third party beneficiaries of

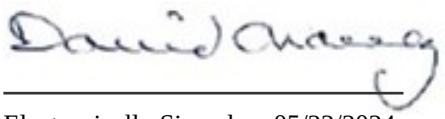
this RFP or RFB procurement process. The Members/Participating Entities may negotiate with Contract Holder certain additional terms and conditions relating to the scope of services and other performance details. However, the terms and conditions of the RFP or RFB may not be altered or amended except with the approval of CES and in accordance with the State Procurement Code.

3. Contract Holder acknowledges and agrees that CES' purpose and function is to act as a cooperative procurement agent on behalf of its Members and Participating Entities so that they may take advantage of these procurement efforts. CES does not have any subsequent responsibility relating to the quality and fitness of any Products, or the performance of any Services and Construction Services by Contract Holder. Any purchase orders placed by a CES Member or Participating Entity with Contract Holder directly or through CES and any resulting contract between the Contract Holder and a CES Member or Participating Entity do not create any additional obligations on the part of CES.

4. For transactions which involve CES transmitting purchase orders from a Member/Participating Entity to Contract Holder, CES volunteers to act as a payment facilitator to make payments to Contract Holder with funds transferred to CES by the Member/Participating Entity in accordance with Member/Participating Entity's written instructions and to provide an accounting of all monies paid or received by CES pursuant to this Agreement. CES also volunteers to provide informal mediation services between Contract Holder and Member/Participating Entity in the event any dispute arises between them.

5. Contract Holder understand and agree that upon CES' receipt of funds from the Member/Participating Entity, CES has no right or authority to thereafter apply those funds to any purpose other than as instructed by Member/Participating Entity. CES shall incur no liability to Contract Holder except for liability arising from CES' own gross negligence or willful misconduct, to the extent allowed by New Mexico law. Through this procurement process, Contract Holder is authorized to provide the described Products, Services or Construction Services. CES has no obligation or right to involve itself with the manner or method by which Contract Holder provides these Products, Services or Construction Services.

6. To the extent allowed by New Mexico law, Contract Holder agrees to hold CES harmless from all costs, expenses, attorney fees and judgments based upon claims between a Member/Participating Entity and Contract Holder in connection with the specified Products, Services or Construction Services provided by Contract Holder



7. Contract Holder agrees that it will not assert any claim against CES in the event that a dispute arises regarding the alleged failure of Contract Holder or a Member/Participating Entity to perform as provided for in the RFP or RFB documents, any purchase order or other contract between Contract Holder and a Member/Participating Entity. This does not include claims against CES based upon the alleged gross negligence or intentional acts of CES.

8. Any liability incurred in connection with this Agreement shall be subject to the immunities and limitations of the New Mexico Tort Claims Act, §§ 41-4-1 et seq, NMSA 1978, as amended.

The Recitals are incorporated herein as contract terms.

Agreed effective the above date.

GENERAL SCOPE OF WORK AND SPECIFICATIONS

PART I INTRODUCTION

A. GENERAL

The purpose of this Request for Proposal is to solicit sealed proposals to establish, through competitive public solicitation and negotiation, a multi-year cooperative contract, or contracts, between Cooperative Educational Services (CES) and the successful Offeror(s).

In order to assist CES Members or Participating Entities which consist of over 440 educational and governmental entities in New Mexico, CES is seeking proposals from Offeror(s) who have the experience and can provide all types of truck bodies for Class 1 to Class 8 truck chassis and cutaway van; parts and accessories; maintenance and repair services; and warranty service and repairs.

It is the intent of CES to establish a contract with multiple vendors who can supply the desired items and services listed above and throughout this Scope of Work, for direct purchase, and as needed. All vehicles and services are to be supplied according to industry standards, according to the material manufacturers' recommendations and to the satisfaction of CES' Membership. Selected Contractors shall provide the items, and/or services as requested by the Member's Representative or their designee. CES or its Membership offers no guarantee of products or services to be purchased under the Contract.

B. NOTICE

If practicable, CES intends to make multiple awards for sufficient coverage statewide. Price agreements` term, resulting from this RFP, are pursuant to New Mexico Procurement Code, NMSA, 1978, 13-1-150.

This is an open-ended RFP. At the discretion of CES, the RFP may remain open for accepting additional proposals after a source award or multiple source awards are made to allow CES to make additional source awards if CES determines in accordance with ¶13-1-154 NMSA 1978 that such additional awards are necessary to fully meet CES member or participating entity service or economy needs identified by CES prior to a source award(s) or identified after a source award(s) is made. Any new Offeror may not have access to any RFP documents submitted by another Offeror or to documents involved in the rating or ranking process of Offerors, as this would negate the open and fair competition process. Offerors that submitted a proposal for this RFP event and did not receive a recommendation for award may not submit a new proposal for the same RFP event. New proposals will be evaluated as prescribed in the original RFP and evaluated against all other RFP proposals. Any new source awards will be aligned with the contract end date of the original source awards. CES reserves the right to terminate the opportunity for submittal of additional offers at any time prior to the original contract award expiration date.

C. DEFINITIONS

Class: GVWR class ratings. “Light Duty Class” trucks and vans are: Class 1: 0 to 6000#; Class 2: 6001 to 10000#; "Medium Class" trucks are: Class 3: 10001-14000#; Class 4: 14001-16000#; Class 5: 16001¬19500#; Class 6: 19501-26000#. "Heavy Class" trucks are: Class 7: 26001-33000#; Class 8: over 33000#.
Dealer Prep: An amount or fee that the dealer charges to receive and prepare the purchase vehicle fordelivery to the customer.
EPA: Environmental Protection Agency
Factory Invoice: The actual invoice the manufacturer sends to the dealer for the vehicle.
FMCSR: Federal Motor Carrier Safety Administration
FMVSS: Federal Motor Vehicle Safety Standards
GVWR: Gross Vehicle Weight Rating; the maximum allowable weight of the fully loaded vehicle, permanufacturer, including liquids, passengers, cargo, and the tongue weight of any towed vehicle.
Insurance Institute for Highway Safety (IIHS): Tests new models by crashing them into an energy-absorbing, deformable barrier at 40 mph.
Manufacturer’s Suggested Retail Price (MSRP): The retail price of the new motor vehicle suggested by the manufacturer, including the retail delivered price for each accessory or item of optional equipment physically attached to the new motor vehicle at the time of delivery to the new motor vehicle dealer thatis not included in the retail price suggested by the manufacturer for the new motor vehicle.
National Highway Traffic Safety Administration (NHTSA): A federal agency that regulates safety featuresof vehicles and that crash tests new cars for front impact into a flat, rigid barrier at 35 mph, and side impact with the test car traveling 17 mph being hit broadside by another car traveling 34 mph.
NMDOT: New Mexico Department of Transportation
NMMVD: New Mexico Motor Vehicle Department
OEM: The original equipment manufacturer
Wholesale Price: The cost of the vehicle to the dealer minus the holdback, any factory incentives andrebates.
49CFR393: Parts and Accessories Necessary for Safe Operation
49CFR571: Federal Motor Vehicle Safety Standards

PART II SCOPE OF WORK AND SPECIFICATIONS

CES is seeking proposals from Offeror(s) who have the experience and can offer the products and services listed throughout this RFP, which can be configured and equipped to meet individual CES Members or Participating Entities’ needs.

The standards and specifications provided below are intended to establish minimum requirements for the Offeror and provide a general overview of the quality and type of products and services being requested. Always use the latest up to date versions of a standard, code, or specification.

A. GENERAL REQUIREMENTS

1. The Contractor is responsibility to keep current all required New Mexico Motor Vehicle Division licensing requirements during the term of the contract, and to furnish license copies at any time on request by CES, its Members or Participating Entities. If Contractor does not maintain current any required New Mexico Motor Vehicle Division licensing requirements, CES reserves the right to immediately terminate the contract.

2. All bodies shall be the new.
3. The Offeror will demonstrate that its facility(s) possesses the resources to supply and support the vehicles offered under this solicitation.
4. All billings and invoices must identify the CES purchase order number, complete description of vehicle with all associated options being billed, and include the name of the vehicle, model number and vehicle identification number.
5. The contractor shall include a copy of any manufacturers' order guide with this proposal. Upon request, the dealer will provide a copy of the order guide to any CES Member or Participating Entity wishing to purchase a vehicle.
6. The prices for all bodies shall be F.O.B. the Offeror's dealership, or any location within 100 miles of the dealership.
7. The Offeror will furnish a complete set of specifications for all bodies offered that include all weights, heights, widths, etc. and other information to assist in the evaluation process.
8. It shall be the responsibility of the Offeror to assure that all recall notices and other technical service bulletins or notifications from the factory are sent directly to the CES Member or Participating Entity in a timely manner.
9. All optional equipment and accessories shall be original equipment from the body manufacturer, or third party authorized by the body manufacturer and installed at the factory or by the dealer.
10. Any dealer provided option must be priced separately and may only be included if specifically ordered by the CES Member or Participating Entity. Under no conditions may a CES Member or Participating Entity be charged additional costs for items such as conveyance or document fees, or advertising surcharges.

B. DELIVERY

1. All bodies ordered must be delivered within 5 days of the quotes delivery date that has been accepted by a CES Member or Participating Entity. If a vehicle is delayed beyond the original quoted date, or if the delayed delivery is beyond the fiscal year (ending June 30th), CES with the agency approval, reserves the right to cancel the purchase order and the member agency will be under no obligation to select a different vehicle if the vendor is unable to deliver on time.
2. In the case of a delay, CES Member or Participating Entity needs to be notified within five (5) business days of notice from the manufacturer to Offeror. The CES Member or Participating Entitywill notify CES and the Offeror within seven (7) business days whether to proceed or cancel the order. CES, CES Member or Participating Entity will be under no obligation to select a different vehicle if the order is cancelled or to select a different vehicle if the contractor is unable to deliveron time.
3. All deliveries will be made Monday through Friday during normal business hours. Vendor will contact the CES Member or Participating Entity 72 hours prior to delivery to schedule a delivery time, location and date.
4. Offeror will provide owners with two (2) complete sets of operations and parts manuals and one (1) operational and parts manual in electronic format on CD-R, CD-RW, DVD-R or DVD-RW. If safety videos and handbooks are available, two (2) sets will be provided to the member at no coston CD-R, CD-RW, DVD-R or DVD-RW.
5. If required, Manufacturer's Certificate of Origin (MCO) or Manufacturer's Statement of Origin (MSO) needs to be provided to CES Member or Participating Entity after the Offeror receives payment from CES. All documents must show the legal name of the CES Member or ParticipatingEntity.

C. PRE-DELIVERY SERVICE

Each unit shall be DOT inspected and include the appropriate documentation and decal. In addition, each unit shall be equipped with the required fire extinguisher and reflective triangle kit.

1. Complete lubrication
2. Checking of all fluid levels to ensure that they are filled to manufacturers' specifications.

D. VEHICLE INSPECTION

1. Prior to acceptance by the ordering agency, each vehicle shall be subject to a complete inspection by CES Member or Participating Entity.
2. Inspection shall include, but not necessarily be limited to, conformity to the specifications, mechanical integrity, quality or workmanship and materials, and appearance defects.
3. If a body fails inspection, corrections shall be made within seven (7) calendar days or time as mutually agreed to by the CES Member or Participating Entity and contractor. After corrections are made, the normal inspection time will start fresh. All corrections shall be made without any inconvenience to CES Member or Participating Entity.

E. WARRANTY

1. At the minimum, warranties shall be the manufacturer's standard new vehicle warranty. All warranties shall begin when the vehicle is placed in service. It shall be the responsibility of the ordering CES Member or Participating Entity to notify the contractor when a vehicle is actually put in service.

F. EXTENDED WARRANTY OPTIONS

1. Offeror is encouraged to offer extended warranties for all major mechanical, electrical and electronic components to cover the member after the standard warranty has expired.
2. The terms, conditions, stipulation, exceptions, limitations and warrantee periods will be clearly identified.
3. The Offeror must provide all warrantee work, ongoing maintenance, have an inventory of parts and have access to specialized or custom parts within 72 hours.
4. The term of a warranty is extended by any period of time during which repair services are not available to the CES Member or Participating Entity because of any war, invasion, strike, fire, flood or other natural disaster.

G. SAFETY

1. The Offeror will provide, at no charge to the Member/Participating Entity, MSDS information providing asbestos content of friction materials (brake pads, brake shoes, clutch discs, etc.), upon request.
2. All bodies offered shall comply with most current for FMVSS standards if applicable.

H. EXTENDED WARRANTY OPTIONS

1. Offeror is encouraged to offer extended warranties for all major mechanical, electrical and electronic components to cover the member after the standard warranty has expired.
2. To cover parts, labor, and towing.

3. To include maintenance service plans.

4. The terms, conditions, stipulation, exceptions, limitations and warranty periods will be clearly identified.
5. Warranty and all terms, conditions, stipulation and warranty periods will be clearly identified to the CES Member or Participating Entity.

I. BODIES AND UTILITY BED OPTIONS

1. The Offeror is encouraged to propose a full line of bodies for various members' operations.
2. May include, but not be limited to: Stake beds, flatbed, box bodies, dump beds, lift beds, lift gates, rear and side loader garbage truck bodies, roll-off bodies, miscellaneous trash truck bodies, tanks bodies, component body, service bodies, van bodies, haulers, service and utility bodies landscaper, refuse bodies all types, mounted cranes or booms, refrigerated bodies, brush truck, custom designed bodies or bed, etc.
3. Third-party equipment is permitted, and factory or dealer installed is preferred.
4. Bodies or utility beds offered may be hydraulically, mechanically, and/or electrically operated, powered by the vehicle's electrical supply, a power-take-off (PTO), independent or separate power source. PTO's shall be installed in accordance with vehicle manufacturer's recommendations.
5. In the event the factory installed vehicle electrical system requires modifications/upgrades to provide power to the optional utility bed, installing dealer shall ensure modifications/upgrades will be in accordance with the vehicle manufacturer's specifications, and not void the manufacturer's warranty.
6. Must be securely fastened to the basic vehicle structure and bolted securely through chassis rail flange as per chassis manufacturer design specifications.
7. Bodies shall not exceed the manufacturer's vehicle load recommendations or the gross vehicle weight rating (GVWR). The factory-installed vehicle braking system shall meet or exceed the US Department of Transportation (USDOT) and New Mexico Department of Transportation (NMDOT) stopping requirements for the total vehicle GVWR.
8. All options provided shall comply with USDOT and NMDOT requirements for width, height, weight, lighting, safety, and other requirements for operation on city, and county roads, and state and federal highways. Vendor agrees to consult and provide CES Member or Participating Entity requirements and specifications for bed and options to comply with USDOT and NMDOT requirements.
9. Dealer shall supply to the CES Member or Participating Entity any USDOT and/or NMDOT certificates stating compliance for the vehicle, and/or utility bed installed on the vehicle, if applicable and/or required for registration and use on highways.
10. Upon request by the CES Member or Participating Entity prior to vehicle delivery, the dealer will assist in obtaining, or provide service to obtain any required vehicle inspections. Vehicle shall pass all required inspections prior to passing of vehicle title to CES Member or Participating Entity.
11. Optional Equipment can be offered to include but not limited to wet kits, refuse containers, roll- off containers, tarp systems, snowplows, salt spreaders, lift gates, GPS tracking systems, in vehicle monitoring systems, winches, custom fabrication, metal work services, various type containers for trash pickup, etc.
12. Each equipment shall be a new and currently advertised model of the manufacturer's latest design, equipped with all standard component items identified in the manufacturer's description and specification publications, whether or not specifically requested and except where optional components are specified herein.
13. Manufacturer's Standard Equipment: All equipment and components listed as standard by

the manufacturer for models offered shall be furnished.

14. Manufacturer's Specification: Complete manufacturer's specification, published literature, and photos or illustrations of units proposed should be furnished with your proposal. Only new models in current production and in service that are catalogued by the manufacturer, and forwhich printed literature and specifications are available will be accepted.
15. Hose And Wiring Routing, Hardware Requirements: All hoses and wiring shall have adequate protective covers wherever there is a possibility of contact with any other components. Separators shall be used where applicable. No tape or adhesive fasteners will be accepted. All hoses, wiring and pipes shall be routed to be clear of all heat sources and shall be protected fromany present or potential source of snags, abrasions or sharp edges. If any wiring for any lamps is routed through any tool compartment or canopy, these wires shall be enclosed. All fasteners (nuts,bolts, rivets & etc.) shall be per manufacturer specification with a rust inhibiting coating.

J. WELDING

1. All welding shall be continuous where applicable. All welding shall be performed in accordance with the applicable requirements of the latest codes, rules or specifications of the American Welding Society, (AWS).

K. Furnish two (2) complete sets of Operator, Parts, and Technical manuals including electrical wire diagrams.

L. BACK-UP WARNING DEVICE

1. Shall be waterproof that is readily audible outside each vehicle when the transmission is in reverse.
2. A rear obstacle detection system can be offered.

M. BUMPERS

1. The front bumpers shall be OEM standard design.

N. BODY

1. Corrosion Protection: Per OEM manufacturer's specifications.

O. EXTERIOR LIGHTING

1. All lights for taillights, brake light, turn signal, back-up, collision avoidance lights and clearance marker lights shall be Light Emitting Diode (LED).

P. PAINT AND TRIM

1. Color shall be standard colors offered from the OEM manufacturer. Custom paint colors can be Offeror as an option.
2. All exterior surfaces shall be smooth and free of wrinkles and dents.
3. Exterior surfaces to be painted shall be properly prepared as required by the paint system supplier.

4. Drilled holes and cutouts in exterior surfaces shall be made prior to cleaning, priming and painting to prevent corrosion.
5. To the degree consistent with industry standards for commercial vehicle finishes, painted surfaces shall have gloss and orange peel shall be minimized.
6. All exterior finished surfaces shall be impervious to diesel fuel, gasoline and commercial cleaning agents.
7. Paint shall be applied smoothly and evenly with the finished surface free of dirt and the following other imperfections:
   a. Blisters or bubbles appearing in the topcoat film
   b. Chips, scratches, or gouges of the surface finish
   c. Cracks in the paint film
   d. Craters where paint failed to cover due to surface contamination
   e. Over spray
   f. Peeling
   g. Runs or sags from excessive flow and failure to adhere uniformly to the surface
   h. Chemical stains and water spots

Q. SAFETY EQUIPMENT

1. Shall at the minimum comply with FMVSS.

R. LICENSE PLATES

1. Provisions shall be made to mount standard size U.S. license plates per SAE J686 on the rear of the body if applicable.

S. OPTIONAL EQUIPMENT AND FEATURES

1. The Offeror is to provide a list of optional equipment and features that can be offered to customize the body to meet the CES Members or Participating Entities needs, such as hydraulic and electric gate lifts, ramps, tow hooks, generators, lift buckets, power take off unit (PTO), ladder racks, wet unites, fire truck bodies, etc.
2. The Offeror will need to provide details on the process that will be used by CES Members or Participating Entities to identify the optional equipment and features and how they will be implemented in to the design of the vehicle.

T. REPLACEMENT PARTS

1. OEM or aftermarket parts approved by the OEM.
2. If aftermarket parts are provided for warranty repair, they must not void the manufactures warranty.

U. SERVICES

1. Repair, maintenance and warranty repair services may be offered. Body repair services are requested. Specialty repairs may be performed by an authorized sublet repair facility.

V. USED BODIES

1. Used bodies may be offered under solicitation. Pricing shall be based upon Dealer acquisition price + cost to comply to Federal and NMDOT safety standards + body service

+transportation + dealer markup not to exceed a maximum of XX.XX% to arrive at Selling Price

2. According to the requirements for 13-1-155 A NMSA 1978, any used item of "… tangible personal property the estimated cost of which exceeds five thousand dollars ($5,000), …" requires at a minimum "… a written warranty for at least ninety days after date of delivery and an independent "certificate of working order" by a qualified mechanic or appraiser."
3. contract shall have only ASE-Certified Master Truck Equipment Technicians, or at a minimum, a technician with prior medium-heavy duty truck/bus experience in air brake systems, steering and suspension, to repair vehicles.
4. Warranty repairs shall only be performed by manufacturer authorized repair facilities for vehicles and/or optional installed equipment.
5. Tire repair and maintenance services may include, but not be limited to: balancing, re-grooving, rotating, patching, tube replacement, wheel stud replacement, etc.

W. TRAINING

1. Training for maintenance staff on the proper service and repair of the vehicle and body.
2. Training for drivers on the proper and safe operation of the vehicle and body with special emphasis on how the emission control's function.

X. PUBLICATIONS AND PRINTED MATERIALS:

1. Each vehicle will have a complete set of operation, and warranty publications. The following shall be provided at time of delivery:
   a. Operation Manual: A complete operations manual and troubleshooting guide with a detailed manufacturer's parts list that covers the conversion features on the vehicle as listed in this specification. The manual will provide complete, comprehensive instructions to include but not limited to air conditioning systems, tie downs, heater, emissions, engine operations, lights, radio, wiring diagram and body modifications, accessories and related equipment.
   b. A complete schematic diagram of all hydraulic lines, air lines and electric circuits.
   c. Warranty Information: Each vehicle will have a published listing of contractor warranty repair locations, including address, telephone number, and contact name.

Y. ADDITIONS TO THE SCOPE OF WORK

Offerors who receive a contract as a result of this solicitation, and through the duration of the contract, may propose vehicles, equipment, products, and related services that were either inadvertently left out of this RFP, or are new technology. Such proposed items shall be submitted to CES for review and must remain consistent with the spirit of the RFP. Items approved shall be added to the contract through an amendment, mutually agreed upon by all parties to the contract.

Omissions in this proposal of any provision herein described shall not be construed as to relieve the vendor of any responsibility or obligation to the complete and satisfactory delivery, operation, and support of any and all equipment or services.

ATTACHMENT B
TO
ACCEPTANCE OF PROPOSAL AND OFFER
AND CONTRACT AWARD

PRICING

All pricing including updates/changes must be uploaded through the vendor portal in the eProcurement System for review and approval by CES.

A Price List/Pricing: The Offeror will upload through the vendor portal electronic copies of or provide electronic access to the approved current price list(s) for products and services offered under this solicitation (RFP) upon execution of this contract. The Offeror must keep current all pricing for any contract issued as a result of this solicitation. Should the Offeror fail to update pricing with CES, the Offeror shall honor their pricing on file with CES at the time of their quote submittal to the CES Member/Participating Entity. Discounts off the current price list are permitted and must remain firm throughout the life of the contract. Discount off list price must be clearly noted in the price quote to the member. All pricing must include the CES administration fee.

B New Technology and Products: New products or related services announced by manufacturer and/or Contractor may be added to this existing contract. Pricing shall be equivalent to the percentage discount of other product(s); is substantially superior to the original product(s) offered; is discounted in a similar or to a greater degree; and if the product(s) meet the requirements of the original RFP. No products may be added to avoid competitive procurement procedures. CES is responsible for approving any product, service or technology for this contract. CES can reject any approved additions, any new product, service or technology for this contract, without cause.

C Price Quote/Proposal: When preparing a quote/proposal under a CES awarded contract, the Offeror must clearly identify and break out quantities, descriptions, supplies, materials, equipment and services into individual line items as they appear on the Offeror’s awarded price schedule or pricing methodology. At a minimum all quotes or proposals shall include the following: description, “hourly labor rate or the list/catalog unit price”, “the per cent discount offered” and the final “CES price”. All stated prices must include the CES one point two five percent (1.25%) administrative fee. Shipping/Freight costs and the New Mexico Gross Receipts Tax as applicable must be stated in separate lines.

D Price Reduction, Promotional and Special Pricing: A price reduction can be offered at any time and will become effective upon approval by CES. CES reserves the right to approve or disapprove such requests.

E Price Increases: Anytime during the life of the contract, pricing can be updated (increased/decreased) with proper justification letter from the manufacturer or distributor thereof and will become effective upon approval by CES. CES reserves the right to approve or disapprove

such requests.

F Price Surcharges: Depending on current market conditions, surcharges may apply as approved by CES.

NEW MEXICO CAPITAL OUTLAY GRANT AGREEMENT
CAPITAL APPROPRIATION PROJECT

THIS AGREEMENT is made and entered into by and between the State of New Mexico, Department of Finance & Administration, 407 Galisteo Street, Santa Fe, NM 87501, ("**Department**") and the City of Santa Fe, ("**Grantee**") (individually "**Party**" and collectively "**Parties**"). This Agreement shall be effective as of the date the Department executes it ("**Effective Date**").

WITNESSETH

WHEREAS, in the Laws of 2025, Chapter 159, Section 495, Paragarph 33, the Legislature made an appropriation to the Department, funds from which the Department is making available to the Grantee pursuant to this Agreement; and

WHEREAS, the Department is granting to Grantee, and the Grantee is accepting the grant of funds from this appropriation, in accordance with the terms and conditions of this Agreement;

NOW, THEREFORE, in consideration of the mutual covenants and obligations contained herein, the parties hereby mutually agree as follows:

AGREEMENT

I. PROJECT DESCRIPTION, GRANT AMOUNT, AND REVERSION

A. **25-J3150** ("**Project**") 6/30/2027 ("**Reversion Date**"). Laws of 2025, Chapter 159, Section 49533, Five Hundred Twenty Five Thousand Dollars and No Cents, $525,000.00, to purchase and equip a fire engine for the fire department in Santa Fe in Santa Fe county;.

B. Grantee's total reimbursements shall not exceed $525,000.00 Five Hundred Twenty Five Thousand Dollars and No Cents, ("**Appropriation Amount**") minus the allocation for Art in Public Places ("**AIPP amount**"), if applicable, $0.00 No Dollars and No Cents, which equals $525,000.00 Five Hundred Twenty Five Thousand Dollars and No Cents ("**Adjusted Appropriation Amount**").

C. In the event of a conflict among the Appropriation Amount, the Reversion Date, as defined herein and/or the purpose of the Project, as set forth in this Agreement, and the corresponding appropriation language in the laws cited above in this Article I, the language of the laws cited herein shall control.

The information contained in Article I is referred to collectively as the "**Project Description**."

II. DISBURSEMENT LIMITATION

A. Upon the Effective Date, the Grantee shall submit to the Department a comprehensive procurement plan and expenditure plan, detailing a Project timeline with milestones, required procurements, and identifying expected expenditures per milestone (collectively, "**Project Budget**"). The Department shall review and approve the Project Budget by approving a Notice of Department's Obligation ("**Notice of Obligation**"), in accordance with the Project Description, a sample of which is attached hereto as **Exhibit B** and incorporated herein by reference. After

Docusign Envelope ID: B69E7954-A830-4D78-AF50-806A2ADA6A8E

receipt of approved Notice of Obligation, the Grantee may be reimbursed for allowable costs up to the Adjusted Appropriation Amount. This Agreement and any reimbursements up to the Adjusted Appropriation Amount are expressly conditioned upon the following:

a. Irrespective of any Notice of Obligation, Grantee's expenditures shall be made in accordance with the Project Budget, on or before the Reversion Date and/or, if applicable, any Early Termination Date; and
b. The total amount received by Grantee shall not exceed the lesser of:
    i. the Adjusted Appropriation Amount identified in Article I (B) herein; or
    ii. the total of all amounts stated in the Notice(s) of Obligation evidencing the Department has received and accepted Grantee's Third Party Obligation(s); and
c. Grantee's expenditures are made and accounted for pursuant to the State Procurement Code, State's Model Accounting Practices, and execution of binding written obligations or purchase orders with third-party contractors or vendors for the provision of services, including professional services, or the purchase of tangible personal property and real property for the Project ("**Third Party Obligations**"); and
d. Grantee's submittal of timely Requests for Payment and supporting documentation in accordance with the procedures set forth in this Agreement; and
e. In the event capital assets acquired with Project funds are to be sold, leased, or licensed to or operated by a private entity, the sale, lease, license, or operating agreement:
    i. must be approved by the applicable oversight entity (if any) in accordance with §§ 13-6-2, 13-6-2.1, and 13-6-3; or
    ii. If no oversight entity is required to approve the transaction, the Department of Finance and Administration's Infrastructure Planning Development Division (IPDD) must approve it as complying with the law.

B. Prior to the sale, lease, license, or operating agreement being approved pursuant to Articles II(A)(e) (i) or (ii) herein, the Department may, in its sole and absolute discretion, unless inconsistent with State Board of Finance imposed conditions, reimburse Grantee for necessary expenditures incurred to develop the Project sufficiently to make the sale, lease, license, or operating agreement commercially feasible, limited to planning and design expenditures; and

C. Grantee's submission of documentation of all Third Party Obligations and amendments thereto (including terminations) to the Department and the Department's issuance of a Notice of Obligation for a particular amount in accordance with the terms of this Agreement shall be governed by the following:

a. Grantee is authorized to budget the particular amount set forth in the Notice of Obligation, execute the Third Party Obligation, and request the Third Party to begin work after issuance of a Notice of Obligation by the Department.
b. Grantee acknowledges and agrees that any Third Party Obligations agreed to prior to receiving a Notice of Obligation are its sole responsibility.
c. Grantee shall submit to the Department one copy of all Third Party Obligations and amendments thereto (including terminations) as soon as possible after execution by the Third Party but prior to execution by the Grantee.
d. Department may, in its sole and absolute discretion, issue a Notice of Obligation for the particular amount of a Third Party Obligation that only obligates the Department to reimburse Grantee's expenditures made on or before the Reversion Date or an Early

Docusign Envelope ID: B69E7954-A830-4D78-AF50-806A2ADA6A8E

Termination Date. The current Notice of Obligation form is incorporated herein and attached hereto as **Exhibit B**.

D. Grantee shall provide all necessary qualified personnel, materials, and facilities to implement the Project. The Grantee shall finance its share (if any) of the costs of the Project, including all Project overruns.

E. Prior to entering into this Agreement, the Department conducted a risk assessment on the Grantee and a project readiness review for the Project. In accordance with State Model Accounting Practices, FIN 9.2, if the Department determines that the expenditure of Project funds by the Grantee requires special conditions, those conditions are identified and listed in **Exhibit C**, which is attached and incorporated by reference. The Parties agree that, to the extent the Department, in its sole and absolute discretion, determines additional special conditions are necessary or that existing special conditions are no longer required, it may update **Exhibit C** from time to time without the need for a formal amendment of this Agreement.

F. Project funds shall not be used for purposes other than those authorized by the Department in accordance with the Project Description.

G. Project funds cannot be used to reimburse the Grantee for indirect Project costs unless specifically allowed by law.

III. NOTICES

The following provisions shall apply whenever written notices, including written decisions, are to be given or received related to this Agreement.

A. The Grantee designates the person(s) listed below, or their successor, as their official representative(s) concerning all matters related to this Agreement:

Grantee: City of Santa Fe
Name: Alan Webber
Title: Mayor
Address: PO Box 909, Santa Fe, NM 87504
Email: mayor@santafenm.gov
Telephone: 505-955-6590

B. The Grantee designates the person(s) listed below, or their successor, as their Fiscal Officer or Fiscal Agent concerning all matters related to this Agreement:

Grantee: City of Santa Fe
Name: Emily Oster
Title: Finance Director
Address: PO Box 909, Santa Fe, NM 87504
Email: ekoster@santafenm.gov
Telephone: 505-629-3411

Docusign Envelope ID: B69E7954-A830-4D78-AF50-806A2ADA6A8E

C. The Department designates the persons listed below, or their successors, as the Points of Contact for matters related to this Agreement.

Department: DFA/Local Government Division
Name: Daniel Catanach
Title: Grant Manager
Address: Bataan Memorial Bldg. Rm 202, Santa Fe NM 87501
Email: danieln.catanach@dfa.nm.gov
Telephone: 505-231-6090

The Parties agree that all notices, including written decisions, related to this Agreement shall be sent to the persons named above by email or regular mail. For mailings, notices shall be deemed to have been given and received upon the date of the receiving party's actual receipt or five (5) calendar days after mailing, whichever shall first occur. In the case of email transmissions, the notice shall be deemed to have been given and received on the date reflected on the delivery receipt of the email.

IV. TERM & DEADLINE TO EXPEND FUNDS

A. The term of this Agreement shall begin on the Effective Date and terminate on the 30th day of June during the calendar year of the Reversion Date unless Terminated Before Reversion Date ("**Early Termination**") pursuant to Article V herein (collectively "**Term**").

B. The Project's funds must be expended on or before the Reversion Date and, if applicable, the Early Termination Date of this Agreement.

a. For purposes of this Agreement, it is not sufficient for the Grantee to encumber the Project funds on its books on or before the Reversion Date or Early Termination Date.
b. For purposes of this Agreement, an expenditure of funds has occurred on the date the particular quantity of goods is delivered to and received by the Grantee, title to the goods is transferred to the Grantee, and/or as of the date particular services are rendered to and accepted by the Grantee.
c. For purposes of this Agreement, an encumbrance of funds pursuant to a contract or purchase order with a third party does not qualify as an expenditure.

V. EARLY TERMINATION

A. General Provision. The Department may terminate this Agreement before the Reversion Date based on the Completion of the Project, Complete Expenditure of the Adjusted Appropriation, and/or Violation of this Agreement. Early Termination hereunder includes:

a. Termination due to completion of the Project before the Reversion Date;
b. Termination due to complete expenditure of the Adjusted Appropriation Amount before the Reversion Date;
c. Termination for violation of the terms of this Agreement; or
d. Termination for suspected mishandling of public funds, including but not limited to fraud, waste, abuse, and conflicts of interest.

Docusign Envelope ID: B69E7954-A830-4D78-AF50-806A2ADA6A8E

B. Non-appropriation. This Agreement is expressly contingent upon the New Mexico State Legislature making sufficient appropriations and authorizations for the Project Description.

   a. If the Legislature does not appropriate the Appropriation Amount, this Agreement shall terminate upon the Department giving the Grantee written notice of such termination. Such termination shall be effective as of the effective date of the law making the non-appropriation.
      i. The Department's decision as to whether sufficient appropriations or authorizations are available shall be final. Grantee hereby waives any rights to assert an impairment of contract claim against the State of New Mexico in the event of Early Termination of this Agreement.
   b. As used herein, "non-appropriate" or "non-appropriation" includes the following actions by the New Mexico Legislature:
      i. Deauthorization, reauthorization, or revocation of a prior authorization.

C. Grant Disbursements in the Event of Early Termination. In the event of Early Termination, the Department's sole and absolute obligation to reimburse the Grantee is expressly conditioned upon the limitations set forth in Article II above.

D. Notice. Either Party may terminate this Agreement prior to the Reversion Date by providing the other Party with a minimum of fifteen (15) days advance written notice of the Early Termination. Grantee hereby waives any rights to assert an impairment of contract claim against the State of New Mexico in the event of Early Termination of this Agreement by the Department.

VI. SUSPENSION OF NEW OR FURTHER OBLIGATIONS

A. Department, in its sole and absolute discretion, may provide written notice to Grantee to suspend entering into further obligations. Upon the receipt of such written notice by the Grantee:

   a. Grantee shall immediately suspend entering into new or further written obligations with third parties;
   b. Department will suspend the issuance of any new or further Notice of Obligation under this Agreement; and
   c. Department may direct the Grantee to implement a corrective action plan in accordance with Article VI (D) herein.

B. In the event of Suspension of this Agreement, the Department's sole and absolute obligation to reimburse the Grantee is expressly conditioned upon the limitations set forth in Article II herein.

C. A suspension of new or further obligations under this Agreement shall remain in effect unless or until the date the Grantee receives written notice given by the Department informing the Grantee that the Suspension has been lifted or that the Agreement has been Early Terminated in accordance with Article V herein. If the Suspension is lifted, the Department will consider further requests for a Notice of Obligation.

D. Corrective Action Plan in the Event of Suspension. Where the Department, in its sole and absolute discretion, directs Grantee to suspend entering into new or further written obligations

Docusign Envelope ID: B69E7954-A830-4D78-AF50-806A2ADA6A8E

with third parties pursuant to Article VI(A), the Department may, but is not obligated to, require the Grantee to develop and implement a written corrective action plan to remedy the grounds for the Suspension.

a. Such a corrective action plan must be approved by the Department and be signed by the Grantee.
b. Failure to sign a corrective action plan or meet the terms and deadlines set forth in the signed corrective action plan is hereby deemed a violation of the terms of this Agreement for purposes of Early Termination, Article V(A)(c).
c. A corrective action plan shall be in addition to, and not in lieu of, any other equitable or legal remedy authorized hereunder or at law, including but not limited to Early Termination.

VII. AMENDMENTS

Unless expressly stated otherwise herein, this Agreement shall not be altered, changed, or amended except by an instrument in writing duly executed by both parties hereto with the same formalities as this agreement.

VIII. REPORTING

A. Database Reporting

a. Grantee shall provide the Department with quarterly reports of Project activity, entering the required Project information directly into a database required by the Department.
b. Additionally, Grantee shall certify on each Request for Payment form, attached hereto as **Exhibit A** and incorporated herein, that all information provided in the database is true and accurate, updates to the database have been maintained, and all Project activity complies with applicable law and the terms of this Agreement.
c. Grantee hereby acknowledges that failure to perform and/or certify updates to the database will jeopardize the reimbursement of funds. The Department shall give Grantee a minimum of fourteen (14) days' advance written notice of any changes to the information the Grantee is required to report.
d. At the Department's discretion, all reports required hereunder may be directed to and facilitated through an electronic database.
e. Quarterly reports shall be due on the last day of the month, that is, 30 days prior to the end of the quarter following the execution of this Agreement by the Department and ending during the quarter of the submission of the final request for reimbursement for the Project, or the following quarter.

B. Requests for Additional Information/Project Inspection

During the term of this Agreement and during the period of time during which the Grantee must maintain records pursuant to Article VIII, the Department may:

i. request such additional information regarding the Project as it deems necessary; and
ii. conduct, at reasonable times and upon reasonable notice, onsite inspections of the Project.

Docusign Envelope ID: B69E7954-A830-4D78-AF50-806A2ADA6A8E

Grantee shall respond to such requests for additional information within a reasonable period of time, as established by the Department.

B. Requests for Additional Information/Project Inspection

a. During the term of this Agreement and the Record Retention Period, the Department may:
   i. Request additional information regarding the Project as it deems necessary and
   ii. Conduct on-site inspections of the Project at reasonable times and upon reasonable notice.
b. Grantee shall respond to such requests for additional information within the time established by the Department.

IX. REQUEST FOR PAYMENT PROCEDURES

A. Grantee shall request payment by submitting the form attached hereto as **Exhibit A**. Payment requests are subject to the following procedures:

a. Each Request for Payment must be in accordance with the Project Budget and contain proof of payment by the Grantee or liabilities incurred by the Grantee.
   i. Proof of payment must demonstrate the validity of an expenditure or liabilities incurred by Grantee.
   ii. However, Grantee may be reimbursed for unpaid liabilities only if the Department, in its sole and absolute discretion, agrees to do so and in accordance with any special conditions imposed by the Department.
   iii. The Grantee shall make payment to those contractors or vendors within five (5) business days from the date of receiving reimbursement from the Department or in a shorter period than the Department may prescribe in writing.
   iv. The Department reserves the right to make such payments directly to the contractors or vendors as a special condition under this Agreement.
   v. The Grantee is required to certify to the Department proof of payment to the third-party contractor or vendor within five (5) business days from the date the Department reimburses the Grantee.

B. Until the Project is fully planned, designed, and all necessary procurements identified in the Project Budget are completed, Grantee's reimbursements will be limited to the planning, design, and procurement costs outlined in the Project Budget. Once the planning, designing, and procuring stages are complete, the Grantee must obligate at least ten percent (10%) of the Adjusted Appropriation Amount within one (1) year and must have utilized at least eighty-five percent (85%) of the Adjusted Appropriation Amount six (6) months before the reversion date.

C. Deadlines. Grantee shall submit requests for Payments to the Department on the earlier of:

a. Immediately as Grantee receives them, but at a maximum of thirty (30) days from when Grantee incurred the expenditure or liability; or
b. Twenty (20) days from the date of Early Termination or Reversion Date for expenditures or liabilities incurred before the Early Termination date or Reversion Date.

Docusign Envelope ID: B69E7954-A830-4D78-AF50-806A2ADA6A8E

D. Grantee's failure to abide by the requirements set forth in Article II and Article IX herein may result in the denial of its Request for Payment. Department reserves the right to reject a payment request for the Project unless and until it is satisfied that the expenditures or liabilities are for permissible purposes within the meaning of the Project Description, identified within the Project Budget, and that the Grantee is otherwise in compliance with this Agreement.

a. Department's authority to reject any Request for Payment is in addition to, and not in lieu of, any other legal or equitable remedy available to the Department under this Agreement, at law, or in equity.

X. PROJECT CONDITIONS AND RESTRICTIONS

A. The following general conditions and restrictions shall apply to the Project:

a. The Project's funds must be spent in accordance with all applicable state laws, regulations, policies, and guidelines, including, but not limited to, the State Procurement Code.
b. The Project's expenditures and liabilities must be accounted for in accordance with the State's Model Accounting Practices, as amended from time to time.
c. The Project must be implemented in accordance with the New Mexico Public Works Minimum Wage Act, Section 13-4-10 through 13-4-17 NMSA 1978, as applicable.
d. The Project must provide a public benefit above and beyond any incidental benefit to private entities in accordance with applicable law, including, but not limited to, Article IX, Section 14 of the Constitution of the State of New Mexico.
e. Without prior written approval from the Department and State Board of Finance, for the useful life of any asset purchased under this Agreement, Grantee shall not convert any property acquired, built, renovated, repaired, designed, or developed with Project funds to uses other than those specified in the Project Description.
    i. In addition to other remedies available at law or in equity, any disposal or conversion of property acquired, built, renovated, repaired, designed, or developed with Project funds without the Department's and the Board of Finance's express written approval will trigger the Department's right to reimbursement from Grantee of the Appropriated Amount, transfer proceeds from any disposition of property to the State, or otherwise provide consideration to the State for the Appropriated Amounts.
f. Grantee shall comply with all applicable federal and state laws, rules, and regulations pertaining to civil rights and equal employment opportunity.
    i. In accordance with all such laws, rules, and regulations, the Grantee agrees to assure that no person shall, on the grounds of race, color, national origin, sex, sexual preference, age, or handicap, be excluded from participation in the Project, use of the Project, employment with Grantee, or otherwise be denied benefits/subject to discrimination for any activity performed under this Agreement.
g. Where the Department, in its sole and absolute discretion, determines Grantee has failed to comply with the above conditions and restriction, Grantee agrees to take appropriate steps to correct any deficiencies immediately. The Grantee's failure to implement such appropriate steps within a reasonable time, but no longer than thirty (30) days after

Docusign Envelope ID: B69E7954-A830-4D78-AF50-806A2ADA6A8E

notice from the Department, constitutes a breach of this Agreement and grounds for Early Termination.

XI. REPRESENTATIONS AND WARRANTIES

A. Reliance by Department.
   a. Grantee expressly acknowledges that the Department relies on the representations and warranties made by Grantee in this Agreement. Grantee acknowledges that such representations and warranties are a material inducement for the Department to enter into this Agreement and provide the Appropriated Amount.
   b. Grantee shall ensure all representations and warranties provided herein are true, accurate, and complete as of the date of the Effective Date and shall remain so throughout the Term of this Agreement. Grantee is responsible for promptly notifying the Department in writing of any changes or inaccuracies in the representations and warranties contained herein.

B. Grantee hereby represents and warrants the following:

   a. Grantee has taken all necessary steps to attain the legal authority to receive and expend the Project's funds.
   b. Grantee has duly authorized this Agreement, and the person executing it has authority to do so. Once executed by Grantee, this Agreement shall constitute a binding obligation of Grantee, enforceable according to its terms.
   c. Grantee's obligations hereunder do not conflict with any law, ordinance, or resolution applicable to Grantee, Grantee's charter (if applicable), or any judgment or decree to which Grantee is subject.
   d. Grantee has independently confirmed that the Project Description, including, but not limited to, the Appropriated Amount and Reversion Date, is consistent with the underlying appropriation in law.
   e. Grantee's governing body has duly adopted or passed as an official act a resolution, motion, or similar action authorizing the person identified as the official representative of the Grantee to sign and submit Requests for Payment on behalf of Grantee.
   f. Grantee will abide by New Mexico laws regarding conflicts of interest, governmental conduct, and whistleblower protection.
      i. Grantee agrees explicitly none of its officers or employees or its designees or agents, no member of the governing body, and no other public official of Grantee who exercises any function or responsibility with respect to this Agreement, shall have any interest, direct or indirect, in any contract or subcontract, or the proceeds thereof, for the Project.
      ii. Further, Grantee will require all of its contractors to incorporate the language set forth in this paragraph prohibiting conflicts of interest in all subcontracts.
   g. No funds have been paid or will be paid, by or on behalf of the Grantee, to any person for influencing or attempting to influence an officer or employee of the State, any agency, or body in connection with the awarding of any Third Party Obligation.
      i. Grantee will require certifying language prohibiting lobbying to be included in the award documents for all subawards, including subcontracts, loans, and cooperative agreements.

Docusign Envelope ID: B69E7954-A830-4D78-AF50-806A2ADA6A8E

C. Consequences of False or Misleading Representations. If any representation or warranty made by Grantee is found to be false or misleading, the Department shall have the right to exercise any or all of the following remedies:

a. **Termination of Agreement:** Department may terminate this Agreement immediately upon written notice to the Grantee.
b. **Repayment of Grant Funds:** Grantee shall repay all Appropriated Amounts disbursed under this Agreement, upon demand by the Department.
c. **Other Remedies:** Department may pursue any other remedies available at law or in equity.

D. Survival of Representations and Warranties. The representations and warranties made by the Grantee shall survive the Early Termination or expiration of this Agreement.

XII. PROJECT RECORDS

A. Grantee shall be strictly accountable for receipts and disbursements relating to the Project's funds. The Grantee shall follow generally accepted accounting principles and the State's Model Accounting Practices and, if feasible, maintain a separate bank account or fund with a separate organizational code to ensure separate budgeting and accounting of the funds.

B. For six (6) years following the Project's completion ("**Record Retention Period**"), Grantee shall maintain all Project-related records, including, but not limited to, all financial records, requests for proposals, invitations to bid, selection and award criteria, contracts and subcontracts, advertisements, minutes of pertinent meetings, as well as records sufficient to fully account for the amount and disposition of the Appropriated Amount from all sources budgeted for the Project, the purpose for which such funds were used, and such other records as the Department may prescribe.

C. Grantee shall make all Project records available to the Department, the Department's Independent Public Accountant, and the New Mexico State Auditor upon request. With respect to the funds that are the subject of this Agreement, if the State Auditor or the Department finds any funds were improperly expended, Grantee shall be required to reimburse the State all amounts found to be improperly expended.

XIII. IMPROPERLY REIMBURSED FUNDS

If the Department determines part or all of the Appropriation Amount was improperly reimbursed to Grantee, including but not limited to funds reimbursed to Grantee based upon fraud, mismanagement, misrepresentation, misuse, violation of law by the Grantee, after ten (10) days' notice to Grantee and the opportunity to return such funds to the Department, the Department may offset any funds due to Grantee from the State, until the Appropriation Amount is fully repaid.

XIV. LIABILITY

Neither Party shall be responsible for liability incurred as a result of the other Party's acts or omissions in connection with this Agreement. Any liability incurred in connection with this Agreement is subject to

Docusign Envelope ID: B69E7954-A830-4D78-AF50-806A2ADA6A8E

immunities and limitations of the New Mexico Tort Claims Act.

XV. SCOPE OF AGREEMENT

This Agreement constitutes the entire and exclusive agreement between the Parties concerning the subject matter hereof. The Agreement supersedes all prior or contemporaneous agreements, understandings, discussions, communications, and representations, written or verbal.

XVI. REQUIRED NON-APPROPRIATIONS CLAUSE

A. Grantee acknowledges and agrees to include a "non-appropriations" clause in all contracts between it and other parties that are (i) funded in whole or part by funds made available under this Agreement and (ii) entered into after the effective date of this Agreement that states:

   a. "The terms of this Agreement are contingent upon sufficient appropriations and authorization being made by the Legislature of the State of New Mexico ("**Legislature**") for the performance of this Agreement.
   b. If the Legislature does not make sufficient appropriations and authorization, City of Santa Fe may immediately terminate this Agreement by giving Contractor written notice of such termination.
   c. The City of Santa Fe's decision as to whether sufficient appropriations are available shall be final and accepted by the Contractor. Contractor hereby waives any rights to assert an impairment of contract claim against the City of Santa Fe or the State of New Mexico in the event of immediate or Early Termination of this Agreement by the City of Santa Fe or the State Department of Finance and Administration."

XVII. REQUIRED TERMINATION CLAUSE

A. Grantee acknowledges and agrees to include the following termination clause in all contracts that are (i) funded in whole or part by funds made available under this Agreement and (ii) entered into after the effective date of this Agreement:

   a. "This contract is funded in whole or in part by funds made available by the State of New Mexico ("**State**"). Should the State terminate its Agreement with the City of Santa Fe, the City of Santa Fe may terminate this contract immediately by providing Contractor written notice of such termination.
   b. In the event of termination pursuant to this paragraph, the City of Santa Fe's only liability to Contractor shall be for goods and services delivered and accepted prior to the termination date."

XVIII. COMPLIANCE WITH UNIFORM FUNDING CRITERIA

A. Throughout the term of this Agreement, Grantee shall:

   a. Submit all reports of annual audits and agreed-upon procedures required by § 12-6-3(A)-(B), NMSA 1978 by the due dates established in § 2.2.2 NMAC, reports of which must be a

Docusign Envelope ID: B69E7954-A830-4D78-AF50-806A2ADA6A8E

public record pursuant to § 12-6-5(A), NMSA 1978 within forty-five (45) days of delivery to the State Auditor;

b. Have a duly adopted budget for the current fiscal year approved by its budgetary oversight agency (if any);
c. Timely submit all required financial reports to its budgetary oversight agency (if any); and
d. Use accounting methods and procedures consistent with Generally Accepted Accounting Principles and the State's Model Accounting Principals to expend the Appropriated Amount in accordance with applicable law and account for and safeguard Project funds and assets acquired with Project funds.

B. In the event Grantee fails to comply with the requirements of subparagraph A of this Article XVIII, Department may take one or more of the following actions:

a. Suspend new or further obligations pursuant to Article VI(A) of this Agreement;
b. Require the Grantee to develop and implement a written corrective action plan pursuant to Article VI(D) of this Agreement to remedy the non-compliance;
c. Impose special conditions to address the non-compliance by giving Grantee notice of such special conditions in accordance with Article III of this Agreement;
    i. The Parties agree that any special conditions imposed to address non-compliance shall be incorporated into this Agreement, through **Exhibit C**, upon notice to Grantee, without need for formal amendment of this Agreement;
    ii. Special conditions shall be binding and effective on the date that notice is deemed to have been given pursuant to Article III or
d. Terminate this Agreement pursuant to Article V(A) of this Agreement.

XIX. SEVERANCE TAX AND GENERAL OBLIGATION BONDS

A. Grantee acknowledges and agrees that the underlying appropriation for the Project may originate from the issuance of tax-exempt severance tax bonds or general obligation bonds by the State. Proceeds from such bonds are administered by the New Mexico State Board of Finance ("**SBOF**"), an entity separate and distinct from the Department.

a. Grantee acknowledges and agrees:
    i. It is Grantee's responsibility to determine through SBOF what (if any) conditions are currently imposed on the Project;
    ii. Department's failure to inform Grantee of an SBOF-imposed condition does not affect the validity or enforceability of the condition;
    iii. The SBOF may in the future impose further or different conditions upon the Project;
    iv. All SBOF conditions are attached to the Project and Appropriation Amount without the need for formal amendment of this Agreement;
    v. All applicable SBOF conditions must be satisfied before the SBOF will release to the Department funds subject to the condition(s) and
    vi. The Department's obligation to reimburse Grantee from the Project is expressly contingent upon the satisfaction of the then-current SBOF conditions.

B. Grantee acknowledges and agrees SBOF may, at its sole and absolute discretion, require reimbursement or remove eligibility for bond proceeds for the Project if the Project doesn't

Docusign Envelope ID: B69E7954-A830-4D78-AF50-806A2ADA6A8E

proceed sufficiently.

a. Grantee must comply with the requirement to encumber five percent (5%) of Project funds within six months of bond issuance as certified by Grantee in the Bond Questionnaire and Certification documents submitted to the SBOF.
b. Failure to comply may result in the reassignment of the bond proceeds. Upon reassignment of bond proceeds, this Agreement will be suspended until the entity has demonstrated readiness as determined by the SBOF and the Department.

C. Grantee acknowledges and agrees that this Agreement is subject to the SBOF's Bond Project Disbursements rule, § 2.61.6, NMAC, as may be amended from time to time or re-codified.

XX. GENERAL PROVISIONS

A. Assignment: Grantee's rights and obligations under this Agreement are personal and may not be transferred or assigned without the prior written consent of the State. Any attempt at assignment or transfer without such consent shall be void. Any assignment or transfer of Grantee's rights and obligations approved by the State shall be subject to the provisions of this Agreement.

B. Subcontractors: Grantee shall not enter any subgrant or subcontract in connection with its obligations under this Agreement without the prior written approval of the State. Upon request, Grantee shall submit to the Department a copy of each such subgrant or subcontract.

C. Binding Effect: Except as otherwise provided, all provisions of this Agreement, including the benefits and burdens, shall extend to and be binding upon the Parties' respective successors and assigns.

D. Authority: Each Party represents and warrants to the other that the execution and delivery of this Agreement and the performance of such Party's obligations have been duly authorized.

E. Captions and References: The captions and headings in this Agreement are for the convenience of reference only and shall not be used to interpret, define, or limit its provisions. All references in this Agreement to sections (whether spelled out or using the § symbol), subsections, exhibits, or other attachments are references to sections, subsections, exhibits, or other attachments contained herein or incorporated as a part hereof, unless otherwise noted.

F. Counterparts: This Agreement may be executed in multiple, identical, original counterparts, each of which shall be deemed to be an original, but all of which, taken together, shall constitute the same agreement.

G. Digital Signatures: If any signatory signs this agreement using a digital signature in accordance with the State Policies regarding the use of digital signatures, then any agreement or consent to use digital signatures within the electronic system through which that signatory signed shall be incorporated into this Agreement by reference.

H. Modification: Except as otherwise provided in this Agreement, any modification to this Agreement shall only be effective if agreed to in a formal amendment, properly executed and approved in accordance with applicable New Mexico law and State fiscal policies and rules.

Docusign Envelope ID: B69E7954-A830-4D78-AF50-806A2ADA6A8E

Modifications permitted under this Agreement, other than Agreement amendments, shall conform to the policies issued by the State.

I. Statutes, Regulations, Fiscal Rules, and Other Authority: Any reference in this Agreement to a statute, regulation, policy, or other authority shall be interpreted to refer to such authority then current, as may have been changed or amended after the Effective Date of this Agreement.

J. External Terms and Conditions: Notwithstanding anything to the contrary herein, the State shall not be subject to any provision included in any terms, conditions, or agreements appearing on Grantee's or a subcontractor's website or any provision incorporated into any click-through or online agreements related to the Work unless that provision is specifically referenced in this Agreement.

K. Severability: The invalidity or unenforceability of any provision of this Agreement shall not affect the validity or enforceability of any other provision of this Agreement, which shall remain in full force and effect, provided that the Parties can continue to perform their obligations under this Agreement in accordance with its intent.

L. Survival of Certain Agreement Terms: Any provision of this Agreement that imposes an obligation on a Party after the termination or expiration of this Agreement shall survive the termination or expiration of this Agreement and shall be enforceable by the other Party.

M. Third Party Beneficiaries: Except for the Parties' respective successors and assigns described in this Agreement, it does not and is not intended to confer any rights or remedies upon any person or entity other than the Parties. Enforcement of this Agreement and all rights and obligations hereunder are reserved solely to the Parties. Any services or benefits that third parties receive as a result of this Agreement are incidental to this Agreement and do not create any rights for such third parties.

N. Waiver: A Party's failure or delay in exercising any right, power, or privilege under this Agreement, whether explicit or by lack of enforcement, shall not operate as a waiver, nor shall any single or partial exercise of any right, power, or privilege preclude any other or further exercise of such right, power, or privilege.

O. Standard and Manner of Performance: Grantee shall perform its obligations under this Agreement in accordance with the highest standards of care, skill, and diligence in Grantee's industry, trade, or profession.

P. Licenses, Permits, and Other Authorizations: Grantee shall secure, prior to the Effective Date, and maintain at all times during the term of this Agreement, at its sole expense, all licenses, certifications, permits, and other authorizations required to perform its obligations under this Agreement and shall ensure that all employees, agents, and subcontractors secure and maintain at all times during the term of their employment, agency or subcontractor, all license, certifications, permits and other authorizations required to perform their obligations in relation to this Agreement.

Q. Publicity: Any Publicity regarding the subject matter of this Agreement may not be released without prior written approval from the Department. For purposes of this agreement, "**Publicity**"

Docusign Envelope ID: B69E7954-A830-4D78-AF50-806A2ADA6A8E

means notices, informational pamphlets, press releases, email responses, research, reports, signs, and similar public notices prepared by or for the Grantee or jointly with others.

a. Grantee shall obtain written approval prior to issuing any press release or making any public announcement regarding this agreement. Grantee agrees to obtain approval of the Department in advance with respect to all Public Relations, all communications with media, or all communications with any other member of the public with respect to this agreement, except to acknowledge that an agreement does exist.
b. For purposes of this agreement, "Public Relations" includes community relations and means those activities dedicated to maintaining the Department's image or maintaining or promoting understanding and favorable relations with the community or public at large or any segment of the public.
c. Violations of either Article XX (Q)(a) or (b) shall constitute a material Breach of Agreement.

R. Data Sharing: The State intends to secure and collate specific data generated by Grantee under this Agreement to use in support of the State's organizational, policy-making, and management of public resource functions. State, in accordance with **Exhibit E**, attached hereto and incorporated herein by reference, reserves the right to require Grantee and/or its subcontractors to provide specific data relevant to the above-listed functions. Data provided by Grantee may be incorporated into existing or future developed State integrated analysis tools or databases, including but not limited to geographic information system (GIS) networks and databases accessible by the public. Dissemination of data collected may include historical data and projections based on such historical data.

a. To the extent any data transferred as part of this Agreement is legally determined to be the property of Subrecipient or its subcontractors, Subrecipient and/or its subcontractors grants State a nonexclusive, fully paid-up right and license to reproduce, use, distribute, do derivative works based on, and archive data transferred as part of this Agreement.

S. Venue and Choice of Law: This Agreement shall be governed by and construed in accordance with the laws of the State of New Mexico, without regard to any conflict of law provisions. Any legal suit, action, or proceeding arising out of or related to this Agreement shall be instituted exclusively in the district courts located in Santa Fe, New Mexico. The Parties hereby irrevocably submit to the exclusive jurisdiction and venue of such courts in any such suit, action, or proceeding. The Parties waive any objection to the laying of the venue of any such suit, action, or proceeding in the district courts of Santa Fe, New Mexico, and irrevocably waive and agree not to plead or claim in any such court that any such suit, action, or proceeding brought in any such court has been brought in an inconvenient forum.

EXHIBIT C

Special Conditions (If Fiscal Agent Required or Anti Donations Issues Exist)

OPTIONAL EXHIBIT C
SPECIAL CONDITIONS

The capital outlay oversight requires grantees' accounting methods and procedures, including their internal control framework, to be scrutinized, so as to safeguard State capital outlay appropriations and assets acquired with such appropriations.

This Capital Outlay Special Grant Condition(s) **Exhibit C** is necessary pursuant to § 6-3b-1 et seq., NMSA 1978 (Public Finance Accountability Act) and MAPS Fin 9.2, due to the Grantees' material weaknesses, significant deficiencies, or findings that raised concerns as to the ability to expend grant funds in accordance with applicable law in the organization's FY[20XX] audit. The Special Conditions identified below apply to the authorized agent, [insert the Grantee or Fiscal Agent name].

Procurement - All purchases or contracts the Grantee enters that shall use funding from the Department capital appropriations grant must be approved by the Department prior to the initiation of implementing purchasing documents. The Grantee shall receive such prior approval via official correspondence from the Department, which may be through letter or email. The Grantee shall submit the following to the Department in pursuit of prior approval: purchasing policies and procedures, CFO certification, documentation of management and program approval, policies and procedures governing purchasing and contracting, a copy of the current procurement and contracting policies, and documentation regarding informing staff responsible for purchasing and contracting on such policies and procedures.

Budget - Provide documentation of approval of your current budget from DFA Local Government or other authoritative agency. Provide policies and procedures on who is responsible for and how annual budgets (expenditures and revenue) are established, monitored and adjusted. Provide a corrective action plan on how budget issues identified in your audit will be/have been addressed. Also include documentation on how staff responsible for budgeting is informed on budget policies and procedures.

Capital Assets - Provide a complete list of inventory including inventory control numbers and current location. Provide policies and procedures on capital assets and inventory and specify how the proposed purchased items will be included, tagged, and tracked in capital asset inventory. Also include documentation on how staff responsible for capital assets is informed on capital asset policies and procedures.

Travel and Per Diem - Provide policies and procedures on travel and per diem. Also include how staff who travel and those responsible for travel reimbursement are informed on travel and per diem policies and procedures.

Timely Audits – Provide policies and procedures on annual audits. Provide documentation on how and who is responsible for insuring that annual audits are completed timely. Also include documentation on how staff responsible for the annual audit is informed on audit policies and procedures.

Cash Management – policies and procedures on cash management of federal funds. Provide procedures used to draw and disburse federal funds. Provide procedures to reconcile draw amounts, deposits and disbursements; and to prepare federal cash reporting documents to ensure compliance with federal regulations.

The <Grantee> was required to, and has provided sufficient documentation regarding [insert specific names of the Special Condition(s)], as referenced in the <Grantee>'s [20XX] Audit file. Therefore, the criteria to enter into this agreement have been met.

Exhibit E

Data Sharing Provisions for New Mexico Capital Outlay Agreements

I. Introduction:

This Data Sharing Provisions Exhibit ("Exhibit") is incorporated into the New Mexico Capital Outlay Agreements ("Agreements") between the State of New Mexico ("State") and [Insert Partner Name] ("Partner"). This Exhibit outlines the terms and conditions under which data will be shared between the Parties to ensure compliance with New Mexico state laws and regulations, focusing on data privacy, security, and compliance.

II. Definitions:

a. Authorized User: An employee, agent, assign, representative, independent contractor, or other person or entity authorized by Partner or State to access, use, or disclose information through this exhibit.

b. Confidential Information: All data or information shared in confidence, with the expectation that it will not be disclosed in an identifiable form. This includes data that is exempt from public disclosure under the New Mexico Inspection of Public Records Act (§ 14-2-1 et seq. NMSA 1978) or other relevant laws.

c. Data Storage: Electronic media that hold recorded information.

d. Data Transmission: The process of moving information over a network from its source to one or more destinations.

e. Direct Identifier: Records or data containing personal identifiers such as names, addresses, and social security numbers.

f. Disclosure: Permission to access, release, transfer, or otherwise communicate confidential information by any means to any third party, except as authorized by the Party that controls the record.

g. Encryption involves using algorithms to encode data, rendering it unreadable without a specific key. It may be necessary during data transmission and/or storage.

h. Information: Any data, figures, statistics, or other facts provided or learned about someone or something, including Confidential Information, that may be legally transmitted under this Exhibit.

i. Limited Dataset: A data file that omits Direct Identifiers.

j. Protected Personally Identifiable Information: Sensitive personal details such as social security numbers and financial account numbers, with specific exclusions as outlined in the Agreements.

III. Purpose:

The purpose of this exhibit is to promote transparency, facilitate information sharing between the parties, support better policy and decision-making, and enhance public services through collaborative

[THIS SPACE LEFT BLANK INTENTIONALLY]

Docusign Envelope ID: B69E7954-A830-4D78-AF50-806A2ADA6A8E

data analysis from various sources.

IV. Use of Information:

a. Use of Information obtained or created under this exhibit shall be strictly limited to the purposes stated herein and in the agreements. The parties agree not to sell Information to third parties or use it for commercial, solicitation, or political purposes.

b. Each Party shall serve as the custodian of the Information and comply with all conditions for its use, including security measures to prevent unauthorized access.

c. The Parties shall follow all relevant federal and state laws and regulations governing the use of such Information.

V. Safeguarding Information:

a. Confidentiality: Access to Confidential Information shall be limited to the minimum necessary to accomplish the purposes of this Exhibit. Authorized Users must adhere to the confidentiality requirements.

b. Security: Security practices shall comply with the requirements of the New Mexico Department of Information Technology Act and related regulations. The Parties agree to notify each other within three business days of any suspected or actual security breach.

c. Information Storage and Transmission: Data Storage and Transmission shall take place on an encrypted server with appropriate security controls.

VI. Re-Disclosure of Information:

The Parties agree not to disclose Information except as required by law or with prior written approval of the other Party. If there is a public records request, the Party receiving it shall notify the other Party within three business days.

VII. Ownership of Information:

Legal title to Information shall remain with the provider. The Partner grants the State a royalty-free, non-exclusive, non-transferable license to use the Information in furtherance of the purposes outlined in this Exhibit.

Form **W-9**
(Rev. March 2024)
Department of the Treasury
Internal Revenue Service

Request for Taxpayer Identification Number and Certification

Go to *www.irs.gov/FormW9* for instructions and the latest information.

Give form to the requester. Do not send to the IRS.

Before you begin. For guidance related to the purpose of Form W-9, see *Purpose of Form*, below.

Print or type. See *Specific Instructions* on page 3.

1 Name of entity/individual. An entry is required. (For a sole proprietor or disregarded entity, enter the owner's name on line 1, and enter the business/disregarded entity's name on line 2.)

411 Equipment LLC

2 Business name/disregarded entity name, if different from above.

3a Check the appropriate box for federal tax classification of the entity/individual whose name is entered on line 1. Check only **one** of the following seven boxes.

☐ Individual/sole proprietor ☐ C corporation ☐ S corporation ☐ Partnership ☐ Trust/estate

☑ LLC. Enter the tax classification (C = C corporation, S = S corporation, P = Partnership) . . . . S

Note: Check the "LLC" box above and, in the entry space, enter the appropriate code (C, S, or P) for the tax classification of the LLC, unless it is a disregarded entity. A disregarded entity should instead check the appropriate box for the tax classification of its owner.

☐ Other (see instructions)

4 Exemptions (codes apply only to certain entities, not individuals; see instructions on page 3):

Exempt payee code (if any)

Exemption from Foreign Account Tax Compliance Act (FATCA) reporting code (if any)

(Applies to accounts maintained outside the United States.)

3b If on line 3a you checked "Partnership" or "Trust/estate," or checked "LLC" and entered "P" as its tax classification, and you are providing this form to a partnership, trust, or estate in which you have an ownership interest, check this box if you have any foreign partners, owners, or beneficiaries. See instructions . . . . . ☐

5 Address (number, street, and apt. or suite no.). See instructions.

7324 4th St NW

Requester's name and address (optional)

6 City, state, and ZIP code

Los Ranchos, NM 87107-6626

7 List account number(s) here (optional)

Part I Taxpayer Identification Number (TIN)

Enter your TIN in the appropriate box. The TIN provided must match the name given on line 1 to avoid backup withholding. For individuals, this is generally your social security number (SSN). However, for a resident alien, sole proprietor, or disregarded entity, see the instructions for Part I, later. For other entities, it is your employer identification number (EIN). If you do not have a number, see *How to get a TIN*, later.

Note: If the account is in more than one name, see the instructions for line 1. See also *What Name and Number To Give the Requester* for guidelines on whose number to enter.

Social security number

			–			–				

or

Employer identification number

8	4	–	2	0	7	8	0	9	8

Part II Certification

Under penalties of perjury, I certify that:

1. The number shown on this form is my correct taxpayer identification number (or I am waiting for a number to be issued to me); and
2. I am not subject to backup withholding because (a) I am exempt from backup withholding, or (b) I have not been notified by the Internal Revenue Service (IRS) that I am subject to backup withholding as a result of a failure to report all interest or dividends, or (c) the IRS has notified me that I am no longer subject to backup withholding; and
3. I am a U.S. citizen or other U.S. person (defined below); and
4. The FATCA code(s) entered on this form (if any) indicating that I am exempt from FATCA reporting is correct.

Certification instructions. You must cross out item 2 above if you have been notified by the IRS that you are currently subject to backup withholding because you have failed to report all interest and dividends on your tax return. For real estate transactions, item 2 does not apply. For mortgage interest paid, acquisition or abandonment of secured property, cancellation of debt, contributions to an individual retirement arrangement (IRA), and, generally, payments other than interest and dividends, you are not required to sign the certification, but you must provide your correct TIN. See the instructions for Part II, later.

Sign Here | **Signature of U.S. person** Shantel Nera **Date** 10-02-25

General Instructions

Section references are to the Internal Revenue Code unless otherwise noted.

Future developments. For the latest information about developments related to Form W-9 and its instructions, such as legislation enacted after they were published, go to *www.irs.gov/FormW9*.

What's New

Line 3a has been modified to clarify how a disregarded entity completes this line. An LLC that is a disregarded entity should check the appropriate box for the tax classification of its owner. Otherwise, it should check the "LLC" box and enter its appropriate tax classification.

New line 3b has been added to this form. A flow-through entity is required to complete this line to indicate that it has direct or indirect foreign partners, owners, or beneficiaries when it provides the Form W-9 to another flow-through entity in which it has an ownership interest. This change is intended to provide a flow-through entity with information regarding the status of its indirect foreign partners, owners, or beneficiaries, so that it can satisfy any applicable reporting requirements. For example, a partnership that has any indirect foreign partners may be required to complete Schedules K-2 and K-3. See the Partnership Instructions for Schedules K-2 and K-3 (Form 1065).

Purpose of Form

An individual or entity (Form W-9 requester) who is required to file an information return with the IRS is giving you this form because they

CITY OF SANTA FE

The Purchasing Memo

Date: January 5, 2026

To: Governing Body, Finance Committee, and Public Works & Utilities Committee

From: Mario Risso, Assistant Chief MR

Via: Scott Ouderkirk, Interim Fire Chief SCOTT OUDERKIRK

Subject: Inter-Governmental Transfer of Funds to Health Care Authority CY26

Vendor Name: Health Care Authority

Munis Vendor Number: 11103

ITEM AND ISSUE:

Fire Department requests approval to enter a Memorandum of Agreement with the NM Health Care Authority to facilitate an Inter-Governmental Transfer (IGT) of funds. This for the purpose of participation in the NM Ambulance Supplemental Payment Program.

Fire Department requests approval for a payment in total amount of 1,122,045.55 as an Inter-Governmental Transfer (IGT) for a one-year term, Calendar Year 2026. The IGTs will be invoiced and paid quarterly as detailed in MOA 26-630-80000-0004 to New Mexico Health Care Authority (HCA).

CONTRACT NUMBER:

The FY26 contract number is TBD.

BACKGROUND AND SUMMARY:

The Fire Department has been an early adopter of a program now approved for government operated ambulance services to participate in a supplemental payment program from Medicaid. The City pays the IGT of $1,122,045.55 to HCA. HCA applies the funds as a grant share to draw down supplemental payment from Medicaid.

Subject: Re: Determination request

Hi Travis,

Following up on this determination request. Today I received the *approved to form* Grant Agreement back from the City Attorney's office. I'm putting the packet together and need this determination to include in the packet. It's imperative that this Fire Department item be added to the agendas for January 2026 Committee Review. The vendor needed all signed MOAs by 12/31/2026 (we were permitted an extension...). Collection of all signed MOAs allows for timely IGT invoicing before supplemental payments are disbursed. Please expedite this request in order for me to submit for internal City signature routing before the committee review deadline. Appreciate you ---toniette

Subject: Determination request

Good morning Sir,
I'm requesting a determination for *Round 4* term (covers period Jan-Jun 2026) to a Memorandum of Agreement (MOA) that establishes an Intergovernmental Transfer (IGT) to NM Healthcare Authority. The MOA will allow Fire Department to participate in the NM Ambulance Supplemental Payment Program to recover costs of emergency response from Medicaid. Let me know if you need anything else.

Respectfully,

Toniette Candelaria Martinez

MEMORANDUM OF AGREEMENT

THIS MEMORANDUM OF AGREEMENT (MOA) constitutes an agreement between the **New Mexico Health Care Authority (HCA),** and **City of Santa Fe Fire Department** collectively referred to as the "Parties," regarding the implementation of Ambulance Supplemental Payment Program (ASPP). The ASPP is approved and administered in accordance with Centers for Medicaid Services (CMS) managed care regulations, 42 C.F.R. § 438 regarding State-Directed Payments. See SDP Identifier NM_Fee_Oth_Renewal_20260101-20261231.

I. DEFINITIONS

A. Intergovernmental Transfers or IGTs means transfers of funds from a non-Medicaid governmental entity (e.g., counties, hospital taxing districts, providers operated by state or local government) to the Medicaid agency. IGTs must be compliant with 42 CFR Part 433, Subpart B. In this MOA, the "IGT Provider" is the City of Santa Fe. The IGT Provider must comply with applicable provisions of 42 CFR Part 433, Subpart B.

B. Medicaid means the medical assistance program authorized by Title XIX of the Social Security Act, 42 U.S.C. §§ 1396 et seq., and regulations, as administered in New Mexico by the Agency. In this MOA the "Agency" is HCA.

C. CMS means Centers for Medicaid Services.

D. EGAS means Emergency Ground Ambulance Services.

E. MCO means Managed Care Organization, New Mexico Medicaid Managed Care or Turquoise Care.

F. MMIS means Medicaid Management Information System.

II. GENERAL PROVISIONS

A. The IGT Provider and the Agency agree that the IGT Provider will remit IGT funds to the Agency in an amount not to exceed $1,122,045.55. The IGT Provider and the Agency have agreed that these IGT funds will only be used for the ASPP. Schedule of IGT provider transfers for CY26:

Amount of Transfer	Period Involved	Date of Transfer
$280,511.38	Jan 1 – Mar 31, 2026	April 30, 2026
$280,511.39	Apr 1 – June 30,2026	July 30, 2026
$280,511.39	Jul 1 – Sept 30, 2026	October 31, 2026
$280,511.39	Oct 1 – Dec 31, 2026	January 31, 2027

B. The IGT Provider will sign and return this MOA to the Agency.

C. The IGT Provider will pay IGT funds to the Agency in an amount not to exceed $1,122,045.55. The IGT Provider will transfer payments to the Agency in the following manner:
   i. The Agency will bill the IGT Provider when payment is due.
   ii. The IGT Provider and the Agency agree that the Agency will maintain necessary records and supporting documentation applicable to health services covered by this MOA in accordance with public records laws and established retention schedules.

D. ASPP EGAS providers will be paid a supplemental payment on a quarterly basis tied to MMIS claims data utilization. Supplemental payments will be based on the calculated average cost per transport, derived from the required annual cost reports submitted by ASPP EGAS providers for the prior year.

E. ASPP EGAS providers will fund the state share in the form of IGTs. Each provider will have a fully executed Memorandum of Agreement consenting to the terms of the IGTs.

F. Upon CMS approval, supplemental payments will be distributed retroactively to January 1, 2026, effective date, then on a quarterly cadence.

III. AUDITS AND RECORDS

A. IGT Provider agrees to maintain books, records, and documents (including electronic storage media) pertinent to performance under this MOA in accordance with generally accepted accounting procedures and practices, which sufficiently and properly reflect all revenues and expenditures of funds provided.

B. IGT Provider agrees to assure that these records shall be subject at all reasonable times to inspection, review, or audit by state personnel and other personnel duly authorized by the Agency, as well as by federal personnel, if applicable.

C. IGT Provider agrees to comply with applicable public record inspection and retention laws for public records related to this MOA.

IV. RETENTION OF RECORDS

A. The IGT Provider agrees to retain all financial records, supporting documents, statistical records, and any other documents (including electronic storage media) pertinent to performance under this MOA for a period of six years after termination of this MOA, or if an audit has been initiated and audit findings have not been resolved at the end of six years, the records shall be retained until resolution of the audit findings.

B. Persons duly authorized by the Agency and federal auditors will have full access to and the right to examine any records and documents arising from this MOA. The rights of access in this section will not be limited to the required retention period but will last as long as the records are retained. IGT Provider agrees to permit persons duly authorized by the Agency to inspect any records, papers, and documents of the IGT Provider which are relevant to this MOA.

V. ASSIGNMENT AND SUBCONTRACTS

The IGT Provider agrees to neither assign the responsibility of this MOA to another party nor subcontract for any of the work contemplated under this MOA without prior written approval of the Agency. No approval by the Agency of any assignment or subcontract will be deemed in any event or in any manner to provide for the incurrence of any obligation of the Agency in addition to the total dollar amount agreed upon in this MOA. All assignments or subcontracts shall be subject to the conditions of this MOA and to any conditions of approval that the Agency shall deem necessary.

VI. AMENDMENT

This MOA may only be amended upon a written instrument signed by the parties.

VII. ASSURANCES

A. IGT Provider confirms that there are no pre-arranged agreements (contractual or otherwise) between the respective counties, taxing districts, and/or the providers to re-direct any portion of these aforementioned supplemental payments in order to satisfy non-Medicaid, non- uninsured, and non-underinsured activities.

B. IGT Provider agrees the following provision will be included in any agreements between the IGT Provider and local providers where IGT funding is provided pursuant to this MOA:

> *Funding provided in this agreement will be prioritized so that designated IGT funding must first be used to fund the Medicaid program and used secondarily for other purposes.*

VIII. TERM

A. The duties under this MOA will be performed from January 1, 2026, through December 31, 2026, and this MOA terminates June 30, 2027, which includes the states certified forward period.

B. This MOA may be executed in multiple counterparts, each of which will constitute an original, and each of which will be fully binding on the party signing at least one counterpart.

Local Intergovernmental Transfers	
Program / Amount	
Estimated IGTs	$1,122,045.55
Total Funding Not to Exceed	$1,122,045.55

IN WITNESS THEREOF, the parties execute this Memorandum of Agreement.

CITY OF SANTA FE

Date: December 3, 2025

To: Governing Body

From: Caryn Grosse, PMP, Public Works Project Manager III

Via: Sam Burnett, Interim Public Works Department Director
JOHN BURNETT (Dec 8, 2025 07:52:02 MST)
Tim Farrell, Interim Facilities Division Director
Timothy Farrell

Subject: On-Call Price Agreement for City-Wide Miscellaneous Construction Services

Vendor Name: Enviroworks LLC

Vendor Number: 8274

ACTION:
Request for Approval of an On-Call Price Agreement with Enviroworks LLC in the Total Amount of $10,000,000 Including NMGRT for City-Wide Miscellaneous Construction Services for a Term of 10 Years. (Caryn Grosse, Public Works Project Manager III, clgrosse@santafenm.gov)

CONTRACT NUMBER:
The FY26 Munis Contract Number is 3260206.

BACKGROUND AND SUMMARY:
The Public Works Department Facilities Division uses on-call services to augment the skills, licensure, and capacity of staff to address facility issues and emergencies in a timely, safe, and compliant manner. The Facilities Division typically maintains on-call contracts for general contracting, mechanical, electrical, plumbing, roofing, remediation, and landscaping services.

In accordance with the Invitation to Bid (ITB No. 25163) for On-Call City-Wide Miscellaneous Construction Services, multiple responsive vendors were selected for contracts based on lowest bidder and performance criteria: AnchorBuilt Inc., B&D Industries Inc., Davenport Construction Management LLC, Enviroworks LLC, JDR & Associates, LLR Construction LLC, and Unified Contractor, Inc. Enviroworks LLC has provided services throughout the City and has proven to be cost-effective, reliable, and capable of consistently providing high quality results.

On-call contracts are not a guarantee of payment. These contracts are only used, and purchase orders issued, as needs arise and funding is available. The $10,000,000 (including 8.1875% NMGRT) maximum for this contract is based on the historical and anticipated needs across the City over the next ten years.

CITY OF SANTA FE

ON-CALL PRICE AGREEMENT

CONSTRUCTION CONTRACT

City-Wide Miscellaneous Construction Services

THIS CONTRACT is made and entered into by and between the City of Santa Fe, New Mexico, hereinafter referred to as the "City," and **Enviroworks LLC**, hereinafter referred to as the "Contractor," and is effective as of the date set forth below upon which it is executed by the Parties.

RECITALS

WHEREAS, the City, through its Governing Body, is authorized to enter into an On-Call Price Agreement for the project; and

WHEREAS, the City has procured this Contract according to the established State and Local Purchasing procedures for contracts of the type and amount; and

The City and the Contractor hereby agree as follows:

1. Scope of Work

A. The Contractor shall perform the following work in accordance with their Bid Pricing, attached hereto and made a part thereof, as Exhibit A:

1. This work shall include Miscellaneous General Contracting work for the City of Santa Fe.
2. The Contractor shall be required to provide On-Call Miscellaneous Construction Services for any number of the activities listed under this Scope of Work upon the request of the City. Once a need is identified, the City's Engineers, Project Managers, and Project Administrators (collectively "Project Manager") may issue Task Orders for items described herein. The terms and conditions shall be incorporated in each Task Order issued hereunder. Once a need is identified, the Project Manager will issue a written Task Order to the Contractor detailing the services required. Upon receiving the Task Order, the Contractor shall promptly provide the Project Manager with an estimate, based upon the rates included in their ITB, a cost summary, and a proposed schedule required to complete the assignment or task. Project schedules, negotiated price, and completion dates shall be determined on project-by-project basis and dependent upon the urgency of that task. The Contractor may be required to do some of the work in phases. The City's Project Manager

may issue a Notice to Proceed by signing the Notice after the task price and schedule are finalized by the Contractor, subject to the exception in Article 1(A)(3) below. The Contractor shall be required to provide the requested labor and all equipment and materials within one week of a request issuance of a Notice to Proceed unless otherwise arranged. The Contractor shall agree to provide required labor within 24 hours for emergency situations whenever possible. The Contractor shall not perform any work without a Notice to Proceed signed by the Project Manager, and the City shall not pay for any work performed without a signed Notice to Proceed.

3. If a Task Order does not specify which City division is issuing the Task Order, Contractor shall enquire before acting on a Notice to Proceed. For any City division other than the Public Works Facilities Division the Notice to Proceed is effective only if written approval of the scope of work from the Facilities Division Director is attached.

4. Contractor is responsible for all required permits, licenses, and inspections required to perform this work, and shall comply with applicable municipal, county, state, and federal requirements. Contractor shall be responsible for verification of all existing conditions, measurements, dimensions, adherence to the Contract Documents, Construction Documents, Specifications, and approved directives.

B. Distribution:

City:	Contractor:
Caryn Grosse, PMP Project Manager III City of Santa Fe Facilities Division 2651 Siringo Road, Building E Santa Fe, NM 87505-5229	Matt Kingsley Operations Manager Enviroworks LLC PO Box 340 Edgewood, NM 87015

C. Price Adjustments:

The awarded vendor shall maintain fixed pricing for each year of this contract, defined as twelve (12) months starting on and including the Effective Date. Pricing may be adjusted no more than once annually to commercially reasonable rates through an amendment to the price list attached as Exhibit A signed by Contractor and the City's Director of Public Works. Amendments to Exhibit A do not alter Contractor's maximum total compensation pursuant to Article 2 (Compensation) below. The Contractor must submit all pricing increase requests in writing to the City of Santa Fe designated department contact, providing evidence that the request is based on demonstrable market changes impacting the cost of products and services. The request must itemize all proposed changes by line item and include supporting documentation deemed acceptable by the City of Santa Fe (such as a letter from a manufacturer indicating price increases, etc.). The City's decision on acceptable documentation in this context shall be final and binding upon all parties to the contract. No price increase shall result in a higher profit margin. Pricing changes will apply to orders entered on or after the effective date of the price change. Price increases will not be retroactive to purchase orders already issued. Orders will be filled at the price indicated in the purchase order issued by the City.

To facilitate prompt consideration, all requests for price increases must include the following information:

i. Contract Item Number

ii. Current Item Price
iii. Proposed New Price
iv. Percentage of Increase
v. Mill/Supplier Notification of price increase indicating percentage of increase and including the reason for the increase.

2. ITB Compensation

A. Payment. The City shall compensate the Contractor based on Task Orders and the itemized amounts specified in Exhibit A. For the services described in the scope of work, the City will pay the Contractor up to, but not to exceed, $10,000,000.00. The applicable gross receipts tax (8.1875%) shall be shown as a separate amount on each billing or request for payment made under the contract, consistent with NMSA 1978, Section 13-1-108.

B. The compensation represents a maximum amount. The Contractor must notify the City when the Services provided under this Contract approach 90% of compensation total. Services rendered beyond the maximum compensation amount will not be reimbursed unless the Contract is amended in writing prior to the provision of such services.

C. Invoicing and Payment Terms Payment will be made upon the City's acceptance of deliverables and receipt of a detailed, certified invoice from the Contractor. Payments will be sent to the Contractor's designated address. The City shall issue payment in accordance with the timelines required by law. Invoices must be submitted no later than fifteen (15) days after the Contract's termination. Late invoices will not be processed or paid.

D. Extended Payment Terms for Grant-Funded Contracts. For grant-funded agreements, the City may issue payment within forty-five (45) days following submission of an undisputed payment request.

3. Term

THIS CONTRACT SHALL NOT BECOME EFFECTIVE UNTIL APPROVED BY THE CITY. This Contract shall terminate ten (10) years from date of final signature unless terminated pursuant to Paragraph 4 (Termination) or Paragraph 5 (Appropriations). A contract for construction services may not exceed ten (10) years, including all extensions and renewals, except as otherwise provided by NMSA 1978, Section 13-1-150 through 13-1-152 or SFCC 1987, Section 11-13.

4. Termination

A. Grounds. The City may terminate this Contract for convenience or cause. For contracts within their authority, the City Manager or their designee is authorized to provide the notice of termination, otherwise such notice of termination shall be provided by the Mayor or their designee as authorized by the Governing Body. The Contractor may only terminate this Contract based upon the City's uncured, material breach of this Contract.

i. Except as otherwise provided in Paragraphs 7.A and 17, the City shall give Contractor written notice of termination at least thirty (30) days prior to the

intended date of termination.

ii. Contractor shall give City written notice of termination at least thirty (30) days prior to the intended date of termination, which notice shall (i) identify all the City's material breaches of this Contract upon which the termination is based and (ii) state what the City must do to cure such material breaches. Contractor's notice of termination shall only be effective (i) if the City does not cure all material breaches within the thirty (30) day notice period or (ii) in the case of material breaches that cannot be cured within thirty (30) days, the City does not, within the thirty (30) day notice period, notify the Contractor of its intent to cure and begin with due diligence to cure the material breach.

iii. Notwithstanding the foregoing, this Contract may be terminated immediately upon written notice to the Contractor (i) if the Contractor becomes unable to perform the services contracted for, as determined by the City; (ii) if, during the term of this Contract, the Contractor is suspended or debarred by the City; or (iii) the Contract is terminated pursuant to Paragraph 5, "Appropriations," of this Contract.

B. Liability. Except as otherwise expressly allowed or provided under this Contract, the City's sole liability upon termination shall be to pay for acceptable work performed prior to the Contractor's receipt or issuance of a notice of termination; provided, however, that a notice of termination shall not nullify or otherwise affect either party's liability for pre-termination defaults under or breaches of this Contract. The Contractor shall submit an invoice for such work within thirty (30) days of receiving or sending the notice of termination. *THIS PROVISION IS NOT EXCLUSIVE AND DOES NOT WAIVE THE CITY'S OTHER LEGAL RIGHTS AND REMEDIES CAUSED BY THE CONTRACTOR'S DEFAULT/BREACH OF THIS CONTRACT.*

5. Appropriations

The terms of this Contract are contingent upon sufficient appropriations and authorization being made by the Governing Body for the performance of this Contract. If sufficient appropriations and authorization are not made by the Governing Body, this Contract shall terminate immediately upon written notice being given by the City to the Contractor. The City's decision as to whether sufficient appropriations are available shall be accepted by the Contractor and shall be final. If the City proposes an amendment to the Contract to unilaterally reduce funding, the Contractor shall have the option to terminate the Contract or to agree to the reduced funding, within thirty (30) days of receipt of the proposed amendment.

6. Status of Contractor

The Contractor and its agents and employees are independent contractors performing construction services for the City and are not employees of the City. The Contractor and its agents and employees shall not accrue leave, retirement, insurance, bonding, use of City vehicles, or any other benefits afforded to employees of the City as a result of this Contract. The Contractor acknowledges that all sums received hereunder are reportable by the Contractor for tax purposes, including without limitation, self-employment and business income tax. The Contractor agrees not to purport to bind the City unless the Contractor has express written authority to do so, and then only within the strict limits of that authority.

7. On-Call Price Agreement Performance and Payment Bond

A. When a Task Order is issued in excess of twenty-five thousand dollars ($25,000), the following bonds or security shall be delivered to the City and shall become binding on the parties upon the execution of the contract. If the Contractor fails to deliver the required performance and payment bonds, the Contractor's bid shall be rejected, its bid security shall be enforced to the extent of actual damages. Award of the Task Order via Notice to Proceed shall be made pursuant to the Procurement Code in the following manner:

i. a performance bond satisfactory to the City, executed by a surety company authorized to do business in this state and said surety to be approved in federal circular 570 as published by the United States treasury department or the state board of finance or the local governing authority, in an amount equal to one hundred percent of the price specified in the contract; and

ii. a payment bond satisfactory to the City, executed by a surety company authorized to do business in this state and said surety to be approved in federal circular 570 as published by the United States treasury department or the state board of finance or the local governing authority, in an amount equal to one hundred percent of the price specified in the contract, for the protection of all persons supplying labor and material to the contractor or its subcontractors for the performance of the work provided for in the contract.

B. A subcontractor shall provide a performance and payment bond on a public works building project if the subcontractor's contract for work to be performed on a project is one hundred twenty-five thousand dollars ($125,000) or more.

8. Assignment

The Contractor shall not assign or transfer any interest in this Contract or assign any claims for money due or to become due under this Contract without the prior written approval of the City.

9. Subcontracting

The Contractor shall not subcontract any portion of the services to be performed under this Contract without the prior written approval of the City. No such subcontract shall relieve the primary Contractor from its obligations and liabilities under this Contract, nor shall any subcontract obligate direct payment from the City.

10. Release

Final payment of the amounts due under this Contract shall operate as a release of the City, its officers and employees from all liabilities, claims and obligations whatsoever arising from or under this Contract.

11. Confidentiality

Any confidential information provided to or developed by the Contractor in the performance of this Contract shall be kept confidential and shall not be made available to any individual or organization by the Contractor without the prior written approval of the City.

12. Product of Service – Copyright

All materials developed or acquired by the Contractor under this Contract shall become the property of the City and shall be delivered to the City no later than the termination date of this Contract. Nothing developed or produced, in whole or in part, by the Contractor under this Contract shall be the subject of an application for copyright or other claim of ownership by or on behalf of the Contractor.

13. Conflict of Interest; Governmental Conduct Act

A. The Contractor represents and warrants that it presently has no interest and, during the term of this Contract, shall not acquire any interest, direct or indirect, which would conflict in any manner or degree with the performance or services required under the Contract.

B. The Contractor further represents and warrants that it has complied with, and, during the term of this Contract, will continue to comply with, and that this Contract complies with all applicable provisions of the Governmental Conduct Act, NMSA 1978, Chapter 10, Article 16.

C. Contractor's representations and warranties in Paragraphs A and B of this Article 12 are material representations of fact upon which the City relied when this Contract was entered into by the parties. Contractor shall provide immediate written notice to the City if, at any time during the term of this Contract, Contractor learns that Contractor's representations and warranties in Paragraphs A and B of this Article 12 were erroneous on the effective date of this Contract or have become erroneous by reason of new or changed circumstances. If it is later determined that Contractor's representations and warranties in Paragraphs A and B of this Article 12 were erroneous on the effective date of this Contract or have become erroneous by reason of new or changed circumstances, in addition to other remedies available to the City and notwithstanding anything in the Contract to the contrary, the City may immediately terminate the Contract.

D. All terms defined in the Governmental Conduct Act have the same meaning in this section.

14. Amendment

A. This Contract shall not be altered, changed or amended except by instrument in writing executed by the parties hereto and all other required signatories.

B. If the City proposes an amendment to the Contract to unilaterally reduce funding due to budget or other considerations, the Contractor shall, within thirty (30) days of receipt of the proposed Amendment, have the option to terminate the Contract, pursuant to the termination provisions as set forth in Article 4 herein, or to agree to the reduced funding.

15. Change Orders

A. Changes. The Contractor may only make changes or revisions within the Scope of Work as defined by Article 1 and/or Exhibit 1 after receipt of written approval by the City Manager or his/her designee. Such change may only be made to Tasks or Sub-Task as defined in the Scope of Work. Under no circumstance shall such change affect the:

i. Deliverable requirements, as outlined in the Scope of Work;
ii. Due date of any Deliverable, as outlined in the Scope of Work;
iii. Compensation of any Deliverable, as outlined in the Scope of Work;
iv. Contract compensation, as outlined in Article 2; or
v. Contract termination, as outlined in Article 4.

B. Change Request Process. In the event that circumstances warrant a change to accomplish the Scope of Work as described above, a Change Request shall be submitted that meets the following criteria:

i. The Project Manager shall draft a written Change Request for review and approval by the City Manager to include:
   (a) the name of the person requesting the change;
   (b) a summary of the required change;
   (c) the start date for the change;
   (d) the reason and necessity for change;
   (e) the elements to be altered; and
   (f) the impact of the change.

ii. The City Manager shall provide a written decision on the Change Request to the Contractor within a maximum of ten (10) Business Days of receipt of the Change Request. All decisions made by the City Manager are final. Change Requests, once approved, become a part of the Contract, and become binding as a part of the original Contract.

16. Merger

This Contract incorporates all the agreements, covenants, and understandings between the parties hereto concerning the subject matter hereof, and all such covenants, agreements and understandings have been merged into this written contract.

All terms and conditions of **ITB No. 25163** and the Contractor's response to such document(s) are incorporated herein by reference and included in the order of precedence.

No prior Agreement or understanding, oral or otherwise, of the parties or their agents shall be valid or enforceable unless embodied in this Contract.

17. Penalties for Violation of Law

NMSA 1978, Sections 13-1-28 through 13-1-199, imposes civil and criminal penalties for its violation. In addition, the New Mexico criminal statutes impose felony penalties for illegal bribes, gratuities and kickbacks.

18. Equal Opportunity Compliance

The Contractor agrees to abide by all federal and state laws and rules and regulations, and Santa Fe City Code, pertaining to equal employment opportunity. In accordance with all such laws of the State of New Mexico, the Contractor assures that no person in the United States shall, on the grounds of race, religion, color, national origin, ancestry, sex, age, physical or mental handicap, or serious medical condition, spousal affiliation, sexual orientation or gender identity, be excluded from employment with or participation in, be denied the benefits of, or be otherwise subjected to discrimination under any program or activity performed under this Contract. If Contractor is found not to be in compliance with these requirements during the life of this Contract, Contractor agrees to take appropriate steps to correct these deficiencies.

19. Applicable Law

The laws of the State of New Mexico shall govern this Contract, without giving effect to its choice of law provisions. Venue shall be proper only in a New Mexico court of competent jurisdiction in accordance with NMSA 1978, Section 38-3-2. By execution of this Contract, Contractor acknowledges and agrees to the jurisdiction of the courts of the State of New Mexico over any and all lawsuits arising under or out of any term of this Contract.

20. Workers' Compensation

The Contractor agrees to comply with state laws and rules applicable to workers compensation benefits for its employees. If the Contractor fails to comply with the Workers Compensation Act and applicable rules when required to do so, this Contract may be terminated by the City.

21. Other Insurance

If the services contemplated under this Contract will be performed on or in City facilities or property, Contractor shall maintain in force during the entire term of this Contract, the following insurance coverage(s), naming the City as additional insured.

A. **Commercial General Liability** insurance shall be written on an occurrence basis and be a broad as ISO Form CG 00 01 with limits not less than $2,000,000 per occurrence and $2,000,000 in the aggregate for claims against bodily injury, personal and advertising injury, and property damage. Said policy shall include broad form Contractual Liability coverage and be endorsed to name the City of Santa Fe their officials, officers, employees, and agents as additional insureds.

