Funding for this project was provided in the FY25 one time allocation from fund balances for deferred maintenance to facilities.

A. ELECTRONIC RECORD AND SIGNATURE DISCLOSURE (ERSD)

From time to time, New Mexico General Services Department (GSD), on behalf of the State of New Mexico (SONM), may be required by law to provide you with certain written notices or disclosures. Stated below are the terms and conditions for GSD's providing you such notices and disclosures electronically through the DocuSign system. Please read this information carefully. If you are able to access this information electronically and agree to **this Electronic Record and Signature Disclosure (ERSD)**, please confirm your agreement by selecting the check-box next to "I agree to use electronic records and signatures" before clicking "CONTINUE" within the DocuSign system.

B. Obtaining paper copies

At any time up to twenty (20) calendar days following your use of DocuSign to electronically sign a document, you may request a paper copy of any record provided or made available electronically to you by GSD. You will have the ability to download and print documents SONM sends you through the DocuSign system during and immediately after the signing session and, if you elect to create a DocuSign account, you may access the documents for a twenty (20) calendar day period after such documents are first sent to you. Following the twenty (20) day period, if you want GSD to send you paper copies of any such documents from GSD's office, you will be charged a $1.00 per-page fee plus postage. You may request delivery of such paper copies from GSD by following the procedure stated in Section H, below.

C. Withdrawing your consent

If you decide to receive notices and disclosures from GSD electronically, you may at any time change your mind and inform GSD you want to receive required notices and disclosures only in paper format. The procedure concerning how you may inform GSD of your decision to receive future notices and disclosures in paper format as well as withdraw your consent to receive notices and disclosures electronically is stated in Section D, immediately below.

D. Consequences of changing your mind

If you elect to receive required notices and disclosures only in paper format, it will slow the speed with which GSD will be able to complete certain steps in specific transactions and deliver paper copies to you. GSD will need: (1) to send the required notices or disclosures to you in paper format; and (2) wait until GSD receives your acknowledgment of your receipt of such paper notices or disclosures. Further, you will no longer be able to use the DocuSign system to receive required notices and consents electronically from SONM or to electronically sign documents generated and sent to you from SONM.

E. All notices and disclosures will be sent to you electronically

Unless you inform GSD otherwise according to these procedures, GSD will electronically provide you through the DocuSign system all required notices, disclosures, authorizations, acknowledgements and other documents that are required to be provided or made available to you during the course of your electronic signature relationship with SONM. To reduce the possibility of inadvertent non-receipt, GSD prefers to provide all required notices and disclosures by the same method and to the same email or physical address that you furnish to GSD. Thus, you may receive the disclosures and notices electronically or in paper form. If you do not agree with this procedure, please inform GSD according to the procedures stated in Section I, below. Please also refer to Section D, immediately above, which states the consequences resulting from your declination of electronic delivery of notices and disclosures.

F. How to contact GSD:

You may inform General Services Department (GSD) of any changes you select regarding State Purchasing Division's (SPD) electronic communications with you, to request paper copies of certain information from SPD, and to withdraw your prior consent to receive notices and disclosures electronically by emailing your request(s) to SPD at: *GSD.SPDinfo@state.nm.us*

G. To advise SPD of your new email address

To inform SPD of a change in the email address to which SPD sends you notices and disclosures electronically, you must send an email to SPD at *GSD.SPDinfo@state.nm.us* and in the body of such request you must include your previous and new email addresses.

H. To request paper copies from SPD

To request delivery of paper copies of electronic notices and disclosures that DocuSign and/or SPD have previously provided to you, you must send an email to SPD at *GSD.SPDinfo@state.nm.us* and in the body of your email request state your email address, full name, mailing address, and telephone number. SPD will charge you a $1.00 per page copy fee plus postage.

I. To withdraw your consent with SPD

To inform SPD that you no longer wish to receive notices and disclosures in electronic format you may:

(1) Decline to sign a document from within a signing session, and on the subsequent page, select the check-box indicating you wish to withdraw your consent, or you may:

(2) Send SPD an email to *GSD.SPDinfo@state.nm.us* and in the body of your request state your email address, full name, mailing address, and telephone number.

J. Required hardware and software

The minimum system requirements for using the DocuSign system may change over time. The current DocuSign system requirements may be found at:
https://support.docusign.com/guides/signer-guide-signing-system-requirements

K. Acknowledging your access and consent to receive and sign documents electronically

To confirm that you are able to electronically access the information contained in this Electronic Record and Signature Disclosure (ERSD), please confirm that you have: (1) read this ERSD, and either: (2) you are able to print on paper or electronically save this ERSD for your future reference and access; or (3) you are able to email this ERSD to an email address where you will be able to print this ERSD on paper and/or save this ERSD for your future reference and access. Further, if you consent to receiving notices and disclosures from DocuSign and/or SPD exclusively in electronic format, then select the check-box next to "I agree to use electronic records and signatures," before you click "CONTINUE" within the DocuSign system.

By selecting the check-box next to "I agree to use electronic records and signatures," you confirm that:

- You have read this Electronic Record and Signature Disclosure (ERSD); and
- You can print this ERSD on paper, or you can save and/ or send this ERSD to a location where you can print this ERSD, for your future reference and access; and
- Until or unless you notify SPD as stated in this ERSD, you consent to exclusively receive through electronic means all notices, disclosures, authorizations, acknowledgements, and other documents that are required to be provided or made available to you by SPD during the course of your electronic signature relationship with SPD.

Subject: Genoveva Chavez Community Center On-Call HVAC, Mechanical & Plumbing Services

Vendor Name: B&D Industries

Munis Vendor Number: 3970

ACTION:
Request for Approval of a General Services Contract with B&D Industries in the Total Amount of $1,000,000 for On-Call Plumbing, Mechanical, and HVAC Services Through June 30, 2028.

CONTRACT NUMBER:
The FY25 Munis contract number is 3250173.

BACKGROUND AND SUMMARY:
The Public Works Department's Facilities Division uses on-call services throughout the City's facilities and properties including Recreation Division facilities. These on-call services allow us to address issues, needs, and emergencies as they arise in a timely and efficient manner. The Facilities Division typically maintains on-call contracts for general contracting, mechanical, electrical and plumbing, roofing, remediation, and landscaping.

This on-call contract is for plumbing, mechanical, and HVAC services at the Genoveva Chavez Community Center Ice Arena. Due to the size and complexity of this facility, a dedicated contract will help ensure that the Genoveva Chavez issues will receive support and services required to maintain operability and services to the public.

These on-call contracts are not a guarantee of payment. Services are used as needs arise and funding is available. Each time an on-call contact is used the vendor receives a formal request or 'task order' from Staff.

The $1,000,000 maximum for this contract is based on anticipated needs over the next four years.

Contractor is responsible for notifying the City when the services provided under this Contract reach the total compensation amount. In no event will the Contractor be paid for services provided in excess of the total compensation amount without this Contract being amended in writing prior to those services in excess of the total compensation amount being provided.

C. Contractor must submit a detailed statement accounting for all services performed and expenses incurred. If the City finds that the services are not acceptable, within thirty days after the date of receipt of written notice from the Contractor that payment is requested, it shall provide the Contractor a letter of exception explaining the defect or objection to the services, and outlining steps the Contractor may take to provide remedial action. Upon certification by the City that the services have been received and

accepted, payment shall be tendered to the Contractor within twenty-one days after the date of acceptance. If payment is made by mail, the payment shall be deemed tendered on the date it is postmarked.

D. If the City fails to pay the contractor within twenty-one days after receipt of an undisputed request for payment, the City shall pay interest to the contractor beginning on the twenty-second day after payment was due, computed at one and one-half percent of the undisputed amount per month or fraction of a month until the payment is issued. If the City receives an improperly completed invoice, the City shall notify the sender of the invoice within seven days of receipt in what way the invoice is improperly completed, and the owner has no further duty to pay on the improperly completed invoice until it is resubmitted as complete.

E. **Notice of Extended Payment Provision for Grant Funded Contracts**. This contract allows the City to make payment within 45 days after submission of an undisputed request for payment for contracts funded by grant money consistent with NMSA 1978, sec. 57-28-5(B).

3. Term

THIS CONTRACT SHALL NOT BECOME EFFECTIVE UNTIL APPROVED IN WRITING BY THE CITY. This contract shall terminate **four (4) years from date of final signature**. The City reserves the right to renew this contract on an annual basis by mutual agreement not to exceed a total of ten (10) years in accordance with NMSA 1978, Sections 13-1-150 through 152.

4. Termination

A. Grounds. The City may terminate this Contract for convenience or cause. For contracts within their authority, the City Manager or their designee is authorized to provide the notice of termination, otherwise such notice of termination shall be provided by the Mayor or their designee as authorized by the Governing Body. 2) Contractor shall give City written notice of termination at least thirty (30) days prior to the intended date of termination, which notice shall (i) identify all the City's material breaches of this Contract upon which the termination is based and (ii) state what the City must do to cure such material breaches. Contractor's notice of termination shall only be effective (i) if the City does not cure all material breaches within the thirty (30) day notice period or (ii) in the case of material breaches that cannot be cured within thirty (30) days, the City does not, within the thirty (30) day notice period, notify the Contractor of its intent to cure and begin with due diligence to cure the material breach.

3) Notwithstanding the foregoing, this Contract may be terminated immediately upon written notice to the Contractor (i) if the Contractor becomes unable to perform the services contracted for, as determined by the City; (ii) if, during the term of this Contract, the Contractor is suspended or debarred by the City; or (iii) the Contract is terminated pursuant to Paragraph 5, "Appropriations," of this Contract.

C. Liability. Except as otherwise expressly allowed or provided under this Contract, the City's sole liability upon termination shall be to pay for acceptable work performed prior to the Contractor's receipt or issuance of a notice of termination; provided, however, that a notice of termination shall not nullify or otherwise affect either party's liability for pre-termination defaults under or breaches of this Contract.

The Contractor shall submit an invoice for such work within thirty (30) days of receiving or sending the notice of termination. *THIS PROVISION IS NOT EXCLUSIVE AND DOES NOT WAIVE THE CITY'S OTHER LEGAL RIGHTS AND REMEDIES CAUSED BY THE CONTRACTOR'S DEFAULT/BREACH OF THIS CONTRACT.*

5. Appropriations

The terms of this Contract are contingent upon sufficient appropriations and authorization being made by the Governing Body for the performance of this Contract. If sufficient appropriations and authorization are not made by the Governing Body, this Contract shall terminate immediately upon written notice being given by the City to the Contractor. The City's decision as to whether sufficient appropriations are available shall be accepted by the Contractor and shall be final. If the City proposes an amendment to the Contract to unilaterally reduce funding, the Contractor shall have the option to terminate the Contract or to agree to the reduced funding, within thirty (30) days of receipt of the proposed amendment.

6. Status of Contractor

The Contractor and its agents and employees are independent contractors performing construction services for the City and are not employees of the City. The Contractor and its agents and employees shall not accrue leave, retirement, insurance, bonding, use of City vehicles, or any other benefits afforded to employees of the City as a result of this Contract. The Contractor acknowledges that all sums received hereunder are reportable by the Contractor for tax purposes, including without limitation, self-employment and business income tax. The Contractor agrees not to purport to bind the City unless the Contractor has express written authority to do so, and then only within the strict limits of that authority.

7. Construction Contract Performance and Payment Bond

A. When a construction contract is awarded in excess of twenty-five thousand dollars ($25,000), the following bonds or security shall be delivered to the City and shall become binding on the parties upon the execution of the contract. If the Contractor fails to deliver the required performance and payment bonds, the Contractor's bid shall be rejected, its bid security shall be enforced to the extent of actual damages. Award of the contract shall be made pursuant to the Procurement Code in the following manner:

9. Subcontracting

The Contractor shall not subcontract any portion of the services to be performed under this Contract without the prior approval of the City. No such subcontract shall relieve the primary Contractor from its obligations and liabilities under this Contract, nor shall any subcontract obligate direct payment from the City.

10. Release

Final payment of the amounts due under this Contract shall operate as a release of the City, its officers and employees from all liabilities, claims and obligations whatsoever arising from or under this Contract.

11. Confidentiality

Any confidential information provided to or developed by the Contractor in the performance of this Contract shall be kept confidential and shall not be made available to any individual or organization by the Contractor without the prior written approval of the City.

13. Conflict of Interest; Governmental Conduct Act

A. The Contractor represents and warrants that it presently has no interest and, during the term of this Contract, shall not acquire any interest, direct or indirect, which would conflict in any manner or degree with the performance or services required under the Contract.

B. The Contractor further represents and warrants that it has complied with, and, during the term of this Contract, will continue to comply with, and that this Contract complies with all applicable provisions of the Governmental Conduct Act, Chapter 10, Article 16 NMSA 1978.

C. Contractor's representations and warranties in Paragraphs A and B of this Article 12 are material representations of fact upon which the City relied when this Contract was entered into by the parties. Contractor shall provide immediate written notice to the City if, at any time during the term of this Contract, Contractor learns that Contractor's representations and warranties in Paragraphs A and B of this Article 12 were erroneous on the effective date of this Contract or have become erroneous by reason of new or changed circumstances. If it is later determined that Contractor's representations and warranties in Paragraphs A and B of this Article 12 were erroneous on the effective date of this Contract or have become erroneous by reason of new or changed circumstances, in addition to other remedies available to the City and notwithstanding anything in the Contract to the contrary, the City may immediately terminate the Contract.

D. All terms defined in the Governmental Conduct Act have the same meaning in this section.

14. Amendment

A. This Contract shall not be altered, changed or amended except by instrument in writing executed by the parties hereto and all other required signatories.

B. If the City proposes an amendment to the Contract to unilaterally reduce funding due to budget or other considerations, the Contractor shall, within thirty (30) days of receipt of the proposed Amendment, have the option to terminate the Contract, pursuant to the termination provisions as set forth in Article 4 herein, or to agree to the reduced funding.

15. Change Orders

A. Changes. The Contractor may only make changes or revisions within the Scope of Work as defined by Article 1 and/or Exhibit 1 after receipt of written approval by the City Manager or his/her designee. 3) Compensation of any Deliverable, as outlined in the Scope of Work;
4) Contract compensation, as outlined in Article 2; or
5) Contract termination, as outlined in Article 4.

B. Change Request Process. In the event that circumstances warrant a change to accomplish the Scope of Work as described above, a Change Request shall be submitted that meets the following criteria:

1) The Project Manager shall draft a written Change Request for review and approval by the City Manager to include:
   (a) the name of the person requesting the change;
   (b) a summary of the required change;
   (c) the start date for the change;
   (d) the reason and necessity for change;
   (e) the elements to be altered; and
   (f) the impact of the change.

2. The Facilities Division Director or Director of Public Works shall provide a written decision on the Change Request to the Contractor within a maximum of ten (10) Business Days of receipt of the Change Request. All decisions made by the City Manager are final. Change Requests, once approved, become a part of the Contract, and become binding as a part of the original Contract.

16. Merger

This Contract incorporates all the agreements, covenants, and understandings between the parties hereto concerning the subject matter hereof, and all such covenants, agreements and understandings have been merged into this written contract.

This Contract is issued against the state or agency Master Agreement, established and maintained by the State of New Mexico (issuing entity), NM Statewide Price Agreement (SWPA) #30-00000-23-00084 and through this language hereby incorporates this Contract by reference and is included in the order of precedence.

Electronic Record and Signature Disclosure

ELECTRONIC RECORD AND SIGNATURE DISCLOSURE

A. ELECTRONIC RECORD AND SIGNATURE DISCLOSURE (ERSD)

From time to time, New Mexico General Services Department (GSD), on behalf of the State of New Mexico (SONM), may be required by law to provide you with certain written notices or disclosures. Stated below are the terms and conditions for GSD's providing you such notices and disclosures electronically through the DocuSign system. Please read this information carefully. If you are able to access this information electronically and agree to **this Electronic Record and Signature Disclosure (ERSD)**, please confirm your agreement by selecting the check-box next to "I agree to use electronic records and signatures" before clicking "CONTINUE" within the DocuSign system.

B. Obtaining paper copies

At any time up to twenty (20) calendar days following your use of DocuSign to electronically sign a document, you may request a paper copy of any record provided or made available electronically to you by GSD. You will have the ability to download and print documents SONM sends you through the DocuSign system during and immediately after the signing session and, if you elect to create a DocuSign account, you may access the documents for a twenty (20) calendar day period after such documents are first sent to you. Following the twenty (20) day period, if you want GSD to send you paper copies of any such documents from GSD's office, you will be charged a $1.00 per-page fee plus postage. You may request delivery of such paper copies from GSD by following the procedure stated in Section H, below.

C. Withdrawing your consent

If you decide to receive notices and disclosures from GSD electronically, you may at any time change your mind and inform GSD you want to receive required notices and disclosures only in paper format. The procedure concerning how you may inform GSD of your decision to receive future notices and disclosures in paper format as well as withdraw your consent to receive notices and disclosures electronically is stated in Section D, immediately below.

D. Consequences of changing your mind

If you elect to receive required notices and disclosures only in paper format, it will slow the speed with which GSD will be able to complete certain steps in specific transactions and deliver paper copies to you. GSD will need: (1) to send the required notices or disclosures to you in paper format; and (2) wait until GSD receives your acknowledgment of your receipt of such paper notices or disclosures. Further, you will no longer be able to use the DocuSign system to receive required notices and consents electronically from SONM or to electronically sign documents generated and sent to you from SONM.

E. All notices and disclosures will be sent to you electronically

Unless you inform GSD otherwise according to these procedures, GSD will electronically provide you through the DocuSign system all required notices, disclosures, authorizations, acknowledgements and other documents that are required to be provided or made available to you during the course of your electronic signature relationship with SONM. To reduce the possibility of inadvertent non-receipt, GSD prefers to provide all required notices and disclosures by the same method and to the same email or physical address that you furnish to GSD. Thus, you may receive the disclosures and notices electronically or in paper form. If you do not agree with this procedure, please inform GSD according to the procedures stated in Section I, below. Please also refer to Section D, immediately above, which states the consequences resulting from your declination of electronic delivery of notices and disclosures.

F. How to contact GSD:

You may inform General Services Department (GSD) of any changes you select regarding State Purchasing Division's (SPD) electronic communications with you, to request paper copies of certain information from SPD, and to withdraw your prior consent to receive notices and disclosures electronically by emailing your request(s) to SPD at: *GSD.SPDinfo@state.nm.us*

G. To advise SPD of your new email address

To inform SPD of a change in the email address to which SPD sends you notices and disclosures electronically, you must send an email to SPD at *GSD.SPDinfo@state.nm.us* and in the body of such request you must include your previous and new email addresses.

H. To request paper copies from SPD

To request delivery of paper copies of electronic notices and disclosures that DocuSign and/or SPD have previously provided to you, you must send an email to SPD at *GSD.SPDinfo@state.nm.us* and in the body of your email request state your email address, full name, mailing address, and telephone number. SPD will charge you a $1.00 per page copy fee plus postage.

I. To withdraw your consent with SPD

To inform SPD that you no longer wish to receive notices and disclosures in electronic format you may:

(1) Decline to sign a document from within a signing session, and on the subsequent page, select the check-box indicating you wish to withdraw your consent, or you may:

(2) Send SPD an email to *GSD.SPDinfo@state.nm.us* and in the body of your request state your email address, full name, mailing address, and telephone number.

J. Required hardware and software

The minimum system requirements for using the DocuSign system may change over time. The current DocuSign system requirements may be found at:
https://support.docusign.com/guides/signer-guide-signing-system-requirements

K. Acknowledging your access and consent to receive and sign documents electronically

To confirm that you are able to electronically access the information contained in this Electronic Record and Signature Disclosure (ERSD), please confirm that you have: (1) read this ERSD, and either: (2) you are able to print on paper or electronically save this ERSD for your future reference and access; or (3) you are able to email this ERSD to an email address where you will be able to print this ERSD on paper and/or save this ERSD for your future reference and access. Further, if you consent to receiving notices and disclosures from DocuSign and/or SPD exclusively in electronic format, then select the check-box next to "I agree to use electronic records and signatures," before you click "CONTINUE" within the DocuSign system.

By selecting the check-box next to "I agree to use electronic records and signatures," you confirm that:

- You have read this Electronic Record and Signature Disclosure (ERSD); and
- You can print this ERSD on paper, or you can save and/ or send this ERSD to a location where you can print this ERSD, for your future reference and access; and
- Until or unless you notify SPD as stated in this ERSD, you consent to exclusively receive through electronic means all notices, disclosures, authorizations, acknowledgements, and other documents that are required to be provided or made available to you by SPD during the course of your electronic signature relationship with SPD.

B. NOTICE OF OCCURRENCE

The **Named Insured's** rights under this **Coverage Part** will not be prejudiced if the **Named Insured** fails to give the Insurer notice of an **occurrence**, offense or **claim** and that failure is solely due to the **Named Insured's** reasonable belief that the **bodily injury** or **property damage** is not covered under this **Coverage Part**. However, the **Named Insured** shall give written notice of such **occurrence**, offense or **claim** to the Insurer as soon as the **Named Insured** is aware that this insurance may apply to such **occurrence**, offense or **claim**.

WHEREAS, pursuant to Sections 9-6-5 and 9-6-5.1 NMSA 1978, the Secretary of the Department of Finance and Administration has the power and the authority to (i) maintain long-range estimates and plans for capital projects and develop standards for measuring the need for, and utility of, proposed projects; (ii) contract for, receive and utilize any grants or other financial assistance made available by the United States government or by any other source, public or private; (iii) provide planning and funding assistance to units of local government, council of government organizations, Indian tribal governments situated within New Mexico, and to nonprofit entities having for their purpose local, regional or community betterment; (iv) incident to any such programs, may enter into contracts and agreements with such units of local government, council of government organizations, Indian tribal governments, nonprofit entities and the federal government; and (v) delegate such authority to the Local Government Division as being necessary and appropriate to such delegation;

AGREEMENT

NOW, THEREFORE, in consideration of the mutual covenants and obligations contained herein, the parties hereby mutually agree as follows:

ARTICLE I. PROJECT DESCRIPTION, AMOUNT OF GRANT AND REVERSION DATE

A. The project that is the subject of this Agreement is described as follows:

24-I3145 $175,000.00 APPROPRIATION REVERSION DATE: June 30, 2028

Laws of 2024, Chapter 66, Section 28, Paragraph 503, One Hundred Seventy-five Thousand ($175,000.00), from the General Fund 93100 to plan, design and construct accessibility improvements for a cultural museum space in a multipurpose building in the Railyard area in Santa Fe in Santa Fe county;

The Grantee's total reimbursements shall not exceed One Hundred Seventy-five Thousand $175,000.00 (the "Appropriation Amount") minus the allocation for Art in Public Places ("AIPP amount")[1], if applicable, Zero $0.00, which equals One Hundred Seventy-five Thousand $175,000.00 (the "Adjusted Appropriation Amount").

In the event of a conflict among the Appropriation Amount, the Reversion Date, as defined herein and/or the purpose of the Project, as set forth in this Agreement, and the corresponding appropriation language in the laws cited above in this Article I(A), the language of the laws cited herein shall control.

This project is referred to throughout the remainder of this Agreement as the "Project"; the information contained in Article I(A) is referred to collectively throughout the remainder of this Agreement as the "Project Description." [Optional Language if special conditions apply. Attachment A sets forth additional or more stringent requirements and conditions, which are incorporated by this reference as if set forth fully herein. If Optional Attachment A imposes more stringent requirements than any requirement set forth in this Agreement, the more stringent requirements of Attachment A shall prevail, in the event of irreconcilable conflict.] The Grantee shall reference the Project's number in all correspondence with and submissions to the Department concerning the Project, including, but not limited to, Requests for Payment and reports.

ARTICLE II. LIMITATION ON DEPARTMENT'S OBLIGATION TO MAKE GRANT DISBURSEMENT TO GRANTEE

A. Upon the Effective Date of this Agreement, for permissible purposes within the scope of the Project Description, the Grantee shall only be reimbursed monies for which the Department has issued and the Grantee has received a Notice of Department's Obligation to Reimburse Grantee (hereinafter referred to as "Notice of Obligation"). This Grant Agreement and the disbursement of any and all amounts of the above referenced Adjusted Appropriation Amount are expressly conditioned upon the following:

i. Irrespective of any Notice of Obligation, the Grantee's expenditures shall be made on or before the Reversion Date and, if applicable, an Early Termination Date (i.e., the goods have been delivered and accepted or the title to the goods has been transferred to the Grantee and/or the services have been rendered for the Grantee); and

ii. The total amount received by the Grantee shall not exceed the lesser of: (a) the Adjusted Appropriation Amount identified in Article I(A) herein or (b) the total of all amounts stated in the Notice(s) of Obligation evidencing that the Department has received and accepted the Grantee's Third Party Obligation(s), as defined in subparagraph iii of this Article II(A); and

iii. The Grantee's expenditures were made pursuant to the State Procurement Code and execution of binding written obligations or purchase orders with third party contractors or vendors for the provision of services, including professional services, or the purchase of tangible personal property and real property for the Project, hereinafter referred to as "Third Party Obligations"; and

iv. The Grantee's submittal of timely Requests for Payment in accordance with the procedures set forth in Article IX of this Agreement; and

v. In the event that capital assets acquired with Project funds are to be sold, leased, or licensed to or operated by a private entity, the sale, lease, license, or operating agreement:

a. must be approved by the applicable oversight entity (if any) in accordance with law; or

b. if no oversight entity is required to approve the transaction, the Department must approve the transaction as complying with law.

Prior to the sale, lease, license, or operating agreement being approved pursuant to Articles II(A)(v)(a) and II(A)(v)(b) herein, the Department may, in its sole and absolute discretion and unless inconsistent with State Board of Finance imposed conditions, reimburse the Grantee for necessary expenditures incurred to develop the Project sufficiently to make the sale, lease, license, or operating agreement commercially feasible, such as plan and design expenditures; and

vi. The Grantee shall request approval of its obligation(s) by submitting a Notice of Obligation form as provided by the Department. The Grantee's submission of documentation of all Third Party Obligations and amendments thereto (including terminations) to the Department and the Department's issuance and the Grantee's receiving of a Notice of Obligation for a particular amount in accordance with the terms of this Agreement shall be governed by the following:

a. The Grantee shall submit to the Department one copy of all Third Party Obligations and amendments thereto (including terminations) as soon as possible after execution by the Third Party **but prior to execution by the Grantee.**

b. Grantee acknowledges and agrees that if it chooses to enter into a Third Party Obligation prior to receiving a Notice of Obligation that covers the expenditure, it is solely responsible for such obligations.

c. The Department may, in its sole and absolute discretion, issue to Grantee a Notice of Obligation for the particular amount of that Third Party Obligation that only obligates the Department to reimburse Grantee's expenditures made on or before the Reversion Date or an Early Termination Date.

d. The date the Department signs the Notice of Obligation is the date that the Department's Notice of Obligation is effective. After that date, the Grantee is authorized to budget the particular amount set forth in the Notice of Obligation, execute the Third Party Obligation and request the Third Party to begin work. Payment for any work performed or goods received prior to the effective date of the Notice of Obligation is wholly and solely the obligation of the Grantee.

B. The Grantee shall implement, in all respects, the Project. The Grantee shall provide all necessary qualified personnel, material, and facilities to implement the Project. The Grantee shall finance its share (if any) of the costs of the Project, including all Project overruns.

C. Project funds shall not be used for purposes other than those specified in the Project Description.

D. Unless specifically allowed by law, Project funds cannot be used to reimburse Grantee for indirect Project costs.

---

[1]The AIPP amount is "an amount of money equal to one percent or two hundred thousand dollars ($200,000), whichever is less, of the amount of money appropriated for new construction or any major renovation exceeding one hundred thousand dollars ($100,000)." Section 13-4A-4 NMSA 1978.

[2]"Reimburse" as used throughout this Agreement includes Department payments to the Grantee for invoices received, but not yet paid, by the Grantee from a third party contractor or vendor, if the invoices comply with the provisions of this Agreement and are a valid liability of the Grantee.

ARTICLE IV. REVERSION DATE, TERM, DEADLINE TO EXPEND FUNDS

A. As referenced in Article I(A), the applicable law establishes a date by which Project funds must be expended by Grantee, which is referred to throughout the remainder of this Agreement as the "Reversion Date." Upon being duly executed by both parties, this Agreement shall be effective as of the date of execution by the Department. It shall terminate on **June 30, 2028** the Reversion Date unless Terminated Before Reversion Date ("Early Termination") pursuant to Article V herein.
B. The Project's funds must be expended on or before the Reversion Date and, if applicable, Early Termination Date of this Agreement. For purposes of this Agreement, it is not sufficient for the Grantee to encumber the Project funds on its books on or before the Project's Reversion Date or Early Termination Date. Funds are expended and an expenditure has occurred as of the date that a particular quantity of goods are delivered to and received by the Grantee or title to the goods is transferred to the Grantee and/or as of the date particular services are rendered for the Grantee. Funds are ***not*** expended and an expenditure has ***not*** occurred as of the date they are encumbered by the Grantee pursuant to a contract or purchase order with a third party.

ARTICLE V. EARLY TERMINATION

A. Early Termination Before Reversion Date Due to Completion of the Project or Complete Expenditure of the Adjusted Appropriation or Violation of this Agreement

Early Termination includes:

i. Termination due to completion of the Project before the Reversion Date; or
ii. Termination due to complete expenditure of the Adjusted Appropriation Amount before the Reversion Date; or
iii. Termination for violation of the terms of this Agreement; or
iv. Termination for suspected mishandling of public funds, including but not limited to, fraud, waste, abuse, and conflicts of interest.

Either the Department or the Grantee may early terminate this Agreement prior to the Reversion Date by providing the other party with a minimum of fifteen (15) days' advance, written notice of early termination. Grantee hereby waives any rights to assert an impairment of contract claim against the Department or the State of New Mexico in the event of Early Termination of this Agreement by the Department pursuant to Article V(A).

B. Early Termination Before Reversion Date Due to Non-appropriation

The terms of this Agreement are expressly made contingent upon sufficient appropriations and authorization being made by the Legislature of New Mexico for the performance of this Agreement. Throughout this Agreement the term "non-appropriate" or "non-appropriation" includes the following actions by the New Mexico Legislature: deauthorization, reauthorization or revocation of a prior authorization. The Legislature may choose to non-appropriate the Appropriation referred to in Article I and, if that occurs, the Department shall early terminate this Agreement for non-appropriation by giving the Grantee written notice of such termination, and such termination shall be effective as of the effective date of the law making the non-appropriation. The Department's decision as to whether sufficient appropriations or authorizations are available shall be accepted by the Grantee and shall be final. Grantee hereby waives any rights to assert an impairment of contract claim against the Department or the State of New Mexico in the event of Early Termination of this Agreement by the Department pursuant to Article V(B).

C. Limitation on Department's Obligation to Make Grant Disbursements to Grantee in the Event of Early Termination

In the event of Early Termination of this Agreement by either party, the Department's sole and absolute obligation to reimburse the Grantee is expressly conditioned upon the limitations set forth Article II.

ARTICLE VI. SUSPENSION OF NEW OR FURTHER OBLIGATIONS

A. The Department may choose, in its sole and absolute discretion, to provide written notice to the Grantee to suspend entering into new and further obligations. Upon the receipt of such written notice by the Grantee:

i. The Grantee shall immediately suspend entering into new or further written obligations with third parties; and
ii. The Department will suspend the issuance of any new or further Notice of Obligation under this Agreement; and
iii. The Department may direct the Grantee to implement a corrective action plan in accordance with Article VI(D) herein.

B. In the event of Suspension of this Agreement, the Department's sole and absolute obligation to reimburse the Grantee is expressly conditioned upon the limitations set forth in Article II herein.

C. A suspension of new or further obligations under this Agreement shall remain in effect unless or until the date the Grantee receives written notice given by the Department informing the Grantee that the Suspension has been lifted or that the Agreement has been Early Terminated in accordance with Article V herein. If the Suspension is lifted, the Department will consider further requests for Notice of Obligation.

D. Corrective Action Plan in the Event of Suspension

In the event that the Department chooses, in its sole and absolute discretion to direct the Grantee to suspend entering into new or further written obligations with third parties pursuant to Article VI(A), the Department may, but is not obligated to, require the Grantee to develop and implement a written corrective action plan to remedy the grounds for the Suspension. Such corrective action plan must be approved by the Department and be signed by the Grantee. Failure to sign a corrective action plan or meet the terms and deadlines set forth in the signed corrective action plan, is hereby deemed a violation of the terms of this Agreement for purposes of Early Termination, Article V(A)(iii). The corrective action plan is in addition to, and not in lieu of, any other equitable or legal remedy, including but not limited to Early Termination.

ARTICLE VII. AMENDMENT

This Agreement shall not be altered, changed, or amended except by instrument in writing duly executed by both the parties hereto.

ARTICLE VIII. REPORTS

A. Database Reporting

The Grantee shall report quarterly Project activity by entering such Project information as the Department and the Department of Finance and Administration may require, such information entered directly into a database maintained by the Department of Finance and Administration. Additionally, the Grantee shall certify on the Request for Payment form that updates have been maintained and are current in the database. The Grantee hereby acknowledges that failure to perform and/or certify updates into the database will delay or potentially jeopardize the reimbursement of funds. The Department shall give Grantee a minimum of thirty (30) days' advance written notice of any changes to the information the Grantee is required to report.

Quarterly reports are due on the last day of each quarter. Quarter end reporting periods are September 30th, December 31st, March 31st, and June 30th.

B. Requests for Additional Information/Project Inspection

During the term of this Agreement and during the period of time during which the Grantee must maintain records pursuant to Article VIII, the Department may:

i. request such additional information regarding the Project as it deems necessary; and
ii. conduct, at reasonable times and upon reasonable notice, onsite inspections of the Project.

Grantee shall respond to such requests for additional information within a reasonable period of time, as established by the Department.

ARTICLE IX. REQUEST FOR PAYMENT PROCEDURES AND DEADLINES

A. The Grantee shall request payment by submitting a Request for Payment, in the form provided by the Department. Payment requests are subject to the following procedures:
   i. The Grantee must submit a Request for Payment; and
   ii. Each Request for Payment must contain proof of payment by the Grantee or liabilities incurred by the Grantee showing that the expenditures are valid or are liabilities incurred by the Grantee in the form of actual unpaid invoices received by the Grantee for services rendered by a third party or items of tangible personal property received by the Grantee for the implementation of the Project; provided, however, that the Grantee may be reimbursed for unpaid liabilities only if the Department, in its sole and absolute discretion, agrees to do so and in accordance with any special conditions imposed by the Department.
   iii. In cases where the Grantee is submitting a Request for Payment to the Department based upon invoices received, but not yet paid, by the Grantee from a third party contractor or vendor, if the invoices comply with the provisions of this Agreement and are a valid liability of the Grantee, the Grantee shall make payment to those contractors or vendors within five (5) business days from the date of receiving reimbursement from the Department or such shorter period of time as the Department may prescribe in writing. The Grantee is required to certify to the Department proof of payment to the third party contractor or vendor within ten (10) business days from the date of receiving reimbursement from the Department.

B. The Grantee must obligate 5% of the Adjusted Appropriation Amount within six months of execution of the grant agreement and must have expended no less than 85% of the Adjusted Appropriation Amount six months prior to the reversion date.

C. Deadlines

Requests for Payments shall be submitted by Grantee to the Department on the earlier of:
   i. Immediately as they are received by the Grantee but at a minimum thirty (30) days from when the expenditure was incurred or liability of the Grantee was approved as evidenced by an unpaid invoice received by the Grantee from a third party contractor or vendor; or
   ii. Twenty (20) days from date of Early Termination; or

iii. Twenty (20) days from the Reversion Date.

D. The Grantee's failure to abide by the requirements set forth in Article II and Article IX herein will result in the denial of its Request for Payment or will delay the processing of Requests for Payment. The Department has the right to reject a payment request for the Project unless and until it is satisfied that the expenditures in the Request for Payment are for permissible purposes within the meaning of the Project Description and that the expenditures and the Grantee are otherwise in compliance with this Agreement, including but not limited to, compliance with the reporting requirements and the requirements set forth in Article II herein to provide Third Party Obligations and the Deadlines set forth in Article IX herein. The Department's ability to reject any Request for Payment is in addition to, and not in lieu of, any other legal or equitable remedy available to the Department due to Grantee's violation of this Agreement.

ARTICLE X. PROJECT CONDITIONS AND RESTRICTIONS; REPRESENTATIONS AND WARRANTIES

A. The following general conditions and restrictions are applicable to the Project:

i. The Project's funds must be spent in accordance with all applicable state laws, regulations, policies, and guidelines, including, but not limited to, the State Procurement Code (or local procurement ordinance, where applicable).

ii. The Project must be implemented in accordance with the New Mexico Public Works Minimum Wage Act, Section 13-4-10 through 13-4-17 NMSA 1978, as applicable. Every contract or project in excess of sixty thousand dollars ($60,000) that the Grantee is a party to for construction, alteration, demolition or repair or any combination of these, including painting and decorating, of public buildings, public works or public roads and that requires or involves the employment of mechanics, laborers or both shall contain a provision stating the minimum wages and fringe benefits to be paid to various classes of laborers and mechanics, shall be based upon the wages and benefits that will be determined by the New Mexico Department of Workforce Solutions to be prevailing for the corresponding classes of laborers and mechanics employed on contract work of a similar nature in the locality. Further, every contract or project shall contain a stipulation that the contractor, subcontractor, employer or a person acting as a contractor shall pay all mechanics and laborers employed on the site of the project, unconditionally and not less often than once a week and without subsequent unlawful deduction or rebate on any account, the full amounts accrued at time of payment computed at wage rates and fringe benefit rates not less than those determined pursuant to Section 13-4-11 (B) NMSA 1978 to be the prevailing wage rates and prevailing fringe benefit rates issued for the project.

iii. The Project may only benefit private entities in accordance with applicable law, including, but not limited to, Article IX, Section 14 of the Constitution of the State of New Mexico, the "Anti-Donation Clause."

iv. The Grantee shall not for a period of 10 years from the date of this agreement convert any property acquired, built, renovated, repaired, designed or developed with the Project's funds to uses other than those specified in the Project Description without the Department's and the Board of Finance's express, advance, written approval, which may include a requirement to reimburse the State for the cost of the project, transfer proceeds from the disposition of property to the State, or otherwise provide consideration to the State.

v. The Grantee shall comply with all federal and state laws, rules and regulations pertaining to equal employment opportunity. In accordance with all such laws, rules and regulations the Grantee agrees to assure that no person shall, on the grounds of race, color, national origin, sex, sexual preference, age or handicap, be excluded from employment with Grantee, be excluded from participation in the Project, be denied benefits or otherwise be subject to discrimination under, any activity performed under this Agreement. If Grantee is found to be not in compliance with these requirements during the life of this Agreement, Grantee agrees to take appropriate steps to correct any deficiencies. The Grantee's failure to implement such appropriate steps within a reasonable time constitutes grounds for terminating this Agreement.

B. The Grantee hereby represents and warrants the following:

i. The Grantee has the legal authority to receive and expend the Project's funds.

ii. This Agreement has been duly authorized by the Grantee, the person executing this Agreement has authority to do so, and, once executed by the Grantee, this Agreement shall constitute a binding obligation of the Grantee, enforceable according to its terms.

iii. This Agreement and the Grantee's obligations hereunder do not conflict with any law or ordinance or resolution applicable to the Grantee, the Grantee's charter (if applicable), or any judgment or decree to which the Grantee is subject.

iv. The Grantee has independently confirmed that the Project Description, including, but not limited to, the amount and Reversion Date, is consistent with the underlying appropriation in law.

v. The Grantee's governing body has duly adopted or passed as an official act a resolution, motion, or similar action authorizing the person identified as the official representative of the Grantee to sign the Agreement and to sign Requests for Payment.

vi. The Grantee shall abide by New Mexico laws regarding conflicts of interest, governmental conduct and whistleblower

protection. The Grantee specifically agrees that no officer or employee of the local jurisdiction or its designees or agents, no member of the governing body, and no other public official of the locality who exercises any function or responsibility with respect to this Grant, during their tenure or for one year thereafter, shall have any interest, direct or indirect, in any contract or subcontract, or the proceeds thereof, for work to be performed or goods to be received, pursuant to this Grant. Further, Grantee shall require all of its contractors to incorporate in all subcontracts the language set forth in this paragraph prohibiting conflicts of interest.

vii. No funds have been paid or will be paid, by or on behalf of the Grantee, to any person for influencing or attempting to influence an officer or employee of this or any agency or body in connection with the awarding of any Third Party Obligation and that the Grantee shall require certifying language prohibiting lobbying to be included in the award documents for all subawards, including subcontracts, loans and cooperative agreements. All subrecipients shall be required to certify accordingly.

ARTICLE XI. STRICT ACCOUNTABILITY OF RECEIPTS AND DISBURSEMENTS; PROJECT RECORDS

A. The Grantee shall be strictly accountable for receipts and disbursements relating to the Project's funds. The Grantee shall follow generally accepted accounting principles, and, if feasible, maintain a separate bank account or fund with a separate organizational code, for the funds to assure separate budgeting and accounting of the funds.

B. For a period of six (6) years following the Project's completion, the Grantee shall maintain all Project related records, including, but not limited to, all financial records, requests for proposals, invitations to bid, selection and award criteria, contracts and subcontracts, advertisements, minutes of pertinent meetings, as well as records sufficient to fully account for the amount and disposition of the total funds from all sources budgeted for the Project, the purpose for which such funds were used, and such other records as the Department shall prescribe.

C. The Grantee shall make all Project records available to the Department, the Department of Finance and Administration, and the New Mexico State Auditor upon request. With respect to the funds that are the subject of this Agreement, if the State Auditor or the Department of Finance and Administration finds that any or all of these funds were improperly expended, the Grantee may be required to reimburse to the State of New Mexico, to the originating fund, any and all amounts found to be improperly expended.

ARTICLE XII. IMPROPERLY REIMBURSED FUNDS

If the Department determines that part or all of the Appropriation Amount was improperly reimbursed to Grantee, including but not limited to, Project funds reimbursed to Grantee based upon fraud, mismanagement, misrepresentation, misuse, violation of law by the Grantee, or violation of this Agreement, the Grantee shall return such funds to the Department for disposition in accordance with law.

ARTICLE XIII. LIABILITY

Neither party shall be responsible for liability incurred as a result of the other party's acts or omissions in connection with this Agreement. Any liability incurred in connection with this Agreement is subject to immunities and limitations of the New Mexico Tort Claims Act.

ARTICLE XIV. SCOPE OF AGREEMENT

This Agreement constitutes the entire and exclusive agreement between the Grantee and Department concerning the subject matter hereof. The Agreement supersedes any and all prior or contemporaneous agreements, understandings, discussions, communications, and representations, written or verbal.

ARTICLE XV. REQUIRED NON-APPROPRIATIONS CLAUSE IN CONTRACTS FUNDED IN WHOLE OR PART BY FUNDS MADE AVAILABLE UNDER THIS AGREEMENT

The Grantee acknowledges, warrants, and agrees that Grantee shall include a "non-appropriations" clause in all contracts between it and other parties that are (i) funded in whole or part by funds made available under this Agreement and (ii) entered into after the effective date of this Agreement that states:

"The terms of this Agreement are contingent upon sufficient appropriations and authorization being made by the Legislature of New Mexico for the performance of this Agreement. If sufficient appropriations and authorization are not made by the Legislature, the **CITY OF SANTA FE** may immediately terminate this Agreement by giving Contractor written notice of such termination. The **CITY OF SANTA FE**'s decision as to whether sufficient appropriations are available shall be accepted by the Contractor and shall be final. Contractor hereby waives any rights to assert an impairment of contract claim against the **CITY OF SANTA FE** or the

Department of Finance and Administration, Local Government Division (DFA/LGD) or the State of New Mexico in the event of immediate or Early Termination of this Agreement by the **CITY OF SANTA FE** or the Department"

ARTICLE XVI. REQUIRED TERMINATION CLAUSE IN CONTRACTS FUNDED IN WHOLE OR PART BY FUNDS MADE AVAILABLE UNDER THIS AGREEMENT

Grantee acknowledges, warrants, and agrees that Grantee shall include the following termination clause in all contracts that are (i) funded in whole or part by funds made available under this Agreement and (ii) entered into after the effective date of this Agreement:

"This contract is funded in whole or in part by funds made available under a DFA/LGD Grant Agreement. Should the DFA/LGD early terminate the grant agreement, the CITY OF SANTA FE may early terminate this contract by providing Contractor written notice of such termination. In the event of termination pursuant to this paragraph, the CITY OF SANTA FE only liability shall be to pay Contractor for acceptable goods delivered and services rendered before the termination date."

Grantee hereby waives any rights to assert an impairment of contract claim against the Department or the State of New Mexico in the event of Early Termination of this Agreement by the Department.

ARTICLE XVII. COMPLIANCE WITH UNIFORM FUNDING CRITERIA.

A. Throughout the term of this Agreement, Grantee shall:
    1. submit all reports of annual audits and agreed upon procedures required by Section 12-6-3(A)-(B) NMSA 1978 by the due dates established in 2.2.2 NMAC, reports of which must be a public record pursuant to Section 12-6-5(A) NMSA 1978 within forty-five days of delivery to the State Auditor;
    2. have a duly adopted budget for the current fiscal year approved by its budgetary oversight agency (if any);
    3. timely submit all required financial reports to its budgetary oversight agency (if any); and
    4. have adequate accounting methods and procedures to expend grant funds in accordance with applicable law and account for and safeguard grant funds and assets acquired by grant funds.

B. In the event Grantee fails to comply with the requirements of Paragraph A of this Article XVII, the Department may take one or more of the following actions:
    1. suspend new or further obligations pursuant to Article VI(A) of this Agreement;
    2. require the Grantee to develop and implement a written corrective action plan pursuant to Article VI(D) of this Agreement to remedy the non-compliance;
    3. impose special grant conditions to address the non-compliance by giving the Grantee notice of such special conditions in accordance with Article III of this Agreement; the special conditions shall be binding and effective on the date that notice is deemed to have been given pursuant to Article III; or
    4. terminate this Agreement pursuant to Article V(A) of this Agreement.

ARTICLE XVIII. SEVERANCE TAX BOND AND GENERAL OBLIGATION BOND PROJECT CLAUSES

A. Grantee acknowledges and agrees that the underlying appropriation for the Project is a severance tax bond or general obligation bond appropriation, and that the associated bond proceeds are administered by the New Mexico State Board of Finance (SBOF), an entity separate and distinct from the Department. Grantee acknowledges and agrees that (i) it is Grantee's sole and absolute responsibility to determine through SBOF staff what (if any) conditions are currently imposed on the Project; (ii) the Department's failure to inform Grantee of a SBOF imposed condition does not affect the validity or enforceability of the condition; (iii) the SBOF may in the future impose further or different conditions upon the Project; (iv) all SBOF conditions are effective without amendment of this Agreement; (v) all applicable SBOF conditions must be satisfied before the SBOF will release to the Department funds subject to the condition(s); and (vi) the Department's obligation to reimburse Grantee from the Project is contingent upon the then current SBOF conditions being satisfied.

B. Grantee acknowledges and agrees that the SBOF may in its sole and absolute discretion remove a project's assigned bond proceeds if the project doesn't proceed sufficiently. Entities must comply with the requirement to encumber five percent (5%) of Project funds within six months of bond issuance as certified by the grantee in the Bond Questionnaire and Certification documents submitted to the SBOF. Failure to comply may result in the bond proceeds reassignment to a new ready project. If this should occur this grant agreement will be suspended until the entity has demonstrated readiness as determined by the SBOF and the Department.

C. Grantee acknowledges and agrees that this Agreement is subject to the SBOF's Bond Project Disbursements rule, NMAC 2.61.6, as may be amended or re-codified. The rule provides definitions and interpretations of grant language for the purpose of determining whether a particular activity is allowable under the authorizing language of the agreement.

AGREEMENT

NOW, THEREFORE, in consideration of the mutual covenants and obligations contained herein, the parties hereby mutually agree as follows:

ARTICLE I. PROJECT DESCRIPTION, AMOUNT OF GRANT AND REVERSION DATE

A. The project that is the subject of this Agreement is described as follows:

24-I3144 $100,000.00 APPROPRIATION REVERSION DATE: June 30, 2028

Laws of 2024, Chapter 66, Section 28, Paragraph 502, One Hundred Thousand ($100,000.00), from the General Fund 93100 to plan, design, construct, upgrade and improve heating, ventilation and air conditioning systems and electrical infrastructure at railyard facilities in Santa Fe in Santa Fe county;

The Grantee's total reimbursements shall not exceed One Hundred Thousand $100,000.00 (the "Appropriation Amount") minus the allocation for Art in Public Places ("AIPP amount")[1], if applicable, Zero $0.00, which equals One Hundred Thousand $100,000.00 (the "Adjusted Appropriation Amount").

In the event of a conflict among the Appropriation Amount, the Reversion Date, as defined herein and/or the purpose of the Project, as set forth in this Agreement, and the corresponding appropriation language in the laws cited above in this Article I(A), the language of the laws cited herein shall control.

This project is referred to throughout the remainder of this Agreement as the "Project"; the information contained in Article I(A) is referred to collectively throughout the remainder of this Agreement as the "Project Description." [Optional Language if special conditions apply. Attachment A sets forth additional or more stringent requirements and conditions, which are incorporated by this reference as if set forth fully herein. If Optional Attachment A imposes more stringent requirements than any requirement set forth in this Agreement, the more stringent requirements of Attachment A shall prevail, in the event of irreconcilable conflict.] The Grantee shall reference the Project's number in all correspondence with and submissions to the Department concerning the Project, including, but not limited to, Requests for Payment and reports.

ARTICLE II. LIMITATION ON DEPARTMENT'S OBLIGATION TO MAKE GRANT DISBURSEMENT TO GRANTEE

A. Upon the Effective Date of this Agreement, for permissible purposes within the scope of the Project Description, the Grantee shall only be reimbursed monies for which the Department has issued and the Grantee has received a Notice of Department's Obligation to Reimburse Grantee (hereinafter referred to as "Notice of Obligation"). This Grant Agreement and the disbursement of any and all amounts of the above referenced Adjusted Appropriation Amount are expressly conditioned upon the following:

i. Irrespective of any Notice of Obligation, the Grantee's expenditures shall be made on or before the Reversion Date and, if applicable, an Early Termination Date (i.e., the goods have been delivered and accepted or the title to the goods has been transferred to the Grantee and/or the services have been rendered for the Grantee); and

ii. The total amount received by the Grantee shall not exceed the lesser of: (a) the Adjusted Appropriation Amount identified in Article I(A) herein or (b) the total of all amounts stated in the Notice(s) of Obligation evidencing that the Department has received and accepted the Grantee's Third Party Obligation(s), as defined in subparagraph iii of this Article II(A); and

iii. The Grantee's expenditures were made pursuant to the State Procurement Code and execution of binding written obligations or purchase orders with third party contractors or vendors for the provision of services, including professional services, or the purchase of tangible personal property and real property for the Project, hereinafter referred to as "Third Party Obligations"; and

iv. The Grantee's submittal of timely Requests for Payment in accordance with the procedures set forth in Article IX of this Agreement; and

v. In the event that capital assets acquired with Project funds are to be sold, leased, or licensed to or operated by a private entity, the sale, lease, license, or operating agreement:

a. must be approved by the applicable oversight entity (if any) in accordance with law; or

b. if no oversight entity is required to approve the transaction, the Department must approve the transaction as complying with law.

Prior to the sale, lease, license, or operating agreement being approved pursuant to Articles II(A)(v)(a) and II(A)(v)(b) herein, the Department may, in its sole and absolute discretion and unless inconsistent with State Board of Finance imposed conditions, reimburse the Grantee for necessary expenditures incurred to develop the Project sufficiently to make the sale, lease, license, or operating agreement commercially feasible, such as plan and design expenditures; and

vi. The Grantee shall request approval of its obligation(s) by submitting a Notice of Obligation form as provided by the Department. The Grantee's submission of documentation of all Third Party Obligations and amendments thereto (including terminations) to the Department and the Department's issuance and the Grantee's receiving of a Notice of Obligation for a particular amount in accordance with the terms of this Agreement shall be governed by the following:

a. The Grantee shall submit to the Department one copy of all Third Party Obligations and amendments thereto (including terminations) as soon as possible after execution by the Third Party **but prior to execution by the Grantee.**

b. Grantee acknowledges and agrees that if it chooses to enter into a Third Party Obligation prior to receiving a Notice of Obligation that covers the expenditure, it is solely responsible for such obligations.

c. The Department may, in its sole and absolute discretion, issue to Grantee a Notice of Obligation for the particular amount of that Third Party Obligation that only obligates the Department to reimburse Grantee's expenditures made on or before the Reversion Date or an Early Termination Date.

d. The date the Department signs the Notice of Obligation is the date that the Department's Notice of Obligation is effective. After that date, the Grantee is authorized to budget the particular amount set forth in the Notice of Obligation, execute the Third Party Obligation and request the Third Party to begin work. Payment for any work performed or goods received prior to the effective date of the Notice of Obligation is wholly and solely the obligation of the Grantee.

B. The Grantee shall implement, in all respects, the Project. The Grantee shall provide all necessary qualified personnel, material, and facilities to implement the Project. The Grantee shall finance its share (if any) of the costs of the Project, including all Project overruns.

C. Project funds shall not be used for purposes other than those specified in the Project Description.

D. Unless specifically allowed by law, Project funds cannot be used to reimburse Grantee for indirect Project costs.

---

[1]The AIPP amount is "an amount of money equal to one percent or two hundred thousand dollars ($200,000), whichever is less, of the amount of money appropriated for new construction or any major renovation exceeding one hundred thousand dollars ($100,000)." Section 13-4A-4 NMSA 1978.

[2]"Reimburse" as used throughout this Agreement includes Department payments to the Grantee for invoices received, but not yet paid, by the Grantee from a third party contractor or vendor, if the invoices comply with the provisions of this Agreement and are a valid liability of the Grantee.

ARTICLE IV. REVERSION DATE, TERM, DEADLINE TO EXPEND FUNDS

A. Upon being duly executed by both parties, this Agreement shall be effective as of the date of execution by the Department. It shall terminate on **June 30, 2028** the Reversion Date unless Terminated Before Reversion Date ("Early Termination") pursuant to Article V herein.
B. The Project's funds must be expended on or before the Reversion Date and, if applicable, Early Termination Date of this Agreement. For purposes of this Agreement, it is not sufficient for the Grantee to encumber the Project funds on its books on or before the Project's Reversion Date or Early Termination Date. Funds are expended and an expenditure has occurred as of the date that a particular quantity of goods are delivered to and received by the Grantee or title to the goods is transferred to the Grantee and/or as of the date particular services are rendered for the Grantee. Funds are ***not*** expended and an expenditure has ***not*** occurred as of the date they are encumbered by the Grantee pursuant to a contract or purchase order with a third party.

ARTICLE V. EARLY TERMINATION

A. Early Termination Before Reversion Date Due to Completion of the Project or Complete Expenditure of the Adjusted Appropriation or Violation of this Agreement

Early Termination includes:

i. Termination due to completion of the Project before the Reversion Date; or
ii. Termination due to complete expenditure of the Adjusted Appropriation Amount before the Reversion Date; or
iii. Termination for violation of the terms of this Agreement; or
iv. Termination for suspected mishandling of public funds, including but not limited to, fraud, waste, abuse, and conflicts of interest.

Either the Department or the Grantee may early terminate this Agreement prior to the Reversion Date by providing the other party with a minimum of fifteen (15) days' advance, written notice of early termination. Grantee hereby waives any rights to assert an impairment of contract claim against the Department or the State of New Mexico in the event of Early Termination of this Agreement by the Department pursuant to Article V(A).

B. Early Termination Before Reversion Date Due to Non-appropriation

The terms of this Agreement are expressly made contingent upon sufficient appropriations and authorization being made by the Legislature of New Mexico for the performance of this Agreement. Throughout this Agreement the term "non-appropriate" or "non-appropriation" includes the following actions by the New Mexico Legislature: deauthorization, reauthorization or revocation of a prior authorization. The Legislature may choose to non-appropriate the Appropriation referred to in Article I and, if that occurs, the Department shall early terminate this Agreement for non-appropriation by giving the Grantee written notice of such termination, and such termination shall be effective as of the effective date of the law making the non-appropriation. The Department's decision as to whether sufficient appropriations or authorizations are available shall be accepted by the Grantee and shall be final. Grantee hereby waives any rights to assert an impairment of contract claim against the Department or the State of New Mexico in the event of Early Termination of this Agreement by the Department pursuant to Article V(B).

C. Limitation on Department's Obligation to Make Grant Disbursements to Grantee in the Event of Early Termination

In the event of Early Termination of this Agreement by either party, the Department's sole and absolute obligation to reimburse the Grantee is expressly conditioned upon the limitations set forth Article II.

ARTICLE VI. SUSPENSION OF NEW OR FURTHER OBLIGATIONS

A. The Department may choose, in its sole and absolute discretion, to provide written notice to the Grantee to suspend entering into new and further obligations. Upon the receipt of such written notice by the Grantee:

i. The Grantee shall immediately suspend entering into new or further written obligations with third parties; and
ii. The Department will suspend the issuance of any new or further Notice of Obligation under this Agreement; and
iii. The Department may direct the Grantee to implement a corrective action plan in accordance with Article VI(D) herein.

B. In the event of Suspension of this Agreement, the Department's sole and absolute obligation to reimburse the Grantee is expressly conditioned upon the limitations set forth in Article II herein.

C. A suspension of new or further obligations under this Agreement shall remain in effect unless or until the date the Grantee receives written notice given by the Department informing the Grantee that the Suspension has been lifted or that the Agreement has been Early Terminated in accordance with Article V herein. If the Suspension is lifted, the Department will consider further requests for Notice of Obligation.

D. Corrective Action Plan in the Event of Suspension

In the event that the Department chooses, in its sole and absolute discretion to direct the Grantee to suspend entering into new or further written obligations with third parties pursuant to Article VI(A), the Department may, but is not obligated to, require the Grantee to develop and implement a written corrective action plan to remedy the grounds for the Suspension. Such corrective action plan must be approved by the Department and be signed by the Grantee. Failure to sign a corrective action plan or meet the terms and deadlines set forth in the signed corrective action plan, is hereby deemed a violation of the terms of this Agreement for purposes of Early Termination, Article V(A)(iii). The corrective action plan is in addition to, and not in lieu of, any other equitable or legal remedy, including but not limited to Early Termination.

ARTICLE VII. AMENDMENT

This Agreement shall not be altered, changed, or amended except by instrument in writing duly executed by both the parties hereto.

ARTICLE VIII. REPORTS

A. Database Reporting

The Grantee shall report quarterly Project activity by entering such Project information as the Department and the Department of Finance and Administration may require, such information entered directly into a database maintained by the Department of Finance and Administration. Additionally, the Grantee shall certify on the Request for Payment form that updates have been maintained and are current in the database. The Grantee hereby acknowledges that failure to perform and/or certify updates into the database will delay or potentially jeopardize the reimbursement of funds. The Department shall give Grantee a minimum of thirty (30) days' advance written notice of any changes to the information the Grantee is required to report.

Quarterly reports are due on the last day of each quarter. Quarter end reporting periods are September 30th, December 31st, March 31st, and June 30th.

B. Requests for Additional Information/Project Inspection

During the term of this Agreement and during the period of time during which the Grantee must maintain records pursuant to Article VIII, the Department may:

i. request such additional information regarding the Project as it deems necessary; and
ii. conduct, at reasonable times and upon reasonable notice, onsite inspections of the Project.

Grantee shall respond to such requests for additional information within a reasonable period of time, as established by the Department.

ARTICLE IX. REQUEST FOR PAYMENT PROCEDURES AND DEADLINES

A. The Grantee shall request payment by submitting a Request for Payment, in the form provided by the Department. Payment requests are subject to the following procedures:
   i. The Grantee must submit a Request for Payment; and
   ii. Each Request for Payment must contain proof of payment by the Grantee or liabilities incurred by the Grantee showing that the expenditures are valid or are liabilities incurred by the Grantee in the form of actual unpaid invoices received by the Grantee for services rendered by a third party or items of tangible personal property received by the Grantee for the implementation of the Project; provided, however, that the Grantee may be reimbursed for unpaid liabilities only if the Department, in its sole and absolute discretion, agrees to do so and in accordance with any special conditions imposed by the Department.
   iii. In cases where the Grantee is submitting a Request for Payment to the Department based upon invoices received, but not yet paid, by the Grantee from a third party contractor or vendor, if the invoices comply with the provisions of this Agreement and are a valid liability of the Grantee, the Grantee shall make payment to those contractors or vendors within five (5) business days from the date of receiving reimbursement from the Department or such shorter period of time as the Department may prescribe in writing. The Grantee is required to certify to the Department proof of payment to the third party contractor or vendor within ten (10) business days from the date of receiving reimbursement from the Department.

B. The Grantee must obligate 5% of the Adjusted Appropriation Amount within six months of execution of the grant agreement and must have expended no less than 85% of the Adjusted Appropriation Amount six months prior to the reversion date.

C. Deadlines

Requests for Payments shall be submitted by Grantee to the Department on the earlier of:
   i. Immediately as they are received by the Grantee but at a minimum thirty (30) days from when the expenditure was incurred or liability of the Grantee was approved as evidenced by an unpaid invoice received by the Grantee from a third party contractor or vendor; or
   ii. Twenty (20) days from date of Early Termination; or

iii. Twenty (20) days from the Reversion Date.

