1. is of such a nature as to establish that any Technical Data on which Contractor is entitled to rely as provided in Paragraph 5.03 is materially inaccurate;

2. is of such a nature as to require a change in the Drawings or Specifications;

3. differs materially from that shown or indicated in the Contract Documents; or

4. is of an unusual nature, and differs materially from conditions ordinarily encountered and generally recognized as inherent in work of the character provided for in the Contract Documents;

then Contractor shall, promptly after becoming aware thereof and before further disturbing the subsurface or physical conditions or performing any Work in connection therewith (except in an emergency as required by Paragraph 7.15), notify Owner and Engineer in writing about such condition. Contractor shall not further disturb such condition or perform any Work in connection therewith (except with respect to an emergency) until receipt of a written statement permitting Contractor to do so.

B. *Engineer's Review*: After receipt of written notice as required by the preceding paragraph, Engineer will promptly review the subsurface or physical condition in question; determine whether it is necessary for Owner to obtain additional exploration or tests with respect to the condition; conclude whether the condition falls within any one or more of the differing site condition categories in Paragraph 5.04.A; obtain any pertinent cost or schedule information from Contractor; prepare recommendations to Owner regarding the Contractor's resumption of Work in connection with the subsurface or physical condition in question and the need for any change in the Drawings or Specifications; and advise Owner in writing of Engineer's findings, conclusions, and recommendations.

C. *Owner's Statement to Contractor Regarding Site Condition*: After receipt of Engineer's written findings, conclusions, and recommendations, Owner shall issue a written statement to Contractor (with a copy to Engineer) regarding the subsurface or physical condition in question, addressing the resumption of Work in connection with such condition, indicating whether any change in the Drawings or Specifications will be made, and adopting or rejecting Engineer's written findings, conclusions, and recommendations, in whole or in part.

D. *Early Resumption of Work*: If at any time Engineer determines that Work in connection with the subsurface or physical condition in question may resume prior to completion of Engineer's review or Owner's issuance of its statement to Contractor, because the condition in question has been adequately documented, and analyzed on a preliminary basis, then the Engineer may at its discretion instruct Contractor to resume such Work.

Copyright© 2018 National Society of Professional Engineers, American Council of Engineering Companies, and American Society of Civil Engineers. All rights reserved.

E. *Possible Price and Times Adjustments*

1. Contractor shall be entitled to an equitable adjustment in Contract Price or Contract Times, to the extent that the existence of a differing subsurface or physical condition, or any related delay, disruption, or interference, causes an increase or decrease in Contractor's cost of, or time required for, performance of the Work; subject, however, to the following:

    a. Such condition must fall within any one or more of the categories described in Paragraph 5.04.A;

    b. With respect to Work that is paid for on a unit price basis, any adjustment in Contract Price will be subject to the provisions of Paragraph 13.03; and,

    c. Contractor's entitlement to an adjustment of the Contract Times is subject to the provisions of Paragraphs 4.05.D and 4.05.E.

2. Contractor shall not be entitled to any adjustment in the Contract Price or Contract Times with respect to a subsurface or physical condition if:

    a. Contractor knew of the existence of such condition at the time Contractor made a commitment to Owner with respect to Contract Price and Contract Times by the submission of a Bid or becoming bound under a negotiated contract, or otherwise;

    b. The existence of such condition reasonably could have been discovered or revealed as a result of any examination, investigation, exploration, test, or study of the Site and contiguous areas expressly required by the Bidding Requirements or Contract Documents to be conducted by or for Contractor prior to Contractor's making such commitment; or

    c. Contractor failed to give the written notice required by Paragraph 5.04.A.

3. If Owner and Contractor agree regarding Contractor's entitlement to and the amount or extent of any adjustment in the Contract Price or Contract Times, then any such adjustment will be set forth in a Change Order.

4. Contractor may submit a Change Proposal regarding its entitlement to or the amount or extent of any adjustment in the Contract Price or Contract Times, no later than 30 days after Owner's issuance of the Owner's written statement to Contractor regarding the subsurface or physical condition in question.

F. *Underground Facilities; Hazardous Environmental Conditions*: Paragraph 5.05 governs rights and responsibilities regarding the presence or location of Underground Facilities. Paragraph 5.06 governs rights and responsibilities regarding Hazardous Environmental Conditions. The provisions of Paragraphs 5.03 and 5.04 are not applicable to the presence or location of Underground Facilities, or to Hazardous Environmental Conditions.

5.05 *Underground Facilities*

A. *Contractor's Responsibilities*: Unless it is otherwise expressly provided in the Supplementary Conditions, the cost of all of the following are included in the Contract Price, and Contractor shall have full responsibility for:

1. reviewing and checking all information and data regarding existing Underground Facilities at the Site;

Copyright© 2018 National Society of Professional Engineers, American Council of Engineering Companies, and American Society of Civil Engineers. All rights reserved.

2. complying with applicable state and local utility damage prevention Laws and Regulations;

3. verifying the actual location of those Underground Facilities shown or indicated in the Contract Documents as being within the area affected by the Work, by exposing such Underground Facilities during the course of construction;

4. coordination of the Work with the owners (including Owner) of such Underground Facilities, during construction; and

5. the safety and protection of all existing Underground Facilities at the Site, and repairing any damage thereto resulting from the Work.

B. *Notice by Contractor*: If Contractor believes that an Underground Facility that is uncovered or revealed at the Site was not shown or indicated on the Drawings, or was not shown or indicated on the Drawings with reasonable accuracy, then Contractor shall, promptly after becoming aware thereof and before further disturbing conditions affected thereby or performing any Work in connection therewith (except in an emergency as required by Paragraph 7.15), notify Owner and Engineer in writing regarding such Underground Facility.

C. *Engineer's Review*: Engineer will:

1. promptly review the Underground Facility and conclude whether such Underground Facility was not shown or indicated on the Drawings, or was not shown or indicated with reasonable accuracy;

2. identify and communicate with the owner of the Underground Facility; prepare recommendations to Owner (and if necessary issue any preliminary instructions to Contractor) regarding the Contractor's resumption of Work in connection with the Underground Facility in question;

3. obtain any pertinent cost or schedule information from Contractor; determine the extent, if any, to which a change is required in the Drawings or Specifications to reflect and document the consequences of the existence or location of the Underground Facility; and

4. advise Owner in writing of Engineer's findings, conclusions, and recommendations.

During such time, Contractor shall be responsible for the safety and protection of such Underground Facility.

D. *Owner's Statement to Contractor Regarding Underground Facility*: After receipt of Engineer's written findings, conclusions, and recommendations, Owner shall issue a written statement to Contractor (with a copy to Engineer) regarding the Underground Facility in question addressing the resumption of Work in connection with such Underground Facility, indicating whether any change in the Drawings or Specifications will be made, and adopting or rejecting Engineer's written findings, conclusions, and recommendations in whole or in part.

E. *Early Resumption of Work*: If at any time Engineer determines that Work in connection with the Underground Facility may resume prior to completion of Engineer's review or Owner's issuance of its statement to Contractor, because the Underground Facility in question and conditions affected by its presence have been adequately documented, and analyzed on a preliminary basis, then the Engineer may at its discretion instruct Contractor to resume such Work.

Copyright© 2018 National Society of Professional Engineers, American Council of Engineering Companies, and American Society of Civil Engineers. All rights reserved.

F. *Possible Price and Times Adjustments*

1. Contractor shall be entitled to an equitable adjustment in the Contract Price or Contract Times, to the extent that any existing Underground Facility at the Site that was not shown or indicated on the Drawings, or was not shown or indicated with reasonable accuracy, or any related delay, disruption, or interference, causes an increase or decrease in Contractor's cost of, or time required for, performance of the Work; subject, however, to the following:

    a. With respect to Work that is paid for on a unit price basis, any adjustment in Contract Price will be subject to the provisions of Paragraph 13.03;

    b. Contractor's entitlement to an adjustment of the Contract Times is subject to the provisions of Paragraphs 4.05.D and 4.05.E; and

    c. Contractor gave the notice required in Paragraph 5.05.B.

2. If Owner and Contractor agree regarding Contractor's entitlement to and the amount or extent of any adjustment in the Contract Price or Contract Times, then any such adjustment will be set forth in a Change Order.

3. Contractor may submit a Change Proposal regarding its entitlement to or the amount or extent of any adjustment in the Contract Price or Contract Times, no later than 30 days after Owner's issuance of the Owner's written statement to Contractor regarding the Underground Facility in question.

4. The information and data shown or indicated on the Drawings with respect to existing Underground Facilities at the Site is based on information and data (a) furnished by the owners of such Underground Facilities, or by others, (b) obtained from available records, or (c) gathered in an investigation conducted in accordance with the current edition of ASCE 38, Standard Guideline for the Collection and Depiction of Existing Subsurface Utility Data, by the American Society of Civil Engineers. If such information or data is incorrect or incomplete, Contractor's remedies are limited to those set forth in this Paragraph 5.05.F.

5.06 *Hazardous Environmental Conditions at Site*

A. A. *Reports and Drawings*: The Supplementary Conditions identify:

1. those reports known to Owner relating to Hazardous Environmental Conditions that have been identified at or adjacent to the Site;

2. drawings known to Owner relating to Hazardous Environmental Conditions that have been identified at or adjacent to the Site; and

3. Technical Data contained in such reports and drawings.

B. *Reliance by Contractor on Technical Data Authorized*: Contractor may rely upon the accuracy of the Technical Data expressly identified in the Supplementary Conditions with respect to such reports and drawings, but such reports and drawings are not Contract Documents. If no such express identification has been made, then Contractor may rely on the accuracy of the Technical Data as defined in Paragraph 1.01.A.46.b. Except for such reliance on Technical Data, Contractor may not rely upon or make any claim against Owner

Copyright© 2018 National Society of Professional Engineers, American Council of Engineering Companies, and American Society of Civil Engineers. All rights reserved.

or Engineer, or any of their officers, directors, members, partners, employees, agents, consultants, or subcontractors, with respect to:

1. the completeness of such reports and drawings for Contractor's purposes, including, but not limited to, any aspects of the means, methods, techniques, sequences and procedures of construction to be employed by Contractor, and safety precautions and programs incident thereto;
2. other data, interpretations, opinions, and information contained in such reports or shown or indicated in such drawings; or
3. any Contractor interpretation of or conclusion drawn from any Technical Data or any such other data, interpretations, opinions or information.

C. Contractor shall not be responsible for removing or remediating any Hazardous Environmental Condition encountered, uncovered, or revealed at the Site unless such removal or remediation is expressly identified in the Contract Documents to be within the scope of the Work.

D. Contractor shall be responsible for controlling, containing, and duly removing all Constituents of Concern brought to the Site by Contractor, Subcontractors, Suppliers, or anyone else for whom Contractor is responsible, and for any associated costs; and for the costs of removing and remediating any Hazardous Environmental Condition created by the presence of any such Constituents of Concern.

E. If Contractor encounters, uncovers, or reveals a Hazardous Environmental Condition whose removal or remediation is not expressly identified in the Contract Documents as being within the scope of the Work, or if Contractor or anyone for whom Contractor is responsible creates a Hazardous Environmental Condition, then Contractor shall immediately: (1) secure or otherwise isolate such condition; (2) stop all Work in connection with such condition and in any area affected thereby (except in an emergency as required by Paragraph 7.15); and (3) notify Owner and Engineer (and promptly thereafter confirm such notice in writing). Owner shall promptly consult with Engineer concerning the necessity for Owner to retain a qualified expert to evaluate such condition or take corrective action, if any. Promptly after consulting with Engineer, Owner shall take such actions as are necessary to permit Owner to timely obtain required permits and provide Contractor the written notice required by Paragraph 5.06.F. If Contractor or anyone for whom Contractor is responsible created the Hazardous Environmental Condition in question, then Owner may remove and remediate the Hazardous Environmental Condition, and impose a set-off against payments to account for the associated costs.

F. Contractor shall not resume Work in connection with such Hazardous Environmental Condition or in any affected area until after Owner has obtained any required permits related thereto, and delivered written notice to Contractor either (1) specifying that such condition and any affected area is or has been rendered safe for the resumption of Work, or (2) specifying any special conditions under which such Work may be resumed safely.

G. If Owner and Contractor cannot agree as to entitlement to or on the amount or extent, if any, of any adjustment in Contract Price or Contract Times, as a result of such Work stoppage, such special conditions under which Work is agreed to be resumed by Contractor, or any costs or expenses incurred in response to the Hazardous Environmental Condition, then within 30 days of Owner's written notice regarding the resumption of Work, Contractor may

Copyright© 2018 National Society of Professional Engineers, American Council of Engineering Companies, and American Society of Civil Engineers. All rights reserved.

submit a Change Proposal, or Owner may impose a set-off. Entitlement to any such adjustment is subject to the provisions of Paragraphs 4.05.D, 4.05.E, 11.07, and 11.08.

H. If, after receipt of such written notice, Contractor does not agree to resume such Work based on a reasonable belief it is unsafe, or does not agree to resume such Work under such special conditions, then Owner may order the portion of the Work that is in the area affected by such condition to be deleted from the Work, following the contractual change procedures in Article 11. Owner may have such deleted portion of the Work performed by Owner's own forces or others in accordance with Article 8.

I. To the fullest extent permitted by Laws and Regulations, Owner shall indemnify and hold harmless Contractor, Subcontractors, and Engineer, and the officers, directors, members, partners, employees, agents, consultants, and subcontractors of each and any of them, from and against all claims, costs, losses, and damages (including but not limited to all fees and charges of engineers, architects, attorneys, and other professionals, and all court, arbitration, or other dispute resolution costs) arising out of or relating to a Hazardous Environmental Condition, provided that such Hazardous Environmental Condition (1) was not shown or indicated in the Drawings, Specifications, or other Contract Documents, identified as Technical Data entitled to limited reliance pursuant to Paragraph 5.06.B, or identified in the Contract Documents to be included within the scope of the Work, and (2) was not created by Contractor or by anyone for whom Contractor is responsible. Nothing in this Paragraph 5.06.I obligates Owner to indemnify any individual or entity from and against the consequences of that individual's or entity's own negligence.

J. To the fullest extent permitted by Laws and Regulations, Contractor shall indemnify and hold harmless Owner and Engineer, and the officers, directors, members, partners, employees, agents, consultants, and subcontractors of each and any of them, from and against all claims, costs, losses, and damages (including but not limited to all fees and charges of engineers, architects, attorneys, and other professionals and all court or arbitration or other dispute resolution costs) arising out of or relating to the failure to control, contain, or remove a Constituent of Concern brought to the Site by Contractor or by anyone for whom Contractor is responsible, or to a Hazardous Environmental Condition created by Contractor or by anyone for whom Contractor is responsible. Nothing in this Paragraph 5.06.J obligates Contractor to indemnify any individual or entity from and against the consequences of that individual's or entity's own negligence.

K. The provisions of Paragraphs 5.03, 5.04, and 5.05 do not apply to the presence of Constituents of Concern or to a Hazardous Environmental Condition uncovered or revealed at the Site.

ARTICLE 6—BONDS AND INSURANCE

6.01 *Performance, Payment, and Other Bonds*

A. Contractor shall furnish a performance bond and a payment bond, each in an amount at least equal to the Contract Price, as security for the faithful performance and payment of Contractor's obligations under the Contract. These bonds must remain in effect until one year after the date when final payment becomes due or until completion of the correction period specified in Paragraph 15.08, whichever is later, except as provided otherwise by Laws or Regulations, the terms of a prescribed bond form, the Supplementary Conditions, or other provisions of the Contract.

Copyright© 2018 National Society of Professional Engineers, American Council of Engineering Companies, and American Society of Civil Engineers. All rights reserved.

B. Contractor shall also furnish such other bonds (if any) as are required by the Supplementary Conditions or other provisions of the Contract.

C. All bonds must be in the form included in the Bidding Documents or otherwise specified by Owner prior to execution of the Contract, except as provided otherwise by Laws or Regulations, and must be issued and signed by a surety named in "Companies Holding Certificates of Authority as Acceptable Sureties on Federal Bonds and as Acceptable Reinsuring Companies" as published in Department Circular 570 (as amended and supplemented) by the Bureau of the Fiscal Service, U.S. Department of the Treasury. A bond signed by an agent or attorney-in-fact must be accompanied by a certified copy of that individual's authority to bind the surety. The evidence of authority must show that it is effective on the date the agent or attorney-in-fact signed the accompanying bond.

D. Contractor shall obtain the required bonds from surety companies that are duly licensed or authorized, in the state or jurisdiction in which the Project is located, to issue bonds in the required amounts.

E. If the surety on a bond furnished by Contractor is declared bankrupt or becomes insolvent, or the surety ceases to meet the requirements above, then Contractor shall promptly notify Owner and Engineer in writing and shall, within 20 days after the event giving rise to such notification, provide another bond and surety, both of which must comply with the bond and surety requirements above.

F. If Contractor has failed to obtain a required bond, Owner may exclude the Contractor from the Site and exercise Owner's termination rights under Article 16.

G. Upon request to Owner from any Subcontractor, Supplier, or other person or entity claiming to have furnished labor, services, materials, or equipment used in the performance of the Work, Owner shall provide a copy of the payment bond to such person or entity.

H. Upon request to Contractor from any Subcontractor, Supplier, or other person or entity claiming to have furnished labor, services, materials, or equipment used in the performance of the Work, Contractor shall provide a copy of the payment bond to such person or entity.

6.02 *Insurance—General Provisions*

A. Owner and Contractor shall obtain and maintain insurance as required in this article and in the Supplementary Conditions.

B. All insurance required by the Contract to be purchased and maintained by Owner or Contractor shall be obtained from insurance companies that are duly licensed or authorized in the state or jurisdiction in which the Project is located to issue insurance policies for the required limits and coverages. Unless a different standard is indicated in the Supplementary Conditions, all companies that provide insurance policies required under this Contract shall have an A.M. Best rating of A-VII or better.

C. Alternative forms of insurance coverage, including but not limited to self-insurance and "Occupational Accident and Excess Employer's Indemnity Policies," are not sufficient to meet the insurance requirements of this Contract, unless expressly allowed in the Supplementary Conditions.

D. Contractor shall deliver to Owner, with copies to each additional insured identified in the Contract, certificates of insurance and endorsements establishing that Contractor has obtained and is maintaining the policies and coverages required by the Contract. Upon request by Owner or any other insured, Contractor shall also furnish other evidence of such

Copyright© 2018 National Society of Professional Engineers, American Council of Engineering Companies, and American Society of Civil Engineers. All rights reserved.

required insurance, including but not limited to copies of policies, documentation of applicable self-insured retentions (if allowed) and deductibles, full disclosure of all relevant exclusions, and evidence of insurance required to be purchased and maintained by Subcontractors or Suppliers. In any documentation furnished under this provision, Contractor, Subcontractors, and Suppliers may block out (redact) (1) any confidential premium or pricing information and (2) any wording specific to a project or jurisdiction other than those applicable to this Contract.

E. Owner shall deliver to Contractor, with copies to each additional insured identified in the Contract, certificates of insurance and endorsements establishing that Owner has obtained and is maintaining the policies and coverages required of Owner by the Contract (if any). Upon request by Contractor or any other insured, Owner shall also provide other evidence of such required insurance (if any), including but not limited to copies of policies, documentation of applicable self-insured retentions (if allowed) and deductibles, and full disclosure of all relevant exclusions. In any documentation furnished under this provision, Owner may block out (redact) (1) any confidential premium or pricing information and (2) any wording specific to a project or jurisdiction other than those relevant to this Contract.

F. Failure of Owner or Contractor to demand such certificates or other evidence of the other party's full compliance with these insurance requirements, or failure of Owner or Contractor to identify a deficiency in compliance from the evidence provided, will not be construed as a waiver of the other party's obligation to obtain and maintain such insurance.

G. In addition to the liability insurance required to be provided by Contractor, the Owner, at Owner's option, may purchase and maintain Owner's own liability insurance. Owner's liability policies, if any, operate separately and independently from policies required to be provided by Contractor, and Contractor cannot rely upon Owner's liability policies for any of Contractor's obligations to the Owner, Engineer, or third parties.

H. Contractor shall require:

1. Subcontractors to purchase and maintain worker's compensation, commercial general liability, and other insurance that is appropriate for their participation in the Project, and to name as additional insureds Owner and Engineer (and any other individuals or entities identified in the Supplementary Conditions as additional insureds on Contractor's liability policies) on each Subcontractor's commercial general liability insurance policy; and

2. Suppliers to purchase and maintain insurance that is appropriate for their participation in the Project.

I. If either party does not purchase or maintain the insurance required of such party by the Contract, such party shall notify the other party in writing of such failure to purchase prior to the start of the Work, or of such failure to maintain prior to any change in the required coverage.

J. If Contractor has failed to obtain and maintain required insurance, Contractor's entitlement to enter or remain at the Site will end immediately, and Owner may impose an appropriate set-off against payment for any associated costs (including but not limited to the cost of purchasing necessary insurance coverage), and exercise Owner's termination rights under Article 16.

Copyright© 2018 National Society of Professional Engineers, American Council of Engineering Companies, and American Society of Civil Engineers. All rights reserved.

K. Without prejudice to any other right or remedy, if a party has failed to obtain required insurance, the other party may elect (but is in no way obligated) to obtain equivalent insurance to protect such other party's interests at the expense of the party who was required to provide such coverage, and the Contract Price will be adjusted accordingly.

L. Owner does not represent that insurance coverage and limits established in this Contract necessarily will be adequate to protect Contractor or Contractor's interests. Contractor is responsible for determining whether such coverage and limits are adequate to protect its interests, and for obtaining and maintaining any additional insurance that Contractor deems necessary.

M. The insurance and insurance limits required herein will not be deemed as a limitation on Contractor's liability, or that of its Subcontractors or Suppliers, under the indemnities granted to Owner and other individuals and entities in the Contract or otherwise.

N. All the policies of insurance required to be purchased and maintained under this Contract will contain a provision or endorsement that the coverage afforded will not be canceled, or renewal refused, until at least 10 days prior written notice has been given to the purchasing policyholder. Within three days of receipt of any such written notice, the purchasing policyholder shall provide a copy of the notice to each other insured and Engineer.

6.03 *Contractor's Insurance*

A. *Required Insurance*: Contractor shall purchase and maintain Worker's Compensation, Commercial General Liability, and other insurance pursuant to the specific requirements of the Supplementary Conditions.

B. *General Provisions*: The policies of insurance required by this Paragraph 6.03 as supplemented must:

1. include at least the specific coverages required;

2. be written for not less than the limits provided, or those required by Laws or Regulations, whichever is greater;

3. remain in effect at least until the Work is complete (as set forth in Paragraph 15.06.D), and longer if expressly required elsewhere in this Contract, and at all times thereafter when Contractor may be correcting, removing, or replacing defective Work as a warranty or correction obligation, or otherwise, or returning to the Site to conduct other tasks arising from the Contract;

4. apply with respect to the performance of the Work, whether such performance is by Contractor, any Subcontractor or Supplier, or by anyone directly or indirectly employed by any of them to perform any of the Work, or by anyone for whose acts any of them may be liable; and

5. include all necessary endorsements to support the stated requirements.

C. *Additional Insureds*: The Contractor's commercial general liability, automobile liability, employer's liability, umbrella or excess, pollution liability, and unmanned aerial vehicle liability policies, if required by this Contract, must:

1. include and list as additional insureds Owner and Engineer, and any individuals or entities identified as additional insureds in the Supplementary Conditions;

Copyright© 2018 National Society of Professional Engineers, American Council of Engineering Companies, and American Society of Civil Engineers. All rights reserved.

2. include coverage for the respective officers, directors, members, partners, employees, and consultants of all such additional insureds;

3. afford primary coverage to these additional insureds for all claims covered thereby (including as applicable those arising from both ongoing and completed operations);

4. not seek contribution from insurance maintained by the additional insured; and

5. as to commercial general liability insurance, apply to additional insureds with respect to liability caused in whole or in part by Contractor's acts or omissions, or the acts and omissions of those working on Contractor's behalf, in the performance of Contractor's operations.

6.04 *Builder's Risk and Other Property Insurance*

A. *Builder's Risk*: Unless otherwise provided in the Supplementary Conditions, Contractor shall purchase and maintain builder's risk insurance upon the Work on a completed value basis, in the amount of the Work's full insurable replacement cost (subject to such deductible amounts as may be provided in the Supplementary Conditions or required by Laws and Regulations). The specific requirements applicable to the builder's risk insurance are set forth in the Supplementary Conditions.

B. *Property Insurance for Facilities of Owner Where Work Will Occur*: Owner is responsible for obtaining and maintaining property insurance covering each existing structure, building, or facility in which any part of the Work will occur, or to which any part of the Work will attach or be adjoined. Such property insurance will be written on a special perils (all-risk) form, on a replacement cost basis, providing coverage consistent with that required for the builder's risk insurance, and will be maintained until the Work is complete, as set forth in Paragraph 15.06.D.

C. *Property Insurance for Substantially Complete Facilities*: Promptly after Substantial Completion, and before actual occupancy or use of the substantially completed Work, Owner will obtain property insurance for such substantially completed Work, and maintain such property insurance at least until the Work is complete, as set forth in Paragraph 15.06.D. Such property insurance will be written on a special perils (all-risk) form, on a replacement cost basis, and provide coverage consistent with that required for the builder's risk insurance. The builder's risk insurance may terminate upon written confirmation of Owner's procurement of such property insurance.

D. *Partial Occupancy or Use by Owner*: If Owner will occupy or use a portion or portions of the Work prior to Substantial Completion of all the Work, as provided in Paragraph 15.04, then Owner (directly, if it is the purchaser of the builder's risk policy, or through Contractor) will provide advance notice of such occupancy or use to the builder's risk insurer, and obtain an endorsement consenting to the continuation of coverage prior to commencing such partial occupancy or use.

E. *Insurance of Other Property; Additional Insurance*: If the express insurance provisions of the Contract do not require or address the insurance of a property item or interest, then the entity or individual owning such property item will be responsible for insuring it. If Contractor elects to obtain other special insurance to be included in or supplement the builder's risk or property insurance policies provided under this Paragraph 6.04, it may do so at Contractor's expense.

Copyright© 2018 National Society of Professional Engineers, American Council of Engineering Companies, and American Society of Civil Engineers. All rights reserved.

6.05 *Property Losses; Subrogation*

A. The builder's risk insurance policy purchased and maintained in accordance with Paragraph 6.04 (or an installation floater policy if authorized by the Supplementary Conditions), will contain provisions to the effect that in the event of payment of any loss or damage the insurer will have no rights of recovery against any insureds thereunder, or against Engineer or its consultants, or their officers, directors, members, partners, employees, agents, consultants, or subcontractors.

1. Owner and Contractor waive all rights against each other and the respective officers, directors, members, partners, employees, agents, consultants, and subcontractors of each and any of them, for all losses and damages caused by, arising out of, or resulting from any of the perils, risks, or causes of loss covered by such policies and any other property insurance applicable to the Work; and, in addition, waive all such rights against Engineer, its consultants, all individuals or entities identified in the Supplementary Conditions as builder's risk or installation floater insureds, and the officers, directors, members, partners, employees, agents, consultants, and subcontractors of each and any of them, under such policies for losses and damages so caused.

2. None of the above waivers extends to the rights that any party making such waiver may have to the proceeds of insurance held by Owner or Contractor as trustee or fiduciary, or otherwise payable under any policy so issued.

B. Any property insurance policy maintained by Owner covering any loss, damage, or consequential loss to Owner's existing structures, buildings, or facilities in which any part of the Work will occur, or to which any part of the Work will attach or adjoin; to adjacent structures, buildings, or facilities of Owner; or to part or all of the completed or substantially completed Work, during partial occupancy or use pursuant to Paragraph 15.04, after Substantial Completion pursuant to Paragraph 15.03, or after final payment pursuant to Paragraph 15.06, will contain provisions to the effect that in the event of payment of any loss or damage the insurer will have no rights of recovery against any insureds thereunder, or against Contractor, Subcontractors, or Engineer, or the officers, directors, members, partners, employees, agents, consultants, or subcontractors of each and any of them, and that the insured is allowed to waive the insurer's rights of subrogation in a written contract executed prior to the loss, damage, or consequential loss.

1. Owner waives all rights against Contractor, Subcontractors, and Engineer, and the officers, directors, members, partners, employees, agents, consultants and subcontractors of each and any of them, for all losses and damages caused by, arising out of, or resulting from fire or any of the perils, risks, or causes of loss covered by such policies.

C. The waivers in this Paragraph 6.05 include the waiver of rights due to business interruption, loss of use, or other consequential loss extending beyond direct physical loss or damage to Owner's property or the Work caused by, arising out of, or resulting from fire or other insured peril, risk, or cause of loss.

D. Contractor shall be responsible for assuring that each Subcontract contains provisions whereby the Subcontractor waives all rights against Owner, Contractor, all individuals or entities identified in the Supplementary Conditions as insureds, the Engineer and its consultants, and the officers, directors, members, partners, employees, agents,

Copyright© 2018 National Society of Professional Engineers, American Council of Engineering Companies, and American Society of Civil Engineers. All rights reserved.

consultants, and subcontractors of each and any of them, for all losses and damages caused by, arising out of, relating to, or resulting from fire or other peril, risk, or cause of loss covered by builder's risk insurance, installation floater, and any other property insurance applicable to the Work.

6.06 *Receipt and Application of Property Insurance Proceeds*

A. Any insured loss under the builder's risk and other policies of property insurance required by Paragraph 6.04 will be adjusted and settled with the named insured that purchased the policy. Such named insured shall act as fiduciary for the other insureds, and give notice to such other insureds that adjustment and settlement of a claim is in progress. Any other insured may state its position regarding a claim for insured loss in writing within 15 days after notice of such claim.

B. Proceeds for such insured losses may be made payable by the insurer either jointly to multiple insureds, or to the named insured that purchased the policy in its own right and as fiduciary for other insureds, subject to the requirements of any applicable mortgage clause. A named insured receiving insurance proceeds under the builder's risk and other policies of insurance required by Paragraph 6.04 shall maintain such proceeds in a segregated account, and distribute such proceeds in accordance with such agreement as the parties in interest may reach, or as otherwise required under the dispute resolution provisions of this Contract or applicable Laws and Regulations.

C. If no other special agreement is reached, Contractor shall repair or replace the damaged Work, using allocated insurance proceeds.

ARTICLE 7—CONTRACTOR'S RESPONSIBILITIES

7.01 *Contractor's Means and Methods of Construction*

A. Contractor shall be solely responsible for the means, methods, techniques, sequences, and procedures of construction.

B. If the Contract Documents note, or Contractor determines, that professional engineering or other design services are needed to carry out Contractor's responsibilities for construction means, methods, techniques, sequences, and procedures, or for Site safety, then Contractor shall cause such services to be provided by a properly licensed design professional, at Contractor's expense. Such services are not Owner-delegated professional design services under this Contract, and neither Owner nor Engineer has any responsibility with respect to (1) Contractor's determination of the need for such services, (2) the qualifications or licensing of the design professionals retained or employed by Contractor, (3) the performance of such services, or (4) any errors, omissions, or defects in such services.

7.02 *Supervision and Superintendence*

A. Contractor shall supervise, inspect, and direct the Work competently and efficiently, devoting such attention thereto and applying such skills and expertise as may be necessary to perform the Work in accordance with the Contract Documents.

B. At all times during the progress of the Work, Contractor shall assign a competent resident superintendent who will not be replaced without written notice to Owner and Engineer except under extraordinary circumstances.

Copyright© 2018 National Society of Professional Engineers, American Council of Engineering Companies, and American Society of Civil Engineers. All rights reserved.

7.03 *Labor; Working Hours*

A. Contractor shall provide competent, suitably qualified personnel to survey and lay out the Work and perform construction as required by the Contract Documents. Contractor shall maintain good discipline and order at the Site.

B. Contractor shall be fully responsible to Owner and Engineer for all acts and omissions of Contractor's employees; of Suppliers and Subcontractors, and their employees; and of any other individuals or entities performing or furnishing any of the Work, just as Contractor is responsible for Contractor's own acts and omissions.

C. Except as otherwise required for the safety or protection of persons or the Work or property at the Site or adjacent thereto, and except as otherwise stated in the Contract Documents, all Work at the Site will be performed during regular working hours, Monday through Friday. Contractor will not perform Work on a Saturday, Sunday, or any legal holiday. Contractor may perform Work outside regular working hours or on Saturdays, Sundays, or legal holidays only with Owner's written consent, which will not be unreasonably withheld.

7.04 *Services, Materials, and Equipment*

A. Unless otherwise specified in the Contract Documents, Contractor shall provide and assume full responsibility for all services, materials, equipment, labor, transportation, construction equipment and machinery, tools, appliances, fuel, power, light, heat, telephone, water, sanitary facilities, temporary facilities, and all other facilities and incidentals necessary for the performance, testing, start up, and completion of the Work, whether or not such items are specifically called for in the Contract Documents.

B. All materials and equipment incorporated into the Work must be new and of good quality, except as otherwise provided in the Contract Documents. All special warranties and guarantees required by the Specifications will expressly run to the benefit of Owner. If required by Engineer, Contractor shall furnish satisfactory evidence (including reports of required tests) as to the source, kind, and quality of materials and equipment.

C. All materials and equipment must be stored, applied, installed, connected, erected, protected, used, cleaned, and conditioned in accordance with instructions of the applicable Supplier, except as otherwise may be provided in the Contract Documents.

7.05 *"Or Equals"*

A. *Contractor's Request; Governing Criteria*: Whenever an item of equipment or material is specified or described in the Contract Documents by using the names of one or more proprietary items or specific Suppliers, the Contract Price has been based upon Contractor furnishing such item as specified. The specification or description of such an item is intended to establish the type, function, appearance, and quality required. Unless the specification or description contains or is followed by words reading that no like, equivalent, or "or equal" item is permitted, Contractor may request that Engineer authorize the use of other items of equipment or material, or items from other proposed Suppliers, under the circumstances described below.

1. If Engineer in its sole discretion determines that an item of equipment or material proposed by Contractor is functionally equal to that named and sufficiently similar so that no change in related Work will be required, Engineer will deem it an "or equal" item.

Copyright© 2018 National Society of Professional Engineers, American Council of Engineering Companies, and American Society of Civil Engineers. All rights reserved.

For the purposes of this paragraph, a proposed item of equipment or material will be considered functionally equal to an item so named if:

a. in the exercise of reasonable judgment Engineer determines that the proposed item:

1) is at least equal in materials of construction, quality, durability, appearance, strength, and design characteristics;

2) will reliably perform at least equally well the function and achieve the results imposed by the design concept of the completed Project as a functioning whole;

3) has a proven record of performance and availability of responsive service; and

4) is not objectionable to Owner.

b. Contractor certifies that, if the proposed item is approved and incorporated into the Work:

1) there will be no increase in cost to the Owner or increase in Contract Times; and

2) the item will conform substantially to the detailed requirements of the item named in the Contract Documents.

B. *Contractor's Expense*: Contractor shall provide all data in support of any proposed "or equal" item at Contractor's expense.

C. *Engineer's Evaluation and Determination*: Engineer will be allowed a reasonable time to evaluate each "or-equal" request. Engineer may require Contractor to furnish additional data about the proposed "or-equal" item. Engineer will be the sole judge of acceptability. No "or-equal" item will be ordered, furnished, installed, or utilized until Engineer's review is complete and Engineer determines that the proposed item is an "or-equal," which will be evidenced by an approved Shop Drawing or other written communication. Engineer will advise Contractor in writing of any negative determination.

D. *Effect of Engineer's Determination*: Neither approval nor denial of an "or-equal" request will result in any change in Contract Price. The Engineer's denial of an "or-equal" request will be final and binding, and may not be reversed through an appeal under any provision of the Contract.

E. *Treatment as a Substitution Request*: If Engineer determines that an item of equipment or material proposed by Contractor does not qualify as an "or-equal" item, Contractor may request that Engineer consider the item a proposed substitute pursuant to Paragraph 7.06.

7.06 *Substitutes*

A. *Contractor's Request; Governing Criteria*: Unless the specification or description of an item of equipment or material required to be furnished under the Contract Documents contains or is followed by words reading that no substitution is permitted, Contractor may request that Engineer authorize the use of other items of equipment or material under the circumstances described below. To the extent possible such requests must be made before commencement of related construction at the Site.

Copyright© 2018 National Society of Professional Engineers, American Council of Engineering Companies, and American Society of Civil Engineers. All rights reserved.

1. Contractor shall submit sufficient information as provided below to allow Engineer to determine if the item of material or equipment proposed is functionally equivalent to that named and an acceptable substitute therefor. Engineer will not accept requests for review of proposed substitute items of equipment or material from anyone other than Contractor.
2. The requirements for review by Engineer will be as set forth in Paragraph 7.06.B, as supplemented by the Specifications, and as Engineer may decide is appropriate under the circumstances.
3. Contractor shall make written application to Engineer for review of a proposed substitute item of equipment or material that Contractor seeks to furnish or use. The application:
    a. will certify that the proposed substitute item will:
        1) perform adequately the functions and achieve the results called for by the general design;
        2) be similar in substance to the item specified; and
        3) be suited to the same use as the item specified.
    b. b. will state:
        1) the extent, if any, to which the use of the proposed substitute item will necessitate a change in Contract Times;
        2) whether use of the proposed substitute item in the Work will require a change in any of the Contract Documents (or in the provisions of any other direct contract with Owner for other work on the Project) to adapt the design to the proposed substitute item; and
        3) whether incorporation or use of the proposed substitute item in connection with the Work is subject to payment of any license fee or royalty.
    c. will identify:
        1) all variations of the proposed substitute item from the item specified; and
        2) available engineering, sales, maintenance, repair, and replacement services.
    d. will contain an itemized estimate of all costs or credits that will result directly or indirectly from use of such substitute item, including but not limited to changes in Contract Price, shared savings, costs of redesign, and claims of other contractors affected by any resulting change.

B. *Engineer's Evaluation and Determination*: Engineer will be allowed a reasonable time to evaluate each substitute request, and to obtain comments and direction from Owner. Engineer may require Contractor to furnish additional data about the proposed substitute item. Engineer will be the sole judge of acceptability. No substitute will be ordered, furnished, installed, or utilized until Engineer's review is complete and Engineer determines that the proposed item is an acceptable substitute. Engineer's determination will be evidenced by a Field Order or a proposed Change Order accounting for the substitution itself and all related impacts, including changes in Contract Price or Contract Times. Engineer will advise Contractor in writing of any negative determination.

Copyright© 2018 National Society of Professional Engineers, American Council of Engineering Companies, and American Society of Civil Engineers. All rights reserved.

C. *Special Guarantee*: Owner may require Contractor to furnish at Contractor's expense a special performance guarantee or other surety with respect to any substitute.

D. *Reimbursement of Engineer's Cost*: Engineer will record Engineer's costs in evaluating a substitute proposed or submitted by Contractor. Whether or not Engineer approves a substitute so proposed or submitted by Contractor, Contractor shall reimburse Owner for the reasonable charges of Engineer for evaluating each such proposed substitute. Contractor shall also reimburse Owner for the reasonable charges of Engineer for making changes in the Contract Documents (or in the provisions of any other direct contract with Owner) resulting from the acceptance of each proposed substitute.

E. *Contractor's Expense*: Contractor shall provide all data in support of any proposed substitute at Contractor's expense.

F. *Effect of Engineer's Determination*: If Engineer approves the substitution request, Contractor shall execute the proposed Change Order and proceed with the substitution. The Engineer's denial of a substitution request will be final and binding, and may not be reversed through an appeal under any provision of the Contract. Contractor may challenge the scope of reimbursement costs imposed under Paragraph 7.06.D, by timely submittal of a Change Proposal.

7.07 *Concerning Subcontractors and Suppliers*

A. Contractor may retain Subcontractors and Suppliers for the performance of parts of the Work. Such Subcontractors and Suppliers must be acceptable to Owner. The Contractor's retention of a Subcontractor or Supplier for the performance of parts of the Work will not relieve Contractor's obligation to Owner to perform and complete the Work in accordance with the Contract Documents.

B. Contractor shall retain specific Subcontractors and Suppliers for the performance of designated parts of the Work if required by the Contract to do so.

C. Subsequent to the submittal of Contractor's Bid or final negotiation of the terms of the Contract, Owner may not require Contractor to retain any Subcontractor or Supplier to furnish or perform any of the Work against which Contractor has reasonable objection.

D. Prior to entry into any binding subcontract or purchase order, Contractor shall submit to Owner the identity of the proposed Subcontractor or Supplier ~~(unless Owner has already deemed such proposed Subcontractor or Supplier acceptable~~ during the bidding process ~~or otherwise~~. Such proposed Subcontractor or Supplier shall be deemed acceptable to Owner unless Owner raises a substantive, reasonable objection ~~within 5 days~~.

E. Substitution of subcontractors is allowed for the following reasons: (1) if the subcontractor fails or refuses to execute a written contract with the Contractor; (2) when the subcontractor becomes bankrupt or insolvent prior to execution of a contract with the Contractor; (3) when the Owner refuses to approve the subcontractor; (4) when the subcontractor fails or refuses to perform his contract with the Contractor; (5) when the Contractor inadvertently listed the wrong name of the subcontractor; (6) when a bid alternate accepted by the Owner causes the listed subcontractor to not be the low bidder; (7) When the subcontractors bid is incomplete; (8) when the listed subcontractor fails or refuses to meet the bond requirement of the Contractor; (9) when the listed subcontractor does not have the proper license to perform the work; or (10) when the listed subcontractor is not registered with Workforce Solutions.

Copyright© 2018 National Society of Professional Engineers, American Council of Engineering Companies, and American Society of Civil Engineers. All rights reserved.

F. The Owner shall notify the subcontractor, in writing by certified mail, and the subcontractor shall have five (5) working days to submit written objections to the substitution to the Owner. If the subcontractor responds with objections, then the Owner shall give at least five (5) working days' notice for a hearing.

G. The Contractor shall not permit any subcontract to be voluntarily assigned or transferred or allow it to be performed by anyone other than the original subcontractor listed in the original bid without the consent of the Owner. Contractor shall not sublet or subcontract any portion of the work in excess of the listing threshold without the use of a change order unless: (1) the Contractor failed to receive a bid for a category or work and has designated on the subcontractors list that "no bid" was received; (2) the Contractor fails to receive more than one bid for a category of work and has stated that only one bid has been received. These designations shall not occur more than one time on the subcontractors list.

~~H. Owner may require the replacement of any Subcontractor or Supplier. Owner also may require Contractor to retain specific replacements; provided, however, that Owner may not require a replacement to which Contractor has a reasonable objection. If Contractor has submitted the identity of certain Subcontractors or Suppliers for acceptance by Owner, and Owner has accepted it (either in writing or by failing to make written objection thereto), then Owner may subsequently revoke the acceptance of any such Subcontractor or Supplier so identified solely on the basis of substantive, reasonable objection after due investigation. Contractor shall submit an acceptable replacement for the rejected Subcontractor or Supplier.~~

H. If Owner requires the replacement of any Subcontractor or Supplier retained by Contractor to perform any part of the Work, then Contractor shall be entitled to an adjustment in Contract Price or Contract Times, with respect to the replacement; and Contractor shall initiate a Change Proposal for such adjustment within 30 days of Owner's requirement of replacement.

I. No acceptance by Owner of any such Subcontractor or Supplier, whether initially or as a replacement, will constitute a waiver of the right of Owner to the completion of the Work in accordance with the Contract Documents.

J. On a monthly basis, Contractor shall submit to Engineer a complete list of all Subcontractors and Suppliers having a direct contract with Contractor, and of all other Subcontractors and Suppliers known to Contractor at the time of submittal.

K. Contractor shall be solely responsible for scheduling and coordinating the work of Subcontractors and Suppliers.

L. Consistent with NMSA 1978, sec.13-4-34, the divisions and sections of the Specifications and the identifications of any Drawings do not control Contractor in dividing the Work among Subcontractors or Suppliers, or in delineating the Work to be performed by any specific trade.

M. All Work performed for Contractor by a Subcontractor or Supplier must be pursuant to an appropriate contractual agreement that specifically binds the Subcontractor or Supplier to the applicable terms and conditions of the Contract for the benefit of Owner and Engineer.

N. Owner may furnish to any Subcontractor or Supplier, to the extent practicable, information about amounts paid to Contractor for Work performed for Contractor by the Subcontractor or Supplier.

Copyright© 2018 National Society of Professional Engineers, American Council of Engineering Companies, and American Society of Civil Engineers. All rights reserved.

O. Contractor shall restrict all Subcontractors and Suppliers from communicating with Engineer or Owner, except through Contractor or in case of an emergency, or as otherwise expressly allowed in this Contract.

7.08 *Patent Fees and Royalties*

A. Contractor shall pay all license fees and royalties and assume all costs incident to the use in the performance of the Work or the incorporation in the Work of any invention, design, process, product, or device which is the subject of patent rights or copyrights held by others. If an invention, design, process, product, or device is specified in the Contract Documents for use in the performance of the Work and if, to the actual knowledge of Owner or Engineer, its use is subject to patent rights or copyrights calling for the payment of any license fee or royalty to others, the existence of such rights will be disclosed in the Contract Documents.

B. To the fullest extent permitted by Laws and Regulations, Owner shall indemnify and hold harmless Contractor, and its officers, directors, members, partners, employees, agents, consultants, and subcontractors, from and against all claims, costs, losses, and damages (including but not limited to all fees and charges of engineers, architects, attorneys, and other professionals, and all court or arbitration or other dispute resolution costs) arising out of or relating to any infringement of patent rights or copyrights incident to the use in the performance of the Work or resulting from the incorporation in the Work of any invention, design, process, product, or device specified in the Contract Documents, but not identified as being subject to payment of any license fee or royalty to others required by patent rights or copyrights.

C. To the fullest extent permitted by Laws and Regulations, Contractor shall indemnify and hold harmless Owner and Engineer, and the officers, directors, members, partners, employees, agents, consultants and subcontractors of each and any of them, from and against all claims, costs, losses, and damages (including but not limited to all fees and charges of engineers, architects, attorneys, and other professionals and all court or arbitration or other dispute resolution costs) arising out of or relating to any infringement of patent rights or copyrights incident to the use in the performance of the Work or resulting from the incorporation in the Work of any invention, design, process, product, or device not specified in the Contract Documents.

7.09 *Permits*

A. Unless otherwise provided in the Contract Documents, Contractor shall obtain and pay for all construction permits, licenses, and certificates of occupancy. Owner shall assist Contractor, when necessary, in obtaining such permits and licenses. Contractor shall pay all governmental charges and inspection fees necessary for the prosecution of the Work which are applicable at the time of the submission of Contractor's Bid (or when Contractor became bound under a negotiated contract). Owner shall pay all charges of utility owners for connections for providing permanent service to the Work.

7.10 *Taxes*

A. Contractor shall pay all sales, consumer, use, and other similar taxes required to be paid by Contractor in accordance with the Laws and Regulations of the place of the Project which are applicable during the performance of the Work.

Copyright© 2018 National Society of Professional Engineers, American Council of Engineering Companies, and American Society of Civil Engineers. All rights reserved.

7.11 *Laws and Regulations*

A. Contractor shall give all notices required by and shall comply with all Laws and Regulations applicable to the performance of the Work. Neither Owner nor Engineer shall be responsible for monitoring Contractor's compliance with any Laws or Regulations.

B. If Contractor performs any Work or takes any other action knowing or having reason to know that it is contrary to Laws or Regulations, Contractor shall bear all resulting costs and losses, and shall indemnify and hold harmless Owner and Engineer, and the officers, directors, members, partners, employees, agents, consultants, and subcontractors of each and any of them, from and against all claims, costs, losses, and damages (including but not limited to all fees and charges of engineers, architects, attorneys, and other professionals and all court or arbitration or other dispute resolution costs) arising out of or relating to such Work or other action. It is not Contractor's responsibility to make certain that the Work described in the Contract Documents is in accordance with Laws and Regulations, but this does not relieve Contractor of its obligations under Paragraph 3.03.

C. Owner or Contractor may give written notice to the other party of any changes after the submission of Contractor's Bid (or after the date when Contractor became bound under a negotiated contract) in Laws or Regulations having an effect on the cost or time of performance of the Work, including but not limited to changes in Laws or Regulations having an effect on procuring permits and on sales, use, value-added, consumption, and other similar taxes. If Owner and Contractor are unable to agree on entitlement to or on the amount or extent, if any, of any adjustment in Contract Price or Contract Times resulting from such changes, then within 30 days of such written notice Contractor may submit a Change Proposal, or Owner may initiate a Claim.

7.12 *Record Documents*

A. Contractor shall maintain in a safe place at the Site one printed record copy of all Drawings, Specifications, Addenda, Change Orders, Work Change Directives, Field Orders, written interpretations and clarifications, and approved Shop Drawings. Contractor shall keep such record documents in good order and annotate them to show changes made during construction. These record documents, together with all approved Samples, will be available to Engineer for reference. Upon completion of the Work, Contractor shall deliver these record documents to Engineer.

7.13 *Safety and Protection*

A. Contractor shall be solely responsible for initiating, maintaining, and supervising all safety precautions and programs in connection with the Work. Such responsibility does not relieve Subcontractors of their responsibility for the safety of persons or property in the performance of their work, nor for compliance with applicable safety Laws and Regulations.

B. Contractor shall designate a qualified and experienced safety representative whose duties and responsibilities are the prevention of Work-related accidents and the maintenance and supervision of safety precautions and programs.

C. Contractor shall take all necessary precautions for the safety of, and shall provide the necessary protection to prevent damage, injury, or loss to:

1. all persons on the Site or who may be affected by the Work;

2. all the Work and materials and equipment to be incorporated therein, whether in storage on or off the Site; and

Copyright© 2018 National Society of Professional Engineers, American Council of Engineering Companies, and American Society of Civil Engineers. All rights reserved.

3. other property at the Site or adjacent thereto, including trees, shrubs, lawns, walks, pavements, roadways, structures, other work in progress, utilities, and Underground Facilities not designated for removal, relocation, or replacement in the course of construction.

D. All damage, injury, or loss to any property referred to in Paragraph 7.13.C.2 or 7.13.C.3 caused, directly or indirectly, in whole or in part, by Contractor, any Subcontractor, Supplier, or any other individual or entity directly or indirectly employed by any of them to perform any of the Work, or anyone for whose acts any of them may be liable, shall be remedied by Contractor at its expense (except damage or loss attributable to the fault of Drawings or Specifications or to the acts or omissions of Owner or Engineer or anyone employed by any of them, or anyone for whose acts any of them may be liable, and not attributable, directly or indirectly, in whole or in part, to the fault or negligence of Contractor or any Subcontractor, Supplier, or other individual or entity directly or indirectly employed by any of them).

E. Contractor shall comply with all applicable Laws and Regulations relating to the safety of persons or property, or to the protection of persons or property from damage, injury, or loss; and shall erect and maintain all necessary safeguards for such safety and protection.

F. Contractor shall notify Owner; the owners of adjacent property; the owners of Underground Facilities and other utilities (if the identity of such owners is known to Contractor); and other contractors and utility owners performing work at or adjacent to the Site, in writing, when Contractor knows that prosecution of the Work may affect them, and shall cooperate with them in the protection, removal, relocation, and replacement of their property or work in progress.

G. Contractor shall comply with the applicable requirements of Owner's safety programs, if any. Any Owner's safety programs that are applicable to the Work are identified or included in the Supplementary Conditions or Specifications.

H. Contractor shall inform Owner and Engineer of the specific requirements of Contractor's safety program with which Owner's and Engineer's employees and representatives must comply while at the Site.

I. Contractor's duties and responsibilities for safety and protection will continue until all the Work is completed, Engineer has issued a written notice to Owner and Contractor in accordance with Paragraph 15.06.C that the Work is acceptable, and Contractor has left the Site (except as otherwise expressly provided in connection with Substantial Completion).

J. Contractor's duties and responsibilities for safety and protection will resume whenever Contractor or any Subcontractor or Supplier returns to the Site to fulfill warranty or correction obligations, or to conduct other tasks arising from the Contract Documents.

7.14 *Hazard Communication Programs*

A. Contractor shall be responsible for coordinating any exchange of safety data sheets (formerly known as material safety data sheets) or other hazard communication information required to be made available to or exchanged between or among employers at the Site in accordance with Laws or Regulations.

7.15 *Emergencies*

A. In emergencies affecting the safety or protection of persons or the Work or property at the Site or adjacent thereto, Contractor is obligated to act to prevent damage, injury, or loss.

Copyright© 2018 National Society of Professional Engineers, American Council of Engineering Companies, and American Society of Civil Engineers. All rights reserved.

Contractor shall give Engineer prompt written notice if Contractor believes that any significant changes in the Work or variations from the Contract Documents have been caused by an emergency, or are required as a result of Contractor's response to an emergency. If Engineer determines that a change in the Contract Documents is required because of an emergency or Contractor's response, a Work Change Directive or Change Order will be issued.

7.16 *Submittals*

A. *Shop Drawing and Sample Requirements*

1. Before submitting a Shop Drawing or Sample, Contractor shall:

a. review and coordinate the Shop Drawing or Sample with other Shop Drawings and Samples and with the requirements of the Work and the Contract Documents;

b. determine and verify:

1) all field measurements, quantities, dimensions, specified performance and design criteria, installation requirements, materials, catalog numbers, and similar information with respect to the Submittal;

2) the suitability of all materials and equipment offered with respect to the indicated application, fabrication, shipping, handling, storage, assembly, and installation pertaining to the performance of the Work; and

3) all information relative to Contractor's responsibilities for means, methods, techniques, sequences, and procedures of construction, and safety precautions and programs incident thereto;

c. confirm that the Submittal is complete with respect to all related data included in the Submittal.

2. Each Shop Drawing or Sample must bear a stamp or specific written certification that Contractor has satisfied Contractor's obligations under the Contract Documents with respect to Contractor's review of that Submittal, and that Contractor approves the Submittal.

3. With each Shop Drawing or Sample, Contractor shall give Engineer specific written notice of any variations that the Submittal may have from the requirements of the Contract Documents. This notice must be set forth in a written communication separate from the Submittal; and, in addition, in the case of a Shop Drawing by a specific notation made on the Shop Drawing itself.

B. *Submittal Procedures for Shop Drawings and Samples*: Contractor shall label and submit Shop Drawings and Samples to Engineer for review and approval in accordance with the accepted Schedule of Submittals.

1. *Shop Drawings*

a. Contractor shall submit the number of copies required in the Specifications.

b. Data shown on the Shop Drawings must be complete with respect to quantities, dimensions, specified performance and design criteria, materials, and similar data to show Engineer the services, materials, and equipment Contractor proposes to provide, and to enable Engineer to review the information for the limited purposes required by Paragraph 7.16.C.

Copyright© 2018 National Society of Professional Engineers, American Council of Engineering Companies, and American Society of Civil Engineers. All rights reserved.

2. *Samples*

    a. Contractor shall submit the number of Samples required in the Specifications.

    b. Contractor shall clearly identify each Sample as to material, Supplier, pertinent data such as catalog numbers, the use for which intended and other data as Engineer may require to enable Engineer to review the Submittal for the limited purposes required by Paragraph 7.16.C.

3. Where a Shop Drawing or Sample is required by the Contract Documents or the Schedule of Submittals, any related Work performed prior to Engineer's review and approval of the pertinent submittal will be at the sole expense and responsibility of Contractor.

C. *Engineer's Review of Shop Drawings and Samples*

1. Engineer will provide timely review of Shop Drawings and Samples in accordance with the accepted Schedule of Submittals. Engineer's review and approval will be only to determine if the items covered by the Submittals will, after installation or incorporation in the Work, comply with the requirements of the Contract Documents, and be compatible with the design concept of the completed Project as a functioning whole as indicated by the Contract Documents.

2. Engineer's review and approval will not extend to means, methods, techniques, sequences, or procedures of construction, or to safety precautions or programs incident thereto.

3. Engineer's review and approval of a separate item as such will not indicate approval of the assembly in which the item functions.

4. Engineer's review and approval of a Shop Drawing or Sample will not relieve Contractor from responsibility for any variation from the requirements of the Contract Documents unless Contractor has complied with the requirements of Paragraph 7.16.A.3 and Engineer has given written approval of each such variation by specific written notation thereof incorporated in or accompanying the Shop Drawing or Sample. Engineer will document any such approved variation from the requirements of the Contract Documents in a Field Order or other appropriate Contract modification.

5. Engineer's review and approval of a Shop Drawing or Sample will not relieve Contractor from responsibility for complying with the requirements of Paragraphs 7.16.A and B.

6. Engineer's review and approval of a Shop Drawing or Sample, or of a variation from the requirements of the Contract Documents, will not, under any circumstances, change the Contract Times or Contract Price, unless such changes are included in a Change Order.

7. Neither Engineer's receipt, review, acceptance, or approval of a Shop Drawing or Sample will result in such item becoming a Contract Document.

8. Contractor shall perform the Work in compliance with the requirements and commitments set forth in approved Shop Drawings and Samples, subject to the provisions of Paragraph 7.16.C.4.

Copyright© 2018 National Society of Professional Engineers, American Council of Engineering Companies, and American Society of Civil Engineers. All rights reserved.

D. *Resubmittal Procedures for Shop Drawings and Samples*

1. Contractor shall make corrections required by Engineer and shall return the required number of corrected copies of Shop Drawings and submit, as required, new Samples for review and approval. Contractor shall direct specific attention in writing to revisions other than the corrections called for by Engineer on previous Submittals.

2. Contractor shall furnish required Shop Drawing and Sample submittals with sufficient information and accuracy to obtain required approval of an item with no more than two resubmittals. Engineer will record Engineer's time for reviewing a third or subsequent resubmittal of a Shop Drawing or Sample, and Contractor shall be responsible for Engineer's charges to Owner for such time. Owner may impose a set-off against payments due Contractor to secure reimbursement for such charges.

3. If Contractor requests a change of a previously approved Shop Drawing or Sample, Contractor shall be responsible for Engineer's charges to Owner for its review time, and Owner may impose a set-off against payments due Contractor to secure reimbursement for such charges, unless the need for such change is beyond the control of Contractor.

E. *Submittals Other than Shop Drawings, Samples, and Owner-Delegated Designs*

1. The following provisions apply to all Submittals other than Shop Drawings, Samples, and Owner-delegated designs:

   a. Contractor shall submit all such Submittals to the Engineer in accordance with the Schedule of Submittals and pursuant to the applicable terms of the Contract Documents.

   b. Engineer will provide timely review of all such Submittals in accordance with the Schedule of Submittals and return such Submittals with a notation of either Accepted or Not Accepted. Any such Submittal that is not returned within the time established in the Schedule of Submittals will be deemed accepted.

   c. Engineer's review will be only to determine if the Submittal is acceptable under the requirements of the Contract Documents as to general form and content of the Submittal.

   d. If any such Submittal is not accepted, Contractor shall confer with Engineer regarding the reason for the non-acceptance, and resubmit an acceptable document.

2. Procedures for the submittal and acceptance of the Progress Schedule, the Schedule of Submittals, and the Schedule of Values are set forth in Paragraphs 2.03. 2.04, and 2.05.

F. Owner-delegated Designs: Submittals pursuant to Owner-delegated designs are governed by the provisions of Paragraph 7.19.

7.17 *Contractor's General Warranty and Guarantee*

A. Contractor warrants and guarantees to Owner that all Work will be in accordance with the Contract Documents and will not be defective. Engineer is entitled to rely on Contractor's warranty and guarantee.

Copyright© 2018 National Society of Professional Engineers, American Council of Engineering Companies, and American Society of Civil Engineers. All rights reserved.

B. Owner's rights under this warranty and guarantee are in addition to, and are not limited by, Owner's rights under the correction period provisions of Paragraph 15.08. The time in which Owner may enforce its warranty and guarantee rights under this Paragraph 7.17 is limited only by applicable Laws and Regulations restricting actions to enforce such rights; provided, however, that after the end of the correction period under Paragraph 15.08:

1. Owner shall give Contractor written notice of any defective Work within 60 days of the discovery that such Work is defective; and

2. Such notice will be deemed the start of an event giving rise to a Claim under Paragraph 12.01.B, such that any related Claim must be brought within 30 days of the notice.

C. Contractor's warranty and guarantee hereunder excludes defects or damage caused by:

1. abuse, or improper modification, maintenance, or operation, by persons other than Contractor, Subcontractors, Suppliers, or any other individual or entity for whom Contractor is responsible; or

2. normal wear and tear under normal usage.

D. Contractor's obligation to perform and complete the Work in accordance with the Contract Documents is absolute. None of the following will constitute an acceptance of Work that is not in accordance with the Contract Documents, a release of Contractor's obligation to perform the Work in accordance with the Contract Documents, or a release of Owner's warranty and guarantee rights under this Paragraph 7.17:

1. Observations by Engineer;

2. Recommendation by Engineer or payment by Owner of any progress or final payment;

3. The issuance of a certificate of Substantial Completion by Engineer or any payment related thereto by Owner;

4. Use or occupancy of the Work or any part thereof by Owner;

5. Any review and approval of a Shop Drawing or Sample submittal;

6. The issuance of a notice of acceptability by Engineer;

7. The end of the correction period established in Paragraph 15.08;

8. Any inspection, test, or approval by others; or

9. Any correction of defective Work by Owner.

E. If the Contract requires the Contractor to accept the assignment of a contract entered into by Owner, then the specific warranties, guarantees, and correction obligations contained in the assigned contract will govern with respect to Contractor's performance obligations to Owner for the Work described in the assigned contract.

7.18 *Indemnification*

A. To the fullest extent permitted by Laws and Regulations, and in addition to any other obligations of Contractor under the Contract or otherwise, Contractor shall indemnify and hold harmless Owner and Engineer, and the officers, directors, members, partners, employees, agents, consultants and subcontractors of each and any of them, from losses, damages, costs, and judgments (including but not limited to all fees and charges of

Copyright© 2018 National Society of Professional Engineers, American Council of Engineering Companies, and American Society of Civil Engineers. All rights reserved.

engineers, architects, attorneys, and other professionals, and all court or arbitration or other dispute resolution costs) arising from third-party claims or actions relating to or resulting from the performance or furnishing of the Work, provided that any such claim, action, loss, cost, judgment or damage is attributable to bodily injury, sickness, disease, or death, or to damage to or destruction of tangible property (other than the Work itself), including the loss of use resulting therefrom, but only to the extent caused by any negligent act or omission of Contractor, any Subcontractor, any Supplier, or any individual or entity directly or indirectly employed by any of them to perform any of the Work, or anyone for whose acts any of them may be liable.

B. In any and all claims against Owner or Engineer, or any of their officers, directors, members, partners, employees, agents, consultants, or subcontractors, by any employee (or the survivor or personal representative of such employee) of Contractor, any Subcontractor, any Supplier, or any individual or entity directly or indirectly employed by any of them to perform any of the Work, or anyone for whose acts any of them may be liable, the indemnification obligation under Paragraph 7.18.A will not be limited in any way by any limitation on the amount or type of damages, compensation, or benefits payable by or for Contractor or any such Subcontractor, Supplier, or other individual or entity under workers' compensation acts, disability benefit acts, or other employee benefit acts.

7.19 *Delegation of Professional Design Services*

A. Owner may require Contractor to provide professional design services for a portion of the Work by express delegation in the Contract Documents. Such delegation will specify the performance and design criteria that such services must satisfy, and the Submittals that Contractor must furnish to Engineer with respect to the Owner-delegated design.

B. Contractor shall cause such Owner-delegated professional design services to be provided pursuant to the professional standard of care by a properly licensed design professional, whose signature and seal must appear on all drawings, calculations, specifications, certifications, and Submittals prepared by such design professional. Such design professional must issue all certifications of design required by Laws and Regulations.

C. If a Shop Drawing or other Submittal related to the Owner-delegated design is prepared by Contractor, a Subcontractor, or others for submittal to Engineer, then such Shop Drawing or other Submittal must bear the written approval of Contractor's design professional when submitted by Contractor to Engineer.

D. Owner and Engineer shall be entitled to rely upon the adequacy, accuracy, and completeness of the services, certifications, and approvals performed or provided by the design professionals retained or employed by Contractor under an Owner-delegated design, subject to the professional standard of care and the performance and design criteria stated in the Contract Documents.

E. Pursuant to this Paragraph 7.19, Engineer's review, approval, and other determinations regarding design drawings, calculations, specifications, certifications, and other Submittals furnished by Contractor pursuant to an Owner-delegated design will be only for the following limited purposes:

1. Checking for conformance with the requirements of this Paragraph 7.19;

2. Confirming that Contractor (through its design professionals) has used the performance and design criteria specified in the Contract Documents; and

Copyright© 2018 National Society of Professional Engineers, American Council of Engineering Companies, and American Society of Civil Engineers. All rights reserved.

3. Establishing that the design furnished by Contractor is consistent with the design concept expressed in the Contract Documents.

F. Contractor shall not be responsible for the adequacy of performance or design criteria specified by Owner or Engineer.

G. Contractor is not required to provide professional services in violation of applicable Laws and Regulations.

ARTICLE 8—OTHER WORK AT THE SITE

8.01 *Other Work*

A. In addition to and apart from the Work under the Contract Documents, the Owner may perform other work at or adjacent to the Site. Such other work may be performed by Owner's employees, or through contracts between the Owner and third parties. Owner may also arrange to have third-party utility owners perform work on their utilities and facilities at or adjacent to the Site.

B. If Owner performs other work at or adjacent to the Site with Owner's employees, or through contracts for such other work, then Owner shall give Contractor written notice thereof prior to starting any such other work. If Owner has advance information regarding the start of any third-party utility work that Owner has arranged to take place at or adjacent to the Site, Owner shall provide such information to Contractor.

C. Contractor shall afford proper and safe access to the Site to each contractor that performs such other work, each utility owner performing other work, and Owner, if Owner is performing other work with Owner's employees, and provide a reasonable opportunity for the introduction and storage of materials and equipment and the execution of such other work.

D. Contractor shall do all cutting, fitting, and patching of the Work that may be required to properly connect or otherwise make its several parts come together and properly integrate with such other work. Contractor shall not endanger any work of others by cutting, excavating, or otherwise altering such work; provided, however, that Contractor may cut or alter others' work with the written consent of Engineer and the others whose work will be affected.

E. If the proper execution or results of any part of Contractor's Work depends upon work performed by others, Contractor shall inspect such other work and promptly report to Engineer in writing any delays, defects, or deficiencies in such other work that render it unavailable or unsuitable for the proper execution and results of Contractor's Work. Contractor's failure to so report will constitute an acceptance of such other work as fit and proper for integration with Contractor's Work except for latent defects and deficiencies in such other work.

F. The provisions of this article are not applicable to work that is performed by third-party utilities or other third-party entities without a contract with Owner, or that is performed without having been arranged by Owner. If such work occurs, then any related delay, disruption, or interference incurred by Contractor is governed by the provisions of Paragraph 4.05.C.3.

Copyright© 2018 National Society of Professional Engineers, American Council of Engineering Companies, and American Society of Civil Engineers. All rights reserved.

8.02 *Coordination*

A. If Owner intends to contract with others for the performance of other work at or adjacent to the Site, to perform other work at or adjacent to the Site with Owner's employees, or to arrange to have utility owners perform work at or adjacent to the Site, the following will be set forth in the Supplementary Conditions or provided to Contractor prior to the start of any such other work:

1. The identity of the individual or entity that will have authority and responsibility for coordination of the activities among the various contractors;

2. An itemization of the specific matters to be covered by such authority and responsibility; and

3. The extent of such authority and responsibilities.

B. Unless otherwise provided in the Supplementary Conditions, Owner shall have sole authority and responsibility for such coordination.

8.03 *Legal Relationships*

A. If, in the course of performing other work for Owner at or adjacent to the Site, the Owner's employees, any other contractor working for Owner, or any utility owner that Owner has arranged to perform work, causes damage to the Work or to the property of Contractor or its Subcontractors, or delays, disrupts, interferes with, or increases the scope or cost of the performance of the Work, through actions or inaction, then Contractor shall be entitled to an equitable adjustment in the Contract Price or the Contract Times. Contractor must submit any Change Proposal seeking an equitable adjustment in the Contract Price or the Contract Times under this paragraph within 30 days of the damaging, delaying, disrupting, or interfering event. The entitlement to, and extent of, any such equitable adjustment will take into account information (if any) regarding such other work that was provided to Contractor in the Contract Documents prior to the submittal of the Bid or the final negotiation of the terms of the Contract, and any remedies available to Contractor under Laws or Regulations concerning utility action or inaction. When applicable, any such equitable adjustment in Contract Price will be conditioned on Contractor assigning to Owner all Contractor's rights against such other contractor or utility owner with respect to the damage, delay, disruption, or interference that is the subject of the adjustment. Contractor's entitlement to an adjustment of the Contract Times or Contract Price is subject to the provisions of Paragraphs 4.05.D and 4.05.E.

B. Contractor shall take reasonable and customary measures to avoid damaging, delaying, disrupting, or interfering with the work of Owner, any other contractor, or any utility owner performing other work at or adjacent to the Site.

1. If Contractor fails to take such measures and as a result damages, delays, disrupts, or interferes with the work of any such other contractor or utility owner, then Owner may impose a set-off against payments due Contractor, and assign to such other contractor or utility owner the Owner's contractual rights against Contractor with respect to the breach of the obligations set forth in this Paragraph 8.03.B.

2. When Owner is performing other work at or adjacent to the Site with Owner's employees, Contractor shall be liable to Owner for damage to such other work, and for the reasonable direct delay, disruption, and interference costs incurred by Owner as a result of Contractor's failure to take reasonable and customary measures with respect

Copyright© 2018 National Society of Professional Engineers, American Council of Engineering Companies, and American Society of Civil Engineers. All rights reserved.

to Owner's other work. In response to such damage, delay, disruption, or interference, Owner may impose a set-off against payments due Contractor.

C. If Contractor damages, delays, disrupts, or interferes with the work of any other contractor, or any utility owner performing other work at or adjacent to the Site, through Contractor's failure to take reasonable and customary measures to avoid such impacts, or if any claim arising out of Contractor's actions, inactions, or negligence in performance of the Work at or adjacent to the Site is made by any such other contractor or utility owner against Contractor, Owner, or Engineer, then Contractor shall (1) promptly attempt to settle the claim as to all parties through negotiations with such other contractor or utility owner, or otherwise resolve the claim by arbitration or other dispute resolution proceeding or at law, and (2) indemnify and hold harmless Owner and Engineer, and the officers, directors, members, partners, employees, agents, consultants and subcontractors of each and any of them from and against any such claims, and against all costs, losses, and damages (including but not limited to all fees and charges of engineers, architects, attorneys, and other professionals and all court or arbitration or other dispute resolution costs) arising out of or relating to such damage, delay, disruption, or interference.

ARTICLE 9—OWNER'S RESPONSIBILITIES

9.01 *Communications to Contractor*

A. Except as otherwise provided in these General Conditions, Owner shall issue all communications to Contractor through Engineer.

9.02 *Replacement of Engineer*

A. Owner may at its discretion appoint an engineer to replace Engineer, provided Contractor makes no reasonable objection to the replacement engineer. The replacement engineer's status under the Contract Documents will be that of the former Engineer.

9.03 *Furnish Data*

A. Owner shall promptly furnish the data required of Owner under the Contract Documents.

9.04 *Pay When Due*

A. Owner shall make payments to Contractor when they are due as provided in the Agreement.

9.05 *Lands and Easements; Reports, Tests, and Drawings*

A. Owner's duties with respect to providing lands and easements are set forth in Paragraph 5.01.

B. Owner's duties with respect to providing engineering surveys to establish reference points are set forth in Paragraph 4.03.

C. Article 5 refers to Owner's identifying and making available to Contractor copies of reports of explorations and tests of conditions at the Site, and drawings of physical conditions relating to existing surface or subsurface structures at the Site.

9.06 *Insurance*

A. Owner's responsibilities, if any, with respect to purchasing and maintaining liability and property insurance are set forth in Article 6.

Copyright© 2018 National Society of Professional Engineers, American Council of Engineering Companies, and American Society of Civil Engineers. All rights reserved.

9.07 *Change Orders*

A. Owner's responsibilities with respect to Change Orders are set forth in Article 11.

9.08 *Inspections, Tests, and Approvals*

A. Owner's responsibility with respect to certain inspections, tests, and approvals is set forth in Paragraph 14.02.B.

9.09 *Limitations on Owner's Responsibilities*

A. The Owner shall not supervise, direct, or have control or authority over, nor be responsible for, Contractor's means, methods, techniques, sequences, or procedures of construction, or the safety precautions and programs incident thereto, or for any failure of Contractor to comply with Laws and Regulations applicable to the performance of the Work. Owner will not be responsible for Contractor's failure to perform the Work in accordance with the Contract Documents.

9.10 *Undisclosed Hazardous Environmental Condition*

A. Owner's responsibility in respect to an undisclosed Hazardous Environmental Condition is set forth in Paragraph 5.06.

9.11 *Evidence of Financial Arrangements*

A. Upon request of Contractor, Owner shall furnish Contractor reasonable evidence that financial arrangements have been made to satisfy Owner's obligations under the Contract (including obligations under proposed changes in the Work).

9.12 *Safety Programs*

A. While at the Site, Owner's employees and representatives shall comply with the specific applicable requirements of Contractor's safety programs of which Owner has been informed.

B. Owner shall furnish copies of any applicable Owner safety programs to Contractor.

ARTICLE 10—ENGINEER'S STATUS DURING CONSTRUCTION

10.01 *Owner's Representative*

A. Engineer will be Owner's representative during the construction period. The duties and responsibilities and the limitations of authority of Engineer as Owner's representative during construction are set forth in the Contract.

10.02 *Visits to Site*

A. Engineer will make visits to the Site at intervals appropriate to the various stages of construction as Engineer deems necessary in order to observe, as an experienced and qualified design professional, the progress that has been made and the quality of the various aspects of Contractor's executed Work. Based on information obtained during such visits and observations, Engineer, for the benefit of Owner, will determine, in general, if the Work is proceeding in accordance with the Contract Documents. Engineer will not be required to make exhaustive or continuous inspections on the Site to check the quality or quantity of the Work. Engineer's efforts will be directed toward providing for Owner a greater degree of confidence that the completed Work will conform generally to the Contract Documents. On

Copyright© 2018 National Society of Professional Engineers, American Council of Engineering Companies, and American Society of Civil Engineers. All rights reserved.

the basis of such visits and observations, Engineer will keep Owner informed of the progress of the Work and will endeavor to guard Owner against defective Work.

B. Engineer's visits and observations are subject to all the limitations on Engineer's authority and responsibility set forth in Paragraph 10.07. Particularly, but without limitation, during or as a result of Engineer's visits or observations of Contractor's Work, Engineer will not supervise, direct, control, or have authority over or be responsible for Contractor's means, methods, techniques, sequences, or procedures of construction, or the safety precautions and programs incident thereto, or for any failure of Contractor to comply with Laws and Regulations applicable to the performance of the Work.

10.03 *Resident Project Representative*

A. If Owner and Engineer have agreed that Engineer will furnish a Resident Project Representative to represent Engineer at the Site and assist Engineer in observing the progress and quality of the Work, then the authority and responsibilities of any such Resident Project Representative will be as provided in the Supplementary Conditions, and limitations on the responsibilities thereof will be as provided in the Supplementary Conditions and in Paragraph 10.07.

B. If Owner designates an individual or entity who is not Engineer's consultant, agent, or employee to represent Owner at the Site, then the responsibilities and authority of such individual or entity will be as provided in the Supplementary Conditions.

10.04 *Engineer's Authority*

A. Engineer has the authority to reject Work in accordance with Article 14.

B. Engineer's authority as to Submittals is set forth in Paragraph 7.16.

C. Engineer's authority as to design drawings, calculations, specifications, certifications and other Submittals from Contractor in response to Owner's delegation (if any) to Contractor of professional design services, is set forth in Paragraph 7.19.

D. Engineer's authority as to changes in the Work is set forth in Article 11.

E. Engineer's authority as to Applications for Payment is set forth in Article 15.

10.05 *Determinations for Unit Price Work*

A. Engineer will determine the actual quantities and classifications of Unit Price Work performed by Contractor as set forth in Paragraph 13.03.

10.06 *Decisions on Requirements of Contract Documents and Acceptability of Work*

A. Engineer will render decisions regarding the requirements of the Contract Documents, and judge the acceptability of the Work, pursuant to the specific procedures set forth herein for initial interpretations, Change Proposals, and acceptance of the Work. In rendering such decisions and judgments, Engineer will not show partiality to Owner or Contractor, and will not be liable to Owner, Contractor, or others in connection with any proceedings, interpretations, decisions, or judgments conducted or rendered in good faith.

10.07 *Limitations on Engineer's Authority and Responsibilities*

A. Neither Engineer's authority or responsibility under this Article 10 or under any other provision of the Contract, nor any decision made by Engineer in good faith either to exercise or not exercise such authority or responsibility or the undertaking, exercise, or performance

Copyright© 2018 National Society of Professional Engineers, American Council of Engineering Companies, and American Society of Civil Engineers. All rights reserved.

of any authority or responsibility by Engineer, will create, impose, or give rise to any duty in contract, tort, or otherwise owed by Engineer to Contractor, any Subcontractor, any Supplier, any other individual or entity, or to any surety for or employee or agent of any of them.

B. Engineer will not supervise, direct, control, or have authority over or be responsible for Contractor's means, methods, techniques, sequences, or procedures of construction, or the safety precautions and programs incident thereto, or for any failure of Contractor to comply with Laws and Regulations applicable to the performance of the Work. Engineer will not be responsible for Contractor's failure to perform the Work in accordance with the Contract Documents.

C. Engineer will not be responsible for the acts or omissions of Contractor or of any Subcontractor, any Supplier, or of any other individual or entity performing any of the Work.

D. Engineer's review of the final Application for Payment and accompanying documentation, and all maintenance and operating instructions, schedules, guarantees, bonds, certificates of inspection, tests and approvals, and other documentation required to be delivered by Contractor under Paragraph 15.06.A, will only be to determine generally that their content complies with the requirements of, and in the case of certificates of inspections, tests, and approvals, that the results certified indicate compliance with the Contract Documents.

E. The limitations upon authority and responsibility set forth in this Paragraph 10.07 also apply to the Resident Project Representative, if any.

10.08 *Compliance with Safety Program*

A. While at the Site, Engineer's employees and representatives will comply with the specific applicable requirements of Owner's and Contractor's safety programs of which Engineer has been informed.

ARTICLE 11—CHANGES TO THE CONTRACT

11.01 *Amending and Supplementing the Contract*

A. The Contract may be amended or supplemented by a Change Order, a Work Change Directive, or a Field Order.

B. If an amendment or supplement to the Contract includes a change in the Contract Price or the Contract Times, such amendment or supplement must be set forth in a Change Order.

C. All changes to the Contract that involve (1) the performance or acceptability of the Work, (2) the design (as set forth in the Drawings, Specifications, or otherwise), or (3) other engineering or technical matters, must be supported by Engineer's recommendation. Owner and Contractor may amend other terms and conditions of the Contract without the recommendation of the Engineer.

11.02 *Change Orders*

A. Owner and Contractor shall execute appropriate Change Orders covering:

1. Changes in Contract Price or Contract Times which are agreed to by the parties, including any undisputed sum or amount of time for Work actually performed in accordance with a Work Change Directive;

Copyright© 2018 National Society of Professional Engineers, American Council of Engineering Companies, and American Society of Civil Engineers. All rights reserved.

2. Changes in Contract Price resulting from an Owner set-off, unless Contractor has duly contested such set-off;

3. Changes in the Work which are: (a) ordered by Owner pursuant to Paragraph 11.05, (b) required because of Owner's acceptance of defective Work under Paragraph 14.04 or Owner's correction of defective Work under Paragraph 14.07, or (c) agreed to by the parties, subject to the need for Engineer's recommendation if the change in the Work involves the design (as set forth in the Drawings, Specifications, or otherwise) or other engineering or technical matters; and

4. Changes that embody the substance of any final and binding results under: Paragraph 11.03.B, resolving the impact of a Work Change Directive; Paragraph 11.09, concerning Change Proposals; Article 12, Claims; Paragraph 13.02.D, final adjustments resulting from allowances; Paragraph 13.03.D, final adjustments relating to determination of quantities for Unit Price Work; and similar provisions.

B. If Owner or Contractor refuses to execute a Change Order that is required to be executed under the terms of Paragraph 11.02.A, it will be deemed to be of full force and effect, as if fully executed.

11.03 *Work Change Directives*

A. A Work Change Directive will not change the Contract Price or the Contract Times but is evidence that the parties expect that the modification ordered or documented by a Work Change Directive will be incorporated in a subsequently issued Change Order, following negotiations by the parties as to the Work Change Directive's effect, if any, on the Contract Price and Contract Times; or, if negotiations are unsuccessful, by a determination under the terms of the Contract Documents governing adjustments, expressly including Paragraph 11.07 regarding change of Contract Price.

B. If Owner has issued a Work Change Directive and:

1. Contractor believes that an adjustment in Contract Times or Contract Price is necessary, then Contractor shall submit any Change Proposal seeking such an adjustment no later than 30 days after the completion of the Work set out in the Work Change Directive.

2. Owner believes that an adjustment in Contract Times or Contract Price is necessary, then Owner shall submit any Claim seeking such an adjustment no later than 60 days after issuance of the Work Change Directive.

11.04 *Field Orders*

A. Engineer may authorize minor changes in the Work if the changes do not involve an adjustment in the Contract Price or the Contract Times and are compatible with the design concept of the completed Project as a functioning whole as indicated by the Contract Documents. Such changes will be accomplished by a Field Order and will be binding on Owner and also on Contractor, which shall perform the Work involved promptly.

B. If Contractor believes that a Field Order justifies an adjustment in the Contract Price or Contract Times, then before proceeding with the Work at issue, Contractor shall submit a Change Proposal as provided herein.

Copyright© 2018 National Society of Professional Engineers, American Council of Engineering Companies, and American Society of Civil Engineers. All rights reserved.

11.05 *Owner-Authorized Changes in the Work*

A. A. Without invalidating the Contract and without notice to any surety, Owner may, at any time or from time to time, order additions, deletions, or revisions in the Work. Changes involving the design (as set forth in the Drawings, Specifications, or otherwise) or other engineering or technical matters will be supported by Engineer's recommendation.

B. Such changes in the Work may be accomplished by a Change Order, if Owner and Contractor have agreed as to the effect, if any, of the changes on Contract Times or Contract Price; or by a Work Change Directive. Upon receipt of any such document, Contractor shall promptly proceed with the Work involved; or, in the case of a deletion in the Work, promptly cease construction activities with respect to such deleted Work. Added or revised Work must be performed under the applicable conditions of the Contract Documents.

C. Nothing in this Paragraph 11.05 obligates Contractor to undertake work that Contractor reasonably concludes cannot be performed in a manner consistent with Contractor's safety obligations under the Contract Documents or Laws and Regulations.

11.06 *Unauthorized Changes in the Work*

A. Contractor shall not be entitled to an increase in the Contract Price or an extension of the Contract Times with respect to any work performed that is not required by the Contract Documents, as amended, modified, or supplemented, except in the case of an emergency as provided in Paragraph 7.15 or in the case of uncovering Work as provided in Paragraph 14.05.C.2.

11.07 *Change of Contract Price*

A. The Contract Price may only be changed by a Change Order. Any Change Proposal for an adjustment in the Contract Price must comply with the provisions of Paragraph 11.09. Any Claim for an adjustment of Contract Price must comply with the provisions of Article 12.

B. An adjustment in the Contract Price will be determined as follows:

1. Where the Work involved is covered by unit prices contained in the Contract Documents, then by application of such unit prices to the quantities of the items involved (subject to the provisions of Paragraph 13.03);

2. Where the Work involved is not covered by unit prices contained in the Contract Documents, then by a mutually agreed lump sum (which may include an allowance for overhead and profit not necessarily in accordance with Paragraph 11.07.C.2); or

3. Where the Work involved is not covered by unit prices contained in the Contract Documents and the parties do not reach mutual agreement to a lump sum, then on the basis of the Cost of the Work (determined as provided in Paragraph 13.01) plus a Contractor's fee for overhead and profit (determined as provided in Paragraph 11.07.C).

C. *Contractor's Fee*: When applicable, the Contractor's fee for overhead and profit will be determined as follows:

~~1.~~ A mutually acceptable fixed fee; ~~or~~

Copyright© 2018 National Society of Professional Engineers, American Council of Engineering Companies, and American Society of Civil Engineers. All rights reserved.

2. ~~If a fixed fee is not agreed upon, then a fee based on the following percentages of the various portions of the Cost of the Work:~~

   a. ~~For costs incurred under Paragraphs 13.01.B.1 and 13.01.B.2, the Contractor's fee will be 15 percent;~~

   b. ~~For costs incurred under Paragraph 13.01.B.3, the Contractor's fee will be 5 percent;~~

   c. ~~Where one or more tiers of subcontracts are on the basis of Cost of the Work plus a fee and no fixed fee is agreed upon, the intent of Paragraphs 11.07.C.2.a and 11.07.C.2.b is that the Contractor's fee will be based on: (1) a fee of 15 percent of the costs incurred under Paragraphs 13.01.B.1 and 13.01.B.2 by the Subcontractor that actually performs the Work, at whatever tier, and (2) with respect to Contractor itself and to any Subcontractors of a tier higher than that of the Subcontractor that actually performs the Work, a fee of 5 percent of the amount (fee plus underlying costs incurred) attributable to the next lower tier Subcontractor; provided, however, that for any such subcontracted Work the maximum total fee to be paid by Owner will be no greater than 27 percent of the costs incurred by the Subcontractor that actually performs the Work;~~

   d. ~~No fee will be payable on the basis of costs itemized under Paragraphs 13.01.B.4, 13.01.B.5, and 13.01.C;~~

2. The amount of credit to be allowed by Contractor to Owner for any change which results in a net decrease in Cost of the Work will be the amount of the actual net decrease in Cost of the Work and a deduction of an additional amount equal to 5 percent of such actual net decrease in Cost of the Work; and

3. When both additions and credits are involved in any one change or Change Proposal, the adjustment in Contractor's fee will be computed by determining the sum of the costs in each of the cost categories in Paragraph 13.01.B (specifically, payroll costs, Paragraph 13.01.B.1; incorporated materials and equipment costs, Paragraph 13.01.B.2; Subcontract costs, Paragraph 13.01.B.3; special consultants costs, Paragraph 13.01.B.4; and other costs, Paragraph 13.01.B.5) and applying to each such cost category sum the appropriate fee from Paragraphs 11.07.C.2.a through 11.07.C.2.e, inclusive.

11.08 *Change of Contract Times*

A. The Contract Times may only be changed by a Change Order. Any Change Proposal for an adjustment in the Contract Times must comply with the provisions of Paragraph 11.09. Any Claim for an adjustment in the Contract Times must comply with the provisions of Article 12.

B. Delay, disruption, and interference in the Work, and any related changes in Contract Times, are addressed in and governed by Paragraph 4.05.

11.09 *Change Proposals*

A. *Purpose and Content*: Contractor shall submit a Change Proposal to Engineer to request an adjustment in the Contract Times or Contract Price; contest an initial decision by Engineer concerning the requirements of the Contract Documents or relating to the acceptability of the Work under the Contract Documents; challenge a set-off against payment due; or seek other relief under the Contract. The Change Proposal will specify any proposed change in Contract Times or Contract Price, or other proposed relief, and explain the reason for the

Copyright© 2018 National Society of Professional Engineers, American Council of Engineering Companies, and American Society of Civil Engineers. All rights reserved.

proposed change, with citations to any governing or applicable provisions of the Contract Documents. Each Change Proposal will address only one issue, or a set of closely related issues.

B. *Change Proposal Procedures*

1. *Submittal*: Contractor shall submit each Change Proposal to Engineer within 30 days after the start of the event giving rise thereto, or after such initial decision.

2. *Supporting Data*: The Contractor shall submit supporting data, including the proposed change in Contract Price or Contract Time (if any), to the Engineer and Owner within 15 days after the submittal of the Change Proposal.

    a. Change Proposals based on or related to delay, interruption, or interference must comply with the provisions of Paragraphs 4.05.D and 4.05.E.

    b. Change proposals related to a change of Contract Price must include full and detailed accounts of materials incorporated into the Work and labor and equipment used for the subject Work.

    The supporting data must be accompanied by a written statement that the supporting data are accurate and complete, and that any requested time or price adjustment is the entire adjustment to which Contractor believes it is entitled as a result of said event.

3. *Engineer's Initial Review*: Engineer will advise Owner regarding the Change Proposal, and consider any comments or response from Owner regarding the Change Proposal. If in its discretion Engineer concludes that additional supporting data is needed before conducting a full review and making a decision regarding the Change Proposal, then Engineer may request that Contractor submit such additional supporting data by a date specified by Engineer, prior to Engineer beginning its full review of the Change Proposal.

4. *Engineer's Full Review and Action on the Change Proposal*: Upon receipt of Contractor's supporting data (including any additional data requested by Engineer), Engineer will conduct a full review of each Change Proposal and, within 30 days after such receipt of the Contractor's supporting data, either approve the Change Proposal in whole, deny it in whole, or approve it in part and deny it in part. Such actions must be in writing, with a copy provided to Owner and Contractor. If Engineer does not take action on the Change Proposal within 30 days, then either Owner or Contractor may at any time thereafter submit a letter to the other party indicating that as a result of Engineer's inaction the Change Proposal is deemed denied, thereby commencing the time for appeal of the denial under Article 12.

5. *Binding Decision*: Engineer's decision is final and binding upon Owner and Contractor, unless Owner or Contractor appeals the decision by filing a Claim under Article 12.

C. *Resolution of Certain Change Proposals*: If the Change Proposal does not involve the design (as set forth in the Drawings, Specifications, or otherwise), the acceptability of the Work, or other engineering or technical matters, then Engineer will notify the parties in writing that the Engineer is unable to resolve the Change Proposal. For purposes of further resolution of such a Change Proposal, such notice will be deemed a denial, and Contractor may choose to seek resolution under the terms of Article 12.

D. *Post-Completion*: Contractor shall not submit any Change Proposals after Engineer issues a written recommendation of final payment pursuant to Paragraph 15.06.B.

Copyright© 2018 National Society of Professional Engineers, American Council of Engineering Companies, and American Society of Civil Engineers. All rights reserved.

11.10 *Notification to Surety*

A. If the provisions of any bond require notice to be given to a surety of any change affecting the general scope of the Work or the provisions of the Contract Documents (including, but not limited to, Contract Price or Contract Times), the giving of any such notice will be Contractor's responsibility. The amount of each applicable bond will be adjusted to reflect the effect of any such change.

ARTICLE 12—CLAIMS

12.01 *Claims*

A. *Claims Process*: The following disputes between Owner and Contractor are subject to the Claims process set forth in this article:

1. Appeals by Owner or Contractor of Engineer's decisions regarding Change Proposals;

2. Owner demands for adjustments in the Contract Price or Contract Times, or other relief under the Contract Documents;

3. Disputes that Engineer has been unable to address because they do not involve the design (as set forth in the Drawings, Specifications, or otherwise), the acceptability of the Work, or other engineering or technical matters; and

4. Subject to the waiver provisions of Paragraph 15.07, any dispute arising after Engineer has issued a written recommendation of final payment pursuant to Paragraph 15.06.B.

B. *Submittal of Claim*: The party submitting a Claim shall deliver it directly to the other party to the Contract promptly (but in no event later than 30 days) after the start of the event giving rise thereto; in the case of appeals regarding Change Proposals within 30 days of the decision under appeal. The party submitting the Claim shall also furnish a copy to the Engineer, for its information only. The responsibility to substantiate a Claim rests with the party making the Claim. In the case of a Claim by Contractor seeking an increase in the Contract Times or Contract Price, Contractor shall certify that the Claim is made in good faith, that the supporting data are accurate and complete, and that to the best of Contractor's knowledge and belief the amount of time or money requested accurately reflects the full amount to which Contractor is entitled.

C. *Review and Resolution*: The party receiving a Claim shall review it thoroughly, giving full consideration to its merits. The two parties shall seek to resolve the Claim through the exchange of information and direct negotiations. The parties may extend the time for resolving the Claim by mutual agreement. All actions taken on a Claim will be stated in writing and submitted to the other party, with a copy to Engineer.

D. *Mediation*

1. At any time after initiation of a Claim, Owner and Contractor may mutually agree to mediation of the underlying dispute. The agreement to mediate will stay the Claim submittal and response process.

2. If Owner and Contractor agree to mediation, then after 60 days from such agreement, either Owner or Contractor may unilaterally terminate the mediation process, and the Claim submittal and decision process will resume as of the date of the termination. If the mediation proceeds but is unsuccessful in resolving the dispute, the Claim

Copyright© 2018 National Society of Professional Engineers, American Council of Engineering Companies, and American Society of Civil Engineers. All rights reserved.

submittal and decision process will resume as of the date of the conclusion of the mediation, as determined by the mediator.

3. Owner and Contractor shall each pay one-half of the mediator's fees and costs.

E. *Partial Approval*: If the party receiving a Claim approves the Claim in part and denies it in part, such action will be final and binding unless within 30 days of such action the other party invokes the procedure set forth in Article 17 for final resolution of disputes.

F. *Denial of Claim*: If efforts to resolve a Claim are not successful, the party receiving the Claim may deny it by giving written notice of denial to the other party. If the receiving party does not take action on the Claim within 90 days, then either Owner or Contractor may at any time thereafter submit a letter to the other party indicating that as a result of the inaction, the Claim is deemed denied, thereby commencing the time for appeal of the denial. A denial of the Claim will be final and binding unless within 30 days of the denial the other party invokes the procedure set forth in Article 17 for the final resolution of disputes.

G. *Final and Binding Results*: If the parties reach a mutual agreement regarding a Claim, whether through approval of the Claim, direct negotiations, mediation, or otherwise; or if a Claim is approved in part and denied in part, or denied in full, and such actions become final and binding; then the results of the agreement or action on the Claim will be incorporated in a Change Order or other written document to the extent they affect the Contract, including the Work, the Contract Times, or the Contract Price.

ARTICLE 13—COST OF THE WORK; ALLOWANCES; UNIT PRICE WORK

13.01 *Cost of the Work*

A. *Purposes for Determination of Cost of the Work*: The term Cost of the Work means the sum of all costs necessary for the proper performance of the Work at issue, as further defined below. The provisions of this Paragraph 13.01 are used for two distinct purposes:

1. To determine Cost of the Work when Cost of the Work is a component of the Contract Price, under cost-plus-fee, time-and-materials, or other cost-based terms; or

2. When needed to determine the value of a Change Order, Change Proposal, Claim, set-off, or other adjustment in Contract Price. When the value of any such adjustment is determined on the basis of Cost of the Work, Contractor is entitled only to those additional or incremental costs required because of the change in the Work or because of the event giving rise to the adjustment.

B. *Costs Included*: Except as otherwise may be agreed to in writing by Owner, costs included in the Cost of the Work will be in amounts no higher than those commonly incurred in the locality of the Project, will not include any of the costs itemized in Paragraph 13.01.C, and will include only the following items:

1. Payroll costs for employees in the direct employ of Contractor in the performance of the Work under schedules of job classifications agreed upon by Owner and Contractor in advance of the subject Work. Such employees include, without limitation, superintendents, foremen, safety managers, safety representatives, and other personnel employed full time on the Work. Payroll costs for employees not employed full time on the Work will be apportioned on the basis of their time spent on the Work. Payroll costs include, but are not limited to, salaries and wages plus the cost of fringe

Copyright© 2018 National Society of Professional Engineers, American Council of Engineering Companies, and American Society of Civil Engineers. All rights reserved.

benefits, which include social security contributions, unemployment, excise, and payroll taxes, workers' compensation, health and retirement benefits, sick leave, and vacation and holiday pay applicable thereto. The expenses of performing Work outside of regular working hours, on Saturday, Sunday, or legal holidays, will be included in the above to the extent authorized by Owner.

2. Cost of all materials and equipment furnished and incorporated in the Work, including costs of transportation and storage thereof, and Suppliers' field services required in connection therewith. All cash discounts accrue to Contractor unless Owner deposits funds with Contractor with which to make payments, in which case the cash discounts will accrue to Owner. All trade discounts, rebates, and refunds and returns from sale of surplus materials and equipment will accrue to Owner, and Contractor shall make provisions so that they may be obtained.

3. Payments made by Contractor to Subcontractors for Work performed by Subcontractors. If required by Owner, Contractor shall obtain competitive bids from subcontractors acceptable to Owner and Contractor and shall deliver such bids to Owner, which will then determine, with the advice of Engineer, which bids, if any, will be acceptable. If any subcontract provides that the Subcontractor is to be paid on the basis of Cost of the Work plus a fee, the Subcontractor's Cost of the Work and fee will be determined in the same manner as Contractor's Cost of the Work and fee as provided in this Paragraph 13.01.

4. Costs of special consultants (including but not limited to engineers, architects, testing laboratories, surveyors, attorneys, and accountants) employed or retained for services specifically related to the Work.

5. Other costs consisting of the following:

    a. The proportion of necessary transportation, travel, and subsistence expenses of Contractor's employees incurred in discharge of duties connected with the Work.

    b. Cost, including transportation and maintenance, of all materials, supplies, equipment, machinery, appliances, office, and temporary facilities at the Site, which are consumed in the performance of the Work, and cost, less market value, of such items used but not consumed which remain the property of Contractor.

        1) In establishing included costs for materials such as scaffolding, plating, or sheeting, consideration will be given to the actual or the estimated life of the material for use on other projects; or rental rates may be established on the basis of purchase or salvage value of such items, whichever is less. Contractor will not be eligible for compensation for such items in an amount that exceeds the purchase cost of such item.

    c. *Construction Equipment Rental*

        1) Rentals of all construction equipment and machinery, and the parts thereof, in accordance with rental agreements approved by Owner as to price (including any surcharge or special rates applicable to overtime use of the construction equipment or machinery), and the costs of transportation, loading, unloading, assembly, dismantling, and removal thereof. All such costs will be in accordance with the terms of said rental agreements. The

Copyright© 2018 National Society of Professional Engineers, American Council of Engineering Companies, and American Society of Civil Engineers. All rights reserved.

rental of any such equipment, machinery, or parts must cease when the use thereof is no longer necessary for the Work.

2) Costs for equipment and machinery owned by Contractor or a Contractor-related entity will be paid at a rate shown for such equipment in the equipment rental rate book specified in the Supplementary Conditions. An hourly rate will be computed by dividing the monthly rates by 176. These computed rates will include all operating costs.

3) With respect to Work that is the result of a Change Order, Change Proposal, Claim, set-off, or other adjustment in Contract Price ("changed Work"), included costs will be based on the time the equipment or machinery is in use on the changed Work and the costs of transportation, loading, unloading, assembly, dismantling, and removal when directly attributable to the changed Work. The cost of any such equipment or machinery, or parts thereof, must cease to accrue when the use thereof is no longer necessary for the changed Work.

d. Sales, consumer, use, and other similar taxes related to the Work, and for which Contractor is liable, as imposed by Laws and Regulations.

e. Deposits lost for causes other than negligence of Contractor, any Subcontractor, or anyone directly or indirectly employed by any of them or for whose acts any of them may be liable, and royalty payments and fees for permits and licenses.

f. Losses and damages (and related expenses) caused by damage to the Work, not compensated by insurance or otherwise, sustained by Contractor in connection with the performance of the Work (except losses and damages within the deductible amounts of builder's risk or other property insurance established in accordance with Paragraph 6.04), provided such losses and damages have resulted from causes other than the negligence of Contractor, any Subcontractor, or anyone directly or indirectly employed by any of them or for whose acts any of them may be liable. Such losses include settlements made with the written consent and approval of Owner. No such losses, damages, and expenses will be included in the Cost of the Work for the purpose of determining Contractor's fee.

g. The cost of utilities, fuel, and sanitary facilities at the Site.

h. Minor expenses such as communication service at the Site, express and courier services, and similar petty cash items in connection with the Work.

i. The costs of premiums for all bonds and insurance that Contractor is required by the Contract Documents to purchase and maintain.

C. *Costs Excluded*: The term Cost of the Work does not include any of the following items:

1. Payroll costs and other compensation of Contractor's officers, executives, principals, general managers, engineers, architects, estimators, attorneys, auditors, accountants, purchasing and contracting agents, expediters, timekeepers, clerks, and other personnel employed by Contractor, whether at the Site or in Contractor's principal or branch office for general administration of the Work and not specifically included in the agreed upon schedule of job classifications referred to in Paragraph 13.01.B.1 or specifically covered by Paragraph 13.01.B.4. The payroll costs and other compensation

Copyright© 2018 National Society of Professional Engineers, American Council of Engineering Companies, and American Society of Civil Engineers. All rights reserved.

excluded here are to be considered administrative costs covered by the Contractor's fee.

2. The cost of purchasing, renting, or furnishing small tools and hand tools.

3. Expenses of Contractor's principal and branch offices other than Contractor's office at the Site.

4. Any part of Contractor's capital expenses, including interest on Contractor's capital employed for the Work and charges against Contractor for delinquent payments.

5. Costs due to the negligence of Contractor, any Subcontractor, or anyone directly or indirectly employed by any of them or for whose acts any of them may be liable, including but not limited to, the correction of defective Work, disposal of materials or equipment wrongly supplied, and making good any damage to property.

6. Expenses incurred in preparing and advancing Claims.

7. Other overhead or general expense costs of any kind and the costs of any item not specifically and expressly included in Paragraph 13.01.B.

D. *Contractor's Fee*

1. When the Work as a whole is performed on the basis of cost-plus-a-fee, then:

a. Contractor's fee for the Work set forth in the Contract Documents as of the Effective Date of the Contract will be determined as set forth in the Agreement.

b. for any Work covered by a Change Order, Change Proposal, Claim, set-off, or other adjustment in Contract Price, the fee for any additions or deletions will be determined in accordance with Paragraph 11.07.C.1.~~as follows:~~

4) ~~When the fee for the Work as a whole is a percentage of the Cost of the Work, the fee will automatically adjust as the Cost of the Work changes.~~

5) ~~When the fee for the Work as a whole is a fixed fee, the fee for any additions or deletions will be determined in accordance with Paragraph 11.07.C.2.~~

2. When the Work as a whole is performed on the basis of a stipulated sum, or any other basis other than cost-plus-a-fee, then Contractor's fee for any Work covered by a Change Order, Change Proposal, Claim, set-off, or other adjustment in Contract Price on the basis of Cost of the Work will be determined in accordance with Paragraph 11.07.C.2.

E. *Documentation and Audit*: Whenever the Cost of the Work for any purpose is to be determined pursuant to this Article 13, Contractor and pertinent Subcontractors will establish and maintain records of the costs in accordance with generally accepted accounting practices. Subject to prior written notice, Owner will be afforded reasonable access, during normal business hours, to all Contractor's accounts, records, books, correspondence, instructions, drawings, receipts, vouchers, memoranda, and similar data relating to the Cost of the Work and Contractor's fee. Contractor shall preserve all such documents for a period of three years after the final payment by Owner. Pertinent Subcontractors will afford such access to Owner, and preserve such documents, to the same extent required of Contractor.

Copyright© 2018 National Society of Professional Engineers, American Council of Engineering Companies, and American Society of Civil Engineers. All rights reserved.

13.02 *Allowances*

A. It is understood that Contractor has included in the Contract Price all allowances so named in the Contract Documents and shall cause the Work so covered to be performed for such sums and by such persons or entities as may be acceptable to Owner and Engineer.

B. *Cash Allowances*: Contractor agrees that:

1. the cash allowances include the cost to Contractor (less any applicable trade discounts) of materials and equipment required by the allowances to be delivered at the Site, and all applicable taxes; and

2. Contractor's costs for unloading and handling on the Site, labor, installation, overhead, profit, and other expenses contemplated for the cash allowances have been included in the Contract Price and not in the allowances, and no demand for additional payment for any of the foregoing will be valid.

C. *Owner's Contingency Allowance*: Contractor agrees that an Owner's contingency allowance, if any, is for the sole use of Owner to cover unanticipated costs.

D. Prior to final payment, an appropriate Change Order will be issued as recommended by Engineer to reflect actual amounts due Contractor for Work covered by allowances, and the Contract Price will be correspondingly adjusted.

13.03 *Unit Price Work*

A. Where the Contract Documents provide that all or part of the Work is to be Unit Price Work, initially the Contract Price will be deemed to include for all Unit Price Work an amount equal to the sum of the unit price for each separately identified item of Unit Price Work times the estimated quantity of each item as indicated in the Agreement.

B. The estimated quantities of items of Unit Price Work are not guaranteed and are solely for the purpose of comparison of Bids and determining an initial Contract Price. Payments to Contractor for Unit Price Work will be based on actual quantities.

C. Each unit price will be deemed to include an amount considered by Contractor to be adequate to cover Contractor's overhead and profit for each separately identified item.

D. Engineer will determine the actual quantities and classifications of Unit Price Work performed by Contractor. Engineer will review with Contractor the Engineer's preliminary determinations on such matters before rendering a written decision thereon (by recommendation of an Application for Payment or otherwise). Engineer's written decision thereon will be final and binding (except as modified by Engineer to reflect changed factual conditions or more accurate data) upon Owner and Contractor, and the final adjustment of Contract Price will be set forth in a Change Order, subject to the provisions of the following paragraph.

E. *Adjustments in Unit Price*

1. Contractor or Owner shall be entitled to an adjustment in the unit price with respect to an item of Unit Price Work if:

a. the quantity of the item of Unit Price Work performed by Contractor differs materially and significantly from the estimated quantity of such item indicated in the Agreement; and

Copyright© 2018 National Society of Professional Engineers, American Council of Engineering Companies, and American Society of Civil Engineers. All rights reserved.

b. Contractor's unit costs to perform the item of Unit Price Work have changed materially and significantly as a result of the quantity change.

2. The adjustment in unit price will account for and be coordinated with any related changes in quantities of other items of Work, and in Contractor's costs to perform such other Work, such that the resulting overall change in Contract Price is equitable to Owner and Contractor.

3. Adjusted unit prices will apply to all units of that item.

ARTICLE 14—TESTS AND INSPECTIONS; CORRECTION, REMOVAL, OR ACCEPTANCE OF DEFECTIVE WORK

14.01 *Access to Work*

A. Owner, Engineer, their consultants and other representatives and personnel of Owner, independent testing laboratories, and authorities having jurisdiction have access to the Site and the Work at reasonable times for their observation, inspection, and testing. Contractor shall provide them proper and safe conditions for such access and advise them of Contractor's safety procedures and programs so that they may comply with such procedures and programs as applicable.

14.02 *Tests, Inspections, and Approvals*

A. Contractor shall give Engineer timely notice of readiness of the Work (or specific parts thereof) for all required inspections and tests, and shall cooperate with inspection and testing personnel to facilitate required inspections and tests.

B. Owner shall retain and pay for the services of an independent inspector, testing laboratory, or other qualified individual or entity to perform all inspections and tests expressly required by the Contract Documents to be furnished and paid for by Owner, except that costs incurred in connection with tests or inspections of covered Work will be governed by the provisions of Paragraph 14.05.

C. If Laws or Regulations of any public body having jurisdiction require any Work (or part thereof) specifically to be inspected, tested, or approved by an employee or other representative of such public body, Contractor shall assume full responsibility for arranging and obtaining such inspections, tests, or approvals, pay all costs in connection therewith, and furnish Engineer the required certificates of inspection or approval.

D. Contractor shall be responsible for arranging, obtaining, and paying for all inspections and tests required:

1. by the Contract Documents, unless the Contract Documents expressly allocate responsibility for a specific inspection or test to Owner;

2. to attain Owner's and Engineer's acceptance of materials or equipment to be incorporated in the Work;

3. by manufacturers of equipment furnished under the Contract Documents;

4. for testing, adjusting, and balancing of mechanical, electrical, and other equipment to be incorporated into the Work; and

Copyright© 2018 National Society of Professional Engineers, American Council of Engineering Companies, and American Society of Civil Engineers. All rights reserved.

5. for acceptance of materials, mix designs, or equipment submitted for approval prior to Contractor's purchase thereof for incorporation in the Work.

Such inspections and tests will be performed by independent inspectors, testing laboratories, or other qualified individuals or entities acceptable to Owner and Engineer.

E. If the Contract Documents require the Work (or part thereof) to be approved by Owner, Engineer, or another designated individual or entity, then Contractor shall assume full responsibility for arranging and obtaining such approvals.

F. If any Work (or the work of others) that is to be inspected, tested, or approved is covered by Contractor without written concurrence of Engineer, Contractor shall, if requested by Engineer, uncover such Work for observation. Such uncovering will be at Contractor's expense unless Contractor had given Engineer timely notice of Contractor's intention to cover the same and Engineer had not acted with reasonable promptness in response to such notice.

14.03 *Defective Work*

A. *Contractor's Obligation*: It is Contractor's obligation to assure that the Work is not defective.

B. *Engineer's Authority*: Engineer has the authority to determine whether Work is defective, and to reject defective Work.

C. *Notice of Defects*: Prompt written notice of all defective Work of which Owner or Engineer has actual knowledge will be given to Contractor.

D. *Correction, or Removal and Replacement*: Promptly after receipt of written notice of defective Work, Contractor shall correct all such defective Work, whether or not fabricated, installed, or completed, or, if Engineer has rejected the defective Work, remove it from the Project and replace it with Work that is not defective.

E. *Preservation of Warranties*: When correcting defective Work, Contractor shall take no action that would void or otherwise impair Owner's special warranty and guarantee, if any, on said Work.

F. *Costs and Damages*: In addition to its correction, removal, and replacement obligations with respect to defective Work, Contractor shall pay all claims, costs, losses, and damages arising out of or relating to defective Work, including but not limited to the cost of the inspection, testing, correction, removal, replacement, or reconstruction of such defective Work, fines levied against Owner by governmental authorities because the Work is defective, and the costs of repair or replacement of work of others resulting from defective Work. Prior to final payment, if Owner and Contractor are unable to agree as to the measure of such claims, costs, losses, and damages resulting from defective Work, then Owner may impose a reasonable set-off against payments due under Article 15.

14.04 *Acceptance of Defective Work*

A. If, instead of requiring correction or removal and replacement of defective Work, Owner prefers to accept it, Owner may do so (subject, if such acceptance occurs prior to final payment, to Engineer's confirmation that such acceptance is in general accord with the design intent and applicable engineering principles, and will not endanger public safety). Contractor shall pay all claims, costs, losses, and damages attributable to Owner's evaluation of and determination to accept such defective Work (such costs to be approved by Engineer as to reasonableness), and for the diminished value of the Work to the extent

Copyright© 2018 National Society of Professional Engineers, American Council of Engineering Companies, and American Society of Civil Engineers. All rights reserved.

not otherwise paid by Contractor. If any such acceptance occurs prior to final payment, the necessary revisions in the Contract Documents with respect to the Work will be incorporated in a Change Order. If the parties are unable to agree as to the decrease in the Contract Price, reflecting the diminished value of Work so accepted, then Owner may impose a reasonable set-off against payments due under Article 15. If the acceptance of defective Work occurs after final payment, Contractor shall pay an appropriate amount to Owner.

14.05 *Uncovering Work*

A. Engineer has the authority to require additional inspection or testing of the Work, whether or not the Work is fabricated, installed, or completed.

B. If any Work is covered contrary to the written request of Engineer, then Contractor shall, if requested by Engineer, uncover such Work for Engineer's observation, and then replace the covering, all at Contractor's expense.

C. If Engineer considers it necessary or advisable that covered Work be observed by Engineer or inspected or tested by others, then Contractor, at Engineer's request, shall uncover, expose, or otherwise make available for observation, inspection, or testing as Engineer may require, that portion of the Work in question, and provide all necessary labor, material, and equipment.

1. If it is found that the uncovered Work is defective, Contractor shall be responsible for all claims, costs, losses, and damages arising out of or relating to such uncovering, exposure, observation, inspection, and testing, and of satisfactory replacement or reconstruction (including but not limited to all costs of repair or replacement of work of others); and pending Contractor's full discharge of this responsibility the Owner shall be entitled to impose a reasonable set-off against payments due under Article 15.

2. If the uncovered Work is not found to be defective, Contractor shall be allowed an increase in the Contract Price or an extension of the Contract Times, directly attributable to such uncovering, exposure, observation, inspection, testing, replacement, and reconstruction. If the parties are unable to agree as to the amount or extent thereof, then Contractor may submit a Change Proposal within 30 days of the determination that the Work is not defective.

14.06 *Owner May Stop the Work*

A. If the Work is defective, or Contractor fails to supply sufficient skilled workers or suitable materials or equipment, or fails to perform the Work in such a way that the completed Work will conform to the Contract Documents, then Owner may order Contractor to stop the Work, or any portion thereof, until the cause for such order has been eliminated; however, this right of Owner to stop the Work will not give rise to any duty on the part of Owner to exercise this right for the benefit of Contractor, any Subcontractor, any Supplier, any other individual or entity, or any surety for, or employee or agent of any of them.

14.07 *Owner May Correct Defective Work*

A. If Contractor fails within a reasonable time after written notice from Engineer to correct defective Work, or to remove and replace defective Work as required by Engineer, then Owner may, after 7 days' written notice to Contractor, correct or remedy any such deficiency.

Copyright© 2018 National Society of Professional Engineers, American Council of Engineering Companies, and American Society of Civil Engineers. All rights reserved.

B. In exercising the rights and remedies under this Paragraph 14.07, Owner shall proceed expeditiously. In connection with such corrective or remedial action, Owner may exclude Contractor from all or part of the Site, take possession of all or part of the Work and suspend Contractor's services related thereto, and incorporate in the Work all materials and equipment stored at the Site or for which Owner has paid Contractor but which are stored elsewhere. Contractor shall allow Owner, Owner's representatives, agents and employees, Owner's other contractors, and Engineer and Engineer's consultants access to the Site to enable Owner to exercise the rights and remedies under this paragraph.

C. All claims, costs, losses, and damages incurred or sustained by Owner in exercising the rights and remedies under this Paragraph 14.07 will be charged against Contractor as set-offs against payments due under Article 15. Such claims, costs, losses and damages will include but not be limited to all costs of repair, or replacement of work of others destroyed or damaged by correction, removal, or replacement of Contractor's defective Work.

D. Contractor shall not be allowed an extension of the Contract Times because of any delay in the performance of the Work attributable to the exercise by Owner of Owner's rights and remedies under this Paragraph 14.07.

ARTICLE 15—PAYMENTS TO CONTRACTOR; SET-OFFS; COMPLETION; CORRECTION PERIOD

15.01 *Progress Payments*

A. *Basis for Progress Payments*: The Schedule of Values established as provided in Article 2 will serve as the basis for progress payments and will be incorporated into a form of Application for Payment acceptable to Engineer. Progress payments for Unit Price Work will be based on the number of units completed during the pay period, as determined under the provisions of Paragraph 13.03. Progress payments for cost-based Work will be based on Cost of the Work completed by Contractor during the pay period.

B. *Applications for Payments*

1. At least 20 days before the date established in the Agreement for each progress payment (but not more often than once a month), Contractor shall submit to Engineer for review an Application for Payment filled out and signed by Contractor covering the Work completed as of the date of the Application and accompanied by such supporting documentation as is required by the Contract Documents.

2. If payment is requested on the basis of materials and equipment not incorporated in the Work but delivered and suitably stored at the Site or at another location agreed to in writing, the Application for Payment must also be accompanied by: (a) a bill of sale, invoice, copies of subcontract or purchase order payments, or other documentation establishing full payment by Contractor for the materials and equipment; (b) at Owner's request, documentation warranting that Owner has received the materials and equipment free and clear of all Liens; and (c) evidence that the materials and equipment are covered by appropriate property insurance, a warehouse bond, or other arrangements to protect Owner's interest therein, all of which must be satisfactory to Owner.

3. Beginning with the second Application for Payment, each Application must include an affidavit of Contractor stating that all previous progress payments received by

Copyright© 2018 National Society of Professional Engineers, American Council of Engineering Companies, and American Society of Civil Engineers. All rights reserved.

Contractor have been applied to discharge Contractor's legitimate obligations associated with prior Applications for Payment.

4. The amount of retainage with respect to progress payments will be as stipulated in the Agreement.

C. *Review of Applications*

1. Engineer will, within 10 days after receipt of each Application for Payment, including each resubmittal, either indicate in writing a recommendation of payment and present the Application to Owner, or return the Application to Contractor indicating in writing Engineer's reasons for refusing to recommend payment. In the latter case, Contractor may make the necessary corrections and resubmit the Application.

2. Engineer's recommendation of any payment requested in an Application for Payment will constitute a representation by Engineer to Owner, based on Engineer's observations of the executed Work as an experienced and qualified design professional, and on Engineer's review of the Application for Payment and the accompanying data and schedules, that to the best of Engineer's knowledge, information and belief:

   a. the Work has progressed to the point indicated;

   b. the quality of the Work is generally in accordance with the Contract Documents (subject to an evaluation of the Work as a functioning whole prior to or upon Substantial Completion, the results of any subsequent tests called for in the Contract Documents, a final determination of quantities and classifications for Unit Price Work under Paragraph 13.03, and any other qualifications stated in the recommendation); and

   c. the conditions precedent to Contractor's being entitled to such payment appear to have been fulfilled in so far as it is Engineer's responsibility to observe the Work.

3. By recommending any such payment Engineer will not thereby be deemed to have represented that:

   a. inspections made to check the quality or the quantity of the Work as it has been performed have been exhaustive, extended to every aspect of the Work in progress, or involved detailed inspections of the Work beyond the responsibilities specifically assigned to Engineer in the Contract; or

   b. there may not be other matters or issues between the parties that might entitle Contractor to be paid additionally by Owner or entitle Owner to withhold payment to Contractor.

4. Neither Engineer's review of Contractor's Work for the purposes of recommending payments nor Engineer's recommendation of any payment, including final payment, will impose responsibility on Engineer:

   a. to supervise, direct, or control the Work;

   b. for the means, methods, techniques, sequences, or procedures of construction, or the safety precautions and programs incident thereto;

   c. for Contractor's failure to comply with Laws and Regulations applicable to Contractor's performance of the Work;

Copyright© 2018 National Society of Professional Engineers, American Council of Engineering Companies, and American Society of Civil Engineers. All rights reserved.

d. to make any examination to ascertain how or for what purposes Contractor has used the money paid by Owner; or

e. to determine that title to any of the Work, materials, or equipment has passed to Owner free and clear of any Liens.

5. Engineer may refuse to recommend the whole or any part of any payment if, in Engineer's opinion, it would be incorrect to make the representations to Owner stated in Paragraph 15.01.C.2.

6. Engineer will recommend reductions in payment (set-offs) necessary in Engineer's opinion to protect Owner from loss because:

a. the Work is defective, requiring correction or replacement;

b. the Contract Price has been reduced by Change Orders;

c. Owner has been required to correct defective Work in accordance with Paragraph 14.07, or has accepted defective Work pursuant to Paragraph 14.04;

d. Owner has been required to remove or remediate a Hazardous Environmental Condition for which Contractor is responsible; or

e. Engineer has actual knowledge of the occurrence of any of the events that would constitute a default by Contractor and therefore justify termination for cause under the Contract Documents.

D. *Payment Becomes Due*

1. Ten days after presentation of the Application for Payment to Owner with Engineer's recommendation, the amount recommended (subject to any Owner set-offs) will become due, and when due will be paid by Owner to Contractor.

E. *Reductions in Payment by Owner*

1. In addition to any reductions in payment (set-offs) recommended by Engineer, Owner is entitled to impose a set-off against payment based on any of the following:

a. Claims have been made against Owner based on Contractor's conduct in the performance or furnishing of the Work, or Owner has incurred costs, losses, or damages resulting from Contractor's conduct in the performance or furnishing of the Work, including but not limited to claims, costs, losses, or damages from workplace injuries, adjacent property damage, non-compliance with Laws and Regulations, and patent infringement;

b. Contractor has failed to take reasonable and customary measures to avoid damage, delay, disruption, and interference with other work at or adjacent to the Site;

c. Contractor has failed to provide and maintain required bonds or insurance;

d. Owner has been required to remove or remediate a Hazardous Environmental Condition for which Contractor is responsible;

e. Owner has incurred extra charges or engineering costs related to submittal reviews, evaluations of proposed substitutes, tests and inspections, or return visits to manufacturing or assembly facilities;

Copyright© 2018 National Society of Professional Engineers, American Council of Engineering Companies, and American Society of Civil Engineers. All rights reserved.

f. The Work is defective, requiring correction or replacement;

g. Owner has been required to correct defective Work in accordance with Paragraph 14.07, or has accepted defective Work pursuant to Paragraph 14.04;

h. The Contract Price has been reduced by Change Orders;

i. An event has occurred that would constitute a default by Contractor and therefore justify a termination for cause;

j. Liquidated or other damages have accrued as a result of Contractor's failure to achieve Milestones, Substantial Completion, or final completion of the Work;

k. Liens have been filed in connection with the Work, except where Contractor has delivered a specific bond satisfactory to Owner to secure the satisfaction and discharge of such Liens; or

l. Other items entitle Owner to a set-off against the amount recommended.

2. If Owner imposes any set-off against payment, whether based on its own knowledge or on the written recommendations of Engineer, Owner will give Contractor immediate written notice (with a copy to Engineer) stating the reasons for such action and the specific amount of the reduction, and promptly pay Contractor any amount remaining after deduction of the amount so withheld. Owner shall promptly pay Contractor the amount so withheld, or any adjustment thereto agreed to by Owner and Contractor, if Contractor remedies the reasons for such action. The reduction imposed will be binding on Contractor unless it duly submits a Change Proposal contesting the reduction.

3. Upon a subsequent determination that Owner's refusal of payment was not justified, the amount wrongfully withheld will be treated as an amount due as determined by Paragraph 15.01.D.1 and subject to interest as provided in the Agreement.

15.02 *Contractor's Warranty of Title*

A. Contractor warrants and guarantees that title to all Work, materials, and equipment furnished under the Contract will pass to Owner free and clear of (1) all Liens and other title defects, and (2) all patent, licensing, copyright, or royalty obligations, no later than 7 days after the time of payment by Owner.

15.03 *Substantial Completion*

A. When Contractor considers the entire Work ready for its intended use Contractor shall notify Owner and Engineer in writing that the entire Work is substantially complete and request that Engineer issue a certificate of Substantial Completion. Contractor shall at the same time submit to Owner and Engineer an initial draft of punch list items to be completed or corrected before final payment.

B. Promptly after Contractor's notification, Owner, Contractor, and Engineer shall make an inspection of the Work to determine the status of completion. If Engineer does not consider the Work substantially complete, Engineer will notify Contractor in writing giving the reasons therefor.

C. If Engineer considers the Work substantially complete, Engineer will deliver to Owner a preliminary certificate of Substantial Completion which will fix the date of Substantial Completion. Engineer shall attach to the certificate a punch list of items to be completed or

Copyright© 2018 National Society of Professional Engineers, American Council of Engineering Companies, and American Society of Civil Engineers. All rights reserved.

corrected before final payment. Owner shall have 7 days after receipt of the preliminary certificate during which to make written objection to Engineer as to any provisions of the certificate or attached punch list. If, after considering the objections to the provisions of the preliminary certificate, Engineer concludes that the Work is not substantially complete, Engineer will, within 14 days after submission of the preliminary certificate to Owner, notify Contractor in writing that the Work is not substantially complete, stating the reasons therefor. If Owner does not object to the provisions of the certificate, or if despite consideration of Owner's objections Engineer concludes that the Work is substantially complete, then Engineer will, within said 14 days, execute and deliver to Owner and Contractor a final certificate of Substantial Completion (with a revised punch list of items to be completed or corrected) reflecting such changes from the preliminary certificate as Engineer believes justified after consideration of any objections from Owner.

D. At the time of receipt of the preliminary certificate of Substantial Completion, Owner and Contractor will confer regarding Owner's use or occupancy of the Work following Substantial Completion, review the builder's risk insurance policy with respect to the end of the builder's risk coverage, and confirm the transition to coverage of the Work under a permanent property insurance policy held by Owner. Unless Owner and Contractor agree otherwise in writing, Owner shall bear responsibility for security, operation, protection of the Work, property insurance, maintenance, heat, and utilities upon Owner's use or occupancy of the Work.

E. After Substantial Completion the Contractor shall promptly begin work on the punch list of items to be completed or corrected prior to final payment. In appropriate cases Contractor may submit monthly Applications for Payment for completed punch list items, following the progress payment procedures set forth above.

F. Owner shall have the right to exclude Contractor from the Site after the date of Substantial Completion subject to allowing Contractor reasonable access to remove its property and complete or correct items on the punch list.

15.04 *Partial Use or Occupancy*

A. Prior to Substantial Completion of all the Work, Owner may use or occupy any substantially completed part of the Work which has specifically been identified in the Contract Documents, or which Owner, Engineer, and Contractor agree constitutes a separately functioning and usable part of the Work that can be used by Owner for its intended purpose without significant interference with Contractor's performance of the remainder of the Work, subject to the following conditions:

1. At any time, Owner may request in writing that Contractor permit Owner to use or occupy any such part of the Work that Owner believes to be substantially complete. If and when Contractor agrees that such part of the Work is substantially complete, Contractor, Owner, and Engineer will follow the procedures of Paragraph 15.03.A through 15.03.E for that part of the Work.

2. At any time, Contractor may notify Owner and Engineer in writing that Contractor considers any such part of the Work substantially complete and request Engineer to issue a certificate of Substantial Completion for that part of the Work.

3. Within a reasonable time after either such request, Owner, Contractor, and Engineer shall make an inspection of that part of the Work to determine its status of completion. If Engineer does not consider that part of the Work to be substantially complete,

Copyright© 2018 National Society of Professional Engineers, American Council of Engineering Companies, and American Society of Civil Engineers. All rights reserved.

Engineer will notify Owner and Contractor in writing giving the reasons therefor. If Engineer considers that part of the Work to be substantially complete, the provisions of Paragraph 15.03 will apply with respect to certification of Substantial Completion of that part of the Work and the division of responsibility in respect thereof and access thereto.

4. No use or occupancy or separate operation of part of the Work may occur prior to compliance with the requirements of Paragraph 6.04 regarding builder's risk or other property insurance.

15.05 *Final Inspection*

A. Upon written notice from Contractor that the entire Work or an agreed portion thereof is complete, Engineer will promptly make a final inspection with Owner and Contractor and will notify Contractor in writing of all particulars in which this inspection reveals that the Work, or agreed portion thereof, is incomplete or defective. Contractor shall immediately take such measures as are necessary to complete such Work or remedy such deficiencies.

15.06 *Final Payment*

A. *Application for Payment*

1. After Contractor has, in the opinion of Engineer, satisfactorily completed all corrections identified during the final inspection and has delivered, in accordance with the Contract Documents, all maintenance and operating instructions, schedules, guarantees, bonds, certificates or other evidence of insurance, certificates of inspection, annotated record documents (as provided in Paragraph 7.12), and other documents, Contractor may make application for final payment.

2. The final Application for Payment must be accompanied (except as previously delivered) by:

   a. all documentation called for in the Contract Documents;

   b. consent of the surety, if any, to final payment;

   c. satisfactory evidence that all title issues have been resolved such that title to all Work, materials, and equipment has passed to Owner free and clear of any Liens or other title defects, or will so pass upon final payment.

   d. a list of all duly pending Change Proposals and Claims; and

   e. complete and legally effective releases or waivers (satisfactory to Owner) of all Lien rights arising out of the Work, and of Liens filed in connection with the Work.

3. In lieu of the releases or waivers of Liens specified in Paragraph 15.06.A.2 and as approved by Owner, Contractor may furnish receipts or releases in full and an affidavit of Contractor that: (a) the releases and receipts include all labor, services, material, and equipment for which a Lien could be filed; and (b) all payrolls, material and equipment bills, and other indebtedness connected with the Work for which Owner might in any way be responsible, or which might in any way result in liens or other burdens on Owner's property, have been paid or otherwise satisfied. If any Subcontractor or Supplier fails to furnish such a release or receipt in full, Contractor may furnish a bond or other collateral satisfactory to Owner to indemnify Owner against any Lien, or Owner at its option may issue joint checks payable to Contractor and specified Subcontractors and Suppliers.

Copyright© 2018 National Society of Professional Engineers, American Council of Engineering Companies, and American Society of Civil Engineers. All rights reserved.

B. *Engineer's Review of Final Application and Recommendation of Payment*: If, on the basis of Engineer's observation of the Work during construction and final inspection, and Engineer's review of the final Application for Payment and accompanying documentation as required by the Contract Documents, Engineer is satisfied that the Work has been completed and Contractor's other obligations under the Contract have been fulfilled, Engineer will, within 10 days after receipt of the final Application for Payment, indicate in writing Engineer's recommendation of final payment and present the final Application for Payment to Owner for payment. Such recommendation will account for any set-offs against payment that are necessary in Engineer's opinion to protect Owner from loss for the reasons stated above with respect to progress payments. Otherwise, Engineer will return the Application for Payment to Contractor, indicating in writing the reasons for refusing to recommend final payment, in which case Contractor shall make the necessary corrections and resubmit the Application for Payment.

C. *Notice of Acceptability*: In support of its recommendation of payment of the final Application for Payment, Engineer will also give written notice to Owner and Contractor that the Work is acceptable, subject to stated limitations in the notice and to the provisions of Paragraph 15.07.

D. *Completion of Work*: The Work is complete (subject to surviving obligations) when it is ready for final payment as established by the Engineer's written recommendation of final payment and issuance of notice of the acceptability of the Work.

E. *Final Payment Becomes Due*: Upon receipt from Engineer of the final Application for Payment and accompanying documentation, Owner shall set off against the amount recommended by Engineer for final payment any further sum to which Owner is entitled, including but not limited to set-offs for liquidated damages and set-offs allowed under the provisions of this Contract with respect to progress payments. Owner shall pay the resulting balance due to Contractor within ~~30~~ 21 days of Owner's receipt of the final Application for Payment from Engineer.

15.07 *Waiver of Claims*

A. By making final payment, Owner waives its claim or right to liquidated damages or other damages for late completion by Contractor, except as set forth in an outstanding Claim, appeal under the provisions of Article 17, set-off, or express reservation of rights by Owner. Owner reserves all other claims or rights after final payment.

B. The acceptance of final payment by Contractor will constitute a waiver by Contractor of all claims and rights against Owner other than those pending matters that have been duly submitted as a Claim, or appealed under the provisions of Article 17.

15.08 *Correction Period*

A. If within one year after the date of Substantial Completion (or such longer period of time as may be prescribed by the Supplementary Conditions or the terms of any applicable special guarantee required by the Contract Documents), Owner gives Contractor written notice that any Work has been found to be defective, or that Contractor's repair of any damages to the Site or adjacent areas has been found to be defective, then after receipt of such notice of defect Contractor shall promptly, without cost to Owner and in accordance with Owner's written instructions:

1. correct the defective repairs to the Site or such adjacent areas;

Copyright© 2018 National Society of Professional Engineers, American Council of Engineering Companies, and American Society of Civil Engineers. All rights reserved.

2. correct such defective Work;

3. remove the defective Work from the Project and replace it with Work that is not defective, if the defective Work has been rejected by Owner, and

4. satisfactorily correct or repair or remove and replace any damage to other Work, to the work of others, or to other land or areas resulting from the corrective measures.

B. Owner shall give any such notice of defect within 60 days of the discovery that such Work or repairs is defective. If such notice is given within such 60 days but after the end of the correction period, the notice will be deemed a notice of defective Work under Paragraph 7.17.B.

C. If, after receipt of a notice of defect within 60 days and within the correction period, Contractor does not promptly comply with the terms of Owner's written instructions, or in an emergency where delay would cause serious risk of loss or damage, Owner may have the defective Work corrected or repaired or may have the rejected Work removed and replaced. Contractor shall pay all costs, losses, and damages (including but not limited to all fees and charges of engineers, architects, attorneys, and other professionals and all court or arbitration or other dispute resolution costs) arising out of or relating to such correction or repair or such removal and replacement (including but not limited to all costs of repair or replacement of work of others). Contractor's failure to pay such costs, losses, and damages within 10 days of invoice from Owner will be deemed the start of an event giving rise to a Claim under Paragraph 12.01.B, such that any related Claim must be brought within 30 days of the failure to pay.

D. In special circumstances where a particular item of equipment is placed in continuous service before Substantial Completion of all the Work, the correction period for that item may start to run from an earlier date if so provided in the Specifications.

E. Where defective Work (and damage to other Work resulting therefrom) has been corrected or removed and replaced under this paragraph, the correction period hereunder with respect to such Work will be extended for an additional period of one year after such correction or removal and replacement has been satisfactorily completed.

F. Contractor's obligations under this paragraph are in addition to all other obligations and warranties. The provisions of this paragraph are not to be construed as a substitute for, or a waiver of, the provisions of any applicable statute of limitation or repose.

ARTICLE 16—SUSPENSION OF WORK AND TERMINATION

16.01 *Owner May Suspend Work*

A. At any time and without cause, Owner may suspend the Work or any portion thereof for a period of not more than 90 consecutive days by written notice to Contractor and Engineer. Such notice will fix the date on which Work will be resumed. Contractor shall resume the Work on the date so fixed. Contractor shall be entitled to an adjustment in the Contract Price or an extension of the Contract Times directly attributable to any such suspension. Any Change Proposal seeking such adjustments must be submitted no later than 30 days after the date fixed for resumption of Work.

Copyright© 2018 National Society of Professional Engineers, American Council of Engineering Companies, and American Society of Civil Engineers. All rights reserved.

16.02 *Owner May Terminate for Cause*

A. The occurrence of any one or more of the following events will constitute a default by Contractor and justify termination for cause:

1. Contractor's persistent failure to perform the Work in accordance with the Contract Documents (including, but not limited to, failure to supply sufficient skilled workers or suitable materials or equipment, or failure to adhere to the Progress Schedule);

2. Failure of Contractor to perform or otherwise to comply with a material term of the Contract Documents;

3. Contractor's disregard of Laws or Regulations of any public body having jurisdiction; or

4. Contractor's repeated disregard of the authority of Owner or Engineer.

B. If one or more of the events identified in Paragraph 16.02.A occurs, then after giving Contractor (and any surety) 10 days' written notice that Owner is considering a declaration that Contractor is in default and termination of the Contract, Owner may proceed to:

1. declare Contractor to be in default, and give Contractor (and any surety) written notice that the Contract is terminated; and

2. enforce the rights available to Owner under any applicable performance bond.

C. Subject to the terms and operation of any applicable performance bond, if Owner has terminated the Contract for cause, Owner may exclude Contractor from the Site, take possession of the Work, incorporate in the Work all materials and equipment stored at the Site or for which Owner has paid Contractor but which are stored elsewhere, and complete the Work as Owner may deem expedient.

D. Owner may not proceed with termination of the Contract under Paragraph 16.02.B if Contractor within 7 days of receipt of notice of intent to terminate begins to correct its failure to perform and proceeds diligently to cure such failure.

E. If Owner proceeds as provided in Paragraph 16.02.B, Contractor shall not be entitled to receive any further payment until the Work is completed. If the unpaid balance of the Contract Price exceeds the cost to complete the Work, including all related claims, costs, losses, and damages (including but not limited to all fees and charges of engineers, architects, attorneys, and other professionals) sustained by Owner, such excess will be paid to Contractor. If the cost to complete the Work including such related claims, costs, losses, and damages exceeds such unpaid balance, Contractor shall pay the difference to Owner. Such claims, costs, losses, and damages incurred by Owner will be reviewed by Engineer as to their reasonableness and, when so approved by Engineer, incorporated in a Change Order. When exercising any rights or remedies under this paragraph, Owner shall not be required to obtain the lowest price for the Work performed.

F. Where Contractor's services have been so terminated by Owner, the termination will not affect any rights or remedies of Owner against Contractor then existing or which may thereafter accrue, or any rights or remedies of Owner against Contractor or any surety under any payment bond or performance bond. Any retention or payment of money due Contractor by Owner will not release Contractor from liability.

G. If and to the extent that Contractor has provided a performance bond under the provisions of Paragraph 6.01.A, the provisions of that bond will govern over any inconsistent provisions of Paragraphs 16.02.B and 16.02.D.

Copyright© 2018 National Society of Professional Engineers, American Council of Engineering Companies, and American Society of Civil Engineers. All rights reserved.

16.03 *Owner May Terminate for Convenience*

A. Upon 7 days' written notice to Contractor and Engineer, Owner may, without cause and without prejudice to any other right or remedy of Owner, terminate the Contract. In such case, Contractor shall be paid for (without duplication of any items):

1. completed and acceptable Work executed in accordance with the Contract Documents prior to the effective date of termination, including fair and reasonable sums for overhead and profit on such Work;

2. expenses sustained prior to the effective date of termination in performing services and furnishing labor, materials, or equipment as required by the Contract Documents in connection with uncompleted Work, plus fair and reasonable sums for overhead and profit on such expenses; and

3. other reasonable expenses directly attributable to termination, including costs incurred to prepare a termination for convenience cost proposal.

B. Contractor shall not be paid for any loss of anticipated profits or revenue, post-termination overhead costs, or other economic loss arising out of or resulting from such termination.

16.04 *Contractor May Stop Work or Terminate*

A. If, through no act or fault of Contractor, (1) the Work is suspended for more than 90 consecutive days by Owner or under an order of court or other public authority, or (2) Engineer fails to act on any Application for Payment within 30 days after it is submitted, or (3) Owner fails for 30 days to pay Contractor any sum finally determined to be due, then Contractor may, upon 7 days' written notice to Owner and Engineer, and provided Owner or Engineer do not remedy such suspension or failure within that time, terminate the contract and recover from Owner payment on the same terms as provided in Paragraph 16.03.

B. In lieu of terminating the Contract and without prejudice to any other right or remedy, if Engineer has failed to act on an Application for Payment within 30 days after it is submitted, or Owner has failed for 30 days to pay Contractor any sum finally determined to be due, Contractor may, 7 days after written notice to Owner and Engineer, stop the Work until payment is made of all such amounts due Contractor, including interest thereon. The provisions of this paragraph are not intended to preclude Contractor from submitting a Change Proposal for an adjustment in Contract Price or Contract Times or otherwise for expenses or damage directly attributable to Contractor's stopping the Work as permitted by this paragraph.

ARTICLE 17—FINAL RESOLUTION OF DISPUTES

17.01 *Methods and Procedures*

A. *Disputes Subject to Final Resolution*: The following disputed matters are subject to final resolution under the provisions of this article:

1. A timely appeal of an approval in part and denial in part of a Claim, or of a denial in full, pursuant to Article 12; and

2. Disputes between Owner and Contractor concerning the Work, or obligations under the Contract Documents, that arise after final payment has been made.

Copyright© 2018 National Society of Professional Engineers, American Council of Engineering Companies, and American Society of Civil Engineers. All rights reserved.

B. *Final Resolution of Disputes*: For any dispute subject to resolution under this article, Owner or Contractor may:

1. elect in writing to invoke the dispute resolution process provided for in the Supplementary Conditions;
2. agree with the other party to submit the dispute to another dispute resolution process; or
3. if no dispute resolution process is provided for in the Supplementary Conditions or mutually agreed to, give written notice to the other party of the intent to submit the dispute to a court of competent jurisdiction.

ARTICLE 18—MISCELLANEOUS

18.01 *Giving Notice*

A. Whenever any provision of the Contract requires the giving of written notice to Owner, Engineer, or Contractor, it will be deemed to have been validly given only if delivered:

1. in person, by a commercial courier service or otherwise, to the recipient's place of business;
2. by registered or certified mail, postage prepaid, to the recipient's place of business; or
3. by e-mail to the recipient, with the words "Formal Notice" or similar in the e-mail's subject line.

18.02 *Computation of Times*

A. When any period of time is referred to in the Contract by days, it will be computed to exclude the first and include the last day of such period. If the last day of any such period falls on a Saturday or Sunday or on a day made a legal holiday by the law of the applicable jurisdiction, such day will be omitted from the computation.

18.03 *Cumulative Remedies*

A. The duties and obligations imposed by these General Conditions and the rights and remedies available hereunder to the parties hereto are in addition to, and are not to be construed in any way as a limitation of, any rights and remedies available to any or all of them which are otherwise imposed or available by Laws or Regulations, by special warranty or guarantee, or by other provisions of the Contract. The provisions of this paragraph will be as effective as if repeated specifically in the Contract Documents in connection with each particular duty, obligation, right, and remedy to which they apply.

18.04 *Limitation of Damages*

A. With respect to any and all Change Proposals, Claims, disputes subject to final resolution, and other matters at issue, neither Owner nor Engineer, nor any of their officers, directors, members, partners, employees, agents, consultants, or subcontractors, shall be liable to Contractor for any claims, costs, losses, or damages sustained by Contractor on or in connection with any other project or anticipated project.

18.05 *No Waiver*

A. A party's non-enforcement of any provision will not constitute a waiver of that provision, nor will it affect the enforceability of that provision or of the remainder of this Contract.

Copyright© 2018 National Society of Professional Engineers, American Council of Engineering Companies, and American Society of Civil Engineers. All rights reserved.

18.06 *Survival of Obligations*

A. All representations, indemnifications, warranties, and guarantees made in, required by, or given in accordance with the Contract, as well as all continuing obligations indicated in the Contract, will survive final payment, completion, and acceptance of the Work or termination of the Contract or of the services of Contractor.

18.07 *Controlling Law*

A. This Contract is to be governed by the law of the state in which the Project is located.

18.08 *Assignment of Contract*

A. Unless expressly agreed to elsewhere in the Contract, no assignment by a party to this Contract of any rights under or interests in the Contract will be binding on the other party without the written consent of the party sought to be bound; and, specifically but without limitation, money that may become due and money that is due may not be assigned without such consent (except to the extent that the effect of this restriction may be limited by law), and unless specifically stated to the contrary in any written consent to an assignment, no assignment will release or discharge the assignor from any duty or responsibility under the Contract.

18.09 *Successors and Assigns*

A. Owner and Contractor each binds itself, its successors, assigns, and legal representatives to the other party hereto, its successors, assigns, and legal representatives in respect to all covenants, agreements, and obligations contained in the Contract Documents.

18.10 *Headings*

A. Article and paragraph headings are inserted for convenience only and do not constitute parts of these General Conditions.

EJCDC® C-800, Supplementary Conditions of the Construction Contract.
Copyright© 2018 National Society of Professional Engineers, American Council of Engineering Companies, and American Society of Civil Engineers. All rights reserved.
Modified to include RD edits from RUS Bulletin 1780-26 (6/16/2020).

SUPPLEMENTARY CONDITIONS OF THE CONSTRUCTION CONTRACT

These Supplementary Conditions amend or supplement EJCDC® C-700, Standard General Conditions of the Construction Contract (2018). The General Conditions remain in full force and effect except as amended.

The terms used in these Supplementary Conditions have the meanings stated in the General Conditions. Additional terms used in these Supplementary Conditions have the meanings stated below, which are applicable to both the singular and plural thereof.

The address system used in these Supplementary Conditions is the same as the address system used in the General Conditions, with the prefix "SC" added—for example, “Paragraph SC-4.05.”

ARTICLE 1—DEFINITIONS AND TERMINOLOGY

SC-1.01.A.8 – Add the following at the end of the Paragraph:

The Change Order form to be used on this Project is EJCDC C-941 (2018). Agency approval is required before Change Orders are effective.

SC-1.01.A.50 – Add the following at the end of the Paragraph:

The Work Change Directive form to be used on this Project is EJCDC C-940 (2018). Agency approval is required before a Work Change Directive is issued.

ARTICLE 2—PRELIMINARY MATTERS

2.01 Delivery of Bonds and Evidence of Insurance

SC-2.01 Delete Paragraphs 2.01.B. and C. in their entirety and insert the following in their place:

B. Evidence of Contractor’s Insurance: When Contractor delivers the signed counterparts of the Agreement to Owner, Contractor shall also deliver to Owner copies of the policies (including all endorsements, and identification of applicable self-insured retentions and deductibles) of insurance required to be provided by Contractor in this Contract. Contractor may block out (redact) any confidential premium or pricing information contained in any policy or endorsement furnished under this provision.

C. Evidence of Owner’s Insurance: After receipt from Contractor of the signed counterparts of the Agreement and all required bonds and insurance documentation, if Contractor requests, Owner shall promptly deliver to Contractor copies of the policies of insurance to be provided by Owner in this Contract (if any). Owner may block out (redact) any confidential premium or pricing information contained in any policy or endorsement furnished under this provision.

Copyright© 2018 National Society of Professional Engineers, American Council of Engineering Companies, and American Society of Civil Engineers. All rights reserved.

SC-2.06 Delete Paragraphs 2.06.B and 2.06.C in their entirety and insert the following in their place:

B. Electronic Documents Protocol: The parties shall conform to the following provisions in Paragraphs 2.06.B and 2.06.C, together referred to as the Electronic Documents Protocol ("EDP" or "Protocol") for exchange of electronic transmittals.

1. Basic Requirements

a. To the fullest extent practical, the parties agree to and will transmit and accept Electronic Documents in an electronic or digital format using the procedures described in this Protocol. Use of the Electronic Documents and any information contained therein is subject to the requirements of this Protocol and other provisions of the Contract.

b. The contents of the information in any Electronic Document will be the responsibility of the transmitting party.

c. Electronic Documents as exchanged by this Protocol may be used in the same manner as the printed versions of the same documents that are exchanged using non-electronic format and methods, subject to the same governing requirements, limitations, and restrictions, set forth in the Contract Documents.

d. Except as otherwise explicitly stated herein, the terms of this Protocol will be incorporated into any other agreement or subcontract between a party and any third party for any portion of the Work on the Project, or any Project-related services, where that third party is, either directly or indirectly, required to exchange Electronic Documents with a party or with Engineer. Nothing herein will modify the requirements of the Contract regarding communications between and among the parties and their subcontractors and consultants.

e. When transmitting Electronic Documents, the transmitting party makes no representations as to long term compatibility, usability, or readability of the items resulting from the receiving party's use of software application packages, operating systems, or computer hardware differing from those established in this Protocol.

f. Nothing herein negates any obligation 1) in the Contract to create, provide, or maintain an original printed record version of Drawings and Specifications, signed and sealed according to applicable Laws and Regulations; 2) to comply with any applicable Law or Regulation governing the signing and sealing of design documents or the signing and electronic transmission of any other documents; or 3) to comply with the notice requirements of Paragraph 18.01 of the General Conditions.

2. System Infrastructure for Electronic Document Exchange

a. Each party will provide hardware, operating system(s) software, internet, e-mail, and large file transfer functions ("System Infrastructure") at its own cost and sufficient for complying with the EDP requirements. With the exception of minimum standards set forth in this EDP, and any explicit system requirements

Copyright© 2018 National Society of Professional Engineers, American Council of Engineering Companies, and American Society of Civil Engineers. All rights reserved.

specified by attachment to this EDP, it is the obligation of each party to determine, for itself, its own System Infrastructure.

1) The maximum size of an email attachment for exchange of Electronic Documents under this EDP is **10** MB. Attachments larger than that may be exchanged using large file transfer functions or physical media.

2) Each Party assumes full and complete responsibility for any and all of its own costs, delays, deficiencies, and errors associated with converting, translating, updating, verifying, licensing, or otherwise enabling its System Infrastructure, including operating systems and software, for use with respect to this EDP.

b. Each party is responsible for its own system operations, security, back-up, archiving, audits, printing resources, and other Information Technology ("IT") for maintaining operations of its System Infrastructure during the Project, including coordination with the party's individual(s) or entity responsible for managing its System Infrastructure and capable of addressing routine communications and other IT issues affecting the exchange of Electronic Documents.

c. Each party will operate and maintain industry-standard, industry-accepted, ISO-standard, commercial-grade security software and systems that are intended to protect the other party from: software viruses and other malicious software like worms, trojans, adware; data breaches; loss of confidentiality; and other threats in the transmission to or storage of information from the other parties, including transmission of Electronic Documents by physical media such as CD/DVD/flash drive/hard drive. To the extent that a party maintains and operates such security software and systems, it shall not be liable to the other party for any breach of system security.

d. In the case of disputes, conflicts, or modifications to the EDP required to address issues affecting System Infrastructure, the parties shall cooperatively resolve the issues; but, failing resolution, the Owner is authorized to make and require reasonable and necessary changes to the EDP to effectuate its original intent. If the changes cause additional cost or time to Contractor, not reasonably anticipated under the original EDP, Contractor may seek an adjustment in price or time under the appropriate process in the Contract.

e. Each party is responsible for its own back-up and archive of documents sent and received during the term of the contract under this EDP, unless this EDP establishes a Project document archive, either as part of a mandatory Project website or other communications protocol, upon which the parties may rely for document archiving during the specified term of operation of such Project document archive. Further, each party remains solely responsible for its own post-Project back-up and archive of Project documents after the term of the Contract, or after termination of the Project document archive, if one is established, for as long as required by the Contract and as each party deems necessary for its own purposes.

Copyright© 2018 National Society of Professional Engineers, American Council of Engineering Companies, and American Society of Civil Engineers. All rights reserved.

f. If a receiving party receives an obviously corrupted, damaged, or unreadable Electronic Document, the receiving party will advise the sending party of the incomplete transmission.

g. The parties will bring any non-conforming Electronic Documents into compliance with the EDP. The parties will attempt to complete a successful transmission of the Electronic Document or use an alternative delivery method to complete the communication.

h. The Owner will operate a Project information management system (also referred to in this EDP as "Project Website") for use of Owner, Engineer and Contractor during the Project for exchange and storage of Project-related communications and information. Except as otherwise provided in this EDP or the General Conditions, use of the Project Website by the parties as described in this Paragraph will be mandatory for exchange of Project documents, communications, submittals, and other Project-related information. The following conditions and standards will govern use of the Project Website:

1) Describe the period of time during which the Project Website will be operated and be available for reliance by the parties;

2) Provide any minimum system infrastructure, software licensing and security standards for access to and use of the Project Website;

3) Describe the types and extent of services to be provided at the Project Website (such as large file transfer, email, communication and document archives, etc.); and

4) Include any other Project Website attributes that may be pertinent to Contractor's use of the facility and pricing of such use.

C. Software Requirements for Electronic Document Exchange; Limitations

1. Each party will acquire the software and software licenses necessary to create and transmit Electronic Documents and to read and to use any Electronic Documents received from the other party (and if relevant from third parties), using the software formats required in this section of the EDP.

a. Prior to using any updated version of the software required in this section for sending Electronic Documents to the other party, the originating party will first notify and receive concurrence from the other party for use of the updated version or adjust its transmission to comply with this EDP.

2. The parties agree not to intentionally edit, reverse engineer, decrypt, remove security or encryption features, or convert to another format for modification purposes any Electronic Document or information contained therein that was transmitted in a software data format, including Portable Document Format (PDF), intended by sender not to be modified, unless the receiving party obtains the permission of the sending party or is citing or quoting excerpts of the Electronic Document for Project purposes.

3. Software and data formats for exchange of Electronic Documents will conform to the requirements set forth in Exhibit A to this EDP, including software versions, if listed.

SC-2.06 Supplement Paragraph 2.06 of the General Conditions by adding the following paragraph:

D. Requests by Contractor for Electronic Documents in Other Formats

1. Release of any Electronic Document versions of the Project documents in formats other than those identified in the Electronic Documents Protocol (if any) or elsewhere in the Contract will be at the sole discretion of the Owner.

2. To extent determined by Owner, in its sole discretion, to be prudent and necessary, release of Electronic Documents versions of Project documents and other Project information requested by Contractor ("Request") in formats other than those identified in the Electronic Documents Protocol (if any) or elsewhere in the Contract will be subject to the provisions of the Owner's response to the Request, and to the following conditions to which Contractor agrees:

a. The content included in the Electronic Documents created by Engineer and covered by the Request was prepared by Engineer as an internal working document for Engineer's purposes solely, and is being provided to Contractor on an "AS IS" basis without any warranties of any kind, including, but not limited to any implied warranties of fitness for any purpose. As such, Contractor is advised and acknowledges that the content may not be suitable for Contractor's application, or may require substantial modification and independent verification by Contractor. The content may include limited resolution of models, not-to-scale schematic representations and symbols, use of notes to convey design concepts in lieu of accurate graphics, approximations, graphical simplifications, undocumented intermediate revisions, and other devices that may affect subsequent reuse.

b. Electronic Documents containing text, graphics, metadata, or other types of data that are provided by Engineer to Contractor under the request are only for convenience of Contractor. Any conclusion or information obtained or derived from such data will be at the Contractor's sole risk and the Contractor waives any claims against Engineer or Owner arising from use of data in Electronic Documents covered by the Request.

c. Contractor shall indemnify and hold harmless Owner and Engineer and their subconsultants from all claims, damages, losses, and expenses, including attorneys' fees and defense costs arising out of or resulting from Contractor's use, adaptation, or distribution of any Electronic Documents provided under the Request.

d. Contractor agrees not to sell, copy, transfer, forward, give away or otherwise distribute this information (in source or modified file format) to any third party without the direct written authorization of Engineer, unless such distribution is specifically identified in the Request and is limited to Contractor's subcontractors. Contractor warrants that subsequent use by Contractor's subcontractors complies with all terms of the Contract Documents and Owner's response to Request.

3. In the event that Owner elects to provide or directs the Engineer to provide to Contractor any Contractor-requested Electronic Document versions of Project

Copyright© 2018 National Society of Professional Engineers, American Council of Engineering Companies, and American Society of Civil Engineers. All rights reserved.

information that is not explicitly identified in the Contract Documents as being available to Contractor, the Owner shall be reimbursed by Contractor on an hourly basis for any engineering costs necessary to create or otherwise prepare the data in a manner deemed appropriate by Engineer.

ARTICLE 3—CONTRACT DOCUMENTS: INTENT, REQUIREMENTS, REUSE

3.01 Intent

SC-3.01 Add the following new subparagraph after Paragraph 3.01.A:

1. Requirements stated in the following CSI MasterFormat® divisions apply to Technical Sections.
    a. Division 00 – Procurement and Contracting Requirements, from Document 00500 and higher.
    b. Division 01 – General Requirements.

ARTICLE 4—COMMENCEMENT AND PROGRESS OF THE WORK

SC-4.01.A – Delete the last sentence of paragraph.

4.05 Delays in Contractor's Progress

SC-4.05 Amend Paragraph 4.05.C by adding the following subparagraphs:

5. Weather-Related Delays
    a. If "abnormal weather conditions" as set forth in Paragraph 4.05.C.2 of the General Conditions are the basis for a request for an equitable adjustment in the Contract Times, such request must be documented by data substantiating each of the following: 1) that weather conditions were abnormal for the period of time in which the delay occurred, 2) that such weather conditions could not have been reasonably anticipated, and 3) that such weather conditions had an adverse effect on the Work as scheduled. Extreme or unusual weather that is typical for a given region, elevation, or season should not be considered abnormal weather conditions. Requests for time extensions due to abnormal weather conditions will be submitted to the Engineer within five days of the end of the abnormal weather condition event. It is the responsibility of the Contractor to provide the information listed in SC 4.05.C.5.b.
    b. The existence of abnormal weather conditions will not relieve Contractor of the obligation to demonstrate and document that delays caused by abnormal weather are specific to the planned work activities or that such activities thus delayed were on Contractor's then-current Progress Schedule's critical path for the Project.

ARTICLE 5—SITE, SUBSURFACE AND PHYSICAL CONDITIONS, HAZARDOUS ENVIRONMENTAL CONDITIONS

5.03 Subsurface and Physical Conditions

Copyright© 2018 National Society of Professional Engineers, American Council of Engineering Companies, and American Society of Civil Engineers. All rights reserved.

SC-5.03 Add the following new paragraphs immediately after Paragraph 5.03.D:

E. The following table lists the reports of explorations and tests of subsurface conditions at or adjacent to the Site that contain Technical Data, and specifically identifies the Technical Data in the report upon which Contractor may rely:

Report Title	Date of Report	Technical Data
Geotechnical Engineering Services Report, Canyon Road Water Treatment Plant Additions	9/1/2020	Recommendations for foundation design, slab support, pavement design, and site grading
Geotechnical Engineering Services Report, Canyon Road Water Treatment Plant Additions, Addendum 1	10/8/2020	Additional foundation alternative for flocculation motor control building

F. The following table lists the drawings of existing physical conditions at or adjacent to the Site, including those drawings depicting existing surface or subsurface structures at or adjacent to the Site (except Underground Facilities), that contain Technical Data, and specifically identifies the Technical Data upon which Contractor may rely: **[If there are no such drawings, so indicate in the table.]**

Drawings Title	Date of Drawings	Technical Data
Various drawings exist and can be made accessible to Contractor	Various	Various Technical Data

G. Contractor may examine copies of reports and drawings identified in SC-5.03.E and SC-5.03.F that were not included with the Bidding Documents on City of Santa Fe website, or may request copies from Engineer.