B. **Business Automobile Liability** insurance for all owned, non-owned automobiles, with a combined single limit not less than $1,000,000 per accident.

C. **Broader Coverage and Limits**. The insurance requirements under this Contract shall be the greater of (1) the minimum coverage and limits specified in this Contract, or (2) the broader coverage and maximum limits of coverage of any insurance policy or proceeds available to the Named Insured. It is agreed that these insurance requirements shall not in any way act to reduce coverage that is broader or that includes higher limits than the minimums required herein. No

representation is made that the minimum insurance requirements of this Contract are sufficient to cover the obligations of Contractor hereunder.

D. Contractor shall maintain the above insurance for the term of this Contract and name the City as an additional insured and provide for 30 days cancellation notice on any Certificate of Insurance form furnished by Contractor. Such certificate shall also specifically state the coverage provided under the policy is primary over any other valid and collectible insurance and provide a waiver of subrogation.

22. Records and Financial Audit

The Contractor shall maintain detailed time and expenditure records that indicate the date; time, nature and cost of services rendered during the Contract's term and effect and retain them for a period of three (3) years from the date of final payment under this Contract. The records shall be subject to inspection by the City. The City shall have the right to audit billings both before and after payment. Payment under this Contract shall not foreclose the right of the City to recover excessive or illegal payments

23. Indemnification

The Contractor shall indemnify, hold harmless, or insure the City, including its officers, employees or agents, against liability, claims, damages, losses or expenses, including attorney fees, only to the extent that the liability, damages, losses or costs are caused by, or arise out of, the acts or omissions of the indemnitor or its officers, employees or agents. In the event that any action, suit or proceeding related to the services performed by the Contractor or any officer, agent, employee, servant or subcontractor under this Contract is brought against the Contractor, the Contractor shall, as soon as practicable but no later than two (2) business days after it receives notice thereof, notify the legal counsel of the City.

24. New Mexico Tort Claims Act

Any liability incurred by the City of Santa Fe in connection with this Contract is subject to the immunities and limitations of the New Mexico Tort Claims Act, NMSA 1978, Section 41-4-1, et. seq., as amended. The City and its "public employees" as defined in the New Mexico Tort Claims Act, do not waive sovereign immunity, do not waive any defense and do not waive any limitation of liability pursuant to law. No provision in this Contract modifies or waives any provision of the New Mexico Tort Claims Act.

25. Invalid Term or Condition

If any term or condition of this Contract shall be held invalid or unenforceable, the remainder of this Contract shall not be affected and shall be valid and enforceable.

26. Enforcement of Contract

A party's failure to require strict performance of any provision of this Contract shall not waive or diminish that party's right thereafter to demand strict compliance with that or any other provision. No waiver by a party of any of its rights under this Contract shall be effective unless express and in writing,

and no effective waiver by a party of any of its rights shall be effective to waive any other rights.

27. Notices

Any notice required to be given to either party by this Contract shall be in writing and shall be delivered in person, by courier service or by U.S. mail, either first class or certified, return receipt requested, postage prepaid, as follows:

To the City:	**To the Contractor:**
Chief Procurement Officer purchasing@santafenm.gov PO Box 909 Santa Fe, NM 87504-0909 Caryn Grosse, PMP Project Manager III City of Santa Fe Public Works 2651 Siringo Road, Building E Santa Fe, NM 87505-5229 clgrosse@santafenm.gov (505) 955-5938	Matt Kingsley Operations Manager Enviroworks LLC PO Box 340 Edgewood, NM 87015 mkingsley@enviroworksforyou.com 980-525-9426

28. Authority

If Contractor is other than a natural person, the individual(s) signing this Contract on behalf of Contractor represents and warrants that he or she has the power and authority to bind Contractor, and that no further action, resolution, or approval from Contractor is necessary to enter into a binding contract.

29. Progress Payments

Based upon Application for Payment submitted to the City by the Contractor and Certificates for Payment issued by the City, the City shall make progress payments on account of the Contract sum to the Contractor as provided in the Contract documents for the period ending the last day of the month as follows:

Not later than twenty-one (21) days following the end of the period covered by the Application for Payment, one hundred percent (100%) of the portion of the Contract Sum properly allocable to labor, materials, and equipment incorporated in the work and one hundred percent (100%) of the portion of the Contract sum properly allocable to materials and equipment suitably stored at the site or some other location agreed upon in writing for the period covered by the Application for Payment, less the aggregate of previous payments made by the City; and upon substantial completion of the entire work, a sum sufficient to increase the total payments to one hundred percent (100%) of the Contract sum, less such amounts as the City shall determine for all incomplete work and unsettled claims as provided in the Contract documents.

30. Final Payment

Final payment, constituting the entire unpaid balance of the Contract sum, unless it is a disputed payment, shall be paid by the City to the Contractor within twenty-one (21) calendar days, after all deficiencies to the Contract document that were noted during the Substantial Completion Inspection and listed on the attachment to the Certificate of Substantial Completion have been corrected, and provided the Contract has been fully performed and a final Certificate for Payment has been issued by the City. In addition, the Contractor shall provide to the City a certified statement of Release of Lien (AIA Document G706A or approved form), Consent of Surety, Warranty from Prime Contractor, Warranties from Suppliers and Manufacturers, training sessions, equipment/operating manuals, and as-built drawings.

31. Schedule

The Contractor shall, within five (5) days after the effective date of Notice to Proceed, prepare and submit a progress schedule covering project operations for the 30-day Contract period. This progress schedule shall be of the type generally referred to as a Critical Path Method (CPM), Critical Path Schedule (CPS), and Critical Path Analysis (CPA), and other similar designations. The CPM shall be used to control the timing and sequences of the project. All work shall be done in accordance with the CPM Planning and Scheduling. A written statement of explanation shall be submitted with the progress schedule. All costs incurred by the contractor to implement the CPM shall be borne by the Contractor and are part of their Contract.

32. General and Special Provisions

A. Terms used in this Contract which are defined in the Conditions of the Contract shall have the meanings designated in those Conditions.

B. An enumeration of the Contractor's General Comprehensive Liability Insurance requirements.

C. Appears in the General Conditions of the Contract for construction. Insurance requirements are also described in the Instructions to the Bidder section of the Project Manual. Contractor shall maintain adequate insurance in at least the maximum amounts, which the City could be liable under the New Mexico Tort Claims Act and shall provide proof of such insurance coverage to the City. It is the sole responsibility of the Contractor to comply with the law.

D. This Contract shall not become effective until: (1) approved by the Governing Body; and (2) signed by all parties required to sign this Contract.

E. The Contractor shall maintain detailed time records which indicate the date, time and nature of services rendered. These records shall be subject to inspection by the City, the Department of Finance and Administration and the State Auditor. The City shall have the right to audit billings both before and after payment. Payment under this Contract shall not foreclose the right of the City to recover excessive illegal payments.

F. The Contractor warrants that the Contractor presently has no interest and shall not acquire any interest, direct or indirect, which would conflict in any manner or degree with the performance or services required under this Contract.

G. The Contractor hereby warrants that the Contractor complies with the Americans with Disabilities Act, 29 CFR 1630.

H. Gender, Singular/Plural. Words of any gender used in this Contract shall be held and construed to include any other gender, and words in the singular number shall be held to include the plural, unless the context otherwise requires.

I. Captions and Section Headings. The captions and section headings contained in this Contract are for convenience of reference only, and in no way limit, define, or enlarge the terms, scope, and conditions of this Contract.

J. Certificates and Documents Incorporated. All certificates and documentation required by the provisions of the Contract shall be attached to this Contract at the time of execution and are hereby incorporated by reference as though set forth in full in this Contract to the extent they are consistent with its conditions and terms.

K. Separability. If any clause or provision of this Contract is illegal, invalid or unenforceable under present or future laws effective during the term of this Contract, then and in that event, it is the intention of the parties hereto that the remainder of this Contract shall not be affected thereby.

L. Words and Phrases. Words, phrases, and abbreviations, which have well-known technical or trade meanings used in the Contract documents shall be used according to such recognized meaning. In the event of a conflict, the more stringent meaning shall govern.

M. Relationship of Contract Documents. The Contract Documents are complementary, and any requirement of one Contract Document shall be as binding as if required by all.

N. Pursuant to NMSA 1978, Section 13-1-191, reference is hereby made to the Criminal Laws of New Mexico (including NMSA 1978, Sections 30-14-1, 30-24-2, and 30-41-1 through 30-41-3) which prohibit bribes, kickbacks, and gratuities, violation of which constitutes a felony. Further, the Procurement Code (NMSA 1978, Sections 13-1-28 through 13-1-199) imposes civil and criminal penalties for its violation.

O. Pursuant to NMSA 1978, Section 13-4-11. Reference is hereby made to the Minimum Wage on Public Works; weekly payments; posting wage scale; withholding funds.

IN WITNESS WHEREOF, the Parties have executed this Contract as of the date of the signature by the required approval authorities below.

DESCRIPTION OF OPERATIONS / LOCATIONS / VEHICLES (ACORD 101, Additional Remarks Schedule, may be attached if more space is required)

City of Santa Fe is additional insured as required by written contract and per policy terms and conditions. Insured's Policy contains a "Blanket Additional Insured" provision that establishes the scope of Additional Insured coverage granted to Certificate Holder. Where permitted by state law, the insurer waives its right to subrogate against the certificate holder by reason of payments made under insured's policy, but only under the circumstances stated in the policy.

>
> > The Contractor shall perform the following work in accordance with their Bid Pricing, attached hereto and made a part thereof, as Exhibit A:
> > 1. This work shall include Miscellaneous General Contracting work for the City

of Santa Fe.

2. The Contractor shall be required to provide On-Call General Contracting Services for any number of the activities listed under this Scope of Work upon the request of the City. Once a need is identified, the City will issue a written Task Order to the Contractor detailing the services required. Upon receiving the City's request for services, the Contractor shall promptly provide the City with an estimate (based upon the rates submitted in the Bid Form), cost summary, and project schedule required to complete the assignment or task. Project schedules, negotiated price, and completion dates shall be determined on a project-by-project basis and dependent upon the urgency of that task. The Contractor may be required to do some of the work in phases. The Contractor shall be required to provide the requested labor and all equipment and materials within one week of a request issuance of a Notice to Proceed unless otherwise arranged. The Contractor shall agree to provide required labor within 24 hours for emergency situations whenever possible.

3. The City of Santa Fe Public Works Facilities Division shall be able to utilize this On-Call Contract as needed and as funding is available. All other City of Santa Fe staff will only be authorized to utilize this On-Call Contract with prior, written approval of the scope of work, from the Facilities Division Director, before commencing any work applicable to this On-Call Contract.

4. Contractor is responsible for all required permits and licenses required to perform this work. Contractor shall be responsible for adherence to the Contract Documents, Construction Documents, Specifications, and approved directives.

5. Contractor shall be responsible for any applicable Local, County, State and Federal requirements and permits.

6. Contractor shall be responsible for verifications of all existing conditions, measurements, and dimensions for bidding. Contractor shall be responsible for all permits, fees, and State and/or City inspections associated with their work.

Please let me know if additional information is required.
Thank you!

Best,
Elizabeth "Lisa" Kahahane, CPO

CITY OF SANTA FE

Date: December 3, 2025

To: Governing Body

From: Caryn Grosse, PMP, Public Works Project Manager III

Via: Sam Burnett, Interim Public Works Department Director JOHN BURNETT (Dec 8, 2025 07:51:22 MST)
Tim Farrell, Interim Facilities Division Director Timothy Farrell

Subject: On-Call Price Agreement for City-Wide Miscellaneous Construction Services

Vendor Name: LLR Construction LLC

Vendor Number: 10936

ACTION:
Request for Approval of an On-Call Price Agreement with LLR Construction LLC in the Total Amount of $10,000,000 Including NMGRT for City-Wide Miscellaneous Construction Services for a Term of 10 Years. (Caryn Grosse, Public Works Project Manager III, clgrosse@santafenm.gov)

CONTRACT NUMBER:
The FY26 Munis Contract Number is 3260211.

BACKGROUND AND SUMMARY:
The Public Works Department Facilities Division uses on-call services to augment the skills, licensure, and capacity of staff to address facility issues and emergencies in a timely, safe, and compliant manner. The Facilities Division typically maintains on-call contracts for general contracting, mechanical, electrical, plumbing, roofing, remediation, and landscaping services.

In accordance with the Invitation to Bid (ITB No. 25163) for On-Call City-Wide Miscellaneous Construction Services, multiple responsive vendors were selected for contracts based on lowest bidder and performance criteria: AnchorBuilt Inc., B&D Industries Inc., Davenport Construction Management LLC, Enviroworks LLC, JDR & Associates, LLR Construction LLC, and Unified Contractor, Inc. This is the City's first construction contract with LLR Construction.

On-call contracts are not a guarantee of payment. These contracts are only used, and purchase orders issued, as needs arise and funding is available. The $10,000,000 (including 8.1875% NMGRT) maximum for this contract is based on the historical and anticipated needs across the City over the next ten years.

CITY OF SANTA FE

ON-CALL PRICE AGREEMENT

CONSTRUCTION CONTRACT

City-Wide Miscellaneous Construction Services

THIS CONTRACT is made and entered into by and between the City of Santa Fe, New Mexico, hereinafter referred to as the "City," and **LLR Construction**, hereinafter referred to as the "Contractor," and is effective as of the date set forth below upon which it is executed by the Parties.

RECITALS

WHEREAS, the City, through its Governing Body, is authorized to enter into an On-Call Price Agreement for the project; and

WHEREAS, the City has procured this Contract according to the established State and Local Purchasing procedures for contracts of the type and amount; and

The City and the Contractor hereby agree as follows:

1. Scope of Work

A. The Contractor shall perform the following work in accordance with their Bid Pricing, attached hereto and made a part thereof, as Exhibit A:

1. This work shall include Miscellaneous General Contracting work for the City of Santa Fe.
2. The Contractor shall be required to provide On-Call Miscellaneous Construction Services for any number of the activities listed under this Scope of Work upon the request of the City. Once a need is identified, the City's Engineers, Project Managers, and Project Administrators (collectively "Project Manager") may issue Task Orders for items described herein. The terms and conditions shall be incorporated in each Task Order issued hereunder. Once a need is identified, the Project Manager will issue a written Task Order to the Contractor detailing the services required. Upon receiving the Task Order, the Contractor shall promptly provide the Project Manager with an estimate, based upon the rates included in their ITB, a cost summary, and a proposed schedule required to complete the assignment or task. Project schedules, negotiated price, and completion dates shall be determined on project-by-project basis and dependent upon the urgency of that task. The Contractor may be required to do some of the work in phases. The City's Project Manager

may issue a Notice to Proceed by signing the Notice after the task price and schedule are finalized by the Contractor, subject to the exception in Article 1(A)(3) below. The Contractor shall be required to provide the requested labor and all equipment and materials within one week of a request issuance of a Notice to Proceed unless otherwise arranged. The Contractor shall agree to provide required labor within 24 hours for emergency situations whenever possible. The Contractor shall not perform any work without a Notice to Proceed signed by the Project Manager, and the City shall not pay for any work performed without a signed Notice to Proceed.

3. If a Task Order does not specify which City division is issuing the Task Order, Contractor shall enquire before acting on a Notice to Proceed. For any City division other than the Public Works Facilities Division the Notice to Proceed is effective only if written approval of the scope of work from the Facilities Division Director is attached.

4. Contractor is responsible for all required permits, licenses, and inspections required to perform this work, and shall comply with applicable municipal, county, state, and federal requirements. Contractor shall be responsible for verification of all existing conditions, measurements, dimensions, adherence to the Contract Documents, Construction Documents, Specifications, and approved directives.

B. Distribution:

City:	Contractor:
Caryn Grosse, PMP Project Manager III City of Santa Fe Facilities Division 2651 Siringo Road, Building E Santa Fe, NM 87505-5229	Jenny Ramirez Project Manager LLR Construction 2015 Wyoming Blvd NE, Ste I Albuquerque, NM 87112

C. Price Adjustments:

The awarded vendor shall maintain fixed pricing for each year of this contract, defined as twelve (12) months starting on and including the Effective Date. Pricing may be adjusted no more than once annually to commercially reasonable rates through an amendment to the price list attached as Exhibit A signed by Contractor and the City's Director of Public Works. Amendments to Exhibit A do not alter Contractor's maximum total compensation pursuant to Article 2 (Compensation) below. The Contractor must submit all pricing increase requests in writing to the City of Santa Fe designated department contact, providing evidence that the request is based on demonstrable market changes impacting the cost of products and services. The request must itemize all proposed changes by line item and include supporting documentation deemed acceptable by the City of Santa Fe (such as a letter from a manufacturer indicating price increases, etc.). The City's decision on acceptable documentation in this context shall be final and binding upon all parties to the contract. No price increase shall result in a higher profit margin. Pricing changes will apply to orders entered on or after the effective date of the price change. Price increases will not be retroactive to purchase orders already issued. Orders will be filled at the price indicated in the purchase order issued by the City.

To facilitate prompt consideration, all requests for price increases must include the following information:

i. Contract Item Number

ii. Current Item Price
iii. Proposed New Price
iv. Percentage of Increase
v. Mill/Supplier Notification of price increase indicating percentage of increase and including the reason for the increase.

2. ITB Compensation

A. Payment. The City shall compensate the Contractor based on Task Orders and the itemized amounts specified in Exhibit A. For the services described in the scope of work, the City will pay the Contractor up to, but not to exceed, $10,000,000.00. The applicable gross receipts tax (8.1875%) shall be shown as a separate amount on each billing or request for payment made under the contract, consistent with NMSA 1978, Section 13-1-108.

B. The compensation represents a maximum amount. The Contractor must notify the City when the Services provided under this Contract approach 90% of compensation total. Services rendered beyond the maximum compensation amount will not be reimbursed unless the Contract is amended in writing prior to the provision of such services.

C. Invoicing and Payment Terms Payment will be made upon the City's acceptance of deliverables and receipt of a detailed, certified invoice from the Contractor. Payments will be sent to the Contractor's designated address. The City shall issue payment in accordance with the timelines required by law. Invoices must be submitted no later than fifteen (15) days after the Contract's termination. Late invoices will not be processed or paid.

D. Extended Payment Terms for Grant-Funded Contracts. For grant-funded agreements, the City may issue payment within forty-five (45) days following submission of an undisputed payment request.

3. Term

THIS CONTRACT SHALL NOT BECOME EFFECTIVE UNTIL APPROVED BY THE CITY. This Contract shall terminate ten (10) years from date of final signature unless terminated pursuant to Paragraph 4 (Termination) or Paragraph 5 (Appropriations). A contract for construction services may not exceed ten (10) years, including all extensions and renewals, except as otherwise provided by NMSA 1978, Section 13-1-150 through 13-1-152 or SFCC 1987, Section 11-13.

4. Termination

A. Grounds. The City may terminate this Contract for convenience or cause. For contracts within their authority, the City Manager or their designee is authorized to provide the notice of termination, otherwise such notice of termination shall be provided by the Mayor or their designee as authorized by the Governing Body. The Contractor may only terminate this Contract based upon the City's uncured, material breach of this Contract.

i. Except as otherwise provided in Paragraphs 7.A and 17, the City shall give Contractor written notice of termination at least thirty (30) days prior to the

intended date of termination.

ii. Contractor shall give City written notice of termination at least thirty (30) days prior to the intended date of termination, which notice shall (i) identify all the City's material breaches of this Contract upon which the termination is based and (ii) state what the City must do to cure such material breaches. Contractor's notice of termination shall only be effective (i) if the City does not cure all material breaches within the thirty (30) day notice period or (ii) in the case of material breaches that cannot be cured within thirty (30) days, the City does not, within the thirty (30) day notice period, notify the Contractor of its intent to cure and begin with due diligence to cure the material breach.

iii. Notwithstanding the foregoing, this Contract may be terminated immediately upon written notice to the Contractor (i) if the Contractor becomes unable to perform the services contracted for, as determined by the City; (ii) if, during the term of this Contract, the Contractor is suspended or debarred by the City; or (iii) the Contract is terminated pursuant to Paragraph 5, "Appropriations," of this Contract.

B. Liability. Except as otherwise expressly allowed or provided under this Contract, the City's sole liability upon termination shall be to pay for acceptable work performed prior to the Contractor's receipt or issuance of a notice of termination; provided, however, that a notice of termination shall not nullify or otherwise affect either party's liability for pre-termination defaults under or breaches of this Contract. The Contractor shall submit an invoice for such work within thirty (30) days of receiving or sending the notice of termination. *THIS PROVISION IS NOT EXCLUSIVE AND DOES NOT WAIVE THE CITY'S OTHER LEGAL RIGHTS AND REMEDIES CAUSED BY THE CONTRACTOR'S DEFAULT/BREACH OF THIS CONTRACT.*

5. Appropriations

The terms of this Contract are contingent upon sufficient appropriations and authorization being made by the Governing Body for the performance of this Contract. If sufficient appropriations and authorization are not made by the Governing Body, this Contract shall terminate immediately upon written notice being given by the City to the Contractor. The City's decision as to whether sufficient appropriations are available shall be accepted by the Contractor and shall be final. If the City proposes an amendment to the Contract to unilaterally reduce funding, the Contractor shall have the option to terminate the Contract or to agree to the reduced funding, within thirty (30) days of receipt of the proposed amendment.

6. Status of Contractor

The Contractor and its agents and employees are independent contractors performing construction services for the City and are not employees of the City. The Contractor and its agents and employees shall not accrue leave, retirement, insurance, bonding, use of City vehicles, or any other benefits afforded to employees of the City as a result of this Contract. The Contractor acknowledges that all sums received hereunder are reportable by the Contractor for tax purposes, including without limitation, self-employment and business income tax. The Contractor agrees not to purport to bind the City unless the Contractor has express written authority to do so, and then only within the strict limits of that authority.

7. On-Call Price Agreement Performance and Payment Bond

A. When a Task Order is issued in excess of twenty-five thousand dollars ($25,000), the following bonds or security shall be delivered to the City and shall become binding on the parties upon the execution of the contract. If the Contractor fails to deliver the required performance and payment bonds, the Contractor's bid shall be rejected, its bid security shall be enforced to the extent of actual damages. Award of the Task Order via Notice to Proceed shall be made pursuant to the Procurement Code in the following manner:

i. a performance bond satisfactory to the City, executed by a surety company authorized to do business in this state and said surety to be approved in federal circular 570 as published by the United States treasury department or the state board of finance or the local governing authority, in an amount equal to one hundred percent of the price specified in the contract; and

ii. a payment bond satisfactory to the City, executed by a surety company authorized to do business in this state and said surety to be approved in federal circular 570 as published by the United States treasury department or the state board of finance or the local governing authority, in an amount equal to one hundred percent of the price specified in the contract, for the protection of all persons supplying labor and material to the contractor or its subcontractors for the performance of the work provided for in the contract.

B. A subcontractor shall provide a performance and payment bond on a public works building project if the subcontractor's contract for work to be performed on a project is one hundred twenty-five thousand dollars ($125,000) or more.

8. Assignment

The Contractor shall not assign or transfer any interest in this Contract or assign any claims for money due or to become due under this Contract without the prior written approval of the City.

9. Subcontracting

The Contractor shall not subcontract any portion of the services to be performed under this Contract without the prior written approval of the City. No such subcontract shall relieve the primary Contractor from its obligations and liabilities under this Contract, nor shall any subcontract obligate direct payment from the City.

10. Release

Final payment of the amounts due under this Contract shall operate as a release of the City, its officers and employees from all liabilities, claims and obligations whatsoever arising from or under this Contract.

11. Confidentiality

Any confidential information provided to or developed by the Contractor in the performance of this Contract shall be kept confidential and shall not be made available to any individual or organization by the Contractor without the prior written approval of the City.

12. Product of Service – Copyright

All materials developed or acquired by the Contractor under this Contract shall become the property of the City and shall be delivered to the City no later than the termination date of this Contract. Nothing developed or produced, in whole or in part, by the Contractor under this Contract shall be the subject of an application for copyright or other claim of ownership by or on behalf of the Contractor.

13. Conflict of Interest; Governmental Conduct Act

A. The Contractor represents and warrants that it presently has no interest and, during the term of this Contract, shall not acquire any interest, direct or indirect, which would conflict in any manner or degree with the performance or services required under the Contract.

B. The Contractor further represents and warrants that it has complied with, and, during the term of this Contract, will continue to comply with, and that this Contract complies with all applicable provisions of the Governmental Conduct Act, NMSA 1978, Chapter 10, Article 16.

C. Contractor's representations and warranties in Paragraphs A and B of this Article 12 are material representations of fact upon which the City relied when this Contract was entered into by the parties. Contractor shall provide immediate written notice to the City if, at any time during the term of this Contract, Contractor learns that Contractor's representations and warranties in Paragraphs A and B of this Article 12 were erroneous on the effective date of this Contract or have become erroneous by reason of new or changed circumstances. If it is later determined that Contractor's representations and warranties in Paragraphs A and B of this Article 12 were erroneous on the effective date of this Contract or have become erroneous by reason of new or changed circumstances, in addition to other remedies available to the City and notwithstanding anything in the Contract to the contrary, the City may immediately terminate the Contract.

D. All terms defined in the Governmental Conduct Act have the same meaning in this section.

14. Amendment

A. This Contract shall not be altered, changed or amended except by instrument in writing executed by the parties hereto and all other required signatories.

B. If the City proposes an amendment to the Contract to unilaterally reduce funding due to budget or other considerations, the Contractor shall, within thirty (30) days of receipt of the proposed Amendment, have the option to terminate the Contract, pursuant to the termination provisions as set forth in Article 4 herein, or to agree to the reduced funding.

15. Change Orders

A. Changes. The Contractor may only make changes or revisions within the Scope of Work as defined by Article 1 and/or Exhibit 1 after receipt of written approval by the City Manager or his/her designee. Such change may only be made to Tasks or Sub-Task as defined in the Scope of Work. Under no circumstance shall such change affect the:

i. Deliverable requirements, as outlined in the Scope of Work;
ii. Due date of any Deliverable, as outlined in the Scope of Work;
iii. Compensation of any Deliverable, as outlined in the Scope of Work;
iv. Contract compensation, as outlined in Article 2; or
v. Contract termination, as outlined in Article 4.

B. Change Request Process. In the event that circumstances warrant a change to accomplish the Scope of Work as described above, a Change Request shall be submitted that meets the following criteria:

i. The Project Manager shall draft a written Change Request for review and approval by the City Manager to include:
   (a) the name of the person requesting the change;
   (b) a summary of the required change;
   (c) the start date for the change;
   (d) the reason and necessity for change;
   (e) the elements to be altered; and
   (f) the impact of the change.

ii. The City Manager shall provide a written decision on the Change Request to the Contractor within a maximum of ten (10) Business Days of receipt of the Change Request. All decisions made by the City Manager are final. Change Requests, once approved, become a part of the Contract, and become binding as a part of the original Contract.

16. Merger

This Contract incorporates all the agreements, covenants, and understandings between the parties hereto concerning the subject matter hereof, and all such covenants, agreements and understandings have been merged into this written contract.

All terms and conditions of **ITB No. 25163** and the Contractor's response to such document(s) are incorporated herein by reference and included in the order of precedence.

No prior Agreement or understanding, oral or otherwise, of the parties or their agents shall be valid or enforceable unless embodied in this Contract.

17. Penalties for Violation of Law

NMSA 1978, Sections 13-1-28 through 13-1-199, imposes civil and criminal penalties for its violation. In addition, the New Mexico criminal statutes impose felony penalties for illegal bribes, gratuities and kickbacks.

18. Equal Opportunity Compliance

The Contractor agrees to abide by all federal and state laws and rules and regulations, and Santa Fe City Code, pertaining to equal employment opportunity. In accordance with all such laws of the State of New Mexico, the Contractor assures that no person in the United States shall, on the grounds of race, religion, color, national origin, ancestry, sex, age, physical or mental handicap, or serious medical condition, spousal affiliation, sexual orientation or gender identity, be excluded from employment with or participation in, be denied the benefits of, or be otherwise subjected to discrimination under any program or activity performed under this Contract. If Contractor is found not to be in compliance with these requirements during the life of this Contract, Contractor agrees to take appropriate steps to correct these deficiencies.

19. Applicable Law

The laws of the State of New Mexico shall govern this Contract, without giving effect to its choice of law provisions. Venue shall be proper only in a New Mexico court of competent jurisdiction in accordance with NMSA 1978, Section 38-3-2. By execution of this Contract, Contractor acknowledges and agrees to the jurisdiction of the courts of the State of New Mexico over any and all lawsuits arising under or out of any term of this Contract.

20. Workers' Compensation

The Contractor agrees to comply with state laws and rules applicable to workers compensation benefits for its employees. If the Contractor fails to comply with the Workers Compensation Act and applicable rules when required to do so, this Contract may be terminated by the City.

21. Other Insurance

If the services contemplated under this Contract will be performed on or in City facilities or property, Contractor shall maintain in force during the entire term of this Contract, the following insurance coverage(s), naming the City as additional insured.

A. **Commercial General Liability** insurance shall be written on an occurrence basis and be a broad as ISO Form CG 00 01 with limits not less than $2,000,000 per occurrence and $2,000,000 in the aggregate for claims against bodily injury, personal and advertising injury, and property damage. Said policy shall include broad form Contractual Liability coverage and be endorsed to name the City of Santa Fe their officials, officers, employees, and agents as additional insureds.

B. **Business Automobile Liability** insurance for all owned, non-owned automobiles, with a combined single limit not less than $1,000,000 per accident.

C. **Broader Coverage and Limits**. The insurance requirements under this Contract shall be the greater of (1) the minimum coverage and limits specified in this Contract, or (2) the broader coverage and maximum limits of coverage of any insurance policy or proceeds available to the Named Insured. It is agreed that these insurance requirements shall not in any way act to reduce coverage that is broader or that includes higher limits than the minimums required herein. No

representation is made that the minimum insurance requirements of this Contract are sufficient to cover the obligations of Contractor hereunder.

D. Contractor shall maintain the above insurance for the term of this Contract and name the City as an additional insured and provide for 30 days cancellation notice on any Certificate of Insurance form furnished by Contractor. Such certificate shall also specifically state the coverage provided under the policy is primary over any other valid and collectible insurance and provide a waiver of subrogation.

22. Records and Financial Audit

The Contractor shall maintain detailed time and expenditure records that indicate the date; time, nature and cost of services rendered during the Contract's term and effect and retain them for a period of three (3) years from the date of final payment under this Contract. The records shall be subject to inspection by the City. The City shall have the right to audit billings both before and after payment. Payment under this Contract shall not foreclose the right of the City to recover excessive or illegal payments

23. Indemnification

The Contractor shall indemnify, hold harmless, or insure the City, including its officers, employees or agents, against liability, claims, damages, losses or expenses, including attorney fees, only to the extent that the liability, damages, losses or costs are caused by, or arise out of, the acts or omissions of the indemnitor or its officers, employees or agents. In the event that any action, suit or proceeding related to the services performed by the Contractor or any officer, agent, employee, servant or subcontractor under this Contract is brought against the Contractor, the Contractor shall, as soon as practicable but no later than two (2) business days after it receives notice thereof, notify the legal counsel of the City.

24. New Mexico Tort Claims Act

Any liability incurred by the City of Santa Fe in connection with this Contract is subject to the immunities and limitations of the New Mexico Tort Claims Act, NMSA 1978, Section 41-4-1, et. seq., as amended. The City and its "public employees" as defined in the New Mexico Tort Claims Act, do not waive sovereign immunity, do not waive any defense and do not waive any limitation of liability pursuant to law. No provision in this Contract modifies or waives any provision of the New Mexico Tort Claims Act.

25. Invalid Term or Condition

If any term or condition of this Contract shall be held invalid or unenforceable, the remainder of this Contract shall not be affected and shall be valid and enforceable.

26. Enforcement of Contract

A party's failure to require strict performance of any provision of this Contract shall not waive or diminish that party's right thereafter to demand strict compliance with that or any other provision. No waiver by a party of any of its rights under this Contract shall be effective unless express and in writing,

and no effective waiver by a party of any of its rights shall be effective to waive any other rights.

27. Notices

Any notice required to be given to either party by this Contract shall be in writing and shall be delivered in person, by courier service or by U.S. mail, either first class or certified, return receipt requested, postage prepaid, as follows:

To the City:	**To the Contractor:**
Chief Procurement Officer purchasing@santafenm.gov PO Box 909 Santa Fe, NM 87504-0909 Caryn Grosse, PMP Project Manager III City of Santa Fe Public Works 2651 Siringo Road, Building E Santa Fe, NM 87505-5229 clgrosse@santafenm.gov (505) 955-5938	Jenny Ramirez Project Manager LLR Construction 2015 Wyoming Blvd NE, Ste I Albuquerque, NM 87112 jenny@llrcon.com (505) 629-5275

28. Authority

If Contractor is other than a natural person, the individual(s) signing this Contract on behalf of Contractor represents and warrants that he or she has the power and authority to bind Contractor, and that no further action, resolution, or approval from Contractor is necessary to enter into a binding contract.

29. Progress Payments

Based upon Application for Payment submitted to the City by the Contractor and Certificates for Payment issued by the City, the City shall make progress payments on account of the Contract sum to the Contractor as provided in the Contract documents for the period ending the last day of the month as follows:

Not later than twenty-one (21) days following the end of the period covered by the Application for Payment, one hundred percent (100%) of the portion of the Contract Sum properly allocable to labor, materials, and equipment incorporated in the work and one hundred percent (100%) of the portion of the Contract sum properly allocable to materials and equipment suitably stored at the site or some other location agreed upon in writing for the period covered by the Application for Payment, less the aggregate of previous payments made by the City; and upon substantial completion of the entire work, a sum sufficient to increase the total payments to one hundred percent (100%) of the Contract sum, less such amounts as the City shall determine for all incomplete work and unsettled claims as provided in the Contract documents.

30. Final Payment

Final payment, constituting the entire unpaid balance of the Contract sum, unless it is a disputed payment, shall be paid by the City to the Contractor within twenty-one (21) calendar days, after all deficiencies to the Contract document that were noted during the Substantial Completion Inspection and listed on the attachment to the Certificate of Substantial Completion have been corrected, and provided the Contract has been fully performed and a final Certificate for Payment has been issued by the City. In addition, the Contractor shall provide to the City a certified statement of Release of Lien (AIA Document G706A or approved form), Consent of Surety, Warranty from Prime Contractor, Warranties from Suppliers and Manufacturers, training sessions, equipment/operating manuals, and as-built drawings.

31. Schedule

The Contractor shall, within five (5) days after the effective date of Notice to Proceed, prepare and submit a progress schedule covering project operations for the 30-day Contract period. This progress schedule shall be of the type generally referred to as a Critical Path Method (CPM), Critical Path Schedule (CPS), and Critical Path Analysis (CPA), and other similar designations. The CPM shall be used to control the timing and sequences of the project. All work shall be done in accordance with the CPM Planning and Scheduling. A written statement of explanation shall be submitted with the progress schedule. All costs incurred by the contractor to implement the CPM shall be borne by the Contractor and are part of their Contract.

32. General and Special Provisions

A. Terms used in this Contract which are defined in the Conditions of the Contract shall have the meanings designated in those Conditions.

B. An enumeration of the Contractor's General Comprehensive Liability Insurance requirements.

C. Appears in the General Conditions of the Contract for construction. Insurance requirements are also described in the Instructions to the Bidder section of the Project Manual. Contractor shall maintain adequate insurance in at least the maximum amounts, which the City could be liable under the New Mexico Tort Claims Act and shall provide proof of such insurance coverage to the City. It is the sole responsibility of the Contractor to comply with the law.

D. This Contract shall not become effective until: (1) approved by the Governing Body; and (2) signed by all parties required to sign this Contract.

E. The Contractor shall maintain detailed time records which indicate the date, time and nature of services rendered. These records shall be subject to inspection by the City, the Department of Finance and Administration and the State Auditor. The City shall have the right to audit billings both before and after payment. Payment under this Contract shall not foreclose the right of the City to recover excessive illegal payments.

F. The Contractor warrants that the Contractor presently has no interest and shall not acquire any interest, direct or indirect, which would conflict in any manner or degree with the performance or services required under this Contract.

G. The Contractor hereby warrants that the Contractor complies with the Americans with Disabilities Act, 29 CFR 1630.

H. Gender, Singular/Plural. Words of any gender used in this Contract shall be held and construed to include any other gender, and words in the singular number shall be held to include the plural, unless the context otherwise requires.

I. Captions and Section Headings. The captions and section headings contained in this Contract are for convenience of reference only, and in no way limit, define, or enlarge the terms, scope, and conditions of this Contract.

J. Certificates and Documents Incorporated. All certificates and documentation required by the provisions of the Contract shall be attached to this Contract at the time of execution and are hereby incorporated by reference as though set forth in full in this Contract to the extent they are consistent with its conditions and terms.

K. Separability. If any clause or provision of this Contract is illegal, invalid or unenforceable under present or future laws effective during the term of this Contract, then and in that event, it is the intention of the parties hereto that the remainder of this Contract shall not be affected thereby.

L. Words and Phrases. Words, phrases, and abbreviations, which have well-known technical or trade meanings used in the Contract documents shall be used according to such recognized meaning. In the event of a conflict, the more stringent meaning shall govern.

M. Relationship of Contract Documents. The Contract Documents are complementary, and any requirement of one Contract Document shall be as binding as if required by all.

N. Pursuant to NMSA 1978, Section 13-1-191, reference is hereby made to the Criminal Laws of New Mexico (including NMSA 1978, Sections 30-14-1, 30-24-2, and 30-41-1 through 30-41-3) which prohibit bribes, kickbacks, and gratuities, violation of which constitutes a felony. Further, the Procurement Code (NMSA 1978, Sections 13-1-28 through 13-1-199) imposes civil and criminal penalties for its violation.

O. Pursuant to NMSA 1978, Section 13-4-11. Reference is hereby made to the Minimum Wage on Public Works; weekly payments; posting wage scale; withholding funds.

IN WITNESS WHEREOF, the Parties have executed this Contract as of the date of the signature by the required approval authorities below.

Via: Sam Burnett, Interim Public Works Department Director JOHN BURNETT (Dec 8, 2025 07:50:53 MST)
Tim Farrell, Interim Facilities Division Director Timothy Farrell

Subject: On-Call Price Agreement for City-Wide Miscellaneous Construction Services

Vendor Name: Unified Contractor, Inc.

Vendor Number: 11053

ACTION:
Request for Approval of an On-Call Price Agreement with Unified Contractor, Inc.in the Total Amount of $10,000,000 Including NMGRT for City-Wide Miscellaneous Construction Services for a Term of 10 Years. (Caryn Grosse, Public Works Project Manager III, clgrosse@santafenm.gov)

CONTRACT NUMBER:
The FY26 Munis Contract Number is 3260212.

BACKGROUND AND SUMMARY:
The Public Works Department Facilities Division uses on-call services to augment the skills, licensure, and capacity of staff to address facility issues and emergencies in a timely, safe, and compliant manner. The Facilities Division typically maintains on-call contracts for general contracting, mechanical, electrical, plumbing, roofing, remediation, and landscaping services.

In accordance with the Invitation to Bid (ITB No. 25163) for On-Call City-Wide Miscellaneous Construction Services, multiple responsive vendors were selected for contracts based on lowest bidder and performance criteria: AnchorBuilt Inc., B&D Industries Inc., Davenport Construction Management LLC, Enviroworks LLC, JDR & Associates, LLR Construction LLC, and Unified Contractor, Inc. This is the City's first construction contract with Unified Contractor, Inc.

On-call contracts are not a guarantee of payment. These contracts are only used, and purchase orders issued, as needs arise and funding is available. The $10,000,000 (including 8.1875% NMGRT) maximum for this contract is based on the historical and anticipated needs across the City over the next ten years.

CITY OF SANTA FE

ON-CALL PRICE AGREEMENT

CONSTRUCTION CONTRACT

City-Wide Miscellaneous Construction Services

THIS CONTRACT is made and entered into by and between the City of Santa Fe, New Mexico, hereinafter referred to as the "City," and **Unified Contractor, Inc .**, hereinafter referred to as the "Contractor," and is effective as of the date set forth below upon which it is executed by the Parties.

RECITALS

WHEREAS, the City, through its Governing Body, is authorized to enter into an On-Call Price Agreement for the project; and

WHEREAS, the City has procured this Contract according to the established State and Local Purchasing procedures for contracts of the type and amount; and

The City and the Contractor hereby agree as follows:

1. Scope of Work

A. The Contractor shall perform the following work in accordance with their Bid Pricing, attached hereto and made a part thereof, as Exhibit A:

1. This work shall include Miscellaneous General Contracting work for the City of Santa Fe.
2. The Contractor shall be required to provide On-Call Miscellaneous Construction Services for any number of the activities listed under this Scope of Work upon the request of the City. Once a need is identified, the City's Engineers, Project Managers, and Project Administrators (collectively "Project Manager") may issue Task Orders for items described herein. The terms and conditions shall be incorporated in each Task Order issued hereunder. Once a need is identified, the Project Manager will issue a written Task Order to the Contractor detailing the services required. Upon receiving the Task Order, the Contractor shall promptly provide the Project Manager with an estimate, based upon the rates included in their ITB, a cost summary, and a proposed schedule required to complete the assignment or task. Project schedules, negotiated price, and completion dates shall be determined on project-by-project basis and dependent upon the urgency of that task. The Contractor may be required to do some of the work in phases. The City's Project Manager

may issue a Notice to Proceed by signing the Notice after the task price and schedule are finalized by the Contractor, subject to the exception in Article 1(A)(3) below. The Contractor shall be required to provide the requested labor and all equipment and materials within one week of a request issuance of a Notice to Proceed unless otherwise arranged. The Contractor shall agree to provide required labor within 24 hours for emergency situations whenever possible. The Contractor shall not perform any work without a Notice to Proceed signed by the Project Manager, and the City shall not pay for any work performed without a signed Notice to Proceed.

3. If a Task Order does not specify which City division is issuing the Task Order, Contractor shall enquire before acting on a Notice to Proceed. For any City division other than the Public Works Facilities Division the Notice to Proceed is effective only if written approval of the scope of work from the Facilities Division Director is attached.

4. Contractor is responsible for all required permits, licenses, and inspections required to perform this work, and shall comply with applicable municipal, county, state, and federal requirements. Contractor shall be responsible for verification of all existing conditions, measurements, dimensions, adherence to the Contract Documents, Construction Documents, Specifications, and approved directives.

B. Distribution:

City:	Contractor:
Caryn Grosse, PMP Project Manager III City of Santa Fe Facilities Division 2651 Siringo Road, Building E Santa Fe, NM 87505-5229	Debbie Tafoya Unified Contractor, Inc. P.O. Box 93984 Albuquerque, NM 87199

C. Price Adjustments:

The awarded vendor shall maintain fixed pricing for each year of this contract, defined as twelve (12) months starting on and including the Effective Date. Pricing may be adjusted no more than once annually to commercially reasonable rates through an amendment to the price list attached as Exhibit A signed by Contractor and the City's Director of Public Works. Amendments to Exhibit A do not alter Contractor's maximum total compensation pursuant to Article 2 (Compensation) below. The Contractor must submit all pricing increase requests in writing to the City of Santa Fe designated department contact, providing evidence that the request is based on demonstrable market changes impacting the cost of products and services. The request must itemize all proposed changes by line item and include supporting documentation deemed acceptable by the City of Santa Fe (such as a letter from a manufacturer indicating price increases, etc.). The City's decision on acceptable documentation in this context shall be final and binding upon all parties to the contract. No price increase shall result in a higher profit margin. Pricing changes will apply to orders entered on or after the effective date of the price change. Price increases will not be retroactive to purchase orders already issued. Orders will be filled at the price indicated in the purchase order issued by the City.

To facilitate prompt consideration, all requests for price increases must include the following information:

i. Contract Item Number

ii. Current Item Price
iii. Proposed New Price
iv. Percentage of Increase
v. Mill/Supplier Notification of price increase indicating percentage of increase and including the reason for the increase.

2. ITB Compensation

A. Payment. The City shall compensate the Contractor based on Task Orders and the itemized amounts specified in Exhibit A. For the services described in the scope of work, the City will pay the Contractor up to, but not to exceed, $10,000,000.00. The applicable gross receipts tax (8.1875%) shall be shown as a separate amount on each billing or request for payment made under the contract, consistent with NMSA 1978, Section 13-1-108.

B. The compensation represents a maximum amount. The Contractor must notify the City when the Services provided under this Contract approach 90% of compensation total. Services rendered beyond the maximum compensation amount will not be reimbursed unless the Contract is amended in writing prior to the provision of such services.

C. Invoicing and Payment Terms Payment will be made upon the City's acceptance of deliverables and receipt of a detailed, certified invoice from the Contractor. Payments will be sent to the Contractor's designated address. The City shall issue payment in accordance with the timelines required by law. Invoices must be submitted no later than fifteen (15) days after the Contract's termination. Late invoices will not be processed or paid.

D. Extended Payment Terms for Grant-Funded Contracts. For grant-funded agreements, the City may issue payment within forty-five (45) days following submission of an undisputed payment request.

3. Term

THIS CONTRACT SHALL NOT BECOME EFFECTIVE UNTIL APPROVED BY THE CITY. This Contract shall terminate ten (10) years from date of final signature unless terminated pursuant to Paragraph 4 (Termination) or Paragraph 5 (Appropriations). A contract for construction services may not exceed ten (10) years, including all extensions and renewals, except as otherwise provided by NMSA 1978, Section 13-1-150 through 13-1-152 or SFCC 1987, Section 11-13.

4. Termination

A. Grounds. The City may terminate this Contract for convenience or cause. For contracts within their authority, the City Manager or their designee is authorized to provide the notice of termination, otherwise such notice of termination shall be provided by the Mayor or their designee as authorized by the Governing Body. The Contractor may only terminate this Contract based upon the City's uncured, material breach of this Contract.

i. Except as otherwise provided in Paragraphs 7.A and 17, the City shall give Contractor written notice of termination at least thirty (30) days prior to the

intended date of termination.

ii. Contractor shall give City written notice of termination at least thirty (30) days prior to the intended date of termination, which notice shall (i) identify all the City's material breaches of this Contract upon which the termination is based and (ii) state what the City must do to cure such material breaches. Contractor's notice of termination shall only be effective (i) if the City does not cure all material breaches within the thirty (30) day notice period or (ii) in the case of material breaches that cannot be cured within thirty (30) days, the City does not, within the thirty (30) day notice period, notify the Contractor of its intent to cure and begin with due diligence to cure the material breach.

iii. Notwithstanding the foregoing, this Contract may be terminated immediately upon written notice to the Contractor (i) if the Contractor becomes unable to perform the services contracted for, as determined by the City; (ii) if, during the term of this Contract, the Contractor is suspended or debarred by the City; or (iii) the Contract is terminated pursuant to Paragraph 5, "Appropriations," of this Contract.

B. Liability. Except as otherwise expressly allowed or provided under this Contract, the City's sole liability upon termination shall be to pay for acceptable work performed prior to the Contractor's receipt or issuance of a notice of termination; provided, however, that a notice of termination shall not nullify or otherwise affect either party's liability for pre-termination defaults under or breaches of this Contract. The Contractor shall submit an invoice for such work within thirty (30) days of receiving or sending the notice of termination. *THIS PROVISION IS NOT EXCLUSIVE AND DOES NOT WAIVE THE CITY'S OTHER LEGAL RIGHTS AND REMEDIES CAUSED BY THE CONTRACTOR'S DEFAULT/BREACH OF THIS CONTRACT.*

5. Appropriations

The terms of this Contract are contingent upon sufficient appropriations and authorization being made by the Governing Body for the performance of this Contract. If sufficient appropriations and authorization are not made by the Governing Body, this Contract shall terminate immediately upon written notice being given by the City to the Contractor. The City's decision as to whether sufficient appropriations are available shall be accepted by the Contractor and shall be final. If the City proposes an amendment to the Contract to unilaterally reduce funding, the Contractor shall have the option to terminate the Contract or to agree to the reduced funding, within thirty (30) days of receipt of the proposed amendment.

6. Status of Contractor

The Contractor and its agents and employees are independent contractors performing construction services for the City and are not employees of the City. The Contractor and its agents and employees shall not accrue leave, retirement, insurance, bonding, use of City vehicles, or any other benefits afforded to employees of the City as a result of this Contract. The Contractor acknowledges that all sums received hereunder are reportable by the Contractor for tax purposes, including without limitation, self-employment and business income tax. The Contractor agrees not to purport to bind the City unless the Contractor has express written authority to do so, and then only within the strict limits of that authority.

7. On-Call Price Agreement Performance and Payment Bond

A. When a Task Order is issued in excess of twenty-five thousand dollars ($25,000), the following bonds or security shall be delivered to the City and shall become binding on the parties upon the execution of the contract. If the Contractor fails to deliver the required performance and payment bonds, the Contractor's bid shall be rejected, its bid security shall be enforced to the extent of actual damages. Award of the Task Order via Notice to Proceed shall be made pursuant to the Procurement Code in the following manner:

i. a performance bond satisfactory to the City, executed by a surety company authorized to do business in this state and said surety to be approved in federal circular 570 as published by the United States treasury department or the state board of finance or the local governing authority, in an amount equal to one hundred percent of the price specified in the contract; and

ii. a payment bond satisfactory to the City, executed by a surety company authorized to do business in this state and said surety to be approved in federal circular 570 as published by the United States treasury department or the state board of finance or the local governing authority, in an amount equal to one hundred percent of the price specified in the contract, for the protection of all persons supplying labor and material to the contractor or its subcontractors for the performance of the work provided for in the contract.

B. A subcontractor shall provide a performance and payment bond on a public works building project if the subcontractor's contract for work to be performed on a project is one hundred twenty-five thousand dollars ($125,000) or more.

8. Assignment

The Contractor shall not assign or transfer any interest in this Contract or assign any claims for money due or to become due under this Contract without the prior written approval of the City.

9. Subcontracting

The Contractor shall not subcontract any portion of the services to be performed under this Contract without the prior written approval of the City. No such subcontract shall relieve the primary Contractor from its obligations and liabilities under this Contract, nor shall any subcontract obligate direct payment from the City.

10. Release

Final payment of the amounts due under this Contract shall operate as a release of the City, its officers and employees from all liabilities, claims and obligations whatsoever arising from or under this Contract.

11. Confidentiality

Any confidential information provided to or developed by the Contractor in the performance of this Contract shall be kept confidential and shall not be made available to any individual or organization by the Contractor without the prior written approval of the City.

12. Product of Service – Copyright

All materials developed or acquired by the Contractor under this Contract shall become the property of the City and shall be delivered to the City no later than the termination date of this Contract. Nothing developed or produced, in whole or in part, by the Contractor under this Contract shall be the subject of an application for copyright or other claim of ownership by or on behalf of the Contractor.

13. Conflict of Interest; Governmental Conduct Act

A. The Contractor represents and warrants that it presently has no interest and, during the term of this Contract, shall not acquire any interest, direct or indirect, which would conflict in any manner or degree with the performance or services required under the Contract.

B. The Contractor further represents and warrants that it has complied with, and, during the term of this Contract, will continue to comply with, and that this Contract complies with all applicable provisions of the Governmental Conduct Act, NMSA 1978, Chapter 10, Article 16.

C. Contractor's representations and warranties in Paragraphs A and B of this Article 12 are material representations of fact upon which the City relied when this Contract was entered into by the parties. Contractor shall provide immediate written notice to the City if, at any time during the term of this Contract, Contractor learns that Contractor's representations and warranties in Paragraphs A and B of this Article 12 were erroneous on the effective date of this Contract or have become erroneous by reason of new or changed circumstances. If it is later determined that Contractor's representations and warranties in Paragraphs A and B of this Article 12 were erroneous on the effective date of this Contract or have become erroneous by reason of new or changed circumstances, in addition to other remedies available to the City and notwithstanding anything in the Contract to the contrary, the City may immediately terminate the Contract.

D. All terms defined in the Governmental Conduct Act have the same meaning in this section.

14. Amendment

A. This Contract shall not be altered, changed or amended except by instrument in writing executed by the parties hereto and all other required signatories.

B. If the City proposes an amendment to the Contract to unilaterally reduce funding due to budget or other considerations, the Contractor shall, within thirty (30) days of receipt of the proposed Amendment, have the option to terminate the Contract, pursuant to the termination provisions as set forth in Article 4 herein, or to agree to the reduced funding.

15. Change Orders

A. Changes. The Contractor may only make changes or revisions within the Scope of Work as defined by Article 1 and/or Exhibit 1 after receipt of written approval by the City Manager or his/her designee. Such change may only be made to Tasks or Sub-Task as defined in the Scope of Work. Under no circumstance shall such change affect the:

i. Deliverable requirements, as outlined in the Scope of Work;
ii. Due date of any Deliverable, as outlined in the Scope of Work;
iii. Compensation of any Deliverable, as outlined in the Scope of Work;
iv. Contract compensation, as outlined in Article 2; or
v. Contract termination, as outlined in Article 4.

B. Change Request Process. In the event that circumstances warrant a change to accomplish the Scope of Work as described above, a Change Request shall be submitted that meets the following criteria:

i. The Project Manager shall draft a written Change Request for review and approval by the City Manager to include:
   (a) the name of the person requesting the change;
   (b) a summary of the required change;
   (c) the start date for the change;
   (d) the reason and necessity for change;
   (e) the elements to be altered; and
   (f) the impact of the change.

ii. The City Manager shall provide a written decision on the Change Request to the Contractor within a maximum of ten (10) Business Days of receipt of the Change Request. All decisions made by the City Manager are final. Change Requests, once approved, become a part of the Contract, and become binding as a part of the original Contract.

16. Merger

This Contract incorporates all the agreements, covenants, and understandings between the parties hereto concerning the subject matter hereof, and all such covenants, agreements and understandings have been merged into this written contract.

All terms and conditions of **ITB No. 25163** and the Contractor's response to such document(s) are incorporated herein by reference and included in the order of precedence.

No prior Agreement or understanding, oral or otherwise, of the parties or their agents shall be valid or enforceable unless embodied in this Contract.

17. Penalties for Violation of Law

NMSA 1978, Sections 13-1-28 through 13-1-199, imposes civil and criminal penalties for its violation. In addition, the New Mexico criminal statutes impose felony penalties for illegal bribes, gratuities and kickbacks.

18. Equal Opportunity Compliance

The Contractor agrees to abide by all federal and state laws and rules and regulations, and Santa Fe City Code, pertaining to equal employment opportunity. In accordance with all such laws of the State of New Mexico, the Contractor assures that no person in the United States shall, on the grounds of race, religion, color, national origin, ancestry, sex, age, physical or mental handicap, or serious medical condition, spousal affiliation, sexual orientation or gender identity, be excluded from employment with or participation in, be denied the benefits of, or be otherwise subjected to discrimination under any program or activity performed under this Contract. If Contractor is found not to be in compliance with these requirements during the life of this Contract, Contractor agrees to take appropriate steps to correct these deficiencies.

19. Applicable Law

The laws of the State of New Mexico shall govern this Contract, without giving effect to its choice of law provisions. Venue shall be proper only in a New Mexico court of competent jurisdiction in accordance with NMSA 1978, Section 38-3-2. By execution of this Contract, Contractor acknowledges and agrees to the jurisdiction of the courts of the State of New Mexico over any and all lawsuits arising under or out of any term of this Contract.

20. Workers' Compensation

The Contractor agrees to comply with state laws and rules applicable to workers compensation benefits for its employees. If the Contractor fails to comply with the Workers Compensation Act and applicable rules when required to do so, this Contract may be terminated by the City.

21. Other Insurance

If the services contemplated under this Contract will be performed on or in City facilities or property, Contractor shall maintain in force during the entire term of this Contract, the following insurance coverage(s), naming the City as additional insured.

A. **Commercial General Liability** insurance shall be written on an occurrence basis and be a broad as ISO Form CG 00 01 with limits not less than $2,000,000 per occurrence and $2,000,000 in the aggregate for claims against bodily injury, personal and advertising injury, and property damage. Said policy shall include broad form Contractual Liability coverage and be endorsed to name the City of Santa Fe their officials, officers, employees, and agents as additional insureds.

B. **Business Automobile Liability** insurance for all owned, non-owned automobiles, with a combined single limit not less than $1,000,000 per accident.

C. **Broader Coverage and Limits**. The insurance requirements under this Contract shall be the greater of (1) the minimum coverage and limits specified in this Contract, or (2) the broader coverage and maximum limits of coverage of any insurance policy or proceeds available to the Named Insured. It is agreed that these insurance requirements shall not in any way act to reduce coverage that is broader or that includes higher limits than the minimums required herein. No

representation is made that the minimum insurance requirements of this Contract are sufficient to cover the obligations of Contractor hereunder.

D. Contractor shall maintain the above insurance for the term of this Contract and name the City as an additional insured and provide for 30 days cancellation notice on any Certificate of Insurance form furnished by Contractor. Such certificate shall also specifically state the coverage provided under the policy is primary over any other valid and collectible insurance and provide a waiver of subrogation.

22. Records and Financial Audit

The Contractor shall maintain detailed time and expenditure records that indicate the date; time, nature and cost of services rendered during the Contract's term and effect and retain them for a period of three (3) years from the date of final payment under this Contract. The records shall be subject to inspection by the City. The City shall have the right to audit billings both before and after payment. Payment under this Contract shall not foreclose the right of the City to recover excessive or illegal payments

23. Indemnification

The Contractor shall indemnify, hold harmless, or insure the City, including its officers, employees or agents, against liability, claims, damages, losses or expenses, including attorney fees, only to the extent that the liability, damages, losses or costs are caused by, or arise out of, the acts or omissions of the indemnitor or its officers, employees or agents. In the event that any action, suit or proceeding related to the services performed by the Contractor or any officer, agent, employee, servant or subcontractor under this Contract is brought against the Contractor, the Contractor shall, as soon as practicable but no later than two (2) business days after it receives notice thereof, notify the legal counsel of the City.

24. New Mexico Tort Claims Act

Any liability incurred by the City of Santa Fe in connection with this Contract is subject to the immunities and limitations of the New Mexico Tort Claims Act, NMSA 1978, Section 41-4-1, et. seq., as amended. The City and its "public employees" as defined in the New Mexico Tort Claims Act, do not waive sovereign immunity, do not waive any defense and do not waive any limitation of liability pursuant to law. No provision in this Contract modifies or waives any provision of the New Mexico Tort Claims Act.

25. Invalid Term or Condition

If any term or condition of this Contract shall be held invalid or unenforceable, the remainder of this Contract shall not be affected and shall be valid and enforceable.

26. Enforcement of Contract

A party's failure to require strict performance of any provision of this Contract shall not waive or diminish that party's right thereafter to demand strict compliance with that or any other provision. No waiver by a party of any of its rights under this Contract shall be effective unless express and in writing,

and no effective waiver by a party of any of its rights shall be effective to waive any other rights.

27. Notices

Any notice required to be given to either party by this Contract shall be in writing and shall be delivered in person, by courier service or by U.S. mail, either first class or certified, return receipt requested, postage prepaid, as follows:

To the City:	**To the Contractor:**
Chief Procurement Officer purchasing@santafenm.gov PO Box 909 Santa Fe, NM 87504-0909 Caryn Grosse, PMP Project Manager III City of Santa Fe Public Works 2651 Siringo Road, Building E Santa Fe, NM 87505-5229 clgrosse@santafenm.gov (505) 955-5938	Debbie Tafoya Unified Contractor, Inc. P.O. Box 93984 Albuquerque, NM 87199 debbie@unifiedcontractor.com (505) 352-5275

28. Authority

If Contractor is other than a natural person, the individual(s) signing this Contract on behalf of Contractor represents and warrants that he or she has the power and authority to bind Contractor, and that no further action, resolution, or approval from Contractor is necessary to enter into a binding contract.

29. Progress Payments

Based upon Application for Payment submitted to the City by the Contractor and Certificates for Payment issued by the City, the City shall make progress payments on account of the Contract sum to the Contractor as provided in the Contract documents for the period ending the last day of the month as follows:

Not later than twenty-one (21) days following the end of the period covered by the Application for Payment, one hundred percent (100%) of the portion of the Contract Sum properly allocable to labor, materials, and equipment incorporated in the work and one hundred percent (100%) of the portion of the Contract sum properly allocable to materials and equipment suitably stored at the site or some other location agreed upon in writing for the period covered by the Application for Payment, less the aggregate of previous payments made by the City; and upon substantial completion of the entire work, a sum sufficient to increase the total payments to one hundred percent (100%) of the Contract sum, less such amounts as the City shall determine for all incomplete work and unsettled claims as provided in the Contract documents.

30. Final Payment

Final payment, constituting the entire unpaid balance of the Contract sum, unless it is a disputed payment, shall be paid by the City to the Contractor within twenty-one (21) calendar days, after all deficiencies to the Contract document that were noted during the Substantial Completion Inspection and listed on the attachment to the Certificate of Substantial Completion have been corrected, and provided the Contract has been fully performed and a final Certificate for Payment has been issued by the City. In addition, the Contractor shall provide to the City a certified statement of Release of Lien (AIA Document G706A or approved form), Consent of Surety, Warranty from Prime Contractor, Warranties from Suppliers and Manufacturers, training sessions, equipment/operating manuals, and as-built drawings.

31. Schedule

The Contractor shall, within five (5) days after the effective date of Notice to Proceed, prepare and submit a progress schedule covering project operations for the 30-day Contract period. This progress schedule shall be of the type generally referred to as a Critical Path Method (CPM), Critical Path Schedule (CPS), and Critical Path Analysis (CPA), and other similar designations. The CPM shall be used to control the timing and sequences of the project. All work shall be done in accordance with the CPM Planning and Scheduling. A written statement of explanation shall be submitted with the progress schedule. All costs incurred by the contractor to implement the CPM shall be borne by the Contractor and are part of their Contract.

32. General and Special Provisions

A. Terms used in this Contract which are defined in the Conditions of the Contract shall have the meanings designated in those Conditions.

B. An enumeration of the Contractor's General Comprehensive Liability Insurance requirements.

C. Appears in the General Conditions of the Contract for construction. Insurance requirements are also described in the Instructions to the Bidder section of the Project Manual. Contractor shall maintain adequate insurance in at least the maximum amounts, which the City could be liable under the New Mexico Tort Claims Act and shall provide proof of such insurance coverage to the City. It is the sole responsibility of the Contractor to comply with the law.

D. This Contract shall not become effective until: (1) approved by the Governing Body; and (2) signed by all parties required to sign this Contract.

E. The Contractor shall maintain detailed time records which indicate the date, time and nature of services rendered. These records shall be subject to inspection by the City, the Department of Finance and Administration and the State Auditor. The City shall have the right to audit billings both before and after payment. Payment under this Contract shall not foreclose the right of the City to recover excessive illegal payments.

F. The Contractor warrants that the Contractor presently has no interest and shall not acquire any interest, direct or indirect, which would conflict in any manner or degree with the performance or services required under this Contract.

G. The Contractor hereby warrants that the Contractor complies with the Americans with Disabilities Act, 29 CFR 1630.

H. Gender, Singular/Plural. Words of any gender used in this Contract shall be held and construed to include any other gender, and words in the singular number shall be held to include the plural, unless the context otherwise requires.

I. Captions and Section Headings. The captions and section headings contained in this Contract are for convenience of reference only, and in no way limit, define, or enlarge the terms, scope, and conditions of this Contract.

J. Certificates and Documents Incorporated. All certificates and documentation required by the provisions of the Contract shall be attached to this Contract at the time of execution and are hereby incorporated by reference as though set forth in full in this Contract to the extent they are consistent with its conditions and terms.

K. Separability. If any clause or provision of this Contract is illegal, invalid or unenforceable under present or future laws effective during the term of this Contract, then and in that event, it is the intention of the parties hereto that the remainder of this Contract shall not be affected thereby.

L. Words and Phrases. Words, phrases, and abbreviations, which have well-known technical or trade meanings used in the Contract documents shall be used according to such recognized meaning. In the event of a conflict, the more stringent meaning shall govern.

M. Relationship of Contract Documents. The Contract Documents are complementary, and any requirement of one Contract Document shall be as binding as if required by all.

N. Pursuant to NMSA 1978, Section 13-1-191, reference is hereby made to the Criminal Laws of New Mexico (including NMSA 1978, Sections 30-14-1, 30-24-2, and 30-41-1 through 30-41-3) which prohibit bribes, kickbacks, and gratuities, violation of which constitutes a felony. Further, the Procurement Code (NMSA 1978, Sections 13-1-28 through 13-1-199) imposes civil and criminal penalties for its violation.

O. Pursuant to NMSA 1978, Section 13-4-11. Reference is hereby made to the Minimum Wage on Public Works; weekly payments; posting wage scale; withholding funds.

IN WITNESS WHEREOF, the Parties have executed this Contract as of the date of the signature by the required approval authorities below.

> > The Contractor shall perform the following work in accordance with their Bid Pricing, attached hereto and made a part thereof, as Exhibit A:
> > 1. This work shall include Miscellaneous General Contracting work for the City

of Santa Fe.

2. The Contractor shall be required to provide On-Call General Contracting Services for any number of the activities listed under this Scope of Work upon the request of the City. Once a need is identified, the City will issue a written Task Order to the Contractor detailing the services required. Upon receiving the City's request for services, the Contractor shall promptly provide the City with an estimate (based upon the rates submitted in the Bid Form), cost summary, and project schedule required to complete the assignment or task. Project schedules, negotiated price, and completion dates shall be determined on a project-by-project basis and dependent upon the urgency of that task. The Contractor may be required to do some of the work in phases. The Contractor shall be required to provide the requested labor and all equipment and materials within one week of a request issuance of a Notice to Proceed unless otherwise arranged. The Contractor shall agree to provide required labor within 24 hours for emergency situations whenever possible.

3. The City of Santa Fe Public Works Facilities Division shall be able to utilize this On-Call Contract as needed and as funding is available. All other City of Santa Fe staff will only be authorized to utilize this On-Call Contract with prior, written approval of the scope of work, from the Facilities Division Director, before commencing any work applicable to this On-Call Contract.

4. Contractor is responsible for all required permits and licenses required to perform this work. Contractor shall be responsible for adherence to the Contract Documents, Construction Documents, Specifications, and approved directives.

5. Contractor shall be responsible for any applicable Local, County, State and Federal requirements and permits.

6. Contractor shall be responsible for verifications of all existing conditions, measurements, and dimensions for bidding. Contractor shall be responsible for all permits, fees, and State and/or City inspections associated with their work.

Please let me know if additional information is required.
Thank you!

Best,
Elizabeth "Lisa" Kahahane, CPO

Subject: Capital Appropriation Agreement Project 25-J4371 for South Side Teen Center

---

ACTION:
Request for Approval of Capital Appropriation Grant Agreement with New Mexico Department of Finance and Administration for Project 25-J4371 Improvements to the South Side Teen Center in the Total Amount of $1,764,580 with a Reversion Date of June 30, 2027. (Jake Martinez, Public Works Project Manager II, jemartinez@santafenm.gov)

BACKGROUND AND SUMMARY:
The City of Santa Fe received Capital Appropriation Project 25-J4371 in the amount of $1,764,579.06, which reauthorized Capital Appropriation Project 21-F2901 and extends the reversion date to June 30, 2027.

A Budget Amendment Resolution (BAR) is not required, as the grant funds have already been incorporated into the FY 2026 Revenue Carryforward.

This appropriation does not require an allocation for Art in Public Places (AIPP) and the total of $1,764,579.06 is available for project budget allocations. All funds are expected to be expended prior to the June 30, 2027, reversion date.

The Public Works Department's Facilities Division, in partnership with the Community Services Department, is collaborating with Studio Southwest Architects to develop plans for facility enhancements at the Santa Fe Teen Center. Planned improvements include:

- Construction of a new dance studio, and
- Expanded cold storage to support kitchen and food-service operations.

These funds will support final design, permitting, and construction of the new amenities.

NEW MEXICO CAPITAL OUTLAY GRANT AGREEMENT
CAPITAL APPROPRIATION PROJECT

THIS AGREEMENT is made and entered into by and between the State of New Mexico, Department of Finance & Administration, 407 Galisteo Street, Santa Fe, NM 87501, ("**Department**") and the City of Santa Fe, ("**Grantee**") (individually "**Party**" and collectively "**Parties**"). This Agreement shall be effective as of the date the Department executes it ("**Effective Date**").

WITNESSETH

WHEREAS, in the Laws of 2025, Chapter 158, Section 373, the Legislature made an appropriation to the Department, funds from which the Department is making available to the Grantee pursuant to this Agreement; and

WHEREAS, the Department is granting to Grantee, and the Grantee is accepting the grant of funds from this appropriation, in accordance with the terms and conditions of this Agreement;

NOW, THEREFORE, in consideration of the mutual covenants and obligations contained herein, the parties hereby mutually agree as follows:

AGREEMENT

I. PROJECT DESCRIPTION, GRANT AMOUNT, AND REVERSION

A. **25-J4371** ("**Project**") 6/30/2027 ("**Reversion Date**"). Laws of 2025, Chapter 158, Section 373, One million seven hundred sixty-four thousand five hundred seventy-nine dollars and six cents , $1,764,579.06, The time of expenditure for the local government division project in Subsection 342 of Section 29 of Chapter 138 of Laws 2021 to plan, design, construct, furnish and equip a teen and resource center on the south side of Santa Fe in Santa Fe county is extended through fiscal year 2027..

B. Grantee's total reimbursements shall not exceed $1,764,579.06 One million seven hundred sixty-four thousand five hundred seventy-nine dollars and six cents , ("**Appropriation Amount**") minus the allocation for Art in Public Places ("**AIPP amount**"), if applicable, $0.00 Zero Dollars and No Cents, which equals $1,764,579.06 One million seven hundred sixty-four thousand five hundred seventy-nine dollars and six cents ("**Adjusted Appropriation Amount**").

C. In the event of a conflict among the Appropriation Amount, the Reversion Date, as defined herein and/or the purpose of the Project, as set forth in this Agreement, and the corresponding appropriation language in the laws cited above in this Article I, the language of the laws cited herein shall control.

The information contained in Article I is referred to collectively as the "**Project Description**."

II. DISBURSEMENT LIMITATION

A. Upon the Effective Date, the Grantee shall submit to the Department a comprehensive procurement plan and expenditure plan, detailing a Project timeline with milestones, required

procurements, and identifying expected expenditures per milestone (collectively, "**Project Budget**"). The Department shall review and approve the Project Budget by approving a Notice of Department's Obligation ("**Notice of Obligation**"), in accordance with the Project Description, a sample of which is attached hereto as **Exhibit B** and incorporated herein by reference. After receipt of approved Notice of Obligation, the Grantee may be reimbursed for allowable costs up to the Adjusted Appropriation Amount. This Agreement and any reimbursements up to the Adjusted Appropriation Amount are expressly conditioned upon the following:

a. Irrespective of any Notice of Obligation, Grantee's expenditures shall be made in accordance with the Project Budget, on or before the Reversion Date and/or, if applicable, any Early Termination Date; and
b. The total amount received by Grantee shall not exceed the lesser of:
    i. the Adjusted Appropriation Amount identified in Article I (B) herein; or
    ii. the total of all amounts stated in the Notice(s) of Obligation evidencing the Department has received and accepted Grantee's Third Party Obligation(s); and
c. Grantee's expenditures are made and accounted for pursuant to the State Procurement Code, State's Model Accounting Practices, and execution of binding written obligations or purchase orders with third-party contractors or vendors for the provision of services, including professional services, or the purchase of tangible personal property and real property for the Project ("**Third Party Obligations**"); and
d. Grantee's submittal of timely Requests for Payment and supporting documentation in accordance with the procedures set forth in this Agreement; and
e. In the event capital assets acquired with Project funds are to be sold, leased, or licensed to or operated by a private entity, the sale, lease, license, or operating agreement:
    i. must be approved by the applicable oversight entity (if any) in accordance with §§ 13-6-2, 13-6-2.1, and 13-6-3; or
    ii. If no oversight entity is required to approve the transaction, the Department of Finance and Administration's Infrastructure Planning Development Division (IPDD) must approve it as complying with the law.

B. Prior to the sale, lease, license, or operating agreement being approved pursuant to Articles II(A)(e)(i) or (ii) herein, the Department may, in its sole and absolute discretion, unless inconsistent with State Board of Finance imposed conditions, reimburse Grantee for necessary expenditures incurred to develop the Project sufficiently to make the sale, lease, license, or operating agreement commercially feasible, limited to planning and design expenditures; and

C. Grantee's submission of documentation of all Third Party Obligations and amendments thereto (including terminations) to the Department and the Department's issuance of a Notice of Obligation for a particular amount in accordance with the terms of this Agreement shall be governed by the following:

a. Grantee is authorized to budget the particular amount set forth in the Notice of Obligation, execute the Third Party Obligation, and request the Third Party to begin work after issuance of a Notice of Obligation by the Department.
b. Grantee acknowledges and agrees that any Third Party Obligations agreed to prior to receiving a Notice of Obligation are its sole responsibility.
c. Grantee shall submit to the Department one copy of all Third Party Obligations and amendments thereto (including terminations) as soon as possible after execution by the

Third Party but prior to execution by the Grantee.

d. Department may, in its sole and absolute discretion, issue a Notice of Obligation for the particular amount of a Third Party Obligation that only obligates the Department to reimburse Grantee's expenditures made on or before the Reversion Date or an Early Termination Date. The current Notice of Obligation form is incorporated herein and attached hereto as **Exhibit B**.

D. Grantee shall provide all necessary qualified personnel, materials, and facilities to implement the Project. The Grantee shall finance its share (if any) of the costs of the Project, including all Project overruns.

E. Prior to entering into this Agreement, the Department conducted a risk assessment on the Grantee and a project readiness review for the Project. In accordance with State Model Accounting Practices, FIN 9.2, if the Department determines that the expenditure of Project funds by the Grantee requires special conditions, those conditions are identified and listed in **Exhibit C**, which is attached and incorporated by reference. The Parties agree that, to the extent the Department, in its sole and absolute discretion, determines additional special conditions are necessary or that existing special conditions are no longer required, it may update **Exhibit C** from time to time without the need for a formal amendment of this Agreement.

F. Project funds shall not be used for purposes other than those authorized by the Department in accordance with the Project Description.

G. Project funds cannot be used to reimburse the Grantee for indirect Project costs unless specifically allowed by law.

III. NOTICES

The following provisions shall apply whenever written notices, including written decisions, are to be given or received related to this Agreement.

A. The Grantee designates the person(s) listed below, or their successor, as their official representative(s) concerning all matters related to this Agreement:

Grantee: City of Santa Fe
Name: Alan Webber
Title: Mayor
Address: PO Box 909, Santa Fe, NM 87504
Email: mayor@santafenm.gov
Telephone: 505-955-6590

B. The Grantee designates the person(s) listed below, or their successor, as their Fiscal Officer or Fiscal Agent concerning all matters related to this Agreement:

Grantee: City of Santa Fe
Name: Emily Oster
Title: Finance Director
Address: PO Box 909, Santa Fe, NM 87504

Email: ekoster@santafenm.gov
Telephone: 505-629-3411

C. The Department designates the persons listed below, or their successors, as the Points of Contact for matters related to this Agreement.

Department: DFA/Local Government Division
Name: Daniel Catanach
Title: Grant Manager
Address: Bataan Memorial Bldg. Rm 202, Santa Fe NM 87501
Email: danieln.catanach@dfa.nm.gov
Telephone: 505-231-6090

The Parties agree that all notices, including written decisions, related to this Agreement shall be sent to the persons named above by email or regular mail. For mailings, notices shall be deemed to have been given and received upon the date of the receiving party's actual receipt or five (5) calendar days after mailing, whichever shall first occur. In the case of email transmissions, the notice shall be deemed to have been given and received on the date reflected on the delivery receipt of the email.

IV. TERM & DEADLINE TO EXPEND FUNDS

A. The term of this Agreement shall begin on the Effective Date and terminate on the 30th day of June during the calendar year of the Reversion Date unless Terminated Before Reversion Date ("**Early Termination**") pursuant to Article V herein (collectively "**Term**").

B. The Project's funds must be expended on or before the Reversion Date and, if applicable, the Early Termination Date of this Agreement.

a. For purposes of this Agreement, it is not sufficient for the Grantee to encumber the Project funds on its books on or before the Reversion Date or Early Termination Date.
b. For purposes of this Agreement, an expenditure of funds has occurred on the date the particular quantity of goods is delivered to and received by the Grantee, title to the goods is transferred to the Grantee, and/or as of the date particular services are rendered to and accepted by the Grantee.
c. For purposes of this Agreement, an encumbrance of funds pursuant to a contract or purchase order with a third party does not qualify as an expenditure.

V. EARLY TERMINATION

A. General Provision. The Department may terminate this Agreement before the Reversion Date based on the Completion of the Project, Complete Expenditure of the Adjusted Appropriation, and/or Violation of this Agreement. Early Termination hereunder includes:

a. Termination due to completion of the Project before the Reversion Date;
b. Termination due to complete expenditure of the Adjusted Appropriation Amount before the Reversion Date;
c. Termination for violation of the terms of this Agreement; or
d. Termination for suspected mishandling of public funds, including but not limited to fraud, waste, abuse, and conflicts of interest.

B. Non-appropriation. This Agreement is expressly contingent upon the New Mexico State Legislature making sufficient appropriations and authorizations for the Project Description.

   a. If the Legislature does not appropriate the Appropriation Amount, this Agreement shall terminate upon the Department giving the Grantee written notice of such termination. Such termination shall be effective as of the effective date of the law making the non-appropriation.
      i. The Department's decision as to whether sufficient appropriations or authorizations are available shall be final. Grantee hereby waives any rights to assert an impairment of contract claim against the State of New Mexico in the event of Early Termination of this Agreement.
   b. As used herein, "non-appropriate" or "non-appropriation" includes the following actions by the New Mexico Legislature:
      i. Deauthorization, reauthorization, or revocation of a prior authorization.

C. Grant Disbursements in the Event of Early Termination. In the event of Early Termination, the Department's sole and absolute obligation to reimburse the Grantee is expressly conditioned upon the limitations set forth in Article II above.

D. Notice. Either Party may terminate this Agreement prior to the Reversion Date by providing the other Party with a minimum of fifteen (15) days advance written notice of the Early Termination. Grantee hereby waives any rights to assert an impairment of contract claim against the State of New Mexico in the event of Early Termination of this Agreement by the Department.

VI. SUSPENSION OF NEW OR FURTHER OBLIGATIONS

A. Department, in its sole and absolute discretion, may provide written notice to Grantee to suspend entering into further obligations. Upon the receipt of such written notice by the Grantee:

   a. Grantee shall immediately suspend entering into new or further written obligations with third parties;
   b. Department will suspend the issuance of any new or further Notice of Obligation under this Agreement; and
   c. Department may direct the Grantee to implement a corrective action plan in accordance with Article VI (D) herein.

B. In the event of Suspension of this Agreement, the Department's sole and absolute obligation to reimburse the Grantee is expressly conditioned upon the limitations set forth in Article II herein.

C. A suspension of new or further obligations under this Agreement shall remain in effect unless or until the date the Grantee receives written notice given by the Department informing the Grantee that the Suspension has been lifted or that the Agreement has been Early Terminated in accordance with Article V herein. If the Suspension is lifted, the Department will consider further requests for a Notice of Obligation.

D. Corrective Action Plan in the Event of Suspension. Where the Department, in its sole and absolute discretion, directs Grantee to suspend entering into new or further written obligations with third parties pursuant to Article VI(A), the Department may, but is not obligated to, require the Grantee to develop and implement a written corrective action plan to remedy the grounds for the Suspension.

a. Such a corrective action plan must be approved by the Department and be signed by the Grantee.
b. Failure to sign a corrective action plan or meet the terms and deadlines set forth in the signed corrective action plan is hereby deemed a violation of the terms of this Agreement for purposes of Early Termination, Article V(A)(c).
c. A corrective action plan shall be in addition to, and not in lieu of, any other equitable or legal remedy authorized hereunder or at law, including but not limited to Early Termination.

VII. AMENDMENTS

Unless expressly stated otherwise herein, this Agreement shall not be altered, changed, or amended except by an instrument in writing duly executed by both parties hereto with the same formalities as this agreement.

VIII. REPORTING

A. Database Reporting

a. Grantee shall provide the Department with quarterly reports of Project activity, entering the required Project information directly into a database required by the Department.
b. Additionally, Grantee shall certify on each Request for Payment form, attached hereto as **Exhibit A** and incorporated herein, that all information provided in the database is true and accurate, updates to the database have been maintained, and all Project activity complies with applicable law and the terms of this Agreement.
c. Grantee hereby acknowledges that failure to perform and/or certify updates to the database will jeopardize the reimbursement of funds. The Department shall give Grantee a minimum of fourteen (14) days' advance written notice of any changes to the information the Grantee is required to report.
d. At the Department's discretion, all reports required hereunder may be directed to and facilitated through an electronic database.
e. Quarterly reports shall be due on the last day of the month, that is, 30 days prior to the end of the quarter following the execution of this Agreement by the Department and ending during the quarter of the submission of the final request for reimbursement for the Project, or the following quarter.

B. Requests for Additional Information/Project Inspection

During the term of this Agreement and during the period of time during which the Grantee must maintain records pursuant to Article VIII, the Department may:

i. request such additional information regarding the Project as it deems necessary; and

ii. conduct, at reasonable times and upon reasonable notice, onsite inspections of the Project.

Grantee shall respond to such requests for additional information within a reasonable period of time, as established by the Department.

B. Requests for Additional Information/Project Inspection

a. During the term of this Agreement and the Record Retention Period, the Department may:
   i. Request additional information regarding the Project as it deems necessary and
   ii. Conduct on-site inspections of the Project at reasonable times and upon reasonable notice.
b. Grantee shall respond to such requests for additional information within the time established by the Department.

IX. REQUEST FOR PAYMENT PROCEDURES

A. Grantee shall request payment by submitting the form attached hereto as **Exhibit A**. Payment requests are subject to the following procedures:

a. Each Request for Payment must be in accordance with the Project Budget and contain proof of payment by the Grantee or liabilities incurred by the Grantee.
   i. Proof of payment must demonstrate the validity of an expenditure or liabilities incurred by Grantee.
   ii. However, Grantee may be reimbursed for unpaid liabilities only if the Department, in its sole and absolute discretion, agrees to do so and in accordance with any special conditions imposed by the Department.
   iii. The Grantee shall make payment to those contractors or vendors within five (5) business days from the date of receiving reimbursement from the Department or in a shorter period than the Department may prescribe in writing.
   iv. The Department reserves the right to make such payments directly to the contractors or vendors as a special condition under this Agreement.
   v. The Grantee is required to certify to the Department proof of payment to the third-party contractor or vendor within five (5) business days from the date the Department reimburses the Grantee.

B. Until the Project is fully planned, designed, and all necessary procurements identified in the Project Budget are completed, Grantee's reimbursements will be limited to the planning, design, and procurement costs outlined in the Project Budget. Once the planning, designing, and procuring stages are complete, the Grantee must obligate at least ten percent (10%) of the Adjusted Appropriation Amount within one (1) year and must have utilized at least eighty-five percent (85%) of the Adjusted Appropriation Amount six (6) months before the reversion date.

C. Deadlines. Grantee shall submit requests for Payments to the Department on the earlier of:

a. Immediately as Grantee receives them, but at a maximum of thirty (30) days from when Grantee incurred the expenditure or liability; or

b. Twenty (20) days from the date of Early Termination or Reversion Date for expenditures or liabilities incurred before the Early Termination date or Reversion Date.

D. Grantee's failure to abide by the requirements set forth in Article II and Article IX herein may result in the denial of its Request for Payment. Department reserves the right to reject a payment request for the Project unless and until it is satisfied that the expenditures or liabilities are for permissible purposes within the meaning of the Project Description, identified within the Project Budget, and that the Grantee is otherwise in compliance with this Agreement.

a. Department's authority to reject any Request for Payment is in addition to, and not in lieu of, any other legal or equitable remedy available to the Department under this Agreement, at law, or in equity.

X. PROJECT CONDITIONS AND RESTRICTIONS

A. The following general conditions and restrictions shall apply to the Project:

a. The Project's funds must be spent in accordance with all applicable state laws, regulations, policies, and guidelines, including, but not limited to, the State Procurement Code.
b. The Project's expenditures and liabilities must be accounted for in accordance with the State's Model Accounting Practices, as amended from time to time.
c. The Project must be implemented in accordance with the New Mexico Public Works Minimum Wage Act, Section 13-4-10 through 13-4-17 NMSA 1978, as applicable.
d. The Project must provide a public benefit above and beyond any incidental benefit to private entities in accordance with applicable law, including, but not limited to, Article IX, Section 14 of the Constitution of the State of New Mexico.
e. Without prior written approval from the Department and State Board of Finance, for the useful life of any asset purchased under this Agreement, Grantee shall not convert any property acquired, built, renovated, repaired, designed, or developed with Project funds to uses other than those specified in the Project Description.
    i. In addition to other remedies available at law or in equity, any disposal or conversion of property acquired, built, renovated, repaired, designed, or developed with Project funds without the Department's and the Board of Finance's express written approval will trigger the Department's right to reimbursement from Grantee of the Appropriated Amount, transfer proceeds from any disposition of property to the State, or otherwise provide consideration to the State for the Appropriated Amounts.
f. Grantee shall comply with all applicable federal and state laws, rules, and regulations pertaining to civil rights and equal employment opportunity.
    i. In accordance with all such laws, rules, and regulations, the Grantee agrees to assure that no person shall, on the grounds of race, color, national origin, sex, sexual preference, age, or handicap, be excluded from participation in the Project, use of the Project, employment with Grantee, or otherwise be denied benefits/subject to discrimination for any activity performed under this Agreement.
g. Where the Department, in its sole and absolute discretion, determines Grantee has failed to comply with the above conditions and restriction, Grantee agrees to take appropriate

steps to correct any deficiencies immediately. The Grantee's failure to implement such appropriate steps within a reasonable time, but no longer than thirty (30) days after notice from the Department, constitutes a breach of this Agreement and grounds for Early Termination.

XI. REPRESENTATIONS AND WARRANTIES

A. Reliance by Department.

a. Grantee expressly acknowledges that the Department relies on the representations and warranties made by Grantee in this Agreement. Grantee acknowledges that such representations and warranties are a material inducement for the Department to enter into this Agreement and provide the Appropriated Amount.
b. Grantee shall ensure all representations and warranties provided herein are true, accurate, and complete as of the date of the Effective Date and shall remain so throughout the Term of this Agreement. Grantee is responsible for promptly notifying the Department in writing of any changes or inaccuracies in the representations and warranties contained herein.

B. Grantee hereby represents and warrants the following:

a. Grantee has taken all necessary steps to attain the legal authority to receive and expend the Project's funds.
b. Grantee has duly authorized this Agreement, and the person executing it has authority to do so. Once executed by Grantee, this Agreement shall constitute a binding obligation of Grantee, enforceable according to its terms.
c. Grantee's obligations hereunder do not conflict with any law, ordinance, or resolution applicable to Grantee, Grantee's charter (if applicable), or any judgment or decree to which Grantee is subject.
d. Grantee has independently confirmed that the Project Description, including, but not limited to, the Appropriated Amount and Reversion Date, is consistent with the underlying appropriation in law.
e. Grantee's governing body has duly adopted or passed as an official act a resolution, motion, or similar action authorizing the person identified as the official representative of the Grantee to sign and submit Requests for Payment on behalf of Grantee.
f. Grantee will abide by New Mexico laws regarding conflicts of interest, governmental conduct, and whistleblower protection.
    i. Grantee agrees explicitly none of its officers or employees or its designees or agents, no member of the governing body, and no other public official of Grantee who exercises any function or responsibility with respect to this Agreement, shall have any interest, direct or indirect, in any contract or subcontract, or the proceeds thereof, for the Project.
    ii. Further, Grantee will require all of its contractors to incorporate the language set forth in this paragraph prohibiting conflicts of interest in all subcontracts.
g. No funds have been paid or will be paid, by or on behalf of the Grantee, to any person for influencing or attempting to influence an officer or employee of the State, any agency, or body in connection with the awarding of any Third Party Obligation.
    i. Grantee will require certifying language prohibiting lobbying to be included in the award documents for all subawards, including subcontracts, loans, and cooperative agreements.

C. Consequences of False or Misleading Representations. If any representation or warranty made by Grantee is found to be false or misleading, the Department shall have the right to exercise any or all of the following remedies:

a. **Termination of Agreement:** Department may terminate this Agreement immediately upon written notice to the Grantee.
b. **Repayment of Grant Funds:** Grantee shall repay all Appropriated Amounts disbursed under this Agreement, upon demand by the Department.
c. **Other Remedies:** Department may pursue any other remedies available at law or in equity.

D. Survival of Representations and Warranties. The representations and warranties made by the Grantee shall survive the Early Termination or expiration of this Agreement.

XII. PROJECT RECORDS

A. Grantee shall be strictly accountable for receipts and disbursements relating to the Project's funds. The Grantee shall follow generally accepted accounting principles and the State's Model Accounting Practices and, if feasible, maintain a separate bank account or fund with a separate organizational code to ensure separate budgeting and accounting of the funds.

B. For six (6) years following the Project's completion ("**Record Retention Period**"), Grantee shall maintain all Project-related records, including, but not limited to, all financial records, requests for proposals, invitations to bid, selection and award criteria, contracts and subcontracts, advertisements, minutes of pertinent meetings, as well as records sufficient to fully account for the amount and disposition of the Appropriated Amount from all sources budgeted for the Project, the purpose for which such funds were used, and such other records as the Department may prescribe.

C. Grantee shall make all Project records available to the Department, the Department's Independent Public Accountant, and the New Mexico State Auditor upon request. With respect to the funds that are the subject of this Agreement, if the State Auditor or the Department finds any funds were improperly expended, Grantee shall be required to reimburse the State all amounts found to be improperly expended.

XIII. IMPROPERLY REIMBURSED FUNDS

If the Department determines part or all of the Appropriation Amount was improperly reimbursed to Grantee, including but not limited to funds reimbursed to Grantee based upon fraud, mismanagement, misrepresentation, misuse, violation of law by the Grantee, after ten (10) days' notice to Grantee and the opportunity to return such funds to the Department, the Department may offset any funds due to Grantee from the State, until the Appropriation Amount is fully repaid.

XIV. LIABILITY

Neither Party shall be responsible for liability incurred as a result of the other Party's acts or omissions in connection with this Agreement. Any liability incurred in connection with this Agreement is subject to immunities and limitations of the New Mexico Tort Claims Act.

XV. SCOPE OF AGREEMENT

This Agreement constitutes the entire and exclusive agreement between the Parties concerning the subject matter hereof. The Agreement supersedes all prior or contemporaneous agreements, understandings, discussions, communications, and representations, written or verbal.

XVI. REQUIRED NON-APPROPRIATIONS CLAUSE

A. Grantee acknowledges and agrees to include a "non-appropriations" clause in all contracts between it and other parties that are (i) funded in whole or part by funds made available under this Agreement and (ii) entered into after the effective date of this Agreement that states:

   a. "The terms of this Agreement are contingent upon sufficient appropriations and authorization being made by the Legislature of the State of New Mexico ("**Legislature**") for the performance of this Agreement.
   b. If the Legislature does not make sufficient appropriations and authorization, City of Santa Fe may immediately terminate this Agreement by giving Contractor written notice of such termination.
   c. The City of Santa Fe's decision as to whether sufficient appropriations are available shall be final and accepted by the Contractor. Contractor hereby waives any rights to assert an impairment of contract claim against the City of Santa Fe or the State of New Mexico in the event of immediate or Early Termination of this Agreement by the City of Santa Fe or the State Department of Finance and Administration."

XVII. REQUIRED TERMINATION CLAUSE

A. Grantee acknowledges and agrees to include the following termination clause in all contracts that are (i) funded in whole or part by funds made available under this Agreement and (ii) entered into after the effective date of this Agreement:

   a. "This contract is funded in whole or in part by funds made available by the State of New Mexico ("**State**"). Should the State terminate its Agreement with the City of Santa Fe, the City of Santa Fe may terminate this contract immediately by providing Contractor written notice of such termination.
   b. In the event of termination pursuant to this paragraph, the City of Santa Fe's only liability to Contractor shall be for goods and services delivered and accepted prior to the termination date."

XVIII. COMPLIANCE WITH UNIFORM FUNDING CRITERIA

A. Throughout the term of this Agreement, Grantee shall:

a. Submit all reports of annual audits and agreed-upon procedures required by § 12-6-3(A)-(B), NMSA 1978 by the due dates established in § 2.2.2 NMAC, reports of which must be a public record pursuant to § 12-6-5(A), NMSA 1978 within forty-five (45) days of delivery to the State Auditor;
b. Have a duly adopted budget for the current fiscal year approved by its budgetary oversight agency (if any);
c. Timely submit all required financial reports to its budgetary oversight agency (if any); and
d. Use accounting methods and procedures consistent with Generally Accepted Accounting Principles and the State's Model Accounting Principals to expend the Appropriated Amount in accordance with applicable law and account for and safeguard Project funds and assets acquired with Project funds.

B. In the event Grantee fails to comply with the requirements of subparagraph A of this Article XVIII, Department may take one or more of the following actions:

a. Suspend new or further obligations pursuant to Article VI(A) of this Agreement;
b. Require the Grantee to develop and implement a written corrective action plan pursuant to Article VI(D) of this Agreement to remedy the non-compliance;
c. Impose special conditions to address the non-compliance by giving Grantee notice of such special conditions in accordance with Article III of this Agreement;
    i. The Parties agree that any special conditions imposed to address non-compliance shall be incorporated into this Agreement, through **Exhibit C**, upon notice to Grantee, without need for formal amendment of this Agreement;
    ii. Special conditions shall be binding and effective on the date that notice is deemed to have been given pursuant to Article III or
d. Terminate this Agreement pursuant to Article V(A) of this Agreement.

XIX. SEVERANCE TAX AND GENERAL OBLIGATION BONDS

A. Grantee acknowledges and agrees that the underlying appropriation for the Project may originate from the issuance of tax-exempt severance tax bonds or general obligation bonds by the State. Proceeds from such bonds are administered by the New Mexico State Board of Finance ("**SBOF**"), an entity separate and distinct from the Department.

a. Grantee acknowledges and agrees:
    i. It is Grantee's responsibility to determine through SBOF what (if any) conditions are currently imposed on the Project;
    ii. Department's failure to inform Grantee of an SBOF-imposed condition does not affect the validity or enforceability of the condition;
    iii. The SBOF may in the future impose further or different conditions upon the Project;
    iv. All SBOF conditions are attached to the Project and Appropriation Amount without the need for formal amendment of this Agreement;
    v. All applicable SBOF conditions must be satisfied before the SBOF will release to the Department funds subject to the condition(s) and
    vi. The Department's obligation to reimburse Grantee from the Project is expressly contingent upon the satisfaction of the then-current SBOF conditions.

B. Grantee acknowledges and agrees SBOF may, at its sole and absolute discretion, require reimbursement or remove eligibility for bond proceeds for the Project if the Project doesn't proceed sufficiently.

   a. Grantee must comply with the requirement to encumber five percent (5%) of Project funds within six months of bond issuance as certified by Grantee in the Bond Questionnaire and Certification documents submitted to the SBOF.
   b. Failure to comply may result in the reassignment of the bond proceeds. Upon reassignment of bond proceeds, this Agreement will be suspended until the entity has demonstrated readiness as determined by the SBOF and the Department.

C. Grantee acknowledges and agrees that this Agreement is subject to the SBOF's Bond Project Disbursements rule, § 2.61.6, NMAC, as may be amended from time to time or re-codified.

XX. GENERAL PROVISIONS

A. Assignment: Grantee's rights and obligations under this Agreement are personal and may not be transferred or assigned without the prior written consent of the State. Any attempt at assignment or transfer without such consent shall be void. Any assignment or transfer of Grantee's rights and obligations approved by the State shall be subject to the provisions of this Agreement.

B. Subcontractors: Grantee shall not enter any subgrant or subcontract in connection with its obligations under this Agreement without the prior written approval of the State. Upon request, Grantee shall submit to the Department a copy of each such subgrant or subcontract.

C. Binding Effect: Except as otherwise provided, all provisions of this Agreement, including the benefits and burdens, shall extend to and be binding upon the Parties' respective successors and assigns.

D. Authority: Each Party represents and warrants to the other that the execution and delivery of this Agreement and the performance of such Party's obligations have been duly authorized.