D. The Grantee's failure to abide by the requirements set forth in Article II and Article IX herein will result in the denial of its Request for Payment or will delay the processing of Requests for Payment. The Department has the right to reject a payment request for the Project unless and until it is satisfied that the expenditures in the Request for Payment are for permissible purposes within the meaning of the Project Description and that the expenditures and the Grantee are otherwise in compliance with this Agreement, including but not limited to, compliance with the reporting requirements and the requirements set forth in Article II herein to provide Third Party Obligations and the Deadlines set forth in Article IX herein. The Department's ability to reject any Request for Payment is in addition to, and not in lieu of, any other legal or equitable remedy available to the Department due to Grantee's violation of this Agreement.

ARTICLE X. PROJECT CONDITIONS AND RESTRICTIONS; REPRESENTATIONS AND WARRANTIES

A. The following general conditions and restrictions are applicable to the Project:

i. The Project's funds must be spent in accordance with all applicable state laws, regulations, policies, and guidelines, including, but not limited to, the State Procurement Code (or local procurement ordinance, where applicable).

ii. The Project must be implemented in accordance with the New Mexico Public Works Minimum Wage Act, Section 13-4-10 through 13-4-17 NMSA 1978, as applicable. Every contract or project in excess of sixty thousand dollars ($60,000) that the Grantee is a party to for construction, alteration, demolition or repair or any combination of these, including painting and decorating, of public buildings, public works or public roads and that requires or involves the employment of mechanics, laborers or both shall contain a provision stating the minimum wages and fringe benefits to be paid to various classes of laborers and mechanics, shall be based upon the wages and benefits that will be determined by the New Mexico Department of Workforce Solutions to be prevailing for the corresponding classes of laborers and mechanics employed on contract work of a similar nature in the locality. Further, every contract or project shall contain a stipulation that the contractor, subcontractor, employer or a person acting as a contractor shall pay all mechanics and laborers employed on the site of the project, unconditionally and not less often than once a week and without subsequent unlawful deduction or rebate on any account, the full amounts accrued at time of payment computed at wage rates and fringe benefit rates not less than those determined pursuant to Section 13-4-11 (B) NMSA 1978 to be the prevailing wage rates and prevailing fringe benefit rates issued for the project.

iii. The Project may only benefit private entities in accordance with applicable law, including, but not limited to, Article IX, Section 14 of the Constitution of the State of New Mexico, the "Anti-Donation Clause."

iv. The Grantee shall not for a period of 10 years from the date of this agreement convert any property acquired, built, renovated, repaired, designed or developed with the Project's funds to uses other than those specified in the Project Description without the Department's and the Board of Finance's express, advance, written approval, which may include a requirement to reimburse the State for the cost of the project, transfer proceeds from the disposition of property to the State, or otherwise provide consideration to the State.

v. The Grantee shall comply with all federal and state laws, rules and regulations pertaining to equal employment opportunity. In accordance with all such laws, rules and regulations the Grantee agrees to assure that no person shall, on the grounds of race, color, national origin, sex, sexual preference, age or handicap, be excluded from employment with Grantee, be excluded from participation in the Project, be denied benefits or otherwise be subject to discrimination under, any activity performed under this Agreement. If Grantee is found to be not in compliance with these requirements during the life of this Agreement, Grantee agrees to take appropriate steps to correct any deficiencies. The Grantee's failure to implement such appropriate steps within a reasonable time constitutes grounds for terminating this Agreement.

B. The Grantee hereby represents and warrants the following:

i. The Grantee has the legal authority to receive and expend the Project's funds.

ii. This Agreement has been duly authorized by the Grantee, the person executing this Agreement has authority to do so, and, once executed by the Grantee, this Agreement shall constitute a binding obligation of the Grantee, enforceable according to its terms.

iii. This Agreement and the Grantee's obligations hereunder do not conflict with any law or ordinance or resolution applicable to the Grantee, the Grantee's charter (if applicable), or any judgment or decree to which the Grantee is subject.

iv. The Grantee has independently confirmed that the Project Description, including, but not limited to, the amount and Reversion Date, is consistent with the underlying appropriation in law.

v. The Grantee's governing body has duly adopted or passed as an official act a resolution, motion, or similar action authorizing the person identified as the official representative of the Grantee to sign the Agreement and to sign Requests for Payment.

vi. The Grantee shall abide by New Mexico laws regarding conflicts of interest, governmental conduct and whistleblower

protection. The Grantee specifically agrees that no officer or employee of the local jurisdiction or its designees or agents, no member of the governing body, and no other public official of the locality who exercises any function or responsibility with respect to this Grant, during their tenure or for one year thereafter, shall have any interest, direct or indirect, in any contract or subcontract, or the proceeds thereof, for work to be performed or goods to be received, pursuant to this Grant. Further, Grantee shall require all of its contractors to incorporate in all subcontracts the language set forth in this paragraph prohibiting conflicts of interest.

vii. No funds have been paid or will be paid, by or on behalf of the Grantee, to any person for influencing or attempting to influence an officer or employee of this or any agency or body in connection with the awarding of any Third Party Obligation and that the Grantee shall require certifying language prohibiting lobbying to be included in the award documents for all subawards, including subcontracts, loans and cooperative agreements. All subrecipients shall be required to certify accordingly.

ARTICLE XI. STRICT ACCOUNTABILITY OF RECEIPTS AND DISBURSEMENTS; PROJECT RECORDS

A. The Grantee shall be strictly accountable for receipts and disbursements relating to the Project's funds. The Grantee shall follow generally accepted accounting principles, and, if feasible, maintain a separate bank account or fund with a separate organizational code, for the funds to assure separate budgeting and accounting of the funds.

B. For a period of six (6) years following the Project's completion, the Grantee shall maintain all Project related records, including, but not limited to, all financial records, requests for proposals, invitations to bid, selection and award criteria, contracts and subcontracts, advertisements, minutes of pertinent meetings, as well as records sufficient to fully account for the amount and disposition of the total funds from all sources budgeted for the Project, the purpose for which such funds were used, and such other records as the Department shall prescribe.

C. The Grantee shall make all Project records available to the Department, the Department of Finance and Administration, and the New Mexico State Auditor upon request. With respect to the funds that are the subject of this Agreement, if the State Auditor or the Department of Finance and Administration finds that any or all of these funds were improperly expended, the Grantee may be required to reimburse to the State of New Mexico, to the originating fund, any and all amounts found to be improperly expended.

ARTICLE XII. IMPROPERLY REIMBURSED FUNDS

If the Department determines that part or all of the Appropriation Amount was improperly reimbursed to Grantee, including but not limited to, Project funds reimbursed to Grantee based upon fraud, mismanagement, misrepresentation, misuse, violation of law by the Grantee, or violation of this Agreement, the Grantee shall return such funds to the Department for disposition in accordance with law.

ARTICLE XIII. LIABILITY

Neither party shall be responsible for liability incurred as a result of the other party's acts or omissions in connection with this Agreement. Any liability incurred in connection with this Agreement is subject to immunities and limitations of the New Mexico Tort Claims Act.

ARTICLE XIV. SCOPE OF AGREEMENT

This Agreement constitutes the entire and exclusive agreement between the Grantee and Department concerning the subject matter hereof. The Agreement supersedes any and all prior or contemporaneous agreements, understandings, discussions, communications, and representations, written or verbal.

ARTICLE XV. REQUIRED NON-APPROPRIATIONS CLAUSE IN CONTRACTS FUNDED IN WHOLE OR PART BY FUNDS MADE AVAILABLE UNDER THIS AGREEMENT

The Grantee acknowledges, warrants, and agrees that Grantee shall include a "non-appropriations" clause in all contracts between it and other parties that are (i) funded in whole or part by funds made available under this Agreement and (ii) entered into after the effective date of this Agreement that states:

"The terms of this Agreement are contingent upon sufficient appropriations and authorization being made by the Legislature of New Mexico for the performance of this Agreement. If sufficient appropriations and authorization are not made by the Legislature, the **CITY OF SANTA FE** may immediately terminate this Agreement by giving Contractor written notice of such termination. The **CITY OF SANTA FE**'s decision as to whether sufficient appropriations are available shall be accepted by the Contractor and shall be final. Contractor hereby waives any rights to assert an impairment of contract claim against the **CITY OF SANTA FE** or the

Department of Finance and Administration, Local Government Division (DFA/LGD) or the State of New Mexico in the event of immediate or Early Termination of this Agreement by the **CITY OF SANTA FE** or the Department"

ARTICLE XVI. REQUIRED TERMINATION CLAUSE IN CONTRACTS FUNDED IN WHOLE OR PART BY FUNDS MADE AVAILABLE UNDER THIS AGREEMENT

Grantee acknowledges, warrants, and agrees that Grantee shall include the following termination clause in all contracts that are (i) funded in whole or part by funds made available under this Agreement and (ii) entered into after the effective date of this Agreement:

"This contract is funded in whole or in part by funds made available under a DFA/LGD Grant Agreement. Should the DFA/LGD early terminate the grant agreement, the CITY OF SANTA FE may early terminate this contract by providing Contractor written notice of such termination. In the event of termination pursuant to this paragraph, the CITY OF SANTA FE only liability shall be to pay Contractor for acceptable goods delivered and services rendered before the termination date."

Grantee hereby waives any rights to assert an impairment of contract claim against the Department or the State of New Mexico in the event of Early Termination of this Agreement by the Department.

ARTICLE XVII. COMPLIANCE WITH UNIFORM FUNDING CRITERIA.

A. Throughout the term of this Agreement, Grantee shall:
    1. submit all reports of annual audits and agreed upon procedures required by Section 12-6-3(A)-(B) NMSA 1978 by the due dates established in 2.2.2 NMAC, reports of which must be a public record pursuant to Section 12-6-5(A) NMSA 1978 within forty-five days of delivery to the State Auditor;
    2. have a duly adopted budget for the current fiscal year approved by its budgetary oversight agency (if any);
    3. timely submit all required financial reports to its budgetary oversight agency (if any); and
    4. have adequate accounting methods and procedures to expend grant funds in accordance with applicable law and account for and safeguard grant funds and assets acquired by grant funds.

B. In the event Grantee fails to comply with the requirements of Paragraph A of this Article XVII, the Department may take one or more of the following actions:
    1. suspend new or further obligations pursuant to Article VI(A) of this Agreement;
    2. require the Grantee to develop and implement a written corrective action plan pursuant to Article VI(D) of this Agreement to remedy the non-compliance;
    3. impose special grant conditions to address the non-compliance by giving the Grantee notice of such special conditions in accordance with Article III of this Agreement; the special conditions shall be binding and effective on the date that notice is deemed to have been given pursuant to Article III; or
    4. terminate this Agreement pursuant to Article V(A) of this Agreement.

ARTICLE XVIII. SEVERANCE TAX BOND AND GENERAL OBLIGATION BOND PROJECT CLAUSES

A. Grantee acknowledges and agrees that the underlying appropriation for the Project is a severance tax bond or general obligation bond appropriation, and that the associated bond proceeds are administered by the New Mexico State Board of Finance (SBOF), an entity separate and distinct from the Department. Grantee acknowledges and agrees that (i) it is Grantee's sole and absolute responsibility to determine through SBOF staff what (if any) conditions are currently imposed on the Project; (ii) the Department's failure to inform Grantee of a SBOF imposed condition does not affect the validity or enforceability of the condition; (iii) the SBOF may in the future impose further or different conditions upon the Project; (iv) all SBOF conditions are effective without amendment of this Agreement; (v) all applicable SBOF conditions must be satisfied before the SBOF will release to the Department funds subject to the condition(s); and (vi) the Department's obligation to reimburse Grantee from the Project is contingent upon the then current SBOF conditions being satisfied.

B. Grantee acknowledges and agrees that the SBOF may in its sole and absolute discretion remove a project's assigned bond proceeds if the project doesn't proceed sufficiently. Entities must comply with the requirement to encumber five percent (5%) of Project funds within six months of bond issuance as certified by the grantee in the Bond Questionnaire and Certification documents submitted to the SBOF. Failure to comply may result in the bond proceeds reassignment to a new ready project. If this should occur this grant agreement will be suspended until the entity has demonstrated readiness as determined by the SBOF and the Department.

C. Grantee acknowledges and agrees that this Agreement is subject to the SBOF's Bond Project Disbursements rule, NMAC 2.61.6, as may be amended or re-codified. The rule provides definitions and interpretations of grant language for the purpose of determining whether a particular activity is allowable under the authorizing language of the agreement.

---

ACTION:
Request Approval of the State of New Mexico Department of Finance and Administration General Fund 93100 Capital Appropriation Project Grant Agreement 24-I4219, in the Total Amount of $126,950 for Renovations to El Museo Cultural de Santa Fe Facility With a Reversion Date of June 30, 2026. (Tim Farrell, Public Works Property Development Manager; tgfarrell@santafenm.gov)

Request Approval of a Budget Adjustment Request (BAR) to Allocate $126,950 from the 2024 Capital Appropriation to FY25 Revenue and Expenses for the Santa Fe Railyard.

BACKGROUND AND SUMMARY:
El Museo Cultural de Santa Fe, established in 1993 as a local community-led and community run Hispano/Chicano cultural center, has grown into and now occupies 31,000 square feet in this former warehouse building at the Railyard. This City owned facility, originally constructed and used for shipping and warehouse purposes, is now used for community theater, perforce art and artist booth sales.

The City of Santa Fe received capital appropriation 24-I4219 in the amount of $126,950 and has a reversion date of June 30, 2026. The funds will be used for renovations and improvements to the building, as deemed necessary by the City, both for scheduled repair and maintenance but also to provide modern efficiencies and operational improvements.

There are two additional State Capital Appropriation Grants for El Museo:
- $175,000 allocated through June 30, 2028, for needed renovations to the building, including the heating and air conditioning (HVAC) systems and electrical infrastructure.
- $210,000 allocated through June 30, 2027, for renovations and improvements to the building, as deemed necessary by the City, both for scheduled repair and maintenance and also to provide modern efficiencies and operational improvements.

All funds are expected to be utilized prior to the reversion dates.

b. Grantee acknowledges and agrees that if it chooses to enter into a Third Party Obligation prior to receiving a Notice of Obligation that covers the expenditure, it is solely responsible for such obligations.

After that date, the Grantee is authorized to budget the particular amount set forth in the Notice of Obligation, execute the Third Party Obligation and request the Third Party to begin work. ARTICLE V. EARLY TERMINATION

A. Early Termination Before Reversion Date Due to Completion of the Project or Complete Expenditure of the Adjusted Appropriation or Violation of this Agreement

Early Termination includes:

ii. Termination due to complete expenditure of the Adjusted Appropriation Amount before the Reversion Date; or
iii. Termination for violation of the terms of this Agreement; or
iv. Termination for suspected mishandling of public funds, including but not limited to, fraud, waste, abuse, and conflicts of interest.

Either the Department or the Grantee may early terminate this Agreement prior to the Reversion Date by providing the other party with a minimum of fifteen (15) days' advance, written notice of early termination. Grantee hereby waives any rights to assert an impairment of contract claim against the Department or the State of New Mexico in the event of Early Termination of this Agreement by the Department pursuant to Article V(A).

B. Early Termination Before Reversion Date Due to Non-appropriation

The terms of this Agreement are expressly made contingent upon sufficient appropriations and authorization being made by the Legislature of New Mexico for the performance of this Agreement. Throughout this Agreement the term "non-appropriate" or "non-appropriation" includes the following actions by the New Mexico Legislature: deauthorization, reauthorization or revocation of a prior authorization. The Legislature may choose to non-appropriate the Appropriation referred to in Article I and, if that occurs, the Department shall early terminate this Agreement for non-appropriation by giving the Grantee written notice of such termination, and such termination shall be effective as of the effective date of the law making the non-appropriation. The Department's decision as to whether sufficient appropriations or authorizations are available shall be accepted by the Grantee and shall be final. Grantee hereby waives any rights to assert an impairment of contract claim against the Department or the State of New Mexico in the event of Early Termination of this Agreement by the Department pursuant to Article V(B).

C. Limitation on Department's Obligation to Make Grant Disbursements to Grantee in the Event of Early Termination

In the event of Early Termination of this Agreement by either party, the Department's sole and absolute obligation to reimburse the Grantee is expressly conditioned upon the limitations set forth Article II.

ARTICLE VI. SUSPENSION OF NEW OR FURTHER OBLIGATIONS

A. The Department may choose, in its sole and absolute discretion, to provide written notice to the Grantee to suspend entering into new and further obligations. Upon the receipt of such written notice by the Grantee:

i. The Grantee shall immediately suspend entering into new or further written obligations with third parties; and
ii. The Department will suspend the issuance of any new or further Notice of Obligation under this Agreement; and
iii. The Department may direct the Grantee to implement a corrective action plan in accordance with Article VI(D) herein.

B. In the event of Suspension of this Agreement, the Department's sole and absolute obligation to reimburse the Grantee is expressly conditioned upon the limitations set forth in Article II herein.

C. A suspension of new or further obligations under this Agreement shall remain in effect unless or until the date the Grantee receives written notice given by the Department informing the Grantee that the Suspension has been lifted or that the Agreement has been Early Terminated in accordance with Article V herein. If the Suspension is lifted, the Department will consider further requests for Notice of Obligation.

D. Corrective Action Plan in the Event of Suspension

In the event that the Department chooses, in its sole and absolute discretion to direct the Grantee to suspend entering into new or further written obligations with third parties pursuant to Article VI(A), the Department may, but is not obligated to, require the Grantee to develop and implement a written corrective action plan to remedy the grounds for the Suspension. Such corrective action plan must be approved by the Department and be signed by the Grantee. Failure to sign a corrective action plan or meet the terms and deadlines set forth in the signed corrective action plan, is hereby deemed a violation of the terms of this Agreement for purposes of Early Termination, Article V(A)(iii). The corrective action plan is in addition to, and not in lieu of, any other equitable or legal remedy, including but not limited to Early Termination.

ARTICLE VII. AMENDMENT

This Agreement shall not be altered, changed, or amended except by instrument in writing duly executed by both the parties hereto.

ARTICLE VIII. REPORTS

A. Database Reporting

The Grantee shall report quarterly Project activity by entering such Project information as the Department and the Department of Finance and Administration may require, such information entered directly into a database maintained by the Department of Finance and Administration. Additionally, the Grantee shall certify on the Request for Payment form that updates have been maintained and are current in the database. The Grantee hereby acknowledges that failure to perform and/or certify updates into the database will delay or potentially jeopardize the reimbursement of funds. The Department shall give Grantee a minimum of thirty (30) days' advance written notice of any changes to the information the Grantee is required to report.

Quarterly reports are due on the last day of each quarter. Quarter end reporting periods are September 30th, December 31st, March 31st, and June 30th.

B. Requests for Additional Information/Project Inspection

During the term of this Agreement and during the period of time during which the Grantee must maintain records pursuant to Article VIII, the Department may:

i. request such additional information regarding the Project as it deems necessary; and
ii. conduct, at reasonable times and upon reasonable notice, onsite inspections of the Project.

Grantee shall respond to such requests for additional information within a reasonable period of time, as established by the Department.

ARTICLE IX. REQUEST FOR PAYMENT PROCEDURES AND DEADLINES

A. The Grantee shall request payment by submitting a Request for Payment, in the form provided by the Department. Payment requests are subject to the following procedures:
   i. The Grantee must submit a Request for Payment; and
   ii. Each Request for Payment must contain proof of payment by the Grantee or liabilities incurred by the Grantee showing that the expenditures are valid or are liabilities incurred by the Grantee in the form of actual unpaid invoices received by the Grantee for services rendered by a third party or items of tangible personal property received by the Grantee for the implementation of the Project; provided, however, that the Grantee may be reimbursed for unpaid liabilities only if the Department, in its sole and absolute discretion, agrees to do so and in accordance with any special conditions imposed by the Department.
   iii. In cases where the Grantee is submitting a Request for Payment to the Department based upon invoices received, but not yet paid, by the Grantee from a third party contractor or vendor, if the invoices comply with the provisions of this Agreement and are a valid liability of the Grantee, the Grantee shall make payment to those contractors or vendors within five (5) business days from the date of receiving reimbursement from the Department or such shorter period of time as the Department may prescribe in writing. The Grantee is required to certify to the Department proof of payment to the third party contractor or vendor within ten (10) business days from the date of receiving reimbursement from the Department.

B. The Grantee must obligate 5% of the Adjusted Appropriation Amount within six months of execution of the grant agreement and must have expended no less than 85% of the Adjusted Appropriation Amount six months prior to the reversion date.

C. Deadlines

Requests for Payments shall be submitted by Grantee to the Department on the earlier of:
   i. Immediately as they are received by the Grantee but at a minimum thirty (30) days from when the expenditure was incurred or liability of the Grantee was approved as evidenced by an unpaid invoice received by the Grantee from a third party contractor or vendor; or
   ii. Twenty (20) days from date of Early Termination; or

iii. Twenty (20) days from the Reversion Date.

D. The Grantee's failure to abide by the requirements set forth in Article II and Article IX herein will result in the denial of its Request for Payment or will delay the processing of Requests for Payment. The Department has the right to reject a payment request for the Project unless and until it is satisfied that the expenditures in the Request for Payment are for permissible purposes within the meaning of the Project Description and that the expenditures and the Grantee are otherwise in compliance with this Agreement, including but not limited to, compliance with the reporting requirements and the requirements set forth in Article II herein to provide Third Party Obligations and the Deadlines set forth in Article IX herein. The Department's ability to reject any Request for Payment is in addition to, and not in lieu of, any other legal or equitable remedy available to the Department due to Grantee's violation of this Agreement.

ARTICLE X. PROJECT CONDITIONS AND RESTRICTIONS; REPRESENTATIONS AND WARRANTIES

A. The following general conditions and restrictions are applicable to the Project:

i. The Project's funds must be spent in accordance with all applicable state laws, regulations, policies, and guidelines, including, but not limited to, the State Procurement Code (or local procurement ordinance, where applicable).

Every contract or project in excess of sixty thousand dollars ($60,000) that the Grantee is a party to for construction, alteration, demolition or repair or any combination of these, including painting and decorating, of public buildings, public works or public roads and that requires or involves the employment of mechanics, laborers or both shall contain a provision stating the minimum wages and fringe benefits to be paid to various classes of laborers and mechanics, shall be based upon the wages and benefits that will be determined by the New Mexico Department of Workforce Solutions to be prevailing for the corresponding classes of laborers and mechanics employed on contract work of a similar nature in the locality. Further, every contract or project shall contain a stipulation that the contractor, subcontractor, employer or a person acting as a contractor shall pay all mechanics and laborers employed on the site of the project, unconditionally and not less often than once a week and without subsequent unlawful deduction or rebate on any account, the full amounts accrued at time of payment computed at wage rates and fringe benefit rates not less than those determined pursuant to Section 13-4-11 (B) NMSA 1978 to be the prevailing wage rates and prevailing fringe benefit rates issued for the project.

iii. The Project may only benefit private entities in accordance with applicable law, including, but not limited to, Article IX, Section 14 of the Constitution of the State of New Mexico, the "Anti-Donation Clause."

The Grantee shall not for a period of 10 years from the date of this agreement convert any property acquired, built, renovated, repaired, designed or developed with the Project's funds to uses other than those specified in the Project Description without the Department's and the Board of Finance's express, advance, written approval, which may include a requirement to reimburse the State for the cost of the project, transfer proceeds from the disposition of property to the State, or otherwise provide consideration to the State.

v. The Grantee shall comply with all federal and state laws, rules and regulations pertaining to equal employment opportunity. In accordance with all such laws, rules and regulations the Grantee agrees to assure that no person shall, on the grounds of race, color, national origin, sex, sexual preference, age or handicap, be excluded from employment with Grantee, be excluded from participation in the Project, be denied benefits or otherwise be subject to discrimination under, any activity performed under this Agreement. If Grantee is found to be not in compliance with these requirements during the life of this Agreement, Grantee agrees to take appropriate steps to correct any deficiencies. The Grantee's failure to implement such appropriate steps within a reasonable time constitutes grounds for terminating this Agreement.

B. The Grantee hereby represents and warrants the following:

i. The Grantee has the legal authority to receive and expend the Project's funds.

ii. This Agreement has been duly authorized by the Grantee, the person executing this Agreement has authority to do so, and, once executed by the Grantee, this Agreement shall constitute a binding obligation of the Grantee, enforceable according to its terms.

iii. This Agreement and the Grantee's obligations hereunder do not conflict with any law or ordinance or resolution applicable to the Grantee, the Grantee's charter (if applicable), or any judgment or decree to which the Grantee is subject.

iv. The Grantee has independently confirmed that the Project Description, including, but not limited to, the amount and Reversion Date, is consistent with the underlying appropriation in law.

v. The Grantee's governing body has duly adopted or passed as an official act a resolution, motion, or similar action authorizing the person identified as the official representative of the Grantee to sign the Agreement and to sign Requests for Payment.

vi. The Grantee shall abide by New Mexico laws regarding conflicts of interest, governmental conduct and whistleblower

protection. The Grantee specifically agrees that no officer or employee of the local jurisdiction or its designees or agents, no member of the governing body, and no other public official of the locality who exercises any function or responsibility with respect to this Grant, during their tenure or for one year thereafter, shall have any interest, direct or indirect, in any contract or subcontract, or the proceeds thereof, for work to be performed or goods to be received, pursuant to this Grant. Further, Grantee shall require all of its contractors to incorporate in all subcontracts the language set forth in this paragraph prohibiting conflicts of interest.

vii. No funds have been paid or will be paid, by or on behalf of the Grantee, to any person for influencing or attempting to influence an officer or employee of this or any agency or body in connection with the awarding of any Third Party Obligation and that the Grantee shall require certifying language prohibiting lobbying to be included in the award documents for all subawards, including subcontracts, loans and cooperative agreements. All subrecipients shall be required to certify accordingly.

ARTICLE XI. STRICT ACCOUNTABILITY OF RECEIPTS AND DISBURSEMENTS; PROJECT RECORDS

A. The Grantee shall be strictly accountable for receipts and disbursements relating to the Project's funds. The Grantee shall follow generally accepted accounting principles, and, if feasible, maintain a separate bank account or fund with a separate organizational code, for the funds to assure separate budgeting and accounting of the funds.

B. For a period of six (6) years following the Project's completion, the Grantee shall maintain all Project related records, including, but not limited to, all financial records, requests for proposals, invitations to bid, selection and award criteria, contracts and subcontracts, advertisements, minutes of pertinent meetings, as well as records sufficient to fully account for the amount and disposition of the total funds from all sources budgeted for the Project, the purpose for which such funds were used, and such other records as the Department shall prescribe.

C. The Grantee shall make all Project records available to the Department, the Department of Finance and Administration, and the New Mexico State Auditor upon request. With respect to the funds that are the subject of this Agreement, if the State Auditor or the Department of Finance and Administration finds that any or all of these funds were improperly expended, the Grantee may be required to reimburse to the State of New Mexico, to the originating fund, any and all amounts found to be improperly expended.

ARTICLE XII. IMPROPERLY REIMBURSED FUNDS

If the Department determines that part or all of the Appropriation Amount was improperly reimbursed to Grantee, including but not limited to, Project funds reimbursed to Grantee based upon fraud, mismanagement, misrepresentation, misuse, violation of law by the Grantee, or violation of this Agreement, the Grantee shall return such funds to the Department for disposition in accordance with law.

ARTICLE XIII. LIABILITY

Neither party shall be responsible for liability incurred as a result of the other party's acts or omissions in connection with this Agreement. Any liability incurred in connection with this Agreement is subject to immunities and limitations of the New Mexico Tort Claims Act.

ARTICLE XIV. SCOPE OF AGREEMENT

This Agreement constitutes the entire and exclusive agreement between the Grantee and Department concerning the subject matter hereof. The Agreement supersedes any and all prior or contemporaneous agreements, understandings, discussions, communications, and representations, written or verbal.

ARTICLE XV. REQUIRED NON-APPROPRIATIONS CLAUSE IN CONTRACTS FUNDED IN WHOLE OR PART BY FUNDS MADE AVAILABLE UNDER THIS AGREEMENT

The Grantee acknowledges, warrants, and agrees that Grantee shall include a "non-appropriations" clause in all contracts between it and other parties that are (i) funded in whole or part by funds made available under this Agreement and (ii) entered into after the effective date of this Agreement that states:

"The terms of this Agreement are contingent upon sufficient appropriations and authorization being made by the Legislature of New Mexico for the performance of this Agreement. If sufficient appropriations and authorization are not made by the Legislature, the **CITY OF SANTA FE** may immediately terminate this Agreement by giving Contractor written notice of such termination. The **CITY OF SANTA FE**'s decision as to whether sufficient appropriations are available shall be accepted by the Contractor and shall be final. Contractor hereby waives any rights to assert an impairment of contract claim against the **CITY OF SANTA FE** or the

Department of Finance and Administration, Local Government Division (DFA/LGD) or the State of New Mexico in the event of immediate or Early Termination of this Agreement by the **CITY OF SANTA FE** or the Department"

ARTICLE XVI. REQUIRED TERMINATION CLAUSE IN CONTRACTS FUNDED IN WHOLE OR PART BY FUNDS MADE AVAILABLE UNDER THIS AGREEMENT

Grantee acknowledges, warrants, and agrees that Grantee shall include the following termination clause in all contracts that are (i) funded in whole or part by funds made available under this Agreement and (ii) entered into after the effective date of this Agreement:

"This contract is funded in whole or in part by funds made available under a DFA/LGD Grant Agreement. Should the DFA/LGD early terminate the grant agreement, the CITY OF SANTA FE may early terminate this contract by providing Contractor written notice of such termination. In the event of termination pursuant to this paragraph, the CITY OF SANTA FE only liability shall be to pay Contractor for acceptable goods delivered and services rendered before the termination date."

Grantee hereby waives any rights to assert an impairment of contract claim against the Department or the State of New Mexico in the event of Early Termination of this Agreement by the Department.

ARTICLE XVII. COMPLIANCE WITH UNIFORM FUNDING CRITERIA.

A. Throughout the term of this Agreement, Grantee shall:
    1. submit all reports of annual audits and agreed upon procedures required by Section 12-6-3(A)-(B) NMSA 1978 by the due dates established in 2.2.2 NMAC, reports of which must be a public record pursuant to Section 12-6-5(A) NMSA 1978 within forty-five days of delivery to the State Auditor;

    2. require the Grantee to develop and implement a written corrective action plan pursuant to Article VI(D) of this Agreement to remedy the non-compliance;
    3. impose special grant conditions to address the non-compliance by giving the Grantee notice of such special conditions in accordance with Article III of this Agreement; the special conditions shall be binding and effective on the date that notice is deemed to have been given pursuant to Article III; or
    4. terminate this Agreement pursuant to Article V(A) of this Agreement.

ARTICLE XVIII. SEVERANCE TAX BOND AND GENERAL OBLIGATION BOND PROJECT CLAUSES

A. Grantee acknowledges and agrees that the underlying appropriation for the Project is a severance tax bond or general obligation bond appropriation, and that the associated bond proceeds are administered by the New Mexico State Board of Finance (SBOF), an entity separate and distinct from the Department. Grantee acknowledges and agrees that (i) it is Grantee's sole and absolute responsibility to determine through SBOF staff what (if any) conditions are currently imposed on the Project; (ii) the Department's failure to inform Grantee of a SBOF imposed condition does not affect the validity or enforceability of the condition; (iii) the SBOF may in the future impose further or different conditions upon the Project; (iv) all SBOF conditions are effective without amendment of this Agreement; (v) all applicable SBOF conditions must be satisfied before the SBOF will release to the Department funds subject to the condition(s); and (vi) the Department's obligation to reimburse Grantee from the Project is contingent upon the then current SBOF conditions being satisfied.

B. Grantee acknowledges and agrees that the SBOF may in its sole and absolute discretion remove a project's assigned bond proceeds if the project doesn't proceed sufficiently. Entities must comply with the requirement to encumber five percent (5%) of Project funds within six months of bond issuance as certified by the grantee in the Bond Questionnaire and Certification documents submitted to the SBOF. Failure to comply may result in the bond proceeds reassignment to a new ready project. If this should occur this grant agreement will be suspended until the entity has demonstrated readiness as determined by the SBOF and the Department.

C. Grantee acknowledges and agrees that this Agreement is subject to the SBOF's Bond Project Disbursements rule, NMAC 2.61.6, as may be amended or re-codified. The rule provides definitions and interpretations of grant language for the purpose of determining whether a particular activity is allowable under the authorizing language of the agreement.

Except as otherwise expressly allowed or provided under this Agreement, the City's sole liability upon termination shall be to pay for acceptable work performed prior to the Contractor's receipt or issuance of a notice of termination; provided, however, that a notice of termination shall not nullify or otherwise affect either party's liability for pre-termination defaults under or breaches of this Agreement. The Contractor shall submit an invoice for such work within thirty (30) days of receiving or sending the notice of termination. *THIS PROVISION IS NOT EXCLUSIVE AND DOES NOT WAIVE THE CITY'S OTHER LEGAL RIGHTS AND REMEDIES CAUSED BY THE CONTRACTOR'S DEFAULT/BREACH OF THIS AGREEMENT.*

8. **Amendment**

A. This Agreement shall not be altered, changed or amended except by instrument in writing executed by the parties hereto and all other required signatories.

	Kiwanis		
Offeror Points	200		

Organizational Experience

Specifications:

Offeror **must**:
a) provide a brief description of relevant event planning experience with city or state government and private sector. The experience of all proposed subcontractors must be described. The narrative **must** thoroughly describe how the Offeror has supplied expertise for similar contracts and must include the extent of their experience, expertise and knowledge as a provider of public events. All public events provided to private sector will also be considered;

Evaluation Factors:

Points will be awarded based on the thoroughness and clarity of Offeror's response in this Section. The Evaluation Committee will also weigh the relevancy and extent of Offeror's experience, expertise and knowledge; and of personnel education, experience and certifications/licenses. In addition, points will be awarded based on Offeror's candid and well-thought-out response to successes and failures, as well as the ability of the Offeror to learn from its failures and grow from its successes.

Kiwanis

The Evaluation Committee awarded Kiwanis 200 points based on the Offeror's response. The offeror provided significant proof of expertise, the resumes of key personnel and described in detail the successes and failures of event planning for two past projects.

Section IV.B.2, Organizational References (200 Total Points)

	Kiwanis		
Offeror Points	133		

Organizational References

Points will be awarded for each individual response up to 1/3 of the total points for this category. Lack of a response will receive zero (0) points.
The Evaluation Committee may contact any or all business references for validation of information submitted. Subject: Formal Quote for Dia de los Muertos and New Year's Eve Events

The Kiwanis Club of Santa Fe is pleased to submit this formal quote for the production, hosting, operational management and insure of the Dia de los Muertos celebration and New Year's Eve festivities at the Plaza.

Total Quote: $105,000.00

This quote represents a $30,000 increase from the previous fiscal year. The increase is primarily attributed to enhanced labor costs and the implementation of additional security measures, following the recent incident at the Plaza during Fiesta.

Scope of Services Includes:

1. **Production Management:** Coordination of all event logistics including permits, vendor management, and scheduling.

2. **Hosting:** Engagement of artists, performers, and community groups to ensure a vibrant and culturally rich experience.

3. **Operational Support:** On-site management of the events, including setup and breakdown.

4. **Security:** Increased security measures, including additional barriers and personnel to ensure the safety and enjoyment of all attendees.

5. **Insurance Coverage:** Utilization of Kiwanis insurance to ensure comprehensive coverage for the events, further enhancing safety and liability management.

We believe that these events are vital for the community, fostering cultural appreciation and unity among residents and visitors alike. We look forward to the opportunity to collaborate with the City of Santa Fe to make these celebrations a success.

Thank you for considering our proposal. Please feel free to contact me directly at 202-719-9652 or burnhim@burnzozobra.com if you have any questions or require further information.

Subject: Determination for NYE & Dia de Muertos Coordination

Hi Travis,

I need a determination for SOW:

Plan, coordinate and execute celebrations for New Year's Eve and Día de Muertos on the plaza which includes, but is not limited to, all planning of the event, obtaining, hiring and payment to musicians, the coordination and negotiation with independent contractors who will provide necessary equipment and personnel (skilled and unskilled), overseeing all aspects of the production of the events, ensuring proper breakdown and clean up occurs and ensuring that all city rules for the use of the plaza are observed. Independent Contractors can include but are not limited to sound and light providers, tent providers, fireworks providers, private security providers and other independent contractors which may or may not be required by the city but are necessary to ensure the safe and successful production of the events. Contractor will also be responsible for solicitation of private funding that is required to produce the event in excess of funds provided by the city.

ACTION:

Request for Approval of a Budget Amendment Resolution (BAR) in the Total Amount of $286,560 to increase WIP Construction using funds budgeted in Miscellaneous Revenue during FY24.

(Kelly Bynon, Administrative Manager, kabynon@santafenm.gov)

BACKGROUND AND SUMMARY:

During FY24, the Santa Fe Regional Airports tenant, Signature Aviation, reverted two of their Hangar spaces back to the Airport's possession. At the time of reverting the hangars, there was found to be issues with the hangar doors, heating and other various items. Signature Aviation and the City of Santa Fe came to an agreement that Signature would pay for the cost of fixing these issues.

In FY24, Signature wired a payment pf $286,560 to the Airport based on the estimated cost of repairs. The Airport was unable to have these repairs done in FY24 but now has a contract in place to move forward. Therefore, approval of this expenditure only BAR is requested.

This money was provided to the Santa Fe Airport from tenant "Signature Flight Support" for the repair of hangar doors in FY24.

The repairs were not complete in the last FY however, the airport is ready to move forward using our Davenport on call contract.

This money was placed in misc. revenues but never budgeted to an expenditure account.

AGREEMENT

NOW, THEREFORE, in consideration of the mutual covenants and obligations contained herein, the parties hereby mutually agree as follows:

ARTICLE I. PROJECT DESCRIPTION, AMOUNT OF GRANT AND REVERSION DATE

A. The project that is the subject of this Agreement is described as follows:

24-I3141 $250,000.00 APPROPRIATION REVERSION DATE: June 30, 2026

Laws of 2024, Chapter 66, Section 28, Paragraph 499, Two Hundred Fifty Thousand ($250,000.00), from the General Fund 93100 to purchase and install equipment, including self-contained breathing apparatus, for the fire department in Santa Fe in Santa Fe county;

The Grantee's total reimbursements shall not exceed Two Hundred Fifty Thousand $250,000.00 (the "Appropriation Amount") minus the allocation for Art in Public Places ("AIPP amount")[1], if applicable, Zero $0.00, which equals Two Hundred Fifty Thousand $250,000.00 (the "Adjusted Appropriation Amount").

In the event of a conflict among the Appropriation Amount, the Reversion Date, as defined herein and/or the purpose of the Project, as set forth in this Agreement, and the corresponding appropriation language in the laws cited above in this Article I(A), the language of the laws cited herein shall control.

This project is referred to throughout the remainder of this Agreement as the "Project"; the information contained in Article I(A) is referred to collectively throughout the remainder of this Agreement as the "Project Description." [Optional Language if special conditions apply. Attachment A sets forth additional or more stringent requirements and conditions, which are incorporated by this reference as if set forth fully herein. If Optional Attachment A imposes more stringent requirements than any requirement set forth in this Agreement, the more stringent requirements of Attachment A shall prevail, in the event of irreconcilable conflict.] The Grantee shall reference the Project's number in all correspondence with and submissions to the Department concerning the Project, including, but not limited to, Requests for Payment and reports.

ARTICLE II. LIMITATION ON DEPARTMENT'S OBLIGATION TO MAKE GRANT DISBURSEMENT TO GRANTEE

A. Upon the Effective Date of this Agreement, for permissible purposes within the scope of the Project Description, the Grantee shall only be reimbursed monies for which the Department has issued and the Grantee has received a Notice of Department's Obligation to Reimburse Grantee (hereinafter referred to as "Notice of Obligation"). This Grant Agreement and the disbursement of any and all amounts of the above referenced Adjusted Appropriation Amount are expressly conditioned upon the following:

i. Irrespective of any Notice of Obligation, the Grantee's expenditures shall be made on or before the Reversion Date and, if applicable, an Early Termination Date (i.e., the goods have been delivered and accepted or the title to the goods has been transferred to the Grantee and/or the services have been rendered for the Grantee); and

ii. The total amount received by the Grantee shall not exceed the lesser of: (a) the Adjusted Appropriation Amount identified in Article I(A) herein or (b) the total of all amounts stated in the Notice(s) of Obligation evidencing that the Department has received and accepted the Grantee's Third Party Obligation(s), as defined in subparagraph iii of this Article II(A); and

iii. The Grantee's expenditures were made pursuant to the State Procurement Code and execution of binding written obligations or purchase orders with third party contractors or vendors for the provision of services, including professional services, or the purchase of tangible personal property and real property for the Project, hereinafter referred to as "Third Party Obligations"; and

iv. The Grantee's submittal of timely Requests for Payment in accordance with the procedures set forth in Article IX of this Agreement; and

v. In the event that capital assets acquired with Project funds are to be sold, leased, or licensed to or operated by a private entity, the sale, lease, license, or operating agreement:

a. must be approved by the applicable oversight entity (if any) in accordance with law; or

b. if no oversight entity is required to approve the transaction, the Department must approve the transaction as complying with law.

Prior to the sale, lease, license, or operating agreement being approved pursuant to Articles II(A)(v)(a) and II(A)(v)(b) herein, the Department may, in its sole and absolute discretion and unless inconsistent with State Board of Finance imposed conditions, reimburse the Grantee for necessary expenditures incurred to develop the Project sufficiently to make the sale, lease, license, or operating agreement commercially feasible, such as plan and design expenditures; and

vi. The Grantee shall request approval of its obligation(s) by submitting a Notice of Obligation form as provided by the Department. The Grantee's submission of documentation of all Third Party Obligations and amendments thereto (including terminations) to the Department and the Department's issuance and the Grantee's receiving of a Notice of Obligation for a particular amount in accordance with the terms of this Agreement shall be governed by the following:

a. The Grantee shall submit to the Department one copy of all Third Party Obligations and amendments thereto (including terminations) as soon as possible after execution by the Third Party **but prior to execution by the Grantee.**

b. Grantee acknowledges and agrees that if it chooses to enter into a Third Party Obligation prior to receiving a Notice of Obligation that covers the expenditure, it is solely responsible for such obligations.

c. The Department may, in its sole and absolute discretion, issue to Grantee a Notice of Obligation for the particular amount of that Third Party Obligation that only obligates the Department to reimburse Grantee's expenditures made on or before the Reversion Date or an Early Termination Date.

d. The date the Department signs the Notice of Obligation is the date that the Department's Notice of Obligation is effective. After that date, the Grantee is authorized to budget the particular amount set forth in the Notice of Obligation, execute the Third Party Obligation and request the Third Party to begin work. Payment for any work performed or goods received prior to the effective date of the Notice of Obligation is wholly and solely the obligation of the Grantee.

B. The Grantee shall implement, in all respects, the Project. The Grantee shall provide all necessary qualified personnel, material, and facilities to implement the Project. The Grantee shall finance its share (if any) of the costs of the Project, including all Project overruns.

C. Project funds shall not be used for purposes other than those specified in the Project Description.

D. Unless specifically allowed by law, Project funds cannot be used to reimburse Grantee for indirect Project costs.

---

[1]The AIPP amount is "an amount of money equal to one percent or two hundred thousand dollars ($200,000), whichever is less, of the amount of money appropriated for new construction or any major renovation exceeding one hundred thousand dollars ($100,000)." Section 13-4A-4 NMSA 1978.

[2]"Reimburse" as used throughout this Agreement includes Department payments to the Grantee for invoices received, but not yet paid, by the Grantee from a third party contractor or vendor, if the invoices comply with the provisions of this Agreement and are a valid liability of the Grantee.

ARTICLE IV. REVERSION DATE, TERM, DEADLINE TO EXPEND FUNDS

A. As referenced in Article I(A), the applicable law establishes a date by which Project funds must be expended by Grantee, which is referred to throughout the remainder of this Agreement as the "Reversion Date." Upon being duly executed by both parties, this Agreement shall be effective as of the date of execution by the Department. It shall terminate on **June 30, 2026** the Reversion Date unless Terminated Before Reversion Date ("Early Termination") pursuant to Article V herein.
B. The Project's funds must be expended on or before the Reversion Date and, if applicable, Early Termination Date of this Agreement. For purposes of this Agreement, it is not sufficient for the Grantee to encumber the Project funds on its books on or before the Project's Reversion Date or Early Termination Date. Funds are expended and an expenditure has occurred as of the date that a particular quantity of goods are delivered to and received by the Grantee or title to the goods is transferred to the Grantee and/or as of the date particular services are rendered for the Grantee. Funds are ***not*** expended and an expenditure has ***not*** occurred as of the date they are encumbered by the Grantee pursuant to a contract or purchase order with a third party.

ARTICLE V. EARLY TERMINATION

A. Early Termination Before Reversion Date Due to Completion of the Project or Complete Expenditure of the Adjusted Appropriation or Violation of this Agreement

Early Termination includes:

i. Termination due to completion of the Project before the Reversion Date; or
ii. Termination due to complete expenditure of the Adjusted Appropriation Amount before the Reversion Date; or
iii. Termination for violation of the terms of this Agreement; or
iv. Termination for suspected mishandling of public funds, including but not limited to, fraud, waste, abuse, and conflicts of interest.

Either the Department or the Grantee may early terminate this Agreement prior to the Reversion Date by providing the other party with a minimum of fifteen (15) days' advance, written notice of early termination. Grantee hereby waives any rights to assert an impairment of contract claim against the Department or the State of New Mexico in the event of Early Termination of this Agreement by the Department pursuant to Article V(A).

B. Early Termination Before Reversion Date Due to Non-appropriation

The terms of this Agreement are expressly made contingent upon sufficient appropriations and authorization being made by the Legislature of New Mexico for the performance of this Agreement. Throughout this Agreement the term "non-appropriate" or "non-appropriation" includes the following actions by the New Mexico Legislature: deauthorization, reauthorization or revocation of a prior authorization. The Legislature may choose to non-appropriate the Appropriation referred to in Article I and, if that occurs, the Department shall early terminate this Agreement for non-appropriation by giving the Grantee written notice of such termination, and such termination shall be effective as of the effective date of the law making the non-appropriation. The Department's decision as to whether sufficient appropriations or authorizations are available shall be accepted by the Grantee and shall be final. Grantee hereby waives any rights to assert an impairment of contract claim against the Department or the State of New Mexico in the event of Early Termination of this Agreement by the Department pursuant to Article V(B).

C. Limitation on Department's Obligation to Make Grant Disbursements to Grantee in the Event of Early Termination

In the event of Early Termination of this Agreement by either party, the Department's sole and absolute obligation to reimburse the Grantee is expressly conditioned upon the limitations set forth Article II.

ARTICLE VI. SUSPENSION OF NEW OR FURTHER OBLIGATIONS

A. The Department may choose, in its sole and absolute discretion, to provide written notice to the Grantee to suspend entering into new and further obligations. Upon the receipt of such written notice by the Grantee:
   i. The Grantee shall immediately suspend entering into new or further written obligations with third parties; and
   ii. The Department will suspend the issuance of any new or further Notice of Obligation under this Agreement; and
   iii. The Department may direct the Grantee to implement a corrective action plan in accordance with Article VI(D) herein.

B. In the event of Suspension of this Agreement, the Department's sole and absolute obligation to reimburse the Grantee is expressly conditioned upon the limitations set forth in Article II herein.

C. A suspension of new or further obligations under this Agreement shall remain in effect unless or until the date the Grantee receives written notice given by the Department informing the Grantee that the Suspension has been lifted or that the Agreement has been Early Terminated in accordance with Article V herein. If the Suspension is lifted, the Department will consider further requests for Notice of Obligation.

D. Corrective Action Plan in the Event of Suspension

In the event that the Department chooses, in its sole and absolute discretion to direct the Grantee to suspend entering into new or further written obligations with third parties pursuant to Article VI(A), the Department may, but is not obligated to, require the Grantee to develop and implement a written corrective action plan to remedy the grounds for the Suspension. Such corrective action plan must be approved by the Department and be signed by the Grantee. Failure to sign a corrective action plan or meet the terms and deadlines set forth in the signed corrective action plan, is hereby deemed a violation of the terms of this Agreement for purposes of Early Termination, Article V(A)(iii). The corrective action plan is in addition to, and not in lieu of, any other equitable or legal remedy, including but not limited to Early Termination.

ARTICLE VII. AMENDMENT

This Agreement shall not be altered, changed, or amended except by instrument in writing duly executed by both the parties hereto.

ARTICLE VIII. REPORTS

A. Database Reporting

The Grantee shall report quarterly Project activity by entering such Project information as the Department and the Department of Finance and Administration may require, such information entered directly into a database maintained by the Department of Finance and Administration. Additionally, the Grantee shall certify on the Request for Payment form that updates have been maintained and are current in the database. The Grantee hereby acknowledges that failure to perform and/or certify updates into the database will delay or potentially jeopardize the reimbursement of funds. The Department shall give Grantee a minimum of thirty (30) days' advance written notice of any changes to the information the Grantee is required to report.

Quarterly reports are due on the last day of each quarter. Quarter end reporting periods are September 30th, December 31st, March 31st, and June 30th.

B. Requests for Additional Information/Project Inspection

During the term of this Agreement and during the period of time during which the Grantee must maintain records pursuant to Article VIII, the Department may:

i. request such additional information regarding the Project as it deems necessary; and
ii. conduct, at reasonable times and upon reasonable notice, onsite inspections of the Project.

Grantee shall respond to such requests for additional information within a reasonable period of time, as established by the Department.

ARTICLE IX. REQUEST FOR PAYMENT PROCEDURES AND DEADLINES

A. The Grantee shall request payment by submitting a Request for Payment, in the form provided by the Department. Payment requests are subject to the following procedures:
   i. The Grantee must submit a Request for Payment; and
   ii. Each Request for Payment must contain proof of payment by the Grantee or liabilities incurred by the Grantee showing that the expenditures are valid or are liabilities incurred by the Grantee in the form of actual unpaid invoices received by the Grantee for services rendered by a third party or items of tangible personal property received by the Grantee for the implementation of the Project; provided, however, that the Grantee may be reimbursed for unpaid liabilities only if the Department, in its sole and absolute discretion, agrees to do so and in accordance with any special conditions imposed by the Department.
   iii. In cases where the Grantee is submitting a Request for Payment to the Department based upon invoices received, but not yet paid, by the Grantee from a third party contractor or vendor, if the invoices comply with the provisions of this Agreement and are a valid liability of the Grantee, the Grantee shall make payment to those contractors or vendors within five (5) business days from the date of receiving reimbursement from the Department or such shorter period of time as the Department may prescribe in writing. The Grantee is required to certify to the Department proof of payment to the third party contractor or vendor within ten (10) business days from the date of receiving reimbursement from the Department.

B. The Grantee must obligate 5% of the Adjusted Appropriation Amount within six months of execution of the grant agreement and must have expended no less than 85% of the Adjusted Appropriation Amount six months prior to the reversion date.

C. Deadlines

Requests for Payments shall be submitted by Grantee to the Department on the earlier of:
   i. Immediately as they are received by the Grantee but at a minimum thirty (30) days from when the expenditure was incurred or liability of the Grantee was approved as evidenced by an unpaid invoice received by the Grantee from a third party contractor or vendor; or
   ii. Twenty (20) days from date of Early Termination; or

iii. Twenty (20) days from the Reversion Date.

D. The Grantee's failure to abide by the requirements set forth in Article II and Article IX herein will result in the denial of its Request for Payment or will delay the processing of Requests for Payment. The Department has the right to reject a payment request for the Project unless and until it is satisfied that the expenditures in the Request for Payment are for permissible purposes within the meaning of the Project Description and that the expenditures and the Grantee are otherwise in compliance with this Agreement, including but not limited to, compliance with the reporting requirements and the requirements set forth in Article II herein to provide Third Party Obligations and the Deadlines set forth in Article IX herein. The Department's ability to reject any Request for Payment is in addition to, and not in lieu of, any other legal or equitable remedy available to the Department due to Grantee's violation of this Agreement.

ARTICLE X. PROJECT CONDITIONS AND RESTRICTIONS; REPRESENTATIONS AND WARRANTIES

A. The following general conditions and restrictions are applicable to the Project:

i. The Project's funds must be spent in accordance with all applicable state laws, regulations, policies, and guidelines, including, but not limited to, the State Procurement Code (or local procurement ordinance, where applicable).

ii. The Project must be implemented in accordance with the New Mexico Public Works Minimum Wage Act, Section 13-4-10 through 13-4-17 NMSA 1978, as applicable. Every contract or project in excess of sixty thousand dollars ($60,000) that the Grantee is a party to for construction, alteration, demolition or repair or any combination of these, including painting and decorating, of public buildings, public works or public roads and that requires or involves the employment of mechanics, laborers or both shall contain a provision stating the minimum wages and fringe benefits to be paid to various classes of laborers and mechanics, shall be based upon the wages and benefits that will be determined by the New Mexico Department of Workforce Solutions to be prevailing for the corresponding classes of laborers and mechanics employed on contract work of a similar nature in the locality. Further, every contract or project shall contain a stipulation that the contractor, subcontractor, employer or a person acting as a contractor shall pay all mechanics and laborers employed on the site of the project, unconditionally and not less often than once a week and without subsequent unlawful deduction or rebate on any account, the full amounts accrued at time of payment computed at wage rates and fringe benefit rates not less than those determined pursuant to Section 13-4-11 (B) NMSA 1978 to be the prevailing wage rates and prevailing fringe benefit rates issued for the project.

iii. The Project may only benefit private entities in accordance with applicable law, including, but not limited to, Article IX, Section 14 of the Constitution of the State of New Mexico, the "Anti-Donation Clause."

iv. The Grantee shall not for a period of 10 years from the date of this agreement convert any property acquired, built, renovated, repaired, designed or developed with the Project's funds to uses other than those specified in the Project Description without the Department's and the Board of Finance's express, advance, written approval, which may include a requirement to reimburse the State for the cost of the project, transfer proceeds from the disposition of property to the State, or otherwise provide consideration to the State.

v. The Grantee shall comply with all federal and state laws, rules and regulations pertaining to equal employment opportunity. In accordance with all such laws, rules and regulations the Grantee agrees to assure that no person shall, on the grounds of race, color, national origin, sex, sexual preference, age or handicap, be excluded from employment with Grantee, be excluded from participation in the Project, be denied benefits or otherwise be subject to discrimination under, any activity performed under this Agreement. If Grantee is found to be not in compliance with these requirements during the life of this Agreement, Grantee agrees to take appropriate steps to correct any deficiencies. The Grantee's failure to implement such appropriate steps within a reasonable time constitutes grounds for terminating this Agreement.

B. The Grantee hereby represents and warrants the following:

i. The Grantee has the legal authority to receive and expend the Project's funds.

ii. This Agreement has been duly authorized by the Grantee, the person executing this Agreement has authority to do so, and, once executed by the Grantee, this Agreement shall constitute a binding obligation of the Grantee, enforceable according to its terms.

iii. This Agreement and the Grantee's obligations hereunder do not conflict with any law or ordinance or resolution applicable to the Grantee, the Grantee's charter (if applicable), or any judgment or decree to which the Grantee is subject.

iv. The Grantee has independently confirmed that the Project Description, including, but not limited to, the amount and Reversion Date, is consistent with the underlying appropriation in law.

v. The Grantee's governing body has duly adopted or passed as an official act a resolution, motion, or similar action authorizing the person identified as the official representative of the Grantee to sign the Agreement and to sign Requests for Payment.

vi. The Grantee shall abide by New Mexico laws regarding conflicts of interest, governmental conduct and whistleblower

protection. The Grantee specifically agrees that no officer or employee of the local jurisdiction or its designees or agents, no member of the governing body, and no other public official of the locality who exercises any function or responsibility with respect to this Grant, during their tenure or for one year thereafter, shall have any interest, direct or indirect, in any contract or subcontract, or the proceeds thereof, for work to be performed or goods to be received, pursuant to this Grant. Further, Grantee shall require all of its contractors to incorporate in all subcontracts the language set forth in this paragraph prohibiting conflicts of interest.

vii. No funds have been paid or will be paid, by or on behalf of the Grantee, to any person for influencing or attempting to influence an officer or employee of this or any agency or body in connection with the awarding of any Third Party Obligation and that the Grantee shall require certifying language prohibiting lobbying to be included in the award documents for all subawards, including subcontracts, loans and cooperative agreements. All subrecipients shall be required to certify accordingly.

ARTICLE XI. STRICT ACCOUNTABILITY OF RECEIPTS AND DISBURSEMENTS; PROJECT RECORDS

A. The Grantee shall be strictly accountable for receipts and disbursements relating to the Project's funds. The Grantee shall follow generally accepted accounting principles, and, if feasible, maintain a separate bank account or fund with a separate organizational code, for the funds to assure separate budgeting and accounting of the funds.

B. For a period of six (6) years following the Project's completion, the Grantee shall maintain all Project related records, including, but not limited to, all financial records, requests for proposals, invitations to bid, selection and award criteria, contracts and subcontracts, advertisements, minutes of pertinent meetings, as well as records sufficient to fully account for the amount and disposition of the total funds from all sources budgeted for the Project, the purpose for which such funds were used, and such other records as the Department shall prescribe.

C. The Grantee shall make all Project records available to the Department, the Department of Finance and Administration, and the New Mexico State Auditor upon request. With respect to the funds that are the subject of this Agreement, if the State Auditor or the Department of Finance and Administration finds that any or all of these funds were improperly expended, the Grantee may be required to reimburse to the State of New Mexico, to the originating fund, any and all amounts found to be improperly expended.

ARTICLE XII. IMPROPERLY REIMBURSED FUNDS

If the Department determines that part or all of the Appropriation Amount was improperly reimbursed to Grantee, including but not limited to, Project funds reimbursed to Grantee based upon fraud, mismanagement, misrepresentation, misuse, violation of law by the Grantee, or violation of this Agreement, the Grantee shall return such funds to the Department for disposition in accordance with law.

ARTICLE XIII. LIABILITY

Neither party shall be responsible for liability incurred as a result of the other party's acts or omissions in connection with this Agreement. Any liability incurred in connection with this Agreement is subject to immunities and limitations of the New Mexico Tort Claims Act.

ARTICLE XIV. SCOPE OF AGREEMENT

This Agreement constitutes the entire and exclusive agreement between the Grantee and Department concerning the subject matter hereof. The Agreement supersedes any and all prior or contemporaneous agreements, understandings, discussions, communications, and representations, written or verbal.

ARTICLE XV. REQUIRED NON-APPROPRIATIONS CLAUSE IN CONTRACTS FUNDED IN WHOLE OR PART BY FUNDS MADE AVAILABLE UNDER THIS AGREEMENT

The Grantee acknowledges, warrants, and agrees that Grantee shall include a "non-appropriations" clause in all contracts between it and other parties that are (i) funded in whole or part by funds made available under this Agreement and (ii) entered into after the effective date of this Agreement that states:

"The terms of this Agreement are contingent upon sufficient appropriations and authorization being made by the Legislature of New Mexico for the performance of this Agreement. If sufficient appropriations and authorization are not made by the Legislature, the **CITY OF SANTA FE** may immediately terminate this Agreement by giving Contractor written notice of such termination. The **CITY OF SANTA FE**'s decision as to whether sufficient appropriations are available shall be accepted by the Contractor and shall be final. Contractor hereby waives any rights to assert an impairment of contract claim against the **CITY OF SANTA FE** or the

Department of Finance and Administration, Local Government Division (DFA/LGD) or the State of New Mexico in the event of immediate or Early Termination of this Agreement by the CITY OF SANTA FE or the Department"

ARTICLE XVI. REQUIRED TERMINATION CLAUSE IN CONTRACTS FUNDED IN WHOLE OR PART BY FUNDS MADE AVAILABLE UNDER THIS AGREEMENT

Grantee acknowledges, warrants, and agrees that Grantee shall include the following termination clause in all contracts that are (i) funded in whole or part by funds made available under this Agreement and (ii) entered into after the effective date of this Agreement:

"This contract is funded in whole or in part by funds made available under a DFA/LGD Grant Agreement. Should the DFA/LGD early terminate the grant agreement, the CITY OF SANTA FE may early terminate this contract by providing Contractor written notice of such termination. In the event of termination pursuant to this paragraph, the CITY OF SANTA FE only liability shall be to pay Contractor for acceptable goods delivered and services rendered before the termination date."

Grantee hereby waives any rights to assert an impairment of contract claim against the Department or the State of New Mexico in the event of Early Termination of this Agreement by the Department.

ARTICLE XVII. COMPLIANCE WITH UNIFORM FUNDING CRITERIA.

A. Throughout the term of this Agreement, Grantee shall:
   1. submit all reports of annual audits and agreed upon procedures required by Section 12-6-3(A)-(B) NMSA 1978 by the due dates established in 2.2.2 NMAC, reports of which must be a public record pursuant to Section 12-6-5(A) NMSA 1978 within forty-five days of delivery to the State Auditor;
   2. have a duly adopted budget for the current fiscal year approved by its budgetary oversight agency (if any);
   3. timely submit all required financial reports to its budgetary oversight agency (if any); and
   4. have adequate accounting methods and procedures to expend grant funds in accordance with applicable law and account for and safeguard grant funds and assets acquired by grant funds.

B. In the event Grantee fails to comply with the requirements of Paragraph A of this Article XVII, the Department may take one or more of the following actions:
   1. suspend new or further obligations pursuant to Article VI(A) of this Agreement;
   2. require the Grantee to develop and implement a written corrective action plan pursuant to Article VI(D) of this Agreement to remedy the non-compliance;
   3. impose special grant conditions to address the non-compliance by giving the Grantee notice of such special conditions in accordance with Article III of this Agreement; the special conditions shall be binding and effective on the date that notice is deemed to have been given pursuant to Article III; or
   4. terminate this Agreement pursuant to Article V(A) of this Agreement.