5.06 *Hazardous Environmental Conditions*

SC-5.06 Add the following new paragraphs immediately after Paragraph 5.06.A.3:

4. The following table lists the reports known to Owner relating to Hazardous Environmental Conditions at or adjacent to the Site, and the Technical Data (if any) upon which Contractor may rely: There are no reports known to Owner of

Copyright© 2018 National Society of Professional Engineers, American Council of Engineering Companies, and American Society of Civil Engineers. All rights reserved.

Hazardous Environmental Conditions, however, there are regular chemical deliveries to the site, some of which may be deemed hazardous.

ARTICLE 6—BONDS AND INSURANCE

WHERE A CONFLICT EXISTS BETWEEN THE INSURANCE REQUIREMENTS IN THE CONTRACT AND THOSE IN THE SUPPLEMENTARY CONDITIONS, THE MORE STRINGENT CONDITION (OR HIGHER LIMIT) SHALL BE REQUIRED.

6.01 Performance, Payment, and Other Bonds

SC-6.01 Add the following paragraphs immediately after Paragraph 6.01.A:

1. Required Performance Bond Form: The performance bond that Contractor furnishes will be in the form of EJCDC® C-610, Performance Bond (2010, 2013, or 2018 edition), or equivalent.
2. Required Payment Bond Form: The payment bond that Contractor furnishes will be in the form of EJCDC® C-615, Payment Bond (2010, 2013, or 2018 edition), or equivalent.

SC-6.01 Add the following paragraphs immediately after Paragraph 6.01.B:

SC-6.01 Add the following paragraphs immediately after Paragraph 6.01.B:

1. Contractor shall furnish a fully executed warranty bond issued in the form of EJCDC® C-612, Warranty Bond (2018) prior to or with the final application for payment, and in any event no later than 11 months after Substantial Completion.
2. The Warranty Bond must be in a bond amount of 25 percent of the final contract price.
3. The warranty bond period will extend to the end of the correction period, as specified in SC 15.08.A.
4. The warranty bond must be issued by the same surety that issues the performance bond required under Paragraph 6.01.A of the General Conditions.

6.02 Insurance—General Provisions

SC-6.02 Add the following paragraph immediately after Paragraph 6.02.B:

1. Contractor may obtain worker's compensation insurance from an insurance company that has not been rated by A.M. Best, provided that such company (a) is domiciled in the state in which the Project is located, (b) is certified or authorized as a worker's compensation insurance provider by the appropriate state agency, and (c) has been accepted to provide worker's compensation insurance for similar projects by the state within the last 12 months.

SC-6.02.E – Delete paragraph in its entirety and insert "Deleted".

6.03 Contractor's Insurance

Copyright© 2018 National Society of Professional Engineers, American Council of Engineering Companies, and American Society of Civil Engineers. All rights reserved.

SC-6.03 Delete the phrase "and the Engineer, and any individuals or entities identified" in Paragraph 6.03.C.1.

SC-6.03 Supplement Paragraph 6.03 with the following provisions in Paragraph 6.03.C.1: Owner shall be listed as City of Santa Fe, P.O. Box 909, Santa Fe, New Mexico 87504.

SC-6.03 Supplement Paragraph 6.03 with the following provisions after Paragraph 6.03.C.5:

E. Workers' Compensation and Employer's Liability: Contractor shall purchase and maintain workers' compensation and employer's liability insurance, including, as applicable, stop-gap employer's liability coverage for monopolistic states, and foreign voluntary workers' compensation (from available sources, notwithstanding the jurisdictional requirement of Paragraph 6.02.B of the General Conditions). **Note**: *** whichever is greater.** See table below.

Workers' Compensation and Related Policies	**Policy limits of not less than:**
Workers' Compensation	
State	Statutory or $500K*****
Applicable Federal (e.g., Longshoreman's)	Statutory
Foreign voluntary workers' compensation (employer's responsibility coverage), if applicable	Statutory

F. Commercial General Liability—Claims Covered: Contractor shall purchase and maintain commercial general liability insurance, covering all operations by or on behalf of Contractor, on an occurrence basis, against claims for:

1. damages because of bodily injury, sickness or disease, or death of any person other than Contractor's employees,
2. damages insured by reasonably available personal injury liability coverage, and
3. damages because of injury to or destruction of tangible property wherever located, including loss of use resulting therefrom.

G. Commercial General Liability—Form and Content: Contractor's commercial liability policy must be written on a 1996 (or later) Insurance Services Organization, Inc. (ISO) commercial general liability form (occurrence form) and include the following coverages and endorsements:

1. Products and completed operations coverage.
   a. Such insurance must be maintained for three years after final payment.
   b. Contractor shall furnish Owner and each other additional insured (as identified in the Supplementary Conditions or elsewhere in the Contract) evidence of continuation of such insurance at final payment and three years thereafter.
2. Blanket contractual liability coverage, including but not limited to coverage of Contractor's contractual indemnity obligations in Paragraph 7.18.

Copyright© 2018 National Society of Professional Engineers, American Council of Engineering Companies, and American Society of Civil Engineers. All rights reserved.

3. Severability of interests and no insured-versus-insured or cross-liability exclusions.
4. Underground, explosion, and collapse coverage.
5. Personal injury coverage.
6. Additional insured endorsements that include both ongoing operations and products and completed operations coverage through ISO Endorsements CG 20 10 10 01 and CG 20 37 10 01 (together). If Contractor demonstrates to Owner that the specified ISO endorsements are not commercially available, then Contractor may satisfy this requirement by providing equivalent endorsements.
7. For design professional additional insureds, ISO Endorsement CG 20 32 07 04 "Additional Insured—Engineers, Architects or Surveyors Not Engaged by the Named Insured" or its equivalent.

H. Commercial General Liability—Excluded Content: The commercial general liability insurance policy, including its coverages, endorsements, and incorporated provisions, must not include any of the following:

1. Any modification of the standard definition of "insured contract" (except to delete the railroad protective liability exclusion if Contractor is required to indemnify a railroad or others with respect to Work within 50 feet of railroad property).
2. Any exclusion for water intrusion or water damage.
3. Any provisions resulting in the erosion of insurance limits by defense costs other than those already incorporated in ISO form CG 00 01.
4. Any exclusion of coverage relating to earth subsidence or movement.
5. Any exclusion for the insured's vicarious liability, strict liability, or statutory liability (other than worker's compensation).
6. Any limitation or exclusion based on the nature of Contractor's work.
7. Any professional liability exclusion broader in effect than the most recent edition of ISO form CG 22 79.

I. Commercial General Liability—Minimum Policy Limits

Commercial General Liability	Policy limits of not less than:
General Aggregate	$ 2,000,000
Products—Completed Operations Aggregate	$ 2,000,000
Personal and Advertising Injury	$ 1,000,000
Bodily Injury and Property Damage—Each Occurrence	$ 2,000,000

J. Automobile Liability: Contractor shall purchase and maintain automobile liability insurance for damages because of bodily injury or death of any person or property damage arising out of the ownership, maintenance, or use of any motor vehicle. The automobile liability policy must be written on an occurrence basis.

Copyright© 2018 National Society of Professional Engineers, American Council of Engineering Companies, and American Society of Civil Engineers. All rights reserved.

Automobile Liability	Policy limits of not less than:
Combined Single Limit	
Combined Single Limit (Bodily Injury and Property Damage)	$ 1,000,000

K. Umbrella or Excess Liability: Contractor shall purchase and maintain umbrella or excess liability insurance written over the underlying employer's liability, commercial general liability, and automobile liability insurance described in the Paragraphs above. The coverage afforded must be at least as broad as that of each and every one of the underlying policies.

Excess or Umbrella Liability	Policy limits of not less than:
Each Occurrence	$ 5,000,000
General Aggregate	$ 5,000,000

L. Using Umbrella or Excess Liability Insurance to Meet CGL and Other Policy Limit Requirements: Contractor may meet the policy limits specified for employer's liability, commercial general liability, and automobile liability through the primary policies alone, or through combinations of the primary insurance policy's policy limits and partial attribution of the policy limits of an umbrella or excess liability policy that is at least as broad in coverage as that of the underlying policy, as specified herein. If such umbrella or excess liability policy was required under this Contract, at a specified minimum policy limit, such umbrella or excess policy must retain a minimum limit of $**[specify amount]** after accounting for partial attribution of its limits to underlying policies, as allowed above.

M. Contractor's Pollution Liability Insurance: Contractor shall purchase and maintain a policy covering third-party injury and property damage, including cleanup costs, as a result of pollution conditions arising from Contractor's operations and completed operations. This insurance must be maintained for no less than three years after final completion.

Contractor's Pollution Liability	Policy limits of not less than:
Each Occurrence/Claim	$ 1,000,000
General Aggregate	$ 2,000,000

N. Contractor's Professional Liability Insurance: If Contractor will provide or furnish professional services under this Contract, through a delegation of professional design services or otherwise, then Contractor shall be responsible for purchasing and maintaining applicable professional liability insurance. This insurance must cover negligent acts, errors, or omissions in the performance of professional design or related services by the insured or others for whom the insured is legally liable. The insurance must be maintained throughout the duration of the Contract and for a minimum of two

Copyright© 2018 National Society of Professional Engineers, American Council of Engineering Companies, and American Society of Civil Engineers. All rights reserved.

years after Substantial Completion. The retroactive date on the policy must pre-date the commencement of furnishing services on the Project.

If Contractor will not be providing professional services under this contract, a waiver must be obtained from Owner.

Contractor's Professional Liability (if required)	Policy limits of not less than:
Each Claim	$ 1,000,000
Annual Aggregate	$ 1,000,000

6.04 Builder's Risk and Other Property Insurance

SC-6.04 Delete Paragraph 6.04.A and insert the following in its place:

A. Owner shall purchase and maintain builder's risk insurance upon the Work on a completed value basis, in the amount of the Work's full insurable replacement cost (subject to such deductible amounts as may be provided in the Supplementary Conditions or required by Laws and Regulations). The specific requirements applicable to the builder's risk insurance are set forth in the Supplementary Conditions.

SC-6.04 Supplement Paragraph 6.04 of the General Conditions with the following provisions:

F. Builder's Risk Requirements: The builder's risk insurance must:

1. be written on a builder's risk "all risk" policy form that at a minimum includes insurance for physical loss or damage to the Work, temporary buildings, falsework, and materials and equipment stored and in transit, and must not exclude the coverage of the following risks: fire; windstorm; hail; flood; earthquake, volcanic activity, and other earth movement; lightning; riot; civil commotion; terrorism; vehicle impact; aircraft; smoke; theft; vandalism and malicious mischief; mechanical breakdown, boiler explosion, and artificially generated electric current; collapse; explosion; debris removal; demolition occasioned by enforcement of Laws and Regulations; and water damage (other than that caused by flood).

    a. Such policy will include an exception that results in coverage for ensuing losses from physical damage or loss with respect to any defective workmanship, methods, design, or materials exclusions.

    b. If insurance against mechanical breakdown, boiler explosion, and artificially generated electric current; earthquake, volcanic activity, and other earth movement; or flood, are not commercially available under builder's risk policies, by endorsement or otherwise, such insurance will be provided through other insurance policies acceptable to Owner and Contractor.

2. cover, as insured property, at least the following: (a) the Work and all materials, supplies, machinery, apparatus, equipment, fixtures, and other property of a similar nature that are to be incorporated into or used in the preparation, fabrication, construction, erection, or completion of the Work, including Owner-furnished or assigned property; (b) spare parts inventory required within the scope of the Contract; and (c) temporary works which are not intended to form part of the

Copyright© 2018 National Society of Professional Engineers, American Council of Engineering Companies, and American Society of Civil Engineers. All rights reserved.

permanent constructed Work but which are intended to provide working access to the Site, or to the Work under construction, or which are intended to provide temporary support for the Work under construction, including scaffolding, form work, fences, shoring, falsework, and temporary structures.

3. cover expenses incurred in the repair or replacement of any insured property (including but not limited to fees and charges of contractors, engineers, and architects).

4. extend to cover damage or loss to insured property while in temporary storage at the Site or in a storage location outside the Site (but not including property stored at the premises of a manufacturer or Supplier).

5. extend to cover damage or loss to insured property while in transit.

6. allow for the waiver of the insurer's subrogation rights, as set forth in this Contract.

7. allow for partial occupancy or use by Owner by endorsement, and without cancellation or lapse of coverage.

8. include performance/hot testing and start-up, if applicable.

9. be maintained in effect until the Work is complete, as set forth in Paragraph 15.06.D of the General Conditions, or until written confirmation of Owner's procurement of property insurance following Substantial Completion, whichever occurs first.

10 include as named insureds the Owner, Contractor, Subcontractors (of every tier), and any other individuals or entities required by this Contract to be insured under such builder's risk policy. For purposes of Paragraphs 6.04, 6.05, and 6.06 of the General Conditions, and this and all other corresponding Supplementary Conditions, the parties required to be insured will be referred to collectively as "insureds."

11. include, in addition to the Contract Price amount, the value of the following equipment and materials to be installed by the Contractor but furnished by the Owner or third parties:

    a. **NONE**

SC-6.04 Supplement Paragraph 6.04 of the General Conditions with the following provisions:

H. Builder's Risk and Other Property Insurance Deductibles: The purchaser of any required builder's risk, installation floater, or other property insurance will be responsible for costs not covered because of the application of a policy deductible.

1. The builder's risk policy (or if applicable the installation floater) will be subject to a deductible amount of no more than $**10,000** for direct physical loss in any one occurrence.

ARTICLE 7—CONTRACTOR'S RESPONSIBILITIES

7.03 Labor; Working Hours

Copyright© 2018 National Society of Professional Engineers, American Council of Engineering Companies, and American Society of Civil Engineers. All rights reserved.

SC-7.03 Add the following new subparagraphs immediately after Paragraph 7.03.C:

1. Regular working hours will be 7:00 AM to 6 PM, Monday through Saturday. Work on Saturdays will be permitted, notwithstanding Paragraph 7.03.C.
2. Contractor may perform Work on Sundays or legal holidays in the case of an emergency or with Owner's prior written consent, which will not be unreasonably withheld.
3. Contractor agrees to respect the quiet nature of the surrounding residential community and exercise due diligence in keeping noise to a minimum.

SC-7.03 Add the following new paragraph immediately after Paragraph 7.03.C:

D. **Contractor** shall be responsible for the cost of any overtime pay or other expense incurred by the Owner for Engineer's services (including those of the Resident Project Representative, if any), Owner's representative, and construction observation services, occasioned by the performance of Work on Saturday, Sunday, any legal holiday, or as overtime on any regular work day. If Contractor is responsible but does not pay, or if the parties are unable to agree as to the amount owed, then Owner may impose a reasonable set-off against payments due under Article 15.

SC-7.05.A.1.a.3 – Amend the last sentence of Paragraph a.3 by striking out "and;" and adding a period at the end of Paragraph a.3.

SC-7.05.A.1.a.4 – Delete paragraph in its entirety and insert "Deleted."

SC-7.06.A.3.a.2 – Remove "and" from the end of paragraph.

SC-7.06.A.3.a.3 – Add "; and" to the end of paragraph.

SC-7.07.A – Amend by adding the following to the end of the paragraph:

The total amount of work subcontracted by the Contractor shall not exceed fifty percent of the Contract price without prior approval from the Owner, Engineer and Agency.

SC-7.08.B – Delete section in its entirety and insert "Deleted."

SC-7.08.C – Delete section in its entirety and insert "Deleted."

ARTICLE 8—OTHER WORK AT THE SITE

No suggested Supplementary Conditions in this Article.

ARTICLE 9—OWNER'S RESPONSIBILITIES

9.13 Communications to Contractor

A. Except as otherwise provided in these General Conditions, Owner shall issue all communications to Contractor through Construction Manager.

B. Construction Manager will establish and implement procedures including testing, reviewing and processing requests for information, clarifications, and interpretations of the Contract Documents; show drawings, samples, and other submittals; schedule

Copyright© 2018 National Society of Professional Engineers, American Council of Engineering Companies, and American Society of Civil Engineers. All rights reserved.

adjustments; Change Order proposals; written proposals for substitutions; payment applications; and maintenance of logs.

ARTICLE 10—ENGINEER'S STATUS DURING CONSTRUCTION

10.03 Resident Project Representative

SC-10.03 Add the following new paragraphs immediately after Paragraph 10.03.B:

C. The Resident Project Representative (RPR) will be Engineer's representative at the Site. RPR's dealings in matters pertaining to the Work in general will be with Engineer and Contractor. RPR's dealings with Subcontractors will only be through or with the full knowledge or approval of Contractor. The RPR will:

1. *Conferences and Meetings:* Attend meetings with Contractor, such as preconstruction conferences, progress meetings, job conferences, and other Project-related meetings (but not including Contractor's safety meetings), and as appropriate prepare and circulate copies of minutes thereof.

2. *Safety Compliance:* Comply with Site safety programs, as they apply to RPR, and if required to do so by such safety programs, receive safety training specifically related to RPR's own personal safety while at the Site.

3. *Liaison*

   a. Serve as Engineer's liaison with Contractor. Working principally through Contractor's authorized representative or designee, assist in providing information regarding the provisions and intent of the Contract Documents.

   b. Assist Engineer in serving as Owner's liaison with Contractor when Contractor's operations affect Owner's on-Site operations.

   c. Assist in obtaining from Owner additional details or information, when required for Contractor's proper execution of the Work.

4. *Review of Work; Defective Work*

   a. Conduct on-site observations of the Work to assist Engineer in determining, to the extent set forth in Paragraph 10.02, if the Work is in general proceeding in accordance with the Contract Documents.

   b. Observe whether any Work in place appears to be defective.

   c. Observe whether any Work in place should be uncovered for observation, or requires special testing, inspection or approval.

5. *Inspections and Tests*

   a. Observe Contractor-arranged inspections required by Laws and Regulations, including but not limited to those performed by public or other agencies having jurisdiction over the Work.

   b. Accompany visiting inspectors representing public or other agencies having jurisdiction over the Work.

6. *Payment Requests:* Review Applications for Payment with Contractor.

Copyright© 2018 National Society of Professional Engineers, American Council of Engineering Companies, and American Society of Civil Engineers. All rights reserved.

7. *Completion*

   a. Participate in Engineer's visits regarding Substantial Completion.

   b. Assist in the preparation of a punch list of items to be completed or corrected.

   c. Participate in Engineer's visit to the Site in the company of Owner and Contractor regarding completion of the Work, and prepare a final punch list of items to be completed or corrected by Contractor.

   d. Observe whether items on the final punch list have been completed or corrected.

D. The RPR will not:

1. Authorize any deviation from the Contract Documents or substitution of materials or equipment (including "or-equal" items).

2. Exceed limitations of Engineer's authority as set forth in the Contract Documents.

3. Undertake any of the responsibilities of Contractor, Subcontractors, or Suppliers.

4. Advise on, issue directions relative to, or assume control over any aspect of the means, methods, techniques, sequences or procedures of construction.

5 Advise on, issue directions regarding, or assume control over security or safety practices, precautions, and programs in connection with the activities or operations of Owner or Contractor.

6. Participate in specialized field or laboratory tests or inspections conducted off-site by others except as specifically authorized by Engineer.

7. Authorize Owner to occupy the Project in whole or in part.

ARTICLE 11—CHANGES TO THE CONTRACT

11.01.B. Add "and must be approved by the City's Governing Body" to the end of the paragraph.

ARTICLE 12—CLAIMS

No suggested Supplementary Conditions in this Article.

ARTICLE 13—COST OF WORK; ALLOWANCES, UNIT PRICE WORK

13.01 Cost of the Work

SC-13.01 Supplement Paragraph 13.01.B.5.c.(2) by adding the following sentence:

The equipment rental rate book that governs the included costs for the rental of machinery and equipment owned by Contractor (or a related entity) under the Cost of the Work provisions of this Contract is the most current edition of Equipment Rental Rate Blue Book by Equipment Watch.

Copyright© 2018 National Society of Professional Engineers, American Council of Engineering Companies, and American Society of Civil Engineers. All rights reserved.

SC-13.01 Supplement Paragraph 13.01.C.2 by adding the following definition of small tools and hand tools:

For purposes of this paragraph, "small tools and hand tools" means any tool or equipment whose current price if it were purchased new at retail would be less than $1,000.

13.03 Unit Price Work

SC-13.03 Delete Paragraph 13.03.E in its entirety and insert the following in its place:

E. Adjustments in Unit Price

1. Contractor or Owner shall be entitled to an adjustment in the unit price with respect to an item of Unit Price Work if:

   a. the extended price of a particular item of Unit Price Work amounts to ten percent or more of the Contract Price (based on estimated quantities at the time of Contract formation) and the variation in the quantity of that particular item of Unit Price Work actually furnished or performed by Contractor differs by more than [number] percent from the estimated quantity of such item indicated in the Agreement; and

   b. Contractor's unit costs to perform the item of Unit Price Work have changed materially and significantly as a result of the quantity change.

2. The adjustment in unit price will account for and be coordinated with any related changes in quantities of other items of Work, and in Contractor's costs to perform such other Work, such that the resulting overall change in Contract Price is equitable to Owner and Contractor.

3. Adjusted unit prices will apply to all units of that item.

ARTICLE 14—TESTS AND INSPECTIONS; CORRECTION, REMOVAL, OR ACCCEPTANCE OF DEFECTIVE WORK

No suggested Supplementary Conditions in this Article.

ARTICLE 15—PAYMENTS TO CONTRACTOR, SET OFFS; COMPLETIONS; CORRECTION PERIOD

15.01 Progress Payments

SC-15.01.D.1 – Delete paragraph in its entirety and insert the following in its place:

The Application for Payment with Engineer's recommendations will be presented to the Owner and Agency for consideration. If both the Owner and Agency find the Application for Payment acceptable, the recommended amount less any reduction under the provisions of Paragraph 15.01.E will become due thirty (30) days after the Application for

Copyright© 2018 National Society of Professional Engineers, American Council of Engineering Companies, and American Society of Civil Engineers. All rights reserved.
Modified to include RD edits from RUS Bulletin 1780-26 (6/16/2020).

Payment is presented to the Owner, and the Owner will make payment to the Contractor.

SC-15.01. Add the following new paragraph after 15.01.D.1:

2. The Contractor shall disburse money paid to him, including any interest received, subcontractors' and suppliers' prorated share of the payment for undisputed services to subcontractors and suppliers within seven (7) days after Contractor receives progress payment. The Contractor may withhold a portion of any partial payment to a subcontractor or supplier as may be set forth in a subcontract agreement.

SC-15.02.A – Amend paragraph by striking out the following text: "7 days after".

15.03 Substantial Completion

SC-15.03 Add the following new subparagraph to Paragraph 15.03.B:

1. If some or all of the Work has been determined not to be at a point of Substantial Completion and will require re-inspection or re-testing by Engineer, the cost of such re-inspection or re-testing, including the cost of time, travel and living expenses, will be paid by Contractor to Owner. If Contractor does not pay, or the parties are unable to agree as to the amount owed, then Owner may impose a reasonable set-off against payments due under this Article 15.

15.05 Final Completion

SC-15.05 Add the following new subparagraph to Paragraph 15.03.B:

1. If some or all of the Work has been determined not to be at a point of Final Completion and will require re-inspection or re-testing by Engineer, the cost of such re-inspection or re-testing, including the cost of time, travel and living expenses, will be paid by Contractor to Owner. If Contractor does not pay, or the parties are unable to agree as to the amount owed, then Owner may impose a reasonable set-off against payments due under this Article 15.

ARTICLE 16—SUSPENSION OF WORK AND TERMINATION

No suggested Supplementary Conditions in this Article.

ARTICLE 17—FINAL RESOLUTIONS OF DISPUTES

17.02 Public Works Mediation

SC-17.02 Add the following new paragraph immediately after Paragraph 17.01.

17.02 *Public Works Mediation*

A. All matters subject to final resolution under this Article will be settled by Public Works Mediation pursuant to the Public Works Mediation Act, NMSA 1978, secs. 13-4C-1 through 13-4C-11.

B. An interested person may convene a mediation session for the purpose of resolving disputes related to the performance of a public works project. Mediation of a dispute related to the performance of a public works project shall take place within thirty days

Copyright© 2018 National Society of Professional Engineers, American Council of Engineering Companies, and American Society of Civil Engineers. All rights reserved.
Modified to include RD edits from RUS Bulletin 1780-26 (6/16/2020).

after an interested person has provided notice of the mediation session to other interested persons.

C. When an interested person receives notice of a mediation session, that person may notify other interested persons of the mediation session. A person who receives notice of a mediation session shall provide notice:

(1) to other interested persons no later than five days following receipt of the original notice; and

(2) that other interested persons have been notified to the interested person who convened the mediation session no later than five days following receipt of the original notice.

D. An interested person providing notice of a mediation session shall include the following information within the notice:

(1) the name and mailing address of the mediator;

(2) the date, time and location of the mediation session;

(3) a brief summary of all issues concerning a dispute related to the performance of a public works project;

(4) a brief statement regarding an interested person's association to a dispute related to the performance of a public works project, when the interested person has been provided with notice of a mediation session; and

(5) the cost for an eight-hour mediation session and the responsibility for payment of the costs pursuant to the provisions of Section 13-4C-11 NMSA 1978.

E. Service of the notice required pursuant to the provisions of Subsection B of this section shall be made by:

(1) mailing a certified letter, return receipt requested, to an interested person's residence, principal office or place of business; or

(2) delivering a copy of the notice to interested persons.

F. Each interested person properly notified of a mediation session shall prepare a summary of his position relative to issues concerning a dispute related to the performance of a public works project. The summary shall not exceed four pages in length. The summary shall be provided to the mediator at least four days prior to the mediation session. A mediator may request additional information or materials from persons properly notified of the mediation session.

G. All interested persons or representatives of interested persons properly notified of a mediation session shall attend the session for a minimum of eight hours unless otherwise agreed to by all persons attending the session. An interested person or a representative of an interested person attending a mediation session shall have the authority to enter into a settlement of disputes related to the performance of a public works project. A person may be accompanied by an attorney during the mediation session.

H. Following the completion of a mediation session, the mediator shall record any agreements entered into by persons during the session. Agreements shall be recorded

Copyright© 2018 National Society of Professional Engineers, American Council of Engineering Companies, and American Society of Civil Engineers. All rights reserved.

in writing or by an audio or video tape recording; provided that all persons entering into the agreement shall indicate their assent to the agreement.

Evidence of offers to compromise a dispute or disclosures made during a mediation session shall not be admissible in subsequent judicial proceedings.

I. The costs of a mediation session shall be borne equally by all interested persons properly notified of a mediation session. When an interested person who has been properly notified of a mediation session fails to appear for that session or fails to remain for the duration of a session, that interested person shall be wholly responsible for the costs of the mediation session.

When a person files a lawsuit subsequent to exhausting the procedures set forth in the Public Works Mediation Act, the court may assess costs against any interested person who was properly notified of a mediation session and who failed to pay his share of the costs of the mediation session.

The mediator shall determine whether a person is an interested person for the purpose of sharing the costs of a mediation session.

ARTICLE 18— MISCELLANEOUS

Add the following new paragraph immediately after Paragraph 18.10.

18.11 Gratuities

A. If Owner finds after a notice and hearing that Contractor, or any of Contractor's agents or representatives, offered or gave gratuities (in the form of entertainment, gifts, or otherwise) to any official, employee, or agent of Owner or Agency in an attempt to secure this Contract or favorable treatment in awarding, amending, or making any determinations related to the performance of this Contract, Owner may, by written notice to Contractor, terminate this Contract. Owner may also pursue other rights and remedies that the law or this Contract provides. However, the existence of the facts on which Owner bases such findings shall be an issue and may be reviewed in proceedings under the dispute resolution provisions of this Contract.

B. In the event this Contract is terminated as provided in paragraph 19.04.A, Owner may pursue the same remedies against Contractor as it could pursue in the event of a breach of this Contract by Contractor. As a penalty, in addition to any other damages to which it may be entitled by law, Owner may pursue exemplary damages in an amount (as determined by Owner) which shall not be less than three nor more than ten times the costs Contractor incurs in providing any such gratuities to any such officer or employee.

18.12 Environmental Requirements

A. When constructing a Project involving trenching and/or other related earth excavations, Contractor shall comply with the following environmental conditions:

1. Wetlands – When disposing of excess, spoil, or other Construction Materials on public or private property, Contractor shall not fill in or otherwise convert wetlands.

Copyright© 2018 National Society of Professional Engineers, American Council of Engineering Companies, and American Society of Civil Engineers. All rights reserved.

2. Floodplains – When disposing of excess, spoil, or other Construction Materials on public or private property, Contractor shall not fill in or otherwise convert 100-year floodplain areas (Standard Flood Hazard Area) delineated on the latest Federal Emergency Management Agency Floodplain Maps, or other appropriate maps, e.g., alluvial soils on NRCS Soil Survey Maps.

3. Historic Preservation - Applicants shall ensure that Contractors maintain a copy of the following inadvertent discovery plan onsite for review:

    a. If during the course of any ground disturbance related to any Project, any post review discovery, including but not limited to, any artifacts, foundations, or other indications of past human occupation of the area are uncovered, shall be protected by complying with 36 CFR § 800.13(b)(3) and (c) and shall include the following:

        i. All Work, including vehicular traffic, shall immediately stop within a 50 ft. radius around the area of discovery. The Contractor shall ensure barriers are established to protect the area of discovery and notify the Engineer to contact the appropriate RD personnel. The Engineer shall engage a Secretary of the Interior (SOI) qualified professional archeologist to quickly assess the nature and scope of the discovery; implement interim measures to protect the discovery from looting and vandalism; and establish broader barriers if further historic and/or precontact properties, can reasonably be expected to occur.

        ii. The RD personnel shall notify the appropriate RD environmental staff member, the Federal Preservation Officer (FPO), and State Historic Preservation Office (SHPO) immediately. Indian tribe(s) or Native Hawaiian Organization (NHOs) that have an interest in the area of discovery shall be contacted immediately. The SHPO may require additional tribes or NHOs who may have an interest in the area of discovery also be contacted. The notification shall include an assessment of the discovery provided by the SOI qualified professional archeologist.

        iii. When the discovery contains burial sites or human remains, the Contractor shall immediately notify the appropriate RD personnel who will contact the RD environmental staff member, FPO, and the SHPO. The relevant law enforcement authorities shall be immediately contacted by onsite personnel to reduce delay times, in accordance with tribal, state, or local laws including 36 CFR Part 800.13; 43 CFR Part 10, Subpart B; and the Advisory Council on Historic Preservation's Policy Statement Regarding treatment of Burial Sites, Human Remains, or Funerary Objects (February 23, 2007).

Copyright© 2018 National Society of Professional Engineers, American Council of Engineering Companies, and American Society of Civil Engineers. All rights reserved.

iv. When the discovery contains burial sites or human remains, all construction activities, including vehicular traffic shall stop within a 100 ft. radius of the discovery and barriers shall be established. The evaluation of human remains shall be conducted at the site of discovery by a SOI qualified professional. Remains that have been removed from their primary context and where that context may be in question may be retained in a secure location, pending further decisions on treatment and disposition. RD may expand this radius based on the SOI professional's assessment of the discovery and establish broader barriers if further subsurface burial sites, or human remains can reasonably be expected to occur. RD, in consultation with the SHPO and interested tribes or NHOs, shall develop a plan for the treatment of native human remains.

v. Work may continue in other areas of the undertaking where no historic properties, burial sites, or human remains are present. If the inadvertent discovery appears to be a consequence of illegal activity such as looting, the onsite personnel shall contact the appropriate legal authorities immediately if the landowner has not already done so.

vi. Work may not resume in the area of the discovery until a notice to proceed has been issued by RD. RD shall not issue the notice to proceed until it has determined that the appropriate local protocols and consulting parties have been consulted.

vii. Inadvertent discoveries on federal and tribal land shall follow the processes required by the federal or tribal entity.

4. Endangered Species – Contractor shall comply with the Endangered Species Act, which provides for the protection of endangered and/or threatened species and critical habitat. Should any evidence of the presence of endangered and/or threatened species or their critical habitat be brought to the attention of Contractor, Contractor will immediately report this evidence to Owner and a representative of Agency. Construction shall be temporarily halted pending the notification process and further directions issued by Agency after consultation with the U.S. Fish and Wildlife Service.

INSTRUCTIONS FOR COMPLETING AFFIDAVIT OF WAGES PAID

GENERAL CONTRACTOR

1. Enter general contractor information and provide signature.
2. Enter State Wage Decision Number as listed in bid documents. (Example: BE 13-0123 B)
3. Enter project title - listed in bid documents.
4. Enter project physical address - exact location of project (job site).
5. Enter completion date of project.
6. All Affidavits' must be sent to the Contracting Agency.

SUB CONTRACTOR

1. Enter general contractor information, but general contractor signature is not needed.
2. Enter sub contractor information as indicated and provide signature.
3. Enter sub contractor completion date.

NOTE: A separate signed form is needed for each contractor.

2ND, 3rd, etc. TIER SUB CONTRACTOR

1. Enter sub contractor information, subcontractor signature is not needed.
2. Enter 2nd tier sub contractor information and provide signature.
3. Enter 2nd tier contract completion date.

(Revised 8/23/13)

1. Enter general contractor information, but general contractor signature is not needed.
2. Enter sub-contractor information as indicated and provide signature.
3. Enter sub-contractor contract amount.

NOTE: A separate signed form is needed for each contractor.

2ND TIER SUB CONTRACTOR

1. Enter general contractor information, but general contractor signature is not needed.
2. Enter sub-contractor information; subcontractor signature not needed.
3. Enter 2nd tier sub information and provide signature.
4. Enter 2nd tier contractors contract amount.

3RD TIER AND HIGHER CONTRACTOR

1. Attach a copy of this completed form & list the 3rd tier contractor information under the 2nd tier

Payroll Statement of Compliance

Wage Decision No.: _____

I, _____,
do hereby state:
(Name of Signatory Party) (Title)

(1) that I pay or supervise the payment of the persons employed by: -

_____
(Contractor or Subcontractor)
on the _____
(Name of Project)
that during the payroll period commencing on the _____day of_____, 20
and ending the
_____day of _____, 20___, all persons employed on said project have been paid the full weekly
wages earned, that no deductions have been or will be made either directly or indirectly to or on behalf of said
_____ from the full
weekly wages earned by any (Contractor or Subcontractor)
person, other than deductions permitted by law. Anyone found in violation of the NM Public Works Minimum Wage Act [13-4-11 to 13-4-17 NMSA 1978] could be subject to penalties and debarment.

(2) That any payrolls otherwise under this contract required to be submitted for the above period are correct and complete; that the wage rates for laborer or mechanic conform with the work he performed.

(3) That any apprentice(s) employed in the above period are duly registered in a bona fide apprenticeship program registered with the State Apprenticeship agency recognized by the Bureau of Apprenticeship & Training., US Dept.
of Labor, or properly enrolled in a bona fide training program approved for application on public works construction projects by the appropriate state (SAC) and/or federal agency(ies) (BAT) if and as required by law & applicable federal regulation.

(4) **FRINGE BENEFITS:** ***(Please Spell Out Any/All Acronyms)***

___(a) ARE PAID TO APPROVED PLAN, FUND, OR PROGRAM in addition to the basic hourly wage rates paid to each laborer or mechanic listed in the above-referenced payroll, payments of fringe benefits as
listed in the contract have been or will be made to appropriate program for the benefit of such employees.

If paid to an approved plan, fund, or program, please fill out name of program w/fringe breakdown per hour below:

Name of Program Used for Fringe Benefits:				
Pension =	**Health/Welfare =**	**Holiday/Vac. =**	**Life Ins. =**	**Training* =**
(If additional space is needed for more programs/fringe breakdowns, please attach a separate page.)				

FRINGE BENEFITS :
Pension
Health/Welfare
Holiday/Vacation
Life Insurance
Training (not Apprenticeship) *******

FRINGE BREAKDOWN SAMPLE:

Fringe Benefit:	Amount:
401(K) Plan	$8.98/hr.
Vacation	$2.23/hr.

___(b) **Paid to Union Program** - If paid to a Union and fringe benefits differ from employee to employee, and/ or job contract, please provide fringe breakdown for each employee and attach copy of Union contract.

___(c) ARE PAID IN CASH, each laborer or mechanic listed in the above-referenced payroll has been paid as indicated on the payroll, an amount not less than the sum of the applicable basic hourly wage rate plus the amount of the required fringe benefits as listed in the contract.

Section 13-1D-1 to Section 13-1D-8, NMSA 1978 provides for employers to agree to make contributions to
approved apprentice & training programs in New Mexico in which the employer is a participant to the public works apprentice and training fund administered by the Public Works Bureau of the Labor & Industrial Division
of the New Mexico State Department of Labor. Contributions shall be made in the same manner and in the same amount as apprentice and training contributions required pursuant to wage rate determinations made by the Labor & Industrial Division Director.

APPRENTICESHIP CONTRIBUTIONS: (Please check applicable blank)

___Check paid to: NM Public Works Apprenticeship & Training Fund - Public Works Bureau, Labor & Industrial Div.

___Check paid to: _____ _____

(Name & address of approved Apprenticeship & Training Program) (Program No.)

Print Name of Certifying Official: Signature of Certifying Official: Title & Phone No.: Date:

The willful falsification of any of the above statements may subject the contractor or subcontractor to civil or criminal prosecution. See Section 1001 of Title 18 and Section 231 of Title 31 of the United States Code.

Revised April/2006

City of Santa Fe
Official Notice of Award

***** Month Day, Year

***** Mr./Mrs./Ms. Name of Contract
***** SignatoryContractor Address
***** City, State, ZIP
***** Telephone

CIP Project Number 39115
Project: Canyon Road Water Treatment Plant Flocculation and Sedimentation Improvements

Dear ***** Mr./Mrs./Ms. Contract Signatory,

This letter shall serve as Notice of Award for the scope of services authorized under the pending Contract Between City and ***** for the above referenced project. Once fully executed by theCity of Santa Fe and recorded, a copy of the contract will be sent to you via e-mail along with a PurchaseOrder.

The City of Santa Fe Governing Body, at their meeting of *****, approved the Contract with***** in the amount of ***** dollars and ***** cents ($*****), inclusive of New Mexico Gross Receipts Tax, for the above referenced project.

The "Contract" sum is determined as follows:

Base Bid:	$*****
Alternates:	$*****
Allowances:	
Surety:	$*****
NMGRT:	$*****
Contract Amount:	$*****

Please submit the following required documents and information within ten (10) days of the receipt of thisnotice:

The required Bonds including:

Sealed original "Performance Bond" equal to one hundred percent (100%) of the"Contract" amount.

Sealed original "Labor and Materials Bond" or "Payment Bond" equal to one-hundred percent (100%) of the "Contract" amount.

A signed list of the proprietary names and the suppliers of principal items or systems ofmaterials and equipment proposed for the work.

A list signed by all Subcontractors proposed for the principal portions of the work. (SeeNMDWS requirements.)

Completed NMDWS Statement of Intent to Pay Prevailing Wages form(s) (within 10 days after receiving the NMDWS Notice of Award).

Comprehensive Project Schedule based on the TBD calendar day Substantial Completion deadline. This Schedule will subject to review and modification by the City dependent upon the contract administrative approvals and recording timeline and the Purchase Order approvaltimeline after City Council approval.

A list and justifications for any items that cannot be provided within the "Contract" time. Ifaccepted by the City, these items will not be required to achieve substantial completion,but must be completed within an extended deadline established by the Contractor at this time.

Failure to comply with these conditions within the specified time will entitle the City to consider the Contract abandoned, and to annul this "Notice of Award".

A Purchase Order will be issued to you with the Official Notice-to-Proceed to follow as soon as possible.Please reference this PO number on future correspondence and invoices.

Congratulations! We look forward to working with your company on this essential project!

CITY OF SANTA FE

Date: January 5, 2026

To: Governing Body

From: Carol Swenson, Public Works Business Operations Manager

Via: Sam Burnett, Interim Public Works Department Director SB

Matt Bonifer, Accounting Officer MB
MB (Jan 6, 2026 11:14:57 MST)

Subject: Capital Program Management

ACTION:
Request for Approval of a Budget Amendment Resolution (BAR) to Re-Appropriate $137,416 of the Unspent FY25 One-Time Appropriation from the General Fund Balance to FY26 Public Works Administration Professional Contracts for Capital Program Management (Sam Burnett, Interim Public Works Director, jsburnett@santafenm.gov).

BACKGROUND AND SUMMARY:
The Public Works Department has managed the annual ICIP process and legislative grants for the City since 2018. This contract will institutionalize that work using an experienced and proven contractor, New Mexico Grant Administration. The City currently has 74 active legislative grants with a value of $63M. Contractor will ensure efficient and transparent management of the ICIP process and legislative grant projects.

Governing Body approved a one-time FY25 appropriation of $400,000 for capital program services. Those funds were not spent, and this BAR reappropriates a portion of those funds for ICIP legislative grant administration services in FY26 by Public Works.

Subject: Siler Complex Fuel Station Remediation

Vendor Name: Advanced Environmental Solutions, Inc.

Vendor Number: 2079

ACTION:
Request for Approval of Amendment No. 1 to Construction Contract Item No. 25-0371 with Advanced Environmental Solutions, Inc. for Siler Complex Fuel Station Remediation to Extend the Term to March 31, 2026. (Marlisa B. Wilson, Public Works Project Manager, mbwilson@santafenm.gov)

CONTRACT NUMBER:
The original FY25 Munis Contract Number is 3250578.

BACKGROUND AND SUMMARY:
In August 2025, the Governing Body approved a construction contract with Advanced Environmental Solutions, Inc. (AES) to decommission and remediate the City's fuel station located at 1142 Siler Road. The removal activities and decommissioning work are making steady progress toward completion. However, there are potential delays in this last phase: analysis of subsurface conditions and potential remediation of contaminated soil will require additional time; state-required paperwork and fees associated with the disposal of contaminated material; and delays between tasks pending the return of analytical results. Therefore, the agreement with AES is being amended to extend the term from December 28, 2025, to March 31, 2026, to accommodate these final tasks, and there is no change in compensation.

A 30-Day Notification of Temporary Closure was filed with the State of New Mexico on February 18, 2025. A request for Permanent Closure was submitted and acknowledged by New Mexico Environment Department on October 13, 2025.

The project is funded through FY25 one-time funding. The contract includes a 25% contingency to accommodate some unforeseen soil remediation needs identified during excavation.

CITY OF SANTA FE, PUBLIC WORKS
AMENDMENT No. 1 TO
Contract No. 3250578

CONSTRUCTION CONTRACT

This AMENDMENT No. 1 (the "Amendment") amends the CITY OF SANTA FE CONTRACT, dated August 16, 2025 (the "Contract"), between the City of Santa Fe (the "City") and **Advanced Environmental Solutions Inc.** (the "Contractor"). The date of this Amendment shall be the date when it is executed by the City and the Contractor whichever occurs last.

RECITALS:

A. Under the terms of the Contract, Contractor has agreed to provide the closures and remediation work for the fuel station located at 1142 Siler Road.

B. Pursuant to Article 14 of the Contract, and for good and valuable consideration, the receipt and sufficiency of which are acknowledged by the parties, the City and the Contractor agree as follows:

1. TERM

Article 3 of the Contract is hereby deleted in its entirety and substitute the following Article 3 in its place:

THIS CONTRACT SHALL BECOME EFFECTIVE AUGUST 16, 2025. This contract shall terminate on March 31, 2026. Statewide Price Agreement No. 40-00000-23-00034 states: The term of this Price Agreement shall be for one (1) year from date of award with the option to extend for a period of two (2) additional years, on a year-to-year basis, by mutual agreement of all parties and approval of the New Mexico State Purchasing Agent at the same price, terms and conditions. This Price Agreement shall not exceed three (3) years.

B. CONTRACT IN FULL FORCE

Except as specifically provided in this Amendment, the Contract remains and shall remain in full force and effect, in accordance with its terms.

IN WITNESS WHEREOF, the parties have executed this Amendment No. 1 to the Contract as of the dates set forth below.

The FY25 Munis Contract Number is 3250578.

BACKGROUND AND SUMMARY:
The City has determined that the fuel station located at 1142 Siler Road is no longer a necessary municipal asset. Continued operation would require substantial capital investment to address aging infrastructure, outdated equipment, and ongoing maintenance and regulatory compliance costs. With the successful adoption of the City's Fleet Fuel Program utilizing WEX cards, the station has become functionally obsolete. Accordingly, the fueling system, including underground storage tanks, will be decommissioned and remediated.

The station has been in operation for over 36 years. Proactively decommissioning the facility will help the City avoid future risks associated with aging fuel infrastructure and unsupported systems. There is no data indicating whether the system leaked.

Staff has met with NMED to understand compliance and risks and is proceeding with recommended process for decommissioning and remediation. The underground tanks will be removed, and subsurface soil conditions are assessed to determine whether additional remediation is required.

The City submitted a 30-Day Notice of Temporary Closure to the State of New Mexico on February 18, 2025. This notice remains valid for one year.

Advanced Environmental Solutions (AES) has been contracted to perform the closure and remediation work. Their scope includes the excavation of asphalt and soil to expose and remove the three underground storage tanks. Soil samples will be collected from beneath the tanks and analyzed

to determine if leakage has occurred. If contamination is present, additional work will be required that may require a contract amendment.

The project is funded through FY25 one-time funding. The contract includes a 25% contingency to accommodate some unforeseen soil remediation needs identified during excavation.

Project completion is anticipated within six months of the notice to proceed.

CITY OF SANTA FE

CONSTRUCTION CONTRACT

THIS CONTRACT is made and entered into by and between the City of Santa Fe, New Mexico, hereinafter referred to as the "City," and **Advanced Environmental Solutions, Inc.**, hereinafter referred to as the "Contractor," and is effective as of the date set forth below upon which it is executed by the Parties.

RECITALS

WHEREAS, the City, through its Governing Body, is authorized to enter into a construction Contract for the project; and

WHEREAS, the City has procured this Contract according to the established State and Local Purchasing procedures for contracts of the type and amount; and

The City and the Contractor hereby agree as follows:

1. Scope of Work

A. The Contractor shall perform the following work:

1. Contractor will prepare and submit a 30-day notification of tanks removal to the NM Environmental Department for review and approval.
2. Contractor will notify New Mexico one Call and have the site spotted for all underground utilities which may require a private line locator sub-consultant to locate buried utilities in the excavation areas.
3. Provide and install temporary perimeter fencing.
4. Pump any remaining liquids from the tanks and place the fuel removed in UN Specification 55gl drums. The drums containing off-spec fuel will be marked and secured on-site pending profiling and disposal. An episodic EPA ID# will be required to properly dispose of the drums at a cost of $500 payable to NMED.
5. Demolish and remove the overhead canopy and transport for recycling/disposal.
6. Cut, remove and dispose of the removed concrete and asphalt from above the tanks, fuel lines and dispensers.
7. Excavate and expose the tanks, piping and dispensers. Remove the three UST's and disconnect all associate piping, drain and collect any residual fuel.
8. Remove the three UST's and disconnect all associate piping; drain and collect any residual fuel.
9. Rinse the interior of the tanks with fresh water. Pump the rinsate water from the tanks and place into UN Specification 55gl drums. The drums containing off-spec rinsate water will be marked and secured on-site pending profiling and disposal.

10. Inert the tanks utilizing CO2 or dry ice.
11. Cut a hole in each tank and inspect for residual sludge.
12. In the event there is waste present in the tanks, Contractor will collect any residual liquids/sludge from the tanks and collect into 55gl drums. Contractor will obtain representative samples of the sludge/fuel and relinquish to a certified Laboratory for BTEX/TPH/RCRA Metals analysis. Contractor will mark, secure and leave drums on site and provide the City of Santa Fe with pricing for subsequent disposal by Contractor.
13. Contractor will load, secure and transport tank shells on a Bill of Lading for recycling/disposal.
14. Remove the fuel dispensers, bollards and fuel island structures and transport for recycling/disposal.
15. Disconnect and remove the Veeder Root panel and associated conductor wire. Disconnect and remove any electrical conductor wires.
16. Contractor will collect the appropriate samples underneath and around the removed tanks, dispensers and related piping and relinquish the samples to a certified Laboratory for 8015B Total Petroleum Hydrocarbons analysis.
17. If the samples return confirming the excavation to be contaminated, Contractor will provide the City of Santa Fe with pricing for the proper removal and disposal of the contaminated soils.
18. If the results are confirmed to be Negative, Contractor will backfill and compact the site with clean backfill material.
19. Prepare the surface for re-paving.
20. Install 4" asphalt pavement over the fuel station footprint.

The Contractor shall be responsible for verifications of all conditions, measurements, and dimensions for bidding.

The Contractor shall be responsible for all permits, fees, and State inspections associated with the construction.

The Contractor shall comply with all applicable local, state, and federal laws and regulations.

2. Compensation

A. The City shall pay to the Contractor in full payment for services satisfactorily performed not to exceed two hundred twenty-four thousand two hundred four dollars and forty cents ($224,204.40), which includes a 25% contingency and New Mexico gross receipts tax of 8.1875%.

The Unit Bid Contract Total shall be paid as follows:

Base Quote	$165,789.50	
25% Contingency	$41,447.38	
Subtotal		$207,236.88
Gross Receipts Tax (8.1875%)		$16,967.52
Base Bid plus Contingency and NMGRT		$224,204.40

The total amount payable to the Contractor under this Contract shall not exceed two hundred twenty-four thousand two hundred four dollars and forty cents ($224,204.40). This amount is a maximum and not a guarantee that the work assigned to be performed by Contractor under this Contract shall equal the amount stated herein. The parties do not intend for the Contractor to continue to provide services without compensation when the total compensation amount is reached. Contractor is responsible for notifying the City when the services provided under this Contract reach the total compensation amount. In no event will the Contractor be paid for services provided in excess of the total compensation amount without this Contract being amended in writing prior to those services in excess of the total compensation amount being provided.

B. Payment is subject to availability of funds pursuant to the Appropriations Paragraph set forth below and to any negotiations between the parties from year to year pursuant to Paragraph 1, Scope of Work, and to approval by the City. All invoices MUST BE received by the City no later than thirty 30) days after the termination of the Fiscal Year in which the services were delivered. Invoices received after such date WILL NOT BE PAID.

C. Contractor must submit a detailed statement accounting for all services performed and expenses incurred. If the City finds that the services are not acceptable, within thirty days after the date of receipt of written notice from the Contractor that payment is requested, it shall provide the Contractor a letter of exception explaining the defect or objection to the services, and outlining steps the Contractor may take to provide remedial action. Upon certification by the City that the services have been received and accepted, payment shall be tendered to the Contractor within twenty-one days after the date of acceptance. If payment is made by mail, the payment shall be deemed tendered on the date it is postmarked.

D. If the City fails to pay the contractor within twenty-one days after receipt of an undisputed request for payment, the City shall pay interest to the contractor beginning on the twenty-second day after payment was due, computed at one and one-half percent of the undisputed amount per month or fraction of a month until the payment is issued. If the City receives an improperly completed invoice, the City shall notify the sender of the invoice within seven days of receipt in what way the invoice is improperly completed, and the owner has no further duty to pay on the improperly completed invoice until it is resubmitted as complete.

E. **Notice of Extended Payment Provision for Grant Funded Contracts**. This contract allows the City to make payment within 45 days after submission of an undisputed request for payment for contracts funded by grant money consistent with NMSA 1978, sec. 57-28-5(B).

3. Term

THIS CONTRACT SHALL NOT BECOME EFFECTIVE UNTIL APPROVED IN WRITING BY THE CITY. This contract shall terminate **December 28, 2025**. The City reserves the right to renew this contract on an annual basis by mutual agreement not to exceed a total of ten (10) years in accordance with NMSA 1978, Sections 13-1-150 through 152.

4. Termination

A. Grounds. The City may terminate this Contract for convenience or cause. For contracts within their authority, the City Manager or their designee is authorized to provide the notice of termination, otherwise such notice of termination shall be provided by the Mayor or their designee as authorized by the Governing Body. The Contractor may only terminate this Contract based upon the City's uncured, material breach of this Contract.

B. Notice; City Opportunity to Cure.

1) Except as otherwise provided in Paragraphs 7.A and 17, the City shall give Contractor written notice of termination at least thirty (30) days prior to the intended date of termination.

2) Contractor shall give City written notice of termination at least thirty (30) days prior to the intended date of termination, which notice shall (i) identify all the City's material breaches of this Contract upon which the termination is based and (ii) state what the City must do to cure such material breaches. Contractor's notice of termination shall only be effective (i) if the City does not cure all material breaches within the thirty (30) day notice period or (ii) in the case of material breaches that cannot be cured within thirty (30) days, the City does not, within the thirty (30) day notice period, notify the Contractor of its intent to cure and begin with due diligence to cure the material breach.

3) Notwithstanding the foregoing, this Contract may be terminated immediately upon written notice to the Contractor (i) if the Contractor becomes unable to perform the services contracted for, as determined by the City; (ii) if, during the term of this Contract, the Contractor is suspended or debarred by the City; or (iii) the Contract is terminated pursuant to Paragraph 5, "Appropriations," of this Contract.

C. Liability. Except as otherwise expressly allowed or provided under this Contract, the City's sole liability upon termination shall be to pay for acceptable work performed prior to the Contractor's receipt or issuance of a notice of termination; provided, however, that a notice of termination shall not nullify or otherwise affect either party's liability for pre-termination defaults under or breaches of this Contract. The Contractor shall submit an invoice for such work within thirty (30) days of receiving or sending the notice of termination. *THIS PROVISION IS NOT EXCLUSIVE AND DOES NOT WAIVE THE CITY'S OTHER LEGAL RIGHTS AND REMEDIES CAUSED BY THE CONTRACTOR'S DEFAULT/BREACH OF THIS CONTRACT.*

5. Appropriations

The terms of this Contract are contingent upon sufficient appropriations and authorization being made by the Governing Body for the performance of this Contract. If sufficient appropriations and authorization are not made by the Governing Body, this Contract shall terminate immediately upon written notice being given by the City to the Contractor. The City's decision as to whether sufficient appropriations are available shall be accepted by the Contractor and shall be final. If the City proposes an amendment to the Contract to unilaterally reduce funding, the Contractor shall have the option to terminate the Contract or to agree to the reduced funding, within thirty (30) days of receipt of the proposed amendment.

6. Status of Contractor

The Contractor and its agents and employees are independent contractors performing construction services for the City and are not employees of the City. The Contractor and its agents and employees shall not accrue leave, retirement, insurance, bonding, use of City vehicles, or any other benefits afforded to employees of the City as a result of this Contract. The Contractor acknowledges that all sums received hereunder are reportable by the Contractor for tax purposes, including without limitation, self-employment and business income tax. The Contractor agrees not to purport to bind the City unless the Contractor has express written authority to do so, and then only within the strict limits of that authority.

7. Construction Contract Performance and Payment Bond

A. When a construction contract is awarded in excess of twenty-five thousand dollars ($25,000), the following bonds or security shall be delivered to the City and shall become binding on the parties upon the execution of the contract. If the Contractor fails to deliver the required performance and payment bonds, the Contractor's bid shall be rejected, its bid security shall be enforced to the extent of actual damages. Award of the contract shall be made pursuant to the Procurement Code in the following manner:

1) a performance bond satisfactory to the City, executed by a surety company authorized to do business in this state and said surety to be approved in federal circular 570 as published by the United States treasury department or the state board of finance or the local governing authority, in an amount equal to one hundred percent of the price specified in the contract; and

2) a payment bond satisfactory to the City, executed by a surety company authorized to do business in this state and said surety to be approved in federal circular 570 as published by the United States treasury department or the state board of finance or the local governing authority, in an amount equal to one hundred percent of the price specified in the contract, for the protection of all persons supplying labor and material to the contractor or its subcontractors for the performance of the work provided for in the contract.

B. A subcontractor shall provide a performance and payment bond on a public works building project if the subcontractor's contract for work to be performed on a project is one hundred twenty-five thousand dollars ($125,000) or more.

8. Assignment

The Contractor shall not assign or transfer any interest in this Contract or assign any claims for money due or to become due under this Contract without the prior written approval of the City.

9. Subcontracting

The Contractor shall not subcontract any portion of the services to be performed under this Contract without the prior written approval of the City. No such subcontract shall relieve the primary Contractor from its obligations and liabilities under this Contract, nor shall any subcontract obligate direct payment from the City.

10. Release

Final payment of the amounts due under this Contract shall operate as a release of the City, its officers and employees from all liabilities, claims and obligations whatsoever arising from or under this Contract.

11. Confidentiality

Any confidential information provided to or developed by the Contractor in the performance of this Contract shall be kept confidential and shall not be made available to any individual or organization by the Contractor without the prior written approval of the City.

12. Product of Service -- Copyright

All materials developed or acquired by the Contractor under this Contract shall become the property of the City and shall be delivered to the City no later than the termination date of this Contract. Nothing developed or produced, in whole or in part, by the Contractor under this Contract shall be the subject of an application for copyright or other claim of ownership by or on behalf of the Contractor.

13. Conflict of Interest; Governmental Conduct Act

A. The Contractor represents and warrants that it presently has no interest and, during the term of this Contract, shall not acquire any interest, direct or indirect, which would conflict in any manner or degree with the performance or services required under the Contract.

B. The Contractor further represents and warrants that it has complied with, and, during the term of this Contract, will continue to comply with, and that this Contract complies with all applicable provisions of the Governmental Conduct Act, Chapter 10, Article 16 NMSA 1978.

C. Contractor's representations and warranties in Paragraphs A and B of this Article 12 are material representations of fact upon which the City relied when this Contract was entered into by the parties. Contractor shall provide immediate written notice to the City if, at any time during the term of this Contract, Contractor learns that Contractor's representations and warranties in Paragraphs A and B of this Article 12 were erroneous on the effective date of this Contract or have become erroneous by reason of new or changed circumstances. If it is later determined that Contractor's representations and warranties in Paragraphs A and B of this Article 12 were erroneous on the effective date of this Contract or have become erroneous by reason of new or changed circumstances, in addition to other remedies available to the City and notwithstanding anything in the Contract to the contrary, the City may immediately terminate the Contract.

D. All terms defined in the Governmental Conduct Act have the same meaning in this section.

14. Amendment

A. This Contract shall not be altered, changed or amended except by instrument in writing executed by the parties hereto and all other required signatories.

B. If the City proposes an amendment to the Contract to unilaterally reduce funding due to budget or other considerations, the Contractor shall, within thirty (30) days of receipt of the proposed Amendment, have the option to terminate the Contract, pursuant to the termination provisions as set forth in Article 4 herein, or to agree to the reduced funding.

15. Change Orders

A. Changes. The Contractor may only make changes or revisions within the Scope of Work as defined by Article 1 and/or Exhibit 1 after receipt of written approval by the City Manager or his/her designee. Such change may only be made to Tasks or Sub-Task as defined in the Scope of Work. Under no circumstance shall such change affect the:

1) Deliverable requirements, as outlined in the Scope of Work;
2) Due date of any Deliverable, as outlined in the Scope of Work;
3) Compensation of any Deliverable, as outlined in the Scope of Work;
4) Contract compensation, as outlined in Article 2; or
5) Contract termination, as outlined in Article 4.

B. Change Request Process. In the event that circumstances warrant a change to accomplish the Scope of Work as described above, a Change Request shall be submitted that meets the following criteria:

1) The Project Manager shall draft a written Change Request for review and approval by the City Manager to include:
   (a) the name of the person requesting the change;
   (b) a summary of the required change;
   (c) the start date for the change;
   (d) the reason and necessity for change;
   (e) the elements to be altered; and
   (f) the impact of the change.

2) The City Manager shall provide a written decision on the Change Request to the Contractor within a maximum of ten (10) Business Days of receipt of the Change Request. All decisions made by the City Manager are final. Change Requests, once approved, become a part of the Contract, and become binding as a part of the original Contract.

16. Merger

This Contract incorporates all the agreements, covenants, and understandings between the parties hereto concerning the subject matter hereof, and all such covenants, agreements and understandings have been merged into this written contract.

This Contract is issued against the state or agency Master Agreement, established and maintained by the State of New Mexico General Services Department Purchasing Division, SWPA 40-00000-23-00034, Amendment No. 2, and through this language hereby incorporates this Contract by reference and is included in the order of precedence.

No prior Agreement or understanding, oral or otherwise, of the parties or their agents shall be valid or enforceable unless embodied in this Contract.

17. Penalties for Violation of Law

NMSA 1978, sections 13-1-28 through 13-1-199, imposes civil and criminal penalties for its violation. In addition, the New Mexico criminal statutes impose felony penalties for illegal bribes, gratuities and kickbacks.

18. Equal Opportunity Compliance

The Contractor agrees to abide by all federal and state laws and rules and regulations, and Santa Fe City Code, pertaining to equal employment opportunity. In accordance with all such laws of the State of New Mexico, the Contractor assures that no person in the United States shall, on the grounds of race, religion, color, national origin, ancestry, sex, age, physical or mental handicap, or serious medical condition, spousal affiliation, sexual orientation or gender identity, be excluded from employment with or participation in, be denied the benefits of, or be otherwise subjected to discrimination under any program or activity performed under this Contract. If Contractor is found not to be in compliance with these requirements during the life of this Contract, Contractor agrees to take appropriate steps to correct these deficiencies.

19. Applicable Law

The laws of the State of New Mexico shall govern this Contract, without giving effect to its choice of law provisions. Venue shall be proper only in a New Mexico court of competent jurisdiction in accordance with NMSA 1978, section 38-3-2. By execution of this Contract, Contractor acknowledges and agrees to the jurisdiction of the courts of the State of New Mexico over any and all lawsuits arising under or out of any term of this Contract.

20. Workers' Compensation

The Contractor agrees to comply with state laws and rules applicable to workers compensation benefits for its employees. If the Contractor fails to comply with the Workers Compensation Act and applicable rules when required to do so, this Contract may be terminated by the City.

21. Other Insurance

If the services contemplated under this Contract will be performed on or in City facilities or property, Contractor shall maintain in force during the entire term of this Contract, the following insurance coverage(s), naming the City as additional insured.

A. **Commercial General Liability** insurance shall be written on an occurrence basis and be a broad as ISO Form CG 00 01 with limits not less than $2,000,000 per occurrence and $2,000,000 in the aggregate for claims against bodily injury, personal and advertising injury, and property damage. Said policy shall include broad form Contractual Liability coverage and be endorsed to name the City of Santa Fe their officials, officers, employees, and agents as additional insureds.

B. **Business Automobile Liability** insurance for all owned, non-owned automobiles, with a combined single limit not less than $1,000,000 per accident.

C. **Broader Coverage and Limits**. The insurance requirements under this Contract shall be the greater of (1) the minimum coverage and limits specified in this Contract, or (2) the broader coverage and maximum limits of coverage of any insurance policy or proceeds available to the Named Insured. It is agreed that these insurance requirements shall not in any way act to reduce coverage that is broader or that includes higher limits than the minimums required herein. No representation is made that the minimum insurance requirements of this Contract are sufficient to cover the obligations of Contractor hereunder.

D. Contractor shall maintain the above insurance for the term of this Contract and name the City as an additional insured and provide for 30 days cancellation notice on any Certificate of Insurance form furnished by Contractor. Such certificate shall also specifically state the coverage provided under the policy is primary over any other valid and collectible insurance and provide a waiver of subrogation.

22. Records and Financial Audit

The Contractor shall maintain detailed time and expenditure records that indicate the date; time, nature and cost of services rendered during the Contract's term and effect and retain them for a period of three (3) years from the date of final payment under this Contract. The records shall be subject to inspection by the City. The City shall have the right to audit billings both before and after payment. Payment under this Contract shall not foreclose the right of the City to recover excessive or illegal payments.

23. Indemnification

The Contractor shall indemnify, hold harmless, or insure the City, including its officers, employees or agents, against liability, claims, damages, losses or expenses, including attorney fees, only to the extent that the liability, damages, losses or costs are caused by, or arise out of, the acts or omissions of the indemnitor or its officers, employees or agents. In the event that any action, suit or proceeding related to the services performed by the Contractor or any officer, agent, employee, servant or subcontractor under this Contract is brought against the Contractor, the Contractor shall, as soon as practicable but no later than two (2) business days after it receives notice thereof, notify the legal counsel of the City.

24. New Mexico Tort Claims Act

Any liability incurred by the City of Santa Fe in connection with this Contract is subject to the immunities and limitations of the New Mexico Tort Claims Act, Section 41-4-1, et. seq. NMSA 1978, as amended. The City and its "public employees" as defined in the New Mexico Tort Claims Act, do not waive sovereign immunity, do not waive any defense and do not waive any limitation of liability pursuant to law. No provision in this Contract modifies or waives any provision of the New Mexico Tort Claims Act.

25. Invalid Term or Condition

If any term or condition of this Contract shall be held invalid or unenforceable, the remainder of this Contract shall not be affected and shall be valid and enforceable.

26. Enforcement of Contract

A party's failure to require strict performance of any provision of this Contract shall not waive or diminish that party's right thereafter to demand strict compliance with that or any other provision. No waiver by a party of any of its rights under this Contract shall be effective unless express and in writing, and no effective waiver by a party of any of its rights shall be effective to waive any other rights.

27. Notices

Any notice required to be given to either party by this Contract shall be in writing and shall be delivered in person, by courier service or by U.S. mail, either first class or certified, return receipt requested, postage prepaid, as follows:

To the City:
Marlisa Wilson
Project Manager
City of Santa Fe Public Works
2651 Siringo Road, Building E
PO Box 909
Santa Fe, NM 87504-0909
mbwilson@santafenm.gov
505-955-5937

To the Contractor
Douglas Roshau
Project Manager
Advanced Environmental Solutions, Inc.
2318 Roldan Drive
Belen, NM 87002
droshau@aesnm.com
505-861-1700

28. Authority

If Contractor is other than a natural person, the individual(s) signing this Contract on behalf of Contractor represents and warrants that he or she has the power and authority to bind Contractor, and that no further action, resolution, or approval from Contractor is necessary to enter into a binding contract.

29. Progress Payments

Based upon Application for Payment submitted to the City by the Contractor and Certificates for Payment issued by the City, the City shall make progress payments on account of the Contract sum to the Contractor as provided in the Contract documents for the period ending the last day of the month as follows:

Not later than twenty-one (21) days following the end of the period covered by the Application for Payment, one hundred percent (100%) of the portion of the Contract Sum properly allocable to labor, materials, and equipment incorporated in the work and one hundred percent (100%) of the portion of the Contract sum properly allocable to materials and equipment suitably stored at the site or some other location agreed upon in writing for the period covered by the Application for Payment, less the aggregate of previous payments made by the City; and upon substantial completion of the entire work, a sum sufficient to increase the total payments to one hundred percent (100%) of the Contract sum, less such amounts as the City shall determine for all incomplete work and unsettled claims as provided in the Contract documents.

30. Final Payment

Final payment, constituting the entire unpaid balance of the Contract sum, unless it is a disputed payment, shall be paid by the City to the Contractor within twenty-one (21) calendar days, after all deficiencies to the Contract document that were noted during the Substantial Completion Inspection and listed on the attachment to the Certificate of Substantial Completion have been corrected, and provided the Contract has been fully performed and a final Certificate for Payment has been issued by the City. In addition, the Contractor shall provide to the City a certified statement of Release of Lien (AIA Document G706A or approved form), Consent of Surety, Warranty from Prime Contractor, Warranties from Suppliers and Manufacturers, training sessions, equipment/operating manuals, and as-built drawings.

31. Schedule

The Contractor shall, within five (5) days after the effective date of Notice to Proceed, prepare and submit a progress schedule covering project operations for the 30-day Contract period. This progress schedule shall be of the type generally referred to as a Critical Path Method (CPM), Critical Path Schedule (CPS), and Critical Path Analysis (CPA), and other similar designations. The CPM shall be used to control the timing and sequences of the project. All work shall be done in accordance with the CPM Planning and Scheduling. A written statement of explanation shall be submitted with the progress schedule. All costs incurred by the contractor to implement the CPM shall be borne by the Contractor and are part of their Contract.

32. General and Special Provisions

A. Terms used in this Contract which are defined in the Conditions of the Contract shall have the meanings designated in those Conditions.

B. An enumeration of the Contractor's General Comprehensive Liability Insurance requirements appears in the General Conditions of the Contract for construction. Insurance requirements are also described in the Instructions to the Bidder section of the Project Manual. Contractor shall maintain adequate insurance in at least the maximum amounts, which the City

could be liable under the New Mexico Tort Claims Act and shall provide proof of such insurance coverage to the City. It is the sole responsibility of the Contractor to comply with the law.

C. This Contract shall not become effective until: (1) approved by the Governing Body; and (2) signed by all parties required to sign this Contract.

D. The Contractor shall maintain detailed time records which indicate the date, time and nature of services rendered. These records shall be subject to inspection by the City, the Department of Finance and Administration and the State Auditor. The City shall have the right to audit billings both before and after payment. Payment under this Contract shall not foreclose the right of the City to recover excessive illegal payments.

E. The Contractor warrants that the Contractor presently has no interest and shall not acquire any interest, direct or indirect, which would conflict in any manner or degree with the performance or services required under this Contract.

F. The Contractor hereby warrants that the Contractor complies with the Americans with Disabilities Act, 29 CFR 1630.

G. Gender, Singular/Plural. Words of any gender used in this Contract shall be held and construed to include any other gender, and words in the singular number shall be held to include the plural, unless the context otherwise requires.

H. Captions and Section Headings. The captions and section headings contained in this Contract are for convenience of reference only, and in no way limit, define, or enlarge the terms, scope, and conditions of this Contract.

I. Certificates and Documents Incorporated. All certificates and documentation required by the provisions of the Contract shall be attached to this Contract at the time of execution and are hereby incorporated by reference as though set forth in full in this Contract to the extent they are consistent with its conditions and terms.

J. Separability. If any clause or provision of this Contract is illegal, invalid or unenforceable under present or future laws effective during the term of this Contract, then and in that event, it is the intention of the parties hereto that the remainder of this Contract shall not be affected thereby.

K. Words and Phrases. Words, phrases, and abbreviations, which have well-known technical or trade meanings used in the Contract documents shall be used according to such recognized meaning. In the event of a conflict, the more stringent meaning shall govern.

L. Relationship of Contract Documents. The Contract Documents are complementary, and any requirement of one Contract Document shall be as binding as if required by all.

M. Pursuant to NMSA 1978, section 13-1-191, reference is hereby made to the Criminal Laws of New Mexico (including NMSA 1978, sections 30-14-1, 30-24-2, and 30-41-1 through 30-41-3) which prohibit bribes, kickbacks, and gratuities, violation of which constitutes a felony. Further,

the Procurement Code (NMSA 1978, sections 13-1-28 through 13-1-199) imposes civil and criminal penalties for its violation.

N. Pursuant to NMSA 1978, section 13-4-11. Reference is hereby made to the Minimum Wage on Public Works; weekly payments; posting wage scale; withholding funds.

IN WITNESS WHEREOF, the Parties have executed this Contract as of the date of the signature by the required approval authorities below.

Re: Closure of Siler Fuel Station **Proposal #: 250332DR**

Dear Ms. Wilson:

We understand this quotation is for providing tank removal notification to NMED to remove three underground fuel storage tanks at the Siler Fuel Station in Santa Fe, NM. Associated infrastructure will also be removed including underground piping, fuel islands, dispensers, Vender Root system, electrical conductors and the canopy. Also included is the fuel pumping, containment, transportation, and disposal, inerting the tanks' interior prior to tanks removal and transportation for recycling. This quote also includes soil sampling below the tanks and distribution pipelines. Following analytical results indicating the soil under the tanks is "clean", the excavation areas will be backfilled and wheel compacted and the entire fueling station "footprint" will be re-surfaced with 4" asphalt pavement.

The following general **Scope of Work** has been established for the safe and compliant completion of this project:

1. Advanced Environmental Solutions, Inc. (AES) will prepare and submit a 30-day notification of tanks removal to the NM Environmental Department for review and approval.
2. AES will notify New Mexico one Call and have the site spotted for buried utilities and possibly contact a private line locator to locate buried utilities in the excavation areas.
3. Provide and install temporary perimeter fencing.
4. Pump any remaining liquids from the tanks and place the fuel removed in UN Specification 55gl drums. The drums containing off-spec fuel will be marked and secured on-site pending profiling and disposal. An episodic EPA ID# will be required to properly dispose of the drums at a cost of $500 payable to NMED.
5. Demolish and remove the overhead canopy and transport for recycling/disposal.
6. Cut, remove and dispose of the removed concrete and asphalt from above the tanks, fuel lines and dispensers.
7. Excavate and expose the tanks, piping and dispensers. Remove the three UST's and disconnect all associate piping, drain and collect any residual fuel.
8. Remove the three UST's and disconnect all associate piping; drain and collect any residual fuel.
9. Rinse the interior of the tanks with fresh water. Pump the rinsate water from the tanks and place into UN Specification 55gl drums. The drums containing off-spec rinsate water will be marked and secured on-site pending profiling and disposal.
10. Inert the tanks utilizing CO2 or dry ice.
11. Cut a hole in each tank and inspect for residual sludge.
12. In the event there is waste present in the tanks, AES will collect any residual liquids/sludge from the tanks and collect into 55gl drums. AES will obtain representative samples of the sludge/fuel and relinquish to a certified Laboratory for BTEX/TPH/RCRA Metals analysis. AES will mark, secure and leave drums on site and provide the City of Santa Fe with pricing for subsequent disposal by AES.

13. AES will load, secure and transport tank shells on a Bill of Lading for recycling/disposal.
14. Remove the fuel dispensers, bollards and fuel island structures and transport for recycling/disposal.
15. Disconnect and remove the Veeder Root panel and associated conductor wire. Disconnect and remove any electrical conductor wires.
16. AES will collect the appropriate samples underneath and around the removed tanks, dispensers and related piping and relinquish the samples to a certified Laboratory for 8015B Total Petroleum Hydrocarbons analysis.
17. **If the samples return confirming the excavation to be contaminated, AES will provide the City of Santa Fe with pricing for the proper removal and disposal of the contaminated soils.**
18. If the results are confirmed to be Negative, AES will backfill and compact the site with clean backfill material.
19. Prepare the surface for re-paving.
20. Install 4" asphalt pavement over the fuel station footprint.

Thank you for the opportunity to submit this proposal. We appreciate your consideration and look forward to working with you.

Sincerely,

Douglas Roshau
Project Manager
Advanced Environmental Solutions, Inc.

April 4, 2025

QUOTATION

Re: Closure of Siler Fuel Station **Proposal #: 250332DR**

TERMS AND CONDITIONS/NOTES:

- Quote valid for 30 days.
- Payment Terms: Net 30 Days.
- Subject to weather and equipment availability, AES will mobilize within 10 days of written notice to proceed.
- City of Santa Fe will provide access and egress onto the site.
- AES will provide services at the direction of your field representative. We understand that he/she is authorized by you company to make changes to the above referenced Scope of Work unless otherwise noted.
- All AES staff will work using Level "D" personal protective equipment (PPE).

If this proposal is acceptable, please sign below and return a copy to us to complete execution. It is intended that all work performed on this project will be governed by terms, conditions, and pricing set forth in this Agreement. Any and all changes to the established Scope of Work and/or Quotation must be agreed to by both parties and accompanied by a signed Addendum.

Electronic Record and Signature Disclosure		

ELECTRONIC RECORD AND SIGNATURE DISCLOSURE

A. ELECTRONIC RECORD AND SIGNATURE DISCLOSURE (ERSD)

From time to time, New Mexico General Services Department (GSD), on behalf of the State of New Mexico (SONM), may be required by law to provide you with certain written notices or disclosures. Stated below are the terms and conditions for GSD's providing you such notices and disclosures electronically through the DocuSign system. Please read this information carefully. If you are able to access this information electronically and agree to **this Electronic Record and Signature Disclosure (ERSD)**, please confirm your agreement by selecting the check-box next to "I agree to use electronic records and signatures" before clicking "CONTINUE" within the DocuSign system.

B. Obtaining paper copies

At any time up to twenty (20) calendar days following your use of DocuSign to electronically sign a document, you may request a paper copy of any record provided or made available electronically to you by GSD. You will have the ability to download and print documents SONM sends you through the DocuSign system during and immediately after the signing session and, if you elect to create a DocuSign account, you may access the documents for a twenty (20) calendar day period after such documents are first sent to you. Following the twenty (20) day period, if you want GSD to send you paper copies of any such documents from GSD's office, you will be charged a $1.00 per-page fee plus postage. You may request delivery of such paper copies from GSD by following the procedure stated in Section H, below.

C. Withdrawing your consent

If you decide to receive notices and disclosures from GSD electronically, you may at any time change your mind and inform GSD you want to receive required notices and disclosures only in paper format. The procedure concerning how you may inform GSD of your decision to receive future notices and disclosures in paper format as well as withdraw your consent to receive notices and disclosures electronically is stated in Section D, immediately below.

D. Consequences of changing your mind

If you elect to receive required notices and disclosures only in paper format, it will slow the speed with which GSD will be able to complete certain steps in specific transactions and deliver paper copies to you. GSD will need: (1) to send the required notices or disclosures to you in paper format; and (2) wait until GSD receives your acknowledgment of your receipt of such paper notices or disclosures. Further, you will no longer be able to use the DocuSign system to receive required notices and consents electronically from SONM or to electronically sign documents generated and sent to you from SONM.

E. All notices and disclosures will be sent to you electronically

Unless you inform GSD otherwise according to these procedures, GSD will electronically provide you through the DocuSign system all required notices, disclosures, authorizations, acknowledgements and other documents that are required to be provided or made available to you during the course of your electronic signature relationship with SONM. To reduce the possibility of inadvertent non-receipt, GSD prefers to provide all required notices and disclosures by the same method and to the same email or physical address that you furnish to GSD. Thus, you may receive the disclosures and notices electronically or in paper form. If you do not agree with this procedure, please inform GSD according to the procedures stated in Section I, below. Please also refer to Section D, immediately above, which states the consequences resulting from your declination of electronic delivery of notices and disclosures.

F. How to contact GSD:

You may inform General Services Department (GSD) of any changes you select regarding State Purchasing Division's (SPD) electronic communications with you, to request paper copies of certain information from SPD, and to withdraw your prior consent to receive notices and disclosures electronically by emailing your request(s) to SPD at: *GSD.SPDinfo@state.nm.us*

G. To advise SPD of your new email address

To inform SPD of a change in the email address to which SPD sends you notices and disclosures electronically, you must send an email to SPD at *GSD.SPDinfo@state.nm.us* and in the body of such request you must include your previous and new email addresses.

H. To request paper copies from SPD

To request delivery of paper copies of electronic notices and disclosures that DocuSign and/or SPD have previously provided to you, you must send an email to SPD at *GSD.SPDinfo@state.nm.us* and in the body of your email request state your email address, full name, mailing address, and telephone number. SPD will charge you a $1.00 per page copy fee plus postage.

I. To withdraw your consent with SPD

To inform SPD that you no longer wish to receive notices and disclosures in electronic format you may:

(1) Decline to sign a document from within a signing session, and on the subsequent page, select the check-box indicating you wish to withdraw your consent, or you may:

(2) Send SPD an email to *GSD.SPDinfo@state.nm.us* and in the body of your request state your email address, full name, mailing address, and telephone number.

J. Required hardware and software

The minimum system requirements for using the DocuSign system may change over time. The current DocuSign system requirements may be found at:
https://support.docusign.com/guides/signer-guide-signing-system-requirements

K. Acknowledging your access and consent to receive and sign documents electronically

To confirm that you are able to electronically access the information contained in this Electronic Record and Signature Disclosure (ERSD), please confirm that you have: (1) read this ERSD, and either: (2) you are able to print on paper or electronically save this ERSD for your future reference and access; or (3) you are able to email this ERSD to an email address where you will be able to print this ERSD on paper and/or save this ERSD for your future reference and access. Further, if you consent to receiving notices and disclosures from DocuSign and/or SPD exclusively in electronic format, then select the check-box next to "I agree to use electronic records and signatures," before you click "CONTINUE" within the DocuSign system.

By selecting the check-box next to "I agree to use electronic records and signatures," you confirm that:

- You have read this Electronic Record and Signature Disclosure (ERSD); and
- You can print this ERSD on paper, or you can save and/ or send this ERSD to a location where you can print this ERSD, for your future reference and access; and
- Until or unless you notify SPD as stated in this ERSD, you consent to exclusively receive through electronic means all notices, disclosures, authorizations, acknowledgements, and other documents that are required to be provided or made available to you by SPD during the course of your electronic signature relationship with SPD.

Electronic Record and Signature Disclosure

ELECTRONIC RECORD AND SIGNATURE DISCLOSURE

A. ELECTRONIC RECORD AND SIGNATURE DISCLOSURE (ERSD)

From time to time, New Mexico General Services Department (GSD), on behalf of the State of New Mexico (SONM), may be required by law to provide you with certain written notices or disclosures. Stated below are the terms and conditions for GSD's providing you such notices and disclosures electronically through the DocuSign system. Please read this information carefully. If you are able to access this information electronically and agree to **this Electronic Record and Signature Disclosure (ERSD)**, please confirm your agreement by selecting the check-box next to "I agree to use electronic records and signatures" before clicking "CONTINUE" within the DocuSign system.

B. Obtaining paper copies

At any time up to twenty (20) calendar days following your use of DocuSign to electronically sign a document, you may request a paper copy of any record provided or made available electronically to you by GSD. You will have the ability to download and print documents SONM sends you through the DocuSign system during and immediately after the signing session and, if you elect to create a DocuSign account, you may access the documents for a twenty (20) calendar day period after such documents are first sent to you. Following the twenty (20) day period, if you want GSD to send you paper copies of any such documents from GSD's office, you will be charged a $1.00 per-page fee plus postage. You may request delivery of such paper copies from GSD by following the procedure stated in Section H, below.

C. Withdrawing your consent

If you decide to receive notices and disclosures from GSD electronically, you may at any time change your mind and inform GSD you want to receive required notices and disclosures only in paper format. The procedure concerning how you may inform GSD of your decision to receive future notices and disclosures in paper format as well as withdraw your consent to receive notices and disclosures electronically is stated in Section D, immediately below.

D. Consequences of changing your mind

If you elect to receive required notices and disclosures only in paper format, it will slow the speed with which GSD will be able to complete certain steps in specific transactions and deliver paper copies to you. GSD will need: (1) to send the required notices or disclosures to you in paper format; and (2) wait until GSD receives your acknowledgment of your receipt of such paper notices or disclosures. Further, you will no longer be able to use the DocuSign system to receive required notices and consents electronically from SONM or to electronically sign documents generated and sent to you from SONM.

E. All notices and disclosures will be sent to you electronically

Unless you inform GSD otherwise according to these procedures, GSD will electronically provide you through the DocuSign system all required notices, disclosures, authorizations, acknowledgements and other documents that are required to be provided or made available to you during the course of your electronic signature relationship with SONM. To reduce the possibility of inadvertent non-receipt, GSD prefers to provide all required notices and disclosures by the same method and to the same email or physical address that you furnish to GSD. Thus, you may receive the disclosures and notices electronically or in paper form. If you do not agree with this procedure, please inform GSD according to the procedures stated in Section I, below. Please also refer to Section D, immediately above, which states the consequences resulting from your declination of electronic delivery of notices and disclosures.

F. How to contact GSD:

You may inform General Services Department (GSD) of any changes you select regarding State Purchasing Division's (SPD) electronic communications with you, to request paper copies of certain information from SPD, and to withdraw your prior consent to receive notices and disclosures electronically by emailing your request(s) to SPD at: *GSD.SPDinfo@state.nm.us*

G. To advise SPD of your new email address

To inform SPD of a change in the email address to which SPD sends you notices and disclosures electronically, you must send an email to SPD at *GSD.SPDinfo@state.nm.us* and in the body of such request you must include your previous and new email addresses.

H. To request paper copies from SPD

To request delivery of paper copies of electronic notices and disclosures that DocuSign and/or SPD have previously provided to you, you must send an email to SPD at *GSD.SPDinfo@state.nm.us* and in the body of your email request state your email address, full name, mailing address, and telephone number. SPD will charge you a $1.00 per page copy fee plus postage.

I. To withdraw your consent with SPD

To inform SPD that you no longer wish to receive notices and disclosures in electronic format you may:

(1) Decline to sign a document from within a signing session, and on the subsequent page, select the check-box indicating you wish to withdraw your consent, or you may:

(2) Send SPD an email to *GSD.SPDinfo@state.nm.us* and in the body of your request state your email address, full name, mailing address, and telephone number.

J. Required hardware and software

The minimum system requirements for using the DocuSign system may change over time. The current DocuSign system requirements may be found at:
https://support.docusign.com/guides/signer-guide-signing-system-requirements

K. Acknowledging your access and consent to receive and sign documents electronically

To confirm that you are able to electronically access the information contained in this Electronic Record and Signature Disclosure (ERSD), please confirm that you have: (1) read this ERSD, and either: (2) you are able to print on paper or electronically save this ERSD for your future reference and access; or (3) you are able to email this ERSD to an email address where you will be able to print this ERSD on paper and/or save this ERSD for your future reference and access. Further, if you consent to receiving notices and disclosures from DocuSign and/or SPD exclusively in electronic format, then select the check-box next to "I agree to use electronic records and signatures," before you click "CONTINUE" within the DocuSign system.

By selecting the check-box next to "I agree to use electronic records and signatures," you confirm that:

- You have read this Electronic Record and Signature Disclosure (ERSD); and
- You can print this ERSD on paper, or you can save and/ or send this ERSD to a location where you can print this ERSD, for your future reference and access; and
- Until or unless you notify SPD as stated in this ERSD, you consent to exclusively receive through electronic means all notices, disclosures, authorizations, acknowledgements, and other documents that are required to be provided or made available to you by SPD during the course of your electronic signature relationship with SPD.

This Statewide Price Agreement is made subject to the "terms and conditions" as indicated on subsequent pages.

Accepted for the State of New Mexico

Natalie Martinez

Date: 12/29/2023

Dorothy Mendonca
New Mexico State Purchasing Agent

x **This Agreement was signed on behalf of the State Purchasing Agent**

MS

DocuSign Envelope ID: 9C0D0BCE-1F94-4323-9C4D-6BA4D233D2D9

Terms and Conditions

(Unless otherwise specified)

1. **General:** When the State Purchasing Agent or his/her designee issues a purchase document in response to the Vendor's bid, a binding contract is created.

2. **Variation in Quantity:** No variation in the quantity of any item called for by this order will be accepted unless such variation has been caused by conditions of loading, shipping, packing or allowances in manufacturing process and then only to the extent, if any, specified in this order.

3. **Assignment:**

a. Neither the order, nor any interest therein, nor any claim thereunder, shall be assigned or transferred by the Vendor, except as set forth in Subparagraph 3b or as expressly authorized in writing by the State Purchasing Agent or his/her designee. No such assignment or transfer shall relieve the Vendor from the obligations and liabilities under this order.

b. Vendor agrees that any and all claims for overcharge resulting from antitrust violations which are borne by the State as to goods, services, and materials purchased in connection with this bid are hereby assigned to the State.

4. **State Furnished Property:** State furnished property shall be returned to the State upon request in the same condition as received except for ordinary wear, tear and modifications ordered hereunder.

5. **Discounts:** Prompt payment discounts will not be considered in computing the low bid.

6. **Inspection:** Final inspection and acceptance will be made at the destination. Supplies rejected at the destination for nonconformance with specifications shall be removed at the Vendor's risk and expense, promptly after notice of rejection.

7. **Inspection of Plant:** The State Purchasing Agent or his/her designee may inspect, at any reasonable time, the part of the Contractor's, or any subcontractor's plant or place of business, which is related to the performance of this contract.

8. **Commercial Warranty:** The Vendor agrees that the supplies or services furnished under this order shall be covered by the most favorable commercial warranties the Vendor gives for such to any customer for such supplies or services. The rights and remedies provided herein shall extend to the State and are in addition to and do not limit any rights afforded to the State by any other clause of this order. **Vendor agrees not to disclaim warranties of fitness for a particular purpose of merchantability.**

9. **Taxes:** The unit price shall exclude all state taxes.

10. **Packing, Shipping and Invoicing:**

a. The State's purchasing document number and the Vendor's name, user's name and location shall be shown on each packing and delivery ticket, package, bill of lading and other correspondence in connection with the shipments. The user's count will be accepted by the Vendor as final and conclusive on all shipments not accompanied by a packing ticket.

b. The Vendor's invoice shall be submitted duly certified and shall contain the following information: order number, description of supplies or services, quantities, unit price and extended totals. Separate invoices shall be rendered for each and every complete shipment.

c. Invoices must be submitted to the using agency and NOT the State Purchasing Agent.

11. **Default:** The State reserves the right to cancel all or any part of this order without cost to the State, if the Vendor fails to meet the provisions of this order and, except as otherwise provided herein, to hold the Vendor liable for any excess cost occasioned by the State due to the Vendor's default. The Vendor shall not be liable for any excess costs if failure to perform the order arises out of causes beyond the control and without the fault or negligence of the Vendor, such causes include but are not restricted to, acts of God or the public enemy, acts of the State or Federal Government, fires, floods, epidemics, quarantine restrictions, strikes, freight embargoes, unusually severe weather and defaults of subcontractors due to any of the above, unless the State shall determine that the supplies or services to be furnished by

DocuSign Envelope ID: 9C0D0BCE-1F94-4323-9C4D-6BA4D233D2D9

the subcontractor were obtainable from other sources in sufficient time to permit the Vendor to meet the required delivery scheduled. The rights of the State provided in this paragraph shall not be exclusive and are in addition to any other rights now being provided by law or under this order.

12. **Non-Collusion:** In signing this bid the Vendor certifies he/she has not, either directly or indirectly, entered into action in restraint of free competitive bidding in connection with this offer submitted to the State Purchasing Agent or his/her designee.

13. **Nondiscrimination:** Vendor doing business with the State of New Mexico must be in compliance with the Federal Civil Rights Act of 1964 and Title VII of the Act (Rev. 1979) and the Americans with Disabilities Act of 1990 (Public Law 101-336).

14. **The Procurement Code:** Sections 13-1-28 through 13-1-199 NMSA 1978, imposes civil and criminal penalties for its violation. In addition the New Mexico criminal statutes impose felony penalties for bribes, gratuities and kickbacks.

15. **Items:** All bid items are to be NEW and of most current production, unless otherwise specified.

16. **Payment for Purchases:** Except as otherwise agreed to: late payment charges may be assessed against the user state agency in the amount and under the conditions set forth in Section 13-1-158 NMSA 1978.

17. **Workers' Compensation:** The Contractor agrees to comply with state laws and rules pertaining to Workers' Compensation benefits for its employees. If the Contractor fails to comply with Workers' Compensation Act and applicable rules when required to do so, this Agreement may be terminated by the contracting agency.

18. **Submission of Bid:** Bids must be submitted in a sealed envelope with the bid number and opening date clearly indicated on the bottom left hand side of the front of the envelope. Failure to label bid envelope will necessitate the premature opening of the bid in order to identify the bid number.

19. **Contractor Personnel**: Personnel proposed in the Contractor's written bid to the Procuring Agency are considered material to any work performed under this Price Agreement. Once a Purchase Order or contract has been executed, no changes of personnel will be made by the Contractor without prior written consent of the Procuring Agency. Replacement of any Contractor personnel, if approved, shall be with personnel of equal ability, experience, and qualifications. The Contractor will be responsible for any expenses incurred in familiarizing the replacement personnel to insure their being productive to the project immediately upon receiving assignments. Approval of replacement personnel shall not be unreasonably withheld. The Procuring Agency shall retain the right to request the removal of any of the Contractor's personnel at any time.

20. **Subcontracting:** The Contractor shall not subcontract any portion of the Price Agreement without the prior written approval of the Procuring Agency. No such subcontracting shall relieve the Contractor from its obligations and liabilities under this Price Agreement, nor shall any subcontracting obligate payment from the Agency.

21. **Records and Audit:** The Contractor shall maintain detailed time and expenditure records that indicate the date, time, nature, and cost of services rendered during this Price Agreement's term and effect, and retain them for a period of three (3) years from the date of final payment under this Price Agreement. The records shall be subject to inspection by the Agency, State Purchasing Division, Department of Finance and Administration, and for Information Technology contracts, State Chief Information Officer. The Agency shall have the right to audit billings, both before and after payment. Payment for services under this Price Agreement shall not foreclose the right of the Agency to recover excessive or illegal payments.

22. **Subcontracts:** The foregoing requirements for Contractor Personnel, Subcontracting, and Audit shall be inserted into all subcontracts from the prime contractor to the subcontractor.

New Mexico Employees Health Coverage

A. If Contractor has, or grows to, six (6) or more employees who work, or who are expected to work, an average of at least 20 hours per week over a six (6) month period during the term of the contract, Contractor certifies, by signing this agreement, to have in place, and agrees to maintain for the term of the contract, health insurance for its New Mexico

DocuSign Envelope ID: 9C0D0BCE-1F94-4323-9C4D-6BA4D233D2D9

Employees and offer that health insurance to its New Mexico Employees if the expected annual value in the aggregate of any and all contracts between Contractor and the State exceeds $250,000 dollars.

B. Contractor agrees to maintain a record of the number of its New Mexico Employees who have (a) accepted health insurance; (b) declined health insurance due to other health insurance coverage already in place; or (c) declined health insurance for other reasons. These records are subject to review and audit by a representative of the state.

C. Contractor agrees to advise all of its New Mexico Employees of the availability of State publicly financed health care coverage programs by providing each of its New Mexico Employees with, as a minimum, the following web site link to additional information: https://bewellnm.com.

D. For purposes of this Paragraph, the following terms have the following meanings:

(1) "New Mexico Employee" means any resident of the State of New Mexico employed by Contractor who performs the majority of the employee's work for Contractor within the State of New Mexico, regardless of the location of Contractor's office or offices; and

(2) "offer" means to make available, without unreasonable restriction, enrollment in one or more health coverage plans and to actively seek and encourage participation in order to achieve the goals of Executive Order 2007-049. This could include State publicly financed public health coverage programs such as *Insure New Mexico!*

Statewide Price Agreement

Article I – Statement of Work
Under the terms and conditions of this Price Agreement all State of New Mexico agencies, commissions, institutions, political subdivisions and local public bodies allowed by law may issue orders for items and/or services described herein. The terms and conditions of this Price Agreement shall form a part of each order issued hereunder.

The items and/or services to be ordered shall be as listed under Article IX - Price Schedule. All orders issued hereunder will bear both an order number and this Price Agreement number. It is understood that no guarantee or warranty is made or implied by the New Mexico State Purchasing Agent, his/her designee or the user that any order for any definite quantity will be issued under this Price Agreement. The Contractor is required to accept the order and furnish the items and/or services in accordance with the articles contained hereunder for the quantity of each order.

Article II – Term
The term of this Price Agreement, for issuance of orders, shall be as indicated in the specifications.

Article III – Specifications
Items and/or services furnished hereunder shall conform to the requirements of specifications and/or drawings applicable to items listed under Article IX-Price Schedule. Orders issued against this schedule will show the applicable Price Agreement item(s), number(s), and price(s); however they may not describe the item(s) fully.

Article IV – Shipping and Billing Instructions
Contractor shall ship in accordance with the following instructions: Shipment shall be made only against specific orders which the user may place with the Contractor during the term; The Contractor shall enclose a packing list with each shipment listing the order number, price agreement number and the commercial parts number (if any) for each item; Delivery shall be made as indicated on page1. If vendor is unable to meet stated delivery the State Purchasing Agent or his/her designee must be notified.

Article V – Termination
The Agency may terminate this Agreement for convenience or cause. The Contractor may only terminate this Agreement based upon the Agency's uncured, material breach of this Agreement. Contractor shall give Agency written notice of termination at least thirty (30) days prior to the intended date of termination, which notice shall (i) identify all the Agency's material breaches of this Agreement upon which the termination is based and (ii) state what the Agency must do to cure such material breaches. Contractor's notice of termination shall only be effective (i) if the Agency does not cure all material breaches within the thirty (30) day notice period or (ii) in the case of material breaches that cannot be cured within thirty (30) days, the Agency does not, within the thirty (30) day notice period, notify the Contractor of its intent to cure and begin with

DocuSign Envelope ID: 9C0D0BCE-1F94-4323-9C4D-6BA4D233D2D9

due diligence to cure the material breach. Termination of this Contract, however, shall not affect any outstanding orders. This provision is not exclusive and shall not waive other rights and remedies afforded either party in the event of breach of contract or default. In such instances the contract may be cancelled effective immediately.

Article VI – Amendment
This Price Agreement may be amended by mutual agreement of the New Mexico State Purchasing Agent or his/her designee and the Contractor upon written notice by either party to the other. An amendment to this Price Agreement shall not affect any outstanding orders issued prior to the effective date of the amendment as mutually agreed upon, and as published by the New Mexico State Purchasing Agent or his/her designee. Amendments affecting price adjustments and/or the extension of a price agreement expiration date are not allowed unless specifically provided in the bid and price agreement specifications.

Article VII – Indemnity Clause
Contractor shall indemnify and hold harmless the State, its officers and employees, against liability, claims, damages, losses or expenses arising out of bodily injury to persons or damage to properties caused by, or resulting from Contractor's, and/or its employees, own negligent act or omission while Contractor, and/or its employees, perform or fails to perform its obligations and duties under the Terms and Conditions of this agreement. This save harmless and indemnification clause is subject to the immunities, provisions, and limitations of the Tort Claims Act (Section 41-4-1, et seq., N.M.S.A. 1978 comp. and Section 57-7-1 N.M.S.A. 1878 comp. and any amendments thereto.

It is specifically agreed between the parties executing this agreement that it is not intended by any of the provisions of any part of the agreement to create in the public or any member thereof a third party beneficiary or to authorize anyone not a party to the agreement to maintain a suit(s) for wrongful death(s), bodily and/ or personal injury(s) to person(s), damage(s) to property(ies) and/or any other claim(s) whatsoever pursuant to the provisions of this agreement.
Vendor shall provide all insurance necessary to employees on the work site, including but not limited to Worker's Compensation.

Article VIII – Issuance or Orders
Only written signed orders are valid under this Price Agreement.

Article IX – Packing (if applicable)
Packing shall be in conformance with standard commercial practices.

Article X – Price Schedule
Prices as listed in the price schedule hereto attached are firm.

Specifications:
Establish a Statewide Price Agreement for on-call general construction services work by New Mexico licensed contractors to provide miscellaneous repairs, upgrades, improvements and new construction services for facilities and properties throughout the state of New Mexico. This Price Agreement may be utilized by all New Mexico State Agencies, commissions, political subdivisions and local public bodies applicable by law (using agency or local public body).

Term:
The term of this Price Agreement shall be for one (1) year from date of award with the option to extend for a period of two (2) additional years, on a year-to-year basis, by mutual agreement of all parties and approval of the New Mexico State Purchasing Agent at the same price, terms and conditions. This Price Agreement shall not exceed three (3) years.

Compensation Caps:
The total cost of each project, shall not exceed Four Million Dollars ($4,000,000.00). This cap includes all change orders associated with the project. Since NMSA 1978 Section 13-1-154.1 sets the cap thresholds, if modified during the term of this Agreement, any revisions to the NMSA will apply.

Legislation Affecting Price Agreement:
If future legislation affects any terms or conditions of the Price Agreement the Price Agreement may be amended to comply with the legislation.

Insurance:
The Contractor shall provide all insurance necessary for its employees on the project, including, but not limited to, Workman's Compensation Insurance. The Contractor agrees to comply with state laws and rules pertaining to Workers' Compensation Insurance coverage for its employees. If the Contractor fails to comply with the Workers' Compensation Act and applicable rules, when required to do so, this Price Agreement will be cancelled immediately.

Contractor shall indemnify and hold harmless the State and local public body, its officers, and employees, against liability, claims, damages, losses, or expenses arising out of bodily injury to persons or damage to properties caused by, or resulting from, Contractor's and/or its employees, own negligent acts or omissions while Contractor, and/or its employees perform or fail to perform its obligations and duties under the terms and conditions of this Price Agreement. This Save Harmless and Indemnification Clause is subject to the immunities, provisions, and limitations of the Tort Claims Act (Section 41-4-1, et seq., NMSA 1978 Comp. and Section 56-7-1 NMSA 1978 Comp.) and any amendments thereto.

It is specifically agreed between the parties executing this Price Agreement that it is not intended by any of the provisions of any part of the Price Agreement to create the public or any member hereof a third party beneficiary or to authorize anyone not a party to the Price Agreement to maintain a suit for wrongful death, bodily and/or personal injury to persons, damage to properties and/or other claims whatsoever pursuant to the provisions of this Price Agreement.

The Contractor shall provide public liability insurance for the minimum amount of one hundred thousand dollars ($100,000) for damage to or destruction of property arising out of each occurrence; the amount of three hundred thousand dollars ($300,000) to any person for any number of claims arising out of each occurrence for all damages other than property damage as permitted under the New Mexico Tort Claims Act; and the amount of five hundred thousand dollars ($500,000) for all claims arising out of each occurrence. Umbrella or excess liability coverage shall not be considered as any part of the primary coverage.

The vendor shall request from his insurer that the agency or local public body be named "Additional Insured" on an insurance certificate showing the vendor's insurance coverages.

All work covered by this Invitation to Bid shall be in accordance with applicable state laws, the International Building Code (IBC) and New Mexico building codes and is subject to the minimum wage rate determination issued by the New Mexico Department of Workforce Solutions, if applicable.

DocuSign Envelope ID: 9C0D0BCE-1F94-4323-9C4D-6BA4D233D2D9

Wage Rates:
All work covered by this Invitation to Bid shall be in accordance with applicable state laws and is subject to the minimum wage rate determination issued by the Department of Workforce Solutions (DWS), if applicable.

A wage rate decision is required by the Public Works Minimum Wage Act for construction, demolition or renovation purposes on projects costing sixty thousand dollars ($60,000) or more and funded in part by state or local funding. The Contractor agrees to comply with the current prevailing wage rate schedule when applicable. For current wage rates or for additional information, visit: http://www.dws.state.nm.us. The agency or local public body will request a wage rate determination from the DWS.

Bonding:
A one hundred percent (100%) performance bond and a one hundred percent (100%) payment and material bond executed by a surety company authorized to do business in the state of New Mexico will be required of the successful bidder(s) prior to each project over twenty-five thousand dollars ($25,000). Said bonds must be provided to the requesting agency and are to be filed with the agencies purchasing office. Failure to comply shall result in the order being issued to another vendor and the difference being charged back to the awarded Contractor(s). The cost of the bonds may be passed on to the agency or local public body.

A Subcontractor shall provide a performance and payment bond on a public works building project if the subcontractor's contract (to the Contractor) for work to be performed on a project is one hundred and twenty-five thousand dollars ($125,000) or more. Failure of a Subcontractor to provide required bond shall not subject the Owner to any increase in cost due to any substitution of an approved Subcontractor.

Other:
The awarded Contractor shall be responsible for all permits associated with this work as required by the State of New Mexico Construction Industries Division (CID) or the local Authority Having Jurisdiction (AHJ). The CID will issue permits for work performed at state-owned buildings.

Escalation / Reduction Clause:
Contractor shall keep pricing fixed for each year of this Agreement. Thereafter, SPD and the Contractor may adjust pricing no more than once annually through an amendment to the Agreement at the time of Agreement renewal. Contractor shall submit all pricing increase requests to SPD directly or through the agency contact in writing and provide substantiating evidence that each request is based on demonstrable market changes impacting the cost of products. The request must show all proposed increases by line item and include supporting documentation acceptable to SPD (such as a letter from a manufacturer indicating price increases, etc.) SPD's decision on what is acceptable in this context is final and shall be accepted by all parties to the Agreement. ***Requested price increases that exceed 10% will not be accepted*.** **No** price increase may result in a higher profit margin for the Contractor than at the beginning of the initial term of this Agreement. Pricing changes will apply to Agreements and amendments to Agreements entered on and after the effective date of the price change. Price decreases as well as increases shall apply in the same manner. If vendor's prices are reduced for any reason, users shall receive the benefit of such reductions, immediately. Price increases will not be retroactive to orders already in house or backorders. Orders will be filled at the price in effect on the date of receipt of the order by the vendor. To facilitate prompt consideration, all requests for price increase must include all information listed below:

1. Agreement Item Number
2. Current Item Price
3. Proposed New Price
4. Percentage of Increase
5. Mill/Supplier Notification of price increase indicating percentage of increase including reason for increase.

Contractor Note:
No person shall act as a Contractor without a license issued by the Construction Industries Division, classified to cover the type of work to be performed. No bid on a contract shall be submitted unless the Contractor has a valid Contractor's

DocuSign Envelope ID: 9C0D0BCE-1F94-4323-9C4D-6BA4D233D2D9

license issued by the CID to bid and to perform the type of work to be undertaken, as set forth in § 60-13-12, NMSA 1978.

Contractor shall provide the following information:

Contractor's New Mexico license no.: _____
Contractor's classification no.: _____
State tax identification no.: _____
Public Works Registration Number*: _____
*Pursuant to: 13-4-13.1 Public Works Contracts; Registration of Contractors and Subcontractors

When submitting a quote for a specific project valued at more than sixty thousand dollars ($60,000) for any portion of a public works project greater than sixty thousand dollars ($60,000) that is subject to the New Mexico Public Works Act, the Contractor is required to be registered with the Labor and Industrial Division of the Department of Workforce Solutions prior to submitting its quote. The using agency may reject any quote that fails to provide a Public Works Registration Number for the prime Contractor and all other listed Contractors or subcontractors. In order to submit a bid for this invitation to bid the bidder must have an Active registration for the Public Works Act.

The Contractor will be contacted on an as needed, on-call basis to perform work associated with this Price Agreement. A Price Agreement award is without assurance of quantity or dollar amount of work to be performed. Failure to respond to the Using Agency's requests may be grounds for termination of this Price Agreement. Awards for these services will be made on a statewide basis. If the awarded contractor does not wish to travel to other parts of the State, it is acceptable to decline work.

Scope of Work:
Contractors shall provide their cost for performing all the work called for in the Using Agency's scope of work for the project. Projects may be of short or long term duration, throughout the state.

Contractors shall have the technical staff to perform diagnostic services; provide incidental design services as needed; and to provide professionally prepared, stamped drawings, if needed, to obtain installation or construction permits. The Contractor is responsible for obtaining all required licenses, fees and permits required by government agencies to perform the work.

Contractors shall be 'licensed Contractors" capable of providing all coordination, supervision and services required for comprehensive general building construction, renovations, upgrade and improvement projects and to provide new construction services including incidental design. The scope of an individual project may include equipment, fixtures and furniture whether attached or not to the building. It can include site and utility work including landscaping and parking lot/ minor road/ minor bridge work. The utility work can include building power systems such as solar panels, geothermal systems, water sourcing systems, water treatment and waste disposal/treatment systems. It may also include demolition and abatement projects. Identification and abatement of asbestos containing materials (ACM) may be performed under separate contracts. It can also include security and other low voltage installations with related controls and equipment.

Contractors shall provide all materials, labor, equipment and tools required to successfully complete the work requested. The Contractors shall be capable of providing a work force with supervision, adequate to perform work for a forty (40) hour work week during normal working hours with the option of working non normal or overtime hours if required.

Replacement systems and related equipment shall meet current minimum state mandated "Energy Star" energy conservation standards.

Subcontracting of work is allowed and shall be prior approved by the Using Agency. Subcontractors shall have the appropriate current and valid Contractor's licenses for their work. And shall furnish proof upon request.

DocuSign Envelope ID: 9C0D0BCE-1F94-4323-9C4D-6BA4D233D2D9

Furnishing of submittal data for any/all new equipment and materials as well as O&M's when either/or are required, and deemed necessary for the facility is required. Training of site personnel for the proper operation of newly installed equipment/systems and its related controls will be performed and required for completion. This training must be acceptable to the person in charge of the facility.

Replacement mechanical/electrical/plumbing systems and related equipment shall meet current minimum state mandated "Energy Star" energy conservation standards.

The Contractor shall provide all protective coverings necessary to protect existing, adjacent finishes while performing its work. If any damage is encountered during the contractor's work, to other areas, the contractor will be held responsible for repairing any damage done by his employees, subcontractors and vendors.

The Contractor shall, at his own cost, restore any damage to existing, adjacent finishes damaged as a result of performing its work and to make new work inconspicuous with the existing, adjacent finishes.

The Contractor shall provide all clean-up for its operations and control of all construction debris. All work areas shall be maintained in a neat and workmanlike manner. All construction debris shall be removed from the work areas and disposed of at an approved waste disposal site. The Using Agency's trash container for the building shall not be used for disposal of any construction debris.

All work shall be according to current applicable State and National codes. All work shall be in strict compliance with the national and state building mechanical, plumbing, fire and electrical codes including SMACNA, and ASHRAE standards.

Safety shall be of main concern and enforced by the contractor on site and will be periodically inspected by the State's qualified safety personnel. The Contractor shall comply with all local, state and federal laws governing safety, health and sanitation. The on-site Superintendent shall have a minimum OSHA 10 and preferably OSHA 30 card with them at all times when on the jobsite. The Using Agency shall not in any way be responsible for any fines set forth for such violations of codes, OSHA standards or any other governing agency having jurisdiction at the work site. The Contractor shall provide all needed safe guards, safety devices and protective equipment; take any actions necessary to protect the life and health of employees on the job; the safety of the public; and to protect the property of the Using Agency in connection with the performance of the work covered by this Price Agreement. Any work involving disconnect or switching of electrical service to a work area shall utilize LOCKOUT/TAGOUT identification practices.

All personnel working on the project and providing these services shall be experienced and certified in all areas related to this work and required by this Price Agreement. Journeymen level personnel shall have the ability and necessary skills to diagnosis problems and to make the appropriate decisions needed to provide these services.

Contractor's price shall cover all labor costs, tools, equipment, materials, permits, overhead, profit, insurance and any other fees necessary to perform the work called for in the Using Agency's scope of work and drawings for this project. Any equipment required to have licensed operators shall be the responsibility of the contractor before any equipment is turned on at the jobsite. The prices quoted for each project represent the total compensation to be paid by the Using Agency for the goods and/or services provided including any and all labor, equipment, tools, materials, taxes, permits, licenses, or other costs necessary to complete the service or goods provided.

Taxes shall be added by the Contractor to its quote (line item on schedule of values) at the current tax rate at the project's location. As a separate item, the Using Agency shall ensure the appropriate gross receipts tax is added to the Contractor's project proposal and that it is encumbered in the Purchase Order.

The Contractor shall provide all the services needed and called for in the Using Agency's scope of work, in addition to the requirements set forth in this Price Agreement.

DocuSign Envelope ID: 9C0D0BCE-1F94-4323-9C4D-6BA4D233D2D9

Request for Quote (RFQ):
Each project under this Price Agreement will be individually described in a "Request for Quote (RFQ)". The RFQ will describe the scope of work, the duration of the project with the date of Substantial Completion and if there are liquidated damages for not meeting the date of substantial completion. The date of Substantial Completion is the date when the space can be occupied or the Work used/operated and is turned over to the User Agency. Final completion is the date when the project is totally complete, the punch list work complete and the Contractor's final pay application/invoice is approved. The terms and conditions of the Contractor's Statewide Price Agreement will apply to all Purchase Orders which result from the accepted quote in response to the RFQ. The Contractor's written quote will be valid for thirty (30) days, unless otherwise stipulated on the quote.

There will be NO markups allowed. A negotiated fixed fee may be added as a cost for compensation to cover the cost of overhead, profit and any other general expenses as it pertains to the project.

All subcontractor quotes shall be broken down by labor and materials costs and the Contractor shall be allowed a maximum of five percent markup for administrative costs.

The Contractor and its employees agree to cooperate with and to abide by the rules and requirements of the requesting Using Agency to not interfere with the daily operations of the Agency or to jeopardize the health, safety or welfare of the employees or general public conducting business with the Using Agency.

The Using Agency reserves the right to purchase materials directly from existing Statewide Price Agreements and other sources, and to provide these materials to the Contractor. To that end, the Contractor shall provide an itemized, quantifiable list of materials required for the project.

If the Contractor is requesting reimbursement for materials used on the work, copies of the invoices for the materials may be included when submitting invoices/pay applications. The Contractor may NOT add markups for the materials purchased. Contractor shall submit billings, based on actual Contractor costs for materials, less any applicable percentage for discounts. Contractor shall provide verification that materials purchased were used for the project if requested. Any unused, billed for materials shall be turned over to the Using Agency for which the work was provided.

The Using Agency reserves the right to procure specialty services directly from its other Statewide Price Agreements and other sources to the awarded Contractor. Specialty services provided from other Statewide Price Agreements and other sources shall be coordinated by the Contractor.

The Using Agency reserves the right to obtain quotes from multiple vendors covered under this Statewide Price Agreement and award a project to a Contractor based on the quotes.

When a service is needed, the Using Agency shall provide, at a minimum, a detailed scope of work and/or drawings defining work required.

If any equipment or building system cannot be economically repaired or has reached the end of its life cycle, the Contractor shall justify with costs and other information the need for replacement. If replacement is recommended, the Contractor will provide written justification for system and/or the model, size and type of unit recommended along with any applicable efficiency data. The Using Agency's and energy standards will be discussed and taken into consideration when proposing replacement units or systems.

The State of New Mexico requires that all materials shall be new and of the highest quality and at the best attainable price available for the type of work being performed.

No used materials shall be used on the project. Recycled materials specifically prepared for reuse to meet "LEED" certification may be permitted, with the User Agency's approval.

DocuSign Envelope ID: 9C0D0BCE-1F94-4323-9C4D-6BA4D233D2D9

The Contractor shall visit the site and compare the Using Agency's scope of work and/or drawings to the existing conditions and provide all services called for in addition to the requirements set forth in this Price Agreement.

The Contractor will be required to provide a written quote, to include the work to be performed and the amount of time required for the completion of the project and submit to the Using Agency at no cost to the Using Agency. The quote shall separate the cost of itemized materials (with any applicable discounts), labor, per diem and mileage, bonds, permits, insurance, subcontractor quote(s), itemized equipment costs, any design fees needed for stamped drawings, gross receipts tax, itemized direct site overhead costs such as portable toilets, dumpsters, temporary fencing, scaffolding, signage, traffic management, work area barriers and protective equipment, materials testing, job trailers, storage pods, etc. Job workers/project manager/superintendent's cost for vehicles or phones or gas is **not** permitted.

The Contractor's quote for mileage and per diem must be priced as follows:
"Per Diem Rate" means lodging, meals, and incidentals (excluding taxes). Reference the GSA rates in Section Lodging by month and Section Meals & Incidentals Breakdown link: https://www.gsa.gov/travel/plan-book/per-diem-rates
"Mileage Rate" for any mileage quoted for contracted work as defined below: "Mileage Rate" means "Only the mileage from the dispatch to the job site for each mile traveled by vehicle as referenced in IRS standard mileage rates using link https://www.irs.gov/taxprofessionals/standard-mileage-rates in excess of 50 miles one way". The mileage shall be calculated with https://tripmaker.randmcnally.com

Prior to commencement of any work performed the Using Agency will issue a notice to proceed for the work upon receipt of a purchase order, based on the prices set forth by Contractor's quote. The work on any project to be performed under this Contract shall commence no later than ten (10) consecutive calendar days after the date of written "Notice to Proceed." On smaller projects, an email will suffice.

The Contractor shall begin the work based on the priority identified by the Using Agency. Any delay beyond the stated completion date shall be upon agreement by the Using Agency and the Contractor.

Where work is to be conducted in a state or local correctional or secured facility, security clearances and background checks that may be required by the facility for the Contractor and its employees must be obtained prior to commencement of any work at that facility. The Using Agency reserves the right to deny any employee of the Contractor, access to the facility should the employee be in violation of any criteria required for the security clearance.

The User Agency reserves the right to provide an escort and/or full time supervision of the Contractor and its employees during any or all phases of a project, should the Using Agency feel it is in its best interest to provide these extraordinary security services.

The Using Agency reserves the right to escort any or all employees of the Contractor off its property, for any inappropriate conduct or actions that jeopardize the safety, security or wellbeing of the facility or any individual. Inappropriate behavior by the Contractor, its employees or subcontractors may be grounds for immediate removal from this Price Agreement. Any employee of the Contractor found in violation of any law, while on the User Agency's property, may be prosecuted.

Change Orders:
Any change orders to the project scope will require an additional RFQ requesting the backup materials and labor costs and shall be substantiated without a doubt there was no way of knowing the additional services were needed when the original quote was provided. The pricing shall conform to the SPA. Change orders shall be managed closely by the Using Agency. Change order abuse shall be reported to the Procurement Specialist listed on the cover page of this Price Agreement. Preventative measure shall be taken by both the contractor and the Using Agency prior to issuing the Notice to Proceed. Such measures may include: soil tests (soil boring); clarification of ambiguity in the project plan, the scope of work, the RFQ, the drawings, etc.; the project scope should be completely defined and agreed upon before any work begins.

DocuSign Envelope ID: 9C0D0BCE-1F94-4323-9C4D-6BA4D233D2D9

Using Agency's obligations:

- Shall provide, at a minimum, a detailed scope of work and/or drawings defining work required.
- Allow the Contractor limited use of on-site utilities for projects at an existing building.
- Shall provide periodic and/or random inspections of its projects. Using Agencies shall be responsible for providing its inspections, photography of the project's progress, and preparation of field observation reports.
- Conduct weekly on-site meetings with the Contractor, or on an as-needed basis, to ensure compliance with the scope of work for the project; provide assistance and guidance; to resolve problems arising during the project; and to ensure quality of work and materials being incorporated into the project.
- Process requests for payment within twenty-one (21) days of time/date stamped receipt of proper invoice and/or G702 & G703 Schedule of Values, Application and Certificate for Payment, when more than a single invoice applies to the contracted amount.
- If applicable, procure independent special inspections, commissioning, structural, soils testing with geotechnical reports and/or topographical survey.

Other Construction Related Terms and Conditions:

Time Considerations:
The work on any project to be performed under this Agreement shall commence no later than ten (10) consecutive calendar days after the date of written "Notice to Proceed." On smaller projects, an email will suffice. The date of Substantial Completion shall be described in the RFQ or related construction contract. The date can be extended by the Using Agency by valid written Change Order.

Should the Contractor neglect, refuse, or otherwise fail to complete the Work on the project within the time specified in the RFQ or related construction contract, the Contractor agrees, in partial consideration for the award of the Purchase Order, to pay to the Using Agency the amount of dollars named in the RFQ or construction contract per consecutive calendar day, not as a penalty, but as liquidated damages for such breach of the Purchase Order or related construction contract under this Price Agreement.

Mediation:
Any controversy or claim arising between the parties shall be settled by mediation if the parties cannot reach a mutually agreeable solution. The parties shall endeavor to resolve their disagreement by mediation which, unless the parties mutually agree otherwise, shall be in accordance with the procedures of the New Mexico Public Works Mediation Act (NMSA §13-4C-1 et seq.) except that before any party may select a mediator it must confer in good faith with the other party concerning the selection of a mutually acceptable mediator. Mediation shall proceed in advance of legal or equitable proceedings, which shall be stayed pending mediation for a period of **sixty (60) days** from the date of notice of mediation session, unless stayed for a longer period by agreement of the parties or court order.

Inspection of Work:
If a Purchase Order is issued for the purchase of services, the following terms shall apply when applicable:

A. Services include services performed, workmanship, and material furnished or utilized in the performance of services.
B. The Contractor shall provide and maintain an inspection system acceptable to the Using Agency covering the services under the Purchase Order. Complete records of all inspection work performed by the Contractor shall be maintained and made available to the Using Agency or other party to the Purchase Order during the term of performance of the Work and for as long thereafter as required.
C. The Using Agency has the right to inspect and test all services contemplated to the extent practicable at all times and places during the term of the Project. The Using Agency shall perform inspections and tests in a manner that will not unduly delay or interfere with Contractor's performance.
D. If the Using Agency performs inspections or tests on the premises of the Contractor or a subcontractor, the Contractor shall furnish, and shall require subcontractors to furnish, at no increase in Purchase Order price, all reasonable facilities and assistance for the safe and convenient performance of such inspections or tests.

DocuSign Envelope ID: 9C0D0BCE-1F94-4323-9C4D-6BA4D233D2D9

E. If any part of the services do not conform with the requirements, the Using Agency may require the Contractor to re-perform the services in conformity with the requirements at no increase in Purchase Order amount. When the defects in services cannot be corrected by re-performance, the Using Agency may:
   (1) Require the Contractor to take necessary action(s) to ensure that future performance conforms to the requirements;
   (2) Reduce the Purchase Order price to reflect the reduced value of the services performed.

F. If the Contractor fails to promptly re-perform the services or to take the necessary action(s) to ensure future performance in conformity with the requirements, the Using Agency may:
   (1) By Agreement or otherwise, perform the services and charge to the Contractor any cost incurred by the Using Agency that is directly related to the performance of such service; or
   (2) Cancel the Purchase Order for default.

THE PROVISIONS OF THIS ARTICLE ARE NOT EXCLUSIVE AND DO NOT WAIVE THE USING AGENCY'S OTHER LEGAL RIGHTS AND REMEDIES CAUSED BY THE CONTRACTOR'S DEFAULT/BREACH OF THE PURCHASE ORDER/PRICE AGREEMENT.

Suspension, Delay or Interruption of Work:
The Using Agency may, without cause, order the Contractor, in writing, to suspend, delay or interrupt the Work in whole or in part for such period of time as the Using Agency may determine.. Upon receipt of such notice, Contractor shall leave the jobsite and any equipment in a safe condition prior to departing. Contractor must assert rights to additional compensation within thirty (30) days after suspension of work is lifted and return to work is authorized.

Time Extension Costs:
Agreed Compensation for Overhead "General Conditions" for Changes to Time for Completion or Contract Completion Date for Changes to the Work**:** If the change in the Work also changes the Time for Completion or the Agreement Completion Date by adding days to complete the Work, an itemized accounting of the following General Conditions costs for direct Site overhead set forth in the subparagraph below may be considered as allowable costs for compensation. Home office overhead and other indirect overhead expenses are not added into the General Conditions expenses.

Direct Site Overhead Expenses:
The Contractor's per diem expenses, as shown by the itemized accounting, for the following allowable, applicable, direct Site overhead expenses: The Site superintendent's pro-rata salary, temporary Site office trailer, temporary fencing, building utility costs, security, temporary storage and temporary Site utilities including electricity, heat, water, and sanitary/toilet facilities, etc. for each day added.

If at any time there is a delay in the critical path of the Work due to postponement, due to the Contractor's efforts to justify an extension of the time or an increase in the Agreement Price beyond the deadlines or due to the Contractor's refusal to proceed with any of the approved Work, such delay and any Contractor costs resulting from it shall not serve as the basis for the extension of the Time for Completion or Agreement Completion Date or for an increase in the Contract Price.

Clean Up and Storage:

A. The Contractor will provide off-site legal disposal of all waste products, trash, and debris. Using Agency's trash receptacles will not be used by the Contractor. Sanitary facilities will "not" be available at the job site. Contractor shall be responsible for the provision and maintenance of portable toilets.
B. The Contractor on a daily basis shall keep the premises and surrounding area free from accumulation of waste materials or rubbish caused by operations under the Agreement. At completion of the Work, the Contractor shall remove from and about the Project waste materials, rubbish, the Contractor's tools, construction equipment, machinery and surplus materials and shall then thoroughly clean the premises and the site to the Using Agency's satisfaction.
C. Materials or equipment shall be delivered to the project in the manufacturer's original sealed, labeled containers and shall be adequately protected against moisture, dust, tampering or damage from improper handling or storage. Materials shall not be delivered to the site before they are needed.

DocuSign Envelope ID: 9C0D0BCE-1F94-4323-9C4D-6BA4D233D2D9

D. Storage of materials and construction equipment shall be coordinated with the Using Agency.

Permits and Fees:

A. IF APPLICABLE- The Contractor shall secure and pay for the Building Permit and other permits and governmental fees, licenses and inspections and Certificate of Occupancy necessary for proper execution and completion of the Work. Changes or modifications to the Work shall include all requirements of this paragraph.

B. The Contractor shall comply with and give notices required by laws, ordinances, rules, regulations and lawful orders of public authorities applicable to performance of the Work.

C. IF APPLICABLE- Certificates of Inspection, use and occupancy will be delivered to the Using Agency upon completion of the Work in sufficient time for occupation of the facility in accordance with the approved schedule for the Work. Contractor shall deliver a photocopy of the Building Permit to the Design Professional and Using Agency as soon as it is obtained.

Schedule, Progress Meetings and Reports:

A. The Contractor, promptly after being awarded a Project and before the first payment application, shall prepare and submit for the Using Agency's information a Critical Path Construction Schedule for the Work that indicates the intended start and completion of the various construction activities, which shall be implemented and adhered to by the Contractor, Subcontractors, material suppliers and equipment suppliers. At a minimum, the schedule shall be a GANTT type schedule and shall not exceed time limits allowed by the RFQ or Notice to Proceed with no fewer work breakdown events than line items of the Schedule of Values.

B. The Contractor shall perform the Work in general accordance with the most recent schedule submitted to the Using Agency.

C. Progress meetings shall be scheduled on a regular basis. The purpose will be to review the upcoming activities, any open issues and current progress. The Contractor shall keep any meeting minutes as needed. Progress schedules shall be updated regularly. A three week look-ahead schedule should be presented at every project meeting. An updated critical path schedule shall be presented with any change orders and with every pay application.

D. The Contractor shall prepare a Daily Report each day that Contractor, Subcontractors or any other entity are on the Project. The Daily Reports shall be maintained at the site and be well organized. The Using Agency may request copies at any time. The reports may include:
   1. Report date and who prepared the report;
   2. Weather conditions - low temp, high temp, visibility, humidity, wind, wind direction, cloud conditions, precipitation amount, other notes;
   3. Companies present by name and their number of workers, work location, total man hours that day for each company;
   4. Equipment - type, source, units of work done, location of work, hour meter reading;
   5. Material brought to site - description, units, quantity, quality, location, time;
   6. Visitors to site - name, company, time;
   7. Safety concerns - company, contact, noticed by, work activity, safety issue, requirement, outcome;
   8. Quality assurance and control - company, description of issue, specification section, issued by.

Close-out Requirements:

The Contractor shall submit to the Using Agency a separate and detailed Closeout Schedule indicating the date of Final Completion and all work to be completed before Final Completion including Close-Out requirements. The punch list of incomplete or inadequate work shall also be submitted when the work is substantially complete. Failure to include any item on the punch list does not alter the responsibility of the Contractor to complete all work in accordance with the Contract Documents.

DocuSign Envelope ID: 9C0D0BCE-1F94-4323-9C4D-6BA4D233D2D9

Before final completion can be achieved, all Work must be complete and accepted including the following as applicable:

a. Work associated with Punch List(s);
b. Testing, balance or performance operations complete and in agreement that associated work is in compliance with the Contract Documents;
c. One hard copy and one electronic copy in .pdf format of final approved test, balance or performance report(s) complete with directory of contents submitted to Using Agency;
d. As-Built drawings delivered in autocad or electronic format;
e. Written certification signed by Using Agency of delivery and stocking of extra material, equipment or components required by the Purchase Order at a location established by the Using Agency;
f. Delivery of all warranties required by the Work;
g. All keys, passes, codes, software or other methods or components of control or security which have been correctly and adequately accounted for and closed-out;
h. Completed Operations Liability insurance policy certificate, if applicable;
i. Training of staff on all applicable building systems;
j. All Storm Water Pollution Prevention Permits (SWPPP) have been updated or closed;
k. Utility transfer to User/Using Agency;
l. Operations and Maintenance Manuals;
m. Certified statement of Release of Liens (AIA Document G706A or approved form) and Consent of Surety.

Warranty:
The Contractor shall warrant its work (non-roofing and equipment), for materials and for workmanship furnished and performed under this Price Agreement for a period of one (1) year minimum from the date of acceptance or Substantial Completion whichever is longest. The Contractor shall warrant its work for repairs or restoration of existing systems, appliances and work for ninety (90) days from the date of acceptance or Substantial Completion. It is understood that some equipment is far beyond its normal life and a warranty cannot be extended/supplied. Contractor must pass on to the User Agency warranties of replaced roofs and equipment offered by the manufacturer.

Payment Provisions:
Generally payments are made on a thirty (30) day billing cycle. Payment for projects of less than thirty (30) day duration shall be paid upon the Using Agency's acceptance of the work.

All payments under this Agreement are subject to the following provisions:

A. Acceptance - In accordance with Section 13-1-158 NMSA 1978, the Agency shall determine if the Construction Work provided meets specifications. No payment shall be made for any work until the Work has been accepted in writing by the Using Agency. Unless otherwise agreed upon between the Using Agency and the Contractor, within fifteen (15) days from the date the Using Agency receives written notice from the Contractor that payment is requested for work, the Using Agency shall issue a written certification of complete or partial acceptance or rejection of the Work. Unless the Using Agency gives notice of rejection within the specified time period, the Work will be deemed to have been accepted.

B. Payment of Invoice - Upon acceptance that the Work has been received and accepted, payment shall be tendered to the Contractor within twenty one (21) days after the date of acceptance of an undisputed invoice.

C. The Contractor, before final payment of the amount due under this Contract, shall provide requested Close-out documents including any release of liens.

DocuSign Envelope ID: 9C0D0BCE-1F94-4323-9C4D-6BA4D233D2D9

BID INFORMATION:
"Tax" The bid prices for this ITB shall **not** include New Mexico gross receipts tax or local option tax(es).

"Hourly Rate" means the proposed fully loaded maximum hourly rates that include fringe benefits and any overhead costs for contractor personnel, as well as subcontractor personnel, if appropriate. The Hourly Rate does not include mileage, per diem or lodging.

"Offeror" shall reference all work positions associated with this project, and each position's firm, fixed hourly rate. This hourly rate does not include billable reimbursable rates for mileage, meals or lodging. The State of New Mexico, at its discretion, may negotiate lower rates on a project by project basis, with the awarded Contractor.

Hourly rates are requested for the three (3) levels of personnel. ***All items for pricing must be filled in.*** If one of the personnel listed is not relevant to your company, fill in a rate for a comparable employee that is on staff or could be on staff at a future time. For example, if the Superintendent also functions as the Journeyman or Experienced worker or vice versa, enter his rate for both items. Any blank items will cause a possible rejection of the bid for non-compliance.

Labor Rates:
1. Superintendent: a person with supervisory experience who maintains control of the work and work site. This person may or may not actually perform work on the project.

2. Journeyman or Experienced Worker: a person licensed by the State of New Mexico as a journeyman in the specialized field of work required and being performed or a person with many years of experience with a high rate of pay.

3. Laborer: a person with minimal experience, performing minor forms of labor.

Hours Worked:

Regular Hours: Monday through Friday and 8 am through 5 pm.

After Hours: All hours not within the days and times listed for "Regular Hours".

Holidays: Holidays will be considered "After Hours" and paid at "After Hours" rates.

The State of New Mexico reserves the right to award this Price Agreement to multiple vendors. Bidders must include pricing for ALL items in order to allow for accurate comparisons. If a Bidder fails to include one or more of those items, his Bid may be rejected.

Bids for these services are requested on a statewide basis. The intent in the bid evaluation is to add up all of the items from Items 1 through 16 in order to determine the low bidders.

Electronic Record and Signature Disclosure

ELECTRONIC RECORD AND SIGNATURE DISCLOSURE

A. ELECTRONIC RECORD AND SIGNATURE DISCLOSURE (ERSD)

From time to time, New Mexico General Services Department (GSD), on behalf of the State of New Mexico (SONM), may be required by law to provide you with certain written notices or disclosures. Stated below are the terms and conditions for GSD's providing you such notices and disclosures electronically through the DocuSign system. Please read this information carefully. If you are able to access this information electronically and agree to **this Electronic Record and Signature Disclosure (ERSD)**, please confirm your agreement by selecting the check-box next to "I agree to use electronic records and signatures" before clicking "CONTINUE" within the DocuSign system.

B. Obtaining paper copies

At any time up to twenty (20) calendar days following your use of DocuSign to electronically sign a document, you may request a paper copy of any record provided or made available electronically to you by GSD. You will have the ability to download and print documents SONM sends you through the DocuSign system during and immediately after the signing session and, if you elect to create a DocuSign account, you may access the documents for a twenty (20) calendar day period after such documents are first sent to you. Following the twenty (20) day period, if you want GSD to send you paper copies of any such documents from GSD's office, you will be charged a $1.00 per-page fee plus postage. You may request delivery of such paper copies from GSD by following the procedure stated in Section H, below.

C. Withdrawing your consent

If you decide to receive notices and disclosures from GSD electronically, you may at any time change your mind and inform GSD you want to receive required notices and disclosures only in paper format. The procedure concerning how you may inform GSD of your decision to receive future notices and disclosures in paper format as well as withdraw your consent to receive notices and disclosures electronically is stated in Section D, immediately below.

D. Consequences of changing your mind

If you elect to receive required notices and disclosures only in paper format, it will slow the speed with which GSD will be able to complete certain steps in specific transactions and deliver paper copies to you. GSD will need: (1) to send the required notices or disclosures to you in paper format; and (2) wait until GSD receives your acknowledgment of your receipt of such paper notices or disclosures. Further, you will no longer be able to use the DocuSign system to receive required notices and consents electronically from SONM or to electronically sign documents generated and sent to you from SONM.

E. All notices and disclosures will be sent to you electronically

Unless you inform GSD otherwise according to these procedures, GSD will electronically provide you through the DocuSign system all required notices, disclosures, authorizations, acknowledgements and other documents that are required to be provided or made available to you during the course of your electronic signature relationship with SONM. To reduce the possibility of inadvertent non-receipt, GSD prefers to provide all required notices and disclosures by the same method and to the same email or physical address that you furnish to GSD. Thus, you may receive the disclosures and notices electronically or in paper form. If you do not agree with this procedure, please inform GSD according to the procedures stated in Section I, below. Please also refer to Section D, immediately above, which states the consequences resulting from your declination of electronic delivery of notices and disclosures.

F. How to contact GSD:

You may inform General Services Department (GSD) of any changes you select regarding State Purchasing Division's (SPD) electronic communications with you, to request paper copies of certain information from SPD, and to withdraw your prior consent to receive notices and disclosures electronically by emailing your request(s) to SPD at: *GSD.SPDinfo@state.nm.us*

G. To advise SPD of your new email address

To inform SPD of a change in the email address to which SPD sends you notices and disclosures electronically, you must send an email to SPD at *GSD.SPDinfo@state.nm.us* and in the body of such request you must include your previous and new email addresses.

H. To request paper copies from SPD

To request delivery of paper copies of electronic notices and disclosures that DocuSign and/or SPD have previously provided to you, you must send an email to SPD at *GSD.SPDinfo@state.nm.us* and in the body of your email request state your email address, full name, mailing address, and telephone number. SPD will charge you a $1.00 per page copy fee plus postage.

I. To withdraw your consent with SPD

To inform SPD that you no longer wish to receive notices and disclosures in electronic format you may:

(1) Decline to sign a document from within a signing session, and on the subsequent page, select the check-box indicating you wish to withdraw your consent, or you may:

(2) Send SPD an email to *GSD.SPDinfo@state.nm.us* and in the body of your request state your email address, full name, mailing address, and telephone number.

J. Required hardware and software

The minimum system requirements for using the DocuSign system may change over time. The current DocuSign system requirements may be found at:
https://support.docusign.com/guides/signer-guide-signing-system-requirements

K. Acknowledging your access and consent to receive and sign documents electronically

To confirm that you are able to electronically access the information contained in this Electronic Record and Signature Disclosure (ERSD), please confirm that you have: (1) read this ERSD, and either: (2) you are able to print on paper or electronically save this ERSD for your future reference and access; or (3) you are able to email this ERSD to an email address where you will be able to print this ERSD on paper and/or save this ERSD for your future reference and access. Further, if you consent to receiving notices and disclosures from DocuSign and/or SPD exclusively in electronic format, then select the check-box next to "I agree to use electronic records and signatures," before you click "CONTINUE" within the DocuSign system.

By selecting the check-box next to "I agree to use electronic records and signatures," you confirm that:

- You have read this Electronic Record and Signature Disclosure (ERSD); and
- You can print this ERSD on paper, or you can save and/ or send this ERSD to a location where you can print this ERSD, for your future reference and access; and
- Until or unless you notify SPD as stated in this ERSD, you consent to exclusively receive through electronic means all notices, disclosures, authorizations, acknowledgements, and other documents that are required to be provided or made available to you by SPD during the course of your electronic signature relationship with SPD.

CERTIFICATE OF LIABILITY INSURANCE

DATE (MM/DD/YYYY) 7/1/2025

THIS CERTIFICATE IS ISSUED AS A MATTER OF INFORMATION ONLY AND CONFERS NO RIGHTS UPON THE CERTIFICATE HOLDER. THIS CERTIFICATE DOES NOT AFFIRMATIVELY OR NEGATIVELY AMEND, EXTEND OR ALTER THE COVERAGE AFFORDED BY THE POLICIES BELOW. THIS CERTIFICATE OF INSURANCE DOES NOT CONSTITUTE A CONTRACT BETWEEN THE ISSUING INSURER(S), AUTHORIZED REPRESENTATIVE OR PRODUCER, AND THE CERTIFICATE HOLDER.

IMPORTANT: If the certificate holder is an ADDITIONAL INSURED, the policy(ies) must have ADDITIONAL INSURED provisions or be endorsed. If SUBROGATION IS WAIVED, subject to the terms and conditions of the policy, certain policies may require an endorsement. A statement on this certificate does not confer rights to the certificate holder in lieu of such endorsement(s).

Subject: RE: Determination Request – Closure of Siler Fuel Station
Date: Friday, April 25, 2025 9:35:54 AM
Attachments: image002.png
image004.png

Greetings,

The scope of work as written would be Construction. This determination relates only to that question and is no comment on whether the scope of work or procurement method meet all legal standards. I reserve the right to change this determination if the scope of work differs from the scope of work submitted for the original determination. This procurement must be conducted using the processes and procedures set forth by the City of Santa Fe, Central Purchasing, the Procurement Manual, and state statutes.

Please note:

- Save this email as a PDF and upload it into the corresponding Munis record(s).
- If your request includes anything that needs to be reviewed and preapproved by another City Department/Division, please send the same SOW to the corresponding email address and include their response in your packet/Munis.
  -Treasury (Point of Sale Systems) – questions: drsena@santafenm.gov; clromero@santafenm.gov. Request signature from: clromero@santafenm.gov
  -IT components (everything IT) – questions: ereview@santafenm.gov. Request signature from: edcandelaria@santafenm.gov;
  Copy: zxdushdurova@santafenm.gov; lenobes@santafenm.gov; lfworstell@santafenm.gov
  -Vehicles – questions: fleet@santafenm.gov. Request signature from: dmjaramillo@santafenm.gov
  -Grants – questions: grants@santafenm.gov. Request signature from: evlujan@santafenm.gov
  - Construction, Facilities, Furniture, Fixtures, Equipment, etc. – questions: fmdreview@santafenm.gov. Request signature from: jsburnett@santafenm.gov_
  -Emergency Related Purchases – questions oem@santafenm.govand. Request signature from: bgwilliams@santafenm.gov
  -Asset over $5k – questions: accountspayable@santafenm.gov. Request signature from: jxbolden@santafenm.gov
- Ensure that the appropriate templates and forms are used https://intranet.santafenm.gov/finance_1 and documented procedures/laws/rules are followed.

- > $20k per year, when processing this procurement, please ensure the procurement number issued by Munis and the procurement name are used in the appropriate documents and the subject of emails.
- If you are processing a procurement where the forecasted amount is =/> $60k, per

NMSA 1978, Section 13-1-102, the procurement method must be ITB (if you choose not to use a cooperative or an existing contract). If you feel you need to process an RFP, you must get an Authorization and Plan approved before you process.

- < $20k per year, one quote is acceptable.
- From $20k to $60k per year, if you aren't using a cooperative or existing contract, you'll need to provide 3 quotes in your req. Must use the Munis Bid Module after 12/21/2023.
- Please keep this as part of the procurement file for future reference.
- Figure out your funding source and **inform Purchasing**. To ensure that the proper documents and language are used, it is important to identify the funding source for the subsequent contract. For instance, if federal funds are involved, the procurement request and subsequent contract must include the necessary federal language. Therefore, it is crucial to determine the funding source beforehand.
- Please review the pages linked below to determine whether any of the existing contracts/price agreements or cooperative agreements are applicable to this request. You might be able to use an existing price agreement to save time and money.
    - https://www.generalservices.state.nm.us/state-purchasing/statewide-price-agreements/ (if you choose to use a Statewide, you do not need to ask Horizons if they can do the work. State Purchasing must offer the SOW to Horizons prior to placing the award on their website.)
    - https://naspovaluepoint.org/categories/
    - https://www.omniapartners.com/publicsector/contracts
    - https://www.buyboard.com/home.aspx
    - https://www.h-gac.com/Home
    - https://www.gsaelibrary.gsa.gov/
    - https://www.sourcewell-mn.gov/contract-search

- Submit or send your request to the appropriate MS Teams channel or email address:
    - RFPs requests to https://teams.microsoft.com/l/channel/19%3ad63b9c8b586d424fa5eed34177146ac5%40thread.tacv2/RFP%2520Requests?groupId=a367d8c2-992f-4c74-8e7d-0ccb6950c9a1&tenantId=77b69f5a-55ed-4363-8616-4867b0bc707f
    - ITBs requests to https://teams.microsoft.com/l/channel/19%3a48e1e4588c0440a09cfbd9b907ed42d4%40thread.tacv2/ITB%2520Requests?groupId=a367d8c2-992f-4c74-8e7d-0ccb6950c9a1&tenantId=77b69f5a-55ed-4363-8616-4867b0bc707f
    - Determination requests to purchasing_det@santafenm.gov
    - And all other requests to purchasing@santafenm.gov

Thank you for submitting this scope of work for my review.

Book time to meet with me

Subject: Determination Request – Closure of Siler Fuel Station

Aloha Purchasing,

Facilities Division is requesting a SOW determination for the following:

Scope of Work for the Closure of Siler Fuel Station

1. Liquid Removal from Piping and Underground Storage Tanks (USTs)

1. Pump out remaining liquids into 55-gallon drums (estimated quantity: 2-3 drums).
2. Label and store drums in compliance with hazardous materials regulations.
3. Arrange for the proper disposal or recycling of the pumped liquids.

2. Removal of Tanks, Piping, and Associated Equipment

1. Remove all USTs, piping, fuel islands, dispensers, Veeder Root system, and electrical conduits.
2. Properly transport and dispose of all removed components in accordance with local, state, and federal regulations.
3. Provide documentation of disposal or recycling of materials.

3. Soil Sampling and Testing

1. Collect soil samples from specified locations as directed by the NMPSTB inspector.
2. Perform laboratory testing of soil samples for contaminants.
3. Submit soil sample analysis results to NMPSTB.

4. Remediation of Contaminated Soil (if required)

1. Excavate and remove contaminated soil as directed by NMPSTB or other regulatory authorities.
2. Replace excavated areas with clean fill material and compact as required.
3. Document and report the remediation process, including disposal or treatment of contaminated soil.

5. Site Backfill and Surface Restoration

1. Supply and place approved backfill material to fill voids left by the removal of tanks and piping.
2. Compact the backfill to meet specified density requirements.
3. Install a 4-inch layer of blacktop over the backfilled area for temporary surface restoration.

6. Canopy or Building Removal

1. Dismantle canopy and transport materials for proper disposal or recycling.
2. Ensure removal process is conducted safely and with minimal disruption to the surrounding area.
3. Remove all existing surface structures, including but not limited to buildings, concrete pads, and other fixed installations.
4. Transport demolition debris to an approved disposal or recycling facility.
5. Ensure site is left clear and clean, ready for final inspection.

Please let me know if additional information is required.
Thank you!

Best,
Elizabeth "Lisa" Kahahane, CPO
Contract Administrator | Facilities Division | Public Works Dept.

Electronic Record and Signature Disclosure

ELECTRONIC RECORD AND SIGNATURE DISCLOSURE

A. ELECTRONIC RECORD AND SIGNATURE DISCLOSURE (ERSD)

From time to time, New Mexico General Services Department (GSD), on behalf of the State of New Mexico (SONM), may be required by law to provide you with certain written notices or disclosures. Stated below are the terms and conditions for GSD's providing you such notices and disclosures electronically through the DocuSign system. Please read this information carefully. If you are able to access this information electronically and agree to **this Electronic Record and Signature Disclosure (ERSD)**, please confirm your agreement by selecting the check-box next to "I agree to use electronic records and signatures" before clicking "CONTINUE" within the DocuSign system.

B. Obtaining paper copies

At any time up to twenty (20) calendar days following your use of DocuSign to electronically sign a document, you may request a paper copy of any record provided or made available electronically to you by GSD. You will have the ability to download and print documents SONM sends you through the DocuSign system during and immediately after the signing session and, if you elect to create a DocuSign account, you may access the documents for a twenty (20) calendar day period after such documents are first sent to you. Following the twenty (20) day period, if you want GSD to send you paper copies of any such documents from GSD's office, you will be charged a $1.00 per-page fee plus postage. You may request delivery of such paper copies from GSD by following the procedure stated in Section H, below.

C. Withdrawing your consent

If you decide to receive notices and disclosures from GSD electronically, you may at any time change your mind and inform GSD you want to receive required notices and disclosures only in paper format. The procedure concerning how you may inform GSD of your decision to receive future notices and disclosures in paper format as well as withdraw your consent to receive notices and disclosures electronically is stated in Section D, immediately below.

D. Consequences of changing your mind

If you elect to receive required notices and disclosures only in paper format, it will slow the speed with which GSD will be able to complete certain steps in specific transactions and deliver paper copies to you. GSD will need: (1) to send the required notices or disclosures to you in paper format; and (2) wait until GSD receives your acknowledgment of your receipt of such paper notices or disclosures. Further, you will no longer be able to use the DocuSign system to receive required notices and consents electronically from SONM or to electronically sign documents generated and sent to you from SONM.

E. All notices and disclosures will be sent to you electronically

Unless you inform GSD otherwise according to these procedures, GSD will electronically provide you through the DocuSign system all required notices, disclosures, authorizations, acknowledgements and other documents that are required to be provided or made available to you during the course of your electronic signature relationship with SONM. To reduce the possibility of inadvertent non-receipt, GSD prefers to provide all required notices and disclosures by the same method and to the same email or physical address that you furnish to GSD. Thus, you may receive the disclosures and notices electronically or in paper form. If you do not agree with this procedure, please inform GSD according to the procedures stated in Section I, below. Please also refer to Section D, immediately above, which states the consequences resulting from your declination of electronic delivery of notices and disclosures.

F. How to contact GSD:

You may inform General Services Department (GSD) of any changes you select regarding State Purchasing Division's (SPD) electronic communications with you, to request paper copies of certain information from SPD, and to withdraw your prior consent to receive notices and disclosures electronically by emailing your request(s) to SPD at: *GSD.SPDinfo@state.nm.us*

G. To advise SPD of your new email address

To inform SPD of a change in the email address to which SPD sends you notices and disclosures electronically, you must send an email to SPD at *GSD.SPDinfo@state.nm.us* and in the body of such request you must include your previous and new email addresses.

H. To request paper copies from SPD

To request delivery of paper copies of electronic notices and disclosures that DocuSign and/or SPD have previously provided to you, you must send an email to SPD at *GSD.SPDinfo@state.nm.us* and in the body of your email request state your email address, full name, mailing address, and telephone number. SPD will charge you a $1.00 per page copy fee plus postage.

I. To withdraw your consent with SPD

To inform SPD that you no longer wish to receive notices and disclosures in electronic format you may:

(1) Decline to sign a document from within a signing session, and on the subsequent page, select the check-box indicating you wish to withdraw your consent, or you may:

(2) Send SPD an email to *GSD.SPDinfo@state.nm.us* and in the body of your request state your email address, full name, mailing address, and telephone number.

J. Required hardware and software

The minimum system requirements for using the DocuSign system may change over time. The current DocuSign system requirements may be found at:
https://support.docusign.com/guides/signer-guide-signing-system-requirements

K. Acknowledging your access and consent to receive and sign documents electronically

To confirm that you are able to electronically access the information contained in this Electronic Record and Signature Disclosure (ERSD), please confirm that you have: (1) read this ERSD, and either: (2) you are able to print on paper or electronically save this ERSD for your future reference and access; or (3) you are able to email this ERSD to an email address where you will be able to print this ERSD on paper and/or save this ERSD for your future reference and access. Further, if you consent to receiving notices and disclosures from DocuSign and/or SPD exclusively in electronic format, then select the check-box next to "I agree to use electronic records and signatures," before you click "CONTINUE" within the DocuSign system.

By selecting the check-box next to "I agree to use electronic records and signatures," you confirm that:

- You have read this Electronic Record and Signature Disclosure (ERSD); and
- You can print this ERSD on paper, or you can save and/ or send this ERSD to a location where you can print this ERSD, for your future reference and access; and
- Until or unless you notify SPD as stated in this ERSD, you consent to exclusively receive through electronic means all notices, disclosures, authorizations, acknowledgements, and other documents that are required to be provided or made available to you by SPD during the course of your electronic signature relationship with SPD.

Electronic Record and Signature Disclosure

ELECTRONIC RECORD AND SIGNATURE DISCLOSURE

A. ELECTRONIC RECORD AND SIGNATURE DISCLOSURE (ERSD)

From time to time, New Mexico General Services Department (GSD), on behalf of the State of New Mexico (SONM), may be required by law to provide you with certain written notices or disclosures. Stated below are the terms and conditions for GSD's providing you such notices and disclosures electronically through the DocuSign system. Please read this information carefully. If you are able to access this information electronically and agree to **this Electronic Record and Signature Disclosure (ERSD)**, please confirm your agreement by selecting the check-box next to "I agree to use electronic records and signatures" before clicking "CONTINUE" within the DocuSign system.

B. Obtaining paper copies

At any time up to twenty (20) calendar days following your use of DocuSign to electronically sign a document, you may request a paper copy of any record provided or made available electronically to you by GSD. You will have the ability to download and print documents SONM sends you through the DocuSign system during and immediately after the signing session and, if you elect to create a DocuSign account, you may access the documents for a twenty (20) calendar day period after such documents are first sent to you. Following the twenty (20) day period, if you want GSD to send you paper copies of any such documents from GSD's office, you will be charged a $1.00 per-page fee plus postage. You may request delivery of such paper copies from GSD by following the procedure stated in Section H, below.

C. Withdrawing your consent

If you decide to receive notices and disclosures from GSD electronically, you may at any time change your mind and inform GSD you want to receive required notices and disclosures only in paper format. The procedure concerning how you may inform GSD of your decision to receive future notices and disclosures in paper format as well as withdraw your consent to receive notices and disclosures electronically is stated in Section D, immediately below.

D. Consequences of changing your mind

If you elect to receive required notices and disclosures only in paper format, it will slow the speed with which GSD will be able to complete certain steps in specific transactions and deliver paper copies to you. GSD will need: (1) to send the required notices or disclosures to you in paper format; and (2) wait until GSD receives your acknowledgment of your receipt of such paper notices or disclosures. Further, you will no longer be able to use the DocuSign system to receive required notices and consents electronically from SONM or to electronically sign documents generated and sent to you from SONM.

E. All notices and disclosures will be sent to you electronically

Unless you inform GSD otherwise according to these procedures, GSD will electronically provide you through the DocuSign system all required notices, disclosures, authorizations, acknowledgements and other documents that are required to be provided or made available to you during the course of your electronic signature relationship with SONM. To reduce the possibility of inadvertent non-receipt, GSD prefers to provide all required notices and disclosures by the same method and to the same email or physical address that you furnish to GSD. Thus, you may receive the disclosures and notices electronically or in paper form. If you do not agree with this procedure, please inform GSD according to the procedures stated in Section I, below. Please also refer to Section D, immediately above, which states the consequences resulting from your declination of electronic delivery of notices and disclosures.

F. How to contact GSD:

You may inform General Services Department (GSD) of any changes you select regarding State Purchasing Division's (SPD) electronic communications with you, to request paper copies of certain information from SPD, and to withdraw your prior consent to receive notices and disclosures electronically by emailing your request(s) to SPD at: *GSD.SPDinfo@state.nm.us*

G. To advise SPD of your new email address

To inform SPD of a change in the email address to which SPD sends you notices and disclosures electronically, you must send an email to SPD at *GSD.SPDinfo@state.nm.us* and in the body of such request you must include your previous and new email addresses.

H. To request paper copies from SPD

To request delivery of paper copies of electronic notices and disclosures that DocuSign and/or SPD have previously provided to you, you must send an email to SPD at *GSD.SPDinfo@state.nm.us* and in the body of your email request state your email address, full name, mailing address, and telephone number. SPD will charge you a $1.00 per page copy fee plus postage.

I. To withdraw your consent with SPD

To inform SPD that you no longer wish to receive notices and disclosures in electronic format you may:

(1) Decline to sign a document from within a signing session, and on the subsequent page, select the check-box indicating you wish to withdraw your consent, or you may:

(2) Send SPD an email to *GSD.SPDinfo@state.nm.us* and in the body of your request state your email address, full name, mailing address, and telephone number.

J. Required hardware and software

The minimum system requirements for using the DocuSign system may change over time. The current DocuSign system requirements may be found at:
https://support.docusign.com/guides/signer-guide-signing-system-requirements

K. Acknowledging your access and consent to receive and sign documents electronically

To confirm that you are able to electronically access the information contained in this Electronic Record and Signature Disclosure (ERSD), please confirm that you have: (1) read this ERSD, and either: (2) you are able to print on paper or electronically save this ERSD for your future reference and access; or (3) you are able to email this ERSD to an email address where you will be able to print this ERSD on paper and/or save this ERSD for your future reference and access. Further, if you consent to receiving notices and disclosures from DocuSign and/or SPD exclusively in electronic format, then select the check-box next to "I agree to use electronic records and signatures," before you click "CONTINUE" within the DocuSign system.

By selecting the check-box next to "I agree to use electronic records and signatures," you confirm that:

- You have read this Electronic Record and Signature Disclosure (ERSD); and
- You can print this ERSD on paper, or you can save and/ or send this ERSD to a location where you can print this ERSD, for your future reference and access; and
- Until or unless you notify SPD as stated in this ERSD, you consent to exclusively receive through electronic means all notices, disclosures, authorizations, acknowledgements, and other documents that are required to be provided or made available to you by SPD during the course of your electronic signature relationship with SPD.

Electronic Record and Signature Disclosure

ELECTRONIC RECORD AND SIGNATURE DISCLOSURE

A. ELECTRONIC RECORD AND SIGNATURE DISCLOSURE (ERSD)

From time to time, New Mexico General Services Department (GSD), on behalf of the State of New Mexico (SONM), may be required by law to provide you with certain written notices or disclosures. Stated below are the terms and conditions for GSD's providing you such notices and disclosures electronically through the DocuSign system. Please read this information carefully. If you are able to access this information electronically and agree to **this Electronic Record and Signature Disclosure (ERSD)**, please confirm your agreement by selecting the check-box next to "I agree to use electronic records and signatures" before clicking "CONTINUE" within the DocuSign system.

B. Obtaining paper copies

At any time up to twenty (20) calendar days following your use of DocuSign to electronically sign a document, you may request a paper copy of any record provided or made available electronically to you by GSD. You will have the ability to download and print documents SONM sends you through the DocuSign system during and immediately after the signing session and, if you elect to create a DocuSign account, you may access the documents for a twenty (20) calendar day period after such documents are first sent to you. Following the twenty (20) day period, if you want GSD to send you paper copies of any such documents from GSD's office, you will be charged a $1.00 per-page fee plus postage. You may request delivery of such paper copies from GSD by following the procedure stated in Section H, below.

C. Withdrawing your consent

If you decide to receive notices and disclosures from GSD electronically, you may at any time change your mind and inform GSD you want to receive required notices and disclosures only in paper format. The procedure concerning how you may inform GSD of your decision to receive future notices and disclosures in paper format as well as withdraw your consent to receive notices and disclosures electronically is stated in Section D, immediately below.

D. Consequences of changing your mind

If you elect to receive required notices and disclosures only in paper format, it will slow the speed with which GSD will be able to complete certain steps in specific transactions and deliver paper copies to you. GSD will need: (1) to send the required notices or disclosures to you in paper format; and (2) wait until GSD receives your acknowledgment of your receipt of such paper notices or disclosures. Further, you will no longer be able to use the DocuSign system to receive required notices and consents electronically from SONM or to electronically sign documents generated and sent to you from SONM.