E. Captions and References: The captions and headings in this Agreement are for the convenience of reference only and shall not be used to interpret, define, or limit its provisions. All references in this Agreement to sections (whether spelled out or using the § symbol), subsections, exhibits, or other attachments are references to sections, subsections, exhibits, or other attachments contained herein or incorporated as a part hereof, unless otherwise noted.

F. Counterparts: This Agreement may be executed in multiple, identical, original counterparts, each of which shall be deemed to be an original, but all of which, taken together, shall constitute the same agreement.

G. Digital Signatures: If any signatory signs this agreement using a digital signature in accordance with the State Policies regarding the use of digital signatures, then any agreement or consent to use digital signatures within the electronic system through which that signatory signed shall be incorporated into this Agreement by reference.

H. Modification: Except as otherwise provided in this Agreement, any modification to this Agreement shall only be effective if agreed to in a formal amendment, properly executed and

approved in accordance with applicable New Mexico law and State fiscal policies and rules. Modifications permitted under this Agreement, other than Agreement amendments, shall conform to the policies issued by the State.

I. Statutes, Regulations, Fiscal Rules, and Other Authority: Any reference in this Agreement to a statute, regulation, policy, or other authority shall be interpreted to refer to such authority then current, as may have been changed or amended after the Effective Date of this Agreement.

J. External Terms and Conditions: Notwithstanding anything to the contrary herein, the State shall not be subject to any provision included in any terms, conditions, or agreements appearing on Grantee's or a subcontractor's website or any provision incorporated into any click-through or online agreements related to the Work unless that provision is specifically referenced in this Agreement.

K. Severability: The invalidity or unenforceability of any provision of this Agreement shall not affect the validity or enforceability of any other provision of this Agreement, which shall remain in full force and effect, provided that the Parties can continue to perform their obligations under this Agreement in accordance with its intent.

L. Survival of Certain Agreement Terms: Any provision of this Agreement that imposes an obligation on a Party after the termination or expiration of this Agreement shall survive the termination or expiration of this Agreement and shall be enforceable by the other Party.

M. Third Party Beneficiaries: Except for the Parties' respective successors and assigns described in this Agreement, it does not and is not intended to confer any rights or remedies upon any person or entity other than the Parties. Enforcement of this Agreement and all rights and obligations hereunder are reserved solely to the Parties. Any services or benefits that third parties receive as a result of this Agreement are incidental to this Agreement and do not create any rights for such third parties.

N. Waiver: A Party's failure or delay in exercising any right, power, or privilege under this Agreement, whether explicit or by lack of enforcement, shall not operate as a waiver, nor shall any single or partial exercise of any right, power, or privilege preclude any other or further exercise of such right, power, or privilege.

O. Standard and Manner of Performance: Grantee shall perform its obligations under this Agreement in accordance with the highest standards of care, skill, and diligence in Grantee's industry, trade, or profession.

P. Licenses, Permits, and Other Authorizations: Grantee shall secure, prior to the Effective Date, and maintain at all times during the term of this Agreement, at its sole expense, all licenses, certifications, permits, and other authorizations required to perform its obligations under this Agreement and shall ensure that all employees, agents, and subcontractors secure and maintain at all times during the term of their employment, agency or subcontractor, all license, certifications, permits and other authorizations required to perform their obligations in relation to this Agreement.

Q. Publicity: Any Publicity regarding the subject matter of this Agreement may not be released without prior written approval from the Department. For purposes of this agreement, "**Publicity**" means notices, informational pamphlets, press releases, email responses, research, reports, signs, and similar public notices prepared by or for the Grantee or jointly with others.

a. Grantee shall obtain written approval prior to issuing any press release or making any public announcement regarding this agreement. Grantee agrees to obtain approval of the Department in advance with respect to all Public Relations, all communications with media, or all communications with any other member of the public with respect to this agreement, except to acknowledge that an agreement does exist.
b. For purposes of this agreement, "Public Relations" includes community relations and means those activities dedicated to maintaining the Department's image or maintaining or promoting understanding and favorable relations with the community or public at large or any segment of the public.
c. Violations of either Article XX (Q)(a) or (b) shall constitute a material Breach of Agreement.

R. Data Sharing: The State intends to secure and collate specific data generated by Grantee under this Agreement to use in support of the State's organizational, policy-making, and management of public resource functions. State, in accordance with **Exhibit E**, attached hereto and incorporated herein by reference, reserves the right to require Grantee and/or its subcontractors to provide specific data relevant to the above-listed functions. Data provided by Grantee may be incorporated into existing or future developed State integrated analysis tools or databases, including but not limited to geographic information system (GIS) networks and databases accessible by the public. Dissemination of data collected may include historical data and projections based on such historical data.

a. To the extent any data transferred as part of this Agreement is legally determined to be the property of Subrecipient or its subcontractors, Subrecipient and/or its subcontractors grants State a nonexclusive, fully paid-up right and license to reproduce, use, distribute, do derivative works based on, and archive data transferred as part of this Agreement.

S. Venue and Choice of Law: This Agreement shall be governed by and construed in accordance with the laws of the State of New Mexico, without regard to any conflict of law provisions. Any legal suit, action, or proceeding arising out of or related to this Agreement shall be instituted exclusively in the district courts located in Santa Fe, New Mexico. The Parties hereby irrevocably submit to the exclusive jurisdiction and venue of such courts in any such suit, action, or proceeding. The Parties waive any objection to the laying of the venue of any such suit, action, or proceeding in the district courts of Santa Fe, New Mexico, and irrevocably waive and agree not to plead or claim in any such court that any such suit, action, or proceeding brought in any such court has been brought in an inconvenient forum.

1 Administrative and/or Indirect Cost – generally, the legislation authorizing the issuance of bonds prohibits the use of its proceeds for indirect expenses (e.g. penalty fees or damages other than pay for work performed, attorney fees, and administrative fees). Such use of bond proceeds shall not be allowed unless specifically authorized by statute.

Revised 7/2025

[THIS SPACE LEFT BLANK INTENTIONALLY]

OPTIONAL EXHIBIT C
SPECIAL CONDITIONS

The capital outlay oversight requires grantees' accounting methods and procedures, including their internal control framework, to be scrutinized, so as to safeguard State capital outlay appropriations and assets acquired with such appropriations.

This Capital Outlay Special Grant Condition(s) **Exhibit C** is necessary pursuant to § 6-3b-1 et seq., NMSA 1978 (Public Finance Accountability Act) and MAPS Fin 9.2, due to the Grantees' material weaknesses, significant deficiencies, or findings that raised concerns as to the ability to expend grant funds in accordance with applicable law in the organization's FY[20XX] audit. The Special Conditions identified below apply to the authorized agent, [insert the Grantee or Fiscal Agent name].

Procurement - All purchases or contracts the Grantee enters that shall use funding from the Department capital appropriations grant must be approved by the Department prior to the initiation of implementing purchasing documents. The Grantee shall receive such prior approval via official correspondence from the Department, which may be through letter or email. The Grantee shall submit the following to the Department in pursuit of prior approval: purchasing policies and procedures, CFO certification, documentation of management and program approval, policies and procedures governing purchasing and contracting, a copy of the current procurement and contracting policies, and documentation regarding informing staff responsible for purchasing and contracting on such policies and procedures.

Budget - Provide documentation of approval of your current budget from DFA Local Government or other authoritative agency. Provide policies and procedures on who is responsible for and how annual budgets (expenditures and revenue) are established, monitored and adjusted. Provide a corrective action plan on how budget issues identified in your audit will be/have been addressed. Also include documentation on how staff responsible for budgeting is informed on budget policies and procedures.

Capital Assets - Provide a complete list of inventory including inventory control numbers and current location. Provide policies and procedures on capital assets and inventory and specify how the proposed purchased items will be included, tagged, and tracked in capital asset inventory. Also include documentation on how staff responsible for capital assets is informed on capital asset policies and procedures.

Travel and Per Diem - Provide policies and procedures on travel and per diem. Also include how staff who travel and those responsible for travel reimbursement are informed on travel and per diem policies and procedures.

Timely Audits – Provide policies and procedures on annual audits. Provide documentation on how and who is responsible for insuring that annual audits are completed timely. Also include documentation on how staff responsible for the annual audit is informed on audit policies and procedures.

Cash Management – policies and procedures on cash management of federal funds. Provide procedures used to draw and disburse federal funds. Provide procedures to reconcile draw amounts, deposits and disbursements; and to prepare federal cash reporting documents to ensure compliance with federal regulations.

The <Grantee> was required to, and has provided sufficient documentation regarding [insert specific names of the Special Condition(s)], as referenced in the <Grantee>'s [20XX] Audit file. Therefore, the criteria to enter into this agreement have been met.

Exhibit E

Data Sharing Provisions for New Mexico Capital Outlay Agreements

I. Introduction:

This Data Sharing Provisions Exhibit ("Exhibit") is incorporated into the New Mexico Capital Outlay Agreements ("Agreements") between the State of New Mexico ("State") and [Insert Partner Name] ("Partner"). This Exhibit outlines the terms and conditions under which data will be shared between the Parties to ensure compliance with New Mexico state laws and regulations, focusing on data privacy, security, and compliance.

II. Definitions:

a. Authorized User: An employee, agent, assign, representative, independent contractor, or other person or entity authorized by Partner or State to access, use, or disclose information through this exhibit.

b. Confidential Information: All data or information shared in confidence, with the expectation that it will not be disclosed in an identifiable form. This includes data that is exempt from public disclosure under the New Mexico Inspection of Public Records Act (§ 14-2-1 et seq. NMSA 1978) or other relevant laws.

c. Data Storage: Electronic media that hold recorded information.

d. Data Transmission: The process of moving information over a network from its source to one or more destinations.

e. Direct Identifier: Records or data containing personal identifiers such as names, addresses, and social security numbers.

f. Disclosure: Permission to access, release, transfer, or otherwise communicate confidential information by any means to any third party, except as authorized by the Party that controls the record.

g. Encryption involves using algorithms to encode data, rendering it unreadable without a specific key. It may be necessary during data transmission and/or storage.

h. Information: Any data, figures, statistics, or other facts provided or learned about someone or something, including Confidential Information, that may be legally transmitted under this Exhibit.

i. Limited Dataset: A data file that omits Direct Identifiers.

j. Protected Personally Identifiable Information: Sensitive personal details such as social security numbers and financial account numbers, with specific exclusions as outlined in the Agreements.

III. Purpose:

The purpose of this exhibit is to promote transparency, facilitate information sharing between the parties, support better policy and decision-making, and enhance public services through collaborative

[THIS SPACE LEFT BLANK INTENTIONALLY]

data analysis from various sources.

IV. Use of Information:

a. Use of Information obtained or created under this exhibit shall be strictly limited to the purposes stated herein and in the agreements. The parties agree not to sell Information to third parties or use it for commercial, solicitation, or political purposes.

b. Each Party shall serve as the custodian of the Information and comply with all conditions for its use, including security measures to prevent unauthorized access.

c. The Parties shall follow all relevant federal and state laws and regulations governing the use of such Information.

V. Safeguarding Information:

a. Confidentiality: Access to Confidential Information shall be limited to the minimum necessary to accomplish the purposes of this Exhibit. Authorized Users must adhere to the confidentiality requirements.

b. Security: Security practices shall comply with the requirements of the New Mexico Department of Information Technology Act and related regulations. The Parties agree to notify each other within three business days of any suspected or actual security breach.

c. Information Storage and Transmission: Data Storage and Transmission shall take place on an encrypted server with appropriate security controls.

VI. Re-Disclosure of Information:

The Parties agree not to disclose Information except as required by law or with prior written approval of the other Party. If there is a public records request, the Party receiving it shall notify the other Party within three business days.

VII. Ownership of Information:

Legal title to Information shall remain with the provider. The Partner grants the State a royalty-free, non-exclusive, non-transferable license to use the Information in furtherance of the purposes outlined in this Exhibit.

CITY OF SANTA FE

Date: December 3, 2025

To: Governing Body

From: Caryn Grosse, PMP, Public Works Project Manager III

Via: Sam Burnett, Interim Public Works Department Director JOHN BURNETT (Dec 8, 2025 07:29:59 MST)
Tim Farrell, Interim Facilities Division Director Timothy Farrell

Subject: On-Call Price Agreement for City-Wide Miscellaneous Construction Services

Vendor Name: Davenport Construction Management LLC

Vendor Number: 8997

ACTION:
Request for Approval of an On-Call Price Agreement with Davenport Construction Management LLC in the Total Amount of $10,000,000 Including NMGRT for City-Wide Miscellaneous Construction Services for a Term of 10 Years. (Caryn Grosse, Public Works Project Manager III, clgrosse@santafenm.gov)

CONTRACT NUMBER:
The FY26 Munis Contract Number is 3260205.

BACKGROUND AND SUMMARY:
The Public Works Department Facilities Division uses on-call services to augment the skills, licensure, and capacity of staff to address facility issues and emergencies in a timely, safe, and compliant manner. The Facilities Division typically maintains on-call contracts for general contracting, mechanical, electrical, plumbing, roofing, remediation, and landscaping services.

In accordance with the Invitation to Bid (ITB No. 25163) for On-Call City-Wide Miscellaneous Construction Services, multiple responsive vendors were selected for contracts based on lowest bidder and performance criteria: AnchorBuilt Inc., B&D Industries Inc., Davenport Construction Management LLC, Enviroworks LLC, JDR & Associates, LLR Construction LLC, and Unified Contractor, Inc. Davenport Construction has provided services throughout the City and has proven to be cost-effective, reliable, and capable of consistently providing high quality results.

On-call contracts are not a guarantee of payment. These contracts are only used, and purchase orders issued, as needs arise and funding is available. The $10,000,000 (including 8.1875% NMGRT) maximum for this contract is based on the historical and anticipated needs across the City over the next ten years.

CITY OF SANTA FE

ON-CALL PRICE AGREEMENT

CONSTRUCTION CONTRACT

City-Wide Miscellaneous Construction Services

THIS CONTRACT is made and entered into by and between the City of Santa Fe, New Mexico, hereinafter referred to as the "City," and **Davenport Construction Management LLC**, hereinafter referred to as the "Contractor," and is effective as of the date set forth below upon which it is executed by the Parties.

RECITALS

WHEREAS, the City, through its Governing Body, is authorized to enter into an On-Call Price Agreement for the project; and

WHEREAS, the City has procured this Contract according to the established State and Local Purchasing procedures for contracts of the type and amount; and

The City and the Contractor hereby agree as follows:

1. Scope of Work

A. The Contractor shall perform the following work in accordance with their Bid Pricing, attached hereto and made a part thereof, as Exhibit A:

1. This work shall include Miscellaneous General Contracting work for the City of Santa Fe.

2. The Contractor shall be required to provide On-Call Miscellaneous Construction Services for any number of the activities listed under this Scope of Work upon the request of the City. Once a need is identified, the City's Engineers, Project Managers, and Project Administrators (collectively "Project Manager") may issue Task Orders for items described herein. The terms and conditions shall be incorporated in each Task Order issued hereunder. Once a need is identified, the Project Manager will issue a written Task Order to the Contractor detailing the services required. Upon receiving the Task Order, the Contractor shall promptly provide the Project Manager with an estimate, based upon the rates included in their ITB, a cost summary, and a proposed schedule required to complete the assignment or task. Project schedules, negotiated price, and completion dates shall be determined on project-by-project basis and dependent upon the urgency of that task. The

Contractor may be required to do some of the work in phases. The City's Project Manager may issue a Notice to Proceed by signing the Notice after the task price and schedule are finalized by the Contractor, subject to the exception in Article 1(A)(3) below. The Contractor shall be required to provide the requested labor and all equipment and materials within one week of a request issuance of a Notice to Proceed unless otherwise arranged. The Contractor shall agree to provide required labor within 24 hours for emergency situations whenever possible. The Contractor shall not perform any work without a Notice to Proceed signed by the Project Manager, and the City shall not pay for any work performed without a signed Notice to Proceed.

3. If a Task Order does not specify which City division is issuing the Task Order, Contractor shall enquire before acting on a Notice to Proceed. For any City division other than the Public Works Facilities Division the Notice to Proceed is effective only if written approval of the scope of work from the Facilities Division Director is attached.

4. Contractor is responsible for all required permits, licenses, and inspections required to perform this work, and shall comply with applicable municipal, county, state, and federal requirements. Contractor shall be responsible for verification of all existing conditions, measurements, dimensions, adherence to the Contract Documents, Construction Documents, Specifications, and approved directives.

B. Distribution:

City:	Contractor:
Caryn Grosse, PMP Project Manager III City of Santa Fe Facilities Division 2651 Siringo Road, Building E Santa Fe, NM 87505-5229	Greg Icenogle Owner Davenport Construction Management LLC 3201 Mercantile Ct., Suite A Santa Fe, NM 87507

C. Price Adjustments:

The awarded vendor shall maintain fixed pricing for each year of this contract, defined as twelve (12) months starting on and including the Effective Date. Pricing may be adjusted no more than once annually to commercially reasonable rates through an amendment to the price list attached as Exhibit A signed by Contractor and the City's Director of Public Works. Amendments to Exhibit A do not alter Contractor's maximum total compensation pursuant to Article 2 (Compensation) below. The Contractor must submit all pricing increase requests in writing to the City of Santa Fe designated department contact, providing evidence that the request is based on demonstrable market changes impacting the cost of products and services. The request must itemize all proposed changes by line item and include supporting documentation deemed acceptable by the City of Santa Fe (such as a letter from a manufacturer indicating price increases, etc.). The City's decision on acceptable documentation in this context shall be final and binding upon all parties to the contract. No price increase shall result in a higher profit margin. Pricing changes will apply to orders entered on or after the effective date of the price change. Price increases will not be retroactive to purchase orders already issued. Orders will be filled at the price indicated in the purchase order issued by the City.

To facilitate prompt consideration, all requests for price increases must include the following information:

i. Contract Item Number
ii. Current Item Price
iii. Proposed New Price
iv. Percentage of Increase
v. Mill/Supplier Notification of price increase indicating percentage of increase and including the reason for the increase.

2. ITB Compensation

A. Payment. The City shall compensate the Contractor based on Task Orders and the itemized amounts specified in Exhibit A. For the services described in the scope of work, the City will pay the Contractor up to, but not to exceed, $10,000,000.00. The applicable gross receipts tax (8.1875%) shall be shown as a separate amount on each billing or request for payment made under the contract, consistent with NMSA 1978, Section 13-1-108.

B. The compensation represents a maximum amount. The Contractor must notify the City when the Services provided under this Contract approach 90% of compensation total. Services rendered beyond the maximum compensation amount will not be reimbursed unless the Contract is amended in writing prior to the provision of such services.

C. Invoicing and Payment Terms Payment will be made upon the City's acceptance of deliverables and receipt of a detailed, certified invoice from the Contractor. Payments will be sent to the Contractor's designated address. The City shall issue payment in accordance with the timelines required by law. Invoices must be submitted no later than fifteen (15) days after the Contract's termination. Late invoices will not be processed or paid.

D. Extended Payment Terms for Grant-Funded Contracts. For grant-funded agreements, the City may issue payment within forty-five (45) days following submission of an undisputed payment request.

3. Term

THIS CONTRACT SHALL NOT BECOME EFFECTIVE UNTIL APPROVED BY THE CITY. This Contract shall terminate ten (10) years from date of final signature unless terminated pursuant to Paragraph 4 (Termination) or Paragraph 5 (Appropriations). A contract for construction services may not exceed ten (10) years, including all extensions and renewals, except as otherwise provided by NMSA 1978, Section 13-1-150 through 13-1-152 or SFCC 1987, Section 11-13.

4. Termination

A. Grounds. The City may terminate this Contract for convenience or cause. For contracts within their authority, the City Manager or their designee is authorized to provide the notice of termination, otherwise such notice of termination shall be provided by the Mayor or their designee as authorized by the Governing Body. The Contractor may only terminate this Contract based upon the City's uncured, material breach of this Contract.

i. Except as otherwise provided in Paragraphs 7.A and 17, the City shall give

Contractor written notice of termination at least thirty (30) days prior to the intended date of termination.

ii. Contractor shall give City written notice of termination at least thirty (30) days prior to the intended date of termination, which notice shall (i) identify all the City's material breaches of this Contract upon which the termination is based and (ii) state what the City must do to cure such material breaches. Contractor's notice of termination shall only be effective (i) if the City does not cure all material breaches within the thirty (30) day notice period or (ii) in the case of material breaches that cannot be cured within thirty (30) days, the City does not, within the thirty (30) day notice period, notify the Contractor of its intent to cure and begin with due diligence to cure the material breach.

iii. Notwithstanding the foregoing, this Contract may be terminated immediately upon written notice to the Contractor (i) if the Contractor becomes unable to perform the services contracted for, as determined by the City; (ii) if, during the term of this Contract, the Contractor is suspended or debarred by the City; or (iii) the Contract is terminated pursuant to Paragraph 5, "Appropriations," of this Contract.

B. Liability. Except as otherwise expressly allowed or provided under this Contract, the City's sole liability upon termination shall be to pay for acceptable work performed prior to the Contractor's receipt or issuance of a notice of termination; provided, however, that a notice of termination shall not nullify or otherwise affect either party's liability for pre-termination defaults under or breaches of this Contract. The Contractor shall submit an invoice for such work within thirty (30) days of receiving or sending the notice of termination. *THIS PROVISION IS NOT EXCLUSIVE AND DOES NOT WAIVE THE CITY'S OTHER LEGAL RIGHTS AND REMEDIES CAUSED BY THE CONTRACTOR'S DEFAULT/BREACH OF THIS CONTRACT.*

5. Appropriations

The terms of this Contract are contingent upon sufficient appropriations and authorization being made by the Governing Body for the performance of this Contract. If sufficient appropriations and authorization are not made by the Governing Body, this Contract shall terminate immediately upon written notice being given by the City to the Contractor. The City's decision as to whether sufficient appropriations are available shall be accepted by the Contractor and shall be final. If the City proposes an amendment to the Contract to unilaterally reduce funding, the Contractor shall have the option to terminate the Contract or to agree to the reduced funding, within thirty (30) days of receipt of the proposed amendment.

6. Status of Contractor

The Contractor and its agents and employees are independent contractors performing construction services for the City and are not employees of the City. The Contractor and its agents and employees shall not accrue leave, retirement, insurance, bonding, use of City vehicles, or any other benefits afforded to employees of the City as a result of this Contract. The Contractor acknowledges that all sums received hereunder are reportable by the Contractor for tax purposes, including without limitation, self-employment and business income tax. The Contractor agrees not to purport to bind the City unless the Contractor has express written authority to do so, and then only within the strict limits of that authority.

7. On-Call Price Agreement Performance and Payment Bond

A. When a Task Order is issued in excess of twenty-five thousand dollars ($25,000), the following bonds or security shall be delivered to the City and shall become binding on the parties upon the execution of the contract. If the Contractor fails to deliver the required performance and payment bonds, the Contractor's bid shall be rejected, its bid security shall be enforced to the extent of actual damages. Award of the Task Order via Notice to Proceed shall be made pursuant to the Procurement Code in the following manner:

i. a performance bond satisfactory to the City, executed by a surety company authorized to do business in this state and said surety to be approved in federal circular 570 as published by the United States treasury department or the state board of finance or the local governing authority, in an amount equal to one hundred percent of the price specified in the contract; and

ii. a payment bond satisfactory to the City, executed by a surety company authorized to do business in this state and said surety to be approved in federal circular 570 as published by the United States treasury department or the state board of finance or the local governing authority, in an amount equal to one hundred percent of the price specified in the contract, for the protection of all persons supplying labor and material to the contractor or its subcontractors for the performance of the work provided for in the contract.

B. A subcontractor shall provide a performance and payment bond on a public works building project if the subcontractor's contract for work to be performed on a project is one hundred twenty-five thousand dollars ($125,000) or more.

8. Assignment

The Contractor shall not assign or transfer any interest in this Contract or assign any claims for money due or to become due under this Contract without the prior written approval of the City.

9. Subcontracting

The Contractor shall not subcontract any portion of the services to be performed under this Contract without the prior written approval of the City. No such subcontract shall relieve the primary Contractor from its obligations and liabilities under this Contract, nor shall any subcontract obligate direct payment from the City.

10. Release

Final payment of the amounts due under this Contract shall operate as a release of the City, its officers and employees from all liabilities, claims and obligations whatsoever arising from or under this Contract.

11. Confidentiality

Any confidential information provided to or developed by the Contractor in the performance of this Contract shall be kept confidential and shall not be made available to any individual or organization by the Contractor without the prior written approval of the City.

12. Product of Service – Copyright

All materials developed or acquired by the Contractor under this Contract shall become the property of the City and shall be delivered to the City no later than the termination date of this Contract. Nothing developed or produced, in whole or in part, by the Contractor under this Contract shall be the subject of an application for copyright or other claim of ownership by or on behalf of the Contractor.

13. Conflict of Interest; Governmental Conduct Act

A. The Contractor represents and warrants that it presently has no interest and, during the term of this Contract, shall not acquire any interest, direct or indirect, which would conflict in any manner or degree with the performance or services required under the Contract.

B. The Contractor further represents and warrants that it has complied with, and, during the term of this Contract, will continue to comply with, and that this Contract complies with all applicable provisions of the Governmental Conduct Act, NMSA 1978, Chapter 10, Article 16.

C. Contractor's representations and warranties in Paragraphs A and B of this Article 12 are material representations of fact upon which the City relied when this Contract was entered into by the parties. Contractor shall provide immediate written notice to the City if, at any time during the term of this Contract, Contractor learns that Contractor's representations and warranties in Paragraphs A and B of this Article 12 were erroneous on the effective date of this Contract or have become erroneous by reason of new or changed circumstances. If it is later determined that Contractor's representations and warranties in Paragraphs A and B of this Article 12 were erroneous on the effective date of this Contract or have become erroneous by reason of new or changed circumstances, in addition to other remedies available to the City and notwithstanding anything in the Contract to the contrary, the City may immediately terminate the Contract.

D. All terms defined in the Governmental Conduct Act have the same meaning in this section.

14. Amendment

A. This Contract shall not be altered, changed or amended except by instrument in writing executed by the parties hereto and all other required signatories.

B. If the City proposes an amendment to the Contract to unilaterally reduce funding due to budget or other considerations, the Contractor shall, within thirty (30) days of receipt of the proposed Amendment, have the option to terminate the Contract, pursuant to the termination provisions as set forth in Article 4 herein, or to agree to the reduced funding.

15. Change Orders

A. Changes. The Contractor may only make changes or revisions within the Scope of Work as defined by Article 1 and/or Exhibit 1 after receipt of written approval by the City Manager or his/her designee. Such change may only be made to Tasks or Sub-Task as defined in the Scope of Work. Under no circumstance shall such change affect the:

i. Deliverable requirements, as outlined in the Scope of Work;
ii. Due date of any Deliverable, as outlined in the Scope of Work;
iii. Compensation of any Deliverable, as outlined in the Scope of Work;
iv. Contract compensation, as outlined in Article 2; or
v. Contract termination, as outlined in Article 4.

B. Change Request Process. In the event that circumstances warrant a change to accomplish the Scope of Work as described above, a Change Request shall be submitted that meets the following criteria:

i. The Project Manager shall draft a written Change Request for review and approval by the City Manager to include:
   (a) the name of the person requesting the change;
   (b) a summary of the required change;
   (c) the start date for the change;
   (d) the reason and necessity for change;
   (e) the elements to be altered; and
   (f) the impact of the change.

ii. The City Manager shall provide a written decision on the Change Request to the Contractor within a maximum of ten (10) Business Days of receipt of the Change Request. All decisions made by the City Manager are final. Change Requests, once approved, become a part of the Contract, and become binding as a part of the original Contract.

16. Merger

This Contract incorporates all the agreements, covenants, and understandings between the parties hereto concerning the subject matter hereof, and all such covenants, agreements and understandings have been merged into this written contract.

All terms and conditions of **ITB No. 25163** and the Contractor's response to such document(s) are incorporated herein by reference and included in the order of precedence.

No prior Agreement or understanding, oral or otherwise, of the parties or their agents shall be valid or enforceable unless embodied in this Contract.

17. Penalties for Violation of Law

NMSA 1978, Sections 13-1-28 through 13-1-199, imposes civil and criminal penalties for its violation. In addition, the New Mexico criminal statutes impose felony penalties for illegal bribes, gratuities and kickbacks.

18. Equal Opportunity Compliance

The Contractor agrees to abide by all federal and state laws and rules and regulations, and Santa Fe City Code, pertaining to equal employment opportunity. In accordance with all such laws of the State of New Mexico, the Contractor assures that no person in the United States shall, on the grounds of race, religion, color, national origin, ancestry, sex, age, physical or mental handicap, or serious medical condition, spousal affiliation, sexual orientation or gender identity, be excluded from employment with or participation in, be denied the benefits of, or be otherwise subjected to discrimination under any program or activity performed under this Contract. If Contractor is found not to be in compliance with these requirements during the life of this Contract, Contractor agrees to take appropriate steps to correct these deficiencies.

19. Applicable Law

The laws of the State of New Mexico shall govern this Contract, without giving effect to its choice of law provisions. Venue shall be proper only in a New Mexico court of competent jurisdiction in accordance with NMSA 1978, Section 38-3-2. By execution of this Contract, Contractor acknowledges and agrees to the jurisdiction of the courts of the State of New Mexico over any and all lawsuits arising under or out of any term of this Contract.

20. Workers' Compensation

The Contractor agrees to comply with state laws and rules applicable to workers compensation benefits for its employees. If the Contractor fails to comply with the Workers Compensation Act and applicable rules when required to do so, this Contract may be terminated by the City.

21. Other Insurance

If the services contemplated under this Contract will be performed on or in City facilities or property, Contractor shall maintain in force during the entire term of this Contract, the following insurance coverage(s), naming the City as additional insured.

A. **Commercial General Liability** insurance shall be written on an occurrence basis and be a broad as ISO Form CG 00 01 with limits not less than $2,000,000 per occurrence and $2,000,000 in the aggregate for claims against bodily injury, personal and advertising injury, and property damage. Said policy shall include broad form Contractual Liability coverage and be endorsed to name the City of Santa Fe their officials, officers, employees, and agents as additional insureds.

B. **Business Automobile Liability** insurance for all owned, non-owned automobiles, with a combined single limit not less than $1,000,000 per accident.

C. **Broader Coverage and Limits**. The insurance requirements under this Contract shall be the greater of (1) the minimum coverage and limits specified in this Contract, or (2) the broader coverage and maximum limits of coverage of any insurance policy or proceeds available to the Named Insured. It is agreed that these insurance requirements shall not in any way act to reduce coverage that is broader or that includes higher limits than the minimums required herein. No

representation is made that the minimum insurance requirements of this Contract are sufficient to cover the obligations of Contractor hereunder.

D. Contractor shall maintain the above insurance for the term of this Contract and name the City as an additional insured and provide for 30 days cancellation notice on any Certificate of Insurance form furnished by Contractor. Such certificate shall also specifically state the coverage provided under the policy is primary over any other valid and collectible insurance and provide a waiver of subrogation.

22. Records and Financial Audit

The Contractor shall maintain detailed time and expenditure records that indicate the date; time, nature and cost of services rendered during the Contract's term and effect and retain them for a period of three (3) years from the date of final payment under this Contract. The records shall be subject to inspection by the City. The City shall have the right to audit billings both before and after payment. Payment under this Contract shall not foreclose the right of the City to recover excessive or illegal payments

23. Indemnification

The Contractor shall indemnify, hold harmless, or insure the City, including its officers, employees or agents, against liability, claims, damages, losses or expenses, including attorney fees, only to the extent that the liability, damages, losses or costs are caused by, or arise out of, the acts or omissions of the indemnitor or its officers, employees or agents. In the event that any action, suit or proceeding related to the services performed by the Contractor or any officer, agent, employee, servant or subcontractor under this Contract is brought against the Contractor, the Contractor shall, as soon as practicable but no later than two (2) business days after it receives notice thereof, notify the legal counsel of the City.

24. New Mexico Tort Claims Act

Any liability incurred by the City of Santa Fe in connection with this Contract is subject to the immunities and limitations of the New Mexico Tort Claims Act, NMSA 1978, Section 41-4-1, et. seq., as amended. The City and its "public employees" as defined in the New Mexico Tort Claims Act, do not waive sovereign immunity, do not waive any defense and do not waive any limitation of liability pursuant to law. No provision in this Contract modifies or waives any provision of the New Mexico Tort Claims Act.

25. Invalid Term or Condition

If any term or condition of this Contract shall be held invalid or unenforceable, the remainder of this Contract shall not be affected and shall be valid and enforceable.

26. Enforcement of Contract

A party's failure to require strict performance of any provision of this Contract shall not waive or diminish that party's right thereafter to demand strict compliance with that or any other provision. No waiver by a party of any of its rights under this Contract shall be effective unless express and in writing,

and no effective waiver by a party of any of its rights shall be effective to waive any other rights.

27. Notices

Any notice required to be given to either party by this Contract shall be in writing and shall be delivered in person, by courier service or by U.S. mail, either first class or certified, return receipt requested, postage prepaid, as follows:

To the City:	**To the Contractor:**
Chief Procurement Officer purchasing@santafenm.gov PO Box 909 Santa Fe, NM 87504-0909 Caryn Grosse, PMP Project Manager III City of Santa Fe Public Works 2651 Siringo Road, Building E Santa Fe, NM 87505-5229 clgrosse@santafenm.gov (505) 955-5938	Greg Icenogle Owner Davenport Construction Management LLC 3201 Mercantile Ct., Suite A Santa Fe, NM 87507 greg.icenogle@dcmnm.com 505-977-4904

28. Authority

If Contractor is other than a natural person, the individual(s) signing this Contract on behalf of Contractor represents and warrants that he or she has the power and authority to bind Contractor, and that no further action, resolution, or approval from Contractor is necessary to enter into a binding contract.

29. Progress Payments

Based upon Application for Payment submitted to the City by the Contractor and Certificates for Payment issued by the City, the City shall make progress payments on account of the Contract sum to the Contractor as provided in the Contract documents for the period ending the last day of the month as follows:

Not later than twenty-one (21) days following the end of the period covered by the Application for Payment, one hundred percent (100%) of the portion of the Contract Sum properly allocable to labor, materials, and equipment incorporated in the work and one hundred percent (100%) of the portion of the Contract sum properly allocable to materials and equipment suitably stored at the site or some other location agreed upon in writing for the period covered by the Application for Payment, less the aggregate of previous payments made by the City; and upon substantial completion of the entire work, a sum sufficient to increase the total payments to one hundred percent (100%) of the Contract sum, less such amounts as the City shall determine for all incomplete work and unsettled claims as provided in the Contract documents.

30. Final Payment

Final payment, constituting the entire unpaid balance of the Contract sum, unless it is a disputed payment, shall be paid by the City to the Contractor within twenty-one (21) calendar days, after all deficiencies to the Contract document that were noted during the Substantial Completion Inspection and listed on the attachment to the Certificate of Substantial Completion have been corrected, and provided the Contract has been fully performed and a final Certificate for Payment has been issued by the City. In addition, the Contractor shall provide to the City a certified statement of Release of Lien (AIA Document G706A or approved form), Consent of Surety, Warranty from Prime Contractor, Warranties from Suppliers and Manufacturers, training sessions, equipment/operating manuals, and as-built drawings.

31. Schedule

The Contractor shall, within five (5) days after the effective date of Notice to Proceed, prepare and submit a progress schedule covering project operations for the 30-day Contract period. This progress schedule shall be of the type generally referred to as a Critical Path Method (CPM), Critical Path Schedule (CPS), and Critical Path Analysis (CPA), and other similar designations. The CPM shall be used to control the timing and sequences of the project. All work shall be done in accordance with the CPM Planning and Scheduling. A written statement of explanation shall be submitted with the progress schedule. All costs incurred by the contractor to implement the CPM shall be borne by the Contractor and are part of their Contract.

32. General and Special Provisions

A. Terms used in this Contract which are defined in the Conditions of the Contract shall have the meanings designated in those Conditions.

B. An enumeration of the Contractor's General Comprehensive Liability Insurance requirements.

C. Appears in the General Conditions of the Contract for construction. Insurance requirements are also described in the Instructions to the Bidder section of the Project Manual. Contractor shall maintain adequate insurance in at least the maximum amounts, which the City could be liable under the New Mexico Tort Claims Act and shall provide proof of such insurance coverage to the City. It is the sole responsibility of the Contractor to comply with the law.

D. This Contract shall not become effective until: (1) approved by the Governing Body; and (2) signed by all parties required to sign this Contract.

E. The Contractor shall maintain detailed time records which indicate the date, time and nature of services rendered. These records shall be subject to inspection by the City, the Department of Finance and Administration and the State Auditor. The City shall have the right to audit billings both before and after payment. Payment under this Contract shall not foreclose the right of the City to recover excessive illegal payments.

F. The Contractor warrants that the Contractor presently has no interest and shall not acquire any interest, direct or indirect, which would conflict in any manner or degree with the performance or services required under this Contract.

G. The Contractor hereby warrants that the Contractor complies with the Americans with Disabilities Act, 29 CFR 1630.

H. Gender, Singular/Plural. Words of any gender used in this Contract shall be held and construed to include any other gender, and words in the singular number shall be held to include the plural, unless the context otherwise requires.

I. Captions and Section Headings. The captions and section headings contained in this Contract are for convenience of reference only, and in no way limit, define, or enlarge the terms, scope, and conditions of this Contract.

J. Certificates and Documents Incorporated. All certificates and documentation required by the provisions of the Contract shall be attached to this Contract at the time of execution and are hereby incorporated by reference as though set forth in full in this Contract to the extent they are consistent with its conditions and terms.

K. Separability. If any clause or provision of this Contract is illegal, invalid or unenforceable under present or future laws effective during the term of this Contract, then and in that event, it is the intention of the parties hereto that the remainder of this Contract shall not be affected thereby.

L. Words and Phrases. Words, phrases, and abbreviations, which have well-known technical or trade meanings used in the Contract documents shall be used according to such recognized meaning. In the event of a conflict, the more stringent meaning shall govern.

M. Relationship of Contract Documents. The Contract Documents are complementary, and any requirement of one Contract Document shall be as binding as if required by all.

N. Pursuant to NMSA 1978, Section 13-1-191, reference is hereby made to the Criminal Laws of New Mexico (including NMSA 1978, Sections 30-14-1, 30-24-2, and 30-41-1 through 30-41-3) which prohibit bribes, kickbacks, and gratuities, violation of which constitutes a felony. Further, the Procurement Code (NMSA 1978, Sections 13-1-28 through 13-1-199) imposes civil and criminal penalties for its violation.

O. Pursuant to NMSA 1978, Section 13-4-11. Reference is hereby made to the Minimum Wage on Public Works; weekly payments; posting wage scale; withholding funds.

IN WITNESS WHEREOF, the Parties have executed this Contract as of the date of the signature by the required approval authorities below.

>
> > The Contractor shall perform the following work in accordance with their Bid Pricing, attached hereto and made a part thereof, as Exhibit A:
> > 1. This work shall include Miscellaneous General Contracting work for the City

of Santa Fe.

2. The Contractor shall be required to provide On-Call General Contracting Services for any number of the activities listed under this Scope of Work upon the request of the City. Once a need is identified, the City will issue a written Task Order to the Contractor detailing the services required. Upon receiving the City's request for services, the Contractor shall promptly provide the City with an estimate (based upon the rates submitted in the Bid Form), cost summary, and project schedule required to complete the assignment or task. Project schedules, negotiated price, and completion dates shall be determined on a project-by-project basis and dependent upon the urgency of that task. The Contractor may be required to do some of the work in phases. The Contractor shall be required to provide the requested labor and all equipment and materials within one week of a request issuance of a Notice to Proceed unless otherwise arranged. The Contractor shall agree to provide required labor within 24 hours for emergency situations whenever possible.

3. The City of Santa Fe Public Works Facilities Division shall be able to utilize this On-Call Contract as needed and as funding is available. All other City of Santa Fe staff will only be authorized to utilize this On-Call Contract with prior, written approval of the scope of work, from the Facilities Division Director, before commencing any work applicable to this On-Call Contract.

4. Contractor is responsible for all required permits and licenses required to perform this work. Contractor shall be responsible for adherence to the Contract Documents, Construction Documents, Specifications, and approved directives.

5. Contractor shall be responsible for any applicable Local, County, State and Federal requirements and permits.

6. Contractor shall be responsible for verifications of all existing conditions, measurements, and dimensions for bidding. Contractor shall be responsible for all permits, fees, and State and/or City inspections associated with their work.

Please let me know if additional information is required.
Thank you!

Best,
Elizabeth "Lisa" Kahahane, CPO

CERTIFICATE OF LIABILITY INSURANCE

DATE (MM/DD/YYYY) 12/17/2025

THIS CERTIFICATE IS ISSUED AS A MATTER OF INFORMATION ONLY AND CONFERS NO RIGHTS UPON THE CERTIFICATE HOLDER. THIS CERTIFICATE DOES NOT AFFIRMATIVELY OR NEGATIVELY AMEND, EXTEND OR ALTER THE COVERAGE AFFORDED BY THE POLICIES BELOW. THIS CERTIFICATE OF INSURANCE DOES NOT CONSTITUTE A CONTRACT BETWEEN THE ISSUING INSURER(S), AUTHORIZED REPRESENTATIVE OR PRODUCER, AND THE CERTIFICATE HOLDER.

IMPORTANT: If the certificate holder is an ADDITIONAL INSURED, the policy(ies) must have ADDITIONAL INSURED provisions or be endorsed. If SUBROGATION IS WAIVED, subject to the terms and conditions of the policy, certain policies may require an endorsement. A statement on this certificate does not confer rights to the certificate holder in lieu of such endorsement(s).

DESIGNATED ENTITY – NOTICE OF CANCELLATION OR NONRENEWAL

This endorsement modifies insurance provided under the following:

COMMERCIAL GENERAL LIABILITY COVERAGE PART
COMMERCIAL INLAND MARINE COVERAGE PART
COMMERCIAL PROPERTY COVERAGE PART
LIQUOR LIABILITY COVERAGE PART
OWNERS AND CONTRACTORS PROTECTIVE LIABILITY COVERAGE PART

SCHEDULE *

Person or Organization and Address

City of Santa Fe
PO Box 909
Santa Fe, NM 87504

*** (If no entry appears above, information required to complete this endorsement will be shown in the Declarations or Change Endorsement as applicable to this endorsement.)**

1. If we cancel this policy, we will mail notice of cancellation to the person or organization shown in the Schedule, Declarations or Change Endorsement. Notice will be sent to the address shown in the Schedule, Declarations or Change Endorsement. Except for non-payment of premium, notice will be sent at least 30 days before the effective date of cancellation. If the policy is cancelled for non-payment of premium, notice will be sent at least 10 days before the effective date of cancellation.

2. If we decide not to renew this policy, we will mail notice of nonrenewal to the person or organization shown in the Schedule, Declarations or Change Endorsement. Notice will be sent to the address shown in the Schedule, Declarations or Change Endorsement. Notice will be sent at least 30 days before the effective date of nonrenewal.

3. Failure to send notice of cancellation or nonrenewal, or failure to allow the number of days notice stated above, shall impose no obligation or liability of any kind upon us, our agents or representatives.

THIS ENDORSEMENT CHANGES THE POLICY. PLEASE READ IT CAREFULLY.

AMENDMENT OF PRIMARY AND EXCESS PROVISIONS

This endorsement modifies insurance provided under the following:

COMMERCIAL GENERAL LIABILITY COVERAGE FORM

Any coverage provided hereunder shall be excess over any other valid and collectible insurance available to the additional insured whether primary, excess, contingent or on any other basis unless a contract specifically requires that this insurance be either primary or primary and noncontributing. Where required by contract, we will consider any other insurance maintained by the additional insured for injury or damage covered by this endorsement to be excess and noncontributing with this insurance.

THIS ENDORSEMENT CHANGES THE POLICY. PLEASE READ IT CAREFULLY.

GENERAL LIABILITY PLUS ENDORSEMENT

This endorsement modifies insurance provided under the following:
COMMERCIAL GENERAL LIABILITY COVERAGE PART
This endorsement amends the policy by adding the following; please read each section carefully.

EMPLOYEE BENEFITS LIABILITY COVERAGE
ADDITIONAL INSURED - OWNERS, LESSEES, OR CONTRACTORS - AUTOMATIC STATUS
ADDITIONAL INSURED - MANAGERS OR LESSORS OF PREMISES - AUTOMATIC STATUS
ADDITIONAL INSURED - LESSOR OF LEASED EQUIPMENT - AUTOMATIC STATUS
ADDITIONAL INSURED - VENDORS - AUTOMATIC STATUS
INCLUDE DIRECTORS OR TRUSTEES ON COMMITTEES AS EMPLOYEES
WAIVER OF TRANSFER OF RIGHTS OF RECOVERY AGAINST OTHER TO US
NEWLY FORMED OR ACQUIRED ORGANIZATIONS
NOTICE OF OCCURRENCE, KNOWLEDGE OF OCCURRENCE, UNINTENTIONAL OMISSION
VOLUNTARY PROPERTY DAMAGE
NON-OWNED WATERCRAFT AND NON-OWNED AIRCRAFT LIABILITY
FIRE, SPRINKLER LEAKAGE OR EXPLOSION
POLLUTION COVERAGE FOR UPSET OF MOBILE EQUIPMENT
AGGREGATE LIMITS OF INSURANCE AMENDMENT
SUPPLEMENTARY PAYMENTS - HIGHER LIMITS
REASONABLE FORCE EXPANSION - PROPERTY DAMAGE
LOST KEY COVERAGE
PERSONAL AND ADVERTISING INJURY DEFINITION AMENDED

These modifications are subject to the terms and conditions applicable to coverage in the policy except as provided below.

A. Employee Benefits Liability Coverage

The following is added to Section I - Coverages: EMPLOYEE BENEFITS LIABILITY COVERAGE.

1. Insuring Agreement.

a. We will pay those sums that the insured becomes legally obligated to pay as damages because of any act, error or omission of the insured, or of any other person for whose acts the insured is legally liable, to which this insurance applies. We will have the right and duty to defend the insured against any “suit” seeking those damages. However, we will have no duty to defend the insured against any “suit” seeking damages to which this insurance does not apply. We may, at our discretion, investigate any report of an act, error or omission and settle any “claim” or “suit” that may result. But:

1) The amount we will pay for damages is limited as described in SECTION **III** LIMITS OF INSURANCE for Employee Benefits Liability Coverage and

2) Our right and duty to defend end when we have used up the applicable limit of insurance in the payment of judgments or settlements.

No other obligation or liability to pay sums or perform acts or services is covered unless explicitly provided for under Supplementary Payments.

b. This insurance applies to damages only if:

1) The act, error or omission is negligently committed in the “administration” of your “employee benefit program”;

2) The act, error or omission is caused by an “occurrence” that takes place in the

"coverage territory"; and

3) The act, error or omission occurs during the policy period.

2. Exclusions

This insurance does not apply to:

a. Dishonesty, Fraud Or Criminal Act

Damages arising out of any dishonest, fraudulent, criminal or malicious act or omission, committed by any insured, including the willful or reckless violation of any statute.

b. Bodily Injury, Property Damage, Or Personal And Advertising Injury

"Bodily injury," "property damage" or "personal and advertising injury."

c. Failure To Perform A Contract

Damages arising out of failure of performance of contract by any insurer.

d. Insufficiency Of Funds

Damages arising out of an insufficiency of funds to meet any obligations under any plan included in the "employee benefit program."

e. Inadequacy Of Performance Of Investment/Advice Given To Participate

Any "claim" or "suit" based upon:

1) Failure of any investment to perform;

2) Errors in providing information on past performance of investment vehicles; or

3) Advice given to any person to participate or not to participate in any plan included in the "employee benefit program."

f. Workers Compensation And Similar Laws

Damages arising out of any "claim" related to any workers compensation, unemployment compensation insurance, social security or disability benefits law or any similar law.

g. ERISA

Damages for which the insured is liable because of liability imposed on a fiduciary by the Employee Retirement Income Security Act of 1974, as now or hereafter amended, or any similar federal, state or local laws.

h. Available Benefits

Any "claim" for benefits to the extent that such benefits are available, with reasonable effort and cooperation of the insured, from the applicable funds accrued or other collectible insurance.

i. Taxes, Fines Or Penalties

1) Taxes, fines or penalties, including those imposed under the Internal Revenue Code or any similar state or local law; or

2) Loss or damages arising out of the imposition of such taxes, fines or penalties.

j. Employment-Related Practices

Damages arising out of wrongful termination of employment, discrimination, or other employment-related practices.

3. Supplementary Payments - Coverages A and B

For the purposes of the coverage provided by Employee Benefits Liability Coverage, the Supplementary Payments - Coverages **A** and **B** apply except for Paragraphs **1.b.** and **2.**

SECTION II - WHO IS AN INSURED, Paragraphs **2.** and **3.** are replaced by the following for Employee Benefits Liability Coverage:

2. Each of the following is also an insured:

a. Each of your "employees" who is or was authorized to administer your "employee benefit program."

b. Any persons, organizations or "employees" having proper temporary authorization to administer your "employee benefit program" if you die, but only until your legal representative is appointed.

c. Your legal representative if you die, but only with respect to duties as such. That representative will have all your rights and duties under this Endorsement.

3. Any organization you newly acquire or form, other than a partnership, joint venture or limited liability company, and over which you maintain ownership or majority interest, will qualify as a Named Insured if there is no other similar insurance available to that organization. However:

a. Coverage under this provision is afforded only until the 180th day after you acquire or form the organization or the end of the policy period, whichever is earlier.

b. Coverage under this provision does not apply to any act, error or omission that occurred before you acquired or formed the organization.

SECTION III - LIMITS OF INSURANCE is replaced by the following for the Employee Benefits Liability Coverage:

1) The Limits of Insurance shown below and the rules below fix the most we will pay regardless of the number of:

a) Insureds;

b) "Claims" made or "suits" brought;

c) Persons or organizations making "claims" or bringing "suits";

d) Acts, error or omissions which result in loss; or

e) Benefits included in your "employee benefit program."

2) $2,000,000 is the most we will pay for all damages because of acts, errors or omissions committed in the "administration" of your "employee benefit program."

3) Subject to the above Limit, $1,000,000 is the most we will pay for all damages sustained by any one "employee," including damages sustained by such "employee's" dependents and beneficiaries, as a result of:

a) An act, error or omission; or

b) A series of acts, errors or omissions

negligently committed in the "administration" of your "employee benefit program."

However, the amount paid under this endorsement shall not exceed, and will be subject to, the limits and restrictions that apply to the payment of benefits in any plan included in the "employee benefit program."

The Limits of Insurance of this endorsement apply separately to each consecutive annual period and to any remaining period of less than 12 months, starting with the beginning of the policy period shown in the Declarations of the policy to which this endorsement is attached, unless the policy period is extended after issuance for an additional period of less than 12 months. In that case, the additional period will be deemed part of the last preceding period for purposes of determining the Limits Of Insurance.

4. Deductible

a. Our obligation to pay damages on behalf of the insured applies only to the amount of damages in excess of $1,000. The limits of insurance shall not be reduced by the amount of this deductible.

b. The deductible amount applies to all damages sustained by any one "employee," including such "employee's" dependents and beneficiaries, because of all acts, errors or omissions to which this insurance applies.

c. The terms of this insurance, including those with respect to:

1) Our right and duty to defend any "suits" seeking those damages; and

2) Your duties, and the duties of any other involved insured, in the event of an act, error or omission, "claim" or "suit"

apply irrespective of the application of the deductible amount.

d. We may pay any part or all of the deductible amount to effect settlement of any "claim" or

"suit" and, upon notification of the action taken, you shall promptly reimburse us for such part of the deductible amount as we have paid.

SECTION IV - CONDITIONS, Paragraphs **2.** and **4.** are replaced by the following for the Employee Benefits Liability Coverage:

2. Duties In The Event Of An Act, Error Or Omission, "Claim" Or "Suit"

a. You must see to it that we are notified as soon as practicable of an act, error or omission which may result in a "claim." To the extent possible, notice should include:

1) What the act, error or omission was and when it occurred; and

2) The names and addresses of anyone who may suffer damages as a result of the act, error or omission.

b. If a "claim" is made or "suit" is brought against any insured, you must:

1) Immediately record the specifics of the "claims" or "suit" and the date received; and

2) Notify us as soon as practicable.

You must see to it that we receive written notice of the "claim" or "suit" as soon as practicable.

c. You and any other involved insured must:

1) Immediately send us copies of any demands, notices, summonses or legal papers received in connection with the "claim" or "suit";

2) Authorize us to obtain records and other information;

3) Cooperate with us in the investigation or settlement of the "claim" or defense against the "suit"; and

4) Assist us, upon our request, in the enforcement of any right against any person or organization which may be liable to the insured because of an act, error or omission to which this insurance may also apply.

d. No insured will, except at the insured's own cost, voluntarily make a payment, assume any obligation or incur any expense without our consent.

4. Other Insurance

If other valid and collectible insurance is available to the insured for a loss we cover under this endorsement, our obligations are limited as follows:

a. Primary Insurance

This insurance is primary except when **b.** below applies. If this insurance is primary, our obligations are not affected unless any of the other insurance is also primary. Then, we will share with all that other insurance by the method described in **c.** below.

b. Excess Insurance

Any other primary insurance available to you covering acts, errors or omissions for which you have been added as an additional insured.

When this insurance is excess, we will have no duty to defend the insured against any "suit" if any other insurer has a duty to defend the insured against that "suit." If no other insurer defends, we may undertake to do so, but we will be entitled to the insured's rights against all those other insurers.

When this insurance is excess over other insurance, we will pay only our share of the amount of the loss, if any, that exceeds the sum of:

1) The total amount that all such other insurance would pay for the loss in absence of this insurance; and

2) The total of all deductible and self-insured amounts under all that other insurance.

We will share the remaining loss, if any, with any other insurance that is not described in this Excess Insurance provision and was not bought specifically to apply in excess of the Limits of Insurance shown.

c. Method Of Sharing

If all of the other insurance permits contribution by equal shares, we will follow this method also. Under this approach each insurer contributes equal amounts until it has paid its applicable limit of insurance or none of the loss remains, whichever comes first.

If any of the other insurance does not permit contribution by equal shares, we will contribute by limits. Under this method, each insurer's share is based on the ratio of its applicable limits of insurance of all insurers.

SECTION V - DEFINITIONS is amended by adding the following definitions for Employee Benefits Liability Coverage:

1. "Administration" means:

a. Providing information to "employees," including their dependents and beneficiaries, with respect to eligibility for or scope of "employee benefit programs";

b. Handling records in connection with the "employee benefit program"; or

c. Effecting, continuing or terminating any "employee's" participation in any benefit included in the "employee benefit program."

However, "administration" does not include handling payroll deductions.

2. "Cafeteria plans" means plans authorized by the applicable law to allow employees to elect to pay for certain benefits with pre-tax dollars.

3. "Claim" means any demand, or "suit," made by an "employee" or an "employee's" dependents and beneficiaries, for damages as the result of an act, error or omission.

4. "Employee benefit program" means a program providing some or all of the following benefits to "employees," whether provided through a "cafeteria plan" or otherwise.

a. Group life insurance; group accident or health insurance; dental, vision and hearing plans; and flexible spending accounts; provided that no one other than an "employee" may subscribe to such benefits and such benefits are made generally available to those "employees" who satisfy the plan's eligibility requirements;

b. Profit sharing plans, employee savings plans, employee stock ownership plans, pension plans and stock subscription plans, provided that no one other than an "employee" may subscribe to such benefits and such benefits are made generally available to all "employees" who are eligible for such benefits;

c. Unemployment insurance, social security benefits, workers compensation and disability benefits;

d. Vacation plans, including buy and sell programs; leave of absence programs, including military, maternity, family, and civil leave; tuition assistance plans; transportation and health club subsidies.

SECTION V - DEFINITIONS - the definition of "employee" and "suit" is replaced for Employee Benefits Liability Coverage by the following:

"Employee" means a person actively employed, formerly employed, on leave of absence or disabled, or retired. "Employee" includes a "leased worker." "Employee" does not include a "temporary worker."

"Suit" means a civil proceeding in which damages because of an act, error or omission to which this insurance applies are alleged. "Suit" includes:

a. An arbitration proceeding in which such damages are claimed and to which the insured must submit or does submit with our consent; or

b. Any other alternative dispute resolution proceeding in which such damages are claimed and to which the insured submits with our consent.

B. Additional Insured - Owners, Lessees, or Contractors - Automatic Status (not applicable to Employee Benefits Liability Coverage)

1. Section **II** - Who Is An Insured is amended to include as an additional insured any person or

organization for whom you are performing operations when you and such person or organization have agreed in writing in a contract or agreement that such person or organization be added as an additional insured on your policy and any other person or organization you are required to add as an additional insured under the contract or agreement. Such person or organization is an additional insured only with respect to liability for "bodily injury," "property damage" or "personal and advertising injury" caused, in whole or in part, by:

a. Your acts or omissions; or

b. The acts or omissions of those acting on your behalf;

in the performance of your ongoing operations for the additional insured.

Except as provided for in the exception to **2.b.** below, a person's or organization's status as an additional insured under this endorsement ends when your operations for that additional insured are completed.

However, the insurance afforded to such additional insured described above:

a. only applies to the extent permitted by law; and

b. will not be broader than that which you are required by the contract or agreement to provide for such additional insured.

2. With respect to the insurance afforded to these additional insureds, the following additional exclusions apply:

This insurance does not apply to:

a. "Bodily injury," "property damage" or "personal and advertising injury" arising out of the rendering of, or the failure to render, any professional architectural, engineering or surveying services, including:

1) The preparing, approving, or failing to prepare or approve, maps, shop drawings, opinions, reports, surveys, field orders, change orders or drawings and specifications; or

2) Supervisory, inspection, architectural or engineering activities.

This exclusion applies even if the claims against any insured allege negligence or other wrongdoing in the supervision, hiring, employment, training or monitoring of others by that insured, if the "occurrence" which caused the "bodily injury" or "property damage", or the offense which caused the "personal and advertising injury", involved the rendering of, or failure to render, any professional architectural, engineering or surveying services.

b. "Bodily injury" or "property damage" occurring after:

1) All work, including materials, parts or equipment furnished in connection with such work, on the project (other than service, maintenance or repairs) to be performed by or on behalf of the additional insured(s) at the location of the covered operations has been completed; or

2) That portion of "your work" out of which the injury or damage arises has been put to its intended use by any person or organization other than another contractor or subcontractor engaged in performing operations for a principal as a part of the same project.

However, exclusion **b.** does not apply when in conflict with the requirements of a written contract or agreement.

3. The most we will pay on behalf of the additional insured is the amount of insurance required by the contract or agreement you have entered into with the additional insured or the amount of insurance available under the applicable Limits of Insurance shown in the Declarations or Change Endorsement, whichever is less. These Limits of Insurance are inclusive and not in addition to the Limits of Insurance shown in the Declarations or Change Endorsement.

C. Additional Insured - Managers or Lessors of Premises - Automatic Status (not applicable to Employee Benefits Liability Coverage)

1. Section **II** - Who Is An Insured is amended to include as an insured any person or organization when you and such person or organization have agreed in writing in a contract or agreement that such

person or organization be added as an additional insured on your policy, but only with respect to liability arising out of the ownership, maintenance or use of that part of the premises leased to you and subject to the following additional exclusions:

This insurance does not apply to:

a. Any "occurrence" which takes place after you cease to be a tenant in that premises.

b. Structural alterations, new construction or demolition operations performed by or on behalf of the additional insured.

However, the insurance afforded to such additional insured described above:

a. only applies to the extent permitted by law; and

b. will not be broader than that which you are required by the contract or agreement to provide for such additional insured.

2. The most we will pay on behalf of the additional insured is the amount of insurance required by the contract or agreement you have entered into with the additional insured or the amount of insurance available under the applicable Limits of Insurance shown in the Declarations or Change Endorsement, whichever is less. These Limits of Insurance are inclusive and not in addition to the Limits of Insurance shown in the Declarations or Change Endorsement.

D. Additional Insured - Lessor of Leased Equipment - Automatic Status (not applicable to Employee Benefits Liability Coverage)

1. Section **II** - Who Is An Insured is amended to include as an additional insured any person or organization from whom you lease equipment when you and such person or organization have agreed in writing in a contract or agreement that such person or organization be added as an additional insured on your policy. Such person or organization is an insured only with respect to liability for "bodily injury," "property damage" or "personal and advertising injury" caused, in whole or in part, by your maintenance, operation or use of equipment leased to you by such person or organization.

However, the insurance afforded to such additional insured described above:

a. only applies to the extent permitted by law; and

b. will not be broader than that which you are required by the contract or agreement to provide for such additional insured.

A person's or organization's status as an additional insured under this endorsement ends when their contract or agreement with you for such leased equipment ends.

2. With respect to the insurance afforded to these additional insureds, this insurance does not apply to any "occurrence" which takes place after the equipment lease expires.

3. The most we will pay on behalf of the additional insured is the amount of insurance required by the contract or agreement you have entered into with the additional insured or the amount of insurance available under the applicable Limits of Insurance shown in the Declarations or Change Endorsement, whichever is less. These Limits of Insurance are inclusive and not in addition to the Limits of Insurance shown in the Declarations or Change Endorsement.

E. Additional Insured - Vendors - Automatic Status (not applicable to Employee Benefits Liability Coverage)

1. Section **II** - Who Is An Insured is amended to include as an insured any person or organization (referred to below as vendor) when you and such person or organization have agreed in writing in a contract or agreement that such person or organization be added as an additional insured on your policy, but only with respect to "bodily injury" or "property damage" arising out of "your products" shown in the Schedule, Declarations or Change Endorsement which are distributed or sold in the regular course of the vendor's business.

However, the insurance afforded to such additional insured described above:

a. only applies to the extent permitted by law; and

b. will not be broader than that which you are required by the contract or agreement to provide for such additional insured.

2. With respect to the insurance afforded to these vendors, the following additional exclusions apply:

a. "Bodily injury" or "property damage" for which the vendor is obligated to pay damages by reason of the assumption of liability in a contract or agreement. This exclusion does not apply to liability for damages that the vendor would have in the absence of the contract or agreement;

b. An express warranty unauthorized by you;

c. Any physical or chemical change in the product made intentionally by the vendor;

d. Repackaging, except when unpacked solely for the purpose of inspection, demonstration, testing, or the substitution of parts under instructions from the manufacturer, and then repackaged in the original container;

e. Any failure to make such inspections, adjustments, tests or servicing as the vendor has agreed to make or normally undertakes to make in the usual course of business, in connection with the distribution or sale of the products;

f. Demonstration, installation, servicing or repair operations, except such operations performed at the vendor's premises in connection with the sale of the product;

g. Products which, after distribution or sale by you, have been labeled or relabeled or used as a container, part or ingredient of any other thing or substance by or for the vendor; or

h. "Bodily injury" or "property damage" arising out of the sole negligence of the vendor for its own acts or omissions or those of its employees or anyone else acting on its behalf. However, this exclusion does not apply to:

1) The exceptions contained in Sub-paragraphs **d.** or **f.**; or

2) Such inspections, adjustments, tests or servicing as the vendor has agreed to make or normally undertakes to make in the usual course of business, in connection with the distribution or sale of the products.

3. This insurance does not apply to any insured person or organization, from whom you have acquired such products, or any ingredient, part or container, entering into, accompanying or containing such products.

4. The most we will pay on behalf of the vendor is the amount of insurance required by the contract or agreement you have entered into with the additional insured or the amount of insurance available under the applicable Limits of Insurance shown in the Declarations or Change Endorsement, whichever is less. These Limits of Insurance are inclusive and not in addition to the Limits of Insurance shown in the Declarations or Change Endorsement.

F. Include Directors Or Trustees On Committees As Employees (not applicable to Employee Benefits Liability Coverage)

SECTION V - DEFINITIONS is amended by the addition of the following to definition **5.**:

"Employee" also includes any of your directors or trustees acting as a member of any of your elected or appointed committees to perform on your behalf specific, as distinguished from general, directorial acts.

G. Waiver Of Transfer Of Rights Of Recovery Against Others To Us

The TRANSFER OF RIGHTS OF RECOVERY AGAINST OTHERS TO US, SECTION **IV** CONDITION **8.**, is
amended by the addition of the following:

We waive any right of recovery we may have against any person or organization because of payments we make for injury or damage arising out of your ongoing operations or "your work" done under a contract with that person or organization and included in the "products-completed operations hazard." This waiver applies only to the person or organization which, before the loss, you have agreed in writing to waive your right of recovery.

H. Newly Formed Or Acquired Organizations (not applicable to Employee Benefits Liability Coverage)

SECTION II - WHO IS AN INSURED is amended to include any organization you newly acquire or form, other than a partnership or joint venture, and over which you maintain ownership or majority interest, will qualify as a Named Insured if there is no other similar insurance available to that organization. However:

1. Coverage under this provision is afforded only until 180 days after you acquire or form the organization or the end of the policy period, whichever is earlier.

2. Coverage A does not apply to “bodily injury” or “property damage” that occurred before you acquired or formed the organization; and

3. Coverage B does not apply to “personal injury and advertising injury” arising out of an offense committed before you acquired or formed the organization.

I. Notice Of Occurrence, Knowledge Of Occurrence, Unintentional Omission

The following is added to SECTION IV.2. - DUTIES IN THE EVENT OF OCCURRENCE, OFFENSE, CLAIM OR SUIT:

e. Notice of Accident/Occurrence

When you report to your Workers Compensation carrier the occurrence of any accident which later develops into a liability claim covered under this policy, failure to report the accident to us at the time of occurrence is not in violation of the Conditions of this policy. However, as soon as you are definitely made aware of the fact that the particular accident is a liability claim rather than a Workers Compensation claim prompt notification must be given to us.

f. Unintentional Errors and Omissions

The insurance afforded by this policy is not invalidated by any unintentional errors, omissions or improper description of premises or your unintentional failure to disclose all hazards existing at inception date of the policy.

g. Knowledge of Accident/Occurrence

Knowledge of an accident/occurrence by your agent, servant or employee is not knowledge by you unless an executive officer of your Corporation received such notice from its agent, servant or employee.

J. Voluntary Property Damage

1. We will pay, at your request, for loss due to “Property Damage” to property of others caused by you, or while in your possession, arising out of your business operations.

2. “Loss” means unintentional damage or destruction but does not include disappearance, theft, or loss of use.

3. Limits of Insurance - The most we will pay for “loss” under the Voluntary Property Damage is **$2,500** for each “occurrence.” The most we will pay for the sum of all damages because of “Property Damage” is an annual policy aggregate limit of **$25,000.**

4. Deductible - We will not pay for “loss” in any one “occurrence” until the amount of “loss” exceeds **$250.**

We may pay any part or all of the deductible amount to effect settlement of any “claim” or “suit” and, upon notification of the action taken, you shall promptly reimburse us for such part of the deductible amount as we have paid.

5. The insurance under the Voluntary Property Damage shall not apply:

a. To “loss” of property at premises owned, rented, leased, operated, or used by you;

b. To “loss” of property while in transit;

c. To “loss” of property owned by, rented to, leased to, borrowed by or used by you;

d. To the cost of repairing or replacing (1) any work defectively or incorrectly done, (2) any product manufactured, sold or supplied by you, unless the “Property Damage” is caused directly by you after delivery of the product or completion of the work and resulting from a subsequent undertaking;

e. To “loss” of property included within the “Products/Completed Operations Hazard”;

f. To “loss” of property which is an “auto” or “mobile equipment.”

g. To “loss” of property caused by “pollutants.”

6. In the event of “loss” covered by this endorsement, you shall, if requested by us, replace the property or furnish the labor and materials necessary for repairs thereto at your actual cost, excluding profit or overhead charges.

K. Non-Owned Watercraft And Non-Owned Aircraft Liability

SECTION I - COVERAGE A, exclusion 2.g. is replaced by the following:

g. "Bodily injury" or "property damage" arising out of the ownership, maintenance, use or entrustment to others of any aircraft, "auto" or watercraft owned or operated by or rented or loaned to any insured. Use includes operation and "loading or unloading." This exclusion applies even if the claims against any insured allege negligence or other wrongdoing in the supervision, hiring, employment, training or monitoring of others by that insured, if the "occurrence" which caused the "bodily injury" or "property damage" involved the ownership, maintenance, use or entrustment to others of any aircraft, "auto" or watercraft that is owned or operated by or rented or loaned to any insured.

This exclusion does not apply to:

1) A watercraft while ashore on premises you own or rent;

2) A watercraft you do not own that is:

a) Less than 60 feet long; and

b) Not being used to carry persons or property for a charge;

3) Parking an "auto" on, or on the ways next to, premises you own or rent, provided the "auto" is not owned by or rented or loaned to you or the insured;

4) Liability assumed under any "insured contract" for the ownership, maintenance or use of aircraft or watercraft; or

5) "Bodily injury" or "property damage" arising out of:

a) The operation of machinery or equipment that is attached to, or part of, a land vehicle that would qualify under the definition of "mobile equipment" if it were not subject to a compulsory or financial responsibility law or other motor vehicle insurance law where it is licensed or principally garaged; or

b) The operation of any of the machinery or equipment listed in paragraph f.2) or f.3) of the definition of "mobile equipment."

6) An aircraft you do not own provided it is not operated by any insured.

L. Fire, Sprinkler Leakage Or Explosion

1. SECTION I - GENERAL LIABILITY COVERAGES is amended as follows:

a. The last paragraph of **2. Exclusions** under **A. Bodily Injury and Property Damage Liability** is replaced by the following:
Exclusions c. through q. do not apply to damage by fire, sprinkler leakage or explosion to premises while rented to you or temporarily occupied by you with permission of the owner.
A separate limit of insurance applies to this coverage as described in Section III - Limits of Insurance.
But the Limit for Damage to Premises Rented To You shown in the Declaration will apply to all damage proximately caused by the same event, whether such damage results from fire, sprinkler leakage or explosion or any combination of the three.

b. **Section III - Limits of Insurance** is amended to replace paragraph 6. with the following:

6. Subject to Paragraph 5. above, the Damage To Premises Rented to You Limit is the most we will pay under Paragraph A. Bodily Injury And Property Damage Liability for damages because of "property damage" to any one premises, while rented to you, or in the case of damage by fire, sprinkler leakage, or explosion, while rented to you or temporarily occupied by you with permission of the owner.

But the Limit of Insurance shown in the Declaration will apply to all damage proximately caused by the same event whether such damage results from fire, sprinker leakage or explosion or any combination of the three.

2. The Damage to Premises Rented To You Limit is $300,000 unless a higher limit is shown on the declaration or change endorsement.

3. Paragraph 4.b. of the Other Insurance is amended as follows:
The term "Fire" in Paragraph B. (1)(a)(i) is replaced by "Fire, Sprinkler Leakage, or Explosion"

4. Section 9.a. under SECTION V - DEFINITIONS is amended as follows:
The term "fire" is replaced by "fire, sprinkler leakage, or explosion"

M. Pollution Coverage For Upset Of Mobile Equipment

The Insuring Agreement for “property damage” liability with respect to your operations is extended as follows:

1. We will pay those sums which you become legally obligated to pay for “property damage” cause directly by immediate, abrupt and accidental upset, overturn or collision of your “mobile equipment” while transporting “pollutants” which are intended for and normally used in your operations. The operations must be in compliance with local, state, and federal ordinances and laws.

2. EXCLUSIONS

a. With regard only to the coverage provided by this extension K., SECTION I - COVERAGES, COVERAGE A. BODILY INJURY AND PROPERTY DAMAGE LIABILITY, 2. Exclusions, f. is deleted and replaced by the following for this extension only:

f. Pollution

Any loss, cost or expense arising out of any:

1) Request, demand, order or statutory or regulatory requirement that any insured or others test for, monitor, clean up, remove, contain, treat, detoxify or neutralize, or in any way respond to, or assess the effects of, “pollutants”; or

2) Claim or suit by or on behalf of a governmental authority for damages because of testing for, monitoring, cleaning up, removing, containing, treating, detoxifying or neutralizing, or in any way responding to, or assessing the effects of “pollutants.”

3) Premises, site or location which is or was at any time owned, rented or loaned to any insured.

N. Aggregate Limits Of Insurance (not applicable to Employee Benefits Liability Coverage)

The General Aggregate Limit under SECTION III - LIMITS OF INSURANCE, Paragraph 2. applies separately to each of your “location(s)” owned by or rented to you or “project(s)” away from “location(s)” owned by or rented to you.

“Location” and/or “project” means premises involving the same or connecting lots, or premises whose connection is interrupted only by a street, roadway, waterway or right-of-way of a railroad.

O. Supplementary Payments - Higher Limits

Under SECTION I - SUPPLEMENTARY PAYMENTS - COVERAGES A AND B:

Paragraph **1.b.** is replaced by the following:
Up to $2000 for cost of bail bonds required because of accidents or traffic law violations arising out of the use of any vehicle to which the Bodily Injury Liability Coverage applies. We do not have to furnish these bonds.

Paragraph **1.d.** is replaced by the following:

All reasonable expenses incurred by the insured at our request to assist us in the investigation or defense of the claim or “suit,” including actual loss of earnings up to $400 a day because of time off from work.

P. Reasonable Force Expansion - Property Damage

Exclusion 2.a. of Coverage A is replaced with the following:

a. Expected Or Intended Injury

“Bodily injury” or “property damage” expected or intended from the standpoint of the insured. This

exclusion does not apply to “bodily injury” or “property damage” resulting from the use of reasonable force to protect persons or property.

Q. Lost Key Coverage

1. SECTION I - COVERAGES

COVERAGE A. BODILY INJURY AND PROPERTY DAMAGE LIABILITY

Exclusion **2.j.4)** Personal property in the care, custody or control of the insured is amended to add:

However, coverage for property of others in the care, custody or control of the insured is provided for the loss of keys which are in the possession of the insured or his “employees” subject to the following additional provisions:

a. The insurance afforded with respect to Lost Key Coverage shall not apply to “property damage” caused by misappropriation, secretion, conversion, infidelity or any dishonest act on the part of any insured or his employees or agents;

b. Our liability for all damages because of “property damage” to which this coverage applies shall be limited to the actual cost of keys, adjustment of locks to accept new keys or, if required, new locks including cost of their installation. Subject to such limitation, our total liability for all damages as the result of any one occurrence shall not exceed $25,000. Each claim is subject to a $250 deductible.

2. SECTION II - WHO IS AN INSURED

The following is added to item **2.a.2)b):**

However, coverage is provided for the loss of keys which are in the possession of the insured or his“employees,” subject to the following additional provisions:

a. The insurance afforded with respect to Lost Key Coverage shall not apply to “property damage” caused by misappropriation, secretion, conversion, infidelity or any dishonest act on the part o any insured or his “employees” or agents;

b. Our liability for all damages because of “property damage” to which this coverage applies shall be limited to the actual cost of keys, adjustment of locks to accept new keys or, if required, new locks including cost of their installation. Subject to such limitation, our total liability for all damages as the result of any one occurrence shall not exceed $25,000. Each claim is subject to a $250 deductible.

R. Personal and Advertising Injury Definition

Under SECTION V – DEFINITIONS, 14.c. is replaced with the following:

The wrongful eviction from, wrongful entry into, or invasion of the right of private occupancy of a room, dwelling or premises that a person or organization occupies, committed by or on behalf of its owner, landlord or lessor.

S. The following is added to SECTION IV - COMMERCIAL GENERAL LIABILITY CONDITIONS, 4. OTHER INSURANCE:

When this General Liability Plus endorsement provides coverage and such coverage is also provided by any other provision of this policy:

a. There shall be no duplication of the Limits of Insurance.

b. Any loss payment made under such other provisions shall reduce by such loss payments the Limits of Insurance available under the General Liability Plus endorsement.

T. SECTION IV - COMMERCIAL GENERAL LIABILITY CONDITIONS is amended by adding:

LIBERALIZATION

If we adopt a change in our Comprehensive General Liability Coverage forms or rules that would broaden the coverage without extra charge, the broader coverage will apply to this Coverage Form. It will apply when the change becomes effective in your state.

THIS ENDORSEMENT CHANGES THE POLICY. PLEASE READ IT CAREFULLY.

DESIGNATED ENTITY - NOTICE OF CANCELLATION OR NONRENEWAL

This endorsement modifies insurance provided under the following:

AUTO DEALERS COVERAGE FORM
BUSINESS AUTO COVERAGE FORM
MOTOR CARRIER COVERAGE FORM

SCHEDULE *

Person or Organization and Address

City of Santa Fe
PO Box 909
Santa Fe, NM 87504

*** (Information required to complete this endorsement, if not shown above, will be shown in the Declarations or Change Endorsement.)**

1. If we cancel this policy, we will mail notice of cancellation to the person or organization shown in the Schedule, Declarations or Change Endorsement. Notice will be sent to the address shown in the Schedule, Declarations or Change Endorsement. Notice will be sent in accordance with the insured notification requirements per state statute.

2. If we decide not to renew this policy, we will mail notice of nonrenewal to the person or organization shown in the Schedule, Declarations or Change Endorsement. Notice will be sent to the address shown in the Schedule, Declarations or Change Endorsement. Notice will be sent in accordance with the insured notification requirements per state statute.

3. Failure to send notice of cancellation or nonrenewal, or failure to allow the number of days notice stated above, shall impose no obligation or liability of any kind upon us, our agents or representatives.

THIS ENDORSEMENT CHANGES THE POLICY. PLEASE READ IT CAREFULLY.

PRIMARY AND NONCONTRIBUTORY – OTHER INSURANCE CONDITION

This endorsement modifies insurance provided under the following:

AUTO DEALERS COVERAGE FORM
BUSINESS AUTO COVERAGE FORM
MOTOR CARRIER COVERAGE FORM

With respect to coverage provided by this endorsement, the provisions of the Coverage Form apply unless modified by the endorsement.

A. The following is added to the **Other Insurance** Condition in the Business Auto Coverage Form and the **Other Insurance – Primary And Excess Insurance Provisions** in the Motor Carrier Coverage Form and supersedes any provision to the contrary:

This Coverage Form's Covered Autos Liability Coverage is primary to and will not seek contribution from any other insurance available to an "insured" under your policy provided that:

1. Such "insured" is a Named Insured under such other insurance; and

2. You have agreed in writing in a contract or agreement that this insurance would be primary and would not seek contribution from any other insurance available to such "insured".

B. The following is added to the **Other Insurance** Condition in the Auto Dealers Coverage Form and supersedes any provision to the contrary:

This Coverage Form's Covered Autos Liability Coverage and General Liability Coverages are primary to and will not seek contribution from any other insurance available to an "insured" under your policy provided that:

1. Such "insured" is a Named Insured under such other insurance; and

2. You have agreed in writing in a contract or agreement that this insurance would be primary and would not seek contribution from any other insurance available to such "insured".

 Copyright, Insurance Services Office, Inc., 2016

THIS ENDORSEMENT CHANGES THE POLICY. PLEASE READ IT CAREFULLY.

BAP PLUS COVERAGE ENDORSEMENT

This endorsement modifies insurance provided under the:

BUSINESS AUTO COVERAGE FORM

These coverages are subject to the terms and conditions applicable to coverage in this policy except as provided below.

A. Hired Auto Physical Damage Coverage

1. If hired "autos" are covered "autos" for Liability Coverage in this policy or another policy provided by us and if Comprehensive, Specified Causes of Loss or Collision coverages are provided under this coverage form for any "auto" you own, then the Physical Damage Coverages provided are extended to "autos" you hire, subject to the following limit.

The most we will pay for "loss" to any hired "auto" is **$75,000** or Actual Cash Value or Cost of Repair, whichever is smallest, minus a deductible. The deductible will be equal to the largest deductible applicable to any owned "auto" for that coverage. No deductible applies to "loss" caused by fire or lightning. Subject to the above limit, and deductible, we will provide coverage equal to the broadest coverage applicable to any covered "auto" you own.

2. Changes In Liability Coverage:

The following is added to the Who Is An Insured Provision:

An "employee" of yours is an "insured" while operating an "auto" hired or rented under a contract or agreement in that "employee's" name, with your permission, while performing duties related to the conduct of your business.

3. Changes In General Conditions:

Paragraph **5.b.** of the Other Insurance Condition in the Business Auto and Business Auto Physical Damage Coverage Forms are replaced by the following:

For Hired Auto Physical Damage Coverage, the following are deemed to be covered "autos" you own:

1. Any covered "auto" you lease, hire, rent or borrow; and

2. Any covered "auto" hired or rented by your "employee" under a contract in that individual "employee's" name, with your permission, while performing duties related to the conduct of your business.

However, any "auto" that is leased, hired, rented or borrowed with a driver is not a covered "auto."

B. Hired Auto Physical Damage - Additional Loss of Use Expenses

Paragraph **A.4.b.** of **SECTION III -PHYSICAL DAMAGE COVERAGE** is amended to provide a limit of **$85 per day** and a **maximum limit of $1,350.**

C. Physical Damage - Additional Transportation Expense Coverage

Paragraph **A.4.a.** of **SECTION III - PHYSICAL DAMAGE COVERAGE** is amended to provide a limit of **$50 per day** and a **maximum limit of $1,000.**

D. Towing and Labor Costs Coverage

We will pay up to $200 for towing and labor costs incurred each time an owned "auto" is disabled. However, the labor must be performed at the place of disablement.

E. Parked Auto Collision Coverage (Waiver of Deductible) The deductible does not apply to "loss" caused by collision to such covered "auto" while it is:

1. In the charge of an "insured";

2. Legally parked; and

3. Unoccupied.

The total amount of the damage to the covered “auto” must exceed the deductible shown in the Declarations or Change Endorsement.

This provision does not apply to any “loss” if the covered “auto” is in the charge of any person or organization engaged in the automobile business.

F. Rental Reimbursement Coverage

When there is a “loss” to a covered “auto,” we will pay for rental reimbursement expenses incurred by you for the rental of an “auto.” Payment applies in addition to the otherwise applicable amount of each coverage you have on a covered “auto.” No deductibles apply to this coverage.

This coverage applies only:

1. For those expenses incurred during the policy period beginning 24 hours after the loss;

2. To necessary and actual expenses incurred;

3. To a “loss” for which we also pay a “loss” under Physical Damage Coverage - Comprehensive Coverage, Specified Causes of Loss Coverage or Collision Coverage; and

4. If there are no spare or reserve “autos” available to you for your operations.

Our payment will be limited to that period of time reasonably required to repair or replace the covered “auto.” We will pay up to **$75 per day** to a **maximum of $1,500.** If “loss” results from total theft of a covered “auto” we will pay under this coverage only that amount of rental reimbursement expenses which are not already provided under the Physical Damage Coverage Extension.

G. Difference in Value Coverage - Loan/Lease Gap

1. PHYSICAL DAMAGE COVERAGE, is amended by the addition of the following:

a. In the event of a total “loss” to a covered “auto”, we will pay any unpaid amount due on the lease or loan for a covered “auto”, less:

1) The amount paid under the Policy's Physical Damage Coverage; and

2) Any:

i) Overdue or any deferred loan/lease payments at the time of "loss";

ii) Financial penalties imposed under the lease for excessive use, abnormal wear and tear or high mileage;

iii) Security deposits not returned by the lessor;

iv) Costs for extended warranties, Credit Life Insurance, Health, Accident or Disability Insurance purchased with the loan or lease; and

v) Carry-over balances from previous loans or leases.

For the purposes of this endorsement, the following is added to the Other Insurance Condition in the Business Auto Coverage Form:

The insurance provided by this Auto Loan/Lease GAP Coverage is excess over any other collectible insurance including but not limited to any coverage provided by or purchased from the lessor or any financial institution.

H. Glass Repair - Waiver of Deductible

Under Paragraph **D. - Deductible of SECTION III - PHYSICAL DAMAGE COVERAGE**, the following is added:

No deductible applies to the cost of repairing or replacing damaged glass.

I. Employees as Insureds Paragraph **A.1 - Who is an Insured of SECTION II - COVERED AUTOS LIABILITY COVERAGE** is amended to add:

d. Any employee of yours while using a covered “auto” you don't own, hire or borrow in your business or your personal affairs. Coverage is excess over any other collectible insurance.

J. Fellow Employee Coverage

The Fellow Employee Exclusion contained in **SECTION II - COVERED AUTOS LIABILITY COVERAGE** does not apply.

K. Doubled Automobile Medical Payments Coverage

If you have purchased Automobile Medical Payments Coverage, the limit of insurance for that coverage as shown in the Declarations or Change Endorsement will be doubled in the event an "insured" is injured in an "accident" while within an "auto" and is:

1. Wearing a seat belt; or

2. The "auto" is equipped with passive restraints.

L. Waiver Of Transfer Of Rights Of Recovery Against Others To Us

The **TRANSFER OF RIGHTS OF RECOVERY AGAINST OTHERS TO US, SECTION IV CONDITION 5.,** is amended by the addition of the following:

The Transfer Of Rights Of Recovery Against Others To Us Condition does not apply to any person(s) or organization(s) for whom you are required to waive subrogation with respect to the coverage provided under this Coverage Form, but only to the extent that subrogation is waived:

1. Under a written contract or agreement with such person(s) or organization(s); and

2. Prior to the "accident" or the "loss".

M. Additional Insured - Automatic Status

1. Any "leased auto" will be considered a covered "auto" you own and not a covered "auto" you hire or borrow.

2. Paragraph **A.1 - Who is an Insured of SECTION II - COVERED AUTOS LIABILITY COVERAGE** is amended to include as an insured any person or organization (called additional insured) whom you are required to add as an additional insured on this policy under:

A written contract, permit or agreement, and

a. Currently in effect or becoming effective during the term of this policy; and

b. Executed prior to the "bodily injury," "property damage," "personal injury and advertising injury."

3. The insurance provided to the additional insured is limited as follows:

a. The Limits of Insurance applicable to the additional insured are those specified in the written contract or agreement or in the Declarations for this policy, whichever is less. These Limits of Insurance are inclusive and not in addition to the Limits of Insurance shown in the Declarations.

4. Additional Definition

As used in this endorsement:

"Leased auto" means an "auto" leased or rented to you, including any substitute, replacement or extra "auto" needed to meet seasonal or other needs, under a leasing or rental agreement that requires you to provide direct primary insurance for the lessor.

N. Loss Payee - Lessor

1. We will pay, as interest may appear, you and the lessor for "loss" to a "leased auto."

2. The insurance covers the interest of the lessor unless the "loss" results from fraudulent acts or omission on your part.

3. If we make any payment to the lessor, we will obtain his or her rights against any other party.

4. Additional Definition

As used in this endorsement:

"Leased auto" means an "auto" leased or rented to you, including any substitute, replacement or extra "auto" needed to meet seasonal or other needs, under a leasing or rental agreement that requires you to provide direct primary insurance for the lessor.

O. Tapes, Records and Discs Coverage SECTION III - PHYSICAL DAMAGE COVERAGE is amended as follows:

1. The exclusion referring to tapes, records, discs or other similar audio, visual or data electronic devices designed for use with audio, visual or data electronic equipment does not apply.

2. The following is added to Paragraph A. Coverage:

Under Comprehensive Coverage we will pay for “loss” to tapes, records, discs or other similar devices used with audio, visual or data electronic equipment. We will pay only if the tapes, records, discs or other similar audio, visual or data electronic devices:

a. Are your property or that of a family member, and

b. Are in a covered “auto” at the time of “loss.”

3. The most we will pay for “loss” is $250.

4. No Physical Damage Coverage deductible applies to this coverage.

P. Audio, Visual and Data Electronic Equipment Coverage

SECTION III - PHYSICAL DAMAGE COVERAGE is amended as follows:

1. The sublimit in Paragraph **C.1.b**. of the Limit Of Insurance provision is increased to $2,500.

1. ADDITIONAL INSUREDS

a. **WHO IS AN INSURED** is amended to include as an **Insured** any person or organization described in paragraphs **A.** through **H.** below whom a **Named Insured** is required to add as an additional insured on this **Coverage Part** under a written contract or written agreement, provided such contract or agreement:

(1) is currently in effect or becomes effective during the term of this **Coverage Part**; and

(2) was executed prior to:

(a) the **bodily injury** or **property damage**; or

(b) the offense that caused the **personal and advertising injury**,

for which such additional insured seeks coverage.

b. However, subject always to the terms and conditions of this policy, including the limits of insurance, the Insurer will not provide such additional insured with:

(1) a higher limit of insurance than required by such contract or agreement; or

(2) coverage broader than required by such contract or agreement, and in no event broader than that described by the applicable paragraph **A.** through **H.** below.

Any coverage granted by this endorsement shall apply only to the extent permissible by law.

A. Controlling Interest

Any person or organization with a controlling interest in a **Named Insured**, but only with respect to such person or organization's liability for **bodily injury**, **property damage** or **personal and advertising injury** arising out of:

1. such person or organization's financial control of a **Named Insured**; or
2. premises such person or organization owns, maintains or controls while a **Named Insured** leases or occupies such premises;

provided that the coverage granted by this paragraph does not apply to structural alterations, new construction or demolition operations performed by, on behalf of, or for such additional insured.

B. Co-owner of Insured Premises

A co-owner of a premises co-owned by a **Named Insured** and covered under this insurance but only with respect to such co-owner's liability for **bodily injury**, **property damage** or **personal and advertising injury** as co-owner of such premises.

C. Lessor of Equipment

Any person or organization from whom a **Named Insured** leases equipment, but only with respect to liability for **bodily injury**, **property damage** or **personal and advertising injury** caused, in whole or in part, by the **Named Insured's** maintenance, operation or use of such equipment, provided that the **occurrence** giving rise to such **bodily injury**, **property damage** or the offense giving rise to such **personal and advertising injury** takes place prior to the termination of such lease.

D. Lessor of Land

Any person or organization from whom a **Named Insured** leases land but only with respect to liability for **bodily injury**, **property damage** or **personal and advertising injury** arising out of the ownership, maintenance or use of such land, provided that the **occurrence** giving rise to such **bodily injury**, **property damage** or the offense giving rise to such **personal and advertising injury** takes place prior to the termination of such lease. The

Copyright CNA All Rights Reserved. Includes copyrighted material of Insurance Services Office, Inc., with its permission.

coverage granted by this paragraph does not apply to structural alterations, new construction or demolition operations performed by, on behalf of, or for such additional insured.

E. Lessor of Premises

An owner or lessor of premises leased to the **Named Insured**, or such owner or lessor's real estate manager, but only with respect to liability for **bodily injury**, **property damage** or **personal and advertising injury** arising out of the ownership, maintenance or use of such part of the premises leased to the **Named Insured**, and provided that the **occurrence** giving rise to such **bodily injury** or **property damage**, or the offense giving rise to such **personal and advertising injury**, takes place prior to the termination of such lease. The coverage granted by this paragraph does not apply to structural alterations, new construction or demolition operations performed by, on behalf of, or for such additional insured.

F. Mortgagee, Assignee or Receiver

A mortgagee, assignee or receiver of premises but only with respect to such mortgagee, assignee or receiver's liability for **bodily injury**, **property damage** or **personal and advertising injury** arising out of the **Named Insured's** ownership, maintenance, or use of a premises by a **Named Insured**.

The coverage granted by this paragraph does not apply to structural alterations, new construction or demolition operations performed by, on behalf of, or for such additional insured.

G. State or Governmental Agency or Subdivision or Political Subdivisions – Permits

A state or governmental agency or subdivision or political subdivision that has issued a permit or authorization but only with respect to such state or governmental agency or subdivision or political subdivision's liability for **bodily injury**, **property damage** or **personal and advertising injury** arising out of:

1. the following hazards in connection with premises a **Named Insured** owns, rents, or controls and to which this insurance applies:
   a. the existence, maintenance, repair, construction, erection, or removal of advertising signs, awnings, canopies, cellar entrances, coal holes, driveways, manholes, marquees, hoistaway openings, sidewalk vaults, street banners, or decorations and similar exposures; or
   b. the construction, erection, or removal of elevators; or
   c. the ownership, maintenance or use of any elevators covered by this insurance; or
2. the permitted or authorized operations performed by a **Named Insured** or on a **Named Insured's** behalf.

   The coverage granted by this paragraph does not apply to:
   a. **Bodily injury**, **property damage** or **personal and advertising injury** arising out of operations performed for the state or governmental agency or subdivision or political subdivision; or
   b. **Bodily injury** or **property damage** included within the **products-completed operations hazard**.

With respect to this provision's requirement that additional insured status must be requested under a written contract or agreement, the Insurer will treat as a written contract any governmental permit that requires the **Named Insured** to add the governmental entity as an additional insured.

H. Trade Show Event Lessor

1. With respect to a **Named Insured's** participation in a trade show event as an exhibitor, presenter or displayer, any person or organization whom the **Named Insured** is required to include as an additional insured, but only with respect to such person or organization's liability for **bodily injury**, **property damage** or **personal and advertising injury** caused by:

Copyright CNA All Rights Reserved. Includes copyrighted material of Insurance Services Office, Inc., with its permission.

000007 - 0320 of 0440 - NNNNNN - 01366 JOBID 3AE4C007568

a. the **Named Insured's** acts or omissions; or

b. the acts or omissions of those acting on the **Named Insured's** behalf,

in the performance of the **Named Insured's** ongoing operations at the trade show event premises during the trade show event.

2. The coverage granted by this paragraph does not apply to **bodily injury** or **property damage** included within the **products-completed operations hazard.**

2. ADDITIONAL INSURED - PRIMARY AND NON-CONTRIBUTORY TO ADDITIONAL INSURED'S INSURANCE

The **Other Insurance** Condition in the **COMMERCIAL GENERAL LIABILITY CONDITIONS** Section is amended to add the following paragraph:

If the **Named Insured** has agreed in writing in a contract or agreement that this insurance is primary and non-contributory relative to an additional insured's own insurance, then this insurance is primary, and the Insurer will not seek contribution from that other insurance. For the purpose of this Provision **2.**, the additional insured's own insurance means insurance on which the additional insured is a named insured. Otherwise, and notwithstanding anything to the contrary elsewhere in this Condition, the insurance provided to such person or organization is excess of any other insurance available to such person or organization.

3. BODILY INJURY – EXPANDED DEFINITION

Under **DEFINITIONS**, the definition of **bodily injury** is deleted and replaced by the following:

Bodily injury means physical injury, sickness or disease sustained by a person, including death, humiliation, shock, mental anguish or mental injury sustained by that person at any time which results as a consequence of the physical injury, sickness or disease.

4. BROAD KNOWLEDGE OF OCCURRENCE/ NOTICE OF OCCURRENCE

Under **CONDITIONS**, the condition entitled **Duties in The Event of Occurrence, Offense, Claim or Suit** is amended to add the following provisions:

A. BROAD KNOWLEDGE OF OCCURRENCE

The **Named Insured** must give the Insurer or the Insurer's authorized representative notice of an **occurrence**, offense or **claim** only when the **occurrence**, offense or **claim** is known to a natural person **Named Insured**, to a partner, executive officer, manager or member of a **Named Insured**, or an **employee** designated by any of the above to give such notice.

B. NOTICE OF OCCURRENCE

The **Named Insured's** rights under this **Coverage Part** will not be prejudiced if the **Named Insured** fails to give the Insurer notice of an **occurrence**, offense or **claim** and that failure is solely due to the **Named Insured's** reasonable belief that the **bodily injury** or **property damage** is not covered under this **Coverage Part**. However, the **Named Insured** shall give written notice of such **occurrence**, offense or **claim** to the Insurer as soon as the **Named Insured** is aware that this insurance may apply to such **occurrence**, offense or **claim**.

5. BROAD NAMED INSURED

WHO IS AN INSURED is amended to delete its Paragraph **3.** in its entirety and replace it with the following:

3. Pursuant to the limitations described in Paragraph **4.** below, any organization in which a **Named Insured** has management control:

a. on the effective date of this **Coverage Part**; or

Copyright CNA All Rights Reserved. Includes copyrighted material of Insurance Services Office, Inc., with its permission.

000007 - 0321 of 0440 - NNNNNN - 01367 JOBID 3AB4C007568

b. by reason of a **Named Insured** creating or acquiring the organization during the **policy period**,

qualifies as a **Named Insured**, provided that there is no other similar liability insurance, whether primary, contributory, excess, contingent or otherwise, which provides coverage to such organization, or which would have provided coverage but for the exhaustion of its limit, and without regard to whether its coverage is broader or narrower than that provided by this insurance.