ARTICLE XVIII. SEVERANCE TAX BOND AND GENERAL OBLIGATION BOND PROJECT CLAUSES

A. Grantee acknowledges and agrees that the underlying appropriation for the Project is a severance tax bond or general obligation bond appropriation, and that the associated bond proceeds are administered by the New Mexico State Board of Finance (SBOF), an entity separate and distinct from the Department. Grantee acknowledges and agrees that (i) it is Grantee's sole and absolute responsibility to determine through SBOF staff what (if any) conditions are currently imposed on the Project; (ii) the Department's failure to inform Grantee of a SBOF imposed condition does not affect the validity or enforceability of the condition; (iii) the SBOF may in the future impose further or different conditions upon the Project; (iv) all SBOF conditions are effective without amendment of this Agreement; (v) all applicable SBOF conditions must be satisfied before the SBOF will release to the Department funds subject to the condition(s); and (vi) the Department's obligation to reimburse Grantee from the Project is contingent upon the then current SBOF conditions being satisfied.

B. Grantee acknowledges and agrees that the SBOF may in its sole and absolute discretion remove a project's assigned bond proceeds if the project doesn't proceed sufficiently. Entities must comply with the requirement to encumber five percent (5%) of Project funds within six months of bond issuance as certified by the grantee in the Bond Questionnaire and Certification documents submitted to the SBOF. Failure to comply may result in the bond proceeds reassignment to a new ready project. If this should occur this grant agreement will be suspended until the entity has demonstrated readiness as determined by the SBOF and the Department.

C. Grantee acknowledges and agrees that this Agreement is subject to the SBOF's Bond Project Disbursements rule, NMAC 2.61.6, as may be amended or re-codified. The rule provides definitions and interpretations of grant language for the purpose of determining whether a particular activity is allowable under the authorizing language of the agreement.

Award Letter

August 15, 2024

Dear Matthew Bonifer,

On behalf of Attorney General Merrick B. Garland, it is my pleasure to inform you the Office of Justice Programs (OJP) has approved the application submitted by CITY OF SANTA FE for an award under the funding opportunity entitled 2024 BJA FY24 Invited to Apply- Byrne Discretionary Community Project Grants/Byrne Discretionary Grants Program. The approved award amount is $300,000.
Review the Award Instrument below carefully and familiarize yourself with all conditions and requirements before accepting your award. The Award Instrument includes the Award Offer (Award Information, Project Information, Financial Information, and Award Conditions) and Award Acceptance. For COPS Office and OVW funding the Award Offer also includes any Other Award Documents.

Please note that award requirements include not only the conditions and limitations set forth in the Award Offer, but also compliance with assurances and certifications that relate to conduct during the period of performance for the award. These requirements encompass financial, administrative, and programmatic matters, as well as other important matters (e.g., specific restrictions on use of funds). Therefore, all key staff should receive the award conditions, the assurances and certifications, and the application as approved by OJP, so that they understand the award requirements. Information on all pertinent award requirements also must be provided to any subrecipient of the award.

Should you accept the award and then fail to comply with an award requirement, DOJ will pursue appropriate remedies for non-compliance, which may include termination of the award and/or a requirement to repay award funds.

Prior to accepting the award, your Entity Administrator must assign a Financial Manager, Grant Award Administrator, and Authorized Representative(s) in the Justice Grants System (JustGrants). The Entity Administrator will need to ensure the assigned Authorized Representative(s) is current and has the legal authority to accept awards and bind the entity to the award terms and conditions. To accept the award, the Authorized Representative(s) must accept all parts of the Award Offer in the Justice Grants System (JustGrants), including by executing the required declaration and certification, within 45 days from the award date.

To access your funds, you will need to enroll in the Automated Standard Application for Payments (ASAP) system, if you haven't already completed the enrollment process in ASAP. The Entity Administrator should have already received an email from ASAP to initiate this process.

Congratulations, and we look forward to working with you.

Brent J. Cohen
Acting Assistant Attorney General

Office for Civil Rights Notice for All Recipients

The Office for Civil Rights (OCR), Office of Justice Programs (OJP), U.S. Department of Justice (DOJ) enforces federal civil rights laws and other provisions that prohibit discrimination by recipients of federal financial assistance from OJP, the Office of Community Oriented Policing Services (COPS), and the Office on Violence Against Women (OVW).

Several civil rights laws, including Title VI of the Civil Rights Act of 1964 and Section 504 of the Rehabilitation Act of 1973, require recipients of federal financial assistance (recipients) to give assurances that they will comply with those laws. Taken together, these and other civil rights laws prohibit recipients from discriminating in the provision of services and employment because of race, color, national origin, religion, disability, and sex or from discriminating in the provision of services on the bases of age.

Some recipients of DOJ financial assistance have additional obligations to comply with other applicable nondiscrimination provisions like the Omnibus Crime Control and Safe Streets Act of 1968, which prohibits

discrimination on the basis of religion in addition to race, color, national origin, and sex. Recipients may also have related requirements regarding the development and implementation of equal employment opportunity programs.

OCR provides technical assistance, training, and other resources to help recipients comply with civil rights obligations. Further, OCR administratively enforces civil rights laws and nondiscrimination provisions by investigating DOJ recipients that are the subject of discrimination complaints. In addition, OCR conducts compliance reviews of DOJ recipients based on regulatory criteria. These investigations and compliance reviews permit OCR to evaluate whether DOJ recipients are providing services to the public and engaging in employment practices in a nondiscriminatory manner.

For more information about OCR, your civil rights and nondiscrimination responsibilities, how to notify your employees or beneficiaries of their civil rights protections and responsibilities and how to file a complaint, as well as technical assistance, training, and other resources, please visit www.ojp.gov/program/civil-rights-office/outreach. If you would like OCR to assist you in fulfilling your civil rights or nondiscrimination responsibilities, please contact us at askOCR@ojp.usdoj.gov or www.ojp.gov/program/civil-rights-office/about#ocr-contacts.

Award Conditions

This award is offered subject to the conditions or limitations set forth in the Award Information, Project Information, Financial Information, and Award Conditions.

Condition 1
Meaningful access requirement for individuals with limited English proficiency

The recipient, and any subrecipient at any tier, must take reasonable steps to ensure that individuals with limited English proficiency (LEP) have meaningful access to their programs and activities to comply with Title VI of the Civil Rights Act of 1964 (Title VI), which prohibits discrimination on the basis of national origin, including discrimination against individuals with LEP. Such steps may require providing language assistance services, such as interpretation or translation services. The Department of Justice guidance on compliance with this requirement may be found at

"Guidance to Federal Financial Assistance Recipients Regarding Title VI Prohibition Against National Origin Discrimination Affecting Limited English Proficient Persons" (67 Fed. Reg. 41455-41472) (https://www.federalregister.gov/d/02-15207) and is incorporated by reference here.

Condition 2
Compliance with general appropriations-law restrictions on the use of federal funds (FY 2024)
The recipient, and any subrecipient ("subgrantee") at any tier, must comply with all applicable restrictions on the use of federal funds set out in federal appropriations statutes. Pertinent restrictions that may be set out in applicable appropriations acts are indicated at https://ojp.gov/funding/Explore/FY24AppropriationsRestrictions.htm, and are incorporated by reference here.

Should a question arise as to whether a particular use of federal funds by a recipient (or a subrecipient) would or might fall within the scope of an appropriations-law restriction, the recipient is to contact OJP for guidance, and may not proceed without the express prior written approval of OJP.

Condition 3
Requirements of the award; remedies for non-compliance or for materially false statements

The conditions of this award are material requirements of the award. Compliance with any assurances or certifications submitted by or on behalf of the recipient that relate to conduct during the period of performance also is a material requirement of this award.

Limited Exceptions. In certain special circumstances, the U.S. Department of Justice ("DOJ") may determine that it will not enforce, or enforce only in part, one or more requirements otherwise applicable to the award. Any such exceptions regarding enforcement, including any such exceptions made during the period of performance, are (or will be during the period of performance) set out through the Office of Justice Programs ("OJP") webpage entitled "Legal Notices: Special circumstances as to particular award conditions" (ojp.gov/funding/Explore/LegalNotices-AwardReqts.htm), and incorporated by reference into the award.

By signing and accepting this award on behalf of the recipient, the authorized recipient official accepts all material requirements of the award, and specifically adopts, as if personally executed by the authorized recipient official, all assurances or certifications submitted by or on behalf of the recipient that relate to conduct during the period of performance.

Failure to comply with one or more award requirements -- whether a condition set out in full below, a condition incorporated by reference below, or an assurance or certification related to conduct during the award period -- may result in OJP taking appropriate action with respect to the recipient and the award. Among other things, the OJP may withhold award funds, disallow costs, or suspend or terminate the award. DOJ, including OJP, also may take other legal action as appropriate.

Any materially false, fictitious, or fraudulent statement to the federal government related to this award (or concealment or omission of a material fact) may be the subject of criminal prosecution (including under 18 U.S.C. 1001 and/or 1621, and/or 34 U.S.C. 10271-10273), and also may lead to imposition of civil penalties and administrative remedies for false claims or otherwise (including under 31 U.S.C. 3729-3730 and 3801-3812).

Should any provision of a requirement of this award be held to be invalid or unenforceable by its terms, that provision shall first be applied with a limited construction so as to give it the maximum effect permitted by law. Should it be held, instead, that the provision is utterly invalid or -unenforceable, such provision shall be deemed severable from this award.

Condition 4
Effect of failure to address audit issues

The recipient understands and agrees that the DOJ awarding agency (OJP or OVW, as appropriate) may withhold award funds, or may impose other related requirements, if (as determined by the DOJ awarding agency) the recipient does not satisfactorily and promptly address outstanding issues from audits required by the Part 200 Uniform Requirements (or by the terms of this award), or other outstanding issues that arise in connection with audits, investigations, or reviews of DOJ awards.

Condition 5
Applicability of Part 200 Uniform Requirements

The Uniform Administrative Requirements, Cost Principles, and Audit Requirements in 2 C.F.R. Part 200, as adopted and supplemented by DOJ in 2 C.F.R. Part 2800 (together, the "Part 200 Uniform Requirements") apply to this award from OJP.

For more information and resources on the Part 200 Uniform Requirements as they relate to OJP awards and subawards ("subgrants"), see the OJP website at https://ojp.gov/funding/Part200UniformRequirements.htm.

Record retention and access: Records pertinent to the award that the recipient (and any subrecipient ("subgrantee") at any tier) must retain -- typically for a period of 3 years from the date of submission of the final expenditure report (SF 425), unless a different retention period applies -- and to which the recipient (and any subrecipient ("subgrantee") at any tier) must provide access, include performance measurement information, in addition to the financial records, supporting documents, statistical records, and other pertinent records indicated at 2 C.F.R. 200.334.

In the event that an award-related question arises from documents or other materials prepared or distributed by OJP that may appear to conflict with, or differ in some way from, the provisions of the Part 200 Uniform Requirements, the recipient is to contact OJP promptly for clarification.

Condition 6
Reporting potential fraud, waste, and abuse, and similar misconduct

The recipient, and any subrecipients ("subgrantees") at any tier, must promptly refer to the DOJ Office of the Inspector General (OIG) any credible evidence that a principal, employee, agent, subrecipient, contractor, subcontractor, or other person has, in connection with funds under this award-- (1) submitted a claim that violates the False Claims Act; or (2) committed a criminal or civil violation of laws pertaining to fraud, conflict of interest, bribery, gratuity, or similar misconduct.

Potential fraud, waste, abuse, or misconduct involving or relating to funds under this award should be reported to the OIG by--(1) online submission accessible via the OIG webpage at https://oig.justice.gov/hotline/contact-grants.htm (select "Submit Report Online"); (2) mail directed to: U.S. Department of Justice, Office of the Inspector General, Investigations Division, ATTN: Grantee Reporting, 950 Pennsylvania Ave., NW, Washington, DC 20530; and/or (3) by facsimile directed to the DOJ OIG Investigations Division (Attn: Grantee Reporting) at (202) 616-9881 (fax).

Additional information is available from the DOJ OIG website at https://oig.justice.gov/hotline.

Condition 7
Compliance with DOJ regulations pertaining to civil rights and nondiscrimination - 28 C.F.R. Part 38

The recipient, and any subrecipient ("subgrantee") at any tier, must comply with all applicable requirements of 28 C.F.R. Part 38.

Among other things, 28 C.F.R. Part 38 includes rules that prohibit specific forms of discrimination on the basis of religion, a religious belief, a refusal to hold a religious belief, or refusal to attend or participate in a religious practice. Part 38 also sets out rules and requirements that pertain to recipient and subrecipient ("subgrantee") organizations that engage in or conduct explicitly religious activities, as well as rules and requirements that pertain to recipients and subrecipients that are faith-based or religious organizations.

Recipients and subrecipients that provide social services under this award must give written notice to beneficiaries and prospective beneficiaries prior to the provision of services (if practicable) which shall include language substantially similar to the language in 28 CFR Part 38, Appendix C, sections (1) through (4). A sample written notice may be found at https://www.ojp.gov/program/civil-rights-office/partnerships-faith-based-and-other-neighborhood-organizations.

In certain instances, a faith-based or religious organization may be able to take religion into account when making hiring decisions, provided it satisfies certain requirements. For more information, please see https://www.ojp.gov/funding/explore/legaloverview2024/civilrightsrequirements.

Condition 8
Requirements related to "de minimis" indirect cost rate

A recipient that is eligible under the Part 200 Uniform Requirements and other applicable law to use the "de minimis" indirect cost rate described in 2 C.F.R. 200.414(f), and that elects to use the "de minimis" indirect cost rate, must advise OJP in writing of both its eligibility and its election, and must comply with all associated requirements in the Part 200 Uniform Requirements. The "de minimis" rate may be applied only to modified total direct costs (MTDC) as defined by the Part 200 Uniform Requirements.

Condition 9
Compliance with applicable rules regarding approval, planning, and reporting of conferences, meetings, trainings, and other events

The recipient, and any subrecipient ("subgrantee") at any tier, must comply with all applicable laws, regulations, policies, and official DOJ guidance (including specific cost limits, prior approval and reporting requirements, where applicable) governing the use of federal funds for expenses related to conferences (as that term is defined by DOJ), including the provision of food and/or beverages at such conferences, and costs of attendance at such conferences.

Information on the pertinent DOJ definition of conferences and the rules applicable to this award appears in the DOJ Grants Financial Guide (currently, as section 3.10 of "Postaward Requirements" in the "DOJ Grants Financial Guide").

Condition 10
Requirement for data on performance and effectiveness under the award

The recipient must collect and maintain data that measure the performance and effectiveness of work under this award. The data must be provided to OJP in the manner (including within the timeframes) specified by OJP in the program solicitation or other applicable written guidance. Data collection supports compliance with the Government Performance and Results Act (GPRA) and the GPRA Modernization Act of 2010, and other applicable laws.

Condition 11
Compliance with DOJ Grants Financial Guide

References to the DOJ Grants Financial Guide are to the DOJ Grants Financial Guide as posted on the OJP website (currently, the "DOJ Grants Financial Guide" available at https://ojp.gov/financialguide/DOJ/index.htm), including any updated version that may be posted during the period of performance. The recipient agrees to comply with the DOJ Grants Financial Guide.

Condition 12

The recipient, and any subrecipient ("subgrantee") at any tier, must comply with all applicable requirements of 28 C.F.R. Part 42, specifically including any applicable requirements in Subpart E of 28 C.F.R. Part 42 that relate to an equal employment opportunity program.

Among other items, 28 C.F.R. § 42.106(d), 28 C.F.R. § 42.405(c), and 28 C.F.R. § 42.505(f) contain notice requirements that covered recipients must follow regarding the dissemination of information regarding federal nondiscrimination requirements.

Condition 13
Determination of suitability to interact with participating minors

SCOPE. This condition applies to this award if it is indicated -- in the application for the award (as approved by DOJ)(or in the application for any subaward, at any tier), the DOJ funding announcement (solicitation), or an associated federal statute -- that a purpose of some or all of the activities to be carried out under the award (whether by the recipient, or a subrecipient at any tier) is to benefit a set of individuals under 18 years of age.

The recipient, and any subrecipient at any tier, must make determinations of suitability before certain individuals may interact with participating minors. This requirement applies regardless of an individual's employment status.

The details of this requirement are posted on the OJP web site at https://ojp.gov/funding/Explore/Interact-Minors.htm (Award condition: Determination of suitability required, in advance, for certain individuals who may interact with participating minors), and are incorporated by reference here.

Condition 14
Requirement to disclose whether recipient is designated "high risk" by a federal grant-making agency outside of DOJ

If the recipient is designated "high risk" by a federal grant-making agency outside of DOJ, currently or at any time during the course of the period of performance under this award, the recipient must disclose that fact and certain related information to OJP by email at OJP.ComplianceReporting@ojp.usdoj.gov. For purposes of this disclosure, high risk includes any status under which a federal awarding agency provides additional oversight due to the recipient's past performance, or other programmatic or financial concerns with the recipient. The recipient's disclosure must include the following: 1. The federal awarding agency that currently designates the recipient high risk, 2. The date the recipient was designated high risk, 3. The high-risk point of contact at that federal awarding agency (name, phone number, and email address), and 4. The reasons for the high-risk status, as set out by the federal awarding agency.

Condition 15
Employment eligibility verification for hiring under the award

1. The recipient (and any subrecipient at any tier) must--

A. Ensure that, as part of the hiring process for any position within the United States that is or will be funded (in whole or in part) with award funds, the recipient (or any subrecipient) properly verifies the employment eligibility of the individual who is being hired, consistent with the provisions of 8 U.S.C. 1324a(a)(1).

B. Notify all persons associated with the recipient (or any subrecipient) who are or will be involved in activities under this award of both--

(1) this award requirement for verification of employment eligibility, and

(2) the associated provisions in 8 U.S.C. 1324a(a)(1) that, generally speaking, make it unlawful, in the United States, to hire (or recruit for employment) certain aliens.

C. Provide training (to the extent necessary) to those persons required by this condition to be notified of the award requirement for employment eligibility verification and of the associated provisions of 8 U.S.C. 1324a(a)(1).

D. As part of the recordkeeping for the award (including pursuant to the Part 200 Uniform Requirements), maintain records of all employment eligibility verifications pertinent to compliance with this award condition in accordance with Form I-9 record retention requirements, as well as records of all pertinent notifications and trainings.

2. Monitoring

The recipient's monitoring responsibilities include monitoring of subrecipient compliance with this condition.

3. Allowable costs

To the extent that such costs are not reimbursed under any other federal program, award funds may be obligated for the reasonable, necessary, and allocable costs (if any) of actions designed to ensure compliance with this condition.

4. Rules of construction

A. Staff involved in the hiring process

For purposes of this condition, persons "who are or will be involved in activities under this award" specifically includes

(without limitation) any and all recipient (or any subrecipient) officials or other staff who are or will be involved in the hiring process with respect to a position that is or will be funded (in whole or in part) with award funds.

B. Employment eligibility confirmation with E-Verify

For purposes of satisfying the requirement of this condition regarding verification of employment eligibility, the recipient (or any subrecipient) may choose to participate in, and use, E-Verify (www.e-verify.gov), provided an appropriate person authorized to act on behalf of the recipient (or subrecipient) uses E-Verify (and follows the proper E-Verify procedures, including in the event of a "Tentative Nonconfirmation" or a "Final Nonconfirmation") to confirm employment eligibility for each hiring for a position in the United States that is or will be funded (in whole or in part) with award funds.

C. "United States" specifically includes the District of Columbia, Puerto Rico, Guam, the Virgin Islands of the United States, and the Commonwealth of the Northern Mariana Islands.

D. Nothing in this condition shall be understood to authorize or require any recipient, any subrecipient at any tier, or any person or other entity, to violate any federal law, including any applicable civil rights or nondiscrimination law.

E. Nothing in this condition, including in paragraph 4.B., shall be understood to relieve any recipient, any subrecipient at any tier, or any person or other entity, of any obligation otherwise imposed by law, including 8 U.S.C. 1324a(a)(1).

Questions about E-Verify should be directed to DHS. For more information about E-Verify visit the E-Verify website (https://www.e-verify.gov/) or email E-Verify at E-Verify@dhs.gov. E-Verify employer agents can email E-Verify at E-VerifyEmployerAgent@dhs.gov.

Questions about the meaning or scope of this condition should be directed to OJP, before award acceptance.

Condition 16
Encouragement of policies to ban text messaging while driving

Pursuant to Executive Order 13513, "Federal Leadership on Reducing Text Messaging While Driving," 74 Fed. Reg. 51225 (October 1, 2009), DOJ encourages recipients and subrecipients ("subgrantees") to adopt and enforce policies banning employees from text messaging while driving any vehicle during the course of performing work funded by this award, and to establish workplace safety policies and conduct education, awareness, and other outreach to decrease crashes caused by distracted drivers.

Condition 17
Reclassification of various statutory provisions to a new Title 34 of the United States Code

On September 1, 2017, various statutory provisions previously codified elsewhere in the U.S. Code were editorially reclassified (that is, moved and renumbered) to a new Title 34, entitled "Crime Control and Law Enforcement." The reclassification encompassed a number of statutory provisions pertinent to OJP awards (that is, OJP grants and cooperative agreements), including many provisions previously codified in Title 42 of the U.S. Code.

Effective as of September 1, 2017, any reference in this award document to a statutory provision that has been reclassified to the new Title 34 of the U.S. Code is to be read as a reference to that statutory provision as reclassified to Title 34. This rule of construction specifically includes references set out in award conditions, references set out in material incorporated by reference through award conditions, and references set out in other award requirements.

Condition 18
Restrictions and certifications regarding non-disclosure agreements and related matters

No recipient or subrecipient ("subgrantee") under this award, or entity that receives a procurement contract or subcontract with any funds under this award, may require any employee or contractor to sign an internal confidentiality agreement or statement that prohibits or otherwise restricts, or purports to prohibit or restrict, the reporting (in accordance with law) of waste, fraud, or abuse to an investigative or law enforcement representative of a federal department or agency authorized to receive such information.

The foregoing is not intended, and shall not be understood by the agency making this award, to contravene requirements applicable to Standard Form 312 (which relates to classified information), Form 4414 (which relates to sensitive compartmented information), or any other form issued by a federal department or agency governing the nondisclosure of classified information.

1. In accepting this award, the recipient--

a. represents that it neither requires nor has required internal confidentiality agreements or statements from employees or contractors that currently prohibit or otherwise currently restrict (or purport to prohibit or restrict) employees or contractors from reporting waste, fraud, or abuse as described above; and

b. certifies that, if it learns or is notified that it is or has been requiring its employees or contractors to execute agreements or statements that prohibit or otherwise restrict (or purport to prohibit or restrict), reporting of waste, fraud, or abuse as described above, it will immediately stop any further obligations of award funds, will provide prompt written notification to the federal agency making this award, and will resume (or permit resumption of) such obligations only if expressly authorized to do so by that agency.

2. If the recipient does or is authorized under this award to make subawards ("subgrants"), procurement contracts, or both--

a. it represents that--

(1) it has determined that no other entity that the recipient's application proposes may or will receive award funds (whether through a subaward ("subgrant"), procurement contract, or subcontract under a procurement contract) either requires or has required internal confidentiality agreements or statements from employees or contractors that currently prohibit or otherwise currently restrict (or purport to prohibit or restrict) employees or contractors from reporting waste, fraud, or abuse as described above; and

(2) it has made appropriate inquiry, or otherwise has an adequate factual basis, to support this representation; and

b. it certifies that, if it learns or is notified that any subrecipient, contractor, or subcontractor entity that receives funds under this award is or has been requiring its employees or contractors to execute agreements or statements that prohibit or otherwise restrict (or purport to prohibit or restrict), reporting of waste, fraud, or abuse as described above, it will immediately stop any further obligations of award funds to or by that entity, will provide prompt written notification to the federal agency making this award, and will resume (or permit resumption of) such obligations only if expressly authorized to do so by that agency.

Condition 19
OJP Training Guiding Principles

Any training or training materials that the recipient -- or any subrecipient ("subgrantee") at any tier -- develops or delivers with OJP award funds must adhere to the OJP Training Guiding Principles for Grantees and Subgrantees, available at https://www.ojp.gov/funding/implement/training-guiding-principles-grantees-and-subgrantees.

Condition 20
Specific post-award approval required to use a noncompetitive approach in any procurement contract that would exceed $250,000

The recipient, and any subrecipient ("subgrantee") at any tier, must comply with all applicable requirements to obtain specific advance approval to use a noncompetitive approach in any procurement contract that would exceed the Simplified Acquisition Threshold (currently, $250,000). This condition applies to agreements that -- for purposes of federal grants administrative requirements -- OJP considers a procurement "contract" (and therefore does not consider a subaward).

The details of the requirement for advance approval to use a noncompetitive approach in a procurement contract under an OJP award are posted on the OJP web site at https://ojp.gov/funding/Explore/NoncompetitiveProcurement.htm (Award condition: Specific post-award approval required to use a noncompetitive approach in a procurement contract (if contract would exceed $250,000)), and are incorporated by reference here.

Condition 21
Requirement to report potentially duplicative funding

If the recipient currently has other active awards of federal funds, or if the recipient receives any other award of federal funds during the period of performance for this award, the recipient promptly must determine whether funds from any of those other federal awards have been, are being, or are to be used (in whole or in part) for one or more of the identical cost items for which funds are provided under this award. If so, the recipient must promptly notify the DOJ awarding agency (OJP or OVW, as appropriate) in writing of the potential duplication, and, if so requested by the DOJ awarding agency, must seek a budget-modification or change-of-project-scope Grant Award Modification (GAM) to eliminate any inappropriate duplication of funding.

Condition 22
Required training for Grant Award Administrator and Financial Manager

The Grant Award Administrator and all Financial Managers for this award must have successfully completed an "OJP financial management and grant administration training" by 120 days after the date of the recipient's acceptance of the award. Successful completion of such a training on or after January 1, 2021, will satisfy this condition.

In the event that either the Grant Award Administrator or a Financial Manager for this award changes during the period of performance, the new Grant Award Administrator or Financial Manager must have successfully completed an "OJP financial management and grant administration training" by 120 calendar days after the date the Entity Administrator enters updated Grant Award Administrator or Financial Manager information in JustGrants. Successful completion of such a training on or after January 1, 2021, will satisfy this condition.

A list of OJP trainings that OJP will consider "OJP financial management and grant administration training" for purposes of this condition is available at https://onlinegfmt.training.ojp.gov/. All trainings that satisfy this condition include a session on grant fraud prevention and detection.

The recipient should anticipate that OJP will immediately withhold ("freeze") award funds if the recipient fails to comply with this condition. The recipient's failure to comply also may lead OJP to impose additional appropriate conditions on this award.

Condition 23
Compliance with 41 U.S.C. 4712 (including prohibitions on reprisal; notice to employees)

The recipient (and any subrecipient at any tier) must comply with, and is subject to, all applicable provisions of 41 U.S.C. 4712, including all applicable provisions that prohibit, under specified circumstances, discrimination against an employee as reprisal for the employee's disclosure of information related to gross mismanagement of a federal grant, a gross waste of federal funds, an abuse of authority relating to a federal grant, a substantial and specific danger to public health or safety, or a violation of law, rule, or regulation related to a federal grant.

The recipient also must inform its employees, in writing (and in the predominant native language of the workforce), of employee rights and remedies under 41 U.S.C. 4712.

Should a question arise as to the applicability of the provisions of 41 U.S.C. 4712 to this award, the recipient is to contact the DOJ awarding agency (OJP or OVW, as appropriate) for guidance.

Condition 24
Requirements pertaining to prohibited conduct related to trafficking in persons (including reporting requirements and OJP authority to terminate award)

The recipient, and any subrecipient ("subgrantee") at any tier, must comply with all applicable requirements (including requirements to report allegations) pertaining to prohibited conduct related to the trafficking of persons, whether on the part of recipients, subrecipients ("subgrantees"), or individuals defined (for purposes of this condition) as "employees" of the recipient or of any subrecipient.

The details of the recipient's obligations related to prohibited conduct related to trafficking in persons are posted on the

OJP web site at https://ojp.gov/funding/Explore/ProhibitedConduct-Trafficking.htm (Award condition: Prohibited conduct by recipients and subrecipients related to trafficking in persons (including reporting requirements and OJP authority to terminate award)), and are incorporated by reference here.

Condition 25
Potential imposition of additional requirements

The recipient agrees to comply with any additional requirements that may be imposed by the DOJ awarding agency (OJP or OVW, as appropriate) during the period of performance for this award, if the recipient is designated as "high-risk" for purposes of the DOJ high-risk grantee list.

Condition 26
Requirement to report actual or imminent breach of personally identifiable information (PII)

The recipient (and any "subrecipient" at any tier) must have written procedures in place to respond in the event of an actual or imminent "breach" (OMB M-17-12) if it (or a subrecipient) -- (1) creates, collects, uses, processes, stores, maintains, disseminates, discloses, or disposes of "Personally Identifiable Information (PII)" (2 CFR 200.1) within the scope of an OJP grant-funded program or activity, or (2) uses or operates a "Federal information system" (OMB Circular A-130). The recipient's breach procedures must include a requirement to report actual or imminent breach of PII to an OJP Program Manager no later than 24 hours after an occurrence of an actual breach, or the detection of an imminent breach.

Condition 27
Requirements related to System for Award Management and Universal Identifier Requirements

The recipient must comply with applicable requirements regarding the System for Award Management (SAM), currently accessible at https://www.sam.gov/. This includes applicable requirements regarding registration with SAM, as well as maintaining the currency of information in SAM.

The recipient also must comply with applicable restrictions on subawards ("subgrants") to first-tier subrecipients (first-tier "subgrantees"), including restrictions on subawards to entities that do not acquire and provide (to the recipient) the unique entity identifier required for SAM registration.

The details of the recipient's obligations related to SAM and to unique entity identifiers are posted on the OJP web site at https://ojp.gov/funding/Explore/SAM.htm (Award condition: System for Award Management (SAM) and Universal Identifier Requirements), and are incorporated by reference here.

This condition does not apply to an award to an individual who received the award as a natural person (i.e., unrelated to any business or non-profit organization that he or she may own or operate in his or her name).

Condition 28
Compliance with restrictions on the use of federal funds--prohibited and controlled equipment under OJP awards

Consistent with Executive Order 14074, "Advancing Effective, Accountable Policing and Criminal Justice Practices To Enhance Public Trust and Public Safety," OJP has prohibited the use of federal funds under this award for purchases or transfers of specified equipment by law enforcement agencies. In addition, OJP requires the recipient, and any subrecipient ("subgrantee") at any tier, to put in place specified controls prior to using federal funds under this award to acquire or transfer any property identified on the "controlled equipment" list. The details of the requirement are posted on the OJP web site at https://www.ojp.gov/funding/explore/prohibited-and-controlled-equipment (Award condition: Compliance with restrictions on the use of federal funds--prohibited and controlled equipment under OJP awards), and are incorporated by reference here.

Condition 29
Restrictions on "lobbying"

In general, as a matter of federal law, federal funds awarded by OJP may not be used by the recipient, or any subrecipient ("subgrantee") at any tier, either directly or indirectly, to support or oppose the enactment, repeal,

modification, or adoption of any law, regulation, or policy, at any level of government. See 18 U.S.C. 1913. (There may be exceptions if an applicable federal statute specifically authorizes certain activities that otherwise would be barred by law.)

Another federal law generally prohibits federal funds awarded by OJP from being used by the recipient, or any subrecipient at any tier, to pay any person to influence (or attempt to influence) a federal agency, a Member of Congress, or Congress (or an official or employee of any of them) with respect to the awarding of a federal grant or cooperative agreement, subgrant, contract, subcontract, or loan, or with respect to actions such as renewing, extending, or modifying any such award. See 31 U.S.C. 1352. Certain exceptions to this law apply, including an exception that applies to Indian tribes and tribal organizations.

Should any question arise as to whether a particular use of federal funds by a recipient (or subrecipient) would or might fall within the scope of these prohibitions, the recipient is to contact OJP for guidance, and may not proceed without the express prior written approval of OJP.

Condition 30
All subawards ("subgrants") must have specific federal authorization

The recipient, and any subrecipient ("subgrantee") at any tier, must comply with all applicable requirements for authorization of any subaward. This condition applies to agreements that -- for purposes of federal grants administrative requirements -- OJP considers a "subaward" (and therefore does not consider a procurement "contract").

The details of the requirement for authorization of any subaward are posted on the OJP web site at https://ojp.gov/funding/Explore/SubawardAuthorization.htm (Award condition: All subawards ("subgrants") must have specific federal authorization), and are incorporated by reference here.

Condition 31
Compliance with DOJ regulations pertaining to civil rights and nondiscrimination - 28 C.F.R. Part 54

The recipient, and any subrecipient ("subgrantee") at any tier, must comply with all applicable requirements of 28 C.F.R. Part 54, which relates to nondiscrimination on the basis of sex in certain "education programs."

Among other items, 28 C.F.R. § 54.140 contains notice requirements that covered recipients must follow regarding the dissemination of information regarding federal nondiscrimination requirements.

Condition 32
The recipient understands that, in accepting this award, the Authorized Representative declares and certifies, among other things, that he or she possesses the requisite legal authority to accept the award on behalf of the recipient entity and, in so doing, accepts (or adopts) all material requirements that relate to conduct throughout the period of performance under this award. The recipient further understands, and agrees, that it will not assign anyone to the role of Authorized Representative during the period of performance under the award without first ensuring that the individual has the requisite legal authority.

Condition 33
Verification and updating of recipient contact information

The recipient must verify its Grant Award Administrator, Financial Manager, and Authorized Representative contact information in JustGrants, including telephone number and e-mail address. If any information is incorrect or has changed, the award recipient's Entity Administrator must make changes to contact information through DIAMD. Instructions on how to update contact information in JustGrants can be found at https://justicegrants.usdoj.gov/training/training-entity-management.

Condition 34
FFATA reporting: Subawards and executive compensation

The recipient must comply with applicable requirements to report first-tier subawards ("subgrants") of $30,000 or more

and, in certain circumstances, to report the names and total compensation of the five most highly compensated executives of the recipient and first-tier subrecipients (first-tier "subgrantees") of award funds. The details of recipient obligations, which derive from the Federal Funding Accountability and Transparency Act of 2006 (FFATA), are posted on the OJP web site at https://ojp.gov/funding/Explore/FFATA.htm (Award condition: Reporting Subawards and Executive Compensation), and are incorporated by reference here.

This condition, including its reporting requirement, does not apply to-- (1) an award of less than $30,000, or (2) an award made to an individual who received the award as a natural person (i.e., unrelated to any business or non-profit organization that he or she may own or operate in his or her name).

Condition 35
Body-worn cameras, policies and procedures

In accepting this award, the recipient agrees not to use award funds for purchases of body-worn cameras or related expenses for any agency unless that agency has policies and procedures in place that reinforce appropriate agency Use of Force policies and training and address technology usage, evidence acquisition, data storage and retention, as well as privacy issues, accountability and discipline.

Condition 36
Body armor - compliance with NIJ standards and other requirements

Ballistic-resistant and stab-resistant body armor purchased with award funds may be purchased at any threat level, make or model, from any distributor or manufacturer, as long as the body armor has been tested and found to comply with applicable National Institute of Justice ballistic or stab standards, and is listed on the NIJ Compliant Body Armor Model List. In addition, ballistic-resistant and stab-resistant body armor purchased must be made in the United States and must be uniquely fitted, as set forth in 34 U.S.C. 10202(c)(1)(A). The latest NIJ standard information and the NIJ Compliant Body Armor List may be found by following the links located on the NIJ Body Armor page: https://nij.ojp.gov/topics/equipment-and-technology/body-armor. In addition, if recipient uses funds under this award to purchase body armor, the recipient is strongly encouraged to have a "mandatory wear" policy in effect. There are no requirements regarding the nature of the policy other than it be a mandatory wear policy for all uniformed officers while on duty.

Condition 37
The recipient agrees to comply with OJP grant monitoring guidelines, protocols, and procedures, and to cooperate with BJA and OCFO on all grant monitoring requests, including requests related to desk reviews, enhanced programmatic desk reviews, and/or site visits. The recipient agrees to provide to BJA and OCFO all documentation necessary to complete monitoring tasks, including documentation related to any subawards made under this award. Further, the recipient agrees to abide by reasonable deadlines set by BJA and OCFO for providing the requested documents. Failure to cooperate with BJA's/OCFO's grant monitoring activities may result in sanctions affecting the recipient's DOJ awards, including, but not limited to: withholdings and/or other restrictions on the recipient's access to grant funds; referral to the Office of the Inspector General for audit review; designation of the recipient as a DOJ High Risk grantee; or termination of an award(s).

Condition 38
Any written, visual, or audio publications funded in whole or in part under this award, with the exception of press releases, shall contain the following statements: "This project was supported by Grant No. <AWARD_NUMBER> awarded by the Bureau of Justice Assistance. The Bureau of Justice Assistance is a component of the Department of Justice's Office of Justice Programs, which also includes the Bureau of Justice Statistics, the National Institute of Justice, the Office of Juvenile Justice and Delinquency Prevention, the Office for Victims of Crime, and the SMART Office. Points of view or opinions in this document are those of the author and do not necessarily represent the official position or policies of the U.S. Department of Justice." The current edition of the DOJ Grants Financial Guide provides guidance on allowable printing and publication activities.

Condition 39
Any Web site that is funded in whole or in part under this award must include the following statement on the home page, on all major entry pages (i.e., pages (exclusive of documents) whose primary purpose is to navigate the user to interior content), and on any pages from which a visitor may access or use a Web-based service, including any pages that provide results or outputs from the service: "This Web site is funded in whole or in part through a grant from the

Bureau of Justice Assistance, Office of Justice Programs, U.S. Department of Justice. Neither the U.S. Department of Justice nor any of its components operate, control, are responsible for, or necessarily endorse, this Web site (including, without limitation, its content, technical infrastructure, and policies, and any services or tools provided)." The full text of the foregoing statement must be clearly visible on the home page. On other pages, the statement may be included through a link, entitled "Notice of Federal Funding and Federal Disclaimer," to the full text of the statement.

Condition 40
Confidentiality of data

The recipient (and any subrecipient at any tier) must comply with all confidentiality requirements of 34 U.S.C. 10231 and 28 C.F.R. Part 22 that are applicable to collection, use, and revelation of data or information. The recipient further agrees, as a condition of award approval, to submit a Privacy Certificate that is in accord with requirements of 28 C.F.R. Part 22 and, in particular, 28 C.F.R. 22.23.

Condition 41
The recipient agrees to cooperate with any assessments, national evaluation efforts, or information or data collection requests, including, but not limited to, the provision of any information required for the assessment or evaluation of any activities within this project.

Condition 42
Protection of human research subjects

The recipient (and any subrecipient at any tier) must comply with the requirements of 28 C.F.R. Part 46 and all OJP policies and procedures regarding the protection of human research subjects, including obtainment of Institutional Review Board approval, if appropriate, and subject informed consent.

Condition 43
Justification of consultant rate

Approval of this award does not indicate approval of any consultant rate in excess of $650 per day. A detailed justification must be submitted to and approved by the OJP program office prior to obligation or expenditure of such funds.

Condition 44
The recipient agrees that no funds under this grant award (including via subcontract or subaward, at any tier) may be used for unmanned aircraft systems (UAS), which includes unmanned aircraft vehicles (UAV), or for any accompanying accessories to support UAS.

Condition 45
Compliance with 28 C.F.R. Part 23

With respect to any information technology system funded or supported by funds under this award, the recipient (and any subrecipient at any tier) must comply with 28 C.F.R. Part 23, Criminal Intelligence Systems Operating Policies, if OJP determines this regulation to be applicable. Should OJP determine 28 C.F.R. Part 23 to be applicable, OJP may, at its discretion, perform audits of the system, as per the regulation. Should any violation of 28 C.F.R. Part 23 occur, the recipient may be fined as per 34 U.S.C. 10231(c)-(d). The recipient may not satisfy such a fine with federal funds.

Condition 46
Justice Information Sharing

Information sharing projects funded under this award must comply with DOJ's Global Justice Information Sharing Initiative (Global) guidelines. The recipient (and any subrecipient at any tier) must conform to the Global Standards Package (GSP) and all constituent elements, where applicable, as described at: https:/ / it.ojp.gov/ gsp_grantcondition. The recipient (and any subrecipient at any tier) must document planned approaches to information sharing and describe compliance with the GSP and appropriate privacy policy that protects shared information, or provide detailed

justification for why an alternative approach is recommended.

Condition 47
In accepting this award, the recipient agrees that grant funds cannot be used for Facial Recognition Technology (FRT) unless the recipient has policies and procedures in place to ensure that the FRT will be utilized in an appropriate and responsible manner that promotes public safety, and protects privacy, civil rights, and civil liberties and complies with all applicable provisions of the U.S. Constitution, including the Fourth Amendment's protection against unreasonable searches and seizures and the First Amendment's freedom of association and speech, as well as other laws and regulations. Recipients utilizing funds for FRT must make such policies and procedures available to DOJ upon request.

Condition 48
The recipient agrees that it will submit quarterly financial status reports (the SF 425 Federal Financial Report) to OJP in JustGrants, no later than the deadlines set out in the DOJ Financial Guide and the JustGrants guidance (typically 30 days after the end of each calendar quarter). Delinquent reports may lead to funds being frozen and other remedies.

Condition 49
The recipient shall submit semiannual performance reports. Performance reports shall be submitted within 30 days after the end of the reporting periods, which are June 30 and December 31, for the life of the award. These reports will be submitted to the Office of Justice Programs, on-line through the Internet at https://justgrants.usdoj.gov

Condition 50
As of the first day of the period of performance for the award, the recipient may choose to incur project costs using non-federal funds, but any such project costs are incurred at the recipient's risk until, at a minimum, all applicable withholding conditions are removed by OJP (via an Award Condition Modification (ACM)).

Except to the extent (if any) that an award condition expressly precludes reimbursement of project costs incurred "at-risk," if and when the recipient makes a valid acceptance of this award and OJP removes each applicable withholding condition through an Award Condition Modification (ACM), the recipient is authorized to reimburse itself for project costs incurred "at-risk" earlier during the period of performance (such as project costs incurred prior to award acceptance or prior to removal of an applicable withholding condition), provided that those project costs otherwise are allowable costs under the award.

Condition 51
Limit on use of grant funds for grantees' employees' salaries

With respect to this award, federal funds may not be used to pay cash compensation (salary plus bonuses) to any employee of the award recipient at a rate that exceeds 110% of the maximum annual salary payable to a member of the federal government's Senior Executive Service (SES) at an agency with a Certified SES Performance Appraisal System for that year. (An award recipient may compensate an employee at a higher rate, provided the amount in excess of this compensation limitation is paid with non-federal funds.)

This limitation on compensation rates allowable under this award may be waived on an individual basis at the discretion of the OJP official indicated in the program announcement under which this award is made.

2. Earth Care is a member of the Creative Industries working group.
3. They connect the artist to the SBDC to learn about business formations and financing.
4. They also point them in the direction of the business resource map online to understand where to go for a variety of business resources and technical assistance.
5. They relay a number of trainings tailored to the creative industries hosted by members of the working group (example WESST's webinar on How to Sell Your Products Online).
6. The artist is invited to a convening in their neighborhood to meet other artists and support orgs.
7. The artist is supported and creates a business to sell their artwork.

6. If applicable, how will the program facilitate collaboration and network in your local creative industries?

OED's proposal is about facilitating connections to create collaboration within the creative industries. The Office recognizes it needs a Hub at the center of the effort to convene the:
1. Business service providers and stakeholders
2. Public made up of entrepreneurs, aspiring entrepreneurs, workers, artists, etc.
The community navigator hub will convene the working group at least once a month. Respective activities, resources, trainings would be discussed and compiled. The group will coordinate roles and responsibilities. Resources and programming will also be mapped into marketing material and uploaded to a special section on the Santa Fe Entrepreneurial Ecosystem which is a regional hub for business resources.

The Creative Industries Navigator Hub will be responsible for providing at least 4 events a year in key neighborhoods in Santa Fe to connect entrepreneurs in the creative industries to resources and support placemaking efforts. Additionally, the organizations' respective needs would be compiled and mapped in order to prioritize critical gaps and significant projects within the industries.

The Creative Industries Navigator Hub will compile a pipeline of information including what businesses and projects are connecting with the group and receiving services. This information will be available to the working group so there is an increase in collaboration to help the business owners and artist.

7. If applicable, describe the workshops, seminars, and training that will be offered to support the skills development of individuals and small enterprises in the creative industries?

OED will look to the Creative Industries Navigator Hub and the working group to identify the most important training to address needs within the creative industries.
Trainings will be provided by the working group members including but not limited to SBDC, SCORE, WESST, Arrowhead, RDC, NMFA, NMCRE, OED, SFCC, etc. Trainings will include programs tailored to need and many will be in Spanish.

OED is in the process implementing an online platform called Sourcelink which is an approved SBA Customer Relationship Manager and ecosystem development platform. Success will be measured and reported in several ways.
The Creative Industries Navigator Hub will be responsible for compiling the metrics from the working group as well as from the respective events.

Basic metrics:
• # of businesses participating
• #of employees
• Revenue generated
• Increase in sales (after technical assistance)
• #of participants programming

Additionally areas of focus and potential areas of solicited feedback:
• How many connections were made because of the program
• Areas of improvement
• Additional money raised and leveraged for the program
• # of participants
• # of translated material
• # of events in economically distressed areas
The OED will be eager to submit quarterly and regular updates on the progress of the programming for EDD. As well, the OED proposes to work with the Santa Fe Data Platform to provide a public report card on the creative industries metrics and data. The organization is able to utilize Placer.ai, GIS, and geofencing among other tools to understand insightful data.

9. If applicable, please share with us how your program will address needs for underserved communities in creative industries. *Underserved community means "populations who face barriers in accessing and using business services, and includes populations underserved because of geographic location, religion, sexual orientation, gender identity, underserved racial and ethnic populations, populations underserved because of special needs (such as language barriers, disabilities, alienage status, or age), and any other population determined to be underserved by U.S. Code."

• Preference will be on serving socially and economically disadvantaged individuals. Working group members will be invited based on their service areas and clientele. OED is looking for organizations who serve underrepresented populations and groups with focus on indigenous, immigrants and refugee populations
• The program is focused on economic mobility by creating pathways to prosperity within the creative industries.
• OED will provide translation material of all marketing and program material in Spanish. OED has staff that is bilingual in Spanish and English.
• OED has an expectation that the Creative Industries Navigator Hub will focus on collaborating with and inviting organizations that serve marginalized populations.

Subject: Determination Request: SOW for Creative Industries

Hi Travis- we have SOW for review for our Creative Industries initiative not to exceed 59,500.
Hi Travis- We have a SOW for your determination please. Thank you.

The OED and ACD seek to solicit a proposal from an organization that will act as a "Creative Industries Navigator Hub." The Navigator will lead and convene a network of organizations and business service providers within the creative industries to support key needs of entrepreneurs and aspiring entrepreneurs.

The network would include organizations that provide the following services (and not limited to):

- Entrepreneurial technical assistance and business resources
- Financing (public and commercial)
- Industry sector specific support
- Workforce and education
- Nonprofit support
- Diversity and cultural awareness

Contractor roles and expected outcomes:

- Convene working group monthly to promote awareness of resources and activities and increase communication among the industry and practioners.
    - Navigator Hub helps to organize and create a communication network to increase communication and information sharing within the group.
- Document and organize respective projects to identify priorities and solicit funding. This would be a local pipeline of projects to support and grow the creative industry locally.
- Respective tools, services and trainings will be compiled to increase awareness and navigation in a user-friendly format and printed collateral pieces.
    - Financial resources
    - Infrastructure important to the creative industries (performance halls, studios, manufacturing capacity, etc.)
    - Workforce resources
    - Technical assistance
- The Creative Industries Navigator Hub will be responsible for compiling and soliciting data and information from respective partners.
- The Creative Industries Navigator Hub, is responsible to organize regular public convenings throughout the city for entrepreneurs and aspiring entrepreneurs for networking, peer learning

and connection to resources. Special emphasis is put onto placemaking and supporting marginalized populations. Key areas are:

- Southside/Airport
- Siler Rufina
- Midtown
- Downtown

- Inclusive, culturally aware support focused on socially and economically disadvantaged groups will be provided, including making sure all information is translatable in Spanish. Focus will be on but not limited to women, BIPOC communities, and immigrants.

- Access to workforce training and career opportunities, including a compiled list of relevant job opportunities, internships and mentorships

Events

Contractor is expected to help organize several events and convenings. OED has a separate budget available for costs of hosting events.

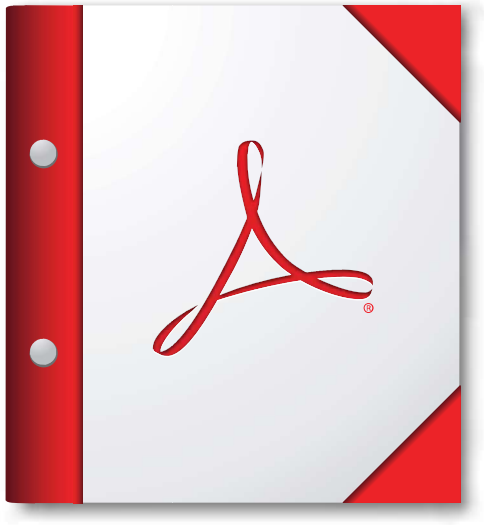

1. Monthly convening of working group
2. Quarterly creative industry networking events focused in different parts of the city, open to the public with the intent to provide connections to resources
3. Creative industry specific training programs
4. Convenings with industry leaders and service providers

Data and Reporting

The OED is responsible to submit quarterly and regular updates on the progress of the programming for EDD—compiled with the help of the contractor. The Creative Industries Navigator Hub will be responsible for compiling and soliciting metrics, data and information from the respective partners.

Subject: **Purchase- ThermoFisher DNA Machine**

Vendor Name: **Fisher Scientific**

Vendor Number: **1368**

ITEM AND ISSUE:
Request Approval for the Purchase of a Rapid HIT ID DNA Machine in the amount of $207,205.50 using funding from Approved State of New Mexico Crime Victims Reparation Commission (CVRC) Victims of Crime Act Agreement #25-780-P707-00789. (Paul Joye, Chief of Police, pmjoye@santafenm.gov)

Action Requested: **Approval for purchase of a DNA Machine**

BACKGROUND AND SUMMARY:
The Santa Fe Police Department and the Youth and Family Services Division are collaborating to address the evolving safety needs in the City of Santa Fe. This partnership has launched initiatives focused on reducing violence through prevention, intervention, and education. By integrating traditional policing methods with innovative, community-centric strategies, this collaborative effort aims to enhance public safety, support victims, and prevent future incidents of violence. This unified approach represents a comprehensive strategy for community safety, combining the police department's depth of experience with the proactive community engagement initiatives of the Community Violence Prevention Program, demonstrating a strong commitment to fostering a safer and more resilient Santa Fe. The primary goal of applying for this grant is to enhance support for victims and increase prosecution of repeat offenders who often don't get prosecuted due to lack of evidence. With the purchase of the Thermo-Fisher DNA machine, we will be able to be more proactive in many different types of incidents. The Youth and Family Services Division in partnership with the Santa Fe Police Department applied for a federal STOP Violence Against Women Act (VAWA) and Victims of Crime Act (VOCA) grant. **Grant Agreement/BAR was approved at Governing Body Committee 10/9/2024**. The Thermo-fisher Rapid HIT ID DNA machine would allow the Santa Fe Police Department to screen and process crime scenes that often have repeat offenders in house without needing to send DNA evidence to the State Crime Lab.

FROM: Paul Joye, Chief of Police

ITEM AND ISSUE:

1. Request Approval of the State of New Mexico Crime Victims Reparation Commission (CVRC) Victims of Crime Act Grant Agreement #25-780-P707-00789 in the Amount of $229,792 to fund Equipment and Training for the Santa Fe Police Department. Chief Paul Joye, Chief of Police, pmjoye@santafenm.gov)

2. Request Approval of a Budget Amendment Resolution (BAR) to Allocate $229,792 from the 2024 CVRC Grant Agreement to FY25 Revenue and Expenses Thermo-Fisher DNA machine.

BACKGROUND AND SUMMARY

The Santa Fe Police Department and the Youth and Family Services Division are collaborating to address the evolving safety needs in the City of Santa Fe. This partnership has launched initiatives focused on reducing violence through prevention, intervention, and education. By integrating traditional policing methods with innovative, community-centric strategies, this collaborative effort aims to enhance public safety, support victims, and prevent future incidents of violence. This unified approach represents a comprehensive strategy for community safety, combining the police department's depth of experience with the proactive community engagement initiatives of the Community Violence Prevention Program, demonstrating a strong commitment to fostering a safer and more resilient Santa Fe.

The primary goal of applying for this grant is to enhance support for victims and increase prosecution of repeat offenders whom often don't get prosecuted due to lack of evidence. With the purchase of the Thermo-Fisher DNA machine we will be able to be more proactive in many different types of incidents.

The Youth and Family Services Division in partnership with the Santa Fe Police Department applied for a federal STOP Violence Against Women Act (VAWA) and Victims of Crime Act (VOCA) grant. The city received the grant agreements at the end of July, the CVRC grant will be used to fund services and equipment related to the purchase of a DNA ID Machine (Rapid HIT ID System), which will allow officers to process crime scenes, identify suspects, and help support victims at a much faster rate. The Thermo-fisher Rapid HIT ID DNA machine would allow the Santa Fe Police Department to screen and process crime scenes that often have repeat offenders without needing to send DNA evidence to the State Crime Lab.

BACKGROUND AND SUMMARY:

Attached for your signature is a Volunteer Station Agreement between Santa Fe Care Center and the City of Santa Fe. Our state funding source (New Mexico Aging & Long-Term Care Services Department) requires that we have these documents in place when providing volunteer services via our Companion Care Program (CCP). The Volunteer Station Agreement outlines the responsibilities of both the city as well as the volunteer stations. The CCP allows for AmeriCorps Senior Companion Programs (SCP) currently contracted with the State of NM Aging and Long-Term Services Dept. (NM Aging Services) to apply underutilized SCP funds to be used for the dual purposes of engaging persons in volunteer service to meet critical community needs to the residents of long-term care facilities. Long-term care facilities are assisted living or nursing home settings. Long term community residents are older adults and people with disabilities that are unable to live independently for various reasons. Please note that compensation is not involved in this agreement.

The City of Santa Fe Public Works Department currently has an On-Call Professional Services Agreement (Item #24-0506, Munis Contract# 3250009) with WSP USA Inc (WSP) for on-call engineering services to be completed on a task order basis. The Water Division requests approval of this BAR to allocate funds for water-related engineering services to be completed on a task order basis under the existing Professional Services Agreement with WSP. The Water Division and Public Works have coordinated to share this On-Call Agreement for Water Division projects on a task order basis.

One project that has an immediate need that the Water Division intends to use WSP for is to complete engineering design services for water infrastructure improvements along Richards Avenue related to the Richards Ave Road Replacement/Extension project. Much of the existing water infrastructure along the northern side of Richards Avenue is in old condition, and the Richards Avenue Road Replacement/Extension project provides an opportunity to improve the water infrastructure in this area, including extending the water main across the arroyo to connect the two halves of Richards Avenue before the roadway construction paves over the area.

Request for Approval of Professional Services Agreement with WSP USA, Inc. to Provide On-Call General Engineering Services in an Amount Not to Exceed $5,409,375 including NMGRT for Four Years. (Romella Glorioso-Moss, Capital Projects Manager: rsglorioso-moss@santafenm.gov)

BACKGROUND AND SUMMARY:
Pursuant to New Mexico Procurement Code Section 1.4.1.31, RFP 24001 was issued with the purpose of establishing multiple on call contracts for professional general engineering services to support infrastructure projects including roadway, trail, drainage, bridge, facility, parks, utility, transit and others. The RFP process determined that awarding an on-call contract to WSP USA, Inc. is in the best interest and is advantageous to the City of Santa Fe. A total of 7 contracts are recommended for award as a result of this RFP. Having multiple professional service firms under contract provides capacity and expertise to deploy the City's extensive state and federal infrastructure funding. Having multiple vendors under on-call contract also facilitates the solicitation of multiple quotations on any particular piece of work and selection of best value provider for a particular task.

The total amount payable to the Contractor under this Agreement, including gross receipts tax and expenses, shall not exceed $5,409,375 over 4 years. Execution of this agreement does not constitute any promise to purchase any amount of work. Funds for these services will be identified and budgeted, as needed, for each individual capital improvement project.

15. Entire Agreement.

This Agreement, together with any other documents incorporated herein by reference and all related Exhibits and Schedules constitutes the sole and entire agreement of the Parties with respect to the subject matter of this Agreement, and supersedes all prior and contemporaneous understandings, agreements, representations, and warranties, both written and oral, with respect to the subject matter. In the event of any inconsistency between the statements in the body of this Agreement, and the related Exhibits and Schedules, the statements in the body of this Agreement shall control.

This Contract incorporates all the Agreements, covenants and understandings between the parties hereto concerning the subject matter hereof, and all such covenants, agreements, and understandings have been merged into this written contract.

All terms and conditions of the **RFP #24001 On-Call General Engineering Services for Roadway, Trail, Bridge, Drainage, Facility, Utility and Traffic Design** and the Contractor's response to such document(s) are incorporated herein by reference and is included in the order of precedence.

32. Equitable Remedies

The Contractor acknowledges that its failure to comply with any provision of this Agreement will cause the City irrevocable harm and that a remedy at law for such a failure would be an inadequate remedy for the City, and the Contractor consents to the City 's obtaining from a court of competent jurisdiction, specific performance, or injunction, or any other equitable relief in order to enforce such compliance. The City's rights to obtain equitable relief pursuant to this Agreement shall be in addition to, and not in lieu of, any other remedy that the City may have under applicable law, including, but not limited to, monetary damages.

33. Default and Force Majeure

The City reserves the right to cancel all, or any part of any orders placed under this Agreement without cost to the City, if the Contractor fails to meet the provisions of this Agreement and, except as otherwise provided herein, to hold the Contractor liable for any excess cost occasioned by the City due to the Contractor's default. The Contractor shall not be liable for any excess costs if failure to perform the order arises out of causes beyond the control and without the fault or negligence of the Contractor; such causes include, but are not restricted to, acts of God or the public enemy, acts of the State or Federal Government, fires, floods, epidemics, quarantine restrictions, strikes, freight embargoes, unusually severe weather and defaults of subcontractors due to any of the above, unless the City shall determine that the supplies or services to be furnished by the subcontractor were obtainable from other sources in sufficient time to permit the Contractor to meet the required delivery scheduled. The rights and remedies of the City provided in this Clause shall not be exclusive and are in addition to any other rights now being provided by law or under this Agreement.

IN WITNESS WHEREOF, the Parties have executed this Contract as of the date of the signature by the required approval authorities below.

5	4.8	4.3	5	5	4.8	4.8	Disqualified	4.8	3.8	5

Comments:

1) **AECOM** (5 points) provided in detail, their principal officers and other engineers on staff to help complete a range of engineering tasks identified in the Scope of Work (SOW). AECOM's office locations and its subconsultants were also provided. The proposal is particularly strong listing the experience of principal officers with previous work with the City.

2) **BHI** (4.8 points) provided requested information about principal officers and work locations. However, it was weak in reference to the consideration of subconsultants that may be required to supplement in-house staff.

3) **Earth and Steel** (4.3 points) missed a couple of specifications resulting to a 0.5 point deduction. The proposal identified the principal officer but not the requested details, such as the location where the work will be performed or information on the subconsultants.

4) **Huitt-Zollars** (5 points) provided full details on principals who will be responsible for the administration of the contract. The Offeror provided the names and registration numbers of the New Mexico Registered Professional Engineer who will be directly responsible and in charge of the work. The Offeror also identified the names, addresses, and phone numbers of the sub-consultants.

5) **Lee Eng'g.** (5 points) provided all the information requested such names and registration numbers of the principal officers; name, address, and phone number of the principal office including all sub-consultants. Their response was complete and identified all required information in this specification.

6) **ME/SMA** (4.8 points) provided general information on the principal officers but not on subconsultants.

7) **Molzen-Corbin** (4.8 points) provided sufficient information but lacked detail.

8) **WHPacific** (4.8 points) provided information on its principals and subcontractors but not much detail was included.

9) **Wilson** (3.8 points) provided the requested information on its principal officers but not the requested details, such as the location where the work will occur or requested information on the subconsultants. The Offeror did not also provide details (name, address and telephone number) of offices where the work will be performed.

10) **WSP** (5 points) proposal provided all the details of general information requested for principal officers and their subconsultants.

Section IV.B.2 Organizational References (maximum 15 points)

Specifications:
Offeror **must** provide a list of three (3) references from similar projects for city, state or federal government clients within the last four (4) years (2020-2023).

Offeror shall include the following Business Reference information as part of its proposals:

a) Client name;
b) Project description;
c) Project dates (starting and ending);
d) Technical environment (i.e. Professional design or construction management services for roadways, trails, bridges, drainage, facility, utility, traffic, underpasses/overpasses, etc.)
e) Staff assigned to reference engagement that will be designated for work per this RFP; and
f) Client project manager name, telephone number, fax number and email address.

Offeror is required to submit APPENDIX H, Organizational Reference Questionnaire ("Questionnaire"), to the business references it lists. **The business references must submit the Questionnaire directly to the designee identified in APPENDIX H. The business references must not return the completed Questionnaire to the Offeror.** It is the Offeror's responsibility to ensure the completed forms are submitted on or before the date indicated in Section II. A, Sequence of Events, for inclusion in the evaluation process.