E. All notices and disclosures will be sent to you electronically

Unless you inform GSD otherwise according to these procedures, GSD will electronically provide you through the DocuSign system all required notices, disclosures, authorizations, acknowledgements and other documents that are required to be provided or made available to you during the course of your electronic signature relationship with SONM. To reduce the possibility of inadvertent non-receipt, GSD prefers to provide all required notices and disclosures by the same method and to the same email or physical address that you furnish to GSD. Thus, you may receive the disclosures and notices electronically or in paper form. If you do not agree with this procedure, please inform GSD according to the procedures stated in Section I, below. Please also refer to Section D, immediately above, which states the consequences resulting from your declination of electronic delivery of notices and disclosures.

F. How to contact GSD:

You may inform General Services Department (GSD) of any changes you select regarding State Purchasing Division's (SPD) electronic communications with you, to request paper copies of certain information from SPD, and to withdraw your prior consent to receive notices and disclosures electronically by emailing your request(s) to SPD at: *GSD.SPDinfo@state.nm.us*

G. To advise SPD of your new email address

To inform SPD of a change in the email address to which SPD sends you notices and disclosures electronically, you must send an email to SPD at *GSD.SPDinfo@state.nm.us* and in the body of such request you must include your previous and new email addresses.

H. To request paper copies from SPD

To request delivery of paper copies of electronic notices and disclosures that DocuSign and/or SPD have previously provided to you, you must send an email to SPD at *GSD.SPDinfo@state.nm.us* and in the body of your email request state your email address, full name, mailing address, and telephone number. SPD will charge you a $1.00 per page copy fee plus postage.

I. To withdraw your consent with SPD

To inform SPD that you no longer wish to receive notices and disclosures in electronic format you may:

(1) Decline to sign a document from within a signing session, and on the subsequent page, select the check-box indicating you wish to withdraw your consent, or you may:

(2) Send SPD an email to *GSD.SPDinfo@state.nm.us* and in the body of your request state your email address, full name, mailing address, and telephone number.

J. Required hardware and software

The minimum system requirements for using the DocuSign system may change over time. The current DocuSign system requirements may be found at:
https://support.docusign.com/guides/signer-guide-signing-system-requirements

K. Acknowledging your access and consent to receive and sign documents electronically

To confirm that you are able to electronically access the information contained in this Electronic Record and Signature Disclosure (ERSD), please confirm that you have: (1) read this ERSD, and either: (2) you are able to print on paper or electronically save this ERSD for your future reference and access; or (3) you are able to email this ERSD to an email address where you will be able to print this ERSD on paper and/or save this ERSD for your future reference and access. Further, if you consent to receiving notices and disclosures from DocuSign and/or SPD exclusively in electronic format, then select the check-box next to "I agree to use electronic records and signatures," before you click "CONTINUE" within the DocuSign system.

By selecting the check-box next to "I agree to use electronic records and signatures," you confirm that:

- You have read this Electronic Record and Signature Disclosure (ERSD); and
- You can print this ERSD on paper, or you can save and/ or send this ERSD to a location where you can print this ERSD, for your future reference and access; and
- Until or unless you notify SPD as stated in this ERSD, you consent to exclusively receive through electronic means all notices, disclosures, authorizations, acknowledgements, and other documents that are required to be provided or made available to you by SPD during the course of your electronic signature relationship with SPD.

MS

DocuSign Envelope ID: 9C0D0BCE-1F94-4323-9C4D-6BA4D233D2D9

Terms and Conditions

(Unless otherwise specified)

1. **General:** When the State Purchasing Agent or his/her designee issues a purchase document in response to the Vendor's bid, a binding contract is created.

2. **Variation in Quantity:** No variation in the quantity of any item called for by this order will be accepted unless such variation has been caused by conditions of loading, shipping, packing or allowances in manufacturing process and then only to the extent, if any, specified in this order.

3. **Assignment:**

a. Neither the order, nor any interest therein, nor any claim thereunder, shall be assigned or transferred by the Vendor, except as set forth in Subparagraph 3b or as expressly authorized in writing by the State Purchasing Agent or his/her designee. No such assignment or transfer shall relieve the Vendor from the obligations and liabilities under this order.

b. Vendor agrees that any and all claims for overcharge resulting from antitrust violations which are borne by the State as to goods, services, and materials purchased in connection with this bid are hereby assigned to the State.

4. **State Furnished Property:** State furnished property shall be returned to the State upon request in the same condition as received except for ordinary wear, tear and modifications ordered hereunder.

5. **Discounts:** Prompt payment discounts will not be considered in computing the low bid.

6. **Inspection:** Final inspection and acceptance will be made at the destination. Supplies rejected at the destination for nonconformance with specifications shall be removed at the Vendor's risk and expense, promptly after notice of rejection.

7. **Inspection of Plant:** The State Purchasing Agent or his/her designee may inspect, at any reasonable time, the part of the Contractor's, or any subcontractor's plant or place of business, which is related to the performance of this contract.

8. **Commercial Warranty:** The Vendor agrees that the supplies or services furnished under this order shall be covered by the most favorable commercial warranties the Vendor gives for such to any customer for such supplies or services. The rights and remedies provided herein shall extend to the State and are in addition to and do not limit any rights afforded to the State by any other clause of this order. **Vendor agrees not to disclaim warranties of fitness for a particular purpose of merchantability.**

9. **Taxes:** The unit price shall exclude all state taxes.

10. **Packing, Shipping and Invoicing:**

a. The State's purchasing document number and the Vendor's name, user's name and location shall be shown on each packing and delivery ticket, package, bill of lading and other correspondence in connection with the shipments. The user's count will be accepted by the Vendor as final and conclusive on all shipments not accompanied by a packing ticket.

b. The Vendor's invoice shall be submitted duly certified and shall contain the following information: order number, description of supplies or services, quantities, unit price and extended totals. Separate invoices shall be rendered for each and every complete shipment.

c. Invoices must be submitted to the using agency and NOT the State Purchasing Agent.

11. **Default:** The State reserves the right to cancel all or any part of this order without cost to the State, if the Vendor fails to meet the provisions of this order and, except as otherwise provided herein, to hold the Vendor liable for any excess cost occasioned by the State due to the Vendor's default. The Vendor shall not be liable for any excess costs if failure to perform the order arises out of causes beyond the control and without the fault or negligence of the Vendor, such causes include but are not restricted to, acts of God or the public enemy, acts of the State or Federal Government, fires, floods, epidemics, quarantine restrictions, strikes, freight embargoes, unusually severe weather and defaults of subcontractors due to any of the above, unless the State shall determine that the supplies or services to be furnished by

DocuSign Envelope ID: 9C0D0BCE-1F94-4323-9C4D-6BA4D233D2D9

the subcontractor were obtainable from other sources in sufficient time to permit the Vendor to meet the required delivery scheduled. The rights of the State provided in this paragraph shall not be exclusive and are in addition to any other rights now being provided by law or under this order.

12. **Non-Collusion:** In signing this bid the Vendor certifies he/she has not, either directly or indirectly, entered into action in restraint of free competitive bidding in connection with this offer submitted to the State Purchasing Agent or his/her designee.

13. **Nondiscrimination:** Vendor doing business with the State of New Mexico must be in compliance with the Federal Civil Rights Act of 1964 and Title VII of the Act (Rev. 1979) and the Americans with Disabilities Act of 1990 (Public Law 101-336).

14. **The Procurement Code:** Sections 13-1-28 through 13-1-199 NMSA 1978, imposes civil and criminal penalties for its violation. In addition the New Mexico criminal statutes impose felony penalties for bribes, gratuities and kickbacks.

15. **Items:** All bid items are to be NEW and of most current production, unless otherwise specified.

16. **Payment for Purchases:** Except as otherwise agreed to: late payment charges may be assessed against the user state agency in the amount and under the conditions set forth in Section 13-1-158 NMSA 1978.

17. **Workers' Compensation:** The Contractor agrees to comply with state laws and rules pertaining to Workers' Compensation benefits for its employees. If the Contractor fails to comply with Workers' Compensation Act and applicable rules when required to do so, this Agreement may be terminated by the contracting agency.

18. **Submission of Bid:** Bids must be submitted in a sealed envelope with the bid number and opening date clearly indicated on the bottom left hand side of the front of the envelope. Failure to label bid envelope will necessitate the premature opening of the bid in order to identify the bid number.

19. **Contractor Personnel**: Personnel proposed in the Contractor's written bid to the Procuring Agency are considered material to any work performed under this Price Agreement. Once a Purchase Order or contract has been executed, no changes of personnel will be made by the Contractor without prior written consent of the Procuring Agency. Replacement of any Contractor personnel, if approved, shall be with personnel of equal ability, experience, and qualifications. The Contractor will be responsible for any expenses incurred in familiarizing the replacement personnel to insure their being productive to the project immediately upon receiving assignments. Approval of replacement personnel shall not be unreasonably withheld. The Procuring Agency shall retain the right to request the removal of any of the Contractor's personnel at any time.

20. **Subcontracting:** The Contractor shall not subcontract any portion of the Price Agreement without the prior written approval of the Procuring Agency. No such subcontracting shall relieve the Contractor from its obligations and liabilities under this Price Agreement, nor shall any subcontracting obligate payment from the Agency.

21. **Records and Audit:** The Contractor shall maintain detailed time and expenditure records that indicate the date, time, nature, and cost of services rendered during this Price Agreement's term and effect, and retain them for a period of three (3) years from the date of final payment under this Price Agreement. The records shall be subject to inspection by the Agency, State Purchasing Division, Department of Finance and Administration, and for Information Technology contracts, State Chief Information Officer. The Agency shall have the right to audit billings, both before and after payment. Payment for services under this Price Agreement shall not foreclose the right of the Agency to recover excessive or illegal payments.

22. **Subcontracts:** The foregoing requirements for Contractor Personnel, Subcontracting, and Audit shall be inserted into all subcontracts from the prime contractor to the subcontractor.

New Mexico Employees Health Coverage

A. If Contractor has, or grows to, six (6) or more employees who work, or who are expected to work, an average of at least 20 hours per week over a six (6) month period during the term of the contract, Contractor certifies, by signing this agreement, to have in place, and agrees to maintain for the term of the contract, health insurance for its New Mexico

DocuSign Envelope ID: 9C0D0BCE-1F94-4323-9C4D-6BA4D233D2D9

Employees and offer that health insurance to its New Mexico Employees if the expected annual value in the aggregate of any and all contracts between Contractor and the State exceeds $250,000 dollars.

B. Contractor agrees to maintain a record of the number of its New Mexico Employees who have (a) accepted health insurance; (b) declined health insurance due to other health insurance coverage already in place; or (c) declined health insurance for other reasons. These records are subject to review and audit by a representative of the state.

C. Contractor agrees to advise all of its New Mexico Employees of the availability of State publicly financed health care coverage programs by providing each of its New Mexico Employees with, as a minimum, the following web site link to additional information: https://bewellnm.com.

D. For purposes of this Paragraph, the following terms have the following meanings:

(1) "New Mexico Employee" means any resident of the State of New Mexico employed by Contractor who performs the majority of the employee's work for Contractor within the State of New Mexico, regardless of the location of Contractor's office or offices; and

(2) "offer" means to make available, without unreasonable restriction, enrollment in one or more health coverage plans and to actively seek and encourage participation in order to achieve the goals of Executive Order 2007-049. This could include State publicly financed public health coverage programs such as *Insure New Mexico!*

Statewide Price Agreement

Article I – Statement of Work
Under the terms and conditions of this Price Agreement all State of New Mexico agencies, commissions, institutions, political subdivisions and local public bodies allowed by law may issue orders for items and/or services described herein. The terms and conditions of this Price Agreement shall form a part of each order issued hereunder.

The items and/or services to be ordered shall be as listed under Article IX - Price Schedule. All orders issued hereunder will bear both an order number and this Price Agreement number. It is understood that no guarantee or warranty is made or implied by the New Mexico State Purchasing Agent, his/her designee or the user that any order for any definite quantity will be issued under this Price Agreement. The Contractor is required to accept the order and furnish the items and/or services in accordance with the articles contained hereunder for the quantity of each order.

Article II – Term
The term of this Price Agreement, for issuance of orders, shall be as indicated in the specifications.

Article III – Specifications
Items and/or services furnished hereunder shall conform to the requirements of specifications and/or drawings applicable to items listed under Article IX-Price Schedule. Orders issued against this schedule will show the applicable Price Agreement item(s), number(s), and price(s); however they may not describe the item(s) fully.

Article IV – Shipping and Billing Instructions
Contractor shall ship in accordance with the following instructions: Shipment shall be made only against specific orders which the user may place with the Contractor during the term; The Contractor shall enclose a packing list with each shipment listing the order number, price agreement number and the commercial parts number (if any) for each item; Delivery shall be made as indicated on page1. If vendor is unable to meet stated delivery the State Purchasing Agent or his/her designee must be notified.

Article V – Termination
The Agency may terminate this Agreement for convenience or cause. The Contractor may only terminate this Agreement based upon the Agency's uncured, material breach of this Agreement. Contractor shall give Agency written notice of termination at least thirty (30) days prior to the intended date of termination, which notice shall (i) identify all the Agency's material breaches of this Agreement upon which the termination is based and (ii) state what the Agency must do to cure such material breaches. Contractor's notice of termination shall only be effective (i) if the Agency does not cure all material breaches within the thirty (30) day notice period or (ii) in the case of material breaches that cannot be cured within thirty (30) days, the Agency does not, within the thirty (30) day notice period, notify the Contractor of its intent to cure and begin with

DocuSign Envelope ID: 9C0D0BCE-1F94-4323-9C4D-6BA4D233D2D9

due diligence to cure the material breach. Termination of this Contract, however, shall not affect any outstanding orders. This provision is not exclusive and shall not waive other rights and remedies afforded either party in the event of breach of contract or default. In such instances the contract may be cancelled effective immediately.

Article VI – Amendment
This Price Agreement may be amended by mutual agreement of the New Mexico State Purchasing Agent or his/her designee and the Contractor upon written notice by either party to the other. An amendment to this Price Agreement shall not affect any outstanding orders issued prior to the effective date of the amendment as mutually agreed upon, and as published by the New Mexico State Purchasing Agent or his/her designee. Amendments affecting price adjustments and/or the extension of a price agreement expiration date are not allowed unless specifically provided in the bid and price agreement specifications.

Article VII – Indemnity Clause
Contractor shall indemnify and hold harmless the State, its officers and employees, against liability, claims, damages, losses or expenses arising out of bodily injury to persons or damage to properties caused by, or resulting from Contractor's, and/or its employees, own negligent act or omission while Contractor, and/or its employees, perform or fails to perform its obligations and duties under the Terms and Conditions of this agreement. This save harmless and indemnification clause is subject to the immunities, provisions, and limitations of the Tort Claims Act (Section 41-4-1, et seq., N.M.S.A. 1978 comp. and Section 57-7-1 N.M.S.A. 1878 comp. and any amendments thereto.

It is specifically agreed between the parties executing this agreement that it is not intended by any of the provisions of any part of the agreement to create in the public or any member thereof a third party beneficiary or to authorize anyone not a party to the agreement to maintain a suit(s) for wrongful death(s), bodily and/ or personal injury(s) to person(s), damage(s) to property(ies) and/or any other claim(s) whatsoever pursuant to the provisions of this agreement.
Vendor shall provide all insurance necessary to employees on the work site, including but not limited to Worker's Compensation.

Article VIII – Issuance or Orders
Only written signed orders are valid under this Price Agreement.

Article IX – Packing (if applicable)
Packing shall be in conformance with standard commercial practices.

Article X – Price Schedule
Prices as listed in the price schedule hereto attached are firm.

Specifications:
Establish a Statewide Price Agreement for on-call general construction services work by New Mexico licensed contractors to provide miscellaneous repairs, upgrades, improvements and new construction services for facilities and properties throughout the state of New Mexico. This Price Agreement may be utilized by all New Mexico State Agencies, commissions, political subdivisions and local public bodies applicable by law (using agency or local public body).

Term:
The term of this Price Agreement shall be for one (1) year from date of award with the option to extend for a period of two (2) additional years, on a year-to-year basis, by mutual agreement of all parties and approval of the New Mexico State Purchasing Agent at the same price, terms and conditions. This Price Agreement shall not exceed three (3) years.

Compensation Caps:
The total cost of each project, shall not exceed Four Million Dollars ($4,000,000.00). This cap includes all change orders associated with the project. Since NMSA 1978 Section 13-1-154.1 sets the cap thresholds, if modified during the term of this Agreement, any revisions to the NMSA will apply.

Legislation Affecting Price Agreement:
If future legislation affects any terms or conditions of the Price Agreement the Price Agreement may be amended to comply with the legislation.

Insurance:
The Contractor shall provide all insurance necessary for its employees on the project, including, but not limited to, Workman's Compensation Insurance. The Contractor agrees to comply with state laws and rules pertaining to Workers' Compensation Insurance coverage for its employees. If the Contractor fails to comply with the Workers' Compensation Act and applicable rules, when required to do so, this Price Agreement will be cancelled immediately.

Contractor shall indemnify and hold harmless the State and local public body, its officers, and employees, against liability, claims, damages, losses, or expenses arising out of bodily injury to persons or damage to properties caused by, or resulting from, Contractor's and/or its employees, own negligent acts or omissions while Contractor, and/or its employees perform or fail to perform its obligations and duties under the terms and conditions of this Price Agreement. This Save Harmless and Indemnification Clause is subject to the immunities, provisions, and limitations of the Tort Claims Act (Section 41-4-1, et seq., NMSA 1978 Comp. and Section 56-7-1 NMSA 1978 Comp.) and any amendments thereto.

It is specifically agreed between the parties executing this Price Agreement that it is not intended by any of the provisions of any part of the Price Agreement to create the public or any member hereof a third party beneficiary or to authorize anyone not a party to the Price Agreement to maintain a suit for wrongful death, bodily and/or personal injury to persons, damage to properties and/or other claims whatsoever pursuant to the provisions of this Price Agreement.

The Contractor shall provide public liability insurance for the minimum amount of one hundred thousand dollars ($100,000) for damage to or destruction of property arising out of each occurrence; the amount of three hundred thousand dollars ($300,000) to any person for any number of claims arising out of each occurrence for all damages other than property damage as permitted under the New Mexico Tort Claims Act; and the amount of five hundred thousand dollars ($500,000) for all claims arising out of each occurrence. Umbrella or excess liability coverage shall not be considered as any part of the primary coverage.

The vendor shall request from his insurer that the agency or local public body be named "Additional Insured" on an insurance certificate showing the vendor's insurance coverages.

All work covered by this Invitation to Bid shall be in accordance with applicable state laws, the International Building Code (IBC) and New Mexico building codes and is subject to the minimum wage rate determination issued by the New Mexico Department of Workforce Solutions, if applicable.

DocuSign Envelope ID: 9C0D0BCE-1F94-4323-9C4D-6BA4D233D2D9

Wage Rates:
All work covered by this Invitation to Bid shall be in accordance with applicable state laws and is subject to the minimum wage rate determination issued by the Department of Workforce Solutions (DWS), if applicable.

A wage rate decision is required by the Public Works Minimum Wage Act for construction, demolition or renovation purposes on projects costing sixty thousand dollars ($60,000) or more and funded in part by state or local funding. The Contractor agrees to comply with the current prevailing wage rate schedule when applicable. For current wage rates or for additional information, visit: http://www.dws.state.nm.us. The agency or local public body will request a wage rate determination from the DWS.

Bonding:
A one hundred percent (100%) performance bond and a one hundred percent (100%) payment and material bond executed by a surety company authorized to do business in the state of New Mexico will be required of the successful bidder(s) prior to each project over twenty-five thousand dollars ($25,000). Said bonds must be provided to the requesting agency and are to be filed with the agencies purchasing office. Failure to comply shall result in the order being issued to another vendor and the difference being charged back to the awarded Contractor(s). The cost of the bonds may be passed on to the agency or local public body.

A Subcontractor shall provide a performance and payment bond on a public works building project if the subcontractor's contract (to the Contractor) for work to be performed on a project is one hundred and twenty-five thousand dollars ($125,000) or more. Failure of a Subcontractor to provide required bond shall not subject the Owner to any increase in cost due to any substitution of an approved Subcontractor.

Other:
The awarded Contractor shall be responsible for all permits associated with this work as required by the State of New Mexico Construction Industries Division (CID) or the local Authority Having Jurisdiction (AHJ). The CID will issue permits for work performed at state-owned buildings.

Escalation / Reduction Clause:
Contractor shall keep pricing fixed for each year of this Agreement. Thereafter, SPD and the Contractor may adjust pricing no more than once annually through an amendment to the Agreement at the time of Agreement renewal. Contractor shall submit all pricing increase requests to SPD directly or through the agency contact in writing and provide substantiating evidence that each request is based on demonstrable market changes impacting the cost of products. The request must show all proposed increases by line item and include supporting documentation acceptable to SPD (such as a letter from a manufacturer indicating price increases, etc.) SPD's decision on what is acceptable in this context is final and shall be accepted by all parties to the Agreement. ***Requested price increases that exceed 10% will not be accepted*.** **No** price increase may result in a higher profit margin for the Contractor than at the beginning of the initial term of this Agreement. Pricing changes will apply to Agreements and amendments to Agreements entered on and after the effective date of the price change. Price decreases as well as increases shall apply in the same manner. If vendor's prices are reduced for any reason, users shall receive the benefit of such reductions, immediately. Price increases will not be retroactive to orders already in house or backorders. Orders will be filled at the price in effect on the date of receipt of the order by the vendor. To facilitate prompt consideration, all requests for price increase must include all information listed below:

1. Agreement Item Number
2. Current Item Price
3. Proposed New Price
4. Percentage of Increase
5. Mill/Supplier Notification of price increase indicating percentage of increase including reason for increase.

Contractor Note:
No person shall act as a Contractor without a license issued by the Construction Industries Division, classified to cover the type of work to be performed. No bid on a contract shall be submitted unless the Contractor has a valid Contractor's

DocuSign Envelope ID: 9C0D0BCE-1F94-4323-9C4D-6BA4D233D2D9

license issued by the CID to bid and to perform the type of work to be undertaken, as set forth in § 60-13-12, NMSA 1978.

Contractor shall provide the following information:

Contractor's New Mexico license no.: _____
Contractor's classification no.: _____
State tax identification no.: _____
Public Works Registration Number*: _____
*Pursuant to: 13-4-13.1 Public Works Contracts; Registration of Contractors and Subcontractors

When submitting a quote for a specific project valued at more than sixty thousand dollars ($60,000) for any portion of a public works project greater than sixty thousand dollars ($60,000) that is subject to the New Mexico Public Works Act, the Contractor is required to be registered with the Labor and Industrial Division of the Department of Workforce Solutions prior to submitting its quote. The using agency may reject any quote that fails to provide a Public Works Registration Number for the prime Contractor and all other listed Contractors or subcontractors. In order to submit a bid for this invitation to bid the bidder must have an Active registration for the Public Works Act.

The Contractor will be contacted on an as needed, on-call basis to perform work associated with this Price Agreement. A Price Agreement award is without assurance of quantity or dollar amount of work to be performed. Failure to respond to the Using Agency's requests may be grounds for termination of this Price Agreement. Awards for these services will be made on a statewide basis. If the awarded contractor does not wish to travel to other parts of the State, it is acceptable to decline work.

Scope of Work:
Contractors shall provide their cost for performing all the work called for in the Using Agency's scope of work for the project. Projects may be of short or long term duration, throughout the state.

Contractors shall have the technical staff to perform diagnostic services; provide incidental design services as needed; and to provide professionally prepared, stamped drawings, if needed, to obtain installation or construction permits. The Contractor is responsible for obtaining all required licenses, fees and permits required by government agencies to perform the work.

Contractors shall be 'licensed Contractors" capable of providing all coordination, supervision and services required for comprehensive general building construction, renovations, upgrade and improvement projects and to provide new construction services including incidental design. The scope of an individual project may include equipment, fixtures and furniture whether attached or not to the building. It can include site and utility work including landscaping and parking lot/ minor road/ minor bridge work. The utility work can include building power systems such as solar panels, geothermal systems, water sourcing systems, water treatment and waste disposal/treatment systems. It may also include demolition and abatement projects. Identification and abatement of asbestos containing materials (ACM) may be performed under separate contracts. It can also include security and other low voltage installations with related controls and equipment.

Contractors shall provide all materials, labor, equipment and tools required to successfully complete the work requested. The Contractors shall be capable of providing a work force with supervision, adequate to perform work for a forty (40) hour work week during normal working hours with the option of working non normal or overtime hours if required.

Replacement systems and related equipment shall meet current minimum state mandated "Energy Star" energy conservation standards.

Subcontracting of work is allowed and shall be prior approved by the Using Agency. Subcontractors shall have the appropriate current and valid Contractor's licenses for their work. And shall furnish proof upon request.

DocuSign Envelope ID: 9C0D0BCE-1F94-4323-9C4D-6BA4D233D2D9

Furnishing of submittal data for any/all new equipment and materials as well as O&M's when either/or are required, and deemed necessary for the facility is required. Training of site personnel for the proper operation of newly installed equipment/systems and its related controls will be performed and required for completion. This training must be acceptable to the person in charge of the facility.

Replacement mechanical/electrical/plumbing systems and related equipment shall meet current minimum state mandated "Energy Star" energy conservation standards.

The Contractor shall provide all protective coverings necessary to protect existing, adjacent finishes while performing its work. If any damage is encountered during the contractor's work, to other areas, the contractor will be held responsible for repairing any damage done by his employees, subcontractors and vendors.

The Contractor shall, at his own cost, restore any damage to existing, adjacent finishes damaged as a result of performing its work and to make new work inconspicuous with the existing, adjacent finishes.

The Contractor shall provide all clean-up for its operations and control of all construction debris. All work areas shall be maintained in a neat and workmanlike manner. All construction debris shall be removed from the work areas and disposed of at an approved waste disposal site. The Using Agency's trash container for the building shall not be used for disposal of any construction debris.

All work shall be according to current applicable State and National codes. All work shall be in strict compliance with the national and state building mechanical, plumbing, fire and electrical codes including SMACNA, and ASHRAE standards.

Safety shall be of main concern and enforced by the contractor on site and will be periodically inspected by the State's qualified safety personnel. The Contractor shall comply with all local, state and federal laws governing safety, health and sanitation. The on-site Superintendent shall have a minimum OSHA 10 and preferably OSHA 30 card with them at all times when on the jobsite. The Using Agency shall not in any way be responsible for any fines set forth for such violations of codes, OSHA standards or any other governing agency having jurisdiction at the work site. The Contractor shall provide all needed safe guards, safety devices and protective equipment; take any actions necessary to protect the life and health of employees on the job; the safety of the public; and to protect the property of the Using Agency in connection with the performance of the work covered by this Price Agreement. Any work involving disconnect or switching of electrical service to a work area shall utilize LOCKOUT/TAGOUT identification practices.

All personnel working on the project and providing these services shall be experienced and certified in all areas related to this work and required by this Price Agreement. Journeymen level personnel shall have the ability and necessary skills to diagnosis problems and to make the appropriate decisions needed to provide these services.

Contractor's price shall cover all labor costs, tools, equipment, materials, permits, overhead, profit, insurance and any other fees necessary to perform the work called for in the Using Agency's scope of work and drawings for this project. Any equipment required to have licensed operators shall be the responsibility of the contractor before any equipment is turned on at the jobsite. The prices quoted for each project represent the total compensation to be paid by the Using Agency for the goods and/or services provided including any and all labor, equipment, tools, materials, taxes, permits, licenses, or other costs necessary to complete the service or goods provided.

Taxes shall be added by the Contractor to its quote (line item on schedule of values) at the current tax rate at the project's location. As a separate item, the Using Agency shall ensure the appropriate gross receipts tax is added to the Contractor's project proposal and that it is encumbered in the Purchase Order.

The Contractor shall provide all the services needed and called for in the Using Agency's scope of work, in addition to the requirements set forth in this Price Agreement.

DocuSign Envelope ID: 9C0D0BCE-1F94-4323-9C4D-6BA4D233D2D9

Request for Quote (RFQ):
Each project under this Price Agreement will be individually described in a "Request for Quote (RFQ)". The RFQ will describe the scope of work, the duration of the project with the date of Substantial Completion and if there are liquidated damages for not meeting the date of substantial completion. The date of Substantial Completion is the date when the space can be occupied or the Work used/operated and is turned over to the User Agency. Final completion is the date when the project is totally complete, the punch list work complete and the Contractor's final pay application/invoice is approved. The terms and conditions of the Contractor's Statewide Price Agreement will apply to all Purchase Orders which result from the accepted quote in response to the RFQ. The Contractor's written quote will be valid for thirty (30) days, unless otherwise stipulated on the quote.

There will be NO markups allowed. A negotiated fixed fee may be added as a cost for compensation to cover the cost of overhead, profit and any other general expenses as it pertains to the project.

All subcontractor quotes shall be broken down by labor and materials costs and the Contractor shall be allowed a maximum of five percent markup for administrative costs.

The Contractor and its employees agree to cooperate with and to abide by the rules and requirements of the requesting Using Agency to not interfere with the daily operations of the Agency or to jeopardize the health, safety or welfare of the employees or general public conducting business with the Using Agency.

The Using Agency reserves the right to purchase materials directly from existing Statewide Price Agreements and other sources, and to provide these materials to the Contractor. To that end, the Contractor shall provide an itemized, quantifiable list of materials required for the project.

If the Contractor is requesting reimbursement for materials used on the work, copies of the invoices for the materials may be included when submitting invoices/pay applications. The Contractor may NOT add markups for the materials purchased. Contractor shall submit billings, based on actual Contractor costs for materials, less any applicable percentage for discounts. Contractor shall provide verification that materials purchased were used for the project if requested. Any unused, billed for materials shall be turned over to the Using Agency for which the work was provided.

The Using Agency reserves the right to procure specialty services directly from its other Statewide Price Agreements and other sources to the awarded Contractor. Specialty services provided from other Statewide Price Agreements and other sources shall be coordinated by the Contractor.

The Using Agency reserves the right to obtain quotes from multiple vendors covered under this Statewide Price Agreement and award a project to a Contractor based on the quotes.

When a service is needed, the Using Agency shall provide, at a minimum, a detailed scope of work and/or drawings defining work required.

If any equipment or building system cannot be economically repaired or has reached the end of its life cycle, the Contractor shall justify with costs and other information the need for replacement. If replacement is recommended, the Contractor will provide written justification for system and/or the model, size and type of unit recommended along with any applicable efficiency data. The Using Agency's and energy standards will be discussed and taken into consideration when proposing replacement units or systems.

The State of New Mexico requires that all materials shall be new and of the highest quality and at the best attainable price available for the type of work being performed.

No used materials shall be used on the project. Recycled materials specifically prepared for reuse to meet "LEED" certification may be permitted, with the User Agency's approval.

DocuSign Envelope ID: 9C0D0BCE-1F94-4323-9C4D-6BA4D233D2D9

The Contractor shall visit the site and compare the Using Agency's scope of work and/or drawings to the existing conditions and provide all services called for in addition to the requirements set forth in this Price Agreement.

The Contractor will be required to provide a written quote, to include the work to be performed and the amount of time required for the completion of the project and submit to the Using Agency at no cost to the Using Agency. The quote shall separate the cost of itemized materials (with any applicable discounts), labor, per diem and mileage, bonds, permits, insurance, subcontractor quote(s), itemized equipment costs, any design fees needed for stamped drawings, gross receipts tax, itemized direct site overhead costs such as portable toilets, dumpsters, temporary fencing, scaffolding, signage, traffic management, work area barriers and protective equipment, materials testing, job trailers, storage pods, etc. Job workers/project manager/superintendent's cost for vehicles or phones or gas is **not** permitted.

The Contractor's quote for mileage and per diem must be priced as follows:
"Per Diem Rate" means lodging, meals, and incidentals (excluding taxes). Reference the GSA rates in Section Lodging by month and Section Meals & Incidentals Breakdown link: https://www.gsa.gov/travel/plan-book/per-diem-rates
"Mileage Rate" for any mileage quoted for contracted work as defined below: "Mileage Rate" means "Only the mileage from the dispatch to the job site for each mile traveled by vehicle as referenced in IRS standard mileage rates using link https://www.irs.gov/taxprofessionals/standard-mileage-rates in excess of 50 miles one way". The mileage shall be calculated with https://tripmaker.randmcnally.com

Prior to commencement of any work performed the Using Agency will issue a notice to proceed for the work upon receipt of a purchase order, based on the prices set forth by Contractor's quote. The work on any project to be performed under this Contract shall commence no later than ten (10) consecutive calendar days after the date of written "Notice to Proceed." On smaller projects, an email will suffice.

The Contractor shall begin the work based on the priority identified by the Using Agency. Any delay beyond the stated completion date shall be upon agreement by the Using Agency and the Contractor.

Where work is to be conducted in a state or local correctional or secured facility, security clearances and background checks that may be required by the facility for the Contractor and its employees must be obtained prior to commencement of any work at that facility. The Using Agency reserves the right to deny any employee of the Contractor, access to the facility should the employee be in violation of any criteria required for the security clearance.

The User Agency reserves the right to provide an escort and/or full time supervision of the Contractor and its employees during any or all phases of a project, should the Using Agency feel it is in its best interest to provide these extraordinary security services.

The Using Agency reserves the right to escort any or all employees of the Contractor off its property, for any inappropriate conduct or actions that jeopardize the safety, security or wellbeing of the facility or any individual. Inappropriate behavior by the Contractor, its employees or subcontractors may be grounds for immediate removal from this Price Agreement. Any employee of the Contractor found in violation of any law, while on the User Agency's property, may be prosecuted.

Change Orders:
Any change orders to the project scope will require an additional RFQ requesting the backup materials and labor costs and shall be substantiated without a doubt there was no way of knowing the additional services were needed when the original quote was provided. The pricing shall conform to the SPA. Change orders shall be managed closely by the Using Agency. Change order abuse shall be reported to the Procurement Specialist listed on the cover page of this Price Agreement. Preventative measure shall be taken by both the contractor and the Using Agency prior to issuing the Notice to Proceed. Such measures may include: soil tests (soil boring); clarification of ambiguity in the project plan, the scope of work, the RFQ, the drawings, etc.; the project scope should be completely defined and agreed upon before any work begins.

DocuSign Envelope ID: 9C0D0BCE-1F94-4323-9C4D-6BA4D233D2D9

Using Agency's obligations:

- Shall provide, at a minimum, a detailed scope of work and/or drawings defining work required.
- Allow the Contractor limited use of on-site utilities for projects at an existing building.
- Shall provide periodic and/or random inspections of its projects. Using Agencies shall be responsible for providing its inspections, photography of the project's progress, and preparation of field observation reports.
- Conduct weekly on-site meetings with the Contractor, or on an as-needed basis, to ensure compliance with the scope of work for the project; provide assistance and guidance; to resolve problems arising during the project; and to ensure quality of work and materials being incorporated into the project.
- Process requests for payment within twenty-one (21) days of time/date stamped receipt of proper invoice and/or G702 & G703 Schedule of Values, Application and Certificate for Payment, when more than a single invoice applies to the contracted amount.
- If applicable, procure independent special inspections, commissioning, structural, soils testing with geotechnical reports and/or topographical survey.

Other Construction Related Terms and Conditions:

Time Considerations:
The work on any project to be performed under this Agreement shall commence no later than ten (10) consecutive calendar days after the date of written "Notice to Proceed." On smaller projects, an email will suffice. The date of Substantial Completion shall be described in the RFQ or related construction contract. The date can be extended by the Using Agency by valid written Change Order.

Should the Contractor neglect, refuse, or otherwise fail to complete the Work on the project within the time specified in the RFQ or related construction contract, the Contractor agrees, in partial consideration for the award of the Purchase Order, to pay to the Using Agency the amount of dollars named in the RFQ or construction contract per consecutive calendar day, not as a penalty, but as liquidated damages for such breach of the Purchase Order or related construction contract under this Price Agreement.

Mediation:
Any controversy or claim arising between the parties shall be settled by mediation if the parties cannot reach a mutually agreeable solution. The parties shall endeavor to resolve their disagreement by mediation which, unless the parties mutually agree otherwise, shall be in accordance with the procedures of the New Mexico Public Works Mediation Act (NMSA §13-4C-1 et seq.) except that before any party may select a mediator it must confer in good faith with the other party concerning the selection of a mutually acceptable mediator. Mediation shall proceed in advance of legal or equitable proceedings, which shall be stayed pending mediation for a period of **sixty (60) days** from the date of notice of mediation session, unless stayed for a longer period by agreement of the parties or court order.

Inspection of Work:
If a Purchase Order is issued for the purchase of services, the following terms shall apply when applicable:

A. Services include services performed, workmanship, and material furnished or utilized in the performance of services.
B. The Contractor shall provide and maintain an inspection system acceptable to the Using Agency covering the services under the Purchase Order. Complete records of all inspection work performed by the Contractor shall be maintained and made available to the Using Agency or other party to the Purchase Order during the term of performance of the Work and for as long thereafter as required.
C. The Using Agency has the right to inspect and test all services contemplated to the extent practicable at all times and places during the term of the Project. The Using Agency shall perform inspections and tests in a manner that will not unduly delay or interfere with Contractor's performance.
D. If the Using Agency performs inspections or tests on the premises of the Contractor or a subcontractor, the Contractor shall furnish, and shall require subcontractors to furnish, at no increase in Purchase Order price, all reasonable facilities and assistance for the safe and convenient performance of such inspections or tests.

DocuSign Envelope ID: 9C0D0BCE-1F94-4323-9C4D-6BA4D233D2D9

E. If any part of the services do not conform with the requirements, the Using Agency may require the Contractor to re-perform the services in conformity with the requirements at no increase in Purchase Order amount. When the defects in services cannot be corrected by re-performance, the Using Agency may:
   (1) Require the Contractor to take necessary action(s) to ensure that future performance conforms to the requirements;
   (2) Reduce the Purchase Order price to reflect the reduced value of the services performed.

F. If the Contractor fails to promptly re-perform the services or to take the necessary action(s) to ensure future performance in conformity with the requirements, the Using Agency may:
   (1) By Agreement or otherwise, perform the services and charge to the Contractor any cost incurred by the Using Agency that is directly related to the performance of such service; or
   (2) Cancel the Purchase Order for default.

THE PROVISIONS OF THIS ARTICLE ARE NOT EXCLUSIVE AND DO NOT WAIVE THE USING AGENCY'S OTHER LEGAL RIGHTS AND REMEDIES CAUSED BY THE CONTRACTOR'S DEFAULT/BREACH OF THE PURCHASE ORDER/PRICE AGREEMENT.

Suspension, Delay or Interruption of Work:
The Using Agency may, without cause, order the Contractor, in writing, to suspend, delay or interrupt the Work in whole or in part for such period of time as the Using Agency may determine.. Upon receipt of such notice, Contractor shall leave the jobsite and any equipment in a safe condition prior to departing. Contractor must assert rights to additional compensation within thirty (30) days after suspension of work is lifted and return to work is authorized.

Time Extension Costs:
Agreed Compensation for Overhead "General Conditions" for Changes to Time for Completion or Contract Completion Date for Changes to the Work**:** If the change in the Work also changes the Time for Completion or the Agreement Completion Date by adding days to complete the Work, an itemized accounting of the following General Conditions costs for direct Site overhead set forth in the subparagraph below may be considered as allowable costs for compensation. Home office overhead and other indirect overhead expenses are not added into the General Conditions expenses.

Direct Site Overhead Expenses:
The Contractor's per diem expenses, as shown by the itemized accounting, for the following allowable, applicable, direct Site overhead expenses: The Site superintendent's pro-rata salary, temporary Site office trailer, temporary fencing, building utility costs, security, temporary storage and temporary Site utilities including electricity, heat, water, and sanitary/toilet facilities, etc. for each day added.

If at any time there is a delay in the critical path of the Work due to postponement, due to the Contractor's efforts to justify an extension of the time or an increase in the Agreement Price beyond the deadlines or due to the Contractor's refusal to proceed with any of the approved Work, such delay and any Contractor costs resulting from it shall not serve as the basis for the extension of the Time for Completion or Agreement Completion Date or for an increase in the Contract Price.

Clean Up and Storage:

A. The Contractor will provide off-site legal disposal of all waste products, trash, and debris. Using Agency's trash receptacles will not be used by the Contractor. Sanitary facilities will "not" be available at the job site. Contractor shall be responsible for the provision and maintenance of portable toilets.
B. The Contractor on a daily basis shall keep the premises and surrounding area free from accumulation of waste materials or rubbish caused by operations under the Agreement. At completion of the Work, the Contractor shall remove from and about the Project waste materials, rubbish, the Contractor's tools, construction equipment, machinery and surplus materials and shall then thoroughly clean the premises and the site to the Using Agency's satisfaction.
C. Materials or equipment shall be delivered to the project in the manufacturer's original sealed, labeled containers and shall be adequately protected against moisture, dust, tampering or damage from improper handling or storage. Materials shall not be delivered to the site before they are needed.

DocuSign Envelope ID: 9C0D0BCE-1F94-4323-9C4D-6BA4D233D2D9

D. Storage of materials and construction equipment shall be coordinated with the Using Agency.

Permits and Fees:

A. IF APPLICABLE- The Contractor shall secure and pay for the Building Permit and other permits and governmental fees, licenses and inspections and Certificate of Occupancy necessary for proper execution and completion of the Work. Changes or modifications to the Work shall include all requirements of this paragraph.

B. The Contractor shall comply with and give notices required by laws, ordinances, rules, regulations and lawful orders of public authorities applicable to performance of the Work.

C. IF APPLICABLE- Certificates of Inspection, use and occupancy will be delivered to the Using Agency upon completion of the Work in sufficient time for occupation of the facility in accordance with the approved schedule for the Work. Contractor shall deliver a photocopy of the Building Permit to the Design Professional and Using Agency as soon as it is obtained.

Schedule, Progress Meetings and Reports:

A. The Contractor, promptly after being awarded a Project and before the first payment application, shall prepare and submit for the Using Agency's information a Critical Path Construction Schedule for the Work that indicates the intended start and completion of the various construction activities, which shall be implemented and adhered to by the Contractor, Subcontractors, material suppliers and equipment suppliers. At a minimum, the schedule shall be a GANTT type schedule and shall not exceed time limits allowed by the RFQ or Notice to Proceed with no fewer work breakdown events than line items of the Schedule of Values.

B. The Contractor shall perform the Work in general accordance with the most recent schedule submitted to the Using Agency.

C. Progress meetings shall be scheduled on a regular basis. The purpose will be to review the upcoming activities, any open issues and current progress. The Contractor shall keep any meeting minutes as needed. Progress schedules shall be updated regularly. A three week look-ahead schedule should be presented at every project meeting. An updated critical path schedule shall be presented with any change orders and with every pay application.

D. The Contractor shall prepare a Daily Report each day that Contractor, Subcontractors or any other entity are on the Project. The Daily Reports shall be maintained at the site and be well organized. The Using Agency may request copies at any time. The reports may include:
   1. Report date and who prepared the report;
   2. Weather conditions - low temp, high temp, visibility, humidity, wind, wind direction, cloud conditions, precipitation amount, other notes;
   3. Companies present by name and their number of workers, work location, total man hours that day for each company;
   4. Equipment - type, source, units of work done, location of work, hour meter reading;
   5. Material brought to site - description, units, quantity, quality, location, time;
   6. Visitors to site - name, company, time;
   7. Safety concerns - company, contact, noticed by, work activity, safety issue, requirement, outcome;
   8. Quality assurance and control - company, description of issue, specification section, issued by.

Close-out Requirements:

The Contractor shall submit to the Using Agency a separate and detailed Closeout Schedule indicating the date of Final Completion and all work to be completed before Final Completion including Close-Out requirements. The punch list of incomplete or inadequate work shall also be submitted when the work is substantially complete. Failure to include any item on the punch list does not alter the responsibility of the Contractor to complete all work in accordance with the Contract Documents.

DocuSign Envelope ID: 9C0D0BCE-1F94-4323-9C4D-6BA4D233D2D9

Before final completion can be achieved, all Work must be complete and accepted including the following as applicable:

a. Work associated with Punch List(s);
b. Testing, balance or performance operations complete and in agreement that associated work is in compliance with the Contract Documents;
c. One hard copy and one electronic copy in .pdf format of final approved test, balance or performance report(s) complete with directory of contents submitted to Using Agency;
d. As-Built drawings delivered in autocad or electronic format;
e. Written certification signed by Using Agency of delivery and stocking of extra material, equipment or components required by the Purchase Order at a location established by the Using Agency;
f. Delivery of all warranties required by the Work;
g. All keys, passes, codes, software or other methods or components of control or security which have been correctly and adequately accounted for and closed-out;
h. Completed Operations Liability insurance policy certificate, if applicable;
i. Training of staff on all applicable building systems;
j. All Storm Water Pollution Prevention Permits (SWPPP) have been updated or closed;
k. Utility transfer to User/Using Agency;
l. Operations and Maintenance Manuals;
m. Certified statement of Release of Liens (AIA Document G706A or approved form) and Consent of Surety.

Warranty:
The Contractor shall warrant its work (non-roofing and equipment), for materials and for workmanship furnished and performed under this Price Agreement for a period of one (1) year minimum from the date of acceptance or Substantial Completion whichever is longest. The Contractor shall warrant its work for repairs or restoration of existing systems, appliances and work for ninety (90) days from the date of acceptance or Substantial Completion. It is understood that some equipment is far beyond its normal life and a warranty cannot be extended/supplied. Contractor must pass on to the User Agency warranties of replaced roofs and equipment offered by the manufacturer.

Payment Provisions:
Generally payments are made on a thirty (30) day billing cycle. Payment for projects of less than thirty (30) day duration shall be paid upon the Using Agency's acceptance of the work.

All payments under this Agreement are subject to the following provisions:

A. Acceptance - In accordance with Section 13-1-158 NMSA 1978, the Agency shall determine if the Construction Work provided meets specifications. No payment shall be made for any work until the Work has been accepted in writing by the Using Agency. Unless otherwise agreed upon between the Using Agency and the Contractor, within fifteen (15) days from the date the Using Agency receives written notice from the Contractor that payment is requested for work, the Using Agency shall issue a written certification of complete or partial acceptance or rejection of the Work. Unless the Using Agency gives notice of rejection within the specified time period, the Work will be deemed to have been accepted.

B. Payment of Invoice - Upon acceptance that the Work has been received and accepted, payment shall be tendered to the Contractor within twenty one (21) days after the date of acceptance of an undisputed invoice.

C. The Contractor, before final payment of the amount due under this Contract, shall provide requested Close-out documents including any release of liens.

DocuSign Envelope ID: 9C0D0BCE-1F94-4323-9C4D-6BA4D233D2D9

BID INFORMATION:
"Tax" The bid prices for this ITB shall **not** include New Mexico gross receipts tax or local option tax(es).

"Hourly Rate" means the proposed fully loaded maximum hourly rates that include fringe benefits and any overhead costs for contractor personnel, as well as subcontractor personnel, if appropriate. The Hourly Rate does not include mileage, per diem or lodging.

"Offeror" shall reference all work positions associated with this project, and each position's firm, fixed hourly rate. This hourly rate does not include billable reimbursable rates for mileage, meals or lodging. The State of New Mexico, at its discretion, may negotiate lower rates on a project by project basis, with the awarded Contractor.

Hourly rates are requested for the three (3) levels of personnel. ***All items for pricing must be filled in.*** If one of the personnel listed is not relevant to your company, fill in a rate for a comparable employee that is on staff or could be on staff at a future time. For example, if the Superintendent also functions as the Journeyman or Experienced worker or vice versa, enter his rate for both items. Any blank items will cause a possible rejection of the bid for non-compliance.

Labor Rates:
1. Superintendent: a person with supervisory experience who maintains control of the work and work site. This person may or may not actually perform work on the project.

2. Journeyman or Experienced Worker: a person licensed by the State of New Mexico as a journeyman in the specialized field of work required and being performed or a person with many years of experience with a high rate of pay.

3. Laborer: a person with minimal experience, performing minor forms of labor.

Hours Worked:

Regular Hours: Monday through Friday and 8 am through 5 pm.

After Hours: All hours not within the days and times listed for "Regular Hours".

Holidays: Holidays will be considered "After Hours" and paid at "After Hours" rates.

The State of New Mexico reserves the right to award this Price Agreement to multiple vendors. Bidders must include pricing for ALL items in order to allow for accurate comparisons. If a Bidder fails to include one or more of those items, his Bid may be rejected.

Bids for these services are requested on a statewide basis. The intent in the bid evaluation is to add up all of the items from Items 1 through 16 in order to determine the low bidders.

Electronic Record and Signature Disclosure

ELECTRONIC RECORD AND SIGNATURE DISCLOSURE

A. ELECTRONIC RECORD AND SIGNATURE DISCLOSURE (ERSD)

From time to time, New Mexico General Services Department (GSD), on behalf of the State of New Mexico (SONM), may be required by law to provide you with certain written notices or disclosures. Stated below are the terms and conditions for GSD's providing you such notices and disclosures electronically through the DocuSign system. Please read this information carefully. If you are able to access this information electronically and agree to **this Electronic Record and Signature Disclosure (ERSD)**, please confirm your agreement by selecting the check-box next to "I agree to use electronic records and signatures" before clicking "CONTINUE" within the DocuSign system.

B. Obtaining paper copies

At any time up to twenty (20) calendar days following your use of DocuSign to electronically sign a document, you may request a paper copy of any record provided or made available electronically to you by GSD. You will have the ability to download and print documents SONM sends you through the DocuSign system during and immediately after the signing session and, if you elect to create a DocuSign account, you may access the documents for a twenty (20) calendar day period after such documents are first sent to you. Following the twenty (20) day period, if you want GSD to send you paper copies of any such documents from GSD's office, you will be charged a $1.00 per-page fee plus postage. You may request delivery of such paper copies from GSD by following the procedure stated in Section H, below.

C. Withdrawing your consent

If you decide to receive notices and disclosures from GSD electronically, you may at any time change your mind and inform GSD you want to receive required notices and disclosures only in paper format. The procedure concerning how you may inform GSD of your decision to receive future notices and disclosures in paper format as well as withdraw your consent to receive notices and disclosures electronically is stated in Section D, immediately below.

D. Consequences of changing your mind

If you elect to receive required notices and disclosures only in paper format, it will slow the speed with which GSD will be able to complete certain steps in specific transactions and deliver paper copies to you. GSD will need: (1) to send the required notices or disclosures to you in paper format; and (2) wait until GSD receives your acknowledgment of your receipt of such paper notices or disclosures. Further, you will no longer be able to use the DocuSign system to receive required notices and consents electronically from SONM or to electronically sign documents generated and sent to you from SONM.

E. All notices and disclosures will be sent to you electronically

Unless you inform GSD otherwise according to these procedures, GSD will electronically provide you through the DocuSign system all required notices, disclosures, authorizations, acknowledgements and other documents that are required to be provided or made available to you during the course of your electronic signature relationship with SONM. To reduce the possibility of inadvertent non-receipt, GSD prefers to provide all required notices and disclosures by the same method and to the same email or physical address that you furnish to GSD. Thus, you may receive the disclosures and notices electronically or in paper form. If you do not agree with this procedure, please inform GSD according to the procedures stated in Section I, below. Please also refer to Section D, immediately above, which states the consequences resulting from your declination of electronic delivery of notices and disclosures.

F. How to contact GSD:

You may inform General Services Department (GSD) of any changes you select regarding State Purchasing Division's (SPD) electronic communications with you, to request paper copies of certain information from SPD, and to withdraw your prior consent to receive notices and disclosures electronically by emailing your request(s) to SPD at: *GSD.SPDinfo@state.nm.us*

G. To advise SPD of your new email address

To inform SPD of a change in the email address to which SPD sends you notices and disclosures electronically, you must send an email to SPD at *GSD.SPDinfo@state.nm.us* and in the body of such request you must include your previous and new email addresses.

H. To request paper copies from SPD

To request delivery of paper copies of electronic notices and disclosures that DocuSign and/or SPD have previously provided to you, you must send an email to SPD at *GSD.SPDinfo@state.nm.us* and in the body of your email request state your email address, full name, mailing address, and telephone number. SPD will charge you a $1.00 per page copy fee plus postage.

I. To withdraw your consent with SPD

To inform SPD that you no longer wish to receive notices and disclosures in electronic format you may:

(1) Decline to sign a document from within a signing session, and on the subsequent page, select the check-box indicating you wish to withdraw your consent, or you may:

(2) Send SPD an email to *GSD.SPDinfo@state.nm.us* and in the body of your request state your email address, full name, mailing address, and telephone number.

J. Required hardware and software

The minimum system requirements for using the DocuSign system may change over time. The current DocuSign system requirements may be found at:
https://support.docusign.com/guides/signer-guide-signing-system-requirements

K. Acknowledging your access and consent to receive and sign documents electronically

To confirm that you are able to electronically access the information contained in this Electronic Record and Signature Disclosure (ERSD), please confirm that you have: (1) read this ERSD, and either: (2) you are able to print on paper or electronically save this ERSD for your future reference and access; or (3) you are able to email this ERSD to an email address where you will be able to print this ERSD on paper and/or save this ERSD for your future reference and access. Further, if you consent to receiving notices and disclosures from DocuSign and/or SPD exclusively in electronic format, then select the check-box next to "I agree to use electronic records and signatures," before you click "CONTINUE" within the DocuSign system.

By selecting the check-box next to "I agree to use electronic records and signatures," you confirm that:

- You have read this Electronic Record and Signature Disclosure (ERSD); and
- You can print this ERSD on paper, or you can save and/ or send this ERSD to a location where you can print this ERSD, for your future reference and access; and
- Until or unless you notify SPD as stated in this ERSD, you consent to exclusively receive through electronic means all notices, disclosures, authorizations, acknowledgements, and other documents that are required to be provided or made available to you by SPD during the course of your electronic signature relationship with SPD.

CITY OF SANTA FE

Date: January 7, 2026

To: Governing Body

From: Carol Swenson, Public Works Business Operations Manager CS

Via: Sam Burnett, Interim Public Works Department Director SB
Marcos Esquibel, Interim Complete Streets Director Marcos Esquibel

Subject: Capital Appropriation Agreement Project C5223169 Governor Miles Road

---

ACTION:
Request for Approval of Capital Appropriation Agreement with New Mexico Department of Transportation in the Total Amount of $300,000 for Project C5223169 Improvements to Governor Miles Road from Richards Avenue to Nizhoni Drive with a Reversion Date of June 30, 2026. (Romella Glorioso-Moss, Complete Streets Capital Projects Manager, rsglorioso-moss@santafenm.gov)

Request for Approval of a Budget Amendment Resolution (BAR) to Allocate $300,000 from the 2022 Capital Appropriation to FY26 Revenue and WIP Design.

BACKGROUND AND SUMMARY:
The City of Santa Fe has been awarded Capital Appropriation Project C5223169 in the amount of $300,000 "…to acquire easements and rights of way and to plan, design, construct and repair Governor Miles Road from Richards Avenue to Nizhoni Drive in Santa Fe in Santa Fe County."

This appropriation does not require an allocation for Art in Public Places (AIPP) and the total of $300,000 is available for project budget allocation.

STATE OF NEW MEXICO
DEPARTMENT OF TRANSPORTATION
FUND 89200 CAPITAL APPROPRIATION PROJECT

THIS AGREEMENT is between the Department of Transportation, hereinafter called the "Department" or abbreviation such as "NMDOT", and City of Santa Fe, hereinafter called the "Grantee". This Agreement is effective as of the date of the last party to sign it on the signature page below.

RECITALS

WHEREAS, in the Laws of 2022, SB212, Chapter 53, Section 36, Subsection 87, the Legislature made an appropriation to the Department, funds from which the Department is making available to the Grantee pursuant to this Agreement; and

WHEREAS, the Department is granting to Grantee, and the Grantee is accepting the grant of, funds from this appropriation, in accordance with the terms and conditions of this Agreement; and

WHEREAS, pursuant to the NMSA 1978, Section 67-3-28, as amended, and State Highway Commission Policy No. 44, the Department has the authority to enter into this Grant Agreement.

AGREEMENT

NOW, THEREFORE, in consideration of the mutual covenants and obligations contained herein, the parties hereby mutually agree as follows:

ARTICLE I. PROJECT DESCRIPTION, AMOUNT OF GRANT AND REVERSION DATE

A. The project that is the subject of this Agreement is described as follows:

DFA Appropriation ID G3169 NMDOT Control Number C5223169 **$300,000**
APPROPRIATION REVERSION DATE: 6/30/2026
Laws of 2022, Chapter 53, Section 36, Subsection 87, Three Hundred Thousand Dollars and No Cents ($300,000), to acquire easements and rights of way and to plan, design, construct and repair Governor Miles road from Richards avenue to Nizhoni drive in Santa Fe in Santa Fe county .

The Grantee's total reimbursements shall not exceed Three Hundred Thousand Dollars and No Cents $300,000 (the "Appropriation Amount") minus the allocation for Art in Public Places ("AIPP amount")[1], if

[1] The AIPP amount is "an amount of money equal to one percent or two hundred thousand dollars ($200,000), whichever is less, of the amount of money appropriated for new construction or any major renovation exceeding one hundred thousand dollars ($100,000)." Section 13-4A-4 NMSA 1978.

applicable, Zero Dollars and No Cents ($ 0.00), which equals Three Hundred Thousand Dollars and No Cents (**$300,000**) (the "Adjusted Appropriation Amount").

In the event of a conflict among the Appropriation Amount, the Reversion Date, as defined herein and/or the purpose of the Project, as set forth in this Agreement, and the corresponding appropriation language in the laws cited above in this Article I(A), the language of the laws cited herein shall control.

This project is referred to throughout the remainder of this Agreement as the "Project"; the information contained in Article I(A) is referred to collectively throughout the remainder of this Agreement as the "Project Description." Optional Attachment A sets forth additional or more stringent requirements and conditions, which are incorporated by this reference as if set forth fully herein. If Optional Attachment A imposes more stringent requirements than any requirement set forth in this Agreement, the more stringent requirements of Attachment A shall prevail, in the event of irreconcilable conflict. The Grantee shall reference the Project's number in all correspondence with and submissions to the Department concerning the Project, including, but not limited to, Requests for Payment and reports.

ARTICLE II. LIMITATION ON DEPARTMENT'S OBLIGATION TO MAKE GRANT DISBURSEMENT TO GRANTEE

A. Upon the Effective Date of this Agreement, for permissible purposes within the scope of the Project Description, the Grantee shall only be reimbursed monies for which the Department has issued and the Grantee has received a Notice of Department's Obligation to Reimburse[2] Grantee (hereinafter referred to as "Notice of Obligation"). This Grant Agreement and the disbursement of any and all amounts of the above referenced Adjusted Appropriation Amount are expressly conditioned upon the following:

(i) Irrespective of any Notice of Obligation, the Grantee's expenditures shall be made on or before the Reversion Date and, if applicable, an Early Termination Date (i.e., the goods have been delivered and accepted or the title to the goods has been transferred to the Grantee and/or the services have been rendered for the Grantee); and

(ii) The total amount received by the Grantee shall not exceed the lesser of: (a) the Adjusted Appropriation Amount identified in Article I(A) herein or (b) the total of all amounts stated in the Notice(s) of Obligation evidencing that the Department has received and accepted the Grantee's Third Party Obligation(s), as defined in subparagraph iii of this Article II(A); and

(iii) The Grantee's expenditures were made pursuant to the State Procurement Code and execution of binding written obligations or purchase orders with third party contractors or vendors for the provision of services, including professional services, or the purchase of tangible personal property and real property for the Project, hereinafter referred to as "Third Party Obligations"; and

(iv) The Grantee's submittal of timely Requests for Payment in accordance with the procedures set forth in Article IX of this Agreement; and

(v) In the event that capital assets acquired with Project funds are to be sold, leased, or licensed to or operated by a private entity, the sale, lease, license, or operating agreement:
   a. must be approved by the applicable oversight entity (if any) in accordance with law; or
   b. if no oversight entity is required to approve the transaction, the Department must approve the transaction as complying with law.

[2] "Reimburse" as used throughout this Agreement includes Department payments to the Grantee for invoices received, but not yet paid, by the Grantee from a third party contractor or vendor, if the invoices comply with the provisions of this Agreement and are a valid liability of the Grantee.

Prior to the sale, lease, license, or operating agreement being approved pursuant to Articles II(A)(v)(a) and II(A)(v)(b) herein, the Department may, in its sole and absolute discretion and unless inconsistent with State Board of Finance imposed conditions, reimburse the Grantee for necessary expenditures incurred to develop the Project sufficiently to make the sale, lease, license, or operating agreement commercially feasible, such as plan and design expenditures; and

(vi) The Grantee's submission of documentation of all Third Party Obligations and amendments thereto (including terminations) to the Department and the Department's issuance and the Grantee's receiving of a Notice of Obligation for a particular amount in accordance with the terms of this Agreement shall be governed by the following:

a. The Grantee shall submit to the Department one copy of all Third Party Obligations and amendments thereto (including terminations) as soon as possible after execution by the Third Party **but prior to execution by the Grantee.**

b. Grantee acknowledges and agrees that if it chooses to enter into a Third Party Obligation prior to receiving a Notice of Obligation that covers the expenditure, it is solely responsible for such obligations.

c. The Department may, in its sole and absolute discretion, issue to Grantee a Notice of Obligation for the particular amount of that Third Party Obligation that only obligates the Department to reimburse Grantee's expenditures made on or before the Reversion Date or an Early Termination Date. The current Notice of Obligation form is attached to this Agreement as Exhibit 2.

d. The date the Department signs the Notice of Obligation is the date that the Department's Notice of Obligation is effective. After that date, the Grantee is authorized to budget the particular amount set forth in the Notice of Obligation, execute the Third Party Obligation and request the Third Party to begin work. Payment for any work performed or goods received prior to the effective date of the Notice of Obligation is wholly and solely the obligation of the Grantee.

B. The Grantee shall implement, in all respects, the Project. The Grantee shall provide all necessary qualified personnel, material, and facilities to implement the Project. The Grantee shall finance its share (if any) of the costs of the Project, including all Project overruns.

C. Project funds shall not be used for purposes other than those specified in the Project Description.

D. Unless specifically allowed by law, Project funds cannot be used to reimburse Grantee for indirect Project costs.

ARTICLE III. NOTICE PROVISIONS AND GRANTEE AND DEPARTMENT DESIGNATED REPRESENTATIVES

Whenever written notices, including written decisions, are to be given or received, related to this Agreement, the following provisions shall apply.

The Grantee designates the person(s) listed below, or their successor, as their official representative(s) concerning all matters related to this Agreement:

Grantee: City of Santa Fe

Name: David Chapman
Title: Grants Administrator
Address: P.O. Box 909, Santa Fe, New Mexico 87504
Email: dachapman@santafenm.gov
Telephone: 505-955-2012

The Grantee designates the person(s) listed below, or their successor, as their Fiscal Officer or Fiscal Agent concerning all matters related to this Agreement:

Grantee: City of Santa Fe
Name: Erika Lujan
Title: Grants Manager
Address: PO Box 909, Santa Fe, NM 87504
Email: evlujan@santafenm.gov
Telephone: 505-479-1334

The Department designates the persons listed below, or their successors, as the Points of Contact for matters related to this Agreement.

Department: Department of Transportation District 5 Office
Name: Amanda Nino
Title: Capital Outlay District Coordinator
Address: P.O. Box 4127, Santa Fe, NM 87502
Email: Amanda.Nino@dot.nm.gov
Telephone: 505-660-6357

The Grantee and the Department agree that either party shall send all notices, including written decisions, related to this Agreement to the above named persons by email or regular mail. In the case of mailings, notices shall be deemed to have been given and received upon the date of the receiving party's actual receipt or five calendar days after mailing, whichever shall first occur. In the case of email transmissions, the notice shall be deemed to have been given and received on the date reflected on the delivery receipt of email.

ARTICLE IV. REVERSION DATE, TERM, DEADLINE TO EXPEND FUNDS

A. As referenced in Article I(A), the applicable law establishes a date by which Project funds must be expended by Grantee, which is referred to throughout the remainder of this Agreement as the "Reversion Date." Upon being duly executed by both parties, this Agreement shall be effective as of the date of execution by the Department. It shall terminate on 6/30/2026 the Reversion Date unless Terminated Before Reversion Date ("Early Termination") pursuant to Article V herein.

B. The Project's funds must be expended on or before the Reversion Date and, if applicable, Early Termination Date of this Agreement. For purposes of this Agreement, it is not sufficient for the Grantee to encumber the Project funds on its books on or before the Project's Reversion Date or Early Termination Date. Funds are expended and an expenditure has occurred as of the date that a particular quantity of goods are delivered to and received by the Grantee or title to the goods is transferred to the Grantee and/or as of the date

particular services are rendered for the Grantee. Funds are ***not*** expended and an expenditure has ***not*** occurred as of the date they are encumbered by the Grantee pursuant to a contract or purchase order with a third party.

ARTICLE V. EARLY TERMINATION

A. Early Termination Before Reversion Date Due to Completion of the Project or Complete Expenditure of the Adjusted Appropriation or Violation of this Agreement

Early Termination includes:

(i) Termination due to completion of the Project before the Reversion Date; or

(ii) Termination due to complete expenditure of the Adjusted Appropriation Amount before the Reversion Date; or

(iii) Termination for violation of the terms of this Agreement; or

(iv) Termination for suspected mishandling of public funds, including but not limited to, fraud, waste, abuse, and conflicts of interest.

Either the Department or the Grantee may early terminate this Agreement prior to the Reversion Date by providing the other party with a minimum of fifteen (15) days' advance, written notice of early termination. Grantee hereby waives any rights to assert an impairment of contract claim against the Department or the State of New Mexico in the event of Early Termination of this Agreement by the Department pursuant to Article V(A).

B. Early Termination Before Reversion Date Due to Non-appropriation

The terms of this Agreement are expressly made contingent upon sufficient appropriations and authorization being made by the Legislature of New Mexico for the performance of this Agreement. Throughout this Agreement the term "non-appropriate" or "non-appropriation" includes the following actions by the New Mexico Legislature: deauthorization, reauthorization or revocation of a prior authorization. The Legislature may choose to non-appropriate the Appropriation referred to in Article I and, if that occurs, the Department shall early terminate this Agreement for non-appropriation by giving the Grantee written notice of such termination, and such termination shall be effective as of the effective date of the law making the non-appropriation. The Department's decision as to whether sufficient appropriations or authorizations are available shall be accepted by the Grantee and shall be final. Grantee hereby waives any rights to assert an impairment of contract claim against the Department or the State of New Mexico in the event of Early Termination of this Agreement by the Department pursuant to Article V(B).

C. Limitation on Department's Obligation to Make Grant Disbursements to Grantee in the Event of Early Termination

In the event of Early Termination of this Agreement by either party, the Department's sole and absolute obligation to reimburse the Grantee is expressly conditioned upon the limitations set forth Article II.

ARTICLE VI. SUSPENSION OF NEW OR FURTHER OBLIGATIONS

A. The Department may choose, in its sole and absolute discretion, to provide written notice to the Grantee to suspend entering into new and further obligations. Upon the receipt of such written notice by the Grantee:

(i) The Grantee shall immediately suspend entering into new or further written obligations with third parties; and

(ii) The Department will suspend the issuance of any new or further Notice of Obligation under this Agreement; and
(iii) The Department may direct the Grantee to implement a corrective action plan in accordance with Article VI(D) herein.

B. In the event of Suspension of this Agreement, the Department's sole and absolute obligation to reimburse the Grantee is expressly conditioned upon the limitations set forth in Article II herein.

C. A suspension of new or further obligations under this Agreement shall remain in effect unless or until the date the Grantee receives written notice given by the Department informing the Grantee that the Suspension has been lifted or that the Agreement has been Early Terminated in accordance with Article V herein. If the Suspension is lifted, the Department will consider further requests for Notice of Obligation.

D. Corrective Action Plan in the Event of Suspension

In the event that the Department chooses, in its sole and absolute discretion to direct the Grantee to suspend entering into new or further written obligations with third parties pursuant to Article VI(A), the Department may, but is not obligated to, require the Grantee to develop and implement a written corrective action plan to remedy the grounds for the Suspension. Such corrective action plan must be approved by the Department and be signed by the Grantee. Failure to sign a corrective action plan or meet the terms and deadlines set forth in the signed corrective action plan, is hereby deemed a violation of the terms of this Agreement for purposes of Early Termination, Article V(A)(iii). The corrective action plan is in addition to, and not in lieu of, any other equitable or legal remedy, including but not limited to Early Termination.

ARTICLE VII. AMENDMENT

This Agreement shall not be altered, changed, or amended except by instrument in writing duly executed by both the parties hereto.

ARTICLE VIII. REPORTS

A. Database Reporting

The Grantee shall report quarterly Project activity by entering such Project information as the Department and the Department of Finance and Administration may require, such information entered directly into a database maintained by the Department of Finance and Administration (Budget & Formulation Management System). Additionally, the Grantee shall certify on the Request for Payment form (Exhibit 1) that updates have been maintained and are current in the database. The Grantee hereby acknowledges that failure to perform and/or certify updates into the database will delay or potentially jeopardize the reimbursement of funds. The Department shall give Grantee a minimum of thirty (30) days' advance written notice of any changes to the information the Grantee is required to report.

Quarterly reports shall be due on the last day of the month that is 30 days prior to the end of the quarter following execution of this Agreement by the Department and ending during the quarter of the submission of the final request for reimbursement for the Project, or the following quarter.

B. Requests for Additional Information/Project Inspection

During the term of this Agreement and during the period of time during which the Grantee must maintain records pursuant to Article VIII, the Department may:

(i) request such additional information regarding the Project as it deems necessary; and

(ii) conduct, at reasonable times and upon reasonable notice, onsite inspections of the Project.

Grantee shall respond to such requests for additional information within a reasonable period of time, as established by the Department.

ARTICLE IX. REQUEST FOR PAYMENT PROCEDURES AND DEADLINES

A. The Grantee shall request payment by submitting a Request for Payment, in the form attached hereto as Exhibit 1. Payment requests are subject to the following procedures:

(i) The Grantee must submit a Request for Payment; and

(ii) Each Request for Payment must contain proof of payment by the Grantee or liabilities incurred by the Grantee showing that the expenditures are valid or are liabilities incurred by the Grantee in the form of actual unpaid invoices received by the Grantee for services rendered by a third party or items of tangible personal property received by the Grantee for the implementation of the Project; provided, however, that the Grantee may be reimbursed for unpaid liabilities only if the Department, in its sole and absolute discretion, agrees to do so and in accordance with any special conditions imposed by the Department.

(iii) In cases where the Grantee is submitting a Request for Payment to the Department based upon invoices received, but not yet paid, by the Grantee from a third party contractor or vendor, if the invoices comply with the provisions of this Agreement and are a valid liability of the Grantee, the Grantee shall make payment to those contractors or vendors within five (5) business days from the date of receiving reimbursement from the Department or such shorter period of time as the Department may prescribe in writing. The Grantee is required to certify to the Department proof of payment to the third party contractor or vendor within ten (10) business days from the date of receiving reimbursement from the Department.

B. The Grantee must obligate 5% of the Adjusted Appropriation Amount within six months of acceptance of the grant agreement and must have expended no less than 85% of the Adjusted Appropriation Amount six months prior to the reversion date.

C. **Deadlines**

Requests for Payments shall be submitted by Grantee to the Department on the earlier of:

(i) Immediately as they are received by the Grantee but at a minimum thirty (30) days from when the expenditure was incurred or liability of the Grantee was ~~a~~pproved as evidenced by an unpaid invoice received by the Grantee from a third party contractor or vendor; or

(ii) Twenty (20) days from date of Early Termination; or

(iii) Twenty (20) days from the Reversion Date.

D. The Grantee's failure to abide by the requirements set forth in Article II and Article IX herein will result in the denial of its Request for Payment or will delay the processing of Requests for Payment. The Department has the right to reject a payment request for the Project unless and until it is satisfied that the expenditures in the Request for Payment are for permissible purposes within the meaning of the Project Description and that the expenditures and the Grantee are otherwise in compliance with this Agreement, including but not limited to, compliance with the reporting requirements and the requirements set forth in

DocuSign Envelope ID: 386A9DA1-182E-4831-B175-10ABB5E884BA

Article II herein to provide Third Party Obligations and the Deadlines set forth in Article IX herein. The Department's ability to reject any Request for Payment is in addition to, and not in lieu of, any other legal or equitable remedy available to the Department due to Grantee's violation of this Agreement.

ARTICLE X. PROJECT CONDITIONS AND RESTRICTIONS; REPRESENTATIONS AND WARRANTIES

A. The following general conditions and restrictions are applicable to the Project:

(i) The Project's funds must be spent in accordance with all applicable state laws, regulations, policies, and guidelines, including, but not limited to, the State Procurement Code (or local procurement ordinance, where applicable).

(ii) The Project must be implemented in accordance with the New Mexico Public Works Minimum Wage Act, Section 13-4-10 through 13-4-17 NMSA 1978, as applicable. Every contract or project in excess of sixty thousand dollars ($60,000) that the Grantee is a party to for construction, alteration, demolition or repair or any combination of these, including painting and decorating, of public buildings, public works or public roads and that requires or involves the employment of mechanics, laborers or both shall contain a provision stating the minimum wages and fringe benefits to be paid to various classes of laborers and mechanics, shall be based upon the wages and benefits that will be determined by the New Mexico Department of Workforce Solutions to be prevailing for the corresponding classes of laborers and mechanics employed on contract work of a similar nature in the locality. Further, every contract or project shall contain a stipulation that the contractor, subcontractor, employer or a person acting as a contractor shall pay all mechanics and laborers employed on the site of the project, unconditionally and not less often than once a week and without subsequent unlawful deduction or rebate on any account, the full amounts accrued at time of payment computed at wage rates and fringe benefit rates not less than those determined pursuant to Section 13-4-11 (B) NMSA 1978 to be the prevailing wage rates and prevailing fringe benefit rates issued for the project.

(iii) The Project may only benefit private entities in accordance with applicable law, including, but not limited to, Article IX, Section 14 of the Constitution of the State of New Mexico, the "Anti-Donation Clause."

(iv) The Grantee shall not for a period of 10 years from the date of this agreement convert any property acquired, built, renovated, repaired, designed or developed with the Project's funds to uses other than those specified in the Project Description without the Department's and the Board of Finance's express, advance, written approval, which may include a requirement to reimburse the State for the cost of the project, transfer proceeds from the disposition of property to the State, or otherwise provide consideration to the State.

(v) The Grantee shall comply with all federal and state laws, rules and regulations pertaining to equal employment opportunity. In accordance with all such laws, rules and regulations the Grantee agrees to assure that no person shall, on the grounds of race, color, national origin, sex, sexual preference, age or handicap, be excluded from employment with Grantee, be excluded from participation in the Project, be denied benefits or otherwise be subject to discrimination under, any activity performed under this Agreement. If Grantee is found to be not in compliance with these requirements during the life of this Agreement, Grantee agrees to take appropriate steps to correct any deficiencies. The Grantee's failure to implement such appropriate steps within a reasonable time constitutes grounds for terminating this Agreement.

B. The Grantee hereby represents and warrants the following:

(i) The Grantee has the legal authority to receive and expend the Project's funds.

(ii) This Agreement has been duly authorized by the Grantee, the person executing this Agreement has authority to do so, and, once executed by the Grantee, this Agreement shall constitute a binding obligation of the Grantee, enforceable according to its terms.

(iii) This Agreement and the Grantee's obligations hereunder do not conflict with any law or ordinance or resolution applicable to the Grantee, the Grantee's charter (if applicable), or any judgment or decree to which the Grantee is subject.

(iv) The Grantee has independently confirmed that the Project Description, including, but not limited to, the amount and Reversion Date, is consistent with the underlying appropriation in law.

(v) The Grantee's governing body has duly adopted or passed as an official act a resolution, motion, or similar action authorizing the person identified as the official representative of the Grantee to sign the Agreement and to sign Requests for Payment.

(vi) The Grantee shall abide by New Mexico laws regarding conflicts of interest, governmental conduct and whistleblower protection. The Grantee specifically agrees that no officer or employee of the local jurisdiction or its designees or agents, no member of the governing body, and no other public official of the locality who exercises any function or responsibility with respect to this Grant, during their tenure or for one year thereafter, shall have any interest, direct or indirect, in any contract or subcontract, or the proceeds thereof, for work to be performed or goods to be received, pursuant to this Grant. Further, Grantee shall require all of its contractors to incorporate in all subcontracts the language set forth in this paragraph prohibiting conflicts of interest.

(vii) No funds have been paid or will be paid, by or on behalf of the Grantee, to any person for influencing or attempting to influence an officer or employee of this or any agency or body in connection with the awarding of any Third Party Obligation and that the Grantee shall require certifying language prohibiting lobbying to be included in the award documents for all subawards, including subcontracts, loans and cooperative agreements. All subrecipients shall be required to certify accordingly.

ARTICLE XI. STRICT ACCOUNTABILITY OF RECEIPTS AND DISBURSEMENTS; PROJECT RECORDS

A. The Grantee shall be strictly accountable for receipts and disbursements relating to the Project's funds. The Grantee shall follow generally accepted accounting principles, and, if feasible, maintain a separate bank account or fund with a separate organizational code, for the funds to assure separate budgeting and accounting of the funds.

B. For a period of six (6) years following the Project's completion, the Grantee shall maintain all Project related records, including, but not limited to, all financial records, requests for proposals, invitations to bid, selection and award criteria, contracts and subcontracts, advertisements, minutes of pertinent meetings, as well as records sufficient to fully account for the amount and disposition of the total funds from all sources budgeted for the Project, the purpose for which such funds were used, and such other records as the Department shall prescribe.

C. The Grantee shall make all Project records available to the Department, the Department of Finance and Administration, and the New Mexico State Auditor upon request. With respect to the funds that are the

DocuSign Envelope ID: 386A9DA1-182E-4831-B175-10ABB5E884BA

subject of this Agreement, if the State Auditor or the Department of Finance and Administration finds that any or all of these funds were improperly expended, the Grantee may be required to reimburse to the State of New Mexico, to the originating fund, any and all amounts found to be improperly expended.

ARTICLE XII. IMPROPERLY REIMBURSED FUNDS

If the Department determines that part or all of the Appropriation Amount was improperly reimbursed to Grantee, including but not limited to, Project funds reimbursed to Grantee based upon fraud, mismanagement, misrepresentation, misuse, violation of law by the Grantee, or violation of this Agreement, the Grantee shall return such funds to the Department for disposition in accordance with law.

ARTICLE XIII. LIABILITY

Neither party shall be responsible for liability incurred as a result of the other party's acts or omissions in connection with this Agreement. Any liability incurred in connection with this Agreement is subject to immunities and limitations of the New Mexico Tort Claims Act.

ARTICLE XIV. SCOPE OF AGREEMENT

This Agreement constitutes the entire and exclusive agreement between the Grantee and Department concerning the subject matter hereof. The Agreement supersedes any and all prior or contemporaneous agreements, understandings, discussions, communications, and representations, written or verbal.

ARTICLE XV. REQUIRED NON-APPROPRIATIONS CLAUSE IN CONTRACTS FUNDED IN WHOLE OR PART BY FUNDS MADE AVAILABLE UNDER THIS AGREEMENT

The Grantee acknowledges, warrants, and agrees that Grantee shall include a "non-appropriations" clause in all contracts between it and other parties that are (i) funded in whole or part by funds made available under this Agreement and (ii) entered into after the effective date of this Agreement that states:

"The terms of this Agreement are contingent upon sufficient appropriations and authorization being made by the Legislature of New Mexico for the performance of this Agreement. If sufficient appropriations and authorization are not made by the Legislature, the City of Santa Fe may immediately terminate this Agreement by giving Contractor written notice of such termination. The City of Santa Fe's decision as to whether sufficient appropriations are available shall be accepted by the Contractor and shall be final. Contractor hereby waives any rights to assert an impairment of contract claim against the City of Santa Fe or the Department of Transportation or the State of New Mexico in the event of immediate or Early Termination of this Agreement by the City of Santa Fe or the Department"

ARTICLE XVI. REQUIRED TERMINATION CLAUSE IN CONTRACTS FUNDED IN WHOLE OR PART BY FUNDS MADE AVAILABLE UNDER THIS AGREEMENT

Grantee acknowledges, warrants, and agrees that Grantee shall include the following termination clause in all contracts that are (i) funded in whole or part by funds made available under this Agreement and (ii) entered into after the effective date of this Agreement:

"This contract is funded in whole or in part by funds made available under a Department of Transportation Grant Agreement. Should the Department of Transportation early terminate the grant agreement, the City of Santa Fe may early terminate this contract by providing Contractor written notice of such termination. In the event of termination pursuant to this paragraph, the City of Santa Fe only liability shall be to pay Contractor for acceptable goods delivered and services rendered before the termination date."

Grantee hereby waives any rights to assert an impairment of contract claim against the Department or the State of New Mexico in the event of Early Termination of this Agreement by the Department.

XVII. COMPLIANCE WITH UNIFORM FUNDING CRITERIA.

A. Throughout the term of this Agreement, Grantee shall:

1. submit all reports of annual audits and agreed upon procedures required by Section 12-6-3(A)-(B) NMSA 1978 by the due dates established in 2.2.2 NMAC, reports of which must be a public record pursuant to Section 12-6-5(A) NMSA 1978 within forty-five days of delivery to the State Auditor;
2. have a duly adopted budget for the current fiscal year approved by its budgetary oversight agency (if any);
3. timely submit all required financial reports to its budgetary oversight agency (if any); and
4. have adequate accounting methods and procedures to expend grant funds in accordance with applicable law and account for and safeguard grant funds and assets acquired by grant funds.

B. In the event Grantee fails to comply with the requirements of Paragraph A of this Article XVII, the Department may take one or more of the following actions:

1. suspend new or further obligations pursuant to Article VI(A) of this Agreement;
2. require the Grantee to develop and implement a written corrective action plan pursuant to Article VI(D) of this Agreement to remedy the non-compliance;
3. impose special grant conditions to address the non-compliance by giving the Grantee notice of such special conditions in accordance with Article III of this Agreement; the special conditions shall be binding and effective on the date that notice is deemed to have been given pursuant to Article III; or
4. terminate this Agreement pursuant to Article V(A) of this Agreement.

ARTICLE XVIII. SEVERANCE TAX BOND AND GENERAL OBLIGATION BOND PROJECT CLAUSES

A. Grantee acknowledges and agrees that the underlying appropriation for the Project is a severance tax bond or general obligation bond appropriation, and that the associated bond proceeds are administered by the New Mexico State Board of Finance (SBOF), an entity separate and distinct from the Department. Grantee acknowledges and agrees that (i) it is Grantee's sole and absolute responsibility to determine through SBOF staff what (if any) conditions are currently imposed on the Project; (ii) the Department's failure to inform Grantee of a SBOF imposed condition does not affect the validity or enforceability of the condition; (iii) the SBOF may in the future impose further or different conditions upon the Project; (iv) all SBOF conditions are effective without amendment of this Agreement; (v) all applicable SBOF conditions must be satisfied before the SBOF will release to the Department funds subject to the condition(s); and (vi) the Department's obligation to reimburse Grantee from the Project is contingent upon the then current SBOF conditions being satisfied.

B. Grantee acknowledges and agrees that the SBOF may in its sole and absolute discretion remove a project's assigned bond proceeds if the project doesn't proceed sufficiently. Entities must comply with the

DocuSign Envelope ID: 386A9DA1-182E-4831-B175-10ABB5E884BA

requirement to encumber five percent (5%) of Project funds within six months of bond issuance as certified by the grantee in the Bond Questionnaire and Certification documents submitted to the SBOF. Failure to comply may result in the bond proceeds reassignment to a new ready project. If this should occur this grant agreement will be suspended until the entity has demonstrated readiness as determined by the SBOF and the Department.

C. Grantee acknowledges and agrees that this Agreement is subject to the SBOF's Bond Project Disbursements rule, NMAC 2.61.6, as may be amended or re-codified. The rule provides definitions and interpretations of grant language for the purpose of determining whether a particular activity is allowable under the authorizing language of the agreement.

NMDOT ATTACHEMNT A

The City of Santa Fe shall agree to comply with the following Provisions:

1. Assume the lead role for the Project.
2. Be responsible for all applicable design, environmental and archaeological clearances, and right-of-way acquisition, in accordance with current local, state, federal laws, Uniform Relocation Act, and current design practices and specifications.
3. Be responsible for project development, project construction, construction management, and testing.
4. Utilize the Project Control Number in all correspondence and submittals to the Department.
5. Adopt a written resolution of support for the Project, including as applicable an assumption of ownership, liability, and maintenance responsibility for the scope, or related amenities and required funding to support the Project.
6. Complete the Project using current American Public Works Association (APWA) specifications, implemented Grantee's design standards and specifications, or Department specifications.
7. Use Rental Rate Blue Book rates, if not provided in the Department established equipment rates, in the implementation of this Project. Any equipment rates not found in the Department established rates shall be reimbursed at the Blue Book rates.

The City of Santa Fe shall agree to comply with the following Lighting and Signal Provisions as applicable:

1. After subject signal system(s) has/have been constructed, make provisions for and provide, at its own expense, all electrical energy, routine maintenance such as lamp replacement, emergency shutdown in case of accidental damage or equipment failure and make any repairs necessary due to accidental damage to, or equipment failure of, the signal head and poles.
2. In the event that accidental damage or equipment failure should occur, provide for equipment shut down/or emergency traffic control as needed. In addition, should the accidental damage or equipment failure involve the Controller (and cabinet) or the loop detection system, promptly notify the Traffic Technical Support Bureau of the Department.
3. In the event that the traffic signal should be rendered completely inoperable as a result of accidental damage, secure the intersection with stop signs at all approach legs until such time as the traffic signal is made operable.
4. Make ample future provisions in its budget each year for the cost of maintaining and providing energy to the traffic signals and telephone service to the signal system and intersection lighting.
5. At its own expense, maintain the signal controller and control equipment (the "Controller") including and maintenance of the machine vision vehicle detection system with cameras and emergency vehicle pre-empt system and repair or replace the Controller in the event the Controller and/or cabinet is damaged or there is an equipment failure.
6. After the installation of the roadway lighting system, if any, provide any and all utilities, maintenance, and such other items as may be necessary of continued satisfactory operation of said subject lighting system.
7. Make all timing adjustments to the Signal Control equipment and review the Signal System(s) for efficient and satisfactory operation.
8. Obtain approval from the Department for all signal equipment prior to installation.
9. Require the construction contractor to name the Department and the Grantee as an additional insured in the construction contractor's general liability policy.
10. Enter into a Signalization and Lighting Agreement with the Department's Traffic Technical Support Bureau as required.

AMENDMENT NO. 6 TO MASTER SERVICES AGREEMENT

This Amendment No. 6 ("Amendment") amends the Master Services Agreement effective as March 23, 2017, which was modified by Amending Agreement dated October 31, 2017, Amendment No. 2 dated July 20, 2018, Amendment No. 3 dated December 5, 2022, Amendment No. 4 dated September 10, 2023 and Amendment No. 5 dated June 27, 2024 (collectively the "Agreement") between City of Santa Fe, a New Mexico ("Client") with a principal place of business located at 801 W San Mateo, Santa Fe, NM 87505 and Paymentus Corporation, a State of Delaware Corporation with a principal place of business at 11605 N. Community House Rd, Suite 300, Charlotte, North Carolina 28277 ("Paymentus"). Client and Paymentus are also referred to as "Party" and collectively as the "Parties." This Amendment is effective at the time of the last to sign of the Parties ("Amendment Effective Date").

STATEMENT OF PURPOSE

Client and Paymentus entered into the Agreement for electronic bill payment services; The

Parties agree to amend the Agreement to extend the term to March 23, 2027.

AGREEMENT

In consideration of mutual covenants contained herein, and other good and valuable consideration, the receipt and sufficiency of which are hereby acknowledged, Client and Paymentus agree as follows:

1. Amendment. The Agreement is hereby amended as of the Amendment Effective Date as follows:

   1.1 The Parties agree to extend the term ("Term") of the Agreement to March 23, 2027.

2. Miscellaneous:

   2.1 This Amendment is binding and inures to the benefit of the Parties and their respective successors and assigns.

   2.2 All other terms and conditions of the Agreement not modified by this Amendment remain in full force and effect.

   2.3 This Amendment may be executed in two or more counterparts, each of which shall be deemed to be an original, but all of which shall constitute one and the same instrument.

IN WITNESS WHEREOF, the Parties hereto have caused this Amendment to be executed by their duly authorized representatives.

Statement of Work

This STATEMENT OF WORK ("SOW"), is entered into as of the date of the last of the signatures set forth below ("Effective Date") by and between City of Santa FE (NM) ("Client") with its principal place of business 801 W San Mateo Santa Fe, NM 87505 and Paymentus Corporation ("Paymentus") with its office at 11605 North Community House Road, Suite 300, Charlotte, North Carolina 28277.

This SOW is hereby entered into and made a part of the Master Services Agreement (the "Agreement") between Client and Paymentus. Terms used but not defined in this SOW will have the meanings given to them in the Agreement.

This SOW shall remain valid for 60 days from issue date.

PROJECT DESCRIPTION

Client is requesting to move CIS to AUS and will be adding Real Time CIF (RT CIF) and Payment Notifications (RT PNS) for TLA SFUP.

Item	Detail	Amount

Adding RT CIF and PNS with AUS	**TLA**: SFUP
	• **Payment type:** Utility Bill
	• Paymentus to establish Real Time CIF connection with AUS
	• Paymentus to configure a Real Time Payment Notification to AUS
	• Paymentus to implement Standard Customer Information File (CIF)
	  ○ AUS to provide standard CIF
	• Paymentus to generate Standard Posting File to facilitate payment posting via SFTP
	• Paymentus to support with ECM Custom Content audience files
	• Paymentus will run an Account Number conversion
	  ○ Current Account Number pattern is 8 digits
	  ○ New Account Number will be 6 digits (ref number in AUS)
	  ○ Client/AUS to provide Paymentus with an excel file that contains all customers current Account Numbers and new Account Numbers
	• Paymentus to facilitate UAT testing
	• Paymentus to provide production planning & deployment to PROD
		$7,750.00

Total Due	Paymentus to waive full implementation cost.	**$0.00**

PAYMENTUS RESPONSIBILITIES

- The project team shall convene regular weekly meetings to ensure progress and alignment. In the event of non-responsiveness exceeding two consecutive weeks from the Client, the project escalation protocol will be initiated internally with Paymentus, along with the designated Point of Contact (POC) as outlined in the SOW. Failure to respond at this juncture may result in the temporary suspension of your project.
- Manage the efforts of the Paymentus staff and coordinate Paymentus activities with the Client's Project Manager.
- Provide Client with one (1) production and one (1) UAT (User Acceptance Testing) environment.
- Coordinate and perform the configuration of the Paymentus solution as described above.
- Define the project schedule in consultation with the Client's Project Manager and resolve deviations from the Project Schedule, if any.
- Provide timely responses to critical issues raised by the Client's Project Manager
- Provide access to the Paymentus Developer Portal and recommendation for optimal solution ex standard Paymentus CIF file

CLIENT RESPONSIBILITIES

- Assign resources that have the time and expertise to execute their respective tasks and responsibilities.
- Provide timely and appropriate responses to Paymentus' request for information.
- Coordinate support for any other third-party vendor where Client holds the primary relationship.
- Ensure network connectivity.
- Testing of the solution and reporting of any deviation.
- The client is responsible for conducting thorough User Acceptance Testing (UAT), encompassing comprehensive testing of all available payment methods and in all forms, prior to the configuration being migrated to the production environment.
- Additionally, the UAT checklist must be completed and signed by the client as a confirmation of their testing activities. This testing requirement is distinct and separate from any testing conducted by their CIS or any other vendor
- The client is required to sign off on UAT testing by performing and validating test payments and completing the Paymentus UAT Checklist. Once the UAT checklist is provided to the Client by Paymentus, the Client will have 3 weeks to complete the testing and checklist and notify Paymentus of any issues. Within 3 days of notification by Paymentus that the system is available for retesting the Client will have 3 days to retest. Upon completion of retesting and Client has not reported any issues, Client has 5 days to sign off on UAT. If sign-off is not received within this timeframe, we reserve the right to place the project on hold.

ASSUMPTIONS

- Client and/or Development Partner/Vendor understands that any delay in response can/will impact project timelines.
- Client will schedule meetings with the Development Partner/Vendor and Client will stay engaged through project warranty.
- Non-standard changes (i.e. custom development) must follow Paymentus release calendar.

OUT OF SCOPE

- Features not explicitly defined in the Project Description are out of scope.

POST DEPLOYMENT ASSUMPTIONS

- After the production launch the client will transition into the Hypercare stage for the project, which consists of 10 business days of support post deployment (Production). Any risks or issues that are identified during this period may be eligible for an extension of Hypercare which is subject to approval.
- Any Client concerns or changes post the Hypercare stage will be directed to the Paymentus Customer Care team at customercare@paymentus.com or 800-420-1663.

Public Utility/Public Works Committee

Via: **John Dupuis, Public Utility Department Director** JD

From: **Nancy Jimenez, Utility Billing Division Director**

Item and Issue:
Request for approval of Amendment #5 in the amount of $105,000.00 for Merchant Service monthly subscription fee through June 2026; Paymentus; (Nancy Jimenez, nljimenez@santafenm.gov, 505-955-4364)

Background/Summary:
The Utility Billing is respectfully asking to amend the Paymentus contract to modify the monthly charges back to the monthly service charge of $7,000 for the utility account payment's monthly subscription fee.

The City of Santa Fe is still under the exclusivity clause with Wells Fargo's Merchant services. Therefore, this monthly subscription fee must be paid to Paymentus for the services they provide to our utility account customers to make their utility payments through Paymentus online.

AMENDMENT NO. 5
TO MASTER SERVICES AGREEMENT EFFECTIVE 3/23/2017.

This Amendment No. 5 ("Amendment ") amends the Master Services Agreement (the "MSA") effective as of March 23, 2017, which was modified by Amendment Agreement on October 31, 2017, Amendment No. 2 on July 20, 2018 , Amendment No. 3 on December 5, 2022, and Amendment No. 4 on Sept 10, 2023 (collectively the "Agreement") between City of Santa Fe ("Client") with a principal place of business located at 801 W San Mateo Santa Fe, NM 87505, and Paymentus Corporation, a State of Delaware Corporation with a principal place of business 11605 North Community House Road, Suite 300, Charlotte, NC 28277 ("Paymentus"). Client and Paymentus are also referred to as "Party" and collectively as the "Parties." This Amendment is effective at the time of the last to sign of the Parties.

STATEMENT OF PURPOSE

Client and Paymentus entered into the Agreement for electronic bill payment services.

The Parties agree to modify the Paymentus Fee Schedule to reinstate the Absorbed Fee model as a technology gateway with monthly subscription fee.

AGREEMENT

In consideration of mutual covenants contained herein, and other good and valuable consideration, the receipt and sufficiency of which are hereby acknowledged, Client and Paymentus agree as follows:

1. Amendment. The Agreement is hereby amended as of the Effective Date of this Amendment as follows:

   1.1 Schedule A - Paymentus Service Fee Schedule ("Schedule A") of the Agreement is hereby deleted and the new Schedule A following is substituted in lieu thereof.

2 Miscellaneous:

   2.1 This Amendment is binding and inures to the benefit of the Parties and their respective successors and assigns.

   2.2 All other terms and conditions of the Agreement not modified by this Amendment remain in full force and effect.

   2.3 This Amendment may be executed in two or more counterparts, each of which shall be deemed to be an original, but all of which shall constitute one and the same instrument.

IN WITNESS WHEREOF, the Parties hereto have caused this Amendment to be executed by their duly authorized representatives.

Paymentus legal | Revised 6.10.20

Paymentus 11605 North Community House Road, Suite 300
Charlotte, NC 28277

Schedule A – Paymentus Service Fee Schedule

The Paymentus Fee will be as specified below, and will be paid by the Client, unless designated as a User paid fee.

Absorbed Fee Model – Technology Gateway
Residential Utility Payments • Average Bill Amount: $100 • Monthly Subscription Fee: $7,000 Paymentus Service Fee per Transaction: • Credit/Debit Card: $0 (Visa, MasterCard, Discover Discount Utility Rate Program) • ACH/eCheck: $0

The merchant agreement with Paymentus and Chase will be utilized for eCheck transactions only, as First Data/Wells Fargo will be providing credit/debit card merchant services. The monthly subscription fee is for the use of Paymentus platform technology.

Monthly subscription fee includes unlimited ACH/eCheck transactions.

Note:

- Maximum Amount per Payment is $10,000.00 with a minimum of $5.00. Multiple payments may be made.
- Paymentus may apply different limits per transactions for user adoption or to mitigate risks
- Pricing is subject to change per entity as needed and will be written in the amendments.
- Chargebacks and returned checks will be billed at $9.95 per item.

IN WITNESS WHEREOF, the City of Santa Fe has agreed to this Amendment 5 as of the date of the signature by the required approval authorities below.

Paymentus legal | Revised 6.25.22

11605 North Community House Road, Suite 300
Charlotte, NC 28277
888-440-4826

	4. Payment Methods: a. Credit: Visa, Mastercard, Discover, Amex b. Debit: Visa, Mastercard c. eCheck 5. Customer Portal: To be enabled. 6. IVR: To be enabled in English *Custom voice prompts will be required. 7. Autopay: To be enabled. Autopay schedules do not currently exist in Paymentus and will be imported via a schedule loader from Advanced Utility Systems 8. Real-time customer lookup will be configured - confirm this functionality works with Advanced Utility Systems or if we will need a customer information file 9. Payment Notification Service (PNS): The post back URL will be provisioned and payments will be posted back to 10. SFTP will be set up for the daily posting file to be made available to Client. Paymentus will coordinate with client on the configuration. The daily posting file will also be available through the Agent Dashboard portal.	
Total Due	Paymentus to waive $19,000 cost	$0.00

Paymentus has agreed to waive the total cost of $19,000 associated with this request.

PAYMENTUS RESPONSIBILITIES

- Manage the efforts of the Paymentus staff and coordinate Paymentus activities with the Customer's Project Manager.
- Provide Customer with one (1) production and one (1) UAT (User Acceptance Testing) environment.
- Coordinate and perform the configuration of the Paymentus solution as described above.
- Define the project schedule in consultation with the Customer's Project Manager and resolve deviations from the Project Schedule, if any.
- Provide timely responses to critical issues raised by the Customer's Project Manager

CONFIDENTIAL AND PROPRIETARY
Paymentus legal | Revised 6.29.22

- Provide integration guide and recommendation for optimal solution ex standard Paymentus CIF file
- <<<Above are examples>>>

CUSTOMER RESPONSIBILITIES

- Assign resources that have the time and expertise to execute their respective tasks and responsibilities.
- Provide timely and appropriate responses to Paymentus' request for information.
- Coordinate support for any other third-party vendor where Customer holds the primary relationship.
- Ensure network connectivity.
- Testing of the solution and reporting of any deviation.
- Signoff on UAT and GO Live confirming completion of all testing activities.
- <<<Above are examples>>>

ASSUMPTIONS

Customer and/or Development Partner/Vendor understands that any delay in response can/will impact project timelines.

Customer will schedule meetings with the Development Partner/Vendor and Customer will stay engaged through project warranty.

Non-standard changes (i.e. custom development) must follow Paymentus release calendar.

AMENDMENT NO. 3

TO MASTER SERVICES AGREEMENT EFFECTIVE 3/23/2017.

This Amendment No. 3 ("Amendment 3") amends the Master Services Agreement effective as of March 23, 2017, which was modified by Amendment effective date October 31, 2017, and Amendment No. 2 effective date July 20, 2018 (collectively the "Agreement") between City of Santa Fe ("Client") with a principal place of business located at 801 W San Mateo Santa Fe, NM 87505, and Paymentus Corporation, a State of Delaware Corporation with a principal place of business 11605 North Community House Road, Suite 300, Charlotte, NC 28277 ("Paymentus"). Client and Paymentus are also referred to as "Party" and collectively as the "Parties." This Amendment No. 3 is effective at the time both Parties have signed Amendment No. 3.

STATEMENT OF PURPOSE

Client and Paymentus entered into the Agreement for electronic bill payment services.

The Parties desire to amend the Agreement in the following ways

- Renew the contract term period
- Update Schedule A of Agreement to include additional Paymentus Services to Client subsidiaries and modify Paymentus Fees
- Include integration with Advanced Utility Services and Silverblaze

AGREEMENT

In consideration of mutual covenants contained herein, and other good and valuable consideration, the receipt and sufficiency of which are hereby acknowledged, Client and Paymentus agree as follows:

1. Amendment. The Agreement is hereby amended as of the Effective Date of this Amendment No. 3 as follows:

1.1 Schedule A (Paymentus Service Fee Schedule) of the Agreement is hereby deleted and the new Schedule A following is substituted in lieu thereof.

1.2 The parties desire to establish a direct payment processing relationship between the parties. The following language is hereby deleted from Schedule A:

a) "The merchant agreement with Paymentus and Chase will be utilized for e-check transactions only, as First Data/Wells Fargo will be providing credit/debit card merchant services. The monthly subscription fee is for the use of the Paymentus platform technology. At any time, the City may choose to revert back to the original pricing per transaction using Chase merchant services."

1.3 The parties desire to amend Schedule A of the Agreement to remove the Monthly Subscription fee of $7,000.00 in accordance with section 1.2 above

1.4 The parties desire to amend Schedule A of the Agreement to include digital wallet payment options including PayPal, PayPal Credit, Venmo, Amazon, Alexa, and Walmart Pay

1.5 The Parties desire to amend the Agreement to replace section 5 of the Master Services Agreement to extend the contract term through June 30, 2025. Agreement shall be renewable for additional successive twelve (12) month auto-renewal term periods. In no event, shall the term exceed the time allowed by NMSA13-1-150.

GENERAL TERMS AND CONDITIONS

1 **Definitions:**

For the purposes of this Agreement, the following terms and words shall have the meaning ascribed to them, unless the context clearly indicates otherwise.

1.1 **"Agreement** "or **"Contract"** shall refer to this Agreement, as amended from time to time, which shall constitute an authorization for the term of this contract for Paymentus to be the exclusive provider of services, stated herein, to the Client

1.2 **"User"** shall mean the users of the Client's services

1.3 **"Effective Date"** shall be the last date upon which the parties signed this Agreement. The Agreement will not be effective against any party until the said date

1.4 "Launch Date" shall be the date on which Client launches this service to the Users

1.5 "Payment" shall mean Users to make payments for Client's services or Client's bills

1.6 **"Payment Amount"** shall mean the bill amount User wants to pay to the Client

1.7 **"Non-consumer Cards"** shall mean credit cards which are issued for business use. These high-cost cards may include corporate cards, purchase cards, business cards, travel and entertainment cards.

1.8 **"Services"** shall include the performance of the Services outlined in section 2 of this Agreement

1.9 **"Paymentus Authorized Processor"** shall mean a Paymentus authorized merchant account provider and payment processing gateway

1.10 **"Average Bill Amount"** shall mean the total amount of Payments collected through Paymentus system in a given month divided by the number of the Payments for the same month.

2 **Description of Services to be performed**

2.1 **Scope of Services**

Paymentus shall provide Users the opportunity to make Payments by Visa, MasterCard, Discover, E-check and other payment methods as deemed necessary by Paymentus. Payments may be made by Interactive Telephone Voice Response System ("IVR") or secure Internet interface provided at the Paymentus Corporation's web site or other websites part of Paymentus' Instant Payment Network ("WebSites"), collectively referred to as the ("System" or "Platform").

2.2 **Professionalism**

Paymentus shall perform in a professional manner all Services required to be performed under this Agreement.

3 **Compensation**

3.1 **No Cost Installation**

Paymentus will charge no fees related to the initial setup and personalization of its standard service for both Web and IVR interfaces.

3.2 **Paymentus Service Fee**

For each payment, Paymentus will charge a Paymentus Service Fee as per Schedule A (hereinafter called "Paymentus Service Fee").

For each payment, the Paymentus Service Fee collected will be used to pay the corresponding Credit Card transaction fees or transaction fees associated with Debit Cards or eChecks (hereinafter called "Transaction Fees") except for the return items (eCheck returns or Credit/Debit Card chargebacks).

A schedule of Paymentus Service Fee is attached hereto as Schedule A. The Paymentus Service Fee is based on the Average Bill Amount, current payment method mix (credit vs debit vs e-check) and on the assumption that the total number of payments and the total Payment Amount collected each month from the use of non-consumer cards shall be under 5% of the total per month ("Fee Assumptions"). Client shall be billed an additional Paymentus Service Fees based on the rate of 3.5% of the Payment Amount for any excess amount if the Fee Assumptions vary by more than 5%. Paymentus

can amend this schedule upon prior written notice to the Client, if such change is required due to changes in the Visa and MasterCard regulations or changes in Credit Card fees or changes in the Average Bill Amount or changes in Fee Assumptions.

4 Payment Processing

4.1 Integration with Client's Billing System

At no cost to Client, Paymentus will develop one (1) file format interface with Client's billing system using Client's existing text file format currently used to post payments to Client's billing system. Client will be responsible to provide Paymentus with the one file format specification and will fully cooperate with Paymentus during the development of the said interface. If Client chooses to create an automated file integration process to download the posting file, due to Paymentus security requirements, Client will use Paymentus specified integration process. Paymentus platform is an independent full service fully hosted platform per PCI-DSS requirements for a fully hosted solution. As such, Paymentus platform does and can function independent of any billing system integration. A payment posting file can be emailed or downloaded from Paymentus Agent Dashboard. If Client chooses to have Paymentus platform integrated with its billing system, Paymentus offers two options:

(i) Paymentus standard integration specification that Client can use to integrate its billing systems with Paymentus platform ("Standard Integration"); (or)

(ii) Paymentus to either customize or configure its platform to integrate with Client using file specification or APIs supported by Client's billing system ("Client Specific Integration")

If Client chooses Standard Integration, Paymentus agrees to fully cooperate with Client and provide its specification to Client. Paymentus also agrees to participate in meetings with Client's software vendor to provide any information or clarifications needed to understand Standard Integration. Time is of the essence and Paymentus agrees to provide all integration/interface specifications within 30 days from the Effective Date. Client will take commercially reasonable steps to develop the integration within 60 days from the date on which Client has received all Integration specifications from Paymentus. Parties agree that if Paymentus does not cooperate fully, it can lead to Client being unable to perform its duties to deliver the integration in time.

If Client chooses Client Specific Integration, Paymentus agrees to develop such integration at no cost to Client, provided however, Client agrees to fully cooperate with Paymentus and cause its software vendors to fully cooperate with Paymentus. Client agrees to provide all specification required for Client specific integration. Client further agrees to participate in testing with Paymentus and if needed, cause its billing software vendors to participate in testing. Time is of the essence and Client agrees to provide or make available all integration/interface specifications within 30 days from the Effective Date. Paymentus will take commercially reasonable steps to develop the integration within 60 days from the date on which Paymentus has received all the integration specifications from Client or its vendors. Parties agree that if Client does not cooperate fully or is unable to cause its software vendors to cooperate fully with Paymentus, it can lead to Paymentus being unable to perform its duties to deliver the integration in time.

Based on Client's use of Paymentus platform and respective modules selected under this Agreement, Paymentus will require the following integration points:

(i) For one-time Payment Module:
   a. Customer Information – Text File or Real-time
   b. Payment Posting – Text File or Real-time

(ii) For Recurring Payment Module
   a. Text File

(iii) For E-billing Module
   a. Billing Data - Text File or Real-time link to billing data

(iv) For Outbound Notification
   a. Audience File – Text File for customer engagement messages

Each of these can be based on Standard Integration or Client Specific Integration.

4.2 PCI Compliance

For PCI Compliance, Client has two options for using Paymentus platform:

(i) Paymentus Fully Hosted Solution; or
(ii) Any other configuration

To substantially reduce or eliminate any PCI compliance risks and to render all Client systems out of scope from PCI compliance requirements, Client agrees to use Paymentus' fully hosted service where Paymentus uses its own platform to capture

Payments and to manage the entire (end to end) user experience from all channels for Payment acceptance Web, Mobile, IVR, POS devices (per Paymentus recommended setup), recurring payments, Ebill Presentment ("Paymentus Fully Hosted Solution"). If Client chooses any other integration such as third party web pages integrated with Paymentus APIs, third party gateway pages, or its own IVR systems or POS solution not recommended by Paymentus, or a cashiering module from third party, Client expressly agrees that Client shall not be exempt from PCI requirements and shall be liable for any data breaches occurring on its own systems as Client's recognizes that Client systems are participating in the transactions and are in scope for PCI compliance. Under such circumstances, Paymentus shall not be responsible for any PCI obligations outside of Paymentus own platform and Paymentus expressly disclaims any PCI or security obligations related to Client systems or any third party systems that participate in the payment transactions that are outside of Paymentus Platform.

Paymentus highly recommends that Client uses Paymentus Fully Hosted Solution to substantially reduce its PCI compliance and data breach risks.

If Client chooses to use any other option other than Paymentus Fully Hosted Solution, Client agrees and warrants that Client shall remain PCI compliant throughout the term of this Agreement. For clarity, just because Client uses PCI compliant applications such as its billing software, it does not eliminate the need for Client to be PCI compliant. Per PCI requirements, if a party's systems participate in processing, or accepting or storing card transactions, such party is required to be PCI compliant as the systems are in scope.

4.3 Explicit User Confirmation

Paymentus shall confirm the dollar amount of all Payments to be charged to a Card and electronically obtain the User approval of such charges prior to initiating Card authorizations transaction. Paymentus will provide User with electronic confirmation of all transactions.

4.4 Merchant Account

Paymentus will arrange for the Client to have a merchant account with the Paymentus Authorized Processor for processing and settlement of the credit card transactions.

4.5 Card Authorization

For authorization purposes, Paymentus will electronically transmit all Card transactions to the appropriate card associations in real time as the transactions occur.

4.6 Settlement

Paymentus together with its authorized Card processor shall forward the payment transactions to the appropriate card organizations for settlement directly to the Client's depository bank account previously designated by the Client (hereinafter the "Client Bank Account").

Paymentus will debit the Paymentus Service Fees from Client's account on a monthly basis.
Paymentus together with Paymentus Authorized Processor will continuously review its settlement and direct debit processes for its simplicity and efficiencies. Client and Paymentus agree to fully co-operate with each other if Paymentus were to change its settlement and invoicing processes.

5 General Conditions of Services

5.1 Service Reports

Paymentus shall provide Client with reports summarizing use of the Services by Users for a given reporting period.

5.2 User Adoption Communication by Client

Client will make Paymentus' Services available to its residential and commercial Clients by different means of Client communication including a) through bills, invoices and other notices; b) by providing IVR and Web payment details on the Client's website including a "Pay Now" or similar link on a mutually agreed prominent place on the web site; c) through Client's general IVR/Phone system; and d) other channels deemed appropriate by the Client.

Paymentus shall provide Client with logos, graphics and other marketing materials for Client's use in its communications with its users regarding the Services and/or Paymentus.

Both parties agree that Paymentus will be presented as a payment method option. Client will communicate Paymentus option to its end residential and commercial Clients wherever Client usually communicates its other payment methods.

5.3 Independent Contractor

Client and Paymentus agree and understand that the relationship between both parties is that of an independent contractor.

5.4 Client's Responsibilities

In order for Paymentus to provide Services outlined in this Agreement, the Client shall co-operate with Paymentus by:

(i) Client will enter into all applicable merchant Card or cash management agreements.

(ii) For the duration of this Agreement, Client will keep a bill payment link connecting to Paymentus System at a prominent and mutually agreed location on the Client website. The phone number for the IVR payment will also be added to the web site. Client will also add the IVR payment option as part of the Client's general phone system.

(iii) User Adoption marketing as described in 5.2.

(iv) Within 30 days of the merchant account setup, Client will launch the service to the Users.

(v) For the purpose of providing Client a posting file for posting to Client's billing system, Client will provide the file format specification currently used to post its payments to the billing system. Client will fully cooperate with Paymentus and provide the information required to integrate with Client's billing system.

6 Governing Laws

This Agreement shall be governed by the laws of the state of New Mexico.

7 Communications

7.1 Authorized Representative

Each party shall designate an individual to act as a representative for the respective party, with the authority to transmit instructions and receive information. The parties may from time to time designate other individuals or change the individuals.

7.2 Notices

All notices of any type hereunder shall be in writing and shall be given by Certified Mail or by a national courier or by hand delivery to an individual authorized to receive mail for the below listed individuals, all to the following individuals at the following locations:

To Client City of Santa Fe
C/O: Donald Martinez
Address: 801 San Mateo, Santa Fe, NM 87505
Email: dwmartinez@santafenm.gov

To Paymentus
C/O: President and CEO
Address: 13024 Ballantyne Corporate Place
Suite 450
Charlotte, NC 28277
Email: ceo@paymentus.com

Notices shall be declared to have been given or received on the date the notice is physically received if given by hand delivery, or if notices given by US Post, then notice shall be deemed to have been given upon on date said notice was deposited in the mail addressed in the manner set forth above. Any party hereto by giving notice in the manner set forth herein may unilaterally change the name of the person to whom notice is to be given or the address at which the notice is to be received.

7.3 Interpretation

It is the intent of the parties that no portion of this Agreement shall be interpreted more harshly against either of the parties as the drafter.

7.4 Amendment of Agreement

Modifications or changes in this Agreement must be in writing and executed by the parties bound to this Agreement.

7.5 Severability

If a word, sentence or paragraph herein shall be declared illegal, unenforceable, or unconstitutional, the said word, sentence or paragraph shall be severed from this Agreement, and this Agreement shall be read as if said word, sentence or paragraph did not exist.

7.6 Attorney's Fees

Should any litigation arise concerning this Agreement between the parties hereto, the parties agree to bear their own costs and attorney's fees.

7.7 Confidentiality

Client will not disclose to any third party or use for any purpose inconsistent with this Agreement any confidential or proprietary non-public information it obtains during the term of this Agreement about Paymentus' business, operations, financial condition, technology, systems, no-how, products, services, suppliers, Clients, marketing data, plans, and models, and personnel. Paymentus will not disclose to any third party or use for any purpose inconsistent with this Agreement any confidential User information it receives in connection with its performance of the services.

7.8 Intellectual Property

In order that the Client may promote the Services and Paymentus' role in providing the Services, Paymentus grants to Client a revocable, non-exclusive, royalty-free, license to use Paymentus' logo and other service marks (the "Paymentus Marks") for such purpose only. Client does not have any right, title, license or interest, express or implied in and to any object code, software, hardware, trademarks, service mark, trade name, formula, system, know-how, telephone number, telephone line, domain name, URL, copyright image, text, script (including, without limitation, any script used by Paymentus on the IVR or the WebSite) or other intellectual property right of Paymentus ("Paymentus Intellectual Property") All Paymentus Marks, Paymentus Intellectual Property, and the System and all rights therein (other than rights expressly granted herein) and goodwill pertain thereto belong exclusively to Paymentus.

7.9 Force Majeure

Paymentus will be excused from performing the Services as contemplated by this Agreement to the extent its performance is delayed, impaired or rendered impossible by acts of God or other events that are beyond Paymentus' reasonable control and without its fault or judgment, including without limitation, natural disasters, war, terrorist acts, riots, acts of a governmental entity (in a sovereign or contractual capacity), fire, storms, quarantine restrictions, floods, explosions, labor strikes, labor walk-outs, extra-ordinary losses utilities (including telecommunications services), external computer "hacker" attacks, and/or delays of common carrier.

7.10 Time of the Essence

Paymentus and Client acknowledge and agree that time is of the essence for the completion of the Services to be performed and each parties respective obligations under this Agreement.

8 Indemnification

8.1 Paymentus Indemnification and Hold Harmless

Paymentus agrees to the fullest extent permitted by law, to indemnify and hold harmless the Client and its governing officials, agents, employees, and attorneys (collectively, the "Client Indemnitees") from and against all liabilities, demands, losses, damages, costs or expenses (including reasonable attorney's fees and costs), incurred by any Client Indemnitee as a result or arising out of (i) the wilful misconduct or negligence of Paymentus in performing the Services or (ii) a material breach by Paymentus of its covenants.

8.2 Warranty Disclaimer

Except as expressly set forth in this Agreement, Paymentus disclaims all other representations or warranties, express or implied, made to the Client or any other person, including without limitation, any warranties regarding quality, suitability, merchantability, fitness, for a particular purpose or otherwise of any services or any good provided incidental to the Services provided under this Agreement.

8.3 Limitation of Liability

Notwithstanding the foregoing, the parties agree that neither party shall be liable to the other for any lost profits, lost savings or other special, indirect or consequential damages, even if the party has been advised of or could have foreseen the possibility of such damages. Paymentus' total liability for damages for any and all actions associated with this Agreement or the Services shall in no event exceed the specific dollar amount of the Paymentus Service Fee paid to Paymentus for the particular payment transaction which is the subject matter of the claim of damage.

9 Term and Termination

9.1 Term

The term of this Agreement shall commence on the effective date of this Agreement and continue for a period of 4 (four) years ("Initial Term") from the Launch Date. Services under this Agreement shall begin within 30 days of the merchant account setup.

At the end of the Initial Term, this Agreement will automatically renew for successive three (3) year periods unless either Client or Paymentus provide the other party with not less than 6 (six) months prior written notice before such automatic renewal date that such party elects not to automatically renew the term of this Agreement.

9.2 Material Breach

A material breach of this Agreement shall be cured within 90 (ninety) days ("Cure Period") after a party notifies the other of such breach. In the event, such material breach has not been cured within the Cure Period, the non-breaching party can terminate this Agreement by providing the other party with a 30 (thirty) days' notice.

9.3 Upon Termination

Upon termination of this Agreement, the parties agree to cooperate with one another to ensure that all Payments are accounted for and all refundable transactions have been completed. Upon termination, Paymentus shall cease all Services being provided hereunder unless otherwise directed by the Client in writing.

Paymentus

Charlotte, NC 28277
888-440-4826

ITEM #22-0566
Munis # 3203728

AMENDMENT NO. 3
TO MASTER SERVICES AGREEMENT EFFECTIVE 3/23/2017.

This Amendment No. 3 ("Amendment 3") amends the Master Services Agreement effective as of March 23, 2017, which was modified by Amendment effective date October 31, 2017, and Amendment No. 2 effective date July 20, 2018 (collectively the "Agreement") between City of Santa Fe ("Client") with a principal place of business located at 801 W San Mateo Santa Fe, NM 87505, and Paymentus Corporation, a State of Delaware Corporation with a principal place of business 11605 North Community House Road, Suite 300, Charlotte, NC 28277 ("Paymentus"). Client and Paymentus are also referred to as "Party" and collectively as the "Parties." This Amendment No. 3 is effective at the time both Parties have signed Amendment No. 3.

STATEMENT OF PURPOSE

Client and Paymentus entered into the Agreement for electronic bill payment services.

The Parties desire to amend the Agreement in the following ways

- Renew the contract term period
- Update Schedule A of Agreement to include additional Paymentus Services to Client subsidiaries and modify Paymentus Fees
- Include integration with Advanced Utility Services and Silverblaze

AGREEMENT

In consideration of mutual covenants contained herein, and other good and valuable consideration, the receipt and sufficiency of which are hereby acknowledged, Client and Paymentus agree as follows:

1. Amendment. The Agreement is hereby amended as of the Effective Date of this Amendment No. 3 as follows:

1.1 Schedule A (Paymentus Service Fee Schedule) of the Agreement is hereby deleted and the new Schedule A following is substituted in lieu thereof.

1.2 The parties desire to establish a direct payment processing relationship between the parties. The following language is hereby deleted from Schedule A:

a) "The merchant agreement with Paymentus and Chase will be utilized for e-check transactions only, as First Data/Wells Fargo will be providing credit/debit card merchant services. The monthly subscription fee is for the use of the Paymentus platform technology. At any time, the City may choose to revert back to the original pricing per transaction using Chase merchant services."

1.3 The parties desire to amend Schedule A of the Agreement to remove the Monthly Subscription fee of $7,000.00 in accordance with section 1.2 above

1.4 The parties desire to amend Schedule A of the Agreement to include digital wallet payment options including PayPal, PayPal Credit, Venmo, Amazon, Alexa, and Walmart Pay

1.5 The Parties desire to amend the Agreement to replace section 5 of the Master Services Agreement to extend the contract term through June 30, 2025. Agreement shall be renewable for additional successive twelve (12) month auto-renewal term periods. In no event, shall the term exceed the time allowed by NMSA13-1-150.

CONFIDENTIAL AND PROPRIETARY
Paymentus legal | Revised 6.10.20

1.6 Paymentus agrees to provide Client with no-cost integrations to Advanced Utility Systems and Silverblaze

2. Miscellaneous:

2.1 This Amendment No. 3 is binding and inures to the benefit of the Parties and their respective successors andassigns.

2.2 All other terms and conditions of the Agreement not modified by this Amendment No.3 remain in full force andeffect.

2.3 This Amendment No. 3 may be executed in two or more counterparts, each of which shall be deemed to be anoriginal, but all of which shall constitute one and the same instrument.

IN WITNESS WHEREOF, the Parties hereto have caused this Amendment No.3 to be executed by their duly authorized representatives.

Memo

Date: **October 12, 2022**

To: **City Council**
Finance Committee
Public Utility/Public Works Committee

Via: **Shannon Jones, Utility Department Director** SJ

From: **Nancy Jimenez, Utility Billing Division Director** NLJ

Re: **Amendment #3 for Paymentus**

Background/Summary:
The Utility Billing is respectfully asking to amend the Paymentus Master Agreement contract to remove the monthly charge from Paymentus electronic bill pay services of $7,000 for the utility account payment monthly subscription fee.

As we move forward with the upgrade to our utility billing system and the removal of the exclusivity clause with Wells Fargo the attached amendment with Paymentus will eliminate the monthly subscription fee and change to a transaction fee.

This will reduce the yearly cost of $84,000 for year 3 and year 4 for a total savings of $168,000.00 and once approved will reduce the current Fiscal Year accordingly that had these costs tied to the Postal Pro Contract.

Requested Action:
Approval of Amendment #2 for FY22/23 through FY24/25.

GENERAL TERMS AND CONDITIONS

1 Definitions:

For the purposes of this Agreement, the following terms and words shall have the meaning ascribed to them, unless the context clearly indicates otherwise.

1.1 **"Agreement** "or **"Contract"** shall refer to this Agreement, as amended from time to time, which shall constitute an authorization for the term of this contract for Paymentus to be the exclusive provider of services, stated herein, to the Client

1.2 **"User"** shall mean the users of the Client's services

1.3 **"Effective Date"** shall be the last date upon which the parties signed this Agreement. The Agreement will not be effective against any party until the said date

1.4 **"Launch Date"** shall be the date on which Client launches this service to the Users

1.5 **"Payment"** shall mean Users to make payments for Client's services or Client's bills

1.6 **"Payment Amount"** shall mean the bill amount User wants to pay to the Client.

1.7 **"Non-consumer Cards"** shall mean credit cards which are issued for business use. These high-cost cards may include corporate cards, purchase cards, business cards, travel and entertainment cards.

1.8 **"Services"** shall include the performance of the Services outlined in section 2 of this Agreement

1.9 **"Paymentus Authorized Processor"** shall mean a Paymentus authorized merchant account provider and payment processing gateway

1.10 **"Average Bill Amount"** shall mean the total amount of Payments collected through Paymentus system in a given month divided by the number of the Payments for the same month.

2 Description of Services to be performed

2.1 Scope of Services

Paymentus shall provide Users the opportunity to make Payments by Visa, MasterCard, Discover, E-check and other payment methods as deemed necessary by Paymentus. Payments may be made by Interactive Telephone Voice Response System ("IVR") or secure Internet interface provided at the Paymentus Corporation's web site or other websites part of Paymentus' Instant Payment Network ("WebSites"), collectively referred to as the ("System" or "Platform").

2.2 Professionalism

Paymentus shall perform in a professional manner all Services required to be performed under this Agreement.

3 Compensation

3.1 No Cost Installation

Paymentus will charge no fees related to the initial setup and personalization of its standard service for both Web and IVR interfaces.

3.2 Paymentus Service Fee

For each payment, Paymentus will charge a Paymentus Service Fee as per Schedule A (hereinafter called "Paymentus Service Fee").

For each payment, the Paymentus Service Fee collected will be used to pay the corresponding Credit Card transaction fees or transaction fees associated with Debit Cards or eChecks (hereinafter called "Transaction Fees") except for the return items (eCheck returns or Credit/Debit Card chargebacks).

A schedule of Paymentus Service Fee is attached hereto as Schedule A. The Paymentus Service Fee is based on the Average Bill Amount, current payment method mix (credit vs debit vs e-check) and on the assumption that the total number of payments and the total Payment Amount collected each month from the use of non-consumer cards shall be under 5% of the total per month ("Fee Assumptions"). Client shall be billed an additional Paymentus Service Fees based on the rate of 3.5% of the Payment Amount for any excess amount if the Fee Assumptions vary by more than 5%. Paymentus

can amend this schedule upon prior written notice to the Client, if such change is required due to changes in the Visa and MasterCard regulations or changes in Credit Card fees or changes in the Average Bill Amount or changes in Fee Assumptions.

4 Payment Processing

4.1 Integration with Client's Billing System

At no cost to Client, Paymentus will develop one (1) file format interface with Client's billing system using Client's existing text file format currently used to post payments to Client's billing system. Client will be responsible to provide Paymentus with the one file format specification and will fully cooperate with Paymentus during the development of the said interface. If Client chooses to create an automated file integration process to download the posting file, due to Paymentus security requirements, Client will use Paymentus specified integration process. Paymentus platform is an independent full service fully hosted platform per PCI-DSS requirements for a fully hosted solution. As such, Paymentus platform does and can function independent of any billing system integration. A payment posting file can be emailed or downloaded from Paymentus Agent Dashboard. If Client chooses to have Paymentus platform integrated with its billing system, Paymentus offers two options:

(i) Paymentus standard integration specification that Client can use to integrate its billing systems with Paymentus platform ("Standard Integration"); (or)

(ii) Paymentus to either customize or configure its platform to integrate with Client using file specification or APIs supported by Client's billing system ("Client Specific Integration")

If Client chooses Standard Integration, Paymentus agrees to fully cooperate with Client and provide its specification to Client. Paymentus also agrees to participate in meetings with Client's software vendor to provide any information or clarifications needed to understand Standard Integration. Time is of the essence and Paymentus agrees to provide all integration/interface specifications within 30 days from the Effective Date. Client will take commercially reasonable steps to develop the integration within 60 days from the date on which Client has received all integration specifications from Paymentus. Parties agree that if Paymentus does not cooperate fully, it can lead to Client being unable to perform its duties to deliver the integration in time.

If Client chooses Client Specific Integration, Paymentus agrees to develop such integration at no cost to Client, provided however, Client agrees to fully cooperate with Paymentus and cause its software vendors to fully cooperate with Paymentus. Client agrees to provide all specification required for Client specific integration. Client further agrees to participate in testing with Paymentus and if needed, cause its billing software vendors to participate in testing. Time is of the essence and Client agrees to provide or make available all integration/interface specifications within 30 days from the Effective Date. Paymentus will take commercially reasonable steps to develop the integration within 60 days from the date on which Paymentus has received all the integration specifications from Client or its vendors. Parties agree that if Client does not cooperate fully or is unable to cause its software vendors to cooperate fully with Paymentus, it can lead to Paymentus being unable to perform its duties to deliver the integration in time.

Based on Client's use of Paymentus platform and respective modules selected under this Agreement, Paymentus will require the following integration points:

(i) For one-time Payment Module:
   a. Customer Information – Text File or Real-time
   b. Payment Posting – Text File or Real-time
(ii) For Recurring Payment Module
   a. Text File
(iii) For E-billing Module
   a. Billing Data - Text File or Real-time link to billing data
(iv) For Outbound Notification
   a. Audience File – Text File for customer engagement messages

Each of these can be based on Standard Integration or Client Specific Integration.

4.2 PCI Compliance

For PCI Compliance, Client has two options for using Paymentus platform:

(i) Paymentus Fully Hosted Solution; or
(ii) Any other configuration

To substantially reduce or eliminate any PCI compliance risks and to render all Client systems out of scope from PCI compliance requirements, Client agrees to use Paymentus' fully hosted service where Paymentus uses its own platform to capture

Payments and to manage the entire (end to end) user experience from all channels for Payment acceptance: Web, Mobile, IVR, POS devices (per Paymentus recommended setup), recurring payments, Ebill Presentment ("Paymentus Fully Hosted Solution"). If Client chooses any other integration such as third party web pages integrated with Paymentus APIs, third party gateway pages, or its own IVR systems or POS solution not recommended by Paymentus, or a cashiering module from third party, Client expressly agrees that Client shall not be exempt from PCI requirements and shall be liable for any data breaches occurring on its own systems as Client's recognizes that Client systems are participating in the transactions and are in scope for PCI compliance. Under such circumstances, Paymentus shall not be responsible for any PCI obligations outside of Paymentus own platform and Paymentus expressly disclaims any PCI or security obligations related to Client systems or any third party systems that participate in the payment transactions that are outside of Paymentus Platform.

Paymentus highly recommends that Client uses Paymentus Fully Hosted Solution to substantially reduce its PCI compliance and data breach risks.

If Client chooses to use any other option other than Paymentus Fully Hosted Solution, Client agrees and warrants that Client shall remain PCI compliant throughout the term of this Agreement. For clarity, just because Client uses PCI compliant applications such as its billing software, it does not eliminate the need for Client to be PCI compliant. Per PCI requirements, if a party's systems participate in processing, or accepting or storing card transactions, such party is required to be PCI compliant as the systems are in scope.

4.3 Explicit User Confirmation

Paymentus shall confirm the dollar amount of all Payments to be charged to a Card and electronically obtain the User approval of such charges prior to initiating Card authorizations transaction. Paymentus will provide User with electronic confirmation of all transactions.

4.4 Merchant Account

Paymentus will arrange for the Client to have a merchant account with the Paymentus Authorized Processor for processing and settlement of the credit card transactions.

4.5 Card Authorization

For authorization purposes, Paymentus will electronically transmit all Card transactions to the appropriate card associations in real time as the transactions occur.

4.6 Settlement

Paymentus together with its authorized Card processor shall forward the payment transactions to the appropriate card organizations for settlement directly to the Client's depository bank account previously designated by the Client (hereinafter the "Client Bank Account").

Paymentus will debit the Paymentus Service Fees from Client's account on a monthly basis.
Paymentus together with Paymentus Authorized Processor will continuously review its settlement and direct debit processes for its simplicity and efficiencies. Client and Paymentus agree to fully co-operate with each other if Paymentus were to change its settlement and invoicing processes.

5 General Conditions of Services

5.1 Service Reports

Paymentus shall provide Client with reports summarizing use of the Services by Users for a given reporting period.

5.2 User Adoption Communication by Client

Client will make Paymentus' Services available to its residential and commercial Clients by different means of Client communication including a) through bills, invoices and other notices; b) by providing IVR and Web payment details on the Client's website including a "Pay Now" or similar link on a mutually agreed prominent place on the web site; c) through Client's general IVR/Phone system; and d) other channels deemed appropriate by the Client.

Paymentus shall provide Client with logos, graphics and other marketing materials for Client's use in its communications with its users regarding the Services and/or Paymentus.

Both parties agree that Paymentus will be presented as a payment method option. Client will communicate Paymentus option to its end residential and commercial Clients wherever Client usually communicates its other payment methods.

5.3 Independent Contractor

Client and Paymentus agree and understand that the relationship between both parties is that of an independent contractor.

5.4 Client's Responsibilities

In order for Paymentus to provide Services outlined in this Agreement, the Client shall co-operate with Paymentus by:

(i) Client will enter into all applicable merchant Card or cash management agreements.

(ii) For the duration of this Agreement, Client will keep a bill payment link connecting to Paymentus System at a prominent and mutually agreed location on the Client website. The phone number for the IVR payment will also be added to the web site. Client will also add the IVR payment option as part of the Client's general phone system.

(iii) User Adoption marketing as described in 5.2.

(iv) Within 30 days of the merchant account setup, Client will launch the service to the Users.

(v) For the purpose of providing Client a posting file for posting to Client's billing system, Client will provide the file format specification currently used to post its payments to the billing system. Client will fully cooperate with Paymentus and provide the information required to integrate with Client's billing system.

6 Governing Laws

This Agreement shall be governed by the laws of the state of New Mexico.

7 Communications

7.1 Authorized Representative

Each party shall designate an individual to act as a representative for the respective party, with the authority to transmit instructions and receive information. The parties may from time to time designate other individuals or change the individuals.

7.2 Notices

All notices of any type hereunder shall be in writing and shall be given by Certified Mail or by a national courier or by hand delivery to an individual authorized to receive mail for the below listed individuals, all to the following individuals at the following locations:

To Client City of Santa Fe
C/O: Donald Martinez
Address: 801 San Mateo, Santa Fe, NM 87505
Email: dwmartinez@santafenm.gov

To Paymentus
C/O: President and CEO
Address: 13024 Ballantyne Corporate Place
Suite 450
Charlotte, NC 28277
Email: ceo@paymentus.com

Notices shall be declared to have been given or received on the date the notice is physically received if given by hand delivery, or if notices given by US Post, then notice shall be deemed to have been given upon on date said notice was deposited in the mail addressed in the manner set forth above. Any party hereto by giving notice in the manner set forth herein may unilaterally change the name of the person to whom notice is to be given or the address at which the notice is to be received.

7.3 Interpretation

It is the intent of the parties that no portion of this Agreement shall be interpreted more harshly against either of the parties as the drafter.

7.4 Amendment of Agreement

Modifications or changes in this Agreement must be in writing and executed by the parties bound to this Agreement.

7.5 Severability

If a word, sentence or paragraph herein shall be declared illegal, unenforceable, or unconstitutional, the said word, sentence or paragraph shall be severed from this Agreement, and this Agreement shall be read as if said word, sentence or paragraph did not exist.

7.6 Attorney's Fees

Should any litigation arise concerning this Agreement between the parties hereto, the parties agree to bear their own costs and attorney's fees.

7.7 Confidentiality

Client will not disclose to any third party or use for any purpose inconsistent with this Agreement any confidential or proprietary non-public information it obtains during the term of this Agreement about Paymentus' business, operations, financial condition, technology, systems, no-how, products, services, suppliers, Clients, marketing data, plans, and models, and personnel. Paymentus will not disclose to any third party or use for any purpose inconsistent with this Agreement any confidential User information it receives in connection with its performance of the services.

7.8 Intellectual Property

In order that the Client may promote the Services and Paymentus' role in providing the Services, Paymentus grants to Client a revocable, non-exclusive, royalty-free, license to use Paymentus' logo and other service marks (the "Paymentus Marks") for such purpose only. Client does not have any right, title, license or interest, express or implied in and to any object code, software, hardware, trademarks, service mark, trade name, formula, system, know-how, telephone number, telephone line, domain name, URL, copyright image, text, script (including, without limitation, any script used by Paymentus on the IVR or the WebSite) or other intellectual property right of Paymentus ("Paymentus Intellectual Property"). All Paymentus Marks, Paymentus Intellectual Property, and the System and all rights therein (other than rights expressly granted herein) and goodwill pertain thereto belong exclusively to Paymentus.

7.9 Force Majeure

Paymentus will be excused from performing the Services as contemplated by this Agreement to the extent its performance is delayed, impaired or rendered impossible by acts of God or other events that are beyond Paymentus' reasonable control and without its fault or judgment, including without limitation, natural disasters, war, terrorist acts, riots, acts of a governmental entity (in a sovereign or contractual capacity), fire, storms, quarantine restrictions, floods, explosions, labor strikes, labor walk-outs, extra-ordinary losses utilities (including telecommunications services), external computer "hacker" attacks, and/or delays of common carrier.

7.10 Time of the Essence

Paymentus and Client acknowledge and agree that time is of the essence for the completion of the Services to be performed and each parties respective obligations under this Agreement.

8 Indemnification

8.1 Paymentus Indemnification and Hold Harmless

Paymentus agrees to the fullest extent permitted by law, to indemnify and hold harmless the Client and its governing officials, agents, employees, and attorneys (collectively, the "Client Indemnitees") from and against all liabilities, demands, losses, damages, costs or expenses (including reasonable attorney's fees and costs), incurred by any Client Indemnitee as a result or arising out of (i) the willful misconduct or negligence of Paymentus in performing the Services or (ii) a material breach by Paymentus of its covenants.

8.2 Warranty Disclaimer

Except as expressly set forth in this Agreement, Paymentus disclaims all other representations or warranties, express or implied, made to the Client or any other person, including without limitation, any warranties regarding quality, suitability, merchantability, fitness, for a particular purpose or otherwise of any services or any good provided incidental to the Services provided under this Agreement.

8.3 Limitation of Liability

Notwithstanding the foregoing, the parties agree that neither party shall be liable to the other for any lost profits, lost savings or other special, indirect or consequential damages, even if the party has been advised of or could have foreseen the possibility of such damages. Paymentus' total liability for damages for any and all actions associated with this Agreement or the Services shall in no event exceed the specific dollar amount of the Paymentus Service Fee paid to Paymentus for the particular payment transaction which is the subject matter of the claim of damage.

9 Term and Termination

9.1 Term

The term of this Agreement shall commence on the effective date of this Agreement and continue for a period of 4 (four) years ("Initial Term") from the Launch Date. Services under this Agreement shall begin within 30 days of the merchant account setup.

At the end of the Initial Term, this Agreement will automatically renew for successive three (3) year periods unless either Client or Paymentus provide the other party with not less than 6 (six) months prior written notice before such automatic renewal date that such party elects not to automatically renew the term of this Agreement.

9.2 Material Breach

A material breach of this Agreement shall be cured within 90 (ninety) days ("Cure Period") after a party notifies the other of such breach. In the event, such material breach has not been cured within the Cure Period, the non-breaching party can terminate this Agreement by providing the other party with a 30 (thirty) days' notice.

9.3 Upon Termination

Upon termination of this Agreement, the parties agree to cooperate with one another to ensure that all Payments are accounted for and all refundable transactions have been completed. Upon termination, Paymentus shall cease all Services being provided hereunder unless otherwise directed by the Client in writing.

Paymentus

Schedule A – Paymentus Service Fee Schedule

Paymentus Service Fee charged to the Client will be based on the following model:

Absorbed Fee Model
☐ Residential Utility Average Bill Amount: $100.00
☑ Paymentus Service Fee per qualified utility rate transaction • Credit/Debit Card $ 1.73 (Visa, MasterCard, Discover, Amex Utility Rate) • ACH/ eCheck $ 0.40 Maximum Amount per Qualified payment is $500.00. Multiple payments can be made only at the counter.
☐ Paymentus Service Fee per Non-qualified transaction (Non-qualified transaction applies to any transaction that does not qualify for a utility rate transaction. This may include a Business or Corporate card transactions). • Credit/Debit Card 2.65% (Visa, MasterCard, Discover, Amex) • ACH/eCheck $ 0.40

Note: A chargeback fee of $9.95 applies per chargeback.

Paymentus may apply different limits per transactions for user adoption or to mitigate risks.

Paymentus

Schedule B: Additional Services

Service Type 1	Paymentus Service Fee
E-Bill Presentment	12 months bill history data no charge File creation set up fee waived

Accept Service 1 ☑ Initial lp

Service Type 2	Paymentus Service Fee
Outbound Notification Messages	2,000 Monthly IVR/SMS Text/Email Messages No Charge 2,001+ Messages Overage Fee: $0.15 per IVR/SMS message $0.05 per Email message Unlimited Inbound IVR Payment Minutes

Accept Service 2 ☑ Initial lp

Service Type 3	Paymentus Service Fee
Mobile Payment Platform	No Setup fee Transaction fees as outlined in Schedule A

Accept Service 3 ☑ Initial lp

Paymentus

Service Type 4	Paymentus Service Fee
Enterprise Payment Aggregator (Online Banking/E-Lockbox)	$0.09 per Transaction

Accept Service 4 ☐ Initial ____

Document declined by JoAnn Lovato (jdlovato@santafenm.gov)

Decline reason: I don't see where Amendment #5 actually ever extended the agreement to 6/30/26. There are two contradicting supporting documents for Amendment #5. The memo says it is extending to 6/30/2026 and the SOC says it is extending to 6/30/2025. Where is the legal amendment #5 to extend to 2026? Amendment #3 extended to 6/30/25. Amendment #4 changed fees/SOW. Amendment #5 was supposed to also extend term but did not. Therefore, this agreement is expired.

2025-12-23 - 10:46:35 PM GMT- IP address: 63.232.20.2

CITY OF SANTA FE

The Purchasing Memo

Date: January 6, 2026

To: Governing Body and Public Works & Utilities Committee

From: Michael Dozier, Wastewater Management Division Director

Subject: Amendment to Professional Services Contract for Aquasight, LLC.

Vendor Name: Aquasight, LLC.

Munis Vendor Number: 10422

Wastewater Management Division respectfully requests your review and approval of an Amendment 1 to contract number 3250176 with Aquasight, LLC for data analysis to the Paseo Real Wastewater Treatment Facility (PRWRF). No increase in compensation or term. There is only a change to the scope of work.

ITEM AND ISSUE:

The city received a referenced Administrative Order (AO) on March 6th, 2024 from the U.S. Environmental Protection Agency (EPA) Region 6 and amended July 10, 2024 (CWA-06-2024-1765). This AO requires within 30 days the submission of the comprehensive written plan for the elimination of the violations within the shortest possible time, as well as measures to prevent these or similar violations from recurring. Aquasight is one of the original vendors set up in the plan to provide data analysis to the Paseo Real Wastewater Treatment Facility (PRWRF) to improve ongoing operations. They provided the PRWRF with APOLLO, a digital twin software, that allowed operators to see trends in Supervisory Control and Data Acquisition (SCADA) information, laboratory data and operations logs and make informed decisions for the operation of the PRWRF. This software requires proper connections to specific data streams (Operator 10 Wastewater) from PRWRF equipment to be able to provide the dashboard with useful information.

PRWRF has been having issues (communication fiber and control module installations) getting the Secondary Clarifier system SCADA information connected and shared to the data streams, so on 18 November 2025 the Contractor provided an alternative to the data at no change in the compensation. The alternative was to change out modules and programming from the Clarifier module to one called AQSYNC. This module for APOLLO will provide our operators with a new product that pairs our data with an artificially intelligent large language model (LLM) that discovers the trends in our data and provides interactive guidance on reasons why the data may look the way it does. This would be an improvement over APOLLO which only displays the data in a dashboard but does not analyze it for us. With the new module, the Contractor will be able to complete our onboarding process and can add the replaced module and other modules at a later time.

CONTRACT NUMBER:

The Fiscal Year 2024 Munis contract number is 3250176.

BACKGROUND AND SUMMARY:

On 4 November 2024, the contract was completed with the vendor. On 6 December 2024, a purchase order (FY25-22503195) was placed for the software and to set up onboarding. On 5 September 2025 a carry-over PO (FY26 – 22603048) was placed to continue, but the contract number was not connected to it. A new carry-over PO (FY26 - 22603539) has been placed to correct this issue and will get a change order to add gross receipts tax.

CITY OF SANTA FE AMENDMENT No. 1
TO PROFESSIONAL SERVICES CONTRACT
ITEM# 24-0643

This AMENDMENT No. 1 (the "Amendment") amends the CITY OF SANTA FE PROFESSIONAL SERVICES CONTRACT, dated 4 November 2024 (the "Contract"), between the City of Santa Fe (the "City") and Aquasight, LLC. (the "Contractor"). The date of this Amendment shall be the date when it is executed by the City and the Contractor whichever occurs last.

RECITALS:

A. Under the terms of the Contract, Contractor has agreed to provide operational treatment modeling and simulation tools for the Paseo Real Wastewater Reclamation Facility.

B. Pursuant to Article 14 of the Contract, and for good and valuable consideration, the receipt and sufficiency of which are acknowledged by the parties, the City and the Contractor agree as follows:

1. SCOPE OF SERVICES

Article 1 of the Contract is amended, so that Article 1 reads in its entirety as follows:

The Contractor shall perform all the work required by this contract and any amendments thereof to build upon the improvements initiated by the City in April 2023. The emergency procurement, this request for authorization, and accompanying Budget Adjustment Request (BAR) established by the City respond to the requirement that the City eliminate violations identified by the EPA and NMED within the shortest possible time. These actions by the City, included as part of a comprehensive plan, will demonstrate the City's commitment to complete this project within the shortest possible time in the most efficient way possible.

The Contractor's scope of work includes support to the City for specific comprehensive plan items #6, #7, and #8 as noted below. The City's comprehensive plan focuses on improving current data collection, regulatory compliance, operational knowledge management / transfer, and management practices at the Paseo Real Water Reclamation Facility (PRWRF), combined with selective capital improvements to existing PRWRF facilities.

The City's comprehensive plan is broken down into the following ten (10) steps, of which the Contractor is providing support only for items #6, #7, and #8 (other items noted are by others):

1. Provide sampling and regulatory support to ensure compliance with existing permits.
2. Support the City's external communications and regularly established weekly updates to improve communication with Regulators.
3. Build a comprehensive base of knowledge & management tools / decision trees to guide PRWRF staff in day-to-day operations and management of the facility.
4. Improve PRWRF laboratory practices, data management, workflow, and communications for all testing performed to ensure regulatory compliance and/or support treatment operations.
5. Provide an inventory of all PRWRF instrumentation, calibration practices, data flows, and uses of information currently collected, and rectify gaps to improve process monitoring and control.
6. Develop a model for treatment operations using commercially available software that integrates information available from lab test results and real-time supervisory control and data acquisition (SCADA) data.
7. Develop continuous modeling results incorporated into an advanced SCADA interface at the PRWRF to simulate and help optimize treatment plant operations and management.
8. Develop tools for simulation, testing, and operation of proposed changes to plant operations and enable remote operational support for emergency conditions.
9. Short-term treatment plant improvement projects. Examples of these limited scope projects include installing a new mechanical bar screen already procured by the City, restoring two (2) former traveling bridge filter systems to working condition, or portable container-based sand filtration equipment and related pumping capability.
10. Additional support to complete the items above including process engineering alternatives development and review, project management and scheduling support, construction related support and services, training support, and related items or equipment, as described in the Contract Documents.

The Contractor's scope of work includes support only for plan items #6, #7, and #8 above. Other noted items are not applicable to the Contractor's work nor to this Scope of Work.

The Contractor's Scope of work will incorporate the following general tasks:

The City of Santa Fe Public Utilities Department is implementing a strategic initiative to further improve
treatment plant effluent performance and reduce operating and maintenance costs by leveraging Aquasight's APOLLO^{TM}. The overall goal of this project is to implement a modular real-time advanced analytics and Copilot™ system for liquid unit processes that will support operator success for meeting permit discharge limits and support operational efficiencies for liquid processes that consume the greatest amount of power and chemicals. APOLLO™ will support the City's goals of continuous and measured progress towards the PRWRF optimization goals over time.

In pursuit of this vision, Aquasight's APOLLO^{TM} software is proposed to assist the City of Santa Fe by:

- Providing a one-stop integrated intelligence dashboarding and analysis solution.
- Integrating a copilot system with built in smart advisors.
- Driving energy and chemical savings and enabling fine tuning of control setpoints.
- Improving daily plant workflow and empowering a data driven decision culture.
- Storing operator knowledge to de-risk operator churn and retirements.
- Providing management visibility through remote off-site access.
- Highlighting compliance risks while providing quick access to process data.
- Enabling predictive maintenance of aeration and disinfection equipment.
- Providing robust tools for workforce training on plant performance at various flows and loads.
- Providing quick access of data for planning and engineering teams.
- Including monitoring and notifications on complex parameters.

Generally, the scope of this project includes onboarding the PRWRF to Aquasight's APOLLO™ software equipped with seven (7) modules. The SCOPE OF WORK may change in the future depending on the needs of the plant. The final SOW will be determined in collaboration with the Utility team.

Additionally, Aquasight will review data sources, data completeness, and instrumentation coverage for the PRWRF. We will make recommendations for additional instrumentation as may be necessary to optimize the data rich environment necessary for an optimized process solution. The project goals described above will be completed through the following tasks:

Task 0 – Project Management
Task 1 – Data Polling
Task 2 – Site Visit and Plant Review Including Instrumentation Review and Recommendations
Task 3 – Aeration Onboarding
Task 4 – AQSYNC Data Integration and AI-Driven Guidance Module
Task 5 – UV Disinfection/Chlorination/Dechlorination Onboarding
Task 6 – Default Module Configuration
Task 7 – Training and Adoption

See Exhibit A for details of the Scope of Work

See Exhibit B for details of the amended Scope of Work

3. COMPENSATION.

Article 3, paragraph A of the Contract is amended to increase the amount of compensation by a total of $28,656.25 in gross receipts tax so that Article 3, paragraph A reads in its entirety as follows:

[CONTINUED ON NEXT PAGE]

A. **The City shall pay to the Contractor in full payment for services satisfactorily performed, such compensation not to exceed $378,656.25, including gross receipts tax.** This amount is a maximum and not a guarantee that the work assigned to be performed by Contractor under this Contract shall equal the amount stated herein. The parties do not intend for the Contractor to continue to provide services without compensation when the total compensation amount is reached. Contractor is responsible for notifying the City when the services provided under this Contract reach the total compensation amount. In no event will the Contractor be paid for services provided in excess of the total compensation amount without this Contract being amended in writing prior to those services in excess of the total compensation amount being provided.

4. CONTRACT IN FULL FORCE.

Except as specifically provided in this Amendment, the Contract remains and shall remain in full force and effect, in accordance with its terms.

[REMAINDER OF PAGE INTENTIONALLY LEFT BLANK]
[SIGNATURE PAGE TO FOLLOW]

IN WITNESS WHEREOF, the parties have executed this Amendment No. 1 to the Contract as of the dates set forth below.

AQUASIGHT
INTELLIGENT WATER SOLUTIONS

Amendment 1 - Revised
Santa Fe, NM Paso Real WRF APOLLO™ Updates – Addition of AQSYNC™
Revised December 11, 2025

1. **Name:** **City of Santa Fe NM**
Public Works Department
200 Lincoln Avenue
Santa Fe, New Mexico 87501

1. **Existing Aquasight Solution Deployed:** **APOLLO 6.0**

2. **Amended APOLLO™ Scope:**

The contract scope is amended as noted below. This work is in addition to the existing APOLLO™ contract solution at the Santa Fe Paso Real WRF.

A. Replace Secondary Clarifier Module Scope in current contract with new AQSYNC™ solution

Completely replace the Secondary Clarifier Module in the current APOLLO™ solution for Santa Fe with a new AQSYNC™ module, Aquasight's data integration and observability solution for raw data (lab or live) data health and visualization.

AQSYNC™ will integrate data sources from the Paso Real WRF SCADA and Laboratory (LIMS) system. Its dashboards will display data health, timestamps of the last successful data checks, and provide tools to visualize and download raw data. The platform also includes a built-in "easy button" for AI-driven data guidance, which can be disabled if county policy restricts the use of generative AI in daily workflows.

Together, AQSYNC™ and APOLLO™ form a seamless system, creating a robust data integration environment that connects and normalizes large-scale, multi-source data while leveraging the strengths of both platforms.

This data quality step will ensure that Santa Fe's high-volume time-series data are brought into a single, trusted stream without burdening utility resources.

This no-cost change order to replace the Secondary Clarifier Module with AQSYNC™ will complete the onboarding phase of the current APOLLO™ contract.

B. Postpone Secondary Clarifier Module

Due to delays in establishing reliable and high quality data for secondary clarifier operation at the Paso Real WRF, this module will be postponed to when this data is available (estimated in 2026). Addition of the Secondary Clarifier module later will require an additional change order with additional pricing (price TBD).

3. **AQSYNC™ Deployment Timing:** Four (4) to Eight (8) calendar weeks

4. **Change Order Contract Term:** Aligned with current Annual Contract

5. **Change Order Incremental Fees:** No Cost Change Order

All State and Local taxes are additional as required.

6. **Payment Schedule:**
   - Onboarding fees – N/A
   - Annual Subscription Service for AQSYNC™ will start from the time of this agreement and end at the end of the current 3-year service contract for APOLLO™.
   - Payment Terms are Net 30

7. **AVA™ Water Assistant Addendum to Aquasight Subscription Agreement**

   The Aquasight Subscription Agreement as modified and approved in the current contract shall be amended to include the AVA™ Water Assistant Addendum as noted in the attached.

All project fees and terms and conditions of the current contract with the City of Santa Fe, NM shall remain unchanged except as noted herein.

ADDENDUM TO AQUASIGHT SUBSCRIPTION AGREEMENT
(AVA AI Water Assistant Addendum)

This Addendum ("Addendum") is entered into by and between Aquasight, LLC ("Aquasight") and the Customer (as defined in the Aquasight Subscription Agreement dated September 25, 2024) and is effective as of the later of (i) the Effective Date of the Agreement, or (ii) the date the Customer first activates or accesses the AVA feature (the "Effective Date of Addendum").

This Addendum supplements and is incorporated into the Aquasight Subscription Agreement (the "Agreement"). Except as expressly modified herein, all other terms and conditions of the Agreement remain in full force and effect. Capitalized terms used but not defined in this Addendum have the meanings given to them in the Agreement.

1. AVA Subscription and Use of AI Technology

1.1 Description of Service.
Aquasight offers an optional feature known as AVA, AI Water Assistant ("AVA"), which utilizes artificial intelligence ("AI") and large language model ("LLM") technology to generate automated insights, recommendations, and related content based on Customer Data and other available inputs.

1.2 Acknowledgment of AI Processing.
By enabling or accessing AVA, the Customer acknowledges and agrees that:
(a) AVA's functionality is powered in part by third-party AI and LLM service providers;
(b) to enable such functionality, certain Customer Data, prompts, or related inputs may be transmitted to, and processed by, such third-party providers solely for the purpose of generating AVA insights and responses; and
(c) Aquasight does not control the operation, training, or performance of any third-party LLM.

1.3 AI Output Disclaimer.
The Customer understands and agrees that AVA's outputs are generated through probabilistic AI models and may not always be accurate, complete, or current. All AI-generated content is provided "as is" and for informational purposes only. The Customer remains solely responsible for independently reviewing, validating, and determining the suitability of any AI-generated output before relying upon it for operational or decision-making purposes.

1.4 No Warranty for AI Content.
To the fullest extent permitted by law, Aquasight expressly disclaims all warranties, express or implied, with respect to AVA and any AI-generated content, including but not limited to warranties of accuracy, reliability, merchantability, fitness for a particular purpose, or non-infringement.

1.5 Limitation of Liability.
Aquasight shall not be liable for any errors, omissions, or outcomes resulting from the use of AVA or any AI-generated content. Use of AVA and reliance upon its outputs shall be at the Customer's sole risk. The limitations of liability set forth in Section I.6 of the Agreement shall apply in full to this Addendum and to the Customer's use of AVA.

2. Confidentiality and Data Handling

2.1 Authorization to Transmit Data.
Customer hereby authorizes Aquasight to transmit limited Customer Data to third-party AI or LLM service providers solely for the purpose of enabling AVA functionality and agrees that such transmission shall not constitute a breach of Section H (Confidentiality) of the Agreement.

2.2 Data Usage Limitation.
Aquasight shall not permit any Customer Data transmitted through AVA to be used by Aquasight or its third-party providers to train, fine-tune, or otherwise improve external or public AI models, except in aggregated and anonymized form.

2.3 Retention.
Aquasight shall retain any Customer Data processed through AVA only as necessary to perform the AVA service and in accordance with Aquasight's data retention and security practices under the Agreement.

3. Customer Responsibilities

3.1 Compliance and Oversight.
Customer is responsible for all use of AVA by its authorized users and shall ensure that such use complies with applicable laws, regulations, and the terms of this Addendum.

3.2 Independent Validation.
Customer acknowledges that AVA is intended to assist and augment human decision-making and does not replace Customer's professional judgment or diligence.

4. Term and Termination

This Addendum shall remain in effect for as long as the Customer's subscription under the Agreement remains active, unless terminated earlier by either party in accordance with Section D of the Agreement. Upon termination or expiration of the Agreement or this Addendum, Customer's access to AVA shall automatically cease.

5. Miscellaneous

This Addendum is governed by and construed in accordance with the governing law set forth in Section K.1 of the Agreement. In the event of any conflict between the terms of this Addendum and the Agreement, the terms of this Addendum shall control solely with respect to the AVA feature and related AI functionality.

CITY OF SANTA FE

Note to File

Date: January 5, 2026

To: Governing Body, Finance Committee, and Public Works & Utilities Committee

From: Michael Dozier, Wastewater Management Division Director, Public Utilities Department

Via: Jesse Roach, Interim Public Utilities Director

Subject: Amendment to Professional Services Contract for Aquasight, LLC.

Vendor Name: Aquasight, LLC.