But this **BROAD NAMED INSURED** provision does not apply to:

(a) any partnership, limited liability company or joint venture; or

(b) any organization for which coverage is excluded by another endorsement attached to this **Coverage Part**.

For the purpose of this provision, management control means:

A. owning interests representing more than 50% of the voting, appointment or designation power for the selection of a majority of the Board of Directors of a corporation; or

B. having the right, pursuant to a written trust agreement, to protect, control the use of, encumber or transfer or sell property held by a trust.

4. With respect to organizations which qualify as **Named Insureds** by virtue of Paragraph **3.** above, this insurance does not apply to:

a. **bodily injury** or **property damage** that first occurred prior to the date of management control, or that first occurs after management control ceases; nor

b. **personal or advertising injury** caused by an offense that first occurred prior to the date of management control or that first occurs after management control ceases.

5. The insurance provided by this **Coverage Part** applies to **Named Insureds** when trading under their own names or under such other trading names or doing-business-as names (dba) as any **Named Insured** should choose to employ.

6. BROADENED LIABILITY COVERAGE FOR DAMAGE TO YOUR PRODUCT AND YOUR WORK

A. Under **COVERAGES**, **Coverage A – Bodily Injury and Property Damage Liability**, the paragraph entitled **Exclusions** is amended to delete exclusions **k.** and **l.** and replace them with the following:

This insurance does not apply to:

k. Damage to Your Product

Property damage to **your product** arising out of it, or any part of it except when caused by or resulting from:

(1) fire;

(2) smoke;

(3) collapse; or

(4) explosion.

l. Damage to Your Work

Property damage to **your work** arising out of it, or any part of it and included in the **products-completed operations hazard**.

This exclusion does not apply:

(1) If the damaged work, or the work out of which the damage arises, was performed on the **Named Insured's** behalf by a subcontractor; or

Copyright CNA All Rights Reserved. Includes copyrighted material of Insurance Services Office, Inc., with its permission.

(2) If the cause of loss to the damaged work arises as a result of:

(a) fire;

(b) smoke;

(c) collapse; or

(d) explosion.

B. The following paragraph is added to **LIMITS OF INSURANCE**:

Subject to **5.** above, $100,000 is the most the Insurer will pay under **Coverage A** for the sum of **damages** arising out of any one **occurrence** because of **property damage** to **your product** and **your work** that is caused by fire, smoke, collapse or explosion and is included within the **product-completed operations hazard**. This sublimit does not apply to **property damage** to **your work** if the damaged work, or the work out of which the damage arises, was performed on the **Named Insured's** behalf by a subcontractor.

C. This **Broadened Liability Coverage For Damage To Your Product And Your Work** Provision does not apply if an endorsement of the same name is attached to this policy.

7. CONTRACTUAL LIABILITY – RAILROADS

With respect to operations performed within 50 feet of railroad property, the definition of **insured contract** is replaced by the following:

Insured Contract means:

a. A contract for a lease of premises. However, that portion of the contract for a lease of premises that indemnifies any person or organization for damage by fire to premises while rented to a **Named Insured** or temporarily occupied by a **Named Insured** with permission of the owner is not an **insured contract**;

b. A sidetrack agreement;

c. Any easement or license agreement;

d. An obligation, as required by ordinance, to indemnify a municipality, except in connection with work for a municipality;

e. An elevator maintenance agreement;

f. That part of any other contract or agreement pertaining to the **Named Insured's** business (including an indemnification of a municipality in connection with work performed for a municipality) under which the **Named Insured** assumes the tort liability of another party to pay for **bodily injury** or **property damage** to a third person or organization. Tort liability means a liability that would be imposed by law in the absence of any contract or agreement.

Paragraph **f.** does not include that part of any contract or agreement:

(1) That indemnifies an architect, engineer or surveyor for injury or damage arising out of:

(a) Preparing, approving or failing to prepare or approve maps, shop drawings, opinions, reports, surveys, field orders, change orders or drawings and specifications; or

(b) Giving directions or instructions, or failing to give them, if that is the primary cause of the injury or damage;

(2) Under which the **Insured**, if an architect, engineer or surveyor, assumes liability for an injury or damage arising out of the insured's rendering or failure to render professional services, including those listed in **(1)** above and supervisory, inspection, architectural or engineering activities.

8. ELECTRONIC DATA LIABILITY

Copyright CNA All Rights Reserved. Includes copyrighted material of Insurance Services Office, Inc., with its permission.

000007 - 0322 of 0440 - NNNNNN - 01368 JOBID 3AE4C007568

A. Under **COVERAGES**, **Coverage A – Bodily Injury and Property Damage Liability**, the paragraph entitled **Exclusions** is amended to delete exclusion **p. Electronic Data** and replace it with the following:

This insurance does not apply to:

p. Access Or Disclosure Of Confidential Or Personal Information And Data-related Liability

Damages arising out of:

(1) any access to or disclosure of any person's or organization's confidential or personal information, including patents, trade secrets, processing methods, customer lists, financial information, credit card information, health information or any other type of nonpublic information; or

(2) the loss of, loss of use of, damage to, corruption of, inability to access, or inability to manipulate **electronic data** that does not result from physical injury to tangible property.

However, unless Paragraph **(1)** above applies, this exclusion does not apply to **damages** because of **bodily injury**.

This exclusion applies even if damages are claimed for notification costs, credit monitoring expenses, forensic expenses, public relation expenses or any other loss, cost or expense incurred by the **Named Insured** or others arising out of that which is described in Paragraph **(1)** or **(2)** above.

B. The following paragraph is added to **LIMITS OF INSURANCE**:

Subject to **5.** above, $100,000 is the most the Insurer will pay under **Coverage A** for all **damages** arising out of any one **occurrence** because of **property damage** that results from physical injury to tangible property and arises out of **electronic data**.

C. The following definition is added to **DEFINITIONS**:

Electronic data means information, facts or programs stored as or on, created or used on, or transmitted to or from computer software (including systems and applications software), hard or floppy disks, CD-ROMS, tapes, drives, cells, data processing devices or any other media which are used with electronically controlled equipment.

D. For the purpose of the coverage provided by this **ELECTRONIC DATA LIABILITY** Provision, the definition of **property damage** in **DEFINITIONS** is replaced by the following:

Property damage means:

a. Physical injury to tangible property, including all resulting loss of use of that property. All such loss of use shall be deemed to occur at the time of the physical injury that caused it;

b. Loss of use of tangible property that is not physically injured. All such loss of use shall be deemed to occur at the time of the **occurrence** that caused it; or

c. Loss of, loss of use of, damage to, corruption of, inability to access, or inability to properly manipulate **electronic data**, resulting from physical injury to tangible property. All such loss of **electronic data** shall be deemed to occur at the time of the **occurrence** that caused it.

For the purposes of this insurance, **electronic data** is not tangible property.

E. If Electronic Data Liability is provided at a higher limit by another endorsement attached to this policy, then the $100,000 limit provided by this **ELECTRONIC DATA LIABILITY** Provision is part of, and not in addition to, that higher limit.

9. ESTATES, LEGAL REPRESENTATIVES, AND SPOUSES

The estates, heirs, legal representatives and **spouses** of any natural person **Insured** shall also be insured under this policy; provided, however, coverage is afforded to such estates, heirs, legal representatives, and **spouses** only for

Copyright CNA All Rights Reserved. Includes copyrighted material of Insurance Services Office, Inc., with its permission.

claims arising solely out of their capacity or status as such and, in the case of a **spouse**, where such **claim** seeks **damages** from marital community property, jointly held property or property transferred from such natural person **Insured** to such **spouse**. No coverage is provided for any act, error or omission of an estate, heir, legal representative, or **spouse** outside the scope of such person's capacity or status as such, provided however that the **spouse** of a natural person **Named Insured** and the **spouses** of members or partners of joint venture or partnership **Named Insureds** are **Insureds** with respect to such **spouses'** acts, errors or omissions in the conduct of the **Named Insured's** business.

10. EXPECTED OR INTENDED INJURY – EXCEPTION FOR REASONABLE FORCE

Under **COVERAGES, Coverage A – Bodily Injury and Property Damage Liability**, the paragraph entitled **Exclusions** is amended to delete the exclusion entitled **Expected or Intended Injury** and replace it with the following:

This insurance does not apply to:

Expected or Intended Injury

Bodily injury or **property damage** expected or intended from the standpoint of the **Insured**. This exclusion does not apply to **bodily injury** or **property damage** resulting from the use of reasonable force to protect persons or property.

11. GENERAL AGGREGATE LIMITS OF INSURANCE - PER PROJECT

A. For each construction project away from premises the **Named Insured** owns or rents, a separate Construction Project General Aggregate Limit, equal to the amount of the General Aggregate Limit shown in the Declarations, is the most the Insurer will pay for the sum of:

1. All **damages** under **Coverage A**, except **damages** because of **bodily injury** or **property damage** included in the **products-completed operations hazard**; and
2. All medical expenses under **Coverage C**,

that arise from **occurrences** or accidents which can be attributed solely to ongoing operations at that construction project. Such payments shall not reduce the General Aggregate Limit shown in the Declarations, nor the Construction Project General Aggregate Limit of any other construction project.

B. All:

1. **Damages** under **Coverage B**, regardless of the number of locations or construction projects involved;
2. **Damages** under **Coverage A**, caused by **occurrences** which cannot be attributed solely to ongoing operations at a single construction project, except **damages** because of **bodily injury** or **property damage** included in the **products-completed operations hazard**; and
3. Medical expenses under **Coverage C** caused by accidents which cannot be attributed solely to ongoing operations at a single construction project,

will reduce the General Aggregate Limit shown in the Declarations.

C. The limits shown in the Declarations for Each Occurrence, for Damage To Premises Rented To You and for Medical Expense continue to apply, but will be subject to either the Construction Project General Aggregate Limit or the General Aggregate Limit shown in the Declarations, depending on whether the **occurrence** can be attributed solely to ongoing operations at a particular construction project.

D. When coverage for liability arising out of the **products-completed operations hazard** is provided, any payments for **damages** because of **bodily injury** or **property damage** included in the **products-completed operations hazard** will reduce the Products-Completed Operations Aggregate Limit shown in the Declarations, regardless of the number of projects involved.

Copyright CNA All Rights Reserved. Includes copyrighted material of Insurance Services Office, Inc., with its permission.

E. If a single construction project away from premises owned by or rented to the **Insured** has been abandoned and then restarted, or if the authorized contracting parties deviate from plans, blueprints, designs, specifications or timetables, the project will still be deemed to be the same construction project.

F. The provisions of **LIMITS OF INSURANCE** not otherwise modified by this endorsement shall continue to apply as stipulated.

12. IN REM ACTIONS

A quasi in rem action against any vessel owned or operated by or for the **Named Insured**, or chartered by or for the **Named Insured**, will be treated in the same manner as though the action were in personam against the **Named Insured**.

13. INCIDENTAL HEALTH CARE MALPRACTICE COVERAGE

Solely with respect to **bodily injury** that arises out of a **health care incident**:

A. Under **COVERAGES**, **Coverage A – Bodily Injury and Property Damage Liability**, the paragraph entitled **Insuring Agreement** is amended to replace Paragraphs **1.b.(1)** and **1.b.(2)** with the following:

b. This insurance applies to **bodily injury** provided that the professional health care services are incidental to the **Named Insured's** primary business purpose, and only if:

(1) such **bodily injury** is caused by an **occurrence** that takes place in the **coverage territory**.

(2) the **bodily injury** first occurs during the **policy period**. All **bodily injury** arising from an **occurrence** will be deemed to have occurred at the time of the first act, error, or omission that is part of the **occurrence**; and

B. Under **COVERAGES**, **Coverage A – Bodily Injury and Property Damage Liability**, the paragraph entitled **Exclusions** is amended to:

i. add the following to the **Employers Liability** exclusion:

This exclusion applies only if the **bodily injury** arising from a **health care incident** is covered by other liability insurance available to the **Insured** (or which would have been available but for exhaustion of its limits).

ii. delete the exclusion entitled **Contractual Liability** and replace it with the following:

This insurance does not apply to:

Contractual Liability

the **Insured's** actual or alleged liability under any oral or written contract or agreement, including but not limited to express warranties or guarantees.

iii. add the following additional exclusions:

This insurance does not apply to:

Discrimination

any actual or alleged discrimination, humiliation or harassment, including but not limited to **claims** based on an individual's race, creed, color, age, gender, national origin, religion, disability, marital status or sexual orientation.

Dishonesty or Crime

Any actual or alleged dishonest, criminal or malicious act, error or omission.

Medicare/Medicaid Fraud

Copyright CNA All Rights Reserved. Includes copyrighted material of Insurance Services Office, Inc., with its permission.

000007 - 0323 of 0440 - NNNNNN - 01369 JOBID 3AE4C007568

any actual or alleged violation of law with respect to Medicare, Medicaid, Tricare or any similar federal, state or local governmental program.

Services Excluded by Endorsement

Any **health care incident** for which coverage is excluded by endorsement.

C. DEFINITIONS is amended to:

i. add the following definitions:

Health care incident means an act, error or omission by the **Named Insured's employees** or **volunteer workers** in the rendering of:

a. **professional health care services** on behalf of the **Named Insured** or

b. Good Samaritan services rendered in an emergency and for which no payment is demanded or received.

Professional health care services means any health care services or the related furnishing of food, beverages, medical supplies or appliances by the following providers in their capacity as such but solely to the extent they are duly licensed as required:

a. Physician;

b. Nurse;

c. Nurse practitioner;

d. Emergency medical technician;

e. Paramedic;

f. Dentist;

g. Physical therapist;

h. Psychologist;

i. Speech therapist;

j. Other allied health professional; or

Professional health care services does not include any services rendered in connection with human clinical trials or product testing.

ii. delete the definition of **occurrence** and replace it with the following:

Occurrence means a **health care incident**. All acts, errors or omissions that are logically connected by any common fact, circumstance, situation, transaction, event, advice or decision will be considered to constitute a single **occurrence**;

iii. amend the definition of **Insured** to:

a. add the following:

the **Named Insured's employees** are **Insureds** with respect to:

(1) **bodily injury** to a co-**employee** while in the course of the co-**employee's** employment by the **Named Insured** or while performing duties related to the conduct of the **Named Insured's** business; and

Copyright CNA All Rights Reserved. Includes copyrighted material of Insurance Services Office, Inc., with its permission.

(2) **bodily injury** to a **volunteer worker** while performing duties related to the conduct of the **Named Insured's** business;

when such **bodily injury** arises out of a **health care incident**.

the **Named Insured's volunteer workers** are **Insureds** with respect to:

(1) **bodily injury** to a co-**volunteer worker** while performing duties related to the conduct of the **Named Insured's** business; and

(2) **bodily injury** to an **employee** while in the course of the **employee's** employment by the **Named Insured** or while performing duties related to the conduct of the **Named Insured's** business;

when such **bodily injury** arises out of a **health care incident**.

b. delete Subparagraphs **(a), (b), (c) and (d)** of Paragraph **2.a.(1)** of **WHO IS AN INSURED**.

D. The **Other Insurance** condition is amended to delete Paragraph **b.(1)** in its entirety and replace it with the following:

Other Insurance

b. Excess Insurance

(1) To the extent this insurance applies, it is excess over any other insurance, self insurance or risk transfer instrument, whether primary, excess, contingent or on any other basis, except for insurance purchased specifically by the **Named Insured** to be excess of this coverage.

14. JOINT VENTURES / PARTNERSHIP / LIMITED LIABILITY COMPANIES

WHO IS AN INSURED is amended to delete its last paragraph and replace it with the following:

No person or organization is an **Insured** with respect to the conduct of any current or past partnership, joint venture or limited liability company that is not shown as a **Named Insured** in the Declarations, except that if the **Named Insured** was a joint venturer, partner, or member of a limited liability company and such joint venture, partnership or limited liability company terminated prior to or during the **policy period**, such **Named Insured** is an **Insured** with respect to its interest in such joint venture, partnership or limited liability company but only to the extent that:

a. any offense giving rise to **personal and advertising injury** occurred prior to such termination date, and the **personal and advertising injury** arising out of such offense first occurred after such termination date;

b. the **bodily injury** or **property damage** first occurred after such termination date; and

c. there is no other valid and collectible insurance purchased specifically to insure the partnership, joint venture or limited liability company; and

If the joint venture, partnership or limited liability company is or was insured under a **consolidated (wrap-up) insurance program**, then such insurance will always be considered valid and collectible for the purpose of paragraph **c.** above. But this provision will not serve to exclude **bodily injury**, **property damage** or **personal and advertising injury** that would otherwise be covered under the **Contractors General Liability Extension Endorsement** provision entitled **WRAP-UP EXTENSION: OCIP, CCIP, OR CONSOLIDATED (WRAP-UP) INSURANCE PROGRAMS**. Please see that provision for the definition of **consolidated (wrap-up) insurance program**.

15. LEGAL LIABILITY – DAMAGE TO PREMISES / ALIENATED PREMISES / PROPERTY IN THE NAMED INSURED'S CARE, CUSTODY OR CONTROL

A. Under **COVERAGES, Coverage A – Bodily Injury and Property Damage Liability**, the paragraph entitled **Exclusions** is amended to delete exclusion **j. Damage to Property** in its entirety and replace it with the following:

This insurance does not apply to:

Copyright CNA All Rights Reserved. Includes copyrighted material of Insurance Services Office, Inc., with its permission.

000007 - 0324 of 0440 - NNNNNN - 01370 JOBID 3AE4C007568

j. Damage to Property

Property damage to:

(1) Property the **Named Insured** owns, rents, or occupies, including any costs or expenses incurred by you, or any other person, organization or entity, for repair, replacement, enhancement, restoration or maintenance of such property for any reason, including prevention of injury to a person or damage to another's property;

(2) Premises the **Named Insured** sells, gives away or abandons, if the **property damage** arises out of any part of those premises;

(3) Property loaned to the **Named Insured**;

(4) Personal property in the care, custody or control of the **Insured**;

(5) That particular part of real property on which the **Named Insured** or any contractors or subcontractors working directly or indirectly on the **Named Insured's** behalf are performing operations, if the **property damage** arises out of those operations; or

(6) That particular part of any property that must be restored, repaired or replaced because **your work** was incorrectly performed on it.

Paragraphs **(1), (3)** and **(4)** of this exclusion do not apply to **property damage** (other than damage by fire) to premises rented to the **Named Insured** or temporarily occupied by the **Named Insured** with the permission of the owner, nor to the contents of premises rented to the **Named Insured** for a period of 7 or fewer consecutive days. A separate limit of insurance applies to Damage To Premises Rented To You as described in **LIMITS OF INSURANCE**.

Paragraph **(2)** of this exclusion does not apply if the premises are **your work**.

Paragraphs **(3), (4), (5)** and **(6)** of this exclusion do not apply to liability assumed under a sidetrack agreement.

Paragraph **(6)** of this exclusion does not apply to **property damage** included in the **products-completed operations hazard**.

Paragraphs **(3)** and **(4)** of this exclusion do not apply to **property damage** to:

i. tools, or equipment the **Named Insured** borrows from others, nor

ii. other personal property of others in the **Named Insured's** care, custody or control while being used in the **Named Insured's** operations away from any **Named Insured's** premises.

However, the coverage granted by this exception to Paragraphs **(3)** and **(4)** does not apply to:

a. property at a job site awaiting or during such property's installation, fabrication, or erection;

b. property that is **mobile equipment** leased by an **Insured**;

c. property that is an **auto**, aircraft or watercraft;

d. property in transit; or

e. any portion of **property damage** for which the **Insured** has available other valid and collectible insurance, or would have such insurance but for exhaustion of its limits, or but for application of one of its exclusions.

A separate limit of insurance and deductible apply to such property of others. See **LIMITS OF INSURANCE** as amended below.

Copyright CNA All Rights Reserved. Includes copyrighted material of Insurance Services Office, Inc., with its permission.

000007 - 0325 OF 0440 - NNNNNN - 01371 JOBID 3AE4C007568

B. Under **COVERAGES, Coverage A – Bodily Injury and Property Damage Liability**, the paragraph entitled **Exclusions** is amended to delete its last paragraph and replace it with the following:

Exclusions **c.** through **n.** do not apply to damage by fire to premises while rented to a **Named Insured** or temporarily occupied by a **Named Insured** with permission of the owner, nor to damage to the contents of premises rented to a **Named Insured** for a period of 7 or fewer consecutive days.

A separate limit of insurance applies to this coverage as described in **LIMITS OF INSURANCE**.

C. The following paragraph is added to **LIMITS OF INSURANCE**:

Subject to **5.** above, $25,000 is the most the Insurer will pay under **Coverage A** for **damages** arising out of any one **occurrence** because of the sum of all **property damage** to borrowed tools or equipment, and to other personal property of others in the **Named Insured's** care, custody or control, while being used in the **Named Insured's** operations away from any **Named Insured's** premises. The Insurer's obligation to pay such **property damage** does not apply until the amount of such **property damage** exceeds $1,000. The Insurer has the right but not the duty to pay any portion of this $1,000 in order to effect settlement. If the Insurer exercises that right, the **Named Insured** will promptly reimburse the Insurer for any such amount.

D. Paragraph **6.**, Damage To Premises Rented To You Limit, of **LIMITS OF INSURANCE** is deleted and replaced by the following:

6. Subject to Paragraph **5.** above, (the Each Occurrence Limit), the Damage To Premises Rented To You Limit is the most the Insurer will pay under **Coverage A** for **damages** because of **property damage** to any one premises while rented to the **Named Insured** or temporarily occupied by the **Named Insured** with the permission of the owner, including contents of such premises rented to the **Named Insured** for a period of 7 or fewer consecutive days. The Damage To Premises Rented To You Limit is the greater of:

a. $500,000; or

b. The Damage To Premises Rented To You Limit shown in the Declarations.

E. Paragraph **4.b.(1)(a)(ii)** of the **Other Insurance** Condition is deleted and replaced by the following:

(ii) That is property insurance for premises rented to the **Named Insured**, for premises temporarily occupied by the **Named Insured** with the permission of the owner; or for personal property of others in the **Named Insured's** care, custody or control;

16. LIQUOR LIABILITY

Under **COVERAGES, Coverage A – Bodily Injury and Property Damage Liability**, the paragraph entitled **Exclusions** is amended to delete the exclusion entitled **Liquor Liability**.

This **LIQUOR LIABILITY** provision does not apply to any person or organization who otherwise qualifies as an additional insured on this **Coverage Part**.

17. MEDICAL PAYMENTS

A. LIMITS OF INSURANCE is amended to delete Paragraph **7.** (the Medical Expense Limit) and replace it with the following:

7. Subject to Paragraph **5.** above (the Each Occurrence Limit), the Medical Expense Limit is the most the Insurer will pay under **Coverage C – Medical Payments** for all medical expenses because of **bodily injury** sustained by any one person. The Medical Expense Limit is the greater of:

(1) $15,000 unless a different amount is shown here: $N,NNN,NNN,NNN; or

(2) the amount shown in the Declarations for Medical Expense Limit.

Copyright CNA All Rights Reserved. Includes copyrighted material of Insurance Services Office, Inc., with its permission.

B. Under **COVERAGES**, the **Insuring Agreement** of **Coverage C – Medical Payments** is amended to replace Paragraph **1.a.(3)(b)** with the following:

(b) The expenses are incurred and reported to the Insurer within three years of the date of the accident; and

18. NON-OWNED AIRCRAFT

Under **COVERAGES, Coverage A – Bodily Injury and Property Damage Liability**, the paragraph entitled **Exclusions** is amended as follows:

The exclusion entitled **Aircraft, Auto or Watercraft** is amended to add the following:

This exclusion does not apply to an aircraft not owned by any **Named Insured**, provided that:

1. the pilot in command holds a currently effective certificate issued by the duly constituted authority of the United States of America or Canada, designating that person as a commercial or airline transport pilot;

2. the aircraft is rented with a trained, paid crew to the **Named Insured**; and

3. the aircraft is not being used to carry persons or property for a charge.

19. NON-OWNED WATERCRAFT

Under **COVERAGES, Coverage A – Bodily Injury and Property Damage Liability**, the paragraph entitled **Exclusions** is amended to delete subparagraph **(2)** of the exclusion entitled **Aircraft, Auto or Watercraft**, and replace it with the following.

This exclusion does not apply to:

(2) a watercraft that is not owned by any **Named Insured**, provided the watercraft is:

(a) less than 75 feet long; and

(b) not being used to carry persons or property for a charge.

20. PERSONAL AND ADVERTISING INJURY –DISCRIMINATION OR HUMILIATION

A. Under **DEFINITIONS**, the definition of **personal and advertising injury** is amended to add the following tort:

Discrimination or humiliation that results in injury to the feelings or reputation of a natural person.

B. Under **COVERAGES, Coverage B – Personal and Advertising Injury Liability**, the paragraph entitled **Exclusions** is amended to:

1. delete the Exclusion entitled **Knowing Violation Of Rights Of Another** and replace it with the following:

This insurance does not apply to:

Knowing Violation of Rights of Another

Personal and advertising injury caused by or at the direction of the **Insured** with the knowledge that the act would violate the rights of another and would inflict **personal and advertising injury**. This exclusion shall not apply to discrimination or humiliation that results in injury to the feelings or reputation of a natural person, but only if such discrimination or humiliation is not done intentionally by or at the direction of:

(a) the **Named Insured**; or

(b) any **executive officer**, director, stockholder, partner, member or manager (if the **Named Insured** is a limited liability company) of the **Named Insured**.

2. add the following exclusions:

Copyright CNA All Rights Reserved. Includes copyrighted material of Insurance Services Office, Inc., with its permission.

This insurance does not apply to:

Employment Related Discrimination

Discrimination or humiliation directly or indirectly related to the employment, prospective employment, past employment or termination of employment of any person by any **Insured**.

Premises Related Discrimination

discrimination or humiliation arising out of the sale, rental, lease or sub-lease or prospective sale, rental, lease or sub-lease of any room, dwelling or premises by or at the direction of any **Insured**.

Notwithstanding the above, there is no coverage for fines or penalties levied or imposed by a governmental entity because of discrimination.

The coverage provided by this **PERSONAL AND ADVERTISING INJURY –DISCRIMINATION OR HUMILIATION** Provision does not apply to any person or organization whose status as an **Insured** derives solely from

Provision **1. ADDITIONAL INSURED** of this endorsement; or

attachment of an additional insured endorsement to this **Coverage Part**.

This **PERSONAL AND ADVERTISING INJURY –DISCRIMINATION OR HUMILIATION** Provision does not apply to any person or organization who otherwise qualifies as an additional insured on this **Coverage Part**.

21. PERSONAL AND ADVERTISING INJURY - CONTRACTUAL LIABILITY

A. Under **COVERAGES**, **Coverage B –Personal and Advertising Injury Liability**, the paragraph entitled **Exclusions** is amended to delete the exclusion entitled **Contractual Liability**.

B. Solely for the purpose of the coverage provided by this **PERSONAL AND ADVERTISING INJURY - CONTRACTUAL LIABILITY** provision, the following changes are made to the section entitled **SUPPLEMENTARY PAYMENTS – COVERAGES A AND B:**

1. Paragraph **2.d.** is replaced by the following:

d. The allegations in the **suit** and the information the Insurer knows about the offense alleged in such **suit** are such that no conflict appears to exist between the interests of the **Insured** and the interests of the indemnitee;

2. The first unnumbered paragraph beneath Paragraph **2.f.(2)(b)** is deleted and replaced by the following:

So long as the above conditions are met, attorneys fees incurred by the Insurer in the defense of that indemnitee, necessary litigation expenses incurred by the Insurer, and necessary litigation expenses incurred by the indemnitee at the Insurer's request will be paid as **defense costs**. Such payments will not be deemed to be **damages** for **personal and advertising injury** and will not reduce the limits of insurance.

C. This **PERSONAL AND ADVERTISING INJURY - CONTRACTUAL LIABILITY** Provision does not apply if **Coverage B –Personal and Advertising Injury Liability** is excluded by another endorsement attached to this **Coverage Part**.

This **PERSONAL AND ADVERTISING INJURY - CONTRACTUAL LIABILITY** Provision does not apply to any person or organization who otherwise qualifies as an additional insured on this **Coverage Part**.

22. PROPERTY DAMAGE – ELEVATORS

A. Under **COVERAGES**, **Coverage A – Bodily Injury and Property Damage Liability**, the paragraph entitled **Exclusions** is amended such that the **Damage to Your Product** Exclusion and subparagraphs **(3)**, **(4)** and **(6)** of the **Damage to Property** Exclusion do not apply to **property damage** that results from the use of elevators.

Copyright CNA All Rights Reserved. Includes copyrighted material of Insurance Services Office, Inc., with its permission.

000007 - 0326 of 0440 - NNNNNN - 01372 JOBID 3AE4C007568

B. Solely for the purpose of the coverage provided by this **PROPERTY DAMAGE – ELEVATORS** Provision, the **Other Insurance** conditions is amended to add the following paragraph:

This insurance is excess over any of the other insurance, whether primary, excess, contingent or on any other basis that is Property insurance covering property of others damaged from the use of elevators.

23. SUPPLEMENTARY PAYMENTS

The section entitled **SUPPLEMENTARY PAYMENTS – COVERAGES A AND B** is amended as follows:

A. Paragraph **1.b.** is amended to delete the $250 limit shown for the cost of bail bonds and replace it with a $5,000. limit; and

B. Paragraph **1.d.** is amended to delete the limit of $250 shown for daily loss of earnings and replace it with a $1,000. limit.

24. UNINTENTIONAL FAILURE TO DISCLOSE HAZARDS

If the **Named Insured** unintentionally fails to disclose all existing hazards at the inception date of the **Named Insured's Coverage Part**, the Insurer will not deny coverage under this **Coverage Part** because of such failure.

25. WAIVER OF SUBROGATION - BLANKET

Under **CONDITIONS**, the condition entitled **Transfer Of Rights Of Recovery Against Others To Us** is amended to add the following:

The Insurer waives any right of recovery the Insurer may have against any person or organization because of payments the Insurer makes for injury or damage arising out of:

1. the **Named Insured's** ongoing operations; or

2. **your work** included in the **products-completed operations hazard**.

However, this waiver applies only when the **Named Insured** has agreed in writing to waive such rights of recovery in a written contract or written agreement, and only if such contract or agreement:

1. is in effect or becomes effective during the term of this **Coverage Part**; and

2. was executed prior to the **bodily injury**, **property damage** or **personal and advertising injury** giving rise to the **claim**.

26. WRAP-UP EXTENSION: OCIP, CCIP, OR CONSOLIDATED (WRAP-UP) INSURANCE PROGRAMS

Note: The following provision does not apply to any public construction project in the state of Oklahoma, nor to any construction project in the state of Alaska, that is not permitted to be insured under a **consolidated (wrap-up) insurance program** by applicable state statute or regulation.

If the endorsement **EXCLUSION – CONSTRUCTION WRAP-UP** is attached to this policy, or another exclusionary endorsement pertaining to Owner Controlled Insurance Programs (O.C.I.P.) or Contractor Controlled Insurance Programs (C.C.I.P.) is attached, then the following changes apply:

A. The following wording is added to the above-referenced endorsement:

With respect to a **consolidated (wrap-up) insurance program** project in which the **Named Insured** is or was involved, this exclusion does not apply to those sums the **Named Insured** become legally obligated to pay as **damages** because of:

1. **Bodily injury**, **property damage**, or **personal or advertising injury** that occurs during the **Named Insured's** ongoing operations at the project, or during such operations of anyone acting on the **Named Insured's** behalf; nor

Copyright CNA All Rights Reserved. Includes copyrighted material of Insurance Services Office, Inc., with its permission.

2. **Bodily injury** or **property damage** included within the **products-completed operations hazard** that arises out of those portions of the project that are not **residential structures**.

B. Condition **4. Other Insurance** is amended to add the following subparagraph **4.b.(1)(c)**:

This insurance is excess over:

(c) Any of the other insurance whether primary, excess, contingent or any other basis that is insurance available to the **Named Insured** as a result of the **Named Insured** being a participant in a **consolidated (wrap-up) insurance program**, but only as respects the **Named Insured's** involvement in that **consolidated (wrap-up) insurance program**.

C. **DEFINITIONS** is amended to add the following definitions:

Consolidated (wrap-up) insurance program means a construction, erection or demolition project for which the prime contractor/project manager or owner of the construction project has secured general liability insurance covering some or all of the contractors or subcontractors involved in the project, such as an Owner Controlled Insurance Program (O.C.I.P.) or Contractor Controlled Insurance Program (C.C.I.P.).

Residential structure means any structure where 30% or more of the square foot area is used or is intended to be used for human residency, including but not limited to:

1. single or multifamily housing, apartments, condominiums, townhouses, co-operatives or planned unit developments; and

2. the common areas and structures appurtenant to the structures in paragraph **1.** (including pools, hot tubs, detached garages, guest houses or any similar structures).

However, when there is no individual ownership of units, **residential structure** does not include military housing, college/university housing or dormitories, long term care facilities, hotels or motels. **Residential structure** also does not include hospitals or prisons.

This **WRAP-UP EXTENSION: OCIP, CCIP, OR CONSOLIDATED (WRAP-UP) INSURANCE PROGRAMS** Provision does not apply to any person or organization who otherwise qualifies as an additional insured on this **Coverage Part**.

All other terms and conditions of the Policy remain unchanged.

This endorsement, which forms a part of and is for attachment to the Policy issued by the designated Insurers, takes effect on the effective date of said Policy at the hour stated in said Policy, unless another effective date is shown below, and expires concurrently with said Policy.

000007 - 0327 of 0440 = NNNNNN - 01373 JOBID 3AE4C007568

Blanket Additional Insured - Owners, Lessees or Contractors - with Products-Completed Operations Coverage Endorsement

This endorsement modifies insurance provided under the following:

COMMERCIAL GENERAL LIABILITY COVERAGE PART

It is understood and agreed as follows:

I. **WHO IS AN INSURED** is amended to include as an **Insured** any person or organization whom you are required by **written contract** to add as an additional insured on this **Coverage Part**, but only with respect to liability for **bodily injury**, **property damage** or **personal and advertising injury** caused in whole or in part by your acts or omissions, or the acts or omissions of those acting on your behalf:

A. In the performance of your ongoing operations subject to such **written contract**; or

B. In the performance of **your work** subject to such **written contract**, but only with respect to **bodily injury** or **property damage** included in the **products-completed operations hazard**, and only if:

1. The **written contract** requires you to provide the additional insured such coverage; and

2. This **Coverage Part** provides such coverage; and

C. Subject always to the terms and conditions of this policy, including the limits of insurance, the Insurer will not provide such additional insured with:

1. Coverage broader than what you are required to provide by the **written contract**; or

2. A higher limit of insurance than what you are required to provide by the **written contract**.

Any coverage granted by this Paragraph **I.** shall apply solely to the extent permissible by law.

II. If the written contract requires additional insured coverage under the 07-04 edition of CG2010 or CG2037, then paragraph **I.** above is deleted in its entirety and replaced by the following:

WHO IS AN INSURED is amended to include as an **Insured** any person or organization whom you are required by **written contract** to add as an additional insured on this **Coverage Part**, but only with respect to liability for **bodily injury**, **property damage** or **personal and advertising injury** caused in whole or in part by your acts or omissions, or the acts or omissions of those acting on your behalf:

A. In the performance of your ongoing operations subject to such **written contract**; or

B. In the performance of **your work** subject to such **written contract**, but only with respect to **bodily injury** or **property damage** included in the **products-completed operations hazard**, and only if:

1. The **written contract** requires you to provide the additional insured such coverage; and

2. This **Coverage Part** provides such coverage.

III. But if the **written contract** requires:

A. Additional insured coverage under the 11-85 edition, 10-93 edition, or 10-01 edition of CG2010, or under the 10-01 edition of CG2037; or

B. Additional insured coverage with "arising out of" language;

then paragraph **I.** above is deleted in its entirety and replaced by the following:

WHO IS AN INSURED is amended to include as an **Insured** any person or organization whom you are required by **written contract** to add as an additional insured on this **Coverage Part**, but only with respect to liability for **bodily injury**, **property damage** or **personal and advertising injury** arising out of **your work** that is subject to such **written contract**.

000007 - 0341 of 0440 - NNNNNN - 01387 JOBID 3AE4C007568

Copyright CNA All Rights Reserved.

IV. But if the **written contract** requires additional insured coverage to the greatest extent permissible by law, then paragraph **I.** above is deleted in its entirety and replaced by the following:

WHO IS AN INSURED is amended to include as an **insured** any person or organization whom you are required by **written contract** to add as an additional insured on this **Coverage Part**, but only with respect to liability for **bodily injury**, **property damage** or **personal and advertising injury** arising out of **your work** that is subject to such **written contract**.

V. The insurance granted by this endorsement to the additional insured does not apply to **bodily injury**, **property damage**, or **personal and advertising injury** arising out of:

A. The rendering of, or the failure to render, any professional architectural, engineering, or surveying services, including:

1. The preparing, approving, or failing to prepare or approve maps, shop drawings, opinions, reports, surveys, field orders, change orders or drawings and specifications; and

2. Supervisory, inspection, architectural or engineering activities; or

B. Any premises or work for which the additional insured is specifically listed as an additional insured on another endorsement attached to this **Coverage Part**.

VI. Under **COMMERCIAL GENERAL LIABILITY CONDITIONS,** the Condition entitled **Other Insurance** is amended to add the following, which supersedes any provision to the contrary in this Condition or elsewhere in this **Coverage Part**:

Primary and Noncontributory Insurance

With respect to other insurance available to the additional insured under which the additional insured is a named insured, this insurance is primary to and will not seek contribution from such other insurance, provided that a **written contract** requires the insurance provided by this policy to be:

1. Primary and non-contributing with other insurance available to the additional insured; or

2. Primary and to not seek contribution from any other insurance available to the additional insured.

But except as specified above, this insurance will be excess of all other insurance available to the additional insured.

VII. Solely with respect to the insurance granted by this endorsement, the section entitled **COMMERCIAL GENERAL LIABILITY CONDITIONS** is amended as follows:

The Condition entitled **Duties In The Event of Occurrence, Offense, Claim or Suit** is amended with the addition of the following:

Any additional insured pursuant to this endorsement will as soon as practicable:

1. Give the Insurer written notice of any **claim**, or any **occurrence** or offense which may result in a **claim**;

2. Send the Insurer copies of all legal papers received, and otherwise cooperate with the Insurer in the investigation, defense, or settlement of the **claim**; and

3. Make available any other insurance, and endeavor to tender the defense and indemnity of any **claim** to any other insurer or self-insurer, whose policy or program applies to a loss that the Insurer covers under this **coverage part**. However, if the **written contract** requires this insurance to be primary and non-contributory, this paragraph **3.** does not apply to other insurance under which the additional insured is a named insured.

The Insurer has no duty to defend or indemnify an additional insured under this endorsement until the Insurer receives written notice of a **claim** from the additional insured.

Copyright CNA All Rights Reserved.

Blanket Additional Insured - Owners, Lessees or Contractors - with Products-Completed Operations Coverage Endorsement

VIII. Solely with respect to the insurance granted by this endorsement, the section entitled **DEFINITIONS** is amended to add the following definition:

Written contract means a written contract or written agreement that requires you to make a person or organization an additional insured on this **Coverage Part**, provided the contract or agreement:

A. Was executed prior to:

1. The **bodily injury** or **property damage**; or

2. The offense that caused the **personal and advertising injury**;

for which the additional insured seeks coverage; and

B. Is still in effect at the time of the **bodily injury** or **property damage occurrence** or **personal and advertising injury** offense.

All other terms and conditions of the Policy remain unchanged.

This endorsement, which forms a part of and is for attachment to the Policy issued by the designated Insurers, takes effect on the effective date of said Policy at the hour stated in said Policy, unless another effective date is shown below, and expires concurrently with said Policy.

000007 - 0342 of 0440 - NNNNNN - 01388 JOBID 3AE4C007568

Copyright CNA All Rights Reserved.

CONTRACTORS EXTENDED COVERAGE ENDORSEMENT - BUSINESS AUTO PLUS

THIS ENDORSEMENT CHANGES THE POLICY. PLEASE READ IT CAREFULLY.

This endorsement modifies insurance provided under the following:

BUSINESS AUTO COVERAGE FORM

I. LIABILITY COVERAGE

A. Who Is An Insured

The following is added to **Section II, Paragraph A.1., Who Is An Insured**:

1. **a.** Any incorporated entity of which the Named Insured owns a majority of the voting stock on the date of inception of this Coverage Form; provided that,

   b. The insurance afforded by this provision **A.1.** does not apply to any such entity that is an **insured** under any other liability "policy" providing **auto** coverage.

2. Any organization you newly acquire or form, other than a limited liability company, partnership or joint venture, and over which you maintain majority ownership interest.

   The insurance afforded by this provision **A.2.**:

   a. Is effective on the acquisition or formation date, and is afforded only until the end of the policy period of this Coverage Form, or the next anniversary of its inception date, whichever is earlier.

   b. Does not apply to:

   (1) **Bodily injury** or **property damage** caused by an **accident** that occurred before you acquired or formed the organization; or

   (2) Any such organization that is an **insured** under any other liability "policy" providing **auto** coverage.

3. Any person or organization that you are required by a written contract to name as an additional insured is an **insured** but only with respect to their legal liability for acts or omissions of a person, who qualifies as an **insured** under **SECTION II – WHO IS AN INSURED** and for whom Liability Coverage is afforded under this policy. If required by written contract, this insurance will be primary and non-contributory to insurance on which the additional insured is a Named Insured.

4. An **employee** of yours is an **insured** while operating an **auto** hired or rented under a contract or agreement in that **employee's** name, with your permission, while performing duties related to the conduct of your business.

"Policy", as used in this provision **A. Who Is An Insured,** includes those policies that were in force on the inception date of this Coverage Form but:

1. Which are no longer in force; or

2. Whose limits have been exhausted.

B. Bail Bonds and Loss of Earnings

Section II, Paragraphs A.2. (2) and A.2. (4) are revised as follows:

1. In **a.(2),** the limit for the cost of bail bonds is changed from $2,000 to $5,000; and

2. In **a.(4),** the limit for the loss of earnings is changed from $250 to $500 a day.

© Copyright CNA All Rights Reserved. Includes copyrighted material of the Insurance Services Office, Inc., used with its permission.

C. Fellow Employee

Section II, Paragraph B.5 does not apply.

Such coverage as is afforded by this provision C. is excess over any other collectible insurance.

II. PHYSICAL DAMAGE COVERAGE

A. Glass Breakage – Hitting A Bird Or Animal – Falling Objects Or Missiles

The following is added to **Section III, Paragraph A.3.**:

With respect to any covered **auto**, any deductible shown in the Declarations will not apply to glass breakage if such glass is repaired, in a manner acceptable to us, rather than replaced.

B. Transportation Expenses

Section III, Paragraph A.4.a. is revised, with respect to transportation expense incurred by you, to provide:

a. $60 per day, in lieu of $20; subject to

b. $1,800 maximum, in lieu of $600.

C. Loss of Use Expenses

Section III, Paragraph A.4.b. is revised, with respect to loss of use expenses incurred by you, to provide:

a. $1,000 maximum, in lieu of $600.

D. Hired "Autos"

The following is added to **Section III. Paragraph A.**:

5. Hired "Autos"

If Physical Damage coverage is provided under this policy, and such coverage does not extend to Hired Autos, then Physical Damage coverage is extended to:

a. Any covered **auto** you lease, hire, rent or borrow without a driver; and

b. Any covered **auto** hired or rented by your **employee** without a driver, under a contract in that individual **employee's** name, with your permission, while performing duties related to the conduct of your business.

c. The most we will pay for any one **accident** or **loss** is the actual cash value, cost of repair, cost of replacement or $75,000, whichever is less, minus a $500 deductible for each covered auto. No deductible applies to **loss** caused by fire or lightning.

d. The physical damage coverage as is provided by this provision is equal to the physical damage coverage(s) provided on your owned **autos.**

e. Such physical damage coverage for hired **autos** will:

(1) Include loss of use, provided it is the consequence of an **accident** for which the Named Insured is legally liable, and as a result of which a monetary loss is sustained by the leasing or rental concern.

(2) Such coverage as is provided by this provision will be subject to a limit of $750 per **accident.**

E. Airbag Coverage

The following is added to **Section III, Paragraph B.3.**:

The accidental discharge of an airbag shall not be considered mechanical breakdown.

F. Electronic Equipment

Section III, Paragraphs B.4.c and B.4.d. are deleted and replaced by the following:

c. Physical Damage Coverage on a covered **auto** also applies to **loss** to any permanently installed electronic equipment including its antennas and other accessories

d. A $100 per occurrence deductible applies to the coverage provided by this provision.

G. Diminution In Value

The following is added to **Section III, Paragraph B.6.**:

Subject to the following, the **diminution in value** exclusion does not apply to:

a. Any covered **auto** of the private passenger type you lease, hire, rent or borrow, without a driver for a period of 30 days or less, while performing duties related to the conduct of your business; and

b. Any covered **auto** of the private passenger type hired or rented by your **employee** without a driver for a period of 30 days or less, under a contract in that individual **employee's** name, with your permission, while performing duties related to the conduct of your business.

c. Such coverage as is provided by this provision is limited to a **diminution in value** loss arising directly out of accidental damage and not as a result of the failure to make repairs; faulty or incomplete maintenance or repairs; or the installation of substandard parts.

d. The most we will pay for **loss** to a covered **auto** in any one accident is the lesser of:

(1) $5,000; or

(2) 20% of the **auto's** actual cash value (ACV).

III. Drive Other Car Coverage – Executive Officers

The following is added to **Sections II and III**:

1. Any **auto** you don't own, hire or borrow is a covered **auto** for Liability Coverage while being used by, and for Physical Damage Coverage while in the care, custody or control of, any of your "executive officers", except:

a. An **auto** owned by that "executive officer" or a member of that person's household; or

b. An **auto** used by that "executive officer" while working in a business of selling, servicing, repairing or parking **autos.**

Such Liability and/or Physical Damage Coverage as is afforded by this provision.

(1) Equal to the greatest of those coverages afforded any covered **auto**; and

(2) Excess over any other collectible insurance.

2. For purposes of this provision, "executive officer" means a person holding any of the officer positions created by your charter, constitution, by-laws or any other similar governing document, and, while a resident of the same household, includes that person's spouse.

Such "executive officers" are **insureds** while using a covered **auto** described in this provision.

IV. BUSINESS AUTO CONDITIONS

A. Duties In The Event Of Accident, Claim, Suit Or Loss

The following is added to **Section IV, Paragraph A.2.a.**:

© Copyright CNA All Rights Reserved. Includes copyrighted material of the Insurance Services Office, Inc., used with its permission.

(4) Your **employees** may know of an **accident** or **loss**. This will not mean that you have such knowledge, unless such **accident** or **loss** is known to you or if you are not an individual, to any of your executive officers or partners or your insurance manager.

The following is added to **Section IV, Paragraph A.2.b.**:

(6) Your **employees** may know of documents received concerning a claim or **suit**. This will not mean that you have such knowledge, unless receipt of such documents is known to you or if you are not an individual, to any of your executive officers or partners or your insurance manager.

B. Transfer Of Rights Of Recovery Against Others To Us

The following is added to **Section IV, Paragraph A.5. Transfer Of Rights Of Recovery Against Others To Us**:

We waive any right of recovery we may have, because of payments we make for injury or damage, against any person or organization for whom or which you are required by written contract or agreement to obtain this waiver from us.

This injury or damage must arise out of your activities under a contract with that person or organization.

You must agree to that requirement prior to an **accident** or **loss.**

C. Concealment, Misrepresentation or Fraud

The following is added to **Section IV, Paragraph B.2.**:

Your failure to disclose all hazards existing on the date of inception of this Coverage Form shall not prejudice you with respect to the coverage afforded provided such failure or omission is not intentional.

D. Other Insurance

The following is added to **Section IV, Paragraph B.5.**:

Regardless of the provisions of Paragraphs **5.a.** and **5.d.** above, the coverage provided by this policy shall be on a primary non-contributory basis. This provision is applicable only when required by a written contract.

That written contract must have been entered into prior to **Accident** or **Loss.**

E. Policy Period, Coverage Territory

Section IV, Paragraph B. 7.(5).(a). is revised to provide:

a. 45 days of coverage in lieu of 30 days.

V. DEFINITIONS

Section V. paragraph C. is deleted and replaced by the following:

Bodily injury means bodily injury, sickness or disease sustained by a person, including mental anguish, mental injury or death resulting from any of these.

CITY OF SANTA FE

Date: December 3, 2025

To: Governing Body

From: Caryn Grosse, PMP, Public Works Project Manager III

Via: Sam Burnett, Interim Public Works Department Director JOHN BURNETT (Dec 8, 2025 07:52:37 MST)
Tim Farrell, Interim Facilities Division Director Timothy Farrell

Subject: On-Call Price Agreement for City-Wide Miscellaneous Construction Services

Vendor Name: B&D Industries Inc.

Vendor Number: 3970

ACTION:
Request for Approval of an On-Call Price Agreement with B&D Industries Inc.in the Total Amount of $10,000,000 Including NMGRT for City-Wide Miscellaneous Construction Services for a Term of 10 Years. (Caryn Grosse, Public Works Project Manager III, clgrosse@santafenm.gov)

CONTRACT NUMBER:
The FY26 Munis Contract Number is 3260204.

BACKGROUND AND SUMMARY:
The Public Works Department Facilities Division uses on-call services to augment the skills, licensure, and capacity of staff to address facility issues and emergencies in a timely, safe, and compliant manner. The Facilities Division typically maintains on-call contracts for general contracting, mechanical, electrical, plumbing, roofing, remediation, and landscaping services.

In accordance with the Invitation to Bid (ITB No. 25163) for On-Call City-Wide Miscellaneous Construction Services, multiple responsive vendors were selected for contracts based on lowest bidder and performance criteria: AnchorBuilt Inc., B&D Industries Inc., Davenport Construction Management LLC, Enviroworks LLC, JDR & Associates, LLR Construction LLC, and Unified Contractor, Inc. B&D Industries has provided services throughout the City and has proven to be cost-effective, reliable, and capable of consistently providing high quality results.

On-call contracts are not a guarantee of payment. These contracts are only used, and purchase orders issued, as needs arise and funding is available. The $10,000,000 (including 8.1875% NMGRT) maximum for this contract is based on the historical and anticipated needs across the City over the next ten years.

CITY OF SANTA FE

ON-CALL PRICE AGREEMENT

CONSTRUCTION CONTRACT

City-Wide Miscellaneous Construction Services

THIS CONTRACT is made and entered into by and between the City of Santa Fe, New Mexico, hereinafter referred to as the "City," and **B&D Industries, Inc.**, hereinafter referred to as the "Contractor," and is effective as of the date set forth below upon which it is executed by the Parties.

RECITALS

WHEREAS, the City, through its Governing Body, is authorized to enter into an On-Call Price Agreement for the project; and

WHEREAS, the City has procured this Contract according to the established State and Local Purchasing procedures for contracts of the type and amount; and

The City and the Contractor hereby agree as follows:

1. Scope of Work

A. The Contractor shall perform the following work in accordance with their Bid Pricing, attached hereto and made a part thereof, as Exhibit A:

1. This work shall include Miscellaneous General Contracting work for the City of Santa Fe.
2. The Contractor shall be required to provide On-Call Miscellaneous Construction Services for any number of the activities listed under this Scope of Work upon the request of the City. Once a need is identified, the City's Engineers, Project Managers, and Project Administrators (collectively "Project Manager") may issue Task Orders for items described herein. The terms and conditions shall be incorporated in each Task Order issued hereunder. Once a need is identified, the Project Manager will issue a written Task Order to the Contractor detailing the services required. Upon receiving the Task Order, the Contractor shall promptly provide the Project Manager with an estimate, based upon the rates included in their ITB, a cost summary, and a proposed schedule required to complete the assignment or task. Project schedules, negotiated price, and completion dates shall be determined on project-by-project basis and dependent upon the urgency of that task. The

Contractor may be required to do some of the work in phases. The City's Project Manager may issue a Notice to Proceed by signing the Notice after the task price and schedule are finalized by the Contractor, subject to the exception in Article 1(A)(3) below. The Contractor shall be required to provide the requested labor and all equipment and materials within one week of a request issuance of a Notice to Proceed unless otherwise arranged. The Contractor shall agree to provide required labor within 24 hours for emergency situations whenever possible. The Contractor shall not perform any work without a Notice to Proceed signed by the Project Manager, and the City shall not pay for any work performed without a signed Notice to Proceed.

3. If a Task Order does not specify which City division is issuing the Task Order, Contractor shall enquire before acting on a Notice to Proceed. For any City division other than the Public Works Facilities Division the Notice to Proceed is effective only if written approval of the scope of work from the Facilities Division Director is attached.

4. Contractor is responsible for all required permits, licenses, and inspections required to perform this work, and shall comply with applicable municipal, county, state, and federal requirements. Contractor shall be responsible for verification of all existing conditions, measurements, dimensions, adherence to the Contract Documents, Construction Documents, Specifications, and approved directives.

B. Distribution:

City:	Contractor:
Caryn Grosse, PMP Project Manager III City of Santa Fe Facilities Division 2651 Siringo Road, Building E Santa Fe, NM 87505-5229	Christopher Giovenco Director – Service B&D Industries Inc. 9720 Bell Ave SE Albuquerque, NM 87123

C. Price Adjustments:

The awarded vendor shall maintain fixed pricing for each year of this contract, defined as twelve (12) months starting on and including the Effective Date. Pricing may be adjusted no more than once annually to commercially reasonable rates through an amendment to the price list attached as Exhibit A signed by Contractor and the City's Director of Public Works. Amendments to Exhibit A do not alter Contractor's maximum total compensation pursuant to Article 2 (Compensation) below. The Contractor must submit all pricing increase requests in writing to the City of Santa Fe designated department contact, providing evidence that the request is based on demonstrable market changes impacting the cost of products and services. The request must itemize all proposed changes by line item and include supporting documentation deemed acceptable by the City of Santa Fe (such as a letter from a manufacturer indicating price increases, etc.). The City's decision on acceptable documentation in this context shall be final and binding upon all parties to the contract. No price increase shall result in a higher profit margin. Pricing changes will apply to orders entered on or after the effective date of the price change. Price increases will not be retroactive to purchase orders already issued. Orders will be filled at the price indicated in the purchase order issued by the City.

To facilitate prompt consideration, all requests for price increases must include the following information:

i. Contract Item Number
ii. Current Item Price
iii. Proposed New Price
iv. Percentage of Increase
v. Mill/Supplier Notification of price increase indicating percentage of increase and including the reason for the increase.

2. ITB Compensation

A. Payment. The City shall compensate the Contractor based on Task Orders and the itemized amounts specified in Exhibit A. For the services described in the scope of work, the City will pay the Contractor up to, but not to exceed, $10,000,000.00. The applicable gross receipts tax (8.1875%) shall be shown as a separate amount on each billing or request for payment made under the contract, consistent with NMSA 1978, Section 13-1-108.

B. The compensation represents a maximum amount. The Contractor must notify the City when the Services provided under this Contract approach 90% of compensation total. Services rendered beyond the maximum compensation amount will not be reimbursed unless the Contract is amended in writing prior to the provision of such services.

C. Invoicing and Payment Terms Payment will be made upon the City's acceptance of deliverables and receipt of a detailed, certified invoice from the Contractor. Payments will be sent to the Contractor's designated address. The City shall issue payment in accordance with the timelines required by law. Invoices must be submitted no later than fifteen (15) days after the Contract's termination. Late invoices will not be processed or paid.

D. Extended Payment Terms for Grant-Funded Contracts. For grant-funded agreements, the City may issue payment within forty-five (45) days following submission of an undisputed payment request.

3. Term

THIS CONTRACT SHALL NOT BECOME EFFECTIVE UNTIL APPROVED BY THE CITY. This Contract shall terminate ten (10) years from date of final signature unless terminated pursuant to Paragraph 4 (Termination) or Paragraph 5 (Appropriations). A contract for construction services may not exceed ten (10) years, including all extensions and renewals, except as otherwise provided by NMSA 1978, Section 13-1-150 through 13-1-152 or SFCC 1987, Section 11-13.

4. Termination

A. Grounds. The City may terminate this Contract for convenience or cause. For contracts within their authority, the City Manager or their designee is authorized to provide the notice of termination, otherwise such notice of termination shall be provided by the Mayor or their designee as authorized by the Governing Body. The Contractor may only terminate this Contract based upon

the City's uncured, material breach of this Contract.

i. Except as otherwise provided in Paragraphs 7.A and 17, the City shall give Contractor written notice of termination at least thirty (30) days prior to the intended date of termination.

ii. Contractor shall give City written notice of termination at least thirty (30) days prior to the intended date of termination, which notice shall (i) identify all the City's material breaches of this Contract upon which the termination is based and (ii) state what the City must do to cure such material breaches. Contractor's notice of termination shall only be effective (i) if the City does not cure all material breaches within the thirty (30) day notice period or (ii) in the case of material breaches that cannot be cured within thirty (30) days, the City does not, within the thirty (30) day notice period, notify the Contractor of its intent to cure and begin with due diligence to cure the material breach.

iii. Notwithstanding the foregoing, this Contract may be terminated immediately upon written notice to the Contractor (i) if the Contractor becomes unable to perform the services contracted for, as determined by the City; (ii) if, during the term of this Contract, the Contractor is suspended or debarred by the City; or (iii) the Contract is terminated pursuant to Paragraph 5, "Appropriations," of this Contract.

B. Liability. Except as otherwise expressly allowed or provided under this Contract, the City's sole liability upon termination shall be to pay for acceptable work performed prior to the Contractor's receipt or issuance of a notice of termination; provided, however, that a notice of termination shall not nullify or otherwise affect either party's liability for pre-termination defaults under or breaches of this Contract. The Contractor shall submit an invoice for such work within thirty (30) days of receiving or sending the notice of termination. *THIS PROVISION IS NOT EXCLUSIVE AND DOES NOT WAIVE THE CITY'S OTHER LEGAL RIGHTS AND REMEDIES CAUSED BY THE CONTRACTOR'S DEFAULT/BREACH OF THIS CONTRACT.*

5. Appropriations

The terms of this Contract are contingent upon sufficient appropriations and authorization being made by the Governing Body for the performance of this Contract. If sufficient appropriations and authorization are not made by the Governing Body, this Contract shall terminate immediately upon written notice being given by the City to the Contractor. The City's decision as to whether sufficient appropriations are available shall be accepted by the Contractor and shall be final. If the City proposes an amendment to the Contract to unilaterally reduce funding, the Contractor shall have the option to terminate the Contract or to agree to the reduced funding, within thirty (30) days of receipt of the proposed amendment.

6. Status of Contractor

The Contractor and its agents and employees are independent contractors performing construction services for the City and are not employees of the City. The Contractor and its agents and employees shall not accrue leave, retirement, insurance, bonding, use of City vehicles, or any other benefits afforded to employees of the City as a result of this Contract. The Contractor acknowledges that all sums received hereunder are reportable by the Contractor for tax purposes, including without limitation, self-employment

and business income tax. The Contractor agrees not to purport to bind the City unless the Contractor has express written authority to do so, and then only within the strict limits of that authority.

7. On-Call Price Agreement Performance and Payment Bond

A. When a Task Order is issued in excess of twenty-five thousand dollars ($25,000), the following bonds or security shall be delivered to the City and shall become binding on the parties upon the execution of the contract. If the Contractor fails to deliver the required performance and payment bonds, the Contractor's bid shall be rejected, its bid security shall be enforced to the extent of actual damages. Award of the Task Order via Notice to Proceed shall be made pursuant to the Procurement Code in the following manner:

i. a performance bond satisfactory to the City, executed by a surety company authorized to do business in this state and said surety to be approved in federal circular 570 as published by the United States treasury department or the state board of finance or the local governing authority, in an amount equal to one hundred percent of the price specified in the contract; and

ii. a payment bond satisfactory to the City, executed by a surety company authorized to do business in this state and said surety to be approved in federal circular 570 as published by the United States treasury department or the state board of finance or the local governing authority, in an amount equal to one hundred percent of the price specified in the contract, for the protection of all persons supplying labor and material to the contractor or its subcontractors for the performance of the work provided for in the contract.

B. A subcontractor shall provide a performance and payment bond on a public works building project if the subcontractor's contract for work to be performed on a project is one hundred twenty-five thousand dollars ($125,000) or more.

8. Assignment

The Contractor shall not assign or transfer any interest in this Contract or assign any claims for money due or to become due under this Contract without the prior written approval of the City.

9. Subcontracting

The Contractor shall not subcontract any portion of the services to be performed under this Contract without the prior written approval of the City. No such subcontract shall relieve the primary Contractor from its obligations and liabilities under this Contract, nor shall any subcontract obligate direct payment from the City.

10. Release

Final payment of the amounts due under this Contract shall operate as a release of the City, its officers and employees from all liabilities, claims and obligations whatsoever arising from or under this Contract.

11. Confidentiality

Any confidential information provided to or developed by the Contractor in the performance of this Contract shall be kept confidential and shall not be made available to any individual or organization by the Contractor without the prior written approval of the City.

12. Product of Service – Copyright

All materials developed or acquired by the Contractor under this Contract shall become the property of the City and shall be delivered to the City no later than the termination date of this Contract. Nothing developed or produced, in whole or in part, by the Contractor under this Contract shall be the subject of an application for copyright or other claim of ownership by or on behalf of the Contractor.

13. Conflict of Interest; Governmental Conduct Act

A. The Contractor represents and warrants that it presently has no interest and, during the term of this Contract, shall not acquire any interest, direct or indirect, which would conflict in any manner or degree with the performance or services required under the Contract.

B. The Contractor further represents and warrants that it has complied with, and, during the term of this Contract, will continue to comply with, and that this Contract complies with all applicable provisions of the Governmental Conduct Act, NMSA 1978, Chapter 10, Article 16.

C. Contractor's representations and warranties in Paragraphs A and B of this Article 12 are material representations of fact upon which the City relied when this Contract was entered into by the parties. Contractor shall provide immediate written notice to the City if, at any time during the term of this Contract, Contractor learns that Contractor's representations and warranties in Paragraphs A and B of this Article 12 were erroneous on the effective date of this Contract or have become erroneous by reason of new or changed circumstances. If it is later determined that Contractor's representations and warranties in Paragraphs A and B of this Article 12 were erroneous on the effective date of this Contract or have become erroneous by reason of new or changed circumstances, in addition to other remedies available to the City and notwithstanding anything in the Contract to the contrary, the City may immediately terminate the Contract.

D. All terms defined in the Governmental Conduct Act have the same meaning in this section.

14. Amendment

A. This Contract shall not be altered, changed or amended except by instrument in writing executed by the parties hereto and all other required signatories.

B. If the City proposes an amendment to the Contract to unilaterally reduce funding due to budget or other considerations, the Contractor shall, within thirty (30) days of receipt of the proposed Amendment, have the option to terminate the Contract, pursuant to the termination provisions as set forth in Article 4 herein, or to agree to the reduced funding.

15. Change Orders

A. Changes. The Contractor may only make changes or revisions within the Scope of Work as defined by Article 1 and/or Exhibit 1 after receipt of written approval by the City Manager or his/her designee. Such change may only be made to Tasks or Sub-Task as defined in the Scope of Work. Under no circumstance shall such change affect the:

i. Deliverable requirements, as outlined in the Scope of Work;
ii. Due date of any Deliverable, as outlined in the Scope of Work;
iii. Compensation of any Deliverable, as outlined in the Scope of Work;
iv. Contract compensation, as outlined in Article 2; or
v. Contract termination, as outlined in Article 4.

B. Change Request Process. In the event that circumstances warrant a change to accomplish the Scope of Work as described above, a Change Request shall be submitted that meets the following criteria:

i. The Project Manager shall draft a written Change Request for review and approval by the City Manager to include:
   (a) the name of the person requesting the change;
   (b) a summary of the required change;
   (c) the start date for the change;
   (d) the reason and necessity for change;
   (e) the elements to be altered; and
   (f) the impact of the change.

ii. The City Manager shall provide a written decision on the Change Request to the Contractor within a maximum of ten (10) Business Days of receipt of the Change Request. All decisions made by the City Manager are final. Change Requests, once approved, become a part of the Contract, and become binding as a part of the original Contract.

16. Merger

This Contract incorporates all the agreements, covenants, and understandings between the parties hereto concerning the subject matter hereof, and all such covenants, agreements and understandings have been merged into this written contract.

All terms and conditions of **ITB No. 25163** and the Contractor's response to such document(s) are incorporated herein by reference and included in the order of precedence.

No prior Agreement or understanding, oral or otherwise, of the parties or their agents shall be valid or enforceable unless embodied in this Contract.

17. Penalties for Violation of Law

NMSA 1978, Sections 13-1-28 through 13-1-199, imposes civil and criminal penalties for its violation. In addition, the New Mexico criminal statutes impose felony penalties for illegal bribes, gratuities and kickbacks.

18. Equal Opportunity Compliance

The Contractor agrees to abide by all federal and state laws and rules and regulations, and Santa Fe City Code, pertaining to equal employment opportunity. In accordance with all such laws of the State of New Mexico, the Contractor assures that no person in the United States shall, on the grounds of race, religion, color, national origin, ancestry, sex, age, physical or mental handicap, or serious medical condition, spousal affiliation, sexual orientation or gender identity, be excluded from employment with or participation in, be denied the benefits of, or be otherwise subjected to discrimination under any program or activity performed under this Contract. If Contractor is found not to be in compliance with these requirements during the life of this Contract, Contractor agrees to take appropriate steps to correct these deficiencies.

19. Applicable Law

The laws of the State of New Mexico shall govern this Contract, without giving effect to its choice of law provisions. Venue shall be proper only in a New Mexico court of competent jurisdiction in accordance with NMSA 1978, Section 38-3-2. By execution of this Contract, Contractor acknowledges and agrees to the jurisdiction of the courts of the State of New Mexico over any and all lawsuits arising under or out of any term of this Contract.

20. Workers' Compensation

The Contractor agrees to comply with state laws and rules applicable to workers compensation benefits for its employees. If the Contractor fails to comply with the Workers Compensation Act and applicable rules when required to do so, this Contract may be terminated by the City.

21. Other Insurance

If the services contemplated under this Contract will be performed on or in City facilities or property, Contractor shall maintain in force during the entire term of this Contract, the following insurance coverage(s), naming the City as additional insured.

A. **Commercial General Liability** insurance shall be written on an occurrence basis and be a broad as ISO Form CG 00 01 with limits not less than $2,000,000 per occurrence and $2,000,000 in the aggregate for claims against bodily injury, personal and advertising injury, and property damage. Said policy shall include broad form Contractual Liability coverage and be endorsed to name the City of Santa Fe their officials, officers, employees, and agents as additional insureds.

B. **Business Automobile Liability** insurance for all owned, non-owned automobiles, with a combined single limit not less than $1,000,000 per accident.

C. **Broader Coverage and Limits**. The insurance requirements under this Contract shall be the greater of (1) the minimum coverage and limits specified in this Contract, or (2) the broader coverage and maximum limits of coverage of any insurance policy or proceeds available to the Named Insured. It is agreed that these insurance requirements shall not in any way act to reduce coverage that is broader or that includes higher limits than the minimums required herein. No

representation is made that the minimum insurance requirements of this Contract are sufficient to cover the obligations of Contractor hereunder.

D. Contractor shall maintain the above insurance for the term of this Contract and name the City as an additional insured and provide for 30 days cancellation notice on any Certificate of Insurance form furnished by Contractor. Such certificate shall also specifically state the coverage provided under the policy is primary over any other valid and collectible insurance and provide a waiver of subrogation.

22. Records and Financial Audit

The Contractor shall maintain detailed time and expenditure records that indicate the date; time, nature and cost of services rendered during the Contract's term and effect and retain them for a period of three (3) years from the date of final payment under this Contract. The records shall be subject to inspection by the City. The City shall have the right to audit billings both before and after payment. Payment under this Contract shall not foreclose the right of the City to recover excessive or illegal payments

23. Indemnification

The Contractor shall indemnify, hold harmless, or insure the City, including its officers, employees or agents, against liability, claims, damages, losses or expenses, including attorney fees, only to the extent that the liability, damages, losses or costs are caused by, or arise out of, the acts or omissions of the indemnitor or its officers, employees or agents. In the event that any action, suit or proceeding related to the services performed by the Contractor or any officer, agent, employee, servant or subcontractor under this Contract is brought against the Contractor, the Contractor shall, as soon as practicable but no later than two (2) business days after it receives notice thereof, notify the legal counsel of the City.

24. New Mexico Tort Claims Act

Any liability incurred by the City of Santa Fe in connection with this Contract is subject to the immunities and limitations of the New Mexico Tort Claims Act, NMSA 1978, Section 41-4-1, et. seq., as amended. The City and its "public employees" as defined in the New Mexico Tort Claims Act, do not waive sovereign immunity, do not waive any defense and do not waive any limitation of liability pursuant to law. No provision in this Contract modifies or waives any provision of the New Mexico Tort Claims Act.

25. Invalid Term or Condition

If any term or condition of this Contract shall be held invalid or unenforceable, the remainder of this Contract shall not be affected and shall be valid and enforceable.

26. Enforcement of Contract

A party's failure to require strict performance of any provision of this Contract shall not waive or diminish that party's right thereafter to demand strict compliance with that or any other provision. No waiver by a party of any of its rights under this Contract shall be effective unless express and in writing,

and no effective waiver by a party of any of its rights shall be effective to waive any other rights.

27. Notices

Any notice required to be given to either party by this Contract shall be in writing and shall be delivered in person, by courier service or by U.S. mail, either first class or certified, return receipt requested, postage prepaid, as follows:

To the City:	**To the Contractor:**
Chief Procurement Officer purchasing@santafenm.gov PO Box 909 Santa Fe, NM 87504-0909 Caryn Grosse, PMP Project Manager III City of Santa Fe Public Works 2651 Siringo Road, Building E Santa Fe, NM 87505-5229 clgrosse@santafenm.gov (505) 955-5938	B&D Industries Inc. Christopher Giovenco Director – Service 9720 Bell Ave SE Albuquerque NM 87123 cgiovenco@banddindustries.com 505-933-1521

28. Authority

If Contractor is other than a natural person, the individual(s) signing this Contract on behalf of Contractor represents and warrants that he or she has the power and authority to bind Contractor, and that no further action, resolution, or approval from Contractor is necessary to enter into a binding contract.

29. Progress Payments

Based upon Application for Payment submitted to the City by the Contractor and Certificates for Payment issued by the City, the City shall make progress payments on account of the Contract sum to the Contractor as provided in the Contract documents for the period ending the last day of the month as follows:

Not later than twenty-one (21) days following the end of the period covered by the Application for Payment, one hundred percent (100%) of the portion of the Contract Sum properly allocable to labor, materials, and equipment incorporated in the work and one hundred percent (100%) of the portion of the Contract sum properly allocable to materials and equipment suitably stored at the site or some other location agreed upon in writing for the period covered by the Application for Payment, less the aggregate of previous payments made by the City; and upon substantial completion of the entire work, a sum sufficient to increase the total payments to one hundred percent (100%) of the Contract sum, less such amounts as the City shall determine for all incomplete work and unsettled claims as provided in the Contract documents.

30. Final Payment

Final payment, constituting the entire unpaid balance of the Contract sum, unless it is a disputed payment, shall be paid by the City to the Contractor within twenty-one (21) calendar days, after all deficiencies to the Contract document that were noted during the Substantial Completion Inspection and listed on the attachment to the Certificate of Substantial Completion have been corrected, and provided the Contract has been fully performed and a final Certificate for Payment has been issued by the City. In addition, the Contractor shall provide to the City a certified statement of Release of Lien (AIA Document G706A or approved form), Consent of Surety, Warranty from Prime Contractor, Warranties from Suppliers and Manufacturers, training sessions, equipment/operating manuals, and as-built drawings.

31. Schedule

The Contractor shall, within five (5) days after the effective date of Notice to Proceed, prepare and submit a progress schedule covering project operations for the 30-day Contract period. This progress schedule shall be of the type generally referred to as a Critical Path Method (CPM), Critical Path Schedule (CPS), and Critical Path Analysis (CPA), and other similar designations. The CPM shall be used to control the timing and sequences of the project. All work shall be done in accordance with the CPM Planning and Scheduling. A written statement of explanation shall be submitted with the progress schedule. All costs incurred by the contractor to implement the CPM shall be borne by the Contractor and are part of their Contract.

32. General and Special Provisions

A. Terms used in this Contract which are defined in the Conditions of the Contract shall have the meanings designated in those Conditions.

B. An enumeration of the Contractor's General Comprehensive Liability Insurance requirements.

C. Appears in the General Conditions of the Contract for construction. Insurance requirements are also described in the Instructions to the Bidder section of the Project Manual. Contractor shall maintain adequate insurance in at least the maximum amounts, which the City could be liable under the New Mexico Tort Claims Act and shall provide proof of such insurance coverage to the City. It is the sole responsibility of the Contractor to comply with the law.

D. This Contract shall not become effective until: (1) approved by the Governing Body; and (2) signed by all parties required to sign this Contract.

E. The Contractor shall maintain detailed time records which indicate the date, time and nature of services rendered. These records shall be subject to inspection by the City, the Department of Finance and Administration and the State Auditor. The City shall have the right to audit billings both before and after payment. Payment under this Contract shall not foreclose the right of the City to recover excessive illegal payments.

F. The Contractor warrants that the Contractor presently has no interest and shall not acquire any interest, direct or indirect, which would conflict in any manner or degree with the performance or services required under this Contract.

G. The Contractor hereby warrants that the Contractor complies with the Americans with Disabilities Act, 29 CFR 1630.

H. Gender, Singular/Plural. Words of any gender used in this Contract shall be held and construed to include any other gender, and words in the singular number shall be held to include the plural, unless the context otherwise requires.

I. Captions and Section Headings. The captions and section headings contained in this Contract are for convenience of reference only, and in no way limit, define, or enlarge the terms, scope, and conditions of this Contract.

J. Certificates and Documents Incorporated. All certificates and documentation required by the provisions of the Contract shall be attached to this Contract at the time of execution and are hereby incorporated by reference as though set forth in full in this Contract to the extent they are consistent with its conditions and terms.

K. Separability. If any clause or provision of this Contract is illegal, invalid or unenforceable under present or future laws effective during the term of this Contract, then and in that event, it is the intention of the parties hereto that the remainder of this Contract shall not be affected thereby.

L. Words and Phrases. Words, phrases, and abbreviations, which have well-known technical or trade meanings used in the Contract documents shall be used according to such recognized meaning. In the event of a conflict, the more stringent meaning shall govern.

M. Relationship of Contract Documents. The Contract Documents are complementary, and any requirement of one Contract Document shall be as binding as if required by all.

N. Pursuant to NMSA 1978, Section 13-1-191, reference is hereby made to the Criminal Laws of New Mexico (including NMSA 1978, Sections 30-14-1, 30-24-2, and 30-41-1 through 30-41-3) which prohibit bribes, kickbacks, and gratuities, violation of which constitutes a felony. Further, the Procurement Code (NMSA 1978, Sections 13-1-28 through 13-1-199) imposes civil and criminal penalties for its violation.

O. Pursuant to NMSA 1978, Section 13-4-11. Reference is hereby made to the Minimum Wage on Public Works; weekly payments; posting wage scale; withholding funds.

IN WITNESS WHEREOF, the Parties have executed this Contract as of the date of the signature by the required approval authorities below.

>
> > The Contractor shall perform the following work in accordance with their Bid Pricing, attached hereto and made a part thereof, as Exhibit A:
> > 1. This work shall include Miscellaneous General Contracting work for the City

of Santa Fe.

2. The Contractor shall be required to provide On-Call General Contracting Services for any number of the activities listed under this Scope of Work upon the request of the City. Once a need is identified, the City will issue a written Task Order to the Contractor detailing the services required. Upon receiving the City's request for services, the Contractor shall promptly provide the City with an estimate (based upon the rates submitted in the Bid Form), cost summary, and project schedule required to complete the assignment or task. Project schedules, negotiated price, and completion dates shall be determined on a project-by-project basis and dependent upon the urgency of that task. The Contractor may be required to do some of the work in phases. The Contractor shall be required to provide the requested labor and all equipment and materials within one week of a request issuance of a Notice to Proceed unless otherwise arranged. The Contractor shall agree to provide required labor within 24 hours for emergency situations whenever possible.

3. The City of Santa Fe Public Works Facilities Division shall be able to utilize this On-Call Contract as needed and as funding is available. All other City of Santa Fe staff will only be authorized to utilize this On-Call Contract with prior, written approval of the scope of work, from the Facilities Division Director, before commencing any work applicable to this On-Call Contract.

4. Contractor is responsible for all required permits and licenses required to perform this work. Contractor shall be responsible for adherence to the Contract Documents, Construction Documents, Specifications, and approved directives.

5. Contractor shall be responsible for any applicable Local, County, State and Federal requirements and permits.

6. Contractor shall be responsible for verifications of all existing conditions, measurements, and dimensions for bidding. Contractor shall be responsible for all permits, fees, and State and/or City inspections associated with their work.

Please let me know if additional information is required.
Thank you!

Best,
Elizabeth "Lisa" Kahahane, CPO

CITY OF SANTA FE

Date: December 3, 2025

To: Governing Body

From: Caryn Grosse, PMP, Public Works Project Manager III

Via: Sam Burnett, Interim Public Works Department Director JOHN BURNETT (Dec 8, 2025 07:53:17 MST)
Tim Farrell, Interim Facilities Division Director Timothy Farrell

Subject: On-Call Price Agreement for City-Wide Miscellaneous Construction Services

Vendor Name: AnchorBuilt Inc.

Vendor Number: 9672

ACTION:
Request for Approval of an On-Call Price Agreement with AnchorBuilt Inc. in the Total Amount of $10,000,000 Including NMGRT for City-Wide Miscellaneous Construction Services for a Term of 10 Years. (Caryn Grosse, Public Works Project Manager III, clgrosse@santafenm.gov)

CONTRACT NUMBER:
The FY26 Munis Contract Number is 3260203.

BACKGROUND AND SUMMARY:
The Public Works Department Facilities Division uses on-call services to augment the skills, licensure, and capacity of staff to address facility issues and emergencies in a timely, safe, and compliant manner. The Facilities Division typically maintains on-call contracts for general contracting, mechanical, electrical, plumbing, roofing, remediation, and landscaping services.

In accordance with the Invitation to Bid (ITB No. 25163) for On-Call City-Wide Miscellaneous Construction Services, multiple responsive vendors were selected for contracts based on lowest bidder and performance criteria: AnchorBuilt Inc., B&D Industries Inc., Davenport Construction Management LLC, Enviroworks LLC, JDR & Associates, LLR Construction LLC, and Unified Contractor, Inc. AnchorBuilt has provided services throughout the City and has proven to be cost-effective, reliable, and capable of consistently providing high quality results.

On-call contracts are not a guarantee of payment. These contracts are only used, and purchase orders issued, as needs arise and funding is available. The $10,000,000 (including 8.1875% NMGRT) maximum for this contract is based on the historical and anticipated needs across the City over the next ten years.

ATTACHMENTS:

Munis Contract #: 3260203
ITB No.: 25163

CITY OF SANTA FE

ON-CALL PRICE AGREEMENT

CONSTRUCTION CONTRACT

City-Wide Miscellaneous Construction Services

THIS CONTRACT is made and entered into by and between the City of Santa Fe, New Mexico, hereinafter referred to as the "City," and **AnchorBuilt, Inc.**, hereinafter referred to as the "Contractor," and is effective as of the date set forth below upon which it is executed by the Parties.

RECITALS

WHEREAS, the City, through its Governing Body, is authorized to enter into an On-Call Price Agreement for the project; and

WHEREAS, the City has procured this Contract according to the established State and Local Purchasing procedures for contracts of the type and amount; and

The City and the Contractor hereby agree as follows:

1. Scope of Work

A. The Contractor shall perform the following work in accordance with their Bid Pricing, attached hereto and made a part thereof, as Exhibit A:

1. This work shall include Miscellaneous General Contracting work for the City of Santa Fe.
2. The Contractor shall be required to provide On-Call Miscellaneous Construction Services for any number of the activities listed under this Scope of Work upon the request of the City. Once a need is identified, the City's Engineers, Project Managers, and Project Administrators (collectively "Project Manager") may issue Task Orders for items described herein. The terms and conditions shall be incorporated in each Task Order issued hereunder. Once a need is identified, the Project Manager will issue a written Task Order to the Contractor detailing the services required. Upon receiving the Task Order, the Contractor shall promptly provide the Project Manager with an estimate, based upon the rates included in their ITB, a cost summary, and a proposed schedule required to complete the assignment or task. Project schedules, negotiated price, and completion dates shall be determined on project-by-project basis and dependent upon the urgency of that task. The Contractor may be required to do some of the work in phases. The City's Project Manager

may issue a Notice to Proceed by signing the Notice after the task price and schedule are finalized by the Contractor, subject to the exception in Article 1(A)(3) below. The Contractor shall be required to provide the requested labor and all equipment and materials within one week of a request issuance of a Notice to Proceed unless otherwise arranged. The Contractor shall agree to provide required labor within 24 hours for emergency situations whenever possible. The Contractor shall not perform any work without a Notice to Proceed signed by the Project Manager, and the City shall not pay for any work performed without a signed Notice to Proceed.

3. If a Task Order does not specify which City division is issuing the Task Order, Contractor shall enquire before acting on a Notice to Proceed. For any City division other than the Public Works Facilities Division the Notice to Proceed is effective only if written approval of the scope of work from the Facilities Division Director is attached.

4. Contractor is responsible for all required permits, licenses, and inspections required to perform this work, and shall comply with applicable municipal, county, state, and federal requirements. Contractor shall be responsible for verification of all existing conditions, measurements, dimensions, adherence to the Contract Documents, Construction Documents, Specifications, and approved directives.

B. Distribution:

City:	Contractor:
Caryn Grosse, PMP Project Manager III City of Santa Fe Facilities Division 2651 Siringo Road, Building E Santa Fe, NM 87505-5229	Ray Zamora President AnchorBuilt, Inc. PO Box 27688 Albuquerque, NM 87125

C. Price Adjustments:

The awarded vendor shall maintain fixed pricing for each year of this contract, defined as twelve (12) months starting on and including the Effective Date. Pricing may be adjusted no more than once annually to commercially reasonable rates through an amendment to the price list attached as Exhibit A signed by Contractor and the City's Director of Public Works. Amendments to Exhibit A do not alter Contractor's maximum total compensation pursuant to Article 2 (Compensation) below. The Contractor must submit all pricing increase requests in writing to the City of Santa Fe designated department contact, providing evidence that the request is based on demonstrable market changes impacting the cost of products and services. The request must itemize all proposed changes by line item and include supporting documentation deemed acceptable by the City of Santa Fe (such as a letter from a manufacturer indicating price increases, etc.). The City's decision on acceptable documentation in this context shall be final and binding upon all parties to the contract. No price increase shall result in a higher profit margin. Pricing changes will apply to orders entered on or after the effective date of the price change. Price increases will not be retroactive to purchase orders already issued. Orders will be filled at the price indicated in the purchase order issued by the City.

To facilitate prompt consideration, all requests for price increases must include the following information:

i. Contract Item Number

ii. Current Item Price
iii. Proposed New Price
iv. Percentage of Increase
v. Mill/Supplier Notification of price increase indicating percentage of increase and including the reason for the increase.

2. ITB Compensation

A. Payment. The City shall compensate the Contractor based on Task Orders and the itemized amounts specified in Exhibit A. For the services described in the scope of work, the City will pay the Contractor up to, but not to exceed, $10,000,000.00. The applicable gross receipts tax (8.1875%) shall be shown as a separate amount on each billing or request for payment made under the contract, consistent with NMSA 1978, Section 13-1-108.

B. The compensation represents a maximum amount. The Contractor must notify the City when the Services provided under this Contract approach 90% of compensation total. Services rendered beyond the maximum compensation amount will not be reimbursed unless the Contract is amended in writing prior to the provision of such services.

C. Invoicing and Payment Terms Payment will be made upon the City's acceptance of deliverables and receipt of a detailed, certified invoice from the Contractor. Payments will be sent to the Contractor's designated address. The City shall issue payment in accordance with the timelines required by law. Invoices must be submitted no later than fifteen (15) days after the Contract's termination. Late invoices will not be processed or paid.

D. Extended Payment Terms for Grant-Funded Contracts. For grant-funded agreements, the City may issue payment within forty-five (45) days following submission of an undisputed payment request.

3. Term

THIS CONTRACT SHALL NOT BECOME EFFECTIVE UNTIL APPROVED BY THE CITY. This Contract shall terminate ten (10) years from date of final signature unless terminated pursuant to Paragraph 4 (Termination) or Paragraph 5 (Appropriations). A contract for construction services may not exceed ten (10) years, including all extensions and renewals, except as otherwise provided by NMSA 1978, Section 13-1-150 through 13-1-152 or SFCC 1987, Section 11-13.

4. Termination

A. Grounds. The City may terminate this Contract for convenience or cause. For contracts within their authority, the City Manager or their designee is authorized to provide the notice of termination, otherwise such notice of termination shall be provided by the Mayor or their designee as authorized by the Governing Body. The Contractor may only terminate this Contract based upon the City's uncured, material breach of this Contract.

B. Except as otherwise provided in Paragraphs 7.A and 17, the City shall give Contractor

written notice of termination at least thirty (30) days prior to the intended date of termination.

ii. Contractor shall give City written notice of termination at least thirty (30) days prior to the intended date of termination, which notice shall (i) identify all the City's material breaches of this Contract upon which the termination is based and (ii) state what the City must do to cure such material breaches. Contractor's notice of termination shall only be effective (i) if the City does not cure all material breaches within the thirty (30) day notice period or (ii) in the case of material breaches that cannot be cured within thirty (30) days, the City does not, within the thirty (30) day notice period, notify the Contractor of its intent to cure and begin with due diligence to cure the material breach.

iii. Notwithstanding the foregoing, this Contract may be terminated immediately upon written notice to the Contractor (i) if the Contractor becomes unable to perform the services contracted for, as determined by the City; (ii) if, during the term of this Contract, the Contractor is suspended or debarred by the City; or (iii) the Contract is terminated pursuant to Paragraph 5, "Appropriations," of this Contract.

B. Liability. Except as otherwise expressly allowed or provided under this Contract, the City's sole liability upon termination shall be to pay for acceptable work performed prior to the Contractor's receipt or issuance of a notice of termination; provided, however, that a notice of termination shall not nullify or otherwise affect either party's liability for pre-termination defaults under or breaches of this Contract. The Contractor shall submit an invoice for such work within thirty (30) days of receiving or sending the notice of termination. *THIS PROVISION IS NOT EXCLUSIVE AND DOES NOT WAIVE THE CITY'S OTHER LEGAL RIGHTS AND REMEDIES CAUSED BY THE CONTRACTOR'S DEFAULT/BREACH OF THIS CONTRACT.*

5. Appropriations

The terms of this Contract are contingent upon sufficient appropriations and authorization being made by the Governing Body for the performance of this Contract. If sufficient appropriations and authorization are not made by the Governing Body, this Contract shall terminate immediately upon written notice being given by the City to the Contractor. The City's decision as to whether sufficient appropriations are available shall be accepted by the Contractor and shall be final. If the City proposes an amendment to the Contract to unilaterally reduce funding, the Contractor shall have the option to terminate the Contract or to agree to the reduced funding, within thirty (30) days of receipt of the proposed amendment.

6. Status of Contractor

The Contractor and its agents and employees are independent contractors performing construction services for the City and are not employees of the City. The Contractor and its agents and employees shall not accrue leave, retirement, insurance, bonding, use of City vehicles, or any other benefits afforded to employees of the City as a result of this Contract. The Contractor acknowledges that all sums received hereunder are reportable by the Contractor for tax purposes, including without limitation, self-employment and business income tax. The Contractor agrees not to purport to bind the City unless the Contractor has express written authority to do so, and then only within the strict limits of that authority.

7. On-Call Price Agreement Performance and Payment Bond

A. When a Task Order is issued in excess of twenty-five thousand dollars ($25,000), the following bonds or security shall be delivered to the City and shall become binding on the parties upon the execution of the contract. If the Contractor fails to deliver the required performance and payment bonds, the Contractor's bid shall be rejected, its bid security shall be enforced to the extent of actual damages. Award of the Task Order via Notice to Proceed shall be made pursuant to the Procurement Code in the following manner:

i. a performance bond satisfactory to the City, executed by a surety company authorized to do business in this state and said surety to be approved in federal circular 570 as published by the United States treasury department or the state board of finance or the local governing authority, in an amount equal to one hundred percent of the price specified in the contract; and

ii. a payment bond satisfactory to the City, executed by a surety company authorized to do business in this state and said surety to be approved in federal circular 570 as published by the United States treasury department or the state board of finance or the local governing authority, in an amount equal to one hundred percent of the price specified in the contract, for the protection of all persons supplying labor and material to the contractor or its subcontractors for the performance of the work provided for in the contract.

B. A subcontractor shall provide a performance and payment bond on a public works building project if the subcontractor's contract for work to be performed on a project is one hundred twenty-five thousand dollars ($125,000) or more.

8. Assignment

The Contractor shall not assign or transfer any interest in this Contract or assign any claims for money due or to become due under this Contract without the prior written approval of the City.

9. Subcontracting

The Contractor shall not subcontract any portion of the services to be performed under this Contract without the prior written approval of the City. No such subcontract shall relieve the primary Contractor from its obligations and liabilities under this Contract, nor shall any subcontract obligate direct payment from the City.

10. Release

Final payment of the amounts due under this Contract shall operate as a release of the City, its officers and employees from all liabilities, claims and obligations whatsoever arising from or under this Contract.

11. Confidentiality

Any confidential information provided to or developed by the Contractor in the performance of this Contract shall be kept confidential and shall not be made available to any individual or organization by the Contractor without the prior written approval of the City.

12. Product of Service – Copyright

All materials developed or acquired by the Contractor under this Contract shall become the property of the City and shall be delivered to the City no later than the termination date of this Contract. Nothing developed or produced, in whole or in part, by the Contractor under this Contract shall be the subject of an application for copyright or other claim of ownership by or on behalf of the Contractor.

13. Conflict of Interest; Governmental Conduct Act

A. The Contractor represents and warrants that it presently has no interest and, during the term of this Contract, shall not acquire any interest, direct or indirect, which would conflict in any manner or degree with the performance or services required under the Contract.

B. The Contractor further represents and warrants that it has complied with, and, during the term of this Contract, will continue to comply with, and that this Contract complies with all applicable provisions of the Governmental Conduct Act, NMSA 1978, Chapter 10, Article 16.

C. Contractor's representations and warranties in Paragraphs A and B of this Article 12 are material representations of fact upon which the City relied when this Contract was entered into by the parties. Contractor shall provide immediate written notice to the City if, at any time during the term of this Contract, Contractor learns that Contractor's representations and warranties in Paragraphs A and B of this Article 12 were erroneous on the effective date of this Contract or have become erroneous by reason of new or changed circumstances. If it is later determined that Contractor's representations and warranties in Paragraphs A and B of this Article 12 were erroneous on the effective date of this Contract or have become erroneous by reason of new or changed circumstances, in addition to other remedies available to the City and notwithstanding anything in the Contract to the contrary, the City may immediately terminate the Contract.

D. All terms defined in the Governmental Conduct Act have the same meaning in this section.

14. Amendment

A. This Contract shall not be altered, changed or amended except by instrument in writing executed by the parties hereto and all other required signatories.

B. If the City proposes an amendment to the Contract to unilaterally reduce funding due to budget or other considerations, the Contractor shall, within thirty (30) days of receipt of the proposed Amendment, have the option to terminate the Contract, pursuant to the termination provisions as set forth in Article 4 herein, or to agree to the reduced funding.

15. Change Orders

A. Changes. The Contractor may only make changes or revisions within the Scope of Work as defined by Article 1 and/or Exhibit 1 after receipt of written approval by the City Manager or his/her designee. Such change may only be made to Tasks or Sub-Task as defined in the Scope of Work. Under no circumstance shall such change affect the:

i. Deliverable requirements, as outlined in the Scope of Work;
ii. Due date of any Deliverable, as outlined in the Scope of Work;
iii. Compensation of any Deliverable, as outlined in the Scope of Work;
iv. Contract compensation, as outlined in Article 2; or
v. Contract termination, as outlined in Article 4.

B. Change Request Process. In the event that circumstances warrant a change to accomplish the Scope of Work as described above, a Change Request shall be submitted that meets the following criteria:

i. The Project Manager shall draft a written Change Request for review and approval by the City Manager to include:
   (a) the name of the person requesting the change;
   (b) a summary of the required change;
   (c) the start date for the change;
   (d) the reason and necessity for change;
   (e) the elements to be altered; and
   (f) the impact of the change.

ii. The City Manager shall provide a written decision on the Change Request to the Contractor within a maximum of ten (10) Business Days of receipt of the Change Request. All decisions made by the City Manager are final. Change Requests, once approved, become a part of the Contract, and become binding as a part of the original Contract.

16. Merger

This Contract incorporates all the agreements, covenants, and understandings between the parties hereto concerning the subject matter hereof, and all such covenants, agreements and understandings have been merged into this written contract.

All terms and conditions of **ITB No. 25163** and the Contractor's response to such document(s) are incorporated herein by reference and included in the order of precedence.

No prior Agreement or understanding, oral or otherwise, of the parties or their agents shall be valid or enforceable unless embodied in this Contract.

17. Penalties for Violation of Law

NMSA 1978, Sections 13-1-28 through 13-1-199, imposes civil and criminal penalties for its violation. In addition, the New Mexico criminal statutes impose felony penalties for illegal bribes, gratuities and kickbacks.

18. Equal Opportunity Compliance

The Contractor agrees to abide by all federal and state laws and rules and regulations, and Santa Fe City Code, pertaining to equal employment opportunity. In accordance with all such laws of the State of New Mexico, the Contractor assures that no person in the United States shall, on the grounds of race, religion, color, national origin, ancestry, sex, age, physical or mental handicap, or serious medical condition, spousal affiliation, sexual orientation or gender identity, be excluded from employment with or participation in, be denied the benefits of, or be otherwise subjected to discrimination under any program or activity performed under this Contract. If Contractor is found not to be in compliance with these requirements during the life of this Contract, Contractor agrees to take appropriate steps to correct these deficiencies.

19. Applicable Law

The laws of the State of New Mexico shall govern this Contract, without giving effect to its choice of law provisions. Venue shall be proper only in a New Mexico court of competent jurisdiction in accordance with NMSA 1978, Section 38-3-2. By execution of this Contract, Contractor acknowledges and agrees to the jurisdiction of the courts of the State of New Mexico over any and all lawsuits arising under or out of any term of this Contract.

20. Workers' Compensation

The Contractor agrees to comply with state laws and rules applicable to workers compensation benefits for its employees. If the Contractor fails to comply with the Workers Compensation Act and applicable rules when required to do so, this Contract may be terminated by the City.

21. Other Insurance

If the services contemplated under this Contract will be performed on or in City facilities or property, Contractor shall maintain in force during the entire term of this Contract, the following insurance coverage(s), naming the City as additional insured.

A. **Commercial General Liability** insurance shall be written on an occurrence basis and be a broad as ISO Form CG 00 01 with limits not less than $2,000,000 per occurrence and $2,000,000 in the aggregate for claims against bodily injury, personal and advertising injury, and property damage. Said policy shall include broad form Contractual Liability coverage and be endorsed to name the City of Santa Fe their officials, officers, employees, and agents as additional insureds.

B. **Business Automobile Liability** insurance for all owned, non-owned automobiles, with a combined single limit not less than $1,000,000 per accident.

C. **Broader Coverage and Limits**. The insurance requirements under this Contract shall be the greater of (1) the minimum coverage and limits specified in this Contract, or (2) the broader coverage and maximum limits of coverage of any insurance policy or proceeds available to the Named Insured. It is agreed that these insurance requirements shall not in any way act to reduce coverage that is broader or that includes higher limits than the minimums required herein. No

representation is made that the minimum insurance requirements of this Contract are sufficient to cover the obligations of Contractor hereunder.

D. Contractor shall maintain the above insurance for the term of this Contract and name the City as an additional insured and provide for 30 days cancellation notice on any Certificate of Insurance form furnished by Contractor. Such certificate shall also specifically state the coverage provided under the policy is primary over any other valid and collectible insurance and provide a waiver of subrogation.