Organizational References that are not received or are not complete, may adversely affect the Offeror's score in the evaluation process. Offerors are encouraged to specifically request that their Organizational References provide detailed comments.

Evaluation Factor:
Points will be awarded based upon an evaluation of the responses to a series of questions on the Organizational Reference Questionnaire (APPENDIX H). Offeror will be evaluated on references that show positive service history, successful execution of services and evidence of satisfaction by each reference. References indicating significantly similar services/scopes of work and comments provided by a submitted reference will add weight and value to a recommendation during the evaluation process.

Points will be awarded for each individual response up to 1/3 of the total points for this category. Lack of a response will receive zero (0) points.

The Evaluation Committee may contact any or all business references for validation of information submitted. If this step is taken, the Procurement Manager and the Evaluation Committee must all be together on a conference call with the submitted reference so that the Procurement Manager and all members of the Evaluation Committee receive the same information. Additionally, the City reserves the right to consider any and all information available to it (outside of the Organizational Reference information required herein), in its evaluation of Offeror responsibility per Section II.C.18.

Scores:

AECOM	BHI	Earth & Steel	Huitt-Zollars	Lee Eng'g.	ME/ SMA	Molzen-Corbin	SFEC	WH Pacific	Wilson	WSP
13.6	13.6	0	9	9.8	13.5	14.5	Disqualified	14.5	14	13.8

Comments:

1) **AECOM** (13.6 points) received three references. The reference for the NM 456 emergency bridge project is exemplary. The NMDOT had a pre-manufactured bridge, and this Offeror was able to retrofit these existing bridge components to fit the project's specifications within 6 months. Such an approach saved a substantial amount of money and showed their adaptability.
   The other two references show the depth of this Offeror, from roadway improvements on NM 68 to inspection of bridge elements. The proposal outlined how this Offeror assumed control of the NM 68 project to correct deficiencies and shows their technical proficiency. However, the reference mentioned a few components were missed on the plan set. Both references did not provide rich detail to assess the firm's performance.

2) **BHI** (13.6 points) received three references. All of them indicated high satisfaction with this Offeror and several mentioned having an extensive service history with them. The range of technical expertise displayed by these three projects referenced are quite varied and include drainage, roadway, and bridge. In particular, the Sunport Boulevard Extension project really showed the Offeror's technical proficiency in all of the services requested. Scores were reduced due to the references providing very little detail and, in some cases, did not even provide any comment to justify the score provided. RFP requested firms encourage their references to provide detailed comments and thus points were reduced.

3) **Earth & Steel** (0 points) identified three references in their proposal (pp. 11-13). However, none of these references submitted the reference questionnaire to the Purchasing Division or to the Procurement Manager. Zero points were awarded as a result.

4) **Huitt-Zollars** (9 points) - The two references received for this Offeror provided almost no comment to justify high scores. The proposal lists a range of professional services, but the references do not provide any detail to demonstrate technical proficiency.

5) **Lee Eng'g.** (9.8 points) – Although three references were received for this Offeror, one did not respond to any of the questions at all. However, the two other references provided details to demonstrate their technical expertise in a range of roadway and traffic engineering services. Both references highly acclaim their services and rank them as the preferred on-call contract for traffic engineering services for the NMDOT and the City of Rio Rancho. Although this Offeror does not offer the full range of services identified in the SOW, such as bridges and drainage design services, this firm is ranked highly for meeting very specific and technical design services within traffic.

6) **ME/SMA** (13.5 points) - The three references for this Offeror were very complimentary and some continue to employ them on other projects. However, the language in two of the references were nearly word for word the same with some minor changes. For example, on Question 9 about which services were you least satisfied, the language is the exact same about project schedule.

7) **Molzen-Corbin** (14.5 points) - Two of the three references from the NMDOT and City of Albuquerque were effusive with praise and documented the long-standing relationship with this firm on multiple projects. The range of engineering services are also excellent, ranging from airport design, bridges, drainage, utility, etc. In particular that was impressive was the design details highlighting thoughtful design, including gravity flow when possible on the Santa Fe County project and sustainability rating on the I-25 interchange.

8) **WHPacific** (14.5 points) - Two of the three reference letters provided detailed comments and gave concrete examples of what separated this firm, such as the lack of change orders during construction owing to their "knowledge and expertise" during the design process. The other reference highlighted their knowledge of relevant manuals.

9) **Wilson** (14 points) - All the references highlighted how this Offeror has extensive histories and completed a lot of projects for several of them, including Los Alamos County, AMAFCA, and Rio Rancho. Other positives cited included how Wilson is able to complete a lot of the services in-house. However, the references also highlighted some weaknesses in technical writing and QA/QC processes.

10) **WSP** (13.8 points) received three references. Their references noted that their agency has worked with this Offeror on several projects and highlighted how they are one of the most accommodating firms and can handle large projects. The reference from the City of Albuquerque particularly how well executed the firm does with their complete street maintenance program, citing their ability to thoroughly research each corridor.

The Evaluation Committee did not contact any of the business references to validate any information submitted.

Section IV.B.3. Mandatory Specifications

IV.B.3.a. Specialized Design and Technical Competence (maximum 25 points)

Specifications:

Offeror **must** describe two (2) engineering design projects that highlight their specialized problem-solving techniques or approaches, innovative practices/ideas, and advantages its team brings or offers to the City.

Evaluation Factor:
Points will be awarded based on Offeror's innovativeness, creativity, and effectiveness in designing past projects.

Scores:

AECOM	BHI	Earth & Steel	Huitt-Zollars	Lee Eng'g.	ME/ SMA	Molzen-Corbin	SFEC	WH Pacific	Wilson	WSP
24.4	22	20	18.3	21.3	20.3	24	Disqualified	21.5	23.3	22.5

Comments:

1) **AECOM** (24.4 points) showcased two projects showed very clearly the attention to detail and the innovative practices they can bring to solve problems. One highlight is the unique approach to lighting the underpass, using a combination of design alternations to bring as much natural light as possible while using light shield sculptures to integrate art while reducing vandalism. The integration of art into design can really help a project succeed within the City. The ability to mobilize such an eclectic staff to address a broad array brings a lot of value to the City.

2) **BHI** (22 points) demonstrated their ability to factor in their clients' input in decision-making. However, project examples given were simple and did not show their ability to be innovative, and creative.

3) **Earth and Steel** (20 points) described two engineering projects from work the principal members did as part of another firm. Therefore, it was unclear where division of responsibilities lies. Nevertheless, their project description highlights how both of the principal members contributed specialized problem-solving techniques.

4) **Huitt-Zollars** (18.3 points) described innovative practices and ideas, but they were not connected to the two projects highlighted.

5) **Lee Engineering** (21.3 points) listed two projects and had a supplemental section spotlighting unique and creative approaches to traffic engineering. Some of these unique and creative approaches include alternative intersection design, employment of big data to yield more nuanced understanding of traffic along I-40, and employment of "rest-in-red" signal operations. These innovative solutions were not linked to the two projects described in the proposal. These creative approaches offer potential benefits to the City but the firm will be limited to specific engineering services, such as traffic and roadway.

6) **ME/SMA** (20.3 points) in highlighting two projects showed some effective problem-solving, including receiving approval on meeting ADA requirements to the maximum extent feasible and

providing a graphic simulation of roadway design. However, they are quite simple, so it did not show creativity and innovativeness that RFP requires.

7) **Molzen-Corbin** (24 points) received the highest score for this question. The two project examples given were discussed succinctly and highlighted their innovativeness, creativity and advantages their team brings or offers to the City.

8) **WH Pacific** (21.5 points) described the two project examples given very well but no discussion on innovativeness and creativity. Project examples demonstrated the Offerors' ability to coordinate with multiple entities/stakeholders and involved complex project phasing and sequencing.

9) **Wilson** (23.3 points) demonstrated well their ability to take on very complex projects and see them through construction. Descriptions of the two project examples given were innovative and cutting edge. However, a few points were deducted because there was no discussion on hardships or difficulties encountered and how they were resolved.

10) **WSP** (22.5 points) described two projects but they lack specificity which makes it difficult to assess the firm's innovativeness or creativity and hence the advantages their team brings or offers to the City.

IV.B.3.b. Capacity and Capability of the Offeror to Perform the Scope of Work (maximum 25 points)

Specifications:
Offeror **must:**

i. provide information about the business that demonstrates the ability to provide sufficient professional competence, meet time schedules, accommodate cost considerations, and project administration requirements, including information that demonstrates the Offeror's ability to perform the services required for this project;

ii. include an organizational chart indicating key project team members, including any sub-consultants, and their specific roles on the project and/or area(s) of expertise, and clearly identifying the lead engineer who will be directly responsible for the project. The percentage of time each team member will spend or commit to providing services toward the project must be included in the organizational chart; and

iii. provide brief resumes for the lead engineer and key project team members, describing why each team member was selected for this proposal, highlighting relevant project experience and knowledge of City/NMDOT/FHWA procedures. If a subcontractor is affiliated with the prime contractor as an affiliated company, firm, or business, the proposal must indicate this. The proposal must also identify the Offeror's team's list of current projects with the City.

Evaluation Factor:
Points will be awarded based on the team members' relevance and extent of their experience, expertise and knowledge in engineering design of a roadway, trail, bridge, drainage, facility, utility and traffic;

and of their formal education, certifications and licenses. In addition, points will also be based on the amount of care and attention given to assembling the team members based on their specialized professional competence and Scope of Work.

Scores:

AECOM	BHI	Earth & Steel	Huitt-Zollars	Lee Eng'g.	ME/ SMA	Molzen-Corbin	SFEC	WH Pacific	Wilson	WSP
24.8	23	18.5	22	21.8	20.3	23	Disqualified	21.5	23.3	22.5

Comments:

1) **AECOM** (24.8 points) outlined an extensive approach to demonstrate their ability to meet project schedules and accommodate cost considerations through an extensive list of tools to monitor the schedule and tasks as well as a deep well of project cost data from other projects.

   The Offeror gave an immense accounting of their technical expertise in all of the engineering services and how that would be tailored to meet the City's standards through different planning documents. In terms of the engineers leading the project, almost all had decades of experience.

   The proposal discussed in detail their cost control/estimating procedures, their Quality Management Plan/System to control QA/QC practices.
   Resumes showed their team is well-qualified.

   A small weakness is this section could have been written in a more concise way.

2) **BHI** (23 points) has extensive on-call experience. They have a long list of contracts with work relevant to RFP's SOW. They also provide specialty engineering services such as community development, planning and GIS which are important components to public engagement/participation. However, the Offeror's organizational chart did not have the percentages each member would be assigned to certain tasks and did not include the depth of the firm. Although the firm has extensive capacity in the range of engineering services, any subconsultant should have been listed even if it is not anticipated to be needed.

3) **Earth and Steel** (18.5 points) demonstrated a high-level of understanding of a project life-cycle but lacked specificity and details on how these projects are implemented. Principal members have a lot of experience in and around Santa Fe and with NMDOT. Staff resumes and organizational chart don't indicate very much depth of key project staff.

4) **Huitt-Zollars** (22 points) demonstrated strong multi-disciplinary experience with a large design staff. Graphics on schedule and cost control were helpful and reflect strong schedule and cost control measures. Both the organizational chart and resumes showed a lot of experienced staff. One weakness identified is since the firm does not have any projects with the City, they may not be familiar with City codes and other regulations and procedures.

5) **Lee Engineering** (21.8 points) showed in their organizational chart and resume sections that they have a capacity to handle most engineering services listed in the SOW. However, the organizational chart lists many engineering services with one capable staff. Some questions thus remain as to the depth of the firm to handle large projects. But this firm seems to have a strong capability in roadway design and traffic engineering services based on what was provided. The firm also has had several projects, and currently has several projects, with the City, showing their experience of City procedures. However, the proposal did not address the requested information on the firm's ability to accommodate cost considerations and keep project schedules.

6) **ME/SMA** (20.3 points) demonstrated in their organizational chart and resumes that they have the capacity to handle most engineering services listed in the SOW but the organization chart lists many engineering services with one capable staff. This leads to a question as to the capacity of the firm to handle large projects and multiple projects.

   Another weakness in the section was the parts dedicated to demonstrating the Offeror's ability to meet time schedules, accommodate cost schedules, etc. The response is too general and not enough concrete details were provided.

7) **Molzen-Corbin** (23 points) showed a lot of past experience with on-call contracts in New Mexico. It also showed multi-disciplinary experience in-house, including all areas of the SOW. The resumes show good experience in each discipline. One weakness identified was that the firm currently does not have any projects with the City and may not have extensive knowledge of City procedures due to this fact.

8) **WH Pacific** (21.5 points) demonstrated broad experience in several of the disciplines listed in the SOW. This firm has lots of experience with on-call contracts. The proposal provided concrete examples of their ability to meet cost and schedule components by providing tables of recent projects the firm has completed. The proposal detailed the range of professional competence, from traffic engineering, roadway design, to drainage. However, the same level of detail was not provided for some of the services in the RFP, such as bridges and facilities but the proposal listed resumes of some of the staff equipped to handle those kinds of tasks.

9) **Wilson** (23.3 points) stands out for its extensive knowledge of the City to the extent a special Microsoft Project file was jointly developed to track project schedules. That extensive City knowledge coupled with a broad range of engineers capable of all the engineering tasks support the firm's capabilities to the City. However, the proposal was weak in detailing and providing concrete examples to reduce construction cost and keep schedules.

10) **WSP** (22.5 points) showed the team's ability to support the City with local talent while also being able to lean on national expertise is an added benefit. The proposal's narrative also showed the Offeror has experience in several disciplines identified in SOW. The resumes reflect a team that is well-qualified and experienced in working with the City and NMDOT. A weakness in the section was the parts dedicated to demonstrating the firm's ability to meet time schedules, accommodate cost schedules, etc. The response is too general and not enough concrete details were provided.

IV.B.3.c Past Record of Performance (maximum 20 points)

Specifications:
Offeror **must** demonstrate through historical documentation that the Offeror has the ability to meet schedules and budgets, as well as user program goals, and final construction project costs. Project schedules should provide information about the progress of work as related to owner schedules and goals as well as the overall success of projects and client satisfaction. The proposal must describe two (2) past projects, specifying relevance to the current scope of work and include client references (names, addresses, email address and telephone numbers) for each project. Also, please submit APPENDIX G "Project/Contract Listing Form".

Evaluation Factor:
Points will be awarded based upon an evaluation of the documented organizational experience, knowledge and resources that may be employed for the project. Points will also be awarded based on Contractor's meeting project schedule agreed upon at the award of the contract. Considerations will be given if the project delay was caused by the City or NMDOT (APPENDIX G). Further, points will be awarded based on Offeror's candid and well-thought-out response to successes and failures, as well as the ability of the Offeror to learn from its failures and grow from its successes.

Scores:

AECOM	BHI	Earth & Steel	Huitt-Zollars	Lee Eng'g.	ME/ SMA	Molzen-Corbin	SFEC	WH Pacific	Wilson	WSP
19	16.8	10.8	16.8	18	13.8	17.5	Disqualified	17.8	16.8	17.5

Comments:

1) **AECOM** (19 points) provided two projects which highlighted the firm's capacity to act under duress and deliver projects by the required deadlines. The range of services provided further illustrates the capacity of the firm to act and deliver any type of engineering services listed in the SOW. However, the response, although quite detailed, did not provide enough discussion on cost and budget and lessons learned from successes and failures and how that will help the firm grow.

2) **BHI** (16.8 points) demonstrated the ability to meet the City's design deadlines, however no documentation was provided on project schedules, budgets, and no discussions on lessons learned from project successes and failures.

3) **Earth and Steel** (10.8 points) No historical documentation was provided to justify the Offeror's ability to meet schedules and budgets. Although the Offeror did not provide two projects the proposal did highlight the Offeror's approach to keeping a project schedule and containing costs, but some documentation was required.

4) **Huitt-Zollars** (16.8 points) highlighted two projects that were delayed and elaborated on the role additional scope can have on wrecking on a client's project timeline. In fact, the delay was over two years in both projects. The Offeror did not identify any lessons learned, if there were any, from these delays and how the firm will grow as a result.

The Offeror also failed to discuss whether project costs were attempted to be contained. Both projects were delayed for months while "securing funding" from the City. That raises the questions of whether the projects were funded in the first place or additional funding was required due to scope changes.

The lack of information made it hard for the Committee to assess Offeror's response to this question other than the Offeror has some experience and resources to deliver the roadway and trail projects described.

5) **Lee Engineering** (18 points) highlighted two traffic engineering projects, both of which undertook unique and creative approaches. For the Airport Road signal timing optimization project, the firm impressively adopted the scope/fee proposal to adjust to budget cuts, optimizing the level of documentation accordingly. With this project being in the middle of the pandemic, the firm had to adjust the project and adapt their approach to lower volumes. In terms of engineering approaches, the "rest-in-red" concept is unique and really meets the project goals in unique ways. These two projects are focused only on traffic engineering services in the SOW and some approaches from other types of engineering services would have further bolstered their score.

6) **ME/SMA** (13.8 points) provided little-to-no discussion on actual vs. projected scheduled completion and actual vs. final project costs. One of the project examples showed experience in coordinating with multiple City departments and the public. The proposal did not also detail any lessons learned from successes or failures and how it will help the firm grow.

7) **Molzen-Corbin** (17.5 points) not only highlighted two projects but provided their systematic approach to meeting budgets and schedules. A cost and schedule performance table were provided, providing data to support their ability to meet client goals. Some of these projects cost a bit more than the estimate but the projects were always completed on time. The two projects showcase the range of services in the firm, from a large roadway to lift station. One mechanism in the lift station the firm employed to control costs to meet the budget was bid additives to provide flexibility in awarding the project. However, there was no discussion of discrepancies between bid estimates and actual bid amounts. Also not discussed were their project successes and failures and how that will help the firm grow.

8) **WH Pacific** (17.5 points) demonstrated broad experience in several of the disciplines listed in the SOW. They have a lot of experience with on-call contracts. The 2 projects described laid out the capability of this Offeror to handle an array of projects with a variety of stakeholders. One highlight was the complexity NM 566 bridge replacement over BNSF railroad and adjacent to the Navajo Nation. The Lovingston road diet project highlighted an award for innovative design but did not detail in which ways the design was innovative to garner that award. The proposal further did not detail any lessons learned from successes or failures and how it will help the firm grow.

9) **Wilson** (16.8 points) demonstrated their ability to work in a tight window. Their ability to anticipate the critical path and potential long lead items as well as find solutions to prevent causing a delay in the project was key to their project success. Discussions on how project schedule and costs were controlled as well as any lessons learned were missing. Highlighting different projects than what were previously described could have been an opportunity.

10) **WSP** (17 points) featured two projects that are located within the City and displayed the Offeror's capabilities to deliver a range of projects. The culvert replacement project particularly highlighted the firm's capacity to deliver an expedited design to meet the city's needs after the collapse of the previous culvert, thus shutting down a roadway for months. The design team also showed some capacity to change after staking the proposed structure in the field.

However, the Offeror did not take time to elaborate on the project schedule established and how their team met that schedule. Further, on the Guadalupe St. Bridge Preservation, a project cost is detailed but no information is provided as to whether this met the project's budget, thus the Committee was unable to fully judge the Offeror's ability to meet budgets.

IV.B.3.d Proximity to or Familiarity with the City of Santa Fe (maximum 5 points)

Specifications:
Offeror **must** identify its familiarity with the City of Santa Fe and its understanding of the scope of work. Offerors must demonstrate through narrative, graphics or maps the firm's ability to respond quickly to on- and off-site requirements for engineering and construction management services and administration of a City project which will be awarded via this RFP. The Offeror must also indicate previous knowledge or experience regarding the City, and any current work or associated consultants who could enhance the firm's ability to provide timely responses or special expertise to a City project needs.

Evaluation Factor:
Points will be awarded based on the Offeror's familiarity with the City's procedural, procurement and regulatory design requirements; thorough understanding of the Scope of Work; and how quickly they can respond to City request/need.

Scores:

AECOM	BHI	Earth & Steel	Huitt-Zollars	Lee Eng'g.	ME/ SMA	Molzen-Corbin	SFEC	WH Pacific	Wilson	WSP
4.8	4.8	4.5	4	4.5	4.8	4.5	Disqualified	4.8	4.8	5

Comments:

1) **AECOM** (4.8 points) has a staff office in Santa Fe for quick response times. They also have several years of past experience working with the City of Santa Fe, thus have excellent knowledge of procedural, procurement, and regulatory design requirements.

2) **BHI** (4.8 points) demonstrated knowledge and work throughout Santa Fe. No staff located directly in Santa Fe but still within an hour in Albuquerque.

3) **Earth and Steel** (4.5 points) is located within Santa Fe, leading to good response time. Narrative is limited to familiarity with City regulations, procedures, and processes.

4) **Huitt-Zollars** (4 points) has prior experience with the City and demonstrated clear understanding of the SOW. However, the office is located 1 hour from Santa Fe.

5) **Lee Engineering** (4.5 points) currently has several projects with the City and is located within an hour of Santa Fe.

6) **ME/SMA** (4.8 points) has a satellite office in Santa Fe that provides close proximity. Acknowledgment of historical and cultural significance which requires unique solutions is a particular strength of the proposal.

7) **Molzen-Corbin** (4.5 points) demonstrated a lot of previous experience with multiple departments in City but they do not have an office in Santa Fe. Their office is in Albuquerque.

8) **WH Pacific** (4.8 points) demonstrated a good understanding of the SOW and highlighted several projects with City of Santa Fe. Their staff is based mainly in Albuquerque.

9) **Wilson** (4.8 points) has an extensive project history in City and knows the City's procedural, procurement, and regularly design requirements.

10) **WSP** (5 points) has several staff within the State, including an office in Santa Fe. They also showed they have several years of project experience with City of Santa Fe.

IV.B.3.e New Mexico Produced Work (maximum 5 points)

Specifications:
Offeror **must** indicate the volume of work to be produced in New Mexico by a New Mexico firm or firms. The Offeror must identify any out-of-state consultant(s) or business relationships that will be involved on any City project that will be awarded via this RFP, and the extent of services to be provided by that firm or firms.

Evaluation Factor:
Points will be awarded based on the percentage of work produced in New Mexico using the following formula:

0% - 20% - 1 point
21% - 40% - 2 points
41% - 60% - 3 points
61% - 80% - 4 points
81% - 100% - 5 points

Scores:

AECOM	BHI	Earth & Steel	Huitt-Zollars	Lee Eng'g.	ME/ SMA	Molzen-Corbin	SFEC	WH Pacific	Wilson	WSP
5	0	5	5	5	0	5	Disqualified	5	5	5

Comments:

1) **AECOM** (5 points) – 90% of work will be produced in New Mexico.

2) **BHI** (0 point) – Evaluation Committee did not award any points because the Offerors' response is not direct and subject to interpretation. The Offeror tried to answer this question indirectly by stating their firm is a NM-owned and –based so they anticipate completing all the work in NM.

3) **Earth and Steel** (5 points) – 100% of work will be produced in New Mexico.

4) **Huitt-Zollars** (5 points) – 100% of work will be produced in New Mexico.

5) **Lee Engineering** (5 points) – 100% of work will be produced in New Mexico.

6) **ME/SMA** (0 point) – The Evaluation Committee did not award any points because the Offeror 's response is quite vague; stating a "substantial" portion of the work will be completed in NM.

7) **Molzen-Corbin** – 100% of work will be produced in New Mexico.

8) **WHPacific** – 100% of work will be produced in New Mexico.

9) **Wilson** – 100% of work will be produced in New Mexico.

10) **WSP** – 100% of work will be produced in New Mexico.

IV.B.3.f Volume of Work Currently Being Performed (0 to 5 point deduction). For Munis scores, see change in the scoring method below.**

Specifications:
Offeror **must** provide information on the status of any project that has been awarded by the City in the past four (4) years and is, on the date of the submittal, less than 75% complete by completing the "Contract/Project Listing Form" (APPENDIX G). The reason for any project delays must be identified.

Evaluation Factor:
Points shall be deducted for projects awarded that are less than 75% complete on the date the proposals are due. The following formula on fees shall be utilized in assessing scores:

Contract Balance Amount* Per Project	
$ Less than - $500,000	minus 0 point
$500,001 - $750,000	minus 1 point
$750,001 - $1,000,000	minus 2 points
$1,000,001- over	minus 3 points

*Contract Balance Amount is defined as:

i. Single Phase Contracts: Amount of contract including supplemental agreements that have been negotiated and that are covered under a signed contract, minus all paid invoices, if any (per project).

ii. Multi-Phase Contracts: Amount of contract including all subsequent phases and supplemental agreements that have been negotiated and that are covered under a signed contract, minus all paid invoices, if any (per project).

The maximum total point deduction for this section (sum of all ongoing contracts) will be 5 points. Deduction points will be calculated on the date the proposals are due. The Offeror must invoice against ongoing contracts not less than five (5) business days prior to proposal due date to allow sufficient time for posting to Deduction Point listing. No points will be deducted if the delay was caused by either the City or NMDOT. For example, if work has to stop due to delay in amending the term of the funding agreement.

**** When recording scores in Munis, it was determined that Munis won't accept a negative score, therefore the scoring methodology was adjusted to positive scores in Munis as follows:**

Maximum score is 5 points.

Contract Balance Amount per Project

	RFP Scoring	**Munis Scoring**
$ Less than - $500,000	**minus 0 point**	**add 5 points**
$500,001 - $750,000	**minus 1 point**	**add 4 points**
$750,001 - $1,000,000	**minus 2 points**	**add 3 points**
$1,000,001- over	**minus 3 points**	**add 2 points**

Using the above methodology, Offeror's scores are:

Scores:

	AECOM	BHI	Earth & Steel	Huitt-Zollars	Lee Eng'g.	ME/ SMA	Molzen-Corbin	SFEC	WH Pacific	Wilson	WSP
RFP Scoring	-4	0	0	0	0	0	0	Disqualified	0	-2	0
Munis Scoring	1	5	5	5	5	5	5	Disqualified	5	3	5

Comments:

1) **AECOM** (-4) is working on 2 projects with the City with a remaining balance in the range of $750,001 - $1,000,000. Using the scoring method in the RFP, AECOM has a deduction of -4. In Munis, the score is 1 (maximum score of 5 minus 4).

2) **BHI** (0 point) currently has no project with the City with a remaining balance of over $500,000. Hence, no points were deducted.

3) **Earth & Steel** (0 point) is not working on any project with the City. Hence, no points were deducted.

4) **Huitt-Zollars** (0 point) does not have any projects with the City at the time of proposal submittal. Hence, no points were deducted.

5) **Lee Eng'g.** (0 point) does not have any projects with the City with a remaining balance of over $500,000. Hence, no points were deducted.

6) **ME/SMA** (0 point) does not have any projects with the City with a remaining balance of over $500,000. Hence, no points were deducted.

7) **Molzen Corbin** (0 point) does not have any projects with the City with a remaining balance of over $500,000. Hence, no points were deducted.

8) **WHPacific** (0 point) does not have any projects with the City with a remaining balance of over $500,000. Hence, no points were deducted.

9) **Wilson** (-2 points) has one project with the City with a remaining balance in the range of $750,001 - $1,000,000. Using the RFP scoring method, they had a 2-point deduction. In Munis, the final score is 3 (maximum score of 5 minus 2).

10) **WSP** (0 point) does not have any project with the City with a remaining balance of over $500,000. Hence, no points were deducted.

C. Contractor's representations and warranties in Paragraphs A and B of this Article 13 are material representations of fact upon which the City relied when this Agreement was entered into by the parties. Contractor shall provide immediate written notice to the City if, at any time during the term of this Agreement, Contractor learns that Contractor's representations and warranties in Paragraphs A and B of this Article 13 were erroneous on the effective date of this Agreement or have become erroneous by reason of new or changed circumstances. If it is later determined that Contractor's representations and warranties in Paragraphs A and B of this Article 13 were erroneous on the effective date of this Agreement or have become erroneous by reason of new or changed circumstances, in addition to other remedies available to the City and notwithstanding anything in the Agreement to the contrary, the City may immediately terminate the Agreement.

D. All terms defined in the Governmental Conduct Act have the same meaning in this section.

14. Amendment.

A. This Agreement shall not be altered, changed or amended except by instrument in writing executed by the parties hereto and all other required signatories.

B. If the City proposes an amendment to the Agreement to unilaterally reduce funding due to budget or other considerations, the Contractor shall, within thirty (30) days of receipt of the proposed Amendment, have the option to terminate the Agreement, pursuant to the termination provisions as set forth in Article 4 herein, or to agree to the reduced funding.

17. Equal Opportunity Compliance.

The Contractor agrees to abide by all federal and state laws and rules and regulations, and Santa Fe City Code, pertaining to equal employment opportunity. In accordance with all such laws of the State of New Mexico, the Contractor assures that no person in the United States shall,

If Contractor is found not to be in compliance with these requirements during the life of this Agreement, Contractor agrees to take appropriate steps to correct these deficiencies.

18. Applicable Law.

The laws of the State of New Mexico shall govern this Agreement, without giving effect to its choice of law provisions. Venue shall be proper only in a New Mexico court of competent jurisdiction in accordance with Section 38-3-1 (G) NMSA 1978. By execution of this Agreement, Contractor acknowledges and agrees to the jurisdiction of the courts of the State of New Mexico over any and all lawsuits arising under or out of any term of this Agreement.

21. Records and Financial Audit.

The Contractor shall maintain detailed time and expenditure records that indicate the date; time, nature and cost of services rendered during the Agreement's term and effect and retain them for a period of three (3) years from the date of final payment under this Agreement. The records shall be subject to inspection by the City. The City shall have the right to audit billings both before and after payment. Payment under this Agreement shall not foreclose the right of the City to recover excessive or illegal payments

Updated Wheeling Rate Agreement Between the City of Santa Fe (City) and Santa Fe County (County)

BACKGROUND

Paragraph 14(B) of the 2016 Amended and Restated Water Resources Agreement (WRA) between the City and the County authorizes the City to impose a charge on County water "wheeled" through the City's water transmission and distribution network to reach the County Utility system. The intent of a Wheeling Rate Agreement is administration of a fair cost from the County to the City for this service.

In April of 2022 the City and County agreed to an interim Wheeling Rate Agreement and the City began to bill the County $1.40 per 1000 gallons of water wheeled effective July 2021. On March 13th 2024, the City's Governing body approved a City and County staff recommended final Wheeling Rate Agreement with an initial wheeling rate of $2.04 per 1000 gallons wheeled. The County governing body did not end up approving the March agreement, and in December of 2024 passed an updated agreement with the following substantive changes from the agreement approved by the City:

1. A definition of "Wheeled Water" to clarify when wheeling charges can and cannot be charged.
2. Rather than an agreement that can be cancelled by either party with notice, the proposed agreement will now remain in effect so long as the WRA is in effect.

The proposed agreement including Appendices defining points of delivery, methodology for calculation of the wheeling rate, and a list of historical rates with effective date is included as attachments to this Memo. Also included is a "red-line" version of the agreement showing changes from the agreement previously approved by the City.

AGREEMENT BETWEEN THE CITY OF SANTA FE AND SANTA FE COUNTY TO WHEEL WATER TO SANTA FE COUNTY THROUGH THE CITY OF SANTA FE WATER TRANSMISSION AND DISTRIBUTION SYSTEM

This Agreement is entered into as of the date of the last signature below ("Effective Date"), by and between the City of Santa Fe ("City") and Santa Fe County ("County"), relating to the conveyance and delivery of County water through the City's water transmission and distribution system, also referred to as wheeling.

RECITALS

WHEREAS, the City and County may contract for services and enter into agreements with one another; and

WHEREAS, the City and County operate water utilities whose transmission and distribution systems are connected to each other and to Buckman Direct Diversion ("BDD") transmission lines at certain points; and

WHEREAS, the County water utility serves areas which cannot be reached by County water sources without use of the City water transmission and distribution system; and

WHEREAS, when County water sources are unavailable or insufficient to meet County demand, BDD Shared Pool water or Water Resources Agreement water from City sources can be moved through the City's water transmission and distribution system for delivery to the County; and

WHEREAS, in the December 2016 "Amended Restated Water Resources Agreement between the City of Santa Fe and Santa Fe County" ("WRA") the County agreed to begin paying the City wheeling rate beginning in 2021;

NOW, THEREFORE, in consideration of the mutual covenants and agreements herein, set forth and for other good and valuable consideration, the parties agree to the Agreement memorialized below.

AGREEMENT

1. **Wheeling**. County water may be wheeled through the City's transmission and distribution system for delivery to the County service area at specific connection points, defined by master meters.

1.1. **Delivery Points**. The locations and characteristics of master meters defining City to County connection points, hereafter referred to as points of interconnection, are defined in Exhibit "A" (Points of Interconnection), attached hereto and incorporated herein by this reference. Exhibit "A" will be updated with any changes to these delivery points and any additional delivery points and can be updated at any time by mutual written agreement of both the City's Public Utilities Department Director and the Director of Santa Fe County

Utilities. Such agreement will not be unreasonably withheld if provisions of this agreement and Exhibit "A" have been followed.

2. **Wheeling Charge**. The County will pay the City a wheeling charge for water delivered by the City to the County through the Points of Interconnection defined in Exhibit "A" ("Wheeled Water"). Wheeled Water does not include, and the County will not pay a wheeling charge for: (1) water delivered under Section 3 of the WRA; (2) water delivered to or used by the City after a defined Point of Interconnection (SW Business Park); or (3) water delivered to the County through BDD transmission lines as identified in Exhibit A, section 3, except when BDD Shared Pool water is delivered to these points as a result of a Non-discretionary shutdown at BDD.

3.1 The wheeling charge will be calculated using the City's cost-of-service (COS) methodology documented in the Technical Memorandum: Analysis of Water Wheeling Rates for Santa Fe County, attached hereto and incorporated herein by this reference as Exhibit "B". The COS methodology and Exhibit "B" will be updated at any time by mutual written agreement of both the City's Public Utilities Department Director and the Director of Santa Fe County Utilities. If the COS methodology and Exhibit "B" have not been updated within the prior five (5) years, the City will update upon request of either the City's Public Utilities Department Director or the Director of Santa Fe County Utilities

3.2 The effective date and current volumetric wheeling charges in $ per 1000 gallons are listed in Exhibit "C" (City of Santa Fe Wheeling Charge). Exhibit "C" also includes previous wheeling charges and effective dates. The wheeling charge and Exhibit "C" can be updated by the City using the agreed-upon methodology upon the completion of a new or updated Cost of Service Study for the City Water Utility with an effective date no sooner than 30 days after a new Exhibit C has been signed by the City. The County may offer input in the development of each Cost of Service Study, and such input will be reasonably considered by the City.

3.3 The City will be responsible for reading the master meters at the Points of Interconnection and determining associated billing to the County for wheeled water.

3.3.1 The City reserves the right, at its own discretion, and with advance notice to the County to not charge wheeling fees for water delivered through specific Points of Interconnection. This provision will allow the City to incentivize water flow through Points of Interconnection should such flow be advantageous for water quality or other operational purposes.

3.4 The City will send all invoices to Santa Fe County Water Utility, and the County will pay invoices within thirty (30) days of receipt. The rate of $2.04 per 1,000 gallons shown in Exhibit C shall be applied retroactively to County water wheeled through the City system beginning July 1, 2021, resulting in the County paying an additional amount equal to the difference between $1.40 and $2.04 per 1,000 gallons.

3. **Terms of Delivery**. The City will deliver to the County water meeting or exceeding applicable water quality standards.

4.1 The County is responsible for maintaining water quality after the point of delivery.

4.2 In an emergency or force majeure event, the City will have the ability to shut off all deliveries at the affected Point(s) of Interconnection to the County for the duration of the emergency. In the case of an emergency, the City will notify County certified water operators as soon as possible and reasonably cooperate in providing additional supply at alternate locations, if needed. The City shall have full discretion to determine whether such an emergency condition exists within the City transmission and distribution system.

4.3 Force Majeure. No party shall be liable or responsible to the other party, nor be deemed to have defaulted under or breached this Agreement, for any failure or delay in fulfilling or performing any term of this Agreement except for any obligations to make payments to the other party hereunder, when and to the extent such failure or delay is caused by or results from acts beyond the impacted party's ("**Impacted Party**") reasonable control, including, without limitation, the following force majeure events ("**Force Majeure Event(s)**"): (a) acts of God; (b) flood, fire, earthquake, epidemics, or explosion; (c) war, invasion, hostilities (whether war is declared or not), terrorist threats or acts, riot or other civil unrest; (d) state or federal government order, law, or actions; (e) embargoes or blockades in effect on or after the date of this Agreement; and (f) national or regional emergency; (g) strikes, labor stoppages or slowdowns, or other industrial disturbances; (h) shortage of adequate power or transportation facilities; and, (i) other events beyond the reasonable control of the Impacted Party.

4. **Term & Termination**. This Agreement shall commence on the date of the final signature below and remain in effect so long as the WRA is in effect.

5. **Additional Documents**. The parties agree to execute such further documents as may be necessary to carry out the terms and intent of this Agreement.

6. **Dispute Resolution**. The City and County agree to mediate disputes consistent with the Mediation Procedures Act, NMSA 1978, Section 44-7B-1 through 44-7B-6, prior to initiating any litigation, to resolve any conflicts arising under this Agreement, the expenses of which shall be shared equally by the City and County. Disputes shall be first discussed by representatives of each party. Such representatives shall use their best efforts to amicably and promptly resolve the dispute. If the parties are unable to resolve the dispute through informal mechanisms or mediation within 90 days of the occurrence of the event or circumstances giving rise to the dispute, either party may give notice to the other party that the aggrieved party intends to litigate the dispute. Any dispute requiring notice shall be reported to the next meeting of the respective City and County governing bodies.

7. **Entire Agreement**. This Agreement and the Exhibits hereto contain the entire agreement between the parties, and the terms of this Agreement are contractual, not merely a recital.

8. **Counterparts and Recordation**. This Agreement may be executed in one or more counterparts, each of which is an original, and all of which together constitute only one agreement between the parties. This Agreement shall be recorded with the County Clerk and the City Clerk after the Agreement has been approved and executed by the Parties.

9. **Successors and Assigns.** This Agreement and all of the terms and provisions hereof shall inure to the benefit of and be binding upon the successors and assigns of all of the parties hereto.

10. **Notices.** All notices shall be in writing and together with other mailings pertaining to this Agreement shall be made to:

I. Overview

The rate for wheeling water through City of Santa Fe Water's (City) transmission and distribution system is determined during the normal completion of the City's cost-of-service study, typically once every three years. The cost-of-service study, which is completed following generally accepted industry practices described by the American Water Works Association in its *Manual M1: Principles of Water Rates, Fees, and Charges*, allocates City of Santa Fe Water's operating and capital costs among the classes of service based on each class's demonstrated demand characteristics, the County being one of many such classes.

II. Definitions

"Allowance for Working Capital" represents the amount of cash the City must keep on hand to cover operating expenses associated with services provided to the County. The allowance is equal to 12.5% of the operating expenses of City of Santa Fe Water, and is added to the rate base. The allowance is allocated to the County in proportion to the rate base within the City's cost-of-service study.

"Capital Costs" – the sum of the County's return on rate base and depreciation expense.

"Cash Residual Method" – a method for quantifying capital costs within the City's cost-of-service which includes calculating the County's capital costs using the Utility Basis and assigning the residual cash-based capital costs to the City's other customers.

"Cost-of-Service" – refers to the generally accepted industry practices for allocating the annual operating and capital costs of providing water services to individual classes of service. These generally accepted practices are described by the American Water Works Association in its *Manual M1: Principles of Water Rates, Fees, and Charges*, and other manuals.

"Depreciation Expense" – the annual depreciation expense on the portion of the City's water system assets allocated to the County within the City's cost-of-service study.

"Fire Protection Costs" – those costs identified in the City's cost-of-service study as direct and indirect costs of the shared public fire protection components of the water system.

"Joint Costs" – those costs identified in the City's cost-of-service study as being shared by all classes of service in proportion to their demands, which includes the cost of storage, metering, billing, and administration. Metering costs are not included as they are paid for by the County separately following the Amended and Restated Water Resources Agreement between the City and County.

"Operating Costs" – those costs identified in the City's cost-of-service study as operating and maintenance expenses.

"Rate Base" – has the meaning ascribed to it within generally accepted cost-of-service principles as published by the American Water Works Association Manual M1. The rate base for the purposes of this exhibit includes the book value of all water system assets allocated to the County within the City's cost-of-service study along with an additional amount to reflect an allowance for working capital.

"Rate of Return" – applied within the Utility Basis to determine the return on rate base. The Rate of Return is a weighted average of the cost of debt and the cost of using the City's cash, also known as the cost of equity. The weights are driven by the debt to asset ratios from the financial audit. Rate of Return is set at no more than two-times the average coupon rate of the City's outstanding water revenue bonds. If the City has no outstanding revenue bonds, then the rate of return shall be set at no more than two times the expected coupon rate for municipal water utilities with the same credit rating as City of Santa Fe Water.

"Return on Rate Base" – is the rate base times the rate of return.

"Transmission Costs" – those costs identified in the City's cost-of-service study as being shared by all users of the City's transmission system which includes the cost of transmission piping and pumping.

"Utility Basis" – refers to the technique used to determine the County's share of capital costs within the City's cost-of-service study; it defines the County's capital costs as the sum of a return on rate base and depreciation expense.

"Wheeling" – means the movement of water supplies owned by the County through City's water system to the County's master meters.

III. Procedures

The City allocates its systemwide costs using generally accepted cost-of-service principles. Specifically, it uses the Base Extra-Capacity method to allocate costs, and it uses the Cash Residual method to quantify capital costs.

The total costs to be allocated in the cost-of-service study are determined at the City's sole discretion based on revenue requirements calculated in a City Council approved long-range financial plan. The costs of service are those expected for the year following the cost-of-service study.

The basis for allocating costs to individual classes of service is the demand each class represents. For the Base Extra-Capacity method, the relevant demands include average daily demand, maximum daily demand, maximum hourly demand. In addition to these, some costs are allocated based on the number of customers served, or by the equivalent meter sizes in service. By mutual agreement, the City and County may define an equivalent meter size to a meter or set of meters used in calculation of the basis. Such specified equivalencies will be memorialized in the definition of connection points in Exhibit A.

For the purposes of determining the Wheeling Rate, the City allocates only certain portions of the system costs to the County. Those costs include select Joint Costs of the system, the Transmission Costs, and select public Fire Protection costs. Fire protection costs are allocated to the County based on the number of County customers receiving fire protection from City tanks as a fraction of all City and County customers receiving fire protection from City tanks. Costs excluded from the County's Wheeling Rate are the cost of surface and groundwater supplies, raw water conveyance systems, treatment costs, distribution system costs, any metering costs that are paid directly by the County to the City, and costs related to the City's payment-in-lieu of tax.

The COS methodology and Exhibit "B" will be updated at any time by mutual written agreement of both the City's Public Utilities Department Director and the Director of Santa Fe County Utilities. Electronic Record and Signature Disclosure

ELECTRONIC RECORD AND SIGNATURE DISCLOSURE

A. ELECTRONIC RECORD AND SIGNATURE DISCLOSURE (ERSD)

From time to time, New Mexico General Services Department (GSD), on behalf of the State of New Mexico (SONM), may be required by law to provide you with certain written notices or disclosures. Stated below are the terms and conditions for GSD's providing you such notices and disclosures electronically through the DocuSign system. Please read this information carefully. If you are able to access this information electronically and agree to **this Electronic Record and Signature Disclosure (ERSD)**, please confirm your agreement by selecting the check-box next to "I agree to use electronic records and signatures" before clicking "CONTINUE" within the DocuSign system.

B. Obtaining paper copies

At any time up to twenty (20) calendar days following your use of DocuSign to electronically sign a document, you may request a paper copy of any record provided or made available electronically to you by GSD. You will have the ability to download and print documents SONM sends you through the DocuSign system during and immediately after the signing session and, if you elect to create a DocuSign account, you may access the documents for a twenty (20) calendar day period after such documents are first sent to you. Following the twenty (20) day period, if you want GSD to send you paper copies of any such documents from GSD's office, you will be charged a $1.00 per-page fee plus postage. You may request delivery of such paper copies from GSD by following the procedure stated in Section H, below.

C. Withdrawing your consent

If you decide to receive notices and disclosures from GSD electronically, you may at any time change your mind and inform GSD you want to receive required notices and disclosures only in paper format. The procedure concerning how you may inform GSD of your decision to receive future notices and disclosures in paper format as well as withdraw your consent to receive notices and disclosures electronically is stated in Section D, immediately below.

D. Consequences of changing your mind

If you elect to receive required notices and disclosures only in paper format, it will slow the speed with which GSD will be able to complete certain steps in specific transactions and deliver paper copies to you. GSD will need: (1) to send the required notices or disclosures to you in paper format; and (2) wait until GSD receives your acknowledgment of your receipt of such paper notices or disclosures. Further, you will no longer be able to use the DocuSign system to receive required notices and consents electronically from SONM or to electronically sign documents generated and sent to you from SONM.

E. All notices and disclosures will be sent to you electronically

Unless you inform GSD otherwise according to these procedures, GSD will electronically provide you through the DocuSign system all required notices, disclosures, authorizations, acknowledgements and other documents that are required to be provided or made available to you during the course of your electronic signature relationship with SONM. To reduce the possibility of inadvertent non-receipt, GSD prefers to provide all required notices and disclosures by the same method and to the same email or physical address that you furnish to GSD. Thus, you may receive the disclosures and notices electronically or in paper form. If you do not agree with this procedure, please inform GSD according to the procedures stated in Section I, below. Please also refer to Section D, immediately above, which states the consequences resulting from your declination of electronic delivery of notices and disclosures.

F. How to contact GSD:

You may inform General Services Department (GSD) of any changes you select regarding State Purchasing Division's (SPD) electronic communications with you, to request paper copies of certain information from SPD, and to withdraw your prior consent to receive notices and disclosures electronically by emailing your request(s) to SPD at: *GSD.SPDinfo@state.nm.us*

G. To advise SPD of your new email address

To inform SPD of a change in the email address to which SPD sends you notices and disclosures electronically, you must send an email to SPD at *GSD.SPDinfo@state.nm.us* and in the body of such request you must include your previous and new email addresses.

H. To request paper copies from SPD

To request delivery of paper copies of electronic notices and disclosures that DocuSign and/or SPD have previously provided to you, you must send an email to SPD at *GSD.SPDinfo@state.nm.us* and in the body of your email request state your email address, full name, mailing address, and telephone number. SPD will charge you a $1.00 per page copy fee plus postage.

I. To withdraw your consent with SPD

To inform SPD that you no longer wish to receive notices and disclosures in electronic format you may:

(1) Decline to sign a document from within a signing session, and on the subsequent page, select the check-box indicating you wish to withdraw your consent, or you may:

(2) Send SPD an email to *GSD.SPDinfo@state.nm.us* and in the body of your request state your email address, full name, mailing address, and telephone number.

J. Required hardware and software

The minimum system requirements for using the DocuSign system may change over time. The current DocuSign system requirements may be found at:
https://support.docusign.com/guides/signer-guide-signing-system-requirements

K. Acknowledging your access and consent to receive and sign documents electronically

To confirm that you are able to electronically access the information contained in this Electronic Record and Signature Disclosure (ERSD), please confirm that you have: (1) read this ERSD, and either: (2) you are able to print on paper or electronically save this ERSD for your future reference and access; or (3) you are able to email this ERSD to an email address where you will be able to print this ERSD on paper and/or save this ERSD for your future reference and access. Further, if you consent to receiving notices and disclosures from DocuSign and/or SPD exclusively in electronic format, then select the check-box next to "I agree to use electronic records and signatures," before you click "CONTINUE" within the DocuSign system.

By selecting the check-box next to "I agree to use electronic records and signatures," you confirm that:

- You have read this Electronic Record and Signature Disclosure (ERSD); and
- You can print this ERSD on paper, or you can save and/ or send this ERSD to a location where you can print this ERSD, for your future reference and access; and
- Until or unless you notify SPD as stated in this ERSD, you consent to exclusively receive through electronic means all notices, disclosures, authorizations, acknowledgements, and other documents that are required to be provided or made available to you by SPD during the course of your electronic signature relationship with SPD.

A. The Contractor represents and warrants that it presently has no interest and, during the term of this Agreement, shall not acquire any interest, direct or indirect, which would conflict in any manner or degree with the performance or services required under the Agreement.

within the preceding year and whose official act directly resulted in this Agreement and (ii) the Contractor is not, and has not been assisted in any way regarding this transaction by, a former public officer or employee of the Participating State whose official act, while in the Participating State's employment, directly resulted in the Participating State's making this Agreement;

4) this Agreement complies with NMSA 1978, § 10-16-9(A)because (i) the Contractor is not a legislator; (ii) the Contractor is not a member of a legislator's family; (iii) the Contractor is not a business in which a legislator or a legislator's family has a substantial interest; or (iv) if the Contractor is a legislator, a member of a legislator's family, or a business in which a legislator or a legislator's family has a substantial interest, disclosure has been made as required by NMSA 1978, § 10-16-7(A), this Agreement is not a sole source or small purchase contract, and this Agreement was awarded in accordance with the provisions of the Procurement Code;

5) in accordance with NMSA 1978, § 10-16-13, the Contractor has not directly participated in the preparation of specifications, qualifications or evaluation criteria for this Agreement or any procurement related to this Agreement; and

6) in accordance with NMSA 1978, § 10-16-3 and § 10-16-13.3, the Contractor has not contributed, and during the term of this Agreement shall not contribute, anything of value to a public officer or employee of the Participating State.

C. Contractor's representations and warranties in paragraphs A and B of this Clause are material representations of fact upon which the Participating State relied when this Agreement was entered into by the Parties. Contractor shall provide immediate written notice to the Participating State if, at any time during the term of this Agreement, Contractor learns that Contractor's representations and warranties in paragraphs A and B of this Clause were erroneous on the effective date of this Agreement or have become erroneous by reason of new or changed circumstances. If it is later determined that Contractor's representations and warranties in paragraphs A and B of this Clause were erroneous on the effective date of this Agreement or have become erroneous by reason of new or changed circumstances, in addition to other remedies available to the Participating State and notwithstanding anything in the Agreement to the contrary, the Participating State may immediately terminate the Agreement.

D. All terms defined in the Governmental Conduct Act have the same meaning in this Agreement.

13. **Amendment:**

A. This Agreement shall not be altered, changed or amended except by instrument in writing executed by the Parties hereto and all other required signatories.

B. If the Participating State proposes an amendment to the Agreement to unilaterally reduce funding due to budget or other considerations, the Contractor shall, within thirty (30) days of receipt of the proposed Amendment, have the option to terminate the Agreement, pursuant to the termination provisions as set forth in the Terminations Clause of this Agreement, or to agree to the reduced funding.

14. **Merger:**

This Agreement incorporates all the Agreements, covenants and understandings between the Parties hereto concerning the subject matter hereof, and all such covenants, Agreements and understandings have been merged into this written Agreement. No prior Agreement or understanding, oral or otherwise, of the Parties or their agents shall be valid or enforceable unless embodied in this Agreement.

15. **Penalties for violation of law:**
The Procurement Code, NMSA 1978 §§ 13-1-28 through 13-1-199, imposes civil and criminal penalties for violation of the statute. In addition, the New Mexico criminal statutes impose felony penalties for illegal acts, including bribes, gratuities and kickbacks.

16. **Equal Opportunity Compliance:**
The Contractor agrees to abide by all federal and state laws and rules and regulations, and executive orders of the Governor of the State of New Mexico, pertaining to equal employment opportunity. In accordance with all such laws of the State of New Mexico, the Contractor assures that no person in the United States shall, on the grounds of race, religion, color, national origin, ancestry, sex, age, physical or mental handicap, or serious medical condition, spousal affiliation, sexual orientation or gender identity, be excluded from employment with or participation in, be denied the benefits of, or be otherwise subjected to discrimination under any program or activity performed under this Agreement. If Contractor is found not to be in compliance with these requirements during the life of this Agreement, Contractor agrees to take appropriate steps to correct these deficiencies.

17. **Workers Compensation:**
The Contractor agrees to comply with the Participating State's laws and rules applicable to workers compensation benefits for its employees. If the Contractor fails to comply with the Workers Compensation Act and applicable rules when required to do so, this Agreement may be terminated by the Participating State.

The records shall be subject to inspection by the Participating State, including the New Mexico Department of Finance and Administration and the New Mexico State Auditor. The Participating State shall have the right to audit billings both before and after payment. Payment under this Agreement shall not foreclose the right of the Participating State to recover excessive or illegal payments.

20. **Invalid Term or Condition:**
If any term or condition of this Agreement shall be held invalid or unenforceable, the remainder of this Agreement shall not be affected and shall be valid and enforceable.

21. **Enforcement of Agreement:**

Numbered or lettered provisions, sections and subsections contained herein, refer only to provisions, sections and subsections of this Agreement unless otherwise expressly stated.

26. **Default/Breach:**

27. **Equitable Remedies:**

Agreement shall be in addition to, and not in lieu of, any other remedy that the Participating State may have under applicable law, including, but not limited to, monetary damages.

28. **New Mexico Employees Health Coverage:**

A. If Contractor has, or grows to, six (6) or more employees who work, or who are expected to work, an average of at least 20 hours per week over a six (6) month period during the term of this Agreement, Contractor certifies, by signing this agreement, to have in place, and agree to maintain for the term of the Agreement, health insurance for those employees and offer that health insurance to those employees if the expected annual value in the aggregate of any and all contracts between Contractor and the Participating State exceed $250,000 dollars.

B. Contractor agrees to maintain a record of the number of employees who have (a) accepted health insurance; (b) declined health insurance due to other health insurance coverage already in place; or (c) declined health insurance for other reasons. These records are subject to review and audit by a representative of the Participating State.

C. Contractor agrees to advise all employees of the availability of Participating State's publicly financed health care coverage programs by providing each employee with, as a minimum, the following web site link to additional information: https://bewellnm.com.

29. **Indemnification:**

The Contractor shall defend, indemnify and hold harmless the Purchasing Entity and the State of New Mexico from all actions, proceeding, claims, demands, costs, damages, attorneys' fees and all other liabilities and expenses of any kind from any source which may arise out of the performance of this Agreement, caused by the negligent act or failure to act of the Contractor, its officers, employees, servants, subcontractors or agents, resulting in injury or damage to persons or property during the time when the Contractor or any officer, agent, employee, servant or subcontractor thereof has or is performing services pursuant to this Agreement. In the event that any action, suit or proceeding related to the services performed by the Contractor or any officer, agent, employee, servant or subcontractor under this Agreement is brought against the Contractor, the Contractor shall, as soon as practicable but no later than two (2) days after it receives notice thereof, notify the legal counsel of the Participating State and the Risk Management Division of the New Mexico General Services Department by certified mail.

30. **Default and Force Majeure:**

The Purchasing Entity reserves the right to cancel all or any part of any Orders placed under this Agreement without cost to the Purchasing Entity, if the Contractor fails to meet the provisions of this Agreement and, except as otherwise provided herein, to hold the Contractor liable for any excess cost occasioned by the Participating State and/or the Purchasing Entity due to the Contractor's default. The Contractor shall not be liable for any excess costs if failure to perform the Order arises out of causes beyond the control and without the fault or negligence of the Contractor; such causes include, but are not restricted to, acts of God or the public enemy, acts of the State or Federal Government, fires, floods, epidemics, quarantine restrictions, strikes, freight embargoes, unusually severe weather and defaults of subcontractors due to any of the above, unless the Participating State shall determine that the supplies or services to be furnished by the subcontractor were obtainable from other sources in sufficient time to permit the Contractor to meet the required delivery scheduled. The rights and remedies of the Participating State provided in this Clause shall not be exclusive and are in addition to any other rights now being provided by law or under this Agreement.

31. **Assignment:**

DocuSign Envelope ID: 0AA2DAAE-52DE-4198-9916-CA1B0FF90C97

The Contractor shall not assign or transfer any interest in this Agreement or assign any claims for money due or to become due under this Agreement without the prior written approval of the Participating State.

32. **Subcontracting:**
The Contractor shall not subcontract any portion of the services to be performed under this Agreement without the prior written approval of the Participating State. No such subcontract shall relieve the primary Contractor from its obligations and liabilities under this Agreement, nor shall any subcontract obligate direct payment from the Participating State.

33. **Inspection of Plant:**
The Participating State may inspect, at any reasonable time during Contractor's regular business hours and upon prior written notice, the Contractor's plant or place of business, or any subcontractor's plant or place of business, which is related to the performance of this Agreement.

Contractor agrees not to disclaim warranties of fitness for a particular purpose or merchantability.

35. **Condition of Proposed Items:**
Where Goods are a part of this Agreement, all proposed items are to be NEW and of most current production, unless otherwise specified in the Participating Addendum.

36. **Release:**
Final payment of the amounts due under this Agreement shall operate as a release of the Participating State, its officers and employees and Procuring Entity from all liabilities, claims and obligations whatsoever arising from or under this Agreement.

37. **Confidentiality:**
Any Confidential Information provided to the Contractor by the Participating State or, developed by the Contractor based on information provided by the Participating State in the performance of this Agreement shall be kept confidential and shall not be made available to any individual or organization by the Contractor without the prior written approval of the Participating State. Upon termination of this Agreement, Contractor shall deliver all Confidential Information in its possession to the Participating State within thirty (30) Business Days of such termination. Contractor acknowledges that failure to deliver such Confidential Information to the Participating State will result in direct, special and incidental damages.

38. **Contractor Personnel:**

A. Key Personnel. Contractor's key personnel shall not be diverted from this Agreement without the prior written approval of the Participating State. Key personnel are those individuals considered by the Participating State to be mandatory to the work to be performed under this Agreement. Key personnel shall be:

For all personnel, the Participating State reserves the right to require submission of their resumes prior to approval. If the number of Contractor's personnel assigned to the Agreement is reduced for any reason, Contractor shall, within ten (10) Business Days of the reduction, replace with the same or greater number of personnel with equal ability, experience, and qualifications, subject to the Participating State's approval. The Participating State, in its sole discretion, may approve additional time beyond the ten (10) Business Days for replacement of personnel. The Contractor shall include status reports of its efforts and progress in finding replacements and the effect of the absence of the personnel on the progress of the Agreement. The Contractor shall also make interim arrangements to assure that the Agreement progress is not affected by the loss of personnel. The Participating State reserves the right to require a change in Contractor's personnel if the assigned personnel are not, in the sole opinion of the Participating State, meeting the Participating State's expectations.

39. **Incorporation by Reference and Precedence:**
In the event of a dispute under this Agreement, applicable documents will be referred to for the purpose of clarification or for additional detail in the following order of precedence: (1) this Participating Addendum; (2) the Master Lease Agreement, if applicable; and (3) the NASPO ValuePoint Master Agreement.

40. **Inspection:**
If this Agreement is for the purchase of Goods, final inspection and acceptance shall be made at Destination. Goods rejected at Destination for non-conformance to specifications shall be removed at Contractor's risk and expense promptly after notice of rejection and shall not be allowable as billable items for payment.

41. **Inspection of Services:**
If this Agreement is for the purchase of services, the following terms shall apply.

A. Services, as used in this Clause, include services performed, workmanship, and material furnished or utilized in the performance of services.
B. The Contractor shall provide and maintain an inspection system acceptable to the Participating State covering the services under this Agreement. Complete records of all inspection work performed by the Contractor shall be maintained and made available to the Participating State during the term of performance of this Agreement and for as long thereafter as the Agreement requires.
C. The Participating State has the right to inspect and test all services contemplated under this Agreement to the extent practicable at all times and places during the term of the Agreement. The Participating State shall perform inspections and tests in a manner that will not unduly delay or interfere with Contractor's performance.
D. If the Participating State performs inspections or tests on the premises of the Contractor or a subcontractor, the Contractor shall furnish, and shall require subcontractors to furnish, at no

increase in Agreement price, all reasonable facilities and assistance for the safe and convenient performance of such inspections or tests.

E. If any part of the services do not conform with the requirements of this Agreement, the Participating State may require the Contractor to re-perform the services in conformity with the requirements of this Agreement at no increase in Agreement amount. When the defects in services cannot be corrected by re-performance, the Participating State may:
   (1) require the Contractor to take necessary action(s) to ensure that future performance conforms to the requirements of this Agreement; and
   (2) reduce the Agreement price to reflect the reduced value of the services performed.

F. If the Contractor fails to promptly re-perform the services or to take the necessary action(s) to ensure future performance in conformity with the requirements of this Agreement, the Participating State may:
   (1) by Agreement or otherwise, perform the services and charge to the Contractor any cost incurred by the Participating State that is directly related to the performance of such service; or
   (2) terminate the Agreement for default.

THE PROVISIONS OF THIS CLAUSE ARE NOT EXCLUSIVE AND DO NOT WAIVE THE STATE'S OTHER LEGAL RIGHTS AND REMEDIES CAUSED BY THE CONTRACTOR'S DEFAULT/BREACH OF THIS AGREEMENT.

Electronic Record and Signature Disclosure

ELECTRONIC RECORD AND SIGNATURE DISCLOSURE

A. ELECTRONIC RECORD AND SIGNATURE DISCLOSURE (ERSD)

From time to time, New Mexico General Services Department (GSD), on behalf of the State of New Mexico (SONM), may be required by law to provide you with certain written notices or disclosures. Stated below are the terms and conditions for GSD's providing you such notices and disclosures electronically through the DocuSign system. Please read this information carefully. If you are able to access this information electronically and agree to **this Electronic Record and Signature Disclosure (ERSD)**, please confirm your agreement by selecting the check-box next to "I agree to use electronic records and signatures" before clicking "CONTINUE" within the DocuSign system.