Munis Vendor Number: 10422

BACKGROUND AND SUMMARY:

In reference to the Paseo Real Water Reclamation Facility Administrative Order Emergency Project (40-M0087-24-EM030), the Public Utilities Department has submitted an Emergency Determination Form for emergency procurement to implement a comprehensive plan that provides interim corrective measures and for the long-term success in operating and managing the Paseo Real Water Reclamation Facility (PRWRF) necessary to ensure compliance with NPDES and Discharge Permits within the shortest possible time. The referenced Administrative Order (AO), which the City received on March 6th, 2024 from the U.S. Environmental Protection Agency (EPA) Region 6 and amended July 10, 2024 (CWA-06-2024-1765), is attached and requires within 30 days the submission of the comprehensive written plan for the elimination of the violations within the shortest possible time, as well as measures to prevent these or similar violations from recurring.

On 4 November 2024, the contract was completed with the vendor. A purchase order (FY25-22503195) was placed for APOLLO, a digital twin software, that would allow operators to see trends in Supervisory Control and Data Acquisition (SCADA) information, laboratory data and operations logs and make informed decisions for the operation of the Paseo Real Wastewater Reclamation Facility (PRWRF). This software requires proper connections to specific data streams (Operator 10 Wastewater) from PRWRF equipment to be able to provide the dashboard with useful information.

PRWRF has been having issues (communication fiber and control module installations) getting the Secondary Clarifier system SCADA information connected and shared to the data streams, so on 18 November 2025 the Contractor provided an alternative to the data at no change in the compensation. The alternative was to change out modules and programming from the Clarifier module to one called AQSYNC. This module for APOLLO will provide our operators with a new product that pairs our data with an artificially intelligent large language model (LLM) that discovers the trends in our data and provides interactive guidance on reasons why the data may look the way it does. This would be an improvement over APOLLO which only displays the data in a dashboard but does not analyze it for us. With the new module, the Contractor will be able to complete our onboarding process and can add the replaced module and other modules at a later time.

City of Santa Fe
Emergency Determination Form

The Department that makes an emergency procurement to plan or prepare for the response to a serious threat to public health, welfare, safety or property caused by a flood, fire, epidemic, riot, act of terrorism, equipment failure or similar event shall account for the money spent in making the procurement and report on that accounting to the City's Finance Department Director within ninety days after the end of the contract or fiscal year in which the procurement was made, whichever comes first.

I. Department: Public Utilities, **City of Santa Fe**

Department Director: John Dupuis

Department Contact: _P. Fred Heerbrandt, P.E.

Department Telephone Number: 505-955-4623

City of SF Chief Procurement Officer: **Travis Dutton-Leyda, CPO**

Telephone Number: **(505) 629-8351**

II. **A. Name of Contractor: AquaSight**

Address of Contractor: 1650 W. Big Beaver Rd., Troy MI 48084

Amount of prospective contract: $350,000.00

Term of prospective contract: Three years

B. Name of Contractor: Great Western Electrical

Address of Contractor: 3310 Girard NE, Albuquerque, nm 87107

Amount of prospective contract: $155,690.08

Term of prospective contract: One year

C. Name of Contractor: Carollo Engineers, Inc.

Address of Contractor: P. O. Box 30835, Salt Lake City, UT 84130-0835

Amount of prospective contract: $80,000.00

Term of prospective contract: One year

D. Name of Contractor: ITSQUEST Staffing

Address of Contractor: 1012 Marquez Pl Ste 301B, Santa Fe, NM 87505

Amount of prospective contract: $264,463.70

Term of prospective contract: One year and two months

E. Name of Contractor: Hazen and Sawyer

Address of Contractor: 100 Sun Ave. NE, Suite 206, Albuquerque, NM 87109

Amount of prospective contract: $2,718,000.00

Term of prospective contract: 2.5 years

F. Name of Contractor: A.A.C. Construction, LLC

Address of Contractor: 18 La Luna Rd, Santa Fe, NM 57507

Amount of prospective contract: $2,465,837.04

Term of prospective contract: Two Years

G. Name of Contractor: Molzen Corbin

Address of Contractor: 2701 Miles Rd. SE, Albuquerque, NM 87106

Amount of prospective contract: $180,000

Term of prospective contract: Two Years

H. Name of Contractor: Rain for Rent (Western Oilfields Supply Co.)

Address of Contractor: 2495 Lakeside Drive, Las Cruces, NM 88007

Amount of prospective contract: $903,214.87

Term of prospective contract: Three Years

GRAND TOTAL: $7,117,250.69

The attached contractors and their associated scopes of work will assist City staff in bringing the wastewater reclamation facility into compliance.

Location of Services: Paseo Real Wastewater Reclamation Facility, 73 Paseo Real, Santa Fe, NM 87507

III. **Please thoroughly list the services (scope of work), construction or items of tangible personal property of the contract:**

1. Emergency funding request to remediate issues currently affecting the WWTF
   a. Contractors: Hazen and Sawyer ($2.7M), AAC construction (est.$2.5M), Carollo ($80k), Aquasight ($350k), ITSQuest (scheduler $264k), Great Western ($156k), Molzen Corbin ($180k), Rain for Rent ($903K)
   b. Improvements Plan
      - Quarterly Reporting disconnect
      - Weekly Meetings with NMED
      - Unit Process Operating Strategy documentation (Carollo/Hazen)
      - Instrumentation Implementation
      - Model Development/SCADA Integration
      - Sample and Reporting External Support
      - Advanced SCADA for Each Process
      - Unit Process Improvements

See attached proposals and scopes of work for details.

IV. **Provide an explanation for the justification of the procurement including a description of the emergency condition(s) requiring use of emergency procurement and the practicable competition utilized in compliance with NMSA 1978, § 13-1-127.**

The United States Environmental Protection Agency (EPA) has issued an Administrative Order (AO) issued to the City of Santa Fe for violations of the Clean Water Act (CWA) (33 U.S.C. §§ 1251-1387). The violations were identified during a review of the permit file and discharge monitoring reports submitted for the Paseo Real Wastewater Reclamation Facility. The violations alleged are for failure to meet permit effluent limitations. This AO does not assess a monetary penalty; however, it does require compliance with applicable federal regulations.

Similarly, the New Mexico Environment Department (NMED) has determined that the City of Santa Fe Paseo Real Wastewater Treatment Plant (WWTP) has been operating in noncompliance with the New Mexico Water Quality Act (WQA) and Water Quality Control Commission (WQCC)' regulations (20.6.2 and 20.6.4 New Mexico Administrative Code) adopted pursuant to the WQA.

To facilitate the most efficient response to these regulators, the City requires emergency procurement to develop a plan and to implement that plan to bring the Paseo Real Wastewater Reclamation Facility into compliance as soon as is feasible to do so.

EPA Region 6 Administrative Order Attached.

III. **Please describe what measures are being taken to minimize the duration and effect of this particular emergency procurement (for example: is the emergency only in place until a competitive process can be completed, etc.).**

By immediately bringing these contractors in to perform their requested scopes of work, we can begin to bring the facility into compliance, thereby eliminating or minimizing the associated risks to public health and safety associated with the non-compliant discharge.

IV. **Describe what measures the Department will take in the future to prevent/mitigate use of emergency procurement under similar circumstances.**

It is our goal and desire to prevent the conditions that precipitated the need for this emergency procurement by implementing the measures afforded by this emergency procurement.

UNITED STATES ENVIRONMENTAL PROTECTION AGENCY
Region 6
FINDINGS OF VIOLATION AND COMPLIANCE ORDER
Docket Number: CWA-06-2024-1745; NPDES Permit Number: NM0022292

STATUTORY AUTHORITY

The following findings are made, and Order issued under the authority vested in the Administrator of the United States Environmental Protection Agency (EPA) by Section 309(a) of the Clean Water Act (Act), 33 U.S.C. § 1319(a). The Administrator of EPA delegated the authority to issue this Order to the Regional Administrator of EPA Region 6, who further delegated this authority to the Director of the Enforcement and Compliance Assurance Division.

FINDINGS

1. The City of Santa Fe (Respondent) is a municipality which was incorporated under the laws of the State of New Mexico, and as such, is a "person" as that term is defined at Section 502(5) of the Act, 33 U.S.C. § 1362(5), and 40 C.F.R. § 122.2.

2. At all times relevant to this Order (all relevant times), Respondent owned or operated a municipal wastewater treatment facility located at Airport Road, Santa Fe, Santa Fe County, New Mexico, 87504 (facility), and was, therefore, an "owner or operator" within the meaning of 40 C.F.R. § 122.2.

3. At all times relevant, the facility was a "point source" of a "discharge" of "pollutants" with its municipal wastewater to the receiving waters of Santa Fe River in Segment No. 20.6.4.113 of the Rio Grande Basin which are "waters of the United States" within the meaning of Section 502 of the Act, 33 U.S.C. § 1362, and 40 C.F.R. § 122.2.

4. Because Respondent owned or operated a facility that acted as a point source of discharges of pollutants to waters of the United States, Respondent and the facility were subject to the Act and the National Pollutant Discharge Elimination System (NPDES) program.

5. Under Section 301 of the Act, 33 U.S.C. § 1311, it is unlawful for any person to discharge any pollutant from a point source to waters of the United States, except with the authorization of, and in compliance with, an NPDES permit issued pursuant to Section 402 of the Act, 33 U.S.C. § 1342.

6. Section 402(a) of the Act, 33 U.S.C. § 1342(a), provides that the Administrator of EPA may issue permits under the NPDES program for the discharge of pollutants from point sources to waters of the United States. Any such discharge is subject to the specific terms and conditions prescribed in the applicable permit.

7. Respondent applied for and was issued NPDES Permit No. NM0022292 (herein the permit) under Section 402 of the Act, 33 U.S.C. § 1342, which became effective on September 1, 2021, and expires on August 31, 2026. At all relevant times, Respondent was authorized to discharge pollutants from the facility to waters of the United States only in compliance with the specific terms and conditions of the permit.

8. Part I.A of the permit places certain limitations on the quality and quantity of effluent discharged by Respondent. The relevant discharge limitations are indicated in the attached Table A.

9. Part I.C. of the permit requires the Respondent to sample and test its effluent and monitor its compliance with permit conditions according to specific procedures, in order to determine the facility's compliance or noncompliance with the permit and applicable regulations. It also requires the Respondent to file with EPA certified Discharge Monitoring Reports (DMRs) of the results of monitoring, and Noncompliance Reports when appropriate.

10. Certified DMRs filed by the Respondent with EPA in compliance with the permit show discharges of pollutants from the facility that exceed the permitted effluent limitations established in Part I.A of the permit, as specified in the attached Table B.

11. Each instance in which Respondent discharged pollutants to waters of the United States in amounts exceeding the effluent limitations contained in the permit is a violation of the permit and Section 301 of the Act, 33 U.S.C. § 1311. Each violation of the conditions of the permit or regulations described above is a violation of Section 301 of the Act, 33 U.S.C. § 1311.

12. Administrative Order (AO) Docket Number CWA-06-2019-1773 was issued on March 29, 2019, regarding the facility's NPDES permit excursions. The Respondent submitted a written response to the AO on May 31, 2019.

13. Administrative Order (AO) Docket Number CWA-06-2019-1818 was issued on August 26, 2019, regarding the facility's NPDES permit excursions. The Respondent submitted a written response to the AO on October 23, 2019.

14. Administrative Order (AO) Docket Number CWA-06-2021-1725 was issued on June 1, 2021, regarding the facility's NPDES permit excursions. The Respondent submitted a written response to the AO on June 11, 2021.

SECTION 309 (a)(3) COMPLIANCE ORDER

Based on the foregoing Findings and pursuant to the authority of Section 309 of the Act, EPA hereby orders Respondent to take the following actions:

A. Within thirty (30) days of the effective date of this Order, Respondent shall submit a list of the specific actions taken to correct the reporting and effluent violations cited in this Order.

B. Within thirty (30) days of the effective date of this Order, Respondent shall provide written certification to EPA, Region 6 that the violations cited herein have been corrected and that the facility is in compliance with the requirements of the permit.

C. In the event that Respondent believes complete correction of the violations cited herein is not possible within thirty (30) days of the effective date of this Order, Respondent shall, within thirty (30) days of the effective date of this Order, submit a comprehensive written plan for the elimination of the cited violations within the shortest possible time for EPA review. Such plan shall describe in detail the specific corrective actions to be taken and why such actions are sufficient to correct the violations. The plan may include interim corrective measures to address effluent limit violations as quickly as possible followed by subsequent permanent measures. The plan shall include a detailed schedule for the elimination of the violations within the shortest possible time, as well as measures to prevent these or similar violations from recurring.

D. If Respondent would like to arrange a meeting with EPA to discuss the allegations in this Order, it should contact EPA within forty-five (45) days of the effective date of this Order. The meeting will be held at the Region 6 offices, 1201 Elm Street, Dallas, Texas, and Respondent can provide any information it believes is relevant to this Order. Respondent shall submit to EPA all information or materials it considers relevant to EPA at least ten (10) days prior to the meeting.

E. To arrange a meeting, or to ask questions or comment on this matter, please contact Ms. Mona Tates, of my staff, at (214) 665-7152 or tates.mona@epa.gov.

F. Any information or correspondence submitted by Respondent to EPA under this Order shall be addressed to the following:

Ms. Nancy Williams
williams.nancy@epa.gov

and

Ms. Mona Tates
tates.mona@epa.gov

GENERAL PROVISIONS

Issuance of this Section 309(a)(3) Compliance Order shall not be deemed an election by EPA to forego any administrative, judicial, civil or criminal action to seek penalties, fines, or any other relief appropriate under the Act for the violations cited herein, or other violations that become known to EPA. EPA reserves the right to seek any remedy available under the law that it deems appropriate.

Respondent may seek federal judicial review of the Order pursuant to Chapter 7 of the Administrative Procedure Act, 5 U.S.C. §§ 701-706.

Failure to comply with this Section 309(a)(3) Compliance Order or the Act may result in further administrative action, or a civil judicial action initiated by the United States Department of Justice.

This Order does not constitute a waiver or modification of the terms or conditions of Respondent's NPDES permit, which remains in full force and effect. Compliance with the terms and conditions of this Order does not relieve Respondent of its obligation to comply with any applicable federal, state, or local law or regulation.

The effective date of this Order is the date it is received by the Respondent.

March 4, 2024

Date

MOLZENCORBIN

March 20, 2024

Mr. Michael Dozier
Wastewater Division Manager
City of Santa Fe
P.O. Box 909
Santa Fe, New Mexico 87504-0909

RE: Emergency Purchase Order to Address EPA Administrative Order CWA-06-2024-1745 Citing Violations at the City of Santa Fe Paseo Real WWTP.

Dear Mr. Dozier:

The City of Santa Fe has requested that Molzen Corbin provide this Proposal for Engineering Services to assist in compliance with Administrative Order CWA-06-2024-1745. The Administrative Order was issued to the City of Santa Fe by the U.S. Environmental Protection Agency (USEPA) on March 4, 2024.

Molzen Corbin is one of the most experienced wastewater engineering firms in New Mexico. We have extensive experience designing, upgrading and retrofitting wastewater treatment facilities for communities throughout New Mexico. Our engineering staff regularly designs process modifications to improve performance at wastewater treatment facilities throughout the state.

We have assisted many communities when they have been issued Administrative Orders by the USEPA. We are experienced at working through the Administrative Order process to help communities comply with both the order and the conditions of their NPDES Permit. We have developed a template for responses to Administrative Orders and can assist them with their response.

Our process engineers work with the community's engineers and operators to evaluate data and assess operating conditions to solve water quality discharge problems. We may recommend changes to operating procedures, upgrades to existing facilities, replacement of aging equipment or installation of new infrastructure to improve effluent quality.

The City has expressed that Molzen Corbin develop a data-driven decision making approach to solving the problems at the Paseo Real Wastewater Treatment Facility. The City would like Molzen Corbin to explore ways that the Facility can be updated and streamlined so processes are equipped with that latest technology that is available.

Molzen Corbin understands that time is critical. The City of Santa Fe must submit a response to USEPA by April 3, 2024 as directed in Compliance Order Section C of the Compliance Order.

WILLINGNESS AND CAPABILITY

Molzen Corbin currently has staff available with the necessary expertise to assist the City of Santa Fe in complying with the Administrative Order. If the City needs services not offered by Molzen Corbin, this proposal includes fee for Additional Services that would allow Molzen Corbin to hire subconsultants. Additional Services may be used to explore multiple approaches to solving problems.

SCOPE OF SERVICES

This project may include but is not limited to the following:

- Research
- Process Engineering
- Design
- Construction Administration
- Telemetry and Controls

COMPENSATION
We propose to perform the Work described above on a Time and Materials basis based on our current Standard Billing Rates enclosed herein.

Basic Services – not to exceed $80,000 would include but not be limited to:

- Research
- Design
- Construction Administration

Additional Services – not to exceed $100,000 would include but not be limited to:

- Process Engineering
- Telemetry and Controls
- Other specialized services to be determined.

If you have any questions or require additional information, please contact Mr. Steve Morrow, P.E. at 505.242.5700.

Sincerely,

MOLZEN CORBIN

Kevin W. Eades, P.E.
Chief Executive Officer

Carollo Engineers, Inc.
On Call Engineering Services for
Water and Wastewater Processes and Treatment

SCOPE OF WORK
TASK ORDER 24-WW-01
Establishing Operational Excellence
March 19, 2024

The City of Santa Fe requested assistance to establish knowledge management tools that can be used to document the intent and nuances of each unit process. The resulting documentation can be used for training for new hires and refresher training for existing staff.

An evaluation of current conditions can help define available data, design parameters and current work routines. A gap analysis is typically used to establish the current conditions. From that analysis a more robust approach to formalize a variety of work practices and facility documentation that, if addressed, could provide more consistent facility operation. Consistent facility operation will result in reduced operating costs, less variable facility outputs, and improved O&M awareness.

Initially, three documents are desired. Two are Area Procedures and Expectations (APEs) to capture unit process information: Non-Potable Water Distribution (NPWD) and the Oxidation Ditch Biological Nutrient Removal (BNR) processes. The third is the initial Annual Operations Plan.

This Scope of Services includes working in concert with Hazen and Sawyer and the Wastewater Division Plant Superintendent, with concurrence with the Wastewater Division Director. For success, it is expected that the Plant Superintendent will be heavily involved in the development of the initiatives, with Carollo's and Hazen's Operations Specialists providing guidance and examples to complete and then launch the initiatives developed in this Scope of Services. It is probable that a variety of staff will be engaged, as many of these initiatives involve the existing database, upgraded presentation of concepts and instructions, and computer-based support.

The goal of this Scope of Services is to assist the City of Santa Fe and the Wastewater Division Plant Superintendent in developing means and methods to improve the operation and maintenance of wastewater treatment processes.

The work and resulting deliverables will be split between Carollo Engineers and (under separate authorization) Hazen. Additional authorizations may be required to complete the breadth of the envisioned Establishing Operational Excellence initiatives.

Services will include some or all of the specific tasks listed below, up to the budget upper limit for this Task Order.

PHASE 1 – Site Visit and Gap Analysis

Site Visit

1. This allows Operations Specialist(s) to learn the facility, but more importantly, meet the staff to establish our working relationships.

Conduct a gap analysis to understand the current state of facility operations.

1. The analysis will identify strengths, opportunities and concerns.
2. The results will be documented in a report.

Evaluate current databases for completeness.

1. Compare existing data and presentation to best-industry practices.
2. Includes daily process results, data tracking and trending used for process control and optimization.

Evaluate and upgrade existing unit process performance measurement reports.

1. Refine or establish key performance indicators to match typical industry practices.
2. Refine the presentation of performance data in monthly and annual formats to match KPIs and annual operating plan information.

Standardize unit process Standard Operating Procedures for the NPWD and BNR processes.

1. Evaluate existing SOPs against typical industry practices.
2. Define SOPs that may be missing.
3. Provide template to standardize SOPs based on EPA guidance.
4. Assist staff is the development of pilot SOPs based on the Oxidation Ditch BNR process.

Phase 2 – Develop Pilot APEs

Develop Area Procedures and Expectations (APEs) for the NPWD and BNR processes.

1. APEs will be developed in PowerPoint.
2. The presentation will define the treatment objectives, process control responses, control points, sampling locations, data recording, crucial SOPs, critical preventative maintenance activities, and expected duties and expectations of maintenance and operator personnel working within the process. These serve as a training tool for new employees and refresher information for others.
3. These APEs will be the model for all other identified process areas.

Draft a Facility Operations and Maintenance Plan (Plan).

1. The Plan establishes how O&M staff operate and maintain each unit process at the facility.
2. The Plan describes sampling means and methods used to demonstrate permit compliance.

Draft an Annual Operating Plan (AOP).

1. The AOP identifies factors, such as projected wastewater flows and loads, as well as activities, such as construction or extraordinary maintenance, which will impact plant operations in the coming year.
2. Based on these factors, specific operating strategies are identified for treatment unit processes for the year.

3. The AOP projects upcoming maintenance or construction activities for advanced planning to support budget allocations.
4. The plan identifies facility or capacity deficiencies to help inform capital improvement upgrades.

PRELIMINARY PROJECT APPROACH

The project objectives are provided below.

ID	Description	Work Required
Phase 1		
1.1	Site Visit and Gap Analysis	• Review current conditions • Conduct interview(s) • Confirm findings • Provide findings in a report
1.2	Process data reporting evaluation	• Evaluate existing means and methods • Provide report with suggested improvements
1.4	Data tracking and reporting	• Evaluate existing • Provide report with suggested improvements
1.5	Standard Operating Procedures	• Evaluate existing • Provide template for to standardize current and/or develop future SOPs
Phase 2		
2.1	NPWD Area Procedures and Expectations	• Develop PowerPoint • Provide NPWD staff training
2.2	BNR Area Procedures and Expectations	• Develop PowerPoint • Provide NPWD staff training
2.3	Facility Operations and Maintenance Plan	• Develop initial plan
2.4	Annual Operations Plan	• Develop initial plan

$80,000.00 of the contractual upper limit is allocated to work to be executed under this Task Order, inclusive of labor and expenses, but exclusive of NMGRT. The work will be invoiced on a time and materials basis. Project management time for staffing and budget management and reporting for this task order will be included when work is active on this task order. A progress report will accompany monthly invoices, providing a summary of work conducted under Task Order 24-WW-01 for the subject invoicing period. The invoice will indicate the amount of the $80,000.00 upper limit for this task order that has been incurred versus the amount remaining.

RE: Electrical Proposal
Santa Fe Waste Water SCATA Fiber Installation
Attention: Andrew Hardinge
Scope:

- Provide 18,000 feet of 1" innerduct.
- Provide 18,000 feet of TLC 24 fiber indoor, outdoor, and plenum rated.
- Provide and install 10 stainless NEMA4 boxes to end fiber runs in each building.
- Provide and install stainless NEMA4 boxes in manholes where fiber and innerduct splice.
- Pull innerduct and fiber per COSF WWTF proposed innerduct conduit system drawing.
- Provide and install a 2" EMT conduit from the SCATA room in the administration building to the underground manhole conduit system.
- Core holes into manholes to extend raceways to Las Campanas golf course pump house, dissolved air flotation control building, the holding tank by the lime bed, the maintenance office, and the primary clarifiers.

Labor	$70,363.35
Material retail	$63,101.26
Material 10% discount	$56,791.14
Equipment	$13,073.50
Permit	$800.00
Sub Total	$141,027.99
NMGRT @ 8.1875%	$11,546.67
Bond	$3,115.42
Total	**$155,690.08**

Exclusions

- Damaged to unmarked underground utilities.
- Testing and terminating the fiber.
- Overtime or after-hours work.
- Trench, conduit, fiber, and innerduct to secondary clarifiers and offices.

Regards,
Danny Burson
Project Manager

Re: Paseo Real Water Reclamation Facility (PRWRF)
Engineering, Operational Support, and Related Services in
Response to EPA Administrative Order CWA-06-2024-1745

Dear Mr. Dupuis:

We appreciated the opportunity to meet with the City of Santa Fe (City) on Wednesday, March 13, 2024 to discuss the referenced Administrative Order (AO) the City received from the U.S. Environmental Protection Agency (EPA) Region 6. As we discussed, the City would like to implement an overall plan that 1) responds to and resolves the AO, and 2) prepares the City for long-term, future success in operating and managing the Paseo Real Water Reclamation Facility (PRWRF) and similarly at a future facility being considered and visioned by the City as an eventual replacement for the PRWRF. The City's plan focuses on improving current data collection, regulatory compliance, operational, knowledge management / transfer, and management practices at the PRWRF, combined with selective capital improvements to existing PRWRF facilities. This comprehensive plan can be broken down into the following nine (9) steps:

1. Provide sampling and regulatory support to ensure compliance with existing permits.

2. Support the City's external communications with the New Mexico Environment Department (NMED).

3. Build a comprehensive base of knowledge management tools / decision trees to guide PRWRF staff in day-to-day operations and management of the facility.

4. Improve PRWRF laboratory practices, data management, workflows, and communications for all testing performed to ensure regulatory compliance and/or support treatment operations.

5. Provide an inventory of all PRWRF instrumentation, calibration practices, data flows, and uses of information currently collected and rectify gaps to improve process monitoring and control.

6. Develop a model for treatment operations using open-source software that integrates information available from lab test results and real-time supervisory control and data acquisition (SCADA) data.

7. Develop a "digital twin" model of PRWRF to simulate and help optimize treatment plant operations.

8. Develop tools for remote simulation and testing of proposed changes to plant operations.

9. Provide engineering support for short-term treatment plant improvement projects.

The following narrative further defines the specific activities and services Hazen and Sawyer ("Hazen") proposes to provide. This work will be performed under a new engineering services agreement between the City and Hazen to be issued in response to EPA Administrative Order CWA-06-2024-1745.

Scope of Work

1. Sampling and Regulatory Support

Hazen will coordinate one soil sampling event and four quarterly groundwater sampling events at the PRWRF, with the samples being analyzed for poly- and perfluoroalkyl substances (PFAS). Both the soil and groundwater samples will be analyzed using EPA Method 1633. The sampling and reporting will be conducted by a third party in the place of City staff, with minor support from City staff. We have assumed that a total of 10 soil samples will be collected during one soil sampling event (including duplicate samples), and that each sample will be collected from a depth of 2 to 3 feet below ground surface using a hand auger. Ten groundwater samples will be analyzed during each groundwater sampling event (7 PRWRF monitor wells and 3 quality assurance samples). The groundwater sampling for PFAS will begin before Hazen begins supporting the groundwater sampling that is required by the facility's discharge permits (discussed below).

Hazen will coordinate the quarterly groundwater sampling and analysis that is required under discharge permits DP-289 (Wastewater Reclamation Facility) and DP-135 (Sludge Disposal Facility) issued by the NMED Ground Water Quality Bureau (GWQB) for six (6) quarters, starting with the second quarter sampling event in 2024. Hazen will also coordinate the required reporting under these permits. The sampling and reporting will be conducted by a third party in the place of City staff, with minor support from City staff (e.g., for purge water disposal). The City will provide additional information (e.g., monthly totalized average daily and peak daily influent volumes, monthly volumes discharged to each reclaimed domestic wastewater recipient, discharge monitoring reports) for inclusion in the quarterly discharge permit reports prepared for NMED. This task will support the City in achieving compliance with the requirements of these permits.

2. Communications Support

Along with City leadership and staff, Hazen staff (Amy Ewing) will participate in weekly phone calls that will be scheduled with NMED to discuss the current and planned activities and progress made in support of responding to and resolving the AO.

3. **Build a comprehensive base of knowledge management tools / decision trees for PRWRF operations**

Daily activities by PRWRF operations, maintenance, and management staff will support routine and consistent compliance with permit limits established by the City's National Pollutant Discharge Elimination System (NPDES) Permit NM 0022292 once staff have a clear understanding of:

- The purpose of each unit process
- Key Performance Indicators (KPIs) for measuring its performance
- Its relationship to upstream and downstream unit processes
- Information needed to monitor the process, and
- Expectations for each level of staff on how to achieve performance goals set for the process

Hazen proposes to develop these understandings by developing a series of documents called Area Procedures and Expectations (APEs) for each of the seven (7) liquid stream unit processes and four (4) solids handling processes at PRWRF. Each APE, developed as a PowerPoint presentation, will provide a clear guide for each level of operations, maintenance, and management staff, and will provide specific guidance for how and when to adjust the process, by how much, and by whom. Hazen's production of APEs will leverage existing Operation and Maintenance (O&M) Manual and Standard Operating Procedure (SOP) documentation the City may already have in place for PRWRF.

APE production will also document gaps between available information routinely collected (e.g., lab tests and SCADA data) versus what is needed to achieve reliable performance, how such information is distributed, and what improvements to information management are needed so that key items are communicated to staff who need it the most and at a frequency that supports their needs. APE production will also identify information and records currently being collected that do not serve the purpose of optimizing a treatment process. Lastly, APEs will capture information provided during the development of Items 4 and 5 described below.

Once the APEs have been prepared, Hazen will provide on-site staff training for each. This will include administering knowledge assessment quizzes to confirm staff are absorbing the critical information needed to successfully operate and maintain each unit process.

The collection of APEs will form the foundation for PRWRF knowledge management / transfer to which existing staff can refer as they work to optimize facility operations and to train future staff. As "living documents", APEs can be periodically updated by the City to reflect new facilities and capital improvements implemented at PRWRF.

The next element of this PRWRF knowledge management program summarizes the information contained in the 11 APEs (7 for liquid processes / 4 for solids handling) and provides an overview for how each process is supposed to work. This document called **Unit Process Operating Strategies** provides a useful reference to all levels of PRWRF staff and will serve as a tool for newcomers so they can quickly become familiar with "the right way" to operate plant facilities.

The final element of the knowledge management program currently envisioned will be preparation of a PRWRF **Operational Plan**. This document will provide information on the staff hierarchy, command and

communications structure, state and federal regulatory permits, plant safety programs, interrelationships with other City work groups (e.g., purchasing and materials management), and key summaries about PRWRF unit processes extracted from the **Unit Process Operating Strategies** document. Whereas the latter focuses on the information needed to optimize plant treatment operations, the **Operational Plan** focuses on the PRWRF enterprise as a whole and the communications within each internal and external City work group needed to achieve the best performance possible from PRWRF.

4. Improve PRWRF laboratory practices, data management, workflows, and communications

Hazen will provide the City with external sampling and reporting support for samples that are collected by PRWRF staff and analyzed by the in-house laboratory to demonstrate compliance with applicable state and federal discharge permits and to support operational control of PRWRF unit processes. We will work with City staff to ensure that all lab process documentation is current and complete and will assist in clearly defining appropriate workflows for PRWRF staff involved in sample collection, testing, and reporting of results. This task will include performing a review of lab operations, external collection and testing of laboratory samples for a period of up to 4 weeks, and assistance with the transition back to in-house sampling and analysis after PRWRF staff roles and responsibilities have been clearly defined for future lab activity. Item 4 includes an initial workshop with Hazen and City staff to further define the City's specific goals and objectives for the work to be completed.

5. Provide an inventory of all PRWRF instrumentation

Hazen will develop an updated inventory of all instrumentation installed at PRWRF including calibration procedures and how this information is managed, stored, accessed, and communicated (e.g., paper logbooks, SCADA, Operator10™ software, or an alternate operational data storage platform/historian). This inventory will identify existing instruments that do not perform their intended function and/or could be re-deployed to provide the information needed by Operations staff. This inventory will also note opportunities to add instruments that will support real-time monitoring of treatment processes, as needed to accomplish Items 6 through 8 below. If practical, Hazen will use the City's current asset database format and structure to prepare this inventory of PRWRF instrumentation, which might then be used as an input to the City's asset management program.

6. Develop a model for treatment operations

Hazen will use the available information from lab data and SCADA data including any improvements to these sources realized through the outcomes of the work on Items 3 through 5 above, and will develop an operational model for PRWRF performance. This model will be developed using open-source software (e.g., SUMO™, BioWIN™, or similar product) and calibrated using the available data set. This model will be tested using the updated procedures for controlling and adjusting plant operations developed under our work for Item 3. This item includes an initial workshop with Hazen and City staff to further define the City's specific goals and objectives for the work to be completed.

7. **Develop a "digital twin" model of plant operations to simulate and help optimize treatment plant operations**

The modeling work for Item 6 will next be used to develop a more advanced model that will serve as a "digital twin" the City can use for a variety of purposes including:

- A testbed for proposed changes to existing modes of operation for a particular treatment process
- Observing responses to upset / unexpected conditions for influent wastewater
- Assessing the impact that mechanical breakdown of treatment plant equipment may have on plant performance

As described, the "digital twin" should allow the City to evaluate the plant's response to a suite of unexpected stressors and determine what facility improvements or changes to normal operating procedures will foster a more resilient operation. Item 7 includes an initial workshop with Hazen and City staff to further define the City's specific goals and objectives for the work to be completed.

8. **Develop tools for remote simulation and testing of proposed changes to plant**

The City has expressed interest in having Hazen partner with a nationally recognized firm to perform remote modeling, testing, and optimization of PRWRF operations, such as are provided by the company AM-Team or a similar entity. This item will build upon the work completed by Hazen for Items 3 through 7. The specific scope for Item 8 will be further refined once the outcomes for Items 3 through 7 have been established.

9. **Provide engineering support for short-term plant improvement projects at PRWRF**

The City has engaged the services of AAC Construction to perform select construction projects at PRWRF that are characterized as limited scope, remove-and-replace in-kind for specific treatment plant equipment / systems that are out of service or are no longer working. Examples of these limited scope projects include restoring two (2) former traveling bridge filter systems to working condition and installing a new mechanical bar screen the City previously procured. Hazen will provide the engineering support the Contractor may need to properly install and commission these equipment systems so that they perform as intended. There may be other projects of this type that the City decides to undertake, in addition to these two projects, for which Hazen can provide the engineering support the Contractor may need. We have included an allowance of $400,000 to cover the effort we anticipate may be needed for engineering support for short-term plant improvement projects.

Project Management

Hazen will perform ongoing project management activities including cost control and monitoring, invoicing, and general coordination with the City's project manager and staff for each of the 9 items of support described under **Scope** that the City authorizes. Each month, we will provide an overall progress report and invoice for authorized tasks similar to the reporting and invoicing process we currently employ for Engineering On-call Contract #23-0516.

Schedule

The work elements described under **Scope** are expected to be completed over the next 30 months, as needed and as directed by City staff. We are prepared to begin our work for the City immediately upon receipt of its written authorization to proceed.

Compensation

We are requesting an initial authorization of $2,718,000 including NMGRT to provide the services that are described under the Scope. Attachment 1 provides a budget breakdown for Items 1 through 7 and 9. As requested by the City, we have deferred estimating the effort for Item 8, pending completion of Items 1 through 7. All work will be performed on a time and materials basis using the labor rates attached to this letter. Please note these labor rates are the same rates used by Hazen for its work under Engineering On-Call Contract #23-0516 with the City of Santa Fe, and which get adjusted annually at the beginning of the City's fiscal year. Expenses may include reimbursable mileage, printing, mailing, supplies, and other similar costs incurred to perform the work. The Hazen Project Manager will provide status reports indicating percent complete by task with each monthly invoice.

Please call me at (505) 259-1679 or Charlie Leder at (505) 236-3889 if you have any questions or would like to discuss further Hazen's plan for providing services to help the City respond to EPA Administrative Order CWA-06-2024-1745.

Sincerely,

Greg Gates, PE
Vice President

Attachment 1

Proposed budgets for Engineering, Operational Support, and Related Services in Response to EPA Administrative Order CWA-06-2024-1745

Service Item	Proposed time and materials budget
1. Regulatory support	$ 250,000
2. Communications support	$ 25,000
3. Build a comprehensive base of knowledge management tools / roadmaps for PRWRF operations	$ 750,000
4. Improve PRWRF laboratory practices, data management, workflows, and communications	$ 350,000
5. Provide an inventory of all PRWRF instrumentation	$ 250,000
6. Develop a model for treatment operations	$ 300,000
7. Develop a "digital twin" model of plant operations to simulate and help optimize treatment plant operations	$ 200,000
8. Develop tools for remote simulation and testing of proposed changes to plant	TBD
9. Provide engineering support for short-term plant improvement projects at PRWRF	$ 400,000
Total estimated budget for all Items	$ 2,525,000
NMGRT Allowance[1]	$ 193,000
Total budget including applicable NMGRT	$ 2,718,000

1. Estimate calculated using the Albuquerque FY 2024 NMGRT rate of 7.625%. NMGRT will be assessed on labor and subconsultant work performed in New Mexico.

LABOR RATES FOR HAZEN AND SAWYER STAFF

	Rates over next 4 years			
	2023-2024	2024-2025	2025-2026	2026-2027
Vice President / Project Director	$348.91	$359.38	$370.16	$381.26
Senior Associate	$281.39	$289.83	$298.52	$307.48
Associate	$225.11	$231.86	$238.82	$245.98
Senior Principal Engineer	$191.33	$197.07	$202.98	$209.07
Principal Engineer	$168.83	$173.89	$179.11	$184.48
Engineer	$157.58	$162.31	$167.18	$172.20
Assistant Engineer	$135.06	$139.11	$143.28	$147.58
Technician	$112.55	$115.93	$119.41	$122.99
Effective date for rates	7/1/2023	7/1/2024	7/1/2025	7/1/2026

1. Work performed by subconsultants will be billed at cost plus a 10% mark-up

AQUASIGHT
INTELLIGENT WATER SOLUTIONS

March 19, 2024

John Dupuis
Director, Public Utilities Department
City of Santa Fe

Santa Fe, New Mexico 87501

Subject: Proposal for Aquasight APOLLO™ Intelligent Treatment Plant Solution

Dear Mr. Dupuis,

Aquasight is pleased to submit our proposal for implementation the APOLLO™ Intelligent Treatment Plant Solution for the City of Santa Fe Public Works Department.

With the primary goal of supporting your operations team and their successful work to meet all regulatory requirements at the Paseo Real Water Reclamation Facility, the APOLLO™ solution also will support many other benefits such as improved data visibility and mining for laboratory insights, identification of gaps in plant instrumentation, integration of Digital Twin capabilities for better process control, process optimization, and deeper knowledge capture for workforce training and support.

Our implementation program is collaborative, and we will work with your team to ensure project goals are achieved, and the City is provided with a strong foundational program for intelligent water and wastewater solutions.

If you have any questions, feel free to let us know. We look forward to working with the team.

Jonathan Hasson, PE

Vice President, Smart Water Solutions

SANTA FE PUBLIC UTILITIES

PASEO REAL WATER RECLAMATION FACILITY PROCESS OPTIMIZATION PROJECT PROPOSAL

March 19, 2024

BACKGROUND

The City of Santa Fe, NM provides wastewater collection, treatment, and disposal services for nearly 90,000 residents and businesses. The City owns and operates the 9 MGD annual average daily flow (AADF) (rated for 13 MGD) Paseo Real Water Reclamation Facility which is a conventional activated sludge plant that includes screening and sedimentation for primary treatment, oxidation ditch basins, aeration, and clarification for secondary treatment plus nitrogen reduction, and disk and sand filters, chlorination, and dechlorination for tertiary treatment before discharging into the Santa Fe River (**Figure 1**). The City recently received an Administrative Order for permit exceedances in both E. Coli and Nitrogen. As a measure to ensure improved plant effluent performance, optimize data usage and process performance, the City desires a rapidly deployable, data-driven solution for increase opportunities for successful permit compliance.

The PRWRF has adequate data for some process control, but also could benefit from additional sensors and instrumentation to make it a more data rich facility. Data is generated and stored in a variety of different systems, and many of those systems do not share/communicate data well for daily operational benefits. There is an abundance of untapped potential to integrate and mine this data using science or ML/AI-based algorithms to help with process optimization, capture energy and chemical savings, store process knowledge, create maintenance insights, and assist with troubleshooting. This will require a tool that can provide streaming analytics, smart advisors, Aquasight COPILOT^{TM}, and actionable assistance to the staff to create a data driven O&M culture.

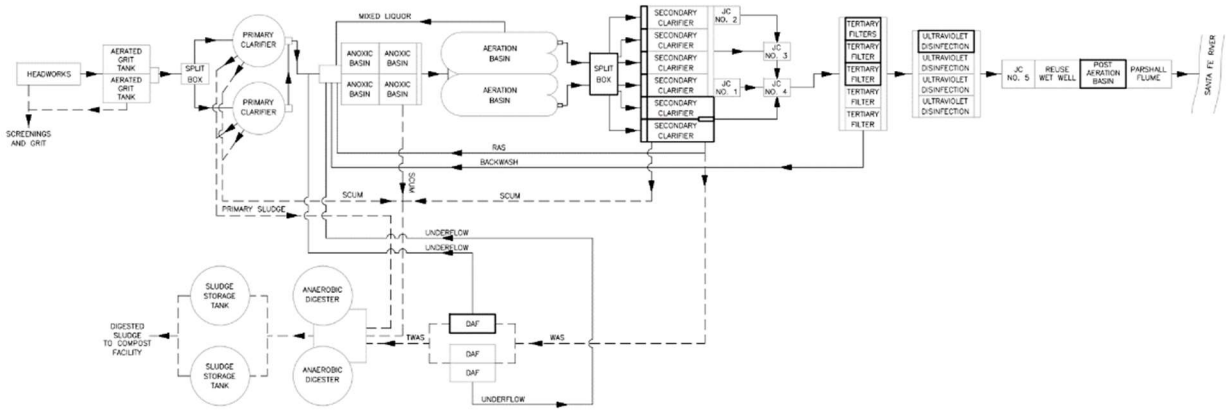

Figure 1: PRWRF Process Flow Diagram

PROJECT GOALS & EXPECTED BENEFITS

The City of Santa Fe Public Works is implementing a strategic initiative to further improve treatment plant effluent performance and reduce operating and maintenance costs by leveraging Aquasight's APOLLO™. The overall goal of this project is to implement a modular real-time advanced analytics and Copilot™ system for liquid unit processes that will support operator success for meeting permit discharge limits and support operational efficiencies for liquid processes that consume the greatest amount of power and chemicals. APOLLO™ will support the City's goals of continuous and measured progress towards the PRWRF optimization goals over time.

Benefits anticipated by implementation of the Aquasight APOLLO™ solution include:

- Deeper integration and sharing of Laboratory sampling data and insights supporting more informed operations.
- Identification of gaps in instrumentation throughout plant processes leading to a more data rich environment for improved process control, optimization, and decision making.
- Implementation of operator focused digital twin functionality allowing for improved real-time streaming insights into potential operational changes and their impacts on process performance KPIs.
- Capture of operational and institutional knowledge by providing a historical record of plant data and operational KPIs for improved new operator training and information recall.

In pursuit of this vision, Aquasight's APOLLO™ software is proposed to assist the City of Santa Fe by:

- Providing a one-stop integrated intelligence dashboarding and analysis solution.
- Integrating a copilot system with built in smart advisors.
- Driving energy and chemical savings and enabling fine tuning of control setpoints.
- Improving daily plant workflow and empowering a data driven decision culture.

- Storing operator knowledge to de-risk operator churn and retirements.
- Providing management visibility through remote off-site access.
- Highlighting compliance risks while providing quick access to process data.
- Enabling predictive maintenance of aeration and disinfection equipment.
- Providing robust tools for workforce training on plant performance at various flows and loads.
- Providing quick access of data for planning and engineering teams.
- Including monitoring and notifications on complex parameters.

Examples of the main dashboard for the aeration and secondary clarifier modules in action are provided in **Figure 2** and **Figure 3**, respectively.

Figure 2: Example of APOLLO's™ Activated Sludge (Aeration) Module

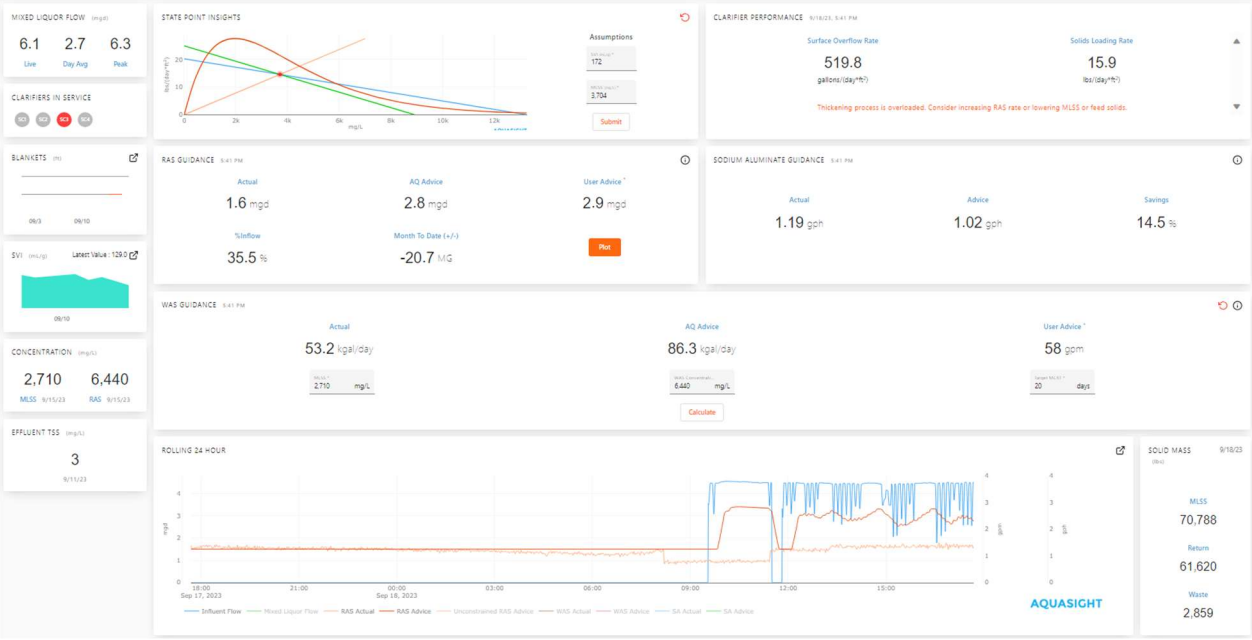

Figure 3: Example of APOLLO's™ Secondary Clarifier Module

SCOPE OF WORK

Generally, the scope of this project includes onboarding the PRWRF to Aquasight's APOLLO™ software equipped with seven (7) modules. The SCOPE OF WORK may change in the future depending on the needs of the plant. The final SOW will be determined in collaboration with the Utility team.

Table 1: Proposed APOLLO modules for PRWRF

Module	Description
Plant Dashboard	Default APOLLO™ module – Customizable dashboard that allows users to centralize analytics from various APOLLO™ modules to a single screen.
Weather	Default APOLLO™ module – Live weather radar with various meteorological layers.
Secondary Treatment – Activated Sludge	Focused on the aeration process, this module includes monitoring, analytics, and copilot dashboard and a detailed decode feature for analyzing aerator and process performance.
Secondary Treatment – Secondary Clarifiers	Focused on the secondary clarification process and RAS/WAS pumping, this module includes monitoring, analytics, and copilot

Module	Description
	dashboard and a detailed decode feature for analyzing process performance.
Disinfection	Focused on the UV disinfection with supplemental chlorination and dechlorination process, this module includes monitoring, analytics, and copilot dashboard and a detailed decode feature for analyzing permit compliance and process performance.
Lab Insights	Default APOLLO™ module – Provides users with a robust plotting tool for lab, live, and analytical data.
SAMI	Default APOLLO™ module – Digital alert system with customizable alert thresholds for parameters of the most critical interest.

Additionally, Aquasight will review data sources, data completeness, and instrumentation coverage for the PRWRF. We will make recommendations for additional instrumentation as may be necessary to optimize the data rich environment necessary for an optimized process solution.

The project goals described above will be completed through the following tasks:

Task 0 – Project Management
Task 1 – Data Polling
Task 2 – Site Visit and Plant Review Including Instrumentation Review and Recommendations
Task 3 – Aeration Onboarding
Task 4 – Secondary Clarifier & RAS/WAS Pumping Onboarding
Task 5 – UV Disinfection/Chlorination/Dechlorination Onboarding
Task 6 – Default Module Configuration
Task 7 – Training and Adoption

Appendix B: Project Milestones, Timeline, and Deliverables

The Aquasight scope of work for this project will have four key milestones and associated deliverables and will be implemented with approximately the following timelines (**Table 2)**. The timeline is subject to change by mutual agreement between Aquasight and the City of Santa Fe.

Table 2: Project Delivery Calendar

Milestones	WEEKS from Notice to Proceed	Aquasight Deliverables
1. Design Review, Instrumentation Review, Data Polling, Connections, Lab & Live Insights	~ 12 weeks	• APOLLO™ Release 1 – Lab Insights • Milestone 1 Report
2. Secondary Process & Aeration Modules	~ 16 weeks	• APOLLO™ Release 2 – Secondary & Aeration Modules • Milestone 2 Report
3. Disinfection Module & SAMI Alerts	~ 22 weeks	• APOLLO™ Release 3 – Disinfection Module & SAMI Alerts • Milestone 3 Report
4. Plant Dashboard, Training & Adoption	~ 26 weeks	• APOLLO™ Release 4 – Plant Dashboard, Training, & Adoption • APOLLO™ User Manual • Virtual Training Sessions

Appendix C: Required Participation from Santa Fe Public Works

DATA REQUIREMENTS

The following information is required from Santa Fe Public Works for successful project completion:

- Public Works SCADA Data Historian access,
- Public Works LIMS database access,
- Any applicable sensor/instrumentation API details,
- Where applicable, process data spreadsheets and mechanism to routinely upload,
- Process SOP's,
- Process design data,
- Equipment manufacturer information (specs, O&M manuals, etc.)
- Plant drawings of relevant processes,
- Energy bills,
- Control strategy documentation for automated control systems, and
- Plant budget and cost sheets

Where information is not available, assumptions will be made and discussed with Santa Fe Public Works team before implementing it in the APOLLO™ System.

O&M, SCADA, LAB, AND DESIGN CLARIFICATION MEETINGS

During deployment, in addition to or as a part of any project management meetings, Aquasight may request meetings with key Public Works staff. Such meetings are important to clarify operations, understand assumptions, and agree on key configurations in APOLLO™ systems.

Appendix D: Project Fee

Aquasight proposes the following Not-To-Exceed project fee for the APOLLO™ solution implementation for the City of Santa Fe Public Works Paseo Real Water Reclamation Facility:

APOLLO™ Onboarding Fee: **Not to Exceed $200,000**
APOLLO™ Annual Fee: **$50,000 per year, minimum three-year contract**

The project billing schedule will be included in the final contract documents, and shall have the basic invoice timing noted below:

- The Onboarding Fee shall be billed in monthly payments during the Onboarding period (estimated over 6 months) with the first Onboarding payment due at contract signing.
- The Annual Fee shall be billed at the beginning of each calendar year, with the first year Annual Fee billed at contract signing.

The following activities are covered in the annual fee:

- **APOLLO™ technology usage:** APOLLO™ technology that has been developed by Aquasight is the core foundation of this project. The technology will be the backbone for releases, metrics, advisors, KPIs and is accessible anywhere, on any device and at any time.
- **APOLLO™ system operations:** APOLLO™ system operations include lab and live database management, analytical scripts management, API management and user preferences, credential, and security management.
- **Infrastructure management:** APOLLO™ runs on several virtual machines and servers. These servers require upkeep and maintenance include software library updates, monitoring of infrastructure metrics and hardware management.
- **Advisor upkeep and maintenance:** Advisors require quality data inputs; unforeseen bad data quality events do occur in practical environment and advisors must be evolved to ensure it discards bad data or debugged to ensure optimal performance of smart advisors.
- **Ticket management and Help desk:** Access Aquasight help desk will operate 8:00 am to 5:00 pm EST during weekdays for any issues such as user access, applications and/or routine troubleshooting. Any high priority issue Aquasight will address in 1-to-4-hour time frame depending on type and nature of this issue during business hours and during weekend and holidays within 24-to-48-hour time frame.
- **SAMI:** Alert's system that manages e-mails, notifications, alert statistics, thresholds management and user settings.
- **Bug fixes:** If we detect any issues or bugs in optimal running of software or technology, Aquasight will fix free of cost and repair those bugs.
- **Data polling maintenance:** Polling software is installed in virtual machine within Santa Fe Public Works. When tag names are changed and database connections are reconfigured, this require polling software to be updated. Public Works should inform or discuss with Aquasight

before making changes on setting and access credentials which may disrupt the flow of data streaming to APOLLO™.

- **Free feature upgrade as part of APOLLO™ product roadmap:** Aquasight continuously evolves its technology and features for driving more value to customers. Such features will be available for free at no additional cost if they are part of the standard product roadmap.

Project Description and Overview

PROJECT DESCRIPTION

Quoted as 28day cycle rental

Does not include applicable sales tax or services

PROJECT OVERVIEW

Provide pump and filtration equipment for max flows of 5mgd at final clarification.

STATEMENT OF WORK

RFR Responsibilities & Scope of Work

Rain for Rent (RFR) will provide the following: Provide pump and filtration equipment for max flows of 5mgd at final clarification. (2) 60-4SK, (1) 48-4SK, DV200E pump, HDPE pipe and misc fittings.
Delivery, installation, removal, pickup of all quoted materials/equipment

Due to the multitude of economic factors, materials, labor, hauling and freight are currently in a period of above average volatility. If, during the performance of work, the price of materials, labor, hauling or freight increases by 5% or greater through no fault of Rain for Rent, the contract price shall be equitably adjusted by an amount reasonably necessary to cover any such price increases. Equipment subject to availability at time of project.

Reference Materials

Project is quoted based on applicable/customer provided reference materials noted below:
Job Walk(s) 3-13-2023

Operating Parameters

System includes: Sand Media
System is designed to operate at a flow rate of 5mgd peak @ 80tdh
The water source location will be clarifor and discharging at location after clarifor. .

Customer Responsibilities

It is the customer's responsibility to inform RFR about prevailing wage at time of proposal. If RFR is informed after the quote is issued that certified payroll is required, quote will be subject to additional charges.

Jobsite:
Customer is responsible for:
1. Informing RFR of any jobsite or general requirement(s) to perform work on location.
2. Securing permits, fees, bonding, right of ways, vehicular/pedestrian traffic control, and security.
3. Providing safe, secure access and egress to an adequate staging area throughout the job which could include brush clearing, grading, and removal or replacement of any landscape or hardscape in the temporary right of way for the equipment.
4. Any damage to the environment including trees, vegetation, stream banks, or any other part of the site caused by the installation, removal, construction, pulling or dragging of equipment, or operation of the equipment that would require site restoration or environmental countermeasures.

Proposal Number 1101-IND-2113715 Confidentiality Notice: This proposal and any associated document(s) are privileged and confidential and are intended for the sole use of the addressee(s). They cannot be used, circulated, duplicated, quoted, or otherwise referred to or disclosed to third parties for any reason without the written consent of an Officer of Western Oilfields Supply Company dba/Rain for Rent. If you have received this information in error, please immediately contact us at info@rainforrent.com.

Liquid Ingenuity®

5. Any excavation, saw cutting, trench plating for the purpose of road crossings, backfilling, restoration, modification, or alteration of any permanent structure or site element including changes to pump pad preparation, suction, or discharge chambers during duration of job (including installation and removal).

System:

1. Customer will provide dedicated equipment with operator and fuel to perform all needed unloading, testing, operations, maintenance, relocating, cleaning, and reloading of provided equipment/system. Equipment must be capable of lifting 9000 Lbs.
2. If installation provided by RFR and Customer is operating system, this Transfer of Operation form will need to be reviewed and signed by both parties upon completion of setup. (sample form only): **https://rainforrentcorp.box.com/v/systemtransferoperation**
3. Customer will provide fueling.
4. Customer will provide preventative maintenance as recommended by manufacturer or per the Rental Agreement. **https://rainforrentcorp.box.com/v/pumpmaintenance**
5. Customer will supply all needed water for the commissioning, startup, and system testing. Project specific criteria for hydrotesting can be provided at an additional charge.
6. By accepting this quotation, the customer has acknowledged that the equipment proposed herein is suitable for its intended application and accepts all liabilities associated with its use. Customer is responsible for compliance with appropriate liquid/material quality standards, regulations, and testing protocols to meet all federal, state, local and job location specific requirements. Customer is responsible for all waste materials associated with this equipment/system.
7. RFR recommends a small-scale trial run of this product application to ensure system effectiveness. RFR does not warranty the water quality or degree of filtration. At customer request, RFR can perform a Total Suspended Solids (TSS) bench test to better select the appropriate media for optimized filtration effectiveness. Customer will be responsible for the cost of all media.
8. The customer will be designated as the generator for all liquid/solids processed with the use of RFR equipment. All used filtration media, such as carbon, sand, cartridges, bags, coalescing packs, etc. becomes the property of customer and is the responsibility of customer for proper disposal.
9. To activate carbon, customer will need to pre-soak for 24 hours.
10. RFR has not included the cost of the removal and regeneration for non-hazardous carbon. Customer is responsible for TCLP sample for TCLP VOC's, TCLP SVOC's, TCLP RCRA 8, pH. **https://rainforrentcorp.box.com/v/carbongenerator** If the carbon is deemed hazardous and cannot be regenerated, customer is responsible for additional disposal costs and/or final disposal. No media or materials will leave the site unless the TCLP RCRA 8 has been received and deemed non-hazardous unless otherwise noted.
11. RFR equipment/vessels will be taken off rent when the required testing has been submitted and accepted by RFR/Source Carbon Supplier for recycling and or disposal. Vessels cannot be removed until we receive and accept the testing that indicates the carbon is deemed NON-HAZARDOUS. At that time, the equipment will be taken off rent and be scheduled for pick-up from the site. Should the carbon be deemed HAZARDOUS the customer will be responsible to pay a third party for the chain of custody, transportation, and disposal of this material.
12. Additional cleaning and/or inspections may be required if tested material is deemed anything besides non-hazardous.

Customer is responsible for:

1. Any work in confined spaces.
2. Protecting system from damage including any freeze protection necessary to safeguard equipment from damage. Should equipment become frozen and damaged, customer is responsible for repair of equipment. RFR can provide necessary freeze protection at an additional charge per executed change order. Equipment stays on rent until it can be returned.
3. Using equipment in a safe and proper manner in accordance with manufacturers' recommendations, regulatory standards, and industry best practices. Improper usage may cause equipment/system failure, damage, possible incidents, injuries, and spills.

Upon Pickup:

Contact the RFR office at 575-524-0879 to schedule pickup when equipment/system is cleaned and ready to be released.
Flushing and cleaning of equipment must be performed to RFR's standards prior to being called off rent. RFR personnel will perform a visual inspection. It is recommended to have a customer representative on-site during inspection. Equipment found not to be in "delivered condition" will not be picked up. e picked up.

Project Scheduling & Billing

This quote is valid for 30 days. For the quoted items, RFR requires a signed quote not less than 14 days prior to delivery.

Estimated schedule durations:
Mobilization: 2 days
Installation: 3 days
Operation: TBD
Removal: 2 days
Demobilization: 1 day
System Rental Duration: 1 year or more

Customer acknowledges that availability of equipment/system and/or media will be confirmed at time of order. Additional freight charges may

Proposal Number 1101-IND-2113715 Confidentiality Notice: This proposal and any associated document(s) are privileged and confidential and are intended for the sole use of the addressee(s). Quote Agreement

If Customer has entered into a Master Service Agreement with Rain for Rent and there is a conflict between these terms and conditions of this Quotation Agreement and the Customer's Master Service Agreement, then the terms and conditions in the Customer's Master Service Agreement signed by Rain for Rent will prevail. Availability of products and services is subject to change without notice. Payment terms are net 30 days from invoice date. Interest at the rate of 18% per year shall be charged on any past due invoice. A Fuel Surcharge will be calculated and invoiced based on the diesel fuel price as published by the Department of Energy on https://www.eia.gov/petroleum/gasdiesel An Environmental Recovery Fee shall apply to all rental charges invoiced for the duration of the rental pursuant to this quote/Estimate to help offset direct and indirect costs associated with regulatory compliance, obtaining permits, and obtaining licenses. California Air Quality Fee will be added to the cost of diesel pumps used in California only. This is a State mandated fee. Customer is prohibited from deducting retention from Rain for Rent invoices and charging Rain for Rent liquidated damages. Customer is responsible for flushing and cleaning tanks, roll off boxes, pipelines, pumps, filters and other Rain for Rent equipment prior to return unless specifically agreed to by both parties in writing. The Terms and Conditions of the Rain For Rent Rental and Hazardous Material and/or Non-Hazardous Waste Agreement, Credit Application/Master Rental & Sales Agreement, Invoice and this Quotation (also known as the Rain for Rent Rental/Sale Estimate as may be referenced in any Master Service Agreement, Blanket Purchase Order, or any other contractual document executed between the parties) contain the complete and final agreement between Rain for Rent and Customer and no other agreement in any way modifying or adding to any of said Terms and Conditions will be binding upon Rain for Rent unless made in writing and signed by a Rain for Rent Corporate Officer or Rain for Rent authorized representative. The Customer cannot alter the equipment without Rain for Rent's prior written approval. Customer is responsible for equipment, repairs, maintenance and damage, excluding normal wear and tear or damage caused by Rain for Rent. Rain for Rent will service all engine driven equipment at 400 hours of runtime or as required by manufacturer specifications, if less than 400 hours. Labor will be billed on a time and materials basis, portal to portal from nearest Rain for Rent location. Prorated billing will occur if rental is returned prior to 400 hours. All returned equipment is subject to inspection by Rain for Rent personnel. Damages and accrued rent will be invoiced to Customer while equipment is out of service for repairs. The Customer is responsible for damage caused by reactive, corrosive or abrasive material; including, but not limited to sand, sodium hydroxide, chlorine, and acids. Customer must notify Rain for Rent immediately of any spill so that any necessary repairs to the system can be made and to minimize service interruption. The Customer assumes all risks of loss due to operation and use of the equipment. Customer will provide "all risk" property insurance for rented equipment. Customer shall pay Rain for Rent additional expenses caused by unforeseen or changing conditions, including, but not limited to, soil, underground conditions, rock formations, environmental conditions, weather events, regulations or restrictions, hard pan, boulders, cesspools, gas lines, waterlines, drain pipes, underground electrical conduits or other above ground or underground obstructions. All equipment rented or used products sold are provided "AS IS, WHERE IS" in their present condition. Rain for Rent makes no warranties, expressed or implied of any kind whatsoever with respect to the equipment or products. Sold equipment is not to be rented. Customer agrees that customer is renting equipment or purchasing used products based on their judgment and evaluation, without reliance upon any statements of representations by Rain for Rent, and that Rain for Rent is not responsible for any defects in their operation or for any repairs, parts or services, unless otherwise noted. All new products sold are provided without warranty beyond the terms of such warranty offered by the manufacturer, if any. Customer must comply with all original manufacturer's terms and conditions for any warranty claims that may arise. Neither Rain for Rent nor the manufacturer warranties the product if it has failed due to corrosion, misuse or damage; (2) it has been altered, repaired or modified in any way that would adversely affect its operation; or (3) it was installed or operated other than in accordance with manufacturer's operating instructions. Products supplied by Rain for Rent are warranted to be free from any defect in workmanship and material under conditions of normal use and service. Rain for Rent's obligation under this warranty is limited to replacing or repairing at the designated manufacturer's or Rain for Rent facility any part or parts returned to it with transportation charges prepaid, which Rain for Rent determines in its sole discretion to be defective. This Quotation excludes any additional costs to Rain for Rent associated with Owner Controlled Insurance (OCIP) or WRAP insurance programs that will be added to Rain for Rent's prices. De-watering, Roll-off, Vacuum boxes and similar equipment are not liquid tight. Rentee accepts full responsibility for all losses, damages and costs caused by or arising out of spills, leakage or discharge from this equipment. Rain for Rent will not be held liable for any structural or soils subsidence. This Quotation is valid for 30 days and is subject to credit approval. Rain for Rent will take every effort to protect our customers and employees. Due to the current pandemic, all quoted equipment and services are subject to delay, change, or unilateral cancelation by Rain for Rent. Please be assured every effort will be made to execute the quote as written. The customer is responsible to inform Rain for Rent of any jobsite hazards, precautions, or entry requirements relating to the Corona Virus prior to Rain for Rent personnel going onsite to perform work or deliver equipment. This includes informing Rain for Rent if anyone at the jobsite has tested positive and provide a list of actions taken to protect Rain for Rent personnel.

Rental Protection Plan Program Agreement

If you elect to maintain All Risk Property Insurance coverage, and the certificate of insurance You provide to Rain for Rent to evidence Your insurance coverage expires or is cancelled for any reason, You agree Rain for Rent may charge RPP for Your rentals until such time as You provide an acceptable and valid certificate of insurance to Rain for Rent. This Rental Protection Plan Program Agreement (this "RPP Agreement") is entered into between the undersigned Rentor and Rentee in relation to the Master Rental and Sales Agreement (MRSA) between Rentor and Rentee. If Rentee has checked or initialed, as applicable, the Rental Protection Plan Program (the "RPP Program") box on the quote, then Rentee has opted-in to the RPP Program and this RPPP Agreement shall supplement the MSRA whether or not executed by Rentee. Rentee understands and agrees that the RPP Program is not insurance and that the RPP Program provides only limited coverage, as described below.1.Cost; Deductible; Maximum Coverage; Rentee shall pay a fee equal to 15 percent (15%) of the rental charge for each covered item, which fee shall be listed on each invoice during which period Rentee has opted to participate in the RPP Program. In the event of a Covered Occurrence, as defined below, Rentee shall further be responsible for the lesser of $500 or 10 percent (10%) of the total loss, as a deductible. The maximum coverage available under the RPP Program is $150,000 per Covered Occurrence, whether or not there is more than one piece of equipment involved in the occurrence.2.Coverage; The RPP Program provides coverage only for losses involving Covered Equipment, as defined below, in the following instances: fire that was not caused by Rentee's gross negligence or willful misconduct; theft for which a police report was filed, and that occurred despite Rentee's reasonable precautions to protect and secure the covered equipment; and vandalism for which a police report was filed (individually, "Covered Occurrence," and collectively, "Covered Occurrence"). The RPP Program provides coverage only for the following types of equipment: pumps, electric submersible pumps, tanks, generators, light towers, filtration, boxes, heaters, spillguards, safety products, sprinklers, hoses, pipe, valves and fittings ("Covered Equipment"). Coverage does not extend to any equipment not owned by Rentor such as re-rented equipment.3.Exclusions; The RPP program does not cover any equipment or event of loss that is not specifically described in Section 2.Without limiting the foregoing, the RPP Program does not provide coverage for the following: misuse of equipment; willful abuse of equipment; failure to maintain equipment; failure to secure items from theft (including but not limited to failing to store items in a fenced, locked area or failing to maintain personnel on site); damage or theft while in transit to or from a jobsite; corrosion from any source; any damage caused by named storm events; any instance that occurs while the account is not in good standing, such as a default as defined in the MRSA or upon written notice of non-payment; and any occurrence not reported to Rentor within 24 hours after the occurrence. The RPP program does not provide coverage for: electronic equipment (controls, instrumentation, and wiring), flow meters, water meters, wheel wash systems & accessories, Freezesentry items, or tires.4.Claims; All claims must be submitted within 24 hours of the Covered Occurrence. Rentor's mechanic will inspect the equipment following any claim. The mechanic's findings as to the cause of the damage and cost of repair will be final. In the event of a theft or vandalism, Rentee must also provide supporting evidence that the site was secured at the time of loss.

CITY OF SANTA FE

Date: September 12, 2024

To: Mayor Alan Webber and Governing Body

Via: John Dupuis, Director, Public Works

From: Steve Walker, Program Manager, Wastewater Emergency Procurement

Subject: Paseo Real Water Reclamation Facility Emergency Determination and Administrative Order Response

Vendor Name: AquaSight LLC

Vendor Number: 10422

ITEM AND ISSUE:
The Public Works Department respectfully request your review and approval of this emergency determination and administrative order response for software services provided by AquaSight LLC. We request for the approval of this professional services contract in the total amount not to exceed $350,000.00 for software services over a period of three years from the date of final signature. AquaSight LLC will provide this service for the Public Works Department, Wastewater Division, Paseo Real Wastewater Reclamation Facility. (J. Steven Walker, jswalker@santafenm.gov, 5052509883.)

Action Requested: Request approval of the contract with AquaSight LLC. in the amount of $350,000.00.

BACKGROUND AND SUMMARY:
In reference to the Paseo Real Water Reclamation Facility Administrative Order Emergency Project, the Public Utilities Department has submitted an Emergency Determination Form for emergency procurement to implement a comprehensive plan that provides interim corrective measures and for the long-term success in operating and managing the Paseo Real Water Reclamation Facility (PRWRF) necessary to ensure compliance with NPDES and Discharge Permits within the shortest possible time. The referenced Administrative Order (AO), which the City received an updated docket CWA-06-2024-1765 on 10 July, 2024 from the U.S. Environmental Protection Agency (EPA) Region 6, is attached and requires within 30 days the submission of the comprehensive written plan for the elimination of the violations within the shortest possible time, as well as measures to prevent these or similar violations from recurring.

The scope of work from each vendor included with the Emergency Determination Form, and attached, is a natural progression of the extensive evaluation and improvements-initiated April 2024 and would have been implemented over a reasonable timeframe. The emergency procurement, this request for authorization, and accompanying Budget Adjustment Request (BAR) are responsive to the requirement for the elimination of the violations within the shortest possible time. These actions included as part of the comprehensive plan will clearly communicate our commitment to complete this project

within the shortest possible time, averts unnecessary enforcement escalation, and begins to restore the trust of the public and our regulators.

The comprehensive plan focuses on improving current data collection, regulatory compliance, operational knowledge management / transfer, and management practices at the PRWRF, combined with selective capital improvements to existing PRWRF facilities. This comprehensive plan can be broken down into the following nine (10) steps:

1. Provide sampling and regulatory support to ensure compliance with existing permits.
2. Support the City's external communications and regularly establish weekly updates to improve communication and restore trust with Regulators.
3. Build a comprehensive base of knowledge & management tools / decision trees to guide PRWRF staff in day-to-day operations and management of the facility.
4. Improve PRWRF laboratory practices, data management, workflows, and communications for all testing performed to ensure regulatory compliance and/or support treatment operations.
5. Provide an inventory of all PRWRF instrumentation, calibration practices, data flows, and uses of information currently collected, and rectify gaps to improve process monitoring and control.
6. Develop a model for treatment operations using open-source software that integrates information available from lab test results and real-time supervisory control and data acquisition (SCADA) data.
7. Develop continuous modeling results incorporated into an advanced SCADA interface at the PRWRF to simulate and help optimize treatment plant operations and management.
8. Develop tools for simulation, testing, and operation of proposed changes to plant operations and enable remote operational support for emergency conditions.
9. Short-term treatment plant improvement projects. Examples of these limited scope projects include installing a new mechanical bar screen the already procured by the City, restoring two (2) former traveling bridge filter systems to working condition, or portable container based sand filtration equipment and related pumping capability.
10. Additional support to complete the items above including process engineering alternatives development and review, project management and scheduling support, construction related support and services, training support, and related items or equipment.

Below is a list of the contractors that as of 4 April 2024 had provided a proposal/scope of work, the amount of the prospective contract, and the term of the prospective contract that, once authorized, would be negotiated, and executed as quickly as possible.

A. Name of Contractor: AquaSight
Amount of prospective contract: $350,000.00
Term of prospective contract: Three years

B. Name of Contractor: Great Western Electrical
Amount of prospective contract: $155,690.08
Term of prospective contract: One year

C. Name of Contractor: Carollo Engineers, Inc.
Amount of prospective contract: $60,000.00
Term of prospective contract: One year

D. **Name of Contractor: ITSQUEST Staffing**
Amount of prospective contract: $264,463.70
Term of prospective contract: One year and two months

E. **Name of Contractor: Hazen and Sawyer**
Amount of prospective contract: $2,718,000.00
Term of prospective contract: 2.5 years

F. **Name of Contractor: A.A.C. Construction, LLC**
Amount of prospective contract: $2,465,837.04
Term of prospective contract: Two Years

G. **Name of Contractor: Molzen Corbin**
Amount of prospective contract: $180,000.00
Term of prospective contract: Two Years

H. **Name of Contractor: Rain for Rent (Western Oilfields Supply Co.)**
Amount of prospective contract: $1,000,000
Term of prospective contract: Three Years

The current total prospective contract amount was $7,226,496.28. The total budget amount requested on 4 April, 2024 was $8,000,000. Due to the critical nature of the funding and schedule for completion of the projects, the Public Utilities Department requested authorization to the City Manager to negotiate and execute all necessary contracts and purchase orders to expedite project initiation. Once a contract was executed, the results were reported to the Governing Body.

CITY OF SANTA FE

PROFESSIONAL SERVICES CONTRACT

THIS CONTRACT is made and entered into by and between the City of Santa Fe, New Mexico, hereinafter referred to as the "City," and **Aquasight LLC.**, hereinafter referred to as the "Contractor," and is effective as of the date set forth below upon which it is executed by the Parties.

RECITALS

WHEREAS, the Chief Procurement Officer of the City has made the determination that this Agreement is in accordance with the provisions of the New Mexico Procurement Code (NMSA 1978, 13-1-28 et seq.) pursuant to NMSA 1978, section 13-1-127 and

WHEREAS, the Contractor is one of such requisite and qualifications and is willing to engage with the City for professional services, in accordance with the terms and conditions hereinafter set out, and the Contractor understanding and consenting to the foregoing is willing to render such professional services as outlined in the Agreement; and

The City and the Contractor hereby agree as follows:

1. Scope of Work

The Contractor shall perform all the work required by this contract and any amendments thereof to build upon the improvements initiated by the City in April 2023. The emergency procurement, this request for authorization, and accompanying Budget Adjustment Request (BAR) established by the City respond to the requirement that the City eliminate violations identified by the EPA and NMED within the shortest possible time. These actions by the City, included as part of a comprehensive plan, will demonstrate the City's commitment to complete this project within the shortest possible time in the most efficient way possible.

The Contractor's scope of work includes support to the City for specific comprehensive plan items #6, #7,and #8 as noted below. The City's comprehensive plan focuses on improving current data collection, regulatory compliance, operational knowledge management / transfer, and management practices at the Paseo Real Water Reclamation Facility (PRWRF), combined with selective capital improvements to existing PRWRF facilities.

The City's comprehensive plan is broken down into the following ten (10) steps, of which the Contractor is providing support only for items #6, #7, and #8 (other items noted are by others):

1. Provide sampling and regulatory support to ensure compliance with existing permits.

2. Support the City's external communications and regularly established

weekly updates to improve communication with Regulators.

3. Build a comprehensive base of knowledge & management tools / decision trees to guide PRWRF staff in day-to-day operations and management of the facility.

4. Improve PRWRF laboratory practices, data management, workflow, and communications for all testing performed to ensure regulatory compliance and/or support treatment operations.

5. Provide an inventory of all PRWRF instrumentation, calibration practices, data flows, and uses of information currently collected, and rectify gaps to improve process monitoring and control.

6. Develop a model for treatment operations using commercially available software that integrates information available from lab test results and real-time supervisory control and data acquisition (SCADA) data.

7. Develop continuous modeling results incorporated into an advanced SCADA interface at the PRWRF to simulate and help optimize treatment plant operations and management.

8. Develop tools for simulation, testing, and operation of proposed changes to plant operations and enable remote operational support for emergency conditions.

9. Short-term treatment plant improvement projects. Examples of these limited scope projects include installing a new mechanical bar screen the already procured by the City, restoring two (2) former traveling bridge filter systems to working condition, or portable container-based sand filtration equipment and related pumping capability.

10. Additional support to complete the items above including process engineering alternatives development and review, project management and scheduling support, construction related support and services, training support, and related items or equipment, as described in the Contract Documents.

The Contractor's scope of work includes support only for plan items #6, #7,and #8 above. Other noted items are not applicable to the Contractor's work nor to this Scope of Work.

The Contractor's Scope of work will incorporate the following general tasks:

The City of Santa Fe Public Utilities Department is implementing a strategic initiative to further improve treatment plant effluent performance and reduce operating and maintenance costs by leveraging Aquasight's APOLLO™. The overall goal of this project is to implement a modular real-time advanced analytics and Copilot™ system for liquid unit processes that will support operator success for meeting permit discharge limits and support operational efficiencies for liquid processes that consume the greatest amount of power and chemicals. APOLLO™ will support the City's goals of continuous and measured progress towards the PRWRF optimization goals over time.

In pursuit of this vision, Aquasight's APOLLO™ software is proposed to assist the City of Santa Fe by:

- Providing a one-stop integrated intelligence dashboarding and analysis solution.
- Integrating a copilot system with built in smart advisors.
- Driving energy and chemical savings and enabling fine tuning of control setpoints.
- Improving daily plant workflow and empowering a data driven decision culture.
- Storing operator knowledge to de-risk operator churn and retirements.
- Providing management visibility through remote off-site access.
- Highlighting compliance risks while providing quick access to process data.
- Enabling predictive maintenance of aeration and disinfection equipment.
- Providing robust tools for workforce training on plant performance at various flows and loads.
- Providing quick access of data for planning and engineering teams.
- Including monitoring and notifications on complex parameters.

Generally, the scope of this project includes onboarding the PRWRF to Aquasight's APOLLO™ software equipped with seven (7) modules. The SCOPE OF WORK may change in the future depending on the needs of the plant. The final SOW will be determined in collaboration with the Utility team.

Additionally, Aquasight will review data sources, data completeness, and instrumentation coverage for the PRWRF. We will make recommendations for additional instrumentation as may be necessary to optimize the data rich environment necessary for an optimized process solution.
The project goals described above will be completed through the following tasks:

Task 0 – Project Management
Task 1 – Data Polling
Task 2 – Site Visit and Plant Review Including Instrumentation Review and Recommendations
Task 3 – Aeration Onboarding
Task 4 – Secondary Clarifier & RAS/WAS Pumping Onboarding
Task 5 – UV Disinfection/Chlorination/Dechlorination Onboarding
Task 6 – Default Module Configuration
Task 7 – Training and Adoption

See Exhibit A for details of the Scope of Work

2. <u>Standard of Performance; Licenses</u>

A. The Contractor does hereby accept its designation as a professional service, rendering services related to Engineering and Operational Support for the City, as set forth in this Agreement. The Contractor represents that Contractor possesses the personnel, experience, and knowledge necessary to perform the services described under this Contract.

B. The Contractor agrees to obtain and maintain throughout the term of this Contract, all applicable professional and business licenses required by law, for itself, its employees, agents, representatives, and subcontractors.

3. Compensation

A. The City shall pay to the Contractor in full payment for services satisfactorily performed, such compensation not to exceed three hundred and fifty thousand dollars ($350,000.00), excluding gross receipts tax. **The total amount payable to the Contractor under this Contract, excluding gross receipts tax, shall not exceed three hundred and fifty thousand dollars ($350,000.00). This amount is a maximum and not a guarantee that the work assigned to be performed by Contractor under this Contract shall equal the amount stated herein. The parties do not intend for the Contractor to continue to provide services without compensation when the total compensation amount is reached. Contractor is responsible for notifying the City when the services provided under this Contract reach the total compensation amount. In no event will the Contractor be paid for services provided in excess of the total compensation amount without this Contract being amended in writing prior to those services in excess of the total compensation amount being provided.**

B. Payment is subject to availability of funds pursuant to the Appropriations Paragraph set forth below and to any negotiations between the parties from year to year pursuant to Paragraph 1, Scope of Work, and to approval by the City. All invoices MUST BE received by the City no later than thirty 30) days after the termination of the Fiscal Year in which the services were delivered. Invoices received after such date WILL NOT BE PAID.

C. Payment in future fiscal years is subject to availability of funds pursuant to the Appropriations Paragraph set forth below and to any negotiations between the parties from year to year pursuant to Paragraph 1, Scope of Work, and to approval by the City. All invoices MUST BE received by the City no later than thirty (30) days after the termination of the Fiscal Year in which the services were delivered. Invoices received after such date WILL NOT BE PAID.)

D. Contractor must submit a detailed statement accounting for all services performed and expenses incurred. If the City finds that the services are not acceptable, within thirty days after the date of receipt of written notice from the Contractor that payment is requested, it shall provide the Contractor a letter of exception explaining the defect or objection to the services, and outlining steps the Contractor may take to provide remedial action. Upon certification by the City that the services have been received and accepted, payment shall be tendered to the Contractor within thirty days after the date of acceptance. If payment is made by mail, the payment shall be deemed tendered on the date it is postmarked.

E. If the City fails to pay the contractor within twenty-one days after receipt of an undisputed request for payment, the City shall pay interest to the contractor beginning on the twenty-second day after payment was due, computed at one and one-half percent of the undisputed amount per month or fraction of a month until the payment is issued. If the City receives an improperly completed invoice, the City shall notify the sender of the invoice within seven days of receipt in what way the invoice is improperly completed, and the owner has no further duty to pay on the improperly completed invoice until it is resubmitted as complete.

F. **Notice of Extended Payment Provision For Grant Funded Contracts**. This contract allows the owner to make payment within 45 days after submission of an undisputed request for payment.

4. Term

THIS CONTRACT SHALL NOT BECOME EFFECTIVE UNTIL APPROVED BY THE CITY. This Contract shall terminate **three (3) years from date of final signature** unless terminated pursuant to paragraph 5 (Termination), or paragraph 6 (Appropriations). The City reserves the right to renew this contract on an annual basis by mutual agreement not to exceed a total of four (4) years in accordance with NMSA 1978, Sections 13-1-150 through 152.

5. Termination

A. Grounds. The City may terminate this Agreement for convenience or cause. For contracts within their authority, the City Manager or their designee is authorized to provide the notice of termination, otherwise such notice of termination shall be provided by the Mayor or their designee as authorized by the Governing Body. The Contractor may only terminate this Agreement based upon the City's uncured, material breach of this Agreement.

B. Notice; City Opportunity to Cure.

1) The City shall give Contractor written notice of termination at least thirty (30) days prior to the intended date of termination.

2) Contractor shall give City written notice of termination at least thirty (30) days prior to the intended date of termination, which notice shall (i) identify all the City's material breaches of this Agreement upon which the termination is based and (ii) state what the City must do to cure such material breaches. Contractor's notice of termination shall only be effective (i) if the City does not cure all material breaches within the thirty (30) day notice period or (ii) in the case of material breaches that cannot be cured within thirty (30) days, the City does not, within the thirty (30) day notice period, notify the Contractor of its intent to cure and begin with due diligence to cure the material breach.

3) Notwithstanding the foregoing, this Agreement may be terminated immediately upon written notice to the Contractor (i) if the Contractor becomes unable to perform the services contracted for, as determined by the City; (ii) if, during the term of this Agreement, the Contractor is suspended or debarred by the City; or (iii) the Agreement is terminated pursuant to Paragraph 6, "Appropriations", of this Agreement.

C. Liability. Except as otherwise expressly allowed or provided under this Agreement, the City's sole liability upon termination shall be to pay for acceptable work performed prior to the Contractor's receipt or issuance of a notice of termination; provided, however, that a notice of termination shall not nullify or otherwise affect either party's liability for pre-termination defaults under or breaches of this Agreement. The Contractor shall submit an invoice for such work within thirty (30) days of receiving or sending the notice of termination. *THIS PROVISION IS NOT EXCLUSIVE AND DOES NOT WAIVE THE CITY'S OTHER LEGAL RIGHTS AND REMEDIES CAUSED BY THE CONTRACTOR'S DEFAULT/BREACH OF THIS AGREEMENT.*

6. Appropriations

The terms of this Contract are contingent upon sufficient appropriations and authorization being made by the Governing Body for the performance of this Contract. If sufficient appropriations and authorization are not made by the Governing Body, this Contract shall terminate immediately upon written notice being given by the City to the Contractor. The City's decision as to whether sufficient appropriations are available shall be accepted by the Contractor and shall be final. If the City proposes an amendment to the Contract to unilaterally reduce funding, the Contractor shall have the option to terminate the Contract or to agree to the reduced funding, within thirty (30) days of receipt of the proposed amendment.

7. Status of Contractor

The Contractor and its agents and employees are independent contractors performing professional services for the City and are not employees of the City. The Contractor and its agents and employees shall not accrue leave, retirement, insurance, bonding, use of City vehicles, or any other benefits afforded to employees of the City as a result of this Contract. The Contractor acknowledges that all sums received hereunder are reportable by the Contractor for tax purposes, including without limitation, self-employment and business income tax. The Contractor agrees not to purport to bind the City unless the Contractor has express written authority to do so, and then only within the strict limits of that authority.

8. Assignment

The Contractor shall not assign or transfer any interest in this Contract or assign any claims for money due or to become due under this Contract without the prior written approval of the City.

9. Subcontracting

The Contractor shall not subcontract any portion of the services to be performed under this Contract without the prior written approval of the City. No such subcontract shall relieve the primary Contractor from its obligations and liabilities under this Contract, nor shall any subcontract obligate direct payment from the City.

10. Release

Final payment of the amounts due under this Contract shall operate as a release of the City, its officers and employees from all liabilities, claims and obligations whatsoever arising from or under this Contract.

11. Confidentiality

Any confidential information provided to or developed by the Contractor in the performance of this Contract shall be kept confidential and shall not be made available to any individual or organization by the Contractor without the prior written approval of the City.

12. Product of Service -- Copyright

Any product that is developed by Aquasight remains the property of Aquasight. The City only has the license to use these products for the agreed duration under the terms of the Aquasight Subscription Agreement incorporated herein to this contract. This includes any editions/deletions/ modifications done to the Aquasight product.

13. Conflict of Interest; Governmental Conduct Act

A. The Contractor represents and warrants that it presently has no interest and, during the term of this Contract, shall not acquire any interest, direct or indirect, which would conflict in any manner or degree with the performance or services required under the Contract.

B. The Contractor further represents and warrants that it has complied with, and, during the term of this Contract, will continue to comply with, and that this Contract complies with all applicable provisions of the Governmental Conduct Act, Chapter 10, Article 16 NMSA 1978.

C. Contractor's representations and warranties in Paragraphs A and B of this Article 12 are material representations of fact upon which the City relied when this Contract was entered into by the parties. Contractor shall provide immediate written notice to the City if, at any time during the term of this Contract, Contractor learns that Contractor's representations and warranties in Paragraphs A and B of this Article 12 were erroneous on the effective date of this Contract or have become erroneous by reason of new or changed circumstances. If it is later determined that Contractor's representations and warranties in

Paragraphs A and B of this Article 12 were erroneous on the effective date of this Contract or have become erroneous by reason of new or changed circumstances, in addition to other remedies available to the City and notwithstanding anything in the Contract to the contrary, the City may immediately terminate the Contract.

D. All terms defined in the Governmental Conduct Act have the same meaning in this section.

14. Amendment

A. This Agreement shall not be altered, changed, or amended except by instrument in writing executed by the parties hereto and all other required signatories.

B. If the City proposes an amendment to the Contract to unilaterally reduce funding due to budget or other considerations, the Contractor shall, within thirty (30) days of receipt of the proposed Amendment, have the option to terminate the Contract, pursuant to the termination provisions as set forth in Article 4 herein, or to agree to the reduced funding.

15. Entire Agreement.

This Agreement, together with any other documents incorporated herein by reference and all related Exhibits and Schedules constitutes the sole and entire agreement of the Parties with respect to the subject matter of this Agreement, and supersedes all prior and contemporaneous understandings, agreements, representations, and warranties, both written and oral, with respect to the subject matter. In the event of any inconsistency between the statements in the body of this Agreement, and the related Exhibits and Schedules, the statements in the body of this Agreement shall control.

16. Merger

This Contract incorporates all the Agreements, covenants and understandings between the parties hereto concerning the subject matter hereof, and all such covenants, agreements, and understandings have been merged into this written contract.

No prior Agreement or understanding, oral or otherwise, of the parties or their agents shall be valid or enforceable unless embodied in this Contract.

17. Penalties for violation of law

NMSA 1978, sections 13-1-28 through 13-1-199, imposes civil and criminal penalties for its violation. In addition, the New Mexico criminal statutes impose felony penalties for illegal bribes, gratuities, and kickbacks.

18. Equal Opportunity Compliance

The Contractor agrees to abide by all federal and state laws and rules and regulations, and Santa Fe City Code, pertaining to equal employment opportunity. In accordance with all such laws of the State of New Mexico, the Contractor assures that no person in the United States shall, on the grounds of race, religion, color, national origin, ancestry, sex, age, physical or mental handicap, or serious medical condition, spousal affiliation, sexual orientation or gender identity, be excluded from employment with or participation in, be denied the benefits of, or be otherwise subjected to discrimination under any program or activity performed under this Contract. If Contractor is found not to be in compliance with these requirements during the life of this Contract, Contractor agrees to take appropriate steps to correct these deficiencies.

19. Applicable Law

The laws of the State of New Mexico shall govern this Contract, without giving effect to its choice of law provisions. Venue shall be proper only in a New Mexico court of competent jurisdiction in accordance with NMSA 1978, section 38-3-2. By execution of this Contract, Contractor acknowledges and agrees to the jurisdiction of the courts of the State of New Mexico over any and all lawsuits arising under or out of any term of this Contract.

20. Workers Compensation

The Contractor agrees to comply with state laws and rules applicable to workers compensation benefits for its employees. If the Contractor fails to comply with the Workers Compensation Act and applicable rules when required to do so, this Contract may be terminated by the City.

21. Professional Liability Insurance

Contractor shall maintain professional liability insurance throughout the term of this Contract providing a minimum coverage in the amount required under the New Mexico Tort Claims Act. The Contractor shall furnish the City with proof of insurance of Contractor's compliance with the provisions of this section as a condition prior to performing services under this Contract.

22. Other Insurance

If the services contemplated under this Contract will be performed on or in City facilities or property, Contractor shall maintain in force during the entire term of this Contract, the following insurance coverage(s), naming the City as additional insured.

A. **Commercial General Liability** insurance shall be written on an occurrence basis and be a broad as ISO Form CG 00 01 with limits not less than $2,000,000 per occurrence and $2,000,000 in the aggregate for claims against bodily injury, personal and advertising injury, and property damage. Said policy shall include broad form Contractual Liability coverage and be endorsed to name the City of Santa Fe their officials, officers, employees, and agents as additional insureds.

B. **Broader Coverage and Limits**. The insurance requirements under this Contract shall be the greater of (1) the minimum coverage and limits specified in this Contract, or (2) the broader coverage and maximum limits of coverage of any insurance policy or proceeds available to the Named Insured. It is agreed that these insurance requirements shall not in any way act to reduce coverage that is broader or that includes higher limits than the minimums required herein. No representation is made that the minimum insurance requirements of this Contract are sufficient to cover the obligations of Contractor hereunder.

C. Contractor shall maintain the above insurance for the term of this Contract and name the City as an additional insured and provide for 30 days cancellation notice on any Certificate of Insurance form furnished by Contractor. Such certificate shall also specifically state the coverage provided under the policy is primary over any other valid and collectible insurance and provide a waiver of subrogation.

23. Records and Financial Audit

The Contractor shall maintain detailed time and expenditure records that indicate the date; time, nature and cost of services rendered during the Contract's term and effect and retain them for a period of three (3) years from the date of final payment under this Contract. The records shall be subject to inspection by the City. The City shall have the right to audit billings both before and after payment. Payment under this Contract shall not foreclose the right of the City to recover excessive or illegal payments.

24. Indemnification

The Contractor shall defend, indemnify and hold harmless the City from actions, proceeding, claims, demands, costs, damages, attorneys' fees and other liabilities and expenses which may arise out of the performance of this Contract, caused by the intentional negligent act or failure to act of the Contractor when notified within five (5) business days, its officers, employees, servants, subcontractors or agents, or if caused by the actions the Contractor resulting in injury or damage to persons or property during the time when the Contractor or any officer, agent, employee, servant or subcontractor thereof has or is performing services pursuant to this Contract. If any action, suit or proceeding related to the services performed by the Contractor or any officer, agent, employee, servant or subcontractor under this Contract is brought against the Contractor, the Contractor shall, as soon as practicable but no later than two (2) days after it receives notice thereof, notify the legal counsel of the City. The City shall indemnify, defend, and hold harmless the Contractor in the same manner, and to the same extent, as the Contractor is required to indemnify, defend, and hold harmless the City pursuant to the terms and conditions set forth in this Contract.

The Cause of action must be brought in the duration of the contract. Damages are limited to the fees paid by the City to the Contractor in the twelve (12) full calendar months immediately preceding the month in which the event giving rise to the claim occurred.

25. New Mexico Tort Claims Act

Any liability incurred by the City of Santa Fe in connection with this Contract is subject to the immunities and limitations of the New Mexico Tort Claims Act, Section 41-4-1, et. seq. NMSA 1978, as amended. The City and its "public employees" as defined in the New Mexico Tort Claims Act, do not waive sovereign immunity, do not waive any defense and do not waive any limitation of liability pursuant to law. No provision in this Contract modifies or waives any provision of the New Mexico Tort Claims Act.

26. Invalid Term or Condition

If any term or condition of this Contract shall be held invalid or unenforceable, the remainder of this Contract shall not be affected and shall be valid and enforceable.

27. Enforcement of Contract

A party's failure to require strict performance of any provision of this Contract shall not waive or diminish that party's right thereafter to demand strict compliance with that or any other provision. No waiver by a party of any of its rights under this Contract shall be effective unless express and in writing, and no effective waiver by a party of any of its rights shall be effective to waive any other rights.

28. Notices

Any notice required to be given to either party by this Contract shall be in writing and shall be delivered in person, by courier service or by U.S. mail, either first class or certified, return receipt requested, postage prepaid, as follows:

To the City:
City of Santa Fe
Attn: P. Fred Heerbrandt, P.E.
505-955-4623
pfheerbrandt@santafenm.gov

To the Contractor:
Jonathan Hasson
1650 W. Big Beaver Road
Troy, MI 48084
info@aquasight.io

29. Authority

If Contractor is other than a natural person, the individual(s) signing this Contract on behalf of Contractor represents and warrants that he or she has the power and authority to bind Contractor, and that no further action, resolution, or approval from Contractor is necessary to enter a binding contract.

30. Non-Collusion

In signing this Agreement, the Contractor certifies the Contractor has not, either directly or indirectly, entered into action in restraint of free competitive bidding in connection with this offer submitted to the City's Chief Procurement Officer.

31. Default/Breach

In case of Default and/or Breach by the Contractor, for any reason whatsoever, the City may procure the goods or services from another source and hold the Contractor responsible for any resulting excess costs and/or damages, including but not limited to, direct damages, indirect damages, consequential damages, special damages, and the City may also seek all other remedies under the terms of this Agreement and under law or equity.

32. Equitable Remedies

The Contractor acknowledges that its failure to comply with any provision of this Agreement will cause the City irrevocable harm and that a remedy at law for such a failure would be an inadequate remedy for the City, and the Contractor consents to the City 's obtaining from a court of competent jurisdiction, specific performance, or injunction, or any other equitable relief in order to enforce such compliance. The City's rights to obtain equitable relief pursuant to this Agreement shall be in addition to, and not in lieu of, any other remedy that the City may have under applicable law, including, but not limited to, monetary damages.

33. Default and Force Majeure

The City reserves the right to cancel all, or any part of any orders placed under this Agreement without cost to the City, if the Contractor fails to meet the provisions of this Agreement and, except as otherwise provided herein, to hold the Contractor liable for any excess cost occasioned by the City due to the Contractor's default. The Contractor shall not be liable for any excess costs if failure to perform the order arises out of causes beyond the control and without the fault or negligence of the Contractor; such causes include, but are not restricted to, acts of God or the public enemy, acts of the State or Federal Government, fires, floods, epidemics, quarantine restrictions, strikes, freight embargoes, unusually severe weather and defaults of subcontractors due to any of the above, unless the City shall determine that the supplies or services to be furnished by the subcontractor were obtainable from other sources in sufficient time to permit the Contractor to meet the required delivery scheduled. The rights and remedies of the City provided in this Clause shall not be exclusive and are in addition to any other rights now being provided by law or under this Agreement.

IN WITNESS WHEREOF, the Parties have executed this Contract as of the date of the signature by the required approval authorities below.

SANTA FE PUBLIC UTILITIES

PASEO REAL WATER RECLAMATION FACILITY PROCESS OPTIMIZATION PROJECT PROPOSAL

March 27, 2024

1.	Name:	**City of Santa Fe NM** Public Works Department **200 Lincoln Avenue** **Santa Fe, New Mexico 87501**
2.	Aquasight Solution:	**APOLLO 6.0 or higher for Paseo Real Water Reclamation Facility**
3.	Term:	3 Years
4.	Fees:	
	On-boarding Fee:	$200,000
	Annual Fee:	$50,000
5.	Payment Terms:	

- On-boarding fee invoiced in monthly installments during on-boarding period, beginning from the date of Notice to Proceed, for the first six (6) months as noted:
  - $50,000 for the first month
  - $33,750/month for the next four (4) consecutive onboarding months
  - Final on-boarding fee of $15,000 invoiced upon completion of On-Boarding process (month 6 billing).
- Annual fee will begin from the date of the Notice to Proceed and will be invoiced in equal annual payments of $50,000 at the beginning of each subscription year for the use of APOLLO Software technology.
- Payment terms are Net 30 days.

6. Other terms and conditions:

- On-boarding fee includes scope, deliverables, timelines described in Appendix A and B.
- On-boarding fee includes up to one client “face-to-face” visit and up to nine “virtual” project status and production meetings during the project.
- Santa Fe PWD shall provide access to equipment tags, basis of design information for the major unit operations, applicable standard operating procedures, and access to Santa Fe PWD plant operators and other specialists as outlined in Appendix C.
- Santa Fe PWD shall inform Aquasight if tag names are changed, and database connections are reconfigured for any reason.
- Data quality is the responsibility of the Santa Fe PWD, but Aquasight, however, shall provide quality control for all information and data analytics that they provide.
- Santa Fe PWD shall provide access to a computer that is on the network where source data is available with an internet connection.
- Data extraction from source system is assuming industry standard data formats and readable technologies.
- If work is performed outside of scope defined in Appendix B, then there will be additional costs charged at an hourly rate of $250/hour.
- Any delay with requested information can cause delays in timelines.
- This agreement is valid for up to fifty users, and they must have a Santa Fe PWD E-Mail ID.
- Annual fee covers the scope of services as defined in Appendix D.
- This order form is entered in accordance with and is governed by the Terms and Conditions of Use available at http://aquasight.io/Aquasight-sa-61616.pdf.

SANTA FE PUBLIC UTILITIES

PASEO REAL WATER RECLAMATION FACILITY PROCESS OPTIMIZATION PROJECT PROPOSAL

March 27, 2024

BACKGROUND

The City of Santa Fe, NM provides wastewater collection, treatment, and disposal services for nearly 90,000 residents and businesses. The City owns and operates the 9 MGD annual average daily flow (AADF) (rated for 13 MGD) Paseo Real Water Reclamation Facility which is a conventional activated sludge plant that includes screening and sedimentation for primary treatment, oxidation ditch basins, aeration, and clarification for secondary treatment plus nitrogen reduction, and disk and sand filters, chlorination, and dechlorination for tertiary treatment before discharging into the Santa Fe River (**Figure 1**). The City recently received an Administrative Order for permit exceedances in both E. Coli and Nitrogen. As a measure to ensure improved plant effluent performance, optimize data usage and process performance, the City desires a rapidly deployable, data-driven solution for increase opportunities for successful permit compliance.

The PRWRF has adequate data for some process control, but also could benefit from additional sensors and instrumentation to make it a more data rich facility. Data is generated and stored in a variety of different systems, and many of those systems do not share/communicate data well for daily operational benefits. There is an abundance of untapped potential to integrate and mine this data using science or ML/AI-based algorithms to help with process optimization, capture energy and chemical savings, store process knowledge, create maintenance insights, and assist with troubleshooting. This will require a tool that can provide streaming analytics, smart advisors, Aquasight COPILOT™, and actionable assistance to the staff to create a data driven O&M culture.

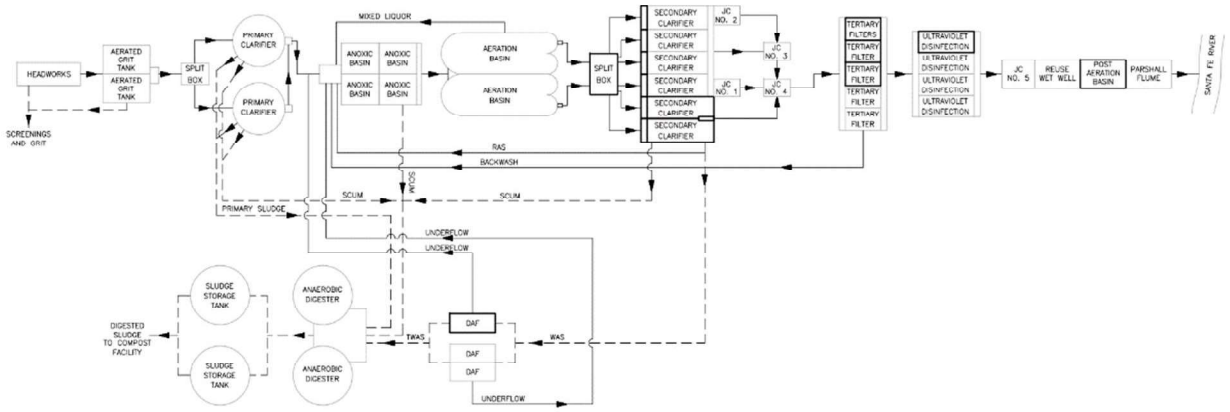

Figure 1: PRWRF Process Flow Diagram

PROJECT GOALS & EXPECTED BENEFITS

The City of Santa Fe Public Works is implementing a strategic initiative to further improve treatment plant effluent performance and reduce operating and maintenance costs by leveraging Aquasight's APOLLO™. The overall goal of this project is to implement a modular real-time advanced analytics and Copilot™ system for liquid unit processes that will support operator success for meeting permit discharge limits and support operational efficiencies for liquid processes that consume the greatest amount of power and chemicals. APOLLO™ will support the City's goals of continuous and measured progress towards the PRWRF optimization goals over time.

Benefits anticipated by implementation of the Aquasight APOLLO™ solution include:

- Deeper integration and sharing of Laboratory sampling data and insights supporting more informed operations.
- Identification of gaps in instrumentation throughout plant processes leading to a more data rich environment for improved process control, optimization, and decision making.
- Implementation of operator focused digital twin functionality allowing for improved real-time streaming insights into potential operational changes and their impacts on process performance KPIs.
- Capture of operational and institutional knowledge by providing a historical record of plant data and operational KPIs for improved new operator training and information recall.

In pursuit of this vision, Aquasight's APOLLO™ software is proposed to assist the City of Santa Fe by:

- Providing a one-stop integrated intelligence dashboarding and analysis solution.
- Integrating a copilot system with built in smart advisors.
- Driving energy and chemical savings and enabling fine tuning of control setpoints.
- Improving daily plant workflow and empowering a data driven decision culture.

- Storing operator knowledge to de-risk operator churn and retirements.
- Providing management visibility through remote off-site access.
- Highlighting compliance risks while providing quick access to process data.
- Enabling predictive maintenance of aeration and disinfection equipment.
- Providing robust tools for workforce training on plant performance at various flows and loads.
- Providing quick access of data for planning and engineering teams.
- Including monitoring and notifications on complex parameters.

Examples of the main dashboard for the aeration and secondary clarifier modules in action are provided in **Figure 2** and **Figure 3**, respectively.

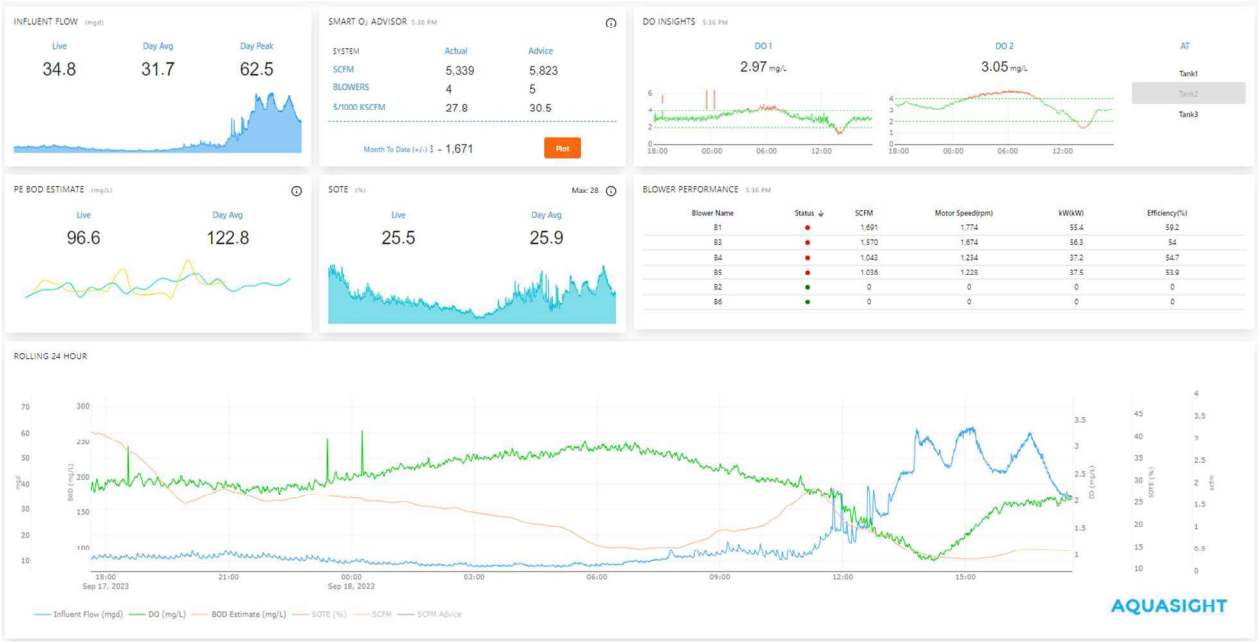

Figure 2: Example of APOLLO's™ Activated Sludge (Aeration) Module

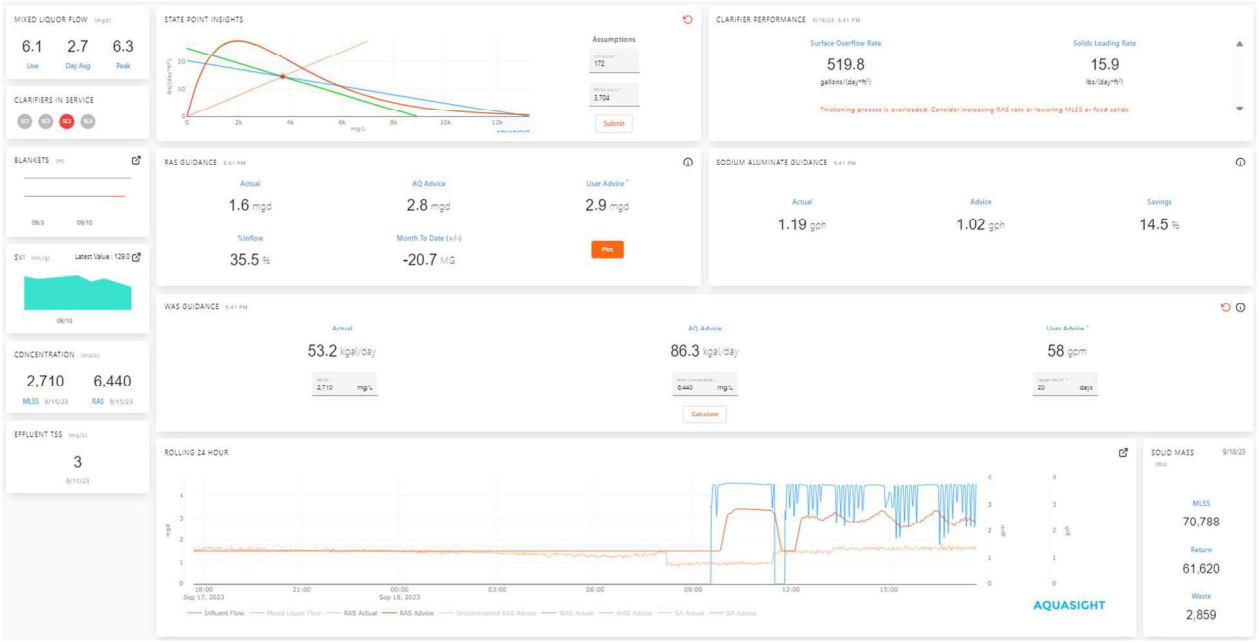

Figure 3: Example of APOLLO's™ Secondary Clarifier Module

SCOPE OF WORK

Generally, the scope of this project includes onboarding the PRWRF to Aquasight's APOLLO™ software equipped with seven (7) modules. The SCOPE OF WORK may change in the future depending on the needs of the plant. The final SOW will be determined in collaboration with the Utility team.

Table 1: Proposed APOLLO modules for PRWRF

Module	Description
Plant Dashboard	Default APOLLO™ module – Customizable dashboard that allows users to centralize analytics from various APOLLO™ modules to a single screen.
Weather	Default APOLLO™ module – Live weather radar with various meteorological layers.
Secondary Treatment – Activated Sludge	Focused on the aeration process, this module includes monitoring, analytics, and copilot dashboard and a detailed decode feature for analyzing aerator and process performance.
Secondary Treatment – Secondary Clarifiers	Focused on the secondary clarification process and RAS/WAS pumping, this module includes monitoring, analytics, and copilot

Appendix A: Background, Vision, Approach, and Scope

Module	Description
	dashboard and a detailed decode feature for analyzing process performance.
Disinfection	Focused on the UV disinfection with supplemental chlorination and dechlorination process, this module includes monitoring, analytics, and copilot dashboard and a detailed decode feature for analyzing permit compliance and process performance.
Lab Insights	Default APOLLO™ module – Provides users with a robust plotting tool for lab, live, and analytical data.
SAMI	Default APOLLO™ module – Digital alert system with customizable alert thresholds for parameters of the most critical interest.

Additionally, Aquasight will review data sources, data completeness, and instrumentation coverage for the PRWRF. We will make recommendations for additional instrumentation as may be necessary to optimize the data rich environment necessary for an optimized process solution.

The project goals described above will be completed through the following tasks:

Task 0 – Project Management
Task 1 – Data Polling
Task 2 – Site Visit and Plant Review Including Instrumentation Review and Recommendations
Task 3 – Aeration Onboarding
Task 4 – Secondary Clarifier & RAS/WAS Pumping Onboarding
Task 5 – UV Disinfection/Chlorination/Dechlorination Onboarding
Task 6 – Default Module Configuration
Task 7 – Training and Adoption

Appendix B: Project Milestones, Timeline, and Deliverables

The Aquasight scope of work for this project will have four key milestones and associated deliverables and will be implemented with approximately the following timelines (**Table 2)**. The timeline is subject to change by mutual agreement between Aquasight and the City of Santa Fe.

Table 2: Project Delivery Calendar

Milestones	WEEKS from Notice to Proceed	Aquasight Deliverables
1. Design Review, Instrumentation Review, Data Polling, Connections, Lab & Live Insights	~ 12 weeks	• APOLLO™ Release 1 – Lab Insights • Milestone 1 Report
2. Secondary Process & Aeration Modules	~ 16 weeks	• APOLLO™ Release 2 – Secondary & Aeration Modules • Milestone 2 Report
3. Disinfection Module & SAMI Alerts	~ 22 weeks	• APOLLO™ Release 3 – Disinfection Module & SAMI Alerts • Milestone 3 Report
4. Plant Dashboard, Training & Adoption	~ 26 weeks	• APOLLO™ Release 4 – Plant Dashboard, Training, & Adoption • APOLLO™ User Manual • Virtual Training Sessions

Appendix C: Required Participation from Santa Fe Public Works

DATA REQUIREMENTS

The following information is required from Santa Fe Public Works for successful project completion:

- Public Works SCADA Data Historian access,
- Public Works LIMS database access,
- Any applicable sensor/instrumentation API details,
- Where applicable, process data spreadsheets and mechanism to routinely upload,
- Process SOP's,
- Process design data,
- Equipment manufacturer information (specs, O&M manuals, etc.)
- Plant drawings of relevant processes,
- Energy bills,
- Control strategy documentation for automated control systems, and
- Plant budget and cost sheets

Where information is not available, assumptions will be made and discussed with Santa Fe Public Works team before implementing it in the APOLLO™ System.

O&M, SCADA, LAB, AND DESIGN CLARIFICATION MEETINGS

During deployment, in addition to or as a part of any project management meetings, Aquasight may request meetings with key Public Works staff. Such meetings are important to clarify operations, understand assumptions, and agree on key configurations in APOLLO™ systems.

Appendix D: Project Fee

Aquasight proposes the following Not-To-Exceed project fee for the APOLLO™ solution implementation for the City of Santa Fe Public Works Paseo Real Water Reclamation Facility:

APOLLO™ Onboarding Fee: **Not to Exceed $200,000**
APOLLO™ Annual Fee: **$50,000 per year, minimum three-year contract**

The project billing schedule shall be as noted on the page 1 of the Order Form, and shall have the basic invoice timing noted below:

- The Onboarding Fee shall be billed in monthly payments during the Onboarding period (estimated over 6 months) with the first Onboarding payment due at contract signing.
- The Annual Fee shall be billed at the beginning of each calendar year, with the first year Annual Fee billed at contract signing.

The following activities are covered in the annual fee:

- **APOLLO™ technology usage:** APOLLO™ technology that has been developed by Aquasight is the core foundation of this project. The technology will be the backbone for releases, metrics, advisors, KPIs and is accessible anywhere, on any device and at any time.
- **APOLLO™ system operations:** APOLLO™ system operations include lab and live database management, analytical scripts management, API management and user preferences, credential, and security management.
- **Infrastructure management:** APOLLO™ runs on several virtual machines and servers. These servers require upkeep and maintenance include software library updates, monitoring of infrastructure metrics and hardware management.
- **Advisor upkeep and maintenance:** Advisors require quality data inputs; unforeseen bad data quality events do occur in practical environment and advisors must be evolved to ensure it discards bad data or debugged to ensure optimal performance of smart advisors.
- **Ticket management and Help desk:** Access Aquasight help desk will operate 8:00 am to 5:00 pm EST during weekdays for any issues such as user access, applications and/or routine troubleshooting. Any high priority issue Aquasight will address in 1-to-4-hour time frame depending on type and nature of this issue during business hours and during weekend and holidays within 24-to-48-hour time frame.
- **SAMI:** Alert's system that manages e-mails, notifications, alert statistics, thresholds management and user settings.
- **Bug fixes:** If we detect any issues or bugs in optimal running of software or technology, Aquasight will fix free of cost and repair those bugs.
- **Data polling maintenance:** Polling software is installed in virtual machine within Santa Fe Public Works. When tag names are changed and database connections are reconfigured, this require polling software to be updated. Public Works should inform or discuss with Aquasight

before making changes on setting and access credentials which may disrupt the flow of data streaming to APOLLO™.

- **Free feature upgrade as part of APOLLO™ product roadmap:** Aquasight continuously evolves its technology and features for driving more value to customers. Such features will be available for free at no additional cost if they are part of the standard product roadmap.

AQUASIGHT

AQUASIGHT SUBSCRIPTION AGREEMENT

This Aquasight Subscription Agreement ("Agreement") is a binding legal contract between your employer or other entity on whose behalf you accept the terms of this Agreement (Customer) and Aquasight, LLC (Aquasight). By accessing or using the Software or Services, as defined below, Customer will be bound by the terms of this Agreement. Additionally, by accepting the terms of this Agreement you agree to be bound individually to the use restrictions and limitations, and confidentiality obligations set forth in this Agreement.

A. **DEFINITIONS**. Defined terms, as used in this Agreement, have the meanings set forth in this Section, elsewhere in the body of this Agreement, in exhibits and in any other attachment to this Agreement.

1. "Data" means information, content and other data that may be exchanged electronically between Customer and Aquasight.

2. "Documentation" means the user manuals and/or technical publications as applicable, supplied in connection with Software relating to the installation, use and administration of Software.

3. "Services" means on-boarding, implementation, initial deployment, maintenance, administration, subscription, technical, training, consulting, support and other professional services provided in connection with or otherwise associated with Software as described in an Order Form.

4. "Software" means the proprietary software and platform employed by Aquasight to deliver Services and its associated technology (if applicable), and any modified versions and copies of, and upgrades, updates and additions to Software, provided to Customer by Aquasight, including Software and access thereto provided on a Software as a Service (SaaS) basis.

B. **LICENSE GRANT AND PROVIDER RESPONSIBILITIES**

1. *Hosting and Software Services.* Aquasight agrees to provide the hosting services described herein and as may be set forth in more detail in the applicable Order Form, including the right of Customer to access, view, download, transmit and use all data transmitted by Customer or Customer's systems and facilities to Aquasight ("Customer Data") hosted by Aquasight. Aquasight hereby grants Customer a non-exclusive, non-transferable, worldwide right to use and access the Software solely for Customer's own internal business purposes, subject to the terms and conditions of this Agreement and provided that all fees due and payable under this Agreement have been paid by Customer to Aquasight. Only employees of Customer properly authorized by Customer for the performance of their job responsibility

("Authorized Users") for Customer shall be entitled to access and use the Software. Only the number of Authorized Users indicated on the Order Form are permitted to access and use the Software. The Software may be hosted on hardware owned, operated and managed by Aquasight's third party service providers. Upon Customer's request, Aquasight shall provide reasonable information to Customer with respect to Aquasight's third party hosting services provider. Aquasight shall have the right to modify the Software in its sole discretion, provided that Aquasight shall not materially diminish the performance or functionality of the Software without Customer's prior written consent.

2. *Data Security.* Aquasight will maintain and enforce information and data privacy and security procedures with respect to its access, use and storage of all Customer Data that (a) are at least equal to industry standards taking into consideration the sensitivity of the relevant Customer Data, (b) comply with all applicable international, foreign, federal, state and local laws, statutes, rules, orders and regulations, and (c) provide reasonably appropriate administrative, technical, and physical safeguards to protect against accidental or unlawful destruction, loss, alteration or unauthorized disclosure, access or use of Customer Data.

C. **CUSTOMER RESPONSIBILITIES**

1. *Compliance with Laws.* Customer is responsible for all activity occurring under any applicable user accounts and Customer shall abide by all applicable local, state, federal and foreign laws, treaties and regulations in connection with Customer's use of the Services and Software, including those related to data privacy, international communications and the transmission of technical or personal data.

2. *Customer Data.* Customer is solely responsible for the quality of the data transmitted to Aquasight or otherwise processed by the Software. Customer acknowledges that the quality of the results and analytics provided by the Software is a function of the quality of Customer's data, and that inaccurate or erroneous data can lead to inaccurate or erroneous results. Aquasight cannot and does not guarantee the quality of any data provided by Customer. Aquasight retains real-time collected data for a period of one year, and all analyzed data results for the life of the Subscription Term.

3. *Customer Equipment and Connectivity.* Customer is solely responsible for the equipment used by Customer in connection with the Software, including without limitation the calibration of all sensors and equipment data being collected, and Customer's connectivity to the Aquasight system and Software. Aquasight will not be liable or responsible for any delays, inaccuracies or unavailable resulting from a disruption or interruption of connectivity and data communication to the Aquasight system and Software.

4. *Use of the Software and Results.* Customer acknowledges and agrees (a) it will verify and validate with its engineering staff any changes that Customer proposes to make to its systems or facilities based on intelligence from the Aquasight system and Software, and (b) the Aquasight system and Software does not control Customer's systems or facilities, but rather

assist Customer with the efficiencies associated with the operation of Customer's system and facilities.

5. *Design Information and Configuration.* Customer acknowledges and agrees that the Aquasight system and Software are configured based on the preliminary design information provided by Customer. In the event of any changes or modifications to the design information relating to Customer's systems or facilities, Customer will promptly notify Aquasight of such changes or modifications. Aquasight will adapt the configuration of the Aquasight system and Software to the new design conditions pursuant to a separate Statement of Work to be mutually agreed to by the parties.

6. *License to Use Customer Data*. Customer grants Aquasight (i) a non-exclusive, non-transferable (except as permitted herein), royalty-free, perpetual and fully paid license to use, reproduce, modify and transmit Data provided by Customer for the purpose of performing the Services, and (ii) a non-exclusive, non-transferable (except as permitted herein), perpetual, royalty-free, fully-paid license to use, reproduce, display, modify, create derivative works of, disclose and distribute any usage data derived by Aquasight from the provision of Services to Customer ("Usage Data") for the purpose of performing the Services and providing the Software listed in the applicable Order Form, including improving Software and the Services, provided that the Usage Data is disclosed in an aggregate form.

D. **TERM AND TERMINATION**

1. *Term*. The initial subscription term of this Agreement shall commence as of the date set forth on the applicable Order Form and shall continue for the Subscription Term set forth in the applicable Order Form (the "Initial Subscription Term"). Thereafter, this Agreement shall automatically renew for successive renewal terms of one (1) year each unless: (i) either Party provides written notice of its intention not to renew at least 90 calendar days prior to the expiration of the then-current term; or (ii) the Agreement is terminated in accordance with this Section D.

2. *Termination for Breach.* Either Party may terminate this Agreement with thirty (30) calendar days prior written notice in the event that the other Party has failed to comply with any material term, condition, or obligation of this Agreement, and such Party subsequently has failed to remedy the default within thirty (30) calendar days after notice of the default by the non-defaulting Party.

3. *Effect of Termination.* Promptly upon termination or expiration of this Agreement for any reason, Customer shall cease using and accessing the Software. Termination of this Agreement shall be in addition to and not in limitation of any other rights and remedies to which either Party is or may become entitled. In the event of termination or expiration of this Agreement for any reason, Aquasight will provide Customer Data to Customer pursuant to a separate Statement of Work to be mutually agreed to by the parties. Aquasight will retain a copy of Customer Data (real-time data) for a period of one year after termination or expiration

of this Agreement. After the expiration of the one year period, Aquasight shall have the right to delete and destroy all Customer Data without notice to Customer.

E. **FEES AND CHARGES**

1. *Fees*. Customer shall pay all fees or charges in accordance with the fees, charges and billing terms in effect at the time a fee or charge is due and payable. The initial fees and charges, and the applicable fees for renewal terms are described in the applicable Order Form. Unless otherwise agreed in writing by the parties, all fees and charges are due and payable thirty (30) days after receipt of invoice by Customer. Aquasight shall be entitled to charge interest on overdue unpaid fees due hereunder at the rate of the lesser of (a) 12% per year or (b) the highest amount permitted by applicable law.

2. *Taxes.* Customer agrees to pay any sales, value-added, or other similar taxes imposed by applicable law that Aquasight must pay based on Software or the Services, except for taxes based on Aquasight's income. Fees listed in the applicable Order Form are exclusive of taxes. Notwithstanding the foregoing, if Customer is exempt from the payment of such taxes, Customer shall provide Aquasight with documentary proof of exemption issued by the appropriate taxing authorities.

F. **OWNERSHIP**

1. *Aquasight IP*. All right, title and interest in and to Software and all portions thereof, including the look and feel of the Software, visualizations displayed by the Software, and all other intellectual property rights therein, are and shall remain with Aquasight and its suppliers. Customer understands and agrees that all intellectual property rights, and all rights incident thereto, are and shall remain in Aquasight including all applicable rights to: (i) copyrights, including all rights incident to copyright ownership, such as all rights of publication, registration and rights to create derivative works; (ii) patents; (iii) trademarks; and (iv) trade secrets (including all know-how, ideas, logic, formulas and confidential information embodied in or reflected in Software).

2. *Customer IP*. All right, title and interest in and to Data provided by Customer, and all related information provided to and accessed by Aquasight, including all intellectual property rights therein, are and shall remain with Customer.

G. **WARRANTY AND LIMITATION OF LIABILITY**

1. *Legal Authority*. Each Party represents and warrants to the other Party that: (i) such Party is a corporation duly organized, validly existing and in good standing under the laws of the state of its incorporation; (ii) such Party has the full and unrestricted power and authority to execute and deliver this Agreement and to carry out the transactions contemplated hereby; and (iii) the performance of such Party's obligations and duties hereunder does not and shall not conflict with or result in a breach of any other agreement of such Party or any judgment, order, or decree by which such Party is bound.

2. *Customer Data*. Customer represents and warrants that it is the right and authority to provide all Customer Data and software to be hosted by Aquasight hereunder, and that all such Customer Data and software shall be free from viruses, spyware, and other similar harmful and destructive code.

3. *Disclaimer*. EXCEPT AS EXPRESSLY PROVIDED IN THIS AGREEMENT, THE SOFTWARE AND THE SERVICES ARE PROVIDED TO CUSTOMER IN THEIR THEN-EXISTING CONDITION, AS IS, WHERE IS AND WITH ALL FAULTS. EXCEPT FOR THE FOREGOING LIMITED WARRANTIES, PROVIDER EXPRESSLY DISCLAIMS ALL OTHER WARRANTIES, EXPRESS OR IMPLIED, INCLUDING NON-INFRINGEMENT OF THIRD-PARTY RIGHTS, MERCHANTABILITY, QUIET ENJOYMENT, SATISFACTORY QUALITY, OR FITNESS FOR A PARTICULAR PURPOSE. PROVIDER DOES NOT REPRESENT OR WARRANT THAT THE SOFTWARE OR ANY SERVICES WILL BE SECURE, UNINTERRUPTED, OR ERROR FREE, OR MEET CUSTOMER'S EXPECTATIONS, THAT ANY STORED DATA WILL BE ACCURATE OR COMPLETE, OR THAT ANY ERRORS OR DEFECTS IN SOFTWARE WILL BE CORRECTED.

4. *Limitation of Liability*. NEITHER PARTY SHALL BE LIABLE TO THE OTHER PARTY FOR ANY LOST PROFITS, LOST REVENUES OR OPPORTUNITIES, DOWNTIME, OR ANY INCIDENTAL, CONSEQUENTIAL, EXEMPLARY, INDIRECT, OR SPECIAL DAMAGES OR COSTS, RESULTING FROM ANY CLAIM OR CAUSE OF ACTION BASED ON BREACH OF WARRANTY, BREACH OF CONTRACT, NEGLIGENCE (INCLUDING STRICT LIABILITY), OR ANY OTHER LEGAL THEORY, EVEN IF EITHER OR BOTH OF THEM KNEW, OR SHOULD HAVE KNOWN, OF THE POSSIBILITY THEREOF. NEITHER PARTY SHALL BE LIABLE TO THE OTHER PARTY OR TO ANY OTHER PERSON OR ENTITY FOR AN AMOUNT OF DAMAGES IN EXCESS OF THE FEES PAID BY CUSTOMER TO PROVIDER IN THE SIX (6) FULL CALENDAR MONTHS IMMEDIATELY PRECEDING THE MONTH IN WHICH THE EVENT GIVING RISE TO THE CLAIM OCCURRED. NOTWITHSTANDING THE FOREGOING OR ANYTHING TO THE CONTRARY CONTAINED IN THIS AGREEMENT, THE LIMITATIONS UPON THE TYPES AND AMOUNTS OF EACH PARTY'S LIABILITY, AND THE EXCLUSIONS OF CERTAIN TYPES OF DAMAGES, SET FORTH IN THE THIS SECTION, SHALL NOT APPLY TO THE FOLLOWINGDAMAGES RESULTING FROM CUSTOMER'S USE IN VIOLATION OF THE LICENSE AND USAGE RESTRICTIONS SET FORTH HEREIN (E.G., SECTION B(1)), OR CUSTOMER'S BREACH OF SECTION F (OWNERSHIP).

H. **MISCELLANEOUS**

1. *Governing Law; Venue; Severability*. This Agreement shall be governed, construed and enforced in accordance with the laws of the State of Michigan without reference to conflicts of law principles. The Parties agree that the exclusive jurisdiction of any actions arising out of, relating to, or in any way connected with this Agreement, shall be in the state or federal courts, as applicable, located in Oakland County, Michigan. In the event that one or more of the provisions herein shall be invalid, illegal or unenforceable in any respect, the validity, legality and enforcement of the remaining provisions shall not be affected or impaired.

2. *Assignment.* Customer shall not assign this Agreement or any rights or obligations hereunder, without the express written consent of Aquasight, which consent shall

not be unreasonably withheld. Any assignment or transfer in violation of the foregoing will be null and void. Aquasight reserves the right to assign this Agreement to any affiliate or any entity in connection with the sale, combination, or transfer of all or substantially all of the assets or capital stock or from any other corporate form of reorganization by or of Aquasight. Subject to all of the terms and conditions hereof, this Agreement inures to the benefit of and is binding upon the Parties hereto and their successors and assigns.

3. *Force Majeure*. Any delays in or failure of performance of either Party to this Agreement shall not constitute a default under this Agreement or give rise to any claim for damages to the extent such delays or failure of performance are caused by a force majeure event, including acts of god, fire, flood, explosion, war, terrorism, strikes, or other concerted work stoppages of labor, inability to obtain raw material, equipment or transportation, breakage or failure of equipment or apparatus, or loss of any necessary utility. The time for performance so delayed will be deemed extended for the period of such delay; provided that, in the event the delay extends beyond 30 calendar days, the other Party shall be entitled to terminate this Agreement for cause.

4. *Waiver*. The failure to enforce or the waiver by either Party of one default or breach of the other Party shall not be considered to be a waiver of any subsequent default or breach.

5. *Entire Agreement*. This Agreement, and each schedule and exhibit hereto, together constitute the entire understanding of the Parties with respect to the subject matter hereof, and supersedes all prior and contemporaneous written and oral agreements with respect to the subject matter. No modification of this Agreement shall be binding on either Party unless it is in writing and signed by both Parties. In the event of any conflict or inconsistency between this Agreement and any schedule or exhibit, the terms and conditions of this Agreement shall prevail.

Services Offered to the City of Santa Fe (9.2023)

Approved:
These services have been approved by the New Mexico Council for Purchasing from Persons with Disabilities and are available through Horizons of New Mexico.

- ADA Accessibility Consulting Services
- Auctioneering Services
- Bulk Mailing and Sorting
- Call Center Services

Subject: Capital Appropriation Agreement Project SAP 25-J2459-GF, Paseo Real Wastewater Treatment Facility

---

ACTION:
Request for Approval of Capital Outlay Grant Agreement with New Mexico Environment Department for the Improvement of the Paseo Real Wastewater Treatment Facility Project SAP 25-J2459-GF in the Total Amount of $100,000 With a Reversion Date of June 30, 2029. (Jesse Roach, Interim Public Utilities Department Director, jdroach@santafenm.gov)

Request for Approval of a Budget Amendment Resolution (BAR) to Allocate $99,000 from the from the 2025 Capital Appropriation to FY26 Revenue and WIP Design for the Improvement of the Paseo Real Wastewater Treatment Facility.

BACKGROUND AND SUMMARY:
The City of Santa Fe has been awarded Capital Outlay Project SAP 25-J2459-GF in the amount of $100,000 "…to plan, design and construct a wastewater treatment facility in Santa Fe in Santa Fe County."

Of the total appropriation, $1,000 is designated for Art in Public Places (AIPP). The remaining $99,000 is available for project budget allocation. All funds are expected to be expended prior to the June 30, 2029, reversion date.

The Agreement designates Mayor Alan Webber as the official representative in all matters related to the Agreement and therefore requires review by Governing Body.

NEW MEXICO CAPITAL OUTLAY GRANT AGREEMENT
CAPITAL APPROPRIATION PROJECT

THIS AGREEMENT is made and entered into by and between the State of New Mexico, New Mexico Environment Department, ("**Department**") and City of Santa Fe, ("**Grantee**") (individually "**Party**" and collectively "**Parties**"). This Agreement shall be effective as of the date the Department executes it ("**Effective Date**").

WITNESSETH

WHEREAS, in the Laws of 2025, Chapter 159, Section 28, Subsection 108, the Legislature made an appropriation to the Department, funds from which the Department is making available to the Grantee pursuant to this Agreement; and

WHEREAS, the Department is granting to Grantee, and the Grantee is accepting the grant of funds from this appropriation, in accordance with the terms and conditions of this Agreement;

NOW, THEREFORE, in consideration of the mutual covenants and obligations contained herein, the parties hereby mutually agree as follows:

AGREEMENT

I. PROJECT DESCRIPTION, GRANT AMOUNT, AND REVERSION

A. SAP 25-J2459-GF ("**Project**") **June 30, 2029** ("**Reversion Date**"). Laws of 2025, Chapter 159, Section 28, Subsection 108, One Hundred Thousand Dollars, ($100,000.00), to plan, design and construct a wastewater treatment facility in Santa Fe in Santa Fe county;.

B. Grantee's total reimbursements shall not exceed One Hundred Thousand Dollars $100,000.00 ("**Appropriation Amount**") minus the allocation for Art in Public Places ("**AIPP amount**"), if applicable, One Thousand Dollars, $1,000.00, which equals Ninety Nine Thousand Dollars, $99,000.00 ("**Adjusted Appropriation Amount**").

C. In the event of a conflict among the Appropriation Amount, the Reversion Date, as defined herein and/or the purpose of the Project, as set forth in this Agreement, and the corresponding appropriation language in the laws cited above in this Article I, the language of the laws cited herein shall control.

The information contained in Article I is referred to collectively as the "**Project Description.**"

II. DISBURSEMENT LIMITATION

A. Upon the Effective Date, the Grantee shall submit to the Department a comprehensive procurement plan and expenditure plan, detailing a Project timeline with milestones, required procurements, and identifying expected expenditures per milestone (collectively, "**Project Budget**"). The Department shall review and approve the Project Budget by approving a Notice of Department's Obligation ("**Notice of Obligation**"), in accordance with the Project Description, a sample of which is attached hereto as **Exhibit B** and incorporated herein by reference. After receipt of approved Notice of Obligation, the Grantee may be reimbursed for allowable costs up to the Adjusted Appropriation Amount. This Agreement and any reimbursements up to the Adjusted Appropriation Amount are expressly conditioned upon the following:

a. Irrespective of any Notice of Obligation, Grantee's expenditures shall be made in accordance with the Project Budget, on or before the Reversion Date and/or, if applicable, any Early Termination Date; and

b. The total amount received by Grantee shall not exceed the lesser of:
    i. the Adjusted Appropriation Amount identified in Article I (B) herein; or
    ii. the total of all amounts stated in the Notice(s) of Obligation evidencing the Department has received and accepted Grantee's Third Party Obligation(s); and
c. Grantee's expenditures are made and accounted for pursuant to the State Procurement Code, State's Model Accounting Practices, and execution of binding written obligations or purchase orders with third-party contractors or vendors for the provision of services, including professional services, or the purchase of tangible personal property and real property for the Project ("**Third Party Obligations**"); and
d. Grantee's submittal of timely Requests for Payment and supporting documentation in accordance with the procedures set forth in this Agreement; and
e. In the event capital assets acquired with Project funds are to be sold, leased, or licensed to or operated by a private entity, the sale, lease, license, or operating agreement:
    i. must be approved by the applicable oversight entity (if any) in accordance with §§ 13-6-2, 13-6-2.1, and 13-6-3; or
    ii. If no oversight entity is required to approve the transaction, the Department of Finance and Administration's Infrastructure Planning Development Division (IPDD) must approve it as complying with the law.

B. Prior to the sale, lease, license, or operating agreement being approved pursuant to Articles II(A)(e) (i) or (ii) herein, the Department may, in its sole and absolute discretion, unless inconsistent with State Board of Finance imposed conditions, reimburse Grantee for necessary expenditures incurred to develop the Project sufficiently to make the sale, lease, license, or operating agreement commercially feasible, limited to planning and design expenditures; and

C. Grantee's submission of documentation of all Third Party Obligations and amendments thereto (including terminations) to the Department and the Department's issuance of a Notice of Obligation for a particular amount in accordance with the terms of this Agreement shall be governed by the following:

a. Grantee is authorized to budget the particular amount set forth in the Notice of Obligation, execute the Third Party Obligation, and request the Third Party to begin work after issuance of a Notice of Obligation by the Department.
b. Grantee acknowledges and agrees that any Third Party Obligations agreed to prior to receiving a Notice of Obligation are its sole responsibility.
c. Grantee shall submit to the Department one copy of all Third Party Obligations and amendments thereto (including terminations) as soon as possible after execution by the Third Party but prior to execution by the Grantee.
d. Department may, in its sole and absolute discretion, issue a Notice of Obligation for the particular amount of a Third Party Obligation that only obligates the Department to reimburse Grantee's expenditures made on or before the Reversion Date or an Early Termination Date. The current Notice of Obligation form is incorporated herein and attached hereto as **Exhibit B.**

D. Grantee shall provide all necessary qualified personnel, materials, and facilities to implement the Project. The Grantee shall finance its share (if any) of the costs of the Project, including all Project overruns.

E. Prior to entering into this Agreement, the Department conducted a risk assessment on the Grantee and a project readiness review for the Project. In accordance with State Model Accounting Practices, FIN 9.2, if the Department determines that the expenditure of Project funds by the Grantee requires special conditions, those conditions are identified and listed in **Exhibit C**, which is attached and incorporated by reference. The Parties agree that, to the extent the Department, in its sole and absolute discretion, determines additional special conditions are necessary or that existing special conditions are no longer

required, it may update **Exhibit C** from time to time without the need for a formal amendment of this Agreement.

F. Project funds shall not be used for purposes other than those authorized by the Department in accordance with the Project Description.

G. Project funds cannot be used to reimburse the Grantee for indirect Project costs unless specifically allowed by law.

III. NOTICES

The following provisions shall apply whenever written notices, including written decisions, are to be given or received related to this Agreement.

A. The Grantee designates the person(s) listed below, or their successor, as their official representative(s) concerning all matters related to this Agreement:

Grantee: City of Santa Fe
Name: Alan Webber
Title: Mayor
Address: PO Box 909 Santa Fe, NM 87504
Email: amwebber@santafenm.gov
Telephone: (505) 955-6590

B. The Grantee designates the person(s) listed below, or their successor, as their Fiscal Officer or Fiscal Agent concerning all matters related to this Agreement:

Grantee: City of Santa Fe
Name: Emily Oster
Title: Finance Director
Address: PO Box 909 Santa Fe, NM 87504
Email: ekoster@santafenm.gov
Telephone: (505) 955-6885

C. The Department designates the persons listed below, or their successors, as the Points of Contact for matters related to this Agreement.

Environment Department
Name: Roy Hubbard
Program Administrator
NMENV-cpbsap@state.nm.us or roy.hubbard@env.nm.gov
Telephone: 505-670-3615

Environment Department
Name: Andrea Telmo
Project Manager
Email: andrea.telmo@env.nm.gov
Telephone: 505-618-0484

Environment Department

Sara Rhoton
Technical Section Manager
Sara.rhoton@env.nm.gov
Telephone: 505-469-2687

The Parties agree that all notices, including written decisions, related to this Agreement shall be sent to the persons named above by email or regular mail. For mailings, notices shall be deemed to have been given and received upon the date of the receiving party's actual receipt or five (5) calendar days after mailing, whichever shall first occur. In the case of email transmissions, the notice shall be deemed to have been given and received on the date reflected on the delivery receipt of the email.

IV. TERM & DEADLINE TO EXPEND FUNDS

A. The term of this Agreement shall begin on the Effective Date and terminate on the 30th day of June during the calendar year of the Reversion Date unless Terminated Before Reversion Date ("**Early Termination**") pursuant to Article V herein (collectively "**Term**").

B. The Project's funds must be expended on or before the Reversion Date and, if applicable, the Early Termination Date of this Agreement.

   a. For purposes of this Agreement, it is not sufficient for the Grantee to encumber the Project funds on its books on or before the Reversion Date or Early Termination Date.
   b. For purposes of this Agreement, an expenditure of funds has occurred on the date the particular quantity of goods is delivered to and received by the Grantee, title to the goods is transferred to the Grantee, and/or as of the date particular services are rendered to and accepted by the Grantee.
   c. For purposes of this Agreement, an encumbrance of funds pursuant to a contract or purchase order with a third party does not qualify as an expenditure.

V. EARLY TERMINATION

A. General Provision. The Department may terminate this Agreement before the Reversion Date based on the Completion of the Project, Complete Expenditure of the Adjusted Appropriation, and/or Violation of this Agreement. Early Termination hereunder includes:

   a. Termination due to completion of the Project before the Reversion Date;
   b. Termination due to complete expenditure of the Adjusted Appropriation Amount before the Reversion Date;
   c. Termination for violation of the terms of this Agreement; or
   d. Termination for suspected mishandling of public funds, including but not limited to fraud, waste, abuse, and conflicts of interest.

B. Non-appropriation. This Agreement is expressly contingent upon the New Mexico State Legislature making sufficient appropriations and authorizations for the Project Description.

   a. If the Legislature does not appropriate the Appropriation Amount, this Agreement shall terminate upon the Department giving the Grantee written notice of such termination. Such termination shall be effective as of the effective date of the law making the non-appropriation.
      i. The Department's decision as to whether sufficient appropriations or authorizations are available shall be final. Grantee hereby waives any rights to assert an impairment of

contract claim against the State of New Mexico in the event of Early Termination of this Agreement.

b. As used herein, "non-appropriate" or "non-appropriation" includes the following actions by the New Mexico Legislature:
    i. Deauthorization, reauthorization, or revocation of a prior authorization.

C. Grant Disbursements in the Event of Early Termination. In the event of Early Termination, the Department's sole and absolute obligation to reimburse the Grantee is expressly conditioned upon the limitations set forth in Article II above.

D. Notice. Either Party may terminate this Agreement prior to the Reversion Date by providing the other Party with a minimum of fifteen (15) days advance written notice of the Early Termination. Grantee hereby waives any rights to assert an impairment of contract claim against the State of New Mexico in the event of Early Termination of this Agreement by the Department.

VI. SUSPENSION OF NEW OR FURTHER OBLIGATIONS

A. Department, in its sole and absolute discretion, may provide written notice to Grantee to suspend entering into further obligations. Upon the receipt of such written notice by the Grantee:

a. Grantee shall immediately suspend entering into new or further written obligations with third parties;
b. Department will suspend the issuance of any new or further Notice of Obligation under this Agreement; and
c. Department may direct the Grantee to implement a corrective action plan in accordance with Article VI (D) herein.

B. In the event of Suspension of this Agreement, the Department's sole and absolute obligation to reimburse the Grantee is expressly conditioned upon the limitations set forth in Article II herein.

C. A suspension of new or further obligations under this Agreement shall remain in effect unless or until the date the Grantee receives written notice given by the Department informing the Grantee that the Suspension has been lifted or that the Agreement has been Early Terminated in accordance with Article V herein. If the Suspension is lifted, the Department will consider further requests for a Notice of Obligation.

D. Corrective Action Plan in the Event of Suspension. Where the Department, in its sole and absolute discretion, directs Grantee to suspend entering into new or further written obligations with third parties pursuant to Article VI(A), the Department may, but is not obligated to, require the Grantee to develop and implement a written corrective action plan to remedy the grounds for the Suspension.

a. Such a corrective action plan must be approved by the Department and be signed by the Grantee.
b. Failure to sign a corrective action plan or meet the terms and deadlines set forth in the signed corrective action plan is hereby deemed a violation of the terms of this Agreement for purposes of Early Termination, Article V(A)(c).
c. A corrective action plan shall be in addition to, and not in lieu of, any other equitable or legal remedy authorized hereunder or at law, including but not limited to Early Termination.

VII. AMENDMENTS

Unless expressly stated otherwise herein, this Agreement shall not be altered, changed, or amended except by an instrument in writing duly executed by both parties hereto with the same formalities as this agreement.

VIII. REPORTING

A. Database Reporting

a. Grantee shall provide the Department with quarterly reports of Project activity, entering the required Project information directly into a database required by the Department.
b. Additionally, Grantee shall certify on each Request for Payment form, attached hereto as **Exhibit A** and incorporated herein, that all information provided in the database is true and accurate, updates to the database have been maintained, and all Project activity complies with applicable law and the terms of this Agreement.
c. Grantee hereby acknowledges that failure to perform and/or certify updates to the database will jeopardize the reimbursement of funds. The Department shall give Grantee a minimum of fourteen (14) days' advance written notice of any changes to the information the Grantee is required to report.
d. At the Department's discretion, all reports required hereunder may be directed to and facilitated through an electronic database.
e. Quarterly reports shall be due on the last day of the month, that is, 30 days prior to the end of the quarter following the execution of this Agreement by the Department and ending during the quarter of the submission of the final request for reimbursement for the Project, or the following quarter.

B. Requests for Additional Information/Project Inspection

During the term of this Agreement and during the period of time during which the Grantee must maintain records pursuant to Article VIII, the Department may:

i. request such additional information regarding the Project as it deems necessary; and
ii. conduct, at reasonable times and upon reasonable notice, onsite inspections of the Project.

Grantee shall respond to such requests for additional information within a reasonable period of time, as established by the Department.

B. Requests for Additional Information/Project Inspection

a. During the term of this Agreement and the Record Retention Period, the Department may:
    i. Request additional information regarding the Project as it deems necessary and
    ii. Conduct on-site inspections of the Project at reasonable times and upon reasonable notice.
b. Grantee shall respond to such requests for additional information within the time established by the Department.

IX. REQUEST FOR PAYMENT PROCEDURES

A. Grantee shall request payment by submitting the form attached hereto as **Exhibit A.** Payment requests are subject to the following procedures:

a. Each Request for Payment must be in accordance with the Project Budget and contain proof of payment by the Grantee or liabilities incurred by the Grantee.
    i. Proof of payment must demonstrate the validity of an expenditure or liabilities incurred by Grantee.

ii. However, Grantee may be reimbursed for unpaid liabilities only if the Department, in its sole and absolute discretion, agrees to do so and in accordance with any special conditions imposed by the Department.
iii. The Grantee shall make payment to those contractors or vendors within five (5) business days from the date of receiving reimbursement from the Department or in a shorter period than the Department may prescribe in writing.
iv. The Department reserves the right to make such payments directly to the contractors or vendors as a special condition under this Agreement.
v. The Grantee is required to certify to the Department proof of payment to the third-party contractor or vendor within five (5) business days from the date the Department reimburses the Grantee.

B. Until the Project is fully planned, designed, and all necessary procurements identified in the Project Budget are completed, Grantee's reimbursements will be limited to the planning, design, and procurement costs outlined in the Project Budget. Once the planning, designing, and procuring stages are complete, the Grantee must obligate at least ten percent (10%) of the Adjusted Appropriation Amount within one (1) year and must have utilized at least eighty-five percent (85%) of the Adjusted Appropriation Amount six (6) months before the reversion date.

C. Deadlines. Grantee shall submit requests for Payments to the Department on the earlier of:

a. Immediately as Grantee receives them, but at a maximum of thirty (30) days from when Grantee incurred the expenditure or liability; or
b. Twenty (20) days from the date of Early Termination or Reversion Date for expenditures or liabilities incurred before the Early Termination date or Reversion Date.

D. Grantee's failure to abide by the requirements set forth in Article II and Article IX herein may result in the denial of its Request for Payment. Department reserves the right to reject a payment request for the Project unless and until it is satisfied that the expenditures or liabilities are for permissible purposes within the meaning of the Project Description, identified within the Project Budget, and that the Grantee is otherwise in compliance with this Agreement.

a. Department's authority to reject any Request for Payment is in addition to, and not in lieu of, any other legal or equitable remedy available to the Department under this Agreement, at law, or in equity.

X. PROJECT CONDITIONS AND RESTRICTIONS

A. The following general conditions and restrictions shall apply to the Project:

a. The Project's funds must be spent in accordance with all applicable state laws, regulations, policies, and guidelines, including, but not limited to, the State Procurement Code.
b. The Project's expenditures and liabilities must be accounted for in accordance with the State's Model Accounting Practices, as amended from time to time.
c. The Project must be implemented in accordance with the New Mexico Public Works Minimum Wage Act, Section 13-4-10 through 13-4-17 NMSA 1978, as applicable.
d. The Project must provide a public benefit above and beyond any incidental benefit to private entities in accordance with applicable law, including, but not limited to, Article IX, Section 14 of the Constitution of the State of New Mexico.

e. Without prior written approval from the Department and State Board of Finance, for the useful life of any asset purchased under this Agreement, Grantee shall not convert any property acquired, built, renovated, repaired, designed, or developed with Project funds to uses other than those specified in the Project Description.
    i. In addition to other remedies available at law or in equity, any disposal or conversion of property acquired, built, renovated, repaired, designed, or developed with Project funds without the Department's and the Board of Finance's express written approval will trigger the Department's right to reimbursement from Grantee of the Appropriated Amount, transfer proceeds from any disposition of property to the State, or otherwise provide consideration to the State for the Appropriated Amounts.
f. Grantee shall comply with all applicable federal and state laws, rules, and regulations pertaining to civil rights and equal employment opportunity.
    i. In accordance with all such laws, rules, and regulations, the Grantee agrees to assure that no person shall, on the grounds of race, color, national origin, sex, sexual preference, age, or handicap, be excluded from participation in the Project, use of the Project, employment with Grantee, or otherwise be denied benefits/subject to discrimination for any activity performed under this Agreement.
g. Where the Department, in its sole and absolute discretion, determines Grantee has failed to comply with the above conditions and restriction, Grantee agrees to take appropriate steps to correct any deficiencies immediately. The Grantee's failure to implement such appropriate steps within a reasonable time, but no longer than thirty (30) days after notice from the Department, constitutes a breach of this Agreement and grounds for Early Termination.

XI. REPRESENTATIONS AND WARRANTIES

A. Reliance by Department.
    a. Grantee expressly acknowledges that the Department relies on the representations and warranties made by Grantee in this Agreement. Grantee acknowledges that such representations and warranties are a material inducement for the Department to enter into this Agreement and provide the Appropriated Amount.
    b. Grantee shall ensure all representations and warranties provided herein are true, accurate, and complete as of the date of the Effective Date and shall remain so throughout the Term of this Agreement. Grantee is responsible for promptly notifying the Department in writing of any changes or inaccuracies in the representations and warranties contained herein.

B. Grantee hereby represents and warrants the following:

    a. Grantee has taken all necessary steps to attain the legal authority to receive and expend the Project's funds.
    b. Grantee has duly authorized this Agreement, and the person executing it has authority to do so. Once executed by Grantee, this Agreement shall constitute a binding obligation of Grantee, enforceable according to its terms.
    c. Grantee's obligations hereunder do not conflict with any law, ordinance, or resolution applicable to Grantee, Grantee's charter (if applicable), or any judgment or decree to which Grantee is subject.
    d. Grantee has independently confirmed that the Project Description, including, but not limited to, the Appropriated Amount and Reversion Date, is consistent with the underlying appropriation in law.
    e. Grantee's governing body has duly adopted or passed as an official act a resolution, motion, or similar action authorizing the person identified as the official representative of the Grantee to sign and submit Requests for Payment on behalf of Grantee.

f. Grantee will abide by New Mexico laws regarding conflicts of interest, governmental conduct, and whistleblower protection.
    i. Grantee agrees explicitly none of its officers or employees or its designees or agents, no member of the governing body, and no other public official of Grantee who exercises any function or responsibility with respect to this Agreement, shall have any interest, direct or indirect, in any contract or subcontract, or the proceeds thereof, for the Project.
    ii. Further, Grantee will require all of its contractors to incorporate the language set forth in this paragraph prohibiting conflicts of interest in all subcontracts.
g. No funds have been paid or will be paid, by or on behalf of the Grantee, to any person for influencing or attempting to influence an officer or employee of the State, any agency, or body in connection with the awarding of any Third Party Obligation.
    i. Grantee will require certifying language prohibiting lobbying to be included in the award documents for all subawards, including subcontracts, loans, and cooperative agreements.

C. Consequences of False or Misleading Representations. If any representation or warranty made by Grantee is found to be false or misleading, the Department shall have the right to exercise any or all of the following remedies:

a. **Termination of Agreement:** Department may terminate this Agreement immediately upon written notice to the Grantee.
b. **Repayment of Grant Funds:** Grantee shall repay all Appropriated Amounts disbursed under this Agreement, upon demand by the Department.
c. **Other Remedies:** Department may pursue any other remedies available at law or in equity.

D. Survival of Representations and Warranties. The representations and warranties made by the Grantee shall survive the Early Termination or expiration of this Agreement.

XII. PROJECT RECORDS

A. Grantee shall be strictly accountable for receipts and disbursements relating to the Project's funds. The Grantee shall follow generally accepted accounting principles and the State's Model Accounting Practices and, if feasible, maintain a separate bank account or fund with a separate organizational code to ensure separate budgeting and accounting of the funds.

B. For six (6) years following the Project's completion ("**Record Retention Period**"), Grantee shall maintain all Project-related records, including, but not limited to, all financial records, requests for proposals, invitations to bid, selection and award criteria, contracts and subcontracts, advertisements, minutes of pertinent meetings, as well as records sufficient to fully account for the amount and disposition of the Appropriated Amount from all sources budgeted for the Project, the purpose for which such funds were used, and such other records as the Department may prescribe.

C. Grantee shall make all Project records available to the Department, the Department's Independent Public Accountant, and the New Mexico State Auditor upon request. With respect to the funds that are the subject of this Agreement, if the State Auditor or the Department finds any funds were improperly expended, Grantee shall be required to reimburse the State all amounts found to be improperly expended.

XIII. IMPROPERLY REIMBURSED FUNDS

If the Department determines part or all of the Appropriation Amount was improperly reimbursed to Grantee, including but not limited to funds reimbursed to Grantee based upon fraud, mismanagement, misrepresentation,

misuse, violation of law by the Grantee, after ten (10) days' notice to Grantee and the opportunity to return such funds to the Department, the Department may offset any funds due to Grantee from the State, until the Appropriation Amount is fully repaid.

XIV. LIABILITY

Neither Party shall be responsible for liability incurred as a result of the other Party's acts or omissions in connection with this Agreement. Any liability incurred in connection with this Agreement is subject to immunities and limitations of the New Mexico Tort Claims Act.

XV. SCOPE OF AGREEMENT

This Agreement constitutes the entire and exclusive agreement between the Parties concerning the subject matter hereof. The Agreement supersedes all prior or contemporaneous agreements, understandings, discussions, communications, and representations, written or verbal.

XVI. REQUIRED NON-APPROPRIATIONS CLAUSE

A. Grantee acknowledges and agrees to include a "non-appropriations" clause in all contracts between it and other parties that are (i) funded in whole or part by funds made available under this Agreement and (ii) entered into after the effective date of this Agreement that states:

   a. "The terms of this Agreement are contingent upon sufficient appropriations and authorization being made by the Legislature of the State of New Mexico ("**Legislature**") for the performance of this Agreement.
   b. If the Legislature does not make sufficient appropriations and authorization, [Grantee's name] may immediately terminate this Agreement by giving Contractor written notice of such termination.
   c. [Grantee's name]'s decision as to whether sufficient appropriations are available shall be final and accepted by the Contractor. Contractor hereby waives any rights to assert an impairment of contract claim against the [Grantee's name] or the State of New Mexico in the event of immediate or Early Termination of this Agreement by the [Grantee's name] or the State Department of Finance and Administration."

XVII. REQUIRED TERMINATION CLAUSE

A. Grantee acknowledges and agrees to include the following termination clause in all contracts that are (i) funded in whole or part by funds made available under this Agreement and (ii) entered into after the effective date of this Agreement:

   a. "This contract is funded in whole or in part by funds made available by the State of New Mexico ("**State**"). Should the State terminate its Agreement with [Grantee's name], [Grantee's name] may terminate this contract immediately by providing Contractor written notice of such termination.
   b. In the event of termination pursuant to this paragraph, [Grantee's name] only liability to Contractor shall be for goods and services delivered and accepted prior to the termination date."

XVIII. COMPLIANCE WITH UNIFORM FUNDING CRITERIA

A. Throughout the term of this Agreement, Grantee shall:

   a. Submit all reports of annual audits and agreed-upon procedures required by § 12-6-3(A)-(B), NMSA 1978 by the due dates established in § 2.2.2 NMAC, reports of which must be a public

record pursuant to § 12-6-5(A), NMSA 1978 within forty-five (45) days of delivery to the State Auditor;
b. Have a duly adopted budget for the current fiscal year approved by its budgetary oversight agency (if any);
c. Timely submit all required financial reports to its budgetary oversight agency (if any); and
d. Use accounting methods and procedures consistent with Generally Accepted Accounting Principles and the State's Model Accounting Principals to expend the Appropriated Amount in accordance with applicable law and account for and safeguard Project funds and assets acquired with Project funds.

B. In the event Grantee fails to comply with the requirements of subparagraph A of this Article XVIII, Department may take one or more of the following actions:

a. Suspend new or further obligations pursuant to Article VI(A) of this Agreement;
b. Require the Grantee to develop and implement a written corrective action plan pursuant to Article VI(D) of this Agreement to remedy the non-compliance;
c. Impose special conditions to address the non-compliance by giving Grantee notice of such special conditions in accordance with Article III of this Agreement;
    i. The Parties agree that any special conditions imposed to address non-compliance shall be incorporated into this Agreement, through **Exhibit C**, upon notice to Grantee, without need for formal amendment of this Agreement;
    ii. Special conditions shall be binding and effective on the date that notice is deemed to have been given pursuant to Article III or
d. Terminate this Agreement pursuant to Article V(A) of this Agreement.