22. Records and Financial Audit

The Contractor shall maintain detailed time and expenditure records that indicate the date; time, nature and cost of services rendered during the Contract's term and effect and retain them for a period of three (3) years from the date of final payment under this Contract. The records shall be subject to inspection by the City. The City shall have the right to audit billings both before and after payment. Payment under this Contract shall not foreclose the right of the City to recover excessive or illegal payments

23. Indemnification

The Contractor shall indemnify, hold harmless, or insure the City, including its officers, employees or agents, against liability, claims, damages, losses or expenses, including attorney fees, only to the extent that the liability, damages, losses or costs are caused by, or arise out of, the acts or omissions of the indemnitor or its officers, employees or agents. In the event that any action, suit or proceeding related to the services performed by the Contractor or any officer, agent, employee, servant or subcontractor under this Contract is brought against the Contractor, the Contractor shall, as soon as practicable but no later than two (2) business days after it receives notice thereof, notify the legal counsel of the City.

24. New Mexico Tort Claims Act

Any liability incurred by the City of Santa Fe in connection with this Contract is subject to the immunities and limitations of the New Mexico Tort Claims Act, NMSA 1978, Section 41-4-1, et. seq., as amended. The City and its "public employees" as defined in the New Mexico Tort Claims Act, do not waive sovereign immunity, do not waive any defense and do not waive any limitation of liability pursuant to law. No provision in this Contract modifies or waives any provision of the New Mexico Tort Claims Act.

25. Invalid Term or Condition

If any term or condition of this Contract shall be held invalid or unenforceable, the remainder of this Contract shall not be affected and shall be valid and enforceable.

26. Enforcement of Contract

A party's failure to require strict performance of any provision of this Contract shall not waive or diminish that party's right thereafter to demand strict compliance with that or any other provision. No waiver by a party of any of its rights under this Contract shall be effective unless express and in writing,

and no effective waiver by a party of any of its rights shall be effective to waive any other rights.

27. Notices

Any notice required to be given to either party by this Contract shall be in writing and shall be delivered in person, by courier service or by U.S. mail, either first class or certified, return receipt requested, postage prepaid, as follows:

To the City:	**To the Contractor:**
Chief Procurement Officer purchasing@santafenm.gov PO Box 909 Santa Fe, NM 87504-0909 Caryn Grosse, PMP Project Manager III City of Santa Fe Public Works 2651 Siringo Road, Building E Santa Fe, NM 87505-5229 clgrosse@santafenm.gov (505) 955-5938	AnchorBuilt Inc. Ray Zamora President PO Box 27688 Albuquerque, NM 87125 ray.zamora@anchorbuilt.com (505) 342-2452

28. Authority

If Contractor is other than a natural person, the individual(s) signing this Contract on behalf of Contractor represents and warrants that he or she has the power and authority to bind Contractor, and that no further action, resolution, or approval from Contractor is necessary to enter into a binding contract.

29. Progress Payments

Based upon Application for Payment submitted to the City by the Contractor and Certificates for Payment issued by the City, the City shall make progress payments on account of the Contract sum to the Contractor as provided in the Contract documents for the period ending the last day of the month as follows:

Not later than twenty-one (21) days following the end of the period covered by the Application for Payment, one hundred percent (100%) of the portion of the Contract Sum properly allocable to labor, materials, and equipment incorporated in the work and one hundred percent (100%) of the portion of the Contract sum properly allocable to materials and equipment suitably stored at the site or some other location agreed upon in writing for the period covered by the Application for Payment, less the aggregate of previous payments made by the City; and upon substantial completion of the entire work, a sum sufficient to increase the total payments to one hundred percent (100%) of the Contract sum, less such amounts as the City shall determine for all incomplete work and unsettled claims as provided in the Contract documents.

30. Final Payment

Final payment, constituting the entire unpaid balance of the Contract sum, unless it is a disputed payment, shall be paid by the City to the Contractor within twenty-one (21) calendar days, after all deficiencies to the Contract document that were noted during the Substantial Completion Inspection and listed on the attachment to the Certificate of Substantial Completion have been corrected, and provided the Contract has been fully performed and a final Certificate for Payment has been issued by the City. In addition, the Contractor shall provide to the City a certified statement of Release of Lien (AIA Document G706A or approved form), Consent of Surety, Warranty from Prime Contractor, Warranties from Suppliers and Manufacturers, training sessions, equipment/operating manuals, and as-built drawings.

31. Schedule

The Contractor shall, within five (5) days after the effective date of Notice to Proceed, prepare and submit a progress schedule covering project operations for the 30-day Contract period. This progress schedule shall be of the type generally referred to as a Critical Path Method (CPM), Critical Path Schedule (CPS), and Critical Path Analysis (CPA), and other similar designations. The CPM shall be used to control the timing and sequences of the project. All work shall be done in accordance with the CPM Planning and Scheduling. A written statement of explanation shall be submitted with the progress schedule. All costs incurred by the contractor to implement the CPM shall be borne by the Contractor and are part of their Contract.

32. General and Special Provisions

A. Terms used in this Contract which are defined in the Conditions of the Contract shall have the meanings designated in those Conditions.

B. An enumeration of the Contractor's General Comprehensive Liability Insurance requirements.

C. Appears in the General Conditions of the Contract for construction. Insurance requirements are also described in the Instructions to the Bidder section of the Project Manual. Contractor shall maintain adequate insurance in at least the maximum amounts, which the City could be liable under the New Mexico Tort Claims Act and shall provide proof of such insurance coverage to the City. It is the sole responsibility of the Contractor to comply with the law.

D. This Contract shall not become effective until: (1) approved by the Governing Body; and (2) signed by all parties required to sign this Contract.

E. The Contractor shall maintain detailed time records which indicate the date, time and nature of services rendered. These records shall be subject to inspection by the City, the Department of Finance and Administration and the State Auditor. The City shall have the right to audit billings both before and after payment. Payment under this Contract shall not foreclose the right of the City to recover excessive illegal payments.

F. The Contractor warrants that the Contractor presently has no interest and shall not acquire any interest, direct or indirect, which would conflict in any manner or degree with the performance or services required under this Contract.

G. The Contractor hereby warrants that the Contractor complies with the Americans with Disabilities Act, 29 CFR 1630.

H. Gender, Singular/Plural. Words of any gender used in this Contract shall be held and construed to include any other gender, and words in the singular number shall be held to include the plural, unless the context otherwise requires.

I. Captions and Section Headings. The captions and section headings contained in this Contract are for convenience of reference only, and in no way limit, define, or enlarge the terms, scope, and conditions of this Contract.

J. Certificates and Documents Incorporated. All certificates and documentation required by the provisions of the Contract shall be attached to this Contract at the time of execution and are hereby incorporated by reference as though set forth in full in this Contract to the extent they are consistent with its conditions and terms.

K. Separability. If any clause or provision of this Contract is illegal, invalid or unenforceable under present or future laws effective during the term of this Contract, then and in that event, it is the intention of the parties hereto that the remainder of this Contract shall not be affected thereby.

L. Words and Phrases. Words, phrases, and abbreviations, which have well-known technical or trade meanings used in the Contract documents shall be used according to such recognized meaning. In the event of a conflict, the more stringent meaning shall govern.

M. Relationship of Contract Documents. The Contract Documents are complementary, and any requirement of one Contract Document shall be as binding as if required by all.

N. Pursuant to NMSA 1978, Section 13-1-191, reference is hereby made to the Criminal Laws of New Mexico (including NMSA 1978, Sections 30-14-1, 30-24-2, and 30-41-1 through 30-41-3) which prohibit bribes, kickbacks, and gratuities, violation of which constitutes a felony. Further, the Procurement Code (NMSA 1978, Sections 13-1-28 through 13-1-199) imposes civil and criminal penalties for its violation.

O. Pursuant to NMSA 1978, Section 13-4-11. Reference is hereby made to the Minimum Wage on Public Works; weekly payments; posting wage scale; withholding funds.

IN WITNESS WHEREOF, the Parties have executed this Contract as of the date of the signature by the required approval authorities below.

> > 1. This work shall include Miscellaneous General Contracting work for the City

of Santa Fe.

2. The Contractor shall be required to provide On-Call General Contracting Services for any number of the activities listed under this Scope of Work upon the request of the City. Once a need is identified, the City will issue a written Task Order to the Contractor detailing the services required. Upon receiving the City's request for services, the Contractor shall promptly provide the City with an estimate (based upon the rates submitted in the Bid Form), cost summary, and project schedule required to complete the assignment or task. Project schedules, negotiated price, and completion dates shall be determined on a project-by-project basis and dependent upon the urgency of that task. The Contractor may be required to do some of the work in phases. The Contractor shall be required to provide the requested labor and all equipment and materials within one week of a request issuance of a Notice to Proceed unless otherwise arranged. The Contractor shall agree to provide required labor within 24 hours for emergency situations whenever possible.

3. The City of Santa Fe Public Works Facilities Division shall be able to utilize this On-Call Contract as needed and as funding is available. All other City of Santa Fe staff will only be authorized to utilize this On-Call Contract with prior, written approval of the scope of work, from the Facilities Division Director, before commencing any work applicable to this On-Call Contract.

4. Contractor is responsible for all required permits and licenses required to perform this work. Contractor shall be responsible for adherence to the Contract Documents, Construction Documents, Specifications, and approved directives.

5. Contractor shall be responsible for any applicable Local, County, State and Federal requirements and permits.

6. Contractor shall be responsible for verifications of all existing conditions, measurements, and dimensions for bidding. Contractor shall be responsible for all permits, fees, and State and/or City inspections associated with their work.

Please let me know if additional information is required.
Thank you!

CITY OF SANTA FE

Date: December 3, 2025

To: Governing Body

From: Caryn Grosse, PMP, Public Works Project Manager III

Via: Sam Burnett, Interim Public Works Department Director JOHN BURNETT (Dec 8, 2025 07:51:38 MST)
Tim Farrell, Interim Facilities Division Director Timothy Farrell

Subject: On-Call Price Agreement for City-Wide Miscellaneous Construction Services

Vendor Name: JDR & Associates

Vendor Number: 9248

ACTION:
Request for Approval of an On-Call Price Agreement with JDR & Associates in the Total Amount of $10,000,000 Including NMGRT for City-Wide Miscellaneous Construction Services for a Term of 10 Years. (Caryn Grosse, Public Works Project Manager III, clgrosse@santafenm.gov)

CONTRACT NUMBER:
The FY26 Munis Contract Number is 3260208.

BACKGROUND AND SUMMARY:
The Public Works Department Facilities Division uses on-call services to augment the skills, licensure, and capacity of staff to address facility issues and emergencies in a timely, safe, and compliant manner. The Facilities Division typically maintains on-call contracts for general contracting, mechanical, electrical, plumbing, roofing, remediation, and landscaping services.

In accordance with the Invitation to Bid (ITB No. 25163) for On-Call City-Wide Miscellaneous Construction Services, multiple responsive vendors were selected for contracts based on lowest bidder and performance criteria: AnchorBuilt Inc., B&D Industries Inc., Davenport Construction Management LLC, Enviroworks LLC, JDR & Associates, LLR Construction LLC, and Unified Contractor, Inc. JDR & Associates has provided services throughout the City and has proven to be cost-effective, reliable, and capable of consistently providing high quality results.

On-call contracts are not a guarantee of payment. These contracts are only used, and purchase orders issued, as needs arise and funding is available. The $10,000,000 (including 8.1875% NMGRT) maximum for this contract is based on the historical and anticipated needs across the City over the next ten years.

CITY OF SANTA FE

ON-CALL PRICE AGREEMENT

CONSTRUCTION CONTRACT

City-Wide Miscellaneous Construction Services

THIS CONTRACT is made and entered into by and between the City of Santa Fe, New Mexico, hereinafter referred to as the "City," and **JDR & Associates**, hereinafter referred to as the "Contractor," and is effective as of the date set forth below upon which it is executed by the Parties.

RECITALS

WHEREAS, the City, through its Governing Body, is authorized to enter into an On-Call Price Agreement for the project; and

WHEREAS, the City has procured this Contract according to the established State and Local Purchasing procedures for contracts of the type and amount; and

The City and the Contractor hereby agree as follows:

1. Scope of Work

A. The Contractor shall perform the following work in accordance with their Bid Pricing, attached hereto and made a part thereof, as Exhibit A:

1. This work shall include Miscellaneous General Contracting work for the City of Santa Fe.
2. The Contractor shall be required to provide On-Call Miscellaneous Construction Services for any number of the activities listed under this Scope of Work upon the request of the City. Once a need is identified, the City's Engineers, Project Managers, and Project Administrators (collectively "Project Manager") may issue Task Orders for items described herein. The terms and conditions shall be incorporated in each Task Order issued hereunder. Once a need is identified, the Project Manager will issue a written Task Order to the Contractor detailing the services required. Upon receiving the Task Order, the Contractor shall promptly provide the Project Manager with an estimate, based upon the rates included in their ITB, a cost summary, and a proposed schedule required to complete the assignment or task. Project schedules, negotiated price, and completion dates shall be determined on project-by-project basis and dependent upon the urgency of that task. The Contractor may be required to do some of the work in phases. The City's Project Manager

may issue a Notice to Proceed by signing the Notice after the task price and schedule are finalized by the Contractor, subject to the exception in Article 1(A)(3) below. The Contractor shall be required to provide the requested labor and all equipment and materials within one week of a request issuance of a Notice to Proceed unless otherwise arranged. The Contractor shall agree to provide required labor within 24 hours for emergency situations whenever possible. The Contractor shall not perform any work without a Notice to Proceed signed by the Project Manager, and the City shall not pay for any work performed without a signed Notice to Proceed.

3. If a Task Order does not specify which City division is issuing the Task Order, Contractor shall enquire before acting on a Notice to Proceed. For any City division other than the Public Works Facilities Division the Notice to Proceed is effective only if written approval of the scope of work from the Facilities Division Director is attached.

4. Contractor is responsible for all required permits, licenses, and inspections required to perform this work, and shall comply with applicable municipal, county, state, and federal requirements. Contractor shall be responsible for verification of all existing conditions, measurements, dimensions, adherence to the Contract Documents, Construction Documents, Specifications, and approved directives.

B. Distribution:

City:	Contractor:
Caryn Grosse, PMP Project Manager III City of Santa Fe Facilities Division 2651 Siringo Road, Building E Santa Fe, NM 87505-5229	Davida Garcia Office Manager JDR & Associates 274 Dinosaur Trail Santa Fe, NM 87508

C. Price Adjustments:

The awarded vendor shall maintain fixed pricing for each year of this contract, defined as twelve (12) months starting on and including the Effective Date. Pricing may be adjusted no more than once annually to commercially reasonable rates through an amendment to the price list attached as Exhibit A signed by Contractor and the City's Director of Public Works. Amendments to Exhibit A do not alter Contractor's maximum total compensation pursuant to Article 2 (Compensation) below. The Contractor must submit all pricing increase requests in writing to the City of Santa Fe designated department contact, providing evidence that the request is based on demonstrable market changes impacting the cost of products and services. The request must itemize all proposed changes by line item and include supporting documentation deemed acceptable by the City of Santa Fe (such as a letter from a manufacturer indicating price increases, etc.). The City's decision on acceptable documentation in this context shall be final and binding upon all parties to the contract. No price increase shall result in a higher profit margin. Pricing changes will apply to orders entered on or after the effective date of the price change. Price increases will not be retroactive to purchase orders already issued. Orders will be filled at the price indicated in the purchase order issued by the City.

To facilitate prompt consideration, all requests for price increases must include the following information:

i. Contract Item Number

ii. Current Item Price
iii. Proposed New Price
iv. Percentage of Increase
v. Mill/Supplier Notification of price increase indicating percentage of increase and including the reason for the increase.

2. ITB Compensation

A. Payment. The City shall compensate the Contractor based on Task Orders and the itemized amounts specified in Exhibit A. For the services described in the scope of work, the City will pay the Contractor up to, but not to exceed, $10,000,000.00. The applicable gross receipts tax (8.1875%) shall be shown as a separate amount on each billing or request for payment made under the contract, consistent with NMSA 1978, Section 13-1-108.

B. The compensation represents a maximum amount. The Contractor must notify the City when the Services provided under this Contract approach 90% of compensation total. Services rendered beyond the maximum compensation amount will not be reimbursed unless the Contract is amended in writing prior to the provision of such services.

C. Invoicing and Payment Terms Payment will be made upon the City's acceptance of deliverables and receipt of a detailed, certified invoice from the Contractor. Payments will be sent to the Contractor's designated address. The City shall issue payment in accordance with the timelines required by law. Invoices must be submitted no later than fifteen (15) days after the Contract's termination. Late invoices will not be processed or paid.

D. Extended Payment Terms for Grant-Funded Contracts. For grant-funded agreements, the City may issue payment within forty-five (45) days following submission of an undisputed payment request.

3. Term

THIS CONTRACT SHALL NOT BECOME EFFECTIVE UNTIL APPROVED BY THE CITY. This Contract shall terminate ten (10) years from date of final signature unless terminated pursuant to Paragraph 4 (Termination) or Paragraph 5 (Appropriations). A contract for construction services may not exceed ten (10) years, including all extensions and renewals, except as otherwise provided by NMSA 1978, Section 13-1-150 through 13-1-152 or SFCC 1987, Section 11-13.

4. Termination

A. Grounds. The City may terminate this Contract for convenience or cause. For contracts within their authority, the City Manager or their designee is authorized to provide the notice of termination, otherwise such notice of termination shall be provided by the Mayor or their designee as authorized by the Governing Body. The Contractor may only terminate this Contract based upon the City's uncured, material breach of this Contract.

i. Except as otherwise provided in Paragraphs 7.A and 17, the City shall give Contractor written notice of termination at least thirty (30) days prior to the

intended date of termination.

ii. Contractor shall give City written notice of termination at least thirty (30) days prior to the intended date of termination, which notice shall (i) identify all the City's material breaches of this Contract upon which the termination is based and (ii) state what the City must do to cure such material breaches. Contractor's notice of termination shall only be effective (i) if the City does not cure all material breaches within the thirty (30) day notice period or (ii) in the case of material breaches that cannot be cured within thirty (30) days, the City does not, within the thirty (30) day notice period, notify the Contractor of its intent to cure and begin with due diligence to cure the material breach.

iii. Notwithstanding the foregoing, this Contract may be terminated immediately upon written notice to the Contractor (i) if the Contractor becomes unable to perform the services contracted for, as determined by the City; (ii) if, during the term of this Contract, the Contractor is suspended or debarred by the City; or (iii) the Contract is terminated pursuant to Paragraph 5, "Appropriations," of this Contract.

B. Liability. Except as otherwise expressly allowed or provided under this Contract, the City's sole liability upon termination shall be to pay for acceptable work performed prior to the Contractor's receipt or issuance of a notice of termination; provided, however, that a notice of termination shall not nullify or otherwise affect either party's liability for pre-termination defaults under or breaches of this Contract. The Contractor shall submit an invoice for such work within thirty (30) days of receiving or sending the notice of termination. *THIS PROVISION IS NOT EXCLUSIVE AND DOES NOT WAIVE THE CITY'S OTHER LEGAL RIGHTS AND REMEDIES CAUSED BY THE CONTRACTOR'S DEFAULT/BREACH OF THIS CONTRACT.*

5. Appropriations

The terms of this Contract are contingent upon sufficient appropriations and authorization being made by the Governing Body for the performance of this Contract. If sufficient appropriations and authorization are not made by the Governing Body, this Contract shall terminate immediately upon written notice being given by the City to the Contractor. The City's decision as to whether sufficient appropriations are available shall be accepted by the Contractor and shall be final. If the City proposes an amendment to the Contract to unilaterally reduce funding, the Contractor shall have the option to terminate the Contract or to agree to the reduced funding, within thirty (30) days of receipt of the proposed amendment.

6. Status of Contractor

The Contractor and its agents and employees are independent contractors performing construction services for the City and are not employees of the City. The Contractor and its agents and employees shall not accrue leave, retirement, insurance, bonding, use of City vehicles, or any other benefits afforded to employees of the City as a result of this Contract. The Contractor acknowledges that all sums received hereunder are reportable by the Contractor for tax purposes, including without limitation, self-employment and business income tax. The Contractor agrees not to purport to bind the City unless the Contractor has express written authority to do so, and then only within the strict limits of that authority.

7. On-Call Price Agreement Performance and Payment Bond

A. When a Task Order is issued in excess of twenty-five thousand dollars ($25,000), the following bonds or security shall be delivered to the City and shall become binding on the parties upon the execution of the contract. If the Contractor fails to deliver the required performance and payment bonds, the Contractor's bid shall be rejected, its bid security shall be enforced to the extent of actual damages. Award of the Task Order via Notice to Proceed shall be made pursuant to the Procurement Code in the following manner:

i. a performance bond satisfactory to the City, executed by a surety company authorized to do business in this state and said surety to be approved in federal circular 570 as published by the United States treasury department or the state board of finance or the local governing authority, in an amount equal to one hundred percent of the price specified in the contract; and

ii. a payment bond satisfactory to the City, executed by a surety company authorized to do business in this state and said surety to be approved in federal circular 570 as published by the United States treasury department or the state board of finance or the local governing authority, in an amount equal to one hundred percent of the price specified in the contract, for the protection of all persons supplying labor and material to the contractor or its subcontractors for the performance of the work provided for in the contract.

B. A subcontractor shall provide a performance and payment bond on a public works building project if the subcontractor's contract for work to be performed on a project is one hundred twenty-five thousand dollars ($125,000) or more.

8. Assignment

The Contractor shall not assign or transfer any interest in this Contract or assign any claims for money due or to become due under this Contract without the prior written approval of the City.

9. Subcontracting

The Contractor shall not subcontract any portion of the services to be performed under this Contract without the prior written approval of the City. No such subcontract shall relieve the primary Contractor from its obligations and liabilities under this Contract, nor shall any subcontract obligate direct payment from the City.

10. Release

Final payment of the amounts due under this Contract shall operate as a release of the City, its officers and employees from all liabilities, claims and obligations whatsoever arising from or under this Contract.

11. Confidentiality

Any confidential information provided to or developed by the Contractor in the performance of this Contract shall be kept confidential and shall not be made available to any individual or organization by the Contractor without the prior written approval of the City.

12. Product of Service – Copyright

All materials developed or acquired by the Contractor under this Contract shall become the property of the City and shall be delivered to the City no later than the termination date of this Contract. Nothing developed or produced, in whole or in part, by the Contractor under this Contract shall be the subject of an application for copyright or other claim of ownership by or on behalf of the Contractor.

13. Conflict of Interest; Governmental Conduct Act

A. The Contractor represents and warrants that it presently has no interest and, during the term of this Contract, shall not acquire any interest, direct or indirect, which would conflict in any manner or degree with the performance or services required under the Contract.

B. The Contractor further represents and warrants that it has complied with, and, during the term of this Contract, will continue to comply with, and that this Contract complies with all applicable provisions of the Governmental Conduct Act, NMSA 1978, Chapter 10, Article 16.

C. Contractor's representations and warranties in Paragraphs A and B of this Article 12 are material representations of fact upon which the City relied when this Contract was entered into by the parties. Contractor shall provide immediate written notice to the City if, at any time during the term of this Contract, Contractor learns that Contractor's representations and warranties in Paragraphs A and B of this Article 12 were erroneous on the effective date of this Contract or have become erroneous by reason of new or changed circumstances. If it is later determined that Contractor's representations and warranties in Paragraphs A and B of this Article 12 were erroneous on the effective date of this Contract or have become erroneous by reason of new or changed circumstances, in addition to other remedies available to the City and notwithstanding anything in the Contract to the contrary, the City may immediately terminate the Contract.

D. All terms defined in the Governmental Conduct Act have the same meaning in this section.

14. Amendment

A. This Contract shall not be altered, changed or amended except by instrument in writing executed by the parties hereto and all other required signatories.

B. If the City proposes an amendment to the Contract to unilaterally reduce funding due to budget or other considerations, the Contractor shall, within thirty (30) days of receipt of the proposed Amendment, have the option to terminate the Contract, pursuant to the termination provisions as set forth in Article 4 herein, or to agree to the reduced funding.

15. Change Orders

A. Changes. The Contractor may only make changes or revisions within the Scope of Work as defined by Article 1 and/or Exhibit 1 after receipt of written approval by the City Manager or his/her designee. Such change may only be made to Tasks or Sub-Task as defined in the Scope of Work. Under no circumstance shall such change affect the:

i. Deliverable requirements, as outlined in the Scope of Work;
ii. Due date of any Deliverable, as outlined in the Scope of Work;
iii. Compensation of any Deliverable, as outlined in the Scope of Work;
iv. Contract compensation, as outlined in Article 2; or
v. Contract termination, as outlined in Article 4.

B. Change Request Process. In the event that circumstances warrant a change to accomplish the Scope of Work as described above, a Change Request shall be submitted that meets the following criteria:

i. The Project Manager shall draft a written Change Request for review and approval by the City Manager to include:
   (a) the name of the person requesting the change;
   (b) a summary of the required change;
   (c) the start date for the change;
   (d) the reason and necessity for change;
   (e) the elements to be altered; and
   (f) the impact of the change.

ii. The City Manager shall provide a written decision on the Change Request to the Contractor within a maximum of ten (10) Business Days of receipt of the Change Request. All decisions made by the City Manager are final. Change Requests, once approved, become a part of the Contract, and become binding as a part of the original Contract.

16. Merger

This Contract incorporates all the agreements, covenants, and understandings between the parties hereto concerning the subject matter hereof, and all such covenants, agreements and understandings have been merged into this written contract.

All terms and conditions of **ITB No. 25163** and the Contractor's response to such document(s) are incorporated herein by reference and included in the order of precedence.

No prior Agreement or understanding, oral or otherwise, of the parties or their agents shall be valid or enforceable unless embodied in this Contract.

17. Penalties for Violation of Law

NMSA 1978, Sections 13-1-28 through 13-1-199, imposes civil and criminal penalties for its violation. In addition, the New Mexico criminal statutes impose felony penalties for illegal bribes, gratuities and kickbacks.

18. Equal Opportunity Compliance

The Contractor agrees to abide by all federal and state laws and rules and regulations, and Santa Fe City Code, pertaining to equal employment opportunity. In accordance with all such laws of the State of New Mexico, the Contractor assures that no person in the United States shall, on the grounds of race, religion, color, national origin, ancestry, sex, age, physical or mental handicap, or serious medical condition, spousal affiliation, sexual orientation or gender identity, be excluded from employment with or participation in, be denied the benefits of, or be otherwise subjected to discrimination under any program or activity performed under this Contract. If Contractor is found not to be in compliance with these requirements during the life of this Contract, Contractor agrees to take appropriate steps to correct these deficiencies.

19. Applicable Law

The laws of the State of New Mexico shall govern this Contract, without giving effect to its choice of law provisions. Venue shall be proper only in a New Mexico court of competent jurisdiction in accordance with NMSA 1978, Section 38-3-2. By execution of this Contract, Contractor acknowledges and agrees to the jurisdiction of the courts of the State of New Mexico over any and all lawsuits arising under or out of any term of this Contract.

20. Workers' Compensation

The Contractor agrees to comply with state laws and rules applicable to workers compensation benefits for its employees. If the Contractor fails to comply with the Workers Compensation Act and applicable rules when required to do so, this Contract may be terminated by the City.

21. Other Insurance

If the services contemplated under this Contract will be performed on or in City facilities or property, Contractor shall maintain in force during the entire term of this Contract, the following insurance coverage(s), naming the City as additional insured.

A. **Commercial General Liability** insurance shall be written on an occurrence basis and be a broad as ISO Form CG 00 01 with limits not less than $2,000,000 per occurrence and $2,000,000 in the aggregate for claims against bodily injury, personal and advertising injury, and property damage. Said policy shall include broad form Contractual Liability coverage and be endorsed to name the City of Santa Fe their officials, officers, employees, and agents as additional insureds.

B. **Business Automobile Liability** insurance for all owned, non-owned automobiles, with a combined single limit not less than $1,000,000 per accident.

C. **Broader Coverage and Limits**. The insurance requirements under this Contract shall be the greater of (1) the minimum coverage and limits specified in this Contract, or (2) the broader coverage and maximum limits of coverage of any insurance policy or proceeds available to the Named Insured. It is agreed that these insurance requirements shall not in any way act to reduce coverage that is broader or that includes higher limits than the minimums required herein. No

representation is made that the minimum insurance requirements of this Contract are sufficient to cover the obligations of Contractor hereunder.

D. Contractor shall maintain the above insurance for the term of this Contract and name the City as an additional insured and provide for 30 days cancellation notice on any Certificate of Insurance form furnished by Contractor. Such certificate shall also specifically state the coverage provided under the policy is primary over any other valid and collectible insurance and provide a waiver of subrogation.

22. Records and Financial Audit

The Contractor shall maintain detailed time and expenditure records that indicate the date; time, nature and cost of services rendered during the Contract's term and effect and retain them for a period of three (3) years from the date of final payment under this Contract. The records shall be subject to inspection by the City. The City shall have the right to audit billings both before and after payment. Payment under this Contract shall not foreclose the right of the City to recover excessive or illegal payments

23. Indemnification

The Contractor shall indemnify, hold harmless, or insure the City, including its officers, employees or agents, against liability, claims, damages, losses or expenses, including attorney fees, only to the extent that the liability, damages, losses or costs are caused by, or arise out of, the acts or omissions of the indemnitor or its officers, employees or agents. In the event that any action, suit or proceeding related to the services performed by the Contractor or any officer, agent, employee, servant or subcontractor under this Contract is brought against the Contractor, the Contractor shall, as soon as practicable but no later than two (2) business days after it receives notice thereof, notify the legal counsel of the City.

24. New Mexico Tort Claims Act

Any liability incurred by the City of Santa Fe in connection with this Contract is subject to the immunities and limitations of the New Mexico Tort Claims Act, NMSA 1978, Section 41-4-1, et. seq., as amended. The City and its "public employees" as defined in the New Mexico Tort Claims Act, do not waive sovereign immunity, do not waive any defense and do not waive any limitation of liability pursuant to law. No provision in this Contract modifies or waives any provision of the New Mexico Tort Claims Act.

25. Invalid Term or Condition

If any term or condition of this Contract shall be held invalid or unenforceable, the remainder of this Contract shall not be affected and shall be valid and enforceable.

26. Enforcement of Contract

A party's failure to require strict performance of any provision of this Contract shall not waive or diminish that party's right thereafter to demand strict compliance with that or any other provision. No waiver by a party of any of its rights under this Contract shall be effective unless express and in writing,

and no effective waiver by a party of any of its rights shall be effective to waive any other rights.

27. Notices

Any notice required to be given to either party by this Contract shall be in writing and shall be delivered in person, by courier service or by U.S. mail, either first class or certified, return receipt requested, postage prepaid, as follows:

To the City:	**To the Contractor:**
Chief Procurement Officer purchasing@santafenm.gov PO Box 909 Santa Fe, NM 87504-0909 Caryn Grosse, PMP Project Manager III City of Santa Fe Public Works 2651 Siringo Road, Building E Santa Fe, NM 87505-5229 clgrosse@santafenm.gov (505) 955-5938	Davida Garcia Office Manager JDR & Associates 274 Dinosaur Trail Santa Fe, NM 87508 davida.jdr@gmail.com (505) 471-5901

28. Authority

If Contractor is other than a natural person, the individual(s) signing this Contract on behalf of Contractor represents and warrants that he or she has the power and authority to bind Contractor, and that no further action, resolution, or approval from Contractor is necessary to enter into a binding contract.

29. Progress Payments

Based upon Application for Payment submitted to the City by the Contractor and Certificates for Payment issued by the City, the City shall make progress payments on account of the Contract sum to the Contractor as provided in the Contract documents for the period ending the last day of the month as follows:

Not later than twenty-one (21) days following the end of the period covered by the Application for Payment, one hundred percent (100%) of the portion of the Contract Sum properly allocable to labor, materials, and equipment incorporated in the work and one hundred percent (100%) of the portion of the Contract sum properly allocable to materials and equipment suitably stored at the site or some other location agreed upon in writing for the period covered by the Application for Payment, less the aggregate of previous payments made by the City; and upon substantial completion of the entire work, a sum sufficient to increase the total payments to one hundred percent (100%) of the Contract sum, less such amounts as the City shall determine for all incomplete work and unsettled claims as provided in the Contract documents.

30. Final Payment

Final payment, constituting the entire unpaid balance of the Contract sum, unless it is a disputed payment, shall be paid by the City to the Contractor within twenty-one (21) calendar days, after all deficiencies to the Contract document that were noted during the Substantial Completion Inspection and listed on the attachment to the Certificate of Substantial Completion have been corrected, and provided the Contract has been fully performed and a final Certificate for Payment has been issued by the City. In addition, the Contractor shall provide to the City a certified statement of Release of Lien (AIA Document G706A or approved form), Consent of Surety, Warranty from Prime Contractor, Warranties from Suppliers and Manufacturers, training sessions, equipment/operating manuals, and as-built drawings.

31. Schedule

The Contractor shall, within five (5) days after the effective date of Notice to Proceed, prepare and submit a progress schedule covering project operations for the 30-day Contract period. This progress schedule shall be of the type generally referred to as a Critical Path Method (CPM), Critical Path Schedule (CPS), and Critical Path Analysis (CPA), and other similar designations. The CPM shall be used to control the timing and sequences of the project. All work shall be done in accordance with the CPM Planning and Scheduling. A written statement of explanation shall be submitted with the progress schedule. All costs incurred by the contractor to implement the CPM shall be borne by the Contractor and are part of their Contract.

32. General and Special Provisions

A. Terms used in this Contract which are defined in the Conditions of the Contract shall have the meanings designated in those Conditions.

B. An enumeration of the Contractor's General Comprehensive Liability Insurance requirements.

C. Appears in the General Conditions of the Contract for construction. Insurance requirements are also described in the Instructions to the Bidder section of the Project Manual. Contractor shall maintain adequate insurance in at least the maximum amounts, which the City could be liable under the New Mexico Tort Claims Act and shall provide proof of such insurance coverage to the City. It is the sole responsibility of the Contractor to comply with the law.

D. This Contract shall not become effective until: (1) approved by the Governing Body; and (2) signed by all parties required to sign this Contract.

E. The Contractor shall maintain detailed time records which indicate the date, time and nature of services rendered. These records shall be subject to inspection by the City, the Department of Finance and Administration and the State Auditor. The City shall have the right to audit billings both before and after payment. Payment under this Contract shall not foreclose the right of the City to recover excessive illegal payments.

F. The Contractor warrants that the Contractor presently has no interest and shall not acquire any interest, direct or indirect, which would conflict in any manner or degree with the performance or services required under this Contract.

G. The Contractor hereby warrants that the Contractor complies with the Americans with Disabilities Act, 29 CFR 1630.

H. Gender, Singular/Plural. Words of any gender used in this Contract shall be held and construed to include any other gender, and words in the singular number shall be held to include the plural, unless the context otherwise requires.

I. Captions and Section Headings. The captions and section headings contained in this Contract are for convenience of reference only, and in no way limit, define, or enlarge the terms, scope, and conditions of this Contract.

J. Certificates and Documents Incorporated. All certificates and documentation required by the provisions of the Contract shall be attached to this Contract at the time of execution and are hereby incorporated by reference as though set forth in full in this Contract to the extent they are consistent with its conditions and terms.

K. Separability. If any clause or provision of this Contract is illegal, invalid or unenforceable under present or future laws effective during the term of this Contract, then and in that event, it is the intention of the parties hereto that the remainder of this Contract shall not be affected thereby.

L. Words and Phrases. Words, phrases, and abbreviations, which have well-known technical or trade meanings used in the Contract documents shall be used according to such recognized meaning. In the event of a conflict, the more stringent meaning shall govern.

M. Relationship of Contract Documents. The Contract Documents are complementary, and any requirement of one Contract Document shall be as binding as if required by all.

N. Pursuant to NMSA 1978, Section 13-1-191, reference is hereby made to the Criminal Laws of New Mexico (including NMSA 1978, Sections 30-14-1, 30-24-2, and 30-41-1 through 30-41-3) which prohibit bribes, kickbacks, and gratuities, violation of which constitutes a felony. Further, the Procurement Code (NMSA 1978, Sections 13-1-28 through 13-1-199) imposes civil and criminal penalties for its violation.

O. Pursuant to NMSA 1978, Section 13-4-11. Reference is hereby made to the Minimum Wage on Public Works; weekly payments; posting wage scale; withholding funds.

IN WITNESS WHEREOF, the Parties have executed this Contract as of the date of the signature by the required approval authorities below.

>
> > The Contractor shall perform the following work in accordance with their Bid Pricing, attached hereto and made a part thereof, as Exhibit A:
> > 1. This work shall include Miscellaneous General Contracting work for the City

of Santa Fe.

2. The Contractor shall be required to provide On-Call General Contracting Services for any number of the activities listed under this Scope of Work upon the request of the City. Once a need is identified, the City will issue a written Task Order to the Contractor detailing the services required. Upon receiving the City's request for services, the Contractor shall promptly provide the City with an estimate (based upon the rates submitted in the Bid Form), cost summary, and project schedule required to complete the assignment or task. Project schedules, negotiated price, and completion dates shall be determined on a project-by-project basis and dependent upon the urgency of that task. The Contractor may be required to do some of the work in phases. The Contractor shall be required to provide the requested labor and all equipment and materials within one week of a request issuance of a Notice to Proceed unless otherwise arranged. The Contractor shall agree to provide required labor within 24 hours for emergency situations whenever possible.

3. The City of Santa Fe Public Works Facilities Division shall be able to utilize this On-Call Contract as needed and as funding is available. All other City of Santa Fe staff will only be authorized to utilize this On-Call Contract with prior, written approval of the scope of work, from the Facilities Division Director, before commencing any work applicable to this On-Call Contract.

4. Contractor is responsible for all required permits and licenses required to perform this work. Contractor shall be responsible for adherence to the Contract Documents, Construction Documents, Specifications, and approved directives.

5. Contractor shall be responsible for any applicable Local, County, State and Federal requirements and permits.

6. Contractor shall be responsible for verifications of all existing conditions, measurements, and dimensions for bidding. Contractor shall be responsible for all permits, fees, and State and/or City inspections associated with their work.

Please let me know if additional information is required.
Thank you!

Best,
Elizabeth "Lisa" Kahahane, CPO
Contract Administrator | Facilities Division | Public Works Dept.

Tim Farrel, Interim Facilities Division Director Timothy Farrell

Subject: On-Call City-Wide Elevator Services

Vendor Name: US Electrical Corp.

Vendor Number: 10782

ACTION:
Request for Approval of a General Services Contract with US Electrical Corp. in the Total Amount of $540,938 Including NMGRT for City-Wide Elevator Services with a Two-Year Term. (Caryn Grosse, PMP, Public Works Project Manager III, clgrosse@santafenm.gov)

CONTRACT NUMBER:
The Munis Contract Number is 3260244.

BACKGROUND AND SUMMARY:
The Public Works Department Facilities Division uses on-call services to augment the skills, licensure, and capacity of staff to address facility issues and emergencies in a timely, safe, and compliant manner. The Facilities Division typically maintains on-call contracts for general contracting, mechanical, electrical, plumbing, roofing, remediation, and landscaping services.

This contract will provide for on-call elevator services including but not limited to monthly inspections and maintenance, modernization, maintenance, and repairs of 15 elevators at various City facilities as needed.

On-call contracts are not a guarantee of payment. These contracts are only used, and purchase orders issued, as needs arise and funding is available. The $540,937.50 (including 8.1875% NMGRT) maximum for this contract is based on the historical and anticipated needs across the City over the next two years.

CITY OF SANTA FE
GENERAL SERVICES CONTRACT

ON-CALL PRICE AGREEMENT

City-Wide Miscellaneous Elevator Services

THIS CONTRACT is made and entered into by and between the City of Santa Fe, herein after referred to as the "City," and **US Electrical Corp.** herein after referred to as the "Contractor."

IT IS MUTUALLY AGREED BETWEEN THE PARTIES:

1. Definitions

A. "Products and Services Schedule" refers to the complete list of products and services offered under this Contract and the price for each. Product and service descriptions may be amended with the prior approval of the Project Manager. New products and services shall not be added to the Products and Services Schedule.

B. "Business Hours" means 8:00 a.m. to 5:00 p.m. Mountain Time.

C. "Fiscal Year" means the twelve-month period beginning on July 1 and ending on June 30 of the following calendar year.

D. "Fiscal Year Quarters" means the four three-month periods within the City's fiscal year, defined as follows: Quarter 1 is July 1 through September 30; Quarter 2 is October 1 through December 31; Quarter 3 is January 1 through March 31; and Quarter 4 is April 1 through June 30.

2. Scope of Work

The Contractor shall perform the following work which shall include but is not limited to:

The Contractor shall provide Miscellaneous On-Call Elevator services including but not limited to modernizing, maintaining, installing, assembling, or replacing, elevator equipment specific to the elevator system. Once a need is identified, the City's Facilities Director, Project Manager, or Project Administrator ("Project Manager") will issue a written Task Order to the Contractor detailing the services required. Any Task Order not issued by a Project Manager from the City's Facilities Division is only valid if the Facilities Director's written approval is attached to the Task Order. Contractor shall be responsible to inquire which City division a Project Manager is from if the Project Manager is unknown to Contractor.

Upon receiving the City's request for services, the Contractor shall promptly provide the Project Manager with an estimate based upon the rates in their contract, cost summary, and project schedule required to complete the assignment or task. Project schedules, negotiated prices, and completion dates shall be determined on a project-by-project basis and dependent upon the urgency of that task. The Contractor may be required to do some of the work in phases. The Contractor shall be required to provide the requested labor and all equipment and materials within one week of a request issuance of a Notice to Proceed unless otherwise arranged. The Contractor shall agree to provide required labor within 24 hours for emergency situations whenever possible. The Contractor shall not be authorized to commence any work unless and until Contractor receives a Notice to Proceed from the Project Manager. The parties agree that the City is not responsible to pay for any parts purchased or work done without a Notice to Proceed.

Contractor shall be responsible for any applicable Local, County, State, and Federal requirements and permits.

This may include, but is not limited to, the Contractor/Consultant certification by the National Association of Elevator Contractors (NAEC) as a Certified Elevator Technician (CET), a Certified Accessibility and Private Residence Lift Technician (CAT), or a Qualified Elevator Inspector (QEI). The responsibility shall include, but is not limited to, adherence to the International Building Code (IBC), National Electrical Code (NEC) Article 620, ASME A17-Elevator Safety Standards (current adopted year), NFPA 101-Life Safety Code (NFP1), and Local Building Regulations including but not limited to the New Mexico Commercial Building Code (current adopted year), New Mexico Residential Building Code (current adopted year), Santa Fe Green Building Code, New Mexico Existing Building Code (current adopted year) for all projects.

Contractor shall be responsible for adherence to the Contract Documents, Construction Documents, Specifications, and approved directives.

3. Compensation

A. Payment. The City shall compensate the Contractor based on the itemized amounts and/or rates specified in State of New Mexico Master Agreement SPA 40-00000-24-00074.

For the services described in the scope of work, the City agrees to pay the Contractor:	$ 500,000.00
The services in the contract include NMGRT (at 8.1875%) equaling:	+ $ 40,937.50
The total compensation for the contract, including NMGRT, is:	= $ 540,937.50

B. The compensation represents a maximum amount. The Contractor must notify the City when the Services provided under this Contract approach 90% of compensation total. Services rendered beyond the maximum compensation amount will not be reimbursed unless the Contract is amended in writing prior to the provision of such services.

C. Invoicing and Payment Terms Payment will be made upon the City's acceptance of deliverables and receipt of a detailed, certified invoice from the Contractor. Payments will be sent to the Contractor's designated address. The City shall issue payment in accordance with the timelines required by law. Invoices must be submitted no later than fifteen (15) days after the Contract's termination. Late invoices will not be processed or paid.

D. Extended Payment Terms for Grant-Funded Contracts For grant-funded agreements, the City may issue payment within forty-five (45) days following submission of an undisputed payment request.

4. Term

A. THIS CONTRACT SHALL NOT BECOME EFFECTIVE UNTIL APPROVED BY THE CITY. This Contract shall terminate two (2) years from the date of final signature unless terminated pursuant to Paragraph 6 (Termination) or Paragraph 16 (Appropriations).

B. Term of Statewide Price Agreement No. 40-00000-24-00074 states: The term of this agreement shall be for one (1) year from date of award with the option to extend for a period (s) of two (2) additional years, on a year-by-year basis, by mutual agreement of all parties and approval of the New Mexico State Purchasing Director at the same price, terms and conditions. This agreement shall not exceed three (3) years.

5. Default and Force Majeure

The City reserves the right to cancel all, or any part of any orders placed under this contract without cost to the City, if the Contractor fails to meet the provisions of this contract and, except as otherwise provided herein, to hold the Contractor liable for any excess cost occasioned by the City due to the Contractor's default. The Contractor shall not be liable for any excess costs if failure to perform the order arises out of causes beyond the control and without the fault or negligence of the Contractor; such causes include, but are not restricted to, acts of God or the public enemy, acts of the State or Federal Government, fires, floods, epidemics, quarantine restrictions, strikes, freight embargoes, unusually severe weather and defaults of sub-contractors due to any of the above, unless the City shall determine that the supplies or services to be furnished by the sub-contractor were obtainable from other sources in sufficient time to permit the Contractor to meet the required delivery scheduled. The rights and remedies of the City provided in this paragraph shall not be exclusive and are in addition to any other rights now being provided by law or under this contract.

6. Termination

A. Grounds. The City may terminate this Contract for convenience or cause. For contracts within their authority, the City Manager or their designee is authorized to provide the notice of termination, otherwise such notice of termination shall be provided by the Mayor, or their designee as authorized by the Governing Body. The Contractor may only terminate this Contract based upon the City's uncured, material breach of this Contract.

B. Notice: City Opportunity to Cure.

i. The City shall give the Contractor written notice of termination at least thirty (30) days prior to the intended date of termination.

ii. Contractor shall give City written notice of termination at least thirty (30) days prior to the intended date of termination, which notice shall (i) identify all the City's material breaches of this Contract upon which the termination is based and (ii) state what the City must do to cure such material breaches. Contractor's notice of termination shall only be effective (i) if the City does not cure all material breaches within the thirty (30) day notice period or (ii) in the case of material breaches that cannot be cured within thirty (30) days, the City does not, within the thirty (30) day notice period, notify the Contractor of its intent to cure and begin with due diligence to cure the material breach.

iii. Notwithstanding the foregoing, this Contract may be terminated immediately upon written notice to the Contractor (i) if the Contractor becomes unable to perform the services contracted for, as determined by the City; (ii) if, during the term of this Contract, the Contractor is suspended or debarred by the City; or (iii) the Contract is terminated pursuant to Paragraph 17, "Appropriations", of this Contract.

C. Liability. Except as otherwise expressly allowed or provided under this Contract, the City's sole liability upon termination shall be to pay for acceptable work performed prior to the Contractor's receipt or issuance of a notice of termination; provided, however, that a notice of termination shall not nullify or otherwise affect either party's liability for pre-termination defaults under or breaches of this Contract. The Contractor shall submit an invoice for such work within thirty (30) days of receiving or sending the notice of termination. THIS PROVISION IS NOT EXCLUSIVE AND DOES NOT WAIVE THE CITY'S OTHER LEGAL RIGHTS AND REMEDIES CAUSED BY THE CONTRACTOR'S DEFAULT/BREACH OF THIS CONTRACT.

7. Amendment

A. This Contract shall not be altered, changed, or amended except by instrument in writing executed by the parties hereto and all other required signatories.

B. If the City proposes an amendment to the Contract to unilaterally reduce funding due to budget or other considerations, the Contractor shall, within thirty (30) days of receipt of the proposed Amendment, have the option to terminate the Contract, pursuant to the termination provisions as set forth in Paragraph 7 herein, or to agree to the reduced funding.

8. Status of Contractor

The Contractor, and Contractor's agents and employees, are independent Contractors for the City and are not employees of the City. The Contractor, and Contractor's agents and employees, shall not accrue leave, retirement, insurance, bonding, use of City vehicles, or any other benefits afforded to employees of the City because of this Contract. The Contractor acknowledges that all sums received hereunder are personally reportable by the Contractor for income tax purposes, including without limitation, self-

employment tax and business income tax. The Contractor agrees not to purport to bind the City unless the Contractor has written authority to do so, and then only within the strict limits of that authority.

9. Assignment

The Contractor shall not assign or transfer any interest in this Contract or assign any claims for money due or to become due under this Contract without the prior written approval of the City.

10. Subcontracting

The Contractor shall not subcontract any portion of the services to be performed under this Contract without the prior written approval of the City. No such subcontract shall relieve the primary Contractor from its obligations and liabilities under this Contract, nor shall any subcontract obligate direct payment from the City.

11. Non-Collusion

In signing this Contract, the Contractor certifies the Contractor has not, either directly or indirectly, entered into action in restraint of free competitive bidding in connection with this offer submitted to the City.

12. Inspection of Plant

The City may inspect, at any reasonable time during Contractor's regular business hours and upon prior written notice, the Contractor's plant or place of business, or any subcontractor's plant or place of business, which is related to the performance of this contract.

13. Commercial Warranty

The Contractor agrees that the tangible personal property or services furnished under this Contract shall be covered by the most favorable commercial warranties the Contractor gives to any customer for such tangible personal property or services, and that the rights and remedies provided herein shall extend to the City and are in addition to and do not limit any rights afforded to the City by any other clause of this order. The contractor agrees not to disclaim warranties of fitness for a particular purpose or merchantability.

14. Condition of Proposed Items

Where tangible personal property is a part of this Contract, all proposed items are to be NEW and of most current production, unless otherwise specified.

15. Records and Audit

During the term of this Contract and for three years thereafter, the Contractor shall maintain detailed records pertaining to the services rendered and products delivered. These records shall be subject to inspection by the City, the State Auditor and other appropriate state and federal authorities. The City

shall have the right to audit billings both before and after payment. Payment under this Contract shall not foreclose the right of the City to recover excessive or illegal payments.

16. Appropriations

The terms of this Contract, and any orders placed under it, are contingent upon sufficient appropriations and authorization being made by the Governing Body for the performance of this Contract. If sufficient appropriations and authorization are not made by the Governing Body, this Contract, and any orders placed under it, shall terminate upon written notice being given by the City to the Contractor. The City's decision as to whether sufficient appropriations are available shall be accepted by the Contractor and shall be final. If the City proposes an amendment to the Contract to unilaterally reduce funding, the Contractor shall have the option to terminate the Contract or to agree to the reduced funding, within thirty (30) days of receipt of the proposed amendment.

17. Release

The Contractor, upon final payment of the amount due under this Contract, releases the City, its officers, and employees, from all liabilities, claims and obligations whatsoever arising from or under this Contract. The Contractor agrees not to purport to bind the City, unless the Contractor has express written authority to do so, and then only within the strict limits of that authority.

18. Confidentiality

Any confidential information provided to or developed by the Contractor in the performance of this Contract shall be kept confidential and shall not be made available to any individual or organization by the Contractor without prior written approval by the City.

19. Conflict of Interest

A. The Contractor represents and warrants that it presently has no interest and, during the term of this Contract, shall not acquire any interest, direct or indirect, which would conflict in any manner or degree with the performance or services required under the Contract. The Contractor shall comply with any applicable provisions of the New Mexico Governmental Conduct Act and the New Mexico Financial Disclosures Act.

B. The Contractor further represents and warrants that it has complied with, and, during the term of this Contract, will continue to comply with, and that this Contract complies with all applicable provisions of the Governmental Conduct Act, NMSA 1978, Chapter 10, Article 16.

C. Contractor's representations and warranties in Paragraphs A and B of this Paragraph are material representations of fact upon which the City relied when this Contract was entered into by the parties. Contractor shall provide immediate written notice to the City if, at any time during the term of this Contract, Contractor learns that Contractor's representations and warranties in Paragraphs A and B of this Paragraph 20 were erroneous on the effective date of this Contract or have become erroneous by reason of new or changed circumstances. If it is later determined that

Contractor's representations and warranties in Paragraphs A and B of this Paragraph 20 were erroneous on the effective date of this Contract or have become erroneous by reason of new or changed circumstances, in addition to other remedies available to the City and notwithstanding anything in the Contract to the contrary, the City may immediately terminate the Contract.

All terms defined in the Governmental Conduct Act have the same meaning in this section.

20. Approval of Contractor Representatives

The City reserves the right to require a change in the Contractor's assigned representatives if they are not adequately serving the City's needs.

21. Scope of Contract; Merger

This Contract incorporates all the agreements, covenants, and understandings between the parties hereto concerning the subject matter hereof, and all such covenants, agreements, and understandings have been merged into this written contract.

This Contract is issued against the state or agency Master Agreement, established, and maintained by the New Mexico General Services Department, Statewide Price Agreement 40-00000-24-00074 for Electrical Services On-Call, and through this language hereby incorporates this Contract by reference and is included in the order of precedence.

22. Notice

The Procurement Code, NMSA 1978, Sections 13-1-28 through 13-1-199, imposes civil and criminal penalties for its violation. In addition, the New Mexico criminal statutes impose felony penalties for bribes, gratuities, and kickbacks.

23. Equal Opportunity Compliance

The Contractor agrees to abide by all federal and state laws, and local Ordinances, pertaining to equal employment opportunity. In accordance with all such laws, rules, and regulations, the Contractor agrees to assure that no person in the United States shall on the grounds of race, religion, color, national origin, ancestry, sex, age, physical or mental handicap, or serious medical condition, spousal affiliation, sexual orientation or gender identity, be excluded from employment with or participation in, be denied the benefits of, or be otherwise subjected to discrimination under any program or activity performed under this Contract. If Contractor is found not to be in compliance with these requirements during the life of this Contract, Contractor agrees to take appropriate steps to correct these deficiencies.

24. Indemnification

The Contractor shall hold the City and its employees harmless and shall indemnify the City and its employees against any and all claims, suits, actions, liabilities and costs of any kind, including attorney's fees for personal injury or damage to property arising from the acts or omissions of the Contractor, its agents, officers, employees or subcontractors. The Contractor shall not be liable for any

injury or damage as a result of any negligent act or omission committed by the City, its officers or employees.

25. New Mexico Tort Claims Act

Any liability incurred by the City of Santa Fe in connection with this Contract is subject to the immunities and limitations of the New Mexico Tort Claims Act, NMSA 1978, Section 41-4-1, et. seq., as amended. The City and its "public employees" as defined in the New Mexico Tort Claims Act, do not waive sovereign immunity, do not waive any defense and do not waive any limitation of liability pursuant to law. No provision in this Contract modifies or waives any provision of the New Mexico Tort Claims Act.

26. Applicable Law

The laws of the State of New Mexico shall govern this Contract, without giving effect to its choice of law provisions. Venue shall be proper only in a New Mexico court of competent jurisdiction in accordance with NMSA 1978, Section 38-3-2. By execution of this Contract, Contractor acknowledges and agrees to the jurisdiction of the courts of the State of New Mexico over any and all lawsuits arising under or out of any term of this Contract.

27. Limitation of Liability

The Contractor's liability to the City, for any cause whatsoever shall be limited to the purchase price paid to the Contractor for the products and services that are the subject of the City's, claim. The foregoing limitation does not apply to paragraph 25 of this Contract or to damages resulting from personal injury caused by the Contractor's negligence.

28. Incorporation by Reference and Precedence

If this Contract has been procured pursuant to a request for proposals, this Contract is derived from (1) the request for proposal, (including any written clarifications to the request for proposals and any City response to questions); (2) the Contractor's best and final offer; and (3) the Contractor's response to the request for proposals.

In the event of a dispute under this Contract, applicable documents will be referred to for the purpose of clarification or for additional detail in the following order of precedence: (1) amendments to the Contract in reverse chronological order; (2) the Contract, including the scope of work and all terms and conditions thereof; (3) the request for proposals, including attachments thereto and written responses to questions and written clarifications; (4) the Contractor's best and final offer if such has been made and accepted by the City; and (5) the Contractor's response to the request for proposals.

29. Workers' Compensation

The Contractor agrees to comply with state laws and rules applicable to workers' compensation benefits for its employees. If the Contractor fails to comply with the Workers' Compensation Act and applicable rules when required to do so, this Contract may be terminated by the City.

30. Inspection

If this contract is for the purchase of tangible personal property (goods), final inspection and acceptance shall be made at Destination. Tangible personal property rejected at Destination for non-conformance to specifications shall be removed at Contractor's risk and expense promptly after notice of rejection and shall not be allowable as billable items for payment.

31. Inspection of Services

If this contract is for the purchase of services, the following terms shall apply.

A. Services, as used in this Article, include services performed, workmanship, and material furnished or utilized in the performance of services.

B. The Contractor shall provide and maintain an inspection system acceptable to the City covering the services under this Contract. Complete records of all inspection work performed by the Contractor shall sent to the City promptly upon completion as well as maintained by Contractor and made available to the City upon request. The City has the right to inspect and test all services contemplated under this Contract to the extent practicable at all times and places during the term of the Contract. The City shall perform inspections and tests in a manner that will not unduly delay or interfere with Contractor's performance.

C. If the City performs inspections or tests on the premises of the Contractor or a subcontractor, the Contractor shall furnish, and shall require subcontractors to furnish, at no increase in contract price, all reasonable facilities and assistance for the safe and convenient performance of such inspections or tests.

D. If any part of the services do not conform with the requirements of this Contract, the City may require the Contractor to re-perform the services in conformity with the requirements of this Contract at no increase in contract amount. When the defects in services cannot be corrected by re-performance, the City may:

i. require the Contractor to take necessary action(s) to ensure that future performance conforms to the requirements of this Contract; and
ii. reduce the contract price to reflect the reduced value of the services performed.

E. If the Contractor fails to promptly re-perform the services or to take the necessary action(s) to ensure future performance in conformity with the requirements of this Contract, the City may:

i. by contract or otherwise, perform the services and charge to the Contractor any cost incurred by the City that is directly related to the performance of such service; or
ii. terminate the contract for default.

32. Insurance

If the services contemplated under this Contract will be performed on or in City facilities or property, Contractor shall maintain in force during the entire term of this Contract, the following insurance coverage(s), naming the City as additional insured.

A. **Commercial General Liability** insurance shall be written on an occurrence basis and be a broad as ISO Form CG 00 01 with limits not less than $2,000,000 per occurrence and $2,000,000 in the aggregate for claims against bodily injury, personal and advertising injury, and property damage. Said policy shall include broad form Contractual Liability coverage and be endorsed to name the City of Santa Fe their officials, officers, employees, and agents as additional insureds.

B. **Business Automobile Liability** insurance for all owned, non-owned automobiles, with a combined single limit not less than $1,000,000 per accident.

C. **Broader Coverage and Limits**. The insurance requirements under this Contract shall be the greater of (1) the minimum coverage and limits specified in this Contract, or (2) the broader coverage and maximum limits of coverage of any insurance policy or proceeds available to the Named Insured. It is agreed that these insurance requirements shall not in any way act to reduce coverage that is broader or that includes higher limits than the minimums required herein. No representation is made that the minimum insurance requirements of this Contract are sufficient to cover the obligations of Contractor hereunder.

D. Contractor shall maintain the above insurance for the term of this Contract and name the City as an additional insured and provide for 30 days cancellation notice on any Certificate of Insurance form furnished by Contractor. Such certificate shall also specifically state the coverage provided under the policy is primary over any other valid and collectible insurance and provide a waiver of subrogation.

33. Impracticality of Performance

A party shall be excused from performance under this Contract for any period that the party is prevented from performing as a result of an act of God, strike, war, civil disturbance, epidemic, or court order, provided that the party has prudently and promptly acted to take any and all steps that are within the party's control to ensure performance. Subject to this provision, such non-performance shall not be deemed a default or a ground for termination.

34. Invalid Term or Condition

If any term or condition of this Contract shall be held invalid or unenforceable, the remainder of this Contract shall not be affected and shall be valid and enforceable.

35. Enforcement of Contract

A party's failure to require strict performance of any provision of this Contract shall not waive or diminish that party's right thereafter to demand strict compliance with that or any other provision. No waiver by a party of any of its rights under this Contract shall be effective unless express and in writing, and no effective waiver by a party of any of its rights shall be effective to waive any other rights.

36. Patent, Copyright and Trade Secret Indemnification

A. The Contractor shall defend, at its own expense, the City against any claim that any product or service provided under this Contract infringes any patent, copyright to trademark in the United States or Puerto Rico, and shall pay all costs, damages and attorneys' fees that a court finally awards as a result of any such claim. In addition, if any third party obtains a judgment against the City based upon Contractor's trade secret infringement relating to any product or services provided under this Contract, the Contractor agrees to reimburse the City for all costs, attorneys' fees and amount of the judgment. To qualify for such defense and or payment, the City shall:

i. give the Contractor prompt written notice within 48 hours of any claim;
ii. allow the Contractor to control the defense of settlement of the claim; and
iii. cooperate with the Contractor in a reasonable way to facilitate the defense or settlement of the claim.

B. If any product or service becomes, or in the Contractor's opinion is likely to become the subject of a claim of infringement, the Contractor shall at its option and expense:

i. provide the City the right to continue using the product or service and fully indemnify the City against all claims that may arise out of the City's use of the product or service;
ii. replace or modify the product or service so that it becomes non-infringing; or,
iii. accept the return of the product or service and refund an amount equal to the value of the returned product or service, less the unpaid portion of the purchase price and any other amounts, which are due to the Contractor. The Contractor's obligation will be void as to any product or service modified by the City to the extent such modification is the cause of the claim.

37. Survival

The Contract paragraphs titled "Patent, Copyright, Trademark, and Trade Secret Indemnification; Indemnification; and Limit of Liability" shall survive the expiration of this Contract. Software licenses, leases, maintenance and any other unexpired Agreements that were entered into under the terms and conditions of this Contract shall survive this Contract.

38. Disclosure Regarding Responsibility

A. Any prospective Contractor and any of its Principals who enter into a contract greater than sixty thousand dollars ($60,000.00) with any City for professional services, tangible personal property, services or construction agrees to disclose whether the Contractor, or any principal of the Contractor's company is presently debarred, suspended, proposed for debarment, or declared

ineligible for award of contract by any federal entity, state agency or local public body.

B. Principal, for the purpose of this disclosure, means an officer, director, owner, partner, or a person having primary management or supervisory responsibilities within a business entity or related entities.

C. The Contractor shall provide immediate written notice to the City if, at any time during the term of this Contract, the Contractor learns that the Contractor's disclosure was at any time erroneous or became erroneous by reason of changed circumstances.

D. A disclosure that any of the items in this requirement exist will not necessarily result in termination of this Contract. However, the disclosure will be considered in the determination of the Contractor's responsibility and ability to perform under this Contract. Failure of the Contractor to furnish a disclosure or provide additional information as requested will be grounds for immediate termination of this Contract pursuant to the conditions set forth in Paragraph 7 of this Contract.

E. Nothing contained in the foregoing shall be construed to require establishment of a system of records in order to render, in good faith, the disclosure required by this document. The knowledge and information of a Contractor is not required to exceed that which is the normally possessed by a prudent person in the ordinary course of business dealings.

F. The disclosure requirement provided is a material representation of fact upon which reliance was placed when making an award and is a continuing material representation of the facts during the term of this Contract. If during the performance of the contract, the Contractor is indicted for or otherwise criminally or civilly charged by any government entity (federal, state or local) with commission of any offenses named in this document the Contractor must provide immediate written notice to the City. If it is later determined that the Contractor knowingly rendered an erroneous disclosure, in addition to other remedies available to the Government, the City may terminate the involved contract for cause. Still further the City may suspend or debar the Contractor from eligibility for future solicitations until such time as the matter is resolved to the satisfaction of the City.

39. Suspension, Delay or Interruption of Work

The City may, without cause, order the Contractor, in writing, to suspend, delay or interrupt the work in whole or in part for such period of time as the City may determine. The contract sum and contract time shall be adjusted for increases in cost and/or time associated with Contractor's compliance therewith. Upon receipt of such notice, Contractor shall leave the jobsite and any equipment in a safe condition prior to departing. Contractor must assert rights to additional compensation within thirty (30) days after suspension of work is lifted and return to work is authorized. Any compensation requested for which entitlement is granted and the contract sum adjusted, shall have profit included (for work completed) and for cost only (not profit) for Contractor costs incurred directly tied to the suspension itself and not otherwise covered by Contract remedy. Any change in Total Compensation must be reflected in an Amendment executed pursuant to Section 8 of this Contract.

40. Notification

Either party may give written notice to the other party in accordance with the terms of this Paragraph. Any written notice required or permitted to be given hereunder shall be deemed to have been given on the date of delivery if delivered by personal service or hand delivery or three (3) business days after being mailed.

To the City:	**To the Contractor:**
Chief Procurement Officer purchasing@santafenm.gov PO Box 909 Santa Fe, NM 87504-0909 Caryn Grosse Facilities Project Manager III City of Santa Fe Public Works Facilities Management Division 2651 Siringo Road, Building E PO Box 909 Santa Fe, NM 87504-0909 clgrosse@santafenm.gov 505-795-2471	Elijah Murphy, Director US Electrical Corp 301 California St SE Albuquerque, NM 87108 elijahm@uselectricalcorp.com (505) 401-6004

Either party may change its representative or address above by written notice to the other in accordance with the terms of this Paragraph. The carrier for mail delivery and notices shall be the agent of the sender.

41. Succession

This Contract shall extend to and be binding upon the successors and assigns of the parties.

CHARGED WITH SOMETHING GREATER

11/21/25

Reference: RFQ – On-Call Elevator Services

By: US Electrical Corp
301 California St SE
Albuquerque, NM 87108

The scope and pricing below reflect on call services provided in RFQ On-Call Elevator Services dated 10/10/25 for the City of Santa Fe and is attached as addendum A to this response. All work in this scope will take place during regular working hours. Any service requests outside of working hours will be subject to the overtime billing rates listed below.

Base model pricing (Does not include applicable GRT)

- Hydraulic Elevators: $200.00/mo/unit
- Traction Elevators: $370.00/mo/unit
- Traction Elevators >5 stops: $650.00/mo/unit
- Cellular signals for ADA phones in lieu of customer provided land line: $50.00/mo/unit
- Billable rates for out-of-scope services
  - Regular time: $225.00/hr
  - Overtime: $382.00/hr
- If annual inspections from 3rd party inspector are desired, USE can outsource that work to a third party inspector. 3rd party inspection rates:
  - Hydraulic Elevators: $230.00/mo/unit
  - Traction Elevators: $370.00/mo/unit
  - Traction Elevators >5 stops: $650.00/mo/unit
  - Trip Charge of $150.00

Each pricing model above may be subject up to a 3.5% annual escalation rate.

Scope of work and terms and conditions of base contract:

US Electrical Corp agrees to maintain Purchaser's elevator equipment described below under this agreement. We will strive to provide a comprehensive maintenance program designed to protect Purchaser's investment and maximize the safety, performance, and life span of the elevator equipment to be maintained.

US Electrical Corp will service each elevator listed in this agreement monthly. These service visits will be performed during normal business working days and hours, which are defined as Monday through Friday, 7:00 AM to 4:30 PM (except scheduled holidays, including IUEC holidays). All work performed before or after normal business working days and hours shall be

considered "Overtime". Response times will meet or exceed the times listed in section 4 and 5 of the scope of services section of the RFQ.

US Electrical Corp will perform the following services:

Examine and service Purchaser's elevator equipment as outlined per applicable code adopted by the authority having jurisdiction. Throughout the year, our examination, cleaning, and lubrication will cover the following components of Purchaser's elevator system:

- Controller
- Machine (if applicable) and associated components including ropes, sheave(s), bearings, and gears.
- Power Unit assembly including pump, motor, and valve
- Safety mechanisms
- Lubricate rails
- Car door and hoistway door devices for operation
- Seals and check valves (if applicable)
- Adjust and replace parts as needed to ensure safe and proper operation
- ADA phone monitoring
    - US Electrical Corp will monitor the ADA phones and reprogram them at the request of the Purchaser. If the ADA phone fails a proposal will be provided to the Purchaser for the ADA phone to be replaced.
    - If the ADA phone number changes, Purchaser will notify US Electrical Corp of the change within 24 hours. US Electrical Corp will reprogram the phone within 24 hours.

This contract is cancellable with cause for performance-related issues. If the Purchaser wishes to cancel the contract for performance-related issues, US Electrical Corp will have 30 days to address the listed item(s) for curing. The Purchaser must provide, in writing, a list of the items that are not meeting expectations and what expectations are needed. If the items cannot be cured, the contract will be canceled 30 days after the deadline to cure the item(s).

Safety Testing

US Electrical Corp is committed to testing Purchaser's equipment in accordance with the required periodic testing requirements outlined in the American National Safety Code for Elevators and Escalators, ASME A 17.1, as well as any different requirements adopted by the state, city or local governing authority in which the equipment is located. Unless otherwise noted, Purchaser agrees to cover any costs of the inspector and/or inspection fees. Special considerations regarding periodic safety testing are detailed below.

- Equipment-specific wiring diagrams, per the serial number of the controller, must be provided by the Purchaser and are specific to the equipment on site.
- Annual Testing is covered by this contract.
- US Electrical Corp will coordinate testing on behalf of purchaser, between inspector and mechanic.

- If any corrections are noted, US Electrical Corp will correct items within 30 days (or sooner if required by the inspector) unless those items are not covered by this maintenance agreement. Those items will be proposed to Purchaser and a signed proposal will be needed before US Electrical Corp can proceed with the required work.

Service Requests

Service requests during normal working days and hours are defined as any request for dispatch of our technician to the location of the equipment covered in this agreement. This request can come from Purchaser or Purchaser's representative, the building or building's representative, emergency personnel, or passengers through the elevator's communication device. It includes minor adjustments and responses to emergency entrapments that can be completed within two hours (excluding travel time) but does not include regularly scheduled maintenance visits. US Electrical Corp commits to responding to Purchaser's service requests during normal business working days and hours, and Purchaser is responsible for the costs of any necessary replacement parts and all labor costs including travel time, travel expenses, and time spent on the job for non-equipment related failures, which will be invoiced at US Electrical Corp's standard billing rates. Equipment-related failures are covered by the maintenance contract and are not billable to Purchaser unless those failures have an obsolete part. If a part is obsolete, US Electrical Corp will provide a quote to the Purchaser, along with an explanation of the obsolescence, before proceeding with the work.

Overtime Service Requests

US Electrical Corp will respond to overtime service requests, and Purchaser is accountable for the overtime portion of labor costs including travel time, and time spent on the job, invoiced at US Electrical Corp's overtime standard billing rates if the request is the result of a non-equipment failure or requests for overtime testing. Overtime service requests refer to those performed before or after normal business working days and hours as outlined in this agreement. For this contract, the overtime time billable rate is $382.00/hour. The regular time billable rate is $225.00/hour.

Maintenance Control Program

US Electrical Corp conducts service in line with ASME A17.1 – 2016. Section 8.6 of the code requires the Purchaser to have a Maintenance Control Program (MCP), and US Electrical Corp's MCP meets or exceeds all requirements outlined in Section 8.6. The Maintenance Control Program includes US Electrical Corp's documentation of Maintenance Tasks & Records, which is used to document all maintenance, repairs, replacements, and tests performed on the equipment and is provided with each unit as mandated by code.

Agreement Conditions

As a condition precedent to US Electrical Corp's placement of calls to the Purchaser's Authorized Contacts, the Purchaser must first complete Sections 1 and 2 below. It is the Purchaser's responsibility to inform US Electrical Corp in writing immediately of any changes to the information included in those sections during the term of this Agreement. In scenarios where US Electrical Corp is unable to reach the Purchaser's Authorized Contacts as outlined in

Section 2, the Purchaser gives US Electrical Corp permission to dispatch a technician to the location at the Purchaser's expense per applicable billing rates.

Contact 1:	Phone:
Contact 2:	Phone:

Equipment Maintenance

The Purchaser agrees to report any condition that may require the need for correction before the next regular examination. Immediate verbal and written notice is required after any occurrence or accident in or about the elevator. Additionally, the Purchaser must provide a safe place for our personnel to work and a suitable machine room with proper ventilation and appropriate air temperature control. Temperatures in the machine room must be kept between 50-90 degrees Fahrenheit.

In the event of water or other liquids present in the elevator hoistway, excluding any liquids related to the operation of the elevator system, the Purchaser will arrange for their removal and appropriate handling. US Electrical Corp reserves the right to discontinue work in the building when our personnel do not have a safe place to work. If an operational problem jeopardizing public safety is detected during equipment inspection, US Electrical Corp may shut down the equipment, informing the Purchaser in writing of the action taken and the reason for it.

Alterations and Maintenance

Purchaser agrees not to authorize any alterations, additions, adjustments, or repairs to the equipment during the term of this agreement unless notification has been given ahead of time to US Electrical Corp. Should Purchaser have concerns about the maintenance or repair methods for the covered equipment, Purchaser agrees to notify US Electrical in writing and provide us with thirty (30) days to respond or take appropriate action to address the concern.

Indemnification

In consideration of the services provided by US Electrical Corp, Purchaser agrees to indemnify and hold harmless US Electrical Corp, its employees, officers, agents, affiliates, and subsidiaries from any claims, suits, or proceedings for loss, property damage, personal injury, or death alleged to have been caused by the Purchaser or its affiliates, except for negligence by US Electrical Corp and its employees.

Insurance

US Electrical will name the Purchaser and its affiliates as additional insured with waiver of subrogation with respect to any claims arising out of contractors work on premises as defined in this agreement.

Items Not Covered

Construction, or ancillary elevator system components, and/or cosmetic items including finishes, cab enclosures (including walls, panels, ceilings, and lights), sills, flooring, main electrical panel components, below-ground pipes, jack cylinders, pistons, repairs, guide rail alignments, any heat, smoke, or fire sensor, any communication devices and/or signal lines powering these devices, any security systems that were installed by a third party, batteries, HVAC equipment or other components not related to the elevator but are in the elevator machine room or elevator hoistway, are not covered under this agreement.

Other Conditions

As Purchaser’s equipment ages, the technology, availability, and designs of equipment will evolve. If any part or component of Purchaser’s equipment covered by this agreement cannot be safely repaired and is no longer stocked or available from the original equipment manufacturer or an aftermarket source, that part or component will be deemed obsolete. Purchaser will be responsible for all charges associated with replacing the obsolete part or component, as well as all charges required to ensure that the rest of the equipment is functionally compatible with the replacement. A proposal for the work to be completed will be provided to the Purchaser. The proposal must be signed before work commences.

Additionally, any request to service, renew, replace, or repair the equipment due to abuse, misuse, vandalism, negligence, loss of power, power fluctuations, power failure, power surges, fire, smoke, explosions, water damage, storms, wind, lightning, acts of civil or military authorities, strikes, lockouts, labor disputes, theft, riot, civil commotion, war, malicious mischief, acts of God, or any other reason or cause beyond US Electrical Corp' control that affects the use or operation of the equipment will be considered non-equipment related failures and a proposal for the work to be completed will be provided to the Purchaser. The proposal must be signed before work commences.

Purchasers expressly agrees to release and discharge us and our employees from any and all claims and/or losses associated with or caused by the events listed in the prior paragraph, including personal injury, death, and property damage. US Electrical Corp shall also automatically receive an extension of time commensurate with any delay in performance caused by or related to the aforementioned, and Purchaser expressly agrees to release and discharge US Electrical Corp from any and all claims for consequential, special, or indirect damages arising from the

performance of this agreement. In no event shall US Electrical Corp's liability for damages arising from the aforementioned exceed the remaining unpaid installments of the current, unexpired term of this agreement.

Price Adjustments

Price adjustments will be communicated to purchaser before taking place. As our costs for providing the services outlined in this agreement may increase, we retain the right to adjust the price accordingly. If there is an adjustment, Purchaser's monthly price will be determined by the percentage change in the average rate paid to elevator examiners, encompassing hourly rates, fringe benefits, and union welfare. Any adjustments will be communicated to the Purchaser in writing. Notwithstanding the foregoing provision, price increases shall not occur more often than once per year and shall be subject to Purchaser accepting the increase. In the event of a price increase Purchaser does not accept, Purchaser shall have the option to terminate this agreement upon the effective date of the price increase, and written notice of Purchaser's intent to terminate shall be given not more than thirty (30) days after receiving notice of the price increase.

Once this agreement has been accepted and approved by an authorized manager of US Electrical Corp, it will exclusively and entirely constitute the agreement for the specified services. No changes or additions to this contract will be acknowledged unless made in writing and executed by both parties. In the event of a conflict, this agreement will take precedence if Purchaser's acceptance is in the form of a purchase order or similar document. This proposal is hereby fully accepted and will constitute the entire agreement between you and US Electrical Corp. The proposal is submitted for acceptance within 60 days from the Date Submitted by the US Electrical Corp representative indicated below. No agent or employee has the authority to waive or modify any terms of this agreement without the prior written approval of an authorized US Electrical Corp representative.

Task Orders

Task Orders will be considered on a per project basis and are considered items outside of service work scope. Task orders may include new installation, modernization, or larger repairs.

Base model pricing for modernizations

Hydraulic Elevators	Base Scope	Base Price*
2-3 Landings	Replace door equipment, fixtures, and controller. Interface with electrical and fire alarm system	$70,000.000
3-4 Landings	Same as above	Add $7,000 per landing
Other	Some applications will require power unit to be changed.	Add $15,000.00 to project
Other items	Items customer requests such as security features, cosmetic upgrades, jack replacement, door replacements, or other customer requests	Quoted on a per project basis
Base price may increase year over year consistent with labor rate increases and CPI increases.		

New Construction: Will be quoted on a per project basis depending on scope from architect.

Larger Repairs: Larger repairs would be considered upgrades but not modernization. Upgrades could be considered a cab Interior upgrade, a door operator upgrade, or work to replace misuse/abuse or failure due to acts of God such as water damage. Larger repairs will be quoted on a per project/Instant basis.

Electronic Record and Signature Disclosure

ELECTRONIC RECORD AND SIGNATURE DISCLOSURE

A. ELECTRONIC RECORD AND SIGNATURE DISCLOSURE (ERSD)

From time to time, New Mexico General Services Department (GSD), on behalf of the State of New Mexico (SONM), may be required by law to provide you with certain written notices or disclosures. Stated below are the terms and conditions for GSD's providing you such notices and disclosures electronically through the DocuSign system. Please read this information carefully. If you are able to access this information electronically and agree to **this Electronic Record and Signature Disclosure (ERSD)**, please confirm your agreement by selecting the check-box next to "I agree to use electronic records and signatures" before clicking "CONTINUE" within the DocuSign system.

B. Obtaining paper copies

At any time up to twenty (20) calendar days following your use of DocuSign to electronically sign a document, you may request a paper copy of any record provided or made available electronically to you by GSD. You will have the ability to download and print documents SONM sends you through the DocuSign system during and immediately after the signing session and, if you elect to create a DocuSign account, you may access the documents for a twenty (20) calendar day period after such documents are first sent to you. Following the twenty (20) day period, if you want GSD to send you paper copies of any such documents from GSD's office, you will be charged a $1.00 per-page fee plus postage. You may request delivery of such paper copies from GSD by following the procedure stated in Section H, below.

C. Withdrawing your consent

If you decide to receive notices and disclosures from GSD electronically, you may at any time change your mind and inform GSD you want to receive required notices and disclosures only in paper format. The procedure concerning how you may inform GSD of your decision to receive future notices and disclosures in paper format as well as withdraw your consent to receive notices and disclosures electronically is stated in Section D, immediately below.

D. Consequences of changing your mind

If you elect to receive required notices and disclosures only in paper format, it will slow the speed with which GSD will be able to complete certain steps in specific transactions and deliver paper copies to you. GSD will need: (1) to send the required notices or disclosures to you in paper format; and (2) wait until GSD receives your acknowledgment of your receipt of such paper notices or disclosures. Further, you will no longer be able to use the DocuSign system to receive required notices and consents electronically from SONM or to electronically sign documents generated and sent to you from SONM.

E. All notices and disclosures will be sent to you electronically

Unless you inform GSD otherwise according to these procedures, GSD will electronically provide you through the DocuSign system all required notices, disclosures, authorizations, acknowledgements and other documents that are required to be provided or made available to you during the course of your electronic signature relationship with SONM. To reduce the possibility of inadvertent non-receipt, GSD prefers to provide all required notices and disclosures by the same method and to the same email or physical address that you furnish to GSD. Thus, you may receive the disclosures and notices electronically or in paper form. If you do not agree with this procedure, please inform GSD according to the procedures stated in Section I, below. Please also refer to Section D, immediately above, which states the consequences resulting from your declination of electronic delivery of notices and disclosures.

F. How to contact GSD:

You may inform General Services Department (GSD) of any changes you select regarding State Purchasing Division's (SPD) electronic communications with you, to request paper copies of certain information from SPD, and to withdraw your prior consent to receive notices and disclosures electronically by emailing your request(s) to SPD at: *GSD.SPDinfo@state.nm.us*

G. To advise SPD of your new email address

To inform SPD of a change in the email address to which SPD sends you notices and disclosures electronically, you must send an email to SPD at *GSD.SPDinfo@state.nm.us* and in the body of such request you must include your previous and new email addresses.

H. To request paper copies from SPD

To request delivery of paper copies of electronic notices and disclosures that DocuSign and/or SPD have previously provided to you, you must send an email to SPD at *GSD.SPDinfo@state.nm.us* and in the body of your email request state your email address, full name, mailing address, and telephone number. SPD will charge you a $1.00 per page copy fee plus postage.

I. To withdraw your consent with SPD

To inform SPD that you no longer wish to receive notices and disclosures in electronic format you may:

(1) Decline to sign a document from within a signing session, and on the subsequent page, select the check-box indicating you wish to withdraw your consent, or you may:

(2) Send SPD an email to *GSD.SPDinfo@state.nm.us* and in the body of your request state your email address, full name, mailing address, and telephone number.

J. Required hardware and software

The minimum system requirements for using the DocuSign system may change over time. The current DocuSign system requirements may be found at:
https://support.docusign.com/guides/signer-guide-signing-system-requirements

K. Acknowledging your access and consent to receive and sign documents electronically

To confirm that you are able to electronically access the information contained in this Electronic Record and Signature Disclosure (ERSD), please confirm that you have: (1) read this ERSD, and either: (2) you are able to print on paper or electronically save this ERSD for your future reference and access; or (3) you are able to email this ERSD to an email address where you will be able to print this ERSD on paper and/or save this ERSD for your future reference and access. Further, if you consent to receiving notices and disclosures from DocuSign and/or SPD exclusively in electronic format, then select the check-box next to "I agree to use electronic records and signatures," before you click "CONTINUE" within the DocuSign system.

By selecting the check-box next to "I agree to use electronic records and signatures," you confirm that:

- You have read this Electronic Record and Signature Disclosure (ERSD); and
- You can print this ERSD on paper, or you can save and/ or send this ERSD to a location where you can print this ERSD, for your future reference and access; and
- Until or unless you notify SPD as stated in this ERSD, you consent to exclusively receive through electronic means all notices, disclosures, authorizations, acknowledgements, and other documents that are required to be provided or made available to you by SPD during the course of your electronic signature relationship with SPD.

Accepted for the State of New Mexico

Dorothy Mendonca

Date: 6/20/2024

Dorothy Mendonca
New Mexico State Purchasing Agent

DocuSign Envelope ID: EDCD97EE-B020-479E-BF6A-7058AE6341AF

Terms and Conditions

(Unless otherwise specified)

1. **General:** When the State Purchasing Agent or his/her designee issues a purchase document in response to the Vendor's bid, a binding contract is created.

2. **Variation in Quantity:** No variation in the quantity of any item called for by this order will be accepted unless such variation has been caused by conditions of loading, shipping, packing or allowances in manufacturing process and then only to the extent, if any, specified in this order.

3. **Assignment:**

a. Neither the order, nor any interest therein, nor any claim thereunder, shall be assigned or transferred by the Vendor, except as set forth in Subparagraph 3b or as expressly authorized in writing by the State Purchasing Agent or his/her designee. No such assignment or transfer shall relieve the Vendor from the obligations and liabilities under this order.

b. Vendor agrees that any and all claims for overcharge resulting from antitrust violations which are borne by the State as to goods, services, and materials purchased in connection with this bid are hereby assigned to the State.

4. **State Furnished Property:** State furnished property shall be returned to the State upon request in the same condition as received except for ordinary wear, tear and modifications ordered hereunder.

5. **Discounts:** Prompt payment discounts will not be considered in computing the low bid.

6. **Inspection:** Final inspection and acceptance will be made at the destination. Supplies rejected at the destination for nonconformance with specifications shall be removed at the Vendor's risk and expense, promptly after notice of rejection.

7. **Inspection of Plant:** The State Purchasing Agent or his/her designee may inspect, at any reasonable time, the part of the Contractor's, or any subcontractor's plant or place of business, which is related to the performance of this contract.

8. **Commercial Warranty:** The Vendor agrees that the supplies or services furnished under this order shall be covered by the most favorable commercial warranties the Vendor gives for such to any customer for such supplies or services. The rights and remedies provided herein shall extend to the State and are in addition to and do not limit any rights afforded to the State by any other clause of this order. **Vendor agrees not to disclaim warranties of fitness for a particular purpose of merchantability.**

9. **Taxes:** The unit price shall exclude all state taxes.

10. **Packing, Shipping and Invoicing:**

a. The State's purchasing document number and the Vendor's name, user's name and location shall be shown on each packing and delivery ticket, package, bill of lading and other correspondence in connection with the shipments. The user's count will be accepted by the Vendor as final and conclusive on all shipments not accompanied by a packing ticket.

b. The Vendor's invoice shall be submitted duly certified and shall contain the following information: order number, description of supplies or services, quantities, unit price and extended totals. Separate invoices shall be rendered for each and every complete shipment.

c. Invoices must be submitted to the using agency and NOT the State Purchasing Agent.

11. **Default:** The State reserves the right to cancel all or any part of this order without cost to the State, if the Vendor fails to meet the provisions of this order and, except as otherwise provided herein, to hold the Vendor liable for any excess cost occasioned by the State due to the Vendor's default. The Vendor shall not be liable for any excess costs if failure to perform the order arises out of causes beyond the control and without the fault or negligence of the Vendor, such causes include but are not restricted to, acts of God or the public enemy, acts of the State or Federal Government, fires, floods, epidemics, quarantine restrictions, strikes, freight embargoes, unusually severe weather and defaults of subcontractors due to any of the above, unless the State shall determine that the supplies or services to be furnished by

DocuSign Envelope ID: EDCD97EE-B020-479E-BF6A-7058AE6341AF

the subcontractor were obtainable from other sources in sufficient time to permit the Vendor to meet the required delivery scheduled. The rights of the State provided in this paragraph shall not be exclusive and are in addition to any other rights now being provided by law or under this order.

12. **Non-Collusion:** In signing this bid the Vendor certifies he/she has not, either directly or indirectly, entered into action in restraint of free competitive bidding in connection with this offer submitted to the State Purchasing Agent or his/her designee.

13. **Nondiscrimination:** Vendor doing business with the State of New Mexico must be in compliance with the Federal Civil Rights Act of 1964 and Title VII of the Act (Rev. 1979) and the Americans with Disabilities Act of 1990 (Public Law 101-336).

14. **The Procurement Code:** Sections 13-1-28 through 13-1-199 NMSA 1978, imposes civil and criminal penalties for its violation. In addition the New Mexico criminal statutes impose felony penalties for bribes, gratuities and kickbacks.

15. **Items:** All bid items are to be NEW and of most current production, unless otherwise specified.

16. **Payment for Purchases:** Except as otherwise agreed to: late payment charges may be assessed against the user state agency in the amount and under the conditions set forth in Section 13-1-158 NMSA 1978.

17. **Workers' Compensation:** The Contractor agrees to comply with state laws and rules pertaining to Workers' Compensation benefits for its employees. If the Contractor fails to comply with Workers' Compensation Act and applicable rules when required to do so, this Agreement may be terminated by the contracting agency.

18. **Submission of Bid:** Bids must be submitted in a sealed envelope with the bid number and opening date clearly indicated on the bottom left hand side of the front of the envelope. Failure to label bid envelope will necessitate the premature opening of the bid in order to identify the bid number.

19. **Contractor Personnel**: Personnel proposed in the Contractor's written bid to the Procuring Agency are considered material to any work performed under this Price Agreement. Once a Purchase Order or contract has been executed, no changes of personnel will be made by the Contractor without prior written consent of the Procuring Agency. Replacement of any Contractor personnel, if approved, shall be with personnel of equal ability, experience, and qualifications. The Contractor will be responsible for any expenses incurred in familiarizing the replacement personnel to insure their being productive to the project immediately upon receiving assignments. Approval of replacement personnel shall not be unreasonably withheld. The Procuring Agency shall retain the right to request the removal of any of the Contractor's personnel at any time.

20. **Subcontracting:** The Contractor shall not subcontract any portion of the Price Agreement without the prior written approval of the Procuring Agency. No such subcontracting shall relieve the Contractor from its obligations and liabilities under this Price Agreement, nor shall any subcontracting obligate payment from the Agency.

21. **Records and Audit:** The Contractor shall maintain detailed time and expenditure records that indicate the date, time, nature, and cost of services rendered during this Price Agreement's term and effect, and retain them for a period of three (3) years from the date of final payment under this Price Agreement. The records shall be subject to inspection by the Agency, State Purchasing Division, Department of Finance and Administration, and for Information Technology contracts, State Chief Information Officer. The Agency shall have the right to audit billings, both before and after payment. Payment for services under this Price Agreement shall not foreclose the right of the Agency to recover excessive or illegal payments.

22. **Subcontracts:** The foregoing requirements for Contractor Personnel, Subcontracting, and Audit shall be inserted into all subcontracts from the prime contractor to the subcontractor.

New Mexico Employees Health Coverage

A. If Contractor has, or grows to, six (6) or more employees who work, or who are expected to work, an average of at least 20 hours per week over a six (6) month period during the term of the contract, Contractor certifies, by signing this agreement, to have in place, and agrees to maintain for the term of the contract, health insurance for its New Mexico

DocuSign Envelope ID: EDCD97EE-B020-479E-BF6A-7058AE6341AF

Employees and offer that health insurance to its New Mexico Employees if the expected annual value in the aggregate of any and all contracts between Contractor and the State exceeds $250,000 dollars.

B. Contractor agrees to maintain a record of the number of its New Mexico Employees who have (a) accepted health insurance; (b) declined health insurance due to other health insurance coverage already in place; or (c) declined health insurance for other reasons. These records are subject to review and audit by a representative of the state.

C. Contractor agrees to advise all of its New Mexico Employees of the availability of State publicly financed health care coverage programs by providing each of its New Mexico Employees with, as a minimum, the following web site link to additional information: https://bewellnm.com.

D. For purposes of this Paragraph, the following terms have the following meanings:

(1) "New Mexico Employee" means any resident of the State of New Mexico employed by Contractor who performs the majority of the employee's work for Contractor within the State of New Mexico, regardless of the location of Contractor's office or offices; and

(2) "offer" means to make available, without unreasonable restriction, enrollment in one or more health coverage plans and to actively seek and encourage participation in order to achieve the goals of Executive Order 2007-049. This could include State publicly financed public health coverage programs such as *Insure New Mexico!*

Statewide Price Agreement

Article I – Statement of Work
Under the terms and conditions of this Price Agreement all State of New Mexico agencies, commissions, institutions, political subdivisions and local public bodies allowed by law may issue orders for items and/or services described herein. The terms and conditions of this Price Agreement shall form a part of each order issued hereunder.

The items and/or services to be ordered shall be as listed under Article IX - Price Schedule. All orders issued hereunder will bear both an order number and this Price Agreement number. It is understood that no guarantee or warranty is made or implied by the New Mexico State Purchasing Agent, his/her designee or the user that any order for any definite quantity will be issued under this Price Agreement. The Contractor is required to accept the order and furnish the items and/or services in accordance with the articles contained hereunder for the quantity of each order.

Article II – Term
The term of this Price Agreement, for issuance of orders, shall be as indicated in the specifications.

Article III – Specifications
Items and/or services furnished hereunder shall conform to the requirements of specifications and/or drawings applicable to items listed under Article IX-Price Schedule. Orders issued against this schedule will show the applicable Price Agreement item(s), number(s), and price(s); however they may not describe the item(s) fully.

Article IV – Shipping and Billing Instructions
Contractor shall ship in accordance with the following instructions: Shipment shall be made only against specific orders which the user may place with the Contractor during the term; The Contractor shall enclose a packing list with each shipment listing the order number, price agreement number and the commercial parts number (if any) for each item; Delivery shall be made as indicated on page1. If vendor is unable to meet stated delivery the State Purchasing Agent or his/her designee must be notified.

Article V – Termination
The Agency may terminate this Agreement for convenience or cause. The Contractor may only terminate this Agreement based upon the Agency's uncured, material breach of this Agreement. Contractor shall give Agency written notice of termination at least thirty (30) days prior to the intended date of termination, which notice shall (i) identify all the Agency's material breaches of this Agreement upon which the termination is based and (ii) state what the Agency must do to cure such material breaches. Contractor's notice of termination shall only be effective (i) if the Agency does not cure all material breaches within the thirty (30) day notice period or (ii) in the case of material breaches that cannot be cured within thirty (30) days, the Agency does not, within the thirty (30) day notice period, notify the Contractor of its intent to cure and begin with

DocuSign Envelope ID: EDCD97EE-B020-479E-BF6A-7058AE6341AF

due diligence to cure the material breach. Termination of this Contract, however, shall not affect any outstanding orders. This provision is not exclusive and shall not waive other rights and remedies afforded either party in the event of breach of contract or default. In such instances the contract may be cancelled effective immediately.

Article VI – Amendment
This Price Agreement may be amended by mutual agreement of the New Mexico State Purchasing Agent or his/her designee and the Contractor upon written notice by either party to the other. An amendment to this Price Agreement shall not affect any outstanding orders issued prior to the effective date of the amendment as mutually agreed upon, and as published by the New Mexico State Purchasing Agent or his/her designee. Amendments affecting price adjustments and/or the extension of a price agreement expiration date are not allowed unless specifically provided in the bid and price agreement specifications.

Article VII – Indemnity Clause
Contractor shall indemnify and hold harmless the State, its officers and employees, against liability, claims, damages, losses or expenses arising out of bodily injury to persons or damage to properties caused by, or resulting from Contractor's, and/or its employees, own negligent act or omission while Contractor, and/or its employees, perform or fails to perform its obligations and duties under the Terms and Conditions of this agreement. This save harmless and indemnification clause is subject to the immunities, provisions, and limitations of the Tort Claims Act (Section 41-4-1, et seq., N.M.S.A. 1978 comp. and Section 57-7-1 N.M.S.A. 1878 comp. and any amendments thereto.

It is specifically agreed between the parties executing this agreement that it is not intended by any of the provisions of any part of the agreement to create in the public or any member thereof a third party beneficiary or to authorize anyone not a party to the agreement to maintain a suit(s) for wrongful death(s), bodily and/ or personal injury(s) to person(s), damage(s) to property(ies) and/or any other claim(s) whatsoever pursuant to the provisions of this agreement.
Vendor shall provide all insurance necessary to employees on the work site, including but not limited to Worker's Compensation.

Article VIII – Issuance or Orders
Only written signed orders are valid under this Price Agreement.

Article IX – Packing (if applicable)
Packing shall be in conformance with standard commercial practices.

Article X – Price Schedule
Prices as listed in the price schedule hereto attached are firm.

Specifications:
The State of New Mexico, General Services Department (GSD) wishes to establish a Statewide Price Agreement for Electrical Services On-Call and work related to these systems. Under the terms and conditions of this Price Agreement all State of New Mexico Agencies, Commissions, Institutions, Political Sub-divisions, and Local Bodies allowed may issue orders for items and/or services described herein. The terms and conditions of this Price Agreement shall form a part of each other issued hereunder.

Procurement will be based on bidders supplying pricing through an established cost schedule. The Price Agreement will reflect the awarded contractor's willingness to respond to contract vendor requests when such requests are originated by authorized procuring agencies.

Legislation Affecting Price Agreement:
If future legislation affects any terms or conditions of the Price Agreement the Price Agreement may be amended to comply with the legislation.