B. Obtaining paper copies

At any time up to twenty (20) calendar days following your use of DocuSign to electronically sign a document, you may request a paper copy of any record provided or made available electronically to you by GSD. You will have the ability to download and print documents SONM sends you through the DocuSign system during and immediately after the signing session and, if you elect to create a DocuSign account, you may access the documents for a twenty (20) calendar day period after such documents are first sent to you. Following the twenty (20) day period, if you want GSD to send you paper copies of any such documents from GSD's office, you will be charged a $1.00 per-page fee plus postage. You may request delivery of such paper copies from GSD by following the procedure stated in Section H, below.

C. Withdrawing your consent

If you decide to receive notices and disclosures from GSD electronically, you may at any time change your mind and inform GSD you want to receive required notices and disclosures only in paper format. The procedure concerning how you may inform GSD of your decision to receive future notices and disclosures in paper format as well as withdraw your consent to receive notices and disclosures electronically is stated in Section D, immediately below.

D. Consequences of changing your mind

If you elect to receive required notices and disclosures only in paper format, it will slow the speed with which GSD will be able to complete certain steps in specific transactions and deliver paper copies to you. GSD will need: (1) to send the required notices or disclosures to you in paper format; and (2) wait until GSD receives your acknowledgment of your receipt of such paper notices or disclosures. Further, you will no longer be able to use the DocuSign system to receive required notices and consents electronically from SONM or to electronically sign documents generated and sent to you from SONM.

E. All notices and disclosures will be sent to you electronically

Unless you inform GSD otherwise according to these procedures, GSD will electronically provide you through the DocuSign system all required notices, disclosures, authorizations, acknowledgements and other documents that are required to be provided or made available to you during the course of your electronic signature relationship with SONM. To reduce the possibility of inadvertent non-receipt, GSD prefers to provide all required notices and disclosures by the same method and to the same email or physical address that you furnish to GSD. Thus, you may receive the disclosures and notices electronically or in paper form. If you do not agree with this procedure, please inform GSD according to the procedures stated in Section I, below. Please also refer to Section D, immediately above, which states the consequences resulting from your declination of electronic delivery of notices and disclosures.

F. How to contact GSD:

You may inform General Services Department (GSD) of any changes you select regarding State Purchasing Division's (SPD) electronic communications with you, to request paper copies of certain information from SPD, and to withdraw your prior consent to receive notices and disclosures electronically by emailing your request(s) to SPD at: *GSD.SPDinfo@state.nm.us*

G. To advise SPD of your new email address

To inform SPD of a change in the email address to which SPD sends you notices and disclosures electronically, you must send an email to SPD at *GSD.SPDinfo@state.nm.us* and in the body of such request you must include your previous and new email addresses.

H. To request paper copies from SPD

To request delivery of paper copies of electronic notices and disclosures that DocuSign and/or SPD have previously provided to you, you must send an email to SPD at *GSD.SPDinfo@state.nm.us* and in the body of your email request state your email address, full name, mailing address, and telephone number. SPD will charge you a $1.00 per page copy fee plus postage.

I. To withdraw your consent with SPD

To inform SPD that you no longer wish to receive notices and disclosures in electronic format you may:

(1) Decline to sign a document from within a signing session, and on the subsequent page, select the check-box indicating you wish to withdraw your consent, or you may:

(2) Send SPD an email to *GSD.SPDinfo@state.nm.us* and in the body of your request state your email address, full name, mailing address, and telephone number.

J. Required hardware and software

The minimum system requirements for using the DocuSign system may change over time. The current DocuSign system requirements may be found at:
https://support.docusign.com/guides/signer-guide-signing-system-requirements

K. Acknowledging your access and consent to receive and sign documents electronically

To confirm that you are able to electronically access the information contained in this Electronic Record and Signature Disclosure (ERSD), please confirm that you have: (1) read this ERSD, and either: (2) you are able to print on paper or electronically save this ERSD for your future reference and access; or (3) you are able to email this ERSD to an email address where you will be able to print this ERSD on paper and/or save this ERSD for your future reference and access. Further, if you consent to receiving notices and disclosures from DocuSign and/or SPD exclusively in electronic format, then select the check-box next to "I agree to use electronic records and signatures," before you click "CONTINUE" within the DocuSign system.

By selecting the check-box next to "I agree to use electronic records and signatures," you confirm that:

- You have read this Electronic Record and Signature Disclosure (ERSD); and
- You can print this ERSD on paper, or you can save and/ or send this ERSD to a location where you can print this ERSD, for your future reference and access; and
- Until or unless you notify SPD as stated in this ERSD, you consent to exclusively receive through electronic means all notices, disclosures, authorizations, acknowledgements, and other documents that are required to be provided or made available to you by SPD during the course of your electronic signature relationship with SPD.

Terms and Conditions

1. Definitions.

Terms used but not defined in this Enrollment will have the definition in the Enterprise Agreement. The following definitions are used in this Enrollment:

"Additional Product" means any Product identified as such in the Product Terms and chosen by Enrolled Affiliate under this Enrollment.

"Community" means the community consisting of one or more of the following: (1) a Government, (2) an Enrolled Affiliate using eligible Government Community Cloud Services to provide solutions to a Government or a qualified member of the Community, or (3) a Customer with Customer Data that is subject to Government regulations for which Customer determines and Microsoft agrees that the use of Government Community Cloud Services is appropriate to meet Customer's regulatory requirements.

Membership in the Community is ultimately at Microsoft's discretion, which may vary by Government Community Cloud Service.

"Enterprise Online Service" means any Online Service designated as an Enterprise Online Service in the Product Terms and chosen by Enrolled Affiliate under this Enrollment. Enterprise Online Services are treated as Online Services, except as noted.

"Enterprise Product" means any Desktop Platform Product that Microsoft designates as an Enterprise Product in the Product Terms and chosen by Enrolled Affiliate under this Enrollment. Enterprise Products must be licensed for all Qualified Devices and Qualified Users on an Enterprise-wide basis under this program.

"Expiration Date" means the date upon which the Enrollment expires.

"Federal Agency" means a bureau, office, agency, department or other entity of the United States Government.

"Government" means a Federal Agency, State/Local Entity, or Tribal Entity acting in its governmental capacity.

"Government Community Cloud Services" means Microsoft Online Services that are provisioned in Microsoft's multi-tenant data centers for exclusive use by or for the Community and offered in accordance with the National Institute of Standards and Technology (NIST) Special Publication 800-145. Microsoft Online Services that are Government Community Cloud Services are designated as such in the Use Rights and Product Terms.

"Industry Device" (also known as line of business device) means any device that: (1) is not useable in its deployed configuration as a general purpose personal computing device (such as a personal computer), a multi-function server, or a commercially viable substitute for one of these systems; and (2) only employs an industry or task-specific software program (e.g. a computer-aided design program used by an architect or a point of sale program) ("Industry Program"). The device may include features and functions derived from Microsoft software or third-party software. If the device performs desktop functions (such as email, word processing, spreadsheets, database, network or Internet browsing, or scheduling, or personal finance), then the desktop functions: (1) may only be used for the purpose of supporting the Industry Program functionality; and (2) must be technically integrated with the Industry Program or employ technically enforced policies or architecture to operate only when used with the Industry Program functionality.

"Managed Device" means any device on which any Affiliate in the Enterprise directly or indirectly controls one or more operating system environments. Examples of Managed Devices can be found in the Product Terms.

"Qualified Device" means any device that is used by or for the benefit of Enrolled Affiliate's Enterprise and is: (1) a personal desktop computer, portable computer, workstation, or similar device capable of running Windows Pro locally (in a physical or virtual operating system environment), or (2) a device used to access a virtual desktop infrastructure ("VDI"). Qualified Devices do not include any device that is: (1) designated as a server and not used as a personal computer, (2) an Industry Device, or (3) not a Managed Device. At its option, the Enrolled Affiliate may designate any device excluded above (e.g., Industry Device) that is used by or for the benefit of the Enrolled Affiliate's Enterprise as a Qualified Device for all or a subset of Enterprise Products or Online Services the Enrolled Affiliate has selected.

"Qualified User" means a person (e.g., employee, consultant, contingent staff) who: (1) is a user of a Qualified Device, or (2) accesses any server software requiring an Enterprise Product Client Access License or any Enterprise Online Service. It does not include a person who accesses server software or an Online Service solely under a License identified in the Qualified User exemptions in the Product Terms.

"Reseller" means an entity authorized by Microsoft to resell Licenses under this program and engaged by an Enrolled Affiliate to provide pre- and post-transaction assistance related to this agreement;

"Reserved License" means for an Online Service identified as eligible for true-ups in the Product Terms, the License reserved by Enrolled Affiliate prior to use and for which Microsoft will make the Online Service available for activation.

"State/Local Entity" means (1) any agency of a state or local government in the United States, or (2) any United States county, borough, commonwealth, city, municipality, town, township, special purpose district, or other similar type of governmental instrumentality established by the laws of Customer's state and located within Customer's state's jurisdiction and geographic boundaries.

"Tribal Entity" means a federally recognized tribal entity performing tribal governmental functions and eligible for funding and services from the U.S. Department of Interior by virtue of its status as an Indian tribe.

"Use Rights" means, with respect to any licensing program, the use rights or terms of service for each Product and version published for that licensing program at the Volume Licensing Site and updated from time to time. The Use Rights include the Product-Specific License Terms, the License Model terms, the Universal License Terms, the Data Protection Terms, and the Other Legal Terms. The Use Rights supersede the terms of any end user license agreement (on-screen or otherwise) that accompanies a Product.

"Volume Licensing Site" means http://www.microsoft.com/licensing/contracts or a successor site.

2. *Order requirements.*

a. Minimum order requirements. Enrolled Affiliate's Enterprise must have a minimum of 250 Qualified Users or Qualified Devices. The initial order must include at least 250 Licenses for Enterprise Products or Enterprise Online Services.

(i) Enterprise commitment. Enrolled Affiliate must order enough Licenses to cover all Qualified Users or Qualified Devices, depending on the License Type, with one or more Enterprise Products or a mix of Enterprise Products and the corresponding Enterprise Online Services (as long as all Qualified Devices not covered by a License are only used by users covered with a user License).

(ii) Enterprise Online Services only. If no Enterprise Product is ordered, then Enrolled Affiliate need only maintain at least 250 Subscription Licenses for Enterprise Online Services.

b. Additional Products. Upon satisfying the minimum order requirements above, Enrolled Affiliate may order Additional Products.

c. Use Rights for Enterprise Products. For Enterprise Products, if a new Product version has more restrictive use rights than the version that is current at the start of the applicable initial or renewal term of the Enrollment, those more restrictive use rights will not apply to Enrolled Affiliate's use of that Product during that term.

d. Country of usage. Enrolled Affiliate must specify the countries where Licenses will be used on its initial order and on any additional orders.

e. Resellers. Enrolled Affiliate must choose and maintain a Reseller authorized in the United States. Enrolled Affiliate will acquire its Licenses through its chosen Reseller. Orders must be submitted to the Reseller who will transmit the order to Microsoft. The Reseller and Enrolled Affiliate determine pricing and payment terms as between them, and Microsoft will invoice the Reseller based on those terms. Throughout this Agreement the term "price" refers to reference price. Resellers and other third parties do not have authority to bind or impose any obligation or liability on Microsoft.

f. Adding Products.

(i) Adding new Products not previously ordered. New Enterprise Products or Enterprise Online Services may be added at any time by contacting a Microsoft Account Manager or Reseller. New Additional Products, other than Online Services, may be used if an order is placed in the month the Product is first used. For Additional Products that are Online Services, an initial order for the Online Service is required prior to use.

(ii) **Adding Licenses for previously ordered Products.** Additional Licenses for previously ordered Products other than Online Services may be added at any time but must be included in the next true-up order. Additional Licenses for Online Services must be ordered prior to use, unless the Online Services are (1) identified as eligible for true-up in the Product Terms or (2) included as part of other Licenses.

g. **True-up requirements.** Enrolled Affiliate must submit an annual true-up order that accounts for any changes since the initial order or last order. If there are no changes, then an update statement must be submitted instead of a true-up order.

(i) **Enterprise Products.** For Enterprise Products, Enrolled Affiliate must determine the number of Qualified Devices and Qualified Users (if ordering user-based Licenses) at the time the true-up order is placed and must order additional Licenses for all Qualified Devices and Qualified Users that are not already covered by existing Licenses, including any Enterprise Online Services.

(ii) **Additional Products.** For Additional Products that have been previously ordered under this Enrollment, Enrolled Affiliate must determine the maximum number of Additional Products used since the latter of the initial order, the last true-up order, or the prior anniversary date and submit a true-up order that accounts for any increase.

(iii) **Online Services.** For Online Services identified as eligible for true-up in the Product Terms, Enrolled Affiliate may place a reservation order for the additional Licenses prior to use and payment may be deferred until the next true-up order. Microsoft will provide a report of Reserved Licenses ordered but not yet invoiced to Enrolled Affiliate and its Reseller. Reserved Licenses will be invoiced retrospectively to the month in which they were ordered.

(iv) **Subscription License reductions.** Enrolled Affiliate may reduce the quantity of Subscription Licenses at the Enrollment anniversary date on a prospective basis if permitted in the Product Terms, as follows:

1) For Subscription Licenses that are part of an Enterprise-wide purchase, Licenses may be reduced if the total quantity of Licenses and Software Assurance for an applicable group meets or exceeds the quantity of Qualified Devices and Qualified Users (if ordering user-based Licenses) identified on the Product Selection Form, and includes any additional Qualified Devices and Qualified Users added in any prior true-up orders. Step-up Licenses do not count towards this total count.

2) For Enterprise Online Services that are not a part of an Enterprise-wide purchase, Licenses can be reduced as long as the initial order minimum requirements are maintained.

3) For Additional Products available as Subscription Licenses, Enrolled Affiliate may reduce the Licenses. If the License count is reduced to zero, then Enrolled Affiliate's use of the applicable Subscription License will be cancelled.

Invoices will be adjusted to reflect any reductions in Subscription Licenses at the true-up order Enrollment anniversary date and effective as of such date.

(v) **Update statement.** An update statement must be submitted instead of a true-up order if, since the initial order or last true-up order, Enrolled Affiliate's Enterprise: (1) has not changed the number of Qualified Devices and Qualified Users licensed with Enterprise Products or Enterprise Online Services; and (2) has not increased its usage of Additional Products. This update statement must be signed by Enrolled Affiliate's authorized representative.

(vi) **True-up order period.** The true-up order or update statement must be received by Microsoft between 60 and 30 days prior to each Enrollment anniversary date. The third-year true-up order or update statement is due within 30 days prior to the Expiration Date, and any license reservations within this 30 day period will not be accepted. Enrolled Affiliate

may submit true-up orders more often to account for increases in Product usage, but an annual true-up order or update statement must still be submitted during the annual order period.

(vii) **Late true-up order.** If the true-up order or update statement is not received when due, Microsoft will invoice Reseller for all Reserved Licenses not previously invoiced and Subscription License reductions cannot be reported until the following Enrollment anniversary date (or at Enrollment renewal, as applicable).

h. **Step-up Licenses.** For Licenses eligible for a step-up under this Enrollment, Enrolled Affiliate may step-up to a higher edition or suite as follows:

(i) For step-up Licenses included on an initial order, Enrolled Affiliate may order according to the true-up process.

(ii) If step-up Licenses are not included on an initial order, Enrolled Affiliate may step-up initially by following the process described in the Section titled "Adding new Products not previously ordered," then for additional step-up Licenses, by following the true-up order process.

i. **Clerical errors.** Microsoft may correct clerical errors in this Enrollment, and any documents submitted with or under this Enrollment, by providing notice by email and a reasonable opportunity for Enrolled Affiliate to object to the correction. Clerical errors include minor mistakes, unintentional additions and omissions. This provision does not apply to material terms, such as the identity, quantity or price of a Product ordered.

j. **Verifying compliance.** Microsoft may, in its discretion and at its expense, verify compliance with this Enrollment as set forth in the Enterprise Agreement.

3. *Pricing.*

a. **Price Levels.** For both the initial and any renewal term Enrolled Affiliate's Price Level for all Products ordered under this Enrollment will be Level "D" throughout the term of the Enrollment.

b. **Setting Prices.** Enrolled Affiliate's prices for each Product or Service will be established by its Reseller. Except for Online Services designated in the Product Terms as being exempt from fixed pricing, As long as Enrolled Affiliate continues to qualify for the same price level, Microsoft's prices for Resellers for each Product or Service ordered will be fixed throughout the applicable initial or renewal Enrollment term. Microsoft's prices to Resellers are reestablished at the beginning of the renewal term.

4. *Payment terms.*

For the initial or renewal order, Microsoft will invoice Enrolled Affiliate's Reseller in three equal annual installments. The first installment will be invoiced upon Microsoft's acceptance of this Enrollment and remaining installments will be invoiced on each subsequent Enrollment anniversary date. Subsequent orders are invoiced upon acceptance of the order and Enrolled Affiliate may elect to pay annually or upfront for Online Services and upfront for all other Licenses.

5. *End of Enrollment term and termination.*

a. **General.** At the Expiration Date, Enrolled Affiliate must immediately order and pay for Licenses for Products it has used but has not previously submitted an order, except as otherwise provided in this Enrollment.

b. **Renewal option.** At the Expiration Date of the initial term, Enrolled Affiliate can renew Products by renewing this Enrollment for one additional 36-month term or by signing a new Enrollment. Microsoft must receive a Renewal Form, Product Selection Form, and renewal order prior to or at the Expiration Date. Microsoft will not unreasonably reject any renewal.

Microsoft may make changes to this program that will make it necessary for Customer and its Enrolled Affiliates to enter into new agreements and Enrollments at renewal.

c. **If Enrolled Affiliate elects not to renew.**

(i) **Software Assurance.** If Enrolled Affiliate elects not to renew Software Assurance for any Product under its Enrollment, then Enrolled Affiliate will not be permitted to order Software Assurance later without first acquiring a new License with Software Assurance.

(ii) **Online Services eligible for an Extended Term.** For Online Services identified as eligible for an Extended Term in the Product Terms, the following options are available at the end of the Enrollment initial or renewal term.

1) **Extended Term.** Licenses for Online Services will automatically expire in accordance with the terms of the Enrollment. An extended term feature that allows Online Services to continue month-to-month ("Extended Term") is available. During the Extended Term, Online Services will be invoiced monthly at the then-current published price as of the Expiration Date plus a 3% administrative fee for up to one year. If Enrolled Affiliate wants an Extended Term, Enrolled Affiliate must submit a request to Microsoft at least 30 days prior to the Expiration Date.

2) **Cancellation during Extended Term.** At any time during the first year of the Extended Term, Enrolled Affiliate may terminate the Extended Term by submitting a notice of cancellation to Microsoft for each Online Service. Thereafter, either party may terminate the Extended Term by providing the other with a notice of cancellation for each Online Service. Cancellation will be effective at the end of the month following 30 days after Microsoft has received or issued the notice.

(iii) **Subscription Licenses and Online Services not eligible for an Extended Term.** If Enrolled Affiliate elects not to renew, the Licenses will be cancelled and will terminate as of the Expiration Date. Any associated media must be uninstalled and destroyed and Enrolled Affiliate's Enterprise must discontinue use. Microsoft may request written certification to verify compliance.

d. **Termination for cause.** Any termination for cause of this Enrollment will be subject to the "Termination for cause" section of the Agreement. In addition, it shall be a breach of this Enrollment if Enrolled Affiliate or any Affiliate in the Enterprise that uses Government Community Cloud Services fails to meet and maintain the conditions of membership in the definition of Community.

e. **Early termination.** Any early termination of this Enrollment will be subject to the "Early Termination" Section of the Enterprise Agreement.

For Subscription Licenses, in the event of a breach by Microsoft, or if Microsoft terminates an Online Service for regulatory reasons, Microsoft will issue Reseller a credit for any amount paid in advance for the period after termination.

6. *Government Community Cloud.*

a. **Community requirements.** If Enrolled Affiliate purchases Government Community Cloud Services, Enrolled Affiliate certifies that it is a member of the Community and agrees to use Government Community Cloud Services solely in its capacity as a member of the Community and, for eligible Government Community Cloud Services, for the benefit of end users that are members of the Community. Use of Government Community Cloud Services by an entity that is not a member of the Community or to provide services to non-Community members is strictly prohibited and could result in termination of Enrolled Affiliate's license(s) for Government Community Cloud Services without notice. Enrolled Affiliate acknowledges that only Community members may use Government Community Cloud Services.

b. All terms and conditions applicable to non-Government Community Cloud Services also apply

to their corresponding Government Community Cloud Services, except as otherwise noted in the Use Rights, Product Terms, and this Enrollment.

The Contractor shall submit an invoice for such work within thirty (30) days of receiving or sending the notice of termination. *THIS PROVISION IS NOT EXCLUSIVE AND DOES NOT WAIVE THE PROCURING AGENCY'S OTHER LEGAL RIGHTS AND REMEDIES CAUSED BY THE CONTRACTOR'S DEFAULT/BREACH OF THIS AGREEMENT.*

20. Enforcement of Agreement:

26. Equitable Remedies:

The Contractor shall defend, indemnify and hold harmless the Procuring Agency and the State of New Mexico from all actions, proceeding, claims, demands, costs, damages, attorneys' fees and all other liabilities and expenses of any kind from any source which may arise out of the performance of this Agreement, caused by the negligent act or failure to act of the Contractor, its officers, employees, servants, subcontractors or agents, resulting in injury or damage to persons

or property during the time when the Contractor or any officer, agent, employee, servant or subcontractor thereof has or is performing services pursuant to this Agreement. In the event that any action, suit or proceeding related to the services performed by the Contractor or any officer, agent, employee, servant or subcontractor under this Agreement is brought against the Contractor, the Contractor shall, as soon as practicable but no later than two (2) days after it receives notice thereof, notify the legal counsel of the Procuring Agency and the Risk Management Division of the New Mexico General Services Department by certified mail.

29. Default and Force Majeure:

The State reserves the right to cancel all or any part of any orders placed under this Agreement without cost to the State, if the Contractor fails to meet the provisions of this Agreement and, except as otherwise provided herein, to hold the Contractor liable for any excess cost occasioned by the State due to the Contractor's default. The Contractor shall not be liable for any excess costs if failure to perform the order arises out of causes beyond the control and without the fault or negligence of the Contractor; such causes include, but are not restricted to, acts of God or the public enemy, acts of the State or Federal Government, fires, floods, epidemics, quarantine restrictions, strikes, freight embargoes, unusually severe weather, and defaults of subcontractors due to any of the above, unless the State shall determine that the supplies or services to be furnished by the subcontractor were obtainable from other sources in sufficient time to permit the Contractor to meet the required delivery scheduled. The rights and remedies of the State provided in this Clause shall not be exclusive and are in addition to any other rights now being provided by law or under this Agreement.

For all personnel, the Procuring Agency reserves the right to require submission of their resumes prior to approval. If the number of Contractor's personnel assigned to the Project is reduced for any reason, Contractor shall, within ten (10) Business Days of the reduction, replace with the same or greater number of personnel with equal ability, experience, and qualifications, subject to Procuring Agency approval. The Procuring Agency, in its sole discretion, may approve additional time beyond the ten (10) Business Days for replacement of personnel. The Contractor shall include status reports of its efforts and progress in finding replacements and the effect of the absence of the personnel on the progress of the Project. The Contractor shall also make interim arrangements to assure that the Project progress is not affected by the loss of personnel. The Procuring Agency reserves the right to require a change in Contractor's personnel if the assigned personnel are not, in the sole opinion of the Procuring Agency, meeting the Procuring Agency's expectations.

38. Incorporation by Reference and Precedence:

If this Agreement has been procured pursuant to a request for proposals, this Agreement is derived from (1) the request for proposal, (including any written clarifications to the request for proposals and any agency response to questions); (2) the Contractor's best and final offer; and (3) the Contractor's response to the request for proposals.

This Enrollment may only be entered into under a 2011 or later Enterprise Agreement. By entering into this Enrollment, Enrolled Affiliate agrees to be bound by the terms and conditions of the Enterprise Agreement.

All terms used but not defined are located at http://www.microsoft.com/licensing/contracts. In the event of any conflict the terms of this Agreement control.

Effective date. If Enrolled Affiliate is renewing Software Assurance or Subscription Licenses from one or more previous Enrollments or agreements, then the effective date will be the day after the first prior Enrollment or agreement expires or terminates. If this Enrollment is renewed, the effective date of the renewal term will be the day after the Expiration Date of the initial term. Otherwise, the effective date will be the date this Enrollment is accepted by Microsoft. Any reference to "anniversary date" refers to the anniversary of the effective date of the applicable initial or renewal term for each year this Enrollment is in effect.

Term. The initial term of this Enrollment will expire on the last day of the month, 36 full calendar months from the effective date of the initial term. The renewal term will expire 36 full calendar months after the effective date of the renewal term.

Enterprise Products must be licensed for all Qualified Devices and Qualified Users on an Enterprise-wide basis under this program.

"Expiration Date" means the date upon which the Enrollment expires.

"Federal Agency" means a bureau, office, agency, department or other entity of the United States Government.

"Government" means a Federal Agency, State/Local Entity, or Tribal Entity acting in its governmental capacity.

Microsoft Online Services that are Government Community Cloud Services are designated as such in the Use Rights and Product Terms.

"Industry Device" (also known as line of business device) means any device that: (1) is not useable in its deployed configuration as a general purpose personal computing device (such as a personal computer), a multi-function server, or a commercially viable substitute for one of these systems; and (2) only employs an industry or task-specific software program (e.g. a computer-aided design program used by an architect or a point of sale program) ("Industry Program"). The device may include features and functions derived from Microsoft software or third-party software. If the device performs desktop functions (such as email, word processing, spreadsheets, database, network or Internet browsing, or scheduling, or personal finance), then the desktop functions: (1) may only be used for the purpose of supporting the Industry Program functionality; and (2) must be technically integrated with the Industry Program or employ technically enforced policies or architecture to operate only when used with the Industry Program functionality.

"Managed Device" means any device on which any Affiliate in the Enterprise directly or indirectly controls one or more operating system environments. Examples of Managed Devices can be found in the Product Terms.

Qualified Devices do not include any device that is: (1) designated as a server and not used as a personal computer, (2) an Industry Device, or (3) not a Managed Device. At its option, the Enrolled Affiliate may designate any device excluded above (e.g., Industry Device) that is used by or for the benefit of the Enrolled Affiliate's Enterprise as a Qualified Device for all or a subset of Enterprise Products or Online Services the Enrolled Affiliate has selected.

"Qualified User" means a person (e.g., employee, consultant, contingent staff) who: (1) is a user of a Qualified Device, or (2) accesses any server software requiring an Enterprise Product Client Access License or any Enterprise Online Service. It does not include a person who accesses server software or an Online Service solely under a License identified in the Qualified User exemptions in the Product Terms.

"Reseller" means an entity authorized by Microsoft to resell Licenses under this program and engaged by an Enrolled Affiliate to provide pre- and post-transaction assistance related to this agreement;

"Use Rights" means, with respect to any licensing program, the use rights or terms of service for each Product and version published for that licensing program at the Volume Licensing Site. The Use Rights supersede the terms of any end user license agreement (on-screen or otherwise) that accompanies a Product. The Use Rights for Software are published by Microsoft in the Product Terms. The Use Rights for Online Services are published in the Online Services Terms.

"Volume Licensing Site" means http://www.microsoft.com/licensing/contracts or a successor site.

2. *Order requirements.*

a. **Minimum order requirements.** Enrolled Affiliate's Enterprise must have a minimum of 250 Qualified Users or Qualified Devices. The initial order must include at least 250 Licenses for Enterprise Products or Enterprise Online Services.

(i) **Enterprise commitment.** Enrolled Affiliate must order enough Licenses to cover all Qualified Users or Qualified Devices, depending on the License Type, with one or more Enterprise Products or a mix of Enterprise Products and the corresponding Enterprise Online Services (as long as all Qualified Devices not covered by a License are only used by users covered with a user License).

(ii) **Enterprise Online Services only.** If no Enterprise Product is ordered, then Enrolled Affiliate need only maintain at least 250 Subscription Licenses for Enterprise Online Services.

b. **Additional Products.** Upon satisfying the minimum order requirements above, Enrolled Affiliate may order Additional Products.

c. **Use Rights for Enterprise Products.** For Enterprise Products, if a new Product version has more restrictive use rights than the version that is current at the start of the applicable initial or renewal term of the Enrollment, those more restrictive use rights will not apply to Enrolled Affiliate's use of that Product during that term.

d. **Country of usage.** Enrolled Affiliate must specify the countries where Licenses will be used on its initial order and on any additional orders.

e. **Resellers.** Enrolled Affiliate must choose and maintain a Reseller authorized in the United States. Enrolled Affiliate will acquire its Licenses through its chosen Reseller. Orders must be submitted to the Reseller who will transmit the order to Microsoft. The Reseller and Enrolled Affiliate determine pricing and payment terms as between them, and Microsoft will invoice the Reseller based on those terms. Throughout this Agreement the term "price" refers to reference price. Resellers and other third parties do not have authority to bind or impose any obligation or liability on Microsoft.

f. **Adding Products.**

(i) **Adding new Products not previously ordered.** New Enterprise Products or Enterprise Online Services may be added at any time by contacting a Microsoft Account Manager or Reseller. New Additional Products, other than Online Services, may be used if an order is placed in the month the Product is first used. For Additional Products that are Online Services, an initial order for the Online Service is required prior to use.

(ii) **Adding Licenses for previously ordered Products.** Additional Licenses for previously ordered Products other than Online Services may be added at any time but must be included in the next true-up order. Additional Licenses for Online Services must be ordered prior to use, unless the Online Services are (1) identified as eligible for true-up in the Product Terms or (2) included as part of other Licenses.

g. **True-up requirements.** Enrolled Affiliate must submit an annual true-up order that accounts for any changes since the initial order or last order. If there are no changes, then an update statement must be submitted instead of a true-up order.

(i) **Enterprise Products.** For Enterprise Products, Enrolled Affiliate must determine the number of Qualified Devices and Qualified Users (if ordering user-based Licenses) at the time the true-up order is placed and must order additional Licenses for all Qualified Devices and Qualified Users that are not already covered by existing Licenses, including any Enterprise Online Services.

(ii) **Additional Products.** For Additional Products that have been previously ordered under this Enrollment, Enrolled Affiliate must determine the maximum number of Additional Products used since the latter of the initial order, the last true-up order, or the prior anniversary date and submit a true-up order that accounts for any increase.

(iii) **Online Services.** For Online Services identified as eligible for true-up in the Product Terms, Enrolled Affiliate may place a reservation order for the additional Licenses prior to use and payment may be deferred until the next true-up order. Microsoft will provide a report of Reserved Licenses ordered but not yet invoiced to Enrolled Affiliate and its Reseller. Reserved Licenses will be invoiced retroactively to the month in which they were ordered.

(iv) **Subscription License reductions.** Enrolled Affiliate may reduce the quantity of Subscription Licenses at the Enrollment anniversary date on a prospective basis if permitted in the Product Terms, as follows:

1) For Subscription Licenses that are part of an Enterprise-wide purchase, Licenses may be reduced if the total quantity of Licenses and Software Assurance for an applicable group meets or exceeds the quantity of Qualified Devices and Qualified Users (if ordering user-based Licenses) identified on the Product Selection Form, and includes any additional Qualified Devices and Qualified Users added in any prior true-up orders. Step-up Licenses do not count towards this total count.

2) For Enterprise Online Services that are not a part of an Enterprise-wide purchase, Licenses can be reduced as long as the initial order minimum requirements are maintained.

3) For Additional Products available as Subscription Licenses, Enrolled Affiliate may reduce the Licenses. If the License count is reduced to zero, then Enrolled Affiliate's use of the applicable Subscription License will be cancelled.

Invoices will be adjusted to reflect any reductions in Subscription Licenses at the true-up order Enrollment anniversary date and effective as of such date.

(v) **Update statement.** An update statement must be submitted instead of a true-up order if, since the initial order or last true-up order, Enrolled Affiliate's Enterprise: (1) has not changed the number of Qualified Devices and Qualified Users licensed with Enterprise Products or Enterprise Online Services; and (2) has not increased its usage of Additional Products. This update statement must be signed by Enrolled Affiliate's authorized representative.

(vi) **True-up order period.** The true-up order or update statement must be received by Microsoft between 60 and 30 days prior to each Enrollment anniversary date. The third-year true-up order or update statement is due within 30 days prior to the Expiration Date, and any license reservations within this 30 day period will not be accepted. Enrolled Affiliate

may submit true-up orders more often to account for increases in Product usage, but an annual true-up order or update statement must still be submitted during the annual order period.

(vii) **Late true-up order.** If the true-up order or update statement is not received when due, Microsoft will invoice Reseller for all Reserved Licenses not previously invoiced and Subscription License reductions cannot be reported until the following Enrollment anniversary date (or at Enrollment renewal, as applicable).

h. **Step-up Licenses.** For Licenses eligible for a step-up under this Enrollment, Enrolled Affiliate may step-up to a higher edition or suite as follows:

(i) For step-up Licenses included on an initial order, Enrolled Affiliate may order according to the true-up process.

(ii) If step-up Licenses are not included on an initial order, Enrolled Affiliate may step-up initially by following the process described in the Section titled "Adding new Products not previously ordered," then for additional step-up Licenses, by following the true-up order process.

i. **Clerical errors.** Microsoft may correct clerical errors in this Enrollment, and any documents submitted with or under this Enrollment, by providing notice by email and a reasonable opportunity for Enrolled Affiliate to object to the correction. Clerical errors include minor mistakes, unintentional additions and omissions. This provision does not apply to material terms, such as the identity, quantity or price of a Product ordered.

j. **Verifying compliance.** Microsoft may, in its discretion and at its expense, verify compliance with this Enrollment as set forth in the Enterprise Agreement.

3. *Pricing.*

a. **Price Levels.** For both the initial and any renewal term Enrolled Affiliate's Price Level for all Products ordered under this Enrollment will be Level "D" throughout the term of the Enrollment.

b. **Setting Prices.** Enrolled Affiliate's prices for each Product or Service will be established by its Reseller. Except for Online Services designated in the Product Terms as being exempt from fixed pricing, As long as Enrolled Affiliate continues to qualify for the same price level, Microsoft's prices for Resellers for each Product or Service ordered will be fixed throughout the applicable initial or renewal Enrollment term. Microsoft's prices to Resellers are reestablished at the beginning of the renewal term.

4. *Payment terms.*

For the initial or renewal order, Enrolled Affiliate may pay upfront or elect to spread its payments over the applicable Enrollment term. If an upfront payment is elected, Microsoft will invoice Enrolled Affiliate's Reseller in full upon acceptance of this Enrollment. If spread payments are elected, unless indicated otherwise, Microsoft will invoice Enrolled Affiliate's Reseller in three equal annual installments. The first installment will be invoiced upon Microsoft's acceptance of this Enrollment and remaining installments will be invoiced on each subsequent Enrollment anniversary date. Subsequent orders are invoiced upon acceptance of the order and Enrolled Affiliate may elect to pay annually or upfront for Online Services and upfront for all other Licenses.

5. *End of Enrollment term and termination.*

a. **General.** At the Expiration Date, Enrolled Affiliate must immediately order and pay for Licenses for Products it has used but has not previously submitted an order, except as otherwise provided in this Enrollment.

b. **Renewal option.** At the Expiration Date of the initial term, Enrolled Affiliate can renew Products by renewing this Enrollment for one additional 36-month term or by signing a new Enrollment. Microsoft must receive a Renewal Form, Product Selection Form, and renewal order prior to or at the Expiration Date. Microsoft will not unreasonably reject any renewal. Microsoft may make changes to this program that will make it necessary for Customer and its Enrolled Affiliates to enter into new agreements and Enrollments at renewal.

c. **If Enrolled Affiliate elects not to renew.**

(i) **Software Assurance.** If Enrolled Affiliate elects not to renew Software Assurance for any Product under its Enrollment, then Enrolled Affiliate will not be permitted to order Software Assurance later without first acquiring a new License with Software Assurance.

(ii) **Online Services eligible for an Extended Term.** For Online Services identified as eligible for an Extended Term in the Product Terms, the following options are available at the end of the Enrollment initial or renewal term.

1) **Extended Term.** Licenses for Online Services will automatically expire in accordance with the terms of the Enrollment. An extended term feature that allows Online Services to continue month-to-month ("Extended Term") for up to one year, unless designated in the Product Terms to continue until cancelled, is available. During the Extended Term, Online Services will be invoiced monthly at the then-current published price as of the Expiration Date plus a 3% administrative fee. If Enrolled Affiliate wants an Extended Term, Enrolled Affiliate must submit a request to Microsoft at least 30 days prior to the Expiration Date.

2) **Cancellation during Extended Term.** At any time during the first year of the Extended Term, Enrolled Affiliate may terminate the Extended Term by submitting a notice of cancellation to Microsoft for each Online Service. Thereafter, either party may terminate the Extended Term by providing the other with a notice of cancellation for each Online Service. Cancellation will be effective at the end of the month following 30 days after Microsoft has received or issued the notice.

(iii) **Subscription Licenses and Online Services not eligible for an Extended Term.** If Enrolled Affiliate elects not to renew, the Licenses will be cancelled and will terminate as of the Expiration Date. Any associated media must be uninstalled and destroyed and Enrolled Affiliate's Enterprise must discontinue use. Microsoft may request written certification to verify compliance.

d. **Termination for cause.** Any termination for cause of this Enrollment will be subject to the "Termination for cause" section of the Agreement. In addition, it shall be a breach of this Enrollment if Enrolled Affiliate or any Affiliate in the Enterprise that uses Government Community Cloud Services fails to meet and maintain the conditions of membership in the definition of Community.

e. **Early termination.** Any early termination of this Enrollment will be subject to the "Early Termination" Section of the Enterprise Agreement.

For Subscription Licenses, in the event of a breach by Microsoft, or if Microsoft terminates an Online Service for regulatory reasons, Microsoft will issue Reseller a credit for any amount paid in advance for the period after termination.

6. *Government Community Cloud.*

a. **Community requirements.** If Enrolled Affiliate purchases Government Community Cloud Services, Enrolled Affiliate certifies that it is a member of the Community and agrees to use Government Community Cloud Services solely in its capacity as a member of the Community and, for eligible Government Community Cloud Services, for the benefit of end users that are members of the Community. Use of Government Community Cloud Services by an entity that is not a member of the Community or to provide services to non-Community members is strictly

prohibited and could result in termination of Enrolled Affiliate's license(s) for Government Community Cloud Services without notice. Enrolled Affiliate acknowledges that only Community members may use Government Community Cloud Services.

b. All terms and conditions applicable to non-Government Community Cloud Services also apply to their corresponding Government Community Cloud Services, except as otherwise noted in the Use Rights, Product Terms, and this Enrollment.

c. Enrolled Affiliate may not deploy or use Government Community Cloud Services and corresponding non-Government Community Cloud Services in the same domain.

d. **Use Rights for Government Community Cloud Services.** For Government Community Cloud Services, notwithstanding anything to the contrary in the Use Rights:

   (i) Government Community Cloud Services will be offered only within the United States.

   (ii) Additional European Terms, as set forth in the Use Rights, will not apply.

   (iii) References to geographic areas in the Use Rights with respect to the location of Customer Data at rest, as set forth in the Use Rights, refer only to the United States.

The Honorable Allan Webber

Dear Mr. Webber:

Please find the following electronic Airport Coronavirus Response Grant Program (ACRGP) Grant Offer, Grant No. 3-35-0037-055-2021 for Santa Fe Municipal Airport. This letter outlines expectations for success. Please read and follow the instructions carefully.

To properly enter into this agreement, you must do the following:

a. The governing body must provide authority to execute the grant to the individual signing the grant; i.e. the sponsor's authorized representative.

b. The sponsor's authorized representative must execute the grant, followed by the attorney's certification, no later than **May 21, 2021** in order for the grant to be valid.

c. You may not make any modification to the text, terms or conditions of the grant offer.

d. The grant offer must be digitally signed by the sponsor's legal signatory authority and then the grant offer will be routed via email to the sponsor's attorney. Once the attorney has digitally attested to the grant, an email with the executed grant will be sent to all parties.

Subject to the requirements in 2 CFR §200.305, each payment request for reimbursement under this grant must be made electronically via the Delphi eInvoicing System. Please see the attached Grant Agreement for more information regarding the use of this System. The terms and conditions of this agreement require you drawdown and expend these funds within four years.

An airport sponsor may use these funds for costs related to operations, personnel, cleaning, sanitization, janitorial services, combating the spread of pathogens at the airport, and debt service payments. Please refer to the ACRGP Frequently Asked Questions for further information.

With each payment request you are required to upload an invoice summary directly to Delphi. The invoice summary should include enough detail to permit FAA to verify compliance with the Coronavirus Response and Relief Supplemental Appropriations Act (Public Law 116-260).

For the final payment request, in addition to the requirement listed above for all payment requests, you are required to upload directly to Delphi:

- A final financial report summarizing all of the costs incurred and reimbursed, and
- An SF-425, and.
- A closeout report (A sample report is available here).

Until the grant is completed and closed, you are responsible for submitting a signed/dated SF-425 annually, due 90 days after the end of each federal fiscal year in which this grant is open (due December 31 of each year this grant is open).

As a condition of receiving Federal assistance under this award, you must comply with audit requirements as established under 2 CFR part 200. Subpart F requires non-Federal entities that expend $750,000 or more in Federal awards to conduct a single or program specific audit for that year. Note that this includes Federal expenditures made under other Federal-assistance programs. Please take appropriate and necessary action to assure your organization will comply with applicable audit requirements and standards.

I am readily available to assist you and your designated representative with the requirements stated herein. We sincerely value your cooperation in these efforts.

Sincerely,

However, this preference shall apply only where the individuals are available and qualified to perform the work to which the employment relates.

12. **Operation and Maintenance.**

    a. The airport and all facilities which are necessary to serve the aeronautical users of the airport, other than facilities owned or controlled by the United States, shall be operated at all times in a safe and serviceable condition and in accordance with the minimum standards as may be required or prescribed by applicable Federal, state and local agencies for maintenance and

operation. It will not cause or permit any activity or action thereon which would interfere with its use for airport purposes. It will suitably operate and maintain the airport and all facilities thereon or connected therewith, with due regard to climatic and flood conditions. Any proposal to temporarily close the airport for non-aeronautical purposes must first be approved by the Secretary. In furtherance of this assurance, the sponsor will have in effect arrangements for-

1. Operating the airport's aeronautical facilities whenever required;
2. Promptly marking and lighting hazards resulting from airport conditions, including temporary conditions; and

Nothing contained herein shall be construed to require that the airport be operated for aeronautical use during temporary periods when snow, flood or other climatic conditions interfere with such operation and maintenance. Further, nothing herein shall be construed as requiring the maintenance, repair, restoration, or replacement of any structure or facility which is substantially damaged or destroyed due to an act of God or other condition or circumstance beyond the control of the sponsor.

b. It will suitably operate and maintain noise compatibility program items that it owns or controls upon which Federal funds have been expended.

13. Hazard Removal and Mitigation.

It will take appropriate action to assure that such terminal airspace as is required to protect instrument and visual operations to the airport (including established minimum flight altitudes) will be adequately cleared and protected by removing, lowering, relocating, marking, or lighting or otherwise mitigating existing airport hazards and by preventing the establishment or creation of future airport hazards.

14. Compatible Land Use.

It will take appropriate action, to the extent reasonable, including the adoption of zoning laws, to restrict the use of land adjacent to or in the immediate vicinity of the airport to activities and purposes compatible with normal airport operations, including landing and takeoff of aircraft.

15. Exclusive Rights.

The sponsor shall not grant an exclusive right to use an air navigation facility on which this Grant has been expended. However, providing services at an airport by only one fixed-based operator is not an exclusive right if—

a. it is unreasonably costly, burdensome, or impractical for more than one fixed-based operator to provide the services; and

b. allowing more than one fixed-based operator to provide the services requires a reduction in space leased under an agreement existing on September 3, 1982, between the operator and the airport.

16. Airport Revenues.

a. This Grant shall be available for any purpose for which airport revenues may lawfully be used to prevent, prepare for, and respond to coronavirus. Funds provided under this ACRGP Grant Agreement will only be expended for the capital or operating costs of the airport; the local airport system; or other local facilities which are owned or operated by the owner or operator of the airport(s) subject to this agreement and all applicable addendums for costs related to

operations, personnel, cleaning, sanitization, janitorial services, combating the spread of pathogens at the airport, and debt service payments as prescribed in the Act

b. in a format and time prescribed by the Secretary, provide to the Secretary and make available to the public following each of its fiscal years, an annual report listing in detail:

1. all amounts paid by the airport to any other unit of government and the purposes for which each such payment was made; and

2. all services and property provided by the airport to other units of government and the amount of compensation received for provision of each such service and property.

18. Land for Federal Facilities.

It will furnish without cost to the Federal Government for use in connection with any air traffic control or air navigation activities, or weather-reporting and communication activities related to air traffic control, any areas of land or water, or estate therein, or rights in buildings of the sponsor as the Secretary considers necessary or desirable for construction, operation, and maintenance at Federal expense of space or facilities for such purposes. Such areas or any portion thereof will be made available as provided herein within four months after receipt of a written request from the Secretary.

19. Airport Layout Plan.

a. Subject to the FAA Reauthorization Act of 2018, Public Law 115-254, Section 163, it will keep up to date at all times an airport layout plan of the airport showing:

1. boundaries of the airport and all proposed additions thereto, together with the boundaries of all offsite areas owned or controlled by the sponsor for airport purposes and proposed additions thereto;

2. the location and nature of all existing and proposed airport facilities and structures (such as runways, taxiways, aprons, terminal buildings, hangars and roads), including all proposed extensions and reductions of existing airport facilities;

3. the location of all existing and proposed non-aviation areas and of all existing improvements thereon; and

4. all proposed and existing access points used to taxi aircraft across the airport's property boundary. Such airport layout plans and each amendment, revision, or modification thereof, shall be subject to the approval of the Secretary which approval shall be evidenced by the signature of a duly authorized representative of the Secretary on the face of the airport layout plan. The sponsor will not make or permit any changes or alterations in the airport or any of its facilities which are not in conformity with the airport layout plan

as approved by the Secretary and which might, in the opinion of the Secretary, adversely affect the safety, utility or efficiency of the airport.

b. Subject to the FAA Reauthorization Act of 2018, Public Law 115-254, Section 163, if a change or alteration in the airport or the facilities is made which the Secretary determines adversely affects the safety, utility, or efficiency of any federally owned, leased, or funded property on or off the airport and which is not in conformity with the airport layout plan as approved by the Secretary, the owner or operator will, if requested, by the Secretary (1) eliminate such adverse effect in a manner approved by the Secretary; or (2) bear all costs of relocating such property (or replacement thereof) to a site acceptable to the Secretary and all costs of restoring such property (or replacement thereof) to the level of safety, utility, efficiency, and cost of operation existing before the unapproved change in the airport or its facilities except in the case of a relocation or replacement of an existing airport facility due to a change in the Secretary's design standards beyond the control of the airport sponsor.

20. Civil Rights.

It will promptly take any measures necessary to ensure that no person in the United States shall, on the grounds of race, creed, color, national origin, sex, age, or disability be excluded from participation in, be denied the benefits of, or be otherwise subjected to discrimination in any activity conducted with, or benefiting from, funds received from this Grant.

a. Using the definitions of activity, facility, and program as found and defined in §§ 21.23 (b) and 21.23 (e) of 49 CFR Part 21, the sponsor will facilitate all programs, operate all facilities, or conduct all programs in compliance with all non-discrimination requirements imposed by or pursuant to these assurances.

b. Applicability

1. Programs and Activities. If the sponsor has received a grant (or other Federal assistance) for any of the sponsor's program or activities, these requirements extend to all of the sponsor's programs and activities

2. Facilities. Where it receives a grant or other Federal financial assistance to construct, expand, renovate, remodel, alter, or acquire a facility, or part of a facility, the assurance extends to the entire facility and facilities operated in connection therewith.

3. Real Property. Where the sponsor receives a grant or other Federal financial assistance in the form of, or for the acquisition of, real property or an interest in real property, the assurance will extend to rights to space on, over, or under such property.

c. Duration

The sponsor agrees that it is obligated to this assurance for the period during which Federal financial assistance is extended to the program, except where the Federal financial assistance is to provide, or is in the form of, personal property, or real property, or interest therein, or structures or improvements thereon, in which case the assurance obligates the sponsor, or any transferee for the longer of the following periods:

1. So long as the airport is used as an airport, or for another purpose involving the provision of similar services or benefits; or

2. So long as the sponsor retains ownership or possession of the property.

d. Required Solicitation Language

It will include the following notification in all solicitations for bids, Requests for Proposals for work, or material under this Grant and in all proposals for agreements, including airport concessions, regardless of funding source:

"The **City of Santa Fe**, in accordance with the provisions of Title VI of the Civil Rights Act of 1964 (78 Stat. 252, 42 U.S.C. §§ 2000d to 2000d-4) and the Regulations, hereby notifies all bidders that it will affirmatively ensure that for any contract entered into pursuant to this advertisement, disadvantaged business enterprises and airport concession disadvantaged business enterprises will be afforded full and fair opportunity to submit bids in response to this invitation and will not be discriminated against on the grounds of race, color, or national origin in consideration for an award."

e. Required Contract Provisions.

1. It will insert the non-discrimination contract clauses requiring compliance with the acts and regulations relative to non-discrimination in Federally-assisted programs of the DOT, and incorporating the acts and regulations into the contracts by reference in every contract or agreement subject to the non-discrimination in Federally-assisted programs of the DOT Acts and regulations.
2. It will include a list of the pertinent non-discrimination authorities in every contract that is subject to the non-discrimination acts and regulations.

   A. For the subsequent transfer of real property acquired or improved under the applicable activity, grant, or program; and
   B. For the construction or use of, or access to, space on, over, or under real property acquired or improved under the applicable activity, grant, or program.
   C. It will provide for such methods of administration for the program as are found by the Secretary to give reasonable guarantee that it, other recipients, sub-recipients, sub-grantees, contractors, subcontractors, consultants, transferees, successors in interest, and other participants of Federal financial assistance under such program will comply with all requirements imposed or pursuant to the acts, the regulations, and this assurance.
   D. It agrees that the United States has a right to seek judicial enforcement with regard to any matter arising under the acts, the regulations, and this assurance.

21. Foreign Market Restrictions.

It will not allow funds provided under this Grant to be used to fund any activity that uses any product or service of a foreign country during the period in which such foreign country is listed by the United States Trade Representative as denying fair and equitable market opportunities for products and suppliers of the United States in procurement and construction.

22. **Policies, Standards and Specifications.**

It will carry out any project funded under an Airport Coronavirus Relief Program Grant in accordance with policies, standards, and specifications approved by the Secretary including, but not limited to, current FAA Advisory Circulars for AIP projects, as of February 19, 2021, included in this grant, and in accordance with applicable state policies, standards, and specifications approved by the Secretary.

23. **Access By Intercity Buses.**

The airport owner or operator will permit, to the maximum extent practicable, intercity buses or other modes of transportation to have access to the airport; however, it has no obligation to fund special facilities for intercity buses or for other modes of transportation.

24. **Disadvantaged Business Enterprises.**

The sponsor shall not discriminate on the basis of race, color, national origin or sex in the award and performance of any DOT-assisted contract covered by 49 CFR Part 26, or in the award and performance of any concession activity contract covered by 49 CFR Part 23. In addition, the sponsor shall not discriminate on the basis of race, color, national origin or sex in the administration of its Disadvantaged Business Enterprise (DBE) and Airport Concessions Disadvantaged Business Enterprise (ACDBE) programs or the requirements of 49 CFR Parts 23 and 26. The sponsor shall take all necessary and reasonable steps under 49 CFR Parts 23 and 26 to ensure nondiscrimination in the award and administration of DOT-assisted contracts, and/or concession contracts. The sponsor's DBE and ACDBE programs, as required by 49 CFR Parts 26 and 23, and as approved by DOT, are incorporated by reference in this agreement. Implementation of these programs is a legal obligation and failure to carry out its terms shall be treated as a violation of this agreement. Upon notification to the sponsor of its failure to carry out its approved program, the Department may impose sanctions as provided for under Parts 26 and 23 and may, in appropriate cases, refer the matter for enforcement under 18 U.S.C. 1001 and/or the Program Fraud Civil Remedies Act of 1936 (31 U.S.C. 3801).

Decline reason: Just a small correction - the revenue line should be 490550, not 590550. Since this is going to GB it needs to be corrected before it goes forward. thanks.

ITEM AND ISSUE
Community Health and Safety respectfully requests your review and approval of a Budget Adjustment Resolution (BAR) in the total amount of $2,000,000 for site planning, development, or purchase of a building or property for non-congregate sheltering solutions.

BACKGROUND AND SUMMARY
In FY23 the Community Health and Safety Department received a one-time capital allocation to purchase property for a non-congregate sheltering solution. The initial purchase fell through. The following year another opportunity presented itself but again the property was sold during negotiations, the funding was left in the FY24 budget.

For FY25 a BAR is requested to increase budget in 2400122.572970 (WIP Construction) by $2,000,000 from the aforementioned unspent prior year appropriation in 1001001.510340 (Other Consulting) The Department is requesting the funding in the FY25 budget be moved to a capital expense object code so it can be used for site planning and development for alternative non-congregate shelter options.

Funds are allocated and will be spent by June 30, 2025.

RE: Gross Receipts Tax/Property Tax Administration Fees

ITEM AND ISSUE:

The Budget Office requests approval of the attached Budget Amendment Resolution (BAR) to budget for administration fees payable on the City of Santa Fe's collections of Gross Receipts Tax (GRT) and Property Tax.

The City's GRT and Property Tax collections are subject to an administrative fee payable to the collecting agency to defray the costs of administering and collecting these taxes. For GRT, this fee reflects just under 3% of the State of New Mexico's collections of locally-imposed GRT remitted to the City, and is deducted from the amount of GRT revenue remitted to the City by the State. Similarly, the Property Tax administrative fee of 1% of total Property Tax collections is remitted to Santa Fe County, and deducted by the County from the Property Tax revenue that they remit to the City. Due to a technical error, these fees were omitted from the FY25 Budget.

This BAR will appropriate sufficient expenditure budget to allow for these fees to be properly recorded as expenses. In addition, because these expenses were budgeted and recorded as a net of revenue, splitting these expenses out from the revenue numbers will result in an increase of total revenue collections for GRT and Property Tax by the amount of the fees imposed.

RECOMMENDATION:

The Budget Office requests and recommends approval of the attached BAR to enable the proper accounting for GRT and Property Tax administrative fees in the FY25 budget.

RE: Land Use Appeal No. 2024-8666

I. INTRODUCTION

On July 8, 2024, Karl Sommer, Agent for Ferran Properties LLC ("Appellant") filed a verified appeal petition ("Petition"), asking the Planning Commission to overturn a land use director decision to decline to take enforcement action against a business located at 7625 Baca Lane, which the Petition describes as "Mr. G's Auto Sales, LLC aka Mr. G's Pro Tow" (Petition, Exh. 1, p.1).

The Land Use Director ("Director") and City Attorney's Office ("CAO") reviewed Appellants' appeal petition for conformity with the legal requirements set forth in the Santa Fe City Code ("SFCC" or "Code") Section 14-3.17. After their review, the Director and CAO determined that there was no basis for appeal, because there was no final action. The Director and CAO therefore recommend that the Governing Body deny the appeal without a public hearing.

II. ANALYSIS

SFCC 1987, Section 14-3.17 governs appeals. Under this section, the Director must "promptly review all appeals for conformity with the requirements of Section 14-3.17." SFCC 1987, § 14- 3.17(D)(6). If the Director determines that an appeal does not conform to the requirements of Section 14-3.17, the City's Code dictates that the Director refer that determination to the CAO for review. *See* SFCC 1987, § 14-3.17(D)(6). If the CAO agrees with the Director, the CAO is required to prepare a written recommendation for discussion by the Governing Body. *Id.* § 14- 3.7(D)(6)(a). If the Governing Body accepts the recommendation, the "decision is final and may be appealed to district court." *Id.* If the Governing Body disagrees with the recommendation, the case is scheduled for an appeal hearing. *See id.*

The Director and CAO reviewed Appellants' appeal petition for conformity with the legal requirements set forth in Section 14-3.17. It provides that "[o]nly final actions may be appealed." SFCC § 14- 3.17(A)(1)(a). **Critically, the Code states specifically that final action does *not* include "a decision not to take**

enforcement action." SFCC 1987, § 14- 3.17(A)(1)(d)(iv). Therefore, a decision not to take enforcement action is not a final action and is not appealable.

"Rules and regulations adopted by city ordinance have the force of law." *Apodaca v. AAA Gas Co.*, 2003-NMCA-085, 48, 134 N.M. 77, 73 P.3d 215. "Having the force of law, municipal rules and regulations impose a standard and a duty to comply with that standard." *Id*. The City's Code specifically prohibits appeals of decisions not to take enforcement action.

After their review, the Director and CAO determined that there was no appealable, final action. The CAO concurs with the Director's determination that the appeal does not conform to the legal requirements of Section 14-3.17(D)(2). The Director and CAO therefore recommend that the Governing Body deny the appeal without a public hearing.

V. CONCLUSION

For the reasons described above, the CAO recommends that the Governing Body deny the appeal without a public hearing.

If the Governing Body accepts this recommendation, the City's decision is final and may be appealed to district court. *See* SFCC 1987, § 14-3.17(D)(6)(a). If the Governing Body does not accept this recommendation, the appeal will be set for a public appeal hearing before the Governing Body in accordance with Chapter 14 of the SFCC. *See id*.

VI. OPTIONS FOR MOTIONS

There are two options for motions, as follows:

- I move to accept the recommendation of the City Attorney's Office and deny the appeal without a public hearing. The City's decision is final and may be appealed to the district court.

- I move to reject the recommendation of the City Attorney's Office and to set the appeal for a public hearing before the Governing Body in accordance with Chapter 14 of the Santa Fe City Code.

EXHIBIT A
TO VERIFIEDAPPEAL OF FERRAN PROPERTIES, LLC

The following are the responses required to be included with the Verified Appeal Petition filed on July 5, 2024, by Ferran Properties, LLC, a New Mexico limited company ("**Appellant**"):

Description of the final action from, and date on which final action was taken:

Appellant takes this appeal from the "final action" of the Planning and Land Use Department Director Jason Kluck dated June 26, 2024, which final action declined to take any enforcement action against Mr. G's Auto Sales, LLC, aka Mr. G's Pro Tow (Mr. G's). A copy of the final action is attached hereto as Attachment No. 1. The final action arising out of a complaint that Mr. G's is creating a public nuisance under the SFCC 1987 10-9 (et seq.) and the request to declare Mr. G's operations an illegally expanded and illegal non-conforming use under the Extraterritorial Zoning Ordinance, the ELUA Ordinance No. the Extraterritorial Land Use Authority Ordinance 2009-01 ("SPPAZO"), and SFCC 1987 § 14-10 (et seq.)

Describe the harm that would result to you from the action appealed from (attach additional pages if necessary).

Appellant owns the property located at 1716 Baca Lane, Santa Fe, New Mexico. Mr. G's illegal operation located at 7625 Baca Lane includes the parking of junk vehicles, the storage of equipment and junk vehicles, the storage and parking of equipment within Baca Lane, which is a roadway subject to a public easement, and the general conduct of Mr. G's business outside the boundaries of Mr. G's property. This illegal use of Baca Lane interferes with access to Appellant's property, Appellant's use of Baca Lane, and the ability of emergency vehicles to reach and service Appellant's property. Mr. G's illegal use has caused and continues to cause physical damage Appellant's property, including without limitation, damage to Appellant's fencing around its property. Furthermore, as detailed below, Mr. G's use constitutes a nuisance by allowing an illegally non-conforming use to continue to operate.

Please detail the basis for Appeal here (be specific):

A. Mr. G's Operates an Illegally Non-Conforming Business

Appellant's property and Mr. G's property are located within the "Baca Industrial Park". When the Baca Industrial Park was created in 1994, the property lay outside the municipal city limits of the City of Santa Fe and was subject to the joint planning and zoning regulations of the Extraterritorial Zoning Ordinance (the "EZO"), and the platting subdivision regulations of the County of Santa Fe. Pursuant to those zoning and platting regulations, the then-owner of the property, Richard Baca, applied for and obtained a final subdivision plat and final development plan entitled "Baca Industrial Park" and "Final Development Plan", recorded in the records of the Santa Fe County Clerk on February 23, 1995, as Document No. 859539, in Plat Book 297, Pages 005-006. (the "Final Plat and Development Plan" or the "Final Plat" or "Final Plan") The Final Plat and Development Plan zoned the property for certain approved uses and created

"Baca Lane" – a privately owned and maintained road subject to "public use". The Final Plan provided the following restriction and requirements:

> DEVELOPMENT OF INDIVIDUAL LOTS
>
> THE OWNER OF EACH LOT MUST PREPARE A DEVELOPMENT PLAN INDICATING THE TYPE OF USE, BUILDING LAYOUT, TRAFFIC CIRCULATION AND CONFORMANCE WITH THE STANDARDS OF THIS DEVELOPMENT PLAN. THIS DEVELOPMENT PLAN WILL BE SUBMITTED TO SANTA FE COUNTY LAND USE ADMINISTRATION FOR REVIEW AND APPROVAL BEFORE CONSTRUCT/ON MAY COMMENCE ON ANY LOT.