XIX. SEVERANCE TAX AND GENERAL OBLIGATION BONDS

A. Grantee acknowledges and agrees that the underlying appropriation for the Project may originate from the issuance of tax-exempt severance tax bonds or general obligation bonds by the State. Proceeds from such bonds are administered by the New Mexico State Board of Finance ("**SBOF**"), an entity separate and distinct from the Department.

a. Grantee acknowledges and agrees:
    i. It is Grantee's responsibility to determine through SBOF what (if any) conditions are currently imposed on the Project;
    ii. Department's failure to inform Grantee of an SBOF-imposed condition does not affect the validity or enforceability of the condition;
    iii. The SBOF may in the future impose further or different conditions upon the Project;
    iv. All SBOF conditions are attached to the Project and Appropriation Amount without the need for formal amendment of this Agreement;
    v. All applicable SBOF conditions must be satisfied before the SBOF will release to the Department funds subject to the condition(s) and
    vi. The Department's obligation to reimburse Grantee from the Project is expressly contingent upon the satisfaction of the then-current SBOF conditions.

B. Grantee acknowledges and agrees SBOF may, at its sole and absolute discretion, require reimbursement or remove eligibility for bond proceeds for the Project if the Project doesn't proceed sufficiently.

a. Grantee must comply with the requirement to encumber five percent (5%) of Project funds within six months of bond issuance as certified by Grantee in the Bond Questionnaire and Certification documents submitted to the SBOF.

b. Failure to comply may result in the reassignment of the bond proceeds. Upon reassignment of bond proceeds, this Agreement will be suspended until the entity has demonstrated readiness as determined by the SBOF and the Department.

C. Grantee acknowledges and agrees that this Agreement is subject to the SBOF's Bond Project Disbursements rule, § 2.61.6, NMAC, as may be amended from time to time or re-codified.

XX. GENERAL PROVISIONS

A. Assignment: Grantee's rights and obligations under this Agreement are personal and may not be transferred or assigned without the prior written consent of the State. Any attempt at assignment or transfer without such consent shall be void. Any assignment or transfer of Grantee's rights and obligations approved by the State shall be subject to the provisions of this Agreement.

B. Subcontractors: Grantee shall not enter any subgrant or subcontract in connection with its obligations under this Agreement without the prior written approval of the State. Upon request, Grantee shall submit to the Department a copy of each such subgrant or subcontract.

C. Binding Effect: Except as otherwise provided, all provisions of this Agreement, including the benefits and burdens, shall extend to and be binding upon the Parties' respective successors and assigns.

D. Authority: Each Party represents and warrants to the other that the execution and delivery of this Agreement and the performance of such Party's obligations have been duly authorized.

E. Captions and References: The captions and headings in this Agreement are for the convenience of reference only and shall not be used to interpret, define, or limit its provisions. All references in this Agreement to sections (whether spelled out or using the § symbol), subsections, exhibits, or other attachments are references to sections, subsections, exhibits, or other attachments contained herein or incorporated as a part hereof, unless otherwise noted.

F. Counterparts: This Agreement may be executed in multiple, identical, original counterparts, each of which shall be deemed to be an original, but all of which, taken together, shall constitute the same agreement.

G. Digital Signatures: If any signatory signs this agreement using a digital signature in accordance with the State Policies regarding the use of digital signatures, then any agreement or consent to use digital signatures within the electronic system through which that signatory signed shall be incorporated into this Agreement by reference.

H. Modification: Except as otherwise provided in this Agreement, any modification to this Agreement shall only be effective if agreed to in a formal amendment, properly executed and approved in accordance with applicable New Mexico law and State fiscal policies and rules. Modifications permitted under this Agreement, other than Agreement amendments, shall conform to the policies issued by the State.

I. Statutes, Regulations, Fiscal Rules, and Other Authority: Any reference in this Agreement to a statute, regulation, policy, or other authority shall be interpreted to refer to such authority then current, as may have been changed or amended after the Effective Date of this Agreement.

J. External Terms and Conditions: Notwithstanding anything to the contrary herein, the State shall not be subject to any provision included in any terms, conditions, or agreements appearing on Grantee's or a subcontractor's website or any provision incorporated into any click-through or online agreements related to the Work unless that provision is specifically referenced in this Agreement.

K. Severability: The invalidity or unenforceability of any provision of this Agreement shall not affect the validity or enforceability of any other provision of this Agreement, which shall remain in full force and

effect, provided that the Parties can continue to perform their obligations under this Agreement in accordance with its intent.

L. Survival of Certain Agreement Terms: Any provision of this Agreement that imposes an obligation on a Party after the termination or expiration of this Agreement shall survive the termination or expiration of this Agreement and shall be enforceable by the other Party.

M. Third Party Beneficiaries: Except for the Parties' respective successors and assigns described in this Agreement, it does not and is not intended to confer any rights or remedies upon any person or entity other than the Parties. Enforcement of this Agreement and all rights and obligations hereunder are reserved solely to the Parties. Any services or benefits that third parties receive as a result of this Agreement are incidental to this Agreement and do not create any rights for such third parties.

N. Waiver: A Party's failure or delay in exercising any right, power, or privilege under this Agreement, whether explicit or by lack of enforcement, shall not operate as a waiver, nor shall any single or partial exercise of any right, power, or privilege preclude any other or further exercise of such right, power, or privilege.

O. Standard and Manner of Performance: Grantee shall perform its obligations under this Agreement in accordance with the highest standards of care, skill, and diligence in Grantee's industry, trade, or profession.

P. Licenses, Permits, and Other Authorizations: Grantee shall secure, prior to the Effective Date, and maintain at all times during the term of this Agreement, at its sole expense, all licenses, certifications, permits, and other authorizations required to perform its obligations under this Agreement and shall ensure that all employees, agents, and subcontractors secure and maintain at all times during the term of their employment, agency or subcontractor, all license, certifications, permits and other authorizations required to perform their obligations in relation to this Agreement.

Q. Publicity: Any Publicity regarding the subject matter of this Agreement may not be released without prior written approval from the Department. For purposes of this agreement, "**Publicity**" means notices, informational pamphlets, press releases, email responses, research, reports, signs, and similar public notices prepared by or for the Grantee or jointly with others.

   a. Grantee shall obtain written approval prior to issuing any press release or making any public announcement regarding this agreement. Grantee agrees to obtain approval of the Department in advance with respect to all Public Relations, all communications with media, or all communications with any other member of the public with respect to this agreement, except to acknowledge that an agreement does exist.
   b. For purposes of this agreement, "Public Relations" includes community relations and means those activities dedicated to maintaining the Department's image or maintaining or promoting understanding and favorable relations with the community or public at large or any segment of the public.
   c. Violations of either Article XX (Q)(a) or (b) shall constitute a material Breach of Agreement.

R. Data Sharing: The State intends to secure and collate specific data generated by Grantee under this Agreement to use in support of the State's organizational, policy-making, and management of public resource functions. State, in accordance with **Exhibit E**, attached hereto and incorporated herein by reference, reserves the right to require Grantee and/or its subcontractors to provide specific data relevant to the above-listed functions. Data provided by Grantee may be incorporated into existing or future

developed State integrated analysis tools or databases, including but not limited to geographic information system (GIS) networks and databases accessible by the public. Dissemination of data collected may include historical data and projections based on such historical data.

a. To the extent any data transferred as part of this Agreement is legally determined to be the property of Subrecipient or its subcontractors, Subrecipient and/or its subcontractors grants State a nonexclusive, fully paid-up right and license to reproduce, use, distribute, do derivative works based on, and archive data transferred as part of this Agreement.

S. Venue and Choice of Law: This Agreement shall be governed by and construed in accordance with the laws of the State of New Mexico, without regard to any conflict of law provisions. Any legal suit, action, or proceeding arising out of or related to this Agreement shall be instituted exclusively in the district courts located in Santa Fe, New Mexico. The Parties hereby irrevocably submit to the exclusive jurisdiction and venue of such courts in any such suit, action, or proceeding. The Parties waive any objection to the laying of the venue of any such suit, action, or proceeding in the district courts of Santa Fe, New Mexico, and irrevocably waive and agree not to plead or claim in any such court that any such suit, action, or proceeding brought in any such court has been brought in an inconvenient forum.

Article IX.A. (iii). By checking this box you are stating that payment has NOT been paid to the vendors associated with this request. Upon receipt of payment from NMED, certification of payment will be sent within 10 days from the date of receiving reimbursement.

Article IX. A. (ii). By checking this box you are certifying that the vendors associated with this request have been paid.

Certification: I hereby certify that all conditions and requirements for Payments outlined in the Agreement have been met, including but not limited to:
a. Submission and approval of a Project Budget as per Article IV, Section A of the Agreement.
b. Compliance with the Project Budget and expenditure of funds in accordance with the State Procurement Code and the State's Model Accounting Practices.
c. Submission of supporting documentation as required by the Agreement.
d. Maintenance of all necessary records and documentation as stipulated in the Agreement.

Certification: I attest that the information provided is correct; expenditures are properly documented and valid or actual receipts, and that the activity fully complies with Article IX, Sec. 14 of the New Mexico Constitution, known as the "anti-donation" clause.

Certification: I hereby certify that all representations and warranties made in the Agreement remain true, accurate, and complete as of the date of this request, and will continue to be so throughout the term of the Agreement. I acknowledge that these representations and warranties are a material inducement for the Department to approve this pay request.

Reporting Certification: I hereby certify to the best of my knowledge and belief, that the database reporting is up to date; to include the accuracy of the expenditures and grant balance, project status, project phase, achievements and milestones, and in compliance with Article VIII of the Capital Outlay Grant Agreement.

1 Administrative and/or Indirect Cost – generally, the legislation authorizing the issuance of bonds prohibits the use of its proceeds for indirect expenses (e.g. penalty fees or damages other than pay for work performed, attorney fees, and administrative fees). Such use of bond proceeds shall not be allowed unless specifically authorized by statute.

Revised 7/2025

EXHIBIT E

Data Sharing Provisions

Data Sharing Provisions for New Mexico Capital Outlay Agreements

I. Introduction:

This Data Sharing Provisions Exhibit ("Exhibit") is incorporated into the New Mexico Capital Outlay Agreements ("Agreements") between the State of New Mexico ("State") and [Insert Partner Name] ("Partner"). This Exhibit outlines the terms and conditions under which data will be shared between the Parties to ensure compliance with New Mexico state laws and regulations, focusing on data privacy, security, and compliance.

II. Definitions:

a. Authorized User: An employee, agent, assign, representative, independent contractor, or other person or entity authorized by Partner or State to access, use, or disclose information through this exhibit.

b. Confidential Information: All data or information shared in confidence, with the expectation that it will not be disclosed in an identifiable form. This includes data that is exempt from public disclosure under the New Mexico Inspection of Public Records Act (§ 14-2-1 et seq. NMSA 1978) or other relevant laws.

c. Data Storage: Electronic media that hold recorded information.

d. Data Transmission: The process of moving information over a network from its source to one or more destinations.

e. Direct Identifier: Records or data containing personal identifiers such as names, addresses, and social security numbers.

f. Disclosure: Permission to access, release, transfer, or otherwise communicate confidential information by any means to any third party, except as authorized by the Party that controls the record.

g. Encryption involves using algorithms to encode data, rendering it unreadable without a specific key. It may be necessary during data transmission and/or storage.

h. Information: Any data, figures, statistics, or other facts provided or learned about someone or something, including Confidential Information, that may be legally transmitted under this Exhibit.

i. Limited Dataset: A data file that omits Direct Identifiers.

j. Protected Personally Identifiable Information: Sensitive personal details such as social security numbers and financial account numbers, with specific exclusions as outlined in the Agreements.

III. Purpose:

The purpose of this exhibit is to promote transparency, facilitate information sharing between the parties, support better policy and decision-making, and enhance public services through collaborative data analysis from various sources.

IV. Use of Information:

a. Use of Information obtained or created under this exhibit shall be strictly limited to the purposes stated herein and in the agreements. The parties agree not to sell Information to third parties or use it for commercial, solicitation, or political purposes.

b. Each Party shall serve as the custodian of the Information and comply with all conditions for its use, including security measures to prevent unauthorized access.

c. The Parties shall follow all relevant federal and state laws and regulations governing the use of such Information.

V. Safeguarding Information:

a. Confidentiality: Access to Confidential Information shall be limited to the minimum necessary to accomplish the purposes of this Exhibit. Authorized Users must adhere to the confidentiality requirements.

b. Security: Security practices shall comply with the requirements of the New Mexico Department of Information Technology Act and related regulations. The Parties agree to notify each other within three business days of any suspected or actual security breach.

c. Information Storage and Transmission: Data Storage and Transmission shall take place on an encrypted server with appropriate security controls.

VI. Re-Disclosure of Information:

The Parties agree not to disclose Information except as required by law or with prior written approval of the other Party. If there is a public records request, the Party receiving it shall notify the other Party within three business days.

VII. Ownership of Information:

Legal title to Information shall remain with the provider. The Partner grants the State a royalty-free, non-exclusive, non-transferable license to use the Information in furtherance of the purposes outlined in this Exhibit.

PROJECT BUDGET

GRANTEE: City of Santa Fe

PROJECT NO: SAP 25-J2459-GF

Please provide a comprehensive procurement plan and expenditure plan, detailing a Project timeline with milestones, required procurements, and identifying expected expenditures per milestone, referred to collectively as the "Project Budget." While it can be difficult to estimate costs and timelines, setting a plan for these can help keep realistic expectations and goals to keep a project moving forward to achieve the project scope and objectives. Contact your NMED-CPB Project Manager with questions.

1) **Expenditure Plan.** Indicate what expenses funding will be used.

Detailed Expenditure Plan		
USES OF FUNDS	**NMED PROGRAM**	**OTHER FUNDS**
Engineer Fees		
Other Professional		
Service Fees		
Inspection Fees		
Property Acquisition		
Construction Cost		
Planning Cost		
Equipment		
Other Costs (specify)		
Contingencies		
TOTAL	$ -	$ -

2) **Procurement Plan.** Describe how engineering or professional services, construction contractors, equipment, or other goods or services will be procured.

Chief Procurement Officer

All Public Bodies are required by 13-1-95.2 NMSA 1978 to have a Chief Procurement Officer to conduct all procurement activities.

Who is your Chief Procurement Officer (CPO)? _____

Describe how you will secure CPO services, if you currently do not have a CPO. _____

_____

Professional Services

Have engineering or professional services already been procured and contracted? _____

If not, describe how you will procure engineering or professional services_____

Reminders:

- COSTS ABOVE $60,000, require solicitation of services via a Request for Proposal (RFP).
- COSTS BELOW $60,000 must adhere to 13-1-125 NMSA 1978 and procurements cannot be artificially divided into smaller units to circumvent legal requirements, such as formal solicitation.
- MULTI-TERM CONTRACTS can be renewed for up to four years 13-1-150 NMSA 1978. Monitor the remaining time on your contracts and plan for renewal in advance.

Construction

Contractors must be hired using a public bidding process for any project over $60,000 (13-1-125 NMSA 1978) and procurements cannot be artificially divided into smaller units to circumvent legal requirements, such as formal solicitation.

Equipment Purchase

Equipment purchase must follow proper procurement code. Please see Chapter 13 Public Purchase and Property NMSA 1978.

3) Project Timeline. Setting a timeline can help keep a project on track to meet required expenditure deadlines. *(An example schedule is provided below.)*

Project Timeline:

OVERALL – MILESTONES		*EXPECTED EXPENDITURE PER MILESTONE*
ESTIMATED START DATE		
5% FUNDS OBLIGATED*		
ESTIMATED END DATE		
DETAILED – PHASES		
TOTAL		$

***Disclaimer:** You have accepted grant funds on the condition that 5% of these funds are to be obligated in a Notice of Obligation within 6 months of bond issuance in accordance with XIX.B.(STB's only) and at least 10% within one (1) year in accordance with IX.B (all projects).

You can obligate funds by entering into a contract with an engineer or contractor. State Procurement Code must be followed for the purchase of all goods and services.

Your NMED-CPB project manager will be happy to help you navigate these requirements, so that your grant money can be spent, and your project successfully completed.

Example Timeline:

OVERALL – MILESTONES		*EXPECTED EXPENDITURE PER MILESTONE*
ESTIMATED START DATE	Month 0	
5% FUNDS OBLIGATED*	+ 6 months from start date = Month 6	$100,000
ESTIMATED END DATE	Use detailed schedule below. 2.5- 3 years	
DETAILED – PHASES		
HIRE AN ENGINEER	4 months	
PLANNING DOCUMENT	6 months	$25,000
DESIGN, PERMIT	9 months	$60,000
ADVERTISE FOR BID, AWARD PROJECT	6 months (allow for rebid)	
CONSTRUCTION AND ENGINEERING CONSTRUCTION PHASE SERVICES (START TO FINISH)	Varies widely. 6 months to a year, or more.	$750,000 and $15,000
CLOSEOUT CONSTRUCTION/ FUNDS	1 month at end of construction schedule.	
TOTAL		$850,000

4) **Additional Information.** Please use this space below to provide any additional details about your project you would like to share to show your project plan and readiness.

Grantee Signatory Authority

Print Name

ATTACHMENT B
TECHNICAL REQUIREMENTS
NEW MEXICO ENVIRONMENT DEPARTMENT
CAPITAL OUTLAY

ARTICLE 1 REVIEW

Upon execution of the grant agreement, the Grantee will follow the procedures listed below unless waived in writing by the New Mexico Environment Department (NMED) (payment may be withheld if any of these procedures are not followed by the Grantee).

A. The Grantee must submit copies to NMED of all unexecuted contracts or quotes the Grantee intends to enter in that are related to the project for the creation of a notice of obligation. Only approved eligible expenditures incurred after the effective date of the Grant Agreement shall be reimbursed or paid from these funds.

B. If grant funds are used for construction, a site certificate must be submitted prior to project bid advertisement that certifies all necessary easements, rights-of-way, and/or property upon or through which the project is being constructed have been obtained. The Site Certificate must be signed by an attorney, engineer, surveyor, or title abstractor.

C. If grant funds are used for meter installation, the Grantee must follow the NMED Guidelines for Meter Upgrade Projects. Meters must be installed before payment can be made. Request a copy of the Guidelines from your NMED Project Manager.

D. If grant funds are used for construction, the Grantee will submit notice of the award and a copy of the executed construction contract documents.

E. The Grantee will provide a full-time construction inspector during construction of the project unless NMED determines that part time inspection is adequate for the project. This must be requested and approved by NMED prior to the start of construction.

F. All daily construction inspection reports shall be made available to the NMED upon request.

G. Notwithstanding the inspections performed by the Grantee and its engineer, NMED will have the right to examine all installations comprising the project, including materials delivered and stored on-site for use on the project. Such examinations will not be considered an inspection for compliance with contract plans but will be a general NMED review as described in Article 2 below.

ARTICLE 2 NMED OVERSIGHT

NMED oversight is only for purposes of compliance with applicable state grant requirements, procedures, statutes, and regulations. NMED approval will not be interpreted as a warranty or guarantee of any kind. Responsibility for the design of the project will lie solely with the engineer of record. All defects and their correction will be the responsibility of the Grantee and its contractors and engineers or consultants. Any questions raised by NMED during its inspections and reviews shall be resolved exclusively by the Grantee. The Grantee and its contractors and engineers or consultants will remain responsible for the completion and success of the project. No action by NMED shall relieve the owner, engineer, or contractor of legal responsibilities for the overall integrity of the project, adequacy of the design, safety, or compliance with all applicable regulations.

ARTICLE 3 CLOSEOUT

A. The project will not be considered complete until the work as defined in this agreement has been fully performed, and finally and unconditionally accepted by the Grantee and the engineer of record.

B. If the grant funds are used for purchase of equipment, final payment will be made after receipt of the equipment and equipment title, if applicable. Appraisal reports are required for the purchase of used equipment.

C. If the grant funds are used for construction, final payment will be made after the following items, unless waived by NMED, have been provided to NMED, and have been reviewed and approved by NMED:

i. A certificate of substantial completion including punch list items.

ii. A final certified construction pay request prepared by the Grantee's project engineer and approved by the Grantee.

iii. A written consent of the surety, if any, to final payment.

iv. Complete and legally effective releases or waivers (satisfactory to the Grantee) of all liens arising out of the contract documents and the labor services performed and the materials and equipment furnished there under. In lieu thereof and as approved by the Grantee, contractor(s) may furnish receipts or releases in full; an affidavit of contractor that the releases and receipts include labor, services, materials, and equipment for which a lien could be filed and that all payrolls, material and equipment bills, and other indebtedness connected with the work for which the Grantee or its property might in any way be responsible, have been paid or otherwise satisfied.

v. Certification letter by the Grantee and contractor that the Labor Standards Contract Provisions have been met.

vi. Certification letter of project acceptance by the Grantee and the Grantee's project engineer stating that work has been satisfactorily completed and the construction contractor has fulfilled all of the obligations required under the contract documents with the Grantee, or if payment and materials performance bonds are "called", an acceptance close-out settlement to the Grantee and contractors will be submitted to NMED.

vii. Certification letter from the Grantee confirming receipt and acceptance of the record drawings and operation and maintenance manuals.

A RESOLUTION AUTHORIZING PROJECT SAP 25-J2459-GF **AS DESCRIBED IN ATTACHMENT A, AND** THE ASSIGNMENT OF AUTHORIZED OFFICER(S) AND AGENT(S)

CITY OF SANTA FE

Date: December 18, 2025

To: Governing Body

From: Gabrielle Chavez, Transit Director of Administration GC

Via: Sam Burnett, Interim Public Works Department Director Sam Burnett

Subject: Amendment No. 1 to a Memorandum of Agreement with NMDOT

ACTION:
Request for Approval of Amendment No. 1 to a Memorandum of Agreement with the New Mexico Department of Transportation (NMDOT) for Public Transportation Operating Assistance in the Total Amount of $20,000 with a Reversion Date of March 31, 2027. (Gabrielle Chavez, Transit Director of Administration: gnchavez@santafenm.gov)

Request for Approval of a Budget Amendment Resolution (BAR) in the Total Amount of $40,000 with $20,000 from the Memorandum of Agreement Amendment No. 1 and $20,000 Matching Funds from the ¼% Gross Receipts Tax Revenue (GRT) for Transit to FY25 Transit Grant Revenue and Professional Contracts.

BACKGROUND AND SUMMARY:
The city was awarded additional FTA operating funds, identified as FY25 Section 5310 Enhanced Mobility of Seniors and Individuals with Disabilities Funding by the NMDOT Transit and Rail Division. The purpose of the additional funds for operating on-demand service, and salaries and fringe benefits for the City of Santa Fe's Transit operations supervisors, drivers, mechanics, dispatch and operations support. There is a 50 percent Local match requirement of funds. which will be provided by the City of Santa Fe through the ¼% gross receipts tax dedicated to Transit.

FISCAL YEAR 2025 (FY25)

FIRST AMENDMENT TO MEMORANDUM OF AGREEMENT

BETWEEN

THE NEW MEXICO DEPARTMENT OF TRANSPORTATION

AND

CITY OF SANTA FE

This First Amendment is to the Memorandum of Agreement between the **STATE OF NEW MEXICO**, acting through its **DEPARTMENT OF TRANSPORTATION** (Department) and the **CITY OF SANTA FE** (Subrecipient). This first amendment is effective as of the date of the last party to sign it on the signature page below.

Recitals

Whereas, the Department and the Subrecipient entered into a Memorandum of Agreement designated as Contract No. **M01986,** on **July 3, 2025**;

Whereas, Section 50 allows the parties to alter the Agreement by written consent of both parties hereto;

Whereas, the subrecipient has been awarded $20,000.00 in additional federal funds for operating assistance;

Now, therefore, pursuant to NMSA 1978; Section 67-3-69, the parties agree as follows:

A. Replace Section 2. Cost of Program of the original Agreement with the following:

2. Cost of Program.

The Department shall provide partial funding to the Subrecipient to cover expenses of the Program as described in the approved Operations Profile in an amount described below:

Docusign Envelope ID: F89B259F-C2EC-43F5-9AC3-695DDDD1D42E

Subaward FY 25

City of Santa Fe	Total	Federal	Local
Capital to Subrecipient (80/20)) Section 5310 Equipment	$104,202.30	$ 83,361.84	$ 20,840.46
Capital to Subrecipient (80/20)) Section 5310 Vehicles	$563,870.00	$ 451,096.00	$ 112,774.00
Operating Assistance (50/50) Section 5310	$ 40,000.00	$ 20,000.00	**$ 20,000.00**
Total Capital	**$708,072.30**	**$ 554,457.84**	**$ 153,614.46**

Vehicle acquisition funds that designate payment as capital to vendor that are not obligated by contract by May 31, 2025, may revert to the Department.

Vehicle acquisition funds that designate payment as capital to subrecipient that are not obligated by contract by September 30, 2026, may revert to the Department.

Capital equipment acquisition funds that are not obligated by contract by September 30, 2027, may revert to the Department.

Capital rehab/renovation and construction project funds that are not obligated by contract by September 30, 2028, may revert to the Department.

This program is funded with grants provided by the FTA Section 5305 Statewide Transportation Planning Formula Program, Assistance Listing number 20.505; FTA Section 5307 Urbanized Area Formula Program, Assistance Listing number 20.507; FTA Section 5310 Enhanced Mobility of Seniors and Individuals with Disabilities Program, Assistance Listing number 20.513; FTA Section 5311 Formula Grants for Rural Areas, Assistance Listing number 20.509; and FTA Section 5339 Bus and Bus Facilities Formula and Discretionary Program, Assistance Listing number 20.526. (**Attachment A**.) The Department's share of Program expenses shall be obtained from the federal government. State funds will not be earmarked or disbursed to fund the Program. The Department shall not be responsible for any other costs incurred by the Subrecipient. The Subrecipient shall take all actions necessary to fund its share of the Program.

B. Revise Attachment A-1 and A-2 to the original agreement as attached to this amendment.

C. Replace Section 6. Term of the original Agreement with the following:

6. Term.

Upon the signature of all parties, this Agreement becomes effective with a starting date of October 1, 2024.

Costs incurred under this agreement for Administration and Operating expenses from October 1, 2024, to September 30, 2025, are eligible for reimbursement.

Vehicle acquisition funds that designate payment as capital to vendor that are obligated by contract by May 31, 2025, are eligible for reimbursement.

Docusign Envelope ID: F89B259F-C2EC-43F5-9AC3-695DDDD1D42E

In witness whereof, each party is signing this Agreement on the date stated below that party's signature. This Agreement becomes effective on the date the last party signed the Agreement.

From: **Patrick Trujillo, Captain** Patrick Trujillo

Subject: **ENDWI Grant Agreement/BAR**

Vendor Name: **New Mexico Department of Transportation**

Vendor Number: **7177**

ITEM AND ISSUE:
Request for approval of a Grant Agreement with the New Mexico Department of Transportation to Fund the End Driving While Impaired (ENDWI) Project, Buckle Up (BKLUP)/Click it or Ticket (CIOT) Project, Distracted Driving (DD) Project, and Selective Traffic Enforcement Program (STEP)/Summer Enforcement Period Project in the Total Amount of $87,349 through September 30, 2026. (Patrick Trujillo, Police Captain: pjtrujillo@santafenm.gov)

1. Request for Approval of a Budget Adjustment Resolution in the Total Amount of $87,349 from the NM Department of Transportation Fund – State Grants to the Police Overtime Fund.

Action Requested: **Approval of Agreement and BAR**

BACKGROUND AND SUMMARY:
The attached project award to the City of Santa Fe Police Department is from the New Mexico Department of Transportation and does not require matching funds from the City of Santa Fe. The project funds reimburse the City of Santa Fe Police Department for eligible expenses required to conduct projects aimed at reducing traffic-related injuries and deaths. End Driving While Impaired (ENDWI) Project # 06-AL-64-090 for $43,312 will allow officers to conduct sobriety checkpoints and DWI directed enforcement patrols in high crash locations identified in data compiled by local, state, or federal government agencies and included in the City's Operational Plan. Buckle Up (BKLUP)/Click it or Ticket (CIOT) Project # 06-OP-05b-090 for $9,198 is to conduct occupant protection directed enforcement patrols in high crash locations. Selective Traffic Enforcement Program (STEP) Project # 06-PT-02-090 for $30,303 is to conduct directed enforcement patrols in high crash locations identified in data compiled by local, state, or federal government agencies and the City's Operational Plan. Distracted Driving Project # 06-DD-05e-090 for $4,536 provides funding for high visibility enforcement campaigns to reduce distracted driving

New Mexico DEPARTMENT OF TRANSPORTATION
MOBILITY FOR EVERYONE

MEMORANDUM

Date: September 29, 2025

To: Ricky Serna, Cabinet Secretary

Through: Shannon Glendenning, Director, Traffic Safety Division — DocuSigned by: Shannon Glendenning DE0D3FFF3B06491...

Through: Amber Sanchez, Staff Manager — Signed by: Amber Sanchez 96053378AB0A49E...

From: John Varags, Program Manager

Subject: Letter of Justification for Grant Agreement between the New Mexico Department of Transportation Traffic Safety Division and City of Santa Fe.

1. TSD Program Manager John Vargas Phone # 505-231-6784 will oversee the project(s).

2. The Consolidated Agreement provides funding to Santa Fe Police Department to conduct the following project(s) and activities as shown below.
   - ENDWI – $43,312.00(Fed 164)
     The ENDWI program funds overtime enforcement for Driving While Impaired (DWI) checkpoint and DWI directed patrol program. Funds are used to maintain the program, as funding allows, and to expand the program in areas of the State with high rates of DWI.
   - BKLUP -$9,198.00 (Feb 405b)
     The BKLUP program funds overtime for law enforcement agencies to conduct safety belt and child restraint/ booster seat use activities to increase in occupant protection use in New Mexico.
   - STEP – $30,303.00 (Fed 402)
     Provides funding for sustained enforcement program to target specific traffic problems such as speed, DWI, road rage, distracted and reckless driving, fatigue/ drowsy driving, occupant protection, and crashes involving pedestrians. Participating agencies include local law enforcement.
   - Distracted Driving – $4,536.00 (Fed 405e)
     Provides funding for high visibility enforcement campaigns to reduce distracted driving.
3. The agreement will be effective from date of last signature to 9/30/2026.

4. Scopes of work, including deliverables, are provided in the applicable exhibits attached to the agreement below.

5. The agreement is Exempt from the procurement as it is with another government agency, (per NMSA 1978 Section 13-1-98, et seq.)

RE: Project Agreement

Dear Coordinator:

Enclosed is the project agreement for the federal fiscal year 2026. This letter contains information required to meet Federal Funding Accountability and Transparency Act (FFATA) and 2 CFR Part 200 requirements. Please provide a copy of this letter to the person responsible for meeting those requirements at your City, County, Town or Tribal agency. The following table contains the information necessary to meet these requirements.

Project Number	Funding Source	CFDA #	FAIN	Award Date	Amount
06-AL-64-090	IIJA 164 Transfer Funds	20.608	69A3752530000164ONMA	10/1/2025	$43,312.00
06-OP-05b-090	IIJA 405b OP Hign/Low	20.691	69A3752530000405BNMH	10/1/2025	$9,198.00
06-PT-02-090	IIJA NHTSA 402	20.600	69A7352530000402ONM0	10/1/2025	$ 30,303.00
06-DD-05e-090	IIJA 405e Distracted Driving Laws 24-26	20.616	69A3752530000405ENML	10/1/2025	$4,536.00

2 CFR Subpart F 200.500-521
(a) Audit required. A non-Federal entity that expends $1,000,000 or more during the non-Federal entity's fiscal year in Federal awards must have a single or program-specific audit conducted for that year in accordance with the provisions of this part.

(b) Single audit. A non-Federal entity that expends $1,000,000 or more during the non-Federal entity's fiscal year in Federal awards must have a single audit conducted in accordance with §200.514 Scope of audit except when it elects to have a program-specific audit conducted in accordance with paragraph (c) of this section.

(c) *Program-specific audit election.* When an auditee expends Federal awards under only one Federal program (excluding R&D) and the Federal program's statutes, regulations, or the terms and conditions of the Federal award do not require a financial statement audit of the auditee, the auditee may elect to have a program-specific audit conducted in accordance with §200.507 Program-specific audits. A program-specific audit may not be elected for R&D unless all of the Federal awards expended were received from the same Federal agency, or the same Federal agency and the same pass-through entity, and that Federal agency, or pass-through entity in the case of a subrecipient, approves in advance a program-specific audit.

MOBILITY FOR EVERYONE

(d) Exemption when Federal awards expended are less than $1,000,000. A non-Federal entity that expends less than $1,000,000 during the non-Federal entity's fiscal year in Federal awards is exempt from Federal audit requirements for that year, except as noted in §200.503.

Records must be available for review or audit by appropriate officials of the Federal agency, pass-through entity, and Government Accountability Office (GAO).

If expenditure are less than $1,000,000 during your agency's fiscal year 2025, please submit a statement to the Traffic Safety Division at the address listed on this letterhead. The Statement should read, "We did not meet the $1,000,000 expenditure threshold and therefore we are not required to have a single audit performed for FY 25."

Your agency must submit copies of audits and review reports associated with this grant agreement to the Department for informational purposes if requested regardless of whether the criteria for audit or review are met.

Operational Plan
Your agency is required to develop an operational plan to include a jurisdiction-specific performance goal, problem statement, problem identification, and basic crash data upon which the project is based. Performance goals should be specific, measurable, action-oriented, realistic, and time-bound.

Performance Indicators
The Department has implemented performance indicators on Department funded law enforcement projects. The performance indicators are as follows:
ENDWI Large (Population above 100,000)- 1 DWI in 28 hours
BKLUP 1 seat belt or child restraint citation for every 2 hours of enforcement worked.
STEP 2 citations or warnings for every hour of enforcement worked.

At no time does the New Mexico Department of Transportation require an individual officer to issue a specific number of citations during an enforcement period.

We look forward to working with you to prevent injuries and fatalities on New Mexico's roads. Thank you for your cooperation.

Sincerely,

DocuSigned by:

GRANT AGREEMENT

This Grant Agreement (**Agreement**) is between the New Mexico Department of Transportation (**Department**) and City of SantaFe (**Grantee**), collectively referred to as the "parties." This Agreement is effective as of the date of the last party to sign it on the signature page below. The Department and the Grantee agree as follows:

1. **Award.** The Department hereby awards the Grantee funding for the following projects:

   a. End Driving While Impaired (**ENDWI**), Project No. 06-AL-64-090, $43,312.00.
   b. Buckle Up (**BKLUP**)/Click It or Ticket (**CIOT**), Project No. 06-OP-04b-090, $9,198.00.
   c. Selective Traffic Enforcement Program (**STEP**), Project No. 06-PT-02-090, $30,303.00
   d. Distracted Driving (**DD**), Project No 06-DD-05e-090, $4,536.00.

   e. Total Funding awarded per this Agreement $87,349.00.

2. **Scope of Work.** The Grantee shall perform the professional services stated in the following exhibit(s): **Exhibit A** - ENDWI; **Exhibit B** - BKLUP/CIOT; **Exhibit C** – STEP, **Exhibit D** – Distracted Driving.

3. **Payment.** To be reimbursed for eligible expenses, the Grantee must submit timely and properly prepared reimbursement requests as provided in the Department's Electronic Grant Management System and the Traffic Safety Division Policies and Procedures Manual as directed by the Department. The Grantee acknowledges that the Department will not pay for any expenses incurred prior to the issuance of a Notice to Proceed (NTP) by the Department authorizing work, after termination of the Agreement, after Grantee receives a stop work notice from the Department, or in excess of the amount of the award noted in Section 1. The Grantee must submit its final reimbursement request no later than forty-five (45) calendar days after termination of this Agreement, unless otherwise approved by the Department.

4. **Records and Audit.** The Grantee shall strictly account for all receipts and disbursements related to this Agreement. The Grantee shall record costs incurred, services rendered, and payment received and shall maintain these financial records during the term of this Agreement and for three (3) years from the date of submission of the final reimbursement request pursuant to 2 CFR Section 200.334 and 1.21.2 NMAC. On request, the Grantee shall provide the financial records to the Department and the state auditor and shall allow the Department and the state auditor to inspect or audit these financial records during business hours at the Grantee's principal office during the term of this Agreement and for three (3) years from the date of submission of the final reimbursement request. If the financial records provided by the Grantee are insufficient to support an audit by customary accounting practices, the Grantee shall reimburse the Department for any expense incurred related to the insufficient documentation within thirty (30) calendar days of written notice from the Department. If an audit or inspection reveals that funds were used for expenses not directly related to the project or were used inappropriately, or that

payments were excessive or otherwise erroneous, the Grantee shall reimburse the Department for those funds or payments within thirty (30) calendar days of written notice

5. **Officials Not to Benefit.** The parties intend that no member of the New Mexico legislature or the United States Congress, or any public official, public employee or tribal council member, in that person's individual capacity, will benefit from this Agreement.

6. **Termination.** The Department may terminate this Agreement for any reason, by giving the Grantee thirty (30) calendar days written notice. On receipt of a "Notice of Cancellation," the Grantee shall suspend work unless otherwise directed by the Department in writing. The Grantee may only terminate this Agreement based on the Department's uncured, material breach of the Agreement and by giving the Department thirty (30) calendar days written notice. The parties acknowledge that termination will not nullify obligations incurred prior to termination and any obligations intended to survive termination of the Agreement, including but not limited to Section 4 and Section 11.

7. **Appropriations.** The Grantee acknowledges that:

   a. this Agreement is contingent upon sufficient appropriations and authorizations being made by the Congress of the United States or the New Mexico state legislature;
   b. if sufficient appropriations and authorizations are not made, this Agreement will terminate upon written notice by the Department to the Grantee; and
   c. the Department will not authorize the expenditure of funds by the Grantee until appropriate funds are encumbered, and the Department's determination as to whether approval has been granted will be final.

8. **Compliance with Law.** The Grantee, its employees, agents and contractors, shall comply with the following:

   a. Title VI and Title VII of the Civil Rights Act of 1964, the Age Discrimination in Employment Act of 1967, the Americans with Disabilities Act of 1990, the ADA Amendments Act of 2008, the Environmental Justice Act of 1994, the Civil Rights Restoration Act of 1987, and 49 C.F.R. Section 21;
   b. all applicable federal and state laws, rules, regulations, and executive orders pertaining to equal employment opportunity, including the Human Rights Act, NMSA 1978, Sections 28-1-1 through 28-1-15, and in accordance with such, the Grantee states that no person, on the grounds of race, religion, national origin, sex, sexual orientation, gender identity, spousal affiliation, serious medical condition, age, disability, or other protected class will be excluded from employment with or participation in, denied the benefits of, or otherwise subjected to, discrimination in any activity performed under this Agreement; if the Grantee is found to be in violation of any of these requirements, the Grantee shall take prompt and appropriate steps to correct such violation, subject to Section 6 above;
   c. state laws applicable to workers compensation benefits for the Grantee's employees, including the Workers' Compensation Act, NMSA 1978, Sections 52-1-1 through 52-1-70, and related rules;
   d. 2 C.F.R. 200, Subpart F - Audit Requirements, Sections 200.500 - 200.521; and
   e. those sections in Appendix A to Part 1300 labeled "applies to subrecipients as well as

states."

9. **Notices.** For a notice under this Agreement to be valid, it must be in writing; be delivered by hand, registered or certified mail postage prepaid, or email; and be addressed as follows:

to the Department at:
New Mexico Dept. of Transportation
Attn: Traffic Safety Division
P.O. Box 1149
Santa Fe, NM 87504-1149

to the Grantee at:
Santa Fe, City of
Attn: Sergeant John Garcia
2515 Camino Entrada
Santa Fe, NM 87505

10. **Severability.** The terms of this Agreement are lawful; performance of all duties and obligations shall conform with and do not contravene any state, local, or federal statute, regulation, rule, or ordinance. The parties intend that if any provision of this Agreement is held to be unenforceable, the rest of the Agreement will remain in effect as written.

11. **Liability.** Neither party shall be responsible for liability incurred as a result of the other party's acts or omissions in connection with this Agreement. Any liability incurred in connection with the Agreement is subject to the immunities and limitations of the New Mexico Tort Claims Act, NMSA 1978, Sections 41-4-1, *et seq.*, as amended, and any other applicable law. This section is intended only to define the liabilities between the parties and it is not intended to modify in any way, the parties' liabilities as governed by law.

12. **Project Responsibility.** The Grantee acknowledges that it bears sole responsibility for performing the services referred to in Section 2.

13. **Term.** This Agreement takes effect as of the date the last party to sign it on the signature page below. The grantee may not start work until directed to by the Department. The Agreement terminates on September 30, 2026, unless earlier terminated as provided in Section 6 or Section 7.

14. **Applicable Law.** The laws of the state of New Mexico, without giving effect to its choice of law provisions, govern all adversarial proceedings arising out of this Agreement.

15. **Jurisdiction and Venue.** The Grantee acknowledges the jurisdiction of the courts of the state of New Mexico for any adversarial proceeding arising out of this Agreement, and that venue for any such proceeding will be in the First Judicial District Court for the county of Santa Fe, New Mexico.

16. **No Third-party Beneficiary.** This Agreement does not confer any rights or remedies on anyone other than the parties.

17. **Scope of Agreement and Merger.** This Agreement incorporates all the agreements, covenants, and understanding between the parties concerning the subject matter of this Agreement. No prior agreements or understandings, verbal or otherwise, of the parties or their agents will be valid unless included in this Agreement.

18. **Disadvantaged Business Enterprise.** The following provision applies to a USDOT-assisted federally funded agreement only. The recipient shall not discriminate on the basis of race, color, national origin, sex, or other protected class in the award and performance of any USDOT-assisted contract or in the administration of its DBE program or the requirements of 49 CFR Part 26. The recipient shall take all necessary and reasonable steps under 49 CFR Part 26 to ensure nondiscrimination in the award and administration of USDOT-assisted contracts. The recipient's DBE program, as required by 49 CFR Part 26 and as approved by USDOT, is incorporated by reference in this Agreement. Implementation of this program is a legal obligation and failure to carry out its terms shall be treated as a violation of this Agreement. Upon notification to the recipient of its failure to carry out its approved program, the USDOT may impose sanctions as provided for under Part 26 and may, in appropriate cases, refer the matter for enforcement under 18 U.S.C. 1001 and/or the Program Fraud Civil Remedies Act of 1986 (31 U.S.C. 3801 *et seq.*).

19. **Amendment.** No amendment of this Agreement will be effective unless it is in writing and signed by the parties.

The remainder of this page is intentionally left blank.

Each party is signing this Agreement on the date stated opposite that party's signature. This Agreement is effective as of the date of the last party to sign it on the signature page below.

Exhibit A: Scope of Work, Training, Reimbursement and Reporting

END DRIVING WHILE IMPAIRED (ENDWI) Project Number: 06-AL-64-090

1. **Scope of Work.** The Grantee shall conduct sobriety checkpoints (SCs) and DWI directed enforcement patrols (DDEPs) in high crash locations, identified in data compiled by local, state, or federal government agencies, included in the Grantee's Operational Plan, and as negotiated between the Department and the Grantee. The Department encourages the Grantee to accompany SCs and DDEPs with public information, media, and educational activities. SCs must be scheduled to be staffed by at least five (5) officers as required by *City of Las Cruces v. Bentancourt, 1987-NMCA-039,* and must last a minimum of four (4) hours. The number of officers staffing an SC must meet the amount required by *Bentancourt* but not exceed the number detailed in the Grantee's Operational Plan. If the SC is not staffed with the minimum number of officers or was not conducted for the minimum number of hours, the Grantee must submit a justification with the invoice for these services. The Department may deny the invoice for SCs based on the justification. DDEPs must deploy officers in high crash locations consistent with the enforcement plan. If the DDEPs were conducted in areas not consistent with the enforcement plan, the Grantee must submit a justification with the invoice for these services. The Department may deny the invoice for DDEPs based on the justification. The Grantee is encouraged to schedule SCs and DDEPs throughout the grant period with a focus on participating during the Superblitz Period, 3 Mini Superblitz Periods, and National DWI Mobilizations as identified below.

2. **Definitions.** For purposes of this exhibit, the following definitions apply:

"Agency Coordinator" means the person assigned by the Grantee to assume direct responsibility for administering all phases of the Agreement.

"Directed Enforcement Patrols" means activities that enforce traffic laws in areas consistent with the agency's operational plan.

"Operational Plan" means a plan based on the most current crash data that identifies the problem to be addressed, goals to be achieved, and the performance measures to be employed. The Grantee may update its operational plan as needed to align with current trends.

Winter Superblitz Period -- November 15, 2025 to January 1, 2026.

St. Patrick's Day Mini Superblitz Period -- March 8 to March 17, 2026.

Spring Superblitz Period- "Put the phone away or pay" --April 6 to April 13, 2026

Cinco de Mayo May Mini Superblitz Period -- May 1 to May 7, 2026.

National Occupant Protection Mobilization Click It or Ticket period --May 11 to May 31, 2026.

Fourth of July Mini Superblitz Period -- July 1 to July 8, 2026.

National DWI Mobilization Period -- August 12 to September 7, 2026.

Summer enforcement period -- June 17, 2026 through September 19, 2026.

Winter Superblitz Period -- November 14, 2026 to January 1, 2027.

3. **Training and Qualifications.** The Agency Coordinator must attend the Department's Law Enforcement Coordinators symposium and other Department training as required. The Grantee shall notify the Department of any changes to its Agency Coordinator as soon as possible. The Grantee's participating officers must have law enforcement certifications in all areas necessary to conduct the services noted in Section 1 of this exhibit. The Grantee shall keep documentation of training and provide the Department with a list of certified officers on request.

4. **Reimbursement.** The Department will pay the Grantee for the actual cost paid to personnel that worked the SCs, andDDEPs. Claims for payment must specify officers' actual hourly rate of overtime pay based on the Grantee's overtime policy; the Department will not pay any amount in excess of that rate or for any amount that is not above and beyond the officers normal duties. At minimum, the Grantee should submit monthly claims no later than the 10th of each month during this Agreement period. The final claim shall be submitted no later than October 31, 2026. If the final claim is submitted after October 31, 2026, the claim must be accompanied by a justification letter. The Department may deny the claim.

   Each claim must be on a form approved by the Department. The Department will pay the Grantee for the following:

   a. claims submitted by the 10th of each month; claims submitted after the 10th of each month will not be paid unless the Department directs the Grantee to submit on an alternate schedule;
   b. pay, including overtime, for officers conducting traffic safety DWI enforcement in areas consistent with the enforcement plan;
   c. pay, including overtime, for officers attendance at administrative license revocation hearings and court hearings directly related to DWI arrests made while participating in the ENDWI program;
   d. overtime costs for officers or authorized personnel to support activities directly related to the SCs and/or DDEPs conducted during the claim month. Authorized personnel may include dispatcher(s), transport personnel, and others as authorized by checkpoint supervisor or command staff. The Grantee can only claim up to ten percent (10%) of the total monthly claim amount;
   e. in-state travel and related expenses for officers to attend DWI related training approved by the Department in advance to be reimbursed in accordance with 2.42.2 NMAC; and
   f. the employer's portion of related FICA taxes for each reimbursed hour if payment of such is included as a provision in the agency's written policy, personnel rule, municipal or county resolution, union, or association contract, or other document submitted to and accepted by the Department.

5. **Reporting.** *The Grantee must submit activity reports by the 10th of each month using the activity report form provided unless otherwise directed by the Department.* Activity reports must include the type of activity and types of citations issued. The Grantee must report all citations to the Motor Vehicle Division of the New Mexico Taxation and Revenue Department and to the

appropriate court in accordance with New Mexico law. The Grantee must submit timely crash reports to the Department in accordance with NMSA 1978, Section 66-7-207. If the Grantee does not submit crash reports in accordance with NMSA 1978, Section 66-7-207, the Department may hold reimbursement claims until this provision is met.

6. **Funding.** The Department expects the funding source to be IIJA 164 Transfer Funds and the Catalog of Federal Domestic Assistance (CFDA) number to be 20.608. However, both funding source and CFDA number are subject to change at the Department's discretion. The Grantee may transfer funds between budget categories only with prior written approval from the Department. The project's itemized budget is as follows:

Personal Services	$43,312.00
Contractual Services	$0.00
Commodities	$0.00
Indirect	$0.00
Other	$0.00
TOTAL	$43,312.00

7. **Goals.** Projected annual and five-year average alcohol-impaired fatality data indicate increasing numbers and rates of these fatalities from 2021 through 2026. The State's comprehensive set of proven countermeasure strategies and projects including ENDWI enforcement and media, law enforcement and prosecution support, supervised probation, drug courts, and court monitoring will assist the State in achieving reductions in these preventable fatalities. The State has set a 2025 annual target of 140 alcohol-impaired fatalities and a 2026 annual target of 130 alcohol-impaired fatalities.

Exhibit B: Scope of Work, Training, Reimbursement and Reporting

BUCKLE UP (BKLUP) and CLICK IT OR TICKET (CIOT) Project Number: 06-OP-05b-090

1. **Scope of Work.** The Grantee shall conduct occupant protection directed enforcement patrols (ODEPs) in high crash locations identified in data compiled by local, state or federal government agencies and contained in the Grantee's Operational Plan. The Department encourages the Grantee to accompany the ODEPs with public information, media and educational activities. ODEPs must deploy officers in high crash locations consistent with the enforcement plan for occupant protection issues. If the ODEPs were conducted in areas not consistent with the enforcement plan, the Grantee must submit a justification with the invoice for these services. The Department may deny the invoice for ODEPs based on the justification. The Grantee is encouraged to schedule ODEPs throughout the grant period with a focus on participating during the high-visibility enforcement activities identified below.

2. **Definitions.** For purposes of this exhibit, the following definitions apply:

   "Agency Coordinator" means the person assigned by the Grantee to assume direct responsibility for administering all phases of the Agreement.

   "Directed Enforcement Patrols" means activities that enforce traffic laws in areas consistent with the agency's operational plan.

   "Operational Plan" means a plan based on the most current crash data that identifies the problem to be addressed, goals to be achieved, and the performance measures to be employed. The Grantee may update its operational plan as needed to align with current trends.

   Winter Superblitz Period -- November 15, 2025 to January 1, 2026.

   St. Patrick's Day Mini Superblitz Period -- March 8 to March 17, 2026.

   Spring Superblitz Period- "Put the phone away or pay" --April 6 to April 13, 2026

   Cinco de Mayo May Mini Superblitz Period -- May 1 to May 7, 2026.

   National Occupant Protection Mobilization Click It or Ticket period --May 11 to May 31, 2026.

   Fourth of July Mini Superblitz Period -- July 1 to July 8, 2026.

   National DWI Mobilization Period -- August 12 to September 7, 2026.

   Summer enforcement period -- June 17, 2026 through September 19, 2026.

   Winter Superblitz Period -- November 14, 2026 to January 1, 2027.

3. **Training and Qualifications.** The Agency Coordinator must attend the Department's Law Enforcement Coordinators symposium and other Department training as required. The Grantee shall notify the Department of any changes to its Agency Coordinator as soon as possible. The Grantee's participating officers must have law enforcement certifications in all areas necessary to

conduct the services noted in Section 1 of this exhibit. The Grantee shall keep documentation of training and provide the Department with a list of certified officers on request.

4. **Reimbursement.** The Department will pay the Grantee for the actual cost paid to personnel that worked ODEPs. Claims for payment must specify officers' actual hourly rate of overtime pay based on the Grantee's overtime policy; the Department will not pay any amount in excess of that rate or for any amount that is not above and beyond the officers normal duties. At minimum, the Grantee should submit monthly claims no later than the 10th of each month during this Agreement period. The final claim shall be submitted no later than October 31, 2026 on a form approved by the Department. If the final claim is submitted after October 31, 2026, the claim must be accompanied by a justification letter. The Department may deny the claim.

   The Department will pay the Grantee for the following:

   a. claims submitted by the 10th of each month; claims submitted after the 10th of each month will not be paid unless the Department directs the Grantee to submit on an alternate schedule; b. pay, including overtime, for officers conducting traffic safety occupant protection focused enforcement in areas consistent with the enforcement plan;
   c. attendance at, and excess per diem for, operation safe kids training and the four-day NHTSA standardized child passenger safety training;
   d. assistance at child safety seat clinics or car seat fitting stations; and
   e. the employer's portion of related FICA taxes for each reimbursed hour if payment of such is included as a provision in the agency's written policy, personnel rule, municipal or county resolution, union, or association contract, or other document submitted to and accepted by the Department.

5. **Reporting.** *The Grantee must submit activity reports by the 10th of each month using the activity report form provided unless otherwise directed by the Department.* Activity reports must include the type of activity and types of citations issued. The Grantee must report all citations to the Motor Vehicle Division of the New Mexico Taxation and Revenue Department and to the appropriate court in accordance with New Mexico law. The Grantee must submit timely crash reports to the Department in accordance with NMSA 1978, Section 66-7-207. If the Grantee does not submit crash reports in accordance with NMSA 1978, Section 66-7-207, the Department may hold reimbursement claims until this provision is met.

6. **Funding.** The Department expects the funding source to be IIJA 405b Transfer Funds and the Catalog of Federal Domestic Assistance (CFDA) number to be 20.616. However, both funding source and CFDA number are subject to change at the Department's discretion. The Grantee may transfer funds between budget categories only with prior written approval from the Department. The project's itemized budget is as follows:

Personal Services	$9,198.00
Contractual Services	$0.00
Commodities	$0.00
Indirect	$0.00
Other	$0.00

Docusign Envelope ID: 09670F0C-3B95-45CC-AB7D-BE541D0C437D

TOTAL	$9,198.00

7. Goals.

a. Projected annual and five-year average unrestrained vehicle occupant fatality data indicate increasing numbers and rates of these fatalities from 2021 through 2026. Given the State's comprehensive set of proven countermeasure strategies and associated projects, including enforcement of primary seat belt and child restraint use laws, high-visibility media, and child safety seat distribution system, the State has set a 2025 five-year average target of 122.6 unrestrained vehicle occupant fatalities, and a 2026 five-year average target of 122.5.

b. The State anticipates being able to increase its seat belt use to at least 90 percent over the next three years, and although projections indicate a decline in these numbers through 2026, the State has determined to set targets of 90 percent in 2024, 2025 and 2026.

Docusign Envelope ID: 09670F0C-3B95-45CC-AB7D-BE541D0C437D

Exhibit C: Scope of Work, Training, Reimbursement and Reporting

SELECTIVE TRAFFIC ENFORCEMENT PROGRAM (STEP) and
SUMMER ENFORCEMENT PERIOD Project Number: 06-PT-02-090

1. **Scope of Work.** The Grantee shall conduct directed enforcement patrols (DEPs) in high crash locations identified in data compiled by local, state or federal government agencies and contained in the Grantee's Operational Plan. The Department encourages the Grantee to accompany the DEPs with public information, media and educational activities. DEPs must deploy officers in high crash locations consistent with the Operational Plan. If the DEPs were conducted in areas not consistent with the Operational Plan, the Grantee must submit a justification with the invoice for these services. The Department may deny the invoice for DEPs based on the justification. *The Grantee is encouraged to schedule DEPS through the grant period with a focus on participating during the Summer enforcement period which runs August 12, 2026 through September 7, 2026.*

2. **Definitions.** For purposes of this exhibit, the following definitions apply:

   "Agency Coordinator" means the person assigned by the Grantee to assume direct responsibility for administering all phases of the Agreement.

   "Directed Enforcement Patrols" means activities that enforce traffic laws in areas consistent with the agency's operational plan.

   "Operational Plan" means a plan based on the most current crash data that identifies the problem to be addressed, goals to be achieved, and the performance measures to be employed. The Grantee may update its operational plan as needed to align with current trends.

3. **Training and Qualifications.** The Agency Coordinator must attend the Department's Law Enforcement Coordinators symposium and other Department training as required. The Grantee shall notify the Department of any changes to its Agency Coordinator as soon as possible. The Grantee's participating officers must have law enforcement certifications in all areas necessary to conduct the services noted in Section 1 of this exhibit. The Grantee shall keep documentation of training and provide the Department with a list of certified officers on request.

4. **Reimbursement.** The Department will pay the Grantee for the actual cost paid to personnel that worked DEPs. Claims for payment must specify officers' actual hourly rate of overtime pay based on the Grantee's overtime policy; the Department will not pay any amount in excess of that rate or for any amount that is not above and beyond the officers normal duties. At minimum, the Grantee should submit monthly claims no later than the 10th of each month during this Agreement period. The final claim shall be submitted no later than October 31, 2026 on a form approved by the Department. If the final claim is submitted after October 31, 2026, the claim must be accompanied by a justification letter. The Department may deny the claim.

   The Department will reimburse the Grantee for the following:

a. claims submitted by the 10th of each month; claims submitted after the tenth of each month will not be paid unless the Department directs the Grantee to submit on an alternate schedule;
b. Pay, including overtime pay, for officers conducting the traffic safety enforcement described in paragraph 1 of this **Exhibit C;**
c. training for officers as approved by the Department. Pay for travel and traffic safety related training; and
d. the employer's portion of related FICA taxes for each reimbursed hour if payment of such is included as a provision in the agency's written policy, personnel rule, municipal or county resolution, union, or association contract, or other document submitted to and accepted by the Department.

5. **Reporting.** *The Grantee must submit activity reports by the 10th of each month using the activity report form provided unless otherwise directed by the Department.* Activity reports must include the type of activity and types of citations issued. The Grantee must report all citations to the Motor Vehicle Division of the New Mexico Taxation and Revenue Department and to the appropriate court in accordance with New Mexico law. The Grantee must submit timely crash reports to the Department in accordance with NMSA 1978, Section 66-7-207. If the Grantee does not submit crash reports in accordance with NMSA 1978, Section 66-7-207, the Department may hold reimbursement claims until this provision is met.

6. **Funding – STEP.** The Department expects the funding source to be IIJA NHTSA 402 and the Catalog of Federal Domestic Assistance (CFDA) number to be 20.600. However, both funding source and CFDA number are subject to change at the Department's discretion. The Grantee may transfer funds between budget categories only with prior written approval from the Department. The project's itemized budget is as follows:

Personal Services	$30,303.00
Contractual Services	$0.00
Commodities	$0.00
Indirect	$0.00
Other	$0.00
TOTAL	$30,303.00

7. **Goals.**

a. Annual and five-year average speeding-related fatality data indicate increasing numbers and rates of such fatalities from 2021 through 2026. The State's Police Traffic Services program is focused on all dangerous driving behaviors, including speeding. The proven countermeasure of high-visibility enforcement will support the State's efforts to reduce these fatalities by prioritizing identified high-risk community streets and roadways, and by providing support and training to law enforcement officers. The State has set a 20245annual target of 160 speeding-related fatalities, and a 2026 annual target of 150 speeding-related fatalities.
b. Annual and five-year average alcohol-impaired fatality data indicate increasing numbers and rates of these fatalities from 2021 through 2026. The State's comprehensive set of proven countermeasure strategies and projects including ENDWI enforcement and

media, law enforcement and prosecution support, supervised probation, drug courts and court monitoring will assist the State in achieving reductions in these preventable fatalities. The State has set a 2025 annual target of 140 alcohol impaired fatalities, and a 2026 annual target of 130 alcohol-impaired fatalities.

c. Annual and five-year average unrestrained vehicle occupant fatality data indicate increasing numbers and rates of these fatalities from 2021 through 2026. Given the State's comprehensive set of proven countermeasure strategies and associated projects, including enforcement of primary seat belt and child restraint use laws, high-visibility media, and child safety seat distribution system, the State has set a 2025 five-year average target of 122.6 unrestrained vehicle, and a 2026 target of 122.5 fatalities.

d. The State anticipates being able to increase its seat belt use to at least 90 percent over the next three years, and although projections indicate a decline in these numbers through 2026, the State has set targets of 90 percent seat belt use in 2024, 2025 and 2026.

e. Five-year average fatalities indicate increasing fatalities from 415.6 in 2021 to 470.4 in 2024; however the State has set a 2025 five-year target of 415.4 fatalities, with reductions in 2026.

f. The methodology used to project five-year average suspected serious injuries indicate decreasing levels between 2021 to 2024, with levels more in the 2021 range in 2025 and 2026; however the State has set a 2025 five-year target of 1,010.0 serious injuries, with reductions through 2026.

g. Five-year average motorcyclist data indicate between 50 and 52 motorcyclist fatalities between 2021 and 2024, with slightly higher projections for 2025 and 2026. The State's Motorcycle Safety Program projects focused on Motorcyclist Rider Training, includes highlighting dangerous driving behaviors, such as impaired driving and non-helmet driving or riding. NMDOT also supports motorcycle safety awareness, communications and outreach to both motorcyclists and other vehicle drivers. The State has set a 2025 five-year average target of 49.5 motorcyclist fatalities, with reductions each year through 2026.

h. Projected annual data for under-21 drivers in fatal crashes indicate a reduction in these crashes from a high of 66 in 2021 to 50 (per 2022 preliminary data); however projected data indicate higher numbers of these crashes from 2023 through 2026. The State-funded Driver Education and Driver Safety Program aims to provide quality and comprehensive driver safety education throughout the State to novice drivers with the goal of reducing preventable fatalities. The State has set a 2025 annual target of 55 under -21 drivers in fatal crashes, with reductions each year through 2026.

i. 2021 pedestrian fatalities were at their highest level in over a decade at 102 in 2021, rising from 79 in 2020. 2022 preliminary data indicate a slight decrease to 94, but projections for 2024-2026 are indicating higher numbers of these fatalities. The State has set a 2025 annual target of 90 pedestrian fatalities, with reductions each year through 2026.

j. 2021 five-year bicyclist fatalities were at their highest level in the last five years. Although the five-year average is expected to go up slightly in 2022, projections indicate a downward trend and given this, the State has set a 2025 five-year average target of 5.5 bicyclist fatalities, with reductions each year through 2026.

Exhibit D
Distracted Driving

Exhibit D: Scope of Work, Training, Reimbursement and Reporting

Distrated Driving Project Number: 06-DD-05e-090

1. **Scope of Work.** The Grantee shall conduct distracted driving directed enforcement patrols (DDDEPs) in high crash locations identified in data compiled by local, state or federal government agencies and contained in the Grantee's Operational Plan. The Department encourages the Grantee to accompany the DDDEPs with public information, media and educational activities. DEPs must deploy officers in high crash locations consistent with the enforcement plan for distracted driving issues. If the DEPs were conducted in areas not consistent with the enforcement plan, the Grantee must submit a justification with the invoice for these services. The Department may deny the invoice for DEPs based on the justification. The Grantee is encouraged to schedule DEPs throughout the grant period with a focus on participating during the **"Spring Superblitz Period- Put the Phone Away or Pay"** for distracted driving.

2. **Definitions.** For purposes of this exhibit, the following definitions apply:

   "Agency Coordinator" means the person assigned by the Grantee to assume direct responsibility for administering all phases of the Agreement.

   "Directed Enforcement Patrols" means activities that enforce traffic laws in areas consistent with the agency's operational plan.

   "Operational Plan" means a plan based on the most current crash data that identifies the problem to be addressed, goals to be achieved, and the performance measures to be employed. The Grantee may update its operational plan as needed to align with current trends.

   "Spring Superblitz Period- Put the Phone Away or Pay" means April 6 to April 13, 2026.

3. **Training and Qualifications.** The Agency Coordinator must attend the Department's Law Enforcement Coordinators symposium and other Department training as required. The Grantee shall notify the Department of any changes to its Agency Coordinator as soon as possible. The Grantee's participating officers must have law enforcement certifications in all areas necessary to conduct the services noted in Section 1 of this exhibit. The Grantee shall keep documentation of training and provide the Department with a list of certified officers on request.

4. **Reimbursement.** The Department will pay the Grantee for the actual cost paid to personnel that

worked the ,DEPs. Claims for payment must specify officers' actual hourly rate of overtime pay based on the Grantee's overtime policy; the Department will not pay any amount in excess of that rate or for any amount that is not above and beyond the officers normal duties. At minimum, the Grantee should submit monthly claims no later than the 10th of each month during this Agreement period. The final claim shall be submitted no later than October 31, 2026. If the final claim is submitted after October 31, 2026, the claim must be accompanied by a justification letter. The Department may deny the claim.

Each claim must be on a form approved by the Department. The Department will pay the Grantee for the following:

a. claims submitted by the 10th of each month; claims submitted after the 10th of each month will not be paid unless the Department directs the Grantee to submit on an alternate schedule;;
b. pay, including overtime, for officers conducting traffic safety DWI enforcement in areas consistent with the enforcement plan;
c. overtime costs for officers or authorized personnel to support activities directly related to the DEPs conducted during the claim month. Authorized personnel may include dispatcher(s), transport personnel, and others as authorized by checkpoint supervisor or command staff. The Grantee can only claim up to ten percent (10%) of the total monthly claim amount;
d. in-state travel and related expenses for officers to attend DWI related training approved by the Department in advance to be reimbursed in accordance with 2.42.2 NMAC; and
e. the employer's portion of related FICA taxes for each reimbursed hour if payment of such is included as a provision in the agency's written policy, personnel rule, municipal or county resolution, union, or association contract, or other document submitted to and accepted by the Department.

5. **Reporting.** *The Grantee must submit activity reports by the 10th of each month using the activity report form provided unless otherwise directed by the Department.* Activity reports must include the type of activity and types of citations issued. The Grantee must report all citations to the Motor Vehicle Division of the New Mexico Taxation and Revenue Department and to the appropriate court in accordance with New Mexico law. The Grantee must submit timely crash reports to the Department in accordance with NMSA 1978, Section 66-7-207. If the Grantee does not submit crash reports in accordance with NMSA 1978, Section 66-7-207, the Department may hold reimbursement claims until this provision is met.

6. **Funding.** The Department expects the funding source to be IIJA Distracted Driving Funds and the Catalog of Federal Domestic Assistance (CFDA) number to be 20.616. However, both funding source and CFDA number are subject to change at the Department's discretion. The Grantee may transfer funds between budget categories only with prior written approval from the Department. The project's itemized budget is as follows:

Personal Services	$4,536.00
Contractual Services	$0.00

Docusign Envelope ID: 09670F0C-3B95-45CC-AB7D-BE541D0C437D

Commodities	$0.00
Indirect	$0.00
Other	$0.00
TOTAL	$4,536.00

7. **Goals.** Projected annual data indicate the increasing numners and rates of these fatalities through 2026. The State's Police Traffic Services projects of state-wide high-visibiliy distracted driving and speed enforcement will reach approximately 96% of the State's population, coupled with education and media activities with the anticipated outcome of reducing these fatalities. The State has set a 2026 annual target of 170 fatalities in distracted driving crashes.

Docusign Envelope ID: 09670F0C-3B95-45CC-AB7D-BE541D0C437D

Appendix A to Part 1300—Certifications and Assurances for Highway Safety Grants

[Each fiscal year, the Governor's Representative for Highway Safety must sign these Certifications and Assurances affirming that the State complies with all requirements, including applicable Federal statutes and regulations, that are in effect during the grant period.
Requirements that also apply to subrecipients are noted under the applicable caption.]

State: New Mexico Fiscal Year: 2026

By submitting an application for Federal grant funds under 23 U.S.C. Chapter 4 or Section 1906, Public Law 109-59, as amended by Section 25024, Public Law 117-58, the State Highway Safety Office acknowledges and agrees to the following conditions and requirements. In my capacity as the Governor's Representative for Highway Safety, I hereby provide the following Certifications and Assurances:

GENERAL REQUIREMENTS

The State will comply with applicable statutes and regulations, including but not limited to:

- 23 U.S.C. Chapter 4—Highway Safety Act of 1966, as amended;
- Sec. 1906, Public Law 109-59, as amended by Sec. 25024, Public Law 117-58;
- 23 CFR part 1300—Uniform Procedures for State Highway Safety Grant Programs;
- 2 CFR part 200—Uniform Administrative Requirements, Cost Principles, and Audit
- Requirements for Federal Awards;
- 2 CFR part 1201—Department of Transportation, Uniform Administrative Requirements, Cost Principles, and Audit Requirements for Federal Awards.

INTERGOVERNMENTAL REVIEW OF FEDERAL PROGRAMS

The State has submitted appropriate documentation for review to the single point of contact designated by the Governor to review Federal programs, as required by Executive Order 12372 (Intergovernmental Review of Federal Programs).

FEDERAL FUNDING ACCOUNTABILITY AND TRANSPARENCY ACT (FFATA)

The State will comply with FFATA guidance, *OMB Guidance on FFATA Subaward and Executive Compensation Reporting*, August 27, 2010, (https://www.fsrs.gov/documents/OMB_Guidance_on_FFATA_Subaward_and_Executive_Compensation_Reporting_08272010.pdf) by

reporting to FSRS.gov for each sub-grant awarded:

- Name of the entity receiving the award;
- Amount of the award;

- Information on the award including transaction type, funding agency, the North American Industry Classification System code or Catalog of Federal Domestic Assistance number (where applicable), program source;
- Location of the entity receiving the award and the primary location of performance under the award, including the city, State, congressional district, and country; and an award title descriptive of the purpose of each funding action;
    - Unique entity identifier (generated by **SAM.gov**);
- The names and total compensation of the five most highly compensated officers of the entity if:

  (i) the entity in the preceding fiscal year received—

  (I) 80 percent or more of its annual gross revenues in Federal awards;

  (II) $25,000,000 or more in annual gross revenues from Federal awards; and

  (ii) the public does not have access to information about the compensation of the senior executives of the entity through periodic reports filed under section 13(a) or 15(d) of the Securities Exchange Act of 1934 (15 U.S.C. 78m(a), 78o(d)) or section 6104 of the Internal Revenue Code of 1986;
- Other relevant information specified by OMB guidance.

NONDISCRIMINATION

(applies to subrecipients as well as States)

The State highway safety agency [and its subrecipients] will comply with all Federal statutes and implementing regulations relating to nondiscrimination ("Federal Nondiscrimination Authorities"). These include but are not limited to:

- *Title VI of the Civil Rights Act of 1964* (42 U.S.C. 2000d *et seq.*, 78 stat. 252), (prohibits discrimination on the basis of race, color, national origin);
- *49 CFR part 21* (entitled *Non-discrimination in Federally-Assisted Programs of the Department of Transportation—Effectuation of Title VI of the Civil Rights Act of 1964*);
- *28 CFR 50.3* (U.S. Department of Justice Guidelines for Enforcement of Title VI of the Civil Rights Act of 1964);
- *The Uniform Relocation Assistance and Real Property Acquisition Policies Act of 1970,* (42 U.S.C. 4601), (prohibits unfair treatment of persons displaced or whose property has been acquired because of Federal or Federal-aid programs and projects);
- *Federal-Aid Highway Act of 1973, (23 U.S.C. 324 et seq.), and Title IX of the Education Amendments of 1972,* as amended (20 U.S.C. 1681-1683 and 1685-1686) (prohibit discrimination on the basis of sex);
- *Section 504 of the Rehabilitation Act of 1973,* (29 U.S.C. 794 *et seq.*), as amended, (prohibits discrimination on the basis of disability) and 49 CFR part 27;

- *The Age Discrimination Act of 1975,* as amended, (42 U.S.C. 6101 *et seq.*), (prohibits discrimination on the basis of age);
- *The Civil Rights Restoration Act of 1987,* (Pub. L. 100-209), (broadens scope, coverage, and applicability of Title VI of the Civil Rights Act of 1964, The Age Discrimination Act of 1975 and Section 504 of the Rehabilitation Act of 1973, by expanding the definition of the terms "programs or activities" to include all of the programs or activities of the

Federal aid recipients, subrecipients and contractors, whether such programs or activities are Federally-funded or not);

- *Titles II and III of the Americans with Disabilities Act* (42 U.S.C. 12131-12189) (prohibits discrimination on the basis of disability in the operation of public entities, public and private transportation systems, places of public accommodation, and certain testing) and 49 CFR parts 37 and 38

The preceding statutory and regulatory cites hereinafter are referred to as the "Acts" and "Regulations," respectively.

GENERAL ASSURANCES

In accordance with the Acts, the Regulations, and other pertinent directives, circulars, policy, memoranda, and/or guidance, the Recipient hereby gives assurance that it will promptly take any measures necessary to ensure that:

"No person in the United States shall, on the grounds of race, color, or national origin, be excluded from participation in, be denied the benefits of, or be otherwise subjected to discrimination under any program or activity, for which the Recipient receives Federal financial assistance from DOT, including NHTSA."

The Civil Rights Restoration Act of 1987 clarified the original intent of Congress, with respect to Title VI of the Civil Rights Act of 1964 and other non-discrimination requirements (the Age Discrimination Act of 1975, and Section 504 of the Rehabilitation Act of 1973), by restoring the broad, institutional-wide scope and coverage of these nondiscrimination statutes and requirements to include all programs and activities of the Recipient, so long as any portion of the program is Federally assisted.

Docusign Envelope ID: 09670F0C-3B95-45CC-AB7D-BE541D0C437D

SPECIFIC ASSURANCES

More specifically, and without limiting the above general Assurance, the Recipient agrees with and gives the following Assurances with respect to its Federally assisted Highway Safety Grant Program:

1. The Recipient agrees that each "activity," "facility," or "program," as defined in § 21.23(b) and (e) of 49 CFR part 21 will be (with regard to an "activity") facilitated, or will be (with regard to a "facility") operated, or will be (with regard to a "program") conducted in compliance with all requirements imposed by, or pursuant to the Acts and the Regulations.
2. The Recipient will insert the following notification in all solicitations for bids, Requests For Proposals for work, or material subject to the Acts and the Regulations made in connection with all Highway Safety Grant Programs and, in adapted form, in all proposals for negotiated agreements regardless of funding source:
   "The [name of Recipient], in accordance with the provisions of Title VI of the Civil Rights Act of 1964 (78 Stat. 252, 42 U.S.C 2000d to 2000d-4) and the Regulations, hereby notifies all bidders that it will affirmatively ensure that in any contract entered into pursuant to this advertisement, disadvantaged business enterprises will be afforded full and fair opportunity to submit bids in response to this invitation and will not be discriminated against on the grounds of race, color, or national origin in consideration for an award."
3. The Recipient will insert the clauses of appendix A and E of this Assurance (also referred to as DOT Order 1050.2A) [1] in every contract or agreement subject to the Acts and the Regulations.
4. The Recipient will insert the clauses of appendix B of DOT Order 1050.2A, as a covenant running with the land, in any deed from the United States effecting or recording a transfer of real property, structures, use, or improvements thereon or interest therein to a Recipient.
5. That where the Recipient receives Federal financial assistance to construct a facility, or part of a facility, the Assurance will extend to the entire facility and facilities operated in connection therewith.
6. That where the Recipient receives Federal financial assistance in the form of, or for the acquisition of, real property or an interest in real property, the Assurance will extend to rights to space on, over, or under such property.
7. That the Recipient will include the clauses set forth in appendix C and appendix D of this DOT Order 1050.2A, as a covenant running with the land, in any future deeds, leases, licenses, permits, or similar instruments entered into by the Recipient with other parties:
   a. for the subsequent transfer of real property acquired or improved under the applicable activity, project, or program; and
   b. for the construction or use of, or access to, space on, over, or under real property acquired or improved under the applicable activity, project, or program.
8. That this Assurance obligates the Recipient for the period during which Federal financial assistance is extended to the program, except where the Federal financial assistance is to provide, or is in the form of, personal property, or real property, or interest therein, or

structures or improvements thereon, in which case the Assurance obligates the Recipient, or any transferee for the longer of the following periods:

a. the period during which the property is used for a purpose for which the Federal financial assistance is extended, or for another purpose involving the provision of similar services or benefits; or
b. the period during which the Recipient retains ownership or possession of the property.

9. The Recipient will provide for such methods of administration for the program as are found by the Secretary of Transportation or the official to whom he/she delegates specific authority to give reasonable guarantee that it, other recipients, sub-recipients, sub-grantees, contractors, subcontractors, consultants, transferees, successors in interest, and other participants of Federal financial assistance under such program will comply with all requirements imposed or pursuant to the Acts, the Regulations, and this Assurance.
10. The Recipient agrees that the United States has a right to seek judicial enforcement with regard to any matter arising under the Acts, the Regulations, and this Assurance.

By signing this ASSURANCE, the State highway safety agency also agrees to comply (and require any sub-recipients, sub-grantees, contractors, successors, transferees, and/or assignees to comply) with all applicable provisions governing NHTSA's access to records, accounts, documents, information, facilities, and staff. You also recognize that you must comply with any program or compliance reviews, and/or complaint investigations conducted by NHTSA. You must keep records, reports, and submit the material for review upon request to NHTSA, or its designee in a timely, complete, and accurate way. Additionally, you must comply with all other reporting, data collection, and evaluation requirements, as prescribed by law or detailed in program guidance.

The State highway safety agency gives this ASSURANCE in consideration of and for obtaining any Federal grants, loans, contracts, agreements, property, and/or discounts, or other Federal-aid and Federal financial assistance extended after the date hereof to the recipients by the U.S. Department of Transportation under the Highway Safety Grant Program. This ASSURANCE is binding on the State highway safety agency, other recipients, sub-recipients, sub-grantees, contractors, subcontractors and their subcontractors', transferees, successors in interest, and any other participants in the Highway Safety Grant Program. The person(s) signing below is/are authorized to sign this ASSURANCE on behalf of the Recipient.

THE DRUG-FREE WORKPLACE ACT OF 1988 (41 U.S.C. 8103)

The State will provide a drug-free workplace by:

a. Publishing a statement notifying employees that the unlawful manufacture, distribution, dispensing, possession or use of a controlled substance is prohibited in the grantee's workplace, and specifying the actions that will be taken against employees for violation of such prohibition;
b. Establishing a drug-free awareness program to inform employees about:
    1. The dangers of drug abuse in the workplace;
    2. The grantee's policy of maintaining a drug-free workplace;

3. Any available drug counseling, rehabilitation, and employee assistance programs;
4. The penalties that may be imposed upon employees for drug violations occurring in the workplace;
5. Making it a requirement that each employee engaged in the performance of the grant be given a copy of the statement required by paragraph (a);

c. Notifying the employee in the statement required by paragraph (a) that, as a condition of employment under the grant, the employee will—
   1. Abide by the terms of the statement;
   2. Notify the employer of any criminal drug statute conviction for a violation occurring in the workplace no later than five days after such conviction;
d. Notifying the agency within ten days after receiving notice under subparagraph (c)(2) from an employee or otherwise receiving actual notice of such conviction;
e. Taking one of the following actions, within 30 days of receiving notice under subparagraph (c)(2), with respect to any employee who is so convicted—
   1. Taking appropriate personnel action against such an employee, up to and including termination;
   2. Requiring such employee to participate satisfactorily in a drug abuse assistance or rehabilitation program approved for such purposes by a Federal, State, or local health, law enforcement, or other appropriate agency;
f. Making a good faith effort to continue to maintain a drug-free workplace through implementation of all of the paragraphs above.

POLITICAL ACTIVITY (HATCH ACT)

(applies to subrecipients as well as States)

The State will comply with provisions of the Hatch Act (5 U.S.C. 1501-1508), which limits the political activities of employees whose principal employment activities are funded in whole or in part with Federal funds.

CERTIFICATION REGARDING FEDERAL LOBBYING

(applies to subrecipients as well as States)

CERTIFICATION FOR CONTRACTS, GRANTS, LOANS, AND COOPERATIVE AGREEMENTS

The undersigned certifies, to the best of his or her knowledge and belief, that:

1. No Federal appropriated funds have been paid or will be paid, by or on behalf of the undersigned, to any person for influencing or attempting to influence an officer or employee of any agency, a Member of Congress, an officer or employee of Congress, or an employee of a Member of Congress in connection with the awarding of any Federal contract, the making of any Federal grant, the making of any Federal loan, the entering into of any cooperative agreement, and the extension, continuation, renewal, amendment, or modification of any Federal contract, grant, loan, or cooperative agreement;
2. If any funds other than Federal appropriated funds have been paid or will be paid to any person for influencing or attempting to influence an officer or employee of any agency, a

Member of Congress, an officer or employee of Congress, or an employee of a Member of Congress in connection with this Federal contract, grant, loan, or cooperative agreement, the undersigned shall complete and submit Standard Form-LLL, "Disclosure Form to Report Lobbying," in accordance with its instructions;

3. The undersigned shall require that the language of this certification be included in the award documents for all sub-awards at all tiers (including subcontracts, subgrants, and contracts under grant, loans, and cooperative agreements) and that all subrecipients shall certify and disclose accordingly.

This certification is a material representation of fact upon which reliance was placed when this transaction was made or entered into. Submission of this certification is a prerequisite for making or entering into this transaction imposed by section 1352, title 31, U.S. Code. Any person who fails to file the required certification shall be subject to a civil penalty of not less than $10,000 and not more than $100,000 for each such failure.

RESTRICTION ON STATE LOBBYING

(applies to subrecipients as well as States)

None of the funds under this program will be used for any activity specifically designed to urge or influence a State or local legislator to favor or oppose the adoption of any specific legislative proposal pending before any State or local legislative body. Such activities include both direct and indirect (*e.g.*, "grassroots") lobbying activities, with one exception. This does not preclude a State official whose salary is supported with NHTSA funds from engaging in direct communications with State or local legislative officials, in accordance with customary State practice, even if such communications urge legislative officials to favor or oppose the adoption of a specific pending legislative proposal.

CERTIFICATION REGARDING DEBARMENT AND SUSPENSION

(applies to subrecipients as well as States)

INSTRUCTIONS FOR PRIMARY TIER PARTICIPANT CERTIFICATION (STATES)

1. By signing and submitting this proposal, the prospective primary tier participant is providing the certification set out below and agrees to comply with the requirements of 2 CFR parts 180 and 1200.
2. The inability of a person to provide the certification required below will not necessarily result in denial of participation in this covered transaction. The prospective primary tier participant shall submit an explanation of why it cannot provide the certification set out below. The certification or explanation will be considered in connection with the department or agency's determination whether to enter into this transaction. However, failure of the prospective primary tier participant to furnish a certification or an explanation shall disqualify such person from participation in this transaction.
3. The certification in this clause is a material representation of fact upon which reliance was placed when the department or agency determined to enter into this transaction. If it is later determined that the prospective primary tier participant knowingly rendered an

erroneous certification, in addition to other remedies available to the Federal Government, the department or agency may terminate this transaction for cause or default or may pursue suspension or debarment.

4. The prospective primary tier participant shall provide immediate written notice to the department or agency to which this proposal is submitted if at any time the prospective primary tier participant learns its certification was erroneous when submitted or has become erroneous by reason of changed circumstances.
5. The terms **covered transaction, civil judgment, debarment, suspension, ineligible, participant, person, principal, and voluntarily excluded,** as used in this clause, are defined in 2 CFR parts 180 and 1200. You may contact the department or agency to which this proposal is being submitted for assistance in obtaining a copy of those regulations.
6. The prospective primary tier participant agrees by submitting this proposal that, should the proposed covered transaction be entered into, it shall not knowingly enter into any lower tier covered transaction with a person who is proposed for debarment under 48 CFR part 9, subpart 9.4, debarred, suspended, declared ineligible, or voluntarily excluded from participation in this covered transaction, unless authorized by the department or agency entering into this transaction.
7. The prospective primary tier participant further agrees by submitting this proposal that it will include the clause titled "Instructions for Lower Tier Participant Certification" including the "Certification Regarding Debarment, Suspension, Ineligibility and Voluntary Exclusion—Lower Tier Covered Transaction," provided by the department or agency entering into this covered transaction, without modification, in all lower tier covered transactions and in all solicitations for lower tier covered transactions and will require lower tier participants to comply with 2 CFR parts 180 and 1200.
8. A participant in a covered transaction may rely upon a certification of a prospective participant in a lower tier covered transaction that it is not proposed for debarment under 48 CFR part 9, subpart 9.4, debarred, suspended, ineligible, or voluntarily excluded from the covered transaction, unless it knows that the certification is erroneous. A participant is responsible for ensuring that its principals are not suspended, debarred, or otherwise ineligible to participate in covered transactions. To verify the eligibility of its principals, as well as the eligibility of any prospective lower tier participants, each participant may, but is not required to, check the System for Award Management Exclusions website (*https://www.sam.gov/*).
9. Nothing contained in the foregoing shall be construed to require establishment of a system of records in order to render in good faith the certification required by this clause. The knowledge and information of a participant is not required to exceed that which is normally possessed by a prudent person in the ordinary course of business dealings.
10. Except for transactions authorized under paragraph 6 of these instructions, if a participant in a covered transaction knowingly enters into a lower tier covered transaction with a person who is proposed for debarment under 48 CFR part 9, subpart 9.4, suspended, debarred, ineligible, or voluntarily excluded from participation in this transaction, in addition to other remedies available to the Federal Government, the department or agency may terminate the transaction for cause or default.

CERTIFICATION REGARDING DEBARMENT, SUSPENSION, AND OTHER RESPONSIBILITY MATTERS—PRIMARY TIER COVERED TRANSACTIONS

1. The prospective primary tier participant certifies to the best of its knowledge and belief, that it and its principals:
    a. Are not presently debarred, suspended, proposed for debarment, declared ineligible, or voluntarily excluded from participating in covered transactions by any Federal department or agency;
    b. Have not within a three-year period preceding this proposal been convicted of or had a civil judgment rendered against them for commission of fraud or a criminal offense in connection with obtaining, attempting to obtain, or performing a public (Federal, State, or local) transaction or contract under a public transaction; violation of Federal or State antitrust statutes or commission of embezzlement, theft, forgery, bribery, falsification or destruction of records, making false statements, or receiving stolen property;
    c. Are not presently indicted for or otherwise criminally or civilly charged by a governmental entity (Federal, State, or local) with commission of any of the offenses enumerated in paragraph (1)(b) of this certification; and
    d. Have not within a three-year period preceding this application/proposal had one or more public transactions (Federal, State, or local) terminated for cause or default.
2. Where the prospective primary tier participant is unable to certify to any of the Statements in this certification, such prospective participant shall attach an explanation to this proposal.

INSTRUCTIONS FOR LOWER TIER PARTICIPANT CERTIFICATION

1. By signing and submitting this proposal, the prospective lower tier participant is providing the certification set out below and agrees to comply with the requirements of 2 CFR parts 180 and 1200.
2. The certification in this clause is a material representation of fact upon which reliance was placed when this transaction was entered into. If it is later determined that the prospective lower tier participant knowingly rendered an erroneous certification, in addition to other remedies available to the Federal Government, the department or agency with which this transaction originated may pursue available remedies, including suspension or debarment.
3. The prospective lower tier participant shall provide immediate written notice to the person to which this proposal is submitted if at any time the prospective lower tier participant learns that its certification was erroneous when submitted or has become erroneous by reason of changed circumstances.
4. The terms **covered transaction, civil judgment, debarment, suspension, ineligible, participant, person, principal, and voluntarily excluded,** as used in this clause, are defined in 2 CFR parts 180 and 1200. You may contact the person to whom this proposal is submitted for assistance in obtaining a copy of those regulations.

5. The prospective lower tier participant agrees by submitting this proposal that, should the proposed covered transaction be entered into, it shall not knowingly enter into any lower tier covered transaction with a person who is proposed for debarment under 48 CFR part 9, subpart 9.4, debarred, suspended, declared ineligible, or voluntarily excluded from participation in this covered transaction, unless authorized by the department or agency with which this transaction originated.
6. The prospective lower tier participant further agrees by submitting this proposal that it will include the clause titled "Instructions for Lower Tier Participant Certification" including the "Certification Regarding Debarment, Suspension, Ineligibility and Voluntary Exclusion—Lower Tier Covered Transaction," without modification, in all lower tier covered transactions and in all solicitations for lower tier covered transactions and will require lower tier participants to comply with 2 CFR parts 180 and 1200.
7. A participant in a covered transaction may rely upon a certification of a prospective participant in a lower tier covered transaction that it is not proposed for debarment under 48 CFR part 9, subpart 9.4, debarred, suspended, ineligible, or voluntarily excluded from the covered transaction, unless it knows that the certification is erroneous. A participant is responsible for ensuring that its principals are not suspended, debarred, or otherwise ineligible to participate in covered transactions. To verify the eligibility of its principals, as well as the eligibility of any prospective lower tier participants, each participant may, but is not required to, check the System for Award Management Exclusions website (*https://www.sam.gov/*).
8. Nothing contained in the foregoing shall be construed to require establishment of a system of records in order to render in good faith the certification required by this clause. The knowledge and information of a participant is not required to exceed that which is normally possessed by a prudent person in the ordinary course of business dealings.
9. Except for transactions authorized under paragraph 5 of these instructions, if a participant in a covered transaction knowingly enters into a lower tier covered transaction with a person who is proposed for debarment under 48 CFR part 9, subpart 9.4, suspended, debarred, ineligible, or voluntarily excluded from participation in this transaction, in addition to other remedies available to the Federal Government, the department or agency with which this transaction originated may pursue available remedies, including suspension or debarment.

CERTIFICATION REGARDING DEBARMENT, SUSPENSION, INELIGIBILITY AND VOLUNTARY EXCLUSION—LOWER TIER COVERED TRANSACTIONS

1. The prospective lower tier participant certifies, by submission of this proposal, that neither it nor its principals is presently debarred, suspended, proposed for debarment, declared ineligible, or voluntarily excluded from participating in covered transactions by any Federal department or agency.
2. Where the prospective lower tier participant is unable to certify to any of the statements in this certification, such prospective participant shall attach an explanation to this proposal.

BUY AMERICA
(applies to subrecipients as well as States)

The State and each subrecipient will comply with the Buy America requirement (23 U.S.C. 313) when purchasing items using Federal funds. Buy America requires a State, or subrecipient, to purchase with Federal funds only steel, iron and manufactured products produced in the United States, unless the Secretary of Transportation determines that such domestically produced items would be inconsistent with the public interest, that such materials are not reasonably available and of a satisfactory quality, or that inclusion of domestic materials will increase the cost of the overall project contract by more than 25 percent. In order to use Federal funds to purchase foreign produced items, the State must submit a waiver request that provides an adequate basis and justification for approval by the Secretary of Transportation.

CERTIFICATION ON CONFLICT OF INTEREST
(applies to subrecipients as well as States)

GENERAL REQUIREMENTS

No employee, officer, or agent of a State or its subrecipient who is authorized in an official capacity to negotiate, make, accept, or approve, or to take part in negotiating, making, accepting, or approving any subaward, including contracts or subcontracts, in connection with this grant shall have, directly or indirectly, any financial or personal interest in any such subaward. Such a financial or personal interest would arise when the employee, officer, or agent, any member of his or her immediate family, his or her partner, or an organization which employs or is about to employ any of the parties indicated herein, has a financial or personal interest in or a tangible personal benefit from an entity considered for a subaward. Based on this policy:

1. The recipient shall maintain a written code or standards of conduct that provide for disciplinary actions to be applied for violations of such standards by officers, employees, or agents.
    a. The code or standards shall provide that the recipient's officers, employees, or agents may neither solicit nor accept gratuities, favors, or anything of monetary value from present or potential subawardees, including contractors or parties to subcontracts.
    b. The code or standards shall establish penalties, sanctions, or other disciplinary actions for violations, as permitted by State or local law or regulations.
2. The recipient shall maintain responsibility to enforce the requirements of the written code or standards of conduct.

DISCLOSURE REQUIREMENTS

No State or its subrecipient, including its officers, employees, or agents, shall perform or continue to perform under a grant or cooperative agreement, whose objectivity may be impaired because of any related past, present, or currently planned interest, financial or otherwise, in

organizations regulated by NHTSA or in organizations whose interests may be substantially affected by NHTSA activities. Based on this policy:

1. The recipient shall disclose any conflict of interest identified as soon as reasonably possible, making an immediate and full disclosure in writing to NHTSA. The disclosure shall include a description of the action which the recipient has taken or proposes to take to avoid or mitigate such conflict.
2. NHTSA will review the disclosure and may require additional relevant information from the recipient. If a conflict of interest is found to exist, NHTSA may (a) terminate the award, or (b) determine that it is otherwise in the best interest of NHTSA to continue the award and include appropriate provisions to mitigate or avoid such conflict.
3. Conflicts of interest that require disclosure include all past, present, or currently planned organizational, financial, contractual, or other interest(s) with an organization regulated by NHTSA or with an organization whose interests may be substantially affected by NHTSA activities, and which are related to this award. The interest(s) that require disclosure include those of any recipient, affiliate, proposed consultant, proposed subcontractor, and key personnel of any of the above. Past interest shall be limited to within one year of the date of award. Key personnel shall include any person owning more than a 20 percent interest in a recipient, and the officers, employees or agents of a recipient who are responsible for making a decision or taking an action under an award where the decision or action can have an economic or other impact on the interests of a regulated or affected organization.

PROHIBITION ON USING GRANT FUNDS TO CHECK FOR HELMET USAGE

(applies to subrecipients as well as States)

The State and each subrecipient will not use 23 U.S.C. Chapter 4 grant funds for programs to check helmet usage or to create checkpoints that specifically target motorcyclists.

POLICY ON SEAT BELT USE

In accordance with Executive Order 13043, Increasing Seat Belt Use in the United States, dated April 16, 1997, the Grantee is encouraged to adopt and enforce on-the-job seat belt use policies and programs for its employees when operating company-owned, rented, or personally-owned vehicles. The National Highway Traffic Safety Administration (NHTSA) is responsible for providing leadership and guidance in support of this Presidential initiative. For information and resources on traffic safety programs and policies for employers, please contact the Network of Employers for Traffic Safety (NETS), a public-private partnership dedicated to improving the traffic safety practices of employers and employees. You can download information on seat belt programs, costs of motor vehicle crashes to employers, and other traffic safety initiatives at *www.trafficsafety.org*. The NHTSA website (*www.nhtsa.gov*) also provides information on statistics, campaigns, and program evaluations and references.

POLICY ON BANNING TEXT MESSAGING WHILE DRIVING

In accordance with Executive Order 13513, Federal Leadership On Reducing Text Messaging While Driving, and DOT Order 3902.10, Text Messaging While Driving, States are encouraged to adopt and enforce workplace safety policies to decrease crashes caused by distracted driving, including policies to ban text messaging while driving company-owned or rented vehicles, Government-owned, leased or rented vehicles, or privately-owned vehicles when on official Government business or when performing any work on or behalf of the Government. States are also encouraged to conduct workplace safety initiatives in a manner commensurate with the size of the business, such as establishment of new rules and programs or re-evaluation of existing programs to prohibit text messaging while driving, and education, awareness, and other outreach to employees about the safety risks associated with texting while driving.

SECTION 402 REQUIREMENTS

1. To the best of my personal knowledge, the information submitted in the annual grant application in support of the State's application for a grant under 23 U.S.C. 402 is accurate and complete.
2. The Governor is the responsible official for the administration of the State highway safety program, by appointing a Governor's Representative for Highway Safety who shall be responsible for a State highway safety agency that has adequate powers and is suitably equipped and organized (as evidenced by appropriate oversight procedures governing such areas as procurement, financial administration, and the use, management, and disposition of equipment) to carry out the program. (23 U.S.C. 402(b)(1)(A))
3. At least 40 percent of all Federal funds apportioned to this State under 23 U.S.C. 402 for this fiscal year will be expended by or on behalf of political subdivisions of the State in carrying out local highway safety programs (23 U.S.C. 402(b)(1)(C)) or 95 percent by and on behalf of Indian tribes (23 U.S.C. 402(h)(2)), unless this requirement is waived in writing. (This provision is not applicable to the District of Columbia, Puerto Rico, the U.S. Virgin Islands, Guam, American Samoa, and the Commonwealth of the Northern Mariana Islands.)
4. The State's highway safety program provides adequate and reasonable access for the safe and convenient movement of physically handicapped persons, including those in wheelchairs, across curbs constructed or replaced on or after July 1, 1976, at all pedestrian crosswalks. (23 U.S.C. 402(b)(1)(D))
5. As part of a comprehensive program, the State will support a data-based traffic safety enforcement program that fosters effective community collaboration to increase public safety, and data collection and analysis to ensure transparency, identify disparities in traffic enforcement, and inform traffic enforcement policies, procedures, and activities. (23 U.S.C. 402(b)(1)(E))
6. The State will implement activities in support of national highway safety goals to reduce motor vehicle related fatalities that also reflect the primary data-related crash factors within the State, as identified by the State highway safety planning process, including:

Docusign Envelope ID: 09670F0C-3B95-45CC-AB7D-BE541D0C437D

- Participation in the National high-visibility law enforcement mobilizations as identified annually in the NHTSA Communications Calendar, including not less than 3 mobilization campaigns in each fiscal year to—
    - Reduce alcohol-impaired or drug-impaired operation of motor vehicles; and
    - Increase use of seat belts by occupants of motor vehicles;
- Sustained enforcement of statutes addressing impaired driving, occupant protection, and driving in excess of posted speed limits;
- An annual statewide seat belt use survey in accordance with 23 CFR part 1340 for the measurement of State seat belt use rates, except for the Secretary of Interior on behalf of Indian tribes;
- Development of statewide data systems to provide timely and effective data analysis to support allocation of highway safety resources;
- Coordination of triennial Highway Safety Plan, data collection, and information systems with the State strategic highway safety plan, as defined in 23 U.S.C.
- 148(a); and
- Participation in the Fatality Analysis Reporting System (FARS), except for American Samoa, Guam, the Commonwealth of the Northern Mariana Islands, or the United States Virgin Islands

7. The State will actively encourage all relevant law enforcement agencies in the State to follow the guidelines established for vehicular pursuits issued by the International Association of Chiefs of Police that are currently in effect. (23 U.S.C. 402(j))
8. The State will not expend Section 402 funds to carry out a program to purchase, operate, or maintain an automated traffic enforcement system, except in a work zone or school zone. (23 U.S.C. 402(c)(4))

I understand that my statements in support of the State's application for Federal grant funds are statements upon which the Federal Government will rely in determining qualification for grant funds, and that knowing misstatements may be subject to civil or criminal penalties under 18 U.S.C. 1001. I sign these Certifications and Assurances based on personal knowledge, and after appropriate inquiry.

Henri Hammond-Paul, Community Health and Safety Department Director HHP
HENRI HAMMOND-PAUL

Date: December 3, 2025

Re: DFA Grant for Permanent and Transitional Housing to End Homelessness

ACTION:

Request for Approval of Capital Outlay Grant Agreement with New Mexico Department of Finance and Administration for Project 25-J3157 in the Total Amount of $710,000 for Permanent and Transitional Housing to end Homelessness with a Reversion Date of June 30, 2029. (Henri Hammond-Paul, Community Health and Safety Department Director, hmhammondpaul@santafenm.gov)

Request for Approval of a Budget Amendment Resolution (BAR) to Allocate $702,900 from the 2025 Capital Appropriation to FY26 Revenue and WIP Construction for Permanent and Transitional Housing.

BACKGROUND AND SUMMARY:

The City of Santa Fe has been awarded capital appropriation 25-J3157 in the amount of $710,000 "...to acquire land and facilities and to plan, design, construct, purchase and equip permanent and transitional housing in Santa Fe in Santa Fe County."

Of the total appropriation, $7,100 is designated for Art in Public Places (AIPP). The remaining $702,900 is available for project budget allocation. All funds are expected to be expended prior to the June 30, 2029, reversion date.

NEW MEXICO CAPITAL OUTLAY GRANT AGREEMENT
CAPITAL APPROPRIATION PROJECT

THIS AGREEMENT is made and entered into by and between the State of New Mexico, Department of Finance & Administration, 407 Galisteo Street, Santa Fe, NM 87501, ("**Department**") and the City of Santa Fe, ("**Grantee**") (individually "**Party**" and collectively "**Parties**"). This Agreement shall be effective as of the date the Department executes it ("**Effective Date**").

WITNESSETH

WHEREAS, in the Laws of 2025, Chapter 159, Section 502, Paragarph 33, the Legislature made an appropriation to the Department, funds from which the Department is making available to the Grantee pursuant to this Agreement; and

WHEREAS, the Department is granting to Grantee, and the Grantee is accepting the grant of funds from this appropriation, in accordance with the terms and conditions of this Agreement;

NOW, THEREFORE, in consideration of the mutual covenants and obligations contained herein, the parties hereby mutually agree as follows:

AGREEMENT

I. PROJECT DESCRIPTION, GRANT AMOUNT, AND REVERSION

A. **25-J3157** ("**Project**") 6/30/2029 ("**Reversion Date**"). Laws of 2025, Chapter 159, Section 50233, Seven Hundred Ten Thousand Dollars and No Cents, $710,000.00, to acquire land and facilities and to plan, design, construct, purchase and equip permanent and transitional housing in Santa Fe in Santa Fe county;.

B. Grantee's total reimbursements shall not exceed $710,000.00 Seven Hundred Ten Thousand Dollars and No Cents, ("**Appropriation Amount**") minus the allocation for Art in Public Places ("**AIPP amount**"), if applicable, $7,100.00 Seven Thousand One Hundred Dollars and No Cents, which equals $702,900.00 Seven Hundred Two Thousand Nine Hundred Dollars and No Cents ("**Adjusted Appropriation Amount**").

C. In the event of a conflict among the Appropriation Amount, the Reversion Date, as defined herein and/or the purpose of the Project, as set forth in this Agreement, and the corresponding appropriation language in the laws cited above in this Article I, the language of the laws cited herein shall control.

The information contained in Article I is referred to collectively as the "**Project Description**."

II. DISBURSEMENT LIMITATION

A. Upon the Effective Date, the Grantee shall submit to the Department a comprehensive procurement plan and expenditure plan, detailing a Project timeline with milestones, required procurements, and identifying expected expenditures per milestone (collectively, "**Project Budget**"). The Department shall review and approve the Project Budget by approving a Notice of

Department's Obligation ("**Notice of Obligation**"), in accordance with the Project Description, a sample of which is attached hereto as **Exhibit B** and incorporated herein by reference. After receipt of approved Notice of Obligation, the Grantee may be reimbursed for allowable costs up to the Adjusted Appropriation Amount. This Agreement and any reimbursements up to the Adjusted Appropriation Amount are expressly conditioned upon the following:

a. Irrespective of any Notice of Obligation, Grantee's expenditures shall be made in accordance with the Project Budget, on or before the Reversion Date and/or, if applicable, any Early Termination Date; and
b. The total amount received by Grantee shall not exceed the lesser of:
    i. the Adjusted Appropriation Amount identified in Article I (B) herein; or
    ii. the total of all amounts stated in the Notice(s) of Obligation evidencing the Department has received and accepted Grantee's Third Party Obligation(s); and
c. Grantee's expenditures are made and accounted for pursuant to the State Procurement Code, State's Model Accounting Practices, and execution of binding written obligations or purchase orders with third-party contractors or vendors for the provision of services, including professional services, or the purchase of tangible personal property and real property for the Project ("**Third Party Obligations**"); and
d. Grantee's submittal of timely Requests for Payment and supporting documentation in accordance with the procedures set forth in this Agreement; and
e. In the event capital assets acquired with Project funds are to be sold, leased, or licensed to or operated by a private entity, the sale, lease, license, or operating agreement:
    i. must be approved by the applicable oversight entity (if any) in accordance with §§ 13-6-2, 13-6-2.1, and 13-6-3; or
    ii. If no oversight entity is required to approve the transaction, the Department of Finance and Administration's Infrastructure Planning Development Division (IPDD) must approve it as complying with the law.

B. Prior to the sale, lease, license, or operating agreement being approved pursuant to Articles II(A)(e)(i) or (ii) herein, the Department may, in its sole and absolute discretion, unless inconsistent with State Board of Finance imposed conditions, reimburse Grantee for necessary expenditures incurred to develop the Project sufficiently to make the sale, lease, license, or operating agreement commercially feasible, limited to planning and design expenditures; and

C. Grantee's submission of documentation of all Third Party Obligations and amendments thereto (including terminations) to the Department and the Department's issuance of a Notice of Obligation for a particular amount in accordance with the terms of this Agreement shall be governed by the following:

a. Grantee is authorized to budget the particular amount set forth in the Notice of Obligation, execute the Third Party Obligation, and request the Third Party to begin work after issuance of a Notice of Obligation by the Department.
b. Grantee acknowledges and agrees that any Third Party Obligations agreed to prior to receiving a Notice of Obligation are its sole responsibility.
c. Grantee shall submit to the Department one copy of all Third Party Obligations and amendments thereto (including terminations) as soon as possible after execution by the Third Party but prior to execution by the Grantee.

d. Department may, in its sole and absolute discretion, issue a Notice of Obligation for the particular amount of a Third Party Obligation that only obligates the Department to reimburse Grantee's expenditures made on or before the Reversion Date or an Early Termination Date. The current Notice of Obligation form is incorporated herein and attached hereto as **Exhibit B**.

D. Grantee shall provide all necessary qualified personnel, materials, and facilities to implement the Project. The Grantee shall finance its share (if any) of the costs of the Project, including all Project overruns.

E. Prior to entering into this Agreement, the Department conducted a risk assessment on the Grantee and a project readiness review for the Project. In accordance with State Model Accounting Practices, FIN 9.2, if the Department determines that the expenditure of Project funds by the Grantee requires special conditions, those conditions are identified and listed in **Exhibit C**, which is attached and incorporated by reference. The Parties agree that, to the extent the Department, in its sole and absolute discretion, determines additional special conditions are necessary or that existing special conditions are no longer required, it may update **Exhibit C** from time to time without the need for a formal amendment of this Agreement.

F. Project funds shall not be used for purposes other than those authorized by the Department in accordance with the Project Description.

G. Project funds cannot be used to reimburse the Grantee for indirect Project costs unless specifically allowed by law.

III. NOTICES

The following provisions shall apply whenever written notices, including written decisions, are to be given or received related to this Agreement.

A. The Grantee designates the person(s) listed below, or their successor, as their official representative(s) concerning all matters related to this Agreement:

Grantee: City of Santa Fe
Name: Alan Webber
Title: Mayor
Address: PO Box 909, Santa Fe, NM 87504
Email: mayor@santafenm.gov
Telephone: 505-955-6590

B. The Grantee designates the person(s) listed below, or their successor, as their Fiscal Officer or Fiscal Agent concerning all matters related to this Agreement:

Grantee: City of Santa Fe
Name: Emily Oster
Title: Finance Director
Address: PO Box 909, Santa Fe, NM 87504
Email: ekoster@santafenm.gov

Telephone: 505-629-3411

C. The Department designates the persons listed below, or their successors, as the Points of Contact for matters related to this Agreement.

Department: DFA/Local Government Division
Name: Daniel Catanach
Title: Grant Manager
Address: Bataan Memorial Bldg. Rm 202, Santa Fe NM 87501
Email: danieln.catanach@dfa.nm.gov
Telephone: 505-231-6090

The Parties agree that all notices, including written decisions, related to this Agreement shall be sent to the persons named above by email or regular mail. For mailings, notices shall be deemed to have been given and received upon the date of the receiving party's actual receipt or five (5) calendar days after mailing, whichever shall first occur. In the case of email transmissions, the notice shall be deemed to have been given and received on the date reflected on the delivery receipt of the email.

IV. TERM & DEADLINE TO EXPEND FUNDS

A. The term of this Agreement shall begin on the Effective Date and terminate on the 30th day of June during the calendar year of the Reversion Date unless Terminated Before Reversion Date ("**Early Termination**") pursuant to Article V herein (collectively "**Term**").

B. The Project's funds must be expended on or before the Reversion Date and, if applicable, the Early Termination Date of this Agreement.

a. For purposes of this Agreement, it is not sufficient for the Grantee to encumber the Project funds on its books on or before the Reversion Date or Early Termination Date.
b. For purposes of this Agreement, an expenditure of funds has occurred on the date the particular quantity of goods is delivered to and received by the Grantee, title to the goods is transferred to the Grantee, and/or as of the date particular services are rendered to and accepted by the Grantee.
c. For purposes of this Agreement, an encumbrance of funds pursuant to a contract or purchase order with a third party does not qualify as an expenditure.

V. EARLY TERMINATION

A. General Provision. The Department may terminate this Agreement before the Reversion Date based on the Completion of the Project, Complete Expenditure of the Adjusted Appropriation, and/or Violation of this Agreement. Early Termination hereunder includes:

a. Termination due to completion of the Project before the Reversion Date;
b. Termination due to complete expenditure of the Adjusted Appropriation Amount before the Reversion Date;
c. Termination for violation of the terms of this Agreement; or
d. Termination for suspected mishandling of public funds, including but not limited to fraud, waste, abuse, and conflicts of interest.

B. Non-appropriation. This Agreement is expressly contingent upon the New Mexico State Legislature making sufficient appropriations and authorizations for the Project Description.

   a. If the Legislature does not appropriate the Appropriation Amount, this Agreement shall terminate upon the Department giving the Grantee written notice of such termination. Such termination shall be effective as of the effective date of the law making the non-appropriation.
      i. The Department's decision as to whether sufficient appropriations or authorizations are available shall be final. Grantee hereby waives any rights to assert an impairment of contract claim against the State of New Mexico in the event of Early Termination of this Agreement.
   b. As used herein, "non-appropriate" or "non-appropriation" includes the following actions by the New Mexico Legislature:
      i. Deauthorization, reauthorization, or revocation of a prior authorization.

C. Grant Disbursements in the Event of Early Termination. In the event of Early Termination, the Department's sole and absolute obligation to reimburse the Grantee is expressly conditioned upon the limitations set forth in Article II above.

D. Notice. Either Party may terminate this Agreement prior to the Reversion Date by providing the other Party with a minimum of fifteen (15) days advance written notice of the Early Termination. Grantee hereby waives any rights to assert an impairment of contract claim against the State of New Mexico in the event of Early Termination of this Agreement by the Department.

VI. SUSPENSION OF NEW OR FURTHER OBLIGATIONS

A. Department, in its sole and absolute discretion, may provide written notice to Grantee to suspend entering into further obligations. Upon the receipt of such written notice by the Grantee:

   a. Grantee shall immediately suspend entering into new or further written obligations with third parties;
   b. Department will suspend the issuance of any new or further Notice of Obligation under this Agreement; and
   c. Department may direct the Grantee to implement a corrective action plan in accordance with Article VI (D) herein.

B. In the event of Suspension of this Agreement, the Department's sole and absolute obligation to reimburse the Grantee is expressly conditioned upon the limitations set forth in Article II herein.

C. A suspension of new or further obligations under this Agreement shall remain in effect unless or until the date the Grantee receives written notice given by the Department informing the Grantee that the Suspension has been lifted or that the Agreement has been Early Terminated in accordance with Article V herein. If the Suspension is lifted, the Department will consider further requests for a Notice of Obligation.

D. Corrective Action Plan in the Event of Suspension. Where the Department, in its sole and absolute discretion, directs Grantee to suspend entering into new or further written obligations

with third parties pursuant to Article VI(A), the Department may, but is not obligated to, require the Grantee to develop and implement a written corrective action plan to remedy the grounds for the Suspension.

a. Such a corrective action plan must be approved by the Department and be signed by the Grantee.
b. Failure to sign a corrective action plan or meet the terms and deadlines set forth in the signed corrective action plan is hereby deemed a violation of the terms of this Agreement for purposes of Early Termination, Article V(A)(c).
c. A corrective action plan shall be in addition to, and not in lieu of, any other equitable or legal remedy authorized hereunder or at law, including but not limited to Early Termination.

VII. AMENDMENTS

Unless expressly stated otherwise herein, this Agreement shall not be altered, changed, or amended except by an instrument in writing duly executed by both parties hereto with the same formalities as this agreement.

VIII. REPORTING

A. Database Reporting

a. Grantee shall provide the Department with quarterly reports of Project activity, entering the required Project information directly into a database required by the Department.
b. Additionally, Grantee shall certify on each Request for Payment form, attached hereto as **Exhibit A** and incorporated herein, that all information provided in the database is true and accurate, updates to the database have been maintained, and all Project activity complies with applicable law and the terms of this Agreement.
c. Grantee hereby acknowledges that failure to perform and/or certify updates to the database will jeopardize the reimbursement of funds. The Department shall give Grantee a minimum of fourteen (14) days' advance written notice of any changes to the information the Grantee is required to report.
d. At the Department's discretion, all reports required hereunder may be directed to and facilitated through an electronic database.
e. Quarterly reports shall be due on the last day of the month, that is, 30 days prior to the end of the quarter following the execution of this Agreement by the Department and ending during the quarter of the submission of the final request for reimbursement for the Project, or the following quarter.

B. Requests for Additional Information/Project Inspection

During the term of this Agreement and during the period of time during which the Grantee must maintain records pursuant to Article VIII, the Department may:

i. request such additional information regarding the Project as it deems necessary; and
ii. conduct, at reasonable times and upon reasonable notice, onsite inspections of the Project.

Grantee shall respond to such requests for additional information within a reasonable period of time, as established by the Department.

B. Requests for Additional Information/Project Inspection

a. During the term of this Agreement and the Record Retention Period, the Department may:
    i. Request additional information regarding the Project as it deems necessary and
    ii. Conduct on-site inspections of the Project at reasonable times and upon reasonable notice.
b. Grantee shall respond to such requests for additional information within the time established by the Department.

IX. REQUEST FOR PAYMENT PROCEDURES

A. Grantee shall request payment by submitting the form attached hereto as **Exhibit A**. Payment requests are subject to the following procedures:

a. Each Request for Payment must be in accordance with the Project Budget and contain proof of payment by the Grantee or liabilities incurred by the Grantee.
    i. Proof of payment must demonstrate the validity of an expenditure or liabilities incurred by Grantee.
    ii. However, Grantee may be reimbursed for unpaid liabilities only if the Department, in its sole and absolute discretion, agrees to do so and in accordance with any special conditions imposed by the Department.
    iii. The Grantee shall make payment to those contractors or vendors within five (5) business days from the date of receiving reimbursement from the Department or in a shorter period than the Department may prescribe in writing.
    iv. The Department reserves the right to make such payments directly to the contractors or vendors as a special condition under this Agreement.
    v. The Grantee is required to certify to the Department proof of payment to the third-party contractor or vendor within five (5) business days from the date the Department reimburses the Grantee.

B. Until the Project is fully planned, designed, and all necessary procurements identified in the Project Budget are completed, Grantee's reimbursements will be limited to the planning, design, and procurement costs outlined in the Project Budget. Once the planning, designing, and procuring stages are complete, the Grantee must obligate at least ten percent (10%) of the Adjusted Appropriation Amount within one (1) year and must have utilized at least eighty-five percent (85%) of the Adjusted Appropriation Amount six (6) months before the reversion date.

C. Deadlines. Grantee shall submit requests for Payments to the Department on the earlier of:

a. Immediately as Grantee receives them, but at a maximum of thirty (30) days from when Grantee incurred the expenditure or liability; or
b. Twenty (20) days from the date of Early Termination or Reversion Date for expenditures or liabilities incurred before the Early Termination date or Reversion Date.

D. Grantee's failure to abide by the requirements set forth in Article II and Article IX herein may result in the denial of its Request for Payment. Department reserves the right to reject a payment request for the Project unless and until it is satisfied that the expenditures or liabilities are for permissible purposes within the meaning of the Project Description, identified within the Project Budget, and that the Grantee is otherwise in compliance with this Agreement.

a. Department's authority to reject any Request for Payment is in addition to, and not in lieu of, any other legal or equitable remedy available to the Department under this Agreement, at law, or in equity.

X. PROJECT CONDITIONS AND RESTRICTIONS

A. The following general conditions and restrictions shall apply to the Project:

a. The Project's funds must be spent in accordance with all applicable state laws, regulations, policies, and guidelines, including, but not limited to, the State Procurement Code.
b. The Project's expenditures and liabilities must be accounted for in accordance with the State's Model Accounting Practices, as amended from time to time.
c. The Project must be implemented in accordance with the New Mexico Public Works Minimum Wage Act, Section 13-4-10 through 13-4-17 NMSA 1978, as applicable.
d. The Project must provide a public benefit above and beyond any incidental benefit to private entities in accordance with applicable law, including, but not limited to, Article IX, Section 14 of the Constitution of the State of New Mexico.
e. Without prior written approval from the Department and State Board of Finance, for the useful life of any asset purchased under this Agreement, Grantee shall not convert any property acquired, built, renovated, repaired, designed, or developed with Project funds to uses other than those specified in the Project Description.
    i. In addition to other remedies available at law or in equity, any disposal or conversion of property acquired, built, renovated, repaired, designed, or developed with Project funds without the Department's and the Board of Finance's express written approval will trigger the Department's right to reimbursement from Grantee of the Appropriated Amount, transfer proceeds from any disposition of property to the State, or otherwise provide consideration to the State for the Appropriated Amounts.
f. Grantee shall comply with all applicable federal and state laws, rules, and regulations pertaining to civil rights and equal employment opportunity.
    i. In accordance with all such laws, rules, and regulations, the Grantee agrees to assure that no person shall, on the grounds of race, color, national origin, sex, sexual preference, age, or handicap, be excluded from participation in the Project, use of the Project, employment with Grantee, or otherwise be denied benefits/subject to discrimination for any activity performed under this Agreement.
g. Where the Department, in its sole and absolute discretion, determines Grantee has failed to comply with the above conditions and restriction, Grantee agrees to take appropriate steps to correct any deficiencies immediately. The Grantee's failure to implement such appropriate steps within a reasonable time, but no longer than thirty (30) days after

notice from the Department, constitutes a breach of this Agreement and grounds for Early Termination.

XI. REPRESENTATIONS AND WARRANTIES

A. Reliance by Department.
   a. Grantee expressly acknowledges that the Department relies on the representations and warranties made by Grantee in this Agreement. Grantee acknowledges that such representations and warranties are a material inducement for the Department to enter into this Agreement and provide the Appropriated Amount.
   b. Grantee shall ensure all representations and warranties provided herein are true, accurate, and complete as of the date of the Effective Date and shall remain so throughout the Term of this Agreement. Grantee is responsible for promptly notifying the Department in writing of any changes or inaccuracies in the representations and warranties contained herein.

B. Grantee hereby represents and warrants the following:

   a. Grantee has taken all necessary steps to attain the legal authority to receive and expend the Project's funds.
   b. Grantee has duly authorized this Agreement, and the person executing it has authority to do so. Once executed by Grantee, this Agreement shall constitute a binding obligation of Grantee, enforceable according to its terms.
   c. Grantee's obligations hereunder do not conflict with any law, ordinance, or resolution applicable to Grantee, Grantee's charter (if applicable), or any judgment or decree to which Grantee is subject.
   d. Grantee has independently confirmed that the Project Description, including, but not limited to, the Appropriated Amount and Reversion Date, is consistent with the underlying appropriation in law.
   e. Grantee's governing body has duly adopted or passed as an official act a resolution, motion, or similar action authorizing the person identified as the official representative of the Grantee to sign and submit Requests for Payment on behalf of Grantee.
   f. Grantee will abide by New Mexico laws regarding conflicts of interest, governmental conduct, and whistleblower protection.
      i. Grantee agrees explicitly none of its officers or employees or its designees or agents, no member of the governing body, and no other public official of Grantee who exercises any function or responsibility with respect to this Agreement, shall have any interest, direct or indirect, in any contract or subcontract, or the proceeds thereof, for the Project.
      ii. Further, Grantee will require all of its contractors to incorporate the language set forth in this paragraph prohibiting conflicts of interest in all subcontracts.
   g. No funds have been paid or will be paid, by or on behalf of the Grantee, to any person for influencing or attempting to influence an officer or employee of the State, any agency, or body in connection with the awarding of any Third Party Obligation.
      i. Grantee will require certifying language prohibiting lobbying to be included in the award documents for all subawards, including subcontracts, loans, and cooperative agreements.

C. Consequences of False or Misleading Representations. If any representation or warranty made by Grantee is found to be false or misleading, the Department shall have the right to exercise any or all of the following remedies:

a. **Termination of Agreement:** Department may terminate this Agreement immediately upon written notice to the Grantee.
b. **Repayment of Grant Funds:** Grantee shall repay all Appropriated Amounts disbursed under this Agreement, upon demand by the Department.
c. **Other Remedies:** Department may pursue any other remedies available at law or in equity.

D. Survival of Representations and Warranties. The representations and warranties made by the Grantee shall survive the Early Termination or expiration of this Agreement.

XII. PROJECT RECORDS

A. Grantee shall be strictly accountable for receipts and disbursements relating to the Project's funds. The Grantee shall follow generally accepted accounting principles and the State's Model Accounting Practices and, if feasible, maintain a separate bank account or fund with a separate organizational code to ensure separate budgeting and accounting of the funds.

B. For six (6) years following the Project's completion ("**Record Retention Period**"), Grantee shall maintain all Project-related records, including, but not limited to, all financial records, requests for proposals, invitations to bid, selection and award criteria, contracts and subcontracts, advertisements, minutes of pertinent meetings, as well as records sufficient to fully account for the amount and disposition of the Appropriated Amount from all sources budgeted for the Project, the purpose for which such funds were used, and such other records as the Department may prescribe.

C. Grantee shall make all Project records available to the Department, the Department's Independent Public Accountant, and the New Mexico State Auditor upon request. With respect to the funds that are the subject of this Agreement, if the State Auditor or the Department finds any funds were improperly expended, Grantee shall be required to reimburse the State all amounts found to be improperly expended.

XIII. IMPROPERLY REIMBURSED FUNDS

If the Department determines part or all of the Appropriation Amount was improperly reimbursed to Grantee, including but not limited to funds reimbursed to Grantee based upon fraud, mismanagement, misrepresentation, misuse, violation of law by the Grantee, after ten (10) days' notice to Grantee and the opportunity to return such funds to the Department, the Department may offset any funds due to Grantee from the State, until the Appropriation Amount is fully repaid.

XIV. LIABILITY

Neither Party shall be responsible for liability incurred as a result of the other Party's acts or omissions in connection with this Agreement. Any liability incurred in connection with this Agreement is subject to

immunities and limitations of the New Mexico Tort Claims Act.

XV. SCOPE OF AGREEMENT

This Agreement constitutes the entire and exclusive agreement between the Parties concerning the subject matter hereof. The Agreement supersedes all prior or contemporaneous agreements, understandings, discussions, communications, and representations, written or verbal.

XVI. REQUIRED NON-APPROPRIATIONS CLAUSE

A. Grantee acknowledges and agrees to include a "non-appropriations" clause in all contracts between it and other parties that are (i) funded in whole or part by funds made available under this Agreement and (ii) entered into after the effective date of this Agreement that states:

   a. "The terms of this Agreement are contingent upon sufficient appropriations and authorization being made by the Legislature of the State of New Mexico ("**Legislature**") for the performance of this Agreement.
   b. If the Legislature does not make sufficient appropriations and authorization, City of Santa Fe may immediately terminate this Agreement by giving Contractor written notice of such termination.
   c. The City of Santa Fe's decision as to whether sufficient appropriations are available shall be final and accepted by the Contractor. Contractor hereby waives any rights to assert an impairment of contract claim against the City of Santa Fe or the State of New Mexico in the event of immediate or Early Termination of this Agreement by the City of Santa Fe or the State Department of Finance and Administration."

XVII. REQUIRED TERMINATION CLAUSE

A. Grantee acknowledges and agrees to include the following termination clause in all contracts that are (i) funded in whole or part by funds made available under this Agreement and (ii) entered into after the effective date of this Agreement:

   a. "This contract is funded in whole or in part by funds made available by the State of New Mexico ("**State**"). Should the State terminate its Agreement with the City of Santa Fe, the City of Santa Fe may terminate this contract immediately by providing Contractor written notice of such termination.
   b. In the event of termination pursuant to this paragraph, the City of Santa Fe's only liability to Contractor shall be for goods and services delivered and accepted prior to the termination date."

XVIII. COMPLIANCE WITH UNIFORM FUNDING CRITERIA

A. Throughout the term of this Agreement, Grantee shall:

   a. Submit all reports of annual audits and agreed-upon procedures required by § 12-6-3(A)-(B), NMSA 1978 by the due dates established in § 2.2.2 NMAC, reports of which must be a

public record pursuant to § 12-6-5(A), NMSA 1978 within forty-five (45) days of delivery to the State Auditor;

b. Have a duly adopted budget for the current fiscal year approved by its budgetary oversight agency (if any);
c. Timely submit all required financial reports to its budgetary oversight agency (if any); and
d. Use accounting methods and procedures consistent with Generally Accepted Accounting Principles and the State's Model Accounting Principals to expend the Appropriated Amount in accordance with applicable law and account for and safeguard Project funds and assets acquired with Project funds.

B. In the event Grantee fails to comply with the requirements of subparagraph A of this Article XVIII, Department may take one or more of the following actions:

a. Suspend new or further obligations pursuant to Article VI(A) of this Agreement;
b. Require the Grantee to develop and implement a written corrective action plan pursuant to Article VI(D) of this Agreement to remedy the non-compliance;
c. Impose special conditions to address the non-compliance by giving Grantee notice of such special conditions in accordance with Article III of this Agreement;
    i. The Parties agree that any special conditions imposed to address non-compliance shall be incorporated into this Agreement, through **Exhibit C**, upon notice to Grantee, without need for formal amendment of this Agreement;
    ii. Special conditions shall be binding and effective on the date that notice is deemed to have been given pursuant to Article III or
d. Terminate this Agreement pursuant to Article V(A) of this Agreement.

XIX. SEVERANCE TAX AND GENERAL OBLIGATION BONDS

A. Grantee acknowledges and agrees that the underlying appropriation for the Project may originate from the issuance of tax-exempt severance tax bonds or general obligation bonds by the State. Proceeds from such bonds are administered by the New Mexico State Board of Finance ("**SBOF**"), an entity separate and distinct from the Department.

a. Grantee acknowledges and agrees:
    i. It is Grantee's responsibility to determine through SBOF what (if any) conditions are currently imposed on the Project;
    ii. Department's failure to inform Grantee of an SBOF-imposed condition does not affect the validity or enforceability of the condition;
    iii. The SBOF may in the future impose further or different conditions upon the Project;
    iv. All SBOF conditions are attached to the Project and Appropriation Amount without the need for formal amendment of this Agreement;
    v. All applicable SBOF conditions must be satisfied before the SBOF will release to the Department funds subject to the condition(s) and
    vi. The Department's obligation to reimburse Grantee from the Project is expressly contingent upon the satisfaction of the then-current SBOF conditions.

B. Grantee acknowledges and agrees SBOF may, at its sole and absolute discretion, require reimbursement or remove eligibility for bond proceeds for the Project if the Project doesn't

proceed sufficiently.

a. Grantee must comply with the requirement to encumber five percent (5%) of Project funds within six months of bond issuance as certified by Grantee in the Bond Questionnaire and Certification documents submitted to the SBOF.
b. Failure to comply may result in the reassignment of the bond proceeds. Upon reassignment of bond proceeds, this Agreement will be suspended until the entity has demonstrated readiness as determined by the SBOF and the Department.

C. Grantee acknowledges and agrees that this Agreement is subject to the SBOF's Bond Project Disbursements rule, § 2.61.6, NMAC, as may be amended from time to time or re-codified.

XX. GENERAL PROVISIONS

A. Assignment: Grantee's rights and obligations under this Agreement are personal and may not be transferred or assigned without the prior written consent of the State. Any attempt at assignment or transfer without such consent shall be void. Any assignment or transfer of Grantee's rights and obligations approved by the State shall be subject to the provisions of this Agreement.

B. Subcontractors: Grantee shall not enter any subgrant or subcontract in connection with its obligations under this Agreement without the prior written approval of the State. Upon request, Grantee shall submit to the Department a copy of each such subgrant or subcontract.

C. Binding Effect: Except as otherwise provided, all provisions of this Agreement, including the benefits and burdens, shall extend to and be binding upon the Parties' respective successors and assigns.

D. Authority: Each Party represents and warrants to the other that the execution and delivery of this Agreement and the performance of such Party's obligations have been duly authorized.

E. Captions and References: The captions and headings in this Agreement are for the convenience of reference only and shall not be used to interpret, define, or limit its provisions. All references in this Agreement to sections (whether spelled out or using the § symbol), subsections, exhibits, or other attachments are references to sections, subsections, exhibits, or other attachments contained herein or incorporated as a part hereof, unless otherwise noted.

F. Counterparts: This Agreement may be executed in multiple, identical, original counterparts, each of which shall be deemed to be an original, but all of which, taken together, shall constitute the same agreement.

G. Digital Signatures: If any signatory signs this agreement using a digital signature in accordance with the State Policies regarding the use of digital signatures, then any agreement or consent to use digital signatures within the electronic system through which that signatory signed shall be incorporated into this Agreement by reference.

H. Modification: Except as otherwise provided in this Agreement, any modification to this Agreement shall only be effective if agreed to in a formal amendment, properly executed and approved in accordance with applicable New Mexico law and State fiscal policies and rules.

Modifications permitted under this Agreement, other than Agreement amendments, shall conform to the policies issued by the State.

I. Statutes, Regulations, Fiscal Rules, and Other Authority: Any reference in this Agreement to a statute, regulation, policy, or other authority shall be interpreted to refer to such authority then current, as may have been changed or amended after the Effective Date of this Agreement.

J. External Terms and Conditions: Notwithstanding anything to the contrary herein, the State shall not be subject to any provision included in any terms, conditions, or agreements appearing on Grantee's or a subcontractor's website or any provision incorporated into any click-through or online agreements related to the Work unless that provision is specifically referenced in this Agreement.

K. Severability: The invalidity or unenforceability of any provision of this Agreement shall not affect the validity or enforceability of any other provision of this Agreement, which shall remain in full force and effect, provided that the Parties can continue to perform their obligations under this Agreement in accordance with its intent.

L. Survival of Certain Agreement Terms: Any provision of this Agreement that imposes an obligation on a Party after the termination or expiration of this Agreement shall survive the termination or expiration of this Agreement and shall be enforceable by the other Party.

M. Third Party Beneficiaries: Except for the Parties' respective successors and assigns described in this Agreement, it does not and is not intended to confer any rights or remedies upon any person or entity other than the Parties. Enforcement of this Agreement and all rights and obligations hereunder are reserved solely to the Parties. Any services or benefits that third parties receive as a result of this Agreement are incidental to this Agreement and do not create any rights for such third parties.

N. Waiver: A Party's failure or delay in exercising any right, power, or privilege under this Agreement, whether explicit or by lack of enforcement, shall not operate as a waiver, nor shall any single or partial exercise of any right, power, or privilege preclude any other or further exercise of such right, power, or privilege.

O. Standard and Manner of Performance: Grantee shall perform its obligations under this Agreement in accordance with the highest standards of care, skill, and diligence in Grantee's industry, trade, or profession.

P. Licenses, Permits, and Other Authorizations: Grantee shall secure, prior to the Effective Date, and maintain at all times during the term of this Agreement, at its sole expense, all licenses, certifications, permits, and other authorizations required to perform its obligations under this Agreement and shall ensure that all employees, agents, and subcontractors secure and maintain at all times during the term of their employment, agency or subcontractor, all license, certifications, permits and other authorizations required to perform their obligations in relation to this Agreement.

Q. Publicity: Any Publicity regarding the subject matter of this Agreement may not be released without prior written approval from the Department. For purposes of this agreement, "**Publicity**"

means notices, informational pamphlets, press releases, email responses, research, reports, signs, and similar public notices prepared by or for the Grantee or jointly with others.

a. Grantee shall obtain written approval prior to issuing any press release or making any public announcement regarding this agreement. Grantee agrees to obtain approval of the Department in advance with respect to all Public Relations, all communications with media, or all communications with any other member of the public with respect to this agreement, except to acknowledge that an agreement does exist.
b. For purposes of this agreement, "Public Relations" includes community relations and means those activities dedicated to maintaining the Department's image or maintaining or promoting understanding and favorable relations with the community or public at large or any segment of the public.
c. Violations of either Article XX (Q)(a) or (b) shall constitute a material Breach of Agreement.

R. Data Sharing: The State intends to secure and collate specific data generated by Grantee under this Agreement to use in support of the State's organizational, policy-making, and management of public resource functions. State, in accordance with **Exhibit E**, attached hereto and incorporated herein by reference, reserves the right to require Grantee and/or its subcontractors to provide specific data relevant to the above-listed functions. Data provided by Grantee may be incorporated into existing or future developed State integrated analysis tools or databases, including but not limited to geographic information system (GIS) networks and databases accessible by the public. Dissemination of data collected may include historical data and projections based on such historical data.

a. To the extent any data transferred as part of this Agreement is legally determined to be the property of Subrecipient or its subcontractors, Subrecipient and/or its subcontractors grants State a nonexclusive, fully paid-up right and license to reproduce, use, distribute, do derivative works based on, and archive data transferred as part of this Agreement.

S. Venue and Choice of Law: This Agreement shall be governed by and construed in accordance with the laws of the State of New Mexico, without regard to any conflict of law provisions. Any legal suit, action, or proceeding arising out of or related to this Agreement shall be instituted exclusively in the district courts located in Santa Fe, New Mexico. The Parties hereby irrevocably submit to the exclusive jurisdiction and venue of such courts in any such suit, action, or proceeding. The Parties waive any objection to the laying of the venue of any such suit, action, or proceeding in the district courts of Santa Fe, New Mexico, and irrevocably waive and agree not to plead or claim in any such court that any such suit, action, or proceeding brought in any such court has been brought in an inconvenient forum.

[THIS SPACE LEFT BLANK INTENTIONALLY]

OPTIONAL EXHIBIT C
SPECIAL CONDITIONS

The capital outlay oversight requires grantees' accounting methods and procedures, including their internal control framework, to be scrutinized, so as to safeguard State capital outlay appropriations and assets acquired with such appropriations.

This Capital Outlay Special Grant Condition(s) **Exhibit C** is necessary pursuant to § 6-3b-1 et seq., NMSA 1978 (Public Finance Accountability Act) and MAPS Fin 9.2, due to the Grantees' material weaknesses, significant deficiencies, or findings that raised concerns as to the ability to expend grant funds in accordance with applicable law in the organization's FY[20XX] audit. The Special Conditions identified below apply to the authorized agent, [insert the Grantee or Fiscal Agent name].

Procurement - All purchases or contracts the Grantee enters that shall use funding from the Department capital appropriations grant must be approved by the Department prior to the initiation of implementing purchasing documents. The Grantee shall receive such prior approval via official correspondence from the Department, which may be through letter or email. The Grantee shall submit the following to the Department in pursuit of prior approval: purchasing policies and procedures, CFO certification, documentation of management and program approval, policies and procedures governing purchasing and contracting, a copy of the current procurement and contracting policies, and documentation regarding informing staff responsible for purchasing and contracting on such policies and procedures.

Budget - Provide documentation of approval of your current budget from DFA Local Government or other authoritative agency. Provide policies and procedures on who is responsible for and how annual budgets (expenditures and revenue) are established, monitored and adjusted. Provide a corrective action plan on how budget issues identified in your audit will be/have been addressed. Also include documentation on how staff responsible for budgeting is informed on budget policies and procedures.

Capital Assets - Provide a complete list of inventory including inventory control numbers and current location. Provide policies and procedures on capital assets and inventory and specify how the proposed purchased items will be included, tagged, and tracked in capital asset inventory. Also include documentation on how staff responsible for capital assets is informed on capital asset policies and procedures.

Travel and Per Diem - Provide policies and procedures on travel and per diem. Also include how staff who travel and those responsible for travel reimbursement are informed on travel and per diem policies and procedures.

Timely Audits – Provide policies and procedures on annual audits. Provide documentation on how and who is responsible for insuring that annual audits are completed timely. Also include documentation on how staff responsible for the annual audit is informed on audit policies and procedures.

Cash Management – policies and procedures on cash management of federal funds. Provide procedures used to draw and disburse federal funds. Provide procedures to reconcile draw amounts, deposits and disbursements; and to prepare federal cash reporting documents to ensure compliance with federal regulations.

The <Grantee> was required to, and has provided sufficient documentation regarding [insert specific names of the Special Condition(s)], as referenced in the <Grantee>'s [20XX] Audit file. Therefore, the criteria to enter into this agreement have been met.

Exhibit E

Data Sharing Provisions for New Mexico Capital Outlay Agreements

I. Introduction:

This Data Sharing Provisions Exhibit ("Exhibit") is incorporated into the New Mexico Capital Outlay Agreements ("Agreements") between the State of New Mexico ("State") and [Insert Partner Name] ("Partner"). This Exhibit outlines the terms and conditions under which data will be shared between the Parties to ensure compliance with New Mexico state laws and regulations, focusing on data privacy, security, and compliance.

II. Definitions:

a. Authorized User: An employee, agent, assign, representative, independent contractor, or other person or entity authorized by Partner or State to access, use, or disclose information through this exhibit.

b. Confidential Information: All data or information shared in confidence, with the expectation that it will not be disclosed in an identifiable form. This includes data that is exempt from public disclosure under the New Mexico Inspection of Public Records Act (§ 14-2-1 et seq. NMSA 1978) or other relevant laws.

c. Data Storage: Electronic media that hold recorded information.

d. Data Transmission: The process of moving information over a network from its source to one or more destinations.

e. Direct Identifier: Records or data containing personal identifiers such as names, addresses, and social security numbers.

f. Disclosure: Permission to access, release, transfer, or otherwise communicate confidential information by any means to any third party, except as authorized by the Party that controls the record.

g. Encryption involves using algorithms to encode data, rendering it unreadable without a specific key. It may be necessary during data transmission and/or storage.

h. Information: Any data, figures, statistics, or other facts provided or learned about someone or something, including Confidential Information, that may be legally transmitted under this Exhibit.

i. Limited Dataset: A data file that omits Direct Identifiers.

j. Protected Personally Identifiable Information: Sensitive personal details such as social security numbers and financial account numbers, with specific exclusions as outlined in the Agreements.

III. Purpose:

The purpose of this exhibit is to promote transparency, facilitate information sharing between the parties, support better policy and decision-making, and enhance public services through collaborative

[THIS SPACE LEFT BLANK INTENTIONALLY]

data analysis from various sources.

IV. Use of Information:

a. Use of Information obtained or created under this exhibit shall be strictly limited to the purposes stated herein and in the agreements. The parties agree not to sell Information to third parties or use it for commercial, solicitation, or political purposes.

b. Each Party shall serve as the custodian of the Information and comply with all conditions for its use, including security measures to prevent unauthorized access.

c. The Parties shall follow all relevant federal and state laws and regulations governing the use of such Information.

V. Safeguarding Information:

a. Confidentiality: Access to Confidential Information shall be limited to the minimum necessary to accomplish the purposes of this Exhibit. Authorized Users must adhere to the confidentiality requirements.

b. Security: Security practices shall comply with the requirements of the New Mexico Department of Information Technology Act and related regulations. The Parties agree to notify each other within three business days of any suspected or actual security breach.

c. Information Storage and Transmission: Data Storage and Transmission shall take place on an encrypted server with appropriate security controls.

VI. Re-Disclosure of Information:

The Parties agree not to disclose Information except as required by law or with prior written approval of the other Party. If there is a public records request, the Party receiving it shall notify the other Party within three business days.

VII. Ownership of Information:

Legal title to Information shall remain with the provider. The Partner grants the State a royalty-free, non-exclusive, non-transferable license to use the Information in furtherance of the purposes outlined in this Exhibit.

From: Manuel Sanchez, Senior Services Division Director/Interim Community Services Department Director Manuel Sanchez Manuel Sanchez (Jan 12, 2026 15:19:29 MST)

Subject: New Mexico Capital Outlay Grant Agreement A22-G5353 (MEG)

Vendor Name: NM Aging and Long-Term Services Department (ALTSD)

Munis Vendor Number: 6170

ITEM AND ISSUE:

Community Health & Safety Department/Senior Services Division respectfully requests your review and approval of a NM Capital Outlay Grant Agreement Capital Appropriation Project A22-G5353 in the total amount of $235,630.00 not to exceed for the purchase and installation of meals equipment and other equipment for the Mary Esther Gonzales senior center for a term of June 30, 2026 with New Mexico Aging and Long-Term Services Department.

BACKGROUND AND SUMMARY:

The Senior Services Division is requesting the approval of the State of New Mexico ALTSD FY26 New Mexico Capital Outlay Agreement Capital Appropriation Project A22-5353 to purchase and install meals equipment and other equipment for the Mary Esther Gonzales senior center. The attached Agreement reflects the Fiscal Year 2026 awarded appropriations of $235,630.00. Furthermore, this grant is funded at 100% State dollars which will subsidize the City's general fund account for its intended purpose.

NEW MEXICO CAPITAL OUTLAY GRANT AGREEMENT
CAPITAL APPROPRIATION PROJECT

THIS AGREEMENT is made and entered into by and between the State of New Mexico, AGING AND LONG-TERM SERVICES DEPARTMENT, 2550 Cerrillos Road, Santa Fe, NM 87505, ("**Department**") and City of Santa Fe, ("**Grantee**") (individually "**Party**" and collectively "**Parties**"). This Agreement shall be effective as of the date the Department executes it ("**Effective Date**").

WITNESSETH

WHEREAS, in the Laws of 2022, Chapter 55, Section 10, Subsection A, Paragraph 54, the Legislature made an appropriation to the Department, funds from which the Department is making available to the Grantee pursuant to this Agreement; and

WHEREAS, the Department is granting to Grantee, and the Grantee is accepting the grant of funds from this appropriation, in accordance with the terms and conditions of this Agreement;

NOW, THEREFORE, in consideration of the mutual covenants and obligations contained herein, the parties hereby mutually agree as follows:

AGREEMENT

I. PROJECT DESCRIPTION, GRANT AMOUNT, AND REVERSION

A. A22-G5353 ("**Project**") June 30, 2026 ("**Reversion Date**"). Laws of 2022, Chapter 55, Section 10, Subsection A, Paragraph 54, two hundred thirty-five thousand six hundred thirty dollars $235,630, to purchase and install meals equipment and other equipment for the Mary Esther Gonzales senior center in Santa Fe in Santa Fe county.

B. Grantee's total reimbursements shall not exceed two hundred thirty-five thousand six hundred thirty dollars $235,630 ("**Appropriation Amount**") minus the allocation for Art in Public Places ("**AIPP amount**"), if applicable, zero dollars, $0 which equals two hundred thirty-five thousand six hundred thirty dollars, $235,630 ("**Adjusted Appropriation Amount**").

C. In the event of a conflict among the Appropriation Amount, the Reversion Date, as defined herein and/or the purpose of the Project, as set forth in this Agreement, and the corresponding appropriation language in the laws cited above in this Article I, the language of the laws cited herein shall control.

The information contained in Article I is referred to collectively as the "**Project Description**."

II. DISBURSEMENT LIMITATION

A. Upon the Effective Date, the Grantee shall submit to the Department a comprehensive procurement plan and expenditure plan, detailing a Project timeline with milestones, required procurements, and identifying expected expenditures per milestone (collectively, "**Project Budget**"). The Department shall review and approve the Project Budget by issuing a Notice of Department's Obligation ("**Notice of Obligation**"), in accordance with the Project Description, a sample of which is attached hereto as **Exhibit A** and incorporated herein by reference. After receipt of a Notice of Obligation, the Grantee may be reimbursed for allowable costs up to the Adjusted Appropriation Amount. This Agreement and any reimbursements up to the Adjusted Appropriation Amount are expressly conditioned upon the following:

a. Irrespective of any Notice of Obligation, Grantee's expenditures shall be made in accordance with the Project Budget, on or before the Reversion Date and/or, if applicable, any Early Termination Date; and
b. The total amount received by Grantee shall not exceed the lesser of:
   i. the Adjusted Appropriation Amount identified in Article I (B) herein; or
   ii. the total of all amounts stated in the Notice(s) of Obligation evidencing the Department has received and accepted Grantee's Third-Party Obligation(s); and
c. Grantee's expenditures are made and accounted for pursuant to the State Procurement Code, State's Model Accounting Practices, and execution of binding written obligations or purchase orders with third-party contractors or vendors for the provision of services, including professional services, or the purchase of tangible personal property and real property for the Project ("**Third-Party Obligations**"); and
d. Grantee's submittal of timely Requests for Payment and supporting documentation in accordance with the procedures set forth in this Agreement; and
e. In the event capital assets acquired with Project funds are to be sold, leased, or licensed to or operated by a private entity, the sale, lease, license, or operating agreement:
   i. must be approved by the applicable oversight entity (if any) in accordance with §§ 13-6-2, 13-6-2.1, and 13-6-3; or
   ii. If no oversight entity is required to approve the transaction, the Department of Finance and Administration's Infrastructure Planning Development Division (IPDD) must approve it as complying with the law.

B. Prior to the sale, lease, license, or operating agreement being approved pursuant to Articles II(A)(e) (i) or (ii) herein, the Department may, in its sole and absolute discretion, unless inconsistent with State Board of Finance imposed conditions, reimburse Grantee for necessary expenditures incurred to develop the Project sufficiently to make the sale, lease, license, or operating agreement commercially feasible, limited to planning and design expenditures; and

C. Grantee's submission of documentation of all Third-Party Obligations and amendments thereto (including terminations) to the Department and the Department's issuance of a Notice of Obligation for a particular amount in accordance with the terms of this Agreement shall be governed by the following:

a. Grantee is authorized to budget the particular amount set forth in the Notice of Obligation, execute the Third-Party Obligation, and request the Third-Party to begin work after issuance of a Notice of Obligation by the Department.
b. Grantee acknowledges and agrees that any Third-Party Obligations agreed to prior to receiving a Notice of Obligation are its sole responsibility.
c. Grantee shall submit to the Department one copy of all Third-Party Obligations and amendments thereto (including terminations) as soon as possible after execution by the Third-Party but prior to execution by the Grantee.
d. Department may, in its sole and absolute discretion, issue a Notice of Obligation for the particular amount of a Third-Party Obligation that only obligates the Department to reimburse Grantee's expenditures made on or before the Reversion Date or an Early Termination Date. The current Notice of Obligation form is incorporated herein and attached hereto as Exhibit 2.

D. Grantee shall provide all necessary qualified personnel, materials, and facilities to implement the Project. The Grantee shall finance its share (if any) of the costs of the Project, including all Project overruns.

E. Prior to entering into this Agreement, the Department conducted a risk assessment on the Grantee and a project readiness review for the Project. In accordance with State Model Accounting Practices, FIN

9.2, if the Department determines that the expenditure of Project funds by the Grantee requires special conditions, those conditions are identified and listed in **Exhibit D**, which is attached and incorporated by reference. The Parties agree that, to the extent the Department, in its sole and absolute discretion, determines additional special conditions are necessary or that existing special conditions are no longer required, it may update **Exhibit D** from time to time without the need for a formal amendment of this Agreement.

F. Project funds shall not be used for purposes other than those authorized by the Department in accordance with the Project Description.

G. Project funds cannot be used to reimburse the Grantee for indirect Project costs unless specifically allowed by law.

III. NOTICES

The following provisions shall apply whenever written notices, including written decisions, are to be given or received related to this Agreement.

A. The Grantee designates the person(s) listed below, or their successor, as their official representative(s) concerning all matters related to this Agreement:

a. Grantee: City of Santa Fe
   i. Name: Manuel Sanchez
   ii. Title: Senior Services Director
   iii. Address: PO Box 909, Santa Fe, NM 87504-0909
   iv. Email: mnsanchez@santafenm.gov
   v. Telephone: 505.955.4710

B. The Grantee designates the person(s) listed below, or their successor, as their Fiscal Officer or Fiscal Agent concerning all matters related to this Agreement:

a. Grantee: City of Santa Fe
   i. Name: Brittany Gurule
   ii. Title: Accounting Financial Analyst
   iii. Address: PO Box 909, Santa Fe, NM 87504-0909
   iv. Email: bsgurule@santafenm.gov
   v. Telephone: 505.955.6130

C. The Department designates the persons listed below, or their successors, as the Points of Contact for matters related to this Agreement.

a. Department:
   i. Name: Tasha Martinez | Julia Richard
   ii. Title: Bureau Chief | Project Coordinator
   iii. Address: 2550 Cerrillos Road, Santa Fe, NM 87505
   iv. Email: tasha.martinez@altsd.nm.gov | julia.richard@altsd.nm.gov
   v. Telephone: 505.316.8900 | 505.629.7751

The Parties agree that all notices, including written decisions, related to this Agreement shall be sent to the persons named above by email or regular mail. For mailings, notices shall be deemed to have been given and received upon the date of the receiving party's actual receipt or five (5) calendar days after

mailing, whichever shall first occur. In the case of email transmissions, the notice shall be deemed to have been given and received on the date reflected on the delivery receipt of the email.

IV. TERM & DEADLINE TO EXPEND FUNDS

A. The term of this Agreement shall begin on the Effective Date and terminate on the 30th day of June during the calendar year of the Reversion Date unless Terminated Before Reversion Date ("**Early Termination**") pursuant to Article V herein (collectively "**Term**").

B. The Project's funds must be expended on or before the Reversion Date and, if applicable, the Early Termination Date of this Agreement.

a. For purposes of this Agreement, it is not sufficient for the Grantee to encumber the Project funds on its books on or before the Reversion Date or Early Termination Date.
b. For purposes of this Agreement, an expenditure of funds has occurred on the date the particular quantity of goods is delivered to and received by the Grantee, title to the goods is transferred to the Grantee, and/or as of the date particular services are rendered to and accepted by the Grantee.
c. For purposes of this Agreement, an encumbrance of funds pursuant to a contract or purchase order with a third-party does not qualify as an expenditure.

V. EARLY TERMINATION

A. General Provision. The Department may terminate this Agreement before the Reversion Date based on the Completion of the Project, Complete Expenditure of the Adjusted Appropriation, and/or Violation of this Agreement. Early Termination hereunder includes:

a. Termination due to completion of the Project before the Reversion Date;
b. Termination due to complete expenditure of the Adjusted Appropriation Amount before the Reversion Date;
c. Termination for violation of the terms of this Agreement; or
d. Termination for suspected mishandling of public funds, including but not limited to fraud, waste, abuse, and conflicts of interest.

B. Non-appropriation. This Agreement is expressly contingent upon the New Mexico State Legislature making sufficient appropriations and authorizations for the Project Description.

a. If the Legislature does not appropriate the Appropriation Amount, this Agreement shall terminate upon the Department giving the Grantee written notice of such termination. Such termination shall be effective as of the effective date of the law making the non-appropriation.
i. The Department's decision as to whether sufficient appropriations or authorizations are available shall be final. Grantee hereby waives any rights to assert an impairment of contract claim against the State of New Mexico in the event of Early Termination of this Agreement.
b. As used herein, "non-appropriate" or "non-appropriation" includes the following actions by the New Mexico Legislature:
i. Deauthorization, reauthorization, or revocation of a prior authorization.

C. Grant Disbursements in the Event of Early Termination. In the event of Early Termination, the Department's sole and absolute obligation to reimburse the Grantee is expressly conditioned upon the limitations set forth in Article II above.

D. Notice. Either Party may terminate this Agreement prior to the Reversion Date by providing the other Party with a minimum of fifteen (15) days advance written notice of the Early Termination. Grantee hereby waives any rights to assert an impairment of contract claim against the State of New Mexico in the event of Early Termination of this Agreement by the Department.

VI. SUSPENSION OF NEW OR FURTHER OBLIGATIONS

A. Department, in its sole and absolute discretion, may provide written notice to Grantee to suspend entering into further obligations. Upon the receipt of such written notice by the Grantee:

a. Grantee shall immediately suspend entering into new or further written obligations with third parties;
b. Department will suspend the issuance of any new or further Notice of Obligation under this Agreement; and
c. Department may direct the Grantee to implement a corrective action plan in accordance with Article VI (D) herein.

B. In the event of Suspension of this Agreement, the Department's sole and absolute obligation to reimburse the Grantee is expressly conditioned upon the limitations set forth in Article II herein.

C. A suspension of new or further obligations under this Agreement shall remain in effect unless or until the date the Grantee receives written notice given by the Department informing the Grantee that the Suspension has been lifted or that the Agreement has been Early Terminated in accordance with Article V herein. If the Suspension is lifted, the Department will consider further requests for a Notice of Obligation.

D. Corrective Action Plan in the Event of Suspension. Where the Department, in its sole and absolute discretion, directs Grantee to suspend entering into new or further written obligations with third parties pursuant to Article VI(A), the Department may, but is not obligated to, require the Grantee to develop and implement a written corrective action plan to remedy the grounds for the Suspension.

a. Such a corrective action plan must be approved by the Department and be signed by the Grantee.
b. Failure to sign a corrective action plan or meet the terms and deadlines set forth in the signed corrective action plan is hereby deemed a violation of the terms of this Agreement for purposes of Early Termination, Article V(A)(c).
c. A corrective action plan shall be in addition to, and not in lieu of, any other equitable or legal remedy authorized hereunder or at law, including but not limited to Early Termination.

VII. AMENDMENTS

Unless expressly stated otherwise herein, this Agreement shall not be altered, changed, or amended except by an instrument in writing duly executed by both parties hereto with the same formalities as this agreement.

VIII. REPORTING

A. Database Reporting

a. Grantee shall provide the Department with quarterly reports of Project activity, entering the required Project information directly into a database required by the Department.

b. Additionally, Grantee shall certify on each Request for Payment form, attached hereto as **Exhibit B** and incorporated herein, that all information provided in the database is true and accurate, updates to the database have been maintained, and all Project activity complies with applicable law and the terms of this Agreement

c. Grantee hereby acknowledges that failure to perform and/or certify updates to the database will jeopardize the reimbursement of funds. The Department shall give Grantee a minimum of fourteen (14) days' advance written notice of any changes to the information the Grantee is required to report.

d. At the Department's discretion, all reports required hereunder may be directed to and facilitated through an electronic database.

e. Quarterly reports shall be due on the last day of the month, that is, 30 days prior to the end of the quarter following the execution of this Agreement by the Department and ending during the quarter of the submission of the final request for reimbursement for the Project, or the following quarter. Quarterly reports shall be in the form required by **Exhibit C**, attached hereto and incorporated herein by reference.

B. Requests for Additional Information/Project Inspection

a. During the term of this Agreement and the Record Retention Period, the Department may:
   i. Request additional information regarding the Project as it deems necessary and
   ii. Conduct on-site inspections of the Project at reasonable times and upon reasonable notice.

b. Grantee shall respond to such requests for additional information within the time established by the Department.

IX. REQUEST FOR PAYMENT PROCEDURES

A. Grantee shall request payment by submitting the form attached hereto as **Exhibit B**. Payment requests are subject to the following procedures:

a. Each Request for Payment must be in accordance with the Project Budget and contain proof of payment by the Grantee or liabilities incurred by the Grantee.
   i. Proof of payment must demonstrate the validity of an expenditure or liabilities incurred by Grantee.
   ii. However, Grantee may be reimbursed for unpaid liabilities only if the Department, in its sole and absolute discretion, agrees to do so and in accordance with any special conditions imposed by the Department.

b. Obligated but unpaid invoices received by Grantee from third-party contractors or vendors may be reimbursed if the invoices comply with the provisions of this Agreement.
   i. The Grantee shall make payment to those contractors or vendors within five (5) business days from the date of receiving reimbursement from the Department or in a shorter period than the Department may prescribe in writing.
   ii. The Department reserves the right to make such payments directly to the contractors or vendors as a special condition under this Agreement.
   iii. The Grantee is required to certify to the Department proof of payment to the third-party contractor or vendor within five (5) business days from the date the Department reimburses the Grantee.

B. Until the Project is fully planned, designed, and all necessary procurements identified in the Project Budget are completed, Grantee's reimbursements will be limited to the planning, design, and procurement costs outlined in the Project Budget. Once the planning, designing, and procuring stages are complete, the Grantee must obligate at least ten percent (10%) of the Adjusted Appropriation Amount within one (1) year

and must have utilized at least eighty-five percent (85%) of the Adjusted Appropriation Amount six (6) months before the reversion date.

C. Deadlines. Grantee shall submit requests for Payments to the Department on the earlier of:

a. Immediately as Grantee receives them, but at a maximum of thirty (30) days from when Grantee incurred the expenditure or liability; or
b. The date of Early Termination or Reversion Date for expenditures or liabilities incurred before the Early Termination date or Reversion Date.

D. Grantee's failure to abide by the requirements set forth in Article II and Article IX herein may result in the denial of its Request for Payment. Department reserves the right to reject a payment request for the Project unless and until it is satisfied that the expenditures or liabilities are for permissible purposes within the meaning of the Project Description, identified within the Project Budget, and that the Grantee is otherwise in compliance with this Agreement.

a. Department's authority to reject any Request for Payment is in addition to, and not in lieu of, any other legal or equitable remedy available to the Department under this Agreement, at law, or in equity.