Term:
The term of this agreement shall be for one (1) year from date of award with the option to extend for a period (s) of two (2) additional years, on a year-by-year basis, by mutual agreement of all parties and approval of the New Mexico State Purchasing Director at the same price, terms and conditions. This agreement shall not exceed three (3) years.

Compensation Cap:
Per NMSA 1978 Section 13-1-154.1, the cap of four million dollars ($4,000,000) is effective for every Project. The cap of twelve million five hundred thousand dollars ($12,500,000) is effective for each Contractor's contract Price Agreement.

Federal Funds:
Projects or Services rendered using this Price Agreement *may* involve Federal Funds, therefore; New Mexico Resident Preference, Resident Veterans Preference and Resident Native Preferences shall not apply to the evaluation or award of this Price Agreement.

Multiple Awards:
Pursuant to the Procurement Code, Sections 13-1-153 and 13-1-154, the State reserves the right to issue multiple awards to obtain the items listed. Multiple awards are recommended to ensure availability and timely delivery. Awards will be made to meet the best interests of the State of New Mexico.

Escalation / Reduction Clause:
Contractor shall keep pricing fixed for each year of this Agreement. Thereafter, in the event of a Department of Workforce Solutions wage rate decision increase or a Union required increase, an escalation request will be reviewed by NM State Purchasing Division on an individual basis. SPD and the Contractor may adjust pricing no more than once annually through an amendment to the Agreement at the time of Agreement renewal. The Contractor shall submit all pricing increase requests to SPD directly or through the agency contact in writing and provide substantiating evidence that each request is based on demonstrable market changes impacting the cost of products. The request must show all proposed increases by line item and include supporting documentation acceptable to SPD (such as a letter from a manufacturer indicating price increases, etc.) SPD's decision on what is acceptable in this context is final and shall be accepted by all parties to the Agreement.

Requested price increases that exceed 10% will not be accepted. No price increase may result in a higher profit margin for the Contractor than at the beginning of the initial term of this Agreement. Pricing changes will apply to Agreements and amendments to Agreements entered on and after the effective date of the price change. Price decreases as well as increases shall apply in the same manner. If vendor's prices are reduced for any reason, users shall receive the benefit of such reductions, immediately. Price increases will not be retroactive to orders already in house or backorders. Orders will be filled at the price in effect on the date of receipt of the order by the vendor.

DocuSign Envelope ID: EDCD97EE-B020-479E-BF6A-7058AE6341AF

To facilitate prompt consideration, all requests for price increase must include all information listed below:

1. Agreement Item Number
2. Current Item Price
3. Proposed New Price
4. Percentage of Increase
5. Mill/Supplier Notification of price increase indicating percentage of increase including reason for increase.
6. Department of Workforce Solutions Wage Rate documentation of old and new rate schedules.

Insurance:
The contractor shall provide all insurance necessary for its employees on the project, including, but not limited to, workman's compensation insurance. The contractor agrees to comply with state laws and rules pertaining to workers' compensation insurance coverage for its employees. If the contractor fails to comply with the workers' compensation act and applicable rules, when required to do so, this contract will be cancelled immediately.

Contractor shall indemnify and hold harmless the state, its officers and employees against liability claims, damages, losses, or expenses arising out of bodily injury to persons or damage to property caused by or resulting from the contractors, and/or its employees, own negligent act(s) or omissions while the contractor, and/or its employees, perform(s) or fails to perform its obligations and duties under the

Terms and Conditions of this agreement. This "save harmless and indemnification" clause is subject to the immunities, provisions, and limitations of the tort claims act (41-4-1, et seq., N.M.S.A. 1978 comp), section 57-7-1 N.M.S.A. 1978 comp. and any amendments thereto.

It is specifically agreed between the parties executing this agreement that it is not intended by any of the provisions of the agreement to create the public or any member thereof a third party beneficiary or to authorize anyone not a party to the agreement to maintain a suit(s) for wrongful death(s), bodily and/or personal injury(ies) to person(s), damages to property(ies) and/or any other claim(s) whatsoever, pursuant to the provisions of this agreement.

The contractor shall provide public liability insurance for the minimum amount of $300,000 for damage to or destruction of property arising out of each occurrence; the amount of $300,000 to any person for any number of claims arising out of each occurrence for all damages other than property damage as permitted under the New Mexico tort claims act; and the amount of $1,000,000 for all claims arising out of each occurrence.

Builder's Risk Insurance:
Before commencing the Work for a project under this Price Agreement, the Contractor shall secure and maintain a Builder's Risk Policy upon the entire project for the full cost of replacement at the time of loss. This insurance shall also name the Owner, Contractor, and Subcontractors of all tiers, as named insureds. The Owner and Contractor shall be named as loss payee(s).
This insurance shall be written as a Builder's Risk Policy or equivalent form to cover all risks of physical loss to property except those specifically excluded by the policy. The policy, at a minimum unless otherwise agreed to in writing, shall insure against the perils of: fire, lightning, explosion, windstorm, hail, smoke, water from any source, aircraft (except aircraft, including helicopters, operated by or on behalf of the Contractor), vehicles, riot and civil commotion, terrorism, theft, vandalism, malicious mischief, earthquake, collapse, defective design, defective workmanship, defective materials, and earth movement including mudslide.

This insurance shall also include, at a minimum, additional coverages for:

a. damage to land excavation, footings, and/or temporary structures.
b. property in transit or in temporary storage.
c. engineering, testing, applicable design, and related soft costs.

DocuSign Envelope ID: EDCD97EE-B020-479E-BF6A-7058AE6341AF

d. loss of use, delays in occupancy resulting from a covered cause of loss.
e. fencing and signage.
f. demolition and debris removal including pollutants.
g. Fire department service charges and refill of fire protection devices.

The Contractor shall be solely responsible for any deductible amounts or coinsurance penalties.

This policy shall provide for a waiver of subrogation in favor of the Owner, Contractor, and Subcontractors of all tiers. This insurance shall remain in effect until the project is accepted by the Owner or occupied in whole or in part. Partial occupancy or use of the work shall not commence until the Owner has secured the consent of the insurance company or companies providing the coverage required in this subsection. Should any partial occupancy or use of the work occur prior to the foregoing consent being obtained, such partial occupancy or use does not create an automatic right of cancellation of the coverage required in this subsection.

The Builder's Risk Policy shall be provided by an insurance company with an A.M. Best rating of A VI, or better, acceptable to the Owner, and authorized to conduct business in the State of New Mexico.

Before commencing a project, the contractor shall provide a copy of the Builder's Risk Policy or coverage binder with endorsements obtained in compliance with this subsection.

If the Contractor does not maintain Builder's Risk insurance as required by this Price Agreement, including all the endorsements, coverages, and deductibles described herein, the Contractor shall give written notice to the Owner before commencing the Work or immediately upon notice by the insurance company. The Owner may elect to provide insurance options to the Contractor or secure insurance to protect its interests, including the coverage of deductibles in consultation with the Contractor.
The cost difference, if any, of the force-placed insurance shall be the sole responsibility of the Contractor and will not be considered a change order to the Price Agreement. In any event, no work shall commence pursuant to the Price Agreement until a Builder's Risk Policy is in place to the satisfaction and protection of the Owner.
The coverages afforded to the Owner by the State of New Mexico General Services Department/Risk Management Division (GSD/RMD) under their Certificate of Coverage including property in course of construction shall be excess over the Builder's Risk policy secured by the Contractor. The State's Certificate of Coverage will not indemnify any private sector contractor, entity, business, person, or organization.

Wage rates:
All work covered by this invitation to bid shall be in accordance with applicable state laws and is subject to the minimum wage rate determination issued by the Department of Workforce Solutions if applicable.

A wage rate decision is ***required*** by the public works minimum wage act for construction, demolition or renovation purposes on projects costing $60,000 or more and funded in part by state or local funding. When a specific project is anticipated that will exceed $60,000, the agency will make a written request to the New Mexico Department of Workforce Solutions for a Wage Rate Determination decision at least three (3) weeks before they solicit quotes from the contractor. The contractor must agree to comply with that current wage decision for the project. The subcontractors, if applicable, will also be subject to the Wage Decision.

For the purposes of bidding the 'wage decision project' wage rate items, use the current effective DWS Wage Rates as the guideline since increases in wage rates will be handled under the escalation clause.

Performance, Payment, and Material Bonding:
A 100% performance bond and a 100% payment and material bond executed by a surety company authorized to do business in the State of New Mexico will be required of the successful bidder(s) prior to each project of $60,000.00 or more. Said bonds must be provided to the requesting agency and are to be filed with the agency's purchasing office BEFORE any work begins. Failure to comply shall result in order being issued to another vendor and difference being

DocuSign Envelope ID: EDCD97EE-B020-479E-BF6A-7058AE6341AF

charged back to the awarded contractor(s). Bond cost shall be billed as an actual cost with no markup. A copy of the bond is required to be sent to the Agency BEFORE any work begins.

Tax Note:
Bid shall not include New Mexico Gross Receipts Tax or local option tax(es). Such tax or taxes shall be added by the Contractor to its invoice at the current tax rate at each project's location, as a separate item to be paid.

Travel:
Contractors will be allowed to quote anticipated travel mileage based on one way trip from vendor's place of business to jobsite in excess of fifty (50) miles. The rate used for travel costs will be the current rate allowed by the Federal Government.

Mileage Reimbursement:
Any request for mileage reimbursement under this agreement shall be approved by the Procuring Agency prior to incurring mileage expense, and in accordance with Procuring Agency funding requirements, regulations, policies, and procedures. Mileage will be added and itemized separately at time of invoicing, unless otherwise required by the Procuring Agency.

Mileage:
"Mileage Rate" means vendors will be reimbursed based only on the mileage from the dispatch to the customer site for repair orders for each mile traveled by vehicle in excess of 50 miles as referenced in IRS standard mileage rates using link https://www.irs.gov/tax-professionals/standard-mileage-rates/ at the travel rate for that period/year travel was performed. This is pursuant to the Vendor providing the procuring entity approved work orders containing the following information:

a. Actual mileage reading that is certified as true and correct by the traveler based on the destination mileage chart of the official state map published by the Rand McNally Mileage Calculator. Reference Rand McNally mileage calculator using link: Rand McNally Maps & Driving Directions
b. If the actual mileage reading is not available on the Rand McNally mileage calculator, the procuring entity may use Google Maps - Driving Directions to calculate for reimbursement for mileage in excess of 50 miles from the dispatch to the customer site.

General:
All work shall be performed in accordance with the New Mexico building codes and electrical industry standards.

The awarded contractor shall be responsible for all permits associated with this work as required by the State of New Mexico, Construction Industries Division. The Construction Industries Division will issue permits for work performed at state owned buildings. Permit costs shall be billed as an actual cost with no markup.

The contractor will be contacted on an as needed basis to perform work associated with this contract. The user agency may solicit quotes from more than one vendor listed in this price agreement. The contractor may lower his rates on any of the bid items to submit a more competitive quote. The user agency may issue a purchase order to the contractor with the lowest quote that meets all the requirements of the scope of work. The user agency reserves the right to accept offers from contractors that desire to submit quotes which better meet the hours and identified costs to obtain a fair and reasonable price based on the level of effort and mix of labor proposed to perform the specific project.

Failure to respond to the state's requests without reasonable cause shall be grounds for termination of this contract.

The contractor and the subcontractors' employees agree to cooperate with and to abide by the rules and requirements of the requesting state agency to not interfere with the daily operations of the agency or to jeopardize the health, safety or welfare of the user agency's employees or general public conducting business with the state.

The using agency reserves the right to purchase materials directly from existing statewide price agreement sources, and to provide these materials to the contractor.

DocuSign Envelope ID: EDCD97EE-B020-479E-BF6A-7058AE6341AF

Debarred or Suspended Contractors:
A business (Contractor, Subcontractor, or Supplier) that has either been debarred or suspended pursuant to the requirements of Sections 13-1-177 through 13-1-180, and 13-4-11 through 13-4-17, NMSA 1978, shall not be permitted to do business with the State and shall not be considered for award of contract during the period for which it is debarred or suspended.

Bribes, Gratuities and Kickbacks:
It is illegal in the State of New Mexico for any public employee to solicit or accept anything of value in connection with award of contract for this Bid and for any person to offer or pay anything of value to any such public employee (30-24-1 and 30-24-2, NMSA 1978).

Pursuant to Section 13-1-191, NMSA 1978, reference is hereby made to the Criminal Laws of New Mexico (including Sections 30-24-1 through 30-24-3, NMSA 1978, and 30-41-1 through 30-41-3, NMSA 1978), which prohibit bribes, kickbacks, and gratuities, violations of which constitutes a felony. Further, the Procurement Code (Sections 13-1-28 through 13-1-199, NMSA 1978) imposes civil and criminal penalties for its violation.

Assignment of Antitrust Claims:
The Contractor agrees that any and all claims that the Contractor may have or that may inure to the Contractor for overcharges resulting from antitrust violations as to goods, services, and materials purchased in connection with this Bid are hereby assigned to the State of New Mexico, but only to the extent that such overcharges are passed on to the State. The Contractor further agrees to require each of its Suppliers, Subcontractors, and Sub subcontractors to assign any and all such claims for overcharges to the State by executing an assignment on the form provided by the Owner for such purpose. The executed form (see Section 00600-7) shall be submitted prior to the commencement of the Work or the supplying of any materials by the Supplier, Subcontractor, or Sub subcontractor. The submission of this executed form may be waived by the Owner upon a showing of a good-faith effort by the Contractor to obtain agreement in writing from his Supplier, Subcontractor, or Sub subcontractor. Waiver by the Owner may not unreasonably be denied.

It is agreed that the Contractor retains all rights to any such antitrust claims to the extent of any overcharges not passed on to the State, including the right to any treble damages attributable thereto.

Subcontractors:
Subcontractors are allowed to work on this contract *only* with written prior approval by the agency contracting for the work. Subcontractors' activities must be defined, and the cost of their work broken out on a separate line(s) on the quote. *The subcontractor's quote must follow the price agreement item breakdown and have materials itemized.* If a subcontractor's quote is included in the accepted primary contractor's quote, then subcontractor approval is implied. If a contractor desires to change the subcontractor after contract award, written approval must be obtained from user agency.

The Primary contractor will be wholly responsible for the entire performance of the subcontractor and must adequately supervise the work of the subcontractor to ensure that the quality of their work meets the State's standards. Subcontractors are subject to the same applicable licensing and insurance coverage as the primary contractor. Subcontractors who have been suspended or debarred from doing state or federal work may not be used by the Primary Contractor.

The awarded contractor is prohibited from adding markups for subcontracted work.

Payment Provisions:
Within fifteen (15) days after the date the Department receives written notice from the Contractor that payment is requested for services, construction or items of tangible personal property delivered on site and received, the Department shall issue a written certification of complete or partial acceptance or rejection of the services, construction, or items of tangible personal property. If the Department finds that the services, construction, or items of tangible personal property are not acceptable, it shall, within thirty (30) days after the date of receipt of written notice from the Contractor that payment is requested, provide to the Contractor, a letter of exception explaining the defect or objection to the services,

DocuSign Envelope ID: EDCD97EE-B020-479E-BF6A-7058AE6341AF

construction, or delivered tangible personal property along with the details of how the Contractor may proceed to provide remedial action.

Upon certification by the Department that the services, construction, or delivered tangible personal property have been received and accepted, payment shall be tendered to the Contractor within twenty-one (21) days after the date of certification. If payment is made by mail, the payment shall be deemed tendered on the date it is postmarked. After the twenty-first (21st) day from the date that written certification of acceptance is issued, late payment charges shall be paid on the unpaid balance due on the contract to the Contractor at the rate of one- and one-half percent (1-1/2%) per month. For purchases funded by state or federal grants to local public bodies, if the local public body has not received the funds from the federal or state funding agency but has already certified that the services or items of tangible personal property have been received and accepted, payments shall be tendered to the Contractor within five (5) working days of receipt of funds from that funding agency. Final payment shall be made within twenty-one (21) days after the work has been approved and accepted by the Department's Secretary or his duly authorized representative.

The Contractor agrees to comply with state laws and rules pertaining to Workers' Compensation Insurance coverage for its employees. If Contractor fails to comply with the Workers' Compensation Act and applicable rules when required to do so, the Price Agreement may be cancelled effective immediately.

Scope of Work:
The contractor for this work shall provide all materials, labor, tools, and equipment, and pay for any permits and fees necessary to perform the work. All work shall be in strict compliance with the national and state electrical code.

The owner shall provide, at a minimum, a detailed scope of work and/or drawings, generally defining the electrical work required for the project.

This contractor shall be capable of providing all new or upgrades to the existing electrical service and systems, diagnostic services, perform trouble shooting services for the owner and to prepare proposals for all costs and services needed to perform the work required, in compliance with the national and state electrical codes.

The work shall include the repair, replacement, or extension of electrical systems within, attached to or servicing buildings or sites above ground or underground. The work shall include, but not be limited to: installation of new power and lighting circuits; new power services; new electrical devices, equipment and lighting fixtures; and any other related electrical work. Work shall also include the removal and disposal of existing power circuits, lighting fixtures and equipment, and the termination of associated circuits and services. Any related work required to accomplish the requested electrical work is included. Low voltage work could be included.

All work shall be performed in a neat and workmanlike manner, while maintaining the work area(s) in a clean condition. All work shall be completed in strict compliance with industry standards, by workers trained and certified to perform the work. All materials shall be new and of the highest quality available for the type of work being performed.

The contractor shall provide all protective coverings necessary to protect existing finishes and improvements which are in the area where the new work will occur.

The contractor shall restore any damage to existing finishes. Restoration work shall be inconspicuous with existing finishes.

The contractor shall provide all clean-up for its operations. All hazardous and non-hazardous construction debris shall be removed from the work areas and disposed of at an approved waste disposal site. The owner's trash container for the building shall not be used for disposal of construction debris.

DocuSign Envelope ID: EDCD97EE-B020-479E-BF6A-7058AE6341AF

Labor:
Personnel working on the project and providing these services shall be experienced in all areas related to this work and required by this contract. Journeymen level personnel shall have the ability and necessary skills to diagnosis problems and to make the appropriate decisions needed to provide these services.

Work is to be warrantied against defects in materials and workmanship for a period of one year from the date of completion and acceptance by the owner or using agency.

Hourly rates are requested for the three levels of personnel as follows.

- Journeyman: a person licensed by the State of New Mexico as a journeyman in the specialized field of work required and being performed on this project.
- Apprentice: a person with substantial experience in this field of work, but not yet licensed as a journeyman.
- Laborer: a person with minimal experience, performing simple tasks such as clean-up and other minor forms of labor.
- Other Labor: Hourly rates for other direct personnel that may be anticipated during the course of this contract should be added under other labor categories listed in the bid documents.

Materials, Subcontracts and Other Associated Costs:
Materials, subcontracts, and other associated costs necessary to perform the work stipulated in the scope of work shall be itemized with pricing. After acceptance of the costs identified in this section by the Agency, those costs shall be treated as provided in the section on Firm Lump Sum Fixed Price. If there is to be a discount on the retail materials, the quote must show the discount.

All material specified in the quote regardless of whether incorporated in the work shall be deemed included as paid for by the Owner or Agency. As such, any unused materials shall be turned over to the owner or agency for whom the work was provided. The State of New Mexico requires that all materials shall be new and of the highest quality and at the best attainable price available for the type of work being performed.

Awarded contractors are ***prohibited*** from adding markups for materials, subcontractors, equipment rental or any associated costs. Profit and overhead markups are not permitted.

Equipment Rental:
If special equipment is required to perform the work required, the Contractor may quote the cost of said equipment with no markup.

Quote Request:
When a service is needed, the using agency shall provide, at a minimum, a detailed scope of work and/or drawings defining the work required.

The contractor shall visit the site and compare the owner's scope of work and/or drawings to the existing conditions and provide all services called for in addition to the requirements set forth in this price agreement.

The contractor will be required to provide a written quote at no cost to the State, to include the work to be performed as well as the number of days required for the completion of the project and submit it to the using agency or local public body.

Change Orders:
Change Orders are lump sum amounts which are added to the Purchase Order as a line item or put into a new Purchase Order. They are to be used for unforeseen conditions or Agency identified but un-estimated work. When they are quantified and identified, the resultant cost must be submitted to the Agency with subcontractor quotes. No extra work can be started until the Change Order is approved in writing and the Purchase Order is approved.

DocuSign Envelope ID: EDCD97EE-B020-479E-BF6A-7058AE6341AF

Written justification shall accompany the request. The justification shall include the reason, the scope, the history of the issue, the place of the work and any other relevant details.

Work Commencement:
Prior to commencement of any work performed the User Agency will issue a notice to proceed for the work upon receipt of a purchase order, based on the prices set forth by vendor's quote. The contractor is required to submit a work schedule which will indicate the approximate completion date of the project. It should be updated with any changes as the work proceeds. The contractor shall begin the work based on the priority identified by the using agency. Any delay beyond the stated completion date shall be upon agreement by the owner and the contractor. If submittals or shop drawings are required, then they must be approved before the relevant work is started.

The Contractor shall supervise and direct the work. He shall be solely responsible for all construction means, methods, techniques, sequences, and procedures and for coordinating all portions of the work under the project. The contractor shall be responsible to the user agency for the acts and omissions of his employees and, if prior approved, Subcontractors and their agents and employees and other persons performing any of the work under a contract with the Contractor.

Where work is to be conducted in a state correctional or secured facility, security clearances and background checks that may be required by the facility for the contractor and its employees must be obtained prior to commencement of any work at that facility. The using agency reserves the right to deny any employee of the contractor access to the facility should the employee be in violation of any criteria required for the security clearance.

The user agency or local public body reserves the right to provide an escort and/or full-time supervision of the contractor and its employees during any or all phases of a project, should the user agency feel it is in its best interest to provide these extraordinary security services.

The user agency or local public body reserves the right to escort any or all employees of the contractor off its property, for any inappropriate conduct or actions that jeopardize the safety, security or well-being of the facility. Inappropriate behavior by the contractor, its employees or subcontractors shall immediately cancel this contract. Any employee of the contractor found in violation of any law, while on the user agency's property, will be prosecuted.

The user agency or local public body may order the Contractor to stop the work or a portion of it if the contractor fails to correct defective work or persistently fails to carry out the work. The user agency would do so in writing with justifications with the knowledge that if the 'stop work' was not sufficiently justified, the contractor may be owed for demobilizing and remobilizing.

Review of Project Documents:
The contractor shall carefully study and compare the project documents and shall report at once to the user agency any error, inconsistency, or omission he may discover. If this occurs during the work, the contractor shall not continue the related work until the issue is resolved.

Safety:
The Contractor is responsible for initiating, maintaining, and supervising all safety precautions and programs in connection with the work. This includes precautions to prevent damage, injury or loss to: 1) all employees on the work and all other persons who may be affected thereby, 2) all the work an all materials and equipment to be incorporated therein, whether in storage on or off site, under the care, custody or control of the Contractor or any of his Subcontractors or sub-Subcontractors, 3) other property at the site or adjacent thereto, including trees, shrubs, lawns, walks, pavements, roadways, structures and utilities not designated for removal, relocation or replacement in the course of construction.

The contactor shall erect and maintain, as required by existing conditions and progress of work all reasonable safeguards for safety and protection, including posting danger signs and other warnings against hazards, promulgating safety

DocuSign Envelope ID: EDCD97EE-B020-479E-BF6A-7058AE6341AF

regulations, and notifying agencies and users of adjacent utilities. All OSHA regulations shall be followed as well as any other Codes which pertain to safety procedures.

Payments:
Contractors shall submit invoices or pay requests at regular intervals but not less than once a month. Pay requests will be based on Lump Sum Fixed Price and percent of project completion. If there are anticipated to be more than several pay applications for the project, then a schedule of values must be submitted and approved after the Notice to Proceed is issued.

Close-out Documents:
Substantial completion will occur when the contractor considers the work to be substantially complete and the agency concurs. Substantial completion means that the user agency can occupy or utilize the work/area. The contractor is responsible for creating a list of items still to be completed or corrected. The user agency must approve the list. When the work is finally complete and inspected and accepted by the user agency, the final pay application may be submitted along with any required close-out documents. Such documents might include the certificate of occupancy, the permit signed off by CID, Lien releases, Consent of Surety, as-built drawings, warranty certificates, maintenance & Operations manuals, and verification of user training.

Warranties:
The Contractor warrants to the user agency that all work and all materials and equipment furnished under this price agreement will be of good quality, free from defects and faults and in conformance with the Project documents. All work not conforming to these requirements, including substitutions not properly approved and authorized, may be considered defective. If required by the user agency, the contractor shall furnish satisfactory evidence as to the kind and quality of the materials and equipment. Unless otherwise specified, the contractor's workmanship, materials and equipment will be warranted for a period of one year beginning at the agreed upon date of substantial completion.

Contractor Required Information:
No person shall act as a contractor without a license issued by the Construction Industries Division, classified to cover the type of work to be performed. No bid on a contract shall be submitted unless the contractor has the appropriate valid contractor's license issued by the Construction Industries Division to bid and to perform the type of work to be undertaken, as set forth in § 60-13-12, NMSA 1978. *

New Mexico Public Works Registration No **: _____

Contractor's New Mexico License No.*: _____

Contractor Classification No.: _____

State Tax ID No.: _____

Federal Taxpayer ID No.: _____

****Pursuant to: 13-4-13.1 Public Works Contracts; Registration of Contractors and Subcontractors**

When submitting a quote for a specific project valued at more than sixty thousand dollars ($60,000) for any portion of a public works project greater than sixty thousand dollars ($60,000) that is subject to the New Mexico Public Works Act, the Contractor is required to be registered with the Labor and Industrial Division of the Department of Workforce Solutions prior to submitting its quote. The using agency may reject any quote that fails to provide a Public Works Registration Number for the prime Contractor and all other listed Contractors or subcontractors. In order to submit a bid for this invitation to bid the bidder must have an Active registration for the Public Works Act.

DocuSign Envelope ID: EDCD97EE-B020-479E-BF6A-7058AE6341AF

The Contractor will be contacted on an as needed, on-call basis to perform work associated with this Price Agreement. A Price Agreement award is without assurance of quantity or dollar amount of work to be performed. Failure to respond to the Using Agency's requests may be grounds for termination of this Price Agreement. Awards for these services will be made on a statewide basis. If the awarded contractor does not wish to travel to other parts of the State, it is acceptable to decline work.

Regular Working Hours and After Hours Defined:
Regular Working Hours are defined as Monday through Friday 8 am through 5 pm local time.
After hours are defined as hours outside of Regular Working Hours.

*****End of Specifications*****

Electronic Record and Signature Disclosure

ELECTRONIC RECORD AND SIGNATURE DISCLOSURE

A. ELECTRONIC RECORD AND SIGNATURE DISCLOSURE (ERSD)

From time to time, New Mexico General Services Department (GSD), on behalf of the State of New Mexico (SONM), may be required by law to provide you with certain written notices or disclosures. Stated below are the terms and conditions for GSD's providing you such notices and disclosures electronically through the DocuSign system. Please read this information carefully. If you are able to access this information electronically and agree to **this Electronic Record and Signature Disclosure (ERSD)**, please confirm your agreement by selecting the check-box next to "I agree to use electronic records and signatures" before clicking "CONTINUE" within the DocuSign system.

B. Obtaining paper copies

At any time up to twenty (20) calendar days following your use of DocuSign to electronically sign a document, you may request a paper copy of any record provided or made available electronically to you by GSD. You will have the ability to download and print documents SONM sends you through the DocuSign system during and immediately after the signing session and, if you elect to create a DocuSign account, you may access the documents for a twenty (20) calendar day period after such documents are first sent to you. Following the twenty (20) day period, if you want GSD to send you paper copies of any such documents from GSD's office, you will be charged a $1.00 per-page fee plus postage. You may request delivery of such paper copies from GSD by following the procedure stated in Section H, below.

C. Withdrawing your consent

If you decide to receive notices and disclosures from GSD electronically, you may at any time change your mind and inform GSD you want to receive required notices and disclosures only in paper format. The procedure concerning how you may inform GSD of your decision to receive future notices and disclosures in paper format as well as withdraw your consent to receive notices and disclosures electronically is stated in Section D, immediately below.

D. Consequences of changing your mind

If you elect to receive required notices and disclosures only in paper format, it will slow the speed with which GSD will be able to complete certain steps in specific transactions and deliver paper copies to you. GSD will need: (1) to send the required notices or disclosures to you in paper format; and (2) wait until GSD receives your acknowledgment of your receipt of such paper notices or disclosures. Further, you will no longer be able to use the DocuSign system to receive required notices and consents electronically from SONM or to electronically sign documents generated and sent to you from SONM.

E. All notices and disclosures will be sent to you electronically

Unless you inform GSD otherwise according to these procedures, GSD will electronically provide you through the DocuSign system all required notices, disclosures, authorizations, acknowledgements and other documents that are required to be provided or made available to you during the course of your electronic signature relationship with SONM. To reduce the possibility of inadvertent non-receipt, GSD prefers to provide all required notices and disclosures by the same method and to the same email or physical address that you furnish to GSD. Thus, you may receive the disclosures and notices electronically or in paper form. If you do not agree with this procedure, please inform GSD according to the procedures stated in Section I, below. Please also refer to Section D, immediately above, which states the consequences resulting from your declination of electronic delivery of notices and disclosures.

F. How to contact GSD:

You may inform General Services Department (GSD) of any changes you select regarding State Purchasing Division's (SPD) electronic communications with you, to request paper copies of certain information from SPD, and to withdraw your prior consent to receive notices and disclosures electronically by emailing your request(s) to SPD at: *GSD.SPDinfo@state.nm.us*

G. To advise SPD of your new email address

To inform SPD of a change in the email address to which SPD sends you notices and disclosures electronically, you must send an email to SPD at *GSD.SPDinfo@state.nm.us* and in the body of such request you must include your previous and new email addresses.

H. To request paper copies from SPD

To request delivery of paper copies of electronic notices and disclosures that DocuSign and/or SPD have previously provided to you, you must send an email to SPD at *GSD.SPDinfo@state.nm.us* and in the body of your email request state your email address, full name, mailing address, and telephone number. SPD will charge you a $1.00 per page copy fee plus postage.

I. To withdraw your consent with SPD

To inform SPD that you no longer wish to receive notices and disclosures in electronic format you may:

(1) Decline to sign a document from within a signing session, and on the subsequent page, select the check-box indicating you wish to withdraw your consent, or you may:

(2) Send SPD an email to *GSD.SPDinfo@state.nm.us* and in the body of your request state your email address, full name, mailing address, and telephone number.

J. Required hardware and software

The minimum system requirements for using the DocuSign system may change over time. The current DocuSign system requirements may be found at:
https://support.docusign.com/guides/signer-guide-signing-system-requirements

K. Acknowledging your access and consent to receive and sign documents electronically

To confirm that you are able to electronically access the information contained in this Electronic Record and Signature Disclosure (ERSD), please confirm that you have: (1) read this ERSD, and either: (2) you are able to print on paper or electronically save this ERSD for your future reference and access; or (3) you are able to email this ERSD to an email address where you will be able to print this ERSD on paper and/or save this ERSD for your future reference and access. Further, if you consent to receiving notices and disclosures from DocuSign and/or SPD exclusively in electronic format, then select the check-box next to "I agree to use electronic records and signatures," before you click "CONTINUE" within the DocuSign system.

By selecting the check-box next to "I agree to use electronic records and signatures," you confirm that:

- You have read this Electronic Record and Signature Disclosure (ERSD); and
- You can print this ERSD on paper, or you can save and/ or send this ERSD to a location where you can print this ERSD, for your future reference and access; and
- Until or unless you notify SPD as stated in this ERSD, you consent to exclusively receive through electronic means all notices, disclosures, authorizations, acknowledgements, and other documents that are required to be provided or made available to you by SPD during the course of your electronic signature relationship with SPD.

image004.png

Hi Lisa, Yes.

Based on the provided scope of work, it has been classified as General Services. This determination is solely focused on that classification and does not address whether the scope of work or procurement method complies with all relevant legal requirements. I reserve the right to modify this determination should the scope of work differ from what was originally submitted. The procurement must follow the processes and procedures established by the City of Santa Fe, Central Purchasing, the Procurement Manual, and applicable state statutes. Please note:

- Save this email as a PDF and upload it into the corresponding packet and Munis records.
- Check with WorkQuest dba Horizons of New Mexico (vendor # 8673) (mloehman@horizonsofnewmexico.org) ***if*** this service appears on their approved list.
- If your request includes anything that needs to be reviewed and preapproved by another City Department/Division, please send the same SOW to the corresponding email address and include their response in your packet/Munis.
- If your request includes anything that needs to be reviewed and preapproved by another City Department/Division, please send the same SOW to the corresponding email address and include their response in your packet/Munis.
    - Treasury (Point of Sale Systems) – questions: drsena@santafenm.gov; clromero@santafenm.gov. Request signature from: clromero@santafenm.gov
    - IT components (everything IT) – questions: ereview@santafenm.gov. Request signature from: edcandelaria@santafenm.gov;
      Copy: zxdushdurova@santafenm.gov; lenobes@santafenm.gov; lfworstell@santafenm.gov
    - Vehicles – questions: fleet@santafenm.gov. Request signature from: dmjaramillo@santafenm.gov
    - Grants – questions: grants@santafenm.gov. Request signature from: evlujan@santafenm.gov
    - Construction, Facilities, Furniture, Fixtures, Equipment, etc. – questions: fmdreview@santafenm.gov. Request signature from: jsburnett@santafenm.gov
    - Emergency Related Purchases – questions oem@santafenm.govand. Request signature from: klmorgan@santafenm.gov
    - Asset over $5k – questions: accountspayable@santafenm.gov. Request signature from: jxbolden@santafenm.gov

- Ensure that the current and appropriate templates and forms are used, they can be found on the intranet https://intranet.santafenm.gov/finance_1 and OpenGov https://procurement.opengov.com/governments/1784201/projects and documented procedures/laws/rules are followed.
- > $20k per year, when processing this procurement, please ensure the procurement number issued by Munis and the procurement name are used in the appropriate documents and the subject of emails.
- If you are processing a procurement where the forecasted amount is =/> $60k, per NMSA 1978, Section 13-1-102, the procurement method must be ITB (if you choose not to use a cooperative or an existing contract). If you feel you need to process an RFP, you must get an Authorization and Plan approved before you process.
- < $20k per year, one quote is acceptable.
- From $20k to $60k per year, if you aren't using a cooperative or existing contract, you must provide 3 quotes in your req. Must use the Munis Bid Module, OpenGov, or Pavilion.
- **Identify your funding source and notify Purchasing.**
  It's essential to determine the funding source early, as it impacts the required documentation and contract language. For example, if federal funds are being used, specific federal provisions must be included in both the procurement request and the resulting contract. Notifying Purchasing of the funding source upfront ensures compliance and avoids delays.
- Follow the link below to review existing price agreements, contracts, or cooperative agreements that might be applicable to this request. You might be able to use an existing price agreement/contract to save time and money.
- Pavilion: Free Cooperative Contract Search for Governments (please work with Purchasing if you think you found an existing or cooperative contract that might work)
- Submit via **Submit Purchase Requests** or the appropriate email address:
- Determination requests to purchasing_det@santafenm.gov
- All other requests to purchasing@santafenm.gov

Thank you for submitting this scope of work for my review.

Book time to meet with me

Subject: RE: Determination Request – On-call Electrical and Elevator Maintenance Services

Good afternoon,

I'm following up on this determination request…

After searching the blanket determination for 'elevator' and coming up empty, I noticed this is listed under General Services:

- Equipment installation, preventive maintenance, inspection, calibration, and repair

Would this be appropriate per the SOW below?
Thank you!

Best,

Marcos Esquibel, Acting Complete Streets Division Director Marcos Esquibel

Subject: Amendment No. 1 to On-Call Professional Services Agreement

Vendor Name: Wilson & Company, Inc. Engineers & Architects

Munis Vendor Number: 2574

ITEM AND ISSUE:

Request for Approval of Amendment No. 1 to Professional Services Agreement Item #24-0483 with Wilson & Company, Inc. Engineers & Architects to Increase the Compensation by $5,000,000 for a New Total Amount of $10,000,000 Excluding NMGRT (Romella Glorioso-Moss, rsglorioso-moss@santafenm.gov, (505) 955-6623).

CONTRACT NUMBER:

The FY25 Munis contract number is 3250096.

BACKGROUND AND SUMMARY:

Wilson & Company, Inc., Engineers & Architects, has nearly exhausted the original contract amount of $5,000,000 (excluding NMGRT), while approximately 2.5 years remain in the contract term. During this period, Public Works Capital Projects is managing a significant increase in federally funded projects that require expanded engineering design and construction management support.

To ensure continuity of services and to meet the demands of these new projects, it is necessary to increase the contract amount by an additional $5,000,000 (excluding tax). This amendment will allow the department to assign additional work to Wilson & Company as project needs arise.

Execution of this amendment does not constitute a commitment to purchasing any specific amount of services. Funding for all work authorized under this agreement will be identified and budgeted, as appropriate, for each individual capital improvement project.

CITY OF SANTA FE, PUBLIC WORKS DEPARTMENT
AMENDMENT No. 1 TO
Contract # 24-0483

PROFESSIONAL SERVICES CONTRACT

This AMENDMENT No. 1 (the "Amendment") amends the CITY OF SANTA FE CONTRACT, dated August 1, 2024 (the "Contract"), between the City of Santa Fe (the "City") and **Wilson & Company, Inc., Engineers & Architects** (the "Contractor"). The date of this Amendment shall be the date when it is executed by the City and the Contractor whichever occurs last.

RECITALS:

A. Under the terms of the Contract, Contractor has agreed to provide professional engineering services.

B. Pursuant to Article 14 of the Contract, and for good and valuable consideration, the receipt and sufficiency of which are acknowledged by the parties, the City and the Contractor agree as follows:

1. COMPENSATION.

Article 3, paragraph A of the Contract is amended to increase the amount of compensation by a total of $5,000,000 so that Article 3, paragraph A reads in its entirety as follows:

A. The City shall pay to the Contractor in full payment for services satisfactorily performed as per Task Order, such compensation not to exceed ten million dollars ($10,000,000), excluding gross receipts tax. The New Mexico gross receipts tax levied at the rate of 8.1875% on the amounts payable under this Contract totaling eight hundred eighteen thousand seven hundred fifty dollars ($818,750) shall be paid by the City to the Contractor. The total amount payable to the Contractor under this Agreement, including gross receipts tax and

expenses, shall not exceed ten million eight hundred eighteen thousand seven hundred fifty dollars ($10,818,750). This amount is a maximum and not a guarantee that the work assigned to be performed by Contractor under this Contract shall equal the amount stated herein.

B. The compensation represents a maximum amount. The Contractor must notify the City when the Services provided under this Contract approach 90% of compensation total. Services rendered beyond the maximum compensation amount will not be reimbursed unless the Contract is amended in writing prior to the provision of such services.

C. Invoicing and Payment Terms Payment will be made upon the City's acceptance of deliverables and receipt of a detailed, certified invoice from the Contractor. Payments will be sent to the Contractor's designated address. The City shall issue payment in accordance with the timelines required by law. Invoices must be submitted no later than fifteen (15) days after the Contract's termination. Late invoices will not be processed or paid.

D. Extended Payment Terms for Grant-Funded Contracts For grant-funded agreements, the City may issue payment within forty-five (45) days following submission of an undisputed payment request.

CONTRACT IN FULL FORCE.

Except as specifically provided in this Amendment, the Contract remains and shall remain in full force and effect, in accordance with its terms.

[REMAINDER OF PAGE INTENTIONALLY LEFT BLANK]

[SIGNATURE PAGE TO FOLLOW]

IN WITNESS WHEREOF, the parties have executed this Amendment No. 1 to the Contract as of the dates set forth below.

THIS CONTRACT is made and entered into by and between the City of Santa Fe, New Mexico, hereinafter referred to as the "City," and **Wilson & Company, Inc., Engineers & Architects**, hereinafter referred to as the "Contractor," and is effective as of the date set forth below upon which it is executed by the Parties.

RECITALS

WHEREAS, the Chief Procurement Officer of the City has made the determination that this Agreement is in accordance with the provisions of the New Mexico Procurement Code (NMSA 1978, 13-1-28 et seq.) pursuant to NMSA 1978, section 13-1-111; and

WHEREAS, the Contractor is one of such requisite knowledge and qualifications and is willing to engage with the City for professional services, in accordance with the terms and conditions hereinafter set out, and the Contractor understanding and consenting to the foregoing is willing to render such professional services as outlined in the Agreement; and

The City and the Contractor hereby agree as follows:

1. Scope of Work

The Contractor shall provide the following services for the City:

The Professional Engineer (PE) shall provide On-Call General Engineering Services and Construction Management Services for the design and construction of roadway, trail, drainage, facility, utility and traffic design. Once the City identifies a need, the City will issue a written task order to the PE that will detail required services. Upon receiving the City's request for services, the PE shall provide the City with an estimate of man-hours required to do the work and the parties will negotiate the tasks for each project on a project-by-project basis. The PE may be required to do the project work in phases. Where a project proceeds in phases based on the development model used by the City, the PE shall provide the work estimate for each phase.

Work estimates shall be based on producing the deliverables described in the development model below for the tasks or phase(s) in the task order.

1. PROJECT DEVELOPMENT PHASES

a. Phase 1 - Project Scoping

The PE will review available data, define project scope, conduct scoping field review, and write scoping report in accordance with guidelines of the New Mexico Department of Transportation.

1. Phase 1 Activities:

i. Understanding and documenting existing conditions, environmental, and right-of way needs
ii. Identifying design parameters for the project
iii. Documenting safety considerations
iv. Describing proposed improvements
v. Conducting a preliminary field review meeting
vi. Developing a preliminary engineer's estimate

2. Phase 1 Deliverables
   a. Scoping Report
   The following defines the required contents of the Scoping Report. The PE should evaluate all items listed below but some elements may not apply based on the project type.

      i. Project Summary/General Description
         a) Project data
            - Control number
            - Type of work
            - Project purpose and need
            - Location description
            - Posted route
            - Milepost (coordinates and/or intersections)
            - Project length
            - NMDOT district
            - County
            - Roadway functional classification
            - Terrain type
            - Fiscal year (study, design, construction) and project Termination Date
            - Program (funding category)
         b) Site description (beginning of project to end of project)
         c) Survey requirements (location and/or property survey)
         d) Right-of-way requirements
         e) Environmental Level of Effort (ELOE)
         f) Estimated project development time (from scoping to letting) all within agreement contract time
         g) Estimated project construction schedule and budget

      ii. Existing Conditions (where applicable)
         a) Typical road section
            - Driving lanes per direction
            - Auxiliary lanes (acceleration, deceleration, and turning lanes) and medians
            - Shoulders (including rumble strips/stripes) and/or curb and gutter
            - Surfacing tapers
            - Multi-modal facilities (including transit, pedestrian and bicycle facilities)
         b) Roadside slopes

c) Geotechnical conditions
d) Surfacing type and condition
e) Horizontal alignment
f) Vertical alignment
g) Major and minor roadway intersections
h) Right-of-way width
i) Major structures (> 20-foot span)
j) Other structures (< 20-foot span, may include fencing, retaining walls, cattle guards, concrete box culverts, safety barriers, etc.)
k) Roadway lighting
l) Traffic control and management devices (traffic signals, intelligent transportation system (ITS) equipment, special traffic signs, etc.)
m) Utilities (inventory and owners)
n) Environmental factors
o) Posted speed limit and design speed
p) Driveway and entrances (inventory)
q) Level of service (traffic volume and fleet characteristics)
r) Facilities and compliance with the Americans with Disabilities Act (ADA)
s) Railroad facilities (identify, should include railroad right-of-way, crossings, etc.)
t) Erosion control and landscaping installations
u) School crossings
v) Safety considerations

iii. Proposed Improvements
a) Typical section (including surfacing type and thickness)
b) Major structures
c) Other structures
d) Horizontal alignment
e) Vertical alignment
f) Intersections
g) Turnouts
h) Safety
i) Drainage and erosion control
j) Design exceptions/ variances
k) Detours and traffic control
l) Warrants and signalization
m) Landscaping and irrigation
n) ADA/ pedestrian/ bicycle
o) Special issues or unique project elements

iv. Factors Affecting Project Development and Schedule
a) Survey requirements
b) Environmental requirements and certification
- Archaeological requirements
- Historic preservation requirements (include the State Historic Preservation Officer (SHPO) or Tribal Historic Preservation Officer (THPO)

- Hazardous materials investigations
- Right-of-way (ROW) considerations and certification
- Utility relocations and/or hookups and utility certification
- Outside agency involvement and coordination
- Railroad facilities and certification
- ITS facilities and certification

b. Conceptual Design
Contractor shall inquire with the Director of Public Works to determine whether an Early Neighborhood Notification ("ENN") Meeting will be held for the project. If an ENN is to be held, Contractor shall develop a conceptual design based on the Project Scoping Report, and may be directed to present the conceptual design to the Public via the ENN Meeting described below. Conceptual design can be simply a series of sketches, ideas and explorations, or it can go to considerable depth, including design illustrations, indicative plans, sections and elevations and 3D models of a development approach.

c. ENN Meeting
An ENN is required for certain types of city capital improvement projects requiring review by the governing body as follows:

i. Facility plans for municipal facilities or services, including wastewater, solid waste, potable water and airport facilities.
ii. New projects or projects to expand or extend service to new service areas included in the capital improvement plan or general plan.
iii. Any new road construction or reconstruction of an existing road that materially expands capacity.
iv. Projects funded out of capital impact fee funds.
v. Any new park or reconstruction or expansion of an existing park that exceeds one acre in size or one hundred and fifty thousand dollars ($150,000) in cost.
vi. Construction of a new building or structure at a park or placement of new lighting at a park that exceeds one hundred and fifty thousand dollars ($150,000) in cost.

See APPENDIX A for the ENN Requirements.

b. Phase II – Preliminary Design (30% Design)

Preliminary design defines the general project location and design concepts. It includes, but is not limited to, preliminary engineering and other activities and analyses, such as environmental assessments, topographic surveys, metes and bounds surveys, geotechnical investigations, hydrologic analysis, hydraulic analysis, utility engineering, traffic studies, financial plans, revenue estimates, hazardous materials assessments, general estimates of the types and quantities of materials, and other work needed to establish parameters for the final design. Preliminary design should focus on establishing the horizontal and vertical alignments, typical section, and drainage and structural needs to a level sufficient to establish the project footprint. Contractor shall develop a preliminary design to the standard of the NMDOT for a 30% level of completion.

1. Phase 2 Activities

The following activities should be initiated, if applicable, or required by the Scoping Report:

i. Complete Drainage Report
ii. Development of typical sections, grading plans, geometric alignments
iii. Bridge type/size/location studies, temporary structure requirements, staged bridge construction requirements
iv. Structural design, retaining wall design, noise wall design
v. Guardrail length/layout
vi. Existing property lines
vii. Title and deed research
viii. Soil borings
ix. Cross sections with flow line elevations
x. Ditch designs
xi. Intersection design/configuration
xii. Interchange design/configurations
xiii. Pavement design
xiv. Storm/sanitary sewer design
xv. Culvert design, identification of removal items
xvi. Quantity estimates
xvii. Pavement details/elevation tables
xviii. Preliminary traffic control plans to be maintained during construction
xix. Coordinate railroad impacts
xx. Coordinate ITS impacts and improvements
xxi. Identify utility owners, records research, and begin utility coordination for Subsurface Utility Engineering (SUE)
xxii. Continue documentation for environmental, cultural resource, and hazardous materials investigations, and obtain approvals
xxiii. Hold ENN meeting (APPENDIX A)

If additional right-of-way is needed, the following additional activities need to occur in order during Preliminary Design.

i. Complete property survey
ii. Based on the project footprint, identify cultural and biological resource impacts and prepare plans for avoidance or mitigation .
iii. If there are right-of-way impacts, the PE will schedule a meeting with the NMDOT's Right of Way Bureau and the Tribal/Local Public Agency Coordinator of North Region Design.
iv. Begin Title Search and Title Reports

2. Phase 2 Deliverables

Typically, preliminary design would require a final geotechnical report, a final drainage report, utility location and mapping, right-of-way design and legal descriptions, roadway plan and profiles, bridge and structure types and criteria, plan and profile sheets, a preliminary traffic control plan, a National Pollution Discharge Elimination System (NPDES) permit, and an engineer's construction cost estimate.

The PE shall use the NMDOT format for plan sets with standard information to be completed to a level consistent with the design stage. For NMDOT series sheets standards please refer to the "Tribal/Local Public Agency Handbook", 2019 or most current edition.

c. Phase III – Grade and Drain (60% Design)

The engineer shall address all comments on the 30% complete Preliminary Design by City Staff, including but not limited to Complete Streets, Parks and Open Spaces, Land Use, Public Utilities, and SFMPO, as well as comments by the Bicycle and Pedestrian Advisory Committee and comments from the NMDOT review meeting. All of the components in the 30% Preliminary Design phase are further developed and designed to a greater level of detail.

1. Phase III Activities
   - i. Design drainage improvements
   - ii. Finalize project footprint
   - iii. Complete quantity schedules (if not included in the preliminary plans) and ensure they reflect computed design quantities
   - iv. Prepare and submit design variance and/or exceptions (if applicable)
   - v. Continue with environmental approvals
   - vi. Continue right-of-way process
   - vii. Develop preliminary traffic control plans including a suggested sequence of construction.
   - viii. Submit engineer's estimate
   - ix. Prepare and submit draft contract book, including specifications, special provisions and Notice to Contractor (NTC)
   - x. Incorporate ITS sheets, if necessary
   - xi. Incorporate rail design or mitigation and coordinate rail agreements and special provisions, as required
   - xii. Submit all Public Interest Findings (PIF) requests, if applicable
   - xiii. Coordinate the Storm Water Pollution Prevention Plan (SWPPP) sheets and Temporary Erosion and Sediment Control Plan (TESCP) sheets with the City's River and Watershed Manager (if the project's disturbed area is greater than one acre)
   - xiv. Begin Utility Relocation documentation (if applicable) for utility certification

2. Phase III Deliverables
   Submit to the City's Project Manager the 60% design plan set for review at least 2 weeks in advance of review meeting.

d. Phase 1V - Plan-in-Hand (90% Design)

Comments from the 60% Design review meeting and Constructability Review, when applicable, are incorporated during the 90% Design phase. At 90% Design, the plans, quantities, and engineer's estimate should be nearly complete. Only minor design changes should be occurring at (or after) this design phase. During the 90% Design phase, construction phasing layouts and construction signing, and striping plans are finalized, and project

certification requests are completed and requested from NMDOT's North Region Design Coordinator or T/LPA Coordinator.

1. Phase IV Activities
   i. Finalize plans
   ii. Finalize right-of-way coordination/certification
   iii. Finalize utilities coordination/certification
   iv. Finalize ITS coordination/certification
   v. Finalize railroad coordination/certification
   vi. Finalize environmental certification
   vii. Complete work zone checklist
   viii. Start plans, specifications, and estimates (PS&E) checklist
   ix. Finalize project cost estimate, including testing, construction management, and utility relocation when applicable
   x. Request Disadvantaged Business Enterprise Program (DBE) goal from the Region Coordinator, if applicable
   xi. Finalize project specifications and contract book, including all federal requirements
   xii. If project-specific special provisions are required, those must be submitted to the NMDOT's North Region Design Coordinator or T/LPA Coordinator for review and approval
   xiii. If project-specific Notice to Contractors (NTCs) are required, those must be submitted to the NMDOT's North Region Design Coordinator or T/LPA Coordinator for review and approval

2. Phase IV Deliverables
   The 90% design plans shall include as appropriate: cover sheet, title sheet, typical roadway sections, quantity sheets, general notes, SWPPP Information sheet, TESCP sheets, plan and profile sheets, roadway, trail, interchange and intersection plans, structure placement sheets, special details, bridge plans and foundation recommendations, traffic control and detour plans, permanent signing and striping, signalization, lighting plans, grading plans, earthwork computations, landscape details and/or plans, incorporation of standard plans and those prepared by others, final detail estimate and proposal, supplemental specifications, notice to contractors, and special provisions as required and all other plans/specifications as may be required.

   The 90% design plan set shall further include five (5) required NMDOT certifications. Environmental, ROW, Utility, Railroad, and Intelligent Transportation System (ITS) certifications must be submitted to City's Project Administrator at least two (2) weeks prior the review meeting.

e. Phase V - Plans, Specifications, and Estimate (PS&E)

The PS&E phase incorporates the comments from the 90% Design review meeting and finalizes the plans, quantities, and engineer's estimate. The contract book and specifications are complete, and all certifications are obtained prior to holding the PS&E review.

1. PS&E Deliverables
   a. PS&E package (to be submitted to City Project Administrator at least one week before NMDOT's annual deadline of June 1st)
      i. 100% construction plans
      ii. Engineer's opinion of probable cost
      iii. Contract book
      iv. Environmental clearance and certification documentation
      v. SHPO's concurrence
      vi. Right-of-way certification documentation
      vii. Utility certification documentation
      viii. ITS certification documentation
      ix. Railroad certification documentation
      x. Work zone checklist
      xi. All other applicable maintenance agreements
      xii. PS&E checklist
      xiii. Approved Public Interest Findings (PIFs) and/or variances if applicable

   b. Project Production Package (to be submitted to City Project Administrator at least one week before NMDOT's annual deadline of June 15th)
      i. Stamped and sealed construction plans
      ii. Engineer's opinion of probable cost (including Construction Management if using federal funding to cover these expenses and utility relocation when applicable)
      iii. Contract book (may leave out wage decisions until ready to bid because they can change over time)
      iv. Environmental clearance and certification documentation, including signed environmental commitments sheet in the construction plans
      v. SHPO's or THPO's concurrence
      vi. Right-of-way certification documentation
      vii. Utility certification documentation
      viii. ITS certification documentation
      ix. Railroad certification documentation
      x. Work zone checklist
      xi. All other applicable maintenance agreements
      xii. Signed PS&E checklist
      xiii. Approved PIFs and/or variances if applicable

f. Phase VI - Construction Engineering and Management Services

Construction Engineering and Management Services begins when the City advertises, bids and awards the project.

Upon request, the PE shall review bids and/or offers and provide an opinion to the City's Central Purchasing Office as to whether the bids and/or offers fully address the Invitation to Bid and/or Request for Proposals, and shall recommend selection of a bidder or offeror with written justification for that recommendation.

When a contract is awarded by the City in relation to the project, the PE shall fully execute and participate in the following tasks to implement the construction of the Project in conformance with the plans and specifications:

1. Hold Transition Meeting with City Project Administrator and NMDOT/FHWA Staff to discuss the required project documentation, format for submittals, and procedures to be used to ensure adequate management of a federally-funded construction project.
2. Hold Preconstruction Conference.
3. Duties during construction:
    i. Daily documentation and maintain a project management diary
    ii. Verify all construction activities and documentation meet NMDOT and federal standards and policies
    iii. Supervise activities for government and third-party inspectors and office personnel
    iv. Administer change orders in compliance with the change order provisions stated in the Tribal/Local Public Agency Handbook (current edition).
    v. Coordinate all project activities
    vi. Maintain public relations
    vii. Address all problems and/or concerns related to project designs and plans.
    viii. Approve all project documentation and submittals (including source books, certificates of complianceNPDES permit, payrolls, subcontracts, traffic control diary, quality control plan, and testing reports).
    ix. Enforce contractor's compliance with contract requirements (i.e., Buy America, Disadvantaged Business Enterprise (DBE), EEO, traffic control/safety, etc.)
    x. Administer monthly progress payments
    xi. Reject defective and/or non-compliant material and workmanship, in accordance with the contract
    xii. Interpret the plans and specifications
    xiii. Verify construction activities meet contractor schedule
    xiv. Designate a person familiar with Storm Water Pollution (SWPP) Plan Preparation and Maintenance to review the work of contractors and provide an opinion on compliance to the Public Works Director, when applicable. In order to be considered "familiar," that person would need to have attended the Associated Contractors of New Mexico (ACNM) class "Storm Water Qualified Person" or equivalent.
    xv. Approve the contractor's Quality Control Plan per Section 902, Quality Control, of the NMDOT Standard Specifications at least two weeks prior to the start of any work being performed that requires QC testing for acceptance. Once the Quality Control Plan is approved, PE shall verify that it is on file.
    xvi. Review and approve any proposed changes to the traffic control plan at least two weeks prior to implementation. Ensure the revisions have been designed in accordance with 23 CFR § 630 Subpart J – Work Zone Safety and Mobility and 23 CFR § 630 Subpart K – Temporary Traffic Control Devices and are stamped by a current New Mexico Licensed Professional Engineer. If any part of the revised traffic control will be located on an NMDOT roadway, concurrence from the District Traffic Engineer is required prior to approval by the City project manager. Unapproved changes shall not be allowed in the field.

xvii. Ensure proper B2Gnow and LCPtracker reporting.
xviii. Review and approve progress payments.
xix. Prepare for Project Closure and Final Inspection.

4. Duties after construction

Prepare and submit the Final Package to NMDOT.

In all cases where the PE is responsible for acceptance of a deliverable, payment of invoices remains subject to acceptance by city staff pursuant to Section 3(D) above.

2. Standard of Performance; Licenses

A. The Contractor does hereby accept its designation as a professional service, rendering services related to general engineering and construction management services for the City, as set forth in this Agreement. The Contractor represents that Contractor possesses the personnel, experience, and knowledge necessary to perform the services described under this Contract.

B. The Contractor agrees to obtain and maintain throughout the term of this Contract, all applicable professional and business licenses required by law, for itself, its employees, agents, representatives, and subcontractors.

3. Compensation

A. The City shall pay to the Contractor in full payment for services satisfactorily performed as per Task Order, such compensation not to exceed five million dollars ($5,000,000), excluding gross receipts tax. The New Mexico gross receipts tax levied on the amounts payable under this Contract totaling four hundred nine thousand three hundred seventy-five dollars ($409,375) shall be paid by the City to the Contractor. **The total amount payable to the Contractor under this Agreement, including gross receipts tax and expenses, shall not exceed five million four hundred nine thousand three hundred seventy-five dollars ($5,409,375). This amount is a maximum and not a guarantee that the work assigned to be performed by Contractor under this Contract shall equal the amount stated herein. The parties do not intend for the Contractor to continue to provide services without compensation when the total compensation amount is reached. Contractor is responsible for notifying the City when the services provided under this Contract reach the total compensation amount. In no event will the Contractor be paid for services provided in excess of the total compensation amount without this Contract being amended in writing prior to those services in excess of the total compensation amount being provided.**

B. Payment is subject to availability of funds pursuant to the Appropriations Paragraph set forth below and to any negotiations between the parties from year to year pursuant to Paragraph 1, Scope of Work, and to approval by the City. All invoices MUST BE received by the City no later than thirty 30) days after the termination of the Fiscal Year in which the services were delivered. Invoices received after such date WILL NOT BE PAID.

C. Payment in future fiscal years is subject to availability of funds pursuant to the Appropriations Paragraph set forth below and to any negotiations between the parties from year to year pursuant to Paragraph 1, Scope of Work, and to approval by the City. All invoices MUST BE received by the City no later than fifteen (15) days after the termination of the Fiscal Year in which the services were delivered.

Invoices received after such date WILL NOT BE PAID.)

D. Contractor must submit a detailed statement accounting for all services performed and expenses incurred. If the City finds that the services are not acceptable, within thirty days after the date of receipt of written notice from the Contractor that payment is requested, it shall provide the Contractor a letter of exception explaining the defect or objection to the services, and outlining steps the Contractor may take to provide remedial action. Upon certification by the City that the services have been received and accepted, payment shall be tendered to the Contractor within thirty days after the date of acceptance. If payment is made by mail, the payment shall be deemed tendered on the date it is postmarked.

E. If the City fails to pay the contractor within twenty-one days after receipt of an undisputed request for payment, the City shall pay interest to the contractor beginning on the twenty-second day after payment was due, computed at one and one-half percent of the undisputed amount per month or fraction of a month until the payment is issued. If the City receives an improperly completed invoice, the City shall notify the sender of the invoice within seven days of receipt in what way the invoice is improperly completed, and the owner has no further duty to pay on the improperly completed invoice until it is resubmitted as complete.

F. **Notice of Extended Payment Provision For Grant Funded Contracts**. This contract allows the owner to make payment within 45 days after submission of an undisputed request for payment.

4. Term

THIS CONTRACT SHALL NOT BECOME EFFECTIVE UNTIL APPROVED BY THE CITY. This Contract shall terminate **four (4) years from date of final signature** unless terminated pursuant to paragraph 5 (Termination) and paragraph 6 (Appropriations) in accordance with NMSA 1978, Sections 13-1-150 through 152.

5. Termination

A. Grounds. The City may terminate this Agreement for convenience or cause. For contracts within their authority, the City Manager or their designee is authorized to provide the notice of termination, otherwise such notice of termination shall be provided by the Mayor or their designee as authorized by the Governing Body. The Contractor may only terminate this Agreement based upon the City's uncured, material breach of this Agreement.

B. Notice; City Opportunity to Cure.

1) The City shall give Contractor written notice of termination at least thirty (30) days prior to the intended date of termination.

2) Contractor shall give City written notice of termination at least thirty (30) days prior to the intended date of termination, which notice shall (i) identify all the City's material breaches of this Agreement upon which the termination is based and (ii) state what the City must do to cure such material breaches. Contractor's notice of termination shall only be effective (i) if the City does not cure all material breaches within the thirty (30) day notice period or (ii) in the case of material breaches that cannot be cured within thirty (30) days, the City does not, within the thirty (30) day notice period, notify the Contractor of its intent to cure and begin with due diligence to cure the material breach.

3) Notwithstanding the foregoing, this Agreement may be terminated immediately upon written notice to the Contractor (i) if the Contractor becomes unable to perform the services contracted for, as determined by the City; (ii) if, during the term of this Agreement, the Contractor is suspended or debarred by the City; or (iii) the Agreement is terminated pursuant to

Paragraph 6, "Appropriations", of this Agreement.

C. Liability. Except as otherwise expressly allowed or provided under this Agreement, the City's sole liability upon termination shall be to pay for acceptable work performed prior to the Contractor's receipt or issuance of a notice of termination; provided, however, that a notice of termination shall not nullify or otherwise affect either party's liability for pre-termination defaults under or breaches of this Agreement. The Contractor shall submit an invoice for such work within thirty (30) days of receiving or sending the notice of termination. *THIS PROVISION IS NOT EXCLUSIVE AND DOES NOT WAIVE THE CITY'S OTHER LEGAL RIGHTS AND REMEDIES CAUSED BY THE CONTRACTOR'S DEFAULT/BREACH OF THIS AGREEMENT.*

6. Appropriations

The terms of this Contract are contingent upon sufficient appropriations and authorization being made by the Governing Body for the performance of this Contract. If sufficient appropriations and authorization are not made by the Governing Body, this Contract shall terminate immediately upon written notice being given by the City to the Contractor. The City's decision as to whether sufficient appropriations are available shall be accepted by the Contractor and shall be final. If the City proposes an amendment to the Contract to unilaterally reduce funding, the Contractor shall have the option to terminate the Contract or to agree to the reduced funding, within thirty (30) days of receipt of the proposed amendment.

7. Status of Contractor

The Contractor and its agents and employees are independent contractors performing professional services for the City and are not employees of the City. The Contractor and its agents and employees shall not accrue leave, retirement, insurance, bonding, use of City vehicles, or any other benefits afforded to employees of the City as a result of this Contract. The Contractor acknowledges that all sums received hereunder are reportable by the Contractor for tax purposes, including without limitation, self-employment and business income tax. The Contractor agrees not to purport to bind the City unless the Contractor has express written authority to do so, and then only within the strict limits of that authority.

8. Assignment

The Contractor shall not assign or transfer any interest in this Contract or assign any claims for money due or to become due under this Contract without the prior written approval of the City.

9. Subcontracting

The Contractor shall not subcontract any portion of the services to be performed under this Contract without the prior written approval of the City. No such subcontract shall relieve the primary Contractor from its obligations and liabilities under this Contract, nor shall any subcontract obligate direct payment from the City.

10. Release

Final payment of the amounts due under this Contract shall operate as a release of the City, its officers and employees from all liabilities, claims and obligations whatsoever arising from or under this Contract.

11. Confidentiality

Any confidential information provided to or developed by the Contractor in the performance of this Contract shall be kept confidential and shall not be made available to any individual or organization by the Contractor without the prior written approval of the City.

12. Product of Service -- Copyright

All materials developed or acquired by the Contractor under this Contract shall become the property of the City and shall be delivered to the City no later than the termination date of this Contract. Nothing developed or produced, in whole or in part, by the Contractor under this Contract shall be the subject of an application for copyright or other claim of ownership by or on behalf of the Contractor.

13. Conflict of Interest; Governmental Conduct Act

A. The Contractor represents and warrants that it presently has no interest and, during the term of this Contract, shall not acquire any interest, direct or indirect, which would conflict in any manner or degree with the performance or services required under the Contract.

B. The Contractor further represents and warrants that it has complied with, and, during the term of this Contract, will continue to comply with, and that this Contract complies with all applicable provisions of the Governmental Conduct Act, Chapter 10, Article 16 NMSA 1978.

C. Contractor's representations and warranties in Paragraphs A and B of this Article are material representations of fact upon which the City relied when this Contract was entered into by the parties. Contractor shall provide immediate written notice to the City if, at any time during the term of this Contract, Contractor learns that Contractor's representations and warranties in Paragraphs A and B of this Article were erroneous on the effective date of this Contract or have become erroneous by reason of new or changed circumstances. If it is later determined that Contractor's representations and warranties in Paragraphs A and B of this Article were erroneous on the effective date of this Contract or have become erroneous by reason of new or changed circumstances, in addition to other remedies available to the City and notwithstanding anything in the Contract to the contrary, the City may immediately terminate the Contract.

D. All terms defined in the Governmental Conduct Act have the same meaning in this section.

14. Amendment

A. This Agreement shall not be altered, changed, or amended except by instrument in writing executed by the parties hereto and all other required signatories.

B. If the City proposes an amendment to the Contract to unilaterally reduce funding due to budget or other considerations, the Contractor shall, within thirty (30) days of receipt of the proposed Amendment, have the option to terminate the Contract, pursuant to the termination provisions as set forth in Article 4 herein, or to agree to the reduced funding.

15. Entire Agreement.

This Agreement, together with any other documents incorporated herein by reference and all related Exhibits and Schedules constitutes the sole and entire agreement of the Parties with respect to the subject matter of this Agreement, and supersedes all prior and contemporaneous understandings, agreements, representations, and warranties, both written and oral, with respect to the subject matter. In the event of any inconsistency between the statements in the body of this Agreement, and the related Exhibits and Schedules, the statements in the body of this Agreement shall control.

16. Merger

This Contract incorporates all the Agreements, covenants and understandings between the parties hereto concerning the subject matter hereof, and all such covenants, agreements, and understandings have been merged into this written contract.

All terms and conditions of the **RFP #24001 On-Call General Engineering Services for Roadway, Trail, Bridge, Drainage, Facility, Utility and Traffic Design** and the Contractor's response to such document(s) are incorporated herein by reference and is included in the order of precedence.

No prior Agreement or understanding, oral or otherwise, of the parties or their agents shall be valid or enforceable unless embodied in this Contract.

17. Penalties for violation of law

NMSA 1978, sections 13-1-28 through 13-1-199, imposes civil and criminal penalties for its violation. In addition, the New Mexico criminal statutes impose felony penalties for illegal bribes, gratuities, and kickbacks.

18. Equal Opportunity Compliance

The Contractor agrees to abide by all federal and state laws and rules and regulations, and Santa Fe City Code, pertaining to equal employment opportunity. In accordance with all such laws of the State of New Mexico, the Contractor assures that no person in the United States shall, on the grounds of race, religion, color, national origin, ancestry, sex, age, physical or mental handicap, or serious medical condition, spousal affiliation, sexual orientation or gender identity, be excluded from employment with or participation in, be denied the benefits of, or be otherwise subjected to discrimination under any program or activity performed under this Contract. If Contractor is found not to be in compliance with these requirements during the life of this Contract, Contractor agrees to take appropriate steps to correct these deficiencies.

19. Applicable Law

The laws of the State of New Mexico shall govern this Contract, without giving effect to its choice of law provisions. Venue shall be proper only in a New Mexico court of competent jurisdiction in accordance with NMSA 1978, section 38-3-2. By execution of this Contract, Contractor acknowledges and agrees to the jurisdiction of the courts of the State of New Mexico over any and all lawsuits arising under or out of any term of this Contract.

20. Workers Compensation

The Contractor agrees to comply with state laws and rules applicable to workers compensation benefits for its employees. If the Contractor fails to comply with the Workers Compensation Act and applicable rules when required to do so, this Contract may be terminated by the City.

21. Professional Liability Insurance

Contractor shall maintain professional liability insurance throughout the term of this Contract providing a minimum coverage in the amount required under the New Mexico Tort Claims Act. The Contractor shall furnish the City with proof of insurance of Contractor's compliance with the provisions of this section as a condition prior to performing services under this Contract.

22. Other Insurance

If the services contemplated under this Contract will be performed on or in City facilities or property, Contractor shall maintain in force during the entire term of this Contract, the following insurance coverage(s), naming the City as additional insured.

A. **Commercial General Liability** insurance shall be written on an occurrence basis and be a broad as ISO Form CG 00 01 with limits not less than $2,000,000 per occurrence and $2,000,000 in the aggregate for claims against bodily injury, personal and advertising injury, and property damage. Said policy shall include broad form Contractual Liability coverage and be endorsed to name the City of Santa Fe their officials, officers, employees, and agents as additional insureds.

B. **Business Automobile Liability** insurance for all owned, non-owned automobiles, with a combined single limit not less than $1,000,000 per accident.

C. **Broader Coverage and Limits**. The insurance requirements under this Contract shall be the greater of (1) the minimum coverage and limits specified in this Contract, or (2) the broader coverage and maximum limits of coverage of any insurance policy or proceeds available to the Named Insured. It is agreed that these insurance requirements shall not in any way act to reduce coverage that is broader or that includes higher limits than the minimums required herein. No representation is made that the minimum insurance requirements of this Contract are sufficient to cover the obligations of Contractor hereunder.

D. Contractor shall maintain the above insurance for the term of this Contract and name the City as an additional insured and provide for 30 days cancellation notice on any Certificate of Insurance form furnished by Contractor. Such certificate shall also specifically state the coverage provided under the policy is primary over any other valid and collectible insurance and provide a waiver of subrogation.

23. Records and Financial Audit

The Contractor shall maintain detailed time and expenditure records that indicate the date; time, nature and cost of services rendered during the Contract's term and effect and retain them for a period of three (3) years from the date of final payment under this Contract. The records shall be subject to inspection by the City. The City shall have the right to audit billings both before and after payment. Payment under this Contract shall not foreclose the right of the City to recover excessive or illegal payments.

24. Indemnification

The Contractor shall defend, indemnify and hold harmless the City from all actions, proceeding, claims, demands, costs, damages, attorneys' fees and all other liabilities and expenses of any kind from any source which may arise out of the performance of this Contract, caused by the negligent act or failure to act of the Contractor, its officers, employees, servants, subcontractors or agents, or if caused by the actions of any client of the Contractor resulting in injury or damage to persons or property during the time when the Contractor or any officer, agent, employee, servant or subcontractor thereof has or is performing services pursuant to this Contract. If any action, suit or proceeding related to the services performed by the Contractor or any officer, agent, employee, servant or subcontractor under this Contract is brought against the Contractor, the Contractor shall, as soon as practicable but no later than two (2) days after it receives notice thereof, notify the legal counsel of the City.

25. New Mexico Tort Claims Act

Any liability incurred by the City of Santa Fe in connection with this Contract is subject to the immunities

and limitations of the New Mexico Tort Claims Act, Section 41-4-1, et. seq. NMSA 1978, as amended. The City and its "public employees" as defined in the New Mexico Tort Claims Act, do not waive sovereign immunity, do not waive any defense and do not waive any limitation of liability pursuant to law. No provision in this Contract modifies or waives any provision of the New Mexico Tort Claims Act.

26. Invalid Term or Condition

If any term or condition of this Contract shall be held invalid or unenforceable, the remainder of this Contract shall not be affected and shall be valid and enforceable.

27. Enforcement of Contract

A party's failure to require strict performance of any provision of this Contract shall not waive or diminish that party's right thereafter to demand strict compliance with that or any other provision. No waiver by a party of any of its rights under this Contract shall be effective unless express and in writing, and no effective waiver by a party of any of its rights shall be effective to waive any other rights.

28. Notices

Any notice required to be given to either party by this Contract shall be in writing and shall be delivered in person, by courier service or by U.S. mail, either first class or certified, return receipt requested, postage prepaid, as follows:

To the City: Regina Wheeler, Public Works Department Director, City of Santa Fe, P.O. Box 909 Santa Fe, NM 87504-0909, rawheeler@santafenm.gov.

To the Contractor: Daniel Aguirre, PE, Senior Vice President, Wilson & Company, Inc., Engineers & Architects, 4401 Masthead Street NE, Suite 150, Albuquerque, NM 87109, daniel.aguirre@wilsonco.com.

29. Authority

If Contractor is other than a natural person, the individual(s) signing this Contract on behalf of Contractor represents and warrants that he or she has the power and authority to bind Contractor, and that no further action, resolution, or approval from Contractor is necessary to enter a binding contract.

30. Non-Collusion

In signing this Agreement, the Contractor certifies the Contractor has not, either directly or indirectly, entered into action in restraint of free competitive bidding in connection with this offer submitted to the City's Chief Procurement Officer.

31. Default/Breach

In case of Default and/or Breach by the Contractor, for any reason whatsoever, the City may procure the goods or services from another source and hold the Contractor responsible for any resulting excess costs and/or damages, including but not limited to, direct damages, indirect damages, consequential damages, special damages, and the City may also seek all other remedies under the terms of this Agreement and under law or equity.

32. Equitable Remedies

The Contractor acknowledges that its failure to comply with any provision of this Agreement will cause the City irrevocable harm and that a remedy at law for such a failure would be an inadequate remedy for the City, and the Contractor consents to the City 's obtaining from a court of competent jurisdiction, specific performance,

or injunction, or any other equitable relief in order to enforce such compliance. The City's rights to obtain equitable relief pursuant to this Agreement shall be in addition to, and not in lieu of, any other remedy that the City may have under applicable law, including, but not limited to, monetary damages.

33. Default and Force Majeure

The City reserves the right to cancel all, or any part of any orders placed under this Agreement without cost to the City, if the Contractor fails to meet the provisions of this Agreement and, except as otherwise provided herein, to hold the Contractor liable for any excess cost occasioned by the City due to the Contractor's default. The Contractor shall not be liable for any excess costs if failure to perform the order arises out of causes beyond the control and without the fault or negligence of the Contractor; such causes include, but are not restricted to, acts of God or the public enemy, acts of the State or Federal Government, fires, floods, epidemics, quarantine restrictions, strikes, freight embargoes, unusually severe weather and defaults of subcontractors due to any of the above, unless the City shall determine that the supplies or services to be furnished by the subcontractor were obtainable from other sources in sufficient time to permit the Contractor to meet the required delivery scheduled. The rights and remedies of the City provided in this Clause shall not be exclusive and are in addition to any other rights now being provided by law or under this Agreement.

IN WITNESS WHEREOF, the Parties have executed this Contract as of the date of the signature by the required approval authorities below.

City of Santa Fe, New Mexico
Memorandum

DATE: July 5, 2024

TO: Governing Body

VIA: Regina Wheeler
Regina Wheeler (Jul 8, 2024 14:55 MDT)
Regina Wheeler, Public Works Department Director

FROM: Romella Glorioso-Moss, PhD, CPM, Complete Streets Capital Projects Manager RGM

ACTION:
Request for Approval of Professional Services Agreement with Wilson & Co., Inc. Engineers and Architects to Provide On-Call General Engineering Services in an Amount Not to Exceed $5,409,375 including NMGRT for Four Years. (Romella Glorioso-Moss, Capital Projects Manager: rsglorioso-moss@santafenm.gov)

BACKGROUND AND SUMMARY:
Pursuant to New Mexico Procurement Code Section 1.4.1.31, RFP 24001 was issued with the purpose of establishing multiple on call contracts for professional general engineering services to support infrastructure projects including roadway, trail, drainage, bridge, facility, parks, utility, transit and others. The RFP process determined that awarding an on-call contract to Wilson & Co., Inc. Engineers and Architects is in the best interest and is advantageous to the City of Santa Fe. A total of 7 contracts are recommended for award as a result of this RFP. Having multiple professional service firms under contract provides capacity and expertise to deploy the City's extensive state and federal infrastructure funding. Having multiple vendors under on-call contract also facilitates the solicitation of multiple quotations on any particular piece of work and selection of best value provider for a particular task.

The total amount payable to the Contractor under this Agreement, including gross receipts tax and expenses, shall not exceed $5,409,375 over 4 years. Execution of this agreement does not constitute any promise to purchase any amount of work. Funds for these services will be identified and budgeted, as needed, for each individual capital improvement project.

PROCUREMENT METHOD:
The procurement method is via RFP 24001.

CITY OF SANTA FE

PROFESSIONAL SERVICES CONTRACT

THIS CONTRACT is made and entered into by and between the City of Santa Fe, New Mexico, hereinafter referred to as the "City," and **Wilson & Company, Inc., Engineers & Architects**, hereinafter referred to as the "Contractor," and is effective as of the date set forth below upon which it is executed by the Parties.

RECITALS

WHEREAS, the Chief Procurement Officer of the City has made the determination that this Agreement is in accordance with the provisions of the New Mexico Procurement Code (NMSA 1978, 13-1-28 et seq.) pursuant to NMSA 1978, section 13-1-111; and

WHEREAS, the Contractor is one of such requisite knowledge and qualifications and is willing to engage with the City for professional services, in accordance with the terms and conditions hereinafter set out, and the Contractor understanding and consenting to the foregoing is willing to render such professional services as outlined in the Agreement; and

The City and the Contractor hereby agree as follows:

1. Scope of Work

The Contractor shall provide the following services for the City:

The Professional Engineer (PE) shall provide On-Call General Engineering Services and Construction Management Services for the design and construction of roadway, trail, drainage, facility, utility and traffic design. Once the City identifies a need, the City will issue a written task order to the PE that will detail required services. Upon receiving the City's request for services, the PE shall provide the City with an estimate of man-hours required to do the work and the parties will negotiate the tasks for each project on a project-by-project basis. The PE may be required to do the project work in phases. Where a project proceeds in phases based on the development model used by the City, the PE shall provide the work estimate for each phase.

Work estimates shall be based on producing the deliverables described in the development model below for the tasks or phase(s) in the task order.

1. PROJECT DEVELOPMENT PHASES

a. Phase 1 - Project Scoping

The PE will review available data, define project scope, conduct scoping field review, and write scoping report in accordance with guidelines of the New Mexico Department of Transportation.

1. Phase 1 Activities:

i. Understanding and documenting existing conditions, environmental, and right-of way needs
ii. Identifying design parameters for the project
iii. Documenting safety considerations
iv. Describing proposed improvements
v. Conducting a preliminary field review meeting
vi. Developing a preliminary engineer's estimate

2. Phase 1 Deliverables
   a. Scoping Report
   The following defines the required contents of the Scoping Report. The PE should evaluate all items listed below but some elements may not apply based on the project type.

      i. Project Summary/General Description
         a) Project data
            - Control number
            - Type of work
            - Project purpose and need
            - Location description
            - Posted route
            - Milepost (coordinates and/or intersections)
            - Project length
            - NMDOT district
            - County
            - Roadway functional classification
            - Terrain type
            - Fiscal year (study, design, construction) and project Termination Date
            - Program (funding category)
         b) Site description (beginning of project to end of project)
         c) Survey requirements (location and/or property survey)
         d) Right-of-way requirements
         e) Environmental Level of Effort (ELOE)
         f) Estimated project development time (from scoping to letting) all within agreement contract time
         g) Estimated project construction schedule and budget

      ii. Existing Conditions (where applicable)
         a) Typical road section
            - Driving lanes per direction
            - Auxiliary lanes (acceleration, deceleration, and turning lanes) and medians
            - Shoulders (including rumble strips/stripes) and/or curb and gutter
            - Surfacing tapers
            - Multi-modal facilities (including transit, pedestrian and bicycle facilities)
         b) Roadside slopes

c) Geotechnical conditions
d) Surfacing type and condition
e) Horizontal alignment
f) Vertical alignment
g) Major and minor roadway intersections
h) Right-of-way width
i) Major structures (> 20-foot span)
j) Other structures (< 20-foot span, may include fencing, retaining walls, cattle guards, concrete box culverts, safety barriers, etc.)
k) Roadway lighting
l) Traffic control and management devices (traffic signals, intelligent transportation system (ITS) equipment, special traffic signs, etc.)
m) Utilities (inventory and owners)
n) Environmental factors
o) Posted speed limit and design speed
p) Driveway and entrances (inventory)
q) Level of service (traffic volume and fleet characteristics)
r) Facilities and compliance with the Americans with Disabilities Act (ADA)
s) Railroad facilities (identify, should include railroad right-of-way, crossings, etc.)
t) Erosion control and landscaping installations
u) School crossings
v) Safety considerations

iii. Proposed Improvements
a) Typical section (including surfacing type and thickness)
b) Major structures
c) Other structures
d) Horizontal alignment
e) Vertical alignment
f) Intersections
g) Turnouts
h) Safety
i) Drainage and erosion control
j) Design exceptions/ variances
k) Detours and traffic control
l) Warrants and signalization
m) Landscaping and irrigation
n) ADA/ pedestrian/ bicycle
o) Special issues or unique project elements

iv. Factors Affecting Project Development and Schedule
a) Survey requirements
b) Environmental requirements and certification
- Archaeological requirements
- Historic preservation requirements (include the State Historic Preservation Officer (SHPO) or Tribal Historic Preservation Officer (THPO)

- Hazardous materials investigations
- Right-of-way (ROW) considerations and certification
- Utility relocations and/or hookups and utility certification
- Outside agency involvement and coordination
- Railroad facilities and certification
- ITS facilities and certification

b. Conceptual Design
Contractor shall inquire with the Director of Public Works to determine whether an Early Neighborhood Notification ("ENN") Meeting will be held for the project. If an ENN is to be held, Contractor shall develop a conceptual design based on the Project Scoping Report, and may be directed to present the conceptual design to the Public via the ENN Meeting described below. Conceptual design can be simply a series of sketches, ideas and explorations, or it can go to considerable depth, including design illustrations, indicative plans, sections and elevations and 3D models of a development approach.

c. ENN Meeting
An ENN is required for certain types of city capital improvement projects requiring review by the governing body as follows:

i. Facility plans for municipal facilities or services, including wastewater, solid waste, potable water and airport facilities.
ii. New projects or projects to expand or extend service to new service areas included in the capital improvement plan or general plan.
iii. Any new road construction or reconstruction of an existing road that materially expands capacity.
iv. Projects funded out of capital impact fee funds.
v. Any new park or reconstruction or expansion of an existing park that exceeds one acre in size or one hundred and fifty thousand dollars ($150,000) in cost.
vi. Construction of a new building or structure at a park or placement of new lighting at a park that exceeds one hundred and fifty thousand dollars ($150,000) in cost.

See APPENDIX A for the ENN Requirements.

b. Phase II – Preliminary Design (30% Design)

Preliminary design defines the general project location and design concepts. It includes, but is not limited to, preliminary engineering and other activities and analyses, such as environmental assessments, topographic surveys, metes and bounds surveys, geotechnical investigations, hydrologic analysis, hydraulic analysis, utility engineering, traffic studies, financial plans, revenue estimates, hazardous materials assessments, general estimates of the types and quantities of materials, and other work needed to establish parameters for the final design. Preliminary design should focus on establishing the horizontal and vertical alignments, typical section, and drainage and structural needs to a level sufficient to establish the project footprint. Contractor shall develop a preliminary design to the standard of the NMDOT for a 30% level of completion.

1. Phase 2 Activities

The following activities should be initiated, if applicable, or required by the Scoping Report:

i. Complete Drainage Report
ii. Development of typical sections, grading plans, geometric alignments
iii. Bridge type/size/location studies, temporary structure requirements, staged bridge construction requirements
iv. Structural design, retaining wall design, noise wall design
v. Guardrail length/layout
vi. Existing property lines
vii. Title and deed research
viii. Soil borings
ix. Cross sections with flow line elevations
x. Ditch designs
xi. Intersection design/configuration
xii. Interchange design/configurations
xiii. Pavement design
xiv. Storm/sanitary sewer design
xv. Culvert design, identification of removal items
xvi. Quantity estimates
xvii. Pavement details/elevation tables
xviii. Preliminary traffic control plans to be maintained during construction
xix. Coordinate railroad impacts
xx. Coordinate ITS impacts and improvements
xxi. Identify utility owners, records research, and begin utility coordination for Subsurface Utility Engineering (SUE)
xxii. Continue documentation for environmental, cultural resource, and hazardous materials investigations, and obtain approvals
xxiii. Hold ENN meeting (APPENDIX A)

If additional right-of-way is needed, the following additional activities need to occur in order during Preliminary Design.

i. Complete property survey
ii. Based on the project footprint, identify cultural and biological resource impacts and prepare plans for avoidance or mitigation .
iii. If there are right-of-way impacts, the PE will schedule a meeting with the NMDOT's Right of Way Bureau and the Tribal/Local Public Agency Coordinator of North Region Design.
iv. Begin Title Search and Title Reports

2. Phase 2 Deliverables

Typically, preliminary design would require a final geotechnical report, a final drainage report, utility location and mapping, right-of-way design and legal descriptions, roadway plan and profiles, bridge and structure types and criteria, plan and profile sheets, a preliminary traffic control plan, a National Pollution Discharge Elimination System (NPDES) permit, and an engineer's construction cost estimate.

The PE shall use the NMDOT format for plan sets with standard information to be completed to a level consistent with the design stage. For NMDOT series sheets standards please refer to the "Tribal/Local Public Agency Handbook", 2019 or most current edition.

c. Phase III – Grade and Drain (60% Design)

The engineer shall address all comments on the 30% complete Preliminary Design by City Staff, including but not limited to Complete Streets, Parks and Open Spaces, Land Use, Public Utilities, and SFMPO, as well as comments by the Bicycle and Pedestrian Advisory Committee and comments from the NMDOT review meeting. All of the components in the 30% Preliminary Design phase are further developed and designed to a greater level of detail.

1. Phase III Activities
   - i. Design drainage improvements
   - ii. Finalize project footprint
   - iii. Complete quantity schedules (if not included in the preliminary plans) and ensure they reflect computed design quantities
   - iv. Prepare and submit design variance and/or exceptions (if applicable)
   - v. Continue with environmental approvals
   - vi. Continue right-of-way process
   - vii. Develop preliminary traffic control plans including a suggested sequence of construction.
   - viii. Submit engineer's estimate
   - ix. Prepare and submit draft contract book, including specifications, special provisions and Notice to Contractor (NTC)
   - x. Incorporate ITS sheets, if necessary
   - xi. Incorporate rail design or mitigation and coordinate rail agreements and special provisions, as required
   - xii. Submit all Public Interest Findings (PIF) requests, if applicable
   - xiii. Coordinate the Storm Water Pollution Prevention Plan (SWPPP) sheets and Temporary Erosion and Sediment Control Plan (TESCP) sheets with the City's River and Watershed Manager (if the project's disturbed area is greater than one acre)
   - xiv. Begin Utility Relocation documentation (if applicable) for utility certification

2. Phase III Deliverables
   Submit to the City's Project Manager the 60% design plan set for review at least 2 weeks in advance of review meeting.

d. Phase 1V - Plan-in-Hand (90% Design)

Comments from the 60% Design review meeting and Constructability Review, when applicable, are incorporated during the 90% Design phase. At 90% Design, the plans, quantities, and engineer's estimate should be nearly complete. Only minor design changes should be occurring at (or after) this design phase. During the 90% Design phase, construction phasing layouts and construction signing, and striping plans are finalized, and project

certification requests are completed and requested from NMDOT's North Region Design Coordinator or T/LPA Coordinator.

1. Phase IV Activities
   i. Finalize plans
   ii. Finalize right-of-way coordination/certification
   iii. Finalize utilities coordination/certification
   iv. Finalize ITS coordination/certification
   v. Finalize railroad coordination/certification
   vi. Finalize environmental certification
   vii. Complete work zone checklist
   viii. Start plans, specifications, and estimates (PS&E) checklist
   ix. Finalize project cost estimate, including testing, construction management, and utility relocation when applicable
   x. Request Disadvantaged Business Enterprise Program (DBE) goal from the Region Coordinator, if applicable
   xi. Finalize project specifications and contract book, including all federal requirements
   xii. If project-specific special provisions are required, those must be submitted to the NMDOT's North Region Design Coordinator or T/LPA Coordinator for review and approval
   xiii. If project-specific Notice to Contractors (NTCs) are required, those must be submitted to the NMDOT's North Region Design Coordinator or T/LPA Coordinator for review and approval

2. Phase IV Deliverables
   The 90% design plans shall include as appropriate: cover sheet, title sheet, typical roadway sections, quantity sheets, general notes, SWPPP Information sheet, TESCP sheets, plan and profile sheets, roadway, trail, interchange and intersection plans, structure placement sheets, special details, bridge plans and foundation recommendations, traffic control and detour plans, permanent signing and striping, signalization, lighting plans, grading plans, earthwork computations, landscape details and/or plans, incorporation of standard plans and those prepared by others, final detail estimate and proposal, supplemental specifications, notice to contractors, and special provisions as required and all other plans/specifications as may be required.

   The 90% design plan set shall further include five (5) required NMDOT certifications. Environmental, ROW, Utility, Railroad, and Intelligent Transportation System (ITS) certifications must be submitted to City's Project Administrator at least two (2) weeks prior the review meeting.

e. Phase V - Plans, Specifications, and Estimate (PS&E)

The PS&E phase incorporates the comments from the 90% Design review meeting and finalizes the plans, quantities, and engineer's estimate. The contract book and specifications are complete, and all certifications are obtained prior to holding the PS&E review.

1. PS&E Deliverables
   a. PS&E package (to be submitted to City Project Administrator at least one week before NMDOT's annual deadline of June 1st)
      i. 100% construction plans
      ii. Engineer's opinion of probable cost
      iii. Contract book
      iv. Environmental clearance and certification documentation
      v. SHPO's concurrence
      vi. Right-of-way certification documentation
      vii. Utility certification documentation
      viii. ITS certification documentation
      ix. Railroad certification documentation
      x. Work zone checklist
      xi. All other applicable maintenance agreements
      xii. PS&E checklist
      xiii. Approved Public Interest Findings (PIFs) and/or variances if applicable

   b. Project Production Package (to be submitted to City Project Administrator at least one week before NMDOT's annual deadline of June 15th)
      i. Stamped and sealed construction plans
      ii. Engineer's opinion of probable cost (including Construction Management if using federal funding to cover these expenses and utility relocation when applicable)
      iii. Contract book (may leave out wage decisions until ready to bid because they can change over time)
      iv. Environmental clearance and certification documentation, including signed environmental commitments sheet in the construction plans
      v. SHPO's or THPO's concurrence
      vi. Right-of-way certification documentation
      vii. Utility certification documentation
      viii. ITS certification documentation
      ix. Railroad certification documentation
      x. Work zone checklist
      xi. All other applicable maintenance agreements
      xii. Signed PS&E checklist
      xiii. Approved PIFs and/or variances if applicable

f. Phase VI - Construction Engineering and Management Services

Construction Engineering and Management Services begins when the City advertises, bids and awards the project.

Upon request, the PE shall review bids and/or offers and provide an opinion to the City's Central Purchasing Office as to whether the bids and/or offers fully address the Invitation to Bid and/or Request for Proposals, and shall recommend selection of a bidder or offeror with written justification for that recommendation.

When a contract is awarded by the City in relation to the project, the PE shall fully execute and participate in the following tasks to implement the construction of the Project in conformance with the plans and specifications:

1. Hold Transition Meeting with City Project Administrator and NMDOT/FHWA Staff to discuss the required project documentation, format for submittals, and procedures to be used to ensure adequate management of a federally-funded construction project.
2. Hold Preconstruction Conference.
3. Duties during construction:
    i. Daily documentation and maintain a project management diary
    ii. Verify all construction activities and documentation meet NMDOT and federal standards and policies
    iii. Supervise activities for government and third-party inspectors and office personnel
    iv. Administer change orders in compliance with the change order provisions stated in the Tribal/Local Public Agency Handbook (current edition).
    v. Coordinate all project activities
    vi. Maintain public relations
    vii. Address all problems and/or concerns related to project designs and plans.
    viii. Approve all project documentation and submittals (including source books, certificates of complianceNPDES permit, payrolls, subcontracts, traffic control diary, quality control plan, and testing reports).
    ix. Enforce contractor's compliance with contract requirements (i.e., Buy America, Disadvantaged Business Enterprise (DBE), EEO, traffic control/safety, etc.)
    x. Administer monthly progress payments
    xi. Reject defective and/or non-compliant material and workmanship, in accordance with the contract
    xii. Interpret the plans and specifications
    xiii. Verify construction activities meet contractor schedule
    xiv. Designate a person familiar with Storm Water Pollution (SWPP) Plan Preparation and Maintenance to review the work of contractors and provide an opinion on compliance to the Public Works Director, when applicable. In order to be considered "familiar," that person would need to have attended the Associated Contractors of New Mexico (ACNM) class "Storm Water Qualified Person" or equivalent.
    xv. Approve the contractor's Quality Control Plan per Section 902, Quality Control, of the NMDOT Standard Specifications at least two weeks prior to the start of any work being performed that requires QC testing for acceptance. Once the Quality Control Plan is approved, PE shall verify that it is on file.
    xvi. Review and approve any proposed changes to the traffic control plan at least two weeks prior to implementation. Ensure the revisions have been designed in accordance with 23 CFR § 630 Subpart J – Work Zone Safety and Mobility and 23 CFR § 630 Subpart K – Temporary Traffic Control Devices and are stamped by a current New Mexico Licensed Professional Engineer. If any part of the revised traffic control will be located on an NMDOT roadway, concurrence from the District Traffic Engineer is required prior to approval by the City project manager. Unapproved changes shall not be allowed in the field.

xvii. Ensure proper B2Gnow and LCPtracker reporting.
xviii. Review and approve progress payments.
xix. Prepare for Project Closure and Final Inspection.

4. Duties after construction

Prepare and submit the Final Package to NMDOT.

In all cases where the PE is responsible for acceptance of a deliverable, payment of invoices remains subject to acceptance by city staff pursuant to Section 3(D) above.

2. Standard of Performance; Licenses

A. The Contractor does hereby accept its designation as a professional service, rendering services related to general engineering and construction management services for the City, as set forth in this Agreement. The Contractor represents that Contractor possesses the personnel, experience, and knowledge necessary to perform the services described under this Contract.

B. The Contractor agrees to obtain and maintain throughout the term of this Contract, all applicable professional and business licenses required by law, for itself, its employees, agents, representatives, and subcontractors.

3. Compensation

A. The City shall pay to the Contractor in full payment for services satisfactorily performed as per Task Order, such compensation not to exceed five million dollars ($5,000,000), excluding gross receipts tax. The New Mexico gross receipts tax levied on the amounts payable under this Contract totaling four hundred nine thousand three hundred seventy-five dollars ($409,375) shall be paid by the City to the Contractor. **The total amount payable to the Contractor under this Agreement, including gross receipts tax and expenses, shall not exceed five million four hundred nine thousand three hundred seventy-five dollars ($5,409,375). This amount is a maximum and not a guarantee that the work assigned to be performed by Contractor under this Contract shall equal the amount stated herein. The parties do not intend for the Contractor to continue to provide services without compensation when the total compensation amount is reached. Contractor is responsible for notifying the City when the services provided under this Contract reach the total compensation amount. In no event will the Contractor be paid for services provided in excess of the total compensation amount without this Contract being amended in writing prior to those services in excess of the total compensation amount being provided.**

B. Payment is subject to availability of funds pursuant to the Appropriations Paragraph set forth below and to any negotiations between the parties from year to year pursuant to Paragraph 1, Scope of Work, and to approval by the City. All invoices MUST BE received by the City no later than thirty 30) days after the termination of the Fiscal Year in which the services were delivered. Invoices received after such date WILL NOT BE PAID.