Hence, the EZO required every use in the Baca Industrial Park to fall within the approved use list in Final Plan and required every owner to obtain a development plan approval for each and every use proposed within the Baca Industrial Park

On March 30, 1999, Mr. G's Pro-Tow LLC purchased Lot 4 within the Baca Industrial Park. On June 6, 1999, Mr. G's Pro-Tow, LLC, obtained Development Permit No. 99-3111 allowing for the conduct an "office and automobile towing and storage yard" use on Lot 4. No other permit were obtained by Mr. G's for any additional uses on Lot 4. Between 1999 and 2009, Mr. Gutierrez expanded (without the required permits) the commercial uses of the property to include a recycling center, scrap metal business, and auto-crushing/dismantling business. On September 17, 2009, the property was zoned I-1 pursuant to Extraterritorial Land Use Authority Ordinance 2009-01, which zoning is still in effect. A recycling center is not an allowed use in the I-1 zone. No permit was obtained from the City for the use. Mr. G's has been operating an illegally expanded business since 2009, which includes automobile crushing, scrap metal recycling, and automobile dismantling. Mr. G's conducts these illegal activities within Baca Lane – both on Mr. G's Lot 4 and within Baca Lane.

The illegally expanded commercial operation do not constitute a legally non-conforming use under SFCC 1987 10-1(A) and 14-12.1. The final action misapplies these sections of the applicable land use regulation contain in SFCC 1987, and the resulting final action means that the illegal activities of Mr. G's will continue unabated to the extreme harm and detriment of Appellant.

B. Mr. G's Operation Constitutes a Public Nuisance

Mr. G's illegal activities as described herein create a "public nuisance" (as defined in SFCC 1987 § 10-9), because they threaten harm to the public comfort, health, peace, well-being or safety and Mr. G's is knowingly creating, performing, or maintaining anything affecting any number of citizens without lawful authority that is both (1) injurious to public health, safety, or well-being, and (2) interferes with the exercise and enjoyment of public rights, including the right to use public or private property.

Re: Request to confirm legal non-conforming status of Mr. G's located at 7625 Baca Lane, Santa Fe, New Mexico

Dear Mr. Sommer,

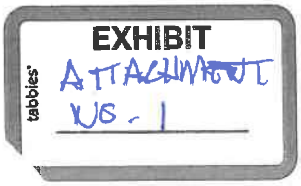

Per your request this morning, I am confirming that Mr. G's Auto Sales, LLC, aka Mr. G's Pro Tow (Mr. G's), located at 7625 Baca Lane is a licensed business with legal non-conforming status for wrecker/towing service and auto salvage/recycling uses, and that no enforcement action will be taken regarding these current uses.

Analysis of the zoning and use status of the property at 7625 Baca Lane, Santa Fe, New Mexico:

Under the City's current zoning regulations, automobile salvage (including wrecking yards, junkyards and salvage operations) is permitted in general industrial (I-2) zoning districts, but is not a permitted use in light industrial (I-1) zoning districts. (See SFCC 1987 14-6.1, Table of Permitted Uses.) Consequently, use of land in an I-1 zoned area for auto salvage is designated as Nonconforming. The subject property lies within the I-1 zoning district.

Mr. G's has been in continuous operation at the current location as a State licensed auto dismantler since the year 2000. The Development Plan for the subject property recorded on March 31st, 1994 lists "Industrial Operation and Use" and "Auto, Truck, and Boat Service and Repair" as allowed uses within the Baca Industrial Park where the subject property resides.

Joe Catanach, Senior Technical Review Specialist with the Santa Fe County Land Use department issued a letter on June 12th, 2006 to the NMTRD, MVD affirming that "wrecker service and auto recycler" were

included as allowed uses on the subject property, and that those uses were in conformance with County zoning regulations and the approved development plan.

The property had been under continual use and operation as an auto salvage facility when it was annexed into the City of Santa Fe in 2013, and was previously subject to Ordinance 2009-01, Subdivision, Platting, Planning and Zoning Rules, ("SPPAZO") which conferred zoning rights upon the subject property as granted by Santa Fe County.

Therefore, Mr. G's Auto Sales, LLC ("Mr. G's), located at 7625 Baca Lane, a Towing and Scrap Metal Auto Recycling establishment, having held a standard business license with the City of Santa Fe since 2012 for its current operation, in addition to the reasons outlined above, is deemed subject to the regulations of SFCC 1987 14-10.1: Nonconformities, and is currently designated with a legally nonconforming use status under those regulations.

Sincerely,

Jason M. Kluck

Memorandum

Date: November 5, 2024

To: Governing Body, Public Works and Utilities Committee, Finance Committee

From: Regina Wheeler, Public Works Department Director RW

RE: Authorized Representatives and Agents for DFA, Appropriation ID number I3321 and NMDOT Control Number C5243321

EXECUTIVE SUMMARY:
The Resolution designates authorized representatives and agents for New Mexico Department of Finance and Administration (DFA), appropriation ID Number I3321 and New Mexico Department of Transportation (NMDOT) Control Number C5243321 ("Grant Agreement"). The Grant Agreement makes available one hundred thousand dollars ($100,000), appropriated by the New Mexico State Legislature for a project to acquire rights of way for and to plan, design, and construct a pedestrian underpass on Saint Michael's Drive, a New Mexico Rail Runner Express railroad crossing, and a Santa Fe Rail Trail crossing.

BACKGROUND:
The project was ranked 18th in priority on the City's 2025-2029 Infrastructure Capital Improvement Plan. The total cost of the project is estimated at eight million dollars ($8,000,000), and, to date, four million nine hundred eighty-five thousand dollars ($4,985,000) has been funded.

The New Mexico Department of Transportation, through Article X. B. (v) of the Grant Agreement, requires that the City of Santa Fe as the grantee, to agree that the "governing body has duly adopted or passed as an official act a resolution, motion or similar action authorizing the person identified as the official representative of the Grantee to sign the Agreement and to sign Requests for Payment". Adoption of this Resolution will satisfy this requirement and allow the City to enter into the Grant Agreement. The Grant Agreement will be presented to the Governing Body for action separate from this Resolution; and this Resolution will not be implicated if the Governing Body does not later approve the grant agreement.

(iv) The Grantee's submittal of timely Requests for Payment in accordance with the procedures set forth in Article IX of this Agreement; and

[1] The AIPP amount is "an amount of money equal to one percent or two hundred thousand dollars ($200,000), whichever is less, of the amount of money appropriated for new construction or any major renovation exceeding one hundred thousand dollars ($100,000)." Section 13-4A-4 NMSA 1978.

[2] "Reimburse" as used throughout this Agreement includes Department payments to the Grantee for invoices received, but not yet paid, by the Grantee from a third party contractor or vendor, if the invoices comply with the provisions of this Agreement and are a valid liability of the Grantee.

(v) In the event that capital assets acquired with Project funds are to be sold, leased, or licensed to or operated by a private entity, the sale, lease, license, or operating agreement:

a. must be approved by the applicable oversight entity (if any) in accordance with law; or
b. if no oversight entity is required to approve the transaction, the Department must approve the transaction as complying with law.

Prior to the sale, lease, license, or operating agreement being approved pursuant to Articles II(A)(v)(a) and II(A)(v)(b) herein, the Department may, in its sole and absolute discretion and unless inconsistent with State Board of Finance imposed conditions, reimburse the Grantee for necessary expenditures incurred to develop the Project sufficiently to make the sale, lease, license, or operating agreement commercially feasible, such as plan and design expenditures; and

(vi) The Grantee's submission of documentation of all Third Party Obligations and amendments thereto (including terminations) to the Department and the Department's issuance and the Grantee's receiving of a Notice of Obligation for a particular amount in accordance with the terms of this Agreement shall be governed by the following:

a. The Grantee shall submit to the Department one copy of all Third Party Obligations and amendments thereto (including terminations) as soon as possible after execution by the Third Party **but prior to execution by the Grantee.**
b. Grantee acknowledges and agrees that if it chooses to enter into a Third Party Obligation prior to receiving a Notice of Obligation that covers the expenditure, it is solely responsible for such obligations.
c. The Department may, in its sole and absolute discretion, issue to Grantee a Notice of Obligation for the particular amount of that Third Party Obligation that only obligates the Department to reimburse Grantee's expenditures made on or before the Reversion Date or an Early Termination Date. The current Notice of Obligation form is attached to this Agreement as Exhibit 2.
d. The date the Department signs the Notice of Obligation is the date that the Department's Notice of Obligation is effective. After that date, the Grantee is authorized to budget the particular amount set forth in the Notice of Obligation, execute the Third Party Obligation and request the Third Party to begin work. Payment for any work performed or goods received prior to the effective date of the Notice of Obligation is wholly and solely the obligation of the Grantee.

B. The Grantee shall implement, in all respects, the Project. The Grantee shall provide all necessary qualified personnel, material, and facilities to implement the Project. The Grantee shall finance its share (if any) of the costs of the Project, including all Project overruns.

C. Project funds shall not be used for purposes other than those specified in the Project Description.

ARTICLE IV. REVERSION DATE, TERM, DEADLINE TO EXPEND FUNDS

A. As referenced in Article I(A), the applicable law establishes a date by which Project funds must be expended by Grantee, which is referred to throughout the remainder of this Agreement as the "Reversion Date." Upon being duly executed by both parties, this Agreement shall be effective as of the date of execution by the Department. It shall terminate on 6/30/2028 the Reversion Date unless Terminated Before Reversion Date ("Early Termination") pursuant to Article V herein.

B. The Project's funds must be expended on or before the Reversion Date and, if applicable, Early Termination Date of this Agreement. For purposes of this Agreement, it is not sufficient for the Grantee to encumber the Project funds on its books on or before the Project's Reversion Date or Early Termination Date. Funds are expended and an expenditure has occurred as of the date that a particular quantity of goods are delivered to and received by the Grantee or title to the goods is transferred to the Grantee and/or as of the date particular services are rendered for the Grantee. Funds are ***not*** expended and an expenditure has ***not*** occurred as of the date they are encumbered by the Grantee pursuant to a contract or purchase order with a third party.

ARTICLE V. EARLY TERMINATION

A. **Early Termination Before Reversion Date Due to Completion of the Project or Complete Expenditure of the Adjusted Appropriation or Violation of this Agreement**

Early Termination includes:

(i) Termination due to completion of the Project before the Reversion Date; or

(ii) Termination due to complete expenditure of the Adjusted Appropriation Amount before the Reversion Date; or

(iii) Termination for violation of the terms of this Agreement; or

(iv) Termination for suspected mishandling of public funds, including but not limited to, fraud, waste, abuse, and conflicts of interest.

Either the Department or the Grantee may early terminate this Agreement prior to the Reversion Date by providing the other party with a minimum of fifteen (15) days' advance, written notice of early termination. Grantee hereby waives any rights to assert an impairment of contract claim against the Department or the State of New Mexico in the event of Early Termination of this Agreement by the Department pursuant to Article V(A).

B. **Early Termination Before Reversion Date Due to Non-appropriation**

The terms of this Agreement are expressly made contingent upon sufficient appropriations and authorization being made by the Legislature of New Mexico for the performance of this Agreement. Throughout this Agreement the term "non-appropriate" or "non-appropriation" includes the following actions by the New Mexico Legislature: deauthorization, reauthorization or revocation of a prior authorization. The Legislature may choose to non-appropriate the Appropriation referred to in Article I and, if that occurs, the Department shall early terminate this Agreement for non-appropriation by giving the Grantee written notice of such termination, and such termination shall be effective as of the effective date of the law making the non-appropriation. The Department's decision as to whether sufficient appropriations or authorizations are available shall be accepted by the Grantee and shall be final. Grantee hereby waives any rights to assert an impairment of contract claim against the Department or the State of New Mexico in the event of Early Termination of this Agreement by the Department pursuant to Article V(B).

C. **Limitation on Department's Obligation to Make Grant Disbursements to Grantee in the Event of Early Termination**

In the event of Early Termination of this Agreement by either party, the Department's sole and absolute obligation to reimburse the Grantee is expressly conditioned upon the limitations set forth Article II.

ARTICLE VI. SUSPENSION OF NEW OR FURTHER OBLIGATIONS

A. The Department may choose, in its sole and absolute discretion, to provide written notice to the Grantee to suspend entering into new and further obligations. Upon the receipt of such written notice by the Grantee:

(i) The Grantee shall immediately suspend entering into new or further written obligations with third parties; and

(ii) The Department will suspend the issuance of any new or further Notice of Obligation under this Agreement; and

(iii) The Department may direct the Grantee to implement a corrective action plan in accordance with Article VI(D) herein.

B. In the event of Suspension of this Agreement, the Department's sole and absolute obligation to reimburse the Grantee is expressly conditioned upon the limitations set forth in Article II herein.

C. A suspension of new or further obligations under this Agreement shall remain in effect unless or until the date the Grantee receives written notice given by the Department informing the Grantee that the Suspension has been lifted or that the Agreement has been Early Terminated in accordance with Article V herein. If the Suspension is lifted, the Department will consider further requests for Notice of Obligation.

D. Corrective Action Plan in the Event of Suspension

In the event that the Department chooses, in its sole and absolute discretion to direct the Grantee to suspend entering into new or further written obligations with third parties pursuant to Article VI(A), the Department may, but is not obligated to, require the Grantee to develop and implement a written corrective action plan to remedy the grounds for the Suspension. Such corrective action plan must be approved by the Department and be signed by the Grantee. Failure to sign a corrective action plan or meet the terms and deadlines set forth in the signed corrective action plan, is hereby deemed a violation of the terms of this Agreement for purposes of Early Termination, Article V(A)(iii). The corrective action plan is in addition to, and not in lieu of, any other equitable or legal remedy, including but not limited to Early Termination.

ARTICLE VII. AMENDMENT

This Agreement shall not be altered, changed, or amended except by instrument in writing duly executed by both the parties hereto.

ARTICLE VIII. REPORTS

A. Database Reporting

The Grantee shall report quarterly Project activity by entering such Project information as the Department and the Department of Finance and Administration may require, such information entered directly into a database maintained by the Department of Finance and Administration (http://cpms.dfa.state.nm.us). Additionally, the Grantee shall certify on the Request for Payment form (Exhibit 1) that updates have been maintained and are current in the database. The Grantee hereby acknowledges that failure to perform and/or certify updates into the database will delay or potentially jeopardize the reimbursement of funds. The Department shall give Grantee a minimum of thirty (30) days' advance written notice of any changes to the information the Grantee is required to report.

Quarterly reports shall be due on the last day of the month that is 30 days prior to the end of the quarter following execution of this Agreement by the Department and ending during the quarter of the submission of the final request for reimbursement for the Project, or the following quarter.

B. Requests for Additional Information/Project Inspection

During the term of this Agreement and during the period of time during which the Grantee must maintain records pursuant to Article VIII, the Department may:

(i) request such additional information regarding the Project as it deems necessary; and

(ii) conduct, at reasonable times and upon reasonable notice, onsite inspections of the Project.

Grantee shall respond to such requests for additional information within a reasonable period of time, as established by the Department.

ARTICLE IX. REQUEST FOR PAYMENT PROCEDURES AND DEADLINES

A. The Grantee shall request payment by submitting a Request for Payment, in the form attached hereto as Exhibit 1. Payment requests are subject to the following procedures:

(i) The Grantee must submit a Request for Payment; and

(ii) Each Request for Payment must contain proof of payment by the Grantee or liabilities incurred by the Grantee showing that the expenditures are valid or are liabilities incurred by the Grantee in the form of actual unpaid invoices received by the Grantee for services rendered by a third party or items of tangible personal property received by the Grantee for the implementation of the Project; provided, however, that the Grantee may be reimbursed for unpaid liabilities only if the Department, in its sole and absolute discretion, agrees to do so and in accordance with any special conditions imposed by the Department.

(iii) In cases where the Grantee is submitting a Request for Payment to the Department based upon invoices received, but not yet paid, by the Grantee from a third party contractor or vendor, if the invoices comply with the provisions of this Agreement and are a valid liability of the Grantee, the Grantee shall make payment to those contractors or vendors within five (5) business days from the date of receiving reimbursement from the Department or such shorter period of time as the Department may prescribe in writing. The Grantee is required to certify to the Department proof of payment to the third party contractor or vendor within ten (10) business days from the date of receiving reimbursement from the Department.

B. The Grantee must obligate 5% of the Adjusted Appropriation Amount within six months of acceptance of the grant agreement and must have expended no less than 85% of the Adjusted Appropriation Amount six months prior to the reversion date.

C. **Deadlines**

Requests for Payments shall be submitted by Grantee to the Department on the earlier of:

(i) Immediately as they are received by the Grantee but at a minimum thirty (30) days from when the expenditure was incurred or liability of the Grantee was ~~a~~approved as evidenced by an unpaid invoice received by the Grantee from a third party contractor or vendor; or

(ii) Twenty (20) days from date of Early Termination; or

(iii) Twenty (20) days from the Reversion Date.

D. The Grantee's failure to abide by the requirements set forth in Article II and Article IX herein will result in the denial of its Request for Payment or will delay the processing of Requests for Payment. The Department has the right to reject a payment request for the Project unless and until it is satisfied that the expenditures in the Request for Payment are for permissible purposes within the meaning of the Project Description and that the expenditures and the Grantee are otherwise in compliance with this Agreement, including but not limited to, compliance with the reporting requirements and the requirements set forth in Article II herein to provide Third Party Obligations and the Deadlines set forth in Article IX herein. The Department's ability to reject any Request for Payment is in addition to, and not in lieu of, any other legal or equitable remedy available to the Department due to Grantee's violation of this Agreement.

ARTICLE X. PROJECT CONDITIONS AND RESTRICTIONS; REPRESENTATIONS AND WARRANTIES

A. The following general conditions and restrictions are applicable to the Project:

(i) The Project's funds must be spent in accordance with all applicable state laws, regulations, policies, and guidelines, including, but not limited to, the State Procurement Code (or local procurement ordinance, where applicable).

(ii) The Project must be implemented in accordance with the New Mexico Public Works Minimum Wage Act, Section 13-4-10 through 13-4-17 NMSA 1978, as applicable. Every contract or project in excess of sixty thousand dollars ($60,000) that the Grantee is a party to for construction, alteration, demolition or repair or any combination of these, including painting and decorating, of public buildings, public works or public roads and that requires or involves the employment of mechanics, laborers or both shall contain a provision stating the minimum wages and fringe benefits to be paid to various classes of laborers and mechanics, shall be based upon the wages and benefits that will be determined by the New Mexico Department of Workforce Solutions to be prevailing for the corresponding classes of laborers and mechanics employed on contract work of a similar nature in the locality. Further, every contract or project shall contain a stipulation that the contractor, subcontractor, employer or a person acting as a contractor shall pay all mechanics and laborers employed on the site of the project, unconditionally and not less often than once a week and without subsequent unlawful deduction or rebate on any account, the full amounts accrued at time of payment computed at wage rates and fringe benefit rates not less than those determined pursuant to Section 13-4-11 (B) NMSA 1978 to be the prevailing wage rates and prevailing fringe benefit rates issued for the project.

(iii) The Project may only benefit private entities in accordance with applicable law, including, but not limited to, Article IX, Section 14 of the Constitution of the State of New Mexico, the "Anti-Donation Clause."

(iv) The Grantee shall not for a period of 10 years from the date of this agreement convert any property acquired, built, renovated, repaired, designed or developed with the Project's funds to uses other than those specified in the Project Description without the Department's and the Board of Finance's express, advance, written approval, which may include a requirement to reimburse the State for the cost of the project, transfer proceeds from the disposition of property to the State, or otherwise provide consideration to the State.

(v) The Grantee shall comply with all federal and state laws, rules and regulations pertaining to equal employment opportunity. In accordance with all such laws, rules and regulations the Grantee agrees to assure that no person shall, on the grounds of race, color, national origin, sex, sexual preference, age or handicap, be excluded from employment with Grantee, be excluded

from participation in the Project, be denied benefits or otherwise be subject to discrimination under, any activity performed under this Agreement. If Grantee is found to be not in compliance with these requirements during the life of this Agreement, Grantee agrees to take appropriate steps to correct any deficiencies. The Grantee's failure to implement such appropriate steps within a reasonable time constitutes grounds for terminating this Agreement.

B. The Grantee hereby represents and warrants the following:

(i) The Grantee has the legal authority to receive and expend the Project's funds.

(ii) This Agreement has been duly authorized by the Grantee, the person executing this Agreement has authority to do so, and, once executed by the Grantee, this Agreement shall constitute a binding obligation of the Grantee, enforceable according to its terms.

(iii) This Agreement and the Grantee's obligations hereunder do not conflict with any law or ordinance or resolution applicable to the Grantee, the Grantee's charter (if applicable), or any judgment or decree to which the Grantee is subject.

(iv) The Grantee has independently confirmed that the Project Description, including, but not limited to, the amount and Reversion Date, is consistent with the underlying appropriation in law.

(v) The Grantee's governing body has duly adopted or passed as an official act a resolution, motion, or similar action authorizing the person identified as the official representative of the Grantee to sign the Agreement and to sign Requests for Payment.

(vi) The Grantee shall abide by New Mexico laws regarding conflicts of interest, governmental conduct and whistleblower protection. The Grantee specifically agrees that no officer or employee of the local jurisdiction or its designees or agents, no member of the governing body, and no other public official of the locality who exercises any function or responsibility with respect to this Grant, during their tenure or for one year thereafter, shall have any interest, direct or indirect, in any contract or subcontract, or the proceeds thereof, for work to be performed or goods to be received, pursuant to this Grant. Further, Grantee shall require all of its contractors to incorporate in all subcontracts the language set forth in this paragraph prohibiting conflicts of interest.

(vii) No funds have been paid or will be paid, by or on behalf of the Grantee, to any person for influencing or attempting to influence an officer or employee of this or any agency or body in connection with the awarding of any Third Party Obligation and that the Grantee shall require certifying language prohibiting lobbying to be included in the award documents for all subawards, including subcontracts, loans and cooperative agreements. All subrecipients shall be required to certify accordingly.

ARTICLE XI. STRICT ACCOUNTABILITY OF RECEIPTS AND DISBURSEMENTS; PROJECT RECORDS

A. The Grantee shall be strictly accountable for receipts and disbursements relating to the Project's funds. The Grantee shall follow generally accepted accounting principles, and, if feasible, maintain a separate bank account or fund with a separate organizational code, for the funds to assure separate budgeting and accounting of the funds.

B. For a period of six (6) years following the Project's completion, the Grantee shall maintain all Project related records, including, but not limited to, all financial records, requests for proposals, invitations to bid, selection and award criteria, contracts and subcontracts, advertisements, minutes of pertinent meetings, as well

as records sufficient to fully account for the amount and disposition of the total funds from all sources budgeted for the Project, the purpose for which such funds were used, and such other records as the Department shall prescribe.

C. The Grantee shall make all Project records available to the Department, the Department of Finance and Administration, and the New Mexico State Auditor upon request. With respect to the funds that are the subject of this Agreement, if the State Auditor or the Department of Finance and Administration finds that any or all of these funds were improperly expended, the Grantee may be required to reimburse to the State of New Mexico, to the originating fund, any and all amounts found to be improperly expended.

ARTICLE XII. IMPROPERLY REIMBURSED FUNDS

If the Department determines that part or all of the Appropriation Amount was improperly reimbursed to Grantee, including but not limited to, Project funds reimbursed to Grantee based upon fraud, mismanagement, misrepresentation, misuse, violation of law by the Grantee, or violation of this Agreement, the Grantee shall return such funds to the Department for disposition in accordance with law.

ARTICLE XIII. LIABILITY

Neither party shall be responsible for liability incurred as a result of the other party's acts or omissions in connection with this Agreement. Any liability incurred in connection with this Agreement is subject to immunities and limitations of the New Mexico Tort Claims Act.

ARTICLE XIV. SCOPE OF AGREEMENT

This Agreement constitutes the entire and exclusive agreement between the Grantee and Department concerning the subject matter hereof. The Agreement supersedes any and all prior or contemporaneous agreements, understandings, discussions, communications, and representations, written or verbal.

ARTICLE XV. REQUIRED NON-APPROPRIATIONS CLAUSE IN CONTRACTS FUNDED IN WHOLE OR PART BY FUNDS MADE AVAILABLE UNDER THIS AGREEMENT

The Grantee acknowledges, warrants, and agrees that Grantee shall include a “non-appropriations” clause in all contracts between it and other parties that are (i) funded in whole or part by funds made available under this Agreement and (ii) entered into after the effective date of this Agreement that states:

“The terms of this Agreement are contingent upon sufficient appropriations and authorization being made by the Legislature of New Mexico for the performance of this Agreement. If sufficient appropriations and authorization are not made by the Legislature, the City of Santa Fe may immediately terminate this Agreement by giving Contractor written notice of such termination. The City of Santa Fe’s decision as to whether sufficient appropriations are available shall be accepted by the Contractor and shall be final. Contractor hereby waives any rights to assert an impairment of contract claim against the City of Santa Fe or the Department of Transportation or the State of New Mexico in the event of immediate or Early Termination of this Agreement by the City of Santa Fe or the Department”

ARTICLE XVI. REQUIRED TERMINATION CLAUSE IN CONTRACTS FUNDED IN WHOLE OR PART BY FUNDS MADE AVAILABLE UNDER THIS AGREEMENT

Grantee acknowledges, warrants, and agrees that Grantee shall include the following termination clause in all contracts that are (i) funded in whole or part by funds made available under this Agreement and (ii) entered into after the effective date of this Agreement:

"This contract is funded in whole or in part by funds made available under a Department of Transportation Grant Agreement. Should the Department of Transportation early terminate the grant agreement, the City of Santa Fe may early terminate this contract by providing Contractor written notice of such termination. In the event of termination pursuant to this paragraph, the City of Santa Fe only liability shall be to pay Contractor for acceptable goods delivered and services rendered before the termination date."

Grantee hereby waives any rights to assert an impairment of contract claim against the Department or the State of New Mexico in the event of Early Termination of this Agreement by the Department.

XVII. COMPLIANCE WITH UNIFORM FUNDING CRITERIA.

A. Throughout the term of this Agreement, Grantee shall:

1. submit all reports of annual audits and agreed upon procedures required by Section 12-6-3(A)-(B) NMSA 1978 by the due dates established in 2.2.2 NMAC, reports of which must be a public record pursuant to Section 12-6-5(A) NMSA 1978 within forty-five days of delivery to the State Auditor;
2. have a duly adopted budget for the current fiscal year approved by its budgetary oversight agency (if any);
3. timely submit all required financial reports to its budgetary oversight agency (if any); and
4. have adequate accounting methods and procedures to expend grant funds in accordance with applicable law and account for and safeguard grant funds and assets acquired by grant funds.

B. In the event Grantee fails to comply with the requirements of Paragraph A of this Article XVII, the Department may take one or more of the following actions:

1. suspend new or further obligations pursuant to Article VI(A) of this Agreement;
2. require the Grantee to develop and implement a written corrective action plan pursuant to Article VI(D) of this Agreement to remedy the non-compliance;
3. impose special grant conditions to address the non-compliance by giving the Grantee notice of such special conditions in accordance with Article III of this Agreement; the special conditions shall be binding and effective on the date that notice is deemed to have been given pursuant to Article III; or
4. terminate this Agreement pursuant to Article V(A) of this Agreement.

ARTICLE XVIII. SEVERANCE TAX BOND AND GENERAL OBLIGATION BOND PROJECT CLAUSES

A. Grantee acknowledges and agrees that the underlying appropriation for the Project is a severance tax bond or general obligation bond appropriation, and that the associated bond proceeds are administered by the New Mexico State Board of Finance (SBOF), an entity separate and distinct from the Department. Grantee acknowledges and agrees that (i) it is Grantee's sole and absolute responsibility to determine through SBOF staff what (if any) conditions are currently imposed on the Project; (ii) the Department's failure to inform Grantee of a SBOF imposed condition does not affect the validity or enforceability of the condition; (iii) the

SBOF may in the future impose further or different conditions upon the Project; (iv) all SBOF conditions are effective without amendment of this Agreement; (v) all applicable SBOF conditions must be satisfied before the SBOF will release to the Department funds subject to the condition(s); and (vi) the Department's obligation to reimburse Grantee from the Project is contingent upon the then current SBOF conditions being satisfied.

B. Grantee acknowledges and agrees that the SBOF may in its sole and absolute discretion remove a project's assigned bond proceeds if the project doesn't proceed sufficiently. Entities must comply with the requirement to encumber five percent (5%) of Project funds within six months of bond issuance as certified by the grantee in the Bond Questionnaire and Certification documents submitted to the SBOF. Failure to comply may result in the bond proceeds reassignment to a new ready project. If this should occur this grant agreement will be suspended until the entity has demonstrated readiness as determined by the SBOF and the Department.

C. Grantee acknowledges and agrees that this Agreement is subject to the SBOF's Bond Project Disbursements rule, NMAC 2.61.6, as may be amended or re-codified. The rule provides definitions and interpretations of grant language for the purpose of determining whether a particular activity is allowable under the authorizing language of the agreement.

[THIS SPACE LEFT BLANK INTENTIONALLY]

The Grant Agreement makes available one hundred thousand dollars ($100,000), appropriated by the New Mexico Legislature for a project to acquire rights of way for and the plan, design, and construction of a pedestrian underpass on Saint Michael's Drive, a New Mexico Rail Runner Express railroad crossing, and a Santa Fe Rail Trail Crossing.

Departments Affected:
Public Works Department.

Consequences of Not Enacting Legislation:
If this legislation is not adopted, the City will not satisfy Article X. B. (v) of the Grant Agreement, which requires the Governing Body adopt a resolution authorizing the person identified as the official representative of the City to sign the Grant Agreement and to sign Requests for Payment. Additionally, without the adoption of this Resolution the City would not receive NMDOT's funding from the Transportation Fund Grant Agreement in the amount of $100,000.

Conflict, Duplication, Companionship, or Relationship to Other Legislation:
The Governing Body will separately be approving the agreement through a later action.

Performance and Administrative Implications:
The plan, design, and construction of the project in association with this Grant Agreement will be undertaken by the Public Works Department and the grant will be administered with support from the Public Works Department staff.

Fiscal Implications:

** Amendment No. 1 to the Intergovernmental Agreement states that "NCNMEDD has agreed to provide the agreed upon services at one percent (1%) of the dollar amount(s) the City expends during the term of this Agreement towards the completion of the Projects." If the total agreement amount of one hundred thousand dollars ($100,000) is expended, then NCNMEDD will receive one thousand dollars ($1,000) as one percent (1%) of the dollar amount the City expends for the Project. The Governing Body will be approving the agreement through a separate action.

The Grantee shall reference the Project's number in all correspondence with and submissions to the Department concerning the Project, including, but not limited to, Requests for Payment and reports.

ARTICLE II. LIMITATION ON DEPARTMENT'S OBLIGATION TO MAKE GRANT DISBURSEMENT TO GRANTEE

A. Upon the Effective Date of this Agreement, for permissible purposes within the scope of the Project Description, the Grantee shall only be reimbursed monies for which the Department has issued and the Grantee has received a Notice of Department's Obligation to Reimburse[2] Grantee (hereinafter referred to as "Notice of Obligation"). (vi) The Grantee's submission of documentation of all Third Party Obligations and amendments thereto (including terminations) to the Department and the Department's issuance and the Grantee's receiving of a Notice of Obligation for a particular amount in accordance with the terms of this Agreement shall be governed by the following:

a. The Grantee shall submit to the Department one copy of all Third Party Obligations and amendments thereto (including terminations) as soon as possible after execution by the Third Party **but prior to execution by the Grantee.**
b. Grantee acknowledges and agrees that if it chooses to enter into a Third Party Obligation prior to receiving a Notice of Obligation that covers the expenditure, it is solely responsible for such obligations.
c. The Department may, in its sole and absolute discretion, issue to Grantee a Notice of Obligation for the particular amount of that Third Party Obligation that only obligates the Department to reimburse Grantee's expenditures made on or before the Reversion Date or an Early Termination Date. The current Notice of Obligation form is attached to this Agreement as Exhibit 2.
d. The date the Department signs the Notice of Obligation is the date that the Department's Notice of Obligation is effective. After that date, the Grantee is authorized to budget the particular amount set forth in the Notice of Obligation, execute the Third Party Obligation and request the Third Party to begin work. (iii) Termination for violation of the terms of this Agreement; or

(iv) Termination for suspected mishandling of public funds, including but not limited to, fraud, waste, abuse, and conflicts of interest.

Either the Department or the Grantee may early terminate this Agreement prior to the Reversion Date by providing the other party with a minimum of fifteen (15) days' advance, written notice of early termination. Grantee hereby waives any rights to assert an impairment of contract claim against the Department or the State of New Mexico in the event of Early Termination of this Agreement by the Department pursuant to Article V(A).

B. Early Termination Before Reversion Date Due to Non-appropriation

The terms of this Agreement are expressly made contingent upon sufficient appropriations and authorization being made by the Legislature of New Mexico for the performance of this Agreement. Throughout this Agreement the term "non-appropriate" or "non-appropriation" includes the following actions by the New Mexico Legislature: deauthorization, reauthorization or revocation of a prior authorization. The Legislature may choose to non-appropriate the Appropriation referred to in Article I and, if that occurs, the Department shall early terminate this Agreement for non-appropriation by giving the Grantee written notice of such termination, and such termination shall be effective as of the effective date of the law making the non-appropriation. The Department's decision as to whether sufficient appropriations or authorizations are available shall be accepted by the Grantee and shall be final. Grantee hereby waives any rights to assert an impairment of contract claim against the Department or the State of New Mexico in the event of Early Termination of this Agreement by the Department pursuant to Article V(B).

C. Limitation on Department's Obligation to Make Grant Disbursements to Grantee in the Event of Early Termination

In the event of Early Termination of this Agreement by either party, the Department's sole and absolute obligation to reimburse the Grantee is expressly conditioned upon the limitations set forth Article II.

ARTICLE VI. SUSPENSION OF NEW OR FURTHER OBLIGATIONS

A. The Department may choose, in its sole and absolute discretion, to provide written notice to the Grantee to suspend entering into new and further obligations. Upon the receipt of such written notice by the Grantee:

B. In the event of Suspension of this Agreement, the Department's sole and absolute obligation to reimburse the Grantee is expressly conditioned upon the limitations set forth in Article II herein.

C. A suspension of new or further obligations under this Agreement shall remain in effect unless or until the date the Grantee receives written notice given by the Department informing the Grantee that the Suspension has been lifted or that the Agreement has been Early Terminated in accordance with Article V herein. If the Suspension is lifted, the Department will consider further requests for Notice of Obligation.

D. Corrective Action Plan in the Event of Suspension

In the event that the Department chooses, in its sole and absolute discretion to direct the Grantee to suspend entering into new or further written obligations with third parties pursuant to Article VI(A), the Department may, but is not obligated to, require the Grantee to develop and implement a written corrective action plan to remedy the grounds for the Suspension. Such corrective action plan must be approved by the Department and be signed by the Grantee. Failure to sign a corrective action plan or meet the terms and deadlines set forth in the signed corrective action plan, is hereby deemed a violation of the terms of this Agreement for purposes of Early Termination, Article V(A)(iii). The corrective action plan is in addition to, and not in lieu of, any other equitable or legal remedy, including but not limited to Early Termination.

ARTICLE VII. AMENDMENT

This Agreement shall not be altered, changed, or amended except by instrument in writing duly executed by both the parties hereto.

ARTICLE VIII. REPORTS

A. Database Reporting

The Grantee shall report quarterly Project activity by entering such Project information as the Department and the Department of Finance and Administration may require, such information entered directly into a database maintained by the Department of Finance and Administration (Budget & Formulation Management System). Additionally, the Grantee shall certify on the Request for Payment form (Exhibit 1) that updates have been maintained and are current in the database. The Grantee hereby acknowledges that failure to perform and/or certify updates into the database will delay or potentially jeopardize the reimbursement of funds. The Department shall give Grantee a minimum of thirty (30) days' advance written notice of any changes to the information the Grantee is required to report.

Quarterly reports shall be due on the last day of the month that is 30 days prior to the end of the quarter following execution of this Agreement by the Department and ending during the quarter of the submission of the final request for reimbursement for the Project, or the following quarter.

B. Requests for Additional Information/Project Inspection

During the term of this Agreement and during the period of time during which the Grantee must maintain records pursuant to Article VIII, the Department may:

(i) request such additional information regarding the Project as it deems necessary; and

(ii) conduct, at reasonable times and upon reasonable notice, onsite inspections of the Project.

Grantee shall respond to such requests for additional information within a reasonable period of time, as established by the Department.

ARTICLE IX. REQUEST FOR PAYMENT PROCEDURES AND DEADLINES

A. The Grantee shall request payment by submitting a Request for Payment, in the form attached hereto as Exhibit 1. Payment requests are subject to the following procedures:

(i) The Grantee must submit a Request for Payment; and

(ii) Each Request for Payment must contain proof of payment by the Grantee or liabilities incurred by the Grantee showing that the expenditures are valid or are liabilities incurred by the Grantee in the form of actual unpaid invoices received by the Grantee for services rendered by a third party or items of tangible personal property received by the Grantee for the implementation of the Project; provided, however, that the Grantee may be reimbursed for unpaid liabilities only if the Department, in its sole and absolute discretion, agrees to do so and in accordance with any special conditions imposed by the Department.

(iii) In cases where the Grantee is submitting a Request for Payment to the Department based upon invoices received, but not yet paid, by the Grantee from a third party contractor or vendor, if the invoices comply with the provisions of this Agreement and are a valid liability of the Grantee, the Grantee shall make payment to those contractors or vendors within five (5) business days from the date of receiving reimbursement from the Department or such shorter period of time as the Department may prescribe in writing. The Grantee is required to certify to the Department proof of payment to the third party contractor or vendor within ten (10) business days from the date of receiving reimbursement from the Department.

(ii) Twenty (20) days from date of Early Termination; or

(iii) Twenty (20) days from the Reversion Date.

D. The Grantee's failure to abide by the requirements set forth in Article II and Article IX herein will result in the denial of its Request for Payment or will delay the processing of Requests for Payment. The Department has the right to reject a payment request for the Project unless and until it is satisfied that the expenditures in the Request for Payment are for permissible purposes within the meaning of the Project Description and that the expenditures and the Grantee are otherwise in compliance with this Agreement, including but not limited to, compliance with the reporting requirements and the requirements set forth in Article II herein to provide Third Party Obligations and the Deadlines set forth in Article IX herein. The Department's ability to reject any Request for Payment is in addition to, and not in lieu of, any other legal or equitable remedy available to the Department due to Grantee's violation of this Agreement.

(iv) The Grantee has independently confirmed that the Project Description, including, but not limited to, the amount and Reversion Date, is consistent with the underlying appropriation in law.

(v) The Grantee's governing body has duly adopted or passed as an official act a resolution, motion, or similar action authorizing the person identified as the official representative of the Grantee to sign the Agreement and to sign Requests for Payment.

A. Grantee acknowledges and agrees that the underlying appropriation for the Project is a severance tax bond or general obligation bond appropriation, and that the associated bond proceeds are administered by the New Mexico State Board of Finance (SBOF), an entity separate and distinct from the Department. Grantee acknowledges and agrees that (i) it is Grantee's sole and absolute responsibility to determine through SBOF staff what (if any) conditions are currently imposed on the Project; (ii) the Department's failure to inform Grantee of a SBOF imposed condition does not affect the validity or enforceability of the condition; (iii) the

SBOF may in the future impose further or different conditions upon the Project; (iv) all SBOF conditions are effective without amendment of this Agreement; (v) all applicable SBOF conditions must be satisfied before the SBOF will release to the Department funds subject to the condition(s); and (vi) the Department's obligation to reimburse Grantee from the Project is contingent upon the then current SBOF conditions being satisfied.

B. Grantee acknowledges and agrees that the SBOF may in its sole and absolute discretion remove a project's assigned bond proceeds if the project doesn't proceed sufficiently. Entities must comply with the requirement to encumber five percent (5%) of Project funds within six months of bond issuance as certified by the grantee in the Bond Questionnaire and Certification documents submitted to the SBOF. Failure to comply may result in the bond proceeds reassignment to a new ready project. If this should occur this grant agreement will be suspended until the entity has demonstrated readiness as determined by the SBOF and the Department.

C. Grantee acknowledges and agrees that this Agreement is subject to the SBOF's Bond Project Disbursements rule, NMAC 2.61.6, as may be amended or re-codified. The rule provides definitions and interpretations of grant language for the purpose of determining whether a particular activity is allowable under the authorizing language of the agreement.

Summary:
The Resolution designates authorized representatives and agents for New Mexico Department of Finance and Administration (DFA) appropriation ID Number G3165, New Mexico Department of Transportation (NMDOT) Control Number C5223165 ("Grant Agreement"). The Grant Agreement makes available one million one hundred seventy thousand dollars ($1,170,000), appropriated by the New Mexico Legislature for a project to plan, design, construct, landscape and make phase 1 improvements to medians on arterial and collector roads for the city of Santa Fe in Santa Fe County.

Departments Affected:
Public Works Department.

Consequences of Not Enacting Legislation:
If this legislation is not adopted, the City will not satisfy Article X. B. (v) of the Grant Agreement, which requires the Governing Body adopt a resolution authorizing the person identified as the official representative of the City to sign the Grant Agreement and to sign Requests for Payment. Additionally, without the adoption of this Resolution the City would not receive NMDOT's funding in the amount of one million one hundred and seventy thousand dollars ($1,170,000).

Conflict, Duplication, Companionship, or Relationship to Other Legislation:
The Governing Body will separately be approving the agreement through a later action.

Performance and Administrative Implications:
The plan, design, construction, landscape and phase 1 improvements of the project in association with this Grant Agreement will be undertaken by the Public Works Department and the grant will be administered with support from the Public Works Department and Finance Department staff.

Fiscal Implications:

**Amendment No. 1 to the Intergovernmental Agreement states that "NCNMEDD has agreed to provide the agreed upon services at one percent (1%) of the dollar amount(s) the City expends during the term of this Agreement towards the completion of the Projects". If the total agreement amount of one million, one hundred seventy thousand dollars ($1,170,000) is expended, then NCNMEDD will receive eleven thousand seven hundred dollars ($11,700) as one percent (1%) of the dollar amount the City expends for the Project. The Governing Body will be approving the agreement through a separate action.

11 Strategies of Que Linda Statewide Beautification

Student Service Learning:

Leveraging local high school students provide three benefits: 1) creates a very affordable resource to help keep communities clean; 2) provides high school students with opportunities to engage in community service; 3) creates local ambassadors that spread anti-litter messaging.

Local high schools must incorporate service-learning requirements in certain courses. The requirements shall require a certain number of community service hours which can be met through participation in trash pickup and graffiti removal/prevention programs.

Litter Abatement Alternatives to Penalty Fines:

This program would serve as a resource for municipal and county court systems. For various reasons, residents are assessed penalties or court fees associated with a crime. In many instances, individuals cannot afford to pay the cost. As an alternative, the individual could be assigned to a local trash pickup and graffiti removal/prevention program.

Use of Corrections Contractors:

The New Mexico Corrections Department offers litter pickup, general landscaping and graffiti clean-up services. Cost for services range but are highly competitive. LBPs can leverage services for contract maintenance of their property.

County Inmate Litter Abatement Program:

Utilizing incarcerated individuals for trash pickup is a long-standing practice. Oftentimes county-run facilities are discouraged to establish this program because inmates are incarcerated for short periods. Nonetheless, an established program could put short-term inmates to work immediately. The County correctional facility would establish the program that utilizes inmates to perform trash pickup services. This program would provide the service to the LBP.

Elementary Anti-Litter Education Campaign:

The State of NM is rolling out a new anti-litter campaign. It can provide media to local elementary schools that incorporate anti-litter activities into their curriculum. Activities could include coloring contests, recording radio ads, writing letters to newspapers, campus clean up days, recycling programs, etc.

This program is integral to building ambassadors among the youth in the community who will have a positive influence within their families.

Business Corridor Adoption Program:

Engaging businesses in an effort to keep cities clean is longstanding. Typically businesses would adopt a corridor and become responsible for its upkeep. In this program, the business would simply provide a financial sponsorship. The sponsorship would go to the LBP who would utilize the resources for contract maintenance.

Reporting Illegal Trash Dumping Hotline:

Illegal dumping is a major issue in several communities. It's typically driven by limited options for legal dumping. When residents dump illegally, or lose trash because of an unsecured load, the trash often includes personal identifiable information. Local law enforcement agencies shall establish a hotline or online portal where this information could be anonymously obtained. Penalties for violators would need to be established in ordinance.

Secure Loads Establishment and Enforcement:

Unsecure loads is a major cause of messy roadways. Local governments must put an ordinance in place that establishes a penalty for driving with an unsecured load. In addition to this penalty, trash collection centers must impose a fee when a resident arrives with an unsecured load.

Establish Free Weekend Events at Collection Centers:

Affordability may be an issue for some residents. If trash authorities were to provide "Free Weekends" once a month, it would encourage residents to dump legally.

Neighbor Rates at Collection Centers:

Some communities and counties do not have adequate access to a collection center, therefore, an established "Neighbor Rate" at the closest facility will encourage residents to dump trash legally.

Community Trash Pick-up Events:

Some residents, for various reasons, are unable to take trash to a collection center on their own. This program would identify weekends, throughout the year, when trash authorities, together with volunteers, would pick up trash and deliver it to a collection center. Residents would need to signup for this service and provide a justification.

The Applicant has satisfied all City requirements outlined in SFCC 1987, Section 27-2.2, for obtaining a telecommunications franchise.

As compensation for use of the public's rights-of-way, the Applicant is required to pay the City an infrastructure maintenance franchise fee of two percent (2%) of all gross revenue charged by the

Applicant to service addresses in the city. The term of the franchise is ten (10) years, renewed annually thereafter, unless notification is provided by the Applicant.

ACTION:

CITY OF SANTA FE, NEW MEXICO
BILL NO. 2024-15

INTRODUCED BY:

Mayor Webber

A BILL

GRANTING EZEE FIBER TEXAS, LLC, A NON-EXCLUSIVE FRANCHISE, TO OPERATE A TELECOMMUNICATIONS NETWORK WITHIN THE CITY OF SANTA FE; THE RIGHT TO USE CITY PUBLIC RIGHTS-OF-WAY TO PROVIDE TELECOMMUNICATIONS SERVICES WITHIN THE CITY; AND FIXING THE TERMS AND CONDITIONS THEREOF.

BE IT ORDAINED BY THE GOVERNING BODY OF THE CITY OF SANTA FE:

Section 1. Appendix G, Telecommunication Franchises, shall include a new Article VII, ordained to read as follows:

Section 1. - Legislative Findings. The governing body of the city of Santa Fe finds that:

A. The granting of a franchise to Ezee Fiber Texas, LLC. ("the Company"), is necessary for the access and use of public rights of way to provide telecommunications services within the city of Santa Fe ("city") limits in accordance with the terms and conditions of the Ordinance and the Telecommunications in the Public Rights of Way Ordinance, Article 27-2

underscored material = new [~~bracketed material~~] = delete

SFCC 1987 (“Section 27-2”).

B. The granting of such a franchise permits competitively neutral and nondiscriminatory access to the public rights of way for providers of telecommunications services; and allows the city to appropriately manage the public rights of way in order to minimize the impact and cost to the citizens of the placement of telecommunications facilities within the public rights of way.

C. The granting of a franchise promotes competition among telecommunications services providers and encourages the universal availability of telecommunications services to residents and businesses of the city through the careful management of public rights of way.

D. It is the intent of the city in the granting of the franchise to obtain fair and reasonable compensation for the use of public rights of way through the collection of fees and charges, and to minimize the congestion, inconvenience, visual impact, and other adverse effects on the public rights of way by Company’s commercial use of public rights of way.

E. To the extent permitted by state and federal law, the granting of a franchise allows the city to exercise such other powers, as the city may have to protect the public health, safety, and welfare, ensure the continued quality of telecommunications services, and safeguard the rights of consumers who are residents of the city.

F. In accordance with Article 27-2, Company submitted an application for a franchise on February 6, 2024.

G. The city is authorized to grant one or more non-exclusive franchises for telecommunications services within the city.

H. The city has reviewed Company’s application and has determined that granting a franchise in accordance with Article 27-2 is in the public interest and in the interest of the city and its residents.

I. This franchise, as it relates to the city’s costs, maintenance, management, and

necessary regulation of public rights of way, will assist in meeting the telecommunications related needs and interests of the community.

Section 2. Franchise Terms. In exchange for Company's compliance with the terms of this Ordinance, the provisions of Article 27--2, and other applicable city codes, there is hereby granted by the city to Company permission to use public rights-of-way to provide telecommunications services. All terms of Article 27-2 shall control Company's use of the public rights-of-way except as specifically set out in this Ordinance.

A. **Short Title; Purpose; Applicability.**

1. This Ordinance shall be cited as the "Ezee Fiber Texas FranchiseOrdinance".

2. The purpose of this Ordinance is to grant Company, the right, privilege, and authority to take the following actions:

This permission is not exclusive and does not prevent the city from issuing other franchises or authorizations or prevent the city itself from constructing or operating its own telecommunications network within the public rights of -way, with or without a franchise.

3. This franchise applies to the placement of telecommunications facilities

in the city's public rights-of-way.

2. The fee imposed by this chapter shall not be imposed in any circumstances in which the imposition of the fee would violate the Constitution or statutes of the United States.

D. **Filing Returns and Payment of Franchise Fee.**

1. On or before the last day of each quarter, the Company is required to pay the infrastructure maintenance fee imposed by this chapter and shall file with the City a remittance return and shall pay the fee attributable to gross charges for the preceding calendar month. The return shall contain such information as the director may reasonably require.

2. On or before the last day of the fourth quarter of 2024, the Company shall provide to the City a report certified by an independent certified public accountant attesting to the amount of the infrastructure maintenance fees paid to the department for the preceding calendar year, and that such amount complies with the requirements of this chapter.

2. The retailer may charge each customer an additional charge in an amount equal to the infrastructure maintenance fee attributed to the customer's service address in the city. This additional charge to customers shall, when collected, be stated as a distinct item on the bill to each customer separate and apart from the retailer's gross charges to its customers for telecommunications.

3. Each retailer may retain 2% of the additional charges it collects under this chapter to reimburse itself for expenses incurred in connection with accounting for and remitting the fee to the department.

F. **Registration of Providers and Resellers.**

1. Within ninety (90) days after the effective date of the ordinance authorizing a franchise with the Company, the Company shall provide the name and address of every telecommunications reseller or other telecommunications company with whom the Company has a contractual relationship to provide telecommunications services or to make available telecommunications facilities in the public way. The Company shall have a continuing duty to file with the City, within 45 days after the date of occurrence of any changes in the information provided to the City, including the creation or termination of a contractual relationship described herein.

2. *Resales.* Whenever amounts are claimed to be excluded from gross charges as sales for resale, the reseller shall furnish to the Company the reseller's resale information. The Company shall retain the resale information with its books and records.

G. **Maintaining Books and Records.**

The Company shall keep accurate books and records of its business or activity, including original source documents and books of entry denoting the transactions that gave rise, or may have given rise, to any liability or exemption. All such books and records shall, at all times during business hours of the day, be subject to and available for inspection by the department with

twenty-four (24) hour notice.

H. **Insurance Requirements**. Company shall comply with the provisions of Section 27-2.9 SFCC 1987, and Company shall obtain and maintain in full force and effect throughout the term of this franchise the following types of insurance:

1. Commercial comprehensive general liability insurance; and

2. Workers' Compensation insurance, as required by law.

I. **Term of Franchise.** The term of this franchise, and the rights, privileges, and authority granted hereunder shall continue for a period of ten (10) years from the effective date hereof. The term of this franchise shall automatically be renewed annually unless Company provides notice to City of its intent not to renew at least thirty (30) days prior to expiration of the then current term. Company may surrender permits at any time and remove its telecommunications facilities at any particular location upon thirty (30) days' prior written notice to City. Company shall not be obligated to pay the franchise fee for such location following removal of its telecommunications facilities.

J. **Indemnity.** Company and City agree to defend, indemnify, and hold harmless each other and its officials, agents, volunteers, and employees from and against any and all claims, actions, suits, or proceedings of any kind brought against said parties because of any injury or damage received or sustained by any person, persons, or property arising out of or resulting from the activities of the indemnifying party pursuant to this franchise, except to the extent caused by the negligence or willful misconduct of the indemnitee or by reason of any asserted act or omission, neglect, or misconduct of the indemnitee, or its agents or employees, or any subcontractor or its agents or employees. The indemnity required hereunder shall not be limited by reason of the specification of any particular insurance coverage. Neither party shall be liable to the other for consequential, indirect or punitive damages (including lost revenues, loss of service, or loss of data) for any cause of action, whether in contract, tort or otherwise, even if the

party was or should have been aware of the possibility of these damages, whether under theory of contract, tort (including negligence), strict liability or otherwise. The maximum liability of either party to the other hereunder shall be the amount paid or payable during the preceding twelve (12) months.

K. **Violations and Penalties.** If the Company fails to pay the infrastructure maintenance franchise fee, as provided by this Chapter, the Company shall be subject to a fine of $100 for each day that the failure to pay continues. Each day that the Company fails to pay shall constitute a separate and distinct violation under this Chapter. Any retailer that becomes subject to this fine may be enjoined from doing business in the city until the Company has paid all sums due under this Chapter.

Any telecommunications company who otherwise violates this chapter shall be subject to a fine of $100 for each offense. Each day the violation continues shall constitute a separate offense.

Summary:
This Bill would allow Ezee Fiber Texas, LLC, ("Applicant"), a non-exclusive franchise to operate a telecommunications network within the city of Santa Fe limits ("city"), the right to use public rights-of-way to provide telecommunications services within the city, and fixes the terms and conditions thereof. Granting this franchise will increase the number of competitive commercial options for obtaining internet service. As compensation for use of the publics rights-of-way, the Applicant would be required to pay the City of Santa Fe ("City") an infrastructure maintenance franchise fee of two percent (2%) of all gross revenue charged by the Applicant to service addresses in the city. The franchise fee revenue will accrue to the City's municipal general fund.

Departments Affected:
Public Works Department

Consequences of Not Enacting Legislation:
If this legislation is not adopted, then the number of competitive commercial options for obtaining internet services would not increase.

Conflict, Duplication, Companionship, or Relationship to Other Legislation:
Federal law requires competitively neutral and nondiscriminatory access to the public rights-of-way for telecommunications networks to promote competition among telecommunications services providers and to encourage the universal availability of telecommunications services to residents and businesses through careful management of the public rights-of-way. SFCC 1987, Section 27-2, the Telecommunications Facilities in the Publics Rights-of-Way Ordinance (Ordinance 2010-14), establishes a policy for use of the public rights-of-way for telecommunications in the city.

Performance and Administrative Implications:
Impacts to the public rights-of-way including street cuts, aerial work, temporary traffic controls and obstructions, require separate permitting by the Streets and Drainage Maintenance Division. Above-ground facilities require Land Use review.

Fiscal Implications:
The franchise imposes an infrastructure maintenance franchise fee of two precent (2%) of gross revenue charged by the provider to service addresses located within the city. Because the provider does not currently provide services within the city, recurring and non-recurring revenue is projected to be zero dollars ($) in Fiscal Years 2025, 2026, and 2027. The Applicant will need to build out its network as well as acquire customers.

***The revenue source is an infrastructure maintenance franchise fee of two percent (2%) of gross revenue changed by the provider to service addresses located within the city of Santa Fe. Because the provider does not currently provide services in the city, recurring and non-recurring revenue is projected to be zero in Fiscal Years 2025, 2026, and 2027. To generate revenues and pay franchise fees, the Applicant will first need to build out its network as well as provide services to customers.

CR-05 - Goals and Outcomes

Progress the jurisdiction has made in carrying out its strategic plan and its action plan. 91.520(a) - This could be an overview that includes major initiatives and highlights that were proposed and executed throughout the program year.

The City of Santa Fe's focus throughout the program year was to mitigate the effects of socio-economic challenges, particularly regarding housing stability, by improving the city's housing stock, increasing the number of affordable housing units, and providing shelter and services to facilitate rehousing for those who have lost it. In Program Year (PY) 2023, the city used its CDBG funds to improve and sustain affordable housing, rental, homeownership, and economic opportunities for low- to moderate-income households, as well as to address the needs of those experiencing homelessness or at risk of becoming homeless. To meet these goals, the City used its goals and objectives in the 2023-2027 Consolidated Plan and 2023-24 Annual Action Plan to assess housing needs and provide recommendations for meeting the needs. In PY 23, the City provided CDBG program funds to multiple service providers, supporting collaboration, and strategically applying its federal and non-federal resources to community needs. Accomplishments for the 2023 program year (City's FY24) are summarized below.

- Santa Fe Public Schools Adelante program served 921 homeless students and their families by providing referrals to housing resources as well as assistance with counseling, education, food, and clothing;
- The Interfaith Community Shelter continued to implement the Summer Safe Haven for All program. The program was able to serve 745 guests for overnight shelter. During PY 23, the Shelter saw an increase in the bed nights, meals, and day services provided;
- Youth Shelters and Family Services provided beds, case management, outreach services, and referrals to fifty-four (54) homeless or at risk of homelessness youth through their Transitional Living and Street Outreach programs;
- Homewise (4) and the Housing Trust (2) assisted a total of six (6) home buyers with mortgage principal reduction loans, utilizing entitlement funds and program income generated from past CDBG awards;
- Santa Fe Habitat for Humanity rehabilitated fourteen (14) single family homeowner occupied homes owned by low-income households all below 80% of Area Median Income (AMI);
- St. Elizabeth's Shelter replaced the heating and air conditioning systems in eight (8) apartments at Sonrisa Supportive Family Living apartments, supporting nine (9) households.
- Vincent's Legacy (a partnership between St. Elizabeth Shelters and the national nonprofit Community Solutions) provided case management, referrals to other agencies and a variety of services to help 142 tenants living at Santa Fe Suites maintain their housing.

Comparison of the proposed versus actual outcomes for each outcome measure submitted with the consolidated plan and explain, if applicable, why progress was not made toward meeting goals and objectives. 91.520(g) - Categories, priority levels, funding sources and amounts, outcomes/objectives, goal outcome indicators, units of measure, targets, actual outcomes/outputs, and percentage completed for each of the grantee's program year goals.

Table 1 - Accomplishments – Program Year & Strategic Plan to Date

Assess how the jurisdiction's use of funds, particularly CDBG, addresses the priorities and specific objectives identified in the plan, giving special attention to the highest priority activities identified.

Santa Fe's CDBG program primarily focuses on meeting the housing and public service needs of its low- and moderate-income residents, including programs that range from assisting the homeless to improving homeowner properties. The city's priorities are reflected in its 2023-24 Action Plan activities and related accomplishments. The majority of the city's CDBG activities met or exceeded their intended targets.

With respect to the city's affordable housing priorities, Habitat for Humanity's home repair program has achieved its goal by providing essential repairs to fourteen (14) households within the program year. This activity was in direct alignment with the objectives outlined in the Consolidated Plan, focusing on the preservation and improvement of existing housing, as well as the promotion of accessible housing options. Throughout the program year, Habitat's rehab team successfully repaired or replaced eight (8) roofs, replaced four (4) swamp cooler/EV with new units, completed furnace repairs including a whole home unit, finished two (2) bathroom and shower projects providing improved accessibility as well as one home with window and step repair and maintenance.

Homewise (4) and the Housing Trust (2) assisted a total of six (6) homebuyers with mortgage principal reduction loans, utilizing entitlement funds and program income generated from past CDBG awards.

SFPS's Adelante Program exceeded its target by serving 921 students and their families experiencing homelessness, instead of the intended eight hundred, demonstrating the City's commitment to increasing access to high-quality schools and increasing opportunities for at-risk populations. Although the program is officially reporting 921 unduplicated students served, the actual impact is far greater, as many of the families served experience transience and may live in various housing situations throughout the school year.

Additionally, vital support services and overnight shelter beds were extended to those experiencing homelessness through Interfaith Shelter's Summer Safe Haven for All program and Youth Shelters' Transitional Living and street Outreach Program, which collectively provided services to a total of 799 individuals or households, exceeding the goal for PY 23-24. These initiatives address the Consolidated Plan's goal of providing opportunities for at-risk populations and the crucial priority needs of offering emergency shelter and supportive services to people experiencing homelessness.

During fiscal year 2023-24, Interfaith Community Shelter saw a substantial increase in the bed nights, meals, and day services provided. The program was able to serve 745 guests for overnight shelter. ICS saw many successes in connecting guests to resources for life stabilizing services and permanent housing. Providing more intensive case management for our chronically homeless guests has led to successfully connecting to necessary service providers for behavioral and medical services to move these individuals through the continuum of care and connect to housing. With its transition from the

Women's Summer Safe Haven to the new Summer Safe Haven for All and the roll out of its mobile services program, ICS continues to evaluate and implement programming that reaches more unhoused individuals in the community.

Youth Shelters and Family Services provided beds, case management, outreach services, and referrals to fifty-four (54) homeless or at-risk homeless youth through their Transitional Living and Street Outreach programs. Although the programs did not reach their goal of serving 110 youth, the discrepancy indicates a positive outcome. The number of youths served has remained consistent at the Transitional Living Program, however, Youth Shelters & Family Services is seeing much fewer engagements at the street level in the 17 to 21 year-old range which is an indication that their Rapid Rehousing Housing First model of engagement is continuing having a positive impact.

The Youthworks Social Justice Kitchen activity has been delayed. An asbestos study on the facility was required prior to issuing a demolition permit. Youthworks commissioned an evaluation of the facility which found asbestos in the mastic glue of the ceiling tiles and floor tiles, in 18% of the facility. A quote for remediation was obtained and Youthworks expects the remediation and demolition of the space to be completed in December 2024.