X. PROJECT CONDITIONS AND RESTRICTIONS

A. The following general conditions and restrictions shall apply to the Project:

a. The Project's funds must be spent in accordance with all applicable state laws, regulations, policies, and guidelines, including, but not limited to, the State Procurement Code.
b. The Project's expenditures and liabilities must be accounted for in accordance with the State's Model Accounting Practices, as amended from time to time.
c. The Project must be implemented in accordance with the New Mexico Public Works Minimum Wage Act, Section 13-4-10 through 13-4-17 NMSA 1978, as applicable.
d. The Project must provide a public benefit above and beyond any incidental benefit to private entities in accordance with applicable law, including, but not limited to, Article IX, Section 14 of the Constitution of the State of New Mexico.
e. Without prior written approval from the Department and State Board of Finance, for the useful life of any asset purchased under this Agreement, Grantee shall not convert any property acquired, built, renovated, repaired, designed, or developed with Project funds to uses other than those specified in the Project Description.
f. In addition to other remedies available at law or in equity, any disposal or conversion of property acquired, built, renovated, repaired, designed, or developed with Project funds without the Department's and the Board of Finance's express written approval will trigger the Département's right to reimbursement from Grantee of the Appropriated Amount, transfer proceeds from any disposition of property to the State, or otherwise provide consideration to the State for the Appropriated Amounts.
g. Grantee shall comply with all applicable federal and state laws, rules, and regulations pertaining to civil rights and equal employment opportunity.
h. In accordance with all such laws, rules, and regulations, the Grantee agrees to assure that no person shall, on the grounds of race, color, national origin, sex, sexual preference, age, or handicap, be excluded from participation in the Project, use of the Project, employment with Grantee, or

otherwise be denied benefits/subject to discrimination for any activity performed under this Agreement.

i. Where the Department, in its sole and absolute discretion, determines Grantee has failed to comply with the above conditions and restrictions, Grantee agrees to take appropriate steps to correct any deficiencies immediately. The Grantee's failure to implement such appropriate steps within a reasonable time, but no longer than thirty (30) days after notice from the Department, constitutes a breach of this Agreement and grounds for Early Termination.

XI. REPRESENTATIONS AND WARRANTIES

A. Reliance by Department.

a. Grantee expressly acknowledges that the Department relies on the representations and warranties made by Grantee in this Agreement. Grantee acknowledges that such representations and warranties are a material inducement for the Department to enter into this Agreement and provide the Appropriated Amount.

b. Grantee shall ensure all representations and warranties provided herein are true, accurate, and complete as of the date of the Effective Date and shall remain so throughout the Term of this Agreement. Grantee is responsible for promptly notifying the Department in writing of any changes or inaccuracies in the representations and warranties contained herein.

B. Grantee hereby represents and warrants the following:

a. Grantee has taken all necessary steps to attain the legal authority to receive and expend the Project's funds.

b. Grantee has duly authorized this Agreement, and the person executing it has authority to do so. Once executed by Grantee, this Agreement shall constitute a binding obligation of Grantee, enforceable according to its terms.

c. Grantee's obligations hereunder do not conflict with any law, ordinance, or resolution applicable to Grantee, Grantee's charter (if applicable), or any judgment or decree to which Grantee is subject.

d. Grantee has independently confirmed that the Project Description, including, but not limited to, the Appropriated Amount and Reversion Date, is consistent with the underlying appropriation in law.

e. Grantee's governing body has duly adopted or passed as an official act a resolution, motion, or similar action authorizing the person identified as the official representative of the Grantee to sign and submit Requests for Payment on behalf of Grantee.

f. Grantee will abide by New Mexico laws regarding conflicts of interest, governmental conduct, and whistleblower protection.

   i. Grantee agrees explicitly none of its officers or employees or its designees or agents, no member of the governing body, and no other public official of Grantee who exercises any function or responsibility with respect to this Agreement, shall have any interest, direct or indirect, in any contract or subcontract, or the proceeds thereof, for the Project.

   ii. Further, Grantee will require all of its contractors to incorporate the language set forth in this paragraph prohibiting conflicts of interest in all subcontracts.

g. No funds have been paid or will be paid, by or on behalf of the Grantee, to any person for influencing or attempting to influence an officer or employee of the State, any agency, or body in connection with the awarding of any Third-Party Obligation.

i. Grantee will require certifying language prohibiting lobbying to be included in the award documents for all subawards, including subcontracts, loans, and cooperative agreements.

C. Consequences of False or Misleading Representations. If any representation or warranty made by Grantee is found to be false or misleading, the Department shall have the right to exercise any or all of the following remedies:

a. **Termination of Agreement:** Department may terminate this Agreement immediately upon written notice to the Grantee.
b. **Repayment of Grant Funds:** Grantee shall repay all Appropriated Amounts disbursed under this Agreement, upon demand by the Department.
c. **Other Remedies:** Department may pursue any other remedies available at law or in equity.

D. Survival of Representations and Warranties. The representations and warranties made by the Grantee shall survive the Early Termination or expiration of this Agreement.

XII. PROJECT RECORDS

A. Grantee shall be strictly accountable for receipts and disbursements relating to the Project's funds. The Grantee shall follow generally accepted accounting principles and the State's Model Accounting Practices and, if feasible, maintain a separate bank account or fund with a separate organizational code to ensure separate budgeting and accounting of the funds.

B. For six (6) years following the Project's completion ("**Record Retention Period**"), Grantee shall maintain all Project-related records, including, but not limited to, all financial records, requests for proposals, invitations to bid, selection and award criteria, contracts and subcontracts, advertisements, minutes of pertinent meetings, as well as records sufficient to fully account for the amount and disposition of the Appropriated Amount from all sources budgeted for the Project, the purpose for which such funds were used, and such other records as the Department may prescribe.

C. Grantee shall make all Project records available to the Department, the Department's Independent Public Accountant, and the New Mexico State Auditor upon request. With respect to the funds that are the subject of this Agreement, if the State Auditor or the Department finds any funds were improperly expended, Grantee shall be required to reimburse the State all amounts found to be improperly expended.

XIII. IMPROPERLY REIMBURSED FUNDS

If the Department determines part or all of the Appropriation Amount was improperly reimbursed to Grantee, including but not limited to funds reimbursed to Grantee based upon fraud, mismanagement, misrepresentation, misuse, violation of law by the Grantee, after ten (10) days' notice to Grantee and the opportunity to return such funds to the Department, the Department may offset any funds due to Grantee from the State, until the Appropriation Amount is fully repaid.

XIV. LIABILITY

Neither Party shall be responsible for liability incurred as a result of the other Party's acts or omissions in connection with this Agreement. Any liability incurred in connection with this Agreement is subject to immunities and limitations of the New Mexico Tort Claims Act.

XV. SCOPE OF AGREEMENT

This Agreement constitutes the entire and exclusive agreement between the Parties concerning the subject matter hereof. The Agreement supersedes all prior or contemporaneous agreements, understandings, discussions, communications, and representations, written or verbal.

XVI. REQUIRED NON-APPROPRIATIONS CLAUSE

A. Grantee acknowledges and agrees to include a "non-appropriations" clause in all contracts between it and other parties that are (i) funded in whole or part by funds made available under this Agreement and (ii) entered into after the effective date of this Agreement that states:

a. "The terms of this Agreement are contingent upon sufficient appropriations and authorization being made by the Legislature of the State of New Mexico ("**Legislature**") for the performance of this Agreement.
b. If the Legislature does not make sufficient appropriations and authorization, City of Santa Fe may immediately terminate this Agreement by giving Contractor written notice of such termination.
c. City of Santa Fe's decision as to whether sufficient appropriations are available shall be final and accepted by the Contractor. Contractor hereby waives any rights to assert an impairment of contract claim against the City of Santa Fe or the State of New Mexico in the event of immediate or Early Termination of this Agreement by the City of Santa Fe or the State Department of Finance and Administration."

XVII. REQUIRED TERMINATION CLAUSE

A. Grantee acknowledges and agrees to include the following termination clause in all contracts that are (i) funded in whole or part by funds made available under this Agreement and (ii) entered into after the effective date of this Agreement:

a. "This contract is funded in whole or in part by funds made available by the State of New Mexico ("**State**"). Should the State terminate its Agreement with City of Santa Fe, City of Santa Fe may terminate this contract immediately by providing Contractor written notice of such termination.
b. In the event of termination pursuant to this paragraph, City of Santa Fe's only liability to Contractor shall be for goods and services delivered and accepted prior to the termination date."

XVIII. COMPLIANCE WITH UNIFORM FUNDING CRITERIA

A. Throughout the term of this Agreement, Grantee shall:

a. Submit all reports of annual audits and agreed-upon procedures required by § 12-6-3(A)-(B), NMSA 1978 by the due dates established in § 2.2.2 NMAC, reports of which must be a public record pursuant to § 12-6-5(A), NMSA 1978 within forty-five (45) days of delivery to the State Auditor;
b. Have a duly adopted budget for the current fiscal year approved by its budgetary oversight agency (if any);
c. Timely submit all required financial reports to its budgetary oversight agency (if any); and
d. Use accounting methods and procedures consistent with Generally Accepted Accounting Principles and the State's Model Accounting Principals to expend the Appropriated Amount in accordance with applicable law and account for and safeguard Project funds and assets acquired with Project funds.

B. In the event Grantee fails to comply with the requirements of subparagraph A of this Article XVIII, Department may take one or more of the following actions:

a. Suspend new or further obligations pursuant to Article VI(A) of this Agreement;
b. Require the Grantee to develop and implement a written corrective action plan pursuant to Article VI(D) of this Agreement to remedy the non-compliance;
c. Impose special conditions to address the non-compliance by giving Grantee notice of such special conditions in accordance with Article III of this Agreement;
   i. The Parties agree that any special conditions imposed to address non-compliance shall be incorporated into this Agreement, through **Exhibit D**, upon notice to Grantee, without need for formal amendment of this Agreement;
   ii. Special conditions shall be binding and effective on the date that notice is deemed to have been given pursuant to Article III or
d. Terminate this Agreement pursuant to Article V(A) of this Agreement.

XIX. SEVERANCE TAX AND GENERAL OBLIGATION BONDS

A. Grantee acknowledges and agrees that the underlying appropriation for the Project may originate from the issuance of tax-exempt severance tax bonds or general obligation bonds by the State. Proceeds from such bonds are administered by the New Mexico State Board of Finance ("**SBOF**"), an entity separate and distinct from the Department.

a. Grantee acknowledges and agrees:
   i. It is Grantee's responsibility to determine through SBOF what (if any) conditions are currently imposed on the Project;
   ii. Department's failure to inform Grantee of an SBOF-imposed condition does not affect the validity or enforceability of the condition;
   iii. The SBOF may in the future impose further or different conditions upon the Project;
   iv. All SBOF conditions are attached to the Project and Appropriation Amount without the need for formal amendment of this Agreement;
   v. All applicable SBOF conditions must be satisfied before the SBOF will release to the Department funds subject to the condition(s) and
   vi. The Department's obligation to reimburse Grantee from the Project is expressly contingent upon the satisfaction of the then-current SBOF conditions.

B. Grantee acknowledges and agrees SBOF may, at its sole and absolute discretion, require reimbursement or remove eligibility for bond proceeds for the Project if the Project doesn't proceed sufficiently.

a. Grantee must comply with the requirement to encumber five percent (5%) of Project funds within six months of bond issuance as certified by Grantee in the Bond Questionnaire and Certification documents submitted to the SBOF.
b. Failure to comply may result in the reassignment of the bond proceeds. Upon reassignment of bond proceeds, this Agreement will be suspended until the entity has demonstrated readiness as determined by the SBOF and the Department.

C. Grantee acknowledges and agrees that this Agreement is subject to the SBOF's Bond Project Disbursements rule, § 2.61.6, NMAC, as may be amended from time to time or re-codified.

XX. GENERAL PROVISIONS

A. Assignment: Grantee's rights and obligations under this Agreement are personal and may not be transferred or assigned without the prior written consent of the State. Any attempt at assignment or transfer

without such consent shall be void. Any assignment or transfer of Grantee's rights and obligations approved by the State shall be subject to the provisions of this Agreement.

B. Subcontractors: Grantee shall not enter any subgrant or subcontract in connection with its obligations under this Agreement without the prior written approval of the State. Upon request, Grantee shall submit to the Department a copy of each such subgrant or subcontract.

C. Binding Effect: Except as otherwise provided, all provisions of this Agreement, including the benefits and burdens, shall extend to and be binding upon the Parties' respective successors and assigns.

D. Authority: Each Party represents and warrants to the other that the execution and delivery of this Agreement and the performance of such Party's obligations have been duly authorized.

E. Captions and References: The captions and headings in this Agreement are for the convenience of reference only and shall not be used to interpret, define, or limit its provisions. All references in this Agreement to sections (whether spelled out or using the § symbol), subsections, exhibits, or other attachments are references to sections, subsections, exhibits, or other attachments contained herein or incorporated as a part hereof, unless otherwise noted.

F. Counterparts: This Agreement may be executed in multiple, identical, original counterparts, each of which shall be deemed to be an original, but all of which, taken together, shall constitute the same agreement.

G. Digital Signatures: If any signatory signs this agreement using a digital signature in accordance with the State Policies regarding the use of digital signatures, then any agreement or consent to use digital signatures within the electronic system through which that signatory signed shall be incorporated into this Agreement by reference.

H. Modification: Except as otherwise provided in this Agreement, any modification to this Agreement shall only be effective if agreed to in a formal amendment, properly executed and approved in accordance with applicable New Mexico law and State fiscal policies and rules. Modifications permitted under this Agreement, other than Agreement amendments, shall conform to the policies issued by the State.

I. Statutes, Regulations, Fiscal Rules, and Other Authority: Any reference in this Agreement to a statute, regulation, policy, or other authority shall be interpreted to refer to such authority then current, as may have been changed or amended after the Effective Date of this Agreement.

J. External Terms and Conditions: Notwithstanding anything to the contrary herein, the State shall not be subject to any provision included in any terms, conditions, or agreements appearing on Grantee's or a subcontractor's website or any provision incorporated into any click-through or online agreements related to the Work unless that provision is specifically referenced in this Agreement.

K. Severability: The invalidity or unenforceability of any provision of this Agreement shall not affect the validity or enforceability of any other provision of this Agreement, which shall remain in full force and effect, provided that the Parties can continue to perform their obligations under this Agreement in accordance with its intent.

L. Survival of Certain Agreement Terms: Any provision of this Agreement that imposes an obligation on a Party after the termination or expiration of this Agreement shall survive the termination or expiration of this Agreement and shall be enforceable by the other Party.

M. Third-Party Beneficiaries: Except for the Parties' respective successors and assigns described in this Agreement, it does not and is not intended to confer any rights or remedies upon any person or entity other than the Parties. Enforcement of this Agreement and all rights and obligations hereunder are reserved solely to the Parties. Any services or benefits that third parties receive as a result of this Agreement are incidental to this Agreement and do not create any rights for such third parties.

N. Waiver: A Party's failure or delay in exercising any right, power, or privilege under this Agreement, whether explicit or by lack of enforcement, shall not operate as a waiver, nor shall any single or partial exercise of any right, power, or privilege preclude any other or further exercise of such right, power, or privilege.

O. Standard and Manner of Performance: Grantee shall perform its obligations under this Agreement in accordance with the highest standards of care, skill, and diligence in Grantee's industry, trade, or profession.

P. Licenses, Permits, and Other Authorizations: Grantee shall secure, prior to the Effective Date, and maintain at all times during the term of this Agreement, at its sole expense, all licenses, certifications, permits, and other authorizations required to perform its obligations under this Agreement and shall ensure that all employees, agents, and subcontractors secure and maintain at all times during the term of their employment, agency or subcontractor, all license, certifications, permits and other authorizations required to perform their obligations in relation to this Agreement.

Q. Publicity: Any Publicity regarding the subject matter of this Agreement may not be released without prior written approval from the Department. For purposes of this agreement, "**Publicity**" means notices, informational pamphlets, press releases, email responses, research, reports, signs, and similar public notices prepared by or for the Grantee or jointly with others.

a. Grantee shall obtain written approval prior to issuing any press release or making any public announcement regarding this agreement. Grantee agrees to obtain approval of the Department in advance with respect to all Public Relations, all communications with media, or all communications with any other member of the public with respect to this agreement, except to acknowledge that an agreement does exist.
b. For purposes of this agreement, "Public Relations" includes community relations and means those activities dedicated to maintaining the Department's image or maintaining or promoting understanding and favorable relations with the community or public at large or any segment of the public.
c. Violations of either Article XX (Q)(a) or (b) shall constitute a material Breach of Agreement.

R. Data Sharing: The State intends to secure and collate specific data generated by Grantee under this Agreement to use in support of the State's organizational, policy-making, and management of public resource functions. State, in accordance with **Exhibit E**, attached hereto and incorporated herein by reference, reserves the right to require Grantee and/or its subcontractors to provide specific data relevant to the above-listed functions. Data provided by Grantee may be incorporated into existing or future developed State integrated analysis tools or databases, including but not limited to geographic information system (GIS) networks and databases accessible by the public. Dissemination of data collected may include historical data and projections based on such historical data.

a. To the extent any data transferred as part of this Agreement is legally determined to be the property of Subrecipient or its subcontractors, Subrecipient and/or its subcontractors grants State a

nonexclusive, fully paid-up right and license to reproduce, use, distribute, do derivative works based on, and archive data transferred as part of this Agreement.

S. Venue and Choice of Law: This Agreement shall be governed by and construed in accordance with the laws of the State of New Mexico, without regard to any conflict of law provisions. Any legal suit, action, or proceeding arising out of or related to this Agreement shall be instituted exclusively in the district courts located in Santa Fe, New Mexico. The Parties hereby irrevocably submit to the exclusive jurisdiction and venue of such courts in any such suit, action, or proceeding. The Parties waive any objection to the laying of the venue of any such suit, action, or proceeding in the district courts of Santa Fe, New Mexico, and irrevocably waive and agree not to plead or claim in any such court that any such suit, action, or proceeding brought in any such court has been brought in an inconvenient forum.

GRANTEE REQUEST FOR PAYMENT (RFP) CHECKLIST

RFPs **MUST** be submitted as soon as grantee payment has cleared.

____ RFP # _____ (Verify that you are submitting the correct RFP #)

____ A-Code _____ (Verify that you are requesting payment for the correct grant #)

____ Verify $ amount on the RFP corresponds with the total amount of all invoices and proof of payment (i.e., canceled check, credit card receipt)?

____ Did you include the grant expiration date, and is it a valid date?

____ Has CPMS been updated within the current quarter of RFP submittal?

1st Quarter	July 1 – September 30
2nd Quarter	October 1 – December 31
3rd Quarter	January 1 – March 31
4th Quarter	April 1 – June 30

____ Verify that "Amount of invoice" and "Amount applicable to this Grant" are correct. (For example, if an invoice is for $100.00 but only $50.00 applies to the grant, ensure this is correctly captured on the RFP).

Example:

Date of Invoice	Vendor Name	Amount of Invoice	Amount Applicable to this Grant
6/10/2025	ABC construction	$100.00	$50.00
E	X A M P	L E	
Amount Requested this Payment:			$50.00

Are the following required documents included?

RFPs for equipment, construction, and vehicles

___ Invoice (All PRs)

___ Proof of payment (canceled check/ACH payment) (All PRs)

___ Grantee PO (All PRs)

___ Approved NOO

Additional supporting documents for Vehicles (all the above and the following):

___ Certificate of Origin (all the above and PRs for Vehicles)

___ Odometer Disclosure

___ Buyers' Agreement

Please ensure VINs on all supporting documents match.

NOTE: Be advised that 85% of grant funds must be spent 6 months prior to the reversion date.

This is for your use only DO NOT submit with RFP

EXHIBIT C
Quarterly Reports Form and Certification

OPTIONAL EXHIBIT D
SPECIAL CONDITIONS

The capital outlay oversight requires grantees' accounting methods and procedures, including their internal control framework, to be scrutinized, so as to safeguard State capital outlay appropriations and assets acquired with such appropriations.

This Capital Outlay Special Grant Condition(s) **Exhibit D** is necessary pursuant to Executive Order 2013-006 (2.A.2.a-c, if applicable), due to the Grantees' material weaknesses, significant deficiencies, or findings that raised concerns as to the ability to expend grant funds in accordance with applicable law in the organization's FY 2022 audit. The Special Conditions identified below apply to the authorized agent, North Central New Mexico Economic Development District (NCNMEDD).

Procurement - All purchases or contracts the Grantee enters that shall use funding from the Department capital appropriations grant must be approved by the Department prior to the initiation of implementing purchasing documents. The Grantee shall receive such prior approval via official correspondence from the Department, which may be through letter or email. The Grantee shall submit the following to the Department in pursuit of prior approval: purchasing policies and procedures, CFO certification, documentation of management and program approval, policies and procedures governing purchasing and contracting, a copy of the current procurement and contracting policies, and documentation regarding informing staff responsible for purchasing and contracting on such policies and procedures.

Budget - Provide documentation of approval of your current budget from DFA Local Government or other authoritative agency. Provide policies and procedures on who is responsible for and how annual budgets (expenditures and revenue) are established, monitored and adjusted. Provide a corrective action plan on how budget issues identified in your audit will be/have been addressed. Also include documentation on how staff responsible for budgeting is informed on budget policies and procedures.

Capital Assets - Provide a complete list of inventory including inventory control numbers and current location. Provide policies and procedures on capital assets and inventory and specify how the proposed purchased items will be included, tagged, and tracked in capital asset inventory. Also include documentation on how staff responsible for capital assets is informed on capital asset policies and procedures.

Travel and Per Diem - Provide policies and procedures on travel and per diem. Also include how staff who travel and those responsible for travel reimbursement are informed on travel and per diem policies and procedures.

Timely Audits – Provide policies and procedures on annual audits. Provide documentation on how and who is responsible for insuring that annual audits are completed timely. Also include documentation on how staff responsible for the annual audit is informed on audit policies and procedures.

Cash Management – policies and procedures on cash management of federal funds. Provide procedures used to draw and disburse federal funds. Provide procedures to reconcile draw amounts, deposits and disbursements; and to prepare federal cash reporting documents to ensure compliance with federal regulations.

The Grantee was required to, and has provided sufficient documentation regarding "funds may not be released until ALTSD, and its legal counsel has reviewed audits and the approved agreement identifying a fiscal agent", as referenced in the Grantee's 2022 and 2023 Audit files. Therefore, the criteria to enter into this agreement have been met.

Subject: New Mexico Capital Outlay Grant Agreement A22-G5354 (Pasa Tiempo)

Vendor Name: NM Aging and Long-Term Services Department (ALTSD)

Munis Vendor Number: 6170

ITEM AND ISSUE:

Community Health & Safety Department/Senior Services Division respectfully requests your review and approval of a NM Capital Outlay Grant Agreement Capital Appropriation Project A22-5354 in the total amount of $65,805.00 not to exceed for the purchase and installation of meals equipment and other equipment for the Mary Esther Gonzales senior center for a term of June 30, 2026 with New Mexico Aging and Long-Term Services Department.

BACKGROUND AND SUMMARY:

The Senior Services Division is requesting the approval of the State of New Mexico ALTSD FY26 New Mexico Capital Outlay Agreement Capital Appropriation Project A22-G5354 to purchase and install meals equipment and other equipment for the Pasa Tiempo senior center. The attached Agreement reflects the Fiscal Year 2026 awarded appropriations of $65,805.00. Furthermore, this grant is funded at 100% State dollars which will subsidize the City's general fund account for its intended purpose.

NEW MEXICO CAPITAL OUTLAY GRANT AGREEMENT
CAPITAL APPROPRIATION PROJECT

THIS AGREEMENT is made and entered into by and between the State of New Mexico, AGING AND LONG-TERM SERVICES DEPARTMENT, 2550 Cerrillos Road, Santa Fe, NM 87505, ("**Department**") and City of Santa Fe, ("**Grantee**") (individually "**Party**" and collectively "**Parties**"). This Agreement shall be effective as of the date the Department executes it ("**Effective Date**").

WITNESSETH

WHEREAS, in the Laws of 2022, Chapter 55, Section 10, Subsection A, Paragraph 55, the Legislature made an appropriation to the Department, funds from which the Department is making available to the Grantee pursuant to this Agreement; and

WHEREAS, the Department is granting to Grantee, and the Grantee is accepting the grant of funds from this appropriation, in accordance with the terms and conditions of this Agreement;

NOW, THEREFORE, in consideration of the mutual covenants and obligations contained herein, the parties hereby mutually agree as follows:

AGREEMENT

I. PROJECT DESCRIPTION, GRANT AMOUNT, AND REVERSION

A. A22-G5354 ("**Project**") June 30,2026 ("**Reversion Date**"). Laws of 2022, Chapter 55, Section 10, Subsection A, Paragraph 55, sixty-five thousand eight hundred five dollars $65,805, to purchase and install meals equipment and other equipment for the Pasatiempo senior center in Santa Fe in Santa Fe county.

B. Grantee's total reimbursements shall not exceed sixty-five thousand eight hundred five dollars $65,805 ("**Appropriation Amount**") minus the allocation for Art in Public Places ("**AIPP amount**"), if applicable, zero dollars, $0 which equals sixty-five thousand eight hundred five dollars, $65,805 ("**Adjusted Appropriation Amount**").

C. In the event of a conflict among the Appropriation Amount, the Reversion Date, as defined herein and/or the purpose of the Project, as set forth in this Agreement, and the corresponding appropriation language in the laws cited above in this Article I, the language of the laws cited herein shall control.

The information contained in Article I is referred to collectively as the "**Project Description.**"

II. DISBURSEMENT LIMITATION

A. Upon the Effective Date, the Grantee shall submit to the Department a comprehensive procurement plan and expenditure plan, detailing a Project timeline with milestones, required procurements, and identifying expected expenditures per milestone (collectively, "**Project Budget**"). The Department shall review and approve the Project Budget by issuing a Notice of Department's Obligation ("**Notice of Obligation**"), in accordance with the Project Description, a sample of which is attached hereto as **Exhibit A** and incorporated herein by reference. After receipt of a Notice of Obligation, the Grantee may be reimbursed for allowable costs up to the Adjusted Appropriation Amount. This Agreement and any reimbursements up to the Adjusted Appropriation Amount are expressly conditioned upon the following:

a. Irrespective of any Notice of Obligation, Grantee's expenditures shall be made in accordance with the Project Budget, on or before the Reversion Date and/or, if applicable, any Early Termination Date; and
b. The total amount received by Grantee shall not exceed the lesser of:
   i. the Adjusted Appropriation Amount identified in Article I (B) herein; or
   ii. the total of all amounts stated in the Notice(s) of Obligation evidencing the Department has received and accepted Grantee's Third-Party Obligation(s); and
c. Grantee's expenditures are made and accounted for pursuant to the State Procurement Code, State's Model Accounting Practices, and execution of binding written obligations or purchase orders with third-party contractors or vendors for the provision of services, including professional services, or the purchase of tangible personal property and real property for the Project ("**Third-Party Obligations**"); and
d. Grantee's submittal of timely Requests for Payment and supporting documentation in accordance with the procedures set forth in this Agreement; and
e. In the event capital assets acquired with Project funds are to be sold, leased, or licensed to or operated by a private entity, the sale, lease, license, or operating agreement:
   i. must be approved by the applicable oversight entity (if any) in accordance with §§ 13-6-2, 13-6-2.1, and 13-6-3; or
   ii. If no oversight entity is required to approve the transaction, the Department of Finance and Administration's Infrastructure Planning Development Division (IPDD) must approve it as complying with the law.

B. Prior to the sale, lease, license, or operating agreement being approved pursuant to Articles II(A)(e) (i) or (ii) herein, the Department may, in its sole and absolute discretion, unless inconsistent with State Board of Finance imposed conditions, reimburse Grantee for necessary expenditures incurred to develop the Project sufficiently to make the sale, lease, license, or operating agreement commercially feasible, limited to planning and design expenditures; and

C. Grantee's submission of documentation of all Third-Party Obligations and amendments thereto (including terminations) to the Department and the Department's issuance of a Notice of Obligation for a particular amount in accordance with the terms of this Agreement shall be governed by the following:

a. Grantee is authorized to budget the particular amount set forth in the Notice of Obligation, execute the Third-Party Obligation, and request the Third-Party to begin work after issuance of a Notice of Obligation by the Department.
b. Grantee acknowledges and agrees that any Third-Party Obligations agreed to prior to receiving a Notice of Obligation are its sole responsibility.
c. Grantee shall submit to the Department one copy of all Third-Party Obligations and amendments thereto (including terminations) as soon as possible after execution by the Third-Party but prior to execution by the Grantee.
d. Department may, in its sole and absolute discretion, issue a Notice of Obligation for the particular amount of a Third-Party Obligation that only obligates the Department to reimburse Grantee's expenditures made on or before the Reversion Date or an Early Termination Date. The current Notice of Obligation form is incorporated herein and attached hereto as Exhibit 2.

D. Grantee shall provide all necessary qualified personnel, materials, and facilities to implement the Project. The Grantee shall finance its share (if any) of the costs of the Project, including all Project overruns.

E. Prior to entering into this Agreement, the Department conducted a risk assessment on the Grantee and a project readiness review for the Project. In accordance with State Model Accounting Practices, FIN

9.2, if the Department determines that the expenditure of Project funds by the Grantee requires special conditions, those conditions are identified and listed in **Exhibit D**, which is attached and incorporated by reference. The Parties agree that, to the extent the Department, in its sole and absolute discretion, determines additional special conditions are necessary or that existing special conditions are no longer required, it may update **Exhibit D** from time to time without the need for a formal amendment of this Agreement.

F. Project funds shall not be used for purposes other than those authorized by the Department in accordance with the Project Description.

G. Project funds cannot be used to reimburse the Grantee for indirect Project costs unless specifically allowed by law.

III. NOTICES

The following provisions shall apply whenever written notices, including written decisions, are to be given or received related to this Agreement.

A. The Grantee designates the person(s) listed below, or their successor, as their official representative(s) concerning all matters related to this Agreement:

a. Grantee: City of Santa Fe
   i. Name: Manuel Sanchez
   ii. Title: Senior Services Director
   iii. Address: 1121 Alto St, Santa Fe, NM 87501
   iv. Email: mnsanchez@santafenm.gov
   v. Telephone: 505.955.4710

B. The Grantee designates the person(s) listed below, or their successor, as their Fiscal Officer or Fiscal Agent concerning all matters related to this Agreement:

a. Grantee: City of Santa Fe
   i. Name: Brittany Gurule
   ii. Title: Accounting Financial Analyst
   iii. Address: PO Box 909, Santa Fe, NM 87504-0909
   iv. Email: bsgurule@santafenm.gov
   v. Telephone: 505.955.6130

C. The Department designates the persons listed below, or their successors, as the Points of Contact for matters related to this Agreement.

a. Department:
   i. Name: Tasha Martinez | Julia Richard
   ii. Title: Bureau Chief | Project Coordinator
   iii. Address: 2550 Cerrillos Road, Santa Fe, NM 87505
   iv. Email: tasha.martinez@altsd.nm.gov | julia.richard@altsd.nm.gov
   v. Telephone: 505.316.8900 | 505.629.7751

The Parties agree that all notices, including written decisions, related to this Agreement shall be sent to the persons named above by email or regular mail. For mailings, notices shall be deemed to have been given and received upon the date of the receiving party's actual receipt or five (5) calendar days after

mailing, whichever shall first occur. In the case of email transmissions, the notice shall be deemed to have been given and received on the date reflected on the delivery receipt of the email.

IV. TERM & DEADLINE TO EXPEND FUNDS

A. The term of this Agreement shall begin on the Effective Date and terminate on the 30th day of June during the calendar year of the Reversion Date unless Terminated Before Reversion Date ("**Early Termination**") pursuant to Article V herein (collectively "**Term**").

B. The Project's funds must be expended on or before the Reversion Date and, if applicable, the Early Termination Date of this Agreement.

a. For purposes of this Agreement, it is not sufficient for the Grantee to encumber the Project funds on its books on or before the Reversion Date or Early Termination Date.
b. For purposes of this Agreement, an expenditure of funds has occurred on the date the particular quantity of goods is delivered to and received by the Grantee, title to the goods is transferred to the Grantee, and/or as of the date particular services are rendered to and accepted by the Grantee.
c. For purposes of this Agreement, an encumbrance of funds pursuant to a contract or purchase order with a third-party does not qualify as an expenditure.

V. EARLY TERMINATION

A. General Provision. The Department may terminate this Agreement before the Reversion Date based on the Completion of the Project, Complete Expenditure of the Adjusted Appropriation, and/or Violation of this Agreement. Early Termination hereunder includes:

a. Termination due to completion of the Project before the Reversion Date;
b. Termination due to complete expenditure of the Adjusted Appropriation Amount before the Reversion Date;
c. Termination for violation of the terms of this Agreement; or
d. Termination for suspected mishandling of public funds, including but not limited to fraud, waste, abuse, and conflicts of interest.

B. Non-appropriation. This Agreement is expressly contingent upon the New Mexico State Legislature making sufficient appropriations and authorizations for the Project Description.

a. If the Legislature does not appropriate the Appropriation Amount, this Agreement shall terminate upon the Department giving the Grantee written notice of such termination. Such termination shall be effective as of the effective date of the law making the non-appropriation.
    i.The Department's decision as to whether sufficient appropriations or authorizations are available shall be final. Grantee hereby waives any rights to assert an impairment of contract claim against the State of New Mexico in the event of Early Termination of this Agreement.
b. As used herein, "non-appropriate" or "non-appropriation" includes the following actions by the New Mexico Legislature:
    i.Deauthorization, reauthorization, or revocation of a prior authorization.

C. Grant Disbursements in the Event of Early Termination. In the event of Early Termination, the Department's sole and absolute obligation to reimburse the Grantee is expressly conditioned upon the limitations set forth in Article II above.

D. Notice. Either Party may terminate this Agreement prior to the Reversion Date by providing the other Party with a minimum of fifteen (15) days advance written notice of the Early Termination. Grantee hereby waives any rights to assert an impairment of contract claim against the State of New Mexico in the event of Early Termination of this Agreement by the Department.

VI. SUSPENSION OF NEW OR FURTHER OBLIGATIONS

A. Department, in its sole and absolute discretion, may provide written notice to Grantee to suspend entering into further obligations. Upon the receipt of such written notice by the Grantee:

a. Grantee shall immediately suspend entering into new or further written obligations with third parties;
b. Department will suspend the issuance of any new or further Notice of Obligation under this Agreement; and
c. Department may direct the Grantee to implement a corrective action plan in accordance with Article VI (D) herein.

B. In the event of Suspension of this Agreement, the Department's sole and absolute obligation to reimburse the Grantee is expressly conditioned upon the limitations set forth in Article II herein.

C. A suspension of new or further obligations under this Agreement shall remain in effect unless or until the date the Grantee receives written notice given by the Department informing the Grantee that the Suspension has been lifted or that the Agreement has been Early Terminated in accordance with Article V herein. If the Suspension is lifted, the Department will consider further requests for a Notice of Obligation.

D. Corrective Action Plan in the Event of Suspension. Where the Department, in its sole and absolute discretion, directs Grantee to suspend entering into new or further written obligations with third parties pursuant to Article VI(A), the Department may, but is not obligated to, require the Grantee to develop and implement a written corrective action plan to remedy the grounds for the Suspension.

a. Such a corrective action plan must be approved by the Department and be signed by the Grantee.
b. Failure to sign a corrective action plan or meet the terms and deadlines set forth in the signed corrective action plan is hereby deemed a violation of the terms of this Agreement for purposes of Early Termination, Article V(A)(c).
c. A corrective action plan shall be in addition to, and not in lieu of, any other equitable or legal remedy authorized hereunder or at law, including but not limited to Early Termination.

VII. AMENDMENTS

Unless expressly stated otherwise herein, this Agreement shall not be altered, changed, or amended except by an instrument in writing duly executed by both parties hereto with the same formalities as this agreement.

VIII. REPORTING

A. Database Reporting

a. Grantee shall provide the Department with quarterly reports of Project activity, entering the required Project information directly into a database required by the Department.

b. Additionally, Grantee shall certify on each Request for Payment form, attached hereto as **Exhibit B** and incorporated herein, that all information provided in the database is true and accurate, updates to the database have been maintained, and all Project activity complies with applicable law and the terms of this Agreement

c. Grantee hereby acknowledges that failure to perform and/or certify updates to the database will jeopardize the reimbursement of funds. The Department shall give Grantee a minimum of fourteen (14) days' advance written notice of any changes to the information the Grantee is required to report.

d. At the Department's discretion, all reports required hereunder may be directed to and facilitated through an electronic database.

e. Quarterly reports shall be due on the last day of the month, that is, 30 days prior to the end of the quarter following the execution of this Agreement by the Department and ending during the quarter of the submission of the final request for reimbursement for the Project, or the following quarter. Quarterly reports shall be in the form required by **Exhibit C**, attached hereto and incorporated herein by reference.

B. Requests for Additional Information/Project Inspection

a. During the term of this Agreement and the Record Retention Period, the Department may:
   i. Request additional information regarding the Project as it deems necessary and
   ii. Conduct on-site inspections of the Project at reasonable times and upon reasonable notice.

b. Grantee shall respond to such requests for additional information within the time established by the Department.

IX. REQUEST FOR PAYMENT PROCEDURES

A. Grantee shall request payment by submitting the form attached hereto as **Exhibit B**. Payment requests are subject to the following procedures:

a. Each Request for Payment must be in accordance with the Project Budget and contain proof of payment by the Grantee or liabilities incurred by the Grantee.
   i. Proof of payment must demonstrate the validity of an expenditure or liabilities incurred by Grantee.
   ii. However, Grantee may be reimbursed for unpaid liabilities only if the Department, in its sole and absolute discretion, agrees to do so and in accordance with any special conditions imposed by the Department.

b. Obligated but unpaid invoices received by Grantee from third-party contractors or vendors may be reimbursed if the invoices comply with the provisions of this Agreement.
   i. The Grantee shall make payment to those contractors or vendors within five (5) business days from the date of receiving reimbursement from the Department or in a shorter period than the Department may prescribe in writing.
   ii. The Department reserves the right to make such payments directly to the contractors or vendors as a special condition under this Agreement.
   iii. The Grantee is required to certify to the Department proof of payment to the third-party contractor or vendor within five (5) business days from the date the Department reimburses the Grantee.

B. Until the Project is fully planned, designed, and all necessary procurements identified in the Project Budget are completed, Grantee's reimbursements will be limited to the planning, design, and procurement costs outlined in the Project Budget. Once the planning, designing, and procuring stages are complete, the Grantee must obligate at least ten percent (10%) of the Adjusted Appropriation Amount within one (1) year

and must have utilized at least eighty-five percent (85%) of the Adjusted Appropriation Amount six (6) months before the reversion date.

C. Deadlines. Grantee shall submit requests for Payments to the Department on the earlier of:

a. Immediately as Grantee receives them, but at a maximum of thirty (30) days from when Grantee incurred the expenditure or liability; or
b. The date of Early Termination or Reversion Date for expenditures or liabilities incurred before the Early Termination date or Reversion Date.

D. Grantee's failure to abide by the requirements set forth in Article II and Article IX herein may result in the denial of its Request for Payment. Department reserves the right to reject a payment request for the Project unless and until it is satisfied that the expenditures or liabilities are for permissible purposes within the meaning of the Project Description, identified within the Project Budget, and that the Grantee is otherwise in compliance with this Agreement.

a. Department's authority to reject any Request for Payment is in addition to, and not in lieu of, any other legal or equitable remedy available to the Department under this Agreement, at law, or in equity.

X. PROJECT CONDITIONS AND RESTRICTIONS

A. The following general conditions and restrictions shall apply to the Project:

a. The Project's funds must be spent in accordance with all applicable state laws, regulations, policies, and guidelines, including, but not limited to, the State Procurement Code.
b. The Project's expenditures and liabilities must be accounted for in accordance with the State's Model Accounting Practices, as amended from time to time.
c. The Project must be implemented in accordance with the New Mexico Public Works Minimum Wage Act, Section 13-4-10 through 13-4-17 NMSA 1978, as applicable.
d. The Project must provide a public benefit above and beyond any incidental benefit to private entities in accordance with applicable law, including, but not limited to, Article IX, Section 14 of the Constitution of the State of New Mexico.
e. Without prior written approval from the Department and State Board of Finance, for the useful life of any asset purchased under this Agreement, Grantee shall not convert any property acquired, built, renovated, repaired, designed, or developed with Project funds to uses other than those specified in the Project Description.
f. In addition to other remedies available at law or in equity, any disposal or conversion of property acquired, built, renovated, repaired, designed, or developed with Project funds without the Department's and the Board of Finance's express written approval will trigger the Département's right to reimbursement from Grantee of the Appropriated Amount, transfer proceeds from any disposition of property to the State, or otherwise provide consideration to the State for the Appropriated Amounts.
g. Grantee shall comply with all applicable federal and state laws, rules, and regulations pertaining to civil rights and equal employment opportunity.
h. In accordance with all such laws, rules, and regulations, the Grantee agrees to assure that no person shall, on the grounds of race, color, national origin, sex, sexual preference, age, or handicap, be excluded from participation in the Project, use of the Project, employment with Grantee, or

otherwise be denied benefits/subject to discrimination for any activity performed under this Agreement.

i. Where the Department, in its sole and absolute discretion, determines Grantee has failed to comply with the above conditions and restrictions, Grantee agrees to take appropriate steps to correct any deficiencies immediately. The Grantee's failure to implement such appropriate steps within a reasonable time, but no longer than thirty (30) days after notice from the Department, constitutes a breach of this Agreement and grounds for Early Termination.

XI. REPRESENTATIONS AND WARRANTIES

A. Reliance by Department.

a. Grantee expressly acknowledges that the Department relies on the representations and warranties made by Grantee in this Agreement. Grantee acknowledges that such representations and warranties are a material inducement for the Department to enter into this Agreement and provide the Appropriated Amount.

b. Grantee shall ensure all representations and warranties provided herein are true, accurate, and complete as of the date of the Effective Date and shall remain so throughout the Term of this Agreement. Grantee is responsible for promptly notifying the Department in writing of any changes or inaccuracies in the representations and warranties contained herein.

B. Grantee hereby represents and warrants the following:

a. Grantee has taken all necessary steps to attain the legal authority to receive and expend the Project's funds.

b. Grantee has duly authorized this Agreement, and the person executing it has authority to do so. Once executed by Grantee, this Agreement shall constitute a binding obligation of Grantee, enforceable according to its terms.

c. Grantee's obligations hereunder do not conflict with any law, ordinance, or resolution applicable to Grantee, Grantee's charter (if applicable), or any judgment or decree to which Grantee is subject.

d. Grantee has independently confirmed that the Project Description, including, but not limited to, the Appropriated Amount and Reversion Date, is consistent with the underlying appropriation in law.

e. Grantee's governing body has duly adopted or passed as an official act a resolution, motion, or similar action authorizing the person identified as the official representative of the Grantee to sign and submit Requests for Payment on behalf of Grantee.

f. Grantee will abide by New Mexico laws regarding conflicts of interest, governmental conduct, and whistleblower protection.

i. Grantee agrees explicitly none of its officers or employees or its designees or agents, no member of the governing body, and no other public official of Grantee who exercises any function or responsibility with respect to this Agreement, shall have any interest, direct or indirect, in any contract or subcontract, or the proceeds thereof, for the Project.

ii. Further, Grantee will require all of its contractors to incorporate the language set forth in this paragraph prohibiting conflicts of interest in all subcontracts.

g. No funds have been paid or will be paid, by or on behalf of the Grantee, to any person for influencing or attempting to influence an officer or employee of the State, any agency, or body in connection with the awarding of any Third-Party Obligation.

i. Grantee will require certifying language prohibiting lobbying to be included in the award documents for all subawards, including subcontracts, loans, and cooperative agreements.

C. Consequences of False or Misleading Representations. If any representation or warranty made by Grantee is found to be false or misleading, the Department shall have the right to exercise any or all of the following remedies:

a. **Termination of Agreement:** Department may terminate this Agreement immediately upon written notice to the Grantee.
b. **Repayment of Grant Funds:** Grantee shall repay all Appropriated Amounts disbursed under this Agreement, upon demand by the Department.
c. **Other Remedies:** Department may pursue any other remedies available at law or in equity.

D. Survival of Representations and Warranties. The representations and warranties made by the Grantee shall survive the Early Termination or expiration of this Agreement.

XII. PROJECT RECORDS

A. Grantee shall be strictly accountable for receipts and disbursements relating to the Project's funds. The Grantee shall follow generally accepted accounting principles and the State's Model Accounting Practices and, if feasible, maintain a separate bank account or fund with a separate organizational code to ensure separate budgeting and accounting of the funds.

B. For six (6) years following the Project's completion ("**Record Retention Period**"), Grantee shall maintain all Project-related records, including, but not limited to, all financial records, requests for proposals, invitations to bid, selection and award criteria, contracts and subcontracts, advertisements, minutes of pertinent meetings, as well as records sufficient to fully account for the amount and disposition of the Appropriated Amount from all sources budgeted for the Project, the purpose for which such funds were used, and such other records as the Department may prescribe.

C. Grantee shall make all Project records available to the Department, the Department's Independent Public Accountant, and the New Mexico State Auditor upon request. With respect to the funds that are the subject of this Agreement, if the State Auditor or the Department finds any funds were improperly expended, Grantee shall be required to reimburse the State all amounts found to be improperly expended.

XIII. IMPROPERLY REIMBURSED FUNDS

If the Department determines part or all of the Appropriation Amount was improperly reimbursed to Grantee, including but not limited to funds reimbursed to Grantee based upon fraud, mismanagement, misrepresentation, misuse, violation of law by the Grantee, after ten (10) days' notice to Grantee and the opportunity to return such funds to the Department, the Department may offset any funds due to Grantee from the State, until the Appropriation Amount is fully repaid.

XIV. LIABILITY

Neither Party shall be responsible for liability incurred as a result of the other Party's acts or omissions in connection with this Agreement. Any liability incurred in connection with this Agreement is subject to immunities and limitations of the New Mexico Tort Claims Act.

XV. SCOPE OF AGREEMENT

This Agreement constitutes the entire and exclusive agreement between the Parties concerning the subject matter hereof. The Agreement supersedes all prior or contemporaneous agreements, understandings, discussions, communications, and representations, written or verbal.

XVI. REQUIRED NON-APPROPRIATIONS CLAUSE

A. Grantee acknowledges and agrees to include a "non-appropriations" clause in all contracts between it and other parties that are (i) funded in whole or part by funds made available under this Agreement and (ii) entered into after the effective date of this Agreement that states:

a. "The terms of this Agreement are contingent upon sufficient appropriations and authorization being made by the Legislature of the State of New Mexico ("**Legislature**") for the performance of this Agreement.
b. If the Legislature does not make sufficient appropriations and authorization, City of Santa Fe may immediately terminate this Agreement by giving Contractor written notice of such termination.
c. City of Santa Fe's decision as to whether sufficient appropriations are available shall be final and accepted by the Contractor. Contractor hereby waives any rights to assert an impairment of contract claim against the City of Santa Fe or the State of New Mexico in the event of immediate or Early Termination of this Agreement by the City of Santa Fe or the State Department of Finance and Administration."

XVII. REQUIRED TERMINATION CLAUSE

A. Grantee acknowledges and agrees to include the following termination clause in all contracts that are (i) funded in whole or part by funds made available under this Agreement and (ii) entered into after the effective date of this Agreement:

a. "This contract is funded in whole or in part by funds made available by the State of New Mexico ("**State**"). Should the State terminate its Agreement with City of Santa Fe, City of Santa Fe may terminate this contract immediately by providing Contractor written notice of such termination.
b. In the event of termination pursuant to this paragraph, City of Santa Fe's only liability to Contractor shall be for goods and services delivered and accepted prior to the termination date."

XVIII. COMPLIANCE WITH UNIFORM FUNDING CRITERIA

A. Throughout the term of this Agreement, Grantee shall:

a. Submit all reports of annual audits and agreed-upon procedures required by § 12-6-3(A)-(B), NMSA 1978 by the due dates established in § 2.2.2 NMAC, reports of which must be a public record pursuant to § 12-6-5(A), NMSA 1978 within forty-five (45) days of delivery to the State Auditor;
b. Have a duly adopted budget for the current fiscal year approved by its budgetary oversight agency (if any);
c. Timely submit all required financial reports to its budgetary oversight agency (if any); and
d. Use accounting methods and procedures consistent with Generally Accepted Accounting Principles and the State's Model Accounting Principals to expend the Appropriated Amount in accordance with applicable law and account for and safeguard Project funds and assets acquired with Project funds.

B. In the event Grantee fails to comply with the requirements of subparagraph A of this Article XVIII, Department may take one or more of the following actions:

a. Suspend new or further obligations pursuant to Article VI(A) of this Agreement;
b. Require the Grantee to develop and implement a written corrective action plan pursuant to Article VI(D) of this Agreement to remedy the non-compliance;
c. Impose special conditions to address the non-compliance by giving Grantee notice of such special conditions in accordance with Article III of this Agreement;
   i. The Parties agree that any special conditions imposed to address non-compliance shall be incorporated into this Agreement, through **Exhibit D**, upon notice to Grantee, without need for formal amendment of this Agreement;
   ii. Special conditions shall be binding and effective on the date that notice is deemed to have been given pursuant to Article III or
d. Terminate this Agreement pursuant to Article V(A) of this Agreement.

XIX. SEVERANCE TAX AND GENERAL OBLIGATION BONDS

A. Grantee acknowledges and agrees that the underlying appropriation for the Project may originate from the issuance of tax-exempt severance tax bonds or general obligation bonds by the State. Proceeds from such bonds are administered by the New Mexico State Board of Finance ("**SBOF**"), an entity separate and distinct from the Department.

a. Grantee acknowledges and agrees:
   i. It is Grantee's responsibility to determine through SBOF what (if any) conditions are currently imposed on the Project;
   ii. Department's failure to inform Grantee of an SBOF-imposed condition does not affect the validity or enforceability of the condition;
   iii. The SBOF may in the future impose further or different conditions upon the Project;
   iv. All SBOF conditions are attached to the Project and Appropriation Amount without the need for formal amendment of this Agreement;
   v. All applicable SBOF conditions must be satisfied before the SBOF will release to the Department funds subject to the condition(s) and
   vi. The Department's obligation to reimburse Grantee from the Project is expressly contingent upon the satisfaction of the then-current SBOF conditions.

B. Grantee acknowledges and agrees SBOF may, at its sole and absolute discretion, require reimbursement or remove eligibility for bond proceeds for the Project if the Project doesn't proceed sufficiently.

a. Grantee must comply with the requirement to encumber five percent (5%) of Project funds within six months of bond issuance as certified by Grantee in the Bond Questionnaire and Certification documents submitted to the SBOF.
b. Failure to comply may result in the reassignment of the bond proceeds. Upon reassignment of bond proceeds, this Agreement will be suspended until the entity has demonstrated readiness as determined by the SBOF and the Department.

C. Grantee acknowledges and agrees that this Agreement is subject to the SBOF's Bond Project Disbursements rule, § 2.61.6, NMAC, as may be amended from time to time or re-codified.

XX. GENERAL PROVISIONS

A. Assignment: Grantee's rights and obligations under this Agreement are personal and may not be transferred or assigned without the prior written consent of the State. Any attempt at assignment or transfer

without such consent shall be void. Any assignment or transfer of Grantee's rights and obligations approved by the State shall be subject to the provisions of this Agreement.

B. Subcontractors: Grantee shall not enter any subgrant or subcontract in connection with its obligations under this Agreement without the prior written approval of the State. Upon request, Grantee shall submit to the Department a copy of each such subgrant or subcontract.

C. Binding Effect: Except as otherwise provided, all provisions of this Agreement, including the benefits and burdens, shall extend to and be binding upon the Parties' respective successors and assigns.

D. Authority: Each Party represents and warrants to the other that the execution and delivery of this Agreement and the performance of such Party's obligations have been duly authorized.

E. Captions and References: The captions and headings in this Agreement are for the convenience of reference only and shall not be used to interpret, define, or limit its provisions. All references in this Agreement to sections (whether spelled out or using the § symbol), subsections, exhibits, or other attachments are references to sections, subsections, exhibits, or other attachments contained herein or incorporated as a part hereof, unless otherwise noted.

F. Counterparts: This Agreement may be executed in multiple, identical, original counterparts, each of which shall be deemed to be an original, but all of which, taken together, shall constitute the same agreement.

G. Digital Signatures: If any signatory signs this agreement using a digital signature in accordance with the State Policies regarding the use of digital signatures, then any agreement or consent to use digital signatures within the electronic system through which that signatory signed shall be incorporated into this Agreement by reference.

H. Modification: Except as otherwise provided in this Agreement, any modification to this Agreement shall only be effective if agreed to in a formal amendment, properly executed and approved in accordance with applicable New Mexico law and State fiscal policies and rules. Modifications permitted under this Agreement, other than Agreement amendments, shall conform to the policies issued by the State.

I. Statutes, Regulations, Fiscal Rules, and Other Authority: Any reference in this Agreement to a statute, regulation, policy, or other authority shall be interpreted to refer to such authority then current, as may have been changed or amended after the Effective Date of this Agreement.

J. External Terms and Conditions: Notwithstanding anything to the contrary herein, the State shall not be subject to any provision included in any terms, conditions, or agreements appearing on Grantee's or a subcontractor's website or any provision incorporated into any click-through or online agreements related to the Work unless that provision is specifically referenced in this Agreement.

K. Severability: The invalidity or unenforceability of any provision of this Agreement shall not affect the validity or enforceability of any other provision of this Agreement, which shall remain in full force and effect, provided that the Parties can continue to perform their obligations under this Agreement in accordance with its intent.

L. Survival of Certain Agreement Terms: Any provision of this Agreement that imposes an obligation on a Party after the termination or expiration of this Agreement shall survive the termination or expiration of this Agreement and shall be enforceable by the other Party.

M. Third-Party Beneficiaries: Except for the Parties' respective successors and assigns described in this Agreement, it does not and is not intended to confer any rights or remedies upon any person or entity other than the Parties. Enforcement of this Agreement and all rights and obligations hereunder are reserved solely to the Parties. Any services or benefits that third parties receive as a result of this Agreement are incidental to this Agreement and do not create any rights for such third parties.

N. Waiver: A Party's failure or delay in exercising any right, power, or privilege under this Agreement, whether explicit or by lack of enforcement, shall not operate as a waiver, nor shall any single or partial exercise of any right, power, or privilege preclude any other or further exercise of such right, power, or privilege.

O. Standard and Manner of Performance: Grantee shall perform its obligations under this Agreement in accordance with the highest standards of care, skill, and diligence in Grantee's industry, trade, or profession.

P. Licenses, Permits, and Other Authorizations: Grantee shall secure, prior to the Effective Date, and maintain at all times during the term of this Agreement, at its sole expense, all licenses, certifications, permits, and other authorizations required to perform its obligations under this Agreement and shall ensure that all employees, agents, and subcontractors secure and maintain at all times during the term of their employment, agency or subcontractor, all license, certifications, permits and other authorizations required to perform their obligations in relation to this Agreement.

Q. Publicity: Any Publicity regarding the subject matter of this Agreement may not be released without prior written approval from the Department. For purposes of this agreement, "**Publicity**" means notices, informational pamphlets, press releases, email responses, research, reports, signs, and similar public notices prepared by or for the Grantee or jointly with others.

a. Grantee shall obtain written approval prior to issuing any press release or making any public announcement regarding this agreement. Grantee agrees to obtain approval of the Department in advance with respect to all Public Relations, all communications with media, or all communications with any other member of the public with respect to this agreement, except to acknowledge that an agreement does exist.
b. For purposes of this agreement, "Public Relations" includes community relations and means those activities dedicated to maintaining the Department's image or maintaining or promoting understanding and favorable relations with the community or public at large or any segment of the public.
c. Violations of either Article XX (Q)(a) or (b) shall constitute a material Breach of Agreement.

R. Data Sharing: The State intends to secure and collate specific data generated by Grantee under this Agreement to use in support of the State's organizational, policy-making, and management of public resource functions. State, in accordance with **Exhibit E**, attached hereto and incorporated herein by reference, reserves the right to require Grantee and/or its subcontractors to provide specific data relevant to the above-listed functions. Data provided by Grantee may be incorporated into existing or future developed State integrated analysis tools or databases, including but not limited to geographic information system (GIS) networks and databases accessible by the public. Dissemination of data collected may include historical data and projections based on such historical data.

a. To the extent any data transferred as part of this Agreement is legally determined to be the property of Subrecipient or its subcontractors, Subrecipient and/or its subcontractors grants State a

nonexclusive, fully paid-up right and license to reproduce, use, distribute, do derivative works based on, and archive data transferred as part of this Agreement.

S. Venue and Choice of Law: This Agreement shall be governed by and construed in accordance with the laws of the State of New Mexico, without regard to any conflict of law provisions. Any legal suit, action, or proceeding arising out of or related to this Agreement shall be instituted exclusively in the district courts located in Santa Fe, New Mexico. The Parties hereby irrevocably submit to the exclusive jurisdiction and venue of such courts in any such suit, action, or proceeding. The Parties waive any objection to the laying of the venue of any such suit, action, or proceeding in the district courts of Santa Fe, New Mexico, and irrevocably waive and agree not to plead or claim in any such court that any such suit, action, or proceeding brought in any such court has been brought in an inconvenient forum.

[SIGNATURE PAGE AND EXHIBITS FOLLOW]

GRANTEE REQUEST FOR PAYMENT (RFP) CHECKLIST

RFPs **MUST** be submitted as soon as grantee payment has cleared.

____ RFP # _____ (Verify that you are submitting the correct RFP #)

____ A-Code _____ (Verify that you are requesting payment for the correct grant #)

____ Verify $ amount on the RFP corresponds with the total amount of all invoices and proof of payment (i.e., canceled check, credit card receipt)?

____ Did you include the grant expiration date, and is it a valid date?

____ Has CPMS been updated within the current quarter of RFP submittal?

1st Quarter	July 1 – September 30
2nd Quarter	October 1 – December 31
3rd Quarter	January 1 – March 31
4th Quarter	April 1 – June 30

____ Verify that "Amount of invoice" and "Amount applicable to this Grant" are correct. (For example, if an invoice is for $100.00 but only $50.00 applies to the grant, ensure this is correctly captured on the RFP).

Example:

Date of Invoice	Vendor Name	Amount of Invoice	Amount Applicable to this Grant
6/10/2025	ABC construction	$100.00	$50.00
E	X A M P	L E	
Amount Requested this Payment:			$50.00

Are the following required documents included?

RFPs for equipment, construction, and vehicles

___ Invoice (All PRs)

___ Proof of payment (canceled check/ACH payment) (All PRs)

___ Grantee PO (All PRs)

___ Approved NOO

Additional supporting documents for Vehicles (all the above and the following):

___ Certificate of Origin (all the above and PRs for Vehicles)

___ Odometer Disclosure

___ Buyers' Agreement

Please ensure VINs on all supporting documents match.

NOTE: Be advised that 85% of grant funds must be spent 6 months prior to the reversion date.

This is for your use only DO NOT submit with RFP

EXHIBIT C
Quarterly Reports Form and Certification

OPTIONAL EXHIBIT D
SPECIAL CONDITIONS

The capital outlay oversight requires grantees' accounting methods and procedures, including their internal control framework, to be scrutinized, so as to safeguard State capital outlay appropriations and assets acquired with such appropriations.

This Capital Outlay Special Grant Condition(s) **Exhibit D** is necessary pursuant to Executive Order 2013-006 (2.A.2.a-c, if applicable), due to the Grantees' material weaknesses, significant deficiencies, or findings that raised concerns as to the ability to expend grant funds in accordance with applicable law in the organization's FY2022 audit. The Special Conditions identified below apply to the authorized agent, North Central New Mexico Economic Development District (NCNMEDD).

Procurement - All purchases or contracts the Grantee enters that shall use funding from the Department capital appropriations grant must be approved by the Department prior to the initiation of implementing purchasing documents. The Grantee shall receive such prior approval via official correspondence from the Department, which may be through letter or email. The Grantee shall submit the following to the Department in pursuit of prior approval: purchasing policies and procedures, CFO certification, documentation of management and program approval, policies and procedures governing purchasing and contracting, a copy of the current procurement and contracting policies, and documentation regarding informing staff responsible for purchasing and contracting on such policies and procedures.

Budget - Provide documentation of approval of your current budget from DFA Local Government or other authoritative agency. Provide policies and procedures on who is responsible for and how annual budgets (expenditures and revenue) are established, monitored and adjusted. Provide a corrective action plan on how budget issues identified in your audit will be/have been addressed. Also include documentation on how staff responsible for budgeting is informed on budget policies and procedures.

Capital Assets - Provide a complete list of inventory including inventory control numbers and current location. Provide policies and procedures on capital assets and inventory and specify how the proposed purchased items will be included, tagged, and tracked in capital asset inventory. Also include documentation on how staff responsible for capital assets is informed on capital asset policies and procedures.

Travel and Per Diem - Provide policies and procedures on travel and per diem. Also include how staff who travel and those responsible for travel reimbursement are informed on travel and per diem policies and procedures.

Timely Audits – Provide policies and procedures on annual audits. Provide documentation on how and who is responsible for insuring that annual audits are completed timely. Also include documentation on how staff responsible for the annual audit is informed on audit policies and procedures.

Cash Management – policies and procedures on cash management of federal funds. Provide procedures used to draw and disburse federal funds. Provide procedures to reconcile draw amounts, deposits and disbursements; and to prepare federal cash reporting documents to ensure compliance with federal regulations.

The Grantee was required to, and has provided sufficient documentation regarding "funds may not be released until ALTSD, and its legal counsel has reviewed audits and the approved agreement identifying a fiscal agent", as referenced in the Grantee's 2022 and 2023 Audit file. Therefore, the criteria to enter into this agreement have been met.

Subject: Extension of Animal Shelter Contract/ Professional Services Agreement Amendment #3

Vendor Name: Santa Fe Animal Shelter and Humane Society

Munis Vendor Number: 1521

ITEM AND ISSUE:

The Police Department respectfully requests your review and approval of Amendment #3 to Contract #3250332 with Santa Fe Animal Shelter for animal boarding and care services. Amendment #3 increases the amount of compensation by $136,800 not to exceed, for a total contract amount of $567,089 and extends the term by an additional three months.

CONTRACT NUMBER:

The FY25 Munis contract number is 3250332.

BACKGROUND AND SUMMARY:

The original contract, City Clerk's #25-0011, was executed on January 14, 2025, as an emergency agreement. During the contract term, a Request for Proposals (RFP) was issued and remains under evaluation. Amendment #1, executed on August 8, 2025, increased the contract compensation by $150,000 and extended the term by six months, establishing a new expiration date of February 5, 2026. At this time, negotiations between the City of Santa Fe and the Animal Shelter are still ongoing, and a final agreement has not yet been reached. Amendment #2, executed on December 16, 2025, increased the compensation by $152,289. This additional time will allow us to complete the rfp process, finalize a contract and present to Governing Body for approval.

AMENDMENT No. 3 TO
Contract # 3250332

Santa Fe Animal Shelter Services Contract

This AMENDMENT No. 3 (the "Amendment") amends the CITY OF SANTA FE CONTRACT, dated January 14, 2025 (the "Contract"), between the City of Santa Fe (the "City") and Santa Fe Animal Shelter and Humane Society, Inc. (the "Contractor"). The date of this Amendment shall be the date when it is executed by the City and the Contractor whichever occurs last.

RECITALS:

A. Under the terms of the Contract, Contractor has agreed to provide the City professional services, in accordance with the terms and conditions hereinafter set out, and the Contractor understanding and consenting to the foregoing is willing to render such professional services as outlined in the Contract.

B. Pursuant to Article 14 of the Contract, and for good and valuable consideration, the receipt and sufficiency of which are acknowledged by the parties, the City and the Contractor agree as follows:

1. COMPENSATION.

Article 3, paragraph A of the Contract is amended to increase the amount of compensation by a total of $136,800 so that Article 3, paragraph A reads in its entirety as follows:

> A. The City shall pay to the Contractor in full payment for services satisfactorily performed based on the per hour/per treatment costs listed in Attachment A. Such compensation shall not exceed five hundred sixty-seven thousand eighty-nine dollars ($567,089), including gross receipts tax. **The total amount payable to the Contractor under this Contract, including gross receipts, tax and expenses, shall not exceed ($567,089).**

2. TERM:

Article 4 of the Contract is hereby deleted in its entirety and substitute the following Article 4 in its place:

THIS CONTRACT SHALL NOT BECOME EFFECTIVE UNTIL APPROVED BY THE CITY. This Contract shall terminate 3 months from the date of signature unless terminated pursuant to paragraph 5 (Termination) and paragraph 6 (Appropriations).

3. CONTRACT IN FULL FORCE.

Except as specifically provided in this Amendment, the Contract remains and shall remain in full force and effect, in accordance with its terms.

[REMAINDER OF PAGE INTENTIONALLY LEFT BLANK]

Subject: Extension of Animal Shelter Contract/ Professional Services Agreement

Vendor Name: Santa Fe Animal Shelter and Humane Society

Munis Vendor Number: 1521

ITEM AND ISSUE:

The Police Department respectfully requests your review and approval of Amendment #1 to Contract #3250332 with Santa Fe Animal Shelter for animal boarding and care services. Amendment #1 increases the amount of compensation and extends the term by $150,000 not to exceed for a total compensation of $278,000 for a term of an additional six months.

CONTRACT NUMBER:

The FY25 Munis contract number is 3250332.

BACKGROUND AND SUMMARY:

The original contract, City Clerk's #25-0011, was executed on January 14, 2025. During the term of this emergency agreement, a Request for Proposals (RFP) was issued and is currently still under review. At this time, a new agreement between the City of Santa Fe and the Animal Shelter has not yet been finalized. As the current contract is set to expire on July 14, 2025, we are requesting an extension to ensure the continuity of services without interruption.

City of Santa Fe
Emergency Determination Form

The emergency procurement method may only be used as described in NMSA 1978, Section 13-1-127 and in the City's Procurement Manual XII.

The Department that makes an emergency procurement to plan or prepare for the response to a serious threat to public health, welfare, safety or property caused by a flood, fire, epidemic, riot, act of terrorism, equipment failure or similar event shall account for the money spent in making the procurement and report on that accounting to the City's Finance Department Director within ninety days after the end of the contract or fiscal year in which the procurement was made, whichever comes first.

III. **Term of prospective contract: Up to 3 months**

IV. **Amount of prospective contract: Two hundred thousand dollars ($200,000.00)**

V. **Location of Services: Throughout the City of Santa Fe**

VI. **Please thoroughly list the services (scope of work), construction or items of tangible personal property of the contract:**

Scope of Work for Animal Services Contract

The contracted provider will perform the following services to support the City of Santa Fe in meeting its urgent animal welfare, public health, and compliance needs. The contractor must ensure adherence to all applicable city ordinances, particularly SFCC 1987 Chapter V, Animal Control Ordinances, and provide consistent, humane, and timely care for animals under the city's jurisdiction. **The contractor shall comply with all provisions of law and regulations as set forth in Chapter V of SFCC 1987, pursuant to Section 5-11.1.B of the Animal Control Ordinance.**

1. Shelter Operations and Animal Care

- **Facility Management**: Operate a safe, sanitary, and fully staffed animal shelter as a housing facility to care for and shelter stray, abandoned, or seized animals.
- **Intake and Animal Control**: Accept animals brought by the City's Animal Services Officers, including stray, injured, or surrendered animals. Provide adequate housing, food, and care.
- **Quarantine and Rabies Control**: Confine and manage animals involved in bite incidents or suspected rabies cases. Report and deliver deceased animals as required for rabies testing.
- **Feral Cat Management**: Assess feral cats and, if healthy, provide sterilization before releasing them back to their original location or finding suitable alternative placements.
- **Holding Period Compliance**: Retain animals during the legally mandated holding period, transferring ownership to the shelter upon the hold's expiration unless other arrangements are specified by law.

2. Veterinary Care

- **Routine and Emergency Medical Services**: Provide veterinary evaluations, vaccinations, routine treatments, and emergency medical care as necessary to ensure animal welfare.

- **Veterinary Oversight**: Ensure that all medical care decisions, including euthanasia, are made by a licensed veterinarian. Euthanize animals only when medically necessary and notify the City of such actions.

3. Licensing and Public Health Compliance

- **Licensing**: Oversee pet licensing processes in alignment with city regulations. Collect and retain licensing fees, maintaining records and providing the City with access as needed.
- **Public Health Reporting**: Coordinate with health authorities, including the New Mexico Department of Public Health, on communicable diseases or incidents affecting public safety.

4. Storage and Disposal of Remains

- **Storage of Deceased Animals**: Maintain appropriate facilities (e.g., freezers) for storing the remains of deceased animals received from Animal Services Officers.
- **Cremation Services**: Provide timely and humane disposal of animal remains through cremation, ensuring environmental and public health compliance.

5. Administrative and Reporting Responsibilities

- **Detailed Documentation and Reporting**: Maintain records for each animal, including intake, care, medical treatment, and final disposition. Submit monthly status reports to the City, summarizing shelter activities and public health-related incidents.
- **Collaboration with City Representatives**: Work with city representatives to manage intake processes when city staff are unavailable and handle the release of impounded animals to owners outside regular operating hours.

VII. **Provide an explanation for the justification of the procurement including a description of the emergency condition(s) requiring use of emergency procurement and the practicable competition utilized in compliance with NMSA 1978, Section 13-1-127.**

The emergency procurement for animal services in Santa Fe is justified due to the immediate need for continued animal shelter operations, veterinary care, and compliance with public health regulations. The city's ability to care for stray, injured, and abandoned animals is essential for public safety and animal welfare. Without an established vendor, Santa Fe faces risks, including:

1. Public Health Risks: Managing rabid or diseased animals is critical to prevent the spread of diseases like rabies. The inability to quarantine, vaccinate, or euthanize animals as necessary could pose a health risk to the community.

2. Legal and Regulatory Compliance: The city is mandated to uphold Chapter V of the Santa Fe City Code, which outlines strict requirements for shelter operations, animal handling, and licensing. Failure to comply could lead to legal repercussions and public safety risks.

3. Immediate Animal Welfare Concerns: Without shelter and veterinary care, the city cannot meet basic animal welfare needs. This would likely lead to overcrowding in temporary holding facilities, inability to provide adequate care, and compromised humane treatment for animals.

4. Practicable Competition: In compliance with NMSA 1978, Section 13-1-127, an expedited yet

practicable competitive process was utilized. Potential service providers within a reasonable distance of Santa Fe were considered, ensuring that the selected vendor meets city requirements and can initiate services without delay.

This emergency procurement process enables the city to fulfill essential animal services swiftly and within compliance, ensuring safety, welfare, and public health for the residents of Santa Fe.

VIII. **Please describe what measures are being taken to minimize the duration and effect of this emergency procurement (for example: is the emergency only in place until a competitive process can be completed, etc.).**

Measures to Minimize Duration and Impact of Emergency Procurement

This emergency procurement is structured as a temporary solution to address the city's immediate need for animal services. To ensure it is in place only as long as necessary, the following measures are being taken:

1. Transition Plan to Competitive Procurement: The emergency contract will remain active only until a standard competitive procurement process can be completed. The city is actively in the process of a formal Request for Proposals (RFP) to secure long-term service providers through a competitive, transparent process.

2. Short-Term Contract with Defined Limits: The emergency procurement has clear limits in scope and duration to minimize dependency. The city has restricted services to the most critical functions, such as shelter operations, veterinary care, and public health compliance, essential for public safety and animal welfare.

3. Monitoring and Evaluation: The city will monitor the contractor's performance under the emergency contract, using this data to refine service requirements and improve the competitive bidding process. Monthly status reports from the contractor will ensure oversight and facilitate a smoother transition to long-term providers.

These measures are intended to minimize both the impact and duration of the emergency contract, ensuring that the city's animal services can return to a competitively bid, stable solution as soon as possible.

IX. **Describe what measures the Department will take in the future to prevent/mitigate use of emergency procurement under similar circumstances.**

To prevent or mitigate the need for emergency procurements in similar situations, the Department will take the following proactive steps:

1. Immediate RFP Process: The Department is currently in the process of a Request for Proposals (RFP) to secure long-term, competitively bid contracts for essential animal services. This proactive approach will reduce reliance on short-term emergency measures.

2. Advanced Contract Planning: In the future, the Department will implement advanced planning for contract renewals and potential vendor changes. This will include monitoring contract timelines and setting internal reminders to initiate competitive bidding well before contract expiration dates.

3. Contingency Partnerships: The Department will work to establish contingency agreements with additional animal service providers to ensure a rapid response in the event of vendor loss or service disruption. By having alternative providers identified, the Department can reduce delays and maintain service continuity.

4. Regular Market Assessments: Conducting periodic market assessments will help identify qualified vendors within the region, ensuring that the city has a pool of providers ready to respond to an RFP, if needed. This process will also aid in securing providers who meet the city's specific needs, reducing the likelihood of service disruptions.

By taking these steps, the Department aims to enhance preparedness and reduce reliance on emergency procurement, securing uninterrupted, compliant, and humane animal services for the City of Santa Fe.

Santa Fe Animal Shelter Services Contract

This AMENDMENT No. 1 (the "Amendment") amends the CITY OF SANTA FE CONTRACT, dated January 14, 2025 (the "Contract"), between the City of Santa Fe (the "City") and Santa Fe Animal Shelter and Humane Society, Inc. (the "Contractor"). The date of this Amendment shall be the date when it is executed by the City and the Contractor whichever occurs last.

RECITALS:

A. Under the terms of the Contract, Contractor has agreed to provide the City professional services, in accordance with the terms and conditions hereinafter set out, and the Contractor understanding and consenting to the foregoing is willing to render such professional services as outlined in the Contract.

B. Pursuant to Article 14 of the Contract, and for good and valuable consideration, the receipt and sufficiency of which are acknowledged by the parties, the City and the Contractor agree as follows:

1. COMPENSATION.

Article 3, paragraph A of the Contract is amended to increase the amount of compensation by a total of $150,000 so that Article 3, paragraph A reads in its entirety as follows:

> A. The City shall pay to the Contractor in full payment for services satisfactorily performed based on the per hour/per treatment costs listed in Attachment A. Such compensation shall not exceed two hundred seventy-eight thousand dollars ($278,000), including gross receipts tax ("NMGRT"). NMGRT will be paid at the rate of 8.1875%. **The total amount payable to the Contractor under this Contract, including gross receipts, tax and expenses, shall not exceed ($278,000).**

2. TERM:

Article 4 of the Contract is hereby deleted in its entirety and substitute the following Article 4 in its place:

THIS CONTRACT SHALL NOT BECOME EFFECTIVE UNTIL APPROVED BY THE CITY. This Contract shall terminate 6 months from the date of signature unless terminated pursuant to paragraph 5 (Termination) and paragraph 6 (Appropriations).

3. CONTRACT IN FULL FORCE.

Except as specifically provided in this Amendment, the Contract remains and shall remain in full force and effect, in accordance with its terms.

IN WITNESS WHEREOF, the parties have executed this Amendment No. 1 to the Contract as of the dates set forth below.

CITY OF SANTA FE

Date: January 3, 2025

To: Governing Body
Finance Committee
Quality of Life Committee

Via: Randy Randall, Interim City Manager
Paul Joye, Chief of Police

From: **Ben Valdez, Deputy Chief of Police** B. Valdez, DC (Jan 3, 2025 17:29 MST)

Subject: **Professional Services Agreement**

Vendor Name: **Santa Fe Animal Shelter and Humane Society**

Vendor Number: **1521**

ITEM AND ISSUE:
Request for Approval of the Emergency Professional Services Agreement between the Santa Fe Animal Shelter and Humane Society, Inc. and City of Santa Fe, for a six month agreement not to exceed a total of $128,000.00. (Ben Valdez, Deputy Chief of Police, bpvaldez@santafenm.gov)

Action Requested: Approval of a Professional Services Agreement for $128,000.

BACKGROUND AND SUMMARY:
The City of Santa Fe does not maintain their own animal shelter facility and has historically utilized the Santa Fe Animal Shelter and Humane Society to a facility for the humane housing of domestic animals, including veterinarian care for strays, and disposal services by way of cremation. Once animals complete the mandatory stray hold period, the Santa Fe Animal Shelter and Humane Society takes responsibility of the animals and facilitates adoptions.

The Emergency Professional Services Agreement for animal services in Santa Fe is justified due to the immediate need for continued animal shelter operations, veterinary care, and compliance with public health regulations. The city's ability to care for stray, injured, and abandoned animals is essential for public safety and animal welfare. Without an established vendor, Santa Fe faces numerous risks.

While this Emergency Agreement is in place, staff is concurrently completing the Request for Proposals (RFP) process to achieve a long term, multi-year agreement to for the operation of an animal shelter facility through a contractor. Having this agreement allows shelter operations to continue until the RFP process is complete.

CITY OF SANTA FE

PROFESSIONAL SERVICES CONTRACT

THIS CONTRACT is made and entered into by and between the City of Santa Fe, New Mexico, hereinafter referred to as the "City," and **Santa Fe Animal Shelter and Humane Society, Inc.**, hereinafter referred to as the "Contractor," and is effective as of the date set forth below upon which it is executed by the Parties.

RECITALS

WHEREAS, the Chief Procurement Officer of the City has made the determination that this Contract is in accordance with the provisions of the New Mexico Procurement Code (NMSA 1978, 13-1-28 et seq.) pursuant to NMSA 1978, Sections 13-1-127 and 13-1-128, and;

WHEREAS, the Contractor is one of such requisite and qualifications and is willing to engage with the City for professional services, in accordance with the terms and conditions hereinafter set out, and the Contractor understanding and consenting to the foregoing is willing to render such professional services as outlined in the Contract; and

The City and the Contractor hereby agree as follows:

1. Scope of Work

A. The City Shall:

1) Contact owners of animals collected by the City, as required by Section 5-7.1 SFCC 1987.
2) Mark all City Animal Services vehicles with a "City of Santa Fe" designation so as to identify and differentiate them from Contractor's vehicles. Only utilize personal protective equipment and supplies provided by the City of Santa Fe.
3) Complete in writing, information on the impound cards including the time and exact location at which the animal was impounded. At time of intake, it will be noted if the animal has been cited or will be issued an active citation such as "dangerous dog" or "vicious dog."
4) Regarding animal bite cases, supply upon intake, complete and sign a Bite Case Quarantine form, along with the regular impound card. If the owner of the animal is known and present at the time of impound, the form will be completed and signed by the owner. If the owner is known and is not present at the time of impound, the City will complete the form with the information, but without the signature.
5) The City assumes responsibility for expenses for any animal brought in by the City that requires services outside of the Contractor's regular business hours, scope of capability, or level of overnight care. Cases brought in after 4:30 PM may require transport and overnight care at a veterinary emergency facility, upon discretion of the Animal Services Officer with the City being responsible for expenses incurred. The City accepts the Contractor's business hours may be changed at the Contractor's discretion. Contractor will inform the City in writing at least ten (I 0) days before any such changes are implemented. In the event of delayed opening or early closing due to inclement weather, a manmade or natural disaster the Contractor shall

immediately inform the Animal Services Supervisor of the delayed opening or early closure.

6) During regular operating hours when summoned by the Contractor through the Santa Fe Police Dispatch Center, Animal Services Officers shall report to the Contractor's Facility to complete an impound or release of animals.
7) Deliver to the Contractor the remains of deceased animals for cremation disposal by the Contractor and pay the rate established cremation rate in l.B.15. The Animal Services Officer shall completely and legibly record each deceased animal on the City Carcass Log when placing an animal in the freezer.
8) The City reserves the right to utilize other vendors for veterinary care as needed.
9) The City reserves the right to utilize its own internal services when deemed appropriate.

B. The Contractor shall provide the following services for the City as requested by the city:

1) Comply with all provisions of law and regulations as set forth in Chapter "V" of SFCC 1987, pursuant to Section 5-11.1.B of the Animal Control Ordinance.
2) Operate and maintain an animal shelter as an animal housing facility for the benefit of the citizens of the City. Carry out all duties relating to rabid and biting animals, including, in the case of live animals, confining the animal and determining the immunization status, and in the case of dead animals, preparing and delivering such an animal to the New Mexico Department of Public Health or other approved facility in order that the department may arrange for laboratory determination of whether or not such animal is infected with rabies. All bite cases shall be reported to the City and the animal confined under supervision of the City.
3) Accept an average of ***one hundred ten*** (***110***) stray dogs, cats and other approved domestic small animals per month that are brought to the animal shelter by the City's Animal Services, provided these animals do not exhibit any symptoms of rabies or other dangerous disease. If the number of stray animals exceeds ***one hundred ten*** (***110)*** in a given month, the City will be billed separately at the Contractor's daily impound rate currently forty dollars ($40.00) per day, per animal.
4) All healthy feral cats (as determined by the Contractor) will be sterilized and returned to the location where they were found, delivered to another managed cat colony or considered for adoption.
5) Animals other than dogs and cats may be accepted by the animal shelter at the Contractor's exclusive discretion. Before other animals are accepted by the Contractor, the City must obtain explicit approval from the Contractor in each case. If the Contractor declines to accept these animals, the City will find housing for these animals other than the Contractor.
6) Hold all animals brought to the animal shelter by the City, which remain unclaimed, in accordance with the provisions as set forth in Section 5-7.1 SFCC 1987, unless for humane reasons, the Contractor's veterinarian determines that euthanasia is appropriate prior to that time. ***The date of impound counts as day one for City Impounded animals when calculating hold periods. After the expiration of the legal holding time, all animals become the property of the Contractor.***

7) Holds on animals beyond the legal stray holding time, including but not limited to animals held in the course of investigations, will be billed separately at the Contractor's daily impound rate, currently forty dollars ($40.00) per day, per animal. The Contractor reserves the right to refuse extended stays for animals whose quality of life is compromised or who cannot humanely be cared for in the Contractor's facility as determined by the Contractor.
8) The City may assign the Contractor to be responsible for licensing animals in the City of Santa Fe pursuant to Section 5-5.6 SFCC 1987 until the City makes the determination to assume sole responsibility for licensing animals in the City. Until such determination, the Contractor is responsible for licensing and the Contractor will incur all costs deemed necessary by the Contractor for such licensing and the City will allow Contractor to collect and retain all licensing fees and revenue. In addition, the Contractor shall provide all data related to licensing and fees to the City. Notice to the Contractor to be responsible for licensing or to provide notice to that the City will be solely responsible for licensing will be provided in writing. The City of Santa Fe retains the express right to determine the licensing fee.
9) Provide monthly status reports, as well as individual animal records to the City.
10) Collect and retain all animal boarding fees and costs.
11) Contractor will not be required to board beyond the stray hold period animals for impoundment from an Animal Services Officer, which the Animal Service Officer indicates are to be held as evidence in a pending legal proceeding such as a hoarding case or other criminal case. Contractor may accept such animals beyond the stray holding period on a case-by-case basis based on boarding availability.
12) When a representative of the City is not available during regular operating hours, the Contractor will complete the detailed intake documentation and accept a stray domestic animal found within the Santa Fe City limits by a person who is not the owner of the animal. Upon acceptance of the stray, the Contractor shall immediately contact the Santa Fe Police Dispatch Center and request the Animal Services Officer report to the Contractor's facility to complete the impound card and complete the impound process for the stray. The Contractor's acceptance and shelter of the stray will be confirmed by the Animal Services Officer and the stray will be counted toward the animals the Contractor is compensated for monthly in this contract.
13) If an owner of an impounded animal being held at the Contractor's facility under this contract wishes to retrieve their pet when a representative of the City is unavailable during regular operating hours, the Contractor shall immediately contact the Santa Fe Police Dispatch Center and request the Animal Services Officer report to the facility to complete the release of the animal.
14) Provide medical care under the direction and authority of the Contractor's licensed veterinarian. Decisions regarding all medical care, including the treatment of animals, rest with the Contractor's licensed veterinarian. Animals will not be euthanized within the animal holding period unless medically necessary. Decisions regarding medically necessary euthanasia of suffering animals impounded by the Animal Services Officer and being held at the Contractor's facility rest with the Contractor's licensed veterinarian. The Contractor shall notify the Animal Services Supervisor no later than the next business day of euthanasia or sedation of any animal administered prior to the completion of the hold period.
15) Be responsible for the storage and disposal by cremation of remains received from an Animal Services Officer (ASO) that are deceased upon arrival to the contractor's facility as per Article

1, paragraph A7. The agreed upon rate for disposal of remains by way of cremation is a flat rate of $100 per animal The Contractor shall provide and maintain a freezer on the premises for the appropriate storage of remains of deceased animals during the Stray Hold and remains identification period.

2. Standard of Performance; Licenses

A. The Contractor does hereby accept its designation as a professional service, rendering services related to Animal Services for the City, as set forth in this Contract. The Contractor represents that Contractor possesses the personnel, experience, and knowledge necessary to perform the services described under this Contract.

B. The Contractor agrees to obtain and maintain throughout the term of this Contract, all applicable professional and business licenses required by law, for itself, its employees, agents, representatives, and subcontractors.

3. Compensation

A. The City shall pay to the Contractor in full payment for services satisfactorily performed based on the per hour/per treatment costs listed in Attachment A. such compensation shall not exceed one hundred twenty eight thousand dollars ($128,000), including gross receipts tax. **The total amount payable to the Contractor under this Contract, including gross receipts tax and expenses, shall not exceed ($128,000.00).**

B. Payment. The total compensation under this Contract shall not exceed $128,000.00 including New Mexico gross receipts tax. **PLEASE NOTE NO PROPERTY TAX WILL BE PAID TO THE CONTRACTOR BY THE City. This amount is a maximum and not a guarantee that the work assigned to be performed by Contractor under this Contract shall equal the amount stated herein. The Parties do not intend for the Contractor to continue to provide Services without compensation when the total compensation amount is reached. Contractor is responsible for notifying the City when the Services provided under this Contract reach the total compensation amount. In no event will the Contractor be paid for Services provided in excess of the total compensation amount without this Contract being amended in writing prior to services, in excess of the total compensation amount being provided.**

C. Payment shall be made upon Acceptance of each Deliverable and upon the receipt and Acceptance of a detailed, certified Payment Invoice. Payment will be made to the Contractor's designated mailing address. In accordance with Section 13-1-158 NMSA 1978, payment shall be tendered to the Contractor within thirty (30) days of the date of written certification of Acceptance. All Payment Invoices MUST BE received by the City no later than fifteen (15) days after the termination of this Contract. Payment Invoices received after such date WILL NOT BE PAID.

D. **Notice of Extended Payment Provision For Grant Funded Contracts**. This contract allows the owner to make payment within 45 days after submission of an undisputed request for payment.

4. Term

THIS CONTRACT SHALL NOT BECOME EFFECTIVE UNTIL APPROVED BY THE CITY. This Contract shall terminate 6 months from date of signature unless terminated pursuant to paragraph 5 (Termination) and paragraph 6 (Appropriations).

5. Termination

A. Grounds. The City may terminate this Contract for convenience or cause. For contracts within their authority, the City Manager or their designee is authorized to provide the notice of termination, otherwise such notice of termination shall be provided by the Mayor or their designee as authorized by the Governing Body. The Contractor may only terminate this Contract based upon the City's uncured, material breach of this Contract.

B. Notice; City Opportunity to Cure.

1) The City shall give Contractor written notice of termination at least thirty (30) days prior to the intended date of termination.

2) Contractor shall give City written notice of termination at least thirty (30) days prior to the intended date of termination, which notice shall (i) identify all the City's material breaches of this Contract upon which the termination is based and (ii) state what the City must do to cure such material breaches. Contractor's notice of termination shall only be effective (i) if the City does not cure all material breaches within the thirty (30) day notice period or (ii) in the case of material breaches that cannot be cured within thirty (30) days, the City does not, within the thirty (30) day notice period, notify the Contractor of its intent to cure and begin with due diligence to cure the material breach.

3) Notwithstanding the foregoing, this Contract may be terminated immediately upon written notice to the Contractor (i) if the Contractor becomes unable to perform the services contracted for, as determined by the City; (ii) if, during the term of this Contract, the Contractor is suspended or debarred by the City; or (iii) the Contract is terminated pursuant to Paragraph 6, "Appropriations", of this Contract.

C. Liability. Except as otherwise expressly allowed or provided under this Contract, the City's sole liability upon termination shall be to pay for acceptable work performed prior to the Contractor's receipt or issuance of a notice of termination; provided, however, that a notice of termination shall not nullify or otherwise affect either party's liability for pre-termination defaults under or breaches of this Contract. The Contractor shall submit an invoice for such work within thirty (30) days of receiving or sending the notice of termination. *THIS PROVISION IS NOT EXCLUSIVE AND DOES NOT WAIVE THE CITY'S OTHER LEGAL RIGHTS AND REMEDIES CAUSED BY THE CONTRACTOR'S DEFAULT/BREACH OF THIS CONTRACT.*

6. Appropriations

The terms of this Contract are contingent upon sufficient appropriations and authorization being made by the Governing Body for the performance of this Contract. If sufficient appropriations and authorization are not made by the Governing Body, this Contract shall terminate immediately upon written notice being given by the City to the Contractor. The City's decision as to whether sufficient appropriations are available shall be accepted by the Contractor and shall be final. If the City proposes an amendment to the Contract to unilaterally reduce funding, the Contractor shall have the option to terminate the Contract or to agree to the reduced funding, within thirty (30) days of receipt of the proposed amendment.

7. Status of Contractor

The Contractor and its agents and employees are independent contractors performing professional services for the City and are not employees of the City. The Contractor and its agents and employees shall not accrue leave, retirement, insurance, bonding, use of City vehicles, or any other benefits afforded to employees of the

City as a result of this Contract. The Contractor acknowledges that all sums received hereunder are reportable by the Contractor for tax purposes, including without limitation, self-employment and business income tax. The Contractor agrees not to purport to bind the City unless the Contractor has express written authority to do so, and then only within the strict limits of that authority.

8. Assignment

The Contractor shall not assign or transfer any interest in this Contract or assign any claims for money due or to become due under this Contract without the prior written approval of the City.

9. Subcontracting

The Contractor shall not subcontract any portion of the services to be performed under this Contract without the prior written approval of the City. No such subcontract shall relieve the primary Contractor from its obligations and liabilities under this Contract, nor shall any subcontract obligate direct payment from the City.

10. Release

Final payment of the amounts due under this Contract shall operate as a release of the City, its officers and employees from all liabilities, claims and obligations whatsoever arising from or under this Contract.

11. Confidentiality

Any confidential information provided to or developed by the Contractor in the performance of this Contract shall be kept confidential and shall not be made available to any individual or organization by the Contractor without the prior written approval of the City.

12. Product of Service -- Copyright

All materials developed or acquired by the Contractor under this Contract shall become the property of the City and shall be delivered to the City no later than the termination date of this Contract. Nothing developed or produced, in whole or in part, by the Contractor under this Contract shall be the subject of an application for copyright or other claim of ownership by or on behalf of the Contractor.

13. Conflict of Interest; Governmental Conduct Act

A. The Contractor represents and warrants that it presently has no interest and, during the term of this Contract, shall not acquire any interest, direct or indirect, which would conflict in any manner or degree with the performance or services required under the Contract.

B. The Contractor further represents and warrants that it has complied with, and, during the term of this Contract, will continue to comply with, and that this Contract complies with all applicable provisions of the Governmental Conduct Act, Chapter 10, Article 16 NMSA 1978.

C. Contractor's representations and warranties in Paragraphs A and B of this Article are material representations of fact upon which the City relied when this Contract was entered into by the parties. Contractor shall provide immediate written notice to the City if, at any time during the term of this Contract, Contractor learns that Contractor's representations and warranties in Paragraphs A and B of this Article were erroneous on the effective date of this Contract or have become erroneous by reason of new or changed circumstances. If it is later determined that Contractor's representations and warranties in Paragraphs A and B of this Article were erroneous on the effective date of this Contract or have become erroneous by reason of new or changed circumstances, in addition to other remedies available to the City

and notwithstanding anything in the Contract to the contrary, the City may immediately terminate the Contract.

D. All terms defined in the Governmental Conduct Act have the same meaning in this section.

14. Amendment

A. This Contract shall not be altered, changed, or amended except by instrument in writing executed by the parties hereto and all other required signatories.

B. If the City proposes an amendment to the Contract to unilaterally reduce funding due to budget or other considerations, the Contractor shall, within thirty (30) days of receipt of the proposed Amendment, have the option to terminate the Contract, pursuant to the termination provisions as set forth in Article 4 herein, or to agree to the reduced funding.

15. Entire Agreement.

This Contract, together with any other documents incorporated herein by reference and all related Exhibits and Schedules constitutes the sole and entire contract of the Parties with respect to the subject matter of this Contract, and supersedes all prior and contemporaneous understandings, agreements, representations, and warranties, both written and oral, with respect to the subject matter. In the event of any inconsistency between the statements in the body of this Contract, and the related Exhibits and Schedules, the statements in the body of this Contract shall control.

16. Merger

This Contract incorporates all the Agreements, covenants and understandings between the parties hereto concerning the subject matter hereof, and all such covenants, agreements, and understandings have been merged into this written contract.

This contract is a result of emergency procurement 50-M0087-24-.

No prior Agreement or understanding, oral or otherwise, of the parties or their agents shall be valid or enforceable unless embodied in this Contract.

17. Penalties for violation of law

NMSA 1978, sections 13-1-28 through 13-1-199, imposes civil and criminal penalties for its violation. In addition, the New Mexico criminal statutes impose felony penalties for illegal bribes, gratuities, and kickbacks.

18. Equal Opportunity Compliance

The Contractor agrees to abide by all federal and state laws and rules and regulations, and Santa Fe City Code, pertaining to equal employment opportunity. In accordance with all such laws of the State of New Mexico, the Contractor assures that no person in the United States shall, on the grounds of race, religion, color, national origin, ancestry, sex, age, physical or mental handicap, or serious medical condition, spousal affiliation, sexual orientation or gender identity, be excluded from employment with or participation in, be denied the benefits of, or be otherwise subjected to discrimination under any program or activity performed under this Contract. If Contractor is found not to be in compliance with these requirements during the life of this Contract, Contractor agrees to take appropriate steps to correct these deficiencies.

19. Applicable Law

The laws of the State of New Mexico shall govern this Contract, without giving effect to its choice of law provisions. Venue shall be proper only in a New Mexico court of competent jurisdiction in accordance with

NMSA 1978, section 38-3-2. By execution of this Contract, Contractor acknowledges and agrees to the jurisdiction of the courts of the State of New Mexico over any and all lawsuits arising under or out of any term of this Contract.

20. Workers Compensation

The Contractor agrees to comply with state laws and rules applicable to workers compensation benefits for its employees. If the Contractor fails to comply with the Workers Compensation Act and applicable rules when required to do so, this Contract may be terminated by the City.

21. Professional Liability Insurance

Contractor shall maintain professional liability insurance throughout the term of this Contract providing a minimum coverage in the amount required under the New Mexico Tort Claims Act. The Contractor shall furnish the City with proof of insurance of Contractor's compliance with the provisions of this section as a condition prior to performing services under this Contract.

22. Other Insurance

If the services contemplated under this Contract will be performed on or in City facilities or property, Contractor shall maintain in force during the entire term of this Contract, the following insurance coverage(s), naming the City as additional insured.

A. **Commercial General Liability** insurance shall be written on an occurrence basis and be a broad as ISO Form CG 00 01 with limits not less than $2,000,000 per occurrence and $2,000,000 in the aggregate for claims against bodily injury, personal and advertising injury, and property damage. Said policy shall include broad form Contractual Liability coverage and be endorsed to name the City of Santa Fe their officials, officers, employees, and agents as additional insureds.

B. **Business Automobile Liability** insurance for all owned, non-owned automobiles, with a combined single limit not less than $1,000,000 per accident.

C. **Broader Coverage and Limits**. The insurance requirements under this Contract shall be the greater of (1) the minimum coverage and limits specified in this Contract, or (2) the broader coverage and maximum limits of coverage of any insurance policy or proceeds available to the Named Insured. It is agreed that these insurance requirements shall not in any way act to reduce coverage that is broader or that includes higher limits than the minimums required herein. No representation is made that the minimum insurance requirements of this Contract are sufficient to cover the obligations of Contractor hereunder.

D. Contractor shall maintain the above insurance for the term of this Contract and name the City as an additional insured and provide for 30 days cancellation notice on any Certificate of Insurance form furnished by Contractor. Such certificate shall also specifically state the coverage provided under the policy is primary over any other valid and collectible insurance and provide a waiver of subrogation.

23. Records and Financial Audit

The Contractor shall maintain detailed time and expenditure records that indicate the date; time, nature and cost of services rendered during the Contract's term and effect and retain them for a period of three (3) years from the date of final payment under this Contract. The records shall be subject to inspection by the City. The

City shall have the right to audit billings both before and after payment. Payment under this Contract shall not foreclose the right of the City to recover excessive or illegal payments.

24. Indemnification

The Contractor shall defend, indemnify and hold harmless the City from all actions, proceeding, claims, demands, costs, damages, attorneys' fees and all other liabilities and expenses of any kind from any source which may arise out of the performance of this Contract, caused by the negligent act or failure to act of the Contractor, its officers, employees, servants, subcontractors or agents, or if caused by the actions of any client of the Contractor resulting in injury or damage to persons or property during the time when the Contractor or any officer, agent, employee, servant or subcontractor thereof has or is performing services pursuant to this Contract. If any action, suit or proceeding related to the services performed by the Contractor or any officer, agent, employee, servant or subcontractor under this Contract is brought against the Contractor, the Contractor shall, as soon as practicable but no later than two (2) days after it receives notice thereof, notify the legal counsel of the City.

25. New Mexico Tort Claims Act

Any liability incurred by the City of Santa Fe in connection with this Contract is subject to the immunities and limitations of the New Mexico Tort Claims Act, Section 41-4-1, et. seq. NMSA 1978, as amended. The City and its "public employees" as defined in the New Mexico Tort Claims Act, do not waive sovereign immunity, do not waive any defense and do not waive any limitation of liability pursuant to law. No provision in this Contract modifies or waives any provision of the New Mexico Tort Claims Act.

26. Invalid Term or Condition

If any term or condition of this Contract shall be held invalid or unenforceable, the remainder of this Contract shall not be affected and shall be valid and enforceable.

27. Enforcement of Contract

A party's failure to require strict performance of any provision of this Contract shall not waive or diminish that party's right thereafter to demand strict compliance with that or any other provision. No waiver by a party of any of its rights under this Contract shall be effective unless express and in writing, and no effective waiver by a party of any of its rights shall be effective to waive any other rights.

28. Notices

Any notice required to be given to either party by this Contract shall be in writing and shall be delivered in person, by courier service or by U.S. mail, either first class or certified, return receipt requested, postage prepaid, as follows:

To the City: Paul Joye, Chief of Police, 2515 Camino Entrada, pmjoye@santafenm.gov

To the Contractor: Santa Fe Animal Shelter & Human Society, 100 Caja Del Rio
finances@SFhumanesociety.org

29. Authority

If Contractor is other than a natural person, the individual(s) signing this Contract on behalf of Contractor represents and warrants that he or she has the power and authority to bind Contractor, and that no further action, resolution, or approval from Contractor is necessary to enter a binding contract.

30. Non-Collusion

In signing this Contract, the Contractor certifies the Contractor has not, either directly or indirectly, entered into action in restraint of free competitive bidding in connection with this offer submitted to the City's Chief Procurement Officer.

31. Default/Breach

In case of Default and/or Breach by the Contractor, for any reason whatsoever, the City may procure the goods or services from another source and hold the Contractor responsible for any resulting excess costs and/or damages, including but not limited to, direct damages, indirect damages, consequential damages, special damages, and the City may also seek all other remedies under the terms of this Contract and under law or equity.

32. Equitable Remedies

The Contractor acknowledges that its failure to comply with any provision of paragraph 1.B of this Contract may cause the City irrevocable harm and that a remedy at law for such a failure might be an inadequate remedy for the City, and the Contractor consents to the City 's requesting from a court of competent jurisdiction, specific performance, or injunction, or any other equitable relief in order to enforce such compliance. The City's rights to seek equitable relief pursuant to this Contract shall be in addition to, and not in lieu of, any other remedy that the City may have under applicable law, including, but not limited to, monetary damages.

33. Default and Force Majeure

The City reserves the right to cancel all, or any part of any orders placed under this Contract without cost to the City, if the Contractor fails to meet the provisions of this Contract and, except as otherwise provided herein, to hold the Contractor liable for any excess cost occasioned by the City due to the Contractor's default. The Contractor shall not be liable for any excess costs if failure to perform the order arises out of causes beyond the control and without the fault or negligence of the Contractor; such causes include, but are not restricted to, acts of God or the public enemy, acts of the State or Federal Government, fires, floods, epidemics, quarantine restrictions, strikes, freight embargoes, unusually severe weather and defaults of subcontractors due to any of the above, unless the City shall determine that the supplies or services to be furnished by the subcontractor were obtainable from other sources in sufficient time to permit the Contractor to meet the required delivery scheduled. The rights and remedies of the City provided in this Clause shall not be exclusive and are in addition to any other rights now being provided by law or under this Contract.

IN WITNESS WHEREOF, the Parties have executed this Contract as of the date of the signature by the required approval authorities below.

- Small mammals (pocket pets), fish, reptiles, birds - $15
- Companion Animals - $100

Emergency Medical Fees are variable by procedure/treatment, there are 32 line items ranging from $5 to $185 with an open cost for lab work that has to be sent to Albuquerque.

City of Santa Fe
Emergency Determination Form

The emergency procurement method may only be used as described in NMSA 1978, Section 13-1-127 and in the City's Procurement Manual XII.

The Department that makes an emergency procurement to plan or prepare for the response to a serious threat to public health, welfare, safety or property caused by a flood, fire, epidemic, riot, act of terrorism, equipment failure or similar event shall account for the money spent in making the procurement and report on that accounting to the City's Finance Department Director within ninety days after the end of the contract or fiscal year in which the procurement was made, whichever comes first.

I. City Contact Info:

Department: **Police, City of Santa Fe**

II. Contractors' Information:

1. **Loving Care Cremation**
   - **Services**: Pet cremation services, including individual, and communal cremation options.
   - **Contact Information**:
     - **Phone**: (505) 466-6034
     - **Address**: 8A Old Las Vegas Hwy, Santa Fe, NM 87505

2. **Mosaic Animal Emergency & Specialty**
   - **Services**: Emergency veterinary care, specialty services, and advanced diagnostics.
   - **Contact Information**:
     - **Phone**: (505) 216-0606
     - **Address**: 20 Bisbee Ct, Santa Fe, NM 87508

3. **Roadrunner Veterinary Emergency & Specialty Hospital**
   - **Services**: Emergency and specialty veterinary care; surgery and diagnostic services.
     - **Address:** 5 Camino Karsten, Algodones, NM 87001

- **Phone:** (505) 345-2322

4. **Santa Fe Animal Shelter & Humane Society**
   - **Services**: Animal sheltering, adoption, veterinary services, and public outreach.
   - **Contact Information**:
     - **Address**: 100 Caja del Rio Road, Santa Fe, NM 87507
     - **Phone**: (505) 983-4309

5. **Top Dog Pet Resort**
   - **Services**: Pet daycare, grooming, boarding, and specialty services.
   - **Contact Information**:
     - **Address**: 100 Sun Ave, Santa Fe, NM 87505
     - **Phone**: (505) 982-6080

III. **Term of prospective contract: Up to 6 months**

IV. **Amount of prospective contract: Two hundred thousand dollars ($200,000.00)**

V. **Location of Services: Throughout the City of Santa Fe**

VI. **Please thoroughly list the services (scope of work), construction or items of tangible personal property of the contract:**

Scope of Work for Animal Services Contract

The contracted provider will perform the following services to support the City of Santa Fe in meeting its urgent animal welfare, public health, and compliance needs. The contractor must ensure adherence to all applicable city ordinances, particularly SFCC 1987 Chapter V, Animal Control Ordinances, and provide consistent, humane, and timely care for animals under the city's jurisdiction. **The contractor shall comply with all provisions of law and regulations as set forth in Chapter V of SFCC 1987, pursuant to Section 5-11.1.B of the Animal Control Ordinance.**

1. Shelter Operations and Animal Care

- **Facility Management**: Operate a safe, sanitary, and fully staffed animal shelter as a housing facility to care for and shelter stray, abandoned, or seized animals.
- **Intake and Animal Control**: Accept animals brought by the City's Animal Services Officers, including stray, injured, or surrendered animals. Provide adequate housing, food, and care.
- **Quarantine and Rabies Control**: Confine and manage animals involved in bite incidents or suspected rabies cases. Report and deliver deceased animals as required for rabies testing.
- **Feral Cat Management**: Assess feral cats and, if healthy, provide sterilization before releasing them back to their original location or finding suitable alternative placements.
- **Holding Period Compliance**: Retain animals during the legally mandated holding period, transferring ownership to the shelter upon the hold's expiration unless other arrangements are specified by law.

2. Veterinary Care

- **Routine and Emergency Medical Services**: Provide veterinary evaluations, vaccinations, routine treatments, and emergency medical care as necessary to ensure animal welfare.
- **Veterinary Oversight**: Ensure that all medical care decisions, including euthanasia, are made by a licensed veterinarian. Euthanize animals only when medically necessary and notify the City of such actions.

3. Licensing and Public Health Compliance

- **Licensing**: Oversee pet licensing processes in alignment with city regulations. Collect and retain licensing fees, maintaining records and providing the City with access as needed.
- **Public Health Reporting**: Coordinate with health authorities, including the New Mexico Department of Public Health, on communicable diseases or incidents affecting public safety.

4. Storage and Disposal of Remains

- **Storage of Deceased Animals**: Maintain appropriate facilities (e.g., freezers) for storing the remains of deceased animals received from Animal Services Officers.
- **Cremation Services**: Provide timely and humane disposal of animal remains through cremation, ensuring environmental and public health compliance.

5. Administrative and Reporting Responsibilities

- **Detailed Documentation and Reporting**: Maintain records for each animal, including intake, care, medical treatment, and final disposition. Submit monthly status reports to the City, summarizing shelter activities and public health-related incidents.
- **Collaboration with City Representatives**: Work with city representatives to manage intake processes when city staff are unavailable and handle the release of impounded animals to owners outside regular operating hours.

VII. **Provide an explanation for the justification of the procurement including a description of the emergency condition(s) requiring use of emergency procurement and the practicable competition utilized in compliance with NMSA 1978, Section 13-1-127.**

The emergency procurement for animal services in Santa Fe is justified due to the immediate need for continued animal shelter operations, veterinary care, and compliance with public health regulations. The city's ability to care for stray, injured, and abandoned animals is essential for public safety and animal welfare. Without an established vendor, Santa Fe faces risks, including:

1. Public Health Risks: Managing rabid or diseased animals is critical to prevent the spread of diseases like rabies. The inability to quarantine, vaccinate, or euthanize animals as necessary could pose a health risk to the community.
2. Legal and Regulatory Compliance: The city is mandated to uphold Chapter V of the Santa Fe City Code, which outlines strict requirements for shelter operations, animal handling, and licensing. Failure to comply could lead to legal repercussions and public safety risks.

3. Immediate Animal Welfare Concerns: Without shelter and veterinary care, the city cannot meet basic animal welfare needs. This would likely lead to overcrowding in temporary holding facilities, inability to provide adequate care, and compromised humane treatment for animals.

4. Practicable Competition: In compliance with NMSA 1978, Section 13-1-127, an expedited yet practicable competitive process was utilized. Potential service providers within a reasonable distance of Santa Fe were considered, ensuring that the selected vendor meets city requirements and can initiate services without delay.

This emergency procurement process enables the city to fulfill essential animal services swiftly and within compliance, ensuring safety, welfare, and public health for the residents of Santa Fe.

VIII. **Please describe what measures are being taken to minimize the duration and effect of this emergency procurement (for example: is the emergency only in place until a competitive process can be completed, etc.).**

Measures to Minimize Duration and Impact of Emergency Procurement

This emergency procurement is structured as a temporary solution to address the city's immediate need for animal services. To ensure it is in place only as long as necessary, the following measures are being taken:

1. Transition Plan to Competitive Procurement: The emergency contract will remain active only until a standard competitive procurement process can be completed. The city is actively preparing the necessary documents to initiate a formal Request for Proposals (RFP) to secure long-term service providers through a competitive, transparent process.

2. Short-Term Contract with Defined Limits: The emergency procurement has clear limits in scope and duration to minimize dependency. The city has restricted services to the most critical functions, such as shelter operations, veterinary care, and public health compliance, essential for public safety and animal welfare.

3. Monitoring and Evaluation: The city will monitor the contractor's performance under the emergency contract, using this data to refine service requirements and improve the competitive bidding process. Monthly status reports from the contractor will ensure oversight and facilitate a smoother transition to long-term providers.

These measures are intended to minimize both the impact and duration of the emergency contract, ensuring that the city's animal services can return to a competitively bid, stable solution as soon as possible.

IX. **Describe what measures the Department will take in the future to prevent/mitigate use of emergency procurement under similar circumstances.**

To prevent or mitigate the need for emergency procurements in similar situations, the Department will take the following proactive steps:

1. Immediate RFP Process: The Department will issue a Request for Proposals (RFP) as soon as possible to secure long-term, competitively bid contracts for essential animal services. This proactive approach will reduce reliance on short-term emergency measures.

2. Advanced Contract Planning: In the future, the Department will implement advanced planning for contract renewals and potential vendor changes. This will include monitoring contract timelines and setting internal reminders to initiate competitive bidding well before contract expiration dates.

3. Contingency Partnerships: The Department will work to establish contingency agreements with additional animal service providers to ensure a rapid response in the event of vendor loss or service disruption. By having alternative providers identified, the Department can reduce delays and maintain service continuity.

4. Regular Market Assessments: Conducting periodic market assessments will help identify qualified vendors within the region, ensuring that the city has a pool of providers ready to respond to an RFP, if needed. This process will also aid in securing providers who meet the city's specific needs, reducing the likelihood of service disruptions.

By taking these steps, the Department aims to enhance preparedness and reduce reliance on emergency procurement, securing uninterrupted, compliant, and humane animal services for the City of Santa Fe.

Re: DFA Grant for Permanent and Transitional Housing to End Homelessness

ACTION:

Request for Approval of Capital Outlay Grant Agreement with New Mexico Department of Finance and Administration for Project 25-J3157 in the Total Amount of $710,000 for Permanent and Transitional Housing to end Homelessness with a Reversion Date of June 30, 2029. (Henri Hammond-Paul, Community Health and Safety Department Director, hmhammondpaul@santafenm.gov)

Request for Approval of a Budget Amendment Resolution (BAR) to Allocate $702,900 from the 2025 Capital Appropriation to FY26 Revenue and WIP Construction for Permanent and Transitional Housing.

BACKGROUND AND SUMMARY:

The City of Santa Fe has been awarded capital appropriation 25-J3157 in the amount of $710,000 "...to acquire land and facilities and to plan, design, construct, purchase and equip permanent and transitional housing in Santa Fe in Santa Fe County."

Of the total appropriation, $7,100 is designated for Art in Public Places (AIPP). The remaining $702,900 is available for project budget allocation. All funds are expected to be expended prior to the June 30, 2029, reversion date.

NEW MEXICO CAPITAL OUTLAY GRANT AGREEMENT
CAPITAL APPROPRIATION PROJECT

THIS AGREEMENT is made and entered into by and between the State of New Mexico, Department of Finance & Administration, 407 Galisteo Street, Santa Fe, NM 87501, ("**Department**") and the City of Santa Fe, ("**Grantee**") (individually "**Party**" and collectively "**Parties**"). This Agreement shall be effective as of the date the Department executes it ("**Effective Date**").

WITNESSETH

WHEREAS, in the Laws of 2025, Chapter 159, Section 502, Paragarph 33, the Legislature made an appropriation to the Department, funds from which the Department is making available to the Grantee pursuant to this Agreement; and

WHEREAS, the Department is granting to Grantee, and the Grantee is accepting the grant of funds from this appropriation, in accordance with the terms and conditions of this Agreement;

NOW, THEREFORE, in consideration of the mutual covenants and obligations contained herein, the parties hereby mutually agree as follows:

AGREEMENT

I. PROJECT DESCRIPTION, GRANT AMOUNT, AND REVERSION

A. **25-J3157** ("**Project**") 6/30/2029 ("**Reversion Date**"). Laws of 2025, Chapter 159, Section 50233, Seven Hundred Ten Thousand Dollars and No Cents, $710,000.00, to acquire land and facilities and to plan, design, construct, purchase and equip permanent and transitional housing in Santa Fe in Santa Fe county;.

B. Grantee's total reimbursements shall not exceed $710,000.00 Seven Hundred Ten Thousand Dollars and No Cents, ("**Appropriation Amount**") minus the allocation for Art in Public Places ("**AIPP amount**"), if applicable, $7,100.00 Seven Thousand One Hundred Dollars and No Cents, which equals $702,900.00 Seven Hundred Two Thousand Nine Hundred Dollars and No Cents ("**Adjusted Appropriation Amount**").

C. In the event of a conflict among the Appropriation Amount, the Reversion Date, as defined herein and/or the purpose of the Project, as set forth in this Agreement, and the corresponding appropriation language in the laws cited above in this Article I, the language of the laws cited herein shall control.

The information contained in Article I is referred to collectively as the "**Project Description**."

II. DISBURSEMENT LIMITATION

A. Upon the Effective Date, the Grantee shall submit to the Department a comprehensive procurement plan and expenditure plan, detailing a Project timeline with milestones, required procurements, and identifying expected expenditures per milestone (collectively, "**Project Budget**"). The Department shall review and approve the Project Budget by approving a Notice of

Department's Obligation ("**Notice of Obligation**"), in accordance with the Project Description, a sample of which is attached hereto as **Exhibit B** and incorporated herein by reference. After receipt of approved Notice of Obligation, the Grantee may be reimbursed for allowable costs up to the Adjusted Appropriation Amount. This Agreement and any reimbursements up to the Adjusted Appropriation Amount are expressly conditioned upon the following:

a. Irrespective of any Notice of Obligation, Grantee's expenditures shall be made in accordance with the Project Budget, on or before the Reversion Date and/or, if applicable, any Early Termination Date; and
b. The total amount received by Grantee shall not exceed the lesser of:
    i. the Adjusted Appropriation Amount identified in Article I (B) herein; or
    ii. the total of all amounts stated in the Notice(s) of Obligation evidencing the Department has received and accepted Grantee's Third Party Obligation(s); and
c. Grantee's expenditures are made and accounted for pursuant to the State Procurement Code, State's Model Accounting Practices, and execution of binding written obligations or purchase orders with third-party contractors or vendors for the provision of services, including professional services, or the purchase of tangible personal property and real property for the Project ("**Third Party Obligations**"); and
d. Grantee's submittal of timely Requests for Payment and supporting documentation in accordance with the procedures set forth in this Agreement; and
e. In the event capital assets acquired with Project funds are to be sold, leased, or licensed to or operated by a private entity, the sale, lease, license, or operating agreement:
    i. must be approved by the applicable oversight entity (if any) in accordance with §§ 13-6-2, 13-6-2.1, and 13-6-3; or
    ii. If no oversight entity is required to approve the transaction, the Department of Finance and Administration's Infrastructure Planning Development Division (IPDD) must approve it as complying with the law.

B. Prior to the sale, lease, license, or operating agreement being approved pursuant to Articles II(A)(e)(i) or (ii) herein, the Department may, in its sole and absolute discretion, unless inconsistent with State Board of Finance imposed conditions, reimburse Grantee for necessary expenditures incurred to develop the Project sufficiently to make the sale, lease, license, or operating agreement commercially feasible, limited to planning and design expenditures; and

C. Grantee's submission of documentation of all Third Party Obligations and amendments thereto (including terminations) to the Department and the Department's issuance of a Notice of Obligation for a particular amount in accordance with the terms of this Agreement shall be governed by the following:

a. Grantee is authorized to budget the particular amount set forth in the Notice of Obligation, execute the Third Party Obligation, and request the Third Party to begin work after issuance of a Notice of Obligation by the Department.
b. Grantee acknowledges and agrees that any Third Party Obligations agreed to prior to receiving a Notice of Obligation are its sole responsibility.
c. Grantee shall submit to the Department one copy of all Third Party Obligations and amendments thereto (including terminations) as soon as possible after execution by the Third Party but prior to execution by the Grantee.

d. Department may, in its sole and absolute discretion, issue a Notice of Obligation for the particular amount of a Third Party Obligation that only obligates the Department to reimburse Grantee's expenditures made on or before the Reversion Date or an Early Termination Date. The current Notice of Obligation form is incorporated herein and attached hereto as **Exhibit B**.

D. Grantee shall provide all necessary qualified personnel, materials, and facilities to implement the Project. The Grantee shall finance its share (if any) of the costs of the Project, including all Project overruns.

E. Prior to entering into this Agreement, the Department conducted a risk assessment on the Grantee and a project readiness review for the Project. In accordance with State Model Accounting Practices, FIN 9.2, if the Department determines that the expenditure of Project funds by the Grantee requires special conditions, those conditions are identified and listed in **Exhibit C**, which is attached and incorporated by reference. The Parties agree that, to the extent the Department, in its sole and absolute discretion, determines additional special conditions are necessary or that existing special conditions are no longer required, it may update **Exhibit C** from time to time without the need for a formal amendment of this Agreement.

F. Project funds shall not be used for purposes other than those authorized by the Department in accordance with the Project Description.

G. Project funds cannot be used to reimburse the Grantee for indirect Project costs unless specifically allowed by law.

III. NOTICES

The following provisions shall apply whenever written notices, including written decisions, are to be given or received related to this Agreement.

A. The Grantee designates the person(s) listed below, or their successor, as their official representative(s) concerning all matters related to this Agreement:

Grantee: City of Santa Fe
Name: Alan Webber
Title: Mayor
Address: PO Box 909, Santa Fe, NM 87504
Email: mayor@santafenm.gov
Telephone: 505-955-6590

B. The Grantee designates the person(s) listed below, or their successor, as their Fiscal Officer or Fiscal Agent concerning all matters related to this Agreement:

Grantee: City of Santa Fe
Name: Emily Oster
Title: Finance Director
Address: PO Box 909, Santa Fe, NM 87504
Email: ekoster@santafenm.gov

Telephone: 505-629-3411

C. The Department designates the persons listed below, or their successors, as the Points of Contact for matters related to this Agreement.

Department: DFA/Local Government Division
Name: Daniel Catanach
Title: Grant Manager
Address: Bataan Memorial Bldg. Rm 202, Santa Fe NM 87501
Email: danieln.catanach@dfa.nm.gov
Telephone: 505-231-6090

The Parties agree that all notices, including written decisions, related to this Agreement shall be sent to the persons named above by email or regular mail. For mailings, notices shall be deemed to have been given and received upon the date of the receiving party's actual receipt or five (5) calendar days after mailing, whichever shall first occur. In the case of email transmissions, the notice shall be deemed to have been given and received on the date reflected on the delivery receipt of the email.

IV. TERM & DEADLINE TO EXPEND FUNDS

A. The term of this Agreement shall begin on the Effective Date and terminate on the 30th day of June during the calendar year of the Reversion Date unless Terminated Before Reversion Date ("**Early Termination**") pursuant to Article V herein (collectively "**Term**").

B. The Project's funds must be expended on or before the Reversion Date and, if applicable, the Early Termination Date of this Agreement.

a. For purposes of this Agreement, it is not sufficient for the Grantee to encumber the Project funds on its books on or before the Reversion Date or Early Termination Date.
b. For purposes of this Agreement, an expenditure of funds has occurred on the date the particular quantity of goods is delivered to and received by the Grantee, title to the goods is transferred to the Grantee, and/or as of the date particular services are rendered to and accepted by the Grantee.
c. For purposes of this Agreement, an encumbrance of funds pursuant to a contract or purchase order with a third party does not qualify as an expenditure.

V. EARLY TERMINATION

A. General Provision. The Department may terminate this Agreement before the Reversion Date based on the Completion of the Project, Complete Expenditure of the Adjusted Appropriation, and/or Violation of this Agreement. Early Termination hereunder includes:

a. Termination due to completion of the Project before the Reversion Date;
b. Termination due to complete expenditure of the Adjusted Appropriation Amount before the Reversion Date;
c. Termination for violation of the terms of this Agreement; or
d. Termination for suspected mishandling of public funds, including but not limited to fraud, waste, abuse, and conflicts of interest.

B. Non-appropriation. This Agreement is expressly contingent upon the New Mexico State Legislature making sufficient appropriations and authorizations for the Project Description.

a. If the Legislature does not appropriate the Appropriation Amount, this Agreement shall terminate upon the Department giving the Grantee written notice of such termination. Such termination shall be effective as of the effective date of the law making the non-appropriation.
    i. The Department's decision as to whether sufficient appropriations or authorizations are available shall be final. Grantee hereby waives any rights to assert an impairment of contract claim against the State of New Mexico in the event of Early Termination of this Agreement.
b. As used herein, "non-appropriate" or "non-appropriation" includes the following actions by the New Mexico Legislature:
    i. Deauthorization, reauthorization, or revocation of a prior authorization.

C. Grant Disbursements in the Event of Early Termination. In the event of Early Termination, the Department's sole and absolute obligation to reimburse the Grantee is expressly conditioned upon the limitations set forth in Article II above.

D. Notice. Either Party may terminate this Agreement prior to the Reversion Date by providing the other Party with a minimum of fifteen (15) days advance written notice of the Early Termination. Grantee hereby waives any rights to assert an impairment of contract claim against the State of New Mexico in the event of Early Termination of this Agreement by the Department.

VI. SUSPENSION OF NEW OR FURTHER OBLIGATIONS

A. Department, in its sole and absolute discretion, may provide written notice to Grantee to suspend entering into further obligations. Upon the receipt of such written notice by the Grantee:

a. Grantee shall immediately suspend entering into new or further written obligations with third parties;
b. Department will suspend the issuance of any new or further Notice of Obligation under this Agreement; and
c. Department may direct the Grantee to implement a corrective action plan in accordance with Article VI (D) herein.

B. In the event of Suspension of this Agreement, the Department's sole and absolute obligation to reimburse the Grantee is expressly conditioned upon the limitations set forth in Article II herein.

C. A suspension of new or further obligations under this Agreement shall remain in effect unless or until the date the Grantee receives written notice given by the Department informing the Grantee that the Suspension has been lifted or that the Agreement has been Early Terminated in accordance with Article V herein. If the Suspension is lifted, the Department will consider further requests for a Notice of Obligation.

D. Corrective Action Plan in the Event of Suspension. Where the Department, in its sole and absolute discretion, directs Grantee to suspend entering into new or further written obligations

with third parties pursuant to Article VI(A), the Department may, but is not obligated to, require the Grantee to develop and implement a written corrective action plan to remedy the grounds for the Suspension.

a. Such a corrective action plan must be approved by the Department and be signed by the Grantee.
b. Failure to sign a corrective action plan or meet the terms and deadlines set forth in the signed corrective action plan is hereby deemed a violation of the terms of this Agreement for purposes of Early Termination, Article V(A)(c).
c. A corrective action plan shall be in addition to, and not in lieu of, any other equitable or legal remedy authorized hereunder or at law, including but not limited to Early Termination.

VII. AMENDMENTS

Unless expressly stated otherwise herein, this Agreement shall not be altered, changed, or amended except by an instrument in writing duly executed by both parties hereto with the same formalities as this agreement.

VIII. REPORTING

A. Database Reporting

a. Grantee shall provide the Department with quarterly reports of Project activity, entering the required Project information directly into a database required by the Department.
b. Additionally, Grantee shall certify on each Request for Payment form, attached hereto as **Exhibit A** and incorporated herein, that all information provided in the database is true and accurate, updates to the database have been maintained, and all Project activity complies with applicable law and the terms of this Agreement.
c. Grantee hereby acknowledges that failure to perform and/or certify updates to the database will jeopardize the reimbursement of funds. The Department shall give Grantee a minimum of fourteen (14) days' advance written notice of any changes to the information the Grantee is required to report.
d. At the Department's discretion, all reports required hereunder may be directed to and facilitated through an electronic database.
e. Quarterly reports shall be due on the last day of the month, that is, 30 days prior to the end of the quarter following the execution of this Agreement by the Department and ending during the quarter of the submission of the final request for reimbursement for the Project, or the following quarter.

B. Requests for Additional Information/Project Inspection

During the term of this Agreement and during the period of time during which the Grantee must maintain records pursuant to Article VIII, the Department may:

i. request such additional information regarding the Project as it deems necessary; and
ii. conduct, at reasonable times and upon reasonable notice, onsite inspections of the Project.

Grantee shall respond to such requests for additional information within a reasonable period of time, as established by the Department.

B. Requests for Additional Information/Project Inspection

a. During the term of this Agreement and the Record Retention Period, the Department may:
    i. Request additional information regarding the Project as it deems necessary and
    ii. Conduct on-site inspections of the Project at reasonable times and upon reasonable notice.
b. Grantee shall respond to such requests for additional information within the time established by the Department.

IX. REQUEST FOR PAYMENT PROCEDURES

A. Grantee shall request payment by submitting the form attached hereto as **Exhibit A**. Payment requests are subject to the following procedures:

a. Each Request for Payment must be in accordance with the Project Budget and contain proof of payment by the Grantee or liabilities incurred by the Grantee.
    i. Proof of payment must demonstrate the validity of an expenditure or liabilities incurred by Grantee.
    ii. However, Grantee may be reimbursed for unpaid liabilities only if the Department, in its sole and absolute discretion, agrees to do so and in accordance with any special conditions imposed by the Department.
    iii. The Grantee shall make payment to those contractors or vendors within five (5) business days from the date of receiving reimbursement from the Department or in a shorter period than the Department may prescribe in writing.
    iv. The Department reserves the right to make such payments directly to the contractors or vendors as a special condition under this Agreement.
    v. The Grantee is required to certify to the Department proof of payment to the third-party contractor or vendor within five (5) business days from the date the Department reimburses the Grantee.

B. Until the Project is fully planned, designed, and all necessary procurements identified in the Project Budget are completed, Grantee's reimbursements will be limited to the planning, design, and procurement costs outlined in the Project Budget. Once the planning, designing, and procuring stages are complete, the Grantee must obligate at least ten percent (10%) of the Adjusted Appropriation Amount within one (1) year and must have utilized at least eighty-five percent (85%) of the Adjusted Appropriation Amount six (6) months before the reversion date.

C. Deadlines. Grantee shall submit requests for Payments to the Department on the earlier of:

a. Immediately as Grantee receives them, but at a maximum of thirty (30) days from when Grantee incurred the expenditure or liability; or
b. Twenty (20) days from the date of Early Termination or Reversion Date for expenditures or liabilities incurred before the Early Termination date or Reversion Date.

D. Grantee's failure to abide by the requirements set forth in Article II and Article IX herein may result in the denial of its Request for Payment. Department reserves the right to reject a payment request for the Project unless and until it is satisfied that the expenditures or liabilities are for permissible purposes within the meaning of the Project Description, identified within the Project Budget, and that the Grantee is otherwise in compliance with this Agreement.

a. Department's authority to reject any Request for Payment is in addition to, and not in lieu of, any other legal or equitable remedy available to the Department under this Agreement, at law, or in equity.

X. PROJECT CONDITIONS AND RESTRICTIONS

A. The following general conditions and restrictions shall apply to the Project:

a. The Project's funds must be spent in accordance with all applicable state laws, regulations, policies, and guidelines, including, but not limited to, the State Procurement Code.
b. The Project's expenditures and liabilities must be accounted for in accordance with the State's Model Accounting Practices, as amended from time to time.
c. The Project must be implemented in accordance with the New Mexico Public Works Minimum Wage Act, Section 13-4-10 through 13-4-17 NMSA 1978, as applicable.
d. The Project must provide a public benefit above and beyond any incidental benefit to private entities in accordance with applicable law, including, but not limited to, Article IX, Section 14 of the Constitution of the State of New Mexico.
e. Without prior written approval from the Department and State Board of Finance, for the useful life of any asset purchased under this Agreement, Grantee shall not convert any property acquired, built, renovated, repaired, designed, or developed with Project funds to uses other than those specified in the Project Description.
    i. In addition to other remedies available at law or in equity, any disposal or conversion of property acquired, built, renovated, repaired, designed, or developed with Project funds without the Department's and the Board of Finance's express written approval will trigger the Department's right to reimbursement from Grantee of the Appropriated Amount, transfer proceeds from any disposition of property to the State, or otherwise provide consideration to the State for the Appropriated Amounts.
f. Grantee shall comply with all applicable federal and state laws, rules, and regulations pertaining to civil rights and equal employment opportunity.
    i. In accordance with all such laws, rules, and regulations, the Grantee agrees to assure that no person shall, on the grounds of race, color, national origin, sex, sexual preference, age, or handicap, be excluded from participation in the Project, use of the Project, employment with Grantee, or otherwise be denied benefits/subject to discrimination for any activity performed under this Agreement.
g. Where the Department, in its sole and absolute discretion, determines Grantee has failed to comply with the above conditions and restriction, Grantee agrees to take appropriate steps to correct any deficiencies immediately. The Grantee's failure to implement such appropriate steps within a reasonable time, but no longer than thirty (30) days after

notice from the Department, constitutes a breach of this Agreement and grounds for Early Termination.

XI. REPRESENTATIONS AND WARRANTIES

A. Reliance by Department.
   a. Grantee expressly acknowledges that the Department relies on the representations and warranties made by Grantee in this Agreement. Grantee acknowledges that such representations and warranties are a material inducement for the Department to enter into this Agreement and provide the Appropriated Amount.
   b. Grantee shall ensure all representations and warranties provided herein are true, accurate, and complete as of the date of the Effective Date and shall remain so throughout the Term of this Agreement. Grantee is responsible for promptly notifying the Department in writing of any changes or inaccuracies in the representations and warranties contained herein.

B. Grantee hereby represents and warrants the following:

   a. Grantee has taken all necessary steps to attain the legal authority to receive and expend the Project's funds.
   b. Grantee has duly authorized this Agreement, and the person executing it has authority to do so. Once executed by Grantee, this Agreement shall constitute a binding obligation of Grantee, enforceable according to its terms.
   c. Grantee's obligations hereunder do not conflict with any law, ordinance, or resolution applicable to Grantee, Grantee's charter (if applicable), or any judgment or decree to which Grantee is subject.
   d. Grantee has independently confirmed that the Project Description, including, but not limited to, the Appropriated Amount and Reversion Date, is consistent with the underlying appropriation in law.
   e. Grantee's governing body has duly adopted or passed as an official act a resolution, motion, or similar action authorizing the person identified as the official representative of the Grantee to sign and submit Requests for Payment on behalf of Grantee.
   f. Grantee will abide by New Mexico laws regarding conflicts of interest, governmental conduct, and whistleblower protection.
      i. Grantee agrees explicitly none of its officers or employees or its designees or agents, no member of the governing body, and no other public official of Grantee who exercises any function or responsibility with respect to this Agreement, shall have any interest, direct or indirect, in any contract or subcontract, or the proceeds thereof, for the Project.
      ii. Further, Grantee will require all of its contractors to incorporate the language set forth in this paragraph prohibiting conflicts of interest in all subcontracts.
   g. No funds have been paid or will be paid, by or on behalf of the Grantee, to any person for influencing or attempting to influence an officer or employee of the State, any agency, or body in connection with the awarding of any Third Party Obligation.
      i. Grantee will require certifying language prohibiting lobbying to be included in the award documents for all subawards, including subcontracts, loans, and cooperative agreements.

C. Consequences of False or Misleading Representations. If any representation or warranty made by Grantee is found to be false or misleading, the Department shall have the right to exercise any or all of the following remedies:

a. **Termination of Agreement:** Department may terminate this Agreement immediately upon written notice to the Grantee.
b. **Repayment of Grant Funds:** Grantee shall repay all Appropriated Amounts disbursed under this Agreement, upon demand by the Department.
c. **Other Remedies:** Department may pursue any other remedies available at law or in equity.

D. Survival of Representations and Warranties. The representations and warranties made by the Grantee shall survive the Early Termination or expiration of this Agreement.

XII. PROJECT RECORDS

A. Grantee shall be strictly accountable for receipts and disbursements relating to the Project's funds. The Grantee shall follow generally accepted accounting principles and the State's Model Accounting Practices and, if feasible, maintain a separate bank account or fund with a separate organizational code to ensure separate budgeting and accounting of the funds.

B. For six (6) years following the Project's completion ("**Record Retention Period**"), Grantee shall maintain all Project-related records, including, but not limited to, all financial records, requests for proposals, invitations to bid, selection and award criteria, contracts and subcontracts, advertisements, minutes of pertinent meetings, as well as records sufficient to fully account for the amount and disposition of the Appropriated Amount from all sources budgeted for the Project, the purpose for which such funds were used, and such other records as the Department may prescribe.

C. Grantee shall make all Project records available to the Department, the Department's Independent Public Accountant, and the New Mexico State Auditor upon request. With respect to the funds that are the subject of this Agreement, if the State Auditor or the Department finds any funds were improperly expended, Grantee shall be required to reimburse the State all amounts found to be improperly expended.

XIII. IMPROPERLY REIMBURSED FUNDS

If the Department determines part or all of the Appropriation Amount was improperly reimbursed to Grantee, including but not limited to funds reimbursed to Grantee based upon fraud, mismanagement, misrepresentation, misuse, violation of law by the Grantee, after ten (10) days' notice to Grantee and the opportunity to return such funds to the Department, the Department may offset any funds due to Grantee from the State, until the Appropriation Amount is fully repaid.

XIV. LIABILITY

Neither Party shall be responsible for liability incurred as a result of the other Party's acts or omissions in connection with this Agreement. Any liability incurred in connection with this Agreement is subject to

immunities and limitations of the New Mexico Tort Claims Act.

XV. SCOPE OF AGREEMENT

This Agreement constitutes the entire and exclusive agreement between the Parties concerning the subject matter hereof. The Agreement supersedes all prior or contemporaneous agreements, understandings, discussions, communications, and representations, written or verbal.

XVI. REQUIRED NON-APPROPRIATIONS CLAUSE

A. Grantee acknowledges and agrees to include a "non-appropriations" clause in all contracts between it and other parties that are (i) funded in whole or part by funds made available under this Agreement and (ii) entered into after the effective date of this Agreement that states:

   a. "The terms of this Agreement are contingent upon sufficient appropriations and authorization being made by the Legislature of the State of New Mexico ("**Legislature**") for the performance of this Agreement.
   b. If the Legislature does not make sufficient appropriations and authorization, City of Santa Fe may immediately terminate this Agreement by giving Contractor written notice of such termination.
   c. The City of Santa Fe's decision as to whether sufficient appropriations are available shall be final and accepted by the Contractor. Contractor hereby waives any rights to assert an impairment of contract claim against the City of Santa Fe or the State of New Mexico in the event of immediate or Early Termination of this Agreement by the City of Santa Fe or the State Department of Finance and Administration."

XVII. REQUIRED TERMINATION CLAUSE

A. Grantee acknowledges and agrees to include the following termination clause in all contracts that are (i) funded in whole or part by funds made available under this Agreement and (ii) entered into after the effective date of this Agreement:

   a. "This contract is funded in whole or in part by funds made available by the State of New Mexico ("**State**"). Should the State terminate its Agreement with the City of Santa Fe, the City of Santa Fe may terminate this contract immediately by providing Contractor written notice of such termination.
   b. In the event of termination pursuant to this paragraph, the City of Santa Fe's only liability to Contractor shall be for goods and services delivered and accepted prior to the termination date."

XVIII. COMPLIANCE WITH UNIFORM FUNDING CRITERIA

A. Throughout the term of this Agreement, Grantee shall:

   a. Submit all reports of annual audits and agreed-upon procedures required by § 12-6-3(A)-(B), NMSA 1978 by the due dates established in § 2.2.2 NMAC, reports of which must be a

public record pursuant to § 12-6-5(A), NMSA 1978 within forty-five (45) days of delivery to the State Auditor;

b. Have a duly adopted budget for the current fiscal year approved by its budgetary oversight agency (if any);
c. Timely submit all required financial reports to its budgetary oversight agency (if any); and
d. Use accounting methods and procedures consistent with Generally Accepted Accounting Principles and the State's Model Accounting Principals to expend the Appropriated Amount in accordance with applicable law and account for and safeguard Project funds and assets acquired with Project funds.

B. In the event Grantee fails to comply with the requirements of subparagraph A of this Article XVIII, Department may take one or more of the following actions:

a. Suspend new or further obligations pursuant to Article VI(A) of this Agreement;
b. Require the Grantee to develop and implement a written corrective action plan pursuant to Article VI(D) of this Agreement to remedy the non-compliance;
c. Impose special conditions to address the non-compliance by giving Grantee notice of such special conditions in accordance with Article III of this Agreement;
    i. The Parties agree that any special conditions imposed to address non-compliance shall be incorporated into this Agreement, through **Exhibit C**, upon notice to Grantee, without need for formal amendment of this Agreement;
    ii. Special conditions shall be binding and effective on the date that notice is deemed to have been given pursuant to Article III or
d. Terminate this Agreement pursuant to Article V(A) of this Agreement.

XIX. SEVERANCE TAX AND GENERAL OBLIGATION BONDS

A. Grantee acknowledges and agrees that the underlying appropriation for the Project may originate from the issuance of tax-exempt severance tax bonds or general obligation bonds by the State. Proceeds from such bonds are administered by the New Mexico State Board of Finance ("**SBOF**"), an entity separate and distinct from the Department.

a. Grantee acknowledges and agrees:
    i. It is Grantee's responsibility to determine through SBOF what (if any) conditions are currently imposed on the Project;
    ii. Department's failure to inform Grantee of an SBOF-imposed condition does not affect the validity or enforceability of the condition;
    iii. The SBOF may in the future impose further or different conditions upon the Project;
    iv. All SBOF conditions are attached to the Project and Appropriation Amount without the need for formal amendment of this Agreement;
    v. All applicable SBOF conditions must be satisfied before the SBOF will release to the Department funds subject to the condition(s) and
    vi. The Department's obligation to reimburse Grantee from the Project is expressly contingent upon the satisfaction of the then-current SBOF conditions.

B. Grantee acknowledges and agrees SBOF may, at its sole and absolute discretion, require reimbursement or remove eligibility for bond proceeds for the Project if the Project doesn't

proceed sufficiently.

a. Grantee must comply with the requirement to encumber five percent (5%) of Project funds within six months of bond issuance as certified by Grantee in the Bond Questionnaire and Certification documents submitted to the SBOF.
b. Failure to comply may result in the reassignment of the bond proceeds. Upon reassignment of bond proceeds, this Agreement will be suspended until the entity has demonstrated readiness as determined by the SBOF and the Department.

C. Grantee acknowledges and agrees that this Agreement is subject to the SBOF's Bond Project Disbursements rule, § 2.61.6, NMAC, as may be amended from time to time or re-codified.

XX. GENERAL PROVISIONS

A. Assignment: Grantee's rights and obligations under this Agreement are personal and may not be transferred or assigned without the prior written consent of the State. Any attempt at assignment or transfer without such consent shall be void. Any assignment or transfer of Grantee's rights and obligations approved by the State shall be subject to the provisions of this Agreement.

B. Subcontractors: Grantee shall not enter any subgrant or subcontract in connection with its obligations under this Agreement without the prior written approval of the State. Upon request, Grantee shall submit to the Department a copy of each such subgrant or subcontract.

C. Binding Effect: Except as otherwise provided, all provisions of this Agreement, including the benefits and burdens, shall extend to and be binding upon the Parties' respective successors and assigns.

D. Authority: Each Party represents and warrants to the other that the execution and delivery of this Agreement and the performance of such Party's obligations have been duly authorized.

E. Captions and References: The captions and headings in this Agreement are for the convenience of reference only and shall not be used to interpret, define, or limit its provisions. All references in this Agreement to sections (whether spelled out or using the § symbol), subsections, exhibits, or other attachments are references to sections, subsections, exhibits, or other attachments contained herein or incorporated as a part hereof, unless otherwise noted.

F. Counterparts: This Agreement may be executed in multiple, identical, original counterparts, each of which shall be deemed to be an original, but all of which, taken together, shall constitute the same agreement.

G. Digital Signatures: If any signatory signs this agreement using a digital signature in accordance with the State Policies regarding the use of digital signatures, then any agreement or consent to use digital signatures within the electronic system through which that signatory signed shall be incorporated into this Agreement by reference.

H. Modification: Except as otherwise provided in this Agreement, any modification to this Agreement shall only be effective if agreed to in a formal amendment, properly executed and approved in accordance with applicable New Mexico law and State fiscal policies and rules.

Modifications permitted under this Agreement, other than Agreement amendments, shall conform to the policies issued by the State.

I. Statutes, Regulations, Fiscal Rules, and Other Authority: Any reference in this Agreement to a statute, regulation, policy, or other authority shall be interpreted to refer to such authority then current, as may have been changed or amended after the Effective Date of this Agreement.

J. External Terms and Conditions: Notwithstanding anything to the contrary herein, the State shall not be subject to any provision included in any terms, conditions, or agreements appearing on Grantee's or a subcontractor's website or any provision incorporated into any click-through or online agreements related to the Work unless that provision is specifically referenced in this Agreement.

K. Severability: The invalidity or unenforceability of any provision of this Agreement shall not affect the validity or enforceability of any other provision of this Agreement, which shall remain in full force and effect, provided that the Parties can continue to perform their obligations under this Agreement in accordance with its intent.

L. Survival of Certain Agreement Terms: Any provision of this Agreement that imposes an obligation on a Party after the termination or expiration of this Agreement shall survive the termination or expiration of this Agreement and shall be enforceable by the other Party.

M. Third Party Beneficiaries: Except for the Parties' respective successors and assigns described in this Agreement, it does not and is not intended to confer any rights or remedies upon any person or entity other than the Parties. Enforcement of this Agreement and all rights and obligations hereunder are reserved solely to the Parties. Any services or benefits that third parties receive as a result of this Agreement are incidental to this Agreement and do not create any rights for such third parties.

N. Waiver: A Party's failure or delay in exercising any right, power, or privilege under this Agreement, whether explicit or by lack of enforcement, shall not operate as a waiver, nor shall any single or partial exercise of any right, power, or privilege preclude any other or further exercise of such right, power, or privilege.

O. Standard and Manner of Performance: Grantee shall perform its obligations under this Agreement in accordance with the highest standards of care, skill, and diligence in Grantee's industry, trade, or profession.

P. Licenses, Permits, and Other Authorizations: Grantee shall secure, prior to the Effective Date, and maintain at all times during the term of this Agreement, at its sole expense, all licenses, certifications, permits, and other authorizations required to perform its obligations under this Agreement and shall ensure that all employees, agents, and subcontractors secure and maintain at all times during the term of their employment, agency or subcontractor, all license, certifications, permits and other authorizations required to perform their obligations in relation to this Agreement.

Q. Publicity: Any Publicity regarding the subject matter of this Agreement may not be released without prior written approval from the Department. For purposes of this agreement, "**Publicity**"

means notices, informational pamphlets, press releases, email responses, research, reports, signs, and similar public notices prepared by or for the Grantee or jointly with others.

a. Grantee shall obtain written approval prior to issuing any press release or making any public announcement regarding this agreement. Grantee agrees to obtain approval of the Department in advance with respect to all Public Relations, all communications with media, or all communications with any other member of the public with respect to this agreement, except to acknowledge that an agreement does exist.
b. For purposes of this agreement, "Public Relations" includes community relations and means those activities dedicated to maintaining the Department's image or maintaining or promoting understanding and favorable relations with the community or public at large or any segment of the public.
c. Violations of either Article XX (Q)(a) or (b) shall constitute a material Breach of Agreement.

R. Data Sharing: The State intends to secure and collate specific data generated by Grantee under this Agreement to use in support of the State's organizational, policy-making, and management of public resource functions. State, in accordance with **Exhibit E**, attached hereto and incorporated herein by reference, reserves the right to require Grantee and/or its subcontractors to provide specific data relevant to the above-listed functions. Data provided by Grantee may be incorporated into existing or future developed State integrated analysis tools or databases, including but not limited to geographic information system (GIS) networks and databases accessible by the public. Dissemination of data collected may include historical data and projections based on such historical data.

a. To the extent any data transferred as part of this Agreement is legally determined to be the property of Subrecipient or its subcontractors, Subrecipient and/or its subcontractors grants State a nonexclusive, fully paid-up right and license to reproduce, use, distribute, do derivative works based on, and archive data transferred as part of this Agreement.

S. Venue and Choice of Law: This Agreement shall be governed by and construed in accordance with the laws of the State of New Mexico, without regard to any conflict of law provisions. Any legal suit, action, or proceeding arising out of or related to this Agreement shall be instituted exclusively in the district courts located in Santa Fe, New Mexico. The Parties hereby irrevocably submit to the exclusive jurisdiction and venue of such courts in any such suit, action, or proceeding. The Parties waive any objection to the laying of the venue of any such suit, action, or proceeding in the district courts of Santa Fe, New Mexico, and irrevocably waive and agree not to plead or claim in any such court that any such suit, action, or proceeding brought in any such court has been brought in an inconvenient forum.

1 Administrative and/or Indirect Cost – generally, the legislation authorizing the issuance of bonds prohibits the use of its proceeds for indirect expenses (e.g. penalty fees or damages other than pay for work performed, attorney fees, and administrative fees). Such use of bond proceeds shall not be allowed unless specifically authorized by statute.

Revised 7/2025

[THIS SPACE LEFT BLANK INTENTIONALLY]

OPTIONAL EXHIBIT C
SPECIAL CONDITIONS

The capital outlay oversight requires grantees' accounting methods and procedures, including their internal control framework, to be scrutinized, so as to safeguard State capital outlay appropriations and assets acquired with such appropriations.

This Capital Outlay Special Grant Condition(s) **Exhibit C** is necessary pursuant to § 6-3b-1 et seq., NMSA 1978 (Public Finance Accountability Act) and MAPS Fin 9.2, due to the Grantees' material weaknesses, significant deficiencies, or findings that raised concerns as to the ability to expend grant funds in accordance with applicable law in the organization's FY[20XX] audit. The Special Conditions identified below apply to the authorized agent, [insert the Grantee or Fiscal Agent name].

Procurement - All purchases or contracts the Grantee enters that shall use funding from the Department capital appropriations grant must be approved by the Department prior to the initiation of implementing purchasing documents. The Grantee shall receive such prior approval via official correspondence from the Department, which may be through letter or email. The Grantee shall submit the following to the Department in pursuit of prior approval: purchasing policies and procedures, CFO certification, documentation of management and program approval, policies and procedures governing purchasing and contracting, a copy of the current procurement and contracting policies, and documentation regarding informing staff responsible for purchasing and contracting on such policies and procedures.

Budget - Provide documentation of approval of your current budget from DFA Local Government or other authoritative agency. Provide policies and procedures on who is responsible for and how annual budgets (expenditures and revenue) are established, monitored and adjusted. Provide a corrective action plan on how budget issues identified in your audit will be/have been addressed. Also include documentation on how staff responsible for budgeting is informed on budget policies and procedures.

Capital Assets - Provide a complete list of inventory including inventory control numbers and current location. Provide policies and procedures on capital assets and inventory and specify how the proposed purchased items will be included, tagged, and tracked in capital asset inventory. Also include documentation on how staff responsible for capital assets is informed on capital asset policies and procedures.

Travel and Per Diem - Provide policies and procedures on travel and per diem. Also include how staff who travel and those responsible for travel reimbursement are informed on travel and per diem policies and procedures.

Timely Audits – Provide policies and procedures on annual audits. Provide documentation on how and who is responsible for insuring that annual audits are completed timely. Also include documentation on how staff responsible for the annual audit is informed on audit policies and procedures.

Cash Management – policies and procedures on cash management of federal funds. Provide procedures used to draw and disburse federal funds. Provide procedures to reconcile draw amounts, deposits and disbursements; and to prepare federal cash reporting documents to ensure compliance with federal regulations.

The <Grantee> was required to, and has provided sufficient documentation regarding [insert specific names of the Special Condition(s)], as referenced in the <Grantee>'s [20XX] Audit file. Therefore, the criteria to enter into this agreement have been met.

Exhibit E

Data Sharing Provisions for New Mexico Capital Outlay Agreements

I. Introduction:

This Data Sharing Provisions Exhibit ("Exhibit") is incorporated into the New Mexico Capital Outlay Agreements ("Agreements") between the State of New Mexico ("State") and [Insert Partner Name] ("Partner"). This Exhibit outlines the terms and conditions under which data will be shared between the Parties to ensure compliance with New Mexico state laws and regulations, focusing on data privacy, security, and compliance.

II. Definitions:

a. Authorized User: An employee, agent, assign, representative, independent contractor, or other person or entity authorized by Partner or State to access, use, or disclose information through this exhibit.

b. Confidential Information: All data or information shared in confidence, with the expectation that it will not be disclosed in an identifiable form. This includes data that is exempt from public disclosure under the New Mexico Inspection of Public Records Act (§ 14-2-1 et seq. NMSA 1978) or other relevant laws.

c. Data Storage: Electronic media that hold recorded information.

d. Data Transmission: The process of moving information over a network from its source to one or more destinations.

e. Direct Identifier: Records or data containing personal identifiers such as names, addresses, and social security numbers.

f. Disclosure: Permission to access, release, transfer, or otherwise communicate confidential information by any means to any third party, except as authorized by the Party that controls the record.

g. Encryption involves using algorithms to encode data, rendering it unreadable without a specific key. It may be necessary during data transmission and/or storage.

h. Information: Any data, figures, statistics, or other facts provided or learned about someone or something, including Confidential Information, that may be legally transmitted under this Exhibit.

i. Limited Dataset: A data file that omits Direct Identifiers.

j. Protected Personally Identifiable Information: Sensitive personal details such as social security numbers and financial account numbers, with specific exclusions as outlined in the Agreements.

III. Purpose:

The purpose of this exhibit is to promote transparency, facilitate information sharing between the parties, support better policy and decision-making, and enhance public services through collaborative

[THIS SPACE LEFT BLANK INTENTIONALLY]

data analysis from various sources.

IV. Use of Information:

a. Use of Information obtained or created under this exhibit shall be strictly limited to the purposes stated herein and in the agreements. The parties agree not to sell Information to third parties or use it for commercial, solicitation, or political purposes.

b. Each Party shall serve as the custodian of the Information and comply with all conditions for its use, including security measures to prevent unauthorized access.

c. The Parties shall follow all relevant federal and state laws and regulations governing the use of such Information.

V. Safeguarding Information:

a. Confidentiality: Access to Confidential Information shall be limited to the minimum necessary to accomplish the purposes of this Exhibit. Authorized Users must adhere to the confidentiality requirements.

b. Security: Security practices shall comply with the requirements of the New Mexico Department of Information Technology Act and related regulations. The Parties agree to notify each other within three business days of any suspected or actual security breach.

c. Information Storage and Transmission: Data Storage and Transmission shall take place on an encrypted server with appropriate security controls.

VI. Re-Disclosure of Information:

The Parties agree not to disclose Information except as required by law or with prior written approval of the other Party. If there is a public records request, the Party receiving it shall notify the other Party within three business days.

VII. Ownership of Information:

Legal title to Information shall remain with the provider. The Partner grants the State a royalty-free, non-exclusive, non-transferable license to use the Information in furtherance of the purposes outlined in this Exhibit.

City of Santa Fe
Governing Body
Findings of Fact and Conclusions of Law

Appeal # 2025-11127-APPL
Appellant's Name – Mindy Hale and Pamela Koster, FC3, Ltd. Co.
Agent's Name – Bradyn Furry, Archaeo Architects
Address – 206 McKenzie St.

THIS MATTER came before the City of Santa Fe (City) Governing Body (Governing Body) for a public hearing on December 10, 2025, to consider the appeal of Mindy Hale and Pamela Koster, FC3, Ltd. Co. (Applicant or Appellants) from the written decision of the City's Historic Districts Review Board (Board) in Case # 2025-10494-HDRB. In the Board's decision, the Board approved some proposed alterations to a historic structure at 206 McKenzie St. (the "Property"), granting exceptions for two of the alterations, but denying an exception for replacement of 54 windows and three doors. The Appellant asked the Governing Body to find that they have met the exception criteria to replace the windows and doors.

I. RECORD ON APPEAL

The record on appeal included the following documents:

1. Memorandum to the Members of the Governing Body dated November 26, 2025, for the December 10, 2025, Meeting of the Governing Body, from Frank Ruybalid, Assistant City Attorney;
2. Exhibit A, Verified Appeal Petition filed September 4, 2025;
3. Exhibit B, Board Findings of Fact and Conclusions of Law for Case # 2025-10494-HDRB, approved December 9, 2025;
4. Exhibit C, relevant excerpt from Minutes of the June 24, 2025, Board meeting;
5. Exhibit D, Historic Preservation Staff Report and Exhibits for Case # 2025-10494-HDRB from the June 24, 2025, Board meeting;
6. Exhibit E, Building History (undated)
    (1) 2005 Historic Cultural Properties Inventory
    (2) 1995 Historic Building Inventory
    (3) Narrative re Flaming Sword of St. Germain
    (4) Preliminary Zoning Review Worksheet
    (5) Previous Administrative and HDRB Cases
7. Exhibit F, Board Action Letter
8. Exhibit G, Applicant Documents
    (1) Project Description, Bradyn Furry, Architect, dated 05/13/2025
    (2) Floor Plans and Elevation Drawings
9. Exhibit H, Window Assessment, RPA & Associates, LLC

II. FINDINGS OF FACT

After conducting a public hearing, the Governing Body hereby FINDS, as follows:

A. Proceedings Prior to the Governing Body Appeal

1. The Historic Preservation (HP) Staff reviewed the application and related materials and information submitted by the Applicant for conformity with applicable Santa Fe City Code ("SFCC") requirements and provided the Board a written report of its findings, which evaluated the factors relevant to the application.
2. For the exception regarding the window and door replacement, the HP Staff recommended to the Board that the exception be granted, in accordance with SFCC 1987, Section 14-5.2(C)(5), Exceptions, subsection (b), Design Standards and Signage.
3. At a public hearing held June 24, 2025, the Board heard presentations by the Historic Preservation staff and sworn testimony from the Applicant's Agent, Bradyn Furry, Architect; Applicants Pamela Koster and Mindy Hale; and interested members of the public.
4. At the meeting, the participants discussed the Property's history, the condition of the structure and alterations needed, the restrictions the Historic Districts Code places on alterations to contributing structures, and an assessment of the windows' and doors' condition by a window-assessment professional, Ra Patterson, RPA & Associates, LLC.
5. At the conclusion of the hearing the Board voted to:
    a. On votes of 3 to 1, deny exceptions to replace 54 windows and 3 doors, but permitted the replacement of other windows and doors which were not historic or were not on primary façades, requiring no exception;
    b. On a vote of 4-0, approve other renovations (new pedestrian gate, placement of HVAC units and solar collectors, and re-stucco);
    c. On a vote of 4-0, approve an exception for construction of a detached steel carport; and
    d. On a vote of 4-0, postpone the decision whether to approve the parapet extension, which required an exception. (The Board took up the parapet extension in a meeting on July 22, 2025, and on a vote of 5-0 approved an exception for a revised parapet design.)
6. On December 9, 2025, the Board adopted written Findings of Fact and Conclusions of Law reflecting its decisions regarding the proposed alterations to this historic property.
7. As reflected in the Findings of Fact and Conclusions of Law adopted by the Board, the Board's decision about the windows and doors was based on the following findings:
    a. The structure on this property has a "contributing" historic designation in the Downtown and Eastside Historic District, and all but the southernmost half of the west elevation and the westernmost third of the south elevation have primary façade designations;
    b. To replace all the windows and doors on this structure, including historic windows and doors on the primary façades, would result in the removal of historic material and the complete replacement of repairable historic windows and doors on primary façades;
    c. An exception to SFCC Section 14-5.2(D)(1)(a) and 14-5.2(D)(5)(a)(i) would be required to approve removal of historic material and replacement of repairable historic windows and doors on primary façades, and to obtain an exception the Applicant was required to conclusively demonstrate that it met the three exception criteria set forth in SFCC Section 14-5.2(C)(5)(b);

d. The Applicant did not conclusively demonstrate that the exception criteria had been met for replacement of 54 windows and three doors; and
e. The remaining windows and doors, for which replacement was approved, were either on non-primary façades, or the evidence demonstrated that they were not historic.

8. The Board's decision was based on the following provisions of the Historic Districts Ordinance:
   (a) SFCC Section 14-5.2(C), Regulation of Significant and Contributing Structures, requiring that modifications and alterations to structures in Santa Fe's Historic Districts be reviewed and considered by the Historic Districts Review Board;
   (b) SFCC Section 14-5.2(D), General Design Standards, placing special restrictions on landmark, significant or contributing structures in the Historic Districts;
   (c) SFCC Section 14-5.2(D)(1)(a), prohibiting the removal of historic materials from significant, contributing or landmark structures;
   (d) SFCC Section 14-5.2(D)(5)(a)(i) and (b), requiring that historic windows and doors on all façades of significant and landmark structures, and historic windows and doors on the primary façades of contributing structures, shall be repaired or restored wherever possible; and
   (e) SFCC Section 14-5.2(C)(5)(b), Exceptions for Design Standards and Signage, requiring an applicant seeking an exception to conclusively demonstrate that it meets three exception criteria.