C. Payment in future fiscal years is subject to availability of funds pursuant to the Appropriations Paragraph set forth below and to any negotiations between the parties from year to year pursuant to Paragraph 1, Scope of Work, and to approval by the City. All invoices MUST BE received by the City no later than fifteen (15) days after the termination of the Fiscal Year in which the services were delivered.

Invoices received after such date WILL NOT BE PAID.)

D. Contractor must submit a detailed statement accounting for all services performed and expenses incurred. If the City finds that the services are not acceptable, within thirty days after the date of receipt of written notice from the Contractor that payment is requested, it shall provide the Contractor a letter of exception explaining the defect or objection to the services, and outlining steps the Contractor may take to provide remedial action. Upon certification by the City that the services have been received and accepted, payment shall be tendered to the Contractor within thirty days after the date of acceptance. If payment is made by mail, the payment shall be deemed tendered on the date it is postmarked.

E. If the City fails to pay the contractor within twenty-one days after receipt of an undisputed request for payment, the City shall pay interest to the contractor beginning on the twenty-second day after payment was due, computed at one and one-half percent of the undisputed amount per month or fraction of a month until the payment is issued. If the City receives an improperly completed invoice, the City shall notify the sender of the invoice within seven days of receipt in what way the invoice is improperly completed, and the owner has no further duty to pay on the improperly completed invoice until it is resubmitted as complete.

F. **Notice of Extended Payment Provision For Grant Funded Contracts**. This contract allows the owner to make payment within 45 days after submission of an undisputed request for payment.

4. Term

THIS CONTRACT SHALL NOT BECOME EFFECTIVE UNTIL APPROVED BY THE CITY. This Contract shall terminate **four (4) years from date of final signature** unless terminated pursuant to paragraph 5 (Termination) and paragraph 6 (Appropriations) in accordance with NMSA 1978, Sections 13-1-150 through 152.

5. Termination

A. Grounds. The City may terminate this Agreement for convenience or cause. For contracts within their authority, the City Manager or their designee is authorized to provide the notice of termination, otherwise such notice of termination shall be provided by the Mayor or their designee as authorized by the Governing Body. The Contractor may only terminate this Agreement based upon the City's uncured, material breach of this Agreement.

B. Notice; City Opportunity to Cure.

1) The City shall give Contractor written notice of termination at least thirty (30) days prior to the intended date of termination.

2) Contractor shall give City written notice of termination at least thirty (30) days prior to the intended date of termination, which notice shall (i) identify all the City's material breaches of this Agreement upon which the termination is based and (ii) state what the City must do to cure such material breaches. Contractor's notice of termination shall only be effective (i) if the City does not cure all material breaches within the thirty (30) day notice period or (ii) in the case of material breaches that cannot be cured within thirty (30) days, the City does not, within the thirty (30) day notice period, notify the Contractor of its intent to cure and begin with due diligence to cure the material breach.

3) Notwithstanding the foregoing, this Agreement may be terminated immediately upon written notice to the Contractor (i) if the Contractor becomes unable to perform the services contracted for, as determined by the City; (ii) if, during the term of this Agreement, the Contractor is suspended or debarred by the City; or (iii) the Agreement is terminated pursuant to

Paragraph 6, "Appropriations", of this Agreement.

C. Liability. Except as otherwise expressly allowed or provided under this Agreement, the City's sole liability upon termination shall be to pay for acceptable work performed prior to the Contractor's receipt or issuance of a notice of termination; provided, however, that a notice of termination shall not nullify or otherwise affect either party's liability for pre-termination defaults under or breaches of this Agreement. The Contractor shall submit an invoice for such work within thirty (30) days of receiving or sending the notice of termination. *THIS PROVISION IS NOT EXCLUSIVE AND DOES NOT WAIVE THE CITY'S OTHER LEGAL RIGHTS AND REMEDIES CAUSED BY THE CONTRACTOR'S DEFAULT/BREACH OF THIS AGREEMENT.*

6. Appropriations

The terms of this Contract are contingent upon sufficient appropriations and authorization being made by the Governing Body for the performance of this Contract. If sufficient appropriations and authorization are not made by the Governing Body, this Contract shall terminate immediately upon written notice being given by the City to the Contractor. The City's decision as to whether sufficient appropriations are available shall be accepted by the Contractor and shall be final. If the City proposes an amendment to the Contract to unilaterally reduce funding, the Contractor shall have the option to terminate the Contract or to agree to the reduced funding, within thirty (30) days of receipt of the proposed amendment.

7. Status of Contractor

The Contractor and its agents and employees are independent contractors performing professional services for the City and are not employees of the City. The Contractor and its agents and employees shall not accrue leave, retirement, insurance, bonding, use of City vehicles, or any other benefits afforded to employees of the City as a result of this Contract. The Contractor acknowledges that all sums received hereunder are reportable by the Contractor for tax purposes, including without limitation, self-employment and business income tax. The Contractor agrees not to purport to bind the City unless the Contractor has express written authority to do so, and then only within the strict limits of that authority.

8. Assignment

The Contractor shall not assign or transfer any interest in this Contract or assign any claims for money due or to become due under this Contract without the prior written approval of the City.

9. Subcontracting

The Contractor shall not subcontract any portion of the services to be performed under this Contract without the prior written approval of the City. No such subcontract shall relieve the primary Contractor from its obligations and liabilities under this Contract, nor shall any subcontract obligate direct payment from the City.

10. Release

Final payment of the amounts due under this Contract shall operate as a release of the City, its officers and employees from all liabilities, claims and obligations whatsoever arising from or under this Contract.

11. Confidentiality

Any confidential information provided to or developed by the Contractor in the performance of this Contract shall be kept confidential and shall not be made available to any individual or organization by the Contractor without the prior written approval of the City.

12. Product of Service -- Copyright

All materials developed or acquired by the Contractor under this Contract shall become the property of the City and shall be delivered to the City no later than the termination date of this Contract. Nothing developed or produced, in whole or in part, by the Contractor under this Contract shall be the subject of an application for copyright or other claim of ownership by or on behalf of the Contractor.

13. Conflict of Interest; Governmental Conduct Act

A. The Contractor represents and warrants that it presently has no interest and, during the term of this Contract, shall not acquire any interest, direct or indirect, which would conflict in any manner or degree with the performance or services required under the Contract.

B. The Contractor further represents and warrants that it has complied with, and, during the term of this Contract, will continue to comply with, and that this Contract complies with all applicable provisions of the Governmental Conduct Act, Chapter 10, Article 16 NMSA 1978.

C. Contractor's representations and warranties in Paragraphs A and B of this Article are material representations of fact upon which the City relied when this Contract was entered into by the parties. Contractor shall provide immediate written notice to the City if, at any time during the term of this Contract, Contractor learns that Contractor's representations and warranties in Paragraphs A and B of this Article were erroneous on the effective date of this Contract or have become erroneous by reason of new or changed circumstances. If it is later determined that Contractor's representations and warranties in Paragraphs A and B of this Article were erroneous on the effective date of this Contract or have become erroneous by reason of new or changed circumstances, in addition to other remedies available to the City and notwithstanding anything in the Contract to the contrary, the City may immediately terminate the Contract.

D. All terms defined in the Governmental Conduct Act have the same meaning in this section.

14. Amendment

A. This Agreement shall not be altered, changed, or amended except by instrument in writing executed by the parties hereto and all other required signatories.

B. If the City proposes an amendment to the Contract to unilaterally reduce funding due to budget or other considerations, the Contractor shall, within thirty (30) days of receipt of the proposed Amendment, have the option to terminate the Contract, pursuant to the termination provisions as set forth in Article 4 herein, or to agree to the reduced funding.

15. Entire Agreement.

This Agreement, together with any other documents incorporated herein by reference and all related Exhibits and Schedules constitutes the sole and entire agreement of the Parties with respect to the subject matter of this Agreement, and supersedes all prior and contemporaneous understandings, agreements, representations, and warranties, both written and oral, with respect to the subject matter. In the event of any inconsistency between the statements in the body of this Agreement, and the related Exhibits and Schedules, the statements in the body of this Agreement shall control.

16. Merger

This Contract incorporates all the Agreements, covenants and understandings between the parties hereto concerning the subject matter hereof, and all such covenants, agreements, and understandings have been merged into this written contract.

All terms and conditions of the **RFP #24001 On-Call General Engineering Services for Roadway, Trail, Bridge, Drainage, Facility, Utility and Traffic Design** and the Contractor's response to such document(s) are incorporated herein by reference and is included in the order of precedence.

No prior Agreement or understanding, oral or otherwise, of the parties or their agents shall be valid or enforceable unless embodied in this Contract.

17. Penalties for violation of law

NMSA 1978, sections 13-1-28 through 13-1-199, imposes civil and criminal penalties for its violation. In addition, the New Mexico criminal statutes impose felony penalties for illegal bribes, gratuities, and kickbacks.

18. Equal Opportunity Compliance

The Contractor agrees to abide by all federal and state laws and rules and regulations, and Santa Fe City Code, pertaining to equal employment opportunity. In accordance with all such laws of the State of New Mexico, the Contractor assures that no person in the United States shall, on the grounds of race, religion, color, national origin, ancestry, sex, age, physical or mental handicap, or serious medical condition, spousal affiliation, sexual orientation or gender identity, be excluded from employment with or participation in, be denied the benefits of, or be otherwise subjected to discrimination under any program or activity performed under this Contract. If Contractor is found not to be in compliance with these requirements during the life of this Contract, Contractor agrees to take appropriate steps to correct these deficiencies.

19. Applicable Law

The laws of the State of New Mexico shall govern this Contract, without giving effect to its choice of law provisions. Venue shall be proper only in a New Mexico court of competent jurisdiction in accordance with NMSA 1978, section 38-3-2. By execution of this Contract, Contractor acknowledges and agrees to the jurisdiction of the courts of the State of New Mexico over any and all lawsuits arising under or out of any term of this Contract.

20. Workers Compensation

The Contractor agrees to comply with state laws and rules applicable to workers compensation benefits for its employees. If the Contractor fails to comply with the Workers Compensation Act and applicable rules when required to do so, this Contract may be terminated by the City.

21. Professional Liability Insurance

Contractor shall maintain professional liability insurance throughout the term of this Contract providing a minimum coverage in the amount required under the New Mexico Tort Claims Act. The Contractor shall furnish the City with proof of insurance of Contractor's compliance with the provisions of this section as a condition prior to performing services under this Contract.

22. Other Insurance

If the services contemplated under this Contract will be performed on or in City facilities or property, Contractor shall maintain in force during the entire term of this Contract, the following insurance coverage(s), naming the City as additional insured.

A. **Commercial General Liability** insurance shall be written on an occurrence basis and be a broad as ISO Form CG 00 01 with limits not less than $2,000,000 per occurrence and $2,000,000 in the aggregate for claims against bodily injury, personal and advertising injury, and property damage. Said policy shall include broad form Contractual Liability coverage and be endorsed to name the City of Santa Fe their officials, officers, employees, and agents as additional insureds.

B. **Business Automobile Liability** insurance for all owned, non-owned automobiles, with a combined single limit not less than $1,000,000 per accident.

C. **Broader Coverage and Limits**. The insurance requirements under this Contract shall be the greater of (1) the minimum coverage and limits specified in this Contract, or (2) the broader coverage and maximum limits of coverage of any insurance policy or proceeds available to the Named Insured. It is agreed that these insurance requirements shall not in any way act to reduce coverage that is broader or that includes higher limits than the minimums required herein. No representation is made that the minimum insurance requirements of this Contract are sufficient to cover the obligations of Contractor hereunder.

D. Contractor shall maintain the above insurance for the term of this Contract and name the City as an additional insured and provide for 30 days cancellation notice on any Certificate of Insurance form furnished by Contractor. Such certificate shall also specifically state the coverage provided under the policy is primary over any other valid and collectible insurance and provide a waiver of subrogation.

23. Records and Financial Audit

The Contractor shall maintain detailed time and expenditure records that indicate the date; time, nature and cost of services rendered during the Contract's term and effect and retain them for a period of three (3) years from the date of final payment under this Contract. The records shall be subject to inspection by the City. The City shall have the right to audit billings both before and after payment. Payment under this Contract shall not foreclose the right of the City to recover excessive or illegal payments.

24. Indemnification

The Contractor shall defend, indemnify and hold harmless the City from all actions, proceeding, claims, demands, costs, damages, attorneys' fees and all other liabilities and expenses of any kind from any source which may arise out of the performance of this Contract, caused by the negligent act or failure to act of the Contractor, its officers, employees, servants, subcontractors or agents, or if caused by the actions of any client of the Contractor resulting in injury or damage to persons or property during the time when the Contractor or any officer, agent, employee, servant or subcontractor thereof has or is performing services pursuant to this Contract. If any action, suit or proceeding related to the services performed by the Contractor or any officer, agent, employee, servant or subcontractor under this Contract is brought against the Contractor, the Contractor shall, as soon as practicable but no later than two (2) days after it receives notice thereof, notify the legal counsel of the City.

25. New Mexico Tort Claims Act

Any liability incurred by the City of Santa Fe in connection with this Contract is subject to the immunities

and limitations of the New Mexico Tort Claims Act, Section 41-4-1, et. seq. NMSA 1978, as amended. The City and its "public employees" as defined in the New Mexico Tort Claims Act, do not waive sovereign immunity, do not waive any defense and do not waive any limitation of liability pursuant to law. No provision in this Contract modifies or waives any provision of the New Mexico Tort Claims Act.

26. Invalid Term or Condition

If any term or condition of this Contract shall be held invalid or unenforceable, the remainder of this Contract shall not be affected and shall be valid and enforceable.

27. Enforcement of Contract

A party's failure to require strict performance of any provision of this Contract shall not waive or diminish that party's right thereafter to demand strict compliance with that or any other provision. No waiver by a party of any of its rights under this Contract shall be effective unless express and in writing, and no effective waiver by a party of any of its rights shall be effective to waive any other rights.

28. Notices

Any notice required to be given to either party by this Contract shall be in writing and shall be delivered in person, by courier service or by U.S. mail, either first class or certified, return receipt requested, postage prepaid, as follows:

To the City: Regina Wheeler, Public Works Department Director, City of Santa Fe, P.O. Box 909 Santa Fe, NM 87504-0909, rawheeler@santafenm.gov.

To the Contractor: Daniel Aguirre, PE, Senior Vice President, Wilson & Company, Inc., Engineers & Architects, 4401 Masthead Street NE, Suite 150, Albuquerque, NM 87109, daniel.aguirre@wilsonco.com.

29. Authority

If Contractor is other than a natural person, the individual(s) signing this Contract on behalf of Contractor represents and warrants that he or she has the power and authority to bind Contractor, and that no further action, resolution, or approval from Contractor is necessary to enter a binding contract.

30. Non-Collusion

In signing this Agreement, the Contractor certifies the Contractor has not, either directly or indirectly, entered into action in restraint of free competitive bidding in connection with this offer submitted to the City's Chief Procurement Officer.

31. Default/Breach

In case of Default and/or Breach by the Contractor, for any reason whatsoever, the City may procure the goods or services from another source and hold the Contractor responsible for any resulting excess costs and/or damages, including but not limited to, direct damages, indirect damages, consequential damages, special damages, and the City may also seek all other remedies under the terms of this Agreement and under law or equity.

32. Equitable Remedies

The Contractor acknowledges that its failure to comply with any provision of this Agreement will cause the City irrevocable harm and that a remedy at law for such a failure would be an inadequate remedy for the City, and the Contractor consents to the City 's obtaining from a court of competent jurisdiction, specific performance,

or injunction, or any other equitable relief in order to enforce such compliance. The City's rights to obtain equitable relief pursuant to this Agreement shall be in addition to, and not in lieu of, any other remedy that the City may have under applicable law, including, but not limited to, monetary damages.

33. Default and Force Majeure

The City reserves the right to cancel all, or any part of any orders placed under this Agreement without cost to the City, if the Contractor fails to meet the provisions of this Agreement and, except as otherwise provided herein, to hold the Contractor liable for any excess cost occasioned by the City due to the Contractor's default. The Contractor shall not be liable for any excess costs if failure to perform the order arises out of causes beyond the control and without the fault or negligence of the Contractor; such causes include, but are not restricted to, acts of God or the public enemy, acts of the State or Federal Government, fires, floods, epidemics, quarantine restrictions, strikes, freight embargoes, unusually severe weather and defaults of subcontractors due to any of the above, unless the City shall determine that the supplies or services to be furnished by the subcontractor were obtainable from other sources in sufficient time to permit the Contractor to meet the required delivery scheduled. The rights and remedies of the City provided in this Clause shall not be exclusive and are in addition to any other rights now being provided by law or under this Agreement.

IN WITNESS WHEREOF, the Parties have executed this Contract as of the date of the signature by the required approval authorities below.

APPENDIX A

EARLY NEIGHBORHOOD NOTIFICATION

Early Neighborhood Notification (ENN) Applicability to City Capital Improvement Projects

ENN is required for certain types of *city capital improvement* projects requiring review by the *governing body* as follows:

(i) facility plans for municipal facilities or services, including wastewater, solid waste, potable water and airport facilities;
(ii) new projects or projects to expand or extend service to new service areas included in the *capital improvement plan* or *general plan* ;
(iii) any new road construction or reconstruction of an existing road that materially expands capacity; and
(iv) projects funded out of capital impact fee funds.
(v) any new park or reconstruction or expansion of an existing park that exceeds one acre in size or one hundred and fifty thousand dollars ($150,000) in cost; construction of a new building or structure at a park or placement of new lighting at a park that exceeds one hundred and fifty thousand dollars ($150,000) in cost.

The following types of *capital improvement* projects do not require ENN:

(i) *replacement* , repair or maintenance of underground facilities where such activity does not represent a material expansion of existing facilities;
(ii) road maintenance, repair, surfacing or resurfacing, striping, curb and gutter or sidewalk repair or maintenance, *sign* maintenance, signal repair, shoulder work, bridge or culvert maintenance work; and
(iii) special assessment districts covered by *state* law or *city* ordinance.

Summary Notices to Meet ENN Guidelines (not all of the agencies may be needed for every project):

20 days in advance:
Project Consultants submit to City Project Administrator Meeting Notice Letter for review and Approval.

15 days in advance:
City Project Administrator
Email: to Santa Fe City Council members and the mayor, Santa Fe MPO staff, City of Santa Fe Parks and Recreation Department, BPAC members, City of Santa Fe Land Use Department, interested individuals, neighboring condominium / apartment associations and neighborhood associations

City PrimeGov: Post notice of ENN meeting on PrimeGov

Social Media: City's Facebook – Coordinate with Community Engagement Department's Communications Manager (505) 469-0946

Project Consultants

Mail: Meeting notice (first class mail) to property owners and physical addresses within 300' of project boundary and neighborhood associations within 300' of project boundary

Posters: At least (1) (preferably 2, but subject to availability) 4'x5' City of Santa Fe Notification Board

Newspaper: Display advertisement in a local daily newspaper of general circulation stating the date, time and place of the public hearing

City Project Administrator

Contacts:

OPTIONAL: One week in advance:
Email: to Santa Fe City Council members and mayor, Santa Fe MPO staff, City of Santa Fe Parks and Recreation Department, BTAC members, City of Santa Fe Land Use Department, interested individuals, neighboring condominium or apartment associations and neighborhood associations

OPTIONAL: One day in advance:
Email: to Santa Fe City Council members and mayor, Santa Fe MPO staff, City of Santa Fe Parks and Recreation Department, BTAC members, City of Santa Fe land Use Department, interested individuals, neighboring condominium or apartment associations and neighborhood associations

City of Santa Fe, New Mexico
Memorandum

DATE: April 24, 2024

TO: Travis Dutton-Leyda, CPO

VIA: JoAnn Lovato-Montano

FROM: Romella Glorioso-Moss, PhD, CPM *RGM*
Procurement Manager

RE: RFP#24001 Evaluation Committee Report

In accordance with the Request for Proposals for On-Call General Engineering Services for Roadway, Trail, Bridge, Drainage, Facility, Utility and Traffic Design (RFP# 24001) issued on February 8, 2024, the City received eleven (11) proposals from the following Offerors:

1. AECOM Technical Services, Inc. (AECOM)
2. Bohannan-Huston, Inc. (BHI)
3. Earth and Steel Design, LLC. (Earth & Steel)
4. Huitt-Zollars, Inc. (Huitt-Zollars)
5. Lee Engineering, LLC. (Lee Eng.)
6. Miller Engineers, Inc., d/b/a/ Souder, Miller & Associates (ME/SMA)
7. Molzen Corbin
8. Santa Fe Engineering Consultants, LLC. (SFEC)
9. WHPacific, an NV5 Company (WHPacific)
10. Wilson & Company, Inc. (Wilson)
11. WSP USA, Inc. (WSP)

The Evaluation Committee members are as follows:

- Dalmolin, Mike PE, Traffic Operations Engineer, Public Works – Complete Streets
- Isaacson, Zoë, River and Watershed Manager, Public Works – Parks and Open Space
- Jurgens, Taylor PE, Engineer, Public Utilities – Water
- Wolfenbarger, Jeanne PE, Traffic Engineer, Public Works – Complete Streets.

This Evaluation Committee Report summarizes all criteria used in scoring the response.

- March 11, 2024: Evaluation Committee met to review the Evaluation Committee duties and RFP process, and to receive the Offerors technical proposals.

- March 11-17, 2024: Each committee member reviewed and scored all the proposals individually.

- March 18, 2024: Procurement Manager and committee members held an in-person meeting to review and discuss individual score sheets and came to a consensus.

- April 4, 2024: Procurement Manager emailed SFEC for clarification on Appendix F and it was determined that Appendix F was not included in their proposals as required by the RFP.

- April 12, 2024: Evaluation committee report submitted to Central Purchasing for review.

SUMMARY:

Although Section IV.C. Business Specifications appeared before Section IV.B Technical Specification in RFP#24001, the Committee reviewed Offerors' compliance to Section IV.C. Business Specifications first to identify proposals who are disqualified and should not move forward for further evaluation.

Section IV. C. Business Specifications

C.1 Letter of Transmittal Form

Specifications:
The Offeror's proposal **must** be accompanied by the Letter of Transmittal Form located in APPENDIX A. The form should be completed and must be signed by the person authorized to obligate the company.

Evaluation Factor:
Pass/Fail only. No points assigned.

Scores:

AECOM	BHI	Earth & Steel	Huitt-Zollars	Lee Eng'g.	ME/ SMA	Molzen-Corbin	SFEC	WH Pacific	Wilson	WSP
Pass	Pass	Pass	Pass	Pass	Pass	Pass	Pass	Pass	Pass	Pass

Comments:
All Offerors submitted a Letter of Transmittal with their proposals. All Offerors passed this specification.

C.2 Campaign Contribution Disclosure Form

Specifications:
The Offeror must complete an unaltered Campaign Contribution Disclosure Form and submit a signed copy with the Offeror's proposal. This must be accomplished whether or not an applicable contribution has been made (APPENDIX B). **Failure to complete and return the signed, unaltered form will result in Offeror's disqualification.**

Evaluation Factor:
Pass/Fail only. No points assigned.

Scores:

AECOM	BHI	Earth & Steel	Huitt-Zollars	Lee Eng'g.	ME/ SMA	Molzen-Corbin	SFEC	WH Pacific	Wilson	WSP
Pass	Pass	Pass	Pass	Pass	Pass	Pass	Pass	Pass	Pass	Pass

Comments:
All Offerors submitted a signed Campaign Contribution Disclosure Form with their proposals. All Offerors passed this specification.

C.3 Non-Collusion Affidavit Form

Specifications:
The Offeror **must** complete an unaltered Non-Collusion Affidavit Form and submit a signed copy with the Offeror's proposal (APPENDIX C). **Failure to complete and return the signed, unaltered form will result in Offeror's disqualification.**

Evaluation Factor:
Pass/Fail only. No points assigned.

Scores:

AECOM	BHI	Earth & Steel	Huitt-Zollars	Lee Eng'g.	ME/ SMA	Molzen-Corbin	SFEC	WH Pacific	Wilson	WSP
Pass	Pass	Pass	Pass	Pass	Pass	Pass	Pass	Pass	Pass	Pass

Comments:
All Offerors submitted a signed Non-Collusion Affidavit Form with their proposals. All Offerors passed this specification.

C.4 Conflict of Interest Statement for Consulting Firms

Specifications:
The Offeror **must** complete an unaltered Conflict of Interest Statement for Consulting Firms and submit a signed copy with the Offeror's proposal (APPENDIX D). **Failure to complete and return the signed, unaltered form will result in Offeror's disqualification.**

Evaluation Factor:
Pass/Fail only. No points assigned.

Scores:

AECOM	BHI	Earth & Steel	Huitt-Zollars	Lee Eng'g.	ME/ SMA	Molzen-Corbin	SFEC	WH Pacific	Wilson	WSP
Pass	Pass	Pass	Pass	Pass	Pass	Pass	Pass	Pass	Pass	Pass

Comments:
All Offerors submitted a signed Conflict of Interest Statement with their proposals. All Offerors passed this specification.

C.5 Confidentiality and Non-Disclosure Agreement

Specifications:
The Offeror **must** complete an unaltered Confidentiality and Non-Disclosure Agreement and submit a signed copy with the Offeror's proposal (APPENDIX E). **Failure to complete and return the signed, unaltered form will result in Offeror's disqualification.**

Evaluation Factor:
Pass/Fail only. No points assigned.

Scores:

AECOM	BHI	Earth & Steel	Huitt-Zollars	Lee Eng'g.	ME/ SMA	Molzen-Corbin	SFEC	WH Pacific	Wilson	WSP
Pass	Pass	Pass	Pass	Pass	Pass	Pass	Pass	Pass	Pass	Pass

Comments:
All Offerors submitted a signed Confidentiality and Non-Disclosure Agreement with their proposals. All Offerors passed this specification.

C.6 Sub-Consultants Offerors List

Specifications:
The Offeror **must** complete an unaltered Sub-Consultants Offerors List and submit a signed copy with the Offeror's proposal (APPENDIX F). **Failure to complete and return the signed, unaltered form will result in Offeror's disqualification.**

Evaluation Factor:
Pass/Fail only. No points assigned.

Scores:

AECOM	BHI	Earth & Steel	Huitt-Zollars	Lee Eng'g.	ME/ SMA	Molzen-Corbin	SFEC	WH Pacific	Wilson	WSP
Pass	Pass	Pass	Pass	Pass	Pass	Pass	Fail	Pass	Pass	Pass

Comments:
All Offerors except the SFEC (Santa Fe Engineering Consultants, LLC) submitted a signed Sub-Consultants Offerors List with their proposals. SFEC was disqualified due to this fact.

Section IV.B Technical Specifications

Section IV.B.1 General Information (maximum 5 points)

Specifications:
Offeror **must** identify its principal member(s) or officer(s) who will be responsible for the administration of the contract; provide the name(s) and registration number(s) of the New Mexico Registered Professional Engineer who will be directly responsible and in charge of the work; and identify the name, address, and phone number of the office(s) where the work will be performed for the prime Offeror and all sub-consultants.

Evaluation Factor:
Points will be awarded based on the completeness of the Offeror's responses.

Scores:

AECOM	BHI	Earth & Steel	Huitt-Zollars	Lee Eng'g.	ME/ SMA	Molzen-Corbin	SFEC	WH Pacific	Wilson	WSP
5	4.8	4.3	5	5	4.8	4.8	Disqualified	4.8	3.8	5

Comments:

1) **AECOM** (5 points) provided in detail, their principal officers and other engineers on staff to help complete a range of engineering tasks identified in the Scope of Work (SOW). AECOM's office locations and its subconsultants were also provided. The proposal is particularly strong listing the experience of principal officers with previous work with the City.

2) **BHI** (4.8 points) provided requested information about principal officers and work locations. However, it was weak in reference to the consideration of subconsultants that may be required to supplement in-house staff.

3) **Earth and Steel** (4.3 points) missed a couple of specifications resulting to a 0.5 point deduction. The proposal identified the principal officer but not the requested details, such as the location where the work will be performed or information on the subconsultants.

4) **Huitt-Zollars** (5 points) provided full details on principals who will be responsible for the administration of the contract. The Offeror provided the names and registration numbers of the New Mexico Registered Professional Engineer who will be directly responsible and in charge of the work. The Offeror also identified the names, addresses, and phone numbers of the sub-consultants.

5) **Lee Eng'g.** (5 points) provided all the information requested such names and registration numbers of the principal officers; name, address, and phone number of the principal office including all sub-consultants. Their response was complete and identified all required information in this specification.

6) **ME/SMA** (4.8 points) provided general information on the principal officers but not on subconsultants.

7) **Molzen-Corbin** (4.8 points) provided sufficient information but lacked detail.

8) **WHPacific** (4.8 points) provided information on its principals and subcontractors but not much detail was included.

9) **Wilson** (3.8 points) provided the requested information on its principal officers but not the requested details, such as the location where the work will occur or requested information on the subconsultants. The Offeror did not also provide details (name, address and telephone number) of offices where the work will be performed.

10) **WSP** (5 points) proposal provided all the details of general information requested for principal officers and their subconsultants.

Section IV.B.2 Organizational References (maximum 15 points)

Specifications:
Offeror **must** provide a list of three (3) references from similar projects for city, state or federal government clients within the last four (4) years (2020-2023).

Offeror shall include the following Business Reference information as part of its proposals:

a) Client name;
b) Project description;
c) Project dates (starting and ending);
d) Technical environment (i.e. Professional design or construction management services for roadways, trails, bridges, drainage, facility, utility, traffic, underpasses/overpasses, etc.)
e) Staff assigned to reference engagement that will be designated for work per this RFP; and
f) Client project manager name, telephone number, fax number and email address.

Offeror is required to submit APPENDIX H, Organizational Reference Questionnaire ("Questionnaire"), to the business references it lists. **The business references must submit the Questionnaire directly to the designee identified in APPENDIX H. The business references must not return the completed Questionnaire to the Offeror.** It is the Offeror's responsibility to ensure the completed forms are submitted on or before the date indicated in Section II. A, Sequence of Events, for inclusion in the evaluation process.

Organizational References that are not received or are not complete, may adversely affect the Offeror's score in the evaluation process. Offerors are encouraged to specifically request that their Organizational References provide detailed comments.

Evaluation Factor:
Points will be awarded based upon an evaluation of the responses to a series of questions on the Organizational Reference Questionnaire (APPENDIX H). Offeror will be evaluated on references that show positive service history, successful execution of services and evidence of satisfaction by each reference. References indicating significantly similar services/scopes of work and comments provided by a submitted reference will add weight and value to a recommendation during the evaluation process.

Points will be awarded for each individual response up to 1/3 of the total points for this category. Lack of a response will receive zero (0) points.

The Evaluation Committee may contact any or all business references for validation of information submitted. If this step is taken, the Procurement Manager and the Evaluation Committee must all be together on a conference call with the submitted reference so that the Procurement Manager and all members of the Evaluation Committee receive the same information. Additionally, the City reserves the right to consider any and all information available to it (outside of the Organizational Reference information required herein), in its evaluation of Offeror responsibility per Section II.C.18.

Scores:

AECOM	BHI	Earth & Steel	Huitt-Zollars	Lee Eng'g.	ME/ SMA	Molzen-Corbin	SFEC	WH Pacific	Wilson	WSP
13.6	13.6	0	9	9.8	13.5	14.5	Disqualified	14.5	14	13.8

Comments:

1) **AECOM** (13.6 points) received three references. The reference for the NM 456 emergency bridge project is exemplary. The NMDOT had a pre-manufactured bridge, and this Offeror was able to retrofit these existing bridge components to fit the project's specifications within 6 months. Such an approach saved a substantial amount of money and showed their adaptability.
   The other two references show the depth of this Offeror, from roadway improvements on NM 68 to inspection of bridge elements. The proposal outlined how this Offeror assumed control of the NM 68 project to correct deficiencies and shows their technical proficiency. However, the reference mentioned a few components were missed on the plan set. Both references did not provide rich detail to assess the firm's performance.

2) **BHI** (13.6 points) received three references. All of them indicated high satisfaction with this Offeror and several mentioned having an extensive service history with them. The range of technical expertise displayed by these three projects referenced are quite varied and include drainage, roadway, and bridge. In particular, the Sunport Boulevard Extension project really showed the Offeror's technical proficiency in all of the services requested. Scores were reduced due to the references providing very little detail and, in some cases, did not even provide any comment to justify the score provided. RFP requested firms encourage their references to provide detailed comments and thus points were reduced.

3) **Earth & Steel** (0 points) identified three references in their proposal (pp. 11-13). However, none of these references submitted the reference questionnaire to the Purchasing Division or to the Procurement Manager. Zero points were awarded as a result.

4) **Huitt-Zollars** (9 points) - The two references received for this Offeror provided almost no comment to justify high scores. The proposal lists a range of professional services, but the references do not provide any detail to demonstrate technical proficiency.

5) **Lee Eng'g.** (9.8 points) – Although three references were received for this Offeror, one did not respond to any of the questions at all. However, the two other references provided details to demonstrate their technical expertise in a range of roadway and traffic engineering services. Both references highly acclaim their services and rank them as the preferred on-call contract for traffic engineering services for the NMDOT and the City of Rio Rancho. Although this Offeror does not offer the full range of services identified in the SOW, such as bridges and drainage design services, this firm is ranked highly for meeting very specific and technical design services within traffic.

6) **ME/SMA** (13.5 points) - The three references for this Offeror were very complimentary and some continue to employ them on other projects. However, the language in two of the references were nearly word for word the same with some minor changes. For example, on Question 9 about which services were you least satisfied, the language is the exact same about project schedule.

7) **Molzen-Corbin** (14.5 points) - Two of the three references from the NMDOT and City of Albuquerque were effusive with praise and documented the long-standing relationship with this firm on multiple projects. The range of engineering services are also excellent, ranging from airport design, bridges, drainage, utility, etc. In particular that was impressive was the design details highlighting thoughtful design, including gravity flow when possible on the Santa Fe County project and sustainability rating on the I-25 interchange.

8) **WHPacific** (14.5 points) - Two of the three reference letters provided detailed comments and gave concrete examples of what separated this firm, such as the lack of change orders during construction owing to their "knowledge and expertise" during the design process. The other reference highlighted their knowledge of relevant manuals.

9) **Wilson** (14 points) - All the references highlighted how this Offeror has extensive histories and completed a lot of projects for several of them, including Los Alamos County, AMAFCA, and Rio Rancho. Other positives cited included how Wilson is able to complete a lot of the services in-house. However, the references also highlighted some weaknesses in technical writing and QA/QC processes.

10) **WSP** (13.8 points) received three references. Their references noted that their agency has worked with this Offeror on several projects and highlighted how they are one of the most accommodating firms and can handle large projects. The reference from the City of Albuquerque particularly how well executed the firm does with their complete street maintenance program, citing their ability to thoroughly research each corridor.

The Evaluation Committee did not contact any of the business references to validate any information submitted.

Section IV.B.3. Mandatory Specifications

IV.B.3.a. Specialized Design and Technical Competence (maximum 25 points)

Specifications:

Offeror **must** describe two (2) engineering design projects that highlight their specialized problem-solving techniques or approaches, innovative practices/ideas, and advantages its team brings or offers to the City.

Evaluation Factor:
Points will be awarded based on Offeror's innovativeness, creativity, and effectiveness in designing past projects.

Scores:

AECOM	BHI	Earth & Steel	Huitt-Zollars	Lee Eng'g.	ME/ SMA	Molzen-Corbin	SFEC	WH Pacific	Wilson	WSP
24.4	22	20	18.3	21.3	20.3	24	Disqualified	21.5	23.3	22.5

Comments:

1) **AECOM** (24.4 points) showcased two projects showed very clearly the attention to detail and the innovative practices they can bring to solve problems. One highlight is the unique approach to lighting the underpass, using a combination of design alternations to bring as much natural light as possible while using light shield sculptures to integrate art while reducing vandalism. The integration of art into design can really help a project succeed within the City. The ability to mobilize such an eclectic staff to address a broad array brings a lot of value to the City.

2) **BHI** (22 points) demonstrated their ability to factor in their clients' input in decision-making. However, project examples given were simple and did not show their ability to be innovative, and creative.

3) **Earth and Steel** (20 points) described two engineering projects from work the principal members did as part of another firm. Therefore, it was unclear where division of responsibilities lies. Nevertheless, their project description highlights how both of the principal members contributed specialized problem-solving techniques.

4) **Huitt-Zollars** (18.3 points) described innovative practices and ideas, but they were not connected to the two projects highlighted.

5) **Lee Engineering** (21.3 points) listed two projects and had a supplemental section spotlighting unique and creative approaches to traffic engineering. Some of these unique and creative approaches include alternative intersection design, employment of big data to yield more nuanced understanding of traffic along I-40, and employment of "rest-in-red" signal operations. These innovative solutions were not linked to the two projects described in the proposal. These creative approaches offer potential benefits to the City but the firm will be limited to specific engineering services, such as traffic and roadway.

6) **ME/SMA** (20.3 points) in highlighting two projects showed some effective problem-solving, including receiving approval on meeting ADA requirements to the maximum extent feasible and

providing a graphic simulation of roadway design. However, they are quite simple, so it did not show creativity and innovativeness that RFP requires.

7) **Molzen-Corbin** (24 points) received the highest score for this question. The two project examples given were discussed succinctly and highlighted their innovativeness, creativity and advantages their team brings or offers to the City.

8) **WH Pacific** (21.5 points) described the two project examples given very well but no discussion on innovativeness and creativity. Project examples demonstrated the Offerors' ability to coordinate with multiple entities/stakeholders and involved complex project phasing and sequencing.

9) **Wilson** (23.3 points) demonstrated well their ability to take on very complex projects and see them through construction. Descriptions of the two project examples given were innovative and cutting edge. However, a few points were deducted because there was no discussion on hardships or difficulties encountered and how they were resolved.

10) **WSP** (22.5 points) described two projects but they lack specificity which makes it difficult to assess the firm's innovativeness or creativity and hence the advantages their team brings or offers to the City.

IV.B.3.b. Capacity and Capability of the Offeror to Perform the Scope of Work (maximum 25 points)

Specifications:
Offeror **must:**

i. provide information about the business that demonstrates the ability to provide sufficient professional competence, meet time schedules, accommodate cost considerations, and project administration requirements, including information that demonstrates the Offeror's ability to perform the services required for this project;

ii. include an organizational chart indicating key project team members, including any sub-consultants, and their specific roles on the project and/or area(s) of expertise, and clearly identifying the lead engineer who will be directly responsible for the project. The percentage of time each team member will spend or commit to providing services toward the project must be included in the organizational chart; and

iii. provide brief resumes for the lead engineer and key project team members, describing why each team member was selected for this proposal, highlighting relevant project experience and knowledge of City/NMDOT/FHWA procedures. If a subcontractor is affiliated with the prime contractor as an affiliated company, firm, or business, the proposal must indicate this. The proposal must also identify the Offeror's team's list of current projects with the City.

Evaluation Factor:
Points will be awarded based on the team members' relevance and extent of their experience, expertise and knowledge in engineering design of a roadway, trail, bridge, drainage, facility, utility and traffic;

and of their formal education, certifications and licenses. In addition, points will also be based on the amount of care and attention given to assembling the team members based on their specialized professional competence and Scope of Work.

Scores:

AECOM	BHI	Earth & Steel	Huitt-Zollars	Lee Eng'g.	ME/ SMA	Molzen-Corbin	SFEC	WH Pacific	Wilson	WSP
24.8	23	18.5	22	21.8	20.3	23	Disqualified	21.5	23.3	22.5

Comments:

1) **AECOM** (24.8 points) outlined an extensive approach to demonstrate their ability to meet project schedules and accommodate cost considerations through an extensive list of tools to monitor the schedule and tasks as well as a deep well of project cost data from other projects.

   The Offeror gave an immense accounting of their technical expertise in all of the engineering services and how that would be tailored to meet the City's standards through different planning documents. In terms of the engineers leading the project, almost all had decades of experience.

   The proposal discussed in detail their cost control/estimating procedures, their Quality Management Plan/System to control QA/QC practices.
   Resumes showed their team is well-qualified.

   A small weakness is this section could have been written in a more concise way.

2) **BHI** (23 points) has extensive on-call experience. They have a long list of contracts with work relevant to RFP's SOW. They also provide specialty engineering services such as community development, planning and GIS which are important components to public engagement/participation. However, the Offeror's organizational chart did not have the percentages each member would be assigned to certain tasks and did not include the depth of the firm. Although the firm has extensive capacity in the range of engineering services, any subconsultant should have been listed even if it is not anticipated to be needed.

3) **Earth and Steel** (18.5 points) demonstrated a high-level of understanding of a project life-cycle but lacked specificity and details on how these projects are implemented. Principal members have a lot of experience in and around Santa Fe and with NMDOT. Staff resumes and organizational chart don't indicate very much depth of key project staff.

4) **Huitt-Zollars** (22 points) demonstrated strong multi-disciplinary experience with a large design staff. Graphics on schedule and cost control were helpful and reflect strong schedule and cost control measures. Both the organizational chart and resumes showed a lot of experienced staff. One weakness identified is since the firm does not have any projects with the City, they may not be familiar with City codes and other regulations and procedures.

5) **Lee Engineering** (21.8 points) showed in their organizational chart and resume sections that they have a capacity to handle most engineering services listed in the SOW. However, the organizational chart lists many engineering services with one capable staff. Some questions thus remain as to the depth of the firm to handle large projects. But this firm seems to have a strong capability in roadway design and traffic engineering services based on what was provided. The firm also has had several projects, and currently has several projects, with the City, showing their experience of City procedures. However, the proposal did not address the requested information on the firm's ability to accommodate cost considerations and keep project schedules.

6) **ME/SMA** (20.3 points) demonstrated in their organizational chart and resumes that they have the capacity to handle most engineering services listed in the SOW but the organization chart lists many engineering services with one capable staff. This leads to a question as to the capacity of the firm to handle large projects and multiple projects.

   Another weakness in the section was the parts dedicated to demonstrating the Offeror's ability to meet time schedules, accommodate cost schedules, etc. The response is too general and not enough concrete details were provided.

7) **Molzen-Corbin** (23 points) showed a lot of past experience with on-call contracts in New Mexico. It also showed multi-disciplinary experience in-house, including all areas of the SOW. The resumes show good experience in each discipline. One weakness identified was that the firm currently does not have any projects with the City and may not have extensive knowledge of City procedures due to this fact.

8) **WH Pacific** (21.5 points) demonstrated broad experience in several of the disciplines listed in the SOW. This firm has lots of experience with on-call contracts. The proposal provided concrete examples of their ability to meet cost and schedule components by providing tables of recent projects the firm has completed. The proposal detailed the range of professional competence, from traffic engineering, roadway design, to drainage. However, the same level of detail was not provided for some of the services in the RFP, such as bridges and facilities but the proposal listed resumes of some of the staff equipped to handle those kinds of tasks.

9) **Wilson** (23.3 points) stands out for its extensive knowledge of the City to the extent a special Microsoft Project file was jointly developed to track project schedules. That extensive City knowledge coupled with a broad range of engineers capable of all the engineering tasks support the firm's capabilities to the City. However, the proposal was weak in detailing and providing concrete examples to reduce construction cost and keep schedules.

10) **WSP** (22.5 points) showed the team's ability to support the City with local talent while also being able to lean on national expertise is an added benefit. The proposal's narrative also showed the Offeror has experience in several disciplines identified in SOW. The resumes reflect a team that is well-qualified and experienced in working with the City and NMDOT. A weakness in the section was the parts dedicated to demonstrating the firm's ability to meet time schedules, accommodate cost schedules, etc. The response is too general and not enough concrete details were provided.

IV.B.3.c Past Record of Performance (maximum 20 points)

Specifications:
Offeror **must** demonstrate through historical documentation that the Offeror has the ability to meet schedules and budgets, as well as user program goals, and final construction project costs. Project schedules should provide information about the progress of work as related to owner schedules and goals as well as the overall success of projects and client satisfaction. The proposal must describe two (2) past projects, specifying relevance to the current scope of work and include client references (names, addresses, email address and telephone numbers) for each project. Also, please submit APPENDIX G "Project/Contract Listing Form".

Evaluation Factor:
Points will be awarded based upon an evaluation of the documented organizational experience, knowledge and resources that may be employed for the project. Points will also be awarded based on Contractor's meeting project schedule agreed upon at the award of the contract. Considerations will be given if the project delay was caused by the City or NMDOT (APPENDIX G). Further, points will be awarded based on Offeror's candid and well-thought-out response to successes and failures, as well as the ability of the Offeror to learn from its failures and grow from its successes.

Scores:

AECOM	BHI	Earth & Steel	Huitt-Zollars	Lee Eng'g.	ME/ SMA	Molzen-Corbin	SFEC	WH Pacific	Wilson	WSP
19	16.8	10.8	16.8	18	13.8	17.5	Disqualified	17.8	16.8	17.5

Comments:

1) **AECOM** (19 points) provided two projects which highlighted the firm's capacity to act under duress and deliver projects by the required deadlines. The range of services provided further illustrates the capacity of the firm to act and deliver any type of engineering services listed in the SOW. However, the response, although quite detailed, did not provide enough discussion on cost and budget and lessons learned from successes and failures and how that will help the firm grow.

2) **BHI** (16.8 points) demonstrated the ability to meet the City's design deadlines, however no documentation was provided on project schedules, budgets, and no discussions on lessons learned from project successes and failures.

3) **Earth and Steel** (10.8 points) No historical documentation was provided to justify the Offeror's ability to meet schedules and budgets. Although the Offeror did not provide two projects the proposal did highlight the Offeror's approach to keeping a project schedule and containing costs, but some documentation was required.

4) **Huitt-Zollars** (16.8 points) highlighted two projects that were delayed and elaborated on the role additional scope can have on wrecking on a client's project timeline. In fact, the delay was over two years in both projects. The Offeror did not identify any lessons learned, if there were any, from these delays and how the firm will grow as a result.

The Offeror also failed to discuss whether project costs were attempted to be contained. Both projects were delayed for months while "securing funding" from the City. That raises the questions of whether the projects were funded in the first place or additional funding was required due to scope changes.

The lack of information made it hard for the Committee to assess Offeror's response to this question other than the Offeror has some experience and resources to deliver the roadway and trail projects described.

5) **Lee Engineering** (18 points) highlighted two traffic engineering projects, both of which undertook unique and creative approaches. For the Airport Road signal timing optimization project, the firm impressively adopted the scope/fee proposal to adjust to budget cuts, optimizing the level of documentation accordingly. With this project being in the middle of the pandemic, the firm had to adjust the project and adapt their approach to lower volumes. In terms of engineering approaches, the "rest-in-red" concept is unique and really meets the project goals in unique ways. These two projects are focused only on traffic engineering services in the SOW and some approaches from other types of engineering services would have further bolstered their score.

6) **ME/SMA** (13.8 points) provided little-to-no discussion on actual vs. projected scheduled completion and actual vs. final project costs. One of the project examples showed experience in coordinating with multiple City departments and the public. The proposal did not also detail any lessons learned from successes or failures and how it will help the firm grow.

7) **Molzen-Corbin** (17.5 points) not only highlighted two projects but provided their systematic approach to meeting budgets and schedules. A cost and schedule performance table were provided, providing data to support their ability to meet client goals. Some of these projects cost a bit more than the estimate but the projects were always completed on time. The two projects showcase the range of services in the firm, from a large roadway to lift station. One mechanism in the lift station the firm employed to control costs to meet the budget was bid additives to provide flexibility in awarding the project. However, there was no discussion of discrepancies between bid estimates and actual bid amounts. Also not discussed were their project successes and failures and how that will help the firm grow.

8) **WH Pacific** (17.5 points) demonstrated broad experience in several of the disciplines listed in the SOW. They have a lot of experience with on-call contracts. The 2 projects described laid out the capability of this Offeror to handle an array of projects with a variety of stakeholders. One highlight was the complexity NM 566 bridge replacement over BNSF railroad and adjacent to the Navajo Nation. The Lovingston road diet project highlighted an award for innovative design but did not detail in which ways the design was innovative to garner that award. The proposal further did not detail any lessons learned from successes or failures and how it will help the firm grow.

9) **Wilson** (16.8 points) demonstrated their ability to work in a tight window. Their ability to anticipate the critical path and potential long lead items as well as find solutions to prevent causing a delay in the project was key to their project success. Discussions on how project schedule and costs were controlled as well as any lessons learned were missing. Highlighting different projects than what were previously described could have been an opportunity.

10) **WSP** (17 points) featured two projects that are located within the City and displayed the Offeror's capabilities to deliver a range of projects. The culvert replacement project particularly highlighted the firm's capacity to deliver an expedited design to meet the city's needs after the collapse of the previous culvert, thus shutting down a roadway for months. The design team also showed some capacity to change after staking the proposed structure in the field.

However, the Offeror did not take time to elaborate on the project schedule established and how their team met that schedule. Further, on the Guadalupe St. Bridge Preservation, a project cost is detailed but no information is provided as to whether this met the project's budget, thus the Committee was unable to fully judge the Offeror's ability to meet budgets.

IV.B.3.d Proximity to or Familiarity with the City of Santa Fe (maximum 5 points)

Specifications:
Offeror **must** identify its familiarity with the City of Santa Fe and its understanding of the scope of work. Offerors must demonstrate through narrative, graphics or maps the firm's ability to respond quickly to on- and off-site requirements for engineering and construction management services and administration of a City project which will be awarded via this RFP. The Offeror must also indicate previous knowledge or experience regarding the City, and any current work or associated consultants who could enhance the firm's ability to provide timely responses or special expertise to a City project needs.

Evaluation Factor:
Points will be awarded based on the Offeror's familiarity with the City's procedural, procurement and regulatory design requirements; thorough understanding of the Scope of Work; and how quickly they can respond to City request/need.

Scores:

AECOM	BHI	Earth & Steel	Huitt-Zollars	Lee Eng'g.	ME/ SMA	Molzen-Corbin	SFEC	WH Pacific	Wilson	WSP
4.8	4.8	4.5	4	4.5	4.8	4.5	Disqualified	4.8	4.8	5

Comments:

1) **AECOM** (4.8 points) has a staff office in Santa Fe for quick response times. They also have several years of past experience working with the City of Santa Fe, thus have excellent knowledge of procedural, procurement, and regulatory design requirements.

2) **BHI** (4.8 points) demonstrated knowledge and work throughout Santa Fe. No staff located directly in Santa Fe but still within an hour in Albuquerque.

3) **Earth and Steel** (4.5 points) is located within Santa Fe, leading to good response time. Narrative is limited to familiarity with City regulations, procedures, and processes.

4) **Huitt-Zollars** (4 points) has prior experience with the City and demonstrated clear understanding of the SOW. However, the office is located 1 hour from Santa Fe.

5) **Lee Engineering** (4.5 points) currently has several projects with the City and is located within an hour of Santa Fe.

6) **ME/SMA** (4.8 points) has a satellite office in Santa Fe that provides close proximity. Acknowledgment of historical and cultural significance which requires unique solutions is a particular strength of the proposal.

7) **Molzen-Corbin** (4.5 points) demonstrated a lot of previous experience with multiple departments in City but they do not have an office in Santa Fe. Their office is in Albuquerque.

8) **WH Pacific** (4.8 points) demonstrated a good understanding of the SOW and highlighted several projects with City of Santa Fe. Their staff is based mainly in Albuquerque.

9) **Wilson** (4.8 points) has an extensive project history in City and knows the City's procedural, procurement, and regularly design requirements.

10) **WSP** (5 points) has several staff within the State, including an office in Santa Fe. They also showed they have several years of project experience with City of Santa Fe.

IV.B.3.e New Mexico Produced Work (maximum 5 points)

Specifications:
Offeror **must** indicate the volume of work to be produced in New Mexico by a New Mexico firm or firms. The Offeror must identify any out-of-state consultant(s) or business relationships that will be involved on any City project that will be awarded via this RFP, and the extent of services to be provided by that firm or firms.

Evaluation Factor:
Points will be awarded based on the percentage of work produced in New Mexico using the following formula:

0% - 20% - 1 point
21% - 40% - 2 points
41% - 60% - 3 points
61% - 80% - 4 points
81% - 100% - 5 points

Scores:

AECOM	BHI	Earth & Steel	Huitt-Zollars	Lee Eng'g.	ME/ SMA	Molzen-Corbin	SFEC	WH Pacific	Wilson	WSP
5	0	5	5	5	0	5	Disqualified	5	5	5

Comments:

1) **AECOM** (5 points) – 90% of work will be produced in New Mexico.

2) **BHI** (0 point) – Evaluation Committee did not award any points because the Offerors' response is not direct and subject to interpretation. The Offeror tried to answer this question indirectly by stating their firm is a NM-owned and –based so they anticipate completing all the work in NM.

3) **Earth and Steel** (5 points) – 100% of work will be produced in New Mexico.

4) **Huitt-Zollars** (5 points) – 100% of work will be produced in New Mexico.

5) **Lee Engineering** (5 points) – 100% of work will be produced in New Mexico.

6) **ME/SMA** (0 point) – The Evaluation Committee did not award any points because the Offeror 's response is quite vague; stating a "substantial" portion of the work will be completed in NM.

7) **Molzen-Corbin –** 100% of work will be produced in New Mexico.

8) **WHPacific –** 100% of work will be produced in New Mexico.

9) **Wilson –** 100% of work will be produced in New Mexico.

10) **WSP –** 100% of work will be produced in New Mexico.

IV.B.3.f Volume of Work Currently Being Performed (0 to 5 point deduction). For Munis scores, see change in the scoring method below.**

Specifications:
Offeror **must** provide information on the status of any project that has been awarded by the City in the past four (4) years and is, on the date of the submittal, less than 75% complete by completing the "Contract/Project Listing Form" (APPENDIX G). The reason for any project delays must be identified.

Evaluation Factor:
Points shall be deducted for projects awarded that are less than 75% complete on the date the proposals are due. The following formula on fees shall be utilized in assessing scores:

Contract Balance Amount* Per Project	
$ Less than - $500,000	minus 0 point
$500,001 - $750,000	minus 1 point
$750,001 - $1,000,000	minus 2 points
$1,000,001- over	minus 3 points

*Contract Balance Amount is defined as:

i. Single Phase Contracts: Amount of contract including supplemental agreements that have been negotiated and that are covered under a signed contract, minus all paid invoices, if any (per project).

ii. Multi-Phase Contracts: Amount of contract including all subsequent phases and supplemental agreements that have been negotiated and that are covered under a signed contract, minus all paid invoices, if any (per project).

The maximum total point deduction for this section (sum of all ongoing contracts) will be 5 points. Deduction points will be calculated on the date the proposals are due. The Offeror must invoice against ongoing contracts not less than five (5) business days prior to proposal due date to allow sufficient time for posting to Deduction Point listing. No points will be deducted if the delay was caused by either the City or NMDOT. For example, if work has to stop due to delay in amending the term of the funding agreement.

**** When recording scores in Munis, it was determined that Munis won't accept a negative score, therefore the scoring methodology was adjusted to positive scores in Munis as follows:**

Maximum score is 5 points.

Contract Balance Amount per Project

	RFP Scoring	**Munis Scoring**
$ Less than - $500,000	**minus 0 point**	**add 5 points**
$500,001 - $750,000	**minus 1 point**	**add 4 points**
$750,001 - $1,000,000	**minus 2 points**	**add 3 points**
$1,000,001- over	**minus 3 points**	**add 2 points**

Using the above methodology, Offeror's scores are:

Scores:

	AECOM	BHI	Earth & Steel	Huitt-Zollars	Lee Eng'g.	ME/ SMA	Molzen-Corbin	SFEC	WH Pacific	Wilson	WSP
RFP Scoring	-4	0	0	0	0	0	0	Disqualified	0	-2	0
Munis Scoring	1	5	5	5	5	5	5	Disqualified	5	3	5

Comments:

1) **AECOM** (-4) is working on 2 projects with the City with a remaining balance in the range of $750,001 - $1,000,000. Using the scoring method in the RFP, AECOM has a deduction of -4. In Munis, the score is 1 (maximum score of 5 minus 4).

2) **BHI** (0 point) currently has no project with the City with a remaining balance of over $500,000. Hence, no points were deducted.

3) **Earth & Steel** (0 point) is not working on any project with the City. Hence, no points were deducted.

4) **Huitt-Zollars** (0 point) does not have any projects with the City at the time of proposal submittal. Hence, no points were deducted.

5) **Lee Eng'g.** (0 point) does not have any projects with the City with a remaining balance of over $500,000. Hence, no points were deducted.

6) **ME/SMA** (0 point) does not have any projects with the City with a remaining balance of over $500,000. Hence, no points were deducted.

7) **Molzen Corbin** (0 point) does not have any projects with the City with a remaining balance of over $500,000. Hence, no points were deducted.

8) **WHPacific** (0 point) does not have any projects with the City with a remaining balance of over $500,000. Hence, no points were deducted.

9) **Wilson** (-2 points) has one project with the City with a remaining balance in the range of $750,001 - $1,000,000. Using the RFP scoring method, they had a 2-point deduction. In Munis, the final score is 3 (maximum score of 5 minus 2).

10) **WSP** (0 point) does not have any project with the City with a remaining balance of over $500,000. Hence, no points were deducted.

On-Call General Engineering Services for Roadway, Trail, Bridge, Drainage, Facility, Utility and Traffic Design

Based on the Evaluation of the proposals submitted, as detailed above, the Evaluation Committee respectfully recommends awarding all Offerors that received a total score of 85 points and above, an on-call contract. The Offerors are: Molzen-Corbin (93), AECOM (92), WH Pacific (91), WSP (90), Wilson (89), BHI (85), and Lee Engineering (85). Awarding on-call contracts to the recommended Offerors are in the best interest and is most advantageous to the City of Santa Fe.

CITY OF SANTA FE

The Purchasing Memo

Date: December 16, 2025

To: Governing Body, Finance Committee, and Public Works & Utilities Committee

From: Clinton Peterson, Engineer CDP

Via: Jesse Roach, Interim Public Utilities Director JR

Jonathan Montoya, Interim Water Division Director JM

Subject: Flocculation and Sedimentation Improvement Amendment 1

Vendor Name: Bradbury Stamm Construction

Munis Vendor Number: 1662

ITEM AND ISSUE:

The Public Utilities Department respectfully requests your review and approval of an Amendment #1 to Contract 3260113 with Bradbury Stamm Construction for Construction Services. Amendment 1 Decreases the amount of compensation in order to correct the GRT percentage by $287,205.18 for a total compensation of $23,386,708.13 including NMGRT for the original term of the Contract.

CONTRACT NUMBER:

The FY25/26 Munis contract number 3260113.

BACKGROUND AND SUMMARY:

The Flocculation and Sedimentation Improvement project is underway at the Canyon Road Water Treatment Plant. The original Contract between the City and Bradbury Stamm originally stated a Gross Receipts Tax amount equal to the City rate of 8.1875%. However, the construction work will take place entirely within the Canyon Road Water Treatment Plant, which is located in the County. The correct tax rate should be amended to the County rate of 6.875% instead, which will lower the overall Contract amount. All other amounts will remain unchanged, as will the term of the Contract.

CITY OF SANTA FE, PUBLIC UTILITIES DEPARTMENT
AMENDMENT No. 1 TO
Munis Contract # 3260113

Flocculation and Sedimentation Improvements

This AMENDMENT No. 1 (the "Amendment") amends the CITY OF SANTA FE CONTRACT, dated 9/15/2025 (the "Contract"), between the City of Santa Fe (the "City") and Bradbury Stamm Construction. (the "Contractor"). The date of this Amendment shall be the date when it is executed by the City and the Contractor whichever occurs last.

RECITALS:

A. Under the terms of the Contract, Contractor has agreed to provide the City with Construction Services at Canyon Road Water Treatment Plant for the Flocculation and Sedimentation Improvements project.

B. Pursuant to Article 14 of the Contract, and for good and valuable consideration, the receipt and sufficiency of which are acknowledged by the parties, the City and the Contractor agree as follows:

1. COMPENSATION.

Article 2, paragraph A of the Contract is amended to correct the rate of Gross Receipts Tax to the County rate of 6.875% so that Article 3, paragraph A reads in its entirety as follows:

The City shall pay to the Contractor in full payment for services satisfactorily performed, and such compensation not to exceed $21,882,300, excluding gross receipts tax. The New Mexico gross receipts tax levied on the amounts payable under this Contract shall be paid by the City to the Contractor, as follows:

The Unit Bid Contract Total is determined as follows:

Base Bid	$19,893,000.00
Unanticipated Cost Overrun	$1,989,300.00
Gross Receipts Tax (6.875%)	$1,504,408.13
Base Bid plus Unanticipated Cost Overrun plus NMGRT	$23,386,708.13

The total amount payable to the Contractor under this Contract, including Alternates (if needed) gross receipts tax and expenses, shall not exceed $23,386,708.13 (Twenty-three million, three-hundred eighty-six thousand, seven hundred eight dollars and thirteen cents). This amount is a maximum and not a guarantee that the work assigned to be performed by Contractor under this Contract shall equal the amount stated herein. The parties do not intend for the Contractor to continue to provide services without compensation when the total compensation amount is reached. Contractor is responsible for notifying the City when the services provided under this Contract reach the total compensation amount. In no event will the Contractor be paid for services provided in excess of the total compensation amount without this Contract being amended in writing prior to those services in excess of the total compensation amount being provided.

2. CONTRACT IN FULL FORCE.

Except as specifically provided in this Amendment, the Contract remains and shall remain in full force and effect, in accordance with its terms.

[REMAINDER OF PAGE INTENTIONALLY LEFT BLANK]
[SIGNATURE PAGE TO FOLLOW]

IN WITNESS WHEREOF, the parties have executed this Amendment No. 1 to the Contract as of the dates set forth below.

The Purchasing Memo

Date: August 11, 2025

To: Governing Body, Finance Committee, and Public Works & Utilities Committee

From: Clinton Peterson, Water Division Engineer

Via: Jesse Roach, Interim Public Utilities Department Director

Jonathan Montoya, Interim Water Division Director Jonathan Montoya (Aug 12, 2025 14:58:41 MDT)

Subject: Flocculation and Sedimentation Improvements BAR and Contract Approval

Vendor Name: Bradbury Stamm Construction

Munis Vendor Number: 1662

ITEM AND ISSUE:

The Public Utilities Department respectfully requests your review and approval of a Construction Contract in the total amount not to exceed $21,882,300, excluding gross receipts tax for a term until 12/31/28 with Bradbury Stamm; Request review and approval of a Budget Adjustment Resolution (BAR) in the amount of $12,000,000 from the Water Enterprise Fund to WIP Construction to fund the above Contract for this Fiscal Year.

CONTRACT NUMBER:

The FY26/27 Munis contract number is 3260113.

BACKGROUND AND SUMMARY:

The Canyon Road Water Treatment Plant (CRWTP) is one of two primary surface water treatment plants that provide potable drinking water to the City of Santa Fe. A Comprehensive Performance Evaluation completed by Carollo, an engineering consultant, in 2020 that recommended a list of key infrastructure improvements that would upgrade and replace aging equipment at the CRWTP. Several of the items on this list that were deemed high priority to keep the CRWTP functional were designed by Carollo as the Flocculation and Sedimentation Improvements project (CIP# 39115). The design was completed in 2021. The project initially solicited bids through the Invitation to Bid (ITB) process but only received a single bid in August of 2024, which exceeded the engineer's estimate of cost.

The Santa Fe Water Division once again solicited bids through a competitive ITB process for the Flocculation and Sedimentation Improvements Project, ITB #25049 in May of 2025. The winning bid is from Bradbury Stamm Construction. Bradbury Stamm was the lowest bidder out of three bidders and provided all expectations and requirements for the project. The base bid is for $19,893,00.00 with an unanticipated cost overrun amount of $1,989,300.00. Total project cost including NMGRT of $1,791,613.31 is $23,673,913.31.

The Flocculation and Sedimentation Improvements Project is a large CIP construction project that will be managed by the Water Division Engineering Section. The project team will include design engineering and construction management support from external firms in addition to the prime construction contractor. The project is estimated to be completed within 27 months, but the exact schedule will need to be negotiated and proposed by Bradbury Stam. Additionally, the schedule is impacted by seasonal operations tied to demand and work restrictions detailed in the project specifications.

The Water Division is seeking review and approval of the above Contract as well as a BAR in the amount of $12,000,000 from the Water Enterprise Fund into the WIP Construction account to fund the project for this fiscal year FY26/27.

Greetings,
Based on the information provided, the scope of work is classified as **Construction**. This determination is made solely for the purpose of addressing the classification question and does not constitute a comprehensive review of the scope or the procurement method's compliance with all applicable legal or regulatory requirements.
This determination is subject to change if the scope of work is modified from the original submission.
The procurement process must comply with all applicable requirements, including but not limited to:

- The City of Santa Fe's Procurement Manual
- Central Purchasing procedures
- Applicable state statutes
- Requirements of the New Mexico Department of Workforce Solutions, if applicable

Please note:

- Save this email as a PDF and upload it into the corresponding Munis record(s).
- If your request includes anything that needs to be reviewed and preapproved by another City Department/Division, please send the same SOW to the corresponding email address and include their response in your packet/Munis.

-Treasury (Point of Sale Systems) – questions: drsena@santafenm.gov; clromero@santafenm.gov. Request signature from: clromero@santafenm.gov
-IT components (everything IT) – questions: ereview@santafenm.gov. Request signature from: edcandelaria@santafenm.gov;
Copy: zxdushdurova@santafenm.gov; lenobes@santafenm.gov; lfworstell@santafenm.gov
-Vehicles – questions: fleet@santafenm.gov. Request signature from: dmjaramillo@santafenm.gov
-Grants – questions: grants@santafenm.gov. Request signature from: evlujan@santafenm.gov
- Construction, Facilities, Furniture, Fixtures, Equipment, etc. – questions: fmdreview@santafenm.gov. Request signature from: jsburnett@santafenm.gov_
-Emergency Related Purchases – questions oem@santafenm.govand. Request signature from: klmorgan@santafenm.gov
-Asset over $5k – questions: accountspayable@santafenm.gov. Request signature from: jxbolden@santafenm.gov

- Ensure that the appropriate templates and forms are used https://intranet.santafenm.gov/finance_1 and documented procedures/laws/rules are followed.
- When processing this procurement, please ensure the procurement number issued by Munis and the procurement name are used in the appropriate documents and the subject of emails.
- If you are processing a procurement where the forecasted amount is =/> $60k, per NMSA 1978, Section 13-1-102, the procurement method must be ITB (if you

choose not to use a cooperative or an existing contract). If you feel you need to process an RFP, you must get an Authorization and Plan approved before you process.

- < $20k per year, one quote is acceptable.
- From $20k to $60k per year, if you aren't using a cooperative or existing contract, you must provide 3 quotes in your req. Must use the Munis Bid Module, OpenGov, or Pavilion.
- **Identify your funding source and notify Purchasing.**
  It's essential to determine the funding source early, as it impacts the required documentation and contract language. For example, if federal funds are being used, specific federal provisions must be included in both the procurement request and the resulting contract. Notifying Purchasing of the funding source upfront ensures compliance and avoids delays.
- Follow the link below to review existing price agreements, contracts, or cooperative agreements that might be applicable to this request. You might be able to use an existing price agreement/contract to save time and money.
  - Pavilion: Free Cooperative Contract Search for Governments (please work with Purchasing if you think you found an existing or cooperative contract that might work)
- Submit via **Submit Purchase Requests** or the appropriate email address:
  - Determination requests to purchasing_det@santafenm.gov
  - All other requests to purchasing@santafenm.gov

Thank you for submitting this scope of work for my review.

Book time to meet with me

Subject: Determination Request for Construction Services

Hello,

I need a determination request for Construction Services for the Canyon Road Water Treatment Plant, which would include:

- Demolition of existing flocculation and sedimentation equipment
- Installation of new PLC controls, new vertical flocculation paddlewheels, new concrete work for existing sedimentation basins, new yard piping and electrical conduits, electrical work, and new plate settlers
- Construction of a new motor control building for the vertical paddlewheels.

ALTERNATE EMPLOYER ENDORSEMENT

This endorsement applies only with respect to bodily injury to your employees while in the course of special or temporary employment by the alternate employer in the state named in the Schedule. Part One (Workers Compensation Insurance) and Part Two (Employers Liability Insurance) will apply as though the alternate employer is insured.

Under Part One (Workers Compensation Insurance) we will reimburse the alternate employer for the benefits required by the workers compensation law if we are not permitted to pay the benefits directly to the persons entitled to them.

The insurance afforded by this endorsement is not intended to satisfy the alternate employer's duty to secure its obligations under the workers compensation law. We will not file evidence of this insurance on behalf of the alternate employer with any government agency.

We will not ask any other insurer of the alternate employer to share with us a loss covered by this endorsement.

Premium will be charged for your employees while in the course of special or temporary employment by the alternate employer.

The policy may be canceled according to its terms without sending notice to the alternate employer.

Part Four (Your Duties If Injury Occurs) applies to you and the alternate employer. The alternate employer will recognize our right to defend under Parts One and Two and our right to inspect under Part Six.

Schedule

Alternate Employer	Address	State of Special or Temporary Employment
Any person or organization to whom or to which you are required to add as an alternate employer in a written contract or written agreement executed prior to loss, except where such contract or agreement is prohibited by law		Any state listed in Item 3.A of the Information Page

This endorsement changes the policy to which it is attached and is effective on the date issued unless otherwise stated.

(The information below is required only when this endorsement is issued subsequent to preparation of the policy.)

THIS ENDORSEMENT CHANGES THE POLICY. PLEASE READ IT CAREFULLY.	
Policy No. GLO 2927129 - 02	Effective Date: 07/01/2024

This endorsement modifies insurance provided under the:

Commercial General Liability Coverage Part

A. Section **II – Who Is An Insured** is amended to include as an additional insured any person or organization whom you are required to add as an additional insured under a written contract or written agreement executed by you, but only with respect to liability for "bodily injury", "property damage" or "personal and advertising injury" and subject to the following:

1. If such written contract or written agreement specifically requires that you provide that the person or organization be named as an additional insured under one or both of the following endorsements:

a. The Insurance Services Office (ISO) ISO CG 20 10 (10/01 edition); or

b. The ISO CG 20 37 (10/01 edition),

such person or organization is then an additional insured with respect to such endorsement(s), but only to the extent that "bodily injury", "property damage" or "personal and advertising injury" arises out of:

(1) Your ongoing operations, with respect to Paragraph **1.a.** above; or

(2) "Your work", with respect to Paragraph **1.b.** above,

which is the subject of the written contract or written agreement.

However, solely with respect to this Paragraph **1.**, insurance afforded to such additional insured:

(a) Only applies if the "bodily injury", "property damage" or "personal and advertising injury" offense occurs during the policy period and subsequent to your execution of the written contract or written agreement; and

(b) Does not apply to "bodily injury" or "property damage" caused by "your work" and included within the "products-completed operations hazard" unless the written contract or written agreement specifically requires that you provide such coverage to such additional insured.

2. If such written contract or written agreement specifically requires that you provide that the person or organization be named as an additional insured under one or both of the following endorsements:

a. The Insurance Services Office (ISO) ISO CG 20 10 (07/04 edition); or

b. The ISO CG 20 37 (07/04 edition),

such person or organization is then an additional insured with respect to such endorsement(s), but only to the extent that "bodily injury", "property damage" or "personal and advertising injury" is caused, in whole or in part, by:

(1) Your acts or omissions; or

(2) The acts or omissions of those acting on your behalf,

Includes copyrighted material of Insurance Services Office, Inc., with its permission.

in the performance of:

(a) Your ongoing operations, with respect to Paragraph **2.a.** above; or

(b) "Your work" and included in the "products-completed operations hazard", with respect to Paragraph **2.b.** above,

which is the subject of the written contract or written agreement.

However, solely with respect to this Paragraph **2.**, insurance afforded to such additional insured:

(i) Only applies if the "bodily injury", "property damage" or "personal and advertising injury" offense occurs during the policy period and subsequent to your execution of the written contract or written agreement; and

(ii) Does not apply to "bodily injury" or "property damage" caused by "your work" and included within the "products-completed operations hazard" unless the written contract or written agreement specifically requires that you provide such coverage to such additional insured.

3. If neither Paragraph **1.** nor Paragraph **2.** above apply and such written contract or written agreement requires that you provide that the person or organization be named as an additional insured:

a. Under the ISO CG 20 10 (04/13 edition, any subsequent edition or if no edition date is specified); or

b. With respect to ongoing operations (if no form is specified),

such person or organization is then an additional insured only to the extent that "bodily injury", "property damage" or "personal and advertising injury" is caused, in whole or in part by:

(1) Your acts or omissions; or

(2) The acts or omissions of those acting on your behalf,

in the performance of your ongoing operations, which is the subject of the written contract or written agreement.

However, solely with respect to this Paragraph **3.**, insurance afforded to such additional insured:

(a) Only applies to the extent permitted by law;

(b) Will not be broader than that which you are required by the written contract or written agreement to provide for such additional insured; and

(c) Only applies if the "bodily injury", "property damage" or "personal and advertising injury" offense occurs during the policy period and subsequent to your execution of the written contract or written agreement.

4. If neither Paragraph **1.** nor Paragraph **2.** above apply and such written contract or written agreement requires that you provide that the person or organization be named as an additional insured:

a. Under the ISO CG 20 37 (04/13 edition, any subsequent edition or if no edition date is specified); or

b. With respect to the "products-completed operations hazard" (if no form is specified),

such person or organization is then an additional insured only to the extent that "bodily injury" or "property damage" is caused, in whole or in part by "your work" and included in the "products-completed operations hazard", which is the subject of the written contract or written agreement.

However, solely with respect to this Paragraph **4.**, insurance afforded to such additional insured:

(1) Only applies to the extent permitted by law;

(2) Will not be broader than that which you are required by the written contract or written agreement to provide for such additional insured;

(3) Only applies if the "bodily injury" or "property damage" occurs during the policy period and subsequent to your execution of the written contract or written agreement; and

Includes copyrighted material of Insurance Services Office, Inc., with its permission.

(4) Does not apply to "bodily injury" or "property damage" caused by "your work" and included within the "products-completed operations hazard" unless the written contract or written agreement specifically requires that you provide such coverage to such additional insured.

B. Solely with respect to the insurance afforded to any additional insured referenced in Section **A.** of this endorsement, the following additional exclusion applies:

This insurance does not apply to "bodily injury", "property damage" or "personal and advertising injury" arising out of the rendering of, or failure to render, any professional architectural, engineering or surveying services including:

1. The preparing, approving or failing to prepare or approve maps, shop drawings, opinions, reports, surveys, field orders, change orders or drawings and specifications; or

2. Supervisory, inspection, architectural or engineering activities.

This exclusion applies even if the claims against any insured allege negligence or other wrongdoing in the supervision, hiring, employment, training or monitoring of others by that insured, if the "occurrence" which caused the "bodily injury" or "property damage", or the offense which caused the "personal and advertising injury", involved the rendering of or the failure to render any professional architectural, engineering or surveying services.

C. Solely with respect to the coverage provided by this endorsement, the following is added to Paragraph **2. Duties In The Event Of Occurrence, Offense, Claim Or Suit** of Section **IV – Commercial General Liability Conditions**:

The additional insured must see to it that:

(1) We are notified as soon as practicable of an "occurrence" or offense that may result in a claim;

(2) We receive written notice of a claim or "suit" as soon as practicable; and

(3) A request for defense and indemnity of the claim or "suit" will promptly be brought against any policy issued by another insurer under which the additional insured may be an insured in any capacity. This provision does not apply to insurance on which the additional insured is a Named Insured if the written contract or written agreement requires that this coverage be primary and non-contributory.

D. Solely with respect to the coverage provided by this endorsement:

1. The following is added to the **Other Insurance** Condition of Section **IV – Commercial General Liability Conditions**:

Primary and Noncontributory insurance

This insurance is primary to and will not seek contribution from any other insurance available to an additional insured provided that:

a. The additional insured is a Named Insured under such other insurance; and

b. You are required by written contract or written agreement that this insurance be primary and not seek contribution from any other insurance available to the additional insured.

2. The following paragraph is added to Paragraph **4.b.** of the **Other Insurance** Condition under Section **IV – Commercial General Liability Conditions**:

This insurance is excess over:

Any of the other insurance, whether primary, excess, contingent or on any other basis, available to an additional insured, in which the additional insured on our policy is also covered as an additional insured on another policy providing coverage for the same "occurrence", offense, claim or "suit". This provision does not apply to any policy in which the additional insured is a Named Insured on such other policy and where our policy is required by a written contract or written agreement to provide coverage to the additional insured on a primary and non-contributory basis.

E. This endorsement does not apply to an additional insured which has been added to this Coverage Part by an endorsement showing the additional insured in a Schedule of additional insureds, and which endorsement applies specifically to that identified additional insured.

Includes copyrighted material of Insurance Services Office, Inc., with its permission.

F. Solely with respect to the insurance afforded to an additional insured under Paragraph **A.3.** or Paragraph **A.4.** of this endorsement, the following is added to Section **III – Limits Of Insurance**:

Additional Insured – Automatic – Owners, Lessees Or Contractors Limit

The most we will pay on behalf of the additional insured is the amount of insurance:

1. Required by the written contract or written agreement referenced in Section **A.** of this endorsement; or

2. Available under the applicable Limits of Insurance shown in the Declarations,

whichever is less.

This endorsement shall not increase the applicable Limits of Insurance shown in the Declarations.

All other terms, conditions, provisions and exclusions of this policy remain the same.

Includes copyrighted material of Insurance Services Office, Inc., with its permission.

Blanket Notification to Others of Cancellation or Non-Renewal

THIS ENDORSEMENT CHANGES THE POLICY. PLEASE READ IT CAREFULLY.	
Policy No. GLO 2927129 - 02	Effective Date: 07/01/2024

This endorsement applies to insurance provided under the:

Commercial General Liability Coverage Part

A. If we cancel or non-renew this Coverage Part by written notice to the first Named Insured, we will mail or deliver notification that such Coverage Part has been cancelled or non-renewed to each person or organization shown in a list provided to us by the first Named Insured if you are required by written contact or written agreement to provide such notification. Such list:

1. Must be provided to us prior to cancellation or non-renewal;

2. Must contain the names and addresses of only the persons or organizations requiring notification that such Coverage Part has been cancelled or non-renewed; and

3. Must be in an electronic format that is acceptable to us.

B. Our notification as described in Paragraph **A.** of this endorsement will be based on the most recent list in our records as of the date the notice of cancellation or non-renewal is mailed or delivered to the first Named Insured. We will mail or deliver such notification to each person or organization shown in the list:

1. Within 10 days of the effective date of the notice of cancellation, if we cancel for non-payment of premium; or

2. At least 30 days prior to the effective date of:

a. Cancellation, if cancelled for any reason other than nonpayment of premium; or

b. Non-renewal, but not including conditional notice of renewal,

unless a greater number of days is shown in the Schedule of this endorsement for the mailing or delivering of such notification with respect to Paragraph **B.1.** or Paragraph **B.2.** above.

C. Our mailing or delivery of notification described in Paragraphs **A.** and **B.** of this endorsement is intended as a courtesy only. Our failure to provide such mailing or delivery will not:

1. Extend the Coverage Part cancellation or non-renewal date;

2. Negate the cancellation or non-renewal; or

3. Provide any additional insurance that would not have been provided in the absence of this endorsement.

Includes copyrighted material of Insurance Services Office, Inc., with its permission.

D. We are not responsible for the accuracy, integrity, timeliness and validity of information contained in the list provided to us as described in Paragraphs **A.** and **B.** of this endorsement.

SCHEDULE	
The total number of days for mailing or delivering with respect to Paragraph **B.1.** of this endorsement is amended to indicate the following number of days:	*
The total number of days for mailing or delivering with respect to Paragraph **B.2.** of this endorsement is amended to indicate the following number of days:	**
* If a number is not shown here, 10 days continues to apply. ** If a number is not shown here, 30 days continues to apply.	

All other terms and conditions of this policy remain unchanged.

Includes copyrighted material of Insurance Services Office, Inc., with its permission.

General Liability Supplemental Coverage Endorsement

THIS ENDORSEMENT CHANGES THE POLICY. PLEASE READ IT CAREFULLY.	
Policy No. GLO 2927129 - 02	Effective Date: 07/01/2024

This endorsement modifies insurance provided under the:

Commercial General Liability Coverage Part

The following changes apply to this Coverage Part. However, endorsements attached to this Coverage Part will supersede any provisions to the contrary in this General Liability Supplemental Coverage Endorsement.

A. Broadened Named Insured

1. The following is added to Section **II – Who Is An Insured**:

Any organization of yours, other than a partnership or joint venture, which is not shown in the Declarations, and over which you maintain an ownership interest of more than 50% of such organization as of the effective date of this Coverage Part, will qualify as a Named Insured. However, such organization will not qualify as a Named Insured under this provision if it:

a. Is newly acquired or formed during the policy period;

b. Is also an insured under another policy, other than a policy written to apply specifically in excess of this Coverage Part; or

c. Would be an insured under another policy but for its termination or the exhaustion of its limits of insurance.

Each such organization remains qualified as a Named Insured only while you maintain an ownership interest of more than 50% in the organization during the policy period.

2. The last paragraph of Section **II – Who Is An Insured** does not apply to this provision to the extent that such paragraph would conflict with this provision.

B. Newly Acquired or Formed Organizations as Named Insureds

1. Paragraph **3.** of Section **II – Who Is An Insured** is replaced by the following:

3. Any organization you newly acquire or form during the policy period, other than a partnership or joint venture, and over which you maintain an ownership interest of more than 50% of such organization, will qualify as a Named Insured if there is no other similar insurance available to that organization. However:

a. Coverage under this provision is afforded only until the 180th day after you acquire or form the organization or the end of the policy period, whichever is earlier;

b. Coverage **A** does not apply to "bodily injury" or "property damage" that occurred before you acquired or formed the organization; and

c. Coverage **B** does not apply to "personal and advertising injury" arising out of an offense committed before you acquired or formed the organization.

Includes copyrighted material of Insurance Services Office, Inc., with its permission.

An additional premium will apply in accordance with our rules and rates in effect on the date you acquired or formed the organization.

2. The last paragraph of Section **II – Who Is An Insured** does not apply to this provision to the extent that such paragraph would conflict with this provision.

C. Insured Status – Employees

Paragraph **2.a.(1)** of Section **II – Who Is An Insured** is replaced by the following:

2. Each of the following is also an insured:

a. Your "volunteer workers" only while performing duties related to the conduct of your business, or your "employees", other than either your "executive officers" (if you are an organization other than a partnership, joint venture or limited liability company) or your managers (if you are a limited liability company), but only for acts within the scope of their employment by you or while performing duties related to the conduct of your business. However, none of these "employees" or "volunteer workers" are insureds for:

(1) "Bodily injury" or "personal and advertising injury":

(a) To you, to your partners or members (if you are a partnership or joint venture), to your members (if you are a limited liability company), to a co-"employee" while in the course of his or her employment or performing duties related to the conduct of your business, or to your other "volunteer workers" while performing duties related to the conduct of your business;

(b) To the spouse, child, parent, brother or sister of that co-"employee" or "volunteer worker" as a consequence of Paragraph **(1)(a)** above;

(c) For which there is any obligation to share damages with or repay someone else who must pay damages because of the injury described in Paragraphs **(1)(a)** or **(b)** above; or

(d) Arising out of his or her providing or failing to provide professional health care services.

However:

Paragraphs **(1)(a)** and **(1)(d)** do not apply to your "employees" or "volunteer workers", who are not employed by you or volunteering for you as health care professionals, for "bodily injury" arising out of "Good Samaritan Acts" while the "employee" or "volunteer worker" is performing duties related to the conduct of your business.

"Good Samaritan Acts" mean any assistance of a medical nature rendered or provided in an emergency situation for which no remuneration is demanded or received.

Paragraphs **(1)(a), (b)** and **(c)** do not apply to any "employee" designated as a supervisor or higher in rank, with respect to "bodily injury" to co-"employees". As used in this provision, "employees" designated as a supervisor or higher in rank means only "employees" who are authorized by you to exercise direct or indirect supervision or control over "employees" or "volunteer workers" and the manner in which work is performed.

D. Additional Insureds – Lessees of Premises

1. Section **II – Who Is An Insured** is amended to include as an additional insured any person(s) or organization(s) who leases or rents a part of the premises you own or manage who you are required to add as an additional insured on this policy under a written contract or written agreement, but only with respect to liability arising out of your ownership, maintenance or repair of that part of the premises which is not reserved for the exclusive use or occupancy of such person or organization or any other tenant or lessee.

This provision does not apply after the person or organization ceases to lease or rent premises from you.

However, the insurance afforded to such additional insured:

a. Only applies to the extent permitted by law; and

b. Will not be broader than that which you are required by the written contract or written agreement to provide for such additional insured.

2. With respect to the insurance afforded to the additional insureds under this endorsement, the following is added to Section **III – Limits Of Insurance**:

Includes copyrighted material of Insurance Services Office, Inc., with its permission.

The most we will pay on behalf of the additional insured is the amount of insurance:

a. Required by the written contract or written agreement referenced in Subparagraph **D.1.** above (of this endorsement); or

b. Available under the applicable Limits of Insurance shown in the Declarations,

whichever is less.

This Paragraph **D.** shall not increase the applicable Limits of Insurance shown in the Declarations.

E. Additional Insured – Vendors

1. The following change applies if this Coverage Part provides insurance to you for "bodily injury" and "property damage" included in the "products-completed operations hazard":

Section **II – Who Is An Insured** is amended to include as an additional insured any person or organization (referred to throughout this Paragraph **E.** as vendor) who you have agreed in a written contract or written agreement, prior to loss, to name as an additional insured, but only with respect to "bodily injury" or "property damage" arising out of "your products" which are distributed or sold in the regular course of the vendor's business:

However, the insurance afforded to such vendor:

a. Only applies to the extent permitted by law; and

b. Will not be broader than that which you are required by the written contract or written agreement to provide for such vendor.

2. With respect to the insurance afforded to these vendors, the following additional exclusions apply:

a. The insurance afforded the vendor does not apply to:

(1) "Bodily injury" or "property damage" for which the vendor is obligated to pay damages by reason of the assumption of liability in a contract or agreement. This exclusion does not apply to liability for damages that the vendor would have in the absence of the contract or agreement;

(2) Any express warranty unauthorized by you;

(3) Any physical or chemical change in the product made intentionally by the vendor;

(4) Repackaging, except when unpacked solely for the purpose of inspection, demonstration, testing, or the substitution of parts under instructions from the manufacturer, and then repackaged in the original container;

(5) Any failure to make such inspections, adjustments, tests or servicing as the vendor has agreed to make or normally undertakes to make in the usual course of business, in connection with the distribution or sale of the products;

(6) Demonstration, installation, servicing or repair operations, except such operations performed at the vendor's premises in connection with the sale of the product;

(7) Products which, after distribution or sale by you, have been labeled or relabeled or used as a container, part or ingredient of any other thing or substance by or for the vendor; or

(8) "Bodily injury" or "property damage" arising out of the sole negligence of the vendor for its own acts or omissions or those of its employees or anyone else acting on its behalf. However, this exclusion does not apply to:

(a) The exceptions contained in Subparagraphs **(4)** or **(6)**; or

(b) Such inspections, adjustments, tests or servicing as the vendor has agreed to make or normally undertakes to make in the usual course of business, in connection with the distribution or sale of the products.

b. This insurance does not apply to any insured person or organization, from whom you have acquired such products, or any ingredient, part or container, entering into, accompanying or containing such products.

Includes copyrighted material of Insurance Services Office, Inc., with its permission.

c. This insurance does not apply to any of "your products" for which coverage is excluded under this Coverage Part.

3. With respect to the insurance afforded to the vendor under this endorsement, the following is added to Section **III – Limits Of Insurance**:

The most we will pay on behalf of the vendor is the amount of insurance:

a. Required by the written contract or written agreement referenced in Subparagraph **E.1.** above (of this endorsement); or

b. Available under the applicable Limits of Insurance shown in the Declarations,

whichever is less.

This Paragraph **E.** shall not increase the applicable Limits of Insurance shown in the Declarations.

F. Additional Insured – Managers, Lessors or Governmental Entity

1. Section **II – Who Is An Insured** is amended to include as an insured any person or organization who is a manager, lessor or governmental entity who you are required to add as an additional insured on this policy under a written contract, written agreement or permit, but only with respect to liability for "bodily injury", "property damage" or "personal and advertising injury" caused, in whole or in part, by:

a. Your acts or omissions; or

b. The acts or omission of those acting on your behalf; and

resulting directly from:

a. Operations performed by you or on your behalf for which the state or political subdivision has issued a permit;

b. Ownership, maintenance, occupancy or use of premises by you; or

c. Maintenance, operation or use by you of equipment leased to you by such person or organization.

However, the insurance afforded to such additional insured:

a. Only applies to the extent permitted by law; and

b. Will not be broader than that which you are required by the written contract or written agreement to provide for such additional insured.

2. This provision does not apply:

a. Unless the written contract or written agreement has been executed, or the permit has been issued, prior to the "bodily injury", "property damage" or offense that caused "personal and advertising injury";

b. To any person or organization included as an insured under Paragraph **3.** of Section **II – Who Is An Insured**;

c. To any lessor of equipment if the "occurrence" or offense takes place after the equipment lease expires;

d. To any:

(1) Owners or other interests from whom land has been leased by you; or

(2) Managers or lessors of premises, if:

(a) The "occurrence" or offense takes place after the expiration of the lease or you cease to be a tenant in that premises;

(b) The "bodily injury", "property damage" or "personal and advertising injury" arises out of the structural alterations, new construction or demolition operations performed by or on behalf of the manager or lessor; or

(c) The premises are excluded under this Coverage Part.

3. With respect to the insurance afforded to the additional insureds under this endorsement, the following is added to Section **III – Limits Of Insurance**:

The most we will pay on behalf of the additional insured is the amount of insurance:

Includes copyrighted material of Insurance Services Office, Inc., with its permission.

a. Required by the written contract or written agreement referenced in Subparagraph **F.1.** above (of this endorsement); or

b. Available under the applicable Limits of Insurance shown in the Declarations,

whichever is less.

This Paragraph **F.** shall not increase the applicable Limits of Insurance shown in the Declarations.

G. Damage to Premises Rented or Occupied by You

1. The last paragraph under Paragraph **2. Exclusions** of Section **I – Coverage A – Bodily Injury And Property Damage Liability** is replaced by the following:

Exclusions **c.** through **n.** do not apply to damage by "specific perils" to premises while rented to you or temporarily occupied by you with permission of the owner. A separate Damage To Premises Rented To You Limit of Insurance applies to this coverage as described in Section **III – Limits Of Insurance.**

2. Paragraph **6.** of Section **III – Limits Of Insurance** is replaced by the following:

6. Subject to Paragraph **5.** above, the Damage To Premises Rented To You Limit is the most we will pay under Coverage **A** for damages because of "property damage" to any one premises while rented to you, or in the case of damage by one or more "specific perils" to any one premises, while rented to you or temporarily occupied by you with permission of the owner.

H. Broadened Contractual Liability

The "insured contract" definition under the **Definitions** Section is replaced by the following:

"Insured contract" means:

a. A contract for a lease of premises. However, that portion of the contract for a lease of premises that indemnifies any person or organization for damage by "specific perils" to premises while rented to you or temporarily occupied by you with permission of the owner is not an "insured contract";

b. A sidetrack agreement;

c. Any easement or license agreement;

d. An obligation, as required by ordinance, to indemnify a municipality, except in connection with work for a municipality;

e. An elevator maintenance agreement;

f. That part of any other contract or agreement pertaining to your business (including an indemnification of a municipality in connection with work performed for a municipality) under which you assume the tort liability of another party to pay for "bodily injury", "property damage", or "personal and advertising injury" arising out of the offenses of false arrest, detention or imprisonment, to a third person or organization. Tort liability means a liability that would be imposed by law in the absence of any contract or agreement.

Paragraph **f.** does not include that part of any contract or agreement:

(1) That indemnifies an architect, engineer or surveyor for injury or damage arising out of:

(a) Preparing, approving, or failing to prepare or approve, maps, shop drawings, opinions, reports, surveys, field orders, change orders or drawings and specifications; or

(b) Giving directions or instructions, or failing to give them, if that is the primary cause of the injury or damage; or

(2) Under which the insured, if an architect, engineer or surveyor, assumes liability for an injury or damage arising out of the insured's rendering or failure to render professional services, including those listed in Paragraph **(1)** above and supervisory, inspection, architectural or engineering activities.

I. Definition – Specific Perils

The following definition is added to the **Definitions** Section:

"Specific perils" means:

Includes copyrighted material of Insurance Services Office, Inc., with its permission.

a. Fire;

b. Lightning;

c. Explosion;

d. Windstorm or hail;

e. Smoke;

f. Aircraft or vehicles;

g. Vandalism;

h. Weight of snow, ice or sleet;

i. Leakage from fire extinguishing equipment, including sprinklers; or

j. Accidental discharge or leakage of water or steam from any part of a system or appliance containing water or steam.

J. Limited Contractual Liability Coverage – Personal and Advertising Injury

1. Exclusion **e.** of Section **I – Coverage B – Personal And Advertising Injury Liability** is replaced by the following:

2. Exclusions

This insurance does not apply to:

e. Contractual Liability

"Personal and advertising injury" for which the insured has assumed liability in a contract or agreement.

This exclusion does not apply to:

(1) Liability for damages that the insured would have in the absence of the contract or agreement; or

(2) Liability for "personal and advertising injury" if:

(a) The "personal and advertising injury" arises out of the offenses of false arrest, detention or imprisonment;

(b) The liability pertains to your business and is assumed in a written contract or written agreement in which you assume the tort liability of another. Tort liability means a liability that would be imposed by law in the absence of any contract or agreement; and

(c) The "personal and advertising injury" occurs subsequent to the execution of the written contract or written agreement.

Solely for purposes of liability so assumed in such written contract or written agreement, reasonable attorney fees and necessary litigation expenses incurred by or for a party other than an insured are deemed to be damages because of "personal and advertising injury" described in Paragraph **(a)** above, provided:

(i) Liability to such party for, or for the cost of, that party's defense has also been assumed in the same written contract or written agreement; and

(ii) Such attorney fees and litigation expenses are for defense of that party against a civil or alternative dispute resolution proceeding in which damages to which this insurance applies are alleged.

2. Paragraph **2.d.** of Section **I – Supplementary Payments – Coverages A and B** is replaced by the following:

d. The allegations in the "suit" and the information we know about the "occurrence" or offense are such that no conflict appears to exist between the interests of the insured and the interests of the indemnitee;

3. The following is added to the paragraph directly following Paragraph **2.f.** of Section **I – Supplementary Payments – Coverages A and B**:

Notwithstanding the provisions of Paragraph **2.e.(2)** of Section **I – Coverage B – Personal And Advertising Injury Liability**, such payments will not be deemed to be damages for "personal and advertising injury" and will not reduce the limits of insurance.

Includes copyrighted material of Insurance Services Office, Inc., with its permission.

K. Supplementary Payments

The following changes apply to **Supplementary Payments – Coverages A and B**:

Paragraphs **1.b.** and **1.d.** are replaced by the following:

b. Up to $2,500 for the cost of bail bonds required because of accidents or traffic law violations arising out of the use of any vehicle to which the Bodily Injury Liability Coverage applies. We do not have to furnish these bonds.

d. All reasonable expenses incurred by the insured at our request to assist us in the investigation or defense of the claim or "suit", including actual loss of earnings up to $500 a day because of time off from work.

L. Broadened Property Damage

1. Property Damage to Contents of Premises Rented Short-Term

The paragraph directly following Paragraph **(6)** in Exclusion **j.** of Section **I – Coverage A – Bodily Injury And Property Damage Liability** is replaced by the following:

Paragraphs **(1)**, **(3)** and **(4)** of this exclusion do not apply to "property damage" to premises (other than damage by "specific perils"), including "property damage" to the contents of such premises, rented to you under a rental agreement for a period of 14 or fewer consecutive days. A separate Limit of Insurance applies to Damage to Premises Rented to You as described in Section **III – Limits Of Insurance.**

2. Elevator Property Damage

a. The following is added to Exclusion **j.** of Section **I – Coverage A – Bodily Injury And Property Damage Liability**:

Paragraphs **(3)** and **(4)** of this exclusion do not apply to "property damage" arising out of the use of an elevator at premises you own, rent or occupy.

b. The following is added to Section **III – Limits Of Insurance**:

Subject to Paragraph **5.** above, the most we will pay under Coverage **A** for damages because of "property damage" to property loaned to you or personal property in the care, custody or control of the insured arising out of the use of an elevator at premises you own, rent or occupy is $25,000 per "occurrence".