Completion of the Bella Luz Apartments/Lamplighter Inn Motel conversion is still in a pre-construction stance. CDBG funds were used for asbestos remediation and this phase of the project, along with lead-based paint remediation is complete. Newly established construction requirements will require changes to landscaping, entries, exits, sidewalks, buffer zones, parking spaces and site lighting. The project hopes to be able to go to bid for a general contractor in September 2024.

Construction of the El Camino Real Academy Trail is expected to be completed in Fall, 2024. CDBG funds were used to pay for predevelopment expenses to leverage other city funds for construction. The El Camino Trail will provide dedicated Safe-Routes-To-School access to low- and moderate-income students and families in a high LMI area (70%).

Table 2 – Table of assistance to racial and ethnic populations by source of funds

The racial and ethnic composition reported for CDBG program sub-recipients represents cumulative annual data collected that represents a total of 1,801 recipients of CDBG-funded projects, programs, and services. Of this number, the self-identified racial and ethnic statuses from the city's direct service activities are shown in the table above.

Hispanic is an ethnicity and is separate from the rest of the table which categorizes by race. Hispanic is an ethnic category that refers to individuals with ties to Spanish-speaking countries, primarily from Latin America and Spain. People of Hispanic ethnicity may identify with various races, including White, Black, Indigenous, or others.

CR-15 - Resources and Investments 91.520(a)

Identify the resources made available

Source of Funds	Source	Resources Made Available	Amount Expended During Program Year
CDBG	public - federal	1,837,654	1,479,947
Other	public - local	3,664,500	1,947,926

Table 3 - Resources Made Available

The City was awarded entitlement funds of $627,175 for PY2023. Unexpended CDBG entitlement awards from previous years totaling $998,343 were reprogrammed and obligated to new activities in PY2023 (City's FY24). Additional funds from Program Income generated by Homewise and the Housing Trust's Mortgage Principal Reduction programs totaled $212,136, all of which was expended against eligible CDBG activities and new MPR loans. Total expenditures of CDBG funds reported in 2023-2024 PR26 including program income were $1,479,947. The remaining unexpended balance totaling $357,707 will continue to fund activities in PY24.

$3,664,500 from the Affordable Housing Trust Fund was made available during PY23 (City's FY24), of which $1,947,926.05 was expended. Contracts with remaining balances were amended to extend the term, so grantees could have additional time to spend down the remaining funds.

Identify the geographic distribution and location of investments

Target Area	Planned Percentage of Allocation	Actual Percentage of Allocation	Narrative Description
Citywide	100	100	Citywide

Table 4 – Identify the geographic distribution and location of investments

In any given program year, the City of Santa Fe does not prioritize allocating funds and supporting programs geographically, due to the City's lack of population density relative to its size. Instead, the City focuses programs on the household income or an identified characteristic of the participants and/or recipients of assistance. For example, mortgage reduction assistance is provided based upon the homebuyer's income rather than the location of the home. Likewise, public service programs for at-risk youth serve the citywide population, rather than those youth living in a specific census tract. This description has been reported in previous years and that priority remains. However, on occasion, a project proposal will be accepted because allocating funds at that site will also serve other community development goals.

Leveraging

Explain how federal funds leveraged additional resources (private, state and local funds), including a description of how matching requirements were satisfied, as well as how any publicly owned land or property located within the jurisdiction that were used to address the needs identified in the plan.

The City of Santa Fe's model of service delivey is to pass though most federal funds to subgrantees, who provide the services. This ensures that services are furnished in the most efficient and relevant manner possible. Additionally, the City strives to leverage local funds to ensure that effective and important local services continue to be provided in our community, regardless of the status of federal funds. The City's nonprofit partners estimate that every dollar of federally-funded mortgage reduction assistance from this past year leveraged $3.52 of funding from other state, local, and private sources. Both the Housing Trust and Homewise are CDFIs and actively leverage funds from HOME, Fannie Mae secondary market loans, state-funded mortgage products allocated through the New Mexico Mortgage Finance Authority, Low Income Housing Tax Credits (The Housing Trust), solar tax credits, Federal Home Loan Bank of Dallas' Community Investment Programs, bank and foundation investments, and other DOE funds as well as having substantial organizational resources to use for real estate development and to support programmatic goals. Likewise, the supportive housing providers in Santa Fe are also well-leveraged and use CDBG funds to expand on their missions very effectively

CR-20 - Affordable Housing 91.520(b)

Evaluation of the jurisdiction's progress in providing affordable housing, including the number and types of families served, the number of extremely low-income, low-income, moderate-income, and middle-income persons served.

	One-Year Goal	Actual
Number of Homeless households to be provided affordable housing units	10	9
Number of Non-Homeless households to be provided affordable housing units	14	18
Number of Special-Needs households to be provided affordable housing units	0	0
Total	**24**	**27**

Table 5 – Number of Households

	One-Year Goal	Actual
Number of households supported through Rental Assistance	0	0
Number of households supported through The Production of New Units	0	0
Number of households supported through Rehab of Existing Units	22	23
Number of households supported through Acquisition of Existing Units	2	4
Total	**24**	**27**

Table 6 – Number of Households Supported

Discuss the difference between goals and outcomes and problems encountered in meeting these goals.

The one-year goal of ten (10) homeless households with affordable housing was supported by the rehabilitation of the Sonrisa Family Housing project which served nine homeless households in PY 23. The one-year goal of supporting fourteen (14) non-homeless households with affordable housing was met through the Habitat for Humanity's Emergency Home Repair Program (14) and Homewise's Mortgage Principal Reduction (4) program which served 18 low- and moderate-income households.

CDBG was used for asbestos remediation at the Lamplighter Inn and the conversion of the motel into affordable housing is still underway. The City is currently reporting zero units for this project in IDIS but will report outcomes in the database as soon as the property is occupied. The CR-20 table for the 2022 program year included the fifty-eight units that will be made available.

Discuss how these outcomes will impact future annual action plans.

The outcomes in PY23 will have a similar effect on future CDBG funding allocations. Demand for affordable housing options, supportive services and prevention of foreclosure and homelessness are still the highest priorities for Santa Fe. There is continued need to shelter homeless individuals and provide permanent supportive housing options to keep them housed. Similarly, the need for rehabilitation of the city's aging housing stock will continue, especially for seniors, disabled persons, and communities of color.

Mortgage reduction assistance continues to be crucial in the City of Santa Fe. Low-to moderate-income borrowers need additional assistance to purchase a home due to the ever-increasing home prices and higher interest rates. In many cases, borrowers obtain additional sources of mortgage reduction assistance (on top of CDBG funds) to have a chance to purchase a home in Santa Fe. Santa Fe, like many other areas, is facing its worst housing affordability crisis to date. Increased focus will target the construction of new housing for homeownership as well as affordable rental units and home repair to preserve and maintain existing affordable housing stock.

Continued priority will be given toward public services that provide systemic solutions through education, as well as mitigation efforts with homelessness, and at-risk for homelessness service programs.

Include the number of extremely low-income, low-income, and moderate-income persons served by each activity where information on income by family size is required to determine the eligibility of the activity.

Number of Households Served	CDBG Actual
Extremely Low-income	16
Low-income	4
Moderate-income	7
Total	**27**

Table 7 – Number of Households Served

A total of 27 households were served, including 16 extremely low-income households and 4 low-income households. This achievement is reflective of the vital role served by CDBG funds in Santa Fe to meet the needs of individuals and families who have very few options for support. All programs included outreach and services provided for those households and individuals with worst case housing needs, paying more than half of their income for rent, those living in seriously substandard housing, to include those without a home, or those who have been involuntarily displaced.

Moving forward, other actions taken to foster and maintain affordable housing include utilizing city-owned land for affordable housing developments and continuing to preserve affordable housing through rehabilitation programs.

CR-25 - Homeless and Other Special Needs 91.220(d, e); 91.320(d, e); 91.520(c)

Evaluate the jurisdiction's progress in meeting its specific objectives for reducing and ending homelessness through:

Reaching out to homeless persons (especially unsheltered persons) and assessing their individual needs

The growing population of persons experiencing homelessness in Santa Fe has greatly amplified the City's need and desire to end functional homelessness. All of the city's nonprofit partners who work with homeless persons have extensive outreach activities to include veterans, families, and unaccompanied youth.

The Interfaith Community Shelter has three programs to serve individuals experiencing homelessness: the Seasonal Overnight Shelter (SOS), that offers emergency beds and meals in the colder months; the Summer Safe Haven for All, that offers emergency beds and meals to chronically homeless individuals during the summer months and the Day Services Program, that offers clothing, showers, lunches, case management (which includes assistance with obtaining state IDs and referrals for other services) and an array of services through Partner Providers in the building (medical care, job counseling, housing assistance, meditation, etc.). Interfaith saw a substantial increase in the bed nights, meals, and day services provided in PY 23, and the program was able to serve 745 guests for overnight shelter. All three programs are also partially funded through local funds allocated through the City's Youth and Family Services Division.

The City used CDBG funds during the program year 2023 (FY24) to support Youth Shelters and Family Services (YSFS) in providing Transitional Living and Street Outreach for young adults ages 16-22. Through the Transitional Living Program, twenty-three (23) youth ages 17-21 were provided a safe place to stay and case management to help them attain their educational and employment goals. The Street Outreach Program supported with CDBG funds served fifty-four (54) total clients during the reporting period and provided them with referrals, services and case management targeted toward assisting them to exit homelessness. Many young people in both programs have become housed on a more permanent basis through the YSFS Youth Homelessness Demonstration Project which provides Rapid Rehousing to clients 18-24 years old.

Another way that families experiencing homelessness are assisted is through the Adelante program, which provides referrals to services, school supplies, food, clothing, and other supports to students enrolled in Santa Fe Public Schools and their families. CDBG funds were used to expand staff hours, which enabled the program to serve 921 children and youth in need.

Addressing the emergency shelter and transitional housing needs of homeless persons

The City works in partnership with many non-profit organizations who provide a wide range of services

to prevent “at-risk” populations such as unaccompanied youth, battered families, people with disabilities, veterans, and seniors. Another objective is to help existing homeless populations obtain safe, affordable and sustainable housing opportunities and services such as health care, transportation, and counseling. These activities necessarily run along a continuum of housing program options that range from emergency shelter services to transitional housing and permanent supportive housing services to the new construction of mixed income and mixed use affordable rental development projects. Currently the City, through its community partners, supports emergency and transitional housing programs for homeless individuals, families with children, veterans, and unaccompanied youth.

St. Elizabeth continues to play a strong role in providing services to the needs of the homeless in Santa Fe. St. Elizabeth collaborates closely with the Interfaith Community Shelter, Consuelo’s Place and NM Coalition to End Homelessness. This enables the agency to assist its clients to find work, apply and receive social security disability benefits, obtain medical and mental health services, and ultimately locate and move into housing. St. Elizabeth continues to manage the Santa Fe Suites, a former 123 unit extended-stay motel and converted it into supportive permanent housing for those coming out of homelessness and low-income individuals and couples. In PY 23, the program served 142 clients with case management, referrals to other agencies and a variety of services to help them maintain their housing.

The City of Santa Fe also works closely with the New Mexico Coalition to End Homelessness to coordinate services for homeless individuals and families. NMCEH operates a statewide system of coordinated assessment where every homeless family and individual is given an assessment based on the nationally recognized VI/SPDAT (Vulnerability Index/Service Prioritization Assessment Tool). The results of the assessment are used to refer homeless people to the type of housing that best fits their needs, and the assessment is used to create a prioritized list with chronically homeless people at the top of the list for permanent supportive housing.

Helping low-income individuals and families avoid becoming homeless, especially extremely low-income individuals and families and those who are: likely to become homeless after being discharged from publicly funded institutions and systems of care (such as health care facilities, mental health facilities, foster care and other youth facilities, and corrections programs and institutions); and, receiving assistance from public or private agencies that address housing, health, social services, employment, education, or youth needs

The City relies on its network of community partners to facilitate coordination of services to individuals and families that are vulnerable to homelessness. During the 2023 program year, the City continued its work with the Built for Zero initiative, a nationally recognized, evidenced-based program which provides strategies and solutions for eliminating chronic homelessness. Communities in BFZ focus on achieving “functional zero” for one population, as a step on the way toward solving homelessness for all populations. This evidence-based model uses quality data to guide communities to reach functional zero, which when reached, makes homelessness rare and brief. BFZ is a data driven model. Quality data

is maintained by collecting real-time, by-name data through coordinated outreach efforts to create a list of every individual experiencing homelessness in the community. A “by-name list” helps providers understand the unique needs of an individual experiencing homelessness and recognizes that unhoused individuals all have their own story. Functional zero is indicated by inflow and outflow. A community has reached functional zero when the number of people being housed surpasses the number of individuals being added to the by-name list. Santa Fe has committed to reach functional zero by 2026.

The use of Rapid Rehousing is limited by its applicability to the household in need. Life Link, New Mexico Coalition to End Homelessness, Youthworks, and Adelante are the City’s partners in administering rapid rehousing assistance and assesses each household at intake. For those with fewer barriers, rapid rehousing provides support until the household increases income and/or benefits and can manage the housing expense independently. Life Link and other rapid re-housing providers emphasize ongoing case management and referral to other services (employment, education, job training, budgeting, health care/insurance, food, transportation, etc.) so that when assistance ends with one program, the household is poised to enter another program if independence has not been achieved.

Several agencies collaborate so that a person who is discharged from an institution, recovery program, detention center or hospital is transitioned to a safe place to stay. Anchorum St Vincent Foundation focuses particularly on people discharged from the hospital to ensure that they do not end up on the streets by paying for beds and staffing at local shelters, particularly for those who need longer term care for ordered bed rest, wound treatment, etc. The County of Santa Fe also pays for a navigator to help folks in jail get connected to services and shelter upon discharge. There are several gaps in this informal system though, and many services providers recognize the need to formalize a discharge policy. ESG funds are not used directly by the City or its immediate partners but there is consensus across the Continuum of Care membership that there is need to investigate the potential of ESG use in Santa Fe.

The City works with, and provides CDBG funding to, Youth Shelters and Family Services to help address the needs of youth who are at risk of becoming homeless after leaving foster care, other youth facilities, as well as dysfunctional homes. Specifically, the Youth Shelters' Street Outreach Program proactively provides outreach services for youth living on the streets. Their Street Outreach Drop-In Center provides these youth with hot meals, showers, computer and phone access, and a safe space to connect with support systems.

In addition to CDBG funds, other City departments actively support programming for youth exiting foster care and youth facilities. Youthworks receives City funding for its apprenticeship and job skills training programs as well as funding for social services provided to its youth participants and is in the process of creating a commercial kitchen and culinary training program for at-risk youth.

Helping homeless persons (especially chronically homeless individuals and families, families with children, veterans and their families, and unaccompanied youth) make the transition to permanent housing and independent living, including shortening the period of time that individuals and families experience homelessness, facilitating access for homeless individuals

and families to affordable housing units, and preventing individuals and families who were recently homeless from becoming homeless again

For chronically homeless households, the service delivery system relies on a network of housing providers, and services coordinated through the Continuum of Care, the City's funding cycles (through the Children and Youth Commission, the Human Services Committee, and the Community Development Commission), and other regional efforts. Upon intake each homeless or at-risk household is assessed to determine whether they qualify for rapid rehousing or whether their needs are more intensive. If the household has few barriers then they can use rental assistance until they are able to manage the housing expense on their own- either through income or an increase in benefits. Additionally, individuals who are referred through the CONNECT navigation network are assessed and referred to the appropriate agency to receive supportive housing services. A navigator at the service agency walks alongside the individual/household who is experiencing or is at-risk of homelessness to determine what is needed to secure stable housing. Navigation takes place until the housing needs are met. Extensive outreach activities include veterans, their families unaccompanied youth.

Additionally, the City continues to look for opportunities to leverage local funds to purchase properties to be converted into permanent supportive housing. The Lamplighter Inn conversion is nearing completion with the support of CDBG funds. When completed, the project will provide fifty-eight units of affordable housing that will be available only to individuals earning 80% AMI or less, with a quarter of the units set aside for chronically homeless individuals. The Lamplighter Inn project is a joint effort between the City of Santa Fe, Santa Fe County, Anchorum St Vincent, the Life Link, JL Gray Company, New Mexico Coalition to End Homelessness, Thornburg Foundation, Santa Fe Community Foundation, and the NM DFA. An important aspect to the evolution of the City's approach to ending homelessness is the coordination of a system-wide framework to ensure that outreach and coordinated entry systems are truly effective.

CR-30 - Public Housing 91.220(h); 91.320(j)

Actions taken to address the needs of public housing

The Santa Fe Civic Housing Authority (SFCHA) is the primary public housing agency in Santa Fe. It oversees twenty-eight units of public housing, 491 units of HUD Project based rental assistance (PBRA) – 459 of which are also LIHTC units, and 145 Low Income Housing Tax Credit (LIHTC). SFCHA also manages 670 housing choice vouchers in Santa Fe. Of the PBRA there are a total of 359 units for seniors and 132 units for families. Currently, over 300 people are on the waiting lists for a housing authority apartment unit, and approximately 300 people on the Section 8 waiting list for Santa Fe. SFCHA receives approximately thirty-five applications per month for housing. The wait for a unit is between 18 and 24 months; however, the waiting lists are usually only open on a lottery basis at designated times during the year. In addition SFCHA owns and operates affordable units in the City of Espanola and the Town of Bernalillo.

The SFCHA utilizes site-based or site-driven wait lists, which better supports applicants so that the Authority doesn't have to turn an individual or family down because of location, school district or other limiting factors, and to avoid having to send an individual or household back down to the bottom of the list again.

Although no city new contracts were awarded with the Civic Housing authority in PY23, the agency received Low-Income Housing Tax Credits (LIHTC), state HOME funds and HTF funds from Housing New Mexico (state HFA) for two housing developments in PY 23:

Country Club Apartments (approximately $12.4 million in tax credits)

Rehabilitation of sixty-two units including new windows, doors, siding, stairs, and HVAC; renovated access and site utilities; interior rehabilitation, including extensive re-plumbing; and 26 newly constructed units.

Ocate Apartments (approximately $16.2 million in tax credits, New Mexico Housing Trust Fund $3 million, National Housing Trust Fund $400,000, HOME Program $400,000.

New 60-unit development serving households with children featuring open design concept with kitchen islands; interior common areas including a computer training center and kitchen; and outdoor play areas, picnic areas, community gardens and patios.

Actions taken to encourage public housing residents to become more involved in management and participate in homeownership

The Santa Fe Civic Housing Authority continues to run a Family Self-Sufficiency Program that supports self-sufficiency with the eventual goal of becoming viable homeowners. The family enters into a five-year Contract of Participation with the Housing Authority and sets specific goals to be achieved over the

term of the Contract. As part of the Contract, the Housing Authority opens an escrow account for each participating family and any time there is an increase to the family's earned income during the term of the Contract, money is deposited into the family's escrow account. Upon successful completion of the Program, the family receives the balance in their escrow account to use for home ownership and educational goals.

Actions taken to provide assistance to troubled PHAs

The Santa Fe Civic Housing Authority is not designated as troubled.

CR-35 - Other Actions 91.220(j)-(k); 91.320(i)-(j)

Actions taken to remove or ameliorate the negative effects of public policies that serve as barriers to affordable housing such as land use controls, tax policies affecting land, zoning ordinances, building codes, fees and charges, growth limitations, and policies affecting the return on residential investment. 91.220 (j); 91.320 (i)

Disproportionately, those who are most heavily cost-burdened have the lowest incomes. In PY 23, the City continued its review of the Land Development Code (LDC) to address barriers to housing development - particularly affordable housing development. The city's Planning and Land Use Office kicked off the land development update in early 2023 with significant public engagement for the first phase. The update is expected to be completed by the end of this calendar year. An initial assessment has been completed along with the launch of citizen and technical working groups that meet monthly. During the code assessment phase, two main areas of focus will be housing and equity. The first phase focuses on making the code more user friend, easier to read and understand. The Land Use Office has been working with a consultant to wrap up the first phase by the end of the calendar year. Results and relevant revisions to the code will be updated in subsequent reports.

The city applied for but did not receive a competitive HUD PRO Housing Grant that would have assisted with identifying and addressing barriers to housing production. The city's $4 million proposal contained the following subcomponents:

- Improve the residential development process for developers, residents, and city staff
- Augment the impact of existing inclusionary zoning policies in new housing construction
- Invest in pre-development processes to jumpstart new construction in Midtown, an underused corridor and high opportunity zone for economic development and transit
- Support innovative homeownership alternatives, through land trusts, shared equity, and other cooperative models to maintain a balance that preserves future affordability with homeownership benefits
- Counteract displacement pressures in Hopewell Mann, a high-risk, low-income neighborhood
- Create replicable models for other long-range development plans in the city such as Tierra Contenta Phase III, which could create over 1,500 housing units

The City continues to explore options to redevelop several of its underused corridors and properties that are served with infrastructure and could support rental housing. The goal for these potential redevelopment areas is to create housing that is affordable to a mix of incomes and offering a range of types, both rental and homeownership, while also expanding access to other opportunities, such as employment, education, and recreation. The advantage to these areas is they do not have existing residential neighbors concerned about higher density housing developments, while also providing easy access to transportation. The City released a Request for Qualifications to support affordable and workforce housing development on a 19-acre plot in Las Estrellas and an invitation to bid (ITB) for a larger amount of city-owned tracts in the same area. Submissions for both proposals were received in

January, but no awards have been made yet. The City hired a Metropolitan Redevelopment Authority director to further the Midtown development process within the Midtown Local Innovation Corridor District, or Midtown LINC.

The Fee-in-Lieu menu of options for developers continues to support barrier reduction for multi-family rental development. The inclusionary zoning ordinance allows multi-family developers of rental housing to pay a fee-in-lieu by right, rather than incorporating subsidized units on-site. Fees are established on an "affordability gap" basis, estimating the difference between an affordable rent, affordable to 30 - 65% AMI, and HUD's Fair Market Rent. Additionally, the ordinance amendments increased incentives available to Developers to encourage the set aside of rent-restricted units. In the upcoming program year, two projects will finalize their land use entitlements proposing to include affordable units included on site.

Revenues generated through the fee in lieu of program are used to fund a rental assistance program for tenants that can be used citywide and does not have high requirements for eligibility. The assistance could be used for a variety of needs - rent, utilities, rental/utility arrears, rental deposits, etc. Another objective is to remove a financing barrier for multi-family housing with the expectation that the development of multi-family units will also loosen some of the demand for existing units, stemming rising rental rates but also providing more options for voucher holders to use their subsidies.As with any revenue generated or earmarked for affordable housing, use of the funds is dictated by city code and must be compliant with the NM Affordable Housing Act.

Actions taken to address obstacles to meeting underserved needs. 91.220(k); 91.320(j)

In PY 23, the City's continued its use of CDBG and local funds to increase the availability of affordable housing to low- and moderate-income households. The City actively supports the development of LIHTC multi-family properties with local funds and through the donation of City-owned land. As previously mentioned, the Santa Fe Civic Housing Authority was awarded Low-Income Housing Tax Credits (LIHTC), state HOME funds and HTF funds in PY 23 from Housing New Mexico for two housing developments that will increase the number of affordable housing units in the city and provide more housing for families with children.

Also previously mentioned, the City released a Request for Qualifications in PY 23 to support affordable and workforce housing development on a 19-acre plot in Las Estrellas and an invitation to bid (ITB) for a larger number of city-owned tracts in the same area. Submissions for both proposals were received in January, but no awards have been made yet.

Actions taken to reduce lead-based paint hazards. 91.220(k); 91.320(j)

According to the State of NM Department of Health, Santa Fe has low risk factors for lead exposure in children and reports of elevated blood levels are few to none. The state Department of Health identified Santa Fe County as having "low levels" of lead exposure, as cited in the NM Epidemiology Report, April

2017. Regardless the Office of Affordable Housing conducts environmental reviews on all CDBG-funded activities. In cases where individual homes are older than 1978 and may have lead based paint, the subrecipient is required to follow all applicable law including, notifying owners of lead hazards, assessing the condition and presence of lead-based paint, and implementing remediation measures, if necessary.

The City also helped to address health hazards in other projects. The City assisted with the asbestos study and remediation for the Youthworks Social Justice Kitchen and CDBG funds were also used for asbestos remediation and lead-based paint remediation for the Bella Luz Apartments/Lamplighter Inn Motel conversion.

Actions taken to reduce the number of poverty-level families. 91.220(k); 91.320(j)

The housing cost burden in the City of Santa Fe, even for homeowners, is the primary reason CDBG funds continue to be used for rehabilitation, home repair, and other support services that stabilize low- and moderate-income families and help alleviate poverty.

A statewide ballot measure that would have significant impact for Santa Fe is the "High End Excise Tax for Affordable Housing." The measure was passed by voters in the Fall 2023 with more than 70% approval. The measure would add a 3% excise tax for all housing sales over $1 million. The measure was scheduled to be in effective on May 28, 2024, but is being challenged in court and is on hold.

Specific programs that CDBG funds supported in PY 2023 to reduce the number of poverty level of families include the following:

- Provide Emergency home repair/improvement funding to support fourteen low to moderate income homeowners (30 to 80 percent AMI) with home renovations, emergency repairs and energy conservation measures including roof replacement, furnace/HVAC repairs, accessibility improvements, new appliances, and solar water heaters
- Provide wealth building opportunities and preservation of wealth through mortgage reduction loans (6 households received CDBG-funded loans in PY23)

Finally, the City's Community Health and Safety Division launched a "Safe Outdoor Space" pilot program to support ten families experiencing homelessness and the City's Office of Economic Development continues to target resources to programs for families and individuals living in poverty such as job training, life skills and apprenticeship programs.

Actions taken to develop institutional structure. 91.220(k); 91.320(j)

The City of Santa Fe has carried out the first-year priorities in the new 2023-2027 Consolidated Plan by working with several non-profit partners on affordable housing, public services, and permanent housing for the homeless. The City continues to focus on building the capacity of community-based nonprofit service providers. City staff serve as advocates, coordinators, and partners. A strength of this service

delivery model is that a wide array of services is provided with little overlap because of the coordination between City departments, as well as between the City and nonprofit partners. This cooperation ensures that services reach those in most need, including homeless families and individuals and those in danger of becoming homeless – veterans, senior citizens, victims of domestic violence, very low-income renters, at risk youth – and people with special needs and disabilities.

Actions taken to enhance coordination between public and private housing and social service agencies. 91.220(k); 91.320(j)

The City's Office of Affordable Housing is a member of the Santa Fe Housing Action Coalition, which brings together public and private housing agencies, as well as social service providers. The Coalition allows for coordination across the sector to align goals, assess impediments to housing, and develop actionable steps to address the housing affordability crisis in Santa Fe.

The City has representatives from both the Office of Affordable Housing, Community Health and Safety Department, and Youth and Family Services Division on the S3 Santa Fe Housing Initiative. S3 is a collaborative effort between local governments and philanthropic organizations including Anchorum St. Vincent, Santa Fe Community Foundation, Thornburg Foundation, City of Santa Fe, Santa Fe County, and the NM Coalition to End Homelessness. S3 seeks to utilize local expertise, build upon existing work, and incorporate the Built for Zero practice methodology for addressing homelessness and inequity.

Identify actions taken to overcome the effects of any impediments identified in the jurisdictions analysis of impediments to fair housing choice. 91.520(a)

The City’s 2017 Assessment of Fair Housing showed that Hispanic populations experience some of the lowest access to opportunity, particularly in the low poverty, school proficiency and labor market indexes. The indicators in Santa Fe that continue to be of most concern are poverty and school proficiency, both of which indicate low access to opportunity. Lack of access to opportunity is affected by infrequent public transportation services to higher opportunity neighborhoods and destinations outside of core service areas (such as the county social services office), limited hours and days of operation of some routes, lack of holiday service, etc. The City’s 2016 Analysis of Impediments listed several barriers and actions needed to improve access to fair housing information, enhancing resident knowledge of fair housing rights and empowering residents to take action when they perceive a fair housing violation. Prior efforts have included:

- Preparation of outreach materials regarding housing laws including the Federal Fair Housing Act, the New Mexico Uniform Owner Resident Relations Act (UORRA) and the state Mobile Home Act. The outreach materials consist of Fair Housing Frequently Asked Questions brochures in English and Spanish and a tenant rights “Novella,” both in Spanish and English called “Tino the Tenant”/"Tino el Inquilino", a story about a tenant who shares his own discrimination experiences with a group of acquaintances. Distribution is ongoing throughout the year predominantly in Spanish-speaking and lower income neighborhoods as well as through school

liaisons with the Santa Fe Public Schools and community facilities throughout the city.

- Participation by the Office of Affordable in the Santa Fe Housing Action Coalition, in the promotion and distribution of an informational video on housing rights, and an outreach campaign to educate the public about affordable housing and fair housing issues.

The City intended to conduct an assessment of fair housing in 2024, but staff turnover and other factors have delayed the projected timeframe for the assessment.

CR-40 - Monitoring 91.220 and 91.230

Describe the standards and procedures used to monitor activities carried out in furtherance of the plan and used to ensure long-term compliance with requirements of the programs involved, including minority business outreach and the comprehensive planning requirements

The Office of Affordable Housing monitors program service providers funded by CDBG to ensure compliance with requirements through site inspections and documentation of organizational structures, with applicability to HUD national objectives and scope of work. Additionally, the Office of Affordable Housing attends technical assistance trainings in monitoring, subrecipient oversight and fair housing throughout the year. The City of Santa Fe utilizes HUD's following guides to ensure compliance:

- Guidebook for Grantee's on Sub-recipient Oversight
- CPD Monitoring Handbook
- Managing CDBG
- Ensuring CDBG Subrecipient Timeliness guidelines
- 24 CFR 570 governing CDBG and 24 CFR 58 governing Environmental Reviews
- Davis Bacon fair wage resources via the Department of Labor

All PY2023 CDBG funded activities are monitored for performance measurement and financial, as well as record keeping oversight. Site visits were held in-person or virtually, depending on the comfort level of the subrecipient. Prior to the visit, the subrecipient completes a self-monitoring checklist, describing accomplishments and procedures for complying with CDBG regulation. Staff members meet with the leadership team of the particular non-profit sub-recipient and review selected files for accuracy based on the guiding regulations and documents. Staff note both deficiencies and accomplishments at the time of monitoring and issue follow up letters which outline corrective actions to be taken to achieve effective, efficient program delivery.

Reporting and Fiscal Management: Staff ensure that all subrecipients keep detailed records to evaluate the effectiveness of the project in meeting the needs of targeted populations and for accomplishments reporting in IDIS. Relevant data include the number of clients served, income and employment (locally and with the City depending on the program), assets breakdown (when appropriate) and Performance Measurement data by project type (Housing, Economic Development, Public Service or Facilities & Improvement), ethnicity and age breakdown.

This information is submitted quarterly by subrecipients. Input into IDIS with reporting data is finalized prior to program closeout and annual reporting in the Program Year CAPER. The reports track completion of the contracted scope of services and track program demand and utilization by demographic category for services provided by the program. The subrecipient's program manager also must submit audits and/or audited financial statements which include a breakdown of the expenditures and revenue (including Program Income if relevant) and a specific description of the charges as defined

in the contract.

Procurement and services provided by the subrecipients as well as the City followed the Fair Housing guidelines to include required community outreach and education for minorities, notifications in Spanish as well as translation, and any additional required and requested services specific to assist persons with disabilities including those with hearing, visual, or physical impairments.

Citizen Participation Plan 91.105(d); 91.115(d)

Describe the efforts to provide citizens with reasonable notice and an opportunity to comment on performance reports.

The city's CDBG Citizen Participation Plan requires that Santa Fe residents be given adequate time – a minimum of 15 days – to review the City's use of CDBG funds as well as holding a Public Hearing at a regular City Council meeting for public comment. For the public comment opportunity, the Office of Affordable Housing will publish a Legal Notice in Spanish and English on or about December 9, 2024 in the Santa Fe New Mexican, soliciting written public comment (or comments by phone call). The document will be made available from December 9 thru December 27, 2024 virtually at the following website address: https://www.santafenm.gov/hudrequiredreportingandplans. Paper copies will be provided upon request via phone call or email.

The CAPER is made available to the public for review along with other internal committee reviews within the timeline below:

- City Community Development Commission: December 11, 2024
- City Quality of Life Committee: January 8, 2025
- City Finance Committee: January 13, 2025
- Public Hearing, City Council: January 15, 2025

Citizens have three options to participate. They may participate by attending public meetings which are held in person in the Council Chambers at City Hall. They may submit written comments via email or regular mail to the Office of Affordable Housing. They may watch all public meetings and hearings on the City of Santa Fe's YouTube channel and watch past meetings through its archives, links to which are posted prominently on the City's website: https://www.youtube.com/user/cityofsantafe.

All CDBG contracts represented in the CAPER were reviewed and recommended for approval by the Governing Body prior to the start of the program year on July 1, 2023, and provided in meeting packets available on the City's website. The public review period for the Action Plan was also advertised in the Santa Fe New Mexican and the packets made available on the City's website.

CR-45 - CDBG 91.520(c)

Specify the nature of, and reasons for, any changes in the jurisdiction's program objectives and indications of how the jurisdiction would change its programs as a result of its experiences.

This is the first Action Plan year under the City's new Consolidated Plan for 2023-2027. Data from the Housing Needs Assessment section of the updated plan showed that cost burden – paying 30% or more in income in housing costs – is the most prevalent housing problem among city of Santa Fe residents. This data supports the City's efforts on expanding both affordable rental and homeownership opportunities and providing critical housing and supportive services to homeless and underserved populations. Moving forward, the City will continue to seek to support activities that contribute to the affordable housing stock and move persons out of homelessness based on the proven Permanent Supportive Housing (PSH) model. At present, the program objectives and activities funded in the 2023 program year are consistent with those outlined in the Consolidated Plan.

Does this Jurisdiction have any open Brownfields Economic Development Initiative (BEDI) grants?

In PY23, the city did not fund any housing rehabilitation, construction, and other public construction projects that triggered the Section 3 threshold of $200,000. In prior years, the city reported its Section 3 efforts for the Lamplighter Inn motel conversion, noting that Section 3 workers for CDBG funded lead-based paint remediation work were difficult to find due to state training requirements and tight labor markets.

Re: **Appeal # 2024-8309-APPL of Case # 2024-7892-HDRB.** Property owner Emily Rivera and her agent Lisa Martinez, B Constructiv LLC, appeal the Historic Districts Review Board's March 12, 2024, decisions regarding the historic status of structures at 718 Old Santa Fe Trail: (1) maintaining the significant status of an apartment building; and (2) designating two casitas on the property as contributing.

Date: **January 10, 2025, for the January 15, 2025, Governing Body meeting**

Property owner Emily Rivera and her agent Lisa Martinez, B Constructiv LLC, ("Appellants") have filed an Appeal challenging decisions by the Historic Districts Review Board ("HDRB") regarding the historic status of a single-story, four-unit apartment building ("the Apartments") and two free-standing additional dwelling units, or casitas, at 718 Old Santa Fe Trail ("The Property"). These structures are in the Downtown and Eastside Historic District. In a public meeting on March 12, 2024, the HDRB voted to

(1) retain the existing historic status of "significant" for the Apartments; **[Ex. B, Findings of Fact & Conclusions of Law ("FF&CL"), at 10-11]**
(2) designate the first casita ("Casita 1"), as "contributing." Before the HDRB hearing, Casita 1 did not have a designated historic status; and
(3) downgrade the status of the second casita ("Casita 2"), which previously had a "significant" status, to "contributing."

The HDRB also designated a crudely built, wood tool shed, adjacent and to the west of Casita 1, as "non-contributing." **[Ex. B, FF&CL, at 11]** The Appellants do not appeal the HDRB's designation of this shed structure as non-contributing.

The City's Historic Districts Code restricts alterations and additions to significant and contributing properties. **[Santa Fe City Code ("SFCC") Section 14-5.2(D)(1-3, 5)]** In their

Appeal, the Appellants claim the specially protected status of the apartment building and casitas creates a hardship to them, because the structures are deteriorated and need renovations, and Casita 1 is uninhabitable in its present condition. **[Ex. A, Appeal Petition, at 4]** In this "de novo" appeal, the Governing Body may uphold or reverse the HDRB's decision affecting these structures' historic status. **[SFCC Section 14-2.2(F)]** A "de novo" hearing is one in which the Governing Body conducts an independent application of the law to the evidence to decide whether the facts and the law support the structures' historic statuses.

I. BACKGROUND & PREVIOUS HISTORIC DESIGNATIONS

A. The Property and Its History

The history of the Property is detailed in four abstracts by professional historians, written over a period of 42 years. The abstracts' conclusions about the historic status of the property are inconsistent. The historic abstracts may persuade or guide a decision on the structures' historic status, but they do not control the outcome. When the HDRB reviews a property to determine its status, the existing status of a building comes from the City's official Buildings Historic Status map. With Casita 2, there was no documentation regarding how it received its current status. The Buildings Historic Status map shows Casita 1 with no status and the main house and Casita 2 as significant structures. **[Ex. E, screenshot from Buildings Historic Status map]**

The first of the four historic abstracts is a New Mexico Historic Building Inventory Form ("HBI"), based on a survey performed in 1982. **[Ex. D, Staff Report, at 26-28]** This one-page report, with two photos attached, gives a description only of a row of apartments, describing it as a "significant" building. The HBI notes the antiquity of the apartments, that parts pre-date 1912, and that Benigno Muñiz, "ed - *El Nuevo Mexicano*" had acquired the property by 1928. **[Ex. D, Staff Report, at 26]** The HBI gives no description of outbuildings, except for the following notation: "718½ - Jackson David". This may have been identifying a tenant in one of the casitas.

The second abstract, a 1996 Historic Building Inventory "Resurvey," describes the apartment structure's design as Territorial, Territorial Revival and Vernacular, the degree of remodeling as "minor," and identifies its historic status as both "contributing" and "significant." **[Ex. D, Staff Report, at 49]** (Definitions may not be mutually exclusive, although the HDRB gives a structure a single designation when deciding historic status.) The Resurvey does not refer to any outbuildings.

A Historic Cultural Properties Inventory ("HCPI"), written in 2007, refers to "a separate two-room adobe," 40 feet south of the "main structure" (the Apartments) with a shared driveway, "not considered on this survey." **[Ex. D, Staff Report, at 29]** There is no reference to a second casita. The author wrote that the Apartments were "non-contributing" because, "The building lacks integrity of architectural style as a result of multiple additions and alterations." **[Ex. D, Staff Report, at 31]** This HCPI notes that Benigno Muñiz owned the property from the 1890s through 1944, but does not describe Mr. Muñiz' prominence in the community. **[Ex. D, Staff Report, at 30]**

A 70-page HCPI, written in 2024 in response to Ms. Rivera's request for a status review, addressed the histories and historic statuses of four structures on the property – the Apartments, the two casitas and a wood-framed shed. This HCPI also provides a biography of Mr. Muñiz, who was an altar boy for Archbishop Lamy at the Santa Fe Cathedral, went to work as a printer for the New Mexican Printing Company and became Chairman of the Typographical Union. **[Ex. D, Staff Report, at 85-86]** The HCPI describes that Mr. Muñiz went on become Editor in Chief of the *El Nuevo Mexicano*, the Spanish-language edition of *The New Mexican*, a position he held for almost 20 years. The author of the HCPI, John W. Murphey, noted the Apartments' significant status, but wrote, "It is unclear when or why the designation was made, other (than) the original 1984 survey stated 'pre-1912.' Given its alterations, it seems more appropriate to be statused at the Contributing level, ..." **[Ex. D, Staff Report, at 94]**

Mr. Murphey's HCPI concludes that Casita 1, approximately 778 square feet, likely was built in the 1930s. Benigno and Inés Muñiz deeded it to their daughter Domitila, or "Tillie," who was Emily Rivera's great aunt. **[Ex. D, Staff Report, at 82-83]** José and Tillie Rivera died without children. Decades lapsed while an out-of-state executor of their estate neglected the structure, and relatives litigated its ownership, according to Murphey's HCPI and Ms. Rivera's account at the HDRB hearing. During its neglect, the empty structure deteriorated. **[Ex. D, Staff Report, at 83, 93-94]** In recommending a non-contributing status for Casita 1, Murphey noted its crumbling stucco, failing roofs in a bedroom and the living room, compromised ceiling vigas, and rotting floorboards and joists. **[Ex. D, Staff Report, at 82-83, 94]**

The square footage of Casita 2 is unknown, but with only three rooms, it is smaller than Casita 1, and sits just five feet to the south of it. Casita 2 likely was built in 1935 and occupied through 2006. In the 2024 HCPI, it is described as a "small unimpressive dwelling" with a significant status. The HCPI reads that it is unclear how it received this designation, as there is no survey or HDRB case to support it. **[Ex. D, Staff Report, at 95]** Murphey recommended it be downgraded to contributing.

B. Historic Designations Defined

City Code, Section 14-12.1, defines the status levels for historic properties as follows:

SIGNIFICANT STRUCTURE: A structure located in a historic district that is approximately 50 years old or older, and that embodies distinctive characteristics of a type, period or method of construction. For a structure to be designated as significant, it must retain a high level of historic integrity. A structure may be designated as significant:

(A) for its association with events or persons that are important on a local, regional, national or global level; or

(B) if it is listed on or is eligible to be listed on the State Register of Cultural Properties or the National Register of Historic Places.

CONTRIBUTING STRUCTURE: A structure, located in a historic district, approximately 50 years old or older that helps to establish and maintain the character of that historic district. Although a contributing structure is not unique in itself, it adds to

the historic associations or historic architectural design qualities that are significant for a district. The contributing structure may have had minor alterations, but its integrity remains.

NON-CONTRIBUTING STRUCTURE: A structure, located in a Historic District, that is less than 50 years old or that does not exhibit sufficient historic integrity to establish and maintain the character of the Historic District.

When the Historic Districts staff ("Staff") can find no record that a structure has ever been assigned a status, the structure is deemed to be "unstatused" or "non-statused." "Non-Contributing" is an assigned status and is not the same as unstatused or non-statused. Significant and contributing structures have special protections, and significant structures are more restricted than contributing structures. **[SFCC § 14-5.2(D)(2)(c-d), (3)(b) and (5)(a)]** For this reason, "significant" is treated as a higher, more restrictive classification than "contributing", and the HDRB commonly refers to a change from significant to contributing, or from contributing to non-contributing, as a "downgrade".

Proposed additions or alterations that do not comply with Code restrictions for significant or contributing buildings are not entirely prohibited: the HDRB can permit them if the property owner or project applicant requests "exceptions" and meets three criteria described in the Code at SFCC 1987, Section 14-5.2(C)(5). The applicant has the burden of "conclusively demonstrating" the exception criteria. SFCC 1987, § 14-5.2(C)(5)(b).

II. PROCEDURAL HISTORY

A. 2024 Application

In February 2024, the Appellant Emily Rivera filed an Application for a historic status review from the HDRB with the Land Use office. **[Ex. D, Staff Report, at 145]** In her Application she explained that she sought the status review to "make decisions about the properties' ongoing care and maintenance." **[Ex. D, Staff Report, at 145]** Ms. Rivera did not describe any renovations she planned, and the HDRB commonly considers a historic building's status independently of proposed renovations. See Section C, below. In her Application, Ms. Rivera did not request specific historic designations for any specific structure, nor did she make any reference to the existing status of any of them. **[Ex. D, Staff Report, at 145]** At the time she submitted the Application and in the HDRB hearing, Appellant Emily Rivera was not represented by agent Lisa Martinez, B Constructiv LLC.

B. Staff Recommendations

In its Staff Report, the Staff recommended:

- The Apartments' historic status be maintained as **significant**, as it is "a direct reflection of the architectural design of its time and place";
- Casita 1 be designated **non-contributing**, because it is has been "uninhabitable for some time and has fallen into disrepair";
- Casita 2 be downgraded to **non-contributing**, because it is "in a state of disrepair and uninhabitable"; and

• The shed, adjacent to Casita 1, be designated **non-contributing**. **[Ex. D, Staff Report, at 21-22]**

C. Board Decisions to Assign Historic Status

On March 12, 2024, the HDRB held a public hearing about the Application. Four members of the Board participated in the hearing. Because the chair only has a vote in ties, three members voted. **[Ex. C, Minutes, at 17-18]** Ms. Rivera said she had no desire to change the look or feel of the Apartments, other than to improve the things that are permitted and to fully restore it. **[Ex. C, Minutes, at 16]** She did not describe what she intended to do with the casitas, mentioning no plans for either restoration or demolition, but she said she doubted she could fully restore both of them. **[Ex. C, Minutes, at 16]** She agreed with the recommendations of the HP Staff. **[Ex. C, Minutes, at 16]** Four members of the public spoke about the historic status of the structures. Three people told the HDRB that the significant status of the main structure should be maintained and that the two casitas should have contributing status. Another person told the Board the main structure should be downgraded to contributing and said nothing about the casitas. **[Ex. C, Minutes, at 17]**

The HDRB voted on the status of each structure under consideration. **[Ex. C, Minutes, at 17-18]** Member John Bienvenu moved, and the Board voted, as follows:

• That the status of the main structure be maintained as **significant**, which passed by a vote of two to one;
• That the status of Casita 1 be designated as **contributing**, with the primary façade specified as the north façade, which passed by a vote of three to zero;
• That the status of Casita 2 be designated as **contributing**, with the primary façade specified as the north façade, which passed by a vote of three to zero; and
• That the status of the shed be designated as **non-contributing**, which passed by a vote of three to zero. **[Ex. C, Minutes, at 17-18]**

The Code restricts alterations to the "primary façades" of contributing buildings. SFCC 1987, § 14-5.2(D)(2)(c-d) and (D)(5)(a). The Code restricts *all* façades of a significant building and does not impose the same restrictions on alterations to non-contributing buildings. Hence, the HDRB identifies primary façades when it assigns a contributing status, but it does not do so when it assigns a significant or non-contributing status. The Appellants are not disputing the HDRB's primary façade designations but, more broadly, they are challenging the historic designations of the Apartment and both casitas.

On May 14, 2024, the HDRB adopted written Findings of Fact and Conclusions of Law reflecting its decisions regarding the Property. **[Ex. B, FF&CL, at 8-12]**

III. APPEAL TO THE GOVERNING BODY

A. Applicable Code Sections

Under SFCC 1987, Section 14-3.17(A)(2), an appeal of an HDRB decision may be filed for one or more of the following reasons:

(a) To contest non-compliance of a final action with Chapter 14 or Sections 3-21-1 through 3-21-14 NMSA 1978 (the New Mexico zoning enabling act);
(b) To contest the application of SFCC Chapter 14; or
(c) To appeal a decision lacking substantial evidence to support it.

B. The Appellants' Claims

The Appellants make the following arguments in their Verified Appeal Petition ("Petition"):

1. The Application did not conform with SFCC Section 14-3.1(G), Review and Approval Procedures, General Provisions, Application Completeness, because HDRB did not have floorplans or elevations needed for a complete and informed historic status review.

2. The Staff and HDRB did not define or discuss the number and public visibility of façades for each of the four structures in the Application and whether the assigned statuses support the public good and outward harmonious appearance of the Historic Districts, as required by SFCC Section 14-5.2(A)(1), Historic Districts, General Provisions, General Purpose.

3. The Staff and HDRB did not discuss or identify the character-defining features of the façades, did not assess the historic and non-historic doors and windows, or other character-defining features, such as building massing, brick parapet coping and deep window reveals.

4. The HDRB did not follow the advice and recommendations of the City's Staff, the professional consultant who completed the 2024 HCPI, nor information in Staff files when discussing and voting on the historic statuses.

5. In deciding the historic status of the structures at 718 Old Santa Fe Trail, the HDRB assumed that the three residential structures in the application comprise a historic compound, and this assumption is not contrary to SFCC Section 14-5.2(K), Historic Districts, Historic Compounds.

6. There were only the chair and three voting members to form a minimum quorum of four members. **[Ex. A, Appeal Petition, at 4-6]**

The Appellants also asserted that the historic designations create a hardship for them, claiming Ms. Rivera does not have the financial means for the work to make the two casitas structurally stable and compliant with building codes. **[Ex. A, Appeal Petition, at 4]** The Appellants have not proposed historic designations they believe are appropriate for the structures.

IV. ANALYSIS

A. Evidence Supporting the Board's Decision

The HDRB had evidence to support its historic status designations. Although Member

Bienvenu did not recite the specific facts supporting each of his motions, he referred broadly to "the reasons set forth in the Staff Report and on the record of this hearing." **[Ex. C, Minutes, at 17-18]** The historic surveys and inventories include evidence that the Apartments and casitas are all 50 years old or older. **[Ex. D, Staff Report, at 75]** They also include evidence that the Apartments embody distinctive characteristics of a type, period or method of construction, have a high level of historic integrity, and are associated with a person that was important on a local or regional level. These are all the elements of a significant structure, in accordance with SFCC Section 14-12.1. **[Ex. D, Staff Report, at 21-22, 24]** For the casitas, their relationship to the family of Bengino and Inés Muñiz and their adobe and stucco vernacular construction are historic associations or architectural design qualities that are significant for the District. **[Ex. C, Minutes, at 15-16; Ex. D, Staff Report, at 82-84]**

In relation to the arguments made by the Appellants in their Verified Appeal Petition **[Ex. A, Appeal Petition, at 4-6]**, the Governing Body may consider the following analysis:

1. The Appellants argue that the HDRB did not have floor plans or elevations required by SFCC Section 14-3.1(G), Review and Approval Procedures [Ex. A, Appeal Petition, at 4-5]:

SFCC 1987, Section 14-3.1(G) does not require floor plans or elevations for the Land Use Staff or a Land Use Board to conduct a review. Rather, it requires only that an Application include all the exhibits "specified by the land use director," and that the "land use director shall make a determination of application completeness." For a construction project application, which would be the basis for a building permit, floor plans and elevation drawings are required, but determining the historic status of a structure is not based the applicant's future plans for a structure. An applicant's plans for the future of a building may change before the applicant applies for a building permit, depending on costs, family events or changes in the applicant's economic circumstances.

2. The Appellants argue the Staff did not address the public visibility of the façades for each structure, and whether the statuses assigned to them support the public good and outward harmonious appearance of the historic districts.

"Public visibility" is not an element of any definition the HDRB had to consider in determining "significant," "contributing, "non-contributing" or "primary façade." **[See Syllabus, Definitions]** The 2024 HCPI notes the prominent location of these buildings, on a small bluff overlooking a heavily traveled street. **[Ex. D, Staff Report, at 80]** Under the subheading "Architectural and Construction Details," the 2007 HCPI provides an inventory of windows, doors, chimneys, porches and additions, and identifies the architectural style of each elevation. **[Ex. D, Staff Report, at 32-33]** Extensive detail about each façade, including a description of the doors, windows, stucco, coping and rooflines, is provided in the 2024 HCPI. **[Ex. D, Staff Report, at 77-78]**

The term "public visibility" appears rarely in the Historic Districts Code, primarily in the restrictions on rooftop appurtenances, such as decks and solar collectors. S*ee* SFCC 1987, Section 14-5.2(D)(3)(b). "Public visibility" is also a consideration in the limitations on color and the use of materials other than adobe and stucco in Recent Santa Fe Style buildings. *See*

SFCC 1987, Section 14-5.2(E)(2)(b), (d) and (e).

3. The Appellants argue that the HP Staff and HDRB did not identify the character-defining features of the façades and did not assess the historic and non-historic doors and windows.

The 2007 HCPI provides an inventory of windows, doors, chimneys, porches and additions, and identifies the architectural style of each elevation. **[Ex. D, Staff Report, at 33]** Extensive detail about each façade, including a description of the doors, windows, stucco, coping and rooflines, is provided in the 2024 HCPI. **[Ex. D, Staff Report, at 77-78]**

The HDRB commonly requires a report on the antiquity of windows and doors when an applicant for a renovation or remodel seeks to remove and replace historic windows, which is restricted to those deteriorated beyond repair. **[SFCC § 14-5.2(D)(5)(a)(i)]** This may require a written report by a paid window-assessment professional, or an exception if the applicant can conclusively demonstrate the three exception criteria. **[SFCC § 14-5.2(D)(5)(a)(i)]** A historic window assessment is not required for a status review. **[SFCC § 14-5.2(C)(2)(b)(ii)]**

4. The HDRB did not follow the advice and recommendations of the Staff or the professional consultant who completed the 2024 Historic Cultural Properties Inventory (HCPI).

The authority to determine the historic status of any structure in the City's Historic Districts is granted solely to the HDRB, under SFCC Section 14-5.2(C)(2)(b). The authors of historic abstracts do not have that authority. When Staff is granted authority to make decisions without review, the City Code clearly delegates it. A concise summary of this decision-making authority appears in SFCC 1987, Section 14-2.1, Table 14-2.1-1, showing that Staff may decide certificates of occupancy, minor plan modifications, and some subdivision and utility conformity reviews. For Staff to bind the HDRB would defeat the discretion vested in the HDRB by SFCC 1987, Section 14-5.2(C)(2)(b), and constitute an unapproved expansion of the Staff's authority.

The authors of the HBIs and HCPIs often have broad experience in the field of historic preservation, drawn from their educational backgrounds and work for other cities, other states, and federal agencies such as the U.S. National Park Service. They are not City employees, and their reports are not written with the City's Code as a frame of reference. A reader may review a dozen HCPIs from highly respected architectural historians and find very few references to the City's Code, or none at all. In contrast, HDRB must apply the definitions of such terms as "significant," "contributing" and "non-contributing" from the City's Code. **[SFCC Section 14-5.2(C)(2)(b)(ii)]** Because of this, the HDRB's conclusion about the historic status of a property may differ from the conclusions of a HBI or HCPI author.

5. **HDRB assumed that the three residential structures in the application comprise a historic compound, but this assumption is inconsistent with SFCC Section 14-5.2(K), Historic Districts, Historic Compounds.**

There was no discussion in the Staff Report or during the March 12, 2024, hearing that

the structures under review are part of a historic "compound," which is a special status under the Historic Districts Code. *See* SFCC 1987, § 14-5.2(K). The definition of "compound" is "[t]hree or more attached or detached dwelling units *on one lot* and located in the RC-5, RC-8, RAC, AC or BCD districts." (Emphasis added.) 718 Old Santa Fe Trail is in an RAC (Residential Arts & Crafts) district, but the structures are not on a single lot – they are spread out over five separate lots. **[Ex. D, Staff Report, at 146]** Thus, the definition of compound does not apply to them.

6. Only the chair and three voting members formed a minimum quorum of four members.

The Appellants' argue that "a more complete Board presence could have provided the applicant with greater opportunity for a more desirable outcome." **[Ex. A, Appeal Petition, at 6]** Per the City of Santa Fe's Rules and Procedures for City Committees, "A majority of the members shall constitute a quorum." **[Resolution # 2009-20, Art. 11, § 2(A)]** It is immaterial that only two members voted to sustain the significant status of the apartments. Per Resolution 2009-20, "[T]he vote of a majority of members present shall decide any questions brought before such a meeting . . .." **[*Id.*, §2(C)]** Resolution # 2009-20, describing procedural rules for the City's committees, does not require a majority of a committee to cast a vote in favor of a motion for the motion to pass when fewer than the full members are present and there is not a tie. Resolution 2009-20, Art. 11, § 2(B), requires the chairperson of a City Committee to abstain from voting unless his/her vote is necessary to break a tie, or to provide a specified necessary number of votes required by law for a board or committee to act. Resolution 2009-20 is consistent with New Mexico law that requires that the chairperson of an administrative board is not counted in the calculation of the majority when he/she abstains from voting. See *McCormick v. Hobbs Municipal School Dist.*, 1954-NMSC-094. See also *Roberts Rules of Order*, § 44:9 (abstention should not count as a "no" vote).

B. <u>Standard of Review</u>

On appeal, the Governing Body should determine whether there is substantial evidence to support the HDRB designations. The Governing Body should independently apply the Code provisions described above to the facts of this case. *See* Appendix (relevant Code provisions).

V. CONCLUSION & MOTION OPTIONS

With respect to each of three structures under review, the Governing Body should determine if substantial evidence and the City's Code support the Apartments' status of "significant," "contributing" or "non-contributing"; Casita 1's status of "contributing" or "non-contributing"; and Casita 2's status of "contributing" or "non-contributing":

- Motion: *I move to grant the appeal, reverse the Board's decision, designate the (apartment building/casita 1/casita 2) as (contributing or non-contributing) and direct staff to prepare Findings of Fact and Conclusions of Law consistent with this motion.*

Otherwise, the Governing Body should affirm the Board's decision and deny the appeal:

- Motion: *I move to deny the appeal, affirm the Board's decision (that the apartment building is significant / that casita 1 or 2 is contributing), and adopt the Board's Findings of Fact and Conclusions of Law as our own.*

APPENDIX:
EXCERPTS FROM SANTA FE CITY CODE

§ 14-5.2 – Historic Districts

(C) Regulation of Significant and Contributing Structures in the Historic Districts

(1) Purpose and Intent

It is intended that:

(a) Each structure to be recognized as a physical record of its time, place, and use. Changes that create a false sense of historical development, such as the addition of conjectural features or architectural elements from other buildings, shall not be undertaken;

(b) Changes to structures that have acquired historic significance in their own right shall be retained and preserved, recognizing that most structures change over time;

(c) Distinctive features, finishes, and construction techniques or examples of craftsmanship that characterize a structure be preserved; and

(d) New additions and related or adjacent new construction be undertaken in such a manner that if removed in the future, the original form and integrity of the historic property and its environment would be unimpaired.

(2) Designation of Significant, Contributing, or Noncontributing Status within Historic Districts

(a) Status Designation

Structures within historic districts may be designated a status of "significant," "contributing," or "noncontributing" based upon the definitions of these terms in Article 14-12. Staff shall maintain a record as to the current status of structures located in the Historic Districts.

(b) Board Authority to Review Status Designation

(i) The Board is authorized to change the status of a structure or to designate a status for a structure with no status designated.

(ii) A change in status or the designation of a status shall be based upon an evaluation of data provided through survey or other relevant sources of information and the definitions of "significant," "contributing," or "noncontributing."

(c) Initiation of Review of Status Designation

The Board may review the status designation in response to the following:

(i) An application for construction or demolition as set forth in Section 14-5.2 as follows:

A. Prior to the application being placed on a board agenda or prior to issuance of a building permit, if Board approval is not required, staff shall determine whether or not the board should review the status of the structure. Staff's determination shall be made within thirty days of submittal of the application. If staff's determination is not completed within the thirty days, the application shall be forwarded to the board. Review by the board as to the structure's status shall be made at the earliest practicable date. The board or staff (as applicable) may consider the application immediately following the determination of status. The application shall be reviewed based upon the status of the structure following the determination of status.

B. Prior to action by the board on the application, the board itself may decide to review the status of the structure. The board's determination as to the status shall be made within forty-five days of the decision of the board to review the status. The board or staff (as applicable) may consider the application immediately following the determination of the status. The application shall be reviewed based upon the status of the structure following the determination of status.

(ii) A request from the property owner; or

(iii) A request initiated by the city. Staff shall notify the property owner prior to initiating the request.

(D) General Design Standards for All H Districts

In any review of proposed additions or alterations to structures that have been declared significant or contributing in any historic district or a landmark in any part of the city, the following standards shall be met:

(1) General

(a) The status of a significant, contributing, or landmark structure shall be retained and preserved. If a proposed alteration will cause a structure to lose its significant, contributing, or landmark status, the application shall be denied. The

removal of historic materials or alteration of architectural features and spaces that embody the status shall be prohibited.

(b) If a proposed alteration or new construction will cause an adjacent structure to lose its significant, contributing, or landmark status, the application may be denied.

(2) Additions

(a) Additions shall have similar materials, architectural treatments and styles, features, and details as the existing structure, but shall not duplicate those of the existing structure in a manner that will make the addition indistinguishable from the existing structure.

(b) Additions to buildings that meet the standards of Subsection 14-5.2(E) shall continue to meet those standards set forth in Subsection 14-5.2(E) in addition to the standards set forth in this section.

(c) Additions are not permitted to primary façades.

(d) Additions are not permitted to the side of the existing footprint unless the addition is set back a minimum of ten (10) feet from the primary facade. The addition shall not exceed fifty percent of the square footage of the existing footprint, and shall not exceed fifty percent of the existing dimension of the primary facade. To the extent architecturally practicable, new additions shall be attached to any existing noncontributing portion of structures instead of attaching them to the significant or contributing portion.

(3) Remodeling to Increase Height; Rooftop Appurtenances

(a) For remodeling of existing significant and landmark structures, no increase in height of the structures is permitted. (For standards relating to additions to existing structures, see paragraph (2) above.)

(b) For significant and landmark structures, publicly visible roof top appurtenances, including but not limited to solar collectors, clerestories, decks, or mechanical equipment, shall not be added nor shall the parapet be raised to conceal the rooftop appurtenances. For contributing buildings solar collectors, clerestories, decks, or mechanical equipment if publicly visible shall not be added.

. . .

(5) Windows, Doors, and Other Architectural Features

(a) For all facades of significant and landmark structures and for the primary facades of contributing structures:

(i) Historic windows shall be repaired or restored wherever possible. Historic windows that cannot be repaired or restored shall be duplicated in the size, style, and material of the original. Thermal double pane glass may be used. No opening shall be widened or narrowed.

(ii) No new opening shall be made where one presently does not exist unless historic documentation supports its prior existence.

(iii) No existing opening shall be closed.

(b) For all façades of significant, contributing and landmark structures, architectural features, finishes, and details other than doors and windows, shall be repaired rather than replaced. In the event replacement is necessary, the use of new material may be approved. The new material shall match the material being replaced in

composition, design, color, texture, and other visual qualities. Replacement or duplication of missing features shall be substantiated by documentation, physical or pictorial evidence.

PRIMARY FAÇADE

One or more principal faces or elevations of a building with features that define the character of the building's architecture.

SIGNIFICANT STRUCTURE

A structure located in a historic district that is approximately fifty years old or older, and that embodies distinctive characteristics of a type, period or method of construction. For a structure to be designated as significant, it must retain a high level of historic integrity. A structure may be designated as significant:

Re: 718 Old Santa Fe Trail – Appeal to HDRB Decision(s)

Dear Land Use Staff and Members of the Historic Districts Review Board,

The following appeal is submitted in response to the action (determinations) of the Historic Districts Review Board (HDRB) listed below for certification of the **Historic Status Review** of four structures at 718 Old Santa Fe Trail. Per Procedures for Appeals, Resolution 2011-24, II(B)(1)(c), the relief requested is reversal of the Final Action or remand for rehearing by the Historic Districts Review Board for the Main Residential Structure, and Casitas 1 & 2. The action taken by the HDRB for Status Review and Primary Façade Designation(s) is as follows:

- The Main Residential Structure as **SIGNIFICANT** with all facades designated as primary and requiring preservation;
- Casita 1 as **CONTRIBUTING** with the north façade as primary;
- Casita 2 as **CONTRIBUTING** with the north façade as primary; and
- The Tool Shed as **NON-CONTRIBUTING**. The applicant accepts the historic status designation for the shed.

Hardship

The Applicant/Owner (Ms. Emily Rivera) does not have the financial means to undertake the necessary restoration and repairs to the two Casitas that are needed to make them structurally stable and in compliance with current building codes. The designations of **SIGNIFICANT** and **CONTRIBUTING** historic status place additional requirements on the structures for restoration and preservation of all historic materials. The degraded adobe walls, the caved-in roof members, and the rotten and cracked wooden doors and windows are in a very poor state of repair and will add significant cost for the Owner.

The Applicant/Owner does not currently live on the property and is burdened by the need for continuous monitoring of the property, especially with the two casitas that are not inhabited and in a poor state of repair. The rental tenants in the main residential structure are not responsible for property management.

Basis for Appeal

There are six items that inform the basis for this appeal and they are individually specified below with Land Development Code (LDC) citations where applicable.

1. The HDRB application, in terms of full analysis was not in conformity with LDC 14-3.1(G) Review and Approval Procedures, General Provisions, Application Completeness.

The Board did not have floorplans or elevations that would have illustrated the essential information needed for a complete and informed Historic Status Review. The application may have been prematurely placed on the Board agenda and public hearing which limited the Board's ability to thoroughly understand the property.

Indeed, a member of the public testified at the HDRB hearing that all facades of the main structure were not provided to enable a determination as to the correct historic status. Without this information, it could not be determined if the main structure should be listed as significant, with all facades designated as primary, or contributing with designation of some facades as primary.

2. The HPD staff and the HDRB members did not define or discuss the number of facades that are present for each of the four structures in the application.

The application record and the public hearing did not include any discussion of the public visibility of any facades and how they do or do not comply with LDC 14-5.2(A)(1) Historic Districts, General Provisions, General Purpose to support the public good and the outward harmonious appearance of the historic districts.

3. The HPD staff and the HDRB members did not define or discuss the character-defining features of the facades for each of the four structures in the application, per LDC 14-5.2(C)(2)(b)(ii).

An assessment of the historic and non-historic doors and windows and other character-defining architectural features, such as building massing, brick parapet coping, and deep window reveals, was not provided by staff in their recommendation for Board action on primary facades. When staff was questioned by the Board regarding the recommended historic statuses, the response was that the recommendations were considered from the poor physical state of repair only.

4. The HDRB did not follow the advice and recommendations of their professional staff, the professional consultant who completed the Historic Cultural Properties Inventory (HCPI) Form, nor information in HPD files for this property when discussing and voting on the historic statuses for the structures.

HPD staff recommended the following:

- **Maintain SIGNIFICANT STATUS (NO CHANGE) for** Main Residential Structure**.**
- **NON-CONTRIBUTING** historic status for the two casitas (not contributing)

The Current Professional Consultant recommended the following:

- The Main Residential Structure should be designated as **CONTRIBUTING** with the south elevation as primary;
- Casita 1 should be designated as **NON-CONTRIBUTING** with recognition of the very poor state of repair;
- Casita 2 should be designated as **CONTRIBUTING** with a primary façade difficult to identify, but possibly as the north elevation; and
- The shed should be designated as **NON-CONTRIBUTING**.

The HPD files includes prior public hearing information regarding the historic statuses of the structures on the property and all of this information was not brought forward in this application. These files include the following:

- The earliest historic cultural property inventory (HCPI) form for this property is from 1982. It only describes the main residential structure and the historic status recommendation of **CONTRIBUTING** was initially checked, then scribbled out and **SIGNIFICANT** was checked.
- The 1996 HCPI form identifies the adjacent "apartments" (Casitas 1 & 2) on a map but only describes the main residential structure with the historic status recommendation of **SIGNIFICANT**.
- The 2007 HCPI form was part of a public hearing for historic status review at the HDRB, perhaps for the main residential structure only, but that case with hearing minutes was not provided. The professional consultant recommended **NON-CONTRIBUTING** historic status due to alterations.
- The 2024 HCPI form that was acquired for the present application thoroughly described all four structures on the property and recommended the following:
    - The Main Residential Structure should be designated as **CONTRIBUTING** - south elevation as primary;
    - Casita 1 should be designated as **NON-CONTRIBUTING** with recognition of the very poor state of repair;
    - Casita 2 should be designated as **CONTRIBUTING** with a primary façade difficult to identify, but possibly as the north elevation; and
    - The shed should be designated as **NON-CONTRIBUTING**.

5. In making its determination about the historic status of the structures at 718 Old Santa Fe Trail, the HDRB relied on an assumption that the three residential structures in the application comprise a historic compound which is not in conformity with LDC 14-5.2(K) Historic Districts, Historic Compounds.

In order to conform with the LDC 14-5.2(K), the property would need to have been recommended by the HDRB or designated by the Governing Body as a historic compound. The HDRB considered that this property as a historic compound and used this information to assign historic statuses to the structures inappropriately.

Indeed, two members of the public testified to the importance of this property as a compound. The ability of the public to testify at a hearing ensures that the HDRB can gather additional information from Santa Fe citizens other than the owner/applicant to gain a better understanding of the issues. Public testimony in a hearing process can be used by the Board to confirm or disqualify their own deliberations and they can have a substantial effect upon the HDRB final decisions. In this case, public testimony inappropriately strengthened the idea that a historic compound should be preserved.

6. The HDRB has seven members and on the hearing date of March 12, 2024, there were only three voting members and the chair present to form a minimum quorum of four members.

During deliberations, one voting member requested that the Board not "go overboard" and recommended:

- **CONTRIBUTING** status to the Main Residential Structure (not significant),
- **CONTRIBUTING** status to Casita 1, and Casita 2; and
- **NON-CONTRIBUTING** status to the Shed.

When the Board ultimately voted on the historic status for the Main Residential Structure, there were only two votes out of four members present of a seven-member Board to maintain the **SIGNIFICANT** status. When considering the historic status of the structures on this property, the differing recommendations of staff and consultants, and the potential burden that historic status can impose upon a property, a more complete Board presence could have provided the applicant with greater opportunity for a more desirable outcome.

We thank you in advance for your consideration and ask that you contact me with any questions.

Warm Regards,

Lisa D. Martínez

THIS MATTER came before the Historic Districts Review Board ("Board") for hearing on March 12, 2024.

BACKGROUND

718 Old Santa Fe Trail is a single-family residence with two accessory dwelling units, or "casitas," and a tool shed in the Downtown and Eastside Historic District. Parts of the main residence were built in the 1880s, it has been expanded by at least four room additions and three porch additions, and it now holds about 5,170 square feet of living space, divided into three apartments. Built by Beningo Muñiz, the editor of the Spanish-language *El Nuevo Mexicano* for almost 20 years, it has a historic status of significant due to its age, historic integrity and its association with Muñiz and his family. At the March 12, 2024, hearing, the Applicant asked the Board to review the historic status of the four structures and to designate primary façades, if applicable.

The architectural design of the main residence is quintessential Santa Fe vernacular as seen by the adobe block construction material, rectangular shape construction, red brick coping, flat roof, and irregular windows and doors on the southern façade. It has undergone an evolution of construction and additions, at one time holding as many as five apartments. The structure was given significant status in 1982, and the Staff recommends it maintain this status.

Casita 1, about 778 square feet, sits about 40 feet south of the main residence. A 2023 Historic Cultural Properties Inventory describes this as a modest vernacular home, made of adobe block and wooden vigas, with recessed windows. The initial date of construction is unknown, but it most likely was around 1928. Casita 1 has been unoccupied, has fallen into disrepair, has extensive roof damage and most likely is uninhabitable. The City's Building Historic Status map depicts this structure as unstatused, and its status is not addressed either in a HCPI written in 2007, or in New Mexico Historic Building Inventories issued in 1982 and 1996. Staff recommends Casita 1 to be designated as non-contributing.

Casita 2, a smaller unit which sits just five feet south of Casita 1, is built in the same modest vernacular style. The north elevation, facing the other casita, has a wood door and two small barn sash windows; the east, street-facing side has no fenestration. The exact year of construction is uncertain, but most likely it was around 1928. It is apparent on an aerial map from 1935, and on a 1939 survey plat map. In comparing its condition today to aerial imagery from the late 1950s, the footprint of the building has not changed for about 70 years. On the Building Historic Status map, this structure is shown as having significant status, but it is not

clear how it acquired this status. There is no reference to this building in the 2007 HCPI, or in the 1982 or 1996 Historic Building Inventories. The structure is now in a state of disrepair and uninhabitable, and the Staff recommends Casita 2 be downgraded to non-contributing status.

The tool shed, situated immediately west of Casita 1, was constructed opportunistically with material, apparently recycled boards, from around the property. The exact date of construction is unknown, however the owners think it was built in the 1980s. It is a rectangular, low-gabled room with a small, shed-roof extension at the west. It has no significant architectural features and serves the residence as a storage space. No historic status has ever been assigned to this shed. Given the approximate date of construction and the general design, the Staff recommends non-contributing status for it.

FINDINGS OF FACT

After conducting a public hearing and having heard from the Applicant and all interested persons, the Board hereby FINDS, as follows:

1. Historic Preservation Division City staff reviewed the application, related materials and information submitted by the Applicant for conformity with applicable Santa Fe City Code ("SFCC") requirements, and provided the Board with a written report of its findings ("Staff Report"), which evaluates the factors relevant to the application.
2. Historic Preservation Division Staff Recommendation: Staff recommended the historic status of the main structure be maintained as significant, Casita 1 as non-contributing, Casita 2 downgraded to non-contributing, and the tool shed as non-contributing, per SFCC Section 14-5.2(C), Designation of Significant and Contributing Structures.
3. The project is subject to SFCC Section 14-5.2(C), Regulation of Significant and Contributing Structures.
4. The project is subject to the requirements and general design standards set forth in SFCC Section 14-5.2(D), General Design Standards.
5. The property is located in the Downtown and Eastside Historic District and is subject to the district design standards set forth in SFCC Section 14-5.2(E).
6. SFCC Section 14-5.2(C)(2)(a-c) gives the Board authority to review and approve "significant," "contributing," or "non-contributing" status designations and to designate primary façades of contributing structures.
7. Under SFCC Section 14-12.1, the definition of a "contributing structure" is "a structure, located in a historic district, approximately 50 years old or older that helps to establish and maintain the character of that historic district. Although a contributing structure is not unique in itself, it adds to the historic associations or historic architectural design qualities that are significant for a district. The contributing structure may have had minor alterations, but its integrity remains."
8. Under SFCC Section 14-12.1, the definition of a "primary façade" is one or more principal faces or elevations of a building with features that define the character of the building's architecture.
9. Under SFCC Section 14-12.1, the definition of a "non-contributing structure" is a "structure, located in an H district, that is less than 50 years old or that does not exhibit

sufficient historic integrity to establish and maintain the character of the H District."

10. Under SFCC Section 14-12.1, the definition of a "significant structure" is a "structure located in a historic district that is approximately 50 years old or older, and that embodies distinctive characteristics of a type, period or method of construction. For a structure to be designated as significant, it must retain a high level of historic integrity. A structure may be designated as significant: (A) for its association with events or persons that are important on a local, regional, national or global level; or (B) if it is listed on or is eligible to be listed on the State Register of Cultural Properties or the National Register of Historic Places."
11. Based on the information set forth in the Staff Report, and the exhibits, testimony and evidence presented at the hearing, the Board finds that the Main Structure meets the definition of a "significant structure," since the evidence is that no plainly visible alterations have been done to it since the 1940s, it maintains a high level of historic integrity, and it was built by the long-standing editor of an influential Spanish-language newspaper.
12. Based on the information set forth in the Staff Report, and the exhibits, testimony and evidence presented at the hearing, the Board finds that Casita 1 meets the definition of a "contributing structure," for its high level of historic integrity. The Board finds that the north façade of Casita 1 is the principal elevation of the building with features that define the character of the building's architecture.
13. Based on the information set forth in the Staff Report, and the exhibits, testimony and evidence presented at the hearing, the Board finds that Casita 2 meets the definition of a "contributing structure," for its high level of historic integrity. The Board finds that the north façade of Casita 2 is the principal elevation of the building with features that define the character of the building's architecture.
14. Based on the information set forth in the Staff Report and exhibits and the testimony and evidence presented at the hearing, the Board finds that the tool shed adjacent to Casita 1 meets the definition of a "non-contributing structure," for there is no evidence that it is approximately 50 years old or older or that it helps to establish and maintain the character of the Historic District.
15. The information contained in the application and provided in testimony and evidence establishes that all applicable requirements for Board review have been met.

CONCLUSIONS OF LAW

Under the circumstances and given the evidence and testimony submitted during the hearing, the Board acted upon the application as follows:

1. The Board has the authority to review and approve the application.
2. The Board grants the Applicant's request to review historic status.
3. The Board maintains the historic status of the main house and apartments as significant.
4. The Board designates the historic status of Casita 1 as contributing, and designates the north façade as primary.

5. The Board downgrades the historic status of Casita 2 from significant to contributing, and designates the north façade as primary.
6. The Board designates the historic status of the tool shed as a non-contributing.

IT IS SO ORDERED ON THIS 14th DAY of MAY, 2024, BY THE HISTORIC DISTRICTS REVIEW BOARD OF THE CITY OF SANTA FE.

a. **2024-007892-HDRB. 718 Old Santa Fe Trl.** Downtown and Eastside Historic District. Significant. Emily Rivera, owner, requests a status review of all structures and primary façade(s) designation. (Paul Duran)

BACKGROUND & SUMMARY:

718 Old Santa Fe Trail is a single-family residence listed as significant to the Downtown and Eastside Historic District. The main residence on the property was built around 1880 on a 0.23-acre lot and comprised of a two bedroom 944-square foot home. The architectural design style is quint essential Santa Fe vernacular as seen by the adobe block construction material, rectangular shape construction, red brick coping, flat-roof, and irregular windows and doors on the southern façade. The main house has undergone an evolution of construction and additions with maintenance and repair. The structure was given significant status in 1982 and staff recommends it maintain the significant status as it is a direct reflection of the architectural design of its time and place.

Casita 1, identified by Mr. Murphey in his Historic Cultural Properties Inventory (HCPI 2023) survey of the property describes this home as a modest vernacular style home constructed out of adobe block, wooden vigas, and recessed windows. It is unknown of the initial date of construction but most likely around 1928. Casita 1 has been unkept and most likely uninhabitable for some time and has fallen into disrepair. Staff recommends Casita 1 as noncontributing status.

Casita 2 is built in the same modest vernacular style as Casita 1. It is uncertain the exact date of construction but most likely around 1928. The structure has been given significant status in 1982.

The structure has now become in a state of disrepair and uninhabitable. Staff recommends Casita 2 to be downgraded to non-contributing status.

The tool shed structure was constructed opportunistically with material from around the property. The exact date of construction is unknown, however the owners stated it being built around the 1980s. The shed has no significant architectural features and serves the residence as a storage space. Given the approximate date of construction and the general design, staff recommends the tool shed as non-contributing status.

STAFF RECOMMENDATION:

Staff recommends the historic status of the main structure be maintained as significant, Casita 1 as non-contributing, Casita 2 downgraded to non-contributing, and the tool shed as noncontributing, per 14-5.2(C) Designation of Significant and Contributing Structures.

Chair Rios confirmed that Casita 1 was never given a historic status and Casita 2 was given a significant status. On the field trip, in looking at the two buildings, it appears that Casita 1 has more character defining features and Casita 2 is plainer.

Chair Rios confirmed with Mr. Duran that there was a mistake when the survey was done.

Member Bienvenu confirmed with Mr. Duran that his recommendation to downgrade Casita 2 to non-contributing is solely because of its state of disrepair. He also confirmed with Mr. Duran that the issue about the condition is set aside, there'd be no question that this should be maintained as a contributing structure given its age, its historic integrity and in particular the way it interacts with the main building, which is significant.

Member Bienvenu said he disagreed with the interpretation of the Code because he doesn't see anything in the Code definitions of "contributing", "non-contributing", "significant" or "status" generally that refers to the physical condition of the property. It refers to historic integrity. The clear intent of the Code is whether it's been altered such that it no longer appears as it did in historic times, not its physical condition, which is addressed elsewhere, specifically in the demolition requirements.

Member Bienvenu said he would have a difficult time agreeing to a downgrade of a property that seems highly significant, not in the term of art sense used in the Ordinance,

although it may even qualify for that given the association with the family as well, but certainly its significance as to the streetscape and the historic fabric of Santa Fe,

APPLICANT PRESENTION:

Emily Rivera, 4791 15th Avenue Northeast Rio Rancho, and another gentleman (name was inaudible) were sworn. Ms. Rivera provided a history of the ownership of the property and how it came to be in the condition it is currently in. She said the main house is the one that was always intended for her family. Her great-grandfather wanted to have this for his daughters, and then to pass on to us, his descendants.

Chair Rios commended Ms. Rivera for wanting to keep these family homes. She confirmed that Ms. Rivera agrees with Mr. Duran's recommendation.

Chair Rios asked Ms. Lamboy if there are any grants available to financially help owners with improvements to their properties.

Ms. Lamboy confirmed that there are grant funds available.

Member Biedscheid asked Ms. Rivera what she envisions for the property, in terms of protections. Her concern is in making those sorts of designations it restricts the family to what can be done with the property. There are exception processes. In terms of the status designations, she asked Ms. Rivera if she understood what those designations mean.

Ms. Rivera said she knows a little bit about what the designations mean. In terms of changing the main house, she has no desire to change the look or feel of it other than just to improve the things she can and bring it back to what it should be. Her goal is to continue to maintain it but not to create such a mansion or palace that people cannot afford to live there.

Member Biedscheid said staff has recommended that both casitas be non-contributing but there is discussion by the Board that one or both casitas be contributing. She asked is Ms. Rivera agreed with that.

Ms. Rivera said she understood Mr. Duran's recommendation of non-contributing is because of the state of disrepair. She has considerations that concern her; she can't save the facade and the structural elements of it within her lifetime or within her means to make that viable and didn't that could be decided at the meeting.

Member Bienvenu said the Code specifically speaks to the fact that property owners in the historic district have an obligation to maintain their properties and prevent them from falling into disrepair and should be ordered to do so. He recognized this was not Ms. Rivera's fault, but the predecessor owner was in contravention of that aspect of

the Code. He said cost is another matter and he is hopeful that if Ms. Rivera decides to renovate and not come back for a demolition request, she could acquire some funds to help you with this project because this is a very significant part of Santa Fe history.

PUBLIC HEARING

Christopher Purvis, 818 Atalya, Santa Fe was sworn. He said there is more money from the Cultural Properties Review Committee, $25,000 tax credit each year.

Richard Martinez, PO Box 925, Santa Fe, was sworn. He confirmed what Mr. Purvis stated. He also referred to the significant status of the main house which means that all four elevations would be protected. Only two elevations were shown. He wouldn't consider it to be significant, maybe contributing and those two elevations would be primary.

Raymond Herrera, 379 Hillside Avenue, Santa Fe was sworn. He said he is familiar with the Muniz family which has been part of Santa for his lifetime. He said this house is a gem and merits the historic designation that it's getting. He thinks the casitas should also be designated contributing because they are part of the fabric of this property. Unfortunately, it's expensive, but with tax credits and everything, it might be possible to achieve a beautiful compound.

John Eddy,14 Avenida Campo Verde, Santa Fe, was sworn. He agrees with everything that has been said. I think that status should be maintained. The casitas should be contributing because they are part of the historic footprint. He thanked the applicants for having John Murphy do the incredible report on this property, it contains so much family history.

Stefanie Beninato, PO Box 1601, Santa Fe, was sworn. She appreciated the history and significance of this property. She would appreciate if the Board would find the main house to be significant. To help the applicant get funding it would be important to designate one or both casitas as contributing because otherwise they will not be eligible for the kind of funding that could be needed.

BOARD DISCUSSION/ACTION:

Member Biedscheid referred to the HCPI report which recommended contributing for the main house due to its alteration along the north elevation which changed the shape of the building from a one room width all the way back. Then he recommended non-contributing for Casita 1, based on the condition; contributing for Casita 2; and non-contributing for the shed. She agreed with those recommendations, aside from Casita 1, that all properties, minus the shed, should be contributing.

MOTION: In Case 2024-007892-HDRB. 718 Old Santa Fe Trl., Member Bienvenu moved that the main structure be maintained as significant for the reasons

set forth in the staff report and on the record of this hearing. The motion was seconded by Member Valdo.

VOTE: The motion passed by (2-1) roll call vote with Members Bienvenu and Valdo voting in favor and Member Biedscheid voting against.

MOTION: In Case 2024-007892-HDRB. 718 Old Santa Fe Trl., Member Bienvenu moved, based on the record that was provided prior to this hearing and this hearing, that Casita 1 be designated as contributing with the primary facade being the north facade. The motion was seconded by Member Valdo.

VOTE: The motion passed by (3-0) roll call vote with Members Bienvenu, Valdo and Biedscheid voting in favor and none voting against.

MOTION: In Case 2024-007892-HDRB. 718 Old Santa Fe Trl., Member Bienvenu moved, based on the record as presented, that Casita 2 be redesignated as contributing with the primary facade being the north facade. The motion was seconded by Member Valdo.

VOTE: The motion passed by (3-0) roll call vote with Members Bienvenu, Valdo and Biedscheid voting in favor and none voting against.

MOTION: In Case 2024-007892-HDRB. 718 Old Santa Fe Trl., Member Bienvenu moved that the tool shed be designated as non-contributing based on the record that indicates that it is not historic. The motion was seconded by Member Valdo.

VOTE: The motion passed by (3-0) roll call vote with Members Bienvenu, Valdo and Biedscheid voting in favor and none voting against.

Member Biedscheid said regarding the designation of significant for the main house, the non-historic doors and windows should be excluded.

Chair Rios asked the applicant if the doors and windows have been replaced in the last 50 years.

Ms. Rivera confirmed that some have been replaced.

Chair Rios asked Member Bienvenu if he wanted to amend his motion.

Member Bienvenu said he did not because the existing status is being maintained, it’s not being upgraded.

b. **2024-007918-HDRB. 125 Duran St. Westside** Guadalupe Historic District. Contributing. Ezequiel Tena, agent for Amelia Robinson, owner, requests primary façade designations. (Ramon Sarason)

BACKGROUND & SUMMARY:
125 Duran Street is a single-family residence listed contributing to the Westside-Guadalupe Historic District. It is a simple house: an adobe rectangle, topped with a hipped roof, with one corner cut out to serve as a porch. It holds about 945 square feet and includes two bedrooms, a bath, a living room, and a kitchen. Its stucco and roof are recent, but the windows are older, probably dating to the original approximately 1936 construction. It is purely vernacular without a hint of Santa Fe style.

STAFF RECOMMENDATION:
Staff recommends the historic status of the structure be maintained as contributing, per 14-5.2(C) Designation of Significant and Contributing Structures. Staff further recommends the west elevation (F1 on the façade diagram) be designated as primary.

APPLICANT PRESENTATION:
Amelia Robinson, 125 Duran Street, Santa Fe, was sworn. Ms. Duran said she agreed with staff's recommendation.

Member Bienvenu commented that Mr. Sarason had added F4, the south facade, as a recommended primary because of the roof line. He asked if it would make sense to have that facade only go to the eastern corner as a primary and not include that little pony wall where that encloses the patio because that's outside of the roof line.

Mr. Sarason said the reason he included that was because it dates to before 1958. He thought it was a significant enough feature that it added historical time context to its evolution over time. He said originally, he was following John Murphy's recommendation on the primary facades, however, upon further consideration he thought that façade, including the pony wall off the porch area does have structural integrity and/or historical integrity. Of the four facades the west facade and F4, the south façade, have the most visibility.

PUBLIC HEARING
John Eddy, previously sworn, said he supported staff's recommendation.

Stefanie Beninato, previously sworn, said she agrees with staff's recommendation.

RELEVANT CODE CITATIONS:

14-5.2(C) Regulation of Significant and Contributing Structures in the Historic Districts

(1) Purpose and Intent

It is intended that:

(a) Each structure to be recognized as a physical record of its time, place, and use. Changes that create a false sense of historical development, such as the addition of conjectural features or architectural elements from other buildings, shall not be undertaken;

(b) Changes to structures that have acquired historic significance in their own right shall be retained and preserved, recognizing that most structures change over time;

(c) Distinctive features, finishes, and construction techniques or examples of craftsmanship that characterize a structure be preserved; and

(d) New additions and related or adjacent new construction be undertaken in such a manner that if removed in the future, the original form and integrity of the historic property and its environment would be unimpaired.

14-12 Significant Structure:

A structure located in a historic district that is approximately fifty years old or older, and that embodies distinctive characteristics of a type, period or method of construction. For a structure to be designated as significant, it must retain a high level of historic integrity. A structure may be designated as significant:

(A) for its association with events or persons that are important on a local, regional, national or global level; or

(B) if it is listed on or is eligible to be listed on the State Register of Cultural Properties or the National Register of Historic Places.

14-12 Contributing Structure:

A structure, located in a historic district, approximately fifty years old or older that helps to establish and maintain the character of that historic district. Although a contributing structure is not unique in itself, it adds to the historic associations or historic architectural design qualities that are significant for a district. The contributing structure may have had minor alterations, but its integrity remains.

14-12 Primary Façade:

One or more principal faces or elevations of a building with features that define the character of the building's architecture.

14-12 Noncontributing Structure:

A structure, located in an H district, that is less than fifty years old or that does not exhibit sufficient historic integrity to establish and maintain the character of the H district.

14-5.2(E) Downtown and Eastside Design Standards

(1) Old Santa Fe Style

Old Santa Fe style, characterized by construction with adobe, is defined as including the so-called "pueblo" or "pueblo-Spanish" or "Spanish-Indian" and "territorial" styles and is more specifically described as follows:

(a) With rare exception, buildings are of one story, few have three stories, and the characteristic effect is that the buildings are long and low. Roofs are flat with a slight slope and surrounded on at least three sides by a firewall of the same color and material as the walls or of brick. Roofs are never carried out beyond the line of the walls except to cover an enclosed portal or porch formed by setting back a portion of the wall or to form an exterior portal, the outer edge of the roof being supported by wooden columns. Two-story construction is more common in the territorial than in other sub-styles, and is preferably accompanied by a balcony at the level of the floor of the second story. Façades are flat, varied by inset portales, exterior portales, projecting vigas or roof beams, canales or water-spouts, flanking buttresses and wooden lintels, architraves and cornices, which, as well as doors, are frequently carved and the carving may be picked

out with bright colors. Arches are almost never used except for nonfunctional arches, often slightly ogive, over gateways in freestanding walls;

(b) All exterior walls of a building are painted alike. The colors range from a light earth color to a dark earth color. The exception to this rule is the protected space under portales, or in church-derived designs, inset panels in a wall under the roof, in which case the roof overhangs the panel. These spaces may be painted white or a contrasting color, or have mural decorations;

(c) Solid wall space is always greater in any façade than window and door space combined. Single panes of glass larger than thirty (30) inches in any dimension are not permissible except as otherwise provided in this section;

(d) The rule as to flat roofs shall not be construed to prevent the construction of skylights or installation of air conditioning devices, or any other necessary roof structures, but such structures other than chimneys, flues, vents and aerials, shall be so placed as to be concealed by the firewall from the view of anyone standing in the street on which the building fronts;

(e) True old Santa Fe style buildings are made of adobe with mud plaster finish. Construction with masonry blocks, bricks, or other materials with which the adobe effect can be simulated is permissible; provided, that the exterior walls are not less than eight (8) inches thick and that geometrically straight façade lines are avoided. Mud plaster or hard plaster simulating adobe, laid on smoothly, is required; and

(2) Recent Santa Fe Style

Recent Santa Fe style intends to achieve harmony with historic buildings by retention of a similarity of materials, color, proportion, and general detail. The dominating effect is to be that of adobe construction, prescribed as follows:

(a) No building shall be over two stories in height in any façade unless the façade shall include projecting or recessed portales, setbacks or other design elements;

(b) The combined door and window area in any publicly visible façade shall not exceed forty percent of the total area of the façade except for doors or windows located under a portal. No door or window in a publicly visible façade shall be located nearer than three (3) feet from the corner of the façade;

(c) No cantilevers shall be permitted except over projecting vigas, beams, or wood corbels, or as part of the roof treatment described below;

(d) No less than eighty percent of the surface area of any publicly visible façade shall be adobe finish, or stucco simulating adobe finish. The balance of the publicly visible façade, except as above, may be of natural stone, wood, brick, tile, terra cotta, or other material, subject to approval as hereinafter provided for building permits;

(e) The publicly visible façade of any building and of any adjoining walls shall, except as otherwise provided, be of one color, which color shall simulate a light earth or dark earth color, matte or dull finish and of relatively smooth texture. Façade surfaces under portales may be of contrasting or complimentary colors. Windows, doors and portals on publicly visible portions of the building and walls shall be of one of the old Santa Fe styles; except that buildings with portals may have larger plate glass areas for windows under portals only. Deep window recesses are characteristic; and

(f) Flat roofs shall have not more than thirty (30) inches overhang.

The oldest part of the building reportedly dates to the 1890s, as recorded by personal communication on a 1996 HCPI of this property. The building is utilized as multiple residences. A separate two-room adobe located approximately 40 feet south (718.5 OSFT: H27981) is associated with 718 OSFT by shared driveway, and is not considered on this survey.

RE: HCPI update on 718 Old Santa Fe Trail

Dear Mr. Rasch,

Attached is the HCPI update for the above referenced building. Aerial photographs indicate that the building remained unchanged between 1912 and 1935. Major additions to the "l-shaped" planview represented on the King 1912 map and the 1935 US SCS aerial photograph occurred between 1935 and 1948, as indicated on the 1948 USGS aerial photograph. The building appears unchanged since the HCPI survey of 1996.

I do not believe that 718 Old Santa Fe Trail is contributing to the Historic district, or significant and potentially eligible for listing on the NRHP because of diminished architectural integrity caused by multiple (contributing and non-contributing) additions and alterations. Please contact me if you have any questions. Thank you.

Sincerely,

Tom

11. Brief Description of the Property: 718 Old Santa Fe Trail (OSFT) is a approximately 5,170 square feet as it stands today, and includes three porch additions (E, W, and N), at least four room additions (E, W, N), and associated roof and wall alterations. The oldest part of the building reportedly dates to the 1890s, as recorded by personal communication on a 1996 HCPI of this property. The earliest portion of the building (approximately 600 square feet on the South elevation of the present building) represents Spanish-Pueblo style, the East elevation (approximately 800 square feet), believed to have been added in the 1930s (NM HCPI 1996), represents Territorial style, and three porch additions are vernacular in style. The building is utilized as multiple residences. A separate two-room adobe located approximately 40 feet south (718.5 OSFT: H27981) is associated with 718 OSFT by shared driveway, and is not considered on this survey.

Architectural Description Continued

Overview

The daily commuter on Old Santa Fe Trail sees it on their left, as they descend the hill toward downtown — a long adobe building with turquoise-painted doors and window frames (Photo 2). Unlike the other older homes on the street, it sits on the edge of a small bluff, with its short side overlooking traffic. With its first piece likely built in the late 19th century, the long house — known as the Benigno and Inés Muñiz Home — is the largest and best-preserved building on the property. The property, involving four separate parcels, includes two smaller dwellings in poor condition and a frame shed.

Setting

The property is located on the west side of Old Santa Fe Trail, in an area once called Upper College. It sits above the street on a low mound (Photo 2). Unappealing concrete retaining walls sit at the bottom of the mound, cut into its slope in the 1970s to create a sidewalk. The property is accessed by a gravel driveway lined with rough concrete walls. Sadly, this driveway worked as a boundary in the 1990s-2000s, demarking different family members' claims to the property. It now has a more benign use, drawing automobiles to an informal parking area used by tenants renting apartments in the Main House.

Immediately to the south is a severely deteriorated dwelling (Casita #1), and beyond that, another dwelling (Casita #2), also in poor shape (Photo 3). East of these two dwellings is a flattened area that looks like it once worked as a garden (Photo 3). Historically, it contained an L-plan dwelling, the Higinio Lobato House, that was later acquired by the family and demolished in the 1940s. Moving westward, the land drops in elevation to an undeveloped area holding a wooden shed and populated with a few Siberian elms.

<u>Main House - Benigno and Inés Muñiz Home (Parcels 11814272 and 10857088)</u>

Made of adobe and built in a vernacular manner, the main house stretches some 95'. Now divided into three apartments, it has six distinct roof levels, indicating its accretive nature. Based on its position, wall thickness, and presence of an old window, this

growth probably started at the east end, a rectangular volume holding the formal front entry. By the time of the 1912 King's map, it had evolved into an L-shape, with a long stem attached to the front section (Fig. 2). To this, Muñiz added additional rooms across the north side of the stem, making it almost the same width as the front of the house. A 1935 aerial image suggests the add-ons occurred after that year (Fig. 3) The additions have viga ceilings and are at different floor heights than older parts of the house.[1] The older portion and its additions collectively Losa likely started as two rooms. It has been altered with new flooring and a lower, paneled ceiling. But the original thickness of the adobe walls (about 22") is discernable at windows and doorways.

South

The long, south elevation has the most character and is the most preserved part of the building (Photo 9). Here, one first comes to appreciate the home's accretive growth. The plain, flat façade is pierced with ten openings, holding an array of different types of windows and doors (Photo 10). These range from older wood sash windows to more recent glass doors. The doors give entry to the other two apartments.

The elevation begins at the east end with the abovementioned oldest section (Photo 9). A brick cornice with a header, sawtooth, stretcher, and header pattern runs along its roofline and the middle apartment, tying the two pieces together historically. The elevation ends with a taller volume without a brick cornice (Photos 11).

Near the center of the façade is the middle apartment (Photo 12). It contains a roughly 16' x 32' main room with an addition attached to the north. The addition holds a kitchen and bathroom at a different floor height than the older portion (Photo 13).[2] Attaching to this at the west is the last apartment, the former home of Rosina Muñiz Garcia, whose granddaughter now owns the entire property (Photo 14). The original 17' x 45' room has a different fenestration pattern, with a wider doorway and a set of wood casements instead of sash windows. Like the middle apartment, it has a viga roof extension at the north.

[1] From the front room, one steps up 9" to reach the bedroom and steps down 7" to enter the kitchen.
[2] This apartment has three different ceiling heights.

West

This side of the building has the least amount of fenestration, consisting of only a door at the addition the end apartment (Photo 16). The door, a more recent glass unit, is blocked by a sheet OSB at the exterior. The elevation is useful for understanding the north additions.

North

Facing the old Dorman/Witter Bynner property, the north elevation is the informal back side of the house (Photo 17). The stucco was left with a rough gray coat, and the overhangs and canals drain water from the roof into the side yard. Like the opposite side of the building, it has a range of windows and doors. Each apartment has a back door, where the family and tenants spent time in the shade in the summer. The windows are primarily small wood casements sitting behind screens (Photo 18).

The doors are typical ½-light, wood panel units (Photo 19). Near the west end, between the middle and end apartment, is a crudely built — and deteriorating — framed room (Photo 20). The roughly 10’ x 13’ space is remembered to have worked as storage. The elevation terminates at the east, presumably the oldest part of the building. It is set off from the rest of the façade by its color stucco coat and brick cornice (Photo 21).

Casita # 1 - Domitila and José Rivera House (Parcel 12183936)

Parallel to the main house is a smaller rectangular dwelling whose construction date is unknown, but likely in the 1930s (Fig. 4). The approximately 778-square-foot home appears to be of two parts. Its principal elevation, facing the driveway, has three entries (Photo 22 & 23). The entry at the east end holds a glass-and-wood door opening to the kitchen. The others contain more recent 15-light wood units (Photo 24). The east side has a set of 3-light wood casements in the kitchen; the west has three 6-light casements in the bedroom. Smaller windows penetrate the south elevation, looking onto Casita #2. This south elevation shows severe deterioration, with failing stucco — including a large section that has peeled away, exposing the adobes to moisture (Photo 25).

The small dwelling has four rooms: a kitchen, living room, bedroom, and bathroom. The kitchen has a low paneled ceiling and deteriorated linoleum flooring (Photo 26). Off the kitchen is a partially tiled bathroom.

Moving west, through a doorless passage, is the living room — a larger square room with its ceiling collapsed. The room has cracked plastered walls and built-in glass cabinets on its west wall (Photo 27). A failing roof has compromised the ceiling vigas, with at least two broken in half. Dirt and rainwater drain down into the room; vegetation hangs from the decking (Photo 28). The final space, the bedroom, is more intact but also has a failing roof. This has affected the flooring, rotting away floorboards and likely also the joists (Photo 29).

Historically, the house is associated with Benigno and Inés Muñiz's middle daughter, Domitila. Her parents deeded property south of the driveway to her after she married José Rivera. Rivera may have built the house on his own. It fell into its current state when heirs fought over the disposition of the property. The owners of the buildings south of the driveway stopped maintaining the structures and cut off water and electricity.

Casita #2 (Parcel 12183936)

Another small rectangular dwelling sits about 5' south of Casita #1. The building hunkers near the ground and has a few windows and a dirty, milky surface of deteriorating stucco (Photo 30). If there is a façade, it is the north elevation facing the other building. Looking onto the dark, alley-like area is a wood door and two small barn sash windows (Photo 31). The east side has no fenestration; the west has an entry holding a ½-light and wood panel door (Photo 32). Most of the windows are on the south side of the building (Photo 33). These comprise older 6-light wood casements in different configurations (Photo 34). The structure shows rough construction.

Its interior is even more compact than Casita #1, holding only a few rooms. These comprise a kitchen (Photo 35), a bathroom, and a bedroom (Photo 36). The walls are plastered, and the ceiling has a modern finish; floors are covered with linoleum tile. Trim is non-existent.

The origin of the dwelling is unknown. However, its front portion appears on a 1935 aerial (Fig. 3). It was in use until around 2006, when its last occupant, the current owner's uncle, left while the family was fighting over the disposition of the property.[3] Aerial imagery from the late 1950s shows that the building had reached its current footprint by that time (Fig. 8).

Tool Shed (Parcel 11814272)

Situated below Casita #1 is a crudely built wood tool shed. It is a rectangular, low-gabled room with a small shed-roof extension at the west (Photo 37). Both sections are sided with what appears to be recycled boards. They are cut at different lengths and tacked to the frame with standard machine nails. Both sections are entered through plank doors on the north façade. Windows appear to have been repurposed and are found on the north and south walls. The shed has a faded brown paint job, with the south side showing an older creosote coat (Photo 38). A building in this location, but with a different footprint, appears on the 1958 aerial. Family memory recalls that it was constructed more recently from pieces of a demolished chicken coop and other structures (Fig. 9).[4]

Historical Overview

Introduction

On the morning of June 6, 1945, Benigno Muñiz, the longtime editor of *El Nuevo Mexicano*, died in his home at the top of College Street. The editor, translator, band director, and Hispano community leader had been ill for two years and his death was expected. His body was removed that afternoon and driven to a funeral home on Washington Avenue. There, it was cleaned, dressed, and placed in a coffin. The next afternoon, Muñiz's body was brought back to his home. He lay in state for a week, likely in the front parlor overlooking the busy street. Eight days later, he was delivered to St. Francis Cathedral, where mourners attended a funeral mass.

The home on the hill that Muñiz intended for his three daughters to soon took a different course, as only one daughter remained after his death. Over the years, complications arose over the ownership and maintenance of the family homes. Only recently has all the property come back under the ownership of a direct descendent of Benigno.

The Newsman

Benigno Muñiz was born in 1872 in Cañoncito, a narrow passage along the Santa Fe Trail, where his father, Rudulfio Muñiz, was a farmer. Many years later, Santa Fe artist Jane Hathaway, writing for the *New Mexico Examiner*, described his birth colorfully: "[I]n the cold, gray dawn of Feb. 13, 1870 [sic], there was great excitement in an adobe farmhouse in Canoncito, N.M. As the sun came up over the Pecos Mountains, a lusty infant cry hit the viga ceiling. Little Benigno Muniz had just made an entrance on the stage of worldly affairs."[5]

The infant was christened eight days later at the Catholic church in Pecos with the name Benigno, a word originating in Latin to mean kind or friendly, and in, Spanish, "benign." His father, originally from Santa Fe, was born before American occupation, and assisted the new occupiers during the Indian Wars of the 1860s.[6] Rudulfio Muñiz mostly worked as a placer miner in the San Pedro Mountains south of Santa Fe. His wife, Jesusita Rivera de Muñiz, was also a Santa Fe native. The family moved to Santa Fe soon after Benigno's birth.

At eleven, Benigno became an altar boy at Santa Fe's great cathedral, under the direction of Archbishop Lamy, the French-born priest.[7] There, dressed in a purple frock, he helped light altar candles and performed other tasks. He also fell into mischief, chasing the geese and knocking apricots from the trees in the bishop's famous garden. After high school, Benigno began working for the New Mexican Printing Company — a company he would stick with for over 40 years. He was trained as a printer at its plant on West Palace Avenue. It was messy work.

Over time he would move through the ranks of printer apprenticeship. He became a representative of the Typographical Union, later serving as its chair.[8] On June 13, 1897, he married Inés (often Inez) Lujan, whom the *New Mexican* called "one of the prettiest young ladies of Santa Fe."[9] Their wedding took place at the cathedral. Less than a year later, they welcomed their first child; a boy, Rudolfo, who would die in 1904.[10] During this period, Benigno often worked as an interpreter in addition to his printing job.

The 1900 census finds the Benigno Muñiz family living on College Street, the earlier name of Old Santa Fe Trail.[11] Since no street addresses were provided, it is unclear where the home stood. His parents also lived on the road, but they occupied a separate dwelling.

The land that Benigno would acquire and establish as his family compound was deeded to the family in 1907 by the Seligman Brothers — pioneer Jewish mercantilists who also traded in land. The deed was made to Inés.[12] A chain of title report establishes the first transaction of the property occurred in 1873, with warranty deed from Ricardo Rivera to Adolfo (Adolph) Seligman.[13]

In 1897, the year William White's land ownership map was published, the future Muñiz property was held under a mortgage deed by Arthur Seligman. Arthur, then chair of the territorial Democratic Committee, would later become governor. The map shows the land, located between two acequias, as undeveloped (Fig. 1). To the south lay the Buena Vista Addition, a grid-iron subdivision laid out by White ten years earlier. The subdivision, with its absurdly narrow 25' x 125' urban lots, backed directly onto Benigno's future property, and included a street that was never developed (Fig. 2).

The first clear understanding of Benigno and Inez's home comes courtesy the King's map of 1912. The map shows a five-sided parcel (Lot No. 5), fronting College Street at the east, and terminating at a narrow point at the west, at what was to become Cross Street. This parcel does not match the measurements given in the 1907 deed between James L. Seligman and Inés Lujan de Muñiz, which describes a much larger property. But it is known that Muñiz traded and sold pieces of their land with Harry Howard Dorman, the Connecticut-born real estate agent. Dorman, who owned much property in the area, owned the piece immediately to the south, which later became Witter Bynner's home.[14]

The footprint of the building shown on the King's map is of interest. It depicts an elongated L-plan dwelling, that by its position and length would indicate the current house had reached its east-west distance by this time. Muñiz would take this basic footprint and expand upon the north side of the stem "L" with additional rooms.
The census of 1910 recorded Benigno, 36, and Inés, 32, living on College Street, likely in this home.[15] The household included two daughters: Adelina, 9, and Domitila, 5. A third daughter, Rosina, would be welcomed five years later. Benigno lost his mother the same year, and his father the next.

In the 1910s, Benigno moved beyond the printing apron to an editorial position, becoming the assistant editor of the *El Nuevo Mexicano*, the weekly Spanish-language edition of the *New Mexican*. Since its start in 1849, the *New Mexican* included a Spanish-language section.[16] With the paper becoming a daily in 1890, its publisher launched *El Nuevo Mexicano*. This paper and Las Vegas' *La Voz del Pueblo* were the most important Spanish-language newspapers in the state.[17] *El Nuevo Mexicano* was not simply a translation of the English-print news; it had its own focus and columns addressed specifically to the Hispanic community. Within a few years, Muñiz became the paper's chief editor, holding that position for nearly two decades.

Interrupting his new position was the breakout of the so-called Battle of Columbus — Pancho Villa's March 9, 1916, raid of the tiny border town in southern New Mexico. Muñiz belatedly joined Company E, the Spanish-speaking New Mexico National Guard unit, spending two months at Fort Furlong (today Pancho Villa State Park).[18] He missed the action, including General Pershing's "Punitive Expedition" into Mexico, but he would package his impressions of it eleven years later in an outlandish parade.

During 1920s Benigno emerged as a well-regarded citizen; a successful editor, who was able to move easily between Hispano and Anglo communities. In 1925, he was named to the board of directors of the newly formed Spanish Colonial Arts Society, being the only member with a Spanish surname.[19] He would oversee the annual Spanish Market. Newspaper accounts from the time show Benigno and Inés using the home on College Street to host social events announced in the *New Mexican*'s society column. These included club meetings and parties, and — as for Anglo events at the time — the attending guests were listed and the decoration of the home was discussed. But the list of attendees were mostly Hispanics, potentially indicating a formidable social divide.

The Entertainer

Benigno, now in his 50s, took on a new role as an entertainer. As a member of *La Union Protectiva*, he organized parades and displays for the annual Santa Fe Fiesta. In 1928 this included what was perhaps his most outré performance: a recreation of the Pancho Villa raid involving 350 actors, including women of the *La Union* auxiliary, dressed as soldiers, marching prisoners to execution.[20] Benigno had a flair for theatrics, and took on many roles, including women.

In 1931, the editor became a bandleader — or really a band director, as he had no musical background. He organized Los Villeros Alegres (The Happy Villagers), an *orquesta tipica* playing popular Mexican songs – and songs of the old Spanish

hinterland. Dressed in showy costumes with "bright designs suited to the Spanish heritage of the city,"[21]they wore large, shade-casting sombreros (Fig. 6).

The band entertained at private parties and civic events, and once on the roof of La Fonda. They balanced between being a dance band, playing for Anglos, an exoticized form of Mexican music – the same as being portrayed in Hollywood films at the time – while at the time serving as local folk musicologists.

Composed of 14 local musicians, they were likely the first to bring New Mexican colonial music to the dance floor. Along with playing Mexican songs, members had unearthed and arranged music of the New Mexican colonial era. The repertoire included "La Lirio," a musical composition found in one of the band member's family papers.[22] With several singers, including Benigno's youngest daughter, Rosina, the Villeros emerged as Santa Fe's most popular bands, and played as far away as St. Louis, Missouri.

Benigno's star continued to glow through the 1930s (Fig. 7). He remained at the helm of the Spanish newspaper, and continued ride the Spanish social scene. He was, at different times, chair of La Union Protectiva and the head of the Fiesta council. In 1936, he experienced one of the city's highest honors, carrying *La Conqjuistadora* during the annual Fiesta procession.

In 1939, at age 67, Benigno Muñiz retired from the newspaper company. Six years later, he died in his home.

Three Daughters: Adelina, Domitila, Rosina

After Benigno's death, the family lost its leader, and the property evolved into a rental. His widow, Ines, continued to live at the front of the house, but the family began to splinter.

All three daughters, at one time, had moved to California. It started with Adelina, the oldest, who left in the 1920s for Los Angeles. Showing early talent as an actress, she had

hoped, as family memory holds it, to pursue acting in Hollywood. She never found it, dying in obscurity and nearly homeless in 1990.[23]

The youngest daughter, Rosina, was the last to leave for California. Born in 1915, she showed musical and dancing talent, performing in her father's band and on her own. In the 1930s, she became the "Fire Dancer" in the annual Zozobra burning. The Loretto Academy graduate was married in 1936 to Francisco (Frank) Uriol Garcia, a bookkeeper for the county treasurer's office. The couple initially lived on the family property, taking up the back portion of the house. This space was formally deeded to Rosina and her husband in 1937. They later moved to San Pedro, California, and would never return, aside from visits.[24]

The middle daughter, Domitila (sometimes Domitilia; commonly Tillie), who also had also spent time in California, would stay on the property for almost another 40 years. Born in 1905, she married José Rivera (commonly and legally known as Joe) in 1927.[25] That year, Benigno and Inés gave the couple land south of their house to build a home in. This property may have included the former Candido Montoya house — a two-room structure mentioned in the 1907 deed between Seligman and Muñiz.

Dividing the properties was an informal 12'-wide driveway giving access to College Street. This driveway would later become a contested demarcation between different family claims to the property.

Becoming Apartments

Even before Benigno's death in 1945, the property had been divided into different units. Land, as mentioned previously, had been deeded to his daughters and a room was rented in the Muñiz home.

The 1940 census revealed this trend, listing five separate households at 718 College Street.[26]They included Benigno and Inés and their granddaughters, Lucile and Consuela; Frank and Rosina Garcia and their child, Julian; and Joe and Tillie Rivera. The address also included the households of John and Betty Montoya, and Felix and Hazel Knapp. In total, 18 people were living on the property before the war. Part of this number may have included a dwelling shown on the King's map owned by Higinio Lobato (Fig. 2). A 1936 deed shows that Tillie Rivera acquired this property.[27] But as evidenced by an aerial, the house had already been removed by 1948.

After Frank and Rosina left for California in 1948, use of the property as apartments intensified. Several rooms in the main house were converted into separate units. This is captured in city directories of the late 1950s, which began to identify the property as "apartments," numbered 1 through 5. The last, Number 5, was the home of Joe and Tillie. Newspaper ads show that the apartments ranged from two- to five-bedrooms. The other four apartments were rented to individuals and families with no apparent relation to the Muñiz or Rivera families.

In 1958, Don Sandoval, a dockworker at Foremost Dairy and his wife Polly, lived in Apartment 1; Eugene Fine, an employee at Payne's Nursery lived in Apartment 2; Grady Powell, a millworker at Hansen's Lumber, and his wife, Blanche, lived in Apartment 3; and Eddie Sosaya, a plumber, and his wife, Lucy, lived in Apartment 4.[28] This arrangement of the four apartments and the separate Rivera-Muñiz home lasted for another 30 years.

The Divide

Inés, who outlived her husband by 40 years, died on the property on December 19, 1975 at age 96. Years earlier, she had moved with her daughter and son-in-law into the house

on the south side of the driveway, Casita #1. The daughter, Domitila, died less than ten years later in 1984, with her husband José passing away the following year.

Joe and Tillie's wills would complicate matters. As they had no children, they crafted mirror wills, in which everything fell to the other upon the death of one.[29] In both cases, they named specific heirs and other beneficiaries, but the wills ended with the phrase, "the rest I leave to my nieces and nephews."[30] The couple also identified tracts of land the property that had not been deeded to them. These two factors would later cause much division in the family.

Upon José Rivera's death, Julien F. Garcia became the personal representative for the estate and executor of the will. Son of Rosina M. Garcia, he lived in San Pedro, California and had a drinking problem according to family memory. Garcia mismanaged the estate and left bills and taxes unpaid.[31]

Concerned about this state of affairs, in 1988, Paula C. Garcia — daughter of Rosina Garcia, and Julien's sister — relocated from California. She moved with her daughter, Emily, to the family home on College Street and managed the property.[32] They took the apartment (Rosina's old home) at the west end of the main house, along with Paula's new husband Richard D. Jones. For nearly ten years, Paula and her husband collected rent, paid property taxes, and maintained all the buildings.

With the death of Jones in 1998, it became increasingly difficult for Paula to manage the rentals, and she left the property three years later. She continued to rent her unit and her mother's former home. In the meantime, her brother, Julien, who had become nearly destitute in California, moved into the southernmost unit, Casita #2.[33]

In 2003, it had become too financially difficult to manage the property and take care of her aging brother. Paula decided to sell the property. She entered into a purchase

agreement with a limited partnership headed by a local attorney. The attorney advised Garcia Jones to approach the beneficiaries with a quitclaim suit, covering the entire property — all five parcels. The strategy was to establish a quiet title through adverse possession. While some beneficiaries responded with quit claims, others took it as hostile, hiring attorneys to file counter claims.[34]

A court case in 2005 resolved the deeds, establishing that Garcia Jones had full title to Parcels 3 and 4. Parcel 5, holding the two casitas, remained in the estate of José Rivera. It also ruled that Paula had not established adverse possession.[35] After the court case, the estate representative of Parcel 5 took the casitas out of rental use, and stopped paying taxes on the property.[36] With no tenant or maintenance, the units moved into a period of deterioration.

For nearly two decades, Paula Garcia Jones, who worked at Kaune's and Whole Foods, attempted to bring the south property back into Muñiz ownership. Eventually, in 2018, the Rivera estate agreed to a price, starting a long process of signing over deeds and paying back taxes and delinquent water and utility bills. But Garcia Jones, who died in 2022, would never see her hard-won efforts come to completion.

After her death, her sole survivor, daughter Emily Waits Rivera, had to finish the work. And only recently (December 5, 2023), have the five parcels, including the one holding the casitas, been officially reunited with the full ownership of a direct Muñiz descendant: Benigno and Inez's great granddaughter: Emily Waits Rivera (Fig. 10).

Evaluation of Historical Status

Main House - Benigno and Inés Muñiz Home

While typically arranged parallel to the street edge, the linear, contiguous adobe home was a common building type used during the late colonial through early territorial periods. Following the older definition of tenement houses, they were built accretively with separate rooms to be occupied by different family members. They were common in a rowhouse configuration in urban areas, including once densely populated downtown Santa Fe, as well as Tucson and Los Angeles. They were the basic building fabric of the Hispanic barrio and well-represented in early Santa Fe Sanborn maps. With pressures to modernize, the house type, often equated with poverty, was removed. Only a few non-altered examples survive in Santa Fe. The Muñiz house, however, is not a pure example of the form, as its one-room wide plan was modified in the 20th century to include additions across its north elevation.

The house is currently designated at a Significant level. It is unclear when or why the designation was made, other the original 1984 survey stated “pre-1912.”
Given its alterations, it seems more appropriate to be statused at the Contributing level, with the south elevation recommended as the primary façade (Fig. 11). This elevation has the best preservation and is the side of the building that most effectively communicates its historical, accretive growth before the 1930s. The primary façade recommendation would exclude newer, non-historic doors and windows and historic windows that are beyond practical repair.

Casita #1 – Domitila and José Rivera House

While meeting the 50-year rule, with its present footprint visible on a 1958 aerial, the house’s current condition represents substandard housing and is approaching a threat to health and human safety. This is no fault of the current owner but an unfortunate circumstance from when the property was contested and the house sat unmaintained for nearly 20 years. The building is recommended for Non-contributing status due to its poor condition.

Casita #2

Like the main house, this small unimpressive dwelling has been given Significant status. It is unclear why it received this designation, and survey or HDRB case exists to support it.[37] The recommendation is to downgrade to Contributing. While there is no discernible "primary" façade, its north elevation best communicates its modest design and historical use.

Tool Shed

It is understood from family history that this wood ancillary building was cobbled together from demolished structures on the property. Given this, the recommendation is Noncontributing.

Re: Request for approval of appointment of Children and Youth Commissioner

The Children and Youth Commission was established to assess the needs of the children and youth within the city of Santa Fe; identify and recommend to the governing body legislation, policies, and programs that promote the healthy development of young people; determine priorities for program development; advocate in the community on behalf of children and youth; and plan short- and long-range improvements for young people by applying a results-based framework, from birth through the age of 21.

The Commission receives three percent (3%) of the gross receipts tax and administers funding to local nonprofits on a three cycle at approximately $1.2 million annually. The Commission works in partnership with the City liaison and the Youth and Family Services Division to provide advice on ways to effectively plan, coordinate, and support child and youth efforts in the Santa Fe community and present a plan to the governing body for approval.

The commission consists of a minimum of 7 residents of Santa Fe County appointed by the Mayor and approved by the Governing Body. As longstanding leaders and advocates for youth in the community, Mrs. Delgado and Mr. Lindahl will bring tremendous experience and a unique perspective to the Children and Youth Commission's efforts to affect overall health, safety and quality of life for all children and youth ages 0-21 in Santa Fe.

The Children and Youth Commission would like to formally submit a recommendation for the reappointment of Co-Chair Chanelle Delgado and Richard Lindahl to the Children and Youth Commission.

Re: Request for approval of appointment of Children and Youth Commissioner

The Children and Youth Commission was established to assess the needs of the children and youth within the city of Santa Fe; identify and recommend to the governing body legislation, policies, and programs that promote the healthy development of young people; determine priorities for program development; advocate in the community on behalf of children and youth; and plan short- and long-range improvements for young people by applying a results-based framework, from birth through the age of 21.

The Children and Youth Commission also oversees the Children, Youth and Families Department (CYFD) Alternatives to Detention grant funding. Pursuant to Section 9-2A-14.1 NMSA 1978, at least one appointee must represent each of the following entities: children's court, district attorney's office, public defender's office, public schools, and local law enforcement. Having at least one member from each of these agencies allows eligibility for funds from the state of New Mexico Children, Youth, and Families Department.

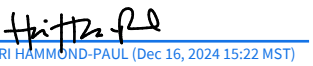

The Commission receives three percent (3%) of the gross receipts tax and administers funding to local nonprofits on a two-year cycle at approximately $1.2 million annually. The Commission works in partnership with the City liaison and the Youth and Family Services Division to provide advice on ways to effectively plan, coordinate, and support child and youth efforts in the Santa Fe community and present a plan to the governing body for approval.

The commission consists of a minimum of 7 residents of Santa Fe County appointed by the Mayor and approved by the Governing Body. As longstanding leaders in the criminal justice and law enforcement sectors, Ms. Conklin and Ms. Silva will bring rich insight and highly relevant experience to the Children and Youth Commission’s efforts focused on youth at risk for arrest.

The Children and Youth Commission would like to formally submit a recommendation for the appointment of Sergeant Dianna Conklin and Danielle Silva per the CYFD guidelines in Sec. 9-2A-14.1 NMSA 1978 to the Children and Youth Commission.

Resume for Richard Lindahl December 12, 2024

I have worked in many capacities for the State of New Mexico, including the Children, Youth and Families Department in the Juvenile Justice Division, the Corrections Department, Governor's Office of Criminal Justice Planning, and the Legislature. For many years I have worked during the Legislative Session as a Committee Bill Analyst, analyzing legislation and organizing the Committee's activities, and answering questions from the public about the activities of the Committee. I have extensive experience as a part-time Hearing Officer for the State, and am a certified mediator.

For several years I have served on the Children and Youth Commission for the City, and would like to continue, for I bring a needed juvenile justice voice to the Commission. I have also provided staff support for several Legislative Committees, for state criminal justice committees appointed by previous Governors, and have extensive managerial experience, having supervised many large bureaus in state government. In addition, I have extensive grant-writing experience, and have also served on many committees evaluating grant proposals.

I am a management consultant, helping community organizations, state agencies and local governments to work together collaboratively to improve juvenile justice operations, and am experienced at providing on-site training and technical assistance to many cities and counties throughout New Mexico, and have trained in several other states juvenile justice topics. Through my consulting work with other cities and counties, I know what programs and services for youth are being offered throughout the state, and which ones are the most helpful to today's youth.

Education: Masters in Business Administration from the University of New Mexico, and a Juris Doctor from the University of Minnesota.

Other interests/activities: I have volunteered at the Interfaith Community Shelter at Pete's Place for many years in a variety of capacities, working with the residents who are homeless, and have also served on the Board of Directors for the Shelter, serving as Chair of the Finance Committee. I am a member of the Santa Fe Centro Rotary Club and a member of the First Presbyterian Church in downtown Santa Fe.

What are your principal areas of interest in City Government?

My primary interest in city government is to enhance the quality of life in New Mexico by incorporating a youth perspective on existential issues that pose a daily risk to Santa Fe. I aim to bring about a change that will counter the lack of youth voice in government bills, laws, and overall legislation, thereby creating a viewpoint that is unique to the youth population. My main area of interest within the city government in political ideas is respectively those associated with climate activism, closing the knowledge gap in New Mexico education, and discussing proposals of state security that ensure our health and wellbeing as residents of New Mexico.

What experience or special knowledge can you bring to your area(s) of interest?

I am the president of the Santa Fe High School Youth and Government delegation, where we write bills and critique already standing laws in New Mexico to better the population as a whole. This program allowed me to understand the actual format of bills and laws and how they must be written in precision to best the legislature, leaving me with extensive knowledge on subjects involving technicalities in legislative writing. I have also always been vested within the education of New Mexico after SBG grading systems have been placed in Santa Fe Public Schools, and I continue to stand on climate issues specified in New Mexico. I have extensive knowledge in the area regarding medical and health related issues when the climate isn't taken seriously through multiple national medical conferences and research theses I've been a part of.