B. Appeal to Governing Body

9. On September 4, 2025, the Appellant timely filed a Verified Appeal Petition, asking the Governing Body to review the decision of the Board and to approve the replacement of historic windows and doors on the primary façades of the contributing structure.
10. The Appellant did not seek Governing Body review of the Board's decisions to approve the new pedestrian gate, installation of HVAC units and solar collectors, re-stucco, construction of a steel carport and extension of the parapet.
11. In the Verified Appeal Petition, the Appellant argued that:
    a. Many of the windows for which the Appellant sought replacement were installed in a substandard manner, lacking flashing, which permitted moisture to seep into the stuccoed adobe walls and causing deterioration of the walls;
    b. In a professional window assessment, an experienced assessor concluded that many of the windows for which the Appellant sought replacement were deteriorated beyond repair; and
    c. For many windows, the jambs and frames were imbedded in the walls, and repair or removal for repair was impossible without destroying them.
12. SFCC Section 14-3.17(A)(2) sets forth the grounds for an appeal of a Board decision and provides that an appeal may be filed for one or more of the following reasons only: (1) the Board's final action does not comply with SFCC Chapter 14 or the Zoning Enabling Act, NMSA 1978, Sections 3-21-1 to -14; (2) the Board misapplied SFCC Chapter 14; or (3) the Board's decision is not supported by substantial evidence.
13. As required by SFCC Section 14-3.17(D)(6), the City Land Use Director reviewed the Verified Appeal Petition for conformity with the requirements of SFCC Section 14-3.17

and determined that the Appeal conformed to the requirements.

14. The Appellant provided notice of the Governing Body hearing by mailing notices to the owners of record of all neighboring properties within 300 feet of 206 McKenzie St. no less than 15 days in advance of the hearing.

C. Governing Body Public Hearing December 10, 2025

15. Under SFCC Section 14-2.2(F), the Governing Body conducts a *de novo* hearing on an appeal of a final action of a Land Use Board.
16. The Appellants appeared in person at the hearing and were represented by architect Bradyn Furry, Archaeo Architects.
17. During the hearing, Assistant City Attorney Frank Ruybalid presented the case to the Governing Body, and Mr. Furry, Appellants Pamela Koster and Mindy Hale, and window assessment professional Ra Patterson provided sworn testimony.
18. One member of the public also provided sworn testimony.
19. The Property is in the City's Downtown and Eastside Historic District, is a contributing structure, and the windows and doors for which the Board denied replacement are on primary façades.
20. During the hearing, City Councilors asked questions of Mr. Furry, Appellants Ms. Hale and Ms. Koster, Mr. Patterson, Mr. Ruybalid and City Land Use Senior Planner Paul Duran, who provided the following additional information:
    a. Mr. Duran's recommendation to the Historic Districts Review Board was to grant the exception for replacement of the historic windows and doors on the primary façades of the building;
    b. The City's Historic Preservation Staff approved Mr. Patterson as a qualified window assessor to issue a window assessment report for this project application;
    c. Mr. Patterson believed that continued seepage of moisture into the walls from the improperly installed and deteriorated windows will damage the walls to the point of causing structural instability to some façades; and
    d. The Historic Districts Code requires the replacement of any historic windows and doors to be with similar materials and in the same design as the windows and doors that are removed.

IV. CONCLUSIONS OF LAW

Under the circumstances and based upon the record and the evidence and testimony submitted at the hearing, the Governing Body CONCLUDES as follows:

1. Pursuant to SFCC Section 14-2.2(F), the Governing Body has the power and authority to hear and decide the matter that is the subject of the Appeal.
2. The Board's written decision adopted December 9, 2025, was a final action subject to appeal.
3. The Appellant timely appealed the Board's decision to the Governing Body and complied with the procedural requirements set forth in the SFCC.
4. This Appeal should be granted because the Appellants have conclusively demonstrated the exception criteria for the removal of historic material and replacement of the 54

historic windows and three historic doors on primary façades of a contributing structure, for these reasons:

a. Pursuant to SFCC Section 14-5.2(C)(5)(b)(i), the Governing Body finds that granting the exception would not damage the character of the district because the windows and doors to be removed will be replaced "in kind," with the same materials and in the same design, as the existing windows and doors;
b. Pursuant to SFCC Section 14-5.2(C)(5)(b)(ii), the Governing Body finds that the exception is required to prevent a hardship to the Appellants or an injury to the public because failure to make complete replacement of the windows and doors will continue to permit damage from moisture seeping into the walls; and
c. Pursuant to SFCC Section 14-5.2(C)(5)(b)(iii), the Governing Body finds that granting the exception would strengthen the unique heterogeneous character of the City by providing a full range of design options to ensure that residents can continue to reside within the Historic Districts.

V. VOTE AT THE HEARING

With respect to the Appeal and the exception criteria for replacement of the windows and doors on the structure at 206 McKenzie St., the Governing Body voted to grant the appeal, to find that the exception criteria had been conclusively demonstrated, and to reverse the Board's final action, with a vote of nine (9) in the affirmative and none in the negative.

WHEREFORE, IT IS ORDERED ON THE 28TH OF JANUARY, 2026, BY THE GOVERNING BODY OF THE CITY OF SANTA FE:

Considering the foregoing findings and conclusions, the Governing Body: GRANTS the appeal with respect to the property at 206 McKenzie St., reverses the Historic Districts Review Board's decision, and approves the replacement of all windows and doors on the structure.

From: Jesse Roach, Interim Public Utilities Director JR Jesse Roach

RE: Negotiate Purchase of Land Adjacent to Wastewater Treatment Plant

---

EXECUTIVE SUMMARY:

The proposed Resolution would allow the City of Santa Fe City Manager to direct City staff to obtain an appraisal for the 122.634 acres of real property adjacent to the Paseo Real Water Reclamation Facility. The resolution would also allow the City Manager and staff to engage in negotiations with the landowner to acquire the property if such acquisition would be in the best interest of the City. The ultimate decision to purchase the property will be a decision for the Governing Body. The additional land would allow for expanded sludge drying, staging for construction during the Paseo Real Water Reclamation Facility rehabilitation and replacement, and possibly more replacement options for the Paseo Real Water Reclamation Facility.

CITY OF SANTA FE, NEW MEXICO

RESOLUTION NO. 2026-__

INTRODUCED BY:

Councilor Amanda Chavez

Councilor Jamie Cassutt

A RESOLUTION

DIRECTING THE CITY MANAGER TO OBTAIN AN UPDATED APPRAISAL AND NEGOTIATE A SALES PRICE FOR POTENTIAL ACQUISITION OF 122.634 ACRES OF LAND ADJACENT TO THE PASEO REAL WATER RECLAMATION FACILITY.

WHEREAS, since 1961 the City of Santa Fe ("City") has operated the Paseo Real Water Reclamation Facility ("PRWRF") at its current location along the Santa Fe River north of the Municipal Airport, to treat wastewater to a quality sufficient for discharge to the Santa Fe River, to apply to City parks for irrigation, or for resale to other irrigation users; and

WHEREAS, the plant is located on approximately 61.88 acres of land, of which the majority of usable space is being utilized; and

WHEREAS, current operations produce more sludge than the Caja Del Rio Landfill will accept resulting in expensive transport to landfills outside of Santa Fe County; and

WHEREAS, if the City had space to dry the sludge, it could all be disposed of at the Caja Del Rio Landfill; and

WHEREAS, the City's Wastewater Division is currently working to rehabilitate or replace much of the PRWRF; and

WHEREAS, additional space near the PRWRF would allow for expanded sludge drying, staging for construction during PRWRF rehabilitation or replacement, and possibly more replacement options for PRWRF; and

WHEREAS, there is an undeveloped lot of 122.634 acres adjacent to PRWRF to the northwest ("adjacent lot") which may be available for purchase; and

WHEREAS, the appraised value of the adjacent lot in November 2023 was $1,180,000.

NOW, THEREFORE, BE IT RESOLVED, BY THE GOVERNING BODY OF THE CITY OF SANTA FE that the City Manager shall direct staff to obtain an updated appraisal and, if in the best interest of the City, may engage in negotiations with the landowner to acquire the adjacent lot at a price at or below the updated appraised value.

BE IT FURTHER RESOLVED that any final approval of the purchase of the real property will be made at the sole discretion of the Governing Body.

PASSED, APPROVED, and ADOPTED this ___ day of _____ 2026.

Summary:
The proposed Resolution would allow the City of Santa Fe City Manager to direct City staff to obtain and update an appraisal and engage in negotiations with landowners for the potential acquisition of 122.634 acres of land adjacent to the Paseo Real Water Reclamation Facility. The additional land would allow for expanded sludge drying, staging for construction during the Paseo Real Water Reclamation Facility rehabilitation and replacement, and possibly more replacement options for the Paseo Real Water Reclamation Facility.

Departments Affected:
Public Works Department

Consequences of Not Enacting Legislation:
If this legislation is not adopted, then a updated appraisal will not be obtained and a sales price will not be negotiated for potential acquisition of 122.634 acres of land adjacent to the Paseo Real Water reclamation Facility.

Conflict, Duplication, Companionship, or Relationship to Other Legislation:
Any final approval of the purchase of land will require additional legislation.

Performance and Administrative Implications:
This Resolution would require the City Manager to direct staff to obtain an updated appraisal and engage in negotiations with the landowner on the potential for acquisition of the adjacent lot.

Fiscal Implications:
There will be a minor fiscal impact of approximately $2500 for updating the appraisal of the lot of land adjacent to the Paseo Real Water Reclamation Facility.

CITY OF SANTA FE

Memorandum

Date: December 3rd, 2025

To: Governing Body, Finance Committee, Quality of Life Committee, and Public Works and Utilities Committee

From: Andréa Salazar, City Clerk

RE: Adoption of Open Meetings Act Notice Standards for 2026

EXECUTIVE SUMMARY:
The proposed Resolution adopts reasonable notice standards for the City's policymaking bodies for 2026, which is required by the New Mexico Open Meetings Act (OMA). The Governing Body's Open Meetings Act Resolution from 2025 will sunset when the Governing Body adopts the 2026 Resolution and the 2026 Resolution will sunset when the Governing Body adopts its 2027 Open Meetings Act resolution.

BACKGROUND:
OMA, NMSA 1978, Sections 10-15-1 to -4, requires that public bodies adopt reasonable notice standards for their public meetings at least annually. As a result, each year the Governing Body adopts a Resolution adopting notice standards for that year.

ATTACHMENTS:
Resolution
Fiscal Impact Report

CITY OF SANTA FE, NEW MEXICO

RESOLUTION NO. 2025-__

INTRODUCED BY:

Councilor Jamie Cassutt

Mayor Alan Webber

A RESOLUTION

ADOPTING ANNUAL OPEN MEETINGS ACT NOTICE STANDARDS FOR 2026.

WHEREAS, the New Mexico Open Meetings Act ("Open Meetings Act") NMSA 1978, §§ 10-15-1 to – 4, requires that public bodies "determine at least annually in a public meeting what notice for a public meeting is reasonable when applied to that body"; and

WHEREAS, the Open Meetings Act applies to the City of Santa Fe's ("City's") Governing Body and the Governing Body's subordinate policymaking bodies; and

WHEREAS, the Governing Body desires to comply with the Open Meetings Act's annual public notice requirement by adopting this resolution, establishing reasonable notice standards for the City's policymaking bodies; and

WHEREAS, the Governing Body seeks to give annual notice to the public of its determination, pursuant to NMSA 1978, Section 10-15-1(D), that it adopts an annual regular meeting calendar for the Governing Body's regular meetings for the entire calendar year and provides at least a seventy-two (72) hour notice of the agenda items scheduled for discussion prior to its regular and special meetings; and

WHEREAS, although many of the City's subordinate policy-making bodies' meetings are noticed weeks or months in advance, seventy-two hours notice is also reasonable for noticing the meetings of subordinate policymaking bodies and for posting agendas listing the matters that will be discussed.

NOW, THEREFORE, BE IT RESOLVED BY THE GOVERNING BODY OF THE CITY OF SANTA FE:

Section 1. The Open Meetings Act applies to the City's policymaking bodies.

Section 2. The notice requirements set forth below are hereby adopted.

A. The City shall give at least seventy-two (72) hours' notice of all regular and special meetings of the Governing Body and its subordinate policymaking bodies.

B. The notice shall include the date, time, place(s) of the planned meeting, and a list of the specific items of business to be discussed or transacted at the meeting or information about how the public may obtain a copy of such an agenda.

C. The City shall make the notice available to the public and news media through reasonable means, including posting on the City's website, and providing the notice to broadcast stations licensed by the federal communications commission and newspapers of general circulation that have provided a written request for such notice.

D. Agendas shall be posted on the City's website.

Section 3. Regular Meetings of the Governing Body

A. Unless otherwise specified, including in subsection B below, regular meetings of the Governing Body shall be held as follows:

i. On the 15th of January and last Wednesday of January.

ii. The second and last Wednesday of each month after January, other

than November and December, when regular meetings will be on the second Wednesday but not the last Wednesday.

iii. In the City Council Chambers of the municipal building of the City, located at 200 Lincoln Avenue, Santa Fe.

B. When it is difficult or impossible for members of the Governing Body to meet in person, they may participate virtually pursuant to SFCC 1987, Section 1-9.

C. To the extent possible, meetings will be broadcast via the City's YouTube channel and other media as available, such as on the radio from KSFR 101.1 FM.

Section 4. Special Meetings

A. The City shall provide a minimum of 72 hours' notice of all special meetings of the Governing Body and its subordinate policymaking bodies.

B. Unless otherwise specified, special meetings are held at the same place as regular meetings. The date, time, and place of a special meeting shall appear on the agenda and be made available to the public and news media through reasonable means including posting on the City's website.

C. The agenda shall be posted on the City's website.

D. When it is difficult or impossible for members of the Governing Body to meet in person, they may participate virtually pursuant to SFCC 1987, Section 1-9.

E. To the extent possible, meetings will be broadcast via the City's YouTube channel and other media as available, such as on the radio station KSFR 101.1 FM.

Section 5. Quasi-Judicial Committees and Subordinate Policymaking Bodies

A. Every quasi-judicial committee, board, or commission, including but not limited to the planning commission, historic design review board, and board of

adjustment, shall follow the same notice requirements as the Governing Body, and as provided in this resolution and the Open Meetings Act.

B. All other policymaking boards, commissions, and committees shall follow the same notice requirements as provided by the Open Meetings Act.

Section 6. Emergency Meetings

A. Pursuant to its procedural rules, the Governing Body or subordinate policymaking body may call, with, if possible, up to 24 hours' notice, a meeting to consider any matter that, if not addressed immediately, will likely result in injury or damage to persons or property or significant financial loss to the City. When possible, the City will provide 24-hour telephonic notice to all media who normally cover City meetings before the emergency meeting commences.

B. The notice for all emergency meetings shall include an agenda for the meeting or information on how the public may obtain a copy of the agenda. Unless there is a State or national emergency already declared for the same reasons, within ten (10) days of taking action on an emergency matter, the City will notify the Attorney General's Office that the emergency meeting took place.

Section 7. Term

This Resolution shall sunset upon adoption of the 2027 Open Meetings Act Resolution, making it unnecessary to rescind.

Reviewed by City Attorney: Erin McSherry Erin McSherry (Dec 3, 2025 13:53:44 MST) **Date:** _____

Reviewed by Finance Director: Emily K. Oster **Date:** 12/03/2025

Summary:
The purpose of this Resolution is to comply with the Open Meetings Act (OMA) by adopting annual OMA notice standards for 2026. The Resolution shall sunset upon adoption of the 2027 Open Meetings Act resolution.

Departments Affected:
Governing Body, City Clerk's Office, and Departments supporting policy making bodies.

Consequences of Not Enacting Legislation:
If this legislation is not adopted, the Governing Body would fail to comply with the OMA requirement that it adopt annual notice standards for meetings governed by the OMA.

Conflict, Duplication, Companionship, or Relationship to Other Legislation:
The 2025 Resolution sunsets upon adoption of this Resolution and this Resolution will sunset upon the adoption of the 2027 Open Meetings Act resolution.

Performance and Administrative Implications:
Complying with the OMA is required for the decisions of policy making bodies to be final and binding.

Fiscal Implications:
OMA does not require stenographers, but it does require minutes for the Governing Body. Funds for contracting with persons who take minutes come from the General Fund and are included in the City Clerk's budget for FY26.

AMENDMENT No. 1 TO
LINKING AGREEMENT
THE OMNIA MASTER AGREEMENT No. 24-6833
BETWEEN
CITY OF SANTA FE, NEW MEXICO
AND
UKG KRONOS SYSTEMS, LLC

This AMENDMENT No. 1 (the "Amendment") amends the LINKING AGREEMENT for the Omnia Master Agreement No. 24-6833 between the City of Santa Fe, New Mexico and UKG Kronos Systems, LLC ("Contract"), dated September 29, 2025 (the "Agreement"), between the City of Santa Fe (the "City") and UKG Kronos Systems, LLC. (the "Contractor"). The date of this Amendment shall be the date when it is executed by the City and the Contractor, whichever occurs last.

RECITALS:

A. Under the terms of the Contract, Contractor has agreed to provide comprehensive services to all City departments, streamlining operations and enhancing administrative efficiency across municipal functions.

B. Pursuant to Article XII, subsection H, of the Contract, and for good and valuable consideration, the receipt and sufficiency of which are acknowledged by the parties, the City and the Contractor agree as follows:

1. SCOPE:

In the September 29, 2025, Linking Agreement, the Renewal Order Form dated 31 Jul 2025, SaaS section, shall be amended to incorporate additional Telestaff cloud storage capacity.

2. COMPENSATION:

Section II of the Linking Agreement is amended to increase the amount of compensation by a total of $46,114.80 so that Section II reads in its entirety as follows:

The Customer shall pay to UKG in full payment for Services delivered as set forth in this Order and in accordance with the terms of the OMINA Master Agreement. Ther total amount payable to UKG under this Order for the first year, including gross receipt tax and expenses, not to exceed two hundred fifty-seven thousand, two hundred sixty-seven dollars and ninety cents. ($257,267.90). This amount is a maximum for the first year and not guarantee that the work assigned to performed by UKG under this Agreement shall equal the amount stated herein. The Customer shall remit payment in full to UKG on an annual basis in accordance with Order.

3. CONTRACT IN FULL FORCE.

Except as specifically provided in this Amendment, the Contract and Linking Agreement remain and shall remain in full force and effect, in accordance with its terms.

[REMAINDER OF PAGE INTENTIONALLY LEFT BLANK]

LINKING AGREEMENT
THE OMNIA MASTER AGREEMENT No. 24-6833
BETWEEN
CITY OF SANTA FE, NEW MEXICO
AND
UKG KRONOS SYSTEMS, LLC

This Linking Agreement (hereafter the "Linking Agreement"), effective as of the date last signed below ("Effective Date"), to the terms and conditions of the Omnia Master Agreement No. 24-6833 dated July 14, 2025, as amended (the "Omnia Master Agreement"), is entered into by and between UKG Kronos Systems, LLC (hereafter referred to as "UKG") and the City of Santa Fe, New Mexico (hereafter referred to as "Customer"). In consideration of those mutual undertakings and covenants, the parties agree as follows:

SECTION I - INTERPRETATION AND INTENT

All capitalized terms not otherwise defined herein shall have the same meaning as set forth in the Omnia Master Agreement.

The Customer, as an eligible Participating Public Agency, assumes the rights and obligations of the Customer and is subject to the terms and conditions of the Omnia Master Agreement. The terms and conditions of the Omnia Master Agreement, as amended by this Linking Agreement, shall govern when Customer makes purchases of Services under the Omnia Master Agreement. In the event of a conflict between this Linking Agreement and the Omnia Master Agreement, this Linking Agreement shall govern.

The Customer is purchasing and UKG agrees to provide the Services at the price set forth in an applicable Order which is subject to the terms and conditions of the Omnia Master Agreement, as modified by this Linking Agreement.

SECTION II – COMPENSATION

The Customer shall pay to UKG in full payment for Services delivered as set forth in this Order and in accordance with the terms of the OMNIA Master Agreement. The total amount payable to UKG under this Order for the first year, including gross receipts tax and expenses, not to exceed two hundred eleven thousand, one hundred fifty-three dollars and ten cents. ($211,153.10). This amount is a maximum for the first year and not a guarantee that the work assigned to be performed by UKG under this Agreement shall equal the amount stated herein. The Customer shall remit payment in full to UKG on an annual basis in accordance with this Order

SECTION II - TERM

The term of this Linking Agreement commences on the Effective Date and shall run co-terminus with the Omnia Master Agreement, unless otherwise terminated in accordance with the Omnia Master Agreement.

SECTION III – INSURANCE

1. UKG shall procure and maintain, at all times and at its own expense, during the term of the Order entered into between the Customer and UKG, the types of insurance(s) specified below:

A. Commercial General Liability
UKG shall provide coverage on a Commercial General Liability Occurrence Coverage Form limits of $1,000,000.00 each occurrence and $2,000,000.00 annual aggregate. Limits may be achieved via a combination of primary and umbrella/excess insurance. Customer shall be included as an additional insured via blanket endorsement for General Liability and ongoing operations. Such protection shall be primary and non-contributory with respect to Customer's insurance, but only with respect to UKG's sole negligence. Upon written request, such blanket endorsement shall be provided to Customer.

B. Workers' Compensation
UKG shall provide Workers' Compensation Insurance as required by statute.

C. Umbrella/Excess Liability
Limits of liability of $5,000,000 per occurrence.

D. Automobile Liability
Limits of liability of at least $1,000,000 combined single limit, including but not limited to, all owned, hired and non-owned motor vehicles.

E. Professional Liability/Errors & Omissions/Cyber Risk Liability
UKG shall maintain coverage on a Professional Liability Form (or equivalent) in the amount of $5,000,000 per claim with a $5,000,000 annual aggregate.

F. All Risk Property Insurance
UKG shall provide All Risk Property Insurance in an amount not less than the full replacement cost of UKG' property.

G. Miscellaneous
UKG shall supply Customer with the above proof of insurance, as required upon the signing of this Agreement. All insurance companies for each of the coverages set forth above must be rated A- or better with a financial rating of VII or better in the most recent A.M. Best's Rating Guide.

SECTION IV - ADDITIONAL TERMS AND CONDITIONS OF THE CUSTOMER

1. Records and Audit. UKG shall maintain, and Customer and its representatives shall have the right to review all invoices associated with any Order incurred for the services under the Agreement, and similar materials relating to work performed for the Customer under this Agreement on file for at least three (3) years following the date of final payment to UKG by Customer. UKG shall maintain all invoices or applicable records for at least three (3) years following the date of final payment to UKG by Customer. Any duly authorized representative(s) of Customer shall have access to such invoices or applicable records upon a 30 day prior request at reasonable times, during usual and customary business hours.

2. Equal Opportunity Compliance. UKG maintains its commitment to non-discrimination, providing equal opportunity employment and complying with all such requirements and obligations relating to its employees under Applicable Law. Similarly, UKG adheres to its Code of Conduct, which includes non-discrimination requirements and available on our public website at https://www.ukg.com/about-us/esg. If UKG is found not to be in compliance with these requirements during the life of this Agreement, UKG agrees to take appropriate steps to correct these deficiencies.

3. New Mexico Tort Claims Act. Any liability incurred by Customer in connection with this Agreement is, to the extent applicable, subject to the immunities and limitations of the New Mexico Tort Claims Act, Section 41-4-1, et. seq. NMSA 1978, as amended.

4. Governing Law and Venue. This Agreement is governed by and is to be interpreted solely in accordance with the laws of the State of New Mexico, without regard to any conflict of law provision that would result in the application of a different body of law, and each Party agrees to submit to exclusive venue in a court of competent jurisdiction.

IN WITNESS WHEREOF, the parties hereto have executed this Linking Agreement on the dates subscribed below.

Human Resource Information Systems and Related Products and Services
Executive Summary

Lead Agency: Cobb County

Solicitation: 24-6833

RFP Issued: June 28th, 2024

Pre-Proposal Date: July 10th ,2024

Response Due Date: August 8th, 2024

Proposals Received: #

Awarded to: UKG Kronos Solutions, LLC

Cobb County, GA, Department of Procurement issued RFP #24-6833 on June 28th, 2024, to establish a national cooperative contract for Human Resources Information Systems and Related Products and Solutions.

The solicitation included cooperative purchasing language Page 3 and Exhibit A: Section 1.1:

Page 3:
NATIONAL CONTRACT
Cobb County, GA, as the Principal Procurement Agency, defined in Attachment A, has partnered with OMNIA Partners, Public Sector, Inc., a Delaware corporation ("**OMNIA Partners**") to make the resultant contract (also known as the "**Master Agreement**" in materials distributed by OMNIA Partners) from this solicitation available to other public agencies nationally, including state and local governmental entities, public and private primary, secondary and higher education entities, non-profit entities, and agencies for the public benefit ("**Public Agencies**"), through OMNIA Partners' cooperative purchasing program. Cobb County, GA, is acting as the contracting agency for any other Public Agency that elects to utilize the resulting Master Agreement. Use of the Master Agreement by any Public Agency is preceded by their registration with OMNIA Partners (a "**Participating Public Agency**") and by using the Master Agreement, any such Participating Public Agency agrees that it is registered with OMNIA Partners, whether pursuant to the terms of a Master Intergovernmental Cooperative Purchasing Agreement, a form of which is attached hereto on Attachment A, or as otherwise agreed to. Attachment A contains additional information about OMNIA Partners and the cooperative purchasing program.

Exhibit A: Section 1.1
1.1 Requirement
Cobb County, GA (hereinafter defined and referred to as "**Principal Procurement Agency**"), on behalf of itself and OMNIA Partners, Public Sector, Inc., a Delaware corporation ("**OMNIA Partners**"), is requesting proposals for Human Resource Information Systems and Related Products and Services. The intent of this Request for Proposal is any contract between Principal Procurement Agency and Supplier resulting from this Request for Proposal ("**Master Agreement**") be made available to other public agencies nationally, including state and local governmental entities, public and private primary, secondary and higher education entities, non-profit entities, and agencies for the public benefit ("**Public Agencies**"), through OMNIA Partners' cooperative purchasing

program. The Principal Procurement Agency has executed a Principal Procurement Agency Certificate with OMNIA Partners, an example of which is included as Exhibit D, and has agreed to pursue the Master Agreement. Use of the Master Agreement by any Public Agency is preceded by their registration with OMNIA Partners as a Participating Public Agency in OMNIA Partners' cooperative purchasing program. Registration with OMNIA Partners as a Participating Public Agency is accomplished by Public Agencies entering into a Master Intergovernmental Cooperative Purchasing Agreement, an example of which is attached as Exhibit C, and by using the Master Agreement, any such Participating Public Agency agrees that it is registered with OMNIA Partners, whether pursuant to the terms of the Master Intergovernmental Purchasing Cooperative Agreement or as otherwise agreed to. The terms and pricing established in the resulting Master Agreement between the Supplier and the Principal Procurement Agency will be the same as that available to Participating Public Agencies through OMNIA Partners.

Notice of the solicitation was sent to potential offerors, as well as advertised in the following:

- Cobb County, GA website
- OMNIA Partners website
- USA Today, nationwide
- Arizona Business Gazette, AZ
- San Bernardino County Sun, CA
- Honolulu Star-Advertiser, HI
- The Herald-News – Will County (IL)
- The Advocate – New Orleans, LA
- The New Jersey Herald, NJ
- Albany Times Union, NY
- Daily Journal of Commerce, OR
- The State, SC
- Deseret News, UT
- Richmond Times-Dispatch, VA
- Seattle Daily Journal of Commerce, WA
- Helena Independent Record, MT
- Las Vegas Review-Journal
- Kennebec Journal, ME

On August 8th ,2024 proposals were received from the following offerors:

- Dayforce
- DLT Solutions
- Inovium
- NEOGOV
- UKG Kronos Systems, LLC

The proposals were evaluated by an evaluation committee. Using the evaluation criteria established in the RFP, the committee elected to enter into negotiations with UKG Kronos Systems, LLC and proceed with contract award(s) upon successful completion of negotiations.

Cobb County, GA, OMNIA Partners and UKG Kronos Systems, LLC successfully negotiated a contract, and the Cobb County, GA executed the agreement with a contract effective date of July 14, 2025.

Contract includes: The suppliers provided federal funds certifications which are available on the OMNIA Partners website for review.

Term:

Initial four-year agreement from July 14, 2025, through July 13, 2029, with the option to renew for three (3) additional one-year periods through July 13, 2032.

Pricing/Discount: Available upon request.

CERTIFICATE OF LIABILITY INSURANCE

DATE (MM/DD/YYYY): 12/04/2024

THIS CERTIFICATE IS ISSUED AS A MATTER OF INFORMATION ONLY AND CONFERS NO RIGHTS UPON THE CERTIFICATE HOLDER. THIS CERTIFICATE DOES NOT AFFIRMATIVELY OR NEGATIVELY AMEND, EXTEND OR ALTER THE COVERAGE AFFORDED BY THE POLICIES BELOW. THIS CERTIFICATE OF INSURANCE DOES NOT CONSTITUTE A CONTRACT BETWEEN THE ISSUING INSURER(S), AUTHORIZED REPRESENTATIVE OR PRODUCER, AND THE CERTIFICATE HOLDER.

IMPORTANT: If the certificate holder is an ADDITIONAL INSURED, the policy(ies) must have ADDITIONAL INSURED provisions or be endorsed. If SUBROGATION IS WAIVED, subject to the terms and conditions of the policy, certain policies may require an endorsement. A statement on this certificate does not confer rights to the certificate holder in lieu of such endorsement(s).

Form **W-9**
(Rev. October 2018)
Department of the Treasury
Internal Revenue Service

Request for Taxpayer Identification Number and Certification

▶ Go to *www.irs.gov/FormW9* for instructions and the latest information.

Give Form to the requester. Do not send to the IRS.

Print or type. See Specific Instructions on page 3.

1 Name (as shown on your income tax return). Name is required on this line; do not leave this line blank.
UKG Kronos Systems LLC

2 Business name/disregarded entity name, if different from above

3 Check appropriate box for federal tax classification of the person whose name is entered on line 1. Check only one of the following seven boxes.

☐ Individual/sole proprietor or single-member LLC ☑ C Corporation ☐ S Corporation ☐ Partnership ☐ Trust/estate

☐ Limited liability company. Enter the tax classification (C=C corporation, S=S corporation, P=Partnership) ▶ _____

Note: Check the appropriate box in the line above for the tax classification of the single-member owner. Do not check LLC if the LLC is classified as a single-member LLC that is disregarded from the owner unless the owner of the LLC is another LLC that is not disregarded from the owner for U.S. federal tax purposes. Otherwise, a single-member LLC that is disregarded from the owner should check the appropriate box for the tax classification of its owner.

☐ Other (see instructions) ▶

4 Exemptions (codes apply only to certain entities, not individuals; see instructions on page 3):

Exempt payee code (if any) _____

Exemption from FATCA reporting code (if any) _____

(Applies to accounts maintained outside the U.S.)

5 Address (number, street, and apt. or suite no.) See instructions.
900 Chelmsford Street

Requester's name and address (optional)

6 City, state, and ZIP code
Lowell, MA 01851

7 List account number(s) here (optional)

Part I Taxpayer Identification Number (TIN)

Enter your TIN in the appropriate box. The TIN provided must match the name given on line 1 to avoid backup withholding. For individuals, this is generally your social security number (SSN). However, for a resident alien, sole proprietor, or disregarded entity, see the instructions for Part I, later. For other entities, it is your employer identification number (EIN). If you do not have a number, see *How to get a TIN*, later.

Note: If the account is in more than one name, see the instructions for line 1. Also see *What Name and Number To Give the Requester* for guidelines on whose number to enter.

Social security number
___ - ___ - ____

or

Employer identification number
04 - 2640942

Part II Certification

Under penalties of perjury, I certify that:

1. The number shown on this form is my correct taxpayer identification number (or I am waiting for a number to be issued to me); and
2. I am not subject to backup withholding because: (a) I am exempt from backup withholding, or (b) I have not been notified by the Internal Revenue Service (IRS) that I am subject to backup withholding as a result of a failure to report all interest or dividends, or (c) the IRS has notified me that I am no longer subject to backup withholding; and
3. I am a U.S. citizen or other U.S. person (defined below); and
4. The FATCA code(s) entered on this form (if any) indicating that I am exempt from FATCA reporting is correct.

Certification instructions. You must cross out item 2 above if you have been notified by the IRS that you are currently subject to backup withholding because you have failed to report all interest and dividends on your tax return. For real estate transactions, item 2 does not apply. For mortgage interest paid, acquisition or abandonment of secured property, cancellation of debt, contributions to an individual retirement arrangement (IRA), and generally, payments other than interest and dividends, you are not required to sign the certification, but you must provide your correct TIN. See the instructions for Part II, later.

Sign Here Signature of U.S. person ▶ Mi Mu Date ▶ 2/12/2024

General Instructions

Section references are to the Internal Revenue Code unless otherwise noted.

Future developments. For the latest information about developments related to Form W-9 and its instructions, such as legislation enacted after they were published, go to *www.irs.gov/FormW9*.

Purpose of Form

An individual or entity (Form W-9 requester) who is required to file an information return with the IRS must obtain your correct taxpayer identification number (TIN) which may be your social security number (SSN), individual taxpayer identification number (ITIN), adoption taxpayer identification number (ATIN), or employer identification number (EIN), to report on an information return the amount paid to you, or other amount reportable on an information return. Examples of information returns include, but are not limited to, the following.

099-INT (interest earned or paid)

- Form 1099-DIV (dividends, including those from stocks or mutual funds)
- Form 1099-MISC (various types of income, prizes, awards, or gross proceeds)
- Form 1099-B (stock or mutual fund sales and certain other transactions by brokers)
- Form 1099-S (proceeds from real estate transactions)
- Form 1099-K (merchant card and third party network transactions)
- Form 1098 (home mortgage interest), 1098-E (student loan interest), 1098-T (tuition)
- Form 1099-C (canceled debt)
- Form 1099-A (acquisition or abandonment of secured property)

Use Form W-9 only if you are a U.S. person (including a resident alien), to provide your correct TIN.

If you do not return Form W-9 to the requester with a TIN, you might be subject to backup withholding. See What is backup withholding, *later.*

LINKING AGREEMENT
THE OMNIA MASTER AGREEMENT No. 24-6833
BETWEEN
CITY OF SANTA FE, NEW MEXICO
AND
UKG KRONOS SYSTEMS, LLC

This Linking Agreement (hereafter the "Linking Agreement"), effective as of the date last signed below ("Effective Date"), to the terms and conditions of the Omnia Master Agreement No. 24-6833 dated July 14, 2025, as amended (the "Omnia Master Agreement"), is entered into by and between UKG Kronos Systems, LLC (hereafter referred to as "UKG") and the City of Santa Fe, New Mexico (hereafter referred to as "Customer"). In consideration of those mutual undertakings and covenants, the parties agree as follows:

SECTION I - INTERPRETATION AND INTENT
All capitalized terms not otherwise defined herein shall have the same meaning as set forth in the Omnia Master Agreement.

The Customer, as an eligible Participating Public Agency, assumes the rights and obligations of the Customer and is subject to the terms and conditions of the Omnia Master Agreement. The terms and conditions of the Omnia Master Agreement, as amended by this Linking Agreement, shall govern when Customer makes purchases of Services under the Omnia Master Agreement. In the event of a conflict between this Linking Agreement and the Omnia Master Agreement, this Linking Agreement shall govern.

The Customer is purchasing and UKG agrees to provide the Services at the price set forth in an applicable Order which is subject to the terms and conditions of the Omnia Master Agreement, as modified by this Linking Agreement.

SECTION II – COMPENSATION

The Customer shall pay to UKG in full payment for Services delivered as set forth in this Order and in accordance with the terms of the OMNIA Master Agreement. The total amount payable to UKG under this Order for the first year, including gross receipts tax and expenses, not to exceed two hundred eleven thousand, one hundred fifty-three dollars and ten cents. ($211,153.10). This amount is a maximum for the first year and not a guarantee that the work assigned to be performed by UKG under this Agreement shall equal the amount stated herein. The Customer shall remit payment in full to UKG on an annual basis in accordance with this Order

SECTION II - TERM

The term of this Linking Agreement commences on the Effective Date and shall run co-terminus with the Omnia Master Agreement, unless otherwise terminated in accordance with the Omnia Master Agreement.

SECTION III – INSURANCE

1. UKG shall procure and maintain, at all times and at its own expense, during the term of the Order entered into between the Customer and UKG, the types of insurance(s) specified below:

A. Commercial General Liability
UKG shall provide coverage on a Commercial General Liability Occurrence Coverage Form limits of $1,000,000.00 each occurrence and $2,000,000.00 annual aggregate. Limits may be achieved via a combination of primary and umbrella/excess insurance. Customer shall be included as an additional insured via blanket endorsement for General Liability and ongoing operations. Such protection shall be primary and non-contributory with respect to Customer's insurance, but only with respect to UKG's sole negligence. Upon written request, such blanket endorsement shall be provided to Customer.

B. Workers' Compensation
UKG shall provide Workers' Compensation Insurance as required by statute.

C. Umbrella/Excess Liability
Limits of liability of $5,000,000 per occurrence.

D. Automobile Liability
Limits of liability of at least $1,000,000 combined single limit, including but not limited to, all owned, hired and non-owned motor vehicles.

E. Professional Liability/Errors & Omissions/Cyber Risk Liability
UKG shall maintain coverage on a Professional Liability Form (or equivalent) in the amount of $5,000,000 per claim with a $5,000,000 annual aggregate.

F. All Risk Property Insurance
UKG shall provide All Risk Property Insurance in an amount not less than the full replacement cost of UKG' property.

G. Miscellaneous
UKG shall supply Customer with the above proof of insurance, as required upon the signing of this Agreement. All insurance companies for each of the coverages set forth above must be rated A- or better with a financial rating of VII or better in the most recent A.M. Best's Rating Guide.

SECTION IV - ADDITIONAL TERMS AND CONDITIONS OF THE CUSTOMER

1. Records and Audit. UKG shall maintain, and Customer and its representatives shall have the right to review all invoices associated with any Order incurred for the services under the Agreement, and similar materials relating to work performed for the Customer under this Agreement on file for at least three (3) years following the date of final payment to UKG by Customer. UKG shall maintain all invoices or applicable records for at least three (3) years following the date of final payment to UKG by Customer. Any duly authorized representative(s) of Customer shall have access to such invoices or applicable records upon a 30 day prior request at reasonable times, during usual and customary business hours.

2. Equal Opportunity Compliance. UKG maintains its commitment to non-discrimination, providing equal opportunity employment and complying with all such requirements and obligations relating to its employees under Applicable Law. Similarly, UKG adheres to its Code of Conduct, which includes non-discrimination requirements and available on our public website at https://www.ukg.com/about-us/esg. If UKG is found not to be in compliance with these requirements during the life of this Agreement, UKG agrees to take appropriate steps to correct these deficiencies.

3. New Mexico Tort Claims Act. Any liability incurred by Customer in connection with this Agreement is, to the extent applicable, subject to the immunities and limitations of the New Mexico Tort Claims Act, Section 41-4-1, et. seq. NMSA 1978, as amended.

4. Governing Law and Venue. This Agreement is governed by and is to be interpreted solely in accordance with the laws of the State of New Mexico, without regard to any conflict of law provision that would result in the application of a different body of law, and each Party agrees to submit to exclusive venue in a court of competent jurisdiction.

IN WITNESS WHEREOF, the parties hereto have executed this Linking Agreement on the dates subscribed below.

The monthly price on this Order has been rounded to two decimal places for display purposes. As many as eight decimal places may be present in the actual price. Due to the rounding calculations, the actual price may not display as expected when displayed on your Order. Nonetheless, the actual price on your invoice is the true and binding total for this Order for purposes of amounts owed for the term. If you are tax exempt, please email a copy of your "Tax Exempt Certificate" to TaxExemption@ukg.com along with the quote number otherwise this order is subject to applicable taxes. The actual tax amount to be paid by Customer will be shown on Customer's invoice.

UKG is aligning our product brand and announcing that the UKG Dimensions® and UKG Pro® solutions will be one product suite under the name UKG Pro. Click here to learn more and view examples of current to future names

Future developments. For the latest information about developments related to Form W-9 and its instructions, such as legislation enacted after they were published, go to *www.irs.gov/FormW9*.

Purpose of Form

An individual or entity (Form W-9 requester) who is required to file an information return with the IRS must obtain your correct taxpayer identification number (TIN) which may be your social security number (SSN), individual taxpayer identification number (ITIN), adoption taxpayer identification number (ATIN), or employer identification number (EIN), to report on an information return the amount paid to you, or other amount reportable on an information return. Examples of information returns include, but are not limited to, the following.

099-INT (interest earned or paid)

- Form 1099-DIV (dividends, including those from stocks or mutual funds)
- Form 1099-MISC (various types of income, prizes, awards, or gross proceeds)
- Form 1099-B (stock or mutual fund sales and certain other transactions by brokers)
- Form 1099-S (proceeds from real estate transactions)
- Form 1099-K (merchant card and third party network transactions)
- Form 1098 (home mortgage interest), 1098-E (student loan interest), 1098-T (tuition)
- Form 1099-C (canceled debt)
- Form 1099-A (acquisition or abandonment of secured property)

Use Form W-9 only if you are a U.S. person (including a resident alien), to provide your correct TIN.

If you do not return Form W-9 to the requester with a TIN, you might be subject to backup withholding. See What is backup withholding, *later.*

Subject: Emergency Approval Request

Good afternoon Chief Moya- Interim City Manager,

The ITT Department respectfully requests your approval to expedite UKG Kronos Systems, LLC Amendment 1 through an abbreviated committee review process.

REQUEST: We are seeking approval to present UKG Kronos Systems, LLC Amendment 1 to only two committees:

- Finance Committee (01/26/2026)
- Governing Body (01/28/2026)

JUSTIFICATION: This request requires expedited processing due to the urgent nature of our addition of Telestaff cloud storage as well as the urgency to produce a purchase order for UKG Kronos Systems. We appreciate your consideration of this time-sensitive matter and are available to provide any additional information you may require.

Requested Action: Please approve the abbreviated committee review process for UKG Kronos Systems, LLC Amendment 1.
You can reply to this email with “Approved”.

Thank you,

Joshua Love Chandler
Contract Administrator

Subject: 2026 Bundled Support

Vendor Name: Altura Communication Solutions LLC

Munis Vendor Number: 2973

ITEM AND ISSUE:

Request for Approval Amendment No. 2 to Item #20-0041 Services with Altura Communication Solutions to Increase the Compensation by $411,166.01 for a New Total Amount of $1,238,766.08, to Extend the Termination Date to December 31, 2027 and, to Amend the Scope of Services to Add Avaya Maintenance and Support Services. (Eric Candelaria, ITT Director; edcandelaria@santafenm.gov)

BACKGROUND AND SUMMARY:

Waterfield Signature Support (Services) is an Information Technology Infrastructure Library (ITIL) based service provided to our customers across critical technology areas. Waterfield's Signature Support offering consists of the monitoring, troubleshooting, device and service management (incident, change, problem, MACO), and reporting of the Customer's Managed Infrastructure. Service Assets common to all Waterfield supported technologies are based upon practices recommended by the ITIL and specific OEM's. All remote Services will be provided 24x7x365, except where noted. This document (the "Services Description") describes the Service elements, features, and Assets of Waterfield Signature Support.

MEMORANDUM

Date: December 12, 2025

To: Altura Communication Solutions LLC

Attn: Klaus Hillman, Senior Vice President of Sales

From: *Travis Dutton-Leyda, Chief Procurement Officer*, City of Santa Fe Purchasing Division
RE: GSA Contract GSA # 47QTCA19D007R, GS-35F-0666W, and GS-35F-0156V

The City of Santa Fe by mutual agreement between the City and Altura Communication Solutions LLC is willing to enter into a GSA price agreement based on the following requirements:

1. Provide an updated Federal Supply Schedule to include current or updated contract dates.

2. *Purchases based on 13-1-129 (A)(1) NMSA 1978:* The Contractor is willing to extend their GSA pricing, terms and conditions to the City of Santa Fe at prices equal to or less than the contractor's current federal supply contract price (GSA), providing the contractor has indicated in writing a willingness to extend such contractor pricing, terms and conditions to the City of Santa Fe and the purchase order adequately identifies the contract relied upon.

Please respond by completing the information below. Check the proper box, fill in the requested information, including signature, scan and upload to the email you received with this request.

☑ **I agree to extend and/or renew the above referenced GSA price agreement.**

☐ **I DO NOT agree to extend and/or renew the above referenced GSA price agreement.**

On-line access to contract ordering information, terms and conditions, up-to-date pricing, and the option to create an electronic delivery order are available through GSA Advantage! a menu- driven database system. The Internet address for GSA Advantage! is http://www.gsaadvantage.gov. For more information on ordering go to the following website: https://www.gsa.gov/schedules.

SPECIAL ITEM NUMBER 511210 - SOFTWARE LICENSES

Includes both term and perpetual software licenses and maintenance.

SPECIAL ITEM NUMBER 611420 – INFORMATION TECHNOLOGY TRAINING

Includes training on hardware, software, cloud, and other applicable system

SPECIAL ITEM NUMBER OLM – ORDER-LEVEL MATERIALS (OLMs)

OLMs are supplies and/or services acquired in direct support of an individual task or delivery order placed against a Schedule contract or BPA. OLM pricing is not established at the Schedule contract or BPA level, but at the order level. Since OLMs are identified and acquired at the order level, the ordering contracting officer (OCO) is responsible for making a fair and reasonable price determination for all OLMs.

OLMs are procured under a special ordering procedure that simplifies the process for acquiring supplies and services necessary to support individual task or delivery orders placed against a Schedule contract or BPA. Using this new procedure, ancillary supplies and services not known at the time of the Schedule award may be included and priced at the order level.

OLM SIN-Level Requirements/Ordering Instructions:
OLMs are:
- Purchased under the authority of the FSS Program
- Unknown until an order is placed
- Defined and priced at the ordering activity level in accordance with GSAR clause 552.238-115 Special Ordering Procedures for the Acquisition of Order-Level Materials. (Price analysis for OLMs is not conducted when awarding the FSS contract or FSS BPA; therefore, GSAR 538.270 and 538.271 do not apply to OLMs)
- Only authorized for use in direct support of another awarded SIN.
- Only authorized for inclusion at the order level under a Time-and-Materials (T&M) or Labor-Hour (LH) Contract Line Item Number (CLIN)
- Subject to a Not To Exceed (NTE) ceiling price

OLMs are not:
- "Open Market Items."
- Items awarded under ancillary supplies/services or other direct cost (ODC) SINs (these items are defined, priced, and awarded at the FSS contract level)

OLM Pricing:
- Prices for items provided under the Order-Level Materials SIN must be inclusive of the Industrial Funding Fee (IFF).
- The value of OLMs in a task or delivery order, or the cumulative value of OLMs in orders against an FSS BPA awarded under an FSS contract, cannot exceed 33.33%.

NOTE: When used in conjunction with a Cooperative Purchasing eligible SIN, this SIN is Cooperative Purchasing Eligible.

CITY OF SANTA FE
AMENDMENT No. 2 TO
ALTURA COMMUNICATIONS SOLUTIONS AGREEMENT
ITEM # 20-0041

This AMENDMENT No. 2 (the "Amendment") amends the CITY OF SANTA FE CONTRACT, dated February 3, 2020 (the "Contract"), between the City of Santa Fe (the "City") and Altura Communication Solutions. (the "Contractor"). The date of this Amendment shall be the date when it is executed by the City and the Contractor whichever occurs last.

RECITALS:

A. Under the terms of the Contract, Contractor has agreed to provide Avaya Maintenance and Support Services.

B. Pursuant to Article 8 of the Contract, and for good and valuable consideration, the receipt and sufficiency of which are acknowledged by the parties, the City and the Contractor agree as follows:

1. SCOPE OF SERVICES

Article 2 of the Contract is amended to provide the Avaya Maintenance and Support Services 1/1/2026-12/31/2027, so that Article 1 reads as follows:

Altura shall provide the products, maintenance and support as stated in Quote 45516.10 and support details attached as Exhibit A.

2. COMPENSATION.

Article 3 of the Contract is amended to increase the amount of compensation by a total of four hundred and eleven thousand one hundred and sixty-six dollars and one cent ($411,166.01) so that Article 3 reads in its entirety

as follows:

The total increase in compensation under this Amendment no. 2 is $411,166.01 including New Mexico gross receipts tax ("NMGRT") levied at the rate of 8.1875%. The total compensation of this agreement shall not exceed one million two hundred and thirty-eight thousand and seven hundred and sixty-six dollars and eight cents ($1,238,766.08) including NMGRT.

- Compensation paid 12/31/2019 - 12/31/2022 equals $243,640.86
- Compensation paid under Amendment 1, through 12/31/2025 equals $583,959.21
- Compensation paid under Amendment 2 through 12/31/2027 equals $411,166.01

3. TERM.

Article 5 of the Agreement is hereby deleted in its entirety and substituted with the following Article 5 in its place:

THIS AGREEMENT SHALL NOT BECOME EFFECTIVE UNTIL APPROVED IN WRITING BY THE CITY. The Agreement shall begin on the date approved by the City, and end on 12/31/2027. The City reserves the right to renew the contract on an annual basis by mutual agreement not to exceed ten years in accordance with the NMSA 1978 § 13-1-50 through 152.

4. CONTRACT IN FULL FORCE.

Except as specifically provided in this Amendment, the Contract remains and shall remain in full force and effect, in accordance with its terms.

IN WITNESS WHEREOF, the parties have executed this Amendment No. 2 to the Contract as of the dates set forth below.

Avaya License Activation Fee

License Activation

Altura will perform a remote license activation during regular business hours. If Customer's Change Policy or system requirements require after hours license activation, then additional labor will be required.
Normal turnaround time for license activation will be 10 business days after the PO is provided to Altura. If licenses are required in less than 5 business days from receipt of the Customer PO, then an expedite fee of $500 will be required.

Any additional services will be added via a Job Change Order.

Signature Support

Signature Support

This Services Description and all Services and Deliverables hereunder shall be governed by the terms and conditions outlined in the Master Services Agreement (the "Agreement") between Customer and Waterfield. If there is a conflict between this Services Description and the Agreement, the Agreement will control the subject matter hereof unless expressly amended in this SOW. Waterfield's Signature Support Program ("SSP") provides the following on a pre-paid basis for specific Customer platforms and applications described in the "Support Entitlements" section of this agreement. All services provided under this agreement will be delivered remotely.

SIGNATURE SUPPORT - SERVICES DESCRIPTION
Customer agrees to purchase and Waterfield agrees to provide Signature Support ("Services") according to the terms of this contract. The terms governing the purchase and sale of the Services are contained in this Services Schedule and the Master Sales Agreement. Signature below acknowledges that signatory is duly authorized to accept this Service Agreement. Acceptance by Waterfield is evidenced by an authorized signature.

Waterfield Signature Support (Services) is an Information Technology Infrastructure Library (ITIL) based service provided to our customers across critical technology areas. Waterfield's Signature Support offering consists of the monitoring, troubleshooting, device and service management (incident, change, problem, MACD), and reporting of the Customer's Managed Infrastructure. Service Assets common to all Waterfield supported technologies are based upon practices recommended by the ITIL and specific OEM's. All remote Services will be provided 24x7x365, except where noted. This document (the "Services Description") describes the Service elements, features, and Assets of Waterfield Signature Support.

REQUIREMENT OF MANUFACTURER SUPPORT CONTRACT
Access to manufacturer escalation support and access to patches and software for the covered systems is contingent upon purchase and maintenance of a Manufacturer Support Contract. If no manufacturer support exists or when equipment is deemed unsupportable by the manufacturer, or it is deemed not serviceable due to lack of replacement part availability, Waterfield support will be best effort.

Services Elements Summary

The following tables summarize the service elements included in this Waterfield Signature Support offer:

Service Element	
24x7x365 Service Desk	x
Incident Management	x
Change Management	x
WATERFIELD Service Portal	x

Bundled Hours	x

Scope of Signature Support

Support coverage for this contract applies to the type and quantities of licensed users listed in the quote, applications, hardware and assets listed below only. Upon onboarding, if additional elements or quantities are identified and confirmed as requested for inclusion under support, a Contract Change Notice amendment will be issued for the deltas in coverage and costs. Additions, upgrades or expansions of the environment that occur during the contracted term will also be covered under a Contract Change Notice amendment.

Unless stated elsewhere in this contract, all Covered Assets listed will be onboarded to Waterfield Monitoring and placed under the Signature Support coverage elements defined in this contract.

INTEGRATED APPLICATIONS NOT COVERED

If present, for applications that have an integration to covered assets listed above but that are not supported by Waterfield directly; Waterfield will support integration points within the covered assets only, far end applications to be supported by customer or their vendor.

24x7x365 Service Desk

Waterfield will provide 24x7 support to Customer through our Service Desk with best-in-class solutions delivered and supported by our team of certified experts. Additionally, we provide support through our Customer Service Portal for ticket creation and disbursement.

- Waterfield will provide 24x7 system support for the solution environment. This includes access to Waterfield's 24x7 Service Desk. All incidents will be responded to and managed according to Waterfield's ticketing system.
- Waterfield will document procedures for communicating issues and accessing support.
- Customer will be able to open and track tickets via the Waterfield Support Line (phone), the Waterfield Collaboration Portal (web), and email.

Incident Management

Waterfield will remotely identify, troubleshoot, and restore normal operational functionality if an Incident is detected in a Managed Asset.
Waterfield Responsibilities

- Create tickets from detected or reported Events, where required
- Manage Incidents by classifying, prioritizing, troubleshooting, and restoring normal operation
- Escalation to the primary telephony OEM is included in Signature Support. Any other OEM or 3rd party escalations are only supported under the Enhanced Signature Support offering for 3rd Party Vendor Management.
- Assign and reassess Incident priorities in accordance with Waterfield process and policy as defined in the Waterfield Service Management Governance addendum.
- Notify relevant parties about Incidents, keeping the parties updated through Incident closure, per communication protocols established at onboarding (preferred customer contacts, escalation points, etc)
- Provide Incident reports pertaining to the Managed Assets available via the Waterfield Management Portal.

Customer Responsibilities

- Provide means for Waterfield to access, troubleshoot, and resolve Managed Assets. Primary remote access for Waterfield will be via the Waterfield Monitoring Server.
- Provide details about support contracts and other documentation/authorization required to facilitate Incident resolution
- Contact Waterfield if Customer believes an Incident is in-progress or has occurred
- PerformWaterfield or third-party recommended changes to Managed Assets or third-party hardware, software, or services, if outside of the scope of Services Management.
- Provide Waterfield with updates to Customer initiated actions related to the Incident(s).

Please note: Incident Tickets will be on "hold" for any period of time Waterfield is delayed in receiving required information from Customer, the End User, or applicable third-party service providers.

Hardware Replacement (Parts Coverage)
Hardware replacement coverage listed in the Covered Assets table will be replaced under this contract via Waterfield or Manufacturer Support parts coverage as noted. Parts will be replaced on a Next Business Day basis if replacement if identified prior to 12pm PST.

Waterfield Technician Dispatch (Onsite Support)
Based on evolving virtualization technologies and support models that have greatly reduced the need for onsite support, and to keep costs

down to our customers, technician dispatch for troubleshooting or replacement hardware installation, if required, will be provided on a Time and Materials basis only.

- If replacement parts provided by the OEM or Waterfield require pre-staging or configuration prior to shipment to customer site, Waterfield will notify customer and stage the hardware at a Waterfield office location and ship to customer site for customer installation.
- Upon request, onsite technician support will be provided on a Best Effort basis with a Next Business Day target for Priority 1 and 2 Incidents and subject to hardware and resource availability and installation readiness of hardware, to be billed on a Time and Materials basis or applied against contracted Bundled Hours if purchased. Dispatch will be supported by a Waterfield resource or Waterfield authorized contractor.
- If Manufacturer onsite dispatch is purchased, dispatch is subject to the SLA of the purchased model per the Covered Assets table above

Problem Management

Problem Management is the process of identifying the cause of an error in the supported solutions, usually reported as occurrences of related Incidents, and removing the causes of these errors permanently. Problem resolution and elimination of root cause often calls for the application of a change in the existing environments.

Problem cases are created as necessary and worked by Waterfield staff in order to find the root cause for a single or set of related issues and apply a permanent fix.

Change Management

Change Management is the process of recording and managing the planned deployment of alterations to customer environments, processes, and documentation. Waterfield will utilize Customer's documented Change Management process, if available. Otherwise, Waterfield utilizes its own system-enforced Change Management process to complete any change needed as the result of an Incident or Problem ticket.

If required by documented customer change procedures, Waterfield will prepare and provide a Method of Procedure (MOP) document in Waterfield's standard format outlining the details, timing and impacts of said change for customer Change approval processing. If Waterfield is required to participate in customer Change Advisory Board meetings or utilize custom formats or process for MOP development, additional charges may apply.

Waterfield is not accountable for Changes made by Customer staff outside of the agreed upon, documented Change Process.
Waterfield will manage the deployment of technical changes to the Managed Assets (e.g. configuration changes), in Customer's environment as a result of a change activity. Change types supported by Change Management are Emergency, Normal, and Standard Changes.
Waterfield Responsibilities

- Manage the lifecycle of Change Management Requests, as required, resulting from an Incident, Problem, Service Request, as otherwise mutually agreed to in writing or as required in accordance with the Change Management Process
- Coordinate, provide governance and execute changes to Managed Assets, using commercially reasonable efforts to minimize any adverse impacts of those changes to Customer's environment
- Validate and prioritize Change Requests based on urgency
- Manage end-to-end lifecycle of Change Requests
- Provide notifications of change request start and completion for Customer-impacting changes
- Work with Customer to identify and approve Standard Changes
- As part of Customer's CAB process, discuss with Customer any changes to Monitored Assets that may result from Changes approved with respect to the Managed Assets
- Perform pre- and post-change Health Check

Customer Responsibilities

- Provide written documentation to Waterfield at onboarding, or as modified throughout the contract term, defining any custom Change Policies or processes that must be adhered to by Waterfield
- Submit Requests for Change (RFCs) for Waterfield Managed Assets as Service Requests via the Portal, Smart Bonding, or Customer ITSM
- Submit Requests for Change (RFCs) for Customer Managed Assets as Changes via the Portal, Smart Bonding, or Customer ITSM
- Inform Waterfield on Customer scheduling, communicating, and executing of changes or customer performed additions or modifications to the supported environment.
- Provide Waterfield access to Customer CAB meetings and facilitate communication between Waterfield and Customer's CAB
- Confirm and maintain scheduled windows for change activities
- Determine and mitigate any impacts to the Monitored Assets or out-of-scope devices as a result of a change to the Managed Assets
- Review and approve (within 48 hours or less) Waterfield-initiated Changes to Managed Assets via Waterfields Service portal.

WATERFIELD Service Portal

Waterfield will provide a web-based Portal that provides Customer reports and information related to the Services. The Waterfield Management Portal will be the primary means of communication on all cases between the Waterfield Service Team and the customer.
Waterfield Responsibilities

- Implement and make available to Customer a Portal for the Service
- Provide capability to open, update, and review cases, changes, etc.
- Provide capability to view reports

Customer Responsibilities

- Provide end user profiles for Portal access in accordance with relevant industry practice
- Review and update (as needed) Incidents and Change Requests

Bundled Hours - 24 Hours Annual Allotment

Upon contract activation and at the anniversary date of each subsequent year of a multi-year contract, Customer's services account will be credited with the specified annual hours of Waterfield Services to be used at Customer's discretion. Additional hours over and above the included/bundled hours will be charged at the contracted rate below. Bundled hours allotment and rate are covered in the Program Fees section below.

All work requested under Bundled Hours is facilitated, scheduled and coordinated by the Waterfield support team and all hours spent by all roles engaged in the planning and execution of requested work are accrued against the Bundled Hours. Utilization of hours is tracked and reported to customers on a monthly basis or available upon request.

Bundled hours are intended to be used within the contract year and do not rollover to subsequent years.

SERVICES REQUESTS (MOVE, ADD, CHANGE AND DELETE - MACD)
Typical uses for these hours include transactional programming requests generally related to specific user additions, removals or changes and not holistic and scoped changes as outlined above. Waterfield maintains flexibility in working with our customers on the utilization of Bundled Hours, however they are intended for use primarily for MACD defined as follows:

- Requests are made via a ticket on the Waterfield portal or email to the Waterfield Service Desk, fulfilled by Waterfield with communications occurring within our ticketing system.
- MACD is defined as not requiring multiple resources or coordination with external vendors or parties, can be completed in less than 2 hours per engagement and does not require Project Management or Coordination.

- Waterfield will utilize a proven change control process for managing changes requested under this program.
- Complex requests requiring PMO management, 3rd party support coordination, multiples phases or that support net new functionality, integrations or capabilities will be quoted as new project work through the Waterfield account team.

Forward Planning

Waterfield will make expert resources available to participate in your forward planning or strategic steering committee meetings at your request. We can add significant value to your planning process by relaying best practices and current technology trends employed by other Waterfield customers.

- Waterfield will conduct a formal review of consulting hours usage
- Waterfield will conduct an annual application and system review to align with the current Customer budget cycle:
    - Review system architecture for adequate capacity/redundancy
    - Review Service Desk engagements over the past year; identify areas for improvement
- Waterfield will work with the Customer to identify the architectural, application, and operational improvement opportunities to help Customer further exploit its technology and application investment. The actual implementation or execution of these opportunities will be handled under separate SOWs or this agreement's Application Changes and Improvements provision if adequate hours are available.
- If desired, Waterfield will assist Customer with planning and scoping future budgeting cycles.

ADAPTABILITY TO CHANGING BUSINESS & TECHNICAL NEEDS
Waterfield will schedule a run-rate review with Customer after six months of activity. The objective of this review will be to validate the Customer bundled-hours budget and adjust if necessary. Should Customer and Waterfield determine that additional bundled hours are needed, Waterfield will submit a Project Change Request for Customer's approval.

SEVERITY DEFINITIONS AND RESPONSE SLA:

LEVEL	DEFINITION	SERVICE LEVEL AGREEMENT RESPONSE TIMES
Priority 1	Service interruption affecting whole site or network, mission critical server or service, or critical application on a managed server	Within one (1) hour
Priority 2	Service interruption affecting small number of users, or service degradation affecting many users (large office or multiple small offices)	Within four (4) hours
Priority 3	Service interruption affecting a single user, or service; degradation affecting a few users	Within one (1) business day
Priority 4	Informational & General requests, MACD requests.	Within one (1) week

Customer acknowledges that incidents caused by system hardware or software may require third-party manufacturer involvement. Waterfield is not liable for system hardware or software failures or delays in receiving system software bug fixes, patches, maintenance releases, upgrades, or new versions

COVERAGE EXCLUSIONS

- Active system issues present at time of contract start date.
    - Prior to contract start date, Waterfield will perform remote and/or onsite system audits to validate the health and integrity of the systems being placed under coverage including the system environment.
    - Significant issues that may interfere with the supportability of the systems under coverage found existing during this audit will be documented and communicated to customer with quote for resolution on a Time and Materials basis if feasible.
    - Should customer elect not to remediate these issues via Waterfield or other means, Waterfield reserves the right to deny support coverage that is related to these unresolved issues.
- Customer provided hardware failures or issues: If Waterfield is required to perform support activities to restore or reload a supported application due to customer provide physical or virtual server failure, Waterfield reserves the right to bill for such activity on a Time and Materials basis.
- For all customer provided elements of the infrastructure including VMware/compute/OS or other CPE, customer is responsible for all support, patching, remediation and collaboration with Waterfield on Incident resolution that may be dependent on remediations to such infrastructure.
- Labor and material costs for configuration or programming changes, the addition of equipment or relocation of same. This activity is considered Move, Add, and Change activity (MAC) and can be provided at our then current Time and Material rates, or pre-paid under Block of Hours purchase, or included as optional under Waterfield's Enhanced Signature Support offerings.
- Battery back-up systems, DC rectifiers, uninterruptible power supply systems (UPS), operating supplies, electrical work external to the system.
- Labor and material costs for Assets that do not affect the normal operation of the system (i.e. Cabinets, racks, shelves, etc.).
- Force Majeure: Any act external to the system that causes, directly or indirectly, a system failure, either immediately or later, or other malfunction including without any limitation, failures of trunk or toll lines from local dial tone providers or long distance carriers, other equipment connected to the system, or abnormal environmental conditions, power failures or fluctuations, (for example power fluctuations caused by power surge or lightning), flooding, water damage, and any other equipment damage associated with Acts of God
- The negligent, intentional, or willful acts of customer or third parties, or any acts or events which may adversely affect the performance of the system, occasioned by acts of Customer, or any third party.
- If customer requires escorted (customer monitored) remote access to systems, SLA's do not apply.

Customer Responsibilities

- Customer agrees to perform in a timely manner, at Customer's sole expense, the following responsibilities in support of Waterfield Services under this Agreement:
    - Unless otherwise stated in an executed Signature Support agreement, customer to provide physical or virtual server to support Waterfield remote monitoring platform per provided specifications at core location.
    - For legacy systems supported by modem, customer to provide modem unless purchased under this Signature Support quote.
- If deploying on customer provided virtual environment, Waterfield strongly recommends the monitoring server to be deployed on a separate physical host from those hosting applications being monitored to ensure survivability of the monitoring server if there is a failure of the main telephony host.
- For products where manufacturer is not procured through Waterfield, if escalation to manufacturer is required, Waterfield will refer escalation to Customer for engagement under their support contract with manufacturer. Waterfield will participate in ongoing troubleshooting as required with the manufacturer to facilitate remediation.
- Waterfield persistent remote access to the environment is required under this contract and provided via the Waterfield Monitoring server or legacy modem described above. If customer declines to deploy the monitoring server or modem for remote monitoring, persistent remote access via VPN or other means must be provided for Waterfield to support the systems under Signature Support.
- Provide access to Customer's premises and a suitable work area for Waterfield service personnel.
- Appoint an administrator (the "Contact") knowledgeable in Customer operational requirements as a point of contact to Waterfield and with authority to act on Customer's behalf in matters relating to this agreement, including the issuance of purchase orders.

- Provide the proper environment, electrical and telecommunications connections as specified by the system's manufacturer(s).
- Maintain back-up files and discs for all relevant software comprising a portion of or being related to the system.
- Not relocate or modify any portion of the system or its Assets or allow anyone access to the internal Assets and software without written notification to Waterfield.

Terms and Cancelation

Renewal
At the conclusion of the term specified in this contract, this Service Schedule shall automatically renew for successive one (1) year terms at Waterfield's current rates at time of renewal of the Services Schedule, unless non-renewal notice is provided in writing sixty (60) days prior to the renewal date as defined in this contract.
Previous term unused Bundled Hours allotments are not available for credit or extension into renewal term.

Cancellation of Support
Customer may cancel the Waterfield support portion at any time, with or without cause, provided a 60-day written advanced notice is provided to Waterfield by an authorized signatory. No credits for prepayments will be provided. If notice of cancellation is provided mid-term, 50% of the remaining unpaid Waterfield Signature Support balance of the full contracted term will be due immediately upon termination. Cancellation penalties are waived if service is moving to another Waterfield provided solution or service.
The cancellation of Manufacturer Support Agreements will follow the manufacturers' cancellation policy in effect during the term of this agreement. Current policy terms from the manufacturer are available from Waterfield upon request.

Resale of Manufacturer Support
If this agreement contains the resale of Manufacturer Support provided by the OEM to support their products and services, such Manufacturer Support is provided independently of any Waterfield support quoted herein. Waterfield holds no performance obligation over the delivery of this Manufacturer Support which is bound by the prevailing terms and conditions set by the OEM at time of sale.

ALTURA communication solutions
A Waterfield company

CONSULTING | CONTACT CENTER | COLLABORATION | NETWORK | SECURITY | MANAGED SERVICES

911 Secure Support - 12/18/2025-12/17/2026

Description		Recurring	Qty	Ext. Recurring
911S-ENG-PROSERV	**Engineering Assistance and Professional Services**	$200.00	10	$2,000.00
Pre-Paid support hours included per year to access 911 Secure's technical support staff. 911 Secure's technical support is available Monday-Friday 9am to 5pm ET for telephone and remote assistance to correct problems. For Off Hours Support please refer to "Off Hours Support". Once the pre-purchased hours have been used additional hours must be purchased in advanced before additional support will be given unless 911 Secure deems the Technical Support is Urgent then an exception will be made by the 911 Secure support staff to assist client. These additional hours will be billed at the "Off Hours Support" rate. After each support issue is completed the client will be notified via email how many hours were used and their remaining balance. It is suggested that once the client has either less than 10% of the pre-purchased hours remaining or one hour or less remaining additional hours should be purchased.				
SENTRY VPC - 911 Routing Subscription Services				
911S-VPC-MRC-AM250	**Annual Fee (Includes first 141 Records)**	$3,000.00	1	$3,000.00
Service includes bundle or singular DID MAC upload, ongoing near, real-time updating and uploading of location position, address validation, emergency routing service.

Payment Terms

INVOICING SCHEDULE & PAYMENT TERMS

Payment for all invoices is due within thirty (30) calendar days from the invoice date. Invoices will be delivered to the Customer via email. Any payment not received by the due date will be considered overdue. Overdue payments may be subject to a late fee of 1.5% per month (or the maximum rate permitted by law, whichever is lower) until paid in full. Waterfield reserves the right to suspend services in the event of non-payment beyond sixty (60) days.

If there are any disputes or discrepancies with an invoice, Customer must notify Waterfield in writing within ten (10) business days of receipt of the invoice. Both parties agree to work in good faith to resolve any billing issues promptly.

Payments can be made via electronic funds transfer (EFT), which includes Automated Clearing House (ACH) or wire transfers, or for an additional fee, via check or credit card. The additional fee is the larger of $500 or 5% of the amount. All payments must be made in U.S. Dollars (USD).

Any adjustments to the subscription fees due to changes in service levels, usage, or other factors will be reflected in the subsequent billing cycle. Credits for service outages or other issues will be applied to future invoices.

Expenses

The prices quoted above do not include travel or related expenses. Any on-site presence required for the project, along with travel expenses such as airfare, hotel accommodations, local transportation, and meals, will be billed separately at cost to the Customer, provided these expenses are approved in advance by the Customer.

In addition, any other Customer-approved expenses directly attributable to supporting the project will be billed at cost. This includes, but is not limited to, fees for facility usage such as usability testing and recording studios, as well as the acquisition of any specialized hardware or software necessary for the development and testing of the application(s).

All travel and related expenses must receive prior written approval from the Customer before being incurred. Detailed receipts and documentation for all expenses will be provided with the invoice. The Customer reserves the right to request additional documentation or clarification regarding any billed expenses.

Expenses will be billed monthly and included in the invoice for the period in which they were incurred. Any disputed expenses must be raised in writing within fifteen (15) days of receipt of the invoice.

To ensure cost control, the Waterfield will make reasonable efforts to minimize travel and other expenses, and to use cost-effective options where possible.

Taxes, Shipping, Handling & Duties

All prices quoted in this SOW include estimated taxes. Excluded and not included in the price is shipping, handling, and duty charges. Applicable taxes, including but not limited to sales, use, value-added, or other taxes, will be added to the invoice at the time of billing and are the responsibility of the Customer. Shipping, handling, and duty charges, if applicable, will also be invoiced at cost.

Company will include detailed line items for any taxes, shipping, handling, and duty charges on the invoice. The Customer is responsible for providing any applicable tax exemption certificates to Company prior to the issuance of the invoice.

CITY OF SANTA FE
AMENDMENT No. 1 TO
Altura Communications Solutions Agreement
ITEM# 20-0041

This Amendment No. 1 (the "Amendment") amends the CITY OF SANTA FE Altura Communications Solutions Agreement dated December 31, 2019 (the "Agreement"), between the City of Santa Fe (the "City") and Altura Communications Solutions. (the "Contractor"). The date of this Amendment shall be the date when it is executed by the City and the Contractor whichever occurs last.

RECITALS:

A. Under the terms of the Agreement, Contractor has agreed to provide the Avaya Maintenance and Support Service 12/31/2022-12/31/2025.

B. Pursuant to Article 8 of the Agreement, and for good and valuable consideration, the receipt and sufficiency of which are acknowledged by the parties, the City and the Contractor agree as follows:

1. SCOPE OF SERVICES

Article 2 of the Agreement is amended to provide the Avaya Maintenance and Support Service 12/31/2022-12/31/2025, so that Article 2 reads as follows:

2) Altura shall provide the products, maintenance and support as stated in Schedule 1 Quote and Support Details as described in Exhibit B attached hereto.

2. COMPENSATION.

Article 3, paragraph A of the Agreement is amended to increase the amount of

compensation by a total of Five Hundred Thirty-Nine Thousand, One Hundred Forty-Two Dollars and Ninety-Six Cents ($539,142.96), so that Article 3, paragraph A reads in its entirety as follows:

The total compensation under this Amendment no. 1 is $583,959.21 including gross receipts tax. The breakdown per year is $194,653.07 including New Mexico gross receipts tax. The total compensation of this agreement shall not exceed $827,600.07.

- Compensation paid 12/31/2019-12/31/2022 $243,640.86
- Compensation to be paid 12/31/2022-12/31/2025 $583,959.21 ($194,653.07 per year)

3. TERM:

Article 5 of the Agreement is hereby deleted in its entirety and substitute the following Article 5 in its place:

THIS AGREEMENT SHALL NOT BECOME EFFECTIVE UNTIL APPROVED IN WRITING BY THE CITY. This Agreement shall begin on date approved by the City, and end on **12/31/2025.** The City reserves the right to renew the contract on an annual basis by mutual Agreement not exceed a total of four years in accordance with NMSA 1978, §§ 13-1-150 through 152.

4. AGREEMENT IN FULL FORCE.

Except as specifically provided in this Amendment, the Agreement remains and shall remain in full force and effect, in accordance with its terms.

IN WITNESS WHEREOF, the parties have executed this Amendment No. 1 to the Agreement as of the dates set forth below.

ITEM # 20-0041

City of Santa Fe Contract
Software Services

THIS AGREEMENT is made and entered into by and between the City of Santa Fe, herein after referred to as the "City", and **Altura Communications Solutions** herein after referred to as the "Contractor."

IT IS MUTUALLY AGREED BETWEEN THE PARTIES:

1. **Definitions**

A. "Products and Services Schedule" refers to the complete list of products and services offered under this Agreement and the price for each. Product and service descriptions may be amended with the prior approval of the Agreement Administrator. New products and services shall not be added to the Products and Services Schedule.

B. "Business Hours" means 8:00 a.m. to 5:00 p.m. Mountain Time.

C. "You" and "your" refers to **Altura Communications Solutions**. "We," "us" or "our" refers to the City and whose accounts are created under this Agreement.

2. **Scope of Work**

A. The Contractor shall provide the following:

1) Avaya Software Maintenance and License Renewal for 36 month term.

3. **Compensation**

The total compensation under this Agreement shall not exceed $243,640.86, including gross receipts tax as described in Exhibit "A" attached hereto and incorporated herein. The breakdown per year is $81,213.62, including New Mexico gross receipts tax.

4. **Payment Provisions**

All payments under this Agreement are subject to the following provisions.

A. Acceptance - In accordance with Section 13-1-158 NMSA 1978, the City shall determine if the product or services provided meet specifications. Until the products or services have been accepted in writing by the City, the City shall not pay for any products or services. Unless otherwise agreed upon between the City and the Contractor, within thirty (30) days from the date the City receives written notice from the Contractor that payment is requested for services or within thirty (30) days from the receipt of products, the City shall issue a written certification (by letter or email) of complete or partial acceptance or rejection of the products or services. Unless the City gives notice of rejection within the specified time period, the products or services will be deemed to have been accepted.

B. Payment of Invoice - Upon acceptance that the products or services have been received and accepted, payment shall be tendered to the Contractor within thirty (30) days after the date of invoice. After the thirtieth day from the date that written certification of acceptance is issued, late payment charges shall be paid on the unpaid balance due on the contract to the Contractor at the rate of 1.5 % per month. Contractor may submit invoices for payment no more frequently than monthly. Payment will be made to the Contractor's designated mailing address. Payment on each invoice shall be due within 30 days from the date of the acceptance of the invoice. The City agrees to pay in full the balance shown on each account's statement, by the due date shown on said statement.

5. **Term**

THIS AGREEMENT SHALL NOT BECOME EFFECTIVE UNTIL APPROVED IN WRITING BY THE CITY. This Agreement shall begin on date approved by the City, and end on **12/31/2022.** The City reserves the right to renew the contract on an annual basis by mutual Agreement not exceed a total of four years in accordance with NMSA 1978, §§ 13-1-150 through 152.

6. **Default and Force Majeure**

The City reserves the right to cancel all or any part of any orders placed under this contract without cost to the City, if the Contractor fails to meet the provisions of this contract and, except as otherwise provided herein, to hold the Contractor liable for any excess cost occasioned by the City due to the Contractor's default. The Contractor shall not be liable for any excess costs if failure to perform the order arises out of causes beyond the control and without the fault or negligence of the Contractor; such causes include, but are not restricted to, acts of God or the public enemy, acts of the State or Federal Government, fires, floods, epidemics, quarantine restrictions, strikes, freight embargoes, unusually severe weather and defaults of sub-contractors due to any of the above, unless the City shall determine that the supplies or services to be furnished by the sub-contractor were obtainable from other sources in sufficient time to permit the Contractor to meet the required delivery scheduled. The rights and remedies of the City provided in this paragraph shall not be exclusive and are in addition to any other rights now being provided by law or under this contract.

7. **Termination**

A. Grounds. The City may terminate this Agreement for convenience or cause. The Contractor may only terminate this Agreement based upon the City's uncured, material breach of this Agreement.

B. Notice; City Opportunity to Cure.

1. Except as otherwise provided in Paragraphs 7.A and 17, the City shall give Contractor written notice of termination at least thirty (30) days prior to the intended date of termination.

2. Contractor shall give City written notice of termination at least thirty (30) days prior to the intended date of termination, which notice shall (i) identify all the City's material breaches of this Agreement upon which the termination is based and (ii) state what the City must do to cure such material breaches. Contractor's notice of termination shall only be effective (i) if the City does not cure all material breaches within the thirty (30) day notice period

or (ii) in the case of material breaches that cannot be cured within thirty (30) days, the City does not, within the thirty (30) day notice period, notify the Contractor of its intent to cure and begin with due diligence to cure the material breach.

3. Notwithstanding the foregoing, this Agreement may be terminated immediately upon written notice to the Contractor (i) if the Contractor becomes unable to perform the services contracted for, as determined by the City; (ii) if, during the term of this Agreement, the Contractor is suspended or debarred by the City; or (iii) the Agreement is terminated pursuant to Paragraph 17, "Appropriations", of this Agreement.

C. Liability. Except as otherwise expressly allowed or provided under this Agreement, the City's sole liability upon termination shall be to pay for acceptable work performed prior to the Contractor's receipt or issuance of a notice of termination; provided, however, that a notice of termination shall not nullify or otherwise affect either party's liability for pre-termination defaults under or breaches of this Agreement. The Contractor shall submit an invoice for such work within thirty (30) days of receiving or sending the notice of termination. *THIS PROVISION IS NOT EXCLUSIVE AND DOES NOT WAIVE THE CITY'S OTHER LEGAL RIGHTS AND REMEDIES CAUSED BY THE CONTRACTOR'S DEFAULT/BREACH OF THIS AGREEMENT.*

8. **Amendment**

A. This Agreement shall not be altered, changed or amended except by instrument in writing executed by the parties hereto and all other required signatories.

B. If the City proposes an amendment to the Agreement to unilaterally reduce funding due to budget or other considerations, the Contractor shall, within thirty (30) days of receipt of the proposed Amendment, have the option to terminate the Agreement, pursuant to the termination provisions as set forth in Paragraph 7 herein, or to agree to the reduced funding.

9. **Status of Contractor**

The Contractor, and Contractor's agents and employees, are independent Contractors for the City and are not employees of the City. The Contractor, and Contractor's agents and employees, shall not accrue leave, retirement, insurance, bonding, use of City vehicles, or any other benefits afforded to employees of the City as a result of this Agreement. The Contractor acknowledges that all sums received hereunder are personally reportable by the Contractor for income tax purposes, including without limitation, self-employment tax and business income tax. The Contractor agrees not to purport to bind the City unless the Contractor has written authority to do so, and then only within the strict limits of that authority.

10. **Assignment**

The Contractor shall not assign or transfer any interest in this Agreement or assign any claims for money due or to become due under this Agreement without the prior written approval of the City.

11. **Subcontracting**

The Contractor shall not subcontract any portion of the services to be performed under this Agreement without the prior written approval of the City. No such subcontract shall relieve

the primary Contractor from its obligations and liabilities under this Agreement, nor shall any subcontract obligate direct payment from the City.

12. **Non-Collusion**

In signing this Agreement, the Contractor certifies the Contractor has not, either directly or indirectly, entered into action in restraint of free competitive bidding in connection with this offer submitted to the City.

13. **Inspection of Plant**

The City may inspect, at any reasonable time during Contractor's regular business hours and upon prior written notice, the Contractor's plant or place of business, or any subcontractor's plant or place of business, which is related to the performance of this contract.

14. **Commercial Warranty**

The Contractor agrees that the tangible personal property or services furnished under this Agreement shall be covered by the most favorable commercial warranties the Contractor gives to any customer for such tangible personal property or services, and that the rights and remedies provided herein shall extend to the City and are in addition to and do not limit any rights afforded to the City by any other clause of this order. Contractor agrees not to disclaim warranties of fitness for a particular purpose or merchantability.

15. **Condition of Proposed Items**

Where tangible personal property is a part of this Agreement, all proposed items are to be NEW and of most current production, unless otherwise specified.

16. **Records and Audit**

During the term of this Agreement and for three years thereafter, the Contractor shall maintain detailed records pertaining to the services rendered and products delivered. These records shall be subject to inspection by the City, the State Auditor and other appropriate state and federal authorities. The City shall have the right to audit billings both before and after payment. Payment under this Agreement shall not foreclose the right of the City to recover excessive or illegal payments.

17. **Appropriations**

The terms of this Agreement, and any orders placed under it, are contingent upon sufficient appropriations and authorization being made by the City Council for the performance of this Agreement. If sufficient appropriations and authorization are not made by the legislature, this Agreement, and any orders placed under it, shall terminate upon written notice being given by the City to the Contractor. The City's decision as to whether sufficient appropriations are available shall be accepted by the Contractor and shall be final. If the City proposes an amendment to the Agreement to unilaterally reduce funding, the Contractor shall have the option to terminate the Agreement or to agree to the reduced funding, within thirty (30) days of receipt of the proposed amendment.

18. **Release**

The Contractor, upon final payment of the amount due under this Agreement, releases the City, its officers and employees, from all liabilities, claims and obligations whatsoever arising from or under this Agreement. The Contractor agrees not to purport to bind the City, unless the Contractor has express written authority to do so, and then only within the strict limits of that authority.

19. **Confidentiality**

Any confidential information provided to or developed by the Contractor in the performance of this Agreement shall be kept confidential and shall not be made available to any individual or organization by the Contractor without prior written approval by the City.

20. **Conflict of Interest**

A. The Contractor represents and warrants that it presently has no interest and, during the term of this Agreement, shall not acquire any interest, direct or indirect, which would conflict in any manner or degree with the performance or services required under the Agreement. The Contractor shall comply with any applicable provisions of the New Mexico Governmental Conduct Act and the New Mexico Financial Disclosures Act.

B. The Contractor further represents and warrants that it has complied with, and, during the term of this Agreement, will continue to comply with, and that this Agreement complies with all applicable provisions of the Governmental Conduct Act, Chapter 10, Article 16 NMSA 1978.

C. Contractor's representations and warranties in Paragraphs A and B of this Paragraph are material representations of fact upon which the City relied when this Agreement was entered into by the parties. Contractor shall provide immediate written notice to the City if, at any time during the term of this Agreement, Contractor learns that Contractor's representations and warranties in Paragraphs A and B of this Paragraph 20 were erroneous on the effective date of this Agreement or have become erroneous by reason of new or changed circumstances. If it is later determined that Contractor's representations and warranties in Paragraphs A and B of this Paragraph 20 were erroneous on the effective date of this Agreement or have become erroneous by reason of new or changed circumstances, in addition to other remedies available to the City and notwithstanding anything in the Agreement to the contrary, the City may immediately terminate the Agreement.

D. All terms defined in the Governmental Conduct Act have the same meaning in this section.

21. **Approval of Contractor Representative(s)**

The City reserves the right to require a change in Contractor representative(s) if the assigned representative(s) are not, in the opinion of the City, adequately serving the needs of the City.

22. **Scope of Agreement; Merger**

This Agreement incorporates all the agreements, covenants, and understandings between the parties hereto concerning the subject matter hereof, and all such covenants, agreements and understandings have been merged into this written Agreement. No prior agreements or understandings, verbal or otherwise, of the parties or their agents shall be valid or enforceable unless embodied in this Agreement.

23. **Notice**

The Procurement Code, Sections 13-1-28 through 13-1-199 NMSA 1978, imposes civil and criminal penalties for its violation. In addition, the New Mexico criminal statutes impose felony penalties for bribes, gratuities and kickbacks.

24. **Equal Opportunity Compliance**

The Contractor agrees to abide by all federal and state laws, and local Ordinances, pertaining to equal employment opportunity. In accordance with all such laws, rules, and regulations, the Contractor agrees to assure that no person in the United States shall on the grounds of race, religion, color, national origin, ancestry, sex, age, physical or mental handicap, or serious medical condition, spousal affiliation, sexual orientation or gender identity, be excluded from employment with or participation in, be denied the benefits of, or be otherwise subjected to discrimination under any program or activity performed under this Agreement. If Contractor is found not to be in compliance with these requirements during the life of this Agreement, Contractor agrees to take appropriate steps to correct these deficiencies.

25. **Indemnification**

The Contractor shall hold the City and its employees harmless and shall indemnify the City and its employees against any and all claims, suits, actions, liabilities and costs of any kind, including attorney's fees for personal injury or damage to property arising from the acts or omissions of the Contractor, its agents, officers, employees or subcontractors. The Contractor shall not be liable for any injury or damage as a result of any negligent act or omission committed by the City, its officers or employees.

26. **New Mexico Tort Claims Act**

Any liability incurred by the City of Santa Fe in connection with this Agreement is subject to the immunities and limitations of the New Mexico Tort Claims Act, Section 41-4-1, et. seq. NMSA 1978, as amended. The City and its "public employees" as defined in the New Mexico Tort Claims Act, do not waive sovereign immunity, do not waive any defense and do not waive any limitation of liability pursuant to law. No provision in this Agreement modifies or waives any provision of the New Mexico Tort Claims Act.

27. **Applicable Law**

The laws of the State of New Mexico shall govern this Agreement, without giving effect to its choice of law provisions. Venue shall be proper only in a New Mexico court of competent

jurisdiction in accordance with NMSA 1978, § 38-3-1 (G). By execution of this Agreement, Contractor acknowledges and agrees to the jurisdiction of the courts of the State of New Mexico over any and all lawsuits arising under or out of any term of this Agreement.

28. **Limitation of Liability**

The Contractor's liability to the City, for any cause whatsoever shall be limited to the purchase price paid to the Contractor for the products and services that are the subject of the City's, claim. The foregoing limitation does not apply to paragraph 25 of this Agreement or to damages resulting from personal injury caused by the Contractor's negligence.

29. **Incorporation by Reference and Precedence**

If this Agreement has been procured pursuant to a request for proposals, this Agreement is derived from (1) the request for proposal, (including any written clarifications to the request for proposals and any City response to questions); (2) the Contractor's best and final offer; and (3) the Contractor's response to the request for proposals.

In the event of a dispute under this Agreement, applicable documents will be referred to for the purpose of clarification or for additional detail in the following order of precedence: (1) amendments to the Agreement in reverse chronological order; (2) the Agreement, including the scope of work and all terms and conditions thereof; (3) the request for proposals, including attachments thereto and written responses to questions and written clarifications; (4) the Contractor's best and final offer if such has been made and accepted by the City; and (5) the Contractor's response to the request for proposals.

30. **Workers' Compensation**

The Contractor agrees to comply with state laws and rules applicable to workers' compensation benefits for its employees. If the Contractor fails to comply with the Workers' Compensation Act and applicable rules when required to do so, this Agreement may be terminated by the City.

31. **Inspection**

If this contract is for the purchase of tangible personal property (goods), final inspection and acceptance shall be made at Destination. Tangible personal property rejected at Destination for non-conformance to specifications shall be removed at Contractor's risk and expense promptly after notice of rejection and shall not be allowable as billable items for payment.

32. **Inspection of Services**

If this contract is for the purchase of services, the following terms shall apply.

A. Services, as used in this Article, include services performed, workmanship, and material furnished or utilized in the performance of services.

B. The Contractor shall provide and maintain an inspection system acceptable to the City covering the services under this Agreement. Complete records of all inspection work performed by the Contractor shall be maintained and made available to the City and for as long

thereafter as the Agreement requires. The City has the right to inspect and test all services contemplated under this Agreement to the extent practicable at all times and places during the term of the Agreement. The City shall perform inspections and tests in a manner that will not unduly delay or interfere with Contractor's performance.

C. If the City performs inspections or tests on the premises of the Contractor or a subcontractor, the Contractor shall furnish, and shall require subcontractors to furnish, at no increase in contract price, all reasonable facilities and assistance for the safe and convenient performance of such inspections or tests.

D. If any part of the services do not conform with the requirements of this Agreement, the City may require the Contractor to re-perform the services in conformity with the requirements of this Agreement at no increase in contract amount. When the defects in services cannot be corrected by re-performance, the City may:

(1) require the Contractor to take necessary action(s) to ensure that future performance conforms to the requirements of this Agreement; and

(2) reduce the contract price to reflect the reduced value of the services performed.

E. If the Contractor fails to promptly re-perform the services or to take the necessary action(s) to ensure future performance in conformity with the requirements of this Agreement, the City may:

(1) by contract or otherwise, perform the services and charge to the Contractor any cost incurred by the City that is directly related to the performance of such service; or

(2) terminate the contract for default.

33. **Insurance**

If the services contemplated under this Agreement will be performed on or in City facilities or property, Contractor shall maintain in force during the entire term of this Agreement, the following insurance coverage(s), naming the City as additional insured.

A. Workers Compensation (including accident and disease coverage) at the statutory limit. Employers liability: $100,000.

B. Comprehensive general liability (including endorsements providing broad form property damage, personal injury coverage and contractual assumption of liability for all liability the Contractor has assumed under this contract). Limits shall not be less than the following:

a. Bodily injury: $1,000,000 per person /$1,000,000 per occurrence.
b. Property damage or combined single limit coverage: $1,000,000.
c. Automobile liability (including non-owned automobile coverage): $1,000,000.
d. Umbrella: $1,000,000.

C. Contractor shall maintain the above insurance for the term of this Agreement and name the City as an additional insured and provide for 30 days cancellation notice on any Certificate of Insurance form furnished by Contractor. Such certificate shall also specifically state the coverage provided under the policy is primary over any other valid and collectible insurance and provide a waiver of subrogation.

34. **Impracticality of Performance**

A party shall be excused from performance under this Agreement for any period that the party is prevented from performing as a result of an act of God, strike, war, civil disturbance,

epidemic, or court order, provided that the party has prudently and promptly acted to take any and all steps that are within the party's control to ensure performance. Subject to this provision, such non-performance shall not be deemed a default or a ground for termination.

35. **Invalid Term or Condition**

If any term or condition of this Agreement shall be held invalid or unenforceable, the remainder of this Agreement shall not be affected and shall be valid and enforceable.

36. **Enforcement of Agreement**

A party's failure to require strict performance of any provision of this Agreement shall not waive or diminish that party's right thereafter to demand strict compliance with that or any other provision. No waiver by a party of any of its rights under this Agreement shall be effective unless express and in writing, and no effective waiver by a party of any of its rights shall be effective to waive any other rights.

37. **Patent, Copyright and Trade Secret Indemnification**

A. The Contractor shall defend, at its own expense, the City against any claim that any product or service provided under this Agreement infringes any patent, copyright to trademark in the United States or Puerto Rico, and shall pay all costs, damages and attorneys' fees that a court finally awards as a result of any such claim. In addition, if any third party obtains a judgment against the City based upon Contractor's trade secret infringement relating to any product or services provided under this Agreement, the Contractor agrees to reimburse the City for all costs, attorneys' fees and amount of the judgment. To qualify for such defense and or payment, the City shall:

i. give the Contractor prompt written notice within 48 hours of any claim;

ii. allow the Contractor to control the defense of settlement of the claim; and

iii. cooperate with the Contractor in a reasonable way to facilitate the defense or settlement of the claim.

B. If any product or service becomes, or in the Contractor's opinion is likely to become the subject of a claim of infringement, the Contractor shall at its option and expense:

i. provide the City the right to continue using the product or service and fully indemnify the City against all claims that may arise out of the City's use of the product or service;

ii. replace or modify the product or service so that it becomes non-infringing; or,

iii. accept the return of the product or service and refund an amount equal to the value of the returned product or service, less the unpaid portion of the purchase price and any other amounts, which are due to the Contractor. The Contractor's obligation will be void as to any product or service modified by the City to the extent such modification is the cause of the claim.

38. **Survival**

The Agreement paragraphs titled "Patent, Copyright, Trademark, and Trade Secret Indemnification; Indemnification; and Limit of Liability" shall survive the expiration of this Agreement. Software licenses, leases, maintenance and any other unexpired Agreements that were entered into under the terms and conditions of this Agreement shall survive this Agreement.

39. **Disclosure Regarding Responsibility**

A. Any prospective Contractor and any of its Principals who enter into a contract greater than sixty thousand dollars ($60,000.00) with any City for professional services, tangible personal property, services or construction agrees to disclose whether the Contractor, or any principal of the Contractor's company is presently debarred, suspended, proposed for debarment, or declared ineligible for award of contract by any federal entity, state agency or local public body.

B. Principal, for the purpose of this disclosure, means an officer, director, owner, partner, or a person having primary management or supervisory responsibilities within a business entity or related entities.

C. The Contractor shall provide immediate written notice to the City if, at any time during the term of this Agreement, the Contractor learns that the Contractor's disclosure was at any time erroneous or became erroneous by reason of changed circumstances.

D. A disclosure that any of the items in this requirement exist will not necessarily result in termination of this Agreement. However, the disclosure will be considered in the determination of the Contractor's responsibility and ability to perform under this Agreement. Failure of the Contractor to furnish a disclosure or provide additional information as requested will be grounds for immediate termination of this Agreement pursuant to the conditions set forth in Paragraph 7 of this Agreement.

E. Nothing contained in the foregoing shall be construed to require establishment of a system of records in order to render, in good faith, the disclosure required by this document. The knowledge and information of a Contractor is not required to exceed that which is the normally possessed by a prudent person in the ordinary course of business dealings.

F. The disclosure requirement provided is a material representation of fact upon which reliance was placed when making an award and is a continuing material representation of the facts during the term of this Agreement. If during the performance of the contract, the Contractor is indicted for or otherwise criminally or civilly charged by any government entity (federal, state or local) with commission of any offenses named in this document the Contractor must provide immediate written notice to the City. If it is later determined that the Contractor knowingly rendered an erroneous disclosure, in addition to other remedies available to the Government, the City may terminate the involved contract for cause. Still further the City may suspend or debar the Contractor from eligibility for future solicitations until such time as the matter is resolved to the satisfaction of the City.

40. **Suspension, Delay or Interruption of Work**

The City may, without cause, order the Contractor, in writing, to suspend, delay or interrupt the work in whole or in part for such period of time as the City may determine. The contract sum and contract time shall be adjusted for increases in cost and/or time associated with Contractor's compliance therewith. Upon receipt of such notice, Contractor shall leave the jobsite and any equipment in a safe condition prior to departing. Contractor must assert rights to additional compensation within thirty (30) days after suspension of work is lifted and return to

work is authorized. Any compensation requested for which entitlement is granted and the contract sum adjusted, shall have profit included (for work completed) and for cost only (not profit) for Contractor costs incurred directly tied to the suspension itself and not otherwise covered by Contract remedy. Any change in Total Compensation must be reflected in an Amendment executed pursuant to Section 8 of this Agreement.

41. **Notification**

Either party may give written notice to the other party in accordance with the terms of this Paragraph. Any written notice required or permitted to be given hereunder shall be deemed to have been given on the date of delivery if delivered by personal service or hand delivery or three (3) business days after being mailed.

Avaya License Activation Fee

License Activation

Altura will perform a remote license activation during regular business hours. If Customer's Change Policy or system requirements require after hours license activation, then additional labor will be required.
Normal turnaround time for license activation will be 10 business days after the PO is provided to Altura. If licenses are required in less than 5 business days from receipt of the Customer PO, then an expedite fee of $500 will be required.

Any additional services will be added via a Job Change Order.

Signature Support

Signature Support

This Services Description and all Services and Deliverables hereunder shall be governed by the terms and conditions outlined in the Master Services Agreement (the "Agreement") between Customer and Waterfield. If there is a conflict between this Services Description and the Agreement, the Agreement will control the subject matter hereof unless expressly amended in this SOW. Waterfield's Signature Support Program ("SSP") provides the following on a pre-paid basis for specific Customer platforms and applications described in the "Support Entitlements" section of this agreement. All services provided under this agreement will be delivered remotely.

SIGNATURE SUPPORT - SERVICES DESCRIPTION
Customer agrees to purchase and Waterfield agrees to provide Signature Support ("Services") according to the terms of this contract. The terms governing the purchase and sale of the Services are contained in this Services Schedule and the Master Sales Agreement. Signature below acknowledges that signatory is duly authorized to accept this Service Agreement. Acceptance by Waterfield is evidenced by an authorized signature.

Waterfield Signature Support (Services) is an Information Technology Infrastructure Library (ITIL) based service provided to our customers across critical technology areas. Waterfield's Signature Support offering consists of the monitoring, troubleshooting, device and service management (incident, change, problem, MACD), and reporting of the Customer's Managed Infrastructure. Service Assets common to all Waterfield supported technologies are based upon practices recommended by the ITIL and specific OEM's. All remote Services will be provided 24x7x365, except where noted. This document (the "Services Description") describes the Service elements, features, and Assets of Waterfield Signature Support.

REQUIREMENT OF MANUFACTURER SUPPORT CONTRACT
Access to manufacturer escalation support and access to patches and software for the covered systems is contingent upon purchase and maintenance of a Manufacturer Support Contract. If no manufacturer support exists or when equipment is deemed unsupportable by the manufacturer, or it is deemed not serviceable due to lack of replacement part availability, Waterfield support will be best effort.

Services Elements Summary

The following tables summarize the service elements included in this Waterfield Signature Support offer:

Service Element	
24x7x365 Service Desk	x
Incident Management	x
Change Management	x
WATERFIELD Service Portal	x

Bundled Hours	x

Scope of Signature Support

Support coverage for this contract applies to the type and quantities of licensed users listed in the quote, applications, hardware and assets listed below only. Upon onboarding, if additional elements or quantities are identified and confirmed as requested for inclusion under support, a Contract Change Notice amendment will be issued for the deltas in coverage and costs. Additions, upgrades or expansions of the environment that occur during the contracted term will also be covered under a Contract Change Notice amendment.

Unless stated elsewhere in this contract, all Covered Assets listed will be onboarded to Waterfield Monitoring and placed under the Signature Support coverage elements defined in this contract.

If applicable, the following vendors are covered by 3rd Party Case Management under this contracted support agreement:

Vendor Name	Support Type
VENDOR NAME	Case Management

INTEGRATED APPLICATIONS NOT COVERED

If present, for applications that have an integration to covered assets listed above but that are not supported by Waterfield directly; Waterfield will support integration points within the covered assets only, far end applications to be supported by customer or their vendor.

24x7x365 Service Desk

Waterfield will provide 24x7 support to Customer through our Service Desk with best-in-class solutions delivered and supported by our team of certified experts. Additionally, we provide support through our Customer Service Portal for ticket creation and disbursement.

- Waterfield will provide 24x7 system support for the solution environment. This includes access to Waterfield's 24x7 Service Desk. All incidents will be responded to and managed according to Waterfield's ticketing system.
- Waterfield will document procedures for communicating issues and accessing support.
- Customer will be able to open and track tickets via the Waterfield Support Line (phone), the Waterfield Collaboration Portal (web), and email.

Incident Management

Waterfield will remotely identify, troubleshoot, and restore normal operational functionality if an Incident is detected in a Managed Asset.
Waterfield Responsibilities

- Create tickets from detected or reported Events, where required
- Manage Incidents by classifying, prioritizing, troubleshooting, and restoring normal operation
- Escalation to the primary telephony OEM is included in Signature Support. Any other OEM or 3rd party escalations are only supported under the Enhanced Signature Support offering for 3rd Party Vendor Management.
- Assign and reassess Incident priorities in accordance with Waterfield process and policy as defined in the Waterfield Service Management Governance addendum.
- Notify relevant parties about Incidents, keeping the parties updated through Incident closure, per communication protocols established at onboarding (preferred customer contacts, escalation points, etc)
- Provide Incident reports pertaining to the Managed Assets available via the Waterfield Management Portal.

Customer Responsibilities

- Provide means for Waterfield to access, troubleshoot, and resolve Managed Assets. Primary remote access for Waterfield will be via the Waterfield Monitoring Server.
- Provide details about support contracts and other documentation/authorization required to facilitate Incident resolution
- Contact Waterfield if Customer believes an Incident is in-progress or has occurred
- PerformWaterfield or third-party recommended changes to Managed Assets or third-party hardware, software, or services, if outside of the scope of Services Management.
- Provide Waterfield with updates to Customer initiated actions related to the Incident(s).

Please note: Incident Tickets will be on "hold" for any period of time Waterfield is delayed in receiving required information from Customer, the End User, or applicable third-party service providers.

Hardware Replacement (Parts Coverage)
Hardware replacement coverage listed in the Covered Assets table will be replaced under this contract via Waterfield or Manufacturer Support parts coverage as noted. Parts will be replaced on a Next Business Day basis if replacement if identified prior to 12pm PST.

Waterfield Technician Dispatch (Onsite Support)
Based on evolving virtualization technologies and support models that have greatly reduced the need for onsite support, and to keep costs

down to our customers, technician dispatch for troubleshooting or replacement hardware installation, if required, will be provided on a Time and Materials basis only.

- If replacement parts provided by the OEM or Waterfield require pre-staging or configuration prior to shipment to customer site, Waterfield will notify customer and stage the hardware at a Waterfield office location and ship to customer site for customer installation.
- Upon request, onsite technician support will be provided on a Best Effort basis with a Next Business Day target for Priority 1 and 2 Incidents and subject to hardware and resource availability and installation readiness of hardware, to be billed on a Time and Materials basis or applied against contracted Bundled Hours if purchased. Dispatch will be supported by a Waterfield resource or Waterfield authorized contractor.
- If Manufacturer onsite dispatch is purchased, dispatch is subject to the SLA of the purchased model per the Covered Assets table above

Problem Management

Problem Management is the process of identifying the cause of an error in the supported solutions, usually reported as occurrences of related Incidents, and removing the causes of these errors permanently. Problem resolution and elimination of root cause often calls for the application of a change in the existing environments.

Problem cases are created as necessary and worked by Waterfield staff in order to find the root cause for a single or set of related issues and apply a permanent fix.

Change Management

Change Management is the process of recording and managing the planned deployment of alterations to customer environments, processes, and documentation. Waterfield will utilize Customer's documented Change Management process, if available. Otherwise, Waterfield utilizes its own system-enforced Change Management process to complete any change needed as the result of an Incident or Problem ticket.

If required by documented customer change procedures, Waterfield will prepare and provide a Method of Procedure (MOP) document in Waterfield's standard format outlining the details, timing and impacts of said change for customer Change approval processing. If Waterfield is required to participate in customer Change Advisory Board meetings or utilize custom formats or process for MOP development, additional charges may apply.

Waterfield is not accountable for Changes made by Customer staff outside of the agreed upon, documented Change Process.
Waterfield will manage the deployment of technical changes to the Managed Assets (e.g. configuration changes), in Customer's environment as a result of a change activity. Change types supported by Change Management are Emergency, Normal, and Standard Changes.
Waterfield Responsibilities

- Manage the lifecycle of Change Management Requests, as required, resulting from an Incident, Problem, Service Request, as otherwise mutually agreed to in writing or as required in accordance with the Change Management Process
- Coordinate, provide governance and execute changes to Managed Assets, using commercially reasonable efforts to minimize any adverse impacts of those changes to Customer's environment
- Validate and prioritize Change Requests based on urgency
- Manage end-to-end lifecycle of Change Requests
- Provide notifications of change request start and completion for Customer-impacting changes
- Work with Customer to identify and approve Standard Changes
- As part of Customer's CAB process, discuss with Customer any changes to Monitored Assets that may result from Changes approved with respect to the Managed Assets
- Perform pre- and post-change Health Check

Customer Responsibilities

- Provide written documentation to Waterfield at onboarding, or as modified throughout the contract term, defining any custom Change Policies or processes that must be adhered to by Waterfield
- Submit Requests for Change (RFCs) for Waterfield Managed Assets as Service Requests via the Portal, Smart Bonding, or Customer ITSM
- Submit Requests for Change (RFCs) for Customer Managed Assets as Changes via the Portal, Smart Bonding, or Customer ITSM
- Inform Waterfield on Customer scheduling, communicating, and executing of changes or customer performed additions or modifications to the supported environment.
- Provide Waterfield access to Customer CAB meetings and facilitate communication between Waterfield and Customer's CAB
- Confirm and maintain scheduled windows for change activities
- Determine and mitigate any impacts to the Monitored Assets or out-of-scope devices as a result of a change to the Managed Assets
- Review and approve (within 48 hours or less) Waterfield-initiated Changes to Managed Assets via Waterfields Service portal.

WATERFIELD Service Portal

Waterfield will provide a web-based Portal that provides Customer reports and information related to the Services. The Waterfield Management Portal will be the primary means of communication on all cases between the Waterfield Service Team and the customer.
Waterfield Responsibilities

- Implement and make available to Customer a Portal for the Service
- Provide capability to open, update, and review cases, changes, etc.
- Provide capability to view reports

Customer Responsibilities

- Provide end user profiles for Portal access in accordance with relevant industry practice
- Review and update (as needed) Incidents and Change Requests

Bundled Hours - 24 Hours Annual Allotment

Upon contract activation and at the anniversary date of each subsequent year of a multi-year contract, Customer's services account will be credited with the specified annual hours of Waterfield Services to be used at Customer's discretion. Additional hours over and above the included/bundled hours will be charged at the contracted rate below. Bundled hours allotment and rate are covered in the Program Fees section below.

All work requested under Bundled Hours is facilitated, scheduled and coordinated by the Waterfield support team and all hours spent by all roles engaged in the planning and execution of requested work are accrued against the Bundled Hours. Utilization of hours is tracked and reported to customers on a monthly basis or available upon request.

Bundled hours are intended to be used within the contract year and do not rollover to subsequent years.

SERVICES REQUESTS (MOVE, ADD, CHANGE AND DELETE - MACD)
Typical uses for these hours include transactional programming requests generally related to specific user additions, removals or changes and not holistic and scoped changes as outlined above. Waterfield maintains flexibility in working with our customers on the utilization of Bundled Hours, however they are intended for use primarily for MACD defined as follows:

- Requests are made via a ticket on the Waterfield portal or email to the Waterfield Service Desk, fulfilled by Waterfield with communications occurring within our ticketing system.
- MACD is defined as not requiring multiple resources or coordination with external vendors or parties, can be completed in less than 2 hours per engagement and does not require Project Management or Coordination.

- Waterfield will utilize a proven change control process for managing changes requested under this program.
- Complex requests requiring PMO management, 3rd party support coordination, multiples phases or that support net new functionality, integrations or capabilities will be quoted as new project work through the Waterfield account team.

Forward Planning

Waterfield will make expert resources available to participate in your forward planning or strategic steering committee meetings at your request. We can add significant value to your planning process by relaying best practices and current technology trends employed by other Waterfield customers.

- Waterfield will conduct a formal review of consulting hours usage
- Waterfield will conduct an annual application and system review to align with the current Customer budget cycle:
    - Review system architecture for adequate capacity/redundancy
    - Review Service Desk engagements over the past year; identify areas for improvement
- Waterfield will work with the Customer to identify the architectural, application, and operational improvement opportunities to help Customer further exploit its technology and application investment. The actual implementation or execution of these opportunities will be handled under separate SOWs or this agreement's Application Changes and Improvements provision if adequate hours are available.
- If desired, Waterfield will assist Customer with planning and scoping future budgeting cycles.

ADAPTABILITY TO CHANGING BUSINESS & TECHNICAL NEEDS

Waterfield will schedule a run-rate review with Customer after six months of activity. The objective of this review will be to validate the Customer bundled-hours budget and adjust if necessary. Should Customer and Waterfield determine that additional bundled hours are needed, Waterfield will submit a Project Change Request for Customer's approval.

SEVERITY DEFINITIONS AND RESPONSE SLA:

LEVEL	DEFINITION	SERVICE LEVEL AGREEMENT RESPONSE TIMES
Priority 1	Service interruption affecting whole site or network, mission critical server or service, or critical application on a managed server	Within one (1) hour
Priority 2	Service interruption affecting small number of users, or service degradation affecting many users (large office or multiple small offices)	Within four (4) hours
Priority 3	Service interruption affecting a single user, or service; degradation affecting a few users	Within one (1) business day
Priority 4	Informational & General requests, MACD requests.	Within one (1) week

Customer acknowledges that incidents caused by system hardware or software may require third-party manufacturer involvement. Waterfield is not liable for system hardware or software failures or delays in receiving system software bug fixes, patches, maintenance releases, upgrades, or new versions

COVERAGE EXCLUSIONS

- Active system issues present at time of contract start date.
    - Prior to contract start date, Waterfield will perform remote and/or onsite system audits to validate the health and integrity of the systems being placed under coverage including the system environment.
    - Significant issues that may interfere with the supportability of the systems under coverage found existing during this audit will be documented and communicated to customer with quote for resolution on a Time and Materials basis if feasible.
    - Should customer elect not to remediate these issues via Waterfield or other means, Waterfield reserves the right to deny support coverage that is related to these unresolved issues.
- Customer provided hardware failures or issues: If Waterfield is required to perform support activities to restore or reload a supported application due to customer provide physical or virtual server failure, Waterfield reserves the right to bill for such activity on a Time and Materials basis.
- For all customer provided elements of the infrastructure including VMware/compute/OS or other CPE, customer is responsible for all support, patching, remediation and collaboration with Waterfield on Incident resolution that may be dependent on remediations to such infrastructure.
- Labor and material costs for configuration or programming changes, the addition of equipment or relocation of same. This activity is considered Move, Add, and Change activity (MAC) and can be provided at our then current Time and Material rates, or pre-paid under Block of Hours purchase, or included as optional under Waterfield's Enhanced Signature Support offerings.
- Battery back-up systems, DC rectifiers, uninterruptible power supply systems (UPS), operating supplies, electrical work external to the system.
- Labor and material costs for Assets that do not affect the normal operation of the system (i.e. Cabinets, racks, shelves, etc.).
- Force Majeure: Any act external to the system that causes, directly or indirectly, a system failure, either immediately or later, or other malfunction including without any limitation, failures of trunk or toll lines from local dial tone providers or long distance carriers, other equipment connected to the system, or abnormal environmental conditions, power failures or fluctuations, (for example power fluctuations caused by power surge or lightning), flooding, water damage, and any other equipment damage associated with Acts of God
- The negligent, intentional, or willful acts of customer or third parties, or any acts or events which may adversely affect the performance of the system, occasioned by acts of Customer, or any third party.
- If customer requires escorted (customer monitored) remote access to systems, SLA's do not apply.

Customer Responsibilities

- Customer agrees to perform in a timely manner, at Customer's sole expense, the following responsibilities in support of Waterfield Services under this Agreement:
    - Unless otherwise stated in an executed Signature Support agreement, customer to provide physical or virtual server to support Waterfield remote monitoring platform per provided specifications at core location.
    - For legacy systems supported by modem, customer to provide modem unless purchased under this Signature Support quote.
- If deploying on customer provided virtual environment, Waterfield strongly recommends the monitoring server to be deployed on a separate physical host from those hosting applications being monitored to ensure survivability of the monitoring server if there is a failure of the main telephony host.
- For products where manufacturer is not procured through Waterfield, if escalation to manufacturer is required, Waterfield will refer escalation to Customer for engagement under their support contract with manufacturer. Waterfield will participate in ongoing troubleshooting as required with the manufacturer to facilitate remediation.
- Waterfield persistent remote access to the environment is required under this contract and provided via the Waterfield Monitoring server or legacy modem described above. If customer declines to deploy the monitoring server or modem for remote monitoring, persistent remote access via VPN or other means must be provided for Waterfield to support the systems under Signature Support.
- Provide access to Customer's premises and a suitable work area for Waterfield service personnel.
- Appoint an administrator (the "Contact") knowledgeable in Customer operational requirements as a point of contact to Waterfield and with authority to act on Customer's behalf in matters relating to this agreement, including the issuance of purchase orders.

- Provide the proper environment, electrical and telecommunications connections as specified by the system's manufacturer(s).
- Maintain back-up files and discs for all relevant software comprising a portion of or being related to the system.
- Not relocate or modify any portion of the system or its Assets or allow anyone access to the internal Assets and software without written notification to Waterfield.

Terms and Cancelation

Renewal
At the conclusion of the term specified in this contract, this Service Schedule shall automatically renew for successive one (1) year terms at Waterfield's current rates at time of renewal of the Services Schedule, unless non-renewal notice is provided in writing sixty (60) days prior to the renewal date as defined in this contract.
Previous term unused Bundled Hours allotments are not available for credit or extension into renewal term.

Cancellation of Support
Customer may cancel the Waterfield support portion at any time, with or without cause, provided a 60-day written advanced notice is provided to Waterfield by an authorized signatory. No credits for prepayments will be provided. If notice of cancellation is provided mid-term, 50% of the remaining unpaid Waterfield Signature Support balance of the full contracted term will be due immediately upon termination. Cancellation penalties are waived if service is moving to another Waterfield provided solution or service.
The cancellation of Manufacturer Support Agreements will follow the manufacturers' cancellation policy in effect during the term of this agreement. Current policy terms from the manufacturer are available from Waterfield upon request.

Resale of Manufacturer Support
If this agreement contains the resale of Manufacturer Support provided by the OEM to support their products and services, such Manufacturer Support is provided independently of any Waterfield support quoted herein. Waterfield holds no performance obligation over the delivery of this Manufacturer Support which is bound by the prevailing terms and conditions set by the OEM at time of sale.

911 Secure Support - 12/18/2025-12/17/2026

Description		Recurring	Qty	Ext. Recurring
911S-ENG-PROSERV	**Engineering Assistance and Professional Services**	$200.00	10	$2,000.00
Pre-Paid support hours included per year to access 911 Secure's technical support staff. 911 Secure's technical support is available Monday-Friday 9am to 5pm ET for telephone and remote assistance to correct problems. For Off Hours Support please refer to "Off Hours Support". Once the pre-purchased hours have been used additional hours must be purchased in advanced before additional support will be given unless 911 Secure deems the Technical Support is Urgent then an exception will be made by the 911 Secure support staff to assist client. These additional hours will be billed at the "Off Hours Support" rate. After each support issue is completed the client will be notified via email how many hours were used and their remaining balance. It is suggested that once the client has either less than 10% of the pre-purchased hours remaining or one hour or less remaining additional hours should be purchased.				
SENTRY VPC - 911 Routing Subscription Services				
911S-VPC-MRC-AM250	**Annual Fee (Includes first 141 Records)**	$3,000.00	1	$3,000.00
Service includes bundle or singular DID MAC upload, ongoing near, real-time updating and uploading of location position, address validation, emergency routing service.				
911S-ECRC-1	**Annual Emergency Call Response Center - 1,000+ Endpoints**	$1,000.00	1	$1,000.00
All calls that are routed to the ECRC are charged at a rate of $75 per call. 20 calls per year are included for annual charge of $1,000. For each call over 20 the $75 per call fee will apply. Auto-renewed. Invoiced 90 days prior to anniversary date. *NOTE: This only applies to calls that originate from endpoints that are not provisioned in the 911 Secure VPC database.*

Payment Terms

INVOICING SCHEDULE & PAYMENT TERMS

Payment for all invoices is due within thirty (30) calendar days from the invoice date. Invoices will be delivered to the Customer via email. Any payment not received by the due date will be considered overdue. Overdue payments may be subject to a late fee of 1.5% per month (or the maximum rate permitted by law, whichever is lower) until paid in full. Waterfield reserves the right to suspend services in the event of non-payment beyond sixty (60) days.

If there are any disputes or discrepancies with an invoice, Customer must notify Waterfield in writing within ten (10) business days of receipt of the invoice. Both parties agree to work in good faith to resolve any billing issues promptly.

Payments can be made via electronic funds transfer (EFT), which includes Automated Clearing House (ACH) or wire transfers, or for an additional fee, via check or credit card. The additional fee is the larger of $500 or 5% of the amount. All payments must be made in U.S. Dollars (USD).

Any adjustments to the subscription fees due to changes in service levels, usage, or other factors will be reflected in the subsequent billing cycle. Credits for service outages or other issues will be applied to future invoices.

Expenses

The prices quoted above do not include travel or related expenses. Any on-site presence required for the project, along with travel expenses such as airfare, hotel accommodations, local transportation, and meals, will be billed separately at cost to the Customer, provided these expenses are approved in advance by the Customer.

In addition, any other Customer-approved expenses directly attributable to supporting the project will be billed at cost. This includes, but is not limited to, fees for facility usage such as usability testing and recording studios, as well as the acquisition of any specialized hardware or software necessary for the development and testing of the application(s).

All travel and related expenses must receive prior written approval from the Customer before being incurred. Detailed receipts and documentation for all expenses will be provided with the invoice. The Customer reserves the right to request additional documentation or clarification regarding any billed expenses.

Expenses will be billed monthly and included in the invoice for the period in which they were incurred. Any disputed expenses must be raised in writing within fifteen (15) days of receipt of the invoice.

To ensure cost control, the Waterfield will make reasonable efforts to minimize travel and other expenses, and to use cost-effective options where possible.

Taxes, Shipping, Handling & Duties

All prices quoted in this SOW include estimated taxes. Excluded and not included in the price is shipping, handling, and duty charges. Applicable taxes, including but not limited to sales, use, value-added, or other taxes, will be added to the invoice at the time of billing and are the responsibility of the Customer. Shipping, handling, and duty charges, if applicable, will also be invoiced at cost.

Company will include detailed line items for any taxes, shipping, handling, and duty charges on the invoice. The Customer is responsible for providing any applicable tax exemption certificates to Company prior to the issuance of the invoice.

CNA

CNA PARAMOUNT
Blanket Additional Insured - Owners, Lessees or Contractors - with Products-Completed Operations Coverage Endorsement

This endorsement modifies insurance provided under the following:

COMMERCIAL GENERAL LIABILITY COVERAGE PART

It is understood and agreed as follows:

I. WHO IS AN INSURED is amended to include as an **Insured** any person or organization whom you are required by **written contract** to add as an additional insured on this **Coverage Part**, but only with respect to liability for **bodily injury**, **property damage** or **personal and advertising injury** caused in whole or in part by your acts or omissions, or the acts or omissions of those acting on your behalf:

A. In the performance of your ongoing operations subject to such **written contract**; or

B. In the performance of **your work** subject to such **written contract**, but only with respect to **bodily injury** or **property damage** included in the **products-completed operations hazard**, and only if:

1. The **written contract** requires you to provide the additional insured such coverage; and

2. This **Coverage Part** provides such coverage; and

C. Subject always to the terms and conditions of this policy, including the limits of insurance, the Insurer will not provide such additional insured with:

1. Coverage broader than what you are required to provide by the **written contract**; or

2. A higher limit of insurance than what you are required to provide by the **written contract**. Any coverage granted by this

Paragraph **I.** shall apply solely to the extent permissible by law.

II. If the written contract requires additional insured coverage under the 07-04 edition of CG2010 or CG2037, then paragraph **I.** above is deleted in its entirety and replaced by the following:

WHO IS AN INSURED is amended to include as an **Insured** any person or organization whom you are required by **written contract** to add as an additional insured on this **Coverage Part**, but only with respect to liability for **bodily injury**, **property damage** or **personal and advertising injury** caused in whole or in part by your acts or omissions, or the acts or omissions of those acting on your behalf:

A. In the performance of your ongoing operations subject to such **written contract**; or

B. In the performance of **your work** subject to such **written contract**, but only with respect to **bodily injury** or **property damage** included in the **products-completed operations hazard**, and only if:

1. The **written contract** requires you to provide the additional insured such coverage; and

2. This **Coverage Part** provides such coverage.

III. But if the **written contract** requires:

A. Additional insured coverage under the 11-85 edition, 10-93 edition, or 10-01 edition of CG2010, or under the 1001 edition of CG2037; or

B. Additional insured coverage with “arising out of” language;

then paragraph **I.** above is deleted in its entirety and replaced by the following:

WHO IS AN INSURED is amended to include as an **Insured** any person or organization whom you are required by **written contract** to add as an additional insured on this **Coverage Part**, but only with respect to liability for **bodily injury**, **property damage** or **personal and advertising injury** arising out of **your work** that is subject to such **written contract**.

IV. But if the **written contract** requires additional insured coverage to the greatest extent permissible by law,

Copyright CNA All Rights Reserved

then paragraph **I.** above is deleted in its entirety and replaced by the following:

WHO IS AN INSURED is amended to include as an **Insured** any person or organization whom you are required by **written contract** to add as an additional insured on this **Coverage Part**, but only with respect to liability for **bodily injury**, **property damage** or **personal and advertising injury** arising out of **your work** that is subject to such **written contract**.

V. The insurance granted by this endorsement to the additional insured does not apply to **bodily injury**, **property damage**, or **personal and advertising injury** arising out of:

A. The rendering of, or the failure to render, any professional architectural, engineering, or surveying services, including:

1. The preparing, approving, or failing to prepare or approve maps, shop drawings, opinions, reports, surveys, field orders, change orders or drawings and specifications; and
2. Supervisory, inspection, architectural or engineering activities; or

B. Any premises or work for which the additional insured is specifically listed as an additional insured on another endorsement attached to this **Coverage Part**.

VI. Under **COMMERCIAL GENERAL LIABILITY CONDITIONS,** the Condition entitled **Other Insurance** is amended to add the following, which supersedes any provision to the contrary in this Condition or elsewhere in this **Coverage Part**:

Primary and Noncontributory Insurance

With respect to other insurance available to the additional insured under which the additional insured is a named insured, this insurance is primary to and will not seek contribution from such other insurance, provided that a **written contract** requires the insurance provided by this policy to be:

1. Primary and non-contributing with other insurance available to the additional insured; or
2. Primary and to not seek contribution from any other insurance available to the additional insured. But except as specified above, this insurance will be excess of all other insurance available to the additional insured.

VII. Solely with respect to the insurance granted by this endorsement, the section entitled **COMMERCIAL GENERAL LIABILITY CONDITIONS** is amended as follows:

The Condition entitled **Duties In The Event of Occurrence, Offense, Claim or Suit** is amended with the addition of the following:

Any additional insured pursuant to this endorsement will as soon as practicable:

1. Give the Insurer written notice of any **claim**, or any **occurrence** or offense which may result in a **claim**;
2. Send the Insurer copies of all legal papers received, and otherwise cooperate with the Insurer in the investigation, defense, or settlement of the **claim**; and
3. Make available any other insurance, and endeavor to tender the defense and indemnity of any **claim** to any other insurer or self-insurer, whose policy or program applies to a loss that the Insurer covers under this **coverage part**. However, if the **written contract** requires this insurance to be primary and non-contributory, this paragraph **3.** does not apply to other insurance under which the additional insured is a named insured.

The Insurer has no duty to defend or indemnify an additional insured under this endorsement until the Insurer receives written notice of a **claim** from the additional insured.

VIII. Solely with respect to the insurance granted by this endorsement, the section entitled **DEFINITIONS** is amended to add the following definition:

Copyright CNA All Rights Reserved

CNA PARAMOUNT
Blanket Additional Insured - Owners, Lessees or Contractors - with Products-Completed Operations Coverage Endorsement

Written contract means a written contract or written agreement that requires you to make a person or organization an additional insured on this **Coverage Part**, provided the contract or agreement:

A. Was executed prior to:

1. The **bodily injury** or **property damage**; or
2. The offense that caused the **personal and advertising injury**;

for which the additional insured seeks coverage; and

B. Is still in effect at the time of the **bodily injury** or **property damage occurrence** or **personal and advertising injury** offense.

All other terms and conditions of the Policy remain unchanged.

This endorsement, which forms a part of and is for attachment to the Policy issued by the designated Insurers, takes effect on the effective date of said Policy at the hour stated in said Policy, unless another effective date is shown below, and expires concurrently with said Policy.

Form **W-9**
(Rev. October 2018)
Department of the Treasury
Internal Revenue Service

Request for Taxpayer Identification Number and Certification

► **Go to *www.irs.gov/FormW9* for instructions and the latest information.**

Give Form to the requester. Do not send to the IRS.

Print or type. See **Specific Instructions** on page 3.

1 Name (as shown on your income tax return). Name is required on this line; do not leave this line blank.

Altura Communication Solutions LLC

2 Business name/disregarded entity name, if different from above

3 Check appropriate box for federal tax classification of the person whose name is entered on line 1. Check only **one** of the following seven boxes.

☐ Individual/sole proprietor or single-member LLC ☐ C Corporation ☐ S Corporation ☐ Partnership ☐ Trust/estate

☑ Limited liability company. Enter the tax classification (C=C corporation, S=S corporation, P=Partnership) ► **P**

Note: Check the appropriate box in the line above for the tax classification of the single-member owner. Do not check LLC if the LLC is classified as a single-member LLC that is disregarded from the owner unless the owner of the LLC is another LLC that is **not** disregarded from the owner for U.S. federal tax purposes. Otherwise, a single-member LLC that is disregarded from the owner should check the appropriate box for the tax classification of its owner.

☐ Other (see instructions) ►

4 Exemptions (codes apply only to certain entities, not individuals; see instructions on page 3):

Exempt payee code (if any) _____

Exemption from FATCA reporting code (if any) _____

(Applies to accounts maintained outside the U.S.)

5 Address (number, street, and apt. or suite no.) See instructions.

110 S. Hartford Ave., Suite 2502

Requester's name and address (optional)

6 City, state, and ZIP code

Tulsa, OK 74120

7 List account number(s) here (optional)

Part I Taxpayer Identification Number (TIN)

Enter your TIN in the appropriate box. The TIN provided must match the name given on line 1 to avoid backup withholding. For individuals, this is generally your social security number (SSN). However, for a resident alien, sole proprietor, or disregarded entity, see the instructions for Part I, later. For other entities, it is your employer identification number (EIN). If you do not have a number, see *How to get a TIN,* later.

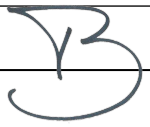
Note: If the account is in more than one name, see the instructions for line 1. Also see *What Name and Number To Give the Requester* for guidelines on whose number to enter.

Social security number

			–		–				

or

Employer identification number



3	3	–	0	9	8	8	9	6	7

Part II Certification

Under penalties of perjury, I certify that:

1. The number shown on this form is my correct taxpayer identification number (or I am waiting for a number to be issued to me); and
2. I am not subject to backup withholding because: (a) I am exempt from backup withholding, or (b) I have not been notified by the Internal Revenue Service (IRS) that I am subject to backup withholding as a result of a failure to report all interest or dividends, or (c) the IRS has notified me that I am no longer subject to backup withholding; and
3. I am a U.S. citizen or other U.S. person (defined below); and
4. The FATCA code(s) entered on this form (if any) indicating that I am exempt from FATCA reporting is correct.

Certification instructions. You must cross out item 2 above if you have been notified by the IRS that you are currently subject to backup withholding because you have failed to report all interest and dividends on your tax return. For real estate transactions, item 2 does not apply. For mortgage interest paid, acquisition or abandonment of secured property, cancellation of debt, contributions to an individual retirement arrangement (IRA), and generally, payments other than interest and dividends, you are not required to sign the certification, but you must provide your correct TIN. See the instructions for Part II, later.

Sign Here | **Signature of U.S. person** ►  | **Date** ► 1/8/24

General Instructions

Section references are to the Internal Revenue Code unless otherwise noted.

Future developments. For the latest information about developments related to Form W-9 and its instructions, such as legislation enacted after they were published, go to *www.irs.gov/FormW9.*

Purpose of Form

An individual or entity (Form W-9 requester) who is required to file an information return with the IRS must obtain your correct taxpayer identification number (TIN) which may be your social security number (SSN), individual taxpayer identification number (ITIN), adoption taxpayer identification number (ATIN), or employer identification number (EIN), to report on an information return the amount paid to you, or other amount reportable on an information return. Examples of information returns include, but are not limited to, the following.

- Form 1099-INT (interest earned or paid)
- Form 1099-DIV (dividends, including those from stocks or mutual funds)
- Form 1099-MISC (various types of income, prizes, awards, or gross proceeds)
- Form 1099-B (stock or mutual fund sales and certain other transactions by brokers)
- Form 1099-S (proceeds from real estate transactions)
- Form 1099-K (merchant card and third party network transactions)
- Form 1098 (home mortgage interest), 1098-E (student loan interest), 1098-T (tuition)
- Form 1099-C (canceled debt)
- Form 1099-A (acquisition or abandonment of secured property)

Use Form W-9 only if you are a U.S. person (including a resident alien), to provide your correct TIN.

If you do not return Form W-9 to the requester with a TIN, you might be subject to backup withholding. See What is backup withholding, *later.*

Subject: Emergency Approval Request

Good morning Chief Moya- Interim City Manager,

The ITT Department respectfully requests your approval to expedite Altura Communication Solutions LLC Amendment 2 through an abbreviated committee review process.

REQUEST: We are seeking approval to present Altura Communication Solutions LLC Amendment 2 to only two committees:

- Finance Committee (01/26/2026)
- Governing Body (01/28/2026)

JUSTIFICATION: This request requires expedited processing due to the urgent nature of the renewal of our Altura Communications software. This renewal was due at the end of December but there were no committee meetings scheduled at the end of 2025. I have attached a reduced version of the Amendment Packet to this email. We appreciate your consideration of this time-sensitive matter and are available to provide any additional information you may require.

Requested Action: Please approve the abbreviated committee review process for Altura Communication Solutions LLC Amendment 2.
You can reply to this email with “Approved”.

Thank you,
Joshua Love Chandler
Contract Administrator

ACTION:
Request for Approval of Grant Agreement for the Que Linda Beautification Program with the Department of Transportation in the Total Amount of $90,000 to Support Litter Control and Beautification Efforts. (Sidney Snyder, Interim Park Ranger Superintendent; sksnyder@santafenm.gov)

1. Request Approval of a Budget Adjustment Resolution (BAR) to Allocate New Mexico Department of Transportation (NMDOT) Funding in the Total Amount of $90,000 to FY 2025 Parks and Open Space Revenue and Operating Budget to Support Litter Control and Beautification Efforts.

BACKGROUND AND SUMMARY:
The Que Linda Beautification Program, established under the Clean Highways Act (NMSA 1978, Sections 67-15-1 through 67-15-4), supports litter control and beautification efforts throughout New Mexico. The program enhances public spaces by encouraging local participation and collaboration with municipalities, with the City of Santa Fe playing a key role in maintaining cleanliness and advancing community beautification initiatives.

The program focuses on the ongoing removal of litter along roads within Santa Fe. This represents the second year of program funding awarded to the Parks and Open Space Division, reinforcing continued investment in sustainable litter control and beautification efforts as well as developing our Park Ranger program internally.

CITY OF SANTA FE, NEW MEXICO

RESOLUTION NO. 2025-67

INTRODUCED BY:

Mayor Alan Webber

Councilor Jamie Cassutt

A RESOLUTION

ACCEPTING A GRANT FROM THE QUE LINDA BEAUTIFICATION PROGRAM ADMINISTERED BY THE NEW MEXICO DEPARTMENT OF TRANSPORTATION; ENTERING INTO A GRANT AGREEMENT FOR A TOTAL AMOUNT OF $90,000.00, TERM ENDING JUNE 30, 2026; IDENTIFYING THE CITY MANAGER OR CITY MANAGER'S DESIGNEE AS THE SIGNATORY FOR THE AGREEMENT.

WHEREAS, the City of Santa Fe ("City") and the New Mexico Department of Transportation ("NMDOT") wish to enter into a grant agreement ("Agreement"), in the total amount of ninety thousand dollars $90,000.00, term ending June 30, 2026, under the "Que Linda Beautification Program" ("Program"), attached and incorporated as Exhibit A, the purpose of which is to control and remove litter from the roads and highways in Santa Fe; and

WHEREAS, costs that exceed the ninety thousand dollars ($90,000) are not covered in the Agreement; and

WHEREAS, the purpose of the Agreement is to partially fund "a permanent and continuous program to control and remove litter from the roads and highways of New Mexico to

the maximum extent possible"; and

WHEREAS, Section 3 of the Agreement states that the City must "adopt a written resolution of Program supports that includes a commitment to funding, ownership, liability, and maintenance".

NOW, THEREFORE, BE IT RESOLVED BY THE GOVERNING BODY OF THE CITY OF SANTA FE that the Agreement, for a total amount of $90,000, and with a term ending June 30, 2026, included as Exhibit A, is hereby approved.

BE IT FURTHER RESOLVED that the City Manger or the City Manager's designee is authorized to sign the agreement.

BE IT FURTHER RESOLVED that all allocated funds must be spent by June 30, 2026, and the City incorporates all agreements, covenants, and understandings between the parties hereto concerning the subject matter hereof, and all such covenants, agreements, and understandings have been merged into the written agreement.

BE IT FURTHER RESOLVED that the City is responsible for the Agreement; assumes the lead role in execution of the Agreement; agrees to the terms, conditions, and certification and reporting requirements of the Agreement; and assumes ownership, liability, and maintenance responsibility for all amenities related to the completion of the work described in the Agreement.

PASSED, APPROVED, and ADOPTED this 10th day of December, 2025.

NEW MEXCIO DEPARTMENT OF TRANSPORTATION
QUE LINDA BEAUTIFICATION PROGRAM
GRANT AGREEMENT

This Agreement is between the New Mexico Department of Transportation (Department) and City of Santa Fe (Grantee), collectively referred to as the "Parties." This Agreement is effective as of the date of the last party to sign it on the signature page below.

RECITALS

WHEREAS, the purpose of the Que Linda Beautification Program (Program) is to accomplish litter control throughout New Mexico, under the authority delegated to the Department by the "Clean Highways Act," NMSA 1978, Section 67-15-1 to -4 (Act) to conduct a permanent and continuous program to control and remove litter from the roads and highways of New Mexico to the maximum extent possible;

WHEREAS, the Department was appropriated funding through the General Appropriation Act, Laws 2024, Chapter 64, Section 11, for roadway beautification and litter control, of which a portion is being used for the purposes of carrying out the provisions of the Act; and

WHEREAS, the Act provides that the Department may enter into agreements and provide a Program for the purposes of carrying out the provisions of the Act.

AGREEMENT

Now, therefore, the Parties agree as follows:

1. Program Funding.

a. The Department hereby awards $90,000 to partially fund the Budget (Appendix A) with the purpose of conducting a permanent and continuous program to control and remove litter from the roads, highways and open space of New Mexico to the maximum extent possible.
b. The Grantee is responsible for all costs that exceed Program funding.
c. All allocated funds must be spent by June 30, 2026.
d. All allocated funds are eligible to be reallocated pursuant to Section 19.
e. The Grantee must repay Program funding to the Department if:
    1. The Program is cancelled or partially performed.
    2. A final audit conducted by the Department determines the following:
        i. an overpayment,
        ii. unexpended funds, or
        iii. ineligible expenses.

2. The Department:

a. Shall distribute the funds, identified in Section l(a), in a lump sum to the Grantee after:

1. The Department has received this Agreement fully executed with a Resolution of Sponsorship.

b. May perform Program monitoring that might consist of the following:

1. Conduct a review of the Grantee's performance and administration of the Program funds identified in Section l(a).
2. Conduct a review of subcontracts for administration of the Program funds.

3. The Grantee Shall:

a. Perform and participate in the Program by accomplishing the following:

1. Participating in 3 technical assistance meetings with the Que Linda Director for the development of a local beautification program plan;
2. Creating and adopting a formal local beautification program plan;
3. Hosting a minimum of 3 events in alignment with the 11 strategies of the Que Linda Program (Appendix D); and
4. Completing a minimum of 2 contracts in alignment with the 11 strategies of the Que Linda Program (Appendix D).

b. Procure and award any contract in accordance with applicable procurement law, rules, regulations and ordinances.

c. Adopt a written resolution of Program support that includes a commitment to funding, ownership, liability and maintenance.

d. Comply with any and all state, local and federal regulations including the Americans with Disabilities Act (ADA) and laws regarding noise ordinances, air quality, surface water quality, ground water quality, threatened and endangered species, hazardous materials, historic and cultural properties, and cultural resources.

e. Meet with the Department, as needed, or provide Program status reports within 30 days of request.

f. Acknowledge that the Department reserves the right to unilaterally adjust, modify, or cancel any and all funding identified in Section l(a) in order to ensure the expenditure of all funds.

g. Agree and acknowledge Program funds shall not be used for purposes other than those outlined and specified in Appendix A.

h. Comply with Department mandatory reporting requirements:

1. The Grantee shall submit an annual report on the progress of activities during the funding period.
2. The Grantee must participate in a minimum of 75% (3 out of 4) of the Que Linda statewide cohort meetings.

i. Agree that Program funds must be expended on or before June 30, 2026.

4. Both Parties Agree:

a. The inability to properly complete and administer the Program may result in the Grantee being

denied future Program funding.

b. The Department will not pay for any expenses incurred prior to the Parties signing the Agreement, after termination of the Agreement, or in excess of the amount of the Program funding noted in Section l(a).

5. Term.

This Agreement becomes effective upon signature of the Parties. The effective date is the date when the last party signed the Agreement on the signature page blow. This Agreement tenninates at 11:59:59 p.m. on June 30, 2026, unless terminated earlier as provided under this Agreement.

6. Termination.

The Department may tenninate this Agreement for any reason, by giving the Grantee 30 days written notice. On receipt of written notice from the Department, the Grantee shall suspend all Program activities unless otherwise directed by the Department in writing. The Parties acknowledge that termination will not nullify obligations incurred prior to the date of the written notice requiring termination. Neither Party has any obligations after termination, except as stated in Section l(e) and 15.

7. **Notices.**

For a notice under this Agreement to be valid, it must be in writing; be delivered by hand, registered or certified mail return receipt requested and postage prepaid, fax or e-mail; and be addressed as follows:

To the Department:

Amy Whitfield, Special Director
New Mexico Department of Transportation
P.O. Box 1149
Santa Fe, NM 87504-1149
Phone: 505-309-1066
Email: Amy.Whitfield@dot.nm.gov

To the Grantee:

Mark Scott, City Manager

200 Lincoln Ave
Santa Fe, NM 87501
Phone:
Email:

8. Third Party Beneficiary.

It is not intended by any of the provisions of any part of this Agreement to create in the public or any member of the public a third party beneficiary or to authorize anyone not a party to the Agreement to maintain a suit(s) for wrongful death(s), bodily and/or personal injury(ies) to person(s), damage(s) to property(ies), and/or any other claim(s) whatsoever pursuant to the provisions of this Agreement.

9. New Mexico Tort Claims Act.

As between the Department and Public Entity, neither party shall be responsible for liability incurred as a result of the other party's acts or omissions in connection with this Agreement. Any liability incurred in connection with this Agreement is subject to the immunities and limitations of the New Mexico Tort Claims Act, NMSA 1978, Section 41-4-1 to -27.

10. Scope of Agreement.
This Agreement constitutes the entire understanding between the Parties with respect to the subject matter of the Agreement and supersedes all other Agreements, whether written or oral, between the parties, except that this Agreement does not supersede the Grantee's rights under any other grant Agreement.

11. Terms of this Agreement.
The terms of this Agreement are lawful; performance of all duties and obligations must conform with and not contravene any state, local, or federal statutes, regulations, rules, or ordinances.

12. Legal Compliance.
The Grantee shall comply with all applicable federal, state, and local laws, regulations and Department policies in the performance of this Agreement, including, but not limited to laws governing civil right, equal opportunity compliance, environmental issue, workplace safety, employer-employee relations and all other laws governing operations of the workplace. The Grantee shall include the requirements of this Section 12 in each contract and subcontract at all tiers.

13. Equal Opportunity Compliance.
The Parties agree to abide by all federal and state laws and rules and regulations, and executive orders, pertaining to equal employment opportunity. In accordance with all such laws and rules and regulations, and executive orders, the parties agree to assure that no person in the United States will, on the grounds of race, color, national origin, ancestry, sex, sexual preference, age or handicap, be excluded from employment with, or participation in, any program or activity performed under this Agreement. If the parties are found to not be in compliance with these requirements during the term of this Agreement, the parties agree to take appropriate steps to correct these deficiencies.

14. Appropriations and Authorizations.
The terms of this Agreement are contingent upon sufficient appropriations and authorizations being made by the governing board of the Grantee, and the Legislature of New Mexico for performance of the Agreement. If sufficient appropriations and authorizations are not made by the Grantee and the Legislature, this Agreement will terminate upon written notice being given by one Party to the other. The Department and Grantee are expressly not committed to expenditure of any funds until such time as they are budgeted, encumbered, and approved for expenditure.

15. Accountability of Receipts and Disbursements.
There shall be strict accountability for all receipts and disbursements relating to this Agreement. The Grantee shall maintain all records and documents relating to the Program for a minimum of 5 years after completion. The Grantee shall furnish the Department and State Auditor, upon demand, any and all such records relevant to this Agreement. If an audit finding determines that specific funding was inappropriate or not related to the Program, the Grantee shall reimburse that portion to the Department within thirty (30)

days of written notification. If documentation is insufficient to support an audit by customarily accepted accounting practices, the expense supported by such insufficient documentation must be reimbursed to the Department within thirty (30) days.

16. Severability.
In the event that any portion of this Agreement is determined to be void, unconstitutional or otherwise unenforceable, the remainder of this Agreement will remain in full force and effect.

17. Applicable Law.
The laws of the State of New Mexico shall govern this Agreement, without giving effect to its choice of law provisions. Venue is proper in a New Mexico Court of competent jurisdiction in accordance with NMSA 1978, Section 38-3-l(G).

18. Amendment.
This Agreement may be amended by an instrument in writing executed by the Parties.

19. Reallocation of Funding.
The Grantee may request reallocation of the Program Funds from any Budget (Appendix A) item to other identified Budget items. The Grantee must submit a written request with the proposed Budget detailing the reallocation amount and the identified Budget item(s) and costs of which funds are being reallocated. The Grantee shall be allowed to reallocate pursuant to the written request upon receipt of approval from the Department and executed Amendment by the Parties pursuant to Section 18.

The remainder of this page is intentionally left blank.

Each party is signing this Agreement on the date stated opposite that party's signature. This Agreement is effective as of the date of the last party to sign it on the signature page below.

Appendix A: Project Budget and Scope of Work

Scope of Work. The Grantee shall complete and oversee the following activities.

Activities. The Grantee shall complete and oversee the following Que Linda Grant related activities in support of the Program, as situated in the Public Works Department, Parks and Open Space Division and under the oversight and in coordination with Department consultation. The Grantee is responsible for:

a. Contract organization for Project Management.
b. Partner with local nonprofit to host cleanup events and promote anti-litter messaging;
d. Partner with local nonprofit to organize volunteer cleanup events, and report illegal trash dumping;
e. Facilitate purchasing, shipping and contracted installation of trash cans.
f. Facilitate Volunteer Appreciation Event
g. Facilitate printing of interpretive materials and interpretive panels for trash cans.

Project Budget 1
See email attachment *''Appendix A_Que Linda FY26_Budget Tracking''*.

11 Strategies of Que Linda Statewide Beautification

Student Service Learning:

Leveraging local high school students provide three benefits: 1) creates a very affordable resource to help keep communities clean; 2) provides high school students with opportunities to engage in community service; 3) creates local ambassadors that spread anti-litter messaging.

Local high schools must incorporate service-learning requirements in certain courses. The requirements shall require a certain number of community service hours which can be met through participation in trash pickup and graffiti removal/prevention programs.

Litter Abatement Alternatives to Penalty Fines:

This program would serve as a resource for municipal and county court systems. For various reasons, residents are assessed penalties or court fees associated with a crime. In many instances, individuals cannot afford to pay the cost. As an alternative, the individual could be assigned to a local trash pickup and graffiti removal/prevention program.

Use of Corrections Contractors:

The New Mexico Corrections Department offers litter pickup, general landscaping and graffiti clean-up services. Cost for services range but are highly competitive. LBPs can leverage services for contract maintenance of their property.

County Inmate Litter Abatement Program:

Utilizing incarcerated individuals for trash pickup is a long-standing practice. Oftentimes county-run facilities are discouraged to establish this program because inmates are incarcerated for short periods. Nonetheless, an established program could put short-term inmates to work immediately. The County correctional facility would establish the program that utilizes inmates to perform trash pickup services. This program would provide the service to the LBP.

Elementary Anti-Litter Education Campaign:

The State of NM is rolling out a new anti-litter campaign. It can provide media to local elementary schools that incorporate anti-litter activities into their curriculum. Activities could include coloring contests, recording radio ads, writing letters to newspapers, campus clean up days, recycling programs, etc. This program is integral to building ambassadors among the youth in the community who will have a positive influence within their families.

Business Corridor Adoption Program:

Engaging businesses in an effort to keep cities clean is longstanding. Typically businesses would adopt a corridor and become responsible for its upkeep. In this program, the business would simply provide a financial sponsorship. The sponsorship would go to the LBP who would utilize the resources for contract maintenance.

Reporting Illegal Trash Dumping Hotline:

Illegal dumping is a major issue in several communities. It's typically driven by limited options for legal dumping. When residents dump illegally, or lose trash because of an unsecured load, the trash often includes personal identifiable information. Local law enforcement agencies shall establish a hotline or online portal where this information could be anonymously obtained. Penalties for violators would need to be established in ordinance.

Secure Loads Establishment and Enforcement:

Unsecure loads is a major cause of messy roadways. Local governments must put an ordinance in place that establishes a penalty for driving with an unsecured load. In addition to this penalty, trash collection centers must impose a fee when a resident arrives with an unsecured load.

Establish Free Weekend Events at Collection Centers:

Affordability may be an issue for some residents. If trash authorities were to provide "Free Weekends" once a month, it would encourage residents to dump legally.

Neighbor Rates at Collection Centers:

Some communities and counties do not have adequate access to a collection center, therefore, an established "Neighbor Rate" at the closest facility will encourage residents to dump trash legally.

Community Trash Pick-up Events:

Some residents, for various reasons, are unable to take trash to a collection center on their own. This program would identify weekends, throughout the year, when trash authorities, together with volunteers, would pick up trash and deliver it to a collection center. Residents would need to signup for this service and provide a justification.

CITY OF SANTA FE

Memorandum

Date:	January 22, 2026
To:	Governing Body, Water Conservation Committee**,** Public Works and Utilities Committee, Finance Committee
From:	Justin M. Gonzales, Cross Connection Specialist JMG
Via:	Jesse D. Roach, Interim Public Utilities Department Director JR Jesse Roach
RE:	Water Division Backflow Prevention and Control Program

EXECUTIVE SUMMARY:

The proposed bill amends Exhibit A of Section 25-4.1, SFCC 1987, to update definitions, create a new rule number 7 and directs the City of Santa Fe's Water Division to adopt Backflow Prevention and Control rules for the city of Santa Fe ("City") from the *Uniform Plumbing Code* and University of Southern California's *Manual of Cross-section Control*. The bill also implements inspection and administrative fees, as well as fines for specific violations of the Backflow Prevention and Control rules.

BACKGROUND:

Backflow is an undesirable reversal of water flow from a customer's service connection into the municipal water system. This reversal of water flow could be water or mixtures of water and other liquids, gases, or other substances into the distribution pipes of the City's potable supply of water. This can be caused by sudden loss of pressure due to a main break or other disruption in the City's water system.

Backflow prevention and control rules are necessary for the City to prevent contamination of the potable water supply. Backflow preventers that are not regularly tested and properly monitored add to the risk of backflow contamination. While plumbing code requires installation of backflow prevention devices, there is currently no mechanism to ensure that those devices are in good working order. This ordinance will ensure regular testing with results submitted to a central database. There has been at least one instance within Santa Fe when backflow preventers were bypassed on fire systems and drinking water was contaminated resulting in sickness.

The Water Division Backflow Prevention and Control Program will be defined by the proposed ordinance, and a supporting set of policies and procedures. These components together outline the responsibilities of the City's water customers, backflow prevention assembly testers, and backflow prevention assembly repair technicians to control and minimize the possibility of backflow contamination to Santa Fe's water supply.

CITY OF SANTA FE, NEW MEXICO

BILL NO. 2024-14

INTRODUCED BY:

Councilor Amanda Chavez

Councilor Alma Castro

A BILL

AMENDING SECTION 25-4.1, EXHIBIT A, RULE NUMBER 2 TO ADOPT NEW DEFINITIONS AND ADOPTING A NEW RULE NUMBER 7, IMPOSING REQUIREMENTS FOR BACKFLOW PREVENTION AND CONTROL FOR CERTAIN CUSTOMERS, IMPOSING FEES FOR ADMINISTERING THE PROGRAM, AND IMPOSING FINES FOR VIOLATIONS.

BE IT ORDAINED BY THE GOVERNING BODY OF THE CITY OF SANTA FE:

Section 1. Rule No. 2 of Exhibit A of Section 25-4.1 SFCC 1987 (being Ord. 2005-2, § 2) is amended to read:

2. DEFINITIONS AND EXPLANATIONS

The following definitions are applicable wherever these terms are used in these Rules and Regulations:

A. BACKFLOW – Reversal of water flow from a customer's service connection into the municipal water system with potentially undesirable consequences.

B. CERTIFIED BACKFLOW PREVENTION ASSEMBLY TESTER – A person the water

underscored material = new [bracketed material] = delete

utility approves to test backflow prevention assemblies within the municipal water system. Testers shall be equipped with and be competent to use all necessary tools and gauges required to properly conduct testing of backflow prevention assemblies.

C. CERTIFIED AND LICENSED BACKFLOW ASSEMBLY REPAIR TECHNICIAN – A person who is a certified backflow prevention assembly tester and licensed at a minimum as a journeyman plumber in accordance with the New Mexico Construction Industries Licensing Act, NMSA 1978, Sections 60-13-1 through 60-13-59.

[~~B CITY The water utility owned and operated by or on behalf of the city of Santa Fe, New Mexico, called the Sangre de Cristo Water Division and whose business office is at 801 West San Mateo, Santa Fe, New Mexico. Also known as the Santa Fe Municipal Water System.~~]

[~~B~~] D. CHRONICALLY DELINQUENT - The status of a customer who during the prior twelve (12) months has been disconnected by the [~~City~~] water utility for non-payment, or who during the prior twelve (12) months has not paid a bill by the date that a subsequent bill is rendered on three (3) or more occasions.

[~~C~~] E. COMMERCIAL SERVICE OR USE - The provision of or use of water for all types of establishments not otherwise classified as residential.

[~~D~~] F. CROSS-CONNECTION - Any physical connection or arrangement between two (2) otherwise separate piping systems, one of which contains potable water and the other of unknown or questionable safety, whereby water may flow from one system to the other, the direction of the flow depending on the pressure differential between the two (2) systems.

[~~E~~] G. CUSTOMER - Any person, firm, association, partnership or corporation, or any agency of the federal, state, or local government, being supplied with, and/or responsible for payment for, water services by the [~~City~~] water utility.

[~~F~~] H. DELINQUENT - The status of a bill rendered to a customer for utility service which remains unpaid 15 calendar days following the "due" date on the customer's utility bill.

[~~G~~] I. DISCONTINUANCE OF SERVICE - An intentional cessation of service by the [~~City~~] water utility which was not requested by a customer.

[~~H~~] J. ESTIMATED BILL - A bill for utility service which is not based on an actual reading of the customer's meter, or other measuring device, for the period billed.

[~~I~~] K. GOVERNING BODY - The Mayor and City Council of the city of Santa Fe as defined in subsection 2-1.1 SFCC 1987.

[~~J~~] L. POINT OF DELIVERY - The point of delivery shall be the point where the facilities of the [~~City~~] water utility connect to the facilities furnished by the customer.

[~~K~~] M. PRESSURE - The range of fifty (50) to one hundred twenty-five (125) pounds per square inch which can ordinarily be made available in the area contiguous to existing lines

[~~L~~] N. PRESSURE REGULATING DEVICE - A device that maintains a constant water pressure at its immediate downstream side which is less than the inlet pressure to the device, unless the pressure on the inlet side is lower than the pressure setting for the downstream side.

[~~M~~] O. Reserved.

[~~N~~] P. RATE SCHEDULE - A description of the charges, conditions of services and other similar information associated with the provision of water service to a given class or type of customer.

[~~O~~] Q. RECONNECTION CHARGE - A charge made by the [~~City~~] water utility at the time application is made for reconnection of water service at a place where water service has been previously disconnected.

[~~P~~] R. Reserved.

[~~Q~~] S. RESIDENTIAL SERVICE OR USE - The provision of or use of water for household or domestic purposes, and as further described in Rule 3, Exhibit A of Chapter XXV SFCC 1987.

[~~R~~] T. SERVICE LINE - The pipe connection from a distribution water main to the water meter.

[~~S~~] U. SPECIAL SERVICE - A service provided to a customer by the [~~City~~] water utility which is not subject to a rate schedule.

[~~T~~] V. UTILITY CHARGES - The billing or charges for the provision of utility service and other charges authorized by the governing body pursuant to approved rates.

[~~U~~] W. WATER PRESSURE - The gauge pressure of water within a pipe measured in pounds per square inch above atmospheric pressure and abbreviated herein as "pounds."

[~~V~~] X. WATER SERVICE - The general term for furnishing the customer with water.

Y. WATER UTILITY - The water utility owned and operated by or on behalf of the city of Santa Fe, New Mexico, also known as the Santa Fe Municipal Water System.

Section 2. [NEW MATERIAL] A new Rule No. 7 of Exhibit A of Section 25-4.1, SFCC 1987 (being Ord. 2011-13) is ordained to read:

7. BACKFLOW PREVENTION AND CONTROL.

A. APPLICABILITY.

Compliance with this Ordinance, Backflow Prevention and Control, Rule No. 7, located in Exhibit A of Section 25-4.1 SFCC 1987, is required for water service from the municipal water system.

B. BACKFLOW PREVENTION AND CONTROL.

1. The water utility follows the Uniform Plumbing Code (UPC) for standards of backflow prevention and control.

2. To the extent the UPC is silent, the standards from University of Southern California Manual of Cross Connection Control (USC Manual), 10th Edition apply .

C. RESPONSIBILITY.

Customers, backflow prevention assembly testers, and backflow assembly repair technicians shall comply with the requirements below:

1. *Customer*. Customers shall prevent entry of contaminants, pollutants, or water from sources other than the municipal water system into the municipal water system. Methods for prevention include, but are not

limited to, installing and maintaining backflow prevention assemblies. Any customer using a fire hydrant for water use must have an air-gap or approved backflow prevention assembly.

2. *Owners.* All owners of a water service connection serving a commercial use, a fire service, an irrigation system, a service larger than two inches, or the connection is a service where a secondary source of water (e.g., a well) is present are required to install a backflow prevention assembly to protect the municipal water supply. In addition, any domestic service two inches or smaller which in the judgement of the Public Utilities Department Director represents a health, a safety, or a functional hazard to the water system will also be required to install a backflow prevention assembly. Owners of a backflow prevention assembly shall obtain a field test on the assembly upon installation, repair, and at least once per year thereafter and report the test results to the water utility. The owner is responsible for the cost and scheduling of field testing of the backflow prevention assembly. The owner shall install, repair or replace the backflow prevention assembly at the owner's expense and as necessary to comply with requirements of this Ordinance. The UPC and USC manual govern the location, type, and testing requirements for the backflow prevention assembly.

3. *Certified Backflow Prevention Assembly Tester*. Certified backflow prevention assembly testers shall inspect and test backflow prevention assemblies for compliance with this ordinance. Testers shall complete and submit accurate and timely reports to the water utility and customer, including any cross-connections and deficiencies associated with an

existing backflow prevention assembly within the customer's water system.

4. *Certified and Licensed Backflow Prevention Assembly Repair Technician*. Certified backflow prevention assembly repair technicians shall, in addition to all duties listed in subparagraph (C)(3) above, repair backflow prevention assemblies consistent with this ordinance and without changing the design, material, or operational characteristics of a backflow prevention assembly without prior approval of the water utility.

D. FFES, CHARGES, AND FINES.

1. *Site Survey or Inspection Fee*. Customers requiring a site survey or inspection of backflow-related infrastructure shall pay a fee of one hundred dollars ($100.00).

2. *Backflow Control Administrative Fee*. Customers whose service connection(s) require(s) backflow control, as described in subparagraph (C)(1) above, shall pay an annual administrative fee of fifty dollars ($50.00), which the water utility shall assess on its water bill for each service connection requiring backflow control. The backflow administrative charge will increase by ten dollars ($10.00) each decade starting in 2030.

3. *Ordinance Violation Fine.* Failure to comply with provisions and requirements of this ordinance or willful removal or bypass of any infrastructure required under this ordinance without prior approval of the water utility is subject to the general penalty under Section 1-3, SFCC 1987 per violation. Each violation shall constitute a separate offense. A customer contesting a violation may follow the procedures under Exhibit

A, Rule 22. Violations to this ordinance include but are not limited to:

a. Failure to test and submit results for each required backflow prevention assembly.

b. Falsifying records required to be submitted by this ordinance.

c. Removal, bypass, or shutoff of any required backflow prevention assembly.

d. Failure to use an airgap or approved backflow prevention assembly at a fire hydrant.

4. *Payment*. All fees and charges shall be added to the water bill for the account associated with the point of delivery where the violation occurs.

5. *Responsibility of Payment, Liens and Deposit*. The customer shall pay the fees and charges included in this ordinance in accordance with Section 15-1.5, SFCC 1987.

E. GROUNDS FOR TERMINATION OF WATER SERVICE.

1. Notwithstanding any other provision of this Rule, in the event the Public Utilities Department Director determines that a system hazard exists due to a cross-connection, the water utility has the right to immediately terminate water service to the customer's premises. The water utility shall notify the customer of any water service termination to the premises and of the system hazard on the premises. The water utility shall not restore water service to the premises until the customer has controlled or eliminated the system hazard to the satisfaction of the Public Utilities Department Director.

2. In addition to the fees listed in subsection (D)(3) above, failure to install required infrastructure or abide by requirements as directed in the UPC or

the Backflow Prevention and Control Program's policies and procedures, may, with Public Utilities Department Director approval, constitute grounds for termination of water service to the premises. Service shall not be restored until such conditions or defects are corrected. If water service is terminated for any of these reasons, a turn-off and turn-on water service fee will be assessed to the customer as per Rule No. 9 of Exhibit A, Chapter 25 SFCC 1987, as it may be amended.

3. The water utility may terminate water service for non-payment of the fees included in this ordinance in accordance with Rule No. 9 of Exhibit A, Chapter 25 SFCC 1987, as it may be amended.

F. SEVERABILITY CLAUSE.

If any section, paragraph, sentence, clause, word or phrase of this ordinance is for any reason held to be invalid or unenforceable by any court of competent jurisdiction, such decision shall not affect the validity of the remaining provisions of this ordinance. The governing body declares that it would have passed this ordinance and each section, paragraph, sentence, clause, word or phrase thereof irrespective of any provision being declared unconstitutional or otherwise invalid.

G. EFFECTIVE DATE.

This ordinance shall be effective 30 days after t the ordinance's adoption date.

Reviewed by Finance Director: ANDREA PHILLIPS (Jan 22, 2026 12:55:01 MST) **Date:** 01/22/2026

Summary:
The proposed bill amends Exhibit A of Section 25-4.1 SFCC 1987, to update definitions, create a new rule Number 7, and directs the City of Santa Fe's Water Division to adopt backflow prevention and control rules from the *Uniform Plumbing Code* and University of California's *Manual of Cross-Section Control*. The bill also establishes inspection and administrative fees, as well as fines for inspection and administrative as well as for violations of the rules established in the bill. These measures are best practices for water utilities and are necessary to prevent potential contamination to the city's potable water supply.

Departments Affected:
Public Works Department, Facilities Division, and Parks and Open Space Division.
Public Utilities Department, Water Division

Consequences of Not Enacting Legislation:
If this legislation is not adopted, there remains an unacceptably high risk of backflow contamination into the city's potable supply of water.

Conflict, Duplication, Companionship, or Relationship to Other Legislation:
This legislation compliments SFCC 1987, Sections 14-8.4(a) and Exhibit A, Rule 8 of Chapter 25 of SFCC 1987, all of which require backflow prevention but do not have a mechanism for enforcement or to ensure devices are in good working order.

Performance and Administrative Implications:
This bill would require additional administrative costs to City's Utility's Department.

Fiscal Implications:
For the Public Works Department, there will be costs associated with using a third party to do backflow testing, estimated at $15,720 per year. For the Public Utitlites Department, there will be costs to implement the backflow prevention and control program, including staff and software which are estimated at $125,000

per year in 2026, and revenue from fees and fines estimated at $85,000 per year in 2026. Net cost to the City of approximately $55,720 per year in 2026

Fiscal Impact

_____ Check here if no fiscal impact

Expenditures: Public Works Department

Expenditure Type	FYE '26	FYE '27	FYE '28	Require BAR (Y/N)	Recurring (R) or Non-recurring (NR)	Fund	3-Year Total Cost
Personnel and Benefits*	$	$	$				
Capital Outlay	$	$	$				
Contractual/ Professional Services	$ 15,720	$15,720	$15,720				
Operating	$ 6,550	$6,550	$6,550				$19,650
Total:	$22,270	$22,270	$22,270				$66,810

* This includes all staff time associated with executing the job functions of the proposed legislation.

Expenditure Narrative:
These numbers represent one hundred thirty-one (131) City-owned backflow devices (104 irrigation, 27 buildings) at an assumed cost of $120 per backflow device per year, plus a $50 administrative fee is $6,550 total. Training costs an average $1000 plus an estimated 130 hours per year of staff time if public works decides not to go with third party tester. Additional new budget will need to be required to absorb these costs.

Memorandum

Date: January 22, 2026

To: Governing Body, Public Works and Utilities Committee, and Finance Committee

From: Carol Swenson, Public Works Business Operations Manager

Via: Sam Burnett, Interim Public Works Director

RE: Authorizing Representatives and Agents for NMED Agreement 25-J2459-GF

EXECUTIVE SUMMARY:

This Resolution designates authorized representatives and agents for an agreement with New Mexico Environment Department (NMED) regarding Agreement SAP 25-J2459-GF ("Grant Agreement"). The Agreement makes available one hundred thousand dollars ($100,000), appropriated by the New Mexico State Legislature for a project to plan, design, and construct a wastewater treatment facility in Santa Fe.

BACKGROUND:

NMED, through Article XI.B.(e) of the Grant Agreement, requires that the City of Santa Fe ("City") as the grantee, agree that the "governing body has duly adopted or passed as an official act a resolution, motion, or similar action authorizing the person identified as the official representative of the Grantee to sign the Agreement and to sign and submit Requests for Payment on behalf of the Grantee". Adoption of this Resolution will satisfy this requirement and allow the City to enter into the Grant Agreement. The Grant Agreement will be presented to the Governing Body in an action separate from this Resolution; and this Resolution will not be implicated if the Governing Body does not later approve the grant agreement.

CITY OF SANTA FE, NEW MEXICO

RESOLUTION NO. 2026-__

INTRODUCED BY:

Councilor Amanda Chavez

A RESOLUTION

AUTHORIZING CITY OF SANTA FE REPRESENTATIVES AND AGENTS TO SIGN AGREEMENTS AND REQUESTS FOR PAYMENT REGARDING NEW MEXICO ENVIRONMENT DEPARTMENT, FOR GRANT AGREEMENT NUMBER SAP 25-J2459-GF TO PLAN, DESIGN, AND CONSTRUCT A WASTEWATER TREATMENT FACILITY.

WHEREAS, in the Laws of 2025, Chapter 159, Section 28, Subsection 108, the Legislature made an appropriation to the New Mexico Environment Department ("NMED"), for funds from which NMED is making available to the City of Santa Fe ("Grantee" or "City") through Grant Agreement number SAP 25-J2459-GF ("Agreement"), incorporated as Attachment A, in the amount of one hundred thousand dollars ($100,000), to plan, design, and construct a wastewater treatment facility in the city of Santa Fe, in Santa Fe County (the "project"); and

WHEREAS, Article XI(B)(e) of the Agreement states that the "Grantee's governing body has duly adopted or passed as an official act a resolution, motion, or

similar action authorizing the person identified as the official representative of the Grantee to sign and submit Requests for Payment on behalf of Grantee" and adopting this resolution will satisfy this requirement.

NOW, THEREFORE, BE IT RESOLVED BY THE GOVERNING BODY OF THE CITY OF SANTA FE that the following provisions shall apply to the Agreement:

A. The person listed below, or their successor, is the Grantee's official representative authorized to sign the Agreement:

Grantee: City of Santa Fe
Name: David Chapman
Title: Grants Administrator
Address: PO Box 909
Santa Fe, NM 87504-0909
Email: dachapman@santafenm.gov
Telephone: (505) 955-6251

B. The person listed below, or their successor, is the Grantee's Fiscal Office or Fiscal Agent concerning reviewing and signing Requests for Payments for permissible expenditures:

Grantee: City of Santa Fe
Name: Erika Lujan
Title: Grant Manager
Address: 200 Lincoln Avenue
Santa Fe, NM 87051
Email: evlujan@santafenm.gov
Telephone: (505) 479-1334

MARCOS MARTÍNEZ, INTERIM CITY ATTORNEY

Legislation/2026/Resolutions/SAP 25-J2459-GF – Authorizing of Signatories and Agents

EXHIBIT A

NEW MEXICO CAPITAL OUTLAY GRANT AGREEMENT
CAPITAL APPROPRIATION PROJECT

THIS AGREEMENT is made and entered into by and between the State of New Mexico, New Mexico Environment Department, ("**Department**") and City of Santa Fe, ("**Grantee**") (individually "**Party**" and collectively "**Parties**"). This Agreement shall be effective as of the date the Department executes it ("**Effective Date**").

WITNESSETH

WHEREAS, in the Laws of 2025, Chapter 159, Section 28, Subsection 108, the Legislature made an appropriation to the Department, funds from which the Department is making available to the Grantee pursuant to this Agreement; and

WHEREAS, the Department is granting to Grantee, and the Grantee is accepting the grant of funds from this appropriation, in accordance with the terms and conditions of this Agreement;

NOW, THEREFORE, in consideration of the mutual covenants and obligations contained herein, the parties hereby mutually agree as follows:

AGREEMENT

I. PROJECT DESCRIPTION, GRANT AMOUNT, AND REVERSION

A. SAP 25-J2459-GF ("**Project**") **June 30, 2029** ("**Reversion Date**"). Laws of 2025, Chapter 159, Section 28, Subsection 108, One Hundred Thousand Dollars, ($100,000.00), to plan, design and construct a wastewater treatment facility in Santa Fe in Santa Fe county;.

B. Grantee's total reimbursements shall not exceed One Hundred Thousand Dollars $100,000.00 ("**Appropriation Amount**") minus the allocation for Art in Public Places ("**AIPP amount**"), if applicable, No Dollars, $0.00, which equals One Hundred Thousand Dollars, $100,000.00 ("**Adjusted Appropriation Amount**").

C. In the event of a conflict among the Appropriation Amount, the Reversion Date, as defined herein and/or the purpose of the Project, as set forth in this Agreement, and the corresponding appropriation language in the laws cited above in this Article I, the language of the laws cited herein shall control.

The information contained in Article I is referred to collectively as the "**Project Description**."

II. DISBURSEMENT LIMITATION

A. Upon the Effective Date, the Grantee shall submit to the Department a comprehensive procurement plan and expenditure plan, detailing a Project timeline with milestones, required procurements, and identifying expected expenditures per milestone (collectively, "**Project Budget**"). The Department shall review and approve the Project Budget by approving a Notice of Department's Obligation ("**Notice of Obligation**"), in accordance with the Project Description, a sample of which is attached hereto as **Exhibit B** and incorporated herein by reference. After receipt of approved Notice of Obligation, the Grantee may be reimbursed for allowable costs up to the Adjusted Appropriation Amount. This Agreement and any reimbursements up to the Adjusted Appropriation Amount are expressly conditioned upon the following:

a. Irrespective of any Notice of Obligation, Grantee's expenditures shall be made in accordance with the Project Budget, on or before the Reversion Date and/or, if applicable, any Early Termination Date; and

b. The total amount received by Grantee shall not exceed the lesser of:
    i. the Adjusted Appropriation Amount identified in Article I (B) herein; or
    ii. the total of all amounts stated in the Notice(s) of Obligation evidencing the Department has received and accepted Grantee's Third Party Obligation(s); and
c. Grantee's expenditures are made and accounted for pursuant to the State Procurement Code, State's Model Accounting Practices, and execution of binding written obligations or purchase orders with third-party contractors or vendors for the provision of services, including professional services, or the purchase of tangible personal property and real property for the Project ("**Third Party Obligations**"); and
d. Grantee's submittal of timely Requests for Payment and supporting documentation in accordance with the procedures set forth in this Agreement; and
e. In the event capital assets acquired with Project funds are to be sold, leased, or licensed to or operated by a private entity, the sale, lease, license, or operating agreement:
    i. must be approved by the applicable oversight entity (if any) in accordance with §§ 13-6-2, 13-6-2.1, and 13-6-3; or
    ii. If no oversight entity is required to approve the transaction, the Department of Finance and Administration's Infrastructure Planning Development Division (IPDD) must approve it as complying with the law.

B. Prior to the sale, lease, license, or operating agreement being approved pursuant to Articles II(A)(e) (i) or (ii) herein, the Department may, in its sole and absolute discretion, unless inconsistent with State Board of Finance imposed conditions, reimburse Grantee for necessary expenditures incurred to develop the Project sufficiently to make the sale, lease, license, or operating agreement commercially feasible, limited to planning and design expenditures; and

C. Grantee's submission of documentation of all Third Party Obligations and amendments thereto (including terminations) to the Department and the Department's issuance of a Notice of Obligation for a particular amount in accordance with the terms of this Agreement shall be governed by the following:

a. Grantee is authorized to budget the particular amount set forth in the Notice of Obligation, execute the Third Party Obligation, and request the Third Party to begin work after issuance of a Notice of Obligation by the Department.
b. Grantee acknowledges and agrees that any Third Party Obligations agreed to prior to receiving a Notice of Obligation are its sole responsibility.
c. Grantee shall submit to the Department one copy of all Third Party Obligations and amendments thereto (including terminations) as soon as possible after execution by the Third Party but prior to execution by the Grantee.
d. Department may, in its sole and absolute discretion, issue a Notice of Obligation for the particular amount of a Third Party Obligation that only obligates the Department to reimburse Grantee's expenditures made on or before the Reversion Date or an Early Termination Date. The current Notice of Obligation form is incorporated herein and attached hereto as **Exhibit B**.

D. Grantee shall provide all necessary qualified personnel, materials, and facilities to implement the Project. The Grantee shall finance its share (if any) of the costs of the Project, including all Project overruns.

E. Prior to entering into this Agreement, the Department conducted a risk assessment on the Grantee and a project readiness review for the Project. In accordance with State Model Accounting Practices, FIN 9.2, if the Department determines that the expenditure of Project funds by the Grantee requires special conditions, those conditions are identified and listed in **Exhibit C**, which is attached and incorporated by reference. The Parties agree that, to the extent the Department, in its sole and absolute discretion, determines additional special conditions are necessary or that existing special conditions are no longer

required, it may update **Exhibit C** from time to time without the need for a formal amendment of this Agreement.

F. Project funds shall not be used for purposes other than those authorized by the Department in accordance with the Project Description.

G. Project funds cannot be used to reimburse the Grantee for indirect Project costs unless specifically allowed by law.

III. NOTICES

The following provisions shall apply whenever written notices, including written decisions, are to be given or received related to this Agreement.

A. The Grantee designates the person(s) listed below, or their successor, as their official representative(s) concerning all matters related to this Agreement:

Grantee: City of Santa Fe
Name: David Chapman
Title: Grants Administrator
Address: PO Box 909 Santa Fe, NM 87504
Email: dachapman@santafenm.gov
Telephone: 505-955-6251

B. The Grantee designates the person(s) listed below, or their successor, as their Fiscal Officer or Fiscal Agent concerning all matters related to this Agreement:

Grantee: City of Santa Fe
Name: Erika Lujan
Title: Grant Manager
Address: PO Box 909 Santa Fe, NM 87504
Email: evlujan@santafenm.gov
Telephone: 505-479-1334

C. The Department designates the persons listed below, or their successors, as the Points of Contact for matters related to this Agreement.

Environment Department
Name: Roy Hubbard
Program Administrator
NMENV-cpbsap@state.nm.us or roy.hubbard@env.nm.gov
Telephone: 505-670-3615

Environment Department
Name: Andrea Telmo
Project Manager
Email: andrea.telmo@env.nm.gov
Telephone: 505-618-0484

Environment Department

Sara Rhoton
Technical Section Manager
Sara.rhoton@env.nm.gov
Telephone: 505-469-2687

The Parties agree that all notices, including written decisions, related to this Agreement shall be sent to the persons named above by email or regular mail. For mailings, notices shall be deemed to have been given and received upon the date of the receiving party's actual receipt or five (5) calendar days after mailing, whichever shall first occur. In the case of email transmissions, the notice shall be deemed to have been given and received on the date reflected on the delivery receipt of the email.

IV. TERM & DEADLINE TO EXPEND FUNDS

A. The term of this Agreement shall begin on the Effective Date and terminate on the 30th day of June during the calendar year of the Reversion Date unless Terminated Before Reversion Date ("**Early Termination**") pursuant to Article V herein (collectively "**Term**").

B. The Project's funds must be expended on or before the Reversion Date and, if applicable, the Early Termination Date of this Agreement.

   a. For purposes of this Agreement, it is not sufficient for the Grantee to encumber the Project funds on its books on or before the Reversion Date or Early Termination Date.
   b. For purposes of this Agreement, an expenditure of funds has occurred on the date the particular quantity of goods is delivered to and received by the Grantee, title to the goods is transferred to the Grantee, and/or as of the date particular services are rendered to and accepted by the Grantee.
   c. For purposes of this Agreement, an encumbrance of funds pursuant to a contract or purchase order with a third party does not qualify as an expenditure.

V. EARLY TERMINATION

A. General Provision. The Department may terminate this Agreement before the Reversion Date based on the Completion of the Project, Complete Expenditure of the Adjusted Appropriation, and/or Violation of this Agreement. Early Termination hereunder includes:

   a. Termination due to completion of the Project before the Reversion Date;
   b. Termination due to complete expenditure of the Adjusted Appropriation Amount before the Reversion Date;
   c. Termination for violation of the terms of this Agreement; or
   d. Termination for suspected mishandling of public funds, including but not limited to fraud, waste, abuse, and conflicts of interest.

B. Non-appropriation. This Agreement is expressly contingent upon the New Mexico State Legislature making sufficient appropriations and authorizations for the Project Description.

   a. If the Legislature does not appropriate the Appropriation Amount, this Agreement shall terminate upon the Department giving the Grantee written notice of such termination. Such termination shall be effective as of the effective date of the law making the non-appropriation.
      i. The Department's decision as to whether sufficient appropriations or authorizations are available shall be final. Grantee hereby waives any rights to assert an impairment of

contract claim against the State of New Mexico in the event of Early Termination of this Agreement.

b. As used herein, “non-appropriate” or “non-appropriation” includes the following actions by the New Mexico Legislature:
    i. Deauthorization, reauthorization, or revocation of a prior authorization.

C. Grant Disbursements in the Event of Early Termination. In the event of Early Termination, the Department’s sole and absolute obligation to reimburse the Grantee is expressly conditioned upon the limitations set forth in Article II above.

D. Notice. Either Party may terminate this Agreement prior to the Reversion Date by providing the other Party with a minimum of fifteen (15) days advance written notice of the Early Termination. Grantee hereby waives any rights to assert an impairment of contract claim against the State of New Mexico in the event of Early Termination of this Agreement by the Department.

VI. SUSPENSION OF NEW OR FURTHER OBLIGATIONS

A. Department, in its sole and absolute discretion, may provide written notice to Grantee to suspend entering into further obligations. Upon the receipt of such written notice by the Grantee:

a. Grantee shall immediately suspend entering into new or further written obligations with third parties;
b. Department will suspend the issuance of any new or further Notice of Obligation under this Agreement; and
c. Department may direct the Grantee to implement a corrective action plan in accordance with Article VI (D) herein.

B. In the event of Suspension of this Agreement, the Department’s sole and absolute obligation to reimburse the Grantee is expressly conditioned upon the limitations set forth in Article II herein.

C. A suspension of new or further obligations under this Agreement shall remain in effect unless or until the date the Grantee receives written notice given by the Department informing the Grantee that the Suspension has been lifted or that the Agreement has been Early Terminated in accordance with Article V herein. If the Suspension is lifted, the Department will consider further requests for a Notice of Obligation.

D. Corrective Action Plan in the Event of Suspension. Where the Department, in its sole and absolute discretion, directs Grantee to suspend entering into new or further written obligations with third parties pursuant to Article VI(A), the Department may, but is not obligated to, require the Grantee to develop and implement a written corrective action plan to remedy the grounds for the Suspension.

a. Such a corrective action plan must be approved by the Department and be signed by the Grantee.
b. Failure to sign a corrective action plan or meet the terms and deadlines set forth in the signed corrective action plan is hereby deemed a violation of the terms of this Agreement for purposes of Early Termination, Article V(A)(c).
c. A corrective action plan shall be in addition to, and not in lieu of, any other equitable or legal remedy authorized hereunder or at law, including but not limited to Early Termination.

VII. AMENDMENTS

Unless expressly stated otherwise herein, this Agreement shall not be altered, changed, or amended except by an instrument in writing duly executed by both parties hereto with the same formalities as this agreement.

VIII. REPORTING

A. Database Reporting

a. Grantee shall provide the Department with quarterly reports of Project activity, entering the required Project information directly into a database required by the Department.
b. Additionally, Grantee shall certify on each Request for Payment form, attached hereto as **Exhibit A** and incorporated herein, that all information provided in the database is true and accurate, updates to the database have been maintained, and all Project activity complies with applicable law and the terms of this Agreement.
c. Grantee hereby acknowledges that failure to perform and/or certify updates to the database will jeopardize the reimbursement of funds. The Department shall give Grantee a minimum of fourteen (14) days' advance written notice of any changes to the information the Grantee is required to report.
d. At the Department's discretion, all reports required hereunder may be directed to and facilitated through an electronic database.
e. Quarterly reports shall be due on the last day of the month, that is, 30 days prior to the end of the quarter following the execution of this Agreement by the Department and ending during the quarter of the submission of the final request for reimbursement for the Project, or the following quarter.

B. Requests for Additional Information/Project Inspection

During the term of this Agreement and during the period of time during which the Grantee must maintain records pursuant to Article VIII, the Department may:

i. request such additional information regarding the Project as it deems necessary; and
ii. conduct, at reasonable times and upon reasonable notice, onsite inspections of the Project.

Grantee shall respond to such requests for additional information within a reasonable period of time, as established by the Department.

B. Requests for Additional Information/Project Inspection

a. During the term of this Agreement and the Record Retention Period, the Department may:
    i. Request additional information regarding the Project as it deems necessary and
    ii. Conduct on-site inspections of the Project at reasonable times and upon reasonable notice.
b. Grantee shall respond to such requests for additional information within the time established by the Department.

IX. REQUEST FOR PAYMENT PROCEDURES

A. Grantee shall request payment by submitting the form attached hereto as **Exhibit A**. Payment requests are subject to the following procedures:

a. Each Request for Payment must be in accordance with the Project Budget and contain proof of payment by the Grantee or liabilities incurred by the Grantee.
    i. Proof of payment must demonstrate the validity of an expenditure or liabilities incurred by Grantee.

ii. However, Grantee may be reimbursed for unpaid liabilities only if the Department, in its sole and absolute discretion, agrees to do so and in accordance with any special conditions imposed by the Department.
iii. The Grantee shall make payment to those contractors or vendors within five (5) business days from the date of receiving reimbursement from the Department or in a shorter period than the Department may prescribe in writing.
iv. The Department reserves the right to make such payments directly to the contractors or vendors as a special condition under this Agreement.
v. The Grantee is required to certify to the Department proof of payment to the third-party contractor or vendor within five (5) business days from the date the Department reimburses the Grantee.

B. Until the Project is fully planned, designed, and all necessary procurements identified in the Project Budget are completed, Grantee's reimbursements will be limited to the planning, design, and procurement costs outlined in the Project Budget. Once the planning, designing, and procuring stages are complete, the Grantee must obligate at least ten percent (10%) of the Adjusted Appropriation Amount within one (1) year and must have utilized at least eighty-five percent (85%) of the Adjusted Appropriation Amount six (6) months before the reversion date.

C. Deadlines. Grantee shall submit requests for Payments to the Department on the earlier of:

a. Immediately as Grantee receives them, but at a maximum of thirty (30) days from when Grantee incurred the expenditure or liability; or
b. Twenty (20) days from the date of Early Termination or Reversion Date for expenditures or liabilities incurred before the Early Termination date or Reversion Date.

D. Grantee's failure to abide by the requirements set forth in Article II and Article IX herein may result in the denial of its Request for Payment. Department reserves the right to reject a payment request for the Project unless and until it is satisfied that the expenditures or liabilities are for permissible purposes within the meaning of the Project Description, identified within the Project Budget, and that the Grantee is otherwise in compliance with this Agreement.

a. Department's authority to reject any Request for Payment is in addition to, and not in lieu of, any other legal or equitable remedy available to the Department under this Agreement, at law, or in equity.

X. PROJECT CONDITIONS AND RESTRICTIONS

A. The following general conditions and restrictions shall apply to the Project:

a. The Project's funds must be spent in accordance with all applicable state laws, regulations, policies, and guidelines, including, but not limited to, the State Procurement Code.
b. The Project's expenditures and liabilities must be accounted for in accordance with the State's Model Accounting Practices, as amended from time to time.
c. The Project must be implemented in accordance with the New Mexico Public Works Minimum Wage Act, Section 13-4-10 through 13-4-17 NMSA 1978, as applicable.
d. The Project must provide a public benefit above and beyond any incidental benefit to private entities in accordance with applicable law, including, but not limited to, Article IX, Section 14 of the Constitution of the State of New Mexico.

e. Without prior written approval from the Department and State Board of Finance, for the useful life of any asset purchased under this Agreement, Grantee shall not convert any property acquired, built, renovated, repaired, designed, or developed with Project funds to uses other than those specified in the Project Description.
    i. In addition to other remedies available at law or in equity, any disposal or conversion of property acquired, built, renovated, repaired, designed, or developed with Project funds without the Department's and the Board of Finance's express written approval will trigger the Department's right to reimbursement from Grantee of the Appropriated Amount, transfer proceeds from any disposition of property to the State, or otherwise provide consideration to the State for the Appropriated Amounts.
f. Grantee shall comply with all applicable federal and state laws, rules, and regulations pertaining to civil rights and equal employment opportunity.
    i. In accordance with all such laws, rules, and regulations, the Grantee agrees to assure that no person shall, on the grounds of race, color, national origin, sex, sexual preference, age, or handicap, be excluded from participation in the Project, use of the Project, employment with Grantee, or otherwise be denied benefits/subject to discrimination for any activity performed under this Agreement.
g. Where the Department, in its sole and absolute discretion, determines Grantee has failed to comply with the above conditions and restriction, Grantee agrees to take appropriate steps to correct any deficiencies immediately. The Grantee's failure to implement such appropriate steps within a reasonable time, but no longer than thirty (30) days after notice from the Department, constitutes a breach of this Agreement and grounds for Early Termination.

XI. REPRESENTATIONS AND WARRANTIES

A. Reliance by Department.
    a. Grantee expressly acknowledges that the Department relies on the representations and warranties made by Grantee in this Agreement. Grantee acknowledges that such representations and warranties are a material inducement for the Department to enter into this Agreement and provide the Appropriated Amount.
    b. Grantee shall ensure all representations and warranties provided herein are true, accurate, and complete as of the date of the Effective Date and shall remain so throughout the Term of this Agreement. Grantee is responsible for promptly notifying the Department in writing of any changes or inaccuracies in the representations and warranties contained herein.

B. Grantee hereby represents and warrants the following:

    a. Grantee has taken all necessary steps to attain the legal authority to receive and expend the Project's funds.
    b. Grantee has duly authorized this Agreement, and the person executing it has authority to do so. Once executed by Grantee, this Agreement shall constitute a binding obligation of Grantee, enforceable according to its terms.
    c. Grantee's obligations hereunder do not conflict with any law, ordinance, or resolution applicable to Grantee, Grantee's charter (if applicable), or any judgment or decree to which Grantee is subject.
    d. Grantee has independently confirmed that the Project Description, including, but not limited to, the Appropriated Amount and Reversion Date, is consistent with the underlying appropriation in law.
    e. Grantee's governing body has duly adopted or passed as an official act a resolution, motion, or similar action authorizing the person identified as the official representative of the Grantee to sign and submit Requests for Payment on behalf of Grantee.

f. Grantee will abide by New Mexico laws regarding conflicts of interest, governmental conduct, and whistleblower protection.
    i. Grantee agrees explicitly none of its officers or employees or its designees or agents, no member of the governing body, and no other public official of Grantee who exercises any function or responsibility with respect to this Agreement, shall have any interest, direct or indirect, in any contract or subcontract, or the proceeds thereof, for the Project.
    ii. Further, Grantee will require all of its contractors to incorporate the language set forth in this paragraph prohibiting conflicts of interest in all subcontracts.
g. No funds have been paid or will be paid, by or on behalf of the Grantee, to any person for influencing or attempting to influence an officer or employee of the State, any agency, or body in connection with the awarding of any Third Party Obligation.
    i. Grantee will require certifying language prohibiting lobbying to be included in the award documents for all subawards, including subcontracts, loans, and cooperative agreements.

C. Consequences of False or Misleading Representations. If any representation or warranty made by Grantee is found to be false or misleading, the Department shall have the right to exercise any or all of the following remedies:

a. **Termination of Agreement:** Department may terminate this Agreement immediately upon written notice to the Grantee.
b. **Repayment of Grant Funds:** Grantee shall repay all Appropriated Amounts disbursed under this Agreement, upon demand by the Department.
c. **Other Remedies:** Department may pursue any other remedies available at law or in equity.

D. Survival of Representations and Warranties. The representations and warranties made by the Grantee shall survive the Early Termination or expiration of this Agreement.

XII. PROJECT RECORDS

A. Grantee shall be strictly accountable for receipts and disbursements relating to the Project's funds. The Grantee shall follow generally accepted accounting principles and the State's Model Accounting Practices and, if feasible, maintain a separate bank account or fund with a separate organizational code to ensure separate budgeting and accounting of the funds.

B. For six (6) years following the Project's completion ("**Record Retention Period**"), Grantee shall maintain all Project-related records, including, but not limited to, all financial records, requests for proposals, invitations to bid, selection and award criteria, contracts and subcontracts, advertisements, minutes of pertinent meetings, as well as records sufficient to fully account for the amount and disposition of the Appropriated Amount from all sources budgeted for the Project, the purpose for which such funds were used, and such other records as the Department may prescribe.

C. Grantee shall make all Project records available to the Department, the Department's Independent Public Accountant, and the New Mexico State Auditor upon request. With respect to the funds that are the subject of this Agreement, if the State Auditor or the Department finds any funds were improperly expended, Grantee shall be required to reimburse the State all amounts found to be improperly expended.

XIII. IMPROPERLY REIMBURSED FUNDS

If the Department determines part or all of the Appropriation Amount was improperly reimbursed to Grantee, including but not limited to funds reimbursed to Grantee based upon fraud, mismanagement, misrepresentation,

misuse, violation of law by the Grantee, after ten (10) days' notice to Grantee and the opportunity to return such funds to the Department, the Department may offset any funds due to Grantee from the State, until the Appropriation Amount is fully repaid.

XIV. LIABILITY

Neither Party shall be responsible for liability incurred as a result of the other Party's acts or omissions in connection with this Agreement. Any liability incurred in connection with this Agreement is subject to immunities and limitations of the New Mexico Tort Claims Act.

XV. SCOPE OF AGREEMENT

This Agreement constitutes the entire and exclusive agreement between the Parties concerning the subject matter hereof. The Agreement supersedes all prior or contemporaneous agreements, understandings, discussions, communications, and representations, written or verbal.

XVI. REQUIRED NON-APPROPRIATIONS CLAUSE

A. Grantee acknowledges and agrees to include a "non-appropriations" clause in all contracts between it and other parties that are (i) funded in whole or part by funds made available under this Agreement and (ii) entered into after the effective date of this Agreement that states:

   a. "The terms of this Agreement are contingent upon sufficient appropriations and authorization being made by the Legislature of the State of New Mexico ("**Legislature**") for the performance of this Agreement.
   b. If the Legislature does not make sufficient appropriations and authorization, [Grantee's name] may immediately terminate this Agreement by giving Contractor written notice of such termination.
   c. [Grantee's name]'s decision as to whether sufficient appropriations are available shall be final and accepted by the Contractor. Contractor hereby waives any rights to assert an impairment of contract claim against the [Grantee's name] or the State of New Mexico in the event of immediate or Early Termination of this Agreement by the [Grantee's name] or the State Department of Finance and Administration."

XVII. REQUIRED TERMINATION CLAUSE

A. Grantee acknowledges and agrees to include the following termination clause in all contracts that are (i) funded in whole or part by funds made available under this Agreement and (ii) entered into after the effective date of this Agreement:

   a. "This contract is funded in whole or in part by funds made available by the State of New Mexico ("**State**"). Should the State terminate its Agreement with [Grantee's name], [Grantee's name] may terminate this contract immediately by providing Contractor written notice of such termination.
   b. In the event of termination pursuant to this paragraph, [Grantee's name] only liability to Contractor shall be for goods and services delivered and accepted prior to the termination date."

XVIII. COMPLIANCE WITH UNIFORM FUNDING CRITERIA

A. Throughout the term of this Agreement, Grantee shall:

   a. Submit all reports of annual audits and agreed-upon procedures required by § 12-6-3(A)-(B), NMSA 1978 by the due dates established in § 2.2.2 NMAC, reports of which must be a public

record pursuant to § 12-6-5(A), NMSA 1978 within forty-five (45) days of delivery to the State Auditor;
b. Have a duly adopted budget for the current fiscal year approved by its budgetary oversight agency (if any);
c. Timely submit all required financial reports to its budgetary oversight agency (if any); and
d. Use accounting methods and procedures consistent with Generally Accepted Accounting Principles and the State's Model Accounting Principals to expend the Appropriated Amount in accordance with applicable law and account for and safeguard Project funds and assets acquired with Project funds.

B. In the event Grantee fails to comply with the requirements of subparagraph A of this Article XVIII, Department may take one or more of the following actions:

a. Suspend new or further obligations pursuant to Article VI(A) of this Agreement;
b. Require the Grantee to develop and implement a written corrective action plan pursuant to Article VI(D) of this Agreement to remedy the non-compliance;
c. Impose special conditions to address the non-compliance by giving Grantee notice of such special conditions in accordance with Article III of this Agreement;
    i. The Parties agree that any special conditions imposed to address non-compliance shall be incorporated into this Agreement, through **Exhibit C**, upon notice to Grantee, without need for formal amendment of this Agreement;
    ii. Special conditions shall be binding and effective on the date that notice is deemed to have been given pursuant to Article III or
d. Terminate this Agreement pursuant to Article V(A) of this Agreement.

XIX. SEVERANCE TAX AND GENERAL OBLIGATION BONDS

A. Grantee acknowledges and agrees that the underlying appropriation for the Project may originate from the issuance of tax-exempt severance tax bonds or general obligation bonds by the State. Proceeds from such bonds are administered by the New Mexico State Board of Finance ("**SBOF**"), an entity separate and distinct from the Department.

a. Grantee acknowledges and agrees:
    i. It is Grantee's responsibility to determine through SBOF what (if any) conditions are currently imposed on the Project;
    ii. Department's failure to inform Grantee of an SBOF-imposed condition does not affect the validity or enforceability of the condition;
    iii. The SBOF may in the future impose further or different conditions upon the Project;
    iv. All SBOF conditions are attached to the Project and Appropriation Amount without the need for formal amendment of this Agreement;
    v. All applicable SBOF conditions must be satisfied before the SBOF will release to the Department funds subject to the condition(s) and
    vi. The Department's obligation to reimburse Grantee from the Project is expressly contingent upon the satisfaction of the then-current SBOF conditions.

B. Grantee acknowledges and agrees SBOF may, at its sole and absolute discretion, require reimbursement or remove eligibility for bond proceeds for the Project if the Project doesn't proceed sufficiently.

a. Grantee must comply with the requirement to encumber five percent (5%) of Project funds within six months of bond issuance as certified by Grantee in the Bond Questionnaire and Certification documents submitted to the SBOF.

b. Failure to comply may result in the reassignment of the bond proceeds. Upon reassignment of bond proceeds, this Agreement will be suspended until the entity has demonstrated readiness as determined by the SBOF and the Department.

C. Grantee acknowledges and agrees that this Agreement is subject to the SBOF's Bond Project Disbursements rule, § 2.61.6, NMAC, as may be amended from time to time or re-codified.

XX. GENERAL PROVISIONS

A. Assignment: Grantee's rights and obligations under this Agreement are personal and may not be transferred or assigned without the prior written consent of the State. Any attempt at assignment or transfer without such consent shall be void. Any assignment or transfer of Grantee's rights and obligations approved by the State shall be subject to the provisions of this Agreement.

B. Subcontractors: Grantee shall not enter any subgrant or subcontract in connection with its obligations under this Agreement without the prior written approval of the State. Upon request, Grantee shall submit to the Department a copy of each such subgrant or subcontract.

C. Binding Effect: Except as otherwise provided, all provisions of this Agreement, including the benefits and burdens, shall extend to and be binding upon the Parties' respective successors and assigns.

D. Authority: Each Party represents and warrants to the other that the execution and delivery of this Agreement and the performance of such Party's obligations have been duly authorized.

E. Captions and References: The captions and headings in this Agreement are for the convenience of reference only and shall not be used to interpret, define, or limit its provisions. All references in this Agreement to sections (whether spelled out or using the § symbol), subsections, exhibits, or other attachments are references to sections, subsections, exhibits, or other attachments contained herein or incorporated as a part hereof, unless otherwise noted.

F. Counterparts: This Agreement may be executed in multiple, identical, original counterparts, each of which shall be deemed to be an original, but all of which, taken together, shall constitute the same agreement.

G. Digital Signatures: If any signatory signs this agreement using a digital signature in accordance with the State Policies regarding the use of digital signatures, then any agreement or consent to use digital signatures within the electronic system through which that signatory signed shall be incorporated into this Agreement by reference.

H. Modification: Except as otherwise provided in this Agreement, any modification to this Agreement shall only be effective if agreed to in a formal amendment, properly executed and approved in accordance with applicable New Mexico law and State fiscal policies and rules. Modifications permitted under this Agreement, other than Agreement amendments, shall conform to the policies issued by the State.

I. Statutes, Regulations, Fiscal Rules, and Other Authority: Any reference in this Agreement to a statute, regulation, policy, or other authority shall be interpreted to refer to such authority then current, as may have been changed or amended after the Effective Date of this Agreement.

J. External Terms and Conditions: Notwithstanding anything to the contrary herein, the State shall not be subject to any provision included in any terms, conditions, or agreements appearing on Grantee's or a subcontractor's website or any provision incorporated into any click-through or online agreements related to the Work unless that provision is specifically referenced in this Agreement.

K. Severability: The invalidity or unenforceability of any provision of this Agreement shall not affect the validity or enforceability of any other provision of this Agreement, which shall remain in full force and

effect, provided that the Parties can continue to perform their obligations under this Agreement in accordance with its intent.

L. Survival of Certain Agreement Terms: Any provision of this Agreement that imposes an obligation on a Party after the termination or expiration of this Agreement shall survive the termination or expiration of this Agreement and shall be enforceable by the other Party.

M. Third Party Beneficiaries: Except for the Parties' respective successors and assigns described in this Agreement, it does not and is not intended to confer any rights or remedies upon any person or entity other than the Parties. Enforcement of this Agreement and all rights and obligations hereunder are reserved solely to the Parties. Any services or benefits that third parties receive as a result of this Agreement are incidental to this Agreement and do not create any rights for such third parties.

N. Waiver: A Party's failure or delay in exercising any right, power, or privilege under this Agreement, whether explicit or by lack of enforcement, shall not operate as a waiver, nor shall any single or partial exercise of any right, power, or privilege preclude any other or further exercise of such right, power, or privilege.

O. Standard and Manner of Performance: Grantee shall perform its obligations under this Agreement in accordance with the highest standards of care, skill, and diligence in Grantee's industry, trade, or profession.

P. Licenses, Permits, and Other Authorizations: Grantee shall secure, prior to the Effective Date, and maintain at all times during the term of this Agreement, at its sole expense, all licenses, certifications, permits, and other authorizations required to perform its obligations under this Agreement and shall ensure that all employees, agents, and subcontractors secure and maintain at all times during the term of their employment, agency or subcontractor, all license, certifications, permits and other authorizations required to perform their obligations in relation to this Agreement.

Q. Publicity: Any Publicity regarding the subject matter of this Agreement may not be released without prior written approval from the Department. For purposes of this agreement, "**Publicity**" means notices, informational pamphlets, press releases, email responses, research, reports, signs, and similar public notices prepared by or for the Grantee or jointly with others.

   a. Grantee shall obtain written approval prior to issuing any press release or making any public announcement regarding this agreement. Grantee agrees to obtain approval of the Department in advance with respect to all Public Relations, all communications with media, or all communications with any other member of the public with respect to this agreement, except to acknowledge that an agreement does exist.
   b. For purposes of this agreement, "Public Relations" includes community relations and means those activities dedicated to maintaining the Department's image or maintaining or promoting understanding and favorable relations with the community or public at large or any segment of the public.
   c. Violations of either Article XX (Q)(a) or (b) shall constitute a material Breach of Agreement.

R. Data Sharing: The State intends to secure and collate specific data generated by Grantee under this Agreement to use in support of the State's organizational, policy-making, and management of public resource functions. State, in accordance with **Exhibit E**, attached hereto and incorporated herein by reference, reserves the right to require Grantee and/or its subcontractors to provide specific data relevant to the above-listed functions. Data provided by Grantee may be incorporated into existing or future

developed State integrated analysis tools or databases, including but not limited to geographic information system (GIS) networks and databases accessible by the public. Dissemination of data collected may include historical data and projections based on such historical data.

a. To the extent any data transferred as part of this Agreement is legally determined to be the property of Subrecipient or its subcontractors, Subrecipient and/or its subcontractors grants State a nonexclusive, fully paid-up right and license to reproduce, use, distribute, do derivative works based on, and archive data transferred as part of this Agreement.

S. Venue and Choice of Law: This Agreement shall be governed by and construed in accordance with the laws of the State of New Mexico, without regard to any conflict of law provisions. Any legal suit, action, or proceeding arising out of or related to this Agreement shall be instituted exclusively in the district courts located in Santa Fe, New Mexico. The Parties hereby irrevocably submit to the exclusive jurisdiction and venue of such courts in any such suit, action, or proceeding. The Parties waive any objection to the laying of the venue of any such suit, action, or proceeding in the district courts of Santa Fe, New Mexico, and irrevocably waive and agree not to plead or claim in any such court that any such suit, action, or proceeding brought in any such court has been brought in an inconvenient forum.

1 Administrative and/or Indirect Cost – generally, the legislation authorizing the issuance of bonds prohibits the use of its proceeds for indirect expenses (e.g. penalty fees or damages other than pay for work performed, attorney fees, and administrative fees). Such use of bond proceeds shall not be allowed unless specifically authorized by statute.

Revised 7/2025

EXHIBIT E

Data Sharing Provisions

Data Sharing Provisions for New Mexico Capital Outlay Agreements

I. Introduction:

This Data Sharing Provisions Exhibit ("Exhibit") is incorporated into the New Mexico Capital Outlay Agreements ("Agreements") between the State of New Mexico ("State") and [Insert Partner Name] ("Partner"). This Exhibit outlines the terms and conditions under which data will be shared between the Parties to ensure compliance with New Mexico state laws and regulations, focusing on data privacy, security, and compliance.

II. Definitions:

a. Authorized User: An employee, agent, assign, representative, independent contractor, or other person or entity authorized by Partner or State to access, use, or disclose information through this exhibit.

b. Confidential Information: All data or information shared in confidence, with the expectation that it will not be disclosed in an identifiable form. This includes data that is exempt from public disclosure under the New Mexico Inspection of Public Records Act (§ 14-2-1 et seq. NMSA 1978) or other relevant laws.

c. Data Storage: Electronic media that hold recorded information.

d. Data Transmission: The process of moving information over a network from its source to one or more destinations.

e. Direct Identifier: Records or data containing personal identifiers such as names, addresses, and social security numbers.

f. Disclosure: Permission to access, release, transfer, or otherwise communicate confidential information by any means to any third party, except as authorized by the Party that controls the record.

g. Encryption involves using algorithms to encode data, rendering it unreadable without a specific key. It may be necessary during data transmission and/or storage.

h. Information: Any data, figures, statistics, or other facts provided or learned about someone or something, including Confidential Information, that may be legally transmitted under this Exhibit.

i. Limited Dataset: A data file that omits Direct Identifiers.

j. Protected Personally Identifiable Information: Sensitive personal details such as social security numbers and financial account numbers, with specific exclusions as outlined in the Agreements.

III. Purpose:

The purpose of this exhibit is to promote transparency, facilitate information sharing between the parties, support better policy and decision-making, and enhance public services through collaborative data analysis from various sources.

IV. Use of Information:

a. Use of Information obtained or created under this exhibit shall be strictly limited to the purposes stated herein and in the agreements. The parties agree not to sell Information to third parties or use it for commercial, solicitation, or political purposes.

b. Each Party shall serve as the custodian of the Information and comply with all conditions for its use, including security measures to prevent unauthorized access.

c. The Parties shall follow all relevant federal and state laws and regulations governing the use of such Information.

V. Safeguarding Information:

a. Confidentiality: Access to Confidential Information shall be limited to the minimum necessary to accomplish the purposes of this Exhibit. Authorized Users must adhere to the confidentiality requirements.

b. Security: Security practices shall comply with the requirements of the New Mexico Department of Information Technology Act and related regulations. The Parties agree to notify each other within three business days of any suspected or actual security breach.

c. Information Storage and Transmission: Data Storage and Transmission shall take place on an encrypted server with appropriate security controls.

VI. Re-Disclosure of Information:

The Parties agree not to disclose Information except as required by law or with prior written approval of the other Party. If there is a public records request, the Party receiving it shall notify the other Party within three business days.

VII. Ownership of Information:

Legal title to Information shall remain with the provider. The Partner grants the State a royalty-free, non-exclusive, non-transferable license to use the Information in furtherance of the purposes outlined in this Exhibit.

PROJECT BUDGET

GRANTEE: City of Santa Fe

PROJECT NO: SAP 25-J2459-GF

Please provide a comprehensive procurement plan and expenditure plan, detailing a Project timeline with milestones, required procurements, and identifying expected expenditures per milestone, referred to collectively as the "Project Budget." While it can be difficult to estimate costs and timelines, setting a plan for these can help keep realistic expectations and goals to keep a project moving forward to achieve the project scope and objectives. Contact your NMED-CPB Project Manager with questions.

1) **Expenditure Plan.** Indicate what expenses funding will be used.

Detailed Expenditure Plan		
USES OF FUNDS	**NMED PROGRAM**	**OTHER FUNDS**
Engineer Fees		
Other Professional		
Service Fees		
Inspection Fees		
Property Acquisition		
Construction Cost		
Planning Cost		
Equipment		
Other Costs (specify)		
Contingencies		
TOTAL	$ -	$ -

2) **Procurement Plan.** Describe how engineering or professional services, construction contractors, equipment, or other goods or services will be procured.

Chief Procurement Officer

All Public Bodies are required by 13-1-95.2 NMSA 1978 to have a Chief Procurement Officer to conduct all procurement activities.

Who is your Chief Procurement Officer (CPO)? _____

Describe how you will secure CPO services, if you currently do not have a CPO. _____

_____

Professional Services

Have engineering or professional services already been procured and contracted? _____

If not, describe how you will procure engineering or professional services_____

Reminders:

- COSTS ABOVE $60,000, require solicitation of services via a Request for Proposal (RFP).
- COSTS BELOW $60,000 must adhere to 13-1-125 NMSA 1978 and procurements cannot be artificially divided into smaller units to circumvent legal requirements, such as formal solicitation.
- MULTI-TERM CONTRACTS can be renewed for up to four years 13-1-150 NMSA 1978. Monitor the remaining time on your contracts and plan for renewal in advance.

Construction

Contractors must be hired using a public bidding process for any project over $60,000 (13-1-125 NMSA 1978) and procurements cannot be artificially divided into smaller units to circumvent legal requirements, such as formal solicitation.

Equipment Purchase

Equipment purchase must follow proper procurement code. Please see Chapter 13 Public Purchase and Property NMSA 1978.

3) Project Timeline. Setting a timeline can help keep a project on track to meet required expenditure deadlines. *(An example schedule is provided below.)*

Project Timeline:

OVERALL – MILESTONES		*EXPECTED EXPENDITURE PER MILESTONE*
ESTIMATED START DATE		
5% FUNDS OBLIGATED*		
ESTIMATED END DATE		
DETAILED – PHASES		
TOTAL		$

***Disclaimer:** You have accepted grant funds on the condition that 5% of these funds are to be obligated in a Notice of Obligation within 6 months of bond issuance in accordance with XIX.B.(STB's only) and at least 10% within one (1) year in accordance with IX.B (all projects).

You can obligate funds by entering into a contract with an engineer or contractor. State Procurement Code must be followed for the purchase of all goods and services.

Your NMED-CPB project manager will be happy to help you navigate these requirements, so that your grant money can be spent, and your project successfully completed.

Example Timeline:

OVERALL – MILESTONES		*EXPECTED EXPENDITURE PER MILESTONE*
ESTIMATED START DATE	Month 0	
5% FUNDS OBLIGATED*	+ 6 months from start date = Month 6	$100,000
ESTIMATED END DATE	Use detailed schedule below. 2.5- 3 years	
DETAILED – PHASES		
HIRE AN ENGINEER	4 months	
PLANNING DOCUMENT	6 months	$25,000
DESIGN, PERMIT	9 months	$60,000
ADVERTISE FOR BID, AWARD PROJECT	6 months (allow for rebid)	
CONSTRUCTION AND ENGINEERING CONSTRUCTION PHASE SERVICES (START TO FINISH)	Varies widely. 6 months to a year, or more.	$750,000 and $15,000
CLOSEOUT CONSTRUCTION/ FUNDS	1 month at end of construction schedule.	
TOTAL		$850,000

4) **Additional Information.** Please use this space below to provide any additional details about your project you would like to share to show your project plan and readiness.

Grantee Signatory Authority

Print Name

ATTACHMENT B
TECHNICAL REQUIREMENTS
NEW MEXICO ENVIRONMENT DEPARTMENT
CAPITAL OUTLAY

ARTICLE 1 REVIEW

Upon execution of the grant agreement, the Grantee will follow the procedures listed below unless waived in writing by the New Mexico Environment Department (NMED) (payment may be withheld if any of these procedures are not followed by the Grantee).

A. The Grantee must submit copies to NMED of all unexecuted contracts or quotes the Grantee intends to enter in that are related to the project for the creation of a notice of obligation. Only approved eligible expenditures incurred after the effective date of the Grant Agreement shall be reimbursed or paid from these funds.

B. If grant funds are used for construction, a site certificate must be submitted prior to project bid advertisement that certifies all necessary easements, rights-of-way, and/or property upon or through which the project is being constructed have been obtained. The Site Certificate must be signed by an attorney, engineer, surveyor, or title abstractor.

C. If grant funds are used for meter installation, the Grantee must follow the NMED Guidelines for Meter Upgrade Projects. Meters must be installed before payment can be made. Request a copy of the Guidelines from your NMED Project Manager.

D. If grant funds are used for construction, the Grantee will submit notice of the award and a copy of the executed construction contract documents.

E. The Grantee will provide a full-time construction inspector during construction of the project unless NMED determines that part time inspection is adequate for the project. This must be requested and approved by NMED prior to the start of construction.

F. All daily construction inspection reports shall be made available to the NMED upon request.

G. Notwithstanding the inspections performed by the Grantee and its engineer, NMED will have the right to examine all installations comprising the project, including materials delivered and stored on-site for use on the project. Such examinations will not be considered an inspection for compliance with contract plans but will be a general NMED review as described in Article 2 below.

ARTICLE 2 NMED OVERSIGHT

NMED oversight is only for purposes of compliance with applicable state grant requirements, procedures, statutes, and regulations. NMED approval will not be interpreted as a warranty or guarantee of any kind. Responsibility for the design of the project will lie solely with the engineer of record. All defects and their correction will be the responsibility of the Grantee and its contractors and engineers or consultants. Any questions raised by NMED during its inspections and reviews shall be resolved exclusively by the Grantee. The Grantee and its contractors and engineers or consultants will remain responsible for the completion and success of the project. No action by NMED shall relieve the owner, engineer, or contractor of legal responsibilities for the overall integrity of the project, adequacy of the design, safety, or compliance with all applicable regulations.

ARTICLE 3 CLOSEOUT

A. The project will not be considered complete until the work as defined in this agreement has been fully performed, and finally and unconditionally accepted by the Grantee and the engineer of record.

B. If the grant funds are used for purchase of equipment, final payment will be made after receipt of the equipment and equipment title, if applicable. Appraisal reports are required for the purchase of used equipment.

C. If the grant funds are used for construction, final payment will be made after the following items, unless waived by NMED, have been provided to NMED, and have been reviewed and approved by NMED:

i. A certificate of substantial completion including punch list items.

ii. A final certified construction pay request prepared by the Grantee's project engineer and approved by the Grantee.

iii. A written consent of the surety, if any, to final payment.

iv. Complete and legally effective releases or waivers (satisfactory to the Grantee) of all liens arising out of the contract documents and the labor services performed and the materials and equipment furnished there under. In lieu thereof and as approved by the Grantee, contractor(s) may furnish receipts or releases in full; an affidavit of contractor that the releases and receipts include labor, services, materials, and equipment for which a lien could be filed and that all payrolls, material and equipment bills, and other indebtedness connected with the work for which the Grantee or its property might in any way be responsible, have been paid or otherwise satisfied.

v. Certification letter by the Grantee and contractor that the Labor Standards Contract Provisions have been met.

vi. Certification letter of project acceptance by the Grantee and the Grantee's project engineer stating that work has been satisfactorily completed and the construction contractor has fulfilled all of the obligations required under the contract documents with the Grantee, or if payment and materials performance bonds are "called", an acceptance close-out settlement to the Grantee and contractors will be submitted to NMED.

vii. Certification letter from the Grantee confirming receipt and acceptance of the record drawings and operation and maintenance manuals.

Summary:
This Resolution designates authorized representatives and agents for an agreement with New Mexico Environment Department (NMED) regarding Capital Appropriation Project SAP 25-J2459-GF ("Agreement"). The Agreement makes available one hundred thousand dollars ($100,000), appropriated by the New Mexico State Legislature for a project to plan, design, and construct a wastewater treatment facility in Santa Fe in Santa Fe County.

Departments Affected:
Public Works Department and Public Utilities Department.

Consequences of Not Enacting Legislation:
If this legislation is not adopted, The City of Santa Fe ("City") will not satisfy Article XI.B.(e) of the Agreement, which requires the Governing Body to adopt a resolution, motion, or similar action authorizing the person identified as the official representative of the City to sign the Agreement and to sign and submit Requests for Payment. Additionally, without the adoption of this Resolution the City would not receive NMED funding in the amount of one hundred thousand dollars ($100,000).

Conflict, Duplication, Companionship, or Relationship to Other Legislation:
The Governing Body will approve the agreement through a separate action.

Performance and Administrative Implications:
Public Utilities Department may pursue acquiring land for and plan, design, construct, purchase, repair, permit and improve a regional wastewater treatment plant for the City of Santa Fe in association with this Agreement. Public Utilities Department and Finance Department staff will also administer the grant.

Fiscal Implications:
None.

Memorandum

Date: January 1, 2026

To: Governing Body; Public Works and Utilities Committee; Finance Committee

From: Alan Hook, Water Resources Coordinator

Via: Jesse Roach, Interim Public Utilities Director
Jonathan Montoya, Interim Water Division Director

RE: Acceptance of a Loan and Grant Funding from the New Mexico Water Trust Board in the amount of $7,750,000 for Canyon Road Water Treatment Plant Flocculation and Sedimentation Improvements, Water Trust Board Project No. WFP-6314.

EXECUTIVE SUMMARY:

The proposed bill would authorize the execution and delivery of both a Water Project Fund loan of $3,100,000 as well as a grant of $4,650,000 between the New Mexico Finance Authority (NMFA) and the City of Santa Fe ("City"), New Mexico. The total amount, $7,750,000, would finance the cost of construction of new flocculation and sedimentation improvements to the Canyon Road Water Treatment Plant. The bill specifies that both the loan and the grant be utilized solely for the eligible project costs, pursuant to NMSA 1978 § 72-4A-7. With respect to the loan debt, the bill pledges that the City would pay the loan amount and administrative fee directly from the net revenues of the water utility system of the City.

BILL NO. 2026-01

INTRODUCED BY:

Councilor Amanda Chavez

A BILL

BE IT ORDAINED BY THE GOVERNING BODY OF THE CITY OF SANTA FE: AUTHORIZING THE EXECUTION AND DELIVERY OF A WATER PROJECT FUND LOAN/GRANT AGREEMENT BY AND BETWEEN THE NEW MEXICO FINANCE AUTHORITY ("NMFA") AND THE CITY OF SANTA FE, NEW MEXICO (THE "BORROWER/GRANTEE"), IN THE TOTAL AMOUNT OF $7,750,000, INCLUDING A LOAN IN THE AMOUNT OF $3,100,000 EVIDENCING AN OBLIGATION OF THE BORROWER/GRANTEE TO UTILIZE THE LOAN/GRANT AMOUNT SOLELY FOR THE PURPOSE OF FINANCING THE COSTS OF CONSTRUCTION OF NEW FLOCCULATION AND SEDIMENTATION IMPROVEMENTS TO THE CANYON ROAD WATER TREATMENT PLANT, INCLUDING DEMOLITION OF EXISTING CLARIFIER EQUIPMENT, STRUCTURAL ADDITIONS, NEW FLOCCULATION AND SEDIMENTATION EQUIPMENT, ALL ASSOCIATED POWER, CONTROLS, PROCESS AND CHEMICAL PIPING, AND VALVES, NEW FLOCCULATION

underscored material = new [~~bracketed material~~] = delete

MASTER CONTROL CENTER ELECTRICAL BUILDING AND ASSOCIATED GRADING AND PAVING, POTABLE WATER YARD PIPING RELOCATION AND ALL ASSOCIATED INSTRUMENTATION, ELECTRICAL, ARCHITECTURAL AND HVAC DESIGN COMPONENTS, INCLUDING RELATED WORK AND REVISIONS, AND SOLELY IN THE MANNER DESCRIBED IN THE LOAN/GRANT AGREEMENT; PROVIDING FOR THE PLEDGE AND PAYMENT OF THE LOAN AMOUNT AND AN ADMINISTRATIVE FEE SOLELY FROM THE NET REVENUES OF THE WATER UTILITY SYSTEM OF THE BORROWER/GRANTEE; CERTIFYING THAT THE LOAN/GRANT AMOUNT, TOGETHER WITH OTHER FUNDS AVAILABLE TO THE BORROWER/GRANTEE, IS SUFFICIENT TO COMPLETE THE PROJECT; APPROVING THE FORM OF AND OTHER DETAILS CONCERNING THE LOAN/GRANT AGREEMENT; RATIFYING ACTIONS HERETOFORE TAKEN; REPEALING ALL ACTION INCONSISTENT WITH THIS ORDINANCE; AND AUTHORIZING THE TAKING OF OTHER ACTIONS IN CONNECTION WITH THE EXECUTION AND DELIVERY OF THE LOAN/GRANT AGREEMENT.

Capitalized terms used in the following preambles have the same meaning as defined in this Ordinance unless the context requires otherwise.

WHEREAS, the Borrower/Grantee is a legally and regularly created, established, organized and existing home-rule municipality under the constitution and general laws of the State of New Mexico, and more specifically, NMSA 1978 §§ 3-1-1 through 3-66-11, as amended, is a qualifying entity under the Water Project Finance Act and is qualified for

financial assistance as determined by the NMFA and approved by the Water Trust Board pursuant to the Board Rules, the Policies, and the Act; and

WHEREAS, pursuant to the Board Rules, the Water Trust Board has recommended the Project for funding as a Qualifying Project to the Legislature; and

WHEREAS, Chapter 6, Laws 2024, being House Bill 148 of the 2024 Regular New Mexico Legislative Session, authorized the funding of the Project from the Water Project Fund; and

WHEREAS, the Water Trust Board has recommended that the NMFA enter into and administer the Loan/Grant Agreement in order to finance the Project; and

WHEREAS, the NMFA approved on August 29, 2024, that the Borrower/Grantee receive financial assistance in the form of the Loan/Grant; and

WHEREAS, the Governing Body has determined and hereby determines that the Project may be financed with amounts granted and loaned pursuant to the Loan/Grant Agreement, that the Loan/Grant Amount, together with the Additional Funding Amount and other moneys available to the Borrower/Grantee, is sufficient to complete the Project, and that it is in the best interest of the Borrower/Grantee and the constituent public it serves that the Loan/Grant Agreement be executed and delivered and that the funding of the Project take place by executing and delivering the Loan/Grant Agreement; and

WHEREAS, the Governing Body has determined that it may lawfully enter into the Loan/Grant Agreement, accept the Loan/Grant Amount and be bound to the obligations and by the restrictions thereunder; and

WHEREAS, the Loan/Grant Agreement shall not constitute a general obligation of the Borrower/Grantee, the Water Trust Board or the NMFA or a debt or pledge of the

full faith and credit of the Borrower/Grantee, the Water Trust Board, the NMFA or the State; and

WHEREAS, there have been presented to the Governing Body and there presently are on file with the City Clerk this Ordinance and the form of the Loan/Grant Agreement which is incorporated by reference and considered to be a part hereof; and

WHEREAS, the Governing Body hereby determines that the Additional Funding Amount is now available to the Borrower/Grantee to complete the Project; and

WHEREAS, the Borrower/Grantee has met or will meet prior to the first disbursement of any portion of the Loan/Grant Amount, the Conditions and readiness to proceed requirements established for the portion of the Loan/Grant Amount disbursed or caused to be disbursed by the NMFA, including but not limited to the requirements of Executive Order 2013-006; and

WHEREAS, all required authorizations, consents and approvals in connection with (i) the use of the Loan/Grant Amount for the purposes described, and according to the restrictions set forth, in the Loan/Grant Agreement; (ii) the availability of other moneys necessary and sufficient, together with the Loan/Grant Amount, to complete the Project; and (iii) the authorization, execution and delivery of the Loan/Grant Agreement which are required to have been obtained by the date of this Ordinance, have been obtained or are reasonably expected to be obtained.

NOW, THEREFORE, BE IT ORDAINED BY THE GOVERNING BODY OF THE CITY OF SANTA FE, NEW MEXICO:

Section 1. Definitions. As used in this Ordinance, the following terms shall, for all purposes, have the meanings herein specified, unless the context clearly requires

otherwise (such meanings to be equally applicable to both the singular and the plural forms of the terms defined); and, any term not defined herein shall have the definition given it by the Loan/Grant Agreement:

"ACH Authorization" means the authorization for direct payment to the NMFA by ACH made by the Borrower/Grantee on the form required by the bank or other entity at which the account is held, from which the Pledged Revenues will be paid.

"Act" means the general laws of the State, particularly the Water Project Finance Act, NMSA 1978, §§ 72-4A-1 through 72-4A-11, and enactments of the Governing Body relating to the Loan/Grant Agreement, including this Ordinance, all as amended and supplemented.

"Additional Funding Amount" means the amount to be provided by the Borrower/Grantee which includes the total value of the Soft Match or Hard Match (each as defined in Section 4.2 of the Policies) which, in combination with the Loan/Grant Amount and other moneys available to the Borrower/Grantee, is sufficient to complete the Project and to provide matching funds required to complete the Project. The Additional Funding Amount is $6,432,952.

"Administrative Fee" or "Administrative Fee Component" means an amount equal to one-quarter of one percent (0.25%) per annum of the unpaid principal balance of the Loan Amount, taking into account both payments made by the Borrower/Grantee and hardship waivers of payments granted to the Borrower/Grantee pursuant to Section 5.1(a)(iii) of the Loan/Grant Agreement.

"Authorized Officers" means any one or more of the Mayor, Mayor Pro Tem, City Manager, and City Clerk of the Borrower/Grantee.

"Board Rules" means Review and Eligibility of Proposed Water Projects, New Mexico Water Trust Board, 19.25.10 NMAC.

"Borrower/Grantee" means the City of Santa Fe, New Mexico.

"Closing Date" means the date of execution and delivery of the Loan/Grant Agreement, by the Borrower/Grantee and the NMFA.

"Completion Date" means the date of final payment of the cost of the Project.

"Conditions" has the meaning given to that term in the Loan/Grant Agreement.

"Eligible Items" means eligible Project costs for which grants and loans may be made pursuant to NMSA 1978, § 72-4A-7(C), as amended, of the Act, the Board Rules and applicable Policies, and includes, without limitation, Eligible Legal Costs.

"Eligible Legal Costs" has the meaning given to that term in the Loan/Grant Agreement.

"NMFA" means the New Mexico Finance Authority.

"Generally Accepted Accounting Principles" means the officially established accounting principles applicable to the Borrower/Grantee consisting of the statements, determinations and other official pronouncements of the Government Accounting Standards Board, Financial Accounting Standards Board, Federal Accounting Standards Board or other principle-setting body acceptable to the Lender/Grantor establishing accounting principles applicable to the Borrower/Grantee.

"Governing Body" means duly organized City Council and Mayor of the Borrower/Grantee, or any successor governing body of the Borrower/Grantee.

"Grant" or "Grant Amount" means the amount provided to the Borrower/Grantee as a grant pursuant to the Loan/Grant Agreement for the purpose of funding the Project,

and shall not equal more than $4,650,000.

"Gross Revenues" has the meaning assigned to such term in Ordinance 2016-19 of the Borrower/Grantee (the "Master Utility Ordinance").

"Herein," "hereby," "hereunder," "hereof," "hereinabove" and "hereafter" refer to this entire Ordinance and not solely to the particular section or paragraph of this Ordinance in which such word is used.

"Loan" or "Loan Amount" means the amount provided to the Borrower/Grantee as a loan pursuant to the Loan/Grant Agreement for the purpose of funding the Project, in the maximum amount of $3,100,000.

"Loan/Grant" or "Loan/Grant Amount" means the combined amount partially provided to the Borrower/Grantee as the Grant Amount and partially borrowed by the Borrower/Grantee as the Loan Amount pursuant to the Loan/Grant Agreement for the purpose of funding the Project, and shall not equal more than $7,750,000.

"Loan/Grant Agreement" means the Water Project Fund Loan/Grant Agreement entered into by and between the Borrower/Grantee and the NMFA as authorized by this Ordinance.

"Net Revenues" means the Gross Revenues of the System minus Operation and Maintenance Expenses.

"NMAC" means the New Mexico Administrative Code.

"NMSA 1978" means the New Mexico Statutes Annotated, 1978 Compilation, as amended and supplemented from time to time.

"Operation and Maintenance Expenses" means all reasonable and necessary current expenses of the System, for any particular Fiscal Year or period to which such term is

applicable, paid or accrued, related to operating, maintaining and repairing the System, including, without limiting the generality of the foregoing:

(a) legal and overhead expenses of the various City departments directly related and reasonably allocable to the administration of the System;

(b) insurance premiums for the System, including, without limitation, premiums for property insurance, public liability insurance and workmen's compensation insurance, whether or not self-funded;

(c) premiums, expenses and other costs (other than required reimbursements of insurance proceeds and other amounts advanced to pay Debt Service Requirements on System Bonds) for Credit Facilities;

(d) expenses other than Expenses paid from the proceeds of System Bonds;

(e) the costs of audits of the books and accounts of the System;

(f) amounts required to be deposited in the Rebate Fund;

(g) salaries, administrative expenses, labor costs, surety bonds and the cost of water, materials and supplies used for or in connection with the current operation of the System; and

(h) any fees required to be paid under any operation, maintenance and/or management agreement with respect to the System.

Operation and Maintenance Expenses do not include any allowance for depreciation, payments in lieu of taxes, franchise fees payable or other transfers to the City's general fund, liabilities incurred by the City as a result of its negligence or other misconduct in the operation of the System, any charges for the accumulation of reserves for capital replacements or any Operation and Maintenance Expenses payable from moneys

other than Gross Revenues.

"Ordinance" means this Ordinance as it may be supplemented or amended from time to time.

"Pledged Revenues" means the Net Revenues of the System pledged to the payment of the Loan Amount and Administrative Fee pursuant to this Ordinance and the Loan/Grant Agreement and described in the Term Sheet.

"Project" means the project(s) described on the Term Sheet.

"Project Account" means the book account established by the NMFA in the name of the Borrower/Grantee for purposes of tracking expenditure of the Loan/Grant Amount by the Borrower/Grantee to pay for the costs of the Project, as shown in the Term Sheet, which account shall be kept separate and apart from all other accounts of the NMFA.

"Qualifying Water Project" means a water project for (i) storage, conveyance or delivery of water to end-users; (ii) implementation of the federal Endangered Species Act of 1973 collaborative programs; (iii) wastewater conveyance and treatment; (iv) restoration and management of watersheds; (v) flood prevention or (vi) water conservation or recycling, treatment or reuse of water as provided by law; and which has been approved by the state legislature pursuant to NMSA 1978, § 72-4A-9(B), as amended.

"State" means the State of New Mexico.

"System" means the municipally owned public utility designated as the Borrower/Grantee's water utility system consisting of all properties, real, personal, mixed or otherwise, now owned or hereafter acquired by the Borrower/Grantee through purchase, condemnation, construction or otherwise, including all expansions, extensions, enlargements and improvements of or to the water utility system, and used in connection

therewith or relating thereto, and any other related activity or enterprise of the Borrower/Grantee designated by the Governing Body as part of the water utility system, whether situated within or without the limits of the Borrower/Grantee.

"Term Sheet" means Exhibit "A" attached to the Loan/Grant Agreement.

"Useful Life" means the structural and material design life of the Project, including planning and design features, as required by the Act and the Board Rules.

"Water Project Fund" means the fund of the same name created pursuant to the Act and held and administered by the NMFA.

"Water Trust Board" or "WTB" means the water trust board created and established pursuant to the Act.

Section 2. Ratification. All action heretofore taken (not inconsistent with the provisions of this Ordinance) by the Borrower/Grantee and officers of the Borrower/Grantee directed toward the acquisition and completion of the Project, the pledge of the Pledged Revenues to payment of amounts due under the Loan/Grant Agreement, and the execution and delivery of the Loan/Grant Agreement shall be, and the same hereby is, ratified, approved, and confirmed.

Section 3. Authorization of the Project and the Loan/Grant Agreement. The acquisition and completion of the Project and the method of funding the Project through execution and delivery of the Loan/Grant Agreement and the other documents related to the transaction are hereby authorized and ordered. The Project is for the benefit and use of the Borrower/Grantee and the public whom it serves.

Section 4. Findings. The Governing Body hereby declares that it has considered all relevant information and data and hereby makes the following findings:

A. The Project is needed to meet the needs of the Borrower/Grantee and the public whom it serves.

B. Moneys available and on hand for the Project from all sources other than the Loan/Grant are not sufficient to defray the cost of acquiring and completing the Project but, together with the Loan/Grant Amount, are sufficient to complete the Project.

C. The Project and the execution and delivery of the Loan/Grant Agreement pursuant to the Act to provide funds for the financing of the Project are necessary, convenient and in furtherance of the governmental purposes of the Borrower/Grantee, and in the interest of the public health, safety, and welfare of the constituent public served by the Borrower/Grantee.

D. The Borrower/Grantee will acquire and complete the Project with the proceeds of the Loan/Grant, the Additional Funding Amount and other amounts available to the Borrower/Grantee, and except as otherwise expressly provided by the Loan/Grant Agreement, will utilize, operate and maintain the Project for the duration of its Useful Life, as required by NMSA 1978, § 72-4A-7(A)(1), as amended.

E. Together with the Loan/Grant Amount, and other amounts available to the Borrower/Grantee, the Additional Funding Amount is now available to the Borrower/Grantee, and in combination with the Loan/Grant Amount, will be sufficient to complete the Project.

F. The NMFA shall maintain on behalf of the Borrower/Grantee a separate Project Account as a book account only on behalf of the Borrower/Grantee and financial records in accordance with Generally Accepted Accounting Principles during the construction or implementation of the Project.

G. The Borrower/Grantee has acquired title to or easements or rights of way on the real property upon which the Project is being constructed or located as provided in the Loan/Grant Agreement.

Section 5. Loan/Grant Agreement—Authorization and Detail.

A. Authorization. This Ordinance has been adopted by the affirmative vote of at least a three-fourths majority of the Governing Body. For the purpose of protecting the public health, conserving the property, and protecting the general welfare and prosperity of the constituent public served by the Borrower/Grantee and acquiring and completing the Project, it is hereby declared necessary that the Borrower/Grantee execute and deliver the Loan/Grant Agreement evidencing the Borrower/Grantee's acceptance of the Grant Amount of $4,650,000 and borrowing the Loan Amount of $3,100,000 to be utilized solely for Eligible Items necessary to complete the Project, and solely in the manner and according to the restrictions set forth in the Loan/Grant Agreement, the execution and delivery of which is hereby authorized. The Borrower/Grantee shall use the Loan/Grant Amount to finance the acquisition and completion of the Project.

B. Detail. The Loan/Grant Agreement shall be in substantially the form of the Loan/Grant Agreement presented at the meeting of the Governing Body at which this Ordinance was adopted. The Grant shall be in the amount of $4,650,000 and the Loan shall be in the amount of $3,100,000. Interest on the Loan Amount shall be zero percent (0%) per annum of the unpaid principal balance of the Loan Amount, and the Administrative Fee shall be one-quarter of one percent (0.25%) per annum of the unpaid principal balance of the Loan Amount, taking into account both payments made by the Borrower/Grantee and hardship waivers of payments granted to the Borrower/Grantee.

Section 6. Approval of Loan/Grant Agreement. The form of the Loan/Grant Agreement as presented at the meeting of the Governing Body at which this Ordinance was adopted, is hereby approved. Authorized Officers are hereby individually authorized to execute, acknowledge and deliver the Loan/Grant Agreement with such changes, insertions and omissions as may be approved by such individual Authorized Officers, and the City Clerk is hereby authorized to attest the Loan/Grant Agreement. The execution of the Loan/Grant Agreement shall be conclusive evidence of such approval.

Section 7. Security. The Loan Amount and Administrative Fee shall be solely secured by the pledge of the Pledged Revenues herein made and as set forth in the Loan/Grant Agreement.

Section 8. Disposition of Proceeds: Completion of the Project.

A. Project Account. The Borrower/Grantee hereby consents to creation of the Project Account by the NMFA. Until the Completion Date, the amount of the Loan/Grant credited to the Project Account shall be used and paid out solely for Eligible Items necessary to acquire and complete the Project in compliance with applicable law and the provisions of the Loan/Grant Agreement.

B. Completion of the Project. The Borrower/Grantee shall proceed to complete the Project with all due diligence. Upon the Completion Date, the Borrower/Grantee shall execute a certificate stating that completion of and payment for the Project has been completed. Following the Completion Date or the earlier expiration of the time allowed for disbursement of Loan/Grant funds as provided in the Loan/Grant Agreement, any balance remaining in the Project Account shall be transferred and

deposited into the Water Project Fund or otherwise distributed as provided in the Loan/Grant Agreement.

C. NMFA Not Responsible. Borrower/Grantee shall apply the funds derived from the Loan/Grant Agreement as provided therein, and in particular Article VII of the Loan/Grant Agreement. The NMFA shall not in any manner be responsible for the application or disposal by the Borrower/Grantee or by its officers of the funds derived from the Loan/Grant Agreement or of any other funds held by or made available to the Borrower/Grantee in connection with the Project. NMFA shall not be liable for the refusal or failure of any other agency of the State to transfer any portion of the Loan/Grant Amount in its possession, custody and control to the NMFA for disbursement to the Borrower/Grantee, or to honor any request for such transfer or disbursement of the Loan/Grant Amount.

Section 9. Payment of Loan Amount and ACH Authorization. Pursuant to the Loan/Grant Agreement, the Borrower/Grantee shall pay the Loan Amount and Administrative Fee directly from the Pledged Revenues to the NMFA as provided in the Loan/Grant Agreement in an amount sufficient to pay principal and other amounts due under the Loan/Grant Agreement and to cure any deficiencies in the payment of the Loan Amount or other amounts due under the Loan/Grant Agreement. The Borrower/Grantee hereby consents to the creation of an ACH authorization agreement for the purpose of making regular electronic payments of the Loan Amount and Administrative Fee, if at any applicable point in time during the Agreement Term the Borrower/Grantee desires to use such payment method for the purposes of the Loan.

Section 10. Lien on Pledged Revenues. Pursuant to the Loan/Grant

Agreement, the Loan/Grant Agreement constitutes an irrevocable lien (but not an exclusive lien) on the Pledged Revenues subordinate to the lien thereon of all other liens thereon present and future, except that the lien on the Pledged Revenues of any future loans from the Lender/Grantor to the Borrower/Grantee pursuant to the Water Project Finance Act or the Colonias Infrastructure Act, shall be on parity with the lien of the Loan/Grant Agreement authorized by this Ordinance.

Section 11. Authorized Officers. Authorized Officers are hereby individually authorized and directed to execute and deliver any and all papers, instruments, opinions, affidavits and other documents and to do and cause to be done any and all acts and things necessary or proper for carrying out this Ordinance, the Loan/Grant Agreement and all other transactions contemplated hereby and thereby. Authorized Officers are hereby individually authorized to do all acts and things required of them by this Ordinance and the Loan/Grant Agreement for the full, punctual and complete performance of all the terms, covenants and agreements contained in this Ordinance and the Loan/Grant Agreement including but not limited to, the execution and delivery of closing documents in connection with the execution and delivery of the Loan/Grant Agreement.

Section 12. Amendment of Ordinance. This Ordinance after its adoption may be amended without receipt by the Borrower/Grantee of any additional consideration. On and after the Closing Date, this Ordinance may be amended without receipt by the Borrower/Grantee of any additional consideration, but only with the prior written consent of the NMFA.

Section 13. Ordinance Irrepealable. After the Loan/Grant Agreement has been executed and delivered, this Ordinance shall be and remain irrepealable until all obligations

due under the Loan/Grant Agreement shall be fully discharged, as herein provided.

Section 14. Severability Clause. If any section, paragraph, clause or provision of this Ordinance shall for any reason be held to be invalid or unenforceable, the invalidity or unenforceability of such section, paragraph, clause or provision shall not affect any of the remaining provisions of this Ordinance.

Section 15. Repealer Clause. All bylaws, orders, ordinances, resolutions, or parts thereof, inconsistent herewith are hereby repealed to the extent only of such inconsistency. This repealer shall not be construed to revive any bylaw, order, resolution or ordinance, or part thereof, heretofore repealed.

Section 16. Effective Date. Upon due adoption of this Ordinance, it shall be recorded in the book of the Borrower/Grantee kept for that purpose, authenticated by the signatures of the Mayor and City Clerk of the Borrower/Grantee, and this Ordinance shall be in full force and effect thereafter, in accordance with law; provided, however, that if recording is not required for the effectiveness of this Ordinance, this Ordinance shall be effective upon adoption of this Ordinance by the Governing Body.

Section 17. General Summary for Publication. Pursuant to the general laws of the State, the title and a general summary of the subject matter contained in this Ordinance shall be published in substantially the following form:

[*Remainder of page intentionally left blank.*]

[*Form of Notice of Adoption of Ordinance for Publication*]

CITY OF SANTA FE, NEW MEXICO NOTICE OF ADOPTION OF ORDINANCE

Notice is hereby given of the title and of a general summary of the subject matter contained in Ordinance No. _____, duly adopted and approved by the Governing Body of the City of Santa Fe, New Mexico on March ___, 2026. A complete copy of the Ordinance is available for public inspection during normal and regular business hours in the office of the City Clerk at 200 Lincoln Avenue, Santa Fe, New Mexico 87501.

The title of the Ordinance is:

AN ORDINANCE AUTHORIZING THE EXECUTION AND DELIVERY OF A WATER PROJECT FUND LOAN/GRANT AGREEMENT BY AND BETWEEN THE NEW MEXICO FINANCE AUTHORITY ("NMFA") AND THE CITY OF SANTA FE, NEW MEXICO (THE "BORROWER/GRANTEE"), IN THE TOTAL AMOUNT OF $7,750,000, INCLUDING A LOAN IN THE AMOUNT OF $3,100,000 EVIDENCING AN OBLIGATION OF THE BORROWER/GRANTEE TO UTILIZE THE LOAN/GRANT AMOUNT SOLELY FOR THE PURPOSE OF FINANCING THE CONSTRUCTION OF NEW FLOCCULATION AND SEDIMENTATION IMPROVEMENTS TO THE CANYON ROAD WATER TREATMENT PLANT, INCLUDING DEMOLITION OF EXISTING CLARIFIER EQUIPMENT, STRUCTURAL ADDITIONS, NEW FLOCCULATION AND SEDIMENTATION EQUIPMENT, ALL ASSOCIATED POWER, CONTROLS, PROCESS AND CHEMICAL PIPING, AND VALVES, NEW FLOCCULATION MCC ELECTRICAL BUILDING AND ASSOCIATED GRADING AND PAVING, POTABLE WATER YARD PIPING RELOCATION AND ALL ASSOCIATED INSTRUMENTATION,

ELECTRICAL, ARCHITECTURAL AND HVAC DESIGN COMPONENTS, INCLUDING RELATED WORK AND REVISIONS, AND SOLELY IN THE MANNER DESCRIBED IN THE LOAN/GRANT AGREEMENT; PROVIDING FOR THE PLEDGE AND PAYMENT OF THE LOAN AMOUNT AND AN ADMINISTRATIVE FEE SOLELY FROM THE NET REVENUES OF THE WATER UTILITY SYSTEM OF THE BORROWER/GRANTEE; CERTIFYING THAT THE LOAN/GRANT AMOUNT, TOGETHER WITH OTHER FUNDS AVAILABLE TO THE BORROWER/GRANTEE, IS SUFFICIENT TO COMPLETE THE PROJECT; APPROVING THE FORM OF AND OTHER DETAILS CONCERNING THE LOAN/GRANT AGREEMENT; RATIFYING ACTIONS HERETOFORE TAKEN; REPEALING ALL ACTION INCONSISTENT WITH THIS ORDINANCE; AND AUTHORIZING THE TAKING OF OTHER ACTIONS IN CONNECTION WITH THE EXECUTION AND DELIVERY OF THE LOAN/GRANT AGREEMENT.

A general summary of the subject matter of the Ordinance is contained in its title. This notice constitutes compliance with NMSA 1978, § 6-14-6, as amended.

NEW MEXICO FINANCE AUTHORITY
as Lender/Grantor,

and

CITY OF SANTA FE, SANTA FE COUNTY, NEW MEXICO,
as Borrower/Grantee.

WATER PROJECT FUND
LOAN/GRANT AGREEMENT

THIS LOAN/GRANT AGREEMENT (the "Agreement" or "Loan/Grant Agreement") dated **_____, 2026**, is entered into by and between the **NEW MEXICO FINANCE AUTHORITY** (the "NMFA" or "Lender/Grantor"), and the **CITY OF SANTA FE** in SANTA FE COUNTY, NEW MEXICO (the "Borrower/Grantee").

W I T N E S S E T H:

WHEREAS, the NMFA is a public body politic and corporate, separate and apart from the State, constituting a governmental instrumentality, duly organized and created under and pursuant to the laws of the State, particularly NMSA 1978, §§ 6-21-1 through 6-21-31, as amended (the "NMFA Act"); and

WHEREAS, the NMFA Act provides that the NMFA may make loans and grants from the Water Project Fund to qualifying entities for Qualifying Water Projects; and

WHEREAS, pursuant to the Act, the Water Trust Board has established the Board Rules governing the terms and conditions of loans and grants made from the Water Project Fund, as set out in Review and Eligibility of Proposed Water Projects, New Mexico Water Trust Board, 19.25.10 NMAC, pursuant to the Board Rules for Qualifying Water Projects; and

WHEREAS, pursuant to the Board Rules, except as provided in the Policies, a qualifying entity is expected to receive some portion of its funding as a loan in order to maximize the potential for the return of funds to the Water Project Fund, thereby increasing the limited financial resources expected to be available in the Water Project Fund; and

WHEREAS, the Borrower/Grantee is a legally and regularly created, established, duly organized and existing incorporated municipality under and pursuant to the laws of the State and more specifically, NMSA 1978, §§3-1-1 through 3-66-11, as amended, is a qualifying entity under the Water Project Finance Act and is qualified for financial assistance as determined by the NMFA and approved by the Water Trust Board pursuant to the Board Rules, the Policies and the Act; and

WHEREAS, the Borrower/Grantee has determined that it is in the best interests of the Borrower/Grantee and the constituent public it serves that the Borrower/Grantee enter into this Agreement with the Lender/Grantor to borrow $3,100,000 from the Lender/Grantor and to accept a grant in the amount of $4,650,000 from the Lender/Grantor to finance the costs of the Project, this Project being more particularly described in the Term Sheet; and

WHEREAS, the Borrower/Grantee submitted an Application dated September 16, 2022 and January 25, 2023 for the Project; and

WHEREAS, pursuant to the Board Rules the Water Trust Board recommended the Project for funding as a Qualifying Water Project to the Legislature; and

WHEREAS, Chapter 6, Laws 2024, being House Bill 148 of the 2024 New Mexico Legislative Session, authorized the funding of the Project from the Water Project Fund; and

WHEREAS, the Water Trust Board has recommended that the NMFA enter into and administer this Agreement in order to finance the Project; and

WHEREAS, the NMFA approved on August 29, 2024 that the Borrower/Grantee receive financial assistance in the form of the Loan/Grant; and

WHEREAS, the Borrower/Grantee is willing to pledge the Pledged Revenues to the payment of the Loan Payments and Administrative Fee, with a lien on the Pledged Revenues subordinate to all other liens thereon present and future, except that the lien on the Pledged Revenues of any future loans from the Lender/Grantor to the Borrower/Grantee pursuant to the Water Project Finance Act or the Colonias Infrastructure Act, secured by the Pledged Revenues shall be on a parity with this Agreement; and

WHEREAS, the plans and specifications for the Project have been approved by the NMFA (or by the New Mexico Environment Department or other appropriate agency or entity on behalf of the NMFA, pursuant to an agreement between such agency or entity and the NMFA), prior to the commencement of construction, and the plans and specifications for the Project incorporates available technologies and operational design for water use efficiency; and

WHEREAS, the execution and performance of this Agreement have been authorized, approved and directed by all necessary and appropriate action of the Water Trust Board and the NMFA, and their respective officers.

NOW, THEREFORE, for and in consideration of the premises and the mutual promises and covenants herein contained, the parties hereto agree:

ARTICLE I
DEFINITIONS

Capitalized terms defined in the foregoing recitals shall have the same meaning when used in this Agreement unless the context clearly requires otherwise. Capitalized terms not defined in the recitals and defined in this Article I shall have the same meaning when used in this Agreement including the foregoing recitals, unless the context clearly requires otherwise (such meanings to be equally applicable to both the singular and the plural forms of the terms defined). In addition, capitalized terms not defined in the recitals or in this Article I shall have the meaning assigned to such terms in Ordinance No. 2016-19 of the Borrower/Grantee (the "Master Water Utility Ordinance") unless the context clearly requires otherwise. In the event of a conflict between the defined terms in this Agreement and those in the Master Water Utility Ordinance, the defined terms in the Master Water Utility Ordinance shall supersede those in this Agreement.

"ACH Authorization" means the authorization for direct payment to the NMFA by ACH made by the Borrower/Grantee on the form required by the bank or other entity at which the account is held, from which the Pledged Revenues will be paid.

"Act" means the general laws of the State, particularly the Water Project Finance Act, NMSA 1978, §§ 72-4A-1 through 72-4A-11, and enactments of the Governing Body relating to this Agreement, including the Ordinance, all as amended and supplemented.

"Additional Funding Amount" means the amount to be provided by the Borrower/Grantee which includes the total value of the Soft Match or Hard Match (each as defined in Section 4.2 of the Policies) which, in combination with the Loan/Grant Amount and other moneys available to the Borrower/Grantee, is sufficient to complete the Project and to provide matching funds required to complete the Project. The Additional Funding Amount is $6,432,952.

"Administrative Fee" or "Administrative Fee Component" means an amount equal to one-quarter of one percent (0.25%) per annum of the unpaid principal balance of the Loan Amount, taking into account both payments made by the Borrower/Grantee and hardship waivers of payments granted to the Borrower/Grantee pursuant to Section 5.1(a)(iii) of this Agreement.

"Agreement Term" means the term of this Agreement as provided under Article III of this Agreement.

"Application" means the New Mexico Water Trust Board Application dated September 16, 2022 and the New Mexico Water Trust Board Readiness Application dated January 25, 2023 of the Borrower/Grantee and pursuant to which the Borrower/Grantee requested funding for the Project.

"Authorized Officers" means, with respect to the Borrower/Grantee, any one or more of the Mayor, Mayor Pro Tem, Finance Director, Treasurer, City Manager, and City Clerk thereof; with respect to the NMFA, the Chairman, Vice-Chairman and Secretary of the Board of Directors and the Chief Executive Officer or any other officer or employee of the NMFA designated in writing by an Authorized Officer.

"Board Rules" means Review and Eligibility of Proposed Water Projects, New Mexico Water Trust Board, 19.25.10 NMAC.

"Closing Date" means the date of execution and delivery of this Agreement by the Borrower/Grantee and the NMFA.

"Colonias Infrastructure Act" means NMSA 1978, §§ 6-30-1 through 6-30-8, as amended.

"Conditions" means the conditions to be satisfied prior to the submission of a request for payment or the disbursement of the Loan/Grant Amount, or any portion thereof, from the Water Project Fund, or which otherwise apply to the performance of this Agreement, including those set forth in the Term Sheet.

"Department of Finance and Administration" or "DFA" means the department of finance, and administration of the State.

"Eligible Items" means eligible Project costs for which grants and loans may be made pursuant to NMSA 1978, § 72-4A-7(C), as amended, of the Act, the Board Rules and applicable Policies, and includes, without limitation, Eligible Legal Costs.

"Eligible Legal Costs" means legal fees and costs for services rendered by legal counsel on behalf of the Borrower/Grantee for transaction of the Project, in an amount not exceeding ten (10) percent of the Loan/Grant Amount, but does not include adjudication services.

"Event of Default" means one or more events of default as defined in Section 10.1 of this Agreement.

"Final Debt Service Schedule" means the schedule of Loan Payments due on this Agreement following the Final Requisition, as determined on the basis of the Loan Amount.

"Final Requisition" means the final requisition of moneys to be submitted by the Borrower/Grantee, which shall be submitted by the Borrower/Grantee on or before the expiration of the Interim Period as provided in Section 5.3 of this Agreement.

"Fiscal Year" means the period commencing on July 1 of each calendar year and ending on the last day of June of the next succeeding calendar year, or any other twelve-month period which any appropriate authority of the Borrower/Grantee may hereafter establish for the Borrower/Grantee as its fiscal year.

"Force Majeure" means acts of God and natural disasters; strikes or labor disputes; war, civil strife or other violence; an order of any kind of the Government of the United States or of the State or civil or military authority or any court of competent jurisdiction; or any other act or condition that was beyond the reasonable control of, without fault or negligence of, or not reasonably foreseeable by the party claiming the Force Majeure event; except for (i) general economic conditions; or (ii) an inability of a party claiming the Force Majeure event to pay any debts when due.

"Generally Accepted Accounting Principles" means the officially established accounting principles applicable to the Borrower/Grantee, consisting of the statements, determinations and other official pronouncements of the Government Accounting Standards Board, Financial Accounting Standards Board, Federal Accounting Standards Board, or other principle-setting body acceptable to the Lender/Grantor, establishing accounting principles applicable to the Borrower/Grantee.

"Governing Body" means duly organized City Council and Mayor of the Borrower/Grantee, or any successor governing body of the Borrower/Grantee.

"Grant" or "Grant Amount" means the amount provided to the Borrower/Grantee as a grant pursuant to this Agreement for the purpose of funding the Project and shall not equal more than $4,650,000.

"Gross Revenues" means all income and revenues directly or indirectly derived by the Borrower/Grantee from the operation and use of the System, or any part of the System, for any particular Fiscal Year period to which the term is applicable, and includes, without limitation, all revenues received by the Borrower/Grantee, or any municipal corporation or agency succeeding to the rights of the Borrower/Grantee, from the System and from the sale and use of water services or facilities, or any other service, commodity or facility or any combination thereof furnished by the System. In the event there is a conflicting description of Gross Revenues in any ordinance or resolution of the Borrower/Grantee, the language of such ordinance or resolution shall control.

Gross Revenues do not include:

(a) Any money received as (i) grants or gifts from the United States of America, the State or other sources or (ii) the proceeds of any charge or tax intended as a replacement therefor or other capital contributions from any source which are restricted as to use;

(b) Gross receipts taxes, other taxes and/or fees collected by the Borrower/Grantee and remitted to other governmental agencies; and

(c) Condemnation proceeds or the proceeds of any insurance policy, except any insurance proceeds derived in respect of loss of use or business interruption.

"Hardship Waiver" means a determination by the NMFA pursuant to Section 5.1(a)(iii) herein that the annual principal payment by the Borrower/Grantee should be forgiven because such payment would cause undue hardship for the Borrower/Grantee or the public it serves.

"Herein," "hereby," "hereunder," "hereof," "hereinabove" and "hereafter" refer to this entire Agreement and not solely to the particular section or paragraph of this Agreement in which such word is used.

"Interest Component" means the portion of each Loan Payment paid as interest on this Agreement, if any, as shown on Exhibit "B" hereto.

"Interim Debt Service Schedule" means the anticipated schedule of Loan Payments due on this Agreement following the Final Requisition, assuming disbursement of the entire Loan Amount within twenty-four (24) months of the Closing Date. The Interim Debt Service Schedule is attached hereto as Exhibit "B".

"Interim Period" means the period no greater than twenty-four (24) months, unless a longer period is approved by the NMFA as provided in Section 5.3 of this Agreement, beginning on the Closing Date, during which the NMFA will disburse moneys to the Borrower/Grantee to pay costs of the Project.

"Lender/Grantor" means the New Mexico Finance Authority.

"Loan" or "Loan Amount" means the amount provided to the Borrower/Grantee as a loan pursuant to this Agreement for the purpose of funding the Project and shall not equal more than $3,100,000.

"Loan/Grant" or "Loan/Grant Amount" means the combined amount partially provided to the Borrower/Grantee as the Grant Amount and partially borrowed by the Borrower/Grantee as the Loan Amount pursuant to this Agreement for the purpose of funding the Project and shall not equal more than $7,750,000.

"Loan Payments" means, collectively, the Principal Component and the Interest Component, if any, to be paid by the Borrower/Grantee as payment of this Agreement as shown on Exhibit "B" hereto.

"Net Revenues" means the Gross Revenues of the System minus Operation and Maintenance Expenses, indirect charges, amounts expended for capital replacements and repairs,

required set asides for debt and replacement requirements, and any other payments from the gross revenues reasonably required for operation of the System.

"NMAC" means the New Mexico Administrative Code.

"NMSA 1978" means the New Mexico Statutes Annotated, 1978 Compilation, as amended and supplemented from time to time.

"Operation and Maintenance Expenses" means all reasonable and necessary current expenses of the System, for any particular Fiscal Year or period to which such term is applicable, paid or accrued, related to operating, maintaining and repairing the System, including, without limiting the generality of the foregoing:

(a) Legal and overhead expenses of the Borrower/Grantee directly related and reasonably allocable to the administration of the System;

(b) Insurance premiums for the System, including, without limitation, premiums for property insurance, public liability insurance and workmen's compensation insurance, whether or not self-funded;

(c) Premiums, expenses and other costs (other than required reimbursements of insurance proceeds and other amounts advanced to pay debt service requirements on System Bonds) for credit facilities;

(d) Expenses other than Expenses paid from the proceeds of System Bonds;

(e) The costs of audits of the books and accounts of the System;

(f) Amounts required to be deposited in any rebate fund;

(g) Salaries, administrative expenses, labor costs, surety bonds and the cost of water, materials and supplies used for or in connection with the current operation of the System; and

(h) Any fees required to be paid under any operation, maintenance and/or management agreement with respect to the System.

Operation and Maintenance Expenses do not include any allowance for depreciation, payments in lieu of taxes, franchise fees payable or other transfers to the Borrower/Grantee's general fund, liabilities incurred by the Borrower/Grantee as a result of its negligence or other misconduct in the operation of the System, any charges for the accumulation of reserves for capital replacements or any Operation and Maintenance Expenses payable from moneys other than Gross Revenues. In the event there is a conflicting description of Operation and Maintenance Expenses in any ordinance or resolution of the Borrower/Grantee, the language of such ordinance or resolution shall control.

"Ordinance" means the Borrower/Grantee's Ordinance No. _____, adopted by the Governing Body on _____, 2025, authorizing the acceptance of the Loan/Grant,

approving this Agreement and pledging the Pledged Revenues to the payment of the Loan Payments and the Administrative Fee as shown on the Term Sheet.

"Parity Obligations" means this Agreement, and any other obligations, now outstanding or hereafter issued or incurred, payable from or secured by a lien or pledge of the Pledged Revenues and issued with a lien on the Pledged Revenues on a parity with this Agreement, as shown on the Term Sheet.

"Pledged Revenues" means the Net Revenues of the System of the Borrower/Grantee pledged to the payment of the Loan Payments and the Administrative Fee pursuant to the Ordinance and this Agreement and described in the Term Sheet.

"Policies" means the Water Trust Board Water Project Fund Project Management Policies approved by the Water Trust Board and the NMFA, as amended and supplemented from time to time.

"Principal Component" means the portion of each Loan Payment paid as principal on this Agreement as shown on Exhibit "B" hereto.

"Project" means the project(s) described on the Term Sheet.

"Project Account" means the book account established by the NMFA in the name of the Borrower/Grantee for purposes of tracking expenditure of the Loan/Grant Amount by the Borrower/Grantee to pay for the costs of the Project, as shown in the Term Sheet, which account shall be kept separate and apart from all other accounts of the NMFA.

"Qualifying Water Project" means a water project for (i) storage, conveyance or delivery of water to end-users; (ii) implementation of the federal Endangered Species Act of 1973 collaborative programs; (iii) wastewater conveyance and treatment; (iv) restoration and management of watersheds; (v) flood prevention; or, (vi) water conservation or recycling, treatment or reuse of water as provided by law; and which has been approved by the state legislature pursuant to NMSA 1978, § 72-4A-9(B), as amended.

"Senior Obligations" means any outstanding obligations with a superior lien on the Pledged Revenues as defined in the Term Sheet, or any such obligations hereafter issued and meeting the requirements of the Agreement applicable to the issuance of Senior Obligations.

"State" means the State of New Mexico.

"State Board of Finance" means the State board of finance created pursuant to NMSA 1978, §§ 6-1-1 through 6-1-13, as amended.

"System" means the municipally owned public utility designated as the Borrower/Grantee's water utility system consisting of all properties, real, personal, mixed or otherwise, now owned or hereafter acquired by the Borrower/Grantee through purchase, condemnation, construction or otherwise, including all expansions, extensions, enlargements and improvements of or to the water utility system, and used in connection therewith or relating thereto, and any other related activity or enterprise of the Borrower/Grantee designated by the Governing

Body as part of the water utility system, whether situated within or without the limits of the Borrower/Grantee.

"Term Sheet" means Exhibit "A" attached to this Agreement.

"Useful Life" means the structural and material design life of the Project including planning and design features as required by the Act and the Board Rules.

"Water Project Fund" means the fund of the same name created pursuant to the Act and held and administered by the NMFA.

"Water Trust Board" or "WTB" means the water trust board created and established pursuant to the Act.

ARTICLE II
REPRESENTATIONS, COVENANTS AND WARRANTIES

Section 2.1 Representations, Covenants and Warranties of the Borrower/Grantee: The Borrower/Grantee represents, covenants and warrants for the benefit of the NMFA as follows:

(a) Binding Nature of Covenants; Enforceability. All representations, covenants, stipulations, obligations and agreements of the Borrower/Grantee contained in this Agreement shall be deemed to be the representations, covenants, stipulations, obligations and agreements of the Borrower/Grantee to the full extent authorized or permitted by law, and such representations, covenants, stipulations, obligations and agreements shall be binding upon the Borrower/Grantee and its successors and enforceable in accordance with their terms, and upon any board or body to which any powers or duties affecting such representations, covenants, stipulations, obligations and agreements shall be transferred by or in accordance with law. Except as otherwise provided in this Agreement, all rights, powers and privileges conferred and duties and liabilities imposed upon the Borrower/Grantee by the provisions of this Agreement and the Ordinance shall be exercised or performed by the Borrower/Grantee or by such members, officers, or officials of the Borrower/Grantee as may be required by law to exercise such powers and to perform such duties.

(b) Authorization of Agreement. The Borrower/Grantee is a qualifying entity as defined in the Act and the Board Rules. Pursuant to the laws of the State and in particular, the laws governing its creation and existence, as amended and supplemented from time to time, the Borrower/Grantee is authorized to enter into the transactions contemplated by this Agreement and to carry out its obligations hereunder. The Borrower/Grantee has duly authorized and approved its acceptance of the Loan/Grant and the execution and delivery of this Agreement and the other documents related to the transaction described in this Agreement, and this Agreement and the other documents related to the transaction to which the Borrower/Grantee is a party constitute legal, valid and binding special obligations of the Borrower/Grantee enforceable against the Borrower/Grantee in accordance with their respective terms.

(c) Nature and Use of Agreement Proceeds. The Borrower/Grantee acknowledges that the distribution of the Loan/Grant Amount shall be deemed to be a distribution to the Borrower/Grantee of proceeds representing the Loan Amount and the Grant Amount on a

pro rata basis from the maximum Loan Amount and Grant Amount. The Borrower/Grantee shall apply the proceeds of the Loan/Grant solely to Eligible Items that will facilitate the completion of the Project, and shall not use the Loan/Grant proceeds for any other purpose. The Loan/Grant Amount, together with the Additional Funding Amount and other moneys reasonably expected to be available to the Borrower/Grantee, is sufficient to complete the Project in its entirety.

(d) Payment of Loan Amount. The Borrower/Grantee shall promptly pay the Loan Amount and Administrative Fee as provided in this Agreement, except when a Hardship Waiver is obtained pursuant to Section 5(a)(iii) of this Agreement. The Loan and Administrative Fee shall be payable solely from Pledged Revenues and nothing in this Agreement shall be construed as obligating the Borrower/Grantee to make the Loan Payments and to pay the Administrative Fee from any general or other fund of the Borrower/Grantee other than the Pledged Revenues; however, nothing in this Agreement shall be construed as prohibiting the Borrower/Grantee, in its sole and absolute discretion, from making such payments from any moneys which may be lawfully used, and which are legally available, for that purpose.

(e) Scope of Project; Completion of Project; Compliance with Laws. The Project is for water conservation or recycling, treatment or reuse of water as provided by law. The Loan/Grant Amount will be used only for Eligible Items necessary to complete the Project. The Project is more particularly described in the Term Sheet. The Project will be completed with all practical dispatch and will be completed, operated and maintained so as to comply with all applicable federal, state and local laws, ordinances, resolutions and regulations and all current and future orders of all courts having jurisdiction over the Borrower/Grantee relating to the acquisition, operation, maintenance and completion of the Project and to the use of the Loan/Grant proceeds.

(f) Necessity of Project. The completion and operation of the Project under the terms and Conditions provided in this Agreement are necessary, convenient, and in furtherance of the governmental purposes of the Borrower/Grantee and are in the best interest of the Borrower/Grantee and the public it serves.

(g) Lien. The Loan Payments constitute an irrevocable lien on the distribution on the Pledged Revenues, the priority of which is consistent with that shown on the Term Sheet.

(h) Agreement Term Not Less than Useful Life. The Agreement Term is not less than the Useful Life of the Project as required by NMSA 1978, § 72-4A-7, as amended, of the Act.

(i) Amount of Agreement. The sum of the Grant Amount, the Loan Amount, and the Additional Funding Amount (and as set forth on the Term Sheet) does not exceed the cost of the Project.

(j) No Breach or Default Caused by Agreement. Neither the execution and delivery of this Agreement and the other documents related to the transaction, nor the fulfillment of or compliance with the terms and conditions in this Agreement and the other documents related to the transaction, nor the consummation of the transactions contemplated herein and therein, conflicts with or results in a breach of terms, conditions or provisions of any restriction or any agreement or instrument to which the Borrower/Grantee is a party or by which the Borrower/Grantee is bound or any laws, ordinances, governmental rules or regulations or court or

other governmental orders to which the Borrower/Grantee or its properties are subject, or constitutes a default under any of the foregoing.

(k) Irrevocable Enactments. While this Agreement remains outstanding and unpaid, any ordinance, resolution or other enactment of the Governing Body applying the Pledged Revenues for the payment of this Agreement, including the Ordinance shall be irrevocable until the Project has been fully acquired and completed, and the Loan Amount, including all principal and interest has been repaid, or provision made for payment thereof, and shall not be subject to amendment or modification in any manner which would result in any use of the proceeds of this Agreement in a manner not permitted or contemplated by the terms hereof. The Borrower/Grantee shall not impair the rights of the NMFA or of any holders of bonds or other obligations payable from the Pledged Revenues while this Agreement is outstanding.

(l) No Litigation. To the knowledge of the Borrower/Grantee, no litigation or proceeding is pending or threatened against the Borrower/Grantee or any other person affecting the right of the Borrower/Grantee to execute or deliver this Agreement and the other documents related to the transaction or to comply with its obligations under this Agreement and the other documents related to the transaction. Neither the execution and delivery of this Agreement and the other documents related to the transaction by the Borrower/Grantee nor compliance by the Borrower/Grantee with the obligations under this Agreement and the other documents related to the transaction, requires the approval of any regulatory body, or any other entity, which approval has not been obtained or which is not reasonably expected to be obtained.

(m) No Event of Default. No event has occurred and no condition exists which, with the giving of notice or the passage of time or upon the execution and delivery of this Agreement and the other documents related to the transaction, would constitute an Event of Default on the part of the Borrower/Grantee under this Agreement and the other documents related to the transaction.

(n) Pledged Revenues Not Budgeted. The portion of the Pledged Revenues necessary to pay the Loan Payments, as and when due, is not needed or budgeted to pay current or anticipated Operation and Maintenance Expenses or other expenses of the Borrower/Grantee.

(o) Expected Coverage Ratio. The Pledged Revenues are reasonably expected to equal or exceed—from the Fiscal Year in which the Closing Date occurs and, on an ongoing basis during each Fiscal Year of the Agreement Term—one hundred percent (100%) of the maximum annual principal and interest due on all outstanding obligations of the Borrower/Grantee payable from the Pledged Revenues.

(p) Right to Inspect. The NMFA shall have the right to inspect at all reasonable times all records, accounts and data relating to the System and to inspect the System and all properties comprising the System, and the Borrower/Grantee shall supply such records, accounts, and data as are requested by the NMFA, within thirty (30) days of receipt of such request, written or oral.

(q) Financial Capability; Budgeting of Pledged Revenues. The Borrower/Grantee meets and will meet during the Agreement Term the requirements of financial

capability set by the Water Trust Board and the NMFA. The Pledged Revenues will be sufficient to make the Loan Payments, as and when due. The Borrower/Grantee will adequately budget for the Loan Payments and other amounts payable by the Borrower/Grantee under this Agreement.

(r) Rate Covenant. The Borrower/Grantee covenants that, in addition to complying with the Rate Covenant set forth and defined in the Master Water Utility Ordinance, it will at all times fix, charge and collect such rates and charges as shall be required in order that in each Fiscal Year in which the Loan is outstanding the Gross Revenues shall at least equal the Operation and Maintenance Expenses of the System for the Fiscal Year, plus one hundred percent (100%) of the maximum annual principal and interest payments due on all outstanding obligations payable from the Pledged Revenues.

(s) Borrower/Grantee's Existence. The Borrower/Grantee will maintain its legal identity and existence so long as this Agreement remains outstanding unless another political subdivision, State agency, or other entity by operation of law succeeds to the liabilities, rights and duties of the Borrower/Grantee under this Agreement without adversely affecting to any substantial degree the privileges and rights of the Lender/Grantor.

(t) Use of Project; Continuing Covenant. During the Agreement Term, the Borrower/Grantee will at all times use the Project for the benefit of the Borrower/Grantee and the public it serves. The Borrower/Grantee shall not sell, lease, mortgage, pledge, relocate or otherwise dispose of or transfer the Project or System, or any part of the Project or System so long as this Agreement is outstanding; provided, however, that if the Project is a joint project of the Borrower/Grantee and other qualifying entities (as defined by the Act), the Borrower/Grantee and the other qualifying entities may, with the express written approval of the NMFA and not otherwise, enter into an agreement allocating ownership and operational and maintenance responsibilities for the Project during the term of the Agreement. Any such agreement shall provide that the Lender/Grantor, or either of them, shall have the power to enforce the terms of this Agreement, without qualification, as to each and every qualifying entity (as defined by the Act) other than the Borrower/Grantee, owning or operating any portion of the Project during the term of the Agreement. The Borrower/Grantee will operate and maintain the Project, so that it will function properly over its Useful Life.

(u) Title and Rights of Way. As required by NMSA 1978, § 72-4A-7(A)(3) of the Act, as amended, and the Board Rules, the Borrower/Grantee shall provide written assurance signed by an attorney or provide a title insurance policy ensuring that the Borrower/Grantee has proper title to, easements, rights of way or use permits on the real property upon or through which the Project is being constructed, located, completed or extended, and if any portion of the Project will be designed, constructed, located, completed or extended on real property owned by a qualifying entity (as defined by the Act) other than the Borrower/Grantee, such other qualifying entity has title to such real property, and the Borrower/Grantee shall provide written assurance signed by an attorney or provide a title insurance policy ensuring that such other qualifying entity has proper title to such real property.

(v) Additional Funding Amount. Together with the Loan/Grant Amount and other amounts available to the Borrower/Grantee, the Additional Funding Amount is now available to the Borrower/Grantee, and in combination with the Loan/Grant Amount, will be sufficient to

complete the Project. If any other additional expenses are incurred, the Borrower/Grantee shall be responsible for payment of such expenses.

(w) Audit Requirement. During the Agreement Term the Borrower/Grantee shall comply with the requirements of the State Audit Act, NMSA 1978, §§ 12-6-1 through 12-6-14, as amended. Upon request by the NMFA, the Borrower/Grantee shall provide the NMFA a copy of any review or audit, report of agreed upon procedures, or any other document prepared pursuant to or required by the State Audit Act.

(x) Reserved.

(y) Efficient Operation. The Borrower/Grantee will operate the System so long as this Agreement is outstanding, will maintain the System in efficient operating condition and make such improvements, extensions, enlargements, repairs and betterments to the System as may be necessary or advisable for its economical and efficient operation at all times and sufficient to supply reasonable demands for System services.

(z) Records. So long as the Agreement remains outstanding, proper books of record and account will be kept by the Borrower/Grantee in accordance with Generally Accepted Accounting Principles, separate from all other records and accounts, showing complete and correct entries of all transactions relating to the System. Such books shall include, but not necessarily be limited to, monthly records showing: (i) the number of customers for the System; (ii) the revenues separately received from charges by classes of customers, including but not necessarily limited to classification by facilities; and (iii) a detailed statement of the expenses of the System.

(aa) Billing Procedure. Bills for water service or facilities, furnished by or through the System, shall be rendered to customers on a regular basis each month following the month in which the service was rendered and shall be due as required by the applicable ordinance, resolution or regulation of the Borrower/Grantee. If permitted by law, if a bill is not paid within the period of time required by such ordinance, resolution or regulation, water service shall be discontinued as required by such ordinance, resolution or regulation, and the rates and charges due shall be collected in a lawful manner, including, but not limited to, the cost of disconnection and reconnection.

(bb) Competent Management. The Borrower/Grantee shall employ or contract for experienced and competent personnel to manage the System.

(cc) Readiness Requirements. The Borrower/Grantee has met the requirements of Executive Order 2013-006 and it has met or will meet prior to the first disbursement of any portion of the Loan/Grant Amount, the Conditions and the readiness to proceed requirements established for the Loan/Grant by the NMFA and the Water Trust Board.

(dd) Other Liens. Other than as provided in the Term Sheet, there are no liens or encumbrances of any nature, whatsoever, on or against the System or the revenues derived from the operation of the same.

(ee) Additional Obligations. The Borrower/Grantee may incur additional Senior Obligations upon the satisfaction of the additional bonds test set forth in the Master Water

Utility Ordinance. The Borrower/Grantee shall obtain the written consent of the NMFA prior to the issuance of additional Parity Obligations unless such Parity Obligation has been issued by the NMFA. The Borrower/Grantee shall identify any additional Senior Obligations issued by the Borrower/Grantee after the Closing Date in any future application for financing submitted to the NMFA.

Section 2.2 Representations and Warranties of the NMFA. The NMFA represents as follows:

(a) Authorization of Agreement. The NMFA is a public body politic and corporate separate and apart from the State, constituting a governmental instrumentality, and has all necessary power and authority to enter into and perform and observe the covenants and agreements on its part contained in this Agreement and, by proper action, has duly authorized the execution and delivery of this Agreement.

(b) Legal, Valid and Binding Obligation. This Agreement constitutes a legal, valid and binding obligation of the NMFA enforceable in accordance with its terms.

ARTICLE III
AGREEMENT TERM

The Agreement Term shall commence on the Closing Date and shall terminate at the end of the Useful Life of the Project as required by NMSA 1978, § 72-4A-7, as amended, of the Act.

ARTICLE IV
LOAN/GRANT AGREEMENT CONDITIONS

Section 4.1 Conditions Precedent to Closing of Loan/Grant. Prior to the Closing Date, the following Conditions and readiness to proceed items shall be satisfied:

(a) The NMFA, on behalf of the Water Trust Board, shall have determined that the Borrower/Grantee has met the Conditions and readiness to proceed requirements established for the Loan/Grant by the NMFA and the Water Trust Board including any Conditions set out in the Term Sheet; and

(b) The Borrower/Grantee shall have provided written assurance addressed to the NMFA and signed by an attorney (or shall have provided a title insurance policy) that the Borrower/Grantee has proper title to or easements, rights of way, or permits on the real property upon or through which the Project is being constructed, located, completed or extended; and

(c) If any portion of the Project will be constructed, located, completed or extended on real property owned by a qualifying entity (as defined by the Act) other than the Borrower/Grantee, the Borrower/Grantee shall have provided written assurance addressed to the NMFA and signed by an attorney (or shall have provided a title insurance policy) that such other qualifying entity has proper title to such real property; and

(d) Prior to the disbursement of any portion of the Loan/Grant Amount for purposes of construction of the Project, the plans and specifications funded with the proceeds of

this Agreement will be approved by the NMFA as required by NMSA 1978, § 72-4A-7(B), as amended, or on behalf of the NMFA by the New Mexico Environment Department and the Office of the State of Engineer, and the Borrower/Grantee shall have provided written evidence of such approval to the NMFA; and

(e) Except as otherwise expressly provided in the Conditions, the Borrower/Grantee shall have certified to the Lender/Grantor that the Additional Funding Amount is available for the Project, and, in addition, shall have provided additional evidence reasonably acceptable to the Lender/Grantor of the availability of the Additional Funding Amount; and

(f) The Borrower/Grantee shall be in compliance with the provisions of this Agreement.

(g) Notwithstanding anything in this Agreement to the contrary, the NMFA shall not be obligated to execute the Agreement and may not make the Loan/Grant until the Borrower/Grantee has provided to the NMFA the documents listed on Exhibit "F" attached hereto, all of which must be in form and content acceptable to the NMFA.

Section 4.2 Determination of Eligibility Is Condition Precedent to Disbursement. No request for payment shall be made, nor shall any disbursement be made from the Water Project Fund, for any requisition of any portion of the Loan/Grant Amount, except upon a determination by the NMFA in its sole and absolute discretion that such disbursement is for payment of Eligible Items, and that the request for payment or disbursement does not exceed any limitation upon the amount payable for any Eligible Item pursuant to the Act, the Board Rules, and the Policies governing the Water Project Fund. The NMFA, as a condition precedent to submitting any request for payment to the State Board of Finance or making any requested disbursement from the Water Project Fund, may require submittal of such documentation as the NMFA deems necessary, in its sole and absolute discretion, for a determination whether any requested disbursement is for payment of Eligible Items and is fully consistent with the Act, the Board Rules, and the Policies, as applicable.

ARTICLE V
LOAN TO THE BORROWER/GRANTEE; GRANT TO THE BORROWER/GRANTEE; APPLICATION OF MONEYS

Section 5.1 Loan and Grant to the Borrower/Grantee.

(a) Loan to the Borrower/Grantee. The Lender/Grantor hereby lends to the Borrower/Grantee and the Borrower/Grantee hereby borrows from and agrees to pay to the order of the Lender/Grantor, without interest, an amount equal to the Loan Amount, with the principal amount of the Loan Amount being payable as provided by Article VI and Exhibit "B" of this Agreement.

(i) Subordinate Nature of Loan Amount and Administrative Fee Obligation. The obligation of the Borrower/Grantee to make the Loan Payments and to pay the Administrative Fee shall be subordinate to all other indebtedness secured by the Pledged Revenues existing on the Closing Date and, further, that may in the future be secured by the Pledged

Revenues; except, however, that the obligation of the Borrower/Grantee to make the Loan Payments and to pay the Administrative Fee shall be on parity with any other obligation, present or future, of the Borrower/Grantee to repay a loan provided by the Lender/Grantor pursuant to the Act or the Colonias Infrastructure Act.

(ii) Administrative Fee. The Borrower/Grantee shall, on an annual basis beginning on the first payment date following the completion of the Project or exhaustion of all Loan/Grant Amounts as set out in Section 5.3 hereof, pay to the Lender/Grantor the Administrative Fee, taking into account both payments made by the Borrower/Grantee and Hardship Waivers granted to the Borrower/Grantee as provided by this Agreement. Any such Administrative Fee payment shall be due irrespective of whether or not a Hardship Waiver is granted to the Borrower/Grantee for the principal payment otherwise due on June 1 of the applicable year or any other year.

(iii) Hardship Waivers of Payment. Each year while any portion of the Loan Amount remains outstanding, no later than April 1 of each such year, the Borrower/Grantee may apply in writing to the NMFA for a determination of whether the annual principal payment on the Loan Amount otherwise due on the upcoming June 1 of such year should be forgiven because such payment would cause undue hardship for the Borrower/Grantee or the public it serves. The Borrower/Grantee shall submit such application to the NMFA for determination with sufficient documentation of the existence of such undue hardship as is reasonably required by the NMFA to make a determination, and the Borrower/Grantee shall promptly respond to additional requests for information from the NMFA. Such application for Hardship Waiver shall be executed by the Authorized Officers of the Borrower/Grantee. An "undue hardship" exists if the NMFA determines that the Borrower/Grantee is facing unforeseen events or an emergency that has caused the Borrower/Grantee to be unable to pay on a timely basis the annual principal payment on the Loan Amount. The NMFA may consult the Department of Finance and Administration in determining whether to grant the Hardship Waiver. The NMFA shall make a determination no later than May 15 of the applicable year, and the NMFA shall promptly communicate to the Borrower/Grantee in writing the results of its determination. Upon receipt of written notice of the determination, either the principal payment otherwise due on June 1 of such year shall be forgiven (in the event of a determination of undue hardship) or the principal payment shall remain outstanding and due and payable on June 1 (in the event no undue hardship is determined to exist).

(b) Grant and Acceptance. The Lender/Grantor hereby grants to the Borrower/Grantee and the Borrower/Grantee hereby accepts from the Lender/Grantor an amount equal to the Grant Amount.

(c) Project Account. The NMFA shall establish and maintain the Project Account as a book account only, on behalf of the Borrower/Grantee, which account shall be kept separate and apart from all other accounts of the NMFA.

(d) Constitutional and Statutory Debt Limitations. No provision of this Agreement shall be construed or interpreted as creating a general obligation or other indebtedness of the Water Trust Board, the NMFA, the State or the Borrower/Grantee within the meaning of any constitutional or statutory debt limitation.

Section 5.2 Application of Loan/Grant Amount. Following the determination by the NMFA in its sole and absolute discretion that the Conditions to the disbursement of the Loan/Grant Amount have been satisfied, the NMFA shall make an entry in its accounts, and in particular in the Project Account, reflecting the proceeds of the Loan/Grant Amount made available for disbursement from the Water Project Fund to the Borrower/Grantee at its request, and as needed by it to acquire and complete the Project, as provided in Section 7.2 of this Agreement.

Section 5.3 Final Requisition. The Final Requisition shall be submitted by the Borrower/Grantee within the Interim Period. The Interim Period may be extended only as approved in writing by an Authorized Officer of the NMFA, based on the Borrower/Grantee's demonstration, to the reasonable satisfaction of the Authorized Officer of the NMFA, that unanticipated circumstances beyond the control of the Borrower/Grantee resulted in delaying the acquisition and completion of the Project, and submission of the Borrower/Grantee's Final Requisition.

Section 5.4 Investment of Monies. Money in the Water Project Fund, representing proceeds of this Agreement, held and administered by the NMFA, may be invested by the NMFA for the credit of the Water Project Fund.

ARTICLE VI
LOAN PAYMENTS BY THE BORROWER/GRANTEE

Section 6.1 Loan to the Borrower/Grantee; Payment Obligations Limited to Pledged Revenues; Pledge of Pledged Revenues. The NMFA hereby lends to the Borrower/Grantee and the Borrower/Grantee hereby borrows from the NMFA an amount not to exceed the Loan Amount. The Borrower/Grantee promises to pay, but solely from the sources pledged herein, the Loan Payments and the Administrative Fees and other amounts owed by the Borrower/Grantee as herein provided. Subject to any outstanding Parity Obligations and Senior Obligations, the Borrower/Grantee does hereby grant a lien on and a security interest in and does hereby convey, assign and pledge unto the NMFA and unto its successors in trust forever all right, title and interest of the Borrower/Grantee in and to (i) the Pledged Revenues to the extent required to pay the Loan Payments, and to pay the Administrative Fees and other amounts owed by the Borrower/Grantee as herein provided, subject to and subordinate to all other pledges of the Pledged Revenues existing on the Closing Date and, further, that may exist in the future (except only that the pledge of the Pledged Revenues herein shall be on a parity with any other pledge of the Pledged Revenues by the Borrower/Grantee to repay any obligations issued by the Lender/Grantor pursuant to the Act or the Colonias Infrastructure Act); (ii) the Loan/Grant Amount including the Project Account; and (iii) all other rights hereinafter granted, for the securing of the Borrower/Grantee's obligations under this Agreement, including payment of the Loan Payments, Administrative Fees and other amounts owed by the Borrower/Grantee as herein provided, however, that if the Borrower/Grantee, its successors or assigns, shall pay, or cause to be paid, all Loan Payments and Administrative Fees at the time and in the manner contemplated by this Agreement, or shall provide as permitted by Section 6.5 of this Agreement for the payment thereof, and shall pay all other amounts due or to become due under this Agreement in accordance with its terms and provisions then, upon such final payment, this Agreement and the rights created thereby shall terminate; otherwise, this Agreement shall remain in full force and effect.

The schedule of Loan Payments, assuming the disbursal of the entire Loan/Grant Amount within twenty-four (24) months after the Closing Date, identified as the Interim Debt Service Schedule, is attached to this Agreement as Exhibit "B". Within thirty (30) days after the Final Requisition is made, the NMFA shall provide a Final Debt Service Schedule, reflecting the amount of the Loan/Grant Amount actually disbursed to the Borrower/Grantee pursuant to this Agreement. Such Final Debt Service Schedule shall supersede the schedule attached hereto as Exhibit "B". The NMFA shall additionally calculate the amount of the Administrative Fee that has accumulated during that twenty-four (24) month period from the Closing Date, and shall include such amount in the first Loan Payment due from the Borrower/Grantee on the Final Debt Service Schedule.

The pledge of the Pledged Revenues and the lien thereon shall be effective upon the Closing Date. The Borrower/Grantee and the NMFA acknowledge and agree that the obligations of the Borrower/Grantee hereunder are limited to the Pledged Revenues; and that this Agreement with respect to the Loan Amount, the Administrative Fee and other amounts owed by the Borrower/Grantee as herein provided, and that the Agreement shall constitute a special, limited obligation of the Borrower/Grantee. No provision of this Agreement shall be construed or interpreted as creating a general obligation or other indebtedness of the Borrower/Grantee or the State within the meaning of any constitutional or statutory debt limitation. No provision of this Agreement shall be construed to pledge or to create a lien on any class or source of Borrower/Grantee moneys other than the Pledged Revenues, nor shall any provision of this Agreement restrict the future issuance of any bonds or obligations payable from any class or source of Borrower/Grantee moneys other than the Pledged Revenues. In addition, to the extent not required for the payment of obligations of the Borrower/Grantee hereunder, the Pledged Revenues may be utilized by the Borrower/Grantee for any other purposes permitted by law.

Section 6.2 Deposit of Payments of Loan Amount to Water Project Fund. All Loan Payments made by the Borrower/Grantee to the NMFA to repay the Loan Amount and interest thereon, if any, shall be deposited into the Water Project Fund.

Section 6.3 Manner of Payment. The Loan Amount and Administrative Fee shall be payable by the Borrower/Grantee to the Lender/Grantor in annual installments on June 1 beginning after expiration of the Interim Period and continuing through the expiration of the last Loan Payment due as outlined in the Final Debt Service Schedule. All payments of the Borrower/Grantee hereunder shall be paid in lawful money of the United States of America to the NMFA at the address designated in Section 11.1 of this Agreement or by electronic debit of the account identified in the ACH Authorization. The obligation of the Borrower/Grantee to make payments hereunder, from and to the extent of the available Pledged Revenues, shall be absolute and unconditional in all events, except as expressly provided hereunder. Notwithstanding any dispute between the Borrower/Grantee and the NMFA, any vendor or any other person, the Borrower/Grantee shall make all deposits hereunder, from and to the extent of the available Pledged Revenues, when due and shall not withhold any deposit hereunder pending final resolution of such dispute, nor shall the Borrower/Grantee assert any right of set-off or counterclaim against its obligation to make such deposits required hereunder.

Section 6.4 Borrower/Grantee May Budget for Payments. The Borrower/Grantee may, in its sole discretion, but without obligation and subject to the Constitution of the State, governing laws, and its budgetary requirements, make available properly budgeted and legally available

funds to make the Loan Payments and other amounts owed by the Borrower/Grantee hereunder; provided, however, the Borrower/Grantee has not covenanted and cannot covenant to make such funds available and has not pledged any of such funds for such purpose.

Section 6.5 No Penalty for Prepayment of the Loan Amount. The Loan Amount shall be pre-payable by the Borrower/Grantee at the conclusion of the Interim Period without penalty.

Section 6.6 Lender/Grantor's Release of Lien and Further Assurances. Upon payment in full of the Loan Amount, Administrative Fee and other amounts owed by the Borrower/Grantee as herein provided in this Agreement and upon written request from the Borrower/Grantee the Lender/Grantor agrees to execute a release of lien and to give such further assurances as are reasonably necessary to ensure that the Lender/Grantor no longer holds or maintains any lien or claim against the Pledged Revenues.

ARTICLE VII
THE PROJECT

Section 7.1 Agreement to Acquire, Complete and Maintain the Project.

(a) The Borrower/Grantee hereby agrees that in order to effectuate the purposes of this Agreement and to acquire and complete the Project it shall take such steps as are necessary and appropriate to acquire, complete, operate, and maintain the Project lawfully and efficiently. The Project shall be constructed and completed substantially in accordance with the approved plans and specifications, and shall fully incorporate the available technologies and operational design for water use efficiency described in the approved plans and specifications. No Loan/Grant funds shall be used for items not constituting Eligible Items.

(b) As provided by NMSA 1978, § 72-4A-7(A)(1), as amended, of the Act, the Borrower/Grantee shall operate and maintain the Project in good operating condition and repair at all times during the Useful Life of the Project, so that the Project will function properly over the Useful Life of the Project; provided, that if any portion of the Project will be constructed, located, completed, installed or extended on real property owned by a qualifying entity (as defined by the Act) other than the Borrower/Grantee, the Borrower/Grantee may, prior to any use of the Loan/Grant funds for the Project on such real property, obtain the written agreement of such other qualifying entity to perform these obligations with respect to such real property (and the portion of the Project to be constructed, located, completed or extended on such real property), which written agreement shall be subject to approval by the Lender/Grantor and shall include an express statement by such other qualifying entity that the Lender/Grantor is a third party beneficiary of such written agreement.

Section 7.2 Accounting for Amounts Credited to the Project Account. So long as no Event of Default shall occur and provided that all Conditions to the disbursement of the Loan/Grant Amount have been satisfied (including approval of the plans and specifications), upon receipt by the NMFA of a requisition substantially in the form of Exhibit "C" attached hereto signed by an Authorized Officer of the Borrower/Grantee, supported by certification by the Borrower/Grantee's project architect, engineer, or such other authorized representative of the Borrower/Grantee that the amount of the disbursement request represents the progress of design, construction, acquisition

or other Project-related activities accomplished as of the date of the disbursement request, the NMFA shall, in its sole and absolute discretion: (1) submit a request for payment to the State Board of Finance for payment; and/or (2) disburse from the Water Project Fund, amounts which together are sufficient to pay the requisition in full. The NMFA shall make the appropriate entry in the Project Account reflecting the amount of the payment. The certification provided pursuant to this Section 7.2 in support of the requisition must be acceptable in form and substance to the NMFA and, at its request, the Water Trust Board. The Borrower/Grantee shall provide such records or access to the Project as the NMFA, and, at its request, the Water Trust Board, in the discretion of each, may request in connection with the approval of the Borrower/Grantee's requisition requests made hereunder.

Section 7.3 No Disbursement for Prior Expenditures Except upon Approval. No disbursement shall be made from the Water Project Fund of the Loan/Grant Amount, or any portion thereof, without the written approval of the NMFA and, at its request, the Water Trust Board, to reimburse any expenditure made prior to the Closing Date.

Section 7.4 Borrower/Grantee Reporting to Lender/Grantor. During the implementation, installation and construction of the Project, the Borrower/Grantee shall provide the Lender/Grantor with a quarterly written report executed by an Authorized Officer of the Borrower/Grantee, in the form attached as Exhibit "D" hereto or in another form reasonably acceptable to the Lender/Grantor, describing the status of the Project as of the report date, uses of Loan/Grant funds during the quarterly period ending on the report date, and requests for distributions of Loan/Grant funds anticipated to occur during the quarterly period immediately following the report date. The first quarterly report shall be due on _____, 202__, and subsequent reports shall be due on each March 31, June 30, September 30 and December 31 thereafter until the report date next following final distribution of the Loan/Grant funds. No reports shall be required after the report date next following final distribution of the Loan/Grant Funds, unless specifically required by the NMFA or the Water Trust Board. The description of the status of the Project in each quarterly report shall include, among other information, (a) a comparison of actual and anticipated requests for distributions of Loan/Grant funds as of the report date with those anticipated as of the Closing Date, (b) a description of actual and anticipated changes in the cost estimates for the Project as of the report date compared with those anticipated as of the Closing Date, (c) a description of the percentage of completion of the Project; and (d) a timeline of projected milestones.

Section 7.5 Completion of Disbursement of Loan/Grant Funds. Upon completion of the Project an Authorized Officer of the Borrower/Grantee shall deliver a certificate to the NMFA substantially in the form of Exhibit "E" attached hereto, stating that, to his or her knowledge, either (1) the Project has been completed, or (2) that the portion of the Loan/Grant Amount needed to complete the Project has been disbursed in accordance with the terms of this Agreement. No portion of the Loan/Grant Amount shall be disbursed after expiration of the Interim Period.

Section 7.6 Application of Project Account Subsequent to Disbursement of Loan/Grant Funds; Termination of Pledge.

(a) Upon the completion of the Project as signified by delivery of the completion certificate required by Section 7.5 hereof, the NMFA shall determine, by reference to

the Project Account, whether any portion of the authorized Loan/Grant Amount remains unexpended and shall dispose of such unexpended proceeds in accordance with law.

(b) In the event that a portion of the Loan/Grant Amount remains unexpended after the expiration of the Interim Period, the NMFA shall dispose of such funds in accordance with law.

Upon the occurrence of either event described in (a) or (b) above, the NMFA shall make the appropriate entry in the Project Account and, upon such entry, the pledge of the Loan/Grant Amount established in this Agreement shall terminate.

ARTICLE VIII
COMPLIANCE WITH LAWS AND RULES; OTHER COVENANTS

Section 8.1 Further Assurances and Corrective Instruments. The Lender/Grantor and the Borrower/Grantee agree that they will, from time to time, execute, acknowledge and deliver, or cause to be executed, acknowledged and delivered, such supplements hereto and such further instruments as may reasonably be required for correcting any inadequate or incorrect description of the Project or of the Pledged Revenues and for carrying out the intention hereof.

Section 8.2 Representatives of Lender/Grantor or of Borrower/Grantee. Whenever under the provisions hereof the approval of the Lender/Grantor or the Borrower/Grantee is required, or the Borrower/Grantee, or the Lender/Grantor is required to take some action at the request of either of them, such approval or such request shall be given for the Lender/Grantor or for the Borrower/Grantee, by an Authorized Officer of the Lender/Grantor or the Borrower/Grantee, as the case may be, and any party hereto shall be authorized to act on any such approval or request.

Section 8.3 Selection of Contractors. All contractors providing services or materials in connection with the Project shall be selected in accordance with applicable provisions of the New Mexico Procurement Code, NMSA 1978, §§ 13-1-28 through 13-1-199, as amended, or, if the Borrower/Grantee is not subject to the New Mexico Procurement Code, shall be selected in accordance with a documented procurement process duly authorized and established pursuant to laws and regulations applicable to the Borrower/Grantee.

Section 8.4 Non-Discrimination in Employment. Except as otherwise specifically provided in the laws, statutes, ordinances or regulations of the Borrower/Grantee, the Borrower/Grantee shall require in any contract or subcontract executed in connection with the Project to which the Borrower/Grantee is a party that there shall be no discrimination against any employee or applicant for employment because of race, color, creed, sex, religion, sexual preference, ancestry or national origin.

Section 8.5 Little Miller Act. To the extent NMSA 1978, § 13-4-1 et seq., (the "Little Miller Act") is applicable to the Project, the Borrower/Grantee shall comply with the requirements of the "Little Miller Act". If bonding requirements of the Little Miller Act are not applicable to the Project, the Borrower/Grantee will require that the contractor to whom is given any contract for construction appertaining to the Project supply a performance bond or bonds satisfactory to the

Borrower/Grantee. Any sum or sums derived from said performance bond or bonds shall be used within six (6) months after such receipt for the completion of said construction, and if not so used within such period, shall be treated as Gross Revenues.

Section 8.6 Required Contract Provisions. The Borrower/Grantee shall require the following provisions in any contract or subcontract executed in connection with the Project to which the Borrower/Grantee is a party:

(a) There shall be no discrimination against any employee or applicant for employment because of race, color, creed, sex, religion, sexual preference, ancestry or national origin; and

(b) Any contractor or subcontractor providing construction services in connection with the Project shall post a performance and payment bond in accordance with the requirements of NMSA 1978, § 13-4-18, as amended.

(c) Any contractor or subcontractor providing construction services in connection with the Project shall comply with the prevailing wage laws in accordance with the requirements of NMSA 1978, § 13-4-11, as amended.

Section 8.7 Application of Act and Board Rules. While this Agreement is outstanding, the Lender/Grantor and the Borrower/Grantee expressly acknowledge that this Agreement is governed by provisions and requirements of the Act and the Board Rules, as amended and supplemented, and all applicable provisions and requirements of the Act and Board Rules are incorporated into this Agreement by reference.

Section 8.8 Continuing Disclosure. The Borrower/Grantee shall provide continuing disclosure to the NMFA, as the NMFA may require, that shall include, but not be limited to: annual audits and notification of any event deemed material by the NMFA, including but not limited to, any event which may or does affect the Pledged Revenues, the ability of the Borrower/Grantee to repay the loan, and the default of the Borrower/Grantee in performance or observance of any covenant, term, or condition contained in any other loan agreement.

ARTICLE IX
INSURANCE; NON-LIABILITY OF LENDER/GRANTOR

Section 9.1 Insurance. The Borrower/Grantee shall carry general liability insurance or participate in the State's risk-management program and, to the extent required by the New Mexico Tort Claims Act, NMSA 1978, §§ 41-4-1 through 41-4-30, as amended, shall and hereby agrees to name the Lender/Grantor as an additional insured with respect to all claims, by or on behalf of any person, firm, corporation or other legal entity arising from the acquisition, completion or implementation of the Project or otherwise during the Agreement Term; provided, that if any portion of the Project will be constructed, located, completed or extended on real property owned by a qualifying entity (as defined by the Act) other than the Borrower/Grantee, the Borrower/Grantee may obtain the written agreement of such other qualifying entity to perform these insurance/risk-management program requirements for Borrower/Grantee with respect to such real property (and the portion of the Project to be constructed, located, completed or extended

on such real property), which written agreement shall include an express statement by such other qualifying entity that the Lender/Grantor is a third party beneficiary of such written agreement.

Section 9.2 Non-Liability of Lender/Grantor.

(a) Lender/Grantor shall not be liable in any manner for the Project, Borrower/Grantee's use of the Loan/Grant, the acquisition, implementation, construction, installation, ownership, operation or maintenance of the Project, or any failure to act properly by the Borrower/Grantee or any other owner or operator of the Project.

(b) Lender/Grantor shall not be liable for the refusal or failure of any other agency of the State to transfer any portion of the Loan/Grant Amount in its possession, custody and control to the NMFA for disbursement to the Borrower/Grantee, or to honor any request for such transfer or disbursement of the Loan/Grant Amount.

(c) From and to the extent of the Pledged Revenues, and to the extent permitted by law, the Borrower/Grantee shall and hereby agrees to indemnify and save the NMFA harmless against and from all claims, by or on behalf of any person, firm, corporation, or other legal entity, arising from the acquisition or operation of the Project during the Agreement Term, from: (i) any act of negligence or other misconduct of the Borrower/Grantee, or breach of any covenant or warranty by the Borrower/Grantee hereunder; and (ii) the incurrence of any cost or expense in connection with the acquisition or operation of the Project in excess of the Loan/Grant Agreement proceeds and interest on the investment thereof. The Borrower/Grantee shall indemnify and save the NMFA harmless, from and to the extent of the available Pledged Revenues, and to the extent permitted by applicable law, from any such claim arising as aforesaid from (i) or (ii) above, or in connection with any action or proceeding brought thereon and, upon notice from the NMFA, shall defend the NMFA in any such action or proceeding.

ARTICLE X
EVENTS OF DEFAULT AND REMEDIES

Section 10.1 Events of Default Defined. Any one of the following shall be an "Event of Default" under this Agreement:

(a) Failure by the Borrower/Grantee to pay any amount required to be paid under this Agreement on the date on which it is due and payable;

(b) Failure by the Borrower/Grantee to observe and perform any covenant, condition or agreement on its part to be observed or performed under this Agreement for a period of thirty (30) days after written notice, specifying such failure and requesting that it be remedied, is given to the Borrower/Grantee by the Lender/Grantor unless the Lender/Grantor shall agree in writing to an extension of such time prior to its expiration; provided, however, if the failure stated in the notice can be wholly cured within a period of time not materially detrimental to the rights of the Lender/Grantor but cannot be cured within the applicable thirty (30) day period, the Lender/Grantor will not unreasonably withhold their consent to an extension of such time if corrective action is instituted by the Borrower/Grantee within the applicable period and diligently pursued until the failure is corrected; and provided, further, that if by reason of force majeure the

Borrower/Grantee is unable to carry out the agreements on its part herein contained, the Borrower/Grantee shall not be deemed in default under this paragraph 10.1(b) during the continuance of such inability (but force majeure shall not excuse any other Event of Default); or

(c) Any warranty, representation or other statement by or on behalf of the Borrower/Grantee contained in this Agreement or in any instrument furnished in compliance with or in reference to this Agreement is false or misleading in any material respect;

(d) A petition is filed against the Borrower/Grantee under any bankruptcy, moratorium, reorganization, arrangement, insolvency, readjustment of debt, dissolution or liquidation law of any jurisdiction, whether now or hereafter in effect, and is not dismissed within thirty (30) days after such filing, but the NMFA shall have the right to intervene in the proceedings prior to the expiration of such thirty (30) days to protect their interests;

(e) The Borrower/Grantee files a petition in voluntary bankruptcy or seeking relief under any provision of any bankruptcy, moratorium, reorganization, arrangement, insolvency, readjustment of debt, dissolution or liquidation law of any jurisdiction, whether now or hereafter in effect, or consents to the filing of any petition against it under any such law; or

(f) The Borrower/Grantee admits insolvency or bankruptcy or its inability to pay its debts as they become due or is generally not paying its debts as such debts become due, or becomes insolvent or bankrupt or makes an assignment for the benefit of creditors, or a custodian (including, without limitation, a receiver, liquidator or trustee) of the Borrower/Grantee for any of its property is appointed by court order or takes possession thereof and such order remains in effect or such possession continues for more than thirty (30) days, but the NMFA shall have the right to intervene in the proceedings prior to the expiration of such thirty (30) days to protect their interests.

(g) Default by the Borrower/Grantee in performance or observance of any covenant contained in any other loan agreement, document or instrument of any type whatsoever evidencing or securing obligations of the Borrower/Grantee to the NMFA.

Section 10.2 Remedies on Default. Whenever any Event of Default has occurred and is continuing and subject to Section 10.3 hereof, the Lender/Grantor may take any or all of the following actions as may appear necessary or desirable to collect the payments then due and to become due or to enforce performance of any obligations of the Borrower/Grantee in this Agreement:

(a) File a mandamus proceeding or other action or proceeding or suit at law or in equity to compel the Borrower/Grantee to perform or carry out its duties under the law and the agreements and covenants required to be performed by it contained herein;

(b) Terminate this Agreement;

(c) Cease disbursing any further amounts from the Project Account;

(d) Demand that the Borrower/Grantee immediately repay the Loan/Grant Amount or any portion thereof if such funds were not utilized in accordance with this Agreement;

(e) File a suit in equity to enjoin any acts or things which are unlawful or violate the rights of the Lender/Grantor;

(f) Intervene in judicial proceedings that affect this Agreement or the Pledged Revenues; or

(g) Cause the Borrower/Grantee to account as if it were the trustee of an express trust for all of the Pledged Revenues;

(h) Take whatever other action at law or in equity may appear necessary or desirable to collect amounts then due and thereafter to become due under this Agreement or to enforce any other of its rights hereunder; or

(i) Apply any amounts in the Project Account toward satisfaction of any and all fees and costs incurred in enforcing the terms of this Agreement.

Section 10.3 Limitations on Remedies. A judgment requiring payment of money entered against the Borrower/Grantee shall be paid from only available Pledged Revenues unless the Borrower/Grantee in its sole discretion pays the judgment from other available funds.

Section 10.4 No Remedy Exclusive. No remedy herein conferred upon or reserved to the Lender/Grantor is intended to be exclusive, and every such remedy shall be cumulative and shall be in addition to every other remedy given hereunder or now or hereafter existing at law or in equity. No delay or omission to exercise any right or power accruing upon any default shall impair any such right or power or shall be construed to be a waiver thereof, but any such right and power may be exercised from time to time and as often as may be deemed expedient. In order to entitle the Borrower/Grantee or the Lender/Grantor to exercise any remedy reserved in this Article X, it shall not be necessary to give any notice, other than such notice as may be required in this Article X.

Section 10.5 Waivers of Events of Default. The Lender/Grantor may, in its sole discretion, waive any Event of Default hereunder and the consequences of any such Event of Default; provided, however, all expenses of the Lender/Grantor in connection with such Event of Default shall have been paid or provided for. Such waiver shall be effective only if made by a written statement of waiver issued by the NMFA. In case of any such waiver or rescission, or in case any proceeding taken by the Lender/Grantor, on account of any such Event of Default shall have been discontinued or abandoned or determined adversely, then and in every such case, the Lender/Grantor shall be restored to its former position and rights hereunder, respectively, but no such waiver or rescission shall extend to any subsequent or other Event of Default, or impair any right consequent thereon.

Section 10.6 No Additional Waiver Implied by One Waiver. In the event that any agreement contained herein should be breached by either party and thereafter waived by the other party, such waiver shall be in writing and limited to the particular breach so waived and shall not be deemed to waive any other breach hereunder.

Section 10.7 Agreement to Pay Attorneys' Fees and Expenses. In the event that the Borrower/Grantee shall default under any of the provisions hereof and the NMFA shall employ

attorneys or incur other expenses for the collection of payments hereunder, or the enforcement of performance or observance of any obligation or agreement on the part of the Borrower/Grantee herein contained, the Borrower/Grantee agrees that it shall, on demand therefor, pay to the NMFA the fees of such attorneys and such other expenses so incurred, to the extent such attorneys' fees and expenses may be determined to be reasonable by a court of competent jurisdiction; provided, however, that the obligation of the Borrower/Grantee under this Section shall be limited to expenditures from and to the extent of the available Pledged Revenues of the Borrower/Grantee.

ARTICLE XI
MISCELLANEOUS

Section 11.1 Notices. All notices, certificates or other communications hereunder shall be sufficiently given and shall be deemed given when delivered as follows:

If to the Borrower/Grantee, to:

City of Santa Fe
Attn.: Finance Director
200 Lincoln Ave
Albuquerque, New Mexico 87501

If to the NMFA, then to:

New Mexico Finance Authority
Attn.: Chief Executive Officer
810 W. San Mateo Road
Santa Fe, New Mexico 87505

The Borrower/Grantee or the Lender/Grantor may, by notice given hereunder, designate any further or different addresses to which subsequent notices, certificates or other communications shall be sent.

Section 11.2 Binding Effect. This Agreement shall inure to the benefit of and shall be binding upon the Lender/Grantor and the Borrower/Grantee and their respective successors and assigns, if any.

Section 11.3 Integration. This Agreement and any other agreements, certifications and commitments entered into between the Lender/Grantor and the Borrower/Grantee on the Closing Date constitute the entire agreement of the parties regarding the Loan/Grant and the funding of the Project through the Loan/Grant as of the Closing Date, and the terms of this Agreement supersede any prior applications, discussions, understandings or agreements between or among the parties in connection with the Loan/Grant, to the extent such prior applications, discussions, understandings or agreements are inconsistent with this Agreement.

Section 11.4 Amendments. This Agreement may be amended only with the written consent of both of the parties hereto. The consent of the NMFA for amendments not affecting the terms of payment of the loan component of this Agreement may be given by an Authorized Officer of the NMFA. The execution of any such consent by an Authorized Officer of the NMFA shall

constitute his or her determination that such amendment does not affect the terms of payment of the loan component of this Agreement.

Section 11.5 No Liability of Individual Officers, Directors or Trustees. No recourse under or upon any obligation, covenant or agreement contained in this Agreement shall be had against any member, employee, director or officer, as such, past, present or future, of the Lender/Grantor, either directly or through the NMFA, or against any officer, employee, director or member of the Borrower/Grantee, past, present or future, as an individual so long as such individual was acting in good faith. Any and all personal liability of every nature, whether at common law or in equity, or by statute or by constitution or otherwise, of any such officer, employee, director or member of the Borrower/Grantee or of the NMFA is hereby expressly waived and released by the Borrower/Grantee and by the NMFA as a condition of and in consideration for the execution of this Agreement.

Section 11.6 Severability. In the event that any provision of this Agreement, other than the obligation of the Borrower/Grantee to make the Loan Payments and the Administrative Fee hereunder, shall be held invalid or unenforceable by any court of competent jurisdiction, such holding shall not invalidate or render unenforceable any other provision hereof.

Section 11.7 Execution in Counterparts. This Agreement may be simultaneously executed in several counterparts, each of which shall be an original and all of which shall constitute but one and the same instrument.

Section 11.8 Applicable Law. This Agreement shall be governed by and construed in accordance with the laws of the State.

Section 11.9 Captions. The captions or headings herein are for convenience only and in no way define, limit or describe the scope or intent of any provisions or sections of this Agreement.

Section 11.10 Further Assurances and Corrective Instruments. The NMFA and the Borrower/Grantee will, from time to time, execute, acknowledge and deliver, or cause to be executed, acknowledged and delivered, such supplements hereto and such further instruments as may reasonably be required for correcting any inadequate or incorrect description of the Project or of the Pledged Revenues, or for otherwise carrying out the intention hereof.

Section 11.11 NMFA and Borrower/Grantee Representatives. Whenever under the provisions hereof the approval of the NMFA or the Borrower/Grantee is required, or the Borrower/Grantee or the NMFA is required to take some action at the request of the other, such approval or such request shall be given for the NMFA or for the Borrower/Grantee by an Authorized Officer of the NMFA or the Borrower/Grantee, as the case may be, and any party hereto shall be authorized to act on any such approval or request.

Section 11.12 CONSENT TO JURISDICTION. THE BORROWER/GRANTEE IRREVOCABLY AGREES THAT ALL ACTIONS OR PROCEEDINGS IN ANY WAY ARISING OUT OF OR RELATED TO THIS AGREEMENT OR THE DOCUMENTS SIGNED IN CONNECTION WITH THIS TRANSACTION WILL BE LITIGATED IN THE FIRST

JUDICIAL DISTRICT COURT, SANTA FE COUNTY, NEW MEXICO, PURSUANT TO NMSA 1978, § 6-21-26.

EXHIBIT "A"

TERM SHEET

$7,750.000 WATER PROJECT FUND LOAN/GRANT TO THE CITY OF SANTA FE, SANTA FE COUNTY, NEW MEXICO

Project Description:	The Project is for water conservation or recycling, treatment or reuse of water as provided by law. The Loan/Grant Amount will be used only for Eligible Items necessary to complete the Project. In particular, the Project will consist of construction of new flocculation and sedimentation improvements to the Canyon Road Water Treatment Plant, including demolition of existing clarifier equipment, structural additions, new flocculation and sedimentation equipment, all associated power, controls, process and chemical piping, and valves, new flocculation MCC electrical building and associated grading and paving, potable water yard piping relocation and all associated instrumentation, electrical, architectural and HVAC design components, and shall include such other related work and revisions necessary to complete the Project. The Project may be further described in the Application and in the final plans and specifications for the Project approved by the Water Trust Board and the NMFA as provided by this Agreement. However, in the event of any inconsistency, the description of the Project as stated in this Term Sheet shall control.
Grant Amount:	$4,650,000
Loan Amount:	$3,100,000
Pledged Revenues:	"Pledged Revenues" means the Net Revenues of the System of the Borrower/Grantee pledged to the payment of the Loan Payments and Administrative Fees pursuant to the Ordinance and the Agreement.
Outstanding Senior Obligations for Pledged Revenues:	City of Santa Fe, New Mexico Water Utility System Refunding Revenue Bonds, Series 2016, DW-1475, DW-2696, NMED Loan CWSRF 140

Total Amount $_____ Invoice No.(s) _____
Purpose of Payment _____
Eligible Item Category _____

Vendor Name _____
Total Amount $_____ Invoice No.(s) _____
Purpose of Payment _____
Eligible Item Category _____

III. WIRING INFORMATION:

BANK NAME:	
ABA ROUTING NUMBER:	
ACCOUNT NUMBER:	

IV. MATCH INFORMATION

AMOUNT OF LOCAL MATCH EXPENDED SINCE LAST REQUISITION: $_____

Attach proof of expenditures for hard match (detailed invoices, cancelled checks, wire transfer receipt, bank statement, etc.) and written certification of type and value of any soft match.

AMOUNT OF LOCAL MATCH EXPENDED TO DATE: $_____

TOTAL REQUIRED MATCH: $_____

V. VERIFICATION AND AUTHORIZATION

Each obligation, item of cost or expense mentioned herein is for a loan/grant made by the Lender/Grantor pursuant to the Water Project Finance Act to the Borrower/Grantee within the State of New Mexico, is due and payable, has not been the subject of any previous requisition, and is a proper charge against the Project Account. All representations contained in the Agreement and the related closing documents remain true and correct, and the Borrower/Grantee is not in breach of any of the covenants contained therein.

The proceeds of the Loan/Grant are to be used to pay the costs of Eligible Items, as defined in the Agreement. Eligible Items include (1) planning, designing, construction, improving or expanding a qualified project; (2) developing engineering feasibility reports for Qualified Projects; (3) inspecting construction of Qualified Projects; (4) providing professional services; (5) completing environmental assessments or archeological clearances and other surveys for Qualified Projects; (6) acquiring land, easements or rights of way; (7) eligible legal costs associated with development of Qualified Projects, within limits set forth in the Loan/Grant Agreement.

All construction and all installation of equipment with proceeds of the Loan/Grant has or will be used in accordance with plans and/or specifications approved on behalf of the New Mexico Finance Authority by the New Mexico Environment Department and/or the Office of the State Engineer, has or will be acquired in compliance with applicable procurement laws and regulations, and has or will be inspected and approved in accordance with applicable laws and regulations.

Capitalized terms used herein, are used as defined or used in the Loan/Grant Agreement.

FISCAL IMPACT REPORT

General Information:

(Check) **Bill:** X **Resolution:** _____

Short Title(s): 6314 CRWTP Improvements Loan and Grant Agreement for $7,750,000

Sponsor(s): Councilor Amanda Chavez

Reviewing Department(s): Public Utilities Department

Staff Completing FIR: Alan Hook, Water Resources Coordinator
Date: 1/1/2026 **Phone:** (505) 955-4205

Reviewed by City Attorney: Marcos Martinez (Jan 23, 2026 16:31:13 MST) **Date:** 01/23/2026

Reviewed by Finance Director: ANDREA PHILLIPS (Jan 23, 2026 16:32:31 MST) **Date:** 01/23/2026

Summary:
The proposed bill would authorized the execution and delivery of both a Water Project Fund loan of $3,100,000 as well as a grant of $4,650,000 between the New Mexico Finance Authority (NMFA) and the City of Santa Fe ("City"), New Mexico. The total amount, $7,750,000, would finance the cost of construction of new flocculation and sedimentation improvements to the Canyon Road Water Treatment Plant. The bill specifies that both the loan and the grant be utilized solely for the eligible project costs, pursuant to NMSA 1978 § 72-4A-7. With respect to the loan debt, the bill pledges that the City would pay the loan amount and administrative fee directly from the net revenues of the water utility system of the City.

Departments Affected:
Public Utilities Department

Consequences of Not Enacting Legislation:
If this legislation is not adopted, the City will not authorize funds for a total of $7,750,000 in the form of a loan of $3,100,000 and a grant of $4,650,000.

Conflict, Duplication, Companionship, or Relationship to Other Legislation:
None.

Performance and Administrative Implications:
This project is necessary because the equipment/processes being replaced and upgraded have reached the end of their useful life. This project replaces aging infrastructure with new state-of-the art infrastructure and is needed to keep this vital water treatment plant in service for years to come. This project combined with other planned upgrades will also increase the capacity of the water treatment plant.

Fiscal Implications:
If this bill is adopted, the City will accept funds from NMFA in the total amount of seven million seven hundred fifty thousand dollars ($7,750,000) for the purpose of financing the costs of construction of new flocculation and sedimentation improvements to the Canyon Road Water Treatment Plant. These funds take the form of two agreements – a loan for three million one hundred thousand dollars ($3,100,000) and a grant for four million six hundred fifty thousand dollars ($4,650,000). The loan portion of the agreement is to be paid back within 20 years at an interest rate of 0.025%.

Fiscal Impact