3. Property Damage to Borrowed Equipment

a. The following is added to Exclusion **j.** of Section **I – Coverage A – Bodily Injury And Property Damage Liability**:

Paragraph **(4)** of this exclusion does not apply to "property damage" to equipment you borrow from others at a jobsite.

b. The following is added to Section **III – Limits Of Insurance**:

Subject to Paragraph **5.** above, the most we will pay under Coverage **A** for damages because of "property damage" to equipment you borrow from others is $25,000 per "occurrence".

M. Expected or Intended Injury or Damage

Exclusion **a.** of Section **I – Coverage A – Bodily Injury And Property Damage Liability** is replaced by the following:

a. Expected Or Intended Injury Or Damage

"Bodily injury" or "property damage" expected or intended from the standpoint of the insured. This exclusion does not apply to "bodily injury" or "property damage" resulting from the use of reasonable force to protect persons or property.

N. Definitions – Bodily Injury

The "bodily injury" definition under the **Definitions** Section is replaced by the following:

"Bodily injury" means bodily injury, sickness or disease sustained by a person, including mental anguish, mental injury, shock, fright or death sustained by that person which results from that bodily injury, sickness or disease.

Includes copyrighted material of Insurance Services Office, Inc., with its permission.

O. Insured Status – Amateur Athletic Participants

Section **II – Who Is An Insured** is amended to include as an insured any person you sponsor while participating in amateur athletic activities. However, no such person is an insured for:

a. "Bodily injury" to:

(1) Your "employee", "volunteer worker" or any person you sponsor while participating in such amateur athletic activities; or

(2) You, any partner or member (if you are a partnership or joint venture), or any member (if you are a limited liability company) while participating in such amateur athletic activities; or

b. "Property damage" to property owned by, occupied or used by, rented to, in the care, custody or control of, or over which the physical control is being exercised for any purpose by:

(1) Your "employee", "volunteer worker" or any person you sponsor; or

(2) You, any partner or member (if you are a partnership or joint venture), or any member (if you are a limited liability company).

P. Non-Owned Aircraft, Auto and Watercraft

Exclusion **g.** of Section **I – Coverage A – Bodily Injury And Property Damage Liability** is replaced by the following:

g. Aircraft, Auto Or Watercraft

"Bodily injury" or "property damage" arising out of the ownership, maintenance, use or entrustment to others of any aircraft, "auto" or watercraft owned or operated by or rented or loaned to any insured. Use includes operation and "loading or unloading".

This exclusion applies even if the claims against any insured allege negligence or other wrongdoing in the supervision, hiring, employment, training or monitoring of others by that insured, if the "occurrence" which caused the "bodily injury" or "property damage" involved the ownership, maintenance, use or entrustment to others of any aircraft, "auto" or watercraft that is owned or operated by or rented or loaned to any insured.

This exclusion does not apply to:

(1) A watercraft while ashore on premises you own or rent;

(2) A watercraft you do not own that is:

(a) Less than 51 feet long; and

(b) Not being used to carry persons for a charge;

(3) Parking an "auto" on, or on the ways next to, premises you own or rent, provided the "auto" is not owned by or rented or loaned to you or the insured;

(4) Liability assumed under any "insured contract" for the ownership, maintenance or use of aircraft or watercraft;

(5) An aircraft that is hired or chartered by you or loaned to you, with a paid and licensed crew, and is not owned in whole or in part by an insured; or

(6) "Bodily injury" or "property damage" arising out of:

(a) The operation of machinery or equipment that is attached to, or part of, a land vehicle that would qualify under the definition of "mobile equipment" if it were not subject to a compulsory or financial responsibility law or other motor vehicle insurance law where it is licensed or principally garaged; or

(b) The operation of any of the machinery or equipment listed in Paragraph **f.(2)** or **f.(3)** of the definition of "mobile equipment".

Q. Definitions – Leased Worker, Temporary Worker and Labor Leasing Firm

1. The "leased worker" and "temporary worker" definitions under the **Definitions** Section are replaced by the following:

"Leased worker" means a person leased to you by a "labor leasing firm" under a written agreement between you and the "labor leasing firm", to perform duties related to the conduct of your business. "Leased worker" does not include a "temporary worker".

Includes copyrighted material of Insurance Services Office, Inc., with its permission.

"Temporary worker" means a person who is furnished to you to support or supplement your work force during "employee" absences, temporary skill shortages, upturns or downturns in business or to meet seasonal or short-term workload conditions. "Temporary worker" does not include a "leased worker".

2. The following definition is added to the **Definitions** Section:

"Labor leasing firm" means any person or organization who hires out workers to others, including any:

a. Employment agency, contractor or services;

b. Professional employer organization; or

c. Temporary help service.

R. Definition – Mobile Equipment

Paragraph **f.** of the "mobile equipment" definition under the **Definitions** Section is replaced by the following:

f. Vehicles not described in Paragraph **a.**, **b.**, **c.** or **d.** above maintained primarily for purposes other than the transportation of persons or cargo.

However, self-propelled vehicles with the following types of permanently attached equipment, exceeding a combined gross vehicle weight of 1000 pounds, are not "mobile equipment" but will be considered "autos":

(1) Equipment designed primarily for:

(a) Snow removal;

(b) Road maintenance, but not construction or resurfacing; or

(c) Street cleaning;

(2) Cherry pickers and similar devices mounted on automobile or truck chassis and used to raise or lower workers; and

(3) Air compressors, pumps and generators, including spraying, welding, building cleaning, geophysical exploration, lighting and well servicing equipment.

S. Definitions – Your Product and Your Work

The "your product" and "your work" definitions under the **Definitions** Section are replaced by the following:

"Your product":

a. Means:

(1) Any goods or products, other than real property, manufactured, sold, handled, distributed or disposed of by:

(a) You;

(b) Others trading under your name; or

(c) A person or organization whose business or assets you have acquired; and

(2) Containers (other than vehicles), materials, parts or equipment furnished in connection with such goods or products.

b. Includes:

(1) Warranties or representations made at any time with respect to the fitness, quality, durability, performance, use, handling, maintenance, operation or safety of "your product"; and

(2) The providing of or failure to provide warnings or instructions.

c. Does not include vending machines or other property rented to or located for the use of others but not sold.

"Your work":

a. Means:

(1) Work, services or operations performed by you or on your behalf; and

Includes copyrighted material of Insurance Services Office, Inc., with its permission.

(2) Materials, parts or equipment furnished in connection with such work, services or operations.

b. Includes:

(1) Warranties or representations made at any time with respect to the fitness, quality, durability, performance, use, handling, maintenance, operation or safety of "your work"; and

(2) The providing of or failure to provide warnings or instructions.

T. Duties in the Event of Occurrence, Offense, Claim or Suit Condition

The following paragraphs are added to Paragraph **2. Duties In The Event Of Occurrence, Offense, Claim Or Suit** of Section **IV – Commercial General Liability Conditions**:

Notice of an "occurrence" or of an offense which may result in a claim under this insurance or notice of a claim or "suit" shall be given to us as soon as practicable after knowledge of the "occurrence", offense, claim or "suit" has been reported to any insured listed under Paragraph **1.** of Section **II – Who Is An Insured** or an "employee" authorized by you to give or receive such notice. Knowledge by other "employees" of an "occurrence", offense, claim or "suit" does not imply that you also have such knowledge.

In the event that an insured reports an "occurrence" to the workers compensation carrier of the Named Insured and this "occurrence" later develops into a General Liability claim, covered by this Coverage Part, the insured's failure to report such "occurrence" to us at the time of the "occurrence" shall not be deemed to be a violation of this Condition. You must, however, give us notice as soon as practicable after being made aware that the particular claim is a General Liability rather than a Workers Compensation claim.

U. Other Insurance Condition

Paragraphs **4.a.** and **4.b.(1)** of the Other Insurance Condition of Section **IV – Commercial General Liability Conditions** are replaced by the following:

4. Other Insurance

If other valid and collectible insurance is available to the insured for a loss we cover under Coverages **A** or **B** of this Coverage Part, our obligations are limited as follows:

a. Primary Insurance

This insurance is primary except when Paragraph **b.** below applies. If this insurance is primary, our obligations are not affected unless any of the other insurance is also primary. Then, we will share with all that other insurance by the method described in Paragraph **c.** below. However, this insurance is primary to and will not seek contribution from any other insurance available to an additional insured provided that:

(1) The additional insured is a Named Insured under such other insurance; and

(2) You are required by written contract or written agreement that this insurance be primary and not seek contribution from any other insurance available to the additional insured.

Other insurance includes any type of self insurance or other mechanism by which an insured arranges for funding of its legal liabilities.

b. Excess Insurance

(1) This insurance is excess over:

(a) Any of the other insurance, whether primary, excess, contingent or on any other basis:

(i) That is property insurance, Builder's Risk, Installation Risk or similar coverage for "your work";

(ii) That is property insurance purchased by you (including any deductible or self insurance portion thereof) to cover premises rented to you or temporarily occupied by you with permission of the owner;

(iii) That is insurance purchased by you (including any deductible or self insurance portion thereof) to cover your liability as a tenant for "property damage" to premises rented to you or temporarily occupied by you with permission of the owner;

Includes copyrighted material of Insurance Services Office, Inc., with its permission.

(iv) If the loss arises out of the maintenance or use of aircraft, "autos" or watercraft to the extent not subject to Exclusion **g.** of Section **I – Coverage A – Bodily Injury And Property Damage Liability**; or

(v) That is property insurance (including any deductible or self insurance portion thereof) purchased by you to cover damage to:

Equipment you borrow from others; or

Property loaned to you or personal property in the care, custody or control of the insured arising out of the use of an elevator at premises you own, rent or occupy.

(b) Any other primary insurance (including any deductible or self insurance portion thereof) available to the insured covering liability for damages arising out of the premises, operations, products, work or services for which the insured has been granted additional insured status either by policy provision or attachment of any endorsement. Other primary insurance includes any type of self insurance or other mechanism by which an insured arranges for funding of its legal liabilities.

(c) Any of the other insurance, whether primary, excess, contingent or on any other basis, available to an additional insured, in which the additional insured on our policy is also covered as an additional insured on another policy providing coverage for the same "occurrence", claim or "suit". This provision does not apply to any policy in which the additional insured is a Named Insured on such other policy and where our policy is required by written contract or written agreement to provide coverage to the additional insured on a primary and non-contributory basis.

V. Unintentional Failure to Disclose All Hazards

Paragraph **6. Representations** of Section **IV – Commercial General Liability Conditions** is replaced by the following:

6. Representations

By accepting this policy, you agree:

a. The statements in the Declarations are accurate and complete;

b. Those statements are based upon representations you made to us; and

c. We have issued this policy in reliance upon your representations.

Coverage will continue to apply if you unintentionally:

a. Fail to disclose all hazards existing at the inception of this policy; or

b. Make an error, omission or improper description of premises or other statement of information stated in this policy.

You must notify us as soon as possible after the discovery of any hazards or any other information that was not provided to us prior to inception of this Coverage Part.

W. Waiver of Right of Subrogation

Paragraph **8. Transfer Of Rights Of Recovery Against Others To Us** of Section **IV – Commercial General Liability Conditions** is replaced by the following:

8. Transfer Of Rights Of Recovery Against Others To Us

a. If the insured has rights to recover all or part of any payment we have made under this Coverage Part, those rights are transferred to us. The insured must do nothing after loss to impair them. At our request, the insured will bring "suit" or transfer those rights to us and help us enforce them.

b. If the insured waives its right to recover payments for injury or damage from another person or organization in a written contract executed prior to a loss, we waive any right of recovery we may have against such person or organization because of any payment we have made under this Coverage Part. The written contract will be considered executed when the insured's performance begins, or when it is signed, whichever happens first. This waiver of rights shall not be construed to be a waiver with respect to any other operations in which the insured has no contractual interest.

X. Liberalization Condition

Includes copyrighted material of Insurance Services Office, Inc., with its permission.

The following condition is added to Section **IV – Commercial General Liability Conditions**:

Liberalization Clause

If we revise this Coverage Part to broaden coverage without an additional premium charge, your policy will automatically provide the additional coverage as of the day the revision is effective in the state shown in the mailing address of your policy.

All other terms, conditions, provisions and exclusions of this policy remain the same.

Includes copyrighted material of Insurance Services Office, Inc., with its permission.

Blanket Notification to Others of Cancellation or Non-Renewal

THIS ENDORSEMENT CHANGES THE POLICY. PLEASE READ IT CAREFULLY.	
Policy No. BAP 2927130 - 02	Effective Date: 07/01/2024

This endorsement modifies insurance provided under the:

Commercial Automobile Coverage Part

SCHEDULE	
The total number of days for mailing or delivering with respect to Paragraph **B.1.** of this endorsement is amended to indicate the following number of days:	*
The total number of days for mailing or delivering with respect to Paragraph **B.2.** of this endorsement is amended to indicate the following number of days:	**
* If a number is not shown here, 10 days continues to apply. ** If a number is not shown here, 30 days continues to apply.	

A. If we cancel or non-renew this Coverage Part by written notice to the first Named Insured, we will mail or deliver notification that such Coverage Part has been cancelled or non-renewed to each person or organization shown in a list provided to us by the first Named Insured if you are required by written contract or written agreement to provide such notification. However, such notification will not be mailed or delivered if a conditional notice of renewal has been sent to the first Named Insured. Such list:

1. Must be provided to us prior to cancellation or non-renewal;

2. Must contain the names and addresses of only the persons or organizations requiring notification that such Coverage Part has been cancelled or non-renewed; and

3. Must be in an electronic format that is acceptable to us.

B. Our notification as described in Paragraph **A.** of this endorsement will be based on the most recent list in our records as of the date the notice of cancellation or non-renewal is mailed or delivered to the first Named Insured. We will mail or deliver such notification to each person or organization shown in the list:

1. Within 10 days of the effective date of the notice of cancellation, if we cancel for non-payment of premium; or

2. At least 30 days prior to the effective date of:

a. Cancellation, if cancelled for any reason other than nonpayment of premium; or

b. Non-renewal, but not including conditional notice of renewal,

unless a greater number of days is shown in the Schedule of this endorsement for the mailing or delivering of such notification with respect to Paragraph **B.1.** or Paragraph **B.2.** above.

C. Our mailing or delivery of notification described in Paragraphs **A.** and **B.** of this endorsement is intended as a courtesy only. Our failure to provide such mailing or delivery will not:

1. Extend the Coverage Part cancellation or non-renewal date;

2. Negate the cancellation or non-renewal; or

3. Provide any additional insurance that would not have been provided in the absence of this endorsement.

Includes copyrighted material of Insurance Services Office, Inc., with its permission.

D. We are not responsible for the accuracy, integrity, timeliness and validity of information contained in the list provided to us as described in Paragraphs **A.** and **B.** of this endorsement.

All other terms, conditions, provisions and exclusions of this policy remain the same.

Includes copyrighted material of Insurance Services Office, Inc., with its permission.

Coverage Extension Endorsement

THIS ENDORSEMENT CHANGES THE POLICY. PLEASE READ IT CAREFULLY.	
Policy No. BAP 2927130 - 02	Effective Date: 07/01/2024

This endorsement modifies insurance provided under the:

Business Auto Coverage Form
Motor Carrier Coverage Form

A. Amended Who Is An Insured

1. The following is added to the **Who Is An Insured** Provision in **Section II – Covered Autos Liability Coverage**:

The following are also "insureds":

a. Any "employee" of yours is an "insured" while using a covered "auto" you don't own, hire or borrow for acts performed within the scope of employment by you. Any "employee" of yours is also an "insured" while operating an "auto" hired or rented under a contract or agreement in an "employee's" name, with your permission, while performing duties related to the conduct of your business.

b. Anyone volunteering services to you is an "insured" while using a covered "auto" you don't own, hire or borrow to transport your clients or other persons in activities necessary to your business.

c. Anyone else who furnishes an "auto" referenced in Paragraphs **A.1.a.** and **A.1.b.** in this endorsement.

d. Where and to the extent permitted by law, any person(s) or organization(s) where required by written contract or written agreement with you executed prior to any "accident", including those person(s) or organization(s) directing your work pursuant to such written contract or written agreement with you, provided the "accident" arises out of operations governed by such contract or agreement and only up to the limits required in the written contract or written agreement, or the Limits of Insurance shown in the Declarations, whichever is less.

2. The following is added to the **Other Insurance** Condition in the Business Auto Coverage Form and the **Other Insurance – Primary and Excess Insurance Provisions Condition** in the Motor Carrier Coverage Form**:**

Coverage for any person(s) or organization(s), where required by written contract or written agreement with you executed prior to any "accident", will apply on a primary and non-contributory basis and any insurance maintained by the additional "insured" will apply on an excess basis. However, in no event will this coverage extend beyond the terms and conditions of the Coverage Form.

B. Amendment – Supplementary Payments

Paragraphs **a.(2)** and **a.(4)** of the **Coverage Extensions** Provision in **Section II – Covered Autos Liability Coverage** are replaced by the following:

(2) Up to $5,000 for the cost of bail bonds (including bonds for related traffic law violations) required because of an "accident" we cover. We do not have to furnish these bonds.

(4) All reasonable expenses incurred by the "insured" at our request, including actual loss of earnings up to $500 a day because of time off from work.

C. Fellow Employee Coverage

The **Fellow Employee** Exclusion contained in **Section II – Covered Autos Liability Coverage** does not apply.

Includes copyrighted material of Insurance Services Office, Inc., with its permission.

D. Driver Safety Program Liability and Physical Damage Coverage

1. The following is added to the **Racing** Exclusion in **Section II – Covered Autos Liability Coverage**:

This exclusion does not apply to covered "autos" participating in a driver safety program event, such as, but not limited to, auto or truck rodeos and other auto or truck agility demonstrations.

2. The following is added to Paragraph **2.** in **B. Exclusions** of **Section III – Physical Damage Coverage** of the Business Auto Coverage Form and Paragraph **2.b.** in **B. Exclusions** of **Section IV – Physical Damage Coverage** of the Motor Carrier Coverage Form:

This exclusion does not apply to covered "autos" participating in a driver safety program event, such as, but not limited to, auto or truck rodeos and other auto or truck agility demonstrations.

E. Lease or Loan Gap Coverage

The following is added to the **Coverage** Provision of the **Physical Damage Coverage** Section:

Lease Or Loan Gap Coverage

In the event of a total "loss" to a covered "auto", we will pay any unpaid amount due on the lease or loan for a covered "auto", less:

a. Any amount paid under the **Physical Damage Coverage** Section of the Coverage Form; and

b. Any:

(1) Overdue lease or loan payments at the time of the "loss";

(2) Financial penalties imposed under a lease for excessive use, abnormal wear and tear or high mileage;

(3) Security deposits not returned by the lessor;

(4) Costs for extended warranties, credit life insurance, health, accident or disability insurance purchased with the loan or lease; and

(5) Carry-over balances from previous leases or loans.

F. Towing and Labor

Paragraph **A.2.** of the **Physical Damage Coverage** Section is replaced by the following:

We will pay up to $75 for towing and labor costs incurred each time a covered "auto" that is a "private passenger type", light truck or medium truck is disabled. However, the labor must be performed at the place of disablement.

As used in this provision, "private passenger type" means a private passenger or station wagon type "auto" and includes an "auto" of the pickup or van type if not used for business purposes.

G. Extended Glass Coverage

The following is added to Paragraph **A.3.a.** of the **Physical Damage Coverage** Section:

If glass must be replaced, the deductible shown in the Declarations will apply. However, if glass can be repaired and is actually repaired rather than replaced, the deductible will be waived. You have the option of having the glass repaired rather than replaced.

H. Hired Auto Physical Damage – Increased Loss of Use Expenses

The **Coverage Extension** for **Loss Of Use Expenses** in the **Physical Damage Coverage** Section is replaced by the following:

Loss Of Use Expenses

For Hired Auto Physical Damage, we will pay expenses for which an "insured" becomes legally responsible to pay for loss of use of a vehicle rented or hired without a driver under a written rental contract or written rental agreement. We will pay for loss of use expenses if caused by:

(1) Other than collision only if the Declarations indicate that Comprehensive Coverage is provided for any covered "auto";

Includes copyrighted material of Insurance Services Office, Inc., with its permission.

(2) Specified Causes Of Loss only if the Declarations indicate that Specified Causes Of Loss Coverage is provided for any covered "auto"; or

(3) Collision only if the Declarations indicate that Collision Coverage is provided for any covered "auto".

However, the most we will pay for any expenses for loss of use is $100 per day, to a maximum of $3000.

I. Personal Effects Coverage

The following is added to the **Coverage** Provision of the **Physical Damage Coverage** Section:

Personal Effects Coverage

a. We will pay up to $750 for "loss" to personal effects which are:

(1) Personal property owned by an "insured"; and

(2) In or on a covered "auto".

b. Subject to Paragraph **a.** above, the amount to be paid for "loss" to personal effects will be based on the lesser of:

(1) The reasonable cost to replace; or

(2) The actual cash value.

c. The coverage provided in Paragraphs **a.** and **b.** above, only applies in the event of a total theft of a covered "auto". No deductible applies to this coverage. However, we will not pay for "loss" to personal effects of any of the following:

(1) Accounts, bills, currency, deeds, evidence of debt, money, notes, securities, or commercial paper or other documents of value.

(2) Bullion, gold, silver, platinum, or other precious alloys or metals; furs or fur garments; jewelry, watches, precious or semi-precious stones.

(3) Paintings, statuary and other works of art.

(4) Contraband or property in the course of illegal transportation or trade.

(5) Tapes, records, discs or other similar devices used with audio, visual or data electronic equipment.

Any coverage provided by this Provision is excess over any other insurance coverage available for the same "loss".

J. Tapes, Records and Discs Coverage

1. The Exclusion in Paragraph **B.4.a.** of **Section III – Physical Damage Coverage** in the Business Auto Coverage Form and the Exclusion in Paragraph **B.2.c.** of **Section IV – Physical Damage Coverage** in the Motor Carrier Coverage Form does not apply.

2. The following is added to Paragraph **1.a. Comprehensive Coverage** under the **Coverage** Provision of the **Physical Damage Coverage** Section:

We will pay for "loss" to tapes, records, discs or other similar devices used with audio, visual or data electronic equipment. We will pay only if the tapes, records, discs or other similar audio, visual or data electronic devices:

(a) Are the property of an "insured"; and

(b) Are in a covered "auto" at the time of "loss".

The most we will pay for such "loss" to tapes, records, discs or other similar devices is $500. The **Physical Damage Coverage Deductible** Provision does not apply to such "loss".

K. Airbag Coverage

The Exclusion in Paragraph **B.3.a.** of **Section III – Physical Damage Coverage** in the Business Auto Coverage Form and the Exclusion in Paragraph **B.4.a.** of **Section IV – Physical Damage Coverage** in the Motor Carrier Coverage Form does not apply to the accidental discharge of an airbag.

L. Two or More Deductibles

The following is added to the **Deductible** Provision of the **Physical Damage Coverage** Section:

Includes copyrighted material of Insurance Services Office, Inc., with its permission.

If an accident is covered both by this policy or Coverage Form and by another policy or Coverage Form issued to you by us, the following applies for each covered "auto" on a per vehicle basis:

1. If the deductible on this policy or Coverage Form is the smaller (or smallest) deductible, it will be waived; or
2. If the deductible on this policy or Coverage Form is not the smaller (or smallest) deductible, it will be reduced by the amount of the smaller (or smallest) deductible.

M. Temporary Substitute Autos – Physical Damage

1. The following is added to **Section I – Covered Autos**:

   Temporary Substitute Autos – Physical Damage

   If Physical Damage Coverage is provided by this Coverage Form on your owned covered "autos", the following types of vehicles are also covered "autos" for Physical Damage Coverage:

   Any "auto" you do not own when used with the permission of its owner as a temporary substitute for a covered "auto" you do own but is out of service because of its:

   1. Breakdown;
   2. Repair;
   3. Servicing;
   4. "Loss"; or
   5. Destruction.

2. The following is added to the Paragraph **A. Coverage** Provision of the **Physical Damage Coverage** Section:

   Temporary Substitute Autos – Physical Damage

   We will pay the owner for "loss" to the temporary substitute "auto" unless the "loss" results from fraudulent acts or omissions on your part. If we make any payment to the owner, we will obtain the owner's rights against any other party.

   The deductible for the temporary substitute "auto" will be the same as the deductible for the covered "auto" it replaces.

N. Amended Duties In The Event Of Accident, Claim, Suit Or Loss

Paragraph **a.** of the **Duties In The Event Of Accident, Claim, Suit Or Loss** Condition is replaced by the following:

a. In the event of "accident", claim, "suit" or "loss", you must give us or our authorized representative prompt notice of the "accident", claim, "suit" or "loss". However, these duties only apply when the "accident", claim, "suit" or "loss" is known to you (if you are an individual), a partner (if you are a partnership), a member (if you are a limited liability company) or an executive officer or insurance manager (if you are a corporation). The failure of any agent, servant or employee of the "insured" to notify us of any "accident", claim, "suit" or "loss" shall not invalidate the insurance afforded by this policy.

Include, as soon as practicable:

(1) How, when and where the "accident" or "loss" occurred and if a claim is made or "suit" is brought, written notice of the claim or "suit" including, but not limited to, the date and details of such claim or "suit";

(2) The "insured's" name and address; and

(3) To the extent possible, the names and addresses of any injured persons and witnesses.

If you report an "accident", claim, "suit" or "loss" to another insurer when you should have reported to us, your failure to report to us will not be seen as a violation of these amended duties provided you give us notice as soon as practicable after the fact of the delay becomes known to you.

O. Waiver of Transfer Of Rights Of Recovery Against Others To Us

The following is added to the **Transfer Of Rights Of Recovery Against Others To Us** Condition:

Includes copyrighted material of Insurance Services Office, Inc., with its permission.

This Condition does not apply to the extent required of you by a written contract, executed prior to any "accident" or "loss", provided that the "accident" or "loss" arises out of operations contemplated by such contract. This waiver only applies to the person or organization designated in the contract.

P. Employee Hired Autos – Physical Damage

Paragraph **b.** of the **Other Insurance** Condition in the Business Auto Coverage Form and Paragraph **f.** of the **Other Insurance – Primary and Excess Insurance Provisions** Condition in the Motor Carrier Coverage Form are replaced by the following:

For Hired Auto Physical Damage Coverage, the following are deemed to be covered "autos" you own:

(1) Any covered "auto" you lease, hire, rent or borrow; and

(2) Any covered "auto" hired or rented under a written contract or written agreement entered into by an "employee" or elected or appointed official with your permission while being operated within the course and scope of that "employee's" employment by you or that elected or appointed official's duties as respect their obligations to you.

However, any "auto" that is leased, hired, rented or borrowed with a driver is not a covered "auto".

Q. Unintentional Failure to Disclose Hazards

The following is added to the **Concealment, Misrepresentation Or Fraud** Condition:

However, we will not deny coverage under this Coverage Form if you unintentionally:

(1) Fail to disclose any hazards existing at the inception date of this Coverage Form; or

(2) Make an error, omission, improper description of "autos" or other misstatement of information.

You must notify us as soon as possible after the discovery of any hazards or any other information that was not provided to us prior to the acceptance of this policy.

R. Hired Auto – World Wide Coverage

Paragraph **7.b.(5)** of the **Policy Period, Coverage Territory** Condition is replaced by the following:

(5) Anywhere else in the world if a covered "auto" is leased, hired, rented or borrowed for a period of 60 days or less,

S. Bodily Injury Redefined

The definition of "bodily injury" in the **Definitions** Section is replaced by the following:

"Bodily injury" means bodily injury, sickness or disease, sustained by a person including death or mental anguish, resulting from any of these at any time. Mental anguish means any type of mental or emotional illness or disease.

T. Expected Or Intended Injury

The **Expected Or Intended Injury** Exclusion in Paragraph **B. Exclusions** under **Section II – Covered Auto Liability Coverage** is replaced by the following:

Expected Or Intended Injury

"Bodily injury" or "property damage" expected or intended from the standpoint of the "insured". This exclusion does not apply to "bodily injury" or "property damage" resulting from the use of reasonable force to protect persons or property.

U. Physical Damage – Additional Temporary Transportation Expense Coverage

Paragraph **A.4.a.** of **Section III – Physical Damage Coverage** is replaced by the following:

4. Coverage Extensions

a. Transportation Expenses

We will pay up to $50 per day to a maximum of $1,000 for temporary transportation expense incurred by you because of the total theft of a covered "auto" of the private passenger type. We will pay only for those covered "autos" for which you carry either Comprehensive or Specified Causes of Loss Coverage. We will pay for temporary transportation expenses incurred during the period beginning 48 hours after the theft and ending, regardless of the policy's expiration, when the covered "auto" is returned to use or we pay for its "loss".

Includes copyrighted material of Insurance Services Office, Inc., with its permission.

V. Replacement of a Private Passenger Auto with a Hybrid or Alternative Fuel Source Auto

The following is added to Paragraph **A. Coverage** of the **Physical Damage Coverage** Section:

In the event of a total "loss" to a covered "auto" of the private passenger type that is replaced with a hybrid "auto" or "auto" powered by an alternative fuel source of the private passenger type, we will pay an additional 10% of the cost of the replacement "auto", excluding tax, title, license, other fees and any aftermarket vehicle upgrades, up to a maximum of $2500. The covered "auto" must be replaced by a hybrid "auto" or an "auto" powered by an alternative fuel source within 60 calendar days of the payment of the "loss" and evidenced by a bill of sale or new vehicle lease agreement.

To qualify as a hybrid "auto", the "auto" must be powered by a conventional gasoline engine and another source of propulsion power. The other source of propulsion power must be electric, hydrogen, propane, solar or natural gas, either compressed or liquefied. To qualify as an "auto" powered by an alternative fuel source, the "auto" must be powered by a source of propulsion power other than a conventional gasoline engine. An "auto" solely propelled by biofuel, gasoline or diesel fuel or any blend thereof is not an "auto" powered by an alternative fuel source.

W. Return of Stolen Automobile

The following is added to the **Coverage Extension** Provision of the **Physical Damage Coverage** Section:

If a covered “auto” is stolen and recovered, we will pay the cost of transport to return the “auto” to you. We will pay only for those covered “autos" for which you carry either Comprehensive or Specified Causes of Loss Coverage.

All other terms, conditions, provisions and exclusions of this policy remain the same.

Includes copyrighted material of Insurance Services Office, Inc., with its permission.

THIS ENDORSEMENT CHANGES THE POLICY. PLEASE READ IT CAREFULLY.

DESIGNATED INSURED FOR COVERED AUTOS LIABILITY COVERAGE

This endorsement modifies insurance provided under the following:

AUTO DEALERS COVERAGE FORM
BUSINESS AUTO COVERAGE FORM
MOTOR CARRIER COVERAGE FORM

With respect to coverage provided by this endorsement, the provisions of the Coverage Form apply unless modified by this endorsement.

This endorsement identifies person(s) or organization(s) who are "insureds" for Covered Autos Liability Coverage under the Who Is An Insured provision of the Coverage Form. This endorsement does not alter coverage provided in the Coverage Form.

This endorsement changes the policy effective on the inception date of the policy unless another date is indicated below.

Named Insured: BRADBURY STAMM CONSTRUCTION, INC.

Endorsement Effective Date:

SCHEDULE

Name Of Person(s) Or Organization(s):	Any person or organization to whom or which you are required to provide insured status or insured status on a primary, non-contributory basis, in a written contract or written agreement executed prior to loss, except where such contract or agreement is prohibited by law

Information required to complete this Schedule, if not shown above, will be shown in the Declarations.

Each person or organization shown in the Schedule is an "insured" for Covered Autos Liability Coverage, but only to the extent that person or organization qualifies as an "insured" under the Who Is An Insured provision contained in Paragraph **A.1.** of Section **II** – Covered Autos Liability Coverage in the Business Auto and Motor Carrier Coverage Forms and Paragraph **D.2.** of Section **I** – Covered Autos Coverages of the Auto Dealers Coverage Form.

CITY OF SANTA FE

CONSTRUCTION CONTRACT

THIS CONTRACT is made and entered into by and between the City of Santa Fe, New Mexico, hereinafter referred to as the "City," and **Bradbury Stamm Construction**, hereinafter referred to as the "Contractor," and is effective as of the date set forth below upon which it is executed by the Parties.

RECITALS

WHEREAS, the City, through its Governing Body, is authorized to enter into a construction Contract for the project; and

WHEREAS, the City has procured this Contract according to the established State and Local Purchasing procedures for contracts of the type and amount; and

The City and the Contractor hereby agree as follows:

1. Scope of Work

A. The Contractor shall perform the following work:

The Contractor shall perform all the work required by the Contract Documents for CIP Number 39115 Canyon Road Water Treatment Plant Flocculation and Sedimentation Improvements (Bid Number 24002) adhering to the Standard General Conditions attached.

The work designated CIP Number 39115 Canyon Road Water Treatment Plant Flocculation and Sedimentation Improvements consists of but is not limited to the Scope of Work as described in the attached Standard General Conditions of the Construction Contract (Attachment 1), Supplementary Conditions of the Construction Contract (Attachment 2), Project Specifications (Attachments 3 and 4) and Drawings (Attachment 5).

The Contractor shall be responsible for verifications of all conditions, measurements, and dimensions for bidding.

The Contractor shall be responsible for all permits, fees, and State inspections associated with the construction.

Copyright© 2018 National Society of Professional Engineers, American Council of Engineering Companies, and American Society of Civil Engineers. All rights reserved.

B. Project: Canyon Road Water Treatment Plant Flocculation and Sedimentation Improvements

C. City Department: Public Utilities, Water Division

D. Distribution:
- City of Santa Fe Water Division, Clinton Peterson, cdpeterson@santafenm.gov
- Contractor: Bradbury Stamm Construction
- Engineer: Carollo Engineers, Inc., Jason Assouline, jassouline@carollo.com

2. **Compensation**

A. The City shall pay to the Contractor in full payment for services satisfactorily performed, and such compensation not to exceed $21,882,300, excluding gross receipts tax. The New Mexico gross receipts tax levied on the amounts payable under this Contract shall be paid by the City to the Contractor, as follows:

The Unit Bid Contract Total is determined as follows:

Base Bid	$19,893,000.00
Unanticipated Cost Overrun	$1,989,300.00
Gross Receipts Tax (8.1875%)	$1,791,613.31
Base Bid plus Unanticipated Cost Overrun plus NMGRT	$23,673,913.31

The total amount payable to the Contractor under this Contract, including Alternates (if needed) gross receipts tax and expenses, shall not exceed $23,673,913.31 (Twenty-three million, six-hundred seventy-three thousand, nine hundred thirteen dollars and thirty-one cents). This amount is a maximum and not a guarantee that the work assigned to be performed by Contractor under this Contract shall equal the amount stated herein. The parties do not intend for the Contractor to continue to provide services without compensation when the total compensation amount is reached. Contractor is responsible for notifying the City when the services provided under this Contract reach the total compensation amount. In no event will the Contractor be paid for services provided in excess of the total compensation amount without this Contract being amended in writing prior to those services in excess of the total compensation amount being provided.

B. Payment is subject to availability of funds pursuant to the Appropriations Paragraph set forth below and to any negotiations between the parties from year to year pursuant to Paragraph 1, Scope of Work, and to approval by the City. All invoices MUST BE received by the City no later than thirty (30) days after the termination of the Fiscal Year in which the services were delivered. Invoices received after such date WILL NOT BE PAID.

C. Contractor must submit a detailed statement accounting for all services performed and expenses incurred. If the City finds that the services are not acceptable, within thirty days after the date of receipt of written notice from the Contractor that payment is requested, it shall provide the Contractor a letter of exception explaining the defect or objection to the services, and outlining

Copyright© 2018 National Society of Professional Engineers, American Council of Engineering Companies, and American Society of Civil Engineers. All rights reserved.

steps the Contractor may take to provide remedial action. Upon certification by the City that the services have been received and accepted, payment shall be tendered to the Contractor within twenty-one days after the date of acceptance. If payment is made by mail, the payment shall be deemed tendered on the date it is postmarked.

D. If the City fails to pay the contractor within twenty-one days after receipt of an undisputed request for payment, the City shall pay interest to the contractor beginning on the twenty-second day after payment was due, computed at one and one-half percent of the undisputed amount per month or fraction of a month until the payment is issued. If the City receives an improperly completed invoice, the City shall notify the sender of the invoice within seven days of receipt in what way the invoice is improperly completed, and the owner has no further duty to pay on the improperly completed invoice until it is resubmitted as complete.

E. **Notice of Extended Payment Provision for Grant Funded Contracts**. This contract allows the City to make payment within 45 days after submission of an undisputed request for payment for contracts funded by grant money consistent with NMSA 1978, sec. 57-128-5(B).

3. Term

THIS CONTRACT SHALL NOT BECOME EFFECTIVE UNTIL APPROVED IN WRITING BY THE CITY. This contract shall terminate on 12/31/28 unless terminated pursuant to paragraph 4 (Termination), or paragraph 5 (Appropriations). The City reserves the right to renew this contract on an annual basis by mutual agreement subject to the limitations in NMSA 1978, Sections 13-1-150 through 152.

4. Termination

A. Grounds. The City may terminate this Contract for convenience or cause. For contracts within their authority, the City Manager or their designee is authorized to provide the notice of termination, otherwise such notice of termination shall be provided by the Mayor or their designee as authorized by the Governing Body. The Contractor may only terminate this Contract based upon the City's uncured, material breach of this Contract.

B. Notice; City Opportunity to Cure.

1) Except as otherwise provided in Paragraphs 7.A and 17, the City shall give Contractor written notice of termination at least thirty (30) days prior to the intended date of termination.

2) Contractor shall give City written notice of termination at least thirty (30) days prior to the intended date of termination, which notice shall (i) identify all the City's material breaches of this Contract upon which the termination is based and (ii) state what the City must do to cure such material breaches. Contractor's notice of termination shall only be effective (i) if the City does not cure all material breaches within the thirty (30) day notice period or (ii) in the case of material breaches that cannot be cured within thirty (30) days, the City does not, within the thirty (30) day notice period, notify the Contractor of its intent to cure and begin with due diligence to cure the material breach.

3) Notwithstanding the foregoing, this Contract may be terminated immediately upon written notice to the Contractor (i) if the Contractor becomes unable to perform the services contracted for, as determined by the City; (ii) if, during the term of this Contract, the Contractor is suspended or debarred by the City; or (iii) the Contract is

Copyright© 2018 National Society of Professional Engineers, American Council of Engineering Companies, and American Society of Civil Engineers. All rights reserved.

terminated pursuant to Paragraph 5, "Appropriations," of this Contract.

C. Liability. Except as otherwise expressly allowed or provided under this Contract, the City's sole liability upon termination shall be to pay for acceptable work performed prior to the Contractor's receipt or issuance of a notice of termination; provided, however, that a notice of termination shall not nullify or otherwise affect either party's liability for pre-termination defaults under or breaches of this Contract. The Contractor shall submit an invoice for such work within thirty (30) days of receiving or sending the notice of termination. *THIS PROVISION IS NOT EXCLUSIVE AND DOES NOT WAIVE THE CITY'S OTHER LEGAL RIGHTS AND REMEDIES CAUSED BY THE CONTRACTOR'S DEFAULT/BREACH OF THIS CONTRACT.*

5. Appropriations

The terms of this Contract are contingent upon sufficient appropriations and authorization being made by the Governing Body for the performance of this Contract. If sufficient appropriations and authorization are not made by the Governing Body, this Contract shall terminate immediately upon written notice being given by the City to the Contractor. The City's decision as to whether sufficient appropriations are available shall be accepted by the Contractor and shall be final. If the City proposes an amendment to the Contract to unilaterally reduce funding, the Contractor shall have the option to terminate the Contract or to agree to the reduced funding, within thirty (30) days of receipt of the proposed amendment.

6. Status of Contractor

The Contractor and its agents and employees are independent contractors performing construction services for the City and are not employees of the City. The Contractor and its agents and employees shall not accrue leave, retirement, insurance, bonding, use of City vehicles, or any other benefits afforded to employees of the City as a result of this Contract. The Contractor acknowledges that all sums received hereunder are reportable by the Contractor for tax purposes, including without limitation, self-employment and business income tax. The Contractor agrees not to purport to bind the City unless the Contractor has express written authority to do so, and then only within the strict limits of that authority.

7. Construction Contract Performance and Payment Bond

A. When a construction contract is awarded in excess of twenty-five thousand dollars ($25,000), the following bonds or security shall be delivered to the City and shall become binding on the parties upon the execution of the contract. If the Contractor fails to deliver the required performance and payment bonds, the Contractor's bid shall be rejected, its bid security shall be enforced to the extent of actual damages. Award of the contract shall be made pursuant to the Procurement Code in the following manner:

(1) a performance bond satisfactory to the City, executed by a surety company authorized to do business in this state and said surety to be approved in federal circular 570 as published by the United States treasury department or the state board of finance or the local governing authority, in an amount equal to one hundred percent of the price specified in the contract; and

(2) a payment bond satisfactory to the City, executed by a surety company authorized to do business in this state and said surety to be approved in federal circular 570 as published by the United States treasury department or the state board of finance or the local governing authority, in an amount equal to one hundred percent of the price

Copyright© 2018 National Society of Professional Engineers, American Council of Engineering Companies, and American Society of Civil Engineers. All rights reserved.

specified in the contract, for the protection of all persons supplying labor and material to the contractor or its subcontractors for the performance of the work provided for in the contract.

B. A subcontractor shall provide a performance and payment bond on a public works building project if the subcontractor's contract for work to be performed on a project is one hundred twenty-five thousand dollars ($125,000) or more.

8. Assignment

The Contractor shall not assign or transfer any interest in this Contract or assign any claims for money due or to become due under this Contract without the prior written approval of the City.

9. Subcontracting

The Contractor shall not subcontract any portion of the services to be performed under this Contract without the prior written approval of the City. No such subcontract shall relieve the primary Contractor from its obligations and liabilities under this Contract, nor shall any subcontract obligate direct payment from the City.

10. Release

Final payment of the amounts due under this Contract shall operate as a release of the City, its officers and employees from all liabilities, claims and obligations whatsoever arising from or under this Contract.

11. Confidentiality

Any confidential information provided to or developed by the Contractor in the performance of this Contract shall be kept confidential and shall not be made available to any individual or organization by the Contractor without the prior written approval of the City.

12. Product of Service -- Copyright

All materials developed or acquired by the Contractor under this Contract shall become the property of the City and shall be delivered to the City no later than the termination date of this Contract. Nothing developed or produced, in whole or in part, by the Contractor under this Contract shall be the subject of an application for copyright or other claim of ownership by or on behalf of the Contractor.

13. Conflict of Interest; Governmental Conduct Act

A. The Contractor represents and warrants that it presently has no interest and, during the term of this Contract, shall not acquire any interest, direct or indirect, which would conflict in any manner or degree with the performance or services required under the Contract.

B. The Contractor further represents and warrants that it has complied with, and, during the term of this Contract, will continue to comply with, and that this Contract complies with all applicable provisions of the Governmental Conduct Act, Chapter 10, Article 16 NMSA 1978.

C. Contractor's representations and warranties in Paragraphs A and B of this Article 12 are material representations of fact upon which the City relied when this Contract was entered into by the parties. Contractor shall provide immediate written notice to the City if, at any time

Copyright© 2018 National Society of Professional Engineers, American Council of Engineering Companies, and American Society of Civil Engineers. All rights reserved.

during the term of this Contract, Contractor learns that Contractor's representations and warranties in Paragraphs A and B of this Article 12 were erroneous on the effective date of this Contract or have become erroneous by reason of new or changed circumstances. If it is later determined that Contractor's representations and warranties in Paragraphs A and B of this Article 12 were erroneous on the effective date of this Contract or have become erroneous by reason of new or changed circumstances, in addition to other remedies available to the City and notwithstanding anything in the Contract to the contrary, the City may immediately terminate the Contract.

D. All terms defined in the Governmental Conduct Act have the same meaning in this section.

14. Amendment

A. This Contract shall not be altered, changed or amended except by instrument in writing executed by the parties hereto and all other required signatories.

B. If the City proposes an amendment to the Contract to unilaterally reduce funding due to budget or other considerations, the Contractor shall, within thirty (30) days of receipt of the proposed Amendment, have the option to terminate the Contract, pursuant to the termination provisions as set forth in Article 4 herein, or to agree to the reduced funding.

15. Change Orders

A. Changes. The Contractor may only make changes or revisions within the Scope of Work as defined by Article 1 and/or Exhibit 1 after receipt of written approval by the City Manager or his/her designee. Such change may only be made to Tasks or Sub-Task as defined in the Scope of Work. Under no circumstance shall such change affect the:

1) Deliverable requirements, as outlined in the Scope of Work;
2) Due date of any Deliverable, as outlined in the Scope of Work;
3) Compensation of any Deliverable, as outlined in the Scope of Work;
4) Contract compensation, as outlined in Article 2; or
5) Contract termination, as outlined in Article 4.

B. Change Request Process. In the event that circumstances warrant a change to accomplish the Scope of Work as described above, a Change Request shall be submitted that meets the following criteria:

1) The Project Manager shall draft a written Change Request for review and approval by the City Manager to include:
   (a) the name of the person requesting the change;
   (b) a summary of the required change;
   (c) the start date for the change;
   (d) the reason and necessity for change;
   (e) the elements to be altered; and
   (f) the impact of the change.

Copyright© 2018 National Society of Professional Engineers, American Council of Engineering Companies, and American Society of Civil Engineers. All rights reserved.

2. The City Manager shall provide a written decision on the Change Request to the Contractor within a maximum of ten (10) Business Days of receipt of the Change Request. All decisions made by the City Manager are final. Change Requests, once approved, become a part of the Contract, and become binding as a part of the original Contract.

16. Merger

This Contract incorporates all the agreements, covenants, and understandings between the parties hereto concerning the subject matter hereof, and all such covenants, agreements and understandings have been merged into this written contract.

All terms and conditions of the **ITB,** Canyon Road Water Treatment Plant Flocculation and Sedimentation Improvements, Cip Number 39115, and the Contractor's response to such document(s) are incorporated herein by reference and is included in the order of precedence.

No prior Agreement or understanding, oral or otherwise, of the parties or their agents shall be valid or enforceable unless embodied in this Contract.

17. Penalties for violation of law

NMSA 1978, sections 13-1-28 through 13-1-199, imposes civil and criminal penalties for its violation. In addition, the New Mexico criminal statutes impose felony penalties for illegal bribes, gratuities and kickbacks.

18. Equal Opportunity Compliance

The Contractor agrees to abide by all federal and state laws and rules and regulations, and Santa Fe City Code, pertaining to equal employment opportunity. In accordance with all such laws of the State of New Mexico, the Contractor assures that no person in the United States shall, on the grounds of race, religion, color, national origin, ancestry, sex, age, physical or mental handicap, or serious medical condition, spousal affiliation, sexual orientation or gender identity, be excluded from employment with or participation in, be denied the benefits of, or be otherwise subjected to discrimination under any program or activity performed under this Contract. If Contractor is found not to be in compliance with these requirements during the life of this Contract, Contractor agrees to take appropriate steps to correct these deficiencies.

19. Applicable Law

The laws of the State of New Mexico shall govern this Contract, without giving effect to its choice of law provisions. Venue shall be proper only in a New Mexico court of competent jurisdiction in accordance with NMSA 1978, section 38-3-2. By execution of this Contract, Contractor acknowledges and agrees to the jurisdiction of the courts of the State of New Mexico over any and all lawsuits arising under or out of any term of this Contract.

20. Workers Compensation

The Contractor agrees to comply with state laws and rules applicable to workers compensation benefits for its employees. If the Contractor fails to comply with the Workers Compensation Act and applicable rules when required to do so, this Contract may be terminated by the City.

21. Other Insurance

Copyright© 2018 National Society of Professional Engineers, American Council of Engineering Companies, and American Society of Civil Engineers. All rights reserved.

If the services contemplated under this Contract will be performed on or in City facilities or property, Contractor shall maintain in force during the entire term of this Contract, the following insurance coverage(s), naming the City as additional insured.

A. **Commercial General Liability** insurance shall be written on an occurrence basis and be a broad as ISO Form CG 00 01 with limits not less than $2,000,000 per occurrence and $2,000,000 in the aggregate for claims against bodily injury, personal and advertising injury, and property damage. Said policy shall include broad form Contractual Liability coverage and be endorsed to name the City of Santa Fe their officials, officers, employees, and agents as additional insureds.

B. **Business Automobile Liability** insurance for all owned, non-owned automobiles, with a combined single limit not less than $1,000,000 per accident.

C. **Broader Coverage and Limits**. The insurance requirements under this Contract shall be the greater of (1) the minimum coverage and limits specified in this Contract, or (2) the broader coverage and maximum limits of coverage of any insurance policy or proceeds available to the Named Insured. It is agreed that these insurance requirements shall not in any way act to reduce coverage that is broader or that includes higher limits than the minimums required herein. No representation is made that the minimum insurance requirements of this Contract are sufficient to cover the obligations of Contractor hereunder.

D. Contractor shall maintain the above insurance for the term of this Contract and name the City as an additional insured and provide for 30 days cancellation notice on any Certificate of Insurance form furnished by Contractor. Such certificate shall also specifically state the coverage provided under the policy is primary over any other valid and collectible insurance and provide a waiver of subrogation.

22. Records and Financial Audit

The Contractor shall maintain detailed time and expenditure records that indicate the date; time, nature and cost of services rendered during the Contract's term and effect and retain them for a period of three (3) years from the date of final payment under this Contract. The records shall be subject to inspection by the City. The City shall have the right to audit billings both before and after payment. Payment under this Contract shall not foreclose the right of the City to recover excessive or illegal payments

23. Indemnification

The Contractor shall defend, indemnify and hold harmless the City from all actions, proceeding, claims, demands, costs, damages, attorneys' fees and all other liabilities and expenses of any kind from any source which may arise out of the performance of this Contract, caused by the negligent act or failure to act of the Contractor, its officers, employees, servants, subcontractors or agents, or if caused by the actions of any client of the Contractor resulting in injury or damage to persons or property during the time when the Contractor or any officer, agent, employee, servant or subcontractor thereof has or is performing services pursuant to this Contract. In the event that any action, suit or proceeding related to the services performed by the Contractor or any officer, agent, employee, servant or subcontractor under this Contract is brought against the Contractor, the Contractor shall, as soon as practicable but no later than two (2) days after it receives notice thereof,

Copyright© 2018 National Society of Professional Engineers, American Council of Engineering Companies, and American Society of Civil Engineers. All rights reserved.

notify the legal counsel of the City.

24. New Mexico Tort Claims Act

Any liability incurred by the City of Santa Fe in connection with this Contract is subject to the immunities and limitations of the New Mexico Tort Claims Act, Section 41-4-1, et. seq. NMSA 1978, as amended. The City and its "public employees" as defined in the New Mexico Tort Claims Act, do not waive sovereign immunity, do not waive any defense and do not waive any limitation of liability pursuant to law. No provision in this Contract modifies or waives any provision of the New Mexico Tort Claims Act.

25. Invalid Term or Condition

If any term or condition of this Contract shall be held invalid or unenforceable, the remainder of this Contract shall not be affected and shall be valid and enforceable.

26. Enforcement of Contract

A party's failure to require strict performance of any provision of this Contract shall not waive or diminish that party's right thereafter to demand strict compliance with that or any other provision. No waiver by a party of any of its rights under this Contract shall be effective unless express and in writing, and no effective waiver by a party of any of its rights shall be effective to waive any other rights.

27. Notices

Any notice required to be given to either party by this Contract shall be in writing and shall be delivered in person, by courier service or by U.S. mail, either first class or certified, return receipt requested, postage prepaid, as follows:

To the City: Clinton Peterson, 801 W San Mateo Rd. Santa Fe, NM 87505, cdpeterson@santafenm.gov.

To the Contractor: Lawrence Peterson, 7110 2nd St NW, Albuquerque, NM 87107, LPeterson@bradburystamm.com.

28. Authority

If Contractor is other than a natural person, the individual(s) signing this Contract on behalf of Contractor represents and warrants that he or she has the power and authority to bind Contractor, and that no further action, resolution, or approval from Contractor is necessary to enter into a binding contract.

29. Progress Payments

Based upon Application for Payment submitted to the City by the Contractor and Certificates for Payment issued by the City, the City shall make progress payments on account of the Contract sum to the Contractor as provided in the Contract documents for the period ending the last day of the month as follows:

Not later than twenty-one (21) days following the end of the period covered by the Application for Payment, one hundred percent (100%) of the portion of the Contract Sum properly allocable to labor, materials, and equipment incorporated in the work and one hundred percent (100%) of the

Copyright© 2018 National Society of Professional Engineers, American Council of Engineering Companies, and American Society of Civil Engineers. All rights reserved.

portion of the Contract sum properly allocable to materials and equipment suitably stored at the site or some other location agreed upon in writing for the period covered by the Application for Payment, less the aggregate of previous payments made by the City; and upon substantial completion of the entire work, a sum sufficient to increase the total payments to one hundred percent (100%) of the Contract sum, less such amounts as the City shall determine for all incomplete work and unsettled claims as provided in the Contract documents.

30. Liquidated Damages

Should the Contractor neglect, refuse, or otherwise fail to complete the work within the Contract Time for Physical Completion or any extension in the Contract thereof, the Contractor agrees to pay the City the amount of Twenty Five Hundred Dollars ($2,500.00) per consecutive calendar day that passes until Physical Completion and acceptance or until voided pursuant to the provisions of the General Conditions of the Contract, not as a penalty, but as liquidated damages for such breach of the Contract.

31. Final Payment

Final payment, constituting the entire unpaid balance of the Contract sum, unless it is a disputed payment, shall be paid by the City to the Contractor within twenty-one (21) calendar days, after all deficiencies to the Contract document that were noted during the Substantial Completion Inspection and listed on the attachment to the Certificate of Substantial Completion have been corrected, and provided the Contract has been fully performed and a final Certificate for Payment has been issued by the City. In addition, the Contractor shall provide to the City a certified statement of Release of Lien (AIA Document G706A or approved form), Consent of Surety, Warranty from Prime Contractor, Warranties from Suppliers and Manufacturers, training sessions, equipment/operating manuals, and as-built drawings.

32. Schedule

The Contractor shall, within five (5) days after the effective date of Notice to Proceed, prepare and submit a progress schedule covering project operations for the 30-day Contract period. This progress schedule shall be of the type generally referred to as a Critical Path Method (CPM), Critical Path Schedule (CPS), and Critical Path Analysis (CPA), and other similar designations. The CPM shall be used to control the timing and sequences of the project. All work shall be done in accordance with the CPM Planning and Scheduling. A written statement of explanation shall be submitted with the progress schedule. All costs incurred by the contractor to implement the CPM shall be borne by the Contractor and are part of their Contract.

33. General and Special Provisions

A. Terms used in this Contract which are defined in the Conditions of the Contract shall have the meanings designated in those Conditions.

B. An enumeration of the Contractor's General Comprehensive Liability Insurance requirements
appears in the General Conditions of the Contract for construction. Insurance requirements are also described in the Instructions to the Bidder section of the Project Manual. Contractor shall maintain adequate insurance in at least the maximum amounts, which the City could be liable

Copyright© 2018 National Society of Professional Engineers, American Council of Engineering Companies, and American Society of Civil Engineers. All rights reserved.

under the New Mexico Tort Claims Act and shall provide proof of such insurance coverage to the City. It is the sole responsibility of the Contractor to comply with the law.

C. This Contract shall not become effective until: (1) approved by the Governing Body; and (2) signed by all parties required to sign this Contract.

D. The Contractor shall maintain detailed time records which indicate the date, time and nature of services rendered. These records shall be subject to inspection by the City, the Department of Finance and Administration and the State Auditor. The City shall have the right to audit billings both before and after payment. Payment under this Contract shall not foreclose the right of the City to recover excessive illegal payments.

E. The Contractor warrants that the Contractor presently has no interest and shall not acquire any interest, direct or indirect, which would conflict in any manner or degree with the performance or services required under this Contract.

F. The Contractor hereby warrants that the Contractor complies with the Americans with Disabilities Act, 29 CFR 1630.

G. Gender, Singular/Plural. Words of any gender used in this Contract shall be held and construed to include any other gender, and words in the singular number shall be held to include the plural, unless the context otherwise requires.

H. Captions and Section Headings. The captions and section headings contained in this Contract are for convenience of reference only, and in no way limit, define, or enlarge the terms, scope, and conditions of this Contract.

I. Certificates and Documents Incorporated. All certificates and documentation required by the provisions of the Contract shall be attached to this Contract at the time of execution and are hereby incorporated by reference as though set forth in full in this Contract to the extent they are consistent with its conditions and terms.

J. Separability. If any clause or provision of this Contract is illegal, invalid or unenforceable under present or future laws effective during the term of this Contract, then and in that event, it is the intention of the parties hereto that the remainder of this Contract shall not be affected thereby.

K. Words and Phrases. Words, phrases, and abbreviations, which have well-known technical or
trade meanings used in the Contract documents shall be used according to such recognized meaning. In the event of a conflict, the more stringent meaning shall govern.

L. Relationship of Contract Documents. The Contract Documents are complementary, and any requirement of one Contract Document shall be as binding as if required by all.

M. Pursuant to NMSA 1978, section 13-1-191, reference is hereby made to the Criminal Laws of New Mexico (including NMSA 1978, sections 30-14-1, 30-24-2, and 30-41-1 through 30-

Copyright© 2018 National Society of Professional Engineers, American Council of Engineering Companies, and American Society of Civil Engineers. All rights reserved.

41-3) which prohibit bribes, kickbacks, and gratuities, violation of which constitutes a felony. Further, the Procurement Code (NMSA 1978, sections 13-1-28 through 13-1-199) imposes civil and criminal penalties for its violation.

N. Pursuant to NMSA 1978, section 13-4-11. Reference is hereby made to the Minimum Wage on Public Works; weekly payments; posting wage scale; withholding funds.

STANDARD GENERAL CONDITIONS

OF THE CONSTRUCTION CONTRACT

ARTICLE 1—DEFINITIONS AND TERMINOLOGY

1.01 *Defined Terms*

A. Wherever used in the Bidding Requirements or Contract Documents, a term printed with initial capital letters, including the term's singular and plural forms, will have the meaning indicated in the definitions below. In addition to terms specifically defined, terms with initial capital letters in the Contract Documents include references to identified articles and paragraphs, and the titles of other documents or forms.

1. *Addenda*—Written or graphic instruments issued prior to the opening of Bids which clarify, correct, or change the Bidding Requirements or the proposed Contract Documents.

2. *Agreement*—The written instrument, executed by Owner and Contractor, that sets forth the Contract Price and Contract Times, identifies the parties and the Engineer, and designates the specific items that are Contract Documents.

3. *Application for Payment*—The document prepared by Contractor, in a form acceptable to Engineer, to request progress or final payments, and which is to be accompanied by such supporting documentation as is required by the Contract Documents.

4. *Bid*—The offer of a Bidder submitted on the prescribed form setting forth the prices for the Work to be performed.

5. *Bidder*—An individual or entity that submits a Bid to Owner.

6. *Bidding Documents*—The Bidding Requirements, the proposed Contract Documents, and all Addenda.

7. *Bidding Requirements*—The Advertisement or invitation to bid, Instructions to Bidders, Bid Bond or other Bid security, if any, the Bid Form, and the Bid with any attachments.

8. *Change Order*—A document which is signed by Contractor and Owner and authorizes an addition, deletion, or revision in the Work or an adjustment in the Contract Price or the Contract Times, or other revision to the Contract, issued on or after the Effective Date of the Contract.

9. *Change Proposal*—A written request by Contractor, duly submitted in compliance with the procedural requirements set forth herein, seeking an adjustment in Contract Price or Contract Times; contesting an initial decision by Engineer concerning the requirements of the Contract Documents or the acceptability of Work under the Contract Documents; challenging a set-off against payments due; or seeking other relief with respect to the terms of the Contract.

10. Claim

a. A demand or assertion by Owner directly to Contractor, duly submitted in compliance with the procedural requirements set forth herein, seeking an

Copyright© 2018 National Society of Professional Engineers, American Council of Engineering Companies, and American Society of Civil Engineers. All rights reserved.

adjustment of Contract Price or Contract Times; contesting an initial decision by Engineer concerning the requirements of the Contract Documents or the acceptability of Work under the Contract Documents; contesting Engineer's decision regarding a Change Proposal; seeking resolution of a contractual issue that Engineer has declined to address; or seeking other relief with respect to the terms of the Contract.

b. A demand or assertion by Contractor directly to Owner, duly submitted in compliance with the procedural requirements set forth herein, contesting Engineer's decision regarding a Change Proposal, or seeking resolution of a contractual issue that Engineer has declined to address.

c. A demand or assertion by Owner or Contractor, duly submitted in compliance with the procedural requirements set forth herein, made pursuant to Paragraph 12.01.A.4, concerning disputes arising after Engineer has issued a recommendation of final payment.

d. A demand for money or services by a third party is not a Claim.

11. *Constituent of Concern*—Asbestos, petroleum, radioactive materials, polychlorinated biphenyls (PCBs), lead-based paint (as defined by the HUD/EPA standard), hazardous waste, and any substance, product, waste, or other material of any nature whatsoever that is or becomes listed, regulated, or addressed pursuant to Laws and Regulations regulating, relating to, or imposing liability or standards of conduct concerning, any hazardous, toxic, or dangerous waste, substance, or material.

12. *Contract*—The entire and integrated written contract between Owner and Contractor concerning the Work.

13. *Contract Documents*—Those items so designated in the Agreement, and which together comprise the Contract.

14. *Contract Price*—The money that Owner has agreed to pay Contractor for completion of the Work in accordance with the Contract Documents.

15. *Contract Times*—The number of days or the dates by which Contractor shall: (a) achieve Milestones, if any; (b) achieve Substantial Completion; and (c) complete the Work.

16. *Contractor*—The individual or entity with which Owner has contracted for performance of the Work.

17. *Cost of the Work*—See Paragraph 13.01 for definition.

18. *Drawings*—The part of the Contract that graphically shows the scope, extent, and character of the Work to be performed by Contractor.

19. *Effective Date of the Contract*—The date, indicated in the Agreement, on which the Contract becomes effective.

20. *Electronic Document*—Any Project-related correspondence, attachments to correspondence, data, documents, drawings, information, or graphics, including but not limited to Shop Drawings and other Submittals, that are in an electronic or digital format.

Copyright© 2018 National Society of Professional Engineers, American Council of Engineering Companies, and American Society of Civil Engineers. All rights reserved.

21. *Electronic Means*—Electronic mail (email), upload/download from a secure Project website, or other communications methods that allow: (a) the transmission or communication of Electronic Documents; (b) the documentation of transmissions, including sending and receipt; (c) printing of the transmitted Electronic Document by the recipient; (d) the storage and archiving of the Electronic Document by sender and recipient; and (e) the use by recipient of the Electronic Document for purposes permitted by this Contract. Electronic Means does not include the use of text messaging, or of Facebook, Twitter, Instagram, or similar social media services for transmission of Electronic Documents.

22. *Engineer*—The individual or entity named as such in the Agreement.

23. *Field Order*—A written order issued by Engineer which requires minor changes in the Work but does not change the Contract Price or the Contract Times.

24. *Hazardous Environmental Condition*—The presence at the Site of Constituents of Concern in such quantities or circumstances that may present a danger to persons or property exposed thereto.

    a. The presence at the Site of materials that are necessary for the execution of the Work, or that are to be incorporated into the Work, and that are controlled and contained pursuant to industry practices, Laws and Regulations, and the requirements of the Contract, is not a Hazardous Environmental Condition.

    b. The presence of Constituents of Concern that are to be removed or remediated as part of the Work is not a Hazardous Environmental Condition.

    c. The presence of Constituents of Concern as part of the routine, anticipated, and obvious working conditions at the Site, is not a Hazardous Environmental Condition.

25. *Laws and Regulations; Laws or Regulations*—Any and all applicable laws, statutes, rules, regulations, ordinances, codes, and binding decrees, resolutions, and orders of any and all governmental bodies, agencies, authorities, and courts having jurisdiction.

26. *Liens*—Charges, security interests, or encumbrances upon Contract-related funds, real property, or personal property.

27. *Milestone*—A principal event in the performance of the Work that the Contract requires Contractor to achieve by an intermediate completion date, or by a time prior to Substantial Completion of all the Work.

28. *Notice of Award*—The written notice by Owner to a Bidder of Owner's acceptance of the Bid.

29. *Notice to Proceed*—A written notice by Owner to Contractor fixing the date on which the Contract Times will commence to run and on which Contractor shall start to perform the Work.

30. *Owner*—The individual or entity with which Contractor has contracted regarding the Work, and which has agreed to pay Contractor for the performance of the Work, pursuant to the terms of the Contract.

31. *Progress Schedule*—A schedule, prepared and maintained by Contractor, describing the sequence and duration of the activities comprising Contractor's plan to accomplish the Work within the Contract Times.

Copyright© 2018 National Society of Professional Engineers, American Council of Engineering Companies, and American Society of Civil Engineers. All rights reserved.

32. *Project*—The total undertaking to be accomplished for Owner by engineers, contractors, and others, including planning, study, design, construction, testing, commissioning, and start-up, and of which the Work to be performed under the Contract Documents is a part.

33. *Resident Project Representative*—The authorized representative of Engineer assigned to assist Engineer at the Site. As used herein, the term Resident Project Representative (RPR) includes any assistants or field staff of Resident Project Representative.

34. *Samples*—Physical examples of materials, equipment, or workmanship that are representative of some portion of the Work and that establish the standards by which such portion of the Work will be judged.

35. *Schedule of Submittals*—A schedule, prepared and maintained by Contractor, of required submittals and the time requirements for Engineer's review of the submittals.

36. *Schedule of Values*—A schedule, prepared and maintained by Contractor, allocating portions of the Contract Price to various portions of the Work and used as the basis for reviewing Contractor's Applications for Payment.

37. *Shop Drawings*—All drawings, diagrams, illustrations, schedules, and other data or information that are specifically prepared or assembled by or for Contractor and submitted by Contractor to illustrate some portion of the Work. Shop Drawings, whether approved or not, are not Drawings and are not Contract Documents.

38. *Site*—Lands or areas indicated in the Contract Documents as being furnished by Owner upon which the Work is to be performed, including rights-of-way and easements, and such other lands or areas furnished by Owner which are designated for the use of Contractor.

39. *Specifications*—The part of the Contract that consists of written requirements for materials, equipment, systems, standards, and workmanship as applied to the Work, and certain administrative requirements and procedural matters applicable to the Work.

40. *Subcontractor*—An individual or entity having a direct contract with Contractor or with any other Subcontractor for the performance of a part of the Work.

41. *Submittal*—A written or graphic document, prepared by or for Contractor, which the Contract Documents require Contractor to submit to Engineer, or that is indicated as a Submittal in the Schedule of Submittals accepted by Engineer. Submittals may include Shop Drawings and Samples; schedules; product data; Owner-delegated designs; sustainable design information; information on special procedures; testing plans; results of tests and evaluations, source quality-control testing and inspections, and field or Site quality-control testing and inspections; warranties and certifications; Suppliers' instructions and reports; records of delivery of spare parts and tools; operations and maintenance data; Project photographic documentation; record documents; and other such documents required by the Contract Documents. Submittals, whether or not approved or accepted by Engineer, are not Contract Documents. Change Proposals, Change Orders, Claims, notices, Applications for Payment, and requests for interpretation or clarification are not Submittals.

42. *Substantial Completion*—The time at which the Work (or a specified part thereof) has progressed to the point where, in the opinion of Engineer, the Work (or a specified part

Copyright© 2018 National Society of Professional Engineers, American Council of Engineering Companies, and American Society of Civil Engineers. All rights reserved.

thereof) is sufficiently complete, in accordance with the Contract Documents, so that the Work (or a specified part thereof) can be utilized for the purposes for which it is intended. The terms "substantially complete" and "substantially completed" as applied to all or part of the Work refer to Substantial Completion of such Work.

43. *Successful Bidder*—The Bidder to which the Owner makes an award of contract.

44. *Supplementary Conditions*—The part of the Contract that amends or supplements these General Conditions.

45. *Supplier*—A manufacturer, fabricator, supplier, distributor, or vendor having a direct contract with Contractor or with any Subcontractor to furnish materials or equipment to be incorporated in the Work by Contractor or a Subcontractor.

46. *Technical Data*

    a. Those items expressly identified as Technical Data in the Supplementary Conditions, with respect to either (1) existing subsurface conditions at or adjacent to the Site, or existing physical conditions at or adjacent to the Site including existing surface or subsurface structures (except Underground Facilities) or (2) Hazardous Environmental Conditions at the Site.

    b. If no such express identifications of Technical Data have been made with respect to conditions at the Site, then Technical Data is defined, with respect to conditions at the Site under Paragraphs 5.03, 5.04, and 5.06, as the data contained in boring logs, recorded measurements of subsurface water levels, assessments of the condition of subsurface facilities, laboratory test results, and other factual, objective information regarding conditions at the Site that are set forth in any geotechnical, environmental, or other Site or facilities conditions report prepared for the Project and made available to Contractor.

    c. Information and data regarding the presence or location of Underground Facilities are not intended to be categorized, identified, or defined as Technical Data, and instead Underground Facilities are shown or indicated on the Drawings.

47. *Underground Facilities*—All active or not-in-service underground lines, pipelines, conduits, ducts, encasements, cables, wires, manholes, vaults, tanks, tunnels, or other such facilities or systems at the Site, including but not limited to those facilities or systems that produce, transmit, distribute, or convey telephone or other communications, cable television, fiber optic transmissions, power, electricity, light, heat, gases, oil, crude oil products, liquid petroleum products, water, steam, waste, wastewater, storm water, other liquids or chemicals, or traffic or other control systems. An abandoned facility or system is not an Underground Facility.

48. *Unit Price Work*—Work to be paid for on the basis of unit prices.

49. *Work*—The entire construction or the various separately identifiable parts thereof required to be provided under the Contract Documents. Work includes and is the result of performing or providing all labor, services, and documentation necessary to produce such construction; furnishing, installing, and incorporating all materials and equipment into such construction; and may include related services such as testing, start-up, and commissioning, all as required by the Contract Documents.

Copyright© 2018 National Society of Professional Engineers, American Council of Engineering Companies, and American Society of Civil Engineers. All rights reserved.

50. *Work Change Directive*—A written directive to Contractor issued on or after the Effective Date of the Contract, signed by Owner and recommended by Engineer, ordering an addition, deletion, or revision in the Work.

1.02 *Terminology*

A. The words and terms discussed in Paragraphs 1.02.B, C, D, and E are not defined terms that require initial capital letters, but, when used in the Bidding Requirements or Contract Documents, have the indicated meaning.

B. *Intent of Certain Terms or Adjectives*: The Contract Documents include the terms "as allowed," "as approved," "as ordered," "as directed" or terms of like effect or import to authorize an exercise of professional judgment by Engineer. In addition, the adjectives "reasonable," "suitable," "acceptable," "proper," "satisfactory," or adjectives of like effect or import are used to describe an action or determination of Engineer as to the Work. It is intended that such exercise of professional judgment, action, or determination will be solely to evaluate, in general, the Work for compliance with the information in the Contract Documents and with the design concept of the Project as a functioning whole as shown or indicated in the Contract Documents (unless there is a specific statement indicating otherwise). The use of any such term or adjective is not intended to and shall not be effective to assign to Engineer any duty or authority to supervise or direct the performance of the Work, or any duty or authority to undertake responsibility contrary to the provisions of Article 10 or any other provision of the Contract Documents.

C. *Day*: The word "day" means a calendar day of 24 hours measured from midnight to the next midnight.

D. *Defective*: The word "defective," when modifying the word "Work," refers to Work that is unsatisfactory, faulty, or deficient in that it:

1. does not conform to the Contract Documents;

2. does not meet the requirements of any applicable inspection, reference standard, test, or approval referred to in the Contract Documents; or

3. has been damaged prior to Engineer's recommendation of final payment (unless responsibility for the protection thereof has been assumed by Owner at Substantial Completion in accordance with Paragraph 15.03 or Paragraph 15.04).

E. *Furnish, Install, Perform, Provide*

1. The word "furnish," when used in connection with services, materials, or equipment, means to supply and deliver said services, materials, or equipment to the Site (or some other specified location) ready for use or installation and in usable or operable condition.

2. The word "install," when used in connection with services, materials, or equipment, means to put into use or place in final position said services, materials, or equipment complete and ready for intended use.

3. The words "perform" or "provide," when used in connection with services, materials, or equipment, means to furnish and install said services, materials, or equipment complete and ready for intended use.

4. If the Contract Documents establish an obligation of Contractor with respect to specific services, materials, or equipment, but do not expressly use any of the four

Copyright© 2018 National Society of Professional Engineers, American Council of Engineering Companies, and American Society of Civil Engineers. All rights reserved.

words “furnish,” “install,” “perform,” or “provide,” then Contractor shall furnish and install said services, materials, or equipment complete and ready for intended use.

F. *Contract Price or Contract Times*: References to a change in “Contract Price or Contract Times” or “Contract Times or Contract Price” or similar, indicate that such change applies to (1) Contract Price, (2) Contract Times, or (3) both Contract Price and Contract Times, as warranted, even if the term “or both” is not expressed.

G. Unless stated otherwise in the Contract Documents, words or phrases that have a well-known technical or construction industry or trade meaning are used in the Contract Documents in accordance with such recognized meaning.

ARTICLE 2—PRELIMINARY MATTERS

2.01 *Delivery of Performance and Payment Bonds; Evidence of Insurance*

A. *Performance and Payment Bonds*: When Contractor delivers the signed counterparts of the Agreement to Owner, Contractor shall also deliver to Owner the performance bond and payment bond (if the Contract requires Contractor to furnish such bonds).

B. *Evidence of Contractor’s Insurance*: When Contractor delivers the signed counterparts of the Agreement to Owner, Contractor shall also deliver to Owner, with copies to each additional insured (as identified in the Contract), the certificates, endorsements, and other evidence of insurance required to be provided by Contractor in accordance with Article 6, except to the extent the Supplementary Conditions expressly establish other dates for delivery of specific insurance policies.

C. *Evidence of Owner’s Insurance*: After receipt of the signed counterparts of the Agreement and all required bonds and insurance documentation, Owner shall promptly deliver to Contractor, with copies to each additional insured (as identified in the Contract), the certificates and other evidence of insurance required to be provided by Owner under Article 6.

2.02 *Copies of Documents*

A. Owner shall furnish to Contractor four printed copies of the Contract (including one fully signed counterpart of the Agreement), and one copy in electronic portable document format (PDF). Additional printed copies will be furnished upon request at the cost of reproduction.

B. Owner shall maintain and safeguard at least one original printed record version of the Contract, including Drawings and Specifications signed and sealed by Engineer and other design professionals. Owner shall make such original printed record version of the Contract available to Contractor for review. Owner may delegate the responsibilities under this provision to Engineer.

2.03 *Before Starting Construction*

A. *Preliminary Schedules*: Within 10 days after the Effective Date of the Contract (or as otherwise required by the Contract Documents), Contractor shall submit to Engineer for timely review:

1. a preliminary Progress Schedule indicating the times (numbers of days or dates) for starting and completing the various stages of the Work, including any Milestones specified in the Contract;

Copyright© 2018 National Society of Professional Engineers, American Council of Engineering Companies, and American Society of Civil Engineers. All rights reserved.

2. a preliminary Schedule of Submittals; and

3. a preliminary Schedule of Values for all of the Work which includes quantities and prices of items which when added together equal the Contract Price and subdivides the Work into component parts in sufficient detail to serve as the basis for progress payments during performance of the Work. Such prices will include an appropriate amount of overhead and profit applicable to each item of Work.

2.04 *Preconstruction Conference; Designation of Authorized Representatives*

A. Before any Work at the Site is started, a conference attended by Owner, Contractor, Engineer, and others as appropriate will be held to establish a working understanding among the parties as to the Work, and to discuss the schedules referred to in Paragraph 2.03.A, procedures for handling Shop Drawings, Samples, and other Submittals, processing Applications for Payment, electronic or digital transmittals, and maintaining required records.

B. At this conference Owner and Contractor each shall designate, in writing, a specific individual to act as its authorized representative with respect to the services and responsibilities under the Contract. Such individuals shall have the authority to transmit and receive information, render decisions relative to the Contract, and otherwise act on behalf of each respective party.

2.05 *Acceptance of Schedules*

A. At least 10 days before submission of the first Application for Payment a conference, attended by Contractor, Engineer, and others as appropriate, will be held to review the schedules submitted in accordance with Paragraph 2.03.A. No progress payment will be made to Contractor until acceptable schedules are submitted to Engineer.

1. The Progress Schedule will be acceptable to Engineer if it provides an orderly progression of the Work to completion within the Contract Times. Such acceptance will not impose on Engineer responsibility for the Progress Schedule, for sequencing, scheduling, or progress of the Work, nor interfere with or relieve Contractor from Contractor's full responsibility therefor.

2. Contractor's Schedule of Submittals will be acceptable to Engineer if it provides a workable arrangement for reviewing and processing the required submittals.

3. Contractor's Schedule of Values will be acceptable to Engineer as to form and substance if it provides a reasonable allocation of the Contract Price to the component parts of the Work.

4. If a schedule is not acceptable, Contractor will have an additional 10 days to revise and resubmit the schedule.

2.06 *Electronic Transmittals*

A. Except as otherwise stated elsewhere in the Contract, the Owner, Engineer, and Contractor may send, and shall accept, Electronic Documents transmitted by Electronic Means.

B. If the Contract does not establish protocols for Electronic Means, then Owner, Engineer, and Contractor shall jointly develop such protocols.

C. Subject to any governing protocols for Electronic Means, when transmitting Electronic Documents by Electronic Means, the transmitting party makes no representations as to

Copyright© 2018 National Society of Professional Engineers, American Council of Engineering Companies, and American Society of Civil Engineers. All rights reserved.

long-term compatibility, usability, or readability of the Electronic Documents resulting from the recipient's use of software application packages, operating systems, or computer hardware differing from those used in the drafting or transmittal of the Electronic Documents.

ARTICLE 3—CONTRACT DOCUMENTS: INTENT, REQUIREMENTS, REUSE

3.01 *Intent*

A. The Contract Documents are complementary; what is required by one Contract Document is as binding as if required by all.

B. It is the intent of the Contract Documents to describe a functionally complete Project (or part thereof) to be constructed in accordance with the Contract Documents.

C. Unless otherwise stated in the Contract Documents, if there is a discrepancy between the electronic versions of the Contract Documents (including any printed copies derived from such electronic versions) and the printed record version, the printed record version will govern.

D. The Contract supersedes prior negotiations, representations, and agreements, whether written or oral.

E. Engineer will issue clarifications and interpretations of the Contract Documents as provided herein.

F. Any provision or part of the Contract Documents held to be void or unenforceable under any Law or Regulation will be deemed stricken, and all remaining provisions will continue to be valid and binding upon Owner and Contractor, which agree that the Contract Documents will be reformed to replace such stricken provision or part thereof with a valid and enforceable provision that comes as close as possible to expressing the intention of the stricken provision.

G. Nothing in the Contract Documents creates:

1. any contractual relationship between Owner or Engineer and any Subcontractor, Supplier, or other individual or entity performing or furnishing any of the Work, for the benefit of such Subcontractor, Supplier, or other individual or entity; or

2. any obligation on the part of Owner or Engineer to pay or to see to the payment of any money due any such Subcontractor, Supplier, or other individual or entity, except as may otherwise be required by Laws and Regulations.

3.02 *Reference Standards*

A. *Standards Specifications, Codes, Laws and Regulations*

1. Reference in the Contract Documents to standard specifications, manuals, reference standards, or codes of any technical society, organization, or association, or to Laws or Regulations, whether such reference be specific or by implication, means the standard specification, manual, reference standard, code, or Laws or Regulations in effect at the time of opening of Bids (or on the Effective Date of the Contract if there were no Bids), except as may be otherwise specifically stated in the Contract Documents.

Copyright© 2018 National Society of Professional Engineers, American Council of Engineering Companies, and American Society of Civil Engineers. All rights reserved.

2. No provision of any such standard specification, manual, reference standard, or code, and no instruction of a Supplier, will be effective to change the duties or responsibilities of Owner, Contractor, or Engineer from those set forth in the part of the Contract Documents prepared by or for Engineer. No such provision or instruction shall be effective to assign to Owner or Engineer any duty or authority to supervise or direct the performance of the Work, or any duty or authority to undertake responsibility inconsistent with the provisions of the part of the Contract Documents prepared by or for Engineer.

3.03 *Reporting and Resolving Discrepancies*

A. *Reporting Discrepancies*

1. *Contractor's Verification of Figures and Field Measurements*: Before undertaking each part of the Work, Contractor shall carefully study the Contract Documents, and check and verify pertinent figures and dimensions therein, particularly with respect to applicable field measurements. Contractor shall promptly report in writing to Engineer any conflict, error, ambiguity, or discrepancy that Contractor discovers, or has actual knowledge of, and shall not proceed with any Work affected thereby until the conflict, error, ambiguity, or discrepancy is resolved by a clarification or interpretation by Engineer, or by an amendment or supplement to the Contract issued pursuant to Paragraph 11.01.

2. *Contractor's Review of Contract Documents*: If, before or during the performance of the Work, Contractor discovers any conflict, error, ambiguity, or discrepancy within the Contract Documents, or between the Contract Documents and (a) any applicable Law or Regulation, (b) actual field conditions, (c) any standard specification, manual, reference standard, or code, or (d) any instruction of any Supplier, then Contractor shall promptly report it to Engineer in writing. Contractor shall not proceed with the Work affected thereby (except in an emergency as required by Paragraph 7.15) until the conflict, error, ambiguity, or discrepancy is resolved, by a clarification or interpretation by Engineer, or by an amendment or supplement to the Contract issued pursuant to Paragraph 11.01.

3. Contractor shall not be liable to Owner or Engineer for failure to report any conflict, error, ambiguity, or discrepancy in the Contract Documents unless Contractor had actual knowledge thereof.

B. *Resolving Discrepancies*

1. Except as may be otherwise specifically stated in the Contract Documents, the provisions of the part of the Contract Documents prepared by or for Engineer take precedence in resolving any conflict, error, ambiguity, or discrepancy between such provisions of the Contract Documents and:

   a. the provisions of any standard specification, manual, reference standard, or code, or the instruction of any Supplier (whether or not specifically incorporated by reference as a Contract Document); or

   b. the provisions of any Laws or Regulations applicable to the performance of the Work (unless such an interpretation of the provisions of the Contract Documents would result in violation of such Law or Regulation).

Copyright© 2018 National Society of Professional Engineers, American Council of Engineering Companies, and American Society of Civil Engineers. All rights reserved.

3.04 *Requirements of the Contract Documents*

A. During the performance of the Work and until final payment, Contractor and Owner shall submit to the Engineer in writing all matters in question concerning the requirements of the Contract Documents (sometimes referred to as requests for information or interpretation—RFIs), or relating to the acceptability of the Work under the Contract Documents, as soon as possible after such matters arise. Engineer will be the initial interpreter of the requirements of the Contract Documents, and judge of the acceptability of the Work.

B. Engineer will, with reasonable promptness, render a written clarification, interpretation, or decision on the issue submitted, or initiate an amendment or supplement to the Contract Documents. Engineer's written clarification, interpretation, or decision will be final and binding on Contractor, unless it appeals by submitting a Change Proposal, and on Owner, unless it appeals by filing a Claim.

C. If a submitted matter in question concerns terms and conditions of the Contract Documents that do not involve (1) the performance or acceptability of the Work under the Contract Documents, (2) the design (as set forth in the Drawings, Specifications, or otherwise), or (3) other engineering or technical matters, then Engineer will promptly notify Owner and Contractor in writing that Engineer is unable to provide a decision or interpretation. If Owner and Contractor are unable to agree on resolution of such a matter in question, either party may pursue resolution as provided in Article 12.

3.05 *Reuse of Documents*

A. Contractor and its Subcontractors and Suppliers shall not:

1. have or acquire any title to or ownership rights in any of the Drawings, Specifications, or other documents (or copies of any thereof) prepared by or bearing the seal of Engineer or its consultants, including electronic media versions, or reuse any such Drawings, Specifications, other documents, or copies thereof on extensions of the Project or any other project without written consent of Owner and Engineer and specific written verification or adaptation by Engineer; or

2. have or acquire any title or ownership rights in any other Contract Documents, reuse any such Contract Documents for any purpose without Owner's express written consent, or violate any copyrights pertaining to such Contract Documents.

B. The prohibitions of this Paragraph 3.05 will survive final payment, or termination of the Contract. Nothing herein precludes Contractor from retaining copies of the Contract Documents for record purposes.

ARTICLE 4—COMMENCEMENT AND PROGRESS OF THE WORK

4.01 *Commencement of Contract Times; Notice to Proceed*

A. The Contract Times will commence to run on the 30th day after the Effective Date of the Contract or, if a Notice to Proceed is given, on the day indicated in the Notice to Proceed. A Notice to Proceed may be given at any time within 30 days after the Effective Date of the Contract. In no event will the Contract Times commence to run later than the 60th day after the day of Bid opening or the 30th day after the Effective Date of the Contract, whichever date is earlier.

Copyright© 2018 National Society of Professional Engineers, American Council of Engineering Companies, and American Society of Civil Engineers. All rights reserved.

4.02 *Starting the Work*

A. Contractor shall start to perform the Work on the date when the Contract Times commence to run. No Work may be done at the Site prior to such date.

4.03 *Reference Points*

A. Owner shall provide engineering surveys to establish reference points for construction which in Engineer's judgment are necessary to enable Contractor to proceed with the Work. Contractor shall be responsible for laying out the Work, shall protect and preserve the established reference points and property monuments, and shall make no changes or relocations without the prior written approval of Owner. Contractor shall report to Engineer whenever any reference point or property monument is lost or destroyed or requires relocation because of necessary changes in grades or locations, and shall be responsible for the accurate replacement or relocation of such reference points or property monuments by professionally qualified personnel.

4.04 *Progress Schedule*

A. Contractor shall adhere to the Progress Schedule established in accordance with Paragraph 2.05 as it may be adjusted from time to time as provided below.

1. Contractor shall submit to Engineer for acceptance (to the extent indicated in Paragraph 2.05) proposed adjustments in the Progress Schedule that will not result in changing the Contract Times.

2. Proposed adjustments in the Progress Schedule that will change the Contract Times must be submitted in accordance with the requirements of Article 11.

B. Contractor shall carry on the Work and adhere to the Progress Schedule during all disputes or disagreements with Owner. No Work will be delayed or postponed pending resolution of any disputes or disagreements, or during any appeal process, except as permitted by Paragraph 16.04, or as Owner and Contractor may otherwise agree in writing.

4.05 *Delays in Contractor's Progress*

A. If Owner, Engineer, or anyone for whom Owner is responsible, delays, disrupts, or interferes with the performance or progress of the Work, then Contractor shall be entitled to an equitable adjustment in Contract Price or Contract Times.

B. Contractor shall not be entitled to an adjustment in Contract Price or Contract Times for delay, disruption, or interference caused by or within the control of Contractor. Delay, disruption, and interference attributable to and within the control of a Subcontractor or Supplier shall be deemed to be within the control of Contractor.

C. If Contractor's performance or progress is delayed, disrupted, or interfered with by unanticipated causes not the fault of and beyond the control of Owner, Contractor, and those for which they are responsible, then Contractor shall be entitled to an equitable adjustment in Contract Times. Such an adjustment will be Contractor's sole and exclusive remedy for the delays, disruption, and interference described in this paragraph. Causes of delay, disruption, or interference that may give rise to an adjustment in Contract Times under this paragraph include but are not limited to the following:

1. Severe and unavoidable natural catastrophes such as fires, floods, epidemics, and earthquakes;

Copyright© 2018 National Society of Professional Engineers, American Council of Engineering Companies, and American Society of Civil Engineers. All rights reserved.

2. Abnormal weather conditions;

3. Acts or failures to act of third-party utility owners or other third-party entities (other than those third-party utility owners or other third-party entities performing other work at or adjacent to the Site as arranged by or under contract with Owner, as contemplated in Article 8); and

4. Acts of war or terrorism.

D. Contractor's entitlement to an adjustment of Contract Times or Contract Price is limited as follows:

1. Contractor's entitlement to an adjustment of the Contract Times is conditioned on the delay, disruption, or interference adversely affecting an activity on the critical path to completion of the Work, as of the time of the delay, disruption, or interference.

2. Contractor shall not be entitled to an adjustment in Contract Price for any delay, disruption, or interference if such delay is concurrent with a delay, disruption, or interference caused by or within the control of Contractor. Such a concurrent delay by Contractor shall not preclude an adjustment of Contract Times to which Contractor is otherwise entitled.

3. Adjustments of Contract Times or Contract Price are subject to the provisions of Article 11.

E. Each Contractor request or Change Proposal seeking an increase in Contract Times or Contract Price must be supplemented by supporting data that sets forth in detail the following:

1. The circumstances that form the basis for the requested adjustment;

2. The date upon which each cause of delay, disruption, or interference began to affect the progress of the Work;

3. The date upon which each cause of delay, disruption, or interference ceased to affect the progress of the Work;

4. The number of days' increase in Contract Times claimed as a consequence of each such cause of delay, disruption, or interference; and

5. The impact on Contract Price, in accordance with the provisions of Paragraph 11.07.

Contractor shall also furnish such additional supporting documentation as Owner or Engineer may require including, where appropriate, a revised progress schedule indicating all the activities affected by the delay, disruption, or interference, and an explanation of the effect of the delay, disruption, or interference on the critical path to completion of the Work.

F. Delays, disruption, and interference to the performance or progress of the Work resulting from the existence of a differing subsurface or physical condition, an Underground Facility that was not shown or indicated by the Contract Documents, or not shown or indicated with reasonable accuracy, and those resulting from Hazardous Environmental Conditions, are governed by Article 5, together with the provisions of Paragraphs 4.05.D and 4.05.E.

G. Paragraph 8.03 addresses delays, disruption, and interference to the performance or progress of the Work resulting from the performance of certain other work at or adjacent to the Site.

Copyright© 2018 National Society of Professional Engineers, American Council of Engineering Companies, and American Society of Civil Engineers. All rights reserved.

ARTICLE 5—SITE; SUBSURFACE AND PHYSICAL CONDITIONS; HAZARDOUS ENVIRONMENTAL CONDITIONS

5.01 *Availability of Lands*

A. Owner shall furnish the Site. Owner shall notify Contractor in writing of any encumbrances or restrictions not of general application but specifically related to use of the Site with which Contractor must comply in performing the Work.

B. Upon reasonable written request, Owner shall furnish Contractor with a current statement of record legal title and legal description of the lands upon which permanent improvements are to be made and Owner's interest therein as necessary for giving notice of or filing a mechanic's or construction lien against such lands in accordance with applicable Laws and Regulations.

C. Contractor shall provide for all additional lands and access thereto that may be required for temporary construction facilities or storage of materials and equipment.

5.02 *Use of Site and Other Areas*

A. *Limitation on Use of Site and Other Areas*

1. Contractor shall confine construction equipment, temporary construction facilities, the storage of materials and equipment, and the operations of workers to the Site, adjacent areas that Contractor has arranged to use through construction easements or otherwise, and other adjacent areas permitted by Laws and Regulations, and shall not unreasonably encumber the Site and such other adjacent areas with construction equipment or other materials or equipment. Contractor shall assume full responsibility for (a) damage to the Site; (b) damage to any such other adjacent areas used for Contractor's operations; (c) damage to any other adjacent land or areas, or to improvements, structures, utilities, or similar facilities located at such adjacent lands or areas; and (d) for injuries and losses sustained by the owners or occupants of any such land or areas; provided that such damage or injuries result from the performance of the Work or from other actions or conduct of the Contractor or those for which Contractor is responsible.

2. If a damage or injury claim is made by the owner or occupant of any such land or area because of the performance of the Work, or because of other actions or conduct of the Contractor or those for which Contractor is responsible, Contractor shall (a) take immediate corrective or remedial action as required by Paragraph 7.13, or otherwise; (b) promptly attempt to settle the claim as to all parties through negotiations with such owner or occupant, or otherwise resolve the claim by arbitration or other dispute resolution proceeding, or in a court of competent jurisdiction; and (c) to the fullest extent permitted by Laws and Regulations, indemnify and hold harmless Owner and Engineer, and the officers, directors, members, partners, employees, agents, consultants and subcontractors of each and any of them, from and against any such claim, and against all costs, losses, and damages (including but not limited to all fees and charges of engineers, architects, attorneys, and other professionals and all court or arbitration or other dispute resolution costs) arising out of or relating to any claim or action, legal or equitable, brought by any such owner or occupant against Owner, Engineer, or any other party indemnified hereunder to the extent caused directly or indirectly, in whole or in part by, or based upon, Contractor's performance of the Work,

Copyright© 2018 National Society of Professional Engineers, American Council of Engineering Companies, and American Society of Civil Engineers. All rights reserved.

or because of other actions or conduct of the Contractor or those for which Contractor is responsible.

B. *Removal of Debris During Performance of the Work*: During the progress of the Work the Contractor shall keep the Site and other adjacent areas free from accumulations of waste materials, rubbish, and other debris. Removal and disposal of such waste materials, rubbish, and other debris will conform to applicable Laws and Regulations.

C. *Cleaning*: Prior to Substantial Completion of the Work Contractor shall clean the Site and the Work and make it ready for utilization by Owner. At the completion of the Work Contractor shall remove from the Site and adjacent areas all tools, appliances, construction equipment and machinery, and surplus materials and shall restore to original condition all property not designated for alteration by the Contract Documents.

D. *Loading of Structures*: Contractor shall not load nor permit any part of any structure to be loaded in any manner that will endanger the structure, nor shall Contractor subject any part of the Work or adjacent structures or land to stresses or pressures that will endanger them.

5.03 *Subsurface and Physical Conditions*

A. *Reports and Drawings*: The Supplementary Conditions identify:

1. Those reports of explorations and tests of subsurface conditions at or adjacent to the Site that contain Technical Data;

2. Those drawings of existing physical conditions at or adjacent to the Site, including those drawings depicting existing surface or subsurface structures at or adjacent to the Site (except Underground Facilities), that contain Technical Data; and

3. Technical Data contained in such reports and drawings.

B. *Underground Facilities*: Underground Facilities are shown or indicated on the Drawings, pursuant to Paragraph 5.05, and not in the drawings referred to in Paragraph 5.03.A. Information and data regarding the presence or location of Underground Facilities are not intended to be categorized, identified, or defined as Technical Data.

C. *Reliance by Contractor on Technical Data*: Contractor may rely upon the accuracy of the Technical Data expressly identified in the Supplementary Conditions with respect to such reports and drawings, but such reports and drawings are not Contract Documents. If no such express identification has been made, then Contractor may rely upon the accuracy of the Technical Data as defined in Paragraph 1.01.A.46.b.

D. *Limitations of Other Data and Documents*: Except for such reliance on Technical Data, Contractor may not rely upon or make any claim against Owner or Engineer, or any of their officers, directors, members, partners, employees, agents, consultants, or subcontractors, with respect to:

1. the completeness of such reports and drawings for Contractor's purposes, including, but not limited to, any aspects of the means, methods, techniques, sequences, and procedures of construction to be employed by Contractor, and safety precautions and programs incident thereto;

2. other data, interpretations, opinions, and information contained in such reports or shown or indicated in such drawings;

Copyright© 2018 National Society of Professional Engineers, American Council of Engineering Companies, and American Society of Civil Engineers. All rights reserved.

3. the contents of other Site-related documents made available to Contractor, such as record drawings from other projects at or adjacent to the Site, or Owner's archival documents concerning the Site; or

4. any Contractor interpretation of or conclusion drawn from any Technical Data or any such other data, interpretations, opinions, or information.

5.04 *Differing Subsurface or Physical Conditions*

A. *Notice by Contractor*: If Contractor believes that any subsurface or physical condition that is uncovered or revealed at the Site:
